

1  
00:00:08,530 --> 00:00:17,140

[Music]

2  
00:00:25,429 --> 00:00:20,630

welcome to shattered reality with your

3  
00:00:28,460 --> 00:00:25,439

hosts Kate Valentine and furs prepare to

4  
00:00:35,229 --> 00:00:28,470

head of paradigms shifted in the truths

5  
00:00:43,220 --> 00:00:39,230

hello listeners this is for Russia for

6  
00:00:47,090 --> 00:00:43,230

shattered reality podcast we are here on

7  
00:00:52,990 --> 00:00:47,100

a solemn occasion which is the

8  
00:00:58,819 --> 00:00:53,000

anniversary of 9/11 it is September 11th

9  
00:01:04,160 --> 00:00:58,829

2018 and it is a gain a Tuesday

10  
00:01:11,209 --> 00:01:04,170

just like the day in 2001 when the

11  
00:01:15,050 --> 00:01:11,219

horrific incidents rained down upon New

12  
00:01:19,639 --> 00:01:15,060

York City and Washington and a field

13  
00:01:22,849 --> 00:01:19,649

somewhere in Pennsylvania so we are

14

00:01:25,969 --> 00:01:22,859

going to do some talking about 9/11 at

15

00:01:32,719 --> 00:01:25,979

the end of our show but to start out

16

00:01:35,569 --> 00:01:32,729

with we have a wonderful author to talk

17

00:01:39,230 --> 00:01:35,579

with today but I wanted to say first

18

00:01:45,709 --> 00:01:39,240

that unfortunately due to unforeseen

19

00:01:49,099 --> 00:01:45,719

circumstances my co-host and partner in

20

00:01:52,160 --> 00:01:49,109

crime here Kate Valentine is not here

21

00:01:54,679 --> 00:01:52,170

due to unforeseen circumstances beyond

22

00:01:58,550 --> 00:01:54,689

her control she would have have loved to

23

00:02:02,959 --> 00:01:58,560

speak to our guests as I hope I will too

24

00:02:06,649 --> 00:02:02,969

and our guest today has a book out a new

25

00:02:09,529 --> 00:02:06,659

book called time loops he is also the

26

00:02:13,520 --> 00:02:09,539

author of a very interesting blog called

27

00:02:16,850 --> 00:02:13,530

the nightshirt and let's welcome eric

28

00:02:19,160 --> 00:02:16,860

worre go to shattered reality hi Eric

29

00:02:19,430 --> 00:02:19,170

how you doing today I peruse I'm doing

30

00:02:22,130 --> 00:02:19,440

great

31

00:02:26,660 --> 00:02:22,140

good so you're speaking to us from

32

00:02:29,450 --> 00:02:26,670

Denver Colorado avoiding any chance of

33

00:02:31,640 --> 00:02:29,460

getting hit with a hurricane here on the

34

00:02:34,670 --> 00:02:31,650

East Coast which looks like is coming

35

00:02:37,460 --> 00:02:34,680

down these coasts a bit from the New

36

00:02:39,500 --> 00:02:37,470

York New Jersey metropolitan area it's

37

00:02:42,500 --> 00:02:39,510

gonna hit somewhere in North Carolina

38

00:02:45,860 --> 00:02:42,510

they tell us yes doesn't look good yeah

39

00:02:47,870 --> 00:02:45,870

I live in Washington DC but saving some

40

00:02:50,120 --> 00:02:47,880

couple weeks went on mom's house here

41

00:02:53,720 --> 00:02:50,130

and the foothills outside of Denver it's

42

00:02:56,690 --> 00:02:53,730

lovely here so happy that I'll be

43

00:02:58,960 --> 00:02:56,700

missing all the bad weather yes I'm a

44

00:03:01,310 --> 00:02:58,970

little bit I'm a little bit envious of

45

00:03:02,950 --> 00:03:01,320

people in places where the weather is

46

00:03:08,200 --> 00:03:02,960

good because we've had nothing but

47

00:03:12,590 --> 00:03:08,210

constant rain here in the metro area so

48

00:03:15,650 --> 00:03:12,600

you have had a very very interesting

49

00:03:20,690 --> 00:03:15,660

blog for a while call the nightshirt and

50

00:03:23,840 --> 00:03:20,700

I have read a number of the blog posts

51  
00:03:27,400 --> 00:03:23,850  
that you have written but now you have

52  
00:03:31,550 --> 00:03:27,410  
kind of put all your knowledge together

53  
00:03:34,820 --> 00:03:31,560  
into this book called time loops now I

54  
00:03:37,940 --> 00:03:34,830  
am I I apologize that I did not mention

55  
00:03:42,260 --> 00:03:37,950  
to start off with that you have a PhD in

56  
00:03:45,380 --> 00:03:42,270  
anthropology from Emory University is

57  
00:03:49,690 --> 00:03:45,390  
that correct that's correct yes okay and

58  
00:03:53,710 --> 00:03:49,700  
I find it interesting that you in

59  
00:03:57,500 --> 00:03:53,720  
writing about an ESP phenomena called

60  
00:04:02,690 --> 00:03:57,510  
precognition that you have taken more

61  
00:04:04,040 --> 00:04:02,700  
physics approach to the subject well you

62  
00:04:05,990 --> 00:04:04,050  
know if you're gonna write about this

63  
00:04:10,130 --> 00:04:06,000

subject you kinda have to deal with the

64

00:04:12,500 --> 00:04:10,140

physics honestly the physics part of the

65

00:04:14,360 --> 00:04:12,510

book which i think is probably the most

66

00:04:16,430 --> 00:04:14,370

challenging part of the book and I hope

67

00:04:17,810 --> 00:04:16,440

people you know if they find it too

68

00:04:20,090 --> 00:04:17,820

difficult will just sort of skip past

69

00:04:21,740 --> 00:04:20,100

those chapters because because it's it's

70

00:04:25,700 --> 00:04:21,750

tough it's tough stuff and it's

71

00:04:27,200 --> 00:04:25,710

certainly not my you know what I feel

72

00:04:29,210 --> 00:04:27,210

most comfortable with but I've spent a

73

00:04:30,610 --> 00:04:29,220

last few years you know really trying to

74

00:04:33,129 --> 00:04:30,620

delve into it and

75

00:04:36,159 --> 00:04:33,139

and understand it too at least a degree

76

00:04:38,140 --> 00:04:36,169

you know I'm never to read all those

77

00:04:40,240 --> 00:04:38,150

equations and everything but well does

78

00:04:43,060 --> 00:04:40,250

anybody totally understand this even

79

00:04:44,950 --> 00:04:43,070

before studying it isn't that part of it

80

00:04:46,840 --> 00:04:44,960

well that's just it and that's actually

81

00:04:49,030 --> 00:04:46,850

what's so fascinating about it the more

82

00:04:51,210 --> 00:04:49,040

you get into quantum physics

83

00:04:56,280 --> 00:04:51,220

specifically you realize well there

84

00:04:59,890 --> 00:04:56,290

there are multiple interpretations of

85

00:05:03,370 --> 00:04:59,900

the what's observed in laboratories and

86

00:05:07,439 --> 00:05:03,380

these interpretations are vastly at odds

87

00:05:11,500 --> 00:05:07,449

with each other so no one understands it

88

00:05:15,370 --> 00:05:11,510

really and they all disagree wildly

89

00:05:19,510 --> 00:05:15,380

about what it means and that to me is

90

00:05:21,909 --> 00:05:19,520

fascinating I'm sort of where I come

91

00:05:23,350 --> 00:05:21,919

from as an answer I'm not an answer I

92

00:05:26,080 --> 00:05:23,360

should say I'd I don't work as an

93

00:05:28,150 --> 00:05:26,090

anthropologist I left academia the

94

00:05:32,379 --> 00:05:28,160

moment I got my PhD they haven't really

95

00:05:34,540 --> 00:05:32,389

looked back but I my interest really is

96

00:05:37,450 --> 00:05:34,550

in kind of knowledge and how knowledge

97

00:05:39,790 --> 00:05:37,460

evolves and and both including

98

00:05:42,990 --> 00:05:39,800

scientific knowledge but also all other

99

00:05:45,279 --> 00:05:43,000

sort of domains of knowledge that are

100

00:05:48,909 --> 00:05:45,289

that are sort of part of the larger

101  
00:05:50,830 --> 00:05:48,919  
knowledge ecosystem and how they all fit

102  
00:05:52,779 --> 00:05:50,840  
together and how science works and how

103  
00:05:56,950 --> 00:05:52,789  
science progresses and so forth and I

104  
00:05:59,159 --> 00:05:56,960  
think that's been kind of my maybe sort

105  
00:06:03,100 --> 00:05:59,169  
of a little bit unique

106  
00:06:05,950 --> 00:06:03,110  
angle on paranormal subjects that I

107  
00:06:09,640 --> 00:06:05,960  
write about on my blog I'm kind of

108  
00:06:12,400 --> 00:06:09,650  
trying to trying to look at look at the

109  
00:06:14,890 --> 00:06:12,410  
paranormal and at at parapsychology and

110  
00:06:17,650 --> 00:06:14,900  
ufology and all that as kind of these

111  
00:06:20,469 --> 00:06:17,660  
are domains of knowledge and they exist

112  
00:06:24,510 --> 00:06:20,479  
they exist in tension with other domains

113  
00:06:30,659 --> 00:06:24,520

of knowledge obviously and so that that

114

00:06:39,430 --> 00:06:34,270

so I was going to say perhaps you would

115

00:06:43,850 --> 00:06:39,440

speak to exactly your definition of

116

00:06:46,130 --> 00:06:43,860

precognition and Retro causation

117

00:06:48,650 --> 00:06:46,140

right for the lay man because not

118

00:06:57,650 --> 00:06:48,660

everybody here has a PhD in physics

119

00:07:01,880 --> 00:06:57,660

including moi okay let's precognition is

120

00:07:04,340 --> 00:07:01,890

sort of an umbrella term that that means

121

00:07:07,490 --> 00:07:04,350

pretty much any kind of knowing the

122

00:07:09,410 --> 00:07:07,500

future or seeing the future or feeling

123

00:07:12,560 --> 00:07:09,420

the future or whatever being influenced

124

00:07:17,150 --> 00:07:12,570

by the future in some way that goes

125

00:07:20,420 --> 00:07:17,160

outside the scope of normal perception

126

00:07:22,820 --> 00:07:20,430

or inference so you know somehow somehow

127

00:07:25,090 --> 00:07:22,830

being able to get insight into an a

128

00:07:28,250 --> 00:07:25,100

future event or a future experience

129

00:07:30,710 --> 00:07:28,260

beyond what would be possible you know

130

00:07:33,530 --> 00:07:30,720

via ordinary prediction you know

131

00:07:36,740 --> 00:07:33,540

ordinary in inference about the future

132

00:07:38,630 --> 00:07:36,750

now it's under that umbrella term there

133

00:07:41,360 --> 00:07:38,640

are a number of more specific terms that

134

00:07:43,520 --> 00:07:41,370

have have uni have their own

135

00:07:45,170 --> 00:07:43,530

connotations like people are are

136

00:07:48,770 --> 00:07:45,180

generally familiar with the term

137

00:07:52,310 --> 00:07:48,780

premonition that might be that typically

138

00:07:53,690 --> 00:07:52,320

sort of connotes something bad happening

139

00:07:55,670 --> 00:07:53,700

in the future and getting it having a

140

00:07:59,560 --> 00:07:55,680

green or a vision or something that that

141

00:08:02,420 --> 00:07:59,570

seems to foretell something traumatic

142

00:08:05,990 --> 00:08:02,430

ahead in time then there's a term

143

00:08:10,780 --> 00:08:06,000

presentiment which is a a term that

144

00:08:15,650 --> 00:08:14,240

sensations or emotions or or somehow

145

00:08:18,170 --> 00:08:15,660

being influenced by the future outside

146

00:08:20,810 --> 00:08:18,180

of conscious awareness there are a

147

00:08:23,330 --> 00:08:20,820

number of very interesting laboratory

148

00:08:24,860 --> 00:08:23,340

