00:00:00,000 --> 00:00:06,680

He said but his cats on you to success when you look at Thai culture in particular within the context of

2

00:00:07,360 --> 00:00:12,560

Asian cultures in general the cat is being lucky the cat is seen as indicating

3

00:00:14,040 --> 00:00:21,840

Prosperity the potential to make money the potential to do good in business or marriage or whatever endeavor somebody starts

4

00:00:22,520 --> 00:00:28,460

Fett has what the Thai call a diamond eye actually a rare form of feline glaucoma a

5

00:00:28,920 --> 00:00:36,360

Diamond eye is considered lucky so to increase his prosperity Fett's owner found another cat with the same condition and spent

6

00:00:37,200 --> 00:00:44,600

\$28,000 to unite the lucky cats in matrimony. There's probably a foundation in Thai culture to say the yes cats are lucky and cats are good for business

7

00:00:44,840 --> 00:00:51,400

So it's not surprising that somebody would have a big party in wedding for two cats that they think helped their business

8

00:00:51,640 --> 00:00:59,020

Diamond eye is a curable condition and Fett's owner has promised to treat the condition now that the wedding has taken place

9

00:01:02,920 --> 00:01:08,220

We'll have more stories in the news next time now. Here's what's coming up as sightings continues

10

00:01:09,120 --> 00:01:14,680

What could be the source of these intelligent balls of light the pilots have reported seeing for 50 years

11

00:01:15,040 --> 00:01:23,240

There's a possibility that two fighters still are guided and controlled created by an advanced intelligence not of this planet

12

00:01:28,840 --> 00:01:31,800

It's changing color and you know what that means you were right

13

00:01:33,320 --> 00:01:37,720

We've got hard water if your soap won't lather well and your skin feels dry

14

00:01:37,720 --> 00:01:42,240

You might have hard water and then you need zest soap leaves a drying film behind

15

00:01:42,240 --> 00:01:46,520

But even in hard water zest princess clean away for cleaner smoother skin

16

00:01:51,200 --> 00:01:55,280

And for an incredible feeling of clean try zest body wash

17

00:01:58,560 --> 00:02:04,120

100% pure Florida orange juice

19

00:02:08,160 --> 00:02:15,480

Because thanks to the March of Dimes she knew the folic acid and orange juice may help reduce the risk of certain birth defects

20

00:02:16,000 --> 00:02:19,000

So before you start thinking about having a baby

34

00:04:15,760 --> 00:04:19,120

Professional pilots both commercial and military do see UFOs

35

00:04:19,520 --> 00:04:24,120

But the culture of silence within their ranks means the public almost never hears about it

36

00:04:24,520 --> 00:04:30,160

There was a time though not long ago when pilots who saw UFOs did talk to anyone who would listen

37

00:04:30,240 --> 00:04:35,840

They were the fighter pilots and gunners of World War two and they saw a lot of very strange things up there

38

00:04:35,840 --> 00:04:37,840

The

39

00:04:42,720 --> 00:04:45,560

World War two was the first great air war

40

00:04:46,160 --> 00:04:51,960

Weapons of mass destruction were airborne and technology was moving forward at an unprecedented rate

41

00:04:52,640 --> 00:04:57,160

Axis and allied powers were constantly on alert for the latest secret weapon

42

00:04:57,720 --> 00:04:59,720

Germany had the V1 rocket

43

00:04:59,760 --> 00:05:03,920

England had advanced radar an unblinking eye in the sky and

44

00:05:04,440 --> 00:05:08,160

America was hard at work developing the ultimate weapon the atomic bomb

45

00:05:09,800 --> 00:05:16,760

And says research scientist Richard Haynes the belief that the other side could have developed just about anything

46

00:05:17,160 --> 00:05:21,360

May have concealed the largest mass UFO sighting in history

47

00:05:22,320 --> 00:05:24,320

There were sailors on ships

48

00:05:24,840 --> 00:05:32,920

There were GIs on the ground in artillery battalions. There were German soldiers on the other side of the line people from all

49

00:05:33,800 --> 00:05:35,800

Sides of the war were involved

50

00:05:36,040 --> 00:05:42,120

And reported the same thing pilots described them as seemingly guided balls of light

51

00:05:42,640 --> 00:05:45,800

Bob Leroy a member of the 11th airborne in New Guinea

52

00:05:46,240 --> 00:05:51,640

remembers his first sighting of the mysterious craft suddenly I saw this ball about this size

