

1

00:00:00,000 --> 00:00:08,120

On this edition of CITES, what's inside Hanger 18? UFO researchers believe there are alien

2

00:00:08,120 --> 00:00:13,440

bodies. We have the bodies from the track. Then a family turns to a psychic to find their

3

00:00:13,440 --> 00:00:18,760

daughter's killer. We think Dorothy is going to give a police the leads to solve this case.

4

00:00:18,760 --> 00:00:23,840

Later, is it chance or can you control luck? It's got a funny feeling and I won \$7 million.

5

00:00:23,840 --> 00:00:29,360

It's incredible. Also, when we die, where does our soul go? These people share a wondrous

6

00:00:29,360 --> 00:00:36,160

vision. He led me into a ballroom filled with hundreds and hundreds of people, all of whom

7

00:00:36,160 --> 00:00:42,640

had gathered for a party. Plus, a Michigan woman is abducted by aliens and now heals the sick.

8

00:00:42,640 --> 00:00:48,560

She has abilities that are not like anything else I've seen before. And was there once life on Mars?

9

00:00:48,560 --> 00:00:51,240

Maybe we're all evolved Martians.

10

00:00:59,360 --> 00:01:22,320

Music

11

00:01:22,320 --> 00:01:28,960

Welcome to CITES. I'm Tim White. There have been persistent rumors that alien wreckage

12

00:01:28,960 --> 00:01:34,480

and remains from Roswell, New Mexico were stored in Hanger 18 at Wright Patterson Air Force Base,

13

00:01:34,480 --> 00:01:40,960

Ohio. In the 1960s, responding to the rumors, then Senator Barry Goldwater asked former Air Force Chief

14

00:01:40,960 --> 00:01:46,640

of Staff Curtis LeMay what's inside Hanger 18. According to Goldwater, LeMay said,

15

00:01:46,640 --> 00:01:52,640

don't ever ask me that question again. But CITES is asking, what is inside Hanger 18?

16

00:01:53,440 --> 00:02:08,560

Music

17

00:02:08,560 --> 00:02:14,560

But where are these incredible things today? There is a long and voluminous paper trail of

18

00:02:14,560 --> 00:02:20,720

evidence that points in one direction, that points to a top secret location known as Hanger 18

19

00:02:20,720 --> 00:02:23,280

at Wright Patterson Air Force Base in Dayton, Ohio.

20

00:02:26,080 --> 00:02:32,720

Many UFO researchers believe that at one time, wreckage from Roswell and other UFO crash sites,

21

00:02:32,720 --> 00:02:37,440

as well as the bodies of alien beings, were brought here for underground storage.

22

00:02:37,440 --> 00:02:42,160

Of course, the Air Force denies these charges, but ufologists counter that their denials are

23

00:02:42,240 --> 00:02:44,880

prime example of the Fox watching the henhouse door.

24

00:02:50,640 --> 00:02:56,320

But why Hanger 18? When there were desert bases much closer to the original crash sites,

25

00:02:57,040 --> 00:03:02,400

why truck the wreckage to a base thousands of miles away? There were several advantages to

26

00:03:02,400 --> 00:03:08,000

using Wright Patterson, according to Professor Michael Swords. Wright Patterson had several

27

00:03:08,000 --> 00:03:13,520

elements associated with it. It had a standard Air Force base at Patterson Field,

28

00:03:13,520 --> 00:03:19,520

and it had a high technology testing facility at Wright Field. In between the two fields,

29

00:03:19,520 --> 00:03:25,840

it also had something unique to our government, and that was the technical intelligence organization,

30

00:03:25,840 --> 00:03:31,920

so-called T2, or what became the Foreign Technology Division. During the Second World War, T2,

31

00:03:31,920 --> 00:03:37,040

the Foreign Technology Division, would receive crashed German rockets and aircraft.

32

00:03:37,040 --> 00:03:42,000

Their job was to reverse engineer the craft. T2's quarters were allegedly far underground

33

00:03:42,000 --> 00:03:47,040

in a maze of secret laboratories at Wright Patterson. This is the sort of division that

34

00:03:47,040 --> 00:03:52,320

would have been appropriate to use for the investigation of UFO research and ultimately

35

00:03:52,320 --> 00:03:58,960

became the home for project sign in Blue Book. Rumors of UFO secrets being kept here have

36

00:03:58,960 --> 00:04:05,040

become part of Dayton, Ohio folklore. In a series of news reports, local anchor Carl Day set out

37

00:04:05,040 --> 00:04:10,080

to determine if any of the rumors were true. Well, recently we investigated the rumors about

38

00:04:10,080 --> 00:04:17,200

Hangar 18 and in particular the Roswell connection to Wright Patterson. In July 1947, eye witnesses

39

00:04:17,200 --> 00:04:22,720

at the Roswell crash site saw military personnel load wreckage onto trucks and carted away.

40

00:04:22,720 --> 00:04:29,120

Destination unknown. We found that the wreckage from Roswell, probably at least part of it,

41

00:04:29,120 --> 00:04:34,240

did arrive at Wright Patterson at that time. What happened to it? We couldn't find any record of that.

42

00:04:34,240 --> 00:04:40,480

We found that was sort of interesting. If, as the Air Force maintains, the wreckage was a weather balloon,

43

00:04:40,480 --> 00:04:46,960

why would it be transported via secret convoy from Roswell to Dayton? And once there, why would all

44

00:04:46,960 --> 00:04:53,200

record of a weather balloon retrieval disappear? The answer may lie here with Alfred Lutting,

45

00:04:53,200 --> 00:04:59,440

an engineer who, upon his retirement from T2, received a U.S. patent for this strange flying

46

00:04:59,440 --> 00:05:05,840

saucer design. Al Lutting could have been influenced in his design by an alien type of

47

00:05:05,840 --> 00:05:13,840

technology because when you look at his design, it is a low aspect sort of ellipsoid shaped craft

48

00:05:14,400 --> 00:05:20,160

with two tiny tabs on the back that was taken extremely seriously by the Air Force.

