

1

00:00:00,000 --> 00:00:06,960

On this edition of Sightings, it's called Blood Alley, a perilous highway that may lead

2

00:00:06,960 --> 00:00:08,760

to a deadly crack in time.

3

00:00:08,760 --> 00:00:12,560

I just really thought that death was around the next corner.

4

00:00:12,560 --> 00:00:18,480

Then, have extraterrestrial visitors returned to the site of a UFO crash?

5

00:00:18,480 --> 00:00:22,680

There appears to be some type of intelligence behind the phenomenon.

6

00:00:22,680 --> 00:00:27,640

Plus, our minds have the power to work miracles.

7

00:00:27,640 --> 00:00:33,440

I wanted enough of a phase to be able to blend into a crowd.

8

00:00:33,440 --> 00:00:38,840

Later, a psychic's vision provides clues to a brutal crime in North Carolina.

9

00:00:38,840 --> 00:00:43,400

I would suspect this is someone capable of becoming a serial killer.

10

00:00:43,400 --> 00:00:44,840

Finally, an update.

11

00:00:44,840 --> 00:00:48,040

The bizarre mutilations continue in New Mexico.

12

00:00:48,040 --> 00:00:50,240

Maybe they'll start on human snacks, I hope.

13

00:00:57,640 --> 00:01:24,000

Welcome to Sightings.

14

00:01:24,000 --> 00:01:25,800

I'm Tim White.

15

00:01:25,800 --> 00:01:30,520

Many paranormal researchers believe that our thoughts and emotions don't dissipate.

16

00:01:30,520 --> 00:01:34,720

Instead, they linger and can take on the life of their own.

17

00:01:34,720 --> 00:01:39,480

In places of great upheaval or tragedy, this concentration of emotional energy can become

18

00:01:39,480 --> 00:01:45,960

so strong it actually warps time and space, providing a window into another dimension.

19

00:01:45,960 --> 00:01:50,680

It's a theory that may explain the eerie events along a lonely stretch of road in Northern

20

00:01:50,680 --> 00:01:54,360

California.

21

00:01:54,360 --> 00:01:59,240

It was like all of a sudden, time became like a glass cage of horror.

22

00:01:59,240 --> 00:02:01,680

It was like I couldn't push out of it.

23

00:02:01,680 --> 00:02:09,400

There was something bad or evil that had taken possession of not just me and not just my

24

00:02:09,400 --> 00:02:16,720

car but everybody else, the truck drivers, the car drivers, everybody was being possessed

25

00:02:16,720 --> 00:02:22,680

by something that was driving them to destruction.

26

00:02:22,680 --> 00:02:27,480

I was so scared I just wanted to get out of there and I was actually driving uncontrolled.

27

00:02:27,480 --> 00:02:32,600

The car was kind of swerving in different things and I just kept trying to get as fast

28

00:02:32,600 --> 00:02:35,320

as I could to get out of there.

29

00:02:35,320 --> 00:02:40,760

Pacheco Pass Highway, 42 miles of twisting mountain road that traverses the line between

30

00:02:40,760 --> 00:02:43,000

Central and Northern California.

31

00:02:43,000 --> 00:02:48,200

Since the 1970s, there have been 169 fatalities here.

32

00:02:48,200 --> 00:02:49,480

It was a nightmare.

33

00:02:49,480 --> 00:02:53,480

It had the nickname of Blood Alley.

34

00:02:53,480 --> 00:02:59,280

Due to the heavy volume of traffic twisting mountainous road, you had a potential there

35

00:02:59,280 --> 00:03:04,280

for a lot of traffic accidents and we in fact did have a lot of traffic accidents on Pacheco

36

00:03:04,280 --> 00:03:06,160

Pass Highway.

37

00:03:06,160 --> 00:03:10,920

But many people who have driven through Pacheco Pass say it's more than the switchbacks in

38

00:03:10,920 --> 00:03:13,920

narrow lanes that make this highway so dangerous.

39

00:03:13,920 --> 00:03:17,160

I was coming back from a trip.

40

00:03:17,160 --> 00:03:22,040

Coming around one of the curves, all of a sudden I was hit by such an overpowering panic.

41

00:03:22,040 --> 00:03:25,400

I began to feel that I was being invaded.

42

00:03:25,400 --> 00:03:32,560

I saw a little girl with her hands pressed up her eyes screaming, help me, help me.

43

00:03:32,560 --> 00:03:38,000

I saw men hanging up on a hill like somebody put them up on a gallows.

44

00:03:38,000 --> 00:03:43,000

It was like a montage of horror.

45

00:03:43,080 --> 00:03:47,840

Sylvia Brown is not the only motorist who has been haunted by bizarre apparitions in Pacheco

46

00:03:47,840 --> 00:03:50,000

Pass.

47

00:03:50,000 --> 00:03:55,560

I was driving through Pacheco Pass at night and I started hearing voices come from the

48

00:03:55,560 --> 00:03:59,920

back seat kind of low and then it started growing and at first I thought I was just

49

00:03:59,920 --> 00:04:05,120

tired so I kind of slapped myself and I rolled down the window trying to get some cold air

50

00:04:05,120 --> 00:04:09,760

but then the voices kept getting stronger and stronger and I was just terrified.

51

00:04:09,760 --> 00:04:15,640

I kept trying to drive faster and faster and I started hearing sounds of horses like on

52

00:04:15,640 --> 00:04:17,640

the sides of the car.

53

00:04:17,640 --> 00:04:22,120

There were three men outside and two women inside and the noise kept going and it kept

54

00:04:22,120 --> 00:04:23,120

getting louder and louder.

55

00:04:23,120 --> 00:04:27,960

You could hear like the wagon that they were in kept creaking and crashing and it was like

56

00:04:27,960 --> 00:04:32,200

slammed down and things were clanking and chains against the side and the women would

57

00:04:32,200 --> 00:04:38,240

scream each time it came down and lasted maybe like ten minutes total.

58

00:04:38,240 --> 00:04:43,520

Are these echoes of the area's violent past come back to haunt modern-day visitors?

59

00:04:43,520 --> 00:04:49,320

In 1797 the indigenous tribes here were taken by force and enslaved at San Juan Batista

60

00:04:49,320 --> 00:04:50,320

Mission.

61

00:04:50,320 --> 00:04:52,800

They rebelled and massacred many settlers.

62

00:04:52,800 --> 00:04:56,920

In retaliation the tribes were almost completely wiped out.

63

00:04:56,920 --> 00:05:02,520

Later Pacheco Pass became the hideout for Joaquin Marietta and Tibercio Vasquez, notorious

64

00:05:02,520 --> 00:05:06,360

desperados of the late 19th century.

65

00:05:06,360 --> 00:05:10,160

Through the years the past has witnessed many violent deaths.

66

00:05:10,160 --> 00:05:14,640

It's been suggested that people traveling through the area today may be picking up visual

67

00:05:14,640 --> 00:05:19,400

and oral messages that have somehow been locked in time and space.

68

00:05:19,400 --> 00:05:24,280

Paranormal researchers Sylvia Brown and Larry Beck think there is a time warp, a rip in

69

00:05:24,280 --> 00:05:28,600

the fabric of time in Pacheco Pass.

70

00:05:28,600 --> 00:05:34,720

Pacheco Pass seems to have some kind of, if you will, a tornado of emotion and it hovers

71

00:05:34,720 --> 00:05:39,280

and wiggles slightly but it moves in and around the Pacheco Pass area.

72

00:05:39,280 --> 00:05:48,440

And it's like traumatic events all concentrated into a ball or whirling mass or a vortex of

73

00:05:48,440 --> 00:05:49,440

some kind.

