

1

00:00:00,000 --> 00:00:08,000

On this edition of Sightings, 20 years ago, a military helicopter was attacked by an unknown craft in the skies above Cleveland, Ohio.

2

00:00:08,000 --> 00:00:11,000

It didn't have any wings, it didn't have any windows.

3

00:00:11,000 --> 00:00:15,000

After two decades, those involved still want answers.

4

00:00:15,000 --> 00:00:18,000

It didn't sink in that it was still a UFO.

5

00:00:18,000 --> 00:00:23,000

Then, did Alfred Hitchcock shoot his masterpiece of terror at a haunted location?

6

00:00:23,000 --> 00:00:29,000

It was disturbingly populated, and there was nobody there.

7

00:00:29,000 --> 00:00:33,000

Plus, this man's dreams may solve a double homicide.

8

00:00:33,000 --> 00:00:35,000

They were telling me you did it.

9

00:00:35,000 --> 00:00:40,000

Later, a prophecy of hope, and astronauts describe their encounters in space.

10

00:00:59,000 --> 00:01:11,000

Sightings

11

00:01:11,000 --> 00:01:15,000

Welcome to Sightings. I'm Tim White.

12

00:01:15,000 --> 00:01:25,000

Virtually unknown by all but the most dedicated ufologists, a confirmed sighting in Mansfield, Ohio may be the most significant UFO encounter to date.

13

00:01:25,000 --> 00:01:29,000

Why isn't Mansfield, Ohio in the pantheon of UFO hotspots?

14

00:01:29,000 --> 00:01:34,000

Because the key witnesses wouldn't, or were instructed not to, talk publicly.

15

00:01:34,000 --> 00:01:36,000

Until now.

16

00:01:36,000 --> 00:01:39,000

It was October 1973.

17

00:01:39,000 --> 00:01:44,000

A Cleveland, Ohio police detective asked his partner to meet him in an interrogation room.

18

00:01:44,000 --> 00:01:49,000

The cop wanted to make a report about the strangest thing that had ever happened to him.

19

00:01:49,000 --> 00:01:52,000

And he wanted it on tape.

20

00:01:52,000 --> 00:02:02,000

Today is October the 19th, 1973, and the time is approximately 2 p.m.

21

00:02:02,000 --> 00:02:08,000

I have with me in my office at the present time, Detective John Healy.

22

00:02:08,000 --> 00:02:13,000

Healy's going to describe his own way of an incident that had occurred last night.

23

00:02:13,000 --> 00:02:21,000

Okay, we left Port Columbus Airport at about 10.30 last night, about 11 o'clock, which is halfway.

24

00:02:21,000 --> 00:02:25,000

The tape you are listening to is an important historical document.

25

00:02:25,000 --> 00:02:35,000

It is a permanent record of a UFO encounter that occurred on the night of October 18, 1973, as witnessed by Detective John Healy.

26

00:02:35,000 --> 00:02:40,000

It had a steady red light on its nose.

27

00:02:40,000 --> 00:02:46,000

It was cigar shaped, and it had a green light shining down out of the abdomen.

28

00:02:46,000 --> 00:02:50,000

Detective Healy wasn't on the beat. He was an Army Reserve medic.

29

00:02:50,000 --> 00:02:57,000

On the night in question, Healy and three other reservists were returning to Cleveland via helicopter from their annual Army physical.

30

00:02:57,000 --> 00:03:03,000

Over the town of Mansfield, Ohio, all four men made contact with the UFO.

31

00:03:03,000 --> 00:03:08,000

Detective Healy now speaks publicly about the incident for the first time in 20 years.

32

00:03:08,000 --> 00:03:15,000

We were almost involved in a midair collision with an object that was coming out of the east heading west toward us.

33

00:03:17,000 --> 00:03:22,000

I noticed a red light on our port side going south.

34

00:03:22,000 --> 00:03:29,000

It was a big red light, but I didn't think anything of it. I thought it would be the port wing of another aircraft.

35

00:03:29,000 --> 00:03:35,000

We saw it kept coming at us, and it was a clear night, unlimited visibility.

36

00:03:35,000 --> 00:03:42,000

It didn't have any wings. It didn't have any windows, as you would see on a conventional aircraft.

37

00:03:42,000 --> 00:03:53,000

Healy was not the only witness. All four crew members saw the UFO, and the two pilots filed official military reports detailing their versions of the near-dently UFO encounter.

38

00:03:53,000 --> 00:03:58,000

But Healy is the only one who, two decades later, is willing to speak out.

39

00:03:58,000 --> 00:04:03,000

He described for sightings what all four crew members attested to when they signed this affidavit.

40

00:04:03,000 --> 00:04:14,000

This was an object that moved at a very fast rate of speed. It saw us probably before we saw it.

41

00:04:14,000 --> 00:04:19,000

It just tracked us, because we had all our navigation lights on and running and blinking.

42

00:04:19,000 --> 00:04:24,000

And then it started back toward us again. Maybe it had never seen a helicopter at night.

43

00:04:24,000 --> 00:04:30,000

The UFO appeared to be threatening the helicopter, maneuvering toward it on a collision course.

44

00:04:30,000 --> 00:04:37,000

The pilot was flying in the right seat. He had to take the controls, and he put the helicopter into a dive.

45

00:04:40,000 --> 00:04:47,000

After narrowly avoiding a mid-air crash, the pilot took evasive action, diving at a rate of 2,000 feet per minute.

46

00:04:47,000 --> 00:04:54,000

At 1,700 feet, the helicopter was suddenly paralyzed, even though the controls were still in a dive configuration.

47

00:04:54,000 --> 00:04:58,000

The UFO cast an ominous greenish light over the helicopter.

48

00:04:58,000 --> 00:05:04,000

This was just a humongous green light just shining down on us in a very definite cone shape.

49

00:05:04,000 --> 00:05:07,000

You could look at the light and you could actually see the beam of the light.

50

00:05:07,000 --> 00:05:16,000

The pilot tried to dive, but instead started to rise. It seemed that the UFO was pulling the helicopter toward it, overriding the aircraft's controls.

51

00:05:16,000 --> 00:05:26,000

In regards to our aircraft climbing, while it was in a dive configuration, I didn't feel us being pulled up as in an elevator or a roller coaster.

52

00:05:26,000 --> 00:05:31,000

You don't feel a G-force of a dive or a climb. I didn't feel that.

