

1

00:00:00,000 --> 00:00:09,520

On this edition of Sightings, this serene dairy farm in upstate New York was the scene

2

00:00:09,520 --> 00:00:12,760

of one of the most baffling encounters in UFO history.

3

00:00:12,760 --> 00:00:17,360

I had some pictures of it that I took and the Air Force took them and they wouldn't

4

00:00:17,360 --> 00:00:18,800

leave them let me have them.

5

00:00:18,800 --> 00:00:23,600

It flows through our bodies just as it flows through the universe and its benefits are

6

00:00:23,600 --> 00:00:27,040

miraculous, how to capture the power of Qi.

7

00:00:28,000 --> 00:00:33,600

Her photographs consistently show mysterious phenomena not visible to the naked eye.

8

00:00:33,600 --> 00:00:38,800

I'm still wondering myself why these things show up on my film.

9

00:00:39,600 --> 00:00:41,520

Where does the vision come from?

10

00:00:41,520 --> 00:00:45,360

What power do people who call themselves psychic really possess?

11

00:00:45,360 --> 00:00:48,000

I see the way they see because I'm not me anymore, them.

12

00:00:49,200 --> 00:00:53,920

And a remarkable update about a man who says he's discovered the ancient wisdom to predict

13

00:00:53,920 --> 00:00:54,640

earthquakes.

14

00:00:57,360 --> 00:01:23,520

Music

15

00:01:25,040 --> 00:01:26,400

Welcome to Sightings.

16

00:01:26,480 --> 00:01:27,280

I'm Tim White.

17

00:01:27,920 --> 00:01:31,360

For nearly two decades, the United States Air Force appeared to be taking

18

00:01:31,360 --> 00:01:37,520

a real interest in the potential threat from UFOs or UFObs, as they were called in the early days.

19

00:01:37,520 --> 00:01:44,080

Project Blue Book examined 12,618 reports and determined that less than 6% were true unknowns,

20

00:01:44,080 --> 00:01:47,760

proving, they said, that there is no significant UFO threat.

21

00:01:48,480 --> 00:01:54,240

Looking back at one of those true unknown cases today, the Air Force's conclusion may have been somewhat hasty.

22

00:01:57,200 --> 00:02:00,800

Music

23

00:02:00,800 --> 00:02:03,600

I thought, well, what the hell did I do to deserve this?

24

00:02:04,240 --> 00:02:09,440

All these guys coming in telling me that if I don't keep my mouth shut, they're going to throw me in jail.

25

00:02:09,440 --> 00:02:12,960

Harold Butcher had never been treated so harshly, but then again,

26

00:02:12,960 --> 00:02:15,760

he'd never seen anything so completely astonishing.

27

00:02:15,760 --> 00:02:21,440

I've never seen anything move as fast as this thing moved and disappeared and come back as

28

00:02:21,440 --> 00:02:27,120

quick as it did. It moved so fast that you couldn't hardly see it. It just, it was there one minute

29

00:02:27,120 --> 00:02:27,920

and gone the next.

30

00:02:28,480 --> 00:02:35,040

Seen once, remembered for a lifetime. Outside this barn in Cherry Creek, New York, 1965,

31

00:02:35,040 --> 00:02:36,400

Harold was 16.

32

00:02:36,400 --> 00:02:41,520

As he was working in the barn, he noticed that the radio he was listening to became

33

00:02:41,520 --> 00:02:46,480

staticky and blanked out. He had been listening to music and there was a glow in the sky and he

34

00:02:46,480 --> 00:02:52,080

ran to the window to see what was happening and saw this gigantic object descending.

35

00:02:52,080 --> 00:02:57,280

What it was or where it came from is still unexplained, but not for lack of trying.

36

00:02:57,840 --> 00:03:03,200

Two investigative units combed this area. One was the Air Force's Project Blue Book,

37

00:03:03,200 --> 00:03:05,120

the other a civilian watchdog group.

38

00:03:05,760 --> 00:03:11,920

And NYCAP sent one of our investigation teams to the scene. There was one in western New York State

39

00:03:12,640 --> 00:03:15,520

and they were there within one day of the sighting.

40

00:03:16,720 --> 00:03:21,520

At the time, Richard Hall was assistant director of the National Investigations Committee on

41

00:03:21,520 --> 00:03:27,200

Aerial Phenomena. NYCAP's distinguished membership included scientists, philosophers,

42

00:03:27,200 --> 00:03:31,440

retired military personnel, people interested in solving the UFO mystery.

43

00:03:32,080 --> 00:03:37,920

NYCAP came into existence because the Air Force was being very secretive about UFOs

44

00:03:38,800 --> 00:03:44,320

and it was felt that a high level civilian group could maybe pry loose some information.

45

00:03:44,320 --> 00:03:50,000

We were basically adversarial. The Air Force, we felt, was hiding information and we were trying

46

00:03:50,000 --> 00:03:55,760

to get information out. When Project Blue Book went into the field, NYCAP was right on their heels,

47

00:03:55,760 --> 00:04:00,800

doggedly gathering information and eyewitnesses that the Air Force had overlooked.

48

00:04:00,800 --> 00:04:07,840

Project Blue Book was the Air Force office that investigated UFO sightings for the United States

49

00:04:07,840 --> 00:04:14,560

government. The Air Force system of Blue Book was to label reports in one of three ways. Either it

50

00:04:14,560 --> 00:04:19,440

was explained, in which case they would say what they thought it was, an aircraft or a balloon or

51

00:04:19,440 --> 00:04:26,640

whatever, or it was unexplained, unknown, they used to say, and the third was insufficient data.

52

00:04:27,360 --> 00:04:30,640

The incident at Cherry Creek was labeled as a true unknown.

53

00:04:31,360 --> 00:04:36,480

It was a very interesting case and went one with multiple evidence including the electromagnetic

54

00:04:36,480 --> 00:04:42,640

effects, the physical traces, the illumination, everything. It was a classic mainline UFO sighting.

55

00:04:42,640 --> 00:04:48,160

Well it looked like an airplane. It was that big. And when it sat in the field it had three legs on it.

