

1

00:00:00,000 --> 00:00:04,000

On this edition of Sightings.

2

00:00:04,000 --> 00:00:09,000

Vampires, are they real or the stuff that nightmares are made of?

3

00:00:09,000 --> 00:00:13,000

The best thing about being a vampire is the taste of the blood.

4

00:00:13,000 --> 00:00:19,000

Our researchers hunt for evidence in human skeletal remains and prove that vampires still exist.

5

00:00:19,000 --> 00:00:24,000

Then, they were ordinary people until they had frightening visions of real life murders.

6

00:00:24,000 --> 00:00:27,000

It was as if someone had put a picture right in front of me.

7

00:00:27,000 --> 00:00:31,000

A fluke or psychic phenomena that could solve our most horrifying crimes.

8

00:00:31,000 --> 00:00:36,000

And, our ongoing Bermuda Triangle investigation uncovers a startling piece of evidence

9

00:00:36,000 --> 00:00:39,000

that may unlock the mystery of missing Flight 19.

10

00:00:39,000 --> 00:00:44,000

This telegram is certainly a genuine telegram of the period.

11

00:00:44,000 --> 00:00:48,000

At that point, it started to appear.

12

00:00:48,000 --> 00:00:52,000

They had large, dark eyes, small, like hands.

13

00:00:53,000 --> 00:00:57,000

I began sensing and knowing and feeling.

14

00:00:57,000 --> 00:01:01,000

I do believe in life after death. I mean, I've been there.

15

00:01:01,000 --> 00:01:05,000

We have not scratched the surface of what the mind can do.

16

00:01:06,000 --> 00:01:09,000

It's a connection with the unknown.

17

00:01:09,000 --> 00:01:14,000

Just about everything we know about vampires was created almost a hundred years ago

18

00:01:14,000 --> 00:01:18,000

by Bram Stoker in his classic Gothic novel, Dracula.

19

00:01:18,000 --> 00:01:23,000

It's been the inspiration for countless stories and movies about a fictional character

20

00:01:23,000 --> 00:01:25,000

with a taste for human blood.

21

00:01:25,000 --> 00:01:30,000

But today, in the United States, some people believe that vampires actually exist.

22

00:01:30,000 --> 00:01:34,000

We think of vampires as a kind of a human being.

23

00:01:34,000 --> 00:01:38,000

People believe that vampires actually exist.

24

00:01:38,000 --> 00:01:42,000

We think of vampires as part of Eastern European folklore,

25

00:01:42,000 --> 00:01:47,000

or the result of Hollywood conjuring, not as the stuff of small-town America.

26

00:01:47,000 --> 00:01:52,000

But in the late 18th century, belief in the undead led to bizarre rituals

27

00:01:52,000 --> 00:01:57,000

designed to keep the newly deceased from coming back to prey on the living.

28

00:01:58,000 --> 00:02:02,000

The Connecticut countryside is dotted with old cemeteries.

29

00:02:02,000 --> 00:02:06,000

In Griswold, a dark secret laid dormant for nearly two centuries

30

00:02:06,000 --> 00:02:09,000

and has only recently been on Earth.

31

00:02:09,000 --> 00:02:13,000

In Washington, at the prestigious Walter Reed Army Medical Center,

32

00:02:13,000 --> 00:02:17,000

remains uncovered in Griswold were analyzed by Paul Sendzik,

33

00:02:17,000 --> 00:02:21,000

a curator at the National Museum of Health and Medicine.

34

00:02:21,000 --> 00:02:24,000

I was given a call by the state archaeologist in Connecticut

35

00:02:24,000 --> 00:02:27,000

to help identify and analyze some skeletal material

36

00:02:27,000 --> 00:02:30,000

that was found at this site in Griswold, Connecticut.

37

00:02:30,000 --> 00:02:34,000

What happened was some kids had found a couple skulls laying at the bottom of a little ravine,

38

00:02:34,000 --> 00:02:37,000

and they brought them to the police, and the police called the medical examiner.

39

00:02:37,000 --> 00:02:40,000

They did some research into the records in that time period

40

00:02:40,000 --> 00:02:45,000

and came up with vampire activity or vampire cults in the 18th and 19th century.

41

00:02:45,000 --> 00:02:49,000

Archaeologists probed the graves for mutilated corpses,

42

00:02:49,000 --> 00:02:52,000

the telltale signs of suspected vampires.

43

00:02:52,000 --> 00:02:57,000

The next step in verification was determining the cause of death.

