

1

00:00:00,000 --> 00:00:03,600

The following program deals with controversial subjects.

2

00:00:03,600 --> 00:00:07,000

The theories expressed are not the only possible interpretation.

3

00:00:07,000 --> 00:00:11,000

The viewer is invited to make a judgment based on all available information.

4

00:00:11,000 --> 00:00:16,000

Tonight on Sightings is the planet Earth on a countdown to Doomsday.

5

00:00:16,000 --> 00:00:18,000

The loss of life will be staggering.

6

00:00:18,000 --> 00:00:20,000

We uncover the startling evidence.

7

00:00:20,000 --> 00:00:25,000

Then a Russian fighter pilot who survived a frightening close encounter with a UFO.

8

00:00:25,000 --> 00:00:28,000

And our psychic makes contact with a sinister ghost molester.

9

00:00:28,000 --> 00:00:31,000

It is still attracted to the younger girls.

10

00:00:59,000 --> 00:01:04,000

Welcome to Sightings. I'm Tim White.

11

00:01:04,000 --> 00:01:10,000

Since our last report on predictions and prophecies, the response from our viewers has been overwhelming.

12

00:01:10,000 --> 00:01:14,000

There appears to be an inexhaustible fascination with the future.

13

00:01:14,000 --> 00:01:18,000

Well now with the approach of not only a new century but a new millennium,

14

00:01:18,000 --> 00:01:21,000

the number of people making long range predictions is growing.

15

00:01:21,000 --> 00:01:25,000

Some of these modern day prophets are obviously more reputable than others.

16

00:01:25,000 --> 00:01:29,000

But might one of them be the new Nostradamus?

17

00:01:29,000 --> 00:01:34,000

In the 15th century, Michel Nostradamus believed he saw the future.

18

00:01:34,000 --> 00:01:39,000

Interpreters of his work say he predicted major 20th century events,

19

00:01:39,000 --> 00:01:44,000

such as the rise of Nazi Germany, the atomic bomb and great natural disasters.

20

00:01:44,000 --> 00:01:49,000

But are there prophets among us now who have the ability to see the distant future,

21

00:01:49,000 --> 00:01:53,000

as well as events that are only weeks and months away?

22

00:01:55,000 --> 00:02:00,000

We are going to lose a lot of lives. We're going to lose them through earthquakes,

23

00:02:00,000 --> 00:02:03,000

from volcanoes, from disease.

24

00:02:03,000 --> 00:02:10,000

Civilization is going to collapse and we are going to see earth changes in the very near future.

25

00:02:13,000 --> 00:02:19,000

Like our ancestors said, the world will capsize and you will be destroyed.

26

00:02:20,000 --> 00:02:27,000

Gordon Michael Scowlin and Richard Kinner are contemporary prophets.

27

00:02:27,000 --> 00:02:32,000

Time may prove them to be heirs to Nostradamus' power of prophecy.

28

00:02:32,000 --> 00:02:38,000

Deep in the woods of rural New Hampshire, electrical engineer Gordon Michael Scowlin

29

00:02:38,000 --> 00:02:42,000

claims he's been having disturbing visions since 1979.

30

00:02:42,000 --> 00:02:46,000

According to Scowlin, the earth is about to go through massive changes

31

00:02:46,000 --> 00:02:50,000

that will drastically alter the surface of the planet.

32

00:02:50,000 --> 00:02:54,000

And, he warns, time is running out.

33

00:02:54,000 --> 00:03:00,000

A spring of 93 would be remembered in the future as when it all began,

34

00:03:00,000 --> 00:03:03,000

and life changed as we know it.

35

00:03:03,000 --> 00:03:11,000

In 1998, perhaps sooner, the United States will look much different than today.

36

00:03:11,000 --> 00:03:16,000

25% of its landmass will have gone underwater.

37

00:03:16,000 --> 00:03:21,000

We see Denver beat a seaport. Portions of Louisiana goes underwater.

38

00:03:21,000 --> 00:03:26,000

Great Lakes change underwater. Michigan becomes islands.

39

00:03:26,000 --> 00:03:31,000

Scowlin claims to receive his visions while in a trance-like state,

40

00:03:31,000 --> 00:03:33,000

assisted by his wife Cynthia Keyes.

