

1

00:00:00,000 --> 00:00:05,000

on this edition of sightings.

2

00:00:05,000 --> 00:00:07,000

I feel metal.

3

00:00:07,000 --> 00:00:15,000

With hope running out, police know that psychic Noreen Rainier represents Joe Lewis' best hope of ever finding his missing brother.

4

00:00:15,000 --> 00:00:18,000

I'm just willing to try anything.

5

00:00:18,000 --> 00:00:25,000

Even the mayor of this Brazilian city saw the smoking UFO hovering low in the sky on the outskirts of town.

6

00:00:25,000 --> 00:00:28,000

It was almost at the top of that eucalyptus tree.

7

00:00:28,000 --> 00:00:31,000

A number of other witnesses saw a whole lot more.

8

00:00:31,000 --> 00:00:34,000

I'm convinced that bodies were recovered down there.

9

00:00:34,000 --> 00:00:42,000

During a ghost investigation inside a New Jersey home, a malevolent spirit responds on tape.

10

00:00:42,000 --> 00:00:47,000

Independence Day made movie history, but has it affected attitudes about life in space?

11

00:00:47,000 --> 00:00:50,000

It is the talk of the UFO research community.

12

00:00:50,000 --> 00:00:55,000

And a look at just what the coming millennium might mean.

13

00:01:20,000 --> 00:01:29,000

Welcome to Sightings. I'm Tim White.

14

00:01:29,000 --> 00:01:34,000

In 1995, sightings answered a plea for help from a family in Piscataway, New Jersey,

15

00:01:34,000 --> 00:01:39,000

who felt that they were being haunted by negative energy inside their home.

16

00:01:39,000 --> 00:01:41,000

A sightings team conducted a thorough investigation,

17

00:01:41,000 --> 00:01:45,000

but since the two visits to the house, the haunting activity has only gotten worse.

18

00:01:45,000 --> 00:01:50,000

The family is still desperate for help. They want the evil spirits out.

19

00:01:55,000 --> 00:02:02,000

Before the fires, the fear, and the threatening voices, Tony Adams' home was her sanctuary,

20

00:02:02,000 --> 00:02:05,000

and she wants things back the way they were.

21

00:02:05,000 --> 00:02:12,000

I just want answers to why these spirits are here and to help them move out of here.

22

00:02:13,000 --> 00:02:17,000

Tony's not worried for herself, but for granddaughter Alyssa.

23

00:02:17,000 --> 00:02:23,000

Tony believes the three-year-old is a medium for supernatural forces that speak to the child through the TV,

24

00:02:23,000 --> 00:02:26,000

and now there is a new baby in the house.

25

00:02:26,000 --> 00:02:33,000

It's been going on for too long, and the intensity that it is at at this point could harm the babies.

26

00:02:34,000 --> 00:02:42,000

The entire family is unnerved by the strange messages that Alyssa says are coming from the monsters in the TV.

27

00:02:42,000 --> 00:02:45,000

They could have shrugged it off as childhood fantasy, Tony says,

28

00:02:45,000 --> 00:02:48,000

but not for the spontaneous fires.

29

00:02:48,000 --> 00:02:52,000

Episodes of psychokinesis the entire family claims to have seen,

30

00:02:52,000 --> 00:02:55,000

and a chilling blue fog in the middle of summer.

31

00:02:55,000 --> 00:02:59,000

It's unnerving at times, and when you feel them right over you.

32

00:02:59,000 --> 00:03:05,000

It seems nothing has changed since Sighting's first visit at the Adams' home in 1995.

33

00:03:05,000 --> 00:03:12,000

I would say Alyssa, who are you talking to, she'd say Bobby, and I'd say, where is Bobby?

34

00:03:12,000 --> 00:03:14,000

And then she would point to him.

35

00:03:14,000 --> 00:03:20,000

She would say, Susie, Susie's coming, you know, and Bobby's bad.

36

00:03:20,000 --> 00:03:23,000

She seems to be a conduit.

37

00:03:23,000 --> 00:03:31,000

During Sighting's original investigation, paranormal researcher Al Rober attempted to record the voices of Bobby and Susie on audio tape.

38

00:03:31,000 --> 00:03:36,000

It was a long shot, but Rober did record two distinctly different human-like sounds.

39

00:03:36,000 --> 00:03:44,000

The first voice was a female voice, and she comes on the tape saying he's coming upstairs.

40

00:03:44,000 --> 00:03:54,000

And a little farther in the tape, there was a very sinister sounding male voice saying the baby is staying,

41

00:03:54,000 --> 00:03:57,000

as if he was demanding the baby is staying.

42

00:03:57,000 --> 00:03:59,000

Are you upset that Amanda's leaving?

43

00:03:59,000 --> 00:04:14,000

For a psychic's perspective, Sighting's called upon Jane Doherty, who sensed an evil spirit behind the haunting activity.

44

00:04:14,000 --> 00:04:23,000

I think of all the cases I've worked on, this was the most frightening in many aspects because you have the poltergeist aspect,

45

00:04:23,000 --> 00:04:27,000

and you have some real danger going on because of the child.

46

00:04:27,000 --> 00:04:33,000

Doherty theorized that the home had been a barn and that a man had once been badly burned there,

47

00:04:33,000 --> 00:04:38,000

and that man, said Doherty, was still inside, in spirit, haunting little Alyssa.

48

00:04:38,000 --> 00:04:45,000

The big bear's with the dog face, and the bear-bomby.

49

00:04:45,000 --> 00:04:48,000

She's calling him the bear monster now.

50

00:04:48,000 --> 00:04:52,000

Now, I finally put that together while she's saying that.

51

00:04:52,000 --> 00:04:57,000

Supposedly, if this person was burned, I guess their skin would look like a monster.

52

00:04:57,000 --> 00:04:59,000

And what did the bad bear do?

53

00:04:59,000 --> 00:05:01,000

He scared me.

54

00:05:01,000 --> 00:05:03,000

And he got hurt.

55

00:05:03,000 --> 00:05:10,000

During the original investigation, both Rober and Doherty suggested that Alyssa and her mother, Yolanda, should move out.

56

00:05:10,000 --> 00:05:20,000

The only thing that worries me is that if my daughter tries to move and takes a baby, that he's going to become violent.

57

00:05:20,000 --> 00:05:25,000

That interview in 1995 was prophetic.

58

00:05:25,000 --> 00:05:32,000

Yolanda and Alyssa did move out, but the haunting continued, and now Tony's new granddaughter, Amber, seems to be the target.

