00:00:08,570 --> 00:00:17,170

[Music]

2
00:00:25,490 --> 00:00:20,659

welcome to shattered reality with their

3
00:00:28,550 --> 00:00:25,500

hosts Kate Valentine and furs prepare to

4
00:00:35,210 --> 00:00:28,560

have your paradigm shifted into truth

5
00:00:37,850 --> 00:00:35,220

questions and now shattered reality hi

6
00:00:40,069 --> 00:00:37,860

and here we are again firoozeh yes

7
00:00:42,139 --> 00:00:40,079

indeed here we are do you want to slay

8
00:00:45,110 --> 00:00:42,149

today no you go right ahead you're very

9
00:00:48,889 --> 00:00:45,120

good at slitting all right we have here

10
00:00:52,430 --> 00:00:48,899

today we're in February yeah almost

11
00:00:54,110 --> 00:00:52,440

almost the end of February yeah I'm just

12
00:00:56,299 --> 00:00:54,120

looking for the date actually I don't

13
00:01:04,400 --> 00:00:56,309

even remember the date of February 27

14

00:01:06,590 --> 00:01:04,410

okay today is February 27 2018 and we

15

00:01:10,520 --> 00:01:06,600

have a very interesting show for

16

00:01:14,350 --> 00:01:10,530

everybody today and I'm will be very

17

00:01:17,480 --> 00:01:14,360

very proud and happy to present another

18

00:01:19,790 --> 00:01:17,490

member of the Society for scientific

19

00:01:22,160 --> 00:01:19,800

exploration and that's not her only

20

00:01:26,540 --> 00:01:22,170

credit at all she has lots and lots of

21

00:01:31,190 --> 00:01:26,550

credits but I mean even organizations to

22

00:01:33,469 --> 00:01:31,200

which she belongs but she is a a person

23

00:01:36,680 --> 00:01:33,479

who has received her doctorate in

24

00:01:40,309 --> 00:01:36,690

pharmacology and toxicology with a minor

25

00:01:46,370 --> 00:01:40,319

in immunology and microbiology from the

26

00:01:50,240 --> 00:01:46,380

University of Arizona in 2003 but she is

27

00:01:53,690 --> 00:01:50,250

known to us as a person who began the

28

00:01:56,960 --> 00:01:53,700

wind bridge Institute so let us welcome

29

00:02:00,559 --> 00:01:56,970

dr. Julie bye shall two shattered

30

00:02:02,359 --> 00:02:00,569

reality hearty welcome is a hearty

31

00:02:04,400 --> 00:02:02,369

welcome and I I always feel like we

32

00:02:07,430 --> 00:02:04,410

should clap because I'm always thinking

33

00:02:10,869 --> 00:02:07,440

about that the stage presence here and

34

00:02:13,430 --> 00:02:10,879

we don't have a a background clapping so

35

00:02:15,710 --> 00:02:13,440

good afternoon doctor by shell how you

36

00:02:18,320 --> 00:02:15,720

doing today I'm good thank you so much

37

00:02:20,089 --> 00:02:18,330

for having me glad to be here well we

38

00:02:23,569 --> 00:02:20,099

are thrilled to have you

39

00:02:26,420 --> 00:02:23,579

and the first thing that I think we want

40

00:02:29,089 --> 00:02:26,430

to ask you about is the wind bridge

41

00:02:34,039 --> 00:02:29,099

Institute versus the wind bridge

42

00:02:38,119 --> 00:02:34,049

Research Center I have heard you speak

43

00:02:41,390 --> 00:02:38,129

at an SSE meeting and met you and your

44

00:02:44,330 --> 00:02:41,400

husband mark dr. mark but kuzey

45

00:02:46,819 --> 00:02:44,340

and but I understand now you've changed

46

00:02:49,520 --> 00:02:46,829

the setup of your organization so maybe

47

00:02:53,179 --> 00:02:49,530

you would start there okay that's a good

48

00:02:55,009 --> 00:02:53,189

place to start so in 2008 mark and I

49

00:02:56,589 --> 00:02:55,019

started the wind bridge Institute and we

50

00:03:00,619 --> 00:02:56,599

had a lot of different research and

51
00:03:02,990 --> 00:03:00,629
interests and one of them was mediumship

52
00:03:07,970 --> 00:03:03,000
and after-death communication and at the

53
00:03:11,509 --> 00:03:07,980
end of 2017 we moved the that line of

54
00:03:15,860 --> 00:03:11,519
research to the new nonprofit win bridge

55
00:03:18,500 --> 00:03:15,870
Research Center and and so what the what

56
00:03:21,470 --> 00:03:18,510
remains that the Institute is in tension

57
00:03:23,809 --> 00:03:21,480
and intuition research but we moved all

58
00:03:26,240 --> 00:03:23,819
of the after death communication and

59
00:03:29,360 --> 00:03:26,250
afterlife research including mediumship

60
00:03:32,330 --> 00:03:29,370
to the new nonprofit wind bridge

61
00:03:34,039 --> 00:03:32,340
Research Center which is dedicated to

62
00:03:37,929 --> 00:03:34,049
performing rigorous scientific research

63
00:03:41,149 --> 00:03:37,939

and creating free educational materials

64

00:03:43,520 --> 00:03:41,159

with the purpose of alleviating

65

00:03:45,369 --> 00:03:43,530

suffering around the topics of dying

66

00:03:49,249 --> 00:03:45,379

death and what comes next

67

00:03:52,610 --> 00:03:49,259

that's really extremely fascinating and

68

00:03:56,869 --> 00:03:52,620

I must say that I'm equally fascinated

69

00:03:59,899 --> 00:03:56,879

with the ideas of intention and you know

70

00:04:02,659 --> 00:03:59,909

other psychic abilities that might be

71

00:04:05,300 --> 00:04:02,669

still under the auspices of the wind

72

00:04:08,719 --> 00:04:05,310

bridge Institute but for today I think

73

00:04:15,439 --> 00:04:08,729

we're going to concentrate on the whole

74

00:04:17,959 --> 00:04:15,449

idea of mediumship so maybe we can talk

75

00:04:23,089 --> 00:04:17,969

a little bit about the idea of survival

76

00:04:27,890 --> 00:04:23,099

of consciousness okay so there is a

77

00:04:31,219 --> 00:04:27,900

theory called materialism that posits

78

00:04:33,310 --> 00:04:31,229

that the brain creates consciousness and

79

00:04:35,770 --> 00:04:33,320

when and and all you are

80

00:04:37,780 --> 00:04:35,780

is chemistry and biology and when the

81

00:04:38,380 --> 00:04:37,790

brain dies you die and you are gone

82

00:04:43,720 --> 00:04:38,390

forever

83

00:04:48,070 --> 00:04:43,730

yes the competing hypothesis is talks

84

00:04:50,470 --> 00:04:48,080

about non-local consciousness and that

85

00:04:52,030 --> 00:04:50,480

theory is that consciousness the brain

86

00:04:54,670 --> 00:04:52,040

doesn't make consciousness but

87

00:04:58,540 --> 00:04:54,680

consciousness exists sort of somewhere

88

00:05:00,360 --> 00:04:58,550

and like saying where who knows where

89

00:05:03,910 --> 00:05:00,370

that isn't like there's a lot of

90

00:05:06,070 --> 00:05:03,920

concepts about how we experience reality

91

00:05:07,420 --> 00:05:06,080

that things have a place at a time but

92

00:05:10,120 --> 00:05:07,430

this nonlocality

93

00:05:13,240 --> 00:05:10,130

theory is that consciousness it sort of

94

00:05:17,920 --> 00:05:13,250

exists beyond space and time and it's

95

00:05:20,470 --> 00:05:17,930

just filtered or like an antenna through

96

00:05:22,330 --> 00:05:20,480

the brain or a signal is out there and

97

00:05:24,790 --> 00:05:22,340

everywhere but your brain serves as the

98

00:05:27,190 --> 00:05:24,800

antenna to pull it into the so that you

99

00:05:31,720 --> 00:05:27,200

feel like you're centered in this meat

100

00:05:34,090 --> 00:05:31,730

bag we have that body but really it's

101
00:05:36,790 --> 00:05:34,100
your everywhere and you and this is why

102
00:05:39,120 --> 00:05:36,800
things like precognition and telepathy

103
00:05:41,650 --> 00:05:39,130
and clairvoyance can happen because

104
00:05:44,050 --> 00:05:41,660
consciousness isn't trapped in the brain

105
00:05:46,420 --> 00:05:44,060
it has access to all of this other

106
00:05:49,480 --> 00:05:46,430
information forward and backward in time

107
00:05:53,650 --> 00:05:49,490
and all over the universe and so

108
00:05:55,870 --> 00:05:53,660
survival of consciousness just feeds on

109
00:05:58,120 --> 00:05:55,880
that and that when the brain dies the

110
00:06:00,190 --> 00:05:58,130
consciousness doesn't die because it

111
00:06:03,100 --> 00:06:00,200
didn't exist in there anyway it always

112
00:06:04,690 --> 00:06:03,110
existed outside of you and so when your

113
00:06:06,820 --> 00:06:04,700

body dies in your brain dies you

114

00:06:08,320 --> 00:06:06,830

continue to exist and so that's called

115

00:06:14,140 --> 00:06:08,330

survival of consciousness

116

00:06:19,510 --> 00:06:14,150

thinking of the brain as a transceiver

117

00:06:22,390 --> 00:06:19,520

or a radio kind of operation it it does

118

00:06:26,530 --> 00:06:22,400

though we do have to wonder whether we

119

00:06:28,900 --> 00:06:26,540

survive as a general energy or do we

120

00:06:32,290 --> 00:06:28,910

have survival of personality right that

121

00:06:34,420 --> 00:06:32,300

would be in there too right like what

122

00:06:37,990 --> 00:06:34,430

that how we're defining consciousness

123

00:06:39,850 --> 00:06:38,000

can get really messy and we don't really

124

00:06:43,060 --> 00:06:39,860

know there's so much about all of this

125

00:06:45,530 --> 00:06:43,070

we just don't know yet but so it's sort

126

00:06:47,750 --> 00:06:45,540

of like the the main pieces are there

127

00:06:50,090 --> 00:06:47,760

well there's something that survives we

128

00:06:51,710 --> 00:06:50,100

know you know there's a we mark and I

129

00:06:54,260 --> 00:06:51,720

talked about the planks in this survival

130

00:06:56,360 --> 00:06:54,270

platform so mediumship is one near-death

131

00:06:59,000 --> 00:06:56,370

experience research is one out-of-body

132

00:07:00,500 --> 00:06:59,010

experience research is one so there are

133

00:07:03,770 --> 00:07:00,510

these different things you know there's

134

00:07:05,930 --> 00:07:03,780

the the old metaphor of any one of those

135

00:07:07,580 --> 00:07:05,940

you may be able to break one stick but

136

00:07:09,920 --> 00:07:07,590

when you put the sticks in a bundle it's

137

00:07:12,640 --> 00:07:09,930

very difficult to break absolutely

138

00:07:15,640 --> 00:07:12,650

all of those research areas together

139

00:07:17,780 --> 00:07:15,650

really demonstrate that this is a

140

00:07:19,720 --> 00:07:17,790

characteristic of consciousness that it

141

00:07:23,540 --> 00:07:19,730

can survive physical death

142

00:07:26,360 --> 00:07:23,550

aha and and and dr. Julia Moss bridge is

143

00:07:29,180 --> 00:07:26,370

in this or wind bridge organization with

144

00:07:31,820 --> 00:07:29,190

you she's joined forces with you know

145

00:07:36,320 --> 00:07:31,830

she she has her own Institute that Moss

146

00:07:39,440 --> 00:07:36,330

bridge it's Julia Moss bridge yes you my

147

00:07:40,760 --> 00:07:39,450

soul and it's its Moss bridge Institute

148

00:07:42,020 --> 00:07:40,770

at whim bridge Institute you know in

149

00:07:44,780 --> 00:07:42,030

bridge research center it gets very

150

00:07:47,080 --> 00:07:44,790

confusing but no like she and Mark are

151

00:07:49,520 --> 00:07:47,090

working on a project together currently

152

00:07:51,740 --> 00:07:49,530

through the window age Institute and the

153

00:07:53,630 --> 00:07:51,750

Mossberg Institute but Julia serves on

154

00:07:55,760 --> 00:07:53,640

our scientific advisory board okay at

155

00:07:57,320 --> 00:07:55,770

the research center but we don't we

156

00:07:59,930 --> 00:07:57,330

don't do research with her on these

157

00:08:02,690 --> 00:07:59,940

topics per se okay so I'm a little

158

00:08:04,790 --> 00:08:02,700

mistake in there you know your

159

00:08:07,100 --> 00:08:04,800

background in immunology interests me

160

00:08:10,400 --> 00:08:07,110

too because obviously that's one cell

161

00:08:12,020 --> 00:08:10,410

recognizing an external cell you know

162

00:08:14,830 --> 00:08:12,030

when it comes right down to it sort of

163

00:08:17,780 --> 00:08:14,840

in a very broad category and it's

164

00:08:20,990 --> 00:08:17,790

information it's you know it's the

165

00:08:24,020 --> 00:08:21,000

whatever the immune response is it it

166

00:08:26,570 --> 00:08:24,030

recognizes a foreign body let's say so

167

00:08:28,640 --> 00:08:26,580

it's almost I think you're almost doing

168

00:08:31,970 --> 00:08:28,650

that with consciousness and so on is

169

00:08:35,150 --> 00:08:31,980

it's like our bodies are somehow attuned

170

00:08:36,680 --> 00:08:35,160

to recognizing an external force and

171

00:08:39,530 --> 00:08:36,690

some people probably have it a little

172

00:08:43,040 --> 00:08:39,540

bit more than others yeah I mean that's

173

00:08:46,340 --> 00:08:43,050

sort of the principle behind the placebo

174

00:08:49,280 --> 00:08:46,350

effect right that that even things that

175

00:08:52,250 --> 00:08:49,290

chemically can't do anything contain the

176

00:08:54,590 --> 00:08:52,260

information yeah and or your belief

177

00:08:56,690 --> 00:08:54,600

system contains the information that can

178

00:08:57,980 --> 00:08:56,700

