

1
00:00:08,630 --> 00:00:17,170

[Music]

2
00:00:25,279 --> 00:00:20,659

welcome to shattered reality with your

3
00:00:28,550 --> 00:00:25,289

hosts eight Ballantine and prepared

4
00:00:35,090 --> 00:00:28,560

ahead of paradigm is shifted into booths

5
00:00:37,400 --> 00:00:35,100

question and now shattered reality well

6
00:00:40,760 --> 00:00:37,410

here we are again firoozeh and I guess

7
00:00:50,510 --> 00:00:40,770

you'd like to sleep the date absolutely

8
00:00:57,709 --> 00:00:50,520

today is September 12 2017 and we are

9
00:01:01,369 --> 00:00:57,719

back for our 54th show after a few weeks

10
00:01:05,329 --> 00:01:01,379

break for the summertime and Eclipse

11
00:01:07,490 --> 00:01:05,339

viewing right right and so I went down

12
00:01:09,800 --> 00:01:07,500

to view the Eclipse did you actually see

13
00:01:13,940 --> 00:01:09,810

there did a cloud over it was just at

14

00:01:16,370 --> 00:01:13,950

the it clouded over and and but I did

15

00:01:19,790 --> 00:01:16,380

see a great deal of it I saw it got dark

16

00:01:22,809 --> 00:01:19,800

I saw the planet Venus which was there I

17

00:01:26,740 --> 00:01:22,819

heard those insects come out in the

18

00:01:29,089 --> 00:01:26,750

semi-darkness and all around the horizon

19

00:01:33,219 --> 00:01:29,099

you could see a little bit of light but

20

00:01:36,410 --> 00:01:33,229

the the sky above was completely dark

21

00:01:38,690 --> 00:01:36,420

and then the cloud moved because it

22

00:01:42,469 --> 00:01:38,700

wasn't very thick and it moved away so I

23

00:01:43,479 --> 00:01:42,479

saw most of the eclipse but like a mile

24

00:01:51,770 --> 00:01:43,489

and a half away

25

00:01:53,809 --> 00:01:51,780

they had no cloud mmm yes yeah and I

26

00:01:56,290 --> 00:01:53,819

also went to see the Serpent Mound out

27

00:01:59,570 --> 00:01:56,300

in Ohio built by the mound builder

28

00:02:02,150 --> 00:01:59,580

civilization which was fascinating too

29

00:02:07,779 --> 00:02:02,160

but no time for that right now but was

30

00:02:11,690 --> 00:02:07,789

no we have today a wonderful guest and

31

00:02:15,350 --> 00:02:11,700

our guest is dr. Roger Nelson who is a

32

00:02:18,770 --> 00:02:15,360

PhD he was the coordinator of research

33

00:02:20,480 --> 00:02:18,780

at the Princeton engineering anomalies

34

00:02:23,240 --> 00:02:20,490

research laboratory

35

00:02:27,050 --> 00:02:23,250

pair lab as many people know it at

36

00:02:29,630 --> 00:02:27,060

Princeton University from 1980 to 2002

37

00:02:33,800 --> 00:02:29,640

and he has directed the global

38

00:02:38,300 --> 00:02:33,810

consciousness project the GCP since its

39

00:02:40,310 --> 00:02:38,310

inception in 1997 his interests lie in

40

00:02:43,190 --> 00:02:40,320

the areas of psychology physics

41

00:02:45,580 --> 00:02:43,200

philosophy and the arts and he has been

42

00:02:49,790 --> 00:02:45,590

given opportunities to collaborate with

43

00:02:52,820 --> 00:02:49,800

creative interdisciplinary teams at pear

44

00:02:55,460 --> 00:02:52,830

and elsewhere developing ways to study

45

00:02:56,870 --> 00:02:55,470

consciousness and intention so he's

46

00:03:00,200 --> 00:02:56,880

right up our alley with that

47

00:03:02,080 --> 00:03:00,210

consciousness and intention Roger's work

48

00:03:04,730 --> 00:03:02,090

integrates science and spirituality

49

00:03:08,770 --> 00:03:04,740

including research that is directly

50

00:03:11,180 --> 00:03:08,780

focused on numinous communal experience

51
00:03:14,570 --> 00:03:11,190
building on years of laboratory

52
00:03:17,420 --> 00:03:14,580
experiments Roger began using random

53
00:03:20,210 --> 00:03:17,430
event generator technology in the field

54
00:03:22,220 --> 00:03:20,220
to study the effects of special states

55
00:03:25,700 --> 00:03:22,230
of group consciousness

56
00:03:28,340 --> 00:03:25,710
this led naturally to the GCP which is

57
00:03:30,730 --> 00:03:28,350
designed to register indications of a

58
00:03:33,770 --> 00:03:30,740
coalescing global consciousness

59
00:03:36,980 --> 00:03:33,780
responding to major world events such as

60
00:03:40,960 --> 00:03:36,990
9/11 the beginnings of war or New Year's

61
00:03:43,970 --> 00:03:40,970
Eve speculative interpretation

62
00:03:46,970 --> 00:03:43,980
interpretations suggest that we may be

63
00:03:49,640 --> 00:03:46,980

looking at some form of consciousness

64

00:03:52,160 --> 00:03:49,650
field though we don't have a full

65

00:03:54,740 --> 00:03:52,170
explanation this frontier research

66

00:03:57,350 --> 00:03:54,750
provides evidence of interconnection and

67

00:04:00,830 --> 00:03:57,360
interaction of our minds with the

68

00:04:04,400 --> 00:04:00,840
environment it is consonant with ancient

69

00:04:09,320 --> 00:04:04,410
and modern ideas about a nascent greater

70

00:04:13,330 --> 00:04:09,330
consciousness and now dr. Roger Nelson

71

00:04:17,630 --> 00:04:13,340
welcome to shattered reality podcast

72

00:04:19,400 --> 00:04:17,640
hello thank you for having me on thank

73

00:04:21,289 --> 00:04:19,410
you for taking the time to be here with

74

00:04:23,120 --> 00:04:21,299
us it is really quite an interesting

75

00:04:25,160 --> 00:04:23,130
resume and I'm sure you're very busy

76

00:04:28,940 --> 00:04:25,170

person so we really appreciate your

77

00:04:32,719 --> 00:04:28,950

being here today we do and to start off

78

00:04:33,950 --> 00:04:32,729

with I wonder if you could tell us a

79

00:04:39,320 --> 00:04:33,960

little bit more of

80

00:04:41,480 --> 00:04:39,330

about your earlier self like we all know

81

00:04:46,249 --> 00:04:41,490

I mean people who are in the field and

82

00:04:48,379 --> 00:04:46,259

not our listenership has people who are

83

00:04:51,980 --> 00:04:48,389

in the fields of us following

84

00:04:55,279 --> 00:04:51,990

consciousness and other anomalous edge

85

00:04:57,200 --> 00:04:55,289

science stuff but not everybody knows

86

00:05:01,610 --> 00:04:57,210

about the pair lab though we did have

87

00:05:04,159 --> 00:05:01,620

Brenda done on a few weeks ago but what

88

00:05:07,249 --> 00:05:04,169

we don't know even people who know about

89

00:05:09,230 --> 00:05:07,259

you and the pair lab and the global

90

00:05:14,390 --> 00:05:09,240

consciousness project they don't know

91

00:05:21,890 --> 00:05:14,400

where you came from to start with the

92

00:05:26,680 --> 00:05:21,900

pair lab prior to 1980 as is the case

93

00:05:37,580 --> 00:05:32,570

theory but I did I hear is I mean I was

94

00:05:39,999 --> 00:05:37,590

a curious kid and there were enormous ly

95

00:05:43,070 --> 00:05:40,009

interesting things that I would get

96

00:05:45,379 --> 00:05:43,080

window but I couldn't really learn very

97

00:05:49,969 --> 00:05:45,389

much about them because I would grew up

98

00:05:52,760 --> 00:05:49,979

in small town in Nebraska and things

99

00:05:54,070 --> 00:05:52,770

like yoga and Buddhism and

100

00:05:56,029 --> 00:05:54,080

[Music]