53

00:05:52,320 --> 00:05:54,520

That that's thing there about three feet in diameter

54

00:05:55,560 --> 00:05:58,120

following this Japanese Betty bomber and

55

00:05:58,920 --> 00:06:03,000

It started changing colors. I thought I'd seen a new secret weapon

56

00:06:03,000 --> 00:06:07,680

I had to agree with the rest the guys because that's what they all thought it was they didn't know any better and

57

00:06:08,480 --> 00:06:11,240

Nobody had ever heard of a UFO in 44

58

00:06:11,520 --> 00:06:17,600

They were spotted around the world and became known as Foo Fighters from the French word for fire

59

00:06:18,240 --> 00:06:25,360

According to Haynes who has investigated hundreds of newspaper and eyewitness accounts the descriptions of the Foo Fighters are disturbingly alike

60

00:06:26,160 --> 00:06:28,160

Pilots would report

61

00:06:28,440 --> 00:06:34,000

Glowing luminous balls of light that would come up from the ground often orange or red

62

00:06:35,160 --> 00:06:37,160

Anywhere from one foot to six feet in diameter

63

00:06:38,000 --> 00:06:44,160

Would accelerate up to their altitude and then level off very quickly and then stay beside the airplane

64

00:06:44,280 --> 00:06:49,960

They would fly either singly or in pairs or in trio or four objects

65

00:06:50,720 --> 00:06:53,840

oftentimes in rigid formation which is important and

66

00:06:54,320 --> 00:06:57,640

All of these flight dynamics point

67

00:06:58,560 --> 00:07:03,320

In one way or another to a fairly high intelligent level of guidance

68

00:07:03,640 --> 00:07:08,480

Robert May was the tail gunner on a B24 for the last two years of World War two

69

00:07:08,720 --> 00:07:15,160

He vividly recalls a dangerous top secret mission to drop guns and ammunition behind German lines

70

00:07:15,320 --> 00:07:19,360

But it wasn't the nature of the mission that has stayed with Robert for more than a half century

71

00:07:19,560 --> 00:07:21,560

It's what he saw

72

00:07:21,880 --> 00:07:24,040

I spied something out there was kind of bright

73

00:07:24,800 --> 00:07:29,080

Didn't know if it was an aircraft or what it was. I'd say it was probably

74

00:07:30,200 --> 00:07:37,040

Traveling at a fairly decent speed maybe 200 miles an hour and 300 miles an hour and it was coming toward us

75

00:07:37,040 --> 00:07:39,040

But it was coming in a bright light

76

00:07:39,080 --> 00:07:41,080

That's what made it so odd

77

00:07:41,560 --> 00:07:45,360

That we could not identify if we all knew exactly whatever whatever

78

00:07:46,160 --> 00:07:50,760

Enemy aircrafts that we knew what it was. We could very easy because that's one of the things we were in real quick like

79

00:07:50,920 --> 00:07:58,760

The allies thought it was the Nazis the Nazis that it was the allies then the fireball showed up in Japan and here from the

80

00:07:58,920 --> 00:08:04,400

November 1944 issue of the New York Times is a very interesting case of a B29

81

00:08:04,760 --> 00:08:06,760

flying over Japan

82

00:08:06,880 --> 00:08:10,440

And the flight crew saw several food fighters

83

00:08:11,320 --> 00:08:19,160

Intelligence services for both Allied and Axis forces were hard at work trying to figure out where the food fighters were coming from

84

00:08:19,240 --> 00:08:23,200

Says Mark Bird salt of UFO magazine British intelligence

85

00:08:23,760 --> 00:08:25,760

Was interested as well

86

00:08:26,520 --> 00:08:34,640

Dave release reports they tried very very hard to put a category on it to classify it as a night fighter or an enemy bomber or something

87

00:08:34,640 --> 00:08:38,200

Other than that, but it proved useless. They couldn't do it

88

00:08:39,200 --> 00:08:44,200

To this day no one has figured out what they were or who made them

89

00:08:44,200 --> 00:08:50,040

I don't think there's any way that in 1943 or 44 or 45

90

00:08:50,920 --> 00:08:53,560

terrestrial technology was advanced enough to

91

00:08:54,280 --> 00:09:01,800

Produce the kind of flight dynamics the containment of energy the luminous output for as long as we're talking about here

92

00:09:01,800 --> 00:09:05,800

And food fighters did not go away when World War II entered

93

00:09:06,400 --> 00:09:13,120

Military pilots reported seeing them during the Korean War and were it not for the code of silence of modern-day pilots

