

1

00:00:00,000 --> 00:00:29,520

Whether it's through religion, seance, shaman, or personal prayer, we all share the universal

2

00:00:29,520 --> 00:00:35,680

desire to communicate with the dead. What does it feel like to die? Do loved ones watch over us

3

00:00:35,680 --> 00:00:41,920

from another dimension? Is there life after death? Hello, I'm Tim White, and on this special edition

4

00:00:41,920 --> 00:00:49,040

of Sightings, we may talk to the dead, but do they talk back? Someone died in the spacemen.

5

00:00:50,080 --> 00:00:55,520

On this special edition of Sightings, in New York, an entire neighborhood fights back against

6

00:00:55,600 --> 00:01:07,280

uninvited visitors. Do the dead attack? This man has lived in the most haunted house in America,

7

00:01:07,280 --> 00:01:24,080

and suffered the consequences. Can the dead live again? A World War I soldier dies violently,

8

00:01:24,080 --> 00:01:30,400

but is he alive today? I know my little boy really experienced what he said he did. There's no

9

00:01:30,400 --> 00:01:37,600

doubt in my mind. Can the dead save the living? Love transcends death, and a boy is given a second

10

00:01:37,600 --> 00:01:43,600

chance at life. It's not very often you get a miracle in your life, and then confirmation of it in the

11

00:01:43,600 --> 00:01:51,120

same day. Compelling new testimony from the living, who say they've been contacted by the dead. I looked

12

00:01:51,120 --> 00:01:58,400

at the window, there's this little girl's feet. She had curly hair. I had to be a ghost. It's a

13

00:01:58,400 --> 00:02:07,040

sighting special, in depth and beyond, the living dead, speaking from the grave.

14

00:02:21,760 --> 00:02:41,440

According to a recent poll, seeing, hearing, or feeling the presence of a spirit is the most

15

00:02:41,440 --> 00:02:47,920

common type of paranormal encounter. More than 125 million people, more than half of all Americans,

16

00:02:48,000 --> 00:02:54,160

will have some type of ghostly encounter in their lifetime. Belief in the presence of the spirit world

17

00:02:54,160 --> 00:02:59,440

on earth crosses all social, cultural, and economic boundaries, and can count among its believers some

18

00:02:59,440 --> 00:03:11,840

of history's greatest thinkers and greatest charlatans. For eons, the mysteries of life have

19

00:03:11,840 --> 00:03:18,240

often focused on death. Civilizations dating back to ancient times devised elaborate preparations

20

00:03:18,240 --> 00:03:23,920

for the inevitable. Almost all human cultures, human societies have a belief in afterlife that

21

00:03:23,920 --> 00:03:29,440

when a person dies, when you leave this state of being, you're going somewhere. If you look at the

22

00:03:29,440 --> 00:03:36,640

earliest documents that we find for most cultures, it's spiritual, religious symbols, imagery, texts,

23

00:03:36,640 --> 00:03:45,920

which invariably reference something beyond this world. The ancient Egyptians definitely had a view

24

00:03:45,920 --> 00:03:53,840

of the afterlife. The human soul went on in the afterlife, and this is the reason for the artifacts

25

00:03:53,840 --> 00:04:00,240

being left in the tomb of the dead person. And it hasn't only been Egyptian pharaohs looking for a

26

00:04:00,240 --> 00:04:05,040

way to move beyond their physical existence on earth. There has always been an endless fascination

27

00:04:05,040 --> 00:04:10,880

with the catalyzing possibility of immortality that life after death offers. There's an intuitive

28

00:04:10,880 --> 00:04:18,080

knowing that life extends beyond our physical body. We are a spirit. We are a soul wearing a

29

00:04:18,080 --> 00:04:23,280

body right here, right now, and death is nothing more than taking off the body and casting it aside.

30

00:04:25,440 --> 00:04:31,920

In the late 1840s, two sisters in Hidesville, New York, caused a stir when words spread that they

31

00:04:31,920 --> 00:04:38,000

were able to contact the dead. Maggie and Kate Fox claimed the departed spirit signaled them by

32

00:04:38,000 --> 00:04:44,480

making tapping sounds. A public eager to believe them embraced the Fox sisters as the first prominent

33

00:04:44,480 --> 00:04:52,320

mediums, and a new movement was born, spiritualism. When spiritualism came along, of course, people

34

00:04:52,320 --> 00:04:56,880

were baffled by the phenomenon. They didn't understand what these tappings or what these

35

00:04:56,880 --> 00:05:05,600

sightings were. There seems to be a need of people to realize that there's a part of love

36

00:05:05,600 --> 00:05:14,880

being that is eternal. The sisters invited people to their home to witness the astonishing contacts

37

00:05:14,880 --> 00:05:21,280

they seem to be making, and the movement grew rapidly. But Maggie shocked the world 30 years later

38

00:05:21,280 --> 00:05:26,160

when she confessed that their seances were hoaxes, despite her confession which she later

39

00:05:26,160 --> 00:05:33,440

contracted, the spiritualist movement thrived as a new charismatic leader emerged. Helena Petrovna

40

00:05:33,440 --> 00:05:44,240

Blavatsky was probably the most learned person in the 19th century regarding a view of the afterlife.

41

00:05:44,800 --> 00:05:50,960

Though she also conducted seances, Blavatsky was best known as a visionary, who introduced

42

00:05:50,960 --> 00:05:56,880

eastern religion and spiritual thinking into the western world. In her writings, she explained

43

00:05:56,880 --> 00:06:03,840

human existence as a succession of reincarnations in which each rebirth moves us closer to a supreme

44

00:06:03,840 --> 00:06:12,240

spiritual state. Americans are still fascinated with seances, spiritualism, and belief in

45

00:06:12,240 --> 00:06:18,320

after-death communication. But how does modern science deal with a movement so anchored in simple faith?

46

00:06:18,960 --> 00:06:26,560

The goal is to sync up the ancient wisdom, take the eternal truths, the occult knowledge,

47

00:06:27,200 --> 00:06:34,400

and synthesize it with modern science. Then there'll be one explanation. No matter how

48

00:06:34,400 --> 00:06:39,760

varied the phenomena is, there will only come down to one explanation because truth is true.

49

00:06:40,480 --> 00:06:46,480

As we approach the 21st century, paranormal investigators are using a vast array of sophisticated

50

00:06:46,480 --> 00:06:51,600

scientific equipment to analyze spirit encounters. Often difficult to explain,

51

00:06:51,600 --> 00:06:58,560

compelling evidence is routinely uncovered. If there are in fact apparitions, if we are in fact

52

00:06:58,560 --> 00:07:05,440

surviving death, this certainly is one of the most important questions we can ever look into as human

53

00:07:05,440 --> 00:07:11,120

beings. It is something that has tremendous implications about what we are, about who we are,

54

00:07:11,120 --> 00:07:18,160

and about what life really is. The whole world is looking for the same answers to the same questions,

55

00:07:18,160 --> 00:07:22,960

and it's the souls inner yearning, that divine ray in each and every one of us,

56

00:07:22,960 --> 00:07:30,560

that is pushing us on in this pilgrimage called life. Judging by the history of haunting phenomena,

57

00:07:30,560 --> 00:07:35,600

ghosts are homebodies. The physical body may rest in the grave, but the spirit doesn't.

58

00:07:35,600 --> 00:07:41,040

It appears in places and to people who knew it best, and there are some places and some people

59

00:07:41,120 --> 00:07:46,960

who seem to be, in a sense, ghost magnets, consistently drawing supernatural energy from the

60

00:07:46,960 --> 00:07:59,520

next world into this. Nestled in New York's Hudson Valley, a two-hour drive from Manhattan

61

00:07:59,520 --> 00:08:05,440

is the town of Beacon. The region had been a vibrant industrial hub throughout the 1800s,

62

00:08:05,440 --> 00:08:09,760

but father time and the lore of the big city for those who'd grown up here

63

00:08:09,760 --> 00:08:15,200

have been hard on little Beacon. Many homes in the area are more than a century old,

64

00:08:15,200 --> 00:08:20,480

and it was this history and the quaint character of the community that first attracted Julie Cohen

65

00:08:20,480 --> 00:08:26,480

and her ex-husband to Beacon in 1985. They bought this charming house built in the 1800s.

66

00:08:26,480 --> 00:08:33,200

And I loved it, and I wanted it. Julie and her ex-husband began an extensive renovation of the

67

00:08:33,200 --> 00:08:40,560

interiors. The house was in dire need of some pretty hefty work. It had a wood-burning stove,

68

00:08:40,560 --> 00:08:47,200

the dining room floor had been cemented, the floors were painted red, and everything had to be done.

69

00:08:48,160 --> 00:08:53,680

So we did that, and we worked day and night, and the last step was sanding the floors before we

70

00:08:53,680 --> 00:08:59,600

could move our furniture in. Julie's ex-husband and a friend stand in urethane the wood floors,

71

00:08:59,600 --> 00:09:03,920

then left, locking up the house so that no one could walk on the wet floors.

72

00:09:03,920 --> 00:09:08,800

But when they returned several hours later, they found this small dusty footprints of what appeared

73

00:09:08,800 --> 00:09:14,640

to be a barefoot child who'd walked across the floor. Julie's ex-husband was furious. He thought

74

00:09:14,640 --> 00:09:18,880

that neighbor and child must have broken into the locked house, but then Julie made an amazing

75

00:09:18,880 --> 00:09:24,880

discovery. To check the floor to see if there had been any damage, I brushed away the dust,

76

00:09:24,880 --> 00:09:30,800

the dirt from the floor, and it was tacky, but there was nothing there. There was no more imprint.

77

00:09:30,800 --> 00:09:38,880

No foot. It was gone. What I felt was very strange about the whole thing was whoever walked on the

78

00:09:38,880 --> 00:09:46,960

floor would have left an imprint in the floor because the floor was wet and tacky from the urethane,

79

00:09:47,920 --> 00:09:54,560

and there was nothing there. There was no imprint. There was nothing. Not long afterward,

80

00:09:54,560 --> 00:09:59,920

Julie and her mother were painting an upstairs bedroom. An old radio tuned to a rock station

81

00:09:59,920 --> 00:10:06,080

suddenly and inexplicably changed to another station. The first time that the radio changed on

82

00:10:06,080 --> 00:10:12,640

its own, I was in the bathroom and I was cleaning brushes, and I had my music on and all of a sudden

83

00:10:13,360 --> 00:10:19,120

it started going out of tune, so I went over to put it back and I could actually see

84

00:10:19,760 --> 00:10:27,440

dial moving and changing to a different song, to a different station, a softer station,

85

00:10:27,440 --> 00:10:38,160

softer music, not my rock and roll, and I actually would watch the thing turn and watch the dial move,

86

00:10:39,280 --> 00:10:44,160

and I'd move it back and it would move it back and I'd just stop fighting with it

87

00:10:44,880 --> 00:10:52,000

and said, okay, you win. There were many nights during that period of renovation when Julie would

88

00:10:52,000 --> 00:10:57,840

be awakened by one strange sound or another. There was a child crying in the distance, doors opening

89

00:10:57,840 --> 00:11:02,720

and closing by themselves, heavy footsteps on the back staircase when no one was there.

