00:00:08,570 --> 00:00:17,190

[Music]

2
00:00:25,479 --> 00:00:20,679

welcome to shattered reality with your

3
00:00:28,510 --> 00:00:25,489

hosts Kate Valentine and furs prepare to

4
00:00:33,720 --> 00:00:28,520

have your paradigm shifted in the truths

5
00:00:37,330 --> 00:00:33,730

questioned and now shattered reality

6
00:00:40,029 --> 00:00:37,340

well no the show another day how are you

7
00:00:43,329 --> 00:00:40,039

doing today firoozeh Kate I'm doing

8
00:00:47,759 --> 00:00:43,339

quite well good and I am happy to

9
00:00:52,540 --> 00:00:47,769

announce that this is our 58th show

10
00:00:55,090 --> 00:00:52,550

we've been going at it for three years

11
00:01:00,250 --> 00:00:55,100

could you believe that really yeah

12
00:01:03,069 --> 00:01:00,260

seriously seriously Wow no I believe

13
00:01:08,680 --> 00:01:03,079

yeah and today I'm going to slate as

14

00:01:13,330 --> 00:01:08,690

usual today is November 14th 2017 and

15

00:01:17,260 --> 00:01:13,340

this week this month we have a very

16

00:01:22,510 --> 00:01:17,270

interesting guest we've had people on

17

00:01:24,790 --> 00:01:22,520

before like a Paul Smith who is a remote

18

00:01:28,410 --> 00:01:24,800

viewer and we've spoken a good deal

19

00:01:32,860 --> 00:01:28,420

about remote viewing and if you recall

20

00:01:35,560 --> 00:01:32,870

both you and our trusty engineer were

21

00:01:38,740 --> 00:01:35,570

very interested in how we might make

22

00:01:41,830 --> 00:01:38,750

some money with remote viewing and I had

23

00:01:44,680 --> 00:01:41,840

tried to explain the whole thing down to

24

00:01:48,250 --> 00:01:44,690

the two of you went to our listeners and

25

00:01:52,690 --> 00:01:48,260

I sort of got it across but maybe not as

26
00:01:55,840 --> 00:01:52,700
well as the premiere associative remote

27
00:01:57,910 --> 00:01:55,850
viewer that's out there mr. mati

28
00:02:00,930 --> 00:01:57,920
Rosenblatt let's welcome him to

29
00:02:03,580 --> 00:02:00,940
shattered reality okay Marty welcome

30
00:02:07,780 --> 00:02:03,590
well thank you very much a pleasure to

31
00:02:11,619 --> 00:02:07,790
be here so I just think I should kind of

32
00:02:14,800 --> 00:02:11,629
mention how I know you and I'm not sure

33
00:02:17,770 --> 00:02:14,810
I think we may have met in person at one

34
00:02:21,390 --> 00:02:17,780
of the irva international remote viewers

35
00:02:25,020 --> 00:02:21,400
Association meetings that I was at

36
00:02:28,780 --> 00:02:25,030
where where was it down south but not

37
00:02:31,630 --> 00:02:28,790
New Orleans yes yes New Orleans that so

38
00:02:36,040 --> 00:02:31,640

I was down there at that one remote

39

00:02:39,220 --> 00:02:36,050

viewing conference and Marty is a real

40

00:02:42,250 --> 00:02:39,230

stalwart in the in the international

41

00:02:46,240 --> 00:02:42,260

remote viewers Association he's a

42

00:02:51,910 --> 00:02:46,250

longtime member and he also if I can get

43

00:02:55,030 --> 00:02:51,920

this correctly now he he is also the

44

00:02:57,640 --> 00:02:55,040

head of the applied precondition project

45

00:03:01,890 --> 00:02:57,650

he runs a website in addition called

46

00:03:04,750 --> 00:03:01,900

physics intuition applications and so

47

00:03:08,080 --> 00:03:04,760

what I would like to talk to you about

48

00:03:11,260 --> 00:03:08,090

firstly is how associative remote

49

00:03:14,770 --> 00:03:11,270

viewing is different from other kinds of

50

00:03:21,630 --> 00:03:14,780

remote viewing and I know but not all my

51
00:03:30,009 --> 00:03:25,870
okay well remote viewing in general

52
00:03:31,990 --> 00:03:30,019
gives you the ability and this is a

53
00:03:33,729 --> 00:03:32,000
natural ability I don't even like to

54
00:03:36,009 --> 00:03:33,739
call a paranormal anymore because it

55
00:03:39,580 --> 00:03:36,019
makes sound like it's not normal but

56
00:03:42,370 --> 00:03:39,590
it's a very normal capability that when

57
00:03:46,050 --> 00:03:42,380
you get quiet and set your intention you

58
00:03:51,150 --> 00:03:46,060
can get information from a distance

59
00:03:58,710 --> 00:03:51,160
now distance includes space and time

60
00:04:03,699 --> 00:03:58,720
using capability that consciousness has

61
00:04:05,560 --> 00:04:03,709
where simply by intending to send your

62
00:04:07,000 --> 00:04:05,570
consciousness someplace that's one way

63
00:04:09,970 --> 00:04:07,010

of looking at it you could pick up

64

00:04:12,550 --> 00:04:09,980

information about whatever is there the

65

00:04:13,690 --> 00:04:12,560

military did this I'm sure Paul Smith

66

00:04:18,280 --> 00:04:13,700

must have talked a lot about that

67

00:04:23,710 --> 00:04:18,290

because it was used by the military as

68

00:04:25,420 --> 00:04:23,720

well as lots of other people now there

69

00:04:28,090 --> 00:04:25,430

are different forms of remote viewing

70

00:04:32,680 --> 00:04:28,100

where you try to get information at a

71

00:04:33,350 --> 00:04:32,690

distance past present or future where a

72

00:04:36,210 --> 00:04:33,360

so

73

00:04:39,860 --> 00:04:36,220

remote-viewing comes in and I think

74

00:04:43,680 --> 00:04:39,870

let's let's focus on that is an

75

00:04:49,460 --> 00:04:43,690

application of remote viewing where you

76

00:04:52,980 --> 00:04:49,470

in fact do want to make a decision among

77

00:04:54,840 --> 00:04:52,990

possible outcomes now let me get a

78

00:04:58,469 --> 00:04:54,850

little bit more specific and connect

79

00:05:03,240 --> 00:04:58,479

these to one of the ways we use this is

80

00:05:07,040 --> 00:05:03,250

in sports wagering or financial

81

00:05:09,930 --> 00:05:07,050

predictions so let's just make a simple

82

00:05:15,300 --> 00:05:09,940

financial prediction let's say we want

83

00:05:17,719 --> 00:05:15,310

to know tomorrow if the excuse me if the

84

00:05:21,210 --> 00:05:17,729

stock market is going to go up or down

85

00:05:24,210 --> 00:05:21,220

so that's a binary choice two choices up

86

00:05:31,050 --> 00:05:24,220

or down now how does remote viewing come

87

00:05:35,430 --> 00:05:31,060

in here well let's say I were to take

88

00:05:38,969 --> 00:05:35,440

two possible pictures since there are

89

00:05:43,230 --> 00:05:38,979

two possible outcomes and let's say I

90

00:05:45,480 --> 00:05:43,240

were to associate the Eiffel Tower with

91

00:05:49,950 --> 00:05:45,490

up and I had this nice picture of the

92

00:05:53,820 --> 00:05:49,960

Eiffel Tower or I had another picture

93

00:05:56,070 --> 00:05:53,830

say of a whale jumping out of the water

94

00:06:00,029 --> 00:05:56,080

or something like that and that might be

95

00:06:04,020 --> 00:06:00,039

associated with my down picture well a

96

00:06:04,950 --> 00:06:04,030

remote viewer could be tasked to go to

97

00:06:08,550 --> 00:06:04,960

the Eiffel Tower

98

00:06:11,779 --> 00:06:08,560

could be tasked to go to the whale what

99

00:06:17,370 --> 00:06:11,789

we do an associative remote viewing is

100

00:06:20,430 --> 00:06:17,380

task them to go to their own feedback

101
00:06:23,460 --> 00:06:20,440
session when they're going to see one or

102
00:06:27,029 --> 00:06:23,470
the other of these pictures now they're

103
00:06:31,650 --> 00:06:27,039
blind to all of this all they're tasked

104
00:06:33,540 --> 00:06:31,660
with is describe and sketch the photo we

105
00:06:36,300 --> 00:06:33,550
call it a photo site because they could

106
00:06:39,140 --> 00:06:36,310
pick up sounds and smells consciousness

107
00:06:43,440 --> 00:06:39,150
can do all of them use all the senses

108
00:06:45,980 --> 00:06:43,450
describe and sketch the photo site that

109
00:06:49,460 --> 00:06:45,990
you are going to see

110
00:06:53,360 --> 00:06:49,470
in your feedback session tomorrow after

111
00:06:56,240 --> 00:06:53,370
the market closes so the remote viewer

112
00:07:00,050 --> 00:06:56,250
gets quiet does what we call cool down

113
00:07:03,620 --> 00:07:00,060

opens himself up and basically intends

114

00:07:07,730 --> 00:07:03,630

to interact with the feedback session

115

00:07:11,420 --> 00:07:07,740

which is himself in the future now let's

116

00:07:15,770 --> 00:07:11,430

just say he says oh I sense water

117

00:07:20,750 --> 00:07:15,780

I sense activity I sense a big living

118

00:07:25,160 --> 00:07:20,760

form moving and he draws on his piece of

119

00:07:27,950 --> 00:07:25,170

paper you know some shapes and some

120

00:07:29,870 --> 00:07:27,960

Wiggly lines like water and depending on

121

00:07:34,340 --> 00:07:29,880

how long he works he can get better at

122

00:07:36,650 --> 00:07:34,350

it but already he's done enough so that

123

00:07:38,600 --> 00:07:36,660

when I see that session and that's

124

00:07:41,930 --> 00:07:38,610

before the market opens and I'm the

125

00:07:45,260 --> 00:07:41,940

judge so I'll be judging his transcript

126

00:07:48,080 --> 00:07:45,270

I would say oh well obviously he's

127

00:07:49,910 --> 00:07:48,090

seeing the whale the reason he's seen

128

00:07:52,540 --> 00:07:49,920

the whale is because that's what I'm

129

00:07:56,960 --> 00:07:52,550

gonna show him tomorrow

130

00:08:00,260 --> 00:07:56,970

because down is going to be the the

131

00:08:02,450 --> 00:08:00,270

actual direction the market goes if the

132

00:08:05,630 --> 00:08:02,460

market were to go up I would show them

133

00:08:07,700 --> 00:08:05,640

the Eiffel Tower but the fact that he

134

00:08:09,950 --> 00:08:07,710

drew the whale where did he get that

135

00:08:13,460 --> 00:08:09,960

information from he went to the future

136

00:08:16,430 --> 00:08:13,470

when in fact I showed him the picture of

137

00:08:18,230 --> 00:08:16,440

the whale that's associative remote

138

00:08:20,300 --> 00:08:18,240

viewing because I get to make that

139

00:08:21,850 --> 00:08:20,310

judgment before the market opens and

140

00:08:26,450 --> 00:08:21,860

then I can wager in the up direction

141

00:08:32,020 --> 00:08:26,460

well I will say that I have seen it work

142

00:08:35,120 --> 00:08:32,030

twice in sessions with you when you

143

00:08:38,330 --> 00:08:35,130

through the through one of your projects

144

00:08:42,140 --> 00:08:38,340

there the applied pre-ignition project

145

00:08:45,800 --> 00:08:42,150

you had some free sessions for practice

146

00:08:48,050 --> 00:08:45,810

that you opened up to members of hurva

147

00:08:51,590 --> 00:08:48,060

