Mentalist Jamy Ian Swiss recorded at the

8
00:00:45,299 --> 00:00:43,059
amazing meeting seven in Las Vegas also

9
00:00:47,580 --> 00:00:45,309
from the amazing meeting we have the

10
00:00:50,369 --> 00:00:47,590
entire press conference of Connie son

11
00:00:52,680 --> 00:00:50,379
the lady from Denmark who attempted to

12
00:00:56,360 --> 00:00:52,690
prove to us all that she does indeed

13
00:00:58,770 --> 00:00:56,370

have magical powers unknown to science

14

00:01:13,300 --> 00:00:58,780

but let's start straight away with the

15

00:01:19,630 --> 00:01:15,920

Jamy Ian Swiss is a sleight-of-hand

16

00:01:22,100 --> 00:01:19,640

artist and a world-renowned performer

17

00:01:24,859 --> 00:01:22,110

specializing in close-up and intimate

18

00:01:27,560 --> 00:01:24,869

card magic he is also a corporate

19

00:01:30,289 --> 00:01:27,570

entertainer a stage Mentalist and mind

20

00:01:34,010 --> 00:01:30,299

reader a lecturer public speaker or

21

00:01:36,889 --> 00:01:34,020

third teacher consultant designer TV

22

00:01:39,800 --> 00:01:36,899

writer skeptic and a hell of a nice

23

00:01:44,650 --> 00:01:39,810

fellow I caught up with Jamie in Las

24

00:01:50,900 --> 00:01:48,410

it's tam 7 in Las Vegas having a really

25

00:01:52,160 --> 00:01:50,910

great time it's only day one well it's

26

00:01:53,620 --> 00:01:52,170

really officially kicked off today

27

00:01:56,030 --> 00:01:53,630

though although there were some

28

00:01:58,130 --> 00:01:56,040

workshops yesterday and it was a great

29

00:01:59,390 --> 00:01:58,140

workshop at about twelve o'clock it was

30

00:02:01,250 --> 00:01:59,400

that easement you might have missed

31

00:02:03,350 --> 00:02:01,260

about the intersection of magic and

32

00:02:06,740 --> 00:02:03,360

critical thinking I didn't is that a

33

00:02:08,690 --> 00:02:06,750

shame you mr. awful today that's the

34

00:02:10,670 --> 00:02:08,700

voice of Jamie's is delighted to meet

35

00:02:13,220 --> 00:02:10,680

you a larger to meet you at long last so

36

00:02:15,230 --> 00:02:13,230

yeah now you had a wonderful session

37

00:02:17,990 --> 00:02:15,240

today on the stage of the main stage

38

00:02:20,780 --> 00:02:18,000

with james randi which was turned into a

39

00:02:22,640 --> 00:02:20,790

wonderful like a fireside chat and

40

00:02:25,550 --> 00:02:22,650

showing highlights of Randy's

41

00:02:28,550 --> 00:02:25,560

fascinating career was that their idea

42

00:02:30,740 --> 00:02:28,560

or you are that's my idea actually you

43

00:02:33,050 --> 00:02:30,750

know Randy I have a long relationship

44

00:02:38,180 --> 00:02:33,060

with Randy part of which he didn't know

45

00:02:40,220 --> 00:02:38,190

about because it began really as with

46

00:02:43,430 --> 00:02:40,230

Randy as inspiration I mean I remember

47

00:02:47,900 --> 00:02:43,440

seeing him on television in my childhood

48

00:02:52,430 --> 00:02:47,910

and I wanted to do that I wanted to be a

49

00:02:57,080 --> 00:02:52,440

magician although I was a magician for

50

00:02:59,030 --> 00:02:57,090

much of my life first 29 years of my

51

00:03:00,860 --> 00:02:59,040

life as an amateur strictly as an

52

00:03:04,070 --> 00:03:00,870

amateur and was actually a later in life

53

00:03:06,530 --> 00:03:04,080

career change and then he was a hero to

54

00:03:09,050 --> 00:03:06,540

me and really altered my thinking about

55

00:03:10,460 --> 00:03:09,060

skeptical activism i started magic when

56

00:03:12,800 --> 00:03:10,470

i was very young I read a book at the

57

00:03:15,229 --> 00:03:12,810

guinea and I was fascinated by his

58

00:03:19,430 --> 00:03:15,239

psychic busting escapades north perhaps

59

00:03:21,680 --> 00:03:19,440

than even about his escapology and I can

60

00:03:24,380 --> 00:03:21,690

remember going back as far as elementary

61

00:03:26,060 --> 00:03:24,390

school kids coming to me and saying wow

62

00:03:27,770 --> 00:03:26,070

you know i'm reading sherlock holmes and

63

00:03:29,120 --> 00:03:27,780

on me saying in return well don't you

64

00:03:31,130 --> 00:03:29,130

know that the guy who wrote that was an

65

00:03:34,009 --> 00:03:31,140

idiot who believed in fairies he got out

66

00:03:37,130 --> 00:03:34,019

of cardboard so i think i was kind of an

67

00:03:41,720 --> 00:03:37,140

innate skeptic from the beginning but in

68

00:03:43,460 --> 00:03:41,730

the 1970s when i read a book which has

69

00:03:45,590 --> 00:03:43,470

since been retitled but i love the

70

00:03:48,620 --> 00:03:45,600

original title which was called the

71

00:03:50,820 --> 00:03:48,630

magic of Uri Geller and this is a book

72

00:03:52,920 --> 00:03:50,830

that had a profound impact on

73

00:03:58,410 --> 00:03:52,930

you didn't really teach me anything that

74

00:04:00,930 --> 00:03:58,420

I didn't already know I knew that what

75

00:04:03,930 --> 00:04:00,940

was going on was was fake was magic

76

00:04:07,160 --> 00:04:03,940

tricks being presented as psychic feet

77

00:04:10,560 --> 00:04:07,170

but Randy presented it in a way that

78

00:04:12,150 --> 00:04:10,570

made it clear to me what the moral

79

00:04:16,440 --> 00:04:12,160

implications and what the human

80

00:04:19,199 --> 00:04:16,450

implications were yeah and I would buy

81

00:04:20,610 --> 00:04:19,209

copies of the books i would order copies

82

00:04:22,230 --> 00:04:20,620

of the books from book stories you know

83

00:04:24,150 --> 00:04:22,240

it was still called the magic on it was

84

00:04:25,710 --> 00:04:24,160

a magical google i would go into a

85

00:04:27,150 --> 00:04:25,720

bookstore and i would ask if they had it

86

00:04:28,950 --> 00:04:27,160

had it makes they didn't have it i would

87

00:04:30,300 --> 00:04:28,960

i would have them order six copies for

88

00:04:32,310 --> 00:04:30,310

me and then I was gradually give away

89

00:04:34,140 --> 00:04:32,320

the copies and you know then I would go

90

00:04:36,090 --> 00:04:34,150

in in order them someplace else is get

91

00:04:37,710 --> 00:04:36,100

him on the shelf and I'm by no means

92

00:04:39,330 --> 00:04:37,720

alone in this if you talk to Banacek

93

00:04:41,310 --> 00:04:39,340

will tell you exactly the same thing a

94

00:04:45,840 --> 00:04:41,320

book had a profound impact I think on a

95

00:04:49,940 --> 00:04:45,850

generation of us yeah and so you know

96

00:04:54,120 --> 00:04:49,950

there was that stage of it and then in

97

00:04:56,630 --> 00:04:54,130

1985-86 I suppose with my friends and

98

00:04:59,700 --> 00:04:56,640

colleagues chip denman the statistician

99

00:05:01,740 --> 00:04:59,710

and grace 10 min and the late Phil class

100

00:05:04,320 --> 00:05:01,750

we began the National Capital Area

101
00:05:08,610 --> 00:05:04,330
skeptics in the Washington DC area where

102
00:05:11,520 --> 00:05:08,620
I was living at that time and began to

103
00:05:13,500 --> 00:05:11,530
become active in the skeptical movement

104
00:05:17,100 --> 00:05:13,510
in the skeptical community I can start

105
00:05:19,800 --> 00:05:17,110
to know Randy and work with him as a

106
00:05:23,670 --> 00:05:19,810
colleague yeah and somewhere along the

107
00:05:25,500 --> 00:05:23,680
line that blossomed into a into a

108
00:05:27,600 --> 00:05:25,510
friendship I don't remember a time now

109
00:05:29,850 --> 00:05:27,610
really I have to work hard to remember a

110
00:05:31,890 --> 00:05:29,860
time when Randy wasn't in my life in

111
00:05:34,469 --> 00:05:31,900
that way and the truth of the matter is

112
00:05:36,840 --> 00:05:34,479
is that even after all these many years

113
00:05:39,600 --> 00:05:36,850

and all the different adventures and

114

00:05:42,120 --> 00:05:39,610

time spent together when the phone rings

115

00:05:45,120 --> 00:05:42,130

and the voice on the other end says at

116

00:05:47,400 --> 00:05:45,130

Randy mmm there is still a little part

117

00:05:49,710 --> 00:05:47,410

of me going way back to maybe when I was

118

00:05:51,659 --> 00:05:49,720

watching you know the Wonder am at the

119

00:05:53,250 --> 00:05:51,669

TV show when I was eight yrs old let's

120

00:05:54,750 --> 00:05:53,260

go a little part of you want you to look

121

00:05:59,130 --> 00:05:54,760

around to somebody in the room and go

122

00:06:01,980 --> 00:05:59,140

it's funny so so yeah so two years ago

123

00:06:04,500 --> 00:06:01,990

at tam i suggested the idea that

124

00:06:06,240 --> 00:06:04,510

we that he have a conversation on stage

125

00:06:08,600 --> 00:06:06,250

to talk actually what really happened

126

00:06:12,150 --> 00:06:08,610

was I was down in far too visiting him

127

00:06:14,400 --> 00:06:12,160

just for fun and he showed me some clips

128

00:06:16,260 --> 00:06:14,410

of this show he had done in Korea just a

129

00:06:17,700 --> 00:06:16,270

few years ago that was based on the

130

00:06:19,500 --> 00:06:17,710

million-dollar challenge where they were

131

00:06:21,480 --> 00:06:19,510

it was a local team that we're doing

132

00:06:23,100 --> 00:06:21,490

these investigations based on his idea

133

00:06:24,420 --> 00:06:23,110

and he was sort of a host and the studio

134

00:06:26,070 --> 00:06:24,430

kind of thing and they did some

135

00:06:27,990 --> 00:06:26,080

fantastic stuff I mean they really I

136

00:06:30,300 --> 00:06:28,000

would love to see that all yeah they

137

00:06:32,370 --> 00:06:30,310

busted some great stuff some great

138

00:06:35,480 --> 00:06:32,380

fakers and they made great TV out of it

139

00:06:39,780 --> 00:06:35,490

to which it's not always easy to do and

140

00:06:41,520 --> 00:06:39,790

so and I I was just looking at it at the

141

00:06:44,250 --> 00:06:41,530

j ref and I said man this is great as

142

00:06:45,960 --> 00:06:44,260

anybody seen this though we got to show

143

00:06:47,370 --> 00:06:45,970

this thumb and I thought well why don't

144

00:06:48,810 --> 00:06:47,380

we just come into town and have a

145

00:06:49,830 --> 00:06:48,820

conversation and I'll go through the

146

00:06:52,020 --> 00:06:49,840

stuff and I'll pull out some highlights

147

00:06:55,800 --> 00:06:52,030

and so that was what we did two years

148

00:06:57,600 --> 00:06:55,810

ago and then this year I thought well

149

00:06:59,370 --> 00:06:57,610

let's do something else let's hold

150

00:07:01,680 --> 00:06:59,380

conferences skepticism everybody knows

151
00:07:03,960 --> 00:07:01,690
about this you know I know that even

152
00:07:07,320 --> 00:07:03,970
beyond that Randy is first and last a

153
00:07:10,680 --> 00:07:07,330
magician and that's what we have in

154
00:07:11,910 --> 00:07:10,690
common and for first and foremost and I

155
00:07:13,650 --> 00:07:11,920
thought well let's let's talk a little

156
00:07:15,690 --> 00:07:13,660
bit about his career that the people

157
00:07:17,850 --> 00:07:15,700
don't know about I mean that so you saw

158
00:07:20,340 --> 00:07:17,860
I mean not only some old magic clips and

159
00:07:23,730 --> 00:07:20,350
escape clips and stunts no underwater

160
00:07:27,270 --> 00:07:23,740
and exactly why I believe this Superman

161
00:07:28,530 --> 00:07:27,280
stuff really Superman stuff but then you

162
00:07:31,560 --> 00:07:28,540
know things that this audience to know

163
00:07:33,840 --> 00:07:31,570

about the movie the film that is now

164

00:07:35,940 --> 00:07:33,850

available on DVD was not for some 30

165

00:07:38,820 --> 00:07:35,950

years the billion dollar babies two of

166

00:07:40,350 --> 00:07:38,830

my from Alice Cooper and randy was on

167

00:07:42,660 --> 00:07:40,360

that too and for three months like an

168

00:07:46,980 --> 00:07:42,670

on-stage character yeah so we showed

169

00:07:49,380 --> 00:07:46,990

some of that and then finally the the

170

00:07:51,480 --> 00:07:49,390

upside down straitjacket escapes one

171

00:07:54,270 --> 00:07:51,490

over Niagara Falls from a crane in the

172

00:07:57,750 --> 00:07:54,280

middle of January over the Horseshoe

173

00:08:00,690 --> 00:07:57,760

Falls and another in Japan suspended

174

00:08:02,070 --> 00:08:00,700

from a helicopter you know he's Superman

175

00:08:04,110 --> 00:08:02,080

it's hard to believe that you know the

176

00:08:05,520 --> 00:08:04,120

guy is sitting there next to you he's

177

00:08:07,770 --> 00:08:05,530

done all these things i'm still

178

00:08:11,750 --> 00:08:07,780

astonished yeah by and quite frankly and

179

00:08:13,559 --> 00:08:11,760

and so much more besides these wonderful

180

00:08:16,169 --> 00:08:13,569

entertaining precisely

181

00:08:18,450 --> 00:08:16,179

just his career you know just merely

182

00:08:20,399 --> 00:08:18,460

yeah we want to say his career as an

183

00:08:22,679 --> 00:08:20,409

entertainer it's an escapologist as a

184

00:08:26,489 --> 00:08:22,689

magician and now we begin with the fact

185

00:08:29,909 --> 00:08:26,499

that he's you know regards of grant

186

00:08:32,219 --> 00:08:29,919

award winner and an author and and it's

187

00:08:33,600 --> 00:08:32,229

basically the really the most important

188

00:08:35,100 --> 00:08:33,610

invisible skeptic in the world

189

00:08:39,589 --> 00:08:35,110

everyone's call them what it is you know

190

00:08:41,670 --> 00:08:39,599

