

1

00:00:00,000 --> 00:00:04,000

On this edition of Sightings, have we lived before?

2

00:00:04,000 --> 00:00:08,000

She said, you resemble someone, and she kept staring at my eyes.

3

00:00:08,000 --> 00:00:13,000

This man's amazing journey unlocked the secret to a past life and led him to his lost love.

4

00:00:13,000 --> 00:00:15,000

I told her I'd come back.

5

00:00:15,000 --> 00:00:20,000

Then, in 1975, was this country's strategic defense system shut down by extraterrestrials?

6

00:00:20,000 --> 00:00:23,000

The military was very effective in keeping it quiet.

7

00:00:23,000 --> 00:00:25,000

Could it happen again?

8

00:00:25,000 --> 00:00:28,000

It's not the first time in UFO history, it won't be the last.

9

00:00:28,000 --> 00:00:32,000

Plus, a sightings update. Will the Heartland Ghost strike again?

10

00:00:32,000 --> 00:00:38,000

I think there is perhaps a lost soul or a spirit that is trying to communicate.

11

00:00:38,000 --> 00:00:42,000

Later, they risked their lives while in an altered state of consciousness.

12

00:00:42,000 --> 00:00:44,000

It's dangerous, there's death there.

13

00:00:44,000 --> 00:00:48,000

And survivors of near-death experiences share a special message.

14

00:00:48,000 --> 00:00:50,000

I'm not afraid to die, that's for sure.

15

00:00:58,000 --> 00:01:21,000

Music

16

00:01:21,000 --> 00:01:24,000

Welcome to Sightings. I'm Tim White.

17

00:01:24,000 --> 00:01:29,000

When investigative reporter Tim Stewart agreed to undergo a past life regression,

18

00:01:29,000 --> 00:01:31,000

he thought it was just research.

19

00:01:31,000 --> 00:01:34,000

He thought it would help him understand a phenomenon that he didn't believe in.

20

00:01:34,000 --> 00:01:38,000

And he thought it would help him explode the myth of reincarnation.

21

00:01:38,000 --> 00:01:41,000

But Tim Stewart thought wrong.

22

00:01:41,000 --> 00:01:43,000

Music

23

00:01:43,000 --> 00:01:47,000

She kept staring at me, and she said, you resemble someone.

24

00:01:47,000 --> 00:01:50,000

Who do you resemble? And she kept staring at my eyes.

25

00:01:50,000 --> 00:01:52,000

Music

26

00:01:52,000 --> 00:01:57,000

He arrived in a place he'd never been before, and felt that he was home.

27

00:01:57,000 --> 00:02:02,000

He met a woman he didn't know, but his heart told him something different.

28

00:02:02,000 --> 00:02:09,000

Was it imagination, wishful thinking, or was it the end of a journey he was destined to take?

29

00:02:09,000 --> 00:02:15,000

Well, I think with a logical mind, being a scientist, where I'm coming from is what didn't add up.

30

00:02:15,000 --> 00:02:19,000

I just, I just discounted.

31

00:02:19,000 --> 00:02:24,000

Tim Stewart's strange journey began here in Albuquerque, New Mexico.

32

00:02:24,000 --> 00:02:31,000

A computer scientist by day, Stewart pursued his first love, journalism, as a freelance reporter.

33

00:02:31,000 --> 00:02:38,000

My wife used to tell me that two plus two didn't always have to equal four, but to me it has to.

34

00:02:38,000 --> 00:02:46,000

And so I like to have proof. As far as paranormal and stuff like that, I wasn't that much into it.

35

00:02:46,000 --> 00:02:53,000

But when Stewart was hired to write a series of articles about the paranormal for a national magazine, everything changed.

36

00:02:53,000 --> 00:03:00,000

I was assigned several different topics, and one of the topics happened to be past life therapy.

37

00:03:00,000 --> 00:03:04,000

As part of his research, Stewart became his own guinea pig.

38

00:03:04,000 --> 00:03:10,000

He underwent several hypnotherapy sessions with regressionists, Elsa Laflame, and Irene Larrison.

39

00:03:10,000 --> 00:03:15,000

He felt if he was going to write about it, he wanted to know what the experience was.

40

00:03:15,000 --> 00:03:22,000

So that as a writer, he could interpret it and, and write about it in the first person.

41

00:03:22,000 --> 00:03:29,000

The more you go under, the clearer things become. The very first time you go under, the second time things become hazy.

42

00:03:29,000 --> 00:03:32,000

They're not as clear. You're doubting yourself.

43

00:03:32,000 --> 00:03:36,000

But the fourth time Tim Stewart was hypnotized, the unimaginable happened.

44

00:03:36,000 --> 00:03:43,000

The impartial reporter began revealing very personal details about a man who had died before Stewart was born.

45

00:03:43,000 --> 00:03:48,000

I knew that I grew up in a town called Allentown, Pennsylvania.

46

00:03:48,000 --> 00:03:54,000

I knew that I had brothers, and it was still bits and pieces of a puzzle.

47

00:03:54,000 --> 00:04:02,000

He started coming out with some very good information. He started coming out with names, with places, with descriptions.

48

00:04:02,000 --> 00:04:09,000

She said, where are you? And I said, North Africa. It was just a Thursday. I knew where I was.

49

00:04:09,000 --> 00:04:16,000

I knew that my name was on my bag. I had this cold feeling. I was chilled to the bone.

50

00:04:16,000 --> 00:04:23,000

I knew that he was part of the 47th Infantry of the 9th Division. I knew that I was born May 27, 1919.

51

00:04:23,000 --> 00:04:28,000

When I was asked to look at the, look at the dog tag, it was as clear as me looking at you.

52

00:04:28,000 --> 00:04:34,000

I could read the numbers off of it. I was able to bring out his military serial number, his blood type.

53

00:04:34,000 --> 00:04:39,000

I kept saying that my name was William, and I knew the last name was Max.

54

00:04:39,000 --> 00:04:52,000

Under hypnosis, a portrait of William Max emerged. He was a soldier, husband and father, born in 1919 in Allentown, Pennsylvania, but was there really a William Max?

55

00:04:52,000 --> 00:05:00,000

I called the Allentown Library, and we got a hold of the gentleman who is head of genealogy, and he told me he would look into it.

