00:00:08,570 --> 00:00:17,140

[Music]

2
00:00:25,249 --> 00:00:20,630

welcome to share with reality with your

3
00:00:28,159 --> 00:00:25,259

hosts Kate Valentine and Foofa prepared

4
00:00:32,240 --> 00:00:28,169

two headed paradigms she stood in the

5
00:00:37,310 --> 00:00:32,250

truths questioned and now shattered

6
00:00:39,590 --> 00:00:37,320

reality hey Kate how are you today I'm

7
00:00:41,870 --> 00:00:39,600

really really good how are you

8
00:00:44,300 --> 00:00:41,880

from lucious I tell you today's been a

9
00:00:47,800 --> 00:00:44,310

day yes it has been quite quite an

10
00:00:53,120 --> 00:00:47,810

interesting today today today is in fact

11
00:00:56,150 --> 00:00:53,130

January 3rd 2017 and we have a really

12
00:00:59,350 --> 00:00:56,160

unusual and interesting show today

13
00:01:02,660 --> 00:00:59,360

because we took a slight departure

14

00:01:05,389 --> 00:01:02,670

because of this is our holiday show even

15

00:01:06,980 --> 00:01:05,399

though it's after the holiday but we

16

00:01:10,700 --> 00:01:06,990

wanted to do something a little bit

17

00:01:13,790 --> 00:01:10,710

different and I decided like you know a

18

00:01:16,460 --> 00:01:13,800

number of our guests this is a 40 second

19

00:01:19,969 --> 00:01:16,470

show by the way and a number of our

20

00:01:22,750 --> 00:01:19,979

guests um have been people who have

21

00:01:27,050 --> 00:01:22,760

talked about their personal experiences

22

00:01:29,990 --> 00:01:27,060

and then we've had people on who study

23

00:01:33,770 --> 00:01:30,000

these experiences the parapsychologists

24

00:01:36,320 --> 00:01:33,780

etc etc okay and I thought it would

25

00:01:39,020 --> 00:01:36,330

really be interesting to have a couple

26

00:01:40,820 --> 00:01:39,030

of our favorite guests of a very

27

00:01:44,050 --> 00:01:40,830

favorite guests well our guests have

28

00:01:48,469 --> 00:01:44,060

been quite good but and and talked about

29

00:01:49,850 --> 00:01:48,479

their particular unusual experiences not

30

00:01:53,210 --> 00:01:49,860

that they study but they've had

31

00:01:54,590 --> 00:01:53,220

themselves right okay so I also wanted

32

00:01:56,660 --> 00:01:54,600

to mention that there are people out

33

00:01:58,820 --> 00:01:56,670

there and I don't quite get this who

34

00:02:01,039 --> 00:01:58,830

studied this this phenomena these

35

00:02:03,080 --> 00:02:01,049

various phenomena that are out there

36

00:02:06,560 --> 00:02:03,090

they study these things and they have

37

00:02:08,210 --> 00:02:06,570

had no experiences themselves and I have

38

00:02:11,119 --> 00:02:08,220

to wonder how they do it you know how

39

00:02:13,670 --> 00:02:11,129

they keep that focus having never had an

40

00:02:16,159 --> 00:02:13,680

experience if I never had had an

41

00:02:19,099 --> 00:02:16,169

experience I think that it's possible I

42

00:02:20,360 --> 00:02:19,109

might be a skeptic you know certainly

43

00:02:24,199 --> 00:02:20,370

yeah

44

00:02:29,509 --> 00:02:24,209

but let's introduce our very first guest

45

00:02:33,170 --> 00:02:29,519

of 2017 a wonderful terrific man who has

46

00:02:37,190 --> 00:02:33,180

written a number of books on and who has

47

00:02:40,550 --> 00:02:37,200

recently made his own movie called

48

00:02:44,869 --> 00:02:40,560

third-eye spies which is the history of

49

00:02:48,170 --> 00:02:44,879

remote viewing so I want to say put your

50

00:02:50,860 --> 00:02:48,180

hands together for a row a clap but

51
00:02:54,710 --> 00:02:50,870
we're not in a public arena so okay

52
00:02:56,690 --> 00:02:54,720
Russell Targ the wonderful physicist who

53
00:03:00,920 --> 00:02:56,700
worked on the remote viewing programs

54
00:03:06,050 --> 00:03:00,930
for the CIA and the DIA I'm very happy

55
00:03:09,229 --> 00:03:06,060
to be with you for sure yeah Thank You

56
00:03:11,149 --> 00:03:09,239
aunt Cate Valentine and I say hi because

57
00:03:14,020 --> 00:03:11,159
I know you've been on with us before and

58
00:03:18,759 --> 00:03:14,030
that's great to speak to you again

59
00:03:22,069 --> 00:03:18,769
so Russell tell us you you had when I

60
00:03:25,330 --> 00:03:22,079
asked you about this program you told me

61
00:03:29,030 --> 00:03:25,340
about a very very amazing

62
00:03:32,120 --> 00:03:29,040
precognitive and anxiety-filled dream

63
00:03:34,580 --> 00:03:32,130

that you had and perhaps you would like

64

00:03:37,550 --> 00:03:34,590

to talk to us about that today because

65

00:03:39,860 --> 00:03:37,560

you you as I have mentioned you're like

66

00:03:41,869 --> 00:03:39,870

this really famous name and remote

67

00:03:43,550 --> 00:03:41,879

viewing but it's mostly been about

68

00:03:48,229 --> 00:03:43,560

others you know you've talked to us

69

00:03:50,720 --> 00:03:48,239

about Pat price and Ingo Swann and all

70

00:03:53,479 --> 00:03:50,730

the people who worked with you at the

71

00:03:56,599 --> 00:03:53,489

Stanford Research Institute but now

72

00:03:58,879 --> 00:03:56,609

we're going to hear a psychic experience

73

00:04:02,569 --> 00:03:58,889

I would have gotten into psychic

74

00:04:05,150 --> 00:04:02,579

research I would have bet my career if I

75

00:04:07,780 --> 00:04:05,160

hadn't had experiences that is I got

76

00:04:11,839 --> 00:04:07,790

into psychic abilities research

77

00:04:16,300 --> 00:04:11,849

professionally in 1972 and at that point

78

00:04:21,710 --> 00:04:16,310

I had been a laser pioneer researcher

79

00:04:24,740 --> 00:04:21,720

for 15 years but as a child I had had

80

00:04:29,209 --> 00:04:24,750

all sorts of psychic experiences and I

81

00:04:32,980 --> 00:04:29,219

was a child magician doing pretend magic

82

00:04:36,040 --> 00:04:32,990

and then when I got the SR I

83

00:04:39,490 --> 00:04:36,050

working for the CIA it is of the child

84

00:04:42,400 --> 00:04:39,500

magician got to do real magic every day

85

00:04:46,510 --> 00:04:42,410

for a living so the most was my reward

86

00:04:50,760 --> 00:04:46,520

for a early interested magic that when I

87

00:04:53,950 --> 00:04:50,770

got to Fri I was able to propose

88

00:04:57,999 --> 00:04:53,960

investigations of psychic research with

89

00:05:02,890 --> 00:04:58,009

a great deal of confidence as I told had

90

00:05:05,110 --> 00:05:02,900

a director of the CIA had a director

91

00:05:07,180 --> 00:05:05,120

that I am confident this is going to

92

00:05:09,490 --> 00:05:07,190

work because I've seen it work I'm not

93

00:05:12,210 --> 00:05:09,500

kidding you this is going to be

94

00:05:14,740 --> 00:05:12,220

successful and I could do that

95

00:05:17,890 --> 00:05:14,750

partly because we'd work with a great

96

00:05:22,960 --> 00:05:17,900

Pat price and also because I have seen

97

00:05:24,850 --> 00:05:22,970

these things in my life and in the book

98

00:05:27,909 --> 00:05:24,860

I wrote a book talking about all the

99

00:05:30,279 --> 00:05:27,919

stuff we had done for the CIA for 20

100

00:05:33,909 --> 00:05:30,289

years ago I wrote a book called the

101
00:05:36,689 --> 00:05:33,919
reality of ESP and the most important

102
00:05:39,730 --> 00:05:36,699
thing I can tell your listeners is that

103
00:05:43,029 --> 00:05:39,740
psychic abilities are independent of

104
00:05:45,129 --> 00:05:43,039
time and independent of space the most

105
00:05:47,680 --> 00:05:45,139
interesting thing I know about remote

106
00:05:49,749 --> 00:05:47,690
viewing it is it the most important

107
00:05:53,050 --> 00:05:49,759
thing I know is that we all have this

108
00:05:55,240 --> 00:05:53,060
ability is not a special ability we all

109
00:05:58,930 --> 00:05:55,250
can make use of psychic abilities to

110
00:06:01,570 --> 00:05:58,940
enrich your life but as a physicist the

111
00:06:04,990 --> 00:06:01,580
most interesting thing I know is that

112
00:06:08,110 --> 00:06:05,000
the accuracy and the reliability are not

113
00:06:11,649 --> 00:06:08,120

all degraded by increasing the distance

114

00:06:13,899 --> 00:06:11,659

between you and me it's no harder for me

115

00:06:16,360 --> 00:06:13,909

to describe what's on your table in New

116

00:06:18,399 --> 00:06:16,370

York than it is for me to describe

117

00:06:22,810 --> 00:06:18,409

what's going on across the street Palo

118

00:06:26,320 --> 00:06:22,820

Alto and similarly it's no harder to

119

00:06:29,020 --> 00:06:26,330

describe what's going to happen hours or

120

00:06:31,600 --> 00:06:29,030

days in the future that is to see

121

00:06:34,719 --> 00:06:31,610

something contemporaneously and for a

122

00:06:36,730 --> 00:06:34,729

physicist this precognitive aspect is

123

00:06:40,180 --> 00:06:36,740

the most interesting part of psychic

124

00:06:44,110 --> 00:06:40,190

ability so I'm pretty much retired now

125

00:06:46,420 --> 00:06:44,120

and people always want me to do lectures

126

00:06:48,610 --> 00:06:46,430

or do demonstration to do

127

00:06:51,700 --> 00:06:48,620

projects but the thing that I'm most

128

00:06:54,340 --> 00:06:51,710

interested in as a physicist is how it

129

00:06:57,070 --> 00:06:54,350

is that we can know what happens in the

130

00:06:59,170 --> 00:06:57,080

future before it happens so that's why I

131

00:07:05,340 --> 00:06:59,180

told you about this sort of interesting

132

00:07:09,460 --> 00:07:05,350

Christmas dream that I had as I quote

133