sigh cop back at the beginning is a

191

00:08:43,019 --> 00:08:41,680

conversation of my friend ray hyman is

192

00:08:45,300 --> 00:08:43,029

here from the executive committee of

193

00:08:47,309 --> 00:08:45,310

side cop one of the founders and I've

194

00:08:49,439 --> 00:08:47,319

had the pleasure the privilege of

195

00:08:51,569 --> 00:08:49,449

spending time with Martin Gardner thanks

196

00:08:53,160 --> 00:08:51,579

to Randy some musical actually Randy

197

00:08:55,860 --> 00:08:53,170

called me up and said I'm going to visit

198

00:09:00,480 --> 00:08:55,870

Martin you want to come do I wanna come

199

00:09:02,460 --> 00:09:00,490

are you and we went we went and visited

200

00:09:05,850 --> 00:09:02,470

Martin for a few days which was

201
00:09:10,350 --> 00:09:05,860
absolutely utterly fabulous and you know

202
00:09:12,120 --> 00:09:10,360
that room martin gardner james randi i'm

203
00:09:13,680 --> 00:09:12,130
talking about ray hyman II wasn't there

204
00:09:15,269 --> 00:09:13,690
with us that day when I was just talking

205
00:09:19,410 --> 00:09:15,279
to Ray about his history with with

206
00:09:21,210 --> 00:09:19,420
Martin and Randy and myself you know

207
00:09:24,300 --> 00:09:21,220
that's a that's a room full of magicians

208
00:09:25,679 --> 00:09:24,310
yeah you know yeah and you know bard and

209
00:09:28,050 --> 00:09:25,689
I got out of pack of cards and

210
00:09:30,509 --> 00:09:28,060
magic for a while yeah so and yet these

211
00:09:34,679 --> 00:09:30,519
are really the people who founded the

212
00:09:38,129 --> 00:09:34,689
activist American skeptical movement and

213
00:09:40,590 --> 00:09:38,139

we're talking about it even before Paul

214

00:09:42,749 --> 00:09:40,600

Kurtz who eventually came from the

215

00:09:44,850 --> 00:09:42,759

academic side and had the letter about

216

00:09:46,230 --> 00:09:44,860

the astrology with leading thinkers

217

00:09:49,350 --> 00:09:46,240

signing on to it making this public

218

00:09:52,889 --> 00:09:49,360

statement that eventually built to the

219

00:09:56,009 --> 00:09:52,899

creation of psychic now CSI and and so

220

00:09:57,929 --> 00:09:56,019

on so you're reminding me of the Randy's

221

00:09:59,819 --> 00:09:57,939

past achievements and his TV spots

222

00:10:01,259 --> 00:09:59,829

there's something that I think the jrf

223

00:10:03,509 --> 00:10:01,269

recently put on YouTube and they're

224

00:10:07,350 --> 00:10:03,519

putting a lot of old these things which

225

00:10:09,449 --> 00:10:07,360

is just gold and wonderful to look at it

226

00:10:12,120 --> 00:10:09,459

was must have been a very early days of

227

00:10:14,639 --> 00:10:12,130

Geller where James only didn't went on

228

00:10:18,449 --> 00:10:14,649

some chat show or other and simply what

229

00:10:20,460 --> 00:10:18,459

he did reproduced what Geller did and

230

00:10:22,920 --> 00:10:20,470

one of the people in the little audience

231

00:10:24,840 --> 00:10:22,930

or the little panel was a gala supporter

232

00:10:26,440 --> 00:10:24,850

some doctor or scientist or whatever and

233

00:10:28,780 --> 00:10:26,450

the

234

00:10:31,150 --> 00:10:28,790

and his brain falling apart when Randy

235

00:10:33,610 --> 00:10:31,160

simply did them again and put it

236

00:10:36,370 --> 00:10:33,620

straight to him and I'm a magician and I

237

00:10:37,930 --> 00:10:36,380

can do it as easily as he can right

238

00:10:41,290 --> 00:10:37,940

Randy likes to say you know if he's

239

00:10:43,990 --> 00:10:41,300

using supernatural powers to alter the

240

00:10:46,240 --> 00:10:44,000

forces of nature he's doing it the hard

241

00:10:48,130 --> 00:10:46,250

way but it's also fascinated me and

242

00:10:52,000 --> 00:10:48,140

still does to the state that people

243

00:10:55,810 --> 00:10:52,010

would rather or prefer the the

244

00:10:58,660 --> 00:10:55,820

complicated answer which is paranormal

245

00:11:01,630 --> 00:10:58,670

mystical power than 0 to trick yes and I

246

00:11:03,040 --> 00:11:01,640

often point out that even though i do

247

00:11:05,770 --> 00:11:03,050

talks all around the country about

248

00:11:08,500 --> 00:11:05,780

critical thinking and so on that in the

249

00:11:10,180 --> 00:11:08,510

end you know we skeptics often make the

250

00:11:13,840 --> 00:11:10,190

mistake of thinking well if we just

251
00:11:16,330 --> 00:11:13,850
prevent present the evidence if we just

252
00:11:18,940 --> 00:11:16,340
present the evidence against astrology

253
00:11:21,850 --> 00:11:18,950
if we just present the evidence in favor

254
00:11:23,950 --> 00:11:21,860
of vaccination if we just present the

255
00:11:27,370 --> 00:11:23,960
fact that we can duplicate the magic

256
00:11:29,320 --> 00:11:27,380
tricks of a psychic rational inquiry

257
00:11:31,600 --> 00:11:29,330
would suggest that this should be enough

258
00:11:34,510 --> 00:11:31,610
to alter someone's worldview well it

259
00:11:36,940 --> 00:11:34,520
doesn't because the world the world view

260
00:11:39,580 --> 00:11:36,950
is what's a more important do many

261
00:11:41,230 --> 00:11:39,590
people yeah and is the deciding factor

262
00:11:43,480 --> 00:11:41,240
rather than the evidence you have to be

263
00:11:46,150 --> 00:11:43,490

you have to first buy into the notion

264

00:11:48,520 --> 00:11:46,160

that evidence from a double-blind test

265

00:11:51,070 --> 00:11:48,530

that you didn't personally conduct

266

00:11:52,780 --> 00:11:51,080

perhaps is actually more important about

267

00:11:55,720 --> 00:11:52,790

how you make decisions about the world

268

00:11:57,760 --> 00:11:55,730

then your personal experience and that's

269

00:11:59,980 --> 00:11:57,770

that's very honored to divide absolutely

270

00:12:01,780 --> 00:11:59,990

that's a counter intuitive idea you know

271

00:12:03,910 --> 00:12:01,790

there's a book by frame her I think it's

272

00:12:05,620 --> 00:12:03,920

gnarly early 90s called uncommon sense

273

00:12:07,690 --> 00:12:05,630

he talks about the fact that the

274

00:12:10,690 --> 00:12:07,700

scientific method is it is a completely

275

00:12:13,120 --> 00:12:10,700

unnatural way to think and that if it

276

00:12:14,950 --> 00:12:13,130

wasn't a aside from the Greek sort of

277

00:12:16,690 --> 00:12:14,960

dude playing with it for a little

278

00:12:19,000 --> 00:12:16,700

brushing up against the notion for a

279

00:12:20,980 --> 00:12:19,010

while really we're only going back 400

280

00:12:25,060 --> 00:12:20,990

years to the time of Galileo well what

281

00:12:27,370 --> 00:12:25,070

is 400 years in geologic evolutionary

282

00:12:29,320 --> 00:12:27,380

time yeah to say it's a blanket of an

283

00:12:31,930 --> 00:12:29,330

eye as a gross exaggeration in the end

284

00:12:34,660 --> 00:12:31,940

yeah and so you really have to wrestle

285

00:12:35,840 --> 00:12:34,670

yourself into the notion that that's how

286

00:12:37,790 --> 00:12:35,850

you find out what

287

00:12:40,040 --> 00:12:37,800

true and that that's more important than

288

00:12:43,220 --> 00:12:40,050

what your own personal feelings are

289

00:12:45,740 --> 00:12:43,230

about what might be true and where do

290

00:12:48,259 --> 00:12:45,750

they have or we have the disadvantage i

291

00:12:50,360 --> 00:12:48,269

might say is that that takes learning

292

00:12:52,670 --> 00:12:50,370

and explaining and you have to get your

293

00:12:55,460 --> 00:12:52,680

mind around certain things and sometimes

294

00:12:58,189 --> 00:12:55,470

that's not easy whereas i know it's true

295

00:13:00,470 --> 00:12:58,199

because i saw it is instant it's

296

00:13:03,259 --> 00:13:00,480

heartfelt and it can seem a lot more

297

00:13:05,269 --> 00:13:03,269

real right and you know it's the midst

298

00:13:06,470 --> 00:13:05,279

of personal validation yes really the

299

00:13:08,749 --> 00:13:06,480

worst kind of evidence in the world

300

00:13:10,759 --> 00:13:08,759

because if seeing was was the only thing

301
00:13:14,150 --> 00:13:10,769
you need to believe then you know every

302
00:13:16,160 --> 00:13:14,160
time I do a magic trick how do you how

303
00:13:17,990 --> 00:13:16,170
do you determine the difference between

304
00:13:19,730 --> 00:13:18,000
that and reality and you know I've had

305
00:13:22,879 --> 00:13:19,740
this discussion with attorneys about

306
00:13:26,180 --> 00:13:22,889
them about evidence about legal evidence

307
00:13:29,889 --> 00:13:26,190
in in the courtroom matter of fact I

308
00:13:31,939 --> 00:13:29,899
recall now offhand a Randy and I did a

309
00:13:34,449 --> 00:13:31,949
conference of years ago kind of a

310
00:13:37,460 --> 00:13:34,459
workshop the Isaac Asimov series

311
00:13:40,939 --> 00:13:37,470
somewhere and we staged long with chip

312
00:13:44,389 --> 00:13:40,949
10 and we staged an accident in the

313
00:13:48,290 --> 00:13:44,399

opening session right a waiter who walks

314

00:13:50,480 --> 00:13:48,300

through and suddenly drops a picture of

315

00:13:53,300 --> 00:13:50,490

water and some glassware and while that

316

00:13:56,480 --> 00:13:53,310

happened we rearrange some things we run

317

00:13:58,519 --> 00:13:56,490

we strip we've changed clothing very

318

00:14:00,019 --> 00:13:58,529

quickly and some other things like this

319

00:14:01,639 --> 00:14:00,029

and then we ask people to break into

320

00:14:04,910 --> 00:14:01,649

breakout groups and report what they had

321

00:14:07,129 --> 00:14:04,920

seen and you know nobody came up with

322

00:14:08,720 --> 00:14:07,139

when we showed them that you know some

323

00:14:10,550 --> 00:14:08,730

guy had gotten up in the middle of all

324

00:14:12,590 --> 00:14:10,560

this it was only a few seconds

325

00:14:15,650 --> 00:14:12,600

misdirection but you know someone had

326

00:14:17,360 --> 00:14:15,660

picked up a huge fire extinguisher from

327

00:14:18,530 --> 00:14:17,370

one end of the room and carried it to

328

00:14:20,480 --> 00:14:18,540

the other end of the room in front of

329

00:14:22,639 --> 00:14:20,490

the entire group and it will walked out

330

00:14:26,090 --> 00:14:22,649

the other door not one person reported

331

00:14:28,340 --> 00:14:26,100

it yeah okay so my point being that we

332

00:14:30,949 --> 00:14:28,350

have a prejudice a bias in the legal

333

00:14:34,790 --> 00:14:30,959

system that says that that gives great

334

00:14:37,819 --> 00:14:34,800

weight to eyewitness testimony yeah and

335

00:14:40,699 --> 00:14:37,829

you know if it was up to me I would

336

00:14:42,949 --> 00:14:40,709

suggest that today that made it seem to

337

00:14:44,629 --> 00:14:42,959

make sense perhaps a century ago or more

338

00:14:46,680 --> 00:14:44,639

but today when you have scientific

339

00:14:49,230 --> 00:14:46,690

forensic evidence this is

340

00:14:51,180 --> 00:14:49,240

considered circumstantial so-called

341

00:14:53,970 --> 00:14:51,190

circumstantial evidence but really jury

342

00:14:55,770 --> 00:14:53,980

should be instructed in my opinion to

343

00:14:57,990 --> 00:14:55,780

consider to give the greater weight the

344

00:15:00,510 --> 00:14:58,000

greatest weight to scientific evidence

345

00:15:02,160 --> 00:15:00,520

and while they may be allowed to

346

00:15:04,260 --> 00:15:02,170

consider eyewitness testimony they

347

00:15:06,090 --> 00:15:04,270

should assume it to be the lowest value

348

00:15:08,640 --> 00:15:06,100

on the totem pole you get this this

349

00:15:10,200 --> 00:15:08,650

intuitively yeah because because what

350

00:15:12,300 --> 00:15:10,210

people see we are human beings are

351

00:15:13,800 --> 00:15:12,310

terrible observers that that's the

352

00:15:16,740 --> 00:15:13,810

reason you need the double-blind test is

353

00:15:19,920 --> 00:15:16,750

yeah because we are innately pattern

354

00:15:21,810 --> 00:15:19,930

seeking animals who you know the great

355

00:15:23,310 --> 00:15:21,820

problem of life is always to detect I've

356

00:15:24,780 --> 00:15:23,320

detect the difference between confluence

357

00:15:27,450 --> 00:15:24,790

and causality right isn't that the great

358

00:15:29,700 --> 00:15:27,460

challenge of the human condition it is

359

00:15:31,560 --> 00:15:29,710

so we're pattern seeking animals which

360

00:15:33,300 --> 00:15:31,570

mostly works for us more times than not

361

00:15:35,880 --> 00:15:33,310

but often works against us we see

362

00:15:38,400 --> 00:15:35,890

patterns that are there I've been in our

363

00:15:40,530 --> 00:15:38,410

long history going back millennia it

364

00:15:42,510 --> 00:15:40,540

obviously it's work more forest and

365

00:15:47,880 --> 00:15:42,520

again is right but it also is why you

366

00:15:49,440 --> 00:15:47,890

dance for rain yes yes okay yeah cuz one

367

00:15:51,270 --> 00:15:49,450

day after you know after a long drought

368

00:15:53,040 --> 00:15:51,280

you happen to dance yet afternoon in

369

00:15:54,810 --> 00:15:53,050

brain and now you're dancing for rain

370

00:15:57,150 --> 00:15:54,820

for the next millennium yeah yeah that's

371

00:16:00,960 --> 00:15:57,160

that's um you know nevertheless it is

372

00:16:02,640 --> 00:16:00,970

