

1

00:00:00,000 --> 00:00:05,360

A very forgotten and bizarre experience that happened during a moonlit walk more than 20

2

00:00:05,360 --> 00:00:06,360

years ago.

3

00:00:06,360 --> 00:00:10,040

First time suddenly slipped away in the blink of an eye.

4

00:00:10,040 --> 00:00:14,320

Then there were three bright orange lights in the sky.

5

00:00:14,320 --> 00:00:15,320

Was it a trick?

6

00:00:15,320 --> 00:00:16,320

A hallucination?

7

00:00:16,320 --> 00:00:20,960

Well the questions went unanswered until Karen saw a recent sighting to report on alien

8

00:00:20,960 --> 00:00:24,360

abduction and something about the story struck a resonant chord.

9

00:00:30,960 --> 00:00:37,360

Memories of that moonlit night in 1975 were incomplete but strangely compelling.

10

00:00:37,360 --> 00:00:42,160

An engaged couple on a family vacation steal away for a quiet drive through the north woods

11

00:00:42,160 --> 00:00:44,600

of Wisconsin.

12

00:00:44,600 --> 00:00:49,960

There's something strange about that ride that they can't figure out yet.

13

00:00:49,960 --> 00:00:53,240

Back at the cabin the couple stroll down to the lake.

14

00:00:53,240 --> 00:00:58,720

The night is clear, there's a bright star, but then it moves and they realize this is

15

00:00:58,720 --> 00:00:59,720

no star.

16

00:01:00,000 --> 00:01:06,720

There was one star-like object, it was a little bit brighter than a star, kind of an orangey

17

00:01:06,720 --> 00:01:10,200

color that seemed to stand out from the others a bit.

18

00:01:10,200 --> 00:01:16,600

It really didn't sit, think anything of it at the time, but my focus kept going back

19

00:01:16,600 --> 00:01:21,040

and forth to that particular object.

20

00:01:21,040 --> 00:01:24,360

And after a while I noticed some odd things about it.

21

00:01:24,360 --> 00:01:30,080

This bright orange star that was along the horizon of the trees on the other side of

22

00:01:30,080 --> 00:01:35,360

the lake zipped right to the top of our heads and we looked up.

23

00:01:35,360 --> 00:01:40,720

The stargazing couple were Karen Klinger and Dennis Moroske and what they saw would haunt

24

00:01:40,720 --> 00:01:43,440

them for more than 20 years.

25

00:01:43,440 --> 00:01:46,840

I think the best way to describe the flight is like that of a dragonfly.

26

00:01:46,840 --> 00:01:53,000

It was just, it would zip, pier, stop, zip, pier, stop, zip, zip, zip, zip really fast

27

00:01:53,000 --> 00:01:56,000

and like what are we watching?

28

00:01:56,000 --> 00:02:01,240

I had, I was fascinated by it, I just, I didn't want to stop looking at it, I was just glued

29

00:02:01,240 --> 00:02:09,280

to it and we finally started calling my folks down from the cabin so they could watch and

30

00:02:09,280 --> 00:02:11,080

my mother was a little scared.

31

00:02:11,080 --> 00:02:16,120

The whole family got down to the lake in time to see the single light split into three,

32

00:02:16,120 --> 00:02:18,160

and rejoin as one.

33

00:02:18,160 --> 00:02:24,200

It was a fascinating spectacle that drove one family member to try something illogical.

34

00:02:24,200 --> 00:02:28,560

Dennis' sister's boyfriend went into the house and got a large beam flashlight and

35

00:02:28,560 --> 00:02:32,080

flashed at the UFOs three times.

36

00:02:32,080 --> 00:02:35,000

Suddenly they just completely disappeared.

37

00:02:35,000 --> 00:02:39,520

And about maybe a couple of seconds later they flashed back at us the same amount of

38

00:02:39,520 --> 00:02:42,200

times as we had flashed at it.

39

00:02:42,200 --> 00:02:48,840

After a few minutes of this strange communication everyone reached the same impossible conclusion.