101
00:06:02,110 --> 00:05:56,039
parapsychology for heaven's sakes or

102
00:06:06,350 --> 00:06:02,120
UFOs none of those things had much other

103
00:06:10,670 --> 00:06:06,360
representation there so I gradually

104
00:06:14,060 --> 00:06:10,680
found my way into these areas by going

105
00:06:16,399 --> 00:06:14,070
to the library and looking for one thing

106
00:06:21,320 --> 00:06:16,409
and finding another and until eventually

107
00:06:24,249 --> 00:06:21,330
I my curiosity was piqued so much that I

108
00:06:27,850 --> 00:06:24,259
gathered some of my friends to do

109
00:06:32,330 --> 00:06:27,860
experiments what we called

110
00:06:35,360 --> 00:06:32,340
parapsychology we did ESP experiments

111
00:06:39,620 --> 00:06:35,370
that is we asked people to try to guess

112
00:06:41,749 --> 00:06:39,630
which card is coming up next or what

113
00:06:44,709 --> 00:06:41,759

card would be in the middle of a stack

114

00:06:47,660 --> 00:06:44,719

and and so forth and it turned out that

115

00:06:49,370 --> 00:06:47,670

we we got results from those experiments

116

00:06:54,590 --> 00:06:49,380

which were exactly the right kind of

117

00:06:57,530 --> 00:06:54,600

thing by that I mean there was nothing

118

00:06:59,510 --> 00:06:57,540

so earth-shaking but it was always a

119

00:07:01,970 --> 00:06:59,520

little bit different from what should

120

00:07:04,970 --> 00:07:01,980

happen if there isn't any such thing as

121

00:07:08,180 --> 00:07:04,980

yes P so in other words we got results

122

00:07:10,930 --> 00:07:08,190

of like this I on just who were read

123

00:07:15,860 --> 00:07:10,940

about in the book also got and that

124

00:07:19,190 --> 00:07:15,870

probably settled me into the pad which

125

00:07:22,790 --> 00:07:19,200

had lots of twists and turns where I

126
00:07:26,480 --> 00:07:22,800
ultimately had the opportunity to dig in

127
00:07:28,850 --> 00:07:26,490
and do my own very careful scientific

128
00:07:31,250 --> 00:07:28,860
research along with a bunch of really

129
00:07:35,870 --> 00:07:31,260
bright people in Princeton that's that's

130
00:07:40,090 --> 00:07:35,880
very very cool now you say that you got

131
00:07:43,070 --> 00:07:40,100
some results that were a reasonable

132
00:07:47,210 --> 00:07:43,080
amount of I guess we say standard

133
00:07:51,110 --> 00:07:47,220
deviation from the the flatline right or

134
00:07:53,360 --> 00:07:51,120
as you guys put it the random walk it's

135
00:07:56,960 --> 00:07:53,370
not what you say Yeah right

136
00:07:59,960 --> 00:07:56,970
I mean basically when most of the

137
00:08:03,530 --> 00:07:59,970
experiments that we had at the pear lab

138
00:08:06,410 --> 00:08:03,540

at Princeton use some kind of had some

139

00:08:08,390 --> 00:08:06,420

kind of random source we also did what

140

00:08:11,450 --> 00:08:08,400

was called remote perception or remote

141

00:08:13,940 --> 00:08:11,460

viewing experiments but all of the all

142

00:08:16,610 --> 00:08:13,950

the machine oriented or mind machine

143

00:08:18,590 --> 00:08:16,620

interaction experiments had some kind of

144

00:08:22,360 --> 00:08:18,600

random source and what a random source

145

00:08:25,370 --> 00:08:22,370

does is unpredictable normally and

146

00:08:28,010 --> 00:08:25,380

that's the criterion for it to be random

147

00:08:31,360 --> 00:08:28,020

is that from one step to the next step

148

00:08:36,110 --> 00:08:31,370

there is no way that there would be

149

00:08:40,190 --> 00:08:36,120

nature or there the heads or tails

150

00:08:43,190 --> 00:08:40,200

quality of the next step can be best or

151
00:08:45,410 --> 00:08:43,200
predicted so what we did was set up

152
00:08:48,380 --> 00:08:45,420
experiments with a really high quality

153
00:08:52,160 --> 00:08:48,390
random sources a lot of different kinds

154
00:08:55,640 --> 00:08:52,170
things like pendulums and water

155
00:08:58,910 --> 00:08:55,650
fountains and beautiful optical displays

156
00:09:00,800 --> 00:08:58,920
and and so forth along with classical

157
00:09:04,600 --> 00:09:00,810
random number generator

158
00:09:07,790 --> 00:09:04,610
and in all cases we ask people to try to

159
00:09:09,410 --> 00:09:07,800
change that system so there it was it

160
00:09:12,530 --> 00:09:09,420
didn't become predictable in the sense

161
00:09:14,720 --> 00:09:12,540
that they would get higher numbers if

162
00:09:17,840 --> 00:09:14,730
that's what they were trying to do if

163
00:09:20,860 --> 00:09:17,850

they were trying for low numbers than we

164

00:09:24,650 --> 00:09:20,870

would expect and we did find that those

165

00:09:26,930 --> 00:09:24,660

truly high-quality random sources became

166

00:09:29,540 --> 00:09:26,940

a little bit less random apparently

167

00:09:33,110 --> 00:09:29,550

because of intention and consciousness

168

00:09:37,100 --> 00:09:33,120

who are the people that you used as test

169

00:09:40,280 --> 00:09:37,110

subjects we did get those at random as

170

00:09:44,060 --> 00:09:40,290

well or was there some sort of a pattern

171

00:09:48,740 --> 00:09:44,070

to your choosing them actually what we

172

00:09:54,010 --> 00:09:48,750

the way we describe our what we called

173

00:09:55,220 --> 00:09:54,020

operator pool subject were people who

174

00:09:57,260 --> 00:09:55,230

volunteered

175

00:10:00,620 --> 00:09:57,270

okay they were self selected they had to

176

00:10:03,950 --> 00:10:00,630

be interested enough to discover that we

177

00:10:06,620 --> 00:10:03,960

were there but we didn't look for people

178

00:10:09,950 --> 00:10:06,630

who claimed any special powers mm-hm and

179

00:10:11,330 --> 00:10:09,960

in a sense even though it might not be

180

00:10:15,500 --> 00:10:11,340

entirely true because of the self

181

00:10:18,860 --> 00:10:15,510

selection what we were trying and what

182

00:10:23,510 --> 00:10:18,870

we described as our pool was people who

183

00:10:26,620 --> 00:10:23,520

are ordinary people with thought to

184

00:10:29,990 --> 00:10:26,630

finding out how common is the ability to

185

00:10:33,530 --> 00:10:30,000

change the way of random machine works

186

00:10:36,830 --> 00:10:33,540

how common is that ability in the

187

00:10:39,530 --> 00:10:36,840

population so we wanted regular people

188

00:10:42,550 --> 00:10:39,540

in other words right what you did you

189

00:10:45,620 --> 00:10:42,560

did have down there one of our previous

190

00:10:48,770 --> 00:10:45,630

previous guests previous to yourself and

191

00:10:51,560 --> 00:10:48,780

Brenda done and that was Angela Thompson

192

00:10:54,020 --> 00:10:51,570

Smith who actually found out that she

193

00:10:58,370 --> 00:10:54,030

was quite psychic I suspect is that the

194

00:11:00,860 --> 00:10:58,380

case well we don't we never did talk

195

00:11:03,980 --> 00:11:00,870

very much about the performance of

196

00:11:06,200 --> 00:11:03,990

individuals but Angela did do none of

197

00:11:07,880 --> 00:11:06,210

those experiments I don't think she

198

00:11:11,690 --> 00:11:07,890

would mine and maybe she even did this

199

00:11:14,720 --> 00:11:11,700

herself if I tell a little story of an

200

00:11:16,870 --> 00:11:14,730

experience that she reported back

201
00:11:19,759 --> 00:11:16,880
after doing some of these experiments

202
00:11:21,560 --> 00:11:19,769
she said she was looking at this random

203
00:11:24,139 --> 00:11:21,570
number generator and trying to get high

204
00:11:27,560 --> 00:11:24,149
numbers or low numbers and we're trying

205
00:11:30,560 --> 00:11:27,570
to let it just do baselines which was in

206
00:11:33,050 --> 00:11:30,570
other words let it be so

207
00:11:35,660 --> 00:11:33,060
she wasn't having any success she tried

208
00:11:38,660 --> 00:11:35,670
and she tried different ways and she

209
00:11:40,550 --> 00:11:38,670
thought and she you know concentrated

210
00:11:43,490 --> 00:11:40,560
and so forth and she's finally she said

211
00:11:46,030 --> 00:11:43,500
at some point well I'm just I'm gonna

212
00:11:49,550 --> 00:11:46,040
just lean back and read it a magazine

213
00:11:51,710 --> 00:11:49,560

doggone it and at that point she began

214

00:11:54,860 --> 00:11:51,720

to get the kind of result she was

215

00:11:57,680 --> 00:11:54,870

expecting and desiring so in other words

216

00:12:00,439 --> 00:11:57,690

she learned how to get out of the way

217

00:12:02,360 --> 00:12:00,449

and I think that is something that is

218

00:12:05,840 --> 00:12:02,370

extremely important in these kinds of

219

00:12:08,960 --> 00:12:05,850

experiments we used to say grunting and

220

00:12:13,220 --> 00:12:08,970

straining isn't what works what works is

221

00:12:15,769 --> 00:12:13,230

to allow this interconnection the

222

00:12:20,920 --> 00:12:15,779

connection between myself and the

223

00:12:26,210 --> 00:12:20,930

machine to happen okay

224

00:12:29,379 --> 00:12:26,220

so just at this point we had as I had

225

00:12:33,259 --> 00:12:29,389

mentioned somebody who wrote me a very

226

00:12:35,059 --> 00:12:33,269

interested letter somebody who may have

227

00:12:37,670 --> 00:12:35,069

met you I think he didn't meet you back

228

00:12:39,829 --> 00:12:37,680

in the past not a significant meeting I

229

00:12:43,400 --> 00:12:39,839

don't think but he was very interested

230

00:12:45,410 --> 00:12:43,410

in the subject matter and generally goes

231

00:12:48,800 --> 00:12:45,420

out he's a spiritual seeker I would say

232

00:12:51,139 --> 00:12:48,810

his name is Bob paddock and he was under

233

00:12:55,480 --> 00:12:51,149

the impression for one thing that you

234

00:12:58,120 --> 00:12:55,490

were all using radioactive decay and I

235

00:13:01,069 --> 00:12:58,130

explained to him that you were using

236

00:13:03,079 --> 00:13:01,079

electron tunneling do you want to

237

00:13:07,069 --> 00:13:03,089

briefly and I don't want to get way off

238

00:13:09,829 --> 00:13:07,079

the the track in very technical stuff

239

00:13:12,129 --> 00:13:09,839

but maybe you want to tell us a little

240

00:13:16,990 --> 00:13:12,139

bit about electron tunneling versus

241

00:13:20,780 --> 00:13:17,000

versus decay of radioactive matter to

242

00:13:23,059 --> 00:13:20,790

generate random numbers or events right

243

00:13:28,280 --> 00:13:23,069

that's two different technologies for

244

00:13:31,670 --> 00:13:28,290

creating true random number sequences

