15

00:01:00,500 --> 00:00:57,060

we're arts in the zone it's been a great

16

00:01:03,590 --> 00:01:00,510

time in the zone the time zone one

18

00:01:10,160 --> 00:01:08,430

19

00:01:11,300 --> 00:01:10,170

the congratulations Richard on on

20

00:01:13,400 --> 00:01:11,310

everything that you've done I mean I've

21

00:01:15,139 --> 00:01:13,410

just take it a little role he just

22

00:01:16,670 --> 00:01:15,149

padding out the show every now and then

23

00:01:19,460 --> 00:01:16,680

but you don't some interviews you've got

24

00:01:21,139 --> 00:01:19,470

to mention I didn't yeah that was pretty

25

00:01:22,940 --> 00:01:21,149

good and you do some funny bits know

26  
00:01:24,380 --> 00:01:22,950  
every now and then yeah yeah went it Tim

27  
00:01:26,660 --> 00:01:24,390  
I actually skipping quite a few hits on

28  
00:01:28,460 --> 00:01:26,670  
YouTube too so that's not too bad that

29  
00:01:29,930 --> 00:01:28,470  
was pretty good yes happy and when I was

30  
00:01:33,710 --> 00:01:29,940  
a dragon Kong people saying in this

31  
00:01:35,060 --> 00:01:33,720

34  
00:01:40,490 --> 00:01:38,610  
everything has been happening in the in

35  
00:01:42,320 --> 00:01:40,500  
the zone and what are we going to do for

36  
00:01:44,630 --> 00:01:42,330  
this surface person shot one year

37  
00:01:46,490 --> 00:01:44,640  
anniversary we're going to revisit where

38  
00:01:49,130 --> 00:01:46,500

we are where we started which was Dragon

39

00:01:51,080 --> 00:01:49,140

Con ball and last year for the first

40

00:01:52,700 --> 00:01:51,090

show was a live recording from dragon

41

00:01:55,280 --> 00:01:52,710

console for the birthday anniversary

42

00:01:57,620 --> 00:01:55,290

edition we go back to dragoncon and do

43

00:02:00,679 --> 00:01:57,630

it again do it again so coming up is our

44

00:02:02,570 --> 00:02:00,689

live show from dragoncon made this year

45

00:02:06,410 --> 00:02:02,580

with our special guest Daniel Loxton

46

00:02:08,630 --> 00:02:06,420

from junior skeptic oh and one of our

47

00:02:10,819 --> 00:02:08,640

great friends George rub the singer Gio

48

00:02:14,270 --> 00:02:10,829

he's a bit of a legend yes I think

49

00:02:16,310 --> 00:02:14,280

Richard we should just hold a suspense

50

00:02:37,420 --> 00:02:16,320

and just go straight into it let's do it

51

00:02:37,430 --> 00:03:02,590

that'll stay with you

52

00:03:02,600 --> 00:03:18,400

hitman

53

00:03:31,070 --> 00:03:28,910

hello and welcome to the skin tone it

54

00:03:33,020 --> 00:03:31,080

service to be back here at dragon on in

55

00:03:35,570 --> 00:03:33,030

fact ladies on the state of the world

56

00:03:37,640 --> 00:03:35,580

just a moment it was this very room last

57

00:03:44,420 --> 00:03:37,650

year this time we launched the show so

58

00:03:46,250 --> 00:03:44,430

happy birthday let's get example joining

59

00:03:47,960 --> 00:03:46,260

me on the stage is our good friend and

60

00:03:54,380 --> 00:03:47,970

reporter from all the way from Perth in

61

00:03:56,420 --> 00:03:54,390

Western Australia collie Sturgis and of

62

00:04:03,910 --> 00:03:56,430

course you know her from her great dr.

