

1

00:00:00,000 --> 00:00:06,000

On this edition of Sightings, what's inside Hangar 18?

2

00:00:06,000 --> 00:00:08,880

UFO researchers believe there are alien bodies.

3

00:00:08,880 --> 00:00:10,840

We have the bodies from the crack.

4

00:00:10,840 --> 00:00:14,440

Then a family turns to a psychic to find their daughter's killer.

5

00:00:14,440 --> 00:00:18,760

We think Dorothy is going to give a police the leads to solve this case.

6

00:00:18,760 --> 00:00:21,760

Later, is it chance or can you control luck?

7

00:00:21,760 --> 00:00:24,320

It's got a funny feeling and I won \$7 million.

8

00:00:24,320 --> 00:00:25,320

It's incredible.

9

00:00:25,320 --> 00:00:28,200

Also, when we die, where does our soul go?

10

00:00:28,200 --> 00:00:29,880

These people share a wondrous vision.

11

00:00:29,880 --> 00:00:38,560

He led me into a ballroom filled with hundreds and hundreds of people, all of whom had gathered for a party.

12

00:00:38,560 --> 00:00:42,840

Plus, a Michigan woman is abducted by aliens and now heals the sick.

13

00:00:42,840 --> 00:00:46,600

She has abilities that are not like anything else I've seen before.

14

00:00:46,600 --> 00:00:49,120

And was there once life on Mars?

15

00:00:49,120 --> 00:00:51,400

Maybe we're all evolved Martians.

16

00:00:59,880 --> 00:01:21,880

Music

17

00:01:21,880 --> 00:01:24,400

Welcome to Sightings.

18

00:01:24,400 --> 00:01:26,120

I'm Tim White.

19

00:01:26,120 --> 00:01:31,400

There have been persistent rumors that alien wreckage and remains from Roswell, New Mexico

20

00:01:31,400 --> 00:01:35,920

were stored in Hangar 18 at Wright Patterson Air Force Base, Ohio.

21

00:01:35,920 --> 00:01:40,720

In the 1960s, responding to the rumors, then Senator Barry Goldwater asked former Air Force

22

00:01:40,720 --> 00:01:44,640

Chief of Staff Curtis LeMay what's inside Hangar 18.

23

00:01:44,640 --> 00:01:49,120

According to Goldwater, LeMay said, don't ever ask me that question again.

24

00:01:49,120 --> 00:01:53,280

But Sightings is asking, what is inside Hangar 18?

25

00:01:53,280 --> 00:02:08,280

Music

26

00:02:08,280 --> 00:02:12,480

But where are these incredible things today?

27

00:02:12,480 --> 00:02:17,200

There is a long and voluminous paper trail of evidence that points in one direction, that

28

00:02:17,200 --> 00:02:22,400

points to a top secret location known as Hangar 18 at Wright Patterson Air Force Base

29

00:02:22,400 --> 00:02:26,360

in Dayton, Ohio.

30

00:02:26,360 --> 00:02:32,000

Many UFO researchers believe that at one time, wreckage from Roswell and other UFO crash

31

00:02:32,000 --> 00:02:37,600

sites as well as the bodies of alien beings were brought here for underground storage.

32

00:02:37,600 --> 00:02:41,840

Of course, the Air Force denies these charges, but ufologists counter that their denials

33

00:02:41,840 --> 00:02:47,320

are a prime example of the fox watching the henhouse door.

34

00:02:47,320 --> 00:02:50,920

Music

35

00:02:50,920 --> 00:02:53,080

But why Hangar 18?

36

00:02:53,080 --> 00:02:57,160

When there were desert bases much closer to the original crash sites.

37

00:02:57,160 --> 00:03:01,080

Why truck the wreckage to a base thousands of miles away?

38

00:03:01,080 --> 00:03:04,920

There were several advantages to using Wright Patterson, according to Professor Michael

39

00:03:04,920 --> 00:03:06,520

Swords.

40

00:03:06,520 --> 00:03:09,560

Wright Patterson had several elements associated with it.

41

00:03:09,560 --> 00:03:15,800

It had a standard Air Force base at Patterson Field, and it had a high technology testing

42

00:03:15,800 --> 00:03:18,280

facility at Wright Field.

43

00:03:18,280 --> 00:03:23,800

In between the two fields, it also had something unique to our government, and that was the

44

00:03:23,800 --> 00:03:28,760

technical intelligence organization, so-called T2, or what became the Foreign Technology

45

00:03:28,760 --> 00:03:29,760

Division.

46

00:03:29,760 --> 00:03:34,920

During the Second World War, T2, the Foreign Technology Division, would receive crashed

47

00:03:34,920 --> 00:03:37,240

German rockets and aircraft.

48

00:03:37,240 --> 00:03:39,600

Their job was to reverse engineer the craft.

49

00:03:39,600 --> 00:03:44,160

T2's quarters were allegedly far underground in a maze of secret laboratories at Wright

50

00:03:44,160 --> 00:03:45,160

Patterson.

51

00:03:45,160 --> 00:03:50,160

This is the sort of division that would have been appropriate to use for the investigation

52

00:03:50,160 --> 00:03:56,440

of UFO research and ultimately became the home for Project Sine in Blue Book.

53

00:03:56,440 --> 00:04:01,860

Rumors of UFO secrets being kept here have become part of Dayton, Ohio folklore.

54

00:04:01,860 --> 00:04:06,400

In a series of news reports, local anchor Carl Day set out to determine if any of the

55

00:04:06,400 --> 00:04:07,880

rumors were true.

56

00:04:07,880 --> 00:04:12,200

Well, recently we investigated the rumors about Hangar 18, and in particular the Roswell

57

00:04:12,200 --> 00:04:14,480

connection to Wright Patterson.

58

00:04:14,480 --> 00:04:20,480

In July 1947, eyewitnesses at the Roswell crash site saw military personnel load wreckage

59

00:04:20,480 --> 00:04:22,800

onto trucks and carted away.

60

00:04:22,800 --> 00:04:24,480

Destination unknown.

61

00:04:24,480 --> 00:04:29,960

We found that the wreckage from Roswell probably, at least part of it, did arrive at Wright

62

00:04:29,960 --> 00:04:31,800

Patterson at that time.

63

00:04:31,800 --> 00:04:32,800

What happened to it?

64

00:04:32,800 --> 00:04:34,400

We couldn't find any record of that.

65

00:04:34,400 --> 00:04:36,480

We found that was sort of interesting.

66

00:04:36,480 --> 00:04:41,920

If, as the Air Force maintains, the wreckage was a weather balloon, why would it be transported

67

00:04:41,920 --> 00:04:45,080

via secret convoy from Roswell to Dayton?