heal you and yeah there's a lot like

179

00:08:58,950 --> 00:08:57,990

there's so much that's just so

180

00:09:02,880 --> 00:08:58,960

fascinating to me

181

00:09:05,850 --> 00:09:02,890

from a medical background that like the

182

00:09:08,880 --> 00:09:05,860

mind built the body so whatever the mind

183

00:09:13,590 --> 00:09:08,890

tells the body the body does and so I'm

184

00:09:16,740 --> 00:09:13,600

really fascinated by the the causes of

185

00:09:19,920 --> 00:09:16,750

disease that are metaphysical or you

186

00:09:24,360 --> 00:09:19,930

know karmic even and yeah that's for

187

00:09:26,280 --> 00:09:24,370

like the next decade I'll study that but

188

00:09:28,020 --> 00:09:26,290

the intention part comes in strongly

189

00:09:30,810 --> 00:09:28,030

there although we're not going to go

190

00:09:33,210 --> 00:09:30,820

totally down that road today but I'm

191

00:09:35,700 --> 00:09:33,220

very familiar with intention and using

192

00:09:38,760 --> 00:09:35,710

intention and amazing the results you

193

00:09:42,630 --> 00:09:38,770

can get from using intention including

194

00:09:44,340 --> 00:09:42,640

hopefully self healing and also dr. box

195

00:09:46,980 --> 00:09:44,350

well you know with pharmacology we could

196

00:09:48,980 --> 00:09:46,990

go back to the 60s and we're

197

00:09:52,590 --> 00:09:48,990

pharmacology became sort of a group

198

00:09:55,650 --> 00:09:52,600

sport I don't know but you know I'm

199

00:09:58,680 --> 00:09:55,660

wondering that I think a lot of your

200

00:10:01,890 --> 00:09:58,690

background almost pointed you into this

201
00:10:04,800 --> 00:10:01,900
path in in a different way you know like

202
00:10:06,750 --> 00:10:04,810
you didn't start out studying

203
00:10:09,630 --> 00:10:06,760
consciousness of life after death or

204
00:10:12,210 --> 00:10:09,640
whatever but the background that you did

205
00:10:15,480 --> 00:10:12,220
develop certainly gave you a great start

206
00:10:17,160 --> 00:10:15,490
into studying these yeah I mean it's

207
00:10:20,880 --> 00:10:17,170
it's really good training to have

208
00:10:23,420 --> 00:10:20,890
because as an empiricist I'm trained in

209
00:10:26,780 --> 00:10:23,430
how to apply the scientific method to

210
00:10:29,700 --> 00:10:26,790
great science is just it's not a set of

211
00:10:32,850 --> 00:10:29,710
knowledge or you know facts

212
00:10:36,510 --> 00:10:32,860
it's a toolbox and you can apply those

213
00:10:39,410 --> 00:10:36,520

tools to any concept so that really that

214

00:10:42,570 --> 00:10:39,420

previous training in this in these

215

00:10:47,540 --> 00:10:42,580

integrated fields of pharmacology and

216

00:10:50,370 --> 00:10:47,550

medicine and those that training really

217

00:10:53,310 --> 00:10:50,380

served me well in the job that I do now

218

00:10:55,440 --> 00:10:53,320

I think you're gonna have to go over

219

00:10:57,240 --> 00:10:55,450

this although I believe Kate and I are

220

00:10:59,850 --> 00:10:57,250

already know this or listeners don't

221

00:11:02,520 --> 00:10:59,860

necessarily know it so what you're gonna

222

00:11:05,700 --> 00:11:02,530

have to go over a little bit is the

223

00:11:10,080 --> 00:11:05,710

methodology the triple blind way that

224

00:11:13,139 --> 00:11:10,090

you have tested the mediums oh my gosh

225

00:11:15,809 --> 00:11:13,149

its quintuple blind

226

00:11:18,150 --> 00:11:15,819

and it's so complicated but that no one

227

00:11:21,059 --> 00:11:18,160

who ever tried to sum it up medium

228

00:11:23,239 --> 00:11:21,069

journalist physician-scientists no one's

229

00:11:26,160 --> 00:11:23,249

ever got it right that's a complicated

230

00:11:29,069 --> 00:11:26,170

but first of all I mean just basics what

231

00:11:31,230 --> 00:11:29,079

do you define as a medium oh that's a

232

00:11:33,480 --> 00:11:31,240

good place to start so we that's a gap

233

00:11:34,919 --> 00:11:33,490

and how do we define it versus like what

234

00:11:36,749 --> 00:11:34,929

is it right yeah because different

235

00:11:39,119 --> 00:11:36,759

people have different definitions so we

236

00:11:41,460 --> 00:11:39,129

define a medium as someone who

237

00:11:43,590 --> 00:11:41,470

experiences regular communication with

238

00:11:46,919 --> 00:11:43,600

the deceased and we differentiate that

239

00:11:50,189 --> 00:11:46,929

from psychic as a psychic is a person

240

00:11:53,040 --> 00:11:50,199

who experiences the ability to obtain

241

00:11:56,309 --> 00:11:53,050

information about living people or

242

00:11:58,739 --> 00:11:56,319

distant places or the future or the past

243

00:12:00,869 --> 00:11:58,749

that they didn't know about but not

244

00:12:03,929 --> 00:12:00,879

communication with the deceased so the

245

00:12:05,569 --> 00:12:03,939

the common wisdom is all mediums are

246

00:12:09,449 --> 00:12:05,579

psychic but not all psychics or mediums

247

00:12:11,460 --> 00:12:09,459

okay well that sounds reasonable I want

248

00:12:13,650 --> 00:12:11,470

to at the end of our session here today

249

00:12:16,739 --> 00:12:13,660

I'll probably go into asking you some

250

00:12:18,869 --> 00:12:16,749

things that come more from the idea you

251

00:12:21,119 --> 00:12:18,879

know I work as a working psychic so I

252

00:12:23,040 --> 00:12:21,129

will have some questions from that point

253

00:12:25,650 --> 00:12:23,050

of view but we're not going to go there

254

00:12:29,069 --> 00:12:25,660

now simply because I want to make sure

255

00:12:32,009 --> 00:12:29,079

that our audience understands what

256

00:12:35,460 --> 00:12:32,019

you've done here and they certainly will

257

00:12:41,009 --> 00:12:35,470

be interested in the whole idea that it

258

00:12:45,660 --> 00:12:41,019

it was impossible for any information to

259

00:12:49,139 --> 00:12:45,670

be given to the medium other than the

260

00:12:54,619 --> 00:12:49,149

name of the deceased person so if you'll

261

00:12:58,079 --> 00:12:54,629

go into your quadruple when when topple

262

00:13:01,199 --> 00:12:58,089

we just we just say fully blind maybe

263

00:13:03,299 --> 00:13:01,209

just yeah which we've done our best to

264

00:13:05,879 --> 00:13:03,309

try and control for all the normal

265

00:13:07,739 --> 00:13:05,889

explanations that could be put forth as

266

00:13:09,600 --> 00:13:07,749

oh well I medium got all this stuff

267

00:13:11,999 --> 00:13:09,610

right about a dead person oh well it was

268

00:13:13,289 --> 00:13:12,009

just this so we've tried to account for

269

00:13:16,319 --> 00:13:13,299

all of those it was just this

270

00:13:19,079 --> 00:13:16,329

explanations so the first thing that we

271

00:13:23,460 --> 00:13:19,089

addressed was what's called cold reading

272

00:13:26,280 --> 00:13:23,470

where the medium reads cues subconscious

273

00:13:28,230 --> 00:13:26,290

or not from the living person getting

274

00:13:29,910 --> 00:13:28,240

the reading is called the sitter so the

275

00:13:32,220 --> 00:13:29,920

medium can read cues from the sitter

276

00:13:35,400 --> 00:13:32,230

even things like pupil dilation and

277

00:13:37,800 --> 00:13:35,410

inhales and things like that and to sort

278

00:13:38,250 --> 00:13:37,810

of steer and fabricate and accurate

279

00:13:41,220 --> 00:13:38,260

reading

280

00:13:43,800 --> 00:13:41,230

so in our protocol the medium doesn't

281

00:13:45,960 --> 00:13:43,810

have any contact with the sitter so it's

282

00:13:48,330 --> 00:13:45,970

we do telephone readings we have a team

283

00:13:51,150 --> 00:13:48,340

of about 20 mediums that we work with

284

00:13:52,860 --> 00:13:51,160

research mediums and I've never even

285

00:13:54,570 --> 00:13:52,870

been in the same room as some of them

286

00:13:57,840 --> 00:13:54,580

because we do all of our research on the

287

00:13:59,820 --> 00:13:57,850

phone so just me and the medium are on

288

00:14:02,070 --> 00:13:59,830

the phone and all we have is the first

289

00:14:05,910 --> 00:14:02,080

name of a deceased person and that the

290

00:14:07,740 --> 00:14:05,920

name is required the understanding is

291

00:14:10,800 --> 00:14:07,750

the name is required because the medium

292

00:14:13,770 --> 00:14:10,810

needs some sort of nugget to begin to

293

00:14:18,030 --> 00:14:13,780

know what to focus on and there's also

294

00:14:21,690 --> 00:14:18,040

the issue of the sitter by giving us the

295

00:14:24,390 --> 00:14:21,700

name gives us permission to talk to

296

00:14:29,280 --> 00:14:24,400

their deceased loved one so there's a

297

00:14:31,920 --> 00:14:29,290

lot of sort of intentional components to

298

00:14:34,140 --> 00:14:31,930

all of this so we get the first name of

299

00:14:36,420 --> 00:14:34,150

the deceased person from someone else

300

00:14:40,170 --> 00:14:36,430

like Mark there's three people there's

301
00:14:43,110 --> 00:14:40,180
three experimenters so usually then mark

302
00:14:44,520 --> 00:14:43,120
will send me a first name of a deceased

303
00:14:49,730 --> 00:14:44,530
person and then I get on the phone with

304
00:14:55,830 --> 00:14:52,770
like uh counterbalance and all that sort

305
00:14:57,270 --> 00:14:55,840
of stuff so then I give I get on the

306
00:14:59,100 --> 00:14:57,280
phone with medium I give the median the

307
00:15:01,350 --> 00:14:59,110
first name and then I ask her five

308
00:15:04,320 --> 00:15:01,360
questions about that deceased person so

309
00:15:06,480 --> 00:15:04,330
I say what did the person look like in

310
00:15:08,220 --> 00:15:06,490
their physical I describe their

311
00:15:10,440 --> 00:15:08,230
personality what were their hobbies

312
00:15:12,420 --> 00:15:10,450
their activities how did they die

313
00:15:14,820 --> 00:15:12,430

and do they have any specific messages

314

00:15:18,060 --> 00:15:14,830

for the absent sitter and so in this in

315

00:15:20,220 --> 00:15:18,070

this protocol I serve as what's called

316

00:15:21,750 --> 00:15:20,230

the proxy sitter so I don't know

317

00:15:23,550 --> 00:15:21,760

anything about the sitter I don't know

318

00:15:26,190 --> 00:15:23,560

anything about the deceased person so I

319

00:15:28,050 --> 00:15:26,200

can't cue the medium I can't leak any

320

00:15:31,020 --> 00:15:28,060

information intentionally or not because

321

00:15:32,940 --> 00:15:31,030

I don't have any information and then we

322

00:15:34,800 --> 00:15:32,950

transcribe that reading and then the

323

00:15:36,360 --> 00:15:34,810

medium does another reading exactly the

324

00:15:37,350 --> 00:15:36,370

same for a different deceased person

325

00:15:39,509 --> 00:15:37,360

that we transcribe

326

00:15:41,790 --> 00:15:39,519

that we put it into an itemized list

327

00:15:43,860 --> 00:15:41,800

we're like because a medium might say I

328

00:15:45,750 --> 00:15:43,870

think she had sort of red hair and we

329

00:15:47,699 --> 00:15:45,760

like you can't score that as true or

330

00:15:49,380 --> 00:15:47,709

false right so we say she had red hair

331

00:15:52,019 --> 00:15:49,390

we changed all of the statements to

332

00:15:55,880 --> 00:15:52,029

concrete statements and then the sitter

333

00:15:58,470 --> 00:15:55,890

scores each item in the readings and

334

00:16:00,780 --> 00:15:58,480

they give the overall reading a global

335

00:16:02,310 --> 00:16:00,790

score and they are they've they're given

336

00:16:04,800 --> 00:16:02,320

two readings and then they pick which

337

00:16:08,040 --> 00:16:04,810

one they think is there so they received

338

00:16:09,750 --> 00:16:08,050

two blinded readings one that was for

339

00:16:11,759 --> 00:16:09,760

their dead person and one that was for a

340

00:16:14,930 --> 00:16:11,769

different deceased person and they don't

341

00:16:18,449 --> 00:16:14,940

know which is which so this protocol in

342

00:16:21,030 --> 00:16:18,459

total controls for cold reading which

343

00:16:22,650 --> 00:16:21,040

includes information so general it could

344

00:16:25,170 --> 00:16:22,660

apply to anyone because we asked those

345

00:16:27,870 --> 00:16:25,180

specific questions it controls her radar

346

00:16:30,420 --> 00:16:27,880

bias it addresses radar bias because

347

00:16:32,850 --> 00:16:30,430

they're given two readings so if the

348

00:16:35,819 --> 00:16:32,860

personality of the sitter is someone

349

00:16:37,710 --> 00:16:35,829

that they're gonna score everything as

350

00:16:39,660 --> 00:16:37,720

correct then they'll score both things

351
00:16:41,670 --> 00:16:39,670
as correct and what we're looking for in

352
00:16:44,880 --> 00:16:41,680
the data is the difference between the

353
00:16:46,829 --> 00:16:44,890
