[Music]

2
00:00:25,480 --> 00:00:20,679

welcome to shattered reality with their

3
00:00:28,240 --> 00:00:25,490

hosts Kate Valentine and furs prepare to

4
00:00:35,380 --> 00:00:28,250

have your paradigm shifted and your

5
00:00:36,490 --> 00:00:35,390

truths questioned and now really well

6
00:00:39,760 --> 00:00:36,500

hello everybody

7
00:00:42,460 --> 00:00:39,770

it's Kate Valentine and I'm firoozeh and

8
00:00:44,650 --> 00:00:42,470

we're very lucky today well we we have a

9
00:00:48,160 --> 00:00:44,660

few we had got a slate first oh oh sorry

10
00:00:50,139 --> 00:00:48,170

Scotty today is Tuesday October 11th oh

11
00:00:52,030 --> 00:00:50,149

it's true we have two and because we

12
00:00:56,770 --> 00:00:52,040

want to let people know that this is our

13
00:01:01,209 --> 00:00:56,780

38th podcast here we are going strong

14

00:01:05,429 --> 00:01:01,219

and we have today two very interesting

15

00:01:08,980 --> 00:01:05,439

things for our listeners we have the

16

00:01:14,410 --> 00:01:08,990

results of our contest to win the

17

00:01:15,300 --> 00:01:14,420

three-volume set of books by Lisette

18

00:01:20,590 --> 00:01:15,310

Larkins

19

00:01:25,359 --> 00:01:20,600

and we also have a fabulous guest now

20

00:01:28,780 --> 00:01:25,369

our guest whose name is Eva her comes

21

00:01:32,920 --> 00:01:28,790

from Georgia and she is the author of

22

00:01:39,219 --> 00:01:32,930

two wonderful books her first book is

23

00:01:41,530 --> 00:01:39,229

called agape and it is it is has already

24

00:01:43,710 --> 00:01:41,540

been out for a little while

25

00:01:46,120 --> 00:01:43,720

but her current book is consciousness

26
00:01:49,149 --> 00:01:46,130
bridging the gap between conventional

27
00:01:53,999 --> 00:01:49,159
science and the new super science of

28
00:01:57,819 --> 00:01:54,009
quantum mechanics now miss her had a

29
00:02:01,990 --> 00:01:57,829
radio show for quite a while wherein she

30
00:02:04,420 --> 00:02:02,000
interviewed new thinkers and people who

31
00:02:09,940 --> 00:02:04,430
were paradigm shifters just like our

32
00:02:13,839 --> 00:02:09,950
show and nurses and physicists and so

33
00:02:17,019 --> 00:02:13,849
her show right now is on sabbatical but

34
00:02:20,470 --> 00:02:17,029
it was a very excellent show and what

35
00:02:23,199 --> 00:02:20,480
this what this book is about it is

36
00:02:27,910 --> 00:02:23,209
transcripts of ten of the interviews

37
00:02:29,920 --> 00:02:27,920
with leading thinkers on the subject of

38
00:02:32,589 --> 00:02:29,930

what is consciousness

39

00:02:35,289 --> 00:02:32,599

that's a huge question it certainly is

40

00:02:37,210 --> 00:02:35,299

so let's feel like saying let's put our

41

00:02:41,229 --> 00:02:37,220

hands together and welcome me for her

42

00:02:43,690 --> 00:02:41,239

but that's of course what doesn't but

43

00:02:46,000 --> 00:02:43,700

please let's welcome Eva

44

00:02:48,910 --> 00:02:46,010

her and thank you so much for being with

45

00:02:51,220 --> 00:02:48,920

us yes thank you thank you for having me

46

00:02:53,229 --> 00:02:51,230

well I think what our first question

47

00:02:55,059 --> 00:02:53,239

would have been is that we were a sort

48

00:02:58,360 --> 00:02:55,069

of reading your biography and you were

49

00:03:01,420 --> 00:02:58,370

in the legal field which is a fair

50

00:03:06,130 --> 00:03:01,430

distance from where you are now we were

51
00:03:08,619 --> 00:03:06,140
wondering how you bridge that gap that's

52
00:03:12,369 --> 00:03:08,629
a really good question I the only thing

53
00:03:14,979 --> 00:03:12,379
I can tell you is when consciousness

54
00:03:18,099 --> 00:03:14,989
knocks at your door mm-hmm

55
00:03:21,940 --> 00:03:18,109
you either get the baseball on your shin

56
00:03:25,270 --> 00:03:21,950
the baseball bet on your shin or you go

57
00:03:27,940 --> 00:03:25,280
crazy okay and you know it was in front

58
00:03:31,120 --> 00:03:27,950
of my space and it was relentless and I

59
00:03:32,620 --> 00:03:31,130
didn't have any choice you know if

60
00:03:34,599 --> 00:03:32,630
there's one consciousness wants you to

61
00:03:36,849 --> 00:03:34,609
do something you pretty much don't have

62
00:03:38,830 --> 00:03:36,859
any choice but to do it okay now when

63
00:03:41,470 --> 00:03:38,840

you say something like consciousness it

64

00:03:44,860 --> 00:03:41,480

almost sounds as if you are referring to

65

00:03:46,360 --> 00:03:44,870

sort of I'm going to say this but I

66

00:03:49,199 --> 00:03:46,370

don't necessarily mean it like a

67

00:03:52,120 --> 00:03:49,209

universal sort of a voice like some yes

68

00:03:54,280 --> 00:03:52,130

something outside yourself anyway I

69

00:03:56,800 --> 00:03:54,290

choose these you know there are many

70

00:03:58,330 --> 00:03:56,810

definitions what is consciousness and

71

00:04:00,789 --> 00:03:58,340

that's one of the problems in the world

72

00:04:03,520 --> 00:04:00,799

today and just my personal definition

73

00:04:05,349 --> 00:04:03,530

and this particular instance is the

74

00:04:08,830 --> 00:04:05,359

ground of all being it's everything that

75

00:04:11,890 --> 00:04:08,840

energy that underlies everything that is

76

00:04:14,080 --> 00:04:11,900

that original intention perhaps or the

77

00:04:16,870 --> 00:04:14,090

original source whatever you want to

78

00:04:19,629 --> 00:04:16,880

call it you know that higher powerhouse

79

00:04:21,909 --> 00:04:19,639

that I don't like to use descriptive

80

00:04:25,270 --> 00:04:21,919

name words because I don't like to step

81

00:04:27,430 --> 00:04:25,280

on anybody's toes right well and it's

82

00:04:30,520 --> 00:04:27,440

also you know I think once you do that

83

00:04:32,500 --> 00:04:30,530

you start to box yourself in to as to

84

00:04:34,300 --> 00:04:32,510

you know what your meaning is and

85

00:04:36,640 --> 00:04:34,310

certainly something like conscious

86

00:04:39,040 --> 00:04:36,650

this is not only in the mid a physical

87

00:04:42,730 --> 00:04:39,050

realm but in the medical realm as well

88

00:04:46,360 --> 00:04:42,740

it's almost impossible to define it and

89

00:04:48,940 --> 00:04:46,370

certainly to if you were interested in

90

00:04:51,150 --> 00:04:48,950

the medical field trying to discover

91

00:04:55,330 --> 00:04:51,160

what caused a person to become conscious

92

00:04:57,850 --> 00:04:55,340

it's very difficult well you know that's

93

00:04:59,890 --> 00:04:57,860

actually if I recall correctly that's

94

00:05:02,050 --> 00:04:59,900

the first well what I did let me just

95

00:05:05,260 --> 00:05:02,060

back up what I did is I had a friend who

96

00:05:07,900 --> 00:05:05,270

was an astrophysicist and I'm just a

97

00:05:10,690 --> 00:05:07,910

woman you know I'm a woman who had a

98

00:05:14,470 --> 00:05:10,700

very powerful spiritual epiphany

99

00:05:16,930 --> 00:05:14,480

much like Eckhart Tolle and I didn't I

100

00:05:19,440 --> 00:05:16,940

wasn't seeking it I didn't even know

101
00:05:22,240 --> 00:05:19,450
that it existed I didn't know

102
00:05:24,370 --> 00:05:22,250
metaphysics insisted I didn't know any

103
00:05:26,080 --> 00:05:24,380
of that stuff I just went to bed one

104
00:05:28,930 --> 00:05:26,090
night and woke up different the next

105
00:05:31,300 --> 00:05:28,940
morning so I had this friend that was an

106
00:05:36,040 --> 00:05:31,310
astrophysicist who was also spiritually

107
00:05:38,710 --> 00:05:36,050
awake and so we he was very learning as

108
00:05:41,590 --> 00:05:38,720
he had a PhD in physics and so he had

109
00:05:45,700 --> 00:05:41,600
read you know everything from from

110
00:05:49,180 --> 00:05:45,710
metaphysics to the to astrophysics and

111
00:05:51,160 --> 00:05:49,190
so we decided that we would review

112
00:05:55,390 --> 00:05:51,170
pretty much everything that was out

113
00:05:57,790 --> 00:05:55,400

there that day and and question what was

114

00:06:00,400 --> 00:05:57,800

left and so we made up what we call 20

115

00:06:03,760 --> 00:06:00,410

questions and one of those questions

116

00:06:06,250 --> 00:06:03,770

would be what what is consciousness what

117

00:06:08,170 --> 00:06:06,260

is mind what's the difference between

118

00:06:11,770 --> 00:06:08,180

the two what's the difference between

119

00:06:15,190 --> 00:06:11,780

big Monde and little man how does how

120

00:06:17,470 --> 00:06:15,200

does one actually access big man what

121

00:06:19,960 --> 00:06:17,480

was the source of the original intention

122

00:06:24,480 --> 00:06:19,970

and how that intention get conveyed into

123

00:06:27,700 --> 00:06:24,490

human beings what was the source of the

124

00:06:30,490 --> 00:06:27,710

original creator you know all of those

125

00:06:32,320 --> 00:06:30,500

kinds of questions and so we posed our

126

00:06:34,000 --> 00:06:32,330

questions there were actually about 30

127

00:06:36,280 --> 00:06:34,010

of them I think originally and then I

128

00:06:39,520 --> 00:06:36,290

went to searching because I I was a

129

00:06:42,580 --> 00:06:39,530

little it again terribly going I would

130

00:06:44,860 --> 00:06:42,590

work for the best of the best so I had

131

00:06:47,950 --> 00:06:44,870

learned quite a lot about how to do

132

00:06:50,680 --> 00:06:47,960

research to the best of

133

00:06:52,920 --> 00:06:50,690

ability and so went out in the world and

134

00:06:56,580 --> 00:06:52,930

I found who I considered to be the most

135

00:06:58,930 --> 00:06:56,590

respected and credentialed physicist

136

00:07:00,700 --> 00:06:58,940

mostly physicists but a couple of

137

00:07:02,770 --> 00:07:00,710

biologists and a couple of medical

138

00:07:06,010 --> 00:07:02,780

doctors and I interviewed them and I

139

00:07:09,430 --> 00:07:06,020

asked them all the exact same questions

140

00:07:11,770 --> 00:07:09,440

and what I found out was astounding

141

00:07:13,960 --> 00:07:11,780

what what I also found out was the

142

00:07:15,460 --> 00:07:13,970

people that I thought really really knew

143

00:07:16,930 --> 00:07:15,470

what they were talking about really

144

00:07:17,710 --> 00:07:16,940

didn't know what they were talking about

145

00:07:20,020 --> 00:07:17,720

at all

146

00:07:22,270 --> 00:07:20,030

and so I went I interviewed probably a

147

00:07:24,990 --> 00:07:22,280

hundred 150 people and I narrowed it

148

00:07:27,879 --> 00:07:25,000

down literally I think there's 12 or 13

149

00:07:31,290 --> 00:07:27,889

people in that book and I think they

150

00:07:36,070 --> 00:07:31,300

made the cut 11 if you consider both

151
00:07:38,379 --> 00:07:36,080
both Richard Robert John and branded on

152
00:07:41,230 --> 00:07:38,389
as two different people which now just

153
00:07:42,969 --> 00:07:41,240
one I know was just branded on but it's

154
00:07:44,589 --> 00:07:42,979
written in the book as Robert John and

155
00:07:47,350 --> 00:07:44,599
Brenda Don so they're attended from

156
00:07:51,180 --> 00:07:47,360
people but can you hear me quite clearly

157
00:07:55,330 --> 00:07:51,190
this is far oh yeah by the way yeah I

158
00:07:58,149 --> 00:07:55,340
think we should give your your scientist

159
00:08:00,700 --> 00:07:58,159
his name Roy Scruggs is it not Roy

160
00:08:02,860 --> 00:08:00,710
Scruggs PhD correct oh that was correct

161
00:08:05,649 --> 00:08:02,870
I like to give him a little credit here

162
00:08:09,010 --> 00:08:05,659
because he did a he did a very masterful

163
00:08:12,999 --> 00:08:09,020

job here with this how it all started

164

00:08:15,040 --> 00:08:13,009

area there so so you began to interview

165

00:08:17,409 --> 00:08:15,050

