

1

00:00:00,000 --> 00:00:08,300

On this edition of Sightings, with three generations of this family, all be experiencing

2

00:00:08,300 --> 00:00:10,500

ongoing alien contact.

3

00:00:10,500 --> 00:00:12,340

What was the flavor of their communication?

4

00:00:12,340 --> 00:00:14,180

A sense of urgency.

5

00:00:14,180 --> 00:00:16,500

Sightings has their chilling story.

6

00:00:16,500 --> 00:00:23,260

From what these priests can see, their cathedral of San Francisco is one of the prettiest in

7

00:00:23,260 --> 00:00:24,260

Lima, Peru.

8

00:00:24,260 --> 00:00:27,500

It's what they can't see that's got them scared.

9

00:00:27,500 --> 00:00:32,180

They newly discovered documents prove that the United States government has been building

10

00:00:32,180 --> 00:00:33,180

flying saucers.

11

00:00:33,180 --> 00:00:38,180

They were probably seen by many people and probably some French.

12

00:00:38,180 --> 00:00:48,100

And you don't have to believe to understand why she's called Amazing Grace.

13

00:00:48,100 --> 00:00:53,500

To the surprise of the medical community, she survived a situation where nobody should

14

00:00:53,500 --> 00:00:54,500

have survived.

15

00:01:24,500 --> 00:01:26,740

On this edition of Sightings, I'm Tim White.

16

00:01:26,740 --> 00:01:31,100

The alien abduction phenomenon has come under fierce attack recently.

17

00:01:31,100 --> 00:01:35,620

It's laughable, the skeptics insist, to believe that extraterrestrial visitors are taking

18

00:01:35,620 --> 00:01:39,260

humans against their will for a sinister purpose.

19

00:01:39,260 --> 00:01:42,040

But new abductees are coming forward all the time.

20

00:01:42,040 --> 00:01:46,580

They withstand the ridicule because for them, alien abduction is not a phenomenon.

21

00:01:46,580 --> 00:01:47,780

It's an objective reality.

22

00:01:54,500 --> 00:02:04,660

Three generations of one family enjoying a stroll after dinner on a warm summer evening.

23

00:02:04,660 --> 00:02:06,620

Plain ping pong.

24

00:02:06,620 --> 00:02:09,940

Sitting around the backyard laughing at dumb jokes.

25

00:02:09,940 --> 00:02:12,860

It's the good life in Roseville, California.

26

00:02:12,860 --> 00:02:17,900

When you're on the outside looking in, but what you can't see on the surface is the

27

00:02:17,900 --> 00:02:23,140

bizarre secret that this family shares, a secret that will forever set them apart from

28

00:02:23,140 --> 00:02:25,500

their friends and neighbors.

29

00:02:25,500 --> 00:02:31,580

When you have a family like ours, very open about it, it makes it easier to deal with

30

00:02:31,580 --> 00:02:37,420

the fears and the anxieties of fighting out something like this.

31

00:02:37,420 --> 00:02:42,940

Shannon Hernandez, her mother Debbie McGill, and Shannon's five-year-old son Zachary, believe

32

00:02:42,940 --> 00:02:46,780

that they are being targeted by an extraterrestrial force.

33

00:02:46,780 --> 00:02:51,580

They are three generations of one family who claim to have been repeatedly abducted by

34

00:02:51,580 --> 00:02:53,260

alien life forms.

35

00:02:53,260 --> 00:02:59,900

It's a rare phenomenon researchers have named generational encounters.

36

00:02:59,900 --> 00:03:04,300

The advantage of the whole family being contactees is that we can talk about it openly so everybody's

37

00:03:04,300 --> 00:03:06,300

okay with it.

38

00:03:06,300 --> 00:03:11,660

Generational encounters refers to a series of contacts between extraterrestrials and

39

00:03:11,660 --> 00:03:18,100

more than one member of a family and more specifically between different generations.

40

00:03:18,100 --> 00:03:23,940

As we see three or even four sequential generations who've experienced extraterrestrial contact.

41

00:03:23,940 --> 00:03:29,900

Dr. Richard Boyle has done extensive study of the generational encounters phenomenon.

42

00:03:29,900 --> 00:03:35,020

He has reached the conclusion that far more cases exist than are actually reported.

43

00:03:35,020 --> 00:03:42,140

I would say that certainly in half the cases where there's been contact by ETs over any

44

00:03:42,140 --> 00:03:48,540

period of time there will be contact with the person has children.

45

00:03:48,540 --> 00:03:53,020

They may talk to their parent, find out the parents have secretly harboring a contact

46

00:03:53,020 --> 00:04:00,140

experience in his or her own life and of course spousal contacts are very common.

47

00:04:00,140 --> 00:04:05,540

Debbie McGill believes her first alien contact occurred in 1972 in Northern California.

48

00:04:05,540 --> 00:04:10,860

Her daughter Shannon has only recently uncovered memories of her own extraterrestrial encounters.

49

00:04:11,580 --> 00:04:19,460

In late March I had a dream that I was being pulled by five whatever they would call grays.

50

00:04:19,460 --> 00:04:21,460

They're typical gray ETs.

51

00:04:21,460 --> 00:04:25,980

I had them on my upper arm, lower arm and I was being pulled.

52

00:04:25,980 --> 00:04:26,980

I woke up terrified.

53

00:04:26,980 --> 00:04:28,980

I was really terrified.

54

00:04:28,980 --> 00:04:32,980

Light came in, bed shaking, it's kind of like it all happened at once.

55

00:04:32,980 --> 00:04:38,300

I opened my eyes and up on my wall I saw the face of an E.T. very clearly.

56

00:04:38,300 --> 00:04:41,420

In a couple weeks I was real scared of the dark.

57

00:04:41,420 --> 00:04:43,660

It was a real adjustment.

58

00:04:43,660 --> 00:04:48,980

Shannon kept the frightening images to herself until her son Zachary came to her with stories

59

00:04:48,980 --> 00:04:50,980

that sounded hauntingly familiar.

60

00:04:50,980 --> 00:04:56,980

One day he came out to me and told me about how the aliens landed in the backyard and

61

00:04:56,980 --> 00:04:59,100

even showed me where they parked.

62

00:04:59,100 --> 00:05:00,940

There was a little fear at first for him too.

63

00:05:00,940 --> 00:05:06,860

He was scared of the dark and things like that and we had an open discussion about it.

64

00:05:06,860 --> 00:05:13,860

He told his mother about the E.T.s coming and they take him to play while mommy and daddy sleep.

65

00:05:13,860 --> 00:05:16,860

I'm telling the truth here.

66

00:05:18,860 --> 00:05:19,860

That's all.

67

00:05:21,860 --> 00:05:23,860

That's all I can say.

