

1  
00:00:23,859 --> 00:00:20,269  
welcome to shattered reality with your

2  
00:00:27,140 --> 00:00:23,869  
hosts kate valentine and farrugia

3  
00:00:31,880 --> 00:00:27,150  
prepare to header paradigms shifted in

4  
00:00:36,470 --> 00:00:31,890  
the truths questioned and now shattered

5  
00:00:40,520 --> 00:00:36,480  
reality hi there Kate hey true show

6  
00:00:45,649 --> 00:00:40,530  
welcome and so here we are again and

7  
00:00:50,869 --> 00:00:45,659  
let's not forget to slate today is june

8  
00:00:57,890 --> 00:00:50,879  
seventh 2016 yes indeed and this will be

9  
00:01:01,460 --> 00:00:57,900  
our 32nd show so today on shattered

10  
00:01:07,460 --> 00:01:01,470  
reality we're going to start with a

11  
00:01:12,620 --> 00:01:07,470  
author Ron felber he has been on the

12  
00:01:16,520 --> 00:01:12,630  
show before and this has been with the

13  
00:01:21,709 --> 00:01:16,530

Mojave incident today he's back with his

14

00:01:25,219 --> 00:01:21,719

new novel dark angel now we don't

15

00:01:29,419 --> 00:01:25,229

generally do novels but what we're going

16

00:01:32,749 --> 00:01:29,429

to talk about with him is the variety of

17

00:01:38,300 --> 00:01:32,759

different research he did for this

18

00:01:43,340 --> 00:01:38,310

latest thriller and it is a three a book

19

00:01:47,539 --> 00:01:43,350

series of Jack Madsen and Jack Madsen is

20

00:01:53,510 --> 00:01:47,549

a real tough guy so I without any

21

00:01:56,480 --> 00:01:53,520

further ado here is Ron felber hi Ron

22

00:01:59,270 --> 00:01:56,490

how are you good to be here it's good to

23

00:02:03,440 --> 00:01:59,280

have you seriously that's a great

24

00:02:06,800 --> 00:02:03,450

introduction to your book a nail-biting

25

00:02:10,370 --> 00:02:06,810

thriller government conspiracies

26  
00:02:16,510 --> 00:02:10,380  
research into cloning and mind control

27  
00:02:18,120 --> 00:02:16,520  
and the creation of a transhuman super

28  
00:02:21,930 --> 00:02:18,130  
soldier

29  
00:02:25,920 --> 00:02:21,940  
uh you know a few years back this would

30  
00:02:30,480 --> 00:02:25,930  
be just sci-fi I think you're getting

31  
00:02:34,350 --> 00:02:30,490  
close on to shattered reality here yes

32  
00:02:38,370 --> 00:02:34,360  
indeed before we step into the whole

33  
00:02:42,720 --> 00:02:38,380  
world of dark angel let us congratulate

34  
00:02:46,830 --> 00:02:42,730  
you because the Mojave incident is being

35  
00:02:49,800 --> 00:02:46,840  
made into a made-for-tv movie or

36  
00:02:52,260 --> 00:02:49,810  
something like that yeah we have a deal

37  
00:02:54,060 --> 00:02:52,270  
with the sci-fi channel and so we're

38  
00:02:56,040 --> 00:02:54,070

going to have an hour an hour segments

39

00:02:59,850 --> 00:02:56,050

that will be devoted to the Mojave

40

00:03:03,210 --> 00:02:59,860

incident and you know the experiences

41

00:03:06,180 --> 00:03:03,220

with alien abduction of the Steven Dorn

42

00:03:08,910 --> 00:03:06,190

Hess well that's that's really very

43

00:03:12,330 --> 00:03:08,920

interesting and the original folks are

44

00:03:14,130 --> 00:03:12,340

they involved in all the family yeah yes

45

00:03:16,230 --> 00:03:14,140

and that's the end as a matter of fact

46

00:03:19,320 --> 00:03:16,240

you know it was really something because

47

00:03:22,140 --> 00:03:19,330

we all met after a number of years and

48

00:03:26,190 --> 00:03:22,150

including the doctors involved so the

49

00:03:28,530 --> 00:03:26,200

show will have videotape of the hypnotic

50

00:03:30,360 --> 00:03:28,540

sessions and interviews with all of the

51  
00:03:33,090 --> 00:03:30,370  
key players including the doctors the

52  
00:03:35,460 --> 00:03:33,100  
medical doctors involved one dr. Bernard

53  
00:03:38,190 --> 00:03:35,470  
Raton who is director of the National

54  
00:03:41,970 --> 00:03:38,200  
Center psychiatry in Washington DC very

55  
00:03:44,280 --> 00:03:41,980  
prominent physician and psychiatrist the

56  
00:03:47,580 --> 00:03:44,290  
other William anixter from the Asheville

57  
00:03:50,280 --> 00:03:47,590  
North Carolina a director of psychiatric

58  
00:03:53,790 --> 00:03:50,290  
care there so these are two very

59  
00:03:55,440 --> 00:03:53,800  
prominent physicians and I was really

60  
00:03:58,410 --> 00:03:55,450  
pleased that they were willing to step

61  
00:04:01,080 --> 00:03:58,420  
forward and do relate the interviews and

62  
00:04:04,310 --> 00:04:01,090  
also volunteer the original tapes that

63  
00:04:07,190 --> 00:04:04,320

were recorded during their sessions oh

64

00:04:10,800 --> 00:04:07,200

well that's great and the family oh

65

00:04:13,290 --> 00:04:10,810

absolutely yeah they they are very much

66

00:04:16,740 --> 00:04:13,300

a part of this and it's unique because

67

00:04:18,449 --> 00:04:16,750

for the longest time really they did not

68

00:04:21,150 --> 00:04:18,459

step forward and so it was really

69

00:04:23,970 --> 00:04:21,160

delightful to see that that they wanted

70

00:04:26,580 --> 00:04:23,980

to be involved and and they did

71

00:04:28,190 --> 00:04:26,590

extensive interviews in front of the

72

00:04:31,040 --> 00:04:28,200

cameras for for this

73

00:04:34,250 --> 00:04:31,050

this show so this is going to be on the

74

00:04:36,830 --> 00:04:34,260

sci fi channel yes paranormal witness is

75

00:04:41,150 --> 00:04:36,840

the name of the show is the series and

76

00:04:43,520 --> 00:04:41,160

you have one full night of the series

77

00:04:46,730 --> 00:04:43,530

with the Mojave incident correct will be

78

00:04:49,760 --> 00:04:46,740

devoted to this one this one episode yes

79

00:04:52,160 --> 00:04:49,770

do you have any idea what date and time

80

00:04:54,500 --> 00:04:52,170

this will be it it's being filmed right

81

00:04:56,930 --> 00:04:54,510

now the interviews have been done for

82

00:04:59,420 --> 00:04:56,940

about a month now and now they're

83

00:05:02,240 --> 00:04:59,430

working on actors how about that so

84

00:05:04,910 --> 00:05:02,250

somebody's actually gonna play me I said

85

00:05:10,400 --> 00:05:04,920

how about how about George Clooney they

86

00:05:12,770 --> 00:05:10,410

said no yeah dark hair they said no so

87

00:05:18,920 --> 00:05:12,780

anyway who we should be a lot of fun of

88

00:05:22,000 --> 00:05:18,930

the October okay I an incident like that

89

00:05:26,720 --> 00:05:22,010

you wonder how much more evidence

90

00:05:29,900 --> 00:05:26,730

anybody needs to sort of believe that

91

00:05:32,090 --> 00:05:29,910

something happened to these people you

92

00:05:35,840 --> 00:05:32,100

know this was really a stunning account

93

00:05:37,460 --> 00:05:35,850

as you are aware and just extensive so

94

00:05:39,320 --> 00:05:37,470

you have a lot of times you'll hear like

95

00:05:42,170 --> 00:05:39,330

with the Betty and Barney Hill you know

96

00:05:44,540 --> 00:05:42,180

going back to the 60s that somebody has

97

00:05:47,720 --> 00:05:44,550

or a couple which is unusual you know to

98

00:05:49,220 --> 00:05:47,730

have more than one person is abducted

99

00:05:53,900 --> 00:05:49,230

and it's recovered through a

100

00:05:57,080 --> 00:05:53,910

retrogressive hypnosis but with the

101  
00:05:58,640 --> 00:05:57,090  
Mojave incident in the hasp situation it

102  
00:06:02,630 --> 00:05:58,650  
was about four or five hours of

103  
00:06:04,220 --> 00:06:02,640  
conscious experience and then then they

104  
00:06:05,450 --> 00:06:04,230  
had these violent nightmares they

105  
00:06:08,150 --> 00:06:05,460  
remembered something and happened to

106  
00:06:10,190 --> 00:06:08,160  
them missing time and another four hours

107  
00:06:14,150 --> 00:06:10,200  
was recovered that was actually on the

108  
00:06:17,600 --> 00:06:14,160  
craft itself amazing that's gonna be a

109  
00:06:21,140 --> 00:06:17,610  
great movie hi orse or episode 50

110  
00:06:23,450 --> 00:06:21,150  
episode yeah that and actually we are

111  
00:06:26,210 --> 00:06:23,460  
working on a feature film as well so

112  
00:06:28,010 --> 00:06:26,220  
also with the sci-fi channel but that's

113  
00:06:30,620 --> 00:06:28,020

not quite in the can yet you're right

114

00:06:33,650 --> 00:06:30,630

okay well we wish you the very best of

115

00:06:35,960 --> 00:06:33,660

luck with that thank you and can perhaps

116

00:06:38,240 --> 00:06:35,970

a date I was going to say perhaps you

117

00:06:40,719 --> 00:06:38,250

could get together with Kathleen Mardon

118

00:06:44,320 --> 00:06:40,729

and Denise stoners since they're into

119

00:06:48,279 --> 00:06:44,330

abductions in this type of gas doors

120

00:06:51,969 --> 00:06:48,289

that would be an excellent idea and play

121

00:06:57,239 --> 00:06:51,979

rain arrows Hernandez is also involved

122

00:07:00,820 --> 00:06:57,249

there in any case moving on to darkangel

123

00:07:03,369 --> 00:07:00,830

this as we've said this is really an

124

00:07:07,779 --> 00:07:03,379

interesting thriller and this is the

125

00:07:10,510 --> 00:07:07,789

third book with Jack Madsen it do you

126

00:07:12,969 --> 00:07:10,520

have any immediate plans for another

127

00:07:17,709 --> 00:07:12,979

book actually I do have another book I'm

128

00:07:20,260 --> 00:07:17,719

working on and I'm hoping to to finish

129

00:07:23,799 --> 00:07:20,270

the outline and in three or four sample

130

00:07:26,139 --> 00:07:23,809

chapters by September and have the book

131

00:07:28,269 --> 00:07:26,149

written by January itself it's not a

132

00:07:31,659 --> 00:07:28,279

jack Manson story but actually it's a

133

00:07:33,399 --> 00:07:31,669

sort of combination of a lot of the

134

00:07:37,269 --> 00:07:33,409

things I learned in dark angel and

135

00:07:38,920 --> 00:07:37,279

mojave incident put into a fictional

136

00:07:41,799 --> 00:07:38,930

account which is called the radiant I

137

00:07:46,089 --> 00:07:41,809

see well we'll be looking forward to

138

00:07:49,570 --> 00:07:46,099

that as well um basically starting off

139

00:07:53,829 --> 00:07:49,580

at the beginning you discuss Josef

140

00:07:58,449 --> 00:07:53,839

Mengele and you say that he did not die

141

00:08:02,079 --> 00:07:58,459

until nineteen seventy eight in

142

00:08:05,769 --> 00:08:02,089

Argentina that's correct and you spoke

143

00:08:09,999 --> 00:08:05,779

about the ratline but you didn't explain

144

00:08:12,879 --> 00:08:10,009

the ratline in the book sure well

145

00:08:16,299 --> 00:08:12,889

basically the book starts with Josef

146

00:08:20,110 --> 00:08:16,309

Mengele leaving Germany escaping Germany

147

00:08:24,100 --> 00:08:20,120

as the Allies invade and like many

148

00:08:26,110 --> 00:08:24,110

others Klaus Barbie Eichmann and other

149

00:08:28,929 --> 00:08:26,120

there was what they called the ratline

150

00:08:33,339 --> 00:08:28,939

the CIA at that time is called the OSS

151

00:08:36,629 --> 00:08:33,349

and the OSS by way of a sort of a

152

00:08:41,980 --> 00:08:36,639

Faustian agreement with the the Nazis

153

00:08:45,129 --> 00:08:41,990

agreed to to give safe haven to some of

154

00:08:46,960 --> 00:08:45,139

the the most notorious criminals war

155

00:08:50,069 --> 00:08:46,970

criminals such as Josef Mengele the

156

00:08:53,350 --> 00:08:50,079

angel of death and relocate them to

157

00:08:56,860 --> 00:08:53,360

Bolivia to Argentina to

158

00:08:59,170 --> 00:08:56,870

bill etc paraguay Chilean chili and

159

00:09:02,949 --> 00:08:59,180

actually many of these guys went on to

160

00:09:05,319 --> 00:09:02,959

become key players in the militaries of

161

00:09:09,930 --> 00:09:05,329

those countries and change their

162

00:09:12,250 --> 00:09:09,940

identities but this was the CIA actually

163

00:09:14,139 --> 00:09:12,260

releasing these these people putting

164

00:09:17,290 --> 00:09:14,149  
them through different lines with

165

00:09:19,210 --> 00:09:17,300  
different identifications relocating

166

00:09:23,199 --> 00:09:19,220  
them giving them new identities and safe

167

00:09:26,590 --> 00:09:23,209  
haven in return for other people like

168

00:09:31,300 --> 00:09:26,600  
Werner von Braun like Reinhardt Galen

169

00:09:33,160 --> 00:09:31,310  
and other key scientists and despise to

170

00:09:35,740 --> 00:09:33,170  
come into the CIA and work for the

171

00:09:37,600 --> 00:09:35,750  
United States government so for example

172

00:09:40,900 --> 00:09:37,610  
Wernher von Braun was that you know

173

00:09:42,970 --> 00:09:40,910  
notorious for making the V the V two

174

00:09:45,040 --> 00:09:42,980  
missiles that were dropped on Eiland and

175

00:09:47,740 --> 00:09:45,050  
killed you know thousands and thousands

176

00:09:50,019 --> 00:09:47,750

of people citizen I you know but women

177

00:09:52,360 --> 00:09:50,029

children just regular citizens not

178

00:09:57,870 --> 00:09:52,370

enough hi we're back from the break

179

00:10:02,500 --> 00:09:57,880

let's start again with Reinhold a Galen

180

00:10:06,040 --> 00:10:02,510

yeah so as I was saying Reinhardt Galen

181

00:10:10,689 --> 00:10:06,050

was uh was one of the chief architects

182

00:10:12,550 --> 00:10:10,699

of the Nazi intelligence agency and what

183

00:10:15,730 --> 00:10:12,560

they had done out of Frankfurt Germany

184

00:10:19,600 --> 00:10:15,740

was to infiltrate the soviet union with

185

00:10:22,210 --> 00:10:19,610

spies now after the war ended of course

186

00:10:23,949 --> 00:10:22,220

we knew that our next enemy was going to

187

00:10:26,350 --> 00:10:23,959

be the Soviet Union that was in the

188

00:10:28,449 --> 00:10:26,360

cards and as a matter of fact Winston

189

00:10:32,740 --> 00:10:28,459

Churchill wanted to continue the war so

190

00:10:35,530 --> 00:10:32,750

did patent and and take on the Soviet

191

00:10:38,139 --> 00:10:35,540

Union right away so we knew a cold war

192

00:10:40,420 --> 00:10:38,149

was coming so basically what happened

193

00:10:42,579 --> 00:10:40,430

was Reinhardt galen had these seven

194

00:10:45,130 --> 00:10:42,589

thousand spies that had infiltrated the

195

00:10:48,850 --> 00:10:45,140

Soviet Union we needed intelligence on

196

00:10:51,400 --> 00:10:48,860

the Soviet Union and so we let escape

197

00:10:53,410 --> 00:10:51,410

and gave safe haven to some of the most

198

00:10:56,889 --> 00:10:53,420

notorious war criminals and I mentioned

199

00:11:00,579 --> 00:10:56,899

Klaus Barbie I mentioned our Josef

200

00:11:04,300 --> 00:11:00,589

Mengele Eichmann etc gave them safe

201  
00:11:06,500 --> 00:11:04,310  
haven and in return we got access to the

202  
00:11:08,720 --> 00:11:06,510  
spy network so Reinhardt Galen

203  
00:11:10,850 --> 00:11:08,730  
his offices in Frankfurt Germany and

204  
00:11:13,400 --> 00:11:10,860  
instead of reporting to Goering and

205  
00:11:17,420 --> 00:11:13,410  
Hitler wound up reporting to Allen

206  
00:11:20,180 --> 00:11:17,430  
Dulles and two to Truman does it really

207  
00:11:22,820 --> 00:11:20,190  
matter what side you're on dit just got

208  
00:11:26,060 --> 00:11:22,830  
a bunch of boys playing these games and

209  
00:11:29,630 --> 00:11:26,070  
people get killed anyway dangerous games

210  
00:11:32,450 --> 00:11:29,640  
yeah yeah Fareed but just for the

211  
00:11:36,620 --> 00:11:32,460  
information or some of our younger

212  
00:11:41,240 --> 00:11:36,630  
listeners I'll what exactly was dr.

