00:00:08,150 --> 00:00:16,769

[Music]

2
00:00:25,060 --> 00:00:20,259

welcome to shattered reality with your

3
00:00:28,090 --> 00:00:25,070

hosts Kate Valentine and furs prepare to

4
00:00:34,599 --> 00:00:28,100

head of paradigms shifted in the truths

5
00:00:39,029 --> 00:00:34,609

questioned and now shattered reality hey

6
00:00:46,059 --> 00:00:39,039

Kate I'm doing okay

7
00:00:48,669 --> 00:00:46,069

today is April 24th 2018 and I would

8
00:00:51,069 --> 00:00:48,679

like to welcome you back Kate

9
00:00:54,729 --> 00:00:51,079

to shattered reality thank you you've

10
00:00:58,000 --> 00:00:54,739

been out for a couple of weeks and and

11
00:01:00,849 --> 00:00:58,010

and we're so happy to have you back here

12
00:01:05,500 --> 00:01:00,859

on the show it's not the same without

13
00:01:09,910 --> 00:01:05,510

you believe me so spring is springing

14

00:01:13,660 --> 00:01:09,920

here and the Northeast and we have a

15

00:01:17,530 --> 00:01:13,670

really wonderful show today we have a

16

00:01:20,700 --> 00:01:17,540

very very interesting gentleman coming

17

00:01:25,420 --> 00:01:20,710

on the show he has written a book called

18

00:01:30,360 --> 00:01:25,430

incident at Devil's Den he is a lawyer

19

00:01:35,070 --> 00:01:30,370

and he is a former assistant attorney

20

00:01:38,890 --> 00:01:35,080

general he has served in the Air Force

21

00:01:42,970 --> 00:01:38,900

just post Vietnam he was he got into the

22

00:01:47,800 --> 00:01:42,980

Air Force as as Vietnam was winding down

23

00:01:51,899 --> 00:01:47,810

he's a married man with two children and

24

00:01:55,720 --> 00:01:51,909

two grandchildren he's an all-around

25

00:01:59,710 --> 00:01:55,730

regular guy the kind of guy that you

26

00:02:04,240 --> 00:01:59,720

would definitely think would be telling

27

00:02:07,300 --> 00:02:04,250

an honest truthful story and what I'm

28

00:02:10,600 --> 00:02:07,310

going to suggest to you here Kate

29

00:02:13,509 --> 00:02:10,610

is that as we introduce our guests after

30

00:02:16,449 --> 00:02:13,519

we say hello to him I think in this

31

00:02:19,290 --> 00:02:16,459

particular case we're just unlike our

32

00:02:21,870 --> 00:02:19,300

usual chatty bratty selves

33

00:02:24,240 --> 00:02:21,880

um we are just gonna let him tell this

34

00:02:26,580 --> 00:02:24,250

story at the beginning and then we'll

35

00:02:29,100 --> 00:02:26,590

ask him questions later on so we're

36

00:02:31,050 --> 00:02:29,110

gonna kind of sit back which is not

37

00:02:33,840 --> 00:02:31,060

generally what we do if that's okay with

38

00:02:37,560 --> 00:02:33,850

you Kate I think that's a great idea

39

00:02:39,060 --> 00:02:37,570

fascinating story Wow it is an amazing

40

00:02:43,170 --> 00:02:39,070

amazing story

41

00:02:44,790 --> 00:02:43,180

so what amazes me more is that how would

42

00:02:47,550 --> 00:02:44,800

someone see something like this in

43

00:02:51,510 --> 00:02:47,560

reporting the next thing they have to do

44

00:02:53,670 --> 00:02:51,520

is say oh you know how just go over

45

00:02:56,940 --> 00:02:53,680

their entire background make them a

46

00:02:58,350 --> 00:02:56,950

credible witness as if as if someone's

47

00:03:00,990 --> 00:02:58,360

going to report something like this

48

00:03:03,630 --> 00:03:01,000

otherwise I always has annoyed me that

49

00:03:06,150 --> 00:03:03,640

they had to go overboard to prove

50

00:03:12,270 --> 00:03:06,160

they're credible witness which Terry you

51
00:03:14,850 --> 00:03:12,280
certainly are I mean without that you

52
00:03:16,980 --> 00:03:14,860
know and as you mentioned too in your

53
00:03:20,220 --> 00:03:16,990
book you know you were certainly nervous

54
00:03:23,190 --> 00:03:20,230
about doing this while you were working

55
00:03:25,410 --> 00:03:23,200
in a field where this would be scoffed

56
00:03:26,010 --> 00:03:25,420
at you hear the Snickers behind your

57
00:03:30,720 --> 00:03:26,020
back

58
00:03:33,750 --> 00:03:30,730
well sure Kate can I stop you for one

59
00:03:45,360 --> 00:03:33,760
second because we haven't said his full

60
00:03:47,610 --> 00:03:45,370
name this is Terry Lovelace welcome I

61
00:03:50,220 --> 00:03:47,620
gave everything out but his name so I'm

62
00:03:53,670 --> 00:03:50,230
sorry to interrupt you window but this

63
00:03:57,930 --> 00:03:53,680

is Terry Lovelace and he is right now

64

00:04:00,479 --> 00:03:57,940

he's in Texas and he has written this

65

00:04:05,400 --> 00:04:00,489

incident at Devil's Den which is a

66

00:04:07,800 --> 00:04:05,410

fabulous book and so we'd like to hear

67

00:04:10,650 --> 00:04:07,810

your story Terry if you'd like to tell

68

00:04:13,410 --> 00:04:10,660

us in the order in which it happened or

69

00:04:15,770 --> 00:04:13,420

in whatever order we'll just kind of let

70

00:04:19,620 --> 00:04:15,780

you run a little bit with this okay okay

71

00:04:21,360 --> 00:04:19,630

thank you very much yeah I I won't go in

72

00:04:23,550 --> 00:04:21,370

chronological order because I think

73

00:04:27,150 --> 00:04:23,560

it'll make more sense well I'll just

74

00:04:29,610 --> 00:04:27,160

explain I separated from the Air Force

75

00:04:35,580 --> 00:04:29,620

in 1979

76
00:04:41,070 --> 00:04:35,590
and I began running there was a jogging

77
00:04:43,980 --> 00:04:41,080
as it was called was something new and I

78
00:04:46,500 --> 00:04:43,990
became pretty avid runner I mean that a

79
00:04:48,390 --> 00:04:46,510
marathon guy but but I would run you

80
00:04:52,890 --> 00:04:48,400
know try to run a couple miles a day and

81
00:04:56,490 --> 00:04:52,900
I noticed that every time every single

82
00:05:01,380 --> 00:04:56,500
time I hit about the two-mile mark in my

83
00:05:05,130 --> 00:05:01,390
run there's a spot on my right leg just

84
00:05:09,200 --> 00:05:05,140
above my knee and to the right about the

85
00:05:14,430 --> 00:05:09,210
size of a half dollar that would go dumb

86
00:05:17,250 --> 00:05:14,440
and I referred to it as my numb spot and

87
00:05:19,410 --> 00:05:17,260
I asked some other runners you know you

88
00:05:21,240 --> 00:05:19,420

guys ever experienced anything I nobody

89

00:05:24,990 --> 00:05:21,250

I've ever heard of anything like it

90

00:05:26,790 --> 00:05:25,000

I asked my doctor you know well you know

91

00:05:28,850 --> 00:05:26,800

what is this is anything to be worried

92

00:05:31,350 --> 00:05:28,860

about he's absolutely not

93

00:05:33,090 --> 00:05:31,360

don't worry about it if it's not

94

00:05:38,360 --> 00:05:33,100

bothering you don't worry about it

95

00:05:43,010 --> 00:05:38,370

so I didn't and I was cognizant of it

96

00:05:46,560 --> 00:05:43,020

and it was there for 40 years

97

00:05:48,960 --> 00:05:46,570

you know 2012

98

00:05:54,240 --> 00:05:48,970

I took a slight fall down some stairs

99

00:05:56,010 --> 00:05:54,250

and I thought I'd broken my leg and I

100

00:05:59,490 --> 00:05:56,020

went to the hospital emergency room to

101
00:06:06,350 --> 00:05:59,500
have my leg x-rayed the VA hospital I

102
00:06:09,620 --> 00:06:06,360
might mention and a radiology tech took

103
00:06:11,970 --> 00:06:09,630
the standard two shots of my leg and

104
00:06:14,700 --> 00:06:11,980
what kind of perplexed and said well

105
00:06:17,130 --> 00:06:14,710
we're gonna do two more and she did two

106
00:06:18,930 --> 00:06:17,140
more and then she asked me she said miss

107
00:06:22,130 --> 00:06:18,940
Lovelace do you have you had a shrapnel

108
00:06:24,930 --> 00:06:22,140
wound or been in an automobile accident

109
00:06:28,110 --> 00:06:24,940
something to account for a piece of

110
00:06:30,120 --> 00:06:28,120
metal in your leg and I no absolutely

111
00:06:33,150 --> 00:06:30,130
not

112
00:06:36,140 --> 00:06:33,160
and she took two more shots was a tote

113
00:06:39,540 --> 00:06:36,150

there were a total of eight shots taken

114

00:06:41,700 --> 00:06:39,550

and I asked to see them because I mean

115

00:06:43,320 --> 00:06:41,710

I'm not a doctor or a radiologist but I

116

00:06:46,679 --> 00:06:43,330

was an EMT you and I was in the

117

00:06:49,230 --> 00:06:46,689

military for six years so I'd seen

118

00:06:52,080 --> 00:06:49,240

x-rays before and it's pretty clear to

119

00:06:54,390 --> 00:06:52,090

see on an x-ray something that doesn't

120

00:06:57,600 --> 00:06:54,400

belong if that makes sense when you see

121

00:06:59,700 --> 00:06:57,610

it it's just doesn't belong we're gonna

122

00:07:03,409 --> 00:06:59,710

put it up on the website by the way the

123

00:07:06,240 --> 00:07:03,419

x-ray just putting that in there

124

00:07:08,249 --> 00:07:06,250

she she put it up on the box and showed

125

00:07:09,899 --> 00:07:08,259

me and she said I've asked the

126

00:07:12,510 --> 00:07:09,909

radiologist to come down and get his

127

00:07:14,930 --> 00:07:12,520

opinion now there were two actually

128

00:07:17,309 --> 00:07:14,940

there are two anomalies there is the

129

00:07:20,040 --> 00:07:17,319

metallic piece about the size of a

130

00:07:22,409 --> 00:07:20,050

fingernail above my knee that has to

131

00:07:27,749 --> 00:07:22,419

what looks like wires that go straight

132

00:07:32,909 --> 00:07:27,759

up and low my knee there is a flower

133

00:07:35,610 --> 00:07:32,919

petal arrangement of material that the

134

00:07:39,510 --> 00:07:35,620

radiologist said is the same density as

135

00:07:41,600 --> 00:07:39,520

bone but it couldn't be bone shouldn't

136

00:07:46,050 --> 00:07:41,610

be bone

137

00:07:49,230 --> 00:07:46,060

those are cysts are nodules earned are

138

00:07:51,290 --> 00:07:49,240

nodes those are actually from the side

139

00:07:54,600 --> 00:07:51,300

view they look they look almost round

140

00:07:56,490 --> 00:07:54,610

but from a head-on view you can see that

141

00:08:08,869 --> 00:07:56,500

they're perfectly flat they are flat

142

00:08:15,809 --> 00:08:12,629

know the x-ray but you started to run

143

00:08:18,869 --> 00:08:15,819

back in 79 that's right that's right so

144

00:08:21,689 --> 00:08:18,879

that's probably it was so those things

145

00:08:23,839 --> 00:08:21,699

were there before 2012 they've been

146

00:08:28,079 --> 00:08:23,849

there all along

147

00:08:31,469 --> 00:08:28,089

and 79 was way before like chips and all

148

00:08:35,100 --> 00:08:31,479

this sort of miniaturization of computer

149

00:08:45,420 --> 00:08:35,110

parts came along yes pretty much yeah

150

00:08:47,400 --> 00:08:45,430

Wow so I'm sorry I did to make clear so

151
00:08:49,410 --> 00:08:47,410
the radiologists in yet and the

152
00:08:51,660 --> 00:08:49,420
emergency emergency room radiologists

153
00:08:54,600 --> 00:08:51,670
walked over to my leg and poked my leg

154
00:08:56,850 --> 00:08:54,610
with his finger and said it'll be right

155
00:08:59,970 --> 00:08:56,860
here and I said well

156
00:09:03,420 --> 00:08:59,980
dr. what will be right here he said the

157
00:09:07,230 --> 00:09:03,430
scar he said you something has breached

158
00:09:09,870 --> 00:09:07,240
the integrity of your skin for this item

159
00:09:13,680 --> 00:09:09,880
to be embedded in your leg and there

160
00:09:16,829 --> 00:09:13,690
must be a scar have you been in an

161
00:09:20,910 --> 00:09:16,839
accident no no denied ever never being

162
00:09:24,120 --> 00:09:20,920
hurt and he frowned and asked me to take

163
00:09:28,019 --> 00:09:24,130

my pants off and look and he looked at

164

00:09:31,170 --> 00:09:28,029

my leg and for 20 minutes then he sent

165

00:09:32,930 --> 00:09:31,180

his intern and I might add medical

166

00:09:37,490 --> 00:09:32,940

people kept trickling into the room

167

00:09:40,639 --> 00:09:37,500

looking at the SI and and whispering and

168

00:09:44,130 --> 00:09:40,649

in turn returned with a handheld

169

00:09:47,960 --> 00:09:44,140

backlight and the radiologist said that

170

00:09:50,819 --> 00:09:47,970

this will make the scar tissue fluoresce

171

00:09:52,829 --> 00:09:50,829

killed the overhead lights and then he

172

00:09:56,250 --> 00:09:52,839

examined my leg again under the

173

00:10:02,579 --> 00:09:56,260

blacklight and could find no scar

174

00:10:04,439 --> 00:10:02,589

because there is no scar and I asked him

175

00:10:07,769 --> 00:10:04,449

I said doctor how often have you seen

176
00:10:11,040 --> 00:10:07,779
for an object in a human body without a

177
00:10:13,319 --> 00:10:11,050
corresponding scar and his reply was

178
00:10:21,090 --> 00:10:13,329
I've been doing this for 23 years and

179
00:10:24,000 --> 00:10:21,100
never never see answer definitely there

180
00:10:27,230 --> 00:10:24,010
has to be a scar and if there isn't

181
00:10:32,880 --> 00:10:27,240
that's really truly amazing point of

182
00:10:39,720 --> 00:10:32,890
entry yeah he called it a portal of

183
00:10:43,019 --> 00:10:39,730
entry yeah interesting yes so it didn't

184
00:10:44,970 --> 00:10:43,029
hit me until I'm it gave me a pair of

185
00:10:48,660 --> 00:10:44,980
crutches they diagnosed me as having a

186
00:10:53,340 --> 00:10:48,670
baker's cyst nothing to do with baking

187
00:10:54,750 --> 00:10:53,350
and just assists that causes pain lasts

188
00:10:59,130 --> 00:10:54,760

for a couple weeks and then it's gone

189

00:11:01,079 --> 00:10:59,140

and it's a benign thing mm-hmm but on my

190

00:11:04,800 --> 00:11:01,089

way to the car with my wife it hit me

191

00:11:07,769 --> 00:11:04,810

this is that same spot this is that same

192

00:11:10,500 --> 00:11:07,779

spot that goes numb it's right over this

193

00:11:18,829 --> 00:11:12,870

and my wife and I kind of looked at one

194

00:11:23,759 --> 00:11:18,839

another and we had had some experiences

195

00:11:27,420 --> 00:11:23,769

with UFOs and the like it had become

196

00:11:30,689 --> 00:11:27,430

after 1977 it had become my own our

197

00:11:34,379 --> 00:11:30,699

household kind of an on topic we didn't

198

00:11:37,050 --> 00:11:34,389

discuss it we didn't watch movies about

199

00:11:39,060 --> 00:11:37,060

UFOs or independence like the movie

200

00:11:45,540 --> 00:11:39,070

Independence Day which everyone's seen

201
00:11:49,170 --> 00:11:45,550
but you know every time I watched

202
00:11:54,210 --> 00:11:49,180
something of that genre it triggers

203
00:11:57,210 --> 00:11:54,220
nightmares so how about while you're

204
00:12:05,460 --> 00:11:57,220
watching it you get like anxiety during

205
00:12:07,710 --> 00:12:05,470
the time sometimes with us there are

206
00:12:10,949 --> 00:12:07,720
some things that I call triggers and I

207
00:12:16,379 --> 00:12:10,959
mentioned in my book like mannequin

208
00:12:18,329 --> 00:12:16,389
heads 87 yes 1987 my wife and I were

209
00:12:21,090 --> 00:12:18,339
walking around a mall it was

210
00:12:23,910 --> 00:12:21,100
Christmastime and we rounded a corner

211
00:12:28,110 --> 00:12:23,920
and there was a shop window and it was

212
00:12:32,670 --> 00:12:28,120
being set up and there were about three

213
00:12:43,819 --> 00:12:32,680

or four mannequins that were nude and a

214

00:12:49,139 --> 00:12:43,829

couple of them just from the waist up I

215

00:12:54,809 --> 00:12:49,149

saw them and I had a panic attack and I

216

00:12:58,559 --> 00:12:54,819

just couldn't I had to leave I'm sorry

217

00:13:00,360 --> 00:12:58,569

we got a leave and I didn't sleep well

218

00:13:05,939 --> 00:13:00,370

that night I didn't sleep all for a

219

00:13:09,300 --> 00:13:05,949

couple of nights yeah that was an odd

220

00:13:12,960 --> 00:13:09,310

experience it was you know a meltdown

221

00:13:17,009 --> 00:13:12,970

that really yeah there was no reason for

222

00:13:21,000 --> 00:13:17,019

it it's sort of starting to come

223

00:13:22,650 --> 00:13:21,010

together though yes I think I get an

224

00:13:25,680 --> 00:13:22,660

idea where this one's gonna be headed

225

00:13:31,300 --> 00:13:29,410

so I'm sorry so I'll really you tell a

226

00:13:34,360 --> 00:13:31,310

great story and I really shouldn't keep

227

00:13:40,450 --> 00:13:34,370

interrupting you please don't no hope

228

00:13:44,880 --> 00:13:40,460

you help you stay on track the wife had

229

00:13:48,730 --> 00:13:44,890

asked me to to go and see a therapist

230

00:13:51,850 --> 00:13:48,740

the nightmares that I'd had we had an

231

00:13:55,210 --> 00:13:51,860

incident a big incident in 1977 when I

232

00:14:00,190 --> 00:13:55,220

