up your mind I'll make up my mind it's

5
00:00:33,590 --> 00:00:31,740
probably the eleventh of December

6
00:00:36,350 --> 00:00:33,600
depending on what part of the world

7
00:00:37,880 --> 00:00:36,360
you're in it could be the twelfth it's

8
00:00:40,220 --> 00:00:37,890
very confusing i'm in the united states

9
00:00:41,840 --> 00:00:40,230
at the moment so time zones and jet lag

10
00:00:44,510 --> 00:00:41,850
are all playing their part nevermind

11
00:00:48,340 --> 00:00:44,520
here we are now on this week's episode

12
00:00:51,049 --> 00:00:48,350
we have an interview with george rub the

13
00:00:53,210 --> 00:00:51,059

singer-songwriter skeptical bloke who

14

00:00:55,610 --> 00:00:53,220

came over to sydney for the amazing

15

00:00:57,850 --> 00:00:55,620

meeting and did a big tour of australia

16

00:01:00,260 --> 00:00:57,860

and new zealand while he was at it

17

00:01:02,389 --> 00:01:00,270

following that a short song by george

18

00:01:06,109 --> 00:01:02,399

from one of his live concerts from a

19

00:01:10,130 --> 00:01:06,119

melbourne after that the welcome return

20

00:01:13,700 --> 00:01:10,140

of dr. ray Chira ports all about a talk

21

00:01:15,230 --> 00:01:13,710

she went to about vaccinations to you I

22

00:01:17,900 --> 00:01:15,240

wonder what that's going to be like hmm

23

00:01:20,389 --> 00:01:17,910

and following that the return of the

24

00:01:22,760 --> 00:01:20,399

think tank with special guest Fred

25

00:01:25,609 --> 00:01:22,770

Bremer all the way from Vancouver Canada

26
00:01:27,710 --> 00:01:25,619
now in the coming weeks we have many

27
00:01:29,740 --> 00:01:27,720
interviews lined up for you from Tam

28
00:01:32,660 --> 00:01:29,750
Australia conducted by our very own

29
00:01:35,660 --> 00:01:32,670
Maynard fantastic interviews I've had a

30
00:01:38,600 --> 00:01:35,670
sneak peek a sneak listen and your infra

31
00:01:40,160 --> 00:01:38,610
tree they really are top-notch also i'll

32
00:01:42,770 --> 00:01:40,170
be running around with my microphone

33
00:01:44,450 --> 00:01:42,780
here in the Bay Area hunting out

34
00:01:46,310 --> 00:01:44,460
skeptics and interesting people around

35
00:01:49,149 --> 00:01:46,320
San Francisco to see what I can bring

36
00:01:52,670 --> 00:01:49,159
you from this little corner of the world

37
00:01:57,080 --> 00:01:52,680
but for now sit back grab that nice cup

38
00:02:05,859 --> 00:01:57,090

of freshly brewed coffee and enjoy the

39

00:02:11,900 --> 00:02:09,650

become just desserts hope you'll stick

40

00:02:16,699 --> 00:02:11,910

around for seconds and maybe thurs

41

00:02:21,479 --> 00:02:19,140

cam lost rally just doesn't want to REM

42

00:02:25,470 --> 00:02:21,489

ladies and gentlemen it's it's already

43

00:02:28,020 --> 00:02:25,480

the tenth of December I'm lucky enough

44

00:02:31,410 --> 00:02:28,030

to be in a room here with George shrub

45

00:02:34,199 --> 00:02:31,420

who has just been he doesn't know what

46

00:02:36,059 --> 00:02:34,209

state country time zone anything using

47

00:02:37,740 --> 00:02:36,069

only 10 although I'm certain recognize

48

00:02:39,300 --> 00:02:37,750

airports that which is the scariest bit

49

00:02:40,800 --> 00:02:39,310

that as I walk through these airports

50

00:02:42,180 --> 00:02:40,810

lobster oh yeah this is the one with the

51
00:02:43,589 --> 00:02:42,190
Christmas tree in the middle oh this is

52
00:02:45,750 --> 00:02:43,599
the one that has the yeah the snack bar

53
00:02:49,099 --> 00:02:45,760
over here now since I saw you you I'm

54
00:02:52,500 --> 00:02:49,109
lost you at tam Australia of course yes

55
00:02:53,550 --> 00:02:52,510
then then you disappeared yes no

56
00:02:54,869 --> 00:02:53,560
actually I caught up with you and

57
00:02:56,960 --> 00:02:54,879
Melbourne after that right I went to

58
00:03:00,780 --> 00:02:56,970
Brisbane Brisbane then I went to

59
00:03:04,140 --> 00:03:00,790
Melbourne yeah then went to New Zealand

60
00:03:08,009 --> 00:03:04,150
did Christchurch you hit Auckland came

61
00:03:09,629 --> 00:03:08,019
back did Adelaide yeah then did Canberra

62
00:03:15,509 --> 00:03:09,639
yeah and then I've just come back from

63
00:03:17,819 --> 00:03:15,519

three days in Cannes Wow yeah warm warm

64

00:03:19,559 --> 00:03:17,829

nice though yeah nice not as humid as I

65

00:03:20,939 --> 00:03:19,569

thought would be people were warming me

66

00:03:23,099 --> 00:03:20,949

that lie cause human it's crazy and it

67

00:03:24,509 --> 00:03:23,109

was but it wasn't wasn't as bad as I

68

00:03:27,809 --> 00:03:24,519

thought it would be humid here really

69

00:03:30,119 --> 00:03:27,819

ok need terrible yeah but I saw a great

70

00:03:32,460 --> 00:03:30,129

clipping out of the Adelaide do babe

71

00:03:34,740 --> 00:03:32,470

yeah how about that go figure you know

72

00:03:36,659 --> 00:03:34,750

yeah this a fan of the show is a

73

00:03:37,830 --> 00:03:36,669

reporter a fan of the geology podcast

74

00:03:40,289 --> 00:03:37,840

yeah I got in touch and said can we talk

75

00:03:43,589 --> 00:03:40,299

to said sure he brought photographer and

76

00:03:46,379 --> 00:03:43,599

everything ya know bunch of cool ones so

77

00:03:48,960 --> 00:03:46,389

so this the angle of the story was um

78

00:03:50,670 --> 00:03:48,970

your fans really made this trip for

79

00:03:52,080 --> 00:03:50,680

right right that it was totally driven

80

00:03:54,509 --> 00:03:52,090

by people that listen to the show

81

00:03:57,240 --> 00:03:54,519

completely that you know I said I'm

82

00:03:59,189 --> 00:03:57,250

going to be in this part of the world if

83

00:04:00,599 --> 00:03:59,199

you want to see me get in touch and it

84

00:04:04,170 --> 00:04:00,609

worked out we got six shows out of it

85

00:04:07,259 --> 00:04:04,180

which were each one was unique and

86

00:04:08,670 --> 00:04:07,269

better than the last and worse than any

87

00:04:10,500 --> 00:04:08,680

in its own way each one has its own

88

00:04:13,050 --> 00:04:10,510

little character and the one you were at

89

00:04:15,149 --> 00:04:13,060

in in Melbourne was the biggest audience

90

00:04:16,939 --> 00:04:15,159

that was about 150 people or so they for

91

00:04:19,589 --> 00:04:16,949

something like that yeah which was I

92

00:04:20,879 --> 00:04:19,599

said it at the show I mean I have gigs

93

00:04:22,230 --> 00:04:20,889

across the street from me back in the

94

00:04:23,760 --> 00:04:22,240

states with that ten people show up to

95

00:04:25,320 --> 00:04:23,770

so to be on the other side of the world

96

00:04:27,209 --> 00:04:25,330

and have a hundred you for my friends

97

00:04:29,610 --> 00:04:27,219

it's just just crazy so their sponsor is

98

00:04:30,180 --> 00:04:29,620

really good and it's so it's surreal

99

00:04:32,270 --> 00:04:30,190

it's sir

100

00:04:34,260 --> 00:04:32,280

it's all because of the whole the whole

101
00:04:35,940 --> 00:04:34,270
skepticism thing and you're working on

102
00:04:38,010 --> 00:04:35,950
Tam and all that and it's just it's it's

103
00:04:39,330 --> 00:04:38,020
led to it so it was neat the angle he

104
00:04:41,670 --> 00:04:39,340
took talking about luck because I sort

105
00:04:42,960 --> 00:04:41,680
of said that I'm very lucky and and this

106
00:04:44,310 --> 00:04:42,970
wasn't quite included in the article but

107
00:04:46,830 --> 00:04:44,320
I talked about all the sort of things

108
00:04:48,750 --> 00:04:46,840
that had to happen for me to end up and

109
00:04:51,690 --> 00:04:48,760
Adelaide talking to him yeah being

110
00:04:54,600 --> 00:04:51,700
interviewed that you know I had to name

111
00:04:57,060 --> 00:04:54,610
my name my website geologic records so

112
00:04:58,440 --> 00:04:57,070
that when people from dragoncon saw it

113
00:05:00,870 --> 00:04:58,450

they would think I was a geologist who

114

00:05:02,790 --> 00:05:00,880

asked me to do a lecture on geology and

115

00:05:04,050 --> 00:05:02,800

I agreed to do it and then Jeff wag saw

116

00:05:05,490 --> 00:05:04,060

that then said you should come to Tam

117

00:05:06,690 --> 00:05:05,500

and do some songs and then I went to Tam

118

00:05:09,210 --> 00:05:06,700

and that work that well and then I Mel

119

00:05:12,890 --> 00:05:09,220

you guys you know all of them all of the

120

00:05:16,260 --> 00:05:12,900

cogs that have to line up so it is luck

121

00:05:17,670 --> 00:05:16,270

and but not really luck because you have

122

00:05:21,980 --> 00:05:17,680

to sort of build on your luck as it

123

00:05:25,290 --> 00:05:21,990

comes along first time I met you is Tam

124

00:05:27,630 --> 00:05:25,300

666 yes and we shared a panel or a

125

00:05:29,040 --> 00:05:27,640

question yes yes the very last I have

126

00:05:30,660 --> 00:05:29,050

that have a picture of that I call it

127

00:05:33,860 --> 00:05:30,670

the skeptics Last Supper I have a great

128

00:05:37,170 --> 00:05:33,870

picture Adam Savage you and Randy

129

00:05:39,750 --> 00:05:37,180

Stevens la novela Banacek banachek

130

00:05:41,640 --> 00:05:39,760

remember I said that um lots of people

131

00:05:43,140 --> 00:05:41,650

yeah which is great someone took a

132

00:05:45,720 --> 00:05:43,150

picture of it and it's just as perfectly

133

00:05:47,700 --> 00:05:45,730

it's just this nice long da Vinci in

134

00:05:49,050 --> 00:05:47,710

kind of yeah oh it's great really we're

135

00:05:50,880 --> 00:05:49,060

talking about pictures some of the

136

00:05:53,820 --> 00:05:50,890

pictures that we've been getting back

137

00:05:56,130 --> 00:05:53,830

from fans from damn Australia just mined

138

00:05:57,600 --> 00:05:56,140

by well that room is so cool that you

139

00:06:00,480 --> 00:05:57,610

could have that you really felt like you

140

00:06:01,830 --> 00:06:00,490

were on top of the speakers you know

141

00:06:04,710 --> 00:06:01,840

we're used to tam Vegas which is this

142

00:06:06,180 --> 00:06:04,720

massive airplane hangar a flat yeah but

143

00:06:09,030 --> 00:06:06,190

here with the audience kind of right on

144

00:06:11,850 --> 00:06:09,040

top in tears it just felt literally

145

00:06:15,060 --> 00:06:11,860

literally arrest yeah well I'd my joke

146

00:06:17,220 --> 00:06:15,070

my pun is it leaves them in tears but I

147

00:06:20,510 --> 00:06:17,230

don't know it just felt like it was this

148

00:06:23,640 --> 00:06:20,520

community it really did because when I

149

00:06:26,190 --> 00:06:23,650

knew and I were shared the stage at one

150

00:06:28,620 --> 00:06:26,200

stage 22 right liver the productions but

151

00:06:30,330 --> 00:06:28,630

you didn't have to look far into the

152

00:06:32,580 --> 00:06:30,340

distance to make eye contact with

153

00:06:34,470 --> 00:06:32,590

anybody right now we're all right there

154

00:06:36,060 --> 00:06:34,480

and not to say that the room was small

155

00:06:38,340 --> 00:06:36,070

coastal wasn't it's just the way it was

156

00:06:41,130 --> 00:06:38,350

laid out very good yeah it just felt

157

00:06:41,999 --> 00:06:41,140

like we were signing some legislation or

158

00:06:43,350 --> 00:06:42,009

something some Parliament

159

00:06:48,769 --> 00:06:43,360

kind of things it was nice it was really

160

00:06:52,499 --> 00:06:48,779

great and so you may expect it to be at

161

00:06:54,059 --> 00:06:52,509

m9 I would imagine I believe so I think

162

00:06:56,399 --> 00:06:54,069

things are in the works nothing official

163

00:06:58,079 --> 00:06:56,409

yet but i will i will go regardless of

164

00:06:59,730 --> 00:06:58,089

whether i'm there officially or no

165

00:07:01,980 --> 00:06:59,740

that's not that's the story is an aisle

166

00:07:05,219 --> 00:07:01,990

go certainly out listen whatever yeah i

167

00:07:07,499 --> 00:07:05,229

may or may not be doing right it's it's

168

00:07:09,299 --> 00:07:07,509

it's fantastic but we've just been

169

00:07:10,859 --> 00:07:09,309

getting such lovely comments back from

170

00:07:12,510 --> 00:07:10,869

people who have been to other temps

171

00:07:14,610 --> 00:07:12,520

right in saying this one was right up

172

00:07:16,079 --> 00:07:14,620

there that was people have asked me what

173

00:07:17,999 --> 00:07:16,089

was different about this one and there

174

00:07:21,299 --> 00:07:18,009

was a there was a vibe difference that I

175

00:07:23,189 --> 00:07:21,309

sensed that was that was positive that I

176

00:07:25,920 --> 00:07:23,199

think it reflected no I don't want to

177

00:07:28,049 --> 00:07:25,930

talk too much but but it reflected some

178

00:07:29,850 --> 00:07:28,059

of the Australian character in terms of

179

00:07:31,829 --> 00:07:29,860

friendliness I want to know if it's an

180

00:07:34,230 --> 00:07:31,839

over an oversimplification or why but it

181

00:07:35,850 --> 00:07:34,240

was more because the American team can

182

00:07:37,409 --> 00:07:35,860

be a little vitriolic sometimes the

183

00:07:39,059 --> 00:07:37,419

vaguest am or a little bit a little bit

184

00:07:41,879 --> 00:07:39,069

pointed which is fun in its own way that

185

00:07:43,889 --> 00:07:41,889

can be a lot of fun being snarky Tim

186

00:07:48,510 --> 00:07:43,899

London the one that I went to was a

187

00:07:51,839 --> 00:07:48,520

little bit more maybe not reserved but

188

00:07:54,029 --> 00:07:51,849

more almost educational or sort of more

189

00:07:55,170 --> 00:07:54,039

