

1  
00:00:08,570 --> 00:00:17,180

[Music]

2  
00:00:25,470 --> 00:00:20,670

welcome to shattered reality with their

3  
00:00:28,529 --> 00:00:25,480

hosts Kate Valentine and furs prepare to

4  
00:00:36,000 --> 00:00:28,539

have your paradigms shifted into truths

5  
00:00:37,890 --> 00:00:36,010

questioned and now shattered reality hi

6  
00:00:42,029 --> 00:00:37,900

firoozeh we're back again I know you

7  
00:00:50,069 --> 00:00:42,039

enjoy slating every time yes uh hi there

8  
00:00:55,229 --> 00:00:50,079

Kate today is January 1919 yes

9  
00:01:00,930 --> 00:00:55,239

January 19 2018 and this is our first

10  
00:01:04,259 --> 00:01:00,940

show of the new year and it is our 61st

11  
00:01:06,150 --> 00:01:04,269

show so we're really breaking we're

12  
00:01:09,530 --> 00:01:06,160

breaking records and milestones here

13  
00:01:13,530 --> 00:01:09,540

left and right unfortunately we also had

14

00:01:16,469 --> 00:01:13,540

an upset today yes indeed that's the

15

00:01:20,429 --> 00:01:16,479

first suit but we do hope mr. seal feels

16

00:01:23,160 --> 00:01:20,439

better but he is unfortunately it has a

17

00:01:25,530 --> 00:01:23,170

medical emergency and he's not available

18

00:01:27,660 --> 00:01:25,540

at this particular time okay

19

00:01:30,480 --> 00:01:27,670

that's correct and just in case

20

00:01:34,560 --> 00:01:30,490

everybody doesn't know who mr. seal is I

21

00:01:38,459 --> 00:01:34,570

should mention that it is Avril seal of

22

00:01:41,700 --> 00:01:38,469

Texas a professional writer who has

23

00:01:44,130 --> 00:01:41,710

recently written a book that was

24

00:01:48,630 --> 00:01:44,140

published by our good friends at

25

00:01:51,660 --> 00:01:48,640

anomalous books and it's called monster

26

00:01:55,950 --> 00:01:51,670

hike and we're hoping that mr. seal is

27

00:01:58,700 --> 00:01:55,960

back in the pink very soon now this is

28

00:02:00,959 --> 00:01:58,710

so his subjects are interrupt you it was

29

00:02:02,190 --> 00:02:00,969

cryptozoology or the hunt for Bigfoot

30

00:02:05,370 --> 00:02:02,200

among others

31

00:02:09,600 --> 00:02:05,380

well I think his primary interest in the

32

00:02:12,390 --> 00:02:09,610

area of cryptozoology is Bigfoot

33

00:02:16,559 --> 00:02:12,400

and it's kind of interesting to me

34

00:02:20,390 --> 00:02:16,569

because although the Kate Valentine UFO

35

00:02:24,229 --> 00:02:20,400

show which preceded shattered reality

36

00:02:27,500 --> 00:02:24,239

which I was guests but not a co-host the

37

00:02:32,710 --> 00:02:27,510

others think no no not at all not at all

38

00:02:36,640 --> 00:02:32,720

but in any case on that show a Kate my

39

00:02:40,569 --> 00:02:36,650

partner here she had interviewed several

40

00:02:43,430 --> 00:02:40,579

individuals regarding a variety of

41

00:02:46,280 --> 00:02:43,440

cryptozoological creatures including the

42

00:02:49,430 --> 00:02:46,290

flatwoods monster which was the one that

43

00:02:50,750 --> 00:02:49,440

I best one man Oh Mothman yes indeed

44

00:02:56,599 --> 00:02:50,760

Mothman

45

00:02:59,509 --> 00:02:56,609

interests me quite a bit yeah it's it's

46

00:03:02,690 --> 00:02:59,519

kind of I think what interests me is the

47

00:03:05,780 --> 00:03:02,700

eeriness of Mothman oh you mean a

48

00:03:09,520 --> 00:03:05,790

15-foot winged black thing with glowing

49

00:03:14,720 --> 00:03:11,869

well you know what you said about mr.

50

00:03:17,149 --> 00:03:14,730

seal he felt that if you had an

51  
00:03:20,569 --> 00:03:17,159  
intention or if you had faith in Bigfoot

52  
00:03:23,000 --> 00:03:20,579  
you'd have more of an ability to find

53  
00:03:25,640 --> 00:03:23,010  
them that's true and I have a feeling

54  
00:03:28,699 --> 00:03:25,650  
Mothman is one of those events I think

55  
00:03:31,190 --> 00:03:28,709  
in the area oh I'm sorry I'm confusing

56  
00:03:33,559 --> 00:03:31,200  
him as that is not flatwoods monster no

57  
00:03:35,869 --> 00:03:33,569  
I'm sorry I confused it for a second but

58  
00:03:40,849 --> 00:03:35,879  
anyway to stick to Mothman for right now

59  
00:03:43,789 --> 00:03:40,859  
uh I was in an area a geographical area

60  
00:03:46,759 --> 00:03:43,799  
and people in that area were fairly

61  
00:03:49,849 --> 00:03:46,769  
convinced that this beastie existed as

62  
00:03:52,369 --> 00:03:49,859  
flatwoods monster I don't know more so

63  
00:03:55,159 --> 00:03:52,379

I'm Mothman and so maybe their belief in

64  
00:03:58,069 --> 00:03:55,169  
the existence of Mothman was what caused

65  
00:04:01,520 --> 00:03:58,079  
all those sightings it's it's possible I

66  
00:04:08,119 --> 00:04:01,530  
do believe that in terms of Mothman

67  
00:04:13,879 --> 00:04:08,129  
there was a Native American belief in a

68  
00:04:18,409 --> 00:04:13,889  
similar type creature but I guess what I

69  
00:04:25,100 --> 00:04:18,419  
I wonder about what I wonder about here

70  
00:04:27,320 --> 00:04:25,110  
is the flesh-and-blood quality of such

71  
00:04:29,750 --> 00:04:27,330  
things I'm going to what I'm going to do

72  
00:04:33,020 --> 00:04:29,760  
is I'm going to simply I'm going to

73  
00:04:38,000 --> 00:04:33,030  
simply go directly

74  
00:04:39,890 --> 00:04:38,010  
to my own cryptozoological well just

75  
00:04:43,640 --> 00:04:39,900  
really quick okay but flatwoods monster

76

00:04:47,690 --> 00:04:43,650

actually was not a creature it turned

77

00:04:50,390 --> 00:04:47,700

out to be almost almost like a crashed

78

00:04:53,180 --> 00:04:50,400

Denson of a flying saucer of some sort

79

00:04:56,420 --> 00:04:53,190

and what's his name Frankfort Chino I

80

00:04:59,780 --> 00:04:56,430

kid yeah I know machine oh yeah really

81

00:05:01,760 --> 00:04:59,790

really delved into it and continued to

82

00:05:04,370 --> 00:05:01,770

delve into it to the point where he was

83

00:05:06,590 --> 00:05:04,380

quite convinced that there was an air

84

00:05:10,850 --> 00:05:06,600

war between the United States and alien

85

00:05:12,790 --> 00:05:10,860

ships in the early 50s and if you his

86

00:05:16,790 --> 00:05:12,800

title of the book was shoot him down

87

00:05:19,970 --> 00:05:16,800

fascinating book and he put a lot of

88

00:05:22,850 --> 00:05:19,980

good solid investigative research into

89

00:05:26,840 --> 00:05:22,860

it and his book was based on facts and

90

00:05:29,570 --> 00:05:26,850

actual occurrences and was not by any

91

00:05:32,840 --> 00:05:29,580

means brought about by any intention

92

00:05:35,240 --> 00:05:32,850

right and there were some involvement if

93

00:05:37,820 --> 00:05:35,250

I recall offhand with a family that also

94

00:05:40,850 --> 00:05:37,830

saw this type of monster so that was

95

00:05:43,610 --> 00:05:40,860

like not so much cryptozoological as I

96

00:05:45,140 --> 00:05:43,620

think alien yeah something that landed

97

00:05:48,170 --> 00:05:45,150

here by mistake

98

00:05:51,620 --> 00:05:48,180

and as a side effect of this war that

99

00:05:54,200 --> 00:05:51,630

was going on at the time well it is if I

100

00:05:56,000 --> 00:05:54,210

saw something that was as I believe the

101  
00:05:56,960 --> 00:05:56,010  
flatwoods thing was about fifteen feet

102  
00:06:01,520 --> 00:05:56,970  
tall

103  
00:06:04,130 --> 00:06:01,530  
get out of a spaceship were some kind of

104  
00:06:07,340 --> 00:06:04,140  
a craft whether it came from space or

105  
00:06:09,140 --> 00:06:07,350  
under the earth I didn't - looking at

106  
00:06:11,300 --> 00:06:09,150  
that point I'd be really booking don't

107  
00:06:13,850 --> 00:06:11,310  
forget - this was in the early 50s when

108  
00:06:17,630 --> 00:06:13,860  
all the early sci-fi movies with the

109  
00:06:20,090 --> 00:06:17,640  
really horrible flying saucer the thing

110  
00:06:22,340 --> 00:06:20,100  
the thing with James Arness what was the

111  
00:06:24,560 --> 00:06:22,350  
name of that one where they had the film

112  
00:06:26,450 --> 00:06:24,570  
where the parents and the kids saw the

113  
00:06:28,490 --> 00:06:26,460

flying saucer land in the morning and

114

00:06:29,960 --> 00:06:28,500

the parents assured it was all a bad

115

00:06:31,550 --> 00:06:29,970

dream and he turned around they had

116

00:06:33,800 --> 00:06:31,560

little holes drilled in the back of

117

00:06:36,500 --> 00:06:33,810

their neck remember that oh it was

118

00:06:38,870 --> 00:06:36,510

really I was really creepy as creeped me

119

00:06:40,580 --> 00:06:38,880

out but anyway I'm sorry way off the

120

00:06:43,820 --> 00:06:40,590

topic of cryptozoology

121

00:06:46,070 --> 00:06:43,830

okay okay well you know in terms of the

122

00:06:49,070 --> 00:06:46,080

flatwoods monster

123

00:06:51,679 --> 00:06:49,080

I don't have the knowledge you have

124

00:06:53,659 --> 00:06:51,689

about it Kate but I would say that is a

125

00:06:55,700 --> 00:06:53,669

creature even if it was a creature from

126  
00:06:57,649 --> 00:06:55,710  
space and what it would have scared the

127  
00:06:59,629 --> 00:06:57,659  
living bejesus out of me frankly they

128  
00:07:01,339 --> 00:06:59,639  
found oil and stuff in the family that

129  
00:07:03,740 --> 00:07:01,349  
so it was really fun it was a funny

130  
00:07:06,320 --> 00:07:03,750  
story it was like you know back West

131  
00:07:09,619 --> 00:07:06,330  
Virginia in the fifties are sitting on a

132  
00:07:12,110 --> 00:07:09,629  
porch no TV yet I just sort of sitting

133  
00:07:13,760 --> 00:07:12,120  
there and this thing they see is

134  
00:07:15,559 --> 00:07:13,770  
something on the other side of the hill

135  
00:07:17,360 --> 00:07:15,569  
and they all go to investigate it mrs.

