

1

00:00:00,000 --> 00:00:02,000

for me

2

00:00:02,840 --> 00:00:11,300

Star Wars between extraterrestrials and our military then for almost two years this small Texas town has witnessed bizarre glowing balls of light

3

00:00:11,300 --> 00:00:17,040

Are they natural phenomenon or alien spacecraft tonight the mystery of the Marfa lights?

4

00:00:30,000 --> 00:00:32,000

you

5

00:00:50,000 --> 00:00:52,080

Welcome to sightings on Tim white

6

00:00:52,520 --> 00:00:58,240

Tonight startling new pictures of a UFO encounter that has top analysts locked in a heated debate

7

00:00:58,600 --> 00:01:05,200

The authenticity of the pictures is above suspicion because they were taken by specialists aboard the space shuttle discovery

8

00:01:06,720 --> 00:01:10,440

For the past year the United States government has avoided discussing

9

00:01:10,440 --> 00:01:16,560

What is potentially the most important 30 seconds of video footage to have emerged from the US space program?

10

00:01:16,720 --> 00:01:21,800

The footage looks fairly innocuous, but some believe that something is going on here

11

00:01:22,000 --> 00:01:26,000

NASA doesn't want us to know about on September the 12th 1991

12

00:01:26,800 --> 00:01:32,020

STS 48 lifted off into space for what NASA officials expected to be a routine shuttle mission

13

00:01:32,240 --> 00:01:39,880

But what discoveries cameras would capture high above the earth during that mission would prove to be anything but routine I heard

14

00:01:40,720 --> 00:01:42,720

One or two of the astronauts

15

00:01:42,760 --> 00:01:46,680

exclaim in shortwave radio. What is that? What is that?

16

00:01:47,160 --> 00:01:50,840

NASA says the objects could be space ice satellites or debris

17

00:01:51,480 --> 00:01:58,700

Ufologists interpret the footage as either alien spacecraft engaged in armed battle or an armed response to alien spacecraft by

18

00:01:58,760 --> 00:02:05,400

SDI the so-called Star Wars defense system this particular day. They were flying over the Philippines. She'll see

19

00:02:06,240 --> 00:02:10,800

What looks like stars in the sky and then you'll see these objects off to the right of the screen

20

00:02:11,000 --> 00:02:14,840

Within a couple of minutes you will see an object come out of the clouds

21

00:02:15,840 --> 00:02:19,800

To the north part of your screen and it's heading to the north northwest

22

00:02:20,200 --> 00:02:25,040

In about four or five seconds you'll see a flash in the lower left hand corner of the screen

23

00:02:25,040 --> 00:02:28,200

And then you'll see a streak of light go by that object

24

00:02:28,200 --> 00:02:31,040

Just missed it there and the one in the lower right hand corner of the screen

25

00:02:31,640 --> 00:02:35,640

what's being enacted up there is basically a

26

00:02:37,160 --> 00:02:39,160

Contact with an alien

27

00:02:39,680 --> 00:02:41,280

civilization and

28

00:02:41,280 --> 00:02:47,300

That those particular craft are not from here the flash that we're seeing is probably

29

00:02:48,280 --> 00:02:56,880

Mechanism of Star Wars is this finally concrete proof that we're being visited by intelligent light from another planet space industry officials answer with an

30

00:02:56,880 --> 00:03:02,900

Emphatic no a lot of things we see on the picture from space are things we're used to seeing here in the control center down here in Houston

31

00:03:03,400 --> 00:03:06,660

They're ordinary events that surround the spaceship pieces coming off

32

00:03:07,180 --> 00:03:09,180

Water dumps pieces of ice insulation

33

00:03:09,500 --> 00:03:15,220

There's little pieces ten maybe twenty feet away from the camera and as they're flowing across the

34

00:03:15,860 --> 00:03:17,300

Field of view of the camera

35

00:03:17,300 --> 00:03:22,620

There's a flash of light as one of the maneuvering jets on the shuttle fires under autopilot control