245

00:13:37,280 --> 00:13:31,680

radioactive decay just has a counter

246

00:13:41,689 --> 00:13:37,290

Geiger counter counting noting the the

247

00:13:46,519 --> 00:13:41,699

ticks and he uses that breakdown of

248

00:13:49,819 --> 00:13:46,529

atomic particles to which is a truly

249

00:13:52,280 --> 00:13:49,829

random process and you're right we never

250

00:13:58,400 --> 00:13:52,290

did use random sources instead we use

251
00:14:02,780 --> 00:13:58,410
diodes and some other technology but the

252
00:14:04,879 --> 00:14:02,790
diodes are basically a switch which is

253
00:14:08,059 --> 00:14:04,889
not designed to allow electrons to flow

254
00:14:11,150 --> 00:14:08,069
one direction but not the other

255
00:14:14,660 --> 00:14:11,160
direction and our circuits were set up

256
00:14:17,720 --> 00:14:14,670
to push electrons against the barrier of

257
00:14:20,329 --> 00:14:17,730
the switch where they and they should

258
00:14:25,040 --> 00:14:20,339
not have you know they shouldn't be able

259
00:14:27,710 --> 00:14:25,050
to get through the barrier but because

260
00:14:32,059 --> 00:14:27,720
of this quantum level process called

261
00:14:33,860 --> 00:14:32,069
electron tunneling some electrons appear

262
00:14:36,189 --> 00:14:33,870
on the other side of the barrier and

263
00:14:39,710 --> 00:14:36,199

they create a tiny voltage which

264

00:14:42,980 --> 00:14:39,720

fluctuates randomly that is what we

265

00:14:46,210 --> 00:14:42,990

sample and turn into ones and zeros for

266

00:14:49,189 --> 00:14:46,220

our random sequence so it's a very

267

00:14:52,480 --> 00:14:49,199

that's it just as radioactivity is a

268

00:14:57,530 --> 00:14:52,490

completely unpredictable quantum process

269

00:15:03,110 --> 00:14:57,540

which produces truly random numbers they

270

00:15:06,170 --> 00:15:03,120

qualify as unpredictable very good but I

271

00:15:09,829 --> 00:15:06,180

think the point of all this research on

272

00:15:13,790 --> 00:15:09,839

yours was to lead you more deeply into

273

00:15:16,550 --> 00:15:13,800

global consciousness yeah and I think

274

00:15:17,900 --> 00:15:16,560

that is that your main interest now at

275

00:15:21,160 --> 00:15:17,910

this time thank you

276

00:15:25,009 --> 00:15:21,170

well the global consciousness project

277

00:15:26,720 --> 00:15:25,019

came came after the two earlier stages

278

00:15:28,550 --> 00:15:26,730

one of them that we've been talking

279

00:15:32,210 --> 00:15:28,560

about machines in the laboratory and

280

00:15:35,389 --> 00:15:32,220

people intentionally trying to change

281

00:15:38,780 --> 00:15:35,399

their behavior the second stage was what

282

00:15:40,759 --> 00:15:38,790

we called field research or field or EEG

283

00:15:42,110 --> 00:15:40,769

research random number generator

284

00:15:44,990 --> 00:15:42,120

research where we

285

00:15:48,730 --> 00:15:45,000

you would take a very you know a very

286

00:15:51,560 --> 00:15:48,740

miniaturized version of this electronic

287

00:15:54,980 --> 00:15:51,570

random number generator the field with a

288

00:15:56,990 --> 00:15:54,990

computer that could collect the data put

289

00:15:59,810 --> 00:15:57,000

in files where we could then later do an

290

00:16:03,980 --> 00:15:59,820

analysis and protocol there was to go to

291

00:16:08,900 --> 00:16:03,990

someplace like fabulously engaging

292

00:16:10,610 --> 00:16:08,910

musical conference concert or perhaps a

293

00:16:12,620 --> 00:16:10,620

meeting of people who are going to be

294

00:16:16,130 --> 00:16:12,630

doing something really creative or a

295

00:16:19,490 --> 00:16:16,140

ritual or ceremony of some kind the idea

296

00:16:22,519 --> 00:16:19,500

was that if people come together and

297

00:16:26,180 --> 00:16:22,529

become a kind of group forgetting about

298

00:16:28,730 --> 00:16:26,190

their individual qualities and interests

299

00:16:31,760 --> 00:16:28,740

and instead becoming literally a a

300

00:16:34,640 --> 00:16:31,770

component in a group consciousness then

301
00:16:38,480 --> 00:16:34,650
we would expect to see changes in the

302
00:16:40,190 --> 00:16:38,490
random sequence more or less as if there

303
00:16:44,030 --> 00:16:40,200
were an intention in this case it would

304
00:16:46,130 --> 00:16:44,040
be just attention or even a

305
00:16:51,740 --> 00:16:46,140
consciousness field that was generated

306
00:16:54,050 --> 00:16:51,750
by the group which would include the

307
00:16:55,640 --> 00:16:54,060
random number generator almost as if it

308
00:16:59,050 --> 00:16:55,650
were a member of the group and it too

309
00:17:02,570 --> 00:16:59,060
could partake in this kind of group

310
00:17:05,319 --> 00:17:02,580
coherent group consciousness and that

311
00:17:09,199 --> 00:17:05,329
led to the third stage which was this

312
00:17:11,600 --> 00:17:09,209
world spanning network of random number

313
00:17:13,730 --> 00:17:11,610

generators placed all over the world

314

00:17:15,169 --> 00:17:13,740

hosted by people who are interested

315

00:17:18,949 --> 00:17:15,179

enough to just run a computer

316

00:17:22,400 --> 00:17:18,959

continuously and with software designed

317

00:17:25,220 --> 00:17:22,410

to send us on a regular basis the data

318

00:17:28,640 --> 00:17:25,230

which formed a continuous stream of data

319

00:17:31,810 --> 00:17:28,650

from what should be random and was

320

00:17:35,930 --> 00:17:31,820

basically most of the time random from

321

00:17:38,840 --> 00:17:35,940

60 or 70 places around the world so

322

00:17:41,630 --> 00:17:38,850

that's the technology and then the

323

00:17:44,180 --> 00:17:41,640

question yeah consciousness part of this

324

00:17:46,880 --> 00:17:44,190

was a little bit like what we asked for

325

00:17:48,500 --> 00:17:46,890

the group consciousness if there is an

326

00:17:54,560 --> 00:17:48,510

event in the world where if people

327

00:17:56,270 --> 00:17:54,570

decide from within their own motivations

328

00:17:59,950 --> 00:17:56,280

to come to

329

00:18:02,780 --> 00:17:59,960

in a kind of coherent way if there's a

330

00:18:05,860 --> 00:18:02,790

terrible tragedy that engages millions

331

00:18:10,550 --> 00:18:05,870

of people around the world in compassion

332

00:18:14,390 --> 00:18:10,560

sympathy or maybe other emotion we would

333

00:18:16,220 --> 00:18:14,400

predict that they just has happened in

334

00:18:19,880 --> 00:18:16,230

our field experiments with smaller

335

00:18:21,560 --> 00:18:19,890

groups that this engagement of large

336

00:18:23,960 --> 00:18:21,570

numbers of people in a coherent

337

00:18:27,470 --> 00:18:23,970

synchronised kind of emotional state

338

00:18:30,050 --> 00:18:27,480

that would gather in and somehow include

339

00:18:32,360 --> 00:18:30,060

our network of random number generators

340

00:18:35,450 --> 00:18:32,370

which we would predict then would show

341

00:18:39,770 --> 00:18:35,460

changes from random and indeed that's

342

00:18:44,920 --> 00:18:39,780

what we found repeatedly over almost 20

343

00:18:50,000 --> 00:18:44,930

years now well ask you one question

344

00:18:53,510 --> 00:18:50,010

relating to 911 since that has just

345

00:18:59,450 --> 00:18:53,520

happened our anniversary of 911 so to

346

00:19:01,430 --> 00:18:59,460

speak to me the day before 9/11 I I had

347

00:19:03,740 --> 00:19:01,440

some indication that something was going

348

00:19:06,350 --> 00:19:03,750

on and one thing that happens to me

349

00:19:08,720 --> 00:19:06,360

personally is before often before

350

00:19:11,540 --> 00:19:08,730

there's a big tragedy everything seems

351

00:19:13,880 --> 00:19:11,550

to be very quiet it's like the there's a

352

00:19:17,180 --> 00:19:13,890

certain level of noise inside my head

353

00:19:20,210 --> 00:19:17,190

that seems to flatten out and go dull

354

00:19:21,830 --> 00:19:20,220

now I'm not claiming anything on this

355

00:19:24,230 --> 00:19:21,840

you know I'm not trying to put myself

356

00:19:28,310 --> 00:19:24,240

out there as claiming something but I

357

00:19:30,560 --> 00:19:28,320

understand that sometimes the the the

358

00:19:35,660 --> 00:19:30,570

random number generators have a

359

00:19:38,410 --> 00:19:35,670

precognitive aspect to it what at what

360

00:19:41,720 --> 00:19:38,420

level do you notice this before a

361

00:19:44,090 --> 00:19:41,730

tragedy and would you put out a

362

00:19:47,060 --> 00:19:44,100

notification if it was if things

363

00:19:49,820 --> 00:19:47,070

suddenly went wazzle let's say you know

364

00:19:53,230 --> 00:19:49,830

really way off the standard deviation

365

00:19:56,840 --> 00:19:53,240

would you would you make a statement

366

00:19:58,910 --> 00:19:56,850

it's a good question and a fair one that

367

00:20:03,440 --> 00:19:58,920

many people have asked especially

368

00:20:07,190 --> 00:20:03,450

inspired by the apparent change in the

369

00:20:09,799 --> 00:20:07,200

data in on 911 some four or five hours

370

00:20:13,209 --> 00:20:09,809

before the first plane hit

371

00:20:18,440 --> 00:20:13,219

we don't have a kind of protocol for

372

00:20:23,089 --> 00:20:18,450

looking at or looking for major changes

373

00:20:27,080 --> 00:20:23,099

before events and so we actually don't

374

00:20:29,719 --> 00:20:27,090

do that if we did look for spikes as

375

00:20:32,539 --> 00:20:29,729

people usually refer to that and we

376

00:20:35,060 --> 00:20:32,549

found one I wouldn't know what to

377

00:20:39,769 --> 00:20:35,070

announce so if you can if you think

378

00:20:41,659 --> 00:20:39,779

about this amazingly complex world we

379

00:20:45,979 --> 00:20:41,669

live in there's you know this eight

380

00:20:49,279 --> 00:20:45,989

million eight billion people and how

381

00:20:52,519 --> 00:20:49,289

many possible events involving their

382

00:20:55,369 --> 00:20:52,529

consciousness every minute of every day

383

00:20:59,209 --> 00:20:55,379

so we really just wouldn't know what a

384

00:21:01,549 --> 00:20:59,219

spike might portend and so we don't try

385

00:21:05,509 --> 00:21:01,559

to make any predictions like that our

386

00:21:08,149 --> 00:21:05,519

work is always you know the analytical

387

00:21:13,219 --> 00:21:08,159

work and attempts to understand what's

388

00:21:15,589 --> 00:21:13,229

going on is always retrospective in the

389

