

1

00:00:00,000 --> 00:00:08,680

I'm Sean Ryder, as a 15 year old lad in Salford, long before my old raising antics and I have

2

00:00:08,680 --> 00:00:13,720

been Mondays, I saw a ball of light whizzing about in the night sky as I stood at a bus

3

00:00:13,720 --> 00:00:19,600

stop. I knew there and then I'd seen a UFO, ever since I've been obsessed with all things

4

00:00:19,600 --> 00:00:28,080

extraterrestrial. I've always wanted to understand what I saw that day and in this series I'm

5

00:00:28,080 --> 00:00:33,520

going to do just that. My mission is to seek out those at the forefront of UFO research

6

00:00:33,520 --> 00:00:39,560

and through them try to discover how other people deal with this most mysterious phenomenon.

7

00:00:39,560 --> 00:00:48,920

I'll be meeting the top dogs of ufology from generals and scientists to the abductees themselves,

8

00:00:48,920 --> 00:00:55,040

to hear what they have to say and to separate fact from fiction. That's clear as day like that.

9

00:00:55,040 --> 00:00:58,920

Well it is, this is one of the strangest mysterious things I've ever seen.

10

00:01:09,560 --> 00:01:15,560

Around the world people are reported mysterious happenings in the skies. Beams from an unidentified

11

00:01:15,560 --> 00:01:24,120

grave. Handlers and handlers are people so late. Most of them are dismissed as mistakes or oaksies,

12

00:01:24,600 --> 00:01:29,400

but when a report comes from a government official, even the skeptics sit up and pay attention.

13

00:01:29,400 --> 00:01:34,720

They are unidentified and they were flying and seem to be obviously objects. It all depends

14

00:01:34,720 --> 00:01:40,240

on what it is, who's saying it. If an airline pilot for example says that they've seen a

15

00:01:40,240 --> 00:01:45,480

really strange unidentified flying object, that's likely to be taken fairly seriously.

16

00:01:45,480 --> 00:01:51,440

I've always found the way UFO witnesses are judged problematic. The credibility of a sighting

17

00:01:51,440 --> 00:01:57,400

is mainly determined on who files the report. So if you are eye spotter UFO, it's unlikely

18

00:01:57,400 --> 00:02:02,920

many people will believe us, but it's a different matter if it's a large group or individuals

19

00:02:02,920 --> 00:02:09,120

working within the military or the government. Today I'm travelling from my own town in Manchester

20

00:02:09,120 --> 00:02:14,960

to Q in west London. I'm going to meet a former member of the Ministry of Defence whose opinions

21

00:02:14,960 --> 00:02:25,440

on UFOs are taken seriously. So I'm here today to meet the man who was in charge of the UFO

22

00:02:25,440 --> 00:02:32,720

projects for quite a few years at the Ministry of Defence, the M.O.D. Mr Nick Polp.

23

00:02:32,720 --> 00:02:43,240

Hi Nick. Hello. Hi. Good to meet you. Nick Polp. So when you were into the M.O.D. Nick,

24

00:02:43,360 --> 00:02:50,000

you was a complete skeptic, but when you came out of it, your opinion had changed. When I started

25

00:02:50,000 --> 00:02:56,520

that job, I was broadly sceptical. I mean, I really didn't know much about the subject. When I came

26

00:02:56,520 --> 00:03:03,520

out of that job after three years, I changed my mind and while I'm not a total believer or anything,

27

00:03:03,520 --> 00:03:08,880

I certainly know that there's more to this than just misidentifications and hoaxes. There's

28

00:03:08,920 --> 00:03:16,520

something real in our skies. Do governments take UFOs seriously? Yes, they do. I mean,

29

00:03:16,520 --> 00:03:21,680

this is a serious issue. If there is anything unknown in your airspace, particularly if it's

30

00:03:21,680 --> 00:03:26,520

been seen by pilots and tracked on radar, the government and the Air Force wants to know what

31

00:03:26,520 --> 00:03:32,800

it is. So yes, it doesn't surprise me that all over the world governments have had UFO projects.

32

00:03:32,800 --> 00:03:38,800

The one in 1978 or 79, I did see this thing flying about in the skies in Manchester,

33

00:03:38,800 --> 00:03:45,240

Salford. That was, you know, doing this sort of thing. Like this. Like that. And then, oh,

34

00:03:45,240 --> 00:03:49,680

I mean, if I saw something like that now, I could have probably thought, you know,

35

00:03:49,680 --> 00:03:54,320

it's one of the stealth aircrafts. But this was back in the 70s and it was doing stuff that even

36

00:03:54,320 --> 00:04:01,600

these things can't do. During the late 70s, if you look at the figures of sightings reported to

37

00:04:01,600 --> 00:04:07,120

the MOD, there's quite a spike in the late 70s. So you were certainly not alone. I mean, there

38

00:04:07,120 --> 00:04:13,240

were hundreds of people reporting to the MOD. So yeah, it doesn't surprise me that Manchester late

39

00:04:13,240 --> 00:04:17,840

70s, there's some really interesting sightings. So in your work at the Ministry of Defence, Nick,

40

00:04:17,840 --> 00:04:25,320

what was the most interesting sightings and cases you came across? Well, the most fascinating one

41

00:04:25,320 --> 00:04:31,040

that happened while I was running the UFO project was the Kossford incident. This was a wave of

42

00:04:31,080 --> 00:04:39,400

sightings from 1993 over a period of about six hours, including sightings at two military bases,

43

00:04:39,400 --> 00:04:46,960

lots of reports from police and some other military personnel as well. I spoke, for example,

44

00:04:46,960 --> 00:04:55,720

to the Met officer at RAF Shawbury the day after this. And his voice was shaking. And he told me

45

00:04:55,720 --> 00:05:02,080

about a huge diamond shaped UFO. So all the investigations you've done, Nick, and all the

46

00:05:02,080 --> 00:05:07,880

files that I can't say, where it is stored and can I go get my hands on them and have a look through

47

00:05:07,880 --> 00:05:12,680

them? Yes, we can go to the National Archives and have a look at it. I think we should get

48

00:05:12,680 --> 00:05:25,200

ourselves down to the Archives. Okay, let's do that. Brilliant. The 1993 Kossford incident is one

49

00:05:25,200 --> 00:05:33,440

of the UK's biggest unexplained UFO cases today. The episode began with two reporting sightings