49

00:05:20,800 --> 00:05:25,680

It was during Lutting's tenure at Wright Patterson that the Air Force conducted Project Blue Book.

50

00:05:25,760 --> 00:05:31,200

It's only publicly acknowledged UFO study. Uphologists believe Blue Book was simply a cover

51

00:05:31,200 --> 00:05:34,960

designed to divert attention away from the real work going on deep underground.

52

00:05:35,520 --> 00:05:39,440

According to the nephew of then deputy head of procurement Jack Donahue,

53

00:05:39,440 --> 00:05:43,920

autopsies were being performed on humanoid but not human creatures.

54

00:05:45,040 --> 00:05:50,240

My uncle Jack had a top secret security clearance when he worked at Wright Patterson the complete

55

00:05:50,240 --> 00:05:59,360

time. The strangest story that he ever accounted to me was the day that he asked me if I had

56

00:05:59,360 --> 00:06:06,480

heard of a UFO crash out in Phoenix, Arizona. He said we have the bodies from the crash.

57

00:06:07,280 --> 00:06:13,520

He said we went down to the cold storage area. Donahue allegedly told his nephew that he was

58

00:06:13,520 --> 00:06:19,120

led down a series of twisting hallways to a secret room. There was a stainless steel table

59

00:06:19,120 --> 00:06:24,160

in this room that was arranged a little bit like a laboratory. The man said look at this.

60

00:06:24,800 --> 00:06:30,320

Jack looked at the body. Jack told me that at the time they were doing full autopsies on the

61

00:06:30,320 --> 00:06:38,400

bodies. The head was shaped basically like a human head only it was small. He said we better not spend

62

00:06:38,400 --> 00:06:44,560

very much time here and they left the room. I tried to bring it up at a later date. He said

63

00:06:44,800 --> 00:06:51,440

forget them. Just forget about the whole incident. And I said what do you mean forget it?

64

00:06:52,640 --> 00:06:55,440

He said just forget it. It never happened.

65

00:06:57,520 --> 00:07:03,360

But there are still people that absolutely believe that alien bodies and UFO wreckage are still here

66

00:07:03,360 --> 00:07:09,280

on this base and that the bodies are kept in cryogenic suspension somewhere underneath Wright

67

00:07:10,240 --> 00:07:16,000

Field. Legendary UFO researcher Leonard Stringfield investigated Hangar 18 for close to 50 years.

68

00:07:16,560 --> 00:07:22,240

In a rare interview just prior to his death in 1994, Stringfield told sightings that he had been

69

00:07:22,240 --> 00:07:27,760

able to track the progress of wreckage and alien bodies retrieved in several different parts of

70

00:07:27,760 --> 00:07:33,440

the southwest. In the beginnings some of them were shipped to areas in Los Alamos and the western

71

00:07:34,160 --> 00:07:40,320

uh um sensitive areas from Albuquerque on down to Los Alam in the whole region of New Mexico.

72

00:07:40,320 --> 00:07:45,760

And often time for further uh analyses or study why they were sent to Wright Patterson.

73

00:07:46,720 --> 00:07:54,720

I was told by one intelligence source here uh some years ago that they had uh 30 alien bodies

74

00:07:54,720 --> 00:08:01,840

underground at Wright Patterson Field alone up to 1966. And reports persisted well into the next

75

00:08:01,840 --> 00:08:06,960

decade that alien bodies were still being stored at Wright Patterson. One of the most interesting

76

00:08:06,960 --> 00:08:12,560

discoveries I think has to be the alleged alien jawbone that we uncovered. Officials within the

77

00:08:12,560 --> 00:08:18,560

Air Force intelligence community have told me that they had determined back in the 70s possibly

78

00:08:18,560 --> 00:08:24,400

before that that this was an alien jawbone. I can't have anybody go on record however now is saying that.

79

00:08:25,920 --> 00:08:30,800

I think the Air Force is hiding a lot of things. They are developing here on this base a lot of

80

00:08:30,800 --> 00:08:35,840

super secret weapon systems for the future. Those should be kept secret. They did issue a

81

00:08:35,840 --> 00:08:44,720

statement though that there are no aliens or UFO pieces on this base now. At the end of the 1950s

82

00:08:44,720 --> 00:08:49,920

three aeronautic engineers left what was then Wright Field and returned to civilian life.

83

00:08:50,480 --> 00:08:56,640

Within one year all three applied for patents with a U.S. Patent Office. All three wanted to patent

84

00:08:56,720 --> 00:09:02,000

flying saucer designs. We'll have more on those patents on an upcoming edition of sightings.

85

00:09:03,200 --> 00:09:08,320

Next after a brutal crime remains unsolved police turn to a psychic for help.

86

00:09:08,320 --> 00:09:12,240

When the police ask me a question right then and then I'm seeing a picture.

87

00:09:16,320 --> 00:09:22,560

Dorothy Allison uses her psychic ability for one purpose and one purpose only. She solves crimes.

88

00:09:22,640 --> 00:09:27,280

Just recently she was able to locate the body of a murder victim in Vancouver Canada when law

89

00:09:27,280 --> 00:09:33,120

enforcement thought that they'd reached an impasse. Now a family in Monticello Iowa is hoping Dorothy

90

00:09:33,120 --> 00:09:38,000

can help. Perhaps a psychic hunch will finally put their family tragedy to rest.

91

00:09:41,040 --> 00:09:47,200

The killer was down in this basement. I feel that the killer was in the basement first and then he

92

00:09:47,200 --> 00:09:57,520

came upstairs. So this is the bedroom I believe where she was killed. This is the spot I see.

93

00:10:00,320 --> 00:10:06,720

22 year old Kathy Jo Cox-Bulkin was murdered the day after Christmas 1993. Kathy's death

94

00:10:06,720 --> 00:10:12,400

haunts everyone in tiny Monticello Iowa. A killer is still at large. The police are running out of

95

00:10:12,400 --> 00:10:17,040

leads so they met with psychic detective Dorothy Allison at the request of sightings.