these people and you were very impressed

166

00:08:20,879 --> 00:08:17,419

by about 10 of them and what I found

167

00:08:24,159 --> 00:08:20,889

very interesting was that the question

168

00:08:26,499 --> 00:08:24,169

you asked what is your definition of

169

00:08:29,740 --> 00:08:26,509

consciousness to each of them and that

170

00:08:32,529 --> 00:08:29,750

is very very interesting to get an

171

00:08:35,139 --> 00:08:32,539

answer from people and so do you want to

172

00:08:37,569 --> 00:08:35,149

speak to that a little bit well it was

173

00:08:41,769 --> 00:08:37,579

very it made any anything you could

174

00:08:45,280 --> 00:08:41,779

imagine it was it was the irreducible

175

00:08:50,590 --> 00:08:45,290

unit of an atom it was the zero-point

176

00:08:53,740 --> 00:08:50,600

field it was aware that you're aware it

177

00:08:57,630 --> 00:08:53,750

was aware that you're aware that you're

178

00:09:01,290 --> 00:08:57,640

aware it was opposite of being in a coma

179

00:09:05,189 --> 00:09:01,300

it was God it was

180

00:09:07,109 --> 00:09:05,199

opposite of being asleep it was

181

00:09:10,350 --> 00:09:07,119

everything I mean anything if you could

182

00:09:12,869 --> 00:09:10,360

think of it was that thing and I meant

183

00:09:16,710 --> 00:09:12,879

Goswami one day he called me and he said

184

00:09:18,809 --> 00:09:16,720

Eva I think this is the single most

185

00:09:20,669 --> 00:09:18,819

important book that I've ever read and I

186

00:09:23,309 --> 00:09:20,679

said why and he said because I had no

187

00:09:25,859 --> 00:09:23,319

idea this was going on he was no wonder

188

00:09:28,410 --> 00:09:25,869

that we can't have a meeting of the

189

00:09:31,079 --> 00:09:28,420

minds in science we will never have a

190

00:09:34,429 --> 00:09:31,089

quantum leap in science as long as this

191

00:09:38,009 --> 00:09:34,439

problem exists and that problem is it

192

00:09:40,769 --> 00:09:38,019

every year scientists gather annually

193

00:09:43,230 --> 00:09:40,779

somewhere to present their papers on

194

00:09:45,059 --> 00:09:43,240

quantum mechanics and consciousness you

195

00:09:48,449 --> 00:09:45,069

know what is it to talk about their

196

00:09:52,679 --> 00:09:48,459

model of physical reality and and many

197

00:09:54,869 --> 00:09:52,689

times these these physicists get in huge

198

00:09:55,889 --> 00:09:54,879

arguments sometimes you know almost

199

00:10:00,629 --> 00:09:55,899

coming to blows

200

00:10:03,119 --> 00:10:00,639

now papers or thrown chairs or thrown so

201
00:10:05,069 --> 00:10:03,129
imagine you know let's just say 50

202
00:10:06,509 --> 00:10:05,079
science coming scientists coming to a

203
00:10:08,039 --> 00:10:06,519
round table and they're all talking

204
00:10:09,929 --> 00:10:08,049
about their model of physical reality

205
00:10:11,660 --> 00:10:09,939
and they're calling it consciousness and

206
00:10:16,199 --> 00:10:11,670
everybody gets into a fight and that

207
00:10:18,600 --> 00:10:16,209
fight is because everybody is defining

208
00:10:21,840 --> 00:10:18,610
that word differently and no one knows

209
00:10:23,759 --> 00:10:21,850
it well it's true and so they're all

210
00:10:26,730 --> 00:10:23,769
talking about different things and they

211
00:10:28,650 --> 00:10:26,740
don't even know it well that goes so far

212
00:10:30,600 --> 00:10:28,660
back I mean the ancient Greeks with

213
00:10:32,009 --> 00:10:30,610

democrates with the atom and then you

214

00:10:34,590 --> 00:10:32,019

have Descartes you know I think

215

00:10:37,919 --> 00:10:34,600

therefore I am and you know this this is

216

00:10:39,799 --> 00:10:37,929

I don't know that and I guess you feel

217

00:10:42,749 --> 00:10:39,809

as if you come to some sort of a

218

00:10:44,309 --> 00:10:42,759

certainly a personal definition but I

219

00:10:48,090 --> 00:10:44,319

don't know that it's ever going to be

220

00:10:50,069 --> 00:10:48,100

truly defined you know well I think it

221

00:10:52,769 --> 00:10:50,079

is whatever it is that you're talking

222

00:10:56,220 --> 00:10:52,779

about I think that people you know

223

00:10:58,710 --> 00:10:56,230

people need to define definition a

224

00:11:01,230 --> 00:10:58,720

definition B definition C whatever it is

225

00:11:02,730 --> 00:11:01,240

or at least say in this particular sense

226

00:11:07,439 --> 00:11:02,740

if you'll notice I did that at the

227

00:11:10,769 --> 00:11:07,449

beginning in this in this discussion at

228

00:11:13,650 --> 00:11:10,779

this moment I'm talking about the era

229

00:11:14,910 --> 00:11:13,660

that the energy at the irreducible Unova

230

00:11:18,060 --> 00:11:14,920

the unit of an atom

231

00:11:19,290 --> 00:11:18,070

in other words that for before well

232

00:11:21,120 --> 00:11:19,300

whatever you want to call that thing

233

00:11:24,269 --> 00:11:21,130

well yeah and I certainly agree with

234

00:11:26,460 --> 00:11:24,279

physicists too because that may be some

235

00:11:29,220 --> 00:11:26,470

of the source of controversy because

236

00:11:31,290 --> 00:11:29,230

they sort of shrug off biology

237

00:11:33,930 --> 00:11:31,300

psychology all the others and they say

238

00:11:36,329 --> 00:11:33,940

that in the end everything is physics

239

00:11:38,160 --> 00:11:36,339

and you're taking it one step further

240

00:11:42,150 --> 00:11:38,170

and you're saying in the end everything

241

00:11:44,970 --> 00:11:42,160

is actually quantum mechanics and the

242

00:11:47,370 --> 00:11:44,980

force that binds will enter the energy

243

00:11:49,170 --> 00:11:47,380

that binds all matter together so I

244

00:11:52,560 --> 00:11:49,180

would have to agree with you completely

245

00:11:56,069 --> 00:11:52,570

but even this businesses merg you bill

246

00:11:58,290 --> 00:11:56,079

tiller called me and he's like one of my

247

00:12:00,360 --> 00:11:58,300

greatest mentors you know he I'm just

248

00:12:03,840 --> 00:12:00,370

like such a fan and when he called I was

249

00:12:05,579 --> 00:12:03,850

just thrilled to say hello and even bill

250

00:12:08,009 --> 00:12:05,589

tiller I was thrilled I just knew he was

251
00:12:10,530 --> 00:12:08,019
going to come say what a great job you

252
00:12:14,160 --> 00:12:10,540
know any colony stood either there's

253
00:12:16,290 --> 00:12:14,170
bill tiller speaking ok I just want to

254
00:12:19,980 --> 00:12:16,300
let you know that I read your book and I

255
00:12:21,960 --> 00:12:19,990
hate it oh and it liked to destroy me I

256
00:12:24,000 --> 00:12:21,970
was actually on vacation when he called

257
00:12:25,350 --> 00:12:24,010
that Cracker Barrel having dinner and I

258
00:12:28,439 --> 00:12:25,360
said what do you mean you hate it bill

259
00:12:30,750 --> 00:12:28,449
and he goes well I said why do you hate

260
00:12:35,699 --> 00:12:30,760
it and he went because everybody doesn't

261
00:12:38,840 --> 00:12:35,709
say what I say oh and he said I now know

262
00:12:41,579 --> 00:12:38,850
that I can't retire Oh

263
00:12:42,840 --> 00:12:41,589

and so that was pretty much what he

264

00:12:44,880 --> 00:12:42,850

meant he didn't mean that he really

265

00:12:46,829 --> 00:12:44,890

hated my book he meant that he didn't

266

00:12:48,960 --> 00:12:46,839

realize that that problem had assisted

267

00:12:52,500 --> 00:12:48,970

so and there are many people like I'm

268

00:12:55,800 --> 00:12:52,510

not going to name any name I'll name one

269

00:12:58,769 --> 00:12:55,810

named bill pillar ok bill tiller had

270

00:13:02,759 --> 00:12:58,779

tried to talk with another one of the

271

00:13:04,290 --> 00:13:02,769

physicists who I believe he made the cut

272

00:13:06,750 --> 00:13:04,300

in the book I can't remember everybody

273

00:13:08,939 --> 00:13:06,760

that made the cut it's been a couple of

274

00:13:10,860 --> 00:13:08,949

years since I wrote that book I'm pretty

275

00:13:13,170 --> 00:13:10,870

sure that he did but they'll have been

276

00:13:16,170 --> 00:13:13,180

trying to reach that physicist to talk

277

00:13:19,860 --> 00:13:16,180

about models of physics and physical

278

00:13:24,300 --> 00:13:19,870

reality and that physicists would never

279

00:13:26,939 --> 00:13:24,310

call him back never over years he would

280

00:13:28,340 --> 00:13:26,949

eat us wouldn't respond at all so I said

281

00:13:31,639 --> 00:13:28,350

well you know what

282

00:13:33,350 --> 00:13:31,649

give me that tell me what you wanted to

283

00:13:36,199 --> 00:13:33,360

know and I'll at least make sure that he

284

00:13:38,420 --> 00:13:36,209

reads it so bill said okay so he wrote

285

00:13:39,829 --> 00:13:38,430

like this two-page letter will this big

286

00:13:42,050 --> 00:13:39,839

long letter because it was in an email I

287

00:13:44,809 --> 00:13:42,060

don't know how many pages it was so I

288

00:13:49,579 --> 00:13:44,819

sent it to this other physicist I said I

289

00:13:52,129 --> 00:13:49,589

read it mm-hmm so he read it silent so a

290

00:13:54,680 --> 00:13:52,139

few years later maybe not even a few

291

00:13:56,689 --> 00:13:54,690

years maybe a year I interviewed that

292

00:14:00,230 --> 00:13:56,699

physicist because he wrote a new book

293

00:14:02,629 --> 00:14:00,240

and lo and behold if that comfort if

294

00:14:04,790 --> 00:14:02,639

that letter from Bill tiller didn't

295

00:14:08,120 --> 00:14:04,800

instigate that new book that he was

296

00:14:11,059 --> 00:14:08,130

writing so when when I interviewed him I

297

00:14:18,710 --> 00:14:11,069

said why did you not respond to build

298

00:14:20,509 --> 00:14:18,720

tiller and he was like well you know he

299

00:14:22,999 --> 00:14:20,519

just kind of stumbled around but what if

300

00:14:24,439 --> 00:14:23,009

what it basically boils down to is

301

00:14:26,569 --> 00:14:24,449

that's how they get their grant money

302

00:14:28,040 --> 00:14:26,579

nobody wants to share because they've

303

00:14:30,079 --> 00:14:28,050

read somebody else is going to steal

304

00:14:31,730 --> 00:14:30,089

their idea when really that's what it's

305

00:14:35,030 --> 00:14:31,740

going to take to have a quantum leap in

306

00:14:37,009 --> 00:14:35,040

humanity in science is for them to talk

307

00:14:39,530 --> 00:14:37,019

and you know money just gets in the way

308

00:14:43,189 --> 00:14:39,540

well where would you imagine that

309

00:14:48,550 --> 00:14:43,199

quantum leap landing where do you think

310

00:14:51,230 --> 00:14:48,560

it's all gonna come come to I'm not sure

311

00:14:54,710 --> 00:14:51,240

supposing all the physicists did come to

312

00:14:56,720 --> 00:14:54,720

some conclusion and they really came to

313

00:14:59,240 --> 00:14:56,730

a definition of consciousness that

314

00:15:02,059 --> 00:14:59,250

everyone agreed upon that was actually

315

00:15:04,970 --> 00:15:02,069

true where what direction do you think

316

00:15:08,329 --> 00:15:04,980

science and I mean forget science your

317

00:15:12,110 --> 00:15:08,339

civilization in general would go to well

318

00:15:14,300 --> 00:15:12,120

I certainly I certainly suspect the

319

00:15:18,530 --> 00:15:14,310

potential of world peace in a clean

320

00:15:22,069 --> 00:15:18,540

world that would be knows if everybody

321

00:15:24,040 --> 00:15:22,079

really understood and they they do

322

00:15:25,730 --> 00:15:24,050

understand that when you interview them

323

00:15:28,340 --> 00:15:25,740

individually mm-hm

324

00:15:30,860 --> 00:15:28,350

they do understand what I'm about to

325

00:15:32,780 --> 00:15:30,870

tell you but for some reason they can't

326

00:15:35,629 --> 00:15:32,790

