

1
00:00:23,810 --> 00:00:20,220
welcome to shattered reality with their

2
00:00:26,790 --> 00:00:23,820
hosts kate valentine and Farrugia

3
00:00:31,829 --> 00:00:26,800
prepare to have your paradigms shifted

4
00:00:37,260 --> 00:00:31,839
into truths questioned and now shattered

5
00:00:39,680 --> 00:00:37,270
reality hey there Kate how are you today

6
00:00:44,220 --> 00:00:39,690
I'm pretty good very good actually

7
00:00:45,990 --> 00:00:44,230
purusha and I know for our listeners

8
00:00:48,810 --> 00:00:46,000
they just should know it's been a really

9
00:00:51,709 --> 00:00:48,820
sort of an unusual weather afternoon oh

10
00:00:55,970 --> 00:00:51,719
yes here in the new york new jersey area

11
00:00:59,790 --> 00:00:55,980
we are having a lot of rain

12
00:01:01,919 --> 00:00:59,800
intermittently wins it's really kind of

13
00:01:05,130 --> 00:01:01,929

screwing up traffic which affects all of

14

00:01:06,960 --> 00:01:05,140

us coming here to do shattered reality

15

00:01:10,410 --> 00:01:06,970

yeah how are how is the weather by you

16

00:01:13,050 --> 00:01:10,420

Alex you know I don't want to brag but

17

00:01:15,420 --> 00:01:13,060

we're in San Diego it's always beautiful

18

00:01:17,190 --> 00:01:15,430

and it's beautiful today it's especially

19

00:01:20,460 --> 00:01:17,200

beautiful today but I grew up in Chicago

20

00:01:23,069 --> 00:01:20,470

so I ok ok through my share of bad

21

00:01:29,630 --> 00:01:23,079

weather so I deserve this well this is

22

00:01:34,980 --> 00:01:29,640

our podcast number 14 we started out in

23

00:01:38,819 --> 00:01:34,990

November of 2014 and and now this is the

24

00:01:41,370 --> 00:01:38,829

14th show that we've done and we are

25

00:01:46,590 --> 00:01:41,380

really really really pleased to welcome

26
00:01:53,399 --> 00:01:46,600
a veteran of podcasting mr. Alex Icarus

27
00:01:56,760 --> 00:01:53,409
and his wonderful podcast is skeptic oh

28
00:02:03,179 --> 00:01:56,770
and i highly recommend it highly highly

29
00:02:08,370 --> 00:02:03,189
recommended he has done 279 podcasts

30
00:02:13,949 --> 00:02:08,380
since 2007 and i have to tell him he has

31
00:02:17,160 --> 00:02:13,959
done a lot of heavy lifting for us yes

32
00:02:18,370 --> 00:02:17,170
indeed because he has done something

33
00:02:20,860 --> 00:02:18,380
that I don't

34
00:02:24,160 --> 00:02:20,870
that I can do myself maybe I'd surprise

35
00:02:27,090 --> 00:02:24,170
myself one day but fighting that the

36
00:02:32,620 --> 00:02:27,100
bunkers fighting the debunkers on a

37
00:02:36,280 --> 00:02:32,630
number of areas he has really come to

38
00:02:42,670 --> 00:02:36,290

the aid of many people in consciousness

39

00:02:45,460 --> 00:02:42,680

research specifically but beyond that he

40

00:02:48,520 --> 00:02:45,470

has defended a lot of people even

41

00:02:52,030 --> 00:02:48,530

against the being blackballed by the TED

42

00:02:53,620 --> 00:02:52,040

talks and I want to mention here Alex I

43

00:02:56,650 --> 00:02:53,630

should let you get a word in edgewise

44

00:02:59,620 --> 00:02:56,660

but just in regards to that please

45

00:03:01,840 --> 00:02:59,630

include Russell Targ my dear friend

46

00:03:04,210 --> 00:03:01,850

Russell Targ that one of the founders of

47

00:03:08,170 --> 00:03:04,220

remote viewing who has also been

48

00:03:09,910 --> 00:03:08,180

blackballed by ted talks you know I've

49

00:03:11,470 --> 00:03:09,920

just made a little note to do that

50

00:03:14,320 --> 00:03:11,480

Farrugia thank you very much for that

51
00:03:17,200 --> 00:03:14,330
nice introduction and we should be clear

52
00:03:19,720 --> 00:03:17,210
you know I'm not defending anyone or I

53
00:03:21,940 --> 00:03:19,730
mean I'm just following my nose and

54
00:03:24,070 --> 00:03:21,950
doing what's obvious and I think what

55
00:03:26,860 --> 00:03:24,080
you're alluding to is quite true if

56
00:03:28,540 --> 00:03:26,870
someone's just fair-minded and looks at

57
00:03:30,580 --> 00:03:28,550
these cases that were bringing delight

58
00:03:31,990 --> 00:03:30,590
it's not a matter of taking one side or

59
00:03:35,110 --> 00:03:32,000
another it's just taking the sight of

60
00:03:39,250 --> 00:03:35,120
honesty and truth so Russell Targ is a

61
00:03:40,900 --> 00:03:39,260
fabulous researcher brilliant mind I've

62
00:03:43,810 --> 00:03:40,910
interviewed interview him a long time

63
00:03:45,760 --> 00:03:43,820

ago on skeptic oh and his words have

64

00:03:47,740 --> 00:03:45,770

stuck with me for a lot for a long time

65

00:03:49,330 --> 00:03:47,750

he's written some excellent books and

66

00:03:50,680 --> 00:03:49,340

has been way out ahead of the curve a

67

00:03:52,990 --> 00:03:50,690

lot of times on a lot of these issues so

68

00:03:56,710 --> 00:03:53,000

thanks for bringing that up and yet

69

00:03:59,800 --> 00:03:56,720

another another black mark against our

70

00:04:02,490 --> 00:03:59,810

friends at Ted and their ideas worth

71

00:04:05,410 --> 00:04:02,500

sharing and protecting and censoring

72

00:04:07,540 --> 00:04:05,420

yeah the censoring is a little bit much

73

00:04:09,940 --> 00:04:07,550

if you can't show any edge science

74

00:04:14,470 --> 00:04:09,950

what's the point of repeating the same

75

00:04:17,140 --> 00:04:14,480

old stuff and and speaking of russell i

76
00:04:20,979 --> 00:04:17,150
am going to be seeing him this weekend

77
00:04:22,630 --> 00:04:20,989
in New Orleans I hope when I am at the

78
00:04:26,469 --> 00:04:22,640
International of remote viewers

79
00:04:29,050 --> 00:04:26,479
Association convention come symposium

80
00:04:32,239 --> 00:04:29,060
whatever and he is there going to be

81
00:04:33,739 --> 00:04:32,249
presenting his movie which the title

82
00:04:36,439 --> 00:04:33,749
love which remains unknown to me

83
00:04:39,799 --> 00:04:36,449
presently but he's presenting the movie

84
00:04:43,429 --> 00:04:39,809
which is his rebuttal to the TED Talks

85
00:04:44,599 --> 00:04:43,439
debacle great well thanks for bringing

86
00:04:46,399 --> 00:04:44,609
that to my attention I just made another

87
00:04:48,649 --> 00:04:46,409
note i'm going to check that it may be a

88
00:04:52,999 --> 00:04:48,659

big good time for me to follow up with

89

00:04:55,609 --> 00:04:53,009

dr Targ and and get him on get him on

90

00:04:57,379 --> 00:04:55,619

get him on skeptic oh yeah you know what

91

00:05:00,259 --> 00:04:57,389

now that I mention it you know i have

92

00:05:01,969 --> 00:05:00,269

not had him on skeptical so i have to

93

00:05:04,309 --> 00:05:01,979

double check myself you know i was

94

00:05:06,350 --> 00:05:04,319

thinking of charles tart charles is a

95

00:05:08,449 --> 00:05:06,360

wonderful fellow too wonderful guy too

96

00:05:10,489 --> 00:05:08,459

but I just got the two confused in my

97

00:05:13,519 --> 00:05:10,499

mind but of course Russell Targ from

98

00:05:16,100 --> 00:05:13,529

Stanford Research Institute who has just

99

00:05:19,009 --> 00:05:16,110

just did amazing work with the Stargate

100

00:05:20,689 --> 00:05:19,019

project and you know their history is

101
00:05:22,579 --> 00:05:20,699
really interesting right I don't know if

102
00:05:24,769 --> 00:05:22,589
you've covered him on the show but there

103
00:05:26,899 --> 00:05:24,779
were a couple of guys who are just you

104
00:05:28,669 --> 00:05:26,909
know Targ has this amazing scientific

105
00:05:32,119 --> 00:05:28,679
background before he ever gets involved

106
00:05:34,789 --> 00:05:32,129
in this crazy remote viewing suddenly

107
00:05:35,959 --> 00:05:34,799
absolutely world-renowned in his field i

108
00:05:39,949 --> 00:05:35,969
forget what his field you remember what

109
00:05:42,739 --> 00:05:39,959
is I know all about his background he

110
00:05:44,689 --> 00:05:42,749
comes from the same area of the village

111
00:05:47,359 --> 00:05:44,699
where I have lived for a number of years

112
00:05:51,199 --> 00:05:47,369
in the East sort of central east village

113
00:05:53,419 --> 00:05:51,209

and his background one of the things

114

00:05:56,409 --> 00:05:53,429

that he did before he got involved with

115

00:06:00,699 --> 00:05:56,419

remote viewing is he got involved with

116

00:06:06,259 --> 00:06:00,709

airplanes and he had a way to improve

117

00:06:08,539 --> 00:06:06,269

the the sensing systems on on airplanes

118

00:06:11,929 --> 00:06:08,549

that would have prevented many crashes

119

00:06:14,629 --> 00:06:11,939

from happening but the airlines don't

120

00:06:18,319 --> 00:06:14,639

want to spend the money on instituting

121

00:06:20,059 --> 00:06:18,329

his very reasonable system of preventing

122

00:06:22,129 --> 00:06:20,069

certain crashes and that's something to

123

00:06:27,049 --> 00:06:22,139

look up and you know he really needs to

124

00:06:29,719 --> 00:06:27,059

be lauded in his efforts absolutely yeah

125

00:06:32,869 --> 00:06:29,729

like real but in guy that research was

126

00:06:36,079 --> 00:06:32,879

amazing wasn't it I mean I did do a

127

00:06:37,759 --> 00:06:36,089

couple of shows about that stanford

128

00:06:39,889 --> 00:06:37,769

research institute that they bet did

129

00:06:43,009 --> 00:06:39,899

back in the sixties remember with Uri

130

00:06:44,220 --> 00:06:43,019

Geller and then they also did with Joe

131

00:06:47,760 --> 00:06:44,230

mechanical

132

00:06:50,280 --> 00:06:47,770

yo mcmonagle is a is also a kind of a

133

00:06:51,960 --> 00:06:50,290

friend of mine he's with the monroe

134

00:06:54,150 --> 00:06:51,970

institute where i'm a member of the

135

00:06:56,340 --> 00:06:54,160

Professional Division and we've had a

136

00:06:58,530 --> 00:06:56,350

lot of interesting conversations Joe

137

00:07:01,010 --> 00:06:58,540

mcmonagle and I and his wife scooter who

138

00:07:03,420 --> 00:07:01,020

is a wonderful astrologer as well as the

139

00:07:05,790 --> 00:07:03,430

director of the monroe institute and

140

00:07:07,890 --> 00:07:05,800

you've had joe on which kudos to you for

141

00:07:10,920 --> 00:07:07,900

that well you know what i thought was

142

00:07:13,200 --> 00:07:10,930

just amazing about Joe's story just to

143

00:07:17,040 --> 00:07:13,210

recap for anyone who hasn't heard it you

144

00:07:21,240 --> 00:07:17,050

know so Joe mechanical psychic spy

145

00:07:22,620 --> 00:07:21,250

number one and his he I don't know you

146

00:07:25,740 --> 00:07:22,630

probably know this from talking to him

147

00:07:28,020 --> 00:07:25,750

but he actually got into this by having

148

00:07:30,810 --> 00:07:28,030

a near-death experience absolutely I

149

00:07:33,080 --> 00:07:30,820

mean he was a spy if I can retell the

150

00:07:35,550 --> 00:07:33,090

story without messing it up off a memory

151
00:07:38,640 --> 00:07:35,560
he's working on the East Germany West

152
00:07:40,560 --> 00:07:38,650
Germany border and he's a spy a real spy

153
00:07:43,170 --> 00:07:40,570
like is he in the movies and he's at

154
00:07:45,270 --> 00:07:43,180