96

00:10:18,080 --> 00:10:22,960

My first phone call to Dorothy kind of put the hair up on the back of my neck. She had mentioned

97

00:10:22,960 --> 00:10:28,000

the name of a person we had talked to and she had no idea you know who we were dealing with

98

00:10:28,000 --> 00:10:33,600

or anything else and right away kind of makes things a little eerie and. Dorothy's psychic

99

00:10:33,600 --> 00:10:38,720

impressions of the crime begin to come out as soon as she arrives in Monticello. She and Chief

100

00:10:38,720 --> 00:10:44,160

Walters move quickly to follow up on the explosion of images racing through Dorothy's mind. This is

101

00:10:44,160 --> 00:10:52,000

where I feel the person that killed Kathy hangs out in. When the police ask me a question right

102

00:10:52,000 --> 00:11:00,800

then and then I'm seeing a picture. The killer somehow comes along this path. Monticello population

103

00:11:00,800 --> 00:11:07,600

3,500 is a small farming and factory town unused of the big city horrors of rapid crime. The last

104

00:11:07,600 --> 00:11:13,360

time someone was murdered here was in 1974. Kathy's parents who own a popular convenience store in

105

00:11:13,360 --> 00:11:19,120

town recall how they discovered that their daughter was dead. We had a call from one of our customers

106

00:11:19,120 --> 00:11:28,400

that about 8 30 that morning the 26th of December and said, do you know your story isn't open.

107

00:11:29,200 --> 00:11:34,240

After failing to get his daughter on the telephone, he went to her house. Just pushed down the door

108

00:11:34,320 --> 00:11:42,640

door wasn't latched and walked in and yelled her name two or three times no answer and

109

00:11:44,560 --> 00:11:46,000

walked back to her bedroom and

110

00:11:53,120 --> 00:11:56,960

when I did go over there he was they were coming back when I and they met me and

111

00:11:58,720 --> 00:12:01,440

and he just jumped out of the car and said we've lost her.

112

00:12:01,440 --> 00:12:09,600

Kathy left behind one son Michael now four years old. Michael's father can't understand why anyone

113

00:12:09,600 --> 00:12:16,160

would kill Kathy. She's such a good hearted person. She was you know down to earth and

114

00:12:17,600 --> 00:12:23,840

I don't see where you know she didn't have a bad bone in her whole body. She was just

115

00:12:24,640 --> 00:12:30,880

good you know she always was smiling and you know nothing really bothered her got to her

116

00:12:31,920 --> 00:12:38,240

but down to earth person. Among the images confronting Dorothy is a hunting lodge with

117

00:12:38,240 --> 00:12:44,480

horses nearby. Chief Walters takes her to a location just outside of Monticello that matches her

118

00:12:44,480 --> 00:12:51,760

psychic vision to a tee. He's absolutely from here and somebody she knew this is not a stranger who

119

00:12:51,760 --> 00:12:57,440

walked in on her but I do think her murder was planned. I don't think it just happened. I think

120

00:12:57,440 --> 00:13:05,040

this person was angry with her very upset. Our hopes are really up because we think Dorothy

121

00:13:05,040 --> 00:13:09,760

is going to give the police the leads to solve this case. I get the feeling she

122

00:13:10,880 --> 00:13:16,240

met this person around June or July from you know in the very beginning and I think this person was

123

00:13:16,240 --> 00:13:24,160

angry with her very upset and I believe she insulted him in many ways and he took whatever

124

00:13:24,160 --> 00:13:31,040

she said as a big insult. Dorothy's visions continue to match people and places familiar to the local

125

00:13:31,040 --> 00:13:35,760

police. They ask Dorothy to work with a sketch artist to build a composite of the killer.

126

00:13:36,480 --> 00:13:44,080

His hair is medium brown, parts are to the right, his eyes are spread far apart. Trying to make him

127

00:13:44,080 --> 00:13:53,680

younger looking too. You know late 20s, early 30s. And I remember a girl that used to work behind a

128

00:13:53,680 --> 00:13:58,880

convenience store counter at her father's store that her life's been snuffed out. We need to bring

129

00:13:58,880 --> 00:14:05,920

justice to her crime and we're going to have our killer behind bars. We have to know who did this.

130

00:14:07,280 --> 00:14:13,920

We have to know he's put away that he's paying his penalty. He took our joy away. He took our

131

00:14:13,920 --> 00:14:22,160

hope away. You have to survive every day and he did destroy Kathy but we can't let him destroy us.

132

00:14:24,480 --> 00:14:32,960

He didn't destroy Kathy's parents. He lives on through all of us and through her son Michael.

133

00:14:36,960 --> 00:14:40,560

Here is another look at the man Dorothy Allison believes murdered Kathy Joel

134

00:14:40,560 --> 00:14:46,480

Bulkin. If you have any information about this case, please contact the Monticello Iowa Police

135

00:14:46,480 --> 00:14:53,840

Department. Next, when we die, where does our spirit go? We went back to a teaching pod. What we

136

00:14:53,840 --> 00:15:03,200

were doing was bringing each other up on our previous lives. The Circle of Life is more than

137

00:15:03,200 --> 00:15:08,880

just a hit song from a popular Disney movie. It is the tenet of a number of religions that embrace

138

00:15:08,880 --> 00:15:15,120

the concept of reincarnation and for believers the Circle of Life is a way of explaining what

139

00:15:15,120 --> 00:15:20,960

happens after we die. We simply go back to the place we were before we were born. Some describe it

140

00:15:20,960 --> 00:15:30,960

as a waiting room for the soul. Is death an overture or the final curtain? Buddhists believe that after

141

00:15:30,960 --> 00:15:36,720

death we all walk a passageway from one lifetime to the next. That passageway is called Bardo,

142

00:15:37,440 --> 00:15:42,800

a place where your karma, the sum total of your life's good and bad deeds, determines your next

143

00:15:42,800 --> 00:15:49,120

incarnation. In Catholicism there is also a place between heaven and hell where souls are evaluated.