put it into perspective when they do

327

00:15:39,160 --> 00:15:35,639

their numbers okay you know do you

328

00:15:41,330 --> 00:15:39,170

believe that there is an irreducible

329

00:15:44,900 --> 00:15:41,340

unit of the atom

330

00:15:47,480 --> 00:15:44,910

yeah do you believe that that is a field

331

00:15:49,400 --> 00:15:47,490

or a wave well you know there's

332

00:15:51,350 --> 00:15:49,410

different opinions about that what about

333

00:15:54,740 --> 00:15:51,360

what it is but most people say that it's

334

00:15:58,120 --> 00:15:54,750

both a field in a way right well if that

335

00:16:04,280 --> 00:15:58,130

do you believe that there that matter

336

00:16:07,910 --> 00:16:04,290

really exists well no well what does

337

00:16:10,880 --> 00:16:07,920

that mean that means that we don't

338

00:16:12,019 --> 00:16:10,890

really what excuse me then I'll say do

339

00:16:15,470 --> 00:16:12,029

you believe that we live in a

340

00:16:17,930 --> 00:16:15,480

holographic environment well yeah well

341

00:16:21,140 --> 00:16:17,940

what does that mean that means that we

342

00:16:24,050 --> 00:16:21,150

don't really exist and that whatever is

343

00:16:26,210 --> 00:16:24,060

here it's all one thing and that thought

344

00:16:30,530 --> 00:16:26,220

must manipulate that thing

345

00:16:32,210 --> 00:16:30,540

well yeah but but but we're individual

346

00:16:33,680 --> 00:16:32,220

you know we're still individual and but

347

00:16:34,400 --> 00:16:33,690

you know they just can't get it I don't

348

00:16:36,410 --> 00:16:34,410

know why

349

00:16:38,300 --> 00:16:36,420

well actually I believe that it has to

350

00:16:40,640 --> 00:16:38,310

do with what I call gradients of

351
00:16:42,890 --> 00:16:40,650
consciousness that's the way you know if

352
00:16:43,970 --> 00:16:42,900
you have read David Hawkins book power

353
00:16:46,490 --> 00:16:43,980
versus forest

354
00:16:48,380 --> 00:16:46,500
I truly believe and it seems to be very

355
00:16:51,770 --> 00:16:48,390
evident to me that gradients and

356
00:16:55,760 --> 00:16:51,780
consciousness exist somebody on a and

357
00:16:58,670 --> 00:16:55,770
it's not bad or good it's like eight

358
00:17:00,980 --> 00:16:58,680
it's not bad to be five and it's not bad

359
00:17:03,650 --> 00:17:00,990
to be 50 it's just your five or your

360
00:17:09,230 --> 00:17:03,660
fifty you have more knowledge if you're

361
00:17:11,419 --> 00:17:09,240
fifty typically you know yeah hope so

362
00:17:13,730 --> 00:17:11,429
anyway but but real but not really

363
00:17:16,550 --> 00:17:13,740

because it depends on your gradient and

364

00:17:21,220 --> 00:17:16,560

consciousness where you fall where there

365

00:17:23,480 --> 00:17:21,230

does where does the state of of

366

00:17:26,600 --> 00:17:23,490

consciousness in other words the mind

367

00:17:29,180 --> 00:17:26,610

state effect that like if you're in an

368

00:17:31,760 --> 00:17:29,190

alpha state a beta state a gamma state

369

00:17:36,020 --> 00:17:31,770

at the beta state of consciousness how

370

00:17:39,169 --> 00:17:36,030

does that fit in there or does it let me

371

00:17:42,140 --> 00:17:39,179

think about that first again I think I

372

00:17:43,880 --> 00:17:42,150

don't know about the gamma somebody shut

373

00:17:47,120 --> 00:17:43,890

something I don't know about the gamma

374

00:17:49,190 --> 00:17:47,130

but I do know you know that low state is

375

00:17:53,419 --> 00:17:49,200

when you're in that meditative state but

376

00:17:54,320 --> 00:17:53,429

I think it's more about awareness you

377

00:17:58,789 --> 00:17:54,330

know how

378

00:18:01,850 --> 00:17:58,799

aware are you of who you really are are

379

00:18:05,060 --> 00:18:01,860

you are you primarily aware of your

380

00:18:07,340 --> 00:18:05,070

condition state you know the things that

381

00:18:09,350 --> 00:18:07,350

you're a parent do you know what you

382

00:18:11,690 --> 00:18:09,360

know because somebody told you or do you

383

00:18:13,399 --> 00:18:11,700

know what you know because you know it

384

00:18:15,320 --> 00:18:13,409

because you experienced it in some

385

00:18:18,139 --> 00:18:15,330

manner shape or form even if you

386

00:18:22,220 --> 00:18:18,149

experienced it on a in and it on an

387

00:18:23,990 --> 00:18:22,230

inner level as opposed to an outside

388

00:18:27,259 --> 00:18:24,000

world level in other words it's not

389

00:18:29,899 --> 00:18:27,269

about well the outside world certainly

390

00:18:31,669 --> 00:18:29,909

you know as as miss her was saying you

391

00:18:33,379 --> 00:18:31,679

know it depends on you gradient I was

392

00:18:36,500 --> 00:18:33,389

having this discussion with my father

393

00:18:50,090 --> 00:18:36,510

once really yeah yeah actually you know

394

00:18:53,029 --> 00:18:50,100

I was a little smart really just and you

395

00:18:54,950 --> 00:18:53,039

know we're all and he said to me yeah

396

00:18:56,930 --> 00:18:54,960

well let me tell you something the last

397

00:19:00,470 --> 00:18:56,940

time you stubbed your toe you said ouch

398

00:19:09,139 --> 00:19:00,480

and I think there was some reality there

399

00:19:11,299 --> 00:19:09,149

I said you know okay that was like again

400

00:19:14,149 --> 00:19:11,309

a gradient I mean he was very very

401
00:19:16,519 --> 00:19:14,159
material he was a wonderful bit but I

402
00:19:20,269 --> 00:19:16,529
mean when I say materialistic I mean he

403
00:19:22,850 --> 00:19:20,279
would not have he would have thought

404
00:19:25,279 --> 00:19:22,860
about this type of a thing but it was

405
00:19:26,930 --> 00:19:25,289
not his reality at all his reality was

406
00:19:29,240 --> 00:19:26,940
you know you put the key in the lock in

407
00:19:30,830 --> 00:19:29,250
the lock opens period it doesn't open

408
00:19:33,350 --> 00:19:30,840
because of good intentions or anything

409
00:19:34,970 --> 00:19:33,360
else that's just the way it is you have

410
00:19:38,810 --> 00:19:34,980
an infection you get some antibiotics

411
00:19:40,879 --> 00:19:38,820
you get better period yeah and that was

412
00:19:44,000 --> 00:19:40,889
his worldview mechanistic view of the

413
00:19:46,039 --> 00:19:44,010

universe and it worked very well for him

414

00:19:49,850 --> 00:19:46,049

too and it carried over to me a great

415

00:19:51,680 --> 00:19:49,860

deal as well but you know I haven't been

416

00:19:54,080 --> 00:19:51,690

exposed to people like yourself miss her

417

00:19:55,909 --> 00:19:54,090

I know I have to open up my eyes a

418

00:19:58,100 --> 00:19:55,919

little bit and say claw maybe there is a

419

00:20:01,009 --> 00:19:58,110

little bit more out there well I have to

420

00:20:03,169 --> 00:20:01,019

tell you something I am probably the

421

00:20:03,590 --> 00:20:03,179

most black-and-white person you'll ever

422

00:20:06,190 --> 00:20:03,600

meet

423

00:20:08,120 --> 00:20:06,200

well if you were a legal investigator

424

00:20:11,420 --> 00:20:08,130

there's gotta be something

425

00:20:14,020 --> 00:20:11,430

I'm so black-and-white but what I have

426

00:20:16,960 --> 00:20:14,030

you know what I have learned is like

427

00:20:24,640 --> 00:20:16,970

when I say gradients and consciousness

428

00:20:27,560 --> 00:20:24,650

take politics right now if you talk to a

429

00:20:31,430 --> 00:20:27,570

politician on either ticket it doesn't

430

00:20:33,680 --> 00:20:31,440

matter and you try to tell them your

431

00:20:35,600 --> 00:20:33,690

perspective about whatever it is that

432

00:20:39,230 --> 00:20:35,610

you think and you're on the opposite

433

00:20:42,170 --> 00:20:39,240

side will they listen no matter how no

434

00:20:45,020 --> 00:20:42,180

matter what good information that you

435

00:20:48,170 --> 00:20:45,030

give them and let's assume that your

436

00:20:50,600 --> 00:20:48,180

information is the best that it's

437

00:20:54,530 --> 00:20:50,610

completely credible about whatever it is

438

00:20:58,040 --> 00:20:54,540

okay and they absolutely refuse to hear

439

00:21:01,130 --> 00:20:58,050

it okay that would be a very low

440

00:21:03,220 --> 00:21:01,140

gradient of consciousness to me you feel

441

00:21:05,840 --> 00:21:03,230

like you're talking to a telephone pole

442

00:21:10,010 --> 00:21:05,850

and they feel like they're talking to a

443

00:21:18,020 --> 00:21:10,020

know-it-all okay it it it you know as as

444

00:21:20,590 --> 00:21:18,030

a person grows consciously they might

445

00:21:22,970 --> 00:21:20,600

say well you know maybe I ought to go

446

00:21:26,660 --> 00:21:22,980

let me think about that

447

00:21:28,640 --> 00:21:26,670

mm-hmm rather than a religion if you've

448

00:21:30,140 --> 00:21:28,650

ever talked to somebody in a fundamental

449

00:21:32,780 --> 00:21:30,150

religion and you're trying to tell them

450

00:21:35,480 --> 00:21:32,790

about oneness and quantum mechanics I

451
00:21:41,360 --> 00:21:35,490
got a new t-shirt recently it says

452
00:21:43,820 --> 00:21:41,370
science doesn't care what you think if

453
00:21:45,620 --> 00:21:43,830
you want to see that's a good science

454
00:21:48,740 --> 00:21:45,630
really doesn't care what you think and

455
00:21:51,170 --> 00:21:48,750
no matter what you tell them to oranges

456
00:21:52,850 --> 00:21:51,180
and to oranges as for oranges but

457
00:21:54,350 --> 00:21:52,860
they're going to argue with you that

458
00:21:56,960 --> 00:21:54,360
it's not mm-hmm

459
00:21:58,430 --> 00:21:56,970
because one orange is not fully ripened

460
00:21:59,750 --> 00:21:58,440
and it's not completely orange it's

461
00:22:02,000 --> 00:21:59,760
still a little bit green so you don't

462
00:22:03,500 --> 00:22:02,010
have four oranges they don't care you

463
00:22:05,480 --> 00:22:03,510

don't know what you're talking about so

464

00:22:07,940 --> 00:22:05,490

you're talking to a telephone pole and

465

00:22:11,210 --> 00:22:07,950

they're talking to a note off as you

466

00:22:14,300 --> 00:22:11,220

grow as a spiritual being those things

467

00:22:16,520 --> 00:22:14,310

change on how you know on Hawkins scale

468

00:22:19,310 --> 00:22:16,530

he uses zero because there are no words

469

00:22:22,080 --> 00:22:19,320

really to describe this so he uses zero

470

00:22:24,210 --> 00:22:22,090

to 100 102 101 to 200

471

00:22:28,220 --> 00:22:24,220

with a thousand being like the non-dual

472

00:22:32,279 --> 00:22:28,230

state and at certain places like around

473

00:22:35,610 --> 00:22:32,289

350 on that scale and people they say

474

00:22:36,710 --> 00:22:35,620

that people only grow about three points

475

00:22:40,049 --> 00:22:36,720

a lifetime

476
00:22:42,510 --> 00:22:40,059
however noetic sciences did a research

477
00:22:44,820 --> 00:22:42,520
project gosh it's been probably 10 years

478
00:22:47,880 --> 00:22:44,830
since I talked to them about this that

479
00:22:50,490 --> 00:22:47,890
they said that had more documented cases

480
00:22:53,370 --> 00:22:50,500
of spontaneous enlightenment in the

481
00:22:55,680 --> 00:22:53,380
early to mid 90s than ever before in the

482
00:22:58,710 --> 00:22:55,690
history of time isn't that interesting

483
00:23:01,500 --> 00:22:58,720
and you did actually speak to the

484
00:23:04,919 --> 00:23:01,510
gentleman who is involved with noetic

485
00:23:08,779 --> 00:23:04,929
science institute now somebody who we

486
00:23:13,590 --> 00:23:08,789
would love also to have on our program

487
00:23:16,470 --> 00:23:13,600
Dean Radin and and how did that how did

488
00:23:18,899 --> 00:23:16,480

that women but he was not the one who

489

00:23:21,120 --> 00:23:18,909

did that project it was Cassandra Beaton