00:21:18,049 --> 00:21:15,599

sense that we make a prediction before

390

00:21:19,969 --> 00:21:18,059

we know anything about the data we make

391

00:21:22,479 --> 00:21:19,979

a prediction that because of this event

392

00:21:25,549 --> 00:21:22,489

that causes a kind of synchronous

393

00:21:28,310 --> 00:21:25,559

coherent consciousness we think the data

394

00:21:33,320 --> 00:21:28,320

will change and then we after having

395

00:21:35,659 --> 00:21:33,330

stable made a stable identifiable

396

00:21:37,639 --> 00:21:35,669

predictions specifying the beginning

397

00:21:40,940 --> 00:21:37,649

time and the ending time and what we're

398

00:21:43,249 --> 00:21:40,950

going to do for analysis only then do we

399

00:21:46,729 --> 00:21:43,259

look at the data and only that way can

400

00:21:51,049 --> 00:21:46,739

we actually get interpretable statistics

401
00:21:53,859 --> 00:21:51,059
it's a it's a thought that occurs to

402
00:21:57,859 --> 00:21:53,869
lots of people and I wish we could

403
00:22:02,680 --> 00:21:57,869
identify what you know identify a spike

404
00:22:05,389 --> 00:22:02,690
and and warn people or possibly we'd

405
00:22:06,499 --> 00:22:05,399
just not make an announcement that

406
00:22:09,229 --> 00:22:06,509
there's going to be a great celebration

407
00:22:13,219 --> 00:22:09,239
pretty soon and that will change the

408
00:22:16,759 --> 00:22:13,229
data or has already changed the data so

409
00:22:18,589 --> 00:22:16,769
I'm sorry we we can't do that it just

410
00:22:22,399 --> 00:22:18,599
isn't in the nature of the technology

411
00:22:23,600 --> 00:22:22,409
even though it may have some kind of

412
00:22:27,770 --> 00:22:23,610
response to you

413
00:22:29,750 --> 00:22:27,780

before the event happens well and then -

414

00:22:31,640 --> 00:22:29,760

I mean even let's say if you could that

415

00:22:35,150 --> 00:22:31,650

would be quite a responsibility you

416

00:22:37,010 --> 00:22:35,160

would have to uh you know possibly put

417

00:22:43,310 --> 00:22:37,020

people in a panic and cause a lot of

418

00:22:44,690 --> 00:22:43,320

problems that way - I think if I didn't

419

00:22:50,240 --> 00:22:44,700

even know what it was they were supposed

420

00:22:52,940 --> 00:22:50,250

to or where no I I certainly agree with

421

00:22:57,800 --> 00:22:52,950

that that it would be irresponsible to

422

00:23:01,420 --> 00:22:57,810

put out a panic call I just after 9/11

423

00:23:04,640 --> 00:23:01,430

when the word got out that we did have

424

00:23:06,830 --> 00:23:04,650

really clear change in the data before

425

00:23:08,660 --> 00:23:06,840

the event quite a number of

426

00:23:14,390 --> 00:23:08,670

entrepreneurs immediately started

427

00:23:16,520 --> 00:23:14,400

inventing terrorism detectors okay I did

428

00:23:21,080 --> 00:23:16,530

the best I could to disabuse people of

429

00:23:23,360 --> 00:23:21,090

the motion I would say that you do what

430

00:23:26,690 --> 00:23:23,370

used to be called pure science and one

431

00:23:28,820 --> 00:23:26,700

of the downfalls if anything of that is

432

00:23:33,020 --> 00:23:28,830

that you hardly ever made any money at

433

00:23:35,030 --> 00:23:33,030

it and but it's interesting that as soon

434

00:23:36,560 --> 00:23:35,040

as people think that they can use it

435

00:23:39,980 --> 00:23:36,570

suddenly there's a lot of interest in

436

00:23:42,590 --> 00:23:39,990

developing that field but well you know

437

00:23:45,830 --> 00:23:42,600

there there are very definite uses for

438

00:23:47,240 --> 00:23:45,840

it yes and not not that they would

439

00:23:49,910 --> 00:23:47,250
necessarily lead to making a lot of

440

00:23:51,560 --> 00:23:49,920
money but the fact that we are

441

00:23:54,020 --> 00:23:51,570
interconnected which i think is

442

00:23:58,580 --> 00:23:54,030
demonstrated without question and this

443

00:24:01,120 --> 00:23:58,590
is not just my work but other related

444

00:24:03,140 --> 00:24:01,130
and similar kinds of work we are

445

00:24:04,700 --> 00:24:03,150
connected in ways that we don't

446

00:24:06,770 --> 00:24:04,710
understand in fact we don't even

447

00:24:09,500 --> 00:24:06,780
perceive them for the most part some

448

00:24:13,600 --> 00:24:09,510
sensitive people realize that we're all

449

00:24:18,950 --> 00:24:13,610
you know there's a kind of deep lying

450

00:24:22,700 --> 00:24:18,960
subconscious or unconscious strand of

451
00:24:26,960 --> 00:24:22,710
connection that binds us all together we

452
00:24:29,240 --> 00:24:26,970
don't if we I'm personally convinced and

453
00:24:31,250 --> 00:24:29,250
this is what I do when I'm giving talks

454
00:24:35,660 --> 00:24:31,260
and various places around the world I

455
00:24:37,430 --> 00:24:35,670
try to persuade people to look at the

456
00:24:42,080 --> 00:24:37,440
data

457
00:24:43,790 --> 00:24:42,090
possibility that there is something

458
00:24:47,330 --> 00:24:43,800
about ourselves that we don't really

459
00:24:49,640 --> 00:24:47,340
know very much about think deeply about

460
00:24:51,890 --> 00:24:49,650
the implications though which are along

461
00:24:53,930 --> 00:24:51,900
the lines that the same things the wise

462
00:24:57,710 --> 00:24:53,940
ones in every culture have always said

463
00:25:00,560 --> 00:24:57,720

we are one we are it's an illusion we're

464

00:25:04,250 --> 00:25:00,570

separated and that we you know that this

465

00:25:07,700 --> 00:25:04,260

the idea that we should you know live as

466

00:25:11,240 --> 00:25:07,710

if we were isolated beings you know all

467

00:25:13,430 --> 00:25:11,250

of that leads to a kind of application

468

00:25:15,080 --> 00:25:13,440

we need to grow up a new way we need to

469

00:25:17,750 --> 00:25:15,090

do it rather quickly on this planet

470

00:25:21,500 --> 00:25:17,760

because we're destructive because of our

471

00:25:25,070 --> 00:25:21,510

immense creativity and capability and

472

00:25:27,560 --> 00:25:25,080

are up to this point fairly lacking

473

00:25:32,720 --> 00:25:27,570

social comprehension

474

00:25:36,050 --> 00:25:32,730

so we where our powers are being

475

00:25:39,230 --> 00:25:36,060

misapplied and they could it could be an

476

00:25:42,650 --> 00:25:39,240

easy switch to make no people can become

477

00:25:44,510 --> 00:25:42,660

extremely rich and powerful by doing

478

00:25:47,180 --> 00:25:44,520

good things and constructive things

479

00:25:51,320 --> 00:25:47,190

don't have we don't have to knock it all

480

00:25:54,040 --> 00:25:51,330

down so rant over but I think in other

481

00:25:58,730 --> 00:25:54,050

words there is very important practical

482

00:26:01,040 --> 00:25:58,740

value but a lot of people that haven't

483

00:26:03,320 --> 00:26:01,050

even studied it scientifically just sort

484

00:26:05,210 --> 00:26:03,330

of come by it by second nature I mean

485

00:26:07,870 --> 00:26:05,220

you have all the propaganda specialist

486

00:26:10,580 --> 00:26:07,880

of world war two yeah Madison Avenue

487

00:26:15,110 --> 00:26:10,590

sports people certainly recognize home

488

00:26:17,750 --> 00:26:15,120

team advantage so you know at the which

489

00:26:20,630 --> 00:26:17,760

what you're proving has already been

490

00:26:23,750 --> 00:26:20,640

recognized done scientifically by people

491

00:26:27,860 --> 00:26:23,760

and as you point out usually not for

492

00:26:30,050 --> 00:26:27,870

good things the people that try to do it

493

00:26:34,460 --> 00:26:30,060

for good like the various religions of

494

00:26:36,710 --> 00:26:34,470

the world tend to get I I think usurped

495

00:26:40,220 --> 00:26:36,720

by people who then turn the religion

496

00:26:43,100 --> 00:26:40,230

into political motivation so it is a I

497

00:26:45,860 --> 00:26:43,110

don't understand what this this whole

498

00:26:50,840 --> 00:26:45,870

path to destruction is about

499

00:26:55,060 --> 00:26:50,850

well is mostly greed I would just like

500

00:26:59,180 --> 00:26:55,070

to ask about a little bit about the

501
00:27:01,430 --> 00:26:59,190
comparison to animals because we're all

502
00:27:04,460 --> 00:27:01,440
animal lovers on this side and I think

503
00:27:08,240 --> 00:27:04,470
that that you and your lovely wife also

504
00:27:11,960 --> 00:27:08,250
enjoy animal companionship and a lot of

505
00:27:17,090 --> 00:27:11,970
herd animals and birds and so forth seem

506
00:27:20,360 --> 00:27:17,100
to have some kind of install it instinct

507
00:27:24,019 --> 00:27:20,370
but it is an ESP of sorts going on

508
00:27:25,820 --> 00:27:24,029
between them right yeah that that seems

509
00:27:28,909 --> 00:27:25,830
to guide the flocks of birds or

510
00:27:33,430 --> 00:27:28,919
certainly insects and some herd animals

511
00:27:37,820 --> 00:27:33,440
to behave as they do so is the

512
00:27:40,070 --> 00:27:37,830
application of the GCP global

513
00:27:45,049 --> 00:27:40,080

consciousness project does that seek to

514

00:27:51,850 --> 00:27:45,059

in any way see you know bolster that

515

00:27:57,380 --> 00:27:54,740

hey I think you know I got a little bit

516

00:28:00,919 --> 00:27:57,390

distracted because I saw this I think it

517

00:28:06,289 --> 00:28:00,929

was just a local aphoristic kind of

518

00:28:17,450 --> 00:28:06,299

quote says dogs don't have egos that's

519

00:28:20,149 --> 00:28:17,460

not true dogs have egos but I thought

520

00:28:23,269 --> 00:28:20,159

the I took the meaning of it being

521

00:28:30,740 --> 00:28:23,279

something like they therefore can kind

522

00:28:32,240 --> 00:28:30,750

of like accept what's going on dogs

523

00:28:34,340 --> 00:28:32,250

definitely have a sense of self because

524

00:28:36,649 --> 00:28:34,350

if you have ten dogs and you call out

525

00:28:38,120 --> 00:28:36,659

Jobrani come here that brownie goes

526

00:28:39,620 --> 00:28:38,130

there the other night look at you and go

527

00:28:41,919 --> 00:28:39,630

now we're not brownie we're not coming

528

00:28:44,389 --> 00:28:41,929

over there so they have a sense of that

529

00:28:46,789 --> 00:28:44,399

sense of self is not the same thing as

530

00:28:50,419 --> 00:28:46,799

an ego oh you think oh that I think is

531

00:28:53,340 --> 00:28:50,429

referred to there is one where it's all

532

00:28:56,139 --> 00:28:53,350

me I have mine first

533

00:29:02,389 --> 00:28:56,149

[Music]