68

00:04:45,080 --> 00:04:50,200

And once there, why would all record of a weather balloon retrieval disappear?

69

00:04:50,200 --> 00:04:55,440

The answer may lie here with Alfred Lutting, an engineer who, upon his retirement from

70

00:04:55,440 --> 00:05:00,960

T2, received a U.S. patent for this strange flying saucer design.

71

00:05:00,960 --> 00:05:07,000

Al Lutting could have been influenced in his design by an alien type of technology because

72

00:05:07,000 --> 00:05:14,800

when you look at his design, it is a low aspect sort of ellipsoid shaped craft with

73

00:05:14,800 --> 00:05:20,920

two tiny tabs on the back that was taken extremely seriously by the Air Force.

74

00:05:20,920 --> 00:05:25,200

It was during Letting's tenure at Wright Patterson that the Air Force conducted Project Blue

75

00:05:25,200 --> 00:05:26,200

Book.

76

00:05:26,200 --> 00:05:28,720

It's only publicly acknowledged UFO study.

77

00:05:28,720 --> 00:05:32,840

Ufologists believe Blue Book was simply a cover, designed to divert attention away from

78

00:05:32,840 --> 00:05:35,920

the real work going on deep underground.

79

00:05:35,920 --> 00:05:40,240

According to the nephew of then deputy head of procurement Jack Donahue, autopsies were

80

00:05:40,240 --> 00:05:45,200

being performed on humanoid, but not human, creatures.

81

00:05:45,200 --> 00:05:50,160

My uncle Jack had a top secret security clearance when he worked at Wright Patterson the complete

82

00:05:50,160 --> 00:05:51,160

time.

83

00:05:51,160 --> 00:05:59,360

The strangest story that he ever accounted to me was the day that he asked me if I had

84

00:05:59,360 --> 00:06:03,440

heard of a UFO crash out in Phoenix, Arizona.

85

00:06:03,440 --> 00:06:07,440

He said we have the bodies from the crash.

86

00:06:07,440 --> 00:06:11,200

He said we went down to the cold storage area.

87

00:06:11,200 --> 00:06:16,040

Donahue allegedly told his nephew that he was led down a series of twisting hallways

88

00:06:16,040 --> 00:06:17,560

to a secret room.

89

00:06:17,560 --> 00:06:22,920

There was a stainless steel table in this room that was arranged a little bit like a laboratory.

90

00:06:22,920 --> 00:06:25,080

The man said look at this.

91

00:06:25,080 --> 00:06:26,760

Jack looked at the body.

92

00:06:26,760 --> 00:06:31,640

Jack told me that at the time they were doing full autopsies on the bodies.

93

00:06:31,640 --> 00:06:36,760

The head was shaped basically like a human head only it was small.

94

00:06:36,760 --> 00:06:41,840

He said we better not spend very much time here and they left the room.

95

00:06:41,840 --> 00:06:44,200

I tried to bring it up at a later date.

96

00:06:44,200 --> 00:06:47,360

He said forget him.

97

00:06:47,360 --> 00:06:50,080

Just forget about the whole incident.

98

00:06:50,080 --> 00:06:52,880

And I said what do you mean forget it?

99

00:06:52,880 --> 00:06:54,840

He said just forget it.

100

00:06:54,840 --> 00:06:57,840

It never happened.

101

00:06:57,840 --> 00:07:03,120

There are still people that absolutely believe that alien bodies and UFO wreckage are still

102

00:07:03,120 --> 00:07:09,000

here on this base and that the bodies are kept in cryogenic suspension somewhere underneath

103

00:07:09,000 --> 00:07:10,400

right field.

104

00:07:10,400 --> 00:07:16,800

Legendary UFO researcher Leonard Stringfield investigated Hanger 18 for close to 50 years.

105

00:07:16,800 --> 00:07:21,720

In a rare interview just prior to his death in 1994, Stringfield told sightings that

106

00:07:21,720 --> 00:07:27,080

he had been able to track the progress of wreckage and alien bodies retrieved in several

107

00:07:27,120 --> 00:07:29,120

different parts of the southwest.

108

00:07:29,120 --> 00:07:35,800

In the beginnings some of them were shipped to areas in Los Alamos and the western sensitive

109

00:07:35,800 --> 00:07:40,560

areas from Albuquerque on down to Los Alamos and the whole region of New Mexico.

110

00:07:40,560 --> 00:07:46,920

And often time for further analyses or study why they were sent to Wright Patterson.

111

00:07:46,920 --> 00:07:54,800

I was told by one intelligence source here some years ago that they had 30 alien bodies

112

00:07:54,920 --> 00:07:59,920

underground at Wright Patterson field alone up to 1966.

113

00:07:59,920 --> 00:08:04,840

And reports persisted well into the next decade that alien bodies were still being stored

114

00:08:04,840 --> 00:08:05,840

at Wright Patterson.

115

00:08:05,840 --> 00:08:10,480

One of the most interesting discoveries I think has to be the alleged alien jawbone that we

116

00:08:10,480 --> 00:08:12,000

uncovered.

117

00:08:12,000 --> 00:08:16,800

Officials within the Air Force intelligence community have told me that they had determined

118

00:08:16,800 --> 00:08:21,440

back in the 70s, possibly before that, that this was an alien jawbone.

119

00:08:21,480 --> 00:08:24,480

I can't have anybody go on record however now is saying that.

120

00:08:24,480 --> 00:08:28,360

I think the Air Force is hiding a lot of things.

121

00:08:28,360 --> 00:08:33,760

They are developing here on this base a lot of super secret weapon systems for the future.

122

00:08:33,760 --> 00:08:35,360

Those should be kept secret.

123

00:08:35,360 --> 00:08:42,360

They did issue a statement though that there are no aliens or UFO pieces on this base now.

124

00:08:43,160 --> 00:08:49,080

At the end of the 1950s three aeronautic engineers left what was then Wright Field and returned

125

00:08:49,120 --> 00:08:50,840

to civilian life.

126

00:08:50,840 --> 00:08:55,440

Within one year all three applied for patents with the U.S. Patent Office.

127

00:08:55,440 --> 00:08:59,120

All three wanted to patent flying saucer designs.

128

00:08:59,120 --> 00:09:02,600

We'll have more on those patents on an upcoming edition of sightings.

129

00:09:02,600 --> 00:09:08,600

Next, after a brutal crime remains unsolved, police turned to a psychic for help.

130

00:09:08,600 --> 00:09:13,600

When the police asked me a question, right then and then I'm seeing a picture.

131

00:09:14,600 --> 00:09:20,600

Dorothy Allison uses her psychic ability for one purpose and one purpose only.

