

1

00:00:00,000 --> 00:00:04,000

The following program deals with a controversial subject.

2

00:00:04,000 --> 00:00:07,000

The theories expressed are not the only possible interpretation.

3

00:00:07,000 --> 00:00:12,000

The viewer is invited to make a judgment based on all available information.

4

00:00:12,000 --> 00:00:15,000

Are these crop circles related to flying saucers?

5

00:00:15,000 --> 00:00:18,000

How could anything do that without it didn't come out of the sky?

6

00:00:18,000 --> 00:00:21,000

Have humans been in contact with extraterrestrials?

7

00:00:21,000 --> 00:00:25,000

The creatures were laying like this.

8

00:00:25,000 --> 00:00:29,000

Are aliens abducting human beings for scientific research?

9

00:00:29,000 --> 00:00:32,000

I kept questioning like, why are you doing this?

10

00:00:32,000 --> 00:00:36,000

Everything would come back and be like, your scientists do this.

11

00:00:36,000 --> 00:00:39,000

These are our government telling us all the truth about UFOs.

12

00:00:39,000 --> 00:00:43,000

Our government has flat out lied to us for 40 years or more.

13

00:00:43,000 --> 00:00:47,000

There are thousands of people around the world who claim to have seen them.

14

00:00:47,000 --> 00:00:53,000

Skeptics suggest it's all a hoax, yet there is a growing number of people who have no doubt UFOs exist.

15

00:00:53,000 --> 00:00:55,000

Hello, I'm Tim White.

16

00:00:55,000 --> 00:01:00,000

I'll be your host as we explore what people around the world now believe about UFOs.

17

00:01:25,000 --> 00:01:30,000

Flying saucers, creatures from another planet, unidentified flying objects.

18

00:01:30,000 --> 00:01:34,000

In the next hour, we'll hear from people who have had close encounters with extraterrestrials.

19

00:01:34,000 --> 00:01:38,000

Close encounters of the first, second, third, even the fourth kind.

20

00:01:38,000 --> 00:01:41,000

The most common is a close encounter of the first kind,

21

00:01:41,000 --> 00:01:45,000

which is defined as the sighting of an unidentified flying object,

22

00:01:45,000 --> 00:01:49,000

an object that can't be explained by conventional means.

23

00:01:49,000 --> 00:01:54,000

It sounded like a swishing sound, sort of...

24

00:01:54,000 --> 00:02:00,000

I saw this big triangular shaped three lights on each corner coming over my house.

25

00:02:00,000 --> 00:02:03,000

Mr. Slides in the sky, they were like stars.

26

00:02:03,000 --> 00:02:07,000

It just like was sliding through the sky and it tilted like it was looking down at us.

27

00:02:07,000 --> 00:02:10,000

It was a bright light.

28

00:02:10,000 --> 00:02:13,000

It was a bright light.

29

00:02:13,000 --> 00:02:16,000

It was a bright light.

30

00:02:16,000 --> 00:02:23,000

It was a bright light that dimmed down to a white speck and went back to a red light,

31

00:02:23,000 --> 00:02:26,000

down to a white speck and then just disappeared.

32

00:02:26,000 --> 00:02:32,000

Last year, there were almost 4,000 reported UFO sightings in the United States,

33

00:02:32,000 --> 00:02:36,000

2,000 in South America, more than 1,000 in Asia,

34

00:02:36,000 --> 00:02:39,000

and over 3,000 in the Soviet Union.

35

00:02:39,000 --> 00:02:42,000

The worldwide total was over 10,000.

36

00:02:43,000 --> 00:02:49,000

UFO investigators wonder why those numbers have increased dramatically in the past 45 years.

37

00:02:49,000 --> 00:02:55,000

Does the publicity of one person seeing a UFO spark the imagination of others who are eager to believe?

38

00:02:55,000 --> 00:03:00,000

Or has the Air Force simply increased its testing of military hardware?

39

00:03:00,000 --> 00:03:04,000

These are difficult questions to answer without tracing the UFO story.

40

00:03:04,000 --> 00:03:06,000

Let's start at the beginning.

41

00:03:06,000 --> 00:03:13,000

Cave art in Australia and the western United States, painted at least 5,000 years ago by prehistoric civilizations,

42

00:03:13,000 --> 00:03:18,000

seems to resemble modern descriptions of creatures from outer space.

43

00:03:18,000 --> 00:03:25,000

Halfway around the world, a 13th century fresco inside a church in Yugoslavia includes a flying vehicle.

44

00:03:25,000 --> 00:03:30,000

It would be another 700 years before technology made flight possible.

45

00:03:30,000 --> 00:03:34,000

The modern age of UFOs began in 1947.

46

00:03:34,000 --> 00:03:39,000

Ex-military pilot Kenneth Arnold was flying his plane over the Cascade Mountain Range.

47

00:03:39,000 --> 00:03:43,000

He encountered several objects traveling at an extreme rate of speed.

48

00:03:43,000 --> 00:03:48,000

Although there are no photographs, Arnold had a drawing made of what he saw.

49

00:03:48,000 --> 00:03:53,000

His sighting triggered hundreds more that year across the United States.

50

00:03:53,000 --> 00:03:56,000

UFO mania reached a fever pitch in the summer of that year,

51

00:03:56,000 --> 00:04:01,000

when the Army Air Force reported recovering a crashed saucer in New Mexico.

52

00:04:01,000 --> 00:04:05,000

The next day, the government claimed the disc was only the wreckage of a weather balloon.

53

00:04:05,000 --> 00:04:09,000

Meanwhile, sightings by credible witnesses continued.

54

00:04:09,000 --> 00:04:12,000

Commercial airline pilots saw things.

55

00:04:12,000 --> 00:04:14,000

We immediately decided it could not be a common...

56

00:04:14,000 --> 00:04:16,000

Military pilots saw things.

57

00:04:16,000 --> 00:04:20,000

When we got within two miles of the light, we lost all contact.

58

00:04:20,000 --> 00:04:24,000

Local sheriffs in Dexter, Michigan saw things.

59

00:04:24,000 --> 00:04:28,000

While there was somewhat of an oval shape, looked like a toy top.

60

00:04:28,000 --> 00:04:32,000

Sightings of unexplained phenomena weren't limited to just the United States.

61

00:04:32,000 --> 00:04:38,000

Marina Popovich, a Soviet pilot with over 100 airspeed and endurance records to her credit,

62

00:04:38,000 --> 00:04:42,000

had her first UFO encounter in the mountains of southern Russia.

63

00:04:46,000 --> 00:04:50,000

My first contact with a UFO was a rather special experience.

64

00:04:50,000 --> 00:04:56,000

It was in the mountains, and I saw a sharp ray coming out of a huge sparkling ball.

65

00:04:56,000 --> 00:05:02,000

Even some of the men and women who have been in space have reported seeing things they can't explain.

66

00:05:02,000 --> 00:05:08,000

Gemini and Apollo astronaut James McDivitt had his own encounter in June of 1966,

67

00:05:08,000 --> 00:05:14,000

while in orbit above the Earth, an unidentified object outside the window caught his attention.

68

00:05:14,000 --> 00:05:20,000

I happened to glance out one time, and there against the black sky was a white object.

69

00:05:20,000 --> 00:05:27,000

The geometry of it was sort of like a beer can or a Coke can with a pencil sticking out,

70

00:05:27,000 --> 00:05:31,000

one of the round edges at about a 45-degree angle.