68

00:05:23,860 --> 00:05:30,660

Based on my observations of him he certainly seems to be a bright kid who's certainly above

69

00:05:30,660 --> 00:05:35,860

average for his age group in his poise and verbal skills.

70

00:05:35,860 --> 00:05:40,860

There seems to be a statistical trend with kids who've had E.T. contact that they seem

71

00:05:40,860 --> 00:05:45,860

to be at a performance level a bit above average and you wouldn't expect that to hold true as

72

00:05:45,860 --> 00:05:47,860

much as it does if it was just a fluke.

73

00:05:47,860 --> 00:05:53,860

To be pulled from bed by an unseen hand and carried away by a non-human form would seem

74

00:05:53,860 --> 00:05:59,860

a nightmare for most but Shannon, Debbie and Zachary report that the contact has been friendly.

75

00:05:59,860 --> 00:06:04,860

Because it has been a positive experience overall Debbie and Shannon call themselves

76

00:06:04,860 --> 00:06:07,860

experiencers rather than abductees.

77

00:06:07,860 --> 00:06:10,860

Abductees has a negative connotation to it.

78

00:06:10,860 --> 00:06:12,860

It means stolen.

79

00:06:12,860 --> 00:06:17,860

I prefer to call myself an experiencer because they're not taking me unwillingly.

80

00:06:17,860 --> 00:06:19,860

I go quite willingly.

81

00:06:19,860 --> 00:06:22,860

If you would track this pencil.

82

00:06:22,860 --> 00:06:27,860

Her daughters and grandsons experiences confirm what Debbie has felt for years.

83

00:06:27,860 --> 00:06:32,860

That her family has been the object of extraterrestrial scrutiny for quarter of a century.

84

00:06:32,860 --> 00:06:36,860

The reason why is being explored through therapy.

85

00:06:36,860 --> 00:06:39,860

Do you notice anything about you?

86

00:06:42,860 --> 00:06:43,860

Pictures.

87

00:06:43,860 --> 00:06:47,860

Do you know why you're seeing these pictures?

88

00:06:51,860 --> 00:06:53,860

This is about the future?

89

00:06:53,860 --> 00:06:54,860

Yeah.

90

00:06:54,860 --> 00:06:55,860

How far ahead?

91

00:06:55,860 --> 00:06:56,860

Pretty distant in the future.

92

00:06:56,860 --> 00:06:57,860

Not way distant.

93

00:06:57,860 --> 00:06:59,860

Pretty close in the future?

94

00:06:59,860 --> 00:07:00,860

Next few years.

95

00:07:00,860 --> 00:07:05,860

Based on the pictures what would you say is coming up in the next few years?

96

00:07:05,860 --> 00:07:07,860

Major changes.

97

00:07:07,860 --> 00:07:09,860

Geological changes.

98

00:07:09,860 --> 00:07:14,860

Is there some kind of overall message you can take from this or lesson?

99

00:07:14,860 --> 00:07:16,860

Yeah, not to worry.

100

00:07:16,860 --> 00:07:18,860

Things will be okay.

101

00:07:18,860 --> 00:07:22,860

And why will things be okay if there's such major shifts?

102

00:07:22,860 --> 00:07:24,860

Because it's all for the best.

103

00:07:24,860 --> 00:07:31,860

Apocalyptic images conveyed through telepathy or mind control are a common theme among experiences.

104

00:07:31,860 --> 00:07:36,860

And there are very specific images both mother and daughter remember being shown.

105

00:07:36,860 --> 00:07:41,860

Did the ETs communicate with you while you were seeing these pictures?

106

00:07:41,860 --> 00:07:42,860

Yes.

107

00:07:42,860 --> 00:07:44,860

And what was the flavor of their communication?

108

00:07:44,860 --> 00:07:46,860

And the sense of urgency.

109

00:07:46,860 --> 00:07:48,860

Urgency for what?

110

00:07:48,860 --> 00:07:50,860

For me to understand something.

111

00:07:50,860 --> 00:07:53,860

ETs give a variety of different kinds of messages.

112

00:07:53,860 --> 00:08:08,860

Such things as earth changes, cataclysms, geological weather, epidemics, social unrest, wars have all been shown to experiences.

113

00:08:08,860 --> 00:08:14,860

And it appears that these future scenes are either probable futures that will happen unless we clean up or act.

114

00:08:14,860 --> 00:08:20,860

Like a growing number of experiences, Shannon and Debbie believe that they have been charged with a mission.

115

00:08:20,860 --> 00:08:24,860

They have been told to spread the aliens' otherworldly warning.

116

00:08:24,860 --> 00:08:27,860

And they have been told to move away from California.

117

00:08:27,860 --> 00:08:34,860

They don't know why they are to move, but the family believes that the reason will be revealed to them when the time is right.

118

00:08:34,860 --> 00:08:39,860

I just got up one day last summer and said, I've got to move to New Mexico.

119

00:08:39,860 --> 00:08:41,860

I mean, I just knew.

120

00:08:41,860 --> 00:08:44,860

The entire family has now relocated to New Mexico.

121

00:08:44,860 --> 00:08:53,860

Debbie and Shannon are trying to spread the message they believe they've received through extraterrestrial contact.

122

00:08:53,860 --> 00:09:00,860

After the completion of this report, Dr. Richard Boylan's license was revoked by the California State Board of Psychology

123

00:09:00,860 --> 00:09:04,860

for misconduct unrelated to his work with the McGill and Hernandez families.

124

00:09:04,860 --> 00:09:12,860

Both families wrote to the board and to sightings stating that they continue to believe in and trust the therapy that they received from Dr. Boylan.

125

00:09:12,860 --> 00:09:19,860

Next, Dan Kish is blind, but his uncanny ability to see could change the world for the sightless.

126

00:09:19,860 --> 00:09:22,860

I have never had a student who does what he does.

127

00:09:23,860 --> 00:09:38,860

It's a well-known fact that people who have lost one or more senses, like sight or hearing, can sometimes develop their other senses to an uncanny degree.

128

00:09:38,860 --> 00:09:40,860

Doctors call it compensation.

129

00:09:40,860 --> 00:09:47,860

Dan Kish, a sightless man in San Bernardino, California, appears to have gone compensation one better.

130

00:09:47,860 --> 00:09:54,860

Sightings correspondent Carla Wall reports on what appears to be Dan's development of an entirely new sense.

131

00:10:00,860 --> 00:10:08,860

Imagine trying to navigate the busy world around us without the critical sense of sight, without the ability to see impending danger,

132

00:10:08,860 --> 00:10:12,860

or even the ordinary signposts we take for granted.

133

00:10:12,860 --> 00:10:19,860

Today, blind people are taught that they need the eyes of another, a dog or a helper, to negotiate the world of the sighted.

