

1
00:00:08,570 --> 00:00:17,179

[Music]

2
00:00:25,470 --> 00:00:20,670

welcome to shattered reality with your

3
00:00:28,530 --> 00:00:25,480

hosts Kate Valentine and furs prepare to

4
00:00:34,729 --> 00:00:28,540

have your paradigm shifted into truths

5
00:00:38,220 --> 00:00:34,739

questioned and now shattered reality

6
00:00:42,540 --> 00:00:38,230

here we are again that's the truth

7
00:00:44,940 --> 00:00:42,550

uh hey Kate yes so it's faroush ahir

8
00:00:49,470 --> 00:00:44,950

version Kate foreshadowed reality

9
00:00:51,300 --> 00:00:49,480

podcast number 71 yeah yeah believe it I

10
00:00:54,150 --> 00:00:51,310

know I say this every time we go past

11
00:00:56,610 --> 00:00:54,160

each number when it seems quite amazing

12
00:00:59,130 --> 00:00:56,620

when we first started out we didn't know

13
00:01:01,470 --> 00:00:59,140

how long we could keep the the ball

14

00:01:05,730 --> 00:01:01,480

rolling here but we're doing pretty well

15

00:01:08,219 --> 00:01:05,740

and we're facing immediately in front of

16

00:01:12,270 --> 00:01:08,229

us or we just started it depending on

17

00:01:16,380 --> 00:01:12,280

how you want to look at it summer 2018

18

00:01:22,350 --> 00:01:16,390

yeah so to slate our our stuff today

19

00:01:26,700 --> 00:01:22,360

we're going to say it is June 26 2018

20

00:01:29,850 --> 00:01:26,710

and here we are at shattered reality

21

00:01:32,160 --> 00:01:29,860

once again so I've slated so what's up

22

00:01:33,630 --> 00:01:32,170

with you hey not much I'm really looking

23

00:01:36,230 --> 00:01:33,640

forward to our guest today is a

24

00:01:39,930 --> 00:01:36,240

fascinating woman that's accomplished

25

00:01:43,710 --> 00:01:39,940

terrific tasks in really what is a man's

26

00:01:46,289 --> 00:01:43,720

world in all areas of her interest so I

27

00:01:48,180 --> 00:01:46,299

I know she's been on the show before but

28

00:01:50,429 --> 00:01:48,190

I find her to be fascinating and I could

29

00:01:53,670 --> 00:01:50,439

hardly wait to speak to her again myself

30

00:01:59,520 --> 00:01:53,680

as well and I just want to add that we

31

00:02:03,570 --> 00:01:59,530

are very interested in promoting women

32

00:02:07,050 --> 00:02:03,580

who have done things in the field of the

33

00:02:10,199 --> 00:02:07,060

paranormal especially those things that

34

00:02:12,420 --> 00:02:10,209

are not claiming claiming to be

35

00:02:14,729 --> 00:02:12,430

something like I could claim to know

36

00:02:18,000 --> 00:02:14,739

everything about your history or I could

37

00:02:18,690 --> 00:02:18,010

claim somebody could claim to to to be

38

00:02:22,170 --> 00:02:18,700

have the

39

00:02:24,150 --> 00:02:22,180
system for anything but we're not

40

00:02:27,720 --> 00:02:24,160
looking for claimants but we're very

41

00:02:30,780 --> 00:02:27,730
very interested in having women on who

42

00:02:31,940 --> 00:02:30,790
are accomplished just like our guests

43

00:02:36,839 --> 00:02:31,950
today

44

00:02:40,820 --> 00:02:36,849
Irena Scot PhD welcome Irena

45

00:02:45,570 --> 00:02:40,830
it's party welcome you for having me

46

00:02:47,699 --> 00:02:45,580
it's our pleasure entirely so I wonder I

47

00:02:49,619 --> 00:02:47,709
think it since we wouldn't leave you

48

00:02:52,500 --> 00:02:49,629
waiting in the sidelines too long

49

00:02:55,880 --> 00:02:52,510
perhaps you wouldn't mind

50

00:02:58,650 --> 00:02:55,890
you know enumerated some of you our

51
00:03:00,300 --> 00:02:58,660
background in terms of education and

52
00:03:01,740 --> 00:03:00,310
where you've worked and that sort of

53
00:03:05,509 --> 00:03:01,750
thing and we'll just hold tight and

54
00:03:12,330 --> 00:03:05,519
listen because it's extremely impressive

55
00:03:15,420 --> 00:03:12,340
well I survived it anyway my career has

56
00:03:19,620 --> 00:03:15,430
been in science and I've been in UFOs as

57
00:03:21,089 --> 00:03:19,630
a hobby my PhD was from the University

58
00:03:25,860 --> 00:03:21,099
of Missouri College of Veterinary

59
00:03:28,289 --> 00:03:25,870
Medicine I did a post I had a post

60
00:03:31,500 --> 00:03:28,299
doctoral position at Cornell University

61
00:03:35,129 --> 00:03:31,510
and a professorship at st. Bonaventure

62
00:03:39,599 --> 00:03:35,139
University my MS was from the University

63
00:03:42,150 --> 00:03:39,609

of Nevada and my BS was from OSU Ohio

64

00:03:46,229 --> 00:03:42,160

State with University with majors in

65

00:03:48,270 --> 00:03:46,239

biology and astronomy I've done research

66

00:03:52,319 --> 00:03:48,280

and teaching at the University of Nevada

67

00:03:56,270 --> 00:03:52,329

and the Ohio State University College of

68

00:03:58,610 --> 00:03:56,280

Medicine I'm also well trained in

69

00:04:01,620 --> 00:03:58,620

photographic analysis and aircraft

70

00:04:04,920 --> 00:04:01,630

identification which is pertinent to my

71

00:04:09,170 --> 00:04:04,930

book yes I've been applied employed by

72

00:04:13,220 --> 00:04:09,180

the Defense Intelligence Agency dia and

73

00:04:16,710 --> 00:04:13,230

PhD level research is a gs-11 and

74

00:04:19,319 --> 00:04:16,720

satellite photography with security

75

00:04:25,050 --> 00:04:19,329

clearances that are above top-secret and

76
00:04:27,540 --> 00:04:25,060
the government I've also worked I worked

77
00:04:30,450 --> 00:04:27,550
in divisions one of them was Air order

78
00:04:32,190 --> 00:04:30,460
battle which should actually be a

79
00:04:36,720 --> 00:04:32,200
government monitoring point

80
00:04:39,390 --> 00:04:36,730
for UFO activity I've been stationed at

81
00:04:42,510 --> 00:04:39,400
wright-patterson Air Force Base and I

82
00:04:44,190 --> 00:04:42,520
knew the archivists there who showed me

83
00:04:48,660 --> 00:04:44,200
all through wright-patterson in the

84
00:04:50,310 --> 00:04:48,670
secret areas and all kinds of things and

85
00:04:51,330 --> 00:04:50,320
also I've been stationed there so that I

86
00:04:56,220 --> 00:04:51,340
could get on the base and everything

87
00:04:59,940 --> 00:04:56,230
stated in base hotel I've also been in

88
00:05:04,230 --> 00:04:59,950

plight employed in EMS level work as a

89

00:05:05,760 --> 00:05:04,240

physical science cartographer at the it

90

00:05:08,580 --> 00:05:05,770

used to be called the Aerospace Center

91

00:05:10,950 --> 00:05:08,590

and change its name several times and

92

00:05:14,760 --> 00:05:10,960

it's moved it used to be in st. Louis

93

00:05:21,090 --> 00:05:14,770

Missouri and it's these positions use

94

00:05:24,150 --> 00:05:21,100

satellite photography so that my

95

00:05:26,070 --> 00:05:24,160

experience included using satellite

96

00:05:29,130 --> 00:05:26,080

photography look at a certain area of

97

00:05:34,080 --> 00:05:29,140

the earth and identifying all flying

98

00:05:38,150 --> 00:05:34,090

craft over I've also worked at Battelle

99

00:05:40,170 --> 00:05:38,160

Memorial Institute I've been a strong

100

00:05:44,640 --> 00:05:40,180

correspondent for Popular Mechanics

101
00:05:48,180 --> 00:05:44,650
magazine with articles and photography

102
00:05:51,450 --> 00:05:48,190
in its technology update and science

103
00:05:55,220 --> 00:05:51,460
sections I was a volunteer astronomer

104
00:06:00,060 --> 00:05:55,230
the Ohio State University radio

105
00:06:03,720 --> 00:06:00,070
astronomy Tory called Big Ear and it's

106
00:06:07,140 --> 00:06:03,730
famous for the city signal oh yeah the

107
00:06:10,740 --> 00:06:07,150
WoW signal right wow signal that might

108
00:06:14,790 --> 00:06:10,750
be humanity's only signal from et and

109
00:06:17,820 --> 00:06:14,800
I'm also an amateur astronomer my

110
00:06:19,680 --> 00:06:17,830
publications include books numerous

111
00:06:22,560 --> 00:06:19,690
papers in peer-reviewed scientific

112
00:06:25,650 --> 00:06:22,570
journals articles and magazines and

113
00:06:31,340 --> 00:06:25,660

newspaper my published photography has

114

00:06:33,630 --> 00:06:31,350

appeared in magazines and on TV and I

115

00:06:36,870 --> 00:06:33,640

wanted to be an astronomer and that's

116

00:06:39,060 --> 00:06:36,880

what I started out as but at that time

117

00:06:40,890 --> 00:06:39,070

they didn't hire females and I had no

118

00:06:42,900 --> 00:06:40,900

luck at all because nobody would give me

119

00:06:45,780 --> 00:06:42,910

even an application I tried to apply

120

00:06:47,040 --> 00:06:45,790

soap into other fields

121

00:06:51,420 --> 00:06:47,050

but I've always been interested in

122

00:06:53,700 --> 00:06:51,430

astronomy so that's mine you sound

123

00:06:57,620 --> 00:06:53,710

actually I think if someone were to be

124

00:07:00,120 --> 00:06:57,630

trained in UF o identification and

125

00:07:02,580 --> 00:07:00,130

exploration and identification I mean

126

00:07:04,590 --> 00:07:02,590

you're a perfect background for that I

127

00:07:07,550 --> 00:07:04,600

think and I congratulate you on your

128

00:07:13,830 --> 00:07:07,560

career when did you find time to eat I

129

00:07:15,480 --> 00:07:13,840

have a family really really well when I

130

00:07:20,340 --> 00:07:15,490

was in school I didn't have enough money

131

00:07:23,340 --> 00:07:20,350

eat hard okay join the club right well I

132

00:07:27,300 --> 00:07:23,350

I just want to make one personal note

133

00:07:29,850 --> 00:07:27,310

before we go into our show proper and

134

00:07:33,750 --> 00:07:29,860

that is to tell you

135

00:07:37,430 --> 00:07:33,760

Irina Scott how much I enjoy the

136

00:07:40,590 --> 00:07:37,440

videocam that you set up on your

137

00:07:45,210 --> 00:07:40,600

homestead it's a small family farm kind

138

00:07:47,610 --> 00:07:45,220

of place I kind of get that idea and you

139

00:07:52,050 --> 00:07:47,620

have a videocam set up from time to time

140

00:07:54,870 --> 00:07:52,060

and you put postings up on Facebook and

141

00:07:56,850 --> 00:07:54,880

we see all these wild animals living

142

00:07:58,800 --> 00:07:56,860

right around the corner in Ohio and

143

00:08:03,030 --> 00:07:58,810

they're right around the corner here too

144

00:08:06,050 --> 00:08:03,040

in New York and New Jersey so I just

145

00:08:09,780 --> 00:08:06,060

want to thank you for that and the the

146

00:08:14,940 --> 00:08:09,790

enjoyment that that gives me but now on

147

00:08:17,850 --> 00:08:14,950

to our shattered reality subject the

148

00:08:23,130 --> 00:08:17,860

beginning of your latest book which is

149

00:08:29,120 --> 00:08:23,140

called inside the lightning ball and is

150

00:08:33,330 --> 00:08:29,130

about ball lightning and orbs and

151

00:08:35,700 --> 00:08:33,340

lightning and st. Elmo's fire is in

152

00:08:40,170 --> 00:08:35,710

there and everything and I just found

153

00:08:44,850 --> 00:08:40,180

that very very interesting and as a

154

00:08:48,740 --> 00:08:44,860

person who has seen several orbs in her

155

00:08:53,660 --> 00:08:48,750

life and who has been privileged to see

156

00:08:57,030 --> 00:08:53,670

three fireballs come down from the sky

157