71

00:05:31,000 --> 00:05:37,000

What was it? McDivitt was able to snap a few pictures, but after turning the film over to NASA,

72

00:05:37,000 --> 00:05:39,000

the photographs disappeared.

73

00:05:39,000 --> 00:05:45,000

He suggests it's conceivable that other civilizations could have the technological know-how to make space travel possible.

74

00:05:45,000 --> 00:05:48,000

And he's not alone in this belief.

75

00:05:48,000 --> 00:05:54,000

The 1990 Gallup polls showed that nearly 50% of Americans believe in the existence of UFOs.

76

00:05:54,000 --> 00:05:59,000

This despite the fact that most photographs and film footage of the actual sightings are not very good.

77

00:05:59,000 --> 00:06:05,000

The images are scratched, out of focus, where the camera is just too far away to see things

clearly.

78

00:06:05,000 --> 00:06:11,000

But with the advent of the home video camera, more and more people have captured unexplained phenomena on tape.

79

00:06:11,000 --> 00:06:15,000

This home video was shot over Las Vegas in early 1991.

80

00:06:15,000 --> 00:06:19,000

It shows three objects floating and diving in front of the mountains.

81

00:06:19,000 --> 00:06:27,000

This is a spectacular maneuver. As you see, it goes in front of the mountain, so it has the mountain as a backdrop,

82

00:06:27,000 --> 00:06:29,000

which gives you a fairly good idea of its distance.

83

00:06:29,000 --> 00:06:36,000

In Gulf Breeze, Florida, something that looks like a spacecraft was caught floating just above the

tree line.

84

00:06:36,000 --> 00:06:42,000

Videos like this have convinced quite a few Gulf Breeze residents that UFOs are real.

85

00:06:42,000 --> 00:06:45,000

A small town located just across the bridge from Pensacola.

86

00:06:45,000 --> 00:06:50,000

It's been one of the busiest places in the United States for UFO sightings since 1987.

87

00:06:50,000 --> 00:07:00,000

We have over 500 witnesses and we have about 262 recorded sightings, and we've investigated almost 200 of those.

88

00:07:00,000 --> 00:07:06,000

The investigations have been conducted by a small group of Gulf Breeze residents, most are members of MUFON,

89

00:07:06,000 --> 00:07:13,000

the Mutual UFO Network, a grassroots national organization of private citizens who have taken it

upon themselves

90

00:07:13,000 --> 00:07:15,000

to try to get to the bottom of the UFO mystery.

91

00:07:15,000 --> 00:07:18,000

One possible explanation has surfaced.

92

00:07:18,000 --> 00:07:24,000

Gulf Breeze is virtually surrounded by three major military bases, all with extensive air traffic.

93

00:07:24,000 --> 00:07:31,000

We call the military. We're told, no, we did not have anything in the area at the time that you had your sighting.

94

00:07:32,000 --> 00:07:35,000

Of course, there will be those that say, well, that's the typical military response,

95

00:07:35,000 --> 00:07:38,000

even if there was something going on, they would deny it.

96

00:07:38,000 --> 00:07:43,000

The wave of sightings in Gulf Breeze started with this man, Ed Walters.

97

00:07:43,000 --> 00:07:49,000

In November of 1987, Ed and his wife, Francis, took some amazing photographs of a flying saucer.

98

00:07:49,000 --> 00:07:57,000

Fearing ridicule, at first Ed kept the pictures to himself, but then he sent them to the Gulf Breeze Sentinel, the local newspaper.

99

00:07:57,000 --> 00:08:03,000

Publisher Dwayne Cook knew his reputation would be on the line if he decided to print the pictures.

100

00:08:03,000 --> 00:08:10,000

I was nervous, naturally, and my folks came in Wednesday afternoon while we're putting the paper together.

101

00:08:10,000 --> 00:08:15,000

And I said, you're not going to believe what we're getting ready to run in this week's paper.

102

00:08:15,000 --> 00:08:20,000

Showed them the pictures, and they looked at them and said, that's what we saw.

103

00:08:20,000 --> 00:08:30,000

So at that point, I more or less lost my fear of going with it, because if your own folks see it, if you can't trust them, who can you trust?

104

00:08:30,000 --> 00:08:35,000

As it turns out, at least a dozen other people saw the same thing that night, including Art Hufford,

105

00:08:35,000 --> 00:08:39,000

and several other people who then became members of MUFON.

106

00:08:39,000 --> 00:08:46,000

I never felt more alone than I felt that day, November 11, 1987, seeing this thing,

107

00:08:46,000 --> 00:08:53,000

and then later, nobody's saying very much, and then, of course, several weeks later, people were coming forward,

108

00:08:53,000 --> 00:08:58,000

and fortunately, you came forward a month later and said, hey, I saw that same thing.

109

00:08:58,000 --> 00:09:04,000

Dr. Bruce McAbee, an expert photo analyst employed by the Navy with over 20 years' experience,

110

00:09:04,000 --> 00:09:07,000

spent several months studying the Walters' pictures.

111

00:09:07,000 --> 00:09:12,000

McAbee also had Walters use a stereo Polaroid camera the next time he saw something.

112

00:09:12,000 --> 00:09:17,000

Some of his early photos contemplated the possibility that they were hoaxed by a double exposure method,

113

00:09:17,000 --> 00:09:23,000

but there is a question of whether or not anybody knows how to fake stereo pictures and do it well.

114

00:09:23,000 --> 00:09:29,000

I concluded that doing the photography, if it was a hoax, combined with all the other sightings,

115

00:09:29,000 --> 00:09:35,000

the testimony of Ed and his family, the intensive investigation all ruled out the possibility that this was a hoax,

116

00:09:35,000 --> 00:09:38,000

and so I concluded in late May of 1988 that it was real.

117

00:09:39,000 --> 00:09:44,000

Since 1987, South Shoreline Park has become a magnet for sky-watching.

118

00:09:44,000 --> 00:09:48,000

The sky-watchers have been able to videotape several unidentified objects.

119

00:09:48,000 --> 00:09:52,000

Most of them look like nothing more than small points of light in the sky,

120

00:09:52,000 --> 00:09:57,000

but close examination has revealed that the lights are doing something that science says is impossible.

121

00:09:57,000 --> 00:10:04,000

They move at odd angles, change size, travel at unheard of speeds, all while never making a sound.

122

00:10:04,000 --> 00:10:09,000

One of the more recent videos shows a light that was red and all of a sudden it turns white and starts flashing.

123

00:10:09,000 --> 00:10:12,000

These are extremely brilliant pulses of light.

124

00:10:12,000 --> 00:10:19,000

It appears that the actual size of the image, which would be related to the size of the light source itself,

125

00:10:19,000 --> 00:10:25,000

changed in like 1.30th of a second or so from one TV frame to the next.

126

00:10:25,000 --> 00:10:28,000

We don't have anything that could do that so far as I know.

127

00:10:28,000 --> 00:10:35,000

While the encounters continue in Florida, the most recent UFO observations have occurred thousands of miles away in Belgium.

128

00:10:35,000 --> 00:10:41,000

An amateur photographer videotaped this triangular shaped object in early 1991.

129

00:10:41,000 --> 00:10:45,000

Last year there were 500 sightings in all of Europe.

130

00:10:45,000 --> 00:10:50,000

So far this year reports in Belgium alone have totaled over 3500.

131

00:10:50,000 --> 00:10:56,000

They flew very slowly so you can see it moving in this way and then suddenly...

132

00:10:56,000 --> 00:11:03,000

From prehistoric cave art to medieval frescoes to videotapes in Florida and Belgium,

133

00:11:03,000 --> 00:11:07,000

people have been recording strange things they've seen in the skies.