63

00:04:06,170 --> 00:04:03,920

Reggie reports its dr. arranged a lot it

64

00:04:08,150 --> 00:04:06,180

really is remembers to be back here

65

00:04:09,680 --> 00:04:08,160

dragoncon although i think we've decided

66

00:04:11,390 --> 00:04:09,690

next year when we come we're going to

67

00:04:14,330 --> 00:04:11,400

come to like a week early just together

68

00:04:17,540 --> 00:04:14,340

try to adjust these rich of time zones

69

00:04:19,490 --> 00:04:17,550

and anything it's a killer yeah but you

70

00:04:21,440 --> 00:04:19,500

stopped on the way to do I stopped off

71

00:04:22,940 --> 00:04:21,450

in orland and I shall be returning to

72

00:04:24,800 --> 00:04:22,950

Auckland straight after these for the

73

00:04:26,870 --> 00:04:24,810

inaugural skeptics in the pub Auckland

74

00:04:29,510 --> 00:04:26,880

so we've inspired something in that

75

00:04:31,640 --> 00:04:29,520

regard fantastic we dr. H and I had a

76

00:04:33,230 --> 00:04:31,650

wonderful trip to visit Kylie and Perth

77

00:04:35,930 --> 00:04:33,240

on the outside of Australia a few weeks

78

00:04:37,640 --> 00:04:35,940

ago well we did some talks and just by

79

00:04:41,150 --> 00:04:37,650

accident more or less we found it perth

80

00:04:43,100 --> 00:04:41,160

skeptics in the park yes and that has

81

00:04:45,350 --> 00:04:43,110

argue that's had its second run and

82

00:04:47,450 --> 00:04:45,360

we're planning on meeting every last

83

00:04:49,160 --> 00:04:47,460

sunday of the month and reborn he

84

00:04:50,930 --> 00:04:49,170

started having of you on guest speakers

85

00:04:52,790 --> 00:04:50,940

lined up so it looks like it's good i

86

00:04:54,890 --> 00:04:52,800

really love skeptics in the pub I am I

87

00:04:56,990 --> 00:04:54,900

keep going off in Sydney about five or

88

00:04:59,150 --> 00:04:57,000

six years ago and it was sort of doing

89

00:05:00,950 --> 00:04:59,160

okay but in the last year year and a

90

00:05:02,600 --> 00:05:00,960

half it's exploded it's just gone

91

00:05:05,210 --> 00:05:02,610

bananas and I think that's likely due to

92

00:05:07,610 --> 00:05:05,220

I tell you who it's likely to be

93

00:05:10,010 --> 00:05:07,620

slightly due to SGU so many people come

94

00:05:11,300 --> 00:05:10,020

to our skeleton above and say hello

95

00:05:20,510 --> 00:05:11,310

about you on the skeptics guide to the

96

00:05:21,770 --> 00:05:20,520

universe great Thank You HD you that's

97

00:05:23,960 --> 00:05:21,780

tremendous that's tremendous and I

98

00:05:26,540 --> 00:05:23,970

really enjoy skeptics in the puppets so

99

00:05:28,040 --> 00:05:26,550

informal it's fantastic come along you

100

00:05:31,159 --> 00:05:28,050

don't even have to listen to the talk so

101  
00:05:32,659 --> 00:05:31,169  
you can just have a dream Chapman well

102  
00:05:34,999 --> 00:05:32,669  
you know Richard the podcast is a year

103  
00:05:36,980 --> 00:05:35,009  
old now and but I wasn't here last year

104  
00:05:40,129 --> 00:05:36,990  
and so I wasn't here to see the launch

105  
00:05:43,129 --> 00:05:40,139  
and what it used to be the tank vodcast

106  
00:05:45,980 --> 00:05:43,139  
mmm and was a video format and then it

107  
00:05:47,809 --> 00:05:45,990  
went back to audio and now we've gone

108  
00:05:49,640 --> 00:05:47,819  
back you've got my two audio again yeah

109  
00:05:51,499 --> 00:05:49,650  
and we've been it's been an amazing year

110  
00:05:53,059 --> 00:05:51,509  
hasn't it for design it's been very very

111  
00:05:55,790 --> 00:05:53,069  
successful we've gone from strength to

112  
00:05:57,140 --> 00:05:55,800  
strength Emily it's really been nice to

113  
00:05:59,600 --> 00:05:57,150

look at the graphs of the statistics

114

00:06:00,740 --> 00:05:59,610

week after week and we first launched

115

00:06:03,320 --> 00:06:00,750

the show of course it was just flipping

116

00:06:05,570 --> 00:06:03,330

along and then suddenly you up at

117

00:06:07,040 --> 00:06:05,580

Wendell it's a it's really gratifying

118

00:06:09,050 --> 00:06:07,050

it's really great and it's really so

119

00:06:10,550 --> 00:06:09,060

nice for people to come up and shake us

120

00:06:13,309 --> 00:06:10,560

by the hand or kick ass on the teeth and

121

00:06:16,969 --> 00:06:13,319

say take us in the tape have you haven't

122

00:06:19,850 --> 00:06:16,979

had that yet really no maybe it's just

123

00:06:22,580 --> 00:06:19,860

one handle no it was can you all see the

124

00:06:24,439 --> 00:06:22,590

slide up there okay what you can see

125

00:06:26,570 --> 00:06:24,449

there are some of things that we do

126  
00:06:28,360 --> 00:06:26,580  
we've already briefly touched upon some

127  
00:06:33,110 --> 00:06:28,370  
of the travels yeah Richard Saunders

128  
00:06:34,820 --> 00:06:33,120  
last time you have done tam six he did

129  
00:06:38,180 --> 00:06:34,830  
that by yourself a lead and then you did

130  
00:06:40,820 --> 00:06:38,190  
ten seven members weird iran singer and

131  
00:06:42,649 --> 00:06:40,830  
the rose that's right over there as well

132  
00:06:44,480 --> 00:06:42,659  
yeah we had a great time at ten times

133  
00:06:47,600 --> 00:06:44,490  
always a good fun and it was so nice to

134  
00:06:50,959 --> 00:06:47,610  
see james randi at tam of course and we

135  
00:06:52,909 --> 00:06:50,969  
wish him we wish him well here it's so

136  
00:06:55,879 --> 00:06:52,919  
verifying I was just sitting home the

137  
00:06:58,189 --> 00:06:55,889  
other day not pop a chat and was James

138  
00:06:59,990 --> 00:06:58,199

Randi just and he was telling me how

139

00:07:01,159 --> 00:07:00,000

much he appreciated my messages of

140

00:07:02,510 --> 00:07:01,169

support to him right but that's

141

00:07:03,740 --> 00:07:02,520

wonderful you know there he is going

142

00:07:05,719 --> 00:07:03,750

through all this stuff but he's taking

143

00:07:07,899 --> 00:07:05,729

time out to let people know that he's

144

00:07:12,990 --> 00:07:07,909

appreciating so Randy if you're watching

145

00:07:14,790 --> 00:07:13,000

thanks we are we also have networking

146

00:07:16,830 --> 00:07:14,800

with other skeptics in other states

147

00:07:17,880 --> 00:07:16,840

these are the capital cities of some of

148

00:07:20,490 --> 00:07:17,890

the other states that we visited the

149

00:07:23,130 --> 00:07:20,500

young Australian skeptics they hometown

150

00:07:25,620 --> 00:07:23,140

as Melbourne and we did the skeptic

151  
00:07:27,560 --> 00:07:25,630  
sidewalks to Melbourne at the University

152  
00:07:30,450 --> 00:07:27,570  
of Melbourne thanks to the skeptic

153  
00:07:32,760 --> 00:07:30,460  
podcast over there yes so a big shout

154  
00:07:35,250 --> 00:07:32,770  
out to them and escort we've done a

155  
00:07:37,860 --> 00:07:35,260  
delight which was the last Australian

156  
00:07:40,620 --> 00:07:37,870  
skeptics conference last year yes

157  
00:07:43,740 --> 00:07:40,630  
featuring camels and our schools that's

158  
00:07:46,409 --> 00:07:43,750  
right are we don't do dogs and a box of

159  
00:07:48,930 --> 00:07:46,419  
dollars which makes it extra money perth

160  
00:07:51,510 --> 00:07:48,940  
and it's in Oakland and open to be done

161  
00:07:52,530 --> 00:07:51,520  
one interviews we've done only half the

162  
00:07:54,810 --> 00:07:52,540  
people in this room have been

163  
00:08:00,480 --> 00:07:54,820

interviewed by anyone not being very

164

00:08:01,680 --> 00:08:00,490

pleased i know and many of those

165

00:08:04,950 --> 00:08:01,690

interviews and having turned into

166

00:08:07,710 --> 00:08:04,960

transcripts and they were bringing out a

167

00:08:09,270 --> 00:08:07,720

book of the best interviews of all

168

00:08:11,040 --> 00:08:09,280

interviews or many interviews anyway

169

00:08:13,710 --> 00:08:11,050

regrettably the best interviews local

170

00:08:17,880 --> 00:08:13,720

skeptics and regrettably the rest of the

171

00:08:21,300 --> 00:08:17,890

skeptics of George Zimmerman I'm coming

172

00:08:23,430 --> 00:08:21,310

00:08:28,469 --> 00:08:26,380

of September in New York with Steve

175

00:08:30,480 --> 00:08:28,479

novella news that the back then who else

176

00:08:34,589 --> 00:08:30,490

is here from he's going to be at Nexus

177

00:08:39,959 --> 00:08:34,599

I'll Rebecca and Jay and is Shane here

178

00:08:44,610 --> 00:08:39,969

Bob and Jane and Oh Geo lovely grm who

179

00:08:47,130 --> 00:08:44,620

is wearing pants lessness wondering he

180

00:08:48,410 --> 00:08:47,140

says it's early yeah I'm really looking

181

00:08:50,430 --> 00:08:48,420

forward to that it's going to be great

182

00:08:53,579 --> 00:08:50,440

we have the Australian skip these

183

00:08:55,530 --> 00:08:53,589

companies in Brisbane november this year

184

00:08:56,970 --> 00:08:55,540

that big asteroid skeptics conference in

185

00:08:57,420 --> 00:08:56,980

Brisbane looking forward to that will be

186

00:09:01,019 --> 00:08:57,430

up there

187

00:09:02,910 --> 00:09:01,029

yo show and we have this isn't really

188

00:09:04,440 --> 00:09:02,920

upcoming in terms of an event that as a

189

00:09:06,030 --> 00:09:04,450

project we're involved if it's the blog

190

00:09:07,680 --> 00:09:06,040

anthology with the young Australian

191

00:09:10,250 --> 00:09:07,690

skeptics and critical teaching education

192

00:09:12,840 --> 00:09:10,260

group and that's something that we've

193

00:09:15,180 --> 00:09:12,850

known about and supported and we'll be

194

00:09:16,500 --> 00:09:15,190

working on that with this theme so it's

195

00:09:18,870 --> 00:09:16,510

bitter actual in da bak cast

196

00:09:20,880 --> 00:09:18,880

particularly in Australia we've got

197

00:09:23,400 --> 00:09:20,890

quite a high profile I must have been

198

00:09:25,860 --> 00:09:23,410

amongst the Australian podcast and yet

199

00:09:27,930 --> 00:09:25,870

we like to interact in support be

200

00:09:29,370 --> 00:09:27,940

understood it's surprising to when we

201  
00:09:31,920 --> 00:09:29,380  
launched the show last year back home

202  
00:09:34,320 --> 00:09:31,930  
though I don't know if I can recall on

203  
00:09:36,090 --> 00:09:34,330  
maybe one other skeptical podcast in the

204  
00:09:38,190 --> 00:09:36,100  
country or I'm not even sure about that

205  
00:09:40,800 --> 00:09:38,200  
but in the last year there's five six

206  
00:09:42,329 --> 00:09:40,810  
seven have just sprung up in Melbourne

207  
00:09:44,850 --> 00:09:42,339  
and Sydney everybody's getting into the

208  
00:09:46,710 --> 00:09:44,860  
game and many of them are pictured on

209  
00:09:49,470 --> 00:09:46,720  
the Australian skeptics Wilson yeah

210  
00:09:52,530 --> 00:09:49,480  
skeptics Comte you there's a link there

211  
00:09:54,510 --> 00:09:52,540  
you can see probably not all the science

212  
00:09:57,590 --> 00:09:54,520  
and skeptical podcasts coming out of

213  
00:10:01,139 --> 00:09:57,600

Australia but most of them okay and

214

00:10:05,070 --> 00:10:01,149

anything else that we haven't done soon

215

00:10:09,480 --> 00:10:05,080

I haven't been to town yet Oh next year

216

00:10:11,430 --> 00:10:09,490

next year yeah absolutely yeah and let

217

00:10:14,460 --> 00:10:11,440

me see as individuals we've done a

218

00:10:16,050 --> 00:10:14,470

variety of projects as well both of you

219

00:10:19,410 --> 00:10:16,060

are members of the Australian skeptics

220

00:10:21,060 --> 00:10:19,420

turbo vice presidents yes and I those of

221

00:10:26,340 --> 00:10:21,070

you listen to the show certainly aware

222

00:10:28,560 --> 00:10:26,350

about continuing campaign promoting more

223

00:10:30,030 --> 00:10:28,570

or less good health by supporting

224

00:10:32,310 --> 00:10:30,040

vaccinations I'm sure you're all aware

225

00:10:34,769 --> 00:10:32,320

of this issue dr. ranky would you like

226

00:10:36,019 --> 00:10:34,779

to give our audience a low the view of

227

00:10:38,100 --> 00:10:36,029

what's been happening

228

00:10:40,470 --> 00:10:38,110

especially with the adopter region of

229

00:10:42,660 --> 00:10:40,480

course well a lot of if you saw my talk

230

00:10:45,300 --> 00:10:42,670

which was yesterday you might be would

231

00:10:47,009 --> 00:10:45,310

have seen an overview but when I got

232

00:10:49,170 --> 00:10:47,019

back to my room in fact after I did that

233

00:10:51,180 --> 00:10:49,180

talk checked up to see what the

234

00:10:53,130 --> 00:10:51,190

anti-vaxxers were up to because they're

235

00:10:54,870 --> 00:10:53,140

getting a little bit rattled of late

236

00:10:56,519 --> 00:10:54,880

because we just keep pounding away at

237

00:10:58,889 --> 00:10:56,529

them and they just burst into life that

238

00:11:01,190 --> 00:10:58,899

much and a couple of weeks ago they sent

239

00:11:04,139 --> 00:11:01,200

out a few lenders are insolent of people

240

00:11:09,990 --> 00:11:04,149

what what google translate did I say

241

00:11:12,630 --> 00:11:10,000

something parochial you know we point

242

00:11:15,900 --> 00:11:12,640

certain things out to them when we do we

243

00:11:18,360 --> 00:11:15,910