decorum and yes that was at first that

190

00:07:57,659 --> 00:07:55,180

was the first one yesterday I didn't go

191

00:08:00,719 --> 00:07:57,669

this last one but but and this to me

192

00:08:02,610 --> 00:08:00,729

just had this sense of I sort of said

193

00:08:04,589 --> 00:08:02,620

Vegas Vegas says you know things are

194

00:08:06,959 --> 00:08:04,599

really messed up in the world and boy

195

00:08:08,159 --> 00:08:06,969

you know what we gonna do Australia said

196

00:08:09,839 --> 00:08:08,169

things really messed up in the world but

197

00:08:11,309 --> 00:08:09,849

we can make a difference yeah that was

198

00:08:12,179 --> 00:08:11,319

the vibe I God maybe not a huge

199

00:08:14,489 --> 00:08:12,189

difference but a little bit of a

200

00:08:16,709 --> 00:08:14,499

difference the the anti-vaccine the all

201
00:08:19,230 --> 00:08:16,719
rebecca watson talked about the you know

202
00:08:22,709 --> 00:08:19,240
using Twitter to get a major movie chain

203
00:08:24,929 --> 00:08:22,719
to not show a dress that's major you

204
00:08:26,279 --> 00:08:24,939
know twitter we all we all appreciate

205
00:08:27,899 --> 00:08:26,289
that Twitter is a complete waste of time

206
00:08:30,239 --> 00:08:27,909
like we all know that we all sort of we

207
00:08:31,829 --> 00:08:30,249
use it we but we tacitly agree that for

208
00:08:34,350 --> 00:08:31,839
the most part is pretty silly and yet

209
00:08:36,930 --> 00:08:34,360
here was here was an example of perfect

210
00:08:39,480 --> 00:08:36,940
use of it where the Twitter minions were

211
00:08:41,129 --> 00:08:39,490
put to work and we stopped something

212
00:08:43,290 --> 00:08:41,139
that could really damage people's lives

213
00:08:45,780 --> 00:08:43,300

from being presented in a major movie

214

00:08:47,020 --> 00:08:45,790

chain it's amazing it is i mean i agree

215

00:08:49,750 --> 00:08:47,030

with you

216

00:08:51,940 --> 00:08:49,760

twitter is silly bum yeah and which he

217

00:08:53,200 --> 00:08:51,950

does room for that there's no that and I

218

00:08:54,670 --> 00:08:53,210

could I can I think that's wonderful

219

00:08:56,620 --> 00:08:54,680

yeah if that's what you want to do but

220

00:08:59,380 --> 00:08:56,630

when you really need something yeah

221

00:09:01,120 --> 00:08:59,390

twitter is um I mean the world hasn't

222

00:09:02,380 --> 00:09:01,130

seen anything like it right right and to

223

00:09:04,000 --> 00:09:02,390

start like that was one of the first

224

00:09:06,310 --> 00:09:04,010

talks i think that was I think that was

225

00:09:09,310 --> 00:09:06,320

on Friday well that's been effectiveness

226

00:09:11,230 --> 00:09:09,320

yeah right whatever they were but the

227

00:09:14,170 --> 00:09:11,240

start off everything with that was kind

228

00:09:16,900 --> 00:09:14,180

of like hey we can we can do something

229

00:09:19,810 --> 00:09:16,910

we're not you know yes we're fighting

230

00:09:21,880 --> 00:09:19,820

back you know waves and waves of of non

231

00:09:23,950 --> 00:09:21,890

critical thinking but in this little

232

00:09:25,810 --> 00:09:23,960

corner we dem in made a difference and

233

00:09:29,440 --> 00:09:25,820

that was nice and I think that energized

234

00:09:31,690 --> 00:09:29,450

people I know I know Pamela gays talk

235

00:09:34,450 --> 00:09:31,700

also people afterwards we're just so

236

00:09:36,550 --> 00:09:34,460

energized comments I have that about

237

00:09:38,320 --> 00:09:36,560

Pamela stool yeah I can't wait to see it

238

00:09:40,780 --> 00:09:38,330

on the DVD right because I was too busy

239

00:09:42,070 --> 00:09:40,790

running around doing fixing this yeah I

240

00:09:43,900 --> 00:09:42,080

caught the last 10 minutes that was it

241

00:09:46,240 --> 00:09:43,910

but but people just said that yeah her

242

00:09:48,850 --> 00:09:46,250

attitude fit perfectly with the attitude

243

00:09:50,710 --> 00:09:48,860

of 10 Australian how it was just people

244

00:09:53,080 --> 00:09:50,720

wanted to go do stuff afterwards and

245

00:09:54,730 --> 00:09:53,090

that's the best kind of a reaction I'm I

246

00:09:57,370 --> 00:09:54,740

think that one of the things that tamest

247

00:09:59,440 --> 00:09:57,380

rally also did was was it was like

248

00:10:02,770 --> 00:09:59,450

continually being punched in the head by

249

00:10:04,750 --> 00:10:02,780

a feather bag nice way in other words

250

00:10:06,610 --> 00:10:04,760

you didn't have time to stop and relax

251

00:10:08,080 --> 00:10:06,620

it was just this here's the next thing

252

00:10:11,440 --> 00:10:08,090

here's next thing and it's all good and

253

00:10:12,970 --> 00:10:11,450

it's all fun yeah yeah no nothing like

254

00:10:14,500 --> 00:10:12,980

oh I'm gonna skip this out oh yeah

255

00:10:15,820 --> 00:10:14,510

everything was oh I can't catch the

256

00:10:17,260 --> 00:10:15,830

because I have to do this over here if

257

00:10:19,180 --> 00:10:17,270

you only look it I can't even I miss it

258

00:10:20,950 --> 00:10:19,190

you know and that that's really special

259

00:10:22,840 --> 00:10:20,960

and really unique I think for for this

260

00:10:24,370 --> 00:10:22,850

so i hope i hope it can happen again I

261

00:10:26,440 --> 00:10:24,380

don't know what city or where who's

262

00:10:28,210 --> 00:10:26,450

gonna organize it but neither do i yeah

263

00:10:30,310 --> 00:10:28,220

I don't want to run it up I don't sort

264

00:10:32,320 --> 00:10:30,320

of it so what's what snakes on the

265

00:10:34,480 --> 00:10:32,330

lineup for Joe trava and obviously

266

00:10:36,760 --> 00:10:34,490

you're gonna go home and sleep for a

267

00:10:38,050 --> 00:10:36,770

week yes I'm trying to I'm then going to

268

00:10:39,940 --> 00:10:38,060

stay straight up tonight and maybe sleep

269

00:10:42,160 --> 00:10:39,950

on the plane and try to fool myself into

270

00:10:44,290 --> 00:10:42,170

yeah I realize you have us you guys take

271

00:10:47,200 --> 00:10:44,300

back till to Bethlehem yeah well I have

272

00:10:49,390 --> 00:10:47,210

a stopover in Toronto i believe for a

273

00:10:50,340 --> 00:10:49,400

couple hours no I think it's like 14 in

274

00:10:53,520 --> 00:10:50,350

Toronto and then

275

00:10:55,560 --> 00:10:53,530

three or five will be longer than 14 to

276

00:10:58,260 --> 00:10:55,570

Toronto that's true yeah there's 14 of

277

00:10:59,700 --> 00:10:58,270

Vancouver so there's a long time it'll

278

00:11:03,750 --> 00:10:59,710

be fine a long time yeah what's nice

279

00:11:05,670 --> 00:11:03,760

nice for me is I get to host QED which

280

00:11:08,790 --> 00:11:05,680

is happening in Manchester which is the

281

00:11:10,050 --> 00:11:08,800

question explore discover skeptics

282

00:11:12,120 --> 00:11:10,060

conference they asked me to be the host

283

00:11:16,050 --> 00:11:12,130

of that excited and I'm combining that

284

00:11:17,520 --> 00:11:16,060

with someone won the golden ticket from

285

00:11:19,560 --> 00:11:17,530

the trebuchet release I don't know if

286

00:11:21,030 --> 00:11:19,570

you heard about I did hear about that it

287

00:11:22,530 --> 00:11:21,040

was that on one of your podcast you

288

00:11:24,690 --> 00:11:22,540

mentioned that I think I was a sitting

289

00:11:27,990 --> 00:11:24,700

in right it was some some way was it now

290

00:11:30,240 --> 00:11:28,000

yeah there was an M finland finland of

291

00:11:32,220 --> 00:11:30,250

all places mica mica called me up and

292

00:11:34,110 --> 00:11:32,230

said i'm on the golden ticket yeah so I

293

00:11:35,730 --> 00:11:34,120

said okay and you said you know I'm

294

00:11:37,050 --> 00:11:35,740

there after that was the rule so and

295

00:11:39,930 --> 00:11:37,060

combined with that will do a show at

296

00:11:41,430 --> 00:11:39,940

micah's place but then a bunch of other

297

00:11:42,870 --> 00:11:41,440

Scandinavian skeptic groups have gotten

298

00:11:44,940 --> 00:11:42,880

in touch and much like the styrofoam

299

00:11:46,410 --> 00:11:44,950

tour they're just taking it by the reins

300

00:11:49,200 --> 00:11:46,420

and saying okay can you put your near

301

00:11:51,120 --> 00:11:49,210

that's february like middle finger if i

302

00:11:53,970 --> 00:11:51,130

won lots of I knew I know where I would

303

00:11:56,070 --> 00:11:53,980

be in favor if I win lotto I right now

304

00:11:58,080 --> 00:11:56,080

that would be so excited yeah I've never

305

00:11:59,790 --> 00:11:58,090

been to to Sweden or Finland I was in

306

00:12:01,860 --> 00:11:59,800

the airport in Finland for an hour yes

307

00:12:03,270 --> 00:12:01,870

yeah doesn't count yes these are really

308

00:12:05,340 --> 00:12:03,280

to be in someone's home will be really

309

00:12:08,090 --> 00:12:05,350

cool i think i'm excited so aunt aunt a

310

00:12:11,750 --> 00:12:08,100

host to be I haven't I haven't compared

311

00:12:13,800 --> 00:12:11,760

or or you know exceed one of these

312

00:12:15,600 --> 00:12:13,810

skeptic things yes I think that'll be

313

00:12:18,080 --> 00:12:15,610

really cool that'll be fun yeah I I

314

00:12:20,700 --> 00:12:18,090

really had a good time when we did out

315

00:12:23,010 --> 00:12:20,710

I'll talk at am with the prediction oh

316

00:12:25,650 --> 00:12:23,020

yeah because you and I didn't rehearse

317

00:12:27,270 --> 00:12:25,660

one land nothing and I thought of myself

318

00:12:28,950 --> 00:12:27,280

I don't have to rehearse with this guy

319

00:12:31,320 --> 00:12:28,960

you're very nice to trust me but that

320

00:12:33,090 --> 00:12:31,330

was that was very true yeah trust me

321

00:12:35,340 --> 00:12:33,100

there's a blast i think people really

322

00:12:37,620 --> 00:12:35,350

dug it again it was a different kind of

323

00:12:40,620 --> 00:12:37,630

a thing there was fun yeah informative

324

00:12:42,480 --> 00:12:40,630

in that it reconfirmed that people that

325

00:12:44,490 --> 00:12:42,490

make predictions have no idea to tell

326

00:12:46,590 --> 00:12:44,500

you about um but we sort of had fun with

327

00:12:48,180 --> 00:12:46,600

it and people liked it we had fun with

328

00:12:50,160 --> 00:12:48,190

it and of course as we said at the time

329

00:12:51,690 --> 00:12:50,170

it wrote itself yeah because all the

330

00:12:53,190 --> 00:12:51,700

silly lines were written by the salute

331

00:12:56,490 --> 00:12:53,200

you think they have magical mystical

332

00:12:58,920 --> 00:12:56,500

exist okay and then when you go back of

333

00:13:01,800 --> 00:12:58,930

course apart from getting ready to fly

334

00:13:02,450 --> 00:13:01,810

to scan a navy you've got to get stuck

335

00:13:04,730 --> 00:13:02,460

back into

336

00:13:06,110 --> 00:13:04,740

logic vodka yep back on the podcast will

337

00:13:08,330 --> 00:13:06,120

start turning those out again and I'll

338

00:13:11,480 --> 00:13:08,340

start writing material hopefully for the

339

00:13:13,820 --> 00:13:11,490

next record wow wow well it's you know

340

00:13:15,680 --> 00:13:13,830

wow how the process that's how it goes I

341

00:13:17,990 --> 00:13:15,690

mean I've been seriously enjoying Trevor

342

00:13:19,910 --> 00:13:18,000

Jay and if listeners haven't downloaded

343

00:13:21,200 --> 00:13:19,920

trebuchet they can go to iTunes right

344

00:13:22,490 --> 00:13:21,210

you go to itunes but if you want to hear

345

00:13:26,150 --> 00:13:22,500

it for free you can go to geologic

346

00:13:27,890 --> 00:13:26,160

podcast calm and show number 170 is the

347

00:13:30,590 --> 00:13:27,900

entire album for free which you can hear

348

00:13:32,630 --> 00:13:30,600

it 70 71 minutes of music yeah totally

349

00:13:34,610 --> 00:13:32,640

free so download it have a listen to it

350

00:13:36,830 --> 00:13:34,620

and if you like it buy the obvious like

351
00:13:39,200 --> 00:13:36,840
one song can buy one song yeah so yeah

352
00:13:41,840 --> 00:13:39,210
then you can listen too far as far as

353
00:13:43,880 --> 00:13:41,850
you for often as you like okay George

354
00:13:45,650 --> 00:13:43,890
rob what a pleasure has been to ham host

355
00:13:47,690 --> 00:13:45,660
you here in Australia out of your trip

356
00:13:49,670 --> 00:13:47,700
my cousin it was one of the best ideas

357
00:13:51,350 --> 00:13:49,680
we had to bring you out I think you

358
00:13:52,900 --> 00:13:51,360
certainly were one of the highlights of

359
00:13:55,280 --> 00:13:52,910
town Australia it's very sweet and

360
00:13:56,510 --> 00:13:55,290
there's no doubt in my mind that you're

361
00:13:58,970 --> 00:13:56,520
going to be back in this part of the

362
00:14:03,020 --> 00:13:58,980
world before too long yes thank you

363
00:14:08,300 --> 00:14:03,030

thank you this true story this is for

364

00:14:28,780 --> 00:14:08,310

Russell up there all the people who

365

00:14:38,889 --> 00:14:33,210

i know you know i think i am the best

366

00:14:43,950 --> 00:14:42,850

was your mother proud not mean I'm still

367

00:14:45,730 --> 00:14:43,960

go

368

00:14:52,199 --> 00:14:45,740

thing i'll suck down

369

00:15:00,780 --> 00:14:54,329

for their friend

370

00:15:00,790 --> 00:15:09,910

and remove any doubt don't you

371

00:15:09,920 --> 00:15:15,240

hey

372

00:15:23,330 --> 00:15:19,030

looks can be a Chilean after all no you

373

00:15:27,150 --> 00:15:23,340

know you've been happy on where its ass

374