132

00:09:21,240 --> 00:09:22,840

She solves crimes.

133

00:09:22,840 --> 00:09:27,040

Just recently she was able to locate the body of a murder victim in Vancouver, Canada when

134

00:09:27,040 --> 00:09:30,320

law enforcement thought that they'd reached an impasse.

135

00:09:30,320 --> 00:09:33,960

Now a family in Monticello, Iowa is hoping Dorothy can help.

136

00:09:33,960 --> 00:09:38,960

Perhaps a psychic hunch will finally put their family tragedy to rest.

137

00:09:38,960 --> 00:09:43,960

The killer was down in this basement.

138

00:09:43,960 --> 00:09:48,960

I feel that the killer was in the basement first and then he come upstairs.

139

00:09:51,960 --> 00:09:55,960

So this is the bedroom I believe where she was killed.

140

00:09:55,960 --> 00:09:58,960

This is the spot I see.

141

00:09:59,960 --> 00:10:05,960

22 year old Kathy Jo Cox-Bulkin was murdered the day after Christmas 1993.

142

00:10:05,960 --> 00:10:08,960

Kathy's death haunts everyone in tiny Monticello, Iowa.

143

00:10:08,960 --> 00:10:10,960

A killer is still at large.

144

00:10:10,960 --> 00:10:17,960

The police are running out of leads so they met with psychic detective Dorothy Allison at the request of sightings.

145

00:10:17,960 --> 00:10:21,960

My first phone call to Dorothy kind of put the hair up on the back of my neck.

146

00:10:21,960 --> 00:10:28,960

She had mentioned the name of a person we had talked to and she had no idea, you know, who we were dealing with or anything else.

147

00:10:28,960 --> 00:10:32,960

And right away kind of makes things a little eerie and...

148

00:10:32,960 --> 00:10:37,960

Dorothy's psychic impressions of the crime begin to come out as soon as she arrives in Monticello.

149

00:10:37,960 --> 00:10:42,960

She and Chief Walters move quickly to follow up on the explosion of images racing through Dorothy's mind.

150

00:10:42,960 --> 00:10:48,960

This is where I feel the person that killed Kathy hangs out in.

151

00:10:48,960 --> 00:10:53,960

When the police ask me a question, right then and there I'm seeing a picture.

152

00:10:53,960 --> 00:10:57,960

The killer somehow comes along this path.

153

00:10:58,960 --> 00:11:06,960

Monticello, population 3,500, is a small farming and factory town unused to the big city horrors of rapid crime.

154

00:11:06,960 --> 00:11:09,960

The last time someone was murdered here was in 1974.

155

00:11:09,960 --> 00:11:15,960

Kathy's parents, who own a popular convenience store in town, recall how they discovered that their daughter was dead.

156

00:11:15,960 --> 00:11:24,960

We had a call from one of our customers at about 8.30 that morning, the 26th of December,

157

00:11:24,960 --> 00:11:28,960

and said, do you know your store isn't open?

158

00:11:28,960 --> 00:11:32,960

After failing to get his daughter on the telephone, he went to her house.

159

00:11:32,960 --> 00:11:42,960

Just pushed down the door, the door wasn't latched and walked in and yelled her name two or three times, no answer.

160

00:11:42,960 --> 00:11:48,960

And walked back to her bedroom and...

161

00:11:49,960 --> 00:12:02,960

When I did go over there, they were coming back and they met me and he just jumped out of the car and said, we've lost her.

162

00:12:02,960 --> 00:12:06,960

Kathy left behind one son, Michael, now four years old.

163

00:12:06,960 --> 00:12:10,960

Michael's father can't understand why anyone would kill Kathy.

164

00:12:10,960 --> 00:12:12,960

She's such a good-hearted person.

165

00:12:12,960 --> 00:12:18,960

She was down to earth and I don't see where...

166

00:12:18,960 --> 00:12:22,960

She didn't have a bad bone in her whole body.

167

00:12:22,960 --> 00:12:24,960

She was just good.

168

00:12:24,960 --> 00:12:30,960

She always was smiling and nothing really bothered her or got to her.

169

00:12:30,960 --> 00:12:32,960

A down-to-earth person.

170

00:12:32,960 --> 00:12:38,960

Among the images confronting Dorothy is a hunting lodge with horses nearby.

171

00:12:38,960 --> 00:12:45,960

Chief Walters takes her to a location just outside of Monticello that matches her psychic vision to a tee.

172

00:12:45,960 --> 00:12:47,960

He's absolutely from here.

173

00:12:47,960 --> 00:12:52,960

And somebody she knew, this is not a stranger who walked in on her.

174

00:12:52,960 --> 00:12:54,960

But I do think her murder was planned.

175

00:12:54,960 --> 00:12:56,960

I don't think it just happened.

176

00:12:56,960 --> 00:13:00,960

I think this person was angry with her, very upset.

177

00:13:00,960 --> 00:13:07,960

Our hopes are really up because we think Dorothy is going to give the police the leads to solve this case.

178

00:13:07,960 --> 00:13:13,960

I get the feeling she met this person around June or July from, you know, in the very beginning.

179

00:13:13,960 --> 00:13:18,960

I think this person was angry with her, very upset.

180

00:13:18,960 --> 00:13:21,960

And I believe she insulted him in many ways.

181

00:13:21,960 --> 00:13:25,960

And he took whatever she said as a big insult.

182

00:13:25,960 --> 00:13:30,960

Dorothy's visions continue to match people and places familiar to the local police.

183

00:13:30,960 --> 00:13:35,960

They ask Dorothy to work with a sketch artist to build a composite of the killer.

184

00:13:35,960 --> 00:13:40,960

His hair is medium brown, potted to the right.

185

00:13:40,960 --> 00:13:42,960

His eyes are spread far apart.

186

00:13:42,960 --> 00:13:45,960

Trying to make him younger looking too.

187

00:13:45,960 --> 00:13:49,960

You know, late 20s, early 30s.

188

00:13:49,960 --> 00:13:57,960

And I remember a girl that used to work behind a convenience store counter at her father's store that her life's been snuffed out.

189

00:13:57,960 --> 00:13:59,960

We need to bring justice to her crime.

190

00:13:59,960 --> 00:14:02,960

And we're going to have our killer behind bars.

191

00:14:02,960 --> 00:14:06,960

We have to know who did this.

192

00:14:06,960 --> 00:14:09,960

We have to know he's put away.

193

00:14:09,960 --> 00:14:11,960

That he's paying his penalty.

194

00:14:11,960 --> 00:14:14,960

He took our joy away. He took our hope away.

195

00:14:14,960 --> 00:14:17,960

You have to survive every day.

