

1

00:00:00,000 --> 00:00:07,740

Here are some of the stories making news at Sightings.

2

00:00:07,740 --> 00:00:11,920

After we aired a report about the existence of real lifeline saucers, Sightings received

3

00:00:11,920 --> 00:00:16,440

a fascinating letter from D. Robin Stowell of Milton Keynes, England.

4

00:00:16,440 --> 00:00:26,480

Mr. Stowell was alerting this to a startling footnote in an out-of-print book.

5

00:00:27,480 --> 00:00:33,480

It's not the kind of place where we expect to get new information on real lifeline saucers.

6

00:00:33,480 --> 00:00:38,240

But after our recent report on disc-shaped aircraft in Canada, top-secret American saucer

7

00:00:38,240 --> 00:00:43,760

projects and Germany's development of craft like this during World War II, a sighting

8

00:00:43,760 --> 00:00:48,720

researcher received this letter from viewer D. Robin Stowell.

9

00:00:48,720 --> 00:00:54,880

A type-center by trade, Stowell alerted us to this book, *Brighter Than a Thousand Suns*,

10

00:00:54,880 --> 00:00:58,960

an authoritative history of the race to build the first atomic bomb.

11

00:00:58,960 --> 00:01:04,360

Stowell typeset the original manuscript nearly 40 years ago and never forgot this brief

12

00:01:04,360 --> 00:01:10,560

reference to a Nazi saucer that could outmaneuver any Allied aircraft.

13

00:01:10,560 --> 00:01:15,320

Four decades after publication, Stowell found a copy of the out-of-print reference book

14

00:01:15,320 --> 00:01:19,120

and confirmed what he had long remembered.

15

00:01:19,120 --> 00:01:24,320

The footnote describes German saucers that were 45 yards across, capable of reaching

16

00:01:24,320 --> 00:01:32,040

speeds over Mach 1 and climbing to an elevation of nearly eight miles.

17

00:01:32,040 --> 00:01:36,600

Some experts believe that these Nazi saucers could have been responsible for the legendary

18

00:01:36,600 --> 00:01:40,160

Foo Fighters sightings over Europe late in World War II.

19

00:01:40,160 --> 00:01:44,640

But if they were, it still does not explain Foo Fighters spotted over the Pacific during

20

00:01:44,640 --> 00:01:50,200

the same period.

21

00:01:50,200 --> 00:01:55,400

After Lake Toppo, New Zealand, ancient stone blocks known as the Kaimanawa Wall have long

22

00:01:55,400 --> 00:02:00,240

been dismissed as insignificant by mainstream archaeology, but a second look now could

23

00:02:00,240 --> 00:02:01,880

rewrite history.

24

00:02:01,880 --> 00:02:09,280

The blocks of stone that are in the Kaimanawa Wall are huge, 20 feet by six feet in some

25

00:02:09,280 --> 00:02:10,280

cases.

26

00:02:10,280 --> 00:02:11,760

They must weigh many tons.

27

00:02:11,760 --> 00:02:18,720

In order to have stacked and place these blocks would have required a pretty high technology.

28

00:02:18,720 --> 00:02:24,400

Nicknamed the dinosaur's barbecue, the wall doesn't go back that far, but non-native animal

29

00:02:24,400 --> 00:02:28,360

bones found nearby do date back to 100 B.C.

30

00:02:28,360 --> 00:02:33,080

Children's believes that humans may have brought these animals here, and the timeline

31

00:02:33,080 --> 00:02:36,320

established by traditional anthropology is wrong.

32

00:02:36,320 --> 00:02:41,200

Right now the official history is that no person came to New Zealand before 700 years

33

00:02:41,200 --> 00:02:42,200

ago.

34

00:02:42,200 --> 00:02:47,280

We know that the wall needs to be at least 2,000 years old because it is covered by the

35

00:02:47,280 --> 00:02:54,400

volcanic ash of a known eruption, the eruption of Lake Toppo approximately 2,000 years ago.

36

00:02:54,400 --> 00:02:58,600

Ancient ash and dense forest hide the wall's most astonishing feature.

37

00:02:58,600 --> 00:03:04,320

The blocks form a pyramid shape, a design found nowhere else in this part of the world.

38

00:03:04,320 --> 00:03:08,040

Discoveries all over the world are showing that man has been around and traveling and

39

00:03:08,040 --> 00:03:12,840

building giant ruins much earlier than originally presumed.

40

00:03:12,840 --> 00:03:17,560

This is supported by some Maori's, the indigenous people of New Zealand, who believe that their

41

00:03:17,560 --> 00:03:20,520

ancestors came here 2,000 years ago.

42

00:03:20,520 --> 00:03:23,360

But Maori support is a double-edged sword.

43

00:03:23,360 --> 00:03:27,600

If the legends are true, this is a sacred site and must not be excavated.