do but a few weeks ago they sent out an

244

00:11:21,120 --> 00:11:18,370

email to their members are pleading for

245

00:11:24,389 --> 00:11:21,130

donations because in fact a lot of

246

00:11:26,280 --> 00:11:24,399

people don't know this but we put an ad

247

00:11:28,980 --> 00:11:26,290

in a national newspaper about two weeks

248

00:11:31,170 --> 00:11:28,990

ago alerting Australian parents to the

249

00:11:34,170 --> 00:11:31,180

anti-vaxxers and saying don't listen to

250

00:11:35,730 --> 00:11:34,180

them please seek advice from medical

251  
00:11:37,590 --> 00:11:35,740  
professionals and health professionals

252  
00:11:40,019 --> 00:11:37,600  
whatever you do don't take advice from

253  
00:11:42,660 --> 00:11:40,029  
these people now we manage to do that

254  
00:11:44,910 --> 00:11:42,670  
because we knew that they were planning

255  
00:11:47,310 --> 00:11:44,920  
to do a similar thing now you could a

256  
00:11:51,660 --> 00:11:47,320  
great word to these sort of people rage

257  
00:11:53,069 --> 00:11:51,670  
what begins with n oh I have several but

258  
00:11:56,069 --> 00:11:53,079  
I think the one you're talking about is

259  
00:11:58,170 --> 00:11:56,079  
naughty is it Richard nineties yeah yes

260  
00:12:02,819 --> 00:11:58,180  
and evil are real numpties you know I we

261  
00:12:05,250 --> 00:12:02,829  
must make a special point to thank once

262  
00:12:07,019 --> 00:12:05,260  
again a man by the name of Dick Smith I

263  
00:12:08,730 --> 00:12:07,029

think some of you probably would have

264

00:12:10,139 --> 00:12:08,740

heard of Dick Smith is a good friend of

265

00:12:12,210 --> 00:12:10,149

the strange skeptics in fact he was one

266

00:12:15,360 --> 00:12:12,220

of the founding of founders of the

267

00:12:17,310 --> 00:12:15,370

Australian skeptics he's a very good and

268

00:12:19,949 --> 00:12:17,320

dear friend of James Randi and it was in

269

00:12:21,120 --> 00:12:19,959

fact James Randi in 1980 you came out to

270

00:12:23,460 --> 00:12:21,130

Australia who sort of kicked off

271

00:12:25,889 --> 00:12:23,470

Australian skeptics but Dick Smith is a

272

00:12:27,930 --> 00:12:25,899

self-made millionaire who spent most of

273

00:12:31,079 --> 00:12:27,940

his life doing really good deeds with

274

00:12:32,579 --> 00:12:31,089

his money it's just fantastic and he

275

00:12:34,050 --> 00:12:32,589

came to our skeptics in the pub to give

276

00:12:35,639 --> 00:12:34,060

a talk and we were explaining the

277

00:12:38,220 --> 00:12:35,649

situation about the

278

00:12:40,410 --> 00:12:38,230

Andy backs lobby and he called us back a

279

00:12:42,389 --> 00:12:40,420

few days later and said I will pay for

280

00:12:45,689 --> 00:12:42,399

the be ad in the national newspaper

281

00:12:48,569 --> 00:12:45,699

which is not cheap not cheap at all but

282

00:12:50,549 --> 00:12:48,579

it's made a huge impact to our our fight

283

00:12:51,780 --> 00:12:50,559

so a big thank you to Dick Smith he's

284

00:12:53,730 --> 00:12:51,790

always been a strong supporter of

285

00:12:56,220 --> 00:12:53,740

science and just good common sense I

286

00:12:58,799 --> 00:12:56,230

think yeah and also a big thank you to

287

00:13:00,840 --> 00:12:58,809

you guys here because in the couple of

288

00:13:02,669 --> 00:13:00,850

days I've been here I've had so many

289

00:13:04,650 --> 00:13:02,679

people come up to me and say we heard

290

00:13:06,809 --> 00:13:04,660

about the anti-vaccine from you guys on

291

00:13:09,030 --> 00:13:06,819

the zone and because of your passion and

292

00:13:10,559 --> 00:13:09,040

dedication we've written about it we've

293

00:13:12,809 --> 00:13:10,569

blogged about it we've sent it around

294

00:13:14,999 --> 00:13:12,819

look at the world and I really

295

00:13:16,259 --> 00:13:15,009

appreciate that because in Australia a

296

00:13:19,169 --> 00:13:16,269

lot of people didn't know they were

297

00:13:20,910 --> 00:13:19,179

there and our aim was to expose them and

298

00:13:22,739 --> 00:13:20,920

then to expose their misinformation and

299

00:13:24,480 --> 00:13:22,749

their lives and we are doing that so

300

00:13:26,160 --> 00:13:24,490

well and we're so pleased about that so

301  
00:13:27,840 --> 00:13:26,170  
thank you to you guys too yeah I know

302  
00:13:30,139 --> 00:13:27,850  
and I don't think Phil's here Phil Plait

303  
00:13:32,429 --> 00:13:30,149  
but he's a real big supporter of us

304  
00:13:33,720 --> 00:13:32,439  
whenever we do something like this he'll

305  
00:13:35,850 --> 00:13:33,730  
blog it straight away and we get a

306  
00:13:37,530 --> 00:13:35,860  
massive amount of traffic coming back to

307  
00:13:40,559 --> 00:13:37,540  
and steve has as well sticking our

308  
00:13:42,480 --> 00:13:40,569  
thanks yeah thanks Steve but it's I mean

309  
00:13:44,100 --> 00:13:42,490  
a lot of us we do the skeptical stuff

310  
00:13:45,540 --> 00:13:44,110  
and sometimes we wind up to I we

311  
00:13:47,009 --> 00:13:45,550  
actually making a difference there we

312  
00:13:48,660 --> 00:13:47,019  
might enjoy it ourselves we might get

313  
00:13:50,639 --> 00:13:48,670

something out of it but just

314

00:13:52,530 --> 00:13:50,649

occasionally we can really see the

315

00:13:54,540 --> 00:13:52,540

difference in the benefit we're

316

00:13:56,130 --> 00:13:54,550

hopefully the benefit to our way I

317

00:13:59,100 --> 00:13:56,140

thinking that there were men here

318

00:14:00,720 --> 00:13:59,110

it's very gratifying indeed good after

319

00:14:02,480 --> 00:14:00,730

all great I would have to regret in fact

320

00:14:05,550 --> 00:14:02,490

I was just thinking to myself then I

321

00:14:06,870 --> 00:14:05,560

remember a few months back somebody sent

322

00:14:08,670 --> 00:14:06,880

around an email saying have you heard

323

00:14:11,220 --> 00:14:08,680

this podcast called the skeptic sign

324

00:14:14,030 --> 00:14:11,230

they're really biased and stuff and that

325

00:14:15,810 --> 00:14:14,040

was actually come on willing to do

326

00:14:17,850 --> 00:14:15,820

parapsychologists a funny thing about

327

00:14:20,190 --> 00:14:17,860

that was that that was the week we

328

00:14:21,960 --> 00:14:20,200

interviewed Stephen Fry and then put a

329

00:14:23,670 --> 00:14:21,970

link to our website and when you went to

330

00:14:25,380 --> 00:14:23,680

the link there was a you know the page

331

00:14:28,290 --> 00:14:25,390

of the Stephen Fry interview and I was

332

00:14:30,150 --> 00:14:28,300

thinking huh what's the buyers bit here

333

00:14:32,400 --> 00:14:30,160

you know since it to you with Stephen

334

00:14:34,050 --> 00:14:32,410

Fry but yeah well let's not make any

335

00:14:36,150 --> 00:14:34,060

mistake I mean we're dealing with people

336

00:14:38,610 --> 00:14:36,160

here well amongst their ranks they

337

00:14:41,250 --> 00:14:38,620

they're into just about every possible

338

00:14:42,840 --> 00:14:41,260

conspiracy theory going now the basic

339

00:14:46,290 --> 00:14:42,850

thing about the only vaccination people

340

00:14:48,450 --> 00:14:46,300

will open in back home and probably here

341

00:14:51,510 --> 00:14:48,460

too though I can't come in too much is

342

00:14:54,030 --> 00:14:51,520

they really sincerely do think there is

343

00:14:55,680 --> 00:14:54,040

an evil plot by the Illuminati or world

344

00:14:58,710 --> 00:14:55,690

governments or whatever the case may be

345

00:15:00,570 --> 00:14:58,720

to poisonous and hurt us especially by

346

00:15:02,520 --> 00:15:00,580

the large pharmaceutical companies why

347

00:15:04,760 --> 00:15:02,530

they produce pharmaceuticals is to keep

348

00:15:08,120 --> 00:15:04,770

us sick to sell us more pharmaceuticals

349

00:15:10,290 --> 00:15:08,130

vaccinees makes vaccinations are a plot

350

00:15:11,520 --> 00:15:10,300

straight out a plot by the government's

351

00:15:13,530 --> 00:15:11,530

Barack Obama's probably involved

352

00:15:15,000 --> 00:15:13,540

somewhere along the way we're on the

353

00:15:17,720 --> 00:15:15,010

payroll of large pharmaceutical

354

00:15:20,100 --> 00:15:17,730

companies would be told that the TV

355

00:15:22,500 --> 00:15:20,110

network in Australia channel seven that

356

00:15:24,360 --> 00:15:22,510

ran a pro vaccination story are in the

357

00:15:26,880 --> 00:15:24,370

pay of large pharmaceutical companies

358

00:15:28,590 --> 00:15:26,890

and they sincerely and truly believe

359

00:15:30,270 --> 00:15:28,600

this I mean that's what I think I can't

360

00:15:31,860 --> 00:15:30,280

see why they would justify it any other

361

00:15:33,690 --> 00:15:31,870

way so it's an interesting situation

362

00:15:35,580 --> 00:15:33,700

where you've got a group of people doing

363

00:15:38,880 --> 00:15:35,590

what we consider bizarre and wacky

364

00:15:41,760 --> 00:15:38,890

things but we must question do they have

365

00:15:43,290 --> 00:15:41,770

in their own hearts good motives good

366

00:15:45,720 --> 00:15:43,300

motives that have been completely warped

367

00:15:47,670 --> 00:15:45,730

and twisted what do you mean did I have

368

00:15:50,550 --> 00:15:47,680

good mate who do they think they're

369

00:15:52,650 --> 00:15:50,560

doing good I think they're I think they

370

00:15:54,090 --> 00:15:52,660

initially probably did I mean a lot of

371

00:15:56,760 --> 00:15:54,100

the people that are involved at the

372

00:15:58,260 --> 00:15:56,770

grassroots level in the avn for example

373

00:15:59,700 --> 00:15:58,270

our parents that have had a vaccine

374

00:16:01,020 --> 00:15:59,710

injured child and then those

375

00:16:03,000 --> 00:16:01,030

the people that are desperate to find

376

00:16:04,920 --> 00:16:03,010

answers in stems from personal

377

00:16:06,000 --> 00:16:04,930

experience with family there is

378

00:16:07,920 --> 00:16:06,010

something that has happened to their

379

00:16:09,720 --> 00:16:07,930

child their family and they're just

380

00:16:10,650 --> 00:16:09,730

going to find it on well that's right

381

00:16:13,440 --> 00:16:10,660

and they're looking for answers

382

00:16:16,380 --> 00:16:13,450

obviously and so they find those answers

383

00:16:18,480 --> 00:16:16,390

unfortunately in the likes of the ABN

384

00:16:20,730 --> 00:16:18,490

who will tell them that the vaccine is

385

00:16:23,220 --> 00:16:20,740

made from selves that are cancerous that

386

00:16:26,400 --> 00:16:23,230

it's they're growing in aborted fetuses

387

00:16:28,290 --> 00:16:26,410

and as they don't work primarily yes

388

00:16:31,590 --> 00:16:28,300

they don't work and what it does work is

389

00:16:33,060 --> 00:16:31,600

homeopathic vaccination oh yeah that's

390

00:16:35,220 --> 00:16:33,070

another story that we've got in our

391

00:16:37,050 --> 00:16:35,230

hands at the moment in German we have a

392

00:16:40,080 --> 00:16:37,060

government in Australia who is like a

393

00:16:41,430 --> 00:16:40,090

wet week basically I'm in there like a

394

00:16:43,560 --> 00:16:41,440

lot of governments are pretty hopeless

395

00:16:45,270 --> 00:16:43,570

they take ages to do anything and you

396

00:16:47,160 --> 00:16:45,280

know they don't they're not proactive

397

00:16:49,640 --> 00:16:47,170

about doing anything and we recently

398

00:16:51,330 --> 00:16:49,650

came across a website that was touting

399

00:16:53,100 --> 00:16:51,340

homeopathic vaccination for

400

00:16:55,320 --> 00:16:53,110

meningococcal disease now many of you

401  
00:16:58,170 --> 00:16:55,330  
would know that meningococcal is a rapid

402  
00:16:59,580 --> 00:16:58,180  
onset bacterial infection thing is that

403  
00:17:03,320 --> 00:16:59,590  
just rolls off the tongue yes it's

404  
00:17:06,390 --> 00:17:03,330  
incredible thank you very much seasoning

405  
00:17:12,270 --> 00:17:06,400  
it's like pertussis such a nice word as

406  
00:17:14,820 --> 00:17:12,280  
new sorry if I've offended ketosis so we

407  
00:17:16,410 --> 00:17:14,830  
wrote to the equivalent of the FDA in

408  
00:17:18,120 --> 00:17:16,420  
Australia and said listen we think that

409  
00:17:20,490 --> 00:17:18,130  
this is really bad and you know this

410  
00:17:23,370 --> 00:17:20,500  
this disease can kill kids in 24 hours

411  
00:17:24,960 --> 00:17:23,380  
and please do something about removing

412  
00:17:28,500 --> 00:17:24,970  
this website because we do have laws in

413  
00:17:30,060 --> 00:17:28,510

Australia where if you make claims that

414

00:17:32,970 --> 00:17:30,070

can't be substantiated or there's no

415

00:17:34,800 --> 00:17:32,980

evidence to support that the government

416

00:17:37,500 --> 00:17:34,810

can say write their websites gone get

417

00:17:39,060 --> 00:17:37,510

rid of it now we send them all this

418

00:17:40,470 --> 00:17:39,070

information and to make a complaint in

419

00:17:42,120 --> 00:17:40,480

Australia is not just sending an email

420

00:17:44,700 --> 00:17:42,130

saying this website's bad you have to

421

00:17:47,160 --> 00:17:44,710

investigate the website and match it to

422

