00:00:20,410 --> 00:00:09,520  
welcome to the skeptic zone the podcast

2  
00:00:26,490 --> 00:00:22,990  
hello and welcome to the skeptic zone

3  
00:00:29,400 --> 00:00:26,500  
episode number 85 for the fourth of jun

00:00:33,040 --> 00:00:29,410  
2010 Richard Saunders here with you

00:00:35,260 --> 00:00:33,050  
better better this week my toes okay and

6  
00:00:38,320 --> 00:00:35,270  
my voice is okay so I'm pretty happy

7  
00:00:40,720 --> 00:00:38,330  
about that thank you to all those people

8  
00:00:42,670 --> 00:00:40,730  
who were concerned now I'm doing okay on

9  
00:00:45,910 --> 00:00:42,680  
this week's show I talked to my good

10  
00:00:48,009 --> 00:00:45,920  
friends Travis and Delroy from New

11  
00:00:50,890 --> 00:00:48,019  
Hampshire from the Granite State

12  
00:00:53,040 --> 00:00:50,900  
skeptics and following that we have the

13  
00:00:56,380 --> 00:00:53,050

think tank with dr. H II myself and

14

00:00:59,530 --> 00:00:56,390

special guest Maynard yes may not the

15

00:01:02,619 --> 00:00:59,540

radio host if you remember from triple j

16

00:01:06,219 --> 00:01:02,629

all those years ago still very much

17

00:01:08,350 --> 00:01:06,229

active on the radio of course I don't

18

00:01:12,039 --> 00:01:08,360

have anything else to add to that that's

19

00:01:27,940 --> 00:01:12,049

about it so sit back grab that root beer

20

00:01:34,249 --> 00:01:30,440

Travis Roy is the co-founder and

21

00:01:37,160 --> 00:01:34,259

president of Granite State skeptics with

22

00:01:39,949 --> 00:01:37,170

over 10 years experience in the IT field

23

00:01:43,130 --> 00:01:39,959

he uses this experience to leverage

24

00:01:47,090 --> 00:01:43,140

technology to advance skepticism on the

25

00:01:49,399 --> 00:01:47,100

grassroots level Dale Roy vice president

26  
00:01:51,319 --> 00:01:49,409  
of the Granite State skeptics there's a

27  
00:01:53,449 --> 00:01:51,329  
high school physical science teacher

28  
00:01:55,760 --> 00:01:53,459  
with eight years of experience in the

29  
00:01:58,010 --> 00:01:55,770  
classroom she brings her science

30  
00:02:00,410 --> 00:01:58,020  
background and experience to the

31  
00:02:03,620 --> 00:02:00,420  
skeptical community with her vibrant

32  
00:02:05,959 --> 00:02:03,630  
energy along with monthly skeptics in

33  
00:02:07,249 --> 00:02:05,969  
the pub meetings Granite State skeptics

34  
00:02:09,729 --> 00:02:07,259  
has been involved in press

35  
00:02:12,080 --> 00:02:09,739  
communications and conducting

36  
00:02:19,250 --> 00:02:12,090  
investigations of allegedly haunted

37  
00:02:21,770 --> 00:02:19,260  
locations and joining me all the way

38  
00:02:24,860 --> 00:02:21,780

from Hillsboro in sunny tropical New

39

00:02:27,020 --> 00:02:24,870

Hampshire it's travis roy hi Travis hey

40

00:02:28,729 --> 00:02:27,030

Richard how's it going it's going pretty

41

00:02:31,009 --> 00:02:28,739

well now I don't think New Hampshire's

42

00:02:33,129 --> 00:02:31,019

really that tropical isn't and that

43

00:02:36,800 --> 00:02:33,139

really it's been warm lately we have a

44

00:02:39,470 --> 00:02:36,810

95 degree day the last week so it's gets

45

00:02:40,819 --> 00:02:39,480

up there wow I wonder what that is in

46

00:02:45,140 --> 00:02:40,829

real temperature don't worry I'm sure

47

00:02:47,330 --> 00:02:45,150

our listeners can convert later now I'm

48

00:02:49,129 --> 00:02:47,340

very interested to know why did you get

49

00:02:53,479 --> 00:02:49,139

started or what's your interest in

50

00:02:55,220 --> 00:02:53,489

skepticism um I think it mostly stems

51  
00:02:58,099 --> 00:02:55,230  
from my interest in science and

52  
00:03:01,909 --> 00:02:58,109  
technology I've always been kind of a

53  
00:03:04,190 --> 00:03:01,919  
geeky person with computers my wife's a

54  
00:03:06,680 --> 00:03:04,200  
science teacher and then I think what

55  
00:03:08,900 --> 00:03:06,690  
really struck at home for me especially

56  
00:03:11,539 --> 00:03:08,910  
recently that caused me to get a little

57  
00:03:14,860 --> 00:03:11,549  
more active was uh that my

58  
00:03:18,319 --> 00:03:14,870  
brother-in-law's a little out there and

59  
00:03:21,470 --> 00:03:18,329  
that that really polarized me to to get

60  
00:03:23,240 --> 00:03:21,480  
information and get involved so I think

61  
00:03:24,530 --> 00:03:23,250  
that's basically where it comes from but

62  
00:03:26,420 --> 00:03:24,540  
I've always had a little bit of an

63  
00:03:29,110 --> 00:03:26,430

interest in science and technology and

64

00:03:33,440 --> 00:03:29,120

it's keyed into skepticism quite a bit

65

00:03:34,760 --> 00:03:33,450

can you point to any one any of the

66

00:03:36,770 --> 00:03:34,770

great skeptical figures

67

00:03:41,240 --> 00:03:36,780

science figures that also encouraged you

68

00:03:43,550 --> 00:03:41,250

or inspired you back in the early days

69

00:03:46,250 --> 00:03:43,560

probably Stephen Hawking watching a lot

70

00:03:50,120 --> 00:03:46,260

of that the Mythbusters of course is a

71

00:03:51,950 --> 00:03:50,130

big inspiration to a lot of us and then

72

00:03:54,200 --> 00:03:51,960

once I started getting into podcasting

73

00:03:57,140 --> 00:03:54,210

listening to podcasts of course the SG

74

00:03:59,900 --> 00:03:57,150

you and your podcast along with Brian

75

00:04:02,620 --> 00:03:59,910

Dunning sir Sceptile right yes that's

76

00:04:05,270 --> 00:04:02,630

that's great to hear well I'm pleased

77

00:04:06,200 --> 00:04:05,280

I'm pleased we're helping to make a bit

78

00:04:09,160 --> 00:04:06,210

of a difference out there it's

79

00:04:12,290 --> 00:04:09,170

surprising how many people come to the

80

00:04:14,390 --> 00:04:12,300

skeptic zone via the skeptics guide to

81

00:04:15,950 --> 00:04:14,400

the universal and I must thank Stephen

82

00:04:20,240 --> 00:04:15,960

give him a bottle of scotch one day for

83

00:04:22,490 --> 00:04:20,250

that now tell me a little bit about New

84

00:04:26,090 --> 00:04:22,500

Hampshire what's it like and what's the

85

00:04:27,410 --> 00:04:26,100

skeptical movement like that uh New

86

00:04:29,240 --> 00:04:27,420

Hampshire is pretty interesting we've

87

00:04:32,540 --> 00:04:29,250

been going through a lot of changes

88

00:04:35,630 --> 00:04:32,550

lately it's it when I was growing up as

89

00:04:39,290 --> 00:04:35,640

a kid it was very conservative more

90

00:04:41,840 --> 00:04:39,300

religious it's it's now starting to lean

91

00:04:43,970 --> 00:04:41,850

them a little more to the left people

92

00:04:46,070 --> 00:04:43,980

are starting to be more vocal I've lived

93

00:04:48,050 --> 00:04:46,080

here all my life and I'm 33 now so it's

94

00:04:51,820 --> 00:04:48,060

been an interesting 33 years living in

95

00:04:54,880 --> 00:04:51,830

the state just to see the changes you

96

00:04:57,770 --> 00:04:54,890

seeing that the state is sort of

97

00:05:01,730 --> 00:04:57,780

changing a little bit was it looked like

98

00:05:05,900 --> 00:05:01,740

the deep south was it not very critical

99

00:05:08,780 --> 00:05:05,910

up there what was the story no it wasn't

100

00:05:11,030 --> 00:05:08,790

quite that bad it was um it was just it

101

00:05:15,440 --> 00:05:11,040

there was religion but it wasn't really

102

00:05:17,000 --> 00:05:15,450

pushed on you it was it was just um it's

103

00:05:18,590 --> 00:05:17,010

it's kind of hard to explain because

104

00:05:20,570 --> 00:05:18,600

we're kind of in that we were kind of in

105

00:05:23,780 --> 00:05:20,580

the middle and and now we're moving more

106

00:05:25,460 --> 00:05:23,790

I don't know how to say it I don't

107

00:05:28,550 --> 00:05:25,470

really want to say liberal because we

108

00:05:31,220 --> 00:05:28,560

got kind of a free State movement that's

109

00:05:34,010 --> 00:05:31,230

moving in that's more libertarian but

110

00:05:35,870 --> 00:05:34,020

it's uh it's just an interesting dynamic

111

00:05:38,120 --> 00:05:35,880

of people because there's little pockets

112

00:05:41,320 --> 00:05:38,130

within the state that are that are very

113

00:05:45,850 --> 00:05:41,330

different Manchester is very

114

00:05:48,710 --> 00:05:45,860

forward-thinking more open to new ideas

115

00:05:50,270 --> 00:05:48,720

the the out in the Keen air

116

00:05:52,550 --> 00:05:50,280

area in the western side of the state

117

00:05:56,330 --> 00:05:52,560

where where our mutual friend kitties

118

00:05:57,500 --> 00:05:56,340

from is kind of hippie ish and then the

119

00:06:00,290 --> 00:05:57,510

further north you go the more

120

00:06:03,440 --> 00:06:00,300

conservative it goes and and way up

121

00:06:06,560 --> 00:06:03,450

north it actually is kind of I don't

122

00:06:10,220 --> 00:06:06,570

want to say like the south but much much

123

00:06:12,530 --> 00:06:10,230

more religious and and and however until

124

00:06:14,510 --> 00:06:12,540

recently i don't know i don't think

125

00:06:16,370 --> 00:06:14,520

there was an organized skeptical

126

00:06:18,980 --> 00:06:16,380

movement and now of course we have the

127

00:06:21,230 --> 00:06:18,990

Granite State skeptics can you tell me a

128

00:06:24,590 --> 00:06:21,240

bit about the history of that yeah of

129

00:06:27,200 --> 00:06:24,600

course originally it started probably

130

00:06:29,420 --> 00:06:27,210

about three years ago we had a few false

131

00:06:32,060 --> 00:06:29,430

starts it was myself and a friend of

132

00:06:33,890 --> 00:06:32,070

mine and we originally were going to

133

00:06:36,620 --> 00:06:33,900

become a chapter of the New England

134

00:06:37,970 --> 00:06:36,630

skeptical society and through that we

135

00:06:39,800 --> 00:06:37,980

found out that there was actually an

136

00:06:42,860 --> 00:06:39,810

older skeptical group called the New

137

00:06:45,380 --> 00:06:42,870

Hampshire skeptics that ended up

138

00:06:47,360 --> 00:06:45,390

fizzling out and that's part of the

139

00:06:49,190 --> 00:06:47,370

reason why we're Granite State skeptics

140

00:06:50,480 --> 00:06:49,200

rather than New Hampshire skeptics is we

141

00:06:53,510 --> 00:06:50,490

didn't want to be confused with that

142

00:06:58,820 --> 00:06:53,520

former group so after a few false starts

143

00:07:00,920 --> 00:06:58,830

and not really a falling out but a chain

144

00:07:04,700 --> 00:07:00,930

a different idea of the direction of the

145

00:07:05,750 --> 00:07:04,710

group my friend kind of dropped off and

146

00:07:09,950 --> 00:07:05,760

isn't really part of the movement

147

00:07:12,170 --> 00:07:09,960

anymore and then we had meetings here

148

00:07:16,430 --> 00:07:12,180

and there but we didn't really gain much

149

00:07:19,640 --> 00:07:16,440

traction and then after after tam seven

150

00:07:23,210 --> 00:07:19,650

it really energized me to to get

151  
00:07:25,159 --> 00:07:23,220  
something going to really you know get

152  
00:07:27,680 --> 00:07:25,169  
my feet on the ground and start running

153  
00:07:29,780 --> 00:07:27,690  
with this so I started doing more

154  
00:07:33,230 --> 00:07:29,790  
promotion I started getting more people

155  
00:07:35,900 --> 00:07:33,240  
involved you were a huge help Rebecca

156  
00:07:39,140 --> 00:07:35,910  
and Jay from the SGU helped promote some

157  
00:07:42,290 --> 00:07:39,150  
of our our stuff I made some great

158  
00:07:44,360 --> 00:07:42,300  
contacts at tam seven and we really

159  
00:07:46,100 --> 00:07:44,370  
started moving forward and not we

160  
00:07:49,100 --> 00:07:46,110  
started doing events and having regular

161  
00:07:51,080 --> 00:07:49,110  
meetings and and just having a great

162  
00:07:54,350 --> 00:07:51,090  
time doing it what are the main issues

163  
00:07:55,940 --> 00:07:54,360

that the Granite State skeptics look at

164

00:07:57,560 --> 00:07:55,950

all tackle up there and I wonder if it's

165

00:08:01,190 --> 00:07:57,570

different from other areas of the United

166

00:08:02,119 --> 00:08:01,200

States um I don't think it's really that

167

00:08:05,869 --> 00:08:02,129

much

168

00:08:09,469 --> 00:08:05,879

different as a whole I mean we have our

169

00:08:12,320 --> 00:08:09,479

pockets of things like people letter an

170

00:08:14,059 --> 00:08:12,330

evac sand there's actually a movement

171

00:08:15,109 --> 00:08:14,069

that's that's starting with that and

172

00:08:19,299 --> 00:08:15,119

they're they're going the whole

173

00:08:21,949 --> 00:08:19,309

pro-choice mentality and kind of

174

00:08:25,639 --> 00:08:21,959

sneaking people in the door that way and

175

00:08:27,589 --> 00:08:25,649

then I think the one thing that we we