53

00:05:31,000 --> 00:05:37,000

It scanned us for that instant that it hesitated over us. It scanned us. Then it took off.

54

00:05:37,000 --> 00:05:52,000

After the object went off to the west, the helicopter pilot noted that although he had been in a descent and his controls were in the configuration for a descent,

55

00:05:52,000 --> 00:05:56,000

the helicopter had actually risen to 3,800 feet.

56

00:05:56,000 --> 00:06:05,000

Jenny Zeidman was part of a research team from Kufos, the center for UFO studies that investigated the Mansfield encounter for more than three years.

57

00:06:05,000 --> 00:06:14,000

The interviews, military reports and diagrams compiled by Kufos make Mansfield one of the most well-documented UFO encounters ever.

58

00:06:14,000 --> 00:06:25,000

My analysis of this case showed that the object was under continual observation for five minutes, perhaps even more.

59

00:06:25,000 --> 00:06:35,000

Despite the impeccable credentials of the four military men, the center for UFO studies searched for ground eyewitnesses that could corroborate the sighting, and they found them.

60

00:06:35,000 --> 00:06:44,000

The DeLong family was driving on the outskirts of Mansfield when they saw a helicopter hovering in the wake of a UFO.

61

00:06:44,000 --> 00:06:47,000

The kids kept hollering. They wanted to stop. They wanted to stop.

62

00:06:47,000 --> 00:06:56,000

She finally stopped the car and I jumped out. I remember the whole top of the sky was lit up a dull

fluorescent green.

63

00:06:56,000 --> 00:07:02,000

I looked out and the helicopter was just sitting there in midair with this object over.

64

00:07:02,000 --> 00:07:12,000

And to be honest, it scared me. I was scared at that time. But I didn't, it didn't sink in and it was still really something a UFO.

65

00:07:12,000 --> 00:07:20,000

The DeLongs were interviewed three years after the fact by Wara Nicholson, director of the Civil Commission on Aerial Phenomena.

66

00:07:20,000 --> 00:07:23,000

He grilled the family about what they had seen.

67

00:07:23,000 --> 00:07:33,000

I was a little bit doubtful at first that maybe they had just read the story in the newspaper, but they knew things that hadn't been in the article.

68

00:07:33,000 --> 00:07:39,000

From the multiple interviews we had with them, you could tell that they were scared.

69

00:07:39,000 --> 00:07:47,000

This brought together two groups of witnesses. It established the exact location of the event.

70

00:07:47,000 --> 00:07:52,000

We were able to compute the flight path of the helicopter.

71

00:07:52,000 --> 00:08:03,000

Legendary UFO researcher Dr. J. Allen Heineck compiled sketches of the event drawn by the flight crew and conducted in-depth interviews about every aspect of the encounter.

72

00:08:03,000 --> 00:08:12,000

At the same time, the military was conducting their own investigation. They ruled the incident a near miss with an unidentified craft.

73

00:08:12,000 --> 00:08:21,000

Their findings were inconclusive in large part because the radio transmissions between the helicopter and the tower had mysteriously disappeared.

74

00:08:22,000 --> 00:08:30,000

Was the tapy race to cover up the encounter, or could the UFO have intentionally obliterated the transmission?

75

00:08:30,000 --> 00:08:36,000

Coincidentally, many other onboard instruments continued malfunction weeks, even years after the incident.

76

00:08:36,000 --> 00:08:41,000

The aircraft number was a 15444. That was the aircraft we were in at that time.

77

00:08:41,000 --> 00:08:47,000

She was never any good after that. She was the hangar queen after that.

78

00:08:47,000 --> 00:08:53,000

The radios would never work right. Navigation instruments, nothing.

79

00:08:53,000 --> 00:09:02,000

The skeptics immediately came up with the idea that this was a meteor. Well, there's no way this could have been a meteor. It lasted for five minutes.

80

00:09:02,000 --> 00:09:07,000

No meteor takes five minutes to cross the sky from horizon to horizon.

81

00:09:07,000 --> 00:09:14,000

As far as I'm concerned, the case will not be concluded until we have identified this object.

82

00:09:15,000 --> 00:09:26,000

But after 21 years, the trail is growing cold. The Mansfield UFO will never be investigated by our military, the way Detective Healy once took for granted that it would be.

83

00:09:26,000 --> 00:09:31,000

It's quite something. Anything further comes along? I'll just be a decision later.

84

00:09:31,000 --> 00:09:37,000

Oh, well, we've got a reserve meeting the 3rd of November, and if nothing else, I'll find out how far the report's gone from there.

85

00:09:37,000 --> 00:09:39,000

Thanks ever so much.

86

00:09:40,000 --> 00:09:46,000

When sightings continues, did Alfred Hitchcock know this movie location was haunted?

87

00:09:46,000 --> 00:09:51,000

He would always choose places that would have a mystique about them.

88

00:09:55,000 --> 00:10:02,000

Alfred Hitchcock was film's undisputed master of suspense. He created some of Hollywood's most memorable moments of terror.

89

00:10:02,000 --> 00:10:11,000

The shower scene in Psycho, the dis-teen staircase in Vertigo, and the ominous ravens who perched atop a quaint schoolhouse in The Birds.

90

00:10:11,000 --> 00:10:20,000

That schoolhouse wasn't a set. It was a real building in a real town, and the real family who lives there now believes that it's haunted.

91

00:10:23,000 --> 00:10:30,000

People come here to see this building because that movie somehow affects them.

92

00:10:32,000 --> 00:10:37,000

I don't know. Maybe it's the idea of nature finally getting back at human beings.

93

00:10:37,000 --> 00:10:42,000

It was sheer terror, created by the sheer genius of Alfred Hitchcock.

94

00:10:42,000 --> 00:10:47,000

He took a real schoolhouse in Bodega, California, and transformed it into a nightmare.

95

00:10:47,000 --> 00:10:54,000

But according to The Birds' leading lady, Tippi Hedron, Hitchcock chose the old schoolhouse for a reason.

96

00:10:54,000 --> 00:11:02,000

He would always choose places that were of interest and that would have a mystique about them.

97

00:11:02,000 --> 00:11:07,000

I mean, he looked at it up on that hill, and it was really quite a...

98

00:11:07,000 --> 00:11:17,000

Almost a bit foreboding, but it was disturbingly populated, and there was nobody there.