56

00:05:00,000 --> 00:05:08,000

A month later, Stuart received a letter from the library. Enclosed was the obituary of a man named William Max and his photograph.

57

00:05:08,000 --> 00:05:16,000

I opened it up, and there was Williams. It was just a black and white, but still, there was an uncanny resemblance to me.

58

00:05:16,000 --> 00:05:27,000

I started crying, and I don't know why, but I did. You know, it was like, it was like, it was too much.

59

00:05:27,000 --> 00:05:33,000

Tim Stewart continued to undergo hypnosis, and the memories became even more real.

60

00:05:33,000 --> 00:05:40,000

Every time I went under hypnosis, I felt like something was wrapped around my forehead. I felt like you could literally reach inside my torso.

61

00:05:40,000 --> 00:05:45,000

I felt that my left leg, there was something wrong with my left leg.

62

00:05:45,000 --> 00:05:52,000

Vision after vision proved correct. The grave marker he recalled under hypnosis was confirmed by the Pentagon.

63

00:05:52,000 --> 00:06:02,000

So were his dog tag numbers. And then, as Tim Stewart filled in more of the everyday details of Max's life, he says he began to feel his soul as well.

64

00:06:02,000 --> 00:06:10,000

I kept talking about this woman in England. I knew her name was M, and Irene asked me and came right out.

65

00:06:10,000 --> 00:06:16,000

She said, do you know this woman now? And I said yes, and I said, she's my wife, Babette.

66

00:06:17,000 --> 00:06:26,000

It was a strange recognition. Tim Stewart looked into the eyes of his wife and saw the reflection of William Max's long lost love.

67

00:06:26,000 --> 00:06:33,000

I think things that are unfinished in one lifetime, you're given an opportunity to finish in the next.

68

00:06:33,000 --> 00:06:38,000

When Babette was regressed, her first recollections mirrored those of her husband.

69

00:06:38,000 --> 00:06:44,000

It feels like daydreaming. It's sort of like watching an old film in your head.

70

00:06:44,000 --> 00:06:52,000

But then, Babette began to reveal new details. A passionate but short-lived love affair in London that ended with Max's death.

71

00:06:52,000 --> 00:06:59,000

For a long time, she really didn't even know that he was dead. She just assumed that he just never wanted to come back.

72

00:06:59,000 --> 00:07:06,000

She loved him, and I think in a lot of ways she was very bitter because he never came back.

73

00:07:06,000 --> 00:07:10,000

And no one could really tell her what had happened to him.

74

00:07:10,000 --> 00:07:21,000

She was beautiful. She was as beautiful as my wife is now. And she just, the eyes is what it is. It's the eyes, I guess.

75

00:07:21,000 --> 00:07:31,000

Babette also recalled a name, Emily Ellison. Tim Stewart discovered that there was an Emily Ellison who had lived in London, the daughter of a prominent family.

76

00:07:31,000 --> 00:07:36,000

Members of the family were featured in many society columns of the day, but Emily was strangely absent.

77

00:07:36,000 --> 00:07:43,000

In a lot of ways, she was very rebellious against the money and the power and the seclusion.

78

00:07:43,000 --> 00:07:48,000

Her father was very strict, very controlling of her life and everything that she did.

79

00:07:48,000 --> 00:07:58,000

When they met in England, I fell in love with her. And I was going to marry her, and I was going to come back.

80

00:07:58,000 --> 00:08:01,000

I told her I'd come back, but I never came back.

81

00:08:02,000 --> 00:08:09,000

William Max died in North Africa in 1943, but did he keep his promise to Emily that he would come back?

82

00:08:09,000 --> 00:08:21,000

Tim Stewart, the once skeptical reporter, believes Max did keep his promise, and that Tim Stewart was destined to fall in love with Babette because she carries the spirit of Emily within her.

83

00:08:21,000 --> 00:08:30,000

We never really lose each other. Many people are afraid of death, and they're afraid of either losing someone close to them or being lost.

84

00:08:31,000 --> 00:08:39,000

And this story really shows how you really don't lose the people that you love and the people who are close to you.

85

00:08:41,000 --> 00:08:48,000

Researching the life and death of William Max was just the first part of Tim Stewart's incredible past life journey.

86

00:08:48,000 --> 00:08:52,000

By a strange coincidence, Tim Stewart met William Max's family.

87

00:08:52,000 --> 00:08:59,000

It happened when William Max's sister-in-law stopped Stewart a total stranger on the street and said he looked familiar.

88

00:09:13,000 --> 00:09:18,000

After his past life regression, skeptical reporter Tim Stewart was still a reporter.

89

00:09:18,000 --> 00:09:25,000

But he was also a believer. He fully accepted the fact that he was the reincarnation of a man named William Max.

90

00:09:25,000 --> 00:09:34,000

But, with the surviving members of Max's family, also accept the fact that their dead brother and uncle had returned in the body of Tim Stewart.

91

00:09:36,000 --> 00:09:41,000

They say that we recognize each other through our eyes. Our eyes are the window to the soul.

92

00:09:41,000 --> 00:09:50,000

And, Babette, whenever I'm hurting or I don't feel right, if she just looks me straight in the eyes, it's just, it's wiped away.

93

00:09:51,000 --> 00:09:57,000

Tim and Babette believe their love is eternal. That they continue the love William and Emily could not finish.

94

00:09:57,000 --> 00:10:05,000

Every Christmas, under the Christmas tree, there's always a present from William to Em, and from Em to William.

95

00:10:05,000 --> 00:10:12,000

Last year, it was something as inexpensive as, I think, a 75-cent English coin that dated 1943.

96

00:10:12,000 --> 00:10:16,000

And it had to be something to link to that life.

97

00:10:16,000 --> 00:10:24,000

Babette's past life is only one link in a chain of strange events that culminated in Tim Stewart's visit to Max's hometown in Pennsylvania.

98

00:10:24,000 --> 00:10:28,000

He hadn't been in Allentown since he was four years old.

99

00:10:28,000 --> 00:10:32,000

I went back for a funeral, and I mean, probably would have never went back to Pennsylvania.

