

1  
00:00:08,570 --> 00:00:17,180

[Music]

2  
00:00:25,230 --> 00:00:20,670

welcome to shattered reality with their

3  
00:00:28,230 --> 00:00:25,240

hosts Kate Valentine and Persia prepare

4  
00:00:32,280 --> 00:00:28,240

to have your paradigm shifted and their

5  
00:00:36,029 --> 00:00:32,290

truths questioned and now shattered

6  
00:00:37,709 --> 00:00:36,039

reality Wow hi and this is no a day it's

7  
00:00:39,960 --> 00:00:37,719

great to be inside where it's nice and

8  
00:00:43,470 --> 00:00:39,970

warm good to see you again from Russia

9  
00:00:48,440 --> 00:00:43,480

hey there Kate yes indeed and this is a

10  
00:00:54,889 --> 00:00:48,450

milestone broadcast in several ways

11  
00:01:00,630 --> 00:00:54,899

first of all today is December 30th 2017

12  
00:01:03,690 --> 00:01:00,640

so this is our last podcast of 2017

13  
00:01:06,800 --> 00:01:03,700

that's true that's a milestone okay and

14

00:01:12,660 --> 00:01:06,810

the second milestone is that this is our

15

00:01:13,980 --> 00:01:12,670

60th 6/0 60th episode mm-hmm time goes

16

00:01:18,719 --> 00:01:13,990

fast when I'm in front

17

00:01:21,270 --> 00:01:18,729

time flies right and not only that what

18

00:01:25,500 --> 00:01:21,280

we're dealing with here to start off

19

00:01:30,800 --> 00:01:25,510

with is something that seems relatively

20

00:01:36,359 --> 00:01:30,810

big in the area of unidentified flying

21

00:01:39,539 --> 00:01:36,369

objects UFOs or you ap's or unidentified

22

00:01:43,620 --> 00:01:39,549

aerial phenomena depending on how you

23

00:01:45,990 --> 00:01:43,630

want to look at it and the revelations

24

00:01:51,600 --> 00:01:46,000

as which was the wonderful word you came

25

00:01:56,190 --> 00:01:51,610

up with a few moments ago the

26

00:02:00,570 --> 00:01:56,200

revelations about possible disclosure

27

00:02:04,050 --> 00:02:00,580

now I want to say to start off with that

28

00:02:08,309 --> 00:02:04,060

happened I don't have a dog in this race

29

00:02:11,460 --> 00:02:08,319

I really don't because I've heard both

30

00:02:13,770 --> 00:02:11,470

sides of this argument as saying that

31

00:02:17,220 --> 00:02:13,780

it's disinformation and that other

32

00:02:20,250 --> 00:02:17,230

people saying it's not so just to be

33

00:02:24,660 --> 00:02:20,260

very brief about what's going on

34

00:02:28,080 --> 00:02:24,670

is that we started out in actually up

35

00:02:31,619 --> 00:02:28,090

quite probably several years ago was the

36

00:02:35,869 --> 00:02:31,629

first time I heard about Tom DeLonge

37

00:02:39,420 --> 00:02:35,879

mm-hmm now Tom DeLonge is a rock star

38

00:02:42,809 --> 00:02:39,430

who was Fame was mostly in the 90s in

39

00:02:45,300 --> 00:02:42,819

late 90s involving his group but it's

40

00:02:46,920 --> 00:02:45,310

still going blink-182 I believe it's

41

00:02:50,460 --> 00:02:46,930

called I don't know the number I always

42

00:02:53,460 --> 00:02:50,470

get that screwed up but in any case Tom

43

00:03:00,050 --> 00:02:53,470

DeLonge apparently has always been

44

00:03:05,280 --> 00:03:00,060

interested in UFOs and he somehow was

45

00:03:09,479 --> 00:03:05,290

contacted by people in the Defense

46

00:03:13,080 --> 00:03:09,489

Intelligence Agency or similar people in

47

00:03:16,680 --> 00:03:13,090

the clandestine services of the United

48

00:03:19,649 --> 00:03:16,690

States about UFOs and this goes back a

49

00:03:21,990 --> 00:03:19,659

few years ago and this always sort of

50

00:03:25,229 --> 00:03:22,000

seemed like well is this going to be

51  
00:03:29,490 --> 00:03:25,239  
just another disinformation project in

52  
00:03:32,309 --> 00:03:29,500  
the it like like bennewitz and and that

53  
00:03:34,939 --> 00:03:32,319  
group and do we know do we have to

54  
00:03:37,979 --> 00:03:34,949  
explain who benefits what it would be

55  
00:03:41,759 --> 00:03:37,989  
your well bennewitz just very briefly

56  
00:03:46,050 --> 00:03:41,769  
was a a scientist an engineer I believe

57  
00:03:48,420 --> 00:03:46,060  
who was observing Los Alamos from the

58  
00:03:51,750 --> 00:03:48,430  
outside and seeing strange things flying

59  
00:03:56,369 --> 00:03:51,760  
up and down and there were people there

60  
00:03:58,949 --> 00:03:56,379  
who may have been Richard Doty may have

61  
00:04:02,990 --> 00:03:58,959  
been amongst them and they sort of made

62  
00:04:07,259 --> 00:04:03,000  
the man go crazy and he ended up dying

63  
00:04:09,599 --> 00:04:07,269

yes yes so we were you know I was

64

00:04:11,550 --> 00:04:09,609

looking at the Tom DeLonge thing years

65

00:04:14,189 --> 00:04:11,560

ago and I'm thinking you know I don't

66

00:04:17,759 --> 00:04:14,199

know what I think about this and then lo

67

00:04:22,649 --> 00:04:17,769

and behold they made a few statements in

68

00:04:27,330 --> 00:04:22,659

October and Tom DeLonge got on the stage

69

00:04:29,339 --> 00:04:27,340

on a Facebook direct the broadcast and

70

00:04:32,519 --> 00:04:29,349

got on the stage with a bunch of people

71

00:04:34,619 --> 00:04:32,529

saying that they were going to start a

72

00:04:38,339 --> 00:04:34,629

group called to the stars Academy and

73

00:04:40,349 --> 00:04:38,349

they were going to research UFOs and

74

00:04:44,239 --> 00:04:40,359

they were going to come out with some

75

00:04:48,029 --> 00:04:44,249

revelations and on that stage was Lewis

76

00:04:52,579 --> 00:04:48,039

Elizondo who had recently retired from

77

00:04:55,949 --> 00:04:52,589

the Defense Intelligence Agency and he

78

00:04:58,109 --> 00:04:55,959

knows the head of the Defense Department

79

00:05:02,849 --> 00:04:58,119

and I served with him in Vietnam that

80

00:05:08,339 --> 00:05:02,859

James Madison now also on that stage was

81

00:05:10,649 --> 00:05:08,349

how put off and Jim Sammy van and maybe

82

00:05:12,419 --> 00:05:10,659

three other people who I you know I

83

00:05:15,929 --> 00:05:12,429

can't recall their names but they're all

84

00:05:18,299 --> 00:05:15,939

high up in former military intelligence

85

00:05:23,399 --> 00:05:18,309

now the only one of these people I have

86

00:05:26,069 --> 00:05:23,409

ever met is helpu Duff and I met him at

87

00:05:30,139 --> 00:05:26,079

the ERV a convention a couple of years

88

00:05:36,600 --> 00:05:30,149

ago where he gave a brief address and I

89

00:05:37,949 --> 00:05:36,610

asked him a question which concerned I'm

90

00:05:42,059 --> 00:05:37,959

trying to think of the gentleman's name

91

00:05:46,739 --> 00:05:42,069

now somebody who was with who was with

92

00:05:50,339 --> 00:05:46,749

remote viewing he was a he was a police

93

00:05:52,469 --> 00:05:50,349

chief who died in Las Vegas and nobody

94

00:05:55,169 --> 00:05:52,479

knows who killed him whether it was

95

00:05:59,879 --> 00:05:55,179

somebody killed him in Las Vegas and he

96

00:06:03,029 --> 00:05:59,889

was a former person with Scientology and

97

00:06:06,329 --> 00:06:03,039

apparently how boot off was a

98

00:06:10,319 --> 00:06:06,339

Scientologist briefly and so things

99

00:06:14,369 --> 00:06:10,329

become murky but I had asked dr. Pugh

100

00:06:16,769 --> 00:06:14,379

Tov what I think he's a PhD and I may be

101

00:06:23,939 --> 00:06:16,779

giving him an extra credit but I asked

102

00:06:30,749 --> 00:06:23,949

him about these UFO bases that he had

103

00:06:33,509 --> 00:06:30,759

reported in Australia there was

104

00:06:37,589 --> 00:06:33,519

apparently some evidence that this

105

00:06:40,859 --> 00:06:37,599

remote viewer gave about a UFO base in

106

00:06:43,019 --> 00:06:40,869

around to Australia and he seemed to

107

00:06:45,059 --> 00:06:43,029

answer me in the affirmative that indeed

108

00:06:45,900 --> 00:06:45,069

there was and this was in front of a lot

109

00:06:48,840 --> 00:06:45,910

of people

110

00:06:51,030 --> 00:06:48,850

at the ERV a convention so that was that

111

00:06:53,100 --> 00:06:51,040

was amazing to me at the moment and I

112

00:06:53,970 --> 00:06:53,110

did have a brief conversation with him

113

00:06:56,400 --> 00:06:53,980

afterwards

114

00:06:59,550 --> 00:06:56,410

but I I you know I would not say I know

115

00:07:02,850 --> 00:06:59,560

him to any extent but I did in fact meet

116

00:07:04,620 --> 00:07:02,860

him so that was all interesting and so

117

00:07:06,630 --> 00:07:04,630

all these guys got up on the stage on

118

00:07:09,810 --> 00:07:06,640

Facebook with Tom DeLonge and they said

119

00:07:12,120 --> 00:07:09,820

they were going to start a company which

120

00:07:14,570 --> 00:07:12,130

they did and it has raised two million

121

00:07:19,020 --> 00:07:14,580

dollars and that's kind of impressive

122

00:07:23,130 --> 00:07:19,030

but it it was part entertainment and

123

00:07:25,710 --> 00:07:23,140

part scientific exploration and other

124

00:07:29,780 --> 00:07:25,720

things so I was very confused by it all

125

00:07:34,260 --> 00:07:29,790

well lo and behold a little while later

126

00:07:39,120 --> 00:07:34,270

a press release came out and an article

127

00:07:42,270 --> 00:07:39,130

in The New York Times the week before

128

00:07:46,760 --> 00:07:42,280

Christmas and one of the authors of this

129

00:07:48,030 --> 00:07:46,770

New York Times article was our former

130

00:07:50,730 --> 00:07:48,040

guest

131

00:07:53,310 --> 00:07:50,740

Leslie Kane yeah and Ralph Blumenthal

132

00:07:55,620 --> 00:07:53,320

and I'll have the other lady will have

133

00:07:58,740 --> 00:07:55,630