196

00:14:17,960 --> 00:14:23,960

And he did destroy Kathy, but we can't let him destroy us.

197

00:14:23,960 --> 00:14:26,960

He didn't destroy Kathy's spirits.

198

00:14:26,960 --> 00:14:30,960

He lives on through all of us.

199

00:14:30,960 --> 00:14:34,960

And through her son Michael.

200

00:14:34,960 --> 00:14:40,960

Here is another look at the man Dorothy Allison believes murdered Kathy Joe Bullkin.

201

00:14:40,960 --> 00:14:47,960

If you have any information about this case, please contact the Monticello, Iowa Police Department.

202

00:14:47,960 --> 00:14:50,960

Next, when we die, where does our spirit go?

203

00:14:50,960 --> 00:14:52,960

We went back to a teaching pod.

204

00:14:52,960 --> 00:14:56,960

What we were doing was bringing each other up on our previous lives.

205

00:15:00,960 --> 00:15:04,960

The Circle of Life is more than just a hit song from a popular Disney movie.

206

00:15:04,960 --> 00:15:10,960

It is the tenet of a number of religions that embrace the concept of reincarnation.

207

00:15:10,960 --> 00:15:15,960

And for believers, the Circle of Life is a way of explaining what happens after we die.

208

00:15:15,960 --> 00:15:18,960

We simply go back to the place we were before we were born.

209

00:15:18,960 --> 00:15:22,960

Some describe it as a waiting room for the soul.

210

00:15:24,960 --> 00:15:28,960

Is death an overture or the final curtain?

211

00:15:28,960 --> 00:15:33,960

Buddhists believe that after death we all walk a passageway from one lifetime to the next.

212

00:15:33,960 --> 00:15:40,960

That passageway is called Bardo, a place where your karma, the sum total of your life's good and bad deeds,

213

00:15:40,960 --> 00:15:42,960

determines your next incarnation.

214

00:15:42,960 --> 00:15:47,960

In Catholicism, there is also a place between heaven and hell where souls are evaluated.

215

00:15:47,960 --> 00:15:55,960

Catholicism certainly has the very definite teachings about purgatory.

216

00:15:55,960 --> 00:16:01,960

And purgatory people usually think of it in negative terms. It's a very positive thing.

217

00:16:01,960 --> 00:16:06,960

I mean, you're on the outskirts of heaven. You're sort of in the suburbs of the divine city.

218

00:16:07,960 --> 00:16:13,960

Father Stephen Frost is a Catholic priest and a renowned religious scholar.

219

00:16:13,960 --> 00:16:22,960

I think the idea of a state that exists after death that is not the ultimate experience quite yet,

220

00:16:22,960 --> 00:16:29,960

probably, well, I can't say as old as human consciousness, but certainly is right there in the beginning.

221

00:16:29,960 --> 00:16:32,960

But how can we know that such a place exists?

222

00:16:32,960 --> 00:16:37,960

Catholics know because they have faith, but others say they know because they've been there.

223

00:16:37,960 --> 00:16:45,960

When I floated away from my body, I looked down. I don't mean to insinuate that I still had a body and had eyes,

224

00:16:45,960 --> 00:16:52,960

but I could see everything around me. I could see that there was a woman who was crying and as I got higher.

225

00:16:52,960 --> 00:16:56,960

I see in the distance there is something that I am going towards.

226

00:16:56,960 --> 00:17:02,960

I come up to it and as I approach it, the shapes become more and more distinct.

227

00:17:02,960 --> 00:17:07,960

Colleen Monaghan believes that she had reached the very threshold of an afterlife.

228

00:17:07,960 --> 00:17:11,960

The vision occurred while she was exploring her past lives under hypnosis.

229

00:17:11,960 --> 00:17:21,960

I could see that it was a person who was very tall and dressed in a robe, rather like a monk.

230

00:17:22,960 --> 00:17:33,960

And as I got even closer, probably as far as you and I are away right now, about two feet,

231

00:17:33,960 --> 00:17:40,960

I realized that this person was waiting for me.

232

00:17:40,960 --> 00:17:44,960

Richard Wood is a real estate developer in Northern California.

233

00:17:44,960 --> 00:17:50,960

He does not know Colleen, but their recollections of a waiting room for the soul are almost identical.

234

00:17:51,960 --> 00:18:01,960

As I was pulling back from the body that I had just left, I experienced coming into this bright whiteness.

235

00:18:01,960 --> 00:18:09,960

And as it felt like as I turned around, there was my spirit guide to meet me at that point.

236

00:18:09,960 --> 00:18:17,960

Colleen and Richard are both clients of Dr. Michael Newton, a noted hypnotherapist and past life researcher.

237

00:18:17,960 --> 00:18:29,960

A spirit guide is an individual entity who is very, very old and who is the first intelligent being to meet people after death.

238

00:18:29,960 --> 00:18:33,960

Dr. Newton lives in Grass Valley, California.

239

00:18:33,960 --> 00:18:39,960

His book, Journey of Souls, contains case studies that he's compiled over the past 10 years.

240

00:18:40,960 --> 00:18:47,960

I have learned that when we speak of a spirit guide, we are talking about a higher entity which is a teacher.

241

00:18:47,960 --> 00:19:05,960

And so he led me into a ballroom, a huge ballroom filled with hundreds and hundreds of people, all of whom had gathered for a party.

242

00:19:05,960 --> 00:19:10,960

And every single one of them in a good mood, jolly, happy to see me.

243

00:19:10,960 --> 00:19:15,960

Hi, how are you? Where have you been? It's good to see you back.

244

00:19:15,960 --> 00:19:27,960

After my spirit guide Arn and met me, we went back to a teaching pod, which is a gathering or a group of other spirits that I'm a member of.

245

00:19:27,960 --> 00:19:36,960

According to Dr. Newton, the teaching pod that Wood describes is a common thread among those who claim to have experienced this prelude to the afterlife.

246

00:19:36,960 --> 00:19:44,960

Close your eyes for a moment and imagine a room without anything in it, a room without walls.

247

00:19:44,960 --> 00:19:49,960

I know you don't want to do this, but it's true, and this is what this place looked like.

248

00:19:49,960 --> 00:19:54,960

So what goes on in these classrooms is essentially lesson learning.

249

00:19:54,960 --> 00:20:07,960

They review the lives just lived and how they compare to lives that they have lived before, and lives which are to be lived in the future in terms of what still needs to be learned.

250

00:20:07,960 --> 00:20:16,960

This is a place that souls go to to be restored, and that is exactly what we need after living.

251

00:20:16,960 --> 00:20:26,960

The ultimate goal of a soul is to really stop reincarnating because they have in fact learned all the lessons that they were intended to learn.