two that's and it's not we don't have

354
00:16:48,990 --> 00:16:46,839
like a level that we go okay this is

355
00:16:52,170 --> 00:16:49,000
good no we look statistically at the

356
00:16:55,280 --> 00:16:52,180
difference between the two and so I like

357
00:16:57,840 --> 00:16:55,290
I said it controls for cueing and

358
00:16:59,519 --> 00:16:57,850
because there no one has any information

359
00:17:01,800 --> 00:16:59,529
that can be leaked the person that gives

360
00:17:05,280 --> 00:17:01,810
the readings to the sitter for scoring

361
00:17:07,289 --> 00:17:05,290
is a third experimenter so that person

362
00:17:09,600 --> 00:17:07,299
doesn't know which reading is which when

363
00:17:12,120 --> 00:17:09,610

they talk to the and it's all over email

364

00:17:14,309 --> 00:17:12,130

it's very controlled like a lot of times

365

00:17:16,650 --> 00:17:14,319

film companies will wanna like oh we

366

00:17:18,750 --> 00:17:16,660

want to document the protocol wreck

367

00:17:20,689 --> 00:17:18,760

oh no and it's so boring because no

368

00:17:23,429 --> 00:17:20,699

one's in the same place at the same time

369

00:17:26,789 --> 00:17:23,439

everyone it's all like printed and on

370

00:17:29,190 --> 00:17:26,799

email like it's not visually sexy at all

371

00:17:31,530 --> 00:17:29,200

but it's very well scientifically

372

00:17:33,030 --> 00:17:31,540

controlled and it's very interesting to

373

00:17:35,159 --> 00:17:33,040

me I don't know about sexy but

374

00:17:38,100 --> 00:17:35,169

interesting for sure and what are you

375

00:17:42,270 --> 00:17:38,110

what are your results so we did that

376

00:17:45,870 --> 00:17:42,280

with twenty mediums we did 58 readings

377

00:17:47,280 --> 00:17:45,880

and we publish a paper in 2015 with

378

00:17:49,799 --> 00:17:47,290

those results and it they were

379

00:17:51,000 --> 00:17:49,809

statistically significant that the that

380

00:17:54,060 --> 00:17:51,010

the whole

381

00:17:56,730 --> 00:17:54,070

eating score the item-by-item scores and

382

00:17:58,740 --> 00:17:56,740

the pic which reading is yours data were

383

00:18:02,490 --> 00:17:58,750

all statistically significant so that

384

00:18:05,100 --> 00:18:02,500

the blinded sitters gave their own

385

00:18:06,930 --> 00:18:05,110

readings higher scores than someone

386

00:18:10,880 --> 00:18:06,940

else's reading without knowing which was

387

00:18:13,740 --> 00:18:10,890

which and the mediums are mostly women

388

00:18:15,990 --> 00:18:13,750

yes and we recently did a survey study

389

00:18:20,820 --> 00:18:16,000

where we and where we surveyed a bunch

390

00:18:24,390 --> 00:18:20,830

of Americans and mediums and non mediums

391

00:18:28,020 --> 00:18:24,400

and we from the population that we had

392

00:18:30,150 --> 00:18:28,030

access to the memes were 90% female but

393

00:18:31,470 --> 00:18:30,160

so was the control group so really

394

00:18:33,270 --> 00:18:31,480

worked out well because then we could

395

00:18:35,220 --> 00:18:33,280

compare all the data because a lot of

396

00:18:37,950 --> 00:18:35,230

times you can go over all these mediums

397

00:18:40,500 --> 00:18:37,960

score this on this test and it's really

398

00:18:42,840 --> 00:18:40,510

difficult to comparison to norms like

399

00:18:45,600 --> 00:18:42,850

published norms because published norms

400

00:18:48,420 --> 00:18:45,610

usually are 50 percent male 50 percent

401
00:18:50,070 --> 00:18:48,430
female but mediums are 90% female so how

402
00:18:53,070 --> 00:18:50,080
do you compare that to published norms

403
00:18:55,740 --> 00:18:53,080
you can't so you collect your own quote

404
00:18:58,040 --> 00:18:55,750
norms from non mediums which is what we

405
00:19:02,940 --> 00:18:58,050
did who were also 90 percent female

406
00:19:06,140 --> 00:19:02,950
strangely the public mediums the stage

407
00:19:10,320 --> 00:19:06,150
medium some of whom I assume are

408
00:19:15,090 --> 00:19:10,330
magicians but some of whom may have some

409
00:19:20,010 --> 00:19:15,100
element of psychic credibility on the

410
00:19:27,450 --> 00:19:20,020
other hand most of them are men right so

411
00:19:29,850 --> 00:19:27,460
that's right because and I've ruled the

412
00:19:32,700 --> 00:19:29,860
world for so long so yeah I don't think

413
00:19:34,320 --> 00:19:32,710

that's necessarily but yeah what we're

414

00:19:36,900 --> 00:19:34,330

finding is like on the ground

415

00:19:39,600 --> 00:19:36,910

90% of mediums are female at least

416

00:19:41,610 --> 00:19:39,610

American mediums yes do you think that

417

00:19:43,440 --> 00:19:41,620

maybe socially it's a little bit a lot

418

00:19:46,620 --> 00:19:43,450

more acceptable for a woman to be a

419

00:19:50,010 --> 00:19:46,630

medium than a man oh yeah I think that's

420

00:19:52,410 --> 00:19:50,020

why like we have a psychologist on our

421

00:19:53,670 --> 00:19:52,420

team Chad Mosier and he someone asked

422

00:19:56,010 --> 00:19:53,680

him that question he said he's a

423

00:19:58,200 --> 00:19:56,020

clinical psychologist and he said that's

424

00:20:00,480 --> 00:19:58,210

like asking why are there more men

425

00:20:03,210 --> 00:20:00,490

chemists yeah because it was more

426

00:20:04,620 --> 00:20:03,220

acceptable for them to do that like it's

427

00:20:08,190 --> 00:20:04,630

not perhaps

428

00:20:10,980 --> 00:20:08,200

as socially acceptable for men to become

429

00:20:13,889 --> 00:20:10,990

mediums publicly to become mediums as it

430

00:20:19,649 --> 00:20:13,899

is for women you know in one of your

431

00:20:23,879 --> 00:20:19,659

talks dr. by shal you gave an analogy

432

00:20:26,999 --> 00:20:23,889

about testing mediums to playing

433

00:20:29,249 --> 00:20:27,009

football on a baseball field underwater

434

00:20:31,019 --> 00:20:29,259

or something like that can you can you

435

00:20:35,490 --> 00:20:31,029

get that again I think that would really

436

00:20:37,649 --> 00:20:35,500

give us studying mediumship when you

437

00:20:40,560 --> 00:20:37,659

trying to do it the way you think

438

00:20:44,519 --> 00:20:40,570

mediumship would work is like studying

439

00:20:46,860 --> 00:20:44,529

football on a baseball field using the

440

00:20:49,200 --> 00:20:46,870

rules for hockey and basketball

441

00:20:51,210 --> 00:20:49,210

equipment or something like that you

442

00:20:53,249 --> 00:20:51,220

have to instead if you really want to

443

00:20:56,759 --> 00:20:53,259

study it you have to study it as close

444

00:20:58,950 --> 00:20:56,769

to as it exists in nature so an optimal

445

00:21:01,320 --> 00:20:58,960

research environment so that if the

446

00:21:02,879 --> 00:21:01,330

phenomenon exists it can show itself so

447

00:21:05,639 --> 00:21:02,889

you need optimal research environment

448

00:21:07,980 --> 00:21:05,649

but then too you need maximum controls

449

00:21:10,230 --> 00:21:07,990

so you need to address all the other

450

00:21:11,820 --> 00:21:10,240

explanations for what it can be but if

451
00:21:13,529 --> 00:21:11,830
you try and if you want to study

452
00:21:15,240 --> 00:21:13,539
football you have to use a football

453
00:21:17,879 --> 00:21:15,250
field you have to use football equipment

454
00:21:20,399 --> 00:21:17,889
and now you can study football you can't

455
00:21:22,379 --> 00:21:20,409
put football players on it a night like

456
00:21:24,810 --> 00:21:22,389
an ice hockey rink and then go they

457
00:21:28,100 --> 00:21:24,820
can't do it we disproved hockey no you

458
00:21:30,480 --> 00:21:28,110
did I love that analogy really I just

459
00:21:32,249 --> 00:21:30,490
cracked up when I heard it well I think

460
00:21:34,350 --> 00:21:32,259
one of the nice things about your work

461
00:21:36,960 --> 00:21:34,360
is a lot of people would say well you

462
00:21:40,169 --> 00:21:36,970
know it's interesting and you know so

463
00:21:42,149 --> 00:21:40,179

what but you really make the point at

464

00:21:44,190 --> 00:21:42,159

what you're doing with your work is to

465

00:21:46,830 --> 00:21:44,200

give a lot of people relief to calm down

466

00:21:50,279 --> 00:21:46,840

in hospice situations to help people

467

00:21:53,970 --> 00:21:50,289

through that horrible situation and I

468

00:21:56,299 --> 00:21:53,980

think that's really very very valuable

469

00:21:59,940 --> 00:21:56,309

and and a good thing that you're doing

470

00:22:01,850 --> 00:21:59,950

thank you and we we regularly come back

471

00:22:04,649 --> 00:22:01,860

to the question when we're designing

472

00:22:06,899 --> 00:22:04,659

studies of so what right because there's

473

00:22:09,539 --> 00:22:06,909

lots of thing like we have this queen of

474

00:22:11,999 --> 00:22:09,549

an MRI let us take a medium in like well

475

00:22:14,009 --> 00:22:12,009

wait what's the research question and

476
00:22:15,480 --> 00:22:14,019
then you have to start there because

477
00:22:16,470 --> 00:22:15,490
there's lots of cool things that we can

478
00:22:19,580 --> 00:22:16,480
do but we have limited

479
00:22:24,060 --> 00:22:19,590
resources a limited time and we need to

480
00:22:27,210 --> 00:22:24,070
systematically go to the next research

481
00:22:29,549 --> 00:22:27,220
question that you know what what is the

482
00:22:32,159 --> 00:22:29,559
next answer weed and yeah the at the end

483
00:22:34,590 --> 00:22:32,169
of the day it's how can this alleviate

484
00:22:36,000 --> 00:22:34,600
suffering right that's the mission of

485
00:22:38,460 --> 00:22:36,010
the whimpered Research Center is to

486
00:22:39,480 --> 00:22:38,470
alleviate suffering around dying death

487
00:22:42,210 --> 00:22:39,490
and what comes next

488
00:22:43,919 --> 00:22:42,220

so by normalizing mediumship as yeah

489

00:22:46,530 --> 00:22:43,929

this is something that happens people

490

00:22:49,230 --> 00:22:46,540

have this experience it this you know

491

00:22:52,080 --> 00:22:49,240

it's multimodal they smell and hear and

492

00:22:53,520 --> 00:22:52,090

taste and feel things from the deceased

493

00:22:56,340 --> 00:22:53,530

person like oh okay

494

00:22:58,140 --> 00:22:56,350

then it normalizes that as an experience

495

00:23:00,960 --> 00:22:58,150

and it's not weird anymore and the same

496

00:23:02,669 --> 00:23:00,970

thing goes for spontaneous after death

497

00:23:04,289 --> 00:23:02,679

communication experiences that people

498

00:23:06,659 --> 00:23:04,299

have with their that they have

499

00:23:09,180 --> 00:23:06,669

themselves with their deceased person

500

00:23:11,789 --> 00:23:09,190

those are normal and regular and to be

501
00:23:14,460 --> 00:23:11,799
expected to and and just knowing that

502
00:23:16,830 --> 00:23:14,470
alleviate suffering because then people

503
00:23:18,630 --> 00:23:16,840
don't think they're going crazy because

504
00:23:20,490 --> 00:23:18,640
they've you know felt their deceased

505
00:23:22,830 --> 00:23:20,500
husband in the bed next to them one

506
00:23:25,140 --> 00:23:22,840
night yeah that happens and it's not

507
00:23:27,240 --> 00:23:25,150
weird and you're not crazy and so that's

508
00:23:29,250 --> 00:23:27,250
the kind of thing that's our mission is

509
00:23:30,020 --> 00:23:29,260
to get that information out into the

510
00:23:33,419 --> 00:23:30,030
world

511
00:23:34,860 --> 00:23:33,429
that's very worthwhile and and to that

512
00:23:38,909 --> 00:23:34,870
point obviously you're gonna need

513
00:23:44,220 --> 00:23:38,919

donations so let's yeah we should any if

514

00:23:46,409 --> 00:23:44,230

you want put out your your email address

515

00:23:48,330 --> 00:23:46,419

or the site where you would get

516

00:23:54,870 --> 00:23:48,340

donations so you please feel free to

517

00:23:56,909 --> 00:23:54,880

advertise a little bit now you get twice

518

00:24:04,140 --> 00:23:56,919

two chances to do the plug this is your

519

00:24:08,700 --> 00:24:06,570

that site right from the homepage you

520

00:24:10,770 --> 00:24:08,710

it's there's a donate button and we

521

00:24:12,240 --> 00:24:10,780

would be very appreciative if you would

522

00:24:14,159 --> 00:24:12,250

help us work again we're just getting

523

00:24:16,470 --> 00:24:14,169

off the ground and we're just we have

524

00:24:18,630 --> 00:24:16,480

very few educational free educational

525

00:24:21,539 --> 00:24:18,640

materials because we're still getting up

526
00:24:24,990 --> 00:24:21,549
and running so we need your donations to

527
00:24:26,970 --> 00:24:25,000
make this thing work and then also while

528
00:24:29,820 --> 00:24:26,980
you're there please join our email list

529
00:24:30,360 --> 00:24:29,830
so that we can tell you when we put up

530
00:24:32,460 --> 00:24:30,370