experiments in presentiment over the

149

00:08:27,880 --> 00:08:24,870

last couple of decades and I read about

150

00:08:30,710 --> 00:08:27,890

those in my book yes the Daryl BEM

151

00:08:33,800 --> 00:08:30,720

exercises particularly right yes

152

00:08:35,390 --> 00:08:33,810

especially and and Dean Radin has done

153

00:08:37,760 --> 00:08:35,400

some marvelous stuff you know there's

154

00:08:38,900 --> 00:08:37,770

been a number of a number of

155

00:08:40,810 --> 00:08:38,910

experimenters doing really interesting

156

00:08:45,380 --> 00:08:40,820

work in that area

157

00:08:50,150 --> 00:08:45,390

now retro causation is a more physics

158

00:08:53,210 --> 00:08:50,160

term which means any sort of way in

159

00:08:55,790 --> 00:08:53,220

which the future influences the past or

160

00:08:57,530 --> 00:08:55,800

in which or any kind of situation where

161

00:09:07,490 --> 00:08:57,540

an effect

162

00:09:09,499 --> 00:09:07,500

precedes its cause in time so yeah well

163

00:09:12,980 --> 00:09:09,509

like effects preceding their causes and

164

00:09:16,370 --> 00:09:12,990

this I argue and many people argue is

165

00:09:19,269 --> 00:09:16,380

really the necessary sort of condition

166

00:09:21,590 --> 00:09:19,279

for something like precognition to exist

167

00:09:24,259 --> 00:09:21,600

yeah and I found it very very

168

00:09:26,720 --> 00:09:24,269

interesting because I think that most

169

00:09:29,749 --> 00:09:26,730

people who probably listen to this

170

00:09:32,840 --> 00:09:29,759

podcast know about the double-slit

171

00:09:35,439 --> 00:09:32,850

experiments in physics and the particles

172

00:09:39,319 --> 00:09:35,449

going through one slit or the other and

173

00:09:41,840 --> 00:09:39,329

that and you can't measure where it is

174

00:09:44,689 --> 00:09:41,850

if you want to measure the speed or some

175

00:09:46,850 --> 00:09:44,699

some such some such thing like that

176

00:09:50,689 --> 00:09:46,860

but this kind of takes care of that

177

00:09:52,939 --> 00:09:50,699

problem in the double slit experiment

178

00:10:02,139 --> 00:09:52,949

you do you want to speak to that in a

179

00:10:11,030 --> 00:10:07,460

question well I'm saying that the theory

180

00:10:17,420 --> 00:10:11,040

that you have expounded in your book

181

00:10:21,590 --> 00:10:17,430

about retro causation it takes care of

182

00:10:26,660 --> 00:10:21,600

the problems with the double slit

183

00:10:30,139 --> 00:10:26,670

experiment takes it how can i how can i

184

00:10:34,180 --> 00:10:30,149

express potential right potentially it

185

00:10:36,769 --> 00:10:34,190

does I there there's a school of thought

186

00:10:42,590 --> 00:10:36,779

in physics and this is the one that I

187

00:10:46,300 --> 00:10:42,600

sort of focused in on that I'm sorry I'm

188

00:10:52,569 --> 00:10:46,310

getting a text message after silence

189

00:10:55,670 --> 00:10:52,579

okay that forget happens oh yeah that

190

00:11:00,790 --> 00:10:55,680

what has always been seen in these

191

00:11:04,819 --> 00:11:00,800

experiments as randomness okay quantum

192

00:11:08,420 --> 00:11:04,829

randomness the for instance the the

193

00:11:12,199 --> 00:11:08,430

double slit experiment is he is

194

00:11:14,660 --> 00:11:12,209

supposedly an effect of unpredictable

195

00:11:17,380 --> 00:11:14,670

behavior of light waves interfering with

196

00:11:20,540 --> 00:11:17,390

each other the wavefunction photons

197

00:11:24,079 --> 00:11:20,550

photons that are behave as waves until

198

00:11:28,060 --> 00:11:24,089

you observe them well there's another

199

00:11:31,460 --> 00:11:28,070

way of looking at this that instead of a

200

00:11:34,490 --> 00:11:31,470

matter behaving you know Waverley until

201

00:11:36,110 --> 00:11:34,500

you observe it which is the usual way

202

00:11:38,780 --> 00:11:36,120

it's expressed there's another way of

203

00:11:42,340 --> 00:11:38,790

looking at it that that it's that final

204

00:11:44,990 --> 00:11:42,350

measurement is actually exerting a cause

205

00:11:48,980 --> 00:11:45,000

backwards it's actually causing the

206

00:11:52,130 --> 00:11:48,990

previous behavior of that photon and so

207

00:11:53,990 --> 00:11:52,140

on back through time so that what you're

208

00:11:56,509 --> 00:11:54,000

really observing in these experiments

209

00:11:58,759 --> 00:11:56,519

like the double slit is the influence of

210

00:12:03,740 --> 00:11:58,769

your final measurement on the previous

211

00:12:06,519 --> 00:12:03,750

behavior of the light beam okay and that

212

00:12:11,990 --> 00:12:06,529

that is sort of the the perspective that

213

00:12:16,760 --> 00:12:12,000

sort of makes precognition possible and

214

00:12:21,829 --> 00:12:16,770

that is sort of what is happening on a

215

00:12:26,030 --> 00:12:21,839

sub molecular level and then we can

216

00:12:29,750 --> 00:12:26,040

extrapolate outwards into you know the

217

00:12:33,440 --> 00:12:29,760

human world of the of this of this size

218

00:12:36,170 --> 00:12:33,450

ratio that's what I don't know if that's

219

00:12:42,550 --> 00:12:36,180

follow up all right the idea would be

220

00:12:44,720 --> 00:12:42,560

that on a molecular level this is

221

00:12:46,130 --> 00:12:44,730

there's a current on molecular level

222

00:12:48,860 --> 00:12:46,140

under the brain somehow I was able to

223

00:12:53,090 --> 00:12:48,870

scale up these effects quantum biology

224

00:12:56,240 --> 00:12:53,100

is sort of a new frontier in science

225

00:12:59,090 --> 00:12:56,250

just really literally in the last decade

226

00:13:01,490 --> 00:12:59,100

it's been speculated about for half a

227

00:13:04,250 --> 00:13:01,500

century but really it's just in the last

228

00:13:06,560 --> 00:13:04,260

a little more than a decade that that

229

00:13:09,069 --> 00:13:06,570

that biologists and physicists have

230

00:13:13,160 --> 00:13:09,079

actually discovered quantum effects

231

00:13:15,560 --> 00:13:13,170

operating in life processes like

232

00:13:19,819 --> 00:13:15,570

photosynthesis for instance and bird

233

00:13:22,430 --> 00:13:19,829

navigation yes and you know this this is

234

00:13:24,590 --> 00:13:22,440

going to be a big booming field you can

235

00:13:26,829 --> 00:13:24,600

bet in the next couple decades

236

00:13:30,889 --> 00:13:26,839

you have you have mentioned the

237

00:13:34,960 --> 00:13:30,899

microtubules inside inside the synapses

238

00:13:40,189 --> 00:13:34,970

of the brain and in the photosynthesis

239

00:13:46,249 --> 00:13:40,199

some mysterious ways that matter goes

240

00:13:49,040 --> 00:13:46,259

past barriers I believe right yeah the

241

00:13:51,129 --> 00:13:49,050

quanta quantum tunneling is yes sort of

242

00:13:56,110 --> 00:13:51,139

the basis of photosynthesis it turns out

243

00:13:58,519 --> 00:13:56,120

it's that is when a photon strikes

244

00:14:00,799 --> 00:13:58,529

molecule inside a plant cell that

245

00:14:03,739 --> 00:14:00,809

releases an electron and the electron is

246

00:14:06,679 --> 00:14:03,749

able to find the fastest path possible

247

00:14:11,509 --> 00:14:06,689

to the part of the plant cell that uses

248

00:14:13,460 --> 00:14:11,519

that energy and converts it and but one

249

00:14:16,400 --> 00:14:13,470

way of another way of looking at it is

250

00:14:19,189 --> 00:14:16,410

that is that the photon already knows

251

00:14:21,920 --> 00:14:19,199

where it's going its destination has

252

00:14:24,079 --> 00:14:21,930

already influenced the path of that of

253

00:14:26,660 --> 00:14:24,089

that I'm sorry of that electron as it

254

00:14:30,980 --> 00:14:26,670

passes through the plant cell and that

255

00:14:34,340 --> 00:14:30,990

this kind of effect is operating in

256

00:14:39,799 --> 00:14:34,350

inside microtubules and neurons possibly

257

00:14:41,569 --> 00:14:39,809

in all kinds of micro level molecular

258

00:14:43,610 --> 00:14:41,579

processes not only in the brain but

259

00:14:46,970 --> 00:14:43,620

throughout throughout the body does this

260

00:14:51,110 --> 00:14:46,980

imply consciousness on the part of these

261

00:14:55,129 --> 00:14:51,120

very tiny particles no no it doesn't it

262

00:15:00,650 --> 00:14:55,139

it simply it implies teleology which is

263

00:15:02,809 --> 00:15:00,660

the the the the the idea that the ends

264

00:15:05,239 --> 00:15:02,819

sort of influence things that happen

265

00:15:07,249 --> 00:15:05,249

before them that's why you have to start

266

00:15:11,090 --> 00:15:07,259

speaking of causality going in both

267

00:15:13,369 --> 00:15:11,100

directions right and yeah it doesn't it

268

00:15:15,739 --> 00:15:13,379

looks very much as though these

269

00:15:17,809 --> 00:15:15,749

particles are conscious but another way

270

00:15:19,910 --> 00:15:17,819

of looking at it is simply that that

271

00:15:23,389 --> 00:15:19,920

things are determined everything that

272

00:15:25,189 --> 00:15:23,399

happens is determined both by efficient

273

00:15:27,019 --> 00:15:25,199

causation which is the kind of causation

274

00:15:28,579 --> 00:15:27,029

we're used to dealing with in everyday

275

00:15:32,900 --> 00:15:28,589

life you know sort of billiard balls

276

00:15:35,929 --> 00:15:32,910

hitting each other but that that random

277

00:15:37,950 --> 00:15:35,939

component to those billiard balls you

278

00:15:40,350 --> 00:15:37,960

know hitting each other the

279

00:15:42,330 --> 00:15:40,360

what what quantum physicists have always

280

00:15:44,520 --> 00:15:42,340

sort of lumped under the rubric of

281

00:15:46,740 --> 00:15:44,530

uncertainty the fact that you can't

282

00:15:48,360 --> 00:15:46,750

predict how any given particle is going

283

00:15:50,370 --> 00:15:48,370

to behave until you measure it

284

00:15:53,130 --> 00:15:50,380

well that that random component may

285

00:15:55,230 --> 00:15:53,140

really reflect retro causal influence

286

00:15:58,740 --> 00:15:55,240

that random component may really be the

287

00:16:00,360 --> 00:15:58,750

influence of the future on the past and

288

00:16:02,070 --> 00:16:00,370

that we have and it's very difficult to

289

00:16:04,560 --> 00:16:02,080

measure that because when you make a

290

00:16:06,330 --> 00:16:04,570

measurement you're influencing what

291

00:16:09,660 --> 00:16:06,340

you're measuring and so it's very hard

292

00:16:12,450 --> 00:16:09,670

to tease apart what is an effect of what

293

00:16:15,420 --> 00:16:12,460

you've done versus what the future is

294

00:16:17,940 --> 00:16:15,430

doing but there are increasingly

295

00:16:21,560 --> 00:16:17,950