to forgive me because I'm winging this

134

00:08:01,140 --> 00:07:58,750

and it was three of them wrote this New

135

00:08:03,360 --> 00:08:01,150

York Times article and Leslie Cain said

136

00:08:05,040 --> 00:08:03,370

it was incredibly well vetted and they

137

00:08:08,880 --> 00:08:05,050

were not allowed to use any anonymous

138

00:08:11,760 --> 00:08:08,890

sources and it was all very exciting in

139

00:08:14,090 --> 00:08:11,770

according to Leslie came at who I

140

00:08:16,080 --> 00:08:14,100

respect I think she's a good researcher

141

00:08:20,010 --> 00:08:16,090

yes absolutely

142

00:08:24,620 --> 00:08:20,020

her word I think okay all right so what

143

00:08:28,350 --> 00:08:24,630

they did show was to kind of hazy

144

00:08:31,920 --> 00:08:28,360

videotapes of these objects which they

145

00:08:37,640 --> 00:08:31,930

referred to as tic tacs because of their

146

00:08:43,320 --> 00:08:37,650

kind of oblong or trapezoid shape that

147

00:08:43,830 --> 00:08:43,330

apparently were chased by pilots off the

148

00:08:48,390 --> 00:08:43,840

Nimitz

149

00:08:50,640 --> 00:08:48,400

which is a big aircraft carrier and so

150

00:08:53,700 --> 00:08:50,650

that was the beginning of what would

151

00:08:56,550 --> 00:08:53,710

appear to be some form of disclosure

152

00:08:59,430 --> 00:08:56,560

now we get to the part about the three

153

00:09:02,370 --> 00:08:59,440

senators Harry Reid

154

00:09:05,220 --> 00:09:02,380

Daniel in a way and Ted Stevens so this

155

00:09:10,470 --> 00:09:05,230

is a bipartisan type of an effort but

156

00:09:14,880 --> 00:09:10,480

apparently Harry Reid who was the

157

00:09:20,280 --> 00:09:14,890

senator from Nevada was well acquainted

158

00:09:23,960 --> 00:09:20,290

with with Bob Bigelow exactly and Bob

159

00:09:30,770 --> 00:09:23,970

Bigelow had been researching through the

160

00:09:34,170 --> 00:09:30,780

midst the National MUFON and since its

161

00:09:36,150 --> 00:09:34,180

national discovery discovery science

162

00:09:40,260 --> 00:09:36,160

National Institute of Discovery Science

163

00:09:45,770 --> 00:09:40,270

now we know our other friend of the show

164

00:09:50,040 --> 00:09:45,780

who's been on twice former Army Colonel

165

00:09:51,660 --> 00:09:50,050

John B Alexander PhD he has been on the

166

00:09:55,130 --> 00:09:51,670

show twice and quite a friend of the

167

00:09:58,470 --> 00:09:55,140

show and he was involved with knids

168

00:10:03,000 --> 00:09:58,480

during the time that they were at the

169

00:10:06,570 --> 00:10:03,010

Sherman ranch now apparently Bob Bigelow

170

00:10:09,180 --> 00:10:06,580

has kind of I don't know if he sold the

171

00:10:12,300 --> 00:10:09,190

Sherman ranch at this point or he's no

172

00:10:17,780 --> 00:10:12,310

longer conducting all his research in

173

00:10:21,030 --> 00:10:17,790

the Sherman ranch but he has started

174

00:10:24,720 --> 00:10:21,040

this research with the government and

175

00:10:26,640 --> 00:10:24,730

even before or maybe not before I can't

176

00:10:30,260 --> 00:10:26,650

even say that but certainly before this

177

00:10:33,870 --> 00:10:30,270

does this piece of disclosure let us say

178

00:10:35,430 --> 00:10:33,880

a lot of UFO sightings were being

179

00:10:37,590 --> 00:10:35,440

referred to knids

180

00:10:40,050 --> 00:10:37,600

like if you would call the government

181

00:10:45,960 --> 00:10:40,060

with a UFO sighting they'd say go call

182

00:10:48,390 --> 00:10:45,970

nits and so Harry Reid apparently went

183

00:10:50,160 --> 00:10:48,400

to the Sherman ranch apparently saw some

184

00:10:53,880 --> 00:10:50,170

of the stuff that Bob Bigelow had

185

00:10:57,030 --> 00:10:53,890

collected and said and and and he did in

186

00:11:01,250 --> 00:10:57,040

fact put out with Daniel in a way and

187

00:11:04,320 --> 00:11:01,260

Ted Stevens they did put out a bid and

188

00:11:06,600 --> 00:11:04,330

Bob Bigelow came in the lowest and in

189

00:11:09,840 --> 00:11:06,610

fact Bob Bigelow has put a lot of his

190

00:11:12,150 --> 00:11:09,850

own money into this research long story

191

00:11:12,900 --> 00:11:12,160

short the government had a secret

192

00:11:16,380 --> 00:11:12,910

program with

193

00:11:19,170 --> 00:11:16,390

they denied for researching UFOs out of

194

00:11:21,860 --> 00:11:19,180

the Department of Defense the Defense

195

00:11:25,190 --> 00:11:21,870

Intelligence Agency headed by Louis

196

00:11:29,280 --> 00:11:25,200

Elizondo who just apparently quit and

197

00:11:31,770 --> 00:11:29,290

that's kind of the story so there are

198

00:11:34,530 --> 00:11:31,780

people like Leslie Kane and John

199

00:11:36,720 --> 00:11:34,540

Alexander who are saying you know this

200

00:11:38,730 --> 00:11:36,730

can be the real thing John Alexander

201  
00:11:42,060 --> 00:11:38,740  
said it's been going on for a long time

202  
00:11:44,700 --> 00:11:42,070  
this partial this it's this quarter inch

203  
00:11:47,910 --> 00:11:44,710  
by quarter inch disclosure if you will

204  
00:11:51,210 --> 00:11:47,920  
and he does make an extremely good point

205  
00:11:54,450 --> 00:11:51,220  
about this that you can't get money from

206  
00:11:58,710 --> 00:11:54,460  
the Defense Department unless it is

207  
00:12:03,300 --> 00:11:58,720  
considered to be a threat to the country

208  
00:12:06,420 --> 00:12:03,310  
or to the airspace so my thought on this

209  
00:12:08,130 --> 00:12:06,430  
is that the the quote-unquote others you

210  
00:12:10,650 --> 00:12:08,140  
could call them aliens you could call

211  
00:12:15,030 --> 00:12:10,660  
them others you could call them beings

212  
00:12:19,070 --> 00:12:15,040  
or whatever that it's being portrayed by

213  
00:12:22,410 --> 00:12:19,080

this group as being a threat to us or

214

00:12:25,230 --> 00:12:22,420

evil or whatever like that and I I don't

215

00:12:31,730 --> 00:12:25,240

like that on one hand on the other hand

216

00:12:34,920 --> 00:12:31,740

I take Alexander's point that in fact

217

00:12:41,580 --> 00:12:34,930

they can't get financed unless it's seen

218

00:12:44,070 --> 00:12:41,590

as a threat so and then there are other

219

00:12:48,360 --> 00:12:44,080

people out there that say oh this is

220

00:12:53,820 --> 00:12:48,370

just the intelligence services putting

221

00:12:55,650 --> 00:12:53,830

us into a the long story short is it's

222

00:12:56,130 --> 00:12:55,660

just like Project Blue Book all over

223

00:12:58,170 --> 00:12:56,140

again

224

00:12:59,730 --> 00:12:58,180

you know they investigate they may or

225

00:13:01,530 --> 00:12:59,740

may not find something they say oh no

226

00:13:03,450 --> 00:13:01,540

nothing out there don't worry about it

227

00:13:05,670 --> 00:13:03,460

move along move along and then they

228

00:13:07,860 --> 00:13:05,680

close that down the research continues

229

00:13:09,810 --> 00:13:07,870

and the same thing happened with this

230

00:13:12,770 --> 00:13:09,820

project as well I mean I'm sure the

231

00:13:16,260 --> 00:13:12,780

research is still continuing ongoing

232

00:13:18,590 --> 00:13:16,270

look at the Phoenix lights alone just

233

00:13:22,200 --> 00:13:18,600

that one case you have a half mile

234

00:13:24,810 --> 00:13:22,210

object aerial vessel going through class

235

00:13:27,210 --> 00:13:24,820

Bravo airspace over Sky Harbor in

236

00:13:28,710 --> 00:13:27,220

Arizona and

237

00:13:30,840 --> 00:13:28,720

going through it about 20 30

238

00:13:34,559 --> 00:13:30,850

mile-an-hour I don't know how many knots

239

00:13:36,480 --> 00:13:34,569

and totally at the air force goes up and

240

00:13:39,929 --> 00:13:36,490

they blow them off so it's not so much a

241

00:13:41,400 --> 00:13:39,939

threat as it is just well the hell with

242

00:13:43,110 --> 00:13:41,410

you you know we'll do it whatever we

243

00:13:48,179 --> 00:13:43,120

want and I don't think the big boys like

244

00:13:50,340 --> 00:13:48,189

that no I I know for a fact that in the

245

00:13:52,290 --> 00:13:50,350

old governments the matter if it's this

246

00:13:54,749 --> 00:13:52,300

government or the government of chile or

247

00:13:56,519 --> 00:13:54,759

the government of Uganda it really

248

00:13:58,800 --> 00:13:56,529

doesn't make a difference but they don't

249

00:14:00,990 --> 00:13:58,810

like to feel like they're not in control

250

00:14:02,309 --> 00:14:01,000

of their own airspace and that's that

251

00:14:04,170 --> 00:14:02,319

goes without saying why all

252

00:14:05,970 --> 00:14:04,180

investigations are kept secret because

253

00:14:07,619 --> 00:14:05,980

they're not producing anything everyone

254

00:14:09,300 --> 00:14:07,629

thinks that the government's hiding

255

00:14:10,590 --> 00:14:09,310

something I don't know I think the

256

00:14:14,369 --> 00:14:10,600

government doesn't know any more than we

257

00:14:17,639 --> 00:14:14,379

do well we'll have to wait and see what

258

00:14:20,300 --> 00:14:17,649

comes of this but we're not looking with

259

00:14:24,449 --> 00:14:20,310

a an I to say that there's nothing

260

00:14:27,059 --> 00:14:24,459

certainly we are not the bunkers but we

261

00:14:29,550 --> 00:14:27,069

do look with a slightly skeptical eye

262

00:14:32,970 --> 00:14:29,560

we've got our fingers crossed and our

263

00:14:34,200 --> 00:14:32,980

eyes wide open then not me I know what

264

00:14:36,590 --> 00:14:34,210

they are they're the Klingons

265

00:14:38,819 --> 00:14:36,600

[Laughter]