new

531
00:24:34,710 --> 00:24:32,470
free educational materials are when

532
00:24:36,600 --> 00:24:34,720
we're gonna be in your town talking it

533
00:24:39,539 --> 00:24:36,610
this compass or that conference or when

534
00:24:43,080 --> 00:24:39,549
we are going to do webinars or those

535
00:24:45,840 --> 00:24:43,090
kind of things so number one in no

536
00:24:49,740 --> 00:24:45,850
particular order they should and number

537
00:24:52,830 --> 00:24:49,750
two join our email list at www.h.org

538
00:24:55,680 --> 00:24:52,840

thank you so much you're welcome again a

539

00:24:59,810 --> 00:24:55,690

very worthwhile cause very much so

540

00:25:03,539 --> 00:24:59,820

so we're talking here about survival

541

00:25:07,769 --> 00:25:03,549

versus something else right I mean there

542

00:25:11,070 --> 00:25:07,779

are people who have posited that what

543

00:25:14,039 --> 00:25:11,080

actually happens you know may or may not

544

00:25:19,409 --> 00:25:14,049

be survival of some sort but that often

545

00:25:22,649 --> 00:25:19,419

the mediums might get some information

546

00:25:26,850 --> 00:25:22,659

through normal psychic means I believe

547

00:25:31,200 --> 00:25:26,860

you use the words a psychic reservoir

548

00:25:32,760 --> 00:25:31,210

and super sigh correct well the this it

549

00:25:35,610 --> 00:25:32,770

gets really messy and we recently

550

00:25:37,470 --> 00:25:35,620

published a paper yeah historically the

551
00:25:39,389 --> 00:25:37,480
two theories about where mediums get

552
00:25:41,970 --> 00:25:39,399
their information because no matter how

553
00:25:44,430 --> 00:25:41,980
much accuracy data under blinded

554
00:25:46,649 --> 00:25:44,440
conditions you collect you can never

555
00:25:48,840 --> 00:25:46,659
figure out where the data came from

556
00:25:50,430 --> 00:25:48,850
where the information came from if the

557
00:25:51,570 --> 00:25:50,440
dead person tells the medium about

558
00:25:53,549 --> 00:25:51,580
something that's going to happen in the

559
00:25:55,649 --> 00:25:53,559
future you can say oh that's called

560
00:25:57,149 --> 00:25:55,659
precognition if you say oh the sitter

561
00:25:58,320 --> 00:25:57,159
didn't know it but then they had to

562
00:26:00,080 --> 00:25:58,330
check with their family members yeah

563
00:26:03,510 --> 00:26:00,090

that's called telepathy or clairvoyance

564

00:26:06,230 --> 00:26:03,520

so no matter what a medium says it can

565

00:26:09,810 --> 00:26:06,240

always be sort of explained away as

566

00:26:11,789 --> 00:26:09,820

normal a sigh word that doesn't involve

567

00:26:17,100 --> 00:26:11,799

a dead person so we used to call those

568

00:26:19,080 --> 00:26:17,110

two things the the one theory that a

569

00:26:21,450 --> 00:26:19,090

medium is talking to a dead person is

570

00:26:23,610 --> 00:26:21,460

called survival sigh and the alternative

571

00:26:24,930 --> 00:26:23,620

theory that the medium is not talking to

572

00:26:26,970 --> 00:26:24,940

a dead person and getting their

573

00:26:30,120 --> 00:26:26,980

information some other psychic way is

574

00:26:34,529 --> 00:26:30,130

called cymatics i but we recently did a

575

00:26:38,430 --> 00:26:34,539

study where we had a hundred and twenty

576
00:26:41,430 --> 00:26:38,440
two mediums describe their experiences

577
00:26:43,230 --> 00:26:41,440
when receiving mediumistic information

578
00:26:46,170 --> 00:26:43,240
from a dead person and then

579
00:26:47,520 --> 00:26:46,180
their experiences when receiving when

580
00:26:49,920 --> 00:26:47,530
getting psychic information about a

581
00:26:54,410 --> 00:26:49,930
living person and again counterbalanced

582
00:26:57,420 --> 00:26:54,420
and all that stuff and we found that

583
00:27:00,330 --> 00:26:57,430
sometimes in in getting information

584
00:27:02,700 --> 00:27:00,340
about the living the person the medium

585
00:27:05,010 --> 00:27:02,710
will experience it as communication from

586
00:27:06,750 --> 00:27:05,020
the deceased so the there historically

587
00:27:09,090 --> 00:27:06,760
there's been this theory like oh no

588
00:27:11,490 --> 00:27:09,100

they're getting information about the

589

00:27:16,580 --> 00:27:11,500

dead from the living and then this new

590

00:27:20,280 --> 00:27:16,590

finding implies no no they're also or

591

00:27:23,700 --> 00:27:20,290

instead getting information about the

592

00:27:26,300 --> 00:27:23,710

living from the dead so it's very like

593

00:27:29,430 --> 00:27:26,310

the lines are now blurred historically

594

00:27:31,050 --> 00:27:29,440

like in the beginning of the SPR the

595

00:27:33,450 --> 00:27:31,060

Society for psychical research in the

596

00:27:36,870 --> 00:27:33,460

1880s most of the mediums that they

597

00:27:38,760 --> 00:27:36,880

studied went into full trance and they

598

00:27:41,730 --> 00:27:38,770

didn't have any conscious recollection

599

00:27:44,700 --> 00:27:41,740

of the reading after it was over today

600

00:27:47,130 --> 00:27:44,710

the medium stay for the most part fully

601
00:27:49,200 --> 00:27:47,140
conscious and we can ask them to

602
00:27:51,870 --> 00:27:49,210
describe their experiences and when we

603
00:27:52,970 --> 00:27:51,880
did that they said oh no I totally can

604
00:27:55,140 --> 00:27:52,980
tell the difference between

605
00:27:57,060 --> 00:27:55,150
communication from a deceased person and

606
00:27:59,010 --> 00:27:57,070
getting psychic information about a

607
00:28:02,040 --> 00:27:59,020
living person it feels totally different

608
00:28:03,840 --> 00:28:02,050
I have fun so okay I didn't mean to stop

609
00:28:06,660 --> 00:28:03,850
you I thought I wanted to ask you a few

610
00:28:09,180 --> 00:28:06,670
questions in about those those different

611
00:28:13,920 --> 00:28:09,190
things but I did I interrupt you so

612
00:28:17,030 --> 00:28:13,930
mazing well okay so we have the idea of

613
00:28:19,950 --> 00:28:17,040

survival and then we have psychic

614

00:28:22,680 --> 00:28:19,960

reservoir Akashic record sort of stuff

615

00:28:25,230 --> 00:28:22,690

and the other idea of super SCI or what

616

00:28:27,360 --> 00:28:25,240

you said somatic sigh and how it's kind

617

00:28:29,010 --> 00:28:27,370

of blurred the first question that I

618

00:28:31,050 --> 00:28:29,020

have to ask about that and I'm not sure

619

00:28:35,900 --> 00:28:31,060

whether it was you I think it wasn't you

620

00:28:38,850 --> 00:28:35,910

but one of your associates who did a an

621

00:28:43,560 --> 00:28:38,860

experiment and found out that different

622

00:28:47,190 --> 00:28:43,570

parts of the brain were being used we we

623

00:28:49,860 --> 00:28:47,200

did an EEG study yes with with six

624

00:28:51,960 --> 00:28:49,870

wonned bridge mediums maybe five sorry

625

00:28:53,490 --> 00:28:51,970

we did a blood like a hematology study

626
00:28:55,050 --> 00:28:53,500
too and one of them at five and one of

627
00:28:56,830 --> 00:28:55,060
them at six and I never can remember

628
00:28:59,649 --> 00:28:56,840
which was which but we didn't eat

629
00:29:03,940 --> 00:28:59,659
study with at least five mediums and we

630
00:29:09,310 --> 00:29:03,950
had them consciously enter different

631
00:29:12,640 --> 00:29:09,320
mental states and so they one was invite

632
00:29:13,960 --> 00:29:12,650
like before the experiment we said talk

633
00:29:16,090 --> 00:29:13,970
to someone in your family someone

634
00:29:17,620 --> 00:29:16,100
deceased and really invite them to come

635
00:29:19,360 --> 00:29:17,630
and talk to you during our experiment

636
00:29:21,669 --> 00:29:19,370
because it had a sort of be like that it

637
00:29:23,440 --> 00:29:21,679
sort of turn it on and off yes and so

638
00:29:25,930 --> 00:29:23,450

that was one of the conditions

639

00:29:27,880 --> 00:29:25,940

communication then there was one called

640

00:29:29,799 --> 00:29:27,890

fabrication where we said make up a

641

00:29:32,260 --> 00:29:29,809

person and think about that person then

642

00:29:34,330 --> 00:29:32,270

we said recollection think about a

643

00:29:37,840 --> 00:29:34,340

living person you know and think about

644

00:29:39,639 --> 00:29:37,850

them and then perception I'm gonna read

645

00:29:41,080 --> 00:29:39,649

you some information out loud you're

646

00:29:42,850 --> 00:29:41,090

gonna listen to me talk about a person

647

00:29:46,870 --> 00:29:42,860

and then we took their EEG during those

648

00:29:49,630 --> 00:29:46,880

four conditions and communication looked

649

00:29:52,600 --> 00:29:49,640

different than the other three it most

650

00:29:54,340 --> 00:29:52,610

looked like perception and so it most

651
00:29:56,710 --> 00:29:54,350
looks like listening someone but it

652
00:29:59,880 --> 00:29:56,720
didn't look anything like fabrication

653
00:30:02,560 --> 00:29:59,890
like making something up imagination or

654
00:30:07,269 --> 00:30:02,570
recollection well that's that's very

655
00:30:11,139 --> 00:30:07,279
very interesting so as going back to the

656
00:30:13,659 --> 00:30:11,149
survival versus a super sigh or psychic

657
00:30:16,899 --> 00:30:13,669
reservoir Akashic record I sort of think

658
00:30:19,180 --> 00:30:16,909
that psychic reservoir and super sigh

659
00:30:21,159 --> 00:30:19,190
come down to the same thing I mean you

660
00:30:23,830 --> 00:30:21,169
could define it differently but the

661
00:30:27,730 --> 00:30:23,840
information is coming from outside the

662
00:30:32,529 --> 00:30:27,740
person somehow through some form of

663
00:30:35,649 --> 00:30:32,539

telepathy or sigh and then there is the

664

00:30:38,860 --> 00:30:35,659

idea of it being that you someone is

665

00:30:44,019 --> 00:30:38,870

actually speaking to the personality of

666

00:30:50,049 --> 00:30:44,029

the disc Arnot of former human yes yeah

667

00:30:53,649 --> 00:30:50,059

we're in broad strokes yes so i because

668

00:30:57,010 --> 00:30:53,659

i play in the periphery of this this

669

00:31:00,639 --> 00:30:57,020

situation I have a third option I know I

670

00:31:05,010 --> 00:31:00,649

hate binary options that's just me but

671

00:31:08,950 --> 00:31:05,020

the third option what if an ever

672

00:31:11,090 --> 00:31:08,960

incarnate being somebody who some being

673

00:31:16,039 --> 00:31:11,100

that is never been

674

00:31:20,720 --> 00:31:16,049

a human who is not trapped in time is

675

00:31:22,970 --> 00:31:20,730

able to emulate the person of and the

676

00:31:28,100 --> 00:31:22,980

reason why I ask I know it sounds far

677

00:31:30,230 --> 00:31:28,110

out but as Kate can connect a trickster

678

00:31:34,400 --> 00:31:30,240

theory the trickster type of thing which

679

00:31:37,070 --> 00:31:34,410

often comes up with UFO aliens that sort

680

00:31:40,190 --> 00:31:37,080

of thing where you're given some

681

00:31:42,980 --> 00:31:40,200

information some people who purportedly

682

00:31:46,250 --> 00:31:42,990

are abducted in UFOs and I know this is

683

00:31:48,350 --> 00:31:46,260

very far out but bear with me uh they

684

00:31:51,440 --> 00:31:48,360

let me let me interrupt you because I

685

00:31:55,010 --> 00:31:51,450

cannot speak to this per se because this

686

00:31:58,100 --> 00:31:55,020

is not something that I study so as all

687

00:32:00,110 --> 00:31:58,110

I know is the empirical research right

688

00:32:02,750 --> 00:32:00,120

the empirical data that I've collected

689

00:32:04,130 --> 00:32:02,760

under these very controlled readings

690

00:32:06,110 --> 00:32:04,140

where I give a name and I asked five

691

00:32:08,419 --> 00:32:06,120

questions and that's blended and compare

692

00:32:10,850 --> 00:32:08,429

it to the other one so I don't know what

693

00:32:13,580 --> 00:32:10,860

happens what else there is but it does

694

00:32:16,700 --> 00:32:13,590

speak to just that all the gray area

695

00:32:18,140 --> 00:32:16,710

right we're talking about like my medium

696

00:32:19,850 --> 00:32:18,150

is on my team this data that I've

697

00:32:21,799 --> 00:32:19,860

collected and published it's deceased

698

00:32:23,960 --> 00:32:21,809

people people that used to be alive

699

00:32:27,470 --> 00:32:23,970

people and now our deceased people and

700

00:32:31,310 --> 00:32:27,480

so but you know our mediums talk about

701
00:32:33,980 --> 00:32:31,320
like the idea of guides right like where

702
00:32:35,390 --> 00:32:33,990
do they fall are they deceased people or

703
00:32:37,610 --> 00:32:35,400
is there something else and like you're

704
00:32:39,680 --> 00:32:37,620
saying there's all kinds of other beings

705
00:32:42,289 --> 00:32:39,690
and where do they fall and like most

706
00:32:45,680 --> 00:32:42,299