534

00:29:06,560 --> 00:29:02,399

you haven't owned [h__h] no I think they

535

00:29:09,590 --> 00:29:06,570

do to some extent I can't start those

536

00:29:12,169 --> 00:29:09,600

cats do they have an idea of like which

537

00:29:15,799 --> 00:29:12,179

I'd like the order of who's in charge

538

00:29:17,930 --> 00:29:15,809

dogs you know I think that some I think

539

00:29:20,389 --> 00:29:17,940

listening to Eckhart Tolle

540

00:29:22,399 --> 00:29:20,399

on the subject of dogs is rather

541

00:29:25,789 --> 00:29:22,409

interesting because he does speak about

542

00:29:29,000 --> 00:29:25,799

how some dogs get kind of very

543

00:29:31,760 --> 00:29:29,010

domesticated and they get to I have a

544

00:29:36,980 --> 00:29:31,770

friend who's got a miniature Doberman

545

00:29:39,560 --> 00:29:36,990

pincer and this dog baby bee she likes

546

00:29:41,720 --> 00:29:39,570

to get dressed up she likes her clothes

547

00:29:44,299 --> 00:29:41,730

yeah I mean it's just really bizarre but

548

00:29:46,970 --> 00:29:44,309

in something in a sense I mean and she's

549

00:29:50,510 --> 00:29:46,980

adorable and my friend is great however

550

00:29:52,789 --> 00:29:50,520

but it's something that humans like do

551

00:29:56,120 --> 00:29:52,799

to dogs I would say I don't think in the

552

00:30:10,480 --> 00:29:56,130

wild the baby bee would be wearing you

553

00:30:18,169 --> 00:30:13,639

tangent but I brought up I would

554

00:30:28,460 --> 00:30:18,179

suggested that our ego is given over

555

00:30:32,840 --> 00:30:28,470

into the dog I mean maybe be wouldn't be

556

00:30:35,210 --> 00:30:32,850

wearing her Halloween costume in any

557

00:30:38,480 --> 00:30:35,220

case I've as a shout out to you Louise

558

00:30:40,580 --> 00:30:38,490

just in case you're listening in on that

559

00:30:43,909 --> 00:30:40,590

we did mention your favorite baby bee

560

00:30:46,580 --> 00:30:43,919

but back to the primate back back to the

561

00:30:49,340 --> 00:30:46,590

back to our our stuff here I wanted to

562

00:30:52,370 --> 00:30:49,350

talk a little bit about something that

563

00:30:57,580 --> 00:30:52,380

I've noticed and it may have a

564

00:31:02,240 --> 00:30:57,590

relationship to the effect that you see

565

00:31:04,610 --> 00:31:02,250

with the random event generators now um

566

00:31:07,820 --> 00:31:04,620

I studied quite a bit of remote viewing

567

00:31:13,730 --> 00:31:07,830

for better or worse I found it helped my

568

00:31:15,680 --> 00:31:13,740

my sigh aspects to grow and even though

569

00:31:17,630 --> 00:31:15,690

because it requires a couple of people

570

00:31:19,910 --> 00:31:17,640

to do it I don't do it on an everyday

571

00:31:23,690 --> 00:31:19,920

basis I enjoy going to those type of

572

00:31:25,340 --> 00:31:23,700

classes now one thing over the course of

573

00:31:27,560 --> 00:31:25,350

time and I've met a whole bunch of

574

00:31:31,280 --> 00:31:27,570

different former government remote

575

00:31:33,740 --> 00:31:31,290

viewers and it's something that they

576

00:31:35,840 --> 00:31:33,750

disagree on entirely because I kind of

577

00:31:40,490 --> 00:31:35,850

take them by surprise sometimes and I

578

00:31:43,430 --> 00:31:40,500

said hey how about remote influencing

579

00:31:46,100 --> 00:31:43,440

and you know Stephen Prouty and you know

580

00:31:50,660 --> 00:31:46,110

he has studied remote influencing how do

581

00:31:52,820 --> 00:31:50,670

you think that that whole idea relates

582

00:31:55,940 --> 00:31:52,830

to what you're doing first of all and

583

00:31:58,640 --> 00:31:55,950

secondly my I found it interesting that

584

00:32:00,560 --> 00:31:58,650

different remote viewers who know each

585

00:32:03,980 --> 00:32:00,570

other lots of them

586

00:32:06,350 --> 00:32:03,990

I get very different answers oh no we

587

00:32:09,730 --> 00:32:06,360

would never do remote influencing no no

588

00:32:12,860 --> 00:32:09,740

the government would never do that no -

589

00:32:14,930 --> 00:32:12,870

well I don't know I didn't do it I don't

590

00:32:17,450 --> 00:32:14,940

know what the government might do I have

591

00:32:21,710 --> 00:32:17,460

no idea what they might have in mind -

592

00:32:23,810 --> 00:32:21,720

oh yeah we did that I think they call it

593

00:32:25,970 --> 00:32:23,820

propaganda well I can't speak for the

594

00:32:28,910 --> 00:32:25,980

government no I know but I can speak to

595

00:32:32,750 --> 00:32:28,920

the science and yes please what we're

596

00:32:35,180 --> 00:32:32,760

talking about with this random event

597

00:32:37,340 --> 00:32:35,190

number random number generator random

598

00:32:41,750 --> 00:32:37,350

the Ben generator research and any other

599

00:32:44,270 --> 00:32:41,760

kind of so-called PK is some kind of

600

00:32:46,640 --> 00:32:44,280

remote influence I mean what that

601
00:32:48,770 --> 00:32:46,650
literally means is I'm not touching it

602
00:32:51,080 --> 00:32:48,780
I'm not pushing it with a stick it's

603
00:32:52,910 --> 00:32:51,090
changing because I think about it and

604
00:32:56,150 --> 00:32:52,920
then because of some kind of mental

605
00:32:59,270 --> 00:32:56,160
field at least that's the interpretation

606
00:33:02,150 --> 00:32:59,280
that I personally like and there are

607
00:33:03,770 --> 00:33:02,160
other ones other you know different

608
00:33:07,370 --> 00:33:03,780
theories about how these kind of thing

609
00:33:11,410 --> 00:33:07,380
kinds of things work but they were but

610
00:33:14,150 --> 00:33:11,420
the global consciousness network has

611
00:33:15,470 --> 00:33:14,160
devices they're spread around the world

612
00:33:17,480 --> 00:33:15,480
as I mentioned before and they're

613
00:33:21,560 --> 00:33:17,490

separated by thousands and thousands of

614

00:33:24,560 --> 00:33:21,570

kilometers or miles and they become

615

00:33:28,070 --> 00:33:24,570

correlate appearing a an event where

616

00:33:31,070 --> 00:33:28,080

which is defined by it being powerfully

617

00:33:34,280 --> 00:33:31,080

engaging from large numbers millions of

618

00:33:37,760 --> 00:33:34,290

people and so what's going on there is

619

00:33:39,710 --> 00:33:37,770

that this engagement this consciousness

620

00:33:42,670 --> 00:33:39,720

state on the part of a large number of

621

00:33:45,650 --> 00:33:42,680

people is present in the world and now

622

00:33:47,960 --> 00:33:45,660

remote that remote locations remote from

623

00:33:49,940 --> 00:33:47,970

each other remote from whatever might be

624

00:33:53,570 --> 00:33:49,950

causing the event in the first place

625

00:33:55,820 --> 00:33:53,580

well that by thousands of kilometers

626
00:33:58,760 --> 00:33:55,830
something happens some connection is

627
00:34:03,190 --> 00:33:58,770
made so we're talking about remote

628
00:34:05,480 --> 00:34:03,200
influencing there is actually a very

629
00:34:10,160 --> 00:34:05,490
literature of attempting remote

630
00:34:12,380 --> 00:34:10,170
influencing on other organic beings or

631
00:34:16,330 --> 00:34:12,390
other humans is that literature is

632
00:34:20,360 --> 00:34:16,340
pretty small but it exists and it's a

633
00:34:23,600 --> 00:34:20,370
very persuasive to the possibility in

634
00:34:25,940 --> 00:34:23,610
other words it may be they the people in

635
00:34:28,160 --> 00:34:25,950
the government remote viewing programs

636
00:34:36,140 --> 00:34:28,170
don't do it but that doesn't mean they

637
00:34:38,330 --> 00:34:36,150
could not do it the research answer for

638
00:34:39,920 --> 00:34:38,340

that and of course you can't speak the

639

00:34:42,170 --> 00:34:39,930

government but I thought that the

640

00:34:44,060 --> 00:34:42,180

various answers that I got from the

641

00:34:48,140 --> 00:34:44,070

various different people was rather

642

00:34:52,250 --> 00:34:48,150

amusing and I was wondering to go

643

00:34:53,930 --> 00:34:52,260

further with the animal stuff if you had

644

00:34:58,640 --> 00:34:53,940

said I had asked you privately if you

645

00:35:00,410 --> 00:34:58,650

ever tested any effects that the animals

646

00:35:04,250 --> 00:35:00,420

might have if you brought it to a

647

00:35:07,520 --> 00:35:04,260

situation like a dog run or an abattoir

648

00:35:09,530 --> 00:35:07,530

on the other end of the spectrum at what

649

00:35:12,560 --> 00:35:09,540

you know how dogs they get all excited

650

00:35:14,270 --> 00:35:12,570

and happy when they go to a multiple dog

651
00:35:16,940 --> 00:35:14,280
run and they meet their friends and all

652
00:35:19,220 --> 00:35:16,950
that kind of thing versus some place

653
00:35:22,670 --> 00:35:19,230
where animals were being killed and I

654
00:35:25,040 --> 00:35:22,680
don't like to get into the the kind of

655
00:35:27,350 --> 00:35:25,050
morbid idea but I just wondered if if

656
00:35:29,540 --> 00:35:27,360
the animals themselves what you think

657
00:35:32,260 --> 00:35:29,550
about that idea would they have an

658
00:35:34,670 --> 00:35:32,270
effect on the random number generator I

659
00:35:35,589 --> 00:35:34,680
don't know any reason why not I think

660
00:35:37,940 --> 00:35:35,599
there

661
00:35:43,040 --> 00:35:37,950
interconnected in the same way we are

662
00:35:47,570 --> 00:35:43,050
they may not you know be component parts

663
00:35:51,170 --> 00:35:47,580

in a aware thoughtful we're self

664

00:35:53,960 --> 00:35:51,180

reflective kind of consciousness which I

665

00:35:58,130 --> 00:35:53,970

imagine that we could in principle have

666

00:35:59,450 --> 00:35:58,140

become be as human beings but frankly I

667

00:36:05,480 --> 00:35:59,460

think there isn't a whole lot of

668

00:36:07,430 --> 00:36:05,490

separation from humans to animals in any

669

00:36:10,220 --> 00:36:07,440

part of the spectrum or even to plants

670

00:36:12,050 --> 00:36:10,230

and when you if you press me I'll even

671

00:36:14,660 --> 00:36:12,060

say why not rocks

672

00:36:18,170 --> 00:36:14,670

I think consciousness is all pervasive

673

00:36:22,220 --> 00:36:18,180

and that we are you know kind of missing

674

00:36:24,920 --> 00:36:22,230

the boat if we if we don't acknowledge

675

00:36:27,800 --> 00:36:24,930

that I think we probably Altima will

676
00:36:30,020 --> 00:36:27,810
understand and I don't mean any time in

677
00:36:35,030 --> 00:36:30,030
the next your decades it's more like

678
00:36:38,510 --> 00:36:35,040
centuries or if we ever become civilized

679
00:36:41,030 --> 00:36:38,520
it could happen fast but we will

680
00:36:44,060 --> 00:36:41,040
eventually understand that the universe

681
00:36:47,450 --> 00:36:44,070
is conscious that it's there is

682
00:36:50,630 --> 00:36:47,460
consciousness Oh everywhere and probably

683
00:36:53,720 --> 00:36:50,640
it is the source of everything in the

684
00:36:56,859 --> 00:36:53,730
universe of course it's not the same

685
00:37:00,730 --> 00:36:56,869
kind of consciousness as you and I are

686
00:37:03,650 --> 00:37:00,740
you know self perceiving we're it's a

687
00:37:10,630 --> 00:37:03,660
it's a it's a different order it's a

688
00:37:18,700 --> 00:37:14,570

I agree largely agree I would take that

689

00:37:22,430 --> 00:37:18,710

one step forward Roger and ask you about

690

00:37:26,210 --> 00:37:22,440

the idea that I think about almost every

691

00:37:29,770 --> 00:37:26,220

day I'm that crazy that I think every

692

00:37:32,800 --> 00:37:29,780

day about the small amount of the

693

00:37:36,579 --> 00:37:32,810

electromagnetic spectrum which we as

694

00:37:40,970 --> 00:37:36,589

humans with our eyes and ears etc

695

00:37:44,359 --> 00:37:40,980

actually see or hear the the percentage

696

00:37:46,849 --> 00:37:44,369

that we are able to to grasp with our