believe that myself and my buddy Tobias

233

00:14:04,240 --> 00:14:00,200

when we were abducted and we went

234

00:14:08,890 --> 00:14:04,250

through a lot of stress after that and

235

00:14:11,380 --> 00:14:08,900

I'll explain that in just a bit but we

236

00:14:16,240 --> 00:14:11,390

wanted nothing to do with the topic you

237

00:14:22,030 --> 00:14:16,250

know we just had had our fill of UFOs

238

00:14:25,990 --> 00:14:22,040

and and anything of a like so you know

239

00:14:29,200 --> 00:14:26,000

we just oh the other I'm sorry I should

240

00:14:33,160 --> 00:14:29,210

have mentioned this the same mall two

241

00:14:37,329 --> 00:14:33,170

weeks later we walked around a corner

242

00:14:41,520 --> 00:14:37,339

and there was a stand of hardcover books

243

00:14:44,650 --> 00:14:41,530

on the end cap of a big chain bookstore

244

00:14:48,400 --> 00:14:44,660

and I don't remember if it was with

245

00:14:50,790 --> 00:14:48,410

streamers book or community it was the

246

00:14:54,880 --> 00:14:50,800

book with the alien on the cover

247

00:15:00,910 --> 00:14:54,890

yeah I walked around the corner and I

248

00:15:04,210 --> 00:15:00,920

saw that face and it just and I grabbed

249

00:15:08,560 --> 00:15:04,220

my wife's shoulder and I said I got

250

00:15:10,720 --> 00:15:08,570

leave and I walked out and she ran after

251
00:15:12,250 --> 00:15:10,730
me what did they know what's wrong and I

252
00:15:15,910 --> 00:15:12,260
said my god did you see that

253
00:15:17,680 --> 00:15:15,920
go back and look at it she didn't she

254
00:15:19,300 --> 00:15:17,690
went back she came back to me and said

255
00:15:22,710 --> 00:15:19,310
yeah that's the kind of a spooky looking

256
00:15:27,220 --> 00:15:22,720
face but so what

257
00:15:30,190 --> 00:15:27,230
but just like the mannequin heads the

258
00:15:33,280 --> 00:15:30,200
response was not appropriate the the

259
00:15:34,900 --> 00:15:33,290
stimuli it was it was way over over the

260
00:15:37,210 --> 00:15:34,910
top of what it should have been

261
00:15:40,120 --> 00:15:37,220
and suggests that I see a therapist

262
00:15:43,710 --> 00:15:40,130
which I did I did for a couple of

263
00:15:46,480 --> 00:15:43,720

sessions and it was an odd experience

264

00:15:49,780 --> 00:15:46,490

and that I chose the therapist that was

265

00:15:51,430 --> 00:15:49,790

close to my office I was busy I didn't

266

00:15:55,390 --> 00:15:51,440

want to devote a lot of time to doctor's

267

00:15:58,060 --> 00:15:55,400

appointments and there's a woman named

268

00:16:01,210 --> 00:15:58,070

Beth her bath like our baths in the book

269

00:16:06,310 --> 00:16:01,220

and very nice woman

270

00:16:08,310 --> 00:16:06,320

very good credentials in SW with Masters

271

00:16:12,000 --> 00:16:08,320

in Social Work with a clinical emphasis

272

00:16:15,910 --> 00:16:12,010

and she administered some tests

273

00:16:19,510 --> 00:16:15,920

she's ministered and mmpi the Minnesota

274

00:16:21,310 --> 00:16:19,520

multiphasic personality inventory and

275

00:16:23,800 --> 00:16:21,320

another test that I wasn't familiar with

276

00:16:26,170 --> 00:16:23,810

and on the second session we discussed

277

00:16:29,830 --> 00:16:26,180

them and she says Terry there's some

278

00:16:31,210 --> 00:16:29,840

cooler things he said well first of all

279

00:16:34,120 --> 00:16:31,220

you're not psychotic you're not

280

00:16:36,700 --> 00:16:34,130

suffering from any mental illness it's

281

00:16:39,280 --> 00:16:36,710

just as your test scores are very

282

00:16:44,350 --> 00:16:39,290

similar to those people who are

283

00:16:46,270 --> 00:16:44,360

suffering from PTSD and she asked have

284

00:16:53,290 --> 00:16:46,280

you had a traumatic experience in your

285

00:16:55,740 --> 00:16:53,300

life and I said well and I knew I didn't

286

00:16:58,590 --> 00:16:55,750

want to talk about the 1977 event

287

00:17:02,350 --> 00:16:58,600

because every time I split let me know

288

00:17:04,300 --> 00:17:02,360

yeah and it felt like I could sense

289

00:17:08,170 --> 00:17:04,310

there was an audible change in her voice

290

00:17:14,260 --> 00:17:08,180

and the room felt smaller and I felt

291

00:17:16,540 --> 00:17:14,270

uncomfortable and I said Beth I think I

292

00:17:19,590 --> 00:17:16,550

need to go and I'll reschedule with you

293

00:17:25,780 --> 00:17:19,600

oh yeah I think we both coming back and

294

00:17:28,800 --> 00:17:25,790

I shook her hand and ran to the car and

295

00:17:31,510 --> 00:17:28,810

I called that chapter a close call

296

00:17:34,770 --> 00:17:31,520

that's the way it felt it felt like I

297

00:17:38,260 --> 00:17:34,780

had a close call but but from what I

298

00:17:40,330 --> 00:17:38,270

don't know I think I think that these

299

00:17:41,070 --> 00:17:40,340

things whatever they are they come and

300

00:17:45,370 --> 00:17:41,080

take us

301
00:17:52,690 --> 00:17:47,890
well obviously you got something in you

302
00:17:54,940 --> 00:17:52,700
you know yeah well your close call too

303
00:17:57,640 --> 00:17:54,950
is maybe you just really didn't want to

304
00:17:59,529 --> 00:17:57,650
face up to the fact that something had

305
00:18:02,320 --> 00:17:59,539
happened to you that you really didn't

306
00:18:05,200 --> 00:18:02,330
want to know about because sometimes

307
00:18:10,029 --> 00:18:05,210
knowing about is like reliving it it's

308
00:18:13,450 --> 00:18:10,039
terribly scary yes I did the initial

309
00:18:15,940 --> 00:18:13,460
event I can't imagine the sheer terror I

310
00:18:19,020 --> 00:18:15,950
really don't want to imagine it we know

311
00:18:25,330 --> 00:18:19,030
the sheer terror okay we know they share

312
00:18:27,279 --> 00:18:25,340
yes yes yes it's you know everyone

313
00:18:35,320 --> 00:18:27,289

thinks that oh well you're just afraid

314

00:18:38,380 --> 00:18:35,330

it goes so far beyond that fear it is

315

00:18:41,350 --> 00:18:38,390

beyond fear and I've I've kind I don't

316

00:18:45,940 --> 00:18:41,360

use litmus tests with people but I do

317

00:18:50,080 --> 00:18:45,950

know this that anybody who is has really

318

00:18:55,600 --> 00:18:50,090

had a one-on-one experience has this

319

00:18:58,060 --> 00:18:55,610

type of fear that is so it's not like

320

00:19:00,580 --> 00:18:58,070

being afraid of the dark or being afraid

321

00:19:02,200 --> 00:19:00,590

of butterflies or being afraid of

322

00:19:07,570 --> 00:19:02,210

spiders or something

323

00:19:10,600 --> 00:19:07,580

this is earthy gut-wrenching animal you

324

00:19:14,529 --> 00:19:10,610

know primitive brain fear it comes

325

00:19:18,430 --> 00:19:14,539

somewhere I think from the very from the

326

00:19:22,380 --> 00:19:18,440

lizard brain or a very old part of the

327

00:19:25,690 --> 00:19:22,390

brain that is absolutely debilitating

328

00:19:29,169 --> 00:19:25,700

forgive my rudeness crapping your pants

329

00:19:32,230 --> 00:19:29,179

fear but you are spot-on

330

00:19:36,010 --> 00:19:32,240

you are so spot-on I used almost those

331

00:19:38,200 --> 00:19:36,020

exact same words in my book I said this

332

00:19:41,080 --> 00:19:38,210

is a primitive kind of fear that comes

333

00:19:44,020 --> 00:19:41,090

it's been the brain stem and I said I

334

00:19:48,279 --> 00:19:44,030

have no doubt that this fear must have

335

00:19:50,890 --> 00:19:48,289

been what our ancestors now maybe 10,000

336

00:19:54,370 --> 00:19:50,900

generations ago what they must have felt

337

00:19:58,450 --> 00:19:54,380

after the Sun went down and then and

338

00:20:04,000 --> 00:19:58,460

then we were the prey all the sudden

339

00:20:06,310 --> 00:20:04,010

yes I had two experiences as a child too

340

00:20:08,800 --> 00:20:06,320

that I should mention because I think

341

00:20:12,510 --> 00:20:08,810

that they helped to bring this into

342

00:20:15,400 --> 00:20:12,520

focus and give it a little more context

343

00:20:22,720 --> 00:20:15,410

especially an in regard to discussion of

344

00:20:24,610 --> 00:20:22,730

fear when I was eight I had recurrent

345

00:20:27,250 --> 00:20:24,620

nightmares and in the end these

346

00:20:32,860 --> 00:20:27,260

nightmares were always the same there

347

00:20:36,580 --> 00:20:32,870

were four monkeys I'm eight eight years

348

00:20:39,460 --> 00:20:36,590

old and these four little monkeys are

349

00:20:42,940 --> 00:20:39,470

wearing masks the mask

350

00:20:47,230 --> 00:20:42,950

all white with yellow eyes and

351
00:20:51,250 --> 00:20:47,240
exaggerated smiles they're all identical

352
00:20:55,270 --> 00:20:51,260
and they would appear in my room and

353
00:20:57,460 --> 00:20:55,280
approach my bed in a sin of circle and

354
00:21:02,290 --> 00:20:57,470
get closer to me and the one closest to

355
00:21:05,320 --> 00:21:02,300
my hate to my head would say come with

356
00:21:09,910 --> 00:21:05,330
us Terry come with us and we'll play and

357
00:21:13,350 --> 00:21:09,920
we'll bring you back anything my mind

358
00:21:18,040 --> 00:21:13,360
side to this day I can see a monkey paw

359
00:21:23,230 --> 00:21:18,050
being held out to me and then I can see

360
00:21:31,600 --> 00:21:23,240
a hand or long fingers it's not a human

361
00:21:36,790 --> 00:21:31,610
hand Wow reaching out to me that's so

362
00:21:39,460 --> 00:21:36,800
classic and I think I went with them I

363
00:21:43,360 --> 00:21:39,470

think I even said in my book when I

364

00:21:45,220 --> 00:21:43,370

first saw the monkeys they were and this

365

00:21:47,260 --> 00:21:45,230

was this was a recurring event when I

366

00:21:50,800 --> 00:21:47,270

first see them they're almost comical in

367

00:21:55,240 --> 00:21:50,810

a way and I think they're they disguise

368

00:22:01,960 --> 00:21:55,250

they take on a guys that to look benign

369

00:22:05,830 --> 00:22:01,970

to look friendly and I had a memory of

370

00:22:12,730 --> 00:22:05,840

being taken once and playing with other

371

00:22:18,549 --> 00:22:12,740

children eight years old 19

372

00:22:21,799 --> 00:22:18,559

63i I'm having these nightmares and

373

00:22:23,889 --> 00:22:21,809

coincidentally or concurrently at the

374

00:22:28,220 --> 00:22:23,899

same time I'm having these nightmares

375

00:22:30,440 --> 00:22:28,230

I'm in my backyard and I'm shooting a

376

00:22:32,330 --> 00:22:30,450

bow and arrow and I'm loading an arrow

377

00:22:36,830 --> 00:22:32,340

into the notch of the bowstring and I'm

378

00:22:40,130 --> 00:22:36,840

looking down and I see this shadow I see

379

00:22:43,930 --> 00:22:40,140

this big elliptical shadow move from in

380

00:22:48,680 --> 00:22:43,940

back of me and instinctively I looked up

381

00:22:51,039 --> 00:22:48,690

expecting to see a cloud and home or the

382

00:22:55,269 --> 00:22:51,049

top of me about 50 feet in the air is

383

00:22:57,980 --> 00:22:55,279

this absolutely gorgeous beautiful

384

00:23:02,210 --> 00:22:57,990

saucer Wow

385

00:23:05,330 --> 00:23:02,220

I was awestruck by this thing and I

386

00:23:10,100 --> 00:23:05,340

remember I stood there and I thought I

387

00:23:14,720 --> 00:23:10,110

was just amazed and I remember there was

388

00:23:16,430 --> 00:23:14,730

a odd audible change in that the

389

00:23:17,960 --> 00:23:16,440

neighborhood was normally alive with

390

00:23:20,269 --> 00:23:17,970

this was in the middle of a Saturday

391

00:23:23,659 --> 00:23:20,279

afternoon in a neighborhood not only

392

00:23:26,029 --> 00:23:23,669

alive with children and cars and I could

393

00:23:28,549 --> 00:23:26,039

hear my mother's soap operas or TV

394

00:23:31,549 --> 00:23:28,559

blaring from the house but it was gone

395

00:23:35,269 --> 00:23:31,559

it was like silent the ADO's effect

396

00:23:37,389 --> 00:23:35,279

that's there's a name for that the Oz

397

00:23:43,430 --> 00:23:37,399

effect I believe it was coined by the

398

00:23:54,200 --> 00:23:43,440

British UFO investigator named Jenny

399

00:23:59,830 --> 00:23:54,210

Randall's was that smell just like right

400

00:24:02,840 --> 00:23:59,840

after a thunderstorm my arms stood up

401
00:24:05,750 --> 00:24:02,850
and the crazy thing is the lawn had just

402
00:24:08,840 --> 00:24:05,760
been loaded day or two before and I had

403
00:24:10,100 --> 00:24:08,850
a compulsion to lie down on my back and

404
00:24:17,710 --> 00:24:10,110
look up at this thing

405
00:24:20,570 --> 00:24:17,720
1963 staring up at this silver disc

406
00:24:23,210 --> 00:24:20,580
directly over my head

407
00:24:26,440 --> 00:24:23,220
that was just an incredible thing to see

408
00:24:30,920 --> 00:24:28,970
after I had watched it for a moment and

409
00:24:33,920 --> 00:24:30,930
again I had no perception of time I

410
00:24:37,370 --> 00:24:33,930
don't know if I watched it for you know

411
00:24:41,630 --> 00:24:37,380
three minutes or 30 minutes it's it's

412
00:24:44,540 --> 00:24:41,640
odd I don't know but I watched it wobble

413
00:24:49,280 --> 00:24:44,550

in the breeze a bit and then it listed

414

00:24:52,460 --> 00:24:49,290

kind of to one side and it shot off and

415

00:24:54,650 --> 00:24:52,470

it was gone literally in the blink of an

416

00:25:00,520 --> 00:24:54,660

eye I you if you blinked you would have

417

00:25:03,050 --> 00:25:00,530

missed it but I saw so I go and I

418

00:25:08,180 --> 00:25:03,060

screamed at that point I I jumped to my

419

00:25:10,430 --> 00:25:08,190

feet and I'm screaming mom mom and of

420

00:25:12,560 --> 00:25:10,440

course my mother or mother thinks I've

421

00:25:14,960 --> 00:25:12,570

taken my bow and arrow and shot the

422

00:25:18,080 --> 00:25:14,970

neighbor or something you know and she

423

00:25:19,700 --> 00:25:18,090

comes running out looks me over and does

424

00:25:23,990 --> 00:25:19,710

a quick assessment and doesn't see any

425

00:25:26,180 --> 00:25:24,000

blood and drags me in the house and she

426

00:25:30,020 --> 00:25:26,190

tells me you've got to stop screaming

427

00:25:32,410 --> 00:25:30,030

I don't remember screaming but she told

428

00:25:34,460 --> 00:25:32,420

me later that I did that I screamed

429

00:25:38,450 --> 00:25:34,470

non-stop until we got in the house

430

00:25:40,280 --> 00:25:38,460

because my throat was sore was hoarse

431

00:25:43,790 --> 00:25:40,290

from screaming Wow

432

00:25:45,470 --> 00:25:43,800

and I was staring at this spot she told

433

00:25:49,520 --> 00:25:45,480

me you were staring at that spot in the

434

00:25:50,500 --> 00:25:49,530

sky and she said I had to drag you in by

435

00:25:55,760 --> 00:25:50,510

the arm

436

00:25:57,890 --> 00:25:55,770

so 1963 my mom says what what happened

437

00:26:00,770 --> 00:25:57,900

what happened I my mom did you see it it

438

00:26:03,770 --> 00:26:00,780

was so cool it was a flying saucer just

439

00:26:06,260 --> 00:26:03,780

like the ones you've seen on TV and

440

00:26:08,720 --> 00:26:06,270

she's like well oh wait a minute doctor

441

00:26:12,440 --> 00:26:08,730

I don't know what you saw but you did

442

00:26:14,090 --> 00:26:12,450

not see a flying saucer and I said yes I

443

00:26:16,340 --> 00:26:14,100

did I know what I saw

444

00:26:18,500 --> 00:26:16,350

no you didn't it was something else I

445

00:26:21,890 --> 00:26:18,510

promise you you can't go around and tell

446

00:26:23,120 --> 00:26:21,900

people you saw a UFO or a fly a flying

447

00:26:24,680 --> 00:26:23,130

saucer you can't go around telling

448

00:26:25,880 --> 00:26:24,690

people you're seeing flying saucers

449

00:26:27,110 --> 00:26:25,890

they'll think you're crazy

450

00:26:29,060 --> 00:26:27,120

they'll think there's something wrong

451
00:26:32,210 --> 00:26:29,070
with with you or something wrong with us

452
00:26:35,240 --> 00:26:32,220
don't you know she said it had to be a

453
00:26:37,980 --> 00:26:35,250
jet it had to be a something secret from

454
00:26:41,010 --> 00:26:37,990
the Army but

455
00:26:42,870 --> 00:26:41,020
was insistent you know that's not true I

456
00:26:45,000 --> 00:26:42,880
know what I saw mom you weren't there

457
00:26:48,750 --> 00:26:45,010
yeah how much easier life would have

458
00:26:52,290 --> 00:26:48,760
been had she been there but yeah my

459
00:26:55,169 --> 00:26:52,300
folks wouldn't believe me and that is

460
00:26:57,450 --> 00:26:55,179
with that point is when the nightmares

461
