

1

00:00:00,000 --> 00:00:02,000

on all available information.

2

00:00:02,000 --> 00:00:04,000

Tonight on Sightings,

3

00:00:04,000 --> 00:00:07,000

many thought the mystery of the English crop circles was a hoax,

4

00:00:07,000 --> 00:00:10,000

but our ongoing investigation has uncovered startling evidence

5

00:00:10,000 --> 00:00:12,000

that may prove extraterrestrial contact.

6

00:00:12,000 --> 00:00:16,000

This intelligence is almost certain it not human.

7

00:00:16,000 --> 00:00:20,000

Then what sinister spell has cursed the British royalty for 600 years?

8

00:00:20,000 --> 00:00:23,000

We uncover the royal curse tonight.

9

00:00:30,000 --> 00:00:52,000

Music

10

00:00:53,000 --> 00:00:56,000

Welcome to Sightings. I'm Tim White.

11

00:00:56,000 --> 00:00:58,000

Since the early 1980s,

12

00:00:58,000 --> 00:01:03,000

over 2,000 crop circle formations have been discovered in 30 countries,

13

00:01:03,000 --> 00:01:05,000

and new ones are being reported every month.

14

00:01:05,000 --> 00:01:09,000

Theories about where they come from range from weather anomalies

15

00:01:09,000 --> 00:01:14,000

to extraterrestrials to crazed hedgehogs doing a mating dance.

16

00:01:14,000 --> 00:01:17,000

Well, obviously some theories are more credible than others,

17

00:01:17,000 --> 00:01:21,000

but the fact remains that something is happening in fields around the world

18

00:01:21,000 --> 00:01:23,000

that no one can fully explain.

19

00:01:23,000 --> 00:01:30,000

The stories of unexplained designs appearing mostly in the farm fields of England

20

00:01:30,000 --> 00:01:33,000

hit an all-time high in 1990.

21

00:01:33,000 --> 00:01:38,000

News media from around the world were quick to hail these enigmatic circles and lines

22

00:01:38,000 --> 00:01:41,000

as the strangest scientific discovery of the 20th century,

23

00:01:41,000 --> 00:01:46,000

where brief period crop circles became the darling of popular culture.

24

00:01:46,000 --> 00:01:51,000

But then two hoaxes stepped forward to claim that they had created the crop circles,

25

00:01:51,000 --> 00:01:56,000

and just as quickly as the phenomenon began, the media dropped the crop circle story.

26

00:01:56,000 --> 00:02:02,000

The hoax theory stuck, and soon the only people still interested were hardcore theorists and scientists.

27

00:02:02,000 --> 00:02:08,000

Initially, these were simple single circles, but in 1990,

28

00:02:08,000 --> 00:02:14,000

the patterns became much more complex, dramatically so,

29

00:02:14,000 --> 00:02:19,000

and blew right out of the water some of the early theories.

30

00:02:19,000 --> 00:02:24,000

The early formations were the size of a domestic run.

31

00:02:24,000 --> 00:02:30,000

Now you have formation which are almost the size of Central Park,

32

00:02:30,000 --> 00:02:39,000

so that we have enormous growth, both in complexity and in size and in numbers.

33

00:02:39,000 --> 00:02:42,000

Michael Green is an archaeologist and architecture historian,

34

00:02:42,000 --> 00:02:46,000

who is also one of the founding members of the Center for Crop Circle Studies.

35

00:02:46,000 --> 00:02:53,000

We're not a religious cult, we're not a strange wacky branch of the UFO movement.

36

00:02:53,000 --> 00:03:00,000

We are trying to use rational means to establish what's going on.

37

00:03:00,000 --> 00:03:07,000

And the first thing we learnt this year in particular is that there are a few hoaxes.

38

00:03:07,000 --> 00:03:15,000

I'm Dave Chorley, this is Doug Burr, and we are the two people that have created the crop circles in 1978

39

00:03:15,000 --> 00:03:17,000

through to the day.

40

00:03:17,000 --> 00:03:22,000

The most impressive thing to me, and the reason why I actually stopped and listened to what they had to say,

41

00:03:22,000 --> 00:03:25,000

was not really what they told me, but what they did in the field,

42

00:03:25,000 --> 00:03:30,000

because when they did the demonstration out in Sussex at Chilgrove,

43

00:03:30,000 --> 00:03:37,000

the formation itself was quite messy, but it was amazing how quickly it happened.