and perhaps some other associations

148

00:08:55,910 --> 00:08:51,600

there and I sat in on them and we did

149

00:08:58,560 --> 00:08:55,920

them over the Internet and we wrote we

150

00:09:01,420 --> 00:08:58,570

wrote out our responses and

151
00:09:04,300 --> 00:09:01,430
luckily enough and it you know it was

152
00:09:07,180 --> 00:09:04,310
yeah maybe not a little luck but I got

153
00:09:10,570 --> 00:09:07,190
both of them and made \$40 on the first

154
00:09:12,940 --> 00:09:10,580
wager that I bet on with you isn't that

155
00:09:16,090 --> 00:09:12,950
cool that is so cool and what is more

156
00:09:19,030 --> 00:09:16,100
cool is that you're not just using in

157
00:09:22,870 --> 00:09:19,040
what you do you're not just using one

158
00:09:26,110 --> 00:09:22,880
person's session you have however in

159
00:09:29,170 --> 00:09:26,120
this case maybe the sessions of 15 or 20

160
00:09:31,390 --> 00:09:29,180
participants in the two and the two

161
00:09:34,960 --> 00:09:31,400
experiments that I did with your group

162
00:09:37,870 --> 00:09:34,970
and then you're also having more than

163
00:09:41,950 --> 00:09:37,880

just you decide there are a couple of

164

00:09:44,710 --> 00:09:41,960

judges as I recall yes you can do this

165

00:09:47,350 --> 00:09:44,720

in lots of different ways this is called

166

00:09:49,810 --> 00:09:47,360

pre cognition that's the way you

167

00:09:51,220 --> 00:09:49,820

pronounce it precognition cognition okay

168

00:09:55,360 --> 00:09:51,230

so we're yeah we're the applied

169

00:10:00,490 --> 00:09:55,370

precognition project in fact our website

170

00:10:03,160 --> 00:10:00,500

supplied Precog calm and over the

171

00:10:06,130 --> 00:10:03,170

Internet and you must have seen an

172

00:10:07,990 --> 00:10:06,140

example of this we have lots of

173

00:10:13,810 --> 00:10:08,000

different groups where people can do

174

00:10:16,180 --> 00:10:13,820

this in Las Vegas we do a lot of sports

175

00:10:17,800 --> 00:10:16,190

wagering and the people make a lot of

176

00:10:20,530 --> 00:10:17,810

money but one of the things you have to

177

00:10:24,070 --> 00:10:20,540

understand is it's not a hundred percent

178

00:10:27,280 --> 00:10:24,080

you don't win all the time one of our

179

00:10:29,590 --> 00:10:27,290

mantras is wager wisely mm-hmm because

180

00:10:32,320 --> 00:10:29,600

this is not we don't know anybody not

181

00:10:34,390 --> 00:10:32,330

even the best of the remote viewers like

182

00:10:36,640 --> 00:10:34,400

Jill mcmoneagle is usually at our

183

00:10:42,180 --> 00:10:36,650

conferences and he does some great stuff

184

00:10:46,800 --> 00:10:42,190

but he's not he's not perfect either so

185

00:10:51,570 --> 00:10:46,810

this is real it is a natural capability

186

00:10:54,250 --> 00:10:51,580

time and science of course is is

187

00:10:56,980 --> 00:10:54,260

beginning to spend more and more time

188

00:11:01,170 --> 00:10:56,990

and trying to unravel the mysteries of

189

00:11:05,860 --> 00:11:01,180

time but it's obvious that you can

190

00:11:08,140 --> 00:11:05,870

access information from the future but

191

00:11:09,700 --> 00:11:08,150

Marty that the one obvious question is

192

00:11:11,400 --> 00:11:09,710

that then you're saying that the future

193

00:11:15,779 --> 00:11:11,410

is predetermined

194

00:11:24,629 --> 00:11:20,099

no I'm not in fact what this shows is

195

00:11:28,829 --> 00:11:24,639

actually even more significant than that

196

00:11:33,569 --> 00:11:28,839

it shows that the future affects the

197

00:11:36,149 --> 00:11:33,579

present moment yes because when I in the

198

00:11:38,429 --> 00:11:36,159

example I gave you of the whale the only

199

00:11:41,339 --> 00:11:38,439

way the remote viewer could have done so

200

00:11:44,309 --> 00:11:41,349

well was because the future feedback

201
00:11:47,389 --> 00:11:44,319
session gave him information about the

202
00:11:50,849 --> 00:11:47,399
whale think about it for a moment

203
00:11:54,439 --> 00:11:50,859
consciousness this reality that we get

204
00:11:59,309 --> 00:11:54,449
through our conscious awareness only

205
00:12:02,729 --> 00:11:59,319
really exists in the now and it's in

206
00:12:06,179 --> 00:12:02,739
this now that you have your full and

207
00:12:09,210 --> 00:12:06,189
only awareness the past is only a memory

208
00:12:13,799 --> 00:12:09,220
and guess what we know memories are not

209
00:12:16,529 --> 00:12:13,809
100% either right well the future memory

210
00:12:18,599 --> 00:12:16,539
and their books titled that there's what

211
00:12:21,359 --> 00:12:18,609
we do with precognition we're like

212
00:12:27,989 --> 00:12:21,369
trying to remember the future which is

213
00:12:30,499 --> 00:12:27,999

going to come free will is in the now

214

00:12:34,109 --> 00:12:30,509

the only time you get to make choices

215

00:12:36,899 --> 00:12:34,119

the only time you get to influence what

216

00:12:41,159 --> 00:12:36,909

you want to think about is in the now

217

00:12:44,879 --> 00:12:41,169

and I consider freewill to be the

218

00:12:48,539 --> 00:12:44,889

absolute fundamental aspect of our being

219

00:12:50,969 --> 00:12:48,549

yeah are there influences absolutely

220

00:12:53,939 --> 00:12:50,979

from the past and this is what's so

221

00:12:59,840 --> 00:12:53,949

magnificent magnificent also from the

222

00:13:02,939 --> 00:12:59,850

future so knowing that you can put out

223

00:13:07,169 --> 00:13:02,949

positive intentions which you're going

224

00:13:10,589 --> 00:13:07,179

to go both ways help the past influence

225

00:13:13,669 --> 00:13:10,599

the future and I'm spending more and

226

00:13:16,349 --> 00:13:13,679

more time getting into health now

227

00:13:21,559 --> 00:13:16,359

because I believe once you really

228

00:13:23,630 --> 00:13:21,569

appreciate that all times are connected

229

00:13:27,230 --> 00:13:23,640

consciousness kind of show

230

00:13:29,449 --> 00:13:27,240

that everything is indeed connected all

231

00:13:32,630 --> 00:13:29,459

of your conscious moments past present

232

00:13:35,810 --> 00:13:32,640

future are all connected you can pay

233

00:13:38,780 --> 00:13:35,820

more attention to the now and put out

234

00:13:42,980 --> 00:13:38,790

these health healthy thoughts put out

235

00:13:44,960 --> 00:13:42,990

things with your own free will that in

236

00:13:45,530 --> 00:13:44,970

fact will influence you in a positive

237

00:13:47,780 --> 00:13:45,540

way

238

00:13:50,840 --> 00:13:47,790

I agree I well don't you think it's

239

00:13:53,540 --> 00:13:50,850

possible though that I mean some of the

240

00:13:56,600 --> 00:13:53,550

things that you state are fairly you

241

00:13:59,389 --> 00:13:56,610

know available to the general public

242

00:14:01,420 --> 00:13:59,399

let's say the stock market so perhaps

243

00:14:03,800 --> 00:14:01,430

and I use this term loosely

244

00:14:07,160 --> 00:14:03,810

subconsciously they're aware of certain

245

00:14:08,870 --> 00:14:07,170

movements of some political aspects some

246

00:14:11,900 --> 00:14:08,880

worldwide events something that would

247

00:14:13,759 --> 00:14:11,910

influence the stock market or even for

248

00:14:15,199 --> 00:14:13,769

example in a horse race I mean you have

249

00:14:18,230 --> 00:14:15,209

the morning line you have various

250

00:14:21,290 --> 00:14:18,240

jockeys you have various horses and if

251
00:14:24,650 --> 00:14:21,300
they're able to access that information

252
00:14:26,590 --> 00:14:24,660
now that's readily available on a in the

253
00:14:30,290 --> 00:14:26,600
so called present and then now and then

254
00:14:32,329 --> 00:14:30,300
interpolate that into a potential in

255
00:14:35,810 --> 00:14:32,339
other words there's a million different

256
00:14:37,760 --> 00:14:35,820
outcomes but you know in the collapsing

257
00:14:40,880 --> 00:14:37,770
state of course one of them is going to

258
00:14:45,949 --> 00:14:40,890
be the final outcome and I'm wondering

259
00:14:48,290 --> 00:14:45,959
if the mind isn't that fast to access

260
00:14:51,139 --> 00:14:48,300
all this information that's also

261
00:14:53,870 --> 00:14:51,149
floating around to come up with the most

262
00:14:56,150 --> 00:14:53,880
likely outcome well that's interesting

263
00:14:58,910 --> 00:14:56,160

because that is another model of what's

264

00:15:03,079 --> 00:14:58,920

going on and I will refute that for you

265

00:15:06,410 --> 00:15:03,089

right now and that is this exact same

266

00:15:08,420 --> 00:15:06,420

idea has been done in fact it was at

267

00:15:11,000 --> 00:15:08,430

Princeton University there was a group

268

00:15:13,389 --> 00:15:11,010

they called pair yes we've had them a

269

00:15:16,760 --> 00:15:13,399

couple of uh we've had Roger Nelson and

270

00:15:18,290 --> 00:15:16,770

oh boy she's going to be mad at me all

271

00:15:21,740 --> 00:15:18,300

of a sudden same atrophy you better

272

00:15:24,139 --> 00:15:21,750

start accessing the future yeah we had

273

00:15:28,280 --> 00:15:24,149

that we had the keys we had movement I

274

00:15:30,470 --> 00:15:28,290

know and yeah because but but let me

275

00:15:32,120 --> 00:15:30,480

make my point with this what they did is

276

00:15:34,280 --> 00:15:32,130

something very similar to what I've

277

00:15:35,780 --> 00:15:34,290

discussed here except they did it with

278

00:15:39,950 --> 00:15:35,790

pure random number

279

00:15:41,900 --> 00:15:39,960

generators right and predict the random

280

00:15:43,520 --> 00:15:41,910

number generators where there isn't the

281

00:15:45,650 --> 00:15:43,530

kind of information out there that

282

00:15:47,200 --> 00:15:45,660

you're talking about how many numbers in

283

00:15:51,470 --> 00:15:47,210

a random generator

284

00:15:53,900 --> 00:15:51,480

well they zero in once and it's Brenda

285

00:15:56,000 --> 00:15:53,910

done please Brenda red give us all of a

286

00:16:00,440 --> 00:15:56,010

sudden my I kept thinking marry and it

287

00:16:06,800 --> 00:16:00,450

was not merry anything yes she was on

288

00:16:08,960 --> 00:16:06,810

with us let's use that smarty joking bit

289

00:16:12,260 --> 00:16:08,970

hey that's good we have that fun at this

290

00:16:15,220 --> 00:16:12,270

this is this is fantastic stuff but also

291

00:16:18,950 --> 00:16:15,230

the other way to look at this is