99

00:11:17,000 --> 00:11:22,000

Today, the movie crew and their make-believe world are long gone.

100

00:11:22,000 --> 00:11:30,000

But some people believe that the inexplicable force that once drew Hitchcock here is still at work and stronger than ever.

101

00:11:30,000 --> 00:11:39,000

Oh, there are bumps on the wall, voices in the hallway, sounds on the stairs.

102

00:11:39,000 --> 00:11:44,000

Sometimes I hear a woman singing, or maybe it's a little girl. I don't know.

103

00:11:44,000 --> 00:11:52,000

The sounds of childhood have been heard in the schoolhouse since it was built in 1873, and not much in Bodega has changed since then.

104

00:11:52,000 --> 00:11:59,000

The first thing we did, we'd get in lines out in front of the school and pledge allegiance to the flag.

105

00:11:59,000 --> 00:12:09,000

It was called the Potter School, and for 85 years it educated the town's children, and the upstairs meeting room also served as the community social center.

106

00:12:09,000 --> 00:12:17,000

They used to hold plays upstairs, and they'd have dances and things like that, and then kind of dwindle down.

107

00:12:17,000 --> 00:12:23,000

But in 1962, the county declared the Potter School unsafe and closed it down.

108

00:12:23,000 --> 00:12:26,000

The children were moved to a new, more modern school.

109

00:12:26,000 --> 00:12:33,000

But strange phenomena around the building suggest some of the students didn't want to leave their alma mater.

110

00:12:34,000 --> 00:12:53,000

I was alone and was working at the tie prider. There was a slow rap on the kitchen door upstairs, and I stopped typing, and then I saw the doorknob turn.

111

00:12:54,000 --> 00:13:01,000

I heard kids playing in the schoolyard, and it didn't faze me at all because I'm a teacher and I'm so familiar with that sound.

112

00:13:01,000 --> 00:13:07,000

And of course, I knew that there were no children here and hadn't been for a long time.

113

00:13:10,000 --> 00:13:19,000

The Potter School has been lovingly restored by the Taylor family, and since 1970, three generations of tailors have called the old schoolhouse home.

114

00:13:19,000 --> 00:13:23,000

And everyone who has lived here has had their own ghostly encounter.

115

00:13:23,000 --> 00:13:30,000

When I was 12, I was sat on scaffolding five tiers high and actually painted under the eaves of the building.

116

00:13:30,000 --> 00:13:35,000

And from the very beginning, it was very spooky.

117

00:13:35,000 --> 00:13:43,000

After we were here at night, we began to hear sounds and steps and things that were all friendly.

118

00:13:43,000 --> 00:13:52,000

The clearest thing that I've heard here is right up here in the room over by the stairs over there on Saturday night, usually.

119

00:13:52,000 --> 00:13:57,000

I hear partying noises going on. Nobody's here.

120

00:13:57,000 --> 00:14:05,000

But all of a sudden, I hear a latest voice saying, hey, it's Sunday morning.

121

00:14:06,000 --> 00:14:14,000

Right. The party slows down, takes a look, goes right back. And I don't see anybody.

122

00:14:14,000 --> 00:14:23,000

I did see an apparition a few years ago, a little girl. And she actually spoke to me. She said, hi!

123

00:14:23,000 --> 00:14:27,000

And the whole room echoed with the sound of her voice.

124

00:14:27,000 --> 00:14:33,000

Despite eerie reminders that they may not be alone, Leah, her husband Rick and baby Taylor,

125

00:14:33,000 --> 00:14:39,000

do not feel threatened by the otherworldly sounds and images that surround their daily lives.

126

00:14:39,000 --> 00:14:47,000

In fact, sightings first heard about the activity here after sightseers at the home were spooked by an unsettling encounter.

127

00:14:47,000 --> 00:14:55,000

When we received a phone call from a family of three in Washington, they had apparently been vacationing in the area.

128

00:14:55,000 --> 00:15:00,000

Their teenage daughter came over to take some photos of the house. And as she was taking the photos,

129

00:15:00,000 --> 00:15:04,000

she stated that she saw a young lady standing at the top of these stairs.

130

00:15:04,000 --> 00:15:09,000

She told the young girl to move and the young girl came down the stairs and walked right toward her.

131

00:15:09,000 --> 00:15:14,000

And at that point, she apparently just evaporated.

132

00:15:14,000 --> 00:15:21,000

Suspecting a case of what's known as residue haunting, the Office of Scientific Investigation and Research

133

00:15:21,000 --> 00:15:24,000

has teamed with sightings to document the activity here.

134

00:15:24,000 --> 00:15:27,000

My name is Christopher Chacon and I am the case manager.

135

00:15:27,000 --> 00:15:33,000

For this investigation, the OSIR unveiled its newest monitoring technology.

136

00:15:33,000 --> 00:15:40,000

The robot has and is equipped with telemetry so that it can utilize video night vision,

137

00:15:40,000 --> 00:15:44,000

thermo vision and transmit back what it's seen back to our mobile laboratory.

138

00:15:44,000 --> 00:15:48,000

The robot was programmed to roam paranormal hotspots inside.

139

00:15:48,000 --> 00:15:53,000

Super sensitive microphones were monitored from our control center outside.

140

00:15:53,000 --> 00:15:58,000

The baseline readings taken earlier were continually updated and checked for anomalies.

141

00:15:58,000 --> 00:16:04,000

We also were able to document a variety of anomalous cold spots also along the wall,

142

00:16:04,000 --> 00:16:08,000

which was west of the main living room.

143

00:16:08,000 --> 00:16:14,000

Much of the investigation centered here in the upstairs room that was once Bodega's community center.

144

00:16:14,000 --> 00:16:18,000

The room where the family has felt the strongest spiritual presence.

145

00:16:18,000 --> 00:16:23,000

I was sleeping in a bed that was right here in the South Cove.

146

00:16:23,000 --> 00:16:30,000

And I heard the front door open and close and I heard footsteps coming up the stairs.

147

00:16:30,000 --> 00:16:38,000

And I looked at my dog and the hair on her back was up and there was a child's rocker right about here

148

00:16:38,000 --> 00:16:42,000

and also a plastic beach ball, small plastic beach ball.

149

00:16:42,000 --> 00:16:46,000

And the child's rocker began to rock back and forth.

150

00:16:46,000 --> 00:16:50,000

And then the beach ball began to roll.