59

00:05:32,000 --> 00:05:41,000

She was lying on the couch, and I turned for a minute to continue to fold the laundry, and as I turned around, she was wrapped in the couch cover.

60

00:05:41,000 --> 00:05:47,000

And she was struggling to get out of it. She couldn't have done it herself. So someone did do that.

61

00:05:47,000 --> 00:05:53,000

And when Alyssa comes to visit, Tony feels the negative energy in the house increases dramatically.

62

00:05:53,000 --> 00:06:01,000

When we were in the kitchen together, a knife that I was cutting with went from the counter to the floor, and now polished remover was open and lying on the floor.

63

00:06:01,000 --> 00:06:06,000

All things that could potentially hurt her were put in her path.

64

00:06:06,000 --> 00:06:14,000

The stress of waiting and wondering when the next attack will come has taken its toll, especially after an incident just a few weeks ago.

65

00:06:14,000 --> 00:06:23,000

I came home one night, and I came in with the baby, and I got about halfway through the house, and I noticed that it smelled really heavily of gas.

66

00:06:23,000 --> 00:06:28,000

The situation could have been deadly if the kitchen window hadn't been opened.

67

00:06:28,000 --> 00:06:37,000

A window Tony distinctly remembered closing before she left the house. Who opened that window? Tony believes there may be spirits who have come to protect the family.

68

00:06:37,000 --> 00:06:44,000

One spirit I believe to be my aunt. I believe she's the protector over the family and keeps the other ones in line as much as possible.

69

00:06:44,000 --> 00:06:52,000

And with nothing more than a real-to-real tape deck, microphone and blank tape, Al Roba recorded

new anomalous sounds.

70

00:06:52,000 --> 00:06:57,000

A voice jumps on the tape, the email voice, and she's saying, I hope we can talk.

71

00:06:57,000 --> 00:07:14,000

Father into the tape, Tony is talking about her aunt who had passed on, and she finishes the statement, and the voice comes on and says, take care.

72

00:07:14,000 --> 00:07:21,000

Do you recognize any of those voices?

73

00:07:21,000 --> 00:07:22,000

Yes.

74

00:07:22,000 --> 00:07:24,000

Which one? Which ones?

75

00:07:24,000 --> 00:07:26,000

The one at the end, my aunt.

76

00:07:26,000 --> 00:07:36,000

It was my aunt's voice, and not hearing a person's voice that you're so close to, and then hearing it all of a sudden is an emotional thing.

77

00:07:36,000 --> 00:07:43,000

Now it's personal, Tony says. She can no longer wait and wonder if the spirits will move on. She has to make it happen.

78

00:07:43,000 --> 00:07:59,000

My greatest hope at this point is to be able to allow my aunt to move on and for the other spirits to be at rest and go where they're supposed to, because they don't belong here.

79

00:07:59,000 --> 00:08:07,000

Tony Adams believed that the haunting activity might go away if she could communicate with the spirits she believed were haunting her family.

80

00:08:07,000 --> 00:08:18,000

She wanted a psychic to help, and specifically asked for Peter James. Sightings help bring the two together, and we'll have Peter's findings next in part two of this report.

81

00:08:18,000 --> 00:08:24,000

Psychic Peter James attempts to succeed where other psychics have failed.

82

00:08:24,000 --> 00:08:34,000

You've jumped along here. Move on now.

83

00:08:34,000 --> 00:08:44,000

More than five times now, paranormal investigators have recorded inexplicable noises and strange voices inside the New Jersey home of Tony Adams and her family.

84

00:08:44,000 --> 00:09:01,000

Tony has asked sightings to help her contact the negative spirits that she believes are haunting her home. Tony is hoping Peter James can make it stop.

85

00:09:01,000 --> 00:09:09,000

Despite two previous sightings investigations, unexplained haunting activity continues to plague Tony Adams, her daughters, and granddaughters.

86

00:09:09,000 --> 00:09:15,000

I was lying in bed the other night, and I saw a white mist on one side of the bed and one on the other side of the bed.

87

00:09:15,000 --> 00:09:20,000

And I just lay there for about an hour and watched them, thinking maybe they were trying to tell me something.

88

00:09:20,000 --> 00:09:28,000

The mist seemed to be emanating from Tony's bedroom closet, an area that psychic Diana Abbott had earlier identified as a paranormal hotspot.

89

00:09:28,000 --> 00:09:35,000

Whoa! Is it like you just stepped into the refrigerator? Yes, but it's more than that.

90

00:09:35,000 --> 00:09:43,000

Investigators who have visited the home believe there are two supernatural forces at work here. One, the destructive spirit of a man who had been burned on the property.

91

00:09:43,000 --> 00:09:48,000

The other, the benevolent spirit of Tony's aunt, who is fighting to protect the family.

92

00:09:48,000 --> 00:09:55,000

She came here originally to give me a message and found there were spirits here that didn't belong, and so she stayed to protect us.

93

00:09:55,000 --> 00:10:03,000

Sightings brought in renowned psychic Peter James, who instantly sensed a connection between the male spirit and the circumstances that had angered him.

94

00:10:03,000 --> 00:10:08,000

Was there ever a fire here? Because I look at the house and I see smoke and I see flames.

95

00:10:08,000 --> 00:10:15,000

Even though he knew nothing of Melissa's encounters with the entity she called Bobby, Peter sensed that connection too.

96

00:10:15,000 --> 00:10:21,000

Do you know anyone whose name began with an R? Who's the last name with you?

97

00:10:21,000 --> 00:10:22,000

Are you?

98

00:10:23,000 --> 00:10:25,000

Was there a male R?

99

00:10:25,000 --> 00:10:31,000

My plan of attack is that I plan to communicate with this male entity that I feel is here.

100

00:10:31,000 --> 00:10:33,000

Peter James interviewed Tony.

101

00:10:33,000 --> 00:10:36,000

How long have you been aware of this activity?

102

00:10:36,000 --> 00:10:40,000

I've been traveling for a little over three years.

103

00:10:40,000 --> 00:10:44,000

He developed a strategy for communicating with the spirits.

104

00:10:44,000 --> 00:10:48,000

We'll get it resolved, one way or the other. Trust that.

105

00:10:48,000 --> 00:10:51,000

He wanted to connect with the dangerous spirit first.

106

00:10:51,000 --> 00:10:59,000

I will be guided by my own instincts, but when I make contact with this entity, I will become a little confrontational.