292

00:16:23,390 --> 00:16:18,960

pictures remember all the person is

293

00:16:27,800 --> 00:16:23,400

really predicting is a random picture

294

00:16:29,420 --> 00:16:27,810

the association is unknown to them when

295

00:16:34,760 --> 00:16:29,430

this program when you see some of these

296

00:16:38,120 --> 00:16:34,770

comparisons how could they know a random

297

00:16:40,250 --> 00:16:38,130

picture that they've never seen and do

298

00:16:43,310 --> 00:16:40,260

such a good match if it wasn't getting

299

00:16:46,130 --> 00:16:43,320

direct access from the future and the

300

00:16:48,320 --> 00:16:46,140

future and here's another word and there

301
00:16:50,120 --> 00:16:48,330
aren't too many but but here's another

302
00:16:53,600 --> 00:16:50,130
word I want to put out there retro

303
00:16:55,850 --> 00:16:53,610
causation yeah that's a new buzzword and

304
00:16:58,310 --> 00:16:55,860
there's a lot of science going on now

305
00:17:00,290 --> 00:16:58,320
with that term they used to do a

306
00:17:03,320 --> 00:17:00,300
precognition but now they like to think

307
00:17:05,360 --> 00:17:03,330
about the now affecting the past just

308
00:17:07,550 --> 00:17:05,370
like the feedback session was affecting

309
00:17:10,700 --> 00:17:07,560
the remote viewing session that's called

310
00:17:14,300 --> 00:17:10,710
retro causation and that's what's

311
00:17:19,300 --> 00:17:14,310
happening here that whale the fact that

312
00:17:22,730 --> 00:17:19,310
the person saw it tomorrow okay cause

313
00:17:26,330 --> 00:17:22,740

the remote viewing session to come in

314

00:17:28,190 --> 00:17:26,340

now one final word and this is a word

315

00:17:30,260 --> 00:17:28,200

that comes from quantum mechanics and

316

00:17:32,470 --> 00:17:30,270

this is what in my opinion is exactly

317

00:17:36,940 --> 00:17:32,480

going on and that is the word

318

00:17:39,650 --> 00:17:36,950

entanglement right are being totally

319

00:17:42,500 --> 00:17:39,660

entangled between the remote viewing

320

00:17:44,090 --> 00:17:42,510

session when you were tasked to describe

321

00:17:47,510 --> 00:17:44,100

it sketch what you go to see in the

322

00:17:49,450 --> 00:17:47,520

future and that indeed is entangled with

323

00:17:54,440 --> 00:17:49,460

that future time

324

00:17:57,950 --> 00:17:54,450

kento can I add one thing Marty - Kate's

325

00:18:02,389 --> 00:17:57,960

question which was very good I thought

326

00:18:03,110 --> 00:18:02,399

but that with some of the associative

327

00:18:05,180 --> 00:18:03,120

remote-viewing

328

00:18:08,509 --> 00:18:05,190

I don't know if you did this in practice

329

00:18:10,759 --> 00:18:08,519

sessions we had with you but with some

330

00:18:12,289 --> 00:18:10,769

of the associative remote-viewing they

331

00:18:15,440 --> 00:18:12,299

it is triple blind

332

00:18:17,869 --> 00:18:15,450

in other words like let's say somebody

333

00:18:20,360 --> 00:18:17,879

like Russ Targ he puts two pictures in

334

00:18:22,669 --> 00:18:20,370

an envelope and then he passes them over

335

00:18:25,100 --> 00:18:22,679

to Stephen Schwartz and he writes on one

336

00:18:27,289 --> 00:18:25,110

of them stock market up and on the other

337

00:18:29,389 --> 00:18:27,299

one stock market down so they don't even

338

00:18:31,639 --> 00:18:29,399

know what the picture is and which one

339

00:18:33,289 --> 00:18:31,649

refers to RIT which I just picked those

340

00:18:35,840 --> 00:18:33,299

guys out at random because I know them

341

00:18:40,330 --> 00:18:35,850

right they're involved so the so it

342

00:18:43,820 --> 00:18:40,340

could be like triple blind and therefore

343

00:18:45,980 --> 00:18:43,830

the original people don't even know I

344

00:18:48,710 --> 00:18:45,990

mean the judges don't know which one is

345

00:18:50,810 --> 00:18:48,720

which until they open the envelope on on

346

00:18:53,930 --> 00:18:50,820

the morning of the stock market you know

347

00:18:58,730 --> 00:18:53,940

it still begs a question though yeah I

348

00:19:00,799 --> 00:18:58,740

mean you know there was an interest I've

349

00:19:03,139 --> 00:19:00,809

been trying to think of the physicist

350

00:19:06,830 --> 00:19:03,149

name but this might be actually much

351
00:19:08,629 --> 00:19:06,840
more to your point and that's is that he

352
00:19:10,879 --> 00:19:08,639
said that for example let's say there

353
00:19:13,879 --> 00:19:10,889
was a big bang he assumes that

354
00:19:17,060 --> 00:19:13,889
everything everywhere occurs

355
00:19:19,460 --> 00:19:17,070
simultaneously but the human mind cannot

356
00:19:22,549 --> 00:19:19,470
wrap itself around that and so it

357
00:19:24,649 --> 00:19:22,559
invented time in that case if that man

358
00:19:27,080 --> 00:19:24,659
were true then then your theories would

359
00:19:29,029 --> 00:19:27,090
be valid and I accept that I call that

360
00:19:31,310 --> 00:19:29,039
the eternal now and I didn't invent that

361
00:19:34,070 --> 00:19:31,320
term that turns been around a long time

362
00:19:38,330 --> 00:19:34,080
there are so many different ways of

363
00:19:44,330 --> 00:19:38,340

looking at this frankly the eternal time

364

00:19:49,999 --> 00:19:44,340

one I think is the closest to the way it

365

00:19:55,310 --> 00:19:50,009

really is except somehow in a way we

366

00:19:58,669 --> 00:19:55,320

can't understand this creative into this

367

00:20:01,700 --> 00:19:58,679

well creative freewill idea has to get

368

00:20:02,930 --> 00:20:01,710

put in there you know so it's not just a

369

00:20:05,990 --> 00:20:02,940

one-liner

370

00:20:10,190 --> 00:20:06,000

but I do believe it is all out there now

371

00:20:12,290 --> 00:20:10,200

and we're creating it so it's like the

372

00:20:15,050 --> 00:20:12,300

information we see what we're really

373

00:20:17,870 --> 00:20:15,060

talking about is information that's why

374

00:20:20,060 --> 00:20:17,880

in some ways it doesn't contradict what

375

00:20:22,730 --> 00:20:20,070

Einstein said about you know nothing can

376

00:20:25,610 --> 00:20:22,740

travel faster than light well that's

377

00:20:28,580 --> 00:20:25,620

sort of right if you talk about mass but

378

00:20:31,220 --> 00:20:28,590

information that doesn't really have you

379

00:20:33,740 --> 00:20:31,230

know mass associated with it and

380

00:20:36,290 --> 00:20:33,750

everything we're talking about is in

381

00:20:38,330 --> 00:20:36,300

like quantum and information theory and

382

00:20:46,010 --> 00:20:38,340

there are whole fields of people looking

383

00:20:49,820 --> 00:20:46,020

at that sort of thing so it it your

384

00:20:52,490 --> 00:20:49,830

hypothesis that you could sort of from

385

00:20:57,770 --> 00:20:52,500

the past extrapolate into the future I

386

00:20:59,450 --> 00:20:57,780

just think it it doesn't hold water if

387

00:21:03,350 --> 00:20:59,460

you will because there are too many

388

00:21:05,390 --> 00:21:03,360

cases where it was totally blind the

389

00:21:08,540 --> 00:21:05,400

only way the person can get and we do

390

00:21:10,490 --> 00:21:08,550

everything we can including some cases

391

00:21:13,070 --> 00:21:10,500

with independent judges which a triple

392

00:21:16,490 --> 00:21:13,080

blind except for a computer the computer

393

00:21:21,260 --> 00:21:16,500

picks the two random pictures out of a

394

00:21:23,210 --> 00:21:21,270

set of eight hundred possible pairs and

395

00:21:26,750 --> 00:21:23,220

nobody but the computer knows what those

396

00:21:30,130 --> 00:21:26,760

are the remote viewer doesn't know it

397

00:21:34,640 --> 00:21:30,140

until he sees it the judge does see it

398

00:21:38,000 --> 00:21:34,650

because he has to see the two so that

399

00:21:42,320 --> 00:21:38,010

they can wager but there's no way that

400

00:21:44,600 --> 00:21:42,330

you can extrapolate that picture from

401
00:21:48,430 --> 00:21:44,610
the present since it's randomly done by

402
00:21:51,470 --> 00:21:48,440
a computer well it's it's just really

403
00:21:53,930 --> 00:21:51,480
fascinating stuff if somebody if our

404
00:21:56,900 --> 00:21:53,940
listeners and I poorly described it on

405
00:21:59,030 --> 00:21:56,910
another one of our episodes but if one

406
00:22:00,200 --> 00:21:59,040
of a group this is this is the thing

407
00:22:02,420 --> 00:22:00,210
about remote viewing

408
00:22:05,960 --> 00:22:02,430
I love remote viewing I've been doing

409
00:22:07,670 --> 00:22:05,970
remote viewing for over ten years I've

410
00:22:10,940 --> 00:22:07,680
studied with three or fourteen well

411
00:22:14,720 --> 00:22:10,950
probably four or five teachers at this

412
00:22:16,610 --> 00:22:14,730
juncture and I really enjoy it but it's

413
00:22:21,110 --> 00:22:16,620

something that must be done in a

414

00:22:23,410 --> 00:22:21,120

group no no you can do it by yourself

415

00:22:28,700 --> 00:22:23,420

because I haven't figured out how yet oh

416

00:22:32,180 --> 00:22:28,710

yeah we have we have now in our group

417

00:22:35,150 --> 00:22:32,190

over 800 members and they're about a

418

00:22:37,400 --> 00:22:35,160

hundred I would say who are active doing

419

00:22:39,230 --> 00:22:37,410

you know they listen to the discussions

420

00:22:41,420 --> 00:22:39,240

and we give webinars and stuff like that

421

00:22:45,590 --> 00:22:41,430

and they're probably about a hundred or

422

00:22:48,350 --> 00:22:45,600

so who are active in our various groups

423

00:22:50,450 --> 00:22:48,360

we probably have about 15 active groups

424

00:22:55,549 --> 00:22:50,460

between sports and financials right

425

00:22:58,700 --> 00:22:55,559

right and most of them are doing this by

426

00:23:01,700 --> 00:22:58,710

themselves some with independent judges

427

00:23:03,710 --> 00:23:01,710

and they send their transcripts you know

428

00:23:07,100 --> 00:23:03,720

all everything's done over the Internet

429

00:23:10,280 --> 00:23:07,110

we do tasking over emails but then once

430

00:23:12,890 --> 00:23:10,290

a person gets a tasking online they

431

00:23:15,080 --> 00:23:12,900

click and they get a coordinate and then

432

00:23:17,180 --> 00:23:15,090

they do their remote viewing session on

433

00:23:19,970 --> 00:23:17,190

their own you can sit down quietly

434

00:23:22,669 --> 00:23:19,980

you've got your coordinate now you sit

435

00:23:26,260 --> 00:23:22,679

down quietly you do your remote viewing