151

00:16:50,000 --> 00:16:58,000

And the night of our investigation, the same kind of unexplained movement Leia described was caught on tape by our team.

152

00:16:58,000 --> 00:17:02,000

That thing is best thing we should stop by now, that's on.

153

00:17:02,000 --> 00:17:08,000

The swinging lamp seemed to be an eerie sign that some unknown force was at work.

154

00:17:08,000 --> 00:17:11,000

And the next morning there was another stranger sign,

155

00:17:11,000 --> 00:17:16,000

a message written on the outside of a window that had been painted shut years ago.

156

00:17:16,000 --> 00:17:21,000

After people live here for a while and they leave, what it creates is an impression in the environment.

157

00:17:21,000 --> 00:17:26,000

And it's sort of like a loop, a videotape loop, playing back over and over again.

158

00:17:26,000 --> 00:17:31,000

I think it's the residual energy of some kind, how that energy is maintained.

159

00:17:31,000 --> 00:17:37,000

I don't, I am a physicist but I'm a physics, doesn't have any explanation for that.

160

00:17:37,000 --> 00:17:44,000

In search for that explanation, sightings and the OSIR continue to work with people in supposedly haunted houses

161

00:17:44,000 --> 00:17:48,000

in an ongoing investigation of residue haunting.

162

00:17:52,000 --> 00:17:58,000

Despite the ghostly activity, the family that owns the supposedly haunted house in Bodega Bay is not moving.

163

00:17:58,000 --> 00:18:04,000

They told sightings that a little paranormal phenomena is a small price to pay for life in paradise.

164

00:18:04,000 --> 00:18:10,000

Next, they're in search of hope and enlightenment and some believe this book has the answers.

165

00:18:10,000 --> 00:18:14,000

It's a book about sensing another way of life.

166

00:18:18,000 --> 00:18:22,000

Self-styled prophets have been predicting the end of time since the beginning of time.

167

00:18:22,000 --> 00:18:25,000

So far, fortunately, they've been wrong.

168

00:18:25,000 --> 00:18:31,000

But by some quirk of human nature, prophecies of doom and destruction continually grab the headlines.

169

00:18:31,000 --> 00:18:37,000

While the names of people who have correctly predicted enlightenment and innovation are lost to history.

170

00:18:37,000 --> 00:18:41,000

But as the year 2000 approaches, that trend may be changing.

171

00:18:44,000 --> 00:18:51,000

If you look at the human race as a whole and all of our accomplishments in science and technology and in the arts,

172

00:18:51,000 --> 00:18:57,000

you can say what a magnificent creature human beings are, what enormous potential.

173

00:18:57,000 --> 00:19:03,000

And if we could fulfill our potential, what a magnificent future we might have.

174

00:19:03,000 --> 00:19:10,000

We are on the brink of that magnificent future, according to a centuries-old Native American prophecy.

175

00:19:10,000 --> 00:19:15,000

And many tribes believe that a living symbol of our golden future has been born.

176

00:19:15,000 --> 00:19:22,000

Sears from the Lakota tribe have predicted that a new age of global harmony will occur when a white buffalo is born.

177

00:19:22,000 --> 00:19:25,000

And the father of that white buffalo dies right after the birth.

178

00:19:25,000 --> 00:19:31,000

A rare event, statistically never impossible, but one that has come to pass in rural Wisconsin.

179

00:19:31,000 --> 00:19:36,000

If they had told me that a month ago, a year ago, ten years ago, I'd laughed at them.

180

00:19:36,000 --> 00:19:40,000

But I guess we got chosen. I don't know why.

181

00:19:40,000 --> 00:19:45,000

The white calf born on the Heider farm is, genetically speaking, one in a million.

182

00:19:46,000 --> 00:19:52,000

With the death of the calf's father, news quickly spread about the fulfillment of the ancient Indian prophecy.

183

00:19:52,000 --> 00:19:59,000

Now people from all over the world are coming to see what they believe is a harbinger of world peace and enlightenment.

184

00:19:59,000 --> 00:20:06,000

We knew that we needed to be here. And it's not so much the significance of actually seeing the buffalo,

185

00:20:06,000 --> 00:20:10,000

but the significance of what it means having this birth.

186

00:20:10,000 --> 00:20:14,000

And it's my understanding that its races will come together and that there will be peace.

187

00:20:15,000 --> 00:20:29,000

The coming of the white buffalo calf really sets a tone for our people, for the children of the seventh generation.

188

00:20:29,000 --> 00:20:33,000

So this is a really powerful event that is happening.

189

00:20:33,000 --> 00:20:37,000

There's been prayers said back there. They have...

190

00:20:37,000 --> 00:20:38,000

They cry a lot.

191

00:20:38,000 --> 00:20:45,000

They sang together back there, held ceremonies. They leave their trinkets on the fence.

192

00:20:45,000 --> 00:20:50,000

That calf has changed a lot of people's lives. You see them walking with disbelief on their face.

193

00:20:50,000 --> 00:20:54,000

And when they walk out, they got all the different attitude.

194

00:20:54,000 --> 00:20:59,000

It's almost as if they have looked upon, if you might say, a guide.

195

00:20:59,000 --> 00:21:05,000

The same search for hope that draws thousands of people to the white buffalo has kept this book,

196

00:21:05,000 --> 00:21:09,000

the Celestine Prophecy, on the New York Times bestseller list for nearly a year.

197

00:21:09,000 --> 00:21:14,000

I met with author and reluctant prophet James Redfield at his home in Alabama.

198

00:21:14,000 --> 00:21:18,000

We discussed the impact his work of fiction is having on real life.

199

00:21:18,000 --> 00:21:25,000

The polls show that what people want is something beyond just a belief in God or the divine,

200

00:21:25,000 --> 00:21:30,000

a belief that their lives are more meaningful than just survival.

201

00:21:30,000 --> 00:21:36,000

It's easy to take a cynical view, but the cynicism just reinforces the despair.

202

00:21:36,000 --> 00:21:41,000

The apocalypse has been predicted at many times in history.

203

00:21:41,000 --> 00:21:43,000

Do you think catastrophe is inevitable?

204

00:21:43,000 --> 00:21:45,000

I think none of that is inevitable.

205

00:21:45,000 --> 00:21:51,000

I believe that what we visualize tends to come true.