this restaurant in all of a sudden right

155
00:07:47,850 --> 00:07:45,280
on the border and all of a sudden he

156
00:07:49,680 --> 00:07:47,860
starts choking really bad he doesn't

157
00:07:52,760 --> 00:07:49,690
know what's going on he stumbles to his

158
00:07:56,280 --> 00:07:52,770
feet stumbles outside the door and dies

159
00:07:58,590 --> 00:07:56,290
yes and they pick him up they call

160
00:08:00,330 --> 00:07:58,600
military security that get him there

161
00:08:02,340 --> 00:08:00,340
they're racing him to a hospital and

162
00:08:04,350 --> 00:08:02,350
meanwhile he's having a full-blown

163
00:08:05,970 --> 00:08:04,360

near-death experience he's outside of

164

00:08:08,640 --> 00:08:05,980

his body he's looking down at the

165

00:08:10,920 --> 00:08:08,650

ambulance classic near-death experience

166

00:08:13,410 --> 00:08:10,930

they're resuscitating than all this so

167

00:08:16,230 --> 00:08:13,420

as an aside one thing he later finds out

168

00:08:19,470 --> 00:08:16,240

or at least strongly suspects is that he

169

00:08:21,480 --> 00:08:19,480

was poisoned by the East Germans this is

170

00:08:23,610 --> 00:08:21,490

an attempt to get him but it's really

171

00:08:24,650 --> 00:08:23,620

this intriguing story but he goes

172

00:08:27,960 --> 00:08:24,660

through and he has this amazing

173

00:08:30,810 --> 00:08:27,970

near-death experience he recovers and is

174

00:08:32,310 --> 00:08:30,820

immediately surrounded by military

175

00:08:35,159 --> 00:08:32,320

intelligence officers who want to

176

00:08:37,380 --> 00:08:35,169

debrief him and he says hey Manny know

177

00:08:39,900 --> 00:08:37,390

this I was outside of my body what's

178

00:08:42,000 --> 00:08:39,910

going on data so they interrogate him

179

00:08:43,770 --> 00:08:42,010

like endlessly they don't know what's

180

00:08:45,510 --> 00:08:43,780

going on but you know they have an

181

00:08:47,130 --> 00:08:45,520

interest now they don't know what's

182

00:08:49,380 --> 00:08:47,140

going on this is all it becomes an

183

00:08:52,320 --> 00:08:49,390

intelligence matter but what I found

184

00:08:55,140 --> 00:08:52,330

fascinating Persian and is the part of

185

00:08:57,990 --> 00:08:55,150

the story when later in his career much

186

00:09:00,510 --> 00:08:58,000

later in his career he shall

187

00:09:01,860 --> 00:09:00,520

up in front of Russell Targ at Stanford

188

00:09:05,010 --> 00:09:01,870

Research Institute and they're going to

189

00:09:08,070 --> 00:09:05,020

do this remote viewing spying program

190

00:09:10,860 --> 00:09:08,080

and he's been selected to do it and his

191

00:09:15,020 --> 00:09:10,870

file is sealed with this like red top

192

00:09:19,290 --> 00:09:15,030

secret tape and when Targ cracks it open

193

00:09:22,500 --> 00:09:19,300

inside is a copy of Raymond bood Raymond

194

00:09:25,530 --> 00:09:22,510

Moody's famous book on near-death

195

00:09:28,980 --> 00:09:25,540

experience so it just it goes to show

196

00:09:31,830 --> 00:09:28,990

you two things one is that this extended

197

00:09:34,800 --> 00:09:31,840

consciousness both near-death experience

198

00:09:36,510 --> 00:09:34,810

and remote viewing is connected a number

199

00:09:38,340 --> 00:09:36,520

to the government is known it all along

200

00:09:40,860 --> 00:09:38,350

they've understood the connection

201
00:09:42,540 --> 00:09:40,870
they've seen it it really makes you

202
00:09:45,750 --> 00:09:42,550
wonder back circling back to your

203
00:09:48,060 --> 00:09:45,760
original point you know how much they

204
00:09:51,210 --> 00:09:48,070
are really trying to rig the game and

205
00:09:55,350 --> 00:09:51,220
influence things when you see this you

206
00:09:57,210 --> 00:09:55,360
know public science stat a position

207
00:09:58,850 --> 00:09:57,220
statement that's being taken all that's

208
00:10:01,260 --> 00:09:58,860
ridiculous that can't ever happen

209
00:10:03,060 --> 00:10:01,270
baloney they know it they've always

210
00:10:05,870 --> 00:10:03,070
known about they've known about it for a

211
00:10:08,610 --> 00:10:05,880
lot longer than these so-called

212
00:10:10,770 --> 00:10:08,620
cutting-edge consciousness researchers

213
00:10:12,510 --> 00:10:10,780

have they're on top of it and it's

214

00:10:15,480 --> 00:10:12,520

happened yes well I have a couple of

215

00:10:19,170 --> 00:10:15,490

things to say to that I'm I ninety-five

216

00:10:23,010 --> 00:10:19,180

percent agree with you um what I would

217

00:10:25,920 --> 00:10:23,020

say to that is number one yes many of

218

00:10:28,350 --> 00:10:25,930

those people know about it and my first

219

00:10:29,760 --> 00:10:28,360

remote viewing teacher mr. David

220

00:10:31,680 --> 00:10:29,770

Morehouse I haven't seen him in a long

221

00:10:34,680 --> 00:10:31,690

time but he was the first person i

222

00:10:37,860 --> 00:10:34,690

studied remote viewing with he was also

223

00:10:40,470 --> 00:10:37,870

a sort of battle casualty in the near

224

00:10:43,020 --> 00:10:40,480

east where he had a you know an injury

225

00:10:44,450 --> 00:10:43,030

he had some kind of a blast and also my

226

00:10:47,000 --> 00:10:44,460

memory has to serve me correctly

227

00:10:50,480 --> 00:10:47,010

somewhat sort of a blast during

228

00:10:54,030 --> 00:10:50,490

maneuvers in the Arabian Peninsula

229

00:10:56,700 --> 00:10:54,040

somewhere and he saw you know these

230

00:10:58,770 --> 00:10:56,710

beings or this particular being which

231

00:11:01,230 --> 00:10:58,780

was like Mar Duke or something of that

232

00:11:05,040 --> 00:11:01,240

nature i l'm giving it the name he

233

00:11:08,220 --> 00:11:05,050

didn't and he also became a member a

234

00:11:11,759 --> 00:11:08,230

later in the game than Joe mcmonagle who

235

00:11:14,400 --> 00:11:11,769

was double 0 1 and the remote viewers

236

00:11:18,479 --> 00:11:14,410

a pile there and they were recruiting

237

00:11:20,639 --> 00:11:18,489

guys you know skip Atwater and the other

238

00:11:23,460 --> 00:11:20,649

recruiters they were recruiting people

239

00:11:26,280 --> 00:11:23,470

from having had these instances and

240

00:11:29,729 --> 00:11:26,290

sending them off to be trained in remote

241

00:11:31,799 --> 00:11:29,739

viewing that being said so we had a we

242

00:11:37,559 --> 00:11:31,809

had wonderful guests our last time which

243

00:11:41,970 --> 00:11:37,569

was a young woman which is a dr john be

244

00:11:44,039 --> 00:11:41,980

Alexander former colonel and he makes

245

00:11:46,259 --> 00:11:44,049

this point which everybody has to keep

246

00:11:50,239 --> 00:11:46,269

in mind and we all slip on this point

247

00:11:52,829 --> 00:11:50,249

the government is not a monolithic

248

00:11:55,769 --> 00:11:52,839

society you've got people with in

249

00:11:57,329 --> 00:11:55,779

different departments different agencies

250

00:12:02,280 --> 00:11:57,339

they believe all sorts of different

251
00:12:05,549 --> 00:12:02,290
things but John Alexander studied what

252
00:12:08,460 --> 00:12:05,559
he thought he had a what was the name of

253
00:12:11,729 --> 00:12:08,470
his Kate I'm sorry I'm drawing a blank

254
00:12:14,960 --> 00:12:11,739
ok he had a while examiner yes yes he

255
00:12:19,769 --> 00:12:14,970
had a group called the Applied Physics

256
00:12:21,629 --> 00:12:19,779
theoretical theoretical physics in order

257
00:12:23,579 --> 00:12:21,639
to keep it under the radar and they

258
00:12:26,280 --> 00:12:23,589
studied UFOs in what the government

259
00:12:29,999 --> 00:12:26,290
knows about UFOs but that was just UFOs

260
00:12:31,829 --> 00:12:30,009
as one part of the picture one thread

261
00:12:34,319 --> 00:12:31,839
but it was a prime example of how

262
00:12:36,480 --> 00:12:34,329
government can be manipulated right and

263
00:12:39,090 --> 00:12:36,490

if you intercede the beginning of his

264

00:12:42,509 --> 00:12:39,100

book it's kind of like the beginning of

265

00:12:45,389 --> 00:12:42,519

his book tells us that and I believe him

266

00:12:47,460 --> 00:12:45,399

on this point certainly that you know

267

00:12:50,669 --> 00:12:47,470

the government is not a monolithic thing

268

00:12:52,739 --> 00:12:50,679

and some people in government know some

269

00:12:55,169 --> 00:12:52,749

stuff other people believe the exact

270

00:12:57,179 --> 00:12:55,179

opposite all government employees some

271

00:12:59,879 --> 00:12:57,189

of them very high up you know what I

272

00:13:01,799 --> 00:12:59,889

mean Alex yeah but oh boy I mean don't

273

00:13:04,049 --> 00:13:01,809

get me started on Colonel Alexander who

274

00:13:05,460 --> 00:13:04,059

seems like a very nice guy in a smart

275

00:13:09,019 --> 00:13:05,470

guy I don't want to put him down in any

276

00:13:11,759 --> 00:13:09,029

way very high it seems like his logic is

277

00:13:14,009 --> 00:13:11,769

completely backwards I mean what the net

278

00:13:15,869 --> 00:13:14,019

of what I hear i'm saying is that ok

279

00:13:18,059 --> 00:13:15,879

it's not a monolith different people no

280

00:13:19,590 --> 00:13:18,069

different things but since i don't know

281

00:13:21,059 --> 00:13:19,600

any of this stuff then it couldn't have

282

00:13:23,939 --> 00:13:21,069

happened because i would have crossed my

283

00:13:25,410 --> 00:13:23,949

desk yeah total yeah so many

284

00:13:28,040 --> 00:13:25,420

things that he claims did

285

00:13:31,260 --> 00:13:28,050

happen we have so much so many

286

00:13:33,120 --> 00:13:31,270

contradictory eyewitnesses for that it's

287

00:13:34,130 --> 00:13:33,130

it's really kind of ridiculous and the

288

00:13:36,210 --> 00:13:34,140

other thing I mean his whole

289

00:13:38,160 --> 00:13:36,220

compartmentalization thing is which has

290

00:13:41,040 --> 00:13:38,170

been well established in the military

291

00:13:43,590 --> 00:13:41,050

intelligence field really works against

292

00:13:46,050 --> 00:13:43,600

him no Colonel Alexander you wouldn't

293

00:13:48,200 --> 00:13:46,060

know if they didn't want you to know and

294

00:13:50,280 --> 00:13:48,210

the fact that again that is to say that

295

00:13:51,930 --> 00:13:50,290

different people no different things

296

00:13:54,930 --> 00:13:51,940

well that suggests some kind of

297

00:13:57,030 --> 00:13:54,940

hierarchy that there is an order to that

298

00:13:59,790 --> 00:13:57,040

hierarchy and up above that hierarchy

299

00:14:01,530 --> 00:13:59,800

there's some people but no I don't want

300

00:14:03,510 --> 00:14:01,540

to say everything but maybe almost

301
00:14:06,000 --> 00:14:03,520
everything that would be interesting to

302
00:14:07,830 --> 00:14:06,010
talk to those folks you know I don't

303
00:14:09,600 --> 00:14:07,840
think they would talk to us no they

304
00:14:12,150 --> 00:14:09,610
wouldn't talk that I mean it's they

305
00:14:14,580 --> 00:14:12,160
wouldn't only a little bit above doing

306
00:14:17,910 --> 00:14:14,590
something like that and worse yet you

307