90

00:11:03,920 --> 00:11:08,160

After their renovation was completed, the paranormal activity seemed to settle down

91

00:11:08,160 --> 00:11:14,160

until Julie gave birth to her first child. I was breastfeeding and I'd walk into his room

92

00:11:15,120 --> 00:11:21,280

and the crib would be down. The rails, it was a brand new crib and the crib rails, I would be down,

93

00:11:23,040 --> 00:11:29,040

so I'd look and I'd lift it up and I'd feed him and I'd put him back to bed and it'd be up

94

00:11:30,080 --> 00:11:35,760

and in the morning I'd go in and the crib would be down. Julie's ex-husband checked the crib and found

95

00:11:35,760 --> 00:11:42,160

nothing wrong with the railing mechanism, but the strange activity continued. And finally I'm feeding

96

00:11:42,160 --> 00:11:49,600

him my oldest and I'm sitting in the rocking chair and the closet door opens a little bit

97

00:11:50,480 --> 00:11:58,800

and I hear the noise and I said to myself, it's a little girl, she's doing it. It's gotta be because

98

00:11:58,800 --> 00:12:07,360

the crib's not broken. And I said it's okay, I know you love the baby and I know you want to be with

99

00:12:07,360 --> 00:12:14,800

the baby, but you can't put the crib side down anymore because the baby could get hurt. And you

100

00:12:14,800 --> 00:12:19,440

can sit with me while I feed the baby and you don't have to be afraid and we don't want you to go

101

00:12:19,440 --> 00:12:28,640

anywhere, it's okay. And the crib never opened again after that. Julie became convinced that the

102

00:12:28,640 --> 00:12:33,680

spirit of a little girl was living in the old house with her family and she felt sure that the

103

00:12:33,680 --> 00:12:40,640

spirit meant them no harm. For 10 years, during which time Julie had a second child and also was

104

00:12:40,640 --> 00:12:47,120

divorced, she continued to feel comfortable with her unseen visitor. But in the fall of 1996, city

105

00:12:47,120 --> 00:12:52,160

engineers began to tear up the street in front of her house to lay a new sewer line. This seemed to

106

00:12:52,160 --> 00:12:59,600

disturb the anteater profound and terrifying new level. I would be laying in bed, sleeping,

107

00:13:00,560 --> 00:13:09,200

or even sitting watching TV and my bedroom door would open, shut, open, close. But not just once,

108

00:13:09,200 --> 00:13:15,120

it would just go slam, slam, open, shut, open, shut, open, shut, open, shut. And then I would just

109

00:13:15,120 --> 00:13:21,360

stop and I'd sit there like, I mean I wouldn't even move, I was scared because I didn't know what

110

00:13:21,520 --> 00:13:28,720

it was. I mean I knew what it was, but I just wanted to stop. In a home-spun attempted spiritual

111

00:13:28,720 --> 00:13:33,920

cleansing, Julie bought a small bird feeder which had a statue of St. Francis of Assisi in the

112

00:13:33,920 --> 00:13:39,200

center and hung it in her living room. She sprinkled the statue with holy water and placed

113

00:13:39,200 --> 00:13:44,240

white sage and white-voted candles all around her. When Julie lit the candles for the first time,

114

00:13:44,800 --> 00:13:50,160

seemed to evoke the spirit in her house. I was laying on the couch and I was looking at St. Francis

115

00:13:51,120 --> 00:13:57,600

and watching the light, you know, it was so pretty. And all of a sudden as I looked up at it,

116

00:13:59,280 --> 00:14:04,640

it just started turning, started moving in a circular motion. And I just watched it for a few

117

00:14:04,640 --> 00:14:10,880

minutes thinking, am I really seeing this? And then it stopped. And I looked again and it went in the

118

00:14:10,880 --> 00:14:18,880

other direction. When Julie revealed her experiences to her neighbors, they didn't think she was crazy

119

00:14:18,960 --> 00:14:23,840

because they told Julie that it was happening at their homes too. Across the street and three

120

00:14:23,840 --> 00:14:28,960

doors down, Stephanie Knap, her husband and her three children had moved into their home around

121

00:14:28,960 --> 00:14:34,080

the same time Julie Cohen moved into hers. Amanda was the first member of her family to witness

122

00:14:34,080 --> 00:14:39,600

haunting activity when an electric typewriter in her room took on a life of its own. My friends

123

00:14:39,600 --> 00:14:45,600

left over and she like passed out. We were sitting there and then she fell asleep so I was just

124

00:14:45,680 --> 00:14:49,680

sitting there and I couldn't sleep. And the typewriter just started like slipping out, like all the

125

00:14:49,680 --> 00:14:54,560

buttons were going, but it wasn't plugged in and it wasn't turned on. And then there was like shuffle

126

00:14:54,560 --> 00:15:00,000

papers underneath, they were just like flying around. And then I just like tried going to sleep

127

00:15:00,000 --> 00:15:05,360

and it wouldn't go away and I started screaming and it stopped. The Knaps were also doing renovations

128

00:15:05,360 --> 00:15:10,320

to their turn of the century home. Amanda's stepfather was digging out the basement to make

129

00:15:10,320 --> 00:15:15,840

room for a new bedroom. Amanda, who was only six at the time, was helping him one day when

130

00:15:15,840 --> 00:15:21,200

together they made a grisly discovery. And then we went down there and we started digging and then

131

00:15:21,200 --> 00:15:25,600

we got like halfway through it and then we saw this hand, it was exactly like this,

132

00:15:25,600 --> 00:15:30,080

there was all bones, like no skin, just like straight bone. You could see tell it was a hand

133

00:15:30,880 --> 00:15:37,920

and then after that he just like stopped digging and then that was it. Today, some 12 years later,

134

00:15:37,920 --> 00:15:42,480

the basement remains in the same condition it was on the day he and Amanda discovered the hand.

135

00:15:43,280 --> 00:15:46,800

Amanda says she and her sister buried the skeletal remains in the backyard.

136

00:15:47,360 --> 00:15:50,720

The kids have told me about it. I have to admit I didn't believe them at first,

137

00:15:51,360 --> 00:15:55,840

but he's never touched the basement again and as you've seen, I still have a large hole in my

138

00:15:55,840 --> 00:16:00,800

basement. I don't go down there very often. That's the one place that really kind of bothers me.

139

00:16:01,600 --> 00:16:06,560

Just this year, after the birth of her first child, Amanda had a frightening late night encounter

140

00:16:06,560 --> 00:16:11,760

with an apparition. It was early in the morning, my daughter woke up and then like you could hear

141

00:16:11,760 --> 00:16:16,640

someone crying, like it was like an older person crying, not a baby crying and then all I heard

142

00:16:16,640 --> 00:16:22,400

is, help me, help me. I looked at the window and there's this little girl's face, she had like curly hair.

143

00:16:23,920 --> 00:16:29,520

You could just see the tears pouring off of her eyes and I was like, can I help you? And she just

144

00:16:29,520 --> 00:16:35,600

kept screaming, help me, help me. And then I went upstairs and got my mom and then I came back

145

00:16:35,600 --> 00:16:40,480

downstairs and she was gone. But there's no way that it could be like a real person because the

146

00:16:40,480 --> 00:16:46,320

window comes up to like here on me and she stopped like right here and her hair was like right here.

147

00:16:46,320 --> 00:16:52,160

So she had to be floating because she could not stand on my ground. After searching for a logical

148

00:16:52,160 --> 00:16:57,360

explanation, there is now no doubt in the minds of the NAP family that their home is under the

149

00:16:57,360 --> 00:17:04,400

influence of paranormal forces. A lot of people have come to my house, sat in my house and left

150

00:17:04,400 --> 00:17:08,800

believing there's something in my house because things have happened. They have felt the cold,

151

00:17:08,800 --> 00:17:15,680

they have seen things, they feel things and it's unexplainable. Then most people leave

152

00:17:15,680 --> 00:17:21,360

thinking I have something in my house and they get nervous coming back. You can't make anybody believe

153

00:17:22,000 --> 00:17:28,800

unless they're here to feel it. Because I gotta tell you, I've watched people on television and I

154

00:17:28,800 --> 00:17:38,800

said, oh yeah, their house is haunted, uh-huh. Sure. But they've got to be here.

155

00:17:39,520 --> 00:17:45,440

Two houses, three doors apart, both inhabited by forces that seem to be from another dimension.

156

00:17:46,000 --> 00:17:51,600

And, say Julie and Stephanie, they are not the only families in Beacon who are being haunted.

157

00:17:51,600 --> 00:17:56,400

I have heard about a lot of houses in the area that have, they say that things go on in their home,

158

00:17:56,400 --> 00:18:00,480

but they don't really tell a lot of people about it because they don't want it to be known.

159

00:18:01,280 --> 00:18:07,440

Everybody at one time has felt something. And still are, but they just don't want to talk about it

160

00:18:08,000 --> 00:18:12,960

because they don't want people to think they're crazy. With so much bizarre activity witnessed

161

00:18:12,960 --> 00:18:18,000

by so many people over so many years, there's no doubt that this neighborhood in upstate New York

162

00:18:18,000 --> 00:18:24,400

is haunted. But by what? That's what Julie Cohen wants to know and that's what Julie Cohen has asked

163

00:18:24,400 --> 00:18:30,480

an investigative team to find out. Coming up next, the entities on this haunted street

164

00:18:30,480 --> 00:18:36,720

make their presence known during a sightings investigation. Right here, put your, jump right here.

165

00:18:36,720 --> 00:18:42,320

It's okay, but I can lean on it. Calm down, yeah, calm down here. And later, this man's alive today

166

00:18:42,320 --> 00:18:54,240

because he says the dead can speak from beyond the grave.

167

00:18:54,800 --> 00:19:04,240

The most common cause for a haunting is a sudden, violent death.

168

00:19:07,840 --> 00:19:13,520

Certainly, if there's a body buried in the basement, it would be a significant reason

169

00:19:13,520 --> 00:19:20,960

for a haunting to take place in that environment. The eerie and frightening experiences encountered

170

00:19:20,960 --> 00:19:25,840

by Julie Cohen and the NAP family of Beacon, New York have been occurring for more than a decade.

171

00:19:26,640 --> 00:19:33,120

The frightening sounds, ghostly imagery and moving objects continue. Are there rational

172

00:19:33,120 --> 00:19:38,480

explanations for what's happening on their street or could they truly be the result of the presence

173

00:19:38,480 --> 00:19:50,560

of spirits from another time? Before the arrival of a sightings investigative team, Julie Cohen had

174

00:19:50,560 --> 00:19:56,560

already worked with paranormal investigator Randy Liebeck. Skeptical by nature, Liebeck is a police

175

00:19:56,560 --> 00:20:01,920

detective who investigates haunted houses in his off hours. He became convinced that something

176

00:20:01,920 --> 00:20:06,560

strange was happening in Julie's house. The night he witnessed the inexplicable movement of a

177

00:20:06,560 --> 00:20:12,320

talisman Julie had made to ward off evil spirits. I actually observed it moving. I was here from

178

00:20:12,320 --> 00:20:16,640

the other investigator and we were setting up some surveillance equipment in the dining room.

179

00:20:16,640 --> 00:20:20,800

I turned and looked and I saw the incense burner spinning around in a circular arc

180

00:20:21,680 --> 00:20:28,640

and I told my colleague who saw it, he thought I had pushed it trying to fool him and I told him

181

00:20:28,640 --> 00:20:33,680

that it wasn't me. We physically stopped it with our hands, stopped the movement, stood back and

182

00:20:33,680 --> 00:20:39,520

it started spinning again and he saw it begin this time and it spun for a while then stopped.

183

00:20:39,520 --> 00:20:45,120

Again we tried to recreate it, we tried stomping, shaking the, pounding the walls, walking upstairs,

184

00:20:45,120 --> 00:20:50,880

stomping, it wouldn't budge so I cannot figure out what on earth made it spin the times I saw it.

185

00:20:51,680 --> 00:20:56,560

After reviewing all of the experiences Julie and her family had had in their home, Liebeck was

186

00:20:56,560 --> 00:21:01,440

particularly impressed by the story of the dusty footprints on the newly refinished wooden floor.

187

00:21:01,440 --> 00:21:06,960

The thing that intrigued me was that the floor was still tacky wet from being varnished and

188

00:21:06,960 --> 00:21:12,880

the footprints did not adhere, stick or sink into the varnish. It was like a light

189

00:21:13,440 --> 00:21:19,440

dusting of some sort of duster powder which I cannot figure out how on earth that could have been

190

00:21:19,440 --> 00:21:23,360

done. If somebody walked across the floor physically there would have had to have been

191

00:21:23,360 --> 00:21:28,880

impressions left permanently in the varnish so whatever walked across the floor had no mass,

192

00:21:28,880 --> 00:21:34,640

had no weight and I can't think of anything that could cause that except for your classical

193

00:21:35,280 --> 00:21:38,800

imagery of a ghost, lightly walking across the floor.

194

00:21:39,520 --> 00:21:44,720

Based on all of the Cohen's experiences Liebeck has come to a controversial conclusion.

195

00:21:44,720 --> 00:21:52,000

This house is haunted yes. There are a variety of explanations and definitions of the word haunted

196

00:21:53,280 --> 00:21:57,520

the phenomena that's occurring here is real. What Julie and the other people have experienced

197

00:21:57,520 --> 00:22:02,160

they have actually experienced. What I have experienced in this house is real. The question is

198

00:22:02,720 --> 00:22:07,600

the causes of factors is it the spirit of a dead person? There's no way that I can

199

00:22:08,240 --> 00:22:13,200

tell that. In an effort to determine the nature of the spirits in the Cohen and Knapp homes

200

00:22:13,200 --> 00:22:18,160

sightings put together an investigating team including a surveillance expert who set up four

201

00:22:18,160 --> 00:22:23,120

closed circuit cameras to monitor the homes for an uninterrupted 24-hour period.