00:17:49,260 --> 00:17:47,170

the legislation where you think it's

423

00:17:52,260 --> 00:17:49,270

been breached so it's not just a small

424

00:17:54,570 --> 00:17:52,270

project and we sent it to them and said

425

00:17:56,400 --> 00:17:54,580

look this is a problem and you wait six

426

00:17:57,690 --> 00:17:56,410

weeks and we heard nothing and then you

427

00:17:59,100 --> 00:17:57,700

can go to their website and the

428

00:18:00,840 --> 00:17:59,110

complaints resolution

429

00:18:02,880 --> 00:18:00,850

panel there'll be a results page and

430

00:18:04,890 --> 00:18:02,890

there'll be a page that says unresolved

431

00:18:07,830 --> 00:18:04,900

now we found our complaint in the

432

00:18:11,039 --> 00:18:07,840

unresolved section with the comment that

433

00:18:13,350 --> 00:18:11,049

not under our jurisdiction and that was

434

00:18:15,210 --> 00:18:13,360

it and so they basically just put it in

435

00:18:16,560 --> 00:18:15,220

the too hard basket and said oh god win

436

00:18:18,570 --> 00:18:16,570

or not to do with that don't

437

00:18:21,660 --> 00:18:18,580

tell anyone just put it over there and

438

00:18:23,669 --> 00:18:21,670

what do we do now you know these people

439

00:18:25,710 --> 00:18:23,679

are still until like a week and a half

440

00:18:27,480 --> 00:18:25,720

ago when i checked saying that you can

441

00:18:29,580 --> 00:18:27,490

use homeopathy to vaccinate against

442

00:18:31,880 --> 00:18:29,590

meningococcal disease now what we do is

443

00:18:34,830 --> 00:18:31,890

what james rate he did with peter Popoff

444

00:18:37,140 --> 00:18:34,840

most of you probably know the story he

445

00:18:38,789 --> 00:18:37,150

busted peter Popoff who was using it was

446

00:18:40,440 --> 00:18:38,799

of a faith healer and he was saying

447

00:18:42,150 --> 00:18:40,450

running up to people in the audience he

448

00:18:43,860 --> 00:18:42,160

knew all about them Percy was getting

449

00:18:45,720 --> 00:18:43,870

messages from God where in fact he had a

450

00:18:47,940 --> 00:18:45,730

little earpiece and his wife is speeding

451  
00:18:49,140 --> 00:18:47,950  
in the information and James Randi went

452  
00:18:52,110 --> 00:18:49,150  
to the authorities in the skies are

453  
00:18:53,130 --> 00:18:52,120  
priorities but banking people counting

454  
00:18:54,510 --> 00:18:53,140  
the matter their money and let the

455  
00:18:56,789 --> 00:18:54,520  
authorities didn't want to know about

456  
00:18:58,409 --> 00:18:56,799  
anything about it so James only likes to

457  
00:19:01,530 --> 00:18:58,419  
say he went to a higher authority he

458  
00:19:04,440 --> 00:19:01,540  
went to Johnny Carson or whether

459  
00:19:05,549 --> 00:19:04,450  
government I just not willing to act or

460  
00:19:07,169 --> 00:19:05,559  
they don't think it's important matter

461  
00:19:10,169 --> 00:19:07,179  
than we will will tell the world about

462  
00:19:12,450 --> 00:19:10,179  
it and now with web 2.0 and the

463  
00:19:14,820 --> 00:19:12,460

increasing popularity of what we do we

464

00:19:16,950 --> 00:19:14,830

can tell a lot of people at once it's

465

00:19:18,690 --> 00:19:16,960

really cool yeah that's why the

466

00:19:20,850 --> 00:19:18,700

blogosphere is so important to you know

467

00:19:22,590 --> 00:19:20,860

everyone's work has skeptics I think I

468

00:19:24,720 --> 00:19:22,600

mean you can get things out there so

469

00:19:27,180 --> 00:19:24,730

quickly and the good example of that is

470

00:19:28,830 --> 00:19:27,190

there the Ben Goldacre Jenny Barnett you

471

00:19:31,500 --> 00:19:28,840

notice that many people here would

472

00:19:34,830 --> 00:19:31,510

probably know about where Jenny Barnett

473

00:19:37,380 --> 00:19:34,840

is a UK announcer she did as a talkback

474

00:19:39,930 --> 00:19:37,390

show on a radio station called lbc when

475

00:19:41,400 --> 00:19:39,940

she was talking about MMR vaccines and

476  
00:19:43,409 --> 00:19:41,410  
saying they cause autism and everything

477  
00:19:46,440 --> 00:19:43,419  
else that you know has been perpetuated

478  
00:19:49,740 --> 00:19:46,450  
by the andrew wakefield paper and ben

479  
00:19:52,200 --> 00:19:49,750  
goldacre posted that a little sound bite

480  
00:19:54,210 --> 00:19:52,210  
from that show on his website because he

481  
00:19:56,560 --> 00:19:54,220  
couldn't explain it in words the stupid

482  
00:19:58,870 --> 00:19:56,570  
burnt so much that he just

483  
00:20:00,490 --> 00:19:58,880  
actually he's a time for it was it was

484  
00:20:02,230 --> 00:20:00,500  
like being beaten with a stupid stick

485  
00:20:04,899 --> 00:20:02,240  
repeatedly across their hand if that's

486  
00:20:07,269 --> 00:20:04,909  
how bad it was and the response from the

487  
00:20:09,490 --> 00:20:07,279  
radio station lbc was to send the

488  
00:20:10,870 --> 00:20:09,500

lawyers round to say to Ben that's it

489

00:20:13,409 --> 00:20:10,880

you know this is breach of copyright

490

00:20:15,940 --> 00:20:13,419

we're going to see you take it down now

491

00:20:17,649 --> 00:20:15,950

now he's a little citizen fellow you

492

00:20:19,419 --> 00:20:17,659

know he's not in a position to fight the

493

00:20:21,700 --> 00:20:19,429

lawyers from a big multinational radio

494

00:20:23,889 --> 00:20:21,710

station so his response was okay I've

495

00:20:25,570 --> 00:20:23,899

got to take it down but the blogosphere

496

00:20:27,610 --> 00:20:25,580

decided that wasn't the way we wanted it

497

00:20:33,430 --> 00:20:27,620

to go and in fact it was your blog

498

00:20:34,960 --> 00:20:33,440

myblog gimpy let me see brained up a few

499

00:20:36,639 --> 00:20:34,970

of the illness yes that's what we were

500

00:20:39,460 --> 00:20:36,649

known as we banded together about five

501  
00:20:42,249 --> 00:20:39,470  
six of us and we said right we need the

502  
00:20:44,019 --> 00:20:42,259  
trauma we need the sound and I will do

503  
00:20:46,180 --> 00:20:44,029  
is will break it up to five minute

504  
00:20:47,259 --> 00:20:46,190  
segments each one of us will take one of

505  
00:20:49,570 --> 00:20:47,269  
those five minute segments and

506  
00:20:51,220 --> 00:20:49,580  
transcribe it and we then proceeded to

507  
00:20:52,840 --> 00:20:51,230  
spread it across internet on our blocks

508  
00:20:55,389 --> 00:20:52,850  
and encouraged other people to copy an

509  
00:20:58,330 --> 00:20:55,399  
off our websites so it wasn't just in

510  
00:21:01,720 --> 00:20:58,340  
one chunked place on one side it was

511  
00:21:03,850 --> 00:21:01,730  
dispersed across several sites linked to

512  
00:21:05,740 --> 00:21:03,860  
each other which then proceeded to link

513  
00:21:07,690 --> 00:21:05,750

on from the anomalies and it essentially

514

00:21:09,580 --> 00:21:07,700

just spread everywhere so if anyone

515

00:21:11,830 --> 00:21:09,590

wanted to read what was being said by

516

00:21:13,720 --> 00:21:11,840

Jenny Barnett they could just point it

517

00:21:17,919 --> 00:21:13,730

doesn't go hop on was that the whole

518

00:21:19,330 --> 00:21:17,929

story disguising it went viral very

519

00:21:21,519 --> 00:21:19,340

quickly and so that was the end of a

520

00:21:23,710 --> 00:21:21,529

fail bc they can you know they can't

521

00:21:27,249 --> 00:21:23,720

take down 200 blogs across the world and

522

00:21:29,889 --> 00:21:27,259

it was on wikileaks as well yeah so yeah

523

00:21:33,129 --> 00:21:29,899

and I think actually Kylie I believe in

524

00:21:37,210 --> 00:21:33,139

Australia that occurred around maybe

525

00:21:40,060 --> 00:21:37,220

midnight perth time finger and that is 2

526  
00:21:42,190 --> 00:21:40,070  
a.m. sydney time so i remember getting a

527  
00:21:44,390 --> 00:21:42,200  
skype from you saying quick emergency

528  
00:21:46,190 --> 00:21:44,400  
skeptical emergency you would be

529  
00:21:48,230 --> 00:21:46,200  
you would be interesting section seats

530  
00:21:50,630 --> 00:21:48,240  
would you it's only five minutes senior

531  
00:21:52,550 --> 00:21:50,640  
girl yes I was because it was about a

532  
00:21:54,770 --> 00:21:52,560  
year about dinner time in London that

533  
00:21:56,840 --> 00:21:54,780  
was where ya long as we're and I said to

534  
00:21:58,640 --> 00:21:56,850  
you if we make miss international they

535  
00:22:00,680 --> 00:21:58,650  
can't shut us down because too many

536  
00:22:04,280 --> 00:22:00,690  
countries involved it was mostly british

537  
00:22:05,870 --> 00:22:04,290  
and then australian are significantly

538  
00:22:08,330 --> 00:22:05,880

happened just a few weeks ago to me

539

00:22:09,800 --> 00:22:08,340

personally there was a homeopath on the

540

00:22:11,630 --> 00:22:09,810

morning television show in australia

541

00:22:15,710 --> 00:22:11,640

promoting the benefits of homeopathic

542

00:22:17,900 --> 00:22:15,720

vaccinations and I'm just the brain just

543

00:22:20,600 --> 00:22:17,910

hurts you need us to distinguish I need

544

00:22:22,670 --> 00:22:20,610

to send even a stick so I why do you

545

00:22:24,620 --> 00:22:22,680

want to do i video'd and i put it up on

546

00:22:26,270 --> 00:22:24,630

youtube and people going nuts and the

547

00:22:28,250 --> 00:22:26,280

writing to the station paper station was

548

00:22:30,080 --> 00:22:28,260

flooded with complaints a business

549

00:22:32,240 --> 00:22:30,090

dangerous apart from anything else this

550

00:22:34,910 --> 00:22:32,250

is bad advice and it's dangerous so the

551

00:22:37,160 --> 00:22:34,920

TV station reacted by whinging no

552

00:22:40,940 --> 00:22:37,170

complaining to youtube I lost my youtube

553

00:22:42,980 --> 00:22:40,950

account was just gone well if the

554

00:22:44,660 --> 00:22:42,990

network that was going to stop the story

555

00:22:46,280 --> 00:22:44,670

then I wearing strides in it takes

556

00:22:48,020 --> 00:22:46,290

everybody around the world picked it up

557

00:22:49,880 --> 00:22:48,030

and copied the video and posted and post

558

00:22:52,100 --> 00:22:49,890

the transcript so it does need to run

559

00:22:54,200 --> 00:22:52,110

our way like that no you can't get rid

560

00:22:56,750 --> 00:22:54,210

of things anymore with web 2.0 and with

561

00:22:59,120 --> 00:22:56,760

Twitter and with blogs don't try and

562

00:23:00,620 --> 00:22:59,130

hide things people mr. never be waiting

563

00:23:02,900 --> 00:23:00,630

for you even if it's three o'clock in

564

00:23:05,140 --> 00:23:02,910

the morning and see me and especially if

565

00:23:07,910 --> 00:23:05,150

you have a yahoo group that was healthy

566

00:23:09,920 --> 00:23:07,920

and people twittering agency at the

567

00:23:11,240 --> 00:23:09,930

moment but now what we'd like to do is

568

00:23:13,220 --> 00:23:11,250

change the piece of the show a little

569

00:23:14,540 --> 00:23:13,230

bit we've got a couple of great guests

570

00:23:21,340 --> 00:23:14,550

would like to chat to and i like to call

571

00:23:30,460 --> 00:23:28,690

I just bring some hell didn't go we need

572

00:23:32,380 --> 00:23:30,470

an extra chair tied with one behind you

573

00:23:37,810 --> 00:23:32,390

excellent take a seat at the end there

574

00:23:40,600 --> 00:23:37,820

Daniel yeah that is just get reaching

575

00:23:42,070 --> 00:23:40,610

absolutely others tastes great now

576

00:23:46,620 --> 00:23:42,080

before we get going I know you've got

577

00:23:49,390 --> 00:23:46,630

some simple questions for Daniel Daniel

578

00:23:51,100 --> 00:23:49,400

year ago Daniel or maybe I can't even

579

00:23:53,620 --> 00:23:51,110

remember when it was I guess you all

580

00:23:57,990 --> 00:23:53,630

know I invented a origami big assist for

581

00:24:02,590 --> 00:24:00,880

Daniel came to me and said they were

582

00:24:07,750 --> 00:24:02,600

doing an issue the junior skeptics about

583

00:24:09,010 --> 00:24:07,760

dragons and that's correct and i decided

584

00:24:10,419 --> 00:24:09,020

to you would be so neat if there's a

585

00:24:13,149 --> 00:24:10,429

little little free something we could

586

00:24:14,860 --> 00:24:13,159

give away what about instructions for

587

00:24:16,659 --> 00:24:14,870

something else you know instructions can

588

00:24:19,870 --> 00:24:16,669

be given way around the world for zero

589

00:24:24,159 --> 00:24:19,880

dollars so what about a little puzzle

590

00:24:26,380 --> 00:24:24,169

little project and the Pegasus was so

591

00:24:28,870 --> 00:24:26,390

inspiring that I contacted Richard me

592

00:24:31,930 --> 00:24:28,880

and he suggested that he might do it and

593

00:24:33,760 --> 00:24:31,940

origami dragon and you could hit a

594

00:24:35,440 --> 00:24:33,770

little video glad to media yeah

595

00:24:38,020 --> 00:24:35,450

unfortunately the video was lost but I

596

00:24:40,750 --> 00:24:38,030

lost my youtube channel but of all the

597

00:24:43,029 --> 00:24:40,760

videos I had there that was one of the

598

00:24:45,010 --> 00:24:43,039

most downloaded in fact almost view to

599

00:24:46,750 --> 00:24:45,020

have every works it was rude and I get a