176

00:08:30,229 --> 00:08:27,599

get a little more of up here in the

177

00:08:33,409 --> 00:08:30,239

Northeast then the rest of the country

178

00:08:35,089 --> 00:08:33,419

is probably more of the ghost haunting

179

00:08:38,360 --> 00:08:35,099

type of thing because we're the whole

180

00:08:40,329 --> 00:08:38,370

thing I had that that's right of course

181

00:08:43,819 --> 00:08:40,339

one of the oldest parts of the country

182

00:08:46,040 --> 00:08:43,829

up there settled and established a long

183

00:08:48,679 --> 00:08:46,050

long time before many other parts of the

184

00:08:51,920 --> 00:08:48,689

country of course and yes New England is

185

00:08:54,620 --> 00:08:51,930

famous for its ghosts and in the old

186

00:08:56,929 --> 00:08:54,630

days I guess witches yes and actually

187

00:08:59,230 --> 00:08:56,939

one of the events that were planning for

188

00:09:03,410 --> 00:08:59,240

hopefully near the end of the summer or

189

00:09:05,300 --> 00:09:03,420

early fall is a day trip out to Salem

190

00:09:09,590 --> 00:09:05,310

Massachusetts where the witch trials

191

00:09:11,360 --> 00:09:09,600

happened and do walking tour or of that

192

00:09:13,999 --> 00:09:11,370

town and I've been there quite a few

193

00:09:16,009 --> 00:09:14,009

times and it's it's so even if you take

194

00:09:20,269 --> 00:09:16,019

all that stuff away it's a lovely lovely

195

00:09:22,189 --> 00:09:20,279

town to wander through but um so yeah we

196

00:09:25,370 --> 00:09:22,199

actually did a haunted investigation

197

00:09:27,499 --> 00:09:25,380

this past Halloween where we

198

00:09:30,379 --> 00:09:27,509

investigated a allegedly haunted

199

00:09:32,179 --> 00:09:30,389

building it's now the Goffstown

200

00:09:34,699 --> 00:09:32,189

Historical Society that's the town that

201

00:09:36,530 --> 00:09:34,709

I actually grew up in and I had some

202

00:09:38,990 --> 00:09:36,540

contact so we were able to work that out

203

00:09:42,819 --> 00:09:39,000

we didn't really find anything we were

204

00:09:45,550 --> 00:09:42,829

able to conjure up some orbs uh by that

205

00:09:48,920 --> 00:09:45,560

kitty was helping us with that she she

206

00:09:51,679 --> 00:09:48,930

she shook a sheet and that gave us some

207

00:09:55,550 --> 00:09:51,689

dust orbs other than that we didn't find

208

00:09:57,290 --> 00:09:55,560

much there and then the other thing that

209

00:09:59,990 --> 00:09:57,300

we recently did was there was the

210

00:10:04,519 --> 00:10:00,000

Granite State comic-con which we had a

211

00:10:07,040 --> 00:10:04,529

skeptics panel on and it was myself and

212

00:10:09,559 --> 00:10:07,050

a few members of the Granite State

213

00:10:12,350 --> 00:10:09,569

skeptics and we had the new jay ref

214

00:10:15,800 --> 00:10:12,360

director of education michael blandford

215

00:10:18,170 --> 00:10:15,810

with us and we discussed ghosts and

216

00:10:20,030 --> 00:10:18,180

ufos which New Hampshire has a nice

217

00:10:23,420 --> 00:10:20,040

history of with Betty and Barney Hill

218

00:10:25,610 --> 00:10:23,430

aha yes that was that was a great fun

219

00:10:27,410 --> 00:10:25,620

the turnout wasn't quite as good as I'd

220

00:10:29,150 --> 00:10:27,420

expect but we had a lot of supporters

221

00:10:31,250 --> 00:10:29,160

there and it was it was a really good

222

00:10:33,890 --> 00:10:31,260

time we had a great moderator that play

223

00:10:37,910 --> 00:10:33,900

devil's advocate that kind of kept the

224

00:10:40,880 --> 00:10:37,920

conversation moving so yeah it's good

225

00:10:43,790 --> 00:10:40,890

fun well I'm pleased to hear that I'm

226

00:10:45,530 --> 00:10:43,800

sure that it's like Dragon Con of course

227

00:10:47,660 --> 00:10:45,540

they had a skeptical event there a

228

00:10:49,460 --> 00:10:47,670

couple years back three or four years

229

00:10:51,700 --> 00:10:49,470

back and the next year they had their

230

00:10:54,170 --> 00:10:51,710

own track and now it's getting into

231

00:10:56,240 --> 00:10:54,180

giant proportions so maybe that sort of

232

00:10:58,519 --> 00:10:56,250

thing will catch on up there in the next

233

00:11:00,800 --> 00:10:58,529

convention but I'd love to visit New

234

00:11:02,570 --> 00:11:00,810

Hampshire I'd love to I think one of my

235

00:11:04,930 --> 00:11:02,580

favorite investigations are ghosties

236

00:11:08,540 --> 00:11:04,940

although like you I've yet to actually

237

00:11:10,730 --> 00:11:08,550

experience or see one or touch one or or

238

00:11:11,930 --> 00:11:10,740

hear one or whatever the case may be it

239

00:11:14,420 --> 00:11:11,940

still it's great fun to go around

240

00:11:16,130 --> 00:11:14,430

historical areas and creepy houses and

241

00:11:18,380 --> 00:11:16,140

things like that and I'm sure New

242

00:11:21,500 --> 00:11:18,390

Hampshire must have it's more than its

243

00:11:23,120 --> 00:11:21,510

fair share of creepy locations yeah and

244

00:11:26,720 --> 00:11:23,130

in fact one of the things that came up

245

00:11:29,090 --> 00:11:26,730

during the panel was that you know if

246

00:11:30,740 --> 00:11:29,100

you don't know what something is then

247

00:11:32,840 --> 00:11:30,750

you don't know what it is it doesn't

248

00:11:35,450 --> 00:11:32,850

necessarily mean that it's a ghost er an

249

00:11:39,500 --> 00:11:35,460

alien and my wife and I gave the example

250

00:11:41,810 --> 00:11:39,510

of the house that I grew up in which is

251

00:11:43,250 --> 00:11:41,820

over a hundred years old and the

252

00:11:45,500 --> 00:11:43,260

original House actually burnt to the

253

00:11:47,540 --> 00:11:45,510

ground and there were some creepy things

254

00:11:50,000 --> 00:11:47,550

in that house that even now I still

255

00:11:52,220 --> 00:11:50,010

can't explain but that doesn't

256

00:11:55,610 --> 00:11:52,230

necessarily mean that it was a ghost it

257

00:11:57,410 --> 00:11:55,620

just means we don't know what it is yeah

258

00:12:03,020 --> 00:11:57,420

it's it reminds me of the house I grew

259

00:12:05,270 --> 00:12:03,030

up in in the mid to mid 70s to early 80s

260

00:12:09,320 --> 00:12:05,280

it was a very old house built in the

261

00:12:10,970 --> 00:12:09,330

1800's sometime or other and every now

262

00:12:13,430 --> 00:12:10,980

and then would hear what we thought was

263

00:12:15,530 --> 00:12:13,440

kids where was the ghost walking down

264

00:12:16,970 --> 00:12:15,540

the hallway and when we were in another

265

00:12:19,699 --> 00:12:16,980

room and would hear something that

266

00:12:23,390 --> 00:12:19,709

sounded like footsteps but I'm sure

267

00:12:25,040 --> 00:12:23,400

there's another explanation yeah but it

268

00:12:26,480 --> 00:12:25,050

was fun to grow up in something that I

269

00:12:29,210 --> 00:12:26,490

thought was a haunted house at the time

270

00:12:29,689 --> 00:12:29,220

as a little kid and it's interesting you

271

00:12:32,449 --> 00:12:29,699

say you

272

00:12:34,039 --> 00:12:32,459

sort of energized after tam 7 I wonder

273

00:12:37,759 --> 00:12:34,049

if that's because you took part in the

274

00:12:41,840 --> 00:12:37,769

Las Vegas think tank like that must have

275

00:12:43,460 --> 00:12:41,850

been it I remember that very well that

276

00:12:46,220 --> 00:12:43,470

was great fun sitting down there in the

277

00:12:47,840 --> 00:12:46,230

in the bar in the huge gambling area and

278

00:12:50,359 --> 00:12:47,850

having a group of skeptic sitting around

279

00:12:51,919 --> 00:12:50,369

the table they're doing the the think

280

00:12:53,960 --> 00:12:51,929

tank and we'll have to do another one I

281

00:12:58,159 --> 00:12:53,970

think in a couple of weeks we'll roll it

282

00:13:00,259 --> 00:12:58,169

tam 8 yes and I and I think that since

283

00:13:02,929 --> 00:13:00,269

they know that you did one last year

284

00:13:05,650 --> 00:13:02,939

that we may have a bigger turnout of

285

00:13:08,329 --> 00:13:05,660

people this year if we do do it again I

286

00:13:09,650 --> 00:13:08,339

hope so I hope so that was that was

287

00:13:10,999 --> 00:13:09,660

great and we even had a food

288

00:13:12,289 --> 00:13:11,009

announcement it wasn't a bus

289

00:13:15,759 --> 00:13:12,299

announcement but it was a food

290

00:13:18,259 --> 00:13:15,769

announcement so we sort of did okay yeah

291

00:13:21,289 --> 00:13:18,269

and of course one of the topics of Tam

292

00:13:25,159 --> 00:13:21,299

Las Vegas this year undoubtedly will be

293

00:13:26,929 --> 00:13:25,169

Tam australia and i was so pleased to

294

00:13:29,539 --> 00:13:26,939

hear earlier in the year when you said

295

00:13:33,559 --> 00:13:29,549

that you could not only come out to

296

00:13:37,069 --> 00:13:33,569

Australia but be part of Tam Australia

297

00:13:41,150 --> 00:13:37,079

itself yes I was very excited to hear

298

00:13:43,069 --> 00:13:41,160

that and I can't wait my wife Dale who's

299

00:13:45,559 --> 00:13:43,079

also the vice president of Granite State

300

00:13:47,150 --> 00:13:45,569

skeptics and i were really really

301

00:13:49,159 --> 00:13:47,160

looking forward to our trip we're

302

00:13:51,889 --> 00:13:49,169

actually planning on doing some scuba

303

00:13:55,039 --> 00:13:51,899

diving before heading down to to Sydney

304

00:13:59,119 --> 00:13:55,049

for Tam so we actually just started our

305

00:14:01,220 --> 00:13:59,129

scuba lessons yesterday and yeah we

306

00:14:03,079 --> 00:14:01,230

can't wait it's going to be it's going

307

00:14:06,049 --> 00:14:03,089

to be interesting with a huge mass of

308

00:14:07,460 --> 00:14:06,059

skeptics especially I know quite a few

309

00:14:10,129 --> 00:14:07,470

people from the states that are going

310

00:14:15,889 --> 00:14:10,139

and I have a feeling we're going to take

311

00:14:17,900 --> 00:14:15,899

over sections of Sydney I certainly hope

312

00:14:19,069 --> 00:14:17,910

so no I'm we're all looking forward to

313

00:14:21,409 --> 00:14:19,079

it of course we're all working very hard

314

00:14:25,549 --> 00:14:21,419

here in Australia to a to get it all

315

00:14:29,239 --> 00:14:25,559

going and now I'm talking to Dale Roy hi

316

00:14:31,369 --> 00:14:29,249

Dale I now you of course have a

317

00:14:34,579 --> 00:14:31,379

background in science being a science

318

00:14:37,519 --> 00:14:34,589

teacher how how do you find that relates

319

00:14:39,669 --> 00:14:37,529

or two you're skeptical outlook and does

320

00:14:43,519 --> 00:14:39,679

that really give you a good health I

321

00:14:47,150 --> 00:14:43,529

think that my side

322

00:14:50,439 --> 00:14:47,160

its background is actually really helped

323

00:14:53,809 --> 00:14:50,449

out with my joining the skeptical

324

00:14:57,650 --> 00:14:53,819

community and my outlook I find that the

325

00:15:01,759 --> 00:14:57,660

to meld so well together that it allows

326

00:15:04,280 --> 00:15:01,769

me to see more of the argument that's

327

00:15:06,590 --> 00:15:04,290

being presented to me so I can come at

328

00:15:09,559 --> 00:15:06,600

from both sides whereas before I felt

329

00:15:12,199 --> 00:15:09,569

kinda one sided where it was like I

330

00:15:14,480 --> 00:15:12,209

would only focus on the science point of

331

00:15:16,910 --> 00:15:14,490

view and not so much the questions that

332

00:15:19,879 --> 00:15:16,920

may be raised around it which sounds

333

00:15:21,980 --> 00:15:19,889

kind of odd but you end up just getting

334

00:15:25,429 --> 00:15:21,990

into this groove and you just follow

335

00:15:27,980 --> 00:15:25,439

this path and that's it and on the flip

336

00:15:29,720 --> 00:15:27,990

side being involved in the skeptical

337

00:15:31,879 --> 00:15:29,730

movement now learning the new things

338

00:15:34,989 --> 00:15:31,889

that you've no doubt learnt has that

339

00:15:39,799 --> 00:15:34,999

changed or help your science teaching

340

00:15:43,069 --> 00:15:39,809

yeah I try to emphasize more on the

341

00:15:47,860 --> 00:15:43,079

thinking and what science is about and

342

00:15:50,720 --> 00:15:47,870

not so much on presenting the facts um

343

00:15:53,990 --> 00:15:50,730

science facts are nice but if the kids

344

00:15:56,299 --> 00:15:54,000

can't think or put together information

345

00:15:59,329 --> 00:15:56,309

and come up with a conclusion you know

346

00:16:00,949 --> 00:15:59,339

it's not really useful in any way yes I

347

00:16:03,650 --> 00:16:00,959

absolutely agree I see your point

348

00:16:05,480 --> 00:16:03,660

because myself and dr. HC do science

349

00:16:07,369 --> 00:16:05,490

education to where we get out there and