00:07:11,350 --> 00:07:09,470

how old are you you had to say no no the

134

00:07:14,680 --> 00:07:11,360

dream about stayed the dream that we're

135

00:07:19,360 --> 00:07:14,690

talking about I had two weeks ago hmm

136

00:07:22,600 --> 00:07:19,370

oh yeah I've had numerous precognitive

137

00:07:25,450 --> 00:07:22,610

dreams and the deal with precognitive

138

00:07:27,490 --> 00:07:25,460

dreams is you don't get credit for them

139

00:07:30,420 --> 00:07:27,500

in the big book and as you tell

140

00:07:33,430 --> 00:07:30,430

something about it before it occurs

141

00:07:37,540 --> 00:07:33,440

because people always have weird dreams

142

00:07:40,360 --> 00:07:37,550

and then it comes true and then you show

143

00:07:44,020 --> 00:07:40,370

somebody and I put in a skeptic will say

144

00:07:47,440 --> 00:07:44,030

well how many dreams you have to then

145

00:07:49,750 --> 00:07:47,450

come to don't come true and the

146

00:07:55,240 --> 00:07:49,760

discernment is the very important part

147

00:07:58,840 --> 00:07:55,250

of this that is a skillful dreamer or a

148

00:08:00,990 --> 00:07:58,850

skillful meditator will be able to tell

149

00:08:04,330 --> 00:08:01,000

the difference between an ordinary

150

00:08:08,020 --> 00:08:04,340

anxiety dream or a wish fulfillment

151
00:08:11,380 --> 00:08:08,030
dream as compared with one that doesn't

152
00:08:13,420 --> 00:08:11,390
contain things here worried about that

153
00:08:16,170 --> 00:08:13,430
you've got to separate out the anxiety

154
00:08:20,470 --> 00:08:16,180
dream from the precognitive dream

155
00:08:23,830 --> 00:08:20,480
precognitive dream is usually of unusual

156
00:08:26,230 --> 00:08:23,840
clarity and brilliance and it must

157
00:08:30,190 --> 00:08:26,240
contain things that are not part of your

158
00:08:34,060 --> 00:08:30,200
ordinary life for example if I would

159
00:08:35,860 --> 00:08:34,070
dream about a fire engine parked in

160
00:08:38,050 --> 00:08:35,870
front of my house and then I went out I

161
00:08:41,770 --> 00:08:38,060
saw fire engine well that would be

162
00:08:43,750 --> 00:08:41,780
moderately surprising all but you

163
00:08:46,570 --> 00:08:43,760

because they will how many times has

164

00:08:49,930 --> 00:08:46,580

there been a parrot a fire engine parked

165

00:08:53,590 --> 00:08:49,940

on your street and I would say Oh once

166

00:08:55,990 --> 00:08:53,600

or twice and that's too many or

167

00:08:58,180 --> 00:08:56,000

precognitive dream the answer to how

168

00:08:59,570 --> 00:08:58,190

many times have you seen this thing has

169

00:09:02,900 --> 00:08:59,580

got to be never

170

00:09:07,610 --> 00:09:02,910

or let are less than ever right there

171

00:09:12,550 --> 00:09:07,620

unbelievable and I've had a few of those

172

00:09:16,759 --> 00:09:12,560

and the usually of a usual clarity and

173

00:09:20,480 --> 00:09:16,769

high strangeness and the one that I just

174

00:09:23,630 --> 00:09:20,490

had was of a New York clarity at high

175

00:09:26,210 --> 00:09:23,640

strangeness it fit perfectly it fits

176

00:09:27,620 --> 00:09:26,220

perfectly all my guidelines so that's

177

00:09:32,030 --> 00:09:27,630

what I'd like to tell you about the

178

00:09:33,949 --> 00:09:32,040

start the year well that's great that

179

00:09:36,620 --> 00:09:33,959

sounds like a very very good way to

180

00:09:41,389 --> 00:09:36,630

start our year here at shattered Rialto

181

00:09:45,410 --> 00:09:41,399

I had this dream and in the dream I went

182

00:09:50,660 --> 00:09:45,420

to my Wells Fargo safe-deposit box which

183

00:09:53,600 --> 00:09:50,670

I go to like every second year and in

184

00:09:56,329 --> 00:09:53,610

the dream I took out my Swiss Army knife

185

00:10:00,980 --> 00:09:56,339

which I always have and I used it to

186

00:10:03,949 --> 00:10:00,990

take a rectangular silver plate off the

187

00:10:06,620 --> 00:10:03,959

wall so in the dream I took out my Swiss

188

00:10:09,319 --> 00:10:06,630

Army knife and unscrewed the silver

189

00:10:13,790 --> 00:10:09,329

plate from the wall of the bank building

190

00:10:17,350 --> 00:10:13,800

in my little secure area where the

191

00:10:20,060 --> 00:10:17,360

safety deposit boxes are now that's all

192

00:10:23,199 --> 00:10:20,070

there's a special room I can't stop your

193

00:10:26,569 --> 00:10:23,209

room there is already pretty peculiar

194

00:10:29,180 --> 00:10:26,579

but as I left the bank in my dream I

195

00:10:30,889 --> 00:10:29,190

realize I had just stolen something from

196

00:10:33,920 --> 00:10:30,899

the bank and I've got to get rid of it

197

00:10:35,860 --> 00:10:33,930

so I thought in the dream maybe I could

198

00:10:39,680 --> 00:10:35,870

throw this off the Golden Gate Bridge

199

00:10:42,079 --> 00:10:39,690

I'm sure it would think and I said no

200

00:10:44,000 --> 00:10:42,089

somebody might see me or they have

201
00:10:46,460 --> 00:10:44,010
cameras there I can't throw it off the

202
00:10:49,519 --> 00:10:46,470
Golden Gate Bridge so I said well I

203
00:10:53,420 --> 00:10:49,529
could wrap it a napkin and throw it in

204
00:10:56,750 --> 00:10:53,430
the trash barrel at McDonald's hamburger

205
00:10:58,819 --> 00:10:56,760
store and I said no if I did that my

206
00:11:01,490 --> 00:10:58,829
fingerprints would still be on it and

207
00:11:03,680 --> 00:11:01,500
when they found the silver thing they

208
00:11:07,189 --> 00:11:03,690
would trace it back to me I've got to

209
00:11:09,590 --> 00:11:07,199
get the fingerprints office so I cried

210
00:11:12,889 --> 00:11:09,600
soap and water in the dream and that

211
00:11:15,679 --> 00:11:12,899
didn't work and I got the assets

212
00:11:18,590 --> 00:11:15,689
on nail-polish remover which is very

213
00:11:20,359 --> 00:11:18,600

good solid that doesn't work and I went

214

00:11:23,239 --> 00:11:20,369

under the kitchen sink and got kitchen

215

00:11:26,239 --> 00:11:23,249

cleanser and that didn't work and while

216

00:11:29,210 --> 00:11:26,249

I was under the think I saw steel wool

217

00:11:32,269 --> 00:11:29,220

and scoured the silver but there are

218

00:11:34,189 --> 00:11:32,279

always traces of fingerprints and as I

219

00:11:37,730 --> 00:11:34,199

say this to you now this reminds me of

220

00:11:40,009 --> 00:11:37,740

the scene from Hamlet where Hamlet is

221

00:11:42,410 --> 00:11:40,019

trying to scrub the blood off of

222

00:11:47,989 --> 00:11:42,420

something I don't know if here even have

223

00:11:50,059 --> 00:11:47,999

that right yes out there evil as much I

224

00:11:52,549 --> 00:11:50,069

was not at all in the dream I did all

225

00:11:56,419 --> 00:11:52,559

this stuff I was not able to scrub the

226

00:11:59,749 --> 00:11:56,429

fingerprints off the off the plate and

227

00:12:02,210 --> 00:11:59,759

then I woke up in an anxiety dream and

228

00:12:05,449 --> 00:12:02,220

told my wife about I so they had a very

229

00:12:08,449 --> 00:12:05,459

unusual dream has many many unusual

230

00:12:10,819 --> 00:12:08,459

parts and I went through all these

231

00:12:13,790 --> 00:12:10,829

different exercises and she thought that

232

00:12:16,879 --> 00:12:13,800

certainly sounded unusual that was that

233

00:12:19,059 --> 00:12:16,889

that was had a coffee at 8 o'clock in

234

00:12:21,739 --> 00:12:19,069

the morning I told my wife no story

235

00:12:26,119 --> 00:12:21,749

around one o'clock the afternoon I got a

236

00:12:28,129 --> 00:12:26,129

FedEx package skinny and broken FedEx

237

00:12:33,220 --> 00:12:28,139

couldn't imagine where it was I pulled

238

00:12:38,929 --> 00:12:33,230

it open and inside the package was a

239

00:12:45,259 --> 00:12:38,939

very thin glass screen protector for my

240

00:12:51,530 --> 00:12:45,269

big cell phone I have a Apple 6x to the

241

00:12:53,629 --> 00:12:51,540

largest cell phone from last year and I

242

00:12:57,410 --> 00:12:53,639

began tyno somebody who dropped it and

243

00:13:00,199 --> 00:12:57,420

broke it a couple of weeks ago so on see

244

00:13:02,840 --> 00:13:00,209

I've never I'm very careful persons I

245

00:13:04,789 --> 00:13:02,850

have never dropped a phone but but it's

246

00:13:08,230 --> 00:13:04,799

out there I could see what happens if

247

00:13:11,179 --> 00:13:08,240

you drop a big phone breaks so I or

248

00:13:16,669 --> 00:13:11,189

certainly they yes screen protector

249

00:13:20,829 --> 00:13:16,679

which is actually a very very thin piece

250

00:13:24,110 --> 00:13:20,839

of what they call ballistic laughs and

251
00:13:25,610 --> 00:13:24,120
as I pulled that out a package there are

252
00:13:28,970 --> 00:13:25,620
a bunch of other little package

253
00:13:31,690 --> 00:13:28,980
choose little packets with it I read all

254
00:13:35,030 --> 00:13:31,700
this stuff because I could see that

255
00:13:39,140 --> 00:13:35,040
getting the skinny piece of glass on my

256
00:13:41,480 --> 00:13:39,150
screen is is not so simple because it

257
00:13:43,430 --> 00:13:41,490
you only get what because it's sticky on

258
00:13:46,010 --> 00:13:43,440
one side and it's got to be perfectly

259
00:13:47,840 --> 00:13:46,020
placed so I read all the material and

260
00:13:50,450 --> 00:13:47,850
this is the most important thing is to

261
00:13:52,700 --> 00:13:50,460
not have fingerprints on it and you've

262
00:13:57,680 --> 00:13:52,710