56

00:04:48,160 --> 00:04:54,000

It looked like two turkey platters put together with a roll of rivets around the outside

57

00:04:54,880 --> 00:05:01,360

and it sat there a good five minutes. So I got one real good look at it and I've never seen my

58

00:05:01,360 --> 00:05:07,920

animals act the way that these did because they jumped and kicked and bucked and made

59

00:05:07,920 --> 00:05:16,000

all kinds of ungodly noises. He claimed to have seen this object descending and then ascending

60

00:05:16,000 --> 00:05:23,280

and he reported various details including a red vapor emanating from the lower edge of the of the

61

00:05:23,280 --> 00:05:29,840

object. Claimed he saw the object take off, accelerate rapidly, disappear into clouds,

62

00:05:29,920 --> 00:05:36,560

coloring the clouds green. That's the sighting as a condensed version of it that's contained in the

63

00:05:36,560 --> 00:05:43,040

nightcap file. Bob Galgansky has carefully researched the incident at Cherry Creek and has spent many

64

00:05:43,040 --> 00:05:48,480

hours trying to track down additional eyewitnesses like the two state troopers who filed an official

65

00:05:48,480 --> 00:05:54,800

police report then just seemed to disappear off the face of the earth. They had a lot to lose by

66

00:05:54,800 --> 00:06:00,240

reporting this. They were risking their reputation and for them to come out and actually state that

67

00:06:00,240 --> 00:06:06,160

they had seen something like that meant a great deal to me. It indicated to me that something

68

00:06:06,160 --> 00:06:12,480

genuine was happening in the area. Dick Nelson still lives next to the Butcher farm and remembers

69

00:06:12,480 --> 00:06:17,760

talking to the troopers the night of the UFO incident. Well after the policemen saw it they had

70

00:06:17,760 --> 00:06:23,440

a whole different attitude towards it. They couldn't believe what they saw. Then the big guns descended.

71

00:06:23,520 --> 00:06:27,120

The Air Force arrived to investigate and on their heels was nightcap.

72

00:06:27,920 --> 00:06:36,000

Next thing I know here come this guy from the Air Force. They had a truckload of guys that taped

73

00:06:36,000 --> 00:06:43,280

off the whole area out there and put a guard on each corner of the property there. That's when

74

00:06:43,280 --> 00:06:48,160

Butcher says he was threatened by the Air Force officer in charge for taking pictures of the

75

00:06:48,160 --> 00:06:56,160

military investigation. I had some pictures of it that I took and the Air Force took them and

76

00:06:56,160 --> 00:07:01,280

they wouldn't leave and let me have them. They told me if I had any more pictures and if they come

77

00:07:01,280 --> 00:07:08,320

out I would end up in jail or do not have one of the two. They were scared. I mean everybody was scared.

78

00:07:09,520 --> 00:07:16,160

I believe there was a UFO sighting at Cherry Creek at the at the Carr farm. I don't think it was

79

00:07:16,640 --> 00:07:24,000

because it had the degree of strangeness that the nightcap report would seem to indicate it had.

80

00:07:25,440 --> 00:07:31,200

Kalgansky's conclusions please no one. Yes Air Force work was shoddy but Butcher's testimony is too

81

00:07:31,200 --> 00:07:37,760

inconsistent for anyone military or civilian to explain. What you find is a gradual escalation

82

00:07:37,760 --> 00:07:45,360

of detail. You find that Harold begins to tell the second team of investigators different things

83

00:07:45,440 --> 00:07:52,160

that he didn't tell the first and there's this gradual polishing of the account. Richard Hall

84

00:07:52,160 --> 00:07:58,640

does not agree. There's some minor discrepancies in the report but that almost makes it more

85

00:07:58,640 --> 00:08:04,480

believable too because if you get absolute perfect uniform testimony then you got to be

86

00:08:04,480 --> 00:08:09,680

suspicious that something was rehearsed. Ironically the most compelling support for Harold Butcher's

87

00:08:09,680 --> 00:08:16,160

UFO encounter comes from the Air Force itself which concluded that this one was a true unknown.

88

00:08:16,880 --> 00:08:23,840

That to me is the most perplexing aspect of this entire case and why the Air Force which had never

89

00:08:23,840 --> 00:08:29,920

ever been UFO friendly would classify this as unidentified is beyond me. The fact that the

90

00:08:29,920 --> 00:08:36,000

Air Force classified this as an unidentified is very interesting and very significant because

91

00:08:36,000 --> 00:08:42,560

they were very stingy about doing that. Ordinarily they would be very happy if they could label

92

00:08:42,560 --> 00:08:46,560

deciding and get rid of it if it was you know even if it was stretching the truth they would try to

93

00:08:46,560 --> 00:08:51,280

explain it as an aircraft or a balloon or strobe lights or something a meteor. Maybe they let this

94

00:08:51,280 --> 00:08:56,880

one slip by or maybe indeed there's something more to it than we know. I think perhaps the fact that

95

00:08:56,880 --> 00:09:01,520

nightcap was on the scene at the same time they were might have inhibited them a little bit in

96

00:09:01,520 --> 00:09:08,640

this case because they knew we had the goods on it. Cherry Creek is one of more than 600

97

00:09:08,640 --> 00:09:14,480

true unknown cases reported at the Air Force between 1948 and 1969. However investigating

98

00:09:14,480 --> 00:09:20,640

these cases further is next to impossible. If you FOIA Blue Book's unknowns today witness names

99

00:09:20,640 --> 00:09:28,240

addresses in fact all pertinent information is blacked out. Next how to harness the miraculous

100

00:09:28,240 --> 00:09:33,760

and universal healing power of Chee. I look the same on the outside but it changed me internally

101

00:09:33,760 --> 00:09:46,800

for the rest of my life. There is a machine that you use every day that doesn't plug in take batteries

102

00:09:46,800 --> 00:09:52,880

or operate on gasoline or foot power. It's your heart and why it keeps on beating non-stop for a

103

00:09:52,880 --> 00:09:58,000

lifetime is a genuine mystery. Some people believe it's a perpetual motion machine or

104

00:09:58,000 --> 00:10:03,600

proof of a spiritual life force and for more than a billion people the vital energy that keeps you

105

00:10:03,600 --> 00:10:10,000

alive has a name. It's called Chee and Chee the Chinese believe is yours to command.