sophisticated quantum measurement tools

296

00:16:25,800 --> 00:16:21,570

that are enabling people to discern

297

00:16:28,080 --> 00:16:25,810

these these retro causal influences and

298

00:16:29,970 --> 00:16:28,090

so this is it's not a universally

299

00:16:32,370 --> 00:16:29,980

accepted paradigm in physics like I said

300

00:16:34,410 --> 00:16:32,380

quite a business's disagree wildly about

301  
00:16:38,460 --> 00:16:34,420  
how to interpret you know the double

302  
00:16:40,230 --> 00:16:38,470  
slit experiment and so on but one one

303  
00:16:43,440 --> 00:16:40,240  
very interesting interpretation that's

304  
00:16:46,770 --> 00:16:43,450  
gaining ground is that is this retro

305  
00:16:48,390 --> 00:16:46,780  
causal interpretation and if you read

306  
00:16:50,460 --> 00:16:48,400  
the science news you know every month

307  
00:16:53,070 --> 00:16:50,470  
there's a new article showing how

308  
00:16:55,920 --> 00:16:53,080  
quantum systems you know how like

309  
00:16:59,450 --> 00:16:55,930  
quantum computers can scramble you know

310  
00:17:02,910 --> 00:16:59,460  
cause and effect and how you know

311  
00:17:05,630 --> 00:17:02,920  
they're retro causation is becoming a

312  
00:17:09,600 --> 00:17:05,640  
big thing well it's certainly the whole

313  
00:17:13,829 --> 00:17:09,610

field of quantum computing is something

314

00:17:16,350 --> 00:17:13,839

that I think is going to be really big

315

00:17:18,840 --> 00:17:16,360

in our immediate future I think it's

316

00:17:21,360 --> 00:17:18,850

coming it's coming into existence now

317

00:17:24,270 --> 00:17:21,370

it's beginning to be used and I am

318

00:17:27,510 --> 00:17:24,280

certainly not an expert or even very

319

00:17:30,480 --> 00:17:27,520

conversant on quantum computer but I've

320

00:17:34,020 --> 00:17:30,490

read quite a bit about it and it looks

321

00:17:37,650 --> 00:17:34,030

like it has great potential but let's

322

00:17:40,820 --> 00:17:37,660

for most of our listeners we need to

323

00:17:44,040 --> 00:17:40,830

bring it into the human realm so

324

00:17:46,950 --> 00:17:44,050

therefore I would ask you if you are

325

00:17:49,020 --> 00:17:46,960

acquainted with one Marty Rosenblatt who

326

00:17:50,290 --> 00:17:49,030

was a guest on shattered reality a

327

00:17:55,630 --> 00:17:50,300

something

328

00:17:58,390 --> 00:17:55,640

okay Marty Rosenblatt is a person who

329

00:18:00,100 --> 00:17:58,400

studies remote viewing he is fairly

330

00:18:03,520 --> 00:18:00,110

prominent in the remote viewing

331

00:18:05,470 --> 00:18:03,530

community and unlike many of the remote

332

00:18:09,600 --> 00:18:05,480

viewers he's not a former government

333

00:18:12,850 --> 00:18:09,610

remote viewers so there is no aspect of

334

00:18:15,190 --> 00:18:12,860

military or defense agencies or anything

335

00:18:23,730 --> 00:18:15,200

like that involved with Marty that I

336

00:18:29,250 --> 00:18:23,740

know of anyway in any case he runs as an

337

00:18:33,520 --> 00:18:29,260

ARV ap P which is applied applied

338

00:18:36,160 --> 00:18:33,530

precognition project ARV is associative

339

00:18:40,350 --> 00:18:36,170

remote viewing and I you know I belong

340

00:18:45,570 --> 00:18:40,360

to that group and what we do is just

341

00:18:50,190 --> 00:18:45,580

really intimately involved with

342

00:18:54,310 --> 00:18:50,200

precognition and Retro causation because

343

00:18:56,950 --> 00:18:54,320

we do a remote viewing session where we

344

00:18:58,720 --> 00:18:56,960

only have six numbers to go on the six

345

00:19:01,510 --> 00:18:58,730

numbers correspond to nothing in

346

00:19:03,850 --> 00:19:01,520

particular in the real world and we take

347

00:19:08,170 --> 00:19:03,860

whatever amount of time it is to make a

348

00:19:11,500 --> 00:19:08,180

drawing and then two photos are revealed

349

00:19:13,960 --> 00:19:11,510

to those folks who submit a drawing and

350

00:19:15,580 --> 00:19:13,970

maybe some words you know you get what

351  
00:19:18,520 --> 00:19:15,590  
do you smell what do you feel what do

352  
00:19:22,630 --> 00:19:18,530  
you taste what does it look like okay

353  
00:19:24,940 --> 00:19:22,640  
and you draw that up and after you draw

354  
00:19:29,640 --> 00:19:24,950  
that up you get to see two photographs

355  
00:19:32,080 --> 00:19:29,650  
and you decide if your drawing

356  
00:19:35,920 --> 00:19:32,090  
corresponds to either of those two

357  
00:19:37,720 --> 00:19:35,930  
photographs and then you pick that

358  
00:19:40,960 --> 00:19:37,730  
photograph and you sort of score your

359  
00:19:43,750 --> 00:19:40,970  
your your drawing like you're drawing

360  
00:19:47,200 --> 00:19:43,760  
might have one element of photograph be

361  
00:19:49,390 --> 00:19:47,210  
but ten elements of photograph a so then

362  
00:19:52,450 --> 00:19:49,400  
you give yourself a score and you say

363  
00:19:55,320 --> 00:19:52,460

I'm gonna go with photograph a then it

364

00:19:58,120 --> 00:19:55,330

is assigned to a sports betting

365

00:20:02,040 --> 00:19:58,130

situation of over/under are you familiar

366

00:20:07,680 --> 00:20:04,519

neither did I

367

00:20:10,169 --> 00:20:07,690

sports have absolutely no interest to me

368

00:20:15,479 --> 00:20:10,179

I know it sounds very closed-minded but

369

00:20:17,519 --> 00:20:15,489

uh you know football soccer hockey I

370

00:20:19,859 --> 00:20:17,529

don't care if they never do it again

371

00:20:23,329 --> 00:20:19,869

baseball and basketball are kind of nice

372

00:20:28,979 --> 00:20:23,339

I suppose if you like that stuff I don't

373

00:20:31,560 --> 00:20:28,989

but over/under is basically it's a

374

00:20:34,019 --> 00:20:31,570

number that the bookies come up with the

375

00:20:36,209 --> 00:20:34,029

people who make the odds and in a

376

00:20:40,199 --> 00:20:36,219

baseball game it turns out to be the

377

00:20:42,119 --> 00:20:40,209

total numbers scored this total number

378

00:20:44,549 --> 00:20:42,129

of runs scored in the game what's

379

00:20:48,269 --> 00:20:44,559

expected now that's usually between like

380

00:20:50,909 --> 00:20:48,279

say seven and ten and the the bookies

381

00:20:53,069 --> 00:20:50,919

put up the odds now when we make these

382

00:20:56,099 --> 00:20:53,079

drawings we have no idea what game it's

383

00:20:58,049 --> 00:20:56,109

involving if it's football or or

384

00:21:01,769 --> 00:20:58,059

whatever is in season it's a major

385

00:21:04,169 --> 00:21:01,779

league sport and so one of the

386

00:21:08,119 --> 00:21:04,179

photographs corresponds to over one of

387

00:21:12,779 --> 00:21:08,129

the photographs corresponds to under and

388

00:21:16,199 --> 00:21:12,789

so we get to bet on our the group what

389

00:21:19,349 --> 00:21:16,209

the the group has decided so if there

390

00:21:23,729 --> 00:21:19,359

are ten people shall we say in a

391

00:21:26,579 --> 00:21:23,739

particular remote viewing group and it

392

00:21:28,649 --> 00:21:26,589

comes out that many more people voted

393

00:21:31,079 --> 00:21:28,659

for over and there's some kind of

394

00:21:33,269 --> 00:21:31,089

statistical way that's I'm not

395

00:21:35,430 --> 00:21:33,279

definitely not going into on the podcast

396

00:21:38,209 --> 00:21:35,440

because I couldn't speak to it that well

397

00:21:41,969 --> 00:21:38,219

to begin with but that picture a

398

00:21:44,419 --> 00:21:41,979

represents over and so the people who

399

00:21:48,649 --> 00:21:44,429

want to bet put their money on over and

400

00:21:53,099 --> 00:21:48,659

and they and they then win or lose and

401  
00:21:57,029 --> 00:21:53,109  
he's got very very very good odds coming

402  
00:22:00,389 --> 00:21:57,039  
back a lot of people are winning and it

403  
00:22:02,159 --> 00:22:00,399  
and how you're supposed to do it is

404  
00:22:04,589 --> 00:22:02,169  
you're supposed to add very happy be

405  
00:22:08,779 --> 00:22:04,599  
very pleased when you see the winning

406  
00:22:11,729 --> 00:22:08,789  
photograph and that's supposed to be

407  
00:22:14,579 --> 00:22:11,739  
excite you enough in the future that

408  
00:22:17,270 --> 00:22:14,589  
retro causally you'll have pick up the

409  
00:22:20,210 --> 00:22:17,280  
right stuff in the present exactly

410  
00:22:22,190 --> 00:22:20,220  
like yeah we'll go ahead I mean that's

411  
00:22:25,520 --> 00:22:22,200  
that's a there's there's a school of

412  
00:22:27,290 --> 00:22:25,530  
thought that that is how all remote

413  
00:22:30,260 --> 00:22:27,300

viewing may work that it's that you're

414

00:22:31,970 --> 00:22:30,270

actually pre cognizing the feedback

415

00:22:34,400 --> 00:22:31,980

you're gonna get and your own excitement

416

00:22:36,650 --> 00:22:34,410

about the feedback it's a very

417

00:22:38,540 --> 00:22:36,660

interesting you know it's not it's not

418

00:22:40,040 --> 00:22:38,550

the most mainstream interpretation of

419

00:22:41,300 --> 00:22:40,050

remote viewing but it's a very it's a

420

00:22:42,920 --> 00:22:41,310

very interesting one and yes

421

00:22:45,290 --> 00:22:42,930

associative remote viewing is

422

00:22:49,340 --> 00:22:45,300

fascinating and you know has a lot of

423

00:22:50,870 --> 00:22:49,350

potential I think absolutely so I was

424

00:22:57,080 --> 00:22:50,880

just trying to bring it bring

425

00:23:00,650 --> 00:22:57,090

retrocausality into the current human

426

00:23:03,080 --> 00:23:00,660

scale and perhaps you could talk a

427

00:23:05,540 --> 00:23:03,090

little bit about something you mentioned

428

00:23:10,130 --> 00:23:05,550

frequently in the book which is a Dun

429

00:23:14,210 --> 00:23:10,140

dream D un NE referring to a gentleman

430

00:23:17,740 --> 00:23:14,220

named done yes John Wayne done

431

00:23:21,590 --> 00:23:17,750

JW done was an aeronautical engineer in

432

00:23:22,910 --> 00:23:21,600

about a century ago well around the turn

433

00:23:25,460 --> 00:23:22,920

of the around the turn of the century

434

00:23:28,550 --> 00:23:25,470

actually and about a century ago he

435

00:23:31,010 --> 00:23:28,560

published a book on his precognitive

436

00:23:36,020 --> 00:23:31,020

dreams he had experienced precognitive

437

00:23:37,490 --> 00:23:36,030

dreams all his life and well he he'd

438

00:23:38,510 --> 00:23:37,500

experienced these dreams he thought they

439

00:23:39,710 --> 00:23:38,520

were precognitives but you know he

440

00:23:41,510 --> 00:23:39,720

couldn't make sense of them and he was

441

00:23:43,580 --> 00:23:41,520

an engineer it was very kind of rigorous

