

1

00:00:00,000 --> 00:00:04,980

latest cases of a frightening alien motives women begin to experience the

2

00:00:04,980 --> 00:00:09,900

gynecological examinations done by the aliens on them and could our own

3

00:00:09,900 --> 00:00:15,600

astronauts face deadly close encounters with alien forces something is out there

4

00:00:15,600 --> 00:00:20,060

and what it is I don't know

5

00:00:20,560 --> 00:00:28,900

that morning to the start of to appear they had large dark eyes like hands I

6

00:00:28,900 --> 00:00:35,100

began sensing and knowing and feeling I do believe in life after death I mean

7

00:00:35,100 --> 00:00:41,180

I've been there we have not scratched the surface of what the mind can do

8

00:00:41,180 --> 00:00:45,300

it's a connection with you

9

00:00:50,660 --> 00:00:56,060

hello I'm Tim white tonight on sightings people who claim to have had

10

00:00:56,060 --> 00:01:01,740

personal contact with aliens they tell bizarre stories of abduction and they

11

00:01:01,740 --> 00:01:06,820

suggest their captives have sinister motives most UFO encounters are easily

12

00:01:06,820 --> 00:01:11,220

debunked by experts but there are still many sightings that cannot be explained

13

00:01:11,220 --> 00:01:18,020

even by the most skeptical researchers UFOs they've been sighted in every corner

14

00:01:18,020 --> 00:01:22,220

of the earth witnesses have captured strange lights and disc-shaped objects

15

00:01:22,220 --> 00:01:26,980

on film and video but even before the age of technology people worldwide were

16

00:01:26,980 --> 00:01:33,780

reporting UFOs the UFO subject goes back at least six to eight thousand years in

17

00:01:33,780 --> 00:01:39,020

human history people have many times pointed to the Christian Bible and the

18

00:01:39,020 --> 00:01:44,900

old first five books of the Jewish Torah as being examples throughout history of

19

00:01:44,900 --> 00:01:50,780

UFO context but what we're seeing today is considered by many to be examples of

20

00:01:50,780 --> 00:01:57,860

superior technology from somewhere else probably another planet some places have

21

00:01:57,860 --> 00:02:03,660

become legendary as UFO hotspots Gulf Breeze Florida Roswell, New Mexico

22

00:02:03,660 --> 00:02:08,260

sightings in these out-of-the-way locations number in the thousands the

23

00:02:08,260 --> 00:02:13,260

next hotspot according to world-renowned UFO researcher Peter Guttella this town

24

00:02:13,300 --> 00:02:20,180

and at California has all the earmarks of an extraterrestrial Mecca and we

25

00:02:20,180 --> 00:02:23,660

have animal mutilations we have abductions we have close encounters of

26

00:02:23,660 --> 00:02:30,980

all degrees we've had the appearance of mysterious animals and we've even had

27

00:02:30,980 --> 00:02:37,460

some of the so-called men-in-black experiences there at a local coffee

28

00:02:37,460 --> 00:02:43,220

shop people were willing to share bizarre stories of their UFO encounters

29

00:02:44,260 --> 00:02:49,980

they reveal that they believe that the men-in-black are actually extraterrestrials