74

00:05:49,440 --> 00:05:52,800

It's almost like there was layers of time upon time.

75

00:05:52,800 --> 00:05:56,800

There was fighting, there was Indians, there was covered raggins.

76

00:05:56,800 --> 00:06:00,920

Everything that I experienced was like bloodshed, futility, despair.

77

00:06:00,920 --> 00:06:05,760

But tragically in our world we find so many of these warps where traumas have occurred,

78

00:06:05,760 --> 00:06:11,560

where pain has occurred and they build upon one another until they leave the normal timeline

79

00:06:11,560 --> 00:06:13,680

and form a little cutout bubble.

80

00:06:13,680 --> 00:06:20,040

And if you're sensitive you could hit it and experience those things concurrently.

81

00:06:20,040 --> 00:06:24,480

Sylvia Brown has investigated hundreds of hauntings throughout the United States but

82

00:06:24,480 --> 00:06:29,000

she believes that the activity in Pacheco Pass is unique in its intensity and deserves

83

00:06:29,000 --> 00:06:31,600

further investigation.

84

00:06:31,600 --> 00:06:37,920

It's not necessarily a haunting but it's where a lot of activity, usually of a negative

85

00:06:37,920 --> 00:06:43,960

nature has gone on and what it's done is it's imprinted itself right in the atmosphere in

86

00:06:43,960 --> 00:06:45,840

a certain place.

87

00:06:45,840 --> 00:06:50,000

Physicists concede that we know very little about the cosmic relationship between time

88

00:06:50,000 --> 00:06:51,280

and space.

89

00:06:51,280 --> 00:06:55,280

But for the California Highway Patrol the problems in the Pass are completely down to

90

00:06:55,280 --> 00:06:56,280

Earth.

91

00:06:56,360 --> 00:07:00,480

Of all the accidents I've worked on Pacheco Pass I can never attribute any of them to

92

00:07:00,480 --> 00:07:02,640

any type of psychic phenomenon.

93

00:07:02,640 --> 00:07:06,400

The Highway Patrol has found a reason for every accident we've ever worked out there

94

00:07:06,400 --> 00:07:09,560

and it's always been that way.

95

00:07:09,560 --> 00:07:15,080

But no one can ever know what, if anything, those motorists saw in the moments before

96

00:07:15,080 --> 00:07:16,080

their fatal accidents.

97

00:07:16,080 --> 00:07:22,480

I don't know that I can put my finger on it because I've never delved into the psychic

98

00:07:22,480 --> 00:07:29,400

all that much and hadn't thought that much about ghosts and things like that.

99

00:07:29,400 --> 00:07:33,840

But I did have the feeling that death was around the next corner.

100

00:07:33,840 --> 00:07:37,680

Does imagination run wild along these dangerous curves?

101

00:07:37,680 --> 00:07:42,680

Or is there a mysterious energy from the past imprinting on the present?

102

00:07:42,680 --> 00:07:48,800

Research into time warps or time implants as they are now being called is in its infancy.

103

00:07:48,800 --> 00:07:53,320

So far the human mind is the only instrument that seems to be capable of measuring this

104

00:07:53,320 --> 00:07:58,920

bizarre phenomenon.

105

00:07:58,920 --> 00:08:04,080

Caltrans, the California Department of Transportation admits that they have considered rerouting

106

00:08:04,080 --> 00:08:07,680

Highway 152 away from the so-called Blood Alley.

107

00:08:07,680 --> 00:08:10,280

But those plans are still on the drawing board.

108

00:08:10,280 --> 00:08:14,480

In the meantime area residents have launched a private campaign to get the job done.

109

00:08:14,480 --> 00:08:32,760

The estimated price tag is \$150 million.

110

00:08:32,760 --> 00:08:35,760

Psychosomatic illness is a medical fact.

111

00:08:35,760 --> 00:08:39,800

Mainstream medicine accepts without question that some people can make themselves sick

112

00:08:39,800 --> 00:08:41,680

through the power of the mind.

113

00:08:41,680 --> 00:08:43,040

So could the reverse be true?

114

00:08:43,040 --> 00:08:46,080

Are we capable of psychosomatic wellness?

115

00:08:46,080 --> 00:08:56,040

Can the same mind that creates illness also be used to heal?

116

00:08:56,040 --> 00:08:58,680

All I remember thinking was my son has to be alright.

117

00:08:58,680 --> 00:09:01,320

I don't care what happens to me as long as he's not hurt.

118

00:09:01,320 --> 00:09:03,240

So I got out of the car.

119

00:09:03,240 --> 00:09:07,760

Well first I looked at my mom and I was just like totally shocked.

120

00:09:07,760 --> 00:09:09,480

You know I just didn't expect it.

121

00:09:09,480 --> 00:09:14,880

I lost consciousness at the time of the impact and I had a very intense near-death experience

122

00:09:14,880 --> 00:09:15,880

at that time.

123

00:09:15,880 --> 00:09:22,200

I went through the standard phases of going through the tunnel of light.

124

00:09:22,200 --> 00:09:24,040

Then I went into a beautiful garden.

125

00:09:24,040 --> 00:09:26,040

I was just like what do I do?

126

00:09:26,040 --> 00:09:28,040

What do I do?

127

00:09:28,040 --> 00:09:34,240

And I just yelled my mom's name to her.

128

00:09:34,240 --> 00:09:35,920

I was just shaking her.

129

00:09:35,920 --> 00:09:36,920

Just wake up.

130

00:09:36,920 --> 00:09:37,920

Come on.

131

00:09:37,920 --> 00:09:38,920

Wake up.

132

00:09:39,040 --> 00:09:43,720

Then suddenly my father was there and he had been dead for about ten years.

133

00:09:43,720 --> 00:09:46,560

And I said oh I'm so glad to see you.

134

00:09:46,560 --> 00:09:49,960

And he said well I'm glad to see you too but you can't stay.

135

00:09:49,960 --> 00:09:51,560

And I said no I've gotten here.

136

00:09:51,560 --> 00:09:53,060

I'm not leaving.

137

00:09:53,060 --> 00:09:56,960

And he said now you have to go back because there's a purpose you haven't fulfilled.

138

00:09:56,960 --> 00:10:02,000

And as he was saying that my son was reviving me and I could feel myself being pulled back

139

00:10:02,000 --> 00:10:03,480

into my body.

140

00:10:03,480 --> 00:10:05,560

And he brought me back.

141

00:10:05,560 --> 00:10:07,800

That was in 1982.

142

00:10:07,920 --> 00:10:12,840

From that day to this, Gary Carter has felt that her near-death experience was a turning

143

00:10:12,840 --> 00:10:13,920

point.

144

00:10:13,920 --> 00:10:16,440

She was being allowed to come back for a reason.

145

00:10:16,440 --> 00:10:19,720

A reason that she could barely know as she clung to life.

146

00:10:19,720 --> 00:10:23,720

I kept demanding to see my mother and my father finally said no.

147

00:10:23,720 --> 00:10:27,200

That she didn't have a face anymore and he was not going to let me see her.

148

00:10:27,200 --> 00:10:33,400

On a scale of one to ten I would say her injuries were probably nine to ten in severity.

149

00:10:33,400 --> 00:10:37,480

So certainly very high levels of injury.

150

00:10:37,480 --> 00:10:41,080

My eyes were zoned shut because I had a lot of cuts there.

151

00:10:41,080 --> 00:10:44,000

I couldn't talk because I had a tracheotomy.

152

00:10:44,000 --> 00:10:46,400

I couldn't smell because I didn't have a nose.

153

00:10:46,400 --> 00:10:49,480

I couldn't talk because I didn't have a mouth.