350

00:16:11,269 --> 00:16:07,379

do our little mystery investigator show

351

00:16:14,470 --> 00:16:11,279

which is a great fun but I I tried to

352

00:16:17,600 --> 00:16:14,480

take the angle of entertaining and

353

00:16:20,299 --> 00:16:17,610

capturing the interest of kids when

354

00:16:22,790 --> 00:16:20,309

we're teaching science instead of just

355

00:16:25,100 --> 00:16:22,800

sitting down and telling them that works

356

00:16:27,919 --> 00:16:25,110

this way they can all be involved with

357

00:16:34,280 --> 00:16:27,929

it I try to do that with my class as

358

00:16:40,519 --> 00:16:34,290

well I tried to be less of a orator and

359

00:16:44,480 --> 00:16:40,529

more of a entertainer and I try to do a

360

00:16:46,280 --> 00:16:44,490

lot of activities with them so sometimes

361

00:16:47,629 --> 00:16:46,290

it works out for me and sometimes I've

362

00:16:50,419 --> 00:16:47,639

had a hard time with it for certain

363

00:16:54,499 --> 00:16:50,429

topics that I have to cover in the

364

00:16:56,639 --> 00:16:54,509

classroom but I do my best to not just

365

00:16:59,280 --> 00:16:56,649

talk at them

366

00:17:02,660 --> 00:16:59,290

so I wish I could be more like like your

367

00:17:06,289 --> 00:17:02,670

show and be more entertaining unless

368

00:17:11,850 --> 00:17:06,299

rigid and following curriculum to a

369

00:17:13,049 --> 00:17:11,860

certain point okay no I i I'm glad that

370

00:17:14,669 --> 00:17:13,059

you are actually making an effort

371

00:17:18,029 --> 00:17:14,679

because I think it will make a

372

00:17:20,370 --> 00:17:18,039

difference um in your science education

373

00:17:21,929 --> 00:17:20,380

to take that angle and I'm very pleased

374

00:17:23,519 --> 00:17:21,939

to hear that you're doing that now

375

00:17:27,480 --> 00:17:23,529

what's your involvement with the Granite

376

00:17:32,399 --> 00:17:27,490

State skeptics exactly I attend meetings

377

00:17:36,149 --> 00:17:32,409

and I help Travis try to set up speakers

378

00:17:39,419 --> 00:17:36,159

he's really the person who's taken

379

00:17:41,130 --> 00:17:39,429

control of the whole thing and I i would

380

00:17:44,490 --> 00:17:41,140

say i guess my role right now would be

381

00:17:48,480 --> 00:17:44,500

trying to get him to communicate to me

382

00:17:51,510 --> 00:17:48,490

what he needs done so i can be more

383

00:17:53,789 --> 00:17:51,520

helpful he kind of just he's a more of a

384

00:17:58,080 --> 00:17:53,799

take charge and he has an idea and he's

385

00:18:00,659 --> 00:17:58,090

going to go with it so i try to assist

386

00:18:02,850 --> 00:18:00,669

as much as i can do you do

387

00:18:06,180 --> 00:18:02,860

investigations to have you visited a

388

00:18:09,590 --> 00:18:06,190

haunted house yes i attended the haunt

389

00:18:14,340 --> 00:18:09,600

investigation with travis and kitty I

390

00:18:17,190 --> 00:18:14,350

was the one holding the video camera I'm

391

00:18:19,500 --> 00:18:17,200

jealous i love visiting so-called

392

00:18:21,389 --> 00:18:19,510

haunted houses and as i was saying to

393

00:18:24,630 --> 00:18:21,399

travis early in new england is certainly

394

00:18:28,560 --> 00:18:24,640

full of them yes we have a long

395

00:18:32,610 --> 00:18:28,570

sordid history and will i be seeing you

396

00:18:37,260 --> 00:18:32,620

at tam las vegas yes you will excellent

397

00:18:39,450 --> 00:18:37,270

bells on with bells on oh he hear you

398

00:18:42,269 --> 00:18:39,460

coming down the hallway we are all very

399

00:18:44,490 --> 00:18:42,279

excited in australia by coming over to

400

00:18:47,010 --> 00:18:44,500

to Tam bogus and of course you're

401  
00:18:50,250 --> 00:18:47,020  
joining Travis here for Tam Australia

402  
00:18:53,340 --> 00:18:50,260  
yeah I am really really really excited

403  
00:18:55,980 --> 00:18:53,350  
about that I can't wait been counting

404  
00:18:57,330 --> 00:18:55,990  
down the days we are all looking forward

405  
00:19:01,649 --> 00:18:57,340  
to it because we're going to have so

406  
00:19:03,870 --> 00:19:01,659  
many people here and including yourself

407  
00:19:06,029 --> 00:19:03,880  
and Travis which will be just fantastic

408  
00:19:09,870 --> 00:19:06,039  
well Dale thanks for having a little

409  
00:19:10,409 --> 00:19:09,880  
chat well thank you for having me on so

410  
00:19:13,499 --> 00:19:10,419  
back with

411  
00:19:15,539 --> 00:19:13,509  
to Travis now Travis you are very keen

412  
00:19:18,720 --> 00:19:15,549  
and interested on something in something

413  
00:19:21,060 --> 00:19:18,730

i did a little while ago about the Power

414

00:19:23,210 --> 00:19:21,070

Balance magical power balance bracelet

415

00:19:25,349 --> 00:19:23,220

and I think you were very active on

416

00:19:28,710 --> 00:19:25,359

Facebook maybe our listeners would like

417

00:19:31,499 --> 00:19:28,720

to hear about that yeah so um so shortly

418

00:19:35,430 --> 00:19:31,509

after you aired your show about that I

419

00:19:38,970 --> 00:19:35,440

know we had some discussions about it

420

00:19:42,330 --> 00:19:38,980

about how it was done and and then I

421

00:19:44,729 --> 00:19:42,340

started looking on facebook and some of

422

00:19:47,639 --> 00:19:44,739

the Australian skeptics down there most

423

00:19:49,560 --> 00:19:47,649

notably Dave the happy singer was really

424

00:19:51,810 --> 00:19:49,570

kind of leading the charge on getting

425

00:19:53,430 --> 00:19:51,820

the australia and the official

426

00:19:56,399 --> 00:19:53,440

australian power balance facebook

427

00:19:58,289 --> 00:19:56,409

fanpage taken down and by the time i got

428

00:20:02,070 --> 00:19:58,299

involved that one was already down but

429

00:20:06,269 --> 00:20:02,080

the the international one or i guess the

430

00:20:07,979 --> 00:20:06,279

us-centric one was still up so with the

431

00:20:10,919 --> 00:20:07,989

help of some of the australian skeptics

432

00:20:13,229 --> 00:20:10,929

and and myself and a few other people

433

00:20:14,549 --> 00:20:13,239

really started bombarding them and and

434

00:20:16,889 --> 00:20:14,559

one thing that was really interesting

435

00:20:20,700 --> 00:20:16,899

that was that was a huge win for us and

436

00:20:24,239 --> 00:20:20,710

was such a boost to to our movement was

437

00:20:25,979 --> 00:20:24,249

that there was one person that was she

438

00:20:27,989 --> 00:20:25,989

was like oh no I have one I know it

439

00:20:31,259 --> 00:20:27,999

works it's it's it's it's a great

440

00:20:33,960 --> 00:20:31,269

product and we kept hammering her and

441

00:20:35,789 --> 00:20:33,970

were like no no listen don't listen to

442

00:20:38,489 --> 00:20:35,799

the power balance bracelet guys but

443

00:20:41,849 --> 00:20:38,499

don't listen to us either do this test

444

00:20:43,440 --> 00:20:41,859

so I laid out a protocol for her to test

445

00:20:46,859 --> 00:20:43,450

it very similar to the one that you did

446

00:20:49,859 --> 00:20:46,869

on that a news program and and she did

447

00:20:53,159 --> 00:20:49,869

it and she realized that it was placebo

448

00:20:55,979 --> 00:20:53,169

and then immediately and she's still a

449

00:20:59,669 --> 00:20:55,989

big supporter of us is immediately she

450

00:21:02,639 --> 00:20:59,679

started helping us you know at attack

451  
00:21:04,710 --> 00:21:02,649  
the claims that they were making and it

452  
00:21:07,950 --> 00:21:04,720  
was probably a week after that that they

453  
00:21:10,649 --> 00:21:07,960  
took down the site and I mean we we made

454  
00:21:12,389 --> 00:21:10,659  
complaints to facebook also because it

455  
00:21:15,269 --> 00:21:12,399  
was very clear that they were setting up

456  
00:21:17,159 --> 00:21:15,279  
you know shadow accounts that they were

457  
00:21:18,839 --> 00:21:17,169  
only friends with each other and friends

458  
00:21:20,729 --> 00:21:18,849  
with people that worked for the company

459  
00:21:23,249 --> 00:21:20,739  
and it was only a handful of people and

460  
00:21:24,210 --> 00:21:23,259  
they were new accounts and we don't know

461  
00:21:26,279 --> 00:21:24,220  
we really don't

462  
00:21:28,770 --> 00:21:26,289  
no if Facebook took the page down or if

463  
00:21:30,510 --> 00:21:28,780

they took the page down but the more it

464

00:21:32,100 --> 00:21:30,520

goes on the more I think Facebook did

465

00:21:34,500 --> 00:21:32,110

because if you still go to the power

466

00:21:36,510 --> 00:21:34,510

balance website they have a little icon

467

00:21:38,039 --> 00:21:36,520

to go to their Facebook fan page and if

468

00:21:42,240 --> 00:21:38,049

you click on it it just brings you to

469

00:21:43,620 --> 00:21:42,250

your default page so I'm leaning towards

470

00:21:45,600 --> 00:21:43,630

the fact that Facebook took them down

471

00:21:48,960 --> 00:21:45,610

but regardless I don't really care it's

472

00:21:51,409 --> 00:21:48,970

not there anymore it's the it's nice to

473

00:21:55,169 --> 00:21:51,419

hear that somebody actually a believer

474

00:21:57,180 --> 00:21:55,179

actually was open-minded enough to to

475

00:22:00,930 --> 00:21:57,190

question and test their belief that's

476

00:22:04,380 --> 00:22:00,940

that's all too rare yes yes we were all

477

00:22:07,049 --> 00:22:04,390

very happy about that but then further

478

00:22:11,279 --> 00:22:07,059

on that when when you guys had the

479

00:22:13,860 --> 00:22:11,289

report about finding the wholesaler ah I

480

00:22:15,510 --> 00:22:13,870

forget the name of the website but the

481

00:22:17,850 --> 00:22:15,520

the Chinese wholesaler where you could

482

00:22:20,220 --> 00:22:17,860

get them really cheap I decided to start

483

00:22:21,659 --> 00:22:20,230

looking into that so I went to the I

484

00:22:24,240 --> 00:22:21,669

went to the website and I did some

485

00:22:26,520 --> 00:22:24,250

digging and the problem with that is is

486

00:22:29,460 --> 00:22:26,530

that the minimum orders are huge needs

487

00:22:31,649 --> 00:22:29,470

is 500 500 items a thousand items and

488

00:22:33,299 --> 00:22:31,659

i'm not i'm not going to buy 500 power

489

00:22:35,490 --> 00:22:33,309

balance bracelets no matter how cheap

490

00:22:37,680 --> 00:22:35,500

they are so i started emailing them

491

00:22:40,289 --> 00:22:37,690

asking if they would supply samples and

492

00:22:43,350 --> 00:22:40,299

one of the companies actually agreed to

493

00:22:45,539 --> 00:22:43,360

give me this three samples for free I

494

00:22:47,220 --> 00:22:45,549

just have to pay for shipping and it was

495

00:22:50,100 --> 00:22:47,230

coming from Hong Kong so that was like

496

00:22:51,510 --> 00:22:50,110

twenty five dollars but it was worth it

497

00:22:54,240 --> 00:22:51,520

to me to actually get my hands on some

498

00:22:56,250 --> 00:22:54,250

real power balance bracelets and use

499

00:22:58,710 --> 00:22:56,260

them in the skeptics in the pub kind of

500

00:23:00,000 --> 00:22:58,720

setting to demonstrate how they're how

501  
00:23:01,799 --> 00:23:00,010  
they're used with your applied

502  
00:23:04,590 --> 00:23:01,809  
kinesiology technique that you showed on

503  
00:23:05,909 --> 00:23:04,600  
your YouTube video so yeah it was really

504  
00:23:07,649 --> 00:23:05,919  
interesting because the guy was like oh

505  
00:23:09,360 --> 00:23:07,659  
yeah what colors do you want what kind

506  
00:23:11,610 --> 00:23:09,370  
of packaging do you want there was all

507  
00:23:13,860 --> 00:23:11,620  
different kinds of packaging and and it

508  
00:23:16,049 --> 00:23:13,870  
was like 12 different colors numb just

509  
00:23:17,940 --> 00:23:16,059  
like oh send via whatever red one a blue

510  
00:23:19,470 --> 00:23:17,950  
one and a black one and you know you

511  
00:23:21,690 --> 00:23:19,480  
picked the packaging because I don't

512  
00:23:24,840 --> 00:23:21,700  
care and so those should be showing up

513  
00:23:26,970 --> 00:23:24,850

any day now and I can't wait now that's

514

00:23:28,500 --> 00:23:26,980

given me an idea if we had a red and a

515

00:23:29,970 --> 00:23:28,510

black or a blue one or it doesn't matter

516

00:23:32,730 --> 00:23:29,980

what colors they were you could have a

517

00:23:34,260 --> 00:23:32,740

whole new scam about this only works

518

00:23:36,270 --> 00:23:34,270

with your you know we have to look at

519

00:23:38,159 --> 00:23:36,280

your your eyes what are they are there

520

00:23:40,590 --> 00:23:38,169

blue eyes okay now we must

521

00:23:42,119 --> 00:23:40,600

use the Red Palace because you've got

522

00:23:44,009 --> 00:23:42,129