134

00:11:07,000 --> 00:11:14,000

What are they? Perhaps the answer lies out beyond the stars, at this point just out of our reach.

135

00:11:15,000 --> 00:11:20,000

In July of 1991, astronomers reported the discovery of a planet

136

00:11:20,000 --> 00:11:25,000

10 times the size of Earth orbiting a star 30,000 light years away.

137

00:11:25,000 --> 00:11:31,000

If the finding is confirmed, it will be the first planet detected outside our solar system.

138

00:11:31,000 --> 00:11:35,000

Could it be possible we're not the only living beings in the universe?

139

00:11:35,000 --> 00:11:40,000

And while we're watching the skies, we wonder if someone might be watching us.

140

00:11:40,000 --> 00:11:43,000

When we return, close encounters of the second kind.

141

00:11:43,000 --> 00:11:49,000

Some UFO researchers claim that extraterrestrials are left behind traces of physical evidence.

142

00:11:49,000 --> 00:11:55,000

Why would it be exactly 46 and a half, no matter how you measure it, it's 46 and a half.

143

00:11:56,000 --> 00:12:02,000

Close encounters of the second kind are encounters that leave behind some form of physical evidence.

144

00:12:02,000 --> 00:12:04,000

Two types are most often reported.

145

00:12:04,000 --> 00:12:09,000

First, the bodies of cattle, horses, and occasionally wild animals

146

00:12:09,000 --> 00:12:12,000

mutilated by some sort of high-tech equipment.

147

00:12:12,000 --> 00:12:18,000

Second, are crop circles, enormous elaborate designs that appear overnight,

148

00:12:18,000 --> 00:12:22,000

stamped into the fields, as if by some heavenly artist.

149

00:12:23,000 --> 00:12:27,000

To my amazement, there was a huge circle in an all-seed rape field up there.

150

00:12:27,000 --> 00:12:31,000

I nearly crashed the car because I was so excited.

151

00:12:31,000 --> 00:12:35,000

The crop circle phenomenon began in the mid-1970s.

152

00:12:35,000 --> 00:12:39,000

English farmers started finding giant circles in their fields,

153

00:12:39,000 --> 00:12:43,000

pressed into their crops with the precision of a cookie cutter.

154

00:12:43,000 --> 00:12:47,000

Many thought it must all be some kind of hoax, or perhaps funny weather.

155

00:12:47,000 --> 00:12:53,000

It was strange, though, there were never any unusual tracks leading out to the circles,

156

00:12:53,000 --> 00:12:55,000

and no reports of odd weather.

157

00:12:55,000 --> 00:13:01,000

Baffled scientists flocked to circle locations, hoping to find a reasonable explanation for the phenomenon.

158

00:13:01,000 --> 00:13:08,000

But one-by-one theories blaming disease, helicopters, tornadoes, and hoax artists were shot down.

159

00:13:08,000 --> 00:13:12,000

I've come across many hoaxes, and you can tell them within two minutes,

160

00:13:12,000 --> 00:13:19,000

because the normal circles, the corners, are simply gently moved down, and the stalks are not broken.

161

00:13:19,000 --> 00:13:24,000

Anybody that tries to reproduce a hoax circle by chain, trampling,

162

00:13:24,000 --> 00:13:28,000

any way you may think will damage the structure of the crop involved.

163

00:13:28,000 --> 00:13:33,000

What does it all mean? Well, this is one case where your guess is probably as good as any.

164

00:13:33,000 --> 00:13:37,000

There are, as yet, no prevailing theories on how the circles are being formed.

165

00:13:37,000 --> 00:13:41,000

Remember, we are stepping into the unknown.

166

00:13:41,000 --> 00:13:46,000

Banded together into an organization for scientific examination of the circles,

167

00:13:46,000 --> 00:13:50,000

British researchers are baffled at the fact that bent-over crops keep growing,

168

00:13:50,000 --> 00:13:53,000

and show no signs of any physical contact.

169

00:13:53,000 --> 00:13:57,000

They say their evidence does indicate the circles are formed in about 5 to 10 seconds,

170

00:13:57,000 --> 00:14:03,000

and are caused by some tugging force, though the roots are not pulled from the soil.

171

00:14:03,000 --> 00:14:06,000

And the circles aren't confined only to Britain.

172

00:14:06,000 --> 00:14:09,000

It's the first time that this has happened.

173

00:14:09,000 --> 00:14:15,000

Japan is one of the many places crop circles have shown up in the last few years,

174

00:14:15,000 --> 00:14:21,000

along with Canada and here in the United States, throughout the Midwest, in towns like Mylon, Illinois.

175

00:14:21,000 --> 00:14:26,000

I thought, well, how could anything do that without it coming out of the sky and coming down here?

176

00:14:26,000 --> 00:14:30,000

Well, they almost come down and do this because there's no way it could get in here.

177

00:14:30,000 --> 00:14:32,000

No alien droppings whatsoever.

178

00:14:32,000 --> 00:14:37,000

No. It might be a tornado or some kind of a wind, but it's why would it be exactly 46 and a half,

179

00:14:37,000 --> 00:14:40,000

no matter how you measure it, it's 46 and a half.

180

00:14:40,000 --> 00:14:45,000

During the last few years, while the rest of the world got used to the appearance of crop circles,

181

00:14:45,000 --> 00:14:48,000

British farmers found their encounters changing.

182

00:14:48,000 --> 00:14:52,000

Now, they weren't just circles anymore.

183

00:14:52,000 --> 00:14:57,000

The most amazing thing was that in 1990, in May, we started getting these pictograms,

184

00:14:57,000 --> 00:15:04,000

which are these dumbbell or barbell shaped formations with various features coming out of them,

185

00:15:04,000 --> 00:15:10,000

features like hands and claws, semi-circles on the end, all of these things.

186

00:15:10,000 --> 00:15:12,000

We've never seen anything like that before.

187

00:15:12,000 --> 00:15:18,000

The British hoaxsters who recently claimed credit for the crop circles could demonstrate only the crudest designs,

188

00:15:18,000 --> 00:15:23,000

and the quality and quantity of their handiwork left most experts unconvinced.

189

00:15:23,000 --> 00:15:30,000

When you go into the extra pieces that were there, the claw features, key pattern, that sort of thing,

190

00:15:30,000 --> 00:15:36,000

we found they were still as precise and the claw patterns were very, very precise.

191

00:15:36,000 --> 00:15:42,000

It is impossible to reproduce an entire structure like that, which is nearly 300 feet in length,

192

00:15:42,000 --> 00:15:45,000

without creating an immense amount of damage in its construction.

193

00:15:45,000 --> 00:15:51,000

Despite attempts by a wide range of experts, no one has been able to photograph a circle being made.

194

00:15:51,000 --> 00:15:56,000

But strange sounds have often been recorded lingering within the circle area,

195

00:15:56,000 --> 00:16:00,000

sounds that can best be described as a trilling noise.

196

00:16:00,000 --> 00:16:06,000

And researchers do get plenty of reports of strange sightings.

197

00:16:06,000 --> 00:16:15,000

Oh, at least 20 or more cases of circles which have formed following the UFO activity,

198

00:16:15,000 --> 00:16:18,000

or following globes of light which have descended into the field,

199

00:16:18,000 --> 00:16:23,000

or lights which have shone beams down into the field.