00:08:59,220 --> 00:08:57,040

which I understand is unusual but only

158

00:09:01,470 --> 00:08:59,230

one of them was life through

159

00:09:04,740 --> 00:09:01,480

the other two were very interesting from

160

00:09:07,980 --> 00:09:04,750

an astronomical point of view could you

161

00:09:10,020 --> 00:09:07,990

kindly tell us how you see the

162

00:09:15,650 --> 00:09:10,030

difference between these different

163

00:09:22,470 --> 00:09:19,740

well I start I'd intended to start my

164

00:09:24,720 --> 00:09:22,480

book by saying I saw lightning ball it

165

00:09:27,210 --> 00:09:24,730

was when I was 5 years old and I was

166

00:09:28,770 --> 00:09:27,220

just gonna say that I mean what I

167

00:09:32,970 --> 00:09:28,780

originally planned to say was that I

168

00:09:35,790 --> 00:09:32,980

don't identify any thing that's flying

169

00:09:39,210 --> 00:09:35,800

around and lit up as a UFO and that I

170

00:09:40,980 --> 00:09:39,220

know prosaic things and don't think my

171

00:09:45,980 --> 00:09:40,990

experiences were with something like

172

00:09:50,340 --> 00:09:45,990

lightning balls but as I got into it I

173

00:09:54,150 --> 00:09:50,350

started to do research on lightning

174

00:09:58,680 --> 00:09:54,160

balls and the subject is a lot more

175

00:10:00,840 --> 00:09:58,690

confusing than I had an idea it was

176

00:10:09,600 --> 00:10:00,850

because science really can't explain

177

00:10:11,370 --> 00:10:09,610

lightning balls and so I mentioned that

178

00:10:13,650 --> 00:10:11,380

first experience and I was going to go

179

00:10:16,830 --> 00:10:13,660

on say well I don't think lightning

180

00:10:18,570 --> 00:10:16,840

balls or UFOs are all that and so then

181

00:10:20,670 --> 00:10:18,580

after I started doing research I found

182

00:10:22,170 --> 00:10:20,680

out science doesn't know much at all

183

00:10:25,500 --> 00:10:22,180

about lightning balls and they're just

184

00:10:29,340 --> 00:10:25,510

as mysterious as UFOs and there may be

185

00:10:31,680 --> 00:10:29,350

some overlap and so I was saying I think

186

00:10:34,080 --> 00:10:31,690

lightning balls are pertinent to

187

00:10:37,500 --> 00:10:34,090

studying lightning ball ball lightning

188

00:10:42,540 --> 00:10:37,510

is pertinent to UFOs study because some

189

00:10:46,500 --> 00:10:42,550

may be either one or both and they show

190

00:10:48,500 --> 00:10:46,510

a lot of characteristics like UFOs show

191

00:10:53,270 --> 00:10:48,510

a lot of characteristics similar to

192

00:10:56,910 --> 00:10:53,280

lightning balls in some cases and so I

193

00:10:58,940 --> 00:10:56,920

went into lightning balls more in a lot

194

00:11:01,520 --> 00:10:58,950

more detail than I intended to and

195

00:11:06,950 --> 00:11:01,530

described my own experience with

196

00:11:11,369 --> 00:11:08,819

well

197

00:11:14,100 --> 00:11:11,379

yeah my mother was hit by a ball

198

00:11:16,410 --> 00:11:14,110

lightning really yeah it just went up

199

00:11:18,059 --> 00:11:16,420

her body and then out the other side you

200

00:11:21,449 --> 00:11:18,069

know we always figured that was the way

201

00:11:23,429 --> 00:11:21,459

she was pushing that but ya know it

202

00:11:27,059 --> 00:11:23,439

really it was it did not affect her

203

00:11:29,489 --> 00:11:27,069

really she damaged you know it scared

204

00:11:32,340 --> 00:11:29,499

the hell out but no no but that's

205

00:11:34,319 --> 00:11:32,350

interesting so you're really trying to

206

00:11:38,249 --> 00:11:34,329

investigate things that have no

207

00:11:40,619 --> 00:11:38,259

explanation idiot explanation and you're

208

00:11:46,799 --> 00:11:40,629

you're right in that both objects are

209

00:11:49,590 --> 00:11:46,809

with out really ready rigorous academic

210

00:11:51,749 --> 00:11:49,600

explanation of how did you come to any

211

00:11:53,759 --> 00:11:51,759

conclusions at all because I'm really

212

00:11:55,460 --> 00:11:53,769

curious to see what you think about all

213

00:11:59,189 --> 00:11:55,470

this stuff

214

00:12:02,340 --> 00:11:59,199

well my could one main conclusion is I

215

00:12:04,350 --> 00:12:02,350

think they seem to separate lightning

216

00:12:06,419 --> 00:12:04,360

bolts from UFOs although some people

217

00:12:07,949 --> 00:12:06,429

have written books saying all UFOs are

218

00:12:11,359 --> 00:12:07,959

lightning bolts and things like that

219

00:12:14,639 --> 00:12:11,369

haha it's my opinion that since

220

00:12:18,869 --> 00:12:14,649

lightning bolts are considered prosaic

221

00:12:21,539 --> 00:12:18,879

and UFOs are not in general by science

222

00:12:24,119 --> 00:12:21,549

but they ought to study lightning balls

223

00:12:26,369 --> 00:12:24,129

more and get all their characteristics

224

00:12:27,960 --> 00:12:26,379

in which are pretty weird because they

225

00:12:31,109 --> 00:12:27,970

may go through walls and all kinds of

226

00:12:33,389 --> 00:12:31,119

things like is reported with UFOs and

227

00:12:36,059 --> 00:12:33,399

since this is something science can kind

228

00:12:38,730 --> 00:12:36,069

of grasp and study okay

229

00:12:42,449 --> 00:12:38,740

and study you in more detail mm-hmm it's

230

00:12:44,239 --> 00:12:42,459

relevant to you the UFO phenomena yes so

231

00:12:47,249 --> 00:12:44,249

this you can actually collect data on

232

00:12:51,239 --> 00:12:47,259

uh-huh okay that makes sense and then

233

00:12:54,659 --> 00:12:51,249

perhaps use that data to interpret some

234

00:12:55,289 --> 00:12:54,669

of the UFO phenomena yes yeah it's

235

00:12:59,009 --> 00:12:55,299

interesting

236

00:13:03,929 --> 00:12:59,019

well I I have something of a statement

237

00:13:06,559 --> 00:13:03,939

here and that is that um I've seen four

238

00:13:10,769 --> 00:13:06,569

orbs in my life

239

00:13:14,639 --> 00:13:10,779

two of those orbs followed along the

240

00:13:19,109 --> 00:13:14,649

baseboard of two different buildings in

241

00:13:22,410 --> 00:13:19,119

in bedrooms that I was staying in and as

242

00:13:26,250 --> 00:13:22,420

such I suppose they could have been

243

00:13:28,850 --> 00:13:26,260

ball lightning or lightning balls on the

244

00:13:32,130 --> 00:13:28,860

other hand they were both acid green and

245

00:13:38,340 --> 00:13:32,140

one of them followed the death of a dog

246

00:13:40,890 --> 00:13:38,350

of mine that being said one of them that

247

00:13:43,800 --> 00:13:40,900

I just mentioned and another one which I

248

00:13:48,840 --> 00:13:43,810

saw outdoors through the window of a

249

00:13:51,900 --> 00:13:48,850

house were connected with a woman who

250

00:13:55,550 --> 00:13:51,910

had been my friend who was not

251
00:14:01,580 --> 00:13:55,560
particularly involved with UFOs but was

252
00:14:05,820 --> 00:14:01,590
involved with earth spirituality like

253
00:14:09,740 --> 00:14:05,830
goddess studies and that sort of thing

254
00:14:16,250 --> 00:14:09,750
and she in fact took a lot of

255
00:14:20,040 --> 00:14:16,260
photographs of Lights around her

256
00:14:22,950 --> 00:14:20,050
performance of mask making and told me

257
00:14:26,220 --> 00:14:22,960
that there were lights around her and

258
00:14:31,230 --> 00:14:26,230
her then-husband all the time

259
00:14:33,450 --> 00:14:31,240
so just because the that's who I am I'm

260
00:14:36,150 --> 00:14:33,460
going to because I don't like binary

261
00:14:40,590 --> 00:14:36,160
conclusions to things I like there to be

262
00:14:42,960 --> 00:14:40,600
possibly more things available so we

263
00:14:45,270 --> 00:14:42,970

have ball lightning or lightning balls

264

00:14:46,560 --> 00:14:45,280

that apparently have something to do

265

00:14:51,330 --> 00:14:46,570

with lightning strikes

266

00:14:56,840 --> 00:14:51,340

we have orbs or similar things

267

00:15:01,170 --> 00:14:56,850

associated with UFOs and here we have

268

00:15:03,900 --> 00:15:01,180

orbs associated three times to my

269

00:15:08,640 --> 00:15:03,910

knowledge with this woman who deals with

270

00:15:12,900 --> 00:15:08,650

earth-based spirituality is partially

271

00:15:15,750 --> 00:15:12,910

Native American and you know deals with

272

00:15:21,450 --> 00:15:15,760

as I say earth-based things all the time

273

00:15:24,450 --> 00:15:21,460

so what what do you make of that Irina

274

00:15:29,310 --> 00:15:24,460

that's very interesting does she take

275

00:15:33,210 --> 00:15:29,320

photographs of her orbs well I'm gonna

276

00:15:36,220 --> 00:15:33,220

be specific here one time the orb that I

277

00:15:40,390 --> 00:15:36,230

saw was at the base board of

278

00:15:45,960 --> 00:15:40,400

mother's house where I was staying the

279

00:15:48,130 --> 00:15:45,970

mother had like maybe 15 cats and

280

00:15:50,140 --> 00:15:48,140

iverson aliy sort of felt like it might

281

00:15:52,030 --> 00:15:50,150

have been the spirit of a departed cat

282

00:15:56,410 --> 00:15:52,040

or something but I have no reason to

283

00:16:00,340 --> 00:15:56,420

claim that the second orb I saw around

284

00:16:02,800 --> 00:16:00,350

her in her environment was uh while I

285

00:16:07,620 --> 00:16:02,810

was at a house that she was living in

286

00:16:12,880 --> 00:16:07,630

renting in New York State and this was

287

00:16:14,650 --> 00:16:12,890

something that was passing by the this

288

00:16:18,220 --> 00:16:14,660

was something that was passing by the

289

00:16:23,920 --> 00:16:18,230

window and at first I thought it was

290

00:16:26,320 --> 00:16:23,930

probably a it was probably a Firefly and

291

00:16:31,410 --> 00:16:26,330

then I said wait a minute

292

00:16:35,910 --> 00:16:31,420

this was over an inch in diameter and

293

00:16:39,640 --> 00:16:35,920

had no others saw a source there was not

294

00:16:41,980 --> 00:16:39,650

blinking on and off like a Firefly which

295

00:16:44,760 --> 00:16:41,990

is reminds me of something in your book

296

00:16:48,970 --> 00:16:44,770

now in terms of her taking photographs

297

00:16:51,850 --> 00:16:48,980

she did indeed take photographs she's a

298

00:16:54,850 --> 00:16:51,860

performance artist and uh and a sculptor

299

00:16:57,820 --> 00:16:54,860

and a mask maker so she was making these

300

00:17:00,870 --> 00:16:57,830

masks and she had different women

301
00:17:07,170 --> 00:17:00,880
performing the different goddesses like

302
00:17:09,520 --> 00:17:07,180
Spider Woman and a different female

303
00:17:12,040 --> 00:17:09,530
goddesses from around the world

304
00:17:14,829 --> 00:17:12,050
particularly Native American ones and

305
00:17:17,860 --> 00:17:14,839
she had women in costumes wearing the

306
00:17:22,380 --> 00:17:17,870
masks and dancing around and when she

307
00:17:26,590 --> 00:17:22,390
took photographs of several of these

308
00:17:29,500 --> 00:17:26,600
goddess figures they had lights adhered

309
00:17:32,040 --> 00:17:29,510
to them little little tiny lights and

310
00:17:34,870 --> 00:17:32,050
and these were not being worn by the

311
00:17:38,950 --> 00:17:34,880