202

00:22:25,360 --> 00:22:30,000

Under the guidance of Randy Liebeck three of the cameras were placed in the Cohen home,

203

00:22:30,000 --> 00:22:35,280

one in the former nursery, one looking down the main staircase and one in the room where

204

00:22:35,280 --> 00:22:39,600

several people had witnessed the swinging talisman. A fourth camera was placed in the

205

00:22:39,600 --> 00:22:45,120

basement of the Knapp home. While the surveillance cameras tape recorded continuous picture and

206

00:22:45,120 --> 00:22:51,200

sound sightings also brought in psychic investigator Peter James. Peter was given no information

207

00:22:51,200 --> 00:22:56,480

about the haunting activity in Beacon. In fact he had no idea what town he would be traveling to

208

00:22:56,480 --> 00:23:02,080

until he arrived. The only people allowed in the two houses during the investigation were a four

209

00:23:02,080 --> 00:23:07,680

person sightings crew, Peter James and Randy Liebeck who had a magnetometer to check for

210

00:23:07,680 --> 00:23:14,320

anomalous electromagnetism. Peter began in Julie Cohen's house. Julie was in the process of moving

211

00:23:14,320 --> 00:23:18,960

to a different house when these pictures were taken. Peter was immediately drawn to the room

212

00:23:18,960 --> 00:23:24,320

where the swinging incense burner had been sighted. There's a coal spot here and that to me

213

00:23:25,120 --> 00:23:34,080

would be an indicator if you will that this is like a vortex. This is like a dimensional

214

00:23:34,080 --> 00:23:42,240

entrance if you will where they meaning the entities, ghosts, spirits enter from, leave through

215

00:23:43,120 --> 00:23:50,240

or it's also a source of energy. Something is with us right now. Something is right here.

216

00:23:55,120 --> 00:24:04,480

There's a young, there's also I think a child here as well. In the nursery where Julie had so

217

00:24:04,480 --> 00:24:09,760

often felt the presence of a little girl and had even spoken to her Peter James also felt a strong

218

00:24:09,760 --> 00:24:14,480

presence. Again Peter had been told nothing of Julie's experiences prior to this visit.

219

00:24:15,200 --> 00:24:24,880

This room there is yet a separate energy and I strongly feel that someone died in this room.

220

00:24:25,440 --> 00:24:30,160

There's a lot of sadness. I'm saddened by the way this person died in this room.

221

00:24:33,040 --> 00:24:42,240

I think the death that I'm feeling in this room was unexpected and young. I feel very young about

222

00:24:42,240 --> 00:24:52,000

this energy. There's like I think about three or four people who died in this house over the years.

223

00:24:52,560 --> 00:24:57,760

As Peter James and the sightings team continued to move through the house, Julie Cohen abruptly

224

00:24:57,760 --> 00:25:03,440

burst in obviously shaken off camera. She told us that she had had a frightening premonition.

225

00:25:03,440 --> 00:25:07,840

She was sure that whoever or whatever was inhabiting the house did not want her to leave.

226

00:25:08,480 --> 00:25:12,400

At that moment both she and Peter felt the presence of a male entity.

227

00:25:26,800 --> 00:25:33,120

Previously not today but on previous visits this location one of my investigators detected an

228

00:25:33,120 --> 00:25:38,240

electrical tingling sensation in the air at this spot at about this elevation and I detected a

229

00:25:38,240 --> 00:25:44,960

magnetic flux in this area. When Peter moved down the block to the nap home he was instantly

230

00:25:44,960 --> 00:25:53,120

overcome by a sense of the dead and dying. It feels like something was done many years ago with

231

00:25:54,080 --> 00:26:04,320

there is a mortuary of a person like a mortician or an embalmer that was involved in this house.

232

00:26:05,040 --> 00:26:10,160

He instinctively moved down into the basement and began to sense that this location was the

233

00:26:10,160 --> 00:26:15,200

source of the haunting activity in the neighborhood. Again Peter did not know anything about what the

234

00:26:15,200 --> 00:26:22,080

naps say they found here 12 years ago. Some would die in the basement some would die down here and I

235

00:26:22,080 --> 00:26:29,600

think again I'm getting that kind of a mystery death syndrome. There's something unusual in the

236

00:26:29,600 --> 00:26:33,920

basement I'm reading a fluctuating magnetic field stronger than any of the other places we've come

237

00:26:33,920 --> 00:26:40,080

across yet. Now if I went up closer to the wiring in the ceiling it's going to spike because it's

238

00:26:40,080 --> 00:26:45,520

close to electrical conduit but there's no reason at all for any field down here and the hole on the

239

00:26:45,520 --> 00:26:52,880

floor but I am reading a fluctuating field which is stronger than anywhere else in the house

240

00:26:53,920 --> 00:26:58,720

and there's nothing on the ground here which should be generating any sort of field.

241

00:27:00,960 --> 00:27:05,440

And now is that are they walking in the house? At the same time that Randy Lebeck's magnetometer

242

00:27:05,520 --> 00:27:10,880

began to fluctuate Peter James heard a sound upstairs in the supposedly empty house. The

243

00:27:10,880 --> 00:27:15,440

entire team listened and heard the sound of heavy footsteps running across the floor above.

244

00:27:16,000 --> 00:27:21,520

Peter James asked that the home's owner Stephanie Knapp come in to see if she had a rational explanation.

245

00:27:21,520 --> 00:27:24,640

We heard distinct sounds right gentlemen? Yeah there was no doubt about it. No doubt.

246

00:27:28,560 --> 00:27:34,640

We were outside. Okay. Strangely the surveillance camera's audio recorder did not pick up the

247

00:27:34,640 --> 00:27:39,360

distinctive sound even though everyone in the basement had heard it clearly. Because part of

248

00:27:39,360 --> 00:27:44,320

your basement has the dirt floor I don't want to say someone was buried and I'm not trying to

249

00:27:44,320 --> 00:27:50,800

sensationalize this but I feel that someone died in your basement. A man died in the basement. A male.

250

00:27:50,800 --> 00:27:56,960

Within minutes Stephanie's neighbor Julie arrived again drawn by a sense that an entity was present

251

00:27:56,960 --> 00:28:02,080

in the area. Ready what do you got? We hear footsteps above us. Get up above us. Get up below us on the stairs

252

00:28:02,080 --> 00:28:07,120

into the basement. It's cold. It's very cold right here. There's someone here right now. Hello who's here?

253

00:28:10,080 --> 00:28:18,560

Identify yourself now. He's at my knees. Yeah I just experienced a significant eomplotrope.

254

00:28:20,320 --> 00:28:27,280

Relax. No I'm okay. I've had this in this house before. Listen. Okay the stairs are creaking.
Listen

255

00:28:28,080 --> 00:28:31,440

After everything that had happened in the Beacon houses that night

256

00:28:31,440 --> 00:28:36,720

Peter James offered a startling challenge to the Knapp family. I would wager to say

257

00:28:37,520 --> 00:28:44,160

that if someone did some kind of excavating if you will and dug up that basement that you'd find a

258

00:28:44,160 --> 00:28:57,200

full skeleton remains of a body down there. And I think that's the nature of your hunting.

259

00:28:57,280 --> 00:29:04,720

That's what's causing the anomalous activity, the sounds, the the the cold spots and which are

260

00:29:04,720 --> 00:29:11,120

which are certainly ways to to confirm the fact that this man died tragically in this house. That's

261

00:29:11,120 --> 00:29:16,880

what I feel. Following Peter's suggestion and with the permission of Stephanie Knapp, Sightings

262

00:29:16,880 --> 00:29:22,480

hired an excavation crew to dig into the dirt floor of the family's basement. The crew worked for

263

00:29:22,480 --> 00:29:27,600

three hours excavating the area where Peter had felt there was a dead body. They dug until the

264

00:29:27,600 --> 00:29:32,560

crew chief called a halt. Further excavation could compromise the structural integrity of the house.

265

00:29:33,360 --> 00:29:35,040

No skeletal remains were found.

266

00:29:38,080 --> 00:29:42,640

Review of the 24-hour surveillance footage also revealed no anomalous activity.

267

00:29:45,360 --> 00:29:50,400

Despite the lack of new evidence, Peter James remains convinced that the source of the hunting

268

00:29:50,400 --> 00:29:54,960

in this neighborhood is related to something that happened long ago in the basement of the Knapp

269

00:29:54,960 --> 00:30:01,920

home. Human remains have been found here and Peter believes that until those remains are identified,

270

00:30:01,920 --> 00:30:08,720

at least one restless spirit will continue to wreak havoc in Beacon, New York. In the meantime,

271

00:30:08,720 --> 00:30:15,440

Randy Liebeck offers this advice to the families. One of the things we counsel people on, I counsel

272

00:30:15,440 --> 00:30:20,800

people on when they have a haunting event in their house and they're frightened by it. I tell them,

273

00:30:20,800 --> 00:30:26,720

I say, have you tried talking with the ghost? Lay down some ground rules, explain to it that this is

274

00:30:26,720 --> 00:30:34,080

your house, you're the boss here and either the ghost is not welcome or if it is to be welcome,

275

00:30:34,080 --> 00:30:39,120

there are certain ground rules. And in many cases, I and other investigators have found that when the

276

00:30:39,200 --> 00:30:46,000

Percipient addresses the ghost or the entity in the house, lays down these ground rules, the phenomena

277

00:30:46,000 --> 00:30:51,360

does modify itself to work within those guidelines. The Knapps have never considered moving out of

278

00:30:51,360 --> 00:30:57,920

their Beacon home, but Stephanie and Amanda almost never go in the basement. Julie Cohen has followed

279

00:30:57,920 --> 00:31:03,200

through on her plans to move out, but not because the house is haunted. In fact, she is willing to

280

00:31:03,200 --> 00:31:08,720

work with Randy Liebeck to search for scientific proof of her experiences. What's happened here is

281

00:31:08,800 --> 00:31:15,280

a gift that we can share and that researchers can now and that's where my commitment came in,

282

00:31:15,280 --> 00:31:21,600

because Randy helped me get through this at a really bad time and it's real. And I don't know

283

00:31:21,600 --> 00:31:28,320

what else to say is that it's real. While the sightings team conducted its investigation,

284

00:31:28,320 --> 00:31:33,120

Julie and her family packed up everything and moved out of their house, out of the haunted

285

00:31:33,120 --> 00:31:39,680

neighborhood. Since then, Julie reports the ghostly encounters have stopped and life is back to normal.

286

00:31:40,960 --> 00:31:47,200

Next on sightings, can the dead really speak to us from beyond the grave to save a life?

287

00:31:47,200 --> 00:31:53,680

It's not very often you get a miracle in your life and then confirmation of it in the same day.

288

00:32:04,000 --> 00:32:15,920

Death does not separate the living from the dead. The most frequent kind of after death communication

289

00:32:16,560 --> 00:32:19,840

is feeling the presence. You just know that your loved one is near you.

290

00:32:22,880 --> 00:32:27,280

Because Harry Houdini vowed that if there was any way to communicate from beyond the grave,

291

00:32:27,280 --> 00:32:32,400

he would and he hasn't, skeptics say that that proves that there's no such thing as

292

00:32:32,400 --> 00:32:37,360

after death communication. But what if speaking from beyond the grave isn't a choice that's ours

293

00:32:37,360 --> 00:32:43,920

to make? What if it's a gift bestowed on a special few that we call guardian angels?

294

00:32:50,960 --> 00:32:56,080

Today, Walton Dave Frontzak paint a perfect picture of American family values.

295

00:32:56,800 --> 00:33:00,960

Father and son work side by side at the family owned garage in Wyandotte, Michigan.

296

00:33:01,600 --> 00:33:06,080

But what isn't apparent on the surface are the eerie events that led them to this point.

297

00:33:06,640 --> 00:33:12,240

A brush with death, a startling apparition and the voice of Dave's father from beyond the grave.

298

00:33:14,320 --> 00:33:19,200

Unlike his son, Dave Frontzak did not have a good relationship with his own father,

299

00:33:19,200 --> 00:33:28,960

Walter Senior. He would come home usually intoxicated and he'd just bring up something that I

300

00:33:29,600 --> 00:33:37,200

had done incorrect maybe a week before and he'd start yelling hard at me and take his belt off and

301

00:33:37,760 --> 00:33:43,040

just beat the daylights out of me. I used to go and Dave Dave used to go to his house and his dad

302

00:33:43,120 --> 00:33:48,240

would be passed out in the chair and a lot of times he didn't want me to come over,

303

00:33:48,880 --> 00:33:53,440

which it was kind of embarrassing. Soon after Dave and Joanne got married,

304

00:33:53,440 --> 00:33:59,600

Walter Frontzak contracted tuberculosis. He was confined to a sanitarium and was not there when

305

00:33:59,600 --> 00:34:05,360

his first grandchild and his namesake, Little Walt, was born. But when Walter Senior was released

306

00:34:05,360 --> 00:34:10,400

from the hospital two years later, he was clean and sober and his grandson was the apple of his eye.