136  
00:07:19,640 --> 00:07:17,370  
Mae I believe was the name of the lady

137  
00:07:21,430 --> 00:07:19,650  
and the neighborhood kids and the dog

138  
00:07:25,279 --> 00:07:21,440

and the traipsing up over the whole

139

00:07:27,230 --> 00:07:25,289

surprise surprise careful what you wish

140

00:07:29,300 --> 00:07:27,240

for and they see this thing and they

141

00:07:31,999 --> 00:07:29,310

come back screaming and hollering and

142

00:07:39,670 --> 00:07:32,009

there's a monster out there but you know

143

00:07:45,290 --> 00:07:43,760

an artificial intelligence because it

144

00:07:48,409 --> 00:07:45,300

disappeared they didn't find it they I

145

00:07:48,679 --> 00:07:48,419

think I saw it whatever it whatever it

146

00:07:50,540 --> 00:07:48,689

is

147

00:07:54,649 --> 00:07:50,550

came doubt it took it back up and got

148

00:07:58,339 --> 00:07:54,659

rid of the evidence well anyway I'm just

149

00:08:01,990 --> 00:07:58,349

as happy it's no longer here so I mean

150

00:08:07,399 --> 00:08:02,000

we haven't had on on shattered reality

151

00:08:10,149 --> 00:08:07,409

any cryptozoology writers prior to this

152

00:08:14,329 --> 00:08:10,159

and as I was saying prior to us starting

153

00:08:18,619 --> 00:08:14,339

today part of the reason that is is that

154

00:08:22,689 --> 00:08:18,629

we are not big experiencers in the area

155

00:08:23,959 --> 00:08:22,699

of cryptozoology so while we are not

156

00:08:27,230 --> 00:08:23,969

disbelievers

157

00:08:31,490 --> 00:08:27,240

we are also by and large not believers

158

00:08:35,659 --> 00:08:31,500

which is not to say that we don't think

159

00:08:38,540 --> 00:08:35,669

that it's possible but just we it hasn't

160

00:08:40,969 --> 00:08:38,550

been shown to us maybe that's because

161

00:08:43,880 --> 00:08:40,979

we're in the New York metropolitan area

162

00:08:47,180 --> 00:08:43,890

and most of the cryptozoological

163

00:08:49,639 --> 00:08:47,190

creatures only come out at night under

164

00:08:51,740 --> 00:08:49,649

the subway where if we are not spending

165

00:08:54,380 --> 00:08:51,750

too much time like the pizza eating brat

166

00:08:58,010 --> 00:08:54,390

like yeah like the giant pizza eating

167

00:08:59,440 --> 00:08:58,020

brat however a couple of years ago I

168

00:09:02,380 --> 00:08:59,450

think it was back in

169

00:09:04,750 --> 00:09:02,390

2005 I have to check my date on that I

170

00:09:10,270 --> 00:09:04,760

was on my way down to the Monroe

171

00:09:13,030 --> 00:09:10,280

Institute and I was at a sitting in an

172

00:09:17,860 --> 00:09:13,040

airplane waiting to take off at Newark

173

00:09:22,330 --> 00:09:17,870

Airport and I saw a black butterfly at

174

00:09:24,580 --> 00:09:22,340

the window and I had a reason for pause

175

00:09:26,470 --> 00:09:24,590

at that moment because I didn't know

176

00:09:28,750 --> 00:09:26,480

what a black butterfly was doing at the

177

00:09:33,490 --> 00:09:28,760

airport looking in my window with the

178

00:09:36,880 --> 00:09:33,500

engines running yeah it was weird and I

179

00:09:39,820 --> 00:09:36,890

I was which you were I was at Newark

180

00:09:42,160 --> 00:09:39,830

Airport I was I believe taking off to go

181

00:09:44,830 --> 00:09:42,170

to Charlotte North Carolina to change

182

00:09:48,520 --> 00:09:44,840

planes to then go to Charlottesville so

183

00:09:50,590 --> 00:09:48,530

you were in a large jet then I wasn't no

184

00:09:52,540 --> 00:09:50,600

I would imagine Newark to Charlotte

185

00:09:56,050 --> 00:09:52,550

would be sort of a small medium it

186

00:09:58,480 --> 00:09:56,060

wasn't a tiny but it wasn't like well it

187

00:10:00,670 --> 00:09:58,490

was neuter it wasn't like I would say

188

00:10:04,840 --> 00:10:00,680

now I have to remember this I would say

189

00:10:06,550 --> 00:10:04,850

there were 50 people 50 it wasn't a tiny

190

00:10:09,280 --> 00:10:06,560

one I've been on puddle jumpers it

191

00:10:11,890 --> 00:10:09,290

definitely wasn't that and so this black

192

00:10:14,020 --> 00:10:11,900

butterflies at the window and I'm

193

00:10:15,970 --> 00:10:14,030

thinking to myself is this a sign I

194

00:10:18,400 --> 00:10:15,980

shouldn't be flying should I just get up

195

00:10:21,820 --> 00:10:18,410

and say I have to get off this airplane

196

00:10:24,280 --> 00:10:21,830

now I don't want to go it was a flying

197

00:10:26,680 --> 00:10:24,290

or was it landed on the window itself it

198

00:10:29,590 --> 00:10:26,690

was flying but it came up to the window

199

00:10:32,710 --> 00:10:29,600

and it was at the window now this it was

200

00:10:36,760 --> 00:10:32,720

here it was in all black butterfly or

201

00:10:39,280 --> 00:10:36,770

moth but I believe it was a blood fly

202

00:10:41,140 --> 00:10:39,290

because it had its wings spread it

203

00:10:45,820 --> 00:10:41,150

didn't it didn't close like a moth

204

00:10:49,120 --> 00:10:45,830

closes differently and I saw it from for

205

00:10:51,940 --> 00:10:49,130

more than a minute and I just decided I

206

00:10:55,060 --> 00:10:51,950

will have have I will try to have faith

207

00:10:58,180 --> 00:10:55,070

and go on this trip anyway well then

208

00:11:01,300 --> 00:10:58,190

when I get to Charlotte and I get on the

209

00:11:03,040 --> 00:11:01,310

other plane there is a large black

210

00:11:05,050 --> 00:11:03,050

butterfly that's strange

211

00:11:07,180 --> 00:11:05,060

and this one didn't come up to the

212

00:11:12,250 --> 00:11:07,190

window this one was a distance away from

213

00:11:13,120 --> 00:11:12,260

the plane but this butterfly was I would

214

00:11:16,420 --> 00:11:13,130

say

215

00:11:18,880 --> 00:11:16,430

wingspan and everything six to eight

216

00:11:20,740 --> 00:11:18,890

inches and I'm looking back it's a fair

217

00:11:24,070 --> 00:11:20,750

size but yeah I'm looking back twelve

218

00:11:26,980 --> 00:11:24,080

years ago at least so I'm not but it was

219

00:11:30,280 --> 00:11:26,990

a big butterfly and I think oh geez this

220

00:11:33,070 --> 00:11:30,290

is very very weird and not a bird not a

221

00:11:36,280 --> 00:11:33,080

bird definitely not a bird III and not

222

00:11:39,670 --> 00:11:36,290

like smoke patterns no no no no smoke

223

00:11:41,560 --> 00:11:39,680

this was a sunny day it was clear these

224

00:11:43,600 --> 00:11:41,570

were two Lynette so now I've seen two

225

00:11:45,880 --> 00:11:43,610

black butterflies and I'm yeah that's a

226

00:11:49,270 --> 00:11:45,890

little off-putting yeah a little bit off

227

00:11:51,490 --> 00:11:49,280

and I was going to start a program the

228

00:11:54,220 --> 00:11:51,500

following day and I stayed over at a

229

00:11:58,810 --> 00:11:54,230

friend's house in what's called the new

230

00:12:01,360 --> 00:11:58,820

land which is some homes that were built

231

00:12:04,420 --> 00:12:01,370

around the Monroe Institute on land that

232

00:12:07,330 --> 00:12:04,430

was owned by Bob Monroe I guess and he

233

00:12:09,430 --> 00:12:07,340

sold it off I could be wrong exactly a

234

00:12:11,320 --> 00:12:09,440

legalistic of that but anyway there are

235

00:12:13,870 --> 00:12:11,330

a bunch of homes that are built in the

236

00:12:16,540 --> 00:12:13,880

in the vicinity of the Monroe Institute

237

00:12:18,040 --> 00:12:16,550

and that's called a new land and so I

238

00:12:21,610 --> 00:12:18,050

was staying with a friend at a house

239

00:12:24,190 --> 00:12:21,620

there and there was a terrace a small

240

00:12:27,820 --> 00:12:24,200

Terrace outside a little outdoor patio

241

00:12:30,010 --> 00:12:27,830

and I was sitting on the patio I was

242

00:12:31,720 --> 00:12:30,020

going to go eat dinner at some third

243

00:12:33,790 --> 00:12:31,730

person's house there was some kind of

244

00:12:35,980 --> 00:12:33,800

gathering and people I'd kind of know

245

00:12:38,620 --> 00:12:35,990

you know not very well but all friendly

246

00:12:42,700 --> 00:12:38,630

and so sitting there waiting to go to

247

00:12:46,150 --> 00:12:42,710

the dinner and there's a third black

248

00:12:47,860 --> 00:12:46,160

butterfly up by the eaves of the house

249

00:12:50,110 --> 00:12:47,870

and I'm looking at the thing and I'm

250

00:12:52,810 --> 00:12:50,120

thinking could that be a bat yeah yeah

251

00:12:55,030 --> 00:12:52,820

that's weird and no it wasn't a bad it

252

00:12:58,480 --> 00:12:55,040

was an insect it was black and looked

253

00:13:02,380 --> 00:12:58,490

like a butterfly and I when I got back

254

00:13:07,120 --> 00:13:02,390

to my home a week later I looked in all

255

00:13:09,370 --> 00:13:07,130

the books and online for butterflies in

256

00:13:11,740 --> 00:13:09,380

there were no butterflies that fit that

257

00:13:13,510 --> 00:13:11,750

description yeah and they don't hang

258

00:13:15,970 --> 00:13:13,520

around that long anyway you don't know

259

00:13:18,450 --> 00:13:15,980

me said mmm-hmm well you were saying

260

00:13:21,010 --> 00:13:18,460

earlier too about intentions right and

261

00:13:23,980 --> 00:13:21,020

creating things like dopus which we'll

262

00:13:27,310 --> 00:13:23,990

go into a little later right maybe did

263

00:13:29,230 --> 00:13:27,320

you have like worrisome thoughts or

264

00:13:31,000 --> 00:13:29,240

I mean this was something you're looking

265

00:13:34,510 --> 00:13:31,010

forward to yeah I was looking forward to

266

00:13:37,000 --> 00:13:34,520

to not know how stressful not really no

267

00:13:40,300 --> 00:13:37,010

I mean it's it's something of a vacation

268

00:13:44,290 --> 00:13:40,310

and um I I wasn't thinking any negative

269

00:13:46,150 --> 00:13:44,300

thoughts the only thing that was on my

270

00:13:49,120 --> 00:13:46,160

mind after seeing these things was that

271

00:13:51,880 --> 00:13:49,130

the date was the data of my parents

272

00:13:54,160 --> 00:13:51,890

wedding anniversary and my godmothers

273

00:13:55,630 --> 00:13:54,170

birthday happened to have to take place

274

00:14:00,220 --> 00:13:55,640

on the same day but they wouldn't be

275

00:14:02,140 --> 00:14:00,230

sending me like black images you know I

276

00:14:02,740 --> 00:14:02,150

mean there's no reason for it they had

277

00:14:04,690 --> 00:14:02,750

nothing

278

00:14:06,130 --> 00:14:04,700

certainly they wouldn't be thinking it

279

00:14:08,620 --> 00:14:06,140

was some horrible thing for me to be

280

00:14:10,540 --> 00:14:08,630

going down to Virginia and meditating

281

00:14:11,920 --> 00:14:10,550

for a week basically which is what it

282

00:14:14,140 --> 00:14:11,930

comes down to and you don't collect

283

00:14:16,090 --> 00:14:14,150

butterflies no I would never well I

284

00:14:19,240 --> 00:14:16,100

could friend of mine her parents were

285

00:14:23,520 --> 00:14:19,250

very involved with Bert her father's

286

00:14:26,080 --> 00:14:23,530

involved with Robinson so one day in

287

00:14:28,270 --> 00:14:26,090

offseason there were about 50 Robins in

288

00:14:30,040 --> 00:14:28,280

the backyard and so she thought it was a

289

00:14:33,250 --> 00:14:30,050

message from her father in that sense

290

00:14:35,620 --> 00:14:33,260

you know who he had passed on birds are

291

00:14:38,410 --> 00:14:35,630

known to be messengers well maybe in

292

00:14:43,060 --> 00:14:38,420

your case it's a butterfly well that the

293

00:14:46,360 --> 00:14:43,070

the name for Russia is very close to the

294

00:14:50,950 --> 00:14:46,370

word for butterfly in Arabic oh really

295

00:14:53,200 --> 00:14:50,960

yeah oh but still I don't see them all

296

00:14:55,900 --> 00:14:53,210

the time why on this you know why this

297

00:14:58,090 --> 00:14:55,910

one day of all days yeah okay well then

298

00:15:01,240 --> 00:14:58,100

why does sometimes people see UFOs

299

00:15:03,790 --> 00:15:01,250

sometimes they see Bigfoot sometimes you

300

00:15:06,940 --> 00:15:03,800

know this is one of these you know with

301  
00:15:08,770 --> 00:15:06,950  
um what fourth what was it guy's name

302  
00:15:11,400 --> 00:15:08,780  
Fort Charles for all right you know all

303  
00:15:14,020 --> 00:15:11,410  
these anomalous occurrences and

304  
00:15:16,030 --> 00:15:14,030  
supposedly you know like the famous one

305  
00:15:19,600 --> 00:15:16,040  
was well rocks don't fall out of the sky

306  
00:15:22,420 --> 00:15:19,610  
and then they discovered meteors but you

307  
00:15:25,210 --> 00:15:22,430  
know all these anomalies I mean I think

308  
00:15:27,190 --> 00:15:25,220  
we were saying just before the show why

309  
00:15:30,090 --> 00:15:27,200  
would somebody be interested in

310  
00:15:32,470 --> 00:15:30,100  
supernatural or paranormal or all these

311  
00:15:35,020 --> 00:15:32,480  
anomalous events I think it's because

312  
00:15:38,010 --> 00:15:35,030  
everyone senses just as you do with a

313  
00:15:41,030 --> 00:15:38,020

butterfly is it all right there is no

314

00:15:42,860 --> 00:15:41,040

typical explanation for it but

315

00:15:45,319 --> 00:15:42,870

there is an explanation I mean you saw

316

00:15:47,600 --> 00:15:45,329

it it was there yes even if it was your

317

00:15:50,509 --> 00:15:47,610

imagination you still saw something that

318

00:15:52,280 --> 00:15:50,519

was there so why did you see it or why

319

00:15:53,629 --> 00:15:52,290

did you even think that you saw it it

320

00:15:55,939 --> 00:15:53,639

doesn't matter whether you actually saw

321

00:15:58,670 --> 00:15:55,949

it you think you saw it it was as far as

322

00:16:00,379 --> 00:15:58,680

you're concerned it was there so why and

323

00:16:03,650 --> 00:16:00,389

there's no answer for that I believe

324

00:16:06,379 --> 00:16:03,660

that the person who I was staying with