213  
00:11:44,450 --> 00:11:41,250

Mengele up to mmm well or what we see ya

214

00:11:46,670 --> 00:11:44,460

hot up to that they have you know one of

215

00:11:50,360 --> 00:11:46,680

the things that got me interested in

216

00:11:54,010 --> 00:11:50,370

writing that dark angel this Jack Manton

217

00:11:58,880 --> 00:11:54,020

book was a conversation I had with a

218

00:12:00,650 --> 00:11:58,890

colleague in Germany and we had our

219

00:12:03,440 --> 00:12:00,660

glass of beer we're just talking about

220

00:12:06,650 --> 00:12:03,450

post-world war two in America this and

221

00:12:08,720 --> 00:12:06,660

that and the subject of a Dolf Hitler

222

00:12:12,590 --> 00:12:08,730

came up and he made a chilling statement

223

00:12:15,350 --> 00:12:12,600

he said Adolf Hitler wasn't wrong he was

224

00:12:17,510 --> 00:12:15,360

just ahead of his time oh and then he

225

00:12:20,570 --> 00:12:17,520

went on to talk about genetic

226

00:12:22,940 --> 00:12:20,580

engineering he had the idea of designer

227

00:12:28,400 --> 00:12:22,950

children which we talk about now the

228

00:12:31,730 --> 00:12:28,410

idea of all right perfecting a nature so

229

00:12:33,770 --> 00:12:31,740

that prior to this scientist would look

230

00:12:35,960 --> 00:12:33,780

at the environment and try to change it

231

00:12:40,280 --> 00:12:35,970

you know how do you get more food how do

232

00:12:43,160 --> 00:12:40,290

you you know have have a situation with

233

00:12:46,040 --> 00:12:43,170

his more water recycling water external

234

00:12:48,350 --> 00:12:46,050

things but now what they turn to is what

235

00:12:52,010 --> 00:12:48,360

Mengele was working on which is making

236

00:12:54,230 --> 00:12:52,020

better in quote human beings through

237

00:12:57,920 --> 00:12:54,240

radical evolution through accelerated

238

00:13:02,510 --> 00:12:57,930

evolution and human engineered people

239

00:13:05,530 --> 00:13:02,520

but he had some very dark projects there

240

00:13:09,470 --> 00:13:05,540

oh absolutely he experimented on

241

00:13:11,090 --> 00:13:09,480

thousands of humans sometimes to just to

242

00:13:15,470 --> 00:13:11,100

see at what temperature blood would

243

00:13:19,060 --> 00:13:15,480

freeze you know so these experiments

244

00:13:21,730 --> 00:13:19,070

were horrendous and the idea was to

245

00:13:26,110 --> 00:13:21,740

for example change brown-eyed people to

246

00:13:28,180 --> 00:13:26,120

blue eyed people look at longevity look

247

00:13:31,000 --> 00:13:28,190

at at and this is where the idea of

248

00:13:34,990 --> 00:13:31,010

super soldiers or transhumans come comes

249

00:13:39,040 --> 00:13:35,000

in to make a soldier that did not need

250

00:13:41,560 --> 00:13:39,050

to sleep eat or even drink water for

251  
00:13:44,290 --> 00:13:41,570  
long periods of time that maybe it was

252  
00:13:47,980 --> 00:13:44,300  
immune to pain so at the end these

253  
00:13:50,920 --> 00:13:47,990  
transhumans could be smarter more agile

254  
00:13:54,100 --> 00:13:50,930  
more athletic have incredible endurance

255  
00:13:56,350 --> 00:13:54,110  
and strength and be able to operate with

256  
00:13:59,020 --> 00:13:56,360  
no remorse whatsoever through behavioral

257  
00:14:01,060 --> 00:13:59,030  
techniques so that they really became

258  
00:14:03,970 --> 00:14:01,070  
what the Nazis called in Mengele called

259  
00:14:06,550 --> 00:14:03,980  
slaughter machines they'd be dropped

260  
00:14:09,610 --> 00:14:06,560  
behind enemy lines and they would just

261  
00:14:13,000 --> 00:14:09,620  
kill at anything in sight for days on

262  
00:14:15,730 --> 00:14:13,010  
end and then terminate Wow well they

263  
00:14:20,770 --> 00:14:15,740

never invented Saints though did they

264

00:14:23,020 --> 00:14:20,780

just these soldiers no yo doesn't seem

265

00:14:25,900 --> 00:14:23,030

to work that way I'm afraid I'll what's

266

00:14:28,780 --> 00:14:25,910

really scary I and I'm not totally

267

00:14:33,610 --> 00:14:28,790

familiar with it but this new technique

268

00:14:37,180 --> 00:14:33,620

of crisper where you can essentially cut

269

00:14:39,670 --> 00:14:37,190

and paste DNA segments and it does not

270

00:14:43,240 --> 00:14:39,680

require sophisticated laboratory

271

00:14:46,690 --> 00:14:43,250

equipment little startup firms can do

272

00:14:50,170 --> 00:14:46,700

this and so little startup nut jobs can

273

00:14:53,650 --> 00:14:50,180

be making transhumans in Topeka Kansas

274

00:14:56,200 --> 00:14:53,660

for all we know absolutely your book is

275

00:14:58,060 --> 00:14:56,210

right on that money it really is and

276

00:15:00,610 --> 00:14:58,070

actually it's called DNA splicing at

277

00:15:04,690 --> 00:15:00,620

crisprers walk but also DNA splicing yeah

278

00:15:07,480 --> 00:15:04,700

and as a result you can create designer

279

00:15:09,550 --> 00:15:07,490

children for example you know children

280

00:15:11,710 --> 00:15:09,560

that are more athletic than they would

281

00:15:14,410 --> 00:15:11,720

be normally well children that maybe

282

00:15:16,480 --> 00:15:14,420

have more intellectual capacity this is

283

00:15:18,730 --> 00:15:16,490

sorry you can actually design human

284

00:15:22,780 --> 00:15:18,740

beings wow this has been going on for

285

00:15:30,160 --> 00:15:22,790

years I used to entertain from time to

286

00:15:32,830 --> 00:15:30,170

time for a holiday party with Japanese

287

00:15:35,380 --> 00:15:32,840

children these children were

288

00:15:38,380 --> 00:15:35,390

are the children of parents who had come

289

00:15:41,530 --> 00:15:38,390

from Japan to work for a particular Bank

290

00:15:43,990 --> 00:15:41,540

and what I would be doing would be I

291

00:15:46,870 --> 00:15:44,000

would be face painting or doing things

292

00:15:50,230 --> 00:15:46,880

that would primarily interest the girls

293

00:15:53,080 --> 00:15:50,240

and my partner in crime would come in

294

00:15:55,570 --> 00:15:53,090

and do things like juggling and top

295

00:15:58,390 --> 00:15:55,580

spinning and rope spinning that would

296

00:16:00,430 --> 00:15:58,400

primarily interest the boys now there

297

00:16:02,740 --> 00:16:00,440

was some crossover and lots of little

298

00:16:06,300 --> 00:16:02,750

Japanese boys got their face painted and

299

00:16:10,570 --> 00:16:06,310

lots of girls learn to spin ropes but um

300

00:16:12,840 --> 00:16:10,580

we would be hired by this concern every

301

00:16:15,310 --> 00:16:12,850

three years or so so that they could

302

00:16:17,080 --> 00:16:15,320

have different people appear to have

303

00:16:19,240 --> 00:16:17,090

different people every year because by

304

00:16:21,100 --> 00:16:19,250

the time three years went by either the

305

00:16:22,900 --> 00:16:21,110

children had grown up a bit and

306

00:16:25,000 --> 00:16:22,910

forgotten or there would be a different

307

00:16:28,350 --> 00:16:25,010

crop of children from Japan because

308

00:16:30,910 --> 00:16:28,360

these were temporary workers at the

309

00:16:35,080 --> 00:16:30,920

temporary in the United States at least

310

00:16:37,300 --> 00:16:35,090

well after about three cycles I was no

311

00:16:40,720 --> 00:16:37,310

longer needed because there were no more

312

00:16:43,020 --> 00:16:40,730

girl children there were only boy

313

00:16:46,990 --> 00:16:43,030

children there may be two girls and

314

00:16:51,130 --> 00:16:47,000

forty boys why because the parents had

315

00:16:53,680 --> 00:16:51,140

selected to have a male child yeah

316

00:16:57,570 --> 00:16:53,690

it's it's really are quite astounding and

317

00:17:00,400 --> 00:16:57,580

and not only in terms of just the the

318

00:17:02,380 --> 00:17:00,410

concept of super soldiers and designer

319

00:17:04,390 --> 00:17:02,390

children but really in terms of a

320

00:17:06,370 --> 00:17:04,400

society it's clear to me and this is

321

00:17:09,040 --> 00:17:06,380

already happening that there will be

322

00:17:12,610 --> 00:17:09,050

enhanced humans and natural there'll be

323

00:17:14,830 --> 00:17:12,620

two classes of people and the enhanced

324

00:17:18,880 --> 00:17:14,840

will obviously come from well-to-do

325

00:17:21,430 --> 00:17:18,890

backgrounds and they will be enhanced in

326

00:17:24,220 --> 00:17:21,440

many ways intellectually physically etc

327

00:17:26,260 --> 00:17:24,230

and the naturals will be like sort of

328

00:17:27,790 --> 00:17:26,270

drones people that are just normal

329

00:17:30,400 --> 00:17:27,800

people that don't have these

330

00:17:32,650 --> 00:17:30,410

enhancements or access to them so you

331

00:17:35,650 --> 00:17:32,660

could really see where we talk about one

332

00:17:42,490 --> 00:17:35,660

percent which may or may not be a you

333

00:17:44,890 --> 00:17:42,500

know a a very relevant phrase these days

334

00:17:45,549 --> 00:17:44,900

but I think the one percent going in the

335

00:17:47,529 --> 00:17:45,559

future

336

00:17:50,409 --> 00:17:47,539

won't have to be won't be about how much

337

00:17:52,749 --> 00:17:50,419

money you make it'll be about what you

338

00:17:55,960 --> 00:17:52,759

are whether you're enhanced or not and

339

00:17:59,169 --> 00:17:55,970

the one percent clearly will live in a

340

00:18:02,919 --> 00:17:59,179

world a virtual world almost that that's

341

00:18:06,430 --> 00:18:02,929

clearly different better and far above

342

00:18:08,919 --> 00:18:06,440

or inaccessible to the other 99 percent

343

00:18:12,730 --> 00:18:08,929

would you say this is a break away

344

00:18:16,570 --> 00:18:12,740

society you know frankly I think it's

345

00:18:20,169 --> 00:18:16,580

already a breakaway society okay well

346

00:18:25,659 --> 00:18:20,179

moving on to the next question having to

347

00:18:29,409 --> 00:18:25,669

do with the Forrestal situation you had

348

00:18:32,049 --> 00:18:29,419

done some research on that and it's a

349

00:18:37,960 --> 00:18:32,059

very interesting situation involving

350

00:18:43,060 --> 00:18:37,970

this fellow who was a long time a higher

351

00:18:46,169 --> 00:18:43,070

up in the Navy was it and he was working

352

00:18:50,080 --> 00:18:46,179

with Truman and then suddenly he was

353

00:18:51,789 --> 00:18:50,090

dead have having been thrown out or

354

00:18:54,159 --> 00:18:51,799

jumping out the window what did you

355

00:18:58,269 --> 00:18:54,169

aside this it was a suicide yeah that's

356

00:19:00,489 --> 00:18:58,279

right morrisville yeah actually the

357

00:19:03,730 --> 00:19:00,499

Forrestal campus at Princeton University

358

00:19:06,249 --> 00:19:03,740

is where the experiment in my book take

359

00:19:10,539 --> 00:19:06,259

place and these experiments that deal

360

00:19:14,289 --> 00:19:10,549

with cloning with well basically they

361

00:19:16,419 --> 00:19:14,299

call it green g Rin technologies and

362

00:19:19,950 --> 00:19:16,429

that that would be genetic engineering

363

00:19:22,659 --> 00:19:19,960

robotics artificial intelligence and

364

00:19:25,659 --> 00:19:22,669

nanotechnology so basically what they're

365

00:19:29,019 --> 00:19:25,669

working on is merging these these green

366

00:19:31,419 --> 00:19:29,029

technologies with memories with bodies

367

00:19:34,600 --> 00:19:31,429

and metabolisms even with personalities

368

00:19:37,139 --> 00:19:34,610

and progeny to create radical evolution

369

00:19:40,119 --> 00:19:37,149

they call it high-risk high-reward

370

00:19:42,700 --> 00:19:40,129

experimentation it's done by DARPA and

371

00:19:45,970 --> 00:19:42,710

this is a real thing this is not fiction

372

00:19:49,600 --> 00:19:45,980

dr. is the real thing but so is his

373

00:19:53,619 --> 00:19:49,610

research exactly yeah and and basically

374