442

00:23:45,080 --> 00:23:43,590

and his thinking and he wanted to figure

443

00:23:47,750 --> 00:23:45,090

out what was going on and so he realized

444

00:23:49,820 --> 00:23:47,760

he needed to actually record them and

445

00:23:53,090 --> 00:23:49,830

kind of be scientific about it now it's

446

00:23:55,250 --> 00:23:53,100

not his investigation was not anything

447

00:23:57,290 --> 00:23:55,260

that a hard-headed scientist would

448

00:23:58,760 --> 00:23:57,300

probably you know consider valid because

449

00:24:00,290 --> 00:23:58,770

you know when you're you're recording

450

00:24:01,940 --> 00:24:00,300

your own dreams interpreting your own

451

00:24:04,250 --> 00:24:01,950

dreams you know there's a lot of

452

00:24:07,280 --> 00:24:04,260

subjective bias there but nevertheless

453

00:24:10,670 --> 00:24:07,290

he he you know recorded you know quite a

454

00:24:14,600 --> 00:24:10,680

large number of dreams that correspond

455

00:24:16,850 --> 00:24:14,610

to X two learning experiences generally

456

00:24:19,910 --> 00:24:16,860

or just very exciting experiences in his

457

00:24:21,980 --> 00:24:19,920

life typically within often within a few

458

00:24:24,440 --> 00:24:21,990

days not always sometimes there was a

459

00:24:27,050 --> 00:24:24,450

longer time delay but often it was a few

460

00:24:29,810 --> 00:24:27,060

days later and often they were you know

461

00:24:30,630 --> 00:24:29,820

really hugely significant things they

462

00:24:33,120 --> 00:24:30,640

were often

463

00:24:35,330 --> 00:24:33,130

just news stories maybe they were news

464

00:24:40,020 --> 00:24:35,340

stories about some disaster or some

465

00:24:41,880 --> 00:24:40,030

tragedy happening somewhere remotely or

466

00:24:45,120 --> 00:24:41,890

they were just exciting in some way or

467

00:24:47,510 --> 00:24:45,130

another and in any case he published a

468

00:24:50,580 --> 00:24:47,520

book in nineteen I guess it was 1927

469

00:24:54,330 --> 00:24:50,590

called an experiment with time and it's

470

00:24:58,560 --> 00:24:54,340

a classic in parapsychology and it's

471

00:25:03,060 --> 00:24:58,570

really a remarkable sort of study he had

472

00:25:05,430 --> 00:25:03,070

a very sort of forensic approach to this

473

00:25:08,760 --> 00:25:05,440

I mean he really he really teased apart

474

00:25:12,030 --> 00:25:08,770

his dreams and and the events that they

475

00:25:14,730 --> 00:25:12,040

seemed to refer to and his great

476

00:25:17,040 --> 00:25:14,740

discovery which I'm trying to return to

477

00:25:19,470 --> 00:25:17,050

in my book because I feel like it's it's

478

00:25:21,090 --> 00:25:19,480

it's an interpretation of these

479

00:25:24,120 --> 00:25:21,100

phenomena that has never really received

480

00:25:25,790 --> 00:25:24,130

enough attention his is his great

481

00:25:28,950 --> 00:25:25,800

discovery was that his dreams didn't

482

00:25:31,860 --> 00:25:28,960

refer to future events in objective

483

00:25:34,620 --> 00:25:31,870

reality they referred to his own

484

00:25:36,630 --> 00:25:34,630

learning about those events so let me

485

00:25:38,070 --> 00:25:36,640

give you an example his this is probably

486

00:25:42,390 --> 00:25:38,080

the most famous example it's often

487

00:25:46,680 --> 00:25:42,400

quoted from his book but he he was do on

488

00:25:50,360 --> 00:25:46,690

maneuvers with the British Armed Forces

489

00:25:54,300 --> 00:25:50,370

and in in South Africa and I think 1900

490

00:25:57,570 --> 00:25:54,310

and he was in camped out with his his

491

00:26:02,430 --> 00:25:57,580

regiment and he had a dream about being

492

00:26:06,060 --> 00:26:02,440

on a an island volcanic island it was

493

00:26:07,950 --> 00:26:06,070

about to blow and he was then trying to

494

00:26:10,590 --> 00:26:07,960

convince the French authorities of this

495

00:26:12,450 --> 00:26:10,600

island that there was this volcano was

496

00:26:16,290 --> 00:26:12,460

about to blow and the 4,000 people were

497

00:26:19,860 --> 00:26:16,300

thought to die and the number 4000 kept

498

00:26:22,520 --> 00:26:19,870

coming up in the dream well he woke up

499

00:26:25,680 --> 00:26:22,530

and I don't know how many days later the

500

00:26:28,470 --> 00:26:25,690

batch of mail arrived in their regiment

501  
00:26:31,740 --> 00:26:28,480  
and included in the mail was the latest

502  
00:26:33,720 --> 00:26:31,750  
issue of the newspaper I forget what

503  
00:26:35,400 --> 00:26:33,730  
newspaper it was and you know the

504  
00:26:38,160 --> 00:26:35,410  
headline in the newspaper was that Mont

505  
00:26:41,850 --> 00:26:38,170  
Palais on the island of Martinique had

506  
00:26:43,670 --> 00:26:41,860  
exploded killing 40,000 people Wow yeah

507  
00:26:47,450 --> 00:26:43,680  
he was off by

508  
00:26:50,840 --> 00:26:47,460  
who was off by one digit you know in his

509  
00:26:53,300 --> 00:26:50,850  
number but you know he thought well gee

510  
00:26:54,800 --> 00:26:53,310  
that's pretty pretty amazing and that

511  
00:26:56,210 --> 00:26:54,810  
was one of the early dreams that really

512  
00:27:01,070 --> 00:26:56,220  
led him to kind of be more scientific

513  
00:27:03,620 --> 00:27:01,080

about his his study but but the but the

514

00:27:05,990 --> 00:27:03,630

crucial fact in this dream is that the

515

00:27:07,850 --> 00:27:06,000

actual number killed was something he

516

00:27:10,040 --> 00:27:07,860

turned out to be roughly 30-some

517

00:27:12,590 --> 00:27:10,050

thousand it was not related to the

518

00:27:14,840 --> 00:27:12,600

either four thousand or 40,000 so it was

519

00:27:17,870 --> 00:27:14,850

clear that he was not Precog NIH's

520

00:27:20,120 --> 00:27:17,880

an actual volcanic eruption he was pre

521

00:27:21,170 --> 00:27:20,130

cognizing his own reading the newspaper

522

00:27:23,150 --> 00:27:21,180

yeah

523

00:27:24,590 --> 00:27:23,160

volcanic eruption and it's an exciting

524

00:27:28,490 --> 00:27:24,600

reading experience you know it's like

525

00:27:32,840 --> 00:27:28,500

you know anything about any disaster is

526

00:27:36,950 --> 00:27:32,850

a you know a very it's it's emotionally

527

00:27:40,520 --> 00:27:36,960

salient you know or it's unsettling is

528

00:27:42,500 --> 00:27:40,530

in various ways and he had other

529

00:27:44,660 --> 00:27:42,510

experiences that were similar where he

530

00:27:46,850 --> 00:27:44,670

was able to kind of tease apart what

531

00:27:49,130 --> 00:27:46,860

what it was he was actually Precog NIH's

532

00:27:52,940 --> 00:27:49,140

and in all cases he was not Precog NIH's

533

00:27:54,530 --> 00:27:52,950

in some event in some generalized future

534

00:27:56,570 --> 00:27:54,540

he wasn't Precog NIH's in the future

535

00:27:59,270 --> 00:27:56,580

wasn't seeing the future as we would

536

00:28:01,280 --> 00:27:59,280

typically put it he was he was getting a

537

00:28:03,800 --> 00:28:01,290

preview some kind of mental preview of

538

00:28:07,360 --> 00:28:03,810

his own future reading experiences

539

00:28:10,850 --> 00:28:07,370

basically or or just a future

540

00:28:14,030 --> 00:28:10,860

emotionally emotional upheavals I guess

541

00:28:16,010 --> 00:28:14,040

and you know that you know right there

542

00:28:18,470 --> 00:28:16,020

would be almost a good segue to talking

543

00:28:22,130 --> 00:28:18,480

about 9/11 because you know of course

544

00:28:24,380 --> 00:28:22,140

many people had done dreams you know

545

00:28:27,590 --> 00:28:24,390

predicting 9/11 I myself had a done

546

00:28:30,560 --> 00:28:27,600

dream reconnecting 9/11 tell us of your

547

00:28:34,720 --> 00:28:30,570

done dream I sure could and it's not

548

00:28:38,540 --> 00:28:34,730

anything you know super spectacular and

549

00:28:42,680 --> 00:28:38,550

and in my case it's not it wasn't a

550

00:28:44,780 --> 00:28:42,690

literal vision of planes crashing into

551  
00:28:47,990 --> 00:28:44,790  
towers anything like that but I did you

552  
00:28:50,720 --> 00:28:48,000  
know I woke up on that morning about

553  
00:28:52,610 --> 00:28:50,730  
probably about 6:00 6:30 in the morning

554  
00:28:55,610 --> 00:28:52,620  
or 7:00 in the morning and as I always

555  
00:28:57,330 --> 00:28:55,620  
do I always try to write down just a few

556  
00:28:59,370 --> 00:28:57,340  
notes about the dreams there remember

557  
00:29:01,500 --> 00:28:59,380  
because generally later in the morning

558  
00:29:05,550 --> 00:29:01,510  
when I have more time I will type them

559  
00:29:08,220 --> 00:29:05,560  
up in a dream journal on my computer in

560  
00:29:10,190 --> 00:29:08,230  
this case I just jotted down notes that

561  
00:29:14,040 --> 00:29:10,200  
I had driven I was driving down

562  
00:29:17,400 --> 00:29:14,050  
neighborhood in my my home town when I

563  
00:29:21,060 --> 00:29:17,410

was a child with Denver Colorado and I I

564

00:29:25,710 --> 00:29:21,070

drove past two identical perfectly

565

00:29:28,560 --> 00:29:25,720

square mosques that had corrugated very

566

00:29:30,750 --> 00:29:28,570

bland corrugated facades in fact I think

567

00:29:32,400 --> 00:29:30,760

the word I used was corduroy you know it

568

00:29:38,370 --> 00:29:32,410

just it just had this quarter this very

569

00:29:39,800 --> 00:29:38,380

drab corduroy gray effect and and there

570

00:29:43,320 --> 00:29:39,810

was that was really all I could remember

571

00:29:45,510 --> 00:29:43,330

of the dream and I didn't even go back

572

00:29:48,390 --> 00:29:45,520

to the dream until I think the next day

573

00:29:50,070 --> 00:29:48,400

you know I know I know I've noticed my

574

00:29:51,810 --> 00:29:50,080

notes about this dream I thought oh

575

00:29:55,170 --> 00:29:51,820

that's that's weird I've never in my

576  
00:29:58,500 --> 00:29:55,180  
life you know dreamed about mosques or

577  
00:30:01,740 --> 00:29:58,510  
anything to do with Islam or or whatever

578  
00:30:04,770 --> 00:30:01,750  
in fact I did later I did do a word

579  
00:30:07,410 --> 00:30:04,780  
check of my of my dream journals and

580  
00:30:09,510 --> 00:30:07,420  
found that there's nowhere else in my 25

581  
00:30:11,790 --> 00:30:09,520  
years of recording my dreams oh my

582  
00:30:14,640 --> 00:30:11,800  
goodness if I have I dreamed about

583  
00:30:16,830 --> 00:30:14,650  
anything to do with Islam or or or

584  
00:30:21,420 --> 00:30:16,840  
Muslims or math or anything like that

585  
00:30:23,910 --> 00:30:21,430  
and one of the interesting details about

586  
00:30:26,400 --> 00:30:23,920  
this dream is the location where this

587  