blue eyes and then you could do the test

523

00:23:47,340 --> 00:23:44,019

and it works and he tried the black one

524

00:23:48,779 --> 00:23:47,350

you see it doesn't work at all you might

525

00:23:51,060 --> 00:23:48,789

look into that a pretty good idea or

526  
00:23:53,759 --> 00:23:51,070  
match them up with your auras yes that's

527  
00:23:55,859 --> 00:23:53,769  
right what what are your aims and goals

528  
00:23:58,379 --> 00:23:55,869  
over the next say two or three years

529  
00:24:01,049 --> 00:23:58,389  
with the Granite State skeptics oh jeez

530  
00:24:03,299 --> 00:24:01,059  
that's a tough one um I'd like to do

531  
00:24:05,549 --> 00:24:03,309  
more events and I think the biggest

532  
00:24:08,879 --> 00:24:05,559  
thing in our biggest challenge will be

533  
00:24:12,570 --> 00:24:08,889  
getting more speakers for our monthly

534  
00:24:15,659 --> 00:24:12,580  
meetings being where we are we don't

535  
00:24:19,379 --> 00:24:15,669  
have a lot of bigger name people passing

536  
00:24:21,599 --> 00:24:19,389  
through like Boston or New York or other

537  
00:24:24,330 --> 00:24:21,609  
bigger cities do so it's kind of hard to

538  
00:24:26,759 --> 00:24:24,340

get some speakers in but we've got some

539

00:24:29,340 --> 00:24:26,769

lesser-known people and some some local

540

00:24:31,769 --> 00:24:29,350

professors and at colleges and such that

541

00:24:34,169 --> 00:24:31,779

were starting to reach out to to get

542

00:24:37,259 --> 00:24:34,179

some some decent quality speakers and

543

00:24:39,629 --> 00:24:37,269

and just that in expanding the group

544

00:24:42,509 --> 00:24:39,639

who've been getting more people involved

545

00:24:45,690 --> 00:24:42,519

and and just getting ourselves out there

546

00:24:48,479 --> 00:24:45,700

and and the other big thing is probably

547

00:24:51,180 --> 00:24:48,489

media attention we did have a small

548

00:24:52,919 --> 00:24:51,190

piece in a statewide paper when we did

549

00:24:55,049 --> 00:24:52,929

our haunted an investigation I'd like to

550

00:24:59,220 --> 00:24:55,059

get more of that I was actually reached

551  
00:25:02,940 --> 00:24:59,230  
out to today by local city paper to

552  
00:25:05,269 --> 00:25:02,950  
start writing for for them and I'd like

553  
00:25:07,799 --> 00:25:05,279  
to get more opportunities like that

554  
00:25:10,169 --> 00:25:07,809  
that's exciting that's exciting because

555  
00:25:12,269 --> 00:25:10,179  
the more the more you can get your name

556  
00:25:15,229 --> 00:25:12,279  
out there and the more you can become a

557  
00:25:17,669 --> 00:25:15,239  
contact for the media I think the more

558  
00:25:19,919 --> 00:25:17,679  
important that is or that will come very

559  
00:25:22,169 --> 00:25:19,929  
important in the future and I was going

560  
00:25:26,549 --> 00:25:22,179  
to ask you what what media reaction

561  
00:25:28,590 --> 00:25:26,559  
you've had to your to your group um well

562  
00:25:31,109 --> 00:25:28,600  
the only thing so far like I said was

563  
00:25:33,599 --> 00:25:31,119

that article that they did during the

564

00:25:36,629 --> 00:25:33,609

haunting investigation it was a very

565

00:25:37,919 --> 00:25:36,639

simple article is basically 10 questions

566

00:25:40,619 --> 00:25:37,929

or something like that I forget exactly

567

00:25:42,749 --> 00:25:40,629

what it was called but the reaction I

568

00:25:46,349 --> 00:25:42,759

get to that from the skeptical community

569

00:25:48,599 --> 00:25:46,359

was very positive and from the since it

570

00:25:51,269 --> 00:25:48,609

was a ghost hunting thing the ghost

571

00:25:52,110 --> 00:25:51,279

community ghost supporters will call

572

00:25:55,260 --> 00:25:52,120

them community

573

00:25:58,020 --> 00:25:55,270

it was very interesting I got a lot of

574

00:26:00,750 --> 00:25:58,030

pushback on the comment section of the

575

00:26:04,320 --> 00:26:00,760

online version of the story and they

576  
00:26:06,870 --> 00:26:04,330  
were they're really pushing me and and

577  
00:26:08,310 --> 00:26:06,880  
trying to trip me up and they were like

578  
00:26:09,630 --> 00:26:08,320  
oh well what about this and what about

579  
00:26:11,490 --> 00:26:09,640  
this and they were shot and they were

580  
00:26:13,560 --> 00:26:11,500  
sending me links to these pictures which

581  
00:26:15,720 --> 00:26:13,570  
were on the horrible horrible orb

582  
00:26:17,760 --> 00:26:15,730  
pictures and they were like oh you have

583  
00:26:19,890 --> 00:26:17,770  
to go out with this one guy cuz he sees

584  
00:26:22,920 --> 00:26:19,900  
stuff although I'm go with him you'll

585  
00:26:26,100 --> 00:26:22,930  
see stuff so that those it was mostly

586  
00:26:28,200 --> 00:26:26,110  
that but but I kind of let that stuff go

587  
00:26:31,590 --> 00:26:28,210  
by the wayside and just focus on the

588  
00:26:32,670 --> 00:26:31,600

positive that's great yes I most

589

00:26:34,110 --> 00:26:32,680

certainly know where you're coming from

590

00:26:37,220 --> 00:26:34,120

when you when you say you're getting

591

00:26:41,070 --> 00:26:37,230

letters and comments like that ah now

592

00:26:42,870 --> 00:26:41,080

I'm very keen to keep supporting the

593

00:26:45,150 --> 00:26:42,880

ground state skeptics because I love my

594

00:26:48,360 --> 00:26:45,160

love people who get out there and use

595

00:26:50,850 --> 00:26:48,370

their own initiative and don't wait for

596

00:26:52,800 --> 00:26:50,860

other people to to do things for them as

597

00:26:55,890 --> 00:26:52,810

you're obviously doing which is

598

00:26:57,720 --> 00:26:55,900

fantastic how can people find out more

599

00:27:00,530 --> 00:26:57,730

right now hurry to your land sneak in

633

the bus campaign cheers cheers Cheers

634

00:28:52,200 --> 00:28:49,330

may not hello it's great to be here the

635

00:28:54,450 --> 00:28:52,210

drunk tank so much about it and its

636

00:28:57,450 --> 00:28:54,460

original venue was the Oxford tavern the

637

00:28:59,430 --> 00:28:57,460

topless venue but it's been changed due

638

00:29:00,630 --> 00:28:59,440

to medical advice medical advice I

639

00:29:02,190 --> 00:29:00,640

believe so because I've been doing a

640

00:29:05,100 --> 00:29:02,200

study there is to see if any women go to

641

00:29:07,050 --> 00:29:05,110

that tavern and on the 87 investigations

642

00:29:08,730 --> 00:29:07,060

oh man yes so far there have been no

643

00:29:10,920 --> 00:29:08,740

other women there but yeah I will

644

00:29:13,260 --> 00:29:10,930

continue my Trek it's a bit of a quiet

645

00:29:15,390 --> 00:29:13,270

thing tanker this week we found a new

646

00:29:17,670 --> 00:29:15,400

room here at our favorite club down the

647

00:29:19,920 --> 00:29:17,680

street heavenly dr. H we have it's very

648

00:29:21,360 --> 00:29:19,930

busy out the front tonight lots of

649

00:29:23,610 --> 00:29:21,370

people running around and making too

650

00:29:26,490 --> 00:29:23,620

much noise so we've literally come to

651  
00:29:28,140 --> 00:29:26,500  
the bowels of the club Richard which is

652  
00:29:31,350 --> 00:29:28,150  
usually where they have lifestyle

653  
00:29:33,090 --> 00:29:31,360  
classes whatever that means so yeah well

654  
00:29:36,900 --> 00:29:33,100  
they're like lifestyle condoms except

655  
00:29:38,580 --> 00:29:36,910  
it's for classes or it could be that I

656  
00:29:40,560 --> 00:29:38,590  
don't know but I'm glad I would of

657  
00:29:42,330 --> 00:29:40,570  
course Maynard our special guest night

658  
00:29:44,640 --> 00:29:42,340  
in the drunk tank now I must say I

659  
00:29:47,070 --> 00:29:44,650  
didn't pay attention at school I left at

660  
00:29:49,230 --> 00:29:47,080  
the end of you 11 I have no training in

661  
00:29:51,210 --> 00:29:49,240  
everything anything I only went to

662  
00:29:53,400 --> 00:29:51,220  
Stan's bar briefly at the University of

663  
00:29:55,890 --> 00:29:53,410

Newcastle and that's it so I'll try not

664

00:29:59,020 --> 00:29:55,900

to say too much that is under education

665

00:30:01,000 --> 00:29:59,030

ille it's good enough for us

666

00:30:04,660 --> 00:30:01,010

that's good enough for us and of course

667

00:30:06,940 --> 00:30:04,670

dr. HD thank you again thank you for

668

00:30:08,200 --> 00:30:06,950

coming along coming along yes actually

669

00:30:10,030 --> 00:30:08,210

I've just noticed sorry I was distracted

670

00:30:11,950 --> 00:30:10,040

earlier because I just noticed as

671

00:30:13,840 --> 00:30:11,960

Maynard was giving us his qualifications

672

00:30:16,960 --> 00:30:13,850

yeah but he's wearing a shorty awards

673

00:30:19,420 --> 00:30:16,970

brooch on his denim jacket because i am

674

00:30:21,340 --> 00:30:19,430

very good that's the one I gave you at

675

00:30:23,140 --> 00:30:21,350

skeptics in the pub plus my its career

676

00:30:24,550 --> 00:30:23,150

and let me tell you skeptics in the pub

677

00:30:25,930 --> 00:30:24,560

is a pretty wild thing if you haven't

678

00:30:28,330 --> 00:30:25,940

got along to it you're really being a

679

00:30:30,190 --> 00:30:28,340

fool yourself in a burden to others by

680

00:30:33,250 --> 00:30:30,200

the way after my appearance on skipping

681

00:30:35,260 --> 00:30:33,260

zone while ago I was a called a token

682

00:30:37,030 --> 00:30:35,270

skeptic and a closet skeptic and I do

683

00:30:39,280 --> 00:30:37,040

accept that because I enjoy the world of

684

00:30:40,120 --> 00:30:39,290

woo to you guys do you guys think things

685

00:30:42,430 --> 00:30:40,130

through a lot i don't always think

686

00:30:43,930 --> 00:30:42,440

things through a lot so I'm off I'm

687

00:30:45,670 --> 00:30:43,940

often sucked in by stuff but I love

688

00:30:48,190 --> 00:30:45,680

being sucked in I think there are a lot

689

00:30:50,230 --> 00:30:48,200

of closet skeptics out there just

690

00:30:51,910 --> 00:30:50,240

waiting to burst out it depends what you

691

00:30:54,520 --> 00:30:51,920

mean by a closet skeptic I suppose

692

00:30:56,920 --> 00:30:54,530

because we find with our experience many

693

00:30:58,660 --> 00:30:56,930

people once they discover what

694

00:31:00,880 --> 00:30:58,670

skepticism is about they find there's a

695

00:31:03,130 --> 00:31:00,890

name for how they feel and how they

696

00:31:04,540 --> 00:31:03,140

think and that's when they identify

697

00:31:07,540 --> 00:31:04,550

themselves as a skeptic but prior to

698

00:31:09,760 --> 00:31:07,550

that they have the same sort of ideas as

699

00:31:11,260 --> 00:31:09,770

The Skeptical community without actually

700

00:31:13,810 --> 00:31:11,270

knowing there's a name for it don't they

701  
00:31:15,760 --> 00:31:13,820  
they do they do and they often have the

702  
00:31:18,760 --> 00:31:15,770  
wrong impression of organized skepticism

703  
00:31:20,530 --> 00:31:18,770  
hmm I met a guy the other night who said

704  
00:31:22,000 --> 00:31:20,540  
i don't like that james randi he just

705  
00:31:24,070 --> 00:31:22,010  
wants he doesn't he doesn't want to

706  
00:31:26,110 --> 00:31:24,080  
believe anything and I put him right I

707  
00:31:27,670 --> 00:31:26,120  
said no that's not the case at all well

708  
00:31:30,520 --> 00:31:27,680  
some skeptics have a reputation as being

709  
00:31:32,230 --> 00:31:30,530  
big party poopers like it like if

710  
00:31:33,910 --> 00:31:32,240  
everyone's believing in magic and you go

711  
00:31:35,710 --> 00:31:33,920  
up and go on I can see how the rabbit

712  
00:31:37,030 --> 00:31:35,720  
comes out of the Hat that's what's of

713  
00:31:39,220 --> 00:31:37,040

fun in that you see and some people

714

00:31:41,470 --> 00:31:39,230

think skeptics or that but you know what

715

00:31:43,390 --> 00:31:41,480

actually one of my very first

716

00:31:46,990 --> 00:31:43,400

introductions to skepticism Maynard was

717

00:31:50,650 --> 00:31:47,000

magic at a skeptics convention and magic

718

00:31:52,540 --> 00:31:50,660

is so much fun even if you know that you

719

00:31:55,270 --> 00:31:52,550

are being tricked and then it is a trick

720

00:31:57,910 --> 00:31:55,280

it's still fantastic it's still great to

721

00:32:00,160 --> 00:31:57,920

see the skill of someone being able to

722

00:32:02,020 --> 00:32:00,170

trick you and particularly when you

723

00:32:03,250 --> 00:32:02,030

think you know how it works and you

724

00:32:04,250 --> 00:32:03,260

still get tricked I think it's even

725

00:32:05,810 --> 00:32:04,260

better

726

00:32:07,460 --> 00:32:05,820

yeah well I think my favorite magicians

727

00:32:08,840 --> 00:32:07,470

in the world I think many skeptics would