106

00:10:10,000 --> 00:10:30,000

In western culture time is money you can't be too rich or too thin but you can have it all

107

00:10:30,000 --> 00:10:36,080

including the stress and illness that go along with it. The fight to get ahead and stay there

108

00:10:36,080 --> 00:10:41,280

takes its toll physically and psychologically it's the downside of the American dream.

109

00:10:43,040 --> 00:10:49,360

In China the road to success and well-being is paved with Chee Gong an ancient healing system

110

00:10:49,360 --> 00:10:56,480

just taking hold in the west. Imagine the hands are touching the blue sky they leave a Chee into

111

00:10:56,480 --> 00:11:03,440

the brain. In workshops throughout the U.S. Chee Gong master Luke Chan teaches students how to gather

112

00:11:03,440 --> 00:11:10,400

and exchange the healing power called Chee. You do have the power you have the self healing power

113

00:11:10,400 --> 00:11:16,320

so it's not something that I am the master and I'm the healer so I take care of you every time you

114

00:11:16,320 --> 00:11:23,440

come in. No we teach you a method so that you can take care of yourself at home. Chee means energy

115

00:11:23,440 --> 00:11:29,280

Gong means daily effort practitioners of Chee Gong believe that Chee is energy that flows throughout

116

00:11:29,280 --> 00:11:35,440

the universe and flows through our bodies energy that can be directed at physical and emotional pain.

117

00:11:40,400 --> 00:11:49,200

Chan teaches Chee Layle a special form of Chee Gong. All heal that disappear now. Practitioners

118

00:11:49,200 --> 00:11:54,960

believe that although there is Chee everywhere it is not everywhere in equal measure. Chee can be

119

00:11:54,960 --> 00:12:01,280

gathered into a concentrated energy field so the larger the group the more healing energy there is

120

00:12:01,280 --> 00:12:08,480

for everyone. And then while you're moving you you are visualizing that actually the whole body

121

00:12:08,480 --> 00:12:14,720

disappears in the universe including your illness just disappear just disappear and then when you

122

00:12:14,720 --> 00:12:20,560

get that life energy in you get the love the energy into your body and then meanwhile you confirm

123

00:12:21,280 --> 00:12:27,920

or you you confirm to yourself your illness disappear so once you are in this Chee field

124

00:12:27,920 --> 00:12:35,920

or loving Chee field you're not alone means that we all as individual has the right to be here to be

125

00:12:35,920 --> 00:12:43,920

free to be free of sickness. Luke Chan's own teacher is Chee Layle Grandmaster Dr. Pong Ming

126

00:12:43,920 --> 00:12:49,840

an esteemed physician school in both Eastern and Western medicine. In 1988 Dr. Pong garnered

127

00:12:49,840 --> 00:12:55,840

international attention when he opened the world's largest drug-free hospital without so much as a

128

00:12:55,840 --> 00:13:03,680

single aspirin. Dr. Pong claims his center has helped 130,000 patients curing heart disease kidney

129

00:13:03,680 --> 00:13:13,360

and gallbladder stones leukemia bone cancer diabetes and arthritis. But his most astounding

130

00:13:13,360 --> 00:13:18,240

and controversial claim is that this film documents a spontaneous cancer remission

131

00:13:18,800 --> 00:13:25,040

for Chee Gong masters create a concentrated Chee field and as they do the tumor seems to dissolve

132

00:13:25,040 --> 00:13:38,400

then disappear. Deborah Weisenberger was so motivated by her success with Luke Chan

133

00:13:38,400 --> 00:13:45,840

she went to China to see Dr. Pong. When I arrived in China we exercised with about 3,000 people

134

00:13:45,840 --> 00:13:50,800

some people were very young some people were very old people and stretchers and everyone

135

00:13:50,800 --> 00:13:58,480

was visualizing the same positive environment in order to heal themselves. I saw what we would

136

00:13:58,480 --> 00:14:06,560

call a miracle every day several times a day a dozen times a day I saw a young boy who was blind

137

00:14:06,560 --> 00:14:15,040

suddenly be able to see I saw numerous people with tumors and the tumors disappeared all the

138

00:14:15,040 --> 00:14:20,560

people were working together it's not like just one person is healing one other person

139

00:14:20,560 --> 00:14:26,240

it's the entire community of people working together so the thinking is all as one I looked

140

00:14:26,240 --> 00:14:33,200

the same on the outside but it changed me internally for the rest of my life. In 1994

141

00:14:33,760 --> 00:14:41,440

Don Rutherford received a devastating diagnosis Don had MS multiple sclerosis a crippling degenerative

142

00:14:41,440 --> 00:14:48,240

disease that can be fatal and for which there is no cure MS attacks the nervous system and the brain

143

00:14:48,880 --> 00:14:57,360

death is often agonizingly slow when I was first told I had it I was not scared as much as in

144

00:14:57,360 --> 00:15:07,360

shock I just figured it was over it's kind of like uh getting ready to die I guess we're going to battle

145

00:15:07,440 --> 00:15:10,240

your dad

146

00:15:12,800 --> 00:15:16,160

neurologist Dr. Karen Thalinger made the diagnosis

147

00:15:17,440 --> 00:15:23,920

some of the most common symptoms would be transient loss of vision in one eye double vision

148

00:15:24,560 --> 00:15:31,120

an area of numbness over a part of the face arm or leg other patients can have difficulty with

149

00:15:31,200 --> 00:15:38,240

speech the most severe case would be when the patient could be totally bedridden immobile

150

00:15:38,800 --> 00:15:48,240

mute and blind on a good day I would stagger on a bad day I would sit down and I'd go anywhere

151

00:15:49,760 --> 00:15:54,640

the illness is there now what do I want to do with it do I want to die with it

152

00:15:55,360 --> 00:16:04,400

doing the movement number one does several things the first thing it does is it puts me in control

153

00:16:06,320 --> 00:16:10,160

with use of this and it doesn't happen overnight but with practice

154

00:16:10,800 --> 00:16:16,480

uh the quality of your life will improve as far as I'm concerned there's nothing

155

00:16:17,200 --> 00:16:24,160

special or miraculous I do the work I get to pay off it's that simple I don't think I know it's