50

00:05:33,440 --> 00:05:39,440

in Somerset. The first witness was a policeman who described the craft looking like two concaves

51

00:05:39,440 --> 00:05:47,160

flying side by side. Later that night, nearly 200 miles north of the Somerset sightings,

52

00:05:47,160 --> 00:05:53,840

officers at RAF Kossford and RAF Shawbury claimed to have seen similar objects flying over their

53

00:05:53,880 --> 00:06:01,000

military bases. The fact that military personnel and police officers spoke out meant that even

54

00:06:01,000 --> 00:06:08,920

the skeptics were prepared to listen. The documents relating to this incident are now available to

55

00:06:08,920 --> 00:06:15,200

the public. So Nick is taking me to view them at the National Archives, which holds copies of all

56

00:06:15,200 --> 00:06:23,760

the UFO reports of a file. In 2012, nearly 7,000 previously secret documents detailing UFO sightings

57

00:06:23,840 --> 00:06:29,440

were released by the M.O.D. Access to these official papers is encouraging for people who believe

58

00:06:29,440 --> 00:06:37,200

they've encountered or even communicated with the extraterrestrial. This is like the secrets that

59

00:06:37,200 --> 00:06:48,640

are kept in here. Are these our X-files? These are the real life X-files. Some files from maybe

60

00:06:48,720 --> 00:06:55,880

100 years ago that are still closed. If something is going to cause catastrophic damage to the

61

00:06:55,880 --> 00:07:02,040

national interest. Such as we found out that Jack the Ripper was one of the Royal families. Keep

62

00:07:02,040 --> 00:07:09,760

that one closed. Yeah, that probably would be. I think we've got it. I think the stuff that you're

63

00:07:09,760 --> 00:07:14,920

looking for is right here. Fantastic. So what file we've got here Nick? This is the file on the

64

00:07:14,960 --> 00:07:21,760

Crossford incident. List of sightings here. This is interesting. This is a map showing you and

65

00:07:21,760 --> 00:07:26,720

that's actually my handwriting. When I was doing the investigation I tried to plot out all the

66

00:07:26,720 --> 00:07:32,200

different sightings that came in. So that night Nick and March the 30th, March the 31st, what

67

00:07:32,200 --> 00:07:39,360

actually happened? Well it was over a period of about six hours. All these reports came in. I

68

00:07:39,400 --> 00:07:45,680

mean you can just get a sense of how many there are by leafing through this file. Oh wow. This is

69

00:07:45,680 --> 00:07:53,280

from the Met officer at RAF Shawbury. Saw object stationary then moving straight up. Then zigzag

70

00:07:53,280 --> 00:08:00,320

movements. Is that like what you saw? Yeah, that's right. And he said beam which was narrow like laser

71

00:08:00,320 --> 00:08:05,000

beam and appeared to be searching for something on the ground. You don't have any theories of what

72

00:08:05,040 --> 00:08:11,960

they've been looking for. I don't know. I mean to this day this whole incident is completely

73

00:08:11,960 --> 00:08:16,640

unexplained. This is the killer document from the Ministry of Defence about the sighting. Here we

74

00:08:16,640 --> 00:08:24,640

are. Look at this. Yeah. See, so as it says here in summary there would seem to be some evidence on

75

00:08:24,640 --> 00:08:32,240

this occasion that an unidentified object or objects of unknown origin was operated over the UK.
Well

76

00:08:32,280 --> 00:08:40,040

that's an absolutely fantastic line. It's the nearest the MOD has ever come to saying UFOs are

77

00:08:40,040 --> 00:08:44,840

real. They're in our airspace but we don't know what they are. Well the other file that we've
pulled

78

00:08:44,840 --> 00:08:53,800

out here Sean, you'll like this. Basically if you look at the original what does all this stuff

79

00:08:53,800 --> 00:08:59,880

about flying saucers amount to? What can it mean? What is the truth? Let me have a report at your

80

00:08:59,920 --> 00:09:07,440

convenience. WSC. That's Winston Churchill. Wow, that's incredible. Wow, look at this. And this is

81

00:09:07,440 --> 00:09:13,080

the reply back to Churchill. You know Prime Minister the various reports about unidentified

82

00:09:13,080 --> 00:09:19,440

flying objects described by the press as flying saucers. This is a real piece of history here.

83

00:09:19,440 --> 00:09:24,000

Well in terms of what we're talking about the Cotswolds incident today I mean there's a lot of

84

00:09:24,040 --> 00:09:29,440

incredible witnesses there. I mean not just a bunch of you know fruit cakes you know bubblegum

85

00:09:29,440 --> 00:09:38,920

heads you know I mean we've got police officers, we've got military police and people from the

86

00:09:38,920 --> 00:09:46,800

Air Force. So you know I've actually seen their statements in there you know so these are real

87

00:09:46,840 --> 00:09:51,000

incredible witnesses and you know not just some some wounds.

88

00:09:58,000 --> 00:10:03,960

I'm Sean Ryder and I've been fascinated with UFOs ever since I saw one in the skies above

89

00:10:03,960 --> 00:10:11,280

Manchester. Now I'm trying to understand how other people approach this phenomenon. So far I've

90

00:10:11,320 --> 00:10:17,040

met with Nick Pope he's shown me previously classified documents on reported UFO sightings.

91

00:10:21,040 --> 00:10:27,680

The vast quantity of UFO reports proved that many people in the UK believe they exist. It made me

92

00:10:27,680 --> 00:10:33,680

question why witnesses are often ridiculed and why there is a need for the many UFO support groups

93

00:10:33,680 --> 00:10:40,840

that have mushroomed in Britain. I'm meeting with a pharmaceutical psychologist to try and learn

94

00:10:40,920 --> 00:10:50,600

what makes groups like these tick. I want to know why people join these groups and whether or not

95

00:10:50,600 --> 00:10:57,160

it helps to validate UFO sightings. I suppose if people start to believe and take you know have a

96

00:10:57,160 --> 00:11:01,160

certain belief they might want to recruit other people to share that belief it makes them feel

97

00:11:01,160 --> 00:11:07,000

better and then there may be processes within the group where someone becomes a kind of guru figure

98

00:11:07,240 --> 00:11:15,480

and if they're believed then other people will follow that and I think that sort of activity I

99

00:11:15,480 --> 00:11:22,200

mean is one that can bring the whole subject into doubt in many people's minds. The other thing to

100

00:11:22,200 --> 00:11:30,360

find is people do have more than one new UFO experience and I mean as with myself you have one

101

00:11:31,160 --> 00:11:36,680

and maybe another and by the time you're getting on to the third experience I mean I'm even questioning

102

00:11:36,760 --> 00:11:43,800

myself but you know people really might go for one but when you get on to two or even three you

103

00:11:43,800 --> 00:11:50,680

know people start you know not tending to believe. Well I suspect that it's because people many people

104

00:11:50,680 --> 00:11:57,240

don't realize that these phenomena can occur and that they do sometimes tend to be person-centered

105

00:11:57,880 --> 00:12:03,720

and the the abduction experience for instance tends to be a obviously by definition is a

106

00:12:04,280 --> 00:12:09,720

current it's centering on a person or even a family even generations within a family.