107

00:10:59,000 --> 00:11:02,000

Hello? Hello?

108

00:11:02,000 --> 00:11:03,000

There's something in here.

109

00:11:03,000 --> 00:11:06,000

Hello? Who's there?

110

00:11:07,000 --> 00:11:09,000

Identify yourself.

111

00:11:09,000 --> 00:11:12,000

Your name is Rob.

112

00:11:12,000 --> 00:11:15,000

He's definitely in the bedroom.

113

00:11:15,000 --> 00:11:18,000

Whoa, something just slow.

114

00:11:18,000 --> 00:11:21,000

Easy, something just touched me. Something just grazed my hand.

115

00:11:21,000 --> 00:11:27,000

There is no doubt in my mind that there is definite anomalous activity here and quite a bit of it.

116

00:11:27,000 --> 00:11:37,000

There's a Robert here and I do believe that Robert died tragically, violently.

117

00:11:37,000 --> 00:11:46,000

It was in the bedroom that Peter felt the negative energy most strongly and claimed that it was Robert, the spirit Alyssa called Bobby, who was fixated on the children.

118

00:11:46,000 --> 00:11:56,000

Can you speak to me, Robert? Talk to me. Tell me why you're here.

119

00:11:56,000 --> 00:12:03,000

You've got to stop terrorizing this family or you must move on now.

120

00:12:03,000 --> 00:12:06,000

Then Peter felt another spirit was emerging.

121

00:12:06,000 --> 00:12:13,000

I feel he's still here and I'm also feeling behind me. There's a female.

122

00:12:13,000 --> 00:12:17,000

Was this Tony's aunt reaching out from another world?

123

00:12:17,000 --> 00:12:27,000

Tony showed me a photograph and there was a striking resemblance. I would venture to say that the other female is her aunt.

124

00:12:27,000 --> 00:12:32,000

Once he had identified the source of the haunting, Peter looked for a way out for the spirits.

125

00:12:32,000 --> 00:12:36,000

He felt the doorway between their world and this was in Tony's closet.

126

00:12:36,000 --> 00:12:41,000

You don't belong here. Move on now.

127

00:12:41,000 --> 00:12:46,000

He has to understand that this is my house now. This is not his house any longer.

128

00:12:46,000 --> 00:12:52,000

He has to understand as a better place he's going to go to than where he is right now.

129

00:12:52,000 --> 00:12:56,000

After his time raid, Peter said he felt the negative spirit withdrawing.

130

00:12:56,000 --> 00:13:08,000

I feel a wave of sadness suddenly coming from him. His vibrations, his energy is almost childlike now.

131

00:13:08,000 --> 00:13:13,000

Peter also felt the other protective spirit was moving back into her world as well.

132

00:13:13,000 --> 00:13:18,000

I now feel like that female I spoke of earlier is behind me.

133

00:13:18,000 --> 00:13:26,000

There's no doubt in my mind that the activity will begin to diminish right away.

134

00:13:26,000 --> 00:13:34,000

Now it's a question of time. As Peter James successfully exercised the dangerous forces inside the home once and for all,

135

00:13:34,000 --> 00:13:40,000

has he released the spirit of Tony's aunt so that she may rest in peace? Everyone is hopeful.

136

00:13:40,000 --> 00:13:46,000

Having done what I did, we'll get rid of the activity.

137

00:13:46,000 --> 00:13:49,000

So in that sense, I think my work is done here.

138

00:13:49,000 --> 00:14:01,000

I think the baby will be less frightened now. As far as this house goes, I think that this investigation hopefully is over and everything will be resolved.

139

00:14:01,000 --> 00:14:08,000

Since Peter James' psychic investigation, the entire Adams family reports feeling the sense of relief and peacefulness.

140

00:14:08,000 --> 00:14:15,000

While Tony is cautiously optimistic, she says she's also learned never to underestimate the power of paranormal forces.

141

00:14:15,000 --> 00:14:19,000

We'll keep you updated in future reports.

142

00:14:37,000 --> 00:14:41,000

Here are some of the stories Siding's is following in the news.

143

00:14:41,000 --> 00:14:47,000

Richard C. Hoagland, world famous for his interpretation of seemingly man-made structures on the surface of Mars,

144

00:14:47,000 --> 00:14:52,000

has expanded his research to include another celestial body, the Moon.

145

00:14:55,000 --> 00:15:03,000

At a recent news conference in Washington, D.C., planetary researcher Richard C. Hoagland presented what he considers to be

146

00:15:03,000 --> 00:15:06,000

proof of ancient artificial monuments on the Moon.

147

00:15:06,000 --> 00:15:14,000

As evidence, Hoagland offered allegedly perloid NASA photographs that he believes reveal engineered structures on the lunar surface.

148

00:15:14,000 --> 00:15:22,000

Hoagland is best known for his groundbreaking theories about artificial pyramids and the human effigy found on Mars in 1976.

149

00:15:22,000 --> 00:15:28,000

Now, Hoagland says, similar structures have been found on the Moon, and NASA knows it.

150

00:15:28,000 --> 00:15:32,000

He charges the space agency with a cover-up of galactic proportions.

151

00:15:32,000 --> 00:15:38,000

Upon a 14-astronaut Edgar Mitchell is one of only 12 men who have actually walked on the Moon.

152

00:15:38,000 --> 00:15:42,000

Does he believe there is any validity to Hoagland's claim?

153

00:15:42,000 --> 00:15:53,000

If the structures on the Moon, or as he suggested, we should have been able to see some evidence for it, it should not be so difficult to dig all of that out.

154

00:15:53,000 --> 00:16:01,000

There was certainly no evidence for it at our site that we could observe, and no evidence on any of the other flights that we could observe.

155

00:16:02,000 --> 00:16:07,000

There certainly was not a cover-up, as has been suggested by Hoagland and others.

156

00:16:07,000 --> 00:16:14,000

We were eager to find anything we could find that gave us some insight as to what was up there.

157

00:16:14,000 --> 00:16:20,000

Mitchell may not agree with Hoagland's theory, but he does believe in the existence of extraterrestrial life.

158

00:16:20,000 --> 00:16:23,000

That story on the next sightings.

159

00:16:24,000 --> 00:16:30,000

From cyberspace, everything you've always wanted to know about the paranormal, and you don't have to be afraid to ask.