things it's probably a spectrum there's

707
00:32:48,649 --> 00:32:45,690
a binary categorization of things does

708
00:32:53,470 --> 00:32:48,659
not reflect reality and I think it's

709
00:32:56,240 --> 00:32:53,480
dangerous to put these terminology this

710
00:32:58,460 --> 00:32:56,250
vocabulary on these different

711
00:33:01,010 --> 00:32:58,470
experiences because it implies we

712
00:33:03,440 --> 00:33:01,020
understand how this stuff works and we

713
00:33:05,720 --> 00:33:03,450

don't exactly and so by naming it

714

00:33:08,419 --> 00:33:05,730

implies that this is a real thing like

715

00:33:11,120 --> 00:33:08,429

super Saiya is not a real thing it is a

716

00:33:13,700 --> 00:33:11,130

philosophical conjecture no one's ever

717

00:33:15,470 --> 00:33:13,710

you can't demonstrate it in the lab no

718

00:33:17,690 --> 00:33:15,480

one's ever shown it it's just an idea

719

00:33:20,000 --> 00:33:17,700

right it gets thrown around like it's a

720

00:33:21,950 --> 00:33:20,010

real thing but it's not a real thing so

721

00:33:23,840 --> 00:33:21,960

what we have to do as good scientists as

722

00:33:24,740 --> 00:33:23,850

good researchers we have to follow the

723

00:33:26,960 --> 00:33:24,750

data and

724

00:33:29,000 --> 00:33:26,970

data say that the two experiences are

725

00:33:30,890 --> 00:33:29,010

different psychic information about a

726

00:33:35,120 --> 00:33:30,900

living person and communication from the

727

00:33:36,950 --> 00:33:35,130

deceased are distinguishable experiences

728

00:33:39,260 --> 00:33:36,960

and we have to just run with that that's

729

00:33:42,910 --> 00:33:39,270

what we know the same way that most of

730

00:33:45,260 --> 00:33:42,920

what we can know about pain or love or

731

00:33:46,820 --> 00:33:45,270

things like that are only from what

732

00:33:49,190 --> 00:33:46,830

someone can tell us about them

733

00:33:52,130 --> 00:33:49,200

you can't take a meter and measure love

734

00:33:55,820 --> 00:33:52,140

or measure pain and you can't measure

735

00:34:00,380 --> 00:33:55,830

sigh yet there's no meter yet so we have

736

00:34:01,400 --> 00:34:00,390

to just rely on descriptions that the

737

00:34:09,680 --> 00:34:01,410

person who's having those experiences

738

00:34:12,580 --> 00:34:09,690

can give us okay that's that's fine no I

739

00:34:16,100 --> 00:34:12,590

didn't really want to speak about UFOs

740

00:34:20,030 --> 00:34:16,110

actually what I was saying as an as an

741

00:34:23,750 --> 00:34:20,040

example for a discarnate entity that was

742

00:34:27,860 --> 00:34:23,760

never embodied as a human on the earth I

743

00:34:30,290 --> 00:34:27,870

was using that as an example of some

744

00:34:32,990 --> 00:34:30,300

where where that exists but you were

745

00:34:36,770 --> 00:34:33,000

very correct in saying that those

746

00:34:41,060 --> 00:34:36,780

mediums who have guides many of them

747

00:34:44,090 --> 00:34:41,070

will tell the medium that or the the the

748

00:34:47,000 --> 00:34:44,100

the person contacting those guides that

749

00:34:49,040 --> 00:34:47,010

they were you know once Mork from Zork

750

00:34:50,570 --> 00:34:49,050

or something and and I'm not making fun

751
00:34:52,369 --> 00:34:50,580
of it's just the first thing that came

752
00:34:54,919 --> 00:34:52,379
into my mind I'm not making fun of the

753
00:34:57,590 --> 00:34:54,929
name up there there guy but they will

754
00:35:02,560 --> 00:34:57,600
tell the person that they are really

755
00:35:05,270 --> 00:35:02,570
Pleiadians or like that right right

756
00:35:08,000 --> 00:35:05,280
words again some people will use the

757
00:35:11,540 --> 00:35:08,010
word angel like does that it doesn't

758
00:35:14,480 --> 00:35:11,550
mean is that biblical angel right like

759
00:35:16,660 --> 00:35:14,490
these are all terms but we don't we it's

760
00:35:19,760 --> 00:35:16,670
all gray area we don't really know

761
00:35:22,040 --> 00:35:19,770
exactly what we're ever talking about

762
00:35:23,960 --> 00:35:22,050
until to like speak authoritative ly

763
00:35:25,070 --> 00:35:23,970

about this is this and this happens here

764

00:35:27,110 --> 00:35:25,080

like no exactly

765

00:35:29,690 --> 00:35:27,120

we can't do that that's that's

766

00:35:34,220 --> 00:35:29,700

irresponsible I just say the others

767

00:35:38,450 --> 00:35:34,230

whoever the others may be but you know

768

00:35:40,910 --> 00:35:38,460

with these your team of mediums to

769

00:35:42,290 --> 00:35:40,920

- they ever I mean just to get down to

770

00:35:45,530 --> 00:35:42,300

the nitty-gritty here did they ever

771

00:35:50,089 --> 00:35:45,540

contact a person who has been deceased

772

00:35:53,030 --> 00:35:50,099

and you had I'm not going to say proof

773

00:35:56,720 --> 00:35:53,040

but you had a lot of data that was

774

00:36:00,710 --> 00:35:56,730

collected that coincided with his her

775

00:36:02,630 --> 00:36:00,720

living being yeah this this paper that

776

00:36:06,380 --> 00:36:02,640

we published in 2015

777

00:36:09,530 --> 00:36:06,390

58 readings were scored with those five

778

00:36:12,319 --> 00:36:09,540

questions and they were the reading for

779

00:36:14,839 --> 00:36:12,329

the deceased person that the of the

780

00:36:17,420 --> 00:36:14,849

sitters got scored as more accurate than

781

00:36:18,710 --> 00:36:17,430

just like the the random control reading

782

00:36:20,839 --> 00:36:18,720

from the other person that had no

783

00:36:23,510 --> 00:36:20,849

relation to them so that it did

784

00:36:26,990 --> 00:36:23,520

demonstrate what we call anomalous

785

00:36:29,599 --> 00:36:27,000

information reception which is the the

786

00:36:32,450 --> 00:36:29,609

conveying of inaccurate and specific

787

00:36:35,630 --> 00:36:32,460

information about a deceased person that

788

00:36:38,540 --> 00:36:35,640

could not be acquired through fraud and

789

00:36:40,130 --> 00:36:38,550

or feedback like we don't the medium

790

00:36:42,410 --> 00:36:40,140

can't doesn't get any feedback during

791

00:36:43,849 --> 00:36:42,420

the reading because the who was gonna

792

00:36:47,480 --> 00:36:43,859

give it to her right where it's just me

793

00:36:49,190 --> 00:36:47,490

and her around the phone or with any

794

00:36:50,839 --> 00:36:49,200

prior knowledge about either the sitter

795

00:36:53,230 --> 00:36:50,849

or the decease for hit beyond that first

796

00:36:56,329 --> 00:36:53,240

name and we don't even give mediums

797

00:36:58,160 --> 00:36:56,339

feedback after the scoring takes place

798

00:37:01,849 --> 00:36:58,170

we don't tell them like this is how you

799

00:37:05,660 --> 00:37:01,859

did because that addresses the theory

800

00:37:07,430 --> 00:37:05,670

that they're using precognition to look

801
00:37:09,260 --> 00:37:07,440
into the future of when we tell them how

802
00:37:12,170 --> 00:37:09,270
they did on the reading in order to give

803
00:37:14,539 --> 00:37:12,180
the reading so we there are we never

804
00:37:17,569 --> 00:37:14,549
give the mediums feedback about accuracy

805
00:37:20,349 --> 00:37:17,579
data ever so what you really have to do

806
00:37:25,460 --> 00:37:20,359
you've you've got it tough in two ways

807
00:37:31,099 --> 00:37:25,470
because not only are you perhaps trying

808
00:37:33,079 --> 00:37:31,109
to convince people who are debunkers let

809
00:37:35,270 --> 00:37:33,089
us say as opposed to skeptics that

810
00:37:37,700 --> 00:37:35,280
they're just they're just materialists

811
00:37:39,799 --> 00:37:37,710
debunkers you not only are trying to

812
00:37:41,930 --> 00:37:39,809
convince those individuals as best you

813
00:37:45,410 --> 00:37:41,940

can but you need to convince other

814

00:37:48,230 --> 00:37:45,420

people within the within the research

815

00:37:50,930 --> 00:37:48,240

the parapsychological research group who

816

00:37:52,310 --> 00:37:50,940

can come in and say anything is

817

00:37:56,740 --> 00:37:52,320

telepathy

818

00:38:00,110 --> 00:37:56,750

or a precognition or one of the other

819

00:38:01,940 --> 00:38:00,120

sort of psychic skills well I'm not

820

00:38:05,180 --> 00:38:01,950

trying to convince anyone of anything

821

00:38:07,040 --> 00:38:05,190

okay I'm an empirical researcher and I

822

00:38:09,920 --> 00:38:07,050

collect the data and I draw conclusions

823

00:38:13,580 --> 00:38:09,930

based on the data collected and then I

824

00:38:15,170 --> 00:38:13,590

publish that and that's the that's how

825

00:38:17,180 --> 00:38:15,180

science works and that scientific

826

00:38:18,680 --> 00:38:17,190

dissemination of knowledge and what

827

00:38:20,210 --> 00:38:18,690

people do with that is totally up to

828

00:38:22,070 --> 00:38:20,220

them that's not my job

829

00:38:23,360 --> 00:38:22,080

I'm not trying to get rid anything

830

00:38:26,030 --> 00:38:23,370

anyone of anything

831

00:38:29,120 --> 00:38:26,040

I'm just doing my job as a scientist and

832

00:38:34,280 --> 00:38:29,130

and they help part the helping people

833

00:38:38,030 --> 00:38:34,290

with their grief how how is that coming

834

00:38:43,460 --> 00:38:38,040

into the picture for you now with the

835

00:38:46,160 --> 00:38:43,470

the new Research Center so we have three

836

00:38:49,250 --> 00:38:46,170

research programs and they're codenamed

837

00:38:51,620 --> 00:38:49,260

information operation application so the

838

00:38:53,750 --> 00:38:51,630

information research program looks at

839

00:38:55,700 --> 00:38:53,760

the accuracy and specificity of the

840

00:38:58,160 --> 00:38:55,710

information that mediums report the

841

00:39:01,820 --> 00:38:58,170

operation research program looks at

842

00:39:05,660 --> 00:39:01,830

their psychology like their personality

843

00:39:08,180 --> 00:39:05,670

characteristics their physiology and

844

00:39:10,310 --> 00:39:08,190

their phenomenology which is a fancy

845

00:39:12,260 --> 00:39:10,320

word for experiences and then the

846

00:39:15,520 --> 00:39:12,270

application research program looks at

847

00:39:19,030 --> 00:39:15,530

the practical social applications for

848

00:39:21,080 --> 00:39:19,040

mediumship readings including in

849

00:39:25,580 --> 00:39:21,090

assistance with finding missing persons

850

00:39:28,370 --> 00:39:25,590

or helping with law enforcement

851

00:39:30,170 --> 00:39:28,380

investigations and then the potential

852

00:39:32,270 --> 00:39:30,180

application and mediumship readings in

853

00:39:34,850 --> 00:39:32,280

the treatment of grief and so we've

854

00:39:35,780 --> 00:39:34,860

written about that there's free

855

00:39:41,210 --> 00:39:35,790

factsheets

856

00:39:44,030 --> 00:39:41,220

on our website about mediumship readings

857

00:39:47,300 --> 00:39:44,040

and grief and what sitters should know

858

00:39:50,060 --> 00:39:47,310

before they get a reading and we have it

859

00:39:51,800 --> 00:39:50,070

the data there isn't data yet we're

860

00:39:54,920 --> 00:39:51,810

still in the process of collecting the

861

00:39:57,140 --> 00:39:54,930

data using a standard I've standardized

862

00:40:01,690 --> 00:39:57,150

grief instrument and using control

863

00:40:04,850 --> 00:40:01,700

groups and methodologically sound

864

00:40:06,020 --> 00:40:04,860

research to look is receiving a

865

00:40:08,390 --> 00:40:06,030

mediumship reading hell

866

00:40:10,310 --> 00:40:08,400

full harmful or neither and we don't

867

00:40:12,800 --> 00:40:10,320

have that data yet but we're trying to

868

00:40:14,930 --> 00:40:12,810

we're trying to finish up that data

869

00:40:16,960 --> 00:40:14,940

collection and get to the bottom of that

870

00:40:19,430 --> 00:40:16,970

question because there might be certain

871

00:40:21,110 --> 00:40:19,440

segments of the grieving population that

872

00:40:22,610 --> 00:40:21,120

it works for and there may be segments

873

00:40:25,880 --> 00:40:22,620

that it doesn't or there may be the

874

00:40:28,760 --> 00:40:25,890

perfect time after the death to wait and

875

00:40:32,680 --> 00:40:28,770

so we have to there's so much to learn

876

00:40:35,510 --> 00:40:32,690

about that anecdotally it looks like

877

00:40:37,910 --> 00:40:35,520

people have very profound experiences

878

00:40:40,610 --> 00:40:37,920

after receiving a mediumship reading and

879

00:40:43,130 --> 00:40:40,620

and it falls well within the current

880

00:40:47,150 --> 00:40:43,140

model of grief which is called

881

00:40:50,150 --> 00:40:47,160

continuing bonds which is you don't they

882

00:40:52,010 --> 00:40:50,160

used to think like in the 50s to get

883

00:40:53,870 --> 00:40:52,020

over your grief you have to let go you