94

00:09:13,120 --> 00:09:15,280

There might be continuing reports today

95

00:09:15,880 --> 00:09:21,120

Take the case of this former Soviet fighter pilot who claims to have had an encounter with a food fighter

96

00:09:22,600 --> 00:09:24,600

Again the altitude of

97

00:09:25,240 --> 00:09:27,640

3900 meters and I so

98

00:09:28,400 --> 00:09:31,760

Ball in front of me about 20 degrees to the right

99

00:09:32,640 --> 00:09:36,840

In 1991 Maxine Trabokov was at the top of his class

100

00:09:37,160 --> 00:09:39,760

Fast on his way to becoming Russia's top gun

101

00:09:40,200 --> 00:09:47,200

Then on a training flight Trabokov said that he was chased by an aggressive UFO that sent his plane into a nose dive

102

00:09:48,280 --> 00:09:49,560

my

103

00:09:49,560 --> 00:09:53,760

Altitude began to drop rapidly I had to pull the plane out of the nose dive

104

00:09:54,240 --> 00:09:58,440

At the altitude of thousand meters. I finally cleared the residential area and I

105

00:09:58,800 --> 00:10:02,680

Objected four seconds later the plane exploded

106

00:10:04,280 --> 00:10:08,200

Trabokov's admission that he had seen a fireball under intelligent control

107

00:10:08,720 --> 00:10:11,720

Cost him his career for pilots around the world

108

00:10:11,760 --> 00:10:16,320

This only strengthened their resolve to keep the code of silence as a result

109

00:10:16,320 --> 00:10:23,960

We are no closer to solving the food fighter mystery than we were 50 years ago. There's a possibility that food fighters

110

00:10:25,040 --> 00:10:27,920

Could have been or could or still are

111

00:10:29,280 --> 00:10:34,240

Guided and controlled created produced by an advanced intelligence not of this planet

112

00:10:34,960 --> 00:10:36,960

But that is a difficult

113

00:10:37,400 --> 00:10:39,160

Thing to prove clearly

114

00:10:39,160 --> 00:10:46,800

I'd like to simply let the evidence speak for itself and to continue to do research on the subject and then simply let the chips fall where they

115

00:10:48,280 --> 00:10:53,120

It's important to remember that in the heyday of the food fighter the term flying saucer

116

00:10:53,360 --> 00:10:54,760

Hadn't been invented yet

117

00:10:54,760 --> 00:11:01,160

So pilots didn't have a standard by which to measure their encounters in fact the government panel that studied food fighters in

118

00:11:01,400 --> 00:11:07,800

1953 said quote if the term flying saucer had been popular in 1943 these objects would have been so labeled

119

00:11:09,720 --> 00:11:17,080

Next messages of hope and help from beyond the grave was almost like they glowed and he had his armor on her and he just said

120

00:11:17,080 --> 00:11:19,080

I've got her now, baby, and she's okay

121

If you believe in angels you're not alone

138

00:13:10,200 --> 00:13:17,040

According to Gallup poll more than half of all Americans do believe in angels a lot of people believe that these angels are deceased

139

00:13:17,080 --> 00:13:23,800

relatives of mother father or sister and there are many incredible stories of people who have been saved by the

140

00:13:23,800 --> 00:13:26,160

Whispers from a loved one from beyond the grave

141

00:13:36,080 --> 00:13:39,400

My herd of boys say to me go outside and check the swing pool

142

00:13:40,040 --> 00:13:42,720

Our youngest son was only 21 months old

143

00:13:43,280 --> 00:13:45,160

Jonathan was

144

00:13:45,160 --> 00:13:50,440

Floating in the deep end of the pool face up but under the water eyes wide open

145

00:13:50,720 --> 00:13:56,520

And I quickly ran to the side of the pool and screeched out Judy's name and I jumped in the pool and pushed it to the side

146

00:13:57,160 --> 00:14:04,000

Fortunately, I pulled this huskily crying child out of the pool who didn't require any resuscitation and Bill and I just

147

00:14:04,320 --> 00:14:06,320

wrapped him in our arms and

148

00:14:06,880 --> 00:14:10,880

Then later bill was able to tell me the story as we come down

149

00:14:10,880 --> 00:14:13,240

I don't know if you're gonna believe this

150

00:14:14,240 --> 00:14:16,920

But the only reason I went out to check the pool

151

00:14:17,520 --> 00:14:21,760

Was because I heard the voice of my father say go check the pool and

152

00:14:22,480 --> 00:14:25,880

His father had died thirty three years earlier

153

00:14:27,800 --> 00:14:34,480

Both Judy and Bill Guggenheim now say that it wasn't just a coincidence or a fluke memory that called bill to the pool

154

00:14:34,480 --> 00:14:38,480

It was a communication from the grave bill was eight years old

155

00:14:39,360 --> 00:14:43,120

And yet he came back to save his youngest grandson

156

00:14:44,040 --> 00:14:46,040

Who is now 18 years old?