200

00:16:23,000 --> 00:16:28,000

Clearly they seem to be related to electromagnetism, there's overwhelming evidence of that,

201

00:16:28,000 --> 00:16:33,000

but how electromagnetic forces can produce this effect, we don't know.

202

00:16:33,000 --> 00:16:38,000

What I think is becoming very clear now is that we are forced to conclude

203

00:16:38,000 --> 00:16:44,000

that because these patterns are very symmetrical and very beautiful, that they are designs.

204

00:16:44,000 --> 00:16:52,000

They are designs and therefore there's a designer, and therefore there's an intelligence of some sort behind the design.

205

00:16:52,000 --> 00:17:03,000

This is the fifth cattle steer that's been mutilated since mid-spring of this year.

206

00:17:03,000 --> 00:17:07,000

North American livestock farmers are also dealing with a strange phenomenon

207

00:17:07,000 --> 00:17:11,000

that's been classified as a close encounter of the second kind.

208

00:17:11,000 --> 00:17:15,000

Although this one is as repulsive as the crop circles are beautiful,

209

00:17:15,000 --> 00:17:21,000

since the mid-60s some ranchers in the American and Canadian West have been finding dead animals in their fields.

210

00:17:21,000 --> 00:17:25,000

Investigators have dismissed predators as a probable cause,

211

00:17:25,000 --> 00:17:30,000

because there are rarely any tracks around the body, not even the tracks of the animal itself.

212

00:17:30,000 --> 00:17:35,000

The carcasses are usually neatly cut open, organs removed with surgical precision,

213

00:17:35,000 --> 00:17:42,000

and as Joel Bradshaw discovered on his ranch in Arkansas, the aftermath is an oddly bloodless scene.

214

00:17:42,000 --> 00:17:47,000

The blood had been taken away, there was no blood, no word,

215

00:17:47,000 --> 00:17:52,000

you could take a piece of white piece of cloth and lay again it, and you didn't get no blood or nothing.

216

00:17:52,000 --> 00:17:57,000

Some have said cult followers are to blame, but medical evidence makes that unlikely.

217

00:17:57,000 --> 00:18:05,000

Tissue samples sent to Oregon State University for testing showed that high heat had been used to make the strange rippled incisions,

218

00:18:05,000 --> 00:18:08,000

heat like that of a medical laser.

219

00:18:08,000 --> 00:18:11,000

So maybe it's the work of high-tech cultists.

220

00:18:11,000 --> 00:18:15,000

Well, medical lasers didn't even exist when this phenomenon began,

221

00:18:15,000 --> 00:18:20,000

and even today's so-called portable lasers require a generator the size of a large freezer.

222

00:18:20,000 --> 00:18:25,000

Many farmers say they don't need medical evidence. They know their fields very well,

223

00:18:25,000 --> 00:18:29,000

and animals and humans would leave evidence behind.

224

00:18:29,000 --> 00:18:32,000

Human beings will always make mistakes along that line.

225

00:18:32,000 --> 00:18:40,000

They'll forget something or drop something, or put there's no sign, you can go on 50 yards around it and never find anything.

226

00:18:40,000 --> 00:18:46,000

As with crop circles, UFO sightings often seem to precede the mutilations.

227

00:18:46,000 --> 00:18:54,000

There have been possibly 15,000 of these cases in the United States and Canada since the 60s,

228

00:18:54,000 --> 00:19:00,000

and you look at the records, you look at if there's anybody been prosecuted, has anybody been arrested,

229

00:19:00,000 --> 00:19:05,000

and you don't find that, you don't find any prosecutions, you don't find any arrests.

230

00:19:05,000 --> 00:19:09,000

In a forensic sense, you use all the information, you look at all of it,

231

00:19:09,000 --> 00:19:20,000

and when you get all of that information and you run it through a sieve, you come out that there is some other non-human entity doing this.

232

00:19:20,000 --> 00:19:28,000

So who or what is plucking animals from their fields, only to return them later, dead and missing some of their organs?

233

00:19:28,000 --> 00:19:33,000

Journalist and documentary filmmaker Linda Moulton-Howe, who helped bring the mystery to light with her book,

234

00:19:33,000 --> 00:19:36,000

An Alien Harvest, has a theory.

235

00:19:36,000 --> 00:19:44,000

The mutilations are part of some incredible extraterrestrial genetic research that is linked to the phenomenon of human abductions.

236

00:19:44,000 --> 00:19:52,000

What's unknown is, is the genetic experiment to make something from our DNA, the cattle DNA, other animal DNA,

237

00:19:52,000 --> 00:19:59,000

and take it away somewhere? Or is it to make something that is going to cohabit with us on this planet?

238

00:19:59,000 --> 00:20:03,000

Or some reason that is impossible for us to even imagine?

239

00:20:03,000 --> 00:20:11,000

Whether it's animal mutilations or crop circles, both close encounters raise interesting questions about what they mean.

240

00:20:11,000 --> 00:20:14,000

Could they be part of some extraordinary plan?

241

00:20:14,000 --> 00:20:18,000

One theory suggests that if the pictograms are formed by extraterrestrials,

242

00:20:18,000 --> 00:20:24,000

they may be a non-threatening way for preparing the human race for eventual open contact.

243

00:20:24,000 --> 00:20:37,000

I think there is a symbolism embodied in the circles which is highly relevant and something which we probably can't all understand at an intellectual level,

244

00:20:37,000 --> 00:20:40,000

but possibly we understand it at a subconscious level.

245

00:20:40,000 --> 00:20:47,000

I think there's great significance to that, I think that the circles will probably change all of us.

246

00:20:47,000 --> 00:20:53,000

Music

247

00:20:53,000 --> 00:21:00,000

Coming up, this man claims to have had a close encounter of the third kind, the sighting of an alien being.

248

00:21:00,000 --> 00:21:06,000

My Uncle Ted was standing more over here, kind of leaned over like this, and we're talking to this creature.

249

00:21:07,000 --> 00:21:17,000

Beyond spacecraft sightings and physical evidence is another category of close encounter, the third kind, interaction with alien beings.

250

00:21:17,000 --> 00:21:22,000

The most thoroughly documented incident in UFO history led to an encounter of this kind.

251

00:21:22,000 --> 00:21:27,000

It occurred on a desolate stretch of New Mexico desert in 1947.

252

00:21:27,000 --> 00:21:31,000

That year, hundreds of UFOs were reported across the West.

253

00:21:31,000 --> 00:21:40,000

UFO researchers theorized that perhaps because the army was testing nuclear weapons, aliens were interested in how advanced our technology had become.

254

00:21:40,000 --> 00:21:50,000

And on July the 2nd, one of those hundreds of flying objects supposedly crashed, setting the stage for a close encounter of the third kind.

255

00:21:50,000 --> 00:21:57,000

Music

256

00:21:57,000 --> 00:22:02,000

Roswell, New Mexico. It's as quiet and peaceful today as it has been for decades.

257

00:22:02,000 --> 00:22:08,000

But on July 8th, 1947, that tranquility was shattered by a local newspaper headline.

258

00:22:08,000 --> 00:22:12,000

Air Force captures flying saucer on ranch in Roswell region.

259

00:22:12,000 --> 00:22:22,000

The story described wreckage of a flying disc found near a place called Corona and was based on a press release written by the public information officer at Roswell Air Base, Lieutenant Walter Hoth.

260

00:22:22,000 --> 00:22:34,000

This building here, building number 84 is a building I believe that they brought materials from the Corona crash and stored them in here temporarily.