00:14:19,770 --> 00:14:17,920
will never know who they is well it's

308
00:14:22,350 --> 00:14:19,780
not only that they wouldn't talk to us

309
00:14:25,380 --> 00:14:22,360
they don't have they would talk to us

310
00:14:27,930 --> 00:14:25,390
and they would deliberately miss inform

311
00:14:31,290 --> 00:14:27,940
us disinformation deliberately

312
00:14:33,180 --> 00:14:31,300
disinformation obfuscation I mean this

313
00:14:36,180 --> 00:14:33,190

is the history anyone who doesn't

314

00:14:38,130 --> 00:14:36,190

believe in conspiracy theories I I've

315

00:14:41,010 --> 00:14:38,140

gone over the so many times it's like I

316

00:14:42,660 --> 00:14:41,020

always tell my own just personal life

317

00:14:45,810 --> 00:14:42,670

story of you know when I first took a

318

00:14:48,540 --> 00:14:45,820

job out of college I worked for a really

319

00:14:50,580 --> 00:14:48,550

well-respected accounting firm and I was

320

00:14:52,650 --> 00:14:50,590

just a little minion I was down at the

321

00:14:54,480 --> 00:14:52,660

bottom doing information systems

322

00:14:57,090 --> 00:14:54,490

consulting I was a computer programmer

323

00:14:59,880 --> 00:14:57,100

take but there were no conspiracies I

324

00:15:01,530 --> 00:14:59,890

was told to go to Ralston Purina and to

325

00:15:03,360 --> 00:15:01,540

be a part of this information systems

326

00:15:06,030 --> 00:15:03,370

audit I was told to go to anheuser-busch

327

00:15:08,730 --> 00:15:06,040

and you know that life was very simple

328

00:15:12,180 --> 00:15:08,740

it seemed very simple to me as I

329

00:15:14,220 --> 00:15:12,190

advanced in my career and then as I had

330

00:15:16,470 --> 00:15:14,230

my own company and as I was in the

331

00:15:18,510 --> 00:15:16,480

process of putting together larger deals

332

00:15:21,390 --> 00:15:18,520

or selling my company to a publicly

333

00:15:24,330 --> 00:15:21,400

traded company my god everything was a

334

00:15:25,380 --> 00:15:24,340

conspiracy right everything was don't

335

00:15:26,880 --> 00:15:25,390

let that guy know in this this

336

00:15:28,680 --> 00:15:26,890

information get together with our

337

00:15:31,410 --> 00:15:28,690

lawyers what are their know everything

338

00:15:34,200 --> 00:15:31,420

is a conspiracy at that level so it's

339

00:15:36,030 --> 00:15:34,210

just people who deny conspiracy theories

340

00:15:38,430 --> 00:15:36,040

are just naive about how the world works

341

00:15:39,390 --> 00:15:38,440

yes if you work pulling up milkshakes at

342

00:15:40,830 --> 00:15:39,400

McDonald's

343

00:15:42,960 --> 00:15:40,840

oh there aren't a lot of conspiracies

344

00:15:45,090 --> 00:15:42,970

but when there are a lot of money and

345

00:15:46,980 --> 00:15:45,100

power and thawed everything is a

346

00:15:49,710 --> 00:15:46,990

conspiracy I mean even now there duh

347

00:15:51,090 --> 00:15:49,720

they're conspiring to get fifteen

348

00:15:53,490 --> 00:15:51,100

dollars an hour that's a total

349

00:15:55,710 --> 00:15:53,500

conspiracy it's I mean you can go from

350

00:15:58,080 --> 00:15:55,720

the Latin con spero with hope I mean

351

00:15:59,700 --> 00:15:58,090

three people with wealth and power get

352

00:16:02,160 --> 00:15:59,710

together to keep wealth and power what's

353

00:16:04,890 --> 00:16:02,170

the big deal the thing the thing is

354

00:16:07,590 --> 00:16:04,900

though what stops him is something like

355

00:16:10,770 --> 00:16:07,600

yourself certainly skeptics have a long

356

00:16:12,810 --> 00:16:10,780

history in human history and how did you

357

00:16:15,210 --> 00:16:12,820

come into from accounting to become a

358

00:16:16,800 --> 00:16:15,220

skeptical well I wasn't really an

359

00:16:20,760 --> 00:16:16,810

accountant i was in information systems

360

00:16:23,660 --> 00:16:20,770

guy okay and uh and then i was fortunate

361

00:16:26,580 --> 00:16:23,670

up a start my own company and through

362

00:16:29,340 --> 00:16:26,590

extreme luck and grace i was able to

363

00:16:31,020 --> 00:16:29,350

sell that company and then have some

364

00:16:32,910 --> 00:16:31,030

time to pursue the things that I really

365

00:16:36,330 --> 00:16:32,920

wanted to pursue and for me it was

366

00:16:39,930 --> 00:16:36,340

always again it it just seemed obvious

367

00:16:43,050 --> 00:16:39,940

to me that the big picture questions

368

00:16:46,170 --> 00:16:43,060

were what I should focus on who are we

369

00:16:48,630 --> 00:16:46,180

why are we here who's telling the truth

370

00:16:50,820 --> 00:16:48,640

so that was just my approach I didn't

371

00:16:52,830 --> 00:16:50,830

have any fixed agenda in terms of what

372

00:16:54,570 --> 00:16:52,840

the answer was I was just kind of

373

00:16:57,060 --> 00:16:54,580

frustrated that everyone seemed to be

374

00:16:58,530 --> 00:16:57,070

kind of not very concerned with the

375

00:17:01,440 --> 00:16:58,540

questions I thought were the most

376

00:17:03,840 --> 00:17:01,450

central important questions you know and

377

00:17:05,310 --> 00:17:03,850

I realized that religion had really

378

00:17:07,380 --> 00:17:05,320

failed in terms of answering those

379

00:17:08,670 --> 00:17:07,390

questions so i was looking to science

380

00:17:11,280 --> 00:17:08,680

but then i was immediately drawn to

381

00:17:12,840 --> 00:17:11,290

people in the scientific community who

382

00:17:14,220 --> 00:17:12,850

were kind of outsiders who were saying

383

00:17:16,020 --> 00:17:14,230

well you know science really isn't

384

00:17:19,170 --> 00:17:16,030

telling the truth either they're kind of

385

00:17:21,510 --> 00:17:19,180

doing this bait and switch thing with

386

00:17:23,610 --> 00:17:21,520

the truth as well so that's what really

387

00:17:25,800 --> 00:17:23,620

sent me off i'm just trying to get these

388

00:17:28,320 --> 00:17:25,810

answers to these questions and skeptic

389

00:17:32,100 --> 00:17:28,330

oh and the show was just my front my

390

00:17:34,050 --> 00:17:32,110

cover or a way to ask the intelligent

391

00:17:35,460 --> 00:17:34,060

people that I really wanted to ask you

392

00:17:36,780 --> 00:17:35,470

know these questions because you can't

393

00:17:39,300 --> 00:17:36,790

just call him up out of the blue and say

394

00:17:40,500 --> 00:17:39,310

hey tell me the truth you want to I was

395

00:17:42,690 --> 00:17:40,510

going to say that that's sort of our

396

00:17:45,420 --> 00:17:42,700

reason for doing yes yes well awesome

397

00:17:47,100 --> 00:17:45,430

our reason for my reason for doing it is

398

00:17:52,080 --> 00:17:47,110

that I'll go into in a minute but I want

399

00:17:53,100 --> 00:17:52,090

to tack back a second to the the jumpy

400

00:17:56,220 --> 00:17:53,110

Alexander

401
00:17:58,320 --> 00:17:56,230
question and what I found to be you know

402
00:18:00,000 --> 00:17:58,330
there are a lot of people who don't

403
00:18:02,039 --> 00:18:00,010
believe everything he says I don't

404
00:18:05,850 --> 00:18:02,049
believe everything anybody says you know

405
00:18:08,640 --> 00:18:05,860
even my mom up but but the point here is

406
00:18:13,140 --> 00:18:08,650
that after they got past those questions

407
00:18:15,630 --> 00:18:13,150
that you brought up um what's-his-name

408
00:18:18,210 --> 00:18:15,640
that the other guy who had the rich one

409
00:18:20,669 --> 00:18:18,220
oh boy just as just might my mind fails

410
00:18:24,330 --> 00:18:20,679
me it's not a Kodak moment no it's not a

411
00:18:26,250 --> 00:18:24,340
coup senior member rich stolen rich

412
00:18:29,070 --> 00:18:26,260
Dolan who wrote you those wonderful

413
00:18:32,310 --> 00:18:29,080

books about UFOs and the national

414

00:18:34,350 --> 00:18:32,320

security state and a few other books and

415

00:18:37,409 --> 00:18:34,360

he's a really good guy and I want to you

416

00:18:40,289 --> 00:18:37,419

know say hi rich but beyond that rich

417

00:18:45,480 --> 00:18:40,299

Dolan and Colonel John be Alexander pH

418

00:18:49,380 --> 00:18:45,490

they had a debate and our friend chase

419

00:18:51,480 --> 00:18:49,390

koletzki was who was a MUFON executive

420

00:18:55,169 --> 00:18:51,490

at the time she's since resigned i

421

00:18:58,140 --> 00:18:55,179

believe they had a debate and chase

422

00:18:59,970 --> 00:18:58,150

koletzki was the moderator now after

423

00:19:03,240 --> 00:18:59,980

they got over those few questions that

424

00:19:05,190 --> 00:19:03,250

you very rightly brought up Alex they

425

00:19:07,560 --> 00:19:05,200

agreed on almost everything even though

426

00:19:09,780 --> 00:19:07,570

they were supposed to be at opposing

427

00:19:12,330 --> 00:19:09,790

ends of the scale in other words they

428

00:19:14,820 --> 00:19:12,340

both agreed on the reality of UFOs they

429

00:19:17,100 --> 00:19:14,830

both agreed that they're out there now

430

00:19:18,900 --> 00:19:17,110

that people see things that some of them

431

00:19:24,090 --> 00:19:18,910

seem to be nuts and bolts and some of

432

00:19:25,950 --> 00:19:24,100

them seem to be not so much and so the

433

00:19:27,419 --> 00:19:25,960

fact that he might not be telling the

434

00:19:29,730 --> 00:19:27,429

truth the whole truth and nothing but

435

00:19:32,220 --> 00:19:29,740

the truth might have something to do

436

00:19:34,440 --> 00:19:32,230

with his government former position as

437

00:19:39,390 --> 00:19:34,450

well and I don't even want to go there

438

00:19:42,510 --> 00:19:39,400

with him on that but now moving on along

439

00:19:45,270 --> 00:19:42,520

with you and the reason for your doing

440

00:19:48,200 --> 00:19:45,280

skeptical and bringing it up to the

441

00:19:51,990 --> 00:19:48,210

reason for us doing shattered reality a

442

00:19:56,000 --> 00:19:52,000

big part of my reason is because I think

443

00:19:59,909 --> 00:19:56,010

the media the mainstream media is

444

00:20:02,460 --> 00:19:59,919

deluding us like pointing the finger at

445

00:20:04,650 --> 00:20:02,470

certain things going on trying to pull

446

00:20:05,240 --> 00:20:04,660

our attention away from things that are

447

00:20:09,650 --> 00:20:05,250

really

448

00:20:12,380 --> 00:20:09,660

if somebody passes away and somebody

449

00:20:14,540 --> 00:20:12,390

shot it's not important to that person

450

00:20:16,160 --> 00:20:14,550

in that person's family and on some

451
00:20:18,470 --> 00:20:16,170
level important to the United States

452
00:20:21,590 --> 00:20:18,480
into the world but when your

453
00:20:24,560 --> 00:20:21,600
twenty-four-seven on some situation out

454
00:20:26,240 --> 00:20:24,570
there in the media and you you ignore

455
00:20:28,970 --> 00:20:26,250
the fact that there isn't a volcano

456
00:20:30,590 --> 00:20:28,980
erupting in Southeast Asia and people

457
00:20:33,890 --> 00:20:30,600
are jumping in the water or off

458
00:20:37,130 --> 00:20:33,900
Australia and killing themselves and you

459
00:20:40,760 --> 00:20:37,140
know on and on they just obscure like