30

00:02:49,980 --> 00:02:55,100

sighted in deserted areas near the town each story is stranger than the last

31

00:02:55,100 --> 00:03:03,180

and I happened to look through the trees and I saw this vehicle standing about

32

00:03:03,180 --> 00:03:10,740

just still just about 60 feet off of the ground it's like a flying saucer it had

33

00:03:10,740 --> 00:03:17,100

a dome on the top in the platform around and a couple of persons walked

34

00:03:17,100 --> 00:03:26,380

around walking on there I was delighted to be able to see such a thing and in

35

00:03:26,380 --> 00:03:30,780

all of a sudden it was gone

36

00:03:30,780 --> 00:03:36,620

ANZA is a UFO researchers dream a living laboratory filled with eye

37

00:03:36,660 --> 00:03:42,700

witnesses they moved first saw him over here they moved across this thing was so

38

00:03:42,700 --> 00:03:46,100

bright there was absolutely no shadows whatsoever on the ground

39

00:03:46,100 --> 00:03:49,220

it's like a gold trail it left a gold trail

40

00:03:49,220 --> 00:03:54,340

Gautella believes and around the clock surveillance here could net scientific

41

00:03:54,340 --> 00:03:59,940

proof of UFO activity activity reported today and possibly in the ancient past

42

00:03:59,940 --> 00:04:07,340

when Indians here through astronaut-like figures because of so much activity the

43

00:04:07,340 --> 00:04:13,060

time was right a team of UFO experts and skeptics move into the area this will

44

00:04:13,060 --> 00:04:17,740

be one of the largest UFO stakeouts ever they set up a command post on Thomas

45

00:04:17,740 --> 00:04:22,300

Mountain no one that I know of has gone out there to do what we did we had the

46

00:04:22,300 --> 00:04:27,460

radar this radar can detect objects within radius this was pretty elaborate

47

00:04:27,460 --> 00:04:32,460

the equipment was very expensive and very good and very accurate the starlight

48

00:04:32,460 --> 00:04:37,660

camera is so sensitive it can photograph objects in total darkness once online

49

00:04:37,660 --> 00:04:42,180

it sees anything that gives off even the slightest light it easily picks up

50

00:04:42,180 --> 00:04:46,740

stars that are not visible with a regular video camera this camera is unique

51

00:04:46,740 --> 00:04:51,300

because it has an intensifier which is more than a thousand times more sensitive

52

00:04:51,300 --> 00:04:54,940

than the video camera you have in your home

53

00:04:54,940 --> 00:05:00,140

surveying the area the researchers are looking for a UFO the locals have

54

00:05:00,140 --> 00:05:05,060

nicknamed Goldie a golden glowing craft seen over and over in the night sky from

55

00:05:05,060 --> 00:05:09,780

this mountaintop starlight we're looking at Mount Kupuya this is where Goldie or

56

00:05:09,780 --> 00:05:14,420

the UFO which has been seen about 50 times in the past three or four years

57

00:05:14,420 --> 00:05:20,420

usually appears it appears in this area has been seen actually all across

58

00:05:20,460 --> 00:05:26,060

mount Kupuya this is Mount Kupuya here the team gathers data and keeps meticulous