154

00:10:49,480 --> 00:10:57,400

This patient like many others who have facial injuries, no matter how well the surgeons

155

00:10:57,400 --> 00:11:03,800

repair them, they never regained exactly their original normal appearance.

156

00:11:03,800 --> 00:11:09,200

Before that I had been a model and people always looked at me with admiration.

157

00:11:09,200 --> 00:11:14,200

After the accident, without a nose and without a mouth and without a face, people looked

158

00:11:14,200 --> 00:11:16,000

at me with looks of horror.

159

00:11:16,000 --> 00:11:20,360

I felt very guilty for upsetting them.

160

00:11:20,360 --> 00:11:26,640

I wanted enough of a face to be able to blend into a crowd again and not scare people.

161

00:11:26,640 --> 00:11:31,160

Her surgeons warned that the reconstruction process would be long and arduous, requiring

162

00:11:31,160 --> 00:11:33,780

at least ten separate surgeries.

163

00:11:33,780 --> 00:11:36,860

After the first operation, the pain was unbearable.

164

00:11:36,860 --> 00:11:43,940

It was just horrible to see my mom just sitting there in agony, just unable to do anything

165

00:11:43,940 --> 00:11:47,460

and just absolutely in pain.

166

00:11:47,460 --> 00:11:50,140

Intense pain like a symphony, I remember.

167

00:11:50,140 --> 00:11:53,860

It was always there, always intense.

168

00:11:53,860 --> 00:11:57,260

It was just horrible.

169

00:11:57,260 --> 00:12:00,180

It was a dreadful, dreadful time.

170

00:12:00,180 --> 00:12:02,940

The second surgery was even more excruciating.

171

00:12:02,940 --> 00:12:05,900

On the eve of her third surgery, Gary's dread intensified.

172

00:12:05,900 --> 00:12:11,220

When I was scared, I was really scared of the pain and this very pushy friend called

173

00:12:11,220 --> 00:12:16,340

me up and said, I've heard about these wonderful pain control tapes you might like to use since

174

00:12:16,340 --> 00:12:18,980

you have all these years of surgery out of you.

175

00:12:18,980 --> 00:12:23,860

The tapes came from the non-profit Monroe Institute, an education and research facility

176

00:12:23,860 --> 00:12:24,860

in Virginia.

177

00:12:25,220 --> 00:12:31,180

Here sound waves are used to affect brain waves, often with amazing results.

178

00:12:31,180 --> 00:12:38,140

We teach people how to use the power of their mind, how to use this power to promote healing

179

00:12:38,140 --> 00:12:44,300

processes, to promote optimal learning, to gain control of their life and their perceptions

180

00:12:44,300 --> 00:12:46,180

as they move through life.

181

00:12:46,180 --> 00:12:50,020

The Institute was founded on the principle that focused states of consciousness can be

182

00:12:50,020 --> 00:12:54,860

achieved by listening to combinations of sounds that alter brain wave patterns.

183

00:12:54,860 --> 00:12:57,780

In this focused state, pain can be eliminated.

184

00:12:57,780 --> 00:13:00,460

It's called the hemisync method.

185

00:13:00,460 --> 00:13:06,220

We put one sound in one ear and another sound in the other ear and when these sounds work

186

00:13:06,220 --> 00:13:10,540

together inside the brain, they alter your state of consciousness.

187

00:13:10,540 --> 00:13:14,500

They actually change the brain waves inside your head.

188

00:13:14,500 --> 00:13:15,860

It's not subliminal.

189

00:13:15,860 --> 00:13:21,220

The tones are a part either of music or of ocean waves depending on the different tapes.

190

00:13:21,220 --> 00:13:23,860

For Gary, the tapes had an amazing effect.

191

00:13:23,860 --> 00:13:28,220

Her pain threshold changed so dramatically, she asked if she could listen to a tape in

192

00:13:28,220 --> 00:13:29,220

the operating room.

193

00:13:29,220 --> 00:13:36,300

I took the tapes in with me for the surgery to make my nose and I told Dr. Edgerton if

194

00:13:36,300 --> 00:13:41,620

the tapes worked fine but if not I'd like my codeine right away please and he smiled

195

00:13:41,620 --> 00:13:46,140

and he said he thought it would be an interesting experiment and all the doctors and nurses

196

00:13:46,140 --> 00:13:47,900

were quite interested as well.

197

00:13:47,900 --> 00:13:53,060

And some of these operations of course can be very painful for a time but with the aid

198

00:13:53,060 --> 00:13:56,860

of the tapes, even going down to the operating room area with the tapes playing, she really

199

00:13:56,860 --> 00:14:04,260

seemed to deal with the anxiety issues and the post-operative pain issues very well and

200

00:14:04,260 --> 00:14:08,700

I think a lot of the staff were very impressed by how much these tapes helped her.

201

00:14:08,700 --> 00:14:12,140

I was relaxed and happy going down into the operating room.

202

00:14:12,140 --> 00:14:17,740

It was like going to a fun party instead of the shakes and the queasiness I would have

203

00:14:17,740 --> 00:14:18,740

had before.

204

00:14:18,740 --> 00:14:25,780

In Gary's case, it was very clear she did not request very much anesthetic when she

205

00:14:25,780 --> 00:14:27,860

was using the Monroe tapes.

206

00:14:27,860 --> 00:14:35,380

The feeling when somebody is cutting on you when you use these tapes is one of being disassociated.

207

00:14:35,380 --> 00:14:40,900

You feel the touching and the pulling or pushing as they're cutting or stitching but

208

00:14:40,900 --> 00:14:42,940

there's no pain associated with it.

209

00:14:42,940 --> 00:14:45,340

It's just like a very gentle touch.

210

00:14:45,340 --> 00:14:49,540

Where you hypnotize somebody and you tell them you're going to burn them but you actually

211

00:14:49,540 --> 00:14:54,300

reach out and just lightly touch them, the body believes so strongly that it's going

212

00:14:54,300 --> 00:14:56,980

to be burned that it will be blistered.

213

00:14:56,980 --> 00:15:03,220

Well you want to use that same kind of mind power to make the body believe so strongly

214

00:15:03,220 --> 00:15:07,620

that it's going to get healthy and it's going to have less pain, that it actually kicks

215

00:15:07,620 --> 00:15:12,740

in and provides all those things that are necessary for that to happen.

216

00:15:12,740 --> 00:15:15,460

I had no pain after that surgery whatsoever.

217

00:15:15,460 --> 00:15:20,940

I used the Monroe audio tapes and there was minimal swelling and bruising and I went home

218

00:15:20,940 --> 00:15:23,860

from the hospital in two days instead of ten.

219

00:15:23,860 --> 00:15:29,100

The whole theory opens a lot of interesting possibilities.

220

00:15:29,100 --> 00:15:34,820

We are just in the very early stages of understanding brain function.

221

00:15:34,820 --> 00:15:38,660

Gary continued to use her tapes through seven more operations.

222

00:15:38,660 --> 00:15:43,020

Today she looks forward to a pain-free life and feels her purpose now is to help others

223

00:15:43,020 --> 00:15:45,820

through lectures and her book, Healing Myself.

224

00:15:45,820 --> 00:15:50,260

We truly are all one and we're all here to help each other and that's what I want this

225

00:15:50,260 --> 00:15:53,020

book to do for other people.

226

00:15:53,020 --> 00:15:59,060

I've been blessed to have the face that I have but I think in a way mommy's more blessed

227

00:15:59,060 --> 00:16:04,500

to have what's happened to her because it's changed her and it's given her a whole new

228

00:16:04,500 --> 00:16:10,860

outlook and this is only a skin for me now.