44

00:03:37,000 --> 00:03:42,000

In 45, 40, 45 minutes, this huge formation was laid down,

45

00:03:42,000 --> 00:03:47,000

and that's even accounting for the fact that half the world's press were tramping around it as well

46

00:03:47,000 --> 00:03:49,000

with them asking them for interviews at the same time.

47

00:03:49,000 --> 00:03:54,000

But Doug and Dave had only done a few of the hundreds of cycles that had been done,

48

00:03:54,000 --> 00:04:01,000

and from the evidence, their public demonstrations in broad daylight, they weren't very good at it,

49

00:04:01,000 --> 00:04:04,000

but no one really knew what hoaxes could do and what they couldn't do.

50

00:04:04,000 --> 00:04:08,000

And so I thought, well, here's an ideal opportunity for a scientific experiment,

51

00:04:08,000 --> 00:04:11,000

and the best way to do it is through a competition.

52

00:04:11,000 --> 00:04:17,000

Biologist and author Rupert Sheldrake did organize a competition held earlier this year.

53

00:04:17,000 --> 00:04:22,000

The challenge was to see if anyone could create crop circles that could not be identified as hoaxes.

54

00:04:22,000 --> 00:04:28,000

The circles were made at night, and the next day, the contest winners demonstrated their techniques.

55

00:04:28,000 --> 00:04:36,000

What we found was that the standard of artificial circle making was much higher than most people had expected.

56

00:04:36,000 --> 00:04:39,000

These people could do very well.

57

00:04:39,000 --> 00:04:47,000

The standard was very high indeed, and the most surprising thing was that people could do all this in complete darkness

58

00:04:47,000 --> 00:04:49,000

with making very little noise.

59

00:04:55,000 --> 00:05:02,000

I flew the site the next day, and the aerial pictures that we took show some of the centers of these formations

60

00:05:02,000 --> 00:05:07,000

displaying exactly the characteristics that the genuine circles have displayed,

61

00:05:07,000 --> 00:05:12,000

and exactly the characteristics that many of the experts have said couldn't be done by people.

62

00:05:12,000 --> 00:05:17,000

Things like making rings without having a hole in the center where somebody stands,

63

00:05:17,000 --> 00:05:23,000

things like producing a radial effect where the crop splays out from a central point,

64

00:05:23,000 --> 00:05:31,000

and the team that won and the team that came second and third produced really marvelous formations which the judges were very impressed by.

65

00:05:32,000 --> 00:05:36,000

So what they show is that many of the features of crop circles could be hoaxes,

66

00:05:36,000 --> 00:05:43,000

but they don't show that they are hoaxes, and I mean the analogy that I find most helpful is the fact

67

00:05:43,000 --> 00:05:48,000

that the fact that you can forge a \$20 bill doesn't prove that all \$20 bills of forger is.

68

00:05:48,000 --> 00:05:58,000

The first and primary feature which is evident in the genuine phenomenon and not in the hoaxes is the spiraling fingerprint.

69

00:05:58,000 --> 00:06:03,000

Colin Andrews heads up the Circles Phenomenon Research Group in Brantford, Connecticut.

70

00:06:03,000 --> 00:06:10,000

He has co-authored two books on crop circles and is believed to have visited more actual crop circle sites than any other researcher.

71

00:06:10,000 --> 00:06:18,000

This particular screen shows clearly the difference between the fingerprint, this is the print at the top here,

72

00:06:18,000 --> 00:06:25,000

of the genuine phenomenon, the real phenomenon, and all of those hoaxes which we are hearing so much about these days.

73

00:06:25,000 --> 00:06:33,000

Andrews believes that the most important patterns to be studied are those where the flow of the crops changes direction within a single circle.

74

00:06:33,000 --> 00:06:37,000

A pattern no human has yet been able to duplicate in public.

75

00:06:38,000 --> 00:06:50,000

I think the single most convincing argument for a real phenomenon and against the hoax are the effects that the phenomenon are having upon the plants themselves.

76

00:06:50,000 --> 00:07:01,000

Dr. Levengood, a well-known physicist in the United States, has discovered changes in the structure of the plants themselves

77

00:07:01,000 --> 00:07:07,000

and cell structure of the plants molecular structure of the plants on a number of continents.

78

00:07:07,000 --> 00:07:13,000

When a formation hits it just knocks the heck out of the embryo, they don't grow, the seeds don't develop.