44

00:02:57,000 --> 00:03:03,000

Pretty evident to see the cause of death in the skeleton from Connecticut, the vampire skeleton.

45

00:03:03,000 --> 00:03:06,000

There's evidence of tuberculosis in some of the upper left ribs,

46

00:03:06,000 --> 00:03:09,000

and here we can see evidence here of this whitish area

47

00:03:09,000 --> 00:03:13,000

that we're seeing close to the articulation with the vertebrae.

48

00:03:13,000 --> 00:03:18,000

Tuberculosis played a major role in the vampire folklore of the 1800s.

49

00:03:18,000 --> 00:03:23,000

It was believed that those who died of TB could come back and infect the living.

50

00:03:23,000 --> 00:03:29,000

So a ritual developed to ensure that a corpse's eternal resting place really was eternal.

51

00:03:29,000 --> 00:03:33,000

What they actually did was take the bones here in the chest and jumble them up,

52

00:03:33,000 --> 00:03:37,000

like somebody had just taken their hand and kind of moved it around in that fashion.

53

00:03:37,000 --> 00:03:40,000

They then took the two femur, the upper leg bones,

54

00:03:40,000 --> 00:03:43,000

crossed this one here and this other one on top of it,

55

00:03:43,000 --> 00:03:45,000

over across like that.

56

00:03:45,000 --> 00:03:49,000

They then took the skull and placed that right in this area,

57

00:03:49,000 --> 00:03:52,000

and then they closed the crypt back up.

58

00:03:52,000 --> 00:03:57,000

The graves were opened anywhere from two weeks to a year after burial.

59

00:03:57,000 --> 00:04:02,000

Graves who'd dearly departed loved ones or anyone who died of tuberculosis.

60

00:04:02,000 --> 00:04:06,000

What floored me is just that people could actually believe that someone dying of tuberculosis

61

00:04:06,000 --> 00:04:08,000

could actually cause the death of loved ones.

62

00:04:08,000 --> 00:04:12,000

And there are accounts in New England, especially of the death of a person who died of TB.

63

00:04:12,000 --> 00:04:17,000

Especially of men going into the graves of their daughter and removing their hearts and burning them.

64

00:04:17,000 --> 00:04:21,000

And fathers doing it to sons, sons doing it to fathers.

65

00:04:21,000 --> 00:04:23,000

I mean, very close family units.

66

00:04:23,000 --> 00:04:28,000

There were probably lots of people attending these exhumations and killing of vampires.

67

00:04:28,000 --> 00:04:31,000

And when you do read them, there can be upwards of 300 or 400 people.

68

00:04:31,000 --> 00:04:34,000

The whole town would probably turn out, you know, it's a major social event.

69

00:04:34,000 --> 00:04:39,000

Digging up wives, husbands, sons, daughters, and trying to kill them again.

70

00:04:39,000 --> 00:04:42,000

I mean, that's something that we couldn't even conceive of today.

71

00:04:42,000 --> 00:04:47,000

I couldn't imagine going in digging up the grave of my daughter and trying to kill her again.

72

00:04:47,000 --> 00:04:49,000

There's something that completely would never enter my mind.

73

00:04:51,000 --> 00:04:56,000

In many parts of America, you can still hear chilling tales of vampires today.

74

00:04:56,000 --> 00:05:00,000

In Los Angeles, professor of folklore and author Noreen Dresser,

75

00:05:00,000 --> 00:05:03,000

researches living vampires.

76

00:05:03,000 --> 00:05:09,000

Very often, the act of drinking blood is a prelude to sex.

77

00:05:09,000 --> 00:05:12,000

People who call themselves vampires.

78

00:05:12,000 --> 00:05:14,000

Aha!

79

00:05:14,000 --> 00:05:20,000

The corpse supposed to come to life at night and leave its grave and suck the blood of sleeping people.

80

00:05:20,000 --> 00:05:26,000

If a person wants to dress in black and sleep during the daytime and be awake at night

81

00:05:26,000 --> 00:05:31,000

and walk through the graveyards and listen to gothic music,

82

00:05:31,000 --> 00:05:38,000

and that person's not hurting anyone, including the fact that that person might want to drink someone's blood

83

00:05:38,000 --> 00:05:44,000

and someone is willing to give it to them, I don't see where that's harming anyone.

84

00:05:46,000 --> 00:05:51,000

I'd say the best thing about being a vampire is the taste of the blood

85

00:05:51,000 --> 00:05:57,000

and being with someone who trusts you and will let you drink their blood.