144

00:15:49,120 --> 00:16:00,160

Catholicism certainly has the very definite teachings about purgatory. And purgatory people

145

00:16:00,160 --> 00:16:04,800

usually think of it in negative terms. It's a very positive thing. I mean you're on the outskirts of

146

00:16:04,880 --> 00:16:11,920

heaven, you're sort of in the suburbs of the divine city. Father Stephen Frost is a Catholic priest

147

00:16:11,920 --> 00:16:19,040

and a renowned religious scholar. I think the idea of a state that exists after death that

148

00:16:19,680 --> 00:16:27,040

is not the ultimate experience quite yet probably, well I can't say as old as human

149

00:16:27,040 --> 00:16:32,000

consciousness but certainly is right there in the beginning. But how can we know that such a

150

00:16:32,000 --> 00:16:37,760

place exists? Catholics know because they have faith but others say they know because they've been

151

00:16:37,760 --> 00:16:44,800

there. When I floated away from my body I looked down. I don't mean to insinuate that I still had a

152

00:16:44,800 --> 00:16:51,280

body and had eyes but I could see everything around me. I could see that there was a woman who was

153

00:16:51,280 --> 00:16:56,400

crying and as I got higher I see in the distance there is something that I am going towards.

154

00:16:57,360 --> 00:17:03,120

I come up to it and as I approach it the shapes become more and more distinct.

155

00:17:03,760 --> 00:17:08,160

Colleen Monaghan believes that she had reached the very threshold of an afterlife.

156

00:17:08,160 --> 00:17:12,400

The vision occurred while she was exploring her past lives under hypnosis.

157

00:17:12,400 --> 00:17:21,680

I could see that it was a person who was very tall and dressed in a robe rather like a monk.

158

00:17:22,240 --> 00:17:33,520

And as I got even closer probably as far as you and I are away right now about two feet

159

00:17:34,480 --> 00:17:44,240

I realized that this person was waiting for me. Richard Wood is a real estate developer in

160

00:17:44,240 --> 00:17:49,920

Northern California. He does not know Colleen but their recollections of a waiting room for the

soul

161

00:17:49,920 --> 00:17:55,680

are almost identical. As I was pulling back from the body that I had just left

162

00:17:57,120 --> 00:17:59,840

I experienced coming into this bright whiteness

163

00:18:02,560 --> 00:18:08,160

and as it felt like as I turned around there was my spirit guide to meet me at that point.

164

00:18:10,880 --> 00:18:14,640

Colleen and Richard are both clients of Dr. Michael Newton,

165

00:18:14,640 --> 00:18:24,160

a noted hypnotherapist and past life researcher. A spirit guide is an individual entity who is

166

00:18:24,160 --> 00:18:32,320

very very old and who is the first intelligent being to meet people after death. Dr. Newton lives

167

00:18:32,320 --> 00:18:38,640

in Grass Valley California. His book Journey of Souls contains case studies that he's compiled

168

00:18:38,640 --> 00:18:46,560

over the past 10 years. I have learned that when we speak of a spirit guide we are talking about a

169

00:18:46,560 --> 00:18:57,760

higher entity which is a teacher. And so he led me into a a ballroom. A huge ballroom filled with

170

00:18:57,760 --> 00:19:07,760

hundreds and hundreds of people all of whom had gathered for a party and every single one of them

171

00:19:07,760 --> 00:19:15,280

in a good mood, jolly, happy to see me. Hi, how are you? Where have you been? It's good to see you back.

172

00:19:16,000 --> 00:19:24,000

After my spirit guide Arnand met me we went back to a teaching pod which is a gathering or a group

173

00:19:24,000 --> 00:19:32,560

of other spirits that I'm a member of. According to Dr. Newton the teaching pod that Wood describes

174

00:19:32,560 --> 00:19:37,120

is a common thread among those who claim to have experienced this prelude to the afterlife.

175

00:19:37,760 --> 00:19:44,240

Close your eyes for a moment and imagine a room without anything in it, a room without walls.

176

00:19:45,120 --> 00:19:50,000

I know you don't want to do this but it's true and this is what this place looked like.

177

00:19:50,720 --> 00:19:59,360

So what goes on in these classrooms is essentially lesson learning. They review the lives just lived

178

00:19:59,360 --> 00:20:05,600

and how they compare to lives that they have lived before and lives which are to be lived in the

179

00:20:05,600 --> 00:20:12,960

future in terms of what still needs to be learned. This is a place that souls go to to be restored

180

00:20:13,600 --> 00:20:19,520

and that is exactly what what what we need after living. The ultimate goal of a soul

181

00:20:20,480 --> 00:20:26,480

is to really stop reincarnating because they have in fact learned all the lessons that they were

182

00:20:26,480 --> 00:20:31,360

intended to learn. They don't need physical bodies anymore to achieve this information.

183

00:20:32,080 --> 00:20:37,040

Dr. Newton has come to believe that his clients must serve as messengers for the afterlife

184

00:20:37,040 --> 00:20:42,960

and their message is one of hope and renewal. The most startling or incredible thing that I

185

00:20:42,960 --> 00:20:50,960

learned from my research has to be the fact that there is a God. This experience has made me fall

186

00:20:50,960 --> 00:20:58,000

in love with my own life because I know who I am and I know that you are just as important

187

00:20:58,000 --> 00:21:04,800

and complex and wonderful as I am. It's allowing me to see for myself

188

00:21:06,800 --> 00:21:16,000

in my own life that there's no death, fear for me as there was previously. I think the important

189

00:21:16,000 --> 00:21:24,720

thing is that that we create these symbolic sort of dramas ourselves whether they're dream experience

190

00:21:24,720 --> 00:21:32,480

or vision experience or different types of poetic experience that takes us into touch with things

191

00:21:32,480 --> 00:21:40,400

that are eternal. When I walk through an old cemetery like this I think of these departed souls

192

00:21:41,360 --> 00:21:47,200

and it's comforting now in light of all of the years of research I've spent to know what really

193

00:21:47,200 --> 00:21:51,760

happened to them and that they are happy and many of them have gone on to new lives.