79

00:07:13,000 --> 00:07:21,000

Dr. Levengood has discovered that the cell structure of the crops within a formation are distinctly different from undisturbed crops nearby

80

00:07:21,000 --> 00:07:25,000

and that this new cell structure seriously alters the crops growth.

81

00:07:25,000 --> 00:07:35,000

Let me get this straight. A plant that is in a formation undergoes an internal change so that seeds taken from that plant grow a different kind of plant or an altered plant.

82

00:07:36,000 --> 00:07:44,000

Altered in both the growth rate and the germination. In some cases it increases quite significantly.

83

00:07:44,000 --> 00:07:52,000

Some people maintain that hoaxsters created not only some but all of these formations. You buy that?

84

00:07:52,000 --> 00:08:02,000

Oh god no, no, this is all ridiculous. No, if they had that kind of energy they wouldn't be wasting it out in the field making impressions as a crop.

85

00:08:02,000 --> 00:08:07,000

It would be a new kind of energy distribution let's say that I have never heard of.

86

00:08:07,000 --> 00:08:12,000

Mathematician Gerald Hawkins is another scientist with an intriguing theory.

87

00:08:12,000 --> 00:08:19,000

Professor Hawkins made his mark in the 1950s when he came up with an explanation for Stonehenge still accepted today.

88

00:08:19,000 --> 00:08:25,000

Now Hawkins has devised a mathematical formula relating the crop circles to the notes of a musical scale.

89

00:08:25,000 --> 00:08:35,000

Help us understand that. You're not suggesting that because there's a relationship between the ratios of the crop circles and the ratios of musical tones that you can somehow play the crop circles.

90

00:08:35,000 --> 00:08:43,000

I'm not saying that the crop circles are musical. I'm saying that they follow the same mathematical law as the major diatonic scale.

91

00:08:43,000 --> 00:08:50,000

No natural physical process that we know will generate the diatonic scale which is of course the white notes on the piano.

92

00:08:50,000 --> 00:08:57,000

Therefore the only theory that we can put forward is that it's done by human beings is all a hoax.

93

00:08:57,000 --> 00:09:04,000

But they're clever hoaxes and if it's not a hoax then we have a major scientific problem on our hands.

94

00:09:04,000 --> 00:09:12,000

Professor Hawkins has studied the ratios of the sizes of crop circles and found the same ratios between notes and the diatonic scale.

95

00:09:12,000 --> 00:09:20,000

So if the music doesn't seem listenable then it seems to imply there's something beyond music being communicated here.

96

00:09:20,000 --> 00:09:34,000

Yes it could be a copyright insignia of the primary hoaxes or the crop circle makers and perhaps they may use this later for further information transmission.

97

00:09:34,000 --> 00:09:38,000

But I'm not going to predict what crop circle makers will do next.

98

00:09:38,000 --> 00:09:47,000

How can you imply that if even one of the crop circles is not the work of a hoax to that science will have to rethink everything.

99

00:09:47,000 --> 00:09:52,000

I'm afraid so. You only need one in this case and you have a mystery.

100

00:09:52,000 --> 00:10:04,000

What of course stands out clearly now is that we have the uncomfortable fact that this intelligence is almost certain that not human.

101

00:10:04,000 --> 00:10:10,000

This is where people will come extremely nervous. The media becomes very nervous. The press becomes extremely nervous.

102

00:10:10,000 --> 00:10:12,000

They don't like mysteries like this.

103

00:10:12,000 --> 00:10:28,000

One of the reasons that some thinkers have thought might be behind this is the position of the earth in terms of the terrible damage that is being done by man.

104

00:10:28,000 --> 00:10:32,000

Could we be dealing with something which is trying to warn us.

105

00:10:32,000 --> 00:10:45,000

Either it's very skillful hoaxes with a tremendous sense of humor or it's some non human intelligence that's completely off the scale of anything that we've contemplated so far.

106

00:10:45,000 --> 00:10:57,000

But if they are communications of guile or nature or aliens or whatever if they're communications of some kind from a non human source it's not quite clear what they're saying.

107

00:10:57,000 --> 00:11:03,000

Their main message so far seems to be watch this space.

108

00:11:03,000 --> 00:11:17,000

Are we any closer today to unraveling the mystery of what or who created the crop circles. Joining me now is George Wingfield director of field research and founding member of the Center for Crop Circle Studies in London England.

109

00:11:17,000 --> 00:11:18,000

George welcome to sightings.