00:27:04,140 --> 00:26:57,460
took a darker turn oh my

462
00:27:06,150 --> 00:27:04,150
and that's when I had the recall of what

463
00:27:10,200 --> 00:27:06,160

I call in the book the big bug like

464

00:27:12,299 --> 00:27:10,210

things and these things were about six

465

00:27:14,510 --> 00:27:12,309

feet tall of course when I was eight

466

00:27:16,590 --> 00:27:14,520

they looked probably nine feet tall and

467

00:27:19,560 --> 00:27:16,600

they look like big bugs

468

00:27:24,299 --> 00:27:19,570

they look like praying mantises yes this

469

00:27:27,690 --> 00:27:24,309

is this is a well known variant of a of

470

00:27:30,169 --> 00:27:27,700

an alien it's a it's one of the types of

471

00:27:35,820 --> 00:27:30,179

aliens that people do apparently see

472

00:27:38,910 --> 00:27:35,830

well what amazed me was the the hands if

473

00:27:40,680 --> 00:27:38,920

you want to call them hands were

474

00:27:43,230 --> 00:27:40,690

manipulating these stainless steel

475

00:27:46,710 --> 00:27:43,240

objects with you know with a lot with

476

00:27:51,570 --> 00:27:46,720

dexterity they were like he was turning

477

00:27:56,790 --> 00:27:51,580

them around and I was kind of fascinated

478

00:27:58,680 --> 00:27:56,800

by that I was subdued I think I was I

479

00:28:02,400 --> 00:27:58,690

was creating one point there were a

480

00:28:04,860 --> 00:28:02,410

couple of instances and at one point I

481

00:28:09,450 --> 00:28:04,870

recall he was doing something to my

482

00:28:15,720 --> 00:28:09,460

lower spine oh dear and I was screaming

483

00:28:17,700 --> 00:28:15,730

and I think I annoyed him and the only

484

00:28:19,500 --> 00:28:17,710

time he ever communicated was I always

485

00:28:21,540 --> 00:28:19,510

pleaded with these things why are you

486

00:28:22,860 --> 00:28:21,550

doing this leave me alone let me go back

487

00:28:26,850 --> 00:28:22,870

home I'm scared

488

00:28:28,620 --> 00:28:26,860

didn't completely ignore my pleas this

489

00:28:31,740 --> 00:28:28,630

time for whatever reason like I said I

490

00:28:36,080 --> 00:28:31,750

think I think I got on on its nerves

491

00:28:39,000 --> 00:28:36,090

I got the message in my head you know

492

00:28:41,310 --> 00:28:39,010

why are you doing this why why are you

493

00:28:43,260 --> 00:28:41,320

screaming like this you know you've been

494

00:28:45,000 --> 00:28:43,270

here before we're gonna take you back

495

00:28:48,210 --> 00:28:45,010

home everything's gonna be okay you

496

00:28:51,810 --> 00:28:48,220

won't remember this and it sounds odd

497

00:28:54,450 --> 00:28:51,820

but I got a vibe from this thing like he

498

00:28:58,230 --> 00:28:54,460

just doing my job man if that makes

499

00:29:03,300 --> 00:28:58,240

sense yeah well yeah that's I guess they

500

00:29:05,700 --> 00:29:03,310

sort of see us like we see tagging you

501
00:29:08,970 --> 00:29:05,710
know birds in the sky like to see the

502
00:29:11,310 --> 00:29:08,980
the flight paths of birds scientists

503
00:29:14,790 --> 00:29:11,320
will tag them and I think that's how

504
00:29:17,360 --> 00:29:14,800
they view us like like wild animals that

505
00:29:22,800 --> 00:29:17,370
they can do what the heck they want with

506
00:29:27,180 --> 00:29:22,810
yes I think I refer to myself as that

507
00:29:29,070 --> 00:29:27,190
you know I in 2012 it hit me that you

508
00:29:30,450 --> 00:29:29,080
know these things this thing in my leg

509
00:29:32,430 --> 00:29:30,460
had to get there some way that means

510
00:29:35,340 --> 00:29:32,440
these things had to put their hands on

511
00:29:36,860 --> 00:29:35,350
me and that's terror that makes my skin

512
00:29:39,750 --> 00:29:36,870
crawl

513
00:29:41,940 --> 00:29:39,760

absolutely at night I think about that

514

00:29:47,100 --> 00:29:41,950

sometimes and then I usually end up

515

00:29:49,110 --> 00:29:47,110

being awake all night because there's

516

00:29:52,470 --> 00:29:49,120

this well it's just a terrifying ordeal

517

00:29:55,740 --> 00:29:52,480

but I learned pretty quickly that no one

518

00:29:58,020 --> 00:29:55,750

no one would believe me and I mean I was

519

00:30:00,930 --> 00:29:58,030

a I was a very straight kid I was a good

520

00:30:04,260 --> 00:30:00,940

student I was on a liar I didn't make up

521

00:30:08,400 --> 00:30:04,270

stories I could not understand why

522

00:30:12,350 --> 00:30:08,410

adults would not listen to me I they

523

00:30:14,940 --> 00:30:12,360

were adamant it was not a flying saucer

524

00:30:17,600 --> 00:30:14,950

they went as far as to take me to him to

525

00:30:21,960 --> 00:30:17,610

a medical doctor to the family doctor

526
00:30:25,250 --> 00:30:21,970
had me checked over you know and the

527
00:30:29,370 --> 00:30:25,260
doctor asked my dad to leave the room

528
00:30:32,100 --> 00:30:29,380
asked me son tell me what you saw

529
00:30:35,130 --> 00:30:32,110
nice well it was a jet I think it was a

530
00:30:39,090 --> 00:30:35,140
check and he crosses his arms and he's

531
00:30:42,720 --> 00:30:39,100
like well no why would Jets if you

532
00:30:44,010 --> 00:30:42,730
nightmares about flying saucers and at

533
00:30:46,170 --> 00:30:44,020
that time I wasn't having nightmares

534
00:30:47,880 --> 00:30:46,180
about flying saucers I was having

535
00:30:52,770 --> 00:30:47,890
nightmares about these big bug things

536
00:30:55,230 --> 00:30:52,780
right hurting me and he says you can

537
00:30:58,830 --> 00:30:55,240
trust me I'm your doctor I want you to

538
00:31:01,350 --> 00:30:58,840

be well so against my better judgment I

539

00:31:04,800 --> 00:31:01,360

told him the truth I said I saw the

540

00:31:05,600 --> 00:31:04,810

silver discs in the sky it was beautiful

541

00:31:08,030 --> 00:31:05,610

I told

542

00:31:10,450 --> 00:31:08,040

the whole story and he and I never

543

00:31:13,100 --> 00:31:10,460

tipped his hand he just kind of nodded

544

00:31:15,500 --> 00:31:13,110

called my dad back in the room and said

545

00:31:19,370 --> 00:31:15,510

what we have here is an overactive

546

00:31:21,610 --> 00:31:19,380

imagination compounded by Jonny Quest

547

00:31:25,789 --> 00:31:21,620

cartoons oh dear

548

00:31:27,110 --> 00:31:25,799

and what kind of TV is he watching and

549

00:31:29,360 --> 00:31:27,120

they had a conversation like I wasn't

550

00:31:32,180 --> 00:31:29,370

even in the room you know and and they

551
00:31:34,430 --> 00:31:32,190
took me home my folks my folks idea of

552
00:31:38,390 --> 00:31:34,440
healthier television was Three Stooges

553
00:31:40,190 --> 00:31:38,400
reruns oh my that lasted about three

554
00:31:44,240 --> 00:31:40,200
weeks and there's nothing that was on

555
00:31:47,150 --> 00:31:44,250
everyone's last nerve but I learned from

556
00:31:48,500 --> 00:31:47,160
that you know you can't tell people cuz

557
00:31:52,039 --> 00:31:48,510
they won't believe you

558
00:31:54,830 --> 00:31:52,049
and it just when I was 11 just a few

559
00:31:57,980 --> 00:31:54,840
years later I had a second instant a

560
00:32:03,409 --> 00:31:57,990
second sighting and this one was a lot

561
00:32:07,909 --> 00:32:03,419
more dramatic and I was it was bitterly

562
00:32:10,610 --> 00:32:07,919
cold January night I went to bed normal

563
00:32:14,919 --> 00:32:10,620

routine evening in every way didn't

564

00:32:18,320 --> 00:32:14,929

watch anything spooky on TV and I recall

565

00:32:22,299 --> 00:32:18,330

waking up and when I opened my eyes I

566

00:32:26,990 --> 00:32:22,309

was sitting bolt upright in my bed and

567

00:32:29,330 --> 00:32:27,000

there was a low mechanical hum I call it

568

00:32:32,510 --> 00:32:29,340

mechanical like if you've ever been next

569

00:32:34,970 --> 00:32:32,520

to it a diesel locomotive or some big

570

00:32:38,120 --> 00:32:34,980

piece of machinery a turbine for

571

00:32:43,700 --> 00:32:38,130

instance yeah yeah and it wasn't so much

572

00:32:46,549 --> 00:32:43,710

loud as it sounded powerful and my room

573

00:32:50,390 --> 00:32:46,559

is lit up with yellow white and orange

574

00:32:53,360 --> 00:32:50,400

lights flashing and there you know more

575

00:32:57,380 --> 00:32:53,370

brilliant than any sunrise they are just

576

00:32:59,900 --> 00:32:57,390

my room is lit up and the hum has the

577

00:33:01,820 --> 00:32:59,910

Bennis five rating and I had a little

578

00:33:05,570 --> 00:33:01,830

desk next to my bed I had these little

579

00:33:07,340 --> 00:33:05,580

model airplanes on the desk and I saw

580

00:33:12,260 --> 00:33:07,350

one of them vibrated off the edge and

581

00:33:17,840 --> 00:33:12,270

fell onto the floor well I got out of

582

00:33:19,460 --> 00:33:17,850

bed and I was interested but thought to

583

00:33:24,590 --> 00:33:19,470

cry out to my mom never cry

584

00:33:28,310 --> 00:33:24,600

my mind but I was almost apathetic and I

585

00:33:30,860 --> 00:33:28,320

went and I was just curious and I opened

586

00:33:33,740 --> 00:33:30,870

the blind and here is a here is a flying

587

00:33:35,899 --> 00:33:33,750

saucer and it's the top side of the one

588

00:33:39,950 --> 00:33:35,909

that I saw before or one like it a

589

00:33:42,350 --> 00:33:39,960

circular disc it's a circular disc with

590

00:33:44,330 --> 00:33:42,360

a dome on top and the dome is where the

591

00:33:46,430 --> 00:33:44,340

lights are coming from and the lights

592

00:33:49,669 --> 00:33:46,440

are so intense i can't look into the

593

00:33:53,299 --> 00:33:49,679

dome but i can see that underneath it

594

00:33:57,440 --> 00:33:53,309

there is steam or some type that looks

595

00:34:00,409 --> 00:33:57,450

like heavy fog and i would recall I took

596

00:34:03,070 --> 00:34:00,419

the drape drapery and I tucked it into

597

00:34:06,649 --> 00:34:03,080

the venetian blind so I could look at

598

00:34:09,080 --> 00:34:06,659

hands-free and I looked at it for a

599

00:34:11,599 --> 00:34:09,090

minute and then I thought well that's

600

00:34:15,040 --> 00:34:11,609

pretty cool I'm gonna go back to bed

601
00:34:17,960 --> 00:34:15,050
and it turned around and was back to bed

602
00:34:20,419 --> 00:34:17,970
okay it was the oddest thing It was as

603
00:34:21,770 --> 00:34:20,429
if I laid down open my eyes and it was

604
00:34:24,609 --> 00:34:21,780
daytime Wow

605
00:34:29,480 --> 00:34:24,619
and if not not an instant had passed

606
00:34:31,220 --> 00:34:29,490
Eadie I got out of bed and I almost

607
00:34:32,750 --> 00:34:31,230
stepped on this little airplane and I

608
00:34:34,460 --> 00:34:32,760
thought oh my god I could have stepped

609
00:34:37,700 --> 00:34:34,470
on I could have broke that and then my

610
00:34:40,159 --> 00:34:37,710
memory hit me oh my god this happened

611
00:34:42,109 --> 00:34:40,169
last night and I immediately turned my

612
00:34:44,839 --> 00:34:42,119
head to look at the window and the

613
00:34:47,690 --> 00:34:44,849

venetian blinds had the draperies stuck

614

00:34:50,510 --> 00:34:47,700

into them and then i knew this was no

615

00:34:53,540 --> 00:34:50,520

dream it hasn't for real

616

00:34:55,129 --> 00:34:53,550

absolutely this it happened so at

617

00:34:57,079 --> 00:34:55,139

breakfast I asked everybody did

618

00:35:00,290 --> 00:34:57,089

everybody see those lights last night

619

00:35:01,540 --> 00:35:00,300

maybe a fire engine or something nope

620

00:35:05,720 --> 00:35:01,550

didn't see a thing

621

00:35:08,089 --> 00:35:05,730

you know and I certainly wasn't going on

622

00:35:11,270 --> 00:35:08,099

I certainly wasn't going to tell anyone

623

00:35:14,060 --> 00:35:11,280

cuz I knew they wouldn't believe me so I

624

00:35:16,339 --> 00:35:14,070

kept that to myself so you have already

625

00:35:21,410 --> 00:35:16,349

at the age of 11 been a multiple

626
00:35:24,230 --> 00:35:21,420
experience or we would say can we move

627
00:35:26,359 --> 00:35:24,240
ahead to your time in the airforce only

628
00:35:29,570 --> 00:35:26,369
because we do have a certain limit on

629
00:35:31,940 --> 00:35:29,580
our time it's not ending yet but we need

630
00:35:33,140 --> 00:35:31,950
to move ahead to that point so we can

631
00:35:36,730 --> 00:35:33,150
get to the

632
00:35:40,539 --> 00:35:36,740
the very very serious incidence of

633
00:35:43,339 --> 00:35:40,549
perhaps first where you saw the

634
00:35:49,519 --> 00:35:43,349
something over the missile base and then

635
00:35:53,210 --> 00:35:49,529
the camping trip yes I can I can move

636
00:35:55,970 --> 00:35:53,220
this right along sorry about that way I

637
00:35:59,779 --> 00:35:55,980
wish we had you no no no no that makes

638
00:36:01,760 --> 00:35:59,789

perfect sense I understand I the years

639

00:36:03,980 --> 00:36:01,770

between seeing the Flying Saucer when I

640

00:36:05,690 --> 00:36:03,990

was 11 and when I was 18 those years

641

00:36:08,809 --> 00:36:05,700

there we were absolutely normal I had

642

00:36:11,120 --> 00:36:08,819

nothing nothing out of the ordinary

643

00:36:14,059 --> 00:36:11,130

happen whatsoever I joined the United

644

00:36:17,120 --> 00:36:14,069

States Air Force I they trained me as a

645

00:36:21,920 --> 00:36:17,130

medic I got certified as an EMT

646

00:36:24,140 --> 00:36:21,930

paramedic and I drove an ambulance I was

647

00:36:26,870 --> 00:36:24,150

with this partnered with this guy I call

648

00:36:27,500 --> 00:36:26,880

him in the book Tobias and we were

649

00:36:32,630 --> 00:36:27,510

friends

650

00:36:34,220 --> 00:36:32,640

worked together we were the only two

651
00:36:36,650 --> 00:36:34,230
guys amenable to work in the night shift

652
00:36:40,220 --> 00:36:36,660
from you know 11:00 p.m. at night though

653
00:36:43,670 --> 00:36:40,230
I morning I did it because I was taking

654
00:36:48,740 --> 00:36:43,680
evening classes and on base and that was

655
00:36:50,660 --> 00:36:48,750
fit my schedule and Tobias was a amateur

656
00:36:55,220 --> 00:36:50,670
astronomer he liked to watch the night

657
00:37:00,529 --> 00:36:55,230
sky so we were it for the night shift

658
00:37:04,789 --> 00:37:00,539
our phone rings this is 1975 again it's

659
00:37:07,370 --> 00:37:04,799
cold well I call the crash phone rings

660
00:37:08,769 --> 00:37:07,380
the crash phone is a red phone any time

661
00:37:11,410 --> 00:37:08,779
it raised it there's an aircraft

662
00:37:14,000 --> 00:37:11,420
emergency there's something wrong and

663
00:37:18,740 --> 00:37:14,010

this is at Whiteman Air Force Base and

664

00:37:23,329 --> 00:37:18,750

in 1975 they had dozens of missile silos

665

00:37:27,289 --> 00:37:23,339

spread out over Beslan area of western

666

00:37:30,920 --> 00:37:27,299

Missouri and each one of these silos was

667

00:37:36,289 --> 00:37:30,930

a tube in the ground that held a 60-foot

668

00:37:38,510 --> 00:37:36,299

long Minutemen to ICBM missile and I

669

00:37:39,710 --> 00:37:38,520

think I sent you a photograph if you

670

00:37:43,010 --> 00:37:39,720

look at the photograph you'll see

671

00:37:45,680 --> 00:37:43,020

there's a blue dome mm-hmm that blue

672

00:37:46,910 --> 00:37:45,690

dome is what caps that launch tube I'm

673

00:37:49,910 --> 00:37:46,920

gonna try to put these up

674

00:37:52,030 --> 00:37:49,920

on the websites or listeners can see the

675

00:37:56,240 --> 00:37:52,040

pictures

676

00:37:58,220 --> 00:37:56,250

go ahead Terry okay and there's a

677

00:38:00,770 --> 00:37:58,230

trapezoid looking little building

678

00:38:02,539 --> 00:38:00,780

they're made out of concrete it's an

679

00:38:04,460 --> 00:38:02,549

interesting when you walk in the door

680

00:38:08,420 --> 00:38:04,470

there's an elevator there with one

681

00:38:10,180 --> 00:38:08,430

button down and you take that into it it

682

00:38:12,470 --> 00:38:10,190

will take you down to the bottom of the

683

00:38:16,700 --> 00:38:12,480

missile so that missile maintenance

684

00:38:20,329 --> 00:38:16,710

people can work on it and we got a call

685

00:38:23,210 --> 00:38:20,339

that a guy missile technician had fallen

686

00:38:26,750 --> 00:38:23,220

and hurt himself and needed maybe an

687

00:38:29,930 --> 00:38:26,760

assistance so Toby and I hopped in our

688

00:38:32,720 --> 00:38:29,940

ambulance and we drove to the location

689

00:38:38,990 --> 00:38:32,730

and referred to as kilo five

690

00:38:42,010 --> 00:38:39,000

we drove as fast as I could make the you

691