00:15:29,550 --> 00:15:27,160

forget I see myself as bald as that

375

00:15:33,360 --> 00:15:29,560

I was you there was some more than what

376

00:15:50,650 --> 00:15:33,370

you see your assumptions and you making

377

00:15:57,379 --> 00:15:53,509

people who would rather be by themselves

378

00:15:59,689 --> 00:15:57,389

are generically iso file up your

379

00:16:03,240 --> 00:15:59,699

assumptions you be the life of the party

380

00:16:05,400 --> 00:16:03,250

and I'll be the party

381

00:16:05,410 --> 00:16:14,759

I'll be the party

382

00:16:21,639 --> 00:16:17,650

no you know yet they bump intrastate

383

00:16:25,180 --> 00:16:21,649

don't stink sorry mr. Gladwell on or

384

00:16:28,509 --> 00:16:25,190

even blink first of course is that you

385

00:16:35,750 --> 00:16:28,519

become just desserts I hope you'll stick

386

00:16:35,760 --> 00:16:39,460

no she

387

00:16:39,470 --> 00:16:50,930

now

388

00:16:50,940 --> 00:16:55,079

can be silly

389

00:17:02,329 --> 00:16:59,400

looks can be concealing after all of the

390

00:17:16,529 --> 00:17:02,339

people who look rather be by themselves

391

00:17:20,250 --> 00:17:16,539

are inherently unhappy no we're not this

392

00:17:24,029 --> 00:17:20,260

is an EVP I recorded last night how you

393

00:17:25,919 --> 00:17:24,039

doing I'm a ghost what's up you guys

394

00:17:30,149 --> 00:17:25,929

can't possibly ignore that type of it

395

00:17:31,680 --> 00:17:30,159

who are you we're doing my own EVPs of

396

00:17:33,960 --> 00:17:31,690

the result of pareidolia I'm cross

397

00:17:36,389 --> 00:17:33,970

modulation combined with listeners hopes

398

00:17:40,110 --> 00:17:36,399

and expectations what does this have to

399

00:17:48,720 --> 00:17:40,120

do with science I think you just got

400

00:17:56,570 --> 00:17:48,730

skipped a free phone well skeptically

401
00:18:05,970 --> 00:17:59,940
now it's time for dr. Richie reports

402
00:18:09,540 --> 00:18:05,980
with dr. Rachel Dunlop hello listeners

403
00:18:12,000 --> 00:18:09,550
and welcome to dr. Richie reports well

404
00:18:14,280 --> 00:18:12,010
this week I attended a seminar from a

405
00:18:17,190 --> 00:18:14,290
pediatric chiropractor nimrod whiner

406
00:18:20,190 --> 00:18:17,200
entitled vaccinations make an informed

407
00:18:22,260 --> 00:18:20,200
decision now this sounds like a loaded

408
00:18:25,050 --> 00:18:22,270
title doesn't it and it was as you're

409
00:18:27,000 --> 00:18:25,060
about to find out so to set the scene

410
00:18:29,790 --> 00:18:27,010
the audience consisted of about 20

411
00:18:31,920 --> 00:18:29,800
people mostly women several pregnant and

412
00:18:34,350 --> 00:18:31,930
assorted couples with very young babies

413
00:18:37,020 --> 00:18:34,360

most under the age of two gurgling in

414

00:18:38,670 --> 00:18:37,030

the background weina started by saying

415

00:18:41,210 --> 00:18:38,680

that he was going to provide us with

416

00:18:43,620 --> 00:18:41,220

both sides of the story to vaccination

417

00:18:45,450 --> 00:18:43,630

he acknowledged that vaccination is an

418

00:18:47,400 --> 00:18:45,460

emotive issue but he asked that we do

419

00:18:49,770 --> 00:18:47,410

not let our emotions get in the way and

420

00:18:51,720 --> 00:18:49,780

he was happy for dissenting views to be

421

00:18:54,390 --> 00:18:51,730

aired but he would respect people for

422

00:18:56,250 --> 00:18:54,400

their views he also said that he had

423

00:18:57,990 --> 00:18:56,260

been called anti-vaccination after

424

00:19:01,380 --> 00:18:58,000

giving some of his lectures but that he

425

00:19:03,480 --> 00:19:01,390

was no such thing so after detailing his

426

00:19:06,690 --> 00:19:03,490

qualifications which include a master's

427

00:19:09,600 --> 00:19:06,700

in chiropractic and units of pediatric

428

00:19:11,280 --> 00:19:09,610

chiropractic Nimrod emphasized he would

429

00:19:12,900 --> 00:19:11,290

stick to the science about vaccinations

430

00:19:15,030 --> 00:19:12,910

in an effort to arm parents with the

431

00:19:18,060 --> 00:19:15,040

ability to ask the right questions and

432

00:19:19,800 --> 00:19:18,070

weigh up the evidence from both sides he

433

00:19:21,540 --> 00:19:19,810

said he approached his research from a

434

00:19:23,910 --> 00:19:21,550

logical and rational point of view and

435

00:19:26,910 --> 00:19:23,920

his aim was to empower parents to make a

436

00:19:29,280 --> 00:19:26,920

good decision he was also going to

437

00:19:32,580 --> 00:19:29,290

explain to us just how safe the diseases

438

00:19:33,690 --> 00:19:32,590

we vaccinate against actually are so so

439

00:19:36,300 --> 00:19:33,700

far this was sounding pretty

440

00:19:38,040 --> 00:19:36,310

anti-vaccination to me I had so many red

441

00:19:40,830 --> 00:19:38,050

flags up it could have been a flag

442

00:19:43,200 --> 00:19:40,840

convention or something like that but

443

00:19:44,940 --> 00:19:43,210

finally we got onto vaccines but his

444

00:19:46,410 --> 00:19:44,950

talk was still peppered with phrases

445

00:19:48,750 --> 00:19:46,420

such as leave out emotions and

446

00:19:50,670 --> 00:19:48,760

propaganda respect critical thinking and

447

00:19:51,870 --> 00:19:50,680

analysis yet then he immediately

448

00:19:54,180 --> 00:19:51,880

followed this with things like

449

00:19:57,720 --> 00:19:54,190

information about vaccines is laden with

450

00:19:59,700 --> 00:19:57,730

propaganda now why not continue to

451
00:20:01,740 --> 00:19:59,710
emphasize that his information is based

452
00:20:03,810 --> 00:20:01,750
on current research and science and

453
00:20:05,970 --> 00:20:03,820
further he has spent more than a hundred

454
00:20:08,190 --> 00:20:05,980
hours on this topic alone

455
00:20:09,570 --> 00:20:08,200
well I reckon if you can count the

456
00:20:11,310 --> 00:20:09,580
number of hours you have spent on a

457
00:20:13,740 --> 00:20:11,320
topic that you haven't spent nearly

458
00:20:15,510 --> 00:20:13,750
enough and it doesn't matter if you

459
00:20:17,610 --> 00:20:15,520
spent more than a hundred hours if

460
00:20:20,100 --> 00:20:17,620
you've read the wrong information from

461
00:20:22,380 --> 00:20:20,110
the likes of Joseph Mercola Mike Adams

462
00:20:24,480 --> 00:20:22,390
or the avn then you're not going to

463
00:20:28,530 --> 00:20:24,490

glean anything based on current research

464

00:20:30,659 --> 00:20:28,540

and science by the time we finish one of

465

00:20:32,909 --> 00:20:30,669

them proposed something interesting he

466

00:20:34,380 --> 00:20:32,919

said that no criticisms were allowed

467

00:20:36,680 --> 00:20:34,390

from the audience without an

468

00:20:38,760 --> 00:20:36,690

accompanying suggestion for improvement

469

00:20:42,210 --> 00:20:38,770

but we'll get on to that a little bit

470

00:20:43,860 --> 00:20:42,220

later it was here that I began to tell

471

00:20:46,140 --> 00:20:43,870

you the number of times that wine is

472

00:20:49,740 --> 00:20:46,150

said or referred to vaccines as injected

473

00:20:51,390 --> 00:20:49,750

into the bloodstream granted the first

474

00:20:53,880 --> 00:20:51,400

time he did mention this he said

475

00:20:55,860 --> 00:20:53,890

straight into the blood or a muscle but

476

00:20:58,799 --> 00:20:55,870

then I ticked off at least six mentions

477

00:21:00,360 --> 00:20:58,809

of injected into the blood anti-vaxxers

478

00:21:03,690 --> 00:21:00,370

love to do this because it sounds so

479

00:21:05,520 --> 00:21:03,700

scary and evil this is a misleading

480

00:21:07,400 --> 00:21:05,530

statement because vaccines are not

481

00:21:10,020 --> 00:21:07,410

injected directly into the bloodstream

482

00:21:13,020 --> 00:21:10,030

so then we got some of the old aunt I've

483

00:21:15,270 --> 00:21:13,030

xclass it can arts including no one

484

00:21:17,150 --> 00:21:15,280

knows how long vaccines last there is no

485

00:21:19,860 --> 00:21:17,160

guarantee of their effectiveness

486

00:21:22,080 --> 00:21:19,870

antibodies play no role in immunity and

487

00:21:24,150 --> 00:21:22,090

these diseases are designed to come into

488

00:21:27,030 --> 00:21:24,160

our bodies when we are kids plus

489

00:21:29,310 --> 00:21:27,040

vaccines have never been tested winer

490

00:21:31,890 --> 00:21:29,320

then went on to talk about pseudoscience

491

00:21:33,570 --> 00:21:31,900

lack of ethics and negligence associated

492

00:21:36,510 --> 00:21:33,580

with vaccine manufacturers and

493

00:21:38,820 --> 00:21:36,520

government health bodies now some of his

494

00:21:41,100 --> 00:21:38,830

points here were quite valid such as big

495

00:21:43,530 --> 00:21:41,110

farmer test the vaccines they make hence

496

00:21:45,480 --> 00:21:43,540

there is a propensity to bias some

497

00:21:47,310 --> 00:21:45,490

government advisers have links to big

498

00:21:49,830 --> 00:21:47,320

pharma suggesting a conflict of interest

499

00:21:51,870 --> 00:21:49,840

and the TGA either Therapeutic Goods

500

00:21:55,020 --> 00:21:51,880

Administration doesn't independently

501
00:21:56,820 --> 00:21:55,030
test drugs but then he went and undid

502
00:22:00,299 --> 00:21:56,830
all his good work by saying something

503
00:22:02,490 --> 00:22:00,309
like no lot of vaccines have ever been

504
00:22:04,710 --> 00:22:02,500
recalled for increased adverse reactions

505
00:22:06,510 --> 00:22:04,720
lots that may have caused harm in

506
00:22:08,580 --> 00:22:06,520
children they have never been taken off

507
00:22:12,000 --> 00:22:08,590
the shelf in the whole history of the

508
00:22:14,010 --> 00:22:12,010
world this has never happened oh except

509
00:22:18,090 --> 00:22:14,020
in Western Australia with the recent flu

510
00:22:19,810 --> 00:22:18,100
vax reaction scare so why not scared

511
00:22:21,550 --> 00:22:19,820
parents into thinking that vaccine

512
00:22:23,980 --> 00:22:21,560
matches that may be faulty or cause

513
00:22:26,410 --> 00:22:23,990

increased adverse reactions are never

514

00:22:29,710 --> 00:22:26,420

ever recalled except that one time when

515

00:22:31,270 --> 00:22:29,720

they were he also claimed that parents

516

00:22:33,610 --> 00:22:31,280

are not told what to expect after

517

00:22:36,100 --> 00:22:33,620

vaccination now I'm pretty sure everyone

518

00:22:38,830 --> 00:22:36,110

is told what to expect and even made to

519

00:22:42,130 --> 00:22:38,840

wait for at least 15 minutes in case of

520

00:22:43,930 --> 00:22:42,140

an immediate adverse event so one of

521

00:22:46,660 --> 00:22:43,940

incited deaths from vaccine-preventable

522

00:22:49,120 --> 00:22:46,670

diseases in Australia in the last decade

523

00:22:51,730 --> 00:22:49,130

and proposed reasons for the cause of

524

00:22:53,860 --> 00:22:51,740

death since apparently the vaccine

525

00:22:56,620 --> 00:22:53,870

preventable disease wasn't the cause of

526
00:22:58,390 --> 00:22:56,630
death he then suggested that since the

527
00:23:00,670 --> 00:22:58,400
vaccination status of the Dead was

528
00:23:02,320 --> 00:23:00,680
unknown these people may have had other

529
00:23:04,660 --> 00:23:02,330
illnesses that contributed to their

530
00:23:06,760 --> 00:23:04,670
death also there may have been

531
00:23:08,410 --> 00:23:06,770
Aboriginal which is the population of

532
00:23:10,240 --> 00:23:08,420
people that suffer a greater incidence

533
00:23:12,400 --> 00:23:10,250
of disease in the rest of the country

534
00:23:14,620 --> 00:23:12,410
they may have lived in unsanitary

535
00:23:17,740 --> 00:23:14,630
conditions and perhaps they were in

536
00:23:20,770 --> 00:23:17,750
refugee camps so in other words any

537
00:23:22,810 --> 00:23:20,780
number of explanations including they

538
00:23:25,570 --> 00:23:22,820

were somehow living in squalid refugee

539

00:23:27,240 --> 00:23:25,580

camps in Australia could explain their

540

00:23:29,650 --> 00:23:27,250

death from vaccine-preventable diseases

541

00:23:32,770 --> 00:23:29,660

because it certainly wasn't the disease

542

00:23:34,690 --> 00:23:32,780

that killed them so as we moved into

543

00:23:36,520 --> 00:23:34,700

vaccine ingredients I felt as if I was

544

00:23:39,130 --> 00:23:36,530

reading the avians page or something

545

00:23:41,640 --> 00:23:39,140

from Joseph Mercola as wine are listed

546

00:23:43,990 --> 00:23:41,650

all the scary chemicals in vaccines

547

00:23:46,360 --> 00:23:44,000

there was no acknowledgement that the

548

00:23:48,460 --> 00:23:46,370

poison is in the dose meaning small

549

00:23:51,310 --> 00:23:48,470

amounts of toxic substances are not

550

00:23:52,660 --> 00:23:51,320

necessarily poisonous neither did he

551

00:23:54,970 --> 00:23:52,670

mention that there are two types of

552

00:23:56,710 --> 00:23:54,980

mercury the one that's in vaccines is

553

00:24:00,070 --> 00:23:56,720

much less toxic and doesn't

554

00:24:02,800 --> 00:24:00,080

bioaccumulate we also got the usual

555

00:24:05,800 --> 00:24:02,810

suspects such as aborted human fetus and

556

00:24:07,930 --> 00:24:05,810

he described in detail how aborted human

557

00:24:09,820 --> 00:24:07,940

fetus apparently ends up in the vaccine

558

00:24:13,210 --> 00:24:09,830

at the end of the processing which is

559

00:24:15,730 --> 00:24:13,220

completely untrue we also got foam

560

00:24:18,850 --> 00:24:15,740

aerosol aluminium bacteria formaldehyde