325

00:16:12,019 --> 00:16:06,389

also saw the third butterfly so it

326

00:16:14,090 --> 00:16:12,029

wasn't just me and I have no idea and I

327

00:16:17,180 --> 00:16:14,100

think that when I was when I've left

328

00:16:18,949 --> 00:16:17,190

before I left the Charlotte Airport

329

00:16:21,920 --> 00:16:18,959

I might have pointed out the large

330

00:16:24,199 --> 00:16:21,930

butterfly in the distance to some person

331

00:16:27,230 --> 00:16:24,209

who was like sitting next to me but my

332

00:16:29,480 --> 00:16:27,240

my memory and nastya dims a little bit

333

00:16:30,949 --> 00:16:29,490

so I don't want to make any strange but

334

00:16:32,509 --> 00:16:30,959

but I think that's why people get

335

00:16:34,249 --> 00:16:32,519

interested in these things because they

336

00:16:36,740 --> 00:16:34,259

sense that there's a meaning behind it

337

00:16:39,040 --> 00:16:36,750

which they cannot find out what that

338

00:16:42,170 --> 00:16:39,050

meaning is or determine what it is and

339

00:16:43,999 --> 00:16:42,180

and it's intriguing you know I mean you

340

00:16:46,009 --> 00:16:44,009

know if you were if you were on the

341

00:16:47,900 --> 00:16:46,019

plane and it was a piston engine let's

342

00:16:49,910 --> 00:16:47,910

say and it gave off of the puff of black

343

00:16:51,829 --> 00:16:49,920

smoke you wouldn't even notice it you

344

00:16:52,879 --> 00:16:51,839

figure okay the engine just burped some

345

00:16:55,699 --> 00:16:52,889

gas in there you go

346

00:16:57,740 --> 00:16:55,709

so the explanation is immediate it's

347

00:16:59,540 --> 00:16:57,750

non-threatening but you see a black

348

00:17:02,030 --> 00:16:59,550

butterfly and yeah I mean if I were on a

349

00:17:05,510 --> 00:17:02,040

plane so a black butterfly I'd think

350

00:17:12,710 --> 00:17:05,520

twice about excuse me I would like to

351

00:17:14,720 --> 00:17:12,720

get off thank you yeah I think that's

352

00:17:18,319 --> 00:17:14,730

what interests people about it and

353

00:17:20,780 --> 00:17:18,329

certainly with UFOs and then I that

354

00:17:23,270 --> 00:17:20,790

there definitely I've been without a

355

00:17:26,210 --> 00:17:23,280

question objects that are seen that are

356

00:17:28,520 --> 00:17:26,220

flying and are unidentified and I guess

357

00:17:31,100 --> 00:17:28,530

it's fun to speculate about what these

358

00:17:34,610 --> 00:17:31,110

things could be right and we we actually

359

00:17:37,520 --> 00:17:34,620

do not know factually definitely what

360

00:17:40,570 --> 00:17:37,530

they are since people come back even

361

00:17:44,030 --> 00:17:40,580

people who are contact these abductees

362

00:17:46,820 --> 00:17:44,040

and experiencers which are the three

363

00:17:49,820 --> 00:17:46,830

words that are used to describe people

364

00:17:54,770 --> 00:17:49,830

who have Close Encounters of the Third

365

00:17:57,860 --> 00:17:54,780

Kind and they they don't agree on

366

00:18:01,070 --> 00:17:57,870

on what it is because either because

367

00:18:05,870 --> 00:18:01,080

whatever it is lies to us

368

00:18:11,690 --> 00:18:05,880

A or B we misinterpret in our monkey

369

00:18:14,900 --> 00:18:11,700

mind like the quote unquote alien could

370

00:18:17,660 --> 00:18:14,910

be given giving the contact he the

371

00:18:20,660 --> 00:18:17,670

secrets of the universe but the

372

00:18:22,460 --> 00:18:20,670

contactee with their monkey brain and

373

00:18:24,290 --> 00:18:22,470

I'm not putting any particular contact

374

00:18:30,200 --> 00:18:24,300

details so I don't want any letters

375

00:18:34,370 --> 00:18:30,210

about that but but the human animal with

376

00:18:40,730 --> 00:18:34,380

their monkey brain his primary primate

377

00:18:43,150 --> 00:18:40,740

primate primate brain is not is not

378

00:18:45,290 --> 00:18:43,160

getting the message correctly it's

379

00:18:46,700 --> 00:18:45,300

misinterpreting the message all right

380

00:18:48,020 --> 00:18:46,710

all right well that brings us back to

381

00:18:51,140 --> 00:18:48,030

Bigfoot okay

382

00:18:53,090 --> 00:18:51,150

I mean certainly if you're primed to be

383

00:18:56,020 --> 00:18:53,100

out there looking for Bigfoot and you

384

00:18:58,130 --> 00:18:56,030

see a 15-foot grizzly bear

385

00:19:01,910 --> 00:18:58,140

maybe that's what you think you're

386

00:19:04,520 --> 00:19:01,920

seeing or or as you as you say to you

387

00:19:07,670 --> 00:19:04,530

know it again it's intriguing like I

388

00:19:09,800 --> 00:19:07,680

think myself I think is some sort of a

389

00:19:11,360 --> 00:19:09,810

land primate you know really there's a

390

00:19:12,260 --> 00:19:11,370

lift maybe even left over from the

391

00:19:14,660 --> 00:19:12,270

Neanderthals

392

00:19:17,630 --> 00:19:14,670

who knows but it's out there it knows

393

00:19:20,300 --> 00:19:17,640

very well if it contacts human

394

00:19:22,580 --> 00:19:20,310

civilizations it's in big trouble right

395

00:19:24,980 --> 00:19:22,590

it'll be hunted killed or exhibited or

396

00:19:27,380 --> 00:19:24,990

something in that nature and it

397

00:19:29,000 --> 00:19:27,390

understands that but and so it avoids

398

00:19:32,450 --> 00:19:29,010

that at all costs and I'm sure it

399

00:19:36,650 --> 00:19:32,460

teaches its children never near anything

400

00:19:40,670 --> 00:19:36,660

like that like a human but you still you

401

00:19:43,190 --> 00:19:40,680

want to know if it's out there I mean

402

00:19:45,500 --> 00:19:43,200

like the Yeti some primate loose up in

403

00:19:47,180 --> 00:19:45,510

the Himalayan sir I mean how many people

404

00:19:51,650 --> 00:19:47,190

are in the Himalayas on a day-to-day

405

00:19:54,140 --> 00:19:51,660

basis and you know could hide out there

406

00:19:55,880 --> 00:19:54,150

forever and even northwestern

407

00:19:58,220 --> 00:19:55,890

Pennsylvania all those hills and

408

00:20:01,460 --> 00:19:58,230

mountains and it's I think one of the

409

00:20:06,950 --> 00:20:01,470

most compelling stories that I have

410

00:20:08,250 --> 00:20:06,960

heard about a Sasquatch or Yeti more

411

00:20:13,860 --> 00:20:08,260

like a Yeti

412

00:20:19,020 --> 00:20:13,870

comes from a village I think somewhere

413

00:20:21,930 --> 00:20:19,030

in just outside of Siberia in the former

414

00:20:24,720 --> 00:20:21,940

Soviet Union and I don't know what

415

00:20:28,020 --> 00:20:24,730

country it would be now but there was

416

00:20:31,680 --> 00:20:28,030

apparently one of these things living in

417

00:20:34,140 --> 00:20:31,690

the village for years and people that

418

00:20:36,510 --> 00:20:34,150

were there were samples of the fur that

419

00:20:38,280 --> 00:20:36,520

exists now that you're talking I

420

00:20:43,530 --> 00:20:38,290

remember this and it lived with some

421

00:20:45,900 --> 00:20:43,540

woman or that yeah everybody in the town

422

00:20:48,120 --> 00:20:45,910

knew about it and everything and I would

423

00:20:51,660 --> 00:20:48,130

say that was probably the most

424

00:20:55,440 --> 00:20:51,670

compelling thing more hand to me about a

425

00:20:57,870 --> 00:20:55,450

Yeti but now there seem they seem to be

426

00:21:00,360 --> 00:20:57,880

popping up all over the United States

427

00:21:01,620 --> 00:21:00,370

and Canada or else people say that they

428

00:21:06,090 --> 00:21:01,630

see them they're known by different

429

00:21:09,780 --> 00:21:06,100

names like Bigfoot sasquatch skunk ape

430

00:21:11,670 --> 00:21:09,790

all these these different names and my

431

00:21:13,800 --> 00:21:11,680

jury is out I mean I don't have an

432

00:21:15,750 --> 00:21:13,810

opinion on it maybe they're successful

433

00:21:17,400 --> 00:21:15,760

primate and they're starting to increase

434

00:21:22,410 --> 00:21:17,410

in numbers and that will increase the

435

00:21:25,770 --> 00:21:22,420

sightings that would be interesting but

436

00:21:28,380 --> 00:21:25,780

it would be interesting I I have to

437

00:21:30,450 --> 00:21:28,390

wonder that people aren't interested in

438

00:21:31,950 --> 00:21:30,460

we started to talk about how people

439

00:21:34,590 --> 00:21:31,960

might be interested in the supernatural

440

00:21:38,310 --> 00:21:34,600

of why they're interested in these

441

00:21:44,220 --> 00:21:38,320

anomalous things and I believe that is

442

00:21:47,070 --> 00:21:44,230

because on a certain level reality is

443

00:21:52,500 --> 00:21:47,080

not what it's cooked up to be right we

444

00:21:57,090 --> 00:21:52,510

have what is called a kind of agreed

445

00:22:02,790 --> 00:21:57,100

upon a consensual reality a group

446

00:22:06,600 --> 00:22:02,800

consensual reality that certain laws of

447

00:22:09,540 --> 00:22:06,610

physics apply and then sometimes they

448

00:22:13,350 --> 00:22:09,550

don't and that's why we find that

449

00:22:18,060 --> 00:22:13,360

interesting because as we are getting to

450

00:22:20,670 --> 00:22:18,070

learn from string theory quantum physics

451  
00:22:21,919 --> 00:22:20,680  
all the things that were discovered

452  
00:22:26,289 --> 00:22:21,929  
around a hundred year

453  
00:22:31,389 --> 00:22:26,299  
ago but most scientists don't even

454  
00:22:35,060 --> 00:22:31,399  
consider while they're going about their

455  
00:22:38,450 --> 00:22:35,070  
studies and their daily lives the idea

456  
00:22:41,539 --> 00:22:38,460  
that everything is is really an illusion

457  
00:22:44,269 --> 00:22:41,549  
and that we only see such a small band

458  
00:22:47,090 --> 00:22:44,279  
of electromagnetic radiation on the big

459  
00:22:49,369 --> 00:22:47,100  
spectrum and things could be coexisting

460  
00:22:53,210 --> 00:22:49,379  
with us right here and in this room when

461  
00:22:55,489 --> 00:22:53,220  
we might not see them and after all even

462  
00:23:04,129 --> 00:22:55,499  
if we do see them does it any of does

463  
00:23:07,149 --> 00:23:04,139

any of it really exist right this is a

464

00:23:09,919 --> 00:23:07,159

good time for us to contact our

465

00:23:12,769 --> 00:23:09,929

listeners or are people who are tuned

466

00:23:14,690 --> 00:23:12,779

into this little podcast obviously

467

00:23:16,279 --> 00:23:14,700

you're interested in the paranormal

468

00:23:20,359 --> 00:23:16,289

obviously you're interested in the

469

00:23:23,450 --> 00:23:20,369

supernatural so please write us a right

470

00:23:25,070 --> 00:23:23,460

answer why are you interested well snow

471

00:23:26,889 --> 00:23:25,080

and how do I do that for you because you

472

00:23:32,619 --> 00:23:26,899

know me I'm inept when it comes to this

473

00:23:41,060 --> 00:23:32,629

well hopefully they can go on any one of

474

00:23:58,359 --> 00:23:41,070

four interactive places which would be W

475

00:24:05,060 --> 00:23:58,369

w or shattered reality podcast

476

00:24:09,499 --> 00:24:05,070

wordpress.com or or our channel on

477

00:24:12,320 --> 00:24:09,509

youtube or our facebook channel which is

478

00:24:15,619 --> 00:24:12,330

a radio station channel because facebook

479

00:24:18,799 --> 00:24:15,629

doesn't have a podcast designation yet

480

00:24:21,139 --> 00:24:18,809

which it hadn't had three years ago and

481

00:24:23,659 --> 00:24:21,149

it still doesn't have which i find to be

482

00:24:27,739 --> 00:24:23,669

quite amazing but we are shattered

483

00:24:30,109 --> 00:24:27,749

reality podcast on facebook on and they

484

00:24:32,419 --> 00:24:30,119

can just type in their answer right they

485

00:24:34,609 --> 00:24:32,429

can they can speak to us on facebook

486

00:24:36,170 --> 00:24:34,619

they can speak to us on either of our

487

00:24:39,020 --> 00:24:36,180

two

488

00:24:45,860 --> 00:24:39,030

websites they could even speak to us on

489

00:24:48,800 --> 00:24:45,870

iTunes or on YouTube on our YouTube

490

00:24:51,020 --> 00:24:48,810

channel which is very active actual or

491

00:24:59,990 --> 00:24:51,030

ESP right for Russia I mean you'll pick

492

00:25:01,880 --> 00:25:00,000

up on that right yeah okay but if if

493

00:25:03,990 --> 00:25:01,890

you're so psychic how come you don't

494

00:25:10,480 --> 00:25:04,000

know my mother's maiden name thank you

495

00:25:14,330 --> 00:25:12,680

we'd love to hear from you you know I

496

00:25:18,050 --> 00:25:14,340

mean you know we sit here chattering

497

00:25:20,090 --> 00:25:18,060

away is anybody listening who knows but

498

00:25:22,250 --> 00:25:20,100

or why are you listening I mean what's

499

00:25:24,080 --> 00:25:22,260

got you involved in this stuff with it I

500

00:25:26,180 --> 00:25:24,090

mean why would you care as to whether or

501  
00:25:28,820 --> 00:25:26,190  
not there's a Bigfoot out there you do

502  
00:25:30,650 --> 00:25:28,830  
care you wouldn't be listening Avril

503  
00:25:31,700 --> 00:25:30,660  
seal would not care or he wouldn't write

504  
00:25:33,470 --> 00:25:31,710  
a book about it

505  
00:25:35,840 --> 00:25:33,480  
right so there's got to be some

506  
00:25:38,600 --> 00:25:35,850  
compelling reason for you to be

507  
00:25:40,220 --> 00:25:38,610  
interested in this or what else did we

508  
00:25:44,090 --> 00:25:40,230  
talk about God knows everything

509  
00:25:46,250 --> 00:25:44,100  
but what about UFOs a lot about ESP I

510  
00:25:49,430 --> 00:25:46,260  
think would you all the topics that

511  
00:25:52,070 --> 00:25:49,440  
really that you you're mostly concerned

512  
00:25:54,440 --> 00:25:52,080  
with are based around intention and

513  
00:25:58,220 --> 00:25:54,450

consciousness consciousness I think is

514

00:26:01,550 --> 00:25:58,230

is the big is the big element here we do

515

00:26:04,670 --> 00:26:01,560

have a very interesting letter from mr.