good as here yes and whatever would be

373

00:16:04,290 --> 00:16:02,650

as well finally it's got is anything

374

00:16:07,650 --> 00:16:04,300

either was got here despite it is fight

375

00:16:11,490 --> 00:16:07,660

it nevertheless we have now come into a

376

00:16:13,470 --> 00:16:11,500

point of the the human story where we

377

00:16:15,750 --> 00:16:13,480

are in a privileged position unlike the

378

00:16:17,940 --> 00:16:15,760

most of our ancestors of course of

379

00:16:20,220 --> 00:16:17,950

having a real good understanding about

380

00:16:22,500 --> 00:16:20,230

these matters and this is due to the

381

00:16:24,930 --> 00:16:22,510

scientific method of course but it still

382

00:16:28,650 --> 00:16:24,940

is as you say it's counterintuitive it

383

00:16:30,270 --> 00:16:28,660

really is it is and you know Nanda

384

00:16:32,400 --> 00:16:30,280

thought man buried is dead with food and

385

00:16:33,690 --> 00:16:32,410

tools over 30,000 years ago and we don't

386

00:16:35,250 --> 00:16:33,700

know exactly what he was thinking but

387

00:16:36,630 --> 00:16:35,260

it's not unreasonable to guess it had

388

00:16:40,290 --> 00:16:36,640

something to do with the notion about

389

00:16:42,510 --> 00:16:40,300

they have to life yeah and that's the

390

00:16:44,940 --> 00:16:42,520

kind of innate thinking that was that

391

00:16:46,890 --> 00:16:44,950

was still faced with today that gives

392

00:16:49,680 --> 00:16:46,900

religion power that gives superstition

393

00:16:51,329 --> 00:16:49,690

power and that you know we just stepped

394

00:16:54,930 --> 00:16:51,339

out of a presentation about people

395

00:16:57,450 --> 00:16:54,940

fighting the notion of vaccine yes yeah

396

00:16:59,790 --> 00:16:57,460

that and this is this is no longer just

397

00:17:02,740 --> 00:16:59,800

a philosophical argument

398

00:17:04,930 --> 00:17:02,750

not any longer an argument about whether

399

00:17:07,060 --> 00:17:04,940

someone is bending a spoon by sleight of

400

00:17:10,569 --> 00:17:07,070

hand or by thinking about it this is

401
00:17:12,630 --> 00:17:10,579
life and death for children that's it

402
00:17:15,370 --> 00:17:12,640
that's it that's it that's a terrifying

403
00:17:16,930 --> 00:17:15,380
terrifying it is no but do people are

404
00:17:19,540 --> 00:17:16,940
making the comments with what can we do

405
00:17:21,280 --> 00:17:19,550
what can we do what I was seeing now and

406
00:17:23,050 --> 00:17:21,290
this sort of relates back to what you're

407
00:17:24,880 --> 00:17:23,060
saying before where you had the book the

408
00:17:28,510 --> 00:17:24,890
magic of every Geller which inspired you

409
00:17:30,370 --> 00:17:28,520
and etc well now when people like like

410
00:17:33,400 --> 00:17:30,380
yourself or Randy or whatever do

411
00:17:34,960 --> 00:17:33,410
something thousands and thousands of

412
00:17:37,060 --> 00:17:34,970
people hear about it not just somebody

413
00:17:39,760 --> 00:17:37,070

finding a book in a bookshop and then

414

00:17:41,650 --> 00:17:39,770

going from there thousands of people are

415

00:17:43,420 --> 00:17:41,660

going to be listening to this thousands

416

00:17:44,950 --> 00:17:43,430

of people followed the junior from what

417

00:17:47,680 --> 00:17:44,960

Randy has to say in phil plait and all

418

00:17:49,870 --> 00:17:47,690

the richland it's okay but i'll be

419

00:17:53,020 --> 00:17:49,880

skeptical for a moment if you'll forgive

420

00:17:56,680 --> 00:17:53,030

me to you and say that you know compared

421

00:17:58,810 --> 00:17:56,690

to the number of years that get to hear

422

00:18:01,260 --> 00:17:58,820

what's going on at the j ref how many

423

00:18:04,570 --> 00:18:01,270

people get to hear oprah winfrey

424

00:18:06,670 --> 00:18:04,580

supporting jenny mccarthy or selling

425

00:18:08,410 --> 00:18:06,680

making them making a secret one

426

00:18:10,810 --> 00:18:08,420

best-selling book this is the secret

427

00:18:16,030 --> 00:18:10,820

which is a book with both an ancient and

428

00:18:18,100 --> 00:18:16,040

evil idea that people who are sick are

429

00:18:23,080 --> 00:18:18,110

and don't get well or people who are

430

00:18:24,580 --> 00:18:23,090

poor and don't get better are they are

431

00:18:26,140 --> 00:18:24,590

the victim of their own poor think it's

432

00:18:31,060 --> 00:18:26,150

there that's it that's a terrible idea

433

00:18:33,670 --> 00:18:31,070

it's a really terrible idea so you know

434

00:18:35,500 --> 00:18:33,680

I think that part of the purpose of the

435

00:18:38,860 --> 00:18:35,510

skeptical movement yes of course first

436

00:18:40,630 --> 00:18:38,870

and foremost I suppose is activism in

437

00:18:43,630 --> 00:18:40,640

the sense of public education in the

438

00:18:45,940 --> 00:18:43,640

sense of providing information but it's

439

00:18:48,010 --> 00:18:45,950

also there's another side to it and a

440

00:18:51,070 --> 00:18:48,020

lot of that side and a lot of it goes on

441

00:18:54,370 --> 00:18:51,080

here for example at the amazing meeting

442

00:18:56,890 --> 00:18:54,380

is association with people of like mine

443

00:18:58,600 --> 00:18:56,900

yeah and that's very human it's it's

444

00:19:01,000 --> 00:18:58,610

here it's extremely humid and it's

445

00:19:03,790 --> 00:19:01,010

extremely necessary yeah yeah you know

446

00:19:06,130 --> 00:19:03,800

I've I was accounted a co-founder of the

447

00:19:08,980 --> 00:19:06,140

National Capital Area skeptics on 21 and

448

00:19:09,730 --> 00:19:08,990

I think years ago two years ago I helped

449

00:19:11,770 --> 00:19:09,740

found the

450

00:19:14,470 --> 00:19:11,780

the New York City skeptics I work with

451

00:19:17,230 --> 00:19:14,480

the Center for inquiry I work with cam

452

00:19:19,660 --> 00:19:17,240

and and much of this is to be with like

453

00:19:21,520 --> 00:19:19,670

minded people I grand you know there are

454

00:19:23,110 --> 00:19:21,530

worse things you can do with your time

455

00:19:25,150 --> 00:19:23,120

than spend it among the great minds of

456

00:19:26,230 --> 00:19:25,160

your generation right that's well you

457

00:19:27,940 --> 00:19:26,240

know when you put it that way you're

458

00:19:30,010 --> 00:19:27,950

absolutely right but of course the flip

459

00:19:32,110 --> 00:19:30,020

side and again it relates back to what

460

00:19:34,260 --> 00:19:32,120

you were just saying the reach of Oprah

461

00:19:36,340 --> 00:19:34,270

and all that sort of thing is of course

462

00:19:39,040 --> 00:19:36,350

this goes across all walks of life

463

00:19:40,150 --> 00:19:39,050

people no matter what their outlook they

464

00:19:42,070 --> 00:19:40,160

want to associate with like-minded

465

00:19:44,650 --> 00:19:42,080

people and by and large I'm sure they

466

00:19:46,870 --> 00:19:44,660

all think they're right as we probably

467

00:19:48,220 --> 00:19:46,880

do too you see what I mean right well my

468

00:19:50,110 --> 00:19:48,230

friendship then he likes to say that

469

00:19:53,290 --> 00:19:50,120

although we like to think that we

470

00:19:55,360 --> 00:19:53,300

believe what we want to believe more

471

00:19:57,310 --> 00:19:55,370

often than not human beings believe what

472

00:19:58,930 --> 00:19:57,320

they need to believe the things that

473

00:20:01,390 --> 00:19:58,940

make us feel better in the night you

474

00:20:03,910 --> 00:20:01,400

know when it's a large and dark and

475

00:20:05,770 --> 00:20:03,920

lonely universe yeah and those are those

476

00:20:09,160 --> 00:20:05,780

are difficult forces to work against

477

00:20:11,320 --> 00:20:09,170

rationality is often not enough yes yes

478

00:20:13,830 --> 00:20:11,330

there's some people are possibly so but

479

00:20:17,020 --> 00:20:13,840

yeah I take your point I take your point

480

00:20:18,370 --> 00:20:17,030

now listeners without my noticing and I

481

00:20:19,480 --> 00:20:18,380

don't know how this happened maybe it's

482

00:20:21,430 --> 00:20:19,490

because I'm in the presence of a

483

00:20:23,260 --> 00:20:21,440

magician a card is appeared on the table

484

00:20:24,490 --> 00:20:23,270

oh my goodness look at that how did that

485

00:20:27,460 --> 00:20:24,500

get that wasn't there a second ago

486

00:20:29,320 --> 00:20:27,470

what's that cousin well this card is

487

00:20:32,110 --> 00:20:29,330

about a couple of upcoming events that

488

00:20:33,850 --> 00:20:32,120

I'm involved in one is for the National

489

00:20:36,760 --> 00:20:33,860

Capital Area skeptics i'll be doing a

490

00:20:38,500 --> 00:20:36,770

day in the fall probably in october

491

00:20:40,660 --> 00:20:38,510

jointly between the National Capital

492

00:20:42,880 --> 00:20:40,670

Area skeptics and the Center for inquiry

493

00:20:44,860 --> 00:20:42,890

myself and DJ Grothe the host of the

494

00:20:46,630 --> 00:20:44,870

wonderful podcast point of inquiry will

495

00:20:50,290 --> 00:20:46,640

be doing a day on the intersection

496

00:20:53,410 --> 00:20:50,300

between magic and skepticism not unlike

497

00:20:56,049 --> 00:20:53,420

the workshop that we did here at tam and

498

00:20:58,660 --> 00:20:56,059

then also in September in the fall

499

00:21:03,160 --> 00:20:58,670

September 12th actually the New York

500

00:21:05,500 --> 00:21:03,170

City skeptics along with the the New

501
00:21:07,870 --> 00:21:05,510
England skeptics are jointly producing

502
00:21:09,940 --> 00:21:07,880
the first Northeast Conference on

503
00:21:13,900 --> 00:21:09,950
science and skepticism which we have

504
00:21:18,669 --> 00:21:13,910
done nexus any CSS you can find out more

505
00:21:20,409 --> 00:21:18,679
at any CSS CO and Nexus con dot org and

506
00:21:23,310 --> 00:21:20,419
this will be an all day

507
00:21:26,499 --> 00:21:23,320
de convención so for the Northeast

508
00:21:29,039 --> 00:21:26,509
featuring Carl Zimmer and Paul Offit and

509
00:21:31,629 --> 00:21:29,049
the skeptic guides the universe folks

510
00:21:33,789 --> 00:21:31,639
Massimo Pucci was actually on a board of

511
00:21:36,580 --> 00:21:33,799
directors in the New York City skeptics

512
00:21:38,950 --> 00:21:36,590
John Rennie the recent editor-in-chief

513
00:21:42,279 --> 00:21:38,960

of Scientific American will be talking

514

00:21:44,470 --> 00:21:42,289

all about vaccinations and about public

515

00:21:46,629 --> 00:21:44,480

education and median science and so on

516

00:21:48,519 --> 00:21:46,639

and so that's some of the latest thing

517

00:21:50,080 --> 00:21:48,529

that some of the local groups I'm

518

00:21:51,909 --> 00:21:50,090

involved in there so that's very

519

00:21:53,499 --> 00:21:51,919

exciting for zonna listeners to because

520

00:21:56,649 --> 00:21:53,509

one of the speakers is none other than

521

00:21:58,419 --> 00:21:56,659

our very own dr. H E dr. Rachel Dunlop

522

00:22:00,070 --> 00:21:58,429

from the skeptic zone yes we're

523

00:22:02,409 --> 00:22:00,080

delighted she's going to be in town and

524

00:22:04,419 --> 00:22:02,419

be able to join us on the she is very

525

00:22:06,519 --> 00:22:04,429

excited about being part of that's great

526

00:22:08,379 --> 00:22:06,529

that's been happening not long after

527

00:22:09,999 --> 00:22:08,389

dragoncon that's right right after dark

528

00:22:12,159 --> 00:22:10,009

and we're doing Dragon Con and then

529

00:22:13,749 --> 00:22:12,169

she's jetting up to take part in net and

530

00:22:16,749 --> 00:22:13,759

I can't tell you how excited she is to

531

00:22:19,090 --> 00:22:16,759

be part of that right well New York City

532

00:22:23,649 --> 00:22:19,100

skeptics is is new and we've been doing

533

00:22:25,299 --> 00:22:23,659

public programs and on a growing pretty

534

00:22:26,499 --> 00:22:25,309

well under a short amount of time and

535

00:22:28,060 --> 00:22:26,509

this is something that had been in

536

00:22:29,440 --> 00:22:28,070

conversation for a while if we could get

537

00:22:31,210 --> 00:22:29,450

sort of a regional conference together

538

00:22:33,609 --> 00:22:31,220

so we'll start this with this one day

539

00:22:36,359 --> 00:22:33,619

event and hopefully if it's successful

540

00:22:38,859 --> 00:22:36,369

we'll get to build on it going forward

541

00:22:40,720 --> 00:22:38,869

fantastic well a pleasure to meet you at

542

00:22:42,669 --> 00:22:40,730

last again likewise again thank you so

543

00:22:44,409 --> 00:22:42,679

much for having me anytime and you're

544

00:22:59,130 --> 00:22:44,419

welcome to come back on the skeptic zone

545

00:23:04,850 --> 00:23:02,250

religion and credulous pop culture I

571

00:24:23,880 --> 00:24:21,460

myself write a few articles but most are

572

00:24:26,760 --> 00:24:23,890

written by everyone else and they're

573

00:24:29,490 --> 00:24:26,770

paid for that effort if you're an expert

574

00:24:31,230 --> 00:24:29,500

Connie son from Denmark thinks she has

587
00:25:45,150 --> 00:25:42,010
powers unknown to science despite

588
00:25:48,570 --> 00:25:45,160

failing the lemon Airy test for the

589

00:25:51,690 --> 00:25:48,580

James Randi 1 million dollar prize now

590

00:25:53,910 --> 00:25:51,700

591

00:25:56,580 --> 00:25:53,920