157

00:14:46,360 --> 00:14:52,640

Bill and Judy have learned that what bill experienced has a name after death communication or ABC?

158

00:14:54,000 --> 00:14:58,960

ABC is when someone is contacted directly and spontaneously by a loved one who has died

159

00:14:59,160 --> 00:15:01,160

That is the one who's made their transition

160

00:15:01,680 --> 00:15:05,400

Chooses when and where and how to contact the person who's still physically alive

161

00:15:06,120 --> 00:15:13,480

After their son's miraculous rescue the Guggenheims interviewed more than two thousand people who had been touched by ABC and

162

00:15:13,520 --> 00:15:18,080

Put their stories in this book. So based upon our after death communication research

163

00:15:18,160 --> 00:15:20,460

We can serve we estimate to at least

164

00:15:21,400 --> 00:15:25,040

50 million Americans have had one or more ABC experiences

165

00:15:26,160 --> 00:15:31,920

Pam Strickland and Susan Marshall are among those who have been touched by after death communication

166

00:15:32,160 --> 00:15:37,000

I don't want to say it frightened me, but it just this was something that was way beyond it any of us

167

00:15:37,720 --> 00:15:40,240

Of all the friends I had it's the only one I ever

168

00:15:40,880 --> 00:15:45,400

Stayed in contact with of all these years. She's my my best friend in the world

169

00:15:45,400 --> 00:15:47,400

I feel like she's my sister and

170

00:15:47,680 --> 00:15:52,960

That friendship moved to an even deeper level after they shared an ABC experience

171

00:15:53,040 --> 00:15:59,400

My mother had been terminally ill with cancer and Susan and I had decided that after my mother had passed away

172

00:16:00,080 --> 00:16:04,680

After I took care of some details that I was going to come and stay with her and her family up here

173

00:16:04,680 --> 00:16:10,800

I loved her mother. I knew her mother very well and and Ruth meant a lot to me. We were very close

174

00:16:11,440 --> 00:16:20,200

There was a great deal of love there. She was very protective extremely protective of me and very very nurturing toward me as well

175

00:16:20,280 --> 00:16:27,640

It was one afternoon in 1992 when Pam found out how strong her mother's love could be from beyond the grave

176

00:16:27,640 --> 00:16:29,320

I was

177

00:16:29,320 --> 00:16:31,320

Leaving the house to go get some groceries

178

00:16:31,920 --> 00:16:37,920

Susan had just gone in to take her two and a half year old son Eric to the back part of the house to give him a bath and

179

00:16:38,640 --> 00:16:41,640

She had laid Sammy her six-month-old daughter down for a nap

180

00:16:42,360 --> 00:16:48,000

And just as I started to open the front door. I heard my mother's voice say you need to check the baby

181

00:16:48,000 --> 00:16:52,600

She doesn't sound right and my my immediate reaction was

182

00:16:53,240 --> 00:16:55,860

You're hearing things and I ignored it

183

00:16:55,860 --> 00:16:56,720

I

184

00:16:56,720 --> 00:17:04,000

Started to walk out the door again got a few steps out the front door and this time I heard in a very stern clear voice

185

00:17:04,600 --> 00:17:08,040

Pamela you need to check the baby. She doesn't sound right. I

186

00:17:08,520 --> 00:17:16,240

Turned around peaked into the door into Sammy's room and I looked into the crib and her whole head and face were completely

187

00:17:16,440 --> 00:17:20,800

Covered I picked Sammy up her face was almost like a gray color

188

00:17:20,800 --> 00:17:24,640

She at that point let out a big deep gas for air

189

00:17:25,240 --> 00:17:29,160

And that's what I realized something special had happened

190

00:17:29,960 --> 00:17:34,640

Both Pam and Susan are convinced Samantha is here today because of ADC

191

00:17:34,720 --> 00:17:39,240

It was her voice that she heard and I believe that we'd said that to her daughter

192

00:17:40,040 --> 00:17:42,040

for my daughter

193

00:17:42,680 --> 00:17:44,680

That's why she's here today. I

194

00:17:44,920 --> 00:17:51,600

Would have to say that most of the people that I see report an ADC experience in one form or another