697

00:37:48,710 --> 00:37:46,859

senses is like one percent less than one

698

00:37:49,160 --> 00:37:48,720

percent I mean I don't know the current

699

00:37:53,180 --> 00:37:49,170

number

700

00:37:56,359 --> 00:37:53,190

on that so my question to you would be

701

00:37:58,579 --> 00:37:56,369

have you found places it's a dual

702

00:38:01,190 --> 00:37:58,589

question have you found places on the

703

00:38:03,470 --> 00:38:01,200

surface of the earth where random number

704

00:38:04,609 --> 00:38:03,480

generators are placed for your global

705

00:38:08,660 --> 00:38:04,619

consciousness project

706

00:38:14,030 --> 00:38:08,670

have you found places where there's an

707

00:38:18,319 --> 00:38:14,040

anomalous readings for that is specific

708

00:38:20,299 --> 00:38:18,329

to the place no I haven't although

709

00:38:23,329 --> 00:38:20,309

there's something very closely related

710

00:38:25,010 --> 00:38:23,339

to that and it is what I think of a

711

00:38:26,690 --> 00:38:25,020

sacred place is that's probably about

712

00:38:33,760 --> 00:38:26,700

what you have in mind as well

713

00:38:36,680 --> 00:38:33,770

those places are perceived by us I think

714

00:38:38,240 --> 00:38:36,690

it isn't clear to me in fact I tried to

715

00:38:41,859 --> 00:38:38,250

figure this out when I went to Egypt

716

00:38:45,079 --> 00:38:41,869

with a bunch of seekers and a random

717

00:38:46,789 --> 00:38:45,089

number generator amazing experiences

718

00:38:51,020 --> 00:38:46,799

there when the questions I had in mind

719

00:38:53,180 --> 00:38:51,030

was about sacred places are they there

720

00:38:55,970 --> 00:38:53,190

and we discover them or do we create

721

00:38:59,690 --> 00:38:55,980

them by bringing our consciousness and

722

00:39:00,950 --> 00:38:59,700

our spiritual being into those places so

723

00:39:04,370 --> 00:39:00,960

that's not a question that you can

724

00:39:07,520 --> 00:39:04,380

actually answer and ultimately I think

725

00:39:13,940 --> 00:39:07,530

it's instead the description of where we

726

00:39:16,940 --> 00:39:13,950

are so but to answer your question in a

727

00:39:20,690 --> 00:39:16,950

way what I found I have found in my

728

00:39:22,520 --> 00:39:20,700

research is is that the consciousness is

729

00:39:24,650 --> 00:39:22,530

what it's really about and the

730

00:39:27,349 --> 00:39:24,660

consciousness it becomes a little

731

00:39:28,880 --> 00:39:27,359

different for either of that you know no

732

00:39:31,520 --> 00:39:28,890

matter from which direction you approach

733

00:39:35,470 --> 00:39:31,530

it consciousness is different in a

734

00:39:37,789 --> 00:39:35,480

sacred space or a sacred place and that

735

00:39:40,400 --> 00:39:37,799

difference is the kind of thing which

736

00:39:44,690 --> 00:39:40,410

shows up in the data from our random

737

00:39:48,710 --> 00:39:44,700

number generators you know I I think

738

00:39:50,420 --> 00:39:48,720

that's it's something that no nobody has

739

00:39:54,650 --> 00:39:50,430

written much about but which I'm

740

00:39:58,430 --> 00:39:54,660

personally convinced is quite and not

741

00:40:01,970 --> 00:39:58,440

only true but rather important so well

742

00:40:02,809 --> 00:40:01,980

but to further address the real question

743

00:40:05,929 --> 00:40:02,819

you're asking

744

00:40:07,939 --> 00:40:05,939

the sacred place affects us and we in

745

00:40:10,189 --> 00:40:07,949

turn because of the consciousness

746

00:40:12,049 --> 00:40:10,199

connection affect the random number

747

00:40:14,929 --> 00:40:12,059

generator so it isn't the sacred space

748

00:40:20,650 --> 00:40:14,939

itself that does anything for the random

749

00:40:27,469 --> 00:40:20,660

numbers it's it's us I'm reminded of

750

00:40:29,299 --> 00:40:27,479

what's called local sidereal time on the

751

00:40:31,999 --> 00:40:29,309

performance in remote viewing

752

00:40:35,239 --> 00:40:32,009

experiments and it's not a hundred

753

00:40:38,449 --> 00:40:35,249

percent clear that this has been

754

00:40:41,439 --> 00:40:38,459

sufficiently replicated but is probably

755

00:40:47,599 --> 00:40:41,449

it's really good data to begin with

756

00:40:52,459 --> 00:40:47,609

people become more effective in whatever

757

00:40:56,630 --> 00:40:52,469

the side task is at a certain time in

758

00:40:58,209 --> 00:40:56,640

the local sidereal day namely something

759

00:41:02,299 --> 00:40:58,219

like 1300 hours

760

00:41:07,909 --> 00:41:02,309

whereas they become weakest at their

761

00:41:10,729 --> 00:41:07,919

task in the local sidereal night and

762

00:41:15,099 --> 00:41:10,739

again in a similar kind of thing that

763

00:41:18,319 --> 00:41:15,109

cosmic fluctuations things like

764

00:41:21,859 --> 00:41:18,329

electromagnetic geomagnetic fluctuation

765

00:41:26,319 --> 00:41:21,869

also affects people such that they do

766

00:41:31,069 --> 00:41:26,329

better at their side tasks and when the

767

00:41:33,289 --> 00:41:31,079

geomagnetic weather is called so the

768

00:41:35,959 --> 00:41:33,299

geomagnetic weather doesn't affect the

769

00:41:40,189 --> 00:41:35,969

random number generator FEX the person

770

00:41:43,329 --> 00:41:40,199

in that interim shows up in a different

771

00:41:47,089 --> 00:41:43,339

performance with the in the experiment

772

00:41:49,279 --> 00:41:47,099

yes I believe Stephen Schwartz did a lot

773

00:41:51,589 --> 00:41:49,289

of work with the psy.d real-time am I

774

00:41:53,989 --> 00:41:51,599

right about that it's actually James

775

00:41:57,140 --> 00:41:53,999

Spottiswoode has done most of that James

776
00:41:59,299 --> 00:41:57,150
modest would yeah but you know just to

777
00:42:01,609 --> 00:41:59,309
interject here I know a lot of people

778
00:42:03,499 --> 00:42:01,619
that listen to this podcast are

779
00:42:05,749 --> 00:42:03,509
interested in the subject would love to

780
00:42:08,599 --> 00:42:05,759
become part of your experiment is there

781
00:42:12,349 --> 00:42:08,609
some way that they can set up a random

782
00:42:16,550 --> 00:42:12,359
generator and sort of connect with you

783
00:42:19,940 --> 00:42:16,560
very through various software well it's

784
00:42:22,610 --> 00:42:19,950
I'm actually not adding to the network

785
00:42:28,120 --> 00:42:22,620
in that case it's kind of winding down

786
00:42:31,040 --> 00:42:28,130
but a couple of things one the database

787
00:42:34,010 --> 00:42:31,050
is always publicly available so if

788
00:42:38,120 --> 00:42:34,020

anybody wants to you know learn more

789

00:42:41,030 --> 00:42:38,130

about it or stir that pot it's using you

790

00:42:43,730 --> 00:42:41,040

know cleaning protocols and statistical

791

00:42:46,570 --> 00:42:43,740

analysis and what that's that's one way

792

00:42:48,980 --> 00:42:46,580

to participate and I'm always happy when

793

00:42:50,990 --> 00:42:48,990

excuse me when somebody does that and

794

00:42:53,390 --> 00:42:51,000

sends me their results they will have

795

00:42:54,770 --> 00:42:53,400

asked a question I didn't ask and it's

796

00:42:56,720 --> 00:42:54,780

it's nice

797

00:43:02,000 --> 00:42:56,730

well then there's another thing there's

798

00:43:04,730 --> 00:43:02,010

a an app which is not yet available but

799

00:43:07,010 --> 00:43:04,740

will be I hopeful always hopefully

800

00:43:11,110 --> 00:43:07,020

within a few months it's called the

801
00:43:13,220 --> 00:43:11,120
consciousness app and it will have the

802
00:43:15,710 --> 00:43:13,230
capability of people doing their own

803
00:43:17,150 --> 00:43:15,720
personal experiments with a random

804
00:43:21,950 --> 00:43:17,160
number generator that's actually

805
00:43:23,870 --> 00:43:21,960
hardware and probably pretty good and do

806
00:43:31,100 --> 00:43:23,880
you mind if I just think quickly tell

807
00:43:35,750 --> 00:43:31,110
people that's good so this consciousness

808
00:43:38,420 --> 00:43:35,760
app will be out how does somebody get

809
00:43:42,170 --> 00:43:38,430
information about that oh just put

810
00:43:46,550 --> 00:43:42,180
consciousness app in Google okay I hope

811
00:43:51,650 --> 00:43:46,560
you can look up atom curry adam2 you are

812
00:43:55,130 --> 00:43:51,660
why he's the the spearhead mm-hmm in the

813
00:43:56,960 --> 00:43:55,140

project then I hope maybe you would let

814

00:43:59,030 --> 00:43:56,970

us know so we could announce it on

815

00:44:01,370 --> 00:43:59,040

shattered reality because you know the

816

00:44:04,130 --> 00:44:01,380

people who do listen to this I I would

817

00:44:08,180 --> 00:44:04,140

suspect that more than 50% would be

818

00:44:12,740 --> 00:44:08,190

interested in that in that app is there

819

00:44:15,110 --> 00:44:12,750

any are there any let's say websites

820

00:44:18,740 --> 00:44:15,120

that you would like to mention while

821

00:44:21,440 --> 00:44:18,750

you're on that you would like to like

822

00:44:23,240 --> 00:44:21,450

say put out there for people right well

823

00:44:25,370 --> 00:44:23,250

they're interested in the global

824

00:44:29,120 --> 00:44:25,380

consciousness project that the simplest

825

00:44:29,900 --> 00:44:29,130

version of the website address is global

826

00:44:33,440 --> 00:44:29,910

-

827

00:44:37,370 --> 00:44:33,450

mind dot org okay

828

00:44:42,529 --> 00:44:37,380

I think the consciousness app might be

829

00:44:47,630 --> 00:44:42,539

consciousness app calm the IC RL website

830

00:44:51,140 --> 00:44:47,640

which brand which Brenda done you know

831

00:44:53,180 --> 00:44:51,150

is responsible for and is another one

832

00:44:55,520 --> 00:44:53,190

that people might want to look up ions

833

00:44:59,870 --> 00:44:55,530

io NS that's Institute of noetic

834

00:45:03,039 --> 00:44:59,880

Sciences is an important place with a

835

00:45:06,730 --> 00:45:03,049

lot of huge amount of consciousness

836

00:45:09,980 --> 00:45:06,740

connection Dean Radin is there and other

837

00:45:11,870 --> 00:45:09,990

scientists he or our listeners might

838

00:45:14,450 --> 00:45:11,880

know oh yes

839

00:45:21,170 --> 00:45:14,460

the global conscious the global

840

00:45:24,410 --> 00:45:21,180

coherence initiative which is in Boulder

841

00:45:32,059 --> 00:45:24,420

Creek as part of heart math Institute

842

00:45:36,980 --> 00:45:32,069

yes a very important place there there

843

00:45:40,000 --> 00:45:36,990

lots of European and a couple of or you

844

00:45:42,769 --> 00:45:40,010

know Eastern like Japanese and Chinese

845

00:45:47,150 --> 00:45:42,779

kinds of places Google is your friend

846

00:45:48,559 --> 00:45:47,160

yeah looking for consciousness or look

847

00:45:51,799 --> 00:45:48,569

for something like global consciousness

848

00:45:55,069 --> 00:45:51,809

the first age or so is old just my

849

00:45:59,359 --> 00:45:55,079

project but mmm it quickly gets into

850

00:46:01,760 --> 00:45:59,369

other work you're such a great guy to

851

00:46:04,099 --> 00:46:01,770

mention all the other places too you

852

00:46:07,839 --> 00:46:04,109

know it shows like a true scientific

853

00:46:12,799 --> 00:46:07,849

interest rather than the kind of

854

00:46:16,519 --> 00:46:12,809

competitive situation I wanted to talk a

855

00:46:20,890 --> 00:46:16,529

little bit about what your son has done

856

00:46:26,380 --> 00:46:20,900

he has called the the network the eg G

857

00:46:31,849 --> 00:46:26,390

much of the egg much like an electro

858

00:46:34,069 --> 00:46:31,859

right yeah that's really cool and EEG

859

00:46:36,680 --> 00:46:34,079

everybody has heard of that it's an

860

00:46:40,490 --> 00:46:36,690

electroencephalogram that it's basically

861

00:46:42,109 --> 00:46:40,500