460
00:20:44,600 --> 00:20:40,770
really important news stories with this

461
00:20:47,690 --> 00:20:44,610
mono focus and not only that when you or

462
00:20:53,540 --> 00:20:47,700
I get interviewed by you know somebody

463
00:20:56,180 --> 00:20:53,550

on CNN or CBS or whatever they put out a

464

00:20:58,750 --> 00:20:56,190

tape of what you've said and then they

465

00:21:01,970 --> 00:20:58,760

cut it up and they even change the

466

00:21:04,400 --> 00:21:01,980

question that was asked and I've had

467

00:21:07,370 --> 00:21:04,410

this done to me I've had my things that

468

00:21:11,840 --> 00:21:07,380

I said that were really not foolish at

469

00:21:16,280 --> 00:21:11,850

all I've had them turned around by sort

470

00:21:20,330 --> 00:21:16,290

of creative splicing of my interview so

471

00:21:23,000 --> 00:21:20,340

this gives me and Kate Valentine the

472

00:21:25,940 --> 00:21:23,010

opportunity to say things and talk about

473

00:21:27,980 --> 00:21:25,950

subjects that we find to be compelling

474

00:21:30,130 --> 00:21:27,990

and I wonder if that's part of your

475

00:21:33,320 --> 00:21:30,140

reason and I think you're saying it is

476

00:21:35,380 --> 00:21:33,330

well I jump off on that point on a

477

00:21:38,150 --> 00:21:35,390

couple of different directions I mean

478

00:21:40,220 --> 00:21:38,160

undoubtedly true right first in terms of

479

00:21:41,990 --> 00:21:40,230

what you're saying the I don't know

480

00:21:44,570 --> 00:21:42,000

about you but I think most people

481

00:21:45,620 --> 00:21:44,580

probably I imagine a lot of the people

482

00:21:47,240 --> 00:21:45,630

who are listening to this show and

483

00:21:51,500 --> 00:21:47,250

listen to my show in the same situation

484

00:21:53,000 --> 00:21:51,510

is I can't even turn on CNN I mean I can

485

00:21:56,150 --> 00:21:53,010

flip through station but it's just like

486

00:21:58,430 --> 00:21:56,160

Ill just start laughing as soon as I see

487

00:22:01,430 --> 00:21:58,440

it it's like this is the shattered

488

00:22:04,340 --> 00:22:01,440

reality this is like a joke but the good

489

00:22:06,730 --> 00:22:04,350

news is I think just on a pure numbers

490

00:22:09,710 --> 00:22:06,740

basis I think the influence of

491

00:22:12,740 --> 00:22:09,720

mainstream quote-unquote mainstream

492

00:22:14,900 --> 00:22:12,750

media is more and more called into

493

00:22:17,210 --> 00:22:14,910

question by this alternative media it

494

00:22:18,830 --> 00:22:17,220

just is the numbers the growth numbers

495

00:22:21,260 --> 00:22:18,840

are clearly on the

496

00:22:23,960 --> 00:22:21,270

side of the alternative media and

497

00:22:27,200 --> 00:22:23,970

clearly on the side of this kind of long

498

00:22:28,730 --> 00:22:27,210

tail broadcasting like we're doing

499

00:22:31,640 --> 00:22:28,740

people are getting their information

500

00:22:33,380 --> 00:22:31,650

from a lot of different sources and what

501
00:22:35,180 --> 00:22:33,390
could be better than that but the other

502
00:22:37,580 --> 00:22:35,190
thing I'd say and this is kind of more

503
00:22:39,710 --> 00:22:37,590
from a spiritual perspective but I think

504
00:22:42,770 --> 00:22:39,720
it's definitely true for me and I just

505
00:22:46,520 --> 00:22:42,780
think it's true and Jen was that we pull

506
00:22:49,040 --> 00:22:46,530
the wool over our own eyes you know we

507
00:22:52,580 --> 00:22:49,050
don't want to really deal with the

508
00:22:55,400 --> 00:22:52,590
implicit the full implications of what

509
00:22:57,590 --> 00:22:55,410
we find out here in terms of extended

510
00:23:01,220 --> 00:22:57,600
consciousness in terms of you're not a

511
00:23:03,920 --> 00:23:01,230
biological robot your brain isn't your

512
00:23:06,320 --> 00:23:03,930
body there is something that persists

513
00:23:09,590 --> 00:23:06,330

after death you know that's a lot to

514

00:23:14,000 --> 00:23:09,600

take in that's a lot to really deal with

515

00:23:17,120 --> 00:23:14,010

what that means to be connected that you

516

00:23:20,060 --> 00:23:17,130

know Kate you and I are connected

517

00:23:23,210 --> 00:23:20,070

Farrugia you and I are really connected

518

00:23:25,370 --> 00:23:23,220

I mean well we want to i think i want

519

00:23:27,290 --> 00:23:25,380

escape sometimes back into the material

520

00:23:29,180 --> 00:23:27,300

world where i can fight with other

521

00:23:31,460 --> 00:23:29,190

people and win an argument and you know

522

00:23:33,470 --> 00:23:31,470

all that i want to escape back there but

523

00:23:35,900 --> 00:23:33,480

i know that that's not the real world

524

00:23:38,480 --> 00:23:35,910

either so i think we delude ourselves as

525

00:23:42,800 --> 00:23:38,490

well well you're really good really

526

00:23:44,870 --> 00:23:42,810

really good at the debate area which is

527

00:23:47,750 --> 00:23:44,880

the point which you know you if you get

528

00:23:51,430 --> 00:23:47,760

to speak to some of these debunkers in

529

00:23:54,350 --> 00:23:51,440

the way that you do and that you sort of

530

00:23:56,870 --> 00:23:54,360

stop them in their tracks and I really

531

00:23:59,300 --> 00:23:56,880

do appreciate it and you know if you go

532

00:24:01,880 --> 00:23:59,310

too far to one extreme you've got the

533

00:24:04,970 --> 00:24:01,890

people they're like you know evangelical

534

00:24:06,920 --> 00:24:04,980

types and fundamentalists who believe

535

00:24:08,930 --> 00:24:06,930

that you have to believe what they

536

00:24:11,810 --> 00:24:08,940

believe is what they do believe in an

537

00:24:14,240 --> 00:24:11,820

afterlife yes they do so their afterlife

538

00:24:16,910 --> 00:24:14,250

is heaven the Muslim afterlife is the

539

00:24:20,030 --> 00:24:16,920

paradise yes with the Virgin's in the

540

00:24:21,890 --> 00:24:20,040

mansion and okay so what the truth of

541

00:24:24,380 --> 00:24:21,900

the matter is reem come true but I don't

542

00:24:26,900 --> 00:24:24,390

know we don't know what it is I know but

543

00:24:28,940 --> 00:24:26,910

but they are true believers they are

544

00:24:30,620 --> 00:24:28,950

true believers but belief is not really

545

00:24:37,070 --> 00:24:30,630

the point here

546

00:24:39,170 --> 00:24:37,080

experientially finding out what's going

547

00:24:41,360 --> 00:24:39,180

on are you supposed to experience until

548

00:24:43,070 --> 00:24:41,370

that moment comes well that's a good

549

00:24:45,140 --> 00:24:43,080

there's a question whatever think about

550

00:24:47,900 --> 00:24:45,150

that Alex I mean let's assume that there

551
00:24:50,270 --> 00:24:47,910
is life after death and are we supposed

552
00:24:53,800 --> 00:24:50,280
to know about it and how our does that

553
00:24:57,500 --> 00:24:53,810
sort of skew the whole idea of living I

554
00:24:59,330 --> 00:24:57,510
don't think we know those answers you

555
00:25:02,240 --> 00:24:59,340
know one of the things that I think

556
00:25:04,730 --> 00:25:02,250
skeptic Oh has brought me to it's funny

557
00:25:06,860 --> 00:25:04,740
you know the name people I'll ask me

558
00:25:08,660 --> 00:25:06,870
sometimes you know skeptical what are

559
00:25:11,060 --> 00:25:08,670
you doing you're digging into the

560
00:25:12,440 --> 00:25:11,070
skeptics you know and it's like I don't

561
00:25:14,600 --> 00:25:12,450
know I really kind of it's one of those

562
00:25:17,270 --> 00:25:14,610
things that I'm sure you all can relate

563
00:25:19,640 --> 00:25:17,280

but weird synchronicities but I'm

564

00:25:22,100 --> 00:25:19,650

looking for the name of this show and

565

00:25:25,610 --> 00:25:22,110

I'm kind of thinking you know the

566

00:25:27,650 --> 00:25:25,620

skeptic reclaiming skepticism and I'm on

567

00:25:29,210 --> 00:25:27,660

Wikipedia in wherever else talk about

568

00:25:30,830 --> 00:25:29,220

wicca pick talk about Ted right we

569

00:25:32,750 --> 00:25:30,840

should talk about Wikipedia and can

570

00:25:37,130 --> 00:25:32,760

really get it get our blood boiling here

571

00:25:41,420 --> 00:25:37,140

but so you know skeptic comes from this

572

00:25:45,350 --> 00:25:41,430

ancient Greek word of skeptical and it

573

00:25:48,700 --> 00:25:45,360

was this group of philosophers that were

574

00:25:52,820 --> 00:25:48,710

very keen on not coming to any

575

00:25:55,010 --> 00:25:52,830

conclusions only asking questions and

576

00:25:58,760 --> 00:25:55,020

they almost saw it as a religious

577

00:26:00,230 --> 00:25:58,770

journey to continue to ask ask ask and I

578

00:26:02,120 --> 00:26:00,240

kind of disregarded that I said oh you

579

00:26:04,550 --> 00:26:02,130

know that's cool i have Greek heritage

580

00:26:07,940 --> 00:26:04,560

that skeptical boom and i just grabbed

581

00:26:10,760 --> 00:26:07,950

the name and over seven years I've grown

582

00:26:13,310 --> 00:26:10,770

into that in terms of understanding it

583

00:26:16,610 --> 00:26:13,320

really is at least for me about

584

00:26:19,820 --> 00:26:16,620

continuing to ask questions continuing

585

00:26:21,890 --> 00:26:19,830

not to be pinned down or fixed so Kate

586

00:26:24,500 --> 00:26:21,900

that's what I think is that you know

587

00:26:26,480 --> 00:26:24,510

that the near-death experience science

588

00:26:30,080 --> 00:26:26,490

let's say because it is an important

589

00:26:33,920 --> 00:26:30,090

science it brings us to the brink it

590

00:26:36,860 --> 00:26:33,930

says there is more there is vastly more

591

00:26:39,020 --> 00:26:36,870

but it doesn't allow us to really come

592

00:26:40,790 --> 00:26:39,030

to any firm conclusions because these

593

00:26:42,260 --> 00:26:40,800

near-death experiencers right they have

594

00:26:44,320 --> 00:26:42,270

experiences all over the board right

595

00:26:46,210 --> 00:26:44,330

some of them are seeing Jesus

596

00:26:48,700 --> 00:26:46,220

are saying nothing some of them are

597

00:26:50,830 --> 00:26:48,710

seeing just a you know a white light you

598

00:26:52,539 --> 00:26:50,840

you can form whatever conclusion will

599

00:26:55,259 --> 00:26:52,549

you want out of that so I think it's

600

00:26:57,639 --> 00:26:55,269

important to stay open to the question

601
00:26:59,740 --> 00:26:57,649
should I give him my father's famous

602
00:27:02,289 --> 00:26:59,750
line I don't know what your father's

603
00:27:04,450 --> 00:27:02,299
fame how it is I was asking him this and

604
00:27:06,759 --> 00:27:04,460
I think its first year college we went

605
00:27:08,350 --> 00:27:06,769
over all this and I was saying to you I

606
00:27:10,269 --> 00:27:08,360
wonder what there is he goes well kid I

607
00:27:14,950 --> 00:27:10,279
can tell you one thing we're all dying

608
00:27:17,799 --> 00:27:14,960
to find out yes indeed there's that um I

609
00:27:19,450 --> 00:27:17,809
I find a show really entering I'm glad

610
00:27:21,279 --> 00:27:19,460
you introduced me to this from sure this

611
00:27:26,080 --> 00:27:21,289