194

00:21:54,880 --> 00:22:00,160

Skeptics debunk reincarnation by pointing out that there are more living people on the earth

195

00:22:00,160 --> 00:22:06,880

right now than have ever died so there just aren't enough souls to go around but believers counter

196

00:22:06,880 --> 00:22:12,640

that reincarnation is only one of many methods by which we achieve that supernatural energy

197

00:22:13,360 --> 00:22:20,080

known as the soul. Coming up an entire family is abducted by extraterrestrials. My husband woke up

198

00:22:20,080 --> 00:22:26,080

on the table being examined by three grays. Then can you control luck? I've seen myself

199

00:22:26,080 --> 00:22:36,240

winning the lottery twice. Later is there life on Mars? It is the sheer terror that people

200

00:22:36,240 --> 00:22:40,960

recall most vividly when describing what they believe has been an alien abduction experience

201

00:22:41,520 --> 00:22:47,680

but now some abductees are claiming that along with the momentary terror they are experiencing a

202

00:22:47,680 --> 00:22:57,440

profound and positive long-term effect. I woke up in the middle of the night and I felt that there

203

00:22:57,440 --> 00:23:07,200

was someone alongside of the bed and I reached my right hand out and I touched the shoulder of someone

204

00:23:08,080 --> 00:23:16,320

who were probably the size of a five-year-old. I was paralyzed. I couldn't move. It was total

205

00:23:16,960 --> 00:23:22,160

terror. She has asked to use the pseudonym Judy. She does not want viewers to know who she is

206

00:23:22,160 --> 00:23:28,400

only what she is an abductee. Her terror began in 1989 and came to light after a local paper

207

00:23:28,400 --> 00:23:34,960

invited readers to call in with their UFO experiences. She was very frightened that came

208

00:23:34,960 --> 00:23:42,080

through loud and clear. Reporter Holly Kogan knew Judy's call was different. When I spoke with Judy

209

00:23:42,160 --> 00:23:49,520

she came across as a very honest person. I had no reason to think that she was doing anything

210

00:23:49,520 --> 00:23:57,200

but saying what she believed so I went out to her home with the expectation that it was going to be

211

00:23:57,200 --> 00:24:03,440

interesting and and legitimate. Kogan's resulting article described a woman with a history of

212

00:24:03,440 --> 00:24:09,280

multiple abductions and vivid recollections of encounters with small gray creatures. It was

213

00:24:09,280 --> 00:24:15,600

almost as though they were saying ready or not here we come but I didn't know at the time

214

00:24:17,360 --> 00:24:24,000

what was going on because I didn't know about alien abductions. The impact of abductions on

215

00:24:24,000 --> 00:24:30,320

people's lives is a very powerful one. At Eastern Michigan University sociology professor Dr. Ron

216

00:24:30,320 --> 00:24:35,760

Westrom has studied the impact of the abduction phenomenon on individuals and on society as a whole.

217

00:24:36,720 --> 00:24:40,560

The person adapts and they just sort of somehow managed to work it into their life

218

00:24:40,560 --> 00:24:45,120

until every so often something happens to them that that makes them suddenly confront you know

219

00:24:45,120 --> 00:24:51,040

this really is happening this is not just a dream you can't just dismiss it. For months Judy's family

220

00:24:51,040 --> 00:24:56,800

did not believe the bizarre story she was telling them about her abductions but then without warning

221

00:24:56,800 --> 00:25:02,560

the terror that had isolated her from the family began to spread. Now her husband and sister claimed

222

00:25:02,560 --> 00:25:08,080

that they were being abducted too. What was once a single case of alien abduction and now

223

00:25:08,080 --> 00:25:14,800

become with researchers term a multiple cross-generational family abduction. My husband and I had problems

224

00:25:15,840 --> 00:25:26,480

we came close to a divorce over this until he woke up on a table being examined by three

225

00:25:26,480 --> 00:25:34,640

grays. This is something that we didn't ask for we didn't want and it's totally changed our lives.

226

00:25:35,280 --> 00:25:42,400

One night I went to bed and I had brushed my hair before I went to bed the next morning I

227

00:25:42,400 --> 00:25:50,000

woke up and was doing my hair and my hair had been cut to like an inch in certain spots on my head

228

00:25:50,000 --> 00:25:56,240

and I went in and it checked my pillow there was no hair on the pillow and nobody in the household

229

00:25:56,240 --> 00:26:02,320

had been in my bedroom that night. Jane like her sister Judy has grown to accept this as evidence

230

00:26:02,320 --> 00:26:08,880

of her abduction experience. I just didn't bother really trying to figure I just took it that I had

231

00:26:08,880 --> 00:26:14,480

visitors you know I've grown up with it it's like if you go up with a limp you get used to it.

232

00:26:15,360 --> 00:26:18,240

The phenomena seems to be centered around me

233

00:26:18,320 --> 00:26:28,160

and a little curiosity with the other family members but the bulk of the phenomena is

234

00:26:29,200 --> 00:26:35,360

directed at me. Judy believes that strange grass rings in the backyard are further evidence of UFO

235

00:26:35,360 --> 00:26:43,600

contact. We noticed that in the winter time they would be bright lush green the patterns have expanded

236

00:26:44,400 --> 00:26:53,920

where there are rings joining rings and different designs. Dr. W. C. Levingood a prominent research

237

00:26:53,920 --> 00:27:00,080

biophysicist known for his study of crop circles was brought in to examine the unusual formations.

238

00:27:00,080 --> 00:27:06,720

In the lush green areas the respiration of the grass is entirely different or out of phase

239

00:27:07,520 --> 00:27:12,400

with the normal grass. There is a definite indication that there's electromagnetic energy

240

00:27:12,400 --> 00:27:19,840

involved in the in the formation of the circles and its effect on the plants. Where does this

241

00:27:19,840 --> 00:27:26,000

anomalous energy come from? Could it come from an alien craft? We have a lot of intriguing data but I

242

00:27:26,000 --> 00:27:34,480

think we've just scratched the surface. We do not understand yet how these energies are put together.