266

00:14:42,170 --> 00:14:38,829

there's objects up there they're flying

267

00:14:46,650 --> 00:14:42,180

around nobody knows what they are hence

268

00:14:48,809 --> 00:14:46,660

whatever and obviously mr. rein has

269

00:14:52,819 --> 00:14:48,819

investigated these fairly thoroughly -

270

00:14:57,509 --> 00:14:52,829

yes well I think we're coming time to

271

00:15:01,110 --> 00:14:57,519

talk with today's guest who is in fact a

272

00:15:04,499 --> 00:15:01,120

member of MUFON where does the mutual

273

00:15:06,480 --> 00:15:04,509

UFO network which is the mutual UFO sort

274

00:15:08,699 --> 00:15:06,490

of point out by Bob Bigelow at one point

275

00:15:11,400 --> 00:15:08,709

yes yeah it's an interesting connection

276

00:15:15,840 --> 00:15:11,410

there yes and it's now sort of not quite

277

00:15:17,970 --> 00:15:15,850

the membership it used to have well it's

278

00:15:20,939 --> 00:15:17,980

surviving and we'll have to we'll have

279

00:15:23,400 --> 00:15:20,949

to I don't want this to be necessarily

280

00:15:25,439 --> 00:15:23,410

about MUFON or say no because that's a

281

00:15:28,049 --> 00:15:25,449

whole new doubt that's a whole tar baby

282

00:15:31,650 --> 00:15:28,059

by itself that we don't need to do that

283

00:15:35,519 --> 00:15:31,660

today but who we're going to be speaking

284

00:15:38,100 --> 00:15:35,529

to is dr. Terry ray now dr. Terry ray is

285

00:15:40,350 --> 00:15:38,110

a professor emeritus and the law

286

00:15:41,889 --> 00:15:40,360

department of Indiana University of

287

00:15:44,559 --> 00:15:41,899

pencil

288

00:15:47,199 --> 00:15:44,569

he is presently a full-time author with

289

00:15:50,230 --> 00:15:47,209

Sunbury press and is primarily a

290

00:15:54,999 --> 00:15:50,240

novelist but has also authored several

291

00:15:57,309 --> 00:15:55,009

non-fiction works besides his nonfiction

292

00:16:00,490 --> 00:15:57,319

book the complete story of the worldwide

293

00:16:03,160 --> 00:16:00,500

invasion of the orange orbs terry has

294

00:16:09,129 --> 00:16:03,170

also written an extraterrestrial novel

295

00:16:11,740 --> 00:16:09,139

which I've read called gxm 731 Terry was

296

00:16:14,650 --> 00:16:11,750

a military pilot during the Vietnam War

297

00:16:18,189 --> 00:16:14,660

and was honorably discharged as a

298

00:16:20,259 --> 00:16:18,199

disabled veteran he holds a bachelor's

299

00:16:22,749 --> 00:16:20,269

degree in political science from Grove

300

00:16:25,569 --> 00:16:22,759

City College a masters of education and

301  
00:16:28,780 --> 00:16:25,579  
a Juris Doctor from Duquesne University

302  
00:16:31,749 --> 00:16:28,790  
I can never say that I always want to

303  
00:16:33,999 --> 00:16:31,759  
say Duke as me but I won't I won't say

304  
00:16:36,309 --> 00:16:34,009  
that no Duquesne University he was a

305  
00:16:39,970 --> 00:16:36,319  
Pittsburgh trial lawyer after graduation

306  
00:16:42,610 --> 00:16:39,980  
from law school then accepted a faculty

307  
00:16:45,160 --> 00:16:42,620  
position at the Indiana University of

308  
00:16:48,069 --> 00:16:45,170  
Pennsylvania as a law professor as a

309  
00:16:50,740 --> 00:16:48,079  
field investigator for MUFON Terry

310  
00:16:53,980 --> 00:16:50,750  
investigates assigned cases in western

311  
00:16:56,860 --> 00:16:53,990  
Pennsylvania after having his own UFO

312  
00:17:00,480 --> 00:16:56,870  
experience in 2012 in Ocean City

313  
00:17:03,100 --> 00:17:00,490

Maryland seeing 8 large orange orbs

314

00:17:05,679 --> 00:17:03,110

silently flying through the night sky

315

00:17:09,090 --> 00:17:05,689

over the beach he set out to find an

316

00:17:12,750 --> 00:17:09,100

explanation for what he has seen and

317

00:17:16,990 --> 00:17:12,760

from this point we're going to introduce

318

00:17:21,279 --> 00:17:17,000

dr. Terry ray hey Terry

319

00:17:23,020 --> 00:17:21,289

welcome to the show so it's an

320

00:17:25,630 --> 00:17:23,030

interesting I guess we might as well

321

00:17:27,520 --> 00:17:25,640

start with the sighting yeah well let's

322

00:17:29,740 --> 00:17:27,530

talk about your sighting a little bit in

323

00:17:35,710 --> 00:17:29,750

in Ocean City can you give us a little

324

00:17:40,810 --> 00:17:35,720

synopsis of that sure I was sitting out

325

00:17:45,520 --> 00:17:40,820

on the balcony about 10 o'clock at night

326

00:17:48,070 --> 00:17:45,530

and my wife and three kids were inside

327

00:17:50,049 --> 00:17:48,080

and I wasn't allowed to watch television

328

00:17:53,870 --> 00:17:50,059

because they were sleeping so I was

329

00:18:00,080 --> 00:17:53,880

banished on to the the

330

00:18:03,440 --> 00:18:00,090

and I saw two I was facing the Atlantic

331

00:18:04,040 --> 00:18:03,450

Ocean and to my right which would be the

332

00:18:10,190 --> 00:18:04,050

north

333

00:18:13,280 --> 00:18:10,200

I saw a very tiny orange dot which

334

00:18:16,400 --> 00:18:13,290

caught my attention because as the

335

00:18:19,310 --> 00:18:16,410

pilots there are certain colors you are

336

00:18:23,360 --> 00:18:19,320

accustomed to seeing in the night sky

337

00:18:25,760 --> 00:18:23,370

they are primarily white red and green

338

00:18:29,000 --> 00:18:25,770

those are the colors you see you do not

339

00:18:33,830 --> 00:18:29,010

see something that's orange and this

340

00:18:36,320 --> 00:18:33,840

thing continued to grow inside and I

341

00:18:40,130 --> 00:18:36,330

realized it was coming south toward me

342

00:18:43,760 --> 00:18:40,140

and when it got to be I would estimate

343

00:18:49,160 --> 00:18:43,770

about five miles away it was about the

344

00:18:51,020 --> 00:18:49,170

size of a full moon and it just it was

345

00:18:52,700 --> 00:18:51,030

looked like a sending sign almost

346

00:18:56,080 --> 00:18:52,710

exactly like a Setting Sun they just

347

00:19:01,210 --> 00:18:56,090

hovered there by five miles away right

348

00:19:04,940 --> 00:19:01,220

where the ocean meets the sand and

349

00:19:08,810 --> 00:19:04,950

stayed in that position for a problem in

350

00:19:12,110 --> 00:19:08,820

a couple of minutes and then started

351

00:19:14,020 --> 00:19:12,120

moving directly out to sea it went out

352

00:19:18,310 --> 00:19:14,030

when I would estimate about ten miles

353

00:19:21,680 --> 00:19:18,320

and then stopped pause there for a while

354

00:19:25,370 --> 00:19:21,690

then rose rather rapidly up to about

355

00:19:31,810 --> 00:19:25,380

10,000 feet and thence and then headed

356

00:19:36,110 --> 00:19:31,820

south at a level altitude and then

357

00:19:40,220 --> 00:19:36,120

turned south east directly into a

358

00:19:42,320 --> 00:19:40,230

thunderstorm into a storm into a

359

00:19:44,870 --> 00:19:42,330

thunderstorm yes they are they

360

00:19:46,640 --> 00:19:44,880

frequently go into thunderstorms you

361

00:19:48,800 --> 00:19:46,650

know there's a whole nother story about

362

00:19:54,650 --> 00:19:48,810

that but I think it's probably to absorb

363

00:19:58,600 --> 00:19:54,660

energy power but after this disappeared

364

00:20:05,299 --> 00:19:58,610

about a minute later I saw another dot

365

00:20:08,930 --> 00:20:05,309

on the northern horizon and this

366

00:20:11,180 --> 00:20:08,940

orange dot did the exact same thing that

367

00:20:13,879 --> 00:20:11,190

the first one did precisely the same

368

00:20:17,360 --> 00:20:13,889

maneuver it's going to ended up heading

369

00:20:23,060 --> 00:20:17,370

off into the thunderstorm and in all I

370

00:20:27,259 --> 00:20:23,070

saw age of these doing this Wow Terry

371

00:20:31,009 --> 00:20:27,269

yeah can I ask you if anyone else

372

00:20:35,210 --> 00:20:31,019

reported anything to move on or any of

373

00:20:38,450 --> 00:20:35,220

the other agencies that might receive a

374

00:20:43,869 --> 00:20:38,460

UFO report one other person that it was

375

00:20:46,850 --> 00:20:43,879

a girl and she found report was

376

00:20:49,129 --> 00:20:46,860

interesting now I want to ask you one

377

00:20:51,440 --> 00:20:49,139

more thing two things well one thing

378

00:20:55,129 --> 00:20:51,450

which you discussed quite clearly in

379

00:20:57,649 --> 00:20:55,139

your book that it was not a Chinese

380

00:21:01,129 --> 00:20:57,659

lantern and we're going to go in a

381

00:21:02,930 --> 00:21:01,139

minute to why it could not have been a

382

00:21:05,419 --> 00:21:02,940

Chinese lantern which I would like you

383

00:21:06,950 --> 00:21:05,429

to speak to but I have one other

384

00:21:09,470 --> 00:21:06,960

question before which should be

385

00:21:12,619 --> 00:21:09,480

basically a yes or no question and that

386

00:21:15,590 --> 00:21:12,629

is I have seen a number of things that

387

00:21:22,430 --> 00:21:15,600

were orange in the sky and I was

388

00:21:36,080 --> 00:21:22,440

wondering if they could be a drones or

389

00:21:42,830 --> 00:21:40,029

with what I saw they couldn't either

390

00:21:45,019 --> 00:21:42,840

well also anything that was a private

391

00:21:49,489 --> 00:21:45,029

plane or a drone would not fly into us

392

00:21:52,039 --> 00:21:49,499

understand they fly around it so that

393

00:21:56,509 --> 00:21:52,049

alone would indicate that it's not

394

00:22:00,249 --> 00:21:56,519

terrestrial and and generally satellites

395

00:22:03,259 --> 00:22:00,259

don't make turns right angle turns I

396

00:22:08,210 --> 00:22:03,269

hover over the beach right right

397

00:22:11,989 --> 00:22:08,220

but just we you know we hear this back

398

00:22:15,019 --> 00:22:11,999

at us us people who are we people who

399

00:22:17,869 --> 00:22:15,029

are interested in you ApS and UFOs oh

400

00:22:19,120 --> 00:22:17,879

must have been a drone type of thing and

401  
00:22:21,250 --> 00:22:19,130  
in certain airs

402  
00:22:24,040 --> 00:22:21,260  
bases people are so used to seeing

403  
00:22:28,990 --> 00:22:24,050  
drones they barely even look up I've

404  
00:22:30,790 --> 00:22:29,000  
seen two cases of drones was reported

405  
00:22:33,970 --> 00:22:30,800  
drones I have no way to know for sure

406  
00:22:37,450 --> 00:22:33,980  
above the airspace in Providence Rhode

407  
00:22:40,060 --> 00:22:37,460  
Island over different events and these

408  
00:22:42,070 --> 00:22:40,070  
drones seem to be flying over a large

409  
00:22:44,830 --> 00:22:42,080  
public events in Providence Rhode Island

410  
00:22:46,780 --> 00:22:44,840  
and nobody even bothers to look up I

411  
00:22:48,790 --> 00:22:46,790  
find it amazing oh yeah it's a drone

412  
00:22:52,300 --> 00:22:48,800  
that's it you know they're not even

413  
00:22:55,630 --> 00:22:52,310

looking up anymore so it's it's this is

414

00:22:59,560 --> 00:22:55,640

adds to confusion I would say but let's

415

00:23:01,720 --> 00:22:59,570

go on from here question on those eight

416

00:23:03,400 --> 00:23:01,730

orbs that you saw after they finished

417

00:23:05,260 --> 00:23:03,410

these maneuvers did they then get

418

00:23:08,800 --> 00:23:05,270

together or did they just all leave

419

00:23:12,940 --> 00:23:08,810

separately no they disappeared so it

420

00:23:21,820 --> 00:23:12,950

wasn't like eight lights on one chip you

421

00:23:25,060 --> 00:23:21,830

know wanted to point out that they they

422

00:23:27,670 --> 00:23:25,070

were only I would estimate a thousand

423

00:23:31,000 --> 00:23:27,680

feet above the ocean when they were

424

00:23:34,380 --> 00:23:31,010

doing when they stopped above the beach

425

00:23:39,580 --> 00:23:34,390

and then started out over the ocean

426

00:23:44,500 --> 00:23:39,590

another thing in 2012 people weren't

427

00:23:48,240 --> 00:23:44,510

flying groans before this rampage yes

428

00:23:50,830 --> 00:23:48,250

yes I wasn't I wasn't by any means

429

00:23:54,370 --> 00:23:50,840

suggesting that your sighting was a

430

00:23:56,920 --> 00:23:54,380

drone I was merely countering what

431

00:24:00,910 --> 00:23:56,930

people you know the kind of backlash

432

00:24:02,590 --> 00:24:00,920

that we get from the debunkers so try me

433

00:24:04,420 --> 00:24:02,600

consider okay so they were about a

434

00:24:07,210 --> 00:24:04,430

thousand feet over the water and you

435

00:24:09,430 --> 00:24:07,220

were about a few thousand feet back from

436

00:24:10,960 --> 00:24:09,440

the water how large would you say these

437

00:24:11,740 --> 00:24:10,970

things were if you have been standing

438

00:24:14,470 --> 00:24:11,750

right next to them

439

00:24:20,890 --> 00:24:14,480

it sounds like Oh large like I said I

440

00:24:24,130 --> 00:24:20,900

wouldn't say very large probably wow

441

00:24:26,080 --> 00:24:24,140

that's huge and and you couldn't discern

442

00:24:29,440 --> 00:24:26,090

any structure it was just simply this

443

00:24:32,240 --> 00:24:29,450

frequency of orange light I could not

444

00:24:34,520 --> 00:24:32,250

discern a structure the light was

445

00:24:39,710 --> 00:24:34,530

coming from inside I can tell you that

446

00:24:43,820 --> 00:24:39,720

really and yes and they were very hazy

447

00:24:47,090 --> 00:24:43,830

looking it couldn't see the exact edges

448

00:24:49,190 --> 00:24:47,100

of the sphere it was very hazy you know

449

00:24:51,380 --> 00:24:49,200

the one siding I had was the same thing

450

00:24:54,800 --> 00:24:51,390

like you couldn't it almost looked like

451  
00:24:57,680 --> 00:24:54,810  
your eyes were out of focus yes

452  
00:25:01,880 --> 00:24:57,690  
yeah it's I guess I just had binoculars

453  
00:25:04,070 --> 00:25:01,890  
with me and I look closely really yes

454  
00:25:07,130 --> 00:25:04,080  
and the the edges definitely were