this is really cool so you're in a

612
00:27:29,169 --> 00:27:26,090
search for truth yes mmm good luck um I

613
00:27:32,139 --> 00:27:29,179

like this I like but the way that you

614

00:27:35,590 --> 00:27:32,149

take on the proselytizing atheists

615

00:27:38,259 --> 00:27:35,600

because I've come from a place where you

616

00:27:41,259 --> 00:27:38,269

know generally speaking in polite

617

00:27:43,840 --> 00:27:41,269

society Xin New York City you generally

618

00:27:45,970 --> 00:27:43,850

don't question people's religious

619

00:27:49,000 --> 00:27:45,980

beliefs you know you just let that go

620

00:27:51,580 --> 00:27:49,010

and people are in in New York City that

621

00:27:55,389 --> 00:27:51,590

that I always hung around with they

622

00:27:58,090 --> 00:27:55,399

don't generally push something on you

623

00:28:00,129 --> 00:27:58,100

you know somebody's a Greek Orthodox

624

00:28:02,830 --> 00:28:00,139

somebody's a Jew somebody's elapsed

625

00:28:05,560 --> 00:28:02,840

Lutheran like me and you know you let

626
00:28:08,830 --> 00:28:05,570
you let it pass but sometimes you meet

627
00:28:11,139 --> 00:28:08,840
these people who are virulent atheists

628
00:28:14,649 --> 00:28:11,149
they're so strongly atheists that they

629
00:28:16,930 --> 00:28:14,659
cannot stand the fact that you are not

630
00:28:20,440 --> 00:28:16,940
an atheist and they grill you and they

631
00:28:24,539 --> 00:28:20,450
put you down and they keep at you almost

632
00:28:29,560 --> 00:28:24,549
more so than a proselytizing evangelical

633
00:28:31,330 --> 00:28:29,570
type person and so it I am very happy to

634
00:28:33,820 --> 00:28:31,340
see you skewer some of those folks

635
00:28:37,389 --> 00:28:33,830
though I must tell you I felt a little

636
00:28:39,789 --> 00:28:37,399
sorry for john Loftus simply because he

637
00:28:42,549 --> 00:28:39,799
seemed like you know a nice sort of a

638
00:28:47,019 --> 00:28:42,559

guy that never really thought through

639

00:28:51,190 --> 00:28:47,029

his positions to the final outcome of

640

00:28:53,110 --> 00:28:51,200

what he was thinking the the the denim

641

00:28:57,070 --> 00:28:53,120

ah of what he was thinking in other

642

00:28:57,960 --> 00:28:57,080

words he didn't seem to get it he seemed

643

00:29:00,240 --> 00:28:57,970

like he needed to

644

00:29:03,030 --> 00:29:00,250

believe something having been a very

645

00:29:06,090 --> 00:29:03,040

strong Catholic at one point in his life

646

00:29:08,790 --> 00:29:06,100

he had to turn his back on that because

647

00:29:11,820 --> 00:29:08,800

he became disappointed in that and he

648

00:29:15,810 --> 00:29:11,830

then took up atheism like a religion and

649

00:29:18,480 --> 00:29:15,820

I think that his his mental state is

650

00:29:21,090 --> 00:29:18,490

he's a different person mentally then

651
00:29:24,450 --> 00:29:21,100
say you were I he just needs a belief

652
00:29:26,040 --> 00:29:24,460
system do you know yes and I think we

653
00:29:29,550 --> 00:29:26,050
could say that about a lot of a lot of

654
00:29:30,690 --> 00:29:29,560
atheists and I you know it's it's that's

655
00:29:32,100 --> 00:29:30,700
going to sound harsh what's going to

656
00:29:34,020 --> 00:29:32,110
sound judgmental but it's just like

657
00:29:35,790 --> 00:29:34,030
you're mentioning hey listen to the

658
00:29:39,300 --> 00:29:35,800
listen to the show go through the logic

659
00:29:43,110 --> 00:29:39,310
oh yeah but the whole logic of atheism

660
00:29:45,960 --> 00:29:43,120
is just kind of silly in one sense it's

661
00:29:50,310 --> 00:29:45,970
because atheists are very committed to

662
00:29:52,620 --> 00:29:50,320
this idea that we are meaningless beings

663
00:29:55,890 --> 00:29:52,630

meaningless robots biological robots

664

00:29:59,280 --> 00:29:55,900

living in a meaningless world a

665

00:30:01,800 --> 00:29:59,290

meaningless universe that is their Creed

666

00:30:04,080 --> 00:30:01,810

they cannot get away from it it's part

667

00:30:07,320 --> 00:30:04,090

and parcel of you know the Four Horsemen

668

00:30:09,120 --> 00:30:07,330

of New Atheism and there's Dawkins and

669

00:30:10,800 --> 00:30:09,130

there's Dennett I mean that's right out

670

00:30:12,420 --> 00:30:10,810

of their playbook right so Richard

671

00:30:13,770 --> 00:30:12,430

Dawkins you are a biological robot

672

00:30:16,470 --> 00:30:13,780

that's what he said it says in his book

673

00:30:18,840 --> 00:30:16,480

The Selfish Gene Daniel Dennett you know

674

00:30:21,180 --> 00:30:18,850

the same thing you are a biological

675

00:30:22,650 --> 00:30:21,190

robot so Lawrence Krauss who I

676

00:30:23,790 --> 00:30:22,660

interviewed on the show famous

677

00:30:25,530 --> 00:30:23,800

physicists you know wrote a book

678

00:30:26,940 --> 00:30:25,540

something out of nothing i think is the

679

00:30:28,770 --> 00:30:26,950

title in what might have got it slightly

680

00:30:32,100 --> 00:30:28,780

wrong there but again meaningless

681

00:30:36,690 --> 00:30:32,110

universe so i think the natural question

682

00:30:40,770 --> 00:30:36,700

to ask those folks is okay so your life

683

00:30:43,380 --> 00:30:40,780

is meaningless what would have no cuz

684

00:30:45,240 --> 00:30:43,390

you have no love then the love that you

685

00:30:47,460 --> 00:30:45,250

feel for your parents or for your

686

00:30:50,100 --> 00:30:47,470

children that's meaningless that doesn't

687

00:30:51,780 --> 00:30:50,110

really exist that's an illusion your

688

00:30:55,350 --> 00:30:51,790

life is meaningless everything you're

689

00:30:57,840 --> 00:30:55,360

doing is meaningless why even perpetuate

690

00:31:00,510 --> 00:30:57,850

such an absurdity right i mean we talk

691

00:31:03,570 --> 00:31:00,520

about suicide now right why perpetuate

692

00:31:05,670 --> 00:31:03,580

an absurdity that is all an illusion you

693

00:31:07,650 --> 00:31:05,680

can't even say that it would be for the

694

00:31:09,900 --> 00:31:07,660

procreation of your dreams logically

695

00:31:11,820 --> 00:31:09,910

that i'm sorry the procreation of your

696

00:31:13,110 --> 00:31:11,830

genes logically that doesn't

697

00:31:15,409 --> 00:31:13,120

can make any sense because you would

698

00:31:19,590 --> 00:31:15,419

just be bringing other people into this

699

00:31:24,539 --> 00:31:19,600

illusion into this big game it's clearly

700

00:31:28,500 --> 00:31:24,549

a goofy idea philosophically atheism

701
00:31:30,720 --> 00:31:28,510
makes no sense so I've debated these

702
00:31:33,960 --> 00:31:30,730
folks over and over again on two fronts

703
00:31:37,740 --> 00:31:33,970
number one is that what I just said is

704
00:31:40,560 --> 00:31:37,750
that philosophically your life has no

705
00:31:42,539 --> 00:31:40,570
meaning isn't a very strong position to

706
00:31:44,279 --> 00:31:42,549
take and no one really believes that

707
00:31:47,220 --> 00:31:44,289
otherwise they wouldn't perpetuate it

708
00:31:49,680 --> 00:31:47,230
but number two the news is if that's the

709
00:31:52,200 --> 00:31:49,690
way it is I can live with it but the

710
00:31:54,899 --> 00:31:52,210
best science suggests you know what the

711
00:31:57,629 --> 00:31:54,909
universe isn't meaningless and we are

712
00:32:00,750 --> 00:31:57,639
not biological robots and we are not

713
00:32:05,159 --> 00:32:00,760

equal to our brain so you know that's

714

00:32:06,690 --> 00:32:05,169

the answer to the Creed is the Creed

715

00:32:11,250 --> 00:32:06,700

falls apart because the science doesn't

716

00:32:13,860 --> 00:32:11,260

back it up well the most the most the

717

00:32:17,310 --> 00:32:13,870

best point that i like is about

718

00:32:20,639 --> 00:32:17,320

consciousness and how consciousness does

719

00:32:22,680 --> 00:32:20,649

not live inside the brain the

720

00:32:26,700 --> 00:32:22,690

consciousness is bigger their

721

00:32:30,480 --> 00:32:26,710

consciousness is in a non-local a non

722

00:32:34,350 --> 00:32:30,490

time-space reality and I think that I

723

00:32:37,139 --> 00:32:34,360

think Russell Targ says that best says

724

00:32:39,480 --> 00:32:37,149

it a lot better than I can and physics

725

00:32:42,629 --> 00:32:39,490

and he's a physicist bears that out

726

00:32:46,259 --> 00:32:42,639

especially quantum physics and string

727

00:32:49,950 --> 00:32:46,269

theory and you know the idea that that

728

00:32:54,210 --> 00:32:49,960

the reality doesn't collapse into a

729

00:32:56,060 --> 00:32:54,220

single thing until you observe it until

730

00:32:59,580 --> 00:32:56,070

you observe it then the waveform

731

00:33:02,570 --> 00:32:59,590

collapses which leaves us to the point

732

00:33:06,570 --> 00:33:02,580

of possibly believing in multiple

733

00:33:09,860 --> 00:33:06,580

universes and multiple realities and I

734

00:33:12,450 --> 00:33:09,870

I've listened to so many of your of your

735

00:33:15,600 --> 00:33:12,460

podcasts and I would have to say that

736

00:33:18,720 --> 00:33:15,610

probably you and I agree on many many

737

00:33:20,850 --> 00:33:18,730

points so probably I would have to bring

738

00:33:22,799 --> 00:33:20,860

it down to some things that maybe we

739

00:33:25,570 --> 00:33:22,809

don't agree upon so that you know you

740

00:33:28,330 --> 00:33:25,580

get a chance to prepare

741

00:33:31,000 --> 00:33:28,340

propound what you do believe regarding

742

00:33:34,120 --> 00:33:31,010

this these things and the one thing that

743

00:33:36,370 --> 00:33:34,130

seems to me to be still and you say this

744

00:33:39,550 --> 00:33:36,380

to to a large extent still a great

745

00:33:43,150 --> 00:33:39,560

mystery is the reincarnation thing and I

746

00:33:45,430 --> 00:33:43,160

want to just give you a something that

747

00:33:47,770 --> 00:33:45,440

could be the case it could be the case

748

00:33:50,460 --> 00:33:47,780

as well as reincarnation and I'm really

749

00:33:52,870 --> 00:33:50,470

right there with those guys at at the

750

00:33:57,250 --> 00:33:52,880

University of Virginia in fact we've had

751
00:34:00,040 --> 00:33:57,260
one of the researches on rosston see who

752
00:34:02,770 --> 00:34:00,050
researches things I heard that interview

753
00:34:04,780 --> 00:34:02,780
nuh and enjoyed it well good thanks he's

754
00:34:09,250 --> 00:34:04,790
a great guy really nice gentleman to to

755
00:34:10,630 --> 00:34:09,260
meet him but couldn't reincarnation I'm

756
00:34:13,000 --> 00:34:10,640
not saying this is the case I'm just

757
00:34:18,180 --> 00:34:13,010
hypothesizing here couldn't

758
00:34:23,800 --> 00:34:18,190
reincarnation be possibly that there are

759
00:34:26,830 --> 00:34:23,810
spirits or souls non non carnate

760
00:34:28,660 --> 00:34:26,840
entities a disincarnate entity some of

761
00:34:31,300 --> 00:34:28,670
which may have been alive at one time

762
00:34:34,510 --> 00:34:31,310
some which may not be couldn't they just

763
00:34:38,820 --> 00:34:34,520

be in in the non in the non physical

764