206

00:21:51,000 --> 00:21:53,000

I think the universe is set up for that.

207

00:21:53,000 --> 00:21:58,000

I think that there's a place perhaps for those people that are saying,

208

00:21:58,000 --> 00:22:02,000

look out, the world's gonna end, but I think we can't buy into that.

209

00:22:02,000 --> 00:22:06,000

It's very, very important that we visualize a positive future.

210

00:22:06,000 --> 00:22:12,000

In his book, Redfield creates a mythical manuscript that sets forth nine basic truths called insights.

211

00:22:12,000 --> 00:22:17,000

The manuscript also predicts that once human beings learn all nine of these insights,

212

00:22:17,000 --> 00:22:19,000

a glorious new era will dawn.

213

00:22:19,000 --> 00:22:29,000

The story is based on a manuscript written in BC, several hundred years BC.

214

00:22:29,000 --> 00:22:32,000

Does that manuscript exist?

215

00:22:32,000 --> 00:22:45,000

You know, the insights as I have put them down in this book came to me through a series of what I would call intuitions or visions.

216

00:22:45,000 --> 00:22:51,000

It's a novel. It's an adventure tale. It's really meant to be a parable.

217

00:22:51,000 --> 00:22:53,000

How'd you come up with the insights one through nine?

218

00:22:53,000 --> 00:22:57,000

Is one more important than two or three more important than four?

219

00:22:57,000 --> 00:22:59,000

Why the rank order?

220

00:22:59,000 --> 00:23:04,000

You know, I think there is a sequence to these insights.

221

00:23:04,000 --> 00:23:11,000

And again, you know, it's a sequence to the way we shift our attitude about life

222

00:23:11,000 --> 00:23:15,000

and the way we are shifting our attitude about life.

223

00:23:15,000 --> 00:23:18,000

They build on one another.

224

00:23:18,000 --> 00:23:22,000

The first insight is that there are no coincidences in life.

225

00:23:22,000 --> 00:23:28,000

The insights grow increasingly more difficult to achieve and to believe as readers proceed through the list.

226

00:23:28,000 --> 00:23:33,000

People who've read the book might go along with you on all the first one, two, three or four insights,

227

00:23:33,000 --> 00:23:38,000

but by the time you get to seven, eight or nine, you've left a lot of people in the dust, James.

228

00:23:38,000 --> 00:23:45,000

When you look at modern physics and what they're spelling out is the nature of physical reality to begin with,

229

00:23:45,000 --> 00:23:48,000

then it doesn't seem so fantastic.

230

00:23:48,000 --> 00:23:51,000

The Celestine prophecy may be a novel written by a novelist,

231

00:23:51,000 --> 00:23:56,000

but it has sparked a new age movement and Redfield is now considered its prophet.

232

00:23:56,000 --> 00:24:00,000

Here you come at the end of the millennium saying there's reason for great hope. Why?

233

00:24:00,000 --> 00:24:09,000

Because I think that there's a core group, a slow, unherald tide of people that are kind of waking up

234

00:24:09,000 --> 00:24:15,000

to the fact that this is a spiritual world and we're here to grow and evolve spiritually.

235

00:24:15,000 --> 00:24:18,000

And the difference right now is that we don't want to just talk about this.

236

00:24:18,000 --> 00:24:21,000

We want to really try it. We want to do it.

237

00:24:21,000 --> 00:24:26,000

It is important to reiterate that the Celestine prophecy is fiction.

238

00:24:26,000 --> 00:24:34,000

Author James Redfield freely admits that there is no Mayan temple hiding the secrets of the universe, as far as he knows.

239

00:24:34,000 --> 00:24:40,000

Next, 30 years ago, two young girls were murdered and this man's dreams could lead police to the killer.

240

00:24:40,000 --> 00:24:43,000

Maybe the spirits of the dead girls are reaching out.

241

00:24:43,000 --> 00:24:45,000

Then, a psychic healer works miracles.

242

00:24:45,000 --> 00:24:48,000

Henry Rucker healed my eyes.

243

00:24:48,000 --> 00:24:50,000

And encounters in space.

244

00:24:51,000 --> 00:24:57,000

Everyone dreams, at least every 90 minutes while you're asleep, according to recent studies.

245

00:24:57,000 --> 00:25:01,000

Most of these dreams are never remembered, but recurring dreams are different.

246

00:25:01,000 --> 00:25:06,000

Images that replay in the unconscious mind over and over demand attention.

247

00:25:06,000 --> 00:25:12,000

So when one Chicago man had a recurring dream about murder, he knew it was time to call the police.

248

00:25:12,000 --> 00:25:22,000

In the winter of 1989, they began.

249

00:25:22,000 --> 00:25:29,000

The first one, I woke up out of the sound sleep and the girls were screaming.

250

00:25:29,000 --> 00:25:34,000

They were telling me who did it, who was responsible for it.

251

00:25:34,000 --> 00:25:37,000

The dreams continued from there.

252

00:25:38,000 --> 00:25:47,000

In December of 1957, 15-year-old Barbara Grimes and her 13-year-old sister Patricia left their south side Chicago home

253

00:25:47,000 --> 00:25:52,000

to see Elvis Presley's first movie, Love Me Tender, for the 13th time.

254

00:25:52,000 --> 00:25:54,000

They never made it.

255

00:25:54,000 --> 00:25:57,000

A month later, their bodies were found near a rural road.

256

00:25:57,000 --> 00:26:01,000

Autopsies ruled that the sisters had died of exposure and the case was closed.

257

00:26:02,000 --> 00:26:09,000

32 years later, in 1989, the case was just opening for Charles Byerly.

258

00:26:09,000 --> 00:26:14,000

It started like one a week, something like that for about four months.

259

00:26:14,000 --> 00:26:17,000

And they started coming in color.

260

00:26:17,000 --> 00:26:22,000

Charles was only 12 at the time of the girls' deaths and had no conscious memories of the event.

261

00:26:22,000 --> 00:26:25,000

I didn't know the girls, I didn't know any of the family.

262

00:26:25,000 --> 00:26:28,000

I never lived in their area.

263

00:26:28,000 --> 00:26:30,000

I didn't know anything about them.

264

00:26:30,000 --> 00:26:35,000

So when I found out about it, I was kind of shocked that it was true.

265

00:26:35,000 --> 00:26:38,000

Charles has several recurring dreams.