a monitor for the brain attempting to

862

00:46:44,010 --> 00:46:42,119

capture something of the brain activity

863

00:46:47,970 --> 00:46:44,020

and maybe interpret

864

00:46:51,240 --> 00:46:47,980

as mind or something and then the what

865

00:46:53,490 --> 00:46:51,250

my son said he helped put together with

866

00:46:56,700 --> 00:46:53,500

the original software architecture

867

00:46:58,770 --> 00:46:56,710

together which is I'll be I'm eternally

868

00:47:01,830 --> 00:46:58,780

grateful to him and others who've been

869

00:47:05,730 --> 00:47:01,840

so instrumental in making this thing go

870

00:47:08,280 --> 00:47:05,740

he said you know what you're doing looks

871

00:47:11,100 --> 00:47:08,290

a little bit like an EEG for the world

872

00:47:14,600 --> 00:47:11,110

and you could think of that as an

873

00:47:18,060 --> 00:47:14,610

electoral diagram beautiful beautiful

874

00:47:21,560 --> 00:47:18,070

that would you know the acronym for that

875

00:47:23,550 --> 00:47:21,570

would be e GG and so we call these

876

00:47:26,550 --> 00:47:23,560

random number generators scattered

877

00:47:28,830 --> 00:47:26,560

around the world we call them eggs and

878

00:47:31,590 --> 00:47:28,840

the software that collects the data from

879

00:47:36,930 --> 00:47:31,600

from all these outlying stations is

880

00:47:39,630 --> 00:47:36,940

called the basket very good there are

881

00:47:43,440 --> 00:47:39,640

quite a few other you know a bits and

882

00:47:45,930 --> 00:47:43,450

pieces of the project language that come

883

00:47:48,870 --> 00:47:45,940

from that metaphor and an egg of course

884

00:47:51,420 --> 00:47:48,880

is a in its own right such an

885

00:47:55,170 --> 00:47:51,430

interesting concept a kind of metaphor

886

00:47:59,490 --> 00:47:55,180

for life and the beginning and the

887

00:48:02,040 --> 00:47:59,500

burgeoning and so forth so early on it

888

00:48:03,780 --> 00:48:02,050

was easy for me to think of the egg

889

00:48:09,030 --> 00:48:03,790

project which we called it at the

890

00:48:10,790 --> 00:48:09,040

beginning helping to birth any new thing

891

00:48:15,930 --> 00:48:10,800

which would be a global consciousness

892

00:48:18,930 --> 00:48:15,940

well not today I think it needs any help

893

00:48:21,780 --> 00:48:18,940

it just needs us to get with these

894

00:48:24,420 --> 00:48:21,790

synchronicities are quite amazing in

895

00:48:26,820 --> 00:48:24,430

terms of a Brenda done story about the

896

00:48:29,040 --> 00:48:26,830

pair lab and how it got to be the pair

897

00:48:32,160 --> 00:48:29,050

lab and how she kept seeing pairs

898

00:48:34,200 --> 00:48:32,170

everywhere and she was first to sort of

899

00:48:36,270 --> 00:48:34,210

agree that that was a good name then so

900

00:48:38,370 --> 00:48:36,280

this is this is sort of similar that

901
00:48:42,840 --> 00:48:38,380
there are the synchronicities around it

902
00:48:44,820 --> 00:48:42,850
now I was looking at the site and one

903
00:48:50,180 --> 00:48:44,830
thing I didn't understand how the

904
00:48:53,280 --> 00:48:50,190
mechanism worked was how minh museum

905
00:48:56,060 --> 00:48:53,290
music that is on the site that was sort

906
00:48:57,980 --> 00:48:56,070
of generated by the results of certain

907
00:49:05,780 --> 00:48:57,990
times that you went out

908
00:49:08,810 --> 00:49:05,790
to celebrations or when there was a an

909
00:49:15,670 --> 00:49:08,820
event that that was recorded on the

910
00:49:23,500 --> 00:49:19,580
actually you are touching upon something

911
00:49:26,900 --> 00:49:23,510
that I always from the beginning hoped I

912
00:49:29,210 --> 00:49:26,910
would myself be able to do or somebody

913
00:49:32,090 --> 00:49:29,220

else would find the time and interest

914

00:49:35,870 --> 00:49:32,100

view which is to make music directly

915

00:49:41,530 --> 00:49:35,880

using the incoming numbers from these

916

00:49:47,470 --> 00:49:41,540

random number generators to specify

917

00:49:51,460 --> 00:49:47,480

pitches no durations pause length Tambor

918

00:49:55,609 --> 00:49:51,470

and quality instrumentation and so forth

919

00:49:59,210 --> 00:49:55,619

so if that never happened on the other

920

00:50:03,080 --> 00:49:59,220

hand mmm well actually there there is

921

00:50:06,980 --> 00:50:03,090

some music made like that by by the

922

00:50:09,890 --> 00:50:06,990

other primary programmer contributor

923

00:50:12,590 --> 00:50:09,900

John Walker is a fantastic programmer he

924

00:50:15,800 --> 00:50:12,600

created some music that he says sounds a

925

00:50:20,080 --> 00:50:15,810

little like John Cage which it does it

926
00:50:23,240 --> 00:50:20,090
it's actually and there are some movies

927
00:50:25,700 --> 00:50:23,250
they're deep in the website and hard to

928
00:50:29,570 --> 00:50:25,710
find but if you're really interested I

929
00:50:35,240 --> 00:50:29,580
can send you a link to them so it plays

930
00:50:38,359 --> 00:50:35,250
this John Cage like movie which changes

931
00:50:44,780 --> 00:50:38,369
according to how five-minute blocks of

932
00:50:47,840 --> 00:50:44,790
the of the data are looking a friend a

933
00:50:50,690 --> 00:50:47,850
couple of other people made music some

934
00:50:56,870 --> 00:50:50,700
I'm sort of directly but others just

935
00:51:03,770 --> 00:50:56,880
using the random numbers data to select

936
00:51:06,440 --> 00:51:03,780
from any kind of a thematic cluster of

937
00:51:08,030 --> 00:51:06,450
notes and rhythms and so on and so

938
00:51:10,609 --> 00:51:08,040

that's probably the ones you if you

939

00:51:11,870 --> 00:51:10,619

listen to some there's like there was a

940

00:51:15,170 --> 00:51:11,880

one called souls

941

00:51:17,450 --> 00:51:15,180

on a page called music HTML there's

942

00:51:19,160 --> 00:51:17,460

links to various kinds of things well in

943

00:51:22,430 --> 00:51:19,170

fact that I'm pretty sure there's a link

944

00:51:25,940 --> 00:51:22,440

to one of those John Walker John Cage

945

00:51:28,460 --> 00:51:25,950

movies they're okay great length

946

00:51:31,550 --> 00:51:28,470

we never know nobody ever actually did

947

00:51:34,250 --> 00:51:31,560

what I'm hoping might be done the the

948

00:51:39,310 --> 00:51:34,260

vision which is kind of an auditory

949

00:51:49,280 --> 00:51:39,320

hallucination still is a kind of

950

00:51:53,800 --> 00:51:49,290

slightly unharmonious and occasionally

951
00:51:58,220 --> 00:51:53,810
becomes beautifully harmonic as if the

952
00:52:02,990 --> 00:51:58,230
universe the chorus of the entire

953
00:52:08,660 --> 00:52:03,000
universe suddenly starts singing

954
00:52:12,440 --> 00:52:08,670
beautifully that is reminiscent of what

955
00:52:19,520 --> 00:52:12,450
the some of the astronauts had said when

956
00:52:21,200 --> 00:52:19,530
the original when when the spaceship for

957
00:52:25,900 --> 00:52:21,210
lack of a better word for the moment

958
00:52:29,360 --> 00:52:25,910
goes behind the moon and they lose

959
00:52:33,770 --> 00:52:29,370
contact with the earth they have said

960
00:52:36,470 --> 00:52:33,780
that they hear this lovely music the

961
00:52:39,950 --> 00:52:36,480
sort of a music of the spheres if you

962
00:52:43,070 --> 00:52:39,960
will now I have I I don't know the

963
00:52:45,470 --> 00:52:43,080

veracity of that you know I've only only

964

00:52:47,330 --> 00:52:45,480

ever met two astronauts and I didn't get

965

00:52:52,070 --> 00:52:47,340

to ask them that question one was Ed

966

00:52:53,960 --> 00:52:52,080

Mitchell but I wondered that sort of

967

00:52:56,240 --> 00:52:53,970

sounds like the harmonies that they

968

00:52:58,010 --> 00:52:56,250

might have heard when they go behind the

969

00:53:02,630 --> 00:52:58,020

moon which I always found so fascinating

970

00:53:09,790 --> 00:53:02,640

and such a fascinating to what they what

971

00:53:13,460 --> 00:53:09,800

has been done in that context is to take

972

00:53:16,940 --> 00:53:13,470

Astrophysical data change it to sound

973

00:53:22,280 --> 00:53:16,950

wave frequencies and play that excuse me

974

00:53:25,190 --> 00:53:22,290

I'm sorry but you remind me that the

975

00:53:25,640 --> 00:53:25,200

name that I gave this music that never

976
00:53:30,609 --> 00:53:25,650
happened

977
00:53:35,839 --> 00:53:30,619
was the music of the noosphere oh right

978
00:53:38,569 --> 00:53:35,849
right one of these days um before we

979
00:53:43,010 --> 00:53:38,579
before we say goodbye I guess

980
00:53:45,349 --> 00:53:43,020
that there are two things that I wanted

981
00:53:48,260 --> 00:53:45,359
to mention and maybe Kate has something

982
00:53:50,120 --> 00:53:48,270
else yeah I'm pretty good right no well

983
00:53:54,769 --> 00:53:50,130
we did have this one question from the

984
00:53:58,010 --> 00:53:54,779
gentleman who I had to to make clear

985
00:54:00,680 --> 00:53:58,020
that you were not using previous

986
00:54:02,630 --> 00:54:00,690
radiation the radioactive decay and that

987
00:54:05,690 --> 00:54:02,640
you were using this other electronic

988
00:54:07,430 --> 00:54:05,700

tunneling but he had put out the this

989

00:54:09,740 --> 00:54:07,440

question and I think you've answered it

990

00:54:13,069 --> 00:54:09,750

too a bit but maybe you want to speak

991

00:54:16,400 --> 00:54:13,079

directly to him on this he says so what

992

00:54:19,069 --> 00:54:16,410

do we do with this information at this

993

00:54:22,670 --> 00:54:19,079

point I have no idea there's been over

994

00:54:25,370 --> 00:54:22,680

28 years of study and pair accumulated

995

00:54:28,970 --> 00:54:25,380

billions of bits of data from the regs

996

00:54:30,680 --> 00:54:28,980

and many types of many types and what do

997

00:54:34,269 --> 00:54:30,690

we do

998

00:54:37,430 --> 00:54:34,279

and and he says here and I'm quoting him

999

00:54:39,769 --> 00:54:37,440

however maybe the next time the customer

1000

00:54:42,380 --> 00:54:39,779

complains that something was not working

1001
00:54:44,839 --> 00:54:42,390
perhaps we should ask them what they

1002
00:54:49,579 --> 00:54:44,849
were thinking of at the time of the

1003
00:54:55,609 --> 00:54:49,589
anomaly you say it this way what were

1004
00:55:00,319 --> 00:54:55,619
you thinking no I hear the question and

1005
00:55:02,120 --> 00:55:00,329
I did as best I can and I think I may

1006
00:55:05,210 --> 00:55:02,130
never be able to do it very much better

1007
00:55:07,519 --> 00:55:05,220
give the answer that seems to me to be

1008
00:55:10,400 --> 00:55:07,529
important this is a tool for learning

1009
00:55:12,049 --> 00:55:10,410
more about ourselves about our

1010
00:55:18,559 --> 00:55:12,059
capacities about what consciousness

1011
00:55:22,430 --> 00:55:18,569
really is and it's a kind of an urgent

1012
00:55:26,630 --> 00:55:22,440
urging from from the universe

1013
00:55:31,400 --> 00:55:26,640

perhaps sort of indirectly but from

1014

00:55:34,880 --> 00:55:31,410

science and from from our you know

1015

00:55:39,170 --> 00:55:34,890

personal interest in the way the world

1016

00:55:41,809 --> 00:55:39,180

is to just lean back learn as much

1017

00:55:46,940 --> 00:55:41,819

as we can and then connect with each

1018

00:55:50,210 --> 00:55:46,950

other if that's my interpretation the 28

1019

00:55:53,380 --> 00:55:50,220

years of study shows that we are able to

1020

00:55:56,089 --> 00:55:53,390

do to touch the world without thoughts

1021

00:55:58,430 --> 00:55:56,099

that probably means we always are

1022

00:55:59,750 --> 00:55:58,440

touching the world with our thoughts but

1023

00:56:01,339 --> 00:55:59,760

we don't know about it

1024

00:56:04,010 --> 00:56:01,349

we're not thoughtful about it and

1025