134

00:10:19,860 --> 00:10:21,860

Dan Kish disagrees.

135

00:10:21,860 --> 00:10:25,860

He's developed a sixth sense that gives him complete independence.

136

00:10:25,860 --> 00:10:31,860

He's the only human known to use echolocation as skillfully as bats and dolphins.

137

00:10:31,860 --> 00:10:35,860

Dan, what is it exactly that you do when you echolocate?

138

00:10:35,860 --> 00:10:42,860

Well, usually I click and then I listen for the sound as it bounces off of all the objects in the environment.

139

00:10:42,860 --> 00:10:45,860

So something like a bat would do say or a dolphin would do?

140

00:10:45,860 --> 00:10:49,860

Well, it's exactly the same. The click is different, but the process is the same.

141

00:10:52,860 --> 00:10:54,860

Can you tell me where the trees are?

142

00:10:54,860 --> 00:10:58,860

Sure. Well, we just passed one and here we have another one.

143

00:10:58,860 --> 00:11:01,860

That's smaller than some of these others.

144

00:11:01,860 --> 00:11:03,860

We have one here that's much larger.

145

00:11:03,860 --> 00:11:06,860

Dan can visualize an object by the echo it creates.

146

00:11:06,860 --> 00:11:10,860

It's a unique ability Dan taught himself as a young boy,

147

00:11:10,860 --> 00:11:15,860

before he even knew there was a name for it, or that other animals used the same method.

148

00:11:15,860 --> 00:11:20,860

I can remember it's him clicking, similar to that of a bat, I suppose,

149

00:11:20,860 --> 00:11:24,860

and trying to locate things in front of him.

150

00:11:24,860 --> 00:11:27,860

And I used to ask him questions, you know, why you're doing that.

151

00:11:27,860 --> 00:11:32,860

And he would tell me that it's his way of moving around, it's his way of seeing things.

152

00:11:32,860 --> 00:11:36,860

For me, the signal is a tongue click, it sounds like this.

153

00:11:41,860 --> 00:11:46,860

Pull. The object I'm looking for is this bulletin board.

154

00:11:46,860 --> 00:11:52,860

I've worked for 21 years as a mobility instructor, and so I've had hundreds of students.

155

00:11:52,860 --> 00:11:56,860

I have never had a student who does what he does.

156

00:11:56,860 --> 00:12:00,860

In fact, no one is known to do what Dan Kish does.

157

00:12:00,860 --> 00:12:05,860

He would walk along, and he would be clicking, and he would know there's a wall on my right,

158

00:12:05,860 --> 00:12:10,860

or there's a big tree now on my left side, or I'm coming to the corner, or whatever it happens to be.

159

00:12:10,860 --> 00:12:15,860

How specific can you get? For instance, crossing the street here with your echo location,

160

00:12:15,860 --> 00:12:18,860

can you tell me where a curb is, say, and where a driveway is?

161

00:12:18,860 --> 00:12:21,860

Well, sure, there are different heights.

162

00:12:21,860 --> 00:12:27,860

The curb is higher, it reflects more sound, the driveway a lot less,

163

00:12:28,860 --> 00:12:30,860

and the driveway is just lower.

164

00:12:30,860 --> 00:12:31,860

So that's easy for you?

165

00:12:31,860 --> 00:12:32,860

Sure.

166

00:12:32,860 --> 00:12:38,860

His ability to locate and navigate around obstacles allows Dan to do something

167

00:12:38,860 --> 00:12:41,860

no other sightless person is encouraged to do.

168

00:12:41,860 --> 00:12:46,860

The first time Dan rode a bike, and our family saw him riding a bike,

169

00:12:46,860 --> 00:12:52,860

it's probably the first time that they really realized that Dan could do just about anything he wanted.

170

00:12:57,860 --> 00:13:01,860

I used to go bike riding all the time, because it was something that I could do.

171

00:13:01,860 --> 00:13:07,860

I wasn't relegated automatically to a tandem bike, or to riding on someone's handlebars,

172

00:13:07,860 --> 00:13:10,860

or to just staying at home while everyone else went on a ride.

173

00:13:10,860 --> 00:13:15,860

Dan allowed us to challenge his ability to navigate in unfamiliar territory.

174

00:13:15,860 --> 00:13:22,860

We took him to a playground, studied with metal poles. Incredibly, he avoided them all.

175

00:13:22,860 --> 00:13:28,860

The process of riding a bicycle, particularly in unfamiliar areas,

176

00:13:28,860 --> 00:13:32,860

is both very exhilarating and very demanding,

177

00:13:32,860 --> 00:13:39,860

demanding to the point where I might say that I can feel myself almost entering another state of consciousness,

178

00:13:39,860 --> 00:13:46,860

where the senses are wide open, and there is no room for any other thought,

179

00:13:46,860 --> 00:13:49,860

but the process of riding a bicycle itself.

180

00:13:50,860 --> 00:13:54,860

Understanding echolocation is just in its beginning stages.

181

00:13:54,860 --> 00:14:01,860

We seem to have just gotten an appreciation for how miraculous this ability actually is.

182

00:14:01,860 --> 00:14:09,860

Dr. Lawrence Rosenblum believes Dan's ability offers a unique opportunity to study how the brain perceives sound.

183

00:14:09,860 --> 00:14:15,860

It might be something like getting a quick flash of what an environment is like,

184

00:14:15,860 --> 00:14:17,860

because if somebody just turned the light on.

185

00:14:17,860 --> 00:14:22,860

Because what echolocation does is actually illuminate acoustically an environment.

186

00:14:22,860 --> 00:14:28,860

We've got a parked vehicle to our left, probably a car, then a space,

187

00:14:28,860 --> 00:14:37,860

and another parked vehicle coming up that's much larger than the first truck or van of some sort.

188

00:14:37,860 --> 00:14:41,860

Dan, how can you tell that? I mean, it's enough to know something's there. How do you know it's bigger?

189

00:14:41,860 --> 00:14:48,860

It's just larger. It reflects more sound and reflects it from a higher direction, accounting for the height of the vehicle.

190

00:14:48,860 --> 00:14:50,860

You're absolutely right.

191

00:14:50,860 --> 00:14:59,860

Despite skepticism from traditional instructors, Dan believes he can teach echolocation to other blind people, especially children.

192

00:14:59,860 --> 00:15:05,860

It's like if you guys can see with your eyes, and we can see with our ears.

193

00:15:05,860 --> 00:15:18,860

Teaching a blind child to ride a bike, to run, to roller skate, to tree climb, to rock climb, to hike, to do all those things is vital.

194

00:15:18,860 --> 00:15:26,860

All kids can ride a bike. So why should this one kid not be able to ride a bike?