436

00:23:31,880 --> 00:23:26,270

session and then we ask you to upload it

437

00:23:33,500 --> 00:23:31,890

to our server right via ok and so we

438

00:23:36,230 --> 00:23:33,510

keep track of everything we're really

439

00:23:39,140 --> 00:23:36,240

big on statistics because we want to

440

00:23:43,580 --> 00:23:39,150

find those people that are very good at

441

00:23:46,610 --> 00:23:43,590

this and we have an associative company

442

00:23:49,430 --> 00:23:46,620

called a PPI it's like the app Institute

443

00:23:53,330 --> 00:23:49,440

where we have something called Precog

444

00:23:55,730 --> 00:23:53,340

prose and we actually give them a stake

445

00:23:58,820 --> 00:23:55,740

and become partners with them yes once

446

00:24:01,480 --> 00:23:58,830

we identify someone as being good we

447

00:24:04,010 --> 00:24:01,490

will basically make them a professional

448

00:24:06,620 --> 00:24:04,020

and we'll set up an even partnership

449

00:24:10,549 --> 00:24:06,630

with them and all of that information is

450

00:24:12,080 --> 00:24:10,559

on our website repeat and again d4r for

451
00:24:18,980 --> 00:24:12,090
a listener because we want them to go to

452
00:24:22,750 --> 00:24:18,990
it as well sure applied Precog dot-com

453
00:24:26,390 --> 00:24:22,760
so the word applied and then Precog no

454
00:24:29,340 --> 00:24:26,400
space.com and they'll see everything

455
00:24:33,720 --> 00:24:31,770
I think you misunderstood what I was

456
00:24:35,900 --> 00:24:33,730
saying though Marty I mean not not not

457
00:24:38,039 --> 00:24:35,910
drastically because that's how I

458
00:24:40,799 --> 00:24:38,049
participated in the two practice

459
00:24:43,700 --> 00:24:40,809
sessions I did with you I'm good at home

460
00:24:46,440 --> 00:24:43,710
yeah then in the groups that you offered

461
00:24:49,409 --> 00:24:46,450
through through irva I guess is how I

462
00:24:52,740 --> 00:24:49,419
got got to it and I came on there and

463
00:24:55,590 --> 00:24:52,750

did did two two sessions with you and

464

00:24:58,200 --> 00:24:55,600

the group but what I meant was when I

465

00:25:01,289 --> 00:24:58,210

did study remote viewing and and and

466

00:25:03,419 --> 00:25:01,299

practiced it with you and I studied it

467

00:25:06,899 --> 00:25:03,429

with others it's always helped me it's

468

00:25:08,940 --> 00:25:06,909

always up to my my side potential so to

469

00:25:12,630 --> 00:25:08,950

speak that because I work as an

470

00:25:14,070 --> 00:25:12,640

intuitive you know that's my job so so

471

00:25:17,100 --> 00:25:14,080

it has helped me and that's why I've

472

00:25:19,890 --> 00:25:17,110

continued to do it but even in the

473

00:25:23,039 --> 00:25:19,900

manner that you describe you the

474

00:25:25,350 --> 00:25:23,049

putative remote viewer is participating

475

00:25:27,630 --> 00:25:25,360

with a group in other words they they're

476
00:25:30,360 --> 00:25:27,640
getting their coordinates from you or

477
00:25:32,460 --> 00:25:30,370
your organization and then they are

478
00:25:35,760 --> 00:25:32,470
uploading their session now they're

479
00:25:38,279 --> 00:25:35,770
doing it alone in their home but it's

480
00:25:41,399 --> 00:25:38,289
not a singular activity as opposed to

481
00:25:43,590 --> 00:25:41,409
let's say me reading your cards would be

482
00:25:45,750 --> 00:25:43,600
a singular activity you see the

483
00:25:47,669 --> 00:25:45,760
difference of what I'm saying I do and

484
00:25:51,450 --> 00:25:47,679
you're exactly right in fact as I said

485
00:25:54,029 --> 00:25:51,460
we have 15 or so active groups in

486
00:25:55,409 --> 00:25:54,039
exactly the sense that you mean and you

487
00:25:57,870 --> 00:25:55,419
are part of that group

488
00:26:00,630 --> 00:25:57,880

and you make your own individual

489

00:26:03,750 --> 00:26:00,640

prediction but then also after someone

490

00:26:05,820 --> 00:26:03,760

like myself who's a group manager looks

491

00:26:07,740 --> 00:26:05,830

at all the different predictions we will

492

00:26:10,799 --> 00:26:07,750

actually put out a group prediction

493

00:26:13,140 --> 00:26:10,809

right so what you're saying is is right

494

00:26:15,419 --> 00:26:13,150

on well I'm sure you're aware too that

495

00:26:19,289 --> 00:26:15,429

Wall Street hires pretty advanced

496

00:26:22,200 --> 00:26:19,299

mathematicians and in now they will

497

00:26:25,830 --> 00:26:22,210

predict various outcomes in the stock

498

00:26:27,210 --> 00:26:25,840

market based on statistical analysis do

499

00:26:29,610 --> 00:26:27,220

you think that they're actually just

500

00:26:32,399 --> 00:26:29,620

using math or do you think as a group

501
00:26:35,310 --> 00:26:32,409
they're starting to as you said this

502
00:26:36,950 --> 00:26:35,320
cognitive ability is inherent and human

503
00:26:39,720 --> 00:26:36,960
so you think that perhaps they're

504
00:26:42,780 --> 00:26:39,730
accessing that in addition to having

505
00:26:43,460 --> 00:26:42,790
some really pretty cool statistical and

506
00:26:46,250 --> 00:26:43,470
now

507
00:26:49,730 --> 00:26:46,260
well I'd say there's both I mean they're

508
00:26:51,980 --> 00:26:49,740
Xterra yeah there's some funds that are

509
00:26:54,290 --> 00:26:51,990
really into the heavy mathematics and

510
00:26:56,630 --> 00:26:54,300
predicting things and all that but I

511
00:26:59,780 --> 00:26:56,640
would think there are other funds out

512
00:27:02,630 --> 00:26:59,790
there that use traders and even though

513
00:27:05,480 --> 00:27:02,640

they might not say it but their traders

514

00:27:07,790 --> 00:27:05,490

are basically using their gut using

515

00:27:09,530 --> 00:27:07,800

intuition it's actually exactly and I

516

00:27:11,360 --> 00:27:09,540

think when they say using your gut

517

00:27:14,960 --> 00:27:11,370

they're actually accessing what you

518

00:27:17,990 --> 00:27:14,970

refer to as an innate ability I'd

519

00:27:20,210 --> 00:27:18,000

totally agree exactly hedge funds do use

520

00:27:22,160 --> 00:27:20,220

remote viewers and I know some of them

521

00:27:25,160 --> 00:27:22,170

that work for hedge funds on the other

522

00:27:26,780 --> 00:27:25,170

hand some funds just use quants which is

523

00:27:28,820 --> 00:27:26,790

what you were talking about that's the I

524

00:27:31,190 --> 00:27:28,830

guess that's the name of the the field

525

00:27:34,130 --> 00:27:31,200

of these advanced mathematicians are

526

00:27:37,100 --> 00:27:34,140

generally called quants at their offices

527

00:27:39,080 --> 00:27:37,110

do the hedge funds that you know about

528

00:27:42,770 --> 00:27:39,090

are they public will they acknowledge

529

00:27:47,000 --> 00:27:42,780

they're using remote viewers you know I

530

00:27:49,130 --> 00:27:47,010

would refer you privately to after the

531

00:27:52,220 --> 00:27:49,140

show to the remote viewers that I know

532

00:27:54,500 --> 00:27:52,230

that do that for money and I know you

533

00:27:57,070 --> 00:27:54,510

know these people so I will refer you to

534

00:27:59,390 --> 00:27:57,080

them rather than outing somebody on

535

00:28:01,730 --> 00:27:59,400

public I mean I don't know what's

536

00:28:04,040 --> 00:28:01,740

private and what's public so I would

537

00:28:06,260 --> 00:28:04,050

rather keep my mouth shut but I know

538

00:28:08,060 --> 00:28:06,270

it's good I knew I do know beyond the

539

00:28:12,080 --> 00:28:08,070

shadow of a doubt that there are people

540

00:28:15,430 --> 00:28:12,090

who are employed by hedge funds to

541

00:28:17,000 --> 00:28:15,440

predict things and I I do recall that

542

00:28:19,580 --> 00:28:17,010

rust argh

543

00:28:23,590 --> 00:28:19,590

and Stephen Schwartz when I studied with

544

00:28:28,130 --> 00:28:23,600

them that they were talking about oh

545

00:28:32,750 --> 00:28:28,140

geez the silver futures and that they

546

00:28:34,940 --> 00:28:32,760

had not a binary model but a four part

547

00:28:37,010 --> 00:28:34,950

model goes up a little goes up a lot

548

00:28:39,230 --> 00:28:37,020

goes down a little goes down a lot and

549

00:28:41,090 --> 00:28:39,240

and they did quite well with it until

550

00:28:43,670 --> 00:28:41,100

they got bored or something and then

551
00:28:45,740 --> 00:28:43,680
they lost the they lost the plot so to

552
00:28:48,110 --> 00:28:45,750
speak no that's exactly right

553
00:28:50,360 --> 00:28:48,120
rust args he was like the first one to

554
00:28:52,820 --> 00:28:50,370
do that in the silvers market he made

555
00:28:55,280 --> 00:28:52,830
the Wall Street Journal on that but then

556
00:28:56,690 --> 00:28:55,290
tried it again he said he got too much

557
00:28:59,570 --> 00:28:56,700
pressure from the advisor

558
00:29:01,700 --> 00:28:59,580
stirrers to do more than they were doing

559
00:29:04,100 --> 00:29:01,710
at the original one and then it didn't

560
00:29:05,600 --> 00:29:04,110
work well and Stephen Schwartz was

561
00:29:07,490 --> 00:29:05,610
successful I think he was the one who

562
00:29:10,550 --> 00:29:07,500
stopped just because it was the way he

563
00:29:13,450 --> 00:29:10,560

put it too much work anybody gotten a

564

00:29:16,550 --> 00:29:13,460

little bored and you know he's not one

565

00:29:19,700 --> 00:29:16,560

you know that was after the money per se

566

00:29:22,160 --> 00:29:19,710

and I think he had made his point you

567

00:29:25,340 --> 00:29:22,170

know why I'm doing all of this again why

568

00:29:26,990 --> 00:29:25,350

we're good not for the miscue it's not

569

00:29:30,200 --> 00:29:27,000

for the money but it is for the money

570

00:29:33,170 --> 00:29:30,210

and let me explain why I want to have a

571

00:29:36,470 --> 00:29:33,180

lot of people make a lot of money on

572

00:29:39,800 --> 00:29:36,480

this so society will wake up to the

573

00:29:42,460 --> 00:29:39,810

reality the information we've been

574

00:29:45,740 --> 00:29:42,470

talking about has been out there forever

575

00:29:49,580 --> 00:29:45,750

Oracle's and Delphi the Bible has all

576

00:29:53,660 --> 00:29:49,590

kinds of examples of precognition and

577

00:29:56,960 --> 00:29:53,670

yet our society and science which really

578

00:30:00,530 --> 00:29:56,970

frost me as a scientist refused to

579

00:30:04,510 --> 00:30:00,540

acknowledge that consciousness has these

580

00:30:07,430 --> 00:30:04,520

kind of psycho [h__h]