00:30:28,680 --> 00:30:26,410  
occurred you know with any dream you

588  
00:30:31,170 --> 00:30:28,690

need to sort of free-associate on all

589

00:30:33,150 --> 00:30:31,180

the elements of the dream everything you

590

00:30:36,920 --> 00:30:33,160

notice in a dream it will be kind of

591

00:30:39,600 --> 00:30:36,930

part of a larger rebus or hieroglyph and

592

00:30:42,840 --> 00:30:39,610

the place where these mosques were

593

00:30:46,260 --> 00:30:42,850

situated happened to be in real life a

594

00:30:49,320 --> 00:30:46,270

place where my my father when I was a

595

00:30:51,150 --> 00:30:49,330

kid had briefly had his clinical

596

00:30:55,320 --> 00:30:51,160

psychology practice he was like a little

597

00:30:57,270 --> 00:30:55,330

medical building and it was just I think

598

00:30:59,130 --> 00:30:57,280

even less than a year that he had his

599

00:31:02,850 --> 00:30:59,140

practice in this building and I have one

600

00:31:05,520 --> 00:31:02,860

I had one association with his time at

601  
00:31:07,490 --> 00:31:05,530  
that practice which was being called

602  
00:31:11,450 --> 00:31:07,500  
late at night

603  
00:31:14,260 --> 00:31:11,460  
kind of on an emergency call - to see a

604  
00:31:17,930 --> 00:31:14,270  
client of his who is having a suicidal

605  
00:31:20,210 --> 00:31:17,940  
crisis suicide break break down and and

606  
00:31:22,370 --> 00:31:20,220  
he even kind of inappropriately I

607  
00:31:24,920 --> 00:31:22,380  
realize in hindsight he kind of told us

608  
00:31:27,200 --> 00:31:24,930  
about this afterwards but this client

609  
00:31:31,400 --> 00:31:27,210  
and I remember him describing no HIPAA

610  
00:31:33,380 --> 00:31:31,410  
laws then I'm sorry LC was just flat

611  
00:31:35,750 --> 00:31:33,390  
flagrantly violating them but he I

612  
00:31:37,640 --> 00:31:35,760  
remember him telling us because I think

613  
00:31:40,940 --> 00:31:37,650

he didn't know how to really deal with

614

00:31:44,210 --> 00:31:40,950

it but this this male plan of his was

615

00:31:47,540 --> 00:31:44,220

wearing a dress and was crying in tears

616

00:31:51,200 --> 00:31:47,550

and clearly this male client I believe

617

00:31:54,530 --> 00:31:51,210

was what we would now call transgender

618

00:31:56,000 --> 00:31:54,540

was you know this is in the 1970s but

619

00:31:58,660 --> 00:31:56,010

you know that term I don't think it

620

00:32:02,600 --> 00:31:58,670

existed back then but you know I think

621

00:32:05,990 --> 00:32:02,610

this this client wanted a sex change or

622

00:32:08,090 --> 00:32:06,000

something and he was but but going

623

00:32:10,430 --> 00:32:08,100

through some sort of suicidal crisis so

624

00:32:12,200 --> 00:32:10,440

exciting so I had one mental association

625

00:32:15,430 --> 00:32:12,210

with this location where these mosques

626

00:32:19,370 --> 00:32:15,440

were in my dream which was a suicide

627

00:32:21,650 --> 00:32:19,380

team what we could call emasculation yes

628

00:32:24,140 --> 00:32:21,660

that I was just thinking of that word I

629

00:32:26,180 --> 00:32:24,150

knew you were gonna say precognition I

630

00:32:28,100 --> 00:32:26,190

knew you were gonna use that word maybe

631

00:32:30,560 --> 00:32:28,110

because of your psychological background

632

00:32:32,090 --> 00:32:30,570

and the whole business with Freud in

633

00:32:34,670 --> 00:32:32,100

your book but I knew you were going to

634

00:32:37,550 --> 00:32:34,680

go to that well exactly and I'm I'm

635

00:32:39,800 --> 00:32:37,560

steeped in in Freud I have been for many

636

00:32:42,170 --> 00:32:39,810

decades so that's you know that's sort

637

00:32:44,270 --> 00:32:42,180

of my natural my that's what the

638

00:32:45,770 --> 00:32:44,280

associations my brain makes they're not

639

00:32:47,450 --> 00:32:45,780

necessarily the associations that

640

00:32:50,630 --> 00:32:47,460

someone else's brain would make but the

641

00:32:53,680 --> 00:32:50,640

point is for me I had these associations

642

00:32:57,650 --> 00:32:53,690

with emasculation yes or castration and

643

00:33:01,100 --> 00:32:57,660

suicide for the location of these

644

00:33:03,860 --> 00:33:01,110

identical gray mosques and so and they

645

00:33:06,230 --> 00:33:03,870

do exist in reality these great mosques

646

00:33:07,910 --> 00:33:06,240

no they don't they don't exist at all

647

00:33:10,610 --> 00:33:07,920

that's just that's just it they were

648

00:33:12,770 --> 00:33:10,620

they were situated in my dream where in

649

00:33:15,440 --> 00:33:12,780

real life there was a medical building

650

00:33:17,420 --> 00:33:15,450

that my father had had had had his

651  
00:33:19,549 --> 00:33:17,430  
practice at that time but they they were

652  
00:33:22,940 --> 00:33:19,559  
substituted this often happens in

653  
00:33:25,039 --> 00:33:22,950  
in fact and this is a really handy tool

654  
00:33:27,799 --> 00:33:25,049  
of dream interpretation you know they

655  
00:33:30,919 --> 00:33:27,809  
often that dreams off and transpire and

656  
00:33:32,840 --> 00:33:30,929  
sort of an own geography from a familiar

657  
00:33:35,269 --> 00:33:32,850  
geography but there are details that are

658  
00:33:38,149 --> 00:33:35,279  
transposed or changed and those those

659  
00:33:39,590 --> 00:33:38,159  
those transpositions are those changes

660  
00:33:42,560 --> 00:33:39,600  
those are meaningful elements in the

661  
00:33:44,960 --> 00:33:42,570  
dream yes and there was displacement

662  
00:33:47,840 --> 00:33:44,970  
that you know this was about what

663  
00:33:51,499 --> 00:33:47,850

happened on the East Coast but it was

664

00:33:53,749 --> 00:33:51,509  
displaced into this other into this

665

00:33:56,419 --> 00:33:53,759  
other reality that perhaps was more

666

00:33:58,970 --> 00:33:56,429  
familiar to you well I think it was just

667

00:34:00,859 --> 00:33:58,980  
the symbolism of it the idea of you know

668

00:34:03,759 --> 00:34:00,869  
that there were you know the the salient

669

00:34:06,440 --> 00:34:03,769  
things that came through from that day

670

00:34:08,659 --> 00:34:06,450  
you know anyone watching transfixed by

671

00:34:10,909 --> 00:34:08,669  
the news to that day first of all there

672

00:34:13,339 --> 00:34:10,919  
was the almost immediately there was

673

00:34:15,740 --> 00:34:13,349  
chatter that that this had been

674

00:34:17,180 --> 00:34:15,750  
perpetrated by Islamic terrorists that

675

00:34:19,909 --> 00:34:17,190  
have been perpetrated by al Qaeda that

676  
00:34:22,790 --> 00:34:19,919  
was that was almost immediately the

677  
00:34:25,099 --> 00:34:22,800  
assumption was and and for many people

678  
00:34:28,250 --> 00:34:25,109  
many Americans like me this is really

679  
00:34:29,720 --> 00:34:28,260  
the first time we'd even been this was

680  
00:34:31,849 --> 00:34:29,730  
the first time that Islam was even on

681  
00:34:34,280 --> 00:34:31,859  
our radar you know it just we just

682  
00:34:36,440 --> 00:34:34,290  
hadn't thought about Islam and Islamic

683  
00:34:38,450 --> 00:34:36,450  
terrorism and things like that really

684  
00:34:40,190 --> 00:34:38,460  
that much until that day and for many

685  
00:34:42,819 --> 00:34:40,200  
Americans like me is like all of a

686  
00:34:47,480 --> 00:34:42,829  
sudden we were very afraid of this whole

687  
00:34:49,960 --> 00:34:47,490  
you know and so that was a very salient

688  
00:34:54,079 --> 00:34:49,970

emotionally salient detail of the news

689

00:34:56,960 --> 00:34:54,089

chatter that day and the obvious fact

690

00:34:58,910 --> 00:34:56,970

that these were suicide attacks yeah and

691

00:35:00,620 --> 00:34:58,920

and it was such an emasculator mean the

692

00:35:03,620 --> 00:35:00,630

immediate thing when you see those

693

00:35:05,180 --> 00:35:03,630

towers falling you know that this is

694

00:35:07,880 --> 00:35:05,190

they have you know these these

695

00:35:11,240 --> 00:35:07,890

terrorists had had castrated or

696

00:35:13,280 --> 00:35:11,250

emasculated our country so that's all I

697

00:35:16,520 --> 00:35:13,290

would say that was you know those those

698

00:35:20,809 --> 00:35:16,530

those highly salient elements of that of

699

00:35:22,760 --> 00:35:20,819

that news recording of that day sort of

700

00:35:25,700 --> 00:35:22,770

came through and and were turned in my

701  
00:35:27,559 --> 00:35:25,710  
own brain into that particular image and

702  
00:35:29,609 --> 00:35:27,569  
I think you know every every person

703  
00:35:33,329 --> 00:35:29,619  
would dream differently about

704  
00:35:38,579 --> 00:35:33,339  
about an event and we do we are planning

705  
00:35:41,759 --> 00:35:38,589  
at the end of our podcast to reveal some

706  
00:35:48,089 --> 00:35:41,769  
of the premonitions that our listeners

707  
00:35:52,279 --> 00:35:48,099  
had had about 9/11 at at the time and

708  
00:35:54,720 --> 00:35:52,289  
maybe immediately before and some

709  
00:35:59,220 --> 00:35:54,730  
interesting events that had happened

710  
00:36:01,819 --> 00:35:59,230  
directly thereafter but yeah that isn't

711  
00:36:06,120 --> 00:36:01,829  
that is a very interesting dream and

712  
00:36:09,420 --> 00:36:06,130  
it's interesting that you have been so

713  
00:36:12,870 --> 00:36:09,430

assiduously recording your dreams for

714

00:36:15,930 --> 00:36:12,880

such a long amount of time I fall in and

715

00:36:19,710 --> 00:36:15,940

out of it myself I I do it what do you

716

00:36:24,890 --> 00:36:19,720

attribute that some people could have

717

00:36:27,239 --> 00:36:24,900

the same dreams or interlocking dreams

718

00:36:29,670 --> 00:36:27,249

one with the other people who are

719

00:36:31,859 --> 00:36:29,680

acquaintances but are perhaps you know

720

00:36:36,499 --> 00:36:31,869

not lovers not best friends whatever

721

00:36:40,859 --> 00:36:36,509

where people will dream about the same

722

00:36:49,979 --> 00:36:40,869

events that are dream events not events

723

00:36:53,069 --> 00:36:49,989

in 4d so I I wouldn't I wouldn't want to

724

00:36:54,569 --> 00:36:53,079

speculate about that I mean certainly a

725

00:36:59,099 --> 00:36:54,579

lot of people would you know think

726  
00:37:01,559 --> 00:36:59,109  
telepathy something like that I would my

727  
00:37:03,870 --> 00:37:01,569  
hunch is that people who were intimate

728  
00:37:05,460 --> 00:37:03,880  
or who are friends and who share their

729  
00:37:08,840 --> 00:37:05,470  
dreams they you know you could

730  
00:37:10,460 --> 00:37:08,850  
potentially be Precog NIH's

731  
00:37:12,539 --> 00:37:10,470  
[Music]