00:19:56,499 --> 00:19:53,629

DARPA was started by which is defense

375

00:19:57,180 --> 00:19:56,509

advanced research projects agency under

376

00:19:59,760 --> 00:19:57,190

the depart

377

00:20:02,820 --> 00:19:59,770

defense was started by eisenhower

378

00:20:05,430 --> 00:20:02,830

post-world war two to keep the United

379

00:20:08,610 --> 00:20:05,440

States weaponry and technology for

380

00:20:11,550 --> 00:20:08,620

weaponry one full generation ahead of

381

00:20:14,700 --> 00:20:11,560

our nearest competitor so he could only

382

00:20:16,800 --> 00:20:14,710

imagine what kinds of things they would

383

00:20:20,390 --> 00:20:16,810

be working on but certainly the idea of

384

00:20:22,680 --> 00:20:20,400

super soldiers is not only something

385

00:20:25,490 --> 00:20:22,690

they're working on it's something that

386

00:20:28,470 --> 00:20:25,500

clearly has happened and I have some

387

00:20:30,900 --> 00:20:28,480

information from a book I wrote prior to

388

00:20:32,400 --> 00:20:30,910

this called the privacy war and some

389

00:20:34,290 --> 00:20:32,410

documents that came to me through a

390

00:20:36,420 --> 00:20:34,300

congressman that headed up the committee

391

00:20:39,540 --> 00:20:36,430

his name was Neil Gallagher about

392

00:20:42,750 --> 00:20:39,550

operation Phoenix where soldiers were

393

00:20:45,650 --> 00:20:42,760

dropped behind enemy lines they had used

394

00:20:49,260 --> 00:20:45,660

behavioral modification techniques and

395

00:20:52,950 --> 00:20:49,270

drugs a cocktail of drugs called the

396

00:20:55,710 --> 00:20:52,960

Green Hornet and basically these were in

397

00:20:57,450 --> 00:20:55,720

feta means and knob and combinations of

398

00:21:01,140 --> 00:20:57,460

other drugs actually have a list of them

399

00:21:03,990 --> 00:21:01,150

and Anton testimony from the committee

400

00:21:05,850 --> 00:21:04,000

by some of the soldiers involved had no

401  
00:21:07,620 --> 00:21:05,860  
memories of the atrocities they

402  
00:21:10,590 --> 00:21:07,630  
committed but basically they were given

403  
00:21:12,900 --> 00:21:10,600  
index cards with the names of families

404  
00:21:15,660 --> 00:21:12,910  
and they go into that were supposedly

405  
00:21:18,240 --> 00:21:15,670  
viacom and they've assassinate him in

406  
00:21:20,520 --> 00:21:18,250  
the most brutal ways and this would go

407  
00:21:22,740 --> 00:21:20,530  
on for days at a time and then they'd be

408  
00:21:25,080 --> 00:21:22,750  
picked up again and brought back but

409  
00:21:27,930 --> 00:21:25,090  
literally they could operate for days at

410  
00:21:30,630 --> 00:21:27,940  
a time with no need for food water sleep

411  
00:21:32,640 --> 00:21:30,640  
and they literally be killing machines

412  
00:21:35,730 --> 00:21:32,650  
it was cold operation Phoenix and it's

413  
00:21:39,600 --> 00:21:35,740

very well documented okay well that is

414

00:21:44,580 --> 00:21:39,610

very interesting nor tax dollars at work

415

00:21:47,910 --> 00:21:44,590

your tax dollars at work indeed had you

416

00:21:53,760 --> 00:21:47,920

read the men who stare at goats by jon

417

00:21:55,830 --> 00:21:53,770

ronson [h\_\_h] and Jim Channon and that his

418

00:21:58,560 --> 00:21:55,840

whole crew yeah yeah I did as a matter

419

00:22:00,720 --> 00:21:58,570

of fact one of the really good books on

420

00:22:02,490 --> 00:22:00,730

that which it just scrapes the surface

421

00:22:05,580 --> 00:22:02,500

was called in search of the manchurian

422

00:22:07,920 --> 00:22:05,590

candidate and you know that has a lot of

423

00:22:09,149 --> 00:22:07,930

the things that went on in the 60s but

424

00:22:11,999 --> 00:22:09,159

again if you think

425

00:22:15,060 --> 00:22:12,009

people just basic you know a woman goes

426  
00:22:19,440 --> 00:22:15,070  
into McGill University Hospital in

427  
00:22:22,589 --> 00:22:19,450  
Canada for for you know depression and

428  
00:22:25,589 --> 00:22:22,599  
winds up in some kind of a sleep

429  
00:22:28,080 --> 00:22:25,599  
deprivation chamber for 40 days on LSD

430  
00:22:29,879 --> 00:22:28,090  
you know like this is the kind of thing

431  
00:22:31,619 --> 00:22:29,889  
that was going on I mean people had to

432  
00:22:34,409 --> 00:22:31,629  
be toilet trained after these

433  
00:22:37,589 --> 00:22:34,419  
experiments in brainwashing wiping mines

434  
00:22:40,259 --> 00:22:37,599  
clean and implanting memories that's

435  
00:22:42,450 --> 00:22:40,269  
very done interests of military purposes

436  
00:22:46,259 --> 00:22:42,460  
of course that part is really

437  
00:22:49,769 --> 00:22:46,269  
interesting in terms of what some people

438  
00:22:53,279 --> 00:22:49,779

have talked about involving UFOs that

439

00:22:56,460 --> 00:22:53,289

some of the things that have been seen

440

00:22:58,580 --> 00:22:56,470

are not extraterrestrial visitors or

441

00:23:01,950 --> 00:22:58,590

interdimensional visitors but rather

442

00:23:04,529 --> 00:23:01,960

government programs where false memories

443

00:23:06,989 --> 00:23:04,539

have been inserted into people what's

444

00:23:09,589 --> 00:23:06,999

your take on that I think it's entirely

445

00:23:12,299 --> 00:23:09,599

possible and not not only possible but

446

00:23:13,919 --> 00:23:12,309

not not even probable I I mean I think

447

00:23:16,950 --> 00:23:13,929

you can probably say these things with

448

00:23:18,330 --> 00:23:16,960

some some real search certitude yeah as

449

00:23:20,099 --> 00:23:18,340

a matter of fact maybe they would

450

00:23:23,310 --> 00:23:20,109

interest you but I do have a document

451  
00:23:26,479 --> 00:23:23,320  
that I could read to you from one of the

452  
00:23:28,440 --> 00:23:26,489  
participants in operation Phoenix from

453  
00:23:31,349 --> 00:23:28,450  
1966 would you like to hear something

454  
00:23:33,749 --> 00:23:31,359  
yes go for it a standard equipment most

455  
00:23:36,779 --> 00:23:33,759  
of us carried hush puppies a mark 22

456  
00:23:39,359 --> 00:23:36,789  
model Oh which used 9-millimeter ammo

457  
00:23:42,180 --> 00:23:39,369  
and had a five inch barrel equipped with

458  
00:23:44,129 --> 00:23:42,190  
silencer the weapon along with the fact

459  
00:23:46,710 --> 00:23:44,139  
that each of us could kill with our hand

460  
00:23:49,379 --> 00:23:46,720  
at only one other thing in common we

461  
00:23:51,719 --> 00:23:49,389  
were insane the most important element

462  
00:23:53,519 --> 00:23:51,729  
of the program aside from the men where

463  
00:23:56,219 --> 00:23:53,529

the drugs supplied by the local case

464

00:23:58,830 --> 00:23:56,229

manager that kept us awake for days at a

465

00:24:00,989 --> 00:23:58,840

time erase the deeds committed from the

466

00:24:03,210 --> 00:24:00,999

mind and allowed peace to enter the soul

467

00:24:05,099 --> 00:24:03,220

at least for time it was called the

468

00:24:07,200 --> 00:24:05,109

Green Hornet a capsule containing a

469

00:24:09,810 --> 00:24:07,210

mixture of Benjamin an amphetamine which

470

00:24:12,719 --> 00:24:09,820

stimulated the central nervous system

471

00:24:15,539 --> 00:24:12,729

dexa milla synthetic steroid that

472

00:24:18,599 --> 00:24:15,549

stimulated the adrenal glands which made

473

00:24:20,509 --> 00:24:18,609

a man superhuman and reserpine commonly

474

00:24:22,940 --> 00:24:20,519

used to treat high blood pressure

475

00:24:25,009 --> 00:24:22,950

and mental patients The Green Hornet

476

00:24:27,440 --> 00:24:25,019

that Jones described was Kate was a

477

00:24:29,449 --> 00:24:27,450

capsule that quote caused Amanda act

478

00:24:31,549 --> 00:24:29,459

faster than normal he could feel his

479

00:24:33,979 --> 00:24:31,559

heart speed up his head would throb and

480

00:24:36,409 --> 00:24:33,989

it felt as if the brain was actually

481

00:24:38,810 --> 00:24:36,419

growing it gave the man his own personal

482

00:24:41,479 --> 00:24:38,820

radar and his senses were fine-tuned to

483

00:24:43,639 --> 00:24:41,489

an extreme pitch every nerve ending was

484

00:24:45,889 --> 00:24:43,649

sensitive to sound sight and smell and

485

00:24:48,440 --> 00:24:45,899

it seemed as if a receiver was in the

486

00:24:50,810 --> 00:24:48,450

brain put all this together a man could

487

00:24:52,729 --> 00:24:50,820

stay awake for days fight function and

488

00:24:57,199 --> 00:24:52,739

not lose his mind that come from

489

00:25:00,139 --> 00:24:57,209

congressional testimony wow it's I don't

490

00:25:04,669 --> 00:25:00,149

understand why people spend so much time

491

00:25:06,319 --> 00:25:04,679

on money making ways to kill well you

492

00:25:08,449 --> 00:25:06,329

know Albert Einstein had a great quote

493

00:25:10,909 --> 00:25:08,459

about that he said giving technology to

494

00:25:13,999 --> 00:25:10,919

generals is like giving an axe to a

495

00:25:16,879 --> 00:25:14,009

serial killer that's a good thing I had

496

00:25:21,709 --> 00:25:16,889

not heard that one before but that's

497

00:25:23,769 --> 00:25:21,719

excellent that's really good so um how

498

00:25:26,810 --> 00:25:23,779

do you come down on the Forrestal

499

00:25:28,819 --> 00:25:26,820

incident um well there's a lot of you

500

00:25:31,069 --> 00:25:28,829

know speculation of what he knew or what

501  
00:25:35,479 --> 00:25:31,079  
he saw some say that he was involved

502  
00:25:39,589 --> 00:25:35,489  
with the UFOs and actually with a alien

503  
00:25:43,299 --> 00:25:39,599  
being that had been had been captured or

504  
00:25:45,979 --> 00:25:43,309  
rescued from the Roswell incident

505  
00:25:48,169 --> 00:25:45,989  
whether this is true or not I don't know

506  
00:25:51,229 --> 00:25:48,179  
but clearly this was somebody with a lot

507  
00:25:53,269 --> 00:25:51,239  
on his mind and at that time as my

508  
00:25:55,479 --> 00:25:53,279  
friend Neil Gallagher the congressman

509  
00:25:58,069 --> 00:25:55,489  
who ran the privacy committees found out

510  
00:26:01,549 --> 00:25:58,079  
there was all kinds of experimentation

511  
00:26:03,529 --> 00:26:01,559  
going on on human beings unknown to them

512  
00:26:05,209 --> 00:26:03,539  
sometimes grammar school children that

513  
00:26:07,579 --> 00:26:05,219

were given drugs half the class were

514

00:26:09,589 --> 00:26:07,589

given a drug half the class wasn't as a

515

00:26:12,019 --> 00:26:09,599

control group to see how their grades

516

00:26:14,749 --> 00:26:12,029

came up they call them smart pills at

517

00:26:17,419 --> 00:26:14,759

the time things like that things that

518

00:26:20,779 --> 00:26:17,429

were clear violations of any human

519

00:26:24,169 --> 00:26:20,789

rights or our constitutional right and

520

00:26:25,639 --> 00:26:24,179

so these are really documented things at

521

00:26:27,649 --> 00:26:25,649

this stage of the game you know

522

00:26:29,959 --> 00:26:27,659

assassinations in the church committee

523

00:26:32,629 --> 00:26:29,969

you know for example in the late

524

00:26:33,250 --> 00:26:32,639

seventies contradicted the Warren

525

00:26:35,170 --> 00:26:33,260

committee

526

00:26:37,480 --> 00:26:35,180

you know assassinations and we were just

527

00:26:39,190 --> 00:26:37,490

killing people we were experimenting on

528

00:26:41,830 --> 00:26:39,200

people killing people it was just

529

00:26:43,930 --> 00:26:41,840

absolutely you know a bizarre time in

530

00:26:45,510 --> 00:26:43,940

American history and I don't think it's

531

00:26:48,960 --> 00:26:45,520

changed I think it's just become

532

00:26:53,140 --> 00:26:48,970

institutionalized and gone very dark

533

00:26:55,650 --> 00:26:53,150

exactly what bothers me occasionally you

534

00:26:59,110 --> 00:26:55,660

read in the news about a very private