581

00:30:11,240 --> 00:30:07,440

money talks to society let's just face

582

00:30:17,320 --> 00:30:11,250

it that is our society materialistic it

583

00:30:25,630 --> 00:30:21,620

yeah and so if if we can get a lot of

584

00:30:28,610 --> 00:30:25,640

people doing this and making money

585

00:30:33,160 --> 00:30:28,620

science will not start investigating it

586

00:30:36,530 --> 00:30:33,170

to try to understand it better and also

587

00:30:38,540 --> 00:30:36,540

one other aspect of this the people who

588

00:30:41,750 --> 00:30:38,550

get into this has certainly been my

589

00:30:43,670 --> 00:30:41,760

experience and I don't think it has to

590

00:30:47,150 --> 00:30:43,680

be this way but it's in my experience

591

00:30:49,400 --> 00:30:47,160

become more deeply spiritual and you

592

00:30:51,170 --> 00:30:49,410

know what I would like to have those

593

00:30:53,870 --> 00:30:51,180

kind of people have a lot of money

594

00:30:57,500 --> 00:30:53,880

because they would use it in much wiser

595

00:31:01,610 --> 00:30:57,510

ways than you know a lot of the others

596

00:31:03,950 --> 00:31:01,620

who are say pure materialistic which

597

00:31:06,930 --> 00:31:03,960

don't have kind of a spur to allege to

598

00:31:09,659 --> 00:31:06,940

them the spiritual side yes

599

00:31:12,389 --> 00:31:09,669

that's what's motivating me well that's

600

00:31:14,969 --> 00:31:12,399

very cool but you don't know why you're

601
00:31:16,979 --> 00:31:14,979
almost going backwards in time if I

602
00:31:19,379 --> 00:31:16,989
might say that you know you say that

603
00:31:21,169 --> 00:31:19,389
science does not recognize these

604
00:31:24,060 --> 00:31:21,179
abilities and you're quite right

605
00:31:26,700 --> 00:31:24,070
but what was that turnover must have

606
00:31:29,070 --> 00:31:26,710
been in the 1700s because philosophy was

607
00:31:31,769 --> 00:31:29,080
the love of knowledge and that's what

608
00:31:34,200 --> 00:31:31,779
started during the Renaissance the whole

609
00:31:37,139 --> 00:31:34,210
european investigation into the

610
00:31:39,089 --> 00:31:37,149
so-called sciences what do you have any

611
00:31:41,940 --> 00:31:39,099
idea or if you have any thoughts about

612
00:31:44,039 --> 00:31:41,950
where that I mean prior to Newton I

613
00:31:47,099 --> 00:31:44,049

would say it was pretty philosophical

614

00:31:49,049 --> 00:31:47,109

and pretty religious and after that with

615

00:31:52,560 --> 00:31:49,059

cause and effect it seemed to switch

616

00:31:54,330 --> 00:31:52,570

into you know you don't have a cause for

617

00:31:57,560 --> 00:31:54,340

that effect and that effect doesn't

618

00:32:01,109 --> 00:31:57,570

happen yeah that was an interesting

619

00:32:03,239 --> 00:32:01,119

switch oh yeah yeah and it may very well

620

00:32:05,940 --> 00:32:03,249

in what was called the Scientific

621

00:32:07,799 --> 00:32:05,950

Revolution science did become and I

622

00:32:10,320 --> 00:32:07,809

never would want to take anything away

623

00:32:12,299 --> 00:32:10,330

from science and the intellectual part

624

00:32:14,460 --> 00:32:12,309

of us it's just that we've lost that

625

00:32:16,349 --> 00:32:14,470

balance yeah you've lost the balance

626
00:32:19,739 --> 00:32:16,359
between the intellect and the intuitive

627
00:32:21,930 --> 00:32:19,749
but science became and maybe as the

628
00:32:23,639 --> 00:32:21,940
Copernicus Revolution was in other times

629
00:32:27,629 --> 00:32:23,649
just about the timeframe you're talking

630
00:32:30,029 --> 00:32:27,639
about it became so popular that this

631
00:32:31,979 --> 00:32:30,039
other side and when they were the

632
00:32:33,839 --> 00:32:31,989
parapsychology Association was

633
00:32:38,460 --> 00:32:33,849
investigating all kinds of things back

634
00:32:43,710 --> 00:32:38,470
then right but they got sort of dwarfed

635
00:32:45,599 --> 00:32:43,720
by all of the great accomplishments of

636
00:32:48,869 --> 00:32:45,609
science would you continuing to this day

637
00:32:53,419 --> 00:32:48,879
right well I think that we sort of have

638
00:32:56,940 --> 00:32:53,429

to draw a difference between science and

639

00:33:01,379 --> 00:32:56,950

technology and also between religious

640

00:33:04,200 --> 00:33:01,389

and spiritual because prior to the

641

00:33:04,999 --> 00:33:04,210

Copernican Revolution and Newton and so

642

00:33:09,509 --> 00:33:05,009

forth

643

00:33:13,879 --> 00:33:09,519

religion was dogmatic and not not too

644

00:33:18,210 --> 00:33:13,889

many Gnostics around to be to be

645

00:33:20,799 --> 00:33:18,220

spiritual about it religion was a in the

646

00:33:23,259 --> 00:33:20,809

Western world and in the judeo-christian

647

00:33:28,649 --> 00:33:23,269

Meritage including the islamic heritage

648

00:33:31,779 --> 00:33:28,659

we see a paternalistic sort of hierarchy

649

00:33:34,659 --> 00:33:31,789

being and having us being told what the

650

00:33:37,149 --> 00:33:34,669

thought to think and that's rather

651

00:33:38,769 --> 00:33:37,159

different from spiritualism or I don't

652

00:33:41,200 --> 00:33:38,779

mean spiritualism like ghost I mean

653

00:33:43,200 --> 00:33:41,210

being spirit spirituality it's relevant

654

00:33:45,989 --> 00:33:43,210

to say yeah

655

00:33:48,820 --> 00:33:45,999

absolutely absolutely

656

00:33:50,950 --> 00:33:48,830

so how did you get into all this anyway

657

00:33:55,539 --> 00:33:50,960

Marty's it's sort of a really

658

00:34:00,029 --> 00:33:55,549

interesting field well you know I for 35

659

00:34:03,369 --> 00:34:00,039

years I was a classical physicist doing

660

00:34:06,070 --> 00:34:03,379

computational physics simulating nuclear

661

00:34:12,540 --> 00:34:06,080

weapon effects inside of jet engines

662

00:34:15,669 --> 00:34:12,550

high-energy physics Wow but before that

663

00:34:17,740 --> 00:34:15,679

okay I'm gonna mix this up with you

664

00:34:20,710 --> 00:34:17,750

you'll get it okay I was always

665

00:34:23,290 --> 00:34:20,720

interested in as a child science fiction

666

00:34:25,119 --> 00:34:23,300

and advanced stuff and used to read

667

00:34:28,089 --> 00:34:25,129

about these miracle stories that these

668

00:34:30,250 --> 00:34:28,099

yoga's and gurus would supposedly do and

669

00:34:32,980 --> 00:34:30,260

I never knew what to do with that but

670

00:34:35,639 --> 00:34:32,990

it's always interesting and then the

671

00:34:40,000 --> 00:34:35,649

imagining of science fiction now I'm a

672

00:34:41,919 --> 00:34:40,010

scientist and I have clearances because

673

00:34:43,629 --> 00:34:41,929

we used to do like I said nuclear weapon

674

00:34:46,599 --> 00:34:43,639

effects work and things like that so I

675

00:34:49,119 --> 00:34:46,609

had contact with the DIA and I see this

676

00:34:54,089 --> 00:34:49,129

article by how poo dolphin rust argh

677

00:34:56,409 --> 00:34:54,099

early 1970s on remote viewing and the

678

00:34:57,970 --> 00:34:56,419

fact that they had a sort of invent that

679

00:35:00,940 --> 00:34:57,980

word because they couldn't use psychic

680

00:35:02,470 --> 00:35:00,950

phenomena I went to my DNA contacts I

681

00:35:05,710 --> 00:35:02,480

said guy you guys need to know about

682

00:35:08,260 --> 00:35:05,720

this it turned out later I found out

683

00:35:10,660 --> 00:35:08,270

they were funding how poo - rust argh

684

00:35:14,740 --> 00:35:10,670

and they sent me to meet them

685

00:35:16,180 --> 00:35:14,750

so I actually met them in the mid-70s I

686

00:35:18,160 --> 00:35:16,190

don't remember exactly when it was but

687

00:35:21,700 --> 00:35:18,170

it was after that first paper came out

688

00:35:24,579 --> 00:35:21,710

and so you know I've never lost and

689

00:35:29,170 --> 00:35:24,589

those guys were so impressive they did

690

00:35:33,220 --> 00:35:29,180

the first real science I ever saw on

691

00:35:35,589 --> 00:35:33,230

this subject and basically their studies

692

00:35:37,839 --> 00:35:35,599

basically proved it you know with odds

693

00:35:42,010 --> 00:35:37,849

against chance of well over one out of a

694

00:35:43,539 --> 00:35:42,020

million that sort of thing where I do

695

00:35:45,359 --> 00:35:43,549

that what did you got you get these

696

00:35:47,500 --> 00:35:45,369

psychics would give you their yearly

697

00:35:49,690 --> 00:35:47,510

predictions but they would never come

698

00:35:51,609 --> 00:35:49,700

back and give you any kind of feedback

699

00:35:54,039 --> 00:35:51,619

you know what was their percentage hit

700

00:35:56,440 --> 00:35:54,049

rate and all that but these guys were

701
00:35:59,730 --> 00:35:56,450
doing all that it was very impressive to

702
00:36:06,579 --> 00:35:59,740
see science take on this field yes and

703
00:36:09,520 --> 00:36:06,589
so when I got at the end of my sort of

704
00:36:11,620 --> 00:36:09,530
classical career I was in a position

705
00:36:14,079 --> 00:36:11,630
where I could do what I wanted which is

706
00:36:15,880 --> 00:36:14,089
perfect when you're you know near

707
00:36:19,510 --> 00:36:15,890
retirement I retired relatively early

708
00:36:22,020 --> 00:36:19,520
and this is what I got into I started a

709
00:36:23,920 --> 00:36:22,030
company called physics intuition

710
00:36:26,920 --> 00:36:23,930
applications

711
00:36:30,280 --> 00:36:26,930
that's defunct now and now I'm totally

712
00:36:37,630 --> 00:36:30,290
within applied precognition project and

713
00:36:39,520 --> 00:36:37,640

this APPI and I'm just having a great

714

00:36:41,859 --> 00:36:39,530

time you know it's just so interesting

715

00:36:45,520 --> 00:36:41,869

to be at cutting-edge always at cutting

716

00:36:48,849 --> 00:36:45,530

edge and regular science for my 35 year

717

00:36:54,510 --> 00:36:48,859

plus career as a classical scientist and

718

00:36:56,680 --> 00:36:54,520

now I'm probably in my 15th year in this

719

00:36:59,020 --> 00:36:56,690

sigh I don't know what you got

720

00:37:01,260 --> 00:36:59,030

precognition Retro causation feel

721

00:37:05,160 --> 00:37:01,270

consciousness it's really about

722

00:37:09,160 --> 00:37:05,170

consciousness yes would you like to have

723

00:37:12,099 --> 00:37:09,170

my pet theory yes about how this it's

724

00:37:15,339 --> 00:37:12,109

really okay absolutely have you heard of

725

00:37:17,530 --> 00:37:15,349

vacuum energy zero point energy rope

726

00:37:21,420 --> 00:37:17,540

that was Buddhist right was really the

727

00:37:26,260 --> 00:37:21,430

guy who got into that yeah isn't that

728

00:37:30,250 --> 00:37:26,270

interesting yeah after he left sr i he

729

00:37:32,470 --> 00:37:30,260

started a company and probably a few

730

00:37:34,260 --> 00:37:32,480

other people but what he got into was

731

00:37:38,380 --> 00:37:34,270

zero-point energy

732

00:37:42,190 --> 00:37:38,390

now's ero point energy as you probably

733

00:37:44,920 --> 00:37:42,200

know is this bubbling energy down at the

734

00:37:46,020 --> 00:37:44,930

smallest scale that you can imagine so

735

00:37:50,670 --> 00:37:46,030

no matter where

736

00:37:52,920 --> 00:37:50,680

you are at whatever time you are the one

737

00:37:57,000 --> 00:37:52,930

thing which is always around is this

738

00:38:00,300 --> 00:37:57,010

zero-point energy field which is at any

739

00:38:04,620 --> 00:38:00,310

point that you go down to you will get

740

00:38:07,800 --> 00:38:04,630

these huge amounts of energy I mean

741