40

00:02:48,840 --> 00:02:54,400

By this time we knew we were watching something that we had no explanation for, it was really

41

00:02:54,400 --> 00:02:59,120

strange and definitely appeared to be intelligently controlled.

42

00:02:59,120 --> 00:03:02,080

The bizarre communication went on for half an hour.

43

00:03:02,080 --> 00:03:06,240

Then in less than the blink of an eye the UFO was gone.

44

00:03:06,240 --> 00:03:10,960

The encounter had a profound effect but Karen and Dennis wouldn't know just how profound

45

00:03:10,960 --> 00:03:12,600

were another two decades.

46

00:03:12,600 --> 00:03:17,120

By then they had married, had a son, and an acrimonious divorce.

47

00:03:17,120 --> 00:03:22,680

In fact in 1994 they were barely speaking when Dennis and Karen met to exchange custody

48

00:03:22,680 --> 00:03:23,680

of their son.

49

00:03:23,680 --> 00:03:27,960

While this particular evening he got out of the car probably for the first time that

50

00:03:27,960 --> 00:03:33,000

he'd talked to me face to face in a year and he knocks on the window of the car.

51

00:03:33,000 --> 00:03:38,000

And the first thing that comes out of his mouth was have you ever considered hypnosis?

52

00:03:38,000 --> 00:03:41,760

And I said to him I said you saw that program.

53

00:03:41,760 --> 00:03:47,160

The program was sightings and our report on the abduction experience of four men camping

54

00:03:47,160 --> 00:03:50,120

in the Alegash wilderness of northern Maine.

55

00:03:50,120 --> 00:03:52,680

They too had seen a UFO in the sky.

56

00:03:52,680 --> 00:03:57,800

Like Karen and Dennis they had used a flashlight to signal the spacecraft and most importantly

57

00:03:57,800 --> 00:04:02,040

of all the Alegash four had missing time.

58

00:04:02,040 --> 00:04:06,520

A roaring fire they had left just minutes before was now nearly out.

59

00:04:06,560 --> 00:04:11,200

Karen and Dennis divorced and barely speaking watched the report in different homes but

60

00:04:11,200 --> 00:04:13,600

had the same revelation at the same moment.

61

00:04:13,600 --> 00:04:16,560

They too had had missing time.

62

00:04:16,560 --> 00:04:21,400

Both Karen and I remembered the night of this incident that as we were driving around the

63

00:04:21,400 --> 00:04:27,840

lake which is exactly a four mile radius, doesn't take very long to cover at all, that at one

64

00:04:27,840 --> 00:04:35,520

point we looked up and the moon was directly in line with the rear view mirror of the car.

65

00:04:36,520 --> 00:04:43,640

And by the time we got back to the lake which shouldn't have been very long, the moon was

66

00:04:43,640 --> 00:04:45,880

setting.

67

00:04:45,880 --> 00:04:51,120

It never occurred to me until that moment that there could possibly be some missing

68

00:04:51,120 --> 00:04:52,200

time involved.

69

00:04:52,200 --> 00:04:53,520

I felt sick.

70

00:04:53,520 --> 00:04:58,840

I felt, I mean I literally felt nauseated at the thought of it.

71

00:04:58,840 --> 00:05:01,640

But what happened during that missing time?

72

00:05:01,640 --> 00:05:06,440

This asked Karen if she would consider hypnotherapy as a way to find the answer.

73

00:05:06,440 --> 00:05:11,080

I think that the nature of a repressed memory is that there is no conscious access to this

74

00:05:11,080 --> 00:05:12,080

memory.

75

00:05:12,080 --> 00:05:17,000

It's not something that somebody remembers once or occasionally and then sticks back

76

00:05:17,000 --> 00:05:20,240

in a locked vault someplace in their mind.

77

00:05:20,240 --> 00:05:23,440

Dr. David Clayton agreed to hypnotize Karen.