160

00:16:30,000 --> 00:16:37,000

The World Wide Web now has tens of thousands of sites dedicated to everything from directions to the black mailbox at Area 51,

161

00:16:37,000 --> 00:16:42,000

to newly declassified government documents to the best way to treat a vampire bite.

162

00:16:42,000 --> 00:16:47,000

On a website called The Science of the Moon,

163

00:16:47,000 --> 00:16:54,000

with Lilian Tu, sightings found a good overview and detailed instructions for those interested in this ancient form of Chinese geomatsy.

164

00:16:54,000 --> 00:16:59,000

Lilian Tu is a Harvard-educated writer whose books on Feng Shui are bestsellers in Asia,

165

00:16:59,000 --> 00:17:04,000

and now through the internet, Tu's Feng Shui system is available worldwide.

166

00:17:04,000 --> 00:17:11,000

Here, Tu demonstrates how to design your home to maximize the flow of good energy, called the Sun-Tongue.

167

00:17:11,000 --> 00:17:17,000

And there are suggestions on where to place furniture for good luck, prosperity, and happiness.

168

00:17:17,000 --> 00:17:26,000

You can access The Science of Feng Shui with Lilian Tu at www.AsiaConnect.com.mylilian2.

169

00:17:26,000 --> 00:17:31,000

From Hollywood, it was the biggest movie of 1913,

170

00:17:31,000 --> 00:17:36,000

and it was the first film in the world to be filmed in the world.

171

00:17:37,000 --> 00:17:41,000

From Hollywood, it was the biggest movie of 1996,

172

00:17:41,000 --> 00:17:47,000

and now the invasion is about to hit home with the video release of ID.4 on November 22nd.

173

00:17:47,000 --> 00:17:50,000

You're gonna stop them! They're gonna kill them!

174

00:17:50,000 --> 00:17:57,000

The Fund for UFO Research has received dozens and dozens of phone calls as a result of Independence Day.

175

00:17:57,000 --> 00:18:00,000

Richard Hall, Chairman of the Fund for UFO Research,

176

00:18:00,000 --> 00:18:04,000

says that the success of Independence Day has been both a blessing and a burden

177

00:18:04,000 --> 00:18:07,000

to the serious study of UFOs.

178

00:18:07,000 --> 00:18:13,000

I personally think it's very ironic that a fairly far-out science fiction or science fantasy movie

179

00:18:13,000 --> 00:18:17,000

gets attention to UFOs when serious evidence doesn't,

180

00:18:17,000 --> 00:18:21,000

but it is the talk of the UFO research community.

181

00:18:21,000 --> 00:18:25,000

Ufologist John Carpenter specializes in the alien abduction phenomenon

182

00:18:25,000 --> 00:18:30,000

and is concerned that many moviegoers will mistake science fiction for its science fact.

183

00:18:30,000 --> 00:18:34,000

It presents a negative, hostile alien presence,

184

00:18:34,000 --> 00:18:41,000

and all of our research has not shown an alien hostility that plans to take over the Earth.

185

00:18:41,000 --> 00:18:44,000

But renowned UFO researcher Staten Friedman,

186

00:18:44,000 --> 00:18:47,000

one of the original investigators of the Roswell incident,

187

00:18:47,000 --> 00:18:51,000

believes that the success of ID.4 can only invigorate the UFO community.

188

00:18:51,000 --> 00:18:57,000

I think that a lot of people will recognize that the enormous impact it's had,

189

00:18:57,000 --> 00:19:02,000

is that many people went to see the movie and were paying good hard money to do it.

190

00:19:02,000 --> 00:19:08,000

I think that may encourage other people to dig into the real UFO stories,

191

00:19:08,000 --> 00:19:14,000

to dig into Area 51, to dig into what happened at Roswell.

192

00:19:14,000 --> 00:19:20,000

And serious investigation of any of these things is to the good, not to the bad.

193

00:19:20,000 --> 00:19:25,000

I'd like to tell people who see this movie to now get the real facts about UFOs

194

00:19:25,000 --> 00:19:27,000

and don't confuse the two.

195

00:19:27,000 --> 00:19:32,000

There are real UFOs, there are real possibility of real aliens visiting us,

196

00:19:32,000 --> 00:19:34,000

and that's what we need to study.

197

00:19:40,000 --> 00:19:42,000

That's where I call a close encounter.

198

00:19:46,000 --> 00:19:49,000

We'll have more stories from the news next time.

199

00:19:49,000 --> 00:19:52,000

Now, here's what's coming up on Sightings.

200

00:19:52,000 --> 00:19:56,000

Can this psychic lead police to a man who's been missing for two years?

201

00:19:56,000 --> 00:20:02,000

I'm driving for a short distance, and then something happens and I see him in the air.

202

00:20:03,000 --> 00:20:07,000

And was there a UFO cover-up in Brazil?

203

00:20:13,000 --> 00:20:16,000

For two years, the chief of police in tiny Welliston, Florida,

204

00:20:16,000 --> 00:20:21,000

compared every unidentified body found in America with dental charts belonging to Norman Lewis,

205

00:20:21,000 --> 00:20:24,000

one of Welliston's favorite senior citizens.

206

00:20:24,000 --> 00:20:27,000

Mr. Lewis had disappeared without a trace in 1994,

207

00:20:27,000 --> 00:20:31,000

and his was the chief's most baffling missing persons case.

208

00:20:31,000 --> 00:20:34,000

None of the bodies ever turned out to be that of Norman Lewis.

209

00:20:34,000 --> 00:20:36,000

Other leads didn't pan out either.

210

00:20:36,000 --> 00:20:41,000

And the chief began to realize that traditional police work just wasn't getting the job done.

211

00:20:47,000 --> 00:20:52,000

Welliston, Florida is the kind of town where everybody knows about everybody else.

212

00:20:52,000 --> 00:20:56,000

And everybody knew that 76-year-old Norman Lewis was retired,

213

00:20:56,000 --> 00:20:59,000

an avid outdoorsman, and a little bit unpredictable.

214

00:20:59,000 --> 00:21:05,000

It wasn't unusual for him to just grab his fishing pole, jump into his pickup truck, and take off.

215

00:21:05,000 --> 00:21:08,000

But it was very unusual for Norman not to come back.

216

00:21:08,000 --> 00:21:12,000

In the beginning, it looked like any other routine missing persons case,

217

00:21:12,000 --> 00:21:17,000

especially when you're dealing with a senior citizen or an adult.

218

00:21:17,000 --> 00:21:20,000

Joe and Virginia Lewis were worried this time.