86

00:05:57,000 --> 00:06:02,000

Katrina is proof that vampire practices are real and still occur today.

87

00:06:02,000 --> 00:06:08,000

There are certain well-known criminals, for example, Richard Ramirez and Ted Bundy,

88

00:06:08,000 --> 00:06:14,000

who in reports, there were just little side notes that they did drink blood from their victims,

89

00:06:14,000 --> 00:06:21,000

but that was never presented as the main motivation for committing their crimes.

90

00:06:21,000 --> 00:06:25,000

I would never do anything to a child or to an animal.

91

00:06:25,000 --> 00:06:29,000

This is something that I've only done with a consenting adult.

92

00:06:29,000 --> 00:06:36,000

They have to be willing to do this, and anyone that I've ever done anything like this with actually has enjoyed it.

93

00:06:36,000 --> 00:06:46,000

Some vampires attempt to take blood here from the carotid artery, however that's rather clumsy and it's also quite dangerous.

94

00:06:46,000 --> 00:06:54,000

So this is not really used as often as using taking it from the arm.

95

00:06:54,000 --> 00:06:59,000

I can use an instrument like this, which is a medical scalpel. It's very sharp.

96

00:06:59,000 --> 00:07:06,000

It can be sterilized with alcohol, so there won't be any infection, and it's painless.

97

00:07:06,000 --> 00:07:11,000

Blood is an acquired taste. The best place is somewhere on the arms or the hands,

98

00:07:11,000 --> 00:07:16,000

and I'll just continue drinking until the wound stops bleeding.

99

00:07:16,000 --> 00:07:22,000

Sometimes this leads to a relationship where they say, well, that was kind of interesting.

100

00:07:22,000 --> 00:07:26,000

I enjoyed it. Would you like to do it again sometime?

101

00:07:26,000 --> 00:07:31,000

You could be attacked, mugged, robbed, shot, killed on the freeway.

102

00:07:31,000 --> 00:07:40,000

I mean, our life is so fraught with dangers and fears that it's a lot more satisfying to focus on something scary

103

00:07:40,000 --> 00:07:43,000

when we know what all the rules of that scariness are.

104

00:07:43,000 --> 00:07:46,000

Why does the myth of vampires still persist?

105

00:07:46,000 --> 00:07:54,000

Perhaps it's because we are still plagued by diseases and our lives are still precarious as they were in ancient times.

106

00:07:54,000 --> 00:08:01,000

But unlike the rest of us, a vampire never gets sick, never grows old, and never dies.

107

00:08:01,000 --> 00:08:07,000

Coming up, they were ordinary people until they had frightening visions of real-life murders.

108

00:08:07,000 --> 00:08:10,000

It was as if someone had put a picture right in front of me.

109

00:08:10,000 --> 00:08:15,000

And later, what really happened to Flight 19 over the Bermuda Triangle?

110

00:08:15,000 --> 00:08:19,000

Startling new evidence may prove that the airmen survived.

111

00:08:19,000 --> 00:08:22,000

Sightings is brought to you by Simon and Schuster Interactive.

112

00:08:22,000 --> 00:08:29,000

Sightings the UFO Encyclopedia, the CD-ROM that will keep you updated on alien visits and abductions in real time.

113

00:08:29,000 --> 00:08:34,000

We now return to Sightings here on the Sci-Fi Channel.

114

00:08:34,000 --> 00:08:40,000

There are people who have extraordinary powers of perception and make their living as professional psychics.

115

00:08:40,000 --> 00:08:47,000

But tonight we'll meet ordinary people who suddenly, and for no apparent reason, have one striking psychic vision.

116

00:08:47,000 --> 00:08:52,000

For them, that single clairvoyant moment becomes a living nightmare.

117

00:08:52,000 --> 00:08:59,000

August 1990. The usually laid-back town of Gainesville, Florida was paralyzed with fear.

118

00:08:59,000 --> 00:09:06,000

Five violent murders within 40 hours. Five college students mutilated in their apartments and no arrests.

119

00:09:06,000 --> 00:09:10,000

Two years later, the case remains open.

120

00:09:10,000 --> 00:09:19,000

Over a thousand miles away, a successful businessman who has never been to Gainesville begins to experience nightmarish visions.

121

00:09:19,000 --> 00:09:27,000

Well, I walked out to the barn at about 9.30 at night and was taking care of the horses down there.