00:38:48,289 --> 00:38:42,020

know eight cylinder General Motors

692

00:38:50,990 --> 00:38:48,299

ambulance go and we were about a mile

693

00:38:54,710 --> 00:38:51,000

away and I could see this orange glow

694

00:38:57,620 --> 00:38:54,720

and a horizon hmm and what it was was it

695

00:39:00,410 --> 00:38:57,630

was there were a dozen or so security

696

00:39:03,200 --> 00:39:00,420

police vehicles there and they had their

697

00:39:05,349 --> 00:39:03,210

overhead lights which were red and they

698

00:39:07,940 --> 00:39:05,359

were all blinking out of sync and

699

00:39:10,599 --> 00:39:07,950

because it was so cold there was this

700

00:39:13,819 --> 00:39:10,609

big massive cloud of exhaust fumes

701
00:39:18,289 --> 00:39:13,829
illuminated by these lights it just made

702
00:39:22,039 --> 00:39:18,299
for an eerie glow and I I got to the

703
00:39:23,839 --> 00:39:22,049
thing we got there and I looked for

704
00:39:25,130 --> 00:39:23,849
who's in charge I see his lieutenants

705
00:39:27,829 --> 00:39:25,140
Tanner pardon me to captain

706
00:39:29,270 --> 00:39:27,839
standing in the roadway and I rolled

707
00:39:33,740 --> 00:39:29,280
down my window and said where's our

708
00:39:35,420 --> 00:39:33,750
patient sir and he says park your

709
00:39:38,230 --> 00:39:35,430
vehicle park the ambulance over there

710
00:39:41,329 --> 00:39:38,240
stay off the radio stay in your vehicle

711
00:39:44,660 --> 00:39:41,339
nobody goes in nobody comes out unless I

712
00:39:47,510 --> 00:39:44,670
say so I'm like okay I guess he's not

713
00:39:52,069 --> 00:39:47,520

taking questions and you know Toby and I

714

00:39:53,809 --> 00:39:52,079

pulled over and or inside of our windows

715

00:39:56,750 --> 00:39:53,819

are fogged up pretty bad because of the

716

00:39:59,180 --> 00:39:56,760

temperature mm-hmm so Toby says I'm

717

00:40:00,620 --> 00:39:59,190

gonna find out what's going on man Tony

718

00:40:03,080 --> 00:40:00,630

if

719

00:40:06,470 --> 00:40:03,090

of this cap disorder hops out of the

720

00:40:09,830 --> 00:40:06,480

ambulance goes out it's gone well three

721

00:40:12,260 --> 00:40:09,840

or four minutes comes back Yanks my door

722

00:40:15,530 --> 00:40:12,270

or the passengers world and grabs me by

723

00:40:18,320 --> 00:40:15,540

the arm and starts pulling me and he

724

00:40:19,820 --> 00:40:18,330

says man you have got to see this man

725

00:40:23,630 --> 00:40:19,830

you ain't never seen nothing like this

726

00:40:25,400 --> 00:40:23,640

you had got to see this and he's pulling

727

00:40:30,040 --> 00:40:25,410

me and I grab my parka

728

00:40:33,590 --> 00:40:30,050

and I don't know what has him so upset

729

00:40:35,950 --> 00:40:33,600

and I throwing my Park on and here's

730

00:40:40,540 --> 00:40:35,960

everybody looking up and I look up and

731

00:40:46,190 --> 00:40:40,550

over that blue dome 50 feet or so is a

732

00:40:50,210 --> 00:40:46,200

black diamond shaped thing the size of a

733

00:40:54,260 --> 00:40:50,220

full full-size cargo van now when you

734

00:40:56,600 --> 00:40:54,270

when I first looked at it I I looked for

735

00:40:58,550 --> 00:40:56,610

wires or something because it just

736

00:41:00,770 --> 00:40:58,560

doesn't register it doesn't make sense

737

00:41:03,350 --> 00:41:00,780

to see this thing just hang there in

738

00:41:06,290 --> 00:41:03,360

midair right right there were no

739

00:41:09,440 --> 00:41:06,300

propellers no exhaust no no anything and

740

00:41:13,820 --> 00:41:09,450

it's a four-sided diamond and it's matte

741

00:41:16,430 --> 00:41:13,830

black yes it's non reflective it's lit

742

00:41:18,290 --> 00:41:16,440

up by the security police guys they have

743

00:41:20,540 --> 00:41:18,300

searchlights on their cars and trucks

744

00:41:23,240 --> 00:41:20,550

they had it lit up it was a

745

00:41:28,880 --> 00:41:23,250

non-reflective no markings of any kind

746

00:41:31,760 --> 00:41:28,890

on it and the captain walked over to me

747

00:41:34,040 --> 00:41:31,770

Eddie you know I had to smile on his

748

00:41:35,930 --> 00:41:34,050

face then we looked at each other if I

749

00:41:38,840 --> 00:41:35,940

didn't meet her you see what I'm seeing

750

00:41:42,740 --> 00:41:38,850

I was they kind of put rank aside for a

751
00:41:44,120 --> 00:41:42,750
moment and we just felt something was

752
00:41:47,330 --> 00:41:44,130
going to happen and of course something

753
00:41:49,400 --> 00:41:47,340
did happen and that is it shot off it

754
00:41:53,000 --> 00:41:49,410
shot off just like the flying saucer I

755
00:41:53,600 --> 00:41:53,010
saw shoot on in a millisecond it was

756
00:41:58,790 --> 00:41:53,610
gone

757
00:42:00,890 --> 00:41:58,800
it had to go incredible speed we picked

758
00:42:02,840 --> 00:42:00,900
up our patient a guy fell falling had

759
00:42:05,390 --> 00:42:02,850
broken his ankle and we made our way

760
00:42:07,820 --> 00:42:05,400
back to the hospital and dropped our

761
00:42:09,650 --> 00:42:07,830
patient off the doctor and a nurse

762
00:42:11,940 --> 00:42:09,660
restocked our ambulance and then their

763
00:42:14,760 --> 00:42:11,950

commanding officer is there and it's

764

00:42:16,620 --> 00:42:14,770

I need to see you boys yes sir

765

00:42:18,420 --> 00:42:16,630

and we really did he was a really good

766

00:42:22,950 --> 00:42:18,430

guy our commanding officer was a good

767

00:42:24,240 --> 00:42:22,960

and we went into his office hey sorry

768

00:42:27,210 --> 00:42:24,250

boys what do you see

769

00:42:29,520 --> 00:42:27,220

tell me we saw it there and we told him

770

00:42:31,859 --> 00:42:29,530

and he asked me says did you write any

771

00:42:34,800 --> 00:42:31,869

of this new report doesn't of course not

772

00:42:37,410 --> 00:42:34,810

you know yes to keep he has to see my

773

00:42:39,780 --> 00:42:37,420

report I gave it to him I thought was

774

00:42:45,510 --> 00:42:39,790

God he took a felt-tip magic marker and

775

00:42:46,859 --> 00:42:45,520

he redacted all of the times like except

776

00:42:50,760 --> 00:42:46,869

for the time of departure

777

00:42:53,070 --> 00:42:50,770

I left at o2 18 hours took two to close

778

00:42:55,859 --> 00:42:53,080

after 2 o'clock in the morning he left

779

00:42:57,960 --> 00:42:55,869

that time on but all of the other times

780

00:43:01,109 --> 00:42:57,970

like our time of arrival at the scene

781

00:43:03,600 --> 00:43:01,119

and all that he redacted that out took

782

00:43:06,900 --> 00:43:03,610

the original over to a copy machine made

783

00:43:10,350 --> 00:43:06,910

two copies kept the original and a copy

784

00:43:12,480 --> 00:43:10,360

and gave me back a copy with the

785

00:43:15,000 --> 00:43:12,490

redaction and said this is what I want

786

00:43:18,000 --> 00:43:15,010

you to turn in and I wasn't asking

787

00:43:19,980 --> 00:43:18,010

questions right yes sir and then he says

788

00:43:22,740 --> 00:43:19,990

all right boys do me a favor show me

789

00:43:26,370 --> 00:43:22,750

what you saw can you draw it sure I

790

00:43:28,859 --> 00:43:26,380

think we can try but I I'm not a real

791

00:43:30,599 --> 00:43:28,869

good artist told he was much better at

792

00:43:33,060 --> 00:43:30,609

this than I was and he had the presence

793

00:43:35,820 --> 00:43:33,070

of mind he actually counted the facets

794

00:43:38,730 --> 00:43:35,830

on the side of the thing Wow

795

00:43:42,060 --> 00:43:38,740

and could do he was a really sharp kid

796

00:43:43,770 --> 00:43:42,070

he and he drew a much better image of it

797

00:43:47,090 --> 00:43:43,780

and I could draw and it's hard to put

798

00:43:52,620 --> 00:43:47,100

portray this 3-dimensional object in

799

00:43:55,380 --> 00:43:52,630

three dimensions sure and he took her

800

00:43:57,300 --> 00:43:55,390

drawings and looked at him for a minute

801
00:43:59,070 --> 00:43:57,310
slid him in his desk drawer and said

802
00:44:02,700 --> 00:43:59,080
boys what you saw it there was a

803
00:44:05,550 --> 00:44:02,710
prototype helicopter you can't talk

804
00:44:07,320 --> 00:44:05,560
about it it's a secret you understand I

805
00:44:10,130 --> 00:44:07,330
know you I know you should I know you're

806
00:44:13,260 --> 00:44:10,140
smart guys you know don't screw this up

807
00:44:17,790 --> 00:44:13,270
there's no word about no talking I mean

808
00:44:19,980 --> 00:44:17,800
no talking and we yes sir you know and

809
00:44:25,410 --> 00:44:19,990
we couldn't wait to get home to tell our

810
00:44:28,260 --> 00:44:25,420
wives and you do know that

811
00:44:30,450 --> 00:44:28,270
there is there are two gentlemen one of

812
00:44:33,569 --> 00:44:30,460
whom is named Robert Hastings and the

813
00:44:39,030 --> 00:44:33,579

other of whom is named Robert Salas and

814

00:44:42,120 --> 00:44:39,040

they both study things that have

815

00:44:46,049 --> 00:44:42,130

happened over other missile silos across

816

00:44:48,750 --> 00:44:46,059

the country I knew on the UFO culture

817

00:44:50,190 --> 00:44:48,760

okay but I do know the name from my

818

00:44:52,109 --> 00:44:50,200

reading I'm trying to catch up I'm

819

00:44:54,750 --> 00:44:52,119

trying to get up to speed I did cross

820

00:44:57,210 --> 00:44:54,760

the name Robert Salas who was a launch

821

00:45:00,569 --> 00:44:57,220

control officer yes and and Robert

822

00:45:05,339 --> 00:45:00,579

Hastings had a father in the military

823

00:45:07,289 --> 00:45:05,349

and he has done a movie about that and

824

00:45:10,319 --> 00:45:07,299

written some books and he has been on

825

00:45:13,380 --> 00:45:10,329

shattered reality podcast so you might

826

00:45:15,900 --> 00:45:13,390

want to check out his accounts and I'm

827

00:45:20,849 --> 00:45:15,910

sure he would be extremely interested to

828

00:45:23,730 --> 00:45:20,859

hear from you I'm I'm friends with Bob

829

00:45:26,460 --> 00:45:23,740

Salas on Facebook but Robert Hastings

830

00:45:29,280 --> 00:45:26,470

has in fact been on the show and he did

831

00:45:31,380 --> 00:45:29,290

put out a call on the show on our show

832

00:45:33,380 --> 00:45:31,390

as well as other shows that if there are

833

00:45:37,319 --> 00:45:33,390

military men out there who have had

834

00:45:40,440 --> 00:45:37,329

incidents with the missile silos like

835

00:45:42,420 --> 00:45:40,450

they did up at Minot Air Force Base and

836

00:45:46,859 --> 00:45:42,430

the other one that starts with an M

837

00:45:50,099 --> 00:45:46,869

offhand not in my brain but those are

838

00:45:54,089 --> 00:45:50,109

the two guys to talk to about that part

839

00:45:57,270 --> 00:45:54,099

of the incident so Robert Hastings and

840

00:46:00,390 --> 00:45:57,280

Robert Salas I'll get back to you with

841

00:46:03,270 --> 00:46:00,400

those names after the show but as we are

842

00:46:06,150 --> 00:46:03,280

we are running down on time I want you

843

00:46:08,370 --> 00:46:06,160

to and I hate doing oh yeah

844

00:46:12,089 --> 00:46:08,380

jump forward to the idea that you and

845

00:46:14,730 --> 00:46:12,099

Toby decided to go on a camping trip yes

846

00:46:17,039 --> 00:46:14,740

at some time after that maybe just an

847

00:46:18,690 --> 00:46:17,049

idea of what kind of timeframe you'd

848

00:46:22,140 --> 00:46:18,700

like me to keep this in it and I can

849

00:46:26,250 --> 00:46:22,150

pace myself there okay I think we have

850

00:46:29,190 --> 00:46:26,260

about 15 more minutes okay okay that's

851

00:46:32,299 --> 00:46:29,200

perfect I think I can do that okay they

852

00:46:35,819 --> 00:46:32,309

cover the really the important parts and

853

00:46:37,890 --> 00:46:35,829

if I just want to mention this now we

854

00:46:39,360 --> 00:46:37,900

have here let's sort of like to let

855

00:46:42,750 --> 00:46:39,370

people know we have

856

00:46:45,660 --> 00:46:42,760

Lovelace on he's a lawyer and he wrote

857

00:46:49,800 --> 00:46:45,670

incident at Devil's Den which is a true

858

00:46:54,150 --> 00:46:49,810

story of an alien abduction incidents

859

00:46:58,440 --> 00:46:54,160

and also an implant and it is available

860

00:47:01,770 --> 00:46:58,450

on Amazon for purchase and it is a very

861

00:47:03,960 --> 00:47:01,780

very gripping and compelling story I

862

00:47:06,570 --> 00:47:03,970

read the whole thing through and I've

863

00:47:10,350 --> 00:47:06,580

read parts of it more than once so in

864

00:47:13,560 --> 00:47:10,360

terms of us here on shattered reality we

865

00:47:18,080 --> 00:47:13,570

thoroughly recommend the book so moving

866

00:47:21,330 --> 00:47:18,090

along to the incident that you had

867

00:47:23,540 --> 00:47:21,340

mentioned with the with the camping and

868

00:47:28,290 --> 00:47:23,550

our poor friend

869

00:47:33,180 --> 00:47:28,300

Tobias yes yes yes I just might mention

870

00:47:35,220 --> 00:47:33,190

that the black diamond that we saw we in

871

00:47:37,940 --> 00:47:35,230

no way thought that that was

872

00:47:40,590 --> 00:47:37,950

extraterrestrial we were certain that

873

00:47:42,600 --> 00:47:40,600

was something from the Soviet Union I

874

00:47:45,150 --> 00:47:42,610

mean this was a height of the Cold War I

875

00:47:47,730 --> 00:47:45,160

mean I considered myself to be an expert

876

00:47:50,580 --> 00:47:47,740

on extraterrestrial things I'd seen two

877

00:47:54,090 --> 00:47:50,590

flying saucers this wasn't a saucer ergo

878

00:47:55,020 --> 00:47:54,100

it was not matter space which was we

879

00:47:58,620 --> 00:47:55,030

thought it was something from the

880

00:48:02,070 --> 00:47:58,630

Soviets but two years after this event

881

00:48:04,920 --> 00:48:02,080

my buddy Toby says I got an idea let's

882

00:48:07,710 --> 00:48:04,930

go camping yeah I was from st. Louis

883

00:48:09,960 --> 00:48:07,720

City he was from Flint Michigan and I

884

00:48:12,210 --> 00:48:09,970

said Toby were city boys what we don't

885

00:48:13,800 --> 00:48:12,220

know the first thing about camping and

886

00:48:15,630 --> 00:48:13,810

he says yeah I know but you know how to

887

00:48:17,900 --> 00:48:15,640

be fun I was an amateur photographer

888

00:48:21,650 --> 00:48:17,910

everybody knew that I had a darkroom

889

00:48:25,710 --> 00:48:21,660

develop my own black-and-white film and

890

00:48:29,280 --> 00:48:25,720

I thought about the idea for a while and

891

00:48:31,380 --> 00:48:29,290

it became in a matter of a 48 hours I

892

00:48:36,690 --> 00:48:31,390

went from just an idea it kind of became

893

00:48:38,940 --> 00:48:36,700

an obsession and it was just all

894

00:48:40,440 --> 00:48:38,950

consuming and I said you know our lives

895

00:48:42,930 --> 00:48:40,450

aren't going to go along with this they

896

00:48:44,400 --> 00:48:42,940

don't want to go he's like no no no man

897

00:48:47,100 --> 00:48:44,410

I'm just talking about the two of us

898

00:48:49,020 --> 00:48:47,110

let's go down scope it out see if we

899

00:48:51,360 --> 00:48:49,030

like it if we like it next time we'll

900

00:48:52,559 --> 00:48:51,370

bring we'll bring my kids and you and

901
00:48:55,109 --> 00:48:52,569
your wife calm

902
00:48:59,549 --> 00:48:55,119
without it's so fun you know I hear it's

903
00:49:01,859 --> 00:48:59,559
a good time so we know nothing about the

904
00:49:03,900 --> 00:49:01,869
out-of-doors but you packed all the

905
00:49:05,729 --> 00:49:03,910
things we thought were necessary you

906
00:49:09,929 --> 00:49:05,739
know industrial or military strength

907
00:49:13,799 --> 00:49:09,939
deep sunburn lotion and the like and we

908
00:49:16,259 --> 00:49:13,809
left at dawn in early morning and drove

909
00:49:18,359 --> 00:49:16,269
now keep it diet there's a there are a

910
00:49:20,969 --> 00:49:18,369
dozen state parks beautiful state parks

911
00:49:22,890 --> 00:49:20,979
around light an Air Force Base and I

912
00:49:24,509 --> 00:49:22,900
said you know Toby why do we got to

913
00:49:27,209 --> 00:49:24,519

drive all the way down the other side of

914

00:49:30,449 --> 00:49:27,219

the Arkansas border it's like manases

915

00:49:31,829 --> 00:49:30,459

the place he says this has everything

916

00:49:34,890 --> 00:49:31,839

that you need if you want to photograph

917

00:49:39,630 --> 00:49:34,900

Eagles this is the place to go and he

918

00:49:42,929 --> 00:49:39,640

sold me on the idea so we drove down and