243

00:27:35,600 --> 00:27:40,880

Although much of what Judy has experienced over the past five years is already familiar to abduction

244

00:27:40,880 --> 00:27:46,560

experts. She reports one astonishing incident that falls outside the typical abductees experience.

245

00:27:47,600 --> 00:27:56,240

I woke up and there was a gray by my side left side and he was putting in what appeared to be

246

00:27:57,840 --> 00:28:07,360

laser type objects in my brain. He put one in each temple one here and one in the back

247

00:28:07,680 --> 00:28:16,880

and I was told that I would have an energy and that I would be able to help people who are ill.

248

00:28:17,680 --> 00:28:22,480

Some abductees feel that after the return from abduction event that they have increased powers

249

00:28:22,480 --> 00:28:30,320

psychic powers or healing powers this is extremely unusual. Judy has felt that she has the the ability

250

00:28:30,320 --> 00:28:36,240

to have a therapeutic touch so to speak and and this might certainly be true it's something that

251

00:28:36,240 --> 00:28:39,920

we can't dismiss out of hand and it might be related to the abduction phenomenon if true.

252

00:28:40,640 --> 00:28:46,080

This has got to be very scientifically and objectively investigated. Judy claims that she

253

00:28:46,080 --> 00:28:51,600

has helped hundreds of patients through her healing touch including one woman who had a painful disease

254

00:28:51,600 --> 00:28:58,800

called shingles. After about three minutes I noticed I was beginning to feel very warm

255

00:28:59,760 --> 00:29:06,320

and the area under her hands was intensely warm and then my whole body began to feel

256

00:29:07,600 --> 00:29:15,680

tingly and just relaxed and gradually the nausea and the sickness was just disappearing even in

257

00:29:15,680 --> 00:29:22,560

12 hours. The disease which can plague some people for a lifetime disappeared. Mary believes it was

258

00:29:22,640 --> 00:29:28,240

Judy's touch that helped cure her. I think Judy did help with the illness I think she

259

00:29:28,240 --> 00:29:36,640

speeded up the process and I firmly believe that she has abilities that are not like anything else

260

00:29:36,640 --> 00:29:43,360

I've seen before. Judy believes that the terror she experiences during her abductions is the price

261

00:29:43,360 --> 00:29:51,040

she has to pay for her healing powers. I saw the peace that came to people that were getting the

262

00:29:51,040 --> 00:29:59,680

treatments. I saw physical ailments that were being healed and I decided that this is something

263

00:29:59,680 --> 00:30:07,200

that I should do. Whether or not you believe that Judy has been repeatedly abducted by aliens the

264

00:30:07,200 --> 00:30:12,800

fact remains that she is now providing a very important service to the sick and dying. While

265

00:30:12,800 --> 00:30:19,680

the source of her new outlook is debatable the positive outcome is not. Next he may be the

266

00:30:19,760 --> 00:30:25,840

luckiest man in America but do we all have the same undiscovered abilities? I won \$7 million. It's

267

00:30:25,840 --> 00:30:36,480

incredible. The odds of winning the lottery may be more than one in a million but every week

268

00:30:36,480 --> 00:30:41,600

people plunk down their hard-earned cash in the hope that this time they'll be the one this time

269

00:30:41,600 --> 00:30:48,000

they'll be that lucky one but is it simply luck that turns a wishful thinker into an instant

270

00:30:48,000 --> 00:30:56,080

millionaire or is there a supernatural way to turn the tables in your favor? According to the

271

00:30:56,080 --> 00:31:03,200

dictionary luck is random a spontaneous event out of conscious control but lucky charms talismans

272

00:31:03,200 --> 00:31:08,640

and superstitions suggest that humankind has a different definition. It means different things

273

00:31:08,640 --> 00:31:16,960

to different people. I believe that the conventional notion of luck is happiness good fortune.

274

00:31:18,080 --> 00:31:22,960

A research psychologist at the University of South Alabama Dr. Vitulli has studied both the

275

00:31:22,960 --> 00:31:29,520

psychological and mathematical components of luck. I think another aspect of luck that can't be ignored

276

00:31:29,520 --> 00:31:37,680

is the more statistical view in which luck is a product of a series of random events. I'm living

277

00:31:37,680 --> 00:31:44,320

happy today. Today I'm a wealthy man and I can do whatever I want travel whatever. Many people

278

00:31:44,320 --> 00:31:50,880

consider Bernie Bobowitz the luckiest man on earth. His latest streak of luck started in 1985

279

00:31:50,880 --> 00:31:57,920

when Bernie bought three New York state lottery tickets. Checking the first ticket I took a pen

280

00:31:57,920 --> 00:32:04,560

and I automatically started circling winning numbers then I realized I had five winning numbers on

281

00:32:04,560 --> 00:32:11,360

my first ticket so I checked the second ticket and it was the same numbers again only thing

282

00:32:11,360 --> 00:32:18,800

was one digit different and I'm counting one two three four five six. I said this is incredible

283

00:32:18,800 --> 00:32:26,240

it can't be going through the rest of my tickets I have another ticket with four three winning tickets

284

00:32:26,240 --> 00:32:32,480

incredible. Bernie hit the jackpot to the tune of three and a half million dollars. He was that one

285

00:32:32,480 --> 00:32:39,280

in a million lottery winner and a few years later he won again. I happened to be going through my

286

00:32:39,280 --> 00:32:47,040

mother's old Bible and I got these numbers out of the Bible and I just got a funny feel and Bernie

287

00:32:47,040 --> 00:32:54,320

played them I did and I won seven million dollars it's incredible. Is Bernie a multi-millionaire

288

00:32:54,320 --> 00:33:00,720

because he had a psychic hunch or is he somehow blessed by a higher power? Statisticians say he