455  
00:25:08,840 --> 00:25:07,140  
fuzzies so they must be like affecting

456  
00:25:11,300 --> 00:25:08,850  
the atmosphere too like you know when

457  
00:25:15,350 --> 00:25:11,310  
when hot air rises up how it sort of

458  
00:25:17,030 --> 00:25:15,360  
wobbles the air so Wow well it affected

459  
00:25:19,490 --> 00:25:17,040  
the whole atmosphere around it as well

460  
00:25:23,900 --> 00:25:19,500  
this is really a fascinating sight from

461  
00:25:26,240 --> 00:25:23,910  
your book and I just want to say and

462  
00:25:28,760 --> 00:25:26,250  
we're talking now about his book the

463  
00:25:32,930 --> 00:25:28,770

complete story of the worldwide invasion

464

00:25:37,640 --> 00:25:32,940

of the U of the orange orbs by some very

465

00:25:40,670 --> 00:25:37,650

press as the is the publisher your book

466

00:25:44,960 --> 00:25:40,680

is basically divided into three parts

467

00:25:47,600 --> 00:25:44,970

the first part is is like statistical

468

00:25:52,670 --> 00:25:47,610

largely about where the orbs have been

469

00:25:55,670 --> 00:25:52,680

seen over the United States and then the

470

00:25:58,880 --> 00:25:55,680

second part is primarily lots of

471

00:26:02,390 --> 00:25:58,890

eyewitness reports and then the third

472

00:26:05,300 --> 00:26:02,400

part which is very fascinating has to do

473

00:26:09,050 --> 00:26:05,310

with what what you've come down to

474

00:26:12,380 --> 00:26:09,060

thinking there about and at the

475

00:26:15,230 --> 00:26:12,390

fuzziness it seems to be from your point

476  
00:26:18,110 --> 00:26:15,240  
of view and I have nothing against this

477  
00:26:20,500 --> 00:26:18,120  
that it that the fuzziness and the glow

478  
00:26:24,050 --> 00:26:20,510  
seems to be part of a cloaking device

479  
00:26:29,110 --> 00:26:24,060  
yes hmm so do you want to speak to that

480  
00:26:36,560 --> 00:26:29,120  
a little bit yes I in my research

481  
00:26:40,610 --> 00:26:36,570  
research for an entire year and there

482  
00:26:45,649 --> 00:26:40,620  
were a number of cases that described in

483  
00:26:50,449 --> 00:26:45,659  
detail how this cloaking takes place

484  
00:26:53,869 --> 00:26:50,459  
the people site Aviat some sort of

485  
00:26:59,629 --> 00:26:53,879  
vehicle in the sky whatever it may be

486  
00:27:02,949 --> 00:26:59,639  
and they it has they have seen the

487  
00:27:08,209 --> 00:27:02,959  
cloaking take place and the the orange

488  
00:27:11,029 --> 00:27:08,219

substance whatever is comes out the

489

00:27:16,669 --> 00:27:11,039

bottom of the vehicle goes up around it

490

00:27:19,129 --> 00:27:16,679

informs the bubble interesting and and I

491

00:27:23,299 --> 00:27:19,139

have a one question to ask you

492

00:27:26,989 --> 00:27:23,309

out of curiosity of the many sightings

493

00:27:29,179 --> 00:27:26,999

in which you have pages and pages of

494

00:27:31,879 --> 00:27:29,189

eyewitness reports in different

495

00:27:35,209 --> 00:27:31,889

categories and the one that really

496

00:27:37,189 --> 00:27:35,219

struck me happened at Cape Fear and I

497

00:27:39,469 --> 00:27:37,199

wanted to ask you is this is this the

498

00:27:46,189 --> 00:27:39,479

beginning of the Bledsoe case that you

499

00:27:55,429 --> 00:27:46,199

were reporting on okay that was just one

500

00:27:58,909 --> 00:27:55,439

of the cases because it in your book it

501  
00:28:02,509 --> 00:27:58,919  
talks about a man and his son on the

502  
00:28:04,879 --> 00:28:02,519  
Cape Fear River down in the south

503  
00:28:07,729 --> 00:28:04,889  
and what is that North Carolina South

504  
00:28:11,929 --> 00:28:07,739  
Carolina I'm not my geography is failing

505  
00:28:14,749 --> 00:28:11,939  
me at the moment but how they cited

506  
00:28:16,789 --> 00:28:14,759  
several of these orange orbs and they

507  
00:28:18,379 --> 00:28:16,799  
were on a fishing trip and how they left

508  
00:28:21,469 --> 00:28:18,389  
and it sounded just like the beginning

509  
00:28:26,119 --> 00:28:21,479  
of the Bledsoe case and I was just

510  
00:28:28,419 --> 00:28:26,129  
questioning that the other things that

511  
00:28:31,939 --> 00:28:28,429  
it would be interesting to talk about

512  
00:28:34,129 --> 00:28:31,949  
more than Rhian less you have a specific

513  
00:28:37,729 --> 00:28:34,139

case other than your own which you would

514

00:28:39,949 --> 00:28:37,739

like to bring to our attention I would

515

00:28:43,579 --> 00:28:39,959

like to ask you one thing

516

00:28:46,849 --> 00:28:43,589

because if you heard our beginning of

517

00:28:50,089 --> 00:28:46,859

the episode today we spoke about Leslie

518

00:28:55,369 --> 00:28:50,099

Cain and Leslie Kane particularly said

519

00:28:58,810 --> 00:28:55,379

that this revelation this disclosure if

520

00:29:05,200 --> 00:28:58,820

you will will not include anything to do

521

00:29:07,600 --> 00:29:05,210

with beings like actual physical or semi

522

00:29:10,870 --> 00:29:07,610

physical beings that would be coming

523

00:29:13,270 --> 00:29:10,880

down out of the you a piece or UFO is

524

00:29:17,320 --> 00:29:13,280

because that's not the kind of

525

00:29:19,180 --> 00:29:17,330

information that the dia was collecting

526

00:29:22,390 --> 00:29:19,190

now whether I believe that or not is a

527

00:29:29,520 --> 00:29:22,400

moot point but you on the other hand

528

00:29:33,250 --> 00:29:29,530

have a number of eyewitness reports of

529

00:29:35,680 --> 00:29:33,260

beings associated with the orange orbs

530

00:29:39,900 --> 00:29:35,690

can you give us one of the bay the best

531

00:29:42,430 --> 00:29:39,910

cases can you talk about that now sure

532

00:29:46,330 --> 00:29:42,440

there have been a number of cases where

533

00:29:48,460 --> 00:29:46,340

the beings have been sighted and one

534

00:29:49,990 --> 00:29:48,470

case in particular I found there's

535

00:29:54,130 --> 00:29:50,000

actually there's two I'll tell you about

536

00:29:57,760 --> 00:29:54,140

one had to do with an elderly elderly

537

00:30:01,060 --> 00:29:57,770

lady who lived on a farm I think was in

538

00:30:05,560 --> 00:30:01,070

North Carolina and they watched they saw

539

00:30:11,010 --> 00:30:05,570

just what I saw this big orange spear

540

00:30:13,840 --> 00:30:11,020

and it came down all the way just and

541

00:30:19,000 --> 00:30:13,850

landed right near their barns which was

542

00:30:23,770 --> 00:30:19,010

about a hundred yards away and they as

543

00:30:27,670 --> 00:30:23,780

they watched they saw several figures

544

00:30:31,570 --> 00:30:27,680

emerge and the the woman described them

545

00:30:38,200 --> 00:30:31,580

as being very tall probably nine feet

546

00:30:44,530 --> 00:30:38,210

tall very thin lung long arms and legs

547

00:30:46,900 --> 00:30:44,540

and she said they began to run faster

548

00:30:49,750 --> 00:30:46,910

than any any being she's ever seen

549

00:30:50,440 --> 00:30:49,760

growing and they scared the hell out of

550

00:30:55,480 --> 00:30:50,450

her

551  
00:30:59,140 --> 00:30:55,490  
hurt cattle and dogs and she was very

552  
00:31:01,270 --> 00:30:59,150  
caring he was interesting I I don't

553  
00:31:06,430 --> 00:31:01,280  
think she underwent understood what

554  
00:31:09,760 --> 00:31:06,440  
MUFON is but she ended her case report

555  
00:31:10,960 --> 00:31:09,770  
by saying I'm very frightened can you

556  
00:31:14,200 --> 00:31:10,970  
please come down

557  
00:31:18,340 --> 00:31:14,210  
here and help me Wow I thought was

558  
00:31:22,690 --> 00:31:18,350  
interesting Wow so she she was you know

559  
00:31:26,950 --> 00:31:22,700  
an unsophisticated person but and there

560  
00:31:29,560 --> 00:31:26,960  
is a another sighting what did anything

561  
00:31:35,860 --> 00:31:29,570  
ever I don't remember where is took

562  
00:31:41,860 --> 00:31:35,870  
place but it was a a group of people

563  
00:31:44,500 --> 00:31:41,870

were down below a big rise and I wish

564

00:31:46,960 --> 00:31:44,510

the you know sort of a plateau up above

565

00:31:48,610 --> 00:31:46,970

them they saw that I don't worry coming

566

00:31:52,990 --> 00:31:48,620

down it disappeared

567

00:31:56,649 --> 00:31:53,000

so they climbed the grassy hill up to

568

00:32:04,289 --> 00:31:56,659

the top of this little plateau and they

569

00:32:09,190 --> 00:32:04,299

saw a - a group of beings one was the

570

00:32:13,570 --> 00:32:09,200

tall thin creatures about nine feet tall

571

00:32:17,049 --> 00:32:13,580

and they they tend to have shiny shiny

572

00:32:19,770 --> 00:32:17,059

black covering on them almost all the

573

00:32:26,230 --> 00:32:19,780

reports of the taller creatures that way

574

00:32:30,880 --> 00:32:26,240

very very long legs and and arms and

575

00:32:34,659 --> 00:32:30,890

with them were some smaller creatures

576

00:32:37,560 --> 00:32:34,669

that were three or four feet tall who

577

00:32:41,590 --> 00:32:37,570

had a lighter color almost grayish color

578

00:32:43,810 --> 00:32:41,600

and the there were several people that

579

00:32:45,960 --> 00:32:43,820

followed this report together but they

580

00:32:49,870 --> 00:32:45,970

they said described that their

581

00:32:51,850 --> 00:32:49,880

interaction between the tall beings and

582

00:32:55,120 --> 00:32:51,860

the little beings was very much like a

583

00:32:57,210 --> 00:32:55,130

parent and child the children the

584

00:33:01,360 --> 00:32:57,220

smaller ones seemed to be playing and

585

00:33:04,029 --> 00:33:01,370

the taller beings seemed to be watching

586

00:33:06,520 --> 00:33:04,039

over them as a parent would in a

587

00:33:08,440 --> 00:33:06,530

playground so the people who were

588

00:33:10,120 --> 00:33:08,450

observing this were sort of like poking

589

00:33:12,700 --> 00:33:10,130

their heads up over the plateau and

590

00:33:13,990 --> 00:33:12,710

watching this no they walked right off

591

00:33:17,660 --> 00:33:14,000

did they really

592

00:33:20,360 --> 00:33:17,670

yes they did most people would not do

593

00:33:23,060 --> 00:33:20,370

I'm with the yeah I'm with you so they

594

00:33:25,190 --> 00:33:23,070

walked up to these beings they saw this

595

00:33:27,350 --> 00:33:25,200

whole no I didn't get real close to them

596

00:33:29,420 --> 00:33:27,360

but they were up where they could have

597

00:33:32,540 --> 00:33:29,430

been seen by the beings okay so they're

598

00:33:34,450 --> 00:33:32,550

on the same surface I level yeah I think

599

00:33:42,920 --> 00:33:34,460

I might be gone like a cool breeze

600

00:33:49,820 --> 00:33:42,930

myself yeah sort of thing sometimes it's

601  
00:33:51,620 --> 00:33:49,830  
fascination and sometimes it's fear sure

602  
00:33:53,600 --> 00:33:51,630  
a fear of the unknown but so they were

603  
00:33:55,520 --> 00:33:53,610  
watching these people these beings

604  
00:33:58,010 --> 00:33:55,530  
interact with each other two different

605  
00:33:59,900 --> 00:33:58,020  
types did the beings try to interact

606  
00:34:05,410 --> 00:33:59,910  
with them do they approach that it

607  
00:34:07,640 --> 00:34:05,420  
didn't ah but there is another case of a

608  
00:34:10,190 --> 00:34:07,650  
hunting party I don't know if you read

609  
00:34:13,250 --> 00:34:10,200  
this case or not but there were there

610  
00:34:18,710 --> 00:34:13,260  
was a hunting party and they were

611  
00:34:23,659 --> 00:34:18,720  
camping out and they saw the same thing

612  
00:34:25,460 --> 00:34:23,669  
this orangish spear land somewhere

613  
00:34:28,460 --> 00:34:25,470

beyond where they were in the woods

614

00:34:31,580 --> 00:34:28,470

their campsite and two of the I guess

615

00:34:34,630 --> 00:34:31,590

the more intrepid of the hunters decided

616

00:34:39,760 --> 00:34:34,640

to go see what these things were and

617

00:34:45,020 --> 00:34:39,770

they had to walk about a mile to on a

618

00:34:48,950 --> 00:34:45,030

flat a cleared surface a grassy surface

619

00:34:52,690 --> 00:34:48,960

and what they saw they described it was

620

00:34:56,720 --> 00:34:52,700

a smaller there was a small craft

621

00:35:00,620 --> 00:34:56,730

apparently if the the craft had probably

622

00:35:02,930 --> 00:35:00,630

uncloaked so you could actually see the

623

00:35:06,440 --> 00:35:02,940

vehicle it was a relatively small

624

00:35:11,800 --> 00:35:06,450

vehicle and they said they saw two of

625

00:35:15,080 --> 00:35:11,810

the tall black shining creatures out

626  
00:35:16,880 --> 00:35:15,090  
inspecting this craft as though sort of

627  
00:35:18,320 --> 00:35:16,890  
like your car had broken down on a

628  
00:35:18,980 --> 00:35:18,330  
highway and you're trying to see what's

629  
00:35:25,250 --> 00:35:18,990  
the matter with it

630  
00:35:29,270 --> 00:35:25,260  
and these two beings they and it was a

631  
00:35:30,190 --> 00:35:29,280  
man and his son they got fairly close to

632  
00:35:31,599 --> 00:35:30,200  
them and

633  
00:35:33,700 --> 00:35:31,609  
they said that these beings turned

634  
00:35:35,650 --> 00:35:33,710  
around and looked at them and then

635  
00:35:37,569 --> 00:35:35,660  
turned around again went back to

636  
00:35:38,050 --> 00:35:37,579  
whatever they were doing just ignored

637  
00:35:43,630 --> 00:35:38,060  
them

638  
00:35:45,339 --> 00:35:43,640

yes yeah but at a certain point this

639

00:35:47,230 --> 00:35:45,349

went on for you know five ten minutes

640

00:35:49,359 --> 00:35:47,240

they were just watching whatever they

641

00:35:51,839 --> 00:35:49,369

were doing to their craft I don't know

642

00:35:55,960 --> 00:35:51,849

maybe changing the headlights do that

643