219

00:21:20,000 --> 00:21:25,000

Joe's brother, Norman, had left behind all his cash, his ID, and his medication.

220

00:21:25,000 --> 00:21:29,000

We couldn't find anything missing. Everything seemed to be there.

221

00:21:29,000 --> 00:21:39,000

His billfold, his hall of his identification, and medication, and he had asbestosis and glaucoma.

222

00:21:39,000 --> 00:21:43,000

Of course, it's days turned into weeks, and the weeks turned into months.

223

00:21:43,000 --> 00:21:48,000

It became pretty apparent that this wasn't your average missing persons case.

224

00:21:48,000 --> 00:21:51,000

The Williston Police Department pulled out all the stops.

225

00:21:51,000 --> 00:21:58,000

They tagged his bank accounts, prescriptions, and sent out a country-wide bulletin with a picture of Norman and his truck.

226

00:21:58,000 --> 00:22:02,000

For Chief Slaughter, Norman was beginning to feel like family.

227

00:22:02,000 --> 00:22:04,000

I see the family every week.

228

00:22:04,000 --> 00:22:08,000

I see his brother, Joe, and his sister in all Virginia.

229

00:22:08,000 --> 00:22:14,000

We'd be passing on the street or in the same restaurant, and although they knew that I'd tell them the minute we had any news,

230

00:22:14,000 --> 00:22:21,000

every time I faced them, I could see that searching look in their eyes, like, is there some information for us?

231

00:22:21,000 --> 00:22:23,000

Is there some news?

232

00:22:23,000 --> 00:22:27,000

And it's really tough when you're that close to people, when you're a small-town police chief,

233

00:22:27,000 --> 00:22:30,000

and they're looking to you for the answers, and you don't have them.

234

00:22:30,000 --> 00:22:32,000

Why did Norman disappear?

235

00:22:32,000 --> 00:22:36,000

He didn't have any enemies. He wasn't carrying anything valuable.

236

00:22:36,000 --> 00:22:39,000

He was alert, and he knew the woods like the back of his hand.

237

00:22:39,000 --> 00:22:45,000

Eight months after Norman's disappearance, the case was handed over to investigator Brian Hewitt,

238

00:22:45,000 --> 00:22:48,000

who had just returned from a special police training seminar.

239

00:22:48,000 --> 00:22:50,000

Mr. Lewis became his highest priority.

240

00:22:50,000 --> 00:22:56,000

Hewitt started over from the beginning, re-interviewing everyone who had had any contact with Norman.

241

00:22:56,000 --> 00:23:01,000

Early on, the investigator began to feel that Norman's truck might be the key to unlocking the case.

242

00:23:01,000 --> 00:23:04,000

Find the truck, find Norman Lewis.

243

00:23:04,000 --> 00:23:10,000

People would call in thinking that they possibly had seen him or the truck.

244

00:23:10,000 --> 00:23:16,000

And then I'd track that down, and another dead end.

245

00:23:16,000 --> 00:23:19,000

Well, it was difficult. Very difficult.

246

00:23:19,000 --> 00:23:24,000

I mean, you continued thinking about it, and you're thinking, what did we overlook?

247

00:23:24,000 --> 00:23:28,000

If we had overlooked anything, is there anything else we can do?

248

00:23:28,000 --> 00:23:32,000

And, of course, that was very frustrating.

249

00:23:32,000 --> 00:23:37,000

The first anniversary of Norman's disappearance came and went without a single break in the baffling case.

250

00:23:37,000 --> 00:23:42,000

Now Hewitt decided, in desperation, it was time to try something unorthodox.

251

00:23:42,000 --> 00:23:47,000

To try a psychic detective he had met at the police seminar more than a year before.

252

00:23:47,000 --> 00:23:55,000

I talked it over with the chief, and he apparently had some successful dealings with psychics in the past.

253

00:23:55,000 --> 00:24:01,000

I've always been a bit of a skeptic, and I'm sitting here in rural Williston, Levy County.

254

00:24:01,000 --> 00:24:09,000

I know that there's going to be some question about stepping out of the mainstream investigation

255

00:24:09,000 --> 00:24:15,000

and dealing with the psychic. It's a very religious community. I have more churches in town than I have fast food restaurants.

256

00:24:15,000 --> 00:24:20,000

This was something new that we could try, and we was willing to try anything.

257

00:24:20,000 --> 00:24:30,000

And so, on July 17th, 1995, investigator Hewitt drove the two hours from Williston to Orlando to consult with police psychic Noreen Renear.

258

00:24:30,000 --> 00:24:35,000

I only work with the police. I don't need to see you. I don't need to see the scene of the crime.

259

00:24:35,000 --> 00:24:43,000

Let me touch something off the body. I prefer a metal. I prefer a watch, a ring, an earring, a belt buckle.

260

00:24:43,000 --> 00:24:48,000

Lewis has given me a couple pairs of his shoes and his wallet.

261

00:24:48,000 --> 00:24:53,000

And I spoke to her on the phone, and she indicated that those items would be fine.

262

00:24:53,000 --> 00:24:57,000

I'm going to find Norman.

263

00:24:57,000 --> 00:25:04,000

Renear uses a paranormal technique called psychometry. By handling some of Norman Lewis's personal

effects,

264

00:25:04,000 --> 00:25:09,000

Renear believes she can tap into residual psychic energy that will lead her to Norman.

265

00:25:09,000 --> 00:25:14,000

Numbers, 21, I feel miles.

266

00:25:14,000 --> 00:25:22,000

She gave us the numbers four, five, two one and two two. I remember those three specifically.

267

00:25:22,000 --> 00:25:28,000

I see brick. I don't know what it's associated with, but I just feel the brick very strong.

268

00:25:28,000 --> 00:25:32,000

It appears to be a bridge.

269

00:25:32,000 --> 00:25:43,000

I feel metal around me.

270

00:25:43,000 --> 00:25:53,000

I feel plants.

271

00:25:53,000 --> 00:25:57,000

She talked about railroad tracks.

272

00:25:57,000 --> 00:26:08,000

I'm driving for a short distance, and then something happens, and I see him in the air going downward.

273

00:26:08,000 --> 00:26:13,000

It should be very simple. There's railroad tracks, the bricks, there's a bridge.

274

00:26:13,000 --> 00:26:21,000

I'm seeing from above, and it looks like there's branches or trees or something below there.