516

00:26:08,090 --> 00:26:04,680

Freeman who has time favorite all-time

517

00:26:10,610 --> 00:26:08,100

favorite of our of our listeners he's

518

00:26:13,250 --> 00:26:10,620

been listening to the Kate Valentine UFO

519

00:26:15,740 --> 00:26:13,260

show he listened to viewpoints with Kate

520

00:26:18,530 --> 00:26:15,750

Valentine and now he's listening to me

521

00:26:24,200 --> 00:26:18,540

and Kate Valentine here on shattered

522

00:26:26,480 --> 00:26:24,210

reality podcast and Freeman's I'm gonna

523

00:26:30,260 --> 00:26:26,490

read his letter here and maybe you want

524

00:26:32,450 --> 00:26:30,270

to make a comment on this - just wanted

525

00:26:36,500 --> 00:26:32,460

to respond to your comment about the way

526  
00:26:40,040 --> 00:26:36,510  
aliens might think in essence biological

527  
00:26:42,550 --> 00:26:40,050  
intelligence exists to direct efficient

528  
00:26:46,340 --> 00:26:42,560  
movement and actions by incorporating

529  
00:26:49,370 --> 00:26:46,350  
sensory input from a scientific point of

530  
00:26:51,940 --> 00:26:49,380  
view logic reasoning and rationality

531  
00:26:54,740 --> 00:26:51,950  
our Universal as applied to

532  
00:26:57,020 --> 00:26:54,750  
problem-solving investigation and the

533  
00:27:00,760 --> 00:26:57,030  
scientific method for the development of

534  
00:27:03,730 --> 00:27:00,770  
technology and maths based modeling

535  
00:27:06,950 --> 00:27:03,740  
however general reasoning as applied by

536  
00:27:10,419 --> 00:27:06,960  
individuals can often be used to justify

537  
00:27:13,730 --> 00:27:10,429  
any action or behavior but may contain

538  
00:27:16,400 --> 00:27:13,740

erroneous flaws of logic and incorrect

539

00:27:18,560 --> 00:27:16,410

assumptions to put it crudely there

540

00:27:21,890 --> 00:27:18,570

could be considered a difference in the

541

00:27:24,740 --> 00:27:21,900

application of rationality between the

542

00:27:28,430 --> 00:27:24,750

architects of technology and the users

543

00:27:33,020 --> 00:27:28,440

of Technology rational decisions will

544

00:27:35,570 --> 00:27:33,030

include statistical outliers for example

545

00:27:38,419 --> 00:27:35,580

statistically abnormal decision making

546

00:27:41,750 --> 00:27:38,429

considered unethical irrational or

547

00:27:45,169 --> 00:27:41,760

unacceptable by society in general this

548

00:27:47,560 --> 00:27:45,179

overlaps with concepts of justice legal

549

00:27:49,760 --> 00:27:47,570

systems and protecting the public

550

00:27:52,250 --> 00:27:49,770

abnormal thinking can result from

551  
00:27:55,010 --> 00:27:52,260  
biological dysfunctions including

552  
00:27:59,659 --> 00:27:55,020  
genetic abnormalities and brain damage

553  
00:28:03,590 --> 00:27:59,669  
or learn behaviors biological et

554  
00:28:06,610 --> 00:28:03,600  
intelligence is likely to arise from

555  
00:28:10,220 --> 00:28:06,620  
universal evolutionary processes

556  
00:28:12,830 --> 00:28:10,230  
competitions for resources is likely to

557  
00:28:15,649 --> 00:28:12,840  
promote hunting as a winning strategy

558  
00:28:19,210 --> 00:28:15,659  
with the consequences of a natural

559  
00:28:21,700 --> 00:28:19,220  
sensory intelligence arms race

560  
00:28:25,669 --> 00:28:21,710  
individuals within a self-aware

561  
00:28:28,130 --> 00:28:25,679  
technologically developing species will

562  
00:28:30,140 --> 00:28:28,140  
likely continue to exhibit inherited

563  
00:28:33,169 --> 00:28:30,150

behaviors relating to self-preservation

564

00:28:36,890 --> 00:28:33,179

and basic needs as well as high-level

565

00:28:39,289 --> 00:28:36,900

behaviors such as altruism we might also

566

00:28:41,750 --> 00:28:39,299

expect aliens to exhibit behaviors

567

00:28:44,930 --> 00:28:41,760

relating to interspecies cultures as

568

00:28:47,570 --> 00:28:44,940

well as fill in the gap concepts

569

00:28:51,020 --> 00:28:47,580

provided by faith and various religious

570

00:28:54,620 --> 00:28:51,030

ideas abnormal behaviors are in some

571

00:28:57,950 --> 00:28:54,630

respects statistical so one day we might

572

00:29:00,110 --> 00:28:57,960

define extreme behaviors in terms of the

573

00:29:02,960 --> 00:29:00,120

galactic norm for rational beings

574

00:29:05,779 --> 00:29:02,970

another aspect to consider is learn

575

00:29:08,630 --> 00:29:05,789

and education the common subjects that

576  
00:29:12,110 --> 00:29:08,640  
any biological alien intelligence would

577  
00:29:14,060 --> 00:29:12,120  
teach subsequent generations in

578  
00:29:15,890 --> 00:29:14,070  
practical terms the necessary

579  
00:29:19,100 --> 00:29:15,900  
intelligence skills and knowledge

580  
00:29:21,020 --> 00:29:19,110  
required to function and thrive in a

581  
00:29:23,690 --> 00:29:21,030  
physical environment capable of

582  
00:29:26,210 --> 00:29:23,700  
supporting a tool-making species provide

583  
00:29:29,630 --> 00:29:26,220  
both a common frame of reference for all

584  
00:29:33,590 --> 00:29:29,640  
species and an influence and influence

585  
00:29:36,230 --> 00:29:33,600  
cultures and behaviors there may be more

586  
00:29:36,940 --> 00:29:36,240  
that we share in common than keeps us

587  
00:29:40,070 --> 00:29:36,950  
apart

588  
00:29:43,159 --> 00:29:40,080

well that's true except that we have had

589

00:29:45,260 --> 00:29:43,169

hunters and developed societies for

590

00:29:47,169 --> 00:29:45,270

example Egypt ancient Egypt and ancient

591

00:29:51,110 --> 00:29:47,179

Rome that never really got

592

00:29:54,200 --> 00:29:51,120

technologically inclined and so and yet

593

00:29:56,210 --> 00:29:54,210

they survived and for their time I mean

594

00:29:57,860 --> 00:29:56,220

they were wiped out by something else

595

00:30:01,570 --> 00:29:57,870

which I really don't want to go into it

596

00:30:04,640 --> 00:30:01,580

this time but there maybe I was often

597

00:30:07,159 --> 00:30:04,650

thinking what if there was no need in

598

00:30:10,460 --> 00:30:07,169

this planet everything kills something

599

00:30:11,560 --> 00:30:10,470

so it survives we do not survive without

600

00:30:14,690 --> 00:30:11,570

killing something

601  
00:30:17,419 --> 00:30:14,700  
and whether you're vegetarian or you're

602  
00:30:19,970 --> 00:30:17,429  
bacteria you kill something you have to

603  
00:30:22,490 --> 00:30:19,980  
there's always been a changeover of

604  
00:30:25,630 --> 00:30:22,500  
carbon hydrogen oxygen nitrogen sulfur

605  
00:30:30,560 --> 00:30:25,640  
and phosphorus and other odd elements

606  
00:30:35,419 --> 00:30:30,570  
but what if instead of a hair or skin we

607  
00:30:38,450 --> 00:30:35,429  
had chlorophyll producing cells and so

608  
00:30:42,710 --> 00:30:38,460  
all we had to do to for nutrition was to

609  
00:30:45,560 --> 00:30:42,720  
go out in the sunlight inhale some co2

610  
00:30:49,039 --> 00:30:45,570  
and give off some oxygen and you know be

611  
00:30:52,669 --> 00:30:49,049  
a happy little but still been mobile in

612  
00:30:55,460 --> 00:30:52,679  
other words a mobile plant look at trees

613  
00:30:57,760 --> 00:30:55,470

well yeah well seriously well what oh

614

00:31:00,799 --> 00:30:57,770

then there would be no need to kill

615

00:31:02,990 --> 00:31:00,809

there would be no need to hunt there

616

00:31:05,360 --> 00:31:03,000

would be a lot of time to think and then

617

00:31:10,730 --> 00:31:05,370

this is where I think you come in for

618

00:31:14,510 --> 00:31:10,740

OSHA that rather than develop how would

619

00:31:16,580 --> 00:31:14,520

you say a material technology they could

620

00:31:20,180 --> 00:31:16,590

then develop and then

621

00:31:23,120 --> 00:31:20,190

tensional technology where anything that

622

00:31:27,200 --> 00:31:23,130

they needed would be supplied just by

623

00:31:31,789 --> 00:31:27,210

their imagination and and as you said to

624

00:31:34,010 --> 00:31:31,799

like a societal intentionality and you

625

00:31:35,659 --> 00:31:34,020

know so I'm thinking alien intelligence

626

00:31:38,810 --> 00:31:35,669

would not be quite what you'd expect

627

00:31:41,029 --> 00:31:38,820

what what he's discussing is what I

628

00:31:44,810 --> 00:31:41,039

would prefer it to be such as like a

629

00:31:46,610 --> 00:31:44,820

Klingon type or a Romulan but if you

630

00:31:50,269 --> 00:31:46,620

remember on one of the old Star Trek

631

00:31:53,299 --> 00:31:50,279

movies there was a planet where they

632

00:31:55,700 --> 00:31:53,309

landed and the the inhabitants that

633

00:31:57,860 --> 00:31:55,710

planet were all shepherds and they

634

00:32:01,700 --> 00:31:57,870

tended their flock but they were pets

635

00:32:04,389 --> 00:32:01,710

they were not food and they were very

636

00:32:07,760 --> 00:32:04,399

simple people and both the Klingons and

637

00:32:10,039 --> 00:32:07,770

Kirk were trying to save them and they

638

00:32:11,990 --> 00:32:10,049

refused all help from either party and

639

00:32:14,149 --> 00:32:12,000

they said that they were in no immediate

640

00:32:16,279 --> 00:32:14,159

danger and Kirk kept saying the Klingons

641

00:32:19,580 --> 00:32:16,289

are going to take over and this leader

642

00:32:21,889 --> 00:32:19,590

of these people said no they can't and

643

00:32:24,860 --> 00:32:21,899

they just didn't understand it and what

644

00:32:26,510 --> 00:32:24,870

happened was through mental prowess they

645

00:32:30,560 --> 00:32:26,520

just shut down their weapons on both

646

00:32:32,180 --> 00:32:30,570

both ships and so both the Klingon and

647

00:32:35,779 --> 00:32:32,190

Kirk looked at each other and go what do

648

00:32:38,630 --> 00:32:35,789

we do now I mean these people just won't

649

00:32:43,430 --> 00:32:38,640

fight and they can't be attacked so what

650

00:32:46,269 --> 00:32:43,440

do we do now yeah so I think I think it

651

00:32:49,730 --> 00:32:46,279

might be something like that

652

00:32:52,370 --> 00:32:49,740

certainly the obviously it could have

653

00:32:55,159 --> 00:32:52,380

evolved into you know again similar

654

00:32:59,600 --> 00:32:55,169

species to ours but I think we're going

655

00:33:02,480 --> 00:32:59,610

to be very very surprised and I know on

656

00:33:04,700 --> 00:33:02,490

a prior letter from mr. Freeman he said

657

00:33:06,830 --> 00:33:04,710

I was thinking that maybe UFOs were from

658

00:33:09,380 --> 00:33:06,840

a different civilization on this very

659

00:33:12,440 --> 00:33:09,390