535

00:27:01,210 --> 00:26:59,120

individual doing a berserk act about a

536

00:27:04,870 --> 00:27:01,220

year and a half ago there was a woman

537

00:27:08,680 --> 00:27:04,880

with a her son I belong in the car right

538

00:27:10,600 --> 00:27:08,690

and she'd rammed the White House I tried

539

00:27:12,940 --> 00:27:10,610

to kill the president and it was

540

00:27:15,850 --> 00:27:12,950

completely out of character I have

541

00:27:19,180 --> 00:27:15,860

nowhere you know what if these people

542

00:27:21,880 --> 00:27:19,190

are being trouble or not obviously not

543

00:27:24,310 --> 00:27:21,890

not not that they know about because

544

00:27:27,400 --> 00:27:24,320

you'll hear about it here and there this

545

00:27:30,610 --> 00:27:27,410

is bizarre incidents well the Unabomber

546

00:27:32,980 --> 00:27:30,620

I was a good example of that he was one

547

00:27:37,030 --> 00:27:32,990

of six people at Harvard that was being

548

00:27:40,090 --> 00:27:37,040

paid to you know undergo experiments and

549

00:27:41,590 --> 00:27:40,100

testing on drugs etc I think of the six

550

00:27:45,130 --> 00:27:41,600

and there's a book on it pulled the

551  
00:27:47,020 --> 00:27:45,140  
Unabomber and Harvard and basically I

552  
00:27:49,420 --> 00:27:47,030  
think five of the six either wound up

553  
00:27:53,790 --> 00:27:49,430  
committing suicide or doing some some

554  
00:27:57,820 --> 00:27:53,800  
being a violent act I think one survives

555  
00:28:01,060 --> 00:27:57,830  
so Ashley darkangel start with Jack

556  
00:28:06,070 --> 00:28:01,070  
Matson going to Princeton University at

557  
00:28:08,080 --> 00:28:06,080  
the behest of parent whose daughter has

558  
00:28:10,000 --> 00:28:08,090  
jumped off a building and committed

559  
00:28:12,730 --> 00:28:10,010  
suicide they can't understand why she

560  
00:28:15,250 --> 00:28:12,740  
would commit a suicide clearly she did

561  
00:28:17,980 --> 00:28:15,260  
and Madison verifies with the police

562  
00:28:20,710 --> 00:28:17,990  
find that it was suicide but what he can

563  
00:28:23,350 --> 00:28:20,720

never understand is why right once he

564

00:28:25,990 --> 00:28:23,360

starts investigating the question why is

565

00:28:28,720 --> 00:28:26,000

when he starts to come upon these black

566

00:28:32,440 --> 00:28:28,730

projects it's called mayhem which is

567

00:28:37,830 --> 00:28:32,450

going on below forestville campus in

568

00:28:41,740 --> 00:28:37,840

secret laboratories run by DARPA well I

569

00:28:43,630 --> 00:28:41,750

wonder how much in this story you

570

00:28:46,390 --> 00:28:43,640

borrowed there from the Forrestal

571

00:28:46,870 --> 00:28:46,400

incident because immediately when I was

572

00:28:49,690 --> 00:28:46,880

read

573

00:28:52,180 --> 00:28:49,700

about the young girl committing suicide

574

00:28:56,220 --> 00:28:52,190

and having no reason i thought about

575

00:29:00,010 --> 00:28:56,230

forest all right there and also the

576

00:29:03,190 --> 00:29:00,020

suicide rate at princeton you have down

577

00:29:06,190 --> 00:29:03,200

there as being the highest among the Ivy

578

00:29:08,680 --> 00:29:06,200

League colleges which is fine to write

579

00:29:10,780 --> 00:29:08,690

that I mean that's the shirt that's me

580

00:29:13,540 --> 00:29:10,790

that is it really i always thought it

581

00:29:16,600 --> 00:29:13,550

was Cornell was a matter of fact the

582

00:29:18,430 --> 00:29:16,610

heart rate was so high that above the

583

00:29:20,590 --> 00:29:18,440

second floor they hasp all the windows

584

00:29:23,290 --> 00:29:20,600

so they can't open all the way at

585

00:29:26,200 --> 00:29:23,300

Princeton that's correct oh wow I had

586

00:29:29,590 --> 00:29:26,210

always thought that it was for now

587

00:29:33,730 --> 00:29:29,600

because of the gorge and I was just so

588

00:29:38,470 --> 00:29:33,740

competitive and cold yeah well you know

589

00:29:40,960 --> 00:29:38,480

I guess many of those universities

590

00:29:43,360 --> 00:29:40,970

particularly Ivy League you know it's

591

00:29:45,760 --> 00:29:43,370

just so competitive it gets gets into

592

00:29:48,160 --> 00:29:45,770

sort of a surreal world I think but I

593

00:29:49,720 --> 00:29:48,170

don't think they put suicide rates on

594

00:29:51,370 --> 00:29:49,730

their brochures no I don't think so

595

00:29:55,960 --> 00:29:51,380

either of the fact that they put hasps

596

00:29:59,050 --> 00:29:55,970

on the windows yeah well having you know

597

00:30:01,960 --> 00:29:59,060

gone with a child to both Princeton and

598

00:30:04,900 --> 00:30:01,970

Cornell and a number of other Ivy League

599

00:30:07,870 --> 00:30:04,910

institutions I could just feel it at

600

00:30:11,320 --> 00:30:07,880

Cornell where a difference and I was it

601  
00:30:18,070 --> 00:30:11,330  
I I didn't feel that that much so um

602  
00:30:23,890 --> 00:30:18,080  
moving on uh how how much did you study

603  
00:30:27,550 --> 00:30:23,900  
about the prevalence of these former

604  
00:30:30,610 --> 00:30:27,560  
Nazis in this country are quite a bit

605  
00:30:32,440 --> 00:30:30,620  
and as a matter of fact you know I was

606  
00:30:35,170 --> 00:30:32,450  
going to Germany on business once a

607  
00:30:37,540 --> 00:30:35,180  
month for about 15 years so I actually

608  
00:30:41,710 --> 00:30:37,550  
went to the former SS headquarters in

609  
00:30:44,920 --> 00:30:41,720  
Northwest filia in weasel wheelersburg

610  
00:30:46,720 --> 00:30:44,930  
and Germany and there's really a lot to

611  
00:30:50,470 --> 00:30:46,730  
be learned from all of that but then

612  
00:30:55,330 --> 00:30:50,480  
there was a lot of satanic cult things

613  
00:30:58,270 --> 00:30:55,340

going on there and a lot of the Nazi way

614

00:30:59,580 --> 00:30:58,280

of doing things the SS way of doing

615

00:31:02,220 --> 00:30:59,590

things whether it

616

00:31:05,899 --> 00:31:02,230

had to do with medical medicine medical

617

00:31:08,990 --> 00:31:05,909

practices whether it had to do with

618

00:31:12,000 --> 00:31:09,000

eugenics whether it had to do with

619

00:31:16,080 --> 00:31:12,010

intelligence operations really

620

00:31:18,180 --> 00:31:16,090

influenced the CIA and in my view people

621

00:31:19,320 --> 00:31:18,190

say well many people feel like the

622

00:31:22,950 --> 00:31:19,330

United States took a wrong turn

623

00:31:24,750 --> 00:31:22,960

somewhere well if I had a place in

624

00:31:27,120 --> 00:31:24,760

history to say where the United States

625

00:31:29,279 --> 00:31:27,130

took a wrong turn it was getting in

626

00:31:31,980 --> 00:31:29,289

league with the SS and the Nazis after

627

00:31:37,460 --> 00:31:31,990

post after World War two because I think

628

00:31:40,529 --> 00:31:37,470

it it changed the the philosophy of

629

00:31:42,990 --> 00:31:40,539

intelligence agencies to again where

630

00:31:45,480 --> 00:31:43,000

assassinations were okay and a lot of

631

00:31:48,299 --> 00:31:45,490

the things that the Nazis were doing we

632

00:31:52,830 --> 00:31:48,309

just sort of inculcated into our own

633

00:31:56,340 --> 00:31:52,840

playbook with human experimentation well

634

00:31:58,230 --> 00:31:56,350

and they also invented propaganda and we

635

00:32:01,320 --> 00:31:58,240

see that now in all the political

636

00:32:05,669 --> 00:32:01,330

campaigns tell a lie often enough and

637

00:32:07,409 --> 00:32:05,679

big enough and and then you get well

638

00:32:09,210 --> 00:32:07,419

never mind we won't get into politics

639

00:32:10,500 --> 00:32:09,220

nobody but I wouldn't say this I think

640

00:32:12,659 --> 00:32:10,510

this is that that's a very good point

641

00:32:16,409 --> 00:32:12,669

because I would say if there's a

642

00:32:19,380 --> 00:32:16,419

question that that people at least that

643

00:32:21,419 --> 00:32:19,390

have some sense of history ask is what

644

00:32:23,820 --> 00:32:21,429

is the truth because it's like

645

00:32:27,630 --> 00:32:23,830

baskin-robbins these days yeah we which

646

00:32:30,210 --> 00:32:27,640

truths would you lie and speaking of

647

00:32:33,590 --> 00:32:30,220

history we should make a note and a

648

00:32:39,210 --> 00:32:33,600

thank you to all those people that died

649

00:32:44,580 --> 00:32:39,220

back in 1944 on jun 6 now which was

650

00:32:47,450 --> 00:32:44,590

d-day and so it seems a shame that a lot

651  
00:32:49,799 --> 00:32:47,460  
of these people that died on both sides

652  
00:32:52,710 --> 00:32:49,809  
really felt they were doing the right

653  
00:32:55,350 --> 00:32:52,720  
thing and forwarding human progress and

654  
00:32:58,260 --> 00:32:55,360  
I agree with you in your book that what

655  
00:33:01,590 --> 00:32:58,270  
they were really doing was forwarding

656  
00:33:05,220 --> 00:33:01,600  
sort of like a sort of a forward guard

657  
00:33:08,220 --> 00:33:05,230  
for creatures like dark angel mm-hmm

658  
00:33:11,010 --> 00:33:08,230  
making the world safe for conspiracies

659  
00:33:14,670 --> 00:33:11,020  
and I also think what are the

660  
00:33:17,160 --> 00:33:14,680  
powerful things about dark angel is that

661  
00:33:21,630 --> 00:33:17,170  
that really ultimately what Jack Matson

662  
00:33:25,460 --> 00:33:21,640  
stumbles on to is is an attempt to

663  
00:33:28,500 --> 00:33:25,470

recreate a Fourth Reich ah and basically

664

00:33:31,170 --> 00:33:28,510

this is not science fiction I mean this

665

00:33:35,010 --> 00:33:31,180

is not crazy I mean you had Daisy this

666

00:33:39,500 --> 00:33:35,020

sheep clone you know back what 40 years

667

00:33:42,210 --> 00:33:39,510

ago almost I would bet my house that

668

00:33:44,610 --> 00:33:42,220

there's a number of countries that have

669

00:33:47,430 --> 00:33:44,620

cloned human beings yeah a number of

670

00:33:52,050 --> 00:33:47,440

countries you know I your pet cloned in

671

00:33:56,060 --> 00:33:52,060

China it's amazing and then so so I

672

00:33:59,550 --> 00:33:56,070

think that this sort of idea of

673

00:34:02,850 --> 00:33:59,560

transhumans is is not only here it's

674

00:34:05,850 --> 00:34:02,860

almost irrevocably here it's part of our

675

00:34:07,350 --> 00:34:05,860

culture if you look at even my son that

676

00:34:09,600 --> 00:34:07,360

are watching just for lack of anything

677

00:34:11,760 --> 00:34:09,610

else to watch weightlifters you know it

678

00:34:14,730 --> 00:34:11,770

just sort of channel surfing and so

679

00:34:16,710 --> 00:34:14,740

these people were so freakish mm-hmm but

680

00:34:18,870 --> 00:34:16,720

no offense against weightless lifters

681

00:34:20,639 --> 00:34:18,880

per se but but these guys are clearly

682

00:34:22,530 --> 00:34:20,649

and they'll tell you you know that

683

00:34:25,919 --> 00:34:22,540

they're on all kinds of steroids all

684

00:34:29,460 --> 00:34:25,929

kinds of doping chemistry's etc and

685

00:34:31,500 --> 00:34:29,470

really they are transhumans yeah because

686

00:34:33,690 --> 00:34:31,510

you people are not don't look like that

687

00:34:35,430 --> 00:34:33,700

people don't have back sides that are

688

00:34:39,180 --> 00:34:35,440

you know the size of a melon and

689

00:34:41,490 --> 00:34:39,190

shoulders the width of a car the human

690

00:34:43,590 --> 00:34:41,500

beings aren't built that way so really

691

00:34:46,560 --> 00:34:43,600

walking among us right now whether it's

692

00:34:49,139 --> 00:34:46,570

Mark McGwire or Lance Armstrong or

693

00:34:51,030 --> 00:34:49,149

Arnold Schwarzenegger really are trans

694

00:34:55,919 --> 00:34:51,040

humans that were all very well aware of

695

00:34:59,400 --> 00:34:55,929

that is interesting and remarkable on a

696

00:35:03,240 --> 00:34:59,410