got a carefully scour the fingerprint

263
00:14:00,530 --> 00:13:57,690

and we give you a powder to put on this

264

00:14:03,019 --> 00:14:00,540

so that you can cut the grease and get

265

00:14:06,470 --> 00:14:03,029

the get them off and then use the

266

00:14:10,450 --> 00:14:06,480

solvent to get that off and then we give

267

00:14:13,250 --> 00:14:10,460

you a special cloth to polish both your

268

00:14:15,380 --> 00:14:13,260

glass that you just bought and the

269

00:14:18,380 --> 00:14:15,390

screen could essentially get the

270

00:14:20,840 --> 00:14:18,390

fingerprints off but before you do that

271

00:14:24,320 --> 00:14:20,850

you've got to watch our six minute video

272

00:14:27,050 --> 00:14:24,330

on exactly how to use these three

273

00:14:31,280 --> 00:14:27,060

packets to get the fingerprints off the

274

00:14:34,519 --> 00:14:31,290

screen or off the cloth so I had this

275

00:14:36,890 --> 00:14:34,529

like 15 minutes seance about finger

276

00:14:40,519 --> 00:14:36,900

prints in the middle of the afternoon

277

00:14:46,579 --> 00:14:40,529

and of course this piece of glass is

278

00:14:48,890 --> 00:14:46,589

exactly the size of the silver wall play

279

00:14:52,070 --> 00:14:48,900

roll the wall plate that I saw in my

280

00:14:54,019 --> 00:14:52,080

dream was like the middle cover you'd

281

00:14:56,750 --> 00:14:54,029

put over a light switch that you'd no

282

00:14:59,540 --> 00:14:56,760

longer using like a wall like a wall

283

00:15:05,960 --> 00:14:59,550

swinging blank so it's exactly the size

284

00:15:08,600 --> 00:15:05,970

of the thing so and I'm I'm looking

285

00:15:11,410 --> 00:15:08,610

right here at my own iPhone 6x and I

286

00:15:14,720 --> 00:15:11,420

know exactly what you're talking about

287

00:15:16,670 --> 00:15:14,730

I'm very queued up for this kind of

288

00:15:18,890 --> 00:15:16,680

precognitive thing especially one that

289

00:15:23,060 --> 00:15:18,900

is so accurate and has so many moving

290

00:15:26,240 --> 00:15:23,070

parts did not cross my mind that is

291

00:15:29,720 --> 00:15:26,250

related to my dream totally wrapped up

292

00:15:33,829 --> 00:15:29,730

in the event and then I got my wife who

293

00:15:36,980 --> 00:15:33,839

is better a real acuity to actually help

294

00:15:38,360 --> 00:15:36,990

me place his delicate little thing on my

295

00:15:41,660 --> 00:15:38,370

phone and that

296

00:15:46,600 --> 00:15:41,670

work perfectly and in the evening I was

297

00:15:52,790 --> 00:15:46,610

reading biography of the famous Russian

298

00:15:55,810 --> 00:15:52,800

psychic wolf messing and in his

299

00:15:58,550 --> 00:15:55,820

biography it told about his amazing

300

00:16:01,400 --> 00:15:58,560

precognitive dreams in addition to his

301
00:16:04,400 --> 00:16:01,410
like Philip applicability so it wasn't

302
00:16:07,790 --> 00:16:04,410
until like eight hours later that

303
00:16:09,769 --> 00:16:07,800
occurred to me that the whole thing was

304
00:16:12,800 --> 00:16:09,779
really the carrying out of a psychic

305
00:16:15,350 --> 00:16:12,810
dreams like as though it's as though I

306
00:16:19,400 --> 00:16:15,360
was in the psychic bug bubble for a half

307
00:16:21,560 --> 00:16:19,410
a day as I had I had to dream yeah then

308
00:16:24,380 --> 00:16:21,570
I had the fulfillment of the dream with

309
00:16:26,660 --> 00:16:24,390
all the fingerprint nonsense and then

310
00:16:30,860 --> 00:16:26,670
eight hours later I read about both

311
00:16:35,450 --> 00:16:30,870
Messing and his astonishing psychic

312
00:16:39,500 --> 00:16:35,460
performances so that was my day before

313
00:16:44,769 --> 00:16:39,510

Christmas precognitive adventures and it

314

00:16:50,810 --> 00:16:47,380

know knowing that just did not

315

00:16:53,840 --> 00:16:50,820

correspondent anxiety dream a skeptic

316

00:16:58,400 --> 00:16:53,850

might say well you did order the screen

317

00:17:01,610 --> 00:16:58,410

protector so if all I had is the whole

318

00:17:05,120 --> 00:17:01,620

dream had been that I got a screen

319

00:17:08,569 --> 00:17:05,130

protector in the mail and that

320

00:17:10,040 --> 00:17:08,579

correspond it to the wall plate where

321

00:17:13,250 --> 00:17:10,050

you can say well you were waiting for

322

00:17:15,740 --> 00:17:13,260

your screen protector well that happened

323

00:17:18,340 --> 00:17:15,750

not to be true but that would be a

324

00:17:21,740 --> 00:17:18,350

reasonable thing to say but the whole

325

00:17:22,790 --> 00:17:21,750

fingerprint seance was not part of what

326

00:17:26,780 --> 00:17:22,800

I was expecting

327

00:17:29,330 --> 00:17:26,790

yeah so it's really the fingerprint

328

00:17:33,710 --> 00:17:29,340

roasting that makes this an amazing

329

00:17:35,990 --> 00:17:33,720

story yes it really is it's quite

330

00:17:39,020 --> 00:17:36,000

entertaining and and and very

331

00:17:42,350 --> 00:17:39,030

interesting and just shows you how some

332

00:17:44,960 --> 00:17:42,360

reasonably mundane things can show up

333

00:17:49,550 --> 00:17:44,970

pre cognitively in our dreams as well as

334

00:17:51,200 --> 00:17:49,560

things of greater immense importance

335

00:17:54,200 --> 00:17:51,210

next door right

336

00:17:56,990 --> 00:17:54,210

and my books are summarizing all of our

337

00:18:01,340 --> 00:17:57,000

research in reality of ESP I give a

338

00:18:05,180 --> 00:18:01,350

number of instances where I have dreams

339

00:18:07,310 --> 00:18:05,190

that are high strangeness dreams through

340

00:18:07,639 --> 00:18:07,320

a one-minute description of a dream like

341

00:18:11,480 --> 00:18:07,649

that

342

00:18:13,779 --> 00:18:11,490

is I direct I live in a wooden house

343

00:18:17,299 --> 00:18:13,789

with high ceilings and I had a dream

344

00:18:21,110 --> 00:18:17,309

where I had a electric train running

345

00:18:24,440 --> 00:18:21,120

around the wainscoting above the wall

346

00:18:26,659 --> 00:18:24,450

and below the ceiling those electric

347

00:18:30,289 --> 00:18:26,669

train was running in a circle around my

348

00:18:31,970 --> 00:18:30,299

living room so I thought that was pretty

349

00:18:33,620 --> 00:18:31,980

amazing I don't have an electric train

350

00:18:37,190 --> 00:18:33,630

there have been trained in this house

351
00:18:39,830 --> 00:18:37,200
for 40 years so I told my wife about us

352
00:18:41,960 --> 00:18:39,840
we've got no trains a trailer you know

353
00:18:44,330 --> 00:18:41,970
she said what what could that be so I

354
00:18:46,970 --> 00:18:44,340
got my coffee as I always do went into

355
00:18:49,310 --> 00:18:46,980
my study with a computer to see what's

356
00:18:52,340 --> 00:18:49,320
on the first pages of New York Times and

357
00:18:56,120 --> 00:18:52,350
the first page New York Times has a

358
00:18:58,820 --> 00:18:56,130
story about the reconstruction of the

359
00:19:03,139 --> 00:18:58,830
elevated trains in Chicago where I grew

360
00:19:07,100 --> 00:19:03,149
up and on the front pages of paper they

361
00:19:10,159 --> 00:19:07,110
had animated photographs of the elevated

362
00:19:15,110 --> 00:19:10,169
train running in a circle around what's

363
00:19:18,950 --> 00:19:15,120

called the loop so I would have to say

364

00:19:22,279 --> 00:19:18,960

that my experience of seeing the trains

365

00:19:27,860 --> 00:19:22,289

running around the loop at 8 o'clock was

366

00:19:31,399 --> 00:19:27,870

the cause of my dream at 6 o'clock yeah

367

00:19:33,139 --> 00:19:31,409

I would say so that's that's quite quite

368

00:19:37,279 --> 00:19:33,149

interesting to you do you by the way

369

00:19:40,340 --> 00:19:37,289

just for the thought do you keep a dream

370

00:19:44,180 --> 00:19:40,350

journal I mean I try that do you I don't

371

00:19:48,950 --> 00:19:44,190

keep it I'll think I once did but I've

372

00:19:53,139 --> 00:19:48,960

not I'll I don't I don't do that

373

00:19:56,389 --> 00:19:53,149

these are usually our dreams on awaking

374

00:19:58,639 --> 00:19:56,399

rather than they tell you our hypnagogic

375

00:20:01,419 --> 00:19:58,649

dreams or images you see when you go to

376

00:20:03,880 --> 00:20:01,429

sleep the dreams I have are circled

377

00:20:08,380 --> 00:20:03,890

hypnopompic dreams

378

00:20:14,280 --> 00:20:08,390

just like the last dream I have I have I

379

00:20:16,990 --> 00:20:14,290

have this dream and then I wake up and I

380

00:20:19,090 --> 00:20:17,000

usually have some coffee and buy that's

381

00:20:23,800 --> 00:20:19,100

on my wife four beers I share my dream

382

00:20:25,930 --> 00:20:23,810

with her well that's nice that's a nice

383

00:20:27,400 --> 00:20:25,940

tradition but I don't be bright only

384

00:20:30,640 --> 00:20:27,410

bright don't count records

385

00:20:32,590 --> 00:20:30,650

I consider it important to discern the

386

00:20:34,180 --> 00:20:32,600

difference between our an ordinary

387

00:20:37,630 --> 00:20:34,190

anxiety dream

388

00:20:40,740 --> 00:20:37,640

I mean I'm 82 years old I'm still having

389

00:20:44,920 --> 00:20:40,750

dreams about not being prepared for

390

00:20:47,410 --> 00:20:44,930

examinations so close well I am city

391

00:20:52,750 --> 00:20:47,420

mild life the biggest trauma in my life

392

00:20:56,050 --> 00:20:52,760

is not being prepared for exams oh oh

393

00:20:58,630 --> 00:20:56,060