00:36:01,470 --> 00:35:55,970

but all of a sudden they felt themselves

644

00:36:04,480 --> 00:36:01,480

moving closer to this craft without

645

00:36:06,370 --> 00:36:04,490

themselves moving but I walk yes I

646

00:36:09,150 --> 00:36:06,380

remember that I remember that from the

647

00:36:11,890 --> 00:36:09,160

blows yes closer and closer and finally

648

00:36:15,430 --> 00:36:11,900

they were pulled right up to these

649

00:36:19,990 --> 00:36:15,440

beings who then took them inside the

650

00:36:22,540 --> 00:36:20,000

craft and they didn't say exactly what

651  
00:36:26,410 --> 00:36:22,550  
went on but they the only thing Lee said

652  
00:36:28,930 --> 00:36:26,420  
is what they did to us was discussed Wow

653  
00:36:31,870 --> 00:36:28,940  
Wow and what they were done they put

654  
00:36:36,010 --> 00:36:31,880  
them back out where they had been in the

655  
00:36:47,079 --> 00:36:36,020  
craft departed shall we shall we think

656  
00:36:49,030 --> 00:36:47,089  
perhaps the infamous anal probe well

657  
00:36:51,099 --> 00:36:49,040  
that was you know that what I don't mean

658  
00:36:55,599 --> 00:36:51,109  
to well I'm not making fun of anybody

659  
00:36:59,650 --> 00:36:55,609  
but they that was a big bad part of some

660  
00:37:01,300 --> 00:36:59,660  
of the but but so anyway actually you

661  
00:37:04,839 --> 00:37:01,310  
know it's it's interesting it's almost

662  
00:37:07,329 --> 00:37:04,849  
as if you alright let's say Linda a

663  
00:37:11,740 --> 00:37:07,339

helicopter we were pairing it out in the

664

00:37:13,240 --> 00:37:11,750

wilds of Africa and to I don't know some

665

00:37:15,250 --> 00:37:13,250

sort of a deer or some sort of an animal

666

00:37:17,230 --> 00:37:15,260

came up and we're watching us you go I

667

00:37:19,270 --> 00:37:17,240

wonder what kind of an animal that is

668

00:37:21,730 --> 00:37:19,280

you take them in try to identify him put

669

00:37:24,309 --> 00:37:21,740

him back out right exactly it definitely

670

00:37:26,620 --> 00:37:24,319

didn't seem like they were on an equal

671

00:37:32,620 --> 00:37:26,630

level with these beings it was really no

672

00:37:37,329 --> 00:37:32,630

absolutely no absolutely they in a lot

673

00:37:38,950 --> 00:37:37,339

of the cases a blue beam is described

674

00:37:41,800 --> 00:37:38,960

that's any time they want to put

675

00:37:43,220 --> 00:37:41,810

something down to the earth surface or

676

00:37:49,250 --> 00:37:43,230

pull something up

677

00:37:54,390 --> 00:37:49,260

so whatever this apparently is used to

678

00:37:57,089 --> 00:37:54,400

extract things well this is this is very

679

00:38:00,569 --> 00:37:57,099

very interesting and you come to some

680

00:38:07,010 --> 00:38:00,579

very interesting conclusions about these

681

00:38:11,160 --> 00:38:07,020

beings and I I have no reason to

682

00:38:15,210 --> 00:38:11,170

disregard any of your conclusions except

683

00:38:19,799 --> 00:38:15,220

to say that it seems to be about like

684

00:38:21,990 --> 00:38:19,809

one class of of visitor and beings but

685

00:38:26,750 --> 00:38:22,000

this may not be the only class of

686

00:38:30,630 --> 00:38:26,760

visitors and beings that are possible

687

00:38:34,079 --> 00:38:30,640

and and the interesting thing it has to

688

00:38:37,049 --> 00:38:34,089

do with when the beings are seen the

689

00:38:41,010 --> 00:38:37,059

tall beings particularly running seem to

690

00:38:47,579 --> 00:38:41,020

run in an upright fashion kind of

691

00:38:50,609 --> 00:38:47,589

different than any human or ape you know

692

00:38:53,819 --> 00:38:50,619

might run in they do they sort of lean

693

00:38:56,789 --> 00:38:53,829

backwards a bit we lean forward but they

694

00:38:59,520 --> 00:38:56,799

tend to be very erect and lean lean

695

00:39:04,980 --> 00:38:59,530

backwards somewhat when they run which I

696

00:39:07,799 --> 00:39:04,990

don't know how they do well maybe their

697

00:39:10,200 --> 00:39:07,809

bones are the you know the angle of the

698

00:39:18,299 --> 00:39:10,210

joints are different but still who knows

699

00:39:20,670 --> 00:39:18,309

if they even have bones so well then I

700

00:39:23,430 --> 00:39:20,680

guess we should get to what what did you

701  
00:39:25,859 --> 00:39:23,440  
conclude from all this I mean are you

702  
00:39:28,680 --> 00:39:25,869  
know it seems to me that there are so

703  
00:39:32,010 --> 00:39:28,690  
many sightings if if you were going on a

704  
00:39:34,770 --> 00:39:32,020  
voyage of discovery let's say you wanted

705  
00:39:37,020 --> 00:39:34,780  
to we didn't have warp speed and we

706  
00:39:38,910 --> 00:39:37,030  
wanted to investigate planets you would

707  
00:39:41,549 --> 00:39:38,920  
just like Star Trek said one two maybe

708  
00:39:43,440 --> 00:39:41,559  
three vessels if on the other hand it

709  
00:39:48,569 --> 00:39:43,450  
was an invasion force you would send

710  
00:39:50,490 --> 00:39:48,579  
multiple vessels so either I don't know

711  
00:39:53,099 --> 00:39:50,500  
I thought the number of sightings

712  
00:39:55,760 --> 00:39:53,109  
bothers me more than deciding itself

713  
00:40:00,290 --> 00:39:55,770

yeah it's

714

00:40:04,160 --> 00:40:00,300

if as we were as you were discussing

715

00:40:07,190 --> 00:40:04,170

earlier in the in the first part of my

716

00:40:10,100 --> 00:40:07,200

book I deal with statistics and that's

717

00:40:14,630 --> 00:40:10,110

why I called my book the invasion of the

718

00:40:18,890 --> 00:40:14,640

orange orbs because back in 2003 I think

719

00:40:22,100 --> 00:40:18,900

it is there were probably worldwide only

720

00:40:27,830 --> 00:40:22,110

about three or four of these orbs cited

721

00:40:30,290 --> 00:40:27,840

mm-hmm and said by 2013 there were a

722

00:40:35,290 --> 00:40:30,300

couple thousand of them cited in the

723

00:40:38,000 --> 00:40:35,300

year now that is an interesting

724

00:40:43,940 --> 00:40:38,010

phenomenon which begs the question why

725

00:40:45,620 --> 00:40:43,950

is this happening this way and I have my

726

00:40:47,510 --> 00:40:45,630

own opinion if you want to hear it

727

00:40:56,590 --> 00:40:47,520

certainly that's why we have you on the

728

00:41:00,080 --> 00:40:56,600

show yeah I think at one time you a

729

00:41:03,410 --> 00:41:00,090

sighting of a UFO was extremely rare

730

00:41:06,109 --> 00:41:03,420

right and people would publish these

731

00:41:09,170 --> 00:41:06,119

something this great glory things and

732

00:41:12,590 --> 00:41:09,180

say this is the UFO I saw right you know

733

00:41:16,520 --> 00:41:12,600

the extremely rare right

734

00:41:19,730 --> 00:41:16,530

and the orange orbs were in that class

735

00:41:23,900 --> 00:41:19,740

they were extremely rare but for what

736

00:41:30,640 --> 00:41:23,910

for some reason they the rather being

737

00:41:36,830 --> 00:41:34,460

the advent of the orange orb where you

738

00:41:39,040 --> 00:41:36,840

know when they take a vehicle which it

739

00:41:45,590 --> 00:41:39,050

would probably be invisible in the sky

740

00:41:48,980 --> 00:41:45,600

but instead they start utilizing a cloak

741

00:41:52,250 --> 00:41:48,990

which makes them extremely visible it's

742

00:41:55,580 --> 00:41:52,260

almost like they have a sign saying look

743

00:41:59,870 --> 00:41:55,590

at me right it is designed it's a color

744

00:42:04,460 --> 00:41:59,880

and it is bright enough that you would

745

00:42:06,340 --> 00:42:04,470

see it and in my opinion is they they

746

00:42:09,230 --> 00:42:06,350

don't what they they're intelligent

747

00:42:11,090 --> 00:42:09,240

beings they're doing this for

748

00:42:15,820 --> 00:42:11,100

reason and I think the reason they're

749

00:42:18,320 --> 00:42:15,830

doing it is to gradually acclimate

750

00:42:21,620 --> 00:42:18,330

Earthlings to the fact that they're up

751  
00:42:25,460 --> 00:42:21,630  
there right and I think they use a color

752  
00:42:29,720 --> 00:42:25,470  
in a shape looks like the Setting Sun

753  
00:42:32,570 --> 00:42:29,730  
but it's very non-threatening and I

754  
00:42:35,420 --> 00:42:32,580  
think the what they're doing is they're

755  
00:42:37,460 --> 00:42:35,430  
they are more and more and more

756  
00:42:40,820 --> 00:42:37,470  
populating the night sky

757  
00:42:44,630 --> 00:42:40,830  
I actually just come at a personal level

758  
00:42:49,330 --> 00:42:44,640  
since my encounter in 2012 I've seen

759  
00:42:53,570 --> 00:42:49,340  
about ten orange orbs since then and

760  
00:42:57,950 --> 00:42:53,580  
they are everywhere all over the world

761  
00:43:01,970 --> 00:42:57,960  
and I think not the question becomes why

762  
00:43:05,750 --> 00:43:01,980  
are they making themselves so obvious

763  
00:43:07,040 --> 00:43:05,760

why they want us to see them I think if

764

00:43:11,180 --> 00:43:07,050

they're what they're doing they're

765

00:43:14,330 --> 00:43:11,190

conditioning us I think of it if they

766

00:43:17,770 --> 00:43:14,340

all of a sudden just these huge some

767

00:43:21,349 --> 00:43:17,780

huge ships appeared in the daylight I

768

00:43:25,400 --> 00:43:21,359

think you would have worldwide panic oh

769

00:43:27,260 --> 00:43:25,410

yeah and I think these beings are smart

770

00:43:29,620 --> 00:43:27,270

enough to know that and I'm sure this is

771

00:43:31,970 --> 00:43:29,630

not the first planet they visited and

772

00:43:35,000 --> 00:43:31,980

then I think they know what they're

773

00:43:36,890 --> 00:43:35,010

doing and I think they probably with

774

00:43:41,570 --> 00:43:36,900

every planet they visited they go

775

00:43:44,420 --> 00:43:41,580

through this conditioning process to the

776

00:43:47,300 --> 00:43:44,430

point that I mean there are our people

777

00:43:50,570 --> 00:43:47,310

in places where orange orbs our nightly

778

00:43:51,770 --> 00:43:50,580

sighting as a matter of fact I've seen

779

00:43:55,760 --> 00:43:51,780

so many I I

780

00:43:57,500 --> 00:43:55,770

I barely last summer I saw one going

781

00:43:59,210 --> 00:43:57,510

over and I didn't even get out of a car

782

00:44:01,670 --> 00:43:59,220

I just sat there and watch it go over

783

00:44:05,000 --> 00:44:01,680

and there there you have it you know I

784

00:44:07,820 --> 00:44:05,010

wasn't I wasn't that interested because

785

00:44:12,170 --> 00:44:07,830

I've seen so many anyway I think what

786

00:44:14,359 --> 00:44:12,180

they're doing is I think they want to

787

00:44:16,790 --> 00:44:14,369

make contact but they want to do it in

788

00:44:23,329 --> 00:44:16,800

such a way that there's not extreme

789

00:44:24,920 --> 00:44:23,339

panic on earth okay so they are

790

00:44:28,220 --> 00:44:24,930

well they're more and more of them

791

00:44:30,739 --> 00:44:28,230

they're getting closer and closer to the

792

00:44:32,299 --> 00:44:30,749

earth there are more more landings and I

793

00:44:36,499 --> 00:44:32,309

think that's what's what it's all about

794

00:44:42,499 --> 00:44:36,509

I would like to talk to two points about

795

00:44:44,900 --> 00:44:42,509

that okay one point has to do with the

796

00:44:47,630 --> 00:44:44,910

what I had mentioned just like maybe

797

00:44:52,970 --> 00:44:47,640

five minutes ago and that is that this

798

00:44:56,839 --> 00:44:52,980

seems to be one class a very numerous

799

00:45:01,029 --> 00:44:56,849

class but one class of siting so what do

800

00:45:07,460 --> 00:45:04,309

beings visiting or crafts visiting the

801  
00:45:14,870 --> 00:45:07,470  
earth I know in your book the fictional

802  
00:45:17,390 --> 00:45:14,880  
book and I'm trying to it was a

803  
00:45:20,210 --> 00:45:17,400  
wonderful book and we we both enjoyed

804  
00:45:24,730 --> 00:45:20,220  
reading it in that book you portray

805  
00:45:28,420 --> 00:45:24,740  
several races of beings from other

806  
00:45:31,989 --> 00:45:28,430  
galaxies and parts of the universe

807  
00:45:34,789 --> 00:45:31,999  
coming to the this air space so to speak

808  
00:45:38,630 --> 00:45:34,799  
now you know granted that was a work of

809  
00:45:42,739 --> 00:45:38,640  
fiction and it was very very nicely done

810  
00:45:44,329 --> 00:45:42,749  
but what can you speak for a second to

811  
00:45:47,599 --> 00:45:44,339  
the idea that there could be other

812  
00:45:53,539 --> 00:45:47,609  
classes of beings visiting the earth

813  
00:46:01,430 --> 00:45:53,549

besides the the the orange orb yes well

814

00:46:07,640 --> 00:46:01,440

you know it just makes sense and just

815

00:46:10,069 --> 00:46:07,650

like the the races on earth there are

816

00:46:12,140 --> 00:46:10,079

races the the look very much different

817

00:46:16,190 --> 00:46:12,150

from one another and that's just one

818

00:46:20,450 --> 00:46:16,200

planet and they evolved in different

819

00:46:22,789 --> 00:46:20,460

ways and they you know look speak and

820

00:46:25,489 --> 00:46:22,799

act in different ways you know if there

821

00:46:29,390 --> 00:46:25,499

is that much difference just on the

822

00:46:31,249 --> 00:46:29,400

surface of one planet throughout the

823

00:46:33,380 --> 00:46:31,259

universe there are many many different

824

00:46:36,330 --> 00:46:33,390

conditions different atmospheres

825

00:46:41,210 --> 00:46:36,340

different gravity levels

826

00:46:46,650 --> 00:46:41,220

it's it's certainly going to produce

827

00:46:49,260 --> 00:46:46,660

different looking beings so I mean I it

828

00:46:53,520 --> 00:46:49,270

just logical that there are a lot of

829

00:46:57,270 --> 00:46:53,530

different beings out there so so can we

830

00:46:59,250 --> 00:46:57,280