certain level but what sort of gets me

697

00:35:06,840 --> 00:35:03,250

more is this whole part about erasing

698

00:35:09,890 --> 00:35:06,850

memories and placing in new ones and all

699

00:35:14,040 --> 00:35:09,900

the people in the United States who were

700

00:35:17,190 --> 00:35:14,050

experimented on with LSD back in the I

701  
00:35:20,280 --> 00:35:17,200  
was let's say 1960 it was a sixties yes

702  
00:35:23,310 --> 00:35:20,290  
sure and as a matter of fact I mean some

703  
00:35:24,510 --> 00:35:23,320  
of them didn't survive it and you know i

704  
00:35:27,300 --> 00:35:24,520  
think was Franco

705  
00:35:29,930 --> 00:35:27,310  
Tsin actually jumped out a window he was

706  
00:35:32,280 --> 00:35:29,940  
given LSD didn't know it and this

707  
00:35:34,880 --> 00:35:32,290  
survivor sued the US government and

708  
00:35:37,620 --> 00:35:34,890  
actually won because was one of the few

709  
00:35:39,780 --> 00:35:37,630  
documented situations that came to light

710  
00:35:41,550 --> 00:35:39,790  
where this guy just jumped out of a

711  
00:35:44,370 --> 00:35:41,560  
hotel window very similar to again

712  
00:35:46,170 --> 00:35:44,380  
Forrestal are very similar to to marry

713  
00:35:48,870 --> 00:35:46,180

Linda Schumann in my book and the

714

00:35:51,180 --> 00:35:48,880

Overlander Schumann your book that's

715

00:35:53,970 --> 00:35:51,190

that's correct that was it's just very

716

00:35:58,110 --> 00:35:53,980

very interesting and how do you come

717

00:36:01,910 --> 00:35:58,120

down on this situation up in Connecticut

718

00:36:06,360 --> 00:36:01,920

where the young man killed all the

719

00:36:08,250 --> 00:36:06,370

children at the grammar school Sandy

720

00:36:11,280 --> 00:36:08,260

Hook Sandy Hook yeah how do you come

721

00:36:13,980 --> 00:36:11,290

down on that as a I mean here he had all

722

00:36:16,410 --> 00:36:13,990

these guns and all of a sudden bang one

723

00:36:19,590 --> 00:36:16,420

day everything went I think he was just

724

00:36:23,700 --> 00:36:19,600

crazy just crazy you think yeah I think

725

00:36:26,400 --> 00:36:23,710

I think there's naturally crazy people

726

00:36:29,330 --> 00:36:26,410

do doesn't have to be you know they'd

727

00:36:31,770 --> 00:36:29,340

nut jobs back in the cave days I'm sure

728

00:36:34,170 --> 00:36:31,780

but but i would say this it's a little

729

00:36:36,870 --> 00:36:34,180

like if you want to cultivate a plant an

730

00:36:38,700 --> 00:36:36,880

orchid you get a particular kind of soil

731

00:36:40,680 --> 00:36:38,710

and you get a particular kind of

732

00:36:44,660 --> 00:36:40,690

watering procedure and certain nutrients

733

00:36:47,670 --> 00:36:44,670

in the and the flower grows similarly

734

00:36:50,520 --> 00:36:47,680

craziness grows out of a certain kind of

735

00:36:53,040 --> 00:36:50,530

yeah environment and I think the United

736

00:36:55,170 --> 00:36:53,050

States if you look at the gun violence

737

00:37:00,390 --> 00:36:55,180

if you look at the arrest statistics if

738

00:37:02,160 --> 00:37:00,400

you look at the drug use I mean we have

739

00:37:05,550 --> 00:37:02,170

become a culture I was just in the

740

00:37:09,390 --> 00:37:05,560

airport on my way to uh tomorrow which

741

00:37:11,430 --> 00:37:09,400

was very nice but um you go to order

742

00:37:14,220 --> 00:37:11,440

food and basically they put an iPad in

743

00:37:16,500 --> 00:37:14,230

front of you and you have to figure out

744

00:37:18,960 --> 00:37:16,510

let's say you want a glass of beer and a

745

00:37:20,160 --> 00:37:18,970

sandwich so you enter all of this you do

746

00:37:21,330 --> 00:37:20,170

your thing and let's say you want

747

00:37:24,210 --> 00:37:21,340

another glass appear you have to go

748

00:37:27,060 --> 00:37:24,220

through all of that again people and by

749

00:37:29,330 --> 00:37:27,070

the by the time it's obviously who do i

750

00:37:31,830 --> 00:37:29,340

work for do i work for this restaurant

751

00:37:33,660 --> 00:37:31,840

because it sure feels like i work for

752

00:37:36,690 --> 00:37:33,670

this restaurant there's no human

753

00:37:40,800 --> 00:37:36,700

interaction at the end of the day it's

754

00:37:42,750 --> 00:37:40,810

a nuisance from A to Z there's no human

755

00:37:45,240 --> 00:37:42,760

interaction there's no smile from a

756

00:37:47,819 --> 00:37:45,250

waiter there's no human encounter or

757

00:37:51,240 --> 00:37:47,829

interchange and societies like that

758

00:37:53,579 --> 00:37:51,250

breed madness well like the club all

759

00:37:55,200 --> 00:37:53,589

going down that corner we don't would

760

00:37:58,349 --> 00:37:55,210

you agree I mean basically it's likely

761

00:38:02,790 --> 00:37:58,359

orchid in Reverse lack of human touch

762

00:38:04,800 --> 00:38:02,800

lack of just the human scent the the

763

00:38:07,319 --> 00:38:04,810

idea of shaky hands or hugging someone

764

00:38:09,990 --> 00:38:07,329

or cetera this is a culture that that

765

00:38:13,260 --> 00:38:10,000

has really Expo cated that from its

766

00:38:15,990 --> 00:38:13,270

vocabulary well would you quote actually

767

00:38:19,680 --> 00:38:16,000

is EO wilson back in the 60s with

768

00:38:22,710 --> 00:38:19,690

sociobiology were with his experiments

769

00:38:26,550 --> 00:38:22,720

with norwegian rats after it over

770

00:38:30,329 --> 00:38:26,560

populated overcrowded the rats'll turned

771

00:38:34,170 --> 00:38:30,339

on each other we're not over populated

772

00:38:37,109 --> 00:38:34,180

lots of land they were fine and they had

773

00:38:40,500 --> 00:38:37,119

their little rat thing but also in this

774

00:38:43,670 --> 00:38:40,510

country in the early 1700s where you had

775

00:38:47,190 --> 00:38:43,680

all these phenomenal inventions of

776

00:38:49,440 --> 00:38:47,200

government and philosophy those were

777

00:38:53,940 --> 00:38:49,450

times where there was a very limited

778

00:38:56,940 --> 00:38:53,950

population and I think overpopulation is

779

00:39:00,660 --> 00:38:56,950

truly at the root of many evils yeah

780

00:39:03,630 --> 00:39:00,670

also allows for cannon fodder for these

781

00:39:05,640 --> 00:39:03,640

dark angels yeah yeah but you know

782

00:39:08,700 --> 00:39:05,650

you're talking about Forrestal and

783

00:39:10,920 --> 00:39:08,710

university actually DARPA invests ninety

784

00:39:13,079 --> 00:39:10,930

percent of its budget outside the

785

00:39:15,900 --> 00:39:13,089

federal government in Newton

786

00:39:19,470 --> 00:39:15,910

universities MIT Stanford Carnegie

787

00:39:21,870 --> 00:39:19,480

Mellon those are you know this is where

788

00:39:27,030 --> 00:39:21,880

they conduct their radical high-risk

789

00:39:30,000 --> 00:39:27,040

high-reward change experiment and the

790

00:39:32,280 --> 00:39:30,010

talk about super soldiers really this is

791

00:39:34,980 --> 00:39:32,290

again not something that's science

792

00:39:38,730 --> 00:39:34,990

fiction by any means I mean for example

793

00:39:40,530 --> 00:39:38,740

just to give you a modest example

794

00:39:42,900 --> 00:39:40,540

scientists at the University of

795

00:39:45,660 --> 00:39:42,910

Pennsylvania created genetically

796

00:39:48,570 --> 00:39:45,670

modified mice the mice were like

797

00:39:51,270 --> 00:39:48,580

shockingly large and muscular

798

00:39:53,670 --> 00:39:51,280

launches next wider than their heads in

799

00:39:56,910 --> 00:39:53,680

other words they created a new species

800

00:39:58,470 --> 00:39:56,920

of mice and that's exactly what what's

801  
00:40:02,520 --> 00:39:58,480  
going on with human beings that's

802  
00:40:06,000 --> 00:40:02,530  
troubling so you figure the top 1% as

803  
00:40:09,150 --> 00:40:06,010  
you say that are there uh what happens

804  
00:40:11,760 --> 00:40:09,160  
to the other 99 percent which we will

805  
00:40:14,940 --> 00:40:11,770  
probably be part of I mean do we just go

806  
00:40:17,790 --> 00:40:14,950  
on our way we go to supermarket so we

807  
00:40:19,880 --> 00:40:17,800  
get our little soil and green and go

808  
00:40:23,880 --> 00:40:19,890  
home and watch our little entertainment

809  
00:40:25,800 --> 00:40:23,890  
sort of like life is today yeah I think

810  
00:40:27,330 --> 00:40:25,810  
I think that that's true I don't know

811  
00:40:31,110 --> 00:40:27,340  
that there's somebody puts a billboard

812  
00:40:33,450 --> 00:40:31,120  
up and says you know there are enhanced

813  
00:40:35,460 --> 00:40:33,460

human beings and naturals yeah I don't

814

00:40:37,980 --> 00:40:35,470

think it goes that way I just think an

815

00:40:41,010 --> 00:40:37,990

outside observer would look at it intact

816

00:40:43,230 --> 00:40:41,020

but this one percent has computers this

817

00:40:45,410 --> 00:40:43,240

one percent has chips in their head so

818

00:40:48,450 --> 00:40:45,420

that they can communicate telepathically

819

00:40:53,010 --> 00:40:48,460

this one percent you know has all the

820

00:40:56,520 --> 00:40:53,020

wealth this one percent lives 30 years

821

00:40:58,650 --> 00:40:56,530

longer this one percent etc etc etc this

822

00:41:01,710 --> 00:40:58,660

one percent is unusually handsome or

823

00:41:05,460 --> 00:41:01,720

beautiful and and and I guess the other

824

00:41:07,860 --> 00:41:05,470

99 percent look up and admire them the

825

00:41:10,530 --> 00:41:07,870

way one might admire movie stars but

826

00:41:14,160 --> 00:41:10,540

there is going to be a glitch one of the

827

00:41:17,400 --> 00:41:14,170

naturals will be enhanced just due to

828

00:41:19,740 --> 00:41:17,410

perhaps genetic dabbling from the

829

00:41:23,540 --> 00:41:19,750

enhanced ones and they're going to

830

00:41:26,310 --> 00:41:23,550

realize what's going on and they'll be a

831

00:41:28,590 --> 00:41:26,320

revolution and the whole crap will start

832

00:41:30,870 --> 00:41:28,600

all over again I think that's what's

833

00:41:35,400 --> 00:41:30,880

going to happen well that might actually

834

00:41:37,440 --> 00:41:35,410

happen Kate we can only wait and see I

835

00:41:40,920 --> 00:41:37,450

think I don't think we're on the inside

836

00:41:44,280 --> 00:41:40,930

of DARPA or anything else but run I

837

00:41:46,580 --> 00:41:44,290

think Ron is let's do a good war crime

838

00:41:49,650 --> 00:41:46,590

before run runs off to become

839

00:41:51,930 --> 00:41:49,660

genetically enhanced we would like him

840

00:41:54,690 --> 00:41:51,940

to mention his book and where it's

841

00:41:58,110 --> 00:41:54,700

available sure dark angel is the name of

842

00:42:00,270 --> 00:41:58,120

the book nice easy title and and you

843

00:42:00,750 --> 00:42:00,280

know it's available in bookstores I

844

00:42:03,780 --> 00:42:00,760

certainly

845

00:42:05,430 --> 00:42:03,790

amazon and somebody uh you know buys it

846

00:42:06,990 --> 00:42:05,440

on Amazon I'd really appreciate it they

847

00:42:10,680 --> 00:42:07,000

wrote a review that's always you know

848

00:42:12,150 --> 00:42:10,690

very helpful we're looking at at perhaps

849

00:42:15,540 --> 00:42:12,160

a feature film there's a screenplay

850

00:42:17,670 --> 00:42:15,550

being written about it and I think I

851  
00:42:21,260 --> 00:42:17,680  
think dark angel is an important book

852  
00:42:25,860 --> 00:42:21,270  
because I think it brings to light in a

853  
00:42:29,040 --> 00:42:25,870  
accessible way the the potential that we

854  
00:42:31,230 --> 00:42:29,050  
face going into the future and might not

855  
00:42:34,380 --> 00:42:31,240  
be aware of otherwise I think it's

856  
00:42:39,390 --> 00:42:34,390  
important that people understand where

857  
00:42:41,700 --> 00:42:39,400  
we are as a as a species and and the

858  