that's that's that's me wrong a lot of

394

00:21:01,120 --> 00:20:58,640

anxiety I have dreams sometimes about

395

00:21:04,990 --> 00:21:01,130

going out on stage without a piece of my

396

00:21:07,990 --> 00:21:05,000

costume or unprepared with lines for a

397

00:21:10,840 --> 00:21:08,000

play that sort of a thing so anyway New

398

00:21:14,380 --> 00:21:10,850

York named for Subway very popular

399

00:21:19,150 --> 00:21:14,390

subway posters I dreamt that I was on at

400

00:21:22,210 --> 00:21:19,160

the Met and my Maidenform bra bra yes I

401
00:21:27,970 --> 00:21:22,220
have those kind of dreams exactly

402
00:21:30,310 --> 00:21:27,980
sometimes anyway thank you for telling

403
00:21:33,040 --> 00:21:30,320
us this very very interesting actually

404
00:21:34,990 --> 00:21:33,050
two stories and I want to give you the

405
00:21:38,560 --> 00:21:35,000
opportunity right now Russell to just

406
00:21:40,330 --> 00:21:38,570
tell us about your movie and we heard

407
00:21:43,060 --> 00:21:40,340
about the book which is I can vouch for

408
00:21:47,080 --> 00:21:43,070
is a very excellent book because I own

409
00:21:49,000 --> 00:21:47,090
it and also I've seen a scene iterations

410
00:21:50,980 --> 00:21:49,010
of the movie twice I don't know where

411
00:21:53,710 --> 00:21:50,990
you're at with it right now but it's a

412
00:21:54,040 --> 00:21:53,720
hundred always start a documentary

413
00:21:57,100 --> 00:21:54,050

called

414

00:21:59,170 --> 00:21:57,110

third eye spies which we hope will be

415

00:21:59,880 --> 00:21:59,180

released in the fall as we finish the

416

00:22:04,330 --> 00:21:59,890

film

417

00:22:06,700 --> 00:22:04,340

we recently cut it from director's cut

418

00:22:09,540 --> 00:22:06,710

of two hours to what they want to show

419

00:22:13,180 --> 00:22:09,550

in the theater which is about 90 minutes

420

00:22:15,830 --> 00:22:13,190

if you have an adventure film where

421

00:22:18,409 --> 00:22:15,840

Pauline is hanging by our fingernails

422

00:22:21,019 --> 00:22:18,419

the ball are laying out of tracks you

423

00:22:24,140 --> 00:22:21,029

can make that as long as you want but if

424

00:22:28,039 --> 00:22:24,150

you've got a documentary you got to keep

425

00:22:31,190 --> 00:22:28,049

it around 44 on 90 minutes so that's

426

00:22:32,930 --> 00:22:31,200

what we're just doing we're cutting the

427

00:22:35,480 --> 00:22:32,940

film and leaving our children on the

428

00:22:37,820 --> 00:22:35,490

cutting room floor is very painful but

429

00:22:41,450 --> 00:22:37,830

we're just about done with that yes now

430

00:22:43,310 --> 00:22:41,460

if you are somebody your listeners want

431

00:22:48,320 --> 00:22:43,320

to see coming attraction of the film

432

00:22:52,389 --> 00:22:48,330

that's available as a sure Internet

433

00:22:57,230 --> 00:22:52,399

address you can go to the guys spies

434

00:22:58,970 --> 00:22:57,240

third eye spies one word.com and see

435

00:23:03,350 --> 00:22:58,980

this is the four minute coming

436

00:23:08,149 --> 00:23:03,360

attraction we're going to put that in

437

00:23:11,299 --> 00:23:08,159

our like little blog spot that goes with

438

00:23:15,560 --> 00:23:11,309

the shadowed reality podcast recording

439

00:23:20,539 --> 00:23:15,570

so if anybody wants to see your latest

440

00:23:22,100 --> 00:23:20,549

book which is the reality of ESP or know

441

00:23:27,310 --> 00:23:22,110

about third eye spy

442

00:23:30,440 --> 00:23:27,320

spies we will have that up on our blog

443

00:23:33,470 --> 00:23:30,450

in conjunction with this interview and

444

00:23:36,680 --> 00:23:33,480

thank you so very much Russell for being

445

00:23:38,269 --> 00:23:36,690

on shattered reality again we hope to

446

00:23:41,570 --> 00:23:38,279

see you soon I don't know if you're

447

00:23:45,019 --> 00:23:41,580

going to come to a new New Haven

448

00:23:47,029 --> 00:23:45,029

Connecticut in or that brand review I

449

00:23:48,889 --> 00:23:47,039

expect to see you there what is

450

00:23:52,389 --> 00:23:48,899

happening in New Haven what's happened

451
00:23:56,149 --> 00:23:52,399
in New York aren't you I think that yes

452
00:23:58,580 --> 00:23:56,159
SRT is happening in New Haven in June so

453
00:24:00,019 --> 00:23:58,590
maybe we'll get a chance to see very

454
00:24:01,700 --> 00:24:00,029
well thank you very much for the

455
00:24:05,510 --> 00:24:01,710
opportunity and I wish your happy new

456
00:24:08,630 --> 00:24:05,520
year yeah happy New Year to you and

457
00:24:11,779 --> 00:24:08,640
Patty and bye bye so long for now good

458
00:24:14,840 --> 00:24:11,789
to speak to get back we are here on

459
00:24:18,860 --> 00:24:14,850
shattered reality with Michael Grosso

460
00:24:21,380 --> 00:24:18,870
who is the author of the wonderful book

461
00:24:25,430 --> 00:24:21,390
the man who could fly and several other

462
00:24:27,710 --> 00:24:25,440
books about a psychic phenomena and

463
00:24:29,419 --> 00:24:27,720

philosophy do you want to give us a

464

00:24:29,690 --> 00:24:29,429

rundown of that Michael and what you're

465

00:24:37,129 --> 00:24:29,700

doing

466

00:24:40,419 --> 00:24:37,139

right now is very odd yeah because I was

467

00:24:45,139 --> 00:24:40,429

invited out of the blue by an English

468

00:24:47,720 --> 00:24:45,149

publisher to republish the first book I

469

00:24:51,289 --> 00:24:47,730

ever wrote really it it's called the

470

00:24:57,139 --> 00:24:51,299

final choice and the subtitle is death

471

00:25:00,680 --> 00:24:57,149

or enlightenment and the strange thing

472

00:25:03,950 --> 00:25:00,690

is that I think he picked it because

473

00:25:06,350 --> 00:25:03,960

when I wrote the book it's sort of about

474

00:25:09,830 --> 00:25:06,360

the near-death experience and the

475

00:25:13,580 --> 00:25:09,840

psychic dimension of reality but I wrote

476

00:25:16,250 --> 00:25:13,590

the book under the spell of a nucleus

477

00:25:19,009 --> 00:25:16,260

threat it's in that time there's just

478

00:25:23,750 --> 00:25:19,019

before Gorbachev you know called the

479

00:25:26,750 --> 00:25:23,760

perestroika and all that it was an

480

00:25:29,029 --> 00:25:26,760

element of we need to transform our

481

00:25:31,279 --> 00:25:29,039

consciousness and maybe it's even

482

00:25:33,230 --> 00:25:31,289

possible that we could have a global a

483

00:25:35,720 --> 00:25:33,240

near-death experience in fact we might

484

00:25:37,279 --> 00:25:35,730

be forced into it in view of the

485

00:25:39,440 --> 00:25:37,289

threatening world that we're living in

486

00:25:41,690 --> 00:25:39,450

that kind of an argument so but it's

487

00:25:44,570 --> 00:25:41,700

mostly you know about parapsychology and

488

00:25:48,789 --> 00:25:44,580

consciousness and evolution so what I'm

489

00:25:51,409 --> 00:25:48,799

doing right now is rewriting that book

490

00:25:54,159 --> 00:25:51,419

revising it and bringing it up to date

491

00:25:55,519 --> 00:25:54,169

and it's a very very interesting

492

00:25:59,539 --> 00:25:55,529

experience

493

00:26:02,899 --> 00:25:59,549

to being going back and re-entering my

494

00:26:06,259 --> 00:26:02,909

thought world at that time and but it's

495

00:26:09,350 --> 00:26:06,269

oddly enough the book is even may may be

496

00:26:11,810 --> 00:26:09,360

more pertinent today than it was when I

497

00:26:14,720 --> 00:26:11,820

first published it several decades ago

498

00:26:17,120 --> 00:26:14,730

well that I'm that's what I'm up to we

499

00:26:20,060 --> 00:26:17,130

would be very interested when you do

500

00:26:22,639 --> 00:26:20,070

finish it and you do publish it perhaps

501
00:26:24,980 --> 00:26:22,649
you would like to come back and discuss

502
00:26:28,310 --> 00:26:24,990
it at that time I'd be delighted

503
00:26:31,250 --> 00:26:28,320
and we delight but how strange to go

504
00:26:33,649 --> 00:26:31,260
back and review yourself as the North

505
00:26:36,649 --> 00:26:33,659
East several decades back oh what I

506
00:26:38,810 --> 00:26:36,659
realized was that a lot of the ideas

507
00:26:43,340 --> 00:26:38,820
some of the things I've been writing

508
00:26:45,260 --> 00:26:43,350
about lately and thinking about lately

509
00:26:47,450 --> 00:26:45,270
I had already written about at great

510
00:26:49,220 --> 00:26:47,460
length and in this book and I had

511
00:26:52,909 --> 00:26:49,230
forgotten I remember all the things that

512
00:26:54,980 --> 00:26:52,919
I've done I mean and I never read

513
00:26:57,110 --> 00:26:54,990

anything once I published it because I'm

514

00:26:59,240 --> 00:26:57,120

afraid I'm going to see something but I

515

00:27:03,320 --> 00:26:59,250

don't like and I'll be just totally

516

00:27:07,580 --> 00:27:03,330

embarrassed but the other thing I've

517

00:27:10,630 --> 00:27:07,590

been doing is the thinking about what I

518

00:27:14,240 --> 00:27:10,640

call a taxonomy of mind body

519

00:27:16,730 --> 00:27:14,250

interactions and I'm happy to talk with

520

00:27:22,159 --> 00:27:16,740

you a little bit about my you know

521

00:27:25,210 --> 00:27:22,169

continuing interest in the strange outer

522

00:27:27,980 --> 00:27:25,220

limit potentials of the human mind but

523

00:27:32,060 --> 00:27:27,990

particularly I've been focusing on the

524

00:27:34,520 --> 00:27:32,070

mind-body interactions the case of st.