no one has ever passed this stage of the

592

00:25:59,160 --> 00:25:56,590

1 million dollar prize before however

593

00:26:01,260 --> 00:25:59,170

598

00:26:16,890 --> 00:26:13,570

asked to use her powers to guide her to

599

00:26:20,430 --> 00:26:16,900

the test and come back to hear the press

607
00:26:54,960 --> 00:26:45,520
conference held immediately after the

608
00:27:02,080 --> 00:26:58,260
now here is the audio of Connie's press

609
00:27:02,090 --> 00:27:06,830
peace

610
00:27:13,290 --> 00:27:10,290
hello everyone thank you so much

611
00:27:15,150 --> 00:27:13,300
I guess we should start this off with

612
00:27:17,220 --> 00:27:15,160
questions about the test questions you

613
00:27:23,160 --> 00:27:17,230

have for Connie or container or anything

614

00:27:27,480 --> 00:27:23,170

about a challenge just started Connie

615

00:27:30,060 --> 00:27:27,490

and uh you know after you fail the test

616

00:27:36,180 --> 00:27:30,070

you have second thoughts about how fair

617

00:27:39,090 --> 00:27:36,190

it was no no I do know what I can so

618

00:27:42,930 --> 00:27:39,100

it's okay can you elaborate on you do

619

00:27:47,220 --> 00:27:42,940

know what you can and what's behind yeah

620

00:27:52,920 --> 00:27:47,230

you know the story is huge very so I had

621

00:27:56,580 --> 00:27:52,930

to try to lose them I still even though

622

00:28:01,040 --> 00:27:56,590

i missed this challenge but things

623

00:28:03,660 --> 00:28:01,050

welcome and i don't know what yes

624

00:28:06,480 --> 00:28:03,670

because i have to follow up some stairs

625

00:28:08,169 --> 00:28:06,490

of time once they at the time everything

626

00:28:12,190 --> 00:28:08,179

stick together if you know

627

00:28:15,820 --> 00:28:12,200

and I had to do their part and parcel

628

00:28:19,480 --> 00:28:15,830

digitizer to do some things before I can

629

00:28:24,220 --> 00:28:19,490

do some other things this stuff

630

00:28:27,970 --> 00:28:24,230

outdoorsy it's not the real thing I mean

631

00:28:32,230 --> 00:28:27,980

that's much more I could sure if I was

632

00:28:36,629 --> 00:28:32,240

about to today are I was not allowed to

633

00:28:40,480 --> 00:28:36,639

show you that provided because I can i

634

00:28:42,220 --> 00:28:40,490

yeah it is real fast let me go ahead and

635

00:28:45,430 --> 00:28:42,230

do a quick introduction I assume the

636

00:28:48,820 --> 00:28:45,440

null know me too well myself this in

637

00:28:54,970 --> 00:28:48,830

case you don't we mr. any event don't

638

00:28:58,570 --> 00:28:54,980

let Connie jet and announcing is there

639

00:29:02,120 --> 00:28:58,580

any test that if you fail would convince

640

00:29:04,320 --> 00:29:02,130

you that you did not have people know

641

00:29:06,120 --> 00:29:04,330

kinda can you tell us do you have any

642

00:29:10,440 --> 00:29:06,130

idea why you think you feel I suppose

643

00:29:14,100 --> 00:29:10,450

today yes activate before I where two of

644

00:29:18,120 --> 00:29:14,110

the state's I have thought about it that

645

00:29:20,730 --> 00:29:18,130

ever there because something else are

646

00:29:25,110 --> 00:29:20,740

going to happen and if you follow my

647

00:29:29,310 --> 00:29:25,120

then I built sometimes I can't play a

648

00:29:32,340 --> 00:29:29,320

time horizon but if you fall out my name

649

00:29:35,010 --> 00:29:32,350

at the Miss for example there were many

650

00:29:36,270 --> 00:29:35,020

things but other than speculation about

651
00:29:38,400 --> 00:29:36,280
the future you have no specific

652
00:29:42,180 --> 00:29:38,410
explanation as to why it failed today

653
00:29:44,430 --> 00:29:42,190
yes I have because it wasn't the right

654
00:29:48,660 --> 00:29:44,440
time for people out there to get food

655
00:29:51,150 --> 00:29:48,670
now and that now you hit that out it on

656
00:29:54,300 --> 00:29:51,160
but you could see something was going to

657
00:29:57,620 --> 00:29:54,310
happen when I dogs right and it's not me

658
00:30:00,750 --> 00:29:57,630
he's not friendly passport from outside

659
00:30:03,630 --> 00:30:00,760
Connie Richard Saunders from Sydney

660
00:30:06,180 --> 00:30:03,640
Australia did you try before coming here

661
00:30:08,420 --> 00:30:06,190
to give yourself a similar sort of test

662
00:30:12,300 --> 00:30:08,430
with cards and envelopes and that

663
00:30:15,030 --> 00:30:12,310

once I guess I'm sorry before you came

664

00:30:23,310 --> 00:30:15,040

here yeah did you try to test yourself

665

00:30:26,130 --> 00:30:23,320

in Denmark with cards and envelopes Alan

666

00:30:29,040 --> 00:30:26,140

cows were from Des Moines what what

667

00:30:34,560 --> 00:30:29,050

specifically have you done successfully

668

00:30:37,140 --> 00:30:34,570

with the dowsing the many things as a

669

00:30:41,310 --> 00:30:37,150

child before his daughter is very huge

670

00:30:44,610 --> 00:30:41,320

and one of my missions if you can say so

671

00:30:47,010 --> 00:30:44,620

there's no that you can't at all there's

672

00:30:51,570 --> 00:30:47,020

no God something like that it's not

673

00:30:56,400 --> 00:30:51,580

about that but well the huge missions

674

00:30:59,580 --> 00:30:56,410

the it's not like this it was a part of

675

00:31:03,360 --> 00:30:59,590

it of course but I did find the British

676
00:31:06,330 --> 00:31:03,370
be using government in the head and I

677
00:31:11,820 --> 00:31:06,340
was told to do and I have the evidence

678
00:31:13,970 --> 00:31:11,830
and why I can show me explain how is it

679
00:31:18,600 --> 00:31:13,980
believes itself Goldman's everywhere

680
00:31:21,510 --> 00:31:18,610
well well separate from the fact that

681
00:31:23,340 --> 00:31:21,520
are you just just one second let me go

682
00:31:25,580 --> 00:31:23,350
ahead we have no dispute on that because

683
00:31:27,890 --> 00:31:25,590
if you don't know that we can expire

684
00:31:31,669 --> 00:31:27,900
disappeared from Portugal she's a

685
00:31:33,230 --> 00:31:31,679
British girl and Connie has been in if

686
00:31:35,480 --> 00:31:33,240
you look at her package she's been in

687
00:31:39,590 --> 00:31:35,490
magazines getting interviews about where

688
00:31:41,750 --> 00:31:39,600

she believes math McCann is but none of

689

00:31:46,789 --> 00:31:41,760

the information you found has actually

690

00:31:48,950 --> 00:31:46,799

found Madeline hello and why that's a

691

00:31:52,460 --> 00:31:48,960

question it is because in top of the

692

00:31:57,320 --> 00:31:52,470

government's for theorem there is a

693

00:32:01,519 --> 00:31:57,330

little to the police welcome did you

694

00:32:03,320 --> 00:32:01,529

exercise America now and did you

695

00:32:08,210 --> 00:32:03,330

actually use dowsing like you did today

696

00:32:11,060 --> 00:32:08,220

to find Madeleine no I like that well I

697

00:32:15,620 --> 00:32:11,070

when I started to do what I'm doing

698

00:32:17,630 --> 00:32:15,630

these will chew his arm up I started

699

00:32:21,049 --> 00:32:17,640

with dozing I have never done this stuff

700

00:32:24,280 --> 00:32:21,059

before but some friend told me that I I

701
00:32:28,390 --> 00:32:24,290
had a crystal ball in Marbella

702
00:32:35,290 --> 00:32:28,400
those with it that's why he suddenly all

703
00:32:38,800 --> 00:32:35,300
things having their words hi I'm

704
00:32:41,440 --> 00:32:38,810
followed from Spain and disciple to go

705
00:32:43,690 --> 00:32:41,450
so you can imagine that I know a lot

706
00:32:48,670 --> 00:32:43,700
about this case you know how many people

707
00:32:52,780 --> 00:32:48,680
say that they have seen her yeah it's a

708
00:32:59,560 --> 00:32:52,790
lie many of me they are all liars except

709
00:33:03,970 --> 00:32:59,570
you some of it I lies some really many

710
00:33:07,960 --> 00:33:03,980
movement but if you later yes because we

711
00:33:11,410 --> 00:33:07,970
don't we have not people here are not

712
00:33:15,310 --> 00:33:11,420
going to forgive her it's a sort of data

713
00:33:19,870 --> 00:33:15,320

you can censor and very she's all right

714

00:33:23,020 --> 00:33:19,880

the keeper for a special reason but what

715

00:33:25,930 --> 00:33:23,030

is the children one appendage of the

716

00:33:30,130 --> 00:33:25,940

market calm the storm is maybe she's

717

00:33:35,230 --> 00:33:30,140

making a joke if you cross the road from

718

00:33:37,000 --> 00:33:35,240

here I can talk your weight now we so I

719

00:33:42,169 --> 00:33:37,010

have so much do you hear voices or

720

00:33:49,680 --> 00:33:46,320

they write on my computer charger where

721

00:33:53,340 --> 00:33:49,690

was it fate what ya were they who are

722

00:33:57,659 --> 00:33:53,350

they what's behind us oh no god but

723

00:34:00,419 --> 00:33:57,669

there is something have it ok so it's

724

00:34:04,289 --> 00:34:00,429

not only in my hand now it's with our

725

00:34:08,300 --> 00:34:04,299

eyes would like only less a some what

726

00:34:13,020 --> 00:34:08,310

else can hear and see it to music

727

00:34:17,159 --> 00:34:13,030

relationship so is making all the stars

728

00:34:19,020 --> 00:34:17,169

of tomorrow a little right all I don't

729

00:34:22,680 --> 00:34:19,030

want the poor quality minds question

730

00:34:25,200 --> 00:34:22,690

here from today instead of just saying I

731

00:34:26,520 --> 00:34:25,210

can't get you said this is the car and

732

00:34:27,869 --> 00:34:26,530

with the next message you can say i

733

00:34:30,750 --> 00:34:27,879

don't think it's called you said this is

734

00:34:34,080 --> 00:34:30,760

the garden when i to the m on that yet

735

00:34:36,899 --> 00:34:34,090

you arrive lessons respectfully at the

736

00:34:40,050 --> 00:34:36,909

end you were wrong on those how do you

737

00:34:41,820 --> 00:34:40,060

know that the same thing is not the same

738

00:34:43,480 --> 00:34:41,830

doesn't apply with Maddox you leave to

739

00:34:47,710 --> 00:34:43,490

write today

740

00:34:53,830 --> 00:34:47,720

that's not because I know it's the truth

741

00:34:57,850 --> 00:34:53,840

what is I know thanks i went to get my

742

00:35:02,200 --> 00:34:57,860

mom because she chose white wasn't that

743

00:35:05,920 --> 00:35:02,210

I was talking to her talk when I thought

744

00:35:08,680 --> 00:35:05,930

out across my adult in their children he

745

00:35:12,250 --> 00:35:08,690

was the right heart but sometimes they

746

00:35:15,700 --> 00:35:12,260

are mine because I had to find something

747

00:35:21,880 --> 00:35:15,710

healthy something out myself and this

748

00:35:25,000 --> 00:35:21,890

this guy has got today it's probably

749

00:35:36,010 --> 00:35:25,010

because all the at least and numbers

750

00:35:40,210 --> 00:35:36,020

have my ways than we all do know that

751

00:35:42,180 --> 00:35:40,220

don't you let go of the bay no I didn't

752

00:35:44,280 --> 00:35:42,190

get out there with Mady

753

00:35:50,670 --> 00:35:44,290

not to get skeptics and don't you get

754

00:35:56,700 --> 00:35:50,680

that same for everyone and i will write

755

00:36:02,460 --> 00:35:56,710

it all down at some time you will come

756

00:36:05,430 --> 00:36:02,470

to a point where we go i love the story

757

00:36:12,420 --> 00:36:05,440

i mean all today i'll push the boat test

758

00:36:14,819 --> 00:36:12,430

oh you approach the foundation approach

759

00:36:16,589 --> 00:36:14,829

you approach them yeah and you pretty

760

00:36:18,990 --> 00:36:16,599

much said the protocol you said what is

761

00:36:22,380 --> 00:36:19,000

that you could do you knew that you're

762

00:36:24,990 --> 00:36:22,390

going into a groove skeptics do that I

763

00:36:27,359 --> 00:36:25,000

have time and you did it anyway knowing

764

00:36:30,329 --> 00:36:27,369

full well that as you say now that

765

00:36:34,859 --> 00:36:30,339

they're my damn super abilities in some

766

00:36:40,770 --> 00:36:34,869

way why did he do that because i am

767

00:36:48,790 --> 00:36:47,440

other things I'll call you I said

768

00:36:51,820 --> 00:36:48,800

there's no time we're not trying to

769

00:36:53,650 --> 00:36:51,830

compete you then you are trying to

770

00:36:56,020 --> 00:36:53,660

convince us or something you found

771

00:36:58,180 --> 00:36:56,030

general done this that I congratulate

772

00:37:00,430 --> 00:36:58,190

you for your practice and your openness

773

00:37:04,300 --> 00:37:00,440

and your willingness to subject yourself

774

00:37:06,190 --> 00:37:04,310

to a power cable line test like this but

775

00:37:08,260 --> 00:37:06,200

we're not trying to we're not claiming

776

00:37:10,630 --> 00:37:08,270

that these power don't exist you never

777

00:37:12,580 --> 00:37:10,640

have they always said that we don't see

778

00:37:14,530 --> 00:37:12,590

the chemicals from the time we offered

779

00:37:16,900 --> 00:37:14,540

million-dollar price if someone who can

780

00:37:19,300 --> 00:37:16,910

show us that we're incorrect and I'm

781

00:37:20,680 --> 00:37:19,310

thinking in that direction so don't

782

00:37:24,099 --> 00:37:20,690

think we're trying to convert you to

783

00:37:26,950 --> 00:37:24,109

change your mind or username against you

784

00:37:29,470 --> 00:37:26,960

are that we that we have any lack of