110

00:11:18,000 --> 00:11:19,000

I'll attend.

111

00:11:19,000 --> 00:11:24,000

The crop circles have changed over the years. The shapes have changed. The number have changed.

112

00:11:24,000 --> 00:11:27,000

Have you learned anything from those directions.

113

00:11:27,000 --> 00:11:35,000

There's no doubt at all that these are of some sort of intelligent origin and this appears to be non human.

114

00:11:35,000 --> 00:11:38,000

What do the circles seem to be leading toward.

115

00:11:38,000 --> 00:11:48,000

I think they are leading us towards an understanding of some other level of intelligence which is not human.

116

00:11:48,000 --> 00:11:53,000

Do you believe George that the crop circles are an ancient phenomenon that they've always been there.

117

00:11:53,000 --> 00:11:57,000

They just haven't been accounted for by by modern means.

118

00:11:57,000 --> 00:11:59,000

No I don't think so. I don't think so at all.

119

00:11:59,000 --> 00:12:05,000

I think the crop circles started appearing in quite recent times probably less than 30 years ago.

120

00:12:05,000 --> 00:12:10,000

There may have been a few before that but very very few for you.

121

00:12:10,000 --> 00:12:16,000

Do the crop circles inspire hope or fear or merely curiosity.

122

00:12:16,000 --> 00:12:24,000

Well they certainly inspire hope. I believe the whatever is causing the circles is something which is benign.

123

00:12:24,000 --> 00:12:31,000

I don't believe there's anything hostile or evil here which is what some people would have you don't believe.

124

00:12:31,000 --> 00:12:33,000

George Winkfield thank you very much.

125

00:12:33,000 --> 00:12:35,000

Thank you Tim.

126

00:12:35,000 --> 00:12:38,000

And we'll be back with more sightings in just a moment.

127

00:12:38,000 --> 00:12:44,000

Coming up next. What sinister spell has cursed the royal family for 600 years.

128

00:12:44,000 --> 00:12:45,000

You can't escape it.

129

00:12:45,000 --> 00:12:48,000

We reveal the secrets of the royal curse. Next.

130

00:12:51,000 --> 00:12:58,000

Sightings is brought to you by Alka Seltzer plus cold medicine relieves your tough cold symptoms.

It's tough medicine.

131

00:13:01,000 --> 00:13:07,000

Here's where Alka Seltzer plus fights tough colds with tough congested tough age tough.

132

00:13:07,000 --> 00:13:12,000

This is why you need a tough medicine Alka Seltzer plus cold medicine.

133

00:13:12,000 --> 00:13:19,000

The leading cold pill only relieves congestion but Alka Seltzer plus relieves congestion sore throat headache body aches.

134

00:13:19,000 --> 00:13:30,000

That's tough medicine. Alka Seltzer plus cold medicine. It's tough medicine for a cold with a cough try Alka Seltzer plus cold and cough medicine.

135

00:13:31,000 --> 00:13:35,000

Just because you go all out. You got a stink.

136

00:13:35,000 --> 00:13:39,000

Now if you're wearing this and here comes your chance to prove it.

137

00:13:41,000 --> 00:13:45,000

You will because old spice works. Man does it work.

138

00:13:45,000 --> 00:13:48,000

Pricelateness kills bacteria. The proof.

139

00:13:48,000 --> 00:13:49,000

Hey hot shot.

140

00:13:50,000 --> 00:13:51,000

You're looking at her.

141

00:13:52,000 --> 00:13:55,000

Old spice adding first print for great odor protection.

142

00:13:57,000 --> 00:13:59,000

New demand proof not promises.

143

00:14:00,000 --> 00:14:01,000

Saturday.

144

00:14:02,000 --> 00:14:10,000

Experience the terror of a drive by shooting 28 rounds with fired the house in Denver and all the episodes Saturday.

145

00:14:10,000 --> 00:14:15,000

It's not a night at the opera but a perfect body slam can be a beautiful thing.

146

00:14:15,000 --> 00:14:19,000

Saturday night's main event right after cops Saturday on Fox.

147

00:14:21,000 --> 00:14:30,000

In the past two years Britain's royal family has endured an unprecedented amount of scrutiny and negative press and some people are not surprised.

148

00:14:30,000 --> 00:14:34,000

Because they believe the House of Windsor is suffering under an ancient curse.

149

00:14:34,000 --> 00:14:44,000

Are the Windsor curse and the current royal troubles just coincidence or can a curse really create scandal hardship and even death.