732  
00:37:14,339 --> 00:37:12,549  
you know they're revealing of the dreams

733  
00:37:17,819 --> 00:37:14,349  
yeah so there's that possibility I

734  
00:37:22,319 --> 00:37:17,829  
wouldn't want to speculate more without

735  
00:37:24,779 --> 00:37:22,329  
a specific instance but but by and large

736  
00:37:29,269 --> 00:37:24,789  
you know I'm very much I do

737  
00:37:33,599 --> 00:37:29,279  
i I am sort of a Freudian at heart I

738  
00:37:37,410 --> 00:37:33,609

figured that out problems with Freud

739

00:37:39,259 --> 00:37:37,420

there certainly are but I I do I think

740

00:37:41,460 --> 00:37:39,269

that people do you know their dream

741

00:37:43,499 --> 00:37:41,470

language is very unique and very

742

00:37:44,729 --> 00:37:43,509

personal yeah because it comes from our

743

00:37:47,069 --> 00:37:44,739

personal associations our life

744

00:37:48,920 --> 00:37:47,079

associations I mean no one else you know

745

00:37:51,450 --> 00:37:48,930

is gonna dream about that particular

746

00:37:52,829 --> 00:37:51,460

location in Lakewood Colorado

747

00:37:56,430 --> 00:37:52,839

you know because no one else is dad

748

00:37:59,099 --> 00:37:56,440

who's a doctor there you know in 1976 or

749

00:38:01,319 --> 00:37:59,109

whatever it was you know it's like it's

750

00:38:04,559 --> 00:38:01,329

our own unique life experiences that

751

00:38:07,410 --> 00:38:04,569

give us our dream language well the

752

00:38:10,079 --> 00:38:07,420

place is I mean just off the top of my

753

00:38:17,249 --> 00:38:10,089

head the places where I see push back

754

00:38:21,559 --> 00:38:17,259

off on your book are probably some of

755

00:38:25,470 --> 00:38:21,569

the Freudian stuff because I think that

756

00:38:28,529 --> 00:38:25,480

it doesn't quite ring as true for women

757

00:38:34,460 --> 00:38:28,539

although I don't see it as being untrue

758

00:38:38,069 --> 00:38:34,470

like absolutely untrue on the other hand

759

00:38:39,930 --> 00:38:38,079

juxtaposing retrocausality with the

760

00:38:43,079 --> 00:38:39,940

Oedipus thing it's it's an interesting

761

00:38:45,420 --> 00:38:43,089

read but I think that to women it's not

762

00:38:48,329 --> 00:38:45,430

going to ring as true with it as it is

763

00:38:49,979 --> 00:38:48,339

to men and that's that's sort of a vague

764

00:38:51,900 --> 00:38:49,989

criticism and it's not meant to be a

765

00:38:53,460 --> 00:38:51,910

negative criticism just that that's

766

00:38:57,289 --> 00:38:53,470

somewhere where I see you getting

767

00:38:59,849 --> 00:38:57,299

pushback I also see pushback from

768

00:39:03,539 --> 00:38:59,859

parapsychologists who don't want to see

769

00:39:06,749 --> 00:39:03,549

every every parapsychological occurrence

770

00:39:09,630 --> 00:39:06,759

as being like a retro causal car

771

00:39:12,839 --> 00:39:09,640

occurrence although a lot of them can be

772

00:39:16,710 --> 00:39:12,849

seen in that light and and the third

773

00:39:20,430 --> 00:39:16,720

thing is you apparently give me the

774

00:39:22,769 --> 00:39:20,440

impression that you are a physicalist or

775

00:39:25,229 --> 00:39:22,779

a materialist in terms of your

776

00:39:28,019 --> 00:39:25,239

philosophy whereas many people in

777

00:39:31,650 --> 00:39:28,029

parapsychology are philosophical

778

00:39:35,220 --> 00:39:31,660

idealist s-- so I'm probably going in

779

00:39:42,019 --> 00:39:35,230

over the not over the head but you know

780

00:39:45,870 --> 00:39:42,029

the over the thinking immediate thinking

781

00:39:47,640 --> 00:39:45,880

thoughts of our listeners with that with

782

00:39:50,210 --> 00:39:47,650

those statements but maybe you want to

783

00:39:54,690 --> 00:39:50,220

speak a little bit to the idea of

784

00:39:57,670 --> 00:39:54,700

physicalism and consciousness and how

785

00:40:00,070 --> 00:39:57,680

you feel that conscious

786

00:40:03,160 --> 00:40:00,080

works with retrocausality

787

00:40:05,290 --> 00:40:03,170

and why you think that consciousness

788

00:40:08,920 --> 00:40:05,300

might be an emergent property of the

789

00:40:11,710 --> 00:40:08,930

brain oh I don't I don't I don't say

790

00:40:14,230 --> 00:40:11,720

that actually I don't know yeah I I took

791

00:40:16,839 --> 00:40:14,240

away the wrong thing then well no I

792

00:40:23,530 --> 00:40:16,849

you're right that I am taking that I am

793

00:40:26,920 --> 00:40:23,540

I am trying to I I wouldn't call I guess

794

00:40:28,359 --> 00:40:26,930

I would call myself I don't know if I

795

00:40:31,390 --> 00:40:28,369

would call myself a materialist I'm sort

796

00:40:34,089 --> 00:40:31,400

of I sort of try I'm trying to straddle

797

00:40:39,700 --> 00:40:34,099

two worlds with this book a little bit I

798

00:40:42,040 --> 00:40:39,710

am I'm trying to address a larger

799

00:40:45,190 --> 00:40:42,050

audience I think of readers who are

800

00:40:48,040 --> 00:40:45,200

going to be coming at this sort of which

801

00:40:52,270 --> 00:40:48,050

with a natural materialist or

802

00:40:58,620 --> 00:40:52,280

physicalist bent I I think most people

803

00:41:02,620 --> 00:40:58,630

who are not in parapsychology were were

804

00:41:04,630 --> 00:41:02,630

sort of on the margins of mainstream

805

00:41:07,450 --> 00:41:04,640

science you know they have they come in

806

00:41:10,260 --> 00:41:07,460

with materialist assumptions and I'm

807

00:41:14,859 --> 00:41:10,270

trying to I'm trying to speak to that

808

00:41:17,260 --> 00:41:14,869

audience by saying look there there is

809

00:41:21,280 --> 00:41:17,270

no there's nothing there's no reason

810

00:41:24,270 --> 00:41:21,290

that these phenomena can't be material

811

00:41:30,220 --> 00:41:24,280

in nature I believe quantum physics is a

812

00:41:32,770 --> 00:41:30,230

materialist science I mean it's it's a

813

00:41:35,770 --> 00:41:32,780

study of matter now what matter is you

814

00:41:37,690 --> 00:41:35,780

know deep down is it is it just math is

815

00:41:38,890 --> 00:41:37,700

it just ideas you know who knows I I

816

00:41:42,010 --> 00:41:38,900

think that there are ways that you can

817

00:41:44,410 --> 00:41:42,020

link these languages oh I wouldn't agree

818

00:41:46,780 --> 00:41:44,420

and disagree with that at the same time

819

00:41:48,670 --> 00:41:46,790

I think that quantum physics from my

820

00:41:51,760 --> 00:41:48,680

point of view came out of the physical

821

00:41:54,400 --> 00:41:51,770

sciences in it as a way to describe the

822

00:41:58,200 --> 00:41:54,410

actions of subatomic particles but if

823

00:42:02,109 --> 00:41:58,210

you read some of the writings of of the

824

00:42:05,200 --> 00:42:02,119

quantum physicists the I'm trying to

825

00:42:07,470 --> 00:42:05,210

think of an exact example but they they

826

00:42:09,700 --> 00:42:07,480

ended up many of them not being

827

00:42:14,170 --> 00:42:09,710

materialists

828

00:42:15,550 --> 00:42:14,180

um it's not that simple no I know the

829

00:42:18,099 --> 00:42:15,560

examples you're thinking of and I'm not

830

00:42:19,960 --> 00:42:18,109

thinking of the names there's the famous

831

00:42:22,000 --> 00:42:19,970

quotes you know you know comes back to

832

00:42:24,670 --> 00:42:22,010

consciousness so forth you know john von

833

00:42:27,510 --> 00:42:24,680

neumann is an example of someone who

834

00:42:29,349 --> 00:42:27,520

thought that that yeah it's his

835

00:42:31,120 --> 00:42:29,359

interpretation that he was consciousness

836

00:42:34,750 --> 00:42:31,130

itself that collapses the wavefunction

837

00:42:38,050 --> 00:42:34,760

for instance but this was not that's not

838

00:42:39,940 --> 00:42:38,060

a mainstream view and I think you're

839

00:42:43,510 --> 00:42:39,950

saying quantum physicists you have to

840

00:42:48,070 --> 00:42:43,520

thank fun plunk I guess was the one that

841

00:42:50,980 --> 00:42:48,080

I was thinking about but I I actually go

842

00:42:55,089 --> 00:42:50,990

ahead good I'm sorry I didn't mean to

843

00:42:57,490 --> 00:42:55,099

interrupt you know I'm certainly I am

844

00:43:01,540 --> 00:42:57,500

not making any claims about about

845

00:43:04,660 --> 00:43:01,550

consciousness or its relation to to

846

00:43:06,400 --> 00:43:04,670

materiality and I think that III do

847

00:43:09,300 --> 00:43:06,410

argue in the book that we don't need to

848

00:43:13,290 --> 00:43:09,310

figure that out to understand

849

00:43:16,630 --> 00:43:13,300

precognition that that it is possible to

850

00:43:19,240 --> 00:43:16,640

to address precognition without making

851  
00:43:22,960 --> 00:43:19,250  
any big claims about what consciousness

852  
00:43:25,870 --> 00:43:22,970  
is or how it relates to the physical

853  
00:43:28,030 --> 00:43:25,880  
world that it's it may be a little bit

854  
00:43:30,820 --> 00:43:28,040  
simpler than that actually between you

855  
00:43:36,390 --> 00:43:30,830  
and me and the wall I don't think that

856  
00:43:41,740 --> 00:43:39,670  
good luck figuring out consciousness and

857  
00:43:43,390 --> 00:43:41,750  
having some final answer to

858  
00:43:45,130 --> 00:43:43,400  
consciousness you know in our lifetimes

859  
00:43:46,440 --> 00:43:45,140  
you know I just don't think I think

860  
00:43:48,250 --> 00:43:46,450  
these are these are ongoing

861  
00:43:52,150 --> 00:43:48,260  
philosophical questions that are gonna

862  
00:43:54,130 --> 00:43:52,160  
be troubling humans for millennia so you

863  
00:43:57,010 --> 00:43:54,140

know and I I think that we can make a

864

00:43:58,990 --> 00:43:57,020

lot of progress without answering those

865

00:44:01,630 --> 00:43:59,000

questions so that's where I'm coming

866

00:44:03,910 --> 00:44:01,640

from and I didn't mean to make things

867

00:44:06,730 --> 00:44:03,920

difficult for you it just you know I

868

00:44:08,950 --> 00:44:06,740

read the book and I found myself

869

00:44:12,240 --> 00:44:08,960

rereading certain parts of it so that I

870

00:44:15,460 --> 00:44:12,250

could understand some of the the more

871

00:44:18,070 --> 00:44:15,470

physics things and I think that all our

872

00:44:21,280 --> 00:44:18,080

listeners would love to read the book

873

00:44:22,650 --> 00:44:21,290

and all the examples that you have given

874

00:44:25,319 --> 00:44:22,660

from

875

00:44:28,140 --> 00:44:25,329

recent historical by recent I mean of

876

00:44:31,289 --> 00:44:28,150

the last hundred and fifty years or so

877

00:44:34,200 --> 00:44:31,299

you not too much that goes back into the

878

00:44:36,900 --> 00:44:34,210

into ancient times because we can't know

879

00:44:39,359 --> 00:44:36,910

it really in my mind what people were

880

00:44:41,509 --> 00:44:39,369

thinking exactly back then but we can

881

00:44:44,430 --> 00:44:41,519

have a really pretty good idea about

882

00:44:46,740 --> 00:44:44,440

what Freud was talking about or what

883

00:44:50,910 --> 00:44:46,750

Dunn was talking about so I think that

884

00:44:54,569 --> 00:44:50,920

your book is really a tour de force of

885

00:44:57,870 --> 00:44:54,579

of this the this precognitive quality

886

00:45:00,990 --> 00:44:57,880

and I really I I really want to thank

887

00:45:06,029 --> 00:45:01,000

you for having been on shattered reality

888

00:45:08,819 --> 00:45:06,039

today and I hope you'll come back and

889

00:45:10,319 --> 00:45:08,829

and talk with us again perhaps when when

890

00:45:13,049 --> 00:45:10,329

Kate is here as well

891

00:45:15,210 --> 00:45:13,059

I'd love to great there's so much to say

892

00:45:17,490 --> 00:45:15,220

about this it's a huge topic it is and

893

00:45:19,499 --> 00:45:17,500

and again I didn't mean to give you a

894

00:45:21,180 --> 00:45:19,509

hard time at all but I I think that this

895

00:45:24,599 --> 00:45:21,190