785

00:37:32,590 --> 00:37:29,480

respect for your for your beliefs in

786

00:37:35,320 --> 00:37:32,600

touch that's not the case so we want to

787

00:37:37,180 --> 00:37:35,330

understand what you're saying if I was

788

00:37:39,520 --> 00:37:37,190

very excited about that first card out

789

00:37:41,770 --> 00:37:39,530

it was a low card as well and of course

790

00:37:43,540 --> 00:37:41,780

it's hard as a magician eek ook you're

791

00:37:47,380 --> 00:37:43,550

trying to get the city tangle its parts

792

00:37:55,000 --> 00:37:51,130

Lokar to write so I was very excited for

793

00:37:57,190 --> 00:37:55,010

you at that moment I to do it this time

794

00:38:01,450 --> 00:37:57,200

because things like I went to have in

795

00:38:03,880 --> 00:38:01,460

the black time also as I said that

796

00:38:05,980 --> 00:38:03,890

everyone if you cancel your packets the

797

00:38:07,720 --> 00:38:05,990

agreement item number six I do not

798

00:38:09,519 --> 00:38:07,730

believe the taking my challenge asked in

799

00:38:14,700 --> 00:38:09,529

trouble are giants what influenced my

800

00:38:21,160 --> 00:38:17,880

question one from the jera was this the

801
00:38:23,109 --> 00:38:21,170
most visible or largest scale by

802
00:38:24,730 --> 00:38:23,119
audience watching and so what are any

803
00:38:27,009 --> 00:38:24,740
other ways in which this test was

804
00:38:30,009 --> 00:38:27,019
exceptional I suspect that it probably

805
00:38:32,440 --> 00:38:30,019
was the most widely viewed cover from my

806
00:38:36,549 --> 00:38:32,450
mind and spirit of the environment I

807
00:38:41,019 --> 00:38:36,559
mean that same time so how do we have

808
00:38:44,570 --> 00:38:41,029
1700 you something we had properly 6700

809
00:38:47,700 --> 00:38:44,580
in the room with us easily

810
00:38:49,830 --> 00:38:47,710
yes oh that wasn't quite there was a

811
00:38:51,990 --> 00:38:49,840
1700 people watching live on the

812
00:38:54,780 --> 00:38:52,000
internet repeat you know it comes and

813
00:38:55,860 --> 00:38:54,790

goes a lot of them are so sweet it's

814

00:38:57,510 --> 00:38:55,870

something I've actually at one point

815

00:39:01,560 --> 00:38:57,520

eight the moderator chattering because

816

00:39:06,060 --> 00:39:01,570

people were talking in Swedish I'm sorry

817

00:39:08,670 --> 00:39:06,070

so I gotcha sanguis be the job I think

818

00:39:13,230 --> 00:39:08,680

that video created this is probably the

819

00:39:15,600 --> 00:39:13,240

most widely live and feeling I detest

820

00:39:17,910 --> 00:39:15,610

that we've done absolutely this was the

821

00:39:20,840 --> 00:39:17,920

most visible most widely promoted is

822

00:39:23,700 --> 00:39:20,850

most viewed testing and everything I

823

00:39:26,490 --> 00:39:23,710

just have one question in some Asian

824

00:39:28,620 --> 00:39:26,500

what what I hear you saying is that this

825

00:39:30,960 --> 00:39:28,630

experience is a stepping stone to

826
00:39:34,410 --> 00:39:30,970
something greater and reader ready for

827
00:39:35,880 --> 00:39:34,420
or you're not and there's some reason

828
00:39:37,860 --> 00:39:35,890
why you're here that they have have

829
00:39:41,590 --> 00:39:37,870
anything to do with playing cards my

830
00:39:44,660 --> 00:39:41,600
understanding is too okay

831
00:39:47,110 --> 00:39:44,670
plain answer question knowing the test

832
00:39:51,770 --> 00:39:47,120
protocol beforehand you practice at all

833
00:39:53,660 --> 00:39:51,780
get smaller than ours interaction we get

834
00:39:56,300 --> 00:39:53,670
the shot show all the time of people we

835
00:39:58,430 --> 00:39:56,310
always ask them specifically please try

836
00:40:01,970 --> 00:39:58,440
and don't want test under the condition

837
00:40:04,790 --> 00:40:01,980
to leave underline our primary and that

838
00:40:08,750 --> 00:40:04,800

please do test yourself independently

839

00:40:11,510 --> 00:40:08,760

and every case in every case without

840

00:40:14,330 --> 00:40:11,520

fail it was said though I don't need to

841

00:40:16,310 --> 00:40:14,340

do that because I go to their work I'm

842

00:40:19,400 --> 00:40:16,320

just putting that out Maddie you lookin

843

00:40:21,650 --> 00:40:19,410

packet many has what would be before

844

00:40:24,590 --> 00:40:21,660

where she's guess cards that will face

845

00:40:30,890 --> 00:40:24,600

down put on the elbows based on numbers

846

00:40:34,550 --> 00:40:30,900

nothing is my paradise not intended era

847

00:40:41,120 --> 00:40:34,560

it was there any concern something this

848

00:40:44,370 --> 00:40:41,130

large scale about exporting tested this

849

00:40:51,029 --> 00:40:44,380

large-scale very concern in exploiting

850

00:40:54,299 --> 00:40:51,039

or question yeah or any concerns on but

851
00:40:56,789 --> 00:40:54,309
we try very hard and we searched it in

852
00:40:58,529 --> 00:40:56,799
this case of person to sort out any such

853
00:41:02,339 --> 00:40:58,539
cases because there are people out there

854
00:41:05,910 --> 00:41:02,349
who are emotionally unstable in many

855
00:41:08,549 --> 00:41:05,920
ways and who make the most incredible

856
00:41:12,509 --> 00:41:08,559
claims might or credible the fan megami

857
00:41:14,519 --> 00:41:12,519
have made and we we eventually have to

858
00:41:18,089 --> 00:41:14,529
get rid of them because we don't want to

859
00:41:21,420 --> 00:41:18,099
exploit people who are textured ahead if

860
00:41:23,309 --> 00:41:21,430
we can use the common expression yes we

861
00:41:25,200 --> 00:41:23,319
go through a lot of thing to make sure

862
00:41:28,319 --> 00:41:25,210
that that doesn't happen we have to be

863
00:41:29,910 --> 00:41:28,329

fair to folks and I think that funny

864

00:41:31,890 --> 00:41:29,920

will agree that we have been perfectly

865

00:41:33,539 --> 00:41:31,900

fair and aboveboard with her the

866

00:41:35,700 --> 00:41:33,549

evidence is still in the envelope can be

867

00:41:38,039 --> 00:41:35,710

examined by anybody I think cinetic I

868

00:41:40,109 --> 00:41:38,049

think that I have to get personal thanks

869

00:41:43,289 --> 00:41:40,119

to my good friend about a gent area who

870

00:41:46,589 --> 00:41:43,299

did a absolutely superb job doing this

871

00:41:49,440 --> 00:41:46,599

correctly succinctly and the way the

872

00:41:56,099 --> 00:41:49,450

book calls for it it was a defendant yes

873

00:41:57,509 --> 00:41:56,109

oh yeah I guess the question I was going

874

00:42:01,769 --> 00:41:57,519

to ask a little similar to the last

875

00:42:05,700 --> 00:42:01,779

question for the GF for the members of

876

00:42:08,400 --> 00:42:05,710

the foundation on the panel what sort of

877

00:42:10,890 --> 00:42:08,410

quality control if there is various

878

00:42:13,769 --> 00:42:10,900

levels of quality among claimants do you

879

00:42:17,660 --> 00:42:13,779

go through and have you select among the

880

00:42:22,579 --> 00:42:17,670

planets that you test I think all of us

881

00:42:26,579 --> 00:42:22,589

can agree that Connie is sincere and and

882

00:42:28,740 --> 00:42:26,589

you know she she's not trying to pull

883

00:42:33,029 --> 00:42:28,750

one over on anybody she came here and

884

00:42:35,819 --> 00:42:33,039

his earnest how do you know that she's

885

00:42:38,630 --> 00:42:35,829

the best we have to test it for

886

00:42:41,759 --> 00:42:38,640

everybody or such a public rest Oh

887

00:42:44,519 --> 00:42:41,769

collecting the two of the the new

888

00:42:47,730 --> 00:42:44,529

additions to the protocol to have a

889

00:42:49,319 --> 00:42:47,740

medium presence that if somebody has

890

00:42:51,599 --> 00:42:49,329

paid some attention to you before the

891

00:42:53,970 --> 00:42:51,609

drugs or somebody living at erratic he

892

00:42:55,980 --> 00:42:53,980

decided to send us a letter Waka million

893

00:42:58,680 --> 00:42:55,990

dollars the second thing is we have to

894

00:43:01,499 --> 00:42:58,690

have academic reference which body

895

00:43:03,749 --> 00:43:01,509

provided to us saying that she had done

896

00:43:07,410 --> 00:43:03,759

the test which was relatively successful

897

00:43:08,180 --> 00:43:07,420

in turn me promise that seemed to

898

00:43:10,190 --> 00:43:08,190

produce

899

00:43:13,190 --> 00:43:10,200

indications that it would be successful

900

00:43:15,650 --> 00:43:13,200

in that a formal test so that is part of

901
00:43:17,930 --> 00:43:15,660
the filtration but I will admit you that

902
00:43:19,700 --> 00:43:17,940
it is difficult to do and we don't want

903
00:43:22,849 --> 00:43:19,710
to offend anybody you don't want to

904
00:43:24,829 --> 00:43:22,859
leave anybody ever has a legitimate

905
00:43:27,470 --> 00:43:24,839
claim they really believe they can

906
00:43:30,859 --> 00:43:27,480
fulfill so it is a difficult procedure I

907
00:43:32,510 --> 00:43:30,869
agree with you there I just want to make

908
00:43:35,599 --> 00:43:32,520
sure the reception is that were choosing

909
00:43:38,809 --> 00:43:35,609
any everyone who goes through the

910
00:43:40,460 --> 00:43:38,819
application process gets tested so we

911
00:43:42,650 --> 00:43:40,470
don't have oh let's test this one

912
00:43:45,710 --> 00:43:42,660
without every single person who goes

913
00:43:47,630 --> 00:43:45,720

through the application process they

914

00:43:49,819 --> 00:43:47,640

have a testicle clay well they won't get

915

00:43:51,800 --> 00:43:49,829

through the broth record oh that's a

916

00:43:53,809 --> 00:43:51,810

good but Connie was the only one that

917

00:43:58,250 --> 00:43:53,819

you had available to you for such a

918

00:44:00,770 --> 00:43:58,260

public display this weekend we have

919

00:44:01,920 --> 00:44:00,780

several people several things are going

920

00:44:04,620 --> 00:44:01,930

to the classics

921

00:44:06,660 --> 00:44:04,630

she happened to be the next one week and

922

00:44:08,490 --> 00:44:06,670

aren't you we can't let people go out of

923

00:44:10,470 --> 00:44:08,500

order and be tested out of order because

924

00:44:12,930 --> 00:44:10,480

if one of them actually does pass the

925

00:44:15,059 --> 00:44:12,940

preliminary then that's not fair to all

926
00:44:18,750 --> 00:44:15,069
the people who have been waiting so she

927
00:44:22,020 --> 00:44:18,760
was the next day line question to Phil

928
00:44:25,880 --> 00:44:22,030
Plait Philistine you know she beat the

929
00:44:28,200 --> 00:44:25,890
president almost is now you must be

930
00:44:30,270 --> 00:44:28,210
trusted quite satisfied the way things

931
00:44:31,770 --> 00:44:30,280
are going what's your opinion of the

932
00:44:32,970 --> 00:44:31,780
continuation or the possible

933
00:44:36,420 --> 00:44:32,980
continuation of a million-dollar

934
00:44:39,059 --> 00:44:36,430
challenge well I'm thrilled that's not

935
00:44:42,359 --> 00:44:39,069
just possible when you drink yes they're

936
00:44:44,450 --> 00:44:42,369
in what state will continue we're still

937
00:44:46,589 --> 00:44:44,460
working on that's what I mean I want yes

938
00:44:50,819 --> 00:44:46,599

the million-dollar challenge on things

939

00:44:55,290 --> 00:44:50,829

up fascinating a tool to test to test

940

00:44:57,120 --> 00:44:55,300

claimants and see how this works to see

941

00:44:59,040 --> 00:44:57,130

do I see me to give the public a chance

942

00:45:00,720 --> 00:44:59,050

to see how this works this is a

943

00:45:04,040 --> 00:45:00,730

beautiful example of that because now we

944

00:45:08,490 --> 00:45:04,050

have an audience man online audience and

945

00:45:10,109 --> 00:45:08,500

it's a it's not a well it is in fact a

946

00:45:13,049 --> 00:45:10,119

site in the process there is a claim

947

00:45:15,270 --> 00:45:13,059

that is made we work out a testing

948

00:45:17,309 --> 00:45:15,280

protocol for it there are statistics

949

00:45:19,289 --> 00:45:17,319

involved she had to pick three cards

950

00:45:22,109 --> 00:45:19,299

there's a one in ten chance each time

951
00:45:23,789 --> 00:45:22,119
they're independent each time so in fact

952
00:45:26,130 --> 00:45:23,799
to get all three right there is a 1 in

953
00:45:27,320 --> 00:45:26,140
1,000 chance now if we were running us

954
00:45:29,600 --> 00:45:27,330
1,000 times

955
00:45:32,390 --> 00:45:29,610
much higher chance of something winning

956
00:45:34,220 --> 00:45:32,400
but in each individual test its 1000 so

957
00:45:36,650 --> 00:45:34,230
if someone in that it that's by pure

958
00:45:43,180 --> 00:45:36,660
chance only so if someone has an ability

959
00:45:46,640 --> 00:45:43,190
then we should see a different amount of

960
00:45:49,040 --> 00:45:46,650
people being able to pass this test so I

961
00:45:50,810 --> 00:45:49,050
like this idea as a scientist because it

962
00:45:53,720 --> 00:45:50,820
is scientifically testing an unusual

963
00:45:55,910 --> 00:45:53,730

claim and I like that we're going to

964

00:45:57,950 --> 00:45:55,920

continue it because I think it's an

965

00:45:59,600 --> 00:45:57,960

excellent tool for this it shows the

966

00:46:02,860 --> 00:45:59,610

public how this all works it shows the

967

00:46:05,270 --> 00:46:02,870

public how skeptics analyze evidence and

968