307

00:34:10,960 --> 00:34:16,400

He referred to him affectionately as the kid. The conversation always started, did you bring

308

00:34:16,400 --> 00:34:21,840

the kid with you? I mean that was primary, you didn't care about anything else as long as we

309

00:34:21,840 --> 00:34:27,440

brought Walter along. I'd go in the living room and sit in his lap. We'd sit there and watch TV

310

00:34:27,440 --> 00:34:32,560

together. I'd lay my head in the shoulder and sit there and they'd play cards occasionally in the

311

00:34:32,560 --> 00:34:38,560

kitchen and when they did I'd sit in his lap then. I used to look at him in his actions and I could

312

00:34:38,560 --> 00:34:45,920

see the love in his eye for Walt and how he would fuss over him and that. I used to think back to

313

00:34:45,920 --> 00:34:51,440

it would have been nice when I was young if we could have had a relationship like that.

314

00:34:52,160 --> 00:34:57,760

And the magical relationship between grandfather and grandson ended abruptly when Little Walt was

315

00:34:57,760 --> 00:35:02,640

only six years old. It was right around my birthday time. We were supposed to have a party and that

316

00:35:02,640 --> 00:35:07,520

my dad pulled me off to the side and had told me he was sick and you know he was no longer sick

317

00:35:07,520 --> 00:35:13,120

anymore. He went up to heaven and his suffering and pain and that was all over now and I should,

318

00:35:13,120 --> 00:35:18,800

it's okay to miss him but I shouldn't feel bad or feel sorry because he's gone. Just try and remember

319

00:35:18,800 --> 00:35:24,080

the good times and be happy for him because all of his pain and suffering was over. I wished I

320

00:35:25,840 --> 00:35:32,080

had seen him a week once more and I don't know maybe that was the time I was going to tell him

321

00:35:32,080 --> 00:35:39,360

dad I love you and I never got that opportunity. Several weeks after the death of his father,

322

00:35:39,360 --> 00:35:45,040

Dave and Joanne decided to take their family on a long overdue vacation to a rustic cabin on Sugar

323

00:35:45,040 --> 00:35:50,720

Island near Sault Ste. Marie, Michigan. It was a warm weekend morning when life and death collided

324

00:35:50,720 --> 00:35:55,840

in one near tragic moment. I was trying to see if I could see the Sue Locks through the binoculars

325

00:35:55,840 --> 00:36:01,360

and I really couldn't. Meanwhile Walt came out and he said dad can I go play on the inner tube

326

00:36:01,360 --> 00:36:06,640

in the water? We had taken a couple of new inner tubes along and I says yes but I said stay close

327

00:36:06,640 --> 00:36:14,640

to shore and you know when you get out it's very deep and it's a swift current. Every now and then

328

00:36:14,640 --> 00:36:20,320

I just look at him and he's paddling around he's doing just fine. Walt didn't know how to swim.

329

00:36:20,320 --> 00:36:26,080

He needed the inner tube to keep him afloat in the deep lake water. Dave Franzak only looked away

330

00:36:26,080 --> 00:36:31,120

for a second but a second was long enough to change his life forever. And I'm standing there and I'm

331

00:36:31,120 --> 00:36:40,240

looking and all of a sudden my dad's voice is plain as day behind me said watch the kid.

332

00:36:42,000 --> 00:36:50,160

And it's still hard for me to talk about it. You can see the goosebumps and I looked and there was

333

00:36:50,160 --> 00:36:58,000

an empty inner tube floating way downstream. You talk about your life flashing in front of you.

334

00:36:58,000 --> 00:37:04,560

I said to myself how in the world am I going to tell my wife I let our son drown right in front

335

00:37:04,560 --> 00:37:11,120

of me when I'm an excellent swimmer. The sun was shining on the water the water was kind of still

336

00:37:11,120 --> 00:37:18,160

and I looked and I seen what I thought was like three or four little fingertips sticking up out of

337

00:37:18,160 --> 00:37:26,800

the water. So I dropped the binoculars and I ran fully dressed as far as I could then I dove under

338

00:37:26,800 --> 00:37:35,680

the water and I looked and I thought I seen walls outlined. So I reached and I grabbed it and it was

339

00:37:35,680 --> 00:37:41,600

him so I turned around I swam back to where I could stand up and I picked him up out of the water

340

00:37:41,600 --> 00:37:46,880

and looked at him he wasn't breathing and his eyes literally looked like they were popping out.

341

00:37:46,880 --> 00:37:51,920

So I threw wall over my shoulder because I'm running up the hill to the house he's bouncing

342

00:37:51,920 --> 00:37:58,000

up and down on my shoulder and he started coughing and gagging you know I did artificial

343

00:37:58,000 --> 00:38:05,440

respiration without even realizing it and he started breathing again. I heard them call my name I

344

00:38:05,440 --> 00:38:12,160

grabbed it he said Joanne Joanne get a blanket I grabbed a blanket and as I'm running down the hill

345

00:38:12,160 --> 00:38:18,560

I see Dave running up the hill with Walt on his shoulder. Without the voice of his father Dave says

346

00:38:18,560 --> 00:38:22,320

he would have missed seeing those little fingertips reaching up out of the water

347

00:38:23,200 --> 00:38:28,000

and when little Walt told his parents that he had seen a vision of his grandfather as he slipped

348

00:38:28,000 --> 00:38:34,800

under the water Dave realized that the voice he'd heard was not just in his head. One time I had

349

00:38:34,800 --> 00:38:41,680

floated out a little bit and slid right through the inner tube and went underwater and while I was

350

00:38:41,680 --> 00:38:48,960

underwater that is where I seen my grandfather. When I went down under the water as plain as

351

00:38:48,960 --> 00:38:53,120

we're sitting here right now I could see my grandfather in front of me and he just brought

352

00:38:53,120 --> 00:38:58,080

this calm feeling about me. The first thing he did was just like a kid does he held his breath I could

353

00:38:58,080 --> 00:39:02,320

see his cheeks puff out like he was trying to show me to hold my breath and he reached with his right

354

00:39:02,320 --> 00:39:08,640

hand plugged his nose and with his left hand started paddling like toward the top of the water to

355

00:39:08,640 --> 00:39:14,240

show me to pull myself up started kicking his feet and at six years old I looked at all that and it

356

00:39:14,240 --> 00:39:19,120

looked quite funny comical it looked like he was trying to show me tricks and and playing with me

357

00:39:19,120 --> 00:39:25,600

and stuff and the next thing I remembered after that was on my dad's shoulder with him running

358

00:39:26,240 --> 00:39:31,920

and choking and stuff like that because of the water that was in me. I just started crying I couldn't

359

00:39:31,920 --> 00:39:37,680

talk anymore it's still hard to talk about it today it's not very often you get a miracle in your life

360

00:39:37,760 --> 00:39:43,840

and then confirmation of it in the same day. 30 years later father and son still work side by

361

00:39:43,840 --> 00:39:49,040

side because of a spiritual connection to their shared past both are convinced that they've been

362

00:39:49,040 --> 00:39:54,960

touched by the afterlife. Beyond the slightest doubt in my mind there is a life after this life

363

00:39:56,240 --> 00:40:03,920

and I just there's nothing anybody could say to make me believe any different. The way I look at

364

00:40:04,000 --> 00:40:09,360

or explain it I think maybe after everyone passes away maybe you were allowed at least one trip back

365

00:40:09,360 --> 00:40:15,920

to earth to do something to help someone I think everybody has some sort of guardian angel that

366

00:40:15,920 --> 00:40:24,480

was my grandfather there's there's no doubt in my mind. I feel God used an angel through my father

367

00:40:24,480 --> 00:40:32,480

he gave me the greatest gift any father could give his son he gave me my son so it made up for

368

00:40:32,480 --> 00:40:37,680

everything you know he could have been bad another 20 years and it still would have made up for it.

369

00:40:39,520 --> 00:40:45,360

Coming up on sightings a chilling encounter the spirit of a young man returns one year

370

00:40:45,360 --> 00:40:54,080

after he committed suicide. I believe it thoroughly and entirely and deep in my soul that life goes on

371

00:40:54,080 --> 00:40:59,680

that there is life after death.

372

00:41:09,040 --> 00:41:14,080

People who lose their lives it sometimes is a very frustrating experience for them because they're

373

00:41:14,080 --> 00:41:19,680

always trying to communicate many times with a loved one that they're okay and they didn't have

374

00:41:19,680 --> 00:41:26,960

that opportunity to do that. An eerie apparition things that go bump and bang then crash in the

375

00:41:26,960 --> 00:41:34,080

night a chilling moan or a whispered warning from beyond the grave a haunting can be a terrifying

376

00:41:34,080 --> 00:41:40,160

life-changing experience but it doesn't have to be many people report that the sight or sound of a

377

00:41:40,160 --> 00:41:46,240

departed loved one is a comfort a sign that there's a better world beyond this one is it wishful thinking

378

00:41:46,800 --> 00:41:54,080

a hallucination or have some people been given a glimpse for reasons we don't understand of the afterlife.

379

00:42:04,880 --> 00:42:12,720

Dear family why that must be the question on your mind right now I don't know really not for sure

380

00:42:13,440 --> 00:42:19,360

I am death what I was in life an enigma to those around me and to myself.

381

00:42:20,240 --> 00:42:26,560

The voice you've been listening to is the actual voice of 27-year-old Peter Bosco. On March 18th

382

00:42:26,560 --> 00:42:33,200

1991 Peter recorded the tape wrote his mother a loving note then left his Brookfield kinetic at home.

383

00:42:33,760 --> 00:42:40,160

He walked along a lakeside path and committed suicide. Peter's mother and honette found the

384

00:42:40,160 --> 00:42:45,520

tape and a suicide note she called the police and was listening to the tape when there was a fateful

385

00:42:45,520 --> 00:42:51,600

knock at the door. Before the tape was halfway through the police were back at the door and I

386

00:42:51,600 --> 00:42:58,080

went running to the door and he said we found him I said alive because I still had the hope they were

387

00:42:58,080 --> 00:43:06,480

going to find him alive and he said no. Peter Bosco had killed himself with a single gunshot to the

388

00:43:06,480 --> 00:43:13,040

head. The pain and sorrow caused by his suicide can never be erased but Antoinette Bosco has found

389

00:43:13,040 --> 00:43:18,000

strength and inner peace through what she believes has been an after-death communication with her son.

390

00:43:19,920 --> 00:43:25,600

Peter Bosco's 27 years of life presented his mother with a challenging journey but one that

391

00:43:25,600 --> 00:43:32,320

began with great joy. Peter was the youngest of seven children. He was so beautiful and so delightful

392

00:43:32,320 --> 00:43:37,440

and so wonderful that he became the kind of the centerpiece of the whole family all the love that

393

00:43:37,440 --> 00:43:44,640

we had we could lavish on that child. But when Peter turned 17 Antoinette had her first inkling of

394

00:43:44,640 --> 00:43:52,320

what was to come. I was at work at at the university and I got a call from a neighbor actually who said

395

00:43:52,880 --> 00:43:57,760

this is very strange but your son was here and he said he's going to commit suicide and I started

396

00:43:57,840 --> 00:44:02,480

to laugh I said oh I said well Pete's such a jokester I said what was going on and she said no he

397

00:44:02,480 --> 00:44:10,000

said he left a suicide note. The police found Peter alive meditating in a park. Ten years later on

398

00:44:10,000 --> 00:44:15,760

the suicide tape he left behind there was an explanation for why Peter had contemplated suicide

399

00:44:15,760 --> 00:44:24,000

back then and why he didn't go through with it. I was seized with excitement one night and off the

400

00:44:24,000 --> 00:44:32,320

next morning to meet my end. It was such a thrill that it snapped me out of the malaise I'd been

401

00:44:32,320 --> 00:44:38,320

trapped in. Antoinette knew then that Peter needed some form of psychiatric treatment. She checked

402

00:44:38,320 --> 00:44:44,000

her son into a hospital for observation. The diagnosis was not what she expected. The doctor said

403

00:44:44,000 --> 00:44:49,760

to me your son is hopelessly schizophrenic when the onset is adolescence it is permanent he will be

404

00:44:49,760 --> 00:44:54,560

hospitalized and institutionalized most of his life and excuse my saying this but I told him to

405

00:44:54,560 --> 00:45:00,240

go to hell because hey this was my son they were talking about. Antoinette sought a second opinion

406

00:45:00,240 --> 00:45:05,120

from another psychiatrist who felt that Peter was not schizophrenic but was suffering from

407

00:45:05,120 --> 00:45:10,880

severe but curable adolescent depression. Antoinette took her son out of the psychiatric hospital

408

00:45:10,880 --> 00:45:15,760

against the advice of the original physician. He said if you take him out he said and he commits

409

00:45:15,760 --> 00:45:21,360

suicide his blood will be on your hands this man actually said that to me and I said all I know is

410

00:45:21,360 --> 00:45:27,520

that if I leave him in here that's when his blood will be on my hands. Peter's new psychiatrist

411

00:45:27,520 --> 00:45:32,560

treated him throughout the remainder of his high school years. He went to the University of

Connecticut

412

00:45:32,560 --> 00:45:38,800

and graduated cum laude. After college Peter went to Guam to teach math in a Catholic school.