600

00:24:49,659 --> 00:24:46,760

lot of correspondence from people in

601  
00:24:51,370 --> 00:24:49,669  
South America I don't know why ever did

602  
00:24:52,540 --> 00:24:51,380  
I have Dryden's there they might have

603  
00:24:55,330 --> 00:24:52,550  
been

604  
00:24:57,820 --> 00:24:55,340  
I did you did you tell you that it had

605  
00:24:59,800 --> 00:24:57,830  
been downloaded 94,000 honor me as

606  
00:25:02,950 --> 00:24:59,810  
something like that something like even

607  
00:25:06,970 --> 00:25:02,960  
more than the biggest yeah that was a

608  
00:25:09,400 --> 00:25:06,980  
real surprise to me gratifying what a

609  
00:25:11,440 --> 00:25:09,410  
lot of fun yeah that was then I love

610  
00:25:13,650 --> 00:25:11,450  
simple things like that can make a big

611  
00:25:15,460 --> 00:25:13,660  
difference but most of the most of the

612  
00:25:17,110 --> 00:25:15,470  
correspondence I got back was just

613  
00:25:20,010 --> 00:25:17,120

saying oh I could make it thank you

614

00:25:22,030 --> 00:25:20,020

because sometimes you especially people

615

00:25:23,500 --> 00:25:22,040

making origami and books or whatever

616

00:25:25,330 --> 00:25:23,510

they give up our fighters they can't

617

00:25:27,430 --> 00:25:25,340

possibly follow but I tried to make that

618

00:25:29,320 --> 00:25:27,440

nice and simple it was kind of idiot

619

00:25:32,260 --> 00:25:29,330

proof i managed to model my way back and

620

00:25:34,540 --> 00:25:32,270

just a couple of tries wrote back to me

621

00:25:36,340 --> 00:25:34,550

and said yeah I made it but it doesn't

622

00:25:37,420 --> 00:25:36,350

really look like a dragon so I wrote

623

00:25:43,690 --> 00:25:37,430

back saying well if you send me a

624

00:25:45,640 --> 00:25:43,700

photograph of a dragon I'll take before

625

00:25:47,170 --> 00:25:45,650

we get going questions deadly would you

626  
00:25:48,760 --> 00:25:47,180  
like to tell our audience else in the

627  
00:25:50,160 --> 00:25:48,770  
audience a little bit about yourself

628  
00:25:54,820 --> 00:25:50,170  
then a little bit about your background

629  
00:25:57,340 --> 00:25:54,830  
well I work for skeptic magazine which

630  
00:25:59,380 --> 00:25:57,350  
is which is the magazine produced by the

631  
00:26:02,140 --> 00:25:59,390  
skeptics society here in the United

632  
00:26:03,580 --> 00:26:02,150  
States it's nonprofit organization and

633  
00:26:07,000 --> 00:26:03,590  
instead because their quarterly magazine

634  
00:26:09,670 --> 00:26:07,010  
I do i do a number of things there but

635  
00:26:12,160 --> 00:26:09,680  
my name is the the junior skeptic

636  
00:26:14,500 --> 00:26:12,170  
section which is a 10 10 page

637  
00:26:17,260 --> 00:26:14,510  
illustrative kit sign section values the

638  
00:26:18,600 --> 00:26:17,270

back of magazine and it typically four

639

00:26:21,900 --> 00:26:18,610

tackles

640

00:26:24,419 --> 00:26:21,910

a classic paranormal topics like exploit

641

00:26:28,500 --> 00:26:24,429

or pyramid power we do the crystal

642

00:26:31,110 --> 00:26:28,510

skulls & Dragons just for fun put the

643

00:26:33,090 --> 00:26:31,120

monsters and things about that night the

644

00:26:35,039 --> 00:26:33,100

usual fare for juniors it's the other

645

00:26:37,260 --> 00:26:35,049

great innocent of skepticism especially

646

00:26:39,150 --> 00:26:37,270

for the younger kids well you coming to

647

00:26:41,610 --> 00:26:39,160

who doesn't love a monster yes that's

648

00:26:44,390 --> 00:26:41,620

the thing and you know and people who

649

00:26:47,630 --> 00:26:44,400

write to write to us or contact me the

650

00:26:51,450 --> 00:26:47,640

adults very often say oh yeah you know

651  
00:26:53,610 --> 00:26:51,460  
even i reach the junior skeptic and I

652  
00:26:55,260 --> 00:26:53,620  
say well you know you don't have to be

653  
00:26:57,659 --> 00:26:55,270  
sheepish about it when when I was just a

654  
00:27:00,480 --> 00:26:57,669  
reader skeptic makin Jr skeptic which

655  
00:27:02,450 --> 00:27:00,490  
was created by Pat Lindsey and it was my

656  
00:27:06,180 --> 00:27:02,460  
favorite part I would turn to it first

657  
00:27:07,830 --> 00:27:06,190  
and that's the pattern Lily we hear

658  
00:27:09,960 --> 00:27:07,840  
sometimes a little bit a little sheepish

659  
00:27:11,789 --> 00:27:09,970  
liquid but most of our readers taught us

660  
00:27:14,130 --> 00:27:11,799  
that but in flip did you your skeptic

661  
00:27:16,409 --> 00:27:14,140  
first it's like reading the comics you

662  
00:27:17,820 --> 00:27:16,419  
know that it's you start with the start

663  
00:27:19,680 --> 00:27:17,830

with the comics and then you go on to a

664

00:27:22,530 --> 00:27:19,690

these letters and book reviews and

665

00:27:27,030 --> 00:27:22,540

eventually get features at the end but

666

00:27:29,669 --> 00:27:27,040

yes it's people like monsters even in

667

00:27:32,010 --> 00:27:29,679

Australia if I we were just discussing

668

00:27:33,659 --> 00:27:32,020

and Rachel nodded i'm used to

669

00:27:36,120 --> 00:27:33,669

investigate a show here a few hours ago

670

00:27:38,940 --> 00:27:36,130

and just last week in australia we got a

671

00:27:43,500 --> 00:27:38,950

guy called Rex Gilroy who looks for

672

00:27:45,990 --> 00:27:43,510

Yowies Yowies Bigfoot Australia Bigfoot

673

00:27:48,120 --> 00:27:46,000

so-called Yogi's but he's also found you

674

00:27:51,030 --> 00:27:48,130

says evidence of a plesiosaur in the

675

00:27:53,760 --> 00:27:51,040

river north of sydney so when we go back

676  
00:27:56,509 --> 00:27:53,770  
dr. AG yeah we're going to realize look

677  
00:28:09,259 --> 00:28:02,419  
can't wait tonight how good a big river

678  
00:28:14,159 --> 00:28:12,060  
Daniel are you aware that the man who

679  
00:28:16,590 --> 00:28:14,169  
thinks he's jesus lives next door to me

680  
00:28:25,440 --> 00:28:16,600  
and the man who thinks he's jesus is my

681  
00:28:26,970 --> 00:28:25,450  
color TV what am I saying I I I think

682  
00:28:30,659 --> 00:28:26,980  
you've just tested me and found me

683  
00:28:32,940 --> 00:28:30,669  
wanting oh I would take a stab at maybe

684  
00:28:36,119 --> 00:28:32,950  
a minute kind of work there no that was

685  
00:28:37,499 --> 00:28:36,129  
cooking the G speaks oh go to you there

686  
00:28:39,629 --> 00:28:37,509  
because it was our we first started

687  
00:28:42,899 --> 00:28:39,639  
chatting I believe we haven't shared a

688  
00:28:46,950 --> 00:28:42,909

lot of comedy that's true and if that's

689

00:28:49,799 --> 00:28:46,960

you majored in theatre I did I did a

690

00:28:51,869 --> 00:28:49,809

little theatre back Rebecca in Bishop

691

00:28:54,570 --> 00:28:51,879

Bishop to university in Quebec Canada I

692

00:28:57,240 --> 00:28:54,580

did sat design and

693

00:29:01,710 --> 00:28:57,250

and that's good writing there but thank

694

00:29:04,830 --> 00:29:01,720

you no no acting I'm not not not at all

695

00:29:09,419 --> 00:29:04,840

by nature I'm very shy and a setting

696

00:29:11,460 --> 00:29:09,429

like this I find it kind of alarming hey

697

00:29:17,490 --> 00:29:11,470

I keep hoping them will get geo up here

698

00:29:18,870 --> 00:29:17,500

soon to do the funny and so even with

699

00:29:20,490 --> 00:29:18,880

the sum of the background that you had

700

00:29:22,980 --> 00:29:20,500

in theater did you ever come across many

701  
00:29:25,889 --> 00:29:22,990  
superstitions edge challenged you well

702  
00:29:31,169 --> 00:29:25,899  
we did a we did a production of the

703  
00:29:34,259 --> 00:29:31,179  
Scottish player and Sangha second is not

704  
00:29:38,669 --> 00:29:34,269  
a slice it's not like yeah that's what

705  
00:29:41,490 --> 00:29:38,679  
they call me fat me yeah yeah that was

706  
00:29:43,919 --> 00:29:41,500  
funnier so you know the usual kind of

707  
00:29:47,669 --> 00:29:43,929  
product and I will chat sensitive the

708  
00:29:50,039 --> 00:29:47,679  
theater superstitions bad that one being

709  
00:29:51,299 --> 00:29:50,049  
one that comes to mind so being a person

710  
00:29:54,600 --> 00:29:51,309  
who comes from a background in

711  
00:29:56,639 --> 00:29:54,610  
humanities I guess connecting with

712  
00:29:59,250 --> 00:29:56,649  
skepticism is something that doesn't

713  
00:30:01,560 --> 00:29:59,260

readily come to mind and yet you seem to

714

00:30:06,899 --> 00:30:01,570

be quite an epic improvement allowing

715

00:30:09,509 --> 00:30:06,909

for all diversity well I I think modern

716

00:30:12,450 --> 00:30:09,519

skepticism is built to a huge degree on

717

00:30:14,490 --> 00:30:12,460

the humanities I mean 19 me you guys are

718

00:30:17,100 --> 00:30:14,500

your you're doing communication right

719

00:30:20,159 --> 00:30:17,110

now that's that's what I typically do is

720

00:30:22,730 --> 00:30:20,169

it might remain part of my job drawing

721

00:30:24,850 --> 00:30:22,740

pictures and telling stories and

722

00:30:27,080 --> 00:30:24,860

I'm kind of historical sleuthing and

723

00:30:30,470 --> 00:30:27,090

those those kinds of things are a lot of

724

00:30:32,960 --> 00:30:30,480

humanities disciplines it definitely you

725

00:30:36,230 --> 00:30:32,970

know skepticism got got its teeth into

726

00:30:38,990 --> 00:30:36,240

me very early in a junior high school

727

00:30:41,000 --> 00:30:39,000

line and I was really a committed salad

728

00:30:43,490 --> 00:30:41,010

for the time i was in freshman year of

729

00:30:46,549 --> 00:30:43,500

university discovered a huge huge stack

730

00:30:48,890 --> 00:30:46,559

of skeptical inquirer back issues and

731

00:30:50,480 --> 00:30:48,900

you know at that time when in 1993 I

732

00:30:52,820 --> 00:30:50,490

don't think skeptical inquirer was

733

00:30:55,160 --> 00:30:52,830

available on newsstands yet you know you

734

00:30:57,260 --> 00:30:55,170

have to have a university library in

735

00:30:59,410 --> 00:30:57,270

order to find it and read it this little

736

00:31:03,860 --> 00:30:59,420

journal format thing black and white and

737

00:31:05,419 --> 00:31:03,870

but I did too he was just like a cool

738

00:31:09,169 --> 00:31:05,429

cool drink of water for me it was

739

00:31:11,480 --> 00:31:09,179

wonderful if anyways Canada and

740

00:31:13,520 --> 00:31:11,490

Australia but the same I think I mean we

741

00:31:14,900 --> 00:31:13,530

both a part of the Commonwealth a head

742

00:31:16,790 --> 00:31:14,910

of state is still the Queen of England

743

00:31:19,610 --> 00:31:16,800

yeah it is a bit strange jealous it made

744

00:31:21,470 --> 00:31:19,620

the Big O she's on our coins if you

745

00:31:22,910 --> 00:31:21,480

didn't complete you don't much cricket

746

00:31:25,220 --> 00:31:22,920

in Canada I can't get my head around

747

00:31:27,140 --> 00:31:25,230

that not too much but they're the same

748

00:31:29,630 --> 00:31:27,150

in many ways I mean they're large their

749

00:31:31,880 --> 00:31:29,640

their population base is quite similar

750

00:31:33,680 --> 00:31:31,890

but culturally there

751  
00:31:35,930 --> 00:31:33,690  
very similar there by the resource

752  
00:31:38,170 --> 00:31:35,940  
extraction economies you use the venting

753  
00:31:43,700 --> 00:31:38,180  
system right yeah we should be sure do

754  
00:31:45,860 --> 00:31:43,710  
buddy it's a handsome mix you know no

755  
00:31:47,270 --> 00:31:45,870  
one in Canada knows what of minors but

756  
00:31:49,550 --> 00:31:47,280  
people don't have a really good sense of

757  
00:31:51,080 --> 00:31:49,560  
what a kilo is either they have to stop

758  
00:31:53,480 --> 00:31:51,090  
and think about it most people think in

759  
00:31:56,840 --> 00:31:53,490  
for everyday use people in Canada

760  
00:32:03,800 --> 00:31:56,850  
thinking feet and inches and pounds and

761  
00:32:06,050 --> 00:32:03,810  
hang kilometers I see well that's a good

762  
00:32:09,320 --> 00:32:06,060  
point nice and when I some of my

763  
00:32:11,450 --> 00:32:09,330

generation in ventura came in 1973 in

764

00:32:15,070 --> 00:32:11,460

australia but i still think if we just

765

00:32:17,900 --> 00:32:15,080

tighten cleaned inches it's yes Trent

766

00:32:21,230 --> 00:32:17,910

yeah they somebody sometimes you'll get

767

00:32:22,640 --> 00:32:21,240

directions and in miles on the prairies

768

00:32:25,520 --> 00:32:22,650

is there everything's kind of ruled off

769

00:32:28,280 --> 00:32:25,530

and miles squares so I'll say you know

770

00:32:31,550 --> 00:32:28,290

go east for two miles and that's not

771

00:32:35,720 --> 00:32:31,560

helpful if you you know 99 miles or

772

00:32:37,460 --> 00:32:35,730

points of the compass I like and I like

773

00:32:50,300 --> 00:32:37,470

to thank Daniel oxen for being our first

774

00:33:00,620 --> 00:32:50,310

guest today and without any more have

775

00:33:06,940 --> 00:33:00,630

another drink come on I know I Mexicans

776

00:33:11,860 --> 00:33:09,639

I'm sorry we start because we have to we

777

00:33:15,730 --> 00:33:11,870

have do we have an agreement oh yeah dr.