say then that although you've written

831

00:47:02,120 --> 00:46:59,260

this book and it's a very good book

832

00:47:04,740 --> 00:47:02,130

about the orange orbs and I you know I

833

00:47:06,810 --> 00:47:04,750

commend you for it but can we say that

834

00:47:07,740 --> 00:47:06,820

there are also other things that are

835

00:47:10,140 --> 00:47:07,750

seen out there

836

00:47:14,510 --> 00:47:10,150

I sure there are lots of other things

837

00:47:16,800 --> 00:47:14,520

seen out there besides orange orbs and

838

00:47:19,980 --> 00:47:16,810

obviously because I was focusing on

839

00:47:24,000 --> 00:47:19,990

orange herbs that's why you know I was

840

00:47:27,380 --> 00:47:24,010

talking about the beings that are inside

841

00:47:32,460 --> 00:47:27,390

these orange orbs yes no the

842

00:47:35,430 --> 00:47:32,470

proliferation of the orange worms I I'm

843

00:47:39,000 --> 00:47:35,440

not sure maybe I I really don't know

844

00:47:40,680 --> 00:47:39,010

what the other there are other races of

845

00:47:44,730 --> 00:47:40,690

beings I have no doubt that they're up

846

00:47:46,980 --> 00:47:44,740

there actually as if you may recall in

847

00:47:48,990 --> 00:47:46,990

the orange orb books people say well

848

00:47:51,780 --> 00:47:49,000

where are they you know they keep

849

00:47:55,860 --> 00:47:51,790

showing up at night where are they in my

850

00:48:00,390 --> 00:47:55,870

in the orange short book I raced the

851  
00:48:03,480 --> 00:48:00,400  
flight patterns of these these orbs and

852  
00:48:07,080 --> 00:48:03,490  
they have regular regular flight

853  
00:48:09,780 --> 00:48:07,090  
patterns they they come out about 8:30

854  
00:48:11,850 --> 00:48:09,790  
at night and they go back about 10 to

855  
00:48:14,730 --> 00:48:11,860  
10:30 at night that's when I saw and

856  
00:48:16,770 --> 00:48:14,740  
we're going back and I have traced the

857  
00:48:22,110 --> 00:48:16,780  
roots back to where they're coming from

858  
00:48:25,260 --> 00:48:22,120  
and there are actually four basis

859  
00:48:28,830 --> 00:48:25,270  
underwater bases where they emanates

860  
00:48:31,440 --> 00:48:28,840  
really part during the day yeah there's

861  
00:48:34,110 --> 00:48:31,450  
there's one in Lake Lake Erie there's

862  
00:48:36,320 --> 00:48:34,120  
one off the coast of Miami one off the

863  
00:48:40,290 --> 00:48:36,330

coast of Sarasota on the other side of

864

00:48:44,010 --> 00:48:40,300

Florida in the Gulf and one off the

865

00:48:46,080 --> 00:48:44,020

coast of Los Angeles and if we go if we

866

00:48:48,870 --> 00:48:46,090

are to people have seen these coming and

867

00:48:50,340 --> 00:48:48,880

going if we are to believe how boot off

868

00:48:54,970 --> 00:48:50,350

and

869

00:48:59,890 --> 00:48:54,980

his associates at Stanford Research

870

00:49:04,900 --> 00:48:59,900

Institute there is apparently one

871

00:49:09,940 --> 00:49:04,910

somewhere in Australia of an alien base

872

00:49:14,620 --> 00:49:09,950

sure there is yes where they're all in

873

00:49:18,300 --> 00:49:14,630

water all around that world probably in

874

00:49:23,260 --> 00:49:18,310

the deep trenches yes that we can't go

875

00:49:25,420 --> 00:49:23,270

that that psychic that remote viewers

876

00:49:27,550 --> 00:49:25,430

name was Pat price I couldn't quite pull

877

00:49:30,340 --> 00:49:27,560

it up in the in the beginning which

878

00:49:34,320 --> 00:49:30,350

brings me to what we're going to ask you

879

00:49:38,410 --> 00:49:34,330

about next which is what is your opinion

880

00:49:41,410 --> 00:49:38,420

particularly on this quote-unquote to

881

00:49:45,070 --> 00:49:41,420

the Stars disclosure the Bigelow

882

00:49:47,920 --> 00:49:45,080

situation that whole piece of it that

883

00:49:52,270 --> 00:49:47,930

defense the Intelligence Agency coming

884

00:49:54,220 --> 00:49:52,280

clean through Lois Elizondo and Vera and

885

00:49:57,390 --> 00:49:54,230

Jim semi van and some of the other

886

00:49:59,620 --> 00:49:57,400

people there what is your position on it

887

00:50:02,770 --> 00:49:59,630

particularly what I'd like you to

888

00:50:08,170 --> 00:50:02,780

address is your feeling that these

889

00:50:10,060 --> 00:50:08,180

beings are somewhat benign in the way

890

00:50:13,780 --> 00:50:10,070

they're interacting with us and I'd have

891

00:50:16,300 --> 00:50:13,790

to agree with you for the most part but

892

00:50:18,790 --> 00:50:16,310

I have I have another question later but

893

00:50:22,500 --> 00:50:18,800

let's let's talk a little bit to this

894

00:50:26,020 --> 00:50:22,510

this new quote-unquote disclosure

895

00:50:39,460 --> 00:50:26,030

scenario first of all I'll talk about

896

00:50:41,680 --> 00:50:39,470

the disclosure itself that was Lois

897

00:50:46,780 --> 00:50:41,690

Alice Allison alessandro emissions

898

00:50:50,860 --> 00:50:46,790

Defense Intelligence Agency yes yes and

899

00:50:53,380 --> 00:50:50,870

he resigned when he thought they there

900

00:50:56,070 --> 00:50:53,390

should be more disclosure yes and he's

901  
00:50:57,860 --> 00:50:56,080  
the one that released this information

902  
00:51:02,630 --> 00:50:57,870  
about

903  
00:51:05,270 --> 00:51:02,640  
the pilots that saw these craft which

904  
00:51:08,780 --> 00:51:05,280  
the pilots didn't come out and say it

905  
00:51:10,970 --> 00:51:08,790  
but they said there's absolutely nothing

906  
00:51:14,740 --> 00:51:10,980  
on earth that could do this so I think

907  
00:51:16,550 --> 00:51:14,750  
that sort of is their way of saying it's

908  
00:51:18,770 --> 00:51:16,560  
extraterrestrial because it's not

909  
00:51:22,280 --> 00:51:18,780  
terrestrial well it's not human let's

910  
00:51:24,320 --> 00:51:22,290  
put it that way right I don't think it's

911  
00:51:28,790 --> 00:51:24,330  
being made here on earth

912  
00:51:31,220 --> 00:51:28,800  
okay and I just want to talk about the

913  
00:51:35,240 --> 00:51:31,230

credibility of these pilots I mean call

914

00:51:39,890 --> 00:51:35,250

me bias but I'm a former military pilot

915

00:51:44,920 --> 00:51:39,900

that I flew you know fancy jets and I

916

00:51:47,780 --> 00:51:44,930

know that military pilots are very calm

917

00:51:50,990 --> 00:51:47,790

objective people you have to be you're

918

00:51:56,930 --> 00:51:51,000

trained not to panic not to exaggerate

919

00:51:59,480 --> 00:51:56,940

and so when they described what they saw

920

00:52:02,150 --> 00:51:59,490

and you can you can see what they saw in

921

00:52:05,680 --> 00:52:02,160

their scope when they locked in on it I

922

00:52:08,030 --> 00:52:05,690

think I have no doubt that what they

923

00:52:12,950 --> 00:52:08,040

what was on that scope and what they

924

00:52:15,920 --> 00:52:12,960

described is completely credible uh-huh

925

00:52:16,370 --> 00:52:15,930

and so I think you have a very credible

926  
00:52:18,820 --> 00:52:16,380  
witness

927  
00:52:22,640 --> 00:52:18,830  
telling you that they they observed an

928  
00:52:25,880 --> 00:52:22,650  
extraterrestrial craft no argument here

929  
00:52:32,660 --> 00:52:25,890  
that make that I would say no argument

930  
00:52:35,360 --> 00:52:32,670  
here except that I my my my idea is more

931  
00:52:36,430 --> 00:52:35,370  
expansive only insofar as I'm not

932  
00:52:38,570 --> 00:52:36,440  
willing to say definitely

933  
00:52:41,240 --> 00:52:38,580  
extraterrestrial I'm willing to say

934  
00:52:43,340 --> 00:52:41,250  
definitely non-human I don't know where

935  
00:52:45,260 --> 00:52:43,350  
they come from I don't know if they come

936  
00:52:47,420 --> 00:52:45,270  
from a different star system they may

937  
00:52:50,090 --> 00:52:47,430  
very well I'm not saying they don't but

938  
00:52:56,440 --> 00:52:50,100

I'm just speaking to what I as a human

939

00:52:58,610 --> 00:52:56,450

being absolutely no different

940

00:53:00,140 --> 00:52:58,620

civilization based somewhere in

941

00:53:02,390 --> 00:53:00,150

Antarctica or something and just

942

00:53:04,610 --> 00:53:02,400

developed it take I mean just because

943

00:53:08,960 --> 00:53:04,620

the technology is superior doesn't mean

944

00:53:10,930 --> 00:53:08,970

that people can't do it I suppose I my

945

00:53:13,000 --> 00:53:10,940

my thought is

946

00:53:16,390 --> 00:53:13,010

Blee not human I mean you could be right

947

00:53:19,539 --> 00:53:16,400

but my my leaning is probably not human

948

00:53:20,770 --> 00:53:19,549

define what it is unidentified but it

949

00:53:22,660 --> 00:53:20,780

was definitely an object it was

950

00:53:24,400 --> 00:53:22,670

definitely flying and I doubt if he

951  
00:53:26,760 --> 00:53:24,410  
could get a more credible witness then

952  
00:53:32,559 --> 00:53:26,770  
than these military pilots right

953  
00:53:34,390 --> 00:53:32,569  
absolutely so so now what I would like

954  
00:53:43,539 --> 00:53:34,400  
to is why I sort of gave up on you

955  
00:53:45,760 --> 00:53:43,549  
follow gee I mean great description well

956  
00:53:48,609 --> 00:53:45,770  
there's just one question to them to add

957  
00:53:50,950 --> 00:53:48,619  
to that is that in the disclosure of

958  
00:53:55,170 --> 00:53:50,960  
people there they're speaking about a

959  
00:53:57,460 --> 00:53:55,180  
threat whereas Terry seems to see it as

960  
00:54:02,559 --> 00:53:57,470  
reasonably benign can you put that

961  
00:54:04,599 --> 00:54:02,569  
together for us sure I think if they

962  
00:54:08,700 --> 00:54:04,609  
were malevolent we wouldn't be here

963  
00:54:16,059 --> 00:54:12,819

in my opinion visiting I'm sure there

964

00:54:18,549 --> 00:54:16,069

are civilizations much more ancient than

965

00:54:22,720 --> 00:54:18,559

ours and I think they have been

966

00:54:27,190 --> 00:54:22,730

exploring the universe for quite a long

967

00:54:30,250 --> 00:54:27,200

time and if they wanted to destroy this

968

00:54:31,839 --> 00:54:30,260

planet they would have done it well

969

00:54:34,390 --> 00:54:31,849

there was a large flood here at one

970

00:54:35,789 --> 00:54:34,400

point and a lot of while a lot of people

971

00:54:38,559 --> 00:54:35,799

felt that may have been extraterrestrial

972

00:54:41,170 --> 00:54:38,569

involved however it could have been yeah

973

00:54:43,870 --> 00:54:41,180

but I you know I will say one thing

974

00:54:46,329 --> 00:54:43,880

about your orbs and I've been interested

975

00:54:48,670 --> 00:54:46,339

in UFOs a very long time and I did sort

976  
00:54:51,819 --> 00:54:48,680  
of give up on it and you're quite right

977  
00:54:52,510 --> 00:54:51,829  
orbs it was like a small dot way off in

978  
00:54:55,390 --> 00:54:52,520  
the distance

979  
00:54:57,010 --> 00:54:55,400  
no one saw them rarely reported when it

980  
00:54:59,410 --> 00:54:57,020  
was it was like yeah yeah we saw an

981  
00:55:01,779 --> 00:54:59,420  
orange orb the way you're reporting it

982  
00:55:03,760 --> 00:55:01,789  
this is and you have to remember too

983  
00:55:07,089 --> 00:55:03,770  
that this is a technological society

984  
00:55:08,769 --> 00:55:07,099  
whoever is flying these things and

985  
00:55:10,750 --> 00:55:08,779  
they're going to improve their models I

986  
00:55:14,019 --> 00:55:10,760  
mean you know we're no longer driving

987  
00:55:17,710 --> 00:55:14,029  
little Model T Fords and so this may be

988  
00:55:19,990 --> 00:55:17,720

the same UFO is only an improved you

989

00:55:22,440 --> 00:55:20,000

know improved version of it that yes

990

00:55:25,920 --> 00:55:22,450

cloaking device is fascinating

991

00:55:29,160 --> 00:55:25,930

that is really nice to me it shows the

992

00:55:31,049 --> 00:55:29,170

change in their mentality oh yeah this

993

00:55:34,849 --> 00:55:31,059

is really interesting why do they go

994

00:55:36,839 --> 00:55:34,859

from being invisible yeah to being

995

00:55:38,599 --> 00:55:36,849

broadcasting ledger up there yeah

996

00:55:40,829 --> 00:55:38,609

absolutely

997

00:55:43,079 --> 00:55:40,839

behind yeah this is pretty fascinating

998

00:55:45,030 --> 00:55:43,089

stuff plus the control of the physics

999

00:55:49,549 --> 00:55:45,040

and the atmospheric physics and the

1000

00:55:53,490 --> 00:55:49,559

gravity I mean these I'm gonna make one

1001  
00:55:56,670 --> 00:55:53,500  
uncomfortable observation and that has

1002  
00:55:58,799 --> 00:55:56,680  
it has nothing specifically to do with

1003  
00:56:01,200 --> 00:55:58,809  
the book but it does have to do with

1004  
00:56:06,569 --> 00:56:01,210  
whether or not they constitute a threat

1005  
00:56:08,760 --> 00:56:06,579  
to humans and that is the thousands upon

1006  
00:56:10,980 --> 00:56:08,770  
thousands is it twenty thousand people a

1007  
00:56:13,230 --> 00:56:10,990  
year go missing in the United States now

1008  
00:56:15,089 --> 00:56:13,240  
some of those people want to not be

1009  
00:56:18,690 --> 00:56:15,099  
found and they're hiding and other

1010  
00:56:21,839 --> 00:56:18,700  
people of those people meet unfortunate

1011  
00:56:26,250 --> 00:56:21,849  
deaths but then we have the whole four

1012  
00:56:28,849 --> 00:56:26,260  
one one series of books that started

1013  
00:56:32,280 --> 00:56:28,859

with the national parks and people

1014

00:56:36,030 --> 00:56:32,290

disappeared in the most uncanny ways and

1015

00:56:39,559 --> 00:56:36,040

sometimes their bodies were found miles

1016

00:56:45,359 --> 00:56:39,569

and miles away from where they got lost

1017

00:56:50,280 --> 00:56:45,369

and and some people postulate that these

1018

00:56:55,220 --> 00:56:50,290