195

00:17:52,360 --> 00:17:56,760

Dr. Kathleen Moore is a certified bereavement counselor in Orlando, Florida

196

00:17:57,280 --> 00:17:59,760

The study of ADC is exciting

197

00:18:00,360 --> 00:18:05,160

because we all face the experience of bereavement at one point or another in our lives and

198

00:18:05,680 --> 00:18:08,640

Since so many people report this as an experience

199

00:18:08,960 --> 00:18:13,680

It gives us another way to look at it and perhaps another way to help that person through the experience

200

00:18:15,440 --> 00:18:20,760

Mainstream science explains away after death communication as grief-induced hallucination

201

00:18:21,040 --> 00:18:26,800

But researchers asked what about the cases where the ADC occurs before the death of a loved one is known

202

00:18:28,280 --> 00:18:35,280

There is no explanation that I can find of how somebody could have an experience first and then learn of the death afterwards and

203

00:18:35,480 --> 00:18:40,520

Still call that a grief-induced hallucination because they're not a bereaved when they have the experience

204

00:18:41,000 --> 00:18:47,640

That was the case for Joanne Freeman who was awakened in the middle of the night by a phone call about her daughter Kim

205

00:18:48,520 --> 00:18:50,920

when I answered the phone it was the

206

00:18:52,000 --> 00:18:57,680

Dispatch office at the police department and they were telling me to answer the door and so I

207

00:18:58,240 --> 00:19:02,080

Was coming out of my bedroom when all of a sudden I saw this

208

00:19:03,080 --> 00:19:07,560

Vision of Kimmy and her grandfather who is deceased

209

00:19:08,280 --> 00:19:12,600

They were like in a fog and Kim was standing there right next to him just

210

00:19:13,560 --> 00:19:19,040

Smiling as pretty as anything. It was almost like they glowed, you know, they were just they were perfect

211

00:19:19,040 --> 00:19:24,560

And they both just looked very peaceful happy and he had his arm rounder

212

00:19:24,560 --> 00:19:27,760

And he just said I've got her now baby, and she's okay

213

00:19:28,240 --> 00:19:30,240

It seemed like when I blinked and

214

00:19:31,360 --> 00:19:35,200

I kind of shook my head because I was just amazed that I would see this

215

00:19:35,760 --> 00:19:37,760

When I open my eyes back it was gone

216

00:19:38,480 --> 00:19:44,040

so that's when I came on down into the living room and into the door and the police were there and

217

00:19:44,480 --> 00:19:47,840

they were informing me that Kim had been in an accident and

218

00:19:49,040 --> 00:19:51,040

She was killed

219

00:19:51,120 --> 00:19:58,440

Although nothing can ever erase the pain of Kimmy's loss the ADC experience helped Joanne come to terms with her grief

220

00:19:58,440 --> 00:20:01,640

I think seeing Kimmy like I did

221

00:20:02,360 --> 00:20:04,640

I think it has helped me

222

00:20:05,200 --> 00:20:06,600

and maybe

223

00:20:06,600 --> 00:20:08,600

that was

224

00:20:08,760 --> 00:20:10,760

God's way of telling me, you know

225

00:20:11,160 --> 00:20:18,000

Here she is, you know, you will get to see her one more time and he let her tell me, you know, mom

226

00:20:18,000 --> 00:20:22,480

I'm okay. I don't know why it happened, but I know it happened to me and

227

00:20:23,160 --> 00:20:27,560

You know, so I will treasure it, you know as long as I live I will always treasure that

228

00:20:27,920 --> 00:20:32,280

She will always be a part of my heart. She will always be a part of me

229

00:20:33,280 --> 00:20:36,480

You can't do this work without becoming emotional and involved in it

230

00:20:36,480 --> 00:20:44,280

The pay counselor gets too moving too sensitive and too real to question that they might be anything but actual contacts

231

00:20:44,280 --> 00:20:46,280

But it's these loved ones

232

00:20:48,600 --> 00:20:55,960

Many researchers believe these spiritual encounters are simply a spontaneous memory of what a loved one would have said had they been there

233

00:20:56,240 --> 00:21:04,040

But those who have had an ADC encounter insist that they've been contacted by a force that science will probably never understand

234

00:21:05,280 --> 00:21:11,160

Next as the third millennium approaches will be find spiritual enlightenment people are looking for greater opportunity

235

00:21:11,920 --> 00:21:15,000

To link themselves to something bigger than themselves

236

00:21:17,280 --> 00:21:20,760

Okay guys go out for lunch, you know the rules

237

The year 2000 may be just a number

247

00:22:23,600 --> 00:22:28,560

But all those zeros seem to be inspiring people to make predictions think about the future and