100

00:10:32,000 --> 00:10:36,000

But Uncle Charlie happened to be one of my very favorite uncles.

101

00:10:36,000 --> 00:10:43,000

And I was with another aunt and uncle, and we were in the car right behind the hearse, and we happened to pass over a railroad track.

102

00:10:43,000 --> 00:10:51,000

As soon as we got to the railroad tracks, Tim said, this seems like I've been here before. He says, I really feel like I've been here.

103

00:10:52,000 --> 00:10:58,000

Tim had to get out of the car. Someone or something was pulling him in strange directions.

104

00:10:58,000 --> 00:11:02,000

It was like, literally, the hair on the back of my neck stood on him.

105

00:11:02,000 --> 00:11:10,000

With an unsettling mixture of fear and déjà vu, Tim Stewart rejoined his family and met a momentary stranger.

106

00:11:10,000 --> 00:11:15,000

We had a funeral that day, and Bernice brought Tim and introduced me to him.

107

00:11:15,000 --> 00:11:21,000

And when I first saw him, I looked at him and I said, you remind me of someone that I know.

108

00:11:21,000 --> 00:11:27,000

And I said, well, my father's name is so-and-so, my mother's name, and I gave him, she says, no, no.

109

00:11:27,000 --> 00:11:34,000

I think he reminded me of William from the eyes of Farhead and the hairline. At the time, I didn't put it together.

110

00:11:34,000 --> 00:11:44,000

And then she introduced herself as Thelma Max. And at that point, I asked her what she related to William, and she said, yes, I was his sister-in-law.

111

00:11:44,000 --> 00:11:53,000

Thelma Max is the widow of Jerome Max, William's eldest brother. She and her children are the last surviving members of the Max family.

112

00:11:53,000 --> 00:11:55,000

They approached him, Stewart, with skepticism.

113

00:11:55,000 --> 00:12:05,000

Tim told us the story of what he had been working on, and I still didn't believe it. I didn't believe it.

114

00:12:05,000 --> 00:12:10,000

But Thelma and her children agreed to take Stewart to the Max family plot.

115

00:12:10,000 --> 00:12:15,000

On the way, they quizzed him and challenged his knowledge of the family.

116

00:12:15,000 --> 00:12:25,000

They kept asking me about William's mother. I could never picture her, but I would picture these long, slender windows with lacy curtains blowing away from him.

117

00:12:25,000 --> 00:12:32,000

That's where their mother had died up in that room, where Tim saw the curtains blowing in.

118

00:12:33,000 --> 00:12:38,000

While he was in Allentown, Tim Stewart retraced the path of William Max's life.

119

00:12:38,000 --> 00:12:44,000

He went to his boyhood home, the place where he worked, the railroad tracks where he used to wander.

120

00:12:44,000 --> 00:12:50,000

The doors just started opening up when the word got out in Allentown when I was back there.

121

00:12:50,000 --> 00:12:55,000

I heard about this recombination coming back as Billy Max, and I wanted to meet him.

122

00:12:55,000 --> 00:13:00,000

I stood up and he walks over and he keeps looking at me and looking at me in the eyes.

123

00:13:00,000 --> 00:13:03,000

He says, well, I gotta admit, he says, you look and you stand like William.

124

00:13:03,000 --> 00:13:06,000

Prove it to me. I didn't really believe in him.

125

00:13:06,000 --> 00:13:14,000

He says, you know, he says, if you really were William, there is one thing that he told only one person.

126

00:13:14,000 --> 00:13:19,000

I asked the question, what it was the last thing that Billy ever said before he left, when he left the United States.

127

00:13:19,000 --> 00:13:24,000

And I said, stop right there. And he said, what?

128

00:13:24,000 --> 00:13:32,000

And I said, I can tell you what it is. In 1940, I had a dream that if I went into the service and I shipped overseas, I would never make it home.

129

00:13:32,000 --> 00:13:40,000

I'd be killed. And the man went from sitting this way, leaning back and turned as white as a ghost.

130

00:13:40,000 --> 00:13:48,000

I got goosebumps beyond his wrist. And I'm not the thing I believe in it, and I'm not saying I don't believe in it.

131

00:13:49,000 --> 00:14:00,000

I don't know why I know the things that I know. I mean, it's not something, even to this day, I've met the family and everything, but the only way to know is to die.

132

00:14:00,000 --> 00:14:04,000

I mean, that's the only guaranteed way of knowing.

133

00:14:04,000 --> 00:14:08,000

Do you feel a special bond to Allentown? Something here?

134

00:14:08,000 --> 00:14:13,000

Every time I've been back here, there's certain things and certain geographic areas.

135

00:14:14,000 --> 00:14:21,000

With time and growing trust, the Max's have come to accept Tim Stewart as one of the family.

136

00:14:21,000 --> 00:14:33,000

I think people form love relationships that they continue, that love bonds that they have with

family members, and they continue to try to develop those relationships over a period of lifetimes.

137

00:14:33,000 --> 00:14:36,000

And I think that's definitely true for Tim.

138

00:14:36,000 --> 00:14:43,000

It was not a coincidence he went to Allentown. I don't believe in coincidences. I really believe that the energies tend to move as where we need to be.

139

00:14:43,000 --> 00:14:51,000

Psychologist and regression therapist Betty Bender believes Tim Stewart was brought to Allentown to bring closure to a life cut short.

140

00:14:51,000 --> 00:15:01,000

An individual who died in World War II came back very quickly and has a strong desire to complete something or find somebody.

141

00:15:01,000 --> 00:15:09,000

Babette thinks she knows who William Max is trying to find. During her regressions, Babette has seen Emily with a baby.

142

00:15:09,000 --> 00:15:16,000

I thought that they had had a child together and that he had never known that the child existed.

143

00:15:16,000 --> 00:15:22,000

It also came out during one of my regressions that she had died before the child was very old.

144

00:15:22,000 --> 00:15:25,000

It was a son and she called him David.

145

00:15:25,000 --> 00:15:30,000

If there was a David, his father and mother were dead before he was one.

146

00:15:30,000 --> 00:15:35,000

Where this war orphan is 50 years later is one mystery Stewart can't solve.

147

00:15:35,000 --> 00:15:43,000

My gut feeling is if the child made it through the war, that more than likely he's alive and well probably living in England.