490

00:23:24,000 --> 00:23:21,130

and another woman who I can't think of

491

00:23:26,279 --> 00:23:24,010

her name okay it was two women there but

492

00:23:28,620 --> 00:23:26,289

but that just goes to show that

493

00:23:31,049 --> 00:23:28,630

something's happening mm-hmm

494

00:23:33,389 --> 00:23:31,059

but anyway but when you get about it 350

495

00:23:37,350 --> 00:23:33,399

on that scale is when you start thinking

496

00:23:40,610 --> 00:23:37,360

I don't something's wrong with my belief

497

00:23:44,909 --> 00:23:40,620

system you know something is wrong

498

00:23:48,480 --> 00:23:44,919

there's a void in my life where I'm not

499

00:23:50,430 --> 00:23:48,490

sure that I believe those religious

500

00:23:54,330 --> 00:23:50,440

beliefs that were taught to me as a

501
00:23:56,580 --> 00:23:54,340
child you know I'm not I don't know what

502
00:23:59,130 --> 00:23:56,590
it is but something's not right quite

503
00:24:01,320 --> 00:23:59,140
right so you start seeking you read

504
00:24:07,200 --> 00:24:01,330
everything you can get your hands on

505
00:24:10,500 --> 00:24:07,210
about metaphysics you know about self

506
00:24:14,880 --> 00:24:10,510
self-help books and everything then when

507
00:24:16,980 --> 00:24:14,890
you get about 450 or 500 something

508
00:24:18,240 --> 00:24:16,990
happens you don't know what happens

509
00:24:21,210 --> 00:24:18,250
because it happens from the inside but

510
00:24:25,080 --> 00:24:21,220
just all of a sudden you go it's a huge

511
00:24:29,820 --> 00:24:25,090
aha moment oh my god I get it and you

512
00:24:32,130 --> 00:24:29,830
start feeling love to everybody like you

513
00:24:34,980 --> 00:24:32,140

like when I had my enlightenment

514

00:24:35,850 --> 00:24:34,990

experience which happened to be back in

515

00:24:39,210 --> 00:24:35,860

95

516

00:24:41,700 --> 00:24:39,220

when I woke up that next morning you

517

00:24:42,960 --> 00:24:41,710

know how do you have children or pet yes

518

00:24:45,360 --> 00:24:42,970

yes yes yes

519

00:24:46,950 --> 00:24:45,370

you know how when they're little you

520

00:24:49,710 --> 00:24:46,960

just love them so much you want to

521

00:24:52,759 --> 00:24:49,720

squeeze them I must do it hurt

522

00:24:55,710 --> 00:24:52,769

you're like a Golden Retriever puppy so

523

00:24:59,130 --> 00:24:55,720

that's the way I feel about everybody

524

00:25:02,490 --> 00:24:59,140

wow that's great what I can get angry at

525

00:25:05,850 --> 00:25:02,500

somebody but that doesn't mean that I

526
00:25:08,360 --> 00:25:05,860
don't love them that way well what was

527
00:25:11,310 --> 00:25:08,370
and that's a gradient in consciousness

528
00:25:13,379 --> 00:25:11,320
what was that was that that event that

529
00:25:18,210 --> 00:25:13,389
you talked about that brought about that

530
00:25:22,500 --> 00:25:18,220
epiphany yeah yeah yeah let's just say

531
00:25:25,639 --> 00:25:22,510
that we're speaking to her and let her

532
00:25:28,049 --> 00:25:25,649
talk just mention the names of her two

533
00:25:30,419 --> 00:25:28,059
existing books now Eva you would you

534
00:25:31,919 --> 00:25:30,429
mind just saying that for our audience

535
00:25:36,240 --> 00:25:31,929
so that they can go out and get your

536
00:25:39,360 --> 00:25:36,250
books my first book is called agape the

537
00:25:41,730 --> 00:25:39,370
intent of the soul and agape is a Greek

538
00:25:45,600 --> 00:25:41,740

word that means unconditional love for

539

00:25:48,299 --> 00:25:45,610

your fellow mankind in my second book is

540

00:25:50,669 --> 00:25:48,309

it oh and it's my story about what

541

00:25:52,259 --> 00:25:50,679

happened to me and how I came to know

542

00:25:55,200 --> 00:25:52,269

the things that I do because I wasn't

543

00:25:57,810 --> 00:25:55,210

always the way I promised I was the most

544

00:25:59,070 --> 00:25:57,820

materialist person narcissistic woman

545

00:26:01,129 --> 00:25:59,080

you've ever laid your eyes on you

546

00:26:06,090 --> 00:26:01,139

probably wouldn't have even liked me

547

00:26:07,860 --> 00:26:06,100

seriously and then my second but I

548

00:26:10,379 --> 00:26:07,870

wanted to know what the hell happened to

549

00:26:13,200 --> 00:26:10,389

me because it happened overnight and I

550

00:26:15,509 --> 00:26:13,210

was not looking for it I wanted to know

551
00:26:17,129 --> 00:26:15,519
what happened because I'm so black and

552
00:26:19,590 --> 00:26:17,139
white I just have to understand what

553
00:26:22,680 --> 00:26:19,600
happened okay and so that's when I

554
00:26:26,250 --> 00:26:22,690
started researching and finding all

555
00:26:29,279 --> 00:26:26,260
these physicists and asking them how was

556
00:26:31,529 --> 00:26:29,289
this a physiological event you know was

557
00:26:34,169 --> 00:26:31,539
it a psychological that what was it was

558
00:26:37,259 --> 00:26:34,179
it a dream you know what was it and

559
00:26:39,240 --> 00:26:37,269
that's when I found Edgar Mitchell and

560
00:26:40,710 --> 00:26:39,250
the same thing happened to Edgar

561
00:26:42,779 --> 00:26:40,720
Mitchell when he was coming back from

562
00:26:44,940 --> 00:26:42,789
the moon yes when he was coming you know

563
00:26:46,620 --> 00:26:44,950

he saw the moon and the earth and the

564

00:26:48,600 --> 00:26:46,630

distance the size of the Nicklin he was

565

00:26:49,539 --> 00:26:48,610

like I'm not God and everything that I

566

00:26:53,619 --> 00:26:49,549

know is on

567

00:26:56,200 --> 00:26:53,629

Nicoll reporter Ashley but he was he was

568

00:26:58,840 --> 00:26:56,210

a wonderful man and we all mourn his

569

00:27:01,869 --> 00:26:58,850

loss I had the pleasure of meeting him

570

00:27:04,450 --> 00:27:01,879

one afternoon in New York City and

571

00:27:06,310 --> 00:27:04,460

having a conversation with him which is

572

00:27:09,369 --> 00:27:06,320

one of the most memorable conversations

573

00:27:11,229 --> 00:27:09,379

of my life so I'm with you on that but

574

00:27:13,690 --> 00:27:11,239

you were right he felt that at that

575

00:27:20,080 --> 00:27:13,700

moment of his epiphany that everything

576
00:27:22,210 --> 00:27:20,090
was one he his moment of Epiphany I

577
00:27:26,470 --> 00:27:22,220
think was he realized that everything

578
00:27:29,349 --> 00:27:26,480
was one yes and and and and from my

579
00:27:30,940 --> 00:27:29,359
perspective people say have you read

580
00:27:32,229 --> 00:27:30,950
this book have you read that book have

581
00:27:34,810 --> 00:27:32,239
you read this book have you heard this

582
00:27:36,249 --> 00:27:34,820
person I don't know I don't need to read

583
00:27:40,479 --> 00:27:36,259
their book or hear their story there's

584
00:27:42,789 --> 00:27:40,489
only one story every single person that

585
00:27:46,180 --> 00:27:42,799
I've ever interviewed and it's been

586
00:27:49,239 --> 00:27:46,190
hundreds mm-hm and I asked them that

587
00:27:52,389 --> 00:27:49,249
question it's all the same there's only

588
00:27:54,669 --> 00:27:52,399

one it doesn't matter how you get there

589

00:27:58,840 --> 00:27:54,679

that you know the road may be different

590

00:28:00,970 --> 00:27:58,850

that the destination is the same from

591

00:28:03,810 --> 00:28:00,980

what I've found and I've talked to

592

00:28:06,669 --> 00:28:03,820

hundreds of people about this you know

593

00:28:10,749 --> 00:28:06,679

do you feel like a mission in your life

594

00:28:13,599 --> 00:28:10,759

that you have to bring that epiphany to

595

00:28:15,940 --> 00:28:13,609

other people at the very beginning when

596

00:28:18,700 --> 00:28:15,950

it first happened I was a woman on a

597

00:28:20,590 --> 00:28:18,710

mission okay I thought I could if I

598

00:28:21,340 --> 00:28:20,600

could just tell these people I can save

599

00:28:24,460 --> 00:28:21,350

the world

600

00:28:26,320 --> 00:28:24,470

mm-hmm but then I realized that people

601
00:28:27,879 --> 00:28:26,330
thought I was crazy I thought I was

602
00:28:30,220 --> 00:28:27,889
crazy because I didn't know where it

603
00:28:33,729 --> 00:28:30,230
came from and then I checked myself into

604
00:28:34,989 --> 00:28:33,739
a mental hospital really yes because I

605
00:28:36,940 --> 00:28:34,999
didn't know where it came from and I

606
00:28:39,430 --> 00:28:36,950
wasn't looking for I mean I just woke up

607
00:28:42,609 --> 00:28:39,440
and here I have it's like somebody took

608
00:28:44,950 --> 00:28:42,619
volumes and volumes let me put it this

609
00:28:46,629 --> 00:28:44,960
way I didn't take visit I made straight

610
00:28:48,070 --> 00:28:46,639
A's in high school but I didn't take

611
00:28:50,489 --> 00:28:48,080
physics because I didn't want to have an

612
00:28:52,899 --> 00:28:50,499
F on my report card

613
00:28:55,419 --> 00:28:52,909

okay that's until I have my gen you

614

00:28:58,330 --> 00:28:55,429

about physics where now I can talk I can

615

00:29:00,009 --> 00:28:58,340

talk a physicist down okay you know I

616

00:29:02,590 --> 00:29:00,019

can't talk numbers but I can talk

617

00:29:03,340 --> 00:29:02,600

theories and it came from somewhere and

618

00:29:06,640 --> 00:29:03,350

I also

619

00:29:09,159 --> 00:29:06,650

woke up profoundly psychic I can tell

620

00:29:11,890 --> 00:29:09,169

you your help for the next 20 years

621

00:29:13,510 --> 00:29:11,900

hmm I can give you saddle symptoms that

622

00:29:15,909 --> 00:29:13,520

you're having right now that you don't

623

00:29:19,180 --> 00:29:15,919

even realize as a symptom now where did

624

00:29:20,650 --> 00:29:19,190

that come from and I woke up knowing

625

00:29:23,200 --> 00:29:20,660

people I woke up knowing dannion

626

00:29:25,120 --> 00:29:23,210

brinkley Raymond Mooney Norm's Schiele

627

00:29:28,120 --> 00:29:25,130

and Carolyn mace just like I know myself

628

00:29:31,419 --> 00:29:28,130

no and I've never heard of them before

629

00:29:33,549 --> 00:29:31,429

Wow Raymond Raymond turned out to live

630

00:29:34,590 --> 00:29:33,559

on the same road as my grandmother in

631

00:29:37,419 --> 00:29:34,600

Alabama

632

00:29:39,159 --> 00:29:37,429

Danya and I was standing in a hotel up

633

00:29:40,899 --> 00:29:39,169

in Charlotte North Carolina that

634

00:29:43,570 --> 00:29:40,909

checking in about 1 or 2 o'clock in the

635

00:29:45,310 --> 00:29:43,580

morning I don't remember and nobody was

636

00:29:47,340 --> 00:29:45,320

there you know it was dark not went in

637

00:29:49,960 --> 00:29:47,350

to check in with my little girl and

638

00:29:51,549 --> 00:29:49,970

somebody came up behind me and tapped me

639

00:29:54,010 --> 00:29:51,559

on the shoulder and leaned over in my

640

00:29:55,870 --> 00:29:54,020

ear and said we've known each other for

641

00:30:00,880 --> 00:29:55,880

millenniums I jerked around I thought

642

00:30:02,649 --> 00:30:00,890

some nut had followed me and turned

643

00:30:04,870 --> 00:30:02,659

around and it was dannion and now

644

00:30:08,230 --> 00:30:04,880

dannion and and cat are my kids

645

00:30:11,140 --> 00:30:08,240

godparents that's you know and norm

646

00:30:14,680 --> 00:30:11,150

I met at Council Grove and that's so

647

00:30:17,500 --> 00:30:14,690

interesting the same man introduced me

648

00:30:21,880 --> 00:30:17,510

at the council Grove meeting that

649

00:30:24,820 --> 00:30:21,890

introduced Caroline to norm Wow 20 years

650

00:30:25,870 --> 00:30:24,830

later or however many years later you

651

00:30:27,880 --> 00:30:25,880

know and what's the likelihood of

652

00:30:30,730 --> 00:30:27,890

somebody even going to Council Grove

653

00:30:33,490 --> 00:30:30,740