525

00:27:38,240 --> 00:27:34,530

Joseph is the most spectacular case on

526

00:27:40,909 --> 00:27:38,250

record of of levitation he's not the

527

00:27:44,590 --> 00:27:40,919

only one and what interests me there is

528

00:27:50,779 --> 00:27:44,600

how is it possible for consciousness to

529

00:27:53,029 --> 00:27:50,789

affect suspend the most basic force of

530

00:27:56,539 --> 00:27:53,039

the universe the glue of the universe

531

00:27:58,870 --> 00:27:56,549

gravity that's a mind-blowing idea so

532

00:28:02,210 --> 00:27:58,880

the other thing I've been doing is

533

00:28:05,600 --> 00:28:02,220

developing this text taxonomy they're

534

00:28:07,279 --> 00:28:05,610

going through the whole the history of

535

00:28:10,610 --> 00:28:07,289

course I'm not doing it you know as

536

00:28:16,370 --> 00:28:10,620

effectively as I'd like to but trying to

537

00:28:18,470 --> 00:28:16,380

make lists of different kinds of psycho

538

00:28:22,760 --> 00:28:18,480

physical phenomena I'm very interested

539

00:28:26,419 --> 00:28:22,770

in the aspect of that theme that has to

540

00:28:31,430 --> 00:28:26,429

do with health yeah and in the role of

541

00:28:33,649 --> 00:28:31,440

the placebo which is really magic in the

542

00:28:36,560 --> 00:28:33,659

middle of science and scientists don't

543

00:28:40,419 --> 00:28:36,570

even want to admit it because the fact

544

00:28:42,919 --> 00:28:40,429

is that the mind is able to often have

545

00:28:45,409 --> 00:28:42,929

equal and even more astonishing effects

546

00:28:47,630 --> 00:28:45,419

than any physical treatments and pills

547

00:28:50,029 --> 00:28:47,640

and all that and the records are there

548

00:28:53,030 --> 00:28:50,039

but it's sort of concealed under this

549

00:28:56,380 --> 00:28:53,040

Latin term placebo which means I please

550

00:28:59,620 --> 00:28:56,390

myself okay

551

00:29:03,100 --> 00:28:59,630

I know that's very interesting and I

552

00:29:05,770 --> 00:29:03,110

read today on your Facebook post a

553

00:29:09,970 --> 00:29:05,780

little bit about what you were doing

554

00:29:11,950 --> 00:29:09,980

with that and I would very much as I had

555

00:29:14,980 --> 00:29:11,960

said before we would like to have you

556

00:29:17,290 --> 00:29:14,990

back again when you do publish the book

557

00:29:20,380 --> 00:29:17,300

that you're doing a redoing for the

558

00:29:23,350 --> 00:29:20,390

English publisher however right this

559

00:29:27,520 --> 00:29:23,360

minute this is a very special occasion

560

00:29:31,690 --> 00:29:27,530

today this is our holiday show and we

561

00:29:34,890 --> 00:29:31,700

what we did was decide that some of the

562

00:29:38,560 --> 00:29:34,900

people who were mostly on talking about

563

00:29:42,040 --> 00:29:38,570

other people's experiences or their

564

00:29:43,720 --> 00:29:42,050

studies as you did about st. Joseph we

565

00:29:47,290 --> 00:29:43,730

thought we'd get in contact with a

566

00:29:49,870 --> 00:29:47,300

couple of our best former guests and ask

567

00:29:52,150 --> 00:29:49,880

them about their personal experiences

568

00:29:55,690 --> 00:29:52,160

and if they could supply one for a

569

00:29:58,780 --> 00:29:55,700

holiday show and you so kindly responded

570

00:30:01,900 --> 00:29:58,790

with a wonderfully interesting Christmas

571

00:30:05,140 --> 00:30:01,910

experience that you had had some years

572

00:30:09,130 --> 00:30:05,150

ago with oddly and now this is going to

573

00:30:10,840 --> 00:30:09,140

become very synchronistic year with a

574

00:30:13,690 --> 00:30:10,850

friend of yours a female friend a

575

00:30:20,140 --> 00:30:13,700

girlfriend of viewers from the past and

576

00:30:25,150 --> 00:30:20,150

when we put your show up on youtube this

577

00:30:29,230 --> 00:30:25,160

same person wrote a comment founded on

578

00:30:32,490 --> 00:30:29,240

YouTube and wrote a comment but was only

579

00:30:34,990 --> 00:30:32,500

her name and so I did not have any

580

00:30:38,080 --> 00:30:35,000

further information to give you so that

581

00:30:40,180 --> 00:30:38,090

you could possibly reconnect with um yes

582

00:30:42,580 --> 00:30:40,190

yes my lady

583

00:30:45,010 --> 00:30:42,590

without any success but maybe maybe

584

00:30:49,390 --> 00:30:45,020

she'll tune into this maybe she'll hear

585

00:30:52,570 --> 00:30:49,400

this podcast eventually and if so get in

586

00:30:55,150 --> 00:30:52,580

touch with me Francis yes or even if she

587

00:30:59,650 --> 00:30:55,160

writes a letter to shattered reality

588

00:31:02,500 --> 00:30:59,660

podcast calm and she writes a comment

589

00:31:05,830 --> 00:31:02,510

there then I'll have her email address

590

00:31:08,470 --> 00:31:05,840

and can contact you with it so Francis

591

00:31:10,010 --> 00:31:08,480

if you're listening yes don't be shy

592

00:31:12,919 --> 00:31:10,020

come on over

593

00:31:14,840 --> 00:31:12,929

a new year this is a time for a whole

594

00:31:17,570 --> 00:31:14,850

new start the waters just right here

595

00:31:18,320 --> 00:31:17,580

right anyway so Michael if you don't

596

00:31:21,710 --> 00:31:18,330

mind

597

00:31:24,560 --> 00:31:21,720

tell us your artery yeah I will as a

598

00:31:27,230 --> 00:31:24,570

matter of fact I don't think there's any

599

00:31:30,980 --> 00:31:27,240

harm in me saying that the lady in this

600

00:31:36,590 --> 00:31:30,990

story is the same lady that got in touch

601
00:31:40,010 --> 00:31:36,600
with you and Sechrist Megan so at any

602
00:31:42,620 --> 00:31:40,020
rate this is a story about I don't

603
00:31:45,700 --> 00:31:42,630
really understand it but it's because it

604
00:31:50,960 --> 00:31:45,710
seems to involve either a wild

605
00:31:52,850 --> 00:31:50,970
unbelievable coincidence or a mind my

606
00:31:56,120 --> 00:31:52,860
mind is some greater mind that

607
00:31:58,549 --> 00:31:56,130
intervened in a physical way and the

608
00:32:02,540 --> 00:31:58,559
story is about a certain Christmas Eve

609
00:32:04,610 --> 00:32:02,550
many years ago when Francis and I'm just

610
00:32:09,470 --> 00:32:04,620
going to say her name there's no crime

611
00:32:11,419 --> 00:32:09,480
against that we we had gone to a we had

612
00:32:14,150 --> 00:32:11,429
a little quarrel okay we had a lover's

613
00:32:15,440 --> 00:32:14,160

quarrel and it had to do by the way and

614

00:32:18,830 --> 00:32:15,450

this is the setting for the whole story

615

00:32:20,870 --> 00:32:18,840

it was a terribly cold cold night it was

616

00:32:22,910 --> 00:32:20,880

the coldest night of the year on record

617

00:32:27,830 --> 00:32:22,920

okay that's the background of the story

618

00:32:30,650 --> 00:32:27,840

and I didn't want to go to a midnight

619

00:32:35,330 --> 00:32:30,660

mass I wanted to go to Mass in the

620

00:32:38,330 --> 00:32:35,340

morning and my lady friend insisted that

621

00:32:41,000 --> 00:32:38,340

we go and so we had that led to a little

622

00:32:44,450 --> 00:32:41,010

disagreement and a little quarrel and by

623

00:32:46,480 --> 00:32:44,460

the time we got back to where we're

624

00:32:49,400 --> 00:32:46,490

going to spend the night which was my

625

00:32:52,190 --> 00:32:49,410

where I live in my apartment overlooking

626
00:32:56,510 --> 00:32:52,200
the Hudson River on in Edgewater New

627
00:32:58,340 --> 00:32:56,520
Jersey by that time we had the world

628
00:32:58,910 --> 00:32:58,350
sort of feeling rather grouchy toward

629
00:33:04,190 --> 00:32:58,920
each other

630
00:33:06,340 --> 00:33:04,200
mm-hmm and when we got inside it was

631
00:33:09,169 --> 00:33:06,350
very cold there a little heat and

632
00:33:11,990 --> 00:33:09,179
instead of warming each other up cozily

633
00:33:14,600 --> 00:33:12,000
as we might be very well disposed to do

634
00:33:20,260 --> 00:33:14,610
on holiday and under any circumstances

635
00:33:24,190 --> 00:33:20,270
we decided to stay apart and and in fact

636
00:33:26,140 --> 00:33:24,200
ended up sleeping in separate spaces and

637
00:33:29,320 --> 00:33:26,150
I should also say for the background of

638
00:33:32,820 --> 00:33:29,330

the story part of my grumpiness was a

639

00:33:35,830 --> 00:33:32,830

kind of anti religiosity and a kind of

640

00:33:37,870 --> 00:33:35,840

contempt I was feeling for the Christmas

641

00:33:42,310 --> 00:33:37,880

that the commercialization of Christmas

642

00:33:44,260 --> 00:33:42,320

I was I kind of a black mood in a way by

643

00:33:49,540 --> 00:33:44,270

the time I was by myself without my

644

00:33:52,210 --> 00:33:49,550

beautiful girlfriend close by and I was

645

00:33:54,610 --> 00:33:52,220

you know when got down on a couch

646

00:33:55,570 --> 00:33:54,620

somewhere and through the coats and

647

00:34:01,080 --> 00:33:55,580

stuff over me

648

00:34:07,299 --> 00:34:04,450

Francis woke me up and I looked up and

649

00:34:11,050 --> 00:34:07,309

her face is all bright and shiny and

650

00:34:15,280 --> 00:34:11,060

she's pointing at the corner of the

651
00:34:17,830 --> 00:34:15,290
apartment at this plant I had this plank

652
00:34:21,310 --> 00:34:17,840
oh it's a Dracaena fragrance a tropical

653
00:34:24,010 --> 00:34:21,320
plant and she said look it flowered

654
00:34:27,639 --> 00:34:24,020
overnight and I went over and not only

655
00:34:32,109 --> 00:34:27,649
did I see it but I realized the entire

656
00:34:36,159 --> 00:34:32,119
apartment was flooded with an incredible

657
00:34:41,440 --> 00:34:36,169
fragrance yes they are Franco a tropical

658
00:34:45,550 --> 00:34:41,450
plant and so there was Christmas Eve and

659
00:34:48,369 --> 00:34:45,560
bitter bitter cold and a tropical plant

660
00:34:51,369 --> 00:34:48,379
had flowered in our apartment after our

661
00:34:54,010 --> 00:34:51,379
angry and disappointing Christmas Eve

662
00:34:56,770 --> 00:34:54,020
together and we looked at each other and

663