planet and he thought that that was not

660

00:33:16,490 --> 00:33:12,450

likely because civilizations are messy

661

00:33:19,100 --> 00:33:16,500

but not necessarily so and I have a you

662

00:33:21,230 --> 00:33:19,110

know I just have a hunch that prior to

663

00:33:24,529 --> 00:33:21,240

the flood there was another civilization

664

00:33:27,169 --> 00:33:24,539

on this planet that was completely wiped

665

00:33:29,659 --> 00:33:27,179

away and it was not technological which

666

00:33:30,590 --> 00:33:29,669

is why we find no evidence of them other

667

00:33:34,730 --> 00:33:30,600

than things like

668

00:33:40,520 --> 00:33:34,740

pyramids and well I could speak to that

669

00:33:44,900 --> 00:33:40,530

for a moment because there have there

670

00:33:48,159 --> 00:33:44,910

has recently been a lot of evidence for

671

00:33:51,680 --> 00:33:48,169

the idea that there was a cataclysm

672

00:33:54,590 --> 00:33:51,690

similar to the flood or or the flood I

673

00:33:59,740 --> 00:33:54,600

mean yeah I'm pretty sure I and that

674

00:34:02,440 --> 00:33:59,750

that happened about 12,000 years ago and

675

00:34:05,090 --> 00:34:02,450

now we're beginning to see some

676  
00:34:09,139 --> 00:34:05,100  
archaeological evidence particularly in

677  
00:34:15,740 --> 00:34:09,149  
Turkey and the site of Gobekli Nabi and

678  
00:34:19,810 --> 00:34:15,750  
that these are sort of temples that were

679  
00:34:23,359 --> 00:34:19,820  
built on on a hillside and there are

680  
00:34:28,000 --> 00:34:23,369  
more than 20 of these stone circles and

681  
00:34:31,010 --> 00:34:28,010  
advanced carving indicating a

682  
00:34:33,290 --> 00:34:31,020  
civilization that was at least as

683  
00:34:36,760 --> 00:34:33,300  
advanced as the Egyptians and it's

684  
00:34:41,119 --> 00:34:36,770  
unknown why these people buried there

685  
00:34:44,570 --> 00:34:41,129  
quote-unquote temples and there are

686  
00:34:50,060 --> 00:34:44,580  
other indications under the water in

687  
00:34:52,790 --> 00:34:50,070  
places like the Gulf of Mexico Japan off

688  
00:34:57,650 --> 00:34:52,800

the coast of India there are a lot of

689

00:35:00,740 --> 00:34:57,660

like really clear signs that there were

690

00:35:03,590 --> 00:35:00,750

advanced civilizations prior to this

691

00:35:06,920 --> 00:35:03,600

flood but since this flood happened

692

00:35:10,700 --> 00:35:06,930

these places are now still underwater as

693

00:35:12,980 --> 00:35:10,710

we speak and they're not coming up

694

00:35:17,180 --> 00:35:12,990

anytime soon so it's going to take some

695

00:35:19,400 --> 00:35:17,190

deep-sea divers to look at what this

696

00:35:22,370 --> 00:35:19,410

civilization these these not

697

00:35:26,660 --> 00:35:22,380

civilization but civilizations consisted

698

00:35:29,930 --> 00:35:26,670

of prior to 12,000 or prior to 10,000 BC

699

00:35:34,640 --> 00:35:29,940

prior to 12,000 years ago basically and

700

00:35:37,220 --> 00:35:34,650

in fact geologically I believe a Robert

701  
00:35:40,550 --> 00:35:37,230  
Shaw was amongst the people who were

702  
00:35:43,470 --> 00:35:40,560  
able to determine pretty much within

703  
00:35:48,180 --> 00:35:43,480  
this span of a few years

704  
00:35:52,010 --> 00:35:48,190  
when this Cataclysm came about mm-hmm so

705  
00:35:55,470 --> 00:35:52,020  
there there very well may have been a

706  
00:35:57,390 --> 00:35:55,480  
civilization prior to when there

707  
00:36:00,690 --> 00:35:57,400  
definitely was a civilization prior to

708  
00:36:03,840 --> 00:36:00,700  
the Egyptians apparently now whether or

709  
00:36:06,270 --> 00:36:03,850  
not this was a civilization of humans we

710  
00:36:11,160 --> 00:36:06,280  
don't really know I mean maybe it was

711  
00:36:13,980 --> 00:36:11,170  
the big feet you know but it could it

712  
00:36:16,560 --> 00:36:13,990  
could have been but that was the first

713  
00:36:20,160 --> 00:36:16,570

part the second that's my first answer

714

00:36:24,620 --> 00:36:20,170

to what you said my second answer more

715

00:36:29,700 --> 00:36:24,630

or less to you and Freeman is that I

716

00:36:32,460 --> 00:36:29,710

agree with him in so let's let's take a

717

00:36:36,300 --> 00:36:32,470

step back because I'm a big proponent of

718

00:36:40,290 --> 00:36:36,310

the idea of panspermia and that's why we

719

00:36:45,590 --> 00:36:40,300

had oh go ahead say it

720

00:36:51,300 --> 00:36:45,600

go ahead wick wick for Shangri Oh

721

00:36:54,870 --> 00:36:51,310

Chandra Wickramasinghe well no but we

722

00:36:57,000 --> 00:36:54,880

had a guest on last year who a wonderful

723

00:36:59,849 --> 00:36:57,010

gentleman oh really really nice fellow

724

00:37:03,359 --> 00:36:59,859

who was talking about sending balloons

725

00:37:06,450 --> 00:37:03,369

up and finding some some creatures that

726

00:37:10,170 --> 00:37:06,460

probably oh I was I was thinking of the

727

00:37:12,660 --> 00:37:10,180

other guy from India who was woozy

728

00:37:16,320 --> 00:37:12,670

English fellow with panspermia you know

729

00:37:19,349 --> 00:37:16,330

the astronomer Sir Fred Hoyle yeah he's

730

00:37:28,650 --> 00:37:19,359

been dead for no but came on our show we

731

00:37:32,880 --> 00:37:28,660

would have proof of life okay but but

732

00:37:43,530 --> 00:37:32,890

all right what was was okay panspermia

733

00:37:49,230 --> 00:37:43,540

but as I say I'm a big proponent of

734

00:37:52,410 --> 00:37:49,240

panspermia and I do agree with with our

735

00:37:57,030 --> 00:37:52,420

friend Freeman here when he discusses

736

00:37:59,730 --> 00:37:57,040

the idea of a similar biological entity

737

00:38:04,290 --> 00:37:59,740

coming from space it may have developed

738

00:38:06,540 --> 00:38:04,300

as I had said at on at the at the UFO

739

00:38:11,100 --> 00:38:06,550

event that they could have developed

740

00:38:15,150 --> 00:38:11,110

along similar lines but because so many

741

00:38:19,340 --> 00:38:15,160

of the things that are seen in our skies

742

00:38:22,920 --> 00:38:19,350

and so many of the experiences are

743

00:38:25,020 --> 00:38:22,930

ineffable to us in other words something

744

00:38:27,390 --> 00:38:25,030

shows up in the sky in one place and

745

00:38:30,180 --> 00:38:27,400

then turns up in the sky a second later

746

00:38:34,080 --> 00:38:30,190

a distance that couldn't be traversed by

747

00:38:37,290 --> 00:38:34,090

a terrestrial vehicle etc I am led to

748

00:38:40,920 --> 00:38:37,300

believe that perhaps some of these

749

00:38:45,320 --> 00:38:40,930

visitors are not in the same bandwidth

750

00:38:47,820 --> 00:38:45,330

as we are in other words they may be

751

00:38:50,280 --> 00:38:47,830

physical beings somewhere in the

752

00:38:53,550 --> 00:38:50,290

universe but they're they're not in the

753

00:38:56,790 --> 00:38:53,560

same small bandwidth that the human

754

00:39:00,540 --> 00:38:56,800

species has come to see and recognize

755

00:39:04,500 --> 00:39:00,550

because we see such a small little part

756

00:39:07,200 --> 00:39:04,510

of and what we see if in fact if you're

757

00:39:11,510 --> 00:39:07,210

gonna get into it isn't really what's

758

00:39:15,570 --> 00:39:11,520

there it's what our eyes interpreted as

759

00:39:17,760 --> 00:39:15,580

the reality of what is there is

760

00:39:20,130 --> 00:39:17,770

something that I'm afraid that I don't

761

00:39:24,090 --> 00:39:20,140

have the the scientific chops to

762

00:39:26,960 --> 00:39:24,100

completely discuss here but I I guess

763

00:39:32,010 --> 00:39:26,970

that we could look into it however I

764

00:39:36,570 --> 00:39:32,020

don't see any reason that if the

765

00:39:39,690 --> 00:39:36,580

entities even biological entities are

766

00:39:42,690 --> 00:39:39,700

coming from another point in space that

767

00:39:46,440 --> 00:39:42,700

they would that they would follow these

768

00:39:49,230 --> 00:39:46,450

guidelines if if they were if they were

769

00:39:51,390 --> 00:39:49,240

not on the same bandwidth because what

770

00:39:54,960 --> 00:39:51,400

would appear to us it would appear like

771

00:39:58,020 --> 00:39:54,970

magic when in fact they're just on a

772

00:40:01,040 --> 00:39:58,030

different bandwidth right well you could

773

00:40:03,930 --> 00:40:01,050

do that or you could do you could follow

774

00:40:06,150 --> 00:40:03,940

Stephen Hawking one step further and if

775

00:40:08,750 --> 00:40:06,160

technology you know back in the days of

776

00:40:10,840 --> 00:40:08,760

SETI they were trying to discover radio

777

00:40:12,610 --> 00:40:10,850

signals and then they'd realize

778

00:40:14,950 --> 00:40:12,620

it's not gonna work so they went to

779

00:40:17,680 --> 00:40:14,960

light signals while Hawking now says we

780

00:40:20,440 --> 00:40:17,690

was all developed technologies

781

00:40:22,180 --> 00:40:20,450

eventually they will hit on computers

782

00:40:24,610 --> 00:40:22,190

eventually they will had artificial

783

00:40:27,040 --> 00:40:24,620

intelligence there very well maybe I

784

00:40:28,780 --> 00:40:27,050

take over of the silicon beings of the

785

00:40:30,460 --> 00:40:28,790

artificial intelligence it may have

786

00:40:32,770 --> 00:40:30,470

happened already for all we'd know

787

00:40:35,620 --> 00:40:32,780

because they're in charge of all the

788

00:40:37,120 --> 00:40:35,630

media so they could let us they could

789

00:40:40,120 --> 00:40:37,130

tell us whatever I gotta tell us and

790

00:40:43,390 --> 00:40:40,130

we'd believe them but again with

791

00:40:46,900 --> 00:40:43,400

panspermia how hard would it be for them

792

00:40:48,790 --> 00:40:46,910

to put a little silicon chip on a tiny

793

00:40:51,730 --> 00:40:48,800

little piece of rock and send it off

794

00:40:53,770 --> 00:40:51,740

into space and a million of them and if

795

00:40:56,170 --> 00:40:53,780

they landed in the right place where DNA

796

00:40:58,200 --> 00:40:56,180

could be created they created and the

797

00:41:00,580 --> 00:40:58,210

DNA would transform into whatever

798

00:41:03,370 --> 00:41:00,590

creature would be suitable for that

799

00:41:05,440 --> 00:41:03,380

particular environment so yeah I think

800

00:41:07,660 --> 00:41:05,450

panspermia is a reality and I think it's

801  
00:41:12,370 --> 00:41:07,670  
the eventual outcome of a technological

802  
00:41:14,140 --> 00:41:12,380  
society ok but so but still you know mr.