00:56:07,839 --> 00:56:04,020

therefore what the result is a little

1026
00:56:11,540 --> 00:56:07,849
chaotic if we as Buckminster once said

1027
00:56:16,309 --> 00:56:11,550
buckminster fuller sorry once said in a

1028
00:56:21,980 --> 00:56:16,319
slightly different context if we would

1029
00:56:24,380 --> 00:56:21,990
organize ourselves we could feed all the

1030
00:56:28,089 --> 00:56:24,390
people on earth very well and in fact

1031
00:56:31,579 --> 00:56:28,099
even more people then now exist on earth

1032
00:56:33,730 --> 00:56:31,589
as it is people are starving but it's

1033
00:56:37,040 --> 00:56:33,740
because we're not organizing ourselves

1034
00:56:42,740 --> 00:56:37,050
we're not in other words acting like the

1035
00:56:44,750 --> 00:56:42,750
potential human that we have we have so

1036
00:56:47,470 --> 00:56:44,760
much potential as human beings and these

1037
00:56:50,690 --> 00:56:47,480
kinds of subtle experiments and the

1038
00:56:52,400 --> 00:56:50,700

extent of it the outer reaches of what

1039

00:56:58,130 --> 00:56:52,410

consciousness what we understand about

1040

00:57:00,530 --> 00:56:58,140

consciousness those the results from

1041

00:57:01,960 --> 00:57:00,540

those experiments from the 28 years and

1042

00:57:04,329 --> 00:57:01,970

from the global consciousness project

1043

00:57:07,970 --> 00:57:04,339

they're all pointing the same direction

1044

00:57:12,339 --> 00:57:07,980

we are more than we understand we are

1045

00:57:14,480 --> 00:57:12,349

and it's it's time it behooves us to

1046

00:57:17,390 --> 00:57:14,490

recognize that and get on with the

1047

00:57:21,770 --> 00:57:17,400

business of becoming human beings

1048

00:57:23,329 --> 00:57:21,780

as we have the potential to do I don't

1049

00:57:26,329 --> 00:57:23,339

really think you need to make any

1050

00:57:29,000 --> 00:57:26,339

excuses for studying this for 28 years I

1051
00:57:31,339 --> 00:57:29,010
think you did just fine we are increment

1052
00:57:34,250 --> 00:57:31,349
with that and and we are in your debt

1053
00:57:36,950 --> 00:57:34,260
for coming on our humble program

1054
00:57:39,710 --> 00:57:36,960
shattered reality podcast and we thank

1055
00:57:43,400 --> 00:57:39,720
you very very much for giving us your

1056
00:57:48,440 --> 00:57:43,410
time and we hope to hear from you again

1057
00:57:53,840 --> 00:57:48,450
and all I can say is what was I for now

1058
00:57:58,910 --> 00:57:56,060
I think deeply about it and then we'll

1059
00:58:01,370 --> 00:57:58,920
go for it all right thank you again

1060
00:58:04,600 --> 00:58:01,380
thank you so much dr. Roger Nelson

1061
00:58:10,820 --> 00:58:04,610
global consciousness project yes

1062
00:58:13,040 --> 00:58:10,830
everyone okay thank you okay I also want

1063
00:58:15,290 --> 00:58:13,050

to thank Bob paddock for submitting some

1064

00:58:16,460 --> 00:58:15,300

questions I hope ice I did a good job

1065

00:58:18,920 --> 00:58:16,470

with them Bob

1066

00:58:20,900 --> 00:58:18,930

if I didn't I'm sorry and we'd like to

1067

00:58:23,240 --> 00:58:20,910

hear a lot more from you yeah we'd like

1068

00:58:28,250 --> 00:58:23,250

to hear more from all our listeners now

1069

00:58:32,630 --> 00:58:28,260

I do have one other thing to talk about

1070

00:58:37,460 --> 00:58:32,640

we have a listener who I'm just going to

1071

00:58:41,330 --> 00:58:37,470

call mr. a because he is on the other

1072

00:58:42,890 --> 00:58:41,340

side of a I'm not on the other side of

1073

00:58:46,220 --> 00:58:42,900

the globe he's in England and he's a

1074

00:58:47,990 --> 00:58:46,230

listener and he's an experiencer as far

1075

00:58:51,110 --> 00:58:48,000

as I know I've read about some

1076

00:58:52,730 --> 00:58:51,120

experiences he's had in the UFO area but

1077

00:58:56,450 --> 00:58:52,740

I'm not going to identify him because

1078

00:59:00,710 --> 00:58:56,460

we've had a hard time getting our our

1079

00:59:03,920 --> 00:59:00,720

emails to reach each other at and a good

1080

00:59:07,070 --> 00:59:03,930

time you think email happens immediately

1081

00:59:09,860 --> 00:59:07,080

but in this case it did not only if you

1082

00:59:14,750 --> 00:59:09,870

think about it if you think about it

1083

00:59:18,620 --> 00:59:14,760

yeah but now this mr. a has a story

1084

00:59:23,030 --> 00:59:18,630

about a real life anomaly which occurred

1085

00:59:24,920 --> 00:59:23,040

I think sometime last week or maybe a

1086

00:59:26,630 --> 00:59:24,930

little prior to that a week to 10 days

1087

00:59:28,670 --> 00:59:26,640

ago but he's going to get back to me

1088

00:59:33,980 --> 00:59:28,680

with the exact date which I will mention

1089

00:59:39,440 --> 00:59:33,990

on our website and he says that he was

1090

00:59:43,100 --> 00:59:39,450

walking by the the the cliffs in England

1091

00:59:44,840 --> 00:59:43,110

on the English Channel they were white

1092

00:59:47,030 --> 00:59:44,850

cliffs I don't know if they were the

1093

00:59:51,080 --> 00:59:47,040

White Cliffs of Dover or not but he said

1094

00:59:54,530 --> 00:59:51,090

he was walking on khuddam Beach with his

1095

00:59:58,820 --> 00:59:54,540

wife and dog and taking some family

1096

01:00:03,140 --> 00:59:58,830

pictures and he happened to capture this

1097

01:00:05,720 --> 01:00:03,150

anomalous cloud kuden beach is a place

1098

01:00:06,530 --> 01:00:05,730

that people go I assume to bathe and to

1099

01:00:08,960 --> 01:00:06,540

sunbathe and

1100

01:00:12,950 --> 01:00:08,970

to be on the channel on the waterfront

1101

01:00:16,430 --> 01:00:12,960

and he has photos that he took of the

1102

01:00:19,430 --> 01:00:16,440

Seven Sisters sea cliffs from a few

1103

01:00:21,820 --> 01:00:19,440

miles away but he hadn't heard the news

1104

01:00:26,300 --> 01:00:21,830

of the anomaly until a few days later

1105

01:00:30,130 --> 01:00:26,310

what he saw in his pictures was a cloud

1106

01:00:33,230 --> 01:00:30,140

that came up from behind the cliffs and

1107

01:00:34,640 --> 01:00:33,240

went down over the cliffs now what

1108

01:00:38,210 --> 01:00:34,650

happened

1109

01:00:41,930 --> 01:00:38,220

it burned people's skin and their their

1110

01:00:44,270 --> 01:00:41,940

eyes and he says my photographs may

1111

01:00:46,790 --> 01:00:44,280

indicate that a cloud of gas could have

1112

01:00:49,490 --> 01:00:46,800

arrived either directly downwards from

1113

01:00:52,730 --> 01:00:49,500

the sky above or perhaps may have

1114

01:00:56,090 --> 01:00:52,740

written risen upward from the cliff tops

1115

01:00:59,510 --> 01:00:56,100

as a chimney shaped cloud resembling a

1116

01:01:02,780 --> 01:00:59,520

rising rocket type plume of exhaust or

1117

01:01:05,750 --> 01:01:02,790

gaseous cloud that's the only reason why

1118

01:01:08,150 --> 01:01:05,760

I'm skeptical about as the national

1119

01:01:11,290 --> 01:01:08,160

media reported that the gas cloud

1120

01:01:14,260 --> 01:01:11,300

suddenly rolled in from the sea before

1121

01:01:18,530 --> 01:01:14,270

instantaneously harming the cliff

1122

01:01:21,950 --> 01:01:18,540

walkers and Beach sunbathers in in my

1123

01:01:25,430 --> 01:01:21,960

humble opinion it's most certainly a

1124

01:01:30,290 --> 01:01:25,440

weird and perhaps even suspicious event

1125

01:01:32,990 --> 01:01:30,300

and as far as I know still unexplained

1126

01:01:35,990 --> 01:01:33,000

there is a chance and I'm taking a

1127

01:01:38,840 --> 01:01:36,000

suspicious but educated guess here that

1128

01:01:41,330 --> 01:01:38,850

this cloud of noxious gas might have

1129

01:01:44,780 --> 01:01:41,340

come from say an oil tanker or likewise

1130

01:01:47,630 --> 01:01:44,790

which may have been illegally flushing

1131

01:01:49,970 --> 01:01:47,640

or clearing its tanks with chemicals

1132

01:01:52,280 --> 01:01:49,980

somewhat offshore and out of sight or

1133

01:01:56,000 --> 01:01:52,290

over the horizon but there have been no

1134

01:01:59,210 --> 01:01:56,010

such ship seen or reported at that time

1135

01:02:02,660 --> 01:01:59,220

the chances of the poison cloud blowing

1136

01:02:04,640 --> 01:02:02,670

in from France about 60 miles distant at

1137

01:02:08,560 --> 01:02:04,650

this point of the English Channel are

1138

01:02:11,840 --> 01:02:08,570

minimal as our national meteor

1139

01:02:14,120 --> 01:02:11,850

meteorological office in Exeter reports

1140

01:02:16,340 --> 01:02:14,130

that there were only very light winds

1141

01:02:18,350 --> 01:02:16,350

blowing at the time and they were

1142

01:02:20,359 --> 01:02:18,360

blowing from another direction other

1143

01:02:23,180 --> 01:02:20,369

than France so

1144

01:02:26,299 --> 01:02:23,190

we're going to get some pictures on this

1145

01:02:30,349 --> 01:02:26,309

and if anybody knows anything more about

1146

01:02:36,049 --> 01:02:30,359

this anomalous event at the seven

1147

01:02:39,349 --> 01:02:36,059

sisters at the seven sisters sea cliffs

1148

01:02:44,930 --> 01:02:39,359

by kuden Beach and how people were

1149

01:02:47,539 --> 01:02:44,940

burned there with the gas if anybody

1150

01:02:50,509 --> 01:02:47,549

else knows anything about it please

1151

01:02:53,479 --> 01:02:50,519

contact us and we will be showing I

1152

01:02:57,259 --> 01:02:53,489

believe on our website some of the

1153

01:02:58,999 --> 01:02:57,269

photos that mr. a took which we owe him

1154

01:03:01,549 --> 01:02:59,009

an enormous debt of gratitude as well

1155

01:03:02,690 --> 01:03:01,559

for sharing with us absolutely hope to

1156

01:03:05,959 --> 01:03:02,700

hear from all of you that have

1157

01:03:08,539 --> 01:03:05,969

experiences like this be great yes it

1158

01:03:10,849 --> 01:03:08,549

really would be I think this is a really

1159

01:03:14,170 --> 01:03:10,859

bizarre one because people were hurt you

1160

01:03:16,549 --> 01:03:14,180

know I don't hope to get a lot of of

1161

01:03:18,019 --> 01:03:16,559

instances of people being hurt but if it

1162

01:03:19,999 --> 01:03:18,029

happens it happens we got to know about

1163

01:03:22,160 --> 01:03:20,009

it it does sound like a low-flying

1164

01:03:26,359 --> 01:03:22,170

chemtrail almost or something alone

1165

01:03:30,289 --> 01:03:26,369

chemtrail ideal could be could be cake I

1166

01:03:33,319 --> 01:03:30,299

certainly don't say that wouldn't be the

1167

01:03:36,499 --> 01:03:33,329

case coming up on shattered reality

1168

01:03:39,499 --> 01:03:36,509

podcast we will I have a few other

1169

01:03:43,489 --> 01:03:39,509

listeners are on deck who are interested

1170

01:03:47,989 --> 01:03:43,499

in expressing what they have experienced

1171

01:03:50,749 --> 01:03:47,999

and also I believe all things working

1172

01:03:54,109 --> 01:03:50,759

out well that we will have dr. Irena

1173

01:03:58,400 --> 01:03:54,119

Scott who has written a very interesting

1174

01:04:03,229 --> 01:03:58,410

book involving the UFO phenomena at on

1175

01:04:07,729 --> 01:04:03,239

our next podcast we also have a mr.

1176

01:04:12,680 --> 01:04:07,739

David Bowie who has written also a book

1177

01:04:14,769 --> 01:04:12,690

investigating a particular gentleman who

1178

01:04:18,979 --> 01:04:14,779

had a lot of anomalous experiences

1179

01:04:21,259 --> 01:04:18,989

including purported UFO abduction so um

1180

01:04:23,719 --> 01:04:21,269

for the next couple of weeks at any rate

1181

01:04:25,609 --> 01:04:23,729

we will be in the UFO subject as it

1182

01:04:28,400 --> 01:04:25,619

appears now but as you know dear

1183

01:04:31,309 --> 01:04:28,410

listeners things sometimes change you

1184

01:04:33,650 --> 01:04:31,319

never know because it's anomalous and we

1185

01:04:44,790 --> 01:04:33,660

are OH
