

1

00:00:00,000 --> 00:00:02,800

Citing's, I'm Tim White.

2

00:00:02,800 --> 00:00:08,040

Tonight, an unprecedented review of the best UFO footage that we've received since Citing's

3

00:00:08,040 --> 00:00:10,720

first began asking for your videotapes.

4

00:00:10,720 --> 00:00:14,880

Out of the hundreds of photos and tapes that we have received, only a few can truly be

5

00:00:14,880 --> 00:00:17,160

called UFOs.

6

00:00:17,160 --> 00:00:21,480

Most of the material has been dismissed by our investigative team as conventional aircraft,

7

00:00:21,480 --> 00:00:24,280

atmospheric phenomena, or hoaxes.

8

00:00:24,280 --> 00:00:28,760

But there are some that defy explanation, even by the experts who make it their business,

9

00:00:28,760 --> 00:00:31,080

to study UFOs.

10

00:00:31,080 --> 00:00:34,600

Tucson, Arizona.

11

00:00:34,600 --> 00:00:37,440

Topeka, Kansas.

12

00:00:37,440 --> 00:00:40,520

Bellevue, Wisconsin.

13

00:00:40,520 --> 00:00:43,440

Gulf Breeze, Florida.

14

00:00:43,440 --> 00:00:46,400

Branford, Connecticut.

15

00:00:46,400 --> 00:00:49,440

New Boston, New Hampshire.

16

00:00:49,440 --> 00:00:52,640

Kanazawa, Japan.

17

00:00:52,640 --> 00:00:55,800

Karp, Ontario.

18

00:00:55,800 --> 00:01:01,720

Something is happening in the skies above these cities, and it's being captured on videotape.

19

00:01:01,720 --> 00:01:02,720

It was a ship.

20

00:01:02,720 --> 00:01:04,520

It was a ship as big as my house.

21

00:01:04,520 --> 00:01:09,960

It was a total feeling of awe and knowing that I was looking at something that I didn't

22

00:01:09,960 --> 00:01:11,400

know what it was.

23

00:01:11,400 --> 00:01:17,040

I think there's no doubt about the fact that it's the most dramatic thing and the most

24

00:01:17,040 --> 00:01:22,920

astounding thing, the most important thing that could happen here on Earth.

25

00:01:22,920 --> 00:01:27,680

In Branford, Connecticut, George Bennett was videotaping a high school football game

26

00:01:27,680 --> 00:01:31,080

when this beautiful sunset caught his attention.

27

00:01:31,080 --> 00:01:45,440

But watch what appears unexpectedly on the left-hand side of the screen.

28

00:01:45,440 --> 00:01:50,680

In Bellevue, Wisconsin, local TV cameraman Dave Hooker was taping this windmill for a

29

00:01:50,680 --> 00:01:52,760

story about a local farm.

30

00:01:52,760 --> 00:01:59,040

When he viewed the tape back at the station, this is what he found.

31

00:01:59,040 --> 00:02:06,520

Jeff Sino is a video analyst who studies hundreds of tapes of alleged UFOs every year.

32

00:02:06,520 --> 00:02:09,680

Here you can see an object moving behind a windmill here.

33

00:02:09,680 --> 00:02:16,240

Right there, it disappears into a cloud just before it goes behind this windmill.

34

00:02:16,240 --> 00:02:19,640

Clouds that day were at 25,000 feet, surface clouds.

35

00:02:19,640 --> 00:02:20,760

You know where the camera was put.

36

00:02:20,760 --> 00:02:22,640

You know the distance to the windmill.

37

00:02:22,640 --> 00:02:25,840

You can determine its size by looking at the image size here.

38

00:02:25,840 --> 00:02:31,440

Go through some trigonometry and you'll find out that that UFO was about 10 miles away,

39

00:02:31,440 --> 00:02:32,920

up to 25,000 feet.

40

00:02:32,920 --> 00:02:38,360

And the size works out to about 500 feet long and doing 14,000 miles an hour.

41

00:02:38,360 --> 00:02:45,520

Which is again nothing that a conventional aircraft is capable of doing.

42

00:02:45,520 --> 00:02:50,520

Gulf Breeze, Florida has been a UFO hot spot for more than six years.

43

00:02:50,520 --> 00:02:55,320

But Bruce Morrison has made 177 sightings since 1988.

44

00:02:55,320 --> 00:03:00,840

On September 2, 1991, Morrison was out with a group of friends when he recorded this object

45

00:03:00,840 --> 00:03:02,840

with his home video camera.

46

00:03:02,840 --> 00:03:05,840

Oh look, it's Ryder Ryder!

47

00:03:05,840 --> 00:03:08,840

Oh look at now.

48

00:03:08,840 --> 00:03:11,840

Look at that.

49

00:03:11,840 --> 00:03:13,840

Who is that?

50

00:03:13,840 --> 00:03:16,840

Look, look, look, look!

51

00:03:16,840 --> 00:03:19,840

What is here, there it goes!

52

00:03:19,840 --> 00:03:21,840

Yo, Mark is right there!

53

00:03:21,840 --> 00:03:23,840

Just drop something out Gary!

54

00:03:23,840 --> 00:03:29,320

We've had it drop these little objects out and they would go out at an angle from the

55

00:03:29,320 --> 00:03:32,120

red object we were looking at.

56

00:03:32,120 --> 00:03:35,080

Stop and turn red and we would have two red objects sitting there.

57

00:03:35,080 --> 00:03:39,560

It gives you the impression of sometimes of fireworks.

58

00:03:39,560 --> 00:03:46,720

Sometimes it looks like a spring coming out with a white ball on the end of it.

59

00:03:46,720 --> 00:03:51,760

This startling videos are due in large part to the home video revolution.