59

00:05:26,060 --> 00:05:31,260

notes they continually monitor the sky then unexpectedly they're visited by

60

00:05:31,260 --> 00:05:36,300

witnesses Debbie Steinberg didn't want to talk about her experience in town she

61

00:05:36,300 --> 00:05:40,340

hiked to the stakeout area for a private meeting with researchers this is

62

00:05:40,340 --> 00:05:45,700

about 10 30 at night that it started and I closed my eyes and when I open them

63

00:05:45,700 --> 00:05:53,980

again I found myself in a room and I was laying on a table and I had six beings

64

00:05:53,980 --> 00:06:00,060

and I couldn't tell you what they were doing because I really don't know but I

65

00:06:00,060 --> 00:06:08,340

remember the one that was on the left of my head took something from my head

66

00:06:08,340 --> 00:06:13,260

researchers at the stakeout say that Debbie's story fits the classic pattern

67

00:06:13,460 --> 00:06:19,580

of what is known as a UFO abduction experience I believe that that the

68

00:06:19,580 --> 00:06:23,980

abduction phenomenon is real that it is extraterrestrial that people are

69

00:06:23,980 --> 00:06:27,820

basically describing events that are happening to them in it with an

70

00:06:27,820 --> 00:06:32,340

objective reality Dr. Jacobs has investigated UFO abductions in his

71

00:06:32,340 --> 00:06:37,940

best-seller secret life usually the abduction phenomenon begins in childhood

72

00:06:37,940 --> 00:06:41,540

and it goes all the way through old age and so they've had a series of

73

00:06:41,580 --> 00:06:47,660

experiences throughout their life this is a rendition of the craft I saw when I

74

00:06:47,660 --> 00:06:52,060

was four and my brother was three and where I was zapped with light this is a

75

00:06:52,060 --> 00:06:55,820

drawing of the what I call the silhouettes I'm very afraid of this rod

76

00:06:55,820 --> 00:07:04,940

this one carries the eye long long and thin and very black there was some eye

77

00:07:04,940 --> 00:07:10,420

contact but it was like you and I are making eye contact right now it's not

78

00:07:10,460 --> 00:07:13,140

that we're looking into each other's eyes but we're more like reading each

79

00:07:13,140 --> 00:07:20,460

other's minds that's more like what I'm a hypnotherapist I am now specializing

80

00:07:20,460 --> 00:07:26,460

in UFO abduction cases Yvonne Smith heads an abduction support group where

81

00:07:26,460 --> 00:07:32,140

people can share their experiences and discuss their feelings six years old and

82

00:07:32,140 --> 00:07:38,940

I lived in Georgia you're making Georgia and I just remember it was in the

83

00:07:39,300 --> 00:07:46,460

night and I woke up and I was staring at the side of the head of the being and I

84

00:07:46,460 --> 00:07:51,660

started to panic and a couple of the beings in the craft subdued me somehow

85

00:07:51,660 --> 00:07:57,300

and they had a very large instrument that came over my head and they showed me a

86

00:07:57,300 --> 00:08:03,380

little baby and looking thing and they told me they were gonna put it up my

87

00:08:03,380 --> 00:08:09,220

nose but then this instrument came over my head and punctured the soft palate of

88

00:08:09,220 --> 00:08:14,340

my mouth and it hurt very bad and the next thing I knew I was being placed back

89

00:08:14,340 --> 00:08:22,900

in my bedroom I'm finding in my cases many chilling similarities the person

90

00:08:22,900 --> 00:08:36,220

is taken against their will taken into a craft of some kind put on a table the

91

00:08:36,220 --> 00:08:41,460

women begin to experience the gynecological examinations done by the

92

00:08:41,460 --> 00:08:51,100

aliens on them they feel very violated with the men anal probes are inserted

93

00:08:51,660 --> 00:08:58,300

and sperm is taken it's all done against their will and they really help us to do

94

00:08:58,300 --> 00:09:03,300

anything about it coming up the have an enhanced or manipulated the footage and

95

00:09:03,300 --> 00:09:09,340

we haven't removed anything translation is being withheld because of the nature

96

00:09:09,340 --> 00:09:13,580

of the language used let's just say the shooter and his friend are very excited

97

00:09:13,580 --> 00:09:30,020

what do you think is this hard and fast evidence of an extra terrestrial invasion

98

00:09:30,020 --> 00:09:35,940

is it a hologram or an experimental craft deployed by the military or is it

99

00:09:35,940 --> 00:09:42,900

indeed a most elaborate hoax here's what we found out

100

00:09:43,580 --> 00:09:46,140

the footage was

101

00:09:52,100 --> 00:09:58,100

at the histamine that can cause drowsiness or pseudofed severe cold formula

102

00:09:58,100 --> 00:10:03,220

the one that lets you stay alert no daytime cold and flu product has more

103

00:10:03,220 --> 00:10:08,720

maximum strength for non drowsy relief depend on pseudofed severe cold

104

00:10:08,720 --> 00:10:15,160

formula because people depend on you from the makers of pseudofed Saturday

105

00:10:15,160 --> 00:10:20,320

suspect blood trail he's pumping out police on a bizarre chase

106

00:10:20,320 --> 00:10:26,840

and all new cops Philadelphia Saturday the bad boys of comedy are out to get you

107

00:10:26,840 --> 00:10:32,040

choose that's like somebody's dirty undershore not just somebody's 40 my

108

00:10:32,040 --> 00:10:41,120

regression therapy is an extremely controversial method in which abductees

109

00:10:41,120 --> 00:10:46,480

relive their UFO encounters under hypnosis some scientists suggest that

110

00:10:46,480 --> 00:10:50,560

what they're actually reliving might be repressed emotional trauma or subconscious