150

00:14:45,000 --> 00:14:50,000

A curse is one of the most ancient forms of ritual still surviving today.

151

00:14:50,000 --> 00:14:54,000

It can be an elaborate spell or hasty words.

152

00:14:54,000 --> 00:15:00,000

King touch tomb was believed to be cursed and some of those who entered it did die under unusual circumstances.

153

00:15:00,000 --> 00:15:04,000

The hope diamond the largest in the world is also thought to carry a curse.

154

00:15:04,000 --> 00:15:09,000

But can people really be harmed by something that many believe is merely superstition.

155

00:15:10,000 --> 00:15:23,000

Curse is magic black magic that is a negative wish that is can be made by word of mouth by saying

something that would harm somebody.

156

00:15:24,000 --> 00:15:27,000

Anybody can be victimized.

157

00:15:27,000 --> 00:15:30,000

Anybody is vulnerable.

158

00:15:31,000 --> 00:15:42,000

Throughout this century Britain's royal family has been the object of scandal and tragedy from the abdication of Edward the 8th to the bloody terrorist attack that killed Prince Charles favorite uncle.

159

00:15:42,000 --> 00:15:53,000

Recent revelations about Princess Diana's unhappy marriage and Fergie's impending divorce from Prince Andrew are just the latest misfortunes that somebody are caused by a little known royal curse.

160

00:15:54,000 --> 00:16:03,000

If such a curse exists could it explain why for the first time the role of the whole British monarchy is being questioned and some are even calling for its end.

161

00:16:03,000 --> 00:16:12,000

In 1986 speculation arose that the personal and public misfortunes of the House of Windsor were due to a centuries old curse.

162

00:16:12,000 --> 00:16:20,000

It was believed to have first taken its toll on the Queen Mother's family in the early 19th century at their ancestral home in Scotland.

163

00:16:20,000 --> 00:16:30,000

Rumors about the cursed surface after it was revealed that two nieces of the Queen Mother thought to be dead had actually been hidden away in a metal hospital for over 40 years.

164

00:16:30,000 --> 00:16:38,000

The nieces, Narissa and Catherine Bows-Lion are also first cousins to Queen Elizabeth who is a direct descendant of the Bows-Lion family.

165

00:16:39,000 --> 00:16:48,000

The fact is that the Queen has an enormous number of cousins and if you looked through the list of them all you would find all sorts of unfortunate characters.

166

00:16:48,000 --> 00:16:56,000

So too there were two nieces of the Queen Mother who it was understood and deed published that they had died many years ago.

167

00:16:56,000 --> 00:17:00,000

And what happened was they were born mentally deficient.

168

00:17:00,000 --> 00:17:06,000

What actually happened in 1986 was that both these women were alive and well at this stage.

169

00:17:06,000 --> 00:17:13,000

It is not known whether or not the Queen Mother knew about their existence.

170

00:17:13,000 --> 00:17:22,000

It was a scandal at the time because it left a tarnished image on the woman that was otherwise known as the nation's favourite granny.

171

00:17:23,000 --> 00:17:30,000

The origin of the royal curse is believed to date back to the 17th century and Glom's Castle in northeastern Scotland.

172

00:17:30,000 --> 00:17:33,000

Glom's is the ancestral home of the Bows-Lion family.

173

00:17:33,000 --> 00:17:42,000

Here in the 1600s the Lord of Glom's Castle made an error in judgement that many believe the current royal family is still paying for.

174

00:17:43,000 --> 00:17:50,000

One of these stories is a result of the feud that existed between the Ogilvy and the Lindsay family.

175

00:17:50,000 --> 00:17:59,000

And the story says that a group of Ogilvers were fleeing from the Lindsay's and came to Glom's and asked for shelter.

176

00:17:59,000 --> 00:18:06,000

And the story says that what he did was to give them shelter in a small room in the thickness of the wall.

177

00:18:06,000 --> 00:18:13,000

But then he closed them in and eventually that room was walled up and of course they died a terrible death.

178

00:18:13,000 --> 00:18:17,000

The Ogilvys were entombed in Glom's Castle for over 100 years.

179

00:18:17,000 --> 00:18:22,000

When their chamber was finally opened in the 1700s a grisly discovery was made.

180

00:18:22,000 --> 00:18:29,000

They had been so desperately hungry before they died that they'd even got to the stage of eating their own limbs.