728

00:32:12,200 --> 00:32:08,850

agree would have to be Penn and Teller

729

00:32:14,600 --> 00:32:12,210

mmm yep I do enjoy the stuff they do and

730

00:32:16,580 --> 00:32:14,610

a lot of people might not agree with

731

00:32:18,080 --> 00:32:16,590

love the attitudes I put out on this

732

00:32:21,400 --> 00:32:18,090

show [h\_\_\h] they're certainly being

733

00:32:24,830 --> 00:32:21,410

skeptical about something on that series

734

00:32:28,070 --> 00:32:24,840

to say the least now i have a few little

735

00:32:30,020 --> 00:32:28,080

notes to get through i'm happy to get

736

00:32:31,940 --> 00:32:30,030

through these notes I'd like to give a

737

00:32:34,520 --> 00:32:31,950

few shoutouts actually before we get

738

00:32:37,160 --> 00:32:34,530

stuck into the into the drunk tank the

739

00:32:39,380 --> 00:32:37,170

think tank a drunk tank we've got all we

740

00:32:42,650 --> 00:32:39,390

had a bubble okay so can I just say yes

741

00:32:45,260 --> 00:32:42,660

I was you were the one that came up with

742

00:32:46,970 --> 00:32:45,270

there then the main culture the drunk

743

00:32:48,680 --> 00:32:46,980

tank may not and when I interviewed you

744

00:32:49,820 --> 00:32:48,690

for the skeptics on a few weeks ago well

745

00:32:52,450 --> 00:32:49,830

then of course I listened to one and

746

00:32:55,250 --> 00:32:52,460

that's the first thing that came to mind

747

00:32:57,920 --> 00:32:55,260

but somebody now thinks that Brian

748

00:32:59,810 --> 00:32:57,930

Dunning's skept tide is something to do

749

00:33:02,000 --> 00:32:59,820

with a drunk tank because he has the hot

750

00:33:03,710 --> 00:33:02,010

tub of truth so you may have confused a

751  
00:33:06,680 --> 00:33:03,720  
few people can you please clarify that

752  
00:33:08,270 --> 00:33:06,690  
yes look brian dunning is not within a

753  
00:33:09,710 --> 00:33:08,280  
hundred miles of year it's true

754  
00:33:12,350 --> 00:33:09,720  
otherwise we would hear the bubbles

755  
00:33:13,940 --> 00:33:12,360  
going in the spa as we spoke so it's

756  
00:33:15,530 --> 00:33:13,950  
nowhere near here and look he's just a

757  
00:33:18,980 --> 00:33:15,540  
well he's a fellow traveler and look I'm

758  
00:33:20,660 --> 00:33:18,990  
look I am in constant contact with Brian

759  
00:33:26,330 --> 00:33:20,670  
he never takes a shower without ringing

760  
00:33:29,360 --> 00:33:26,340  
me first and look I actually actually

761  
00:33:30,920 --> 00:33:29,370  
put Brian on to the big guy UFO flap

762  
00:33:32,300 --> 00:33:30,930  
that's going on here this week in

763  
00:33:34,040 --> 00:33:32,310

Australia and people all over the world

764

00:33:36,320 --> 00:33:34,050

might not have heard of the

765

00:33:39,230 --> 00:33:36,330

Westall high school incident that

766

00:33:41,300 --> 00:33:39,240

happened in 1966 now me being like a

767

00:33:42,830 --> 00:33:41,310

token skeptic I I would like to believe

768

00:33:45,440 --> 00:33:42,840

that there was something going on there

769

00:33:46,790 --> 00:33:45,450

and friends of mine who are you follow

770

00:33:49,190 --> 00:33:46,800

just believed there was something going

771

00:33:51,140 --> 00:33:49,200

on there but brian has conclusively

772

00:33:52,640 --> 00:33:51,150

proven that there probably wasn't and

773

00:33:54,170 --> 00:33:52,650

everyone else at this table things that

774

00:33:56,390 --> 00:33:54,180

was probably just a bit of a mass

775

00:33:57,920 --> 00:33:56,400

hallucination or thank you were on one

776

00:34:00,410 --> 00:33:57,930  
of our major television networks I

777

00:34:02,270 --> 00:34:00,420  
earlier this evening or last night

778

00:34:05,810 --> 00:34:02,280  
actually most like today tonight I was

779

00:34:09,320 --> 00:34:05,820  
on channel 7 commenting about this UFO

780

00:34:11,060 --> 00:34:09,330  
incident 1966 and I'm very glad that I

781

00:34:12,889 --> 00:34:11,070  
listened to the sceptile interview just

782

00:34:13,940 --> 00:34:12,899  
the day before well because I pass this

783

00:34:15,649 --> 00:34:13,950  
on to Branagh thought looking

784

00:34:17,540 --> 00:34:15,659  
this is a perfect skip toyed episode I

785

00:34:19,579 --> 00:34:17,550  
let Brian Dunning know about that to do

786

00:34:21,710 --> 00:34:19,589  
a skip tight on it and he did it fairly

787

00:34:23,060 --> 00:34:21,720  
comprehensive why he hasn't seen the doc

788

00:34:25,280 --> 00:34:23,070

oh I imagine he'd probably be able to do

789

00:34:26,720 --> 00:34:25,290

some further research on that but he

790

00:34:28,010 --> 00:34:26,730

thought that it was just there's a lot

791

00:34:29,359 --> 00:34:28,020

of big question marks there and he

792

00:34:31,639 --> 00:34:29,369

didn't find those question marks very

793

00:34:33,800 --> 00:34:31,649

interesting this is dinky I think for

794

00:34:34,940 --> 00:34:33,810

some of our listeners from overseas they

795

00:34:36,770 --> 00:34:34,950

might not know anything about this

796

00:34:38,869 --> 00:34:36,780

incident so mando can you fill us in on

797

00:34:40,369 --> 00:34:38,879

what happened I'm not pretending to be a

798

00:34:42,889 --> 00:34:40,379

big expert on this but basically the

799

00:34:44,629 --> 00:34:42,899

facts of the matter appear to be that a

800

00:34:48,740 --> 00:34:44,639

group of children saw something flying

801  
00:34:52,819 --> 00:34:48,750  
over Westall high school on the 6th of

802  
00:34:54,800 --> 00:34:52,829  
april i believe it was 1966 yes and it

803  
00:35:02,450 --> 00:34:54,810  
is a second the sixth of april nineteen

804  
00:35:05,000 --> 00:35:02,460  
sixty six six six um okay and it appear

805  
00:35:07,730 --> 00:35:05,010  
to land in the field and various reports

806  
00:35:09,530 --> 00:35:07,740  
after that look what one report was of

807  
00:35:11,870 --> 00:35:09,540  
the army turned up as soon as 20 minutes

808  
00:35:13,730 --> 00:35:11,880  
after the event now if that is actually

809  
00:35:15,170 --> 00:35:13,740  
true that is fairly unique in Australian

810  
00:35:17,540 --> 00:35:15,180  
history for the army to turn up that

811  
00:35:19,430 --> 00:35:17,550  
fast anywhere if you if you rang that if

812  
00:35:20,900 --> 00:35:19,440  
you bring a taxi in west wall you

813  
00:35:22,819 --> 00:35:20,910

probably couldn't get one that passed so

814

00:35:24,260 --> 00:35:22,829

so if that actually happened that means

815

00:35:25,880 --> 00:35:24,270

the armor did have some interest in it

816

00:35:28,010 --> 00:35:25,890

but there is debate as to whether that

817

00:35:33,920 --> 00:35:28,020

actually happened on here we are talking

818

00:35:36,770 --> 00:35:33,930

what 42 years ago 44 44 44 years ago so

819

00:35:38,990 --> 00:35:36,780

are we basing the recollections of this

820

00:35:41,599 --> 00:35:39,000

incident that you just alluded to the

821

00:35:43,790 --> 00:35:41,609

fact that you are on television to talk

822

00:35:46,220 --> 00:35:43,800

about it Richard are we basing this on

823

00:35:47,809 --> 00:35:46,230

published evidence or are we basing this

824

00:35:50,930 --> 00:35:47,819

on people's memories from people's

825

00:35:53,150 --> 00:35:50,940

memories well let me let me now be not a

826

00:35:55,040 --> 00:35:53,160

skeptic with a bit of a cynic there's a

827

00:35:57,380 --> 00:35:55,050

documentary being shown tonight on the

828

00:35:59,569 --> 00:35:57,390

sci-fi channel it's just hype to promote

829

00:36:01,910 --> 00:35:59,579

the documentary it really is it's not

830

00:36:03,829 --> 00:36:01,920

that interesting a story there are a lot

831

00:36:06,860 --> 00:36:03,839

of people at the time school kids who

832

00:36:08,930 --> 00:36:06,870

are now grown up who

833

00:36:11,360 --> 00:36:08,940

confused don't know what they saw at the

834

00:36:15,800 --> 00:36:11,370

time someone's egged them alone for the

835

00:36:17,390 --> 00:36:15,810

documentary it's look I i hearken back

836

00:36:18,920 --> 00:36:17,400

to another documentary which all the

837

00:36:20,660 --> 00:36:18,930

skeptics are going to make a big poo poo

838

00:36:24,260 --> 00:36:20,670

noise which which I've also seen as well

839

00:36:28,820 --> 00:36:24,270

and cool I know what I saw okay now I

840

00:36:30,740 --> 00:36:28,830

know everyone's going to go yet but but

841

00:36:32,330 --> 00:36:30,750

occasionally people see things that they

842

00:36:34,040 --> 00:36:32,340

don't understand and sure it's a big

843

00:36:37,280 --> 00:36:34,050

leap to say okay that's a flying source

844

00:36:38,780 --> 00:36:37,290

or something from outer space but you've

845

00:36:40,370 --> 00:36:38,790

got to accept people's words that they

846

00:36:42,620 --> 00:36:40,380

think they saw something sometimes I

847

00:36:46,090 --> 00:36:42,630

agree yes we're not saying suggesting

848

00:36:49,460 --> 00:36:46,100

for one moment that people are aligned

849

00:36:52,790 --> 00:36:49,470

people really sincerely think they saw X

850

00:36:54,560 --> 00:36:52,800

Y or Z but as as one of the great things

851  
00:36:57,860 --> 00:36:54,570  
about being a skeptic is that you learn

852  
00:37:02,420 --> 00:36:57,870  
is not to trust your memories or your

853  
00:37:04,250 --> 00:37:02,430  
eyes it's not so it's you can't put that

854  
00:37:06,380 --> 00:37:04,260  
up the scientific evidence you might be

855  
00:37:08,690 --> 00:37:06,390  
wrong and simple is that you might be

856  
00:37:10,940 --> 00:37:08,700  
wrong and so the big problem is that in

857  
00:37:13,460 --> 00:37:10,950  
this West all there's not much to

858  
00:37:16,460 --> 00:37:13,470  
actually test in this sighting no no

859  
00:37:17,810 --> 00:37:16,470  
lots of memories hmm but when does it

860  
00:37:20,060 --> 00:37:17,820  
get to a point where enough people have

861  
00:37:21,950 --> 00:37:20,070  
seen something for it to perhaps go into

862  
00:37:24,020 --> 00:37:21,960  
the realm of perhaps at it doesn't it

863  
00:37:25,670 --> 00:37:24,030

doesn't know one person if one person

864

00:37:28,940 --> 00:37:25,680

would be wrong a thousand people can be

865

00:37:30,830 --> 00:37:28,950

wrong if 400 people apparently saw how

866

00:37:32,870 --> 00:37:30,840

many people well I can get the dinosaurs

867

00:37:34,910 --> 00:37:32,880

been exaggerated now right it's now up

868

00:37:39,410 --> 00:37:34,920

to hundreds of people saw this alleged

869

00:37:42,020 --> 00:37:39,420

UFO if that many people saw it and it

870

00:37:43,670 --> 00:37:42,030

apparently left indentations in grass or

871

00:37:46,160 --> 00:37:43,680

something right why isn't there any

872

00:37:48,320 --> 00:37:46,170

evidence why didn't aliens walk out or

873

00:37:50,270 --> 00:37:48,330

why didn't they leave some kind of and

874

00:37:53,630 --> 00:37:50,280

why chemical that we are not familiar

875

00:37:56,840 --> 00:37:53,640

with on earth or even in 1966 I thought

876

00:37:58,730 --> 00:37:56,850

someone might have had a camera yeah no

877

00:38:00,440 --> 00:37:58,740

well today of course every I've got

878

00:38:02,390 --> 00:38:00,450

three on me at the moment you know on a

879

00:38:05,660 --> 00:38:02,400

phone or whatever the case maybe I've

880

00:38:07,880 --> 00:38:05,670

got I've got a high-definition video

881

00:38:09,770 --> 00:38:07,890

camera in my pocket yeah hurry your

882

00:38:13,820 --> 00:38:09,780

ramen with me but the thing is I Richard

883

00:38:16,040 --> 00:38:13,830

even that doesn't it doesn't I mean we

884

00:38:18,170 --> 00:38:16,050

talked about this on 2 GB radio a couple

885

00:38:19,820 --> 00:38:18,180

of weeks ago I was with dr. Chrissy

886

00:38:22,670 --> 00:38:19,830

Wilson who's a reporter on the zone

887

00:38:24,290 --> 00:38:22,680

and there was a sighting of a UFO in a

888

00:38:26,570 --> 00:38:24,300

suburb of Sydney oh yeah and they're

889

00:38:29,300 --> 00:38:26,580

worth photographs of a UFO and it was a

890

00:38:31,340 --> 00:38:29,310

UFO it was an it had been taken from the

891

00:38:33,680 --> 00:38:31,350

car they shot seven but yes that's right

892

00:38:36,140 --> 00:38:33,690

yeah and it was a nun literally it was

893

00:38:37,910 --> 00:38:36,150

an unidentified flying object because it

894

00:38:41,330 --> 00:38:37,920

was a spot in the middle of a photograph

895

00:38:43,700 --> 00:38:41,340

of this of the sunset now this lady's

896

00:38:49,180 --> 00:38:43,710

interpretation was it's an alien ship

897

00:38:53,600 --> 00:38:49,190

from booboo goober look my favorite one

898

00:38:55,760 --> 00:38:53,610

no it's not a planet we know yet but

899