111

00:10:50,560 --> 00:10:59,120

fears from childhood but for the abductee the alien encounter is very real in

112

00:10:59,200 --> 00:11:06,880

abduction cases many times the person will remember consciously that something

113

00:11:06,880 --> 00:11:13,040

strange or bizarre happened to them something out of the ordinary they

114

00:11:13,040 --> 00:11:21,960

desire to go into hypnosis to retrieve the hidden memories during some

115

00:11:22,000 --> 00:11:30,680

abductions I'm aware of them of their taking sperm samples in many different

116

00:11:30,680 --> 00:11:42,920

ways they've done it many different ways with tubes with like catheters there's

117

00:11:42,920 --> 00:11:51,200

one way I have not been able to deal with emotionally or under regression

118

00:11:52,000 --> 00:11:57,480

and that's one where there's a being on top of me and I can't deal with that yet

119

00:11:57,480 --> 00:12:02,840

under hypnosis Jesse Long is reliving trauma that he believes is caused by

120

00:12:02,840 --> 00:12:06,000

his abduction experience

121

00:12:16,280 --> 00:12:21,280

as incredible as it sounds these people are actually reliving these terrifying

122

00:12:21,320 --> 00:12:26,960

experiences long claims to have not only emotional skies but real physical

123

00:12:26,960 --> 00:12:31,960

skies as well even more disturbing our stories from women who believe they were

124

00:12:31,960 --> 00:12:38,200

abducted for breeding purposes as incredible as this may sound we have

125

00:12:38,200 --> 00:12:45,480

come across in the research cases having to do with missing fetuses I

126

00:12:45,480 --> 00:12:50,600

remember they none me from the waist down and they took something that looked

127

00:12:50,600 --> 00:12:54,120

like a

128

00:12:56,520 --> 00:13:02,660

umbilical cord attached to placenta and they levitated it into some kind of

129

00:13:02,660 --> 00:13:12,280

chamber later abduction scenarios she is actually shown a baby now this baby is

130

00:13:12,280 --> 00:13:19,400

not like a human baby that as we know it it's a cross between an alien and a

131

00:13:19,400 --> 00:13:23,840

human it's the central question of UFO research today why are they

132

00:13:23,840 --> 00:13:28,840

manufacturing these offspring these babies if we knew the answer to that I

133

00:13:28,840 --> 00:13:34,460

think we would have a large part of the UFO mystery finally in hand not every

134

00:13:34,460 --> 00:13:39,360

reported encounter with an alien is frightening and traumatic some people

135

00:13:39,360 --> 00:13:43,080

who claim contact with extraterrestrials tell us that for them the

136

00:13:43,080 --> 00:13:48,000

encounter was a peaceful communication that was certainly the case for Dorothy

137

00:13:48,000 --> 00:13:52,960

eyes out of Vancouver British Columbia I went over to the window looked out and

138

00:13:52,960 --> 00:13:57,320

there was this enormous thing up in the sky was in the shape of a diamond and as

139

00:13:57,320 --> 00:14:02,560

I watched it like there was a whole group of little like silver dollars that

140

00:14:02,560 --> 00:14:08,000

came out of the large ship Dorothy and her family reported that UFOs appeared

141

00:14:08,000 --> 00:14:13,680

every night I've been with her I've seen these things we all went down and we saw