performers these just showed up in the

312
00:17:41,010 --> 00:17:38,960
photographs so that's that's what I have

313
00:17:44,990 --> 00:17:41,020

to say about that so

314

00:17:48,450 --> 00:17:45,000

well I think there's an overlap between

315

00:17:52,290 --> 00:17:48,460

what you'd call orbs lightning balls and

316

00:17:55,860 --> 00:17:52,300

UFOs and poltergeists because if you see

317

00:17:58,790 --> 00:17:55,870

a small thing like a small lightning

318

00:18:04,020 --> 00:17:58,800

ball at X and if anyway it might be a

319

00:18:04,740 --> 00:18:04,030

UFO or small UFO or an orb or something

320

00:18:07,500 --> 00:18:04,750

like that

321

00:18:12,330 --> 00:18:07,510

and so I was trying to my first chapter

322

00:18:14,880 --> 00:18:12,340

was on lightning balls and I was trying

323

00:18:17,390 --> 00:18:14,890

to say that there might be several

324

00:18:20,760 --> 00:18:17,400

things that lightning balls maybe a

325

00:18:25,140 --> 00:18:20,770

conglomeration as UFOs may be of several

326

00:18:27,600 --> 00:18:25,150

different things and I went into detail

327

00:18:29,850 --> 00:18:27,610

about lightning balls because after I

328

00:18:32,940 --> 00:18:29,860

thought about that who I had seen

329

00:18:35,760 --> 00:18:32,950

several and from the title of my book I

330

00:18:38,340 --> 00:18:35,770

might have even been inside one and I

331

00:18:40,950 --> 00:18:38,350

also found out that my family enstein a

332

00:18:42,870 --> 00:18:40,960

number of lightning balls - to my

333

00:18:45,960 --> 00:18:42,880

surprise apparently it's pretty rare to

334

00:18:48,120 --> 00:18:45,970

do that but I was changing my book right

335

00:18:50,310 --> 00:18:48,130

up practically until it went in the

336

00:18:55,470 --> 00:18:50,320

publication as I found out more about my

337

00:18:59,250 --> 00:18:55,480

family having sightings so anyway I was

338

00:19:01,980 --> 00:18:59,260

trying to delineate what I know about

339

00:19:07,169 --> 00:19:01,990

lightning balls and compare that to how

340

00:19:10,010 --> 00:19:07,179

they may be different from UFOs and I

341

00:19:15,450 --> 00:19:10,020

had an interesting experience that I

342

00:19:19,530 --> 00:19:15,460

talked about the name related to UFOs -

343

00:19:25,110 --> 00:19:19,540

I state I used to visit people and stay

344

00:19:29,700 --> 00:19:25,120

in his house in Texas and at one time I

345

00:19:30,210 --> 00:19:29,710

was out on patio with my video camera

346

00:19:37,380 --> 00:19:30,220

going

347

00:19:41,700 --> 00:19:37,390

and suddenly lightning hit and I think

348

00:19:45,350 --> 00:19:41,710

the both hit right beside me but I was

349

00:19:49,290 --> 00:19:45,360

on a patio that was insulated by having

350

00:19:49,700 --> 00:19:49,300

wooden posts and things and it didn't

351
00:19:53,850 --> 00:19:49,710
kill me

352
00:19:54,600 --> 00:19:53,860
well thank you this because I got a

353
00:19:55,950 --> 00:19:54,610
really close

354
00:19:58,470 --> 00:19:55,960
picture and normally it would kill a

355
00:20:00,539 --> 00:19:58,480
person and destroy the camera and

356
00:20:04,010 --> 00:20:00,549
everything I think this is a big bowl of

357
00:20:07,200 --> 00:20:04,020
lightning but my camera was working and

358
00:20:10,380 --> 00:20:07,210
it recorded this big quite out and

359
00:20:13,860 --> 00:20:10,390
that's what I saw it looked like a big

360
00:20:16,860 --> 00:20:13,870
whiteout all around me maybe with kind

361
00:20:19,770 --> 00:20:16,870
of boundaries like it was a big blob or

362
00:20:21,840 --> 00:20:19,780
something and then my eyes weren't

363
00:20:26,220 --> 00:20:21,850

working because it was so bright but my

364

00:20:29,970 --> 00:20:26,230

camera came back on and there was a cell

365

00:20:35,419 --> 00:20:29,980

tower about 125 feet away about 150 feet

366

00:20:38,580 --> 00:20:35,429

away and my camera came on after the

367

00:20:43,860 --> 00:20:38,590

point up work that happened where I was

368

00:20:47,220 --> 00:20:43,870

and then it recorded the electricity

369

00:20:54,120 --> 00:20:47,230

shorting up a guy wire from the cell

370

00:20:57,030 --> 00:20:54,130

tower and then after that the fire alarm

371

00:21:00,120 --> 00:20:57,040

went off and so you could kind of study

372

00:21:04,200 --> 00:21:00,130

what happens when lightning occurs and

373

00:21:06,570 --> 00:21:04,210

it was pretty odd because I was right

374

00:21:10,169 --> 00:21:06,580

there and I actually take the whiteout

375

00:21:11,850 --> 00:21:10,179

and then the electricity going up the

376

00:21:15,620 --> 00:21:11,860

guy wire the guy wire was a big thick

377

00:21:20,789 --> 00:21:15,630

thing and so I could figure that

378

00:21:23,580 --> 00:21:20,799

probably in a radius of like 120 feet

379

00:21:24,990 --> 00:21:23,590

around me that anybody standing on the

380

00:21:28,320 --> 00:21:25,000

ground might have got killed by that

381

00:21:30,480 --> 00:21:28,330

lightning it was really impressive and

382

00:21:32,789 --> 00:21:30,490

it was impressive because I thought I

383

00:21:37,230 --> 00:21:32,799

might have been a lightning bolt inside

384

00:21:39,360 --> 00:21:37,240

of one Wow by some definitions what was

385

00:21:42,830 --> 00:21:39,370

their storm at the time or did this just

386

00:21:46,470 --> 00:21:42,840

come out of the clear blue there were

387

00:21:50,039 --> 00:21:46,480

storm clouds and I didn't hear a thunder

388

00:21:51,750 --> 00:21:50,049

until that happened and then I I was

389

00:21:54,780 --> 00:21:51,760

kind of blinded than the Deaf and then I

390

00:21:57,659 --> 00:21:54,790

went in the house and I just don't

391

00:22:00,930 --> 00:21:57,669

remember in my terrain afterwards I'm

392

00:22:03,780 --> 00:22:00,940

not too sure yeah that was a pretty

393

00:22:06,720 --> 00:22:03,790

startling experience Wow what year was

394

00:22:08,520 --> 00:22:06,730

this it was I I'd have to look I think

395

00:22:14,640 --> 00:22:08,530

it's 2012

396

00:22:16,620 --> 00:22:14,650

or so recently yeah all right but I got

397

00:22:21,030 --> 00:22:16,630

other I had another experience in the

398

00:22:22,310 --> 00:22:21,040

same place and you've heard of the Marfa

399

00:22:26,610 --> 00:22:22,320

lights oh yes

400

00:22:29,190 --> 00:22:26,620

well the patio I was on face this big

401
00:22:31,740 --> 00:22:29,200
crater several miles that on the other

402
00:22:37,380 --> 00:22:31,750
side of the house was another patio that

403
00:22:41,990 --> 00:22:37,390
faced Marfa it was about it was about 20

404
00:22:46,740 --> 00:22:42,000
miles away and you could see it with a

405
00:22:49,440 --> 00:22:46,750
telescopic lens and I was kind of used

406
00:22:52,380 --> 00:22:49,450
to seeing Marfa and I'd looked at they

407
00:22:54,300 --> 00:22:52,390
even have a mantra viewing area for UFOs

408
00:22:55,200 --> 00:22:54,310
and things and I wasn't too impressed

409
00:22:58,770 --> 00:22:55,210
with that

410
00:23:00,060 --> 00:22:58,780
I just thought people saw cars driving

411
00:23:02,640 --> 00:23:00,070
around the mountains and saw their

412
00:23:05,160 --> 00:23:02,650
lights and things so I was very used to

413
00:23:09,270 --> 00:23:05,170

seeing Marshall but one day I went on

414

00:23:11,880 --> 00:23:09,280

the other patio facing Marfa it was

415

00:23:14,190 --> 00:23:11,890

night and there was a light that was

416

00:23:17,100 --> 00:23:14,200

hovering above Marfa it looked like it

417

00:23:20,550 --> 00:23:17,110

was it was a big light it was low and

418

00:23:23,490 --> 00:23:20,560

close to Martha and so I started filming

419

00:23:27,750 --> 00:23:23,500

it and it just stayed there without

420

00:23:30,570 --> 00:23:27,760

moving and it was 11:00 after around 12

421

00:23:33,120 --> 00:23:30,580

o'clock at night and the airport closes

422

00:23:37,710 --> 00:23:33,130

at 5:00 and there's hardly any air

423

00:23:39,120 --> 00:23:37,720

traffic around and so it just stayed

424

00:23:43,350 --> 00:23:39,130

there it didn't move like an airplane

425

00:23:48,360 --> 00:23:43,360

would and so I've gone away and it

426
00:23:49,880 --> 00:23:48,370
disappeared and reappeared but mostly it

427
00:23:52,470 --> 00:23:49,890
just it's just stayed in the same place

428
00:23:57,420 --> 00:23:52,480
which is pretty weird because airplanes

429
00:23:59,460 --> 00:23:57,430
move and you could see the Stars and

430
00:24:02,310 --> 00:23:59,470
everything but at one point I was

431
00:24:04,560 --> 00:24:02,320
filming it things lit up and I suppose

432
00:24:07,920 --> 00:24:04,570
that was ball lightning

433
00:24:10,020 --> 00:24:07,930
I mean heat lightning I don't know but

434
00:24:11,970 --> 00:24:10,030
there was something lit up what was

435
00:24:13,980 --> 00:24:11,980
happening this is a real deserted place

436
00:24:15,390 --> 00:24:13,990
there wasn't any traffic and especially

437
00:24:17,550 --> 00:24:15,400
not at night because just this

438
00:24:21,260 --> 00:24:17,560

zigzagging trail goes up and you can

439

00:24:23,450 --> 00:24:21,270

hardly drive it in a car

440

00:24:26,960 --> 00:24:23,460

and so there weren't cars running around

441

00:24:31,250 --> 00:24:26,970

to make light things like that and so

442

00:24:34,670 --> 00:24:31,260

anyway I didn't know I thought maybe

443

00:24:38,240 --> 00:24:34,680

this is a martial light but the area

444

00:24:41,090 --> 00:24:38,250

around Marfa people are familiar with

445

00:24:44,450 --> 00:24:41,100

the UFO type phenomena but there's also

446

00:24:48,560 --> 00:24:44,460

a huge amount of geological phenomena

447

00:24:50,030 --> 00:24:48,570

around larva and it's in a huge crater

448

00:24:52,720 --> 00:24:50,040

or cauldron

449

00:24:57,110 --> 00:24:52,730

I mean it's extinct for many many years

450

00:24:59,450 --> 00:24:57,120

but it was just a huge volcanic cauldron

451
00:25:04,760 --> 00:24:59,460
that was just unlike anything that's

452
00:25:07,960 --> 00:25:04,770
happened in millions of years and it was

453
00:25:11,930 --> 00:25:07,970
tied into the orogeny that made the

454
00:25:14,420 --> 00:25:11,940
Rocky Mountains and things and so anyway

455
00:25:20,300 --> 00:25:14,430
I thought that maybe this could have

456
00:25:23,390 --> 00:25:20,310
been like an earth light or a earthquake

457
00:25:26,000 --> 00:25:23,400
light or something like that and people

458
00:25:29,710 --> 00:25:26,010
have compared marshal lights to places

459
00:25:33,730 --> 00:25:29,720
where there's geological unusual

460
00:25:40,550 --> 00:25:33,740
happenings so I got to pre intersting

461
00:25:42,950 --> 00:25:40,560
videos one place well you speak of early

462
00:25:44,960 --> 00:25:42,960
experiences in your life - something

463
00:25:49,250 --> 00:25:44,970

that sort of started you off on this

464

00:25:53,600 --> 00:25:49,260

path it started me off but it wasn't

465

00:25:55,790 --> 00:25:53,610

something I knew about when my sister

466

00:25:58,010 --> 00:25:55,800

and I were very young that's one reason