778

00:33:17,529 --> 00:33:15,740

H not have agreement the cameras

779

00:33:19,509 --> 00:33:17,539

explained and explained our agreement on

780

00:33:22,000 --> 00:33:19,519

Mike can and give a play-by-play what's

781

00:33:25,870 --> 00:33:22,010

happening oh you're everyone again quite

782

00:33:27,370 --> 00:33:25,880

an absolute I was going really weird we

783

00:33:29,080 --> 00:33:27,380

were you at least we investigated show

784

00:33:32,889 --> 00:33:29,090

back in Australia we have a bed of nails

785

00:33:34,840 --> 00:33:32,899

and one of the key parts about that is I

786

00:33:38,169 --> 00:33:34,850

lie down on the bed and ales and rate

787

00:33:49,779 --> 00:33:38,179

she walks all over my back and suggested

788

00:33:53,470 --> 00:33:49,789

that yeah genuine Australian Minty's a

789

00:33:55,690 --> 00:33:53,480

bed or more of a cot I'm gonna lay down

790

00:34:01,269 --> 00:33:55,700

now God we have not agreed to do this

791

00:34:02,529 --> 00:34:01,279

before I we never met except for this is

792

00:34:04,120 --> 00:34:02,539

part of the agreement and let it be

793

00:34:05,409 --> 00:34:04,130

known that if you come to cham and you

794

00:34:07,690 --> 00:34:05,419

want to walk on my back and I say you

795

00:34:13,659 --> 00:34:07,700

can we will eventually meet and will

796

00:34:17,619 --> 00:34:13,669

happen over there oh Christ it's I

797

00:34:20,619 --> 00:34:17,629

memory okay yo yo yo you are you yeah i

798

00:34:24,849 --> 00:34:20,629

think if you move the lord yeah that's

799

00:34:26,800 --> 00:34:24,859

fun so give the play-by-play here all

800

00:34:28,030 --> 00:34:26,810

right go for all right so this is this

801

00:34:30,460 --> 00:34:28,040

is based on physics

802

00:34:33,550 --> 00:34:30,470

so your physical enough to help chaucer

803

00:34:53,830 --> 00:34:33,560

evil she's a scientist do you want to

804

00:35:05,440 --> 00:34:53,840

pass it out please join me in welcoming

805

00:35:10,420 --> 00:35:05,450

a good friend George or even root that's

806

00:35:13,560 --> 00:35:10,430

what there you go look good yes but i

807

00:35:16,630 --> 00:35:13,570

think that would hello fellows fellows

808

00:35:19,480 --> 00:35:16,640

now geo there's a great Italian accent

809

00:35:21,310 --> 00:35:19,490

minus I'm fighting to not do it because

810

00:35:22,900 --> 00:35:21,320

I can't do it in front of you people

811

00:35:24,250 --> 00:35:22,910

because you will just you but I'm

812

00:35:26,110 --> 00:35:24,260

sitting there listening to you talk and

813

00:35:28,660 --> 00:35:26,120

just I just want to just very gently

814

00:35:30,880 --> 00:35:28,670

sort of that I can't I can't I can't

815

00:35:32,380 --> 00:35:30,890

walk over into that pot I can't do it

816

00:35:34,120 --> 00:35:32,390

okay because it's because it's terrible

817

00:35:35,860 --> 00:35:34,130

and to do it it's like I won't do my

818

00:35:42,300 --> 00:35:35,870

Canadian accent either just 44 daniel

819

00:35:50,460 --> 00:35:48,480

I figure the difference no I don't think

820

00:35:52,530 --> 00:35:50,470

this is this is necessary but for our

821

00:35:54,240 --> 00:35:52,540

listening audience Gino can you keep

822

00:35:56,760 --> 00:35:54,250

them a little bit of background badges

823

00:36:05,250 --> 00:35:56,770

oh sure I have a podcast called the

824

00:36:07,680 --> 00:36:05,260

geologic podcast I'm a musician I play

825

00:36:08,880 --> 00:36:07,690

drums i wear guitar I work with the

826

00:36:14,430 --> 00:36:08,890

fantastic slough I work with

827

00:36:17,930 --> 00:36:14,440

misinformation of course also and i am

828

00:36:20,970 --> 00:36:17,940

currently the most successful skeptic

829

00:36:25,860 --> 00:36:20,980

musician atheist podcasting person

830

00:36:29,160 --> 00:36:25,870

living in my apartment little story

831

00:36:31,230 --> 00:36:29,170

about Joe angina some he joined the 365

832

00:36:34,980 --> 00:36:31,240

days of a star B podcast which I'm sure

833

00:36:36,870 --> 00:36:34,990

award winning by the way award-winning

834

00:36:39,230 --> 00:36:36,880

it's right misinformation as if there it

835

00:36:41,820 --> 00:36:39,240

is award-winning parsec award-winning

836

00:36:44,610 --> 00:36:41,830

385 days I accepted on behalf of panel

837

00:36:46,140 --> 00:36:44,620

up she was doing something else and so

838

00:36:48,600 --> 00:36:46,150

yeah oh weird winning start that's

839

00:36:51,960 --> 00:36:48,610

fantastic and enjoying the podcast very

840

00:36:54,270 --> 00:36:51,970

much and I didn't realize it gio sang

841

00:36:56,850 --> 00:36:54,280

the the believe the theme that annoying

842

00:37:02,460 --> 00:36:56,860

themes that weasel every beginning and

843

00:37:08,950 --> 00:37:06,520

I watched the clip on YouTube where he's

844

00:37:10,720 --> 00:37:08,960

skating around Bethel anism yes yes mile

845

00:37:12,010 --> 00:37:10,730

in town yes on these rollerblades and

846

00:37:13,660 --> 00:37:12,020

it's all spit out that he's driving

847

00:37:15,370 --> 00:37:13,670

backwards on this great i thought this

848

00:37:17,020 --> 00:37:15,380

is just fantastic because i could be a

849

00:37:19,000 --> 00:37:17,030

video producer myself completely

850

00:37:20,380 --> 00:37:19,010

appreciated that what he went through to

851  
00:37:22,089 --> 00:37:20,390  
do it because you had to do it in

852  
00:37:24,130 --> 00:37:22,099  
different speed because then you change

853  
00:37:26,349 --> 00:37:24,140  
the screen who was there singing you

854  
00:37:27,880 --> 00:37:26,359  
must look like a complete dog running

855  
00:37:30,670 --> 00:37:27,890  
around with a camera like this with that

856  
00:37:32,440 --> 00:37:30,680  
ordering the video oh yes absolutely the

857  
00:37:35,859 --> 00:37:32,450  
door I mean really I have different hats

858  
00:37:38,290 --> 00:37:35,869  
to put your glasses be like just yeah

859  
00:37:41,650 --> 00:37:38,300  
very much so I is invalid email just say

860  
00:37:43,900 --> 00:37:41,660  
I really appreciate it said GM your pick

861  
00:37:45,549 --> 00:37:43,910  
for 365 days of so many podcast it's

862  
00:37:47,589 --> 00:37:45,559  
really great to do my socks off please

863  
00:37:52,450 --> 00:37:47,599

send them back that two weeks later in

864

00:37:58,180 --> 00:37:52,460

the post paper pair of socks and you

865

00:38:00,370 --> 00:37:58,190

have them are saying so okay all right

866

00:38:02,770 --> 00:38:00,380

here inside so I say it even pierre

867

00:38:04,900 --> 00:38:02,780

songs from australia so the next thing I

868

00:38:07,000 --> 00:38:04,910

know I get a series of photographs back

869

00:38:11,589 --> 00:38:07,010

from George and he's making origami with

870

00:38:15,520 --> 00:38:11,599

my socks so he goes this way poses that

871

00:38:17,920 --> 00:38:15,530

way they see you know to Canberra more

872

00:38:20,829 --> 00:38:17,930

it more morphed into a digital camera

873

00:38:22,960 --> 00:38:20,839

yes yes very very simple three-step you

874

00:38:24,670 --> 00:38:22,970

know then you just take a sock fold it

875

00:38:29,829 --> 00:38:24,680

over and then you grab a camera and take

876

00:38:31,180 --> 00:38:29,839

a picture okay nice that was a full

877

00:38:34,240 --> 00:38:31,190

ragama or whatever you are called yeah

878

00:38:35,720 --> 00:38:34,250

yeah yeah but seriously seriously as I

879

00:38:37,700 --> 00:38:35,730

was saying before my perspective

880

00:38:39,830 --> 00:38:37,710

do you use a video production work it

881

00:38:48,230 --> 00:38:39,840

really did learn myself so I think you

882

00:38:58,760 --> 00:38:48,240

have you see that Oh George you're a

883

00:39:00,440 --> 00:38:58,770

22 months is being what about fine

884

00:39:04,810 --> 00:39:00,450

interviews with you need to be yourself

885

00:39:07,460 --> 00:39:04,820

on episode 50 it's a little difficult

886

00:39:10,359 --> 00:39:07,470

I'm sure you have brilliant questions

887

00:39:16,520 --> 00:39:10,369

that no one else's thought of that hair

888

00:39:20,840 --> 00:39:16,530

nothing is off-limits ok your songs true

889

00:39:22,640 --> 00:39:20,850

I did write my songs what is the shag

890

00:39:32,930 --> 00:39:22,650

rug is my persona venture and can you

891

00:39:34,940 --> 00:39:32,940

demonstrate on which itself actually I

892

00:39:36,500 --> 00:39:34,950

could well if you have the boa if you

893

00:39:38,390 --> 00:39:36,510

have a feather boa the shag rug is my

894

00:39:41,840 --> 00:39:38,400

purse on adventures from a song that's

895

00:39:45,410 --> 00:39:41,850

called a simple sybian simple simeon and

896

00:39:48,830 --> 00:39:45,420

it's about there's a host of a

897

00:39:51,800 --> 00:39:48,840

children's show his name is the show was

898

00:39:54,770 --> 00:39:51,810

was a way to get slimed what the hell is

899

00:39:55,790 --> 00:39:54,780

that show called no no no that's another

900

00:39:57,710 --> 00:39:55,800

know this is like where you have

901  
00:40:00,200 --> 00:39:57,720  
challenged that game show double dare

902  
00:40:03,560 --> 00:40:00,210  
right mark mark summer summers yes Marc

903  
00:40:05,690 --> 00:40:03,570  
summers Marc summers thank you she's

904  
00:40:07,700 --> 00:40:05,700  
always Marc summers has OCD

905  
00:40:09,349 --> 00:40:07,710  
obsessive-compulsive disorder and I saw

906  
00:40:11,720 --> 00:40:09,359  
documentary about him and there was this

907  
00:40:13,640 --> 00:40:11,730  
sequence where Marc summers before he

908  
00:40:16,099 --> 00:40:13,650  
could leave his house would have to

909  
00:40:18,080 --> 00:40:16,109  
adjust the fringe on his rug into

910  
00:40:21,490 --> 00:40:18,090  
perfect parallel lines something like

911  
00:40:24,490 --> 00:40:21,500  
this so take this

912  
00:40:27,730 --> 00:40:24,500  
you would sit and just with his fingers

913  
00:40:32,860 --> 00:40:27,740

very gently make all the little parallel

914

00:40:35,590 --> 00:40:32,870

lines parallel and uh and I thought hit

915

00:40:37,810 --> 00:40:35,600

every day this guy is as if he's stuck

916

00:40:40,960 --> 00:40:37,820

on a sinking ship and the only way you

917

00:40:42,580 --> 00:40:40,970

can get out is by adjusting the shag rug

918

00:40:44,320 --> 00:40:42,590

so shag rug is my Poseidon Adventure

919

00:40:49,540 --> 00:40:44,330

that's what that like that shot really

920

00:40:52,270 --> 00:40:49,550

oh we try to do our rinse Lulu we try to

921

00:40:53,740 --> 00:40:52,280

do errands right until our Wizards from

922

00:40:56,560 --> 00:40:53,750

a song called bebop which is about a

923

00:41:01,600 --> 00:40:56,570

former a piano player that I used to

924

00:41:03,820 --> 00:41:01,610

work for and just this idea of he he was

925

00:41:06,430 --> 00:41:03,830

a very technical player that didn't have

926  
00:41:08,020 --> 00:41:06,440  
much passion and we kept trying to get

927  
00:41:11,080 --> 00:41:08,030  
him to push himself to get out of his

928  
00:41:12,340 --> 00:41:11,090  
comfort zone and sometimes when you're