107

00:12:15,640 --> 00:12:21,080

After speaking with Peter I'm concerned that UFO groups can encourage those who doubt extra

108

00:12:21,080 --> 00:12:27,000

terrestrial reports but I'm going to find out for myself. I'm heading to Watford to visit Edwin

109

00:12:27,080 --> 00:12:33,400

in Catrine. They run the UFO Academy one of the many groups established for people to share

110

00:12:33,400 --> 00:12:42,840

their unidentified experiences. We're going on an all night shoot so you know with a bunch of UFO

111

00:12:42,840 --> 00:12:51,960

people a bit like me you know a lot like me we all love UFOs and we're all a bit potty.

112

00:12:57,560 --> 00:13:08,520

Hello. Hello is that Catrine? It is. Hi Catrine it's Sean I'm outside can we meet up?

113

00:13:09,480 --> 00:13:15,480

Yeah sure okay well I'll just come out now then. Okay all right see you in a minute thanks. Bye.

114

00:13:15,800 --> 00:13:17,800

Hi.

115

00:13:19,400 --> 00:13:28,440

Well that was Catrine she's coming to get me. Hello. Hi. Pleased to meet you. Yeah you too.

116

00:13:28,440 --> 00:13:34,200

You all right? I'm Catrine. Hi this is Edwin. Hi Edwin. Oh right okay Catrine and Edwin.

117

00:13:34,200 --> 00:13:37,800

Yeah thanks for inviting me here. Oh did I push me way in?

118

00:13:46,120 --> 00:13:51,480

Sean have you ever been to anything like this before? No never. Never really. Never ever. Okay well

119

00:13:51,480 --> 00:14:05,160

I hope you enjoy it. Fascinating case for you tonight. It's a genuine case and we know these

120

00:14:05,160 --> 00:14:11,240

witnesses very well. They're family friends. They've been the apologists for 30 years. He actually had

121

00:14:11,240 --> 00:14:16,520

the camera on him at the time and he was taken by a craft that came out of the sky and it just

122

00:14:16,520 --> 00:14:23,320

dropped down about 900 feet and hollered there and it just literally took him to his friends

123

00:14:23,320 --> 00:14:31,080

saw this and he reappeared a couple of minutes later. I was approached by representatives of a race of

124

00:14:31,080 --> 00:14:36,280

human looking ETs. I don't expect you to believe everything I'm saying

125

00:14:37,080 --> 00:14:45,480

but how it resonates in your heart is all that matters. Other people sometimes raise that awful word

126

00:14:45,480 --> 00:14:54,760

called proof. I've been an alien abduction counsellor and it's been a rocky difficult journey with some

127

00:14:54,760 --> 00:15:03,000

of them but it's been well worthwhile and we have learned all of us so much. Can you all hear me

128

00:15:03,480 --> 00:15:06,600

can you all hear me?

129

00:15:06,600 --> 00:15:13,880

So they're original pictures and they're not processed or been manipulated or anything like that

130

00:15:14,920 --> 00:15:21,080

and they're definitely genuine pictures so we've been through all the processes to verify these

131

00:15:21,080 --> 00:15:27,960

images. Some of them show a sort of like an energy field around the object some have been filmed during the daylight.

132

00:15:28,920 --> 00:15:33,240

The stuff that I've seen there I don't want to be beauty's people right you know again but

133

00:15:33,240 --> 00:15:39,160

you know I mean it's so amateur you know I mean it's stuff stuff that I've seen it's like 40 50

134

00:15:39,160 --> 00:15:47,240

years all that sort of stuff you know I mean and the alien abduction I just I just not having it

135

00:15:47,240 --> 00:15:52,760

you know I just not having it you know. Alien abduction is real ones they're traumatised they

136

00:15:52,760 --> 00:15:57,080

look like they've been in battle for 10 years you know they look like they've just come out of Beirut

137

00:15:57,160 --> 00:16:04,200

and Northern Ireland to Belfast or you know and the World War and World War II on the Normandy

138

00:16:04,200 --> 00:16:13,720

beach rolling at one you know I just wasn't impressed. What surprised me about the UFO Academy

139

00:16:13,720 --> 00:16:19,800

is that it felt more like droop therapy than an analysis of the extraterrestrial. Make it normal

140

00:16:19,800 --> 00:16:23,960

make it real speak from your hearts. Thank you.

141

00:16:29,320 --> 00:16:33,560

It's great that there's a community for believers but I'm not after catharsis

142

00:16:33,560 --> 00:16:39,240

I need something more coherent. I know I've seen a UFO and I'm interested in what the scientists have to say.

143

00:16:39,800 --> 00:16:54,920

At the forefront of scientific extraterrestrial research is CETI established in 1984. CETI is an

144

00:16:54,920 --> 00:17:00,920

internationally acclaimed organisation that uses state-of-the-art technology to search for intelligent

145

00:17:00,920 --> 00:17:08,680

life in the cosmos. CETI is an acronym it stands for the search for extraterrestrial

146

00:17:08,680 --> 00:17:16,760

intelligence and it's basically a large set of radio antennas that work together to act as a

147

00:17:16,760 --> 00:17:24,120

single detector and they point them at nearby stars listening for coherent radio signals.

148

00:17:24,760 --> 00:17:29,960

Leading the search for intelligence in the universe is Dr Claudio MacCone

149

00:17:29,960 --> 00:17:35,880

an internationally acclaimed Italian space scientist and chair of CETI. Not only has he

150

00:17:35,880 --> 00:17:41,240

received an award for his efforts to establish a radio observatory on the moon he was appointed

151

00:17:41,240 --> 00:17:45,880

technical director at the International Academy of Astronautics in 2010.