261

00:22:35,000 --> 00:22:44,000

The Chief Intelligence Officer at the base, Major Jesse Marcell Sr., was sent out to the ranch to collect the crash debris and transport it to the Army Air Force headquarters for examination.

262

00:22:44,000 --> 00:22:49,000

In the meantime, newspapers all over the western United States picked up the story.

263

00:22:49,000 --> 00:22:55,000

But before Marcell had landed his plane in strange cargo, the Air Force issued a second bulletin.

264

00:22:55,000 --> 00:23:08,000

By the time the B-29 with Jesse Marcell and some of the wreckage got to the headquarters two hours after they left in Fort Worth, Texas, the fix was already in to kill the story.

265

00:23:08,000 --> 00:23:16,000

The second press release was far different from the first, saying the wreckage was actually from a weather balloon.

266

00:23:16,000 --> 00:23:24,000

Could the Army's top intelligence investigators have committed such a basic blunder, failing to recognize the mundane remains of a weather balloon

267

00:23:24,000 --> 00:23:33,000

when they first encountered it? No, says nuclear physicist and part-time UFO researcher Stanton Friedman, who's been investigating the Roswell crash for over a decade.

268

00:23:33,000 --> 00:23:42,000

He says that while Marcell was in the air, the Roswell Base Commander, Brigadier General Roger Rainey, got orders from Washington to cover up the incident.

269

00:23:42,000 --> 00:23:48,000

And what he did was arrange for the wreckage of a weather balloon, the radar reflector, on a weather balloon.

270

00:23:48,000 --> 00:23:56,000

And for a while, the saucer saga was forgotten and might have remained so if Major Marcell hadn't rekindled the fire in 1980.

271

00:23:56,000 --> 00:24:02,000

Just before he died, Marcell admitted that the weather balloon story had been fabricated to hide the truth.

272

00:24:02,000 --> 00:24:06,000

He told Walter Hott, there really was a saucer crash.

273

00:24:06,000 --> 00:24:17,000

He made statements to the effect that it was nothing of this world. It couldn't be bent, torn, cut, pierced, burned.

274

00:24:17,000 --> 00:24:25,000

He went through a whole list of them. He said we just don't have the technology to produce material like I brought in from that ranch.

275

00:24:25,000 --> 00:24:30,000

The government steadfastly maintains that there never was a crash near Roswell.

276

00:24:30,000 --> 00:24:36,000

But Friedman contends his research shows there was not just one, but two UFO crashes that day.

277

00:24:36,000 --> 00:24:42,000

The result of a spectacular mid-air collision, which brings us to our close encounter of the third kind.

278

00:24:42,000 --> 00:24:47,000

Friedman says wreckage of the second craft landed some 200 miles away from the first.

279

00:24:47,000 --> 00:24:50,000

And this time, there were survivors.

280

00:24:50,000 --> 00:25:04,000

When I first came up to the craft, the creatures were laying like this in a line, side by side.

281

00:25:04,000 --> 00:25:10,000

And the live one was over here.

282

00:25:10,000 --> 00:25:17,000

Gerald Anderson says he was five years old when he and his family came across the unearthly wreckage and bodies.

283

00:25:17,000 --> 00:25:22,000

My dad was kind of right about here, and he was sitting like this.

284

00:25:22,000 --> 00:25:29,000

My uncle Ted was standing more over here, kind of laying over like this, and we're talking to this creature.

285

00:25:29,000 --> 00:25:33,000

Anderson's story matches that of others who were in the area at the time.

286

00:25:33,000 --> 00:25:38,000

With the help of hypnotherapy, he's been able to remember the encounter with startling detail.

287

00:25:38,000 --> 00:25:42,000

His description matches those from people who claim to have seen aliens.

288

00:25:42,000 --> 00:25:47,000

Four feet tall, grayish skin, large eyes, long skinny arms and fingers.

289

00:25:47,000 --> 00:25:55,000

Anderson recalls two aliens were dead, a third dying, and a fourth alien survivor seemed to be trying to communicate.

290

00:25:55,000 --> 00:25:58,000

And just suddenly he turned and he looked at me.

291

00:25:58,000 --> 00:26:04,000

And when that happened, all kinds of things just started happening inside my head.

292

00:26:04,000 --> 00:26:13,000

I started getting sensations of tumbling and falling and an awful loneliness like there was no way he could possibly get back to where he came from.

293

00:26:13,000 --> 00:26:18,000

Anderson says that within a matter of minutes, the military arrived, sealing off the area.

294

00:26:18,000 --> 00:26:22,000

The civilians at the site were threatened with bodily harm if they talked.

295

00:26:22,000 --> 00:26:32,000

Nevertheless, in the past 20 years, hundreds of witnesses have come forward, some daring to speak, only on their deathbeds.

296

00:26:32,000 --> 00:26:37,000

Out in the New Mexico desert, there's no longer any trace of alien craft.

297

00:26:37,000 --> 00:26:44,000

Statue and Freedman says the story can't be covered up forever. There were simply too many witnesses.

298

00:26:44,000 --> 00:26:51,000

We have testimony from over 200 people concerned with these events. People who handled the wreckage, people who described the bodies,

299

00:26:51,000 --> 00:26:56,000

people who had direct orders, military orders to do this, that, or the other thing.

300

00:26:56,000 --> 00:27:02,000

We have consistent testimony that in a court of law would convict anybody of a crime.

301

00:27:02,000 --> 00:27:08,000

Even with the overwhelming amount of testimony, the government has refused to acknowledge that either crash ever happened.

302

00:27:08,000 --> 00:27:12,000

None of the debris has surfaced. Neither have any official documents.

303

00:27:12,000 --> 00:27:15,000

And most of the first-hand witnesses have died.

304

00:27:15,000 --> 00:27:21,000

As for the captured alien, the most often told story suggests that he lived for a few years at a military installation

305

00:27:21,000 --> 00:27:25,000

and then died of an unexplained illness in the early 50s.

306

00:27:25,000 --> 00:27:32,000

When we return, close encounters of the fourth kind, people who claim to have been abducted.

307

00:27:32,000 --> 00:27:35,000

Once the beam of light hit me, I was paralyzed.

308

00:27:36,000 --> 00:27:43,000

The following program deals with a controversial subject. The theories expressed are not the only possible interpretation.

309

00:27:43,000 --> 00:27:47,000

The viewer is invited to make a judgment based on all available information.

310

00:27:48,000 --> 00:27:55,000

Close encounters of the fourth kind are by far the most frightening. Abductions of human beings by aliens.

311

00:27:55,000 --> 00:28:01,000

According to those who claim to have been abducted, they're transported by a beam of light aboard a spacecraft,

312

00:28:01,000 --> 00:28:08,000

set up on an examination table surrounded by strange creatures, probed and prodded as tissue and fluid samples are taken,

313

00:28:08,000 --> 00:28:15,000

and then returned to the point from which they were abducted, most often with little or no recollection of what happened.

314

00:28:15,000 --> 00:28:21,000

The one thing they know for certain is that minutes, even hours have passed that they can't account for.

315

00:28:21,000 --> 00:28:25,000

This form of amnesia is known as missing time.

316

00:28:25,000 --> 00:28:33,000

This missing time aspect is very, very common in abduction experiences where the person cannot remember where he or she was.

317

00:28:33,000 --> 00:28:37,000

Bud Hopkins, bestselling author and UFO abduction investigator.

318

00:28:37,000 --> 00:28:44,000

It was fairly early, about nine in the morning when I headed out and it was nearly noon when I got back.

319

00:28:45,000 --> 00:28:49,000

And that didn't really seem to make much sense.