00:38:57,110 --> 00:38:55,770

look at the no it was time coded and

900

00:38:58,700 --> 00:38:57,120

they were there were a number of shots

901  
00:39:01,280 --> 00:38:58,710  
so whatever it was it did travel across

902  
00:39:02,900 --> 00:39:01,290  
the the field of view there so there was

903  
00:39:04,610 --> 00:39:02,910  
something there the camera case I

904  
00:39:06,320 --> 00:39:04,620  
absolutely agree with you may know but

905  
00:39:07,760 --> 00:39:06,330  
if you looked at the photograph I don't

906  
00:39:09,940 --> 00:39:07,770  
know if you've actually seen it but if

907  
00:39:12,590 --> 00:39:09,950  
you look at the scale of how big this

908  
00:39:14,300 --> 00:39:12,600  
object would be if you scale it up

909  
00:39:16,970 --> 00:39:14,310  
compared because the shot was a

910  
00:39:19,610 --> 00:39:16,980  
landscape shot with the road some trees

911  
00:39:21,410 --> 00:39:19,620  
and the street light and a streetlight

912  
00:39:24,650 --> 00:39:21,420  
yeah if you scaled it up it would have

913  
00:39:26,270 --> 00:39:24,660

been as big as one of those alien craft

914

00:39:28,910 --> 00:39:26,280

that you might see an Independence Day

915

00:39:31,880 --> 00:39:28,920

or a blimp at least a blimp yeah huge

916

00:39:34,190 --> 00:39:31,890

huge scale massive must think somebody

917

00:39:38,420 --> 00:39:34,200

would say well how did only one person

918

00:39:40,790 --> 00:39:38,430

manage to see that one person at sunset

919

00:39:42,830 --> 00:39:40,800

which is piqued our time when everyone's

920

00:39:45,110 --> 00:39:42,840

driving everyone's going home and she

921

00:39:47,420 --> 00:39:45,120

was 10 and person managed to take that

922

00:39:51,350 --> 00:39:47,430

photograph look I'm trying to sit on the

923

00:39:53,540 --> 00:39:51,360

fence because I'm it is a skeptics

924

00:39:55,280 --> 00:39:53,550

podcast I don't want to say well okay

925

00:39:58,400 --> 00:39:55,290

well maybe if we're looking at some

926  
00:39:59,780 --> 00:39:58,410  
interdimensional thing here maybe not

927  
00:40:02,060 --> 00:39:59,790  
everyone can see everything from one

928  
00:40:04,640 --> 00:40:02,070  
angle for let's pull something out of

929  
00:40:11,510 --> 00:40:04,650  
sci-fi a cloaking device can

930  
00:40:13,250 --> 00:40:11,520  
occasionally be seen yes I think it's

931  
00:40:14,840 --> 00:40:13,260  
the first time cloaking device being

932  
00:40:15,980 --> 00:40:14,850  
used on the skeptics I think you're

933  
00:40:17,750 --> 00:40:15,990  
right except in reference to Harry

934  
00:40:19,430 --> 00:40:17,760  
Potter yes sir now you having Potter

935  
00:40:22,910 --> 00:40:19,440  
said it was great well Maynard you've

936  
00:40:25,370 --> 00:40:22,920  
opened her eyes and uncloaked us but can

937  
00:40:26,900 --> 00:40:25,380  
I just say I don't just because this is

938  
00:40:30,220 --> 00:40:26,910

a skeptical podcast doesn't mean we

939

00:40:32,359 --> 00:40:30,230

don't entertain ideas of UFOlogy or

940

00:40:34,489 --> 00:40:32,369

cryptozoology or the only

941

00:40:36,859 --> 00:40:34,499

Blaine we do and that's what we love to

942

00:40:38,989 --> 00:40:36,869

do that's what we do for you know

943

00:40:41,329 --> 00:40:38,999

investigations as people write to us and

944

00:40:43,579 --> 00:40:41,339

say I have an alien growing out of my

945

00:40:45,049 --> 00:40:43,589

head I can demonstrate that to you and

946

00:40:46,430 --> 00:40:45,059

we go and visit them and if there is no

947

00:40:48,170 --> 00:40:46,440

alien growing out of their head then

948

00:40:50,630 --> 00:40:48,180

we'd say you might have a cloaking

949

00:40:54,529 --> 00:40:50,640

device this is unknown to science or

950

00:40:56,900 --> 00:40:54,539

humans yet but well we actually spoke to

951  
00:40:59,779 --> 00:40:56,910  
somebody once who without giving any

952  
00:41:03,859 --> 00:40:59,789  
names of course who had entities growing

953  
00:41:05,599 --> 00:41:03,869  
out of his legs oh yay oh really that's

954  
00:41:07,609 --> 00:41:05,609  
another story but let me give me

955  
00:41:10,460 --> 00:41:07,619  
backtrack a little bit let me just

956  
00:41:12,859 --> 00:41:10,470  
mention a few things and we can talk

957  
00:41:14,589 --> 00:41:12,869  
about that get us off track he did I'm

958  
00:41:18,289 --> 00:41:14,599  
sorry I'm trying to shut up over here

959  
00:41:19,700 --> 00:41:18,299  
I'm a troublemaker I mean look at anyone

960  
00:41:21,680 --> 00:41:19,710  
who's been to my website that's Maynard

961  
00:41:24,829 --> 00:41:21,690  
com that I Google's notice and Dave that

962  
00:41:27,589 --> 00:41:24,839  
he's here he is all right I must give a

963  
00:41:29,839 --> 00:41:27,599

big shout-out to Karl Larson from

964

00:41:32,660 --> 00:41:29,849

Chicago who wrote to me saying that he

965

00:41:37,069 --> 00:41:32,670

was involved in a race a foot race

966

00:41:38,870 --> 00:41:37,079

called the soldier field 10 race which

967

00:41:41,809 --> 00:41:38,880

he took part in and had a good time

968

00:41:44,420 --> 00:41:41,819

apparently but he was sad to see that

969

00:41:46,640 --> 00:41:44,430

power balance power balance the old

970

00:41:48,440 --> 00:41:46,650

applied kinesiology people with their

971

00:41:50,299 --> 00:41:48,450

magic wristband of the holograph had us

972

00:41:52,309 --> 00:41:50,309

was a sponsor and apparently had a stand

973

00:41:55,099 --> 00:41:52,319

there and was doing the tests the

974

00:41:57,579 --> 00:41:55,109

skeptic zone views would know was the

975

00:42:00,289 --> 00:41:57,589

subject of our video just recently and

976

00:42:03,940 --> 00:42:00,299

he was quite dismayed to see this and he

977

00:42:06,890 --> 00:42:03,950

wrote to the organizers expressing his

978

00:42:08,779 --> 00:42:06,900

unhappy state disappointment disappoints

979

00:42:11,420 --> 00:42:08,789

the word you left ought i was looking

980

00:42:12,950 --> 00:42:11,430

for so thank you call and thank you for

981

00:42:15,680 --> 00:42:12,960

taking the trouble to write to those

982

00:42:21,440 --> 00:42:15,690

people and speaking of your implied

983

00:42:23,329 --> 00:42:21,450

effect what because you know like

984

00:42:26,089 --> 00:42:23,339

immediately it's implied it might

985

00:42:28,220 --> 00:42:26,099

actually not be happening um applied

986

00:42:29,690 --> 00:42:28,230

kinesiology which I have trouble saying

987

00:42:32,089 --> 00:42:29,700

like I said I just went to the ndu 11 um

988

00:42:34,009 --> 00:42:32,099

there's a comment on that video on

989

00:42:36,240 --> 00:42:34,019

YouTube which is which I just love which

990

00:42:38,760 --> 00:42:36,250

was only only got put in an hour

991

00:42:42,510 --> 00:42:38,770

as we are doing this by a viewer called

992

00:42:44,850 --> 00:42:42,520

burp wind and our wind good morning

993

00:42:46,920 --> 00:42:44,860

dreaming good day burp wind Burke wind

994

00:42:48,330 --> 00:42:46,930

wrote hilariously good video you should

995

00:42:50,010 --> 00:42:48,340

have got some everyday Joe's on the

996

00:42:53,490 --> 00:42:50,020

street to do this just for shits and

997

00:42:55,680 --> 00:42:53,500

giggles yeah that phrase would indicate

998

00:42:58,950 --> 00:42:55,690

that this person least has a master's

999

00:43:01,860 --> 00:42:58,960

degree and that their English as well as

1000

00:43:03,780 --> 00:43:01,870

yeah and you guys and girls made my day

1001  
00:43:05,550 --> 00:43:03,790  
thanks that's from burp wins thank you

1002  
00:43:06,630 --> 00:43:05,560  
burp wind we're glad you enjoyed their

1003  
00:43:08,820 --> 00:43:06,640  
video although it's pretty good too i

1004  
00:43:10,290 --> 00:43:08,830  
thought dr. a she look great particular

1005  
00:43:13,050 --> 00:43:10,300  
scene shot with her at the ponds

1006  
00:43:15,060 --> 00:43:13,060  
institute yes absolutely yes i know that

1007  
00:43:17,300 --> 00:43:15,070  
despite what i tell listeners I do

1008  
00:43:21,300 --> 00:43:17,310  
actually work at the ponds to institute

1009  
00:43:24,000 --> 00:43:21,310  
another shout-out listener Robert Wilson

1010  
00:43:25,350 --> 00:43:24,010  
has reminded me that there is a great

1011  
00:43:27,150 --> 00:43:25,360  
publication from the Australian

1012  
00:43:30,440 --> 00:43:27,160  
Government the Australian Government

1013  
00:43:33,660 --> 00:43:30,450

called the little black book of scams

1014

00:43:36,480 --> 00:43:33,670

book of scams it's the free download if

1015

00:43:38,760 --> 00:43:36,490

listeners just Google black book of

1016

00:43:40,950 --> 00:43:38,770

scams you'll find it and it just goes

1017

00:43:43,830 --> 00:43:40,960

through money scams and it's even got a

1018

00:43:46,410 --> 00:43:43,840

section on psychic scams voyance yeah

1019

00:43:48,000 --> 00:43:46,420

absolutely so is it a list of people

1020

00:43:49,830 --> 00:43:48,010

that are perpetrating scams wasn't as

1021

00:43:52,200 --> 00:43:49,840

the way they do in a way they do it what

1022

00:43:53,730 --> 00:43:52,210

to look out for if do your approach by

1023

00:43:55,710 --> 00:43:53,740

this or you see this or you get this

1024

00:43:58,770 --> 00:43:55,720

sort of e mail this letter it may be a

1025

00:44:02,040 --> 00:43:58,780

scam little black book of scams we go on

1026

00:44:03,990 --> 00:44:02,050

I'm thank you to listener in Fagan for

1027

00:44:06,930 --> 00:44:04,000

writing and sharing his thoughts with me

1028

00:44:09,480 --> 00:44:06,940

thank you very much a note from our

1029

00:44:11,280 --> 00:44:09,490

friend kylie who reminds me that our

1030

00:44:13,470 --> 00:44:11,290

good friend dr. chrissy from the skeptic

1031

00:44:15,330 --> 00:44:13,480

zone will be speaking at london skeptics

1032

00:44:18,450 --> 00:44:15,340

in the pub on the eighth of this month

1033

00:44:21,030 --> 00:44:18,460

at 7pm and listeners in london can go to

1034

00:44:24,750 --> 00:44:21,040

the website HTTP colon slash slash

1035

00:44:26,850 --> 00:44:24,760

london dot skeptics in the pub org and

1036

00:44:30,360 --> 00:44:26,860

chrissy will be talking about her

1037

00:44:32,070 --> 00:44:30,370

adventures in australia we'll see ya who

1038

00:44:34,230 --> 00:44:32,080

should be naming names and I machine

1039

00:44:36,870 --> 00:44:34,240

will be shaming people well I think so

1040

00:44:41,310 --> 00:44:36,880

so that that's worth going to listeners

1041

00:44:43,230 --> 00:44:41,320

in London and finally David Willetts is

1042

00:44:44,049 --> 00:44:43,240

written to me with an interesting story

1043

00:44:47,549 --> 00:44:44,059

in which certain

1044

00:44:52,029 --> 00:44:47,559

dr. rage he was across about a

1045

00:44:54,429 --> 00:44:52,039

clairvoyant called Laurel Trickett from

1046

00:44:56,829 --> 00:44:54,439

the Central Coast just north of yeah I

1047

00:44:59,579 --> 00:44:56,839

know I know yeah my mama loosely to this

1048

00:45:02,109 --> 00:44:59,589

second your mum yeah your mum now Laurel

1049

00:45:03,640 --> 00:45:02,119

The Daily Telegraph newspaper did a

1050

00:45:05,410 --> 00:45:03,650

story with her where they took it to a

1051  
00:45:07,959 --> 00:45:05,420  
cemetery they gave her a list of names

1052  
00:45:09,670 --> 00:45:07,969  
and magically with her divining rod she

1053  
00:45:11,979 --> 00:45:09,680  
went to the gravestones of these names

1054  
00:45:14,109 --> 00:45:11,989  
of course we don't have because she can

1055  
00:45:15,999 --> 00:45:14,119  
read and she looked for the gravestones

1056  
00:45:17,679 --> 00:45:16,009  
I think that could be something to do

1057  
00:45:20,670 --> 00:45:17,689  
with it and we don't know how we're set

1058  
00:45:24,099 --> 00:45:20,680  
up although judging by the video the

1059  
00:45:26,799 --> 00:45:24,109  
reporters didn't randomly choose the

1060  
00:45:28,660 --> 00:45:26,809  
gravestones which is a big mistake they

1061  
00:45:30,370 --> 00:45:28,670  
went said I will use this one and will

1062  
00:45:33,989 --> 00:45:30,380  
trigger and will use it no forget it

1063  
00:45:36,969 --> 00:45:33,999

that's a really crap way to do it anyway

1064

00:45:41,829 --> 00:45:36,979

next thing you know they're taking her

1065

00:45:44,049 --> 00:45:41,839

out to the outback to look for a the

1066

00:45:46,900 --> 00:45:44,059

body of a British tourist called Peter

1067

00:45:49,029 --> 00:45:46,910

Falcone oh yeah now Richard this was a

1068

00:45:50,380 --> 00:45:49,039

very famous case in Australia and you're

1069

00:45:52,660 --> 00:45:50,390

familiar with this because it was

1070

00:45:55,989 --> 00:45:52,670