142

00:14:13,680 --> 00:14:18,480

the phenomena flying in formation you know streaking across the sky this sort

143

00:14:18,480 --> 00:14:23,160

of thing she tells me what they are but I'll never be convinced until they drag

144

00:14:23,160 --> 00:14:27,080

me screaming and kicking into one of their ships and I'm afraid that's my

145

00:14:27,080 --> 00:14:33,040

nature and that's where to stay I found that through the tests that the person

146

00:14:33,040 --> 00:14:37,280

is telling the truth whatever she's doing and that she's honest and she's a

147

00:14:37,280 --> 00:14:42,920

very average normal individual this is what witnesses have seen these are not

148

00:14:42,960 --> 00:14:47,640

street lights airplanes or other conventional lights this is actual

149

00:14:47,640 --> 00:14:52,760

footage of unidentified flying objects this is a single frame of Dorothy's

150

00:14:52,760 --> 00:14:57,840

film equivalent to 1 1 1 2 the streaks do not appear on the frame before or

151

00:14:57,840 --> 00:15:03,000

after this one suggesting that the light is moving great distances in an 18th of

152

00:15:03,000 --> 00:15:09,560

a second we looked up into the sky Dorothy too and she went to the window

153

00:15:10,280 --> 00:15:16,200

and she looked up and she said oh come on do something for my friends they've

154

00:15:16,200 --> 00:15:23,360

been here for so long and right away three shafts of light as bright as

155

00:15:23,360 --> 00:15:27,920

anything just shot right up into the air where we were watching my communications

156

00:15:27,920 --> 00:15:32,040

with the light beings of that they're very worried about his humans because we

157

00:15:32,040 --> 00:15:40,640

usually do things without thinking the weapons we build the way we break in the

158

00:15:40,640 --> 00:15:46,440

earth without thinking of the consequences although it does not appear

159

00:15:46,440 --> 00:15:51,040

that this film has been altered skeptics believe these images are the result of

160

00:15:51,040 --> 00:15:56,520

light phenomena emanating from earth not UFOs but Dorothy believes these lights

161

00:15:56,520 --> 00:16:01,680

are alien spacecraft and that she can communicate with the creatures inside

162

00:16:02,680 --> 00:16:08,480

coming up what caused an unmanned soviet probe to be knocked out of Martian

163

00:16:08,480 --> 00:16:14,120

orbit this is something that most likely destroyed before we still mission to Mars

164

00:16:14,120 --> 00:16:19,640

and it can do it again and our hunt for UFOs in the Southern California desert

165

00:16:19,640 --> 00:16:28,440

continues on the worst part oh the worst part is that cough in the middle of the

166

00:16:28,600 --> 00:16:32,760

night bad tasting medicine she hates and they're not knowing how much to give

167

00:16:32,760 --> 00:16:37,920

them the best I think the improved triumnic is the best our pediatrician

168

00:16:37,920 --> 00:16:42,280

told me about triumnic I love that accurate dosing coffee yeah no more

169

00:16:42,280 --> 00:16:46,840

guesswork all I know is it really works she just loves the new taste of mine too

170

00:16:46,840 --> 00:16:54,280

give us your worst we'll give you our best he improved triumnic it works we

171

00:16:54,280 --> 00:16:58,960

feel the best way to advertise a car like mercury sable is the direct approach

172

00:16:58,960 --> 00:17:06,400

mention the car show the car mention the interior show the interior mention the

173

00:17:06,400 --> 00:17:12,000

safety features show the safety features mention sable's commitment to design

174

00:17:12,000 --> 00:17:18,960

excellence and leadership show the car again

175

00:17:19,480 --> 00:17:26,440

all this and the quality of a mercury it's time to make an appointment scuffle

176

00:17:26,440 --> 00:17:33,240

it'll be good for your health trust me I'm a doctor oh sorry the doctors

177

00:17:33,240 --> 00:17:39,960

how about a free examination ready to take your medicine

178

00:17:39,960 --> 00:17:44,960

feeling that's bad when you get my bills

179

00:17:47,600 --> 00:17:51,840

doctor giggles it's a good thing I make house calls break it on now playing at

180

00:17:51,840 --> 00:17:57,600

theaters everywhere tonight they were the hottest team in volleyball until one of