people were taken by aliens and it is

1019

00:56:58,910 --> 00:56:55,230

hard to find a human an exact human

1020

00:57:01,859 --> 00:56:58,920

explanation for some of the bizarre

1021

00:57:07,049 --> 00:57:01,869

incidents where people were found high

1022

00:57:08,609 --> 00:57:07,059

up in in trees or on the tops of

1023

00:57:12,240 --> 00:57:08,619

mountains where they could not have

1024

00:57:14,370 --> 00:57:12,250

possibly gotten to naturally right well

1025

00:57:16,410 --> 00:57:14,380

there's also reports of whole villages

1026  
00:57:18,270 --> 00:57:16,420  
in China disappearing to where the

1027  
00:57:20,579 --> 00:57:18,280  
buildings are left of the people are

1028  
00:57:22,319 --> 00:57:20,589  
gone so whether or not that's true or is

1029  
00:57:24,390 --> 00:57:22,329  
just some sort of fiction that's being

1030  
00:57:26,849 --> 00:57:24,400  
published I don't know but it's a little

1031  
00:57:28,799 --> 00:57:26,859  
scarier that part but you know there's

1032  
00:57:31,140 --> 00:57:28,809  
one other aspect to this too and that's

1033  
00:57:32,670 --> 00:57:31,150  
the artificial intelligence aspect I

1034  
00:57:34,300 --> 00:57:32,680  
mean that's getting stronger and

1035  
00:57:36,520 --> 00:57:34,310  
stronger on this planet

1036  
00:57:38,490 --> 00:57:36,530  
and I'm wondering if maybe this is like

1037  
00:57:43,750 --> 00:57:38,500  
a sort of counter reaction to that

1038  
00:57:46,480 --> 00:57:43,760

because it's it's a player now you mean

1039

00:57:50,190 --> 00:57:46,490

the extraterrestrials are seeing we're

1040

00:57:55,390 --> 00:57:50,200

reaching a certain level mm-hmm I'm sure

1041

00:57:59,170 --> 00:57:55,400

they I think to a large extent it's sort

1042

00:58:01,480 --> 00:57:59,180

of what's a my my novel is all about to

1043

00:58:04,920 --> 00:58:01,490

a certain extent I think we're probably

1044

00:58:09,190 --> 00:58:04,930

a research project for a lot of

1045

00:58:12,340 --> 00:58:09,200

extraterrestrial civilizations just like

1046

00:58:14,950 --> 00:58:12,350

you know our explorers went to Africa

1047

00:58:17,080 --> 00:58:14,960

well accepted I think what Sitchin says

1048

00:58:20,860 --> 00:58:17,090

is we were actually planted here sort of

1049

00:58:22,870 --> 00:58:20,870

like a test animal and allows let's see

1050

00:58:25,330 --> 00:58:22,880

where y'all go and and you know as you

1051  
00:58:27,190 --> 00:58:25,340  
said we always think in life cycles of a

1052  
00:58:29,410 --> 00:58:27,200  
hundred years they may have ten twenty

1053  
00:58:31,780 --> 00:58:29,420  
thousand life year you know years of

1054  
00:58:34,930 --> 00:58:31,790  
life which enables them to watch this

1055  
00:58:36,850 --> 00:58:34,940  
develop yeah well if you were the people

1056  
00:58:38,980 --> 00:58:36,860  
who planted the seed you would want to

1057  
00:58:41,050 --> 00:58:38,990  
come back and look at your garden every

1058  
00:58:45,400 --> 00:58:41,060  
now and then exactly and not know I

1059  
00:58:47,260 --> 00:58:45,410  
think that's what that's what they do if

1060  
00:58:51,430 --> 00:58:47,270  
you know the other thing too is we've

1061  
00:58:53,710 --> 00:58:51,440  
seen so many extra plan exoplanets and

1062  
00:58:56,230 --> 00:58:53,720  
they just found one where there's eight

1063  
00:58:58,510 --> 00:58:56,240

planets orbiting his son I think what we

1064

00:59:01,150 --> 00:58:58,520

tend to discount on this planet - it's

1065

00:59:02,920 --> 00:59:01,160

probably through just a fluke of nature

1066

00:59:05,500 --> 00:59:02,930

it's probably one of the prettiest

1067

00:59:08,290 --> 00:59:05,510

planets in existence as you speculated

1068

00:59:11,020 --> 00:59:08,300

in your fictional yes but I think that's

1069

00:59:13,720 --> 00:59:11,030

another reason it's just attracting a

1070

00:59:16,480 --> 00:59:13,730

lot of flies to honey I think it's a

1071

00:59:19,560 --> 00:59:16,490

very very inviting planet well and we

1072

00:59:22,000 --> 00:59:19,570

kept we kept getting that message - from

1073

00:59:24,160 --> 00:59:22,010

different abductees that say they were

1074

00:59:25,600 --> 00:59:24,170

contacted with extraterrestrials and

1075

00:59:27,520 --> 00:59:25,610

they say you have such a beautiful

1076

00:59:29,260 --> 00:59:27,530

planet and you're really messing it up

1077

00:59:31,390 --> 00:59:29,270

you know sort of straighten up and fly

1078

00:59:34,630 --> 00:59:31,400

right maybe they're going to enforce

1079

00:59:38,020 --> 00:59:34,640

that policy yeah we do have a pretty

1080

00:59:42,040 --> 00:59:38,030

planet if you look at our the pictures

1081

00:59:44,110 --> 00:59:42,050

taken from the moon of Earth I mean that

1082

00:59:45,240 --> 00:59:44,120

is a beautiful sight that's a little

1083

00:59:49,270 --> 00:59:45,250

blooper

1084

00:59:54,310 --> 00:59:49,280

absolutely and I'm sure that that caught

1085

00:59:58,330 --> 00:59:54,320

the eye of other civilizations out there

1086

01:00:03,150 --> 00:59:58,340

in the universe I wanted to just mention

1087

01:00:07,450 --> 01:00:03,160

in your fictional book how you kind of

1088

01:00:10,500 --> 01:00:07,460

treated the nearly immortality the near

1089

01:00:13,060 --> 01:00:10,510

immortality that those those

1090

01:00:14,980 --> 01:00:13,070

extraterrestrials had developed and how

1091

01:00:19,300 --> 01:00:14,990

I thought that was so very well thought

1092

01:00:22,390 --> 01:00:19,310

out and interesting how it worked to be

1093

01:00:24,850 --> 01:00:22,400

part of the plot and I really enjoyed

1094

01:00:28,960 --> 01:00:24,860

that aspect of the book I just wanted to

1095

01:00:31,480 --> 01:00:28,970

comment on that I kind of found that

1096

01:00:33,130 --> 01:00:31,490

part fascinating myself that's something

1097

01:00:35,380 --> 01:00:33,140

about a lot of my people were always

1098

01:00:38,980 --> 01:00:35,390

talking about wish there were something

1099

01:00:42,780 --> 01:00:38,990

that we would live forever and in the in

1100

01:00:47,580 --> 01:00:42,790

my novel I get into that as you know yes

1101

01:00:51,310 --> 01:00:47,590

some some of the the beings in that

1102

01:00:55,030 --> 01:00:51,320

novel really enjoy the fact that they

1103

01:00:57,550 --> 01:00:55,040

don't get sick they don't die but there

1104

01:01:02,470 --> 01:00:57,560

are others who find it absolutely

1105

01:01:04,960 --> 01:01:02,480

torment mm-hmm and so there's two

1106

01:01:07,840 --> 01:01:04,970

different there's more than one reaction

1107

01:01:10,690 --> 01:01:07,850

to it it's not all positive right right

1108

01:01:14,620 --> 01:01:10,700

as it probably wouldn't be if it were to

1109

01:01:16,420 --> 01:01:14,630

occur amongst humans I can't remember

1110

01:01:19,390 --> 01:01:16,430

the name maybe you could help me out

1111

01:01:21,609 --> 01:01:19,400

though but the one guy that you know the

1112

01:01:24,310 --> 01:01:21,619

soul-sucking aliens from outer space but

1113

01:01:27,220 --> 01:01:24,320

he speculated that the little greys were

1114

01:01:30,130 --> 01:01:27,230

either robots or androids and although

1115

01:01:32,010 --> 01:01:30,140

they did live forever they though

1116

01:01:34,060 --> 01:01:32,020

intellectually they were quite advanced

1117

01:01:37,300 --> 01:01:34,070

emotionally they could not experience

1118

01:01:40,120 --> 01:01:37,310

either of colors or feelings or anything

1119

01:01:42,640 --> 01:01:40,130

and so their reason for coming to a

1120

01:01:44,230 --> 01:01:42,650

planet of this nature would be to sort

1121

01:01:46,930 --> 01:01:44,240

of and that's why people were being

1122

01:01:49,540 --> 01:01:46,940

abducted so to observe emotions observe

1123

01:01:51,250 --> 01:01:49,550

feelings and try to learn them because

1124

01:01:54,609 --> 01:01:51,260

they felt that that was sorely lacking

1125

01:01:55,990 --> 01:01:54,619

in their existence so you know I think

1126

01:01:58,220 --> 01:01:56,000

you're probably on to something with

1127

01:02:03,920 --> 01:01:58,230

that you know when you mention the

1128

01:02:09,430 --> 01:02:03,930

raise I think but the case I told you

1129

01:02:12,170 --> 01:02:09,440

about when the large black parental

1130

01:02:16,060 --> 01:02:12,180

figures were with these small figures

1131

01:02:19,640 --> 01:02:16,070

uh-huh the the observers said that these

1132

01:02:22,220 --> 01:02:19,650

the small figures look like what they

1133

01:02:25,010 --> 01:02:22,230

have read what Gray's look like right

1134

01:02:28,750 --> 01:02:25,020

right so I actually think in my opinion

1135

01:02:33,950 --> 01:02:28,760

I think the Grays are the children of

1136

01:02:36,650 --> 01:02:33,960

the large creature hi that's my opinion

1137

01:02:39,130 --> 01:02:36,660

well that's yeah that is a an

1138

01:02:44,150 --> 01:02:39,140

interesting point of view i before we

1139

01:02:46,910 --> 01:02:44,160

before we say goodbye to you I would

1140

01:02:49,940 --> 01:02:46,920

like you to talk a little bit to your

1141

01:02:52,070 --> 01:02:49,950

new book and the images and you did send

1142

01:02:56,300 --> 01:02:52,080

me some images which are going to be

1143

01:02:59,359 --> 01:02:56,310

posted on our various websites and on

1144

01:03:01,190 --> 01:02:59,369

YouTube when we get this published on

1145

01:03:02,930 --> 01:03:01,200

YouTube which won't be immediately but

1146

01:03:06,080 --> 01:03:02,940

they on the website you'll be able to

1147

01:03:07,460 --> 01:03:06,090

see it fairly immediately you have a new

1148

01:03:11,330 --> 01:03:07,470

book do you want to talk a little bit

1149

01:03:15,230 --> 01:03:11,340

about that yeah this will be my next

1150

01:03:19,340 --> 01:03:15,240

book it won't necessarily confined

1151  
01:03:21,170 --> 01:03:19,350  
itself to orange orbs and it's not going

1152  
01:03:24,640 --> 01:03:21,180  
to be statistical in nature it's going

1153  
01:03:28,990 --> 01:03:24,650  
to be almost entirely photographic I

1154  
01:03:35,060 --> 01:03:29,000  
have just say it's serendipity I

1155  
01:03:37,400 --> 01:03:35,070  
stumbled upon a method I was I was

1156  
01:03:39,890 --> 01:03:37,410  
dealing with an orange orb a photo of an

1157  
01:03:42,140 --> 01:03:39,900  
orange orb and I thought well I'd like

1158  
01:03:47,210 --> 01:03:42,150  
to know what's inside that mm-hmm

1159  
01:03:49,970 --> 01:03:47,220  
and so I I started working with

1160  
01:03:52,910 --> 01:03:49,980  
photographic tools and this took me

1161  
01:03:56,359 --> 01:03:52,920  
quite a long time and I I actually

1162  
01:04:02,570 --> 01:03:56,369  
developed a technique where I could see

1163  
01:04:06,620 --> 01:04:02,580

what was under the cloak and what you

1164

01:04:10,080 --> 01:04:06,630

see under the cloak first of all are a

1165

01:04:15,660 --> 01:04:10,090

bunch of very different things

1166

01:04:18,540 --> 01:04:15,670

and the photographs I have are I was

1167

01:04:21,300 --> 01:04:18,550

able to to do some extreme focusing and

1168

01:04:26,490 --> 01:04:21,310

they're very very clear and I've been

1169

01:04:28,830 --> 01:04:26,500

able to categorize through photos of the

1170

01:04:31,920 --> 01:04:28,840

various types of vehicles that are up

1171

01:04:34,080 --> 01:04:31,930

there in the sky interesting and they're

1172

01:04:35,820 --> 01:04:34,090

not only just orange or some I'm

1173

01:04:39,540 --> 01:04:35,830

analyzing a lot of things that you think

1174

01:04:41,940 --> 01:04:39,550

is a puffy little cloud up there isn't

1175

01:04:44,700 --> 01:04:41,950

the puffy little cloud oh that's

1176

01:04:46,560 --> 01:04:44,710

actually a type of clothes they use all

1177

01:04:50,130 --> 01:04:46,570

sorts of different types of cloaks

1178

01:04:52,470 --> 01:04:50,140

including and visibility because I

1179

01:04:55,440 --> 01:04:52,480

sometimes and some of the photos I have

1180

01:04:58,410 --> 01:04:55,450

there's a tiny thing I'm focusing on the

1181

01:05:01,890 --> 01:04:58,420

object and as it becomes clearer and

1182

01:05:06,210 --> 01:05:01,900

clearer through enhancements using color

1183

01:05:09,480 --> 01:05:06,220

and different techniques it turns out

1184

01:05:14,700 --> 01:05:09,490

that that small object is a part of a

1185

01:05:18,380 --> 01:05:14,710

huge object that you can't see and and

1186

01:05:23,760 --> 01:05:18,390

the picture that you had sent to me I

1187

01:05:26,550 --> 01:05:23,770

involves one of the disclosed objects

1188

01:05:30,630 --> 01:05:26,560

from the Pentagon and the and the Nimitz

1189

01:05:32,940 --> 01:05:30,640

and and and then I see it you've run it

1190

01:05:37,200 --> 01:05:32,950

through some filters and I am not

1191

01:05:39,870 --> 01:05:37,210

conversant on that type of that type of

1192

01:05:42,210 --> 01:05:39,880

analysis but what we've got here is

1193

01:05:45,900 --> 01:05:42,220

something that looks like a large

1194

01:05:50,220 --> 01:05:45,910

capital I it looks like a it that

1195

01:05:52,640 --> 01:05:50,230

actually is oblong and has extensions at

1196

01:05:55,500 --> 01:05:52,650

the front and and the back of it and

1197

01:05:58,080 --> 01:05:55,510

it's it's quite fascinating I don't know

1198

01:06:01,680 --> 01:05:58,090

how you get to that but we all look

1199

01:06:05,700 --> 01:06:01,690

forward to seeing your new book in the

1200

01:06:09,600 --> 01:06:05,710

future with these photographic analyses

1201

01:06:11,110 --> 01:06:09,610

in them right I think it'll cause quite

1202

01:06:18,730 --> 01:06:11,120

a stir

1203

01:06:18,740 --> 01:06:25,929

[Music]