289

00:33:00,720 --> 00:33:06,880

is neither. I think as humans we need explanations for things that happen to us and when we attach

290

00:33:06,880 --> 00:33:14,720

words like luck or fate or words like that we're simply trying to explain things so we can't explain

291

00:33:14,720 --> 00:33:20,960

any other way. As a professor of statistics at the University of California at Davis Jessica Utz

292

00:33:20,960 --> 00:33:27,360

specializes in the study of chance and probability. I think a lot of luck is paying attention applying

293

00:33:27,360 --> 00:33:32,480

what we know about increasing your probability of having good things happen to you or decreasing

294

00:33:32,480 --> 00:33:36,640

your probability of having bad things happen to you. I also think that using your intuition

295

00:33:36,640 --> 00:33:42,240

can increase what we call luck because I think we have a lot of information in our minds that we're

296

00:33:42,240 --> 00:33:48,480

not even aware of. Bernie agrees that it was his intuition that made him a millionaire. I've seen

297

00:33:48,480 --> 00:33:54,160

myself winning the lottery twice and it happened. I see I'm winning a third time and not only a

298

00:33:54,160 --> 00:34:02,800

third time but even a fourth and fifth time. I can see this and it will happen. It definitely will

299

00:34:02,800 --> 00:34:09,280

happen. If we assess the probability that he could win three times the odds are incredibly remote.

300

00:34:10,400 --> 00:34:16,720

Nevertheless this individual may personally assume that their chances are much better than others

301

00:34:16,720 --> 00:34:22,720

who haven't won. This individual has been reinforced and rewarded for their for their

302

00:34:22,720 --> 00:34:28,560

adventures and therefore they're more likely to believe that they could try again and indeed win.

303

00:34:29,280 --> 00:34:34,720

Remarkably there is scientific evidence to support the theory that intuition is a significant

304

00:34:34,720 --> 00:34:42,000

factor in changing your luck. In one experiment cascading balls generate random or chance numbers.

305

00:34:42,560 --> 00:34:48,000

Dr. Utz has found that some people observing the cascading balls can anticipate the numbers

306

00:34:48,000 --> 00:34:55,440

before they appear. Parapsychologists call it pre-cognitive ability. You can't predict the

307

00:34:55,440 --> 00:35:00,240

outcome but you can assign probabilities to different outcomes. The same may be true of the

308

00:35:00,240 --> 00:35:05,120

future that there are probable futures and that some of those futures are actually more likely

309

00:35:05,120 --> 00:35:10,560

than others and that maybe that certain people can pick up on which of those futures are more likely.

310

00:35:11,200 --> 00:35:19,120

Buddhism has embraced this concept and given it a name, karma. Good karma or positive karma will

311

00:35:19,120 --> 00:35:26,160

lead to happiness essentially. But according to Dr. Tanaka the western concept of luck bringing

312

00:35:26,160 --> 00:35:33,040

material wealth is not the kind of luck that comes to those with good karma. Happiness is essentially

313

00:35:33,040 --> 00:35:42,640

inside. Luck is something that's outside. You can win a lottery and win a million dollars but

314

00:35:42,640 --> 00:35:50,240

that does not assure happiness within. So is the converse true? Are some people bad luck magnets?

315

00:35:50,800 --> 00:35:54,160

Danny New has been plagued by accidents his entire life.

316

00:35:55,120 --> 00:36:01,600

I was a passenger in a minitruck driving down the freeway and the driver

317

00:36:02,240 --> 00:36:06,240

was not paying attention to what he was doing and lost control of the vehicle and ended flipping

318

00:36:06,240 --> 00:36:14,480

the vehicle on the freeway. I almost felt the lightning before I heard the lightning because

319

00:36:14,480 --> 00:36:19,760

the this it was so close it was like an explosion next to me the the actual sound waves is what

320

00:36:19,760 --> 00:36:28,400

knocked me down. I was probably doing 50, 55 miles an hour and just at the last minute I saw

321

00:36:28,400 --> 00:36:34,080

the cement culvert and I crashed headlong into it. The majority of bad luck can be explained by

322

00:36:34,080 --> 00:36:39,120

choices that people make that have logical explanations like not wearing their seat belt,

323

00:36:39,120 --> 00:36:44,080

going out during a lightning storm that sort of thing. And if people see a repeating pattern of

324

00:36:44,080 --> 00:36:49,280

so-called bad luck they should examine what they could have done to change the circumstances.

325

00:36:49,360 --> 00:36:55,360

Recently Danny New has begun scrutinizing his past and not surprisingly his luck is changing.

326

00:36:55,360 --> 00:36:59,280

If you want to make steel stronger you put it through fire and that's how I was looking at it.

327

00:36:59,280 --> 00:37:04,320

I don't look at it as bad luck I look as you know some people need a strong knock on the head to wake

328

00:37:04,320 --> 00:37:08,800

up some people just need a little tap on the shoulder I was the kind that needed a strong wrap on the

329

00:37:08,800 --> 00:37:15,280

head. For some people lucky charms are a reminder that they can change their own luck but Bernie

330

00:37:15,280 --> 00:37:20,240

Bobowitz doesn't need any reminders. While Sightings was taping Bernie for this report

331

00:37:20,240 --> 00:37:26,640

he cashed in a winning \$300 lottery ticket. I go to New York, Jersey and then when I get up in

332

00:37:26,640 --> 00:37:32,480

California I play up there also so no matter where I go I'll just pay you a few dollars

333

00:37:32,480 --> 00:37:39,520

it's just for the heck of it and I win money. Even the most hardened skeptics are reluctant to

334

00:37:39,520 --> 00:37:44,720

press their luck. Corporate America may not accept the reality of psychic ability, supernatural

335

00:37:44,720 --> 00:37:50,320

phenomena or UFOs but have you noticed that they don't have a 13th floor in their office buildings

336

00:37:50,320 --> 00:37:56,400

either? Next what do the latest scientific discoveries tell us about life elsewhere in the

337

00:37:56,400 --> 00:38:01,040

universe? It very strongly supports the belief that life exists on other worlds.