36

00:03:22,900 --> 00:03:29,000

Anything floating out there is like opening your door in a windy day and watching the dust in your house blow out the burst of

37

00:03:29,180 --> 00:03:33,940

Gas from the jet pushes these little pieces of debris and off they go if that is true

38

00:03:33,940 --> 00:03:41,740

Why doesn't the horizon line in the curvature of the earth's latitude change when that rocket fires in the upper left quadrant or to the

39

00:03:41,740 --> 00:03:43,340

West side and

40

00:03:43,340 --> 00:03:49,620

NASA's explanation defies the laws of physics according to University of Nebraska at Omaha physicist dr. Jack Katcher

41

00:03:50,420 --> 00:03:53,740

NASA's claim is that these are all pieces of ice and

42

00:03:54,460 --> 00:04:00,780

That this flash down here was an attitude rocket adjuster to adjust the position of the shuttle

43

00:04:00,780 --> 00:04:04,700

So it's going to push it in a certain direction and the exhaust came up like this

44

00:04:05,100 --> 00:04:11,020

Well if that happened then then the particle should move up in this direction those two pretty well

fit that scenario

45

00:04:11,140 --> 00:04:13,460

but I have a real problem with the rest of them because

46

00:04:14,380 --> 00:04:19,980

First of all this one just starts here and continues on down this way just straight the whole time now

47

00:04:19,980 --> 00:04:23,220

That's the wrong direction for an exhaust in this direction too

48

00:04:23,220 --> 00:04:28,020

So I really have a lot of trouble seeing how you could make an explanation like that work

49

00:04:28,860 --> 00:04:35,420

Analysis by aerospace propulsion expert David Froning refutes NASA's belief that the objects are conventional spacecraft

50

00:04:36,100 --> 00:04:41,940

Its behavior doesn't look like a normal orbital debris to make a turn like that in a conventional

vehicle

51

00:04:41,940 --> 00:04:46,940

It would just be impossible and to do that you really have to actually warp and twist space

52

00:04:46,980 --> 00:04:50,620

He certainly do appear to be objects that are intelligently controlled

53

00:04:51,700 --> 00:04:56,500

NASA has issued several statements insisting the UFOs are chunks of space ice

54

00:04:56,700 --> 00:05:02,460

But they refused to comment on two additional sightings that occurred later in the mission here one object is

55

00:05:02,740 --> 00:05:09,660

Intercepted by a rocket like projectile the object continues as more projectiles pass later on the dark side of the earth

56

00:05:09,900 --> 00:05:17,140

Another object comes into view soon a second faster moving object nearly collides with the first

then continues out of frame

57

00:05:18,740 --> 00:05:21,060

What if then they were extraterrestrial craft

58

00:05:22,060 --> 00:05:26,820

Well, then there are some very scary things happening here

59

00:05:26,940 --> 00:05:32,620

Was it some kind of a missile that we were firing at them with and if that's the case

60

00:05:33,140 --> 00:05:40,540

Then why did we do that? It implies we're prepared to do that that we're almost expecting to encounter these things and

61

00:05:40,820 --> 00:05:47,360

Then we're hostile to them is our military prepared to launch offensive strikes against incoming UFOs

62

00:05:47,760 --> 00:05:53,160

Government officials won't respond. It's not a question of whether there is a government cover up

about UFOs

63

00:05:53,160 --> 00:05:57,320

There is it's the most highly classified topic in all the government and military

64

00:05:57,640 --> 00:06:03,560

Has the military secretly developed SDI beyond public knowledge despite their denials there have been

65

00:06:04,120 --> 00:06:11,000

Developments for the space defense initiative of particle beam systems that could have particle beams were the kinds of speeds that we saw

66

00:06:11,560 --> 00:06:15,040

Going straight up in the space and if that is the case

67

00:06:15,080 --> 00:06:18,160

Why are we shooting at them? It implies that?