252

00:20:26,960 --> 00:20:30,960

They don't need physical bodies anymore to achieve this information.

253

00:20:30,960 --> 00:20:38,960

Dr. Newton has come to believe that his clients must serve as messengers for the afterlife, and their message is one of hope and renewal.

254

00:20:39,960 --> 00:20:48,960

The most dardling or incredible thing that I learned from my research has to be the fact that there is a God.

255

00:20:48,960 --> 00:21:00,960

This experience has made me fall in love with my own life because I know who I am, and I know that you are just as important and complex and wonderful as I am.

256

00:21:00,960 --> 00:21:13,960

It's allowing me to see for myself in my own life that there's no death, fear for me as there was previously.

257

00:21:13,960 --> 00:21:21,960

I think the important thing is that we create these symbolic sort of dramas ourselves,

258

00:21:21,960 --> 00:21:33,960

whether they're dream experience or vision experience or different types of poetic experience that takes us into touch with things that are eternal.

259

00:21:33,960 --> 00:21:47,960

When I walk through an old cemetery like this, I think of these departed souls, and it's comforting now in light of all of the years of research I've spent to know what really happened to them,

260

00:21:47,960 --> 00:21:53,960

and that they are happy, and many of them have gone on to new lives.

261

00:21:53,960 --> 00:22:01,960

Skeptics debunk reincarnation by pointing out that there are more living people on the earth right now than have ever died.

262

00:22:01,960 --> 00:22:04,960

So there just aren't enough souls to go around.

263

00:22:04,960 --> 00:22:14,960

But believers counter that reincarnation is only one of many methods by which we achieve that supernatural energy known as the soul.

264

00:22:14,960 --> 00:22:18,960

Coming up, an entire family is abducted by extraterrestrials.

265

00:22:18,960 --> 00:22:22,960

My husband woke up on the table being examined by three grays.

266

00:22:22,960 --> 00:22:24,960

Then, can you control luck?

267

00:22:24,960 --> 00:22:26,960

I've seen myself winning the lottery twice.

268

00:22:26,960 --> 00:22:29,960

Later, is there life on Mars?

269

00:22:33,960 --> 00:22:40,960

It is the sheer terror that people recall most vividly when describing what they believe has been an alien abduction experience.

270

00:22:40,960 --> 00:22:50,960

But now, some abductees are claiming that along with the momentary terror, they are experiencing a profound and positive long-term effect.

271

00:22:53,960 --> 00:22:59,960

I woke up in the middle of the night, and I felt that there was someone alongside of the bed.

272

00:22:59,960 --> 00:23:11,960

And I reached my right hand out, and I touched the shoulder of someone who was probably the size of a five-year-old.

273

00:23:11,960 --> 00:23:16,960

I was paralyzed. I couldn't move. It was total terror.

274

00:23:16,960 --> 00:23:19,960

She has asked to use the pseudonym Judy.

275

00:23:19,960 --> 00:23:24,960

She does not want viewers to know who she is, only what she is, an abductee.

276

00:23:24,960 --> 00:23:31,960

Her terror began in 1989 and came to light after a local paper invited readers to call in with their UFO experiences.

277

00:23:31,960 --> 00:23:36,960

She was very frightened. That came through loud and clear.

278

00:23:36,960 --> 00:23:39,960

Reporter Holly Cogan knew Judy's call was different.

279

00:23:39,960 --> 00:23:45,960

When I spoke with Judy, she came across as a very honest person.

280

00:23:45,960 --> 00:23:51,960

I had no reason to think that she was doing anything but saying what she believed.

281

00:23:51,960 --> 00:23:58,960

So I went out to her home with the expectation that it was going to be interesting and legitimate.

282

00:23:58,960 --> 00:24:07,960

Cogan's resulting article described a woman with a history of multiple abductions and vivid recollections of encounters with small, gray creatures.

283

00:24:07,960 --> 00:24:12,960

It was almost as though they were saying, ready or not, here we come.

284

00:24:12,960 --> 00:24:21,960

But I didn't know at the time what was going on because I didn't know about alien abductions.

285

00:24:21,960 --> 00:24:26,960

The impact of abductions on people's lives is a very powerful one.

286

00:24:26,960 --> 00:24:35,960

At Eastern Michigan University, sociology professor Dr. Ron Westrom has studied the impact of the abduction phenomenon on individuals and on society as a whole.

287

00:24:35,960 --> 00:24:44,960

The person adapts and they somehow manage to work it into their life until every so often something happens to them that makes them suddenly confront.

288

00:24:44,960 --> 00:24:48,960

This really is happening. This is not just a dream. You can't just dismiss it.

289

00:24:48,960 --> 00:24:54,960

For months, Judy's family did not believe the bizarre story she was telling them about her abductions.

290

00:24:54,960 --> 00:24:59,960

But then, without warning, the terror that had isolated her from the family began to spread.

291

00:24:59,960 --> 00:25:03,960

Now her husband and sister claim that they were being abducted too.

292

00:25:03,960 --> 00:25:11,960

What was once a single case of alien abduction, and now become, with researchers term, a multiple cross-generational family abduction.

293

00:25:11,960 --> 00:25:26,960

My husband and I had problems. We came close to a divorce over this until he woke up on a table being examined by three grays.

294

00:25:26,960 --> 00:25:34,960

This is something that we didn't ask for. We didn't want. And it's totally changed our lives.

295

00:25:34,960 --> 00:25:39,960

One night I went to bed and I had brushed my hair before I went to bed.

296

00:25:39,960 --> 00:25:49,960

The next morning I woke up and was doing my hair and my hair had been cut to like an inch in certain spots on my head.

297

00:25:49,960 --> 00:25:53,960

And I went in and checked my pillow. There was no hair on the pillow.

298

00:25:53,960 --> 00:25:57,960

And nobody in the household had been in my bedroom that night.

299

00:25:57,960 --> 00:26:03,960

Jane, like her sister Judy, has grown to accept this as evidence of her abduction experience.

300

00:26:03,960 --> 00:26:09,960

I just didn't bother really trying to figure out. I just took it that I had visitors.

301

00:26:09,960 --> 00:26:14,960

You know, I've grown up with it. It's like, if you grow up with a limp, you get used to it.

302

00:26:14,960 --> 00:26:19,960

The phenomena seems to be centered around me.

303

00:26:19,960 --> 00:26:29,960

And a little curiosity with the other family members. But the bulk of the phenomena is directed at me.

304

00:26:29,960 --> 00:26:35,960

Judy believes that strange grass rings in the backyard are further evidence of UFO contact.

305

00:26:35,960 --> 00:26:40,960

We noticed that in the wintertime they would be bright, lush green.