413

00:45:39,360 --> 00:45:46,000

A year later he returned home to write a book about World War I which was published to much critical

414

00:45:46,000 --> 00:45:53,680

acclaim. And I thought then great we have finally found it we finally found what he was meant to be

415

00:45:53,680 --> 00:46:00,640

and then he wrote the proposal for a book on the war of 1812 and went to another publisher right

416

00:46:00,640 --> 00:46:06,400

here in Connecticut and the book was immediately accepted. Peter's positive outlook infused his

417

00:46:06,400 --> 00:46:12,000

family and there were signs that he was planning for the future. I had always wanted to have a row

418

00:46:12,000 --> 00:46:18,960

of evergreen trees. We went to a farm and we bought a number of seedlings and Peter planted them all

419

00:46:18,960 --> 00:46:26,000

across the back of the yard. We watched them we took great pride in it. The photos of Peter on his

420

00:46:26,000 --> 00:46:31,840

book covers show a handsome confident scholarly man but on the inside Peter felt that he was none of

421

00:46:32,800 --> 00:46:40,000

these things. My life is like a Rolls Royce without spark plugs. It looks great but it has a hidden

422

00:46:40,000 --> 00:46:46,320

flaw that keeps it from running properly. On the morning of March 18th 1991 and when

423

00:46:46,320 --> 00:46:51,440

Adbosco was on her way to work when she found a long note and an envelope on the windshield of her car.

424

00:46:52,080 --> 00:46:57,520

The envelope told police where to find Peter's body. The note on yellow legal paper and another

425

00:46:57,680 --> 00:47:04,800

found with the tape was addressed to mom. He said dear mom as I write this note I am a doomed man

426

00:47:05,360 --> 00:47:11,360

for some reason my will to live has been inhibited. Feel no guilt for there is no fault.

427

00:47:12,400 --> 00:47:19,360

Weep not for me for mine was a pleasant and joyful life. Be happy for your son for like a

428

00:47:19,360 --> 00:47:25,760

wave closing on a drowning man my suffering is ended. Know that I loved you dearly.

429

00:47:26,720 --> 00:47:29,360

On the Easter Sunday following Peter's death

430

00:47:29,360 --> 00:47:35,280

Antoinette awakened to the sound of gentle tapping. Peter's ashes had been delivered from the crematorium

431

00:47:35,280 --> 00:47:41,280

only the day before and now two bright red birds were tapping on the window just inches away from

432

00:47:41,280 --> 00:47:47,520

Peter's urn. I thought oh my god they must have come from Peter because in much of my research

433

00:47:47,520 --> 00:47:52,160

I had always been aware of the fact that people seem to communicate with loved ones who have gone

434

00:47:52,240 --> 00:47:59,280

through nature but then I said Peter I think you sent the birds but I've seen cardinals before.

435

00:48:00,000 --> 00:48:06,000

I want to know you're happy with God in heaven. I want to see a white bird which I'd never seen

436

00:48:06,000 --> 00:48:14,160

in Connecticut. The days passed with no sign from a white bird then on April 18th one month to the

437

00:48:14,160 --> 00:48:19,520

day after Peter's death Antoinette was in her son's room reading a book that Peter had been urging

438

00:48:20,000 --> 00:48:25,600

before his death. She found a passage that he'd underlined it said that when a mother loses a

439

00:48:25,600 --> 00:48:31,760

child she should not feel guilty because guilt only drains energy at a time when it's drastically

440

00:48:31,760 --> 00:48:38,000

needed. At that very moment Antoinette looked up and through the window she saw something that

441

00:48:38,000 --> 00:48:44,960

sent a chill up her spine. And there sitting on the ground at the base of one of the little spruces

442

00:48:44,960 --> 00:48:54,880

that he had planted was the white bird. I can tell you my heart started to go you know and I jumped up

443

00:48:54,880 --> 00:49:01,280

and I looked out it was not a very large bird not as large as a dog pure white except for a little

444

00:49:01,280 --> 00:49:09,440

black marking on its head and as I looked at it it began to fly upward and it circled the tree and

445

00:49:09,440 --> 00:49:16,560

then flew straight up and I remember just I don't know if I was crying or laughing or what I was

446

00:49:16,560 --> 00:49:23,840

doing but I was just saying thanks Pete thanks and thank you Lord. Now I know now I've had my sign and

447

00:49:23,840 --> 00:49:30,240

I know he's happy with the Lord in heaven and I knew it was a real gift. Antoinette wanted to be sure

448

00:49:30,240 --> 00:49:35,360

that the sign wasn't just a case of wishful thinking. She researched bird life in Connecticut

449

00:49:35,360 --> 00:49:41,600

and found that no one had ever seen such a bird in the area. Then on May 18th two months to the day

450

00:49:41,600 --> 00:49:47,200

after Peter's death the same bird made another appearance at the home of Peter's sister Margie.

451

00:49:47,200 --> 00:49:52,800

I walked out of the house and I was about to go shopping and my son Florian who was about five years

452

00:49:52,800 --> 00:50:00,640

old at the time all of a sudden he said mama look look and I looked and there was this very very

453

00:50:00,640 --> 00:50:06,880

bright beautiful white bird on the lawn and I started to walk and approach it and as I approached

454

00:50:06,880 --> 00:50:12,720

the bird I noticed a couple of little black stripes just on the back of the head of the bird

455

00:50:12,720 --> 00:50:18,960

and then the bird began to fly up this tree and it was like spiraling spiraling around the tree

456

00:50:18,960 --> 00:50:24,960

around the tree and then it flew off and it just flew flew into the sky and I just watched it

457

00:50:25,040 --> 00:50:30,320

with my eyes until I couldn't see it anymore until it just disappeared. I knew instantly

458

00:50:30,320 --> 00:50:37,360

it was a sign it was Pete wanted to comfort us and to know that it was it was a message that

459

00:50:37,360 --> 00:50:43,840

it was a sign of peace that he was at peace and there was a sign of love that he loved us and he

460

00:50:43,840 --> 00:50:50,320

was still with us. Although Peter Bosco spent only 27 years on earth his family is convinced that he

461

00:50:50,320 --> 00:50:57,200

lives on and not just in their memories. I believe it thoroughly and entirely and deep in my soul

462

00:50:57,840 --> 00:51:01,760

that life goes on that there is life after death.

463

00:51:06,960 --> 00:51:12,640

Next on Sightings did this young boy live another life? I know my little boy really

464

00:51:12,640 --> 00:51:18,080

experienced what he said he did there's no doubt in my mind. A past life we remember

465

00:51:18,640 --> 00:51:23,680

and later one of the most paranormal encounters ever captured on videotape.

466

00:51:23,680 --> 00:51:27,840

Sally stop it she does this when she's upset.

467

00:51:42,320 --> 00:51:45,600

I'm sure that there's no person who hasn't experienced something

468

00:51:46,160 --> 00:51:51,680

phenomenal something that they can't explain or something that they interpret as almost miraculous.

469

00:51:56,320 --> 00:52:02,800

In eastern religions like Hinduism and Buddhism proof of an afterlife doesn't come through ghosts

470

00:52:02,800 --> 00:52:08,240

or supernatural symbols. The proof they teach is within each and every one of us because we are

471

00:52:08,240 --> 00:52:13,920

all the reincarnation of spirit energy that came before us. Well it's a concept that's impossible

472

00:52:14,000 --> 00:52:19,600

to prove in a laboratory or to calculate mathematically but easily explained by some

473

00:52:19,600 --> 00:52:23,440

remarkable children who speak to us about their past lives.

474

00:52:30,720 --> 00:52:37,120

The town of Hampton Virginia is a curious blend of the very old and the very new. Hampton is home

475

00:52:37,120 --> 00:52:43,280

to America's oldest Anglican church built in 1610 and one of the nation's oldest cemeteries

476

00:52:43,280 --> 00:52:48,720

with grave markers dating back to the 17th century but Hampton is also undergoing a 20th

477

00:52:48,720 --> 00:52:54,080

century Renaissance. The town's progress has been watched closely by real estate agent Joanne

478

00:52:54,080 --> 00:53:00,400

McElroy Hill who lives in neighboring Virginia Beach. Joanne is the mother of two children

479

00:53:00,400 --> 00:53:06,800

Pierce and Mackenzie. In the spring of 1995 when Pierce was six and Mackenzie 16 months

480

00:53:06,800 --> 00:53:13,120

Joanne took them on their first trip to Hampton. We were driving down a road that I had

481

00:53:13,120 --> 00:53:18,640

only been on a few times he never had never been to that part of the town and out of the clear

482

00:53:18,640 --> 00:53:22,960

blue he said mom please turn here turn here I want to see the boats I want to go down by the water

483

00:53:23,680 --> 00:53:25,360

and I don't see any water or any boats

484

00:53:28,400 --> 00:53:32,000

but here is where he got real excited and said turn turn I want you to turn here

485

00:53:32,560 --> 00:53:36,640

and this is where I turned and as I was turning the car I was thinking how does he know where

486

00:53:36,640 --> 00:53:41,280

we're going and what water is he talking about what where are the boats. The road eventually led

487

00:53:41,280 --> 00:53:46,640

them to the Hampton Roads Harbor but this was not the final destination Joanne's son had in mind.

488

00:53:47,520 --> 00:53:53,360

As I approached to dead end Pierce told me to turn again and I turned and went about a

489

00:53:53,360 --> 00:53:58,640

block down and he said stop mom there's the house there's the house and finally I asked him

490

00:53:58,640 --> 00:54:03,120

Pierce what does that house mean to you I don't know the house and he said well you should recognize

491

00:54:03,120 --> 00:54:10,080

that we used to live there and I was shocked I felt like I had goosebumps all over my body

492

00:54:10,080 --> 00:54:14,480

and I looked at the house he was talking about didn't bring any memories to me at all

493

00:54:15,280 --> 00:54:18,320

I asked him at that point I said well who lived there he said well you and I lived there and

494

00:54:18,320 --> 00:54:24,240

my dad lived there and I lived there for a long time mom don't you remember don't you remember I

495

00:54:24,240 --> 00:54:29,440

got to be very old. Then Pierce asked his mother to drive around the neighborhood which seemed to

496

00:54:29,440 --> 00:54:35,600

spark in him a flood of eerie memories. I said was McKenzie with us and he said no she wasn't my sister

497

00:54:35,600 --> 00:54:40,960

then McKenzie was my friend he said McKenzie and I were best friends and she lived in that house

498

00:54:40,960 --> 00:54:46,480

right over there and he pointed about three doors away to another large old house. Joanne recalls

499

00:54:46,480 --> 00:54:52,160

being completely unnerved by the tone in her son's voice. At that time I think I was in shock I had

500

00:54:52,160 --> 00:54:56,880

goosebumps all over my arms Pierce didn't sound like himself he sounded very authoritative his

501

00:54:56,880 --> 00:55:04,560

voice was a little more mature it was so sure of himself and I was I was completely in shock.

502

00:55:04,640 --> 00:55:09,360

Joanne's concerns about what was happening to her son only grew when Pierce began to complain

503

00:55:09,360 --> 00:55:15,120

that his sister was constantly tanking along. He said she's been following me for a long time

504

00:55:15,120 --> 00:55:17,600

he said in fact when it was time for me to come down from heaven

505

00:55:19,280 --> 00:55:24,000

McKenzie wanted to come with me and they had to say no McKenzie you can't go yet it's not your time.

506

00:55:24,960 --> 00:55:30,160

For more than a year Joanne kept the strange experiences to herself but then she learned

507

00:55:30,160 --> 00:55:36,240

that she was not alone at the same time that Pierce was recalling what seemed to be his past life

508

00:55:36,240 --> 00:55:42,000

author Carol Bowman was documenting many similar experiences for her book Children's Past Lives.