229

00:16:10,860 --> 00:16:16,100

It used to be an identity and now my identity is in here.

230

00:16:16,100 --> 00:16:17,500

It's not here.

231

00:16:17,500 --> 00:16:22,820

I guess what really had an effect on me was seeing my mother utilizing these tapes and

232

00:16:22,820 --> 00:16:28,500

utilizing the potential within herself to heal.

233

00:16:28,500 --> 00:16:34,020

I thought, wow, if that's possible, it really opens the door for so many more things.

234

00:16:34,020 --> 00:16:38,700

The meaning of life to me before the accident was totally based on outer appearances.

235

00:16:38,700 --> 00:16:42,380

Now in my second life I look at the light bulbs.

236

00:16:42,380 --> 00:16:48,260

I don't look at the lampshades as I did in my first life.

237

00:16:48,260 --> 00:16:52,220

The Monroe Institute is not suggesting that every patient should forgo anesthesia in

238

00:16:52,220 --> 00:16:56,980

the operating room but they do believe that as long as conventional medicine is standing

239

00:16:56,980 --> 00:17:01,780

by, alternative therapy should be given a chance to work first.

240

00:17:01,780 --> 00:17:06,180

When sightings continues, startling UFO activity captured on home video.

241

00:17:06,180 --> 00:17:08,860

There's an excitement to builds and it's just like incredible.

242

00:17:08,860 --> 00:17:15,420

I've never seen anything like this in my life.

243

00:17:15,420 --> 00:17:18,940

Jose Escamilla used to be like a lot of other amateur sky watchers.

244

00:17:18,940 --> 00:17:22,460

He'd take his video camera outside and hope for the best.

245

00:17:22,460 --> 00:17:28,420

But in March of this year, Jose got something, a UFO streaking across the sky.

246

00:17:28,420 --> 00:17:33,660

And since then he has shot more than 500 hours of what he believes is UFO footage.

247

00:17:33,660 --> 00:17:35,540

Where does Jose Escamilla live?

248

00:17:35,540 --> 00:17:38,380

12 miles outside of Roswell, New Mexico.

249

00:17:48,940 --> 00:17:52,620

We began taping UFOs on March 5th.

250

00:17:52,620 --> 00:17:57,460

I got a call and they said, come out to midway, there's UFOs out here.

251

00:17:57,460 --> 00:18:02,380

Midway, New Mexico is easy to miss if you're speeding by on the interstate.

252

00:18:02,380 --> 00:18:06,540

To the casual observer, it's just another small southwestern town.

253

00:18:06,540 --> 00:18:08,100

But look up.

254

00:18:08,100 --> 00:18:12,900

There in broad daylight, strange craft are flying over the town.

255

00:18:12,900 --> 00:18:17,860

Sightings contacted local residents who have startling home videos of UFOs they just can't

256

00:18:17,900 --> 00:18:20,260

explain.

257

00:18:20,260 --> 00:18:24,460

New Mexico as a whole has had a lot of sightings.

258

00:18:24,460 --> 00:18:30,700

And I think that there is a tremendous interest by our visitors, should we say, as to the

259

00:18:30,700 --> 00:18:34,620

activities that have taken place here in the past.

260

00:18:34,620 --> 00:18:40,340

Here, just as stones throw from midway near Roswell, New Mexico, a suspicious crash landing

261

00:18:40,340 --> 00:18:44,260

in 1947 launched modern interest in ufology.

262

00:18:44,260 --> 00:18:49,220

The air force insisted it was a downed weather balloon and, despite persistent rumors, continue

263

00:18:49,220 --> 00:18:52,980

to deny any knowledge of alien craft or life forms.

264

00:18:52,980 --> 00:18:58,860

But many people who live and work here believe otherwise that this new flap of UFOs is connected

265

00:18:58,860 --> 00:19:03,620

to the original Roswell incident.

266

00:19:03,620 --> 00:19:08,660

Jose Escamilla owns a videotape facility in New Mexico and has shot hundreds of hours

267

00:19:08,660 --> 00:19:10,980

of beautiful southwestern scenery.

268

00:19:11,060 --> 00:19:15,500

But on March 5th, 1994, Escamilla saw his first UFOs.

269

00:19:15,500 --> 00:19:18,220

He immediately began videotaping.

270

00:19:18,220 --> 00:19:22,780

We have a piece of film of a jet, I think it was a citation that flew right over the

271

00:19:22,780 --> 00:19:23,780

property.

272

00:19:23,780 --> 00:19:26,540

I guess it must have been about five or six hundred feet.

273

00:19:26,540 --> 00:19:30,620

We captured an object that comes from upper screen right on TV.

274

00:19:30,620 --> 00:19:34,820

And it goes right up behind the jet and it seems to tag it on the tail or bump it.

275

00:19:34,820 --> 00:19:40,020

And you can see the object taken off away from the jet.

276

00:19:40,060 --> 00:19:44,780

Because of his video background, some people were suspicious of Escamilla's footage.

277

00:19:44,780 --> 00:19:50,540

Local news reporter Lachelle Yates launched an investigation.

278

00:19:50,540 --> 00:19:54,900

Given the history of Roswell and the crash, we thought it was interesting that here is

279

00:19:54,900 --> 00:19:58,700

a man who is capturing something unexplained on videotape.

280

00:19:58,700 --> 00:20:04,020

So we went out and videotaped in the same place that he videotapes and we got identical

281

00:20:04,020 --> 00:20:05,740

objects on our video.

282

00:20:05,740 --> 00:20:12,980

So we feel that he's not tricking us with any video scam or anything.

283

00:20:12,980 --> 00:20:17,620

What he has captured on tape, we feel is authentic.

284

00:20:17,620 --> 00:20:25,660

To date, Jose Escamilla has logged more than five hundred hours of UFO videotape.

285

00:20:25,660 --> 00:20:29,900

Every time we get a new tape and we find some new kind of object in there, there's an excitement

286

00:20:29,900 --> 00:20:31,860

that builds and it's just like incredible.

287

00:20:31,860 --> 00:20:34,300

I've never seen anything like this in my life.

288

00:20:35,260 --> 00:20:39,660

From the film footage I have seen, there appears to be some type of intelligence behind the

289

00:20:39,660 --> 00:20:40,780

phenomena.

290

00:20:40,780 --> 00:20:47,900

They represent a true enigma deserving of scientific scrutiny.

291

00:20:47,900 --> 00:20:55,500

The Escamilla video is an excellent cross-section of the kinds of things that I see on videotapes.

292

00:20:55,500 --> 00:21:00,900

Jim DeLotosa specializes in computer-assisted analysis of film and videotape.

293

00:21:00,900 --> 00:21:04,860

Siding's asked him to examine a large sapling from Escamilla's footage.

294

00:21:04,860 --> 00:21:08,420

He has found a number of unnatural flight patterns.

295

00:21:08,420 --> 00:21:14,420

What we find, you'll see, is that the object comes right in front of this telephone pole

296

00:21:14,420 --> 00:21:19,540

and then moves right up here and over top of the wires and out of the frame.

297

00:21:19,540 --> 00:21:24,300

Now in calculating this distance from where it comes in over the trees and by analyzing

298

00:21:24,300 --> 00:21:30,140

the edges and going up over the poles, it's about nine hundred yards.

299

00:21:30,140 --> 00:21:38,220

And in that period of time it's moving well over three thousand miles an hour.

300

00:21:38,220 --> 00:21:42,740

There are at least four military bases that are known to use the airspace over this part

301

00:21:42,740 --> 00:21:44,340

of New Mexico.