is where you are going to get some

896

00:45:26,249 --> 00:45:24,609

pushback and I thought that my voice was

897

00:45:28,620 --> 00:45:26,259

the Freud stuff I hope they realize you

898

00:45:30,210 --> 00:45:28,630

know I'm using the term Oedipus kind of

899

00:45:32,789 --> 00:45:30,220

tongue-in-cheek here I don't I'm not a

900

00:45:35,609 --> 00:45:32,799

big believer in the Oedipus complex but

901  
00:45:37,410 --> 00:45:35,619  
you know it's the afraid fright did have

902  
00:45:40,829 --> 00:45:37,420  
a lot of you know sort of silly ideas

903  
00:45:43,230 --> 00:45:40,839  
but but it's it's it's interesting when

904  
00:45:45,420 --> 00:45:43,240  
you when you look at him as a Precog and

905  
00:45:47,730 --> 00:45:45,430  
then you look at all the evidence of

906  
00:45:51,930 --> 00:45:47,740  
precognition and psychoanalysis well you

907  
00:45:57,150 --> 00:45:51,940  
got me thinking about how I what kind of

908  
00:45:59,999 --> 00:45:57,160  
a an exempt example just as Oedipus is

909  
00:46:03,480 --> 00:46:00,009  
an example for Freud what kind of an

910  
00:46:06,329 --> 00:46:03,490  
example I would find for women's

911  
00:46:08,970 --> 00:46:06,339  
sexuality and I came to think of the

912  
00:46:14,009 --> 00:46:08,980  
book weathering Heights and you actually

913  
00:46:19,160 --> 00:46:14,019

gave me an idea for a blog post of my

914

00:46:25,079 --> 00:46:21,720

yeah they'd probably be pretty wacky and

915

00:46:29,279 --> 00:46:25,089

and not as nearly as astute as your as

916

00:46:32,099 --> 00:46:29,289

your opus they're the wonderful book why

917

00:46:34,769 --> 00:46:32,109

don't you tell us the book and where it

918

00:46:35,620 --> 00:46:34,779

can be gotten and mention it all again

919

00:46:38,560 --> 00:46:35,630

so you can

920

00:46:41,590 --> 00:46:38,570

a little boost here sure yeah the book

921

00:46:43,890 --> 00:46:41,600

is time loops subtitle is precognition

922

00:46:47,920 --> 00:46:43,900

retro cause a ssin and the unconscious

923

00:46:50,650 --> 00:46:47,930

my name is Eric Vargo that's w arg oh my

924

00:46:53,530 --> 00:46:50,660

that book can be purchased on Amazon of

925

00:46:57,610 --> 00:46:53,540

course or any online bookseller Barnes &

926  
00:47:01,270 --> 00:46:57,620  
Noble etc and it's from anomalous books

927  
00:47:03,250 --> 00:47:01,280  
an excellent publisher and also check

928  
00:47:06,760 --> 00:47:03,260  
out my blog the nightshirt it's all one

929  
00:47:09,460 --> 00:47:06,770  
word the nightshirt calm and it is great

930  
00:47:13,000 --> 00:47:09,470  
stuff and it's stuff that I say

931  
00:47:15,180 --> 00:47:13,010  
absolutely works I'm a person who does

932  
00:47:18,460 --> 00:47:15,190  
associative remote viewing and

933  
00:47:20,920 --> 00:47:18,470  
retrocausality absolutely works so

934  
00:47:24,520 --> 00:47:20,930  
that's the best plug that I can give for

935  
00:47:31,780 --> 00:47:24,530  
it that it works in my life thank you so

936  
00:47:36,540 --> 00:47:31,790  
much Eric thank you okay so here we are

937  
00:47:42,400 --> 00:47:36,550  
at shattered reality it is September

938  
00:47:47,260 --> 00:47:42,410

11th it's at September 11th 2018 and we

939

00:47:52,320 --> 00:47:47,270

are going to do a little bit of a review

940

00:47:57,960 --> 00:47:52,330

I had asked our listeners to send in

941

00:48:02,470 --> 00:47:57,970

experiences that they had had for their

942

00:48:05,680 --> 00:48:02,480

precognition of 9/11 and it's a very

943

00:48:08,890 --> 00:48:05,690

sensitive subject our listeners had a

944

00:48:11,700 --> 00:48:08,900

number of precognitive 9/11 experiences

945

00:48:14,830 --> 00:48:11,710

to share starting with the most prosaic

946

00:48:17,260 --> 00:48:14,840

the one that just about everyone in the

947

00:48:20,170 --> 00:48:17,270

New York area can resonate with our

948

00:48:23,050 --> 00:48:20,180

listener mark who is a commercial artist

949

00:48:25,750 --> 00:48:23,060

worked with a woman whose husband

950

00:48:28,780 --> 00:48:25,760

overslept on that fateful morning and

951  
00:48:31,990 --> 00:48:28,790  
when his later bus was about to enter

952  
00:48:36,880 --> 00:48:32,000  
the tunnel it was turned back he was a

953  
00:48:40,060 --> 00:48:36,890  
worker at at one of the towers and over

954  
00:48:44,830 --> 00:48:40,070  
sleeping on that day saved his life

955  
00:48:47,130 --> 00:48:44,840  
so that we can't say what caused him to

956  
00:48:49,599 --> 00:48:47,140  
oversleep what caused him to dawdle

957  
00:48:53,470 --> 00:48:49,609  
going to get the bus but

958  
00:48:56,470 --> 00:48:53,480  
he in fact was saved in that manner and

959  
00:48:59,049 --> 00:48:56,480  
out like I said most everybody in the

960  
00:49:03,400 --> 00:48:59,059  
New York area has a story like that to

961  
00:49:06,150 --> 00:49:03,410  
relate now similarly a female client of

962  
00:49:09,160 --> 00:49:06,160  
mine played hooky from work that day

963  
00:49:10,989 --> 00:49:09,170

saving her life but causing her to feel

964

00:49:15,690 --> 00:49:10,999

guilt for years to come

965

00:49:20,499 --> 00:49:15,700

knowing that many of her co-workers died

966

00:49:24,370 --> 00:49:20,509

we have a listener who has reported

967

00:49:28,390 --> 00:49:24,380

other psychic experiences in her life

968

00:49:32,229 --> 00:49:28,400

that listener is nurse Nancy who was

969

00:49:33,519 --> 00:49:32,239

working in a hospital for the criminally

970

00:49:38,200 --> 00:49:33,529

insane

971

00:49:41,170 --> 00:49:38,210

in the late 1990s one Hispanic inmate

972

00:49:49,239 --> 00:49:41,180

who was a practitioner of some of the

973

00:49:54,729 --> 00:49:49,249

darker arts some of the darker voodoo

974

00:49:57,609 --> 00:49:54,739

and santeria kind of practitioner this

975

00:50:01,420 --> 00:49:57,619

inmate she frequently conversed with

976  
00:50:04,509 --> 00:50:01,430  
this man and found him very interesting

977  
00:50:06,880 --> 00:50:04,519  
and he told her that he had stopped

978  
00:50:09,460 --> 00:50:06,890  
going to Manhattan stopped going to New

979  
00:50:13,390 --> 00:50:09,470  
York City due to what he felt were

980  
00:50:16,569 --> 00:50:13,400  
prophetic dreams of horror about

981  
00:50:20,440 --> 00:50:16,579  
Manhattan he repeatedly dreamt of planes

982  
00:50:23,589 --> 00:50:20,450  
buzzing perilously low overhead people

983  
00:50:26,890 --> 00:50:23,599  
screaming and pieces of partially burnt

984  
00:50:30,130 --> 00:50:26,900  
paper falling from above the dreams

985  
00:50:32,829 --> 00:50:30,140  
filled him with such dread he could not

986  
00:50:36,039 --> 00:50:32,839  
go into the city anymore now this

987  
00:50:40,450 --> 00:50:36,049  
happened in the late 90s so it was well

988  
00:50:44,499 --> 00:50:40,460

ahead of 9/11 several years now we have

989

00:50:47,670 --> 00:50:44,509

a very nice letter from Maxine in

990

00:50:51,190 --> 00:50:47,680

Australia and Maxine wrote the following

991

00:50:53,589 --> 00:50:51,200

- here's my story I hope you find it

992

00:50:56,440 --> 00:50:53,599

interesting a couple of days prior to

993

00:50:58,660 --> 00:50:56,450

the World Trade Center attack I had a

994

00:51:00,940 --> 00:50:58,670

dream that I believe picked up on the

995

00:51:02,320 --> 00:51:00,950

event that was about to happen I wish I

996

00:51:05,020 --> 00:51:02,330

could do this in an Australian

997

00:51:07,390 --> 00:51:05,030

accent but can't it's not an accurate

998

00:51:10,690 --> 00:51:07,400

premonition but I feel that enough

999

00:51:13,240 --> 00:51:10,700

elements fit to make it interesting no

1000

00:51:16,720 --> 00:51:13,250

proof of course just my memory of the

1001

00:51:20,640 --> 00:51:16,730

experience at the time I worked in a

1002

00:51:23,860 --> 00:51:20,650

small office tower of about 12 stories

1003

00:51:26,920 --> 00:51:23,870

located in southeast Queensland in

1004

00:51:30,100 --> 00:51:26,930

Australia beside that building was

1005

00:51:33,550 --> 00:51:30,110

another one of similar size nothing like

1006

00:51:36,150 --> 00:51:33,560

the size of the WTC but similar in that

1007

00:51:38,740 --> 00:51:36,160

they were two buildings side-by-side

1008

00:51:40,920 --> 00:51:38,750

they were surrounded by much smaller

1009

00:51:43,930 --> 00:51:40,930

buildings one or two storeys in height

1010

00:51:47,380 --> 00:51:43,940

but no other taller buildings for some

1011

00:51:50,110 --> 00:51:47,390

distance in my dream I was standing on

1012

00:51:53,500 --> 00:51:50,120

the street one block away looking across

1013

00:51:56,680 --> 00:51:53,510

and up at the two buildings I then saw a

1014

00:51:57,460 --> 00:51:56,690

metal object sliced diagonally into one

1015

00:51:59,890 --> 00:51:57,470

of the buildings

1016

00:52:03,130 --> 00:51:59,900

chunking into the glass and building

1017

00:52:05,500 --> 00:52:03,140

frame the damage was positioned at about

1018

00:52:08,230 --> 00:52:05,510

halfway to two-thirds of the building

1019

00:52:10,600 --> 00:52:08,240

height there was no plane but I thought

1020

00:52:13,480 --> 00:52:10,610

that the object was attached to a long

1021

00:52:16,930 --> 00:52:13,490

extended metal arm reaching up from a

1022

00:52:19,600 --> 00:52:16,940

truck it seemed to be a concrete pumping

1023

00:52:21,700 --> 00:52:19,610

or fire fighting style truck this is

1024

00:52:24,430 --> 00:52:21,710

obviously not correct to the New York

1025

00:52:27,160 --> 00:52:24,440

event but the actual damage to the

1026

00:52:29,890 --> 00:52:27,170

building looked very similar to the

1027

00:52:32,830 --> 00:52:29,900

damage when the first plane hit the

1028

00:52:35,110 --> 00:52:32,840

World Trade Center also a truck would

1029

00:52:37,060 --> 00:52:35,120

not have been large enough to reach up

1030

00:52:39,820 --> 00:52:37,070

to the building as I saw it in my dream

1031

00:52:42,040 --> 00:52:39,830

maybe the idea of a fire truck with an

1032

00:52:45,610 --> 00:52:42,050

extended arm add some weight to the

1033

00:52:48,880 --> 00:52:45,620

story in summary I had a dream about an

1034

00:52:51,670 --> 00:52:48,890

exterior object chunking into the side

1035

00:52:54,970 --> 00:52:51,680

of a building that was one of a pair of

1036

00:52:57,220 --> 00:52:54,980

similar buildings the dream was just

1037

00:53:00,910 --> 00:52:57,230

before the World Trade Center attack as

1038

00:53:04,360 --> 00:53:00,920

I said no way an exact foreseeing of

1039

00:53:08,470 --> 00:53:04,370

what did transpire but the elements feel

1040

00:53:11,050 --> 00:53:08,480

more than coincidental also that dream

1041

00:53:13,660 --> 00:53:11,060

was very vivid and I remembered it very

1042

00:53:16,150 --> 00:53:13,670

clearly and that memory has never left

1043

00:53:19,600 --> 00:53:16,160

me even after all these

1044

00:53:22,090 --> 00:53:19,610

my geographic location on the other side

1045

00:53:24,760 --> 00:53:22,100

of the world just shows that physical

1046

00:53:28,150 --> 00:53:24,770

distance is of no consequence in these

1047

00:53:30,280 --> 00:53:28,160

manners well that's it and she says

1048

00:53:32,650 --> 00:53:30,290

she's not she didn't want to talk on the

1049

00:53:34,510 --> 00:53:32,660

air and she says she loves the podcast

1050

00:53:37,950 --> 00:53:34,520

and we love you too Maxine

1051  
00:53:40,690 --> 00:53:37,960  
thanks so much for that revelation I

1052  
00:53:43,720 --> 00:53:40,700  
think that her story is a perfect

1053  
00:53:46,840 --> 00:53:43,730  
example of foreseeing what was coming

1054  
00:53:50,740 --> 00:53:46,850  
but the mind displacing the event

1055  
00:53:53,440 --> 00:53:50,750  
towards the familiar similar to what

1056  
00:53:56,880 --> 00:53:53,450  