00:42:45,090 --> 00:42:41,710  
crossroads that we might be at makes

859  
00:42:50,340 --> 00:42:45,100  
makes me really wonder about my wearing

860  
00:42:53,250 --> 00:42:50,350  
my Fitbit you know what anyhow uh thank

861  
00:42:56,160 --> 00:42:53,260  
you so much Ron for being on again and

862  
00:42:58,410 --> 00:42:56,170  
keep us posted well it's always a

863  
00:43:08,450 --> 00:42:58,420

pleasure and keep up the good work we

864

00:43:16,609 --> 00:43:12,890

hello hey what they doing purusha and in

865

00:43:20,240 --> 00:43:16,619

case Valentine and Alice with others

866

00:43:24,589 --> 00:43:20,250

today from the bronxville Paranormal

867

00:43:28,990 --> 00:43:24,599

Society and um he's going to talk to us

868

00:43:32,930 --> 00:43:29,000

about a couple of his UFO sightings

869

00:43:35,900 --> 00:43:32,940

before he actually starts with that one

870

00:43:39,940 --> 00:43:35,910

thing that came to my mind when i was

871

00:43:43,790 --> 00:43:39,950

talking to AI was that certain people

872

00:43:48,200 --> 00:43:43,800

are just those that have multiple

873

00:43:50,180 --> 00:43:48,210

sightings or multiple experiences while

874

00:43:54,680 --> 00:43:50,190

other people can go through their whole

875

00:43:57,650 --> 00:43:54,690

lives and never even see uh you know the

876

00:44:00,800 --> 00:43:57,660

wisp of a ghost or hear any voices in

877

00:44:04,250 --> 00:44:00,810

their heads or ever see a flying saucer

878

00:44:07,490 --> 00:44:04,260

so ow I think you're one of those guys

879

00:44:10,940 --> 00:44:07,500

right yeah my brother is the other guy

880

00:44:13,550 --> 00:44:10,950

you're talking about he's just jealous

881

00:44:18,260 --> 00:44:13,560

cuz that what the t-shirt says the

882

00:44:20,630 --> 00:44:18,270

voices don't speak to him yeah you know

883

00:44:23,270 --> 00:44:20,640

my brother's a parapsychologist and he's

884

00:44:26,210 --> 00:44:23,280

been doing this for 40 years and he's

885

00:44:28,940 --> 00:44:26,220

seen one UFO when he was like 12 years

886

00:44:31,400 --> 00:44:28,950

old when they were visiting Italy back

887

00:44:33,380 --> 00:44:31,410

in God the 50s or something I don't even

888

00:44:36,680 --> 00:44:33,390

know you know and that was like the only

889

00:44:40,490 --> 00:44:36,690

one he's ever seen so tell us a little

890

00:44:43,220 --> 00:44:40,500

bit about your best sightings or even

891

00:44:44,900 --> 00:44:43,230

your your society too yeah well we'll

892

00:44:46,579 --> 00:44:44,910

hear about the society will give them a

893

00:44:50,150 --> 00:44:46,589

plug at the end but we want to get in

894

00:44:53,930 --> 00:44:50,160

the sidewall ok yeah Kate I'm sorry miss

895

00:44:57,440 --> 00:44:53,940

ya Pine Bush would like to meet you um

896

00:45:00,260 --> 00:44:57,450

but getting back to my sightings uh I

897

00:45:02,120 --> 00:45:00,270

have really three big ones that are in

898

00:45:03,920 --> 00:45:02,130

my brothers book my brother wrote a book

899

00:45:07,310 --> 00:45:03,930

it's called paranormal family and

900

00:45:09,170 --> 00:45:07,320

friends bye Frank RC and Auriga those

901  
00:45:12,829 --> 00:45:09,180  
are the three that are in the debtor of

902  
00:45:17,690 --> 00:45:12,839  
a cop in copyrighted that I can use but

903  
00:45:19,820 --> 00:45:17,700  
um the first one goes back to well i'll

904  
00:45:21,690 --> 00:45:19,830  
start with the big one big one was an 84

905  
00:45:24,609 --> 00:45:21,700  
85

906  
00:45:26,470 --> 00:45:24,619  
working down in Yonkers I was living up

907  
00:45:28,599 --> 00:45:26,480  
in Bridgeport Connecticut one night I

908  
00:45:31,990 --> 00:45:28,609  
was traveling north on the Merritt

909  
00:45:35,109 --> 00:45:32,000  
Parkway and I was coming up over one of

910  
00:45:38,440 --> 00:45:35,119  
the one of the hills and a car i just

911  
00:45:40,480 --> 00:45:38,450  
bought a brand-new 84 mustang in the car

912  
00:45:41,800 --> 00:45:40,490  
was starting to putter on me oh boy says

913  
00:45:43,480 --> 00:45:41,810

i was getting up to the top of the hill

914

00:45:45,730 --> 00:45:43,490

i said let me get off onto the grass

915

00:45:47,560 --> 00:45:45,740

before i get rear-ended and i got to the

916

00:45:50,109 --> 00:45:47,570

top of the hill i got off the grass and

917

00:45:52,060 --> 00:45:50,119

when I got out of the car I looked down

918

00:45:54,339 --> 00:45:52,070

and I seen the parkway with a parking

919

00:45:56,080 --> 00:45:54,349

lot it was just car stopped on both

920

00:45:58,630 --> 00:45:56,090

sides of the parking lot and I really

921

00:46:00,520 --> 00:45:58,640

didn't know what was going on and I kind

922

00:46:01,990 --> 00:46:00,530

of seen a state trooper down here so I

923

00:46:03,880 --> 00:46:02,000

thought maybe there was a motorcycle

924

00:46:05,620 --> 00:46:03,890

accident or something so I was going

925

00:46:08,230 --> 00:46:05,630

down to get help as I figured my car was

926

00:46:10,120 --> 00:46:08,240

dead and I got down there and I said

927

00:46:11,950 --> 00:46:10,130

what's going on and he said look up and

928

00:46:14,440 --> 00:46:11,960

the whole time I was there I never

929

00:46:17,620 --> 00:46:14,450

thought to look up because I'm on top of

930

00:46:20,260 --> 00:46:17,630

the hill looking down and so I look up

931

00:46:23,200 --> 00:46:20,270

and there in the and the sky over the

932

00:46:26,620 --> 00:46:23,210

parkway maybe 50 feet above the tree

933

00:46:29,740 --> 00:46:26,630

line is like a mothership that I would

934

00:46:31,660 --> 00:46:29,750

describe that looked like the Roman

935

00:46:35,230 --> 00:46:31,670

Coliseum for lack of a better definition

936

00:46:37,390 --> 00:46:35,240

um but it was all lit up underneath it

937

00:46:39,370 --> 00:46:37,400

had different levels different like

938

00:46:41,670 --> 00:46:39,380

differently cuz 12-story building or

939

00:46:44,859 --> 00:46:41,680

something and it was just sitting there

940

00:46:46,750 --> 00:46:44,869

parked in the sky and the people were

941

00:46:49,240 --> 00:46:46,760

all out of their cars or everybody's

942

00:46:52,570 --> 00:46:49,250

looking up there's no wind there's no

943

00:46:54,310 --> 00:46:52,580

noise there's no hysteria that people

944

00:46:55,359 --> 00:46:54,320

aren't run around screaming it's the end

945

00:46:57,910 --> 00:46:55,369

of the world and everybody's just

946

00:46:59,500 --> 00:46:57,920

looking up at this thing in awe and i

947

00:47:01,599 --> 00:46:59,510

turned to the state trooper and i say

948

00:47:03,670 --> 00:47:01,609

what do you think it is and he says game

949

00:47:05,620 --> 00:47:03,680

you look like you joking me you know

950

00:47:07,240 --> 00:47:05,630

it's a he was what do you think it is

951  
00:47:10,450 --> 00:47:07,250  
like a looks like a UFO to me he goes he

952  
00:47:12,250 --> 00:47:10,460  
exactly and we're just sitting there for

953  
00:47:14,470 --> 00:47:12,260  
a few minutes and people are coming over

954  
00:47:16,300 --> 00:47:14,480  
and we're all talking and with just a

955  
00:47:20,500 --> 00:47:16,310  
base by the size of this thing I mean it

956  
00:47:22,900 --> 00:47:20,510  
was just humongous and after a few

957  
00:47:25,390 --> 00:47:22,910  
minutes of it just sitting there it kind

958  
00:47:26,620 --> 00:47:25,400  
of just popped up like a thousand feet

959  
00:47:28,960 --> 00:47:26,630  
in the blink of an eye went up a

960  
00:47:31,630 --> 00:47:28,970  
thousand feet and also you hear all the

961  
00:47:32,220 --> 00:47:31,640  
cars start back up radios going on and

962  
00:47:37,380 --> 00:47:32,230  
the

963  
00:47:39,060 --> 00:47:37,390

to work so I'm standing next to him he

964

00:47:43,109 --> 00:47:39,070

calls in to the station and he says

965

00:47:45,080 --> 00:47:43,119

could you um send out a couple of F air

966

00:47:47,700 --> 00:47:45,090

national guard's from the Bridgeport

967

00:47:50,400 --> 00:47:47,710

airport because we have a UFO between

968

00:47:53,310 --> 00:47:50,410

these two exits on the Parkway so the

969

00:47:56,190 --> 00:47:53,320

the dispatches is okay so they send out

970

00:47:58,080 --> 00:47:56,200

the two Air National Guard guys that

971

00:47:59,400 --> 00:47:58,090

they get up in the plane and they're

972

00:48:01,349 --> 00:47:59,410

flying towards us and they're saying

973

00:48:04,200 --> 00:48:01,359

it's a beautiful clear night it's like

974

00:48:08,040 --> 00:48:04,210

730 and night eight o'clock it's July

975

00:48:09,359 --> 00:48:08,050

the sun is out everybody can see and do

976  
00:48:11,910 --> 00:48:09,369  
they say well we can't see anything

977  
00:48:13,920 --> 00:48:11,920  
visually where is it he says it's you

978  
00:48:15,660 --> 00:48:13,930  
know right here so we don't have

979  
00:48:18,900 --> 00:48:15,670  
anything on radar but we'll be there in

980  
00:48:22,980 --> 00:48:18,910  
like 30 seconds will be over you in 30

981  
00:48:25,470 --> 00:48:22,990  
seconds at that point this mother craft

982  
00:48:28,410 --> 00:48:25,480  
of a ship goes straight up in the air

983  
00:48:30,810 --> 00:48:28,420  
just in a blink of an eye it's gone just

984  
00:48:33,540 --> 00:48:30,820  
gone and a blinking guy and again

985  
00:48:35,820 --> 00:48:33,550  
there's no sound there's no wind there's

986  
00:48:40,050 --> 00:48:35,830  
no nothing this thing is gone at that

987  
00:48:42,240 --> 00:48:40,060  
point the the planes come roaring down

988  
00:48:44,430 --> 00:48:42,250

the Parkway and they're really low and

989

00:48:46,380 --> 00:48:44,440

the trees are blowing it'll leave a

990

00:48:48,750 --> 00:48:46,390

fallen all over the place in the ground

991

00:48:50,400 --> 00:48:48,760

to shake it felt like the end of the

992

00:48:52,440 --> 00:48:50,410

world at that point that was the only

993

00:48:54,330 --> 00:48:52,450

time during the whole experience that I

994

00:48:56,609 --> 00:48:54,340

was scared when the UH when the

995

00:48:58,950 --> 00:48:56,619

airplanes went over and they're talking

996

00:49:00,330 --> 00:48:58,960

to the officer on the ground under

997

00:49:02,550 --> 00:49:00,340

saying well we don't see anything then

998

00:49:06,120 --> 00:49:02,560

turn around we're gonna come back they

999

00:49:09,330 --> 00:49:06,130

go back up north up the parkway and they

1000

00:49:10,620 --> 00:49:09,340

leave and I go racing home I was living

1001  
00:49:13,770 --> 00:49:10,630  
with my brother at the time I had as a

1002  
00:49:15,000 --> 00:49:13,780  
living his attic apartment yet a three

1003  
00:49:16,920 --> 00:49:15,010  
family house and I was up in the

1004  
00:49:18,570 --> 00:49:16,930  
upstairs and I I go crash it in the

1005  
00:49:20,849 --> 00:49:18,580  
front door he comes running out the back

1006  
00:49:23,880 --> 00:49:20,859  
he heard about it on the radio they had

1007  
00:49:26,310 --> 00:49:23,890  
actually seen it um in bridgeport come

1008  
00:49:27,870 --> 00:49:26,320  
over Bridgeport and wanted a DJ from the

1009  
00:49:30,000 --> 00:49:27,880  
radio station went up on the roof and he

1010  
00:49:31,680 --> 00:49:30,010  
was talking about it and my brother had

1011  
00:49:33,120 --> 00:49:31,690  
its camera and all his gear he's getting

1012  
00:49:35,609 --> 00:49:33,130  
ready to jump in the car to come and get

1013  
00:49:37,710 --> 00:49:35,619

pictures of it I was like stop it's gone

1014

00:49:39,930 --> 00:49:37,720

and I said you know you're not gonna

1015

00:49:42,810 --> 00:49:39,940

believe what I saw and it just told him

1016

00:49:45,690 --> 00:49:42,820

about it and basically blew his mind you

1017

00:49:48,630 --> 00:49:45,700

know he was already to get the evidence

1018