156

00:16:24,240 --> 00:16:30,480

alleviating symptoms because I can tell you that just by being in here or noticing it changed my

157

00:16:30,480 --> 00:16:38,160

life completely there may be no scientific measure for the power of chi but in new york city

158

00:16:38,160 --> 00:16:44,160

university professor Joan gondola was ready to try anything after years of back pain aggravated by

159

00:16:44,160 --> 00:16:49,840

stress what are we doing how fast when how when can we eat when do we stop when do we do this

160

00:16:49,840 --> 00:16:55,040

that's what we've evolved to so much of a rush we don't even know who we are

161

00:16:55,040 --> 00:17:01,920

Joan came to Chi-Lail not for a cure but for a way to relax we focus and figure out who she really was

162

00:17:02,560 --> 00:17:08,880

with wisdom comes compassion because one reaches out and knows that the wisest thing is that

163

00:17:08,880 --> 00:17:14,000

self is only a small part of what the universe is about I believe that I have become wise for

164

00:17:14,000 --> 00:17:21,200

more compassionate more of us to do that the more the world changes we inside of ourselves make

165

00:17:21,200 --> 00:17:29,360

peace then the world has to change people brush their teeth and then you brush your teeth every day

166

00:17:29,360 --> 00:17:35,120

and then your teeth last longer and if you do chi or chi go 15 minutes a day your body will last

167

00:17:35,120 --> 00:17:42,080

longer you become younger forward slowly we are not saying that we're replacing the doctors

168

00:17:42,640 --> 00:17:48,400

just like you press your teeth you go to see your dentist it's something you really look forward

169

00:17:48,400 --> 00:17:55,280

to do it every morning because basically you massage your body every day you feel so good you feel

170

00:17:55,280 --> 00:18:00,400

so good so as soon as people realize it it's good for them and they will do it

171

00:18:03,200 --> 00:18:08,880

there are many claims about the power of chi and what it can do for you but some claims especially

172

00:18:08,880 --> 00:18:13,360

those relating to spontaneous healing are extremely controversial according to master

173

00:18:13,360 --> 00:18:19,760

luke chan chi is not about making miracles it's about improving the energy that you're born with

174

00:18:20,960 --> 00:18:25,760

next does a newly discovered branch of ancient mankind help explain bigfoot

175

00:18:26,880 --> 00:18:30,640

later journey inside the minds of the world's greatest psychics

176

00:18:38,880 --> 00:18:42,320

here are some of the stories sightings is continuing to follow in the news

177

00:18:43,120 --> 00:18:48,960

bigfoot advocates are feeling pretty smug these days for years cryptozoologists have argued that

178

00:18:48,960 --> 00:18:54,160

neanderthal man and homo sapiens are not the only humans to have walked the earth together

179

00:18:54,160 --> 00:18:59,760

there's a third human species out there they've been insisting and it turns out they're probably right

180

00:18:59,840 --> 00:19:09,440

in java on the banks of the solo river skulls of an early human species

181

00:19:09,440 --> 00:19:14,160

homo erectus have been on earth and from a time when they should have been extinct

182

00:19:15,280 --> 00:19:20,960

while some scientists believe that these fossils are a very early branch on bigfoot's family tree

183

00:19:20,960 --> 00:19:25,760

most will only say that it is time to challenge the belief that we are the direct descendants of

184

00:19:25,760 --> 00:19:32,320

homo erectus we always knew before that our family tree was more of a bushy kind of tree

185

00:19:32,880 --> 00:19:39,520

what the new findings show is that the the bushyness of the tree went to very very recent times and

186

00:19:39,520 --> 00:19:44,560

that should give us pause to think i mean there is homo erectus homo sapiens perhaps also the

187

00:19:44,560 --> 00:19:50,640

neanderthals as a different species walking around at the same time mainstream anthropologists have

188

00:19:50,640 --> 00:19:56,560

only recently acknowledged that homo sapiens ever coexisted with anybody at all and so their

189

00:19:56,560 --> 00:20:04,160

acceptance of a third species hovers between slow and stagnant but some scientists are encouraged

190

00:20:04,160 --> 00:20:10,080

and moving forward quickly the discovery that homo erectus has apparently outlived its supposed

191

00:20:10,080 --> 00:20:15,920

extinction by more than 200 000 years gives hope to those who feel that reports of bigfoot's extinction

192

00:20:15,920 --> 00:20:27,520

are greatly exaggerated on the worldwide web of blood sucking humanoid first discovered in

193

00:20:27,520 --> 00:20:34,960

port rico is now invading the internet the chupacabra or goat sucker is the latest monster to emerge

194

00:20:34,960 --> 00:20:40,320

from the shadows of myth and take the heat for a mysterious string of bizarre livestock deaths

195

00:20:40,880 --> 00:20:47,760

with one mouse click you can download images get up to date fast with the chupacabra timeline

196

00:20:47,760 --> 00:20:53,040

and read firsthand accounts as they come in from new eyewitnesses monster sightings have never been

197

00:20:53,040 --> 00:20:59,600

greater and the chupacabra now has two websites you can connect with goat sucker or the chupacabra

198

00:20:59,680 --> 00:21:10,400

homepage at these addresses in adelaide canada the results of a significant new ufo survey

199

00:21:10,400 --> 00:21:16,640

suggests that the us is no longer the ufology capital of the world a renowned polling firm the

200

00:21:16,640 --> 00:21:23,280

angus reed group surveyed more than 1500 carefully chosen adults who statistically speaking represent

201

00:21:23,280 --> 00:21:30,480

all of canada the pollsters found that a remarkable 70 of all canadians believe in the possibility of

202

00:21:30,480 --> 00:21:38,160

extraterrestrial life when asked if they think alien beings have already visited earth 50 said yes

203

00:21:38,160 --> 00:21:46,640

and another 40 said that if they haven't already they will as Hubble probes uncharted space territory

204

00:21:46,640 --> 00:21:52,080

and nasa announces there may be life on mars a majority of canadians may just be reflecting what

205

00:21:52,080 --> 00:22:02,240

the rest of the world is thinking we are not alone we'll have more stories in the news next time