much less having that happen I don't I

654

00:30:35,580 --> 00:30:33,500

don't know but I was very happy to make

655

00:30:39,130 --> 00:30:35,590

his acquaintance at the Monroe Institute

656

00:30:41,130 --> 00:30:39,140

recently this past year norm chili was

657

00:30:43,630 --> 00:30:41,140

there in the Professional Division

658

00:30:46,480 --> 00:30:43,640

meeting and what a wonderful man he is

659

00:30:49,180 --> 00:30:46,490

he is my mentor I'm telling you and I

660

00:30:51,070 --> 00:30:49,190

need something I wanted my kid was

661

00:30:53,770 --> 00:30:51,080

giving me problems eating and I called

662

00:30:56,260 --> 00:30:53,780

enough norm so you know what I do my

663

00:30:58,870 --> 00:30:56,270

kids fights me because I eat organic and

664

00:31:01,510 --> 00:30:58,880

a free-range and gressman and my kid

665

00:31:03,909 --> 00:31:01,520

just won't do so then your your child

666

00:31:05,350 --> 00:31:03,919

and started to eat norm helps no no one

667

00:31:07,510 --> 00:31:05,360

just said you know that's the problem

668

00:31:11,830 --> 00:31:07,520

that's the self that you wanna meet what

669

00:31:14,590 --> 00:31:11,840

do you want to eat I think you to change

670

00:31:16,570 --> 00:31:14,600

your life and it's it you can you can

671

00:31:17,230 --> 00:31:16,580

point things out to people which are

672

00:31:20,350 --> 00:31:17,240

true

673

00:31:22,630 --> 00:31:20,360

about them about they can ask you for

674

00:31:24,399 --> 00:31:22,640

advice or help but if they don't have

675

00:31:26,919 --> 00:31:24,409

the desire to make the change just

676

00:31:29,110 --> 00:31:26,929

talking to that telephone pole you

677

00:31:32,500 --> 00:31:29,120

mentioned before that's right so how

678

00:31:34,510 --> 00:31:32,510

long do we have on here good question I

679

00:31:36,669 --> 00:31:34,520

don't know why did you want to bring

680

00:31:38,980 --> 00:31:36,679

something up in particular some things

681

00:31:42,220 --> 00:31:38,990

that I wanted to make sure about before

682

00:31:45,490 --> 00:31:42,230

we end I wanted to talk about intention

683

00:31:46,299 --> 00:31:45,500

and prayer which to me or synonymous

684

00:31:49,960 --> 00:31:46,309

okay

685

00:31:51,639 --> 00:31:49,970

many people say you know they all want

686

00:31:53,139 --> 00:31:51,649

to pray about whatever it is that they

687

00:31:55,779 --> 00:31:53,149

want to pray about and I just want to

688

00:31:58,419 --> 00:31:55,789

make sure that people know if you're

689

00:32:01,779 --> 00:31:58,429

trying to accomplish something with

690

00:32:04,450 --> 00:32:01,789

prayer Dean Radin told me something one

691

00:32:07,450 --> 00:32:04,460

time that really made a lot of sense you

692

00:32:09,669 --> 00:32:07,460

said either imagine that you have a pond

693

00:32:11,889 --> 00:32:09,679

and you want to get all the water out so

694

00:32:13,299 --> 00:32:11,899

that's your goal that's your intention

695

00:32:15,880 --> 00:32:13,309

that's the thing that you want to pray

696

00:32:17,980 --> 00:32:15,890

about so you got a hundred people and

697

00:32:19,659 --> 00:32:17,990

you're all standing around that pond and

698

00:32:22,480 --> 00:32:19,669

you're starting to pray about getting

699

00:32:24,909 --> 00:32:22,490

the water out so everybody's saying

700

00:32:27,279 --> 00:32:24,919

their own prayers which would be

701
00:32:28,899 --> 00:32:27,289
equivalent of everybody picking up a

702
00:32:32,110 --> 00:32:28,909
little rock and throwing it in and

703
00:32:34,389 --> 00:32:32,120
hoping to splash the water out it's not

704
00:32:36,250 --> 00:32:34,399
going to happen so if you really want to

705
00:32:37,840 --> 00:32:36,260
get the water out what you have to do is

706
00:32:40,330 --> 00:32:37,850
you have to get all the people on the

707
00:32:44,380 --> 00:32:40,340
same page everybody needs to get a

708
00:32:47,590 --> 00:32:44,390
pebble the exact same size there's that

709
00:32:50,919 --> 00:32:47,600
same shape the exact same weight and

710
00:32:55,990 --> 00:32:50,929
they have to throw it into the pond at

711
00:32:59,320 --> 00:32:56,000
the exact same moment that way it it's

712
00:33:01,720 --> 00:32:59,330
more it's more like one giant boulder

713
00:33:04,690 --> 00:33:01,730

and all the water will splash out in

714

00:33:06,279 --> 00:33:04,700

other words I've gone to church before

715

00:33:10,000 --> 00:33:06,289

and I hear the people pray and they pray

716

00:33:12,340 --> 00:33:10,010

for 20 minutes you know about all over

717

00:33:17,820 --> 00:33:12,350

the place if you wanted to say a prayer

718

00:33:23,380 --> 00:33:17,830

that I will be done the single most

719

00:33:27,039 --> 00:33:23,390

focused prayer you can get is thy will

720

00:33:31,020 --> 00:33:27,049

be done if everybody's praying that same

721

00:33:33,270 --> 00:33:31,030

thing she is healed or I'm healed or

722

00:33:35,970 --> 00:33:33,280

that will be that will be done has the

723

00:33:37,350 --> 00:33:35,980

highest intention for the thing to

724

00:33:39,720 --> 00:33:37,360

happen so I just wanted to talk about

725

00:33:41,460 --> 00:33:39,730

that because you know it's important if

726
00:33:44,640 --> 00:33:41,470
you're trying to accomplish something

727
00:33:46,680 --> 00:33:44,650
with prayer you're more like if it's

728
00:33:48,240 --> 00:33:46,690
within your field of possibilities to

729
00:33:51,600 --> 00:33:48,250
happen because it's not always

730
00:33:53,220 --> 00:33:51,610
everybody's gonna die you know there's

731
00:33:55,160 --> 00:33:53,230
always going to be that things but if

732
00:33:57,870 --> 00:33:55,170
it's within your field of possibilities

733
00:34:00,150 --> 00:33:57,880
that's the most likely way to get it to

734
00:34:03,390 --> 00:34:00,160
happen so you're sort of acquainting

735
00:34:06,300 --> 00:34:03,400
prayer with intention or intent it's the

736
00:34:08,790 --> 00:34:06,310
exact same thing okay well and I think

737
00:34:11,550 --> 00:34:08,800
it's easier for a lot of people to

738
00:34:14,130 --> 00:34:11,560

accept intent or intention because

739

00:34:17,100 --> 00:34:14,140

prayer carries with it you know some of

740

00:34:19,800 --> 00:34:17,110

the legend yeah an organized religion

741

00:34:23,700 --> 00:34:19,810

and penalties for not praying and which

742

00:34:26,760 --> 00:34:23,710

is sort of not fundamental the

743

00:34:30,270 --> 00:34:26,770

fundamentalist will accept intention but

744

00:34:33,510 --> 00:34:30,280

some people want it set prayer the use

745

00:34:37,020 --> 00:34:33,520

of those words so just use that word I

746

00:34:39,030 --> 00:34:37,030

was just I was just going to say that it

747

00:34:43,020 --> 00:34:39,040

is interesting that there have been some

748

00:34:47,580 --> 00:34:43,030

studies done that indicate that you can

749

00:34:51,480 --> 00:34:47,590

change things approximately 6% by your

750

00:34:54,440 --> 00:34:51,490

intention however if say Kate and I

751

00:34:59,070 --> 00:34:54,450

firoozeh were to intend the same thing

752

00:35:01,950 --> 00:34:59,080

in a you know contemporaneous way it ups

753

00:35:05,310 --> 00:35:01,960

the ante so to speak and it may go

754

00:35:07,860 --> 00:35:05,320

anywhere from 10 to 14 percent as a

755

00:35:11,160 --> 00:35:07,870

result of that tipping the scales

756

00:35:16,070 --> 00:35:11,170

towards our intention that's just what

757

00:35:20,790 --> 00:35:16,080

I've read in terms of the experimental

758

00:35:23,160 --> 00:35:20,800

models well I do know that you know bill

759

00:35:26,880 --> 00:35:23,170

tiller built that intention unit are you

760

00:35:28,410 --> 00:35:26,890

familiar with that no no well he built

761

00:35:31,620 --> 00:35:28,420

this little black box

762

00:35:33,690 --> 00:35:31,630

mm-hm and I believe if I'm not mistaken

763

00:35:36,300 --> 00:35:33,700

and I could be but I don't believe I am

764

00:35:38,990 --> 00:35:36,310

it's just been a while that he used

765

00:35:42,900 --> 00:35:39,000

magnetic monopoles to build it and

766

00:35:44,790 --> 00:35:42,910

Biddle and his wife and norm and his

767

00:35:48,210 --> 00:35:44,800

wife meditated

768

00:35:50,940 --> 00:35:48,220

placed an intention in that box and the

769

00:35:53,940 --> 00:35:50,950

intention was for this particular time

770

00:35:57,840 --> 00:35:53,950

that I'm talking about they had got a

771

00:36:00,240 --> 00:35:57,850

water company to donate lots of cases of

772

00:36:03,630 --> 00:36:00,250

water and sent them to laboratories

773

00:36:05,280 --> 00:36:03,640

around the world the reason they got it

774

00:36:07,080 --> 00:36:05,290

donated because I didn't want anybody to

775

00:36:11,700 --> 00:36:07,090

think that they tampered with the water

776

00:36:13,530 --> 00:36:11,710

I so so the four of them meditated and

777

00:36:17,790 --> 00:36:13,540

placed an intention in the water that

778

00:36:20,670 --> 00:36:17,800

the pH in that water would increase I

779

00:36:22,830 --> 00:36:20,680

can't even remember how much it was well

780

00:36:25,140 --> 00:36:22,840

let's just say I think by three points I

781

00:36:27,780 --> 00:36:25,150

think by three points okay I don't know

782

00:36:33,030 --> 00:36:27,790

could be one point but anyway a few

783

00:36:36,900 --> 00:36:33,040

points okay mm-hm and that exact same

784

00:36:39,620 --> 00:36:36,910

happened within three days all of the

785

00:36:42,330 --> 00:36:39,630

the pH and all of those bottles of water

786

00:36:43,980 --> 00:36:42,340

increased let's just say one point

787

00:36:46,050 --> 00:36:43,990

because I really can't remember about

788

00:36:50,220 --> 00:36:46,060

one point do you know how significant

789

00:36:52,290 --> 00:36:50,230

that is yeah all right your pH can

790

00:36:54,690 --> 00:36:52,300

change I mean that could kill you yeah

791

00:36:58,190 --> 00:36:54,700

yeah lutely and so then then they did

792

00:37:00,900 --> 00:36:58,200

the same thing and brought it back down

793

00:37:03,660 --> 00:37:00,910

and then they did it another time with

794

00:37:07,370 --> 00:37:03,670

fruit fly larvae they accelerated the

795

00:37:10,710 --> 00:37:07,380

growth of fruit fly larvae about 25%

796

00:37:12,990 --> 00:37:10,720

deaths what's thought now now this is

797

00:37:16,770 --> 00:37:13,000

extremely interesting but also

798

00:37:22,500 --> 00:37:16,780

interesting is the use of these magnetic

799

00:37:28,220 --> 00:37:22,510

monopoles which are reported strangely

800

00:37:31,350 --> 00:37:28,230

in in issues surrounding UFOs that the

801
00:37:34,500 --> 00:37:31,360
metallic elements that have been beamed

802
00:37:36,810 --> 00:37:34,510
by UFOs like the hood of your car or

803
00:37:39,660 --> 00:37:36,820
something like that turns into a

804
00:37:43,140 --> 00:37:39,670
magnetic monopole it's been reported so

805
00:37:45,480 --> 00:37:43,150
I have to express the fact that I don't

806
00:37:48,270 --> 00:37:45,490
really understand in terms of physics

807
00:37:51,870 --> 00:37:48,280
what a magnetic monopole is and how it

808
00:37:54,450 --> 00:37:51,880
is created I don't either but I believe

809
00:37:56,730 --> 00:37:54,460
I really don't okay

810
00:37:58,660 --> 00:37:56,740
understand that but I think that it has

811
00:38:00,940 --> 00:37:58,670
something to do with energy going

812
00:38:02,800 --> 00:38:00,950
back and forth at the same time but I

813
00:38:05,200 --> 00:38:02,810

don't really know honestly I really

814

00:38:08,010 --> 00:38:05,210

don't know so you can't rely on what I'm

815

00:38:10,630 --> 00:38:08,020