929  
00:41:13,870 --> 00:41:12,350  
planning really burning and you're in

930  
00:41:15,550 --> 00:41:13,880  
that red zone you feel like you're just

931  
00:41:16,690 --> 00:41:15,560  
really on fire and it's hot and things

932  
00:41:18,340 --> 00:41:16,700  
are swinging then it's cooking and it's

933  
00:41:20,140 --> 00:41:18,350  
great and you get to that point where

934  
00:41:22,960 --> 00:41:20,150  
just sometimes you just cool off so when

935  
00:41:25,000 --> 00:41:22,970  
you try so hard you just until your that

936  
00:41:26,650 --> 00:41:25,010  
read that fire is just gone and we

937  
00:41:29,290 --> 00:41:26,660  
couldn't we couldn't get him to kind of

938  
00:41:33,250 --> 00:41:29,300

move beyond this little this is the sort

939

00:41:36,670 --> 00:41:33,260

of stylistic a iceberg he was frozen in

940

00:41:37,810 --> 00:41:36,680

so that's what that oh this is fun no

941

00:41:41,350 --> 00:41:37,820

one ever asked this stuff and there's

942

00:41:44,380 --> 00:41:41,360

answers to everything you know there's a

943

00:41:46,840 --> 00:41:44,390

little course in Bobby's an event yes

944

00:41:49,290 --> 00:41:46,850

which means a variety words which sound

945

00:41:51,850 --> 00:41:49,300

Ukrainian of usage I have to be

946

00:41:53,860 --> 00:41:51,860

something else you figure it out is it

947

00:41:55,810 --> 00:41:53,870

figure out a bull yes internally

948

00:41:58,090 --> 00:41:55,820

Williams Bart Barney's in the vent is

949

00:42:01,450 --> 00:41:58,100

normally it's like what can we do with

950

00:42:04,640 --> 00:42:01,460

skepticism and just go oh we should

951  
00:42:09,680 --> 00:42:07,339  
need pills that maybe I don't know where

952  
00:42:11,210 --> 00:42:09,690  
we shouldn't what should we do you know

953  
00:42:13,789 --> 00:42:11,220  
so like this is great to have actual

954  
00:42:15,829 --> 00:42:13,799  
answers okay the song barneys in the

955  
00:42:17,630 --> 00:42:15,839  
vent is about mission impossible to TV

956  
00:42:19,670 --> 00:42:17,640  
show not the piece of movies but

957  
00:42:21,410 --> 00:42:19,680  
the TV show you know you're into the

958  
00:42:23,180 --> 00:42:21,420  
line of the 1980s we know the original

959  
00:42:24,740 --> 00:42:23,190  
the original one although the 1980s

960  
00:42:26,720 --> 00:42:24,750  
remake I understand was based on scripts

961  
00:42:28,819 --> 00:42:26,730  
from the original Australian Australian

962  
00:42:31,010 --> 00:42:28,829  
oh really oh yeah with Peter Graves is

963  
00:42:33,740 --> 00:42:31,020

the one sir and the son of Barney okay

964

00:42:36,650 --> 00:42:33,750

now Barney was the technician guy now

965

00:42:39,079 --> 00:42:36,660

Barney was whenever the rest of the crew

966

00:42:40,970 --> 00:42:39,089

was in some fantastic locale wearing

967

00:42:42,769 --> 00:42:40,980

clothing like I'm wearing right now just

968

00:42:45,980 --> 00:42:42,779

miss nice tuxes and things like that

969

00:42:48,049 --> 00:42:45,990

poor Barney was in a vent some we're

970

00:42:51,740 --> 00:42:48,059

running the remote control now of course

971

00:42:53,299 --> 00:42:51,750

Barney was the black guy it's like yeah

972

00:42:54,920 --> 00:42:53,309

you go you go wait an event we're gonna

973

00:43:01,400 --> 00:42:54,930

go have cocktails with like you know the

974

00:43:03,680 --> 00:43:01,410

the governor of mold or whatever it's

975

00:43:06,349 --> 00:43:03,690

yeah fredonia the places like that you

976

00:43:08,059 --> 00:43:06,359

know so the course of that I actually

977

00:43:10,910 --> 00:43:08,069

went and found a mission impossible

978

00:43:13,549 --> 00:43:10,920

website that lists all of the you know

979

00:43:15,980 --> 00:43:13,559

they couldn't say that the mi force was

980

00:43:18,980 --> 00:43:15,990

in Czechoslovakia so they would be in

981

00:43:21,170 --> 00:43:18,990

you know gems Nick that was the country

982

00:43:23,000 --> 00:43:21,180

that ran you know and and because the

983

00:43:24,920 --> 00:43:23,010

because whatever so I found all these

984

00:43:26,510 --> 00:43:24,930

fictional names either they were fake

985

00:43:28,880 --> 00:43:26,520

Eastern European country names or they

986

00:43:33,049 --> 00:43:28,890

were fake South American names so you

987

00:43:34,760 --> 00:43:33,059

had yeah yeah well Tony oh yeah we're in

988

00:43:36,780 --> 00:43:34,770

the country of mole Tony really are you

989

00:43:39,550 --> 00:43:36,790

that's great

990

00:43:42,130 --> 00:43:39,560

and that that's what is listed as your

991

00:43:44,350 --> 00:43:42,140

as the core is that the pre solo is

992

00:43:48,160 --> 00:43:44,360

happening is all these all these fake

993

00:43:49,360 --> 00:43:48,170

countries that they visited so this is

994

00:43:52,800 --> 00:43:49,370

on the other song that you mentioned

995

00:43:55,300 --> 00:43:52,810

clear the plaintiff tech- is a nice

996

00:43:56,380 --> 00:43:55,310

clear the oh okay yeah it's also from

997

00:43:57,670 --> 00:43:56,390

yeah that's the another one of the

998

00:43:59,650 --> 00:43:57,680

subsets of things yeah that's just a

999

00:44:01,150 --> 00:43:59,660

list of kind of obsessive behavior the

1000

00:44:05,680 --> 00:44:01,160

idea you can't you can't stop eating

1001  
00:44:07,570 --> 00:44:05,690  
until the plate is done and the to look

1002  
00:44:09,010 --> 00:44:07,580  
like there's no problem like you have a

1003  
00:44:11,200 --> 00:44:09,020  
face like Mona Lisa like you you're

1004  
00:44:13,210 --> 00:44:11,210  
totally in control so that's the best

1005  
00:44:19,120 --> 00:44:13,220  
model uses advice is to not show your

1006  
00:44:21,070 --> 00:44:19,130  
show your hand actually I love no one

1007  
00:44:22,900 --> 00:44:21,080  
ever asks me in this much detail and I'm

1008  
00:44:24,250 --> 00:44:22,910  
always like you know there are some some

1009  
00:44:25,900 --> 00:44:24,260  
songs that are some songwriters that

1010  
00:44:27,100 --> 00:44:25,910  
sort of go real stream of consciousness

1011  
00:44:29,860 --> 00:44:27,110  
and they go I don't know what that's

1012  
00:44:31,240 --> 00:44:29,870  
really about there's a very few number

1013  
00:44:32,770 --> 00:44:31,250

of teams that are like that pretty much

1014

00:44:34,890 --> 00:44:32,780

every single little thing that I put in

1015

00:44:43,709 --> 00:44:38,269

oh Jesus

1016

00:44:52,729 --> 00:44:43,719

Pence's ladies hit you see that feedback

1017

00:44:55,739 --> 00:44:52,739

was based on we ok we got done that

1018

00:44:58,079 --> 00:44:55,749

anyway so it's just nice to nice to be

1019

00:44:59,249 --> 00:44:58,089

has two other stuff oh well I don't know

1020

00:45:03,499 --> 00:44:59,259

who helped you ever get away with this

1021

00:45:06,389 --> 00:45:03,509

one um just how nasty used for reals I

1022

00:45:11,689 --> 00:45:06,399

don't know from well i know from some

1023

00:45:15,179 --> 00:45:11,699

personal experience but tori welles is a

1024

00:45:19,259 --> 00:45:15,189

famous or infamous well if it well known

1025

00:45:23,069 --> 00:45:19,269

a adult movie star we'll call it that uh

1026

00:45:25,229 --> 00:45:23,079

yeah so that was sure that she gets

1027

00:45:27,809 --> 00:45:25,239

pretty nasty she was pretty much is fine

1028

00:45:29,370 --> 00:45:27,819

see you know I'm sure rhyme dude it's

1029

00:45:30,870 --> 00:45:29,380

like you go on Google to find something

1030

00:45:32,609 --> 00:45:30,880

that rhymes with you know yet to sign

1031

00:45:35,099 --> 00:45:32,619

else so it's like I need a porn star

1032

00:45:37,109 --> 00:45:35,109

that rhymes tori welles perfect i get

1033

00:45:40,079 --> 00:45:37,119

speaking of nasty will there be enough

1034

00:45:43,259 --> 00:45:40,089

songs not about Nancy Clark another

1035

00:45:45,479 --> 00:45:43,269

every day no probably not i was i was i

1036

00:45:48,449 --> 00:45:45,489

was sued by a former employee of mine i

1037

00:45:50,189 --> 00:45:48,459

wrote a song about this employee well

1038

00:45:58,580 --> 00:45:50,199

supposedly no i wrote a song about her

1039

00:46:05,370 --> 00:46:02,310

I'm sorry I'm a peasant I'm sorry I'm

1040

00:46:09,300 --> 00:46:05,380

sorry um you saying that Richard after

1041

00:46:18,440 --> 00:46:09,310

what you and I did on his show you

1042

00:46:21,330 --> 00:46:18,450

remember us recruit I there was a 832

1043

00:46:22,560 --> 00:46:21,340

second 34 second song that I wrote which

1044

00:46:24,270 --> 00:46:22,570

was just using the syllables of

1045

00:46:26,340 --> 00:46:24,280

someone's name and then the word sucks

1046

00:46:30,150 --> 00:46:26,350

at the end very immature very silly or

1047

00:46:34,830 --> 00:46:30,160

stupid I was sued for fifty thousand

1048

00:46:36,510 --> 00:46:34,840

dollars and she won even though even

1049

00:46:38,160 --> 00:46:36,520

though the judges name was Simpson and I

1050

00:46:41,670 --> 00:46:38,170

thought this is a good sign you know

1051

00:46:44,550 --> 00:46:41,680

judge Simpson cool like yeah but no the

1052

00:46:46,230 --> 00:46:44,560

judge sort of deferred judgment he made

1053

00:46:48,030 --> 00:46:46,240

an outrageous judgment figuring we would

1054

00:46:49,950 --> 00:46:48,040

appeal now the attorney that I was using

1055

00:46:52,590 --> 00:46:49,960

was an attorney that you get when you

1056

00:46:54,510 --> 00:46:52,600

are a poor struggling starving artist

1057

00:46:56,250 --> 00:46:54,520

there's a great organization called the

1058

00:46:58,290 --> 00:46:56,260

Philadelphia lawyer lawyers for the Arts

1059

00:47:01,380 --> 00:46:58,300

where you go you show them your tax form

1060

00:47:02,550 --> 00:47:01,390

they kind of laugh for a second and then

1061

00:47:04,350 --> 00:47:02,560

they say sure it will represent you

1062

00:47:07,500 --> 00:47:04,360

because yeah how did you get here you

1063

00:47:09,480 --> 00:47:07,510

know where'd you get cab fare how did

1064

00:47:10,500 --> 00:47:09,490

you pay for the gas in your car and they

1065

00:47:11,340 --> 00:47:10,510

were presented me and they kind of

1066

00:47:13,710 --> 00:47:11,350

messed up because they missed the

1067

00:47:15,450 --> 00:47:13,720

deadline my attorney said you actually

1068

00:47:16,800 --> 00:47:15,460

should sue us is what you should do I

1069

00:47:22,500 --> 00:47:16,810

sort of said I'm not going to sue

1070

00:47:25,770 --> 00:47:22,510

anybody so so i ended up i sort of never

1071

00:47:27,510 --> 00:47:25,780

really wrote another song with lyrics

1072

00:47:33,849 --> 00:47:27,520

but there is a song called litigious

1073

00:47:41,809 --> 00:47:40,190

depletion of trial and error and trial

1074

00:47:43,280 --> 00:47:41,819

and area trial error has an actual

1075

00:47:45,319 --> 00:47:43,290

little snippet from the trial the trial

1076

00:47:50,960 --> 00:47:45,329

was about 60 minutes long it was like

1077

00:47:54,500 --> 00:47:50,970

this great episode of Law & n haha and

1078

00:47:56,329 --> 00:47:54,510