68

00:06:18,720 --> 00:06:25,680

We expected to see them and that we were ready to shoot and then we did shoot so we considered them

hostile

69

00:06:25,680 --> 00:06:30,480

You can look at these kind of lights these kind of reports of the flying saucers coming around our spaceships

70

00:06:31,480 --> 00:06:36,760

In terms of exploration, this is very traditional. These are our sea serpents. These are our mermaids

71

00:06:37,720 --> 00:06:41,880

500 years ago when Columbus's ships went out and the men peered off at the horizon

72

00:06:41,880 --> 00:06:47,160

They could see little things in the horizon they would misinterpret them or interpret them in different ways or incorrect ways

73

00:06:47,320 --> 00:06:49,120

And come back and tell stories

74

00:06:49,120 --> 00:06:51,400

We're getting to the same sort of phenomena here

75

00:06:51,400 --> 00:06:54,440

Well, first of all a death ray or a laser beam that's in the Hollywood movie

76

00:06:54,760 --> 00:06:58,880

Shows up as a flash of light and a crash and a thunder and so forth

77

00:06:58,880 --> 00:07:03,840

That's Hollywood in reality these kinds of beams in space are invisible because they have nothing to

78

00:07:04,400 --> 00:07:09,840

Show up on except a target so you would not see a beam going across the picture

79

00:07:10,280 --> 00:07:13,760

James Oberg has devoted the last 18 years to aerospace research

80

00:07:14,160 --> 00:07:22,000

Although Oberg insists he is an independent analyst some ufologists believe he's part of a secret government conspiracy to debunk all UFOs

81

00:07:22,720 --> 00:07:29,600

It's a bit too trite and have been insulting to the intelligence of the average American to say

82

00:07:30,200 --> 00:07:33,760

You know it's something to do with space folklore space debris

83

00:07:33,760 --> 00:07:38,680

Let's not forget that these people are not some kind of UFO organization speaking for

84

00:07:40,080 --> 00:07:45,400

10,000 scientists out there. These are a couple of very far out people who are not even

85

00:07:46,160 --> 00:07:50,720

Accepted in the UFO movement. Is this merely ice from the space shuttle?

86

00:07:51,040 --> 00:07:58,040

Secret weapons testing the military won't disclose or is this finally proof that we're not alone in the universe

87

00:07:58,480 --> 00:08:02,160

It's only a matter of time, but I would wager by 1995

88

00:08:02,160 --> 00:08:07,640

This will be common knowledge and the fact that extraterrestrials are here will be accepted by everybody

89

00:08:08,240 --> 00:08:16,480

For a further perspective on the space shuttle footage, we've asked University of Nebraska at Omaha Physicist Dr. Jack Casher to join us

90

00:08:16,560 --> 00:08:18,800

Dr. Casher, thanks for coming in appreciate your time

91

00:08:19,160 --> 00:08:25,920

What evidence can you cite sir that those lights that we saw on the tape aren't conventional satellites?

92

00:08:26,240 --> 00:08:32,600

Well, I think the strongest evidence for me is I sat down and I put a transparency in front of the television set and I tracked

93

00:08:33,320 --> 00:08:40,400

Eight of those objects both before and after the flash and the main one did cut up sharply to the right

94

00:08:41,040 --> 00:08:43,980

Apparently in response if you would believe the ice theory of

95

00:08:44,920 --> 00:08:51,600

Attitude adjust your rocket down here that would push it up with it. It's exhaust two of the eight objects did that

96

00:08:52,040 --> 00:08:53,040

for

97

00:08:53,040 --> 00:08:55,040

Just continued didn't react

98

00:08:55,040 --> 00:09:00,680

To went up into the left, which is the wrong direction and I have looked at that 50 a hundred times

99

00:09:00,680 --> 00:09:02,600

I just can't reconcile that in my own mind

100

00:09:02,600 --> 00:09:07,760

Have you been ostracized at all by the scientific community for for holding these particular beliefs?