195

00:15:27,860 --> 00:15:37,860

By teaching echolocation to others, Dan hopes to forever change the way the blind see, and the way we see the blind.

196

00:15:37,860 --> 00:15:43,860

Researchers maintain that at most humans use 10% of their brain potential.

197

00:15:43,860 --> 00:15:48,860

Dan Kish appears to have somehow tapped into part of the remaining 90%.

198

00:15:48,860 --> 00:15:55,860

If he has, just imagine what other remarkable abilities must lie dormant within us all.

199

00:15:55,860 --> 00:16:00,860

Next, corporate America is turning to psychics to improve its bottom line.

200

00:16:00,860 --> 00:16:07,860

Later, the frightening secret that lies beneath Lemo's Church of San Francisco.

201

00:16:12,860 --> 00:16:16,860

Here are some of the stories Sightings is following in the news.

202

00:16:16,860 --> 00:16:21,860

There are an estimated 450,000 Bigfoot Watchers in the United States alone.

203

00:16:21,860 --> 00:16:25,860

In an effort to create a central clearinghouse for reports of the legendary beast,

204

00:16:25,860 --> 00:16:30,860

a new Bigfoot Research Center is opening in a very unlikely location.

205

00:16:34,860 --> 00:16:37,860

It's flat, it's farmland, and it's in Minnesota.

206

00:16:37,860 --> 00:16:42,860

The town of Crookston is about to become home to the world's largest Bigfoot Center.

207

00:16:42,860 --> 00:16:45,860

The Bigfoot idea got started because when I first came here,

208

00:16:45,860 --> 00:16:48,860

they've been dealing with this issue of how to do tourism

209

00:16:48,860 --> 00:16:51,860

because we don't have any natural amenities here in Crookston, such as lakes,

210

00:16:51,860 --> 00:16:54,860

to use as an asset or a resource.

211

00:16:54,860 --> 00:16:57,860

But why Bigfoot? There haven't been any sightings here,

212

00:16:57,860 --> 00:17:00,860

but as Holbrook discovered surfing the internet,

213

00:17:00,860 --> 00:17:03,860

there have been Bigfoot sightings just about everywhere else.

214

00:17:03,860 --> 00:17:06,860

And I thought, well then this is not just a Northwest, you know,

215

00:17:06,860 --> 00:17:09,860

Washington, Oregon, and California, everybody thinks it is.

216

00:17:09,860 --> 00:17:11,860

This is really something that's a national phenomenon.

217

00:17:11,860 --> 00:17:16,860

And that's when I started thinking, well, how can Crookston take part in this national phenomenon?

218

00:17:16,860 --> 00:17:20,860

Soon, this Crookston Museum will be transformed.

219

00:17:20,860 --> 00:17:23,860

Preliminary drawings are already underway for new displays,

220

00:17:23,860 --> 00:17:27,860

an info center, and a life-size replica of the legendary beast.

221

00:17:27,860 --> 00:17:30,860

It will attract people from outside of our town,

222

00:17:30,860 --> 00:17:34,860

as well as giving us another thing to do inside of our town.

223

00:17:34,860 --> 00:17:39,860

The local diner may be serving up Bigfoot burgers and dozens of gingerbread feet,

224

00:17:39,860 --> 00:17:44,860

but Holbrook insists his center is going to be more than just a tourist attraction.

225

00:17:44,860 --> 00:17:47,860

Personally, I would say there's a high potential that this creature exists.

226

00:17:47,860 --> 00:17:50,860

Given the right resources, I believe we could prove it.

227

00:17:50,860 --> 00:17:54,860

If we could put a man on the moon, we could prove whether or not Bigfoot exists.

228

00:17:57,860 --> 00:18:00,860

In Palo Alto, California, Stanford biologist Paul Erlich

229

00:18:00,860 --> 00:18:04,860

is renewing his warning about the future of humankind.

230

00:18:04,860 --> 00:18:07,860

There is a new generation of drug-resistant bacteria

231

00:18:07,860 --> 00:18:10,860

capable of triggering a deadly epidemic.

232

00:18:10,860 --> 00:18:14,860

We're likely to lose a large portion of humanity to emerging viruses,

233

00:18:14,860 --> 00:18:20,860

to the many now resistant strains of bacteria, to the resurgence of malaria, and so on.

234

00:18:20,860 --> 00:18:22,860

And there's a lot to be said for that.

235

00:18:22,860 --> 00:18:26,860

In other words, the epidemiological situation is extremely severe,

236

00:18:26,860 --> 00:18:30,860

largely because of the size of our population and because of our population growth.

237

00:18:30,860 --> 00:18:33,860

So we could have a die-back from plague.

238

00:18:33,860 --> 00:18:38,860

Recently, sightings reported on an upsurge in the number of deadly viruses

239

00:18:38,860 --> 00:18:41,860

unleashed during the destruction of tropical rainforests.

240

00:18:41,860 --> 00:18:47,860

Some researchers believe it is Earth's way of turning on its attacker, the human race.

241

00:18:47,860 --> 00:18:51,860

It's called Gaia's Revenge, the Earth's Revenge.

242

00:18:51,860 --> 00:18:55,860

Now there is growing concern that these viruses are not alone.

243

00:18:55,860 --> 00:18:59,860

New insidious bacteria may prove even deadlier.

244

00:19:00,860 --> 00:19:04,860

Mutant forms of pneumonia, immune to penicillin,

245

00:19:04,860 --> 00:19:09,860

and new strains of antibiotic-resistant tuberculosis are already appearing worldwide.

246

00:19:09,860 --> 00:19:15,860

Some scientists believe that these may be precursors to a global, unstoppable plague.

247

00:19:15,860 --> 00:19:21,860

Medical researchers have had to search for ingenious methods to keep these bacteria in check.

248

00:19:21,860 --> 00:19:27,860

However, they cannot be certain that humankind will continue to prevail.

249

00:19:30,860 --> 00:19:37,860

In New York City, where Wall Street's bulls and bears direct billions of dollars every day,

250

00:19:37,860 --> 00:19:41,860

the art of the deal is taking on a whole new meaning.

251

00:19:41,860 --> 00:19:46,860

One of the favorite things investors say is that the billionaires use metaphysics, the millionaires don't.

252

00:19:46,860 --> 00:19:50,860

Because the billionaires know that magic has a lot to do with making huge amounts of money.

253

00:19:50,860 --> 00:19:54,860

Barry Dolnick calls herself an executive mystic.

254

00:19:54,860 --> 00:19:57,860

She claims to have counseled some of America's top movers and shakers.

255

00:19:57,860 --> 00:20:02,860

I see people, Wall Street, people who run big portfolios,

256

00:20:02,860 --> 00:20:10,860

heads of divisions of some of the biggest companies in the world, creative people, artists, actors.