919

00:49:45,029 --> 00:49:42,939

we decided we talked about staying in a

920

00:49:45,809 --> 00:49:45,039

campground and Toby's like what's the

921

00:49:48,509 --> 00:49:45,819

fun in that

922

00:49:50,999 --> 00:49:48,519

you know what outdoorsman you know if

923

00:49:53,870 --> 00:49:51,009

you stay in the campground it's like

924

00:49:55,919 --> 00:49:53,880

staying in a parking lot in the forest

925

00:49:57,359 --> 00:49:55,929

he said you know we want to get away

926
00:50:01,409 --> 00:49:57,369
from people we want to be out in the

927
00:50:04,249 --> 00:50:01,419
wilderness so we drove into the park and

928
00:50:08,759 --> 00:50:04,259
intentionally dodged the state or the

929
00:50:11,759 --> 00:50:08,769
park rangers and picked up a little map

930
00:50:15,079 --> 00:50:11,769
that showed us somewhere some ways

931
00:50:17,999 --> 00:50:15,089
throughout the park but then ended and

932
00:50:19,709 --> 00:50:18,009
we took a road and Toby said take this

933
00:50:21,269 --> 00:50:19,719
way and he seemed like told nobody

934
00:50:23,209 --> 00:50:21,279
seemed like he knew where he was going I

935
00:50:27,989 --> 00:50:23,219
swear this day I believed that

936
00:50:30,390 --> 00:50:27,999
and he kept no he kept in a bank note or

937
00:50:33,599 --> 00:50:30,400
a baking envelope that was in my glove

938
00:50:36,029 --> 00:50:33,609

box that and a pencil and he made a map

939

00:50:38,339 --> 00:50:36,039

of our route because there were so many

940

00:50:39,749 --> 00:50:38,349

twists and turns and the scenery was all

941

00:50:40,499 --> 00:50:39,759

the same we wanted to make sure we could

942

00:50:46,099 --> 00:50:40,509

get out of there

943

00:50:50,130 --> 00:50:46,109

sure so we found a wee trove and if the

944

00:50:52,380 --> 00:50:50,140

road took an upward turn and we climbed

945

00:50:55,709 --> 00:50:52,390

higher and higher and we got to the

946

00:50:59,640 --> 00:50:55,719

crest of this plateau and there was this

947

00:51:01,109 --> 00:50:59,650

open I called it a meadow in front of us

948

00:51:03,899 --> 00:51:01,119

that was just beautiful

949

00:51:06,300 --> 00:51:03,909

and Toby was right it would be a base

950

00:51:10,050 --> 00:51:06,310

the photograph Eagles

951
00:51:14,600 --> 00:51:10,060
well a lot happened to get to the

952
00:51:18,290 --> 00:51:14,610
camping we hurriedly set up camp and

953
00:51:21,690 --> 00:51:18,300
we're sitting around the campfire and

954
00:51:24,270 --> 00:51:21,700
Toby says hey man what are those were

955
00:51:26,340 --> 00:51:24,280
those things before what are you talking

956
00:51:30,030 --> 00:51:26,350
about and I look over his shoulder and

957
00:51:31,020 --> 00:51:30,040
there are there are three perfect little

958
00:51:33,120 --> 00:51:31,030
stars

959
00:51:35,580 --> 00:51:33,130
I shouldn't say little they were about

960
00:51:37,940 --> 00:51:35,590
as bright as the North Star and they

961
00:51:42,030 --> 00:51:37,950
weren't a perfect triangular figuration

962
00:51:43,620 --> 00:51:42,040
sitting on the horizon and I said Toby

963
00:51:45,300 --> 00:51:43,630

what are those you know you're the guy

964

00:51:46,680 --> 00:51:45,310

you're the amateur astronomer what are

965

00:51:48,870 --> 00:51:46,690

those he's like man I don't know

966

00:51:50,850 --> 00:51:48,880

everything in the sky those and we

967

00:51:52,740 --> 00:51:50,860

discussed could that be aircraft that it

968

00:51:55,170 --> 00:51:52,750

you know and we're dismissive of that

969

00:52:00,900 --> 00:51:55,180

idea and then suddenly things starts to

970

00:52:04,620 --> 00:52:00,910

move uh-oh and it rotates as if on an

971

00:52:09,470 --> 00:52:04,630

axis about two-thirds of the way around

972

00:52:13,230 --> 00:52:09,480

and then starts to go up in the air and

973

00:52:16,290 --> 00:52:13,240

about the time this happened I I noticed

974

00:52:20,130 --> 00:52:16,300

that the crickets and the tree frogs and

975

00:52:24,150 --> 00:52:20,140

all the noise of the forest it stopped

976
00:52:27,500 --> 00:52:24,160
it was dead silent and while we're

977
00:52:30,270 --> 00:52:27,510
watching this thing I said Toby is this

978
00:52:33,390 --> 00:52:30,280
is this right I don't hear the crickets

979
00:52:34,890 --> 00:52:33,400
for the frogs anymore and he's like yeah

980
00:52:36,210 --> 00:52:34,900
yeah yeah don't worry about that you

981
00:52:38,330 --> 00:52:36,220
know we've been laughing a joke and

982
00:52:45,000 --> 00:52:38,340
they'll be back don't worry about it

983
00:52:48,750 --> 00:52:45,010
this strange apathy took over it's hard

984
00:52:51,360 --> 00:52:48,760
to describe but we were we were only

985
00:52:54,870 --> 00:52:51,370
slightly interested in watching this

986
00:52:56,970 --> 00:52:54,880
thing that we want you to send up into

987
00:53:00,350 --> 00:52:56,980
the sky and it was pretty clear that

988
00:53:04,440 --> 00:53:00,360

this was one object and not three

989

00:53:06,510 --> 00:53:04,450

unconnected objects moving in unison and

990

00:53:08,910 --> 00:53:06,520

Toby noticed at first when it moved past

991

00:53:12,000 --> 00:53:08,920

a star the star would link out until it

992

00:53:14,340 --> 00:53:12,010

passed and that would blink back on and

993

00:53:16,920 --> 00:53:14,350

it started to move faster and as it

994

00:53:19,470 --> 00:53:16,930

moved faster it grew and it grew

995

00:53:19,980 --> 00:53:19,480

exponentially and these three points of

996

00:53:22,890 --> 00:53:19,990

light

997

00:53:25,620 --> 00:53:22,900

expanded and this thing is eventually

998

00:53:26,100 --> 00:53:25,630

eating up entire fields of stars oh my

999

00:53:30,900 --> 00:53:26,110

lord

1000

00:53:33,600 --> 00:53:30,910

and I asked Toby I said should we be

1001
00:53:34,710 --> 00:53:33,610
scared and he's like no man I'm not

1002
00:53:38,540 --> 00:53:34,720
scared he's scared

1003
00:53:43,530 --> 00:53:38,550
never ever saying no I'm not scared and

1004
00:53:45,359 --> 00:53:43,540
we the thing parks directly over our

1005
00:53:47,880 --> 00:53:45,369
head and it comes to a halt

1006
00:53:50,550 --> 00:53:47,890
and it takes up almost 1/3 of the night

1007
00:53:52,680 --> 00:53:50,560
sky and it is like somebody took a pair

1008
00:53:56,340 --> 00:53:52,690
of scissors and cut out this massive

1009
00:53:58,940 --> 00:53:56,350
triangle over our heads because inside

1010
00:54:03,830 --> 00:53:58,950
of those three points was jet black and

1011
00:54:06,960 --> 00:54:03,840
the rest of the sky was a deep blue and

1012
00:54:09,450 --> 00:54:06,970
we're looking at that and Toby says Toby

1013
00:54:11,430 --> 00:54:09,460

picks up a flashlight and we're both

1014

00:54:13,170 --> 00:54:11,440

reclined we're not we're laying there

1015

00:54:15,440 --> 00:54:13,180

Toby picks up a flashlight and says I

1016

00:54:17,850 --> 00:54:15,450

wonder what will happen if I signal it

1017

00:54:20,609 --> 00:54:17,860

and I tried to snatch it out of his

1018

00:54:22,890 --> 00:54:20,619

hands but I wasn't quick enough he holds

1019

00:54:26,280 --> 00:54:22,900

his arm up over his head and he flicks

1020

00:54:29,310 --> 00:54:26,290

this flashlight on three times and when

1021

00:54:30,530 --> 00:54:29,320

he did this beam of light from the dead

1022

00:54:33,660 --> 00:54:30,540

center of this thing

1023

00:54:34,890 --> 00:54:33,670

she came down I mean it just like turned

1024

00:54:37,920 --> 00:54:34,900

on like somebody flipped a switch

1025

00:54:41,609 --> 00:54:37,930

boom it's there ah it was about the

1026
00:54:43,740 --> 00:54:41,619
diameter of a softball and it was light

1027
00:54:49,640 --> 00:54:43,750
that was visible like a searchlight

1028
00:54:54,570 --> 00:54:49,650
through a fog a column of light yes

1029
00:54:56,099 --> 00:54:54,580
Bheema visible light and we watched it

1030
00:55:00,120 --> 00:54:56,109
and I don't think a word was said

1031
00:55:03,450 --> 00:55:00,130
between us it was there for a minute

1032
00:55:06,870 --> 00:55:03,460
and it's gone it just blinks out and in

1033
00:55:09,660 --> 00:55:06,880
its stead comes this laser and lasers

1034
00:55:16,099 --> 00:55:09,670
were a new concept in 1977 I had never

1035
00:55:19,770 --> 00:55:16,109
seen a laser and and there's this pencil

1036
00:55:24,900 --> 00:55:19,780
diameter of a pencil beam of purplish

1037
00:55:26,910 --> 00:55:24,910
blue light that shot down and it's just

1038
00:55:29,940 --> 00:55:26,920

darting and dancing all over the

1039

00:55:31,980 --> 00:55:29,950

campground and it would you know be here

1040

00:55:33,930 --> 00:55:31,990

one second flip off for a millisecond

1041

00:55:35,579 --> 00:55:33,940

and then be here one second

1042

00:55:37,380 --> 00:55:35,589

and I know it struck me several times

1043

00:55:40,470 --> 00:55:37,390

and I know it's told me several times

1044

00:55:43,710 --> 00:55:40,480

and it was just darted all over our

1045

00:55:47,030 --> 00:55:43,720

campsite and I think to this day it was

1046

00:55:51,150 --> 00:55:47,040

scanning us it was looking for us and

1047

00:55:53,160 --> 00:55:51,160

that beam turned off and as soon as the

1048

00:55:56,579 --> 00:55:53,170

beam turned off tobe swamp shows over

1049

00:55:58,800 --> 00:55:56,589

and I don't even remember if I if I

1050

00:56:02,069 --> 00:55:58,810

answered him and we both got up and

1051

00:56:06,930 --> 00:56:02,079

dragged our air mattresses into the tent

1052

00:56:08,970 --> 00:56:06,940

with this thing the size of three city

1053

00:56:11,940 --> 00:56:08,980

blocks hanging over our heads it makes

1054

00:56:13,859 --> 00:56:11,950

no sense but that's what we did and we

1055

00:56:18,870 --> 00:56:13,869

were absolutely apathetic about the

1056

00:56:20,819 --> 00:56:18,880

whole thing I II was just thinking I

1057

00:56:23,370 --> 00:56:20,829

laid my head on the pillow I remember

1058

00:56:26,359 --> 00:56:23,380

thinking Toby was wrong the crickets and

1059

00:56:30,660 --> 00:56:26,369

tree frogs they never did come back and

1060

00:56:32,910 --> 00:56:30,670

I closed my eyes and I woke up and there

1061

00:56:35,849 --> 00:56:32,920

were these brilliant lights flashing

1062

00:56:37,859 --> 00:56:35,859

orange and yellow and white and it was a

1063

00:56:41,430 --> 00:56:37,869

replay of the light show that I saw when

1064

00:56:46,050 --> 00:56:41,440

I was 11 and it illuminated the tent and

1065

00:56:48,960 --> 00:56:46,060

I got to my knees and I mean I'm in a

1066

00:56:52,530 --> 00:56:48,970

fog from sleep and I don't have my wits

1067

00:56:54,390 --> 00:56:52,540

about and I'm thinking park rangers are

1068

00:56:56,730 --> 00:56:54,400

there are trainers with flashlights out

1069

00:56:59,359 --> 00:56:56,740

there and we can hear rustling like

1070

00:57:01,109 --> 00:56:59,369

people walking around the campsite

1071

00:57:04,050 --> 00:57:01,119

Toby's crouched down

1072

00:57:06,150 --> 00:57:04,060

he's peering outside and between these

1073

00:57:09,359 --> 00:57:06,160

flashes of light I could see tracks of

1074

00:57:11,220 --> 00:57:09,369

tears down his right cheek I'm taking my

1075

00:57:14,849 --> 00:57:11,230

god what could make this grown man cry

1076
00:57:18,510 --> 00:57:14,859
and there was a drone there was that

1077
00:57:20,819 --> 00:57:18,520
mechanical drone again and I thought

1078
00:57:24,510 --> 00:57:20,829
maybe a generator in the back of a truck

1079
00:57:26,400 --> 00:57:24,520
or something and I got to my knees and I

1080
00:57:29,819 --> 00:57:26,410
was in pain I noticed immediately how

1081
00:57:31,650 --> 00:57:29,829
badly I heard and I nudged Toby and I

1082
00:57:36,930 --> 00:57:31,660
pulled back the flap of the tent look

1083
00:57:38,730 --> 00:57:36,940
out and here's this UFO the size of a

1084
00:57:44,790 --> 00:57:38,740
five-story office building

1085
00:57:47,300 --> 00:57:44,800
it is incredibly big I think I drew an

1086
00:57:49,880 --> 00:57:47,310
image I believe you may have

1087
00:57:52,640 --> 00:57:49,890
and if you look at the bottom lower left

1088
00:57:55,340 --> 00:57:52,650

you'll see a car and some figure strong

1089

00:57:56,900 --> 00:57:55,350

uh-huh and I did that to try to bring

1090

00:57:59,510 --> 00:57:56,910

the thing to scale

1091

00:58:03,020 --> 00:57:59,520

I just can't convey how absolutely

1092

00:58:06,020 --> 00:58:03,030

immense this thing was and that interest

1093

00:58:08,870 --> 00:58:06,030

that apathy that we had some hours

1094

00:58:11,240 --> 00:58:08,880

earlier that was gone that was one that

1095

00:58:15,950 --> 00:58:11,250

was long gone now it was terror we were

1096

00:58:21,470 --> 00:58:15,960

absolutely terrified yes I'm walking out

1097

00:58:26,150 --> 00:58:21,480

and I notice there are groups of little

1098

00:58:29,120 --> 00:58:26,160

kids and maybe a dozen or so and maybe

1099

00:58:32,060 --> 00:58:29,130

15 walking around in the meadow in

1100

00:58:34,100 --> 00:58:32,070

groups of two or three and there is a

1101

00:58:36,380 --> 00:58:34,110

column of light from the center of the

1102

00:58:39,620 --> 00:58:36,390

thing the the this UFO didn't Park on

1103

00:58:41,990 --> 00:58:39,630

the ground it parked about 25 30 feet

1104

00:58:45,140 --> 00:58:42,000

off the off the floor of the meadow yes

1105

00:58:48,200 --> 00:58:45,150

and from the center of it descended a

1106

00:58:51,590 --> 00:58:48,210

beam of light again visible like a

1107

00:58:56,960 --> 00:58:51,600

searchlight through fog and these little

1108

00:58:59,090 --> 00:58:56,970

beings would walk into it and they just

1109

00:59:03,740 --> 00:58:59,100

disintegrate they disappear and they

1110

00:59:05,810 --> 00:59:03,750

were children but that's what I said

1111

00:59:09,440 --> 00:59:05,820

Toby what are these little kids doing

1112

00:59:12,890 --> 00:59:09,450

out here and he said man those ain't no

1113

00:59:18,140 --> 00:59:12,900

little kids and then it hit and then I

1114

00:59:24,860 --> 00:59:18,150

had flashes I had flashes of being

1115

00:59:28,850 --> 00:59:24,870

abducted and hurt and we we were too

1116

00:59:31,910 --> 00:59:28,860

terrified to move I mean we stayed in

1117

00:59:33,380 --> 00:59:31,920

the tent we watched this thing until all

1118

00:59:36,080 --> 00:59:33,390

these little figures had disintegrated

1119

00:59:38,720 --> 00:59:36,090

and gone back up and then the light

1120

00:59:43,850 --> 00:59:38,730

clicked off and the humming sound

1121

00:59:46,400 --> 00:59:43,860

stopped and there were three ball I can

1122

00:59:49,400 --> 00:59:46,410

only see two on each point of the

1123

00:59:52,790 --> 00:59:49,410

triangle there was a light bar that went

1124

00:59:55,520 --> 00:59:52,800

through all five stories and I remember

1125

00:59:58,460 --> 00:59:55,530

seeing this white light and it drift up

1126

01:00:00,680 --> 00:59:58,470

since white leg go up and up and up and

1127

01:00:01,100 --> 01:00:00,690

then I thought you know I bet that's

1128

01:00:03,170 --> 01:00:01,110

what make

1129

01:00:06,920 --> 01:00:03,180

a twinkle in the sky and look like a

1130

01:00:10,940 --> 01:00:06,930

star it's an odd observation to make but

1131

01:00:14,150 --> 01:00:10,950

I made it and we rolled over and are on

1132

01:00:16,550 --> 01:00:14,160

our backs and we watched this thing you

1133

01:00:18,770 --> 01:00:16,560

know again lifts off like a hot-air

1134

01:00:22,030 --> 01:00:18,780

balloon it didn't shoot off it just

1135

01:00:25,940 --> 01:00:22,040

lifted off like a hot air balloon and

1136

01:00:28,790 --> 01:00:25,950

ascended into the sky and we watched it

1137

01:00:33,650 --> 01:00:28,800

as it got higher and higher and it

1138

01:00:36,410 --> 01:00:33,660

disappeared and everything is still

1139

01:00:37,580 --> 01:00:36,420

quiet no tree frogs no crickets it's

1140

01:00:41,930 --> 01:00:37,590

dead quiet

1141

01:00:44,450 --> 01:00:41,940

and we're both terrified we sat there

1142

01:00:47,380 --> 01:00:44,460

for what must have been 30 minutes and

1143

01:00:51,230 --> 01:00:47,390

Toby says man we gotta get out of here

1144

01:00:53,240 --> 01:00:51,240

and I was terrified at the idea of being

1145

01:00:55,760 --> 01:00:53,250

out of the tent I did not want to leave

1146

01:00:58,130 --> 01:00:55,770

I felt like I was safe inside the tent I