803  
00:41:16,990 --> 00:41:14,150  
freeman and i would probably disagree on

804  
00:41:20,080 --> 00:41:17,000  
some of that too ok I know we'll get a

805  
00:41:24,550 --> 00:41:20,090  
letter from him is writing even now I

806  
00:41:28,780 --> 00:41:24,560  
hope I hope we do get a letter from yeah

807  
00:41:31,600 --> 00:41:28,790  
but from you too come on guys well he

808  
00:41:33,850 --> 00:41:31,610  
has had I don't know why but he has

809  
00:41:36,850 --> 00:41:33,860  
contacted me several times and he has

810  
00:41:42,130 --> 00:41:36,860  
some difficulty posting on our site and

811  
00:41:46,180 --> 00:41:42,140  
I don't know why that is the EVPs that's

812  
00:41:49,600 --> 00:41:46,190  
what it is it might be it might be it

813  
00:41:52,900 --> 00:41:49,610

could be yeah but in any case they're

814

00:41:57,220 --> 00:41:52,910

free of them it could be going back to

815

00:42:01,590 --> 00:41:57,230

the entire discussion about why people

816

00:42:06,910 --> 00:42:01,600

should be interested in paranormal

817

00:42:10,360 --> 00:42:06,920

experiences is because it shakes up this

818

00:42:13,030 --> 00:42:10,370

very pedestrian view of reality which is

819

00:42:15,460 --> 00:42:13,040

not really boring it's boring it's

820

00:42:18,970 --> 00:42:15,470

boring but it's not really real anyway

821

00:42:23,140 --> 00:42:18,980

it's only real because we allow it to be

822

00:42:24,730 --> 00:42:23,150

and I think most people sense that I

823

00:42:27,580 --> 00:42:24,740

think they do I

824

00:42:31,270 --> 00:42:27,590

think that most people sense that

825

00:42:35,050 --> 00:42:31,280

there's something more but so many

826

00:42:37,870 --> 00:42:35,060

people are little cogs in the wheel and

827

00:42:40,240 --> 00:42:37,880

they just perform there they get up

828

00:42:43,359 --> 00:42:40,250

because the man next door gets up in the

829

00:42:49,410 --> 00:42:43,369

morning and you know they like to eat

830

00:42:54,280 --> 00:42:49,420

but there there's a tremendous amount of

831

00:42:58,720 --> 00:42:54,290

societal conformity oh yeah that is is

832

00:43:01,210 --> 00:42:58,730

that occurs and groupthink and I think

833

00:43:03,460 --> 00:43:01,220

that but that would be in tension again

834

00:43:05,760 --> 00:43:03,470

you know what you're saying is everybody

835

00:43:09,160 --> 00:43:05,770

thinks the same thing at the same time

836

00:43:11,620 --> 00:43:09,170

so it's it's group intention to to some

837

00:43:15,570 --> 00:43:11,630

extent but what is that when you get

838

00:43:17,920 --> 00:43:15,580

expelled from the group outcasts yeah

839

00:43:21,820 --> 00:43:17,930

you know the word I'm trying to think of

840

00:43:30,040 --> 00:43:21,830

like in the Amish societies yes and and

841

00:43:32,140 --> 00:43:30,050

Switzerland too but I do remember the

842

00:43:36,280 --> 00:43:32,150

name of the guy from said II from less

843

00:43:38,910 --> 00:43:36,290

time Seth shots good yeah his name will

844

00:43:42,849 --> 00:43:38,920

his name will not die in our memories

845

00:43:47,490 --> 00:43:42,859

sets szostak which is hard to say seth

846

00:43:50,710 --> 00:43:47,500

shostack some that's easy

847

00:43:57,940 --> 00:43:50,720

no not to me because you have to say

848

00:43:59,980 --> 00:43:57,950

seth shostack from SETI not sure well

849

00:44:03,130 --> 00:43:59,990

there is shunning but I was thinking of

850

00:44:06,070 --> 00:44:03,140

shunning but do something else anyway

851

00:44:08,890 --> 00:44:06,080

that that's horrible for people in a

852

00:44:12,280 --> 00:44:08,900

small community in a it is because it in

853

00:44:14,109 --> 00:44:12,290

terms of shunning that the practice of

854

00:44:15,580 --> 00:44:14,119

shunning is when the person comes you

855

00:44:18,099 --> 00:44:15,590

just turn you back to them and you just

856

00:44:20,050 --> 00:44:18,109

don't acknowledge them at all well and

857

00:44:22,690 --> 00:44:20,060

that's why there's a lot of research not

858

00:44:24,220 --> 00:44:22,700

being done in UFOs and ghosts and things

859

00:44:27,099 --> 00:44:24,230

like that because you're made out to be

860

00:44:28,810 --> 00:44:27,109

a fool for believing in things that the

861

00:44:30,910 --> 00:44:28,820

group does not believe in and so you're

862

00:44:32,859 --> 00:44:30,920

shunned by the group I would you know

863

00:44:38,089 --> 00:44:32,869

who white eagle fact I would like to get

864

00:44:42,559 --> 00:44:38,099

honest guest because his specialty is

865

00:44:48,890 --> 00:44:42,569

the bubble that is bursting the bubble

866

00:44:52,819 --> 00:44:48,900

that is groupthink and that is David

867

00:44:56,180 --> 00:44:52,829

Icke oh wow talk about bursting bubbles

868

00:44:58,940 --> 00:44:56,190

and he he has he has his own way of

869

00:45:01,069 --> 00:44:58,950

looking at things that isn't the group

870

00:45:03,559 --> 00:45:01,079

thought and I don't necessarily agree

871

00:45:07,789 --> 00:45:03,569

with everything he says but I still

872

00:45:12,140 --> 00:45:07,799

think that it is extremely prescient in

873

00:45:15,019 --> 00:45:12,150

many cases it well what he does do is

874

00:45:17,089 --> 00:45:15,029

open you up to thinking outside the

875

00:45:19,359 --> 00:45:17,099

group think I'm gonna save them outside

876

00:45:22,069 --> 00:45:19,369

the box but outside group thinking and

877

00:45:25,009 --> 00:45:22,079

he said with the blue bloods the real

878

00:45:26,479 --> 00:45:25,019

blue bloods he's a guy royal family

879

00:45:28,190 --> 00:45:26,489

actually do have blue blood because

880

00:45:31,999 --> 00:45:28,200

they're reptilians but yeah he's got

881

00:45:34,789 --> 00:45:32,009

some reptilian ideas about what's going

882

00:45:37,219 --> 00:45:34,799

on but I don't think that's the main

883

00:45:43,630 --> 00:45:37,229

thesis of what he's talking about today

884

00:45:48,140 --> 00:45:43,640

which is more about not accepting the

885

00:45:51,289 --> 00:45:48,150

the common group reality and that if you

886

00:45:53,599 --> 00:45:51,299

begin to be aware that there's something

887

00:45:56,299 --> 00:45:53,609

else then things start to happen which

888

00:45:58,999 --> 00:45:56,309

is something that we we would have dealt

889

00:46:01,489 --> 00:45:59,009

with today with mister seal I suspect

890

00:46:06,170 --> 00:46:01,499

but then you get into the idea that

891

00:46:09,319 --> 00:46:06,180

perhaps adjust the human mind alone can

892

00:46:11,979 --> 00:46:09,329

create a Tulpa that's what you said the

893

00:46:14,690 --> 00:46:11,989

intention the intention and and we go to

894

00:46:17,259 --> 00:46:14,700

something which I believe was called the

895

00:46:20,420 --> 00:46:17,269

skull field experiments where they

896

00:46:22,849 --> 00:46:20,430

invented this character whose name I

897

00:46:24,709 --> 00:46:22,859

think was Patrick I could be wrong about

898

00:46:26,989 --> 00:46:24,719

this somebody will have to correct me

899

00:46:30,529 --> 00:46:26,999

since I'm not speaking from notes here

900

00:46:33,829 --> 00:46:30,539

today but they created this this

901  
00:46:37,130 --> 00:46:33,839  
fictional character that lived in a past

902  
00:46:39,920 --> 00:46:37,140  
time and the the character began to

903  
00:46:42,709 --> 00:46:39,930  
answer them on the Ouija board and they

904  
00:46:46,309 --> 00:46:42,719  
began to get answers from this character

905  
00:46:51,559 --> 00:46:46,319  
that didn't exist prior to they made him

906  
00:46:54,049 --> 00:46:51,569  
up okay and and then he took on

907  
00:46:58,789 --> 00:46:54,059  
a personality of his own and continued

908  
00:47:03,019 --> 00:46:58,799  
to exist on some level yeah and a woman

909  
00:47:05,299 --> 00:47:03,029  
traveling in India may be in the 20s she

910  
00:47:10,789 --> 00:47:05,309  
created Tulpa too and this is something

911  
00:47:13,660 --> 00:47:10,799  
that is known about in Tibetan and

912  
00:47:16,339 --> 00:47:13,670  
Indian mysticism that you can create a

913  
00:47:18,979 --> 00:47:16,349

being and if you think about it if you

914

00:47:21,650 --> 00:47:18,989

would ever scare it as a child in your

915

00:47:23,809 --> 00:47:21,660

room alone at night and you began to see

916

00:47:26,989 --> 00:47:23,819

something coming out from underneath

917

00:47:30,229 --> 00:47:26,999

your closet and could be very real to

918

00:47:32,420 --> 00:47:30,239

you and and then if it's real enough but

919

00:47:34,849 --> 00:47:32,430

perhaps you know your little brother can

920

00:47:37,430 --> 00:47:34,859

see it too yeah yeah no definitely

921

00:47:38,539 --> 00:47:37,440

didn't we have a kiss on young lady I

922

00:47:41,719 --> 00:47:38,549

forget her name now

923

00:47:46,150 --> 00:47:41,729

oh she was traveling I was her aunt or

924

00:47:49,009 --> 00:47:46,160

something to a temple and she was cured

925

00:47:50,539 --> 00:47:49,019

okay I forget I'd forgotten that but I

926

00:47:56,199 --> 00:47:50,549

think she had something of a tough

927

00:47:58,819 --> 00:47:56,209

experience too but well so what about

928

00:47:59,410 --> 00:47:58,829

Bigfoot would you want to see one do you

929

00:48:04,069 --> 00:47:59,420

care

930

00:48:04,459 --> 00:48:04,079

um I don't know if I would want to see

931

00:48:08,420 --> 00:48:04,469

one

932

00:48:10,880 --> 00:48:08,430

Ill don't it's not high on my priorities

933

00:48:13,640 --> 00:48:10,890

list of things I want to do because I

934

00:48:15,499 --> 00:48:13,650

don't I don't know how dangerous Bigfoot

935

00:48:18,019 --> 00:48:15,509

might be I don't think at all

936

00:48:20,120 --> 00:48:18,029

I knew I just never been any stories of

937

00:48:22,849 --> 00:48:20,130

him harming well look I mean for example

938

00:48:25,370 --> 00:48:22,859

I live in a very busy busy road in

939

00:48:27,469 --> 00:48:25,380

suburbia okay I looked out my window and

940

00:48:29,239 --> 00:48:27,479

I saw a bear up a tree and I know he's

941

00:48:31,670 --> 00:48:29,249

America's the dog was barking at it

942

00:48:33,620 --> 00:48:31,680

it was so cute and he was loose all

943

00:48:36,109 --> 00:48:33,630

throughout the town and the police

944

00:48:39,559 --> 00:48:36,119

eventually sort of anesthetized him and

945

00:48:41,120 --> 00:48:39,569

let him loose in the park but that was

946

00:48:45,589 --> 00:48:41,130

about as close as I'd like to see

947

00:48:47,959 --> 00:48:45,599

Bigfoot okay well put in and ordered for

948

00:48:56,420 --> 00:48:47,969

you to see Bigfoot up a tree okay so

949

00:48:57,709 --> 00:48:56,430

where it can't get you in with a lot of

950

00:49:00,109 --> 00:48:57,719

people who are seeing a lot of things

951  
00:49:04,099 --> 00:49:00,119  
pretty soon then you know but all right

952  
00:49:04,990 --> 00:49:04,109  
well what but what else do what other

953  
00:49:07,510 --> 00:49:05,000  
cryptids

954  
00:49:08,860 --> 00:49:07,520  
there well should we bring bill into the

955  
00:49:12,400 --> 00:49:08,870  
conversation yeah we should

956  
00:49:15,040 --> 00:49:12,410  
oh no no look you so shy all right we'll

957  
00:49:19,540 --> 00:49:15,050  
just say what he saw yes yes which is a

958  
00:49:22,380 --> 00:49:19,550  
flesh covered bird bill yeah yeah and

959  
00:49:26,170 --> 00:49:22,390  
where'd you see it where did you see it

960  
00:49:27,700 --> 00:49:26,180  
behind w-what was it up like really up a

961  
00:49:28,200 --> 00:49:27,710  
little bit north like in the Hudson

962  
00:49:32,530 --> 00:49:28,210  
Valley

963  
00:49:39,970 --> 00:49:32,540

no Alpine oh yeah in Alpine New Jersey

964

00:49:42,070 --> 00:49:39,980

hmm on Route 9 w you saw a bird that had

965

00:49:47,110 --> 00:49:42,080

flesh instead of feathers and it was

966

00:49:51,310 --> 00:49:47,120

orange you say well it's interesting how

967

00:49:55,420 --> 00:49:51,320

large a bird was it like Eagle Robin a

968

00:50:05,040 --> 00:49:55,430

hawk hawk sighs yeah did it have a face

969

00:50:09,160 --> 00:50:05,050

that you remember like a beaker it had a

970

00:50:11,950 --> 00:50:09,170

face of of a mammal a mammalian face you

971

00:50:13,900 --> 00:50:11,960

would say hmm interesting

972

00:50:15,910 --> 00:50:13,910

but see that's what I mean by anomalous

973

00:50:18,160 --> 00:50:15,920

you saw it it was there well what the

974

00:50:20,350 --> 00:50:18,170

hell did I what is it you know I mean

975

00:50:30,630 --> 00:50:20,360

there's no real answer no and you'll

976  
00:50:33,610 --> 00:50:30,640  
never know you'll never know yeah yeah

977  
00:50:36,670 --> 00:50:33,620  
but don't you find two anomalous events

978  
00:50:39,610 --> 00:50:36,680  
stay in your mind and I mean they hit

979  
00:50:42,760 --> 00:50:39,620  
you well not right exactly but it hits

980  
00:50:44,980 --> 00:50:42,770  
you immediately this is not not what we

981  
00:50:47,110 --> 00:50:44,990  
consider normal that it's outside the

982  
00:50:53,410 --> 00:50:47,120  
range of events that we typically would

983  
00:51:00,970 --> 00:50:53,420  
see a strange vibe that's what I mean

984  
00:51:02,740 --> 00:51:00,980  
you do Moraine things sort of draw you

985  
00:51:04,840 --> 00:51:02,750  
into them before you actually see them

986  
00:51:06,730 --> 00:51:04,850  
it's almost like a lot of sightings and

987  
00:51:08,800 --> 00:51:06,740  
UFOs first you get the feeling that

988  
00:51:13,010 --> 00:51:08,810

something's there then you look and then

989

00:51:18,910 --> 00:51:14,370

[Music]