248

00:22:29,000 --> 00:22:31,600

Contemplate the meaning of life and mortality

249

00:22:32,280 --> 00:22:37,440

Combine the coming millennium with 70 million baby boomers all of whom have reached middle age

250

00:22:37,440 --> 00:22:43,680

And you've discovered why the search for enlightenment is big news and big business

251

00:22:47,800 --> 00:22:51,680

I think spirituality is really one of the hot topics today

252

00:22:51,680 --> 00:22:54,200

And I think as we approach a new millennium

253

00:22:54,600 --> 00:22:58,520

People are now drawn toward the hope that there's more to life

254

00:22:58,520 --> 00:23:06,280

And there's a possibility of putting life together in a way that is more creative and more satisfying to the human spirit

255

00:23:06,840 --> 00:23:08,760

than ever before

256

00:23:08,760 --> 00:23:16,760

Religion sociologist Wade Clark calls it the quest culture a generation of seekers with an endless thirst for knowledge

257

00:23:16,960 --> 00:23:18,960

about the mysteries of existence

258

00:23:18,960 --> 00:23:22,960

His research inspired Ruth to write a book about these lost baby boomers

259

00:23:23,960 --> 00:23:25,960

I think there's a quest for meaning

260

00:23:25,960 --> 00:23:28,960

There's a quest for sense of understanding about life

261

00:23:28,960 --> 00:23:34,960

And more than just that there's a quest for greater connectedness

262

00:23:34,960 --> 00:23:35,960

People are lonely

263

00:23:35,960 --> 00:23:41,960

People are looking for greater opportunity to link themselves to something bigger than themselves

264

00:23:41,960 --> 00:23:45,960

There's a tremendous hunger in America for spirituality

265

00:23:46,960 --> 00:23:53,960

Since 1977, Elizabeth Lesser has been feeding this spiritual hunger at the Omega Institute

266

00:23:53,960 --> 00:23:58,960

The retreat provides eclectic workshops for people in search of meaning

267

00:23:58,960 --> 00:24:02,960

Our culture was dominated by rationalism, science

268

00:24:02,960 --> 00:24:06,960

There was a whole movement to take anything religious out of schools

269

00:24:06,960 --> 00:24:14,960

And there, of course, has been the whole materialism that's dominated the later part of the 20th century

270

00:24:15,000 --> 00:24:20,000

So there's a great hunger in people for something of meaning in their lives

271

00:24:20,000 --> 00:24:23,000

Places like Omega didn't create it

272

00:24:23,000 --> 00:24:25,000

We grew up in response to a need

273

00:24:25,000 --> 00:24:27,000

People are trying to grow

274

00:24:27,000 --> 00:24:31,000

They're trying to find new insight

275

00:24:31,000 --> 00:24:32,000

Ancient wisdom

276

00:24:32,000 --> 00:24:35,000

Nice! Good, again!

277

00:24:35,000 --> 00:24:38,000

First of all, people have more choices than ever

278

00:24:38,000 --> 00:24:42,000

Some people have returned to traditional evangelical faiths

279

00:24:42,040 --> 00:24:46,040

Many, of course, have looked to so-called New Age religions

280

00:24:46,040 --> 00:24:50,040

Choice now means that one can pick and choose

281

00:24:50,040 --> 00:24:53,040

I call it the new American spirituality

282

00:24:53,040 --> 00:24:58,040

You can be a spiritual person without belonging to any kind of church

283

00:24:58,040 --> 00:25:03,040

You can do Buddhist meditation and go on a Christian retreat

284

00:25:03,040 --> 00:25:06,040

And celebrate the high holy days

285

00:25:06,040 --> 00:25:11,040

And build your own path, a patchwork of the great wisdom traditions

286

00:25:11,080 --> 00:25:17,080

The search for meaning outside of the mainstream led Bill Elliott down a surprisingly traditional path

287

00:25:17,080 --> 00:25:23,080

Haunted by the death of his parents as a small boy, Bill had been plagued by depression and anger

288

00:25:23,080 --> 00:25:27,080

Until he decided to seek out the world's great thinkers

289

00:25:27,080 --> 00:25:30,080

And ask them to explain the meaning of life

290

00:25:30,080 --> 00:25:33,080

I thought that's what I'll do, I'll get to 20 wisest people and put them in one book