00:49:50,250 --> 00:49:48,640

smoking gun the great photo and it was

1019

00:49:54,420 --> 00:49:50,260

already gone by the time he got out of

1020

00:50:00,560 --> 00:49:54,430

the house um second time well are

1021

00:50:04,440 --> 00:50:00,570

actually on another time was in 1994-95

1022

00:50:07,920 --> 00:50:04,450

I was working in yonkers at the time and

1023

00:50:10,290 --> 00:50:07,930

at the Yonkers wipe up post office on

1024

00:50:14,130 --> 00:50:10,300

North Broadway North Yonkers on but then

1025

00:50:15,840 --> 00:50:14,140

it was a cold winter night and my friend

1026  
00:50:18,480 --> 00:50:15,850  
Kevin we would last you guys leave the

1027  
00:50:20,910 --> 00:50:18,490  
building that night just hanging out by

1028  
00:50:24,690 --> 00:50:20,920  
the cars shooting the breeze and it was

1029  
00:50:26,520 --> 00:50:24,700  
really you know dark quite a cold night

1030  
00:50:29,430 --> 00:50:26,530  
but it was a cold chill in the air but

1031  
00:50:31,890 --> 00:50:29,440  
it wasn't really cold you know and kev

1032  
00:50:34,770 --> 00:50:31,900  
kind of felt that he was a tabbed UKTI

1033  
00:50:36,900 --> 00:50:34,780  
and and we've seen this light in the sky

1034  
00:50:39,180 --> 00:50:36,910  
really really far away she's a bright

1035  
00:50:40,620 --> 00:50:39,190  
light and it looked like it was blinking

1036  
00:50:43,560 --> 00:50:40,630  
and I just thought it was high

1037  
00:50:46,140 --> 00:50:43,570  
atmospheric clouds going by to give it

1038  
00:50:48,150 --> 00:50:46,150

that impression and I said to kev kev

1039

00:50:50,580 --> 00:50:48,160

just busting his chops i said hey keV

1040

00:50:53,010 --> 00:50:50,590

watch this I'm gonna give it morse code

1041

00:50:54,870 --> 00:50:53,020

with the headlights in my car so I

1042

00:50:56,940 --> 00:50:54,880

started playing with the Morse code and

1043

00:50:59,130 --> 00:50:56,950

he Kevin was freaking out it's a gas

1044

00:51:01,620 --> 00:50:59,140

stopped I'll do that leave it alone you

1045

00:51:04,290 --> 00:51:01,630

know and I honest to god I didn't think

1046

00:51:06,120 --> 00:51:04,300

anything of it at a star and right after

1047

00:51:09,170 --> 00:51:06,130

i finished the morse code thing it

1048

00:51:13,770 --> 00:51:09,180

started to move closer towards us and

1049

00:51:16,500 --> 00:51:13,780

there was a big field that divided us in

1050

00:51:18,360 --> 00:51:16,510

the and the next street over it must

1051  
00:51:19,770 --> 00:51:18,370  
have been like 100 200 yards away and it

1052  
00:51:21,660 --> 00:51:19,780  
was a tree line there of course there

1053  
00:51:23,900 --> 00:51:21,670  
was no leaves on a tree because it was

1054  
00:51:27,600 --> 00:51:23,910  
december january something like that and

1055  
00:51:29,850 --> 00:51:27,610  
this thing stops across this across the

1056  
00:51:32,580 --> 00:51:29,860  
field on the other tree line and it

1057  
00:51:34,080 --> 00:51:32,590  
drops out three red balls and these

1058  
00:51:35,910 --> 00:51:34,090  
balls are coming down in there we're

1059  
00:51:37,890 --> 00:51:35,920  
watching these bulls as I've they

1060  
00:51:39,510 --> 00:51:37,900  
they're floating down out of this craft

1061  
00:51:41,370 --> 00:51:39,520  
behind a tree line and they get to a

1062  
00:51:43,680 --> 00:51:41,380  
certain height and they all just blink

1063  
00:51:45,690 --> 00:51:43,690

off and they're gone and you can't see

1064

00:51:49,440 --> 00:51:45,700

him anymore and at this point something

1065

00:51:51,150 --> 00:51:49,450

says to me look up and I look up and

1066

00:51:54,810 --> 00:51:51,160

we're standing by the building buildings

1067

00:51:57,930 --> 00:51:54,820

maybe 50 feet high if that and there's a

1068

00:51:58,609 --> 00:51:57,940

black triangle directly above our heads

1069

00:52:01,160 --> 00:51:58,619

just

1070

00:52:03,680 --> 00:52:01,170

yeah and it's looking at us and we're

1071

00:52:05,390 --> 00:52:03,690

looking at it and Kevin is absolutely

1072

00:52:07,700 --> 00:52:05,400

freaking out and he's trying to get back

1073

00:52:10,009 --> 00:52:07,710

into the building and I'm trying to stop

1074

00:52:11,720 --> 00:52:10,019

this if he goes back in the building the

1075

00:52:13,009 --> 00:52:11,730

alarm is gonna go off and the postal

1076  
00:52:14,930 --> 00:52:13,019  
inspectors are gonna comment I'm like

1077  
00:52:17,839 --> 00:52:14,940  
stop stop don't go into building you

1078  
00:52:19,549 --> 00:52:17,849  
know he was just freaking out and I'm

1079  
00:52:21,200 --> 00:52:19,559  
looking at this thing and he's like

1080  
00:52:22,880 --> 00:52:21,210  
saying oh maybe it's the stealth bomber

1081  
00:52:24,710 --> 00:52:22,890  
and all this and I'm like come on keV

1082  
00:52:26,630 --> 00:52:24,720  
this thing is just parked in the sky

1083  
00:52:31,309 --> 00:52:26,640  
like somebody pulled up and put it in

1084  
00:52:33,019 --> 00:52:31,319  
park again no sound no no motor you can

1085  
00:52:35,120 --> 00:52:33,029  
hear any motor there was no wind nothing

1086  
00:52:37,940 --> 00:52:35,130  
like that and it's a night but it was so

1087  
00:52:39,920 --> 00:52:37,950  
close that I could see like rivets in

1088  
00:52:43,400 --> 00:52:39,930

the metalwork it looked like it was

1089

00:52:46,970 --> 00:52:43,410

metal work I could see and it just

1090

00:52:50,269 --> 00:52:46,980

pivoted as if it was on an access and

1091

00:52:52,579 --> 00:52:50,279

it just kind of glided back across the

1092

00:52:55,579 --> 00:52:52,589

field where it had dropped off those

1093

00:52:57,289 --> 00:52:55,589

three red balls and if you would have

1094

00:53:01,999 --> 00:52:57,299

blinked your eye you would have lost it

1095

00:53:04,519 --> 00:53:02,009

a nice guy it blended in so well and he

1096

00:53:07,279 --> 00:53:04,529

went north on the Parkway I went south

1097

00:53:09,650 --> 00:53:07,289

and I ran home and I went up on the roof

1098

00:53:11,329 --> 00:53:09,660

to my house where I was living just to

1099

00:53:16,489 --> 00:53:11,339

make sure nothing had followed me home

1100

00:53:21,739 --> 00:53:16,499

we didn't see anything and ten years to

1101

00:53:24,259 --> 00:53:21,749

the day 2004 something like that um I'm

1102

00:53:26,809 --> 00:53:24,269

ooh I moved upstate I'm living up stay

1103

00:53:28,819 --> 00:53:26,819

put a house up stay and my daughter was

1104

00:53:31,279 --> 00:53:28,829

born my daughter who was born in 94 she

1105

00:53:34,160 --> 00:53:31,289

had just turned 10 and we're coming back

1106

00:53:36,170 --> 00:53:34,170

from martial arts and we're driving down

1107

00:53:39,739 --> 00:53:36,180

the road we're going north of this road

1108

00:53:42,440 --> 00:53:39,749

in dutchess county route 376 and she

1109

00:53:46,039 --> 00:53:42,450

says to me I did opt out of the blue she

1110

00:53:47,269 --> 00:53:46,049

says dad there's a UFO following us can

1111

00:53:49,849 --> 00:53:47,279

I start laughing cuz she's a

1112

00:53:52,039 --> 00:53:49,859

ten-year-old kid I go what do you know

1113

00:53:54,140 --> 00:53:52,049

about UFOs you know and she says well

1114

00:53:55,970 --> 00:53:54,150

there's a UFO following us I said okay

1115

00:53:57,289 --> 00:53:55,980

and she goes look at that light it's

1116

00:54:00,380 --> 00:53:57,299

been following us since we left the

1117

00:54:02,809 --> 00:54:00,390

karate school and I say it's probably

1118

00:54:04,519 --> 00:54:02,819

just a plane or a helicopter go into the

1119

00:54:07,370 --> 00:54:04,529

airport the local airport is on that

1120

00:54:08,960 --> 00:54:07,380

road and but I noticed that you know

1121

00:54:10,339 --> 00:54:08,970

we're hitting all the traffic light so

1122

00:54:11,849 --> 00:54:10,349

we're hitting all the stop signs and

1123

00:54:13,650 --> 00:54:11,859

this thing has never passed

1124

00:54:16,380 --> 00:54:13,660

and I'm saying why isn't this thing

1125

00:54:17,970 --> 00:54:16,390

passes it should have gone past us at at

1126  
00:54:20,460 --> 00:54:17,980  
a certain point should have gotten bias

1127  
00:54:23,339 --> 00:54:20,470  
but it never does it always stays to my

1128  
00:54:25,109 --> 00:54:23,349  
left my rear corner panel right wish she

1129  
00:54:27,809 --> 00:54:25,119  
can see and she's watching it the whole

1130  
00:54:29,729 --> 00:54:27,819  
time we get to the airport and this

1131  
00:54:32,759 --> 00:54:29,739  
thing makes a hard left and it goes

1132  
00:54:34,529 --> 00:54:32,769  
south towards the city we continue north

1133  
00:54:35,940 --> 00:54:34,539  
towards our house and I tell her I said

1134  
00:54:38,549 --> 00:54:35,950  
see must have been a plane or a

1135  
00:54:40,289 --> 00:54:38,559  
helicopter so I'm no big deal we get

1136  
00:54:43,019 --> 00:54:40,299  
home we pull into the park in the

1137  
00:54:45,150 --> 00:54:43,029  
driveway the sensor lights go on she

1138  
00:54:46,710 --> 00:54:45,160

jumps out of the car I'm farting around

1139

00:54:49,200 --> 00:54:46,720

in a car looking for something and I

1140

00:54:50,759 --> 00:54:49,210

hear her screaming hysterical so I jump

1141

00:54:53,549 --> 00:54:50,769

out of cargo what's the matter she says

1142

00:54:57,359 --> 00:54:53,559

dad looked up and there above my house

1143

00:55:02,670 --> 00:54:57,369

is a black triangle just sitting above

1144

00:55:04,819 --> 00:55:02,680

my house silently no wind no noise no

1145

00:55:07,109 --> 00:55:04,829

nothing and it's just sitting there

1146

00:55:10,140 --> 00:55:07,119

parked over my house and at this point

1147

00:55:12,450 --> 00:55:10,150

I'm a little aggravated that this thing

1148

00:55:15,450 --> 00:55:12,460

is parked over my house he scared to

1149

00:55:17,039 --> 00:55:15,460

death so I said to her go get your

1150

00:55:18,599 --> 00:55:17,049

mother and your brother and my wife

1151

00:55:20,370 --> 00:55:18,609

comes out on the deck the front deck

1152

00:55:23,160 --> 00:55:20,380

with my son who's about five at the time

1153

00:55:25,979 --> 00:55:23,170

and she goes what may go look up and she

1154

00:55:28,049 --> 00:55:25,989

looked up and she sees it my son season

1155

00:55:30,690 --> 00:55:28,059

you get scared to death and she grabs

1156

00:55:32,279 --> 00:55:30,700

him as she runs inside and I'm standing

1157

00:55:33,989 --> 00:55:32,289

there looking at it and I'm just like

1158

00:55:35,789 --> 00:55:33,999

thinking you know what do you want with

1159

00:55:38,640 --> 00:55:35,799

me why over my house you know what's

1160

00:55:42,450 --> 00:55:38,650

this all about and it starts to drift

1161

00:55:44,940 --> 00:55:42,460

just float past me gets to the road and

1162

00:55:47,249 --> 00:55:44,950

it makes a hard left and it's going east

1163

00:55:49,979 --> 00:55:47,259

on my road I live on a long coup de sac

1164

00:55:52,200 --> 00:55:49,989

and at the end of my rotor power lines

1165

00:55:53,999 --> 00:55:52,210

and there's no street lights up here

1166

00:55:56,279 --> 00:55:54,009

where I live its pitch black and I'm

1167

00:55:58,470 --> 00:55:56,289

keeping an eye on this thing again if I

1168

00:56:01,880 --> 00:55:58,480

blink I'll lose it it gets to the power

1169

00:56:06,180 --> 00:56:01,890

lines and it drops out three red balls

1170

00:56:09,089 --> 00:56:06,190

okay at this point I'm freaking out I

1171

00:56:11,759 --> 00:56:09,099

run into the house I grab my German

1172

00:56:14,999 --> 00:56:11,769

Shepherd my bag flashlight a cell phone

1173

00:56:17,430 --> 00:56:15,009

I grab my my samurai sword I tell my

1174

00:56:19,470 --> 00:56:17,440

wife I'm going well I'm going into the

1175

00:56:21,029 --> 00:56:19,480

woods okay so I don't want to go into

1176