884

00:40:56,150 --> 00:40:53,880

have to you have to accept the

885

00:40:57,650 --> 00:40:56,160

permanence of the loss and that was the

886

00:41:00,410 --> 00:40:57,660

helping people no one was feeling any

887

00:41:02,690 --> 00:41:00,420

better so in the 80s they sort of came

888

00:41:06,890 --> 00:41:02,700

up with this new theory and it's sort of

889

00:41:08,390 --> 00:41:06,900

gaining footing that you don't need to

890

00:41:10,280 --> 00:41:08,400

accept the permanence of the loss you

891

00:41:13,280 --> 00:41:10,290

need to accept that your relationship is

892

00:41:15,770 --> 00:41:13,290

now different so it went from one in the

893

00:41:17,480 --> 00:41:15,780

physical to one in the spiritual and

894

00:41:19,430 --> 00:41:17,490

receiving a mediumship reading

895

00:41:22,010 --> 00:41:19,440

demonstrates that it demonstrates that

896

00:41:25,690 --> 00:41:22,020

you still have a relationship with the

897

00:41:28,190 --> 00:41:25,700

deceased person just not physically and

898

00:41:30,320 --> 00:41:28,200

spontaneous after death communication

899

00:41:33,590 --> 00:41:30,330

experiences also demonstrate that those

900

00:41:36,770 --> 00:41:33,600

are also really helpful for alleviating

901
00:41:41,150 --> 00:41:36,780
suffering around grief but they're

902
00:41:43,160 --> 00:41:41,160
spontaneous so you can't really create

903
00:41:46,190 --> 00:41:43,170
them or make them happen I am working on

904
00:41:48,050 --> 00:41:46,200
a system that's anecdotal I guess you

905
00:41:50,480 --> 00:41:48,060
have to go with anecdotes on that yeah

906
00:41:54,640 --> 00:41:50,490
yeah but you know Rupert Sheldrake says

907
00:41:57,020 --> 00:41:54,650
the the plural of anecdote is data okay

908
00:41:58,940 --> 00:41:57,030
enough people say that like it's that's

909
00:42:01,990 --> 00:41:58,950
a real thing now so but we are true

910
00:42:04,760 --> 00:42:02,000
bringing it into the lab and we're using

911
00:42:07,190 --> 00:42:04,770
established grief instruments like put a

912
00:42:08,450 --> 00:42:07,200
numerical value on the level of grief

913
00:42:11,630 --> 00:42:08,460

and that sort of thing to really like

914

00:42:13,910 --> 00:42:11,640

look at it quantitatively if the effect

915

00:42:15,890 --> 00:42:13,920

on grief well that's a lot of fun okay

916

00:42:18,440 --> 00:42:15,900

well just as a totally unrelated

917

00:42:19,400 --> 00:42:18,450

question in a sense I don't know if you

918

00:42:22,970 --> 00:42:19,410

heard the background

919

00:42:30,670 --> 00:42:22,980

barking but have you had okay this is

920

00:42:36,620 --> 00:42:34,460

yeah we we were noticing and that fifth

921

00:42:38,569 --> 00:42:36,630

question does the deceased person have

922

00:42:40,670 --> 00:42:38,579

any messages specifically for the sitter

923

00:42:43,220 --> 00:42:40,680

uh-huh we often found that they were

924

00:42:45,349 --> 00:42:43,230

saying oh he wants you to know he has a

925

00:42:51,620 --> 00:42:45,359

little white dog with him yeah really

926
00:42:53,359 --> 00:42:51,630
and so we started a study where instead

927
00:42:55,460 --> 00:42:53,369
of a deceased person we did the same

928
00:42:57,859 --> 00:42:55,470
exact protocol except it was a deceased

929
00:43:02,510 --> 00:42:57,869
animal and because animal names often

930
00:43:04,130 --> 00:43:02,520
are very give a lot of weight about the

931
00:43:07,910 --> 00:43:04,140
animal we didn't use the animal's name

932
00:43:09,680 --> 00:43:07,920
we used the sitter's first name and it

933
00:43:12,200 --> 00:43:09,690
also showed positive results but we

934
00:43:15,559 --> 00:43:12,210
found that it was really difficult to

935
00:43:20,059 --> 00:43:15,569
work with those sitters because oddly

936
00:43:23,809 --> 00:43:20,069
are not oddly having had animals those

937
00:43:26,150 --> 00:43:23,819
people were suffering so much more than

938
00:43:29,930 --> 00:43:26,160

the people who lost living people who

939

00:43:31,789 --> 00:43:29,940

lost people that would be really

940

00:43:33,109 --> 00:43:31,799

difficult to like continue with the

941

00:43:34,940 --> 00:43:33,119

study because we were like because we

942

00:43:37,519 --> 00:43:34,950

can't promise them that they're gonna

943

00:43:40,579 --> 00:43:37,529

hear from their loved one and we you

944

00:43:41,930 --> 00:43:40,589

know it was it was very difficult to to

945

00:43:43,730 --> 00:43:41,940

keep going with the study but the

946

00:43:47,630 --> 00:43:43,740

initial data that we did collect was

947

00:43:49,849 --> 00:43:47,640

similarly statistically significant like

948

00:43:52,220 --> 00:43:49,859

the people data was it was the same it

949

00:43:57,140 --> 00:43:52,230

was similarly significant for the

950

00:43:59,359 --> 00:43:57,150

animals well that's good good the line

951
00:44:01,220 --> 00:43:59,369
of people waiting to ask me a question

952
00:44:03,019 --> 00:44:01,230
after that presentation went out the

953
00:44:05,750 --> 00:44:03,029
door and people came up to me all

954
00:44:08,120 --> 00:44:05,760
afternoon you know scientists and

955
00:44:11,510 --> 00:44:08,130
physicists and clinicians came up to me

956
00:44:15,260 --> 00:44:11,520
and cried and were thanking me for this

957
00:44:18,200 --> 00:44:15,270
for letting them believe that their dead

958
00:44:20,660 --> 00:44:18,210
animal they is in the world still that

959
00:44:22,730 --> 00:44:20,670
consciousness also exists so it's very

960
00:44:26,589 --> 00:44:22,740
important to people and that's another

961
00:44:31,250 --> 00:44:26,599
that is another topic that we will

962
00:44:33,410 --> 00:44:31,260
provide educational materials around in

963
00:44:36,590 --> 00:44:33,420

order to alleviate suffering

964

00:44:40,010 --> 00:44:36,600

join our email list yes they're up there

965

00:44:42,410 --> 00:44:40,020

what email is that if you go to win

966

00:44:44,990 --> 00:44:42,420

bridge org there's a join our email list

967

00:44:48,320 --> 00:44:45,000

button and you can join right there and

968

00:44:52,030 --> 00:44:48,330

can't contribute too oh yes

969

00:44:57,110 --> 00:44:52,040

and while you're there give a donation

970

00:44:59,990 --> 00:44:57,120

well doctor by radio voice yes like

971

00:45:02,210 --> 00:45:00,000

lulling you into giving a donation yes

972

00:45:03,970 --> 00:45:02,220

yes give a donation give them some money

973

00:45:06,950 --> 00:45:03,980

they deserve it

974

00:45:09,050 --> 00:45:06,960

one thing that I'm sure you've heard

975

00:45:11,570 --> 00:45:09,060

innumerable times

976

00:45:14,060 --> 00:45:11,580

I certainly have I don't want to go to

977

00:45:18,950 --> 00:45:14,070

heaven if my dog isn't there or my cat

978

00:45:21,020 --> 00:45:18,960

or my fish I mean and all kinds of

979

00:45:24,920 --> 00:45:21,030

animals have come through spontaneously

980

00:45:26,840 --> 00:45:24,930

you know tarantulas birds goldfish all

981

00:45:30,070 --> 00:45:26,850

kinds of animals have come through

982

00:45:32,930 --> 00:45:30,080

spontaneously to mediums on my team so

983

00:45:36,050 --> 00:45:32,940

it there's compelling evidence that

984

00:45:37,670 --> 00:45:36,060

consciousness is the saint I don't

985

00:45:39,230 --> 00:45:37,680

remember who said it conscious is the

986

00:45:42,170 --> 00:45:39,240

same in all living creatures although

987

00:45:43,430 --> 00:45:42,180

the body of each is different yeah we

988

00:45:45,380 --> 00:45:43,440

had a calendar that was one of the

989

00:45:48,830 --> 00:45:45,390

quotes and I don't remember who said it

990

00:45:50,990 --> 00:45:48,840

um but that yeah like why would it be

991

00:45:54,140 --> 00:45:51,000

any different everything else is similar

992

00:45:58,340 --> 00:45:54,150

why would that you know and then the

993

00:46:02,390 --> 00:45:58,350

Stephen Jay Gould quote of the at the

994

00:46:05,300 --> 00:46:02,400

heart of every scientific progression is

995

00:46:07,430 --> 00:46:05,310

the discernment of human arrogance from

996

00:46:09,710 --> 00:46:07,440

one Hetzel after another like we are not

997

00:46:12,260 --> 00:46:09,720

and about our centrality in the cosmos

998

00:46:15,800 --> 00:46:12,270

like no we're not the end-all be-all

999

00:46:18,620 --> 00:46:15,810

like no you know often people will say

1000

00:46:21,380 --> 00:46:18,630

oh what differentiates people from

1001

00:46:23,990 --> 00:46:21,390

animals is tools no animals have schools

1002

00:46:26,360 --> 00:46:24,000

is emotion nope animals have emotion so

1003

00:46:28,730 --> 00:46:26,370

whatever we think of no they do it too

1004

00:46:30,800 --> 00:46:28,740

so why would that you know people say oh

1005

00:46:33,650 --> 00:46:30,810

spirituality like you don't have any

1006

00:46:36,050 --> 00:46:33,660

data that says your dog isn't talking to

1007

00:46:41,660 --> 00:46:36,060

God every minute that's right you know

1008

00:46:44,060 --> 00:46:41,670

what dog spelled backwards is again one

1009

00:46:46,099 --> 00:46:44,070

it's very dangerous to speak with great

1010

00:46:48,739 --> 00:46:46,109

authority of like we know

1011

00:46:51,859 --> 00:46:48,749

this or this can't be right this is how

1012

00:46:53,870 --> 00:46:51,869

this works no we don't know anything

1013

00:46:56,269 --> 00:46:53,880

about anything at the end of the day and

1014

00:46:59,089 --> 00:46:56,279

so what you're saying is this is huge

1015

00:47:01,970 --> 00:46:59,099

sea of knowledge or consciousness or

1016

00:47:05,239 --> 00:47:01,980

again that's a hard word to describe er

1017

00:47:08,329 --> 00:47:05,249

you know to just define but information

1018

00:47:10,700 --> 00:47:08,339

but whatever it's out there and so

1019

00:47:13,940 --> 00:47:10,710

different being sort of pop in and out

1020

00:47:16,370 --> 00:47:13,950

of it good well there's even sort of a

1021

00:47:19,489 --> 00:47:16,380

different the idea it says now that

1022

00:47:22,130 --> 00:47:19,499

everything is conscious to some extent

1023

00:47:25,759 --> 00:47:22,140

it would write from this microphone to

1024

00:47:30,279 --> 00:47:25,769

the desk to the ground just find energy

1025

00:47:34,039 --> 00:47:30,289

that's correct we will see we do have a

1026

00:47:37,370 --> 00:47:34,049

question from our listener Ellen Merritt

1027

00:47:41,960 --> 00:47:37,380

and she wants to know if it's possible

1028

00:47:44,989 --> 00:47:41,970

to ask a medium simply if anyone has a

1029

00:47:47,239 --> 00:47:44,999

message for you in other words if you

1030

00:47:50,420 --> 00:47:47,249

went to a medium and you just wanted to

1031

00:47:52,819 --> 00:47:50,430

say I want to know if anybody in the

1032

00:47:55,400 --> 00:47:52,829

great beyond has a message for me and

1033

00:47:57,710 --> 00:47:55,410

what would happen then definitely I

1034

00:48:01,819 --> 00:47:57,720

think yeah definitely you can do that I

1035

00:48:03,799 --> 00:48:01,829

think a lot of mediums will sort of

1036

00:48:05,960 --> 00:48:03,809

start the session and say okay I do

1037

00:48:08,900 --> 00:48:05,970

psychic readings in which I can talk

1038

00:48:11,390 --> 00:48:08,910

about the future and your you know and

1039

00:48:13,239 --> 00:48:11,400

give you guidance on your own life or I

1040

00:48:15,319 --> 00:48:13,249

can talk I can do mediumistic

1041

00:48:17,569 --> 00:48:15,329

communication and receive messages from

1042

00:48:19,609 --> 00:48:17,579

your loved ones which one do you want to

1043

00:48:21,890 --> 00:48:19,619

do and some people say both and the

1044

00:48:23,870 --> 00:48:21,900

medium does one and then she does the

1045

00:48:26,299 --> 00:48:23,880

other and you know and she switches

1046

00:48:27,769 --> 00:48:26,309

gears or you could say one and the

1047

00:48:30,259 --> 00:48:27,779

medium will concentrate on doing that

1048

00:48:32,690 --> 00:48:30,269

one so no you don't need to the less

1049

00:48:33,529 --> 00:48:32,700

information you give a medium the better

1050

00:48:37,700 --> 00:48:33,539

for everyone

1051

00:48:39,620 --> 00:48:37,710

mm-hmm so the by by saying hey give me

1052

00:48:41,269 --> 00:48:39,630

some messages that's probably the best

1053

00:48:45,349 --> 00:48:41,279

way you can do it because you've given

1054

00:48:50,049 --> 00:48:45,359

the medium no information yeah I'm sure

1055

00:48:57,829 --> 00:48:53,450

the I guess I want to speak a little bit

1056

00:49:01,900 --> 00:48:57,839

to the idea of mediums having more

1057

00:49:08,720 --> 00:49:05,329

autoimmune illnesses and I wanted to ask

1058

00:49:12,319 --> 00:49:08,730

you if you had ever read the book by