181

00:17:57,600 --> 00:18:02,200

them bit the dust I'm rotary whose volleyball dance in a Michael Jordan now

182

00:18:02,200 --> 00:18:08,360

it's up to you imagine it he buried alive to track down the cold-blooded killer

183

00:18:08,360 --> 00:18:12,960

you'll meet the suspects and follow the clues on the only show that allows you

184

00:18:12,960 --> 00:18:16,820

the viewer to play detective come on we got a murder to solve you and Lieutenant

185

00:18:16,820 --> 00:18:23,600

Marshack are on the case likely suspects and all new episode coming up next

186

00:18:23,600 --> 00:18:27,720

they're frantically marking down prices at the Lohan furniture building

191

00:18:48,000 --> 00:18:56,400

building one block off I-65 at the Jefferson Street exit Nashville the

192

00:18:56,400 --> 00:19:02,280

greatest challenge for a serious UFO researcher is finding hard evidence film

193

00:19:02,320 --> 00:19:06,720

and videotape are easily faked and skeptics distrust first-person accounts

194

00:19:06,720 --> 00:19:11,680

the team we followed into the California desert made every effort to maintain a

195

00:19:11,680 --> 00:19:17,400

scientifically valid investigation all kinds of state-of-the-art technology

196

00:19:17,400 --> 00:19:21,480

continue to arrive at the surveillance site this radar works like any other

197

00:19:21,480 --> 00:19:25,240

radar it's a precision piece of equipment which utilizes radio waves

198

00:19:25,240 --> 00:19:30,520

which are bounced off a given target to determine its relative size speed location