101

00:09:08,080 --> 00:09:14,680

Not really you'd be surprised at the physicists that have come up after they've heard me speak about UFOs and say they're really surprised

102

00:09:14,680 --> 00:09:20,960

That there is evidence that is at least plausible that these things are real you sort of went out on a limb

103

00:09:21,080 --> 00:09:27,280

Dr. Casher you said that by 1995 these kinds of sightings would be commonplace. Why 1995?

104

00:09:27,280 --> 00:09:29,200

You know something the rest of us don't well

105

00:09:29,200 --> 00:09:32,240

I do have some contacts that have given me some information

106

00:09:32,440 --> 00:09:38,040

And I think I based some of it on that but I think that there is a groundswell of interest in UFOs

107

00:09:38,040 --> 00:09:41,280

people are being more open about the sightings that they have had and

108

00:09:42,560 --> 00:09:48,960

That just builds up and eventually what are you gonna do when when your friends tell you they have actually seen flying saucers

109

00:09:48,960 --> 00:09:50,960

The hovering above their houses you

110

00:09:51,280 --> 00:09:56,840

You after that happens to you a number of times you have to start believing some of it

111

00:09:57,280 --> 00:10:02,520

Dr. Casher have you seen a UFO yourself or anything that would lead you to personally believe that they're out there?

112

00:10:02,960 --> 00:10:06,440

Well, I haven't seen anything as spectacular say as a flying saucer

113

00:10:06,440 --> 00:10:12,480

But I have seen lights in the sky that that behave in a strange way that that you couldn't explain in terms of normal airplanes

114

00:10:12,480 --> 00:10:20,080

And I do teach astronomy and know where the constellations are and what meteors are so I can differentiate between those things and the object that I saw

115

00:10:20,200 --> 00:10:24,120

We're not airplanes and I'm not really sure what they were Dr. Jack Casher

116

00:10:24,120 --> 00:10:28,280

Thank you very much, and we will be back with more sightings in just a moment

117

00:10:28,920 --> 00:10:35,600

Coming up next what are these bizarre glowing balls of light some say natural phenomenon some say alien spacecraft

118

00:10:35,640 --> 00:10:38,200

We investigate the mystery of the Marfa lights

119

00:10:38,840 --> 00:10:44,080

Causes the Aurora Borealis those spectacular multi-colored curtains of light known as the northern lights

120

00:10:44,280 --> 00:10:49,520

But there is also another lesser known light phenomenon occurring in the night skies all over the world

121

00:10:49,520 --> 00:10:53,480

And it has continued to defy explanation for almost two centuries

122

00:10:54,400 --> 00:11:02,080

Start it out very slowly, but very brightly. There was a single bright yellow light. It was brilliant

123

00:11:03,120 --> 00:11:09,160

Closer it got it changed to a kind of a silvery green orb

124

00:11:09,800 --> 00:11:14,160

It seems to dance or move in a rhythmic play

125

00:11:14,680 --> 00:11:16,680

And then they go up in the sky

126

00:11:17,720 --> 00:11:19,720

And when they're up there

127

00:11:19,760 --> 00:11:23,160

What why they just have a big party up there

128

00:11:23,600 --> 00:11:30,040

They weren't hostile. They were very very friendly. It seemed they didn't chase us. They didn't

129

00:11:31,040 --> 00:11:33,560

Descend on us and they were soft in color

130

00:11:35,120 --> 00:11:40,480

Yellows soft greens blues. I don't think there's any question about the lights are there

131

00:11:43,600 --> 00:11:47,560

Marfa, Texas is a small town southwest of El Paso for the past

132

00:11:47,920 --> 00:11:53,440

150 years residents visitors and scientists have all looked into the light sky and seen dazzling

133

00:11:53,720 --> 00:11:55,720

Multi-colored lights dubbed the Marfa lights

134

00:11:56,200 --> 00:12:01,600

reported sighting state from Apache accounts in the early 1800s to the Wall Street Journal in 1984  
I