257

00:20:10,860 --> 00:20:14,860

In fact, Dolnick herself was once a corporate executive.

258

00:20:14,860 --> 00:20:21,860

Metaphysics was just a hobby until she started sharing her psychic talent with a few high-powered clients.

259

00:20:22,860 --> 00:20:26,860

I think the interesting thing about Barry that makes her very unusual is her business background

260

00:20:26,860 --> 00:20:34,860

combined with her ability to work with you on metaphysical things makes her an unusual counselor.

261

00:20:34,860 --> 00:20:38,860

Typically, Dolnick uses tarot cards and detailed astrological charts

262

00:20:38,860 --> 00:20:43,860

to help clients plot long-term business strategies or evaluate marketing plans.

263

00:20:43,860 --> 00:20:47,860

And for help out the corporate ladder, Dolnick mixes individualized herbal charms.

264

00:20:47,860 --> 00:20:53,860

However, she always reminds her clients that on Wall Street, there are no guaranteed bets.

265

00:20:53,860 --> 00:20:59,860

Well, I do have a gift in this prophecy and I can see what's likely to happen in the future,

266

00:20:59,860 --> 00:21:02,860

but it's up to you to make it happen.

267

00:21:02,860 --> 00:21:05,860

So it's sort of a, it's got to be a two-way street.

268

00:21:08,860 --> 00:21:10,860

We'll have more stories from the news next time.

269

00:21:10,860 --> 00:21:13,860

Now, here's what's coming up on Citing's.

270

00:21:14,860 --> 00:21:19,860

She's called Amazing Grace and her healing miracles baffle the medical community.

271

00:21:19,860 --> 00:21:24,860

We are unable to explain why she survived an almost lethal situation.

272

00:21:24,860 --> 00:21:28,860

And proof that the United States has been building flying saucers.

273

00:21:35,860 --> 00:21:39,860

Faith healing has a long and checkered past in American history.

274

00:21:39,860 --> 00:21:41,860

Elmer Gantry comes to mind.

275

00:21:41,860 --> 00:21:46,860

Charlatans and thieves have supplanted what were once real healing miracles

276

00:21:46,860 --> 00:21:48,860

performed in simple country churches.

277

00:21:48,860 --> 00:21:54,860

Today, Grace DeBecari is on a one-woman campaign to restore the integrity of faith healing.

278

00:21:54,860 --> 00:21:59,860

She believes that the way to do that is to heal as many people as she can.

279

00:22:10,860 --> 00:22:16,860

The evidence is there's a woman with an incurable disease that I know is not fake.

280

00:22:16,860 --> 00:22:18,860

She gets six doctors that are telling her,

281

00:22:18,860 --> 00:22:21,860

this is the way it is, this is what's going to happen.

282

00:22:21,860 --> 00:22:24,860

The best you can do is slow the progress of the disease.

283

00:22:27,860 --> 00:22:30,860

It goes to all the fancy clinics, et cetera.

284

00:22:30,860 --> 00:22:31,860

Nothing works.

285

00:22:31,860 --> 00:22:36,860

She goes to this lady who's jumping around on a stage singing and banging a tambourine

286

00:22:36,860 --> 00:22:40,860

and just stepped out of an Elmer Gantry movie and it's gone.

287

00:22:44,860 --> 00:22:47,860

To those who believe she is a savior,

288

00:22:47,860 --> 00:22:51,860

an evangelical preacher known simply as Amazing Grace.

289

00:22:51,860 --> 00:22:56,860

Grace knelt down to me and she asked me what affliction I had

290

00:22:56,860 --> 00:22:59,860

and I told her of multiple sclerosis.

291

00:22:59,860 --> 00:23:04,860

And all she did at that point was just lay her hands on my forehead

292

00:23:04,860 --> 00:23:06,860

and I went right over backwards.

293

00:23:06,860 --> 00:23:11,860

They are flocking to her services in Danbury, Connecticut from all over the country,

294

00:23:11,860 --> 00:23:13,860

from all over the world in fact.

295

00:23:13,860 --> 00:23:17,860

They pray for a miracle and many prayers are being answered.

296

00:23:17,860 --> 00:23:21,860

It was an instant healing, a total and instant healing right then and there.

297

00:23:21,860 --> 00:23:27,860

Many of the people who come to see Grace Debukari have been branded with the label incurable,

298

00:23:27,860 --> 00:23:32,860

but Grace seems to have an uncanny ability to strip off that label and heal.

299

00:23:32,860 --> 00:23:36,860

Grace asked me to hand over the cane that I had to her,

300

00:23:36,860 --> 00:23:44,860

at which point I did, and she told me to walk from one end of the gymnasium to the other and back to her.

301

00:23:44,860 --> 00:23:53,860

Her walking alone on a basketball court was a prescription for a broken arm or a bloody nose or something.

302

00:23:53,860 --> 00:23:58,860

But she went all the way up the aisle, she turned around, she came back the aisle

303

00:23:58,860 --> 00:24:03,860

and then she wandered out of the gymnasium basically in a daze.

304

00:24:03,860 --> 00:24:09,860

And at that point I forgot pretty much everything except trying to get to her and find out what the heck was going on here.

305

00:24:09,860 --> 00:24:17,860

Many people believe Grace can somehow stimulate the power of an individual's mind to heal their own body.

306

00:24:17,860 --> 00:24:20,860

Grace's own explanation is much simpler.

307

00:24:20,860 --> 00:24:24,860

I don't consider myself a healer. I believe it's his divine healing.

308

00:24:24,860 --> 00:24:27,860

And I just call out whatever he'd have me do.

309

00:24:27,860 --> 00:24:34,860

I'm just a regular person just minding my own business, taking the children to softball.

310

00:24:34,860 --> 00:24:39,860

Grace can recall the exact moment she believed she was given her healing gift.

311

00:24:39,860 --> 00:24:47,860

I had a near-death experience where I went up into the heavens and I saw a tremendous light.

312

00:24:48,860 --> 00:24:51,860

And I wanted to enter. It was wonderful.

313

00:24:51,860 --> 00:24:55,860

And then I stood there and said, no, I'm not ready, I'm not ready.

314

00:24:55,860 --> 00:24:59,860

And my spirit went back into my body and I woke up.

315

00:24:59,860 --> 00:25:03,860

So I thought, well, God, I'll do anything you want me to do.

316

00:25:03,860 --> 00:25:09,860

And then he, when I felt God speaking to me, saying, sing and leave the rest to me.

317

00:25:18,860 --> 00:25:26,860

God speaks to me. He'll tell me, go to the left, go to the right, go straight down the middle.

318

00:25:26,860 --> 00:25:33,860

And I'll do it. And as I go, I'll stop and he'll say, right here.