41

00:03:33,000 --> 00:03:37,000

He believes he can then communicate directly with the earth.

42

00:03:37,000 --> 00:03:42,000

Scowlin has a high rate of accuracy, predicting the devastating hurricane

43

00:03:42,000 --> 00:03:47,000

and fruit that hits South Florida and the earth-shaking 7.6 landers' quake

44

00:03:47,000 --> 00:03:49,000

in California last summer.

45

00:03:49,000 --> 00:03:53,000

What's next? Scowlin predicts the entire planet will be plagued

46

00:03:53,000 --> 00:03:57,000

by a series of catastrophes, beginning in California.

47

00:03:57,000 --> 00:04:06,000

The next event that California will experience will be a quake that will be greater than eight.

48

00:04:06,000 --> 00:04:11,000

It will create flooding. The bridges and highways,

49

00:04:11,000 --> 00:04:14,000

especially the bridges that cross other bridges, will come down.

50

00:04:14,000 --> 00:04:22,000

It is now, in my opinion, a 95% probability that it will occur between March and May 9.

51

00:04:22,000 --> 00:04:27,000

Scowlin believes this unprecedented quake and its crippling effect on California

52

00:04:27,000 --> 00:04:31,000

will be just the precursor of greater disasters to come.

53

00:04:31,000 --> 00:04:36,000

If we believe a quake in the magnitude greater than 10 will divide California

54

00:04:36,000 --> 00:04:41,000

north to south and literally create islands, the loss of life will be staggering.

55

00:04:41,000 --> 00:04:46,000

We don't think that the largest quake possible is any larger than 9.5,

56

00:04:46,000 --> 00:04:48,000

and that's anywhere in the world.

57

00:04:48,000 --> 00:04:53,000

Dr. Kate Hutton is a seismologist at the California Institute of Technology,

58

00:04:53,000 --> 00:04:56,000

the world's leading repository of earthquake data.

59

00:04:56,000 --> 00:04:58,000

We've had several of those this century already.

60

00:04:58,000 --> 00:05:06,000

We had the 1960 Chile earthquake, 9.5, and the Alaskan earthquake in 64, 9.2.

61

00:05:06,000 --> 00:05:08,000

Neither of those destroyed civilization.

62

00:05:08,000 --> 00:05:15,000

Despite scientific skepticism, there are many people who believe civilization will change forever

63

00:05:15,000 --> 00:05:18,000

after cataclysmic seismic activity.

64

00:05:18,000 --> 00:05:24,000

Although Richard Kinnecker believes that a rare planetary alignment on May 5th in the year 2000

65

00:05:24,000 --> 00:05:29,000

will create forces great enough to alter the surface of the Earth.

66

00:05:29,000 --> 00:05:31,000

Everything will be changed everywhere.

67

00:05:31,000 --> 00:05:37,000

But that doesn't mean that all species will be wiped out or mankind will be wiped out.

68

00:05:37,000 --> 00:05:40,000

It just will be brought back again to basics.

69

00:05:40,000 --> 00:05:47,000

And probably many parts of the world will experience a stone age for maybe a generation or two.

70

00:05:47,000 --> 00:05:52,000

In 1973, Kinnecker founded the community of Stell, Illinois,

71

00:05:52,000 --> 00:05:59,000

where he gathered like-minded individuals who would prepare for the coming Earth changes in an apocalyptic future.

72

00:05:59,000 --> 00:06:04,000

The idea is really to be as self-sufficient as we can because there will be times where the grids will be down

73

00:06:04,000 --> 00:06:07,000

and we won't be able to access power from the grid.

74

00:06:07,000 --> 00:06:16,000

Stell is trying to survive by the use of common sense, logic, and forethought.

75

00:06:16,000 --> 00:06:22,000

Although Kinnecker is no longer associated with Stell, he has formed a new community in Texas.

76

00:06:22,000 --> 00:06:29,000

It's called Adelphi and is home to more than 100 people who help in the construction and maintenance of the town.

77

00:06:29,000 --> 00:06:36,000

There are also plans to start a third community named Philadelphia on an island in the Pacific Ocean.

78

00:06:36,000 --> 00:06:42,000

There, his followers believe they can start a new cradle of civilization if they can survive.

