

1
00:00:42,480 --> 00:00:40,740
look well in melbourne now it's

2
00:00:44,280 --> 00:00:42,490
currently 36 degrees outside but

3
00:00:45,750 --> 00:00:44,290
certainly a lot more than that inside

4
00:00:47,420 --> 00:00:45,760
the MacKinnon high school hall but you

5
00:00:51,090 --> 00:00:47,430
had a couple of hundred restless kids

6
00:00:53,729 --> 00:00:51,100
yes indeed I did and I unrest old them

7
00:00:55,320 --> 00:00:53,739
or something like that I I I got through

8
00:00:57,150 --> 00:00:55,330
to them eventually I guess but it was

9
00:00:58,530 --> 00:00:57,160
very very difficult to do yeah all the

10
00:01:01,229 --> 00:00:58,540
temperature inside that hole was very

11
00:01:02,760 --> 00:01:01,239
hot actually you a show must go on guy

12
00:01:03,990 --> 00:01:02,770
have you ever had to stop a show halfway

13
00:01:05,280 --> 00:01:04,000

through god that's it i'm not going to

14

00:01:07,170 --> 00:01:05,290

get up there and agri falls of that

15

00:01:08,790 --> 00:01:07,180

jacket on sooo cold you don't know how

16

00:01:11,280 --> 00:01:08,800

many times i said the hell with it but

17

00:01:13,530 --> 00:01:11,290

that i only say that backstage and then

18

00:01:16,380 --> 00:01:13,540

the lights come up and the music starts

19

00:01:18,690 --> 00:01:16,390

to play an arm out there like a fool yes

20

00:01:22,590 --> 00:01:18,700

I know I've never never missed a show

21

00:01:24,630 --> 00:01:22,600

that I didn't have a temperature of I

22

00:01:27,030 --> 00:01:24,640

got it gonna be careful how I name

23

00:01:29,520 --> 00:01:27,040

temperatures now using it was a small

24

00:01:32,070 --> 00:01:29,530

number you know no haha well whatever

25

00:01:34,230 --> 00:01:32,080

body temperature is and what is body

26
00:01:36,029 --> 00:01:34,240
temperature in Celsius it's usually

27
00:01:39,060 --> 00:01:36,039
slightly above the hotel room air

28
00:01:40,949 --> 00:01:39,070
conditioning I see him okay gotcha well

29
00:01:42,919 --> 00:01:40,959
we won't argue about that will we know

30
00:01:46,199 --> 00:01:42,929
but I had a wonderful time here I

31
00:01:48,330 --> 00:01:46,209
exchanged some good moments and I hope I

32
00:01:50,340 --> 00:01:48,340
made my point it was very difficult it

33
00:01:52,440 --> 00:01:50,350
was very awkward because of the humidity

34
00:01:54,630 --> 00:01:52,450
and the temperature but we managed it

35
00:01:57,059 --> 00:01:54,640
look after all these years you said

36
00:01:58,559 --> 00:01:57,069
critical thinking is potentially boring

37
00:01:59,699 --> 00:01:58,569
things to the kids there I think it

38
00:02:01,859 --> 00:01:59,709

needs to have to be given a different

39

00:02:03,089 --> 00:02:01,869

word critical thinking too warm kids up

40

00:02:05,520 --> 00:02:03,099

to it so it doesn't seem like it's hard

41

00:02:09,240 --> 00:02:05,530

work yeah maybe a we should get some

42

00:02:11,190 --> 00:02:09,250

glamour going on at er yeah yeah yeah

43

00:02:12,630 --> 00:02:11,200

cuz they but look it was great the kids

44

00:02:14,160 --> 00:02:12,640

enjoyed the tricks and everything and I

45

00:02:15,480 --> 00:02:14,170

can see them going what's this going on

46

00:02:18,360 --> 00:02:15,490

here and then when you do did you stuff

47

00:02:20,940 --> 00:02:18,370

your 1 i'm over well getting smart might

48

00:02:23,339 --> 00:02:20,950

be a good yeah that's a good way let's