306

00:26:40,960 --> 00:26:49,960

The patterns have expanded where there are rings joining rings and different designs.

307

00:26:49,960 --> 00:26:59,960

Dr. W. C. Levenson, a prominent research biophysicist known for his study of crop circles, was brought in to examine the unusual formations.

308

00:26:59,960 --> 00:27:08,960

In the lush green areas, the respiration of the grass is entirely different or out of phase with the normal grass.

309

00:27:08,960 --> 00:27:18,960

There is a definite indication that there's electromagnetic energy involved in the formation of the circles and its effect on the plants.

310

00:27:18,960 --> 00:27:23,960

Where does this anomalous energy come from? Could it come from an alien craft?

311

00:27:23,960 --> 00:27:27,960

We have a lot of intriguing data, but I think we've just scratched the surface.

312

00:27:27,960 --> 00:27:34,960

We do not understand yet how these energies are put together.

313

00:27:34,960 --> 00:27:41,960

Although much of what Judy has experienced over the past five years is already familiar to abduction experts,

314

00:27:41,960 --> 00:27:46,960

she reports one astonishing incident that falls outside the typical abductees experience.

315

00:27:46,960 --> 00:27:51,960

I woke up and there was a gray by my side, left side.

316

00:27:51,960 --> 00:28:01,960

And he was putting in what appeared to be laser type objects in my brain.

317

00:28:01,960 --> 00:28:07,960

He put one in each temple, one here, and one in the back.

318

00:28:07,960 --> 00:28:16,960

And I was told that I would have an energy and that I would be able to help people who are ill.

319

00:28:16,960 --> 00:28:24,960

Some abductees feel that after the return from abduction event that they have increased power, psychic powers or healing powers.

320

00:28:24,960 --> 00:28:32,960

This is extremely unusual. Judy has felt that she has the ability to have a therapeutic touch, so to speak.

321

00:28:32,960 --> 00:28:39,960

And this might certainly be true. It's something that we can't dismiss out of hand and it might be related to the abduction phenomenon if true.

322

00:28:39,960 --> 00:28:44,960

This has got to be very scientifically and objectively investigated.

323

00:28:44,960 --> 00:28:52,960

Judy claims that she has helped hundreds of patients through her healing touch, including one woman who had a painful disease called shingles.

324

00:28:52,960 --> 00:29:03,960

After about three minutes I noticed I was beginning to feel very warm and the area under her hands was intensely warm.

325

00:29:03,960 --> 00:29:09,960

And then my whole body began to feel tingly and just relaxed.

326

00:29:09,960 --> 00:29:16,960

And gradually the nausea and the sickness was just disappearing even in 12 hours.

327

00:29:16,960 --> 00:29:24,960

The disease, which can plague some people for a lifetime, disappeared. Mary believes it was Judy's touch that helped cure her.

328

00:29:24,960 --> 00:29:29,960

I think Judy did help with the illness. I think she speeded up the process.

329

00:29:29,960 --> 00:29:37,960

And I firmly believe that she has abilities that are not like anything else I've seen before.

330

00:29:37,960 --> 00:29:45,960

Judy believes that the terror she experiences during her abductions is the price she has to pay for her healing powers.

331

00:29:45,960 --> 00:29:51,960

The peace that came to people that were getting the treatments.

332

00:29:51,960 --> 00:30:01,960

I saw physical ailments that were being healed and I decided that this is something that I should do.

333

00:30:01,960 --> 00:30:11,960

Whether or not you believe that Judy has been repeatedly abducted by aliens, the fact remains that she is now providing a very important service to the second dime.

334

00:30:11,960 --> 00:30:17,960

While the source of her new outlook is debatable, the positive outcome is not.

335

00:30:17,960 --> 00:30:23,960

Next, he may be the luckiest man in America, but do we all have the same undiscovered abilities?

336

00:30:23,960 --> 00:30:26,960

I won \$7 million. It's incredible.

337

00:30:31,960 --> 00:30:40,960

The odds of winning the lottery may be more than one in a million, but every week people plunk down their hard-earned cash in the hope that this time they'll be the one.

338

00:30:40,960 --> 00:30:43,960

This time they'll be that lucky one.

339

00:30:43,960 --> 00:30:48,960

But is it simply luck that turns a wishful thinker into an instant millionaire?

340

00:30:48,960 --> 00:30:54,960

Or is there a supernatural way to turn the tables in your favor?

341

00:30:54,960 --> 00:31:00,960

According to the dictionary, luck is random, a spontaneous event out of conscious control.

342

00:31:00,960 --> 00:31:06,960

But lucky charms, talismans and superstitions suggest that humankind has a different definition.

343

00:31:06,960 --> 00:31:09,960

It means different things to different people.

344

00:31:09,960 --> 00:31:16,960

I believe that the conventional notion of luck is happiness, good fortune.

345

00:31:16,960 --> 00:31:25,960

A research psychologist at the University of South Alabama, Dr. Vitulli has studied both the psychological and mathematical components of luck.

346

00:31:25,960 --> 00:31:36,960

I think another aspect of luck that can't be ignored is the more statistical view in which luck is a product of a series of random events.

347

00:31:36,960 --> 00:31:42,960

I'm living happy today. Today I'm a wealthy man and I can do whatever I want. Travel, whatever.

348

00:31:42,960 --> 00:31:46,960

Many people consider Bernie Bobowitz the luckiest man on earth.

349

00:31:46,960 --> 00:31:53,960

His latest streak of luck started in 1985, when Bernie bought three New York State lottery tickets.

350

00:31:54,960 --> 00:32:01,960

Checking the first ticket, I took a pen and I automatically started circling winning numbers.

351

00:32:01,960 --> 00:32:05,960

Then I realized I had five winning numbers on my first ticket.

352

00:32:05,960 --> 00:32:10,960

So I checked the second ticket and it was the same numbers again.

353

00:32:10,960 --> 00:32:12,960

I only think it was one digit different.

354

00:32:12,960 --> 00:32:16,960

And I'm counting one, two, three, four, five, six.

355

00:32:16,960 --> 00:32:19,960

I said, this is incredible. It can't be.

356

00:32:19,960 --> 00:32:26,960

Going to the rest of my tickets, I have another ticket with four. Three winning tickets. Incredible.

357

00:32:26,960 --> 00:32:30,960

Bernie hit the jackpot to the tune of three and a half million dollars.

358

00:32:30,960 --> 00:32:36,960

He was that one in a million lottery winner. And a few years later, he won again.

359

00:32:36,960 --> 00:32:43,960

I happened to be going through my mother's old Bible and I got these numbers out of the Bible.