00:46:07,220 --> 00:46:05,280

how would we change the challenge in the

969

00:46:09,200 --> 00:46:07,230

future I think that's still going to be

970

00:46:11,180 --> 00:46:09,210

the coordinate it's just like any more

971

00:46:13,160 --> 00:46:11,190

administrative change we do it to make

972

00:46:15,500 --> 00:46:13,170

it more streamlined and more efficient

973

00:46:18,050 --> 00:46:15,510

so people can apply more easily and they

974

00:46:21,550 --> 00:46:18,060

be tested would you be happy in a year's

975

00:46:24,050 --> 00:46:21,560

time to offer cutting another change

976
00:46:25,940 --> 00:46:24,060
that's a protocol question we coverage

977
00:46:27,980 --> 00:46:25,950
apparatus

978
00:46:30,230 --> 00:46:27,990
yes she can be tested or she realizes

979
00:46:33,560 --> 00:46:30,240
his qualifications and her in place at

980
00:46:38,780 --> 00:46:36,560
yeah ambekar Houston skeptics society a

981
00:46:40,580 --> 00:46:38,790
question from the chat is related to

982
00:46:42,920 --> 00:46:40,590
what Richard assassins if you feel

983
00:46:45,230 --> 00:46:42,930
there's some future time that would

984
00:46:47,300 --> 00:46:45,240
reapply for similar or slightly change

985
00:46:49,850 --> 00:46:47,310
test when you feel that it's time for

986
00:46:53,900 --> 00:46:49,860
your powers to be revealed as you said

987
00:46:56,900 --> 00:46:55,760
you think there's some future time as

988
00:47:00,380 --> 00:46:56,910

you mentioned that this was not the

989

00:47:02,359 --> 00:47:00,390

correct time to be tribution yes to it

990

00:47:05,240 --> 00:47:02,369

are you able to tell them that might be

991

00:47:08,809 --> 00:47:05,250

the right time because I can't say that

992

00:47:12,030 --> 00:47:08,819

at the time when beautiful things thank

993

00:47:13,520 --> 00:47:12,040

you should you feel at that time

994

00:47:16,529 --> 00:47:13,530

why

995

00:47:21,390 --> 00:47:16,539

item please

996

00:47:24,239 --> 00:47:21,400

try them I just wondered has anyone ever

997

00:47:26,429 --> 00:47:24,249

gotten past the protocol past

998

00:47:27,890 --> 00:47:26,439

preliminary testing no one has ever

999

00:47:31,660 --> 00:47:27,900

passed the preliminary

1000

00:47:35,240 --> 00:47:31,670

history of the challenge how many have

1001
00:47:37,190 --> 00:47:35,250
done the preliminary testing I started

1002
00:47:41,120 --> 00:47:37,200
work to answer it that surprising in

1003
00:47:44,120 --> 00:47:41,130
doesn't think of Vietnam 207 years ok 30

1004
00:47:46,700 --> 00:47:44,130
hundreds but the answer is not that easy

1005
00:47:48,829 --> 00:47:46,710
to ride that because many many more

1006
00:47:51,769 --> 00:47:48,839
people make application initial

1007
00:47:55,250 --> 00:47:51,779
application by sending in the farm than

1008
00:47:57,170 --> 00:47:55,260
ever moved to the next stage and it

1009
00:48:01,400 --> 00:47:57,180
starts out like this it's a fair wage

1010
00:48:03,559 --> 00:48:01,410
with the huge number of people apply by

1011
00:48:07,460 --> 00:48:03,569
sending in the farm that it drops down

1012
00:48:09,890 --> 00:48:07,470
whenever you don't hear from join eighty

1013
00:48:11,390 --> 00:48:09,900

percent of those people ever again and

1014

00:48:13,730 --> 00:48:11,400

then they don't do this they don't do

1015

00:48:17,690 --> 00:48:13,740

this big find you to get down to Italy

1016

00:48:19,910 --> 00:48:17,700

pretty here actually going a score or so

1017

00:48:22,250 --> 00:48:19,920

in a year actually get to the point

1018

00:48:24,650 --> 00:48:22,260

where they're ready to be now testing

1019

00:48:26,690 --> 00:48:24,660

through the preliminary test so it's not

1020

00:48:30,920 --> 00:48:26,700

an easy number to give you but it is but

1021

00:48:33,500 --> 00:48:30,930

hundreds and del siglo that has been at

1022

00:48:37,400 --> 00:48:33,510

least eighty eighty-five percent of the

1023

00:48:41,740 --> 00:48:37,410

total blank no we are farthest Berkeley

1024

00:48:47,770 --> 00:48:45,040

markedly is preparing a report by

1025

00:48:49,150 --> 00:48:47,780

analyzing all of the applications that

1026
00:48:51,910 --> 00:48:49,160
have ever to mention the million-dollar

1027
00:48:55,630 --> 00:48:51,920
prize we're reading with great

1028
00:48:58,150 --> 00:48:55,640
anticipation see the breakdown the kind

1029
00:49:00,400 --> 00:48:58,160
of people the gender of the location the

1030
00:49:02,350 --> 00:49:00,410
age group and central people who make

1031
00:49:04,180 --> 00:49:02,360
these application and what happens to

1032
00:49:07,000 --> 00:49:04,190
the application of it last challenge

1033
00:49:10,120 --> 00:49:07,010
with this that exceedingly fine fun but

1034
00:49:12,130 --> 00:49:10,130
with a very small of the other right so

1035
00:49:13,810 --> 00:49:12,140
that would be interesting documentation

1036
00:49:16,870 --> 00:49:13,820
fine that's good so i would i would

1037
00:49:20,200 --> 00:49:16,880
think from with what your files began

1038
00:49:27,340 --> 00:49:20,210

with your maybe 35 40 years ago there's

1039

00:49:30,550 --> 00:49:27,350

probably between 150 and 220 preliminary

1040

00:49:32,860 --> 00:49:30,560

challenges that were actually bunch of

1041

00:49:36,829 --> 00:49:32,870

that plan because it's practically

1042

00:49:40,470 --> 00:49:36,839

stronger identity yes

1043

00:49:42,660 --> 00:49:40,480

yeah the questions for therapy but now I

1044

00:49:45,120 --> 00:49:42,670

presume that this test will eventually

1045

00:49:48,299 --> 00:49:45,130

go on youtube somehow in some form do

1046

00:49:50,339 --> 00:49:48,309

you think they'll be now that the folks

1047

00:49:52,529 --> 00:49:50,349

out there can see how it's done and how

1048

00:49:54,210 --> 00:49:52,539

Richard it is and you know that this is

1049

00:49:55,950 --> 00:49:54,220

the wheel this is a real sensitive test

1050

00:49:57,750 --> 00:49:55,960

not just you know do you think you have

1051
00:49:59,460 --> 00:49:57,760
less applicants for this where people

1052
00:50:02,160 --> 00:49:59,470
think that you know they can get away

1053
00:50:04,740 --> 00:50:02,170
with more guys well in what way they

1054
00:50:06,450 --> 00:50:04,750
will see the integrity of the price you

1055
00:50:08,370 --> 00:50:06,460
will see how carefully done it is and

1056
00:50:12,019 --> 00:50:08,380
that I think we have to agree with it

1057
00:50:14,940 --> 00:50:12,029
that what we showed you today is is

1058
00:50:17,279 --> 00:50:14,950
absolutely attorney the care with which

1059
00:50:20,430 --> 00:50:17,289
is you prepared through the various

1060
00:50:24,510 --> 00:50:20,440
steps in such and again the security of

1061
00:50:26,940 --> 00:50:24,520
widgets handle is unbeatable it can't be

1062
00:50:29,099 --> 00:50:26,950
improved on because we could have ended

1063
00:50:31,049 --> 00:50:29,109

it right the point where Connie had

1064

00:50:33,059 --> 00:50:31,059

missed the three cars and said okay we

1065

00:50:35,190 --> 00:50:33,069

all go home now but we insist about

1066

00:50:39,450 --> 00:50:35,200

opening up the other envelopes to make

1067

00:50:41,609 --> 00:50:39,460

sure it was possibly there was a

1068

00:50:43,829 --> 00:50:41,619

possibility that money could add one

1069

00:50:47,069 --> 00:50:43,839

because the card was there and was

1070

00:50:49,769 --> 00:50:47,079

started properly placed each other so i

1071

00:50:51,480 --> 00:50:49,779

think this both encourages and perhaps

1072

00:50:53,730 --> 00:50:51,490

discourages some people the people who

1073

00:50:56,220 --> 00:50:53,740

will discourage is people who are trying

1074

00:50:57,230 --> 00:50:56,230

to do some tricks on us and we're going

1075

00:50:59,870 --> 00:50:57,240

to get rid of

1076
00:51:01,700 --> 00:50:59,880
the time for that we would each sincere

1077
00:51:05,359 --> 00:51:01,710
people really believe you about the

1078
00:51:08,660 --> 00:51:05,369
power and if they do step right up here

1079
00:51:11,390 --> 00:51:08,670
we are I'm actually expecting a wall of

1080
00:51:13,130 --> 00:51:11,400
criticism from folks are from our

1081
00:51:15,290 --> 00:51:13,140
detractors who learn now be able to

1082
00:51:17,540 --> 00:51:15,300
examine the test piece by piece trying

1083
00:51:19,670 --> 00:51:17,550
to see if I'm where the shadow of an

1084
00:51:21,350 --> 00:51:19,680
effects and covered a card and that was

1085
00:51:25,100 --> 00:51:21,360
the moment I switched the correct card

1086
00:51:28,190 --> 00:51:25,110
so you don't get many ideas create a

1087
00:51:41,359 --> 00:51:28,200
photographer is not backed up question

1088
00:51:45,050 --> 00:51:41,369

and I have scientists about a young

1089

00:51:46,280 --> 00:51:45,060

Richards with the hygiene one samples I

1090

00:51:48,170 --> 00:51:46,290

just had a question that wasn't

1091

00:51:50,870 --> 00:51:48,180

disclosed as part of the test today

1092

00:51:52,850 --> 00:51:50,880

about the protocol which is so surprise

1093

00:51:55,340 --> 00:51:52,860

to those prices he'd managed I carefully

1094

00:51:56,930 --> 00:51:55,350

keeping your of the envelope says that

1095

00:51:59,660 --> 00:51:56,940

came out of a large envelope and just

1096

00:52:01,520 --> 00:51:59,670

curious however how did they get in that

1097

00:52:04,550 --> 00:52:01,530

order who knew what order they were in

1098

00:52:06,650 --> 00:52:04,560

inside that new clothes yeah that is a

1099

00:52:08,120 --> 00:52:06,660

good question when he got to me I all

1100

00:52:09,499 --> 00:52:08,130

they know is I was told I was not

1101
00:52:11,719 --> 00:52:09,509
something similar

1102
00:52:13,009 --> 00:52:11,729
that I'm not allowed to do that that

1103
00:52:15,139 --> 00:52:13,019
kind of shoot so that don't whine

1104
00:52:16,429 --> 00:52:15,149
somebody else is already makes the model

1105
00:52:19,849 --> 00:52:16,439
they put inside the envelope when they

1106
00:52:21,769 --> 00:52:19,859
come out on the table you want to just

1107
00:52:24,259 --> 00:52:21,779
follow the protocol that's off as much

1108
00:52:25,699 --> 00:52:24,269
what I have Alice you can ask so the

1109
00:52:27,919 --> 00:52:25,709
beginning part that question they're

1110
00:52:31,579 --> 00:52:27,929
actually shoveled and sealed by the at

1111
00:52:33,859 --> 00:52:31,589
first and gently rain runs so I know

1112
00:52:35,979 --> 00:52:33,869
you're at work that they were injected

1113
00:52:39,139 --> 00:52:35,989

in the order that they were in vantage

1114

00:52:40,789 --> 00:52:39,149

activated yoga conservatives that

1115

00:52:43,189 --> 00:52:40,799

someone could know the order who was in

1116

00:52:45,019 --> 00:52:43,199

the room and it sounds like there's no

1117

00:52:46,609 --> 00:52:45,029

way that you were showing that they were

1118

00:52:50,449 --> 00:52:46,619

double envelope and there's no

1119

00:52:52,370 --> 00:52:50,459

indications on your side right because

1120

00:52:54,919 --> 00:52:52,380

they were randomized twice before bad

1121

00:52:57,259 --> 00:52:54,929

check under judgment promising that was

1122

00:52:58,109 --> 00:52:57,269

why the console you that one has ain't

1123

00:53:03,029 --> 00:52:58,119

no weak you know

1124

00:53:06,420 --> 00:53:03,039

g one of the cars time jobs from

1125

00:53:08,309 --> 00:53:06,430

Colorado as I understand it you believe

1126

00:53:12,079 --> 00:53:08,319

that you are the only person who has

1127

00:53:16,410 --> 00:53:12,089

these nurses yeah no that's what I

1128

00:53:18,480 --> 00:53:16,420

didn't take that because one foot of the

1129

00:53:23,249 --> 00:53:18,490

collection on this earth can do

1130

00:53:27,680 --> 00:53:23,259

something and that's why people don't do

1131

00:53:31,200 --> 00:53:27,690

when they are coming here for assistance

1132

00:53:33,420 --> 00:53:31,210

I'm sure that many of them can't do

1133

00:53:39,239 --> 00:53:33,430

something but it's not the right time

1134

00:53:44,480 --> 00:53:39,249

just to show people up there that way so

1135

00:53:46,529 --> 00:53:44,490

therefore nobody has take the chance I

1136

00:53:47,999 --> 00:53:46,539

have one more question about the

1137

00:53:50,819 --> 00:53:48,009

protocol it seems like everyone from the

1138

00:53:53,430 --> 00:53:50,829

jrez Harry happy with the protocol as

1139

00:53:55,589 --> 00:53:53,440

you designed it question one who came up

1140

00:53:57,900 --> 00:53:55,599

with it it was regionally agreed to of

1141

00:54:00,359 --> 00:53:57,910

course but who invented that protocol

1142

00:54:03,150 --> 00:54:00,369

and the follow up then would be are you

1143

00:54:04,859 --> 00:54:03,160

going to use this exact protocol to do

1144

00:54:07,200 --> 00:54:04,869

similar tests of dowsing in the future

1145

00:54:09,150 --> 00:54:07,210

or every claimant gets different

1146

00:54:11,089 --> 00:54:09,160

profiles Oh every time I guess different

1147

00:54:13,170 --> 00:54:11,099

part of all in riverdale is different

1148

00:54:16,020 --> 00:54:13,180

what are people saying they think

1149

00:54:18,150 --> 00:54:16,030

determine the colors of cards or objects

1150

00:54:19,859 --> 00:54:18,160

or poker chips or whatever and on will

1151