122

00:09:27,000 --> 00:09:38,000

And on my way back from the barn, I just happened to look up into the sky and I saw a window with a silhouette of a person in there.

123

00:09:38,000 --> 00:09:46,000

A few weeks went by, I hit a premonition that I was going to meet this killer from Gainesville.

124

00:09:46,000 --> 00:09:53,000

The very next day after the premonition, I did meet a gentleman from Gainesville.

125

00:09:53,000 --> 00:09:59,000

For the past year, visions of a murder have haunted a man who's never had a psychic experience.

126

00:09:59,000 --> 00:10:05,000

The images are so real, so frightening, that he's asked to remain anonymous and be referred to as John.

127

00:10:05,000 --> 00:10:12,000

One morning, I just happened to see this vision of a dog. I had seen the head of a dog on the door.

128

00:10:12,000 --> 00:10:17,000

And after looking at him more thoroughly, I could actually see the dog's body.

129

00:10:17,000 --> 00:10:23,000

After a couple of weeks, John began to see more and different images in the door.

130

00:10:23,000 --> 00:10:32,000

A young girl, the state of Florida, an athletic field, a deer, a sickle.

131

00:10:32,000 --> 00:10:36,000

The images gave John no answers, only questions.

132

00:10:36,000 --> 00:10:46,000

And what is the average person to do when they start having what they believe are intuitive impressions about, say, a crime, a murder, a series of murders?

133

00:10:47,000 --> 00:10:52,000

The spirit who was coming to me was a girl, a young girl.

134

00:10:52,000 --> 00:11:01,000

I had the feeling that this spirit was a girl about 20 or so years old, and she was one of the victims.

135

00:11:04,000 --> 00:11:11,000

John wanted to go to the police, but he was afraid that if he told them what he'd seen, they might make him a suspect.

136

00:11:12,000 --> 00:11:17,000

That is exactly what happened to California housewife Edda Smith 10 years earlier.

137

00:11:17,000 --> 00:11:23,000

It was three o'clock in the afternoon, and I was listening to a radio broadcast while at work.

138

00:11:23,000 --> 00:11:34,000

And they said that they had found the lady's vehicle in Pacoima, I think on a dead end street, and that they were making a house-to-house search for her.

139

00:11:35,000 --> 00:11:43,000

And as soon as they said house-to-house search, and that thought registered, it was as if someone said to me, she's not in a house.

140

00:11:43,000 --> 00:11:48,000

I saw a picture. It was as if someone had put a picture right in front of me.

141

00:11:49,000 --> 00:11:54,000

Edda drove to a police station and revealed her startling insight to a homicide detective.

142

00:11:54,000 --> 00:12:03,000

I explained exactly what would be the right-hand side with a dirt path tour, a hill behind her.

143

00:12:03,000 --> 00:12:11,000

He suggested that I show him on a wall map where this area was, and that's when we discovered that it was Lopez Canyon.

144

00:12:12,000 --> 00:12:21,000

I don't think I was thinking right, but I knew I had to go see for myself. I knew the police would never tell me, and I was afraid maybe they wouldn't look.

145

00:12:21,000 --> 00:12:26,000

Within minutes, Edda saw her vision become a horrifying reality.

146

00:12:26,000 --> 00:12:36,000

As my eyes traveled further across the object, at the end of the object were white nurse's shoes.

147

00:12:36,000 --> 00:12:44,000

On her way back down the canyon, she reported her grisly find to a ranger, shaken by the experience Edda then went home.

148

00:12:44,000 --> 00:12:47,000

Not long after, there was a knock at her door.

149

00:12:47,000 --> 00:12:53,000

She went home, and then subsequently she was brought down by the police department and arrested for the murder of this woman.

150

00:12:53,000 --> 00:13:00,000

It took nine years and a jury trial before Edda was exonerated for doing what she thought was right.

151

00:13:00,000 --> 00:13:06,000

But how do you explain the source of her psychic experience, or John's startling visions?

152

00:13:06,000 --> 00:13:11,000

Somehow, John had to come to terms with the gruesome visions that had been haunting him.

153

00:13:11,000 --> 00:13:17,000

Psychic psychologist Keith Harari accompanied him to Gainesville to help him on his journey.

154

00:13:17,000 --> 00:13:20,000

They visited the murder scenes in search of clues to the mystery.

155

00:13:21,000 --> 00:13:30,000

When I was out having these visions, I would ask for something that I can only the police would know,

156

00:13:30,000 --> 00:13:37,000

or that she could tell me one of them being that what was the murder weapon used.