00:34:41,530 --> 00:34:38,830

universe and couldn't we pass through

765

00:34:44,050 --> 00:34:41,540

one of those and suddenly have the

766

00:34:46,840 --> 00:34:44,060

insights that might make us believe that

767

00:34:48,820 --> 00:34:46,850

reincarnation was true I've had some of

768

00:34:51,270 --> 00:34:48,830

these experiences I'm not saying this

769

00:34:55,570 --> 00:34:51,280

from a non experience or point of view

770

00:34:58,300 --> 00:34:55,580

could that be the case sure and to me it

771

00:35:00,160 --> 00:34:58,310

gets I don't think it is but I I don't

772

00:35:02,710 --> 00:35:00,170

know to me it gets back to the point I

773

00:35:07,720 --> 00:35:02,720

was making earlier in that you know I'm

774

00:35:11,590 --> 00:35:07,730

very keen to kind of understand the

775

00:35:13,810 --> 00:35:11,600

system of logic that we use for asking

776

00:35:15,880 --> 00:35:13,820

these questions you know and that

777

00:35:19,690 --> 00:35:15,890

relates back to my skeptical point in

778

00:35:23,080 --> 00:35:19,700

that to me there's certain areas that we

779

00:35:25,630 --> 00:35:23,090

cannot touch with logic with reason and

780

00:35:26,800 --> 00:35:25,640

with our limited capabilities I mean one

781

00:35:29,020 --> 00:35:26,810

of the things you hear from the

782

00:35:31,270 --> 00:35:29,030

near-death experience extended

783

00:35:33,730 --> 00:35:31,280

consciousness folks you'll also hear it

784

00:35:36,820 --> 00:35:33,740

from the psychedelic consciousness folks

785

00:35:38,590 --> 00:35:36,830

and from the alien abduction contact

786

00:35:39,430 --> 00:35:38,600

folks they all say the same thing they

787

00:35:42,250 --> 00:35:39,440

say something about

788

00:35:44,380 --> 00:35:42,260

information download right they say they

789

00:35:47,800 --> 00:35:44,390

were in this extended consciousness

790

00:35:49,780 --> 00:35:47,810

state where they knew everything before

791

00:35:53,230 --> 00:35:49,790

they could even ask a question it was

792

00:35:56,680 --> 00:35:53,240

answered so and then the important thing

793

00:35:59,020 --> 00:35:56,690

is they returned to this state and that

794

00:36:00,760 --> 00:35:59,030

was no longer the case like everything

795

00:36:03,490 --> 00:36:00,770

that was really big had to get jammed

796

00:36:06,040 --> 00:36:03,500

down into this little meat sack that we

797

00:36:09,190 --> 00:36:06,050

walk around with and it doesn't quite

798

00:36:12,940 --> 00:36:09,200

fit so you know to answer your question

799

00:36:15,550 --> 00:36:12,950

I can't say that that isn't possible and

800

00:36:17,220 --> 00:36:15,560

I can't say that you know Jim Tucker at

801
00:36:19,630 --> 00:36:17,230
the university of virginia who has

802
00:36:21,220 --> 00:36:19,640
concluded differently because he sees

803
00:36:23,109 --> 00:36:21,230
the birth marks and he sees the stories

804
00:36:26,589 --> 00:36:23,119
and all that I can't say that he's true

805
00:36:28,839 --> 00:36:26,599
what I can say for myself is that that

806
00:36:31,120 --> 00:36:28,849
launching off point of fully coming to

807
00:36:33,130 --> 00:36:31,130
grips that we are this limitless

808
00:36:36,190 --> 00:36:33,140
extended consciousness and this

809
00:36:39,339 --> 00:36:36,200
consciousness doesn't end at our death

810
00:36:43,210 --> 00:36:39,349
boy I mean that's a full-time job just

811
00:36:45,190 --> 00:36:43,220
really internalizing that and figuring

812
00:36:46,780 --> 00:36:45,200
out what that means in terms of how I

813
00:36:48,760 --> 00:36:46,790

should live my life how I should be a

814

00:36:52,809 --> 00:36:48,770

better father a better husband a better

815

00:36:55,390 --> 00:36:52,819

friend you know just absolutely I I

816

00:36:58,240 --> 00:36:55,400

fully concur and I'm not saying

817

00:37:00,970 --> 00:36:58,250

reincarnation is not the case i am just

818

00:37:03,550 --> 00:37:00,980

offering a different possible

819

00:37:05,920 --> 00:37:03,560

perspective because i've looked at it

820

00:37:08,230 --> 00:37:05,930

from different points of logic and as

821

00:37:10,180 --> 00:37:08,240

you have pointed out on skeptical some

822

00:37:12,550 --> 00:37:10,190

of your guests have come up with

823

00:37:15,730 --> 00:37:12,560

different viewpoints and they can't all

824

00:37:17,260 --> 00:37:15,740

be true right you could only reincarnate

825

00:37:21,190 --> 00:37:17,270

three times the soonest you can

826

00:37:23,010 --> 00:37:21,200

reincarnate is 18 Molly's rules that

827

00:37:26,170 --> 00:37:23,020

when you step back they start looking

828

00:37:27,460 --> 00:37:26,180

very religious very Orthodox again which

829

00:37:29,740 --> 00:37:27,470

is I think something else you know

830

00:37:32,470 --> 00:37:29,750

you're you're mentioning that the kind

831

00:37:34,150 --> 00:37:32,480

of the New York culture of kind of hey

832

00:37:36,370 --> 00:37:34,160

you know don't talk about religion you

833

00:37:38,859 --> 00:37:36,380

don't go there it's like no I think

834

00:37:40,750 --> 00:37:38,869

those are there at least as Kate was

835

00:37:43,300 --> 00:37:40,760

alluding to at least they're trying to

836

00:37:44,920 --> 00:37:43,310

tackle some of the bigger issues of you

837

00:37:46,780 --> 00:37:44,930

know what happens after we die and stuff

838

00:37:48,370 --> 00:37:46,790

like that hell why are we all talking

839

00:37:50,470 --> 00:37:48,380

about religion and as soon as we sit

840

00:37:51,819 --> 00:37:50,480

down oh you're you're a Catholic what

841

00:37:52,770 --> 00:37:51,829

why do you really believe that I do

842

00:37:54,480 --> 00:37:52,780

believe the

843

00:37:56,460 --> 00:37:54,490

the Pope is infallible you know all the

844

00:37:58,680 --> 00:37:56,470

right why wouldn't that have to be

845

00:38:01,890 --> 00:37:58,690

unpleasant about it but you might get us

846

00:38:05,820 --> 00:38:01,900

eat up well I'll take I'll take my

847

00:38:07,890 --> 00:38:05,830

chances you know I think one of the

848

00:38:10,950 --> 00:38:07,900

points you miss is that biological

849

00:38:14,220 --> 00:38:10,960

robots can have fun too and maybe the

850

00:38:16,410 --> 00:38:14,230

whole point of our existence is if we

851

00:38:18,690 --> 00:38:16,420

are spiritual beings that have eternal

852

00:38:20,280 --> 00:38:18,700

life maybe once in a while you want to

853

00:38:23,100 --> 00:38:20,290

get down here and have a little fun and

854

00:38:24,570 --> 00:38:23,110

experience a materialistic world and I

855

00:38:27,210 --> 00:38:24,580

think that could very well be the point

856

00:38:28,680 --> 00:38:27,220

of our existence and I think it's a

857

00:38:30,750 --> 00:38:28,690

really good idea to go out there have

858

00:38:32,850 --> 00:38:30,760

fun have a few drinks with a few good

859

00:38:36,110 --> 00:38:32,860

friends drive a great sports car and

860

00:38:39,450 --> 00:38:36,120

make some money nothing wrong with that

861

00:38:41,730 --> 00:38:39,460

maybe yeah i think you know when we

862

00:38:43,470 --> 00:38:41,740

really don't have to disagree with you

863

00:38:46,610 --> 00:38:43,480

there but i think when we take a big

864

00:38:50,160 --> 00:38:46,620

step back and look at our culture and

865

00:38:52,260 --> 00:38:50,170

our position in the world I think we've

866

00:38:54,540 --> 00:38:52,270

done a pretty good job of that you know

867

00:38:56,580 --> 00:38:54,550

here in the West and here in the United

868

00:38:58,320 --> 00:38:56,590

States and considering that you know

869

00:39:00,540 --> 00:38:58,330

half of the world's population lives on

870

00:39:02,280 --> 00:39:00,550

less than two dollars a day I mean I

871

00:39:05,430 --> 00:39:02,290

think we should enjoy I live an

872

00:39:07,110 --> 00:39:05,440

incredibly fortunate an awesome

873

00:39:08,850 --> 00:39:07,120

lifestyle and have a beautiful also

874

00:39:11,400 --> 00:39:08,860

overlooking the oceans I don't want to

875

00:39:13,260 --> 00:39:11,410

boil I don't want to play I want to kind

876

00:39:15,150 --> 00:39:13,270

of complain and kind of play up that

877

00:39:18,570 --> 00:39:15,160

other stuff not I do think that

878

00:39:23,340 --> 00:39:18,580

compassion that that comes with that

879

00:39:26,850 --> 00:39:23,350

realization I think makes his kind of

880

00:39:28,290 --> 00:39:26,860

constantly look in other directions you

881

00:39:30,600 --> 00:39:28,300

know I was just thinking the other day I

882

00:39:33,840 --> 00:39:30,610

was out with my dogs in the backyard and

883

00:39:36,990 --> 00:39:33,850

really a very obvious ordinary life and

884

00:39:39,360 --> 00:39:37,000

I thought my god even now just with this

885

00:39:42,450 --> 00:39:39,370

I am living they had just had some show

886

00:39:44,550 --> 00:39:42,460

on TV about the old Elizabethan arrow

887

00:39:46,530 --> 00:39:44,560

the Georgian era in England and I

888

00:39:48,780 --> 00:39:46,540

thought wow those people lived a lot

889

00:39:50,940 --> 00:39:48,790

worse than I did and I mean I'm listen I

890

00:39:53,070 --> 00:39:50,950

mean I I'm with you I think it's really

891

00:39:55,170 --> 00:39:53,080

interesting to look into this stuff

892

00:39:57,180 --> 00:39:55,180

there's some fascinating viewpoints but

893

00:39:59,820 --> 00:39:57,190

I'll be honest with you I'm not leaving

894

00:40:01,350 --> 00:39:59,830

for Tibet anytime soon nor I know I

895

00:40:04,290 --> 00:40:01,360

don't think any I don't think any of us

896

00:40:06,060 --> 00:40:04,300

are leaving foot to bed though I don't

897

00:40:06,599 --> 00:40:06,070

think Tibet is what it once was i think

898

00:40:11,849 --> 00:40:06,609

it's

899

00:40:14,640 --> 00:40:11,859

now and I'm feeling for what you got I

900

00:40:16,950 --> 00:40:14,650

bite but again it's policy I think the

901
00:40:19,920 --> 00:40:16,960
real evil in this world is politics in

902
00:40:22,229 --> 00:40:19,930
government I don't think its people and

903
00:40:24,779 --> 00:40:22,239
I don't know I don't know about you

904
00:40:26,249 --> 00:40:24,789
fruition you Alex but i would say ninety

905
00:40:29,579 --> 00:40:26,259
nine percent of the people i meet her

906
00:40:31,529 --> 00:40:29,589
really okay I mean not evil not bad not

907
00:40:35,190 --> 00:40:31,539
particularly good not particularly bad

908
00:40:37,470 --> 00:40:35,200
just nice I think that's probably true I

909
00:40:39,589 --> 00:40:37,480
I think that a lot of people I meet are

910
00:40:41,729 --> 00:40:39,599
in thinking about the big questions

911
00:40:43,769 --> 00:40:41,739
unfortunately and maybe they're not

912
00:40:46,440 --> 00:40:43,779
meant to I don't really know that's a

913
00:40:48,390 --> 00:40:46,450

good point but getting back to skeptical

914

00:40:50,789 --> 00:40:48,400

no no no you've got a good point okay

915

00:40:58,289 --> 00:40:50,799

you got a very good point and I'm all of

916

00:41:01,739 --> 00:40:58,299