79

00:06:42,000 --> 00:06:52,000

The survival is best guaranteed by getting off the surface of the Earth for three days or so, by using the lighter than aircraft special design.

80

00:06:52,000 --> 00:07:01,000

There are many people in Stell and Adelphi who are planning to contribute towards the construction of such aircraft in order to get off the surface.

81

00:07:01,000 --> 00:07:05,000

Is there a scientific basis for any of these catastrophe prophecies?

82

00:07:05,000 --> 00:07:15,000

We're looking at what has been happening over the last five million years and it would be very surprising for us to have it change suddenly now.

83

00:07:15,000 --> 00:07:20,000

I guess things do change over the history of the Earth, but I don't think it changes that suddenly.

84

00:07:20,000 --> 00:07:27,000

Dr. Hutton and most other Earth scientists believe in what is known as uniformitarian geology.

85

00:07:27,000 --> 00:07:34,000

That's the geology most of us were taught in school that suggests Earth changes occur gradually over millions of years.

86

00:07:34,000 --> 00:07:41,000

Author and archaeologist David Childress is an inherent of what is known as cataclysmic geology.

87

00:07:41,000 --> 00:07:46,000

Earth changes and geological change can happen very rapidly and suddenly.

88

00:07:46,000 --> 00:07:54,000

Mountain ranges and other Earth changes happen not over millions of years, but over a period of days or hours.

89

00:07:54,000 --> 00:08:00,000

The evidence for ancient catastrophes and cataclysms is overwhelming to us.

90

00:08:00,000 --> 00:08:08,000

For instance, it is a known archaeological fact that there are more than 200 sunken cities in the Mediterranean alone.

91

00:08:08,000 --> 00:08:22,000

Although conventional science discounts these prophecies, it is hard to ignore the accuracy of Gordon Michael Scalgill or the sincerity of those who have formed communities based on the beliefs of Richard Kinneger.

92

00:08:23,000 --> 00:08:30,000

Do they know something we have yet to find out? And should we pay attention to these prophecies?

93

00:08:30,000 --> 00:08:34,000

Perhaps the answer lies in ancient Zuni wisdom.

94

00:08:38,000 --> 00:08:46,000

The ancestors said, if you don't love each other and behave in a good manner, it may rain hot water.

95

00:08:47,000 --> 00:08:52,000

The stars may fall, towns will be destroyed and the end will be near.

96

00:08:55,000 --> 00:09:03,000

Jnr is now his clinical psychologist Dr. Terrence Sandbeck who specializes in the relationship between psychology and the paranormal.

97

00:09:03,000 --> 00:09:12,000

Dr. Sandbeck, if there is a prediction of doom or disaster, is there any evidence that people change their lifestyles, change their behavior because of it?

98

00:09:12,000 --> 00:09:17,000

Well, I think for the most part probably most people don't change their lifestyle.

99

00:09:17,000 --> 00:09:25,000

But there are always the few who take it seriously and have to make some drastic change in what they do because someone has made some wild prediction.

100

00:09:25,000 --> 00:09:33,000

Why is it that people seem to be drawn to prophecies of doom and gloom more so than the upbeat and positive stories?

101

00:09:33,000 --> 00:09:43,000

It just seems to be the fact that that's what draws people's attention. Maybe it's the same reason we will follow a fire engine to a fire rather than a limousine to a wedding.

102

00:09:43,000 --> 00:09:49,000

We're coming up on the year 2000. Do you expect there to be an increasing number of prophecies?

103

00:09:49,000 --> 00:09:56,000

Of course. Probably more than we had in the year 200 and more than we had in the year 20. There will be lots of prophecies.

104

00:09:56,000 --> 00:10:03,000

They'll have no more validity. They'll have no more realism than any prophecies given at any other time.

105

00:10:03,000 --> 00:10:05,000

Dr. Sandbeck, thank you very much for being with us.

106

00:10:05,000 --> 00:10:06,000

My pleasure.

107

00:10:06,000 --> 00:10:10,000

And we will be back with more sightings in just a moment.

108

00:10:10,000 --> 00:10:20,000

When we return, a Russian top-gun fighter pilot who survived a frightening close encounter with a UFO tells his story in a sightings exclusive. Coming up next.