266

00:26:38,000 --> 00:26:43,000

In one, the last terrifying moments for the Grimes sisters are replayed in detail.

267

00:26:43,000 --> 00:26:51,000

One of the dreams that was in color, it was a green Buick, I believe, in 1953, something like that.

268

00:26:51,000 --> 00:26:54,000

One of the girls was in the front seat with the driver.

269

00:26:54,000 --> 00:26:56,000

I was in the back seat.

270

00:26:57,000 --> 00:26:59,000

They were drinking.

271

00:26:59,000 --> 00:27:01,000

The girls weren't drinking.

272

00:27:02,000 --> 00:27:05,000

Barbara knew who the driver was.

273

00:27:05,000 --> 00:27:09,000

She knew who he was because that's the reason they got in the car.

274

00:27:09,000 --> 00:27:12,000

The radio was going, you know, everything was fine.

275

00:27:12,000 --> 00:27:16,000

Everybody was laughing, having a good time, and then all of a sudden, there wasn't a good time anymore.

276

00:27:16,000 --> 00:27:18,000

It became serious. They were in trouble.

277

00:27:20,000 --> 00:27:24,000

It got worse as it went along. Everything became like a nightmare.

278

00:27:25,000 --> 00:27:31,000

It really wasn't considered a dream to me anymore because it all seemed so real, like I knew them or something.

279

00:27:31,000 --> 00:27:34,000

I've known them all my life, something I never did.

280

00:27:34,000 --> 00:27:37,000

You know, that's how close I became with them in my dreams.

281

00:27:37,000 --> 00:27:43,000

As the dreams became more frequent, Charles Byerley became convinced that he was being given a message.

282

00:27:43,000 --> 00:27:47,000

He sought out veteran Chicago area police officer Jerry Schultz.

283

00:27:47,000 --> 00:27:49,000

I honestly believe him.

284

00:27:49,000 --> 00:27:55,000

I've never been one to believe a dreamer before, but I honestly believe him.

285

00:27:55,000 --> 00:28:00,000

You know, he had his facts, and I had my dreams, and the two just seemed to go together.

286

00:28:01,000 --> 00:28:06,000

When we went to the area where the bodies were found, Chuck walked up to the area right where the bodies were.

287

00:28:06,000 --> 00:28:08,000

It became very tense.

288

00:28:11,000 --> 00:28:15,000

He was upset. He wanted to walk away from that area right there, at that point.

289

00:28:16,000 --> 00:28:23,000

After looking at some pictures, I found out that this was the spot where the two grimesisters were found.

290

00:28:23,000 --> 00:28:32,000

This is one of several things that convinced me that his dreams, that there were in fact dreams, and they could be very helpful in the case.

291

00:28:32,000 --> 00:28:37,000

I knew the spot because I saw the girls there in my dreams.

292

00:28:39,000 --> 00:28:44,000

The trees that come across dead branches and things that I saw in my dreams, they were there.

293

00:28:46,000 --> 00:28:48,000

So I knew it was in the right place.

294

00:28:48,000 --> 00:29:00,000

Some of the items that he has described to me as being found or being owned by the girls has never been detailed in any news media that I know.

295

00:29:00,000 --> 00:29:04,000

Okay, whether it be in a newspaper or through television or radio.

296

00:29:04,000 --> 00:29:11,000

One recurring item in his dreams was a special piece of jewelry, a ring that Patricia liked to wear.

297

00:29:11,000 --> 00:29:16,000

I was in a small shack and I looked up on one of the beams in the corner.

298

00:29:16,000 --> 00:29:19,000

On the very top of the beam was her ring.

299

00:29:19,000 --> 00:29:22,000

Later on I found out that she received the ring for a gift.

300

00:29:22,000 --> 00:29:26,000

You know, either on her birthday or Christmas or something like that.

301

00:29:26,000 --> 00:29:29,000

And it meant a lot to her.

302

00:29:30,000 --> 00:29:37,000

I believe it is a common thing for people that are deceased to try to communicate with people, you know, through their dream state.

303

00:29:37,000 --> 00:29:46,000

Psychic Jory Ann and paranormal investigator Howard Hyme were called in to investigate the places Charles has been drawn to through his dreams.

304

00:29:46,000 --> 00:29:52,000

Hyme recorded environmental anomalies in the area while Jory Ann voiced her psychic impressions.

305

00:29:53,000 --> 00:29:58,000

I'm feeling stabbed ones. I'm feeling somebody getting stabbed.

306

00:29:59,000 --> 00:30:07,000

Based on my experience, I do believe that the girls are trying to communicate with Charles about exactly what happened to him and why.

307

00:30:07,000 --> 00:30:11,000

This is a strange universe if we live in. We don't have all the answers.

308

00:30:11,000 --> 00:30:15,000

Maybe the spirits of the dead girls are reaching out in an attempt to obtain justice.

309

00:30:15,000 --> 00:30:25,000

Or maybe the living relatives of the girls are unconsciously reaching out to this dreamer in an attempt to obtain justice.

310

00:30:25,000 --> 00:30:31,000

One night I had a dream that Barbara was whispering in my ear, no, not to give up.

311

00:30:31,000 --> 00:30:38,000

To just keep looking at your dreams, remember your dreams and everything. Everything's going to be

okay.

312

00:30:38,000 --> 00:30:46,000

No one knows how Barbara and Patricia Grimes were killed, but Charles's dreams have provided new clues that could lead to a murderer.

313

00:30:46,000 --> 00:30:53,000

I would like to see the case reopen. The murderer or murderers are still out there if they haven't died yet.

314

00:30:53,000 --> 00:31:01,000

And that's one of the things that Chuck has brought to my attention, that the individual that is involved in this wants to confess.

315

00:31:01,000 --> 00:31:05,000

He wants to bring it out. He wants to clear his conscience before he dies.

316

00:31:05,000 --> 00:31:14,000

If the case is reopened, it would give legal credence to the idea that our subconscious somehow knows things that our conscious mind does not.

317

00:31:14,000 --> 00:31:19,000

For Charles Bayerly, finding the killer would not only be a public triumph, but also a personal relief.

318

00:31:19,000 --> 00:31:27,000

Maybe the dreams will stop. I don't have to think about this anymore. Maybe they can rest in peace.

319

00:31:27,000 --> 00:31:37,000

If I'm still dreaming about them and they're still coming at me like this, maybe they're not resting at all. Maybe they want it solved.