467

00:26:00,320 --> 00:25:58,020

I also covered lightning balls was to

468

00:26:03,020 --> 00:26:00,330

sort of compare them to this other thing

469

00:26:04,580 --> 00:26:03,030

mm-hm and this was seemed a lot

470

00:26:06,500 --> 00:26:04,590

different from lightning balls and there

471

00:26:10,070 --> 00:26:06,510

were a lot of things I could use to

472

00:26:12,410 --> 00:26:10,080

compare and contrast when my sister and

473

00:26:14,420 --> 00:26:12,420

I were young it was my sister hadn't

474

00:26:16,600 --> 00:26:14,430

started school yet SIF she was four or

475

00:26:21,260 --> 00:26:16,610

five and I was a couple years older and

476

00:26:25,190 --> 00:26:21,270

we were in a bedroom we yeah we were in

477

00:26:28,310 --> 00:26:25,200

a farmhouse and very rural and we were

478

00:26:30,430 --> 00:26:28,320

poor and after my parents put in

479

00:26:34,850 --> 00:26:30,440

electricity that were bought one radio

480

00:26:37,610 --> 00:26:34,860

and just played particular stations so

481

00:26:39,350 --> 00:26:37,620

we never heard of UFOs or lightning

482

00:26:41,090 --> 00:26:39,360

balls or anything else so we weren't

483

00:26:44,539 --> 00:26:41,100

influenced by the media at all

484

00:26:46,730 --> 00:26:44,549

and we were both in we were in beds and

485

00:26:50,240 --> 00:26:46,740

off the sides of a room it was an attic

486

00:26:54,310 --> 00:26:50,250

room with slanted walls to the ceiling

487

00:26:56,630 --> 00:26:54,320

and things like that and we both woke up

488

00:26:59,799 --> 00:26:56,640

approximately the same time and

489

00:27:02,720 --> 00:26:59,809

something was flying around the room and

490

00:27:05,419 --> 00:27:02,730

you said yours kind of followed the

491

00:27:07,310 --> 00:27:05,429

baseboard or something it was just a

492

00:27:10,039 --> 00:27:07,320

random thing it was like it was browsing

493

00:27:12,530 --> 00:27:10,049

it just full around the room up and down

494

00:27:14,539 --> 00:27:12,540

back and forth lacrosse and like soar

495

00:27:16,909 --> 00:27:14,549

like a butterfly looking for flowers or

496

00:27:21,049 --> 00:27:16,919

something it wasn't anything that you'd

497

00:27:22,400 --> 00:27:21,059

think I was mechanical and we didn't say

498

00:27:25,030 --> 00:27:22,410

anything to each other I didn't know she

499

00:27:29,870 --> 00:27:25,040

was awake she apparently thought I was

500

00:27:34,090 --> 00:27:29,880

but we just watched it and at that young

501
00:27:37,460 --> 00:27:34,100
age we both thought this is ad normal

502
00:27:41,659 --> 00:27:37,470
because it seemed to be able to guide

503
00:27:44,810 --> 00:27:41,669
itself and it come to a wall and it

504
00:27:49,030 --> 00:27:44,820
would turn about a foot before it got

505
00:27:52,220 --> 00:27:49,040
there it kind of followed the room and

506
00:27:55,880 --> 00:27:52,230
gotten here both of us but it avoided

507
00:27:57,650 --> 00:27:55,890
the furniture the room was dark it was a

508
00:28:00,409 --> 00:27:57,660
clear night - it wasn't anything like a

509
00:28:03,440 --> 00:28:00,419
it was just a clear nice night with no

510
00:28:04,970 --> 00:28:03,450
thunder anything like that either so

511
00:28:08,600 --> 00:28:04,980
that's another reason we didn't think it

512
00:28:09,740 --> 00:28:08,610
was lightning bolt but um it just flew

513
00:28:14,060 --> 00:28:09,750

around the room like that

514

00:28:16,700 --> 00:28:14,070

and we both just watched it and then

515

00:28:19,490 --> 00:28:16,710

after a while it had been in this

516

00:28:22,850 --> 00:28:19,500

browsing motion it went to the south

517

00:28:25,850 --> 00:28:22,860

side of the room and it toward the floor

518

00:28:27,799 --> 00:28:25,860

and then it flew up to the ceiling but

519

00:28:30,409 --> 00:28:27,809

it didn't hit the ceiling it turned

520

00:28:33,370 --> 00:28:30,419

before it got to the ceiling and flung

521

00:28:36,080 --> 00:28:33,380

the ceiling to a chandelier in the room

522

00:28:38,260 --> 00:28:36,090

the chandelier was turned off so there

523

00:28:41,630 --> 00:28:38,270

shouldn't have been any electricity to

524

00:28:44,000 --> 00:28:41,640

influence it and it starts circling the

525

00:28:46,960 --> 00:28:44,010

chandelier and the walls came up close

526
00:28:49,630 --> 00:28:46,970
to the chandelier

527
00:28:52,870 --> 00:28:49,640
but it didn't feel its way around it

528
00:28:54,280 --> 00:28:52,880
didn't feel its way to to the chandelier

529
00:28:57,070 --> 00:28:54,290
or the walls or anything it just flew

530
00:28:58,810 --> 00:28:57,080
the sampler got about a certain distance

531
00:29:00,460 --> 00:28:58,820
away from it and starts circling it

532
00:29:02,380 --> 00:29:00,470
circled and circled and circled and

533
00:29:09,970 --> 00:29:02,390
circled each circle was in the same

534
00:29:14,200 --> 00:29:09,980
place and I think it speeded up and then

535
00:29:15,970 --> 00:29:14,210
it started after a while it came down so

536
00:29:19,870 --> 00:29:15,980
in sort of the spiral it was very

537
00:29:22,960 --> 00:29:19,880
geometrical right under the chandelier

538
00:29:24,550 --> 00:29:22,970

and the spiral got it was like a draw a

539

00:29:28,360 --> 00:29:24,560

line from the chandelier to the floor

540

00:29:31,540 --> 00:29:28,370

and this spiral got shorter or had less

541

00:29:34,060 --> 00:29:31,550

smaller radius as it went down and then

542

00:29:36,880 --> 00:29:34,070

suddenly both of us became absolutely

543

00:29:40,300 --> 00:29:36,890

terrified it was the most terrifying

544

00:29:43,450 --> 00:29:40,310

life we shrieked and screamed and ran

545

00:29:46,060 --> 00:29:43,460

for the stairs we fell down the stair

546

00:29:48,340 --> 00:29:46,070

steps and there was a door at the bottom

547

00:29:51,960 --> 00:29:48,350

we finally managed to get it open and

548

00:29:54,760 --> 00:29:51,970

went down screaming to our parents and

549

00:29:58,870 --> 00:29:54,770

this seemed a lot different from a

550

00:30:00,670 --> 00:29:58,880

lightning ball what was it that scared

551
00:30:03,340 --> 00:30:00,680
you so badly I mean because it does

552
00:30:06,040 --> 00:30:03,350
sound almost I know you know as you said

553
00:30:08,260 --> 00:30:06,050
you were not exposed to any events of

554
00:30:10,960 --> 00:30:08,270
that nature on the media but it didn't

555
00:30:13,510 --> 00:30:10,970
sound like that frightening other it

556
00:30:15,430 --> 00:30:13,520
would it sounded like something would

557
00:30:16,750 --> 00:30:15,440
make a child curious rather than fright

558
00:30:20,170 --> 00:30:16,760
there must have been something

559
00:30:22,450 --> 00:30:20,180
threatening about it well I've been

560
00:30:24,040 --> 00:30:22,460
discussing since my book came out I've

561
00:30:26,440 --> 00:30:24,050
been discussing out a little bit more

562
00:30:29,380 --> 00:30:26,450
with some people mm-hmm because I've

563
00:30:31,480 --> 00:30:29,390

called it you know there's anima an

564

00:30:32,920 --> 00:30:31,490

inanimate and I felt this was anima

565

00:30:34,570 --> 00:30:32,930

because it seemed to be able to guide

566

00:30:36,880 --> 00:30:34,580

itself and there were things weren't

567

00:30:41,590 --> 00:30:36,890

which didn't seem like you know just a

568

00:30:44,710 --> 00:30:41,600

physical thing but yeah I'm not too sure

569

00:30:47,620 --> 00:30:44,720

what our natural idea was but we just

570

00:30:50,230 --> 00:30:47,630

seemed curious and wondered and then we

571

00:30:52,270 --> 00:30:50,240

became absolutely terrified and it was

572

00:30:55,270 --> 00:30:52,280

like we had some kind of mind control

573

00:30:57,940 --> 00:30:55,280

because we both woke up at the same time

574

00:31:00,550 --> 00:30:57,950

for no reason at all and then we both

575

00:31:03,130 --> 00:31:00,560

became terrified the same reason

576

00:31:05,110 --> 00:31:03,140

it was like something was controlling

577

00:31:06,580 --> 00:31:05,120

our fare something you're like it just

578

00:31:10,180 --> 00:31:06,590

turn on a switch and suddenly we were

579

00:31:13,290 --> 00:31:10,190

both terrified and you have

580

00:31:17,350 --> 00:31:13,300

corroboration as I recall from the book

581

00:31:21,640 --> 00:31:17,360

that with your sister with your mother

582

00:31:26,290 --> 00:31:21,650

and also with a cousin or something that

583

00:31:29,350 --> 00:31:26,300

in fact this event did occur basically

584

00:31:32,320 --> 00:31:29,360

as you have told it I have only one

585

00:31:34,720 --> 00:31:32,330

question about the room at the time of

586

00:31:38,770 --> 00:31:34,730

the sighting was the chandelier on or

587

00:31:41,200 --> 00:31:38,780

off it was all okay it was large so we

588

00:31:46,270 --> 00:31:41,210

can rule out the idea that it was a moth

589

00:31:48,910 --> 00:31:46,280

circling the chandelier because moths do

590

00:31:53,430 --> 00:31:48,920

that sort of thing and often and their

591

00:31:58,030 --> 00:31:53,440

lives by putting their bodies on to the

592

00:31:59,950 --> 00:31:58,040

the hot bulb of the light fixture but

593

00:32:04,870 --> 00:31:59,960

the light fixture was off there was no

594

00:32:07,840 --> 00:32:04,880

light emanating from it oh this the

595

00:32:10,030 --> 00:32:07,850

object was lit I mean that's another

596

00:32:12,010 --> 00:32:10,040

thing that's odd was it looked like a

597

00:32:15,430 --> 00:32:12,020

piece of metal it was about an inch in

598

00:32:20,980 --> 00:32:15,440

diameter and it glowed and it looked

599

00:32:24,700 --> 00:32:20,990

like hot metal and so about that - it

600

00:32:28,480 --> 00:32:24,710

had power some way and it didn't just

601
00:32:32,140 --> 00:32:28,490
fly around it could fly up and then it

602
00:32:35,920 --> 00:32:32,150
circled the chandelier and if it was

603
00:32:39,130 --> 00:32:35,930
just inanimate why would Wilson circle a

604
00:32:41,670 --> 00:32:39,140
chandelier and things like that so it

605
00:32:44,740 --> 00:32:41,680
seemed like it was a lot different than

606
00:32:47,230 --> 00:32:44,750
like a moth wouldn't blow for one this

607
00:32:52,060 --> 00:32:47,240
is certainly not the moth wouldn't glow

608
00:32:54,610 --> 00:32:52,070
but I was kind of fending off certain

609
00:32:57,610 --> 00:32:54,620
comments that we might get on our

610
00:33:00,030 --> 00:32:57,620
podcast because I don't believe you

611
00:33:02,620 --> 00:33:00,040
mentioned that the light was out so I

612
00:33:04,990 --> 00:33:02,630
having read your book I know that the

613
00:33:07,570 --> 00:33:05,000

light wasn't on and that the object in

614

00:33:10,990 --> 00:33:07,580

fact glowed but I wanted you this just

615

00:33:14,259 --> 00:33:11,000

to reiterate it for our listeners I do

616

00:33:18,930 --> 00:33:14,269

want to make a point which I

617

00:33:24,359 --> 00:33:18,940

think is the central thesis of your book

618

00:33:33,479 --> 00:33:24,369

Irina and that is that scientists

619

00:33:38,579 --> 00:33:33,489

contrary to common common lor lor EU law