135

00:12:02,480 --> 00:12:06,040

Think they're Satan's people telling the God's truth. They're ghost lights

136

00:12:07,000 --> 00:12:09,000

And it's ghosts

137

00:12:09,320 --> 00:12:12,120

It was just eerie to me. Nobody else is afraid that I was right

138

00:12:13,120 --> 00:12:18,040

Lifetime resident Bernd Campbell took these photographs of the lights using time-lapse photography

139

00:12:19,080 --> 00:12:24,800

And I saw this light coming across the area moving toward the power line and

140

00:12:25,320 --> 00:12:32,480

I assumed that it was following the power line toward me and I stood transfixed as a matter of fact

141

00:12:32,480 --> 00:12:37,280

I was scared very badly frightened. I don't know what they are. I don't claim to know

142

00:12:37,680 --> 00:12:41,400

I'm not sure I even want to know but I know that they do exist

143

00:12:42,360 --> 00:12:48,560

There are at least 100 zones that are regularly haunted by these curious light phenomena

144

00:12:48,960 --> 00:12:52,040

One of the most famous places is Marfa

145

00:12:52,680 --> 00:12:58,680

Paul Devereux is a London based earth sciences researcher who believes geology holds the answer to the Marfa lights

146

00:12:59,440 --> 00:13:03,720

These lights nobody knows what they are. They're rather exotic phenomena

147

00:13:04,320 --> 00:13:10,560

They're not UFOs. They're not flying sources. They're somehow produced by the Earth itself

148

00:13:13,120 --> 00:13:19,320

Right now an international team of scientists is in Marfa seeking an explanation to the light phenomenon

149

00:13:19,320 --> 00:13:23,760

The team is headed by one of the top physicists in the world Yoshihiko Otsuki

150

00:13:24,760 --> 00:13:29,440

This is a research work on the fireball the so-called

151

00:13:30,840 --> 00:13:32,640

Marfa light

152

00:13:32,640 --> 00:13:36,600

We believe this is the kind of natural phenomena

153

00:13:37,600 --> 00:13:41,160

natural phenomena means some this is some kind of

154

00:13:42,160 --> 00:13:44,160

Atomous atmospheric

155

00:13:44,720 --> 00:13:46,720

electricity

156

00:13:47,360 --> 00:13:52,640

The team has established a base camp just north of the official viewing site open to the public

157

00:13:52,920 --> 00:13:59,520

State of the art atmospheric technology has been flown in and set up all manner of recording devices are also in place

158

00:14:00,000 --> 00:14:03,040

Since the team does not know the true source of the Marfa lights

159

00:14:03,040 --> 00:14:08,920

They also acknowledge the spiritual a Buddhist priest performs a ritual he believes will summon the lights

160

00:14:12,160 --> 00:14:17,320

Early in the investigation the team was frustrated the lights did not appear

161

00:14:18,440 --> 00:14:20,440

Watched and watched

162

00:14:20,480 --> 00:14:24,400

But nothing we obtained nothing of filming

163

00:14:25,280 --> 00:14:31,000

Nothing I witnessed observation so we was very disappointed

164

00:14:32,600 --> 00:14:37,480

Mission specialist Ed Hendricks tried out new detection devices while the team waited

165

00:14:37,920 --> 00:14:44,160

Hendricks obsession with the Marfa lights began on February 2nd 1991 when he had his first sighting  
I

166

00:14:45,240 --> 00:14:52,320

Was flabbergasted. I don't think I've ever been the same since I've been fascinated and almost  
obsessed by it

167

00:14:53,200 --> 00:14:55,920

Trying to figure out what could possibly do something like that

168

00:14:56,680 --> 00:14:58,680

Hendricks specializes in the science of

169

00:14:58,880 --> 00:15:06,960

Spherics the study of the sounds of the atmosphere he has previously recorded strange sounds which accompany the appearance of the Marfa lights

170

00:15:07,800 --> 00:15:11,400

They're a long kind of descending pitch signals that sound something like

171

00:15:16,720 --> 00:15:23,600

On September 1st 1992 as Hendricks set up his equipment the team's first light suddenly appeared on the horizon