509

00:55:43,040 --> 00:55:49,440

Published in 1997 the book and a complimentary website have encouraged many otherwise reluctant

510

00:55:49,440 --> 00:55:55,680

parents and children to come forward with their past life experiences. There's a tremendous body

511

00:55:55,760 --> 00:56:02,640

of research at the University of Virginia Medical School done by Dr. Ian Stevenson who has collected

512

00:56:02,640 --> 00:56:12,800

over 2600 cases of spontaneous past life recalling children and in each of these cases he meticulously

513

00:56:12,800 --> 00:56:21,600

researched what the child said their behaviors and was able to trace what they said to the identity

514

00:56:21,600 --> 00:56:27,680

of a specific person who had lived and died before this child was born. The stories in Bowman's

515

00:56:27,680 --> 00:56:33,360

book it seems are only the tip of the iceberg since publication hundreds of families have

516

00:56:33,360 --> 00:56:39,600

contacted Bowman including the Austrian family of Milford Connecticut a series of puzzling events

517

00:56:39,600 --> 00:56:45,200

shared by Patricia Austrian her husband Donald a physician and their son Edward have made them

518

00:56:46,160 --> 00:56:52,720

reality of Children's Past Lives. Edward's first memories of a past life were verbalized when he

519

00:56:52,720 --> 00:56:59,280

was only 18 months old Edward complained about a pain in his neck that he referred to as his shot

520

00:56:59,280 --> 00:57:05,120

well coming from a clinical background my initial impression was that Edward was talking about one

521

00:57:05,120 --> 00:57:12,080

of the shots his pediatrician had given him I had never thought that he had more to say than that

522

00:57:12,640 --> 00:57:18,480

as Edward grew he complained more and more about his shot and suffered terribly from frequent

523

00:57:18,480 --> 00:57:24,640

bouts with respiratory infections when Edward was four he became very very ill one morning

524

00:57:24,640 --> 00:57:31,280

ill at his sister pointed out to me that his throat appeared to be swollen it was almost as if

525

00:57:31,840 --> 00:57:41,680

he was a teenager with an Adam's apple protruding but it wasn't delineated it was just very puffy

526

00:57:41,760 --> 00:57:47,120

when I came over and felt his neck and and I said oh my god you know given the knowledge that I have

527

00:57:48,240 --> 00:57:56,320

I figured there was the worst of all possible worlds you know serious infection or cancer or

528

00:57:56,320 --> 00:58:01,120

something that would cut his life short an ear nose and throat specialist diagnosed Edward with

529

00:58:01,120 --> 00:58:07,200

a thyroid glossal duct cyst a condition that would require two separate operations first Edward

530

00:58:07,200 --> 00:58:12,800

would have to have his tonsils removed then once he'd healed doctors could perform a more complicated

531

00:58:12,800 --> 00:58:18,480

surgery to remove the cyst by the time the normally stoic child arrived for his tonsillectomy

532

00:58:18,480 --> 00:58:29,440

he was hysterical what Edward was very fearful of is not coming back again we would not be there

533

00:58:30,480 --> 00:58:36,480

he didn't want to be alone again when the operation was over Edward had a reaction

534

00:58:36,480 --> 00:58:42,400

completely unlike that of other children his age tears are running down his face and he was so glad

535

00:58:43,840 --> 00:58:51,040

that we were there for him again that's all Edward cared about he said I don't have to go back again

536

00:58:52,560 --> 00:58:59,840

that really took me back because we knew Edward was supposed to go back and be operated on

537

00:59:00,400 --> 00:59:06,800

for the thyroid glossal duct cyst while Edward was recovering from his first surgery he told his

538

00:59:06,800 --> 00:59:12,000

parents an incredible story that seemed to explain much of his mysterious behavior in the hospital

539

00:59:12,720 --> 00:59:21,440

he started to tell us how he had been in France he was 18 he was walking along

540

00:59:21,680 --> 00:59:30,880

and he could hear the noise behind him I was a soldier and my name is James and I was very tired

541

00:59:30,880 --> 00:59:41,440

cold and hungry and I was scared he said I wanted to run my rifle was heavy I wanted to go home

542

00:59:42,400 --> 00:59:49,040

and also I heard this bang and I went I turned around and a bullet had gotten shot obviously

543

00:59:49,120 --> 00:59:52,640

and it had gone through somebody it went and it hit me right back here

544

00:59:53,520 --> 01:00:00,080

in the neck and I remember just falling to the ground in extreme pain just um it was unbelievable

545

01:00:00,880 --> 01:00:06,880

and he said I felt my throat filled with blood I could feel the salty taste

546

01:00:08,400 --> 01:00:13,600

I remember gasping for air and I started choking also and I just blacked out my dad knows

547

01:00:13,600 --> 01:00:18,560

so that was it and he said it wasn't supposed to be like this

548

01:00:20,800 --> 01:00:27,680

I didn't even get started shortly after Edward revealed the story of his past life the cyst

549

01:00:27,680 --> 01:00:32,320

that had caused the swelling in his neck suddenly and inexplicably disappeared

550

01:00:32,880 --> 01:00:37,200

just as Edward had predicted after the first operation he did not have to return to the

551

01:00:37,200 --> 01:00:42,640

hospital the Austrian family is convinced that there is a link between Edward's recollection

552

01:00:42,640 --> 01:00:47,040

and the miraculous healing that took place right after I believe my son

553

01:00:48,720 --> 01:00:56,080

I can't do anything else it was just so coincidental it seemed that it couldn't have

554

01:00:56,080 --> 01:01:04,000

happened by chance discussing a shot in a neck describing a fibroglossal duct cyst in the same

555

01:01:04,000 --> 01:01:15,360

area it's almost that the child had um you know what I see in in the alternative medicine

556

01:01:15,360 --> 01:01:20,960

circles now is almost having had guided imagery uh self healing given to himself

557

01:01:21,840 --> 01:01:28,960

in a subliminal sense um and that his healing process for whatever reason was miraculous

558

01:01:28,960 --> 01:01:34,320

I know my little boy really experienced what he said he did there's no doubt in my mind

559

01:01:35,520 --> 01:01:42,560

you can tell um I guess I've always believed the eyes are the mirror to one's soul

560

01:01:43,360 --> 01:01:50,400

and when you look into the eyes of a small child who's four years old and they are telling you this

561

01:01:50,400 --> 01:01:58,080

and this is how it is and there's no two ways about it you know what you're dealing with is real

562

01:01:58,960 --> 01:02:04,560

because I've seen other cases like Edward's I believe that his cyst was healed because he was

563

01:02:04,560 --> 01:02:12,400

able to express his past life memory the trauma on the battlefield and most significantly Edward

564

01:02:12,400 --> 01:02:18,560

himself believes that the past life experiences he has recalled are not a dream nor a figment of

565

01:02:18,560 --> 01:02:23,760

his imagination I just knew it couldn't have been a dream because my dreams when I was little they

566

01:02:23,760 --> 01:02:28,720

were not that realistic I mean I wouldn't be thinking of war and everything and I mean I wasn't

567

01:02:28,720 --> 01:02:31,680

really exposed to that sort of thing when I was younger so it couldn't have been a dream

568

01:02:33,120 --> 01:02:38,160

and when I was little those things would terrify me when I was little and I just try not to think

569

01:02:38,160 --> 01:02:43,200

about it but there was that one thing that was stuck in my mind and I knew that it was true and I

570

01:02:43,200 --> 01:02:49,520

know that it happened everybody right now in the sir has a purpose in life to fulfill I think

571

01:02:49,600 --> 01:02:55,680

if everybody doesn't get to fulfill they're supposed to fulfill on life they'll have another life

572

01:02:55,680 --> 01:03:01,520

and they'll have another chance I think those keep getting chance after chance until you get to

573

01:03:02,640 --> 01:03:10,880

and you feel good about it inside so does God coming up violent paranormal activity captured

574

01:03:10,880 --> 01:03:17,040

on tape Bailey stop it look one's starting to bleed an investigation at the most haunted house in

575

01:03:17,040 --> 01:03:19,040

America next on psychics

576

01:03:35,360 --> 01:03:42,480

the belief in ghosts or evil spirits is a very natural belief it's very natural to think that

577

01:03:42,480 --> 01:03:45,920

there are beings that aren't looking out for us

578

01:03:50,720 --> 01:03:56,160

over the years sightings has researched thousands of supposedly haunted sites around the world

579

01:03:56,160 --> 01:04:01,040

the most are intriguing some are compelling but only a handful like the haunted neighborhood in

580

01:04:01,040 --> 01:04:06,560

beacon new york are worthy of a full-scale investigation and there is one case where the

581

01:04:06,560 --> 01:04:12,320

results have been so spectacular that we can say with confidence that this is the most haunted place

582

01:04:12,480 --> 01:04:16,640

in America

583

01:04:22,160 --> 01:04:27,760

Sally stop it look one's starting to bleed oh why don't you sit down there's a little girl

584

01:04:27,760 --> 01:04:34,800

that's standing right there Sally is that your name Sally I don't know if I'm this half fresh half

585

01:04:34,800 --> 01:04:41,440

dead flower yeah I'm gonna scratch Sally make your presence known now

586

01:04:50,400 --> 01:04:56,080

this is where it all begins a small town in America's heartland a place where families

587

01:04:56,080 --> 01:05:01,840

raise their children and bury their loved ones an ordinary place in every way except one

588

01:05:02,000 --> 01:05:07,200

inside this quiet house on a shady street a restless spirit began making its presence

589

01:05:07,200 --> 01:05:11,200

known to a young family when they moved in in January of 1993

590

01:05:14,480 --> 01:05:20,320

the haunting experienced by Tony Debra and their infant son Taylor was mild at first and seemed to

591

01:05:20,320 --> 01:05:26,240

center around Taylor's upstairs nursery it was here that a disconcerting phenomenon began to emerge

592

01:05:26,400 --> 01:05:31,520

photographs of newborn Taylor were marred by strange blocks of free-floating light and shadow

593

01:05:32,080 --> 01:05:35,520

it happened on roll after roll the film and with two different cameras

594

01:05:37,120 --> 01:05:41,840

afraid for her newborn child Debra asked psychic farmer Conner to come to the house to try to

595

01:05:41,840 --> 01:05:46,800

determine what was causing the haunting activity Conner felt that it was the spirit of a precocious

596

01:05:46,800 --> 01:05:52,160

little child named Sally and Sally Conner believed was responsible for the eerie photograph

597

01:05:52,240 --> 01:05:56,480

trick photography expert Edson Williams examined the pictures for sightings

598

01:05:56,480 --> 01:06:02,560

photographic evidence is something I always question because my job is to create illusions

599

01:06:02,560 --> 01:06:08,720

photographically but these several pictures that I was shown are very difficult to explain

600

01:06:08,720 --> 01:06:14,160

the evidence of a bizarre haunting was so compelling that sightings sent a crew to investigate

601

01:06:14,160 --> 01:06:17,040

moments after this interview with Debra began

602

01:06:17,200 --> 01:06:26,000

there was a commotion in the living room something was wrong with Tony

603

01:06:38,080 --> 01:06:42,960

she's right here because it is freezing right here it is freezing I feel it all you do is you

604

01:06:42,960 --> 01:06:48,960

feel this cold go through you that's how I I could feel it we're we're interviewing it's hot

605

01:06:48,960 --> 01:06:52,960

we've turned the air conditioner off for sound purposes but it is cold right here in this part

606

01:06:52,960 --> 01:07:00,160

of the room this is the same thing that occurs when holy she's scratched his face or he's had

607

01:07:00,160 --> 01:07:09,040

scratches across his forehead her down his arm she does this when she's upset I know my heart's

608

01:07:09,360 --> 01:07:15,440

found them too but what had caused the vicious attack Tony and Debra asked Barbara Conner to

609

01:07:15,440 --> 01:07:22,640

try to communicate with Sally how you doing feeling good what's this that's what she just did she

610

01:07:22,640 --> 01:07:29,360

just did this later reluctantly Tony agreed to an interview at this point in our investigation

611

01:07:29,360 --> 01:07:34,560

he was still requesting that his identity be hidden I she scares the living daylights out of me

612

01:07:35,120 --> 01:07:41,280

to be honest with you I'm gonna add this right now she's right here with me right now I'm feeling

613

01:07:41,280 --> 01:07:52,720

something really cold shoot around my stomach um he was obviously in pain we asked Tony to describe

614

01:07:52,720 --> 01:07:59,440

what he was feeling but Tony didn't respond for a moment he couldn't speak it's really frightening

615

01:08:00,400 --> 01:08:05,440

is she's just went right through my midsection

616

01:08:09,920 --> 01:08:12,080

oh my god look look

617

01:08:22,080 --> 01:08:28,880

I can't come up with an explanation why she does this it's forming right there

618

01:08:29,840 --> 01:08:32,800

she tends to do this to me because I upset her sometimes I

619

01:08:34,960 --> 01:08:36,800

and she wants to be noticed I think today

620

01:08:40,160 --> 01:08:44,640

paranormal investigator Howard Heim brought in instruments in an attempt to measure the

621

01:08:44,640 --> 01:08:50,160

strange coldness and magnetic energy in the house the video interference that you're seeing

622

01:08:50,160 --> 01:08:55,600

occurred during Heim's investigation it's not the result of defective tape or camera malfunction

623

01:08:55,600 --> 01:09:02,560

but rather some undetermined force within the home you can feel it well let's take a few minutes

624

01:09:02,560 --> 01:09:12,240

this 77.7 degrees Fahrenheit in here just dropped a point it did instantly drop a point from 0.7 to