saying right there okay I just know that

816

00:38:15,730 --> 00:38:10,640

scientists around the world dispute that

817

00:38:17,500 --> 00:38:15,740

they even exist yeah I think that's so

818

00:38:19,390 --> 00:38:17,510

that's that's your primary thing this

819

00:38:21,070 --> 00:38:19,400

intent and then what was the second

820

00:38:22,810 --> 00:38:21,080

thing that you wanted to discuss the

821

00:38:24,090 --> 00:38:22,820

other thing I wanted to talk about was

822

00:38:27,220 --> 00:38:24,100

freewill

823

00:38:30,160 --> 00:38:27,230

everybody I talked to oh I have complete

824

00:38:33,130 --> 00:38:30,170

free will complete that's a very sticky

825

00:38:36,150 --> 00:38:33,140

subject no and we I want to make it very

826

00:38:39,490 --> 00:38:36,160

clear we do not have complete free will

827

00:38:41,770 --> 00:38:39,500

not we have will not complete

828

00:38:45,790 --> 00:38:41,780

no not complete okay but to some extent

829

00:38:47,650 --> 00:38:45,800

to some extent we have will that we can

830

00:38:50,890 --> 00:38:47,660

say raise your right arm and you can

831

00:38:54,430 --> 00:38:50,900

raise your right arm okay but if we had

832

00:38:57,310 --> 00:38:54,440

come free will is different if we had

833

00:38:59,620 --> 00:38:57,320

free complete free will it's kind of a

834

00:39:02,560 --> 00:38:59,630

catchy thing there yeah that kind of a

835

00:39:05,260 --> 00:39:02,570

trick question if we have complete free

836

00:39:07,840 --> 00:39:05,270

will would you ever lose your child to

837

00:39:10,090 --> 00:39:07,850

death before you oh god no no would you

838

00:39:12,280 --> 00:39:10,100

ever have cancer would you break down

839

00:39:14,740 --> 00:39:12,290

would you have a flat tire in the middle

840

00:39:17,410 --> 00:39:14,750

of I don't know where you live but I

841

00:39:27,220 --> 00:39:17,420

live in Atlanta in the middle of 285 at

842

00:39:28,870 --> 00:39:27,230

5 o'clock no but what I tell a little

843

00:39:31,390 --> 00:39:28,880

story I imagine that you're a

844

00:39:33,790 --> 00:39:31,400

two-year-old and you're strapped in the

845

00:39:35,320 --> 00:39:33,800

back seat in a car seat and it's got a

846

00:39:37,660 --> 00:39:35,330

little yellow steering wheel you ever

847

00:39:41,080 --> 00:39:37,670

seen those things yeah oh yeah yeah and

848

00:39:42,760 --> 00:39:41,090

so you you really believe at two years

849

00:39:47,080 --> 00:39:42,770

old that your steering wheel is driving

850

00:39:48,640 --> 00:39:47,090

that car okay good good and so you pull

851

00:39:50,260 --> 00:39:48,650

up to a four-way stop and the

852

00:39:52,090 --> 00:39:50,270

playgrounds on the right and your

853

00:39:54,670 --> 00:39:52,100

grocery store is on the left and their

854

00:39:59,590 --> 00:39:54,680

higher power and the stigma that your

855

00:40:01,030 --> 00:39:59,600

mom most likely you start getting a soda

856

00:40:02,260 --> 00:40:01,040

I'm going to the playground today I'm

857

00:40:04,180 --> 00:40:02,270

going to the playground today and she's

858

00:40:06,700 --> 00:40:04,190

like no sorry we're going to the grocery

859

00:40:09,040 --> 00:40:06,710

store and you get mad and you start

860

00:40:11,410 --> 00:40:09,050

turning that steering wheel what's gonna

861

00:40:12,580 --> 00:40:11,420

happen nothing you go into the grocery

862

00:40:14,860 --> 00:40:12,590

store

863

00:40:16,450 --> 00:40:14,870

so you pick up spit and you kick the

864

00:40:19,000 --> 00:40:16,460

back of this thing you start screaming

865

00:40:20,530 --> 00:40:19,010

and at this point if I'm your mom I'm

866

00:40:21,850 --> 00:40:20,540

gonna stop the car and I'm going to run

867

00:40:24,940 --> 00:40:21,860

down in the bushes I'm going to get a

868

00:40:32,050 --> 00:40:24,950

switch number put your legs what your

869

00:40:35,680 --> 00:40:32,060

free will really is is to okay I'm going

870

00:40:39,220 --> 00:40:35,690

to the playground another day okay that

871

00:40:41,080 --> 00:40:39,230

is your complete free will so we do have

872

00:40:43,080 --> 00:40:41,090

complete free will but that complete

873

00:40:47,590 --> 00:40:43,090

free will is not what you think it is

874

00:40:49,750 --> 00:40:47,600

it's it's how you respond to what's in

875

00:40:51,910 --> 00:40:49,760

front of your face that's how do you

876

00:40:54,490 --> 00:40:51,920

choose to respond it's a very powerful

877

00:40:58,600 --> 00:40:54,500

thing it's a great analogy - I like it

878

00:41:01,750 --> 00:40:58,610

that is very good I I always tell my

879

00:41:03,310 --> 00:41:01,760

clients that you know they they can

880

00:41:05,500 --> 00:41:03,320

there's certain things that are free

881

00:41:09,430 --> 00:41:05,510

will and there are certain things that

882

00:41:10,990 --> 00:41:09,440

are faded and you you just have to find

883

00:41:13,090 --> 00:41:11,000

out the difference between them it's

884

00:41:16,060 --> 00:41:13,100

probably free will whether you eat

885

00:41:17,530 --> 00:41:16,070

Italian food or Chinese food tonight but

886

00:41:19,360 --> 00:41:17,540

if you happen to get on that wrong

887

00:41:20,980 --> 00:41:19,370

airplane that just happens to be going

888

00:41:23,140 --> 00:41:20,990

down then it's fate

889

00:41:25,300 --> 00:41:23,150

our intent here was to bring up your

890

00:41:27,700 --> 00:41:25,310

intent and oh you've certainly done that

891

00:41:29,800 --> 00:41:27,710

and especially through your books that

892

00:41:32,200 --> 00:41:29,810

we appreciate you so much being with us

893

00:41:34,000 --> 00:41:32,210

and yes thank you very very much for

894

00:41:36,490 --> 00:41:34,010

being an efficient shot of reality but

895

00:41:37,260 --> 00:41:36,500

we have to notice the book titles again

896

00:41:41,080 --> 00:41:37,270

yes go ahead

897

00:41:42,970 --> 00:41:41,090

it got paid the intent of the soul and

898

00:41:44,890 --> 00:41:42,980

consciousness bridging the gap between

899

00:41:47,770 --> 00:41:44,900

conventional science for the new science

900

00:41:50,740 --> 00:41:47,780

of fun mechanics and I am honored to be

901
00:41:53,020 --> 00:41:50,750
here thank you for having me Oh pleasure

902
00:41:56,280 --> 00:41:53,030
truly thank you so much as such great

903
00:42:00,850 --> 00:41:56,290
information thank you bye for now okay I

904
00:42:02,800 --> 00:42:00,860
have a good one okay well that was

905
00:42:05,950 --> 00:42:02,810
really interesting yeah she did a

906
00:42:08,290 --> 00:42:05,960
wonderful job I'd say what we have now

907
00:42:11,920 --> 00:42:08,300
is a special treat for listen do you

908
00:42:13,990 --> 00:42:11,930
want a drumroll did you announce the

909
00:42:16,030 --> 00:42:14,000
winners well what we're gonna do is

910
00:42:20,800 --> 00:42:16,040
we're gonna read some of our comments

911
00:42:23,590 --> 00:42:20,810
and then okay I think that's great so um

912
00:42:26,410 --> 00:42:23,600
do you do you want to start no no please

913
00:42:29,470 --> 00:42:26,420

go right ahead okay Providence

914

00:42:32,109 --> 00:42:29,480

says thank you so much Ferruccio and

915

00:42:35,079 --> 00:42:32,119

Kate for this podcast I've never read

916

00:42:38,109 --> 00:42:35,089

any of Lisette Larkins books but

917

00:42:41,109 --> 00:42:38,119

listening to this podcast and others has

918

00:42:43,059 --> 00:42:41,119

broadened the aperture I view this level

919

00:42:45,549 --> 00:42:43,069

of consciousness through again

920

00:42:48,400 --> 00:42:45,559

consciousness yeah it just keeps going

921

00:42:50,799 --> 00:42:48,410

back to that and so you know I'm not

922

00:42:53,589 --> 00:42:50,809

gonna read my replies I manage the

923

00:42:55,539 --> 00:42:53,599

mailing list most of the time okay but

924

00:42:58,180 --> 00:42:55,549

then do you want to go on with Kinney

925

00:43:01,059 --> 00:42:58,190

okay cuz that's short this is good and

926

00:43:03,160 --> 00:43:01,069

it says great podcast I am fascinated by

927

00:43:05,980 --> 00:43:03,170

your excellent guests for example like

928

00:43:08,400 --> 00:43:05,990

just such as today yes great please have

929

00:43:11,260 --> 00:43:08,410

someone on about forbidden archeology

930

00:43:14,380 --> 00:43:11,270

Kenny I would love to that is such a

931

00:43:16,210 --> 00:43:14,390

great topic yes it is that is phenomenal

932

00:43:18,250 --> 00:43:16,220

how about Carmen bolta should we try

933

00:43:20,740 --> 00:43:18,260

Carmen balto what who's that gentleman

934

00:43:22,690 --> 00:43:20,750

from Boston you know I'm talking yeah

935

00:43:24,789 --> 00:43:22,700

I'm doing I can't think of his name well

936

00:43:31,690 --> 00:43:24,799

he would be great too yeah whatever his

937

00:43:34,870 --> 00:43:31,700

name is he was on the UFO show two or

938

00:43:37,359 --> 00:43:34,880

three times I can't let's get him on

939

00:43:41,079 --> 00:43:37,369

again my mind going to Swiss cheese I

940

00:43:44,200 --> 00:43:41,089

have to get it des elated Demiurge NYC

941

00:43:48,000 --> 00:43:44,210

says NYX that's a long one experiercer

942

00:43:49,990 --> 00:43:48,010

is a welcoming neutral term alien and

943

00:43:53,260 --> 00:43:50,000

extraterrestrial on the other hand

944

00:43:55,450 --> 00:43:53,270

border on sensationalism for the sake of

945

00:43:57,940 --> 00:43:55,460

sales rather than to move the

946

00:44:02,410 --> 00:43:57,950

conversation and the access to knowledge

947

00:44:05,789 --> 00:44:02,420

forward both of which Lisette does quite

948

00:44:09,339 --> 00:44:05,799

interestingly I also prefer the term

949

00:44:12,690 --> 00:44:09,349

like life in the beyond to describe the

950

00:44:15,940 --> 00:44:12,700

place of experiences experiences rather

951
00:44:18,780 --> 00:44:15,950
rather than the inter life which might

952
00:44:22,299 --> 00:44:18,790
more connote the time place between

953
00:44:24,370 --> 00:44:22,309
incarnations but as Lisette says what a

954
00:44:27,730 --> 00:44:24,380
challenge to describe the indescribable

955
00:44:30,730 --> 00:44:27,740
and what a wealth of experiences she has

956
00:44:33,370 --> 00:44:30,740
to describe these are way more than just

957
00:44:36,190 --> 00:44:33,380
a contact II who may have encountered

958
00:44:39,530 --> 00:44:36,200
and gray alien in the interview Lisette

959
00:44:42,230 --> 00:44:39,540
touches on the vastness of experiences

960
00:44:44,690 --> 00:44:42,240
that appeared to be available in the

961
00:44:47,990 --> 00:44:44,700
beyond should one be able to set aside

962
00:44:51,980 --> 00:44:48,000
one's addiction to one's analytical mind

963
00:44:54,890 --> 00:44:51,990

and opened to this vaster reality which

964

00:44:57,440 --> 00:44:54,900

once embraced and practiced will allow

965

00:45:00,650 --> 00:44:57,450

one to grow through grace not through

966

00:45:03,800 --> 00:45:00,660

karma and wrongdoing but perhaps the

967

00:45:05,240 --> 00:45:03,810

veil of unknowing is a gift for with

968

00:45:08,660 --> 00:45:05,250

great knowledge comes great

969

00:45:10,820 --> 00:45:08,670

responsibility or as the information in

970

00:45:16,340 --> 00:45:10,830

the Edgar Cayce readings puts it

971

00:45:18,440 --> 00:45:16,350

knowledge not lived is the only sin very

972

00:45:21,590 --> 00:45:18,450

fascinating interview and then he

973

00:45:24,080 --> 00:45:21,600

follows up by saying I understand that

974

00:45:26,720 --> 00:45:24,090

some people are overwhelmed by their

975

00:45:30,020 --> 00:45:26,730

experience and need support or

976

00:45:32,360 --> 00:45:30,030

validation it is wonderful that this is