620

00:33:41,349 --> 00:33:38,589

scientists do in fact see UFOs and have

621

00:33:45,820 --> 00:33:41,359

paranormal phenomena happened to them a

622

00:33:49,959 --> 00:33:45,830

and B people can be multiple experiences

623

00:33:54,849 --> 00:33:49,969

and this can be very honest I know that

624

00:33:58,359 --> 00:33:54,859

my my wonderful co-host here Kate is an

625

00:34:01,799 --> 00:33:58,369

experiencer our engineer bill is an

626

00:34:05,289 --> 00:34:01,809

experiencer and I am also a multiple

627

00:34:08,260 --> 00:34:05,299

experiencers so I'm very interested in

628

00:34:11,829 --> 00:34:08,270

that thesis of the book about the

629

00:34:14,260 --> 00:34:11,839

scientists being experiencers and about

630

00:34:18,700 --> 00:34:14,270

people being multiple experiences do you

631

00:34:22,180 --> 00:34:18,710

want to speak to that well I the main

632

00:34:26,069 --> 00:34:22,190

idea behind my book is that I was

633

00:34:29,319 --> 00:34:26,079

opposing the idea that the main

634

00:34:31,750 --> 00:34:29,329

criticism used about UFOs where people

635

00:34:36,430 --> 00:34:31,760

say they didn't exist it's because they

636

00:34:38,409 --> 00:34:36,440

say science don't accept their knowledge

637

00:34:41,829 --> 00:34:38,419

UFOs and there's no peer-reviewed

638

00:34:43,720 --> 00:34:41,839

literature and so I was going against

639

00:34:46,839 --> 00:34:43,730

that by saying yes scientists do see

640

00:34:51,940 --> 00:34:46,849

UFOs in fact astronomers see more than

641

00:34:53,799 --> 00:34:51,950

normal and I don't know about peer

642

00:34:55,510 --> 00:34:53,809

review latest year but I wrote five

643

00:34:59,200 --> 00:34:55,520

papers that were in the peer-reviewed

644

00:35:02,440 --> 00:34:59,210

literature and so I think the idea that

645

00:35:04,870 --> 00:35:02,450

science doesn't accept that phenomenon

646

00:35:09,539 --> 00:35:04,880

is incorrect and I was trying to

647

00:35:12,279 --> 00:35:09,549

encourage Sciences say more I think

648

00:35:15,510 --> 00:35:12,289

scientists don't say anything and I

649

00:35:17,829 --> 00:35:15,520

think they should but I mentioned

650

00:35:21,730 --> 00:35:17,839

sightings by a number of scientists and

651
00:35:24,999 --> 00:35:21,740
one physics professor who did a real

652
00:35:27,940 --> 00:35:25,009
good study of UFOs in real time and

653
00:35:30,730 --> 00:35:27,950
everything else he said I feel

654
00:35:34,630 --> 00:35:30,740
the experiment where they had stations

655
00:35:39,089 --> 00:35:34,640
and scientists were at the stations with

656
00:35:42,250 --> 00:35:39,099
equipment and he said he saw 160 UFOs

657
00:35:45,700 --> 00:35:42,260
which you know they say scientists never

658
00:35:48,490 --> 00:35:45,710
see a one oh he certainly did and aid

659
00:35:50,950 --> 00:35:48,500
and it was scientifically validated to

660
00:35:52,569 --> 00:35:50,960
because they the station's were in

661
00:35:55,060 --> 00:35:52,579
contact with each other and they could

662
00:35:57,280 --> 00:35:55,070
tell when something flew by and they had

663
00:36:02,710 --> 00:35:57,290

standards to tell whether it's a normal

664

00:36:05,770 --> 00:36:02,720

airplane and everything like that well I

665

00:36:09,880 --> 00:36:05,780

will mention at this juncture one of my

666

00:36:12,160 --> 00:36:09,890

favorite people which is dr. Edgar

667

00:36:17,160 --> 00:36:12,170

Mitchell the late astronaut who had the

668

00:36:21,430 --> 00:36:17,170

pleasure of meeting and he had a PhD

669

00:36:27,960 --> 00:36:21,440

from MIT and that is hardly shabby and

670

00:36:30,010 --> 00:36:27,970

he was a firm believer in UFOs in

671

00:36:36,750 --> 00:36:30,020

extraterrestrial intelligence if you

672

00:36:39,579 --> 00:36:36,760

will and also he founded the ions

673

00:36:43,720 --> 00:36:39,589

Institute of noetic Sciences out in

674

00:36:47,140 --> 00:36:43,730

Petaluma California to study some of

675

00:36:50,740 --> 00:36:47,150

these phenomena and so it a lot of the

676
00:36:55,030 --> 00:36:50,750
astronauts have spoken a Gordon Cooper

677
00:36:57,250 --> 00:36:55,040
amongst them about UFOs that they saw

678
00:37:00,990 --> 00:36:57,260
now the only thing that we can debate

679
00:37:04,390 --> 00:37:01,000
about that is not the the veracity of

680
00:37:07,270 --> 00:37:04,400
dr. Mitchell or Gordon Cooper who I I

681
00:37:10,059 --> 00:37:07,280
don't know what his you know educational

682
00:37:12,069 --> 00:37:10,069
background is so I'm not giving him his

683
00:37:14,440 --> 00:37:12,079
proper due forgive me

684
00:37:17,290 --> 00:37:14,450
but I think the only thing that we can

685
00:37:20,520 --> 00:37:17,300
debate and I have no intention of

686
00:37:24,819 --> 00:37:20,530
debating it right now is whether or not

687
00:37:28,059 --> 00:37:24,829
these UFOs unidentified flying objects

688
00:37:30,460 --> 00:37:28,069

are extraterrestrial or not I mean they

689

00:37:33,329 --> 00:37:30,470

could be other things but that's beside

690

00:37:36,849 --> 00:37:33,339

the point that they exist is

691

00:37:39,370 --> 00:37:36,859

indisputable wouldn't you say yeah and I

692

00:37:41,630 --> 00:37:39,380

think the whole subject of UFOs might be

693

00:37:45,079 --> 00:37:41,640

sort of a conglomeration

694

00:37:46,549 --> 00:37:45,089

of more than one thing - because nobody

695

00:37:51,950 --> 00:37:46,559

knows what they are and so they couldn't

696

00:37:53,599 --> 00:37:51,960

be orbs et or something else the is

697

00:37:56,239 --> 00:37:53,609

beyond our understanding

698

00:37:59,299 --> 00:37:56,249

well speaking of ET no better training

699

00:38:02,180 --> 00:37:59,309

to discussing ETS and being a

700

00:38:05,180 --> 00:38:02,190

veterinarian because I'm sure life-forms

701

00:38:08,599 --> 00:38:05,190

are universal and it would be

702

00:38:11,989 --> 00:38:08,609

interesting to see if indeed they were

703

00:38:14,329 --> 00:38:11,999

et's which we all sort of I don't know I

704

00:38:18,470 --> 00:38:14,339

always hope that they are but that

705

00:38:20,870 --> 00:38:18,480

they're somewhat similar to us and not

706

00:38:23,210 --> 00:38:20,880

the cephalopods that were portrayed in

707

00:38:25,009 --> 00:38:23,220

that last movie I mean that was good but

708

00:38:29,359 --> 00:38:25,019

I'd really like to have something that

709

00:38:32,539 --> 00:38:29,369

we can identify with and since you are

710

00:38:35,029 --> 00:38:32,549

in sort of the life sciences Jill tarter

711

00:38:38,900 --> 00:38:35,039

once made a point where if the dinosaurs

712

00:38:41,809 --> 00:38:38,910

had continued to evolve they would have

713

00:38:43,999 --> 00:38:41,819

evolved into sort of a mammalian figure

714

00:38:46,999 --> 00:38:44,009

because you know the eyes are placed

715

00:38:51,529 --> 00:38:47,009

such that he did you know in other words

716

00:38:55,489 --> 00:38:51,539

to survive a human being has a lot of

717

00:38:57,890 --> 00:38:55,499

advantages if there were life on a

718

00:39:00,319 --> 00:38:57,900

similar planet to earth do you think it

719

00:39:03,249 --> 00:39:00,329

would evolve sort of the way we did and

720

00:39:05,870 --> 00:39:03,259

that type of being or what do you think

721

00:39:08,390 --> 00:39:05,880

I'm just curious I mean obviously you

722

00:39:13,640 --> 00:39:08,400

don't know unfortunately none of us do

723

00:39:16,609 --> 00:39:13,650

but what would you think well it's

724

00:39:20,239 --> 00:39:16,619

confusing because lightning balls are so

725

00:39:22,339 --> 00:39:20,249

complex mm-hmm I mean I read all these

726

00:39:24,170 --> 00:39:22,349

hate these scientific papers on

727

00:39:27,410 --> 00:39:24,180

lightning balls and they say it may

728

00:39:29,979 --> 00:39:27,420

contain the inside of the lightning ball

729

00:39:36,200 --> 00:39:29,989

may contain quantum mechanical things

730

00:39:38,680 --> 00:39:36,210

theory it positrons electrons and

731

00:39:41,690 --> 00:39:38,690

nuclear explosions and everything else

732

00:39:48,729 --> 00:39:41,700

so that insight lightning ball may be

733

00:39:52,849 --> 00:39:48,739

something really complex physics and I

734

00:39:54,870 --> 00:39:52,859

considered that - with UFOs the common

735

00:39:59,460 --> 00:39:54,880

thing is to think well

736

00:40:02,490 --> 00:39:59,470

there's human appearing pilots and they

737

00:40:04,530 --> 00:40:02,500

come from outer space and that's

738

00:40:06,630 --> 00:40:04,540

certainly a theory that makes sense and

739

00:40:08,280 --> 00:40:06,640

everything but they might be something

740

00:40:12,330 --> 00:40:08,290

totally different that we can't even

741

00:40:15,570 --> 00:40:12,340

imagine - yeah I sort of hope not

742

00:40:18,420 --> 00:40:15,580

because Magritte attend it's obviously a

743

00:40:20,520 --> 00:40:18,430

real possibility but I don't think you

744

00:40:22,920 --> 00:40:20,530

could really relate that well I mean I

745

00:40:26,070 --> 00:40:22,930

think the whole artificial intelligence

746

00:40:28,800 --> 00:40:26,080

thing starts to creep in and because

747

00:40:30,780 --> 00:40:28,810

these things are immortal and therefore

748

00:40:32,550 --> 00:40:30,790

they have all the literally all the time

749

00:40:36,000 --> 00:40:32,560

in the universe to fly around and

750

00:40:38,340 --> 00:40:36,010

investigate things but it you know it's

751
00:40:40,140 --> 00:40:38,350
not something it's something you could

752
00:40:44,460 --> 00:40:40,150
understand all but you know not really

753
00:40:45,060 --> 00:40:44,470
relate to particularly that's why who's

754
00:40:48,330 --> 00:40:45,070
your friend

755
00:40:50,220 --> 00:40:48,340
David yeah he always said you know if

756
00:40:52,950 --> 00:40:50,230
you had your druthers what would you

757
00:40:55,590 --> 00:40:52,960
hope for as far as aliens

758
00:40:58,080 --> 00:40:55,600
yeah and I think that's what I'd like

759
00:41:01,770 --> 00:40:58,090
something not quite as harsh as Klingons

760
00:41:06,000 --> 00:41:01,780
maybe Romulan there well let me let me

761
00:41:10,050 --> 00:41:06,010
make a point that you partially made in

762
00:41:14,910 --> 00:41:10,060
the book arena and that is that the

763
00:41:20,760 --> 00:41:14,920

lightning ball has been thought about as

764

00:41:24,360 --> 00:41:20,770

possibly enveloping a mini black hole

765

00:41:29,340 --> 00:41:24,370

and when you think of places like these

766

00:41:32,640 --> 00:41:29,350

portal areas of the skinwalker ranch out

767

00:41:36,570 --> 00:41:32,650

in the you need a basin in Utah comes to

768

00:41:40,640 --> 00:41:36,580

mind that there might be a portal area

769

00:41:44,610 --> 00:41:40,650

created by the lightning ball by which

770

00:41:49,710 --> 00:41:44,620

these quote-unquote others whatever they

771

00:41:54,210 --> 00:41:49,720

may be extraterrestrials beings on a

772

00:41:58,140 --> 00:41:54,220

different plane than us a different

773