181

00:18:29,000 --> 00:18:34,000

At least one of the skeletons had his teeth around his forearm.

182

00:18:34,000 --> 00:18:39,000

Some believe that when the wall came down a curse was let loose upon the residents of the castle.

183

00:18:39,000 --> 00:18:43,000

A curse conjured up by the murdered members of the Ogilvy clan.

184

00:18:43,000 --> 00:18:54,000

The first manifestation of the curse is thought to have occurred in 1821 with the birth of the then Earl's firstborn son, Thomas Bows-Lion, the great great great uncle of Queen Elizabeth.

185

00:18:54,000 --> 00:19:00,000

He was a, if you like, a hybrid between Cosimo and Phantom of the Opera.

186

00:19:00,000 --> 00:19:03,000

His entire body was covered with hair almost like an ape.

187

00:19:03,000 --> 00:19:07,000

He had no arms, very small arms and very small legs.

188

00:19:07,000 --> 00:19:18,000

And when his father, the 11th Earl, saw his son and heir, he was so horrified that he banished him from his sight.

189

00:19:18,000 --> 00:19:23,000

And the story even goes that he lived to be 100 years old, which would mean that he was still alive in 1921.

190

00:19:23,000 --> 00:19:31,000

There is a sort of infamous story about the glom's monster, but frankly I don't know anything about it.

191

00:19:31,000 --> 00:19:35,000

I mean as far as we are concerned here at Glom's, it simply never happened.

192

00:19:35,000 --> 00:19:40,000

The curse of Glom's castle has never been openly discussed by the royal family.

193

00:19:40,000 --> 00:19:46,000

Any discussion about the curse is vigorously denied by anyone employed by the family.

194

00:19:47,000 --> 00:19:52,000

Family take very strong exceptions to that particular story.

195

00:19:52,000 --> 00:19:55,000

And again as far as their concern, it's a little rubbish.

196

00:19:55,000 --> 00:20:00,000

It is interesting that it's the way to get a very, very frosty royal look,

197

00:20:00,000 --> 00:20:06,000

is if you mention this monster and any story about it in the presence of the Queen Mother or any of

her immediate family.

198

00:20:06,000 --> 00:20:10,000

They've never actually commented on the story on the record.

199

00:20:11,000 --> 00:20:18,000

But when the Queen Mother's biographer James Wentworth Day went to interview Countess Grandvill,

200

00:20:18,000 --> 00:20:22,000

the Queen Mother's sister in 1967, shortly before her death,

201

00:20:22,000 --> 00:20:28,000

she simply turned around and said that she was never allowed to discuss this.

202

00:20:28,000 --> 00:20:33,000

And her father and grandfather had point blankly banned them from discussing it.

203

00:20:34,000 --> 00:20:40,000

If a society is strongly believing that curse can affect you,

204

00:20:40,000 --> 00:20:46,000

then it must by its very nature affect.

205

00:20:46,000 --> 00:20:49,000

You can't escape it, you give in.

206

00:20:49,000 --> 00:20:52,000

Will the curse ever end for the royal family?

207

00:20:52,000 --> 00:20:56,000

Or are they destined to eternal tragedy because of the murderous act

208

00:20:56,000 --> 00:20:59,000

of one of the Queen Mother's misguided ancestors?

209

00:21:00,000 --> 00:21:04,000

Some historians suggest yet another possible reason for the royal curse.

210

00:21:04,000 --> 00:21:10,000

At Glom's Castle in 1537, Lady Glom's, the beautiful widow of the 6th Earl,

211

00:21:10,000 --> 00:21:12,000

was accused of being a witch.

212

00:21:12,000 --> 00:21:15,000

She was burned alive, and ever since her death,

213

00:21:15,000 --> 00:21:19,000

strange supernatural phenomena have plagued the castle.

214

00:21:19,000 --> 00:21:25,000

Coming up next, does the cousin of the Loch Ness monster lurk in the depths of Lake Champlain?

215

00:21:25,000 --> 00:21:29,000

Swings his entire body around and lifts his neck and head out of the water entirely.

216

00:21:32,000 --> 00:21:35,000

I've got the worst cold a human being ever had.

217

00:21:35,000 --> 00:21:37,000

I've got a major presentation tomorrow.

218

00:21:37,000 --> 00:21:40,000

I've got a rest and I'm out of nightquil.