00:34:59,950 --> 00:34:56,780

it felt like and the smell was just

664

00:35:04,720 --> 00:34:59,960

almost overwhelming we looked at each

665

00:35:07,720 --> 00:35:04,730

other and we just automatically you know

666

00:35:10,060 --> 00:35:07,730

we connected and embraced and for the

667

00:35:11,859 --> 00:35:10,070

rest of the holiday was wonderful so

668

00:35:13,810 --> 00:35:11,869

what happened I started to think about

669

00:35:16,330 --> 00:35:13,820

this and make me a little uneasy because

670

00:35:18,760 --> 00:35:16,340

I couldn't figure it out and I decided

671

00:35:21,010 --> 00:35:18,770

to do a little research so I was living

672

00:35:23,440 --> 00:35:21,020

I used to know I used to live in the

673

00:35:26,290 --> 00:35:23,450

Bronx so I went straight to the

674

00:35:28,660 --> 00:35:26,300

Botanical Gardens and the Bronx yes I

675

00:35:31,720 --> 00:35:28,670

knew where the experts were about plant

676

00:35:33,880 --> 00:35:31,730

life and this is still like you know

677

00:35:37,180 --> 00:35:33,890

maybe a couple of weeks after Christmas

678

00:35:41,770 --> 00:35:37,190

but they were open and so I found my way

679

00:35:45,160 --> 00:35:41,780

to an interview was one of the women

680

00:35:47,110 --> 00:35:45,170

there and told the story and I said you

681

00:35:49,480 --> 00:35:47,120

know what's going on and she just looked

682

00:35:51,160 --> 00:35:49,490

at me and said I'm here ago it's

683

00:35:55,390 --> 00:35:51,170

impossible it never happens

684

00:35:57,190 --> 00:35:55,400

problem ants do not bloom in zero

685

00:36:00,120 --> 00:35:57,200

temperature because that's how cold it

686

00:36:03,820 --> 00:36:00,130

was that night it was not people be cold

687

00:36:06,400 --> 00:36:03,830

so I went to other places I looked it up

688

00:36:08,950 --> 00:36:06,410

and I walked away with the feeling that

689

00:36:13,260 --> 00:36:08,960

something had very very extraordinary

690

00:36:17,440 --> 00:36:13,270

had happened and I thought about the

691

00:36:20,650 --> 00:36:17,450

archetypal nature of time symbolic time

692

00:36:22,930 --> 00:36:20,660

Christmas Eve is a magical time that's

693

00:36:25,390 --> 00:36:22,940

it is and we were turned off we were

694

00:36:28,570 --> 00:36:25,400

alienated from it I was the main cause

695

00:36:31,480 --> 00:36:28,580

of it of the alienation I take full

696

00:36:34,590 --> 00:36:31,490

blame full responsibility

697

00:36:39,570 --> 00:36:34,600

that's gallant of you Michael of course

698

00:36:43,690 --> 00:36:39,580

but in the morning it was as though some

699

00:36:46,990 --> 00:36:43,700

very benevolent intelligence it decided

700

00:36:48,790 --> 00:36:47,000

to pull a fast one on both of us and

701
00:36:50,800 --> 00:36:48,800
bring us together in this most amazing

702
00:36:53,650 --> 00:36:50,810
and astonishing way I've never forgotten

703
00:36:56,830 --> 00:36:53,660
the experience sounds beautiful really

704
00:37:00,610 --> 00:36:56,840
and right now I mean either you know

705
00:37:03,580 --> 00:37:00,620
when I think about it analytically it

706
00:37:05,320 --> 00:37:03,590
may have been simply a coincidence but

707
00:37:10,020 --> 00:37:05,330
it sounds not like an impossible

708
00:37:16,500 --> 00:37:10,030
coincidence or maybe unconsciously

709
00:37:19,630 --> 00:37:16,510
we or I were the causal agency that

710
00:37:23,050 --> 00:37:19,640
caused the plant to flower or some other

711
00:37:25,930 --> 00:37:23,060
agency outside above us outside of the

712
00:37:28,930 --> 00:37:25,940
hole so you know maybe some larger mind

713
00:37:31,570 --> 00:37:28,940

your your so-called higher selves

714

00:37:33,670 --> 00:37:31,580

perhaps well yeah something but you know

715

00:37:35,980 --> 00:37:33,680

some kind of an intelligence operating

716

00:37:39,130 --> 00:37:35,990

that's how what it felt like to me to

717

00:37:42,550 --> 00:37:39,140

teach us a lesson and give us a gift it

718

00:37:43,720 --> 00:37:42,560

was a gift them they were lit how often

719

00:37:47,020 --> 00:37:43,730

you get a gift like that on Christmas

720

00:37:48,250 --> 00:37:47,030

Eve not often enough is nothing

721

00:37:51,130 --> 00:37:48,260

different

722

00:37:54,220 --> 00:37:51,140

no that's the lovely story that's my

723

00:37:59,050 --> 00:37:54,230

story and I guess story of mysterious

724

00:38:01,330 --> 00:37:59,060

pique on a Christmas Eve yeah Wow Wow

725

00:38:04,150 --> 00:38:01,340

yes I know it could be considered

726

00:38:07,420 --> 00:38:04,160

psychokinesis for sure yes people yeah

727

00:38:10,420 --> 00:38:07,430

it could be and you know one never knows

728

00:38:14,140 --> 00:38:10,430

with these certain manners I mean you

729

00:38:15,520 --> 00:38:14,150

know it is just so improbable and so out

730

00:38:18,760 --> 00:38:15,530

of the ordinary

731

00:38:22,090 --> 00:38:18,770

typical pique would be kind of something

732

00:38:24,580 --> 00:38:22,100

that you had intended and apparently you

733

00:38:26,520 --> 00:38:24,590

hadn't intended it perhaps Francis had

734

00:38:30,310 --> 00:38:26,530

intended it but we we don't know because

735

00:38:33,780 --> 00:38:30,320

Francis has not divulged her email to us

736

00:38:37,000 --> 00:38:33,790

here right and and the other thing is

737

00:38:39,730 --> 00:38:37,010

pique could occur unconsciously in other

738

00:38:41,860 --> 00:38:39,740

words we don't all point about the

739

00:38:45,430 --> 00:38:41,870

paranormal most of the time it operates

740

00:38:49,390 --> 00:38:45,440

independently and sometimes a cigar is

741

00:38:51,940 --> 00:38:49,400

just a cigar and some benevolent person

742

00:38:53,920 --> 00:38:51,950

or being or whatever decided you know

743

00:38:55,690 --> 00:38:53,930

what here's a happy merry Christmas to

744

00:38:59,680 --> 00:38:55,700

you and just gave you a really nice gift

745

00:39:02,080 --> 00:38:59,690

yes yes your guardian angel yeah doing

746

00:39:04,620 --> 00:39:02,090

that yeah yeah that's a very lovely

747

00:39:11,560 --> 00:39:04,630

story it is whatever the interpretation

748

00:39:13,270 --> 00:39:11,570

is it's enriching to recall it and to

749

00:39:14,680 --> 00:39:13,280

share it with other people because it

750

00:39:16,540 --> 00:39:14,690

just makes like a little bit more

751

00:39:20,020 --> 00:39:16,550

interesting a little bit more mysterious

752

00:39:22,900 --> 00:39:20,030

and I don't see how that can be a harm

753

00:39:27,040 --> 00:39:22,910

no I think that it's important to keep

754

00:39:30,490 --> 00:39:27,050

the magic in our lives to to believe in

755

00:39:33,670 --> 00:39:30,500

magic with the Kay you know ma GIC Kay

756

00:39:36,460 --> 00:39:33,680

as opposed to stagecraft oh right of

757

00:39:40,060 --> 00:39:36,470

course of course I mention in the

758

00:39:42,610 --> 00:39:40,070

spelling but but I also I think we find

759

00:39:45,370 --> 00:39:42,620

that when these paranormal events occur

760

00:39:47,530 --> 00:39:45,380

they stay with us like if you had had

761

00:39:49,690 --> 00:39:47,540

several amaryllis has just happened to

762

00:39:51,970 --> 00:39:49,700

come to bloom that morning it wouldn't

763

00:39:53,740 --> 00:39:51,980

have had the same impact and I think

764

00:39:56,830 --> 00:39:53,750

that's what differentiates something

765

00:39:58,870 --> 00:39:56,840

like this from an ordinary event so I'm

766

00:39:59,500 --> 00:39:58,880

sure something extraordinary had

767

00:40:02,410 --> 00:39:59,510

happened

768

00:40:04,750 --> 00:40:02,420

well I mean I have had you know I've

769

00:40:07,240 --> 00:40:04,760

written a book about I don't consider

770

00:40:10,150 --> 00:40:07,250

myself a psychic but I've had a number

771

00:40:12,880 --> 00:40:10,160

of psychic experiences and for a

772

00:40:15,370 --> 00:40:12,890

philosopher was interested in this

773

00:40:17,440 --> 00:40:15,380

subject matter from an intellectual and

774

00:40:19,870 --> 00:40:17,450

scientific and philosophical point of

775

00:40:23,770 --> 00:40:19,880

view I mean I'm in a pretty good

776

00:40:27,520 --> 00:40:23,780

situation compared to most people

777

00:40:30,700 --> 00:40:27,530

because I have had experiences of almost

778

00:40:34,030 --> 00:40:30,710

every single category of the paranormal

779

00:40:37,240 --> 00:40:34,040

at least once or twice I mean I've had

780

00:40:41,310 --> 00:40:37,250

several truly extraordinary precognitive

781

00:40:44,500 --> 00:40:41,320

experiences I've had a number of strange

782

00:40:48,940 --> 00:40:44,510

PK experiences I think this one I just

783

00:40:52,720 --> 00:40:48,950

told counts another story I managed

784

00:40:54,820 --> 00:40:52,730

somehow physically interact with a

785

00:40:57,820 --> 00:40:54,830

person on the other side of the Atlantic

786

00:41:01,780 --> 00:40:57,830

Ocean and that's another story so I've

787

00:41:05,140 --> 00:41:01,790

had the whole bunch of experiences but

788

00:41:09,220 --> 00:41:05,150

they occur unexpectedly and rarely

789

00:41:11,440 --> 00:41:09,230

mm-hmm I the first one that I remember

790

00:41:13,660 --> 00:41:11,450

is I was a little boy and I dreamt I was

791

00:41:17,140 --> 00:41:13,670

as a kid in the block I never played

792

00:41:18,970 --> 00:41:17,150

with mm-hmm I had a dream that I was

793

00:41:21,099 --> 00:41:18,980

playing ball with him I never did play

794

00:41:22,810 --> 00:41:21,109

ball with him before so that one I can

795

00:41:24,730 --> 00:41:22,820

get up kind breakfast I shoot outside

796

00:41:26,740 --> 00:41:24,740

and here's this kid that I never hang

797

00:41:30,099 --> 00:41:26,750

out with it does want to play ball Mike

798

00:41:34,510 --> 00:41:30,109

tough that's right I still remember it

799

00:41:38,590 --> 00:41:34,520

right why because it was seven today is

800

00:41:41,290 --> 00:41:38,600