625

01:09:12,240 --> 01:09:23,600

0.6 just dropped another point it's dropping again 0.4 dropped again 0.3 now and I gradually

626

01:09:23,600 --> 01:09:31,040

dropped a point again it's now 0.2 it keeps getting cooler in this room Heim's instruments recorded

627

01:09:31,040 --> 01:09:37,840

both an increase in electromagnetism and a decrease in room temperature but no instrument could explain

628

01:09:37,840 --> 01:09:43,040

what happened in the kitchen while Deborah was showing Barbara a teddy bear that had been inexplicably

629

01:09:43,040 --> 01:09:50,320

burned my husband found this kind of half fresh half dead flower

630

01:09:51,520 --> 01:09:56,960

singed around the edges could Sally have burned both the stuffed bear and the rose

631

01:09:57,680 --> 01:10:01,760

we checked our raw field tape and discovered the rose and the windowsill

632

01:10:01,760 --> 01:10:05,920

unburnt just moments before Tony had noticed it was singed and black

633

01:10:05,920 --> 01:10:10,800

it

634

01:10:10,800 --> 01:10:15,120

looks incredible the interior leaves are burnt around the edges

635

01:10:16,480 --> 01:10:23,040

no damage to the overlapping leaf as if they were individually burned and then assembled

636

01:10:24,880 --> 01:10:29,200

that is bizarre that you can't you can't duplicate this

637

01:10:31,520 --> 01:10:32,640

this cannot be duplicated

638

01:10:32,880 --> 01:10:40,560

during our investigation everyone who entered the house felt an eerie ghostly presence

639

01:10:40,560 --> 01:10:46,960

but only Tony claims to have seen Sally's human form there was a little girl standing not more

640

01:10:46,960 --> 01:10:53,200

than three foot away from me just as plain as you are to me now just standing there with this

641

01:10:53,200 --> 01:10:57,360

plain look on her face just looking at me like she was curious about me too

642

01:10:57,360 --> 01:11:04,000

suddenly the unflinching eye of the camera captured another bloody attack

643

01:11:05,200 --> 01:11:11,360

what first appeared as scratches soon grew into long thick angry welts there was no

644

01:11:11,360 --> 01:11:16,800

environmental or medical explanation look one's starting to bleed there's a whole new

645

01:11:18,560 --> 01:11:23,760

oh look at that look at that oh look at that oh my god it actually just is around

646

01:11:24,320 --> 01:11:29,520

it's this nice dark one where it's bleeding and this is like the most profound thing i've

647

01:11:29,520 --> 01:11:38,320

ever seen in all parapsychology this is fact and you have it on tape this paranormal milestone

648

01:11:38,320 --> 01:11:44,080

was later analyzed by world renowned parapsychologist Carrie Gaynor who was the lead investigator on

649

01:11:44,080 --> 01:11:49,760

both the entity and poltergeist cases the exciting thing for me as a researcher is that the camera

650

01:11:49,760 --> 01:11:55,120

didn't pull away it was there the whole time and that severely reduces the the possibility of any

651

01:11:55,120 --> 01:12:00,960

kind of hoax our initial investigation had produced taped evidence unlike anything we'd ever seen

652

01:12:00,960 --> 01:12:06,880

before i returned with our sightings team for a closer look what i witnessed was disturbing

653

01:12:07,760 --> 01:12:12,000

i feel it now blowing very strong at the back of my hand great she's over here

654

01:12:12,720 --> 01:12:14,240

she's okay

655

01:12:15,920 --> 01:12:21,200

more oh well now that's very interesting be okay if i sit down here why don't you sit why don't you

656

01:12:21,200 --> 01:12:28,960

sit down i can i can tell that uh you you're losing your breath right now sally what did i tell you

657

01:12:28,960 --> 01:12:31,280

sally we see you we know you're here

658

01:12:34,000 --> 01:12:39,520

whoever or whatever was responsible for these painful episodes struck repeatedly throughout

659

01:12:39,520 --> 01:12:47,280

the day then i was shocked to see mysterious wells forming on tony's forehead this whole spirit thing

660

01:12:47,280 --> 01:12:53,600

scares me and they just some of the things she's done she's lit fires and i you know i think well

661

01:12:53,600 --> 01:12:58,240

she wants to hurt me why couldn't she just light me on fire or whatever she does to some of the other

662

01:12:58,240 --> 01:13:04,080

things around here what was the source of the energy responsible for the terrifying phenomena

663

01:13:04,080 --> 01:13:09,840

occurring here this question has never been completely answered despite a long term six year

664

01:13:09,840 --> 01:13:16,560

investigation as we did with the beacon new york hauntings sightings as peter james to investigate

665

01:13:16,560 --> 01:13:24,480

the heartland ghost and attempt to make contact peter says that he has had the ability to speak

666

01:13:24,480 --> 01:13:30,160

with the spirits of the dead since he was a child and so we did not give peter any of the details

667

01:13:30,240 --> 01:13:36,400

the case he never saw any videotape he knew nothing specific about the haunting activity or

668

01:13:36,400 --> 01:13:41,280

the gruesome scratches and he didn't know the family called the entity sally

669

01:13:43,840 --> 01:13:50,640

there's a little girl that's standing right there right at the top of the stairs hello

670

01:13:51,600 --> 01:13:53,600

hello

671

01:13:59,120 --> 01:14:08,640

hello can you speak to me sally is that your name sally tony debora and the sightings investigative

672

01:14:08,640 --> 01:14:14,640

team were amazed that peter had correctly identified the entity but would he succeed

673

01:14:14,640 --> 01:14:20,000

where parapsychologists had failed would peter james be able to communicate with sally

674

01:14:24,400 --> 01:14:29,360

i'm getting a lot of resistance right here at the door meaning whatever is in the room

675

01:14:30,400 --> 01:14:33,040

wants me out speak to me

676

01:14:36,480 --> 01:14:37,360

show yourself

677

01:14:38,320 --> 01:14:39,120

so

678

01:14:43,200 --> 01:14:47,680

suddenly something lashed out at to me with its full fury you're in control here so don't

679

01:14:50,400 --> 01:14:54,000

don't don't be frightened there's nothing to be afraid of remember you're in control here

680

01:14:56,000 --> 01:15:01,600

who or what was attacking tony when sighting searched town records a startling discovery

681

01:15:01,600 --> 01:15:08,080

confirmed peter james's psychic interpretation we found the death record for a child named sally

682

01:15:08,080 --> 01:15:14,720

date of death 1905 peter sensed an important link between this sally and the house do you know if

683

01:15:14,720 --> 01:15:19,840

anyone medical lived in this house there was there was a medical person yeah because that's i feel

684

01:15:19,840 --> 01:15:25,120

very medical about this for some reason in a turn of the century directory we discovered that the

685

01:15:25,120 --> 01:15:31,280

house was once owned by a family doctor and according to official records the doctor moved out in

1906

686

01:15:31,600 --> 01:15:38,960

just after sally's death could there be a connection during his visit to this community

687

01:15:38,960 --> 01:15:44,160

peter was drawn to a cemetery one of the oldest in town it was here that he had a vision of a

688

01:15:44,160 --> 01:15:50,080

little girl dying of pneumonia and the doctor who couldn't save her peter said he heard a small

689

01:15:50,080 --> 01:15:56,000

voice calling him toward one particular grave the gravestone was so old and weather beaten that the

690

01:15:56,000 --> 01:16:01,360

inscription had disappeared but when sightings checked cemetery records for that plot we made

691

01:16:01,360 --> 01:16:06,880

a chilling discovery plot one fourth row west was the final resting place of a little girl

692

01:16:07,760 --> 01:16:09,280

sally isabel hall

693

01:16:14,560 --> 01:16:18,880

it was the most bizarre evidence of a haunting that anyone on the sightings team had ever

694

01:16:18,880 --> 01:16:24,880

encountered and we were capturing it on videotape believe what you will about the source of the

695

01:16:24,880 --> 01:16:29,600

paranormal activity here those bloody welds that began to appear all over tony's body didn't come

696

01:16:29,600 --> 01:16:35,680

from any earthly source that we could detect they just appeared seemingly out of nowhere and right on

697

01:16:35,680 --> 01:16:42,160

camera next on sightings investigators and researchers moved closer to the source of this

698

01:16:42,160 --> 01:16:48,000

disturbing paranormal violence during the last 20 years i've investigated about 850 cases and during

699

01:16:48,000 --> 01:17:04,400

that time i have never come across anything like this

700

01:17:09,920 --> 01:17:16,400

in every room we're in wherever we are we are never alone we are surrounded by the invisible world

701

01:17:18,240 --> 01:17:27,760

why the supposed ghost of an angry little girl named sally chose tony as the object of her rage

702

01:17:27,760 --> 01:17:33,360

is still unknown but what is known is that once the bloody scratches and welts began to appear

703

01:17:33,360 --> 01:17:37,920

they just kept coming first on his arm then on his stomach then on his forehead then on his back

704

01:17:37,920 --> 01:17:43,520

it wasn't a medical condition or an allergy or a cat or as far as we could honestly tell a hoax

705

01:17:43,520 --> 01:17:46,240

are self inflicted so what was it

706

01:17:52,160 --> 01:17:57,600

now that peter james's psychic visions of a turn of the century child named sally had been validated

707

01:17:57,600 --> 01:18:03,120

through historical records sightings began an unprecedented investigation into what we believe

708

01:18:03,120 --> 01:18:09,840

to be the most haunted house in america joined by parapsychologist kerry gainer an investigative team

709

01:18:09,840 --> 01:18:15,760

returned to the house in america's heartland to set up an arsenal of electronics particular

710

01:18:15,760 --> 01:18:20,640

attention was given to paranormal hotspots throughout the house where ghostly activity had

711

01:18:20,640 --> 01:18:26,400

been seen or felt in the past the kitchen the living room the master bedroom and the room where

712

01:18:26,400 --> 01:18:32,640

sally seemed to feel most at home the nursery oscilloscopes frequency counters and surveillance

713

01:18:32,640 --> 01:18:38,080

cameras would monitor the house continuously much of the equipment was concentrated in the nursery

714

01:18:38,880 --> 01:18:43,360

one camera physician was at the top of the stairs where peter james had claimed to have

715

01:18:43,360 --> 01:18:49,600

encountered the wrathful entity known as sally two cameras were placed in the living room area

716

01:18:49,600 --> 01:18:54,640

where the sightings investigating team had first witnessed bloody welts forms spontaneously on

717

01:18:54,640 --> 01:19:01,440

tony we were now set to monitor any anomalous activity that might occur inside the house

718

01:19:02,080 --> 01:19:07,360

we turned the family kitchen into a control center audio transmitters were placed around the house

719

01:19:07,360 --> 01:19:13,520

and separate video recorders were assigned to each camera we also implemented a handheld

720

01:19:13,520 --> 01:19:19,920

thermal imaging system any unusual cold spots would turn the normally red tones of human flesh to

721

01:19:19,920 --> 01:19:26,240

blue kerry gainer recommended that our investigation be conducted in as close to dark as possible

722

01:19:26,240 --> 01:19:30,640

we were determined to find an answer to what had become the most baffling haunting in the history

723

01:19:30,640 --> 01:19:35,920

of sightings all right i want to you make a request anything that comes to your mind

724

01:19:37,360 --> 01:19:43,920

i like you do this for me please i'd like for you to show them that you're really here

725

01:19:44,560 --> 01:19:52,000

no one in the room heard a response just then tony felt a now familiar sensation of cold

726

01:19:52,000 --> 01:19:58,000

around his torso yeah we got a new scratch

727

01:19:58,320 --> 01:20:05,440

yeah we got fresh blood here this wasn't here two minutes ago

728

01:20:06,720 --> 01:20:08,640

and the bizarre events continued through the night

729

01:20:14,400 --> 01:20:19,840

at the top of the stairs our frequency counter suddenly and uncharacteristically jumped from

730

01:20:19,840 --> 01:20:28,240

399 to 575 megahertz indicating an electrical disturbance at this same spot earlier in the day

731

01:20:28,240 --> 01:20:32,560

one of our surveillance cameras had picked up a lot of interference something a closed

732

01:20:32,560 --> 01:20:38,640

circuit camera isn't supposed to do and in the nursery video signals began to drift and then

733

01:20:38,640 --> 01:20:46,720

completely disappeared the next morning a sense of calm returned to the house but for the paranormal

734

01:20:46,720 --> 01:20:52,800

investigators on scene it had been a night to remember filled with historic and unexplained events

735

01:20:53,680 --> 01:20:57,920

yesterday and last evening i spent about 14 straight hours here investigating this case

736

01:20:58,560 --> 01:21:04,800

during that time there were 11 separate instances of scratch marks on his body some of the scratches