00:54:23,730 --> 00:54:19,869

further can find missing children our

1152

00:54:25,380 --> 00:54:23,740

goal whatever every claim is totally

1153

00:54:28,079 --> 00:54:25,390

different from every other clan but is

1154

00:54:30,750 --> 00:54:28,089

another claimant says i can use thousand

1155

00:54:32,549 --> 00:54:30,760

right will you use this exact protocol

1156

00:54:34,470 --> 00:54:32,559

know depends of what they say they can

1157

00:54:36,839 --> 00:54:34,480

do this evening so the sack i won't be

1158

00:54:39,359 --> 00:54:36,849

finding tour with water flowing fresh

1159

00:54:42,000 --> 00:54:39,369

water for example you know that pressure

1160

00:54:43,589 --> 00:54:42,010

in Australia pressure 2000 get very very

1161

00:54:46,500 --> 00:54:43,599

copier and doesn't work when you've

1162

00:54:48,780 --> 00:54:46,510

ended up here but nonetheless they they

1163

00:54:51,660 --> 00:54:48,790

have specific claims I can only find

1164

00:54:55,349 --> 00:54:51,670

water which is flowing east and west and

1165

00:54:57,660 --> 00:54:55,359

etc they're very specific most of them

1166

00:54:59,250 --> 00:54:57,670

in their claims and the test has to be

1167

00:55:02,400 --> 00:54:59,260

designed the protocol has to be designed

1168

00:55:05,069 --> 00:55:02,410

to accommodate exactly that the the

1169

00:55:06,809 --> 00:55:05,079

person makes the claim dictates the

1170

00:55:09,210 --> 00:55:06,819

rules as to how these things will happen

1171

00:55:10,770 --> 00:55:09,220

all we have to do is filter it out in

1172

00:55:13,319 --> 00:55:10,780

such a way that is a double-blind

1173

00:55:15,750 --> 00:55:13,329

procedure that it is perfectly fair and

1174

00:55:17,970 --> 00:55:15,760

aboveboard and the dollars that put

1175

00:55:20,220 --> 00:55:17,980

online is this protocol therefore

1176

00:55:22,319 --> 00:55:20,230

retired you're not going to use this of

1177

00:55:25,200 --> 00:55:22,329

us exactly the same language make or if

1178

00:55:26,609 --> 00:55:25,210

if I should wish to come back next year

1179

00:55:27,270 --> 00:55:26,619

and do the same thing and uses a

1180

00:55:29,070 --> 00:55:27,280

protocol

1181

00:55:31,110 --> 00:55:29,080

we don't know usually with a claim that

1182

00:55:33,120 --> 00:55:31,120

comes in this small subtlety that's

1183

00:55:35,640 --> 00:55:33,130

different and that changes the protocol

1184

00:55:37,140 --> 00:55:35,650

even it's a small salty right now for

1185

00:55:38,730 --> 00:55:37,150

instance we do have a claimant her

1186

00:55:40,890 --> 00:55:38,740

name's Ann Gifford and she will be

1187

00:55:43,560 --> 00:55:40,900

coming to the front of the line soon she

1188

00:55:45,240 --> 00:55:43,570

also does sealed envelope identification

1189

00:55:47,990 --> 00:55:45,250

which we playing cards but she doesn't

1190

00:55:50,550 --> 00:55:48,000

do it through Desmond and that's for the

1191

00:55:53,910 --> 00:55:50,560

protocol see idea initial negotiations

1192

00:55:56,150 --> 00:55:53,920

write the first draft and Jeff and I

1193

00:55:57,900 --> 00:55:56,160

confer over what we come up with

1194

00:56:00,570 --> 00:55:57,910

everything's worked out with the

1195

00:56:02,370 --> 00:56:00,580

claimant and then Randy's contacted to

1196

00:56:04,080 --> 00:56:02,380

finalize all of them and make any

1197

00:56:06,450 --> 00:56:04,090

changes that he sees fit do you ever

1198

00:56:08,340 --> 00:56:06,460

have statisticians or scientists told

1199

00:56:10,680 --> 00:56:08,350

you again with all the members for all

1200

00:56:12,270 --> 00:56:10,690

of these an important couple of

1201

00:56:14,640 --> 00:56:12,280

important points if first off Allison

1202

00:56:15,720 --> 00:56:14,650

does the major bulk of the workers a lot

1203

00:56:19,980 --> 00:56:15,730

of what you've seen the day's Allison's

1204

00:56:21,930 --> 00:56:19,990

work second it's really the claimant who

1205

00:56:24,090 --> 00:56:21,940

designs the challenge they come to us

1206

00:56:25,019 --> 00:56:24,100

and talk stuff they do for example let's

1207

00:56:28,229 --> 00:56:25,029

say seven

1208

00:56:30,509 --> 00:56:28,239

to coin toss use what the coin I think I

1209

00:56:32,640 --> 00:56:30,519

was going to be here two tails that is

1210

00:56:34,409 --> 00:56:32,650

the protocol that's the nation protocol

1211

00:56:36,479 --> 00:56:34,419

now of course we all know that's 5050

1212

00:56:37,919 --> 00:56:36,489

it's not good enough so we will do the

1213

00:56:40,019 --> 00:56:37,929

numbers to come back with them and say

1214

00:56:42,659 --> 00:56:40,029

okay if you can do that can you do this

1215

00:56:45,239 --> 00:56:42,669

because this fits what we need and then

1216

00:56:47,579 --> 00:56:45,249

they really don't agree with Vanessa and

1217

00:56:51,569 --> 00:56:47,589

a lot of times that's where it ends

1218

00:56:54,929 --> 00:56:51,579

because people will not accept anything

1219

00:56:57,209 --> 00:56:54,939

beyond the 50-50 chances now you see the

1220

00:56:59,999 --> 00:56:57,219

initial thing we required for all the

1221

00:57:03,839 --> 00:57:00,009

things is a simple statement of in three

1222

00:57:07,289 --> 00:57:03,849

parts what can you do under what

1223

00:57:09,109 --> 00:57:07,299

circumstances with what accuracy and

1224

00:57:11,999 --> 00:57:09,119

that could be causing that could be

1225

00:57:13,919 --> 00:57:12,009

flying by tracking the arms or whatever

1226

00:57:15,870 --> 00:57:13,929

they tell you maybe but under what

1227

00:57:18,209 --> 00:57:15,880

circumstances with what happened to see

1228

00:57:21,390 --> 00:57:18,219

these are very important that means that

1229

00:57:23,489 --> 00:57:21,400

the claimant designs the protocol all we

1230

00:57:25,799 --> 00:57:23,499

have to do is organize it and set about

1231

00:57:30,530 --> 00:57:25,809

a certain number of steps that they

1232

00:57:39,770 --> 00:57:33,170

now here i came across perception cisco

1233

00:57:42,710 --> 00:57:39,780

if i had passed this purpose fasho her

1234

00:57:45,890 --> 00:57:42,720

memory does a street web stream of the

1235

00:57:48,050 --> 00:57:45,900

next time for dinner the test of the

1236

00:57:51,050 --> 00:57:48,060

next test can be essentially the same

1237

00:57:52,790 --> 00:57:51,060

but perhaps with somewhat different

1238

00:57:55,940 --> 00:57:52,800

security depending on how the

1239

00:57:58,460 --> 00:57:55,950

performance when the first time I same

1240

00:58:00,440 --> 00:57:58,470

protocol or it could be that we change

1241

00:58:03,560 --> 00:58:00,450

big we've ever had to deal with that

1242

00:58:05,930 --> 00:58:03,570

property so but would have to design a

1243

00:58:07,880 --> 00:58:05,940

peasant as it comes along I think I

1244

00:58:09,860 --> 00:58:07,890

think what we do is tickle of the test

1245

00:58:11,480 --> 00:58:09,870

analyzes see the waiting weakness is

1246

00:58:13,250 --> 00:58:11,490

there this week I should strengthen it

1247

00:58:15,920 --> 00:58:13,260

and make a little bit more security if

1248

00:58:24,730 --> 00:58:15,930

I'm a tu casa and should hear from both

1249

00:58:31,040 --> 00:58:28,310

are you glad the receptacle community is

1250

00:58:32,900 --> 00:58:31,050

offering thank Christ is there any

1251
00:58:35,210 --> 00:58:32,910
recommendation how you did you could be

1252
00:58:39,500 --> 00:58:35,220
better because if there are any sparks

1253
00:58:42,170 --> 00:58:39,510
you need to know well I think and

1254
00:58:46,670 --> 00:58:42,180
reading and cheaply we're wet all the

1255
00:58:51,770 --> 00:58:46,680
time and I think it's easy it's easy if

1256
00:58:55,280 --> 00:58:51,780
you if you agree the protocol well its

1257
00:58:57,890 --> 00:58:55,290
second someone but it's okay and I don't

1258
00:59:02,200 --> 00:58:57,900
have some comments about that because I

1259
00:59:05,720 --> 00:59:02,210
think it's fair and easy to compare yeah

1260
00:59:08,500 --> 00:59:05,730
yeah Connie army what your friend he

1261
00:59:11,359 --> 00:59:08,510
just said was that you are allowed to

1262
00:59:13,640 --> 00:59:11,369
suggest an initial protocol and then it

1263
00:59:15,980 --> 00:59:13,650

was modified how close to your initial

1264

00:59:19,990 --> 00:59:15,990

suggestion of a protocol was the actual

1265

00:59:23,830 --> 00:59:21,850

the original actually in her application

1266

00:59:26,260 --> 00:59:23,840

which you guys can see in your packets

1267

00:59:27,089 --> 00:59:26,270

the statement of McLain said that she

1268

00:59:30,120 --> 00:59:27,099

was able to

1269

00:59:31,979 --> 00:59:30,130

five layers Rick come tiles we had a

1270

00:59:37,440 --> 00:59:31,989

cardboard turned upside down on a table

1271

00:59:39,269 --> 00:59:37,450

so this was very close I'd take it from

1272

00:59:45,259 --> 00:59:39,279

Sydney Australia pushed into the derrick

1273

00:59:48,600 --> 00:59:45,269

people why do you say that he might

1274

00:59:52,280 --> 00:59:48,610

might be some

1275

00:59:56,549 --> 00:59:53,670

there's a minimum

1276
00:59:58,890 --> 00:59:56,559
there's actually for me personally there

1277
01:00:01,319 --> 00:59:58,900
was no fear that exactly protocol is so

1278
01:00:03,780 --> 01:00:01,329
secure that the tester can't actually

1279
01:00:05,849 --> 01:00:03,790
give alter what happens he was never

1280
01:00:10,760 --> 01:00:05,859
given the level of access that would

1281
01:00:13,230 --> 01:00:10,770
have been needed perception perception I

1282
01:00:16,200 --> 01:00:13,240
think that we've I response to any way

1283
01:00:17,579 --> 01:00:16,210
that you never had the option I think

1284
01:00:19,829 --> 01:00:17,589
you have that perception on both sides

1285
01:00:23,250 --> 01:00:19,839
and going away in one you say well maybe

1286
01:00:25,319 --> 01:00:23,260
you can do something to help I'm but

1287
01:00:27,270 --> 01:00:25,329
then there is my background we may look

1288
01:00:28,920 --> 01:00:27,280

and say well if something was going on

1289

01:00:30,540 --> 01:00:28,930

fanatec might be wondering what I should

1290

01:00:31,650 --> 01:00:30,550

be able to see if you see right up there

1291

01:00:33,809 --> 01:00:31,660

because this is what I do for a living

1292

01:00:36,480 --> 01:00:33,819

every day so that is such a thing go

1293

01:00:38,640 --> 01:00:36,490

both ways the bottom line there's only

1294

01:00:40,470 --> 01:00:38,650

involves online so I think if you're

1295

01:00:41,910 --> 01:00:40,480

going to look at their go which way I'm

1296

01:00:43,500 --> 01:00:41,920

going to go you'd rather have somebody

1297

01:00:45,720 --> 01:00:43,510

up there that you know could detect the

1298

01:00:47,609 --> 01:00:45,730

trigger a grab and then Maurice little

1299

01:00:49,230 --> 01:00:47,619

deception or somebody's saying hey he

1300

01:00:51,270 --> 01:00:49,240

can be helping to be cheap the other

1301
01:00:52,770 --> 01:00:51,280
thing is it works both ways I woke up to

1302
01:00:54,720 --> 01:00:52,780
ranting the very beginning and I said

1303
01:00:56,220 --> 01:00:54,730
Randy I said you know I just want to

1304
01:00:58,319 --> 01:00:56,230
make sure that any question I had to ask

1305
01:01:01,049 --> 01:00:58,329
because I work with a scientists they

1306
01:01:02,970 --> 01:01:01,059
never did ask we magicians I said Randy

1307
01:01:04,980 --> 01:01:02,980
this isn't this isn't my god above the

1308
01:01:06,010 --> 01:01:04,990
city's thought I just I don't believe it

1309
01:01:07,480 --> 01:01:06,020
it is but ash

1310
01:01:09,880 --> 01:01:07,490
question it's not to get to that first

1311
01:01:12,160 --> 01:01:09,890
station and he said pelamela stuff and I

1312
01:01:14,020 --> 01:01:12,170
took it was worth it is a question I had

1313
01:01:16,350 --> 01:01:14,030

to put it out there I had to put it out

1314

01:01:21,130 --> 01:01:16,360

that I wasn't eating my granny pompous I

1315

01:01:22,870 --> 01:01:21,140

mean I was outside I had no clue and the

1316

01:01:25,540 --> 01:01:22,880

other thing it was looking scary for me

1317

01:01:27,010 --> 01:01:25,550

because Frank I can think of multiple

1318

01:01:30,280 --> 01:01:27,020

ways that some of you if they want to

1319

01:01:31,810 --> 01:01:30,290

achieve could cheat and so as a result I

1320

01:01:33,670 --> 01:01:31,820

was not allowed to examine the cards I

1321

01:01:35,500 --> 01:01:33,680

was on that look at those and that was

1322

01:01:37,240 --> 01:01:35,510

something I worry about I mean you know

1323

01:01:39,880 --> 01:01:37,250

the very back of my mind of course is a

1324

01:01:42,310 --> 01:01:39,890

frustrated with my life but you just

1325

01:01:44,860 --> 01:01:42,320

never know you know you never really

1326

01:01:46,660 --> 01:01:44,870

know and so it work both ways for me as

1327

01:01:48,640 --> 01:01:46,670

a result they had their their double

1328

01:01:50,200 --> 01:01:48,650

line to you know set and that bothered

1329

01:01:52,450 --> 01:01:50,210

me but I knew that I had to be put in

1330

01:01:54,580 --> 01:01:52,460

that position a lot of it goes to always

1331

01:01:56,200 --> 01:01:54,590