338

00:38:05,280 --> 00:38:11,520

Most scientists dismiss the idea of alien life forms as utterly impossible but recently

339

00:38:11,520 --> 00:38:16,400

a startling discovery in outer space has even some of the country's most ardent skeptics

340

00:38:16,400 --> 00:38:22,480

reconsidering their position. For the first time in history we may finally have proof that there is

341

00:38:22,480 --> 00:38:30,720

a spark of life beyond earth. We use our intellect to try to understand this universe and to try to

342

00:38:30,720 --> 00:38:40,560

understand our place in the universe. Why do we exist? The origin of life on earth. It's a question

343

00:38:40,560 --> 00:38:46,720

that astronomers try to answer by looking at the cosmos and recently one tiny piece of the puzzle

344

00:38:46,720 --> 00:38:52,480

fell into place when NASA astronomers used the Hubble telescope to confirm the existence of black

345

00:38:52,480 --> 00:38:58,880

holes. And the reason this is important is that black holes are more than just some science fiction

346

00:38:59,840 --> 00:39:05,920

fantastic phenomena. It's our first glimpse of the edge of the universe as we know it. As a

347

00:39:05,920 --> 00:39:11,840

science writer for the San Francisco Examiner, Key Davidson is continually revising his definition

348

00:39:11,840 --> 00:39:19,520

of space. It's important to remember that a black hole is something that defies space and time as we

349

00:39:19,520 --> 00:39:24,240

intuitively think of them. We tend to think of space and time as things that are absolute. The

350

00:39:24,240 --> 00:39:30,240

gravitational pull is so strong that nothing can escape from it, not even a beam of light.

351

00:39:30,240 --> 00:39:35,680

That is why we call it black hole. According to Hubble project specialist Duccio Machetto,

352

00:39:35,680 --> 00:39:41,680

a black hole's extraordinary gravitational pull has the ability to capture the essence of the cosmos.

353

00:39:42,960 --> 00:39:48,000

We begin to get a better view, a better understanding of how the universe as a whole works, of how

354

00:39:48,640 --> 00:39:53,840

galaxies are formed, how stars are formed, how they evolve and how weak they seem to be. Think of a

355

00:39:53,840 --> 00:40:01,040

black hole as a cosmic factory where raw materials are sucked in and then transformed into stars,

356

00:40:01,040 --> 00:40:08,240

planets and galaxies. If this is true then perhaps life in outer space can be created in the same way.

357

00:40:08,240 --> 00:40:13,200

And recently one of the raw materials of life has been discovered floating in space,

358

00:40:13,200 --> 00:40:17,760

an amino acid called glycine. It would be sort of like finding a brick floating around in space.

359

00:40:17,760 --> 00:40:22,000

From that you can infer the existence of brick houses in outer space. Now we don't know for

360

00:40:22,000 --> 00:40:28,400

sure that this glycine means that larger amino acid structures are forming in space,

361

00:40:28,400 --> 00:40:34,560

but it's a clue that the formation of the building blocks of life is a routine thing in the universe.

362

00:40:34,560 --> 00:40:39,840

If the building blocks of life are to be found routinely in space, can we presume that Earth is

363

00:40:39,840 --> 00:40:46,160

the only living planet? According to many scientists, no. Mars is the best prospect in the solar system

364

00:40:46,160 --> 00:40:52,960

at the moment for another life form. Planetary scientist Jay Malosh theorizes that catastrophic

365

00:40:52,960 --> 00:40:58,640

collisions between celestial bodies millions of years ago could have sent enormous chunks of our

366

00:40:58,640 --> 00:41:04,880

planet hurtling into space. For example the impact that killed the dinosaurs 65 million years ago

367

00:41:05,600 --> 00:41:11,520

left a crater almost 200 kilometers in diameter that very well may have blown rocks off the surface

368

00:41:11,520 --> 00:41:16,640

of the earth entirely and those rocks could potentially carry microorganisms that would

369

00:41:16,640 --> 00:41:22,320

then be transported through space and fall on Mars. And if these planetary fragments carried life from

370

00:41:22,320 --> 00:41:29,040

Earth to Mars, Ian's ago, could the reverse also be true? We have in our laboratories and museums

371

00:41:29,040 --> 00:41:35,760

chunks of Mars that have come to the earth. Maybe terrestrial life has its roots on Mars.

372

00:41:36,080 --> 00:41:44,960

Maybe we're all evolved Martians. But for life to exist there must be water.

373

00:41:45,520 --> 00:41:52,000

Geologist Jeff Cargo has found evidence that water once flowed on Mars. I would say that Mars is

374

00:41:52,000 --> 00:41:58,320

extremely water rich. Now most of its water is in the form of ice. It's a cryogenic planet today.

375

00:41:58,960 --> 00:42:04,080

There are certainly abundant indications that liquid water flowed on the surface.

376

00:42:04,880 --> 00:42:10,480

And some astrogeologists believe that microbes in a state of cryogenic suspension exist under

377

00:42:10,480 --> 00:42:19,200

Martian ice today. Life is very imaginative and it finds ways of adapting to an extraordinary range

378

00:42:19,200 --> 00:42:25,440

of environments. We find living creatures in hot springs in Yellowstone. We find them living

379

00:42:25,440 --> 00:42:33,920

beneath the ice of Antarctica. And I have no doubt that given enough time, life forms could

380

00:42:33,920 --> 00:42:42,240

exist on Mars just as they exist on the earth. Less than 100 years ago, a nanosecond in cosmic

381

00:42:42,240 --> 00:42:47,920

time, we rode in horse-drawn buggies and depended on the Pony Express. Today we're sending a robot

382

00:42:47,920 --> 00:42:53,680

to mine the surface of Mars. It may be sooner than we think before we have the ability to make contact

383

00:42:53,680 --> 00:43:04,160

with alien life forms we can only dream about today. Sightings has expanded its America online area.