00:42:00,690 --> 00:41:58,150

dimensional plane whatever they are

774

00:42:03,840 --> 00:42:00,700

people from the future or the past or

775

00:42:07,390 --> 00:42:03,850

whatever perhaps these lightning balls

776

00:42:10,900 --> 00:42:07,400

were they many black holes within

777

00:42:15,700 --> 00:42:10,910

as you have postulated might cause a

778

00:42:18,130 --> 00:42:15,710

portal area to be open yeah I mean I was

779

00:42:21,099 --> 00:42:18,140

I wasn't saying I thought they were some

780

00:42:25,150 --> 00:42:21,109

particular thing I was just saying I'm

781

00:42:27,339 --> 00:42:25,160

trying to be open-minded and consider a

782

00:42:30,880 --> 00:42:27,349

lot of possibilities because I don't

783

00:42:33,880 --> 00:42:30,890

think there's evidence that all UFOs are

784

00:42:36,880 --> 00:42:33,890

one thing and that there's a lot of

785

00:42:38,650 --> 00:42:36,890

ideas on what they might be and they you

786

00:42:40,839 --> 00:42:38,660

know I didn't want to Center on one

787

00:42:43,450 --> 00:42:40,849

thing and say oh I think they're you

788

00:42:46,150 --> 00:42:43,460

know aliens some of them may be though

789

00:42:49,240 --> 00:42:46,160

so it's good to have an open mind about

790

00:42:51,430 --> 00:42:49,250

this and weigh all possibilities and I

791

00:42:56,579 --> 00:42:51,440

will also just very quickly throw in

792

00:43:01,000 --> 00:42:56,589

there that even if a number of the UFOs

793

00:43:03,490 --> 00:43:01,010

do cause ETS to come here or there and

794

00:43:07,510 --> 00:43:03,500

and they're encased in these UFOs that

795

00:43:09,519 --> 00:43:07,520

doesn't mean that even extraterrestrials

796

00:43:11,769 --> 00:43:09,529

all come from the same place I mean the

797

00:43:16,480 --> 00:43:11,779

some could come from a different galaxy

798

00:43:19,620 --> 00:43:16,490

some could come from beta Reticuli some

799

00:43:23,670 --> 00:43:19,630

could come from the Pleiades we we just

800

00:43:27,789 --> 00:43:23,680

it's no reason for us to assume that all

801
00:43:32,410 --> 00:43:27,799
ETS come from Venus or whatever I'm

802
00:43:33,549 --> 00:43:32,420
being a little bit Phoenician Venusian

803
00:43:35,880 --> 00:43:33,559
here yeah beautiful

804
00:43:39,210 --> 00:43:35,890
I'm being a little bit humorous here but

805
00:43:44,019 --> 00:43:39,220
now perhaps you'd like to tell us about

806
00:43:47,170 --> 00:43:44,029
one of your UFO experiences as in the

807
00:43:50,559 --> 00:43:47,180
one up by Boston or one of those which

808
00:43:55,839 --> 00:43:50,569
occurred in the Ohio State University

809
00:43:59,109 --> 00:43:55,849
area the Boston one it takes it will

810
00:44:02,440 --> 00:43:59,119
take me a while I'll try to describe it

811
00:44:05,140 --> 00:44:02,450
fast it if I really describe it in

812
00:44:08,349 --> 00:44:05,150
detail take about four hours because

813
00:44:12,549 --> 00:44:08,359

it's kind of long so I will try to do it

814

00:44:16,150 --> 00:44:12,559

fast my sister and I were living on the

815

00:44:17,950 --> 00:44:16,160

East Coast I was working for the DIA as

816

00:44:20,770 --> 00:44:17,960

I mentioned and she was a true

817

00:44:23,170 --> 00:44:20,780

University taking postgraduate work

818

00:44:25,600 --> 00:44:23,180

and we wanted to see the since we were

819

00:44:30,880 --> 00:44:25,610

there we wanted to see the eastern

820

00:44:33,250 --> 00:44:30,890

states and we went up to Massachusetts

821

00:44:36,160 --> 00:44:33,260

in Boston and we were going to go on up

822

00:44:37,240 --> 00:44:36,170

and look around just to see the New

823

00:44:39,630 --> 00:44:37,250

England states

824

00:44:42,700 --> 00:44:39,640

we were planning to stay at Boston and

825

00:44:45,220 --> 00:44:42,710

we got to Boston it was still daylight

826

00:44:47,200 --> 00:44:45,230

and so he went up route three from

827

00:44:51,840 --> 00:44:47,210

Boston and later I found out that's

828

00:44:54,430 --> 00:44:51,850

where the hills had had their experience

829

00:44:58,330 --> 00:44:54,440

but we came down to Boston and we

830

00:45:00,550 --> 00:44:58,340

couldn't find a hotel and so we were

831

00:45:04,840 --> 00:45:00,560

going to look around the outer belt and

832

00:45:09,010 --> 00:45:04,850

as we were leaving Boston we saw this

833

00:45:10,480 --> 00:45:09,020

funny thing flying around it was south

834

00:45:12,280 --> 00:45:10,490

of us and it seemed to be going south

835

00:45:17,110 --> 00:45:12,290

don't seem to just have sort of an

836

00:45:19,270 --> 00:45:17,120

erratic flight pattern it wasn't like an

837

00:45:23,880 --> 00:45:19,280

airplane going straight someplace they

838

00:45:26,350 --> 00:45:23,890

just see the brows are musii around and

839

00:45:28,660 --> 00:45:26,360

my sister kept saying this is really odd

840

00:45:30,310 --> 00:45:28,670

and I kept arguing with her and saying

841

00:45:31,960 --> 00:45:30,320

it was a helicopter with its landing

842

00:45:34,390 --> 00:45:31,970

lights on I've never seen anything like

843

00:45:38,560 --> 00:45:34,400

that but I want an explanation for what

844

00:45:40,540 --> 00:45:38,570

it was and so we kept seeing it and we

845

00:45:42,280 --> 00:45:40,550

had real repressive parents we weren't

846

00:45:44,680 --> 00:45:42,290

allowed to talk about UFOs or anything

847

00:45:48,160 --> 00:45:44,690

weird but we both admitted from each

848

00:45:51,640 --> 00:45:48,170

other than that we had seen your foes

849

00:45:54,070 --> 00:45:51,650

before and anyway we kept following it

850

00:45:57,490 --> 00:45:54,080

and we kept arguing because I went to

851
00:46:00,760 --> 00:45:57,500
fine hotel and I was driving and she was

852
00:46:05,140 --> 00:46:00,770
watching it and she said what was what

853
00:46:07,180 --> 00:46:05,150
it well you couldn't miss it it was it

854
00:46:09,280 --> 00:46:07,190
was real bright light there were no

855
00:46:12,040 --> 00:46:09,290
other lights on it and it wasn't flying

856
00:46:14,410 --> 00:46:12,050
anything like an airplane and it was

857
00:46:16,870 --> 00:46:14,420
like and we could see other airplanes

858
00:46:19,480 --> 00:46:16,880
there was an airport close by we could

859
00:46:21,250 --> 00:46:19,490
see the airplanes go in and land and fly

860
00:46:22,810 --> 00:46:21,260
over and things like that and they look

861
00:46:25,690 --> 00:46:22,820
like airplanes and this didn't look

862
00:46:28,059 --> 00:46:25,700
anything like an airplane and so we kept

863
00:46:30,789 --> 00:46:28,069

following it

864

00:46:34,349 --> 00:46:30,799

and we got on route 95 and we're going

865

00:46:38,739 --> 00:46:34,359

south and there was a woods on one side

866

00:46:42,309 --> 00:46:38,749

maybe both sides and I saw this rental

867

00:46:44,499 --> 00:46:42,319

thing in the woods it wasn't moving

868

00:46:46,959 --> 00:46:44,509

it was either on or near the ground it

869

00:46:50,559 --> 00:46:46,969

was pretty close to us and it was

870

00:46:53,289 --> 00:46:50,569

flashing just to a spectrum of light it

871

00:46:55,660 --> 00:46:53,299

had a spectrum of different shades of

872

00:46:58,209 --> 00:46:55,670

red and different shades of blue it had

873

00:47:01,029 --> 00:46:58,219

sort of a dark thing over it that made

874

00:47:09,359 --> 00:47:01,039

it seem to rotate around it and I

875

00:47:13,689 --> 00:47:09,369

couldn't imagine what it was and I just

876
00:47:15,640 --> 00:47:13,699
couldn't imagine it and then as we were

877
00:47:18,670 --> 00:47:15,650
driving by the inside of our light of

878
00:47:20,380 --> 00:47:18,680
our cars lit up and green and it was

879
00:47:25,539 --> 00:47:20,390
like Christmas tree lights rumoured or

880
00:47:29,109 --> 00:47:25,549
something and I couldn't imagine what

881
00:47:30,579 --> 00:47:29,119
was happening because I looked around I

882
00:47:33,609 --> 00:47:30,589
thought there must be a beam of light

883
00:47:35,680 --> 00:47:33,619
shining into our car but I couldn't see

884
00:47:37,959 --> 00:47:35,690
a beam I couldn't see any green on the

885
00:47:39,839 --> 00:47:37,969
outside and the thing on the ground I

886
00:47:43,059 --> 00:47:39,849
thought it must be shining a beam at us

887
00:47:45,370 --> 00:47:43,069
but it was never green it was different

888
00:47:48,910 --> 00:47:45,380

it was had a spectrum but it didn't

889

00:47:53,289 --> 00:47:48,920
green and so I couldn't imagine what was

890

00:47:55,390 --> 00:47:53,299
going on and in thinking about later I

891

00:47:57,849 --> 00:47:55,400
think I would have noticed that the

892

00:48:00,400 --> 00:47:57,859
inside of other cars lit up in green and

893

00:48:02,049 --> 00:48:00,410
so I think it was something from Pacific

894

00:48:05,170 --> 00:48:02,059
to our car I didn't think about that

895

00:48:08,229 --> 00:48:05,180
then I had no idea what I mean we

896

00:48:11,349 --> 00:48:08,239
weren't into UFOs or anything I just had

897

00:48:15,279 --> 00:48:11,359
no idea but would you continue to drive

898

00:48:17,199 --> 00:48:15,289
and you continue to drive to just sort

899

00:48:19,569 --> 00:48:17,209
of follow you along or had you pulled

900

00:48:22,689 --> 00:48:19,579
over no I didn't pull over

901
00:48:25,269 --> 00:48:22,699
mm-hmm so you continue to drive and the

902
00:48:32,109 --> 00:48:25,279
like it stayed on in your car it just

903
00:48:34,239 --> 00:48:32,119
for a while okay and I I wasn't even

904
00:48:35,709 --> 00:48:34,249
thinking about UFOs if I had been I had

905
00:48:38,589 --> 00:48:35,719
taken out a camera and started taking

906
00:48:40,760 --> 00:48:38,599
pictures but I was you know looking for

907
00:48:42,920 --> 00:48:40,770
a motel and I wondered what her that was

908
00:48:46,160 --> 00:48:42,930
and my sister kept saying you know she

909
00:48:49,279 --> 00:48:46,170
thought there was a UFO up ahead and I

910
00:48:54,589 --> 00:48:49,289
was arguing with her and so anyway as we

911
00:48:58,910 --> 00:48:54,599
continued she started yelling at me to

912
00:49:01,789 --> 00:48:58,920
stop and saying that it was gonna pass

913
00:49:05,019 --> 00:49:01,799

over us if it's gonna cross the road and

914

00:49:08,329 --> 00:49:05,029

pass over us we were on a freeway and

915

00:49:10,730 --> 00:49:08,339

she was very very insistent I thought

916

00:49:14,390 --> 00:49:10,740

she was crazy and it's telling her this

917

00:49:19,039 --> 00:49:14,400

is a helicopter and anyway so I decided

918

00:49:22,579 --> 00:49:19,049

to stop and I looked over to the east I

919

00:49:25,160 --> 00:49:22,589

saw something like a meteorite a meteor

920

00:49:30,250 --> 00:49:25,170

a long ways away and then right over the

921

00:49:33,049 --> 00:49:30,260

treetops this thing came over and it was

922

00:49:35,630 --> 00:49:33,059

it's hard to say how large it was or how

923

00:49:38,690 --> 00:49:35,640

far away because it was night and I

924

00:49:43,120 --> 00:49:38,700

didn't had no idea sighs but it was very

925

00:49:47,839 --> 00:49:43,130

very clear it had seven square windows