109

00:10:21,000 --> 00:10:28,000

For years, ufologists have been collecting reports from pilots in the military who claim to have had contact with UFOs.

110

00:10:28,000 --> 00:10:34,000

Unfortunately, these reports remain unconfirmed because the pilots are reluctant to come forward.

111

00:10:34,000 --> 00:10:45,000

But now, one former military pilot is talking. In Russia, Maxime Chirbakov was so convinced he'd been fired on by an alien spacecraft, he went to court to prove it.

112

00:10:46,000 --> 00:10:51,000

Two years ago, a pilot in Russia came forward and told of a frightening UFO encounter.

113

00:10:51,000 --> 00:10:58,000

Risking ridicule, Maxime Chirbakov was determined to tell what he maintains is the true story of his bizarre experience.

114

00:10:58,000 --> 00:11:06,000

At 19, Chirbakov was one of the rising stars in the Soviet Military Flight Academy and became the Russian equivalent of a top gun.

115

00:11:07,000 --> 00:11:16,000

His flying record was impeccable until August 1991. Then, on two separate occasions, he had strange mechanical malfunctions in his jet aircraft.

116

00:11:16,000 --> 00:11:24,000

On one occasion, he was forced to eject. An investigation of that incident concluded that Chirbakov had acted calmly and rationally.

117

00:11:24,000 --> 00:11:29,000

But 12 days later, a third incident would change Chirbakov's life forever.

118

00:11:30,000 --> 00:11:40,000

On August 25, second ship, I made two flights with my commander and third flight I made on my own.

119

00:11:40,000 --> 00:11:52,000

I gained an altitude of 3900 meters. Then, suddenly, I saw a ball in front of me about 20 degrees to the right.

120

00:11:52,000 --> 00:12:01,000

He watched the object for several seconds. Then, as he came toward him, Chirbakov tried to radio the base. The light from the UFO was blank.

121

00:12:01,000 --> 00:12:10,000

A sense of unexplainable fear came over me. On the back of my head, I began experiencing warmth. I felt as if someone was present in watching me.

122

00:12:10,000 --> 00:12:15,000

My movements were under control, controlled by someone other than me.

123

00:12:16,000 --> 00:12:26,000

Chirbakov claims the reddish-yellow object started maneuvering around the aircraft. For several minutes, it kept up with the jet's airspeed and mimicked its movements.

124

00:12:26,000 --> 00:12:33,000

During that time, Chirbakov was unable to communicate with his base commander. The radio emitted only a squealing sound.

125

00:12:33,000 --> 00:12:40,000

Pilot Chirbakov's description of the UFO moving relative to his own airplane is really quite common.

126

00:12:41,000 --> 00:12:46,000

Dr. Richard Haynes has documented over 3000 pilot sightings of UFOs.

127

00:12:46,000 --> 00:13:03,000

I have thousands and thousands of cases of pilots in daylight encounters with structured objects in the sense of having three-dimensional mass, in the sense of having aerodynamic kinds of flight behavior relative to the aircraft.

128

00:13:03,000 --> 00:13:10,000

And so what he describes here fits in very nicely to what I have from hundreds of other pilots around the world.

129

00:13:11,000 --> 00:13:21,000

Suddenly, in rapid-fire succession, the generator in Chirbakov's jet failed, the instruments indicated a fire on board, and the cockpit filled with smoke.

130

00:13:21,000 --> 00:13:24,000

The base commander ordered Chirbakov to eject.

131

00:13:25,000 --> 00:13:33,000

I began arguing with the commander because the plane was still above the residential area. My altitude began to drop rapidly.

132

00:13:33,000 --> 00:13:42,000

I had to pull the plane out of a nose dive. At the altitude of 1000 meters, I finally cleared the residential area and ejected.

133

00:13:42,000 --> 00:13:45,000

Four seconds later, the plane exploded.

134

00:13:46,000 --> 00:13:52,000

Chirbakov landed safely in a field and was rescued an hour later by a military helicopter.

135

00:13:52,000 --> 00:14:03,000

While officials combed the wreckage of the jet, Chirbakov was examined at a military hospital. An intensive three-day interrogation followed.