148

00:15:43,000 --> 00:15:51,000

Tim Stewart continues to use his reporter's instincts to search for clues about David, the son that would be older than he is.

149

00:15:51,000 --> 00:15:58,000

I guess there's sort of a fear to find this person and be rejected by them.

150

00:15:58,000 --> 00:16:06,000

On the same hand, there's like a nurturing aspect where you want to find them to make sure they're okay.

151

00:16:06,000 --> 00:16:14,000

What started as just another job, one more magazine article to write, has become a lifelong quest.

152

00:16:14,000 --> 00:16:18,000

Tim Stewart feels he must find William Max's child.

153

00:16:18,000 --> 00:16:31,000

William Max is as much a part of my soul as I will be when I pass on and those two people merge.

154

00:16:34,000 --> 00:16:38,000

Tim Stewart continues to search for his son from a past life.

155

00:16:38,000 --> 00:16:44,000

The child, first named David, was born in Devonshire, England and would be in his 50s today.

156

00:16:44,000 --> 00:16:50,000

He may have been adopted. His birth mother, who died in the late 40s, was Marion M. Ellison.

157

00:16:50,000 --> 00:16:53,000

His birth father was William Max.

158

00:16:53,000 --> 00:16:57,000

Next, will paranormal researchers find an answer to the Heartland mysteries?

159

00:16:57,000 --> 00:17:01,000

With further investigation, we have a good opportunity to solve this mystery, yes.

160

00:17:01,000 --> 00:17:03,000

She scares women daylight out of me.

161

00:17:04,000 --> 00:17:17,000

For almost one full year, sightings has conducted an ongoing investigation into unprecedented haunting activity inside one unassuming house in America's Heartland.

162

00:17:17,000 --> 00:17:27,000

We've heard from many viewers who have intriguing theories about the source of the haunting activity, so armed with your recommendations, we now return to the house.

163

00:17:30,000 --> 00:17:32,000

Sally, stop it.

164

00:17:32,000 --> 00:17:34,000

Someone's starting to bleed.

165

00:17:34,000 --> 00:17:35,000

Why don't you sit down?

166

00:17:35,000 --> 00:17:38,000

There's a little girl that's standing right there.

167

00:17:38,000 --> 00:17:41,000

Sally, is that your name, Sally?

168

00:17:41,000 --> 00:17:42,000

MC.

169

00:17:42,000 --> 00:17:44,000

Yeah, we've got a new scratch.

170

00:17:44,000 --> 00:17:49,000

There is an entity in this room right now. No doubt in my mind.

171

00:17:49,000 --> 00:17:52,000

Something is burning my face right now.

172

00:17:52,000 --> 00:17:56,000

In full view of eight witnesses.

173

00:17:56,000 --> 00:17:57,000

Did you physically felt that?

174

00:17:57,000 --> 00:17:59,000

Yeah, that hurt.

175

00:17:59,000 --> 00:18:06,000

After our last visit there, I became more convinced that this phenomena was legitimate, that there was something really going on.

176

00:18:06,000 --> 00:18:09,000

One of the most unique elements are the scratches, of course.

177

00:18:09,000 --> 00:18:14,000

I've been there, I've witnessed them happening while I was observing him.

178

00:18:14,000 --> 00:18:20,000

It's the story sightings viewers can't stop talking about, especially those strange bleeding scratches.

179

00:18:20,000 --> 00:18:29,000

Parapsychologist Carrie Gainer responds to your suggestions that the bleeding scratches could have a medical rather than a paranormal explanation.

180

00:18:29,000 --> 00:18:39,000

I've been researching a skin condition called dermatographism, and what that is, is a person can scratch himself and nothing will show up until about 10 or 15 minutes later.

181

00:18:39,000 --> 00:18:43,000

This is very interesting in light of the way this phenomenon is occurring in this case.

182

00:18:43,000 --> 00:18:52,000

The references that I've looked at so far do not include bleeding with this skin condition, and certainly in this case there have been bleeding scratch marks.

183

00:18:52,000 --> 00:18:56,000

So this doesn't seem to be a very good explanation for what's going on in this case.

184

00:18:56,000 --> 00:19:01,000

Many viewers also wanted to know more about the child entity known as Sally.

185

00:19:01,000 --> 00:19:08,000

Sightings was chastised for overlooking a religious explanation, so our team now includes Franciscan Monk, Father and Anthony.

186

00:19:08,000 --> 00:19:15,000

I would not consider Heartland to be an extreme case. I don't think there's demonic possessions going on.

187

00:19:15,000 --> 00:19:25,000

I think what's happening there is there is perhaps a, we would maybe call, lost soul or a spirit that is trying to communicate.

188

00:19:25,000 --> 00:19:31,000

When you try to communicate with somebody, if they're not listening to you, if they're not paying attention to you,

189

00:19:31,000 --> 00:19:38,000

you're going to do all kinds of things to get that person's attention. I think perhaps a spirit would do the same thing.

190

00:19:38,000 --> 00:19:49,000

Many viewers have suggested that the scratching is actually stigmata, which they define as a physical manifestation of Christ's crucifixion wounds.

191

00:19:49,000 --> 00:19:58,000

I don't think Jeff has experienced a stigmata. I think you have to look at, is there connection to the doctor who was involved or who was there when this young girl died?

192

00:19:58,000 --> 00:20:06,000

There is a part in scripture that says, and the sins shall be passed from generation to generation upon your children's children's children, however.

193

00:20:06,000 --> 00:20:16,000

You know, what happens is it can jump over generations. Things can manifest themselves or things can become present generations later.

194

00:20:16,000 --> 00:20:21,000

I've heard of these things happening and I think that you can find a psychological reason for it all the time.

195

00:20:21,000 --> 00:20:30,000

Not to say that there may not also be a ghost or an entity or some kind of spiritual explanation that goes along with it.

196

00:20:30,000 --> 00:20:33,000

But I think there's also a psychological connection.

197

00:20:33,000 --> 00:20:42,000

Psychiatrist Dr. Carol Lieberman agrees with many sightings viewers that there is a psychological explanation for the haunting activity.

198

00:20:42,000 --> 00:20:46,000

Something about Pam and Jeff makes them more susceptible to haunting activity.