319

00:25:33,860 --> 00:25:36,860

Who here has a problem with their back?

320

00:25:36,860 --> 00:25:39,860

Problem with your back? Would you come here, please?

321

00:25:39,860 --> 00:25:43,860

The crowded hotel ballroom, the lane on of a manicured hand.

322

00:25:43,860 --> 00:25:47,860

From the outside, it seems too cliché to be believed.

323

00:25:47,860 --> 00:25:52,860

But what sets Grace DeVicari apart is documentation by medical doctors

324

00:25:52,860 --> 00:25:57,860

who will confirm the miraculous recoveries of patients once so close to death.

325

00:25:57,860 --> 00:26:06,860

She was more abundant, more barely conscious, suffering with seizures, blood pressure problems,

326

00:26:06,860 --> 00:26:15,860

kidney failure, severe anemia. She had fluid around the heart, fluid around the lung.

327

00:26:15,860 --> 00:26:18,860

She was in a desperate situation.

328

00:26:18,860 --> 00:26:25,860

In 1987, Harriet Grimuly was diagnosed with a supposedly incurable disease called scleroderma.

329

00:26:25,860 --> 00:26:28,860

She was told the end was very near.

330

00:26:28,860 --> 00:26:34,860

I go upstairs and cry out to God to let me die because the pain was so bad.

331

00:26:34,860 --> 00:26:40,860

For five months, Harriet was kept in the intensive care unit of Phelps Memorial Hospital.

332

00:26:40,860 --> 00:26:45,860

Doctors didn't expect that she would ever return home, but Harriet was a fighter.

333

00:26:45,860 --> 00:26:51,860

And when she heard about Grace DeVicari, she convinced the hospital to release her for healing.

334

00:26:51,860 --> 00:26:57,860

The first time I went, I didn't notice anything, you know?

335

00:26:57,860 --> 00:27:03,860

And Grace would always pray over me and I could notice that I was feeling less pain.

336

00:27:03,860 --> 00:27:08,860

It's time that I went and I could move my shoulders, I could move my hands,

337

00:27:08,860 --> 00:27:13,860

because I could hardly lift my hands. I couldn't raise my hands up.

338

00:27:13,860 --> 00:27:17,860

Today, Harriet Grimulty has more energy than ever.

339

00:27:17,860 --> 00:27:23,860

In fact, she is a volunteer gardener at the very hospital where she once lay dying.

340

00:27:23,860 --> 00:27:29,860

She survived a situation where nobody should have survived.

341

00:27:29,860 --> 00:27:37,860

And to the surprise of the medical community, we are unable to explain, A, why she survived,

342

00:27:37,860 --> 00:27:40,860

an almost lethal situation.

343

00:27:40,860 --> 00:27:50,860

And second, why her disease didn't progress, and it almost appeared that it took a screeching halt and reversal.

344

00:27:50,860 --> 00:27:55,860

I said, you should tell all your patients to come to Grace, those who can't help.

345

00:27:55,860 --> 00:27:57,860

I tell the doctors.

346

00:27:57,860 --> 00:28:02,860

Doctors who practice near Grace's Connecticut home, like Dr. John Pagano,

347

00:28:02,860 --> 00:28:07,860

have started sending some of their patients to Grace's services.

348

00:28:07,860 --> 00:28:12,860

A friend of mine was deaf in the right ear for over 20 years. I knew he was.

349

00:28:12,860 --> 00:28:17,860

She pointed to him and said to him, you're going to be healed tonight.

350

00:28:17,860 --> 00:28:22,860

And in a few minutes, right after that, he was absolutely startled.

351

00:28:22,860 --> 00:28:26,860

A pop took place in his right ear and he actually staggered back a bit.

352

00:28:26,860 --> 00:28:30,860

And even Grace at that moment said, did you hear that?

353

00:28:30,860 --> 00:28:33,860

And all the people around him heard something take place in his ear.

354

00:28:33,860 --> 00:28:39,860

From that moment on, and that was about 10 years ago, he's had perfect hearing in the right ear.

355

00:28:39,860 --> 00:28:50,860

Amazing Grace has sweetened the sound.

356

00:28:50,860 --> 00:28:54,860

It doesn't matter what religion you are, what denomination you are,

357

00:28:54,860 --> 00:29:00,860

God loves all people of all faiths, all religions. He just loves.

358

00:29:00,860 --> 00:29:08,860

What I think is happening is that Grace, in one way or another, stimulates the healing forces within the people themselves.

359

00:29:08,860 --> 00:29:14,860

The God within them is acting because they either have faith in her,

360

00:29:14,860 --> 00:29:18,860

or there are some cases where they had no faith in her and it still worked.

361

00:29:18,860 --> 00:29:25,860

That even defies explanation. There was one man, he went reluctantly. He had a herniated disc.

362

00:29:25,860 --> 00:29:28,860

I went there and my wife didn't even want to come with me.

363

00:29:28,860 --> 00:29:31,860

She says, I'll drive you there, but I'm not going in.

364

00:29:31,860 --> 00:29:37,860

He was like ducking behind the people, but Grace picked him out and told him to come forward.

365

00:29:37,860 --> 00:29:39,860

He was going to be healed.

366

00:29:39,860 --> 00:29:42,860

I fell over like these other people, which I never dreamed I'd do.

367

00:29:42,860 --> 00:29:49,860

While I was down, I felt heat come through my back, through my legs, my thighs.

368

00:29:49,860 --> 00:29:53,860

And I started to squirm on the floor, I just like straightened out.

369

00:29:53,860 --> 00:29:57,860

And I was able to try to get up. The ushers were trying to help me.

370

00:29:57,860 --> 00:29:59,860

She says, no, he'll get up on his own.

371

00:29:59,860 --> 00:30:05,860

And I was able to get up on my own and I stood up straight for the first time in six months.

372

00:30:05,860 --> 00:30:10,860

I was actually straight. I started to cry in front of these people who I didn't want to be here with.

373

00:30:10,860 --> 00:30:13,860

And God touched me just like that.

374

00:30:13,860 --> 00:30:20,860

If the concept of Jesus Christ is what stimulates the healing powers within you, then that's right.

375

00:30:20,860 --> 00:30:26,860

If the concept of science stimulates the healing power within you, that's okay too.

376

00:30:26,860 --> 00:30:36,860

Or God, the universal consciousness and all that, whatever it is, whatever avenue your consciousness is attuned to, that's what will work for you.

377

00:30:36,860 --> 00:30:46,860

Grace, oh! Praise you!

378

00:30:46,860 --> 00:30:54,860

It's important to know that Grace DeBecari doesn't take any money for the faith healing she

performs, and she doesn't believe any true healer should.

379

00:30:54,860 --> 00:31:01,860

She also wants you to know that she does not consider faith healing a substitute for conventional medical care.