737

01:21:04,800 --> 01:21:11,360

were very thin and some were very thick well like scratches that were really quite frightful

738

01:21:11,360 --> 01:21:16,400

during the last 20 years i've investigated about 850 cases and during that time i have never

739

01:21:16,720 --> 01:21:22,080

come across anything like this and there was at least one other bizarre phenomenon that night

740

01:21:22,080 --> 01:21:27,520

that went undetected by gainer and the rest of the sightings team i'd like for you to show them

741

01:21:27,520 --> 01:21:37,840

that you're really here the mysterious rumble or moan wasn't discovered until later when a team

742

01:21:37,840 --> 01:21:40,880

heard a tape of the investigation during an editing session

743

01:21:46,000 --> 01:21:52,480

two audio experts were hired to analyze the tape for sightings their findings the sound was neither

744

01:21:52,480 --> 01:22:01,520

electronic nor human but what about those scratches couldn't tony's affliction have a

745

01:22:01,520 --> 01:22:06,480

medical rather than a paranormal explanation i've been researching a skin condition called

746

01:22:06,480 --> 01:22:12,800

dermatographism and what that is is a person can scratch himself and nothing will show up until

747

01:22:12,800 --> 01:22:18,480

about 10 or 15 minutes later the references that i've looked at so far do not include bleeding with

748

01:22:18,480 --> 01:22:23,920

this skin condition and certainly in this case there have been bleeding scratch marks if we just

749

01:22:23,920 --> 01:22:28,320

drop our skepticism just for a moment and as a researcher i'm not really allowed to do that

750

01:22:28,320 --> 01:22:32,240

but there's a real human angle here and that is a man's being terrorized she scares and living

751

01:22:32,320 --> 01:22:37,760

daylight out of me something is happening to him without his say without his control

752

01:22:37,760 --> 01:22:42,880

and he's got to be thinking to himself well if this could happen what else could happen

753

01:22:43,840 --> 01:22:49,840

when the exorcism failed to calm off the vicious attacks on tony and after three years of disturbing

754

01:22:49,840 --> 01:22:57,280

ghostly activity the family finally gave in and moved out of the house did sally go with them

755

01:22:58,080 --> 01:23:02,000

we asked psychic peter james to return to the now empty house for the sightings

756

01:23:02,000 --> 01:23:06,000

investigative team their mission to see if sally was still at home

757

01:23:09,600 --> 01:23:15,280

because much of the haunting activity had been reported after dark we used night vision lenses

758

01:23:15,280 --> 01:23:22,880

as peter james conducted a psychic survey of the house okay we're good i want to go in this room first

759

01:23:28,000 --> 01:23:30,400

our nighttime is their daytime

760

01:23:33,440 --> 01:23:40,000

there's someone there's someone there is an entity in this room right now no doubt in my mind

761

01:23:41,600 --> 01:23:46,960

peter felt that the eerie force was leading him down the hallway and into the former nursery

762

01:23:46,960 --> 01:23:49,840

where sally's presence had always been felt most intensely

763

01:23:50,320 --> 01:23:51,840

all right

764

01:23:51,840 --> 01:23:53,840

yeah i'm fine just burn

765

01:23:53,840 --> 01:23:55,840

beautiful

766

01:23:55,840 --> 01:23:57,840

yeah she's oh man really burned

767

01:23:57,840 --> 01:24:03,840

sally has apparently burned before a rose a teddy bear and now a person

768

01:24:03,840 --> 01:24:06,400

something is burning my face like right now

769

01:24:08,400 --> 01:24:11,600

peter james was visibly shaken by the painful encounter

770

01:24:13,600 --> 01:24:17,600

wow

771

01:24:18,560 --> 01:24:21,200

wow sally you'd be nice

772

01:24:22,400 --> 01:24:28,160

the next day sightings conducted the world's first real-time online ghost investigation

773

01:24:28,720 --> 01:24:33,680

kerry gainer was answering user questions in a live computer forum when the former residents

774

01:24:33,680 --> 01:24:37,840

of the house dropped in unexpectedly within minutes so did sally

775

01:24:40,000 --> 01:24:44,560

so did you feel it here or down here where did you feel it kind of like

776

01:24:45,440 --> 01:24:52,800

all across here all the whole thing yeah the first reaction from the online audience was skeptical

777

01:24:53,440 --> 01:24:55,280

how do we try hope this is not a hoax

778

01:24:58,640 --> 01:25:04,640

well i don't know i'll let you answer that we got we got we got 15 people observing this right now

779

01:25:04,640 --> 01:25:11,040

in the last five in the last five minutes three scratches appeared on his body in full view

780

01:25:11,680 --> 01:25:18,160

of eight witnesses and those scratches were not the last just after the online session wrapped

781

01:25:18,160 --> 01:25:24,320

up sally who always seemed to crave attention struck again with a new viciousness no one on

782

01:25:24,320 --> 01:25:30,400

our team had witnessed before you physically felt that yeah that hurt describe to me again what you

783

01:25:30,960 --> 01:25:34,320

what you felt this sharp thing felt like something stabbed something in my back

784

01:25:34,320 --> 01:25:41,360

it would be more than two years before sightings team would return to the site of the heartland ghost

785

01:25:41,360 --> 01:25:46,800

haunting there had been several tenants in the interim but none had had a running with sally

786

01:25:49,040 --> 01:25:52,880

it looks the same not much has changed

787

01:25:54,720 --> 01:26:02,640

peter entered the house with some trepidation sally i'm back sally

788

01:26:04,720 --> 01:26:06,560

make your presence known sally

789

01:26:09,120 --> 01:26:19,040

there is absolutely no doubt in my mind that she is here none whatsoever i sense um

790

01:26:20,240 --> 01:26:26,240

the same kind of activity however to a lesser degree and i would attribute that to the fact that

791

01:26:26,240 --> 01:26:32,960

the young man that lived here is not here and i believe that sally or the perpetrator if you will

792

01:26:32,960 --> 01:26:38,880

that did all the scratching had a thing for him that that that disliked him immensely but the

793

01:26:38,880 --> 01:26:44,800

activity remains the same sally is still here and active tony stayed away from the house on our

794

01:26:44,800 --> 01:26:49,920

most recent visit but deborah brought sightings up to date on her husband's progress he went through

795

01:26:49,920 --> 01:26:58,240

an awful lot each time the sightings crew came up and it was quite traumatizing to him and he's now had

796

01:26:58,960 --> 01:27:06,000

a cooling off a healing period where he can feel free with them with the knowledge that nothing

797

01:27:06,560 --> 01:27:13,520

is going to sneak up on him and scratch him in sally's eyes this is her home and when you enter the

798

01:27:13,520 --> 01:27:20,000

domain if you will of a ghost they let you know that you're invading their space so the family

799

01:27:20,000 --> 01:27:25,760

just happened to move in and bumped into sally literally things that go bump into the night

800

01:27:25,760 --> 01:27:30,880

when she bumped back but deborah has lingering fears that sally will rear her ugly head in their

801

01:27:30,880 --> 01:27:39,600

new home and torment tony once again today i had peter come over and um walk through our now permanent

802

01:27:39,600 --> 01:27:48,560

house to kind of check over whether we are being bothered over there i got an immediate sense that

803

01:27:48,560 --> 01:27:55,120

it would be very unlikely that they would have any kind of haunting activity in the new house

804

01:27:55,200 --> 01:28:01,280

the new house is clean because i believe that houses are haunted and not people according to

805

01:28:01,280 --> 01:28:06,400

peter james sally will haunt this house in america's heartland for many years to come

806

01:28:06,400 --> 01:28:12,560

until she realizes that her physical body no longer exists and her spirit can finally rest in peace

807

01:28:15,120 --> 01:28:20,880

next on sightings the dead speak from beyond the grave and change the lives of the living

808

01:28:20,880 --> 01:28:28,160

edwards experiences given me a lot more spiritual understanding we're spiritual beings we may end

809

01:28:28,160 --> 01:28:33,040

up going from one life to the next this phenomenon is part of our experience reality it's been

810

01:28:33,040 --> 01:28:44,640

reported since the beginning of time it's come up in all cultures

811

01:28:51,280 --> 01:28:56,640

the dramatic rescue of a drowning child because of the intervention of his deceased grandfather

812

01:28:57,280 --> 01:29:02,000

the appearance of a unique white bird as a sign from a son who had committed suicide

813

01:29:02,720 --> 01:29:06,400

the reincarnation of a young soldier in the form of the compassionate child

814

01:29:07,120 --> 01:29:14,080

the mysterious phenomenon of spontaneous scratches on a man's body at first these experiences appear

815

01:29:14,080 --> 01:29:20,400

distinct and unrelated but they all share one thing in common they beg us to ask the question

816

01:29:21,120 --> 01:29:28,480

is their life after death and why for those who have had firsthand experience with the afterlife

817

01:29:29,120 --> 01:29:37,280

pondering such questions has profoundly affected this life in the last uh 10 15 years i've been

818

01:29:37,280 --> 01:29:45,680

quite ill gone through a couple heart surgeries and beyond the slightest doubt in my mind if it

819

01:29:45,680 --> 01:29:53,440

wasn't for my son walton i would have lost my home my business everything again i believe in my heart

820

01:29:53,440 --> 01:30:00,480

this was all part of god's plan edwards experiences given me a lot more spiritual understanding

821

01:30:01,280 --> 01:30:06,080

we're spiritual beings we may end up going from one life to the next who knows maybe we're like

822

01:30:06,080 --> 01:30:13,600

the hindu's who figure we have to get placed on earth uh each time until we get our lives right

823

01:30:13,600 --> 01:30:20,880

it's an ongoing part of the spirit's life we're just we're just another passenger sitting by him on

824

01:30:20,880 --> 01:30:28,320

the train and they're corresponding with us they're trying to find out about us and we're

825

01:30:28,320 --> 01:30:33,360

trying to find out about them and when we move out they're just going to be someone else sitting in

826

01:30:33,360 --> 01:30:38,640

that seat and i think it's going to take the same role in just a different with different turns

827

01:30:39,280 --> 01:30:44,000

despite the strong will beliefs of those personally affected there is a naturally

828

01:30:44,000 --> 01:30:49,200

skeptical side in all of us those who have dedicated their lives to explore such phenomena

829

01:30:49,200 --> 01:30:55,760

have struggled to arrive at objective answers for example is there such a thing as a truly haunted

830

01:30:55,760 --> 01:31:01,600

house or could ghostlike activity be the result of some unknown aspect of the human mind to say

831

01:31:01,600 --> 01:31:07,440

whether or not julie is causing the activity or is just being used as a energy source for the

832

01:31:07,600 --> 01:31:14,480

it's very fine wine uh i my suspicion is that you have two separate things going on you have

833

01:31:14,480 --> 01:31:20,080

little girls ghost in the house which would be here whether julie was here or not i think julie's

834

01:31:20,080 --> 01:31:25,920

presence in the house has kicked off another set of dynamics where possibly she is acting as a

835

01:31:25,920 --> 01:31:31,440

poltergeist agent through a means we cannot explain right now it is equally difficult to

836

01:31:31,440 --> 01:31:36,880

rationaly understand the concept of reincarnation i think through the process of reincarnation

837

01:31:37,520 --> 01:31:43,840

we're given a chance to learn a very difficult lesson which is how to be truly loving and

838

01:31:43,840 --> 01:31:50,080

compassionate and i think it's something that we can't learn in just one lifetime so we experience

839

01:31:50,080 --> 01:31:56,560

ourselves our souls in many different roles questions seem to generate even more questions

840

01:31:56,560 --> 01:32:02,400

will we ever in this life find an answer this phenomenon is part of our experienced reality

841

01:32:02,400 --> 01:32:08,560

it's been reported since the beginning of time it's come up in all cultures so the idea that it's

842

01:32:08,560 --> 01:32:14,400

fraudulent is just kind of a paranoid idea um as to what the real explanation is none of us know at

843

01:32:14,400 --> 01:32:20,800

this point but it's here to stay and it's a major chunk of human experience to ignore it is to retreat

844

01:32:20,800 --> 01:32:25,120

into ignorance to pursue it is to pursue one of the most provocative mysteries of our time

845

01:32:25,280 --> 01:32:31,040

for the people we've met on this program the afterlife is alive and well it's a tangible

846

01:32:31,040 --> 01:32:37,520

experience capable of transcending time and space but what about those of us who have yet to see a

847

01:32:37,520 --> 01:32:46,640

ghost or sense of past life or receive an otherworldly sign well there is also an afterlife it may be a

848

01:32:46,640 --> 01:32:53,440

homemade quilt or a lock of hair or family tradition passed on that whispers the truth

849

01:32:53,440 --> 01:33:05,760

passed on that whispers i'm still here for this special edition of sightings i'm tim white

850

01:33:23,440 --> 01:33:33,760

and