00:38:09,750 --> 00:38:07,810

really huge energy densities on the

742

00:38:11,400 --> 00:38:09,760

order of what goes on when you set off a

743

00:38:13,980 --> 00:38:11,410

nuclear explosion okay

744

00:38:16,680 --> 00:38:13,990

so we're sitting on this potential well

745

00:38:19,140 --> 00:38:16,690

of huge amounts of energy but it's

746

00:38:20,820 --> 00:38:19,150

constant kind of if you go down to the

747

00:38:22,470 --> 00:38:20,830

deepest parts of the ocean the pressure

748

00:38:25,020 --> 00:38:22,480

would crush you if you went down there

749

00:38:26,700 --> 00:38:25,030

suddenly but the little fish are down

750

00:38:30,210 --> 00:38:26,710

there and they wag their did they whack

751

00:38:32,430 --> 00:38:30,220

tails they move their tail like that and

752

00:38:34,920 --> 00:38:32,440

they could move along just fine because

753

00:38:37,460 --> 00:38:34,930

it's the changes in energy and the

754

00:38:43,320 --> 00:38:37,470

changes in pressure that matter okay

755

00:38:44,940 --> 00:38:43,330

that field in my opinion which is on the

756

00:38:48,360 --> 00:38:44,950

basis of everything in the physical

757

00:38:52,410 --> 00:38:48,370

world is the interface between the

758

00:38:55,680 --> 00:38:52,420

physical and the non-physical cool the

759

00:38:58,110 --> 00:38:55,690

and by non-physical that's another word

760

00:39:01,650 --> 00:38:58,120

for the spiritual we were talking about

761

00:39:07,550 --> 00:39:01,660

the world of pure information and I

762

00:39:10,980 --> 00:39:07,560

think it's through this interface that

763

00:39:14,760 --> 00:39:10,990

all the magic is done in other words the

764

00:39:17,610 --> 00:39:14,770

magic is not really done in the physical

765

00:39:19,410 --> 00:39:17,620

world it's like you go down with your

766

00:39:22,410 --> 00:39:19,420

physical body which is intimately

767

00:39:26,460 --> 00:39:22,420

connected with the zero-point energy you

768

00:39:29,670 --> 00:39:26,470

go across into the spiritual world which

769

00:39:32,640 --> 00:39:29,680

has access to everything immediately

770

00:39:35,520 --> 00:39:32,650

that's the eternal now kind of concept

771

00:39:38,540 --> 00:39:35,530

and then you can go wherever you want to

772

00:39:43,380 --> 00:39:38,550

you can go back up then to your feedback

773

00:39:45,510 --> 00:39:43,390

session experience it go back down send

774

00:39:47,340 --> 00:39:45,520

the information back and you're

775

00:39:52,320 --> 00:39:47,350

connected and all of that of course is

776

00:39:54,900 --> 00:39:52,330

happening instantly but the intermediary

777

00:39:58,110 --> 00:39:54,910

place is this zero-point energy field

778

00:39:59,370 --> 00:39:58,120

this vacuum energy field that's very

779

00:40:01,950 --> 00:39:59,380

fascinating that's

780

00:40:04,829 --> 00:40:01,960

very interesting proposition you've put

781

00:40:09,599 --> 00:40:04,839

forth there has anybody ever followed up

782

00:40:15,589 --> 00:40:09,609

on helpu top series on how Pooh toss

783

00:40:19,049 --> 00:40:15,599

what theory well I mean he is to me i

784

00:40:20,970 --> 00:40:19,059

way past my abilities but you know from

785

00:40:23,430 --> 00:40:20,980

the little I've read about zero-point

786

00:40:25,019 --> 00:40:23,440

energy it seems like you know someone

787

00:40:26,539 --> 00:40:25,029

who's just starting out in physics would

788

00:40:31,349 --> 00:40:26,549

be all over this

789

00:40:35,519 --> 00:40:31,359

well it's well well past that zero-point

790

00:40:39,289 --> 00:40:35,529

energy is not debated you know that part

791

00:40:44,249 --> 00:40:39,299

of quantum mechanics and all that is

792

00:40:50,099 --> 00:40:44,259

very well kind of not only established

793

00:40:53,120 --> 00:40:50,109

but he and so many others are working to

794

00:40:56,940 --> 00:40:53,130

find practical applications and in fact

795

00:41:01,789 --> 00:40:56,950

I know this is public

796

00:41:05,249 --> 00:41:01,799

he has contracts with NASA to look at

797

00:41:06,749 --> 00:41:05,259

advanced propulsion systems now think

798

00:41:10,789 --> 00:41:06,759

about if you could have a propulsion

799

00:41:14,670 --> 00:41:10,799

system that would use zero-point energy

800

00:41:16,680 --> 00:41:14,680

off say the skin of your spacecraft you

801
00:41:19,499 --> 00:41:16,690
wouldn't have to carry any fuel that's

802
00:41:21,299 --> 00:41:19,509
to revive yeah and I think that's the

803
00:41:27,289 --> 00:41:21,309
sort of think that they're talking about

804
00:41:34,109 --> 00:41:31,710
would would have solved these problems

805
00:41:36,630 --> 00:41:34,119
people are right now trying to get

806
00:41:38,430 --> 00:41:36,640
what's often called free energy and

807
00:41:40,319 --> 00:41:38,440
where they're getting it from is this

808
00:41:42,809 --> 00:41:40,329
zero-point energy field so people are

809
00:41:45,630 --> 00:41:42,819
working this very aggressively now well

810
00:41:47,970 --> 00:41:45,640
this I tell you how poof I've almost

811
00:41:50,039 --> 00:41:47,980
seems like a mystery man to hit me you

812
00:41:53,400 --> 00:41:50,049
know like his name pops up his name pops

813
00:41:55,589 --> 00:41:53,410

up here and there and it's like how come

814

00:41:58,680 --> 00:41:55,599

one person have been like all over the

815

00:42:00,589 --> 00:41:58,690

map doing all these things and you know

816

00:42:04,019 --> 00:42:00,599

you never see a picture of it oh I I

817

00:42:06,720 --> 00:42:04,029

don't know you know I understand no I'm

818

00:42:08,309 --> 00:42:06,730

listen I'm from a very naive viewpoint

819

00:42:11,069 --> 00:42:08,319

here I am NOT questioning this I'm just

820

00:42:12,630 --> 00:42:11,079

telling you from my viewpoint like it's

821

00:42:14,880 --> 00:42:12,640

like who is help

822

00:42:17,250 --> 00:42:14,890

with all these great ideas that how come

823

00:42:20,280 --> 00:42:17,260

I've never heard of them you know it

824

00:42:24,720 --> 00:42:20,290

seems that way to me like this is just a

825

00:42:26,940 --> 00:42:24,730

phenomenal mind and he just it is he

826

00:42:31,470 --> 00:42:26,950

being tamp down by the government like

827

00:42:33,480 --> 00:42:31,480

the way Tesla was is okay so I mean I

828

00:42:43,400 --> 00:42:33,490

don't know if you're I'm sorry I'm wait

829

00:42:46,410 --> 00:42:43,410

wait no no I am farmer when I when I

830

00:42:49,460 --> 00:42:46,420

interacted with Marty on the internet

831

00:42:53,310 --> 00:42:49,470

and invited him to be on the program I

832

00:42:56,190 --> 00:42:53,320

I've only met how put off once at the

833

00:42:58,290 --> 00:42:56,200

Irv a convention and I would not say I

834

00:43:00,510 --> 00:42:58,300

know the man I did speak to him briefly

835

00:43:05,250 --> 00:43:00,520

actually about being on shadowed reality

836

00:43:07,410 --> 00:43:05,260

podcast but in any case when I did speak

837

00:43:09,840 --> 00:43:07,420

with Marty or write with Marty on the

838

00:43:11,490 --> 00:43:09,850

internet about coming on I had mentioned

839

00:43:14,100 --> 00:43:11,500

to Marty that one of the subjects I was

840

00:43:17,670 --> 00:43:14,110

planning on asking him about had to do

841

00:43:21,690 --> 00:43:17,680

with one same how put off and the to the

842

00:43:26,090 --> 00:43:21,700

Stars Academy and his standing on the

843

00:43:29,130 --> 00:43:26,100

stage there with Tom DeLonge of blink

844

00:43:32,520 --> 00:43:29,140

152 or 158 what is it I don't know I

845

00:43:35,460 --> 00:43:32,530

can't recall in any case he and about

846

00:43:37,950 --> 00:43:35,470

six other scientists of high repute

847

00:43:41,490 --> 00:43:37,960

we're standing on the stage with this

848

00:43:46,650 --> 00:43:41,500

former rock star and it left a lot of

849

00:43:49,650 --> 00:43:46,660

people out here in the let's say more

850

00:43:53,280 --> 00:43:49,660

serious paranormal world wondering what

851
00:43:56,330 --> 00:43:53,290
the hell is going on and we did ask our

852
00:43:59,490 --> 00:43:56,340
last guest who was a second time guest

853
00:44:01,800 --> 00:43:59,500
dr. John B Alexander about what was

854
00:44:03,930 --> 00:44:01,810
going on and he didn't see didn't have

855
00:44:07,470 --> 00:44:03,940
too much to say about it but he said to

856
00:44:09,360 --> 00:44:07,480
be careful of investing in the in the

857
00:44:12,510 --> 00:44:09,370
company because you might lose your

858
00:44:14,220 --> 00:44:12,520
shirt but he didn't have much to say

859
00:44:20,040 --> 00:44:14,230
about what the heck they were doing I

860
00:44:23,220 --> 00:44:20,050
actually called boot offs former former

861
00:44:25,020 --> 00:44:23,230
partner at SR I rust hog who is a friend

862
00:44:26,820 --> 00:44:25,030
and a friend of the show and he didn't

863
00:44:30,120 --> 00:44:26,830

have much to say about it so

864

00:44:31,950 --> 00:44:30,130

I guess we're asking you now Oh Marty

865

00:44:34,320 --> 00:44:31,960

that's funny

866

00:44:37,200 --> 00:44:34,330

yes I guess we're all in the same place

867

00:44:39,750 --> 00:44:37,210

that is what I wanted to bring up yes

868

00:44:44,760 --> 00:44:39,760

the fact that how is involved in there

869

00:44:50,370 --> 00:44:44,770

and that gave it for me enormous

870

00:44:53,970 --> 00:44:50,380

credibility yes and I just saw a film I

871

00:44:56,100 --> 00:44:53,980

mean like just now unacknowledged have

872

00:45:00,330 --> 00:44:56,110

you heard about that one yes no that's

873

00:45:06,450 --> 00:45:00,340

Greer and Pooh Dolph was actually in

874

00:45:10,680 --> 00:45:06,460

that for a short bit which I've I've now

875

00:45:15,360 --> 00:45:10,690

come to believe the UFO phenomenon is

876

00:45:17,880 --> 00:45:15,370

absolutely real and all that the to the

877

00:45:21,260 --> 00:45:17,890

stars just because of my great respect

878

00:45:24,120 --> 00:45:21,270

for Hal I actually did invest in it

879

00:45:27,000 --> 00:45:24,130

really not enough money that it matters

880

00:45:33,390 --> 00:45:27,010

I invested in it to show my support for

881

00:45:37,170 --> 00:45:33,400

it right and yet a lot of people have

882

00:45:38,700 --> 00:45:37,180

done a lot of negative stuff and told me

883

00:45:41,070 --> 00:45:38,710

about this because now I'm talking about

884

00:45:46,260 --> 00:45:41,080

it with you know friends associates and

885

00:45:50,700 --> 00:45:46,270

they say Tom DeLonge is into this idea

886

00:45:53,730 --> 00:45:50,710

of negative yes UFOs yes

887

00:45:56,010 --> 00:45:53,740

and I happen not to believe that because

888

00:45:59,370 --> 00:45:56,020

if they have the capability to be here

889

00:46:02,280 --> 00:45:59,380

notice they're here we're not there they

890

00:46:04,470 --> 00:46:02,290

could have destroyed us long ago if that

891

00:46:07,890 --> 00:46:04,480

was their desire and that was what Greer

892

00:46:15,960 --> 00:46:07,900

says and after listening to this his

893

00:46:22,770 --> 00:46:15,970

unacknowledged okay so I'm passed I now

894

00:46:26,130 --> 00:46:22,780

accept UFOs are here ETS are around the

895

00:46:32,400 --> 00:46:26,140

big question and I think this is why

896

00:46:33,900 --> 00:46:32,410

both Russ and John Alexander who I've

897

00:46:36,540 --> 00:46:33,910

worked with both of them they both been

898

00:46:37,930 --> 00:46:36,550

in our workshops and stuff yeah

899

00:46:43,390 --> 00:46:37,940

[Music]