199

00:20:46,000 --> 00:20:54,000

Some people believe that ghosts don't just attach themselves or entities, don't just attach themselves to anyone or don't just come in at any time.

200

00:20:54,000 --> 00:21:04,000

That people, the more open a person is in various ways vulnerable or open in a positive way, the more they're likely to affect them.

201

00:21:04,000 --> 00:21:12,000

If we just drop our skepticism just for a moment and as a researcher I'm not really allowed to do that, but there's a real human angle here and that is a man's being terrorized.

202

00:21:12,000 --> 00:21:22,000

Something's happening to him without his say, without his control and he's got to be thinking to himself, well if this could happen what else could happen?

203

00:21:22,000 --> 00:21:24,000

She scares and living daylights out of me.

204

00:21:24,000 --> 00:21:35,000

If I had to come up with one global explanation to include the whole family psychodynamics as well as the spiritual entities that may dwell there,

205

00:21:35,000 --> 00:21:48,000

I would say that it has to do with a lot of anger directed at father figures for abuses that have gone on through the ages with the anger at fathers or father figures.

206

00:21:48,000 --> 00:21:58,000

These expert opinions are important, but as long as Jeff and Pam remained in the house the entities didn't appear to pay any attention to expert opinion.

207

00:21:59,000 --> 00:22:05,000

Now a new family lives in the house. So far they've experienced no haunting activity.

208

00:22:05,000 --> 00:22:15,000

When I go around town everyone when I tell where I'm living they start talking about it. They tell me I've heard so many stories and I was surprised there's so many people that believe this stuff.

209

00:22:15,000 --> 00:22:26,000

If the activity continues in the house with the new family then what we have is a traditional haunt

and the people coming into the environment might bring that phenomena out.

210

00:22:26,000 --> 00:22:42,000

So it's even possible that somebody could live there and nothing would happen. If on the other hand it follows the family to their new home then we have a haunt really that seems to be centered around an individual. Jeff.

211

00:22:42,000 --> 00:23:01,000

You're being asked to help Sally. The danger sometimes comes in I think with things like this. When we refuse to do that you asked me earlier if there is any physical possibility of any physical danger or harm. I think there could be.

212

00:23:01,000 --> 00:23:09,000

With further investigation we have a good opportunity to solve this mystery yes. I really think we have a pretty good chance.

213

00:23:12,000 --> 00:23:28,000

While the house is quiet now both Kerry Gaynor and psychic Peter James believe there are two spirits one good and one bad. There is also reason to believe that Sally the so called bad spirit may have followed the former residents to their new house.

214

00:23:28,000 --> 00:23:30,000

We'll keep you updated.

215

00:23:30,000 --> 00:23:34,000

Coming up in Extra Terrestrial's sabotage US missile sites.

216

00:23:34,000 --> 00:23:49,000

Object managed to change the tracking numbers on the missile then altered states of consciousness may keep them alive and later back from the dead with messages of hope.

217

00:23:49,000 --> 00:24:03,000

Sightings has in its possession authenticated Defense Department memorandum which state in no uncertain terms that military personnel cited UFOs over three different nuclear weapons storage facilities in 1975.

218

00:24:03,000 --> 00:24:10,000

At least one missile was compromised by what one doD memo describes as clear intent.

219

00:24:10,000 --> 00:24:21,000

Ufologists believe that the damage was much more extensive and that our entire nuclear arsenal could have been the victim of extra terrestrial sabotage.

220

00:24:21,000 --> 00:24:33,000

In the 1960s and 70s these images of a vast underground security network allowed America to sleep at night a security blanket of nuclear weaponry poised at the ready.

221

00:24:33,000 --> 00:24:45,000

But in the fall of 1975 someone or something tampered with our nuclear capability supposedly infallible systems were incapacitated and unknown force was at work.

222

00:24:45,000 --> 00:24:49,000

Military personnel observed it but could not stop it.

223

00:24:50,000 --> 00:25:00,000

Security was breached at three US nuclear installations at each base eyewitnesses reported seen undedified craft hovering above nuclear storage facilities.

224

00:25:00,000 --> 00:25:10,000

The speed it took off with I've seen F-16s fly high rates of speed and this was here and gone from a dead steel hover.

225

00:25:10,000 --> 00:25:15,000

One of the installations was here. Wurtsmouth Air Force Base in Osceola Michigan.

226

00:25:15,000 --> 00:25:23,000

The base is closed now but in 1975 it was on 24 hour alert armed and ready for a nuclear strike.

227

00:25:23,000 --> 00:25:28,000

In October of that year the practiced routine was suddenly shattered by an alarm.

228

00:25:28,000 --> 00:25:35,000

Radar was picking up an undedified craft advancing toward the base at a high rate of speed. This was not a drill.

229

00:25:35,000 --> 00:25:40,000

This is top rock with an expedite scramble. Authentication time is 1906. Scramble.

230

00:25:40,000 --> 00:25:48,000

On radar the UFO appeared to be closing in fast but jet interceptors could not locate any aircraft in the area.

231

00:25:48,000 --> 00:25:53,000

Author Barry Greenwood has spent nearly 20 years researching the 1975 incident.

232

00:25:53,000 --> 00:26:01,000

There were at least a dozen US and Canadian military bases that were over flown during a three week period in 1975.

233

00:26:01,000 --> 00:26:10,000

According to this Defense Department memorandum military personnel filed official sightings reports after visual and radar contact was established.

234

00:26:10,000 --> 00:26:16,000

In each case the UFO appeared to be headed directly for nuclear weapons storage facilities.

235

00:26:16,000 --> 00:26:29,000

The person writing the report stated that when one object came low over a weapon storage area that appeared to demonstrate a clear intent over this area meaning it seemed to have intelligence.

236

00:26:29,000 --> 00:26:42,000

We've spoken to a number of eyewitnesses involved in the 75 incidents. They are all emphatic that what was seen was certainly not a conventional aircraft.

237

00:26:42,000 --> 00:26:47,000

One of the eyewitnesses to the Wortsmouth incident was civilian aircraft mechanic Rick Everhart.

238

00:26:47,000 --> 00:26:52,000

In 1975 he lived directly across from Wortsmouth's main gate.