206

00:22:02,240 --> 00:22:08,880

now here's what's coming up as sightings continues capturing spirit energy on film has traditionally

207

00:22:08,880 --> 00:22:15,040

been an accidental process now this woman says she can photograph ghosts at will i call myself a

208

00:22:15,040 --> 00:22:20,560

psychic photographer because i don't see the things that i photograph they just appear on my film

209

00:22:22,800 --> 00:22:33,440

ghost photographs have a long and dubious history when supposed spirits first began appearing in the

210

00:22:33,440 --> 00:22:39,280

late 1800s cameras were new invention and even a simple double exposure could fool just about

211

00:22:39,280 --> 00:22:44,640

everyone today with advanced technology and computer analysis truly unexplained spirit

212

00:22:44,640 --> 00:22:48,480

photographs like the ones that you are about to see are extremely rare

213

00:22:55,600 --> 00:23:01,280

i call myself a psychic photographer because i feel the images captured on film are of a psychic

214

00:23:01,280 --> 00:23:08,000

nature i don't necessarily feel that i'm psychic because i don't see the things that i photograph

215

00:23:08,000 --> 00:23:13,920

they just appear on my film donna quinn modestly admits that she doesn't know why she seems to have

216

00:23:13,920 --> 00:23:20,720

a knack for snapping anomalous photos she just does i started noticing spirit energy in my photos

217

00:23:20,720 --> 00:23:26,400

around three years ago with the birth of my son upon developing i'd find all kinds of images

218

00:23:26,400 --> 00:23:32,720

surrounding the baby these images were among donna's first she logically concluded that it was her

219

00:23:32,720 --> 00:23:38,480

camera not her but later with different cameras different film the fogs and shadows just kept

220

00:23:38,480 --> 00:23:43,120

appearing she was capturing accidentally what others spend a lifetime trying to find

221

00:23:44,720 --> 00:23:52,720

but are they ghosts as long as there have been cameras there has been spirit photography

222

00:23:52,720 --> 00:23:57,840

are the images proof of an afterlife or only that hoaxes can be very convincing

223

00:23:59,040 --> 00:24:03,280

paranormal investigators have spent the last 20 years looking for an answer

224

00:24:03,280 --> 00:24:09,040

and only a few photos emerge as truly unexplained like this one taken during kerry gainer's

225

00:24:09,040 --> 00:24:14,800

landmark investigation of the entity case gainer believes this is not a trick but the emanation

226

00:24:14,800 --> 00:24:21,120

of a malicious spirit what we see here are reverse arcs of light one arc goes right here another arc

227

00:24:21,120 --> 00:24:28,160

goes right here now the reason this picture is so important to us is that the arc on the wall

228

00:24:28,800 --> 00:24:33,680

if it were really on the wall would be bent because those two walls there are perpendicular

229

00:24:33,680 --> 00:24:39,040

it's not bent which means the arc is floating in space the significance for that of that for us

230

00:24:39,040 --> 00:24:44,240

as researchers is of course that means it's dimensional and very very difficult to fake this

231

00:24:44,240 --> 00:24:50,080

was not somebody with a flashlight shining it on a wall that light is an empty space it was the

232

00:24:50,080 --> 00:24:55,440

full parallax of the image that baffled popular photography and it was the only alleged ghost

233

00:24:55,440 --> 00:25:01,520

photograph ever published in the magazine photo analysts examining anomalies like this can't prove

234

00:25:01,520 --> 00:25:06,400

an image comes from another dimension but they can rule out every other possibility

235

00:25:07,360 --> 00:25:15,440

i look to see if the image or the phenomena in the image itself seems to fit rand molnar is the

236

00:25:15,440 --> 00:25:20,480

dean of the graduate department at the brooks institute of photography he has analyzed thousands

237

00:25:20,480 --> 00:25:25,200

of photographs that are thought to capture supernatural events does it have some sort of

238

00:25:25,200 --> 00:25:31,440

an explanation that can be defined as being a lens flare or some other aspect as part of the

239

00:25:31,440 --> 00:25:38,160

normal photographic process does it have a texture a shape a shadow depth so i look at all of the

240

00:25:38,880 --> 00:25:44,400

attributes this particular phenomena has in trying to see where it fits into the general picture

241

00:25:44,400 --> 00:25:49,920

and of all the photos submitted molnar believes that only a handful can not be explained by natural

242

00:25:49,920 --> 00:25:57,360

phenomena there could be some phenomena that a human observer couldn't see that could be recorded

243

00:25:57,360 --> 00:26:03,920

on the film but i think these are probably a few and far between but even debunkers like molnar

244

00:26:03,920 --> 00:26:09,840

are willing to leave the door open for a paranormal explanation photographic film is radiation

245

00:26:09,840 --> 00:26:16,000

sensitive and by that i mean it's light sensitive ultraviolet x-ray gamma ray etc so it's certainly

246

00:26:16,000 --> 00:26:21,120

possible the film could capture an image that cannot be seen by the human eye in terms of where

247

00:26:21,120 --> 00:26:26,800

that image came from i don't know sightings has found that the anomalies often show up where

248

00:26:26,800 --> 00:26:32,960

other bizarre events have already occurred in black forest colorado we brought you this family's

249

00:26:32,960 --> 00:26:39,200

haunting story and the strange smoky images that followed i took a picture right over against my wall

250

00:26:39,200 --> 00:26:45,360

and we got it back it uh had some fog in it with a image it looked like of a face i'm getting the same

251

00:26:45,440 --> 00:26:49,520

image in the fog outside the house in front of the house in bag no matter where i take it

252

00:26:50,800 --> 00:26:55,840

in a graveyard in connecticut sightings watched as dozens of photographers tried to document the

253

00:26:55,840 --> 00:27:02,160

legendary lady in white we don't know who the white lady is but she has been photographed and her

254

00:27:02,160 --> 00:27:10,320

energy has been photographed in human spirits seem to not allow her to get the help that she needs

255

00:27:10,880 --> 00:27:17,120

in order to pass on correctly so for that reason she remains earthbound psychic and

256

00:27:17,120 --> 00:27:22,880

eyewitness accounts of ghostly activity elevate the authenticity of these photos but then there is