152

00:17:46,520 --> 00:17:57,240

If you assume that there are other civilizations at least in this galaxy then possibly they are also

153

00:17:57,240 --> 00:18:04,280

emitting radio waves so the point for us is to use the best equipment we have in order to pick up

154

00:18:04,280 --> 00:18:11,800

possible radio emissions from other civilizations. If we are discovering all this right now

155

00:18:12,520 --> 00:18:20,520

perhaps someone else in the galaxy may have understood this already.

156

00:18:26,600 --> 00:18:31,320

CETI's cutting-edge technology gives me faith that scientists will have a breakthrough that will

157

00:18:31,320 --> 00:18:36,440

allow us to communicate with extraterrestrials even if the skeptics think otherwise.

158

00:18:37,400 --> 00:18:42,600

We might receive an unambiguously powerful and intelligent message from a star on the other

159

00:18:42,600 --> 00:18:48,040

side of the galaxy and that might arrive tomorrow and it might contain instructions to build something

160

00:18:48,040 --> 00:18:53,240

or have some kind of encyclopedia galactica full of information that we could download and start

161

00:18:53,240 --> 00:18:58,280

reading through and getting to understand but until that happens I'm gonna keep an open mind

162

00:18:58,280 --> 00:19:02,760

but with whole judgment on whether there's any intelligent life because it's hard to find.

163

00:19:02,760 --> 00:19:06,280

So that all of the universe you don't think there's any intelligent life?

164

00:19:06,280 --> 00:19:10,040

We're talking about an entire universe and all bets are off because the universe is big. It's so

165

00:19:10,040 --> 00:19:13,880

big we don't even know how big it is because we can't see over. So I'm talking about the entire

166

00:19:13,880 --> 00:19:18,760

universe? But it's best I think to kind of constrain our discussions kind of conversations about

167

00:19:18,760 --> 00:19:24,040

this kind of thing to just our galaxy alone because if there's life on another galaxy just over

168

00:19:24,040 --> 00:19:28,440

there perhaps there's life in the Andromeda galaxy it's millions and millions of light years away

169

00:19:28,440 --> 00:19:32,840

even if it sent us a radio signal traveling at the speed of light traveling the fastest thing

170

00:19:32,840 --> 00:19:36,360

that anything in the universe can move it would take millions of years to get here. We couldn't

171

00:19:36,360 --> 00:19:39,880

have any kind of meaningful conversation because by the time we've sent our reply and got something

172

00:19:39,880 --> 00:19:45,320

back that's older than humanity's been a species you know that the time scales just blow your mind.

173

00:19:46,280 --> 00:19:52,280

The numbers game does favor life developing in many places if not thousands of places in the

174

00:19:52,280 --> 00:19:58,440

universe but the most interesting would be here in our Milky Way galaxy because then we have a

175

00:19:58,440 --> 00:20:05,320

chance of actually learning about them through our telescopes through our studies and if there

176

00:20:05,320 --> 00:20:09,800

were an intelligent civilization that does enable the chance of communicating with them.

177

00:20:11,160 --> 00:20:16,040

I'm feeling optimistic that scientists will find a way of communicating with extraterrestrial

178

00:20:16,120 --> 00:20:23,160

civilizations soon not just so I can prove the people who doubted my UFO experience wrong

179

00:20:23,160 --> 00:20:28,040

but so I can see our conversation with other worlds what impact life as we know it today.

180

00:20:30,760 --> 00:20:37,000

I'm Sean Ryder and ever since I saw a UFO in the sky above Manchester I've wanted to know how

181

00:20:37,000 --> 00:20:43,400

others are affected by these extraordinary experiences. I'm on a journey to try and understand

182

00:20:43,560 --> 00:20:49,720

how people deal with the unknown from fellow witnesses to abductees and scientists. This is

183

00:20:49,720 --> 00:20:55,400

physics not science fish. I've seen the evidence from a former member of the Ministry of Defense

184

00:20:55,400 --> 00:21:02,760

and I've visited a group created for fellow UFO believers. Even though the individuals I've

185

00:21:02,760 --> 00:21:08,680

met so far have been completely different they're all on the same journey to understand the

unknown.

186

00:21:08,920 --> 00:21:14,920

Now I'm venturing into a new avenue of ufology. There's a spiritual side to the extraterrestrial

187

00:21:14,920 --> 00:21:23,080

that I'm going to learn more about. The feeling with the approach to extraterrestrial life if any

188

00:21:23,800 --> 00:21:33,560

is a feeling of a wonder of gratefulness of sincerity. There's clearly a relationship between

189

00:21:33,640 --> 00:21:39,240

visions and religion. There appears to have been that relationship for as long as there have been

190

00:21:39,240 --> 00:21:46,360

documents about religion or documented religion. There are no theological arguments, a priori

191

00:21:46,360 --> 00:21:56,920

arguments to exclude or to affirm the existence of extraterrestrial life. To learn about the

192

00:21:57,320 --> 00:22:05,320

spiritual approach to UFOs and visit in a worldwide organization that Atherias Society founded in

193

00:22:05,320 --> 00:22:12,600

1955 they believe contacting extraterrestrials is the key to healing humanity and restoring

194

00:22:12,600 --> 00:22:18,520

balance on planet earth. After my last group experience at the UFO Academy I'm feeling a bit

195

00:22:18,520 --> 00:22:26,200

apprehensive. So we're here at the Atherias Society. We're going to meet Richard. Okay a little bit nervous.

196

00:22:27,560 --> 00:22:29,000

Office. Okay.

197

00:22:32,520 --> 00:22:36,120

Hello it's Sean. Great thanks.

198

00:22:49,240 --> 00:22:51,880

Hi Richard. Very welcome. Thank you. Please. Yes.

199

00:22:54,120 --> 00:22:59,080

Richard what's the name of the society and what is the society believing? It's called the Atherias

200

00:22:59,080 --> 00:23:05,240

Society and we believe in life on other planets and we have a spiritual approach to UFOs and

201

00:23:05,240 --> 00:23:09,880

ufology and we believe they've been with us for thousands of years. Yep. You know it can be seen

202

00:23:09,880 --> 00:23:16,360

in the Hindu script and the Bible. I know you studied it a lot so across the board and we believe

203

00:23:16,440 --> 00:23:21,160

the most important thing is that we can directly cooperate with them at this very dangerous time

204

00:23:22,040 --> 00:23:28,120

of great change prior to a new age. So the prayer session this afternoon Richard what does that

entail?