926

00:49:49,700 --> 00:49:47,849

in a row it had a green light on a very

927

00:49:51,620 --> 00:49:49,710

small green light on one side and red

928

00:49:53,930 --> 00:49:51,630

light on the other and my sister and I

929

00:49:56,599 --> 00:49:53,940

have a whole lot of experiencing blimps

930

00:49:58,880 --> 00:49:56,609

because our family farm has a freeway

931

00:50:01,400 --> 00:49:58,890

through it as a blimp route and we've

932

00:50:04,910 --> 00:50:01,410

seen all kinds of blimps including ones

933

00:50:07,609 --> 00:50:04,920

with lit up sides and all kinds of

934

00:50:09,799 --> 00:50:07,619

things and over freeways at night so we

935

00:50:12,470 --> 00:50:09,809

had a lot of experience with that and I

936

00:50:14,359 --> 00:50:12,480

included a little picture in my book but

937

00:50:16,990 --> 00:50:14,369

I have a lot of videos of them too and

938

00:50:20,359 --> 00:50:17,000

so we were used to seeing blimps and

939

00:50:23,870 --> 00:50:20,369

this was nothing like a blimp it was

940

00:50:26,750 --> 00:50:23,880

silent and the lights had a blinking

941

00:50:29,000 --> 00:50:26,760

pattern of the of two lights the three

942

00:50:31,549 --> 00:50:29,010

lights in front and four lights and back

943

00:50:36,829 --> 00:50:31,559

could like separately and we thought

944

00:50:40,400 --> 00:50:36,839

there were windows and anyway it took me

945

00:50:44,150 --> 00:50:40,410

a while I had a camera in the car and in

946

00:50:45,799 --> 00:50:44,160

the trunk and a film in one place I had

947

00:50:48,769 --> 00:50:45,809

a thing to film the camera in the dark

948

00:50:51,349 --> 00:50:48,779

and then load it and it was a boy so it

949

00:50:54,470 --> 00:50:51,359

took a while to do that and so anyway

950

00:50:56,059 --> 00:50:54,480

the thing was right up above us

951
00:50:58,280 --> 00:50:56,069
and my sister thought it was about 70

952
00:51:01,609 --> 00:50:58,290
feet up I don't know what's going slow

953
00:51:04,010 --> 00:51:01,619
and I thought oh I'm going to get a

954
00:51:06,140 --> 00:51:04,020
picture of the inside of a UFO I mean I

955
00:51:09,410 --> 00:51:06,150
just changed my mind wasn't it wasn't no

956
00:51:12,200 --> 00:51:09,420
longer arguing my sister by then and I

957
00:51:15,920 --> 00:51:12,210
decided she was right and so I had my

958
00:51:19,870 --> 00:51:15,930
camera just ready to take a picture and

959
00:51:24,170 --> 00:51:19,880
a truck driver drove over in front of us

960
00:51:27,319 --> 00:51:24,180
and came back and he was standing came

961
00:51:29,809 --> 00:51:27,329
close to me and he asked what we were

962
00:51:32,359 --> 00:51:29,819
doing and you know we don't talk to

963
00:51:34,069 --> 00:51:32,369

strange men or say UFOs around somebody

964

00:51:36,650 --> 00:51:34,079

you know strange man at night or

965

00:51:39,799 --> 00:51:36,660

anything and there was an air plate any

966

00:51:42,620 --> 00:51:39,809

report there and so I pointed at it and

967

00:51:46,400 --> 00:51:42,630

said what's that you know like it was an

968

00:51:48,280 --> 00:51:46,410

airplane and he rotated just exactly 180

969

00:51:51,410 --> 00:51:48,290

degrees in the exact opposite direction

970

00:51:53,870 --> 00:51:51,420

look to the same altitude and said I

971

00:51:57,170 --> 00:51:53,880

don't see anything then he rotated his

972

00:52:01,819 --> 00:51:57,180

body back and you know his face pointed

973

00:52:05,390 --> 00:52:01,829

at me again and he said the same thing

974

00:52:08,210 --> 00:52:05,400

and so I pointed to it again and said

975

00:52:10,010 --> 00:52:08,220

what's that and he rotated around looked

976
00:52:14,510 --> 00:52:10,020
the opposite direction and then came

977
00:52:17,630 --> 00:52:14,520
back and pointed to his head like giving

978
00:52:21,049 --> 00:52:17,640
us a cuckoo sign and that was pretty

979
00:52:24,289 --> 00:52:21,059
weird and I just thought of this since I

980
00:52:27,410 --> 00:52:24,299
wrote the book but I mean he didn't look

981
00:52:28,940 --> 00:52:27,420
around and not see it he knew he must

982
00:52:30,710 --> 00:52:28,950
have known where it was because he could

983
00:52:32,720 --> 00:52:30,720
look in the opposite direction from

984
00:52:35,299 --> 00:52:32,730
where it was what he said and see

985
00:52:39,140 --> 00:52:35,309
anything so I'm sure he knew where it

986
00:52:41,720 --> 00:52:39,150
wasn't so anyway if I'd have thought of

987
00:52:43,039 --> 00:52:41,730
that out in the book but anyway he went

988
00:52:46,370 --> 00:52:43,049

back to his truck and sit there and

989

00:52:49,940 --> 00:52:46,380

watched this cowboy still wanted to get

990

00:52:52,549 --> 00:52:49,950

yeah and it was very intimidating and I

991

00:52:55,220 --> 00:52:52,559

still wanted to get the picture and so

992

00:52:57,799 --> 00:52:55,230

we was on the freeway and I knew I had

993

00:53:01,099 --> 00:52:57,809

to take a time exposure and there was a

994

00:53:01,370 --> 00:53:01,109

hill with some trees and so I ran up the

995

00:53:03,349 --> 00:53:01,380

hill

996

00:53:08,000 --> 00:53:03,359

unfortunately there was a bald spot on

997

00:53:09,440 --> 00:53:08,010

top of the hill and the trees Ansari

998

00:53:11,390 --> 00:53:09,450

I don't think there's too much chance of

999

00:53:13,880 --> 00:53:11,400

getting learned flares anyway but I want

1000

00:53:19,630 --> 00:53:13,890

to be real careful so very carefully aim

1001
00:53:22,490 --> 00:53:19,640
the camera and took pictures and

1002
00:53:23,840 --> 00:53:22,500
Polaroids take a while because after you

1003
00:53:26,660 --> 00:53:23,850
take the pictures you have to pull them

1004
00:53:29,270 --> 00:53:26,670
out and code them and things like that

1005
00:53:31,580 --> 00:53:29,280
so it takes a while to do all that but I

1006
00:53:34,670 --> 00:53:31,590
have the actual photograph still and

1007
00:53:36,080 --> 00:53:34,680
there's no way you could ever digitize

1008
00:53:37,970 --> 00:53:36,090
them or do anything with the computer

1009
00:53:41,330 --> 00:53:37,980
because they're just photographs

1010
00:53:43,070 --> 00:53:41,340
physical photographs but anyway and

1011
00:53:45,740 --> 00:53:43,080
these photographs are in the book

1012
00:53:47,950 --> 00:53:45,750
because we have two non photo version

1013
00:53:50,359 --> 00:53:47,960

yeah

1014

00:53:53,120 --> 00:53:50,369

there was just one of them but it's in

1015

00:53:59,109 --> 00:53:53,130

the book and analyzed because I was a

1016

00:54:04,340 --> 00:53:59,119

photo now analyzing and photo analysis

1017

00:54:08,290 --> 00:54:04,350

and so anyway what happened then was is

1018

00:54:12,230 --> 00:54:08,300

that I came down the hill and pulled the

1019

00:54:14,900 --> 00:54:12,240

foods of their backing and coded them

1020

00:54:18,050 --> 00:54:14,910

and the thing went over to the airport

1021

00:54:20,390 --> 00:54:18,060

and it began the circle this really

1022

00:54:25,970 --> 00:54:20,400

weird circle over it seemed like it was

1023

00:54:29,680 --> 00:54:25,980

over the airport and it would start well

1024

00:54:32,780 --> 00:54:29,690

wherever it started directly south and

1025

00:54:35,720 --> 00:54:32,790

turn off its lights and move in a

1026
00:54:38,630 --> 00:54:35,730
semicircle toward the north I think was

1027
00:54:41,599 --> 00:54:38,640
Glenn County clockwise and he'd turn its

1028
00:54:44,660 --> 00:54:41,609
lights on for a brief while turn him

1029
00:54:46,400 --> 00:54:44,670
back off then about 60 to 30 degrees it

1030
00:54:48,800 --> 00:54:46,410
would turning back on and then turn him

1031
00:54:51,770 --> 00:54:48,810
off then when it was directly north it

1032
00:54:54,410 --> 00:54:51,780
would be south and it was so fast you

1033
00:54:56,840 --> 00:54:54,420
couldn't even imagine it and I would

1034
00:55:00,380 --> 00:54:56,850
just remember each time it wasn't a

1035
00:55:02,780 --> 00:55:00,390
semicircle South was too fast even see

1036
00:55:04,490 --> 00:55:02,790
and then I believe my sister when she

1037
00:55:07,430 --> 00:55:04,500
said this the thing had been moving

1038
00:55:10,930 --> 00:55:07,440

really fast and she had also said that

1039

00:55:14,690 --> 00:55:10,940

um when I was taking my pictures

1040

00:55:18,230 --> 00:55:14,700

apparently the time maybe I was talking

1041

00:55:21,590 --> 00:55:18,240

to man that the big UFO with the object

1042

00:55:23,510 --> 00:55:21,600

with the seven windows was one place and

1043

00:55:25,970 --> 00:55:23,520

it was someplace else and I didn't

1044

00:55:27,800 --> 00:55:25,980

notice that at all because I think I was

1045

00:55:30,920 --> 00:55:27,810

thinking about photography and talking

1046

00:55:33,860 --> 00:55:30,930

that person but later many years later

1047

00:55:36,290 --> 00:55:33,870

when I read her right up I did think it

1048

00:55:38,570 --> 00:55:36,300

was that it wasn't exactly where I

1049

00:55:44,090 --> 00:55:38,580

thought it shouldn't be but anyway I

1050

00:55:46,790 --> 00:55:44,100

came back to the car and we didn't know

1051

00:55:48,950 --> 00:55:46,800

where it would go after we after it

1052

00:55:51,170 --> 00:55:48,960

circled the airport and we could also

1053

00:55:54,710 --> 00:55:51,180

see the planes up above and nothing was

1054

00:55:57,380 --> 00:55:54,720

landing what was there they seemed to be

1055

00:55:59,780 --> 00:55:57,390

circling the airport and anyway I

1056

00:56:02,360 --> 00:55:59,790

decided to turn my car around because I

1057

00:56:03,380 --> 00:56:02,370

thought it had been going south but for

1058

00:56:03,770 --> 00:56:03,390

some reason I thought it was gonna go

1059

00:56:06,890 --> 00:56:03,780

north

1060

00:56:09,080 --> 00:56:06,900

and so I got on the freeway and look

1061

00:56:11,300 --> 00:56:09,090

began looking for an intersection I make

1062

00:56:12,980 --> 00:56:11,310

out on the freeway thinking about it was

1063

00:56:13,550 --> 00:56:12,990

done look for an intersection turn the

1064

00:56:15,830 --> 00:56:13,560

car around

1065

00:56:18,980 --> 00:56:15,840

well the truck driver got right in

1066

00:56:21,980 --> 00:56:18,990

behind us right on our bumpers oh that's

1067

00:56:24,230 --> 00:56:21,990

creepy that's really that is creepy

1068

00:56:28,130 --> 00:56:24,240

well I thought we were gonna get killed

1069

00:56:30,400 --> 00:56:28,140

myself Wow and he he was right on my

1070

00:56:32,720 --> 00:56:30,410

bumper like right feet behind us and

1071

00:56:36,860 --> 00:56:32,730

Joanie's bright light in my mirror oh

1072

00:56:38,810 --> 00:56:36,870

well I see and I know he was chasing us

1073

00:56:40,130 --> 00:56:38,820

because if I switch lanes or slow down

1074

00:56:41,450 --> 00:56:40,140

or speed it up he did the same thing

1075

00:56:43,670 --> 00:56:41,460

mm-hmm

1076
00:56:47,420 --> 00:56:43,680
terrifying and I thought we were gonna

1077
00:56:50,270 --> 00:56:47,430
get killed and then I wanted to get away

1078
00:56:53,630 --> 00:56:50,280