257

00:27:22,880 --> 00:27:31,120

dana the exception to the rule i don't feel privileged or special in any way i'm i'm still

258

00:27:31,120 --> 00:27:39,200

wondering myself why why these things show up on my film um them i just can't catching it randomly

259

00:27:40,000 --> 00:27:46,800

are they attracted to me donna's uncanny nag for spirit photography has become front page news

260

00:27:46,800 --> 00:27:52,080

in connecticut and locals who fear their houses are haunted are asking donna quinn for help

261

00:27:53,680 --> 00:27:59,280

michelle donahue is just one of many frightened homeowners who believe that donna can verify

262

00:27:59,280 --> 00:28:06,320

their visions the lights would go on and off they'd flicker sometimes dim and then go right back on

263

00:28:07,360 --> 00:28:12,720

the phone would work and then sometimes it wouldn't work and the phone company checked and they said

264

00:28:12,720 --> 00:28:18,560

that there was nothing outside the house that the problem was from inside the house donna began

265

00:28:18,560 --> 00:28:23,040

by photographing the home's exterior to see if she could document the source of the haunting

266

00:28:23,040 --> 00:28:27,360

we were outside and we she was just taking photographs of the outside of the house so as

267

00:28:27,360 --> 00:28:32,560

we were standing there looking into the dining room i thought i saw something i said oh my god i think

268

00:28:32,560 --> 00:28:39,120

i swear i just saw a person in the house and she saw something at the same time she commented

269

00:28:39,120 --> 00:28:46,080

did you see that so we went in the house and her fiancee was sound asleep no one no one was around

270

00:28:46,080 --> 00:28:50,640

and i knew right then and there that something was going on i'm not exactly sure what she saw at the

271

00:28:50,640 --> 00:28:56,240

same time that i saw but i definitely saw something in the corner of the room so it prompted me to take

272

00:28:56,240 --> 00:29:03,840

photos and then when i got them back sure enough there was phenomena in the photos donna is continuing

273

00:29:03,840 --> 00:29:10,640

to take photographs of the house and other haunted places nearby she continues despite charges that

274

00:29:10,640 --> 00:29:17,200

at best she is just a bad picture taker and at worst the donna is perpetrating a hoax there's

275

00:29:17,200 --> 00:29:23,200

going to be always skeptical people and i really don't care if they believe me or not basically

276

00:29:23,280 --> 00:29:32,240

i'm just a normal everyday person who has an ability to capture spirit energy on film

277

00:29:34,720 --> 00:29:39,680

donna quinn offers three important tips if you're going to try to photograph spirits of your own

278

00:29:39,680 --> 00:29:43,040

first make sure you use different kinds of cameras this makes it a little bit easier to

279

00:29:43,040 --> 00:29:49,360

authenticate the photos next don't snap randomly take pictures only when you feel the time is right

280

00:29:49,360 --> 00:29:55,600

and finally quinn says be patient next the mysterious force that gives psychics their

281

00:29:55,600 --> 00:30:01,280

remarkable powers i discovered that if i got in the person's head i could get the sense of what

282

00:30:01,280 --> 00:30:11,280

they were saying over the years sightings has consulted with a handful of psychic investigators

283

00:30:11,280 --> 00:30:17,440

who've demonstrated time and again their ability to see and sense things most people cannot psychics

284

00:30:17,440 --> 00:30:22,000

like dorthy allison and peter james usually appear in a haunted house so working on an

285

00:30:22,000 --> 00:30:27,200

unsolved murder case but this time we turn the spotlight on the psychics themselves to find

286

00:30:27,200 --> 00:30:31,280

out why and how they first knew they had paranormal powers

287

00:30:37,760 --> 00:30:42,640

american culture american society you know contemporaneous it's not unique in having

288

00:30:42,640 --> 00:30:49,440

individuals that people go to to divine to tell the future to give advice on spiritual matters

289

00:30:49,440 --> 00:30:55,120

all people all cultures believe in psychic phenomena but in a modern world where science is

290

00:30:55,120 --> 00:31:02,320

judge jury and executioner can psychic ability ever be proven beyond a reasonable doubt for those

291

00:31:02,320 --> 00:31:10,000

who claim it psychic ability can be a blessing or a curse a surreal movie that plays without warning

292

00:31:10,000 --> 00:31:17,200

or a disturbing montage of images it can come in a dream it can bring on unexpected and

293

00:31:17,200 --> 00:31:23,600

overwhelming emotion it is an ability that can be developed or can literally strike for the bolt of

294

00:31:23,600 --> 00:31:29,920

lightning when i was about five years old i discovered that i had so-called childhood

295

00:31:29,920 --> 00:31:36,080

imaginary playmates for renowned psychic peter james his realization of a psychic gift came early

296

00:31:36,880 --> 00:31:44,160

i was about eight years old when i realized that these were in fact ghosts and spirits and not

297

00:31:44,160 --> 00:31:50,480

real children they were real to me because they were a real part of my life peter says his ability

298

00:31:50,480 --> 00:31:57,200

to see spirits is a seventh sense and one that he was born with while other psychics perceive with

299

00:31:57,200 --> 00:32:02,640

the mind's eye peter claims he can actually see and communicate with another dimension look look

300

00:32:02,720 --> 00:32:10,880

look look look look look hello see oh he's angry don't be angry with me don't play games with me

301

00:32:10,880 --> 00:32:16,960

i'm not afraid of you it's just like communicating with people that that walk the face of the earth

302

00:32:16,960 --> 00:32:23,920

in a physical body uh some people have more to say than others and some are friendly some are not so

303

00:32:23,920 --> 00:32:29,600

friendly after hundreds of encounters peter claims that he has gained unique insight into the spirit

304

00:32:29,600 --> 00:32:36,960

world our night time is their daytime we live in a parallel world of coexistence with ghosts and

305

00:32:36,960 --> 00:32:44,400

spirits they're everywhere sally is that your name sally nowhere has they spent more evident

306

00:32:44,400 --> 00:32:49,920

than during a series of sightings investigations into the heartland ghost a spirit peter identifies

307

00:32:49,920 --> 00:32:57,680

as sally there is an entity in this room right now no doubt in my mind on this night peter claimed