60

00:03:51,760 --> 00:03:57,560

The proliferation of UFOs on tape has analysts working overtime, including Robert Nathan

61

00:03:57,560 --> 00:04:00,240

of NASA's Jet Propulsion Laboratory.

62

00:04:00,240 --> 00:04:05,960

My feeling is the majority of the people who see something at night in the sky are telling

63

00:04:05,960 --> 00:04:10,560

a legitimate story in the sense that they certainly believe what they're seeing.

64

00:04:10,560 --> 00:04:14,080

But there are some people who are actively performing hoaxes.

65

00:04:14,080 --> 00:04:19,680

And it's a very difficult thing to separate these people.

66

00:04:19,680 --> 00:04:24,000

This is a rare daytime sighting recorded in Kanazawa, Japan.

67

00:04:24,000 --> 00:04:29,960

A shiny reflective disc descends rapidly then suddenly with tremendous speed the disc shoots

68

00:04:29,960 --> 00:04:38,080

off at an acute angle.

69

00:04:38,080 --> 00:04:41,280

Watch closely as the camera zooms in.

70

00:04:41,280 --> 00:04:47,640

The outline of a saucer shape is unmistakable, but is this a true UFO or an optical illusion

71

00:04:47,640 --> 00:04:53,680

created by the sun?

72

00:04:53,680 --> 00:05:00,360

On August 19th, 1991, in the town of Karp on the outskirts of Ottawa, Ontario, an anonymous

73

00:05:00,360 --> 00:05:05,520

videotaper shot some of the most compelling UFO footage ever recorded.

74

00:05:05,520 --> 00:05:11,960

In February of 1992, I received a rather unusual package in the mail and included a

75

00:05:11,960 --> 00:05:14,840

videotape and a series of documents.

76

00:05:14,840 --> 00:05:20,840

It was postmarked from the Ottawa, Ontario area without a return address.

77

00:05:20,840 --> 00:05:25,760

The documents and the label on the videotape made reference to an individual by the name

78

00:05:25,760 --> 00:05:28,680

of Guardian as the author.

79

00:05:28,680 --> 00:05:34,120

The videotape shows what appears to be a disc-shaped object landing in a field behind the house

80

00:05:34,120 --> 00:05:35,800

of Diane Labanek.

81

00:05:35,800 --> 00:05:38,800

She was an eyewitness to the phenomenon.

82

00:05:38,800 --> 00:05:43,000

On my property I've seen lots of bright flames.

83

00:05:43,000 --> 00:05:49,080

There were not like spreading fires, there were more individual flames going extremely

84

00:05:49,080 --> 00:05:52,360

high and a lot of smoke.

85

00:05:52,360 --> 00:05:54,880

I saw this bright, bright light.

86

00:05:54,880 --> 00:06:01,880

Right on top of it was like a beak and it was blue light pulsing and it had a light right

87

00:06:01,880 --> 00:06:07,720

on the bottom and a light right in the middle of it.

88

00:06:07,720 --> 00:06:14,200

And I've seen a ship just coming down over the tree and going very closer to the flames.

89

00:06:14,200 --> 00:06:16,960

That night was a very traumatic night for me.

90

00:06:16,960 --> 00:06:20,960

I can always, always remember that night, will never be forgotten.

91

00:06:20,960 --> 00:06:24,640

Dr. A.J. Quarrington is one of the Labanek's neighbors.

92

00:06:24,640 --> 00:06:26,400

He also witnessed the UFO.

93

00:06:26,400 --> 00:06:36,960

I looked out the back window and in the sky was a great golden globe with a thin red rim.

94

00:06:36,960 --> 00:06:41,080

The only thing that came to mind quickly was that it was lightning but I'd never seen lightning

95

00:06:41,080 --> 00:06:42,800

in a circular form.

96

00:06:42,800 --> 00:06:47,240

There you can get some indication that you're looking underneath with lights on it and then

97

00:06:47,240 --> 00:06:50,800

see a surface on the top here.

98

00:06:50,800 --> 00:06:51,960

This is a freeze frame here.

99

00:06:51,960 --> 00:06:57,320

You can see some indication of a bottom and then actually from the globe behind it you

100

00:06:57,320 --> 00:07:00,600

get kind of a silhouette of the shape of it.

101

00:07:00,600 --> 00:07:06,240

So from this aim you can see some indication that there's a solid craft there that you

102

00:07:06,240 --> 00:07:08,800

can see the top of and also see something underneath.

103

00:07:08,800 --> 00:07:13,520

But at least there is a hint of a cylindrical object here.

104

00:07:13,520 --> 00:07:18,840

One of the first things that we found when we located the site way at the back of the

105

00:07:18,840 --> 00:07:25,200

field down there by the tree line was that there was one specific area, a circular pattern

106

00:07:25,200 --> 00:07:32,120

really, where all of the plant life had been exposed to some form of radiation and by that

107

00:07:32,120 --> 00:07:36,400

I mean it just kind of melted, real healthy bushes just melted to the ground.

108

00:07:36,400 --> 00:07:40,840

The footage was so compelling we went straight to the Canadian Air Force trying to rule out

109

00:07:40,840 --> 00:07:44,240

the possibility that the UFO is a secret military craft.

110

00:07:44,240 --> 00:07:53,840

The events described and shown do not match any of Canadian airplane movements or helicopter

111

00:07:53,840 --> 00:07:54,840

movement.

112

00:07:54,840 --> 00:08:00,880

It wasn't an ordinary airplane and it wasn't just an ordinary light.

113

00:08:00,880 --> 00:08:02,360

It was something more than that.

114

00:08:02,360 --> 00:08:03,360

It was a ship.

115

00:08:03,360 --> 00:08:04,760

It was a ship as big as my house.