205

00:23:28,120 --> 00:23:33,560

A group I don't know what it'll be maybe 50 people chanting the mantras they're led in that.
They're

206

00:23:33,560 --> 00:23:37,880

very experienced people that's why unfortunately we're going to have to ask you to observe today.

207

00:23:37,880 --> 00:23:43,720

He's brought into a religious sort of aspect of it. Right. You know I mean that's that's becoming a bit

208

00:23:44,120 --> 00:23:51,240

hmm spirituality might be a word people relate to better I don't know but I think it's the key.

209

00:23:51,240 --> 00:23:57,240

It is it's just that it's been misused by people so often and distorted so often you know I mean

210

00:23:57,240 --> 00:24:02,120

what does with all due respect. And the next big scientific breakthrough is in our own minds.

211

00:24:02,680 --> 00:24:07,640

It's that's brilliantly put yeah and of course there is that link too between science and religion.

212

00:24:07,640 --> 00:24:11,640

The energy is absolutely believable. I mean you know I was not saying that I don't believe.

213

00:24:12,440 --> 00:24:18,360

That's fair enough. We can sort of contain it then let it go. Yeah that is different. I mean that

214

00:24:18,360 --> 00:24:22,520

I must admit and I don't really expect you to just sort of take my word for it. I mean I just

215

00:24:22,520 --> 00:24:29,480

invite you to see what we do and investigate what we we discharge this as we call it in cooperation

216

00:24:29,480 --> 00:24:34,600

with with being some other planets and then we keep a log of all those discharges and where it

217

00:24:34,600 --> 00:24:40,600

goes to and when and we see what the effects are over a period of time and it's been going for decades

218

00:24:40,600 --> 00:24:46,760

and the effects are you know statistically it's working. The energy that we carry around in ourselves

219

00:24:46,760 --> 00:24:54,520

is huge. I mean for human being exploded it'd be like a mini nuclear bomb going off. Yeah yeah

220

00:24:55,720 --> 00:25:01,320

we all take our positions please. The priority for the first session

221

00:25:01,320 --> 00:25:11,480

is no Amy Rollins and Vivian, Fred Rector-Patt, Timekeeper John and Pete Kershaker of the Battery.

222

00:25:32,200 --> 00:25:38,040

Oh

223

00:25:38,040 --> 00:25:40,040

Oh

224

00:26:08,040 --> 00:26:10,040

Oh

225

00:26:28,960 --> 00:26:34,080

Really enjoyed the experience, you know, it's a great honor to be allowed to be in there

226

00:26:34,080 --> 00:26:39,040

You know, I mean I mean people, you know watching what I've just seen will think they're crackers

227

00:26:39,040 --> 00:26:43,760

They really will think you know, they've lost it. I mean some of their beliefs to me

228

00:26:44,720 --> 00:26:50,880

are based on science and you know, that's that's more scientific than God living in a tabernacle, you know

229

00:26:52,840 --> 00:27:01,720

Any Sunday morning any sort of church in England is a thousands of people going through a very similar thing so

230

00:27:02,560 --> 00:27:06,480

Let's respect that like I would any other religion

231

00:27:07,360 --> 00:27:11,760

Even though I can't see myself signing up to the Atheist Society anytime soon

232

00:27:11,760 --> 00:27:17,520

I found their spiritual approach that trying to communicate with other planets really interesting

233

00:27:18,840 --> 00:27:25,720

When you consider that it's statistically more probable that there's intelligent life in the cosmos than there is a God

234

00:27:26,000 --> 00:27:29,400

Groups like the Atheist Society kind of make sense to me

235

00:27:29,640 --> 00:27:36,920

The more approaches to ufology that I learn about the more I'm wondering about the people who believe they've been abducted by aliens

236

00:27:37,400 --> 00:27:41,940

The Ministry of Defense files show me lots of evidence for witnessing UFOs

237

00:27:42,520 --> 00:27:48,040

The scientists made me think that one day we may be able to communicate with other civilizations

238

00:27:48,320 --> 00:27:51,080

But actually being abducted is a different matter

239

00:27:52,000 --> 00:27:59,480

So I'm going to meet Stefan Lubecek in Sutton Coalfield he claims to have had several abduction experiences

240

00:28:01,000 --> 00:28:04,600

I'm very jealous actually I might be frightened to death, but I'm mind having a go

241

00:28:05,520 --> 00:28:07,520

When I'm having a go at what?

242

00:28:08,000 --> 00:28:11,360

I wouldn't mind having a go of being abducted by aliens

243

00:28:13,160 --> 00:28:18,960

Not something as scary. Yeah, it frightens me to death, you know, so does bungee jumping

244

00:28:22,080 --> 00:28:29,260

Accounts of alien abduction like Stefan's are really rare in the UK, so I'm interested to hear what he has to say

245

00:28:32,360 --> 00:28:34,360

Stefan

246

00:28:34,920 --> 00:28:36,920

I

247

00:28:38,560 --> 00:28:40,560

Mean

248

00:28:40,560 --> 00:28:42,560

Yeah, yeah

249

00:28:46,520 --> 00:28:48,520

So

250

00:28:48,520 --> 00:28:54,640

I felt this sort of strange sensation everything seems to sort of slow down like it almost like a strobe like flicker

251

00:28:54,640 --> 00:28:57,880

You know everything seems to slow down and there was this

252

00:28:59,440 --> 00:29:01,240

This tall

253

00:29:01,240 --> 00:29:07,280

Thing it was actually pink in color the way I'd absolutely I've read this like the pink punk though

254

00:29:07,280 --> 00:29:10,120

Yeah, it sounds really really strange, doesn't it?

255

00:29:10,120 --> 00:29:14,720

But I mean it's the only way I could actually relate to it at that particular moment in time

256

00:29:14,720 --> 00:29:17,880

I could actually see like a like a like a perspex

257

00:29:20,000 --> 00:29:25,240

Cabinet type thing very low down just there were two drawers and it actually appeared to have

258

00:29:25,880 --> 00:29:29,200

Legs in it, you know just sort of chopped up off legs

259

00:29:29,440 --> 00:29:33,600

You know in this cabinet and also behind me

260

00:29:34,400 --> 00:29:36,400

There was a cylinder

261

00:29:37,440 --> 00:29:40,640

Off the floor with a severed head

262

00:29:41,440 --> 00:29:45,080

Now I'm seeing this I'm thinking my god. They're gonna take me apart

263

00:29:46,080 --> 00:29:48,520

People watching this the skeptics

264

00:29:48,920 --> 00:29:55,480

They're gonna say come on, you know your kid you dreaming imaginations vivid, you know

265

00:29:56,400 --> 00:29:58,400

What you miss what you want to say to that?