302

00:21:44,340 --> 00:21:49,780

And Area 51, the supposedly non-existent Air Force testing facility, would be only ten

303

00:21:49,780 --> 00:21:53,020

minutes away for a stealth fighter.

304

00:21:53,020 --> 00:21:57,140

Are unidentified craft like these government built and run?

305

00:21:57,140 --> 00:21:59,140

The Pentagon isn't talking.

306

00:21:59,140 --> 00:22:04,100

When it comes to trying to get this information, the Air Force will come back on an initial

307

00:22:04,100 --> 00:22:07,580

generic request stating that they have no information.

308

00:22:07,580 --> 00:22:09,980

This is a lie.

309

00:22:09,980 --> 00:22:19,140

The proximity to military bases in New Mexico and Escamilla making these videotapes is not

310

00:22:19,140 --> 00:22:20,280

just a coincidence.

311

00:22:20,280 --> 00:22:24,340

It follows a pattern.

312

00:22:24,340 --> 00:22:29,300

This is proof that UFOs are actually military aircraft.

313

00:22:29,300 --> 00:22:34,540

But much of Escamilla's footage reveals silhouettes and velocities that are not only unidentified

314

00:22:34,540 --> 00:22:40,340

by eyewitnesses but also unimaginable by current standards of technology.

315

00:22:40,340 --> 00:22:42,340

I'd like to find out what they are, period.

316

00:22:42,340 --> 00:22:48,260

If they're top secret military aircraft that the military is testing, I want an answer

317

00:22:48,260 --> 00:22:51,460

why they're doing such dangerous things out there like bumping their own jets.

318

00:22:51,980 --> 00:22:57,460

That's number one, but if they are not, okay, I'd like to know what they may be.

319

00:23:04,180 --> 00:23:09,820

Jose Escamilla knows that not everything he's capturing on videotape can be an alien spacecraft.

320

00:23:09,820 --> 00:23:14,300

But he believes that his video journal of the skies above Roswell is an important research

321

00:23:14,300 --> 00:23:16,540

tool for ufologists.

322

00:23:16,540 --> 00:23:22,620

He is the only comprehensive catalog of rare daytime activity anywhere in the world.

323

00:23:22,620 --> 00:23:26,420

Coming up next, a psychic detective goes in search of a brutal killer.

324

00:23:26,420 --> 00:23:29,940

I would suspect this is someone capable of becoming a serial killer.

325

00:23:29,940 --> 00:23:33,340

Ben, what do these people see and feel that you can't?

326

00:23:33,340 --> 00:23:41,460

And a sightings update, the bizarre cattle mutilations continue.

327

00:23:41,460 --> 00:23:46,620

The growing number of psychic phone services and storefront card readers is calling into

328

00:23:46,620 --> 00:23:49,900

question the integrity of professional psychics.

329

00:23:49,900 --> 00:23:54,340

But on sightings, we've found that there are a few gifted individuals who do make important

330

00:23:54,340 --> 00:23:59,180

psychic contributions, especially when it comes to providing new leads in an unsolved

331

00:23:59,180 --> 00:24:01,260

crime.

332

00:24:01,260 --> 00:24:04,180

This has been a very frustrating case.

333

00:24:04,180 --> 00:24:09,820

Potential suspects that we had early on in this case have been eliminated.

334

00:24:09,820 --> 00:24:15,620

I believe in what I can feel and touch and smell in here, but at this point in investigation,

335

00:24:15,620 --> 00:24:19,020

I'm not going to rule out anything that might provide a lead.

336

00:24:19,020 --> 00:24:23,460

I believe that Nancy Meyers will come up with something.

337

00:24:23,460 --> 00:24:25,500

I truly believe in my heart.

338

00:24:25,500 --> 00:24:29,660

By her own description, Nancy Meyers is a wife and a mother.

339

00:24:29,660 --> 00:24:33,300

But to the Nags Hen Police Department, she has a ray of hope.

340

00:24:33,300 --> 00:24:37,780

They've never worked with a psychic detective before, but one murder has remained unsolved

341

00:24:37,780 --> 00:24:42,100

for more than a year and the trail is growing cold.

342

00:24:42,100 --> 00:24:46,220

It happened here on the Outer Banks of North Carolina.

343

00:24:46,220 --> 00:24:53,180

Nags Hen is a popular resort area, and in August of 1993, the town was crowded with vacationers,

344

00:24:53,180 --> 00:24:56,300

enjoying the last warm weekend of the summer.

345

00:24:56,300 --> 00:24:57,940

But there was trouble ahead.

346

00:24:57,940 --> 00:25:07,300

A hurricane had made landfall down the coast and was heading north toward Nags Hen.

347

00:25:07,300 --> 00:25:11,180

Last night, everyone was talking about the impending hurricane.

348

00:25:11,180 --> 00:25:14,140

But just a few hours later, that would change.

349

00:25:14,140 --> 00:25:18,020

They'd all be talking about the young woman from New Jersey they'd met in the barn.

350

00:25:18,020 --> 00:25:22,820

The young woman who is now dead brutally stabbed.

351

00:25:22,820 --> 00:25:28,140

My sister Janet was one of the kindest, sweetest people you'd ever want to meet.

352

00:25:28,140 --> 00:25:32,820

She had so many friends and was liked by everyone.

353

00:25:32,820 --> 00:25:35,700

She was a very, very strong person.

354

00:25:35,700 --> 00:25:39,020

Very fragile, very loving, that's for sure.

355

00:25:39,020 --> 00:25:42,140

She had such wisdom about her that I loved.

356

00:25:42,140 --> 00:25:49,460

That evening after dinner, Janet and two of her friends went to the Porticole restaurant

357

00:25:49,460 --> 00:25:52,940

and stayed there for several hours.

358

00:25:52,940 --> 00:25:57,060

Her two girlfriends left an hour or so earlier.

359

00:25:57,060 --> 00:26:00,460

Janet stayed until closing.

360

00:26:00,460 --> 00:26:03,980

Janet was staying with her brother at the Hotel Carolinian.

361

00:26:03,980 --> 00:26:08,420

She got back around 2.30 in the morning, went up to her room and told her brother that she

362

00:26:08,420 --> 00:26:12,500

was going down to the beach to have a cigarette.

363

00:26:12,500 --> 00:26:23,260

Once she left the room, we really don't know what happened.

364

00:26:23,260 --> 00:26:28,620

Between that time and shortly after six o'clock in the morning, she was brutally murdered

365

00:26:28,620 --> 00:26:33,780

on the beach just a short distance to each of the motel.

366

00:26:33,780 --> 00:26:37,940

I ran out the door onto the deck.

367

00:26:37,940 --> 00:26:41,540

There were police everywhere, restraining me, not letting me up to the beach.

368

00:26:41,540 --> 00:26:44,220

And I said, my sister hasn't come home.

369

00:26:44,220 --> 00:26:46,540

She hasn't come home.

370

00:26:46,540 --> 00:26:48,660

They wouldn't let me up on the beach.

371

00:26:48,660 --> 00:26:53,740

In my heart, I knew that poor Janet was gone.

372

00:26:53,740 --> 00:26:57,180

It was the grizzliest murder Nagshan had ever seen.

373

00:26:57,180 --> 00:27:02,620

And the police department was immediately hampered by two factors that were out of their control.

374

00:27:02,620 --> 00:27:05,580

Workers and seasonal employees were leaving in droves.

375

00:27:05,580 --> 00:27:06,860

Summer was over.

376

00:27:06,860 --> 00:27:10,380

And by day's end, the entire town was being evacuated.

377

00:27:10,380 --> 00:27:12,500

Hurricane Emily was on the way.