199

00:19:30,880 --> 00:19:35,360

and that's how it communicates theoretically radar signals could also be

200

00:19:35,360 --> 00:19:40,760

picked up by an alien craft another signaling device is this laser this

201

00:19:40,760 --> 00:19:45,280

high-powered laser acts as a beacon but researchers also fear it could be

202

00:19:45,280 --> 00:19:50,800

interpreted by approaching craft as a hostile act on this laser here you would

203

00:19:50,800 --> 00:19:56,800

probably be able to see it reflect off the surface approximately two to three

204

00:19:56,800 --> 00:20:02,560

miles away although the laser beam does continue on to infinity so if I was to

205

00:20:02,560 --> 00:20:06,520

shine the laser straight up it would continue on beyond the earth's

206

00:20:06,520 --> 00:20:13,600

atmosphere and continue on forever most UFO research is privately funded but the

207

00:20:13,600 --> 00:20:17,760

US government is now launching its own search for extraterrestrial intelligence

208

00:20:17,760 --> 00:20:24,360

with a NASA program known as SETI SETI stands for search for extraterrestrial

209

00:20:24,400 --> 00:20:31,440

intelligence and it's a an effort by NASA and a fair number of astronomers to

210

00:20:31,440 --> 00:20:35,760

look for life in the galaxy we're going to turn the world's largest telescopes

211

00:20:35,760 --> 00:20:39,560

toward the heavens with the idea of looking for some signs that were not

212

00:20:39,560 --> 00:20:43,960

alone in the universe the idea is to listen for radio signals that might be

213

00:20:43,960 --> 00:20:48,400

deliberately or perhaps even accidentally transmitted by other civilizations any

214

00:20:48,400 --> 00:20:52,960

signals from space will be analyzed by a sophisticated computer system to

215

00:20:52,960 --> 00:20:57,600

determine if an alien life form is trying to communicate with us it's been

216

00:20:57,600 --> 00:21:01,920

said that in the first 30 seconds of this new NASA experiment we'll collect

217

00:21:01,920 --> 00:21:06,680

more data than all the experiments of this type that have collected in the

218

00:21:06,680 --> 00:21:11,480

last 30 years so that's a big step forward while the US looks for proof of

219

00:21:11,480 --> 00:21:17,080

alien spacecraft the Russians believe they already have proof in 1988 the

220

00:21:17,080 --> 00:21:21,280

Soviet Union launched two unmanned probes to explore Mars in the space

221

00:21:21,400 --> 00:21:27,520

around the planet. Phobos too achieved Mars orbit in January of 1989 however

222

00:21:27,520 --> 00:21:32,520

something then occurred which there is apparently no prosaic explanation for

223

00:21:32,520 --> 00:21:37,520

according to the Russians they encountered with their unmanned craft an

224

00:21:37,520 --> 00:21:43,600

anomalous object or a UFO which was computed out 25 kilometers what we have

225

00:21:43,600 --> 00:21:49,080

is an infrared photograph taken from the Phobos to probe this is the Martian

226

00:21:49,120 --> 00:21:55,120

moon Phobos this is the UFO that apparently the Phobos to craft encountered

227

00:21:55,120 --> 00:22:00,840

what happened was the craft observed the UFO it took some photographs of it

228

00:22:00,840 --> 00:22:06,720

then according to Soviet sources this UFO turned toward the Phobos craft the

229

00:22:06,720 --> 00:22:10,840

Russians then lost contact with it and the craft has been gone ever since I

230

00:22:10,840 --> 00:22:15,800

think it took out Phobos to mission because Phobos too saw something it was

231

00:22:15,800 --> 00:22:20,320

not supposed to have seen if I were in a spacecraft now to Mars especially to

232

00:22:20,320 --> 00:22:24,800

Phobos I would feel terrified because in my opinion based on the knowledge I

233

00:22:24,800 --> 00:22:30,440

have something is out there and what it is I don't know but this is something

234

00:22:30,440 --> 00:22:37,640

that most likely destroyed the Phobos to mission to Mars and it can do it again

235

00:22:37,640 --> 00:22:43,320

coming up the startling results of our UFO investigation and I'm totally freaked

236

00:22:43,440 --> 00:22:45,760

I mean I've got shivers going all the way up my spine

237

00:22:45,760 --> 00:22:52,600

the first time I switched pain relievers it was from Aspirin to Tylenol then

238

00:22:52,600 --> 00:22:57,160

recently I switched again from Tylenol acetaminophen to Advil you see I got

239

00:22:57,160 --> 00:23:01,080

these really pounding headaches and I found Tylenol didn't always get rid of

240

00:23:01,080 --> 00:23:05,580

all the pain so I tried Advil and found that for my really tough headaches to

241

00:23:05,580 --> 00:23:09,240

Advil worked better than two extra strength Tylenol tablets better than

242

00:23:09,240 --> 00:23:14,640

Tylenol gel caps for my tough headaches Advil just works better and for a cold

243

00:23:14,640 --> 00:23:19,680

dry Advil cold insinus advanced formula for the cold season when Dave Thomas

244

00:23:19,680 --> 00:23:24,280

created Wendy's new spicy chicken fillet sandwich he said if we're gonna make it

245

00:23:24,280 --> 00:23:30,680

spicy well it's a start let's really make it spicy now we're getting close so

246

00:23:30,680 --> 00:23:34,800

we seasoned a whole chicken breast fillet by adding his own special blend of

247

00:23:34,800 --> 00:23:42,160

pepper and spices and he kept on seasoning until it was perfect bingo come

248

00:23:42,160 --> 00:23:47,200

and try Wendy's new spicy chicken fillet sandwich because when you're hot you're

249

00:23:47,200 --> 00:23:48,320

hot

250

00:23:48,320 --> 00:23:57,720

dad dad dad dad dad is your family trying to tell you something yes dentine now has