Eric Wargo had told us about his

1057  
00:54:01,810 --> 00:53:56,890  
premonition seeing those two mosques in

1058  
00:54:04,440 --> 00:54:01,820  
downtown Colorado Denver they're so in a

1059  
00:54:08,700 --> 00:54:04,450  
similar vein we have Suzanne Evans

1060  
00:54:11,950 --> 00:54:08,710  
Morris a PhD in speech and language

1061  
00:54:13,720 --> 00:54:11,960  
pathology and a very astute woman who I

1062  
00:54:17,410 --> 00:54:13,730  
have had the pleasure of meeting on

1063  
00:54:20,050 --> 00:54:17,420

several occasions she writes thus I was

1064

00:54:23,170 --> 00:54:20,060

traveling from Wisconsin to Virginia and

1065

00:54:26,410 --> 00:54:23,180

spent the night at a hotel in Morehead

1066

00:54:30,070 --> 00:54:26,420

Kentucky the night of September 10th

1067

00:54:32,860 --> 00:54:30,080

I typically sleep very well on these

1068

00:54:35,910 --> 00:54:32,870

trips especially after a long day of

1069

00:54:39,850 --> 00:54:35,920

driving however that night I woke up

1070

00:54:42,640 --> 00:54:39,860

around 2:00 a.m. and felt very agitated

1071

00:54:46,780 --> 00:54:42,650

and unsettled I had trouble getting back

1072

00:54:48,960 --> 00:54:46,790

to sleep I woke up around 8:45 again

1073

00:54:51,970 --> 00:54:48,970

feeling anxious and somewhat agitated

1074

00:54:54,910 --> 00:54:51,980

the first thing I did was turn on the

1075

00:54:57,370 --> 00:54:54,920

television just as the second peléan hit

1076

00:55:00,850 --> 00:54:57,380

the World Trade Center this was very

1077

00:55:03,310 --> 00:55:00,860

unusual for me I rarely watch television

1078

00:55:06,580 --> 00:55:03,320

while I'm traveling I would never turn

1079

00:55:09,430 --> 00:55:06,590

it on immediately after waking I just

1080

00:55:12,010 --> 00:55:09,440

don't want to begin my day with the

1081

00:55:15,790 --> 00:55:12,020

negativity of most of the news on

1082

00:55:18,220 --> 00:55:15,800

broadcast television however that

1083

00:55:20,740 --> 00:55:18,230

morning I didn't even think I just went

1084

00:55:22,900 --> 00:55:20,750

over and turned on the TV I know that I

1085

00:55:25,540 --> 00:55:22,910

was picking up something in our

1086

00:55:28,760 --> 00:55:25,550

vibrational universe that related to the

1087

00:55:31,700 --> 00:55:28,770

attacks of the morning of 9/11

1088

00:55:37,490 --> 00:55:31,710

these kinds of clear precognitive events

1089

00:55:40,490 --> 00:55:37,500

are not common for me and she says love

1090

00:55:44,090 --> 00:55:40,500

and peace to you Suzanne I thank her for

1091

00:55:47,930 --> 00:55:44,100

that now we have another a slightly

1092

00:55:50,840 --> 00:55:47,940

different sort of knot it's not a

1093

00:55:54,350 --> 00:55:50,850

premonition it's an observation it's a

1094

00:55:57,320 --> 00:55:54,360

psychic observation by Greg who is a

1095

00:56:00,140 --> 00:55:57,330

very intuitive man he lets us in on

1096

00:56:05,090 --> 00:56:00,150

something he perceived at a 9/11

1097

00:56:07,910 --> 00:56:05,100

memorial in 2014 I have been physically

1098

00:56:10,670 --> 00:56:07,920

to the memorial site in New York City it

1099

00:56:13,790 --> 00:56:10,680

is a powerful place and as with other

1100

00:56:16,850 --> 00:56:13,800

memorial sites such as the Vietnam Wall

1101

00:56:20,630 --> 00:56:16,860

I always get overwhelmed by the energy

1102

00:56:24,080 --> 00:56:20,640

I've also watched as survivors or family

1103

00:56:26,740 --> 00:56:24,090

or friends pull in those that they've

1104

00:56:29,359 --> 00:56:26,750

lost back to the memorial sites I

1105

00:56:31,960 --> 00:56:29,369

suspect this happens at other such

1106

00:56:35,240 --> 00:56:31,970

powerful places around the globe

1107

00:56:38,420 --> 00:56:35,250

sometime before the 13th anniversary of

1108

00:56:42,470 --> 00:56:38,430

the 9/11 event I was asked by a friend

1109

00:56:44,690 --> 00:56:42,480

to check the memorial site my friend was

1110

00:56:47,240 --> 00:56:44,700

concerned because another friend of his

1111

00:56:49,490 --> 00:56:47,250

sensed that something was going to

1112

00:56:52,010 --> 00:56:49,500

happen on the anniversary a terrorist

1113

00:56:54,950 --> 00:56:52,020

attack or other criminal event at the

1114

00:56:56,810 --> 00:56:54,960

memorial I assured my friend that I

1115

00:56:59,570 --> 00:56:56,820

didn't think anything would happen as

1116

00:57:01,940 --> 00:56:59,580

the area is heavily protected both

1117

00:57:03,880 --> 00:57:01,950

physically as well as energetically I

1118

00:57:06,530 --> 00:57:03,890

checked the site and sure enough

1119

00:57:09,140 --> 00:57:06,540

although there were whispers of a desire

1120

00:57:11,900 --> 00:57:09,150

to cause distress at the site it was too

1121

00:57:15,290 --> 00:57:11,910

protected for anything to happen on the

1122

00:57:18,560 --> 00:57:15,300

day of the 13th anniversary I decided to

1123

00:57:21,560 --> 00:57:18,570

travel astral travel and visit the site

1124

00:57:23,990 --> 00:57:21,570

as I stood in the crowd observing the

1125

00:57:27,040 --> 00:57:24,000

friends and families mourn their loved

1126

00:57:30,590 --> 00:57:27,050

ones I noticed an agitated young man

1127

00:57:33,650 --> 00:57:30,600

searching the crowd he was dressed in

1128

00:57:35,599 --> 00:57:33,660

the full New York City firemen's regalia

1129

00:57:38,000 --> 00:57:35,609

boots baggy Fire pants with the

1130

00:57:40,760 --> 00:57:38,010

fluorescent strips the jacket the fire

1131

00:57:42,289 --> 00:57:40,770

hat other gear that you see firemen wear

1132

00:57:45,289 --> 00:57:42,299

as they head into a

1133

00:57:48,380 --> 00:57:45,299

building he wave he wove through the

1134

00:57:52,189 --> 00:57:48,390

crowd looking for a woman a young woman

1135

00:57:54,829 --> 00:57:52,199

his wife or girlfriend his beloved for a

1136

00:57:57,229 --> 00:57:54,839

brief moment he caught me looking at him

1137

00:58:01,370 --> 00:57:57,239

but he wouldn't acknowledge me or my

1138

00:58:04,309 --> 00:58:01,380

offer of help I always ask how long has

1139

00:58:07,819 --> 00:58:04,319

I always asked how long someone has

1140

00:58:11,509 --> 00:58:07,829

passed before I reach out helps me to

1141

00:58:14,509 --> 00:58:11,519

know if I'll quote see a human form or

1142

00:58:16,640 --> 00:58:14,519

as most often happens pure energy form

1143

00:58:19,939 --> 00:58:16,650

especially if the person has been

1144

00:58:21,949 --> 00:58:19,949

out-of-body for some time we tend to

1145

00:58:25,939 --> 00:58:21,959

keep the human form for just a brief

1146

00:58:29,209 --> 00:58:25,949

time after passing not sure why yet

1147

00:58:32,449 --> 00:58:29,219

powerful places such as memorials often

1148

00:58:35,599 --> 00:58:32,459

pull Souls back in human form years

1149

00:58:40,089 --> 00:58:35,609

after their passing the strong physical

1150

00:58:44,959 --> 00:58:40,099

presence of the young fire man though

1151

00:58:47,989 --> 00:58:44,969

was very striking he wasn't at all as

1152

00:58:52,039 --> 00:58:47,999

transparent as others in the crowd were

1153

00:58:54,559 --> 00:58:52,049

I sensed from him that it was because he

1154

00:58:57,069 --> 00:58:54,569

wasn't yet ready to give up on his last

1155

00:58:59,539 --> 00:58:57,079

life his dreams of a loving relationship

1156

00:59:02,689 --> 00:58:59,549

with the young woman he was searching

1157

00:59:04,969 --> 00:59:02,699

for their plans for a house the children

1158

00:59:07,400 --> 00:59:04,979

they had talked about having he was

1159

00:59:10,759 --> 00:59:07,410

unwilling to end these dreams and move

1160

00:59:14,809 --> 00:59:10,769

on why I suspect he wouldn't acknowledge

1161

00:59:16,849 --> 00:59:14,819

me or some or come near me I left very

1162

00:59:20,089 --> 00:59:16,859

soon after and I haven't been back to

1163

00:59:21,949 --> 00:59:20,099

check on him I wonder after 13 years the

1164

00:59:24,919 --> 00:59:21,959

young woman had moved on with her life

1165

00:59:29,959 --> 00:59:24,929

yet for the young firemen his healing

1166

00:59:33,979 --> 00:59:29,969

would take some time I myself had had

1167

00:59:37,069 --> 00:59:33,989

some premonitions of 9/11 at that time I

1168

00:59:40,069 --> 00:59:37,079

would ordinarily take a plane to Europe

1169

00:59:41,929 --> 00:59:40,079

during the summer but I felt like there

1170

00:59:43,669 --> 00:59:41,939

was something negative in the air and I

1171

00:59:47,709 --> 00:59:43,679

didn't want to travel to Europe so

1172

00:59:51,189 --> 00:59:47,719

instead I traveled to Las Vegas and

1173

00:59:55,790 --> 00:59:51,199

unfortunately there were some disruptive

1174

00:59:57,170 --> 00:59:55,800

young Arabic looking men on the flight

1175

01:00:00,020 --> 00:59:57,180

and they gave me pause for thought

1176

01:00:03,050 --> 01:00:00,030

during that flight

1177

01:00:05,690 --> 01:00:03,060

nothing happened I'm happy to say and I

1178

01:00:08,660 --> 01:00:05,700

got off the plane in Las Vegas and

1179

01:00:13,010 --> 01:00:08,670

proceeded to have a very nice time that

1180

01:00:15,410 --> 01:00:13,020

was in August September 9th of that year

1181

01:00:17,630 --> 01:00:15,420

I went out with a friend for a birthday

1182

01:00:21,160 --> 01:00:17,640

dinner and when I came back to my

1183

01:00:23,690 --> 01:00:21,170

apartment I had a terrible nightmare

1184

01:00:25,580 --> 01:00:23,700

early in the evening and it may have

1185

01:00:28,550 --> 01:00:25,590

been occasioned by the fact that there

1186

01:00:31,310 --> 01:00:28,560

may have been helicopters flying over my

1187

01:00:34,940 --> 01:00:31,320

building but I woke up screaming and

1188

01:00:38,180 --> 01:00:34,950

said they're coming to get us

1189

01:00:41,720 --> 01:00:38,190

then on the date of September 10th on

1190

01:00:45,380 --> 01:00:41,730

Monday I recall going out into the

1191

01:00:47,660 --> 01:00:45,390

street and feeling like things were too

1192

01:00:50,120 --> 01:00:47,670

quiet the day was too perfect kids had

1193

01:00:54,050 --> 01:00:50,130

just started back to school and the day

1194

01:00:57,770 --> 01:00:54,060

was just too quiet something was up I

1195

01:01:00,860 --> 01:00:57,780

didn't know what I had no idea what but

1196

01:01:05,770 --> 01:01:00,870

I was supposed to work for the Green

1197

01:01:09,890 --> 01:01:05,780

Party candidate at a at a polling place

1198

01:01:13,880 --> 01:01:09,900

I think it was in Brooklyn that morning

1199

01:01:16,580 --> 01:01:13,890

of 9/11 and I conveniently overslept

1200

01:01:19,550 --> 01:01:16,590

which is not something that I would

1201

01:01:22,640 --> 01:01:19,560

ordinarily do I usually go to my

1202

01:01:25,670 --> 01:01:22,650

appointments in a timely manner but I

1203

01:01:27,770 --> 01:01:25,680

couldn't sleep that night and I did not

1204

01:01:29,690 --> 01:01:27,780

go to the polling place where I was

1205

01:01:36,340 --> 01:01:29,700

supposed to be representing one of the

1206

01:01:41,240 --> 01:01:36,350

Green Party candidates and so I did

1207

01:01:44,120 --> 01:01:41,250

getting getting bound up in the subways

1208

01:01:47,210 --> 01:01:44,130

and in you know left in Brooklyn or

1209

01:01:50,870 --> 01:01:47,220

possibly something worse happening to me

1210

01:01:53,090 --> 01:01:50,880

so I'm very thankful about that it's a

1211

01:01:55,190 --> 01:01:53,100

it's a very difficult day for those of

1212

01:01:57,920 --> 01:01:55,200

us here in the Greater New York area

1213

01:02:01,940 --> 01:01:57,930

because almost everybody knows someone

1214

01:02:06,550 --> 01:02:01,950

who was lost without further ado I am

1215

01:02:09,799 --> 01:02:06,560

going to say goodbye to our listeners on

1216

01:02:24,830 --> 01:02:09,809

this very solemn Memorial Day