00:56:25,200 --> 00:56:21,039

the woods unarmed because there are

1177

00:56:26,820 --> 00:56:25,210

coyotes and big cats and black bear I'm

1178

00:56:29,850 --> 00:56:26,830

gonna walk into the woods unarmed at

1179

00:56:32,250 --> 00:56:29,860

night so I said to my wife is the cell

1180

00:56:33,870 --> 00:56:32,260

phone call me every 10 minutes I'm going

1181

00:56:36,630 --> 00:56:33,880

to look for these three red balls i fell

1182

00:56:38,130 --> 00:56:36,640

out of this thing I go into the I going

1183

00:56:40,350 --> 00:56:38,140

under the palin the power lines is a

1184

00:56:42,150 --> 00:56:40,360

nice cut under the power lines kids use

1185

00:56:44,130 --> 00:56:42,160

it to ride the dirt bikes and their quad

1186

00:56:46,770 --> 00:56:44,140

runners and everything so it's a big

1187

00:56:48,870 --> 00:56:46,780

open space you know and I'm looking

1188

00:56:50,760 --> 00:56:48,880

around I'm looking for broken branches

1189

00:56:53,310 --> 00:56:50,770

where this thing may have come down I'm

1190

00:56:55,380 --> 00:56:53,320

looking for smoldering leaf litter on

1191

00:56:58,320 --> 00:56:55,390

the ground because again it was in you

1192

00:57:01,530 --> 00:56:58,330

know the late winter december january

1193

00:57:04,650 --> 00:57:01,540

i'm looking for smoldering objects

1194

00:57:06,960 --> 00:57:04,660

anything that looks unusual and i walked

1195

00:57:09,090 --> 00:57:06,970

up and down apparel line maybe a mile in

1196

00:57:11,490 --> 00:57:09,100

each direction while my wife called me

1197

00:57:14,940 --> 00:57:11,500

every 10 minutes to stay in contact and

1198

00:57:16,770 --> 00:57:14,950

i found absolutely nothing well done

1199

00:57:20,010 --> 00:57:16,780

whatever came out of that craft never

1200

00:57:22,200 --> 00:57:20,020

had to grab a Braverman and me at but

1201

00:57:24,600 --> 00:57:22,210

then again i was mad at me honest i was

1202

00:57:27,090 --> 00:57:24,610

i was upset at that point because you

1203

00:57:29,520 --> 00:57:27,100

know what is this thing doing parked

1204

00:57:31,290 --> 00:57:29,530

over my house i mean you know what is it

1205

00:57:34,590 --> 00:57:31,300

why is it here why is it over my house

1206

00:57:37,110 --> 00:57:34,600

sucking energy from the power line well

1207

00:57:39,270 --> 00:57:37,120

i mean it didn't hover over the power

1208

00:57:41,220 --> 00:57:39,280

lines like to absorb the energy it

1209

00:57:44,100 --> 00:57:41,230

hovered over the power lines to drop

1210

00:57:47,910 --> 00:57:44,110

these three red balls out and i don't

1211

00:57:50,820 --> 00:57:47,920

know what with those three red um balls

1212

00:57:53,310 --> 00:57:50,830

are are you know where they went when

1213

00:57:56,280 --> 00:57:53,320

they came out or whatever but i wonder

1214

00:57:59,850 --> 00:57:56,290

if these are the same things that are

1215

00:58:04,940 --> 00:57:59,860

described as red orbs there i met a

1216

00:58:07,230 --> 00:58:04,950

fellow at the at the UFO convention in

1217

00:58:09,090 --> 00:58:07,240

Pennsylvania it actually was over the

1218

00:58:12,480 --> 00:58:09,100

river in new jersey but it was the

1219

00:58:14,670 --> 00:58:12,490

Pennsylvania MUFON meeting about a year

1220

00:58:16,470 --> 00:58:14,680

and a half ago and it was a gentleman

1221

00:58:18,000 --> 00:58:16,480

there and I'm awfully sorry I can't

1222

00:58:21,360 --> 00:58:18,010

remember his name but he had written an

1223

00:58:24,450 --> 00:58:21,370

entire book on how many people were

1224

00:58:27,360 --> 00:58:24,460

seeing these small red orbs anything

1225

00:58:30,570 --> 00:58:27,370

from the size of a baseball to the size

1226

00:58:32,250 --> 00:58:30,580

of a small room you know like the size

1227

00:58:35,190 --> 00:58:32,260

of a Volkswagen or something yeah

1228

00:58:36,810 --> 00:58:35,200

absolutely yeah and uh I wonder if these

1229

00:58:38,980 --> 00:58:36,820

things are related it might be an

1230

00:58:42,430 --> 00:58:38,990

interest they think thing for you

1231

00:58:44,950 --> 00:58:42,440

to look into al but anyway I want to

1232

00:58:48,040 --> 00:58:44,960

thank you so much one question I just

1233

00:58:52,990 --> 00:58:48,050

cracked uh what would come to mind are

1234

00:58:56,170 --> 00:58:53,000

any missing time on your part um no no

1235

00:58:59,080 --> 00:58:56,180

not if not at all I'm not not not that

1236

00:59:04,359 --> 00:58:59,090

particular that not that particular

1237

00:59:07,900 --> 00:59:04,369

night but um I've had um experiences and

1238

00:59:10,600 --> 00:59:07,910

in my home where I believe not only I

1239

00:59:13,320 --> 00:59:10,610

was abducted but one of my children were

1240

00:59:16,390 --> 00:59:13,330

adopted too far at least attempted

1241

00:59:19,480 --> 00:59:16,400

attempted to be abducted you know and

1242

00:59:21,820 --> 00:59:19,490

then the BPS team doubt so paranoid

1243

00:59:24,640 --> 00:59:21,830

site we did do an investigation last

1244

00:59:27,970 --> 00:59:24,650

October on Halloween Eve where we've

1245

00:59:31,660 --> 00:59:27,980

seen a red orb in the sky that came to

1246

00:59:33,340 --> 00:59:31,670

us and when we shut off our headlights to

1247

00:59:37,030 --> 00:59:33,350

get a better at it hit us with a

1248

00:59:39,450 --> 00:59:37,040

floodlight and at some point during the

1249

00:59:43,120 --> 00:59:39,460

course of the night we lost two hours

1250

00:59:45,220 --> 00:59:43,130

but um we do have that on video because

1251  
00:59:47,109 --> 00:59:45,230  
we were streaming live on periscope and

1252  
00:59:49,720 --> 00:59:47,119  
Twitter at the time so we do have that

1253  
00:59:51,730 --> 00:59:49,730  
on video it is on our website but um

1254  
00:59:53,859 --> 00:59:51,740  
it's you know it's that's another story

1255  
00:59:56,440 --> 00:59:53,869  
for another day yeah well for if

1256  
00:59:59,200 --> 00:59:56,450  
exciting yes very good sightings and we

1257  
01:00:01,859 --> 00:59:59,210  
really nice trying i fighting with us

1258  
01:00:04,510 --> 01:00:01,869  
I've had I've had tons and tons of

1259  
01:00:07,030 --> 01:00:04,520  
sightings I mean tons of sightings at

1260  
01:00:08,410 --> 01:00:07,040  
all so many at one point I had so many

1261  
01:00:10,210 --> 01:00:08,420  
sightings that I thought it was losing

1262  
01:00:11,920 --> 01:00:10,220  
my mind that I had a call my brother I

1263  
01:00:13,990 --> 01:00:11,930

said I think I'm losing my mind I'm

1264

01:00:15,940 --> 01:00:14,000

seeing him every single night and he

1265

01:00:17,590 --> 01:00:15,950

just said document everything the time

1266

01:00:19,960 --> 01:00:17,600

where you were and all this other stuff

1267

01:00:22,390 --> 01:00:19,970

and try to get photos of them I tried a

1268

01:00:24,310 --> 01:00:22,400

couple of times but nobody cameras

1269

01:00:26,440 --> 01:00:24,320

always said the batteries were dead but

1270

01:00:29,080 --> 01:00:26,450

soon as the thing went away the camera

1271

01:00:33,160 --> 01:00:29,090

works fine yeah that seems to be the way

1272

01:00:36,340 --> 01:00:33,170

it is again AL thank you very much for

1273

01:00:39,070 --> 01:00:36,350

1290

01:01:26,170 --> 01:01:23,569

sightings cryptids or paranormal ghost

1291

01:01:28,749 --> 01:01:26,180

or whatever you know we cover the gamut

1292

01:01:31,719 --> 01:01:28,759

of paranormal we don't just look for one

1293

01:01:33,219 --> 01:01:31,729

particular thing and you know so we're

1294

01:01:35,680 --> 01:01:33,229

always we're always interested in

1295

01:01:38,049 --> 01:01:35,690

picking up cases and investigating

1296

01:01:39,609 --> 01:01:38,059

that's what we do and I'll tell you what

1297

01:01:40,960 --> 01:01:39,619

we did an investigation that night at

1298

01:01:43,420 --> 01:01:40,970

pine bush in that hundred year old

1299

01:01:44,890 --> 01:01:43,430

Victorian and you won't believe the

1300

01:01:47,319 --> 01:01:44,900

evidence we came away with it was

1301

01:01:49,180 --> 01:01:47,329

amazing well we're gonna get back to you

1302

01:01:52,390 --> 01:01:49,190

on that absolutely and we'd love that

1303

01:01:55,660 --> 01:01:52,400

Becca thank you so much yeah I'm sorry I

1304

01:01:58,900 --> 01:01:55,670

missed you at Pine Bush too they don't

1305

01:02:02,829 --> 01:01:58,910

make sure next year yeah baby sitter

1306

01:02:04,509 --> 01:02:02,839

okay okay signing off there now okay

1307

01:02:08,650 --> 01:02:04,519

thank you late thanks for good bye yeah

1308

01:02:12,309 --> 01:02:08,660

bye bye s'okay mm-hmm we had double

1309

01:02:16,359 --> 01:02:12,319

trouble today huh yeah yeah yeah I don't

1310

01:02:20,229 --> 01:02:16,369

know what's more paranormal ufos or all

1311

01:02:22,569 --> 01:02:20,239

these star fur experiments well it seems

1312

01:02:26,499 --> 01:02:22,579

as though the darpa experiments are

1313

01:02:28,839 --> 01:02:26,509

scarier I mean there are UFOs that seem

1314

01:02:31,150 --> 01:02:28,849

to harm people but most of them don't

1315

01:02:33,039 --> 01:02:31,160

know yeah most of the most of them don't

1316

01:02:34,839 --> 01:02:33,049

other than scaring them out of their

1317

01:02:37,239 --> 01:02:34,849

ways yeah they've been people who've

1318

01:02:40,420 --> 01:02:37,249

gotten irradiated and there were people

1319

01:02:44,229 --> 01:02:40,430

down in Brazil that really got messed up

1320

01:02:47,289 --> 01:02:44,239

down in down in that I largely a lot is

1321

01:02:49,900 --> 01:02:47,299

largely nothing much but largely people

1322

01:02:54,969 --> 01:02:49,910

just get frightened they lose time they

1323

01:02:59,559 --> 01:02:54,979

see things but the DARPA is more scary

1324

01:03:02,890 --> 01:02:59,569

to me mm-hmm especially you don't know

1325

01:03:06,640 --> 01:03:02,900

who's really running it and how saying

1326

01:03:10,300 --> 01:03:06,650

they are how same as anybody

1327

01:03:13,960 --> 01:03:10,310

but most people don't deal with death

1328

01:03:18,370 --> 01:03:13,970

rays and transom and soldiers and stuff

1329

01:03:21,010 --> 01:03:18,380

oh well yeah anyway well we're looking

1330

01:03:23,020 --> 01:03:21,020

forward to seeing you again or hearing

1331

01:03:28,920 --> 01:03:23,030

you're hearing us again and we do

1332

01:03:34,150 --> 01:03:28,930

welcome your participation by way of

1333

01:03:42,120 --> 01:03:34,160

letters writing to our websites which

1334

01:03:46,410 --> 01:03:42,130

are wwh a turd reality podcast calm and

1335

01:03:51,700 --> 01:03:46,420

shattered reality podcast dot

1336

01:03:53,260 --> 01:03:51,710

wordpress.com no ww on that and we have

1337

01:03:55,510 --> 01:03:53,270

I think would have to wait till next

1338

01:03:58,840 --> 01:03:55,520

time but we had some interesting

1339

01:04:02,260 --> 01:03:58,850

responses to rosalynd burn which maybe

1340

01:04:05,590 --> 01:04:02,270

we'll read next time and look forward to

1341

01:04:07,600 --> 01:04:05,600

hearing from all of you Chris DARPA I

1342

01:04:10,240 --> 01:04:07,610

mean there's got to be conspiracy

1343

01:04:14,770 --> 01:04:10,250

theorists out there that have a lot to

1344

01:04:17,170 --> 01:04:14,780

say about DARPA indeed there must be and

1345

01:04:22,090 --> 01:04:17,180

please remember we're a non commercial

1346

01:04:25,210 --> 01:04:22,100

radio type program in the podcast but

1347

01:04:29,260 --> 01:04:25,220

there's nobody to tell us what to do or

1348

01:04:33,160 --> 01:04:29,270

what to say so we are really the

1349

01:04:35,350 --> 01:04:33,170

antidote to mainstream media so please

1350

01:04:37,510 --> 01:04:35,360

get out there and support us like our

1351

01:04:41,680 --> 01:04:37,520

page on Facebook and give us some