380

00:31:01,860 --> 00:31:05,860

Next, there's something unholy in the catacombs beneath the church of San Francisco.

381

00:31:05,860 --> 00:31:16,860

It was a very powerful force. I was alarmed and scared. It wouldn't let me enter.

382

00:31:16,860 --> 00:31:23,860

In an effort to provide a global view of the paranormal experience, sightings is broadening the scope of its investigations.

383

00:31:23,860 --> 00:31:36,860

Recently, I traveled to South America and in Lima, Peru, discovered a haunting secret buried beneath a centuries old cathedral.

384

00:31:37,860 --> 00:31:46,860

It was in 1535, the first year of the Spanish colonization, that the cathedral of San Francisco was begun here in the oldest part of Lima, Peru.

385

00:31:46,860 --> 00:31:52,860

For centuries, the friars here have talked of encountering what they call unsettled spirits.

386

00:31:52,860 --> 00:32:00,860

Not surprising, perhaps, for a place that is built literally on the bones of tens of thousands of people.

387

00:32:01,860 --> 00:32:12,860

The catacombs were first built as the foundation for the church. They were, in fact, the cemetery of the church and of its parishioners.

388

00:32:12,860 --> 00:32:21,860

The catacombs are immense, and there are many human remains, bones and skulls, which are interred here.

389

00:32:21,860 --> 00:32:32,860

Macabre designs have been created in the catacombs below this historic cathedral, created with the bones of more than 25,000 seemingly restless spirits.

390

00:32:36,860 --> 00:32:40,860

There are people who don't believe it, but once you see it, you believe.

391

00:32:40,860 --> 00:32:44,860

You have to have a certain sight in order to see spirits.

392

00:32:45,860 --> 00:32:52,860

A priest once told me that ghosts have so much power that they move faster than thought.

393

00:32:52,860 --> 00:32:58,860

Father Benito is 82 years old. He has lived and worked in the church since he was a child.

394

00:32:58,860 --> 00:33:03,860

Over the years, he has seen many ghostly apparitions rising from the catacombs below.

395

00:33:05,860 --> 00:33:10,860

He was tall, and he was wearing a monk's habit. I was stunned.

396

00:33:10,860 --> 00:33:17,860

I just stood there, and he walked to another wall where the door was closed, and he walked right

through the closed door.

397

00:33:17,860 --> 00:33:23,860

Naturally, it shocks you because your heart beats faster and your legs get a little weak, you know.

398

00:33:23,860 --> 00:33:27,860

After he goes away, you pray to God because of the power of the spirit.

399

00:33:29,860 --> 00:33:38,860

Today, the cathedral of San Francisco is a refuge, where the citizens of Lima seek solace and find peace, but it has not always been this way.

400

00:33:39,860 --> 00:33:47,860

The history of the area, in fact, all of Peru, is drenched in the blood of the Spanish Inquisition, spearheaded by Francisco Pizarro.

401

00:33:47,860 --> 00:33:52,860

Just outside Lima stand the ruins of the ancient religious center of Pachacama.

402

00:33:52,860 --> 00:33:58,860

The conquistadors desecrated the temple and declared its followers heretics and devil worshipers.

403

00:33:58,860 --> 00:34:06,860

Most of the people here were murdered, and the rest were enslaved and forced to build a new city of Lima and its new church.

404

00:34:06,860 --> 00:34:14,860

The Inquisition lasted for more than 300 years. The accused and the accusers are now entombed together.

405

00:34:15,860 --> 00:34:25,860

I wanted to go into the catacombs with a flashlight, but I was unable to. It was a very powerful force. I was alarmed and scared. It wouldn't let me enter.

406

00:34:25,860 --> 00:34:29,860

Cristal is one of Peru's most famous psychics.

407

00:34:29,860 --> 00:34:36,860

Although she knew about the spirits in the cathedral of San Francisco, she had never dared to personally enter the catacombs.

408

00:34:36,860 --> 00:34:47,860

At Siding's request, she agreed to descend into the haunted tombs. Almost immediately, she became

agitated, then seemed to make contact with an unseen force.

409

00:34:48,860 --> 00:35:01,860

The presence of someone here was very energetic, very negative, very violent.

410

00:35:01,860 --> 00:35:11,860

He was buried here. He killed many people.

411

00:35:11,860 --> 00:35:23,860

The spirit would definitely be described as being native to Peru. He had been a great witch or a shaman in his time.

412

00:35:23,860 --> 00:35:30,860

He had absorbed the energy of a friar who was there. The two of them interchanged their energies.

413

00:35:33,860 --> 00:35:38,860

He was accused of murder.

414

00:35:42,860 --> 00:36:01,860

For using witchcraft against others, he's full of hate. He doesn't want us to be here.

415

00:36:02,860 --> 00:36:08,860

Cristal tried to communicate with the dark spirit, and it seemed to respond.

416

00:36:08,860 --> 00:36:12,860

Just in that point, he stood right in front of me.

417

00:36:12,860 --> 00:36:18,860

There was an abrupt physical change in Cristal. She said the force had entered her body.

418

00:36:19,860 --> 00:36:22,860

Stop.

419

00:36:26,860 --> 00:36:34,860

Later, she would describe it as a battle of the souls, a battle she won by releasing the spirit.

420

00:36:34,860 --> 00:36:39,860

Walk towards the light. Do it.

421

00:36:43,860 --> 00:36:45,860

Liberate.

422

00:36:49,860 --> 00:36:53,860

I understand everything.

423

00:36:53,860 --> 00:36:59,860

She said it was her psychic connection to his pain that allowed the spirit to go free.

424

00:36:59,860 --> 00:37:10,860

After I'd listened to him, I made him see that he was wrong, that he had died and that what he was doing wasn't right, and he accepted it.

425

00:37:10,860 --> 00:37:16,860

These are the physical remains of soldiers and slaves, priests and sorcerers.

426

00:37:16,860 --> 00:37:27,860

And while dead men tell no tales, their spirits often do, especially here, where people who battled each other in life seem to cry out for peace in death.

427

00:37:28,860 --> 00:37:41,860

While it seems that Cristal was able to release one of the restless spirits from the catacombs, it's estimated that more than 20,000 people are buried there.

428

00:37:41,860 --> 00:37:47,860

The Friars of the Cathedral of San Francisco report that the haunting activity is as pervasive as ever.

429

00:37:47,860 --> 00:37:52,860

Next was what crashed at Roswell, a flying saucer made in the USA.

430

00:37:52,860 --> 00:37:57,860

They've channeled this information from what they thought were extraterrestrials.

431

00:38:03,860 --> 00:38:09,860

Recently, sightings brought you an extended report on government experiments with saucer-shaped aircraft.