900

00:46:45,790 --> 00:46:43,400

I probably or maybe I don't know in the

901
00:46:47,680 --> 00:46:45,800
same place I am because I don't quite

902
00:46:51,210 --> 00:46:47,690
know how to put that together right I

903
00:46:55,540 --> 00:46:51,220
would like to think that they are both

904
00:46:59,710 --> 00:46:55,550
part of a positive disclosure where

905
00:47:02,890 --> 00:46:59,720
things like free energy and they said

906
00:47:04,690 --> 00:47:02,900
wait for future announcements yes so I'd

907
00:47:07,630 --> 00:47:04,700
like to think that Tom DeLonge has

908
00:47:10,569 --> 00:47:07,640
changed his opinion and it's the

909
00:47:12,040 --> 00:47:10,579
scientists in that group and noticed

910
00:47:12,910 --> 00:47:12,050
there were that the head of the

911
00:47:15,130 --> 00:47:12,920
skunkworks

912
00:47:17,829 --> 00:47:15,140
previous head who had just left his job

913
00:47:21,540 --> 00:47:17,839

was there indeed yes and you know so

914

00:47:23,920 --> 00:47:21,550

they must have known about this deep

915

00:47:25,599 --> 00:47:23,930

conspiracy which is the way greer puts

916

00:47:27,430 --> 00:47:25,609

it out i mean it's hard to imagine a

917

00:47:28,990 --> 00:47:27,440

worse conspiracy the way he puts it out

918

00:47:30,609 --> 00:47:29,000

and that's the part of that

919

00:47:38,140 --> 00:47:30,619

unacknowledged film i don't know how

920

00:47:40,180 --> 00:47:38,150

much you know to take quite as deeply as

921

00:47:41,710 --> 00:47:40,190

he wanted to take it but what I'm saying

922

00:47:44,050 --> 00:47:41,720

is I can't give you any more information

923

00:47:46,780 --> 00:47:44,060

on that because I don't know okay I'd

924

00:47:49,990 --> 00:47:46,790

like to think Hal is still pure yes and

925

00:47:51,849 --> 00:47:50,000

hasn't been around it threat in some way

926
00:47:53,980 --> 00:47:51,859
or corrupt it right but it might be

927
00:47:56,530 --> 00:47:53,990
threatened because what was one this is

928
00:47:59,589 --> 00:47:56,540
this is the way I look at it and maybe

929
00:48:01,450 --> 00:47:59,599
Kate agrees with most of what I have to

930
00:48:03,430 --> 00:48:01,460
say first of all I have to say I don't

931
00:48:05,319 --> 00:48:03,440
have a dog in the race in terms of what

932
00:48:08,020 --> 00:48:05,329
happens with to the stars you know I'm

933
00:48:12,220 --> 00:48:08,030
not for it I'm not against it I am an

934
00:48:14,319 --> 00:48:12,230
observer at this juncture at the

935
00:48:16,660 --> 00:48:14,329
negative side of it it people are saying

936
00:48:19,870 --> 00:48:16,670
that Tom DeLonge is apparently going to

937
00:48:21,430 --> 00:48:19,880
take a big a big salary off of this I

938
00:48:24,099 --> 00:48:21,440

don't know why he would need to and I

939

00:48:27,430 --> 00:48:24,109

don't know if that's true the other part

940

00:48:32,220 --> 00:48:27,440

is that there are it's a three part it's

941

00:48:36,130 --> 00:48:32,230

a three part deal where one part is

942

00:48:39,130 --> 00:48:36,140

entertainment the other part is research

943

00:48:41,200 --> 00:48:39,140

and the other part is education or just

944

00:48:43,809 --> 00:48:41,210

the disclosure part of it that's the way

945

00:48:46,480 --> 00:48:43,819

I understand it now Greer on the other

946

00:48:50,200 --> 00:48:46,490

hand believes that the et contact is all

947

00:48:52,329 --> 00:48:50,210

positive and Tom DeLonge has written

948

00:48:58,599 --> 00:48:52,339

science fiction

949

00:49:02,440 --> 00:48:58,609

where the the ETS are negative and

950

00:49:04,870 --> 00:49:02,450

hostile and a people are afraid that for

951
00:49:07,120 --> 00:49:04,880
whatever reason that the people who have

952
00:49:09,130 --> 00:49:07,130
come out with him on the stage and I

953
00:49:11,289 --> 00:49:09,140
don't believe this nor do i disbelieve

954
00:49:13,870 --> 00:49:11,299
it though I'm inclined not to believe it

955
00:49:18,009 --> 00:49:13,880
entirely but these people believe that

956
00:49:22,539 --> 00:49:18,019
this is a government siop to make you

957
00:49:24,759 --> 00:49:22,549
afraid of et should ET show up and the

958
00:49:27,640 --> 00:49:24,769
three of us here are engineer Kate and

959
00:49:30,009 --> 00:49:27,650
myself we're all experiencers so we do

960
00:49:32,410 --> 00:49:30,019
believe something is going on now in

961
00:49:36,069 --> 00:49:32,420
terms of it being ET in other words some

962
00:49:39,759 --> 00:49:36,079
some ship from Zeta Reticuli or Alpha

963
00:49:42,099 --> 00:49:39,769

Centauri hey I don't know is it is it

964

00:49:44,019 --> 00:49:42,109

different dimensional creatures that

965

00:49:46,150 --> 00:49:44,029

probably are they are on a different

966

00:49:47,799 --> 00:49:46,160

dimension and that may be the way they

967

00:49:50,319 --> 00:49:47,809

get here so quickly if they are coming

968

00:49:53,019 --> 00:49:50,329

from Zeta Reticuli or maybe they're just

969

00:49:55,359 --> 00:49:53,029

endemic in our own atmosphere maybe

970

00:49:57,940 --> 00:49:55,369

they're like Jack valet a seems to think

971

00:50:02,319 --> 00:49:57,950

you know alternate type of creatures

972

00:50:04,180 --> 00:50:02,329

that may be within our own sphere they

973

00:50:06,220 --> 00:50:04,190

also could be people from the future

974

00:50:10,509 --> 00:50:06,230

though I'm not I'm not clear about how

975

00:50:12,039 --> 00:50:10,519

exactly how that works but do this is

976

00:50:14,680 --> 00:50:12,049

just to say that I don't really have a

977

00:50:17,890 --> 00:50:14,690

dog in the race but it would seem that

978

00:50:21,339 --> 00:50:17,900

the long as you had mentioned and Steven

979

00:50:25,809 --> 00:50:21,349

Greer are on opposite poles and what I

980

00:50:27,759 --> 00:50:25,819

would say to that is just like let's say

981

00:50:29,499 --> 00:50:27,769

the United States may have other

982

00:50:32,680 --> 00:50:29,509

countries around that are friends and

983

00:50:37,089 --> 00:50:32,690

enemies et doesn't have to be all one

984

00:50:41,229 --> 00:50:37,099

thing does it no no I I agree and I

985

00:50:44,319 --> 00:50:41,239

still lean towards a side that says and

986

00:50:47,079 --> 00:50:44,329

this is what Greer said in another piece

987

00:50:49,809 --> 00:50:47,089

that private industry is going to have

988

00:50:52,150 --> 00:50:49,819

to bring out these free energy ideas and

989

00:50:56,130 --> 00:50:52,160

I'd like to think that's going to come

990

00:50:58,479 --> 00:50:56,140

through something like to the stars

991

00:51:00,089 --> 00:50:58,489

but we have to wait we'll have to wait

992

00:51:04,059 --> 00:51:00,099

and see what they do

993

00:51:06,010 --> 00:51:04,069

we have Elon Musk and and Bob Bigelow

994

00:51:09,010 --> 00:51:06,020

who are trying to bring

995

00:51:10,810 --> 00:51:09,020

space travel to private industry I would

996

00:51:13,599 --> 00:51:10,820

say and probably some others yeah but

997

00:51:16,210 --> 00:51:13,609

JPMorgan shut down Tesla because it was

998

00:51:18,280 --> 00:51:16,220

free and I think the same thing is going

999

00:51:21,160 --> 00:51:18,290

to happen with this but eventually

1000

00:51:22,660 --> 00:51:21,170

electric car for many wait yeah let's

1001

00:51:26,980 --> 00:51:22,670

let's just stop there for a minute

1002

00:51:30,700 --> 00:51:26,990

because for me and I think so many

1003

00:51:34,480 --> 00:51:30,710

people I mean I got careers point which

1004

00:51:37,180 --> 00:51:34,490

was it's the free energy issue mm-hmm

1005

00:51:40,300 --> 00:51:37,190

that's more important than the UFO issue

1006

00:51:42,820 --> 00:51:40,310

haha you know the worst scenario is

1007

00:51:45,490 --> 00:51:42,830

they're going to use the bad UFOs to

1008

00:51:54,849 --> 00:51:45,500

take control of the whole planet I mean

1009

00:51:56,260 --> 00:51:54,859

and I don't know but you know I'll tell

1010

00:51:58,900 --> 00:51:56,270

you I'm gonna just do an interesting

1011

00:52:00,160 --> 00:51:58,910

side note for you Marty this this is

1012

00:52:01,540 --> 00:52:00,170

something for you to think about it a

1013

00:52:03,339 --> 00:52:01,550

good friend of mine had been abducted

1014

00:52:06,880 --> 00:52:03,349

and actually never came back

1015

00:52:09,040 --> 00:52:06,890

but before she left she sort of paid me

1016

00:52:12,460 --> 00:52:09,050

a visit which scared the bejesus out of

1017

00:52:15,310 --> 00:52:12,470

me I actually fainted but she said the

1018

00:52:17,170 --> 00:52:15,320

way that these people traveled was that

1019

00:52:19,359 --> 00:52:17,180

they had no ships that they would just

1020

00:52:23,290 --> 00:52:19,369

access their own mind and become the

1021

00:52:25,180 --> 00:52:23,300

ship and so I if she were and this is a

1022

00:52:27,790 --> 00:52:25,190

person who had no background of science

1023

00:52:29,740 --> 00:52:27,800

whatsoever and she used to go into this

1024

00:52:32,620 --> 00:52:29,750

in great detail but so that would

1025

00:52:34,240 --> 00:52:32,630

actually speak to your point absolutely

1026
00:52:39,010 --> 00:52:34,250
you know and so you might be interested

1027
00:52:42,520 --> 00:52:39,020
in we've had well go ahead if you want

1028
00:52:44,980 --> 00:52:42,530
no no no it's just this we have to

1029
00:52:46,870 --> 00:52:44,990
realize that I come from a place and I

1030
00:52:48,940 --> 00:52:46,880
keep the same theme now it's probably

1031
00:52:51,339 --> 00:52:48,950
three conferences ago that we first put

1032
00:52:54,700 --> 00:52:51,349
it out there and that is consciousness

1033
00:52:58,089 --> 00:52:54,710
is fundamental absolutely it is this

1034
00:53:00,070 --> 00:52:58,099
consciousness field that is what is

1035
00:53:03,130 --> 00:53:00,080
transmitted through the zero-point

1036
00:53:04,900 --> 00:53:03,140
energy field its consciousness itself so

1037
00:53:09,220 --> 00:53:04,910
the idea that you're talking about I

1038
00:53:11,109 --> 00:53:09,230

totally resonate with and you can do

1039

00:53:14,500 --> 00:53:11,119

that we've you know they're these and

1040

00:53:16,300 --> 00:53:14,510

they're just so unusual and yet it must

1041

00:53:18,040 --> 00:53:16,310

be a natural characteristic if some

1042

00:53:19,640 --> 00:53:18,050

people can do it and you hear all these

1043

00:53:20,900 --> 00:53:19,650

stories where

1044

00:53:23,029 --> 00:53:20,910

people do things there our last

1045

00:53:24,979 --> 00:53:23,039

conference I saw someone bender not saw

1046

00:53:27,079 --> 00:53:24,989

I wish I had seen it and videotaped it

1047

00:53:29,449 --> 00:53:27,089

but I know she couldn't do it manually

1048

00:53:31,640 --> 00:53:29,459

she bent a rod you know we've all heard

1049

00:53:34,160 --> 00:53:31,650

a spoon bending party yeah so at our

1050

00:53:36,019 --> 00:53:34,170

last conference I had a spoon and rod

1051
00:53:40,910 --> 00:53:36,029
bending conference so I had some rods

1052
00:53:45,829 --> 00:53:40,920
there and this psychic detective Nancy

1053
00:53:49,940 --> 00:53:45,839
the twerk day turned this rod into a

1054
00:53:52,609 --> 00:53:49,950
horseshoe literally and so the powers of

1055
00:53:54,709 --> 00:53:52,619
the mind are incredible and I've seen

1056
00:53:57,589 --> 00:53:54,719
experiments with manifestations that

1057
00:54:00,229 --> 00:53:57,599
look physical that they weren't really

1058
00:54:02,180 --> 00:54:00,239
in this case but the example you gave I

1059
00:54:03,979 --> 00:54:02,190
believe I want to throw out one more

1060
00:54:07,459 --> 00:54:03,989
thing because I'm about to give a

1061
00:54:13,999 --> 00:54:07,469
lecture in fact tomorrow on quantum

1062
00:54:15,140 --> 00:54:14,009
computers that is a wonderful thing

1063
00:54:19,130 --> 00:54:15,150

which is going on

1064

00:54:22,609 --> 00:54:19,140

universities are competing I made a

1065

00:54:24,799 --> 00:54:22,619

chart of the dates the big thing that

1066

00:54:27,739 --> 00:54:24,809

you used to count quantum computers are

1067

00:54:31,910 --> 00:54:27,749

called qubits the quantum bit sort of

1068

00:54:34,729 --> 00:54:31,920

thing mm-hmm and it goes on an

1069

00:54:36,769 --> 00:54:34,739

exponential curve just like a lot of

1070

00:54:40,249 --> 00:54:36,779

other things and we're going to be up to

1071

00:54:44,509 --> 00:54:40,259

a trillion bits within about a million

1072

00:54:47,719 --> 00:54:44,519

years about 50 years okay trillion bits

1073

00:54:50,839 --> 00:54:47,729

that's like cells in our body I'm

1074

00:54:52,789 --> 00:54:50,849

beginning to think our nucleus connected

1075

00:54:55,339 --> 00:54:52,799

with these things called microtubules

1076

00:54:58,519 --> 00:54:55,349

and there's a guy ham Hameroff and

1077

00:55:03,400 --> 00:54:58,529

Penrose who takes the point of view that

1078

00:55:07,459 --> 00:55:03,410

we are in fact quantum computers using

1079

00:55:09,400 --> 00:55:07,469

these microtubules I believe that I

1080

00:55:11,420 --> 00:55:09,410

believe we're going to get to a point

1081

00:55:13,640 --> 00:55:11,430

where things like artificial

1082

00:55:17,209 --> 00:55:13,650

intelligence and quantum computers are

1083

00:55:21,469 --> 00:55:17,219

going to come together you when I'm

1084

00:55:23,150 --> 00:55:21,479

lined heard Marty I know I know

1085

00:55:24,499 --> 00:55:23,160

because what does this all mean and you

1086

00:55:26,029 --> 00:55:24,509

know already people are talking about

1087

00:55:29,059 --> 00:55:26,039

worrying about artificial intelligence

1088

00:55:31,309 --> 00:55:29,069

we've all seen movies where they kick

1089

00:55:32,880 --> 00:55:31,319

over the world against scary stuff I

1090

00:55:35,310 --> 00:55:32,890

don't think it has to be that

1091

00:55:37,410 --> 00:55:35,320

wait well but gotta get our psychology

1092

00:55:39,270 --> 00:55:37,420

together we've got to just become better

1093

00:55:43,470 --> 00:55:39,280

people we think we need some safeguards

1094

00:55:45,630 --> 00:55:43,480

you like science fiction right yeah

1095

00:55:48,090 --> 00:55:45,640

well Dan Brown just came out with a book

1096

00:55:51,560 --> 00:55:48,100

that I've just finished origin you will

1097

00:55:54,630 --> 00:55:51,570

love it it's all about he actually

1098

00:55:58,320 --> 00:55:54,640

combined two different quantum computer

1099

00:56:01,410 --> 00:55:58,330