308

00:32:57,680 --> 00:33:02,960

to feel then see then be attacked by the entity something is burning my face like right now

309

00:33:04,640 --> 00:33:10,400

the attack came in the wake of another fiercer attack on this man painful bleeding scratches

310

00:33:10,400 --> 00:33:16,800

were emerging without warning and peter felt the perpetrator was among them there's a little girl

311

00:33:16,800 --> 00:33:24,320

that's standing right there sally is that your name sally hi will she will hello easy i think the

312

00:33:24,320 --> 00:33:32,240

heartland ghost certainly was the one of the most extraordinary because sally is one of the most

313

00:33:32,240 --> 00:33:38,320

aware or cognizant ghosts that i've ever encountered but ghost investigations are not the only milieu

314

00:33:38,320 --> 00:33:44,240

of the professional psychic noreen reneer and nancy meyer are both psychic detectives many law

315

00:33:44,240 --> 00:33:51,440

enforcement agencies swear by their ability to relive and reveal brutal secrets he shot me i know

316

00:33:51,520 --> 00:33:58,640

i'm on the floor my back seems to be hurting me a great deal and i die for noreen a former

317

00:33:58,640 --> 00:34:04,320

advertising executive her psychic ability didn't reveal itself until her late 30s it came as a

318

00:34:04,320 --> 00:34:12,000

surprise after a psychic client sensed noreen's gift it was like stepping on the moon once i entered

319

00:34:12,000 --> 00:34:18,240

into this i could touch a ring or watch and i could see pictures in my head when things started

320

00:34:18,240 --> 00:34:23,760

happening to me i thought that perhaps i was insane uh since i didn't believe in psychic

321

00:34:23,760 --> 00:34:29,760

phenomena there was no other explanation to why these things were happening noleen wanted to use

322

00:34:29,760 --> 00:34:35,600

her psychic ability to help others and was drawn to the challenges of police work she used a technique

323

00:34:35,600 --> 00:34:42,640

called psychometry touching items from the crime scene and then speaking as the victim i can feel

324

00:34:42,640 --> 00:34:49,760

the way they felt my vocal cords don't change very much but my posture sometimes my facial

325

00:34:49,760 --> 00:34:54,960

features will change slightly i see the way they see because i'm not me anymore them i said sometimes

326

00:34:54,960 --> 00:35:03,040

i hurt very much when i'm being killed nancy meyer began to sense her psychic ability very early on

327

00:35:03,040 --> 00:35:07,600

as a girl she lived abroad with her family and discovered that she could use telepathy to overcome

328

00:35:07,600 --> 00:35:13,520

language barriers i discovered that if i got in the person's head i could get the sense of what

329

00:35:13,520 --> 00:35:20,320

they were saying so i used my ability quite a bit to follow conversations and languages that i didn't

330

00:35:20,320 --> 00:35:26,240

know nancy's telepathy developed rapidly and for more than 20 years now she's been consultant for

331

00:35:26,240 --> 00:35:33,680

the delaware state police in that time she's provided crucial clues in over 200 crimes i started

332

00:35:33,680 --> 00:35:39,040

doing a lot of police work and that was the last thing in the world that i wanted to get involved

333

00:35:39,040 --> 00:35:46,880

with i just it's very it's very overwhelming it's kind of hard for people to understand that when a

334

00:35:46,880 --> 00:35:54,640

person who is as sensitive as i am does their reading it looks easy you know because i just start

335

00:35:54,640 --> 00:36:01,920

rolling but i have to use a very strong system of blocking within me in order to keep the victim's

336

00:36:01,920 --> 00:36:07,920

pain i have to keep a separate vision i have to stand right beside her i have to be able to

337

00:36:07,920 --> 00:36:14,720

pick up and follow where she is but i must not lose me while i'm doing it nancy believes that

338

00:36:14,720 --> 00:36:21,360

everyone shares a psychic link but only a few people realize it yet she taps into the psychic

339

00:36:21,360 --> 00:36:27,120

link to conjure up scenes of the crime sometimes this means accessing the psychic imprint found

340

00:36:27,120 --> 00:36:33,520

only in the mind of the killer i have trouble being in the middle of a murder victims thought

341

00:36:33,520 --> 00:36:40,960

patterns i have to try to shift into the mind of the killer nancy says that she perceives her
psychic

342

00:36:40,960 --> 00:36:47,520

impressions as if someone had filmed the crime it's three dimensional it's in color it's like

343

00:36:47,520 --> 00:36:56,240

watching tv or a movie only you are standing in the scene the color is often stronger and more

344

00:36:56,240 --> 00:37:02,560

vivid than real life when i'm doing the murder scene that vividness is a real problem because it is

345

00:37:03,600 --> 00:37:07,040

almost larger than life it's like looking at a big screen movie that i'm in the middle of

346

00:37:07,600 --> 00:37:14,640

and that's sometimes frightening ucla folklorist patrick polk knows that psychic ability cannot

347

00:37:14,640 --> 00:37:21,920

be proven scientifically but he still sees a vital need for the phenomenon i think psychics provide

348

00:37:21,920 --> 00:37:27,440

a very basic and very important service in that they help address issues that people can't find

349

00:37:27,440 --> 00:37:35,360

solutions to on their own nancy believes this role only scratches the surface and the psychic gift

350

00:37:35,360 --> 00:37:42,240

could save the planet if the world blew up tomorrow the scientists wouldn't be any use to us the

351

00:37:42,240 --> 00:37:47,360

psychics would think because they could teach you how to plant even if they had never planted before

352

00:37:47,360 --> 00:37:53,760

they could find water the doublers would find what we needed this is what's going to

353

00:37:54,640 --> 00:37:56,640

probably be needed again sometime in history

354

00:37:59,760 --> 00:38:04,000

we asked all of the psychic investigators in this story if they would give any advice to

355

00:38:04,000 --> 00:38:08,720

viewers who wanted to cultivate their own untapped psychic powers in every single case their advice

356

00:38:08,720 --> 00:38:15,040

was the same to borrow an old phrase how do you get to the psychic hall of fame practice practice

357

00:38:15,520 --> 00:38:21,040

next an incredible update on the man who claims he can predict earthquakes when pelle held