360

00:32:43,960 --> 00:32:50,960

And I just got a funny feeling. Bernie played them. I did. And I won seven million dollars. It was incredible.

361

00:32:50,960 --> 00:32:58,960

Is Bernie a multi-millionaire because he had a psychic hunch? Or is he somehow blessed by a higher power?

362

00:32:58,960 --> 00:33:01,960

Statisticians say he is neither.

363

00:33:01,960 --> 00:33:04,960

I think as humans we need explanations for things that happen to us.

364

00:33:04,960 --> 00:33:11,960

And when we attach words like luck or fate or words like that,

365

00:33:11,960 --> 00:33:15,960

we're simply trying to explain things that we can't explain any other way.

366

00:33:15,960 --> 00:33:19,960

As a professor of statistics at the University of California at Davis,

367

00:33:19,960 --> 00:33:23,960

Jessica Utz specializes in the study of chance and probability.

368

00:33:23,960 --> 00:33:31,960

I think a lot of luck is paying attention, applying what we know about increasing your probability of having good things happen to you

369

00:33:31,960 --> 00:33:34,960

or decreasing your probability of having bad things happen to you.

370

00:33:34,960 --> 00:33:38,960

I also think that using your intuition can increase what we call luck

371

00:33:38,960 --> 00:33:43,960

and I think we have a lot of information in our minds that we're not even aware of.

372

00:33:43,960 --> 00:33:47,960

Bernie agrees that it was his intuition that made him a millionaire.

373

00:33:47,960 --> 00:33:53,960

I've seen myself winning the lottery twice. It happened. I see I'm winning it third time.

374

00:33:53,960 --> 00:33:58,960

Not only a third time, but even a fourth and fifth time. I can see this.

375

00:33:58,960 --> 00:34:03,960

And it will happen. It definitely will happen.

376

00:34:03,960 --> 00:34:09,960

If we assess the probability that he could win three times, the odds are incredibly remote.

377

00:34:09,960 --> 00:34:17,960

Nevertheless, this individual may personally assume that their chances are much better than others who haven't won.

378

00:34:17,960 --> 00:34:23,960

This individual has been reinforced and rewarded for their ventures

379

00:34:23,960 --> 00:34:28,960

and therefore they're more likely to believe that they could try again and indeed win.

380

00:34:28,960 --> 00:34:35,960

Remarkably, there is scientific evidence to support the theory that intuition is a significant factor in changing your luck.

381

00:34:35,960 --> 00:34:41,960

In one experiment, cascading balls generate random or chance numbers.

382

00:34:41,960 --> 00:34:48,960

Dr. Otz has found that some people observing the cascading balls can anticipate the numbers before they appear.

383

00:34:48,960 --> 00:34:52,960

Parapsychologists call it precognitive ability.

384

00:34:52,960 --> 00:34:57,960

You can't predict the outcome, but you can assign probabilities to different outcomes.

385

00:34:57,960 --> 00:35:01,960

The same may be true of the future, that there are probable futures

386

00:35:01,960 --> 00:35:05,960

and that some of those futures are actually more likely than others

387

00:35:05,960 --> 00:35:10,960

and that maybe that certain people can pick up on which of those futures are more likely.

388

00:35:10,960 --> 00:35:15,960

Buddhism has embraced this concept and given it a name, karma.

389

00:35:15,960 --> 00:35:20,960

Good karma or positive karma will lead to happiness, essentially.

390

00:35:20,960 --> 00:35:26,960

But according to Dr. Tanaka, the western concept of luck bringing material wealth

391

00:35:26,960 --> 00:35:30,960

is not the kind of luck that comes to those with good karma.

392

00:35:30,960 --> 00:35:37,960

Happiness is essentially inside. Luck is something that's outside.

393

00:35:37,960 --> 00:35:45,960

You can win a lottery and win a million dollars, but that does not assure happiness within.

394

00:35:45,960 --> 00:35:49,960

So, is the converse true? Are some people bad luck magnets?

395

00:35:49,960 --> 00:35:53,960

Danny Knew has been plagued by accidents his entire life.

396

00:35:56,960 --> 00:36:02,960

I was a passenger in a minitruck driving down the freeway and the driver was not paying attention to what he was doing

397

00:36:02,960 --> 00:36:07,960

and lost control of the vehicle and ended flipping the vehicle on the freeway.

398

00:36:09,960 --> 00:36:15,960

I almost felt the lightning before I heard the lightning because it was so close.

399

00:36:15,960 --> 00:36:20,960

It was like an explosion next to me. The actual sound waves is what knocked me down.

400

00:36:20,960 --> 00:36:28,960

I was probably doing 50, 55 miles an hour and just at the last minute I saw the cement culvert

401

00:36:28,960 --> 00:36:30,960

and I crashed headlong into it.

402

00:36:30,960 --> 00:36:36,960

The majority of bad luck can be explained by choices that people make that have logical explanations

403

00:36:36,960 --> 00:36:41,960

like not wearing their seatbelt, going out during a lightning storm, that sort of thing.

404

00:36:41,960 --> 00:36:48,960

And if people see a repeating pattern of so-called bad luck, they should examine what they could have done to change the circumstances.

405

00:36:48,960 --> 00:36:54,960

Recently, Danny Knew has begun scrutinizing his past and, not surprisingly, his luck is changing.

406

00:36:54,960 --> 00:36:58,960

If you want to make steel stronger, you put it through fire and that's how I was looking at it.

407

00:36:58,960 --> 00:37:03,960

I don't look at it as bad luck. I look at it as some people need a strong knock on the head to wake up,

408

00:37:03,960 --> 00:37:08,960

some people just need a little tap on the shoulder. I was the kind that needed a strong wrap on the head.

409

00:37:08,960 --> 00:37:13,960

For some people, lucky charms are a reminder that they can change their own luck.

410

00:37:13,960 --> 00:37:19,960

But Bernie Bobowitz doesn't need any reminders. While Sightings was taping Bernie for this report,

411

00:37:19,960 --> 00:37:22,960

he cashed in a winning \$300 lottery ticket.

412

00:37:22,960 --> 00:37:27,960

I go to New York, Jersey, and then when I get up in California, I play up there also.

413

00:37:27,960 --> 00:37:34,960

So no matter where I go, I'll just pay you a few dollars, just for the heck of it, and I win money.

414

00:37:35,960 --> 00:37:39,960

Even the most hardened skeptics are reluctant to press their luck.

415

00:37:39,960 --> 00:37:45,960

Corporate America may not accept the reality of psychic ability, supernatural phenomena, or UFOs,

416

00:37:45,960 --> 00:37:50,960

but have you noticed that they don't have a 13th floor in their office buildings, either?