1059

00:49:15,769 --> 00:49:12,329

Bell Ruth 'nope r-spec who is primarily

1060

00:49:20,359 --> 00:49:15,779

a psychic I believe but wrote an amazing

1061

00:49:22,910 --> 00:49:20,369

book on the the different qualities that

1062

00:49:25,609 --> 00:49:22,920

people who do psychic work and

1063

00:49:27,740 --> 00:49:25,619

mediumship of the different qualities of

1064

00:49:30,259 --> 00:49:27,750

their personalities often that they're

1065

00:49:33,740 --> 00:49:30,269

survivors of some form of abuse often

1066

00:49:36,710 --> 00:49:33,750

they have autoimmune issues often

1067

00:49:39,410 --> 00:49:36,720

there's a whole variety of things she

1068

00:49:42,859 --> 00:49:39,420

speaks to I wondered if you ever came

1069

00:49:45,680 --> 00:49:42,869

across your sixth sense by Bell Ruth

1070

00:49:48,980 --> 00:49:45,690

'nope r-spec I didn't I'm gonna write it

1071

00:49:50,539 --> 00:49:48,990

down I'm gonna look at that yeah we you

1072

00:49:52,940 --> 00:49:50,549

know the scientific method is making

1073

00:49:54,829 --> 00:49:52,950

observation and then test it right so I

1074

00:49:56,450 --> 00:49:54,839

was observing that the mediums on our

1075

00:49:58,849 --> 00:49:56,460

team they seem to have a lot more

1076

00:50:00,710 --> 00:49:58,859

autoimmune diseases that's someone with

1077

00:50:02,509 --> 00:50:00,720

an autoimmune disease herself I was

1078

00:50:03,829 --> 00:50:02,519

recognized like wow you guys as a group

1079

00:50:06,140 --> 00:50:03,839

have a lot more than would be expected

1080

00:50:10,660 --> 00:50:06,150

by chance so when we recently did a

1081

00:50:13,970 --> 00:50:10,670

survey study where we got a online

1082

00:50:16,579 --> 00:50:13,980

survey data from about 300 mediums about

1083

00:50:21,319 --> 00:50:16,589

a thousand non mediums we asked them

1084

00:50:23,329 --> 00:50:21,329

about their disease burden and it was

1085

00:50:27,019 --> 00:50:23,339

much higher for the mediums autoimmune

1086

00:50:30,499 --> 00:50:27,029

and other symptoms and then we also

1087

00:50:33,140 --> 00:50:30,509

asked about we had them take a child

1088

00:50:35,900 --> 00:50:33,150

abuse scale and that was also much

1089

00:50:37,670 --> 00:50:35,910

higher for the mediums and for the non

1090

00:50:41,839 --> 00:50:37,680

mediums and so I have previously

1091

00:50:44,269 --> 00:50:41,849

presented FS se that it my theory is

1092

00:50:45,230 --> 00:50:44,279

that it isn't mediumship that causes

1093

00:50:48,079 --> 00:50:45,240

disease its

1094

00:50:51,230 --> 00:50:48,089

trauma its childhood trauma that causes

1095

00:50:52,700 --> 00:50:51,240

both mediumship and disease because it's

1096

00:50:53,480 --> 00:50:52,710

been demonstrated in that in the general

1097

00:50:56,269 --> 00:50:53,490

mainstream

1098

00:51:00,549 --> 00:50:56,279

literature just not even mediums anybody

1099

00:51:02,809 --> 00:51:00,559

childhood abuse results in adult disease

1100

00:51:04,789 --> 00:51:02,819

and you're gonna see you're gonna see

1101

00:51:07,309 --> 00:51:04,799

that in any group yeah we just got a

1102

00:51:11,390 --> 00:51:07,319

sterling example of that down in Florida

1103

00:51:13,200 --> 00:51:11,400

yeah yeah that was a shame i but again

1104

00:51:15,210 --> 00:51:13,210

going back to your

1105

00:51:18,210 --> 00:51:15,220

your studies and immunology which is

1106

00:51:21,000 --> 00:51:18,220

again information and just drawing on a

1107

00:51:24,510 --> 00:51:21,010

large pool of outside information like

1108

00:51:26,520 --> 00:51:24,520

external information I wonder if if

1109

00:51:29,850 --> 00:51:26,530

maybe there's some connection there to

1110

00:51:32,280 --> 00:51:29,860

like their body sort of recognizes one

1111

00:51:35,280 --> 00:51:32,290

sort of outside information and a person

1112

00:51:39,090 --> 00:51:35,290

without autoimmune that was my original

1113

00:51:41,610 --> 00:51:39,100

theory was I bet a medium in having so

1114

00:51:43,860 --> 00:51:41,620

many deceased people sort of come

1115

00:51:46,080 --> 00:51:43,870

through ruff does her body get confused

1116

00:51:48,270 --> 00:51:46,090

you know that was my original theory but

1117

00:51:50,070 --> 00:51:48,280

this childhood abuse data is so strong

1118

00:51:52,710 --> 00:51:50,080

like that's the that's the thing that

1119

00:51:55,260 --> 00:51:52,720

makes the more sense yeah well it

1120

00:51:58,110 --> 00:51:55,270

definitely plays a part I mean you can't

1121

00:52:04,080 --> 00:51:58,120

discount that at all well I I know that

1122

00:52:07,620 --> 00:52:04,090

I suffered for some time with what is it

1123

00:52:13,340 --> 00:52:07,630

called Hashimoto's thyroiditis which is

1124

00:52:16,560 --> 00:52:13,350

an autoimmune disease and I was very

1125

00:52:19,260 --> 00:52:16,570

this book by Bell Ruth 'nope arsenic

1126

00:52:22,440 --> 00:52:19,270

really made me realize what these things

1127

00:52:25,080 --> 00:52:22,450

were going on in my body and I am NOT a

1128

00:52:27,600 --> 00:52:25,090

medium I have chosen not to be a medium

1129

00:52:32,760 --> 00:52:27,610

I have actively chosen not to be a

1130

00:52:35,520 --> 00:52:32,770

medium beneath you okay because I I was

1131

00:52:37,950 --> 00:52:35,530

I was when I was a little child I always

1132

00:52:41,310 --> 00:52:37,960

had beings in my room and I was

1133

00:52:44,310 --> 00:52:41,320

terrified and even as a teenager I had

1134

00:52:47,910 --> 00:52:44,320

people come up to me who were had to do

1135

00:52:50,880 --> 00:52:47,920

with a woman in England who did

1136

00:52:53,730 --> 00:52:50,890

mediumship a famous woman again whose

1137

00:52:56,040 --> 00:52:53,740

name escapes me at the moment but that

1138

00:52:57,870 --> 00:52:56,050

people wanted me to be a medium and I

1139

00:53:00,570 --> 00:52:57,880

tried it a little bit and I found it

1140

00:53:03,060 --> 00:53:00,580

very very unsettling and did not feel

1141

00:53:05,970 --> 00:53:03,070

well at all afterwards even worse than

1142

00:53:09,180 --> 00:53:05,980

with the psychic readings so you

1143

00:53:12,030 --> 00:53:09,190

associate that like because that's voice

1144

00:53:14,010 --> 00:53:12,040

right that's in the thyroid is in your

1145

00:53:18,180 --> 00:53:14,020

throat that you associate that with

1146

00:53:21,150 --> 00:53:18,190

something with about voice and the

1147

00:53:23,760 --> 00:53:21,160

disease or like are you associating with

1148

00:53:25,740 --> 00:53:23,770

that those mediumistic experiences no

1149

00:53:26,789 --> 00:53:25,750

I'm not I think that the thyroid issue

1150

00:53:30,479 --> 00:53:26,799

had to do

1151
00:53:34,620 --> 00:53:30,489
with my psychic work just as a psychic

1152
00:53:36,989 --> 00:53:34,630
reader really more than having to do

1153
00:53:39,410 --> 00:53:36,999
with mediumship a terror kept me from

1154
00:53:42,569 --> 00:53:39,420
being a medium as a younger person

1155
00:53:44,640 --> 00:53:42,579
because I could never sleep because I

1156
00:53:46,890 --> 00:53:44,650
always felt all these beings around me

1157
00:53:49,469 --> 00:53:46,900
and a person could say that I was just

1158
00:53:51,509 --> 00:53:49,479
crazy and that would be that would be

1159
00:53:54,539 --> 00:53:51,519
one well that's one of the things like

1160
00:53:59,009 --> 00:53:54,549
that's another sorry motorcycle is

1161
00:54:00,390 --> 00:53:59,019
driving by that's another topic that we

1162
00:54:03,539 --> 00:54:00,400
want to try and alleviate suffering

1163
00:54:05,039 --> 00:54:03,549

around is people have these experiences

1164

00:54:08,549 --> 00:54:05,049

and they don't know what to do with them

1165

00:54:10,890 --> 00:54:08,559

so can we offer some kind of training or

1166

00:54:13,709 --> 00:54:10,900

like this is what you can expect and

1167

00:54:16,140 --> 00:54:13,719

this is how to control it and this is

1168

00:54:17,939 --> 00:54:16,150

how to not let in experiences that you

1169

00:54:19,890 --> 00:54:17,949

don't want to have and that sort of

1170

00:54:21,509 --> 00:54:19,900

thing like that in and of itself it can

1171

00:54:24,329 --> 00:54:21,519

alleviate a lot of suffering right there

1172

00:54:26,370 --> 00:54:24,339

and that's also on our list of things to

1173

00:54:28,049 --> 00:54:26,380

do in the future if we get some

1174

00:54:31,199 --> 00:54:28,059

donations and we can keep our doors open

1175

00:54:34,589 --> 00:54:31,209

yes I certainly hope you do just to to

1176

00:54:38,339 --> 00:54:34,599

finish my piece here about the the

1177

00:54:41,969 --> 00:54:38,349

thyroid and and and miss miss Belle Ruth

1178

00:54:44,400 --> 00:54:41,979

and parsed etc at the time that I was

1179

00:54:46,739 --> 00:54:44,410

afflicted with this what happened was I

1180

00:54:51,539 --> 00:54:46,749

was misusing you could say my psychic

1181

00:54:54,329 --> 00:54:51,549

gifts by doing like 10 hours of psychic

1182

00:54:56,459 --> 00:54:54,339

reading a day due to working at events

1183

00:54:59,059 --> 00:54:56,469

at parties and I would leave those

1184

00:55:02,309 --> 00:54:59,069

places completely drained and exhausted

1185

00:55:04,079 --> 00:55:02,319

after say doing two holiday parties in

1186

00:55:05,839 --> 00:55:04,089

the New York area for hours in the

1187

00:55:08,910 --> 00:55:05,849

afternoon and for hours at night

1188

00:55:11,640 --> 00:55:08,920

completely drained and with incredible

1189

00:55:14,549 --> 00:55:11,650

bloodlust I would have to find a

1190

00:55:16,559 --> 00:55:14,559

hamburger somewhere and I am not much of

1191

00:55:19,439 --> 00:55:16,569

a meat-eater otherwise it's I'm not a

1192

00:55:23,519 --> 00:55:19,449

hundred percent vegetarian nor was I

1193

00:55:27,209 --> 00:55:23,529

then but that was the way my diet

1194

00:55:30,809 --> 00:55:27,219

ended towards vegetarianism and to be

1195

00:55:32,910 --> 00:55:30,819

that such so much desiring the meat like

1196

00:55:35,009 --> 00:55:32,920

I have to get that Handler I just have

1197

00:55:38,729 --> 00:55:35,019

to find that bar with that juicy

1198

00:55:41,010 --> 00:55:38,739

hamburger it was very bizarre and and so

1199

00:55:45,690 --> 00:55:41,020

I associate

1200

00:55:48,120 --> 00:55:45,700

the the thyroid issues with psychic

1201
00:55:50,310 --> 00:55:48,130
reading because mediumship I had left

1202
00:55:53,190 --> 00:55:50,320
behind some at some some years

1203
00:55:55,980 --> 00:55:53,200
previously okay we're doing too much of

1204
00:56:00,060 --> 00:55:55,990
it is what you're saying yes doing the

1205
00:56:02,850 --> 00:56:00,070
abusing my my gift as well because at an

1206
00:56:05,370 --> 00:56:02,860
event you have to read at minimally ten

1207
00:56:06,960 --> 00:56:05,380
percent in persons an hour they the

1208
00:56:09,660 --> 00:56:06,970
party planners want you to keep the

1209
00:56:11,340 --> 00:56:09,670
guests coming and you know you sit down

1210
00:56:13,230 --> 00:56:11,350
with the guests and you tell them about

1211
00:56:15,720 --> 00:56:13,240
their life and they get up and then the

1212
00:56:17,700 --> 00:56:15,730
next one sits down and you you could be

1213
00:56:20,250 --> 00:56:17,710

reading a hundred persons in a day and

1214

00:56:22,400 --> 00:56:20,260

in that circumstance of of two eight

1215

00:56:25,710 --> 00:56:22,410

hours to four hour shifts rather

1216

00:56:28,140 --> 00:56:25,720

everything evaluation yes indeed I just

1217

00:56:30,900 --> 00:56:28,150

thought I would put that in for so so

1218

00:56:33,710 --> 00:56:30,910

you I'm sure you still have some ties to

1219

00:56:36,780 --> 00:56:33,720

the old schools where you graduated from

1220

00:56:40,230 --> 00:56:36,790

what do they think of your your interest

1221

00:56:42,660 --> 00:56:40,240

today you know I really don't I really

1222

00:56:44,880 --> 00:56:42,670

don't have a lot yeah

1223

00:56:48,960 --> 00:56:44,890

did you drop them or did they drop you

1224

00:56:51,420 --> 00:56:48,970

or did you just like this research takes

1225

00:56:55,050 --> 00:56:51,430

so much time like the other day was

1226

00:56:58,620 --> 00:56:55,060

marked a nice 10th wedding anniversary

1227

00:56:59,430 --> 00:56:58,630

people think graduation thank you people

1228

00:57:00,660 --> 00:56:59,440

are saying what are you gonna do it

1229

00:57:03,630 --> 00:57:00,670

we're gonna work like we do every day

1230

00:57:06,120 --> 00:57:03,640

and that's what we did and so it's not

1231

00:57:09,240 --> 00:57:06,130

like I like we it's just one of the

1232

00:57:11,070 --> 00:57:09,250

things when you're so busy yeah then you