561

00:24:20,830 --> 00:24:18,860

anti-freeze etc etc we were also

562

00:24:23,290 --> 00:24:20,840

reminded that although scientists say

563

00:24:25,540 --> 00:24:23,300

that vaccines are safe they also said

564

00:24:28,660 --> 00:24:25,550

the same thing about asbestos cigarettes

565

00:24:30,970 --> 00:24:28,670

and thalidomide so as expected the old

566

00:24:32,649 --> 00:24:30,980

vaccines cause autism showboat was

567

00:24:34,119 --> 00:24:32,659

rolled out several times

568

00:24:36,190 --> 00:24:34,129

and when myself and my colleague

569

00:24:38,859 --> 00:24:36,200

politely pointed out that whiners should

570

00:24:42,159 --> 00:24:38,869

probably not be using wakefield Lancet

571

00:24:44,109 --> 00:24:42,169

paper as evidence for such he insisted

572

00:24:46,899 --> 00:24:44,119

that the science in the wakeful paper

573

00:24:49,089 --> 00:24:46,909

was still valid according to him

574

00:24:51,580 --> 00:24:49,099

Wakefield was only in trouble for two

575

00:24:53,200 --> 00:24:51,590

things in regards to that paper he

576

00:24:55,299 --> 00:24:53,210

didn't have ethics for taking the

577

00:24:57,969 --> 00:24:55,309

birthday party blood and he paid the

578

00:25:00,399 --> 00:24:57,979

children for the blood otherwise he

579

00:25:01,989 --> 00:25:00,409

claimed it was solid science when my

580

00:25:03,669 --> 00:25:01,999

colleague gently pointed out that you

581

00:25:05,769 --> 00:25:03,679

generally have to do more than that to

582

00:25:08,879 --> 00:25:05,779

get struck off the UK Medical register

583

00:25:11,499 --> 00:25:08,889

weina said this was a political maneuver

584

00:25:13,359 --> 00:25:11,509

so during this discussion whiner also

585

00:25:15,580 --> 00:25:13,369

stated that he had read The Lancet paper

586

00:25:17,830 --> 00:25:15,590

well I propose he didn't read it

587

00:25:20,080 --> 00:25:17,840

properly because in his summary he wrote

588

00:25:23,229 --> 00:25:20,090

that it showed a link between MMR the

589

00:25:25,629 --> 00:25:23,239

vaccine and autism but The Lancet paper

590

00:25:28,330 --> 00:25:25,639

doesn't address a connection between MMR

591

00:25:31,139 --> 00:25:28,340

and autism this was suggested at a press

592

00:25:33,279 --> 00:25:31,149

conference after the paper was published

593

00:25:35,710 --> 00:25:33,289

now when both my colleague and I

594

00:25:38,019 --> 00:25:35,720

informed whiner that Wakefield was paid

595

00:25:40,570 --> 00:25:38,029

by lawyers to show a link between MMR

596

00:25:43,269 --> 00:25:40,580

and autism and that he had a patent

597

00:25:44,950 --> 00:25:43,279

pending on a single measles vaccine wine

598

00:25:47,859 --> 00:25:44,960

acclaimed he did not know anything about

599

00:25:49,739 --> 00:25:47,869

this so whilst he was quite happy to

600

00:25:52,330 --> 00:25:49,749

throw mud at big farmer for bias

601
00:25:54,099 --> 00:25:52,340
pseudoscience and vested interests these

602
00:25:57,009 --> 00:25:54,109
same rules apparently do not apply to

603
00:25:59,320 --> 00:25:57,019
Wakefield in fact the Wakefield in the

604
00:26:01,479 --> 00:25:59,330
room was addressed several times once by

605
00:26:03,700 --> 00:26:01,489
a lady inquiring about the Danish study

606
00:26:06,099 --> 00:26:03,710
which was done on all children born in

607
00:26:09,369 --> 00:26:06,109
Denmark between January 1991 and

608
00:26:11,919 --> 00:26:09,379
December 1998 and it provided strong

609
00:26:14,950 --> 00:26:11,929
evidence against the hypothesis that MMR

610
00:26:16,690 --> 00:26:14,960
causes autism wanna said he had not

611
00:26:19,749 --> 00:26:16,700
heard of this study either but he would

612
00:26:22,119 --> 00:26:19,759
it be happy to see a copy then there was

613
00:26:24,580 --> 00:26:22,129

more vaccines cause autism evidence from

614

00:26:27,849 --> 00:26:24,590

winner in the form of an American dental

615

00:26:29,560 --> 00:26:27,859

association video showing a neuron dying

616

00:26:33,099 --> 00:26:29,570

in cell culture when incubated with

617

00:26:35,859 --> 00:26:33,109

mercury however the dose of mercury was

618

00:26:37,570 --> 00:26:35,869

not specified how a cell in a dish is

619

00:26:39,729 --> 00:26:37,580

relevant to a child's brain was not

620

00:26:43,509 --> 00:26:39,739

discussed and fortunately for us the

621

00:26:44,799 --> 00:26:43,519

video stopped working halfway through we

622

00:26:46,540 --> 00:26:44,809

were then told that vaccines are

623

00:26:50,650 --> 00:26:46,550

associated with shaken baby syndrome

624

00:26:54,160 --> 00:26:50,660

Sid's a DD asthma MS suppress the immune

625

00:26:55,840 --> 00:26:54,170

system and shift the balance for life we

626
00:26:57,940 --> 00:26:55,850
were told that polio has not been

627
00:27:00,310 --> 00:26:57,950
eradicated in many countries but has

628
00:27:01,960 --> 00:27:00,320
simply been renamed I assume in an

629
00:27:04,720 --> 00:27:01,970
attempt to hide the ineffectiveness of

630
00:27:07,000 --> 00:27:04,730
the vaccine by big farmer as flustered

631
00:27:10,390 --> 00:27:07,010
aseptic meningitis or a septic

632
00:27:11,980 --> 00:27:10,400
meningitis we were also told that one in

633
00:27:15,040 --> 00:27:11,990
two people now have a chronic disease

634
00:27:17,020 --> 00:27:15,050
herd immunity doesn't exist and most

635
00:27:19,210 --> 00:27:17,030
childhood illnesses are self-limiting

636
00:27:23,080 --> 00:27:19,220
rarely dangerous and have few serious

637
00:27:25,420 --> 00:27:23,090
consequences so after listening to this

638
00:27:27,310 --> 00:27:25,430

propaganda for two hours and asking a

639

00:27:30,400 --> 00:27:27,320

few polite questions here and there I

640

00:27:32,200 --> 00:27:30,410

decided to offer whiner some criticism

641

00:27:35,800 --> 00:27:32,210

with an accompanying suggestion for

642

00:27:37,330 --> 00:27:35,810

improvement I asked why not why he

643

00:27:39,870 --> 00:27:37,340

didn't tell us from the very beginning

644

00:27:42,310 --> 00:27:39,880

that he was against vaccination I

645

00:27:44,200 --> 00:27:42,320

suggested that he had not shown anything

646

00:27:46,570 --> 00:27:44,210

about the risk-benefit ratio of

647

00:27:48,550 --> 00:27:46,580

vaccination that is the risk of getting

648

00:27:50,650 --> 00:27:48,560

an adverse reaction to our vaccine is

649

00:27:53,740 --> 00:27:50,660

tiny compared to the risks associated

650

00:27:56,020 --> 00:27:53,750

with the disease he said he was not

651
00:27:58,270 --> 00:27:56,030
anti-vaccination but admitted that he

652
00:28:00,430 --> 00:27:58,280
would not choose to vaccinate my

653
00:28:02,260 --> 00:28:00,440
suggestion for improvement therefore was

654
00:28:05,220 --> 00:28:02,270
and he informed people from the very

655
00:28:08,320 --> 00:28:05,230
beginning that he is against vaccination

656
00:28:10,210 --> 00:28:08,330
my second criticism was that nowhere in

657
00:28:12,700 --> 00:28:10,220
his seminar had he addressed the issue

658
00:28:15,310 --> 00:28:12,710
of the seriousness of childhood diseases

659
00:28:17,740 --> 00:28:15,320
and that as a pediatric chiropractor it

660
00:28:19,780 --> 00:28:17,750
was irresponsible not to inform a room

661
00:28:21,760 --> 00:28:19,790
full of mums holding babies and pregnant

662
00:28:24,250 --> 00:28:21,770
women that there is currently an

663
00:28:27,760 --> 00:28:24,260

epidemic of pertussis and pertussis

664

00:28:29,590 --> 00:28:27,770

killed babies I suggested to whiner that

665

00:28:32,020 --> 00:28:29,600

he had glossed over the seriousness of

666

00:28:33,340 --> 00:28:32,030

this disease and others and whilst he

667

00:28:35,800 --> 00:28:33,350

spent a lot of time talking about

668

00:28:38,050 --> 00:28:35,810

vaccine reactions he didn't even mention

669

00:28:40,750 --> 00:28:38,060

that in babies under the age of two

670

00:28:42,940 --> 00:28:40,760

pertussis can be fatal at worst and at

671

00:28:47,230 --> 00:28:42,950

best have complications such as

672

00:28:51,010 --> 00:28:47,240

pneumonia broken ribs hernias vomiting

673

00:28:53,020 --> 00:28:51,020

after coughing etc my suggestion for

674

00:28:54,640 --> 00:28:53,030

improvement was that when there is an

675

00:28:57,130 --> 00:28:54,650

epidemic of a vaccine preventable

676
00:28:58,510 --> 00:28:57,140
disease in our community he might remind

677
00:29:00,159 --> 00:28:58,520
parents that they should not only

678
00:29:02,700 --> 00:29:00,169
vaccinate their children

679
00:29:05,560 --> 00:29:02,710
but get their own booster shots as well

680
00:29:07,960 --> 00:29:05,570
my final criticism was that he said that

681
00:29:10,139 --> 00:29:07,970
vaccines don't work because I can still

682
00:29:12,909 --> 00:29:10,149
get the disease even if I am vaccinated

683
00:29:14,859 --> 00:29:12,919
my suggestion for improvement was that

684
00:29:17,229 --> 00:29:14,869
although a vaccine is not a force field

685
00:29:20,409 --> 00:29:17,239
it can significantly reduce the severity

686
00:29:22,570 --> 00:29:20,419
of disease so in kids who have had two

687
00:29:24,369 --> 00:29:22,580
or three shots for pertussis they can

688
00:29:26,379 --> 00:29:24,379

still get the disease but they have a

689

00:29:29,109 --> 00:29:26,389

reduced risk of getting complications

690

00:29:30,879 --> 00:29:29,119

and suffering a long term effects it was

691

00:29:32,619 --> 00:29:30,889

at this point that a discussion ensued

692

00:29:34,720 --> 00:29:32,629

around the room in which one pregnant

693

00:29:37,180 --> 00:29:34,730

lady asked whiner if there was a cure

694

00:29:39,690 --> 00:29:37,190

for whooping cough she looked over to me

695

00:29:42,460 --> 00:29:39,700

I shook my head and whiner confirm this

696

00:29:44,470 --> 00:29:42,470

she then asked whiner which vaccines

697

00:29:46,779 --> 00:29:44,480

were important and which you could skip

698

00:29:48,759 --> 00:29:46,789

as she listed them off she said one

699

00:29:51,070 --> 00:29:48,769

thing that made me pause she said

700

00:29:53,080 --> 00:29:51,080

something like obviously I can't skip

701
00:29:56,349 --> 00:29:53,090
the pertussis vaccine that disease

702
00:29:59,139 --> 00:29:56,359
sounds really bad so maybe we achieved

703
00:30:00,849 --> 00:29:59,149
something today for a pediatric

704
00:30:03,460 --> 00:30:00,859
chiropractor I couldn't be more

705
00:30:05,099 --> 00:30:03,470
disappointed in Nimrod whiner he's a

706
00:30:07,479 --> 00:30:05,109
smart man who has studied extensively

707
00:30:09,369 --> 00:30:07,489
but he sat in a room filled almost

708
00:30:11,769 --> 00:30:09,379
exclusively with pregnant women and

709
00:30:14,320 --> 00:30:11,779
parents with babies and scared them into

710
00:30:16,119 --> 00:30:14,330
not vaccinating he told them never to

711
00:30:18,430 --> 00:30:16,129
get vaccinated if they are pregnant no

712
00:30:19,960 --> 00:30:18,440
matter what they tell you he cited

713
00:30:21,609 --> 00:30:19,970

studies that have been struck from the

714

00:30:23,560 --> 00:30:21,619

literature because they were found to be

715

00:30:26,169 --> 00:30:23,570

fraudulent and he defended them when

716

00:30:28,210 --> 00:30:26,179

questioned in the middle of a pertussis

717

00:30:30,580 --> 00:30:28,220

epidemic in which at least three babies

718

00:30:32,889 --> 00:30:30,590

have died in Australia and ten have died

719

00:30:35,229 --> 00:30:32,899

in America he told parents that

720

00:30:37,720 --> 00:30:35,239

childhood diseases are self-limiting and

721

00:30:39,249 --> 00:30:37,730

not very harmful but worst of all as we

722

00:30:41,139 --> 00:30:39,259

were gathering our stuff and about to

723

00:30:43,779 --> 00:30:41,149

leave someone asked him a question about

724

00:30:45,489 --> 00:30:43,789

homeopathic vaccinations he said that

725

00:30:47,470 --> 00:30:45,499

although he wasn't a homeopath he

726

00:30:49,210 --> 00:30:47,480

understood it worked like vaccines in

727

00:30:51,940 --> 00:30:49,220

that it contained a small amount of the

728

00:30:53,619 --> 00:30:51,950

infectious material but it was safer

729

00:30:56,859 --> 00:30:53,629

because it didn't have the toxic

730

00:30:58,810 --> 00:30:56,869

chemicals that vaccines have ironic

731

00:31:00,789 --> 00:30:58,820

really that he said I'm not a homeopath

732

00:31:02,979 --> 00:31:00,799

because he had just stood in front of us

733

00:31:05,710 --> 00:31:02,989

for two hours spouting miss information

734

00:31:07,720 --> 00:31:05,720

about vaccines and never once did he say

735

00:31:10,359 --> 00:31:07,730

I'm not an immunologist or a medical

736

00:31:12,099 --> 00:31:10,369

doctor he gave medical advice to

737

00:31:13,570 --> 00:31:12,109

pregnant women and parents and much of

738

00:31:15,490 --> 00:31:13,580

it was wrong

739

00:31:17,740 --> 00:31:15,500

I guess all I can hope is that myself

740

00:31:20,920 --> 00:31:17,750

and my colleague planted a seed in some

741

00:31:22,720 --> 00:31:20,930

people's minds today we didn't give up

742

00:31:24,760 --> 00:31:22,730

on the wakefield stuff when whiner kept

743

00:31:26,350 --> 00:31:24,770

saying it was accurate we didn't let it

744

00:31:29,200 --> 00:31:26,360

go when he kept saying it was good

745

00:31:31,120 --> 00:31:29,210

science he told us he updates his slides

746

00:31:33,520 --> 00:31:31,130