990

00:51:21,670 --> 00:51:18,920

right looking at that particular thing

991

00:51:24,249 --> 00:51:21,680

at that spot yeah well I remember

992

00:51:28,329 --> 00:51:24,259

driving here less than half a year ago

993

00:51:32,319 --> 00:51:28,339

and seeing a flock of wild turkey some

994

00:51:35,769 --> 00:51:32,329

of which were huge they were huge and I

995

00:51:37,930 --> 00:51:35,779

thought this was - this was a really big

996

00:51:40,660 --> 00:51:37,940

group of wild turkeys I'd seen them

997

00:51:44,259 --> 00:51:40,670

prior to that but let's go back to birds

998

00:51:48,489 --> 00:51:44,269

for a minute and speak to the idea that

999

00:51:51,130 --> 00:51:48,499

many people see birds that are not

1000

00:51:54,039 --> 00:51:51,140

necessarily anomalous birds in that that

1001  
00:51:58,690 --> 00:51:54,049  
their regular Robins are Hawks or

1002  
00:52:02,339 --> 00:51:58,700  
whatever but in in conjunction with the

1003  
00:52:05,950 --> 00:52:02,349  
loss of of life and that sometimes

1004  
00:52:08,559 --> 00:52:05,960  
people see Birds after their loved ones

1005  
00:52:11,440 --> 00:52:08,569  
have died and the bird will try to get

1006  
00:52:15,609 --> 00:52:11,450  
in the window or behave in a way that

1007  
00:52:17,859 --> 00:52:15,619  
our birds don't usually behave not you

1008  
00:52:20,140 --> 00:52:17,869  
know really like they're from from

1009  
00:52:21,759 --> 00:52:20,150  
another planet or encrypted or something

1010  
00:52:29,109 --> 00:52:21,769  
but these are regular birds and they

1011  
00:52:33,880 --> 00:52:29,119  
behave in unusual ways to display some

1012  
00:52:37,989 --> 00:52:33,890  
kind of a contact from The Departed when

1013  
00:52:39,519 --> 00:52:37,999

I was disposing of my parents ashes in

1014

00:52:44,620 --> 00:52:39,529

several different places

1015

00:52:46,809 --> 00:52:44,630

I saw pairs of ducks that that came by

1016

00:52:49,690 --> 00:52:46,819

in in in different places where you

1017

00:52:53,890 --> 00:52:49,700

would not expect to see pairs of ducks

1018

00:52:58,180 --> 00:52:53,900

and so that was kind of meaningful to me

1019

00:53:02,739 --> 00:52:58,190

but I hear this over and over again from

1020

00:53:07,930 --> 00:53:02,749

clients that Birds show up and frankly I

1021

00:53:13,120 --> 00:53:07,940

saw a huge flock of crows descend upon a

1022

00:53:16,599 --> 00:53:13,130

yard where a woman was very sick in the

1023

00:53:19,839 --> 00:53:16,609

home and the next day she was she was

1024

00:53:21,430 --> 00:53:19,849

deceased and I don't know if one thing

1025

00:53:23,200 --> 00:53:21,440

had anything to do with the other and

1026

00:53:25,750 --> 00:53:23,210

I'm not going to make that

1027

00:53:28,780 --> 00:53:25,760

well there was the cat in the nursing

1028

00:53:33,130 --> 00:53:28,790

home that time to remember that every it

1029

00:53:35,859 --> 00:53:33,140

was an assisted-living hospice type

1030

00:53:38,109 --> 00:53:35,869

situation and when one of the patients

1031

00:53:42,070 --> 00:53:38,119

or the the people residents would

1032

00:53:44,260 --> 00:53:42,080

suddenly show up all of a sudden his cat

1033

00:53:45,940 --> 00:53:44,270

would be found sitting on its lap and

1034

00:53:47,830 --> 00:53:45,950

the next day that person would be gone

1035

00:53:50,410 --> 00:53:47,840

so there must have been a sense that the

1036

00:53:52,510 --> 00:53:50,420

cat was picking up - yeah and it's hard

1037

00:53:56,620 --> 00:53:52,520

to say I mean people have surmised about

1038

00:53:58,660 --> 00:53:56,630

that that in like I don't know necropsy

1039

00:54:01,060 --> 00:53:58,670

may not be the right word you would know

1040

00:54:04,060 --> 00:54:01,070

better than me but when the body is

1041

00:54:08,500 --> 00:54:04,070

undergoing the dying process that it may

1042

00:54:12,040 --> 00:54:08,510

exude a a smell that is undetermined to

1043

00:54:14,109 --> 00:54:12,050

us we can smell it as readily as as an

1044

00:54:18,090 --> 00:54:14,119

animal might and that the cat might have

1045

00:54:21,430 --> 00:54:18,100

been picking up on some kind of ethereal

1046

00:54:23,349 --> 00:54:21,440

reaction yeah and as opposed to the cat

1047

00:54:25,270 --> 00:54:23,359

simply having a ESP which of course is

1048

00:54:26,230 --> 00:54:25,280

equally possible as far as I'm concerned

1049

00:54:31,420 --> 00:54:26,240

well yeah

1050

00:54:34,990 --> 00:54:31,430

very possible well do we sort of fill in

1051  
00:54:36,820 --> 00:54:35,000  
the spaces here yeah oh okay all right

1052  
00:54:39,640 --> 00:54:36,830  
okay we got another six minutes okay

1053  
00:54:43,170 --> 00:54:39,650  
well let me see what some other favorite

1054  
00:54:48,090 --> 00:54:43,180  
supernatural topics that we can smash

1055  
00:54:52,540 --> 00:54:48,100  
hmm all this UFOs is cryptology what we

1056  
00:54:54,609 --> 00:54:52,550  
haven't we haven't weighed in on well

1057  
00:54:57,490 --> 00:54:54,619  
this week because there is one topic

1058  
00:55:00,460 --> 00:54:57,500  
which is very much on everyone's mind

1059  
00:55:03,340 --> 00:55:00,470  
right now what's going to happen with

1060  
00:55:05,920 --> 00:55:03,350  
this to the Stars Academy what's going

1061  
00:55:09,010 --> 00:55:05,930  
to happen with Leslie Kane's adventures

1062  
00:55:11,200 --> 00:55:09,020  
with the New York Times and when is the

1063  
00:55:13,870 --> 00:55:11,210

other shoe going to fall mm-hmm

1064

00:55:15,820 --> 00:55:13,880

as far as government disclosure well it

1065

00:55:23,500 --> 00:55:15,830

that everybody's promising you know I

1066

00:55:30,310 --> 00:55:23,510

mean I'm not hopeful Toph and Louis

1067

00:55:33,010 --> 00:55:30,320

Elizondo and Link what's his name Tom

1068

00:55:35,500 --> 00:55:33,020

DeLonge and Leslie Kane and all these

1069

00:55:36,190 --> 00:55:35,510

characters I hope I hope that the next

1070

00:55:37,900 --> 00:55:36,200

shoot

1071

00:55:39,730 --> 00:55:37,910

drop because I'm waiting I don't know

1072

00:55:42,339 --> 00:55:39,740

about you are you waiting yeah I'd love

1073

00:55:43,990 --> 00:55:42,349

to know I you know I honestly I told you

1074

00:55:45,910 --> 00:55:44,000

I think is I don't think the government

1075

00:55:50,520 --> 00:55:45,920

has anything to disclose because I think

1076  
00:55:56,829 --> 00:55:50,530  
they're as much in the dark as we are I

1077  
00:55:59,560 --> 00:55:56,839  
just don't think I don't know well what

1078  
00:56:06,940 --> 00:55:59,570  
does what is it that Bob Bigelow claims

1079  
00:56:10,150 --> 00:56:06,950  
he has these metallic pieces pieces yeah

1080  
00:56:12,480 --> 00:56:10,160  
what that's that's the one that's the

1081  
00:56:16,569 --> 00:56:12,490  
one outlier here because everything else

1082  
00:56:20,020 --> 00:56:16,579  
fits within the paradigm which we've

1083  
00:56:25,240 --> 00:56:20,030  
seen UFOs before they move in anomalous

1084  
00:56:26,710 --> 00:56:25,250  
ways they well if they were alien they

1085  
00:56:29,770 --> 00:56:26,720  
came from another planet are they

1086  
00:56:34,120 --> 00:56:29,780  
actually going to use metal you know it

1087  
00:56:36,040 --> 00:56:34,130  
just does I mean yes no I mean it just

1088  
00:56:38,500 --> 00:56:36,050

doesn't ring true I'm sorry it's just

1089

00:56:41,620 --> 00:56:38,510

something I wish I could explain it

1090

00:56:44,380 --> 00:56:41,630

better but it just there's just

1091

00:56:46,329 --> 00:56:44,390

something missing in that equation the

1092

00:56:49,030 --> 00:56:46,339

other thing too as far as Bigelow goes

1093

00:56:51,579 --> 00:56:49,040

he's definitely interested in it as is

1094

00:56:54,040 --> 00:56:51,589

Elon Musk I'm sure because there have

1095

00:56:56,980 --> 00:56:54,050

been proven forms of propulsion that are

1096

00:56:59,349 --> 00:56:56,990

far out outweigh anything that we have

1097

00:57:01,960 --> 00:56:59,359

regardless of whether they're alien or

1098

00:57:04,240 --> 00:57:01,970

another civilization or whatever but

1099

00:57:04,510 --> 00:57:04,250

lord knows I mean there's something out

1100

00:57:17,050 --> 00:57:04,520

there

1101  
00:57:20,710 --> 00:57:17,060  
interesting about the the possible metal

1102  
00:57:27,400 --> 00:57:20,720  
pieces and so forth is that there have

1103  
00:57:31,930 --> 00:57:27,410  
been reports of kind of things left

1104  
00:57:35,500 --> 00:57:31,940  
behind that involve certain isotopes of

1105  
00:57:38,020 --> 00:57:35,510  
metals including large amounts I believe

1106  
00:57:39,880 --> 00:57:38,030  
now somebody's gonna slap me down for

1107  
00:57:42,460 --> 00:57:39,890  
this because I'm you know I'm not

1108  
00:57:45,550 --> 00:57:42,470  
speaking scientifically but certain

1109  
00:57:47,530 --> 00:57:45,560  
isotopes of metals that contain unusual

1110  
00:57:49,809 --> 00:57:47,540  
amounts of magnesium in that and

1111  
00:57:53,680 --> 00:57:49,819  
isotopes of metals not found

1112  
00:57:58,539 --> 00:57:53,690  
the earth etc etc so since these things

1113  
00:58:00,849 --> 00:57:58,549

exist and people have reported them and

1114

00:58:03,719 --> 00:58:00,859

taken them to the lab for analysis and

1115

00:58:06,579 --> 00:58:03,729

so forth and no one's come up with a

1116

00:58:08,109 --> 00:58:06,589

sourcing for this but you know if

1117

00:58:10,120 --> 00:58:08,119

they're so advanced how come there's so

1118

00:58:12,339 --> 00:58:10,130

many crashes I mean we're just bad

1119

00:58:15,670 --> 00:58:12,349

drivers I'm glad that's something else

1120

00:58:17,859 --> 00:58:15,680

that's you know it's that begs the

1121

00:58:20,380 --> 00:58:17,869

imagination all these crashes I don't I

1122

00:58:22,449 --> 00:58:20,390

don't get it I don't get it either you

1123

00:58:25,449 --> 00:58:22,459

come across the universe to come here

1124

00:58:28,420 --> 00:58:25,459

yeah and and and get baffled by you know

1125

00:58:32,140 --> 00:58:28,430

rudimentary radar yeah and it sounds

1126  
00:58:34,390 --> 00:58:32,150  
like you know they hear what a 40 model

1127  
00:58:35,559 --> 00:58:34,400  
something or other no that's why I said

1128  
00:58:37,870 --> 00:58:35,569  
there's something that doesn't add up

1129  