so unusual and so yes I've had a wide

801
00:41:42,280 --> 00:41:41,300
range but thank goodness it doesn't

802
00:41:45,700 --> 00:41:42,290
happen that often

803
00:41:50,560 --> 00:41:45,710
thank goodness really I kind of thrive

804
00:41:53,800 --> 00:41:50,570
on it myself but okay yeah well in any

805
00:41:55,570 --> 00:41:53,810
case just to wrap this up in two ways I

806
00:42:00,609 --> 00:41:55,580
wanted to say that one of the premises

807
00:42:02,710 --> 00:42:00,619
of this show was to mention that many of

808
00:42:04,300 --> 00:42:02,720
the people who have been on who haven't

809
00:42:06,790 --> 00:42:04,310
been talking about their personal

810
00:42:10,500 --> 00:42:06,800
experiences such as yourself when you

811
00:42:15,300 --> 00:42:12,780
you know we thought it would be a nice

812
00:42:18,300 --> 00:42:15,310
idea to get of new people on to see if

813
00:42:21,540 --> 00:42:18,310

they had had psychic experiences and I

814

00:42:25,410 --> 00:42:21,550

did mention and and k22 Russell Targ who

815

00:42:27,210 --> 00:42:25,420

had just been on before you about how

816

00:42:30,569 --> 00:42:27,220

there are a few people out there who

817

00:42:34,470 --> 00:42:30,579

were researching some area of the

818

00:42:37,740 --> 00:42:34,480

paranormal pretty much with at least 50%

819

00:42:40,349 --> 00:42:37,750

of their energy and interests and have

820

00:42:43,050 --> 00:42:40,359

never had an experience and I would have

821

00:42:45,329 --> 00:42:43,060

found that very difficult to keep up my

822

00:42:49,140 --> 00:42:45,339

own interest in the paranormal if I

823

00:42:51,690 --> 00:42:49,150

didn't have any experiences so just I

824

00:42:55,140 --> 00:42:51,700

wanted to wrap it up with if you want to

825

00:42:57,420 --> 00:42:55,150

you know mention a book website anything

826

00:43:01,700 --> 00:42:57,430

like that Michael right now because well

827

00:43:04,290 --> 00:43:01,710

you know I do have a blog and I'm

828

00:43:06,810 --> 00:43:04,300

periodically publishing stuff there and

829

00:43:10,290 --> 00:43:06,820

it's you know what is it a fact it's

830

00:43:14,550 --> 00:43:10,300

gone a consciousness unbound dot blog

831

00:43:16,500 --> 00:43:14,560

spot.com I think it's calm yeah calm

832

00:43:19,710 --> 00:43:16,510

right and if anybody is interested

833

00:43:22,500 --> 00:43:19,720

that's I welcome and I welcome comments

834

00:43:24,420 --> 00:43:22,510

and conversation on that I think I have

835

00:43:28,680 --> 00:43:24,430

to put up a sign I don't have anything

836

00:43:31,200 --> 00:43:28,690

it says sign up or engage or comment I

837

00:43:34,620 --> 00:43:31,210

think it's I think you have to sign in

838

00:43:37,680 --> 00:43:34,630

to comment I think I was about to make a

839

00:43:40,140 --> 00:43:37,690

comment a couple of weeks ago and I

840

00:43:42,690 --> 00:43:40,150

wasn't on the proper I wasn't on my main

841

00:43:45,000 --> 00:43:42,700

computer I was on a handheld device and

842

00:43:47,220 --> 00:43:45,010

I I found that I was unable to sign in

843

00:43:50,609 --> 00:43:47,230

at that juncture but I will go back

844

00:43:55,849 --> 00:43:50,619

furthermore it will be put up on our

845

00:43:59,609 --> 00:43:55,859

blog spot our blog for shattered reality

846

00:44:03,240 --> 00:43:59,619

849

00:44:16,260 --> 00:44:11,500

hope so

854
00:44:29,789 --> 00:44:27,400
that was the idea it's dramatic and it

855
00:44:32,940 --> 00:44:29,799
we need to have our realities shattered

856
00:44:34,799 --> 00:44:32,950
from time to time so accepted to new

857
00:44:36,569 --> 00:44:34,809

okay - bye bye bye and now bye bye bye

863
00:44:56,519 --> 00:44:53,289

hello hi is this our listener Peter baby

864

00:44:58,799 --> 00:44:56,529

yes hi this is firoozeh

865

00:45:01,589 --> 00:44:58,809

and gave Valentine here with you Peter

866

00:45:05,279 --> 00:45:01,599

and we are here from shattered reality

867

00:45:08,789 --> 00:45:05,289

podcast because you had gotten in touch

868

00:45:12,900 --> 00:45:08,799

with me and told me about a miraculous

869

00:45:15,620 --> 00:45:12,910

experience you had in San Diego would

870

00:45:21,180 --> 00:45:15,630

you like to tell us about it Peter

871

00:45:26,160 --> 00:45:21,190

sure ah I don't know who it's miraculous

872

00:45:32,239 --> 00:45:26,170

Wow but it's true and out of the

873

00:45:38,479 --> 00:45:36,479

was I was traveling with my son and

874

00:45:42,900 --> 00:45:38,489

about 10 years old at the time back

875

00:45:45,900 --> 00:45:42,910

mm-hmm but 91 1991 and we were going

876

00:45:48,989 --> 00:45:45,910

down the coast to California we've just

877

00:45:51,630 --> 00:45:48,999

gone to Universal Studios and we're

878

00:45:53,789 --> 00:45:51,640

driving down to San Diego that in pretty

879

00:45:58,999 --> 00:45:53,799

late in heaven home got a room at the

880

00:46:04,190 --> 00:45:59,009

Hotel del Coronado and we checked in and

881

00:46:13,440 --> 00:46:10,349

during the course of that night I felt I

882

00:46:17,370 --> 00:46:13,450

was awakened I was maybe I felt I was

883

00:46:21,569 --> 00:46:17,380

dreaming at first and I was awakened for

884

00:46:24,359 --> 00:46:21,579

looking at the television set and it was

885

00:46:28,709 --> 00:46:24,369

it was completely dark I had always

886

00:46:32,969 --> 00:46:28,719

liked pre clock in the morning and the

887

00:46:35,400 --> 00:46:32,979

TV said had an image of a woman on it it

888

00:46:38,010 --> 00:46:35,410

appeared to be black and white if I was

889

00:46:44,390 --> 00:46:38,020

forced I would say the hair was like

890

00:46:47,490 --> 00:46:44,400

and she was clearly in distress and and

891

00:46:51,200 --> 00:46:47,500

asking me or anybody I guess looking at

892

00:46:53,490 --> 00:46:51,210

the TV at the time to help them I

893

00:46:56,460 --> 00:46:53,500

thinking it might have been a dream I

894

00:46:59,730 --> 00:46:56,470

sat up in bed I saw my son sleeping in

895

00:47:04,590 --> 00:46:59,740

the other bed and I realized he wasn't

896

00:47:06,890 --> 00:47:04,600

awakened by it and it continued while it

897

00:47:12,450 --> 00:47:06,900

was continuing he was still sleeping and

898

00:47:18,740 --> 00:47:12,460

so I had a lot of bravado because I had

899

00:47:25,320 --> 00:47:22,140

for lack of better words a ghost mm-hmm

900

00:47:29,520 --> 00:47:25,330

that it wouldn't harm me so I didn't

901
00:47:33,180 --> 00:47:29,530
feel I wasn't afraid I just couldn't

902
00:47:35,040 --> 00:47:33,190
understand it so I got up and I went to

903
00:47:39,090 --> 00:47:35,050
the window and I looked out the window

904
00:47:42,030 --> 00:47:39,100
and saw nothing but kinda was like

905
00:47:44,640 --> 00:47:42,040
making sure I was awake went to the foot

906
00:47:48,150 --> 00:47:44,650
went to the door looked in the peephole

907
00:47:51,750 --> 00:47:48,160
I went back to the TV where this woman

908
00:47:57,420 --> 00:47:51,760
was still asking I know didn't say a lot

909
00:48:00,480 --> 00:47:57,430
uh helped me healthy really helped me

910
00:48:02,790 --> 00:48:00,490
and repeated that over huh I went around

911
00:48:05,070 --> 00:48:02,800
that the TV was off there were no lights

912
00:48:07,980 --> 00:48:05,080
on it I went behind it and everything

913
00:48:10,260 --> 00:48:07,990

else my hands all around I was looking

914

00:48:13,410 --> 00:48:10,270

and I just kept looking at this thing

915

00:48:19,140 --> 00:48:13,420

and I might have responded something

916

00:48:23,070 --> 00:48:19,150

along the lines of how and and it just

917

00:48:27,599 --> 00:48:23,080

it repeated itself and it kept repeating

918

00:48:33,180 --> 00:48:27,609

itself to the point I just sat on a bed

919

00:48:38,040 --> 00:48:33,190

looking at her and at some point close

920

00:48:41,400 --> 00:48:38,050

to daybreak it just stopped and I just I

921

00:48:43,920 --> 00:48:41,410

laid there looking at the TV staring at

922

00:48:45,720 --> 00:48:43,930

it so when the when the Sun was up I got

923

00:48:50,280 --> 00:48:45,730

on the phone and I called downstairs and

924

00:48:51,480 --> 00:48:50,290

I said listen I just had an experience

925

00:48:53,820 --> 00:48:51,490

that

926

00:48:56,910 --> 00:48:53,830

I don't even want to explain I'd like

927

00:48:59,640 --> 00:48:56,920

another room and then he looked in it

928

00:49:05,280 --> 00:48:59,650

and the guy told me at the desk he said

929

00:49:09,359 --> 00:49:05,290

to me that uh someone had died in that

930

00:49:13,500 --> 00:49:09,369

room uh and I was I was in what is known

931

00:49:17,880 --> 00:49:13,510

as the old wing the first the first part

932

00:49:24,030 --> 00:49:17,890

the first building of uh of the Hotel

933

00:49:26,430 --> 00:49:24,040

del Coronado in San Diego and and he

934

00:49:30,090 --> 00:49:26,440

said that I didn't I didn't even I said

935

00:49:31,920 --> 00:49:30,100

I said well I had an experience and I

936

00:49:34,080 --> 00:49:31,930

didn't even ask him whether this person

937

00:49:40,260 --> 00:49:34,090

had killed themselves or had been

938

00:49:42,330 --> 00:49:40,270

murdered and in looking at the woman and

939

00:49:45,060 --> 00:49:42,340

really thinking back to the woman I

940

00:49:47,970 --> 00:49:45,070

could only imagine a person exhibiting

941

00:49:51,440 --> 00:49:47,980

that much distress wouldn't have been

942

00:49:55,710 --> 00:49:51,450

trying to commit suicide huh it appeared

943

00:49:58,560 --> 00:49:55,720

apparently it seemed that in some way

944

00:49:59,300 --> 00:49:58,570

she was begging for someone to prevent

945

00:50:08,310 --> 00:49:59,310

her murder

946

00:50:09,900 --> 00:50:08,320

Wow and it's a and it it's it's

947

00:50:13,260 --> 00:50:09,910

something I never discussed because

948

00:50:14,970 --> 00:50:13,270

basically you don't get a lot of people

949