432

00:38:09,860 --> 00:38:15,860

We showed you the Avrocar, a crude experimental craft first tested in the 1950s.

433

00:38:15,860 --> 00:38:22,860

Well now, newly declassified documents reveal that the military was testing and flying much more sophisticated saucer designs.

434

00:38:22,860 --> 00:38:26,860

The secret project was codenamed Silverbug.

435

00:38:27,860 --> 00:38:33,860

Near the end of World War II, the Allied forces had gained complete air superiority over Hitler's Luftwaffe.

436

00:38:33,860 --> 00:38:35,860

The Germans were desperate.

437

00:38:35,860 --> 00:38:43,860

They ordered the immediate development of an aircraft capable of vertical takeoffs and landings, because nearly all of their runways had been destroyed.

438

00:38:43,860 --> 00:38:49,860

The project was spearheaded by Dr. Richard Mieter, known today as the father of saucerology.

439

00:38:49,860 --> 00:39:02,860

Dr. Mieter was hired by the Luftwaffe, the German Air Force, to build a saucer-shaped craft that could vertically ascend and with rockets shoot down large numbers of Allied planes.

440

00:39:02,860 --> 00:39:04,860

But the Germans were too late.

441

00:39:04,860 --> 00:39:08,860

The war ended before Mieter's saucer got off the drawing boards.

442

00:39:08,860 --> 00:39:14,860

But his designs and technological breakthroughs did not go unnoticed by the American military.

443

00:39:14,860 --> 00:39:23,860

We had large numbers of technical people searching through Germany as they were moving right behind the troops.

444

00:39:23,860 --> 00:39:31,860

They began in April of 1945 and they would send back everything they found.

445

00:39:31,860 --> 00:39:39,860

And according to Alexander Flex, former assistant secretary of the Air Force, German technology

wasn't the only thing being shipped to North America.

446

00:39:39,860 --> 00:39:46,860

After World War II, Dr. Mieter himself began work on a secret aircraft project at AV Rowe Aeronautics in Canada.

447

00:39:46,860 --> 00:39:53,860

Dr. Mieter at AV Rowe was working on some of the concepts that were derived from the German experience.

448

00:39:53,860 --> 00:39:57,860

There were certainly saucer-like flying machines.

449

00:39:57,860 --> 00:40:04,860

Anybody looking at them could have decided that these were indeed flying saucers.

450

00:40:04,860 --> 00:40:12,860

And there is evidence that soon after the war, the United States had also launched a super-secret project to develop vertical flight vehicles.

451

00:40:12,860 --> 00:40:16,860

The vertical takeoff and landing programs had a long, long history.

452

00:40:16,860 --> 00:40:18,860

We had many, many programs.

453

00:40:18,860 --> 00:40:23,860

Among the three services, I counted at least 35.

454

00:40:23,860 --> 00:40:30,860

Of those 35 saucer projects, the most highly classified was known by the code name Silverbug.

455

00:40:30,860 --> 00:40:37,860

Silverbug saucers were designed to fly 2,300 miles per hour at an altitude of 80,000 feet.

456

00:40:37,860 --> 00:40:43,860

These designs dating from 1955 were not declassified until March of 1995.

457

00:40:43,860 --> 00:40:49,860

For over 40 years, America's number one flying saucer project was top secret.

458

00:40:49,860 --> 00:40:52,860

But this flying saucer project was not.

459

00:40:52,860 --> 00:41:00,860

In the 1950s, while Project Silverbug was under tight wraps, AV Rowe unveiled the Avro car to the public.

460

00:41:00,860 --> 00:41:05,860

Was this Jerry Rig Flop really the best the brilliant Dr. Mieter could create?

461

00:41:05,860 --> 00:41:08,860

The Avro car is just a cover. It's a cover store.

462

00:41:08,860 --> 00:41:12,860

What was actually built by AV Rowe is anybody's guess.

463

00:41:12,860 --> 00:41:21,860

Ufologists believe that the US military had everything to gain and nothing to lose by insinuating that this was the state of the art for flying saucers.

464

00:41:21,860 --> 00:41:28,860

It would deflect attention away from real saucers being tested and spotted by amateur sky watchers in the American Southwest.

465

00:41:28,860 --> 00:41:36,860

There is virtually no doubt in my mind that the United States government built German inspired designs in this country.

466

00:41:36,860 --> 00:41:40,860

They were probably seen by many people and probably some crashed.

467

00:41:40,860 --> 00:41:48,860

The release of Silverbug's plans and protocol offers an interesting twist in the great debate over what crashed near Roswell, New Mexico.

468

00:41:48,860 --> 00:41:55,860

It could very well have been a flying saucer, but one of ours, not one of theirs, and not the first.

469

00:41:55,860 --> 00:42:00,860

In Germany, at about the turn of the century, many, many secret societies developed.

470

00:42:00,860 --> 00:42:03,860

The real machine was built by the real society.

471

00:42:03,860 --> 00:42:09,860

And the real saucer was, in turn, based on the instructions left behind by a mysterious ancient cult.

472

00:42:09,860 --> 00:42:14,860

These texts were instructions on how to build this interdimensional machine.

473

00:42:14,860 --> 00:42:19,860

They've channeled this information from what they thought were extraterrestrials.

474

00:42:19,860 --> 00:42:28,860

Built this craft that levitated, the first piloted flight was in 1934 and they knew they had something at that point.

475

00:42:28,860 --> 00:42:33,860

It appears that the saucer silhouette will soon be seen in the skies again.

476

00:42:33,860 --> 00:42:37,860

This is the Tier 3 minus UAV.

477

00:42:37,860 --> 00:42:43,860

It's a state-of-the-art surveillance drone built at the world famous Lockheed Martin Skunkworks in Palmdale, California.

478

00:42:43,860 --> 00:42:50,860

Looking at this aircraft head on, one can't help but observe that saucers are real.

Until next time, remember, no mystery is closed to an open mind.

For sightings, I'm Tim White.

483

00:43:24,860 --> 00:43:28,860

Next on Sci-Fi, Dark Shadows.

484

00:43:30,860 --> 00:43:32,860

Are we dealing with an epidemic?

485

00:43:34,860 --> 00:43:39,860

We recombine termite and mantid DNA to create a biological counter-agent.

486

00:43:39,860 --> 00:43:41,860

Becomes a deadly mistake.

487

00:43:41,860 --> 00:43:45,860

They were designed to die. They are breeding.

488

00:43:45,860 --> 00:43:48,860

But how do you destroy it?

489

00:43:48,860 --> 00:43:51,860

When you've created it.

490

00:43:51,860 --> 00:43:53,860

Mira Sorvino.

491

00:43:54,860 --> 00:43:58,860

Mimic, Saturday at 7 p.m. on Sci-Fi.