1204

01:06:30,399 --> 01:06:29,739

yes indeed so um Terry before we let you

1205

01:06:32,829 --> 01:06:30,409

go

1206

01:06:34,659 --> 01:06:32,839

would you like to repeat the names of

1207

01:06:37,269 --> 01:06:34,669

your books and and that sort of thing

1208

01:06:39,669 --> 01:06:37,279

for our listeners who are going to go

1209

01:06:42,609 --> 01:06:39,679

out and run up the sales of your books

1210

01:06:45,729 --> 01:06:42,619

immediately upon hearing this broadcast

1211

01:06:48,459 --> 01:06:45,739

well the are the fictional that they're

1212

01:06:51,779 --> 01:06:48,469

all from Sunbury Press so you go to

1213

01:06:54,969 --> 01:06:51,789

sunburn press or just my name Terry ray

1214

01:06:57,099 --> 01:06:54,979

author you'll see a list of all of my

1215

01:07:01,539 --> 01:06:57,109

books just like you know google it and

1216

01:07:05,319 --> 01:07:01,549

that's our wife Terry Reay yes Terry ray

1217

01:07:07,870 --> 01:07:05,329

ari why and I usually one of the first

1218

01:07:10,419 --> 01:07:07,880

to tear there are other Terry Ray's but

1219

01:07:12,429 --> 01:07:10,429

I'm usually new one or two there's an

1220

01:07:14,469 --> 01:07:12,439

actor called Terry ray he's won almost

1221

01:07:17,229 --> 01:07:14,479

always won but then there's me but

1222

01:07:18,640 --> 01:07:17,239

anyway the ones that the books that are

1223

01:07:22,509 --> 01:07:18,650

relevant to what we're talking about

1224

01:07:25,149 --> 01:07:22,519

here is G except gxm 731 that's the

1225

01:07:30,729 --> 01:07:25,159

novel I wrote that we've been talking

1226

01:07:34,059 --> 01:07:30,739

about any other book is the worldwide

1227

01:07:47,620 --> 01:07:34,069

invasion of the orange orbs the complete

1228

01:07:50,499 --> 01:07:47,630

story okay I hope you'll let shattered

1229

01:07:55,559 --> 01:07:50,509

reality know as soon as it comes out I I

1230

01:07:59,019 --> 01:07:55,569

will be out sometime I would say in the

1231

01:08:02,349 --> 01:07:59,029

before June of next year and and for a

1232

01:08:06,609 --> 01:08:02,359

final question before you go what do you

1233

01:08:12,179 --> 01:08:06,619

see as the outcome of this Defense

1234

01:08:16,990 --> 01:08:12,189

Intelligence Agency leak let's call it

1235

01:08:17,709 --> 01:08:17,000

well I don't see any change with the US

1236

01:08:21,069 --> 01:08:17,719

government

1237

01:08:22,180 --> 01:08:21,079

I don't they they decided a long time

1238

01:08:26,979 --> 01:08:22,190

ago that

1239

01:08:32,559 --> 01:08:26,989

they were going to discourage any belief

1240

01:08:35,470 --> 01:08:32,569

in extraterrestrials and they're going

1241

01:08:37,059 --> 01:08:35,480

to stick with that a lot of this I don't

1242

01:08:38,740 --> 01:08:37,069

know how much time we have look probably

1243

01:08:42,789 --> 01:08:38,750

running into the end but a lot of this

1244

01:08:45,220 --> 01:08:42,799

their philosophy on have started with

1245

01:08:48,849 --> 01:08:45,230

Orson Welles War of the Worlds a radio

1246

01:08:52,329 --> 01:08:48,859

program yeah yeah we call that yes and I

1247

01:08:56,559 --> 01:08:52,339

was extreme panic throughout the country

1248

01:08:59,499 --> 01:08:56,569

over this and I think they saw that just

1249

01:09:01,840 --> 01:08:59,509

what a radio program could do and there

1250

01:09:03,340 --> 01:09:01,850

are even some killings well some people

1251

01:09:05,709 --> 01:09:03,350

went out with their guns and they

1252

01:09:06,849 --> 01:09:05,719

thought they were seeing aliens they

1253

01:09:10,539 --> 01:09:06,859

were shooting them hmm

1254

01:09:12,400 --> 01:09:10,549

and I think that really affected the

1255

01:09:16,150 --> 01:09:12,410

thinking of the federal government yes

1256

01:09:19,180 --> 01:09:16,160

and they thought we did we can't reveal

1257

01:09:22,840 --> 01:09:19,190

this or we're gonna have a Orson Welles

1258

01:09:24,519 --> 01:09:22,850

audience on our hands I really think

1259

01:09:26,740 --> 01:09:24,529

that's where it's sort I think that

1260

01:09:29,439 --> 01:09:26,750

people have changed somewhat from that

1261

01:09:31,269 --> 01:09:29,449

time because of you know a lot of

1262

01:09:35,019 --> 01:09:31,279

because of Hollywood we've seen a lot of

1263

01:09:39,099 --> 01:09:35,029

on Star Trek and and all of that but yet

1264

01:09:41,200 --> 01:09:39,109

but yet we have to remember that there

1265

01:09:43,570 --> 01:09:41,210

are about 8 billion people on the planet

1266

01:09:44,110 --> 01:09:43,580

give or take right I mean we can agree

1267

01:09:49,090 --> 01:09:44,120

on that

1268

01:09:52,930 --> 01:09:49,100

and that it's thought that if only one

1269

01:09:56,740 --> 01:09:52,940

out of a hundred people goes a little

1270

01:10:01,330 --> 01:09:56,750

cuckoo and panics you got millions of

1271

01:10:06,100 --> 01:10:01,340

people or not who are not doing well

1272

01:10:09,160 --> 01:10:06,110

shall we say well you know I don't agree

1273

01:10:11,740 --> 01:10:09,170

with I think at one time panic would

1274

01:10:15,000 --> 01:10:11,750

have happened but I think we are far

1275

01:10:17,530 --> 01:10:15,010

more sophisticated now than we were

1276

01:10:20,200 --> 01:10:17,540

particularly with science now saying

1277

01:10:23,260 --> 01:10:20,210

well there's lots of habitable planets

1278

01:10:24,880 --> 01:10:23,270

out there I think we I think we're

1279

01:10:28,209 --> 01:10:24,890

positioned at least in the developed

1280

01:10:30,310 --> 01:10:28,219

countries that we could I think we could

1281

01:10:32,080 --> 01:10:30,320

deal with disclosure very well right now

1282

01:10:34,469 --> 01:10:32,090

plus we're about ready to start

1283

01:10:37,620 --> 01:10:34,479

exploring ourselves so I don't we

1284

01:10:40,169 --> 01:10:37,630

yeah very close so I I don't think it's

1285

01:10:42,449 --> 01:10:40,179

gonna be a huge surprise that somebody

1286

01:10:45,870 --> 01:10:42,459

who has a brain would be exploring to

1287

01:10:47,879 --> 01:10:45,880

some right and I think with with all the

1288

01:10:49,379 --> 01:10:47,889

developments that are going on it's

1289

01:10:52,739 --> 01:10:49,389

going to become more and more difficult

1290

01:10:56,790 --> 01:10:52,749

for the US government to keep denying it

1291

01:10:59,459 --> 01:10:56,800

and continue their program of

1292

01:11:03,209 --> 01:10:59,469

humiliating and shaming anybody who

1293

01:11:05,790 --> 01:11:03,219

claims to see a UFO well that's been

1294

01:11:09,959 --> 01:11:05,800

their plan for many years one very

1295

01:11:12,359 --> 01:11:09,969

positive side of this quote-unquote the

1296

01:11:16,250 --> 01:11:12,369

disclosure wherever it goes to in the

1297

01:11:20,069 --> 01:11:16,260

future is that here in the United States

1298

01:11:23,069 --> 01:11:20,079

fewer of the news outlets are treating

1299

01:11:25,529 --> 01:11:23,079

this with derision where previously

1300

01:11:27,629 --> 01:11:25,539

they've made fun of people now they're

1301

01:11:30,359 --> 01:11:27,639

taking it a little bit more seriously

1302

01:11:33,359 --> 01:11:30,369

not a thousand percent seriously but at

1303

01:11:35,549 --> 01:11:33,369

least it's moving in that direction with

1304

01:11:40,109 --> 01:11:35,559

the New York Times and and the various

1305

01:11:42,810 --> 01:11:40,119

other the USA Today and CNN they all

1306

01:11:46,439 --> 01:11:42,820

were treating this like a serious

1307

01:11:50,729 --> 01:11:46,449

subject amongst other places big step

1308

01:11:54,089 --> 01:11:50,739

this last disclosure what the fighter

1309

01:11:56,160 --> 01:11:54,099

pilots was a big step in this at least

1310

01:11:58,949 --> 01:11:56,170

this is the first time I remember that

1311

01:12:01,529 --> 01:11:58,959

the UFO soar in the media wasn't put at

1312

01:12:04,199 --> 01:12:01,539

the end of the broadcast where they make

1313

01:12:06,689 --> 01:12:04,209

jokes and laugh about someone seeing a

1314

01:12:09,750 --> 01:12:06,699

UFO this was actually mainstream news

1315

01:12:13,379 --> 01:12:09,760

first page of The Times first page of

1316

01:12:16,080 --> 01:12:13,389

The Times right so Terry I want to thank

1317

01:12:16,560 --> 01:12:16,090

you so very much for being our guest

1318

01:12:20,189 --> 01:12:16,570

today

1319

01:12:23,219 --> 01:12:20,199

and we hope to have you back again in

1320

01:12:25,979 --> 01:12:23,229

the future you were a fascinating an

1321

01:12:28,620 --> 01:12:25,989

interesting guest and I cannot recommend

1322

01:12:32,160 --> 01:12:28,630

your two books more highly they're very

1323

01:12:35,310 --> 01:12:32,170

interesting exploration both the

1324

01:12:37,500 --> 01:12:35,320

fictional book and the nonfiction the

1325

01:12:39,569 --> 01:12:37,510

complete story of the worldwide invasion

1326

01:12:43,469 --> 01:12:39,579

of the orange orbs thank you for being

1327

01:12:46,169 --> 01:12:43,479

with us Derry thank you all right

1328

01:12:47,670 --> 01:12:46,179

so long okay yeah I was gonna say

1329

01:12:51,210 --> 01:12:47,680

goodbye okay

1330

01:12:53,220 --> 01:12:51,220

that's okay bye-bye now Terry thank you

1331

01:12:56,820 --> 01:12:53,230

okay well what do you say what do you

1332

01:12:58,620 --> 01:12:56,830

say there miss Kate it's it's as usual

1333

01:13:00,630 --> 01:12:58,630

you know you do have objects they are

1334

01:13:03,330 --> 01:13:00,640

flying they are identified and still

1335

01:13:05,070 --> 01:13:03,340

nobody knows everybody has a theory

1336

01:13:07,230 --> 01:13:05,080

I think his are quite sound and well

1337

01:13:09,360 --> 01:13:07,240

based but they're still unfortunately

1338

01:13:12,420 --> 01:13:09,370

theories until these things land and say

1339

01:13:16,310 --> 01:13:12,430

hi it's me yes yes and and one of the

1340

01:13:20,490 --> 01:13:16,320

biggest theoretical parts both of his

1341

01:13:22,340 --> 01:13:20,500

his theory and the theory of the to the

1342

01:13:24,330 --> 01:13:22,350

Stars group is that this is

1343

01:13:26,340 --> 01:13:24,340

extraterrestrial you brought up another

1344

01:13:29,270 --> 01:13:26,350

idea that it might be true interests

1345

01:13:31,320 --> 01:13:29,280

real down from I honestly it's

1346

01:13:33,210 --> 01:13:31,330

Antarctica or it could be

1347

01:13:36,350 --> 01:13:33,220

interdimensional and they could have

1348

01:13:40,620 --> 01:13:36,360

been here some dimensional but it's

1349

01:13:44,160 --> 01:13:40,630

there's just so many of them I mean

1350

01:13:46,650 --> 01:13:44,170

regardless of what method of flight or

1351

01:13:48,390 --> 01:13:46,660

propulsion you have it's still going to

1352

01:13:51,840 --> 01:13:48,400

take energy to get from point A to point

1353

01:13:54,210 --> 01:13:51,850

B and so for that many vehicles to go

1354

01:13:59,030 --> 01:13:54,220

from point A to point B unless there is

1355

01:14:03,080 --> 01:13:59,040

an energy source that's almost limitless

1356

01:14:06,570 --> 01:14:03,090

it's a huge expense it's a huge expense

1357

01:14:09,060 --> 01:14:06,580

well maybe maybe they don't have maybe

1358

01:14:11,460 --> 01:14:09,070

they don't have a capitalist system or a

1359

01:14:13,760 --> 01:14:11,470

money-based system and Terry mentioned

1360

01:14:17,010 --> 01:14:13,770

so Hill takes energy and energy

1361

01:14:18,720 --> 01:14:17,020

wormholes he has he proposes wormholes I

1362

01:14:20,970 --> 01:14:18,730

don't have a dog in this race okay I

1363

01:14:25,770 --> 01:14:20,980

just object we just answer is this is

1364

01:14:28,950 --> 01:14:25,780

why it takes it would be a huge step if

1365

01:14:30,840 --> 01:14:28,960

this were extraterrestrial if it is then

1366

01:14:31,470 --> 01:14:30,850

indeed they have discovered a form of

1367

01:14:33,810 --> 01:14:31,480

propulsion

1368

01:14:35,760 --> 01:14:33,820

now when you say energy I'm not talking

1369

01:14:38,550 --> 01:14:35,770

Boyle but what I'm saying is that it

1370

01:14:41,940 --> 01:14:38,560

takes beings energy to live so when you

1371

01:14:43,980 --> 01:14:41,950

devote energy to flight it takes

1372

01:14:46,230 --> 01:14:43,990

something from living beings it has to I

1373

01:14:47,730 --> 01:14:46,240

mean there's just it's I mean without

1374

01:14:50,430 --> 01:14:47,740

getting a whole bunch of discussion but

1375

01:14:53,810 --> 01:14:50,440

it's so the cost of energy for that many

1376

01:14:56,220 --> 01:14:53,820

vehicles to come here that's why I

1377

01:14:58,260 --> 01:14:56,230

hesitate to think it's extraterrestrial

1378

01:15:00,330 --> 01:14:58,270

that's all okay I could you know I could

1379

01:15:04,560 --> 01:15:00,340

see that I always like

1380

01:15:07,050 --> 01:15:04,570

who's the guy that the city's a man oh

1381

01:15:09,480 --> 01:15:07,060

yeah yeah oh gee not Jill tarter but the

1382

01:15:10,800 --> 01:15:09,490

other fella yes yes it was so funny he

1383

01:15:13,170 --> 01:15:10,810

said can you imagine Extra Terrestrial

1384

01:15:15,210 --> 01:15:13,180

going before their Congress and say look

1385

01:15:18,600 --> 01:15:15,220

I need X amount of dollars I want to go

1386

01:15:20,550 --> 01:15:18,610

there because I really like earth women

1387

01:15:22,500 --> 01:15:20,560

and you know I'd like to do some genetic

1388

01:15:24,570 --> 01:15:22,510

experimenting on them so how about that

1389

01:15:26,310 --> 01:15:24,580

so what do you think his chances of

1390

01:15:28,740 --> 01:15:26,320

getting that bill passed pretty simple

1391

01:15:30,720 --> 01:15:28,750

so that's his that's his argument

1392

01:15:33,930 --> 01:15:30,730

against extraterrestrials

1393

01:15:35,910 --> 01:15:33,940

well the anthropomorphize ation both by

1394

01:15:37,620 --> 01:15:35,920

terry in his fictional book which is a

1395

01:15:45,300 --> 01:15:37,630

fabulous book and I'm really interested

1396

01:15:50,280 --> 01:15:45,310

in and both the anthropomorphize a ssin

1397

01:15:53,550 --> 01:15:50,290

of extraterrestrials is not troubling

1398

01:15:56,640 --> 01:15:53,560

but in fact I almost agree with it

1399

01:15:59,820 --> 01:15:56,650

insofar as you recall when we were up at

1400

01:16:02,430 --> 01:15:59,830

the UFO Congress upstate New York the

1401

01:16:07,530 --> 01:16:02,440

UFO event and I gave my little talk

1402

01:16:09,780 --> 01:16:07,540

about extraterrestrial evolution and you

1403

01:16:13,170 --> 01:16:09,790

know I do think it's highly possible if

1404

01:16:16,440 --> 01:16:13,180

panspermia is a fact and if there are

1405

01:16:19,470 --> 01:16:16,450

planets that are like earth elsewhere

1406

01:16:21,780 --> 01:16:19,480

that it's possible that the evolution

1407

01:16:25,050 --> 01:16:21,790

could be similar but it's also possible

1408

01:16:28,920 --> 01:16:25,060

that there are intelligent squid out

1409

01:16:31,920 --> 01:16:28,930

there purple you know out in ships craft

1410

01:16:36,000 --> 01:16:31,930

in the universe so not everything has to

1411

01:16:37,980 --> 01:16:36,010

be like an anthropomorphic sort of deal

1412

01:16:41,000 --> 01:16:37,990

anyway we're getting a little bit far

1413

01:16:43,470 --> 01:16:41,010

afield we're hoping to be back with you

1414

01:16:49,460 --> 01:16:43,480

after the first of the year with another

1415

01:16:51,330 --> 01:16:49,470

exciting episode of shattered reality

1416

01:16:55,870 --> 01:16:51,340

okay happy new year