00:50:19,940 --> 00:50:14,980

thinking whatever you're saying what

950

00:50:22,920 --> 00:50:19,950

your experience is true but having no a

951

00:50:25,170 --> 00:50:22,930

no reason to not tell you everything

952

00:50:28,460 --> 00:50:25,180

exactly how it happened

953

00:50:31,620 --> 00:50:28,470

would would just be the insane of myself

954

00:50:34,380 --> 00:50:31,630

so that's just what happened okay I

955

00:50:36,660 --> 00:50:34,390

really have an opportunity to discuss it

956

00:50:38,820 --> 00:50:36,670

and I want to thank you uh for listening

957

00:50:41,730 --> 00:50:38,830

well thank you for being a listener to

958

00:50:43,849 --> 00:50:41,740

shattered reality podcast and we hope

959

00:50:47,820 --> 00:50:43,859

that you will continue to listen and

960

00:50:49,980 --> 00:50:47,830

your anonymity is been reasonably

961

00:50:53,460 --> 00:50:49,990

preserved by coming up only with the

962

00:50:57,030 --> 00:50:53,470

first name so no no worries there but -

963

00:51:00,990 --> 00:50:57,040

thank you so very much and we really

964

00:51:02,880 --> 00:51:01,000

appreciate your listenership Peter well

965

00:51:04,560 --> 00:51:02,890

it might be interesting to see if any

966

00:51:06,690 --> 00:51:04,570

other listeners

967

00:51:10,140 --> 00:51:06,700

I want to look back into the directory

968

00:51:12,090 --> 00:51:10,150

of the Hotel del Coronado in 1991 search

969

00:51:13,860 --> 00:51:12,100

out for the Peters that registered there

970

00:51:16,320 --> 00:51:13,870

and who knows they might come up with

971

00:51:18,840 --> 00:51:16,330

who I am but they might but unless

972

00:51:21,240 --> 00:51:18,850

unless it's a three-letter agency I

973

00:51:25,560 --> 00:51:21,250

don't think anybody's going to go doing

974

00:51:28,770 --> 00:51:25,570

that they'll go oh and one last thing to

975

00:51:31,140 --> 00:51:28,780

you how here do you Peter thank you so

976
00:51:32,340 --> 00:51:31,150
much thank you and there's a burglar cry

977
00:51:35,300 --> 00:51:32,350
now

978
00:51:38,940 --> 00:51:35,310
but wow that was really interesting yep

979
00:51:41,400 --> 00:51:38,950
here had quite a story there and I'm so

980
00:51:43,500 --> 00:51:41,410
glad that he did get in touch with me

981
00:51:44,970 --> 00:51:43,510
being a listener and and hearing the

982
00:51:47,580 --> 00:51:44,980
things that we've been speaking about

983
00:51:50,280 --> 00:51:47,590
and it fits so nicely in with the other

984
00:51:53,430 --> 00:51:50,290
two fellows with their experiences so we

985
00:51:56,250 --> 00:51:53,440
had two experiences from guests and now

986
00:51:58,770 --> 00:51:56,260
an experience from a listener and you

987
00:52:01,800 --> 00:51:58,780
wanted to invite people to oh yeah I

988
00:52:03,930 --> 00:52:01,810

think it really it helps a great deal is

989

00:52:05,880 --> 00:52:03,940

the more we hear you know there's not

990

00:52:08,180 --> 00:52:05,890

many venues where you can say look this

991

00:52:11,070 --> 00:52:08,190

really peculiar thing happened to me and

992

00:52:13,890 --> 00:52:11,080

you know it wasn't bad it wasn't good it

993

00:52:16,770 --> 00:52:13,900

was peculiar and I have nobody to tell

994

00:52:18,900 --> 00:52:16,780

it to or anybody to evaluate it was a

995

00:52:21,060 --> 00:52:18,910

good experience band experience silly

996

00:52:23,550 --> 00:52:21,070

experience I don't know but we'd really

997

00:52:25,740 --> 00:52:23,560

love to have you sir with us because

998

00:52:28,650 --> 00:52:25,750

again as I said to you during the break

999

00:52:31,320 --> 00:52:28,660

so I don't so to speak the more events

1000

00:52:34,260 --> 00:52:31,330

like this that are brought out in the

1001
00:52:36,780 --> 00:52:34,270
open the less paranormal becomes a more

1002
00:52:38,910 --> 00:52:36,790
normal it becomes and that's when you

1003
00:52:41,910 --> 00:52:38,920
may start getting enough data where

1004
00:52:43,410 --> 00:52:41,920
these things will then seem to have a

1005
00:52:45,690 --> 00:52:43,420
recent direction as to where they're

1006
00:52:48,120 --> 00:52:45,700
going and more validity in the gen yeah

1007
00:52:50,940 --> 00:52:48,130
in the general public where of course

1008
00:52:53,730 --> 00:52:50,950
there's back and I mean I can't point to

1009
00:52:58,070 --> 00:52:53,740
a particular period in history but both

1010
00:53:01,470 --> 00:52:58,080
mate basically anytime before the the

1011
00:53:03,900 --> 00:53:01,480
Scientific Revolution yeah it was 1700

1012
00:53:06,180 --> 00:53:03,910
and you have to say yes these things

1013
00:53:09,630 --> 00:53:06,190

were considered to be the absolute truth

1014

00:53:13,800 --> 00:53:09,640

and so normal and normal as well but

1015

00:53:16,650 --> 00:53:13,810

before we go I have a couple of things

1016

00:53:18,210 --> 00:53:16,660

to say note sment and one thing is to

1017

00:53:21,540 --> 00:53:18,220

thank

1018

00:53:25,740 --> 00:53:21,550

George filer of the filers files for

1019

00:53:29,970 --> 00:53:25,750

reprinting my blogspot mom which was

1020

00:53:33,810 --> 00:53:29,980

called evolution extraterrestrial

1021

00:53:36,660 --> 00:53:33,820

evolution and here III we printed it on

1022

00:53:41,880 --> 00:53:36,670

filers files and it has gotten a lot of

1023

00:53:43,890 --> 00:53:41,890

positive feedback not only that but I

1024

00:53:47,130 --> 00:53:43,900

wanted to mention one of our other

1025

00:53:49,470 --> 00:53:47,140

listeners whose name is Oberon hedge co

1026

00:53:51,840 --> 00:53:49,480

and and just mention him sort of

1027

00:53:55,850 --> 00:53:51,850

shout-out to him because he sent such a

1028

00:53:58,620 --> 00:53:55,860

nice holiday Christmas message to us

1029

00:54:02,250 --> 00:53:58,630

wishing us a happy holiday and saying

1030

00:54:04,110 --> 00:54:02,260

how much he really liked our podcast and

1031

00:54:06,600 --> 00:54:04,120

how he thought it was really tip-top and

1032

00:54:07,140 --> 00:54:06,610

none better well thank you so much

1033

00:54:10,020 --> 00:54:07,150

really

1034

00:54:12,020 --> 00:54:10,030

that's nice to hear things yes it is you

1035

00:54:14,790 --> 00:54:12,030

know sometimes you feel like you're just

1036

00:54:16,890 --> 00:54:14,800

broadcasting into the ether and nobody's

1037

00:54:19,410 --> 00:54:16,900

out there and so it's great especially

1038

00:54:22,620 --> 00:54:19,420

positive feedback is always very very

1039

00:54:25,470 --> 00:54:22,630

fresh it is very appreciated and we

1040

00:54:27,780 --> 00:54:25,480

accept all kinds of feedback but we do I

1041

00:54:30,630 --> 00:54:27,790

positively also for the positive release

1042

00:54:33,030 --> 00:54:30,640

the constructive you not just be a and

1043

00:54:36,390 --> 00:54:33,040

one thing to remember about this podcast

1044

00:54:38,730 --> 00:54:36,400

is that it is conversational because

1045

00:54:40,800 --> 00:54:38,740

basically the only real criticism I've

1046

00:54:45,000 --> 00:54:40,810

gotten on on our different various

1047

00:54:47,310 --> 00:54:45,010

venues is that we talk to well hello if

1048

00:54:50,160 --> 00:54:47,320

you just want to hear the person most of

1049

00:54:51,720 --> 00:54:50,170

our guests are pretty famous and there

1050

00:54:56,250 --> 00:54:51,730

is stuff out there with just them

1051
00:54:58,740 --> 00:54:56,260
talking at you know continuously this is

1052
00:55:01,770 --> 00:54:58,750
not a podcast which somebody gives a

1053
00:55:06,500 --> 00:55:01,780
speech we are a conversational podcast I

1054
00:55:10,860 --> 00:55:06,510
also would like to thank our our

1055
00:55:14,990 --> 00:55:10,870
engineer Phil and and another person who

1056
00:55:17,760 --> 00:55:15,000
has been helping with our online issues

1057
00:55:20,340 --> 00:55:17,770
technical issues and that's Jerry and no

1058
00:55:22,140 --> 00:55:20,350
less names mentioned here because not

1059
00:55:24,690 --> 00:55:22,150
necessarily Jerry knows who he is and

1060
00:55:26,820 --> 00:55:24,700
Bill knows who he is but we thank them

1061
00:55:29,040 --> 00:55:26,830
both independently and they're both

1062
00:55:30,069 --> 00:55:29,050
being watched so they both see and watch

1063
00:55:33,229 --> 00:55:30,079

you know

1064

00:55:38,779 --> 00:55:33,239

and I believe that one of our next

1065

00:55:41,149 --> 00:55:38,789

guests is the Ryan Sprague okay and he

1066

00:55:43,999 --> 00:55:41,159

has written a new book which is very

1067

00:55:46,309 --> 00:55:44,009

very interesting and I believe it's in

1068

00:55:48,319 --> 00:55:46,319

the skies and I think I might have left

1069

00:55:51,769 --> 00:55:48,329

out a word there but I'm in the midst of

1070

00:55:54,819 --> 00:55:51,779

reading it I'm very positively impressed

1071

00:55:58,429 --> 00:55:54,829

by it and we're hoping to have him on

1072

00:56:01,009 --> 00:55:58,439

next or next after that but he's agreed

1073

00:56:02,809 --> 00:56:01,019

and we we want to speak with him and I'm

1074

00:56:06,649 --> 00:56:02,819

sure you'll be loving to hear from him

1075

00:56:08,929 --> 00:56:06,659

and so now Kate yes and he's fishy bye

1076

00:56:11,119 --> 00:56:08,939

well no no no we have to wish our

1077

00:56:14,239 --> 00:56:11,129

listeners a Happy New Year absolutely a

1078

00:56:14,859 --> 00:56:14,249

healthy and prosperous one live long and

1079

00:56:19,849 --> 00:56:14,869

prosper

1080

00:56:22,069 --> 00:56:19,859

try to do that I do like this Spock

1081

00:56:24,889 --> 00:56:22,079

finger in there I can't quite guy and

1082

00:56:26,989 --> 00:56:24,899

there I go there goes me I can't leave

1083

00:56:30,499 --> 00:56:26,999

it with one hand all right well anyway

1084

00:56:31,609 --> 00:56:30,509

in memory of the good Valenti boy yes it

1085

00:56:36,139 --> 00:56:31,619

is

1086

00:56:47,480 --> 00:56:36,149

okay I guess it's time to say good