136

00:14:03,000 --> 00:14:14,000

The interrogation was conducted with a sense of total distrust toward me. Right from the start, they told me that the first, the second, and now the third incident is all your own doing.

137

00:14:14,000 --> 00:14:25,000

Chirbakov was also interrogated by the KGB, who did not believe his story and charged him with insubordination and sabotage under the International Terrorism Act.

138

00:14:25,000 --> 00:14:34,000

Chirbakov claims the KGB threatened that if he did not tell the truth, he would be brought to trial, found guilty of terrorism, and shot by a firing squad.

139

00:14:34,000 --> 00:14:41,000

Vladimir Azhazha heads the Russian Center for the Study of UFOs, housed in the Ministry of the Interior in Moscow.

140

00:14:41,000 --> 00:14:48,000

Dr. Azhazha is considered one of the world's foremost experts on UFO phenomena and has studied Chirbakov's case.

141

00:14:48,000 --> 00:14:54,000

We concluded that Maxim has a normal, healthy psyche and is not inclined to fantasies.

142

00:14:54,000 --> 00:15:00,000

Retired Major General Albert Stubblebin is a former commanding general of U.S. Army Intelligence.

143

00:15:00,000 --> 00:15:06,000

He witnessed and documented a hypnosis session conducted with Chirbakov by an American psychiatrist.

144

00:15:06,000 --> 00:15:27,000

As she was taking him into the trance, he changed from this terrorized, fear-ridden kid into a pilot, sitting in the cockpit, sitting in the seat, sitting with the controls, relating what was going on.

145

00:15:27,000 --> 00:15:29,000

There was a change in the individual.

146

00:15:29,000 --> 00:15:38,000

Anybody can fabricate. The question is, was he fabricating? And he struck me as a person who, in that situation, was not fabricating.

147

00:15:38,000 --> 00:15:43,000

Whatever it was that he was saying, he truly believed had happened to him.

148

00:15:43,000 --> 00:15:53,000

Maxim really believed he had not done anything wrong, in fact, had done the right thing, and desperately wanted this sorted out.

149

00:15:54,000 --> 00:16:02,000

Although affidavits to that effect were presented at his court-martial hearing, the court still

blamed Chirbakov for the destruction of his aircraft.

150

00:16:02,000 --> 00:16:08,000

But the military prosecutor admits that some of the evidence of Chirbakov's innocence was very convincing.

151

00:16:09,000 --> 00:16:14,000

From the beginning I had doubts about the truthfulness of Chirbakov's statement.

152

00:16:14,000 --> 00:16:24,000

But after questioning his mother, his comrades, and his superiors, I became convinced that Chirbakov had an encounter with the UFO.

153

00:16:26,000 --> 00:16:35,000

In January 1992, the case against Maxim Chirbakov was dropped. But despite this vindication, he was not welcomed back into the military.

154

00:16:36,000 --> 00:16:45,000

There is no training for pilots to deal with such encounters. The older pilots told me that a lot of encounters happen, but they don't speak about them.

155

00:16:46,000 --> 00:16:56,000

I feel that I'm missing something from my soul that I want very much. My love for the planes and flying has remained, and will continue to remain.

156

00:16:57,000 --> 00:17:04,000

Did Maxim Chirbakov see a UFO? We may never know the answer, but one thing is clear.

157

00:17:04,000 --> 00:17:10,000

Maxim Chirbakov ejected only after he saw that his jet would avoid populated areas below.

158

00:17:10,000 --> 00:17:16,000

There is now a movement underway in Russia to award Chirbakov with a medal for heroism.

159

00:17:16,000 --> 00:17:26,000

According to UFO researcher Richard Haynes, up to 15% of all pilots, both military and commercial, have reported some kind of contact with the UFO.

160

00:17:26,000 --> 00:17:33,000

Haynes believes the actual number could be quite a bit higher, since countless pilots are understandably reluctant to come forward.

161

00:17:33,000 --> 00:17:41,000

When we return, it is still attracted to the younger girls. Our psychic takes on the sinister ghost molester.

162

00:17:41,000 --> 00:17:43,000

Begone! Now!

163

00:17:45,000 --> 00:17:52,000

On a recent edition of sightings, we sent our investigative team to Maryland to help the family play by what they believed was a ghost.