157

00:13:37,000 --> 00:13:41,000

And she gave me a vision of a sickle.

158

00:13:41,000 --> 00:13:46,000

And a sickle could be found in an area behind a football field.

159

00:13:46,000 --> 00:13:55,000

And I also envisioned a tree and also a symbol of deer or some type of animal.

160

00:13:55,000 --> 00:14:01,000

One victim attended classes at the Gainesville Teaching Zoo, where not only are there deer,

161

00:14:01,000 --> 00:14:06,000

but a parking lot under construction on top of what used to be an athletic field.

162

00:14:06,000 --> 00:14:12,000

I'm just an average person, okay, having a vision.

163

00:14:12,000 --> 00:14:18,000

And that with that, they would look upon me as wacky.

164

00:14:20,000 --> 00:14:23,000

The dead tree was the sign John was looking for.

165

00:14:23,000 --> 00:14:29,000

And with the supervision of Keith Harari, he began an intensive search for the murder weapon.

166

00:14:29,000 --> 00:14:35,000

Things that have happened to me all pertain to this Gainesville killing.

167

00:14:35,000 --> 00:14:39,000

And this spirit that has come to me is one of the victims.

168

00:14:39,000 --> 00:14:43,000

And I feel it so strongly that I just can't let it go.

169

00:14:43,000 --> 00:14:45,000

I have to follow this through as she wants me to do.

170

00:14:45,000 --> 00:14:52,000

I feel that she wants to put an end to this and put this person in jail.

171

00:14:52,000 --> 00:14:56,000

And I just can't let it go like that.

172

00:14:56,000 --> 00:15:02,000

Life is a mystery. And it's full of mysteries and it's full of situations in which you don't always get closure.

173

00:15:02,000 --> 00:15:06,000

I mean, the healthiest thing to do in this case is to say,

174

00:15:06,000 --> 00:15:13,000

well, I don't know, I checked it out, I didn't find anything, go back to one's ordinary life,

175

00:15:13,000 --> 00:15:19,000

and have a good life, open to the possibility that sometimes things happen that you can't explain.

176

00:15:19,000 --> 00:15:25,000

On June 9th, 1992, while this story was being shot, a new development.

177

00:15:25,000 --> 00:15:29,000

A man named Danny Rowling was indicted for murder in the Gainesville case.

178

00:15:29,000 --> 00:15:32,000

But Danny Rowling is not the man in John's visions.

179

00:15:32,000 --> 00:15:36,000

John believes there's a second murderer who has not yet been caught.

180

00:15:36,000 --> 00:15:42,000

And in fact, the Gainesville Police Department admits there may be a second murderer at large.

181

00:15:42,000 --> 00:15:48,000

The investigation continues, and for John, so does the waking nightmare of his psychic visions.

182

00:16:02,000 --> 00:16:07,000

Turn to Sightings, here on the Sci-Fi Channel.

183

00:16:33,000 --> 00:16:39,000

I doubt if anyone will ever be able to solve this.

184

00:16:39,000 --> 00:16:42,000

You know they were all lying.

185

00:16:42,000 --> 00:16:46,000

East of Florida, north of Puerto Rico, south of Bermuda.

186

00:16:46,000 --> 00:16:51,000

These are the parameters for a region some believe is a portal at the rim of reality.

187

00:16:51,000 --> 00:16:59,000

This is the heart of the legendary Bermuda Triangle, the last stop on Earth for many who have dared venture within its boundaries.

188

00:16:59,000 --> 00:17:06,000

For the last half century, men, women and children have mysteriously disappeared here without a trace.

189

00:17:06,000 --> 00:17:10,000

And the Bermuda Triangle does not give up its secrets.

190

00:17:12,000 --> 00:17:19,000

But now, one strange Western Union telegram may reveal the fate of at least one victim of the deadly triangle.

191

00:17:19,000 --> 00:17:27,000

Nearly a half century ago, on December 5th, 1945, the Bermuda Triangle claimed some of America's finest,

192

00:17:27,000 --> 00:17:30,000

men who had survived World War II.

193

00:17:33,000 --> 00:17:41,000

At 2 p.m., a squadron of Navy Aztec bombers took off from Fort Lauderdale on a routine three-hour training mission over the Atlantic Ocean.

194

00:17:41,000 --> 00:17:48,000

At 3.45 p.m., Lieutenant Charles Taylor radioed in a distress call. He seemed to be disoriented.