977

00:45:35,540 --> 00:45:32,370

now more and more available to them

978

00:45:38,390 --> 00:45:35,550

however personally I would appreciate

979

00:45:41,840 --> 00:45:38,400

knowing what the benefit is what the

980

00:45:45,050 --> 00:45:41,850

practical use is from the experience in

981

00:45:48,260 --> 00:45:45,060

quotes the alien experience with meaning

982

00:45:50,780 --> 00:45:48,270

here well the circumstances of the

983

00:45:53,870 --> 00:45:50,790

abduction experience is somewhat

984

00:45:56,540 --> 00:45:53,880

interesting to be told that a download

985

00:45:59,510 --> 00:45:56,550

of information occurs and not told what

986

00:46:02,690 --> 00:45:59,520

that information is is disappointing at

987

00:46:06,230 --> 00:46:02,700

this point in time our evolution as a

988

00:46:08,960 --> 00:46:06,240

species do we really care what color the

989

00:46:12,680 --> 00:46:08,970

craft is how many minutes did or didn't

990

00:46:16,100 --> 00:46:12,690

pass what do we really get from all of

991

00:46:18,680 --> 00:46:16,110

this what that we are not alone that

992

00:46:21,440 --> 00:46:18,690

life exists beyond that we are supposed

993

00:46:24,770 --> 00:46:21,450

to be nice to each other although I have

994

00:46:27,020 --> 00:46:24,780

myself experienced the in beyond while

995

00:46:29,330 --> 00:46:27,030

the experiences were extraordinary and

996

00:46:31,880 --> 00:46:29,340

entertaining I still get up and I have

997

00:46:34,970 --> 00:46:31,890

to go to work is it time for information

998

00:46:37,700 --> 00:46:34,980

to be provided that actually solves some

999

00:46:40,070 --> 00:46:37,710

of our serious problems and not just

1000

00:46:45,430 --> 00:46:40,080

provides another visualization exercise

1001
00:46:51,470 --> 00:46:48,500
yes this is an old buddy of mine from

1002
00:46:51,860 --> 00:46:51,480
the Kate Valentine UFO show I remember

1003
00:46:53,420 --> 00:46:51,870
him

1004
00:46:55,520 --> 00:46:53,430
Oh always

1005
00:46:58,430 --> 00:46:55,530
incredibly great comments and yes it's

1006
00:46:59,960 --> 00:46:58,440
good to see back mr. Freeman really

1007
00:47:02,930 --> 00:46:59,970
really a big hello to you

1008
00:47:04,790 --> 00:47:02,940
so Freeman says I'm not an experiencer

1009
00:47:07,549 --> 00:47:04,800
but I am fascinated with the

1010
00:47:10,160 --> 00:47:07,559
possibilities it struck me that the sets

1011
00:47:12,349 --> 00:47:10,170
descriptions may suggest that

1012
00:47:14,990 --> 00:47:12,359
experiences are like an infant whose

1013
00:47:17,839 --> 00:47:15,000

body and mind are learning to perceive

1014

00:47:19,490 --> 00:47:17,849

and interact with its environment we all

1015

00:47:21,980 --> 00:47:19,500

learn in order to increase our

1016

00:47:25,190 --> 00:47:21,990

efficiency whether we realize it or not

1017

00:47:28,549 --> 00:47:25,200

but to what end what is it that allows

1018

00:47:30,950 --> 00:47:28,559

our mechanical minds to see color have

1019

00:47:34,010 --> 00:47:30,960

our brains and bodies also evolved

1020

00:47:35,630 --> 00:47:34,020

ability is at the quantum level see how

1021

00:47:37,849 --> 00:47:35,640

this whole comes together like she was

1022

00:47:40,400 --> 00:47:37,859

just talking about consciousness like

1023

00:47:42,920 --> 00:47:40,410

the quantum compass' excuse me that

1024

00:47:45,770 --> 00:47:42,930

quantum compass and a robin's eye and a

1025

00:47:47,569 --> 00:47:45,780

Leafs ability to exploit light is there

1026

00:47:50,599 --> 00:47:47,579

any possibility that quantum

1027

00:47:54,109 --> 00:47:50,609

entanglement provides perceptual links

1028

00:47:56,569 --> 00:47:54,119

across space-time suppose reality does

1029

00:47:59,510 --> 00:47:56,579

include an aspect that is paranormal in

1030

00:48:00,980 --> 00:47:59,520

nature what effect would proof have upon

1031

00:48:03,589 --> 00:48:00,990

a society as a whole

1032

00:48:05,750 --> 00:48:03,599

what proportion would ignore it and what

1033

00:48:08,059 --> 00:48:05,760

proportion would embrace it would

1034

00:48:10,640 --> 00:48:08,069

reactions be the same within alien

1035

00:48:13,220 --> 00:48:10,650

societies and upon artificial

1036

00:48:15,500 --> 00:48:13,230

intelligences how would it affect their

1037

00:48:18,589 --> 00:48:15,510

approach to contact an interaction with

1038

00:48:21,109 --> 00:48:18,599

alien races is a physical universe

1039

00:48:24,049 --> 00:48:21,119

finite or does it have the ability to

1040

00:48:26,569 --> 00:48:24,059

absorb the advance of life do we live in

1041

00:48:29,510 --> 00:48:26,579

a multiverse that disperses individuals

1042

00:48:31,910 --> 00:48:29,520

across an infinite realm even though the

1043

00:48:32,390 --> 00:48:31,920

internet provides contact across the

1044

00:48:34,700 --> 00:48:32,400

planet

1045

00:48:37,010 --> 00:48:34,710

it is sometimes surprising how little

1046

00:48:41,000 --> 00:48:37,020

communication takes place in certain

1047

00:48:44,180 --> 00:48:41,010

areas I sometimes wonder if alien worlds

1048

00:48:47,240 --> 00:48:44,190

exist with populations more intent on

1049

00:48:49,730 --> 00:48:47,250

virtual reality games and soap offers

1050

00:48:53,319 --> 00:48:49,740

than outward exploration and discovery

1051

00:48:56,870 --> 00:48:53,329

is the great silence due to apathy or

1052

00:48:59,660 --> 00:48:56,880

infinite possibilities as always a great

1053

00:49:02,809 --> 00:48:59,670

comment for yes he's really great

1054

00:49:04,940 --> 00:49:02,819

he's a consistent comment or two which

1055

00:49:07,359 --> 00:49:04,950

is very nice yes now we're going to go

1056

00:49:10,620 --> 00:49:07,369

on to Roxanne some of you may remember

1057

00:49:13,210 --> 00:49:10,630

Roxann as an experiercer who gave her

1058

00:49:17,230 --> 00:49:13,220

experiences with men in black at the end

1059

00:49:19,809 --> 00:49:17,240

of one of our episodes so Roxanne says

1060

00:49:22,870 --> 00:49:19,819

Lisette sixes are quite similar to mine

1061

00:49:25,809 --> 00:49:22,880

I attributed these states to Kundalini

1062

00:49:28,690 --> 00:49:25,819

and Samadhi I was also under tremendous

1063

00:49:31,239 --> 00:49:28,700

stress when they began one night I went

1064

00:49:34,420 --> 00:49:31,249

to bed with the thought that I would not

1065

00:49:37,450 --> 00:49:34,430

get up again unless I received some sort

1066

00:49:38,079 --> 00:49:37,460

of answer did God exist or was it all

1067

00:49:41,259 --> 00:49:38,089

meaningless

1068

00:49:44,559 --> 00:49:41,269

I think that sense of surrender is what

1069

00:49:46,930 --> 00:49:44,569

sets these experiences off along with

1070

00:49:49,660 --> 00:49:46,940

the intentionally asking for help

1071

00:49:52,989 --> 00:49:49,670

perhaps these beings whatever they are

1072

00:49:55,450 --> 00:49:52,999

can't help unless we ask them my

1073

00:49:56,890 --> 00:49:55,460

experiences drew me to the Monroe

1074

00:49:59,039 --> 00:49:56,900

Institute as well

1075

00:50:02,769 --> 00:49:59,049

it was very helpful to meet other

1076

00:50:05,140 --> 00:50:02,779

experiences good word she says she likes

1077

00:50:07,930 --> 00:50:05,150

the word experiences no one seemed to

1078

00:50:11,079 --> 00:50:07,940

have a real explanation for what the

1079

00:50:13,660 --> 00:50:11,089

beings we met might be each color each

1080

00:50:16,150 --> 00:50:13,670

culture rather describes them according

1081

00:50:19,029 --> 00:50:16,160

to their own mythology Tibetan see

1082

00:50:21,970 --> 00:50:19,039

Buddhist masters Hindu see gods and

1083

00:50:24,549 --> 00:50:21,980

Christians see angels and devils Jung

1084

00:50:27,069 --> 00:50:24,559

felt that there were other parts of our

1085

00:50:30,700 --> 00:50:27,079

subconscious but this was not entirely

1086

00:50:34,239 --> 00:50:30,710

true he relied on his guide Philemon

1087

00:50:36,339 --> 00:50:34,249

for advice there are some things in the

1088

00:50:38,739 --> 00:50:36,349

psyche I do not produce but which

1089

00:50:41,650 --> 00:50:38,749

produce themselves and have their own

1090

00:50:44,140 --> 00:50:41,660

life that was quote she gave from Jung

1091

00:50:46,420 --> 00:50:44,150

she further more says that I have

1092

00:50:49,089 --> 00:50:46,430

encountered beings who seen beyond

1093

00:50:51,910 --> 00:50:49,099

anything we consider human they did not

1094

00:50:54,489 --> 00:50:51,920

fit in any category of supernatural

1095

00:50:56,200 --> 00:50:54,499

being I was familiar with I had the

1096

00:50:59,259 --> 00:50:56,210

impression that although they were

1097

00:51:01,390 --> 00:50:59,269

basically benign they could injure us by

1098

00:51:03,940 --> 00:51:01,400

their sheer power if one bumped into

1099

00:51:06,220 --> 00:51:03,950

them unintentionally sort of like

1100

00:51:09,009 --> 00:51:06,230

bumping into a strong electrical field

1101

00:51:12,039 --> 00:51:09,019

that could kill you but the electricity

1102

00:51:14,589 --> 00:51:12,049

itself had no intention of harm so

1103

00:51:17,200 --> 00:51:14,599

that's a very nice one this Oh excellent

1104

00:51:19,089 --> 00:51:17,210

how about a Miss grape do you want to

1105

00:51:20,800 --> 00:51:19,099

read what miss grape has to say sure

1106

00:51:23,080 --> 00:51:20,810

miss grape right

1107

00:51:25,000 --> 00:51:23,090

it is quite interesting to consider that

1108

00:51:27,610 --> 00:51:25,010

the beings we may encounter none

1109

00:51:30,430 --> 00:51:27,620

physically may not be pure good or pure

1110

00:51:32,740 --> 00:51:30,440

evil as we may initially think well I

1111

00:51:35,620 --> 00:51:32,750

have not been visited by any entities

1112

00:51:38,050 --> 00:51:35,630

I'm aware of I know that in popular

1113

00:51:40,240 --> 00:51:38,060

culture movies and books people are

1114

00:51:43,030 --> 00:51:40,250

often visited by either good spirits

1115

00:51:43,990 --> 00:51:43,040

whose only intention is to help as an A

1116

00:51:46,900 --> 00:51:44,000

Christmas Story

1117

00:51:49,240 --> 00:51:46,910

or bad spirits who only want to hurt as

1118

00:51:51,670 --> 00:51:49,250

in most horror movies yet if these

1119

00:51:53,470 --> 00:51:51,680

entities are anything like humans it

1120

00:51:56,350 --> 00:51:53,480

would make sense that they have a whole

1121

00:51:58,930 --> 00:51:56,360

scale of different values and intentions

1122

00:52:01,480 --> 00:51:58,940

for contacting us perhaps some just

1123

00:52:04,150 --> 00:52:01,490

accidentally bump into us just as we

1124

00:52:06,220 --> 00:52:04,160

might on a crowded city street with no

1125

00:52:06,640 --> 00:52:06,230

intention of sending an important

1126

00:52:09,850 --> 00:52:06,650

message

1127

00:52:12,580 --> 00:52:09,860

I wonder if this inferred duality maybe

1128

00:52:15,550 --> 00:52:12,590

the advent of monotheistic religions

1129

00:52:16,060 --> 00:52:15,560

with God being pure good and Satan pure

1130

00:52:18,940 --> 00:52:16,070

evil

1131

00:52:20,910 --> 00:52:18,950

I know pagan religions have gods and

1132

00:52:24,370 --> 00:52:20,920

goddesses with more human-like traits

1133

00:52:26,980 --> 00:52:24,380

they can be both good and bad and very

1134

00:52:30,430 --> 00:52:26,990

emotional truth good good good good

1135

00:52:31,650 --> 00:52:30,440

thing a good comment from this great

1136

00:52:37,920 --> 00:52:31,660

mm-hmm

1137

00:52:40,930 --> 00:52:37,930

this is perhaps more amusing on

1138

00:52:43,270 --> 00:52:40,940

synchronicity and the number three than

1139