320

00:31:37,000 --> 00:31:43,000

Officially, its case closed for the 1957 deaths of two teenage girls in Chicago.

321

00:31:43,000 --> 00:31:52,000

But based on the information provided by Chuck Bayerly, Detective Jerry Schultz is now trying to obtain a court order to reopen the case and exhume the bodies.

322

00:31:52,000 --> 00:31:55,000

We'll bring you the results of his efforts on a future episode.

323

00:31:55,000 --> 00:31:58,000

Coming up next, a psychic healer's gift.

324

00:31:58,000 --> 00:32:05,000

In medicine, if we were to give a drug and get this kind of response, it would be a miracle.

325

00:32:06,000 --> 00:32:13,000

Psychic or spiritual healing is the oldest of all medical practices.

326

00:32:13,000 --> 00:32:21,000

It was an essential part of the healer's art before drugs and vaccines and sophisticated technology replaced the simpler remedies.

327

00:32:21,000 --> 00:32:27,000

But now science is returning to the old ways because sometimes they're the only ones that work.

328

00:32:27,000 --> 00:32:35,000

Henry Runker doesn't know why he has the power to heal some people, but he remembers having a special gift from an early age.

329

00:32:35,000 --> 00:32:43,000

I went to a hospital at 10 years old for a town selectum. I woke up and I couldn't stay in my body.

330

00:32:43,000 --> 00:32:47,000

I'd find myself on the other side of the room looking at my body and it panicked me.

331

00:32:47,000 --> 00:32:55,000

And I thought I was dying or was dead. And I tried my best to stay in my body and finally I dropped off to sleep.

332

00:32:55,000 --> 00:33:00,000

Author Joyce Elaine Noll details Runker's amazing healing powers in this book,

333

00:33:00,000 --> 00:33:05,000

considered the definitive text on African Americans with psychic powers.

334

00:33:05,000 --> 00:33:19,000

He has an ability to adjust people's energy fields, areas of blockage that a person has that is causing an illness and making them unwell.

335

00:33:19,000 --> 00:33:25,000

30 years ago, Aisha Gries's doctors presented her with a fair complete.

336

00:33:25,000 --> 00:33:30,000

She had an eye disease, Latinitis pigmentosa, and was going to be blind.

337

00:33:30,000 --> 00:33:35,000

But then Aisha met Henry Runker at a spiritual retreat.

338

00:33:35,000 --> 00:33:44,000

I got a healing from him and didn't realize it until I went back to the hospital for my regular checkup.

339

00:33:44,000 --> 00:33:50,000

So after he worked on me, then the doctors decided that they've made a mistake.

340

00:33:50,000 --> 00:33:58,000

I can see and I can drive and I drive at night as a result of my contact with Henry Runker.

341

00:33:58,000 --> 00:34:03,000

But can Runker's psychic powers be proven scientifically?

342

00:34:03,000 --> 00:34:14,000

Henry in one or two sessions with a patient can do more than any psychiatrist or psychologist I've ever known in my life could do in weeks or months of therapy.

343

00:34:14,000 --> 00:34:22,000

Dr. C. Norman Shealy is a Harvard train neurosurgeon who has become increasingly disillusioned with conventional medicine.

344

00:34:22,000 --> 00:34:31,000

85% of physicians are honest, caring individuals. Unfortunately, they have been brainwashed from the day they entered medical school.

345

00:34:31,000 --> 00:34:40,000

They mean well. They want to help people. They just forget that people are spiritual beings. They're not just machines.

346

00:34:40,000 --> 00:34:48,000

Henry Runker has worked with Dr. Shealy and his patients on a regular basis since the two first met more than 20 years ago.

347

00:34:48,000 --> 00:34:57,000

December 19, 1972, I went to Henry's office and I spent three hours for a one-hour appointment.

348

00:34:57,000 --> 00:35:04,000

So he challenged me. He said, well, I understand that you're a psychic. Tell me about myself.

349

00:35:04,000 --> 00:35:06,000

I told him about himself and his family.

350

00:35:06,000 --> 00:35:20,000

And I was impressed enough with Henry that I asked him to come up to my clinic to see how good he was at really intuitive diagnoses. And he was excellent.

351

00:35:20,000 --> 00:35:24,000

Runker has reportedly healed hundreds of Dr. Shealy's patients.

352

00:35:24,000 --> 00:35:33,000

Sighting set a team to the Shealy Institute in Missouri to see if we could document Runker's healing power as he worked with three women suffering from chronic pain.

353

00:35:33,000 --> 00:35:43,000

Blood is drawn before the healing. Dr. Shealy believes that an increase in the level of a hormone called DHEA will indicate Runker's level of success.

354

00:35:43,000 --> 00:35:52,000

People with deficiencies in DHEA have all the major illnesses, heart disease, diabetes, depression. You name it.

355

00:35:52,000 --> 00:36:04,000

If the DHEA goes up on these patients, any one of them, even 10% in such a short period of time, I will consider that a near miracle of healing.

356

00:36:04,000 --> 00:36:10,000

Because DHEA really doesn't change significantly on a day-to-day basis.

357

00:36:10,000 --> 00:36:16,000

Very seldom have I worked on a person that didn't feel better in some way.

358

00:36:16,000 --> 00:36:24,000

I can hardly remember a time when that happened. For the most part, something happened every time I made a healing effort.

359

00:36:24,000 --> 00:36:34,000

You have to keep in mind that my thing is a spiritual thing and that I really don't have a personal control over what happens.

360

00:36:34,000 --> 00:36:41,000

Intuitively, I feel very strongly that these three people are going to be helped tremendously.

361

00:36:42,000 --> 00:36:51,000

Immediately after the healing sessions, blood was drawn again. After independent lab testing, Dr. Shealy shared the results with his patients.

362

00:36:51,000 --> 00:37:00,000

Amazingly, in each case, the level of DHEA increased substantially after Henry Runker applied his healing technique.

363

00:37:00,000 --> 00:37:06,000

In medicine, if we were to give a drug and get this kind of response, it would be a miracle.

364

00:37:06,000 --> 00:37:16,000

I know of nothing that one could do, especially with a single shot, so to speak, in which you could raise DHEA 100% or 55%.

365

00:37:16,000 --> 00:37:25,000

So I think this is the most startling evidence of spiritual healing having a biochemical effect upon the body that one can imagine.