320

00:28:49,000 --> 00:28:53,000

Gene Robinson abducted twice in childhood.

321

00:28:53,000 --> 00:28:59,000

I didn't feel anything. I was like, you're just like time stops.

322

00:28:59,000 --> 00:29:04,000

Cindy Doherty abducted with her mother, Judy, in 1973.

323

00:29:04,000 --> 00:29:07,000

And at that point, the events are blank.

324

00:29:07,000 --> 00:29:11,000

Jesse Long abducted several times since 1956.

325

00:29:11,000 --> 00:29:18,000

Under hypnosis, we seem to find the only tool we have of getting at what is a genuine period of missing time.

326

00:29:18,000 --> 00:29:25,000

In recent years, hypnosis has gained wider acceptance as a reliable method to enhance memory of past events.

327

00:29:25,000 --> 00:29:30,000

Even police departments have used the method to help witnesses remember details of crimes.

328

00:29:30,000 --> 00:29:38,000

John Carpenter is a psychiatric hypnotherapist from Springfield, Missouri, who's worked with over 50 people who claim they were abducted by aliens.

329

00:29:38,000 --> 00:29:50,000

They're not fantasizing or creating these stories, but they're very real people who are telling me the same, almost boring details.

330

00:29:50,000 --> 00:29:57,000

Over and over again, we get these hidden consistencies in abduction reports which come out through hypnosis.

331

00:29:57,000 --> 00:30:01,000

And they match exactly the kinds of things that come out under normal recall.

332

00:30:01,000 --> 00:30:10,000

And I don't remember stopping, I don't remember pulling over and parking the car, but it was inside the halfway in the road and halfway not.

333

00:30:10,000 --> 00:30:15,000

And this is when I saw this spotlight then was doing this like a beam.

334

00:30:15,000 --> 00:30:17,000

Once the beam of light hit me, I was paralyzed.

335

00:30:17,000 --> 00:30:20,000

And at that moment, that's when I was on the craft.

336

00:30:20,000 --> 00:30:23,000

The description of the UFO occupants are extremely similar.

337

00:30:23,000 --> 00:30:25,000

They were about three feet tall.

338

00:30:25,000 --> 00:30:26,000

Maybe this high.

339

00:30:26,000 --> 00:30:29,000

Their skin looked like it was made of marshmallow.

340

00:30:29,000 --> 00:30:31,000

White pale color.

341

00:30:31,000 --> 00:30:33,000

And they had real big eyes.

342

00:30:33,000 --> 00:30:34,000

Large dark eyes.

343

00:30:34,000 --> 00:30:37,000

They had real large claw-like hands.

344

00:30:37,000 --> 00:30:39,000

I couldn't tell if they were mittens or what.

345

00:30:39,000 --> 00:30:44,000

Just two nostrils or slits for a nose and a slit for a mouth.

346

00:30:44,000 --> 00:30:46,000

They didn't walk, they like glided.

347

00:30:46,000 --> 00:30:49,000

The bottom part of their legs kind of like almost robotic.

348

00:30:49,000 --> 00:30:53,000

The person will describe being on a table, which is generally metallic.

349

00:30:53,000 --> 00:30:56,000

They are unable to move.

350

00:30:56,000 --> 00:30:58,000

And the beings were standing around me.

351

00:30:58,000 --> 00:30:59,000

Looking at me.

352

00:30:59,000 --> 00:31:01,000

Examining my body.

353

00:31:01,000 --> 00:31:05,000

Now when they're on the table, they describe operations which take place.

354

00:31:05,000 --> 00:31:11,000

The next thing I remember, they have this thing in front of my eye.

355

00:31:11,000 --> 00:31:16,000

Like a metal instrument that was kind of like shaped like an L.

356

00:31:16,000 --> 00:31:18,000

And it stuck it.

357

00:31:18,000 --> 00:31:21,000

It went all the way back down to here though in my throat.

358

00:31:21,000 --> 00:31:25,000

As proof the operations have taken place, those who believe they were abducted

359

00:31:25,000 --> 00:31:29,000

often point to unexplainable scars, even implants.

360

00:31:29,000 --> 00:31:35,000

My mother remembers me pointing out that I had a scar on my leg.

361

00:31:35,000 --> 00:31:38,000

She said it never bled.

362

00:31:38,000 --> 00:31:43,000

The scar appeared simultaneously with Jesse's abduction experience at age 4 in 1956.

363

00:31:43,000 --> 00:31:48,000

Beneath the scar, Jesse could always feel a small object.

364

00:31:48,000 --> 00:31:52,000

It was in my leg for 34 years and I finally decided to have it removed.

365

00:31:52,000 --> 00:31:54,000

And this is what they took out.

366

00:31:54,000 --> 00:31:58,000

Though tests have revealed the object is made of silicone and trace metals,

367

00:31:58,000 --> 00:32:00,000

they don't answer where it came from.

368

00:32:00,000 --> 00:32:04,000

If it is an alien implant, one theory is that it might be a tracking device

369

00:32:04,000 --> 00:32:08,000

similar to those used in tagging operations for birds and other wildlife.

370

00:32:08,000 --> 00:32:12,000

We're looking at something which is more like what we do with wildlife.

371

00:32:12,000 --> 00:32:16,000

It seems scientific. It seems research oriented.

372

00:32:16,000 --> 00:32:21,000

It seems like there's a real important purpose behind it in not to interfere or destroy us.

373

00:32:21,000 --> 00:32:25,000

But in terms that we have something that perhaps they need

374

00:32:25,000 --> 00:32:28,000

and perhaps they're helping us in some way.

375

00:32:28,000 --> 00:32:33,000

In addition to the consistent and compelling nature of these abduction accounts,

376

00:32:33,000 --> 00:32:37,000

it's the conviction behind the stories that has impressed Dr. John Mack,

377

00:32:37,000 --> 00:32:40,000

a professor of psychiatry at Harvard Medical School.

378

00:32:40,000 --> 00:32:47,000

What is persuasive to me is that these individuals report this experience as real.

379

00:32:47,000 --> 00:32:52,000

Because it is not dream, it is not fantasy, it is not delusion in my judgment.

380

00:32:52,000 --> 00:32:58,000

I've had every psychological test they have and they all came out just fine.

381

00:32:58,000 --> 00:33:01,000

Inevitably all this anecdotal evidence invited the question,

382

00:33:01,000 --> 00:33:04,000

why do abductions happen?

383

00:33:04,000 --> 00:33:09,000

The answer could be that we're part of a grand intergalactic biological experiment.

384

00:33:09,000 --> 00:33:15,000

Some people hypothesize that their planet or where they come from is arid and barren

385

00:33:15,000 --> 00:33:21,000

and they've lost their own reproductive capability so they are trying to find a new genetic stock with us.

386

00:33:21,000 --> 00:33:30,000

Perhaps we're looking at some survival process where part of our makeup is strengthening their makeup.

387

00:33:30,000 --> 00:33:38,000

There is very powerful evidence and this sounds crazy, but it's true that they are trying to achieve some kind of blend or mix.

388

00:33:38,000 --> 00:33:42,000

It's almost as if the missing link is knocking at our back door.

389

00:33:42,000 --> 00:33:45,000

The stories are hard to believe.

390

00:33:45,000 --> 00:33:49,000

However, people who live thousands of miles apart and have never been in contact with each other

391

00:33:49,000 --> 00:33:56,000

have described their ordeals with striking similarity and reported incidents of abduction are on the rise.

392

00:33:56,000 --> 00:34:00,000

But no government authorities have come forward to corroborate the information.