00:52:45,940 --> 00:52:43,280

a comment on your interview with Lisette

1140

00:52:49,390 --> 00:52:45,950

Larkin's though you are giving away

1141

00:52:51,670 --> 00:52:49,400

three books so who knows anyway the

1142

00:52:53,860 --> 00:52:51,680

horse farm where I work and keep my

1143

00:52:57,700 --> 00:52:53,870

horse is owned by two friends of mine

1144

00:53:00,130 --> 00:52:57,710

one of whom is very interested in the

1145

00:53:02,350 --> 00:53:00,140

afterlife having gone to a number of

1146

00:53:05,800 --> 00:53:02,360

readings with John Edwards and others

1147

00:53:09,930 --> 00:53:05,810

and yes I am happy to say she's had both

1148

00:53:13,570 --> 00:53:09,940

dogs and horses come through to her oh I

1149

00:53:15,760 --> 00:53:13,580

see the dogs and horses who were under

1150

00:53:18,310 --> 00:53:15,770

her care came through on her last week

1151

00:53:20,710 --> 00:53:18,320

within the space of five days I had to

1152

00:53:24,250 --> 00:53:20,720

put one I had to put to sleep one of my

1153

00:53:26,860 --> 00:53:24,260

cats Oscar this same friend had to put

1154

00:53:29,470 --> 00:53:26,870

to sleep her cat Pookie and in between

1155

00:53:33,430 --> 00:53:29,480

we had to put down her beloved wonderful

1156

00:53:34,349 --> 00:53:33,440

old horse Aussie at 32 a good age for

1157

00:53:37,949 --> 00:53:34,359

any

1158

00:53:42,569 --> 00:53:37,959

much less off the track thoroughbred

1159

00:53:45,569 --> 00:53:42,579

Aussie was truly king of the farm and we

1160

00:53:47,640 --> 00:53:45,579

all loved and doted on him a few days

1161

00:53:50,640 --> 00:53:47,650

later my friend and I were talking about

1162

00:53:53,429 --> 00:53:50,650

our three losses and she explained the

1163

00:53:55,919 --> 00:53:53,439

concept of soul groups which was both

1164

00:53:59,039 --> 00:53:55,929

very interesting and very comforting the

1165

00:54:01,439 --> 00:53:59,049

next day when I looked in my horse when

1166

00:54:03,599 --> 00:54:01,449

my horses water trough to see if it

1167

00:54:06,749 --> 00:54:03,609

needed to be filled much to my horror I

1168

00:54:09,239 --> 00:54:06,759

saw three young birds floating in it

1169

00:54:14,189 --> 00:54:09,249

barely alive I have never had any luck

1170

00:54:16,739 --> 00:54:14,199

in saving birds my mother yes me no but

1171

00:54:19,319 --> 00:54:16,749

I couldn't just leave them they were in

1172

00:54:22,410 --> 00:54:19,329

full-blown shock when i scooped them out

1173

00:54:24,809 --> 00:54:22,420

ice-cold shaking like crazy and totally

1174

00:54:27,449 --> 00:54:24,819

limp I put them in a bucket full of

1175

00:54:30,269 --> 00:54:27,459

paper towels and put them in my car to

1176

00:54:33,179 --> 00:54:30,279

warm up 15 minutes later I took the

1177

00:54:35,759 --> 00:54:33,189

bucket out to see if they were dead yet

1178

00:54:38,249 --> 00:54:35,769

absolute shock and joy doesn't begin to

1179

00:54:41,279 --> 00:54:38,259

describe my feelings when I moved the

1180

00:54:44,390 --> 00:54:41,289

paper towels and all three birds burst

1181

00:54:47,819 --> 00:54:44,400

out and flew away practically fine and

1182

00:54:51,029 --> 00:54:47,829

chirping all the way to the nearest tree

1183

00:54:54,179 --> 00:54:51,039

a hundred feet away was it Oscar Aussie

1184

00:54:57,479 --> 00:54:54,189

and pokey I don't know but it was

1185

00:55:00,749 --> 00:54:57,489

definitely very eerie oh and by the way

1186

00:55:03,599 --> 00:55:00,759

this horse farm is in Montgomery New

1187

00:55:05,160 --> 00:55:03,609

York just a couple of miles from you

1188

00:55:07,620 --> 00:55:05,170

guessed it pine bush

1189

00:55:10,799 --> 00:55:07,630

Oh pine bush well you want to say what

1190

00:55:13,169 --> 00:55:10,809

pine bush Wow sure it's uh it's a used

1191

00:55:15,239 --> 00:55:13,179

to be a very hot spot for UFO sightings

1192

00:55:16,650 --> 00:55:15,249

and to some extent I think it continues

1193

00:55:19,919 --> 00:55:16,660

to be that way

1194

00:55:22,459 --> 00:55:19,929

Plus Pine Bush is the site of a yearly

1195

00:55:24,599 --> 00:55:22,469

and/or an annual get-together of

1196

00:55:27,239 --> 00:55:24,609

ufologist and people who are just sort

1197

00:55:29,400 --> 00:55:27,249

of it's it's not so much serious as it

1198

00:55:31,439 --> 00:55:29,410

is fun but a family fun day and then at

1199

00:55:32,849 --> 00:55:31,449

night they have serious lectures yeah

1200

00:55:35,059 --> 00:55:32,859

and I think it's a good thing for a

1201
00:55:37,229 --> 00:55:35,069
family fun day because it allows people

1202
00:55:39,660 --> 00:55:37,239
you know sometimes if you say you're

1203
00:55:41,489 --> 00:55:39,670
interested in UFOs you get the look from

1204
00:55:43,199 --> 00:55:41,499
your friends but if you go there because

1205
00:55:45,929 --> 00:55:43,209
you are interested but you could say now

1206
00:55:48,150 --> 00:55:45,939
I'm just going for the fun and all that

1207
00:55:49,410 --> 00:55:48,160
stuff I think it gives them

1208
00:55:50,940 --> 00:55:49,420
excuse to go there and get some

1209
00:55:54,029 --> 00:55:50,950
information so I think it's a wonderful

1210
00:55:56,760 --> 00:55:54,039
thing in Pine Bush but it would figure

1211
00:55:59,039 --> 00:55:56,770
that and also I think I forget the

1212
00:56:02,730 --> 00:55:59,049
lady's name now she and unfortunately

1213
00:56:05,880 --> 00:56:02,740

she passed away due to cancer but she

1214

00:56:09,620 --> 00:56:05,890

had some very strange experiences by

1215

00:56:12,420 --> 00:56:09,630

Bush with balls of energy coming out and

1216

00:56:15,870 --> 00:56:12,430

and I think it sort of stopped with her

1217

00:56:18,690 --> 00:56:15,880

le crystal crystal yeah crystal what's

1218

00:56:21,150 --> 00:56:18,700

the name yeah but anyway but Pine Bush

1219

00:56:23,370 --> 00:56:21,160

is certainly the site of a lot of

1220

00:56:26,190 --> 00:56:23,380

strange goings-on do you want to read

1221

00:56:28,950 --> 00:56:26,200

George's a comment sure happy George cap

1222

00:56:31,230 --> 00:56:28,960

says and George your podcast with

1223

00:56:33,599 --> 00:56:31,240

Lucette Larkin I have a buddy that I'll

1224

00:56:35,520 --> 00:56:33,609

share this with he was abducted which

1225

00:56:38,039 --> 00:56:35,530

was very painful and this will help him

1226

00:56:39,809 --> 00:56:38,049

know he's not alone again that's the

1227

00:56:42,329 --> 00:56:39,819

whole thing with Pine Bush too that they

1228

00:56:45,029 --> 00:56:42,339

aren't exactly many of his friends have

1229

00:56:47,670 --> 00:56:45,039

left him and given him that crazy label

1230

00:56:49,380 --> 00:56:47,680

I'm sure to that there's a lot of people

1231

00:56:52,170 --> 00:56:49,390

out there that haven't shared their

1232

00:56:54,750 --> 00:56:52,180

experiences of course because of getting

1233

00:56:57,450 --> 00:56:54,760

labeled Lissette I'm glad you eventually

1234

00:56:59,880 --> 00:56:57,460

received custody of your child what a

1235

00:57:03,599 --> 00:56:59,890

wild ride it must have been for him to

1236

00:57:08,670 --> 00:57:03,609

love and kisses to all George camp okay

1237

00:57:12,049 --> 00:57:08,680

we have one final message here one final

1238

00:57:15,089 --> 00:57:12,059

thing that I want to read which isn't

1239

00:57:19,260 --> 00:57:15,099

actually eligible to be entered into the

1240

00:57:21,150 --> 00:57:19,270

contest because it was a comment on the

1241

00:57:24,329 --> 00:57:21,160

Russell Targ interview and I think it's

1242

00:57:27,150 --> 00:57:24,339

really very interesting about the month

1243

00:57:32,849 --> 00:57:27,160

and a half ago we interviewed the very

1244

00:57:38,010 --> 00:57:32,859

famous of scientists and sociologists

1245

00:57:43,829 --> 00:57:38,020

well no he wasn't a scientist part sir

1246

00:57:45,990 --> 00:57:43,839

who is a laser physicist and worked on

1247

00:57:48,870 --> 00:57:46,000

the remote viewing project right so

1248

00:57:50,940 --> 00:57:48,880

Bobby had a very nice comment and he

1249

00:57:53,010 --> 00:57:50,950

said thank you always enjoy hearing

1250

00:57:56,190 --> 00:57:53,020

Russell Targ interviewed like the

1251
00:57:59,579 --> 00:57:56,200
interviewers here I was curious about

1252
00:58:02,150 --> 00:57:59,589
the reported adherence to Scientology of

1253
00:58:05,030 --> 00:58:02,160
some of those in the remote viewing

1254
00:58:08,720 --> 00:58:05,040
program at SSRI Stanford Research

1255
00:58:11,090 --> 00:58:08,730
Institute the psychics Pat price and

1256
00:58:13,540 --> 00:58:11,100
Ingo Swann were both practicing

1257
00:58:16,390 --> 00:58:13,550
psychologists as was Hal put off

1258
00:58:19,070 --> 00:58:16,400
director of the program I'm no fan of

1259
00:58:21,740 --> 00:58:19,080
Scientology and view it as an evil

1260
00:58:23,930 --> 00:58:21,750
abusive cult but wondered about the

1261
00:58:27,200 --> 00:58:23,940
Scientology connection to the

1262
00:58:29,030 --> 00:58:27,210
above-named SR I people Targ also

1263
00:58:31,730 --> 00:58:29,040

commented on the topic on a

1264

00:58:35,060 --> 00:58:31,740

coast-to-coast radio interview on July

1265

00:58:39,170 --> 00:58:35,070

5th 2016 which I've carefully described

1266

00:58:41,390 --> 00:58:39,180

this transcribed from the Todd quote is

1267

00:58:44,030 --> 00:58:41,400

thus I was never involved with

1268

00:58:47,480 --> 00:58:44,040

Scientology so what I'm telling you is

1269

00:58:49,850 --> 00:58:47,490

through hearsay but what I understand is

1270

00:58:51,920 --> 00:58:49,860

that the upper echelon of Scientology

1271

00:58:54,740 --> 00:58:51,930

they teach something like remote viewing

1272

00:58:56,930 --> 00:58:54,750

to go from one grade to another grade

1273

00:58:59,480 --> 00:58:56,940

and people were able to learn remote

1274

00:59:02,030 --> 00:58:59,490

viewing and it's not a secret that our

1275

00:59:04,540 --> 00:59:02,040

two very best remote viewers Ingo Swann

1276

00:59:07,790 --> 00:59:04,550

and Pat price were both high-level

1277

00:59:10,490 --> 00:59:07,800

Scientologists and they attributed their

1278

00:59:14,390 --> 00:59:10,500

ability to innate ability because they

1279

00:59:16,310 --> 00:59:14,400

had psychic experiences as a child but

1280

00:59:19,370 --> 00:59:16,320

learning a remote viewing is a part of

1281

00:59:21,770 --> 00:59:19,380

moving up the various grades and into

1282

00:59:24,050 --> 00:59:21,780

the upper echelon of Scientology that

1283

00:59:27,080 --> 00:59:24,060

was what Russell Targ said now back to

1284

00:59:29,630 --> 00:59:27,090

Bobbie togs meaning may not be a hundred

1285

00:59:31,970 --> 00:59:29,640

percent clear in the above quote but he

1286

00:59:35,390 --> 00:59:31,980

seems to be suggesting Scientology's

1287

00:59:37,580 --> 00:59:35,400

teachings on remote viewing I believe

1288

00:59:40,940 --> 00:59:37,590

the term used in Scientology is

1289

00:59:43,580 --> 00:59:40,950

exteriorization may actually have helped

1290

00:59:45,680 --> 00:59:43,590

price and Swann develop their psychic

1291

00:59:48,380 --> 00:59:45,690

abilities they already had some

1292

00:59:51,500 --> 00:59:48,390

experience with prior to in their

1293

00:59:54,710 --> 00:59:51,510

Scientology involvement so that's quite

1294

00:59:58,700 --> 00:59:54,720

a fascinating comment from Bobbie but

1295

01:00:02,060 --> 00:59:58,710

now it turns out that we have actually

1296

01:00:05,330 --> 01:00:02,070

four winners instead of three winners of

1297

01:00:07,700 --> 01:00:05,340

our of our contest

1298

01:00:10,750 --> 01:00:07,710