366

00:37:25,000 --> 00:37:33,000

I see this as a healing ministry. In my ministry, most of the people that I have sought to help have truly been helped.

367

00:37:33,000 --> 00:37:39,000

Whether it be emotionally, whether it be a cessation of pain, and sometimes it was almost like a miracle.

368

00:37:39,000 --> 00:37:48,000

The DHEA tests conducted by Dr. Shealy only seem to confirm what patients have been saying about Henry Rucker for more than 25 years.

369

00:37:48,000 --> 00:37:58,000

Henry Rucker healed my eyes and didn't charge me a dime. I didn't get a bill in the mail. I got hugs and kisses when I told him that it worked.

370

00:37:59,000 --> 00:38:07,000

Results, like those demonstrated by Henry Rucker, have not gone unnoticed by the mainstream medical community.

371

00:38:07,000 --> 00:38:17,000

Recently, the National Institutes of Health announced a large-scale plan to study alternative therapies, including Tai Chi, Navajo Healing, and the Lane on of Hands.

372

00:38:17,000 --> 00:38:22,000

Next, Russian and American astronauts describe bizarre encounters in space.

373

00:38:22,000 --> 00:38:27,000

I have seen a snake out there, six, seven, eight feet long.

374

00:38:31,000 --> 00:38:40,000

The Russian equivalent of Cape Canaveral is called Star City. Until recently, it was closed to outsiders and jealously guarded its outer space secrets.

375

00:38:40,000 --> 00:38:45,000

But in the wake of gloss-nosed, a sightings investigative team was invited to Star City.

376

00:38:45,000 --> 00:38:52,000

And when we got there, the first cosmonaut we spoke with told us that he had just had an encounter with a UFO.

377

00:38:52,000 --> 00:39:02,000

Sightings went to investigate cosmonaut sightings of UFOs, sightings similar to those reported by American astronauts, but dismissed by American scientists.

378

00:39:02,000 --> 00:39:07,000

A lot of things we see in the pictures in space are things we're used to seeing here in the control center down here in Houston.

379

00:39:07,000 --> 00:39:13,000

There are ordinary events that surround the spaceship, pieces coming off, water dumps, pieces of ice insulation.

380

00:39:13,000 --> 00:39:17,000

There's little pieces, 10, maybe 20 feet away from the camera.

381

00:39:17,000 --> 00:39:24,000

But within the Soviet space program, cosmonauts insist that they have seen more than just floating scraps of space junk.

382

00:39:24,000 --> 00:39:35,000

I think that we are not alone in the universe. I believe that someone or something of extraterrestrial origin has visited Earth.

383

00:39:38,000 --> 00:39:47,000

In April of 1979, cosmonaut Viktor Afanasyev lifted off from Star City to dock with the Soviet

Soviet 6 space station.

384

00:39:47,000 --> 00:39:56,000

But while en route, something strange happened. Cosmonaut Afanasyev saw an unidentified object turn toward his craft and begin tailing it through space.

385

00:39:57,000 --> 00:40:08,000

It followed us during half of our orbit. We observed it on the light side and when we entered the shadow side, it disappeared completely.

386

00:40:08,000 --> 00:40:17,000

It was an engineering structure made from some type of metal, approximately 40 meters long with inner holes.

387

00:40:17,000 --> 00:40:23,000

The object was narrow here and wider here, and inside there were openings.

388

00:40:23,000 --> 00:40:35,000

Some places had projections like small wings. The object stayed very close to us. We photographed it and our photos showed it to be 23 to 28 meters away.

389

00:40:35,000 --> 00:40:44,000

In addition to photographing the UFO, Afanasyev continually reported back to mission control about the craft size, its shape and position.

390

00:40:44,000 --> 00:40:52,000

When the cosmonaut returned to Earth, he was debriefed, told never to reveal what he knew, and had his cameras and film confiscated.

391

00:40:52,000 --> 00:40:57,000

Those photos and his voice transmissions from space have never been released.

392

00:40:57,000 --> 00:41:04,000

It is only now, with the collapse of the Soviet Union, that Afanasyev feels he can safely tell his story.

393

00:41:04,000 --> 00:41:11,000

It is still classified as a UFO because we have yet to identify the object.

394

00:41:11,000 --> 00:41:19,000

Spaceflight itself broadens your horizons to the point which you kind of open up to possibilities.

395

00:41:19,000 --> 00:41:28,000

Dr. Story Musgrave is a veteran of five American shuttle missions, who has seen and photographed several unidentified flying objects in space.

396

00:41:28,000 --> 00:41:32,000

Dr. Musgrave does not believe they are craft from another planet.

397

00:41:32,000 --> 00:41:43,000

On two of my missions, and I still don't have an answer, I have seen a snake out there, six, seven, eight feet long.

398

00:41:43,000 --> 00:41:50,000

It is rubbery because it has internal waves in it, and it follows you for a rather long period of time.

399

00:41:50,000 --> 00:42:04,000

The more you fly in space, the more you see an incredible amount of things out there, and that sort of brings to you really a certainty that other living creatures are out there.

400

00:42:04,000 --> 00:42:14,000

Some are incredibly primitive, more primitive, some are just proteins coming together, amino acids, and some just single cell organisms.

401

00:42:14,000 --> 00:42:20,000

And other civilizations have been around for a million years that are doing unimaginable kinds of things.

402

00:42:21,000 --> 00:42:31,000

Cosmonaut Athanasia believes that the UFO he cited and photographed in 1979 was evidence of just this kind of distant superintelligent civilization.

403

00:42:31,000 --> 00:42:35,000

Does the United States have similar evidence that they're also hiding?

404

00:42:35,000 --> 00:42:40,000

No, I'm sure they were divulging. That's what NASA's all about.

405

00:42:40,000 --> 00:42:44,000

It's about the search for extraterrestrial intelligence.

406

00:42:44,000 --> 00:42:49,000

I can see no reason that that would be classified in any way, and I wouldn't let it be.

407

00:42:49,000 --> 00:42:53,000

I'm an astronaut, I fly in space. I have five flights.

408

00:42:53,000 --> 00:42:56,000

The second I see some, I'm going to tell somebody.

409

00:43:19,000 --> 00:43:23,000

And remember, no mystery is closed to an open mind.

410

00:43:23,000 --> 00:43:26,000

For Sightings, I'm Tim White.
