

1

00:00:00,000 --> 00:00:09,860

Sightings recently reported on a 1976 confrontation between the Iranian military and a UFO.

2

00:00:09,860 --> 00:00:13,760

Since that report, two new witnesses have come forward to describe their roles in the

3

00:00:13,760 --> 00:00:15,440

historic event.

4

00:00:15,440 --> 00:00:20,400

After 20 years of silence, the former deputy commander and a Lieutenant General in the

5

00:00:20,400 --> 00:00:26,080

Imperial Iranian Air Force are finally speaking out.

6

00:00:26,080 --> 00:00:29,520

This recreated in this Iranian television documentary.

7

00:00:29,520 --> 00:00:39,000

On September 19, 1976, an enormous UFO was tracked across Iran by the Imperial Air Force.

8

00:00:39,000 --> 00:00:44,440

In an exclusive sightings interview, former Imperial Air Force Generals Nader Yusefie

9

00:00:44,440 --> 00:00:50,400

and Mahmoud Sabahat described the tense scramble mission in which an F-4 fighter jet chased

10

00:00:50,400 --> 00:00:53,800

and attempted to engage the UFO.

11

00:00:54,600 --> 00:01:00,060

Now for the first time in nearly 20 years, General Amir Kamyabipur, the second highest

12

00:01:00,060 --> 00:01:05,440

ranking officer in the Shah's Imperial Air Force, and his deputy commander, General Abdullah

13

00:01:05,440 --> 00:01:11,320

Azarbazin, spoke exclusively to sightings about what they believe happened on that historic

14

00:01:11,320 --> 00:01:14,400

night in 1976.

15

00:01:14,400 --> 00:01:17,000

I had a statement from the pilots.

16

00:01:17,000 --> 00:01:22,400

I had a statement from General Yusefie and also a control tower.

17

00:01:22,400 --> 00:01:28,640

And having those calls from a civilian around the town, I was convinced that was a UFO.

18

00:01:28,640 --> 00:01:31,760

So this is how we went into investigation.

19

00:01:31,760 --> 00:01:41,920

As far as my experience is concerned, it can be American airplane, it can be Russian, it

20

00:01:41,920 --> 00:01:53,160

can be any technology to be like that, except some super technology, which is only UFO.

21

00:01:53,160 --> 00:01:58,640

General Azarbazin conducted a thorough investigation into the bizarre events of September 19.

22

00:01:58,640 --> 00:02:04,320

He sent his report to the Shah's military liaison and to Iran's US military advisors.

23

00:02:04,320 --> 00:02:07,600

For the first time, he reveals what he told the US military.

24

00:02:07,600 --> 00:02:14,080

The highlight of the information that we gave to the US government was, number one, we told

25

00:02:14,080 --> 00:02:20,920

them that the high rate of climate and high rate of extradition that we saw from the UFO

26

00:02:20,920 --> 00:02:25,240

was something which was not existed those days.

27

00:02:25,240 --> 00:02:31,280

Number two, this jamming capability, to jam such a wide range of frequencies.

28

00:02:31,280 --> 00:02:36,760

Only a few government documents related to this incident have been declassified, but independent

29

00:02:36,760 --> 00:02:40,600

data corroborating Azarbazin's account have been uncovered.

30

00:02:40,600 --> 00:02:45,440

A United States reconnaissance satellite was monitoring the skies over Iran on September

31

00:02:45,440 --> 00:02:51,040

19, 1976, and recorded the movement of an unidentified flying object.

32

00:02:51,040 --> 00:02:57,480

Sightings has learned that the top secret notation 238 scans indicates that the UFO event lasted

33

00:02:57,480 --> 00:02:58,680

more than an hour.

34

00:02:58,680 --> 00:03:02,240

The meaning of possible SR is still classified.

35

00:03:02,240 --> 00:03:05,040

I don't have any doubt about UFO.

36

00:03:05,040 --> 00:03:14,640

UFO exists and they're trying to find some way to get contact with all of them.

37

00:03:14,640 --> 00:03:20,960

That is my feeling and I am positive.

38

00:03:20,960 --> 00:03:25,480

Important information about the Iranian UFO incident may be found in military files in

39

00:03:25,480 --> 00:03:29,920

Tehran, but since the ouster of the Shah, the military personnel in this report have

40

00:03:29,920 --> 00:03:35,640

been stripped of any privileges or access they were entitled to in imperial Iraq.

41

00:03:35,640 --> 00:03:38,360

Until further notice, the door to this case is closed.