1233

00:57:13,080 --> 00:57:11,080

just don't have time to see people like

1234

00:57:14,849 --> 00:57:13,090

new friends or old friends and

1235

00:57:17,040 --> 00:57:14,859

unfortunately I think that's what I

1236

00:57:19,230 --> 00:57:17,050

think that's what happened in that case

1237

00:57:20,400 --> 00:57:19,240

well you know you know when are we going

1238

00:57:23,370 --> 00:57:20,410

to see each other I'm not at biology

1239

00:57:26,220 --> 00:57:23,380

meetings and they're not at SSE meetings

1240

00:57:28,290 --> 00:57:26,230

so where well where would I see them

1241

00:57:31,890 --> 00:57:28,300

yeah well you know if you love what you

1242

00:57:34,770 --> 00:57:31,900

do is never work and and yeah you've

1243

00:57:38,760 --> 00:57:34,780

obviously found your your fault your

1244

00:57:41,340 --> 00:57:38,770

your calling in this world well yes and

1245

00:57:44,430 --> 00:57:41,350

we have one question will we be seeing

1246

00:57:50,760 --> 00:57:44,440

you at the SS meeting SS e meeting this

1247

00:57:53,720 --> 00:57:50,770

summer in in Las Vegas I submitted my

1248

00:57:55,310 --> 00:57:53,730

abstract yesterday so we'll we'll see

1249

00:57:58,370 --> 00:57:55,320

let's put it out

1250

00:58:00,740 --> 00:57:58,380

- the universal well well intend that

1251
00:58:02,660 --> 00:58:00,750
they have you come I'm sure I feel I

1252
00:58:05,480 --> 00:58:02,670
feel I feel confident that you'll be

1253
00:58:07,970 --> 00:58:05,490
there in that case so we're going to

1254
00:58:11,360 --> 00:58:07,980
wrap this up at this time and thank you

1255
00:58:15,020 --> 00:58:11,370
so much for being with us and do you

1256
00:58:17,570 --> 00:58:15,030
have anything else to say in in finality

1257
00:58:20,030 --> 00:58:17,580
here that you want to get across or some

1258
00:58:21,730 --> 00:58:20,040
anecdote or piece of information you

1259
00:58:25,250 --> 00:58:21,740
think would be interesting to our

1260
00:58:25,700 --> 00:58:25,260
listeners thank you so much for having

1261
00:58:28,790 --> 00:58:25,710
me

1262
00:58:29,750 --> 00:58:28,800
I think at our on our website wind

1263
00:58:32,210 --> 00:58:29,760

bridge org

1264

00:58:33,920 --> 00:58:32,220

there's a lot of free materials if you

1265

00:58:35,840 --> 00:58:33,930

want to learn more I put up a couple

1266

00:58:38,030 --> 00:58:35,850

videos about what is a medium and what

1267

00:58:40,070 --> 00:58:38,040

kind of things does a medium say and we

1268

00:58:41,720 --> 00:58:40,080

have a couple fact sheets again we're

1269

00:58:46,100 --> 00:58:41,730

just getting off the ground so there's

1270

00:58:47,720 --> 00:58:46,110

not as I deal we will be able to keep

1271

00:58:50,390 --> 00:58:47,730

the doors open make a lot more of these

1272

00:58:53,060 --> 00:58:50,400

things but right now there's a few and

1273

00:58:55,070 --> 00:58:53,070

you can look on our website and there's

if you are so inclined there's

1275

00:59:01,370 --> 00:58:57,630

peer-reviewed research art journal

1276

00:59:04,340 --> 00:59:01,380

articles there that you can download -

1277

00:59:06,230 --> 00:59:04,350

there's lots of lots of things and while

1278

00:59:07,640 --> 00:59:06,240

you're there join our email list and

1279

00:59:10,670 --> 00:59:07,650

make a donation

1280

00:59:13,490 --> 00:59:10,680

well the final thing that I have to say

1281

00:59:16,250 --> 00:59:13,500

is that we did have a gentleman on from

1282

00:59:22,040 --> 00:59:16,260

I'm trying to his name was Tom and he

1283

00:59:26,660 --> 00:59:22,050

was on from the one of the people who

1284

00:59:31,160 --> 00:59:26,670

tries to get a voice voice phenomena or

1285

00:59:35,410 --> 00:59:31,170

EVP EVPs and he he was on our show back

1286

00:59:40,280 --> 00:59:35,420

over a year ago and we had an incredible

1287

00:59:42,590 --> 00:59:40,290

anomalous voice come on Kate's channel

1288

00:59:45,740 --> 00:59:42,600

we record on three channels Jenny Moore

1289

00:59:48,050 --> 00:59:45,750

and that would be my channel Kate's

1290

00:59:50,300 --> 00:59:48,060

Channel and you the guest Channel

1291

00:59:54,080 --> 00:59:50,310

whoever is the guest well Tom hung up

1292

00:59:55,610 --> 00:59:54,090

and his channel was down and dead at the

1293

00:59:58,130 --> 00:59:55,620

time and we were wrapping up the show

1294

01:00:01,550 --> 00:59:58,140

which is what we'll do after we say

1295

01:00:03,170 --> 01:00:01,560

goodbye to you and Kate was saying

1296

01:00:06,910 --> 01:00:03,180

something I forget what she was saying

1297

01:00:09,819 --> 01:00:06,920

and we heard this incredible voice

1298

01:00:11,650 --> 01:00:09,829

and it was it came in on her channel and

1299

01:00:13,569 --> 01:00:11,660

I'm sitting right next to her I could

1300

01:00:16,059 --> 01:00:13,579

see her she did not make the noise and

1301

01:00:18,039 --> 01:00:16,069

it was and it was not in the room but

1302

01:00:20,740 --> 01:00:18,049

you might find that interesting to

1303

01:00:21,549 --> 01:00:20,750

listen to of such things in orange of

1304

01:00:24,460 --> 01:00:21,559

interest to you

1305

01:00:27,279 --> 01:00:24,470

well my expertise is in mediumship but

1306

01:00:30,910 --> 01:00:27,289

my husband mark his expertise is in EVP

1307

01:00:33,490 --> 01:00:30,920

and ITC really so when you have him on

1308

01:00:36,640 --> 01:00:33,500

he talked about that well we would love

1309

01:00:38,349 --> 01:00:36,650

to have dr. mark Baku Zee on our show I

1310

01:00:39,549 --> 01:00:38,359

just want to put his full name in there

1311

01:00:45,640 --> 01:00:39,559

so we you know who we're talking about

1312

01:00:48,819 --> 01:00:45,650

so he we're a really good team because

1313

01:00:51,099 --> 01:00:48,829

he's not a doctor and he so he his

1314

01:00:53,740 --> 01:00:51,109

training is in the real world and

1315

01:00:55,480 --> 01:00:53,750

engineering and software engineering and

1316

01:00:57,450 --> 01:00:55,490

so he thinks a different way than I do

1317

01:01:01,240 --> 01:00:57,460

which but you know I came up through the

1318

01:01:02,740 --> 01:01:01,250

science and academia and so he could he

1319

01:01:05,079 --> 01:01:02,750

thinks in a different way than I do and

1320

01:01:10,390 --> 01:01:05,089

so we make a perfect team research team

1321

01:01:12,519 --> 01:01:10,400

and so I just wanted I just did a little

1322

01:01:15,279 --> 01:01:12,529

let you say that and people that you

1323

01:01:17,049 --> 01:01:15,289

didn't correct them but so he's a doctor

1324

01:01:20,349 --> 01:01:17,059

but that makes him a really good

1325

01:01:22,420 --> 01:01:20,359

research partner isn't sullied in all

1326

01:01:25,480 --> 01:01:22,430

the baggage that comes with being

1327

01:01:28,210 --> 01:01:25,490

trained in academia so he has like he

1328

01:01:29,559 --> 01:01:28,220

has so many good ideas that I don't

1329

01:01:30,970 --> 01:01:29,569

think I could ever come up with and

1330

01:01:33,460 --> 01:01:30,980

together we come up with some really

1331

01:01:35,460 --> 01:01:33,470

great ideas but you you know you're

1332

01:01:37,779 --> 01:01:35,470

almost like the new computer set they're

1333

01:01:40,150 --> 01:01:37,789

coming along like he has a quantum

1334

01:01:42,670 --> 01:01:40,160

computer married now to the algorithmic

1335

01:01:45,130 --> 01:01:42,680

type computer and between the two of

1336

01:01:46,930 --> 01:01:45,140

them these computers starting to think

1337

01:01:49,299 --> 01:01:46,940

and come up with ideas as opposed to

1338

01:01:50,859 --> 01:01:49,309

just constant you know I was solving

1339

01:01:52,749 --> 01:01:50,869

this equation that equation the other

1340

01:01:55,329 --> 01:01:52,759

thing so I think I think you've actually

1341

01:01:59,259 --> 01:01:55,339

hit on something yeah we always come up

1342

01:02:01,210 --> 01:01:59,269

we're we're always continually grateful

1343

01:02:02,950 --> 01:02:01,220

for the ideas that we come up with

1344

01:02:05,200 --> 01:02:02,960

together that I don't think either of us

1345

01:02:07,720 --> 01:02:05,210

could come up with alone we yeah we're

1346

01:02:10,720 --> 01:02:07,730

really grateful for this team research

1347

01:02:12,339 --> 01:02:10,730

wise and life partner wise we make a

1348

01:02:16,329 --> 01:02:12,349

really good team great

1349

01:02:20,590 --> 01:02:16,339

well once again thank you dr. Julie by

1350

01:02:23,320 --> 01:02:20,600

shal of the wind bridge Research Center

1351

01:02:26,080 --> 01:02:23,330

and the wind bridge Institute thank you

1352

01:02:29,230 --> 01:02:26,090

very much for being on shattered reality

1353

01:02:31,270 --> 01:02:29,240

podcast yeah absolutely it was great

1354

01:02:33,700 --> 01:02:31,280

talking to you best of luck in the

1355

01:02:37,060 --> 01:02:33,710

future to you doing good work we hope to

1356

01:02:41,530 --> 01:02:37,070

see we hope to see you in June and June

1357

01:02:42,160 --> 01:02:41,540

this year Racing Las Vegas okay okay so

1358

01:02:47,560 --> 01:02:42,170

long now

1359

01:02:49,690 --> 01:02:47,570

take care debate so that was pretty

1360

01:02:52,270 --> 01:02:49,700

interesting it's very interesting and

1361

01:02:54,700 --> 01:02:52,280

she's just really such a pure scientist

1362

01:02:58,120 --> 01:02:54,710

that's it's wonderful and what I what I

1363

01:02:59,590 --> 01:02:58,130

liked so much about her be saying that

1364

01:03:03,340 --> 01:02:59,600

we don't know what a lot of these things

1365

01:03:08,940 --> 01:03:03,350

are you know obviously she she got away

1366

01:03:12,730 --> 01:03:08,950

from the the the binary choices that

1367

01:03:16,050 --> 01:03:12,740

seemed to be implicit in such research

1368

01:03:21,700 --> 01:03:16,060

and I'm glad I couldn't be more

1369

01:03:23,980 --> 01:03:21,710

gratified that she did display interest

1370

01:03:25,810 --> 01:03:23,990

in it not being a binary thing in that

1371

01:03:28,450 --> 01:03:25,820

it could be something that we don't know

1372

01:03:34,360 --> 01:03:28,460

about it all which is which is of

1373

01:03:36,670 --> 01:03:34,370

interest to me and so here we are a

1374

01:03:39,010 --> 01:03:36,680

chatted reality I guess another shadow

1375

01:03:42,100 --> 01:03:39,020

reality 12 do you have announcements

1376

01:03:46,240 --> 01:03:42,110

before we well we want to invite anybody

1377

01:03:48,670 --> 01:03:46,250

who has had a paranormal experience and

1378

01:03:51,490 --> 01:03:48,680

listens to the show to be in our

1379

01:03:54,880 --> 01:03:51,500

listeners corner we had quite a few in a

1380

01:03:59,080 --> 01:03:54,890

row there for a while and now we need

1381

01:04:02,950 --> 01:03:59,090

some new blood in the area only not

1382

01:04:05,380 --> 01:04:02,960

literally speaking please don't bleed we

1383

01:04:07,900 --> 01:04:05,390

need we need some new stories so that

1384

01:04:11,890 --> 01:04:07,910

you can be in our listeners corner and

1385

01:04:14,350 --> 01:04:11,900

also we invite comments and questions

1386

01:04:18,790 --> 01:04:14,360

and questions as we got from Ellen

1387

01:04:21,700 --> 01:04:18,800

Merritt our listener so what I think we

1388

01:04:23,230 --> 01:04:21,710

do have a few upcoming shows but we're a

1389

01:04:24,730 --> 01:04:23,240

little uncertain about the dates on

1390

01:04:27,130 --> 01:04:24,740

things so we're going to we're going to

1391

01:04:30,460 --> 01:04:27,140

not talk about them right now but if you

1392

01:04:34,609 --> 01:04:30,470

if you have requests for people being on

1393

01:04:36,950 --> 01:04:34,619

please keep in mind that we do

1394

01:04:39,650 --> 01:04:36,960

people with a broad range of experience

1395

01:04:43,180 --> 01:04:39,660

in any kind of anomalous phenomena or

1396

01:04:47,620 --> 01:04:43,190

edge science but we generally do not

1397

01:04:51,279 --> 01:04:47,630

have claimants so if you have a way to

1398

01:04:59,420 --> 01:04:51,289

make three million dollars overnight or

1399

01:05:04,160 --> 01:05:01,370

those millions of dollars we could use

1400

01:05:06,739 --> 01:05:04,170

as well but still the same we're not

1401

01:05:09,940 --> 01:05:06,749

we're not doing claimants anything else

1402

01:05:13,700 --> 01:05:09,950

other than that that involves studies or

1403

01:05:16,190 --> 01:05:13,710

ideas about paranormal phenomena we're

1404

01:05:19,220 --> 01:05:16,200

very interested in new books and that

1405

01:05:22,160 --> 01:05:19,230

sort of thing so okay well I guess it's

1406

01:05:31,460 --> 01:05:22,170

drawers to close yes yes indeed so from