172

00:15:31,680 --> 00:15:33,680

Wow

173

00:15:33,680 --> 00:15:37,880

There it is it's going again. It's flickering. Wow. It's got different colors

174

00:15:38,680 --> 00:15:40,680

It's got red and yellow

175

00:15:41,360 --> 00:15:45,520

And it's flashing flashing very rapidly. It's almost like a firefly

176

00:15:49,080 --> 00:15:51,640

It's very bright now it's getting brighter and

177

00:15:52,440 --> 00:15:58,220

It looks a little bit red. It's it's dividing in two the two pieces are moving apart there

178

00:15:58,220 --> 00:16:00,220

They go and they're getting real close

179

00:16:00,300 --> 00:16:03,660

Crossed again, and they're just continuing this thing back and forth

180

00:16:04,260 --> 00:16:06,780

Swinging back and forth and they're doing this as though

181

00:16:07,860 --> 00:16:11,860

This is what I think people mean when they say that the lights are doing a dance. I

182

00:16:12,740 --> 00:16:14,740

Think they're going

183

00:16:16,460 --> 00:16:18,460

What are these dancing

184

00:16:18,700 --> 00:16:22,220

Multicolored lights while this investigative team searches for an answer

185

00:16:22,420 --> 00:16:28,740

Other scientists say the lights are nothing more than the headlights of cars traveling out nearby route 67

186

00:16:28,740 --> 00:16:33,140

I don't believe there any facts to support them is we cannot say that there's

187

00:16:33,500 --> 00:16:39,900

No manifestation of the devil are flying saucers or Indian ghosts, but there are no facts to represent that

188

00:16:40,140 --> 00:16:45,500

There are some facts to indicate very strongly that what most people see our car lights on highway 67

189

00:16:45,740 --> 00:16:50,020

there are people who are skeptical about the Marfa lights and who believe that

190

00:16:50,500 --> 00:16:54,860

what everybody sees are car headlights and indeed many people do see car headlights and and

191

00:16:55,540 --> 00:17:02,020

Assume that they're Marfa lights and believe that but even the most serious skeptic the people who

192

00:17:02,740 --> 00:17:11,140

Attribute all the phenomenon to car headlights could not possibly have seen what we saw and conclude that they were looking at car headlights

193

00:17:11,140 --> 00:17:17,140

Because cars could not be made to do what we saw those lights do and with the sightings dating back to the early

194

00:17:17,540 --> 00:17:20,780

1800s car headlights must be ruled out in those cases

195

00:17:21,460 --> 00:17:24,140

Right now. I don't know what they are and I'm continuing to

196

00:17:24,860 --> 00:17:26,860

work on that

197

00:17:27,500 --> 00:17:33,260

I have some more years left and all those all that time going to continue to look at it until I figure it out

198

00:17:33,820 --> 00:17:38,620

We have no facts that illustrate that it's anything beyond the natural

199

00:17:39,700 --> 00:17:45,060

For the people who live in Marfa the parade of scientists and specialists who work here are just part of life

200

00:17:45,060 --> 00:17:50,860

And so too are the Marfa lights that they have witnessed their whole lives and explained in their own way

201

00:17:51,860 --> 00:17:53,700

It's just there

202

00:17:53,700 --> 00:17:56,180

And it's been there all these many years

203

00:17:57,060 --> 00:18:02,740

And with all these people trying to find what it is. I don't think they will not hope to don't

204

00:18:03,940 --> 00:18:07,340

It would be nice just to remain the Marfa mistress

205

00:18:11,140 --> 00:18:12,660

The problem with

206

00:18:12,660 --> 00:18:19,620

Understanding the Marfa lights is not that they can't be explained but that there are so many explanations theories range from UFOs to headlights

207

00:18:19,620 --> 00:18:21,620

To weather anomalies like ball lightning

208

00:18:22,380 --> 00:18:26,940

Some even suggest that the lights are jackrabbits who brushed up against phosphorus and vegetation