164

00:17:52,000 --> 00:17:59,000

Although no apparition showed itself to our team, the family continues to be concerned about what they call the beast.

165

00:17:59,000 --> 00:18:05,000

So paranormal investigator Peter James has agreed to work with the family on a psychic level.

166

00:18:06,000 --> 00:18:13,000

During our initial investigation, the family revealed they were being assaulted by an entity in their house.

167

00:18:13,000 --> 00:18:19,000

In the weeks since our team left the site, the ghostly activity has continued unabated.

168

00:18:19,000 --> 00:18:26,000

It's been a very active period since they've been gone. They've been gone a couple of weeks and the scratching has started again.

169

00:18:26,000 --> 00:18:28,000

My youngest daughter has been scratched really badly.

170

00:18:28,000 --> 00:18:34,000

After seeing a sightings episode featuring psychic Peter James, the family thought they'd finally found someone who could help.

171

00:18:34,000 --> 00:18:43,000

We just felt like that's the guy that we need. Somebody who can come in here, identify what it is, and deal with it and send it on its way.

172

00:18:43,000 --> 00:18:49,000

After a brief walk through the house, Peter James felt he was dealing with more than one entity.

173

00:18:49,000 --> 00:18:54,000

I would say there are about six ghosts in this house. Six entities.

174

00:18:54,000 --> 00:19:01,000

I feel we have a forceful entity who is the mainstay, who is the ringleader, so to speak.

175

00:19:01,000 --> 00:19:06,000

It wants to gain more control. It wants to maintain control.

176

00:19:06,000 --> 00:19:14,000

And my being a fighter of sorts with this sort of activity, I feel that I'll clean house.

177

00:19:14,000 --> 00:19:19,000

Peter then conducted a more thorough inspection of the site to identify paranormal hotspots.

178

00:19:19,000 --> 00:19:27,000

Hello? Hello? Hello?

179

00:19:27,000 --> 00:19:40,000

I'm getting a name that I believe dwells in this area or certainly within this structure, and I get a name of Philip.

180

00:19:40,000 --> 00:19:43,000

I also receive a name of Patrick.

181

00:19:43,000 --> 00:19:55,000

I am rather saddened by the vibrations that are here. I feel a lot of sadness tonight, but this is truly one of the hearts of the house.

182

00:19:55,000 --> 00:20:02,000

The family confirmed that the laundry room and the basement were two areas where particularly bizarre events had occurred.

183

00:20:02,000 --> 00:20:05,000

Peter was also drawn to an upstairs bedroom.

184

00:20:05,000 --> 00:20:18,000

I am also picking up a female entity who is loving, and that is peaceful, but I believe that dwells here, not in this room necessarily, but throughout.

185

00:20:18,000 --> 00:20:28,000

And I get the name of Rebecca, and she is with a child, and I believe it is a boy child, and the child answers the name of Thomas or Tommy.

186

00:20:28,000 --> 00:20:34,000

Next, Peter attempted to contact the entity directly and rid the house of its presence.

187

00:20:34,000 --> 00:20:48,000

I am receiving a name that from this forceful entity that begins with a D, and I believe this entity's name is Daniel.

188

00:20:48,000 --> 00:20:50,000

Ah, Daniel.

189

00:20:50,000 --> 00:20:57,000

I am in control here. You are no longer welcome here.

190

00:20:57,000 --> 00:21:04,000

Your energy is beginning to weaken now. Be gone now.

191

00:21:04,000 --> 00:21:09,000

After Peter James' investigation, the spirit activity in the house stopped.

192

00:21:09,000 --> 00:21:16,000

Sightings then conducted a search of area land deeds and real estate records and found a startling document.

193

00:21:16,000 --> 00:21:25,000

Peter James, who had never even been to Maryland, had correctly identified the name of the original land owner, a former police chief in the area,

194

00:21:25,000 --> 00:21:28,000

whose first name was Daniel.

195

00:21:28,000 --> 00:21:33,000

Peter believes Daniel's spirit is the beast that terrorizes the family.

196

00:21:33,000 --> 00:21:45,000

He is continuing to stake his claim to this property. He believes that this house is his and this land is his, and they're invading his possession.

197

00:21:45,000 --> 00:21:52,000