378

00:27:12,500 --> 00:27:21,260

On August the 28th, Saturday morning, we completed the crime scene investigation and started interviewing

379

00:27:21,260 --> 00:27:22,260

potential witnesses.

380

00:27:22,260 --> 00:27:29,020

But on Sunday morning, we were put on heroin stand by and watch and started evacuating the

381

00:27:29,020 --> 00:27:32,580

area.

382

00:27:32,580 --> 00:27:37,500

Hurricane Emily not only swept the murderer out of town, it swept away any trace of his

383

00:27:37,500 --> 00:27:39,140

heinous crime.

384

00:27:39,140 --> 00:27:42,860

The blood soaked sand in front of the hotel washed out to sea.

385

00:27:42,860 --> 00:27:46,500

And with it, valuable clues the police would never recover.

386

00:27:46,500 --> 00:27:50,580

The hurricane left a clean slate, a detective's worst enemy.

387

00:27:50,580 --> 00:27:54,300

It's been a very frustrating case.

388

00:27:54,300 --> 00:28:00,900

The fact that nobody that we've contacted or we've spoken to has seen anything.

389

00:28:00,900 --> 00:28:02,620

Nobody's heard anything.

390

00:28:02,620 --> 00:28:07,460

Anxious for new leads, Nagshad police put their skepticism aside and allowed psychic

391

00:28:07,460 --> 00:28:09,740

Nancy Meyer to take a look at the case.

392

00:28:09,740 --> 00:28:12,260

I started working and police worked 19 years ago.

393

00:28:12,260 --> 00:28:14,900

There's energy in every murder scene.

394

00:28:14,900 --> 00:28:21,540

When I look at stacks of photos of a murder scene, I am not trying to look at this poor,

395

00:28:21,540 --> 00:28:23,540

battered body.

396

00:28:23,540 --> 00:28:29,060

What I'm looking for is somewhere when that photographer moved all the way around the body,

397

00:28:29,060 --> 00:28:33,260

he stood exactly where the killer was at a moment when the killer was open.

398

00:28:33,260 --> 00:28:35,820

Bam, I'm in there.

399

00:28:35,820 --> 00:28:37,620

That's why I need those photos.

400

00:28:37,620 --> 00:28:41,300

He has a long standing hatred of women.

401

00:28:41,300 --> 00:28:48,660

A veil comes over his face, there's no expression, the eyes are wooden, nothing will stop him.

402

00:28:48,660 --> 00:28:54,180

I would say you are dealing with a very disturbed man.

403

00:28:54,180 --> 00:28:59,420

I would suspect this is someone capable of becoming a serial killer if he is not already.

404

00:28:59,420 --> 00:29:04,060

Nancy Meyer has worked on over 300 police investigations.

405

00:29:04,060 --> 00:29:08,860

Unlike other psychic detectives, she does not become the victim or the killer.

406

00:29:08,860 --> 00:29:13,100

Rather, she draws psychic pictures from crime scene photos.

407

00:29:13,100 --> 00:29:16,940

She told sightings these photos were the most brutal she'd ever seen.

408

00:29:16,940 --> 00:29:19,260

Photo after photo after photo.

409

00:29:19,260 --> 00:29:20,860

There was a personal connection.

410

00:29:20,860 --> 00:29:23,940

She has known him for a while.

411

00:29:23,940 --> 00:29:27,900

You said that this was a planned event on his part?

412

00:29:27,900 --> 00:29:28,900

Yes.

413

00:29:28,900 --> 00:29:33,820

He seems to have been watching her earlier in the evening, but at a good enough distance

414

00:29:33,820 --> 00:29:38,100

so that no one, because some of the people she was with might have recognized him.

415

00:29:38,100 --> 00:29:40,380

So he's watching at a distance.

416

00:29:40,380 --> 00:29:43,780

So he had parked his car in the parking lot there at the hotel.

417

00:29:43,780 --> 00:29:48,260

He seems to have walked a little bit to get to where she died.

418

00:29:48,260 --> 00:29:53,340

Nancy Meyer worked with a police sketch artist to create the portrait of a killer.

419

00:29:53,340 --> 00:29:58,460

He has light brown hair, grayish eyes.

420

00:29:58,460 --> 00:30:02,260

They look kind of like a cross between gray blue and hazel.

421

00:30:02,260 --> 00:30:06,900

In addition to this sketch, Nagshead police detectives believe that Nancy Meyer has provided

422

00:30:06,900 --> 00:30:08,500

important new leads.

423

00:30:08,500 --> 00:30:14,260

Mrs. Meyer's involvement in this case today is the first opportunity that I've had to

424

00:30:14,260 --> 00:30:18,540

work one-on-one with a psychic.

425

00:30:18,540 --> 00:30:23,180

And quite frankly, I didn't know what to expect.

426

00:30:23,180 --> 00:30:32,380

She was able to tell us a great deal more information than I had ever hoped for personally.

427

00:30:32,380 --> 00:30:37,500

The person responsible for this crime, I think the state of North Carolina should make good

428

00:30:37,500 --> 00:30:40,140

use of its death penalty.

429

00:30:40,140 --> 00:30:46,740

She said with me every day, I see a spirit that I know and that's not what that's.

430

00:30:46,740 --> 00:30:47,740

I feel her.

431

00:30:47,740 --> 00:30:48,740

She's with me.

432

00:30:48,740 --> 00:30:50,860

And I know she keeps on telling me, Mom, don't worry.

433

00:30:50,860 --> 00:30:52,660

I'm in a better place.

434

00:30:52,660 --> 00:30:59,460

And I know she's with Ian Johnson.

435

00:30:59,460 --> 00:31:04,180

As in any profession, there are a few unscrupulous psychics out there who prey on emotionally

436

00:31:04,180 --> 00:31:07,140

vulnerable victims and their families.

437

00:31:07,140 --> 00:31:11,880

If you're thinking about consulting a psychic detective, it's important to choose wisely.

438

00:31:11,880 --> 00:31:16,740

Don't pay any money up front and work hand in hand with local law enforcement.

439

00:31:16,740 --> 00:31:20,340

Next, they hear colors and taste shapes.

440

00:31:20,340 --> 00:31:22,340

It's being called the seventh sense.

441

00:31:22,700 --> 00:31:23,700

Not imagination.

442

00:31:23,700 --> 00:31:31,580

It's a different type of reality.

443

00:31:31,580 --> 00:31:35,340

Imagine experiencing your five senses all mixed up.

444

00:31:35,340 --> 00:31:37,780

Suddenly, you feel colors.

445

00:31:37,780 --> 00:31:39,380

You hear shapes.

446

00:31:39,380 --> 00:31:43,140

A friend's voice tastes like buttered toast.

447

00:31:43,140 --> 00:31:48,540

These are all real life experiences of a rare group of people called synesthetes.

448

00:31:48,540 --> 00:31:54,500

They have a rare brain condition that mixes up all five senses and in some cases, reportedly,

449

00:31:54,500 --> 00:31:56,980

heightens a sixth psychic sense.

450

00:31:56,980 --> 00:32:02,580

It was a beautiful, clear night and I heard a warbler off in the tree and it was sending

451

00:32:02,580 --> 00:32:04,660

little blue bubbles off into the air.

452

00:32:04,660 --> 00:32:11,460

I was seeing these flashing images and pictures and all of this thing in my mind.

453

00:32:11,460 --> 00:32:18,500

If I'm introduced to someone, I can usually recall the name because I get an aura of color.

454

00:32:18,500 --> 00:32:25,540

These people are experiencing the world differently from the other 99.996% of us.

455

00:32:25,540 --> 00:32:28,300

They're not hallucinating, imagining or pretending.

456

00:32:28,300 --> 00:32:30,980

They have synesthesia.