us you know Dave here and go and K and I

917

00:41:04,650 --> 00:41:01,749

and and you there we all live a pretty

918

00:41:07,950 --> 00:41:04,660

good life that we have the time and the

919

00:41:10,109 --> 00:41:07,960

energy to sit around like we are talking

920

00:41:15,210 --> 00:41:10,119

about these things but just getting back

921

00:41:17,279 --> 00:41:15,220

to your show the the one thing that you

922

00:41:19,710 --> 00:41:17,289

know I would like to see more of and

923

00:41:22,319 --> 00:41:19,720

this is you know it's not you doing a

924

00:41:24,870 --> 00:41:22,329

fabulous job but i think i would love to

925

00:41:26,940 --> 00:41:24,880

see more about animals because you know

926

00:41:29,789 --> 00:41:26,950

i really believe that there's a lot more

927

00:41:32,400 --> 00:41:29,799

consciousness out there that that so

928

00:41:35,069 --> 00:41:32,410

much is is dedicated to human

929

00:41:38,220 --> 00:41:35,079

spirituality whether it be in religion

930

00:41:41,430 --> 00:41:38,230

or whether it be in spiritual circles

931

00:41:44,099 --> 00:41:41,440

and not enough energy is devoted to the

932

00:41:48,059 --> 00:41:44,109

animals the plants and even what we

933

00:41:50,549 --> 00:41:48,069

consider to be non living things but

934

00:41:53,489 --> 00:41:50,559

when we talk about living we're talking

935

00:41:56,870 --> 00:41:53,499

about respiration the fact that plants

936

00:41:59,400 --> 00:41:56,880

respire and we breathe and if

937

00:42:02,190 --> 00:41:59,410

something doesn't respire or have a

938

00:42:04,950 --> 00:42:02,200

heartbeat we think it's not alive but i

939

00:42:07,680 --> 00:42:04,960

disagree with that from the point of

940

00:42:09,749 --> 00:42:07,690

view that i have the feeling the I feel

941

00:42:12,299 --> 00:42:09,759

the energy in all things even in rocks

942

00:42:14,729 --> 00:42:12,309

in the earth in the Sun being alive I

943

00:42:17,700 --> 00:42:14,739

mean I really feel strongly about that I

944

00:42:20,100 --> 00:42:17,710

can't prove it but I do think that we

945

00:42:23,400 --> 00:42:20,110

should give more

946

00:42:25,380 --> 00:42:23,410

more attention at least to the plants

947

00:42:28,380 --> 00:42:25,390

and animals around us I think the rocks

948

00:42:32,880 --> 00:42:28,390

can take care of themselves frankly but

949

00:42:34,530 --> 00:42:32,890

I was so moved today by reading that the

950

00:42:37,190 --> 00:42:34,540

Pope and I'm not a Catholic and I'm not

951
00:42:40,980 --> 00:42:37,200
going to become a Catholic but he

952
00:42:43,380 --> 00:42:40,990
denounced the cruelty to animals and and

953
00:42:45,540 --> 00:42:43,390
he felt that good a good Christian or a

954
00:42:48,930 --> 00:42:45,550
good person with a good heart Christian

955
00:42:51,060 --> 00:42:48,940
Jewish atheist or otherwise I said most

956
00:42:55,800 --> 00:42:51,070
assured he should be then I could to

957
00:42:59,760 --> 00:42:55,810
animals and i would love to this i would

958
00:43:02,880 --> 00:42:59,770
love to see more about animal

959
00:43:05,400 --> 00:43:02,890
communication and about animal and and

960
00:43:09,360 --> 00:43:05,410
and planned consciousness like the cliff

961
00:43:11,430 --> 00:43:09,370
baxter stuff from from the what is the

962
00:43:14,190 --> 00:43:11,440
70s d are you familiar with his research

963
00:43:18,120 --> 00:43:14,200

yeah you know first I just had just on

964

00:43:19,620 --> 00:43:18,130

the last episode 2 79 is Simon green on

965

00:43:23,250 --> 00:43:19,630

so maybe that's referring to yes really

966

00:43:26,520 --> 00:43:23,260

a young guy yes wonderful and talk about

967

00:43:28,770 --> 00:43:26,530

the the plants communication I was blown

968

00:43:32,610 --> 00:43:28,780

away I mean he is a guy for your

969

00:43:35,750 --> 00:43:32,620

listeners who is a healer works with

970

00:43:39,320 --> 00:43:35,760

ayahuasca has had numerous numerous

971

00:43:43,350 --> 00:43:39,330

experiences in the Peruvian in Colombian

972

00:43:46,740 --> 00:43:43,360

Amazonian jungle with what do they

973

00:43:50,370 --> 00:43:46,750

called the kuro court arrows or fear and

974

00:43:52,680 --> 00:43:50,380

arrows Calculon theros Coronado's I love

975

00:43:55,560 --> 00:43:52,690

the way you said that awesome so and

976

00:43:57,720 --> 00:43:55,570

yeah you know the one the one thing I

977

00:44:01,140 --> 00:43:57,730

took away just come in as a minor minor

978

00:44:03,330 --> 00:44:01,150

thing and that is you know it's like hey

979

00:44:05,850 --> 00:44:03,340

how did these guys find out how to do

980

00:44:07,560 --> 00:44:05,860

all this stuff really the plant stole

981

00:44:10,550 --> 00:44:07,570

them really that's what they all say

982

00:44:13,140 --> 00:44:10,560

right they say hey we entered this

983

00:44:17,070 --> 00:44:13,150

extended consciousness state and the

984

00:44:19,380 --> 00:44:17,080

plants told us you can use me for this

985

00:44:22,080 --> 00:44:19,390

you can take me in the spring when my

986

00:44:24,270 --> 00:44:22,090

flower first blooms and mix me with this

987

00:44:26,190 --> 00:44:24,280

and this will happen and you need to

988

00:44:28,980 --> 00:44:26,200

back that up when we went down as

989

00:44:31,470 --> 00:44:28,990

Westerners to kind of pharmaceutically

990

00:44:34,060 --> 00:44:31,480

rape pillage and plunder everything we

991

00:44:35,830 --> 00:44:34,070

could we went to these guys

992

00:44:37,740 --> 00:44:35,840

and said well you know how does this

993

00:44:39,970 --> 00:44:37,750

stuff work and they had this

994

00:44:41,290 --> 00:44:39,980

encyclopedic knowledge of walking

995

00:44:42,880 --> 00:44:41,300

through the forest and just kind of

996

00:44:44,950 --> 00:44:42,890

saying these things and these guys were

997

00:44:46,570 --> 00:44:44,960

blown away they're like how would you

998

00:44:49,330 --> 00:44:46,580

know that you know how would you know

999

00:44:51,160 --> 00:44:49,340

you mix this with this at this way and

1000

00:44:53,530 --> 00:44:51,170

then it works without a chemical lab or

1001
00:44:55,750 --> 00:44:53,540
without any of that so we maybe have to

1002
00:44:57,340 --> 00:44:55,760
take seriously that they really are

1003
00:45:01,240 --> 00:44:57,350
communicating with the plants and

1004
00:45:04,150 --> 00:45:01,250
Pachamama too yeah wow so Alexander

1005
00:45:08,890 --> 00:45:04,160
Fleming could have actually listened to

1006
00:45:10,990 --> 00:45:08,900
what the voles were saying oh maybe I

1007
00:45:14,350 --> 00:45:11,000
mean what am i I don't know but I

1008
00:45:19,090 --> 00:45:14,360
interestingly enough in school one of

1009
00:45:22,990 --> 00:45:19,100
the professors was German from the early

1010
00:45:25,660 --> 00:45:23,000
1900's and he had an encyclopedic

1011
00:45:28,690 --> 00:45:25,670
knowledge of the plants of the Alps that

1012
00:45:32,290 --> 00:45:28,700
he had derived from folklore from the

1013
00:45:33,550 --> 00:45:32,300

people i think people actually just you

1014

00:45:36,550 --> 00:45:33,560

know they have a headache to chew on

1015

00:45:38,680 --> 00:45:36,560

willow bark and it goes away or they

1016

00:45:41,260 --> 00:45:38,690

chew on a dandelion and it doesn't and i

1017

00:45:44,170 --> 00:45:41,270

think over time and over millennia and

1018

00:45:46,270 --> 00:45:44,180

you know what i think people baby Kate

1019

00:45:47,950 --> 00:45:46,280

but again that's not what they're saying

1020

00:45:49,420 --> 00:45:47,960

right so so that they're saying

1021

00:45:50,920 --> 00:45:49,430

something completely different from that

1022

00:45:52,630 --> 00:45:50,930

that's not to say what you're saying is

1023

00:45:54,460 --> 00:45:52,640

true but we have to have some way to

1024

00:45:56,470 --> 00:45:54,470

kind of tease that out and I kind of go

1025

00:45:57,970 --> 00:45:56,480

with thee I kind of go with the

1026
00:46:00,310 --> 00:45:57,980
testimony of the people involved

1027
00:46:02,710 --> 00:46:00,320
especially when we can go cross culture

1028
00:46:05,410 --> 00:46:02,720
across time we can take people in the

1029
00:46:07,480 --> 00:46:05,420
Peruvian forest and we go take people

1030
00:46:09,850 --> 00:46:07,490
the thousand miles away that they never

1031
00:46:11,590 --> 00:46:09,860
met and they say the same thing then

1032
00:46:13,150 --> 00:46:11,600
these are usually the markers that we

1033
00:46:15,460 --> 00:46:13,160
say that that's what we should follow

1034
00:46:17,320 --> 00:46:15,470
well the other thing that sort of irks

1035
00:46:19,570 --> 00:46:17,330
me is when people talk about the

1036
00:46:21,130 --> 00:46:19,580
so-called natives of wherever area

1037
00:46:23,170 --> 00:46:21,140
they're talking about is they assume

1038
00:46:25,810 --> 00:46:23,180

that they're not intelligent or at least

1039

00:46:28,060 --> 00:46:25,820

that's an underlying assumption like ok

1040

00:46:29,890 --> 00:46:28,070

they don't have certain information

1041

00:46:31,630 --> 00:46:29,900

available to them but that doesn't mean

1042

00:46:33,100 --> 00:46:31,640

they're not intelligent person and it

1043

00:46:35,320 --> 00:46:33,110

doesn't mean that they're not curious

1044

00:46:37,720 --> 00:46:35,330

and investigative and that they don't

1045

00:46:40,900 --> 00:46:37,730

investigate these things however all

1046

00:46:43,000 --> 00:46:40,910

that being said I do agree with you you

1047

00:46:44,980 --> 00:46:43,010

know there was all Craig what was that

1048

00:46:47,500 --> 00:46:44,990

ancient botany where they used to take

1049

00:46:47,690 --> 00:46:47,510

the shape of the plant that was similar

1050

00:46:50,180 --> 00:46:47,700

to

1051
00:46:52,609 --> 00:46:50,190
organ in the body and so they'd say oh

1052
00:46:54,920 --> 00:46:52,619
this looks like a heart such as

1053
00:46:57,290 --> 00:46:54,930
digitalis and maybe it will help the

1054
00:47:01,310 --> 00:46:57,300
heart and hence foxglove got its name

1055
00:47:02,750 --> 00:47:01,320
but you know I also i have to agree with

1056
00:47:05,690 --> 00:47:02,760
you i think there is definitely a

1057
00:47:07,490 --> 00:47:05,700
communication between species and i

1058
00:47:10,190 --> 00:47:07,500
think we as humans don't always listen

1059
00:47:12,349 --> 00:47:10,200
to it we just disregard it now I don't

1060
00:47:14,660 --> 00:47:12,359
totally disagree with you I just think

1061
00:47:17,210 --> 00:47:14,670
that there's more to it than just simple

1062
00:47:19,160 --> 00:47:17,220
plant communication and me over here on

1063
00:47:20,599 --> 00:47:19,170

the other side of the table I'm just

1064

00:47:23,930 --> 00:47:20,609

wishing I could get my hands on some

1065

00:47:26,870 --> 00:47:23,940

Iowa and try it out I'm only half

1066

00:47:28,490 --> 00:47:26,880

kidding no she's not it's legal it's

1067

00:47:30,620 --> 00:47:28,500

legal here I just have to find the right

1068

00:47:33,710 --> 00:47:30,630