with a just a regular I guess like a

1100

00:56:04,710 --> 00:56:01,420

sort of a super crate type computer and

1101
00:56:07,920 --> 00:56:04,720
he invented instead of one computer he

1102
00:56:10,800 --> 00:56:07,930
called it a bicameral mind so just like

1103
00:56:13,530 --> 00:56:10,810
the human mind is right and left that's

1104
00:56:19,290 --> 00:56:13,540
how he integrated these two parts of his

1105
00:56:22,560 --> 00:56:19,300
computers it's a phenomenal idea origins

1106
00:56:25,590 --> 00:56:22,570
origin it's great but let me tell you I

1107
00:56:31,800 --> 00:56:25,600
I've actually gone one step further

1108
00:56:33,960 --> 00:56:31,810
ah the I have down below the ZPE level

1109
00:56:36,770 --> 00:56:33,970
there's this universal collective

1110
00:56:39,570 --> 00:56:36,780
consciousness so it contains everything

1111
00:56:43,020 --> 00:56:39,580
well if you break those up into let's

1112
00:56:45,900 --> 00:56:43,030
say people mm-hmm all of us together can

1113
00:56:50,100 --> 00:56:45,910

be viewed as a network of quantum

1114

00:56:52,260 --> 00:56:50,110

computers and all that is the universe

1115

00:56:56,880 --> 00:56:52,270

of collective consciousness uh-huh it's

1116

00:57:02,670 --> 00:56:56,890

like the supercomputer my mind is

1117

00:57:05,910 --> 00:57:02,680

hurting it's changing as each of us

1118

00:57:12,620 --> 00:57:05,920

change the supercomputer changes so we

1119

00:57:19,950 --> 00:57:16,830

multiverse as the case may be well this

1120

00:57:23,460 --> 00:57:19,960

is this has just been totally fantastic

1121

00:57:27,480 --> 00:57:23,470

and interesting Marty and I just want to

1122

00:57:29,430 --> 00:57:27,490

close with the idea of finding out if

1123

00:57:33,270 --> 00:57:29,440

you're going to be at the ERV a

1124

00:57:38,310 --> 00:57:33,280

convention in Las Vegas next June where

1125

00:57:41,250 --> 00:57:38,320

the SSE is joining together under John

1126
00:57:45,420 --> 00:57:41,260
Alexander is hosting it are you going to

1127
00:57:46,920 --> 00:57:45,430
host a and an ARV a session before or

1128
00:57:51,060 --> 00:57:46,930
after

1129
00:57:54,960 --> 00:57:51,070
right before hope you've set up ours so

1130
00:57:57,720 --> 00:57:54,970
it goes Sunday Monday Tuesday and then

1131
00:58:00,690 --> 00:57:57,730
the SCE irva conference starts Wednesday

1132
00:58:04,470 --> 00:58:00,700
so people could do both and we did that

1133
00:58:06,750 --> 00:58:04,480
on purpose man that one week you travel

1134
00:58:08,820 --> 00:58:06,760
you know you come in on Saturday night

1135
00:58:10,890 --> 00:58:08,830
you stay the full week you go out the

1136
00:58:14,610 --> 00:58:10,900
following Sunday and you can see both

1137
00:58:16,530 --> 00:58:14,620
well I hope to be seeing you at all

1138
00:58:18,540 --> 00:58:16,540

three things so to speak even though

1139

00:58:20,760 --> 00:58:18,550

it's a city if two things are combined

1140

00:58:21,510 --> 00:58:20,770

and your thing is before and it sounds

1141

00:58:26,070 --> 00:58:21,520

fabulous

1142

00:58:29,100 --> 00:58:26,080

so yes why don't you just repeat all of

1143

00:58:30,870 --> 00:58:29,110

repeat your website and repeat how

1144

00:58:32,880 --> 00:58:30,880

people can contact you if they're

1145

00:58:35,370 --> 00:58:32,890

interested etcetera

1146

00:58:40,800 --> 00:58:35,380

okay that's beautiful yeah the website

1147

00:58:46,410 --> 00:58:40,810

is applied Precog comm so the word

1148

00:58:48,000 --> 00:58:46,420

applied and then PR ecog comm and if you

1149

00:58:50,640 --> 00:58:48,010

go there there's a way of sending

1150

00:58:52,770 --> 00:58:50,650

messages which go to our organization

1151

00:58:54,810 --> 00:58:52,780

but if anybody wants to they're more

1152

00:59:02,040 --> 00:58:54,820

than welcome to contact me I'm an email

1153

00:59:05,400 --> 00:59:02,050

person Marti ma RT y @p - l - a.com well

1154

00:59:08,610 --> 00:59:05,410

when we put up this this broadcast on

1155

00:59:12,630 --> 00:59:08,620

the internet we will include link to

1156

00:59:15,000 --> 00:59:12,640

your site it will be a link from our our

1157

00:59:15,900 --> 00:59:15,010

site to your site okay beautiful

1158

00:59:18,870 --> 00:59:15,910

beautiful

1159

00:59:21,510 --> 00:59:18,880

thank you so much yes thanks for such an

1160

00:59:24,140 --> 00:59:21,520

enjoyable discussion I really enjoyed it

1161

00:59:27,600 --> 00:59:24,150

I couldn't go home and take an aspirin

1162

00:59:31,530 --> 00:59:27,610

and we hope to have you on again we hope

1163

00:59:33,420 --> 00:59:31,540

that you enjoyed us shattered reality so

1164

00:59:36,660 --> 00:59:33,430

with that we're gonna say goodbye to you

1165

00:59:38,730 --> 00:59:36,670

and continue on to our listeners corner

1166

00:59:45,540 --> 00:59:38,740

Thank You Marty thank you very much

1167

00:59:48,750 --> 00:59:45,550

appreciate thank you yeah that was that

1168

00:59:51,420 --> 00:59:48,760

was really like mind-expanding and

1169

00:59:54,300 --> 00:59:51,430

interesting and really started out at

1170

00:59:58,470 --> 00:59:54,310

the small level and just burst out into

1171

00:59:59,380 --> 00:59:58,480

a big much big universal response yes it

1172

01:00:02,230 --> 00:59:59,390

is yes

1173

01:00:06,370 --> 01:00:02,240

so now we're at our point where we're

1174

01:00:08,440 --> 01:00:06,380

going to talk about our listeners and we

1175

01:00:11,500 --> 01:00:08,450

have some really wonderful listeners

1176

01:00:16,509 --> 01:00:11,510

some of whom have been experiencers and

1177

01:00:19,480 --> 01:00:16,519

I wanted to mention two different women

1178

01:00:24,069 --> 01:00:19,490

who have been on our listeners corner

1179

01:00:27,670 --> 01:00:24,079

the first one is June Ponte who was on a

1180

01:00:31,150 --> 01:00:27,680

few shows ago with her UFO experience

1181

01:00:32,710 --> 01:00:31,160

and currently and I realized that a

1182

01:00:34,960 --> 01:00:32,720

lot of people are not going to be

1183

01:00:37,000 --> 01:00:34,970

listening to this show immediately after

1184

01:00:39,039 --> 01:00:37,010

its published so you'll just have to

1185

01:00:42,069 --> 01:00:39,049

check out what's going on at this place

1186

01:00:45,339 --> 01:00:42,079

at that time but currently as of the

1187

01:00:48,420 --> 01:00:45,349

middle of November 2017 June Ponte has

1188

01:00:51,430 --> 01:00:48,430

an art show going on at the artery in

1189

01:00:53,920 --> 01:00:51,440

Milford Pennsylvania the artery is an

1190

01:00:57,279 --> 01:00:53,930

art gallery on the one of the two main

1191

01:00:59,170 --> 01:00:57,289

streets of Milford PA and I think it was

1192

01:01:00,549 --> 01:00:59,180

quite a good show I did manage to get

1193

01:01:03,730 --> 01:01:00,559

out there and see it and I want to

1194

01:01:07,359 --> 01:01:03,740

congratulate June on her work now moving

1195

01:01:09,249 --> 01:01:07,369

on to another one of our listeners we

1196

01:01:14,170 --> 01:01:09,259

have Diane way bright do you recall

1197

01:01:19,440 --> 01:01:14,180

Diane also had some UFO experiences in

1198

01:01:23,499 --> 01:01:19,450

her life and is a real consciousness

1199

01:01:26,230 --> 01:01:23,509

pioneer somebody who really is trying to

1200

01:01:28,390 --> 01:01:26,240

promote the concepts of consciousness

1201

01:01:29,890 --> 01:01:28,400

and she has she's an artist as well

1202

01:01:31,690 --> 01:01:29,900

isn't that interesting

1203

01:01:34,359 --> 01:01:31,700

yeah they're all artists I mean the

1204

01:01:36,609 --> 01:01:34,369

people we for most of our listeners that

1205

01:01:41,230 --> 01:01:36,619

have been experiences are also artists

1206

01:01:43,029 --> 01:01:41,240

Anthony and you well I have a master's

1207

01:01:45,999 --> 01:01:43,039

degree in fine arts you know it makes

1208

01:01:48,400 --> 01:01:46,009

sense and are good or a good engineer

1209

01:01:50,769 --> 01:01:48,410

here bill is a fantastic musician so but

1210

01:01:53,470 --> 01:01:50,779

I can't even draw stick figures so I'm

1211

01:01:56,470 --> 01:01:53,480

sorry well well you you're a special

1212

01:01:58,870 --> 01:01:56,480

case and we love you anyway Kate but I

1213

01:02:01,480 --> 01:01:58,880

can't sing either no I can't sing either

1214

01:02:03,789 --> 01:02:01,490

but that's I can't you know draw I can

1215

01:02:05,230 --> 01:02:03,799

do things to write fairly well I can

1216

01:02:10,210 --> 01:02:05,240

sing but you don't want to hear it no I

1217

01:02:12,270 --> 01:02:10,220

don't know but now here we go with Diane

1218

01:02:14,850 --> 01:02:12,280

way brights latest

1219

01:02:17,700 --> 01:02:14,860

latest creation here and she is she's an

1220

01:02:21,140 --> 01:02:17,710

extremely creative individual and she

1221

01:02:23,790 --> 01:02:21,150

has illustrated a children's book and

1222

01:02:27,840 --> 01:02:23,800

the name of the children's book is

1223

01:02:32,250 --> 01:02:27,850

imagine if thoughts were balloons okay

1224

01:02:35,100 --> 01:02:32,260

and it writes it goes through it's it's

1225

01:02:37,920 --> 01:02:35,110

really for little kids probably kids who

1226
01:02:40,470 --> 01:02:37,930
can't actually read it to themselves but

1227
01:02:43,470 --> 01:02:40,480
it's a beautiful color book yeah where

1228
01:02:46,800 --> 01:02:43,480
we see it's it's a large a large scale a

1229
01:02:48,450 --> 01:02:46,810
large format book and I'm going to I'm

1230
01:02:51,690 --> 01:02:48,460
going to just read a little bit of it

1231
01:02:54,600 --> 01:02:51,700
and you'll have to buy the book in in

1232
01:02:57,810 --> 01:02:54,610
order to it see the pictures that she

1233
01:03:02,490 --> 01:02:57,820
drew it was written by Rico Vann Venuti

1234
01:03:04,710 --> 01:03:02,500
and illustrated by Diane Wave right so

1235
01:03:07,770 --> 01:03:04,720
I'm gonna read a little bit of it here

1236
01:03:11,610 --> 01:03:07,780
where do thoughts come from those things

1237
01:03:14,430 --> 01:03:11,620
that you wonder like why is the sky blue

1238
01:03:17,760 --> 01:03:14,440

and what causes thunder or where does

1239

01:03:20,780 --> 01:03:17,770

the Sun go when everyone sleeps and why

1240

01:03:23,520 --> 01:03:20,790

do small critters give people the creeps

1241

01:03:26,250 --> 01:03:23,530

do they come from a room somewhere

1242

01:03:28,950 --> 01:03:26,260

locked up in your head from up in the

1243

01:03:30,900 --> 01:03:28,960

clouds or under your bed are they just

1244

01:03:33,900 --> 01:03:30,910

words and pictures that float up in

1245

01:03:37,950 --> 01:03:33,910

space circling the planets or standing

1246

01:03:41,190 --> 01:03:37,960

in place are they given to you by your

1247

01:03:43,650 --> 01:03:41,200

father or mother an aunt or an uncle a

1248

01:03:45,900 --> 01:03:43,660

sister or brother are they something you

1249

01:03:48,120 --> 01:03:45,910

get when you're glued to a screen from a

1250

01:03:51,000 --> 01:03:48,130

book that you've read from a movie

1251

01:03:54,060 --> 01:03:51,010

you've seen and it goes on from there

1252

01:03:56,930 --> 01:03:54,070

explaining that we all have thoughts but

1253

01:04:01,350 --> 01:03:56,940

we get to choose our thoughts which is

1254

01:04:04,740 --> 01:04:01,360

one of the basic concepts in working

1255

01:04:07,260 --> 01:04:04,750

with our intentions if we choose the

1256

01:04:09,060 --> 01:04:07,270

positive thoughts if we choose the

1257

01:04:11,970 --> 01:04:09,070

thoughts that of things that we wish to

1258

01:04:15,390 --> 01:04:11,980

manifest we can all have a better life

1259

01:04:17,310 --> 01:04:15,400

or we can choose alternatively not to

1260

01:04:20,850 --> 01:04:17,320

have any thoughts at all in which case

1261

01:04:23,460 --> 01:04:20,860

we could become Zen masters but either

1262

01:04:24,960 --> 01:04:23,470

way we want to perhaps reject the

1263

01:04:26,190 --> 01:04:24,970

negative thoughts and lots of people

1264

01:04:28,280 --> 01:04:26,200

even adults

1265

01:04:32,160 --> 01:04:28,290

don't realize that they are able to

1266

01:04:36,180 --> 01:04:32,170

reject the negative thoughts yeah so

1267

01:04:38,760 --> 01:04:36,190

okay yes so we are about done for today

1268

01:04:41,030 --> 01:04:38,770

but I I do want to recommend

1269

01:04:43,890 --> 01:04:41,040

imagine if thoughts were balloons

1270

01:04:46,890 --> 01:04:43,900

written by Rico van venuti and

1271

01:04:50,069 --> 01:04:46,900

illustrated by Diane Way bright who is

1272

01:04:53,010 --> 01:04:50,079

one of our listeners one of our

1273

01:04:56,280 --> 01:04:53,020

experiencers who've been on explaining

1274

01:05:00,089 --> 01:04:56,290

her experiences and it is published by

1275

01:05:05,010 --> 01:05:00,099

Hermes house press press of San Juan

1276

01:05:06,359 --> 01:05:05,020

Capistrano California so please order

1277

01:05:09,210 --> 01:05:06,369

this book it's a good one yeah it's

1278

01:05:12,510 --> 01:05:09,220

great for small children and it's nice

1279

01:05:16,530 --> 01:05:12,520

to have children start thinking okay to

1280

01:05:19,800 --> 01:05:16,540

use it that's just horrible horrible

1281

01:05:21,390 --> 01:05:19,810

cliche but outside the box it is you

1282

01:05:23,550 --> 01:05:21,400

know there are a lot of times children

1283

01:05:31,589 --> 01:05:23,560

don't really think about things they

1284

01:05:34,380 --> 01:05:31,599

just do really colorful really pretty

1285

01:05:36,450 --> 01:05:34,390

book um and I think reasonably

1286

01:05:38,309 --> 01:05:36,460

inexpensive for those people who are

1287

01:05:41,099 --> 01:05:38,319

looking for holiday gifts for little

1288

01:05:43,500 --> 01:05:41,109

ones grandparents and parents and

1289

01:05:46,079 --> 01:05:43,510

stockings and stocking stuffers uncles

1290

01:05:48,990 --> 01:05:46,089

and aunts and friends and so forth so I

1291

01:05:50,460 --> 01:05:49,000

think that's about it for us Kate huh

1292

01:05:53,190 --> 01:05:50,470

the other thing so have any

1293

01:05:56,160 --> 01:05:53,200

announcements anything no no I'm good

1294

01:05:58,440 --> 01:05:56,170

I'm good so we're gonna be off for a few

1295

01:06:00,809 --> 01:05:58,450

weeks with the Thanksgiving holiday but

1296

01:06:04,550 --> 01:06:00,819

we hope to come back to you soon but

1297

01:06:15,640 --> 01:06:04,560

right now let's say okay farewell from
