

1

00:00:00,000 --> 00:00:06,360

Here are some of the stories Sightings is following in the news.

2

00:00:06,360 --> 00:00:07,960

Are you a true believer?

3

00:00:07,960 --> 00:00:12,680

How sure are you of the existence of Bigfoot or ghosts or the possibility of extraterrestrial

4

00:00:12,680 --> 00:00:14,080

contact in our lifetime?

5

00:00:14,080 --> 00:00:19,320

Now before you answer, watch this report about a London betting firm that wants you to put

6

00:00:19,320 --> 00:00:25,760

your money where your mouth is.

7

00:00:25,760 --> 00:00:29,920

In London, England, hookmakers like William Hill are willing to give you odds on just

8

00:00:29,920 --> 00:00:30,920

about anything.

9

00:00:30,920 --> 00:00:36,680

I suppose it goes back to the early 60s when we first were offered a bet by somebody who

10

00:00:36,680 --> 00:00:41,680

wanted to base ten pounds that man would walk on the moon by the end of that decade.

11

00:00:41,680 --> 00:00:45,800

And basically we offered him a thousand to one, pushed him out of the office and never

12

00:00:45,800 --> 00:00:46,960

thought we'd see him again.

13

00:00:46,960 --> 00:00:51,640

Unfortunately we did in July 1969 when he won ten thousand pounds from us.

14

00:00:51,640 --> 00:00:55,520

But the publicity they received from that bet was priceless and now William Hill will

15

00:00:55,520 --> 00:01:00,440

take bets on everything from the date of alien contact to conclusive proof of Bigfoot and

16

00:01:00,440 --> 00:01:02,920

the odds might surprise you.

17

00:01:02,920 --> 00:01:06,280

There are a number of bets for which we'll offer standard odds for example.

18

00:01:06,280 --> 00:01:10,920

Bigfoot seems to run concurrent with Yeti in our bets and that's currently the same

19

00:01:10,920 --> 00:01:14,680

price as Nessie at the moment, 500 to one, that within a year of your bet conclusive

20

00:01:14,680 --> 00:01:16,640

proof will be forthcoming.

21

00:01:16,640 --> 00:01:21,520

We currently offer 33 to one that NASA will officially confirm the existence of intelligent

22

00:01:21,520 --> 00:01:26,720

extraterrestrial life on or before December 31st 1999 and we'll give you to the end of

23

00:01:26,720 --> 00:01:30,000

the century and of course that doesn't have to be a little green man.

24

00:01:30,000 --> 00:01:34,000

As sightings of UFOs, Bigfoot and Nessie fluctuate, so do the odds.

25

00:01:34,000 --> 00:01:37,480

However, there is still one paranormal bet yet to be wagered.

26

00:01:37,480 --> 00:01:42,160

The one that surprises me we've never had and I'm not quite sure why, is for conclusive

27

00:01:42,160 --> 00:01:44,800

proof of the existence of ghosts.

28

00:01:44,800 --> 00:01:49,320

In the 20 years that I've been taking these types of bets, I ask for that and I'm very

29

00:01:49,320 --> 00:01:53,640

surprised that they haven't because I would like the challenge of coming up with a wording

30

00:01:53,640 --> 00:01:58,040

for the bet that would enable some entailment, getting that conclusive proof.

31

00:01:58,040 --> 00:02:01,680

William Hill bookmakers won't say how much money has been wagered on the supernatural

32

00:02:01,680 --> 00:02:08,240

so far only that it is substantial.

33

00:02:08,240 --> 00:02:12,600

In Washington DC NASA officials have announced that their Mars probe will photograph the

34

00:02:12,600 --> 00:02:15,880

Martian region where many claim to have seen a giant face.

35

00:02:15,880 --> 00:02:22,600

It is our plan to, within our normal sequencing, whenever we go over the Sidonia region to

36

00:02:22,600 --> 00:02:31,720

collect images and it is also our plan to put those images on the internet upon acquisition.

37

00:02:31,720 --> 00:02:35,680

We think we have done all the things that we can possibly do within the framework of

38

00:02:35,680 --> 00:02:43,120

this mission to try to address this question of the face on Mars.

39

00:02:43,120 --> 00:02:47,760

The hope is that new detailed pictures will quell rumors that NASA is hiding knowledge

40

00:02:47,760 --> 00:02:51,040

of seemingly man-made structures on Mars.

41

00:02:51,040 --> 00:02:56,400

By transmitting pictures from the global surveyor directly onto the world wide web, NASA hopes

42

00:02:56,400 --> 00:03:05,000

to solve the face on Mars mystery once and for all.

43

00:03:05,320 --> 00:03:07,320

We'll have more stories in the news next time.

44

00:03:07,320 --> 00:03:09,880

Now here's what's coming up as sightings continues.