every time he gives a talk to which I

747

00:31:36,400 --> 00:31:33,530

suggested next time you do that remove

748

00:31:38,500 --> 00:31:36,410

the wakefield one who knows if he will

749

00:31:41,200 --> 00:31:38,510

at least he was willing to listen to our

750

00:31:42,970 --> 00:31:41,210

criticisms unlike some he didn't have a

751
00:31:45,520 --> 00:31:42,980
siege ected from the room as soon as we

752
00:31:47,590 --> 00:31:45,530
started to ask questions but when

753
00:31:49,780 --> 00:31:47,600
someone who calls themselves a pediatric

754
00:31:52,270 --> 00:31:49,790
chiropractor and says homeopathic

755
00:31:54,790 --> 00:31:52,280
vaccination works and that Lancet paper

756
00:31:57,220 --> 00:31:54,800
is valid while it's time to notify the

757
00:31:59,800 --> 00:31:57,230
relevant authorities especially when

758
00:32:01,420 --> 00:31:59,810
Kim's lives are at risk you can find

759
00:32:03,970 --> 00:32:01,430
this week's episode of dr. Richie

760
00:32:07,660 --> 00:32:03,980
reports transcribed at skeptics book

761
00:32:09,760 --> 00:32:07,670
calm as the Wakefield in the room and

762
00:32:18,750 --> 00:32:09,770
until next time this has been dr. Richie

introduce the other thing tankers soon

786

00:33:34,850 --> 00:33:30,840

basically coming out here for Tam yes

787

00:33:38,149 --> 00:33:34,860

but also interacting and stalking yes to

788

00:33:39,950 --> 00:33:38,159

789

00:33:44,149 --> 00:33:39,960

guide to the universe live show in

790

00:33:48,289 --> 00:33:44,159

Vancouver which also had George Rob on

791

00:33:51,259 --> 00:33:48,299

on the show and then we all flew to

792

00:33:54,169 --> 00:33:51,269

sydney together and we're here for most

793

00:33:56,600 --> 00:33:54,179

of the week before time I was here for

794

00:34:01,029 --> 00:33:56,610

Tam Australia and afterwards I followed

795

00:34:04,909 --> 00:34:01,039

George to brisbane and melbourne and

796

00:34:07,009 --> 00:34:04,919

adelaide and Canberra and now i'm back

797

00:34:10,220 --> 00:34:07,019

here in Sydney for my last few days

798

00:34:11,960 --> 00:34:10,230

before I go home that's great and cost

799

00:34:15,260 --> 00:34:11,970

afraid you're famous not only for having

800

00:34:17,119 --> 00:34:15,270

been to every SGU dinner right but for

801
00:34:19,520 --> 00:34:17,129
taking wonderful photographs around the

802
00:34:22,820 --> 00:34:19,530
place thank you even the moons of

803
00:34:23,899 --> 00:34:22,830
Jupiter I did yes I I took pictures of

804
00:34:25,399 --> 00:34:23,909
the moons of Jupiter people were

805
00:34:28,369 --> 00:34:25,409
surprised that i could do that with a

806
00:34:29,990 --> 00:34:28,379
handheld point-and-shoot camera and

807
00:34:32,810 --> 00:34:30,000
somebody who I know enjoys your

808
00:34:35,060 --> 00:34:32,820
photograph our old friend Diane hi Diane

809
00:34:36,950 --> 00:34:35,070

brian dunning and rebecca watson and

818

00:35:00,170 --> 00:34:57,930

some of the melbourne area skeptics yeah

819

00:35:02,450 --> 00:35:00,180

yeah at a beautiful day at the what was

820

00:35:06,140 --> 00:35:02,460

Wildlife Sanctuary yes a marvelous place

822

00:35:10,430 --> 00:35:09,000

it was good and hello Jessica singer

823

00:35:12,260 --> 00:35:10,440

from the Australian skeptics committee

824

00:35:13,970 --> 00:35:12,270

and who did so much hard work

825

00:35:16,160 --> 00:35:13,980

in the scenes for town Australia hi

826

00:35:18,260 --> 00:35:16,170

Richard how are you I'm fine and thank

827

00:35:19,940 --> 00:35:18,270

you for your invaluable help especially

828

00:35:22,190 --> 00:35:19,950

without fabulous skeptics in the pub

829

00:35:24,620 --> 00:35:22,200

night oh it's a pleasure it was some

830

00:35:26,150 --> 00:35:24,630

such fun to organize and I think

831

00:35:28,490 --> 00:35:26,160

everybody had a great time yeah

832

00:35:30,230 --> 00:35:28,500

everybody wearing their yellow armbands

833

00:35:32,630 --> 00:35:30,240

that was good fun oh such a fashion

834

00:35:37,490 --> 00:35:32,640

statement they were wonderful I only

835

00:35:40,520 --> 00:35:37,500

took mine off yesterday and that that

836

00:35:44,090 --> 00:35:40,530

insightful comment comes from none other

837

00:35:45,530 --> 00:35:44,100

than dr. AG hi dr. H hi Richard welcome

838

00:35:47,540 --> 00:35:45,540

back to the think tank and thank you for

839

00:35:51,860 --> 00:35:47,550

your wonderful dr. ray chira ports about

840

00:35:54,320 --> 00:35:51,870

Nimrod oh yeah they want the one you're

841

00:36:02,110 --> 00:35:54,330

going to record yeah nimrod wayna the

842

00:36:05,390 --> 00:36:02,120

chiropractor yeah it is it is really

843

00:36:07,400 --> 00:36:05,400

named Rob wayna and wine and one else

844

00:36:10,370 --> 00:36:07,410

and almost falling of your night chair

845

00:36:12,980 --> 00:36:10,380

it's joe better move hi yahaira to have

846

00:36:20,480 --> 00:36:12,990

you recovered from tanya um I thought I

847

00:36:22,670 --> 00:36:20,490

hadn't told her last but not least it's

848

00:36:24,590 --> 00:36:22,680

Iran segev higher inherited have you

849

00:36:26,630 --> 00:36:24,600

recovered from Tamia I was jet-lagged

850

00:36:27,830 --> 00:36:26,640

until a couple of days ago which is kind

851

00:36:30,410 --> 00:36:27,840

of strange considering the fact that I

852

00:36:32,450 --> 00:36:30,420

haven't left Sydney in months you know

853

00:36:35,630 --> 00:36:32,460

that's interesting i think i was too i

854

00:36:37,490 --> 00:36:35,640

was waking up at odd hours me too me too

855

00:36:40,100 --> 00:36:37,500

waking up at like three in the morning

856

00:36:41,810 --> 00:36:40,110

five in the morning yeah it's the jet

857

00:36:45,380 --> 00:36:41,820

like I didn't have when coming back from

858

00:36:47,060 --> 00:36:45,390

Tam in Vegas if the jet like I didn't

859

00:36:49,370 --> 00:36:47,070

have when going back going to Israel and

860

00:36:51,260 --> 00:36:49,380

back I had I definitely had it now for a

861

00:36:54,440 --> 00:36:51,270

whole week just like I was tired during

862

00:36:56,810 --> 00:36:54,450

the day I was awake not clearly strange

863

00:36:59,270 --> 00:36:56,820

well it took it was a mean for the the

864

00:37:00,830 --> 00:36:59,280

four of us here and Tim mendham to not

865

00:37:02,690 --> 00:37:00,840

here with us but the four of us on the

866

00:37:04,670 --> 00:37:02,700

tam committee it was a an extraordinary

867

00:37:06,050 --> 00:37:04,680

time wasn't the whole I'm in leading up

868

00:37:08,870 --> 00:37:06,060

to it was extraordinary enough but

869

00:37:10,310 --> 00:37:08,880

actually I remember thinking when when

870

00:37:13,010 --> 00:37:10,320

Paul Willis announced that you know

871

00:37:16,430 --> 00:37:13,020

welcome to Tam I thought it's it's here

872

00:37:17,780 --> 00:37:16,440

it was surreal yeah I think none of us

873

00:37:18,720 --> 00:37:17,790

could wipe the greens of her faces

874

00:37:20,370 --> 00:37:18,730

dashes sort of see

875

00:37:22,349 --> 00:37:20,380

come to fruition was quite spectacular

876

00:37:24,210 --> 00:37:22,359

and then we're running around like

877

00:37:27,650 --> 00:37:24,220

purple flashes for the next three days

878

00:37:29,250 --> 00:37:27,660

yes you know enough Tinky Winky outfits

879

00:37:31,349 --> 00:37:29,260

however I want to tell you about

880

00:37:32,760 --> 00:37:31,359

something that I did this week I I'm not

881

00:37:34,380 --> 00:37:32,770

sure you might need to edit it out

882

00:37:36,900 --> 00:37:34,390

because they did something that would be

883

00:37:38,910 --> 00:37:36,910

considered obscene by most by far by our

884

00:37:41,940 --> 00:37:38,920

standards of the last three months I

885

00:37:45,120 --> 00:37:41,950

read a book no I gotta wait it that out

886

00:37:49,130 --> 00:37:45,130

you don't know the whole book but I

887

00:37:55,440 --> 00:37:52,770

increasingly large pile of books on the

888

00:37:57,300 --> 00:37:55,450

on my bedside yeah and actually started

889

00:37:59,609 --> 00:37:57,310

reading a book good heavens running very

890

00:38:01,560 --> 00:37:59,619

fast I bought a copy this is my second

891

00:38:03,720 --> 00:38:01,570

copy now flim-flam and I had Randy sign

892

00:38:05,250 --> 00:38:03,730

it for me and I realized it must be 15

893

00:38:06,359 --> 00:38:05,260

years since i've read flim-flam so

894

00:38:08,670 --> 00:38:06,369

that's what I'm going to do I'm going to

895

00:38:11,160 --> 00:38:08,680

set aside some time and reread flim-flam

896

00:38:13,349 --> 00:38:11,170

well I screamed last time last time

897

00:38:14,910 --> 00:38:13,359

perhaps on the podcast I'm not sure but

898

00:38:17,070 --> 00:38:14,920

I'd started reading fads and fallacies

899

00:38:21,210 --> 00:38:17,080

and it's been a couple of months i'm

900

00:38:23,310 --> 00:38:21,220

still reading fat since i started a new

901
00:38:27,359 --> 00:38:23,320
twitter hashtag last night it's called

902
00:38:29,070 --> 00:38:27,369
life after tamale yeah cuz I what

903
00:38:31,349 --> 00:38:29,080
yesterday I went to the hairdresser's

904
00:38:33,090 --> 00:38:31,359
and i met this really nice lady and we

905
00:38:34,800 --> 00:38:33,100
had a nice little chat and then i came

906
00:38:37,349 --> 00:38:34,810
home and there was a giant leaf in my

907
00:38:39,270 --> 00:38:37,359
bathtub and i just tweeted that because

908
00:38:41,310 --> 00:38:39,280
it's just I mean that memory do that

909
00:38:44,670 --> 00:38:41,320
everyday life is everyday life again now

910
00:38:46,920 --> 00:38:44,680
you know it's like how when yeah and

911
00:38:48,990 --> 00:38:46,930
then I hashtagged at life after hashtag

912
00:38:50,849 --> 00:38:49,000
Tamara's so maybe other people would

913
00:38:53,190 --> 00:38:50,859

like to contribute to life after tamil

914

00:38:55,050 --> 00:38:53,200

if you notice in the week after term how

915

00:38:56,849 --> 00:38:55,060

many people were hashtagging tam on

916

00:38:58,980 --> 00:38:56,859

saying I'm a bit lost what's going on

917

00:39:00,540 --> 00:38:58,990

where where's then the pub night but the

918

00:39:02,520 --> 00:39:00,550

damn the term was feed on Twitter's

919

00:39:04,560 --> 00:39:02,530

still be going strong you're going yes

920

00:39:05,700 --> 00:39:04,570

it's nice to see I actually had dinner

921

00:39:12,420 --> 00:39:05,710

with my husband and it wasn't

922

00:39:14,700 --> 00:39:12,430

interrupted by a meeting on skype that's

923

00:39:16,710 --> 00:39:14,710

been our life for the last three or four

924

00:39:18,599 --> 00:39:16,720

months at least a regular meetings on

925

00:39:20,550 --> 00:39:18,609

Tam and then stretching beyond that and

926

00:39:21,900 --> 00:39:20,560

organizing and wondering if you remember

927

00:39:24,390 --> 00:39:21,910

that meeting that the three of us had

928

00:39:25,220 --> 00:39:24,400

here in this very club about a year a

929

00:39:26,450 --> 00:39:25,230

year and

930

00:39:29,210 --> 00:39:26,460

and we were setting up the program the

931

00:39:31,760 --> 00:39:29,220

initial program yeah yeah even that

932

00:39:34,099 --> 00:39:31,770

meeting was like three hours was amazing

933

00:39:36,080 --> 00:39:34,109

remember you and I we were doing

934

00:39:38,480 --> 00:39:36,090

scouting around downtown so we could

935

00:39:40,310 --> 00:39:38,490

make that map that was in towns with

936

00:39:43,160 --> 00:39:40,320

Randy's a you're here and all there is

937

00:39:44,630 --> 00:39:43,170

that and so people want to get to a go

938

00:39:46,609 --> 00:39:44,640

to the internet somewhere or dog

939

00:39:48,980 --> 00:39:46,619

pharmacy little things like that you

940

00:39:50,870 --> 00:39:48,990

know maybe you want to tell the

941

00:39:53,570 --> 00:39:50,880

listeners they're pointing at jessicas

942

00:39:56,120 --> 00:39:53,580

I'm sorry no audio from now oh is it

943

00:39:58,910 --> 00:39:56,130

again hi Jessica thank you for your help

944

00:40:00,349 --> 00:39:58,920

again you are most welcome Richard yes

945

00:40:03,020 --> 00:40:00,359

we had a good time didn't we find in

946

00:40:07,250 --> 00:40:03,030

coffee shops yeah you found a very good

947

00:40:09,349 --> 00:40:07,260

pharmacy for Tam oh wow I wonder if

948

00:40:13,670 --> 00:40:09,359

anyone visited boys pharmacy during to

949

00:40:16,910 --> 00:40:13,680

him tell you what I did yesterday logged

950

00:40:18,140 --> 00:40:16,920

oh my god I know he did you do haven't

951
00:40:20,780 --> 00:40:18,150
seriously i don't think i've blogged

952
00:40:22,790 --> 00:40:20,790
about five months because even the last

953
00:40:24,290 --> 00:40:22,800
few months have just been mental but

954
00:40:26,540 --> 00:40:24,300
even before that I was in the state's

955
00:40:28,880 --> 00:40:26,550
three times this year and for work and

956
00:40:32,349 --> 00:40:28,890
stuff so I haven't even had time to UM

957
00:40:36,109 --> 00:40:32,359
to blog so yeah that the nimrod wiener

958
00:40:39,070 --> 00:40:36,119
report I did Earl here is a root what is

959
00:40:42,470 --> 00:40:39,080
funny about that it's a person's name um

960
00:40:44,570 --> 00:40:42,480
no that's the only thing that's not

961
00:40:47,720 --> 00:40:44,580
depressing about his me about this guy

962
00:40:49,370 --> 00:40:47,730
it read dr. Richie's blog of course dr.