266

00:29:59,600 --> 00:30:03,720

Well, I'm actually not out to convince anybody. I'm just telling you of an experience

267

00:30:03,720 --> 00:30:06,240

I can absolutely a hundred percent

268

00:30:07,040 --> 00:30:10,120

Tell you that I remember being there. It was real

269

00:30:12,000 --> 00:30:14,000

Absolutely real

270

00:30:15,360 --> 00:30:18,480

Wouldn't like this be there again. I would like to remember that I've been there again

271

00:30:18,480 --> 00:30:24,440

It doesn't seem to turn you into a nervous wreck because I think well I sort of deal with it in a different way

272

00:30:24,440 --> 00:30:27,400

I mean what I tend to try to have a laugh and a joke about it

273

00:30:27,440 --> 00:30:33,040

That's my way of dealing with it. So Stephan, how do you know, you know that what happens here as a kid?

274

00:30:33,040 --> 00:30:38,640

It wasn't wasn't a dream or sleep paralysis, you know, or you know a vivid imagination

275

00:30:39,080 --> 00:30:46,520

I'm a very skeptical person. I'm more skeptical about my own experiences than I would be about somebody else's

276

00:30:47,480 --> 00:30:48,440

and

277

00:30:48,440 --> 00:30:53,080

if I've been trying to sort of come to grips with this over the years and trying to sort of like

278

00:30:53,480 --> 00:31:00,280

Sort of put it to bed as it were and it just comes back to me all the time a lot of people out there that

279

00:31:01,840 --> 00:31:03,840

Could add to

280

00:31:05,200 --> 00:31:07,360

What's going on and what's going on around the world?

281

00:31:07,680 --> 00:31:13,880

But they just won't come out because they're just frightened of being sort of label a nutcase or something

282

00:31:14,640 --> 00:31:21,480

Has there been any abductions in this house Stephan? Yeah, shall we go for a seagr? Yeah, I think let's go for a fight. Yes

283

00:31:23,760 --> 00:31:28,320

See Stephan seems very sane and rational

284

00:31:29,240 --> 00:31:31,640

Yeah, yeah like me

285

00:31:33,880 --> 00:31:36,080

Is any pattern to the sort of people that get grabbed

286

00:31:37,240 --> 00:31:38,680

I

287

00:31:38,680 --> 00:31:45,240

Think from my experience, I think it's something to do with bloodline. Yeah, I think it's something to do with

288

00:31:45,960 --> 00:31:48,160

Are we all sort of five foot something with blue eyes?

289

00:31:48,720 --> 00:31:50,720

Well, I've got blue eyes

290

00:31:50,840 --> 00:31:56,080

Are you still I mean I'm not contact lenses. That's for sure. You had any abductions in this house. Yeah, I was actually

291

00:31:57,400 --> 00:32:01,680

I was woke up in the middle of the night. I felt very hot maybe so have a cup of coffee

292

00:32:02,280 --> 00:32:06,160

Thought I need to get some fresh air sat down just there in that chair

293

00:32:07,040 --> 00:32:08,760

and then I

294

00:32:08,760 --> 00:32:14,760

Was let a cigarette up and then the next thing I saw was a very bright light. It came up from the ground

295

00:32:15,640 --> 00:32:17,640

The other side of that fence

296

00:32:18,240 --> 00:32:20,240

Lasted for about four seconds

297

00:32:20,720 --> 00:32:25,680

And that's what drew my attention in that sort of direction and then what happened then is this sort of

298

00:32:26,480 --> 00:32:35,680

Small being in a sort of semi-state of flux. It was not quite that not quite there almost it sort of walked through the fence and

299

00:32:38,040 --> 00:32:42,360

Then it sort of stepped back and took on sort of more solid form I

300

00:32:43,120 --> 00:32:46,920

Could see I speak to it. It tases me. I'm out cold

301

00:32:48,000 --> 00:32:50,000

Wake up a number of hours later

302

00:32:50,720 --> 00:32:55,200

I'm not actually cold despite it being very cold outside. I would expect to have been frozen to the bone

303

00:32:55,880 --> 00:32:57,880

my coffee stone cold and

304

00:32:58,080 --> 00:32:59,800

The whole incident's over

305

00:32:59,800 --> 00:33:05,980

I'd really like to get an expert opinion on what others might think that this this is because you know I

306

00:33:07,640 --> 00:33:09,200

Can't explain it

307

00:33:09,200 --> 00:33:14,640

So the experience you had when you was 11 was that was that at this house or was that another house?

308

00:33:14,640 --> 00:33:18,160

It was actually in another house, but it's not very far away and I can take you there

309

00:33:18,160 --> 00:33:20,280

I can share this place really let's go

310

00:33:20,720 --> 00:33:25,440

Okay, I've never heard a story as elaborate as Stefan's his account is impressive

311

00:33:25,440 --> 00:33:28,400

But it's hard to take everything on board without evidence

312

00:33:28,400 --> 00:33:33,640

I wonder if I'll be more convinced when we visit that how Stefan thinks he was abducted from

313

00:33:34,400 --> 00:33:36,680

It seems pretty relaxed about it all

314

00:33:36,680 --> 00:33:41,880

But I know I'd be really nervous if I was returning to the spot where a UFO would be me up

315

00:33:43,480 --> 00:33:50,680

I'm Sean rider and I've been traveling across the UK in order to understand the different ways that people deal with the mystery of

316

00:33:50,760 --> 00:33:56,720

UFOs it's a subject I've been obsessed with since my own UFO sight in back in the 70s

317

00:33:57,040 --> 00:34:01,320

I've had the privilege of meeting people with a cross-section of opinions

318

00:34:01,320 --> 00:34:09,120

I saw some convincing testimonies in previously classified UFO reports and I joined a group of believers whose evidence

319

00:34:09,120 --> 00:34:10,960

I found less impressive

320

00:34:10,960 --> 00:34:15,800

From skeptics to scientists and spiritualists. I've heard how each group approach

321

00:34:16,320 --> 00:34:18,320

Communicated with the extra terrestrial

322

00:34:21,560 --> 00:34:28,720

Now I'm back in the Midlands with Stefan Lubacheck he believes he's been abducted by aliens several times

323

00:34:28,720 --> 00:34:32,880

All I saw was a light source. It came up from the ground very intense

324

00:34:33,640 --> 00:34:37,580

Is a count is remarkable, but I'm struggling to make sense of it

325

00:34:37,920 --> 00:34:42,160

We're on the way to the house Stefan thinks he was abducted from when he was 11

326

00:34:42,160 --> 00:34:49,540

I'm hoping this will help me decipher if I'm hearing facts or fiction. So how'd you feel generally about reliving this stuff?