457

00:32:30,980 --> 00:32:34,220

Synesthesia is an involuntary joining of the senses.

458

00:32:34,220 --> 00:32:39,020

Now you know the word anesthesia, okay, which means no sensation.

459

00:32:39,020 --> 00:32:41,780

Synesthesia means joined sensation.

460

00:32:41,780 --> 00:32:43,180

It's not imagination.

461

00:32:43,180 --> 00:32:45,980

It's a different type of reality.

462

00:32:45,980 --> 00:32:50,180

When Harry Gilbert hears sounds, he sees colors and shapes.

463

00:32:50,180 --> 00:32:55,300

It's called colored hearing and is the most common type of this most uncommon condition.

464

00:32:55,300 --> 00:32:58,500

If I heard something like a dog barking, it would depend on the dog.

465

00:32:58,500 --> 00:33:04,660

It would depend on the bark because a woof-woof sound would be kind of a big smoky gray like

466

00:33:04,660 --> 00:33:08,420

pepper, like the pepper that you pour out of a pepper mill.

467

00:33:08,420 --> 00:33:16,500

Whereas a little yipping dog might have small, isolated little white shapes that come off.

468

00:33:16,500 --> 00:33:23,100

Dr. Richard Saitoic is a neurologist and the world's leading authority on synesthesia.

469

00:33:23,100 --> 00:33:26,140

Synesthesia's memories are extraordinary.

470

00:33:26,140 --> 00:33:28,380

Sometimes they're even photographic.

471

00:33:28,380 --> 00:33:33,540

As a group, synesthesia has a higher incidence of unusual experiences.

472

00:33:33,540 --> 00:33:38,300

Clear voyants, precognitive dreams, empathic healing, deja vu.

473

00:33:38,300 --> 00:33:41,780

But these are not crazy people running around the street hearing voices.

474

00:33:41,780 --> 00:33:48,460

These are very bright people who, for all the world, appear normal except for this very

475

00:33:48,460 --> 00:33:54,020

peculiar and fascinating way of perceiving the world.

476

00:33:54,020 --> 00:33:59,060

Synesthete Jane Gossage-Bauerman tries to translate her experience through painting.

477

00:33:59,060 --> 00:34:03,300

This is what the classical music she's listening to looks like.

478

00:34:03,300 --> 00:34:09,620

I can do a painting and look at it and I don't have a clue how I did it because I don't know

479

00:34:09,620 --> 00:34:11,300

anything about painting.

480

00:34:11,300 --> 00:34:17,580

I couldn't possibly draw anything my little three-year-old grandchild can draw.

481

00:34:17,580 --> 00:34:21,940

I don't know how to do it, but I do know how to draw what I see.

482

00:34:21,940 --> 00:34:27,100

The doorbell rings and she sees a series of triangles.

483

00:34:27,100 --> 00:34:33,420

There's a screech makes a stack of colored lines, like a stack of pancakes in a way.

484

00:34:33,420 --> 00:34:40,260

And basically, synesthesia are elementary geometric things here, dots, triangles.

485

00:34:40,260 --> 00:34:44,060

They're seeing sort of the building blocks of perception.

486

00:34:44,060 --> 00:34:51,140

Dr. Saitoic first began studying synesthesia in earnest after a chance meeting with a neighbor.

487

00:34:51,140 --> 00:34:55,380

My neighbor, my new neighbor, invited me to dinner in North Carolina and delayed us sitting

488

00:34:55,380 --> 00:35:02,060

down to the table with the apology that there aren't enough points on the chicken.

489

00:35:02,060 --> 00:35:05,540

Now most of the guests just thought he was being silly, but I questioned him a bit and

490

00:35:05,540 --> 00:35:09,460

after a while I said, oh, you've got synesthesia, you know, taste and touch.

491

00:35:09,460 --> 00:35:13,740

And his response was, you mean there's a name for this?

492

00:35:13,740 --> 00:35:18,500

This incident inspired the title of Dr. Saitoic's definitive book on the subject.

493

00:35:18,500 --> 00:35:22,580

In it, he chronicles the way the brain can create its own separate reality.

494

00:35:22,580 --> 00:35:26,860

Now Michael Watson, who is literally the man who tasted shapes of my book's title, for

495

00:35:26,860 --> 00:35:34,940

him the taste of mint was a cool, smooth, curved sensation as if reaching out to feel

496

00:35:34,940 --> 00:35:37,980

the backside of a glass column.

497

00:35:37,980 --> 00:35:42,860

Dr. Saitoic was surprised to find that most synesthetes don't realize that their perceptions

498

00:35:42,860 --> 00:35:46,060

are extraordinary until someone who doesn't have it tells them so.

499

00:35:46,060 --> 00:35:53,620

I first realized I had synesthesia from when I was 28 and a friend and I were trying to

500

00:35:53,620 --> 00:35:59,140

recall someone's name and I said, well, it has sort of a green cast and she said, what

501

00:35:59,140 --> 00:36:00,140

are you talking about?

502

00:36:00,140 --> 00:36:05,020

And that was the realization that I was seeing something different from what she was seeing

503

00:36:05,020 --> 00:36:08,340

or she didn't have that sensibility.

504

00:36:08,340 --> 00:36:13,020

Gwen Glogi also expresses her experience through painting.

505

00:36:13,020 --> 00:36:19,980

When I'm reading or when I see words or when I am spoken to, I get a fabric of many different

506

00:36:19,980 --> 00:36:26,020

colors and I think I would be devastated if I woke up tomorrow morning and everything

507

00:36:26,020 --> 00:36:27,820

were in black and white.

508

00:36:27,820 --> 00:36:33,180

See when people ask me, they say, you know, synesthesia real, my response is, well, real

509

00:36:33,180 --> 00:36:34,180

to whom?

510

00:36:34,180 --> 00:36:37,060

To you or to the people who have it?

511

00:36:37,060 --> 00:36:44,780

And you see this insistence on a third person technological verification of any experience

512

00:36:44,780 --> 00:36:51,380

before accepting it as real really gets to the heart of how addicted we are to the external

513

00:36:51,380 --> 00:36:52,900

and the rational.

514

00:36:52,900 --> 00:36:58,700

And that really sweeps aside all of the kinds of knowing.

515

00:36:58,700 --> 00:37:06,060

Synesthesia helps me play music because partly it is a way I remember things.

516

00:37:06,060 --> 00:37:11,220

Once in a while I'll hear a sound in a song that will make a vivid color that stands right

517

00:37:11,220 --> 00:37:15,060

out and makes me want to play it over and over again.

518

00:37:15,060 --> 00:37:21,380

Dr. Sioic estimates that as many as one in 25,000 people may have synesthesia and not

519

00:37:21,380 --> 00:37:25,820

know it and those that do feel blessed.

520

00:37:25,820 --> 00:37:33,180

Far from being some esoteric curiosity that's really unimportant, synesthesia turns out to

521

00:37:33,180 --> 00:37:40,140

be a peephole on a huge amount of the mind and the brain.

522

00:37:40,140 --> 00:37:42,540

What does it feel like to have synesthesia?

523

00:37:42,540 --> 00:37:48,140

Well we can never experience what they experience, but we can glimpse it through the work of some

524

00:37:48,140 --> 00:37:50,260

famous synesthetes.

525

00:37:50,260 --> 00:37:57,980

Visual artists David Hockney and Vasily Kondinsky and composers Sergei Rachmaninov and Franz List.

526

00:37:57,980 --> 00:37:59,100

Next a sightings update.

527

00:37:59,100 --> 00:38:02,140

The mutilations continue in New Mexico and ranchers want answers.