1147

01:01:02,390 --> 01:00:58,140

think I felt like to be out in the open

1148

01:01:05,090 --> 01:01:02,400

I would be vulnerable and that fear has

1149

01:01:07,490 --> 01:01:05,100

stuck with me I don't like to be out in

1150

01:01:11,300 --> 01:01:07,500

an open field I don't like to be

1151

01:01:14,240 --> 01:01:11,310

anyplace out in the wide open a wide

1152

01:01:17,750 --> 01:01:14,250

open area it's called agoraphobia yes is

1153

01:01:22,270 --> 01:01:17,760

that fear agoraphobia fear of the open

1154

01:01:25,220 --> 01:01:22,280

spaces yes that's why I have that still

1155

01:01:28,190 --> 01:01:25,230

we made a decision that we would run for

1156

01:01:31,460 --> 01:01:28,200

the car and that's what we did and went

1157

01:01:33,530 --> 01:01:31,470

to the car hopped in and got out of

1158

01:01:36,590 --> 01:01:33,540

there and drove back to base as fast as

1159

01:01:41,440 --> 01:01:36,600

we could and we left everything there we

1160

01:01:46,150 --> 01:01:41,450

left the tent we left Hospital blankets

1161

01:01:49,370 --> 01:01:46,160

all of our gear equipment I'm assuming

1162

01:01:51,280 --> 01:01:49,380

cost you some amount of money and being

1163

01:01:53,990 --> 01:01:51,290

in the military you guys weren't

1164

01:01:55,970 --> 01:01:54,000

millionaires or anything so that was you

1165

01:02:02,150 --> 01:01:55,980

did leave some of your investment there

1166

01:02:07,610 --> 01:02:02,160

and so that is that attests to your fear

1167

01:02:11,960 --> 01:02:07,620

level upon leaving it was terror it I

1168

01:02:14,560 --> 01:02:11,970

don't know how to describe it and to

1169

01:02:18,230 --> 01:02:14,570

drive with just your high beams on

1170

01:02:23,150 --> 01:02:18,240

through this road that's not much more

1171

01:02:24,890 --> 01:02:23,160

than ruts the high beams would bounce up

1172

01:02:26,630 --> 01:02:24,900

in the trees sometimes and it'd be on

1173

01:02:28,790 --> 01:02:26,640

the ground in front of us I could barely

1174

01:02:31,010 --> 01:02:28,800

see Toby would have to reach over and

1175

01:02:32,960 --> 01:02:31,020

turn on the dome light to look at his

1176

01:02:37,460 --> 01:02:32,970

little map to figure out which way to go

1177

01:02:39,950 --> 01:02:37,470

and then I'd be blind but we managed to

1178

01:02:44,930 --> 01:02:39,960

get out of there and we hit blacktop

1179

01:02:46,220 --> 01:02:44,940

Road and headed back to base and there

1180

01:02:48,130 --> 01:02:46,230

there were there were just a couple

1181

01:02:50,450 --> 01:02:48,140

things that were important to us I

1182

01:02:53,150 --> 01:02:50,460

wanted to get as much distance between

1183

01:02:55,490 --> 01:02:53,160

me and the Devils then as I could

1184

01:02:59,240 --> 01:02:55,500

possibly manage as fast as I could

1185

01:03:01,910 --> 01:02:59,250

manage it to astir stay we were

1186

01:03:05,210 --> 01:03:01,920

incredibly thirsty I had never ever in

1187

01:03:06,920 --> 01:03:05,220

my life and so thirsty I asked Toby root

1188

01:03:08,420 --> 01:03:06,930

around in the backseat seeing if I'll

1189

01:03:11,839 --> 01:03:08,430

drink anything as long as it's not

1190

01:03:13,670 --> 01:03:11,849

poison and you know you would think I

1191

01:03:15,950 --> 01:03:13,680

will pull over to 7-eleven or someplace

1192

01:03:18,800 --> 01:03:15,960

and get something to drink well this is

1193

01:03:23,660 --> 01:03:18,810

the backwoods of Missouri in 1977 in the

1194

01:03:25,940 --> 01:03:23,670

Ozarks there was no place so we drove

1195

01:03:29,510 --> 01:03:25,950

and until we could get someplace we

1196

01:03:31,609 --> 01:03:29,520

found a little gas station and that's

1197

01:03:35,540 --> 01:03:31,619

when I found out how badly I was burned

1198

01:03:37,910 --> 01:03:35,550

both of us were burned I had sunburn on

1199

01:03:41,240 --> 01:03:37,920

the soles of my feet I had sunburn under

1200

01:03:44,270 --> 01:03:41,250

my arms it made no sense I would have

1201
01:03:47,510 --> 01:03:44,280
had been nude on a rotisserie had been

1202
01:03:51,260 --> 01:03:47,520
burned the way I was burned and the

1203
01:03:53,510 --> 01:03:51,270
thirst was just unbelievable we got home

1204
01:03:56,620 --> 01:03:53,520
or wives of course took us both to the

1205
01:03:59,900 --> 01:03:56,630
hospital immediately and the hospital

1206
01:04:01,930 --> 01:03:59,910
separated us and it was also odd because

1207
01:04:04,430 --> 01:04:01,940
they gave us private rooms military

1208
01:04:07,940 --> 01:04:04,440
we're talking about here military

1209
01:04:09,650 --> 01:04:07,950
hospital military hospital unless the

1210
01:04:12,109 --> 01:04:09,660
guys normally didn't get a private room

1211
01:04:15,170 --> 01:04:12,119
normally we would stay on the ward and

1212
01:04:19,430 --> 01:04:15,180
open the ward so I thought this is great

1213
01:04:21,800 --> 01:04:19,440

you know private room oh and I was

1214

01:04:24,829 --> 01:04:21,810

incredibly photo phobic so they allowed

1215

01:04:25,140 --> 01:04:24,839

the lights to stay turned off and they

1216

01:04:29,039 --> 01:04:25,150

were

1217

01:04:32,339 --> 01:04:29,049

and fluids into us and I was feeling

1218

01:04:36,690 --> 01:04:32,349

better that's about 24 36 hours later

1219

01:04:39,180 --> 01:04:36,700

and my nurse comes in she's got my pain

1220

01:04:41,819 --> 01:04:39,190

meds she's got a junction in her hand or

1221

01:04:45,089 --> 01:04:41,829

hypodermic needle in her hand and two

1222

01:04:48,420 --> 01:04:45,099

guys in suits follow her in and they're

1223

01:04:52,349 --> 01:04:48,430

they're dressed in blue civilian suits

1224

01:04:55,680 --> 01:04:52,359

and they show me their badges they say

1225

01:04:57,960 --> 01:04:55,690

we're special agents from the Office of

1226

01:05:01,019 --> 01:04:57,970

Special Investigation on a Special Agent

1227

01:05:02,789 --> 01:05:01,029

Gregory this is captain so-and-so the

1228

01:05:05,789 --> 01:05:02,799

guy in charge Gregory did all the

1229

01:05:08,069 --> 01:05:05,799

talking and this was AFOs I write a Pho

1230

01:05:13,380 --> 01:05:08,079

see this was I'm sorry

1231

01:05:26,039 --> 01:05:13,390

AAF OSI Air Force Air Force Office of

1232

01:05:29,730 --> 01:05:26,049

Special Investigations absolutely and

1233

01:05:33,180 --> 01:05:29,740

they they pulled up a chair next to each

1234

01:05:35,130 --> 01:05:33,190

side of us and this pager reached over

1235

01:05:37,470 --> 01:05:35,140

and flipped on the lights and I said sir

1236

01:05:40,200 --> 01:05:37,480

my eyes I feel like I have sand in my

1237

01:05:43,349 --> 01:05:40,210

eyes could we turn those off please and

1238

01:05:45,809 --> 01:05:43,359

I remember he was I got to see what I'm

1239

01:05:47,339 --> 01:05:45,819

doing son you don't want me to work in

1240

01:05:50,029 --> 01:05:47,349

the dark now here do you

1241

01:05:52,980 --> 01:05:50,039

we got to see what we're doing son and

1242

01:05:55,019 --> 01:05:52,990

the captain cranks it was like hand

1243

01:05:58,440 --> 01:05:55,029

crank that he cranks up the head of my

1244

01:06:00,299 --> 01:05:58,450

bed and slides everything off of the

1245

01:06:03,029 --> 01:06:00,309

office the office of the yeah pardon me

1246

01:06:05,569 --> 01:06:03,039

the tray table that was in front of me

1247

01:06:11,609 --> 01:06:05,579

and slides it so it's under my chest and

1248

01:06:16,799 --> 01:06:11,619

the making a very long story short lays

1249

01:06:20,609 --> 01:06:16,809

out six forms for me to sign I couldn't

1250

01:06:22,769 --> 01:06:20,619

read them and I said sir what are these

1251

01:06:24,660 --> 01:06:22,779

and he says these are waivers and

1252

01:06:27,059 --> 01:06:24,670

consents these give us certain rights

1253

01:06:28,859 --> 01:06:27,069

they give us rights to look to see if

1254

01:06:31,589 --> 01:06:28,869

you have any contraband do you have

1255

01:06:33,900 --> 01:06:31,599

anything that you're hiding from us no

1256

01:06:35,940 --> 01:06:33,910

sir and he says well this will give us

1257

01:06:38,370 --> 01:06:35,950

your consent you wanted that deny as

1258

01:06:38,760 --> 01:06:38,380

consent is that what you're saying or do

1259

01:06:41,220 --> 01:06:38,770

you want

1260

01:06:42,390 --> 01:06:41,230

operate with us I'm like oh no sir I

1261

01:06:45,210 --> 01:06:42,400

want to cooperate

1262

01:06:48,180 --> 01:06:45,220

you know I'm 22 I'm dumb I didn't have

1263

01:06:50,760 --> 01:06:48,190

the benefit of a law degree I signed

1264

01:06:53,160 --> 01:06:50,770

everything in front of me he scooped him

1265

01:06:55,770 --> 01:06:53,170

up put him in his little briefcase and

1266

01:06:58,140 --> 01:06:55,780

he said now what made you boys leave

1267

01:07:00,300 --> 01:06:58,150

your campsite and leave all your gear

1268

01:07:01,560 --> 01:07:00,310

there the park rangers found it and

1269

01:07:04,440 --> 01:07:01,570

that's that's how they tracked you down

1270

01:07:06,570 --> 01:07:04,450

we tracked you down why would you leave

1271

01:07:09,570 --> 01:07:06,580

your campsite and leave everything there

1272

01:07:11,850 --> 01:07:09,580

it's a plan on coming back did you have

1273

01:07:13,800 --> 01:07:11,860

a little marijuana plant somewhere out

1274

01:07:17,280 --> 01:07:13,810

there a little plot of marijuana you're

1275

01:07:20,370 --> 01:07:17,290

growing out in the forest and I thought

1276

01:07:22,830 --> 01:07:20,380

oh my god maybe they found somebody's

1277

01:07:30,600 --> 01:07:22,840

plot of marijuana and could hang it on

1278

01:07:32,580 --> 01:07:30,610

us I'm terrified and he says so tell me

1279

01:07:36,630 --> 01:07:32,590

you tell us what you did out there and I

1280

01:07:40,200 --> 01:07:36,640

told him and you know I did not tell him

1281

01:07:41,880 --> 01:07:40,210

about the UFO I just didn't do it the

1282

01:07:46,140 --> 01:07:41,890

thought of the thought of even doing it

1283

01:07:48,360 --> 01:07:46,150

never crossed my mind and I answered his

1284

01:07:49,940 --> 01:07:48,370

questions as best that I could and he

1285

01:07:55,500 --> 01:07:49,950

was just absolutely all about

1286

01:07:58,740 --> 01:07:55,510

intimidation and at the end his effect

1287

01:08:02,010 --> 01:07:58,750

changes to look kind of almost like a

1288

01:08:05,130 --> 01:08:02,020

normal human being and he leans down

1289

01:08:07,770 --> 01:08:05,140

next to my ear and says you two

1290

01:08:11,280 --> 01:08:07,780

knuckleheads stumbled onto something out

1291

01:08:15,000 --> 01:08:11,290

there didn't you and I didn't answer him

1292

01:08:16,110 --> 01:08:15,010

and he says you know what it is and I

1293

01:08:18,690 --> 01:08:16,120

know what it is

1294

01:08:20,160 --> 01:08:18,700

and I think you took pictures of it and

1295

01:08:22,950 --> 01:08:20,170

I want your pictures

1296

01:08:25,050 --> 01:08:22,960

he says that's all I need give me the

1297

01:08:28,500 --> 01:08:25,060

film from your camera that's all I'm

1298

01:08:32,370 --> 01:08:28,510

asking you for and I said sir I never

1299

01:08:37,140 --> 01:08:32,380

took a single picture and he said I

1300

01:08:42,329 --> 01:08:37,150

don't believe you and turn the lights

1301

01:08:47,210 --> 01:08:42,339

out and he left Toby and I were ordered

1302

01:08:49,769 --> 01:08:47,220

to have no contact with one another and

1303

01:08:51,450 --> 01:08:49,779

but I need that I need to move past that

1304

01:08:52,499 --> 01:08:51,460

to get to the interrogation because

1305

01:08:54,419 --> 01:08:52,509

that's important

1306

01:08:56,609 --> 01:08:54,429

you had I just want to add something in

1307

01:08:59,010 --> 01:08:56,619

there because unfortunately because our

1308

01:09:01,470 --> 01:08:59,020

time was is running out a little bit you

1309

01:09:03,689 --> 01:09:01,480

had planned to take pictures you bought

1310

01:09:06,269 --> 01:09:03,699

all kinds of film but at the very last

1311

01:09:08,760 --> 01:09:06,279

moment you forgot that and a number of

1312

01:09:13,289 --> 01:09:08,770

other things you forgot at home and it

1313

01:09:16,019 --> 01:09:13,299

sort of seemed as though it was somehow

1314

01:09:18,930 --> 01:09:16,029

you were programmed to forget it for

1315

01:09:21,090 --> 01:09:18,940

lack of a better word I'm glad you said

1316

01:09:23,669 --> 01:09:21,100

that because that's absolutely true

1317

01:09:26,269 --> 01:09:23,679

I mean we we were known as the Nerds of

1318

01:09:29,249 --> 01:09:26,279

the squadron if that makes sense and you

1319

01:09:30,510 --> 01:09:29,259

know we we did things methodically we

1320

01:09:32,579 --> 01:09:30,520

laid out with pencil and paper

1321

01:09:36,149 --> 01:09:32,589

everything we needed you know I had a

1322

01:09:39,269 --> 01:09:36,159

camp Lantern a hatchet I had I bought

1323

01:09:41,430 --> 01:09:39,279

special film for my camera and I left it

1324

01:09:44,579 --> 01:09:41,440

at home I left the key I left the camera

1325

01:09:47,640 --> 01:09:44,589

sitting on the kitchen table and the

1326

01:09:49,349 --> 01:09:47,650

lamp camp lantern and oil or the fuel

1327

01:09:53,129 --> 01:09:49,359

and a hatchet I left that in the garage

1328

01:09:55,290 --> 01:09:53,139

and Toby who was in charge of bringing

1329

01:09:59,300 --> 01:09:55,300

two six-packs of beer a dozen hot dogs

1330

01:10:02,520 --> 01:09:59,310

etc left everything in his refrigerator

1331

01:10:04,649 --> 01:10:02,530

and you know it strikes me it struck me

1332

01:10:07,080 --> 01:10:04,659

and I don't understand that we were just

1333

01:10:10,379 --> 01:10:07,090

we're just not bad inept we've who he

1334

01:10:12,870 --> 01:10:10,389

are not bad inept but this whole thing

1335

01:10:15,810 --> 01:10:12,880

was just a bumbling I do think too that

1336

01:10:18,209 --> 01:10:15,820

Toby knew where to go you know he may

1337

01:10:21,120 --> 01:10:18,219

not know that he knew where to go but he

1338

01:10:24,240 --> 01:10:21,130

knew where to go and basically after

1339

01:10:25,410 --> 01:10:24,250

this happened except for like sort of

1340

01:10:28,169 --> 01:10:25,420

one last goodbye

1341

01:10:32,040 --> 01:10:28,179

you never saw Toby again because she was

1342

01:10:36,169 --> 01:10:32,050

relocated correct yes well a couple of

1343

01:10:39,510 --> 01:10:36,179

things when when as soon as that car hit

1344

01:10:42,750 --> 01:10:39,520

pavement and we were headed back to the

1345

01:10:45,660 --> 01:10:42,760

base I looked over and Toby who I think

1346

01:10:47,310 --> 01:10:45,670

Toby was hurt a lot worse than I was and

1347

01:10:49,229 --> 01:10:47,320

he was kind of curled into a fetal

1348

01:10:53,580 --> 01:10:49,239

position on the big bench seat at this

1349

01:10:57,060 --> 01:10:53,590

old Chevy and I felt the sudden dislike

1350

01:11:01,200 --> 01:10:57,070

for the man and it actually shook my

1351
01:11:03,979 --> 01:11:01,210
head I'm thinking what what is this and

1352
01:11:06,380 --> 01:11:03,989
I thought you know this is all his fault

1353
01:11:10,220 --> 01:11:06,390
he brought you down here

1354
01:11:13,070 --> 01:11:10,230
this man's not your friend and this man

1355
01:11:15,740 --> 01:11:13,080
absolutely was my best friend but I

1356
01:11:18,410 --> 01:11:15,750
wanted nothing to do with him I didn't I

1357
01:11:19,970 --> 01:11:18,420
didn't even want to see him it's the

1358
01:11:23,990 --> 01:11:19,980
strangest thing I want nothing to do

1359
01:11:27,200 --> 01:11:24,000
with him and before he left I violated

1360
01:11:28,550 --> 01:11:27,210
no contact order I didn't want to I

1361
01:11:30,380 --> 01:11:28,560
didn't want anything to do with the guy

1362
01:11:33,170 --> 01:11:30,390
but I didn't want to say I felt the need

1363
01:11:35,570 --> 01:11:33,180

to say goodbye to him so I went to his

1364

01:11:38,410 --> 01:11:35,580

house and they were packing and they

1365

01:11:41,240 --> 01:11:38,420

were getting ready to be shipped out and

1366

01:11:43,970 --> 01:11:41,250

now Toby Toby was the kind of guy that

1367

01:11:46,610 --> 01:11:43,980

when we barbecued every other weekend or

1368

01:11:50,690 --> 01:11:46,620

so he might have two beers you know he

1369

01:11:53,420 --> 01:11:50,700

wasn't a drinker and I walk in then a.m.