963
00:40:51,530 --> 00:40:49,380

HC reports you had heard it earlier in

964

00:40:53,570 --> 00:40:51,540

the show somebody who can't be here

965

00:40:56,300 --> 00:40:53,580

tonight with a funny name is out good

966

00:40:57,740 --> 00:40:56,310

friend may not and may not my my dear

967

00:41:00,020 --> 00:40:57,750

friends in the next few weeks you'll be

968

00:41:02,480 --> 00:41:00,030

treated to some wonderful interviews

969

00:41:05,720 --> 00:41:02,490

that may not conduct at am with james

970

00:41:07,730 --> 00:41:05,730

randi dick smith yourself yourself i'm

971

00:41:09,950 --> 00:41:07,740

pointing to rachel i'm putting to Joe I

972

00:41:11,840 --> 00:41:09,960

actually I listened I had a sneak

973

00:41:14,030 --> 00:41:11,850

preview listens to some of the stuff

974

00:41:16,220 --> 00:41:14,040

that made us done it's just so good it's

975

00:41:19,609 --> 00:41:16,230

good he did an interview with Jay

976

00:41:22,190 --> 00:41:19,619

novella and Bob lavella I don't know if

977

00:41:24,290 --> 00:41:22,200

Evan was on it as well but just talking

978

00:41:26,180 --> 00:41:24,300

to them sort of off the cuff and though

979

00:41:27,950 --> 00:41:26,190

not the way you hear them honest year

980

00:41:30,680 --> 00:41:27,960

whether it's a bit more formal it's just

981

00:41:32,540 --> 00:41:30,690

very relaxed and he puts questions to

982

00:41:34,370 --> 00:41:32,550

them that they haven't heard before so

983

00:41:36,380 --> 00:41:34,380

they've got to answer straight up and

984

00:41:38,520 --> 00:41:36,390

it's right it's really really nice so

985

00:41:39,930 --> 00:41:38,530

he's just done such a great job and

986

00:41:42,000 --> 00:41:39,940

I think we're going to have like a lot

987

00:41:44,670 --> 00:41:42,010

of stuff first shows coming up yeah the

988

00:41:46,350 --> 00:41:44,680

next the next week's that of the skeptic

989

00:41:48,230 --> 00:41:46,360

zone will have wonderful interviews from

990

00:41:50,940 --> 00:41:48,240

Tam conducted by main art who's

991

00:41:52,530 --> 00:41:50,950

certainly proved himself and wasn't

992

00:41:55,290 --> 00:41:52,540

necessary to be a great interview oh

993

00:41:56,760 --> 00:41:55,300

yeah fantastic very lively and funny but

994

00:41:59,940 --> 00:41:56,770

insightful as well did he end up

995

00:42:01,950 --> 00:41:59,950

interviewing brian dunning yes because

996

00:42:05,520 --> 00:42:01,960

he wanted to speak to local country yes

997

00:42:07,650 --> 00:42:05,530

if he and Brian a firm friends now it's

998

00:42:09,480 --> 00:42:07,660

really funny but anyway may not send us

999

00:42:11,610 --> 00:42:09,490

a letter he sent us an email say sorry

1000

00:42:14,160 --> 00:42:11,620

he says sorry can't make it tonight but

1001
00:42:16,740 --> 00:42:14,170
the a bee sting ABC he works for the ABC

1002
00:42:18,540 --> 00:42:16,750
the the broadcasting thinks my talents

1003
00:42:20,040 --> 00:42:18,550
are best used interviewing members of

1004
00:42:22,080 --> 00:42:20,050
the local clergy about the true meaning

1005
00:42:25,680 --> 00:42:22,090
of Christmas I think you'd rather be

1006
00:42:27,540 --> 00:42:25,690
here I'm really and I I'd like to thank

1007
00:42:29,730 --> 00:42:27,550
everybody at Taman especially all the

1008
00:42:31,590 --> 00:42:29,740
people who took time to chat into my

1009
00:42:33,060 --> 00:42:31,600
microphone you'll hear the results in

1010
00:42:35,010 --> 00:42:33,070
coming weeks on the skeptic zone as

1011
00:42:37,110 --> 00:42:35,020
we've said great the interviews with

1012
00:42:40,410 --> 00:42:37,120
dick smith and Julianne Moore morrow are

1013
00:42:42,600 --> 00:42:40,420

already up at the ABC website so Google

1014

00:42:45,270 --> 00:42:42,610

Maynard and their names and you'll find

1015

00:42:47,730 --> 00:42:45,280

it so I recommend everybody do that next

1016

00:42:48,890 --> 00:42:47,740

Maynard's malaise podcasts will be out

1017

00:42:52,200 --> 00:42:48,900

in the coming days and will feature

1018

00:42:55,050 --> 00:42:52,210

musical requests from Tampa participants

1019

00:42:57,480 --> 00:42:55,060

all except the Polish heavy metal

1020

00:43:00,720 --> 00:42:57,490

request as I just couldn't find them

1021

00:43:02,730 --> 00:43:00,730

anywhere also in the coming weeks is a

1022

00:43:07,550 --> 00:43:02,740

very maynard christmas show on the same

1023

00:43:10,380 --> 00:43:07,560

podcast feed at my website so may not

1024

00:43:14,340 --> 00:43:10,390

thanks very much oh one last thing he

1025

00:43:17,750 --> 00:43:14,350

says two last things zombies and some

1026
00:43:21,870 --> 00:43:17,760
zombies are science and evidence based

1027
00:43:24,120 --> 00:43:21,880
okay this isn't great DB cooper is still

1028
00:43:25,890 --> 00:43:24,130
alive you of those are a real phenomenon

1029
00:43:30,170 --> 00:43:25,900
that should not be dismissed out of hand

1030
00:43:32,030 --> 00:43:30,180
have one on me and a drink too

1031
00:43:35,060 --> 00:43:32,040
mackay nod I think I listeners might

1032
00:43:36,950 --> 00:43:35,070
notice there's a definite lack of the

1033
00:43:40,520 --> 00:43:36,960
usual clinking that goes along with the

1034
00:43:42,740 --> 00:43:40,530
holding tank we have a private room but

1035
00:43:44,330 --> 00:43:42,750
we're not allowed to bring drinks or

1036
00:43:46,070 --> 00:43:44,340
food in here but at least it's a private

1037
00:43:50,740 --> 00:43:46,080
room and it's nice and quiet folks check

1038
00:43:54,320 --> 00:43:50,750

out maynards website Manor dot-com a you

1039

00:43:59,210 --> 00:43:54,330

Fred yes say something why I look for

1040

00:44:01,580 --> 00:43:59,220

another email actually fred was telling

1041

00:44:03,230 --> 00:44:01,590

we had a nice walk you would mean Jamie

1042

00:44:05,420 --> 00:44:03,240

the other day through the botanics and

1043

00:44:06,830 --> 00:44:05,430

you were chatting to me and I'd like you

1044

00:44:10,030 --> 00:44:06,840

to give the listeners are just a little

1045

00:44:12,110 --> 00:44:10,040

rundown of your skeptical activities in

1046

00:44:13,520 --> 00:44:12,120

Vancouver especially with skeptics in

1047

00:44:15,380 --> 00:44:13,530

the pub right which sounds very

1048

00:44:17,120 --> 00:44:15,390

successful to me yes I think we're doing

1049

00:44:20,120 --> 00:44:17,130

well with skeptics in the pub in

1050

00:44:23,510 --> 00:44:20,130

Vancouver we have three events a month

1051
00:44:26,750 --> 00:44:23,520
going on now in the Vancouver area the

1052
00:44:29,390 --> 00:44:26,760
one that I started was from about three

1053
00:44:31,220 --> 00:44:29,400
and a half four years ago I created the

1054
00:44:33,410 --> 00:44:31,230
facebook page and it's been growing

1055
00:44:35,600 --> 00:44:33,420
since then we have almost three hundred

1056
00:44:37,790 --> 00:44:35,610
and seventy members of that Facebook

1057
00:44:41,630 --> 00:44:37,800
group and we get a good turnout every

1058
00:44:43,670 --> 00:44:41,640
month we expanded earlier this year i

1059
00:44:47,000 --> 00:44:43,680
believe to a second location inside

1060
00:44:50,270 --> 00:44:47,010
vancouver and since then cfi Vancouver

1061
00:44:53,000 --> 00:44:50,280
has taken the skeptics in the pub model

1062
00:44:55,130 --> 00:44:53,010
and replicated that in Richmond just

1063
00:44:59,870 --> 00:44:55,140

outside Vancouver where the airport is

1064

00:45:02,710 --> 00:44:59,880

and all of those groups are having 20 40

1065

00:45:05,240 --> 00:45:02,720

sometimes even 60 people come out and

1066

00:45:07,340 --> 00:45:05,250

it's going quite well now you would one

1067

00:45:10,310 --> 00:45:07,350

of the first people I think to email me

1068

00:45:12,080 --> 00:45:10,320

pictures of origami Pegasus it's get the

1069

00:45:15,410 --> 00:45:12,090

job yeah that's one of the things we've

1070

00:45:18,710 --> 00:45:15,420

done there mostly it's a social event we

1071

00:45:21,170 --> 00:45:18,720

sometimes have a speaker at our skeptics

1072

00:45:26,780 --> 00:45:21,180

in the pub night sometimes I show a

1073

00:45:28,250 --> 00:45:26,790

video or a tam DVD clip but mostly

1074

00:45:31,640 --> 00:45:28,260

that's just for people to get together

1075

00:45:34,530 --> 00:45:31,650

and talk with like-minded skin excuse me

1076

00:45:37,110 --> 00:45:34,540

and talk with like-minded skeptics

1077

00:45:40,050 --> 00:45:37,120

there are other groups in Vancouver that

1078

00:45:41,610 --> 00:45:40,060

are doing more like scientific

1079

00:45:44,160 --> 00:45:41,620

presentations there's a cafe

1080

00:45:47,810 --> 00:45:44,170

scientific group that brings in a

1081

00:45:51,720 --> 00:45:47,820

local scientist or science expert or

1082

00:45:55,850 --> 00:45:51,730

grad student to talk about their area of

1083

00:45:58,200 --> 00:45:55,860

research and that's a half hour or so

1084

00:46:00,510 --> 00:45:58,210

presentation followed by questions and

1085

00:46:02,190 --> 00:46:00,520

answers from the general public so you

1086

00:46:05,070 --> 00:46:02,200

guys are really active yeah we cross

1087

00:46:08,310 --> 00:46:05,080

cross promote those activities at our

1088

00:46:10,200 --> 00:46:08,320

social nights and see if I Vancouver has

1089

00:46:13,790 --> 00:46:10,210

been very active over the last couple of

1090

00:46:16,620 --> 00:46:13,800

years with bringing speakers to town

1091

00:46:18,990 --> 00:46:16,630

such as Lawrence Krauss and PZ Myers

1092

00:46:21,150 --> 00:46:19,000

were a couple of the larger events we've

1093

00:46:24,290 --> 00:46:21,160

had Harriet holes Harriet Hall has come

1094

00:46:27,420 --> 00:46:24,300

up a couple of times to talk about

1095

00:46:28,530 --> 00:46:27,430

pseudo science and medical and wide was

1096

00:46:30,990 --> 00:46:28,540

actually telling me the other day that

1097

00:46:34,290 --> 00:46:31,000

he his own expenses flying the whole

1098

00:46:38,490 --> 00:46:34,300

skeptics own team there it was special

1099

00:46:40,830 --> 00:46:38,500

live recording I missed that memo yes it

1100

00:46:42,510 --> 00:46:40,840

was certainly um I I have a lot of good

1101
00:46:46,560 --> 00:46:42,520
friends in Canada right across the whole

1102
00:46:48,180 --> 00:46:46,570
country from The Skeptical world and boy

1103
00:46:49,830 --> 00:46:48,190
any time you'll want to pitch in to

1104
00:46:51,300 --> 00:46:49,840
bring us over we'll be there I promise

1105
00:46:53,070 --> 00:46:51,310
you I don't care if it's in the middle

1106
00:46:54,480 --> 00:46:53,080
of winter well yeah i would like to let

1107
00:46:57,690 --> 00:46:54,490
people know that if they are passing

1108
00:46:59,490 --> 00:46:57,700
through vancouver we'd be happy to put

1109
00:47:02,340 --> 00:46:59,500
together an impromptu skeptics in the

1110
00:47:05,070 --> 00:47:02,350
pub cfi vancouver like i said they've

1111
00:47:06,570 --> 00:47:05,080
been doing lecture series having some

1112
00:47:10,350 --> 00:47:06,580
big-name speakers come through they also

1113
00:47:12,090 --> 00:47:10,360

have a book club we they did Carl

1114

00:47:13,860 --> 00:47:12,100

Sagan's demon haunted world no I think

1115

00:47:17,340 --> 00:47:13,870

it was contact was the round 10 yeah

1116

00:47:21,630 --> 00:47:17,350

they did contact for November for Carl

1117

00:47:22,890 --> 00:47:21,640

Sagan day around the same time yeah so

1118

00:47:25,050 --> 00:47:22,900

we've got lots of different activities

1119

00:47:26,670 --> 00:47:25,060

for people to participate in what's the

1120

00:47:28,890 --> 00:47:26,680

best website for people to find out

1121

00:47:30,780 --> 00:47:28,900

about the skeptics in the pub and what

1122

00:47:32,970 --> 00:47:30,790

you're up to is it a meet up with that

1123

00:47:34,700 --> 00:47:32,980

although just Google Vancouver skeptics

1124

00:47:38,190 --> 00:47:34,710

in the pub and that would sort them out

1125

00:47:41,040 --> 00:47:38,200

the group that I put out events for

1126
00:47:42,750 --> 00:47:41,050
that's on facebook if you just search on

1127
00:47:43,890 --> 00:47:42,760
facebook for vancouver skeptics in the

1128
00:47:47,549 --> 00:47:43,900
pub

1129
00:47:51,720 --> 00:47:47,559
I should know the URL for that's all

1130
00:47:53,250 --> 00:47:51,730
right I don't even see if I Canada oh it

1131
00:47:55,140 --> 00:47:53,260
doesn't matter because that's why they

1132
00:47:58,440 --> 00:47:55,150
invented Google so we don't have to

1133
00:48:00,870 --> 00:47:58,450
remember URLs cfi Vancouver that should

1134
00:48:02,430 --> 00:48:00,880
should get you there yes delighted to

1135
00:48:04,079 --> 00:48:02,440
know that you're so active Fred really I

1136
00:48:06,779 --> 00:48:04,089
we met each other on the amazing

1137
00:48:08,940 --> 00:48:06,789
adventure to north to Alaska the crews

1138
00:48:11,190 --> 00:48:08,950

from Vancouver up to Alaska yeah a lot

1139

00:48:14,220 --> 00:48:11,200

of fam religious James Randi was on that

1140

00:48:16,200 --> 00:48:14,230

and still played rebecca watson some

1141

00:48:18,420 --> 00:48:16,210

other people yes yeah Jeff wag was there

1142

00:48:20,670 --> 00:48:18,430

yes held it like a lot of our friends a

1143

00:48:22,019 --> 00:48:20,680

lot of people now I regard his friends

1144

00:48:23,760 --> 00:48:22,029

who I'd never met before of course like

1145

00:48:26,730 --> 00:48:23,770

this helps yes no that was a great way

1146

00:48:28,769 --> 00:48:26,740

to get to know some of the active

1147

00:48:30,750 --> 00:48:28,779

skeptics and yeah from other parts of

1148

00:48:32,190 --> 00:48:30,760

the world that was a fantastic time

1149

00:48:33,510 --> 00:48:32,200

that's what I like about the skeptical

1150

00:48:35,970 --> 00:48:33,520

world that the social isn't the

1151
00:48:38,490 --> 00:48:35,980
socialism a social aspect to create the

1152
00:48:40,620 --> 00:48:38,500
socializing thank you not socialism no I

1153
00:48:42,510 --> 00:48:40,630
yeah that's what we emphasize in

1154
00:48:44,430 --> 00:48:42,520
skeptics in the pub I think a lot of

1155
00:48:46,440 --> 00:48:44,440
people are happy to find other people

1156
00:48:48,329 --> 00:48:46,450
who think like them or who will

1157
00:48:50,309 --> 00:48:48,339
challenge them criticize them if they

1158
00:48:53,309 --> 00:48:50,319
disagree and yeah do it in a nice in a

1159
00:48:55,890 --> 00:48:53,319
nice way exactly sir yes can I ask

1160
00:48:57,150 --> 00:48:55,900
something with regards to skeptics in

1161
00:48:59,220 --> 00:48:57,160
the pub in Vancouver do you have a

1162
00:49:01,859 --> 00:48:59,230
speaker or is it just like because

1163
00:49:03,269 --> 00:49:01,869

there's kind of two different movements

1164

00:49:05,130 --> 00:49:03,279

I would say with the skeptics in the pub

1165

00:49:07,650 --> 00:49:05,140

is the drinking skeptically ones where

1166

00:49:10,500 --> 00:49:07,660

it's just completely social nothing at

1167

00:49:12,390 --> 00:49:10,510

all in terms of content and there's one

1168

00:49:15,420 --> 00:49:12,400

with this a speaker or perhaps a debate

1169

00:49:18,690 --> 00:49:15,430

about something right ours is mostly the

1170

00:49:21,660 --> 00:49:18,700

social side we do have a time in every

1171

00:49:23,490 --> 00:49:21,670

skeptics in the pub night where we'll go

1172

00:49:25,710 --> 00:49:23,500

through a list of other upcoming events

1173

00:49:28,319 --> 00:49:25,720

like cafe scientifique like CF is

1174

00:49:30,450 --> 00:49:28,329

lecture series the book club and let

1175

00:49:32,370 --> 00:49:30,460

people know about that occasionally

1176

00:49:35,279 --> 00:49:32,380

someone will have a topic that they want

1177

00:49:38,190 --> 00:49:35,289

to present on but generally it's just

1178

00:49:40,019 --> 00:49:38,200

talking // drinks I bring some copies

1179

00:49:42,680 --> 00:49:40,029

of skeptical magazines to put out on the

1180

00:49:45,200 --> 00:49:42,690

out on the tables for people to look at

1181

00:49:47,970 --> 00:49:45,210

we have posters for upcoming events

1182

00:49:50,240 --> 00:49:47,980