291

00:25:33,080 --> 00:25:36,080

And ask them maybe 20 questions about life

292

00:25:36,080 --> 00:25:38,080

The questions most of us want to know about things

293

00:25:38,120 --> 00:25:42,120

Bill wasn't a professional writer, just a man in search of answers

294

00:25:42,120 --> 00:25:46,120

So he borrowed a typewriter and sat down with a stack of paper

295

00:25:46,120 --> 00:25:50,120

And a sincere resolve to find humankind's place in the cosmos

296

00:25:50,120 --> 00:25:54,120

I typed up this letter and then I typed in the name at the top and it looked really bad

297

00:25:54,120 --> 00:25:59,120

So I sent out all these letters and my friends, a lot of them said, Bill, you know, it's not going to work

298

00:25:59,120 --> 00:26:03,120

And I, you know, I thought, well, maybe not

299

00:26:03,120 --> 00:26:06,120

And they said, no, you know, Bill, you're nobody

300

00:26:06,160 --> 00:26:11,160

Amazingly, though Bill had no credentials, his heartfelt persistence paid off

301

00:26:11,160 --> 00:26:15,160

Some of the most influential thinkers of the 20th century agreed to meet him

302

00:26:15,160 --> 00:26:19,160

And share their insights about the meaning of life and death

303

00:26:19,160 --> 00:26:26,160

When I interviewed Norman Vincent Peal, he said that he believes that there's a reason why we're each born

304

00:26:26,160 --> 00:26:28,160

And that we each have a purpose

305

00:26:28,160 --> 00:26:33,160

And I believe a person can, at all, come close to finding what their purpose of life is

306

00:26:33,200 --> 00:26:36,200

I think it will change all their life

307

00:26:36,200 --> 00:26:43,200

People are searching in many places to try to come to terms with their ordinary lives

308

00:26:43,200 --> 00:26:51,200

And that spirituality in the final analysis is something very, very human

309

00:26:51,200 --> 00:26:55,200

It's everyday life made meaningful

310

00:26:55,200 --> 00:26:57,200

And that's what all of us want

311

00:26:57,200 --> 00:27:00,200

To make some sense out of our everyday lives

312

00:27:00,240 --> 00:27:07,240

So that when you get up in the morning and look in the mirror, you have some motivation for the rest of the day

313

00:27:07,240 --> 00:27:12,240

It was Bill's overwhelming sadness about the untimely death of his parents

314

00:27:12,240 --> 00:27:15,240

That led him to seek out Buddhist leader, the Dalai Lama

315

00:27:15,240 --> 00:27:21,240

At one time I thought to be enlightened and to be really wise meant that I would never be sad again

316

00:27:21,240 --> 00:27:25,240

That I'd be beyond being sad or beyond suffering

317

00:27:25,280 --> 00:27:28,280

So when I asked him, is there anything that makes him sad in your life?

318

00:27:28,280 --> 00:27:31,280

And he said, I'm a man who's lost my country

319

00:27:31,280 --> 00:27:35,280

And he talked about all the suffering that's happened to about all the people being killed

320

00:27:35,280 --> 00:27:37,280

And he was very sad

321

00:27:37,280 --> 00:27:43,280

For some reason that helped free me because I realized that, boy, here there's this person considered very wise by a lot of people

322

00:27:43,280 --> 00:27:44,280

And he's still sad

323

00:27:44,280 --> 00:27:46,280

Oh, well, I guess it's okay to be sad

324

00:27:46,280 --> 00:27:53,280

The words of wisdom that Bill has gathered from around the world are in Tying Rocks to Clowns

325

00:27:53,320 --> 00:27:57,320

A book that Bill hopes will provide solace in the coming millennium

326

00:27:57,320 --> 00:28:03,320

The deepest wish I had for my book was that it would help people in their life

327

00:28:03,320 --> 00:28:05,320

Because I know what it's like to be lost

328

00:28:05,320 --> 00:28:11,320

So many people have come to realize that they need something deeper within themselves

329

00:28:11,320 --> 00:28:14,320

Let's call it soul, let's call it spirit

330

00:28:14,320 --> 00:28:19,320

Something within themselves that gives them a sense of direction

331

00:28:19,320 --> 00:28:21,320

And some purpose and meaning for their life

332

00:28:21,360 --> 00:28:25,360

And while some have turned to an unorthodox approach

333

00:28:25,360 --> 00:28:29,360

The fundamental search is the same within all of us

334

00:28:29,360 --> 00:28:38,360

If we understand the human quest to be one of search for meaning and for finding the sacred in everyday life