1370

01:11:54,380 --> 01:11:53,430

he turns the corner and he looks like a

1371

01:11:56,540 --> 01:11:54,390

train wreck

1372

01:11:59,180 --> 01:11:56,550

and his poor guy his eyes are bloodshot

1373

01:12:03,890 --> 01:11:59,190

and he reeks of vodka it's 10 o'clock in

1374

01:12:06,170 --> 01:12:03,900

the morning and I see him and I feel

1375

01:12:08,720 --> 01:12:06,180

stunned and I looked down at my shoes

1376

01:12:11,150 --> 01:12:08,730

and I mean I should have been raced this

1377

01:12:16,340 --> 01:12:11,160

man I should have shaken his hand but I

1378

01:12:18,230 --> 01:12:16,350

didn't I just froze and and I managed to

1379

01:12:22,250 --> 01:12:18,240

say Toby I just wanted to say goodbye

1380

01:12:24,260 --> 01:12:22,260

and wish you well and he looked up at me

1381

01:12:27,410 --> 01:12:24,270

and he said it happened didn't it Terry

1382

01:12:30,890 --> 01:12:27,420

they heard us they hurt me and they hurt

1383

01:12:32,810 --> 01:12:30,900

you too and I said yeah Toby it all

1384

01:12:35,780 --> 01:12:32,820

happened and you're not going crazy

1385

01:12:39,770 --> 01:12:35,790

and I turned around and I ran out of the

1386

01:12:44,110 --> 01:12:39,780

house ad in the car and went home and

1387

01:12:52,880 --> 01:12:49,160

so the Office of Special Investigation

1388

01:12:55,970 --> 01:12:52,890

about what about six weeks into this

1389

01:12:59,900 --> 01:12:55,980

thing I I'm worried that I'm under

1390

01:13:01,610 --> 01:12:59,910

investigation so I call special agent

1391

01:13:04,340 --> 01:13:01,620

Gregory he left a business card on my

1392

01:13:07,550 --> 01:13:04,350

tray table and I said sir I have an idea

1393

01:13:09,620 --> 01:13:07,560

why don't I take a lie-detector test for

1394

01:13:13,400 --> 01:13:09,630

you I can prove I don't have any film I

1395

01:13:15,200 --> 01:13:13,410

don't I don't you know I don't I don't

1396

01:13:18,500 --> 01:13:15,210

know if you're a lot of plot you know

1397

01:13:19,850 --> 01:13:18,510

I'm not deceiving you and of course in

1398

01:13:20,310 --> 01:13:19,860

the back of my mind I'm thinking well

1399

01:13:21,600 --> 01:13:20,320

yeah you

1400

01:13:24,660 --> 01:13:21,610

we're deceiving the Spanish you're not

1401

01:13:27,359 --> 01:13:24,670

telling him about the UFO but you know I

1402

01:13:30,419 --> 01:13:27,369

just wanted this thing over with it was

1403

01:13:33,209 --> 01:13:30,429

hanging over my head and he said did you

1404

01:13:35,640 --> 01:13:33,219

have any film for me yet and I said no

1405

01:13:37,669 --> 01:13:35,650

sir and he says well we got nothing to

1406

01:13:40,680 --> 01:13:37,679

talk about

1407

01:13:44,399 --> 01:13:40,690

he said oh he said I guess you want to

1408

01:13:47,760 --> 01:13:44,409

change your blue uniform for a one

1409

01:13:49,470 --> 01:13:47,770

that's black and white with stripes is

1410

01:13:50,040 --> 01:13:49,480

that what you want meaning a prison

1411

01:13:53,879 --> 01:13:50,050

uniform

1412

01:13:56,930 --> 01:13:53,889

yes and he said I got my own lie

1413

01:14:02,640 --> 01:13:56,940

detector and he slammed the phone down

1414

01:14:07,069 --> 01:14:02,650

six weeks afterward I'm busy I'm reached

1415

01:14:10,800 --> 01:14:07,079

they re over to a supply section and

1416

01:14:12,600 --> 01:14:10,810

they my co calls me and says they want

1417

01:14:14,459 --> 01:14:12,610

to see you down at OSI headquarters

1418

01:14:16,339 --> 01:14:14,469

there'll be a car here for you shortly

1419

01:14:21,479 --> 01:14:16,349

I suggest you don't keep them waiting

1420

01:14:24,330 --> 01:14:21,489

and I owe my god and I I thought aired

1421

01:14:27,000 --> 01:14:24,340

here comes I'm you're gonna be arrested

1422

01:14:29,910 --> 01:14:27,010

I stopped to use the restaurant and

1423

01:14:33,120 --> 01:14:29,920

that's so important that I did and I'll

1424

01:14:35,010 --> 01:14:33,130

explain why and check my parents and

1425

01:14:37,080 --> 01:14:35,020

tried to look as good as I could and I I

1426
01:14:38,850 --> 01:14:37,090
ran to the fourth steps and sure enough

1427
01:14:42,600 --> 01:14:38,860
there's the blue squad car waiting for

1428
01:14:44,189 --> 01:14:42,610
me and the driver took me to OS I had

1429
01:14:47,069 --> 01:14:44,199
orders and parked the car and then

1430
01:14:49,260 --> 01:14:47,079
follow me and I followed a man went

1431
01:14:52,350 --> 01:14:49,270
through the double locked doors that

1432
01:14:56,780 --> 01:14:52,360
buzz to get you in and get you out we

1433
01:14:59,310 --> 01:14:56,790
went out a long hallway when it had

1434
01:15:02,300 --> 01:14:59,320
little little Tara Gatién rooms on

1435
01:15:05,609 --> 01:15:02,310
either side and they were ABCD

1436
01:15:09,149 --> 01:15:05,619
designated and I think we were in room D

1437
01:15:11,100 --> 01:15:09,159
and he opened the door with a key and

1438
01:15:14,189 --> 01:15:11,110

said someone will be with you shortly

1439

01:15:16,350 --> 01:15:14,199

and the door shut and I knew it was

1440

01:15:18,450 --> 01:15:16,360

locked

1441

01:15:22,470 --> 01:15:18,460

I know it was like now this is about

1442

01:15:25,770 --> 01:15:22,480

9:00 a.m. or so and there's nothing in

1443

01:15:28,890 --> 01:15:25,780

the room but a desk a comfortable desk

1444

01:15:32,000 --> 01:15:28,900

chair and three aluminum chairs those

1445

01:15:34,800 --> 01:15:32,010

fiberglass chairs like from the 60s a

1446

01:15:36,600 --> 01:15:34,810

mirror which I sized up had to

1447

01:15:38,070 --> 01:15:36,610

a two-way mirror because who's gonna be

1448

01:15:41,280 --> 01:15:38,080

grooming themselves in this

1449

01:15:43,880 --> 01:15:41,290

interrogation room and a clock oh

1450

01:15:47,700 --> 01:15:43,890

there's a little five by seven window

1451

01:15:50,940 --> 01:15:47,710

five inches by seven inch window and I

1452

01:15:55,380 --> 01:15:50,950

sat there for three hours and not a soul

1453

01:15:58,530 --> 01:15:55,390

past that window or came by and finally

1454

01:16:00,690 --> 01:15:58,540

the two agents that I said Gregory and

1455

01:16:03,180 --> 01:16:00,700

the captain they comes strolling in

1456

01:16:05,000 --> 01:16:03,190

there smiling and laughing and they came

1457

01:16:07,260 --> 01:16:05,010

in and they didn't say a word to me

1458

01:16:10,140 --> 01:16:07,270

except to make me surrender the chair

1459

01:16:14,300 --> 01:16:10,150

that was comfortable and he put me in

1460

01:16:17,100 --> 01:16:14,310

with a little fibreglass chairs and me

1461

01:16:18,720 --> 01:16:17,110

Gregory's kind of up a tease as well

1462

01:16:20,520 --> 01:16:18,730

sorry lovely I think we're putting into

1463

01:16:24,030 --> 01:16:20,530

this today for you would you like that I

1464

01:16:24,840 --> 01:16:24,040

said yes sir I'd like that very much and

1465

01:16:27,480 --> 01:16:24,850

he said you know you're gonna be

1466

01:16:29,040 --> 01:16:27,490

hypnotized today and we're going to give

1467

01:16:31,640 --> 01:16:29,050

you some medication that'll make it

1468

01:16:35,010 --> 01:16:31,650

easier for you do you understand that

1469

01:16:37,320 --> 01:16:35,020

and I said no sir I don't understand it

1470

01:16:41,940 --> 01:16:37,330

I don't know why and he cut me off

1471

01:16:44,250 --> 01:16:41,950

at the Y in my sentence and had a piece

1472

01:16:46,500 --> 01:16:44,260

of paper in his hand he slammed it down

1473

01:16:51,920 --> 01:16:46,510

in the table in front of me and said

1474

01:16:57,390 --> 01:16:51,930

this is all the why I need Sun and I

1475

01:16:59,580 --> 01:16:57,400

signed a consent this was a consent that

1476

01:17:03,960 --> 01:16:59,590

you had signed up several months before

1477

01:17:05,190 --> 01:17:03,970

so yes several months before yes okay

1478

01:17:07,320 --> 01:17:05,200

when I was in the hospital when I

1479

01:17:11,460 --> 01:17:07,330

couldn't see when I couldn't read right

1480

01:17:14,130 --> 01:17:11,470

and just then after we're doing this the

1481

01:17:16,170 --> 01:17:14,140

major knocks on a door and a captain

1482

01:17:19,940 --> 01:17:16,180

Letson and this this major comes in he's

1483

01:17:23,520 --> 01:17:19,950

wearing oak leaves but no nametag and

1484

01:17:25,890 --> 01:17:23,530

his demeanor it's odd I know he carried

1485

01:17:29,550 --> 01:17:25,900

himself like a priest or a therapist but

1486

01:17:31,140 --> 01:17:29,560

not like a military officer and he he

1487

01:17:33,120 --> 01:17:31,150

talked to the special agents for a

1488

01:17:34,860 --> 01:17:33,130

couple seconds hey are you guys doing

1489

01:17:37,800 --> 01:17:34,870

you know they talked about golf for a

1490

01:17:40,020 --> 01:17:37,810

minute or two and then he turned his

1491

01:17:42,330 --> 01:17:40,030

attention to me and says well sergeant

1492

01:17:45,570 --> 01:17:42,340

Lovelace I finally get to meet you how

1493

01:17:47,960 --> 01:17:45,580

are you and he shook my hand like he was

1494

01:17:49,850 --> 01:17:47,970

an old friend

1495

01:17:51,950 --> 01:17:49,860

and he said you know you're gonna be

1496

01:17:54,560 --> 01:17:51,960

hypnotized today I said yes sir I don't

1497

01:17:56,120 --> 01:17:54,570

understand why and he said now you're

1498

01:17:59,140 --> 01:17:56,130

not thinking about withdrawing your

1499

01:18:01,640 --> 01:17:59,150

consent is that what you're telling me I

1500

01:18:03,890 --> 01:18:01,650

said no sir no sir I want to get this

1501

01:18:07,340 --> 01:18:03,900

done sir I want to get this behind me I

1502

01:18:10,280 --> 01:18:07,350

want to move on with my life and as he

1503

01:18:12,290 --> 01:18:10,290

changed any that his demeanor turned on

1504

01:18:14,500 --> 01:18:12,300

a dime and he said well my name is major

1505

01:18:17,330 --> 01:18:14,510

brownfield but for today's exercise

1506

01:18:21,530 --> 01:18:17,340

would you just call me Brad that is my

1507

01:18:25,940 --> 01:18:21,540

name and I said yes sir and he said

1508

01:18:28,580 --> 01:18:25,950

don't you mean yes Brad and I said yes

1509

01:18:30,740 --> 01:18:28,590

yes Brad and he said for purposes of

1510

01:18:35,600 --> 01:18:30,750

this little exercise today may I call

1511

01:18:41,120 --> 01:18:35,610

you Terry it is your name and I said yes

1512

01:18:43,760 --> 01:18:41,130

Brad and he so I understand you from st.