393

00:34:00,000 --> 00:34:05,000

After this break, we'll look into what governments all over the world know about UFOs

394

00:34:05,000 --> 00:34:08,000

and why they've classified their information beyond top secret.

395

00:34:08,000 --> 00:34:14,000

People are more afraid of our government than they are of organized crime.

396

00:34:14,000 --> 00:34:21,000

Since the first UFO sightings in 1947, our government has willingly told us two things about flying saucers.

397

00:34:21,000 --> 00:34:29,000

A, they don't exist and B, no government agency has any more information about the subject than has already been made public.

398

00:34:29,000 --> 00:34:35,000

But UFO investigators charge that documents in their possession prove that the military and the government

399

00:34:35,000 --> 00:34:42,000

since the end of World War II have orchestrated a constant and effective campaign of disinformation concerning UFOs.

400

00:34:42,000 --> 00:34:47,000

Our government has flat-out lied to us for 40 years or more.

401

00:34:47,000 --> 00:34:50,000

They've threatened people and intimidated people.

402

00:34:50,000 --> 00:34:56,000

They've spied on UFO groups, infiltrated UFO groups, spied on researchers, compiled dossiers.

403

00:34:56,000 --> 00:34:59,000

Their response is bordered on paranoia.

404

00:35:00,000 --> 00:35:06,000

In 1988, reporter George Knapp of Las Vegas CBS television station KLAS

405

00:35:06,000 --> 00:35:10,000

began investigating the U.S. government's involvement with UFOs.

406

00:35:10,000 --> 00:35:17,000

He says he's found evidence proving a massive cover-up that began in 1947 and continues to this day.

407

00:35:17,000 --> 00:35:22,000

The CIA says that it does not collect information on UFOs and it hasn't since the 50s.

408

00:35:22,000 --> 00:35:30,000

There are reams of documents squeezed out of the CIA that indicate that they have on-staff CIA UFO experts,

409

00:35:30,000 --> 00:35:34,000

agency personnel monitoring the situation on an ongoing basis.

410

00:35:34,000 --> 00:35:40,000

The FBI denied having any documents on UFOs in the 1970s, the early 1970s.

411

00:35:40,000 --> 00:35:46,000

Three years later, they released 1,700 pages of information on UFOs, documents that they had.

412

00:35:46,000 --> 00:35:48,000

They lie.

413

00:35:49,000 --> 00:35:55,000

But for UFO researchers, there is one persistent problem with those hundreds of released pages.

414

00:35:55,000 --> 00:36:03,000

Most, like this 1958 UFO memo to President Eisenhower, have been highly-sensitive, essentially making them unreadable.

415

00:36:03,000 --> 00:36:11,000

Even this National Security Agency document explaining why UFO data should remain secret is itself almost entirely blacked out.

416

00:36:11,000 --> 00:36:18,000

Ironically, the official position of the U.S. government is that UFOs are not a threat to national security.

417

00:36:18,000 --> 00:36:24,000

Yet, the agencies involved claim the censored information is vital to national security.

418

00:36:24,000 --> 00:36:29,000

From 1947 to 1969, the Air Force conducted Project Blue Book.

419

00:36:29,000 --> 00:36:34,000

Staffed with just three people, it studied 12,000 UFO sightings.

420

00:36:34,000 --> 00:36:38,000

All but 701 were explained to the military satisfaction.

421

00:36:38,000 --> 00:36:41,000

And the group that remained unexplained...

422

00:36:41,000 --> 00:36:52,000

It does not contain any pattern of purpose or of consistency that we can relate to any conceivable threat to the United States.

423

00:36:52,000 --> 00:36:58,000

The Air Force closed Blue Book in 1969, but project critics weren't satisfied.

424

00:36:58,000 --> 00:37:06,000

The first person to head it up, Captain Edward J. Repelt, quit in disgust, wrote his own book and declared that there was something to UFOs.

425

00:37:06,000 --> 00:37:09,000

The Project Blue Book was nothing more than a whitewash.

426

00:37:09,000 --> 00:37:17,000

The United States government has spent a lot of time and effort debunking UFOs, even to the point of turning the whole thing into a joke.

427

00:37:17,000 --> 00:37:28,000

Of all the items in our stock catalog, there's only one which would have the high velocity and low wind resistance of flying saucers.

428

00:37:28,000 --> 00:37:32,000

The cover of a GI trash can.

429

00:37:32,000 --> 00:37:41,000

But some military people, like retired Marine Major Donald Keough, spoke out, accusing the government of hiding what it knows about UFOs.

430

00:37:41,000 --> 00:37:45,000

This is not an attack on the Air Force spokesman or the Project spokesman.

431

00:37:45,000 --> 00:37:57,000

They are simply following orders to explain away all UFO sightings as quickly as possible when they become public and deny that UFOs really exist.

432

00:37:57,000 --> 00:38:04,000

We have not been hiding anything. The investigations have been made public.

433

00:38:04,000 --> 00:38:09,000

The explanations of those where there is a clear explanation have been made public.

434

00:38:12,000 --> 00:38:18,000

What the Air Force hadn't made public was that its pilots had been reporting UFO contacts since World War II.

435

00:38:18,000 --> 00:38:26,000

The Air Force was so concerned that in 1953, it even sent its own planes on a mission to seek out and photograph flying saucers.

436

00:38:26,000 --> 00:38:35,000

Guy Kirkwood was one of the flyers. After 19 days in the air, he and his fighter group spotted 16 objects, two miles to the west.

437

00:38:35,000 --> 00:38:43,000

They broke, ranked, and just started moving all over. They were below us, they were above us, they were out in front of us.

438

00:38:43,000 --> 00:38:53,000

And exhilarating, literally at lightning speed and a dot in the distance, maybe several miles away from you at that point, maybe a pencil point.

439

00:38:53,000 --> 00:39:04,000

All of a sudden, closing on you at the rate of several thousand miles an hour and a 36 foot object, which is basically almost the same size as our aircrafts, a 36 foot wingspan.

440

00:39:04,000 --> 00:39:08,000

But all of a sudden, this thing is just closing on you faster than you're able to think.

441

00:39:08,000 --> 00:39:16,000

After two more encounters with smaller groups of disks, the Air Force called off the mission because of the physical effects on the flight crews.

442

00:39:16,000 --> 00:39:26,000

Kirkwood went on to become a commercial pilot and later he began to talk about his UFO encounters. That quickly earned him a visit from two government agents. They told him to stop.

443

00:39:26,000 --> 00:39:34,000

And they said, well, the government doesn't like the information being released and to continue could be detrimental to your health.

444

00:39:34,000 --> 00:39:40,000

Kirkwood says the pilots shot thousands of feet of film of UFOs. That film has never been made public.

445

00:39:40,000 --> 00:39:49,000

Other government officials, including a senator and two men who became president, have tried unsuccessfully to shed some light on the UFO phenomenon.

446

00:39:49,000 --> 00:40:02,000

Arizona Senator Barry Goldwater, President Gerald Ford and President Jimmy Carter, who actually saw a UFO himself and filed a formal report, have all sought to have top secret UFO information released to the public.

447

00:40:02,000 --> 00:40:05,000

All requests for that information were denied.

448

00:40:05,000 --> 00:40:09,000

Cover-up allegations aren't limited to the United States government either.

449

00:40:09,000 --> 00:40:15,000

Author Timothy Good claims that governments around the world are keeping UFO information top

secret.