219

00:21:40,000 --> 00:21:44,000

I could take these, but I'd still be up all night coughing,

220

00:21:44,000 --> 00:21:46,000

which means I'd be erect for the presentation,

221

00:21:46,000 --> 00:21:48,000

which means I could get fired.

222

00:21:48,000 --> 00:21:49,000

But what am I going to do?

223

00:21:49,000 --> 00:21:51,000

Going next door like an idiot, mask?

224

00:21:51,000 --> 00:21:54,000

Could I borrow a cup of nightquil?

225

00:21:55,000 --> 00:21:57,000

Once you know what nightquil can do,

226

00:21:58,000 --> 00:22:00,000

nothing else will do.

227

00:22:05,000 --> 00:22:10,000

With its V6 engine, smooth, quiet ride, and easy front-wheel drive handling,

228

00:22:10,000 --> 00:22:16,000

the newest Mercury will, quite frankly, remind you of some cars you've driven before.

229

00:22:16,000 --> 00:22:18,000

That's what makes it so different.

230

00:22:18,000 --> 00:22:21,000

Introducing Mercury Villager.

231

00:22:22,000 --> 00:22:27,000

If it was just another mini-pan, it wouldn't be a Mercury.

232

00:22:27,000 --> 00:22:30,000

All this and the quality of a Mercury.

233

00:22:32,000 --> 00:22:35,000

I could tell something was wrong the minute I saw him coughing.

234

00:22:35,000 --> 00:22:37,000

Poor Timmy. He was coming down with a cold.

235

00:22:37,000 --> 00:22:40,000

I'll be right out. Can you get me a tissue?

236

00:22:40,000 --> 00:22:42,000

Mom, could you give us some vapor rub too?

237

00:22:44,000 --> 00:22:47,000

So I rub fixed vapor rub on his chest and his neck.

238

00:22:48,000 --> 00:22:52,000

The penetrating vapors work fast to relieve his cough and nasal congestion.

239

00:22:52,000 --> 00:22:54,000

So the next morning...

240

00:22:54,000 --> 00:22:56,000

Let's grab your egg.

241

00:22:56,000 --> 00:22:58,000

Hey, hey, hey, look who's up!

242

00:22:58,000 --> 00:23:01,000

Fixed vapor rub, breathe the vapors, breathe the relief.

243

00:23:01,000 --> 00:23:05,000

Tonight, LA Law's Corbin Bernsen is a famous psychic.

244

00:23:05,000 --> 00:23:07,000

Make that ex-psychic.

245

00:23:07,000 --> 00:23:10,000

It's easy to foresee somebody's death if you're the killer.

246

00:23:10,000 --> 00:23:13,000

You and Lieutenant Marshak are on a case so mystifying.

247

00:23:13,000 --> 00:23:15,000

This is a clue!

248

00:23:15,000 --> 00:23:18,000

Really, a mind reader could predict the outcome.

249

00:23:18,000 --> 00:23:21,000

Get all new likely suspects next.

250

00:23:45,000 --> 00:23:50,000

On a recent special edition of Sightings, we reported on Operation Deep Scan,

251

00:23:50,000 --> 00:23:55,000

the latest scientific search for proof of the existence of the Loch Ness Monster.

252

00:23:55,000 --> 00:23:58,000

Now an update on the findings of Operation Deep Scan

253

00:23:58,000 --> 00:24:03,000

and information about a lake monster sighted right here in the United States.

254

00:24:03,000 --> 00:24:08,000

Operation the most comprehensive and sufficient

255

00:24:08,000 --> 00:24:13,000

and sophisticated search of Loch Ness to date did come up with an important new sighting.

256

00:24:13,000 --> 00:24:17,000

Using sonar, an unexplained creature of large proportions

257

00:24:17,000 --> 00:24:20,000

was tracked through the murky lake for more than two miles.

258

00:24:20,000 --> 00:24:24,000

Sightings of a similar nature have also occurred in Lake Champlain,

259

00:24:24,000 --> 00:24:26,000

along the New York-Vermont border.

260

00:24:26,000 --> 00:24:29,000

Recently, increased attention has been focused on the lake

261

00:24:29,000 --> 00:24:33,000

after three separate eyewitnesses captured video of the lake.

262

00:24:33,000 --> 00:24:36,000

It was huge, black matter, just...monster.

263

00:24:36,000 --> 00:24:39,000

It was scary, it was that big.

264

00:24:39,000 --> 00:24:42,000

Up came the neck and the head, literally like my hand is doing.