275

00:26:21,000 --> 00:26:29,000

Investigator Hewitt put all of Renear's clues together, used some gut instinct of his own, and came up with one word, quarry.

276

00:26:29,000 --> 00:26:39,000

He was spending a lot of time, I think, going out and checking the quarries or limerock pits to see if he could get the one that seemed more logical.

277

00:26:39,000 --> 00:26:45,000

And he was, I don't know what all he was doing, bless his heart. He'd be out there in the brambles and whatever.

278

00:26:45,000 --> 00:26:47,000

I was wondering if he didn't get hurt himself.

279

00:26:47,000 --> 00:26:58,000

I walked around probably 30 quarries, climbed up and down cliffs, and cut my way through growth, and it was quite an adventure.

280

00:26:59,000 --> 00:27:09,000

Once I determined that 80% of the elements that she mentioned were in that location, I was pretty much convinced that that was the spot.

281

00:27:11,000 --> 00:27:20,000

Brian Hewitt put his hunch on the line. He convinced Chief Slaughter that it was time to call in a sheriff's department dive team to search for Norman Lewis and his truck.

282

00:27:21,000 --> 00:27:36,000

The dive team made their search and came up empty-handed. A lot of people, and maybe even myself included, would have said, alright, we tried, but Brian wasn't that way.

283

00:27:36,000 --> 00:27:42,000

He said, look, I know we've got the right spot, but we're just not using the right techniques.

284

00:27:42,000 --> 00:27:50,000

So that's when we turned to the Navy, although I don't think we'd ever gotten them here had they known that they were acting on a psychic's tip.

285

00:27:51,000 --> 00:27:57,000

The elite naval diving team later said they wouldn't have come if they'd known that it was a psychic tip that had brought them there.

286

00:27:57,000 --> 00:28:03,000

The team said that they were driven by the knowledge that Norman had been a career Navy man, one of their own was missing.

287

00:28:04,000 --> 00:28:11,000

I met them the first day they were in there, and they said, if there's a truck in here, we'll find it.

288

00:28:13,000 --> 00:28:28,000

Music

289

00:28:29,000 --> 00:28:32,000

When we just found the vehicle, Joe was there, Joe was up on a cliff.

290

00:28:33,000 --> 00:28:40,000

And that's when Brian came up and told us that they'd found the truck, and I asked him, I said, is he in it? And he said, yeah.

291

00:28:42,000 --> 00:28:54,000

It was a sad day because, you know, obviously, Norman was deceased, but on the upside, it was, you know, finally over, he could get a decent burial, and the family could go on with their lives.

292

00:28:55,000 --> 00:28:58,000

And we could kind of close it out and basically go on with ours.

293

00:28:59,000 --> 00:29:03,000

Two years after he had disappeared, Norman could finally be laid to rest.

294

00:29:03,000 --> 00:29:12,000

The Williston police had used Noreen Reneer's clues of bricks, abandoned railroad tracks, and a bridge to pinpoint the quarry where Norman had drowned in his truck.

295

00:29:13,000 --> 00:29:18,000

And what of the numbers that Reneer divined? 45, 21, 22.

296

00:29:19,000 --> 00:29:23,000

It turns out that the quarry where Norman was found is located just off State Route 45.

297

00:29:24,000 --> 00:29:33,000

His truck was found exactly 2.1 miles from his front door, and finally the calendar date on Norman's diving watch was stopped on the number 22.

298

00:29:36,000 --> 00:29:42,000

The Williston police department invited Noreen Reneer to work on the Norman Lewis case because they had nothing to lose.

299

00:29:43,000 --> 00:29:46,000

But there are a lot of families searching for missing loved ones who do have a lot to lose.

300

00:29:46,000 --> 00:29:56,000

If you decide to work with the psychic detective, please make sure that you do it with the cooperation of local law enforcement and never give a psychic detective any money up front.

301

00:29:57,000 --> 00:30:01,000

Next, experts are calling it the most significant UFO encounter since Roswell.

302

00:30:02,000 --> 00:30:06,000

This could be the straw that broke the camel's back, so to speak.

303

00:30:06,000 --> 00:30:18,000

Flying Saucers reports of alien bodies at the scene, a government cover-up of monumental proportions.

304

00:30:19,000 --> 00:30:25,000

Put it all together, and you have two of the most intriguing cases in the history of ufology. That's right, two.

305

00:30:26,000 --> 00:30:35,000

Obviously, the Roswell incident of 1947 is one, but there is another almost identical case, and it's happening right now in Brazil.

306

00:30:36,000 --> 00:30:51,000

The Roswell incident of 1996 is one of Brazil's leading ufologists, a tireless investigator who has spent a lifetime researching thousands of UFO sightings throughout Brazil.

307

00:30:52,000 --> 00:30:59,000

But despite Pacacini's best efforts, Brazil has never gained recognition as a major UFO hotspot, until now.

308

00:31:00,000 --> 00:31:12,000

The sightings began early on the morning of January 20th, 1996. Pacacini rushed to Varginha in eastern Brazil, where he took testimony from candle rancher Eurico Rodriguez de Fritas.

309

00:31:13,000 --> 00:31:20,000

De Fritas claimed that he had seen a large and seemingly damaged saucer hovering at treetop level. It had panicked his herd.

310

00:31:21,000 --> 00:31:31,000

A noise was made by the cattle, and it got my attention. It was 1 a.m. and the object passed through here. So what exactly did you see? Tell me the details. Details?

311

00:31:32,000 --> 00:31:40,000

Well, it was covered with smoke, it was a big object about the size of a small bus, and it hovered for 40 minutes about 5 meters off the ground.

312

00:31:41,000 --> 00:31:48,000

Pacacini tried to corroborate De Fritas' account and found more eyewitnesses, including the mayor of a neighboring town.

313

00:31:49,000 --> 00:32:00,000

It was an object almost the same size of a small bus. It was rectangular. I could see it had 5 lights. It was almost at the top of that eucalyptus tree.

314

00:32:01,000 --> 00:32:10,000

There were also reports that the local fire department had been called out to investigate the appearance of a strange, humanoid creature on the outskirts of town.

315

00:32:11,000 --> 00:32:19,000

Varginha's fire department is also its animal control agency, and routinely rounds up all kinds of wild animals that stray into populated areas.

316

00:32:20,000 --> 00:32:26,000

But what they captured on the afternoon of January 20th was unlike any animal they had seen before.