239

00:26:52,000 --> 00:26:57,000

One evening I went to bed approximately 12 o'clock.

240

00:26:57,000 --> 00:27:06,000

I was awakened in the morning by a bright glowing orange colored light that was coming in through our sliding glass doors.

241

00:27:06,000 --> 00:27:09,000

Bright orange glowing orange fluorescent orange.

242

00:27:09,000 --> 00:27:12,000

I don't think I've ever seen orange that bright in my life.

243

00:27:12,000 --> 00:27:16,000

It lit up my house on the inside like we had the lights on.

244

00:27:16,000 --> 00:27:22,000

So I got up to investigate, went to the sliding room doors, looked out over the creek.

245

00:27:22,000 --> 00:27:27,000

There was a large glowing orange oval shaped object.

246

00:27:27,000 --> 00:27:34,000

To me it looked like it was probably about two to three football field lengths long and a good couple wide.

247

00:27:34,000 --> 00:27:39,000

It hovered over there for I'd say good three to four minutes.

248

00:27:39,000 --> 00:27:45,000

And at that time it sped off at a high rate of speed heading away from the air base.

249

00:27:45,000 --> 00:27:51,000

I was scared. There was fear running through me and I couldn't believe what I had seen.

250

00:27:51,000 --> 00:27:57,000

Everhart's testimony is important because military eyewitnesses will not talk on the record.

251

00:27:57,000 --> 00:28:04,000

It's very difficult to find military witnesses because they're at the time covered by regulations.

252

00:28:04,000 --> 00:28:12,000

They certainly cannot take a story like a UFO sighting and go running to the press with it.

253

00:28:12,000 --> 00:28:19,000

And I decided along with several other researchers to file freedom of information requests with the Pentagon,

254

00:28:19,000 --> 00:28:28,000

with the Air Force, with the bases involved to find out if there was some documentation as to what was occurring over these bases.

255

00:28:28,000 --> 00:28:35,000

And the Pentagon had advised the bases to invoke a security option three alert.

256

00:28:35,000 --> 00:28:41,000

According to this Air Force document, the high level security alert was ordered because, quote,

257

00:28:41,000 --> 00:28:50,000

penetration of sensitive areas during the hours of darkness have prompted the implementation of security option three at our northern tier bases, unquote.

258

00:28:50,000 --> 00:28:55,000

Sightings had occurred at Malmstrom, Wurtsmouth and Lorrie Air Force bases.

259

00:28:55,000 --> 00:29:05,000

The reason this is so significant and interesting is that they seem to be focused on atomic weapons and some mysterious objects which they call mystery helicopters.

260

00:29:05,000 --> 00:29:10,000

Some kind of unidentified objects were seen and tracked on radar flying around in areas where they had no business being.

261

00:29:10,000 --> 00:29:23,000

In fact, these bases, because of what they stood for, there were massive retaliation capability and therefore there were very high security bases with usually security police and guard dogs,

262

00:29:23,000 --> 00:29:29,000

barbed wire, alarm systems, all kinds of things that made them very highly secure bases.

263

00:29:29,000 --> 00:29:37,000

And that's why this is so significant that whatever this was flying around could just penetrate all these defenses at will.

264

00:29:37,000 --> 00:29:41,000

Timothy Goode is the author of Above Top Secret.

265

00:29:41,000 --> 00:29:47,000

He believes the extent of the UFO invasion was far greater than the three incidents reported by the Air Force.

266

00:29:47,000 --> 00:29:57,000

According to some researchers and some people who have come forward, there were several occasions when UFOs hovered over the nuclear missile silos.

267

00:29:57,000 --> 00:30:04,000

When it was shown on the control panel that the missile would not have been able to have been launched.

268

00:30:04,000 --> 00:30:13,000

Could UFOs invade and neutralize America's missile launch capability? According to ufologists, they could and did.

269

274

00:31:26,000 --> 00:31:29,000

They shouldn't be held to blame for this. I just wish there would be a little more candid

275

00:31:29,000 --> 00:31:33,000

with the public about what goes on in these cases.

276

00:31:36,000 --> 00:31:39,000

The United States Air Force continues to deny allegations

277

00:31:39,000 --> 00:31:43,000

that the 1975 sightings incapacitated our nuclear defense systems.

278

00:31:43,000 --> 00:31:48,000

But they do not deny that there was clear intent displayed by UFOs

279

00:31:48,000 --> 00:31:52,000

flying over Wurtsmith, Loring and Malmstrom Air Force bases.

280

00:31:53,000 --> 00:31:57,000

Next, snakes in the pulpit lead these people to altered states of consciousness.

281

00:31:57,000 --> 00:32:02,000

They handle fire, snakes, drink Strict 9 without being injured.

282

00:32:02,000 --> 00:32:09,000

Recent studies indicate that altered states of consciousness,

283

00:32:09,000 --> 00:32:15,000

deep relaxation for example, can ease pain and alleviate symptoms of disease.

284

00:32:15,000 --> 00:32:22,000

But are there mental states that can actually shield the physical body from disease and even death?

285

00:32:22,000 --> 00:32:27,000

In small churches throughout America, people in an altered state of consciousness

286

00:32:27,000 --> 00:32:32,000

are drinking poison, handling cobras and living to tell about it.

287

00:32:34,000 --> 00:32:39,000

In the Old Testament, the snake is a powerful symbol of man's fall from grace,

288

00:32:39,000 --> 00:32:43,000

the messenger of temptation and physical embodiment of sin.

289

00:32:44,000 --> 00:32:50,000

In rural churches throughout America, practitioners believe that they can confront the dark powers of sin

290

00:32:50,000 --> 00:32:55,000

and emerge unscathed. In an altered state of consciousness known as the anointing,

291

00:32:55,000 --> 00:32:59,000

they grasp poisonous snakes and drink lethal doses of Strict 9.

292

00:32:59,000 --> 00:33:06,000

The reason why we handle snakes is because the Bible says in March 16th they shall take up serpence.

293

00:33:06,000 --> 00:33:12,000

We also believe that the Bible says if they drink any deadly thing, it shall not hurt them.