265

00:24:42,000 --> 00:24:48,000

It turned and it looked at me and it turned and it went right back down into the water.

266

00:24:48,000 --> 00:24:51,000

He swings his neck around and lifts his tail up,

267

00:24:51,000 --> 00:24:54,000

swings his entire body around and lifts his neck and head up.

268

00:24:54,000 --> 00:24:57,000

He's got a big head, a big head, a big head.

269

00:24:57,000 --> 00:25:00,000

He's got a big head, a big head, a big head.

270

00:25:00,000 --> 00:25:03,000

He's got a big tail up, swings his entire body around

271

00:25:03,000 --> 00:25:06,000

and lifts his neck and head out of the water entirely.

272

00:25:06,000 --> 00:25:09,000

He does a loop and a whole big arch like this in the water and tives back in.

273

00:25:09,000 --> 00:25:13,000

A sighting's investigative team is currently monitoring Lake Champlain.

274

00:25:13,000 --> 00:25:16,000

We'll bring you a full updated report of our findings in the coming weeks.

275

00:25:16,000 --> 00:25:20,000

Input from viewers is an important part of our sighting's investigations.

276

00:25:20,000 --> 00:25:25,000

If you videotape or photograph what you believe to be paranormal activity,

277

00:25:25,000 --> 00:25:28,000

our sighting's investigative team wants to know about it.

278

00:25:28,000 --> 00:25:33,000

Count your sightings. Call the sighting's hotline at 1900 740 SITE.

That's 1900 740 S-I-T-E.

280

00:25:36,000 --> 00:25:41,000

Each call 75 cents a minute, average call less 2 minutes and you must be 18 years or older.

281

00:25:41,000 --> 00:25:47,000

Again, the sighting's hotline is 1900 740 7483.

282

00:25:49,000 --> 00:25:51,000

If you hurry to Red Lobster, you can get one of our three new trios.

284

00:25:55,000 --> 00:25:56,000

Enjoy it.

285

00:25:56,000 --> 00:25:57,000

Thanks.

286

00:25:57,000 --> 00:26:04,000

Like our seafood trio, sweet snow crabs, shrimp, scampi and broiled fish, it's just 9.99.

287

00:26:04,000 --> 00:26:05,000

So good.

288

00:26:05,000 --> 00:26:10,000

We've also got a big new shrimp trio and a new mixed grill.

289

00:26:10,000 --> 00:26:14,000

Three trios you'll love for just 9.99.

290

00:26:14,000 --> 00:26:16,000

So hurry in for something great.

291

00:26:16,000 --> 00:26:18,000

Tonight at Red Lobster.

292

00:26:19,000 --> 00:26:23,000

Forget about tug of war with your pantyhose.

293

00:26:27,000 --> 00:26:30,000

Nothing's more fitting than legs, classics.

294

00:26:30,000 --> 00:26:33,000

Nothing beats a great pair of legs.

295

00:26:33,000 --> 00:26:39,000

Cleaning toilets is a lousy job, so I invented 2000 flushes blue to help you.

296

00:26:39,000 --> 00:26:44,000

It's loaded with detergents, cleans and the oil rises automatically up to four months.

297

00:26:44,000 --> 00:26:48,000

Try my 2000 flushes blue. Clean your toilet with every flush.

298

00:26:50,000 --> 00:26:51,000

Ah Jeff.

299

00:26:51,000 --> 00:26:53,000

Not feeling good, huh?

300

00:26:53,000 --> 00:26:55,000

When Jeffrey catches a cold, we see the pediatrician.

301

00:26:55,000 --> 00:26:58,000

I love my pediatrician. He's my dad.

302

00:26:58,000 --> 00:27:00,000

He recommends dimetap elixir.

303

00:27:00,000 --> 00:27:04,000

Doctors have recommended the dimetap brand over 200 million times.

304

00:27:04,000 --> 00:27:07,000

It relieves sneezing, nasal congestion, runny noses.

305

00:27:07,000 --> 00:27:10,000

And Jeffrey really likes the grape taste.

306

00:27:10,000 --> 00:27:14,000

Doctors recommend dimetap for their families and yours.

307

00:27:14,000 --> 00:27:18,000

We have a live-in doctor. He recommends dimetap elixir.

308

00:27:19,000 --> 00:27:26,000

On the next sightings from the newly accessible Russian Republic, startling eye witness evidence of bizarre extraterrestrial contact.

309