450

00:40:15,000 --> 00:40:22,000

And in his book, *Above Top Secret*, he claims only an elite few have access to that information.

451

00:40:22,000 --> 00:40:37,000

I would like to emphasize that very few people in governments have the faintest idea what's happening because so little of the research is made known to top ministers.

452

00:40:38,000 --> 00:40:47,000

One country is bucking that trend. Belgium has acknowledged tracking unidentified, seemingly intelligently controlled craft in its airspace.

453

00:40:47,000 --> 00:40:57,000

Radar tapes released by the Air Force show an object jumping from 200 meters to 2,000 meters in one second, a distance of just over a mile.

454

00:40:57,000 --> 00:41:02,000

The Belgium Air Force has even put aside a plane to search for the objects.

455

00:41:02,000 --> 00:41:06,000

But the attitude of the United States remains very different.

456

00:41:06,000 --> 00:41:13,000

UFO experts claim our government is conducting top secret research into UFOs in the middle of the Nevada desert.

457

00:41:13,000 --> 00:41:22,000

South of a dry lakebed known as Area 51 is a place known as S-4, allegedly home to a super-secret government research facility.

458

00:41:22,000 --> 00:41:27,000

In the course of our investigation, we found a scientist who says he used to work there.

459

00:41:27,000 --> 00:41:32,000

Robert Lazar was shocked when he first discovered what it was he would be working on.

460

00:41:32,000 --> 00:41:41,000

I got out of the bus, I was told to walk directly through the hangar and immediately, even before entering the hangar, you can see the edge of a disk.

461

00:41:41,000 --> 00:41:51,000

This is your classic flying saucer, two inverted pie plates if you wish, with a segmented larger area dome on top.

462

00:41:51,000 --> 00:41:56,000

Within minutes of that, I finally realized that this had nothing to do with something the government was producing.

463

00:41:57,000 --> 00:42:00,000

And it was quite shocking because everything inside was small.

464

00:42:00,000 --> 00:42:04,000

This was a full-sized craft, 30-35 feet in diameter, maybe 40.

465

00:42:04,000 --> 00:42:15,000

But you're looking at seats that are 18 inches off the ground, obviously made for something smaller.

466

00:42:15,000 --> 00:42:17,000

And certainly wasn't made for children to play in.

467

00:42:17,000 --> 00:42:22,000

Lazar says there were nine spaceships in all, and he claims to have seen one fly.

468

00:42:22,000 --> 00:42:33,000

It began to lift off the ground almost silently. There was a hiss sound, like a corona discharge if you hear around high-voltage systems, accompanied by a faint, it probably wouldn't have been brighter at night,

469

00:42:33,000 --> 00:42:36,000

a faint blue glow around the bottom.

470

00:42:36,000 --> 00:42:43,000

As the craft approached about 30 feet, 20 feet, something like that off the ground, that corona discharge disappeared.

471

00:42:43,000 --> 00:42:50,000

The sound stopped and the craft stood there silently and slowly drifted over to the left and then to the right.

472

00:42:51,000 --> 00:42:55,000

The government denies their testing alien craft at S-4.

473

00:42:55,000 --> 00:43:01,000

Lazar no longer works there and nowadays spends his time working on one of his hobbies, jet-car racing.

474

00:43:01,000 --> 00:43:07,000

He alleges that after he went public, security officers at the base threatened his life.

475

00:43:07,000 --> 00:43:12,000

He also says that his employment and military service records have disappeared.

476

00:43:12,000 --> 00:43:15,000

Despite repeated requests, the government can't find them.

477

00:43:15,000 --> 00:43:26,000

The subcontractor who hired him for the job at S-4 refuses to comment, but a few clues support Lazar's contention that he is a scientist and that he has worked for the government.

478

00:43:26,000 --> 00:43:32,000

This W-2 form indicates that he had been employed by the Department of Naval Intelligence.

479

00:43:32,000 --> 00:43:38,000

Before his stint at S-4, Lazar claims to have worked at the Los Alamos National Laboratory.

480

00:43:38,000 --> 00:43:45,000

Los Alamos officials can't find any record of him, but his name does appear in a laboratory phone book from that time.

481

00:43:45,000 --> 00:43:56,000

Reporter George Knapp was able to track down a few of Lazar's colleagues who could confirm parts of his story, but when they talked to Knapp, something strange happened.

482

00:43:56,000 --> 00:44:05,000

One after another had visits from government personnel who basically intimidated or told them to back off, followed them around.

483

00:44:05,000 --> 00:44:12,000

There didn't have to be any direct communication where an agent says, you keep talking to this guy, you're going to end up in a river.

484

00:44:12,000 --> 00:44:14,000

The message was very clear.

485

00:44:16,000 --> 00:44:21,000

Since Lazar's story broke, Area 51 has become a hotbed for UFO sightings.

486

00:44:21,000 --> 00:44:25,000

Are you seeing what I'm seeing? Are you seeing this thing zip back and forth or is it just...

487

00:44:25,000 --> 00:44:28,000

You see that? It just zipped to the left. See it again?

488

00:44:28,000 --> 00:44:32,000

While our cameras were there, a bright light appeared in the night sky.

489

00:44:32,000 --> 00:44:36,000

Utterly silent, it seemed to float below the mountain tops.

490

00:44:36,000 --> 00:44:39,000

Analysis of our videotape proved inconclusive.

491

00:44:39,000 --> 00:44:42,000

Those who might know the answers are talking.

492

00:44:42,000 --> 00:44:51,000

I've been covering organized crime in Las Vegas for ten years, dealing with mob hit men and mob informants, people who have been in the witness protection program,

493

00:44:51,000 --> 00:44:58,000

the fear that is generated by this UFO subject for people who really know about it far outweighs the kind of fear that the mob inspires.

494

00:44:58,000 --> 00:45:02,000

I mean, people are more afraid of our government than they are of organized crime.

495

00:45:02,000 --> 00:45:10,000

I am exactly sure of what I saw. I know what mainstream science is like. I know where physics stands. I know all of that.

496

00:45:10,000 --> 00:45:18,000

And this is an extraterrestrial craft. This technology is hundreds and hundreds of years in advance of us, and that's the end of that story.

497

00:45:21,000 --> 00:45:27,000

Tonight, we have heard from dozens of people who describe their encounters with UFOs and aliens.

498

00:45:27,000 --> 00:45:32,000

If it's all true, skeptics wonder why aliens haven't landed on the White House long.

499

00:45:32,000 --> 00:45:34,000

Believers claim that they just might.

500

00:45:34,000 --> 00:45:38,000

UFO advocates have put forward one engaging theory.

501

00:45:38,000 --> 00:45:45,000

It states that we are being methodically conditioned for the eventual revelation that alien life forms do exist.

502

00:45:45,000 --> 00:45:49,000

More official UFO information is surfaced through the Freedom of Information Act.

503

00:45:49,000 --> 00:45:52,000

More people are willing to talk.

504

00:45:52,000 --> 00:46:00,000

And when the day finally comes and the facts are made public, the shock to our collective system would be minimal.

505

00:46:00,000 --> 00:46:03,000

But then, it's only a theory.

506

00:46:03,000 --> 00:46:07,000

For the UFO report, I'm Tim White. Good night.

507

00:46:08,000 --> 00:46:15,000

Tomorrow night, make a date with the gang from West Beverly High.

508

00:46:15,000 --> 00:46:20,000

Catch a special presentation of 90210, right after cops.

509

00:46:20,000 --> 00:46:25,000

And this Sunday, the bad boys of comedy are back with an all-new in living color.