327

00:34:50,060 --> 00:34:54,460

It's definitely I don't like to relive it. I don't like to relive any of it

328

00:34:56,060 --> 00:34:58,860

We should we go away, you know, just sort of leave me in peace

329

00:34:59,380 --> 00:35:05,380

You're not shaking it anything not, you know, you want to have it just knock it on the head and turn around and go with a beard

330

00:35:09,100 --> 00:35:13,280

What do you think the people in the house would say now Stefan if they knew what went on there?

331

00:35:14,140 --> 00:35:15,500

I

332

00:35:15,540 --> 00:35:20,800

Don't know to be honest with you. Hopefully it's not happening to them. I don't think it's related to the house anyway

333

00:35:20,800 --> 00:35:25,220

No, it's definitely related to you. I think it's related to people persons

334

00:35:25,620 --> 00:35:32,500

Yeah, I can see the house. Is this it? Yeah. No, see see that house there. Let's get out the car right facing us

335

00:35:36,580 --> 00:35:38,580

So here we are then

336

00:35:39,260 --> 00:35:45,620

Well, is it which one which house is it? It's that house over there. You can see the

337

00:35:46,980 --> 00:35:49,460

Loft extension window going out onto the roof

338

00:35:49,980 --> 00:35:51,260

and

339

00:35:51,260 --> 00:35:55,460

That was where I had that experience that I mentioned earlier when I was 11 years old

340

00:35:55,780 --> 00:36:01,620

So you're 11 years old you're living in that house and that's your bedroom the dormit bedroom.
That's right. So

341

00:36:02,220 --> 00:36:04,220

Go on. Tell me what happened there Stefan

342

00:36:04,620 --> 00:36:05,740

basically

343

00:36:05,740 --> 00:36:11,020

These strange things came in the night and they took me and they took me

344

00:36:11,540 --> 00:36:16,620

Into a spacecraft and they did things to me and then they put me back and that happened

345

00:36:17,140 --> 00:36:19,140

from what I remember

346

00:36:19,380 --> 00:36:25,260

Twice I can remember two vivid experiences have actually been on board some sort of a spacecraft

347

00:36:26,100 --> 00:36:28,500

Was it was you were your company by?

348

00:36:30,220 --> 00:36:35,540

Alien yeah, there were two when I was actually on that roof in this beam of light

349

00:36:36,660 --> 00:36:38,660

Which they told me

350

00:36:39,340 --> 00:36:46,420

Was what was making me not fall off the goddamn roof when I was actually there were these two things short guys

351

00:36:47,220 --> 00:36:49,140

beside me and

352

00:36:49,140 --> 00:36:53,980

We traveled up in that light together and you get any sense of shape of this object

353

00:36:53,980 --> 00:36:55,980

Um any color?

354

00:36:56,700 --> 00:37:03,060

Well, no, no because of the light you see the light is bright. It's a very bright light. You can't see through it

355

00:37:03,940 --> 00:37:11,300

I didn't get any idea of the actual size of this thing. It could have been small. It could be it could have been massive because you know

356

00:37:12,380 --> 00:37:15,100

You're in the light. You're actually underneath it, you know, you're

357

00:37:16,220 --> 00:37:19,820

It's bright. You just can't see and then you're inside and then

358

00:37:21,180 --> 00:37:26,860

I'm sort of taking along this walkway that sort of curves around and takes me up to this holding area

359

00:37:27,860 --> 00:37:30,980

Um takes takes me up into this this this holding area and

360

00:37:32,220 --> 00:37:36,620

Through a door that appear that a door appears and then becomes a wall

361

00:37:36,620 --> 00:37:42,460

And then they come and collect you and they do these strange stuff to you and eventually they put you back so

362

00:37:44,300 --> 00:37:46,300

You know as as

363

00:37:47,140 --> 00:37:51,860

I don't know can we get out of here? Yeah, I just don't want to be right. I don't want to be anymore seriously

364

00:37:52,180 --> 00:37:55,460

It's not it's not I don't want to be here anymore. It's upsetting me

365

00:37:55,540 --> 00:37:57,460

Obviously

366

00:37:59,180 --> 00:38:02,180

Do you want to get out of your head quick?

367

00:38:06,980 --> 00:38:08,980

Just too many memories

368

00:38:11,460 --> 00:38:14,620

It's a bit upset anyway, so I think we should do

369

00:38:14,620 --> 00:38:16,620

What

370

00:38:22,300 --> 00:38:24,300

Just some good just sort of got to me

371

00:38:31,500 --> 00:38:33,500

Do one get out I

372

00:38:37,980 --> 00:38:39,980

Don't want to go back there

373

00:38:39,980 --> 00:38:45,100

Do you have a special getting sort of closure on this Stefan?

374

00:38:46,340 --> 00:38:52,340

No, I don't you think this is with you for the rest of your life. Yeah, I think it will be

375

00:38:54,340 --> 00:39:00,860

Stefan's reactions to the place he believes he was abducted from was shocking and I'm not sure what to make of it

376

00:39:01,380 --> 00:39:08,220

Clearly there has been a chain of events that have deeply affected him, but whether they were extra terrestrial experiences

377

00:39:08,220 --> 00:39:12,940

I'm not sure I think Stefan's a really nice fellow very interesting fellow

378

00:39:13,140 --> 00:39:18,500

You know and only Stefan knows the truth, so you know we can't prove it or disprove it

379

00:39:18,500 --> 00:39:21,100

I cannot prove what you say not disprove what you say

380

00:39:23,820 --> 00:39:28,420

I'm grateful to Stefan for sharing his story for my own experiences

381

00:39:28,420 --> 00:39:33,100

I know it can be hard to speak out about UFOs when you think people won't believe you

382

00:39:34,100 --> 00:39:38,100

But when I think about what I've learned from the experts on my journey

383

00:39:38,100 --> 00:39:42,720

I can't help but think there could be other explanations for what happened to Stefan