covered on the one the search for

1071

00:46:01,150 --> 00:45:55,999

Australia's most yes whatever psyche you

1072

00:46:03,160 --> 00:46:01,160

insert curse word here now for listeners

1073

00:46:04,989 --> 00:46:03,170

who don't remember Peter Falcone Oh was

1074

00:46:06,630 --> 00:46:04,999

a backpacker who came to Australia a

1075

00:46:08,589 --> 00:46:06,640

number of years ago and was driving

1076

00:46:10,329 --> 00:46:08,599

through the middle of the Northern

1077

00:46:13,959 --> 00:46:10,339

Territory on the Stuart highway which is

1078

00:46:18,400 --> 00:46:13,969

the main road to Darwin from Alice

1079

00:46:21,160 --> 00:46:18,410

Springs and he was accosted by some one

1080

00:46:23,469 --> 00:46:21,170

halfway across and he was subsequently

1081

00:46:25,689 --> 00:46:23,479

murdered and his girlfriend was it was

1082

00:46:28,059 --> 00:46:25,699

bound was bound and she escaped she

1083

00:46:32,140 --> 00:46:28,069

escaped great amazing story yeah it's

1084

00:46:34,870 --> 00:46:32,150

her name's Joanne Lee's and there has

1085

00:46:36,789 --> 00:46:34,880

been a man arrested and charged for and

1086

00:46:39,099 --> 00:46:36,799

sentenced and sentence I kind of his

1087

00:46:41,169 --> 00:46:39,109

name Bradley Murdoch was Bradley Murdoch

1088

00:46:44,589 --> 00:46:41,179

yeah yeah but he's never revealed where

1089

00:46:46,569 --> 00:46:44,599

he left the body yeah so of course these

1090

00:46:48,339 --> 00:46:46,579

leaves the floodgates open to psychics

1091

00:46:50,319 --> 00:46:48,349

to say well I know where the body is I'm

1092

00:46:52,450 --> 00:46:50,329

going to find the body which is what you

1093

00:46:53,980 --> 00:46:52,460

found when you were doing the one right

1094

00:46:55,510 --> 00:46:53,990

when I was doing this program the one

1095

00:46:56,950 --> 00:46:55,520

one of the challenges set for the

1096

00:46:58,510 --> 00:46:56,960

contestants the so-called psychic

1097

00:47:00,579 --> 00:46:58,520

contestants was they flew them out to

1098

00:47:02,980 --> 00:47:00,589

the area to look for the body of Peter

1099

00:47:07,060 --> 00:47:02,990

and Peter Falcone oh which I must admit

1100

00:47:08,800 --> 00:47:07,070

that I and my fellow judge Stacy we 30

1101

00:47:10,329 --> 00:47:08,810

DeMarco Lana we both found that in

1102

00:47:12,250 --> 00:47:10,339

pretty bad taste it was an unfortunate

1103

00:47:14,020 --> 00:47:12,260

thing that they do that at least the

1104

00:47:15,970 --> 00:47:14,030

producers gave me the opportunity on the

1105

00:47:18,010 --> 00:47:15,980

show and which went to air to say that

1106

00:47:20,260 --> 00:47:18,020

this was not a good thing and like it

1107

00:47:22,990 --> 00:47:20,270

shouldn't be used in this aspect however

1108

00:47:25,030 --> 00:47:23,000

the body has not been found and it is an

1109

00:47:26,890 --> 00:47:25,040

open door for psychics all around the

1110

00:47:29,349 --> 00:47:26,900

place to say I've I know where he is I

1111

00:47:31,359 --> 00:47:29,359

know I've met one who said to me he's

1112

00:47:33,180 --> 00:47:31,369

buried in this place you know and he or

1113

00:47:35,410 --> 00:47:33,190

he was fed to the pigs I think she said

1114

00:47:36,849 --> 00:47:35,420

so anyway it's been like an open

1115

00:47:39,040 --> 00:47:36,859

invitation for psychics all around the

1116

00:47:41,349 --> 00:47:39,050

place to say I know where this guy is I

1117

00:47:43,510 --> 00:47:41,359

know where this case so they took this

1118

00:47:45,430 --> 00:47:43,520

woman out is they took this woman out

1119

00:47:46,810 --> 00:47:45,440

Laurel Trickett to the outback and they

1120

00:47:49,480 --> 00:47:46,820

spent days with her running around

1121

00:47:52,150 --> 00:47:49,490

digging everywhere she didn't find a

1122

00:47:54,310 --> 00:47:52,160

thing and they even put it a test by

1123

00:47:56,530 --> 00:47:54,320

hiding bits of her jewelry around the

1124

00:47:59,620 --> 00:47:56,540

hotel this is what I find so interesting

1125

00:48:03,849 --> 00:47:59,630

about this story Richard she failed on

1126  
00:48:06,820 --> 00:48:03,859  
every possible opportunity about finding

1127  
00:48:08,710 --> 00:48:06,830  
the bones a date of beautiful akhirnya

1128  
00:48:10,810 --> 00:48:08,720  
about finding the bones of Peter Falcone

1129  
00:48:13,210 --> 00:48:10,820  
oh but then they took her back to her

1130  
00:48:15,220 --> 00:48:13,220  
hotel room and she lost her way to her

1131  
00:48:17,829 --> 00:48:15,230  
hotel room she couldn't find her and

1132  
00:48:19,780 --> 00:48:17,839  
find a hotel room yeah and then one of

1133  
00:48:22,690 --> 00:48:19,790  
the people that was doing the story had

1134  
00:48:26,680 --> 00:48:22,700  
several of her items of things including

1135  
00:48:28,930 --> 00:48:26,690  
some rubies of some description and she

1136  
00:48:30,910 --> 00:48:28,940  
couldn't find those either and she

1137  
00:48:32,980 --> 00:48:30,920  
apparently eventually according to this

1138  
00:48:35,410 --> 00:48:32,990

report when hysterical and said

1139

00:48:37,359 --> 00:48:35,420

someone's stolen my jewels and the

1140

00:48:40,000 --> 00:48:37,369

person that was working on this project

1141

00:48:42,339 --> 00:48:40,010

said there in the garden over there in

1142

00:48:43,990 --> 00:48:42,349

that garden particularly specifically

1143

00:48:45,790 --> 00:48:44,000

and she still couldn't find them even

1144

00:48:48,099 --> 00:48:45,800

when she knew which garden they were in

1145

00:48:50,710 --> 00:48:48,109

and typical of these sort of people and

1146

00:48:51,940 --> 00:48:50,720

I have every reason to believe from long

1147

00:48:53,290 --> 00:48:51,950

experience that Laura tricking is

1148

00:48:55,329 --> 00:48:53,300

sincere and she really believed she has

1149

00:48:56,560 --> 00:48:55,339

magical powers she was using divining

1150

00:48:58,750 --> 00:48:56,570

rods to find these

1151  
00:49:00,490 --> 00:48:58,760  
yeah however when everything failed she

1152  
00:49:01,810 --> 00:49:00,500  
just simply blamed the other people

1153  
00:49:03,430 --> 00:49:01,820  
around her for giving off negative

1154  
00:49:05,260 --> 00:49:03,440  
energy and tricking her and all the rest

1155  
00:49:07,120 --> 00:49:05,270  
oh it's what these people normally do

1156  
00:49:09,820 --> 00:49:07,130  
yeah i'm interested in your opinion

1157  
00:49:11,230 --> 00:49:09,830  
about this may not look I even for The

1158  
00:49:14,710 --> 00:49:11,240  
Daily Telegraph it seems like a strange

1159  
00:49:15,850 --> 00:49:14,720  
thing to do because look a few people

1160  
00:49:18,760 --> 00:49:15,860  
got a nice trip up to the Northern

1161  
00:49:21,220 --> 00:49:18,770  
Territory out of it it is an interesting

1162  
00:49:22,480 --> 00:49:21,230  
story to read whether you succeed it or

1163  
00:49:24,490 --> 00:49:22,490

not there's going to be some interest in

1164

00:49:25,840 --> 00:49:24,500

this I'm just surprised I didn't test a

1165

00:49:28,540 --> 00:49:25,850

little bit more before they left but

1166

00:49:30,360 --> 00:49:28,550

still it's a story and and with that

1167

00:49:32,950 --> 00:49:30,370

headline what was the headline again

1168

00:49:34,300 --> 00:49:32,960

digging for Peter Falcone Oh a rod for

1169

00:49:36,130 --> 00:49:34,310

our own backs a lot of people are going

1170

00:49:38,440 --> 00:49:36,140

to click and look on that so as far as

1171

00:49:41,890 --> 00:49:38,450

okay my copy quality quality journalism

1172

00:49:46,570 --> 00:49:41,900

but it is a story it is in your right

1173

00:49:48,730 --> 00:49:46,580

they the thing about reporters is and

1174

00:49:51,190 --> 00:49:48,740

I'm not denigrating reporters here

1175

00:49:52,930 --> 00:49:51,200

because this is a general public what we

1176

00:49:55,360 --> 00:49:52,940

do is a specialized thing they don't

1177

00:49:57,820 --> 00:49:55,370

know how to test a psychic clean people

1178

00:50:00,010 --> 00:49:57,830

aren't taught how to do this hmm and

1179

00:50:01,300 --> 00:50:00,020

also and whether it's true or not people

1180

00:50:03,700 --> 00:50:01,310

are still going to be interested in

1181

00:50:04,900 --> 00:50:03,710

reading about it so so and this woman it

1182

00:50:06,430 --> 00:50:04,910

might be interesting reading the story

1183

00:50:08,290 --> 00:50:06,440

here hearing about her personality about

1184

00:50:10,150 --> 00:50:08,300

out about what she thought so there are

1185

00:50:12,520 --> 00:50:10,160

other things that make that story worth

1186

00:50:14,200 --> 00:50:12,530

reading it just maybe this story's worth

1187

00:50:16,420 --> 00:50:14,210

reading because it's a good it's a good

1188

00:50:17,980 --> 00:50:16,430

example of what happens when when these

1189

00:50:21,250 --> 00:50:17,990

people are taken out and given a real

1190

00:50:23,380 --> 00:50:21,260

serious test of their abilities yeah I I

1191

00:50:25,180 --> 00:50:23,390

disagree with you actually because I

1192

00:50:27,670 --> 00:50:25,190

think there's a point with this

1193

00:50:30,010 --> 00:50:27,680

particular case as an example where so

1194

00:50:31,270 --> 00:50:30,020

many people have done this before and I

1195

00:50:34,090 --> 00:50:31,280

think if you were the bought the

1196

00:50:36,850 --> 00:50:34,100

girlfriend of Peter Falcone Oh still in

1197

00:50:39,220 --> 00:50:36,860

the UK and the parents of him still with

1198

00:50:41,140 --> 00:50:39,230

no answers as to where his body is to me

1199

00:50:43,300 --> 00:50:41,150

this is absolutely offensive that

1200

00:50:46,090 --> 00:50:43,310

someone who has deluded and as being

1201  
00:50:48,040 --> 00:50:46,100  
entertained by journalists to go and

1202  
00:50:50,230 --> 00:50:48,050  
look for the body of your loved one your

1203  
00:50:52,360 --> 00:50:50,240  
boyfriend your son is absolutely

1204  
00:50:53,770 --> 00:50:52,370  
abhorrent to me and I think at some

1205  
00:50:56,920 --> 00:50:53,780  
point as a journalist you have to have

1206  
00:50:58,210 --> 00:50:56,930  
an ethical level where you just say no

1207  
00:50:59,890 --> 00:50:58,220  
I'm not into anybody that's a good

1208  
00:51:02,260 --> 00:50:59,900  
question may not when does the ethics

1209  
00:51:03,640 --> 00:51:02,270  
overruled the story well look at someone

1210  
00:51:04,930 --> 00:51:03,650  
who doesn't work as a real journalist

1211  
00:51:06,430 --> 00:51:04,940  
and when people confuse me as a

1212  
00:51:07,840 --> 00:51:06,440  
journalist I get very upset because i'm

1213  
00:51:09,400 --> 00:51:07,850

not i'm just an entertainer

1214

00:51:11,230 --> 00:51:09,410

happens to say stuff from time to time

1215

00:51:12,310 --> 00:51:11,240

oh you know journalist i dunno

1216

00:51:14,320 --> 00:51:12,320

journalists they work in the same

1217

00:51:17,580 --> 00:51:14,330

building as me and they drink a lot

1218

00:51:20,050 --> 00:51:17,590

harder than I do my god do they ever

1219

00:51:21,250 --> 00:51:20,060

James like that that they you're

1220

00:51:22,420 --> 00:51:21,260

supposed to check your facts you're

1221

00:51:23,680 --> 00:51:22,430

supposed to make sure what's going on

1222

00:51:25,420 --> 00:51:23,690

there but i think we disappeared over

1223

00:51:27,520 --> 00:51:25,430

the horizon a long time ago when you're

1224

00:51:29,050 --> 00:51:27,530

expecting a favorite of responsibility

1225

00:51:31,510 --> 00:51:29,060

from commercial journalism in particular

1226

00:51:34,540 --> 00:51:31,520

figure right um because I mean you only

1227

00:51:37,450 --> 00:51:34,550

have to listen to I mean any commercial

1228

00:51:39,190 --> 00:51:37,460

radio show and the news department is is

1229

00:51:41,860 --> 00:51:39,200

marginalized in pretty much all of them

1230

00:51:44,080 --> 00:51:41,870

I mean you know even place like two gb I

1231

00:51:45,550 --> 00:51:44,090

mean it's it they call it rip and read

1232

00:51:46,930 --> 00:51:45,560

and a lot of that goes on you don't have

1233

00:51:48,550 --> 00:51:46,940

your exclusives anymore there's not the

1234

00:51:50,710 --> 00:51:48,560

money for people to go out there and

1235

00:51:53,110 --> 00:51:50,720

investigate stuff themselves to the

1236

00:51:54,970 --> 00:51:53,120

degree they rip and read you mean rip

1237

00:51:57,340 --> 00:51:54,980

the story from somewhere gear from from

1238

00:51:58,600 --> 00:51:57,350

from a AP or whatever yes and just sub

1239

00:52:00,160 --> 00:51:58,610

it for whatever you're doing and read it

1240

00:52:01,750 --> 00:52:00,170