317

00:32:26,000 --> 00:32:35,000

The creature had been on a slope toward a wooded area, and children had been throwing rocks at it,

probably because they didn't know what it was and were a bit frightened of it.

318

00:32:36,000 --> 00:32:46,000

The fireman didn't have any trouble capturing this creature because it was somewhat dazed, perhaps being hit by the rocks. This creature was then carried off by the military.

319

00:32:46,000 --> 00:32:55,000

Throughout the day, the fire department and reportedly the military began to respond to calls from frantic citizens who were seeing more humanoid creatures.

320

00:32:56,000 --> 00:33:06,000

Based on the times of the calls and the distance between sightings, Pakachini believes that there may have been as many as five different creatures.

321

00:33:07,000 --> 00:33:12,000

Most of the sightings were fleeting glimpses, but these young women claimed they saw much more.

322

00:33:12,000 --> 00:33:27,000

They were coming from work, they were cleaning somebody's house, and then they decided to make this shortcut, and all of a sudden they just saw that creature just leaning against the wall, bending down.

323

00:33:28,000 --> 00:33:31,000

They got really scared, they thought it could be the devil.

324

00:33:32,000 --> 00:33:37,000

Lilian and Baccarina, I would like you to see this picture and see if it's close to what you have seen.

325

00:33:38,000 --> 00:33:47,000

They were going to arrive at two o'clock and it was already 2.45 and they hadn't gotten home yet, so I was really worried and I went to meet with them.

326

00:33:48,000 --> 00:33:54,000

I got off my street at the corner and I met with Liliana and she was very nervous, crying a lot.

327

00:33:55,000 --> 00:34:06,000

And then Katia and Laquia were coming. After I had calmed them, they told me, Mama, I'm really scared because I think I saw the devil today.

328

00:34:07,000 --> 00:34:13,000

Based on their testimony, the creatures were dubbed alien beasts and linked to the UFO sightings.

329

00:34:14,000 --> 00:34:20,000

The media began to demand answers, but in this case, Brazilian officials had very short memories.

330

00:34:21,000 --> 00:34:23,000

Did you see that kind of animal that was captured months ago?

331

00:34:24,000 --> 00:34:25,000

I was on holiday.

332

00:34:27,000 --> 00:34:29,000

But is there anyone who can talk about it?

333

00:34:30,000 --> 00:34:31,000

Nobody.

334

00:34:32,000 --> 00:34:35,000

But didn't you have any friends that were working here that day?

335

00:34:38,000 --> 00:34:43,000

I was on holiday. What I know is what you know. And what is it? I don't know.

336

00:34:44,000 --> 00:34:51,000

However, Paccacini claims that a high-ranking member of the military told him off the record that an alien creature was taken into custody.

337

00:34:53,000 --> 00:35:01,000

They took it to Humanitas Hospital. Many different doctors, over 15 of them, were in that place.

338

00:35:02,000 --> 00:35:07,000

Intelligence people from the army, you know, that creature had this horrible smell.

339

00:35:08,000 --> 00:35:16,000

One of the doctors came over and, you know, grabbed the creature's chin like this, opened that little slit.

340

00:35:17,000 --> 00:35:30,000

And using tweezers, he grabbed the tongue and pulled it out a little bit. It looked like a black ribbon, like a, or some lizard, a tongue or something like that.

341

00:35:31,000 --> 00:35:38,000

But when people saw that, we had the statements recorded. And then he released this and it went back. Immediately.

342

00:35:39,000 --> 00:35:47,000

According to this same anonymous source, at least two humanoid beings were captured and examined at Humanitas Hospital.

343

00:35:48,000 --> 00:35:57,000

They both died a short time later while in military custody. Paccacini claims his source told him that Brazil was not the only government with an intense interest in the creatures.

344

00:35:57,000 --> 00:36:14,000

One of the military witnesses indicated that the United States government not only alerted the Brazilian military that this object was coming down, but that several American officials had showed up and were on the scene to help direct the process secretly.

345

00:36:15,000 --> 00:36:19,000

I was quite impressed with the depth of investigation done by Mr. Paccacini.

346

00:36:20,000 --> 00:36:25,000

Nuclear physicist Stanton Friedman was one of the original investigators of the Roswell incident.

347

00:36:26,000 --> 00:36:39,000

I'm convinced that bodies were recovered down there. The government made a substantial effort to

shut things up. And that thanks to the very hard work of a number of investigators down there, the story is coming out bit by bit.

348

00:36:40,000 --> 00:36:48,000

The striking similarities between the varchinist sightings and the Roswell incident have not escaped UFO researchers. Information on Brazil is all over the internet.

349

00:36:48,000 --> 00:36:55,000

And this time, uvologists file proof of extraterrestrial contact won't slip through the world wide web.

350

00:36:56,000 --> 00:37:10,000

This is a very big story. It's recent. A lot of people involved, medical, military. Some serious investigation, a press has gotten involved. This could be the straw that broke the camel's back, so to speak.

351

00:37:11,000 --> 00:37:22,000

Since our investigative team in Brazil filed this report, UFO sightings have increased dramatically. There has also been another sighting of a so-called alien spotted in a wooded area near Varsina.

352

00:37:23,000 --> 00:37:28,000

Sightings will bring you more information on the UFO activity in Brazil on future programs.

353

00:37:29,000 --> 00:37:38,000

Next, on December 31, 1999, the world will discover what a difference a day makes. Are you ready for the next millennium?

354

00:37:41,000 --> 00:37:59,000

Welcome to the end of the millennium. But before you start partying like it's 1999, sightings has prepared a series of reports on the implications, prophecies and problems that may come our way when the calendar turns over to 2000.

355

00:38:00,000 --> 00:38:05,000

Consider sightings millennium watch as your survival guide for the 21st century.

356

00:38:05,000 --> 00:38:21,000

Predicting the future of planet Earth is ancient history. Nostradamus did it, so do the ancient Egyptians. And Native American tribes have all predicted specific dates when significant events will rock the foundations of humankind.

357

00:38:22,000 --> 00:38:25,000

But our fixation with the millennium is strictly New Testament.

358

00:38:26,000 --> 00:38:34,000

There are various ways to conceptualize the attainment of the millennium. The more common view is that the millennium will be brought about catastrophically.

359

00:38:35,000 --> 00:38:41,000

According to Dr. Wojcik, many people believe there is a catastrophic link between the millennium and the apocalypse.

360

00:38:42,000 --> 00:38:47,000

Generally, these beliefs assert that the contemporary world is so evil, it's corrupt, it's irredeemable by human effort.