294

00:33:12,000 --> 00:33:18,000

We believe through the power and the spirit of God that we can do it and it will not hurt us.

295

00:33:19,000 --> 00:33:24,000

The participants typically work themselves into some kind of state of altered consciousness.

296

00:33:24,000 --> 00:33:30,000

You become so heightened as to what you're looking for that it literally alters the body chemistry.

297

00:33:30,000 --> 00:33:35,000

Author Fred Wolfe is a physicist who researches altered states of consciousness

298

00:33:35,000 --> 00:33:38,000

and searches for a scientific explanation.

299

00:33:38,000 --> 00:33:42,000

If you're doing something very extraordinary, I believe that there will be a change in your body chemistry.

300

00:33:42,000 --> 00:33:47,000

There will be a change in your neurophysiology. There will be a change in the way your brain is functioning.

301

00:33:47,000 --> 00:33:51,000

Over and beyond the normal way that your brain would function.

302

00:33:51,000 --> 00:33:56,000

Skeptics charge that the rituals are fake, that the snakes are not always venomous

303

00:33:56,000 --> 00:34:02,000

and the Strict 9 is so diluted it could not be lethal, but independent tests have shown that the venom and poison are.

304

00:34:02,000 --> 00:34:10,000

They become immune to snake bite to Strict 9 because they've taken so much into their bodies over a period of time

305

00:34:10,000 --> 00:34:15,000

in small enough dosages that by the time they get to a larger dosage that would kill me,

306

00:34:15,000 --> 00:34:20,000

their bodies have been protected by the immunization process.

307

00:34:20,000 --> 00:34:26,000

But for the devout, there is only one explanation for their immunity, faith in the power of God.

308

00:34:26,000 --> 00:34:33,000

In this home video from eastern Kentucky, practitioner Grace Holland appears to drink Strict 9 and handle fire

309

00:34:33,000 --> 00:34:36,000

while in the throes of a religious ecstasy.

310

00:34:37,000 --> 00:34:48,000

The most fascinating thing to me about this religion is they handle fire, they handle snakes, they drink Strict 9,

311

00:34:48,000 --> 00:34:54,000

they get through this without being injured. It's absolutely unbelievable to me.

312

00:34:54,000 --> 00:35:00,000

Most of the snake churches are located in rural areas of Appalachia and the deep south.

313

00:35:00,000 --> 00:35:06,000

Services aren't advertised because the use of snakes in the pulpit is outlawed in most localities.

314

00:35:06,000 --> 00:35:14,000

Practitioners often worship in defiance of the law or go to places where snake handling is allowed, like this church in Kingston, Georgia.

315

00:35:14,000 --> 00:35:22,000

If the Lord is with you, you're not afraid at all. When I get the sensation to pick up a serpent, you can feel it go right through your hands and out your feet.

316

00:35:22,000 --> 00:35:26,000

It's wonderful, it's a protecting spirit that you feel all about you.

317

00:35:27,000 --> 00:35:34,000

Religious historian David Kimbrough has researched the practices of Pentecostal snake handling churches for ten years.

318

00:35:34,000 --> 00:35:41,000

Snake handling is extremely dangerous. Since I've been doing my research and studying this movement since 1910,

319

00:35:41,000 --> 00:35:48,000

I have found 73 deaths by snake bite, five additional deaths by people drinking Strict 9.

320

00:35:48,000 --> 00:35:55,000

So I think that tells the story that it's a very dangerous concept when you're reaching that box.

321

00:35:55,000 --> 00:35:58,000

You know that you can be taken out of this world.

322

00:35:58,000 --> 00:36:06,000

Primarily we use copperheads and cotton mouths and rattlesnakes. Occasionally we get cobras and coral snakes too.

323

00:36:06,000 --> 00:36:11,000

And the most dangerous I would say would be the rattlesnake.

324

00:36:11,000 --> 00:36:17,000

Obviously this is a very dangerous practice and we don't encourage nobody to do it.

325

00:36:17,000 --> 00:36:24,000

As a matter of fact, we discourage you to do it unless you're anointed by the Spirit of God.

326

00:36:24,000 --> 00:36:31,000

I'm very fearful of snakes, but when the anointing's on me, it don't bother me one bit to pick them up.

327

00:36:31,000 --> 00:36:37,000

You ain't got the Lord in you, you better leave it alone. It's dangerous, there's death there.

328

00:36:38,000 --> 00:36:45,000

Sightings presents this report as an example of the effect of altered states on some people some of the time.

329

00:36:45,000 --> 00:36:51,000

There have been deaths. In fact, one of the members of the Georgia community in this report has recently died

330

00:36:51,000 --> 00:36:59,000

after being bitten by a rattlesnake in church. Never assume that you are safe. Never pick up a poisonous snake.

331

00:36:59,000 --> 00:37:03,000

Up next, a near-death experience transforms a life.

332

00:37:03,000 --> 00:37:09,000

This being of light approached me and I was told that it's the little things that we do that lead to good.

333

00:37:13,000 --> 00:37:20,000

The validity of near-death experience is being challenged. Some members of the scientific community believe that the tunnel,

334

00:37:20,000 --> 00:37:26,000

the white light and the angelic figures are all hallucinations induced by oxygen deprivation.

335

00:37:26,000 --> 00:37:30,000

But these visions are only a small part of the near-death experience.

336

00:37:30,000 --> 00:37:38,000

What science cannot explain away are the physical and spiritual transformations that occur after an NDE.

337

00:37:43,000 --> 00:37:50,000

They claim to have walked through the invisible door between this world and the next and have glimpsed life after death.

338

00:37:51,000 --> 00:37:57,000

But before they take the final irretrievable step into oblivion, they are pulled back, pulled back for a purpose,

339

00:37:57,000 --> 00:38:01,000

and then transformed by what is called the near-death experience.

340

00:38:01,000 --> 00:38:07,000

Before I had the near-death experience, I was not a good person at all.

341

00:38:07,000 --> 00:38:09,000

I was fearful, materialistic.

342

00:38:09,000 --> 00:38:12,000

I was a high-pressure guy after a lot of bucks.

343

00:38:12,000 --> 00:38:18,000

I was just lost. I was totally depressed, totally sick, couldn't put one foot in front of the other.