78

00:05:23,440 --> 00:05:28,280

He had no faith in the abduction experience but as he worked with Karen he realized that

79

00:05:28,280 --> 00:05:34,120

she was not unlike other patients who he'd seen relive past trauma under hypnosis.

80

00:05:34,120 --> 00:05:40,920

Karen was recalling a very intense white light that approached the vehicle that she and her

81

00:05:40,920 --> 00:05:44,160

former husband were in at the time.

82

00:05:44,160 --> 00:05:48,200

And when this white light approached the side of the vehicle it was so intense I think

83

00:05:48,200 --> 00:05:52,320

Karen at that point felt that she had fainted.

84

00:05:52,320 --> 00:05:58,240

Under Dr. Clayton's watchful eye Karen revealed traumatic contact with extraterrestrial beings.

85

00:05:58,240 --> 00:06:01,360

Something Dennis couldn't or wouldn't recall.

86

00:06:01,360 --> 00:06:03,960

But their descriptions of the craft were nearly identical.

87

00:06:03,960 --> 00:06:06,720

We compared notes later.

88

00:06:06,720 --> 00:06:11,400

They corroborated very closely with some of the points that Karen had brought up under

89

00:06:11,400 --> 00:06:12,400

hers.

90

00:06:12,400 --> 00:06:15,280

We both got these images of a grid-like pattern.

91

00:06:15,280 --> 00:06:19,640

Almost a primitive type structure, almost like a dirigible or something.

92

00:06:19,640 --> 00:06:24,040

Independently Karen and Dennis insisted that the purpose of the abduction was not to hurt

93

00:06:24,040 --> 00:06:26,880

them but to help all humankind.

94

00:06:26,880 --> 00:06:30,000

They each felt compelled to deliver the same message.

95

00:06:30,000 --> 00:06:35,680

The fate of Earth is intertwined with alien worlds throughout the cosmos and earthlings

96

00:06:35,680 --> 00:06:40,200

are not doing a good job of taking care of our part of the universe.

97

00:06:40,200 --> 00:06:44,240

It's a message that abduction support group leader Mary Kerfoot hears a lot.

98

00:06:44,240 --> 00:06:51,680

As far as the phenomenon in general some people's experiences can truly be described as abductions.

99

00:06:51,680 --> 00:06:56,800

They are taken kicking and screaming, struggling against their will.

100

00:06:56,800 --> 00:07:04,880

Others evolve over time as they understand what is happening to come very cooperatively

101

00:07:04,880 --> 00:07:12,120

and become associated with the beings that they're working with in a participatory role.

102

00:07:12,120 --> 00:07:18,000

The Chicago Center for Encounters support group was formed in 1993, so abductees and

103

00:07:18,000 --> 00:07:20,920

experiencers would know that they are not alone.

104

00:07:21,160 --> 00:07:27,320

It's enormously exciting for the members of our support group to compare experiences

105

00:07:27,320 --> 00:07:34,600

because as soon as you find someone who has some aspect that is similar exactly like yours,

106

00:07:34,600 --> 00:07:36,960

you feel much more validated.

107

00:07:36,960 --> 00:07:42,800

At first, abductees were pariahs, oddballs, inventing a new mythology.

108

00:07:42,800 --> 00:07:47,760

But after three decades, the phenomenon is not going away because abductees insist alien

109

00:07:47,760 --> 00:07:49,760

contact is a reality.

110

00:07:49,760 --> 00:07:55,200

If you feel that this has happened to you, by all means do whatever it takes to uncover

111

00:07:55,200 --> 00:08:01,480

the information because it's worth the risk.

112

00:08:01,480 --> 00:08:05,840

Just as she was reassured after watching our Allagash Abduction Report, Karen Klinger hopes

113

00:08:05,840 --> 00:08:10,680

that her personal story will encourage more people to come forward or at least to seek

114

00:08:10,680 --> 00:08:15,600

help from a certified professional hypnotherapist or from one of the hundreds of support groups

115

00:08:15,600 --> 00:08:16,600

forming around the world.