384

00:39:45,260 --> 00:39:47,940

People see things and what they see is

385

00:39:50,140 --> 00:39:52,140

Absolutely located within their cultural

386

00:39:53,780 --> 00:39:59,740

Environment I mean obviously in some cases it may be that if people are reporting a plethora of strange experiences

387

00:39:59,740 --> 00:40:06,700

It is actually related to loose thinking or misinterpretation and I've certainly met people that I think fall into that category

388

00:40:06,700 --> 00:40:08,700

But I've also met people

389

00:40:09,140 --> 00:40:15,060

Who don't seem to fall into that category who's who's testing me does impress me if you for example look at

390

00:40:15,820 --> 00:40:17,820

17th century

391

00:40:17,980 --> 00:40:19,100

narratives

392

00:40:19,100 --> 00:40:26,380

About people who were stolen away by the devil and then if you look at narratives about UFO abductions

393

00:40:26,780 --> 00:40:33,260

People being still stolen away and poked and prodded the similarity between those two things is altogether striking

394

00:40:33,260 --> 00:40:40,100

But not many people these days would take those narratives from the 17th century and say well that that's what happened the devil took these people

395

00:40:41,260 --> 00:40:47,300

So we are probably entitled to exercise the same level of skepticism with respect to UFO abduction narratives

396

00:40:47,420 --> 00:40:54,380

Even though I wasn't completely convinced by Stefan's account of his abduction

397

00:40:54,820 --> 00:40:59,020

My journey across the UK has only strengthened my belief in UFOs

398

00:41:00,500 --> 00:41:06,420

Meeting with the skeptics was interesting, but they still haven't changed my mind about my UFO sighting

399

00:41:07,740 --> 00:41:11,060

So you don't think I'm lying about what I saw you just think I was mistaken

400

00:41:11,220 --> 00:41:14,140

But I don't I don't for a second think that that you're lying

401

00:41:14,140 --> 00:41:18,780

I think you you truly believe you saw something you don't understand and you don't have an explanation for it

402

00:41:18,780 --> 00:41:20,580

And I don't have an explanation for what you saw

403

00:41:20,580 --> 00:41:24,900

But I think there's plenty things out there that we haven't yet found explanations for that might end up being

404

00:41:25,500 --> 00:41:29,980

You know run of the mill or standard or have a normal explanation that we just haven't found yet

405

00:41:29,980 --> 00:41:35,540

If you woke up tomorrow morning, and it was you know six o'clock in the morning and pitch black and you looked out your window

406

00:41:35,540 --> 00:41:37,540

And then over your house you saw a

407

00:41:38,460 --> 00:41:44,300

Proper UFO and then you've watched it and observed it and it moved about then it shut off it

408

00:41:44,300 --> 00:41:47,940

You know ten thousand mile an hour. How would that change the way that you think now?

409

00:41:47,940 --> 00:41:52,060

I mean it obviously would and you've always got to keep an open mind. You've always got to

410

00:41:53,100 --> 00:41:58,340

Allow for the possibility that you've been wrong about everything so far wrong about particular things that then get disproved by

411

00:41:58,460 --> 00:42:02,860

By new things you see new evidence that you collect but until that day until

412

00:42:03,580 --> 00:42:09,220

What what confuses me about UFOs it always seems to be you know yourself or a couple of friends

413

00:42:09,220 --> 00:42:12,180

It with at the time will see something in the sky that they don't understand

414

00:42:12,500 --> 00:42:19,100

But if if there was a UFO if there was a you know a crew of aliens inside a flying saucer or some kind of spaceship

415

00:42:19,620 --> 00:42:22,660

Why would you bother just visiting two or three people at one time?

416

00:42:22,660 --> 00:42:24,660

Why would you not come to Mexico City?

417

00:42:25,100 --> 00:42:27,740

Ten million people would all lack of a same instant

418

00:42:27,740 --> 00:42:32,800

There'd be thousands and thousands of iPhone photos and camcorder footage of the same thing

419

00:42:33,300 --> 00:42:39,220

But it's always just a few people and I'm not saying I certainly don't believe that people that senior foes are lying

420

00:42:39,220 --> 00:42:41,860

I think you've seen something you truly believe is

421

00:42:42,980 --> 00:42:46,420

Something not of this world or something you can't explain and I can't explain it

422

00:42:46,420 --> 00:42:49,140

And a lot of these things will probably never be explained

423

00:42:49,540 --> 00:42:53,020

But until there's something that is seen by lots of people

424

00:42:53,620 --> 00:43:00,660

Independently all at the same time that cannot be explained by anything else. I'll then believe in a space it's spaceships visiting us

425

00:43:03,060 --> 00:43:07,780

Speaking with Lewis gave me hope that there's potential for even the most skeptical

426

00:43:07,980 --> 00:43:10,980

Individuals to chase their mind about UFOs with time

427

00:43:11,380 --> 00:43:17,060

I've met some truly fascinating people who've opened my eyes to new realms and new phology

428

00:43:17,380 --> 00:43:23,420

The nearest the MOD has ever come to say UFOs are real they're in our airspace

429

00:43:23,420 --> 00:43:26,840

If you like we have a spiritual approach to UFOs and ufology

430

00:43:26,840 --> 00:43:32,380

I was touched by the way everyone welcoming with open arms and now they were happy to share their experiences

431

00:43:32,700 --> 00:43:34,700

I'm an ET contact

432

00:43:34,940 --> 00:43:36,940

experiencer

433

00:43:40,100 --> 00:43:42,780

From the spiritual to the scientific

434

00:43:42,780 --> 00:43:49,140

I feel privileged to have witnessed the ways in which people are trying to communicate with life on other planets

435

00:43:49,700 --> 00:43:52,560

Well, I didn't see eye to eye with everyone on this trip

436

00:43:52,560 --> 00:43:57,900

I feel an affinity with those who like me believe that we are not alone in the universe

437

00:43:58,500 --> 00:44:02,900

Well, I think both in our solar system and around other stars

438

00:44:02,900 --> 00:44:08,420

It's a very exciting time as far as the question of life in the universe is concerned

439

00:44:08,660 --> 00:44:12,060

Maybe we're lucky in our lifetime. We may find some

440

00:44:12,060 --> 00:44:15,980

Some evidence of of life outside of the Earth

441

00:44:42,060 --> 00:44:44,060

You