344

00:38:19,000 --> 00:38:24,000

Sandy Green fell into a deep depression after her husband of 26 years asked for a divorce.

345

00:38:24,000 --> 00:38:27,000

Shortly after, she was diagnosed with cancer.

346

00:38:27,000 --> 00:38:31,000

It was during radiation treatment that she had her NDE.

347

00:38:31,000 --> 00:38:35,000

My angels took me out into the white light.

348

00:38:35,000 --> 00:38:40,000

It just pulsed with the brightest light, and it was love. It was pulsating love.

349

00:38:40,000 --> 00:38:44,000

The nice thing I remember is there was no pain.

350

00:38:44,000 --> 00:38:52,000

I received the energies and the knowledge and the help to learn how to become well.

351

00:38:52,000 --> 00:39:00,000

If I wanted to go back and learn how to save my life and then teach others how to do it,

352

00:39:00,000 --> 00:39:03,000

I would have a loving life again.

353

00:39:03,000 --> 00:39:08,000

And boy, is that powerful for a person like me who lost everything.

354

00:39:08,000 --> 00:39:11,000

Sandy was transformed emotionally and physically,

355

00:39:11,000 --> 00:39:15,000

working with Orlando's Getting Well program, she beat her cancer.

356

00:39:15,000 --> 00:39:22,000

Anger stops my creativity. It actually increases my tumor markers.

357

00:39:22,000 --> 00:39:27,000

Her physician, Dr. Peter Goulden, has charted Sandy's remarkable recovery.

358

00:39:27,000 --> 00:39:33,000

When we see that happen, we try to pin that down by something we've done as the profession.

359

00:39:33,000 --> 00:39:38,000

Was it that radiation that we gave? How about the chemotherapy, etc.

360

00:39:38,000 --> 00:39:46,000

And a lot of times we don't have an adequate explanation for why things got better.

361

00:39:46,000 --> 00:39:49,000

And so, who knows?

362

00:39:49,000 --> 00:39:53,000

Sandy has returned to her nursing career with a new mission.

363

00:39:53,000 --> 00:39:58,000

She is the founder of Hope and Recovery, a program which provides home care for cancer patients.

364

00:39:58,000 --> 00:40:02,000

I try to sell them on the adventure, because mine has been an adventure,

365

00:40:02,000 --> 00:40:06,000

not the trials and tribulations of cancer, but my adventure.

366

00:40:06,000 --> 00:40:10,000

Hope is believing that anything is possible.

367

00:40:10,000 --> 00:40:17,000

Hope was not a word in Angie Fennebore's vocabulary, when she had her NDE after a failed suicide

attempt.

368

00:40:17,000 --> 00:40:22,000

I really had some feelings of self-doubt. I thought I was a bad mother and bad wife.

369

00:40:22,000 --> 00:40:27,000

And I decided I was just going to end my life, but I had no other choice.

370

00:40:27,000 --> 00:40:33,000

Angie took an overdose of pills and slit her wrists to end the pain, but there was no comfort in death.

371

00:40:33,000 --> 00:40:41,000

I started looking around for a tunnel of light, like I'd heard about, and there was nothing there, except for darkness.

372

00:40:41,000 --> 00:40:45,000

And I heard the words, is this what you really want?

373

00:40:45,000 --> 00:40:52,000

And in the time that it took for me to hear those words, this being of light approached me.

374

00:40:52,000 --> 00:40:58,000

I was filled with truths and with pure knowledge, pure understanding of how life works.

375

00:40:58,000 --> 00:41:03,000

And I was told that it's the little things that we do that lead to good and light in the world.

376

00:41:03,000 --> 00:41:15,000

After my near-death experience, I could see clearly how I had created the problems in my life, and quite easily how they could be avoided.

377

00:41:15,000 --> 00:41:24,000

For Angie, the experience revealed one supreme truth that transformed her life, the overwhelming power of love.

378

00:41:24,000 --> 00:41:28,000

Not love in the usual personal sense, but a kind of universal love.

379

00:41:28,000 --> 00:41:38,000

It's easy to understand why people speak in this way, though, because it's exactly that they feel filled with during their NDE, and they can't help radiating it afterward.

380

00:41:38,000 --> 00:41:40,000

But that's it. It's love.

381

00:41:40,000 --> 00:41:49,000

It was just that love and serenity just... I can't really put it in words what it was like, but it was beautiful.

382

00:41:49,000 --> 00:41:58,000

Dee Wagner was a heroin addict and an unfit mother, according to the court that took her daughter away, but then Dee had an NDE.

383

00:41:58,000 --> 00:42:06,000

Before her near-death experience, my mom had no respect for herself. She was under a partying and her drugs and her dealing, and it was more like I was the parent in our relationship.

384

00:42:06,000 --> 00:42:16,000

I always took care of my mom. After my mom's near-death experience, she turned into a person that's loving and caring and has respect for people and herself.

385

00:42:17,000 --> 00:42:23,000

I have relationship with Tanya again, and it's a pretty good relationship.

386

00:42:23,000 --> 00:42:35,000

People that know me say that I'm different as night and day made 180 degree turnaround, and I'm not afraid to die, that's for sure, because I got to get a glimpse of where I would be going.

387

00:42:35,000 --> 00:42:40,000

And I'm glad I have a second chance, because when I do go, I'll be going clean and sober.

388

00:42:40,000 --> 00:42:55,000

Sandy, Angie and Dee continue to spread their message of universal love. They believe that everyone is capable of personal transformations without having to endure a near-death experience.

389

00:43:10,000 --> 00:43:17,000

You can still reach sightings 24 hours a day at 1-900-933-7444.

390

00:43:17,000 --> 00:43:25,000

Until next time, remember, no mystery is closed to an open mind. For Sightings, I'm Tim White.

391

00:43:40,000 --> 00:43:45,000

I'm Tim White.

392

00:43:45,000 --> 00:43:50,000

I'm Tim White.

393

00:43:50,000 --> 00:43:55,000

I'm Tim White.

394

00:43:55,000 --> 00:44:00,000

I'm Tim White.

395

00:44:00,000 --> 00:44:05,000

I'm Tim White.

396

00:44:05,000 --> 00:44:10,000

I'm Tim White.