209

00:18:27,780 --> 00:18:30,740

But so far all these theories remain unproven

210

00:18:31,500 --> 00:18:35,020

Coming up next in a special sightings update from Wisconsin

211

00:18:35,020 --> 00:18:40,740

This man captured a bizarre image with his Polaroid camera that many believe is a ghostly apparition

212

00:18:40,980 --> 00:18:43,740

Bring the most recent roper pole on the paranormal

213

00:18:44,020 --> 00:18:47,860

18 and a half million Americans report having seen a ghost

214

00:18:48,340 --> 00:18:54,460

One of those people contacted us with a remarkable photograph that he took near his home in Hayward, Wisconsin

215

00:18:56,300 --> 00:19:02,700

Northern Wisconsin is a freshwater fishing paradise and some say a haven for ghostly apparitions

216

00:19:03,300 --> 00:19:07,140

Skeptics dismissed these stories as folklore designed to lure tourists

217

00:19:07,260 --> 00:19:15,340

But eyewitness accounts are plentiful and now potential hard evidence has surfaced an intriguing photograph. I looked up and here I see this

218

00:19:16,180 --> 00:19:21,100

White figure about the tree line and it's slowly descending towards the trees

219

00:19:21,700 --> 00:19:27,140

Al Denninger has been a fishing guide through the waters of the Chippewa flowage for 17 years

220

00:19:27,260 --> 00:19:31,700

He knows these waters like the back of his hand, but last October saw some he could explain

221

00:19:31,700 --> 00:19:38,220

You see that he passed the trees and slowly descend right above the shoreline and the object was 10  
12 feet tall

222

00:19:38,220 --> 00:19:43,740

They took one picture of the with the Polaroid slowly this object moved down the shoreline that way  
towards

223

00:19:43,740 --> 00:19:47,620

We've about towards the west moved about 50 yards stayed there

224

00:19:47,620 --> 00:19:52,700

Maybe 10 15 seconds and slowly ascended right straight up into the sky and was gone

225

00:19:53,420 --> 00:19:59,660

Denninger claims he photographed this apparition of a human form floating above an area locals called ghost island

226

00:19:59,820 --> 00:20:06,420

Later he had his photograph enlarged for better analysis. I had the original looked at by a photo expert

227

00:20:06,420 --> 00:20:10,740

It says first of all, you can't do pop a Polaroid. He says well, I can't tell you what it is

228

00:20:10,740 --> 00:20:18,380

But whatever it is, it's really there when word of Denninger's photo got out more eyewitnesses came forward claiming they'd also seen the apparition

229

00:20:18,900 --> 00:20:21,140

two young men were fishing there at midnight and

230

00:20:22,060 --> 00:20:26,660

One of them saw a white-robed figure about eight feet from the ground

231

00:20:26,940 --> 00:20:32,940

Sort of floating among the graves. They'll send them the picture and they call it up and says that is what we saw

232

00:20:33,860 --> 00:20:40,740

Stories of discontented spirits haunting ghost island have existed since Wisconsin's Chippewa River was damned in the 1920s

233

00:20:41,260 --> 00:20:44,700

Causing floodwaters to engulf the islands historic cemetery

234

00:20:45,100 --> 00:20:47,260

Most of the graves were moved to higher ground

235

00:20:47,380 --> 00:20:49,880

But locals worry about the plots that were left behind

236

00:20:50,540 --> 00:20:54,780

Could the apparitions be restless souls searching for their displaced loved ones?

237

00:20:56,340 --> 00:20:58,900

I've always had an open mind and I've always figured that

238

00:20:59,340 --> 00:21:02,740

You're a little naive to think you're probably the only one in this universe, but

239

00:21:03,460 --> 00:21:06,700

Whatever I saw it definitely wasn't from anything I've ever seen before

240

00:21:07,260 --> 00:21:13,320

If you photographed or videotaped what you believe to be a ghost or if you've had an encounter with a paranormal