we've done a few trivia contests and

1183

00:49:54,620 --> 00:49:50,250

those have been fun we

1184

00:49:57,050 --> 00:49:54,630

you know we even had one open yeah we

1185

00:50:00,140 --> 00:49:57,060

had one between Edmonton and Vancouver

1186

00:50:03,470 --> 00:50:00,150

and we were comparing scores with with

1187

00:50:07,790 --> 00:50:03,480

Edmonton over Skype sorry Fred I'm being

1188

00:50:10,130 --> 00:50:07,800

heckled because then they just reminded

1189

00:50:11,720 --> 00:50:10,140

that my brother is in fact organizing a

1190

00:50:14,570 --> 00:50:11,730

trivia night for skeptic because I

1191

00:50:17,810 --> 00:50:14,580

completely forgot Thank You hecklers in

1192

00:50:19,490 --> 00:50:17,820

the audience over the head oh that's

1193

00:50:20,780 --> 00:50:19,500

great now I've got another email just

1194

00:50:23,510 --> 00:50:20,790

came in today and I thought I'd give it

1195

00:50:25,880 --> 00:50:23,520

a quick read Jason from Fairbanks in

1196

00:50:28,040 --> 00:50:25,890

Alaska speaking of North to an icicle

1197

00:50:29,570 --> 00:50:28,050

James Randi he is writing to me he

1198

00:50:31,540 --> 00:50:29,580

listened to the recent episode of the

1199

00:50:34,430 --> 00:50:31,550

skeptic zone we are I briefly mentioned

1200

00:50:36,530 --> 00:50:34,440

the bent spoon award and the runner up

1201
00:50:39,430 --> 00:50:36,540
was friend Sheffield from homeopathy

1202
00:50:42,220 --> 00:50:39,440
plus and she wanted to send lots of

1203
00:50:46,430 --> 00:50:42,230
homeopathic homeopathic homeopathic

1204
00:50:48,950 --> 00:50:46,440
homeopaths I hate to Haiti and gee

1205
00:50:51,440 --> 00:50:48,960
wouldn't they work well there but Jason

1206
00:50:53,540 --> 00:50:51,450
points out homeopathy does work at least

1207
00:50:55,820 --> 00:50:53,550
when it's applied to homeopaths the few

1208
00:50:57,410 --> 00:50:55,830
are homeopaths per capita of sick people

1209
00:51:02,600 --> 00:50:57,420
the more likely the sick people are to

1210
00:51:04,880 --> 00:51:02,610
get better Jose Jose clapping to herself

1211
00:51:06,380 --> 00:51:04,890
over there thank you Jason either that

1212
00:51:09,710 --> 00:51:06,390
was quite funny can I make a comment

1213
00:51:11,960 --> 00:51:09,720

about what fred was saying with the

1214

00:51:13,730 --> 00:51:11,970

activism or the activity happening in

1215

00:51:16,730 --> 00:51:13,740

Canada one of the things that really

1216

00:51:18,500 --> 00:51:16,740

came out of the correspondence post town

1217

00:51:20,570 --> 00:51:18,510

I've noticed and you guys probably have

1218

00:51:24,440 --> 00:51:20,580

to that a lot of people have been really

1219

00:51:26,750 --> 00:51:24,450

motivated by yes by Tam and there's now

1220

00:51:29,350 --> 00:51:26,760

Jason Brown who is not here tonight but

1221

00:51:32,060 --> 00:51:29,360

he's usually on the think tank he um

1222

00:51:33,530 --> 00:51:32,070

during his skeptical activism panel he

1223

00:51:35,390 --> 00:51:33,540

apparently said if I had some money I'd

1224

00:51:37,520 --> 00:51:35,400

set up a skeptic camp in Sydney and

1225

00:51:40,730 --> 00:51:37,530

someone through fifty dollars at him and

1226

00:51:43,670 --> 00:51:40,740

so now he's got six months and \$52

1227

00:51:46,040 --> 00:51:43,680

because Travis gave him two dollars Roy

1228

00:51:47,420 --> 00:51:46,050

I drove to set up a skeptic camp in

1229

00:51:49,880 --> 00:51:47,430

Sydney and he said well he said he'd do

1230

00:51:51,440 --> 00:51:49,890

it so it's going to do it I was giving

1231

00:51:53,190 --> 00:51:51,450

him some tips we've done four of them in

1232

00:51:55,110 --> 00:51:53,200

vancouver now and

1233

00:51:57,510 --> 00:51:55,120

got some experience to share i'd be

1234

00:51:59,310 --> 00:51:57,520

happy to help yeah i'm exhausted and

1235

00:52:01,980 --> 00:51:59,320

lots of other people have said they've

1236

00:52:05,070 --> 00:52:01,990

become really motivated and Joe of you

1237

00:52:07,890 --> 00:52:05,080

um well I mean it from my own side of

1238

00:52:09,420 --> 00:52:07,900

things and I haven't really gotten my

1239

00:52:10,950 --> 00:52:09,430

wheels chained here at this move in yet

1240

00:52:13,050 --> 00:52:10,960

but one of the things that came out is I

1241

00:52:15,540 --> 00:52:13,060

was approached by a number of nurses who

1242

00:52:18,660 --> 00:52:15,550

are at tam and I'm going to be setting

1243

00:52:20,370 --> 00:52:18,670

up a skeptical nurses group which is

1244

00:52:21,720 --> 00:52:20,380

going to be starting out probably on

1245

00:52:23,340 --> 00:52:21,730

Facebook just so we can do a bit of

1246

00:52:25,170 --> 00:52:23,350

networking and get interesting than your

1247

00:52:27,930 --> 00:52:25,180

script achill nurses group I haven't

1248

00:52:29,310 --> 00:52:27,940

decided yet I haven't decided I wanted

1249

00:52:31,560 --> 00:52:29,320

to put someone to do is the same with IT

1250

00:52:39,780 --> 00:52:31,570

people gave me feel good luck I got it

1251

00:52:41,940 --> 00:52:39,790

gonna be 64 there's no Sam Sl t but

1252

00:52:43,590 --> 00:52:41,950

anyway I you know I just really want to

1253

00:52:44,700 --> 00:52:43,600

start networking with the nurses out

1254

00:52:46,800 --> 00:52:44,710

there because i think there's actually a

1255

00:52:49,680 --> 00:52:46,810

lot more nurses out there than I

1256

00:52:51,920 --> 00:52:49,690

certainly realized who have a bit of a

1257

00:52:55,200 --> 00:52:51,930

skeptical mind set and we just annoyed

1258

00:52:57,270 --> 00:52:55,210

what's going on do you think I look at

1259

00:52:59,220 --> 00:52:57,280

odd it's hard to say you know it's until

1260

00:53:00,570 --> 00:52:59,230

you really get a get in contact with

1261

00:53:02,490 --> 00:53:00,580

people it's hard to really know and you

1262

00:53:04,350 --> 00:53:02,500

can't really go from a group of four

1263

00:53:07,440 --> 00:53:04,360

nurses to know whether that reflects the

1264

00:53:13,170 --> 00:53:07,450

pulse of the nursing community but the

1265

00:53:14,490 --> 00:53:13,180

mall hahahaha so yeah i'll be i'll be

1266

00:53:15,570 --> 00:53:14,500

starting out by setting up a facebook

1267

00:53:17,250 --> 00:53:15,580

group I've had a number of people

1268

00:53:18,870 --> 00:53:17,260

contact me already and then we'll look

1269

00:53:20,100 --> 00:53:18,880

at you know what we really want to do

1270

00:53:21,990 --> 00:53:20,110

with that and where we want to take it

1271

00:53:24,360 --> 00:53:22,000

but um you know I think just that that's

1272

00:53:26,070 --> 00:53:24,370

where you know I find events like town

1273

00:53:29,210 --> 00:53:26,080

are just fantastic because you just meet

1274

00:53:32,520 --> 00:53:29,220

people who who you find share a similar

1275

00:53:35,070 --> 00:53:32,530

career or a similar interest or a cause

1276

00:53:37,110 --> 00:53:35,080

that you shared an interest in and

1277

00:53:38,910 --> 00:53:37,120

without having those people to network

1278

00:53:40,260 --> 00:53:38,920

with and share ideas with you're likely

1279

00:53:43,950 --> 00:53:40,270

to just sit at home thinking about I

1280

00:53:47,100 --> 00:53:43,960

agree totally and I I'm really looking

1281

00:53:48,420 --> 00:53:47,110

forward to town nine I must say not not

1282

00:53:50,700 --> 00:53:48,430

because I won't be running around like a

1283

00:53:52,750 --> 00:53:50,710

nut like the four of us were you know

1284

00:53:55,000 --> 00:53:52,760

with our purple shirts trying to talk

1285

00:53:56,890 --> 00:53:55,010

just just to meet lots of people again

1286

00:53:59,110 --> 00:53:56,900

and you know I'm really looking forward

1287

00:54:01,210 --> 00:53:59,120

to that but but I'm really encouraged

1288

00:54:03,790 --> 00:54:01,220

about what you say Joe so if you're a

1289

00:54:06,190 --> 00:54:03,800

nurse or you know a nurse and they may

1290

00:54:09,250 --> 00:54:06,200

be a bit of a skeptical mind they can

1291

00:54:12,700 --> 00:54:09,260

contact joe and her email address is Joe

1292

00:54:14,290 --> 00:54:12,710

at skeptic zone TV that's it yep and I'd

1293

00:54:17,320 --> 00:54:14,300

like to hear for anyone so just get in

1294

00:54:19,150 --> 00:54:17,330

touch and we'll take it from there also

1295

00:54:21,760 --> 00:54:19,160

Richard we haven't had time to blog

1296

00:54:23,920 --> 00:54:21,770

about town yes but other people have and

1297

00:54:25,720 --> 00:54:23,930

there's some really great blogs out

1298

00:54:28,000 --> 00:54:25,730

there and articles written about the

1299

00:54:30,250 --> 00:54:28,010

weekend particularly I wanted to mention

1300

00:54:33,190 --> 00:54:30,260

Chris Stevenson's article which came out

1301

00:54:35,920 --> 00:54:33,200

today she did a great sort of

1302

00:54:39,700 --> 00:54:35,930

juxtaposition of George Pell who's a

1303

00:54:41,140 --> 00:54:39,710

Catholic oh yes Archbishop in Sydney and

1304

00:54:42,760 --> 00:54:41,150

apparently the same weekend that we were

1305

00:54:44,890 --> 00:54:42,770

having tam in the masonic center he was

1306

00:54:47,710 --> 00:54:44,900

in some areas Cathedral saying that

1307

00:54:49,870 --> 00:54:47,720

godless people are akin to Nazis or some

1308

00:54:51,550 --> 00:54:49,880

basically were incapable of doing good

1309

00:54:54,310 --> 00:54:51,560

really yeah we're incapable of doing

1310

00:54:56,080 --> 00:54:54,320

good unlike the Catholic yeah yeah i

1311

00:54:58,570 --> 00:54:56,090

mean the hypocrisy is just astounding

1312

00:54:59,920 --> 00:54:58,580

it's like burning stupid you know chris

1313

00:55:01,900 --> 00:54:59,930

just did a fabulous job of highlighting

1314

00:55:04,360 --> 00:55:01,910

you know some of the good work that was

1315

00:55:06,810 --> 00:55:04,370

being done by skeptics such as the you

1316

00:55:09,070 --> 00:55:06,820

know to stop the avian whose whole

1317

00:55:11,440 --> 00:55:09,080

motivation is to protect children from

1318

00:55:16,330 --> 00:55:11,450

harm yeah and if that's you know that's

1319

00:55:18,640 --> 00:55:16,340

the work of a bunch of godless yeah and

1320

00:55:21,070 --> 00:55:18,650

she also she also mentioned you Joan as

1321

00:55:23,470 --> 00:55:21,080

well and she mentioned Loretta as well

1322

00:55:26,080 --> 00:55:23,480

as somebody who's you know written 800

1323

00:55:27,910 --> 00:55:26,090

complaints about quack mmm you know

1324

00:55:30,670 --> 00:55:27,920

devices that are targeted at people with

1325

00:55:32,920 --> 00:55:30,680

cancer or who have had cancer so that's

1326

00:55:34,600 --> 00:55:32,930

a time online opinion com delay you

1327

00:55:36,460 --> 00:55:34,610

there's already one Christian who's

1328

00:55:38,830 --> 00:55:36,470

commented there and rapidly got slapped

1329

00:55:40,900 --> 00:55:38,840

down by somebody else so I recommend you

1330

00:55:43,390 --> 00:55:40,910

look at the comments I'm also Lucas

1331

00:55:45,280 --> 00:55:43,400

Randall has written Lucas Randall yeah

1332

00:55:47,800 --> 00:55:45,290

another script yeah he says he's a great

1333

00:55:50,170 --> 00:55:47,810

friend about you who gave us a camera so

1334

00:55:52,450 --> 00:55:50,180

we lovely kids lovely canon camera which

1335

00:55:54,400 --> 00:55:52,460

are ya equally yeah yeah so he's blogged

1336

00:55:57,820 --> 00:55:54,410

about it and New Zealand skeptic Robin

1337

00:56:00,070 --> 00:55:57,830

kappa as well I don't I can't think of

1338

00:56:01,930 --> 00:56:00,080

any more of the top of my job that if

1339

00:56:04,030 --> 00:56:01,940

people just google tam

1340

00:56:07,180 --> 00:56:04,040

Australia blog or opinion that they'll

1341

00:56:09,160 --> 00:56:07,190

find something hey Ranger comments you

1342

00:56:10,990 --> 00:56:09,170

know a range of comments about tomorrow

1343

00:56:13,650 --> 00:56:11,000

and also I recommend people do a search

1344

00:56:15,730 --> 00:56:13,660

and flicker in particular um Ruth

1345

00:56:17,950 --> 00:56:15,740

Ellison's rebelliousness picture

1346

00:56:19,680 --> 00:56:17,960

teachers I want you to fall under of

1347

00:56:22,900 --> 00:56:19,690

course Fred Brothers pictures are just

1348

00:56:24,280 --> 00:56:22,910

stupendous I haven't put them up on

1349

00:56:26,470 --> 00:56:24,290

flickr yet but i'll try to do that it's

1350

00:56:29,940 --> 00:56:26,480

going to say can please give yeah and I

1351
00:56:32,890 --> 00:56:29,950
also just wanted to mention that I think

1352
00:56:34,599 --> 00:56:32,900
kind of the vision that that we had for

1353
00:56:37,270 --> 00:56:34,609
him at the beginning was we wanted to

1354
00:56:39,040 --> 00:56:37,280
sort of brand it so that whenever you

1355
00:56:40,720 --> 00:56:39,050
see photographs of it you knew it was

1356
00:56:43,420 --> 00:56:40,730
Tom Australia you know we didn't just

1357
00:56:46,660 --> 00:56:43,430
want to see a black curtain behind James

1358
00:56:48,069 --> 00:56:46,670
Rodriguez and who's that guy well you

1359
00:56:49,750 --> 00:56:48,079
know what time is and it could be at

1360
00:56:51,910 --> 00:56:49,760
Vancouver it could be Vegas it we wanted

1361
00:56:53,890 --> 00:56:51,920
to really brand this so that people

1362
00:56:56,109 --> 00:56:53,900
would know it should be it's Sydney and

1363
00:56:57,640 --> 00:56:56,119

I think if you look at some of the

1364

00:56:59,530 --> 00:56:57,650

photos you'll see that I think we really

1365

00:57:01,180 --> 00:56:59,540

achieved that anything although people

1366

00:57:03,190 --> 00:57:01,190

were sort of laughing about us using the

1367

00:57:05,829 --> 00:57:03,200

masonic center some of the pictures of

1368

00:57:07,900 --> 00:57:05,839

the ceilings and the big G there's just

1369

00:57:10,150 --> 00:57:07,910

stunning geo said it was stood for him

1370

00:57:12,880 --> 00:57:10,160

of course yes well of course it's due to

1371

00:57:15,910 --> 00:57:12,890

human because it's all about him isn't

1372

00:57:18,670 --> 00:57:15,920

it just sorry just a very quick mention

1373

00:57:20,579 --> 00:57:18,680

of listeners who heard the life skeptics

1374

00:57:22,930 --> 00:57:20,589

own life from cam and we're a little bit

1375

00:57:25,420 --> 00:57:22,940

disappointed with the quality I've

1376

00:57:29,500 --> 00:57:25,430

subsequently reloaded that episode with

1377

00:57:31,240 --> 00:57:29,510

with proper quality proper as from the

1378

00:57:33,970 --> 00:57:31,250

microphones not from the little recorder

1379

00:57:35,710 --> 00:57:33,980

I used so we all sound very nicely like

1380

00:57:42,220 --> 00:57:35,720

intelligence and not intelligent you

1381

00:57:44,200 --> 00:57:42,230

stop there awesome well we're all still

1382

00:57:46,030 --> 00:57:44,210

getting over that we but in a good way

1383

00:57:48,250 --> 00:57:46,040

can I can I just say something else I

1384

00:57:51,339 --> 00:57:48,260

think the responses i got from a lot of

1385

00:57:53,140 --> 00:57:51,349

the speakers really blew me away and I

1386

00:57:55,000 --> 00:57:53,150

shared a cab home with Paul Willis on a

1387

00:57:57,370 --> 00:57:55,010

couple of nights because we live down

1388

00:57:58,780 --> 00:57:57,380

the road where each other omc yeah and

1389

00:58:01,390 --> 00:57:58,790

the last time he was kind of involved

1390

00:58:03,200 --> 00:58:01,400

with Australian skeptics was maybe two

1391

00:58:05,690 --> 00:58:03,210

or three years ago

1392

00:58:08,570 --> 00:58:05,700

he was blown away by the sheen by the

1393

00:58:11,000 --> 00:58:08,580

change but also the positive change you

1394

00:58:13,250 --> 00:58:11,010

know he said everything that he saw that

1395

00:58:15,020 --> 00:58:13,260

weekend was about doing things as a

1396

00:58:18,260 --> 00:58:15,030

group to get positive change whether

1397

00:58:21,710 --> 00:58:18,270

that's the avian or Loretta Simon Singh

1398

00:58:24,140 --> 00:58:21,720

and so he really came away from that

1399

00:58:28,970 --> 00:58:24,150