195

00:17:48,000 --> 00:17:55,000

Both my compasses are out, he said. I'm over land, but it's broken.

196

00:17:55,000 --> 00:18:05,000

sporadic broadcasts continued for the next three hours. Then, abruptly, all five planes lost radio contact with the telegram.

197

00:18:05,000 --> 00:18:13,000

When we couldn't make contact with Taylor, things became, they became very frustrating.

198

00:18:13,000 --> 00:18:20,000

And then, when one thing went wrong, it seemed like everything went wrong.

199

00:18:20,000 --> 00:18:29,000

The Navy launched a massive search and rescue operation, sweeping hundreds of nautical miles night and day, but no trace of the squadron was ever found.

200

00:18:29,000 --> 00:18:39,000

No debris, no bodies, no oil slick. 14 men and five bombers vanished off the face of the earth.

201

00:18:39,000 --> 00:18:49,000

You know, your mind plays all kinds of tricks, and you think all kinds of things, and you just can't come up with a complete answer.

202

00:18:49,000 --> 00:18:56,000

A strange rumor surfaced that the planes had not crashed into the ocean and that the crewmen were still alive.

203

00:18:56,000 --> 00:19:05,000

This rumor was based on the theory that Flight 19 was not on a routine training mission, but instead was part of a top-secret Navy intelligence project.

204

00:19:05,000 --> 00:19:12,000

The Navy was supposedly testing a new electromagnetic device believed to be more important than the atom bomb.

205

00:19:13,000 --> 00:19:20,000

This device was thought to be capable of making any metallic object and the crew on board invisible.

206

00:19:20,000 --> 00:19:24,000

It was called the Philadelphia Experiment.

207

00:19:24,000 --> 00:19:29,000

50 years after Flight 19 disappeared, a haunting clue has surfaced.

208

00:19:29,000 --> 00:19:38,000

On December 26, 1945, two weeks after the disappearance, Joseph Payoneso received a telegram signed by his brother George,

209

00:19:38,000 --> 00:19:41,000

one of the crewmen who had vanished in the Bermuda Triangle.

210

00:19:41,000 --> 00:19:48,000

The telegram read, You have been misinformed about me and very much alive, Georgie.

211

00:19:50,000 --> 00:19:56,000

To check its authenticity, a Western Union official and a document expert examined the telegram.

212

00:19:56,000 --> 00:19:59,000

They both verified it is not a fake.

213

00:20:00,000 --> 00:20:11,000

This telegram is certainly a genuine telegram of the period and as for the contents, I leave that to someone else to judge.

214

00:20:13,000 --> 00:20:20,000

When I saw the telegram and read it, I confirmed my suspicion that he was still alive.

215

00:20:20,000 --> 00:20:27,000

I believe that the telegram that was sent is real because of the way he signed it.

216

00:20:28,000 --> 00:20:30,000

They covered up something.

217

00:20:32,000 --> 00:20:36,000

The top secret report on Flight 19 has recently been declassified.

218

00:20:36,000 --> 00:20:42,000

The document states that the flight, quote, disappeared for reasons or causes unknown.

219

00:20:42,000 --> 00:20:45,000

Does the Navy know more than they're admitting?

220

00:20:45,000 --> 00:20:49,000

I was very disillusioned with their whole procedure.

221

00:20:49,000 --> 00:21:00,000

I wrote hundreds and hundreds of letters which they shifted me from one naval base to another and to one captain to another.

222

00:21:00,000 --> 00:21:09,000

They declared them dead due to drowning and I asked them to tell me how did they come to that conclusion.

223

00:21:09,000 --> 00:21:13,000

And they said it was within their power and that was it.

224

00:21:13,000 --> 00:21:19,000

The Navy continues to deny the existence of any project like the Philadelphia experiment.

225

00:21:19,000 --> 00:21:23,000

They also deny that any of the men on Flight 19 survived.

226

00:21:23,000 --> 00:21:26,000

They were all lying, all of them.

227

00:21:27,000 --> 00:21:33,000

Were the men of Flight 19 victims of a Navy experiment gone horribly awry?

228

00:21:33,000 --> 00:21:37,000

Or were they caught in the deadly vortex known as the Bermuda Triangle?

229

00:21:37,000 --> 00:21:40,000

Both possibilities are frightening to contemplate.

230

00:21:43,000 --> 00:21:48,000

Thanks for joining us. For Sightings, I'm Tim White. Good night.