361

00:38:47,000 --> 00:38:51,000

So you need some kind of divine, supernatural transformation of the world.

362

00:38:52,000 --> 00:38:56,000

And then a new perfect world will be created after the contemporary world is destroyed.

363

00:38:57,000 --> 00:39:03,000

The Book of Revelations established 1000 is the magic number, the number of years that Christ will rule after Armageddon.

364

00:39:04,000 --> 00:39:08,000

This convinced early Christians that the second coming will arrive in the year 1000.

365

00:39:09,000 --> 00:39:13,000

And many ominous and to their mind inexplicable events seem to support their apprehension.

366

00:39:13,000 --> 00:39:20,000

At the close of the 10th century, there was a total solar eclipse, a catastrophic plague and the eruption of Mount Vesuvius.

367

00:39:21,000 --> 00:39:27,000

But when 1000 arrived without incident, the year 2000 became the new focus for prognosticators.

368

00:39:28,000 --> 00:39:35,000

The prophets have indicated that we're going to see a thermonuclear war in the Middle East that will drag the whole world into it.

369

00:39:36,000 --> 00:39:46,000

How Lindsay has been particularly influential since the early 70s and his interpretations of the last Book of the Bible,

370

00:39:47,000 --> 00:39:55,000

very much focus on a one-world government and the possibility of a nuclear holocaust, a cataclysmic type war,

371

00:39:55,000 --> 00:40:03,000

stimming from a conflict between the forces of Antichrist, the evil forces and the resistance as it were.

372

00:40:04,000 --> 00:40:05,000

It's a very scary scenario.

373

00:40:06,000 --> 00:40:12,000

Doomsday scenarios like this one have kept generation after generation looking over their shoulder for the end of the world.

374

00:40:13,000 --> 00:40:16,000

400 years ago, Nostradamus linked the Millennium and Doomsday.

375

00:40:16,000 --> 00:40:25,000

And the Maya civilization, which disappeared mysteriously 1000 years ago, left us with a calendar linking the year 2012 and Earth's demise.

376

00:40:26,000 --> 00:40:35,000

While he doesn't believe the world is coming to an end, Millennial scholar Robert Howard does acknowledge that the world will be different on January 1st, 2000.

377

00:40:36,000 --> 00:40:44,000

When you look at a date that's got a bunch of zeros after it, suddenly I think people feel, I think everyone will feel a little bit off balance by that.

378

00:40:44,000 --> 00:40:50,000

Instead of having like 1955 or some reference point, suddenly it's empty. It's like a clean slate.

379

00:40:51,000 --> 00:40:56,000

And so whenever they're faced with the unknown, I think people become uncomfortable.

380

00:40:57,000 --> 00:41:04,000

Despite this uncertainty, or perhaps because of it, record numbers of people are seeking spiritual enlightenment as the 20th century comes to a close.

381

00:41:04,000 --> 00:41:14,000

People are realizing as they're faced with the new millennium and the uncertainty that comes with that, I think people are faced with, again, a need for spiritual symbols.

382

00:41:15,000 --> 00:41:25,000

Dr. Lauren Artress is finding that this symbol of 13th century labyrinth from a French cathedral has had a powerful effect on visitors since it was installed at Grace Cathedral in San Francisco.

383

00:41:26,000 --> 00:41:32,000

This is an ancient tool that has been lying in the archives of many religious traditions, dusty and forgotten.

384

00:41:32,000 --> 00:41:41,000

Walking the labyrinth has really changed my life. I found a profound way of being able to meditate as we look and walk into the next century.

385

00:41:42,000 --> 00:41:47,000

The concept of the new millennium as a fresh start is gaining a positive foothold among people around the world.

386

00:41:48,000 --> 00:41:53,000

Some have turned to the skies. In Brazil, reported apparitions of the Virgin Mary are on the rise.

387

00:41:53,000 --> 00:41:59,000

Many people are adopting a more earth-friendly lifestyle to ward off the potential wrath of Gaia.

388

00:42:00,000 --> 00:42:04,000

And UFOs are being touted as friendly harbingers of medicalactic peace and harmony.

389

00:42:05,000 --> 00:42:12,000

The message that the aliens are giving us, and this is a message that it recurs in millennial movements, is that there has to be renewed faith, renewed hope.

390

00:42:13,000 --> 00:42:16,000

People have to change. We're destroying the world. We're destroying each other.

391

00:42:17,000 --> 00:42:20,000

So some sort of transformation has to occur throughout humanity.

392

00:42:20,000 --> 00:42:30,000

It's not humanity we need to worry about, say technology experts. We'll survive the year 2000, but it may be Armageddon for our computers.

393

00:42:31,000 --> 00:42:41,000

People are predicting maybe 90% of computer software and hardware will not be able to handle the 2000 date.

394

00:42:41,000 --> 00:42:45,000

There is the potential for there to be massive system-wide failures.

395

00:42:46,000 --> 00:42:51,000

Your web browser to your bank account could all become part of a massive computer crash.

396

00:42:52,000 --> 00:43:01,000

Other scientists warn that this techno-disaster pales in comparison to what will happen on May 5, 2000, when a rare planetary alignment could trigger global catastrophe.

397

00:43:01,000 --> 00:43:16,000

The loss of life is going to be tremendous with land sinking and rising and tsunamis and the great storms as a result of all of these things. Volcanoes will be going off that have been cohescent for thousands of years.

398

00:43:17,000 --> 00:43:22,000

But for every doomsayer, there is someone espousing a positive outlook for the next millennium.

399

00:43:22,000 --> 00:43:30,000

People are realizing that the sun exploding and destroying the earth in some infinite future is not as satisfying as other possible beliefs.

400

00:43:31,000 --> 00:43:35,000

People are going to believe what feels right to them or what makes sense to them.

401

00:43:36,000 --> 00:43:43,000

The fact that these types of beliefs have existed forever indicates that probably won't happen. The world's not going to end in the year 2000.

402

00:43:44,000 --> 00:43:48,000

There's so many conflicting apocalyptic traditions. Not all of them can be right, I guess.

403

00:43:48,000 --> 00:43:58,000

Will the new millennium trigger apocalyptic social and geological changes? Or are we at the dawn of a new age of enlightenment?

404

00:43:59,000 --> 00:44:06,000

Sightings will explore these theories and more as we continue to bring you Millennium Watch reports throughout the coming year.