251

00:23:57,720 --> 00:24:02,200

more fresh new flavor so brush your breath clean with great tasting new

252

00:24:02,200 --> 00:24:08,920

dentine introducing Bennett real allergy sinus headache formula for allergies

253

00:24:08,920 --> 00:24:13,280

that hurt from a sinus pain or a headache when allergies come on strong

254

00:24:13,280 --> 00:24:18,280

enough to hurt new Bennett real allergy sinus headache formula comes on stronger

255

00:24:18,280 --> 00:24:24,200

sidebar has an eye for law and order here's one energy blast from a pro watch

256

00:24:24,200 --> 00:24:31,240

a sneak preview of X-Men next Saturday morning on Fox from the outset of their

257

00:24:31,280 --> 00:24:35,680

investigation in Anzac, California the research team realized that the chances

258

00:24:35,680 --> 00:24:40,400

of capturing a UFO on film were extremely remote but even with a skeptical

259

00:24:40,400 --> 00:24:48,040

eye to the skies the team made a startling discovery maintaining the

260

00:24:48,040 --> 00:24:51,960

surveillance equipment and recording data has been a full-time job for

261

00:24:51,960 --> 00:24:57,440

researchers two days and nights of hard work finally pay off after day-long

262

00:24:57,480 --> 00:25:02,520

preparations a strange light appears in the sky the camera was not in position

263

00:25:02,520 --> 00:25:08,280

but skeptical observers were and I'm totally freaked out I mean I've got

264

00:25:08,280 --> 00:25:12,600

shivers going all the way up my spine I don't know how to explain this you know

265

00:25:12,600 --> 00:25:19,160

I'm a pure skeptic definitely and to see to see what I just saw there's you know

266

00:25:19,160 --> 00:25:26,840

I'm I can't be skeptical we saw a yellowish orange light appear over the

267

00:25:26,840 --> 00:25:33,200

mountain it traveled a little bit to our right and split off into two lights

268

00:25:33,200 --> 00:25:39,480

and as we watched them they began to fade in intensity and after about 30 to

269

00:25:39,480 --> 00:25:46,240

40 seconds they disappeared from view the sighting lasted only 15 seconds but

270

00:25:46,240 --> 00:25:51,080

soon another UFO appeared and this time the cameras were ready the team captured

271

00:25:51,080 --> 00:25:56,040

this amazing UFO video you guys watching this inside it's going up going

272

00:25:56,040 --> 00:25:58,040

straight out

273

00:25:59,040 --> 00:26:07,440

249 we are are presently watching this light anomalous light doing it's now

274

00:26:07,440 --> 00:26:13,680

rising above Mount Kupuya it appears to be more oblong or saucer shaped than a

275

00:26:13,680 --> 00:26:18,320

conventional aircraft would be this starlight videotape may be all we ever

276

00:26:18,320 --> 00:26:23,720

know about the UFO nicknamed Goldie neither US military sources nor the FAA

277

00:26:23,720 --> 00:26:28,400

have a definitive explanation researchers in ANSA now have extensive

278

00:26:28,400 --> 00:26:34,760

logs and video but none of it can yet explain who or what is out there with

279

00:26:34,760 --> 00:26:39,600

so many sightings and contacts reported even the US government is now taking

280

00:26:39,600 --> 00:26:45,080

notice NASA will spend \$100 million over the next 10 years to scientifically

281

00:26:45,080 --> 00:26:49,360

search for intelligent life in the universe one wonders if this mission will

282

00:26:49,360 --> 00:26:54,640

show that spaceships and extraterrestrials are more than science fiction

283

00:26:54,640 --> 00:27:00,760

for sightings I'm Tim White good night on the next sightings some claim real-life

284

00:27:00,760 --> 00:27:05,080

vampires still exist today we uncover startling new evidence of the living

285

00:27:05,080 --> 00:27:09,880

dead plus a Scottish House of Horror that's terrorized locals for hundreds of

286

00:27:09,880 --> 00:27:13,680

years on the next sightings

287

00:27:13,680 --> 00:27:22,760

tomorrow after a full hour of cops see one of the most amazing rescues ever

288

00:27:22,760 --> 00:27:27,040

captured on videotape a fireman rushes out of a burning building with an

289

00:27:27,040 --> 00:27:33,000

unconscious child and miraculously brings him back to life witness this real-life

290

00:27:33,000 --> 00:27:39,680

drama on an all-new code 3 followed by the edge tomorrow now likely suspects is

291

00:27:39,680 --> 00:27:42,160

next