at the back of my head where one of

1332

01:01:59,230 --> 01:01:56,210

these days in Thunder taking place I

1333

01:02:01,420 --> 01:01:59,240

think of all the possibilities if there

1334

01:02:04,600 --> 01:02:01,430

are so many not supported we magicians

1335

01:02:08,380 --> 01:02:04,610

know what the possibilities are and we

1336

01:02:11,350 --> 01:02:08,390

did that and trouble just we did I

1337

01:02:14,320 --> 01:02:11,360

wonder if we've got a rare jumping in

1338

01:02:18,610 --> 01:02:14,330

here was actually a cousin of so many

1339

01:02:21,070 --> 01:02:18,620

whatever who has done nothing I could

1340

01:02:22,440 --> 01:02:21,080

have very well we both would I didn't

1341

01:02:25,980 --> 01:02:22,450

know I already had

1342

01:02:28,650 --> 01:02:25,990

ways getting my head the way Freddy

1343

01:02:30,780 --> 01:02:28,660

wanted you also details Allison was

1344

01:02:33,390 --> 01:02:30,790

Allison you know you know you just never

1345

01:02:35,160 --> 01:02:33,400

know you know no offense out but you

1346

01:02:37,020 --> 01:02:35,170

never know how you think in both ways

1347

01:02:38,490 --> 01:02:37,030

that they could have accomplished they

1348

01:02:41,670 --> 01:02:38,500

were working with con so you think about

1349

01:02:44,099 --> 01:02:41,680

this so i would think that if it had

1350

01:02:46,260 --> 01:02:44,109

been a success will be going to the

1351
01:02:48,630 --> 01:02:46,270
official testing I probably would not be

1352
01:02:51,480 --> 01:02:48,640
the tester at that point that that that

1353
01:02:54,060 --> 01:02:51,490
equation will be taken out that very

1354
01:02:56,730 --> 01:02:54,070
fact is the reason for the two-part the

1355
01:02:59,490 --> 01:02:56,740
preliminary than the formal test because

1356
01:03:04,260 --> 01:02:59,500
as she mentioned very early on this

1357
01:03:07,170 --> 01:03:04,270
discussion the preliminary test the odds

1358
01:03:10,620 --> 01:03:07,180
are relatively easy to beat one one

1359
01:03:14,220 --> 01:03:10,630
thousand okay and we we take a great

1360
01:03:18,270 --> 01:03:14,230
deal of care but we recently tend to

1361
01:03:21,030 --> 01:03:18,280
assume that this is not a clever wizard

1362
01:03:23,040 --> 01:03:21,040
from across the ocean who is a trained

1363
01:03:24,990 --> 01:03:23,050

my mystical forces and whatnot

1364

01:03:27,780 --> 01:03:25,000

government agencies there you'll win

1365

01:03:29,940 --> 01:03:27,790

that buddy dollars we eat it to buy

1366

01:03:32,309 --> 01:03:29,950

something the bull's eye makeup with the

1367

01:03:34,380 --> 01:03:32,319

United States no we don't think that way

1368

01:03:35,900 --> 01:03:34,390

we ought to make it make the assumption

1369

01:03:38,630 --> 01:03:35,910

the basic

1370

01:03:41,089 --> 01:03:38,640

this is a modest person who believes

1371

01:03:42,799 --> 01:03:41,099

that he or she has the power and that's

1372

01:03:46,190 --> 01:03:42,809

a safe enough of sumption because it

1373

01:03:48,289 --> 01:03:46,200

very very very probably true but that

1374

01:03:52,160 --> 01:03:48,299

impression at the second stage and

1375

01:03:54,740 --> 01:03:52,170

that's our seeker manager this is little

1376

01:03:56,720 --> 01:03:54,750

strange but we actually have spare tests

1377

01:03:59,539 --> 01:03:56,730

and if you would like to actually go

1378

01:04:15,079 --> 01:03:59,549

through the tests in winneconne did your

1379

01:04:17,420 --> 01:04:15,089

wallet no you're the bottom line is I

1380

01:04:19,130 --> 01:04:17,430

wouldn't do it as much as I would love

1381

01:04:21,589 --> 01:04:19,140

to simply because i feel that would be

1382

01:04:23,630 --> 01:04:21,599

making them operating system and to be

1383

01:04:25,190 --> 01:04:23,640

quite honest with you it shouldn't be

1384

01:04:26,660 --> 01:04:25,200

made of concrete this is very seriously

1385

01:04:29,180 --> 01:04:26,670

and connie came here seems very serious

1386

01:04:30,710 --> 01:04:29,190

about it i think we need to do with the

1387

01:04:32,000 --> 01:04:30,720

same respect you just as serious and

1388

01:04:33,470 --> 01:04:32,010

hopefully that's exactly I with you

1389

01:04:36,289 --> 01:04:33,480

across in what we did is that was my

1390

01:04:38,599 --> 01:04:36,299

intent time so you know we joke about

1391

01:04:40,910 --> 01:04:38,609

maybe going after that prize money it

1392

01:04:43,039 --> 01:04:40,920

would be fun just as a fun thing to try

1393

01:04:45,319 --> 01:04:43,049

to do it but I think it would make it

1394

01:04:46,579 --> 01:04:45,329

more great i can come up to bat attack

1395

01:04:50,830 --> 01:04:46,589

again and say you know you really should

1396

01:04:50,840 --> 01:04:57,050

yes

1397

01:05:03,780 --> 01:05:00,420

as was noted before you seem very

1398

01:05:08,670 --> 01:05:03,790

certain you have the right car but did

1399

01:05:10,860 --> 01:05:08,680

you feel very certain until they're

1400

01:05:13,410 --> 01:05:10,870

solid to you or whether those are some

1401

01:05:22,490 --> 01:05:13,420

moments doubt within your own mind at

1402

01:05:27,360 --> 01:05:24,510

just don't want a we're going to have

1403

01:05:30,930 --> 01:05:27,370

about ten more pens here so let's go

1404

01:05:33,330 --> 01:05:30,940

ahead and get everybody okay I'm Brian

1405

01:05:35,670 --> 01:05:33,340

Johnson Santa Maria did I understand you

1406

01:05:37,350 --> 01:05:35,680

correctly instigating interviews where

1407

01:05:39,390 --> 01:05:37,360

you suggested that just prior to

1408

01:05:41,340 --> 01:05:39,400

arriving at the test site of you said

1409

01:05:44,910 --> 01:05:41,350

you had a feeling that it was not going

1410

01:05:48,660 --> 01:05:44,920

to work the end don't know and just boy

1411

01:05:50,910 --> 01:05:48,670

yes ma'am but once you arrived on the

1412

01:05:53,580 --> 01:05:50,920

test site you also say that you felt

1413

01:05:57,030 --> 01:05:53,590

sure when you select the cards that goes

1414

01:06:02,520 --> 01:05:57,040

yeah me by huh yeah right I don't

1415

01:06:10,210 --> 01:06:07,390

an animal from Australia mentioned the

1416

01:06:13,840 --> 01:06:10,220

source of your insights you refer to

1417

01:06:15,550 --> 01:06:13,850

them and he also referred or mentioned

1418

01:06:18,190 --> 01:06:15,560

that you feel that you are not permitted

1419

01:06:20,350 --> 01:06:18,200

to succeed today was it then who were

1420

01:06:22,780 --> 01:06:20,360

preventing you for exceeding and

1421

01:06:27,359 --> 01:06:22,790

secondly if I may do you know who they

1422

01:06:37,470 --> 01:06:27,369

are yes I can you elaborate plan today

1423

01:06:40,060 --> 01:06:37,480

oh I can say more than you're crazy so

1424

01:06:45,370 --> 01:06:40,070

today you have been here playing with

1425

01:06:46,780 --> 01:06:45,380

carts and with us enjoy but you know

1426

01:06:49,600 --> 01:06:46,790

that in the case of Maddie you are

1427

01:06:53,260 --> 01:06:49,610

playing with the feelings family of

1428

01:06:57,430 --> 01:06:53,270

course yeah you realize this I'm not

1429

01:07:01,600 --> 01:06:57,440

here for just one minute I'm here for

1430

01:07:03,820 --> 01:07:01,610

plain okay it's just that it's a way yes

1431

01:07:06,840 --> 01:07:03,830

there is no other way you know in Europe

1432

01:07:10,390 --> 01:07:06,850

how many children disappear every year I

1433

01:07:12,820 --> 01:07:10,400

you guys in a whiteout got 250 you're

1434

01:07:15,940 --> 01:07:12,830

here about many all the time and all the

1435

01:07:19,420 --> 01:07:15,950

other kids why did you choose the the

1436

01:07:22,990 --> 01:07:19,430

only one who was in the media

1437

01:07:26,650 --> 01:07:23,000

why not another one why not because they

1438

01:07:34,569 --> 01:07:26,660

don't you yes because it's because they

1439

01:07:37,240 --> 01:07:34,579

told you because I right because it does

1440

01:07:40,359 --> 01:07:37,250

this is wrong the same lines there today

1441

01:07:42,670 --> 01:07:40,369

you failed the test today at the time

1442

01:07:44,079 --> 01:07:42,680

felt they were telling you what the

1443

01:07:45,880 --> 01:07:44,089

cards were you thought you were right

1444

01:07:48,490 --> 01:07:45,890

and I just have to ask you one more time

1445

01:07:51,190 --> 01:07:48,500

because it is an important question that

1446

01:07:52,930 --> 01:07:51,200

you're asking that I think how do you

1447

01:07:54,970 --> 01:07:52,940

know that they are not telling you wrong

1448

01:07:56,620 --> 01:07:54,980

about Matty as much as we convinced i'm

1449

01:07:59,049 --> 01:07:56,630

going to say that you won't have sit

1450

01:08:01,329 --> 01:07:59,059

right back the cards how can you know

1451

01:08:04,120 --> 01:08:01,339

not know have some doubt there at all

1452

01:08:07,089 --> 01:08:04,130

because i have evidences as interview

1453

01:08:15,340 --> 01:08:07,099

our farmer that twice a headache

1454

01:08:26,650 --> 01:08:24,620

yeah that makes more sense yes okay one

1455

01:08:29,780 --> 01:08:26,660

more and then we're gonna close that I

1456

01:08:32,200 --> 01:08:29,790

don't want something David Richards

1457

01:08:37,120 --> 01:08:32,210

again I just wondered if anyone has ever

1458

01:08:46,550 --> 01:08:37,130

referred you to the ideomotor productur

1459

01:08:56,809 --> 01:08:46,560

see the definition okay really probably

1460

01:09:00,920 --> 01:08:56,819

i suggested certain and that it all very

1461

01:09:04,400 --> 01:09:00,930

strong psychological effect which most

1462

01:09:06,829 --> 01:09:04,410

people are quite unconscious unlike you

1463

01:09:15,230 --> 01:09:06,839

maybe have something to ponder about

1464

01:09:17,510 --> 01:09:15,240

just a suggestion there is something in

1465

01:09:21,039 --> 01:09:17,520

psychology for me if your motion

1466

01:09:23,570 --> 01:09:21,049

artifact and it's a very very strong

1467

01:09:26,450 --> 01:09:23,580

impulsive most people are doing unaware

1468

01:09:31,420 --> 01:09:26,460

of and I've seen many many instances of

1469

01:09:34,880 --> 01:09:31,430

it and most of the way of the the obese

1470

01:09:38,180 --> 01:09:34,890

doctors have in their success is due to

1471

01:09:42,840 --> 01:09:38,190

the ideomotor effect but it is not a

1472

01:09:50,140 --> 01:09:46,240

perception is purely a psychological

1473

01:09:53,250 --> 01:09:50,150

self deception I suggest you can find

1474

01:09:57,310 --> 01:09:53,260

that our sales by effect if ego motor

1475

01:10:00,400 --> 01:09:57,320

ieo hello to you are no longer effect

1476

01:10:03,250 --> 01:10:00,410

it's very strong and not very well known

1477

01:10:07,960 --> 01:10:03,260

author is not very large it's not the

1478

01:10:10,120 --> 01:10:07,970

truth it'll toughen so i think what

1479

01:10:13,140 --> 01:10:10,130

kanye say she pleased she has evidence

1480

01:10:18,810 --> 01:10:13,150

physical evidence already this that

1481

01:10:31,050 --> 01:10:22,030

so okay I think we're going to close out

1482

01:10:36,730 --> 01:10:33,730

one more thing before we go home I

1483

01:10:39,550 --> 01:10:36,740

sincerely want to thank there's nothing

1484

01:10:41,530 --> 01:10:39,560

coming all this distance she had the

1485

01:10:43,840 --> 01:10:41,540

confession the strength of her

1486

01:10:47,140 --> 01:10:43,850

convictions and we are honored to have

1487

01:10:50,680 --> 01:10:47,150

her here on certainly HD when it was a

1488

01:11:13,330 --> 01:10:50,690

wonderful chest and we hope we are out

1489

01:11:18,950 --> 01:11:16,700

so according to Connie at the time of

1490

01:11:22,190 --> 01:11:18,960

the press conference she thought the

1491

01:11:26,630 --> 01:11:22,200

test was fair and had no problems at all

1492

01:11:29,210 --> 01:11:26,640

with Banacek being involved sadly it

1493

01:11:32,660 --> 01:11:29,220

wasn't long after the test that she

1494

01:11:36,580 --> 01:11:32,670

switched her blame from them whoever

1495

01:11:38,840 --> 01:11:36,590

they are to blaming Banacek himself and

1496

01:11:41,390 --> 01:11:38,850

accusing him of cheating by using

1497

01:11:43,640 --> 01:11:41,400

sleight of hand she made these

1498

01:11:46,850 --> 01:11:43,650

allegations on the James Randi forum

1499

01:11:49,280 --> 01:11:46,860

boards from what I saw at the test and

1500

01:11:51,500 --> 01:11:49,290

in the press conference Connie was

1501

01:11:54,980 --> 01:11:51,510

treated with respect politeness and

1502

01:11:57,140 --> 01:11:54,990

gratitude throughout her adventure that

1503

01:11:59,600 --> 01:11:57,150

she would find something or someone to

1504

01:12:01,970 --> 01:11:59,610

blame for her failure was simply no

1505

01:12:05,060 --> 01:12:01,980

surprise at all this is par for the

1506

01:12:08,180 --> 01:12:05,070

course Banacek is an honorable and

1507

01:12:10,730 --> 01:12:08,190

honest man but as anyone can see from

1508

01:12:14,600 --> 01:12:10,740

watching the test it was Connie who

1509

01:12:17,320 --> 01:12:14,610

failed all by herself she at the time of

1510

01:12:29,560 --> 01:12:17,330

testing simply did not display any

1511

01:12:35,450 --> 01:12:32,360