inspired and in fact inspired enough

1400

00:58:31,520 --> 00:58:28,980

Richard that he is now on Twitter and he

1401
00:58:33,170 --> 00:58:31,530
said to me he would never go on Twitter

1402
00:58:35,390 --> 00:58:33,180
because it's a waste of time and what

1403
00:58:37,790 --> 00:58:35,400
does it mean and what's it about but he

1404
00:58:40,040 --> 00:58:37,800
is now on Twitter it's some hustle Crocs

1405
00:58:44,329 --> 00:58:40,050
it's not fossil Crocs yeah with an ex

1406
00:58:46,430 --> 00:58:44,339
he's a and he's daddy cook it up I have

1407
00:58:47,900 --> 00:58:46,440
to say actually that one of my you know

1408
00:58:50,300 --> 00:58:47,910
when I think back on the weekend and

1409
00:58:52,579 --> 00:58:50,310
about my favorite moments other people

1410
00:58:55,160 --> 00:58:52,589
actually got to watch this but one of my

1411
00:58:57,470 --> 00:58:55,170
favorite moments that town was being

1412
00:59:01,540 --> 00:58:57,480
sent down to chinatown by paul willis to

1413
00:59:07,040 --> 00:59:04,099

which I you know those of you who were

1414

00:59:11,300 --> 00:59:07,050

there will and sort will have seen Paul

1415

00:59:13,190 --> 00:59:11,310

dismember dark to demonstrate how a duck

1416

00:59:14,930 --> 00:59:13,200

is a dinosaur and you know one day where

1417

00:59:17,510 --> 00:59:14,940

the DVD comes out I'm sure you'll all be

1418

00:59:19,579 --> 00:59:17,520

able to I I mr. sense because i was i

1419

00:59:22,839 --> 00:59:19,589

was busy myself but i'm very much

1420

00:59:26,060 --> 00:59:22,849

looking forward to that if I to in

1421

00:59:27,530 --> 00:59:26,070

sounds a bit indulgent but I think one

1422

00:59:30,740 --> 00:59:27,540

of the last thing things I remember of

1423

00:59:33,170 --> 00:59:30,750

Tam was it sounds a bit funny to say my

1424

00:59:36,050 --> 00:59:33,180

talk but only because I was doing with

1425

00:59:37,760 --> 00:59:36,060

George Robin and I was just such a

1426

00:59:39,859 --> 00:59:37,770

pleasure to share the stage of George

1427

00:59:42,109 --> 00:59:39,869

her up he was so funny i was in stitches

1428

00:59:43,730 --> 00:59:42,119

up there so that was a great little

1429

00:59:45,589 --> 00:59:43,740

memory for me to take away from dem

1430

00:59:50,690 --> 00:59:45,599

australia for me i think one of the

1431

00:59:52,370 --> 00:59:50,700

highlights has to be the quiz just let

1432

00:59:54,050 --> 00:59:52,380

me tell this is how that happened

1433

00:59:55,790 --> 00:59:54,060

because in fact that wasn't on the

1434

00:59:58,430 --> 00:59:55,800

program because we had a speaker drop

1435

01:00:01,370 --> 00:59:58,440

out and it was probably about two

1436

01:00:03,230 --> 01:00:01,380

minutes before that started that Rebecca

1437

01:00:05,630 --> 01:00:03,240

said she was going to do the Twitter

1438

01:00:07,520 --> 01:00:05,640

tweets and I thought I knew that

1439

01:00:09,140 --> 01:00:07,530

actually there's only you could only

1440

01:00:12,020 --> 01:00:09,150

have a hundred connections in that room

1441

01:00:14,089 --> 01:00:12,030

before the internet would break and so

1442

01:00:16,130 --> 01:00:14,099

literally maybe two minutes before it

1443

01:00:17,000 --> 01:00:16,140

started I went up to Carlow who's the AV

1444

01:00:19,370 --> 01:00:17,010

guy and I said

1445

01:00:20,840 --> 01:00:19,380

can you somehow make it so that

1446

01:00:22,460 --> 01:00:20,850

Rebecca's tweets to him doesn't break

1447

01:00:24,680 --> 01:00:22,470

because that's really important everyone

1448

01:00:28,160 --> 01:00:24,690

else's is we'd rather it didn't but it's

1449

01:00:31,910 --> 01:00:28,170

not so critical and he tethered his

1450

01:00:33,710 --> 01:00:31,920

phone to her laptop in about 20 seconds

1451

01:00:35,600 --> 01:00:33,720

really just before we started so that

1452

01:00:36,980 --> 01:00:35,610

she would have a completely safe

1453

01:00:39,290 --> 01:00:36,990

internet connection I didn't know that

1454

01:00:40,790 --> 01:00:39,300

you know not many people know that and I

1455

01:00:43,160 --> 01:00:40,800

was and I was sitting there because I

1456

01:00:44,420 --> 01:00:43,170

thought God if this crash is halfway

1457

01:00:45,890 --> 01:00:44,430

through I'm gonna it's going to be

1458

01:00:48,290 --> 01:00:45,900

really bad so I just wait color color

1459

01:00:50,360 --> 01:00:48,300

color is like right fixed done well I

1460

01:00:52,340 --> 01:00:50,370

think I think on that note I think you

1461

01:00:54,320 --> 01:00:52,350

know we we all know what the word for

1462

01:01:04,160 --> 01:00:54,330

the weekend was it Tam thanks see

1463

01:01:06,440 --> 01:01:04,170

Rebecca's Twitter feeds today I think I

1464

01:01:10,820 --> 01:01:06,450

yesterday just like old times sake just

1465

01:01:15,290 --> 01:01:10,830

beads tomorrow do you want to explain to

1466

01:01:17,270 --> 01:01:15,300

the listeners job that was you know well

1467

01:01:18,320 --> 01:01:17,280

of course as for those of you who

1468

01:01:20,600 --> 01:01:18,330

weren't there what happened with

1469

01:01:23,090 --> 01:01:20,610

Rebecca's quiz was she had a panel which

1470

01:01:25,790 --> 01:01:23,100

was mostly s to you in Jeju around and

1471

01:01:27,470 --> 01:01:25,800

then she would ask questions of the

1472

01:01:29,240 --> 01:01:27,480

panel and the audience and the panel

1473

01:01:30,800 --> 01:01:29,250

cards are just by speaking into the mic

1474

01:01:33,500 --> 01:01:30,810

I know they had had to go through Jo

1475

01:01:35,510 --> 01:01:33,510

only Gio was a literal so they could

1476

01:01:37,190 --> 01:01:35,520

discuss amongst themselves an NGO wen

1477

01:01:39,200 --> 01:01:37,200

answer and the audience would just tweet

1478

01:01:41,360 --> 01:01:39,210

the answers and Rebecca had a tweetdeck

1479

01:01:43,820 --> 01:01:41,370

column on the big screen so of course

1480

01:01:45,620 --> 01:01:43,830

before we even started people were just

1481

01:01:48,860 --> 01:01:45,630

saying hi mum testing and then someone

1482

01:01:50,630 --> 01:01:48,870

said boobs someone else was saying but

1483

01:01:52,430 --> 01:01:50,640

the thing that was so funny about it was

1484

01:01:53,630 --> 01:01:52,440

for example one of the questions was

1485

01:01:55,880 --> 01:01:53,640

something like what's the most dangerous

1486

01:01:58,250 --> 01:01:55,890

animal animal that causes the most

1487

01:02:02,600 --> 01:01:58,260

deaths in Australia or something so

1488

01:02:07,580 --> 01:02:02,610

there was like Meryl dory Tony Abbott

1489

01:02:09,500 --> 01:02:07,590

and limbs so the audience was just in

1490

01:02:11,630 --> 01:02:09,510

raptures just looking at the screen let

1491

01:02:14,960 --> 01:02:11,640

alone oh yeah because it there'd be this

1492

01:02:18,200 --> 01:02:14,970

sort of suspenseful pause as Rebecca

1493

01:02:20,390 --> 01:02:18,210

read out the question of explosion as

1494

01:02:22,100 --> 01:02:20,400

you get these ridiculous answers and

1495

01:02:24,350 --> 01:02:22,110

obviously some correct dozens and then

1496

01:02:26,060 --> 01:02:24,360

there was like drop is yeah yeah you

1497

01:02:28,490 --> 01:02:26,070

know what the hoop snake and stuff it's

1498

01:02:30,740 --> 01:02:28,500

just completely made up it was it was

1499

01:02:32,510 --> 01:02:30,750

I mean Rob would just yeah it was

1500

01:02:35,360 --> 01:02:32,520

hilarious I think like at randall wrote

1501

01:02:36,860 --> 01:02:35,370

that he had a hernia and in fact you

1502

01:02:38,720 --> 01:02:36,870

know he wrote on one of his blogs that

1503

01:02:42,550 --> 01:02:38,730

the guy in front of him got up and left

1504

01:02:45,380 --> 01:02:42,560

because lucas was laughing too now say

1505

01:02:47,750 --> 01:02:45,390

but that was just I think it's gonna be

1506

01:02:49,310 --> 01:02:47,760

any highlight for every time I what

1507

01:02:56,330 --> 01:02:49,320

about Diane and Jessica or your

1508

01:02:58,820 --> 01:02:56,340

highlights dead silence first well I I

1509

01:03:01,850 --> 01:02:58,830

really really loved Pamela guys talk oh

1510

01:03:04,820 --> 01:03:01,860

I missed that I thought it was some I

1511

01:03:10,150 --> 01:03:04,830

thought it was great and she was talking

1512

01:03:14,030 --> 01:03:10,160

about these citizen science projects and

1513

01:03:16,250 --> 01:03:14,040

it was just fantastic yeah yeah yeah

1514

01:03:17,990 --> 01:03:16,260

I've seen Pamela talk yeah before and I

1515

01:03:21,410 --> 01:03:18,000

can't wait to see this on the DVD and

1516

01:03:23,960 --> 01:03:21,420

she's wonderful one yeah yes i think i

1517

01:03:25,940 --> 01:03:23,970

went to pretty much all the talks but

1518

01:03:27,380 --> 01:03:25,950

i'm really looking to seeing looking

1519

01:03:31,220 --> 01:03:27,390

forward to seeing the parallel sessions

1520

01:03:33,800 --> 01:03:31,230

that I didn't see on the DVD did you get

1521

01:03:36,170 --> 01:03:33,810

too many of those Diane I but to some of

1522

01:03:38,870 --> 01:03:36,180

them but my highlight was really dr.

1523

01:03:41,900 --> 01:03:38,880

calc whistle Nikki's chill no it was so

1524

01:03:43,670 --> 01:03:41,910

for the full of a tooth enthusiasm and

1525

01:03:46,370 --> 01:03:43,680

energy and I think that was one of the

1526

01:03:49,850 --> 01:03:46,380

highlights for me yeah Brett yes well

1527

01:03:51,440 --> 01:03:49,860

yeah I heard a lot of Australian

1528

01:03:55,730 --> 01:03:51,450

speakers that I didn't know of before

1529

01:03:57,890 --> 01:03:55,740

dr. Carl Rob Rob Larson oh yes great

1530

01:03:59,570 --> 01:03:57,900

wasn't he great they were I wasn't

1531

01:04:01,760 --> 01:03:59,580

familiar with them from before so it was

1532

01:04:04,370 --> 01:04:01,770

completely new to me I thought the

1533

01:04:06,440 --> 01:04:04,380

harbor cruise was a great experience it

1534

01:04:15,140 --> 01:04:06,450

was beautiful scenery a great bunch of

1535

01:04:17,420 --> 01:04:15,150

people open bar a good thing my personal

1536

01:04:21,800 --> 01:04:17,430

highlight was on the last three hours of

1537

01:04:25,460 --> 01:04:21,810

sunday i had about well in excess of 50

1538

01:04:26,810 --> 01:04:25,470

people come to me personally some of

1539

01:04:28,370 --> 01:04:26,820

them were just standing aside while i

1540

01:04:29,900 --> 01:04:28,380

was talking to somebody else and then

1541

01:04:31,940 --> 01:04:29,910

waited until there was a moment and just

1542

01:04:35,630 --> 01:04:31,950

shook my hand and said thank you it has

1543

01:04:37,790 --> 01:04:35,640

been absolutely fantastic or later on

1544

01:04:40,940 --> 01:04:37,800

some people who wrote that probably got

1545

01:04:41,300 --> 01:04:40,950

so far something like 70 or 80 emails I

1546

01:04:44,180 --> 01:04:41,310

have to

1547

01:04:46,280 --> 01:04:44,190

to my personal email from people saying

1548

01:04:48,050 --> 01:04:46,290

the same thing people saying look I

1549

01:04:49,820 --> 01:04:48,060

stood there on Sunday wanting to say

1550

01:04:52,820 --> 01:04:49,830

something but you're busy talking to

1551

01:04:55,160 --> 01:04:52,830

lots of other people and and then

1552

01:04:57,140 --> 01:04:55,170

there's the two things that two speakers

1553

01:04:59,510 --> 01:04:57,150

said that really struck a chord with me

1554

01:05:01,340 --> 01:04:59,520

one was in the after in the cold air an

1555

01:05:04,730 --> 01:05:01,350

event that we had four speakers after

1556

01:05:07,940 --> 01:05:04,740

town Pamela said that each changed her

1557

01:05:11,180 --> 01:05:07,950

view of skeptical events and the

1558

01:05:14,330 --> 01:05:11,190

positive message the positive attitude

1559

01:05:16,210 --> 01:05:14,340

the variety of different topics covered

1560

01:05:18,890 --> 01:05:16,220

the fact that it was not just about

1561

01:05:20,540 --> 01:05:18,900

hardcore skepticism more about anything

1562

01:05:23,360 --> 01:05:20,550

in particular that he was a kind just

1563

01:05:25,670 --> 01:05:23,370

general things they're interested she

1564

01:05:28,520 --> 01:05:25,680

said that that's really changed the way

1565

01:05:31,820 --> 01:05:28,530

she perceives this kind of event and Rob

1566

01:05:36,410 --> 01:05:31,830

Morrison who said who sent me an email

1567

01:05:38,450 --> 01:05:36,420

saying thanks to the thanks of the

1568

01:05:40,250 --> 01:05:38,460

entire time team I meant what I said

1569

01:05:44,290 --> 01:05:40,260

from the stage I have never enjoyed a

1570

01:05:46,730 --> 01:05:44,300

conference more so you know that's that

1571

01:05:48,700 --> 01:05:46,740

that's it that's that's right that's

1572

01:05:51,590 --> 01:05:48,710

what you do some things like that for

1573

01:05:55,520 --> 01:05:51,600

yeah well Rob Morrison was heckling from

1574

01:05:57,620 --> 01:05:55,530

side of the stage say that was also one

1575

01:06:00,740 --> 01:05:57,630

of my highlights because you know I came

1576

01:06:02,900 --> 01:06:00,750

to Australia when I was 10 10 years old

1577

01:06:05,600 --> 01:06:02,910

in there in the mid 80s and one of my

1578

01:06:07,850 --> 01:06:05,610

earliest experiences of australia was of

1579

01:06:11,450 --> 01:06:07,860

watching rob morrison and the curiosity

1580

01:06:14,240 --> 01:06:11,460

show you so it was like for me you know

1581

01:06:15,920 --> 01:06:14,250

i felt like a kid again standing next to

1582

01:06:18,830 --> 01:06:15,930

rob morrison he's incredibly tall yeah

1583

01:06:20,600 --> 01:06:18,840

and and just sort of reliving my

1584

01:06:22,550 --> 01:06:20,610

childhood and that was for me one of my

1585

01:06:25,640 --> 01:06:22,560

highlights but he had a wonderful talk

1586

01:06:28,250 --> 01:06:25,650

yeah oh he's and and just lovely he's a

1587

01:06:29,900 --> 01:06:28,260

lovely lovely man and we are you and I

1588

01:06:33,200 --> 01:06:29,910

had tried the pleasure of visiting his

1589

01:06:36,020 --> 01:06:33,210

house a year or so ago yeah and it gave

1590

01:06:39,680 --> 01:06:36,030

us a dozen chicken eggs you did that's

1591

01:06:41,780 --> 01:06:39,690

how I joke that's how nice and it well

1592

01:06:44,360 --> 01:06:41,790

folks as I saying we will never forget

1593

01:06:45,710 --> 01:06:44,370

tam Australia that's for sure I'm

1594

01:06:46,070 --> 01:06:45,720

looking forward to the next town and

1595

01:06:48,650 --> 01:06:46,080

loss

1596

01:06:50,540 --> 01:06:48,660

Vegas to see all our friends again we

1597

01:06:52,070 --> 01:06:50,550

can't clink our glasses because we

1598

01:06:54,080 --> 01:06:52,080

weren't allowed to bring them into the

1599

01:06:56,120 --> 01:06:54,090

room but I'd like to say thank you one

1600

01:07:03,350 --> 01:06:56,130

and all for joining me tonight anything

1601

01:07:27,470 --> 01:07:03,360

down thank you everybody my glasses put

1602

01:07:31,680 --> 01:07:29,790

astronomy cast it takes a fact space

1603

01:07:33,599 --> 01:07:31,690

journey through the cosmos as it offers

1604

01:07:36,270 --> 01:07:33,609

listeners weekly discussions on

1605

01:07:39,240 --> 01:07:36,280

astronomical topics ranging from planets

1606

01:07:41,640 --> 01:07:39,250

to cosmology hosted by Fraser Cain of

1607

01:07:42,510 --> 01:07:41,650

Universe Today and myself dr. Pamela gay

1608

01:07:45,180 --> 01:07:42,520

of southern illinois university

1609

01:07:47,040 --> 01:07:45,190

edwardsville this show brings the

1610

01:07:49,470 --> 01:07:47,050

questions of an avid astronomy lover

1611

01:07:51,570 --> 01:07:49,480

directly to an astronomer together

1612

01:07:53,099 --> 01:07:51,580

Fraser and I explore what is known and

1613

01:07:55,859 --> 01:07:53,109

being discovered about the universe

1614

01:07:57,960 --> 01:07:55,869

around us join us each week as we take a

1615

01:08:13,580 --> 01:07:57,970

fact space journey through the cosmos at

1616

01:08:20,320 --> 01:08:15,650

thank you for listening to the skeptic

1617

01:08:23,210 --> 01:08:20,330