and so it within within the within the

1079

00:47:57,740 --> 00:47:56,339

song which is also instrumental there is

1080

00:48:00,140 --> 00:47:57,750

an actual transcript from the trial

1081

00:48:01,760 --> 00:48:00,150

which to me was that was the crux of the

1082

00:48:04,010 --> 00:48:01,770

biscuit of the whole trial was in that

1083

00:48:05,329 --> 00:48:04,020

little was like five lines yeah can I

1084

00:48:07,099 --> 00:48:05,339

ask you about that do because you did a

1085

00:48:09,440 --> 00:48:07,109

whole episode where you did all the

1086

00:48:12,170 --> 00:48:09,450

voices yes the people from the trial

1087

00:48:14,990 --> 00:48:12,180

right and right out the judgment yes how

1088

00:48:16,609 --> 00:48:15,000

is that Commission to do that on oh yeah

1089

00:48:18,770 --> 00:48:16,619

that's that that's public public record

1090

00:48:21,530 --> 00:48:18,780

yeah so once you which is the funniest

1091

00:48:24,020 --> 00:48:21,540

thing is all of the headache and all of

1092

00:48:27,559 --> 00:48:24,030

the weirdness and all of the the years

1093

00:48:29,690 --> 00:48:27,569

of just garbage we had to go through was

1094

00:48:33,250 --> 00:48:29,700

all worth it because at one point they

1095

00:48:36,349 --> 00:48:33,260

had to play the song in the corner and

1096

00:48:40,309 --> 00:48:36,359

it was n number one it's now in the

1097

00:48:43,490 --> 00:48:40,319

public record forever number two it was

1098

00:48:45,859 --> 00:48:43,500

such kind of this Python moment of I I'm

1099

00:48:48,770 --> 00:48:45,869

sitting there saying don't smile too

1100

00:48:51,140 --> 00:48:48,780

broadly like you're gonna don't smile

1101

00:48:53,569 --> 00:48:51,150

don't don't and i just couldnt just

1102

00:48:56,329 --> 00:48:53,579

grinning and the witness another witness

1103

00:48:57,859 --> 00:48:56,339

who was a co-worker she's trying to hold

1104

00:49:01,160 --> 00:48:57,869

back a smile even though she was a

1105

00:49:02,750 --> 00:49:01,170

witness for the prosecution my attorney

1106

00:49:06,620 --> 00:49:02,760

says it's kind of funny isn't it she's

1107

00:49:08,359 --> 00:49:06,630

like its humors yes okay you know what

1108

00:49:11,450 --> 00:49:08,369

that's worth 50 grand right there that's

1109

00:49:13,880 --> 00:49:11,460

right that's what that was now to wrap

1110

00:49:15,230 --> 00:49:13,890

it up both okay so put this question to

1111

00:49:18,589 --> 00:49:15,240

you because it's I find it very

1112

00:49:22,520 --> 00:49:18,599

interesting i know i've spoken to steve

1113

00:49:22,850 --> 00:49:22,530

another about this being just really

1114

00:49:26,060 --> 00:49:22,860

nice

1115

00:49:28,700 --> 00:49:26,070

we are deeply deeply concerned involved

1116

00:49:32,810 --> 00:49:28,710

in skepticism also if you Daniel how do

1117

00:49:34,850 --> 00:49:32,820

you allocate your time what weight you

1118

00:49:37,850 --> 00:49:34,860

put on this project of that book project

1119

00:49:39,860 --> 00:49:37,860

like personally I maybe I do too much

1120

00:49:43,130 --> 00:49:39,870

but I find it so important like I do

1121

00:49:44,330 --> 00:49:43,140

didn't get a lot of time to my wife's in

1122

00:49:46,550 --> 00:49:44,340

the audience I think she'll tell you

1123

00:49:53,570 --> 00:49:46,560

that I just spend all of my time yeah

1124

00:49:55,480 --> 00:49:53,580

she's not I know I was just laughing

1125

00:50:00,620 --> 00:49:55,490

with the guys in my studio about this

1126  
00:50:02,390 --> 00:50:00,630  
basically my the sort of fun fundamental

1127  
00:50:04,460 --> 00:50:02,400  
tasks that I have to do during a quarter

1128  
00:50:06,470 --> 00:50:04,470  
are more or less enough to take out the

1129  
00:50:08,240 --> 00:50:06,480  
entire quarter but I do a lot of extra

1130  
00:50:12,350 --> 00:50:08,250  
projects and so all of it all of those

1131  
00:50:14,780 --> 00:50:12,360  
projects whenever I feel you know the

1132  
00:50:18,440 --> 00:50:14,790  
need to write a manifesto something like

1133  
00:50:19,970 --> 00:50:18,450  
that you know it comes at the expense of

1134  
00:50:22,940 --> 00:50:19,980  
some other desperate deadline I have

1135  
00:50:25,610 --> 00:50:22,950  
that's right so you know it's always the

1136  
00:50:27,110 --> 00:50:25,620  
wrong reckless decision to take on one

1137  
00:50:29,320 --> 00:50:27,120  
of those projects and yet sometimes you

1138  
00:50:32,000 --> 00:50:29,330

just have to yeah you know if there's a

1139

00:50:34,640 --> 00:50:32,010

faith healer coming to your town or if

1140

00:50:37,460 --> 00:50:34,650

there's you know somebody trying to sink

1141

00:50:40,700 --> 00:50:37,470

a piece of responsible legislation you

1142

00:50:42,680 --> 00:50:40,710

have to get to speak up when you have to

1143

00:50:44,630 --> 00:50:42,690

speak up and sometimes it's timely or

1144

00:50:46,250 --> 00:50:44,640

sometimes it's just a matter of not

1145

00:50:48,200 --> 00:50:46,260

being willing to leave a million

1146

00:50:50,360 --> 00:50:48,210

projects and the half done folder

1147

00:50:52,010 --> 00:50:50,370

forever so that sometimes you just have

1148

00:50:56,240 --> 00:50:52,020

to have two floor at and hope for the

1149

00:50:59,770 --> 00:50:56,250

best George yeah for me is skepticism is

1150

00:51:02,120 --> 00:50:59,780

such a such a tool in such a part of

1151  
00:51:04,400 --> 00:51:02,130  
every day every decision that you make

1152  
00:51:07,010 --> 00:51:04,410  
on some level you know in percentage

1153  
00:51:08,150 --> 00:51:07,020  
wise that I feel no matter what I'm

1154  
00:51:11,480 --> 00:51:08,160  
doing on whether I'm working on

1155  
00:51:14,090 --> 00:51:11,490  
something specifically for a skeptical

1156  
00:51:16,270 --> 00:51:14,100  
project song or a video or an

1157  
00:51:19,010 --> 00:51:16,280  
interviewer or you know going to tab

1158  
00:51:21,290 --> 00:51:19,020  
that's one thing but just in everyday

1159  
00:51:23,020 --> 00:51:21,300  
existence it's such a sort of key part

1160  
00:51:25,570 --> 00:51:23,030  
that I feel I get the kind of

1161  
00:51:28,420 --> 00:51:25,580  
utilize it and do it all the time I'm

1162  
00:51:32,020 --> 00:51:28,430  
very lucky in that what I do has

1163  
00:51:33,460 --> 00:51:32,030

afforded me the opportunity to let's put

1164

00:51:35,380 --> 00:51:33,470

it this way every bit of effort that

1165

00:51:38,800 --> 00:51:35,390

I've put into a skeptical project has

1166

00:51:40,960 --> 00:51:38,810

paid paid off paid back I'm a million

1167

00:51:43,300 --> 00:51:40,970

foam hearing there is no reason that you

1168

00:51:46,510 --> 00:51:43,310

guys should know who I am in terms of

1169

00:51:50,020 --> 00:51:46,520

logistics and soon will return back to

1170

00:51:52,120 --> 00:51:50,030

not know it's somehow you know you saw

1171

00:51:53,620 --> 00:51:52,130

this video that I did and and the

1172

00:51:55,810 --> 00:51:53,630

somehow the right people from the

1173

00:51:57,760 --> 00:51:55,820

giraffe and from Tam got involved in

1174

00:51:59,740 --> 00:51:57,770

Sutton it's like every little sort of

1175

00:52:01,450 --> 00:51:59,750

bit of effort that you put in at some

1176  
00:52:02,950 --> 00:52:01,460  
point writing a song like skeptic which

1177  
00:52:06,340 --> 00:52:02,960  
I wrote ten years ago when I was

1178  
00:52:08,500 --> 00:52:06,350  
visiting London with Slough and I didn't

1179  
00:52:10,630 --> 00:52:08,510  
sit down and think this will lead to a

1180  
00:52:14,890 --> 00:52:10,640  
panel panel the discussion with james

1181  
00:52:16,240 --> 00:52:14,900  
randi give its time that's not how I was

1182  
00:52:17,650 --> 00:52:16,250  
thinking but yet there was a lot of work

1183  
00:52:19,240 --> 00:52:17,660  
to finish the song and do it and someone

1184  
00:52:20,830 --> 00:52:19,250  
connected with it and saw something in

1185  
00:52:21,970 --> 00:52:20,840  
it and then when I met Jeff why I use

1186  
00:52:23,110 --> 00:52:21,980  
like oh you should do this and then you

1187  
00:52:24,910 --> 00:52:23,120  
make the other person yeah and that's

1188  
00:52:28,240 --> 00:52:24,920

how it works so any effort that you put

1189

00:52:30,460 --> 00:52:28,250

in and that's also the cool thing to

1190

00:52:34,030 --> 00:52:30,470

tell your listeners is that you can be a

1191

00:52:35,260 --> 00:52:34,040

complete nobody and have a tremendous

1192

00:52:37,960 --> 00:52:35,270

influence you know whether you're

1193

00:52:39,970 --> 00:52:37,970

hosting you know a bit of a radio

1194

00:52:41,770 --> 00:52:39,980

program on your website so that it can't

1195

00:52:43,360 --> 00:52:41,780

get taken down from someplace else it is

1196

00:52:44,710 --> 00:52:43,370

such a vital link in this sort of

1197

00:52:47,020 --> 00:52:44,720

skeptical chain that we're building and

1198

00:52:48,460 --> 00:52:47,030

anyone can be a part of it as long as as

1199

00:52:51,040 --> 00:52:48,470

long as you're doing it with a certain

1200

00:52:53,020 --> 00:52:51,050

enthusiasm at a certain of genuineness

1201

00:52:55,330 --> 00:52:53,030

yes and that's what's so cool I then

1202

00:52:57,310 --> 00:52:55,340

that's I'm that I'm the poster boy for

1203

00:52:59,230 --> 00:52:57,320

that because i have no degrees in

1204

00:53:01,060 --> 00:52:59,240

anything so you know who you are person

1205

00:53:03,400 --> 00:53:01,070

is on us that's true yes the little

1206

00:53:12,279 --> 00:53:03,410

poster boy any please join me thanking

1207

00:53:18,079 --> 00:53:15,079

for King can't sleep these and

1208

00:53:20,569 --> 00:53:18,089

Australian skeptics pin badges I'd like

1209

00:53:34,519 --> 00:53:20,579

to thank our dear friend Carly stitches

1210

00:53:36,079 --> 00:53:34,529

for yourself and gone through a G so

1211

00:53:38,180 --> 00:53:36,089

then you're listening to this episode of

1212

00:53:39,499 --> 00:53:38,190

skeptic zones keep tuned in the coming

1213

00:54:39,030 --> 00:53:39,509

weeks we'll be having lots of interviews

1214

00:54:46,690 --> 00:54:42,670

so that was the skeptics own life live

1215

00:54:48,700 --> 00:54:46,700

virus birthday edition what fun of it

1216

00:54:52,000 --> 00:54:48,710

makes us all very very very sad that we

1217

00:54:54,430 --> 00:54:52,010

weren't there oh I'm sorry I'm so next

1218

00:54:56,080 --> 00:54:54,440

year as you keep saying yeah we'll get

1219

00:54:58,000 --> 00:54:56,090

you there and you on a ship something i

1220

00:54:59,349 --> 00:54:58,010

hope i do but you've actually a few

1221

00:55:00,790 --> 00:54:59,359

photos and stuff in there too or they

1222

00:55:03,040 --> 00:55:00,800

have available through the skipper

1223

00:55:05,980 --> 00:55:03,050

website yeah if you go to the skeptics

1224

00:55:07,870 --> 00:55:05,990

own websites kept its own TV then go to

1225

00:55:09,280 --> 00:55:07,880

our photograph section there will be

1226

00:55:11,650 --> 00:55:09,290

photographs there from the skeptics

1227

00:55:14,050 --> 00:55:11,660