335

00:28:38,360 --> 00:28:41,360

I don't think that one ever goes away

336

00:28:41,360 --> 00:28:45,360

And I don't think the 21st century, I'll call it the 3rd millennium

337

00:28:45,360 --> 00:28:49,360

Will fundamentally change the nature of that quest

338

00:28:49,400 --> 00:28:54,400

It may take new forms, but that quest I think is here to stay

339

00:28:56,400 --> 00:29:00,400

So significant is this new kind of do-it-yourself enlightenment

340

00:29:00,400 --> 00:29:02,400

That sociologists have given it a name

341

00:29:02,400 --> 00:29:09,400

Now more than 30 million Americans, half of all the baby boomers, are in a new category of religious worship

342

00:29:09,400 --> 00:29:12,400

Called believers, but not belongers

343

00:29:13,400 --> 00:29:15,400

Okay, okay, here it goes, yeah

344

00:29:15,400 --> 00:29:17,400

It's changing color

345

00:29:17,400 --> 00:29:18,400

And you know what that means

346

00:29:18,440 --> 00:29:20,440

You were right

347

00:29:20,440 --> 00:29:22,440

We've got hard water

348

00:29:22,440 --> 00:29:26,440

If your soap won't lather well and your skin feels dry, you might have hard water

349

00:29:26,440 --> 00:29:27,440

And then you need zest

350

00:29:27,440 --> 00:29:29,440

Soap leaves a trying fill behind

351

00:29:29,440 --> 00:29:34,440

But even in hard water, zest brings us clean away for cleaner, smoother skin

352

00:29:34,440 --> 00:29:35,440

You're not fully clean

353

00:29:35,440 --> 00:29:36,440

And smooth

354

00:29:36,440 --> 00:29:38,440

Unless you're zest fully clean

355

00:29:38,440 --> 00:29:43,440

And for an incredible feeling of clean, try zest body wash

356

00:29:43,480 --> 00:29:47,480

Beyond the edge of reality

357

00:29:47,480 --> 00:29:51,480

Lies a story of ultimate conquest

358

00:29:51,480 --> 00:29:54,480

A story of war and friendship

359

00:29:54,480 --> 00:29:57,480

A story of a lung that can never be

360

00:29:57,480 --> 00:30:01,480

And a hatred that always was

361

00:30:01,480 --> 00:30:05,480

And now, the most anticipated epic adventure of the year

362

00:30:05,480 --> 00:30:09,480

Will never come to a theater near you

363

00:30:09,480 --> 00:30:11,480

Final Fantasy VII

364

00:30:11,520 --> 00:30:13,520

They stand so much

365

00:30:19,520 --> 00:30:23,520

They move among us, cursed with eternal bloodlust

366

00:30:23,520 --> 00:30:27,520

Bright and cross the threshold between the living and the dead

367

00:30:27,520 --> 00:30:29,520

Dark thoughts, evil plans

368

00:30:29,520 --> 00:30:31,520

In a cultured double feature

369

00:30:31,520 --> 00:30:35,520

Then beginning Monday, immortality is theirs to behold

370

00:30:35,520 --> 00:30:38,520

See before you're a man of this percentage

371

00:30:38,560 --> 00:30:43,560

Hearing for night's classic year, the legacy of Dracula

372

00:30:43,560 --> 00:30:47,560

As bright as the days on this Ivi channel

373

00:30:50,560 --> 00:30:53,560

Hello there, I'd like to welcome you to Psychic Talk USA

374

00:30:53,560 --> 00:30:56,560

What happened to you when you were seven years old, sweetheart?

375

00:30:56,560 --> 00:30:58,560

What happened to me when I was seven?

376

00:30:58,560 --> 00:30:59,560

Yeah

377

00:30:59,560 --> 00:31:02,560

What happened to you with your mom when you were seven?

378

00:31:02,560 --> 00:31:04,560

She sent me to my father

379

00:31:04,560 --> 00:31:06,560

Yeah, that was a hard thing for you, wasn't it?

380

00:31:06,560 --> 00:31:07,560

Yeah

381

00:31:07,600 --> 00:31:09,600

Are you astounded by what this woman has just told you?

382

00:31:09,600 --> 00:31:13,600

Did you think that anyone knew that but you and your mother and your father?

383

00:31:13,600 --> 00:31:15,600

Yeah, no, nobody knew it

384

00:31:15,600 --> 00:31:16,600

You couldn't have known it

385

00:31:16,600 --> 00:31:19,600

You got a career move coming up for you

386

00:31:19,600 --> 00:31:21,600

Yeah, I'm gonna get rid of the move overseas