358

00:38:21,040 --> 00:38:28,960

communication with the stars earthquakes would take place

359

00:38:32,560 --> 00:38:37,200

not too long ago we brought you a report on mike lee head of the religion department at

360

00:38:37,200 --> 00:38:41,840

damien memorial high school in hawaii lee had developed a remarkably accurate system for predicting

361

00:38:41,840 --> 00:38:47,200

earth changes and the response since that broadcast has been overwhelming thousands of

362

00:38:47,200 --> 00:38:53,360

viewers wrote to ask what mike lee is predicting for the future so we went back to hanlulu to find out

363

00:38:54,960 --> 00:39:02,480

it seems to come in regular intervals right after a lunar eclipse or a full moon that comes very

364

00:39:02,480 --> 00:39:07,760

close to the earth's shadow and i was looking on the board where he written on the earthquakes

365

00:39:08,720 --> 00:39:12,000

i told my god that there's an earthquake supposed to come that day and then she didn't

366

00:39:12,000 --> 00:39:16,000

believe me she thought i was only joking later on when someone earthquake hit and then she's like

367

00:39:16,000 --> 00:39:22,880

amaze or shock that it happened she's like wow as first reported in a recent episode of sightings

368

00:39:22,880 --> 00:39:28,160

history teacher and religion department head mike lee has developed a new earthquake prediction

369

00:39:28,160 --> 00:39:34,000

method based on the sacred teachings of his ancestors one day he came up and he says that

370

00:39:34,000 --> 00:39:38,240

he's finally got it and you written down dates on the board different places times magnitudes of

371

00:39:38,240 --> 00:39:44,720

earthquakes lee's method is based on simple physical laws that cause in effect apply to

372

00:39:44,720 --> 00:39:51,040

earthquakes too a theory that colleague bill wicking supports wholeheartedly the planets and

373

00:39:51,040 --> 00:39:55,120

the moon pull on water and that's what we call tides and it's reasonable to assume that the

374

00:39:55,120 --> 00:39:59,040

the continents being massive could be pulled away from the plates and slide around a little bit

375

00:39:59,120 --> 00:40:05,920

that's what mike's theory follows according to lee the earthquake effect is caused by the ever

376

00:40:05,920 --> 00:40:11,040

changing alignment of celestial bodies and his alarming accuracy rates support his claim

377

00:40:11,680 --> 00:40:17,680

but lee says this is not his unique prediction method it is based on sacred hawaiian writing

378

00:40:17,680 --> 00:40:26,400

about haina akiyahi the moon in flames was said by the priest that when pily held communications

379

00:40:26,880 --> 00:40:33,040

with the stars earthquakes would take place and pelle is the volcano goddess

380

00:40:34,720 --> 00:40:41,840

and i pondered the question how does the moon get into the flames and the only way that that is

381

00:40:41,840 --> 00:40:49,280

possible is when there is a lunar eclipse the moon turns an orange brown as the earth's shadow

382

00:40:49,280 --> 00:40:58,480

falls on the moon and the hawaiians who observed this in the sky also noticed several days after

383

00:40:58,480 --> 00:41:07,440

earthquakes and tidal waves would come and then taking that data i started to predict earthquakes

384

00:41:07,440 --> 00:41:13,040

that they were in a rhythmic pattern he had some hawaiian legends and astronomical maps that he

385

00:41:13,040 --> 00:41:18,640

wanted to tie in with a computer simulator that i had for astronomy we were using this in the physics

386

00:41:18,640 --> 00:41:26,240

classes so i set mike up with a program called voyager which he then used to map all the hawaiian

387

00:41:26,240 --> 00:41:32,800

star legends to known astronomical bodies by integrating the sacred writings of his homeland

388

00:41:32,800 --> 00:41:39,440

with modern geology and physics lee has gotten astonishing results 40 accuracy and predictions

389

00:41:39,440 --> 00:41:46,880

based on a lunar eclipse 90 for a solar eclipse lee predicted an earthquake in peru and he was right

390

00:41:49,040 --> 00:41:55,680

the accuracy of his predictions has created a tidal wave of email for damien memorial high school

391

00:41:57,040 --> 00:42:03,120

lee was just coming up for air when sightings revisited the school after the last segment of

392

00:42:03,120 --> 00:42:10,720

sightings we were just overwhelmed with about 17 000 hits on our website page after lee predicted a

393

00:42:10,720 --> 00:42:16,080

major quake in the midwest thousands of hits came in from people who live within the new madrid

394

00:42:16,080 --> 00:42:22,800

fault zone as well as south carolina peru and japan several people that called in or wanted to find

395

00:42:22,800 --> 00:42:27,440

out sent us email wondering if they should travel to a certain area thinking there might be an earthquake

396

00:42:27,440 --> 00:42:33,440

in that area the biggest revelation for lee has been that earthquake anxiety is an overwhelming

397

00:42:33,440 --> 00:42:39,920

and global phenomenon so mike lee is now modifying astronomy software so he can teach his prediction

398

00:42:39,920 --> 00:42:47,040

method to the public the goal is to inform and reassure us and perhaps to save millions of lives

399

00:42:47,040 --> 00:42:52,480

the email that i've been getting with people who are interested in the 1997 predictions

400

00:42:52,480 --> 00:42:57,760

have been telling me thank you very much for your predictions and we'll keep you posted on what's

401

00:42:57,760 --> 00:43:03,600

happening so they're not panicking out they're taking it very rationally and heads up we're still

402

00:43:03,600 --> 00:43:08,800

getting a lot of traffic from places like iceland and alaska and australia and any place that's about

403

00:43:08,800 --> 00:43:13,040

to get an earthquake is according to lee's predictions we generally get a lot of traffic from

404

00:43:13,040 --> 00:43:18,080

there it's really interesting that the ancient hawaiian priests knew how to predict earthquakes

405

00:43:18,640 --> 00:43:24,240

hundreds of years ago and now in our technological age we're just beginning to scratch the surface

406

00:43:24,240 --> 00:43:30,960

of what they already know if you'd like to know where mike lee believes the next big

earthquake will hit in your area you can find up-to-date predictions through the internet