00:58:39,459 --> 00:58:37,880  
there which is why I think they come

1130  
00:58:43,089 --> 00:58:39,469  
from this planet where it would make

1131  
00:58:45,839 --> 00:58:43,099  
sense that they would then have metal

1132  
00:58:49,059 --> 00:58:45,849  
craft with different propulsions but I

1133  
00:58:51,849 --> 00:58:49,069  
and they might and it could exist in a

1134  
00:58:54,849 --> 00:58:51,859  
different bandwidth somehow which would

1135  
00:58:57,309 --> 00:58:54,859  
explain why they go over these these

1136  
00:59:00,130 --> 00:58:57,319  
nuclear weapon sites and shut down the

1137  
00:59:03,160 --> 00:59:00,140  
the missiles and so forth well there was

1138  
00:59:04,809 --> 00:59:03,170

always that one up here in rocky rocky

1139

00:59:09,489 --> 00:59:04,819

woods that went on the Hudson the

1140

00:59:11,739 --> 00:59:09,499

nuclear power plant point Indian point

1141

00:59:14,380 --> 00:59:11,749

and the end point yeah where the one guy

1142

00:59:16,299 --> 00:59:14,390

was so freaked out because he swears up

1143

00:59:18,670 --> 00:59:16,309

and down that is is a responsible man

1144

00:59:20,979 --> 00:59:18,680

that an alien came right through the

1145

00:59:23,079 --> 00:59:20,989

wall and told him to shut it down a

1146

00:59:26,289 --> 00:59:23,089

little when the little grey ones you

1147

00:59:30,370 --> 00:59:26,299

know I mean the man was left somewhat

1148

00:59:32,499 --> 00:59:30,380

shaken well one has to wonder if you

1149

00:59:34,989 --> 00:59:32,509

have an experience like that I mean just

1150

00:59:38,859 --> 00:59:34,999

taking it on face value yeah absolutely

1151

00:59:41,680 --> 00:59:38,869

believe it this is going to destroy your

1152

00:59:45,130 --> 00:59:41,690

mind hmm on a certain level it's gonna

1153

00:59:47,170 --> 00:59:45,140

destroy your the way you see the world

1154

00:59:49,479 --> 00:59:47,180

but it's also going to destroy your

1155

00:59:51,819 --> 00:59:49,489

mentation world like some time to come

1156

01:00:02,859 --> 00:59:51,829

yeah he did yeah he was not a happy guy

1157

01:00:03,190 --> 01:00:02,869

after that they put him on leave but you

1158

01:00:05,079 --> 01:00:03,200

know

1159

01:00:08,200 --> 01:00:05,089

I'm pretty sure the man saw something

1160

01:00:10,660 --> 01:00:08,210

like that and so okay so then you as a

1161

01:00:13,390 --> 01:00:10,670

person which is why we want you to write

1162

01:00:15,790 --> 01:00:13,400

in as a person you would then have to

1163

01:00:19,120 --> 01:00:15,800

rethink your whole reality and not just

1164

01:00:22,359 --> 01:00:19,130

you but your neighbors you know the

1165

01:00:25,329 --> 01:00:22,369

local newspapers everyone would have to

1166

01:00:29,260 --> 01:00:25,339

go back and say oh maybe aliens do exist

1167

01:00:32,349 --> 01:00:29,270

oh oh well then we have to reset our

1168

01:00:35,380 --> 01:00:32,359

whole view it must have been like the

1169

01:00:37,980 --> 01:00:35,390

people around Copernicus you know oh oh

1170

01:00:40,510 --> 01:00:37,990

you mean we do revolve around the Sun oh

1171

01:00:43,270 --> 01:00:40,520

crap now we've got to go back and redo

1172

01:00:45,819 --> 01:00:43,280

all these books and stuff you know so I

1173

01:00:48,430 --> 01:00:45,829

think that's another reason you know

1174

01:00:51,250 --> 01:00:48,440

you're right it's like societies think

1175

01:00:55,000 --> 01:00:51,260

well I'll think the reason why I

1176

01:00:58,480 --> 01:00:55,010

personally got into the businesses that

1177

01:01:00,910 --> 01:00:58,490

I've been in and doing this is because I

1178

01:01:04,349 --> 01:01:00,920

never really and this is going to sound

1179

01:01:09,490 --> 01:01:04,359

like I ought to be committed but I never

1180

01:01:12,280 --> 01:01:09,500

I never really had a strong grasp of

1181

01:01:14,980 --> 01:01:12,290

reality I was always expecting something

1182

01:01:16,540 --> 01:01:14,990

to occur like I was always expecting the

1183

01:01:19,030 --> 01:01:16,550

guy to come walking through the wall

1184

01:01:21,579 --> 01:01:19,040

really even as a child I mean I didn't I

1185

01:01:24,579 --> 01:01:21,589

didn't have faith in reality and I

1186

01:01:26,650 --> 01:01:24,589

didn't have any overwhelming reason not

1187

01:01:29,890 --> 01:01:26,660

to have faith in reality I mean I got up

1188

01:01:32,559 --> 01:01:29,900

in the morning I ate my Cheerios I went

1189

01:01:34,510 --> 01:01:32,569

to grammar school you know public school

1190

01:01:37,420 --> 01:01:34,520

everything that everybody else did but I

1191

01:01:40,359 --> 01:01:37,430

didn't have a real faith that the Sun

1192

01:01:42,670 --> 01:01:40,369

was gonna rise tomorrow basically I was

1193

01:01:45,510 --> 01:01:42,680

expecting at all times the hand to come

1194

01:01:51,220 --> 01:01:45,520

through the Warley yeah and and that's

1195

01:01:53,890 --> 01:01:51,230

that's just my my own little no no I

1196

01:01:56,230 --> 01:01:53,900

didn't have that feeling no this was me

1197

01:02:00,099 --> 01:01:56,240

well throughout my life never really

1198

01:02:02,980 --> 01:02:00,109

trusted the three the three or four D

1199

01:02:04,809 --> 01:02:02,990

reality I can't explain to you why well

1200

01:02:06,609 --> 01:02:04,819

maybe you had a vision of it you know

1201

01:02:08,829 --> 01:02:06,619

you keep harping about this other

1202

01:02:10,720 --> 01:02:08,839

dimension I keep telling you that it's a

1203

01:02:12,579 --> 01:02:10,730

mathematical construct there are no

1204

01:02:14,530 --> 01:02:12,589

other dimensions but I know what you

1205

01:02:16,210 --> 01:02:14,540

mean you don't mean the actual dimension

1206

01:02:18,700 --> 01:02:16,220

you just mean a different

1207

01:02:20,890 --> 01:02:18,710

I'm in place it coexists say there are

1208

01:02:25,990 --> 01:02:20,900

no other dimensions but well I don't

1209

01:02:29,080 --> 01:02:26,000

know no I know which yeah semantics with

1210

01:02:31,930 --> 01:02:29,090

us yes it's a semantic thing I I think

1211

01:02:35,890 --> 01:02:31,940

that there are just so many realities so

1212

01:02:39,310 --> 01:02:35,900

many coexisting reality's most of which

1213

01:02:42,580 --> 01:02:39,320

we are not aware of on a daily life and

1214

01:02:45,220 --> 01:02:42,590

whether I you know was a little more

1215

01:02:47,530 --> 01:02:45,230

aware as a child my father certainly was

1216

01:02:51,040 --> 01:02:47,540

in that category so maybe it's a

1217

01:02:53,710 --> 01:02:51,050

familial thing and he never he never had

1218

01:02:55,599 --> 01:02:53,720

a real strong grasp but this for the

1219

01:02:58,900 --> 01:02:55,609

reality though we he worked his whole

1220

01:03:02,680 --> 01:02:58,910

life you know yeah blue-collar worker

1221

01:03:04,839 --> 01:03:02,690

and you know basically doing engineer

1222

01:03:08,020 --> 01:03:04,849

forms well within this dimension yes he

1223

01:03:10,380 --> 01:03:08,030

did engineering type work and you know

1224

01:03:13,359 --> 01:03:10,390

was straight pretty straightforward but

1225

01:03:17,230 --> 01:03:13,369

yet did not have a great deal of faith

1226

01:03:19,870 --> 01:03:17,240

in well just just what we say to is like

1227

01:03:21,730 --> 01:03:19,880

you know ESP and so on like certain

1228

01:03:24,010 --> 01:03:21,740

people have different antennas to pick

1229

01:03:26,050 --> 01:03:24,020

up different things and maybe you have

1230

01:03:27,460 --> 01:03:26,060

an antenna that you know sort of picks

1231

01:03:37,290 --> 01:03:27,470

up signals from these other realities

1232

01:03:41,620 --> 01:03:37,300

from time to time yes maybe in any case

1233

01:03:45,670 --> 01:03:41,630

we here at shattered reality would love

1234

01:03:49,060 --> 01:03:45,680

for you to write in and suggest guests

1235

01:03:51,900 --> 01:03:49,070

that you might like to see generally

1236

01:03:55,599 --> 01:03:51,910

speaking we do not interview claimants

1237

01:04:00,030 --> 01:03:55,609

that is people that claim strange powers

1238

01:04:02,829 --> 01:04:00,040

unless that's been demonstrated to us

1239

01:04:05,680 --> 01:04:02,839

by and large we do not interview

1240

01:04:08,310 --> 01:04:05,690

claimants other than that we are very

1241

01:04:12,820 --> 01:04:08,320

interested in people who are studying

1242

01:04:15,790 --> 01:04:12,830

anomalous phenomena of all sorts and we

1243

01:04:19,210 --> 01:04:15,800

would like to hear from you

1244

01:04:23,650 --> 01:04:19,220

perhaps some guests suggestions some

1245

01:04:26,530 --> 01:04:23,660

thoughts on our shows we do have a

1246

01:04:29,620 --> 01:04:26,540

variety of ways to get in touch with us

1247

01:04:33,130 --> 01:04:29,630

including our face

1248

01:04:36,660 --> 01:04:33,140

book page which is shattered reality

1249

01:04:40,509 --> 01:04:36,670

podcast and it's listed under the radio

1250

01:04:45,660 --> 01:04:40,519

heading in face book it so it's under

1251

01:04:49,269 --> 01:04:45,670

radio in addition we have two websites

1252

01:04:53,019 --> 01:04:49,279

one of which is shattered reality

1253

01:04:56,680 --> 01:04:53,029

podcast wordpress.com the other is

1254

01:05:01,599 --> 01:04:56,690

shattered reality podcast calm we have a

1255

01:05:05,470 --> 01:05:01,609

number of our shows up on iTunes and

1256

01:05:09,460 --> 01:05:05,480

also on YouTube and we are adding more

1257

01:05:13,749 --> 01:05:09,470

every week and once again we would like

1258

01:05:16,660 --> 01:05:13,759

to send our best healthy greetings to

1259

01:05:19,289 --> 01:05:16,670

mister Avril seal whatever has occurred

1260

01:05:24,339 --> 01:05:19,299

to him today and extend an invitation

1261

01:05:26,140 --> 01:05:24,349

for him to come back in the future so do

1262

01:05:28,569 --> 01:05:26,150

you have anything else to say there Kate

1263

01:05:30,519 --> 01:05:28,579

no I I think that sort of why wraps it

1264

01:05:32,950 --> 01:05:30,529

up very nicely except I would also like

1265

01:05:34,140 --> 01:05:32,960

to extend my best wishes as well to mr.

1266

01:05:36,940 --> 01:05:34,150

seal okay

1267

01:05:41,980 --> 01:05:36,950

anything anything from your corner there

1268

01:05:55,720 --> 01:05:41,990

mr. bill get over there so I guess that