church and well yeah you go to that that

1069

00:47:37,160 --> 00:47:33,720

churchyard California at a lot to wat

1070

00:47:40,430 --> 00:47:37,170

fellow that you had a while ago but I

1071

00:47:44,210 --> 00:47:40,440

found him very very interesting I found

1072

00:47:46,690 --> 00:47:44,220

him a little scary though too and but he

1073

00:47:48,740 --> 00:47:46,700

was extremely interesting and with

1074

00:47:50,359 --> 00:47:48,750

different also take a different

1075

00:47:54,680 --> 00:47:50,369

perspective on it at least for me

1076

00:47:58,040 --> 00:47:54,690

personally and that's that you know what

1077

00:48:01,520 --> 00:47:58,050

do I what do I need to discover from

1078

00:48:04,609 --> 00:48:01,530

that psychedelic experience I need to

1079

00:48:06,380 --> 00:48:04,619

discover that we're all connected like

1080

00:48:10,730 --> 00:48:06,390

we're saying well I I know that already

1081

00:48:13,040 --> 00:48:10,740

I need to discover that love is where I

1082

00:48:14,839 --> 00:48:13,050

need to focus my energy because I'm in

1083

00:48:17,780 --> 00:48:14,849

my head and I'm not in my heart enough I

1084

00:48:21,170 --> 00:48:17,790

know that already what I get hung up on

1085

00:48:24,140 --> 00:48:21,180

is the day-to-day practice of making

1086

00:48:26,450 --> 00:48:24,150

that happen so when I go hit the yoga

1087

00:48:29,809 --> 00:48:26,460

mat which I've done for you know over 20

1088

00:48:31,430 --> 00:48:29,819

years gray and I face the always this

1089

00:48:33,349 --> 00:48:31,440

racing mind that tells me oh you can

1090

00:48:34,490 --> 00:48:33,359

leave early or come on out of here or

1091

00:48:37,670 --> 00:48:34,500

what are you having for lunch and all

1092

00:48:39,859 --> 00:48:37,680

that hey man that's that's it right

1093

00:48:44,030 --> 00:48:39,869

there that's what's happening that's the

1094

00:48:46,280 --> 00:48:44,040

ayahuasca experience of being why can I

1095

00:48:47,900 --> 00:48:46,290

not be in the moment why can't I not

1096

00:48:51,050 --> 00:48:47,910

apply myself and then I just have to

1097

00:48:54,410 --> 00:48:51,060

laugh at at my condition so you know

1098

00:48:57,440 --> 00:48:54,420

it's like what am I spiritual I think

1099

00:48:59,660 --> 00:48:57,450

mentors and guides is a guy named neem

1100

00:49:00,920 --> 00:48:59,670

Karoli Baba you passed away a number

1101

00:49:04,069 --> 00:49:00,930

years ago we all know

1102

00:49:05,480 --> 00:49:04,079

das right yes here now so rom das when

1103

00:49:07,730 --> 00:49:05,490

he went to india he went to see neem

1104

00:49:09,710 --> 00:49:07,740

karoli baba and he tells the famous

1105

00:49:12,829 --> 00:49:09,720

story about you know these guys were all

1106

00:49:17,690 --> 00:49:12,839

tripping they're like crazy right i mean

1107

00:49:19,390 --> 00:49:17,700

rom das was part with timothy leary I

1108

00:49:23,180 --> 00:49:19,400

mean these guys who started the whole

1109

00:49:24,770 --> 00:49:23,190

acid thing at Harvard back in the 60s so

1110

00:49:26,380 --> 00:49:24,780

they have a ton of acid and they bring

1111

00:49:31,549 --> 00:49:26,390

it over there and they give it to this

1112

00:49:33,920 --> 00:49:31,559

Indian st. maharaja and he says waves

1113

00:49:36,079 --> 00:49:33,930

Marvin says gimme gimme the acid and

1114

00:49:39,020 --> 00:49:36,089

he's takes one two three four five six

1115

00:49:40,730 --> 00:49:39,030

any places him on his tongue so he makes

1116

00:49:42,859 --> 00:49:40,740

sure that these guys see that it's not

1117

00:49:45,859 --> 00:49:42,869

some sleight of hand thing he's is there

1118

00:49:47,599 --> 00:49:45,869

okay i've taken it and he says nothing

1119

00:49:49,910 --> 00:49:47,609

happens they're amazed i mean nothing

1120

00:49:51,859 --> 00:49:49,920

happens and he tells him he says look he

1121

00:49:53,690 --> 00:49:51,869

says this is a this is a good medicine

1122

00:49:56,599 --> 00:49:53,700

this is a God medicine it lets you see

1123

00:49:59,480 --> 00:49:56,609

God he said but if you it takes a very

1124

00:50:01,640 --> 00:49:59,490

strong mind to have it not affect you or

1125

00:50:04,130 --> 00:50:01,650

to have it affect you he said but it's

1126
00:50:07,280 --> 00:50:04,140
an okay medicine he said but the goal is

1127
00:50:10,339 --> 00:50:07,290
to see God all the time without the

1128
00:50:12,829 --> 00:50:10,349
medicine right so and I think he's using

1129
00:50:16,309 --> 00:50:12,839
medicine they're kind of freely but I

1130
00:50:20,030 --> 00:50:16,319
think the point is the same the problem

1131
00:50:23,210 --> 00:50:20,040
to me seems to be not how do we see God

1132
00:50:25,400 --> 00:50:23,220
because we all have moments brief as

1133
00:50:27,589 --> 00:50:25,410
they may be when we you know try and

1134
00:50:29,930 --> 00:50:27,599
when i'm using got very loosely here

1135
00:50:31,160 --> 00:50:29,940
folks I don't know what God means and I

1136
00:50:33,530 --> 00:50:31,170
certainly don't think it means anything

1137
00:50:35,569 --> 00:50:33,540
Christian or Jewish your religious

1138
00:50:38,630 --> 00:50:35,579

religious in any way that I think about

1139

00:50:42,380 --> 00:50:38,640

our Buddhist but I think our challenge

1140

00:50:45,140 --> 00:50:42,390

is to maintain that connection as much

1141

00:50:48,319 --> 00:50:45,150

as we can and in that sense I'm not sure

1142

00:50:52,609 --> 00:50:48,329

what psychedelics how they can really

1143

00:50:55,970 --> 00:50:52,619

help us do that long-term having not

1144

00:51:01,960 --> 00:50:55,980

imbibed in psychedelics but having been

1145

00:51:06,140 --> 00:51:01,970

a person who has had experience or type

1146

00:51:09,220 --> 00:51:06,150

experiences that's a double their having

1147

00:51:14,450 --> 00:51:09,230

had a lot of experiences that were non

1148

00:51:14,810 --> 00:51:14,460

non usual unusual paranormal I do have

1149

00:51:17,690 --> 00:51:14,820

the

1150

00:51:20,360 --> 00:51:17,700

desire to try it not to make it my life

1151

00:51:23,180 --> 00:51:20,370

but I do have the desire to try it right

1152

00:51:27,680 --> 00:51:23,190

now I have a client who is setting off

1153

00:51:30,500 --> 00:51:27,690

to go down to Colombia to participate at

1154

00:51:33,170 --> 00:51:30,510

one of these sort of like ranches

1155

00:51:35,320 --> 00:51:33,180

outside of the city where there is

1156

00:51:38,900 --> 00:51:35,330

generally a shaman of some sort and

1157

00:51:41,710 --> 00:51:38,910

participate in an ayahuasca ritual and

1158

00:51:45,110 --> 00:51:41,720

the reason why she's doing it is because

1159

00:51:48,400 --> 00:51:45,120

almost no substance it all affects her I

1160

00:51:52,010 --> 00:51:48,410

mean she cannot be affected by normal

1161

00:51:54,620 --> 00:51:52,020

alcohol and drugs at all she just it

1162

00:51:57,410 --> 00:51:54,630

doesn't affect her and I thought she was

1163

00:52:00,020 --> 00:51:57,420

lying and then she proved it to me I'm

1164

00:52:03,290 --> 00:52:00,030

because it's a privileged communication

1165

00:52:05,080 --> 00:52:03,300

I'm not going to discuss the details but

1166

00:52:11,050 --> 00:52:05,090

suffice it to say that I was

1167

00:52:14,420 --> 00:52:11,060

sufficiently convinced that all these

1168

00:52:17,630 --> 00:52:14,430

medicinal substances did not have an

1169

00:52:19,640 --> 00:52:17,640

effect on her so um that's I'm just

1170

00:52:21,410 --> 00:52:19,650

exited from that point of view well i

1171

00:52:24,170 --> 00:52:21,420

had a friend in high school though that

1172

00:52:26,300 --> 00:52:24,180

you know at that time this is way before

1173

00:52:29,300 --> 00:52:26,310

drugs and all this good stuff we used to

1174

00:52:31,490 --> 00:52:29,310

sort of fool around with beer so is he

1175

00:52:33,230 --> 00:52:31,500

innocent days but she could go through

1176
00:52:36,410 --> 00:52:33,240
two or three six packs and be totally

1177
00:52:38,300 --> 00:52:36,420
silver totally at no alcohol absolutely

1178
00:52:40,760 --> 00:52:38,310
no effect is very interesting and she

1179
00:52:43,160 --> 00:52:40,770
was not a spiritual person no neither is

1180
00:52:46,490 --> 00:52:43,170
this woman that's going down to what to

1181
00:52:50,330 --> 00:52:46,500
equity zombie actions god help her a

1182
00:52:54,140 --> 00:52:50,340
lawyer today so so Alex it's been great

1183
00:52:56,750 --> 00:52:54,150
having you on here on on our program

1184

lifting and we love you and it's great

1194

00:53:23,060 --> 00:53:20,790

to have somebody out there asking the

1195

00:53:25,610 --> 00:53:23,070

important questions and I might be a

1196

00:53:27,010 --> 00:53:25,620

little bit of a skeptic myself but the

1197

00:53:29,770 --> 00:53:27,020

questions have to be

1198

00:53:32,680 --> 00:53:29,780

00:55:12,640 --> 00:55:09,500

wonderful and interesting UFO experience

1231

00:55:14,620 --> 00:55:12,650

that was investigated at the time and he

1232

00:55:16,570 --> 00:55:14,630

has been listening to shattered reality

1233

00:55:19,540 --> 00:55:16,580

and wants to come on and I'm hoping to

1234

00:55:22,960 --> 00:55:19,550

put together a you know one show with

1235

00:55:24,790 --> 00:55:22,970

maybe three people taking 20 minutes or

1236

00:55:27,780 --> 00:55:24,800

two people taking a half an hour each

1237

00:55:30,550 --> 00:55:27,790

and we'd like to know what your

1238

00:55:32,500 --> 00:55:30,560

experiences are we'd also like guests

1239

00:55:35,260 --> 00:55:32,510

suggestions what do you say k I would

1240

00:55:38,260 --> 00:55:35,270

say so and also just as Alex said we are

1241

00:55:39,430 --> 00:55:38,270

all connected and so everybody that has

1242

00:55:42,160 --> 00:55:39,440

an experienced by

1243

00:55:43,870 --> 00:55:42,170

sharing there's you broaden all of our

1244

00:55:47,920 --> 00:55:43,880

experiences and it's really necessary

1245

00:55:49,780 --> 00:55:47,930

for us to have this and have you who are

1246

00:55:53,170 --> 00:55:49,790

listening to share all your thoughts

1247

00:55:56,340 --> 00:55:53,180

with us because really like Alex we are

1248

00:55:58,930 --> 00:55:56,350

all still searching for the truth as

1249

00:56:02,230 --> 00:55:58,940

much the hell was his name again well

1250

00:56:05,170 --> 00:56:02,240

not molto if I worked with him Mulder as

1251

00:56:08,020 --> 00:56:05,180

Holder said yeah the truth is indeed out

1252

00:56:09,760 --> 00:56:08,030

there we'd love to find out I still

1253

00:56:11,710 --> 00:56:09,770

think old George had the right thing

1254

00:56:13,570 --> 00:56:11,720

we're all going to find out dying to

1255

00:56:15,460 --> 00:56:13,580

find out but I don't know but yeah we'd

1256

00:56:17,230 --> 00:56:15,470

love to hear what you have to say I mean

1257

00:56:19,900 --> 00:56:17,240

we can sit here and chatter on for a

1258

00:56:23,890 --> 00:56:19,910

long time but we'd want to know what you