417

00:37:50,960 --> 00:37:56,960

Next, what do the latest scientific discoveries tell us about life elsewhere in the universe?

418

00:37:56,960 --> 00:38:00,960

It very strongly supports the belief that life exists on other worlds.

419

00:38:04,960 --> 00:38:09,960

Most scientists dismiss the idea of alien life forms as utterly impossible.

420

00:38:09,960 --> 00:38:17,960

But recently, a startling discovery in outer space has even some of the country's most hardened skeptics reconsidering their position.

421

00:38:17,960 --> 00:38:24,960

For the first time in history, we may finally have proof that there is a spark of life beyond Earth.

422

00:38:24,960 --> 00:38:32,960

We use our intellect to try to understand this universe and to try to understand our place in the universe.

423

00:38:32,960 --> 00:38:35,960

Why do we exist?

424

00:38:36,960 --> 00:38:38,960

The origin of life on Earth.

425

00:38:38,960 --> 00:38:42,960

It's a question that astronomers try to answer by looking at the cosmos.

426

00:38:42,960 --> 00:38:52,960

And recently, one tiny piece of the puzzle fell into place when NASA astronomers used the Hubble telescope to confirm the existence of black holes.

427

00:38:53,960 --> 00:39:00,960

And the reason this is important is that black holes are more than just some science fiction, fantastic phenomena.

428

00:39:00,960 --> 00:39:04,960

It's our first glimpse of the edge of the universe as we know it.

429

00:39:04,960 --> 00:39:11,960

As a science writer for the San Francisco Examiner, Key Davidson is continually revising his definition of space.

430

00:39:11,960 --> 00:39:19,960

It's important to remember that a black hole is something that defies space and time as we intuitively think of them.

431

00:39:19,960 --> 00:39:23,960

We tend to think of space and time as things that are absolute.

432

00:39:23,960 --> 00:39:29,960

The gravitational pull is so strong that nothing can escape from it, not even a beam of light.

433

00:39:29,960 --> 00:39:31,960

That is why we call it black hole.

434

00:39:31,960 --> 00:39:41,960

According to Hubble project specialist Duccio Macheddo, a black hole's extraordinary gravitational pull has the ability to capture the essence of the cosmos.

435

00:39:41,960 --> 00:39:52,960

We begin to get a better view, a better understanding of how the universe as a whole works, of how galaxies are formed, of stars are formed, how they evolve and how we came to be.

436

00:39:52,960 --> 00:40:01,960

Think of a black hole as a cosmic factory where raw materials are sucked in and then transformed into stars, planets and galaxies.

437

00:40:01,960 --> 00:40:07,960

If this is true, then perhaps life in outer space can be created in the same way.

438

00:40:07,960 --> 00:40:14,960

And recently, one of the raw materials of life has been discovered floating in space, an amino acid called glycine.

439

00:40:14,960 --> 00:40:16,960

It would be sort of like finding a brick floating around in space.

440

00:40:16,960 --> 00:40:20,960

From that you can infer the existence of brick houses in outer space.

441

00:40:20,960 --> 00:40:27,960

Now we don't know for sure that this glycine means that larger amino acid structures are forming in space,

442

00:40:27,960 --> 00:40:33,960

but it's a clue that the formation of the building blocks of life is a routine thing in the universe.

443

00:40:33,960 --> 00:40:40,960

If the building blocks of life are to be found routinely in space, can we presume that Earth is the only living planet?

444

00:40:40,960 --> 00:40:43,960

According to many scientists, no.

445

00:40:43,960 --> 00:40:48,960

Mars is the best prospect in the solar system at the moment for another life form.

446

00:40:48,960 --> 00:40:55,960

Planetary scientist Jay Malosh theorizes that catastrophic collisions between celestial bodies millions of years ago

447

00:40:55,960 --> 00:40:59,960

could have sent enormous chunks of our planet hurtling into space.

448

00:40:59,960 --> 00:41:08,960

For example, the impact that killed the dinosaurs 65 million years ago left a crater almost 200 kilometers in diameter

449

00:41:08,960 --> 00:41:11,960

that very well may have blown rocks off the surface of the Earth entirely,

450

00:41:11,960 --> 00:41:18,960

and those rocks could potentially carry microorganisms that would then be transported through space and fall on Mars.

451

00:41:18,960 --> 00:41:25,960

And if these planetary fragments carried life from Earth to Mars, eons ago, could the reverse also be true?

452

00:41:25,960 --> 00:41:31,960

We have in our laboratories and museums chunks of Mars that have come to the Earth.

453

00:41:31,960 --> 00:41:35,960

Maybe terrestrial life has its roots on Mars.

454

00:41:35,960 --> 00:41:40,960

Maybe we're all evolved Martians.

455

00:41:40,960 --> 00:41:44,960

But for life to exist, there must be water.

456

00:41:44,960 --> 00:41:49,960

Geologist Jeff Cargo has found evidence that water once flowed on Mars.

457

00:41:49,960 --> 00:41:53,960

I would say that Mars is extremely water rich.

458

00:41:53,960 --> 00:41:57,960

Now, most of its water is in the form of ice. It's a cryogenic planet today.

459

00:41:57,960 --> 00:42:03,960

There are certainly abundant indications that liquid water flowed on the surface.

460

00:42:03,960 --> 00:42:10,960

And some astrogeologists believe that microbes in a state of cryogenic suspension exist under

Martian ice today.

461

00:42:10,960 --> 00:42:19,960

Life is very imaginative, and it finds ways of adapting to an extraordinary range of environments.

462

00:42:19,960 --> 00:42:23,960

We find living creatures in hot springs in Yellowstone.

463

00:42:23,960 --> 00:42:27,960

We find them living beneath the ice of Antarctica.

464

00:42:27,960 --> 00:42:37,960

And I have no doubt that given enough time, lifeforms could exist on Mars just as they exist on the Earth.

465

00:42:37,960 --> 00:42:45,960

Less than 100 years ago, a nanosecond in cosmic time, we rode in horse-drawn buggies and depended on the Pony Express.

466

00:42:45,960 --> 00:42:49,960

Today, we're sending a robot to mine the surface of Mars.

467

00:42:49,960 --> 00:42:57,960

It may be sooner than we think before we have the ability to make contact with alien lifeforms we can only dream about today.

468

00:43:19,960 --> 00:43:23,960

Next time, remember, no mystery is closed to an open mind.

469

00:43:23,960 --> 00:43:26,960

For Sightings, I'm Tim White.

470

00:43:49,960 --> 00:43:53,960

Free COVID. Destination. The uncharted territories.

471

00:43:53,960 --> 00:43:57,960

Marsgate every Monday through Thursday at 8 on Sci-Fi.