from him and I couldn't figure out how

1079
00:56:55,910 --> 00:56:53,640
and so I thought I would drive down I

1080
00:56:57,740 --> 00:56:55,920
mean I was going like 80 or something as

1081
00:57:00,530 --> 00:56:57,750
fast as the car was going he was right

1082
00:57:02,870 --> 00:57:00,540
on my bumper shiny nice bright lights in

1083
00:57:05,240 --> 00:57:02,880
my face through the mirror and I

1084
00:57:07,850 --> 00:57:05,250
couldn't see a thing and so anyway I

1085
00:57:10,580 --> 00:57:07,860
thought I would go to an intersection

1086
00:57:12,230 --> 00:57:10,590
and swerve off the road from the

1087
00:57:14,870 --> 00:57:12,240
left-hand side because he wouldn't

1088
00:57:17,540 --> 00:57:14,880

expect me to do that and if there had

1089

00:57:19,160 --> 00:57:17,550

been a car going faster around him on

1090

00:57:21,080 --> 00:57:19,170

the left on the right hand side we had

1091

00:57:25,210 --> 00:57:21,090

got killed her you know had a really bad

1092

00:57:28,220 --> 00:57:25,220

accident so I did and we survived good

1093

00:57:30,980 --> 00:57:28,230

we're glad to have you here today Irena

1094

00:57:35,240 --> 00:57:30,990

that was a scary experience that's an

1095

00:57:38,180 --> 00:57:35,250

amazing story too and I'm sure are

1096

00:57:40,520 --> 00:57:38,190

listeners will want to hear the full

1097

00:57:43,760 --> 00:57:40,530

name of the book and where they might

1098

00:57:46,630 --> 00:57:43,770

get it so please go for it

1099

00:57:49,670 --> 00:57:46,640

it's cold inside the lightning bomb

1100

00:57:53,450 --> 00:57:49,680

scientific studies of lifelong UFO

1101
00:57:56,240 --> 00:57:53,460
experiences it's for sale on Amazon calm

1102
00:58:00,589 --> 00:57:56,250
and it should give show up you put the

1103
00:58:03,650 --> 00:58:00,599
name in or also have a website

1104
00:58:06,650 --> 00:58:03,660
Irina Scott and it should pop up and you

1105
00:58:09,920 --> 00:58:06,660
can order just by clicking on the book

1106
00:58:10,400 --> 00:58:09,930
on the website too so it's not hard to

1107
00:58:13,700 --> 00:58:10,410
find

1108
00:58:17,089 --> 00:58:13,710
so before we let you go because we are

1109
00:58:19,190 --> 00:58:17,099
at the our point now and we so much

1110
00:58:24,080 --> 00:58:19,200
enjoyed speaking with you and hearing

1111
00:58:29,980 --> 00:58:24,090
your your occurrences there what's up

1112
00:58:32,540 --> 00:58:29,990
next for dr. irina scott i don't know i

1113
00:58:36,140 --> 00:58:32,550

used to work at Battelle and they did

1114

00:58:39,170 --> 00:58:36,150

some investigating of UFOs and I have

1115

00:58:41,480 --> 00:58:39,180

some more material on that they had

1116

00:58:46,190 --> 00:58:41,490

really good ideas but I don't think they

1117

00:58:48,980 --> 00:58:46,200

had funding and I might think about

1118

00:58:54,140 --> 00:58:48,990

having putting some material on about

1119

00:58:56,990 --> 00:58:54,150

that that I have in otherwise I haven't

1120

00:59:00,230 --> 00:58:57,000

thought about what else well with the

1121

00:59:04,220 --> 00:59:00,240

Kree as creative of mind as yours I'm

1122

00:59:06,470 --> 00:59:04,230

sure you'll figure out something I think

1123

00:59:08,960 --> 00:59:06,480

I speak for both Kate and myself in

1124

00:59:12,500 --> 00:59:08,970

saying that it's been a real pleasure

1125

00:59:15,560 --> 00:59:12,510

and honor to have you on our show

1126
00:59:18,770 --> 00:59:15,570
shattered reality podcast for the second

1127
00:59:21,130 --> 00:59:18,780
time and keep putting out those those

1128
00:59:25,520 --> 00:59:21,140
animal videos because I just love those

1129
00:59:28,000 --> 00:59:25,530
and so thank you very much please keep

1130
00:59:30,260 --> 00:59:28,010
in touch let us know if you have a new

1131
00:59:32,570 --> 00:59:30,270
publication out whether it be a book or

1132
00:59:36,050 --> 00:59:32,580
a paper we would be more than pleased to

1133
00:59:39,620 --> 00:59:36,060
have you back on again Irena oh really

1134
00:59:42,230 --> 00:59:39,630
thank you and I was really honored so

1135
00:59:45,109 --> 00:59:42,240
thank you very much honors all ours

1136
00:59:47,300 --> 00:59:45,119
yes our pleasure entirely and thank you

1137
00:59:49,410 --> 00:59:47,310
so much for being on shattered reality

1138
00:59:51,510 --> 00:59:49,420

podcast have a good

1139

00:59:59,400 --> 00:59:51,520

good evening take care now you do too

1140

01:00:02,069 --> 00:59:59,410

both of you still here by now whoa that

1141

01:00:05,370 --> 01:00:02,079

was a scary experience Wow

1142

01:00:07,920 --> 01:00:05,380

you know it echoes the idea of men in

1143

01:00:09,630 --> 01:00:07,930

black and that sort of thing no she

1144

01:00:11,220 --> 01:00:09,640

didn't have me to mention if the guy was

1145

01:00:13,410 --> 01:00:11,230

dressed in black and it was a number of

1146

01:00:15,990 --> 01:00:13,420

years ago so I don't know whether she

1147

01:00:19,039 --> 01:00:16,000

remembered that part we should have

1148

01:00:23,760 --> 01:00:19,049

asked her perhaps for a physical version

1149

01:00:25,410 --> 01:00:23,770

mm-hmm I can still hear you oh okay what

1150

01:00:27,089 --> 01:00:25,420

do you want to quit give us and we

1151
01:00:29,039 --> 01:00:27,099
weren't saying anything bad we weren't

1152
01:00:30,980 --> 01:00:29,049
saying anything bad but did you have a

1153
01:00:34,470 --> 01:00:30,990
physical description you wanted to add

1154
01:00:36,089 --> 01:00:34,480
of the of the gentlemen of the gentleman

1155
01:00:37,829 --> 01:00:36,099
I use the word loosely since he was

1156
01:00:40,770 --> 01:00:37,839
trying to nearly run you off the road

1157
01:00:43,200 --> 01:00:40,780
the the guy and the ultra-small to a guy

1158
01:00:47,250 --> 01:00:43,210
the guy in a truck what was his physical

1159
01:00:48,809 --> 01:00:47,260
description I don't know I didn't notice

1160
01:00:51,150 --> 01:00:48,819
anything about him because when I was

1161
01:00:54,089 --> 01:00:51,160
talking to him I was also thinking about

1162
01:00:54,809 --> 01:00:54,099
I'm missing that good picture oh yeah of

1163
01:00:58,170 --> 01:00:54,819

course

1164

01:00:59,700 --> 01:00:58,180
dark and I didn't notice anything

1165

01:01:03,299 --> 01:00:59,710
unusual about his appearance but he's

1166

01:01:05,849 --> 01:01:03,309
actions were certainly on and date-date

1167

01:01:07,289 --> 01:01:05,859
they weren't yeah and he didn't have he

1168

01:01:10,049 --> 01:01:07,299
didn't seem to have an accent you know I

1169

01:01:12,059 --> 01:01:10,059
was in Boston I thought yeah you should

1170

01:01:14,430 --> 01:01:12,069
have an accent they didn't sound just

1171

01:01:18,859 --> 01:01:14,440
like you know normal didn't say you

1172

01:01:21,660 --> 01:01:18,869
can't get there from here that's right

1173

01:01:26,760 --> 01:01:21,670
in any case please people in Boston

1174

01:01:31,109 --> 01:01:26,770
forgive me no no it's not intended no

1175

01:01:34,620 --> 01:01:31,119
slur no regional Sewer intended no so

1176

01:01:36,960 --> 01:01:34,630

anyway I guess that it's will be back

1177

01:01:40,829 --> 01:01:36,970

again in a couple of weeks with a

1178

01:01:43,289 --> 01:01:40,839

fantastic new guest and you know we we

1179

01:01:47,910 --> 01:01:43,299

take a while between our podcasts

1180

01:01:50,430 --> 01:01:47,920

because we really like to be very clear

1181

01:01:53,750 --> 01:01:50,440

about who we're picking to be our guests

1182

01:01:59,130 --> 01:01:53,760

but if you dear listeners out there

1183

01:02:03,180 --> 01:01:59,140

would like to have a moment or two on

1184

01:02:06,120 --> 01:02:03,190

the show to talk about your experience

1185

01:02:09,630 --> 01:02:06,130

we occasionally have the last 15 minutes

1186

01:02:12,390 --> 01:02:09,640

of the show for listeners corner which

1187

01:02:17,279 --> 01:02:12,400

in which some of our listeners give

1188

01:02:20,759 --> 01:02:17,289

their stories of unusual paranormal

1189

01:02:23,309 --> 01:02:20,769

phenomena or get they can post it on the

1190

01:02:27,059 --> 01:02:23,319

website or not well they can yes they

1191

01:02:28,859 --> 01:02:27,069

can't post on any of our websites and

1192

01:02:32,940 --> 01:02:28,869

I'm going to go through that now a long

1193

01:02:36,479 --> 01:02:32,950

list um we are on Facebook as a radio

1194

01:02:39,089 --> 01:02:36,489

station hmm shattered reality podcast

1195

01:02:41,910 --> 01:02:39,099

but the category is radio station

1196

01:02:44,279 --> 01:02:41,920

because that's the closest category that

1197

01:02:48,329 --> 01:02:44,289

I was able to find and we really

1198

01:02:52,499 --> 01:02:48,339

appreciate any comments and also if you

1199

01:02:54,839 --> 01:02:52,509

can like our Facebook page shattered

1200

01:02:58,589 --> 01:02:54,849

reality podcast we do appreciate it and

1201
01:03:02,519 --> 01:02:58,599
comments are possible there in addition

1202
01:03:07,890 --> 01:03:02,529
all of our podcasts are on shattered

1203
01:03:11,370 --> 01:03:07,900
reality podcast wordpress.com and most

1204
01:03:17,670 --> 01:03:11,380
of them are on both shattered reality

1205
01:03:20,969 --> 01:03:17,680
podcast comm and our YouTube channel and

1206
01:03:23,940 --> 01:03:20,979
so there are a multiplicity of places

1207
01:03:26,819 --> 01:03:23,950
including iTunes where you can place a

1208
01:03:29,579 --> 01:03:26,829
comment so and stitcher radio so we've

1209
01:03:31,859 --> 01:03:29,589
got right there like 6 places for you to

1210
01:03:34,799 --> 01:03:31,869
talk to us so come out of the forest

1211
01:03:36,630 --> 01:03:34,809
come come up from the basement or down

1212
01:03:39,680 --> 01:03:36,640
from the attic or wherever the heck you

1213
01:03:43,589 --> 01:03:39,690

might be and communicate with us at

1214

01:03:46,019 --> 01:03:43,599

shattered reality podcast and so wait

1215

01:03:49,620 --> 01:03:46,029

wait a little announcement joke is June

1216

01:03:52,200 --> 01:03:49,630

26 and Saturn is in direct opposition to

1217

01:03:54,749 --> 01:03:52,210

the Sun and will be very bright in the

1218

01:03:57,029 --> 01:03:54,759

early evening sky especially around

1219

01:04:00,359 --> 01:03:57,039

midnight tonight for those of us in the

1220

01:04:03,450 --> 01:04:00,369

Northeast cool well thank you Kate and

1221

01:04:04,859 --> 01:04:03,460

if you have you its edge on to so you

1222

01:04:06,979 --> 01:04:04,869

really get a good view of the Rings

1223

01:04:09,420 --> 01:04:06,989

right I know about about what

1224

01:04:12,150 --> 01:04:09,430

magnification do you think a person

1225

01:04:14,670 --> 01:04:12,160

would have to have to get any glimpse of

1226

01:04:16,500 --> 01:04:14,680

the Rings just good fuel binoculars good

1227

01:04:18,150 --> 01:04:16,510

field binocular on it

1228

01:04:20,640 --> 01:04:18,160

I'm out there I'm gonna what look I'm

1229

01:04:23,880 --> 01:04:20,650

gonna look tonight well thank you so

1230

01:04:31,460 --> 01:04:23,890

much any other no no that's it man no