1513

01:18:46,100 --> 01:18:43,770

Louis he started talking small chat chit

1514

01:18:49,610 --> 01:18:46,110

chit chat about st. Louis and named off

1515

01:18:52,010 --> 01:18:49,620

some landmarks and engaged me a

1516

01:18:54,050 --> 01:18:52,020

conversation and I'm thinking you know

1517

01:18:57,050 --> 01:18:54,060

my life just isn't this interesting and

1518

01:18:58,820 --> 01:18:57,060

he must have picked up on that because

1519

01:19:02,420 --> 01:18:58,830

he stopped and kind of got down to

1520

01:19:05,060 --> 01:19:02,430

business and said you know you just

1521

01:19:07,340 --> 01:19:05,070

reached over he took my my right arm and

1522

01:19:10,360 --> 01:19:07,350

laid it down to the table and he's

1523

01:19:13,100 --> 01:19:10,370

humming all the while rolls up my sleeve

1524

01:19:15,340 --> 01:19:13,110

he carried under his arm a little what

1525

01:19:17,900 --> 01:19:15,350

looked like a shaving kit it was leather

1526

01:19:20,420 --> 01:19:17,910

and a little larger than an average

1527

01:19:23,210 --> 01:19:20,430

shaving kit and then it was a little

1528

01:19:25,400 --> 01:19:23,220

white towel a hypodermic it Oh was

1529

01:19:28,100 --> 01:19:25,410

something yeah or I yellow yellow fluid

1530

01:19:30,800 --> 01:19:28,110

in it piece of rubber tubing to use as a

1531

01:19:35,600 --> 01:19:30,810

tourniquet some bandages some alcohol

1532

01:19:38,210 --> 01:19:35,610

swabs and a stethoscope and pressure

1533

01:19:40,190 --> 01:19:38,220

cuff and he laid all these things out

1534

01:19:43,430 --> 01:19:40,200

meticulously and he's humming the whole

1535

01:19:45,530 --> 01:19:43,440

while and he puts the tourniquet on and

1536

01:19:46,910 --> 01:19:45,540

he says now you know you're gonna feel a

1537

01:19:49,460 --> 01:19:46,920

little pinch here and then you're gonna

1538

01:19:52,640 --> 01:19:49,470

feel sedated and he says it's okay it'll

1539

01:19:54,860 --> 01:19:52,650

just help you remember and he said don't

1540

01:19:57,950 --> 01:19:54,870

fight it just go along with it and he

1541

01:20:00,290 --> 01:19:57,960

says you know it'll make you feel like

1542

01:20:01,790 --> 01:20:00,300

you've had a few beers and he winks at

1543

01:20:03,230 --> 01:20:01,800

me and says you look like

1544

01:20:07,340 --> 01:20:03,240

that likes to have a few beers in the

1545

01:20:11,590 --> 01:20:07,350

weekend and I thought you you lasso be

1546

01:20:15,740 --> 01:20:11,600

you know that all enlisted men drink

1547

01:20:18,320 --> 01:20:15,750

characterized me like that but he had a

1548

01:20:22,340 --> 01:20:18,330

voice he had a voice that was smooth

1549

01:20:26,510 --> 01:20:22,350

like a radio announcer and he said

1550

01:20:28,910 --> 01:20:26,520

alright I'm I'm he gave me the

1551

01:20:30,290 --> 01:20:28,920

medication and then we're gonna Isis

1552

01:20:34,070 --> 01:20:30,300

we're gonna go down to a flight of

1553

01:20:37,130 --> 01:20:34,080

stairs and in my mind's eye I had had

1554

01:20:40,160 --> 01:20:37,140

some psych classes under my belt and I

1555

01:20:43,460 --> 01:20:40,170

knew a little bit about hypnosis and I

1556

01:20:46,130 --> 01:20:43,470

knew that it could be resisted the

1557

01:20:49,430 --> 01:20:46,140

medication worried me but I knew that I

1558

01:20:54,020 --> 01:20:49,440

could resist being hypnotized and I did

1559

01:20:56,930 --> 01:20:54,030

my best to play along with it but as

1560

01:20:58,850 --> 01:20:56,940

he's when I do was he had me go okay

1561

01:21:01,370 --> 01:20:58,860

Terry I want you to take that first step

1562

01:21:04,550 --> 01:21:01,380

down the stairwell take that first step

1563

01:21:06,770 --> 01:21:04,560

and feel relaxed taking that next step

1564

01:21:08,930 --> 01:21:06,780

feeling twice as relaxed feeling

1565

01:21:12,200 --> 01:21:08,940

comfortable feeling warm feeling safe

1566

01:21:16,070 --> 01:21:12,210

taking that third step Terry feelings

1567

01:21:19,280 --> 01:21:16,080

relaxed and just as he's doing this I'm

1568

01:21:22,460 --> 01:21:19,290

drowning him out in my mind I'm trying

1569

01:21:27,320 --> 01:21:22,470

to go backward on a number line as he's

1570

01:21:30,140 --> 01:21:27,330

going down I'm counting upward and I'm

1571

01:21:33,230 --> 01:21:30,150

doing everything I can had not surrender

1572

01:21:36,770 --> 01:21:33,240

all my mind if that makes sense yeah

1573

01:21:39,740 --> 01:21:36,780

sure it sounds a lot like some youtube

1574

01:21:42,440 --> 01:21:39,750

pilot sort of downed in the Soviet Union

1575

01:21:45,680 --> 01:21:42,450

during the Cold War getting captured and

1576

01:21:47,600 --> 01:21:45,690

trying not to be hypnotized by the

1577

01:21:49,850 --> 01:21:47,610

Soviet military that's what it sounds

1578

01:21:53,090 --> 01:21:49,860

like to me mostly from having read the

1579

01:21:55,670 --> 01:21:53,100

book and your account now Oh Gary Powers

1580

01:21:58,490 --> 01:21:55,680

I know the name of the guy yeah yes I

1581

01:22:00,050 --> 01:21:58,500

think well I don't know if it was him

1582

01:22:03,620 --> 01:22:00,060

that went through it but I know that was

1583

01:22:06,890 --> 01:22:03,630

the that was the drill when the Soviets

1584

01:22:08,630 --> 01:22:06,900

would get one of our guys I made the

1585

01:22:10,910 --> 01:22:08,640

decision that I would try to bifurcate

1586

01:22:13,310 --> 01:22:10,920

my mind I would try to divide it into

1587

01:22:15,510 --> 01:22:13,320

compartments and he could have a little

1588

01:22:17,520 --> 01:22:15,520

compartment here and then

1589

01:22:20,970 --> 01:22:17,530

would have this compartment over here

1590

01:22:24,180 --> 01:22:20,980

where I would I ran through Beatle music

1591

01:22:28,020 --> 01:22:24,190

I went through the tunes I went through

1592

01:22:30,060 --> 01:22:28,030

the lyrics of Rolling Stone songs I did

1593

01:22:33,000 --> 01:22:30,070

everything I could to keep my mind as

1594

01:22:36,750 --> 01:22:33,010

occupied as possible and just enough to

1595

01:22:40,560 --> 01:22:36,760

answer his questions and what happened

1596

01:22:45,390 --> 01:22:40,570

was that medication I I resisted but

1597

01:22:47,850 --> 01:22:45,400

that medication took took effect and I

1598

01:22:52,200 --> 01:22:47,860

have some blank spots there that I can't

1599

01:22:55,050 --> 01:22:52,210

account for but I recall the captain

1600

01:22:58,440 --> 01:22:55,060

saying I'm amazed every time I see this

1601
01:23:00,140 --> 01:22:58,450
process like in a whisper and I think my

1602
01:23:07,700 --> 01:23:00,150
god how many people do they do this to

1603
01:23:10,530 --> 01:23:07,710
and then major Gregory says is he under

1604
01:23:13,860 --> 01:23:10,540
he's like oh yeah he was he was under by

1605
01:23:19,670 --> 01:23:13,870
count of three and I you're arrogant

1606
01:23:23,490 --> 01:23:19,680
uh-huh so then the questions began and

1607
01:23:26,970 --> 01:23:23,500
he asked me questions and he says now

1608
01:23:31,290 --> 01:23:26,980
Terry and his forks he had a voice you

1609
01:23:34,200 --> 01:23:31,300
wanted to listen to you wanted to he

1610
01:23:36,660 --> 01:23:34,210
said Terry I want you to tell me what

1611
01:23:39,180 --> 01:23:36,670
you saw we're gonna look around and

1612
01:23:40,290 --> 01:23:39,190
you're gonna tell me what you saw not

1613
01:23:44,930 --> 01:23:40,300

what you think

1614

01:23:49,860 --> 01:23:44,940

I want you to tell me what you saw and

1615

01:23:53,610 --> 01:23:49,870

it was crazy because in my mind's eye it

1616

01:23:55,950 --> 01:23:53,620

all came back to me and I think what he

1617

01:23:58,530 --> 01:23:55,960

did was I think he dragged this up and I

1618

01:24:01,230 --> 01:23:58,540

think he he dragged this out of my

1619

01:24:04,680 --> 01:24:01,240

subconscious and into my conscious

1620

01:24:06,090 --> 01:24:04,690

memory because I said things I couldn't

1621

01:24:11,430 --> 01:24:06,100

believe that were coming out of my mouth

1622

01:24:16,110 --> 01:24:11,440

and I had images and flashes of things

1623

01:24:19,860 --> 01:24:16,120

that they did to us on the track no clue

1624

01:24:22,230 --> 01:24:19,870

on the craft things they did to you

1625

01:24:24,750 --> 01:24:22,240

wander craft - Terry is that the things

1626

01:24:26,720 --> 01:24:24,760

we did things - yes things they did to

1627

01:24:29,430 --> 01:24:26,730

be on the craft the inside of the crowd

1628

01:24:32,729 --> 01:24:29,440

yeah I described the inside

1629

01:24:35,160 --> 01:24:32,739

and sanic rap was amazing and I could

1630

01:24:38,280 --> 01:24:35,170

see it in my mind's eye like watching

1631

01:24:40,640 --> 01:24:38,290

motion picture almost and it was just

1632

01:24:43,680 --> 01:24:40,650

enormous it was like a giant warehouse

1633

01:24:46,410 --> 01:24:43,690

it looked larger inside then it looked

1634

01:24:48,810 --> 01:24:46,420

outside and I remembered that in a

1635

01:24:51,479 --> 01:24:48,820

corner were three flying saucers there

1636

01:24:54,140 --> 01:24:51,489

were three discs parked in a row parked

1637

01:24:58,860 --> 01:24:54,150

in the line there was a moving sidewalk

1638

01:25:01,020 --> 01:24:58,870

there were people milling around there

1639

01:25:03,390 --> 01:25:01,030

were these there were the gray people

1640

01:25:04,680 --> 01:25:03,400

the little gray guys which by the way I

1641

01:25:07,410 --> 01:25:04,690

don't think those Peter I don't think

1642

01:25:10,650 --> 01:25:07,420

those were living beings I think those

1643

01:25:15,510 --> 01:25:10,660

were robots I really do and then there

1644

01:25:19,709 --> 01:25:15,520

were the the the tall alien typical

1645

01:25:23,070 --> 01:25:19,719

alien looking guys and they were walking

1646

01:25:25,650 --> 01:25:23,080

about and I remembered that as we're

1647

01:25:30,540 --> 01:25:25,660

walking along one of the alien guys

1648

01:25:33,120 --> 01:25:30,550

caught my eye and I just shivered when

1649

01:25:35,130 --> 01:25:33,130

he looked at you it was like I felt like

1650

01:25:39,180 --> 01:25:35,140

naked I felt like he knew me he felt

1651
01:25:43,410 --> 01:25:39,190
like he could see inside my head there

1652
01:25:45,750 --> 01:25:43,420
were I saw a group of 50 or 60 people

1653
01:25:51,300 --> 01:25:45,760
that were inside that thing humans

1654
01:25:53,340 --> 01:25:51,310
people have not aliens humans right and

1655
01:25:56,370 --> 01:25:53,350
it was a mixed bag of men women and

1656
01:25:59,100 --> 01:25:56,380
children and they're all standing around

1657
01:26:02,490 --> 01:25:59,110
summer nude holding their clothes as

1658
01:26:04,800 --> 01:26:02,500
summer dressed and I thought my god

1659
01:26:08,610 --> 01:26:04,810
where did these people come from you

1660
01:26:11,370 --> 01:26:08,620
know and that haunts me to this day and

1661
01:26:14,400 --> 01:26:11,380
I wonder you know what we were lucky to

1662
01:26:20,820 --> 01:26:14,410
get away what happened to those poor

1663
01:26:25,459 --> 01:26:20,830

souls I don't know and I described all

1664

01:26:30,180 --> 01:26:25,469

these things to Brad and I told him that

1665

01:26:33,930 --> 01:26:30,190

this being this hybrid being right an

1666

01:26:37,919 --> 01:26:33,940

encounter with later who I refer to as

1667

01:26:40,410 --> 01:26:37,929

Betty was walking with me and we walked

1668

01:26:43,110 --> 01:26:40,420

past there were aquariums what look like

1669

01:26:46,680 --> 01:26:43,120

aquariums on the side of the wall

1670

01:26:49,260 --> 01:26:46,690

filled with pink fluid and everything

1671

01:26:54,360 --> 01:26:49,270

else was white and the inside was

1672

01:26:57,270 --> 01:26:54,370

brilliantly lit and inside of the tank

1673

01:27:00,810 --> 01:26:57,280

there was one of these fetus like

1674

01:27:04,110 --> 01:27:00,820

looking things and it twitched and I

1675

01:27:05,730 --> 01:27:04,120

screamed I must have screamed because I

1676

01:27:08,160 --> 01:27:05,740

must have passed out

1677

01:27:11,430 --> 01:27:08,170

the next thing I recall he was taking my

1678

01:27:13,770 --> 01:27:11,440

blood pressure and saying you know he

1679

01:27:15,210 --> 01:27:13,780

was holding my hand and actually it felt

1680

01:27:18,240 --> 01:27:15,220

good to hold his head because I was

1681

01:27:19,790 --> 01:27:18,250

terrified I was so scared and he said

1682

01:27:21,540 --> 01:27:19,800

Terry you're in a warm safe place

1683

01:27:23,430 --> 01:27:21,550

nobody's gonna hurt you

1684

01:27:24,990 --> 01:27:23,440

everything is okay you're gonna

1685

01:27:27,090 --> 01:27:25,000

everything is just fine

1686

01:27:30,720 --> 01:27:27,100

you're just seeing things that are in

1687

01:27:33,330 --> 01:27:30,730

the past they can't hurt you now now

1688

01:27:35,580 --> 01:27:33,340

tell me what you saw and he pressed me

1689

01:27:39,090 --> 01:27:35,590

and I didn't want to be pressed I wanted

1690

01:27:42,360 --> 01:27:39,100

to stop sure but he pressed me and I

1691

01:27:46,020 --> 01:27:42,370

told him oh my god I told him that I

1692

01:27:49,290 --> 01:27:46,030

could hear Toby screaming I could hear

1693

01:27:51,210 --> 01:27:49,300

Toby screaming and I remember thinking

1694

01:27:54,740 --> 01:27:51,220

why are these guys why are whoa why do

1695

01:27:57,210 --> 01:27:54,750

they hurt us why are they hurting us and

1696

01:28:01,560 --> 01:27:57,220

the whole thing of course then had that

1697

01:28:03,390 --> 01:28:01,570

ring of familiarity like you know I know

1698

01:28:05,970 --> 01:28:03,400

that's all ooh I know to describe it a

1699

01:28:08,460 --> 01:28:05,980

feeling of familiarity because it had

1700

01:28:09,030 --> 01:28:08,470

happened before perhaps when you were a

1701

01:28:13,340 --> 01:28:09,040

child

1702

01:28:16,650 --> 01:28:13,350

it was a familiar scenario to you yes

1703

01:28:18,780 --> 01:28:16,660

and I recall that I was undressed at one

1704

01:28:23,580 --> 01:28:18,790

point and I was on a table and I was in

1705

01:28:27,090 --> 01:28:23,590

mobile and they were doing medical like

1706

01:28:31,970 --> 01:28:27,100

procedures on me and they took sperm

1707

01:28:34,640 --> 01:28:31,980

from me and I recall they had a machine

1708

01:28:37,860 --> 01:28:34,650

thing could it look like an oxygen mask

1709

01:28:42,090 --> 01:28:37,870

that they placed over my genitals and

1710

01:28:43,650 --> 01:28:42,100

embarrassing but and I told Brad I said

1711

01:28:50,550 --> 01:28:43,660

they put it over you and then it's like

1712

01:28:55,110 --> 01:28:50,560

BAM and you had no control over and I

1713

01:28:55,989 --> 01:28:55,120

told Brad about the woman and I going to

1714

01:29:02,830 --> 01:28:55,999

move

1715

01:29:07,000 --> 01:29:02,840

and what I called the big ship and this

1716

01:29:11,830 --> 01:29:07,010

woman and I were in a ship and I think

1717

01:29:16,779 --> 01:29:11,840

this occurred during an abduction when I

1718

01:29:19,060 --> 01:29:16,789

was child mm-hmm and I remember we were

1719

01:29:21,729 --> 01:29:19,070

looking out these gigantic windows and

1720

01:29:23,830 --> 01:29:21,739

seeing these billions of stars but there

1721

01:29:25,209 --> 01:29:23,840

was no sensation of movement I felt like

1722

01:29:29,350 --> 01:29:25,219

we were I assumed knew we were in a

1723

01:29:32,589 --> 01:29:29,360

building and suddenly the moon comes

1724

01:29:36,040 --> 01:29:32,599

from right to left and just rolls over

1725

01:29:39,430 --> 01:29:36,050

and I'm like oh my god this thing's

1726

01:29:41,830 --> 01:29:39,440

gonna hit us and telepathically she

1727

01:29:48,669 --> 01:29:41,840

assured me everything is okay everything

1728

01:29:50,739 --> 01:29:48,679

is all right and I remember asking her

1729

01:29:54,100 --> 01:29:50,749

hey I was we communicate telepathically

1730

01:29:58,029 --> 01:29:54,110

and I was wondering how big is this

1731

01:30:01,600 --> 01:29:58,039

thing and she told me in kilometres and

1732

01:30:07,359 --> 01:30:01,610

I remembered it and it was 575

1733

01:30:09,700 --> 01:30:07,369

kilometers by 75 kilometers tall and she

1734

01:30:12,430 --> 01:30:09,710

said that they can never fly in front of

1735

01:30:16,000 --> 01:30:12,440

the moon between the moon and the earth

1736

01:30:19,060 --> 01:30:16,010

and I thought why she says because this

1737

01:30:21,580 --> 01:30:19,070

is so large people will see a dot moving

1738

01:30:24,549 --> 01:30:21,590

across the moon so they can never do

1739

01:30:28,029 --> 01:30:24,559

that and she's so our home is on the

1740

01:30:31,209 --> 01:30:28,039

other side and I recall seeing the Dark

1741

01:30:34,959 --> 01:30:31,219

Side of the Moon and it was all dark or

1742

01:30:36,549 --> 01:30:34,969

a little bit and it was dark as you know

1743

01:30:38,979 --> 01:30:36,559

to a.m. anywhere on earth

1744

01:30:41,439 --> 01:30:38,989

and then I looked down through this big

1745

01:30:46,060 --> 01:30:41,449

window and I could see all these lights

1746

01:30:48,700 --> 01:30:46,070

and it was a city on the darkness but

1747

01:30:51,250 --> 01:30:48,710

it's it was curious because I mean it

1748

01:30:54,399 --> 01:30:51,260

was like flying into LAX except there

1749

01:30:57,430 --> 01:30:54,409

were no streets you know there when you

1750

01:30:59,739 --> 01:30:57,440

cities are laid out you know in a

1751

01:31:02,469 --> 01:30:59,749

pattern and there was there was no

1752

01:31:07,239 --> 01:31:02,479

pattern to this it was just random

1753

01:31:15,609 --> 01:31:12,819

and that's what I recalled Wow Terry yes

1754

01:31:18,549 --> 01:31:15,619

I'm going to have to do a little bit of

1755

01:31:21,520 --> 01:31:18,559

cutting to the chase because our program

1756

01:31:24,819 --> 01:31:21,530

is as is really over but we're going to

1757

01:31:27,100 --> 01:31:24,829

have to wrap it up in a few minutes so I

1758

01:31:31,290 --> 01:31:27,110

just I really have to appreciate you

1759

01:31:36,640 --> 01:31:31,300

telling this very interesting and

1760

01:31:40,270 --> 01:31:36,650

amazing and heartfelt story here of your

1761

01:31:42,700 --> 01:31:40,280

abduction and if I just can sort of

1762

01:31:47,350 --> 01:31:42,710

paraphrase things and cut towards the

1763

01:31:51,700 --> 01:31:47,360

end of it you kind of put this aside for

1764

01:31:58,000 --> 01:31:51,710

a number of years until you had more

1765

01:32:00,640 --> 01:31:58,010

recently in 2012 the the implant was

1766

01:32:04,120 --> 01:32:00,650

discovered and then at some juncture

1767

01:32:06,520 --> 01:32:04,130

during the night the implant was removed

1768

01:32:11,350 --> 01:32:06,530

after you were told that it would be

1769

01:32:13,899 --> 01:32:11,360

removed by the hybrid woman Betty and

1770

01:32:17,379 --> 01:32:13,909

they took it except for the two little

1771

01:32:20,589 --> 01:32:17,389

wires which remain to this day but the

1772

01:32:23,259 --> 01:32:20,599

really astounding thing which had

1773

01:32:26,830 --> 01:32:23,269

happened and the interim you finished

1774

01:32:29,529 --> 01:32:26,840

your law degree you became the assistant

1775

01:32:33,250 --> 01:32:29,539

attorney general of American Samoa if I

1776

01:32:35,950 --> 01:32:33,260

got that correctly and then and you move

1777

01:32:40,569 --> 01:32:35,960

along and Vermont oh boy you had quite

1778

01:32:42,129 --> 01:32:40,579

an illustrious career and and then after

1779

01:32:46,810 --> 01:32:42,139

this was removed

1780

01:32:51,029 --> 01:32:46,820

you went from a high end of 240 pounds

1781

01:32:54,250 --> 01:32:51,039

to your current weight of 150 pounds and

1782

01:32:57,160 --> 01:32:54,260

you've been a little bit I won't say

1783

01:32:59,979 --> 01:32:57,170

sick but you've been wasting you've had

1784

01:33:02,830 --> 01:32:59,989

some wasting away and you're still a

1785

01:33:06,669 --> 01:33:02,840

reasonably young man you're only 63

1786

01:33:09,969 --> 01:33:06,679

years old if I'm correct yes and and so

1787

01:33:12,790 --> 01:33:09,979

in a matter of several months you really

1788

01:33:15,160 --> 01:33:12,800

you lost a whole lot of weight and and

1789

01:33:17,589 --> 01:33:15,170

now you're in the process of trying to

1790

01:33:21,040 --> 01:33:17,599

keep that weight on it have I summarized

1791

01:33:23,740 --> 01:33:21,050

things correctly you are that the

1792

01:33:26,140 --> 01:33:23,750

the weight loss actually came when I

1793

01:33:29,050 --> 01:33:26,150

made the determination to write this

1794

01:33:31,060 --> 01:33:29,060

book and to tell everything because the

1795

01:33:34,210 --> 01:33:31,070

nightmares the nightmares returned it

1796

01:33:36,970 --> 01:33:34,220

was like the fact when they found these

1797

01:33:41,470 --> 01:33:36,980

things in my leg it was a catalyst that

1798

01:33:46,150 --> 01:33:41,480

just it just brought it all out and my

1799

01:33:49,660 --> 01:33:46,160

poor wife I mean she went through waking

1800

01:33:50,920 --> 01:33:49,670

up with me screaming again in the middle

1801

01:33:52,810 --> 01:33:50,930

of the night but you know what she did

1802

01:33:55,120 --> 01:33:52,820

she's a smart woman I mean I love her to

1803

01:34:00,060 --> 01:33:55,130

death we'd be together 40 some years and

1804

01:34:02,980 --> 01:34:00,070

40 I should know that 44 years but she

1805

01:34:06,630 --> 01:34:02,990

during the worst of the the nightmares

1806

01:34:09,250 --> 01:34:06,640

she suggested that I journal them and

1807

01:34:11,080 --> 01:34:09,260

she had me a spiral ring notebook and a

1808

01:34:12,610 --> 01:34:11,090

pen and she said write this stuff down

1809

01:34:14,710 --> 01:34:12,620

when you wake up and you've had this

1810

01:34:18,040 --> 01:34:14,720

nightmare write it down

1811

01:34:19,930 --> 01:34:18,050

and I did and thus we have this

1812

01:34:22,960 --> 01:34:19,940

wonderful book which I'm going to

1813

01:34:26,650 --> 01:34:22,970

mention again incident at Devil's Den a

1814

01:34:31,600 --> 01:34:26,660

1815

01:34:34,180 --> 01:34:31,610