528

00:38:02,140 --> 00:38:03,620

You know it's a crime.

529

00:38:03,620 --> 00:38:05,300

They're taking my living away from me.

530

00:38:05,300 --> 00:38:11,500

It's just outright thievery.

531

00:38:11,500 --> 00:38:16,900

Eli Hornick is a rancher in northern New Mexico who has experienced the horror of cattle mutilation

532

00:38:16,900 --> 00:38:17,900

first hand.

533

00:38:17,900 --> 00:38:22,220

Recently, Hornick participated in a sightings investigation of animal mutilation in the

534

00:38:22,220 --> 00:38:23,220

southwest.

535

00:38:23,220 --> 00:38:28,180

Since his participation, Hornick informs us that the mutilations have not only continued

536

00:38:28,180 --> 00:38:35,180

but seem to be increasing.

537

00:38:35,180 --> 00:38:39,820

The tongue was missing.

538

00:38:39,820 --> 00:38:46,380

The meat after it cut it open looked like it had been cooked or something.

539

00:38:46,380 --> 00:38:52,660

When we found the animal it couldn't have been there no longer than 12, 13 hours because

540

00:38:52,660 --> 00:38:54,900

I was there at 6.30 in the evening.

541

00:38:54,900 --> 00:38:57,740

I was back there at 7 o'clock the next morning.

542

00:38:57,740 --> 00:39:04,020

It wasn't maybe 600 yards from the ranch house and this animal was all it had been mutilated.

543

00:39:04,020 --> 00:39:07,420

There's no blood, no tracks, no sign of nothing.

544

00:39:07,420 --> 00:39:13,780

And this animal was already decomposing like it had been dead for four or five days.

545

00:39:13,780 --> 00:39:17,180

If it was satanic cults you'd have blood all over everything.

546

00:39:17,180 --> 00:39:19,780

If it was predators you'd have blood all over.

547

00:39:19,780 --> 00:39:24,540

These cuts are very uniform, very smooth.

548

00:39:24,540 --> 00:39:27,700

The eye looks like it has just been sucked out.

549

00:39:27,700 --> 00:39:32,340

It's a pattern that continues to be all too familiar for many ranchers in the southwest

550

00:39:32,340 --> 00:39:35,580

and now there's a strange new development.

551

00:39:35,580 --> 00:39:42,460

We've had a disturbing new trend where ranchers inadvertently are touching these carcasses

552

00:39:42,460 --> 00:39:48,060

and they're developing what could be I guess like into a chemical like burn.

553

00:39:48,060 --> 00:39:53,620

I stuck my thumb in the animal's mouth and when I stuck that thumb in there, well it

554

00:39:53,620 --> 00:39:55,380

burned for about two weeks.

555

00:39:55,380 --> 00:40:00,220

I mean like I would say it would be like a battery acid burn or something you know like

556

00:40:00,220 --> 00:40:01,220

that.

557

00:40:01,220 --> 00:40:06,820

Since our last report the border area between New Mexico and Colorado has been hit hard.

558

00:40:06,820 --> 00:40:11,540

Ranchers there tell sightings that animals are decomposing at an unnaturally rapid rate

559

00:40:11,540 --> 00:40:13,660

and the body count is up.

560

00:40:13,660 --> 00:40:18,900

We're having mutilations that are occurring on almost a weekly basis.

561

00:40:18,900 --> 00:40:23,900

They seem to be expanding outwards from this area about a week and a half after the sighting

562

00:40:23,900 --> 00:40:29,460

segment aired we had two cases in Soatch County Colorado which is about 80 miles north of

563

00:40:29,460 --> 00:40:30,460

here.

564

00:40:30,460 --> 00:40:34,060

I think they're coming down out of the air with some kind of air equipment, picking

565

00:40:34,060 --> 00:40:37,780

them up, taking them, bringing them back and laying them down.

566

00:40:37,780 --> 00:40:44,020

Eli Hornick is fed up with the seeming lack of interest in his and other ranchers' plight.

567

00:40:44,020 --> 00:40:49,580

Mutilation reports gathered dust on government desks while animals continue to die and even

568

00:40:49,580 --> 00:40:55,220

as the number of dead cattle rises, official interest in the mystery is declining.

569

00:40:55,220 --> 00:40:59,060

Somebody somewhere in this country knows what's going on.

570

00:40:59,060 --> 00:41:04,300

I mean it just seems like every time we try to do an investigation, try to get something

571

00:41:04,300 --> 00:41:06,460

started, it comes to a dead end.

572

00:41:06,460 --> 00:41:11,260

We can't get senators, congressmen, you know it just gets a lot of publicity but it just

573

00:41:11,260 --> 00:41:12,260

dies.

574

00:41:12,260 --> 00:41:14,940

You know it doesn't seem like, you know it's a crime.

575

00:41:14,940 --> 00:41:17,620

You know this is real monetary value.

576

00:41:17,620 --> 00:41:19,120

This is my living.

577

00:41:19,120 --> 00:41:23,040

You know it's cost me thousands of dollars already.

578

00:41:23,040 --> 00:41:24,680

They're taking my living away from me.

579

00:41:24,680 --> 00:41:26,600

It's just outright thievery.

580

00:41:26,600 --> 00:41:28,120

Why isn't somebody doing it?

581

00:41:28,120 --> 00:41:29,120

Something about it.

582

00:41:29,120 --> 00:41:35,440

Our government has the capacity to monitor any square acre of ground in this country

583

00:41:35,440 --> 00:41:36,920

if they want to.

584

00:41:36,920 --> 00:41:42,280

If they are not part of the problem and they are truly as baffled about this as the ranchers

585

00:41:42,280 --> 00:41:48,880

and investigators like myself are, let's catch whoever or whatever is mutilating cattle.

586

00:41:48,880 --> 00:41:52,400

Investors and private investigators say they smell a rat.

587

00:41:52,400 --> 00:41:56,120

They are beginning to believe that there is a government conspiracy of silence at the

588

00:41:56,120 --> 00:41:59,280

heart of the mutilation phenomenon.

589

00:41:59,280 --> 00:42:04,280

We was caught in hay in one of the meadows and this helicopter was right there.

590

00:42:04,280 --> 00:42:07,880

It looked to me like a big military type helicopter.

591

00:42:07,880 --> 00:42:08,880

No numbers.

592

00:42:08,880 --> 00:42:10,800

And that night we had a mutilation.

593

00:42:10,800 --> 00:42:13,480

I think people are scared to pay attention.

594

00:42:13,480 --> 00:42:14,480

They're scared.

595

00:42:14,480 --> 00:42:19,680

It's something of the unknown and they just don't want to get involved.

596

00:42:19,680 --> 00:42:24,880

And it's a very frightening thing to, especially when you see these things.

597

00:42:24,880 --> 00:42:27,040

You know my God they could come after me.

598

00:42:27,040 --> 00:42:28,560

Maybe they'll start on humans next.

599

00:42:28,560 --> 00:42:30,880

I hope not.

600

00:42:30,880 --> 00:42:36,820

Finally, someone in Washington is taking the cattle mutilation problem seriously.

601

00:42:36,820 --> 00:42:41,200

This is a letter written by New Mexico Senator Pete Domenici requesting that the livestock

602

00:42:41,200 --> 00:42:46,320

board provide him with a detailed status report on the progress of their cattle mutilation

603

00:42:46,320 --> 00:42:47,960

investigation.

604

00:42:47,960 --> 00:42:52,840

For ranchers like Eli Hornick, it's the first sign of official support for a phenomenon

605

00:42:52,840 --> 00:43:00,360

that has plagued them since 1967.

606

00:43:00,360 --> 00:43:05,840