because often that's all you have time

1241

00:52:03,670 --> 00:52:01,760

to do particularly if there's only one

1242

00:52:05,860 --> 00:52:03,680

or two people on duty at the time and

1243

00:52:08,560 --> 00:52:05,870

you know so much they ask about a news

1244

00:52:10,000 --> 00:52:08,570

bulletin well gb will do on every half

1245

00:52:11,350 --> 00:52:10,010

hour that's right i mean they're

1246

00:52:14,080 --> 00:52:11,360

probably better resource than a lot of

1247

00:52:15,940 --> 00:52:14,090

commercial newsrooms but yeah i mean

1248

00:52:18,130 --> 00:52:15,950

like what's going on there is the

1249

00:52:19,120 --> 00:52:18,140

content on the speakers on the air and

1250

00:52:20,470 --> 00:52:19,130

they're the ones are going to be

1251  
00:52:22,540 --> 00:52:20,480  
breaking the stories and talking to

1252  
00:52:24,490 --> 00:52:22,550  
people on the phone the newsroom are

1253  
00:52:26,590 --> 00:52:24,500  
just going to be doing your basic stuff

1254  
00:52:28,600 --> 00:52:26,600  
and look that they they do the job they

1255  
00:52:30,550 --> 00:52:28,610  
have to do but i just think your time

1256  
00:52:32,320 --> 00:52:30,560  
pressure and your money pressure means

1257  
00:52:34,360 --> 00:52:32,330  
that mistakes get made like this yeah

1258  
00:52:37,000 --> 00:52:34,370  
absolutely agree and also look at the

1259  
00:52:38,320 --> 00:52:37,010  
headline again you see his name people

1260  
00:52:40,000 --> 00:52:38,330  
get all pretty Falcone what's going on

1261  
00:52:42,850 --> 00:52:40,010  
to me at people then people will will

1262  
00:52:45,910 --> 00:52:42,860  
have a look at that page um it's it

1263  
00:52:47,800 --> 00:52:45,920

rhymes with the show i was on last night

1264

00:52:50,170 --> 00:52:47,810

today tonight they have a half hour of

1265

00:52:52,360 --> 00:52:50,180

content they have to feel five nights a

1266

00:52:54,610 --> 00:52:52,370

week that's right and and and also in

1267

00:52:57,700 --> 00:52:54,620

the times that they are you can only do

1268

00:52:58,990 --> 00:52:57,710

pretty much g rated stuff so i don't see

1269

00:53:01,030 --> 00:52:59,000

the show that often but imagine stuff

1270

00:53:06,130 --> 00:53:01,040

would get diet or is it big because

1271

00:53:13,870 --> 00:53:12,460

hang on ready ready to to one rose and

1272

00:53:15,460 --> 00:53:13,880

of course a fashion for an effect and

1273

00:53:18,190 --> 00:53:15,470

then lingerie fashion parade of some

1274

00:53:19,930 --> 00:53:18,200

look yeah but boobs and bums are going

1275

00:53:21,849 --> 00:53:19,940

to be obviously you can't show too much

1276

00:53:23,769 --> 00:53:21,859

but like a fashion parade because it's

1277

00:53:25,210 --> 00:53:23,779

fashion so I look and I've done these

1278

00:53:27,279 --> 00:53:25,220

stories covering a fashion parade is

1279

00:53:28,630 --> 00:53:27,289

fantastic you just you just go along

1280

00:53:30,430 --> 00:53:28,640

there you film it you talked to a couple

1281

00:53:32,620 --> 00:53:30,440

of miles afterwards cut it in with some

1282

00:53:34,299 --> 00:53:32,630

footage of reaction shots gun there is

1283

00:53:35,769 --> 00:53:34,309

your form well not really easy will

1284

00:53:38,410 --> 00:53:35,779

happen because you could guarantee that

1285

00:53:39,819 --> 00:53:38,420

at least once every month either today

1286

00:53:42,190 --> 00:53:39,829

tonight or a Current Affair will have a

1287

00:53:47,380 --> 00:53:42,200

story about the new bra yeah it seems

1288

00:53:48,670 --> 00:53:47,390

they know they know wow I'm what all saw

1289

00:53:51,009 --> 00:53:48,680

what the ones you can inflate up and

1290

00:53:52,690 --> 00:53:51,019

down and he doesn't it doesn't matter as

1291

00:53:54,910 --> 00:53:52,700

long as it's a story about a bra they

1292

00:53:56,589 --> 00:53:54,920

know that it'll people work I wanted to

1293

00:53:58,420 --> 00:53:56,599

bring back to the peekaboo balcony ones

1294

00:54:00,880 --> 00:53:58,430

I think they're fantastic empowered the

1295

00:54:02,529 --> 00:54:00,890

peekaboo balcony ones they look popular

1296

00:54:04,329 --> 00:54:02,539

in the 50s like that don't they were

1297

00:54:05,440 --> 00:54:04,339

like a cute like they're so well made

1298

00:54:09,849 --> 00:54:05,450

you can put your drink on them at a

1299

00:54:11,950 --> 00:54:09,859

party they created for random that they

1300

00:54:14,620 --> 00:54:11,960

do they credit rear and adjusted s it

1301  
00:54:18,130 --> 00:54:14,630  
yet now this is another interesting

1302  
00:54:22,029 --> 00:54:18,140  
thing Rachel we've had am a wonderful

1303  
00:54:23,710 --> 00:54:22,039  
gesture by and list now I mean we were

1304  
00:54:25,599 --> 00:54:23,720  
just absolutely knocked out by that we

1305  
00:54:27,999 --> 00:54:25,609  
have we have now this started because

1306  
00:54:30,039 --> 00:54:28,009  
you always make me wet late on Friday

1307  
00:54:34,630 --> 00:54:30,049  
nights Richard and once again I'm here

1308  
00:54:36,130 --> 00:54:34,640  
on a Friday night working and I sent a

1309  
00:54:38,380 --> 00:54:36,140  
facebook message a couple of weeks ago

1310  
00:54:40,930 --> 00:54:38,390  
saying that I was at work I was late and

1311  
00:54:42,849 --> 00:54:40,940  
I wanted to drink now someone wrote back

1312  
00:54:45,880 --> 00:54:42,859  
to me on facebook and said I work in a

1313  
00:54:48,700 --> 00:54:45,890

winery can I help and I wrote back

1314

00:54:54,160 --> 00:54:48,710

immediately and said yes you can can you

1315

00:54:55,779 --> 00:54:54,170

ever now it turns out that um Michael

1316

00:54:57,870 --> 00:54:55,789

who was very kind to send me this

1317

00:55:01,660 --> 00:54:57,880

message he works for the wonderful

1318

00:55:04,089 --> 00:55:01,670

Majella winery in the coonawarra which

1319

00:55:06,549 --> 00:55:04,099

is known as the limestone coast in South

1320

00:55:08,650 --> 00:55:06,559

Australia it's a cold region it's some

1321

00:55:10,839 --> 00:55:08,660

particularly well known for red wines

1322

00:55:11,620 --> 00:55:10,849

and I know this because I used to work

1323

00:55:13,570 --> 00:55:11,630

in a restaurant

1324

00:55:16,540 --> 00:55:13,580

in Adelaide and we were very familiar

1325

00:55:19,000 --> 00:55:16,550

with coonawarra wines Michael kindly

1326

00:55:22,200 --> 00:55:19,010

sent us 12 bottles of red wine but

1327

00:55:25,930 --> 00:55:22,210

there's a one condition Richard Oh what

1328

00:55:28,870 --> 00:55:25,940

yes I agree to a condition to receiving

1329

00:55:31,960 --> 00:55:28,880

this wine yeah before I share it amongst

1330

00:55:33,610 --> 00:55:31,970

everyone else on the skeptic zone that

1331

00:55:35,410 --> 00:55:33,620

was a request from Michael and that was

1332

00:55:40,110 --> 00:55:35,420

that you agree not to be Samuel

1333

00:55:43,000 --> 00:55:40,120

Hahnemann for the next six months what

1334

00:55:45,850 --> 00:55:43,010

but I'm not Sonja loan oh I mean I mean

1335

00:55:47,680 --> 00:55:45,860

the Samuel Hahnemann doesn't appear for

1336

00:55:49,420 --> 00:55:47,690

the next six months can you arrange that

1337

00:55:51,010 --> 00:55:49,430

I'll have to have a word with him I'll

1338

00:55:53,710 --> 00:55:51,020

ring him up and ask him not to appear

1339

00:55:55,180 --> 00:55:53,720

but if that means that if that's a

1340

00:55:57,730 --> 00:55:55,190

condition and I think Samuel Hahnemann

1341

00:55:59,620 --> 00:55:57,740

we'll have to agree to that isn't it

1342

00:56:01,660 --> 00:55:59,630

true though that brian dunning is samuel

1343

00:56:03,730 --> 00:56:01,670

hahnemann yeah I think he is really yeah

1344

00:56:06,370 --> 00:56:03,740

I can't hear Samuel Hahnemann here

1345

00:56:08,140 --> 00:56:06,380

tonight that's good no he's keys Katie

1346

00:56:11,020 --> 00:56:08,150

staying away he's staying away because

1347

00:56:12,790 --> 00:56:11,030

this offer is too good okay now what is

1348

00:56:17,500 --> 00:56:12,800

the website from this wonderful winery

1349

00:56:20,110 --> 00:56:17,510

it's dub dub dub majella maj lla wines

1350

00:56:21,850 --> 00:56:20,120

calm today you and we would certainly

1351

00:56:24,430 --> 00:56:21,860

look forward to sharing a glass of that

1352

00:56:27,820 --> 00:56:24,440

and we must thank michael michael has

1353

00:56:30,310 --> 00:56:27,830

been amazing sending us its wine and he

1354

00:56:31,900 --> 00:56:30,320

is on the team at Majella and anyone

1355

00:56:33,490 --> 00:56:31,910

who's in the area please go there and

1356

00:56:35,200 --> 00:56:33,500

buy their wine when a wonderful gesture

1357

00:56:37,720 --> 00:56:35,210

from a list absolutely wonderful that he

1358

00:56:39,370 --> 00:56:37,730

did that and I'm and I was particularly

1359

00:56:41,410 --> 00:56:39,380

wanted to thank him because I know a lot

1360

00:56:43,510 --> 00:56:41,420

of that kind of water reds and so I'm

1361

00:56:46,570 --> 00:56:43,520

going to appreciate that all by myself

1362

00:56:49,480 --> 00:56:46,580

and that website again it is double dog

1363

00:56:51,160 --> 00:56:49,490

Majella wines calm today you know

1364

00:56:53,320 --> 00:56:51,170

they're doing anything special like

1365

00:56:54,730 --> 00:56:53,330

organic wines or stuff like that go sir

1366

00:56:56,560 --> 00:56:54,740

I mean Brian Dunning did a great episode

1367

00:56:58,570 --> 00:56:56,570

of that organic wines and all the

1368

00:57:00,460 --> 00:56:58,580

magical almost magical kind of things

1369

00:57:02,830 --> 00:57:00,470

that you're talking about biodynamic

1370

00:57:05,920 --> 00:57:02,840

showing where you put yeah poo in it

1371

00:57:07,270 --> 00:57:05,930

don't know if you know of a ball in

1372

00:57:08,710 --> 00:57:07,280

there is a right yeah because I'm

1373

00:57:09,940 --> 00:57:08,720

another house someone used to do that in

1374

00:57:11,950 --> 00:57:09,950

Australia I was just wondering i mean

1375

00:57:13,599 --> 00:57:11,960

being a skeptic you probably wouldn't ya

1376

00:57:15,249 --> 00:57:13,609

know there are some but I

1377

00:57:16,839 --> 00:57:15,259

don't think I can't see anything i'm on

1378

00:57:18,519 --> 00:57:16,849

the website now and I can't see anything

1379

00:57:21,160 --> 00:57:18,529

he published Thompson grapes himself he

1380

00:57:23,200 --> 00:57:21,170

buzzed me Musti money the Sony called

1381

00:57:25,930 --> 00:57:23,210

vertical tasting I don't know what that

1382

00:57:31,390 --> 00:57:25,940

is where if you taste enough you are no

1383

00:57:34,150 --> 00:57:31,400

longer vertical I'll go along with that

1384

00:57:36,099 --> 00:57:34,160

and while he's stomping his grapes when

1385

00:57:37,749 --> 00:57:36,109

his feet gets tied he's put me he's not

1386

00:57:39,849 --> 00:57:37,759

definitely not because he's a skeptical

1387

00:57:43,089 --> 00:57:39,859

man he's not going home to his bio

1388

00:57:46,329 --> 00:57:43,099

magnetic underlay what a Segway now if

1389

00:57:48,220 --> 00:57:46,339

you're a fox tell subscriber like I am

1390

00:57:49,509 --> 00:57:48,230

yet that's not as well as running ads

1391

00:57:50,950 --> 00:57:49,519

about you're going to die every 10

1392

00:57:52,569 --> 00:57:50,960

minutes so get some insurance yeah

1393

00:57:54,579 --> 00:57:52,579

that's one of the ones they just keep

1394

00:57:56,529 --> 00:57:54,589

running all the time grandpa grandpa are

1395

00:57:59,109 --> 00:57:56,539

you dead yet they have eggs like that um

1396

00:58:00,279 --> 00:57:59,119

but they had this one that if i was

1397

00:58:02,140 --> 00:58:00,289

watching i don't know and i thought i'd

1398

00:58:03,430 --> 00:58:02,150

bring it up with you guys that they seem

1399

00:58:05,769 --> 00:58:03,440

to be claiming if you have magnets in

1400

00:58:07,390 --> 00:58:05,779

your underlay it does all sorts of great

1401

00:58:09,400 --> 00:58:07,400

things for you and i thought this had

1402

00:58:10,690 --> 00:58:09,410

been disproved a very long time ago well

1403

00:58:12,519 --> 00:58:10,700

you know what i think we're very

1404

00:58:14,650 --> 00:58:12,529

skeptical about this now our good friend

1405

00:58:16,779 --> 00:58:14,660

loretta Marin I also known as the jelly

1406

00:58:22,239 --> 00:58:16,789

bean lady has had some success lately

1407

00:58:27,039 --> 00:58:22,249

and she sent us this little item now

1408

00:58:29,400 --> 00:58:27,049

good friends at the happy the CRP the

1409

00:58:32,470 --> 00:58:29,410

complaints resolution panel yes have

1410

00:58:35,170 --> 00:58:32,480

decided to send the following to a

1411

00:58:38,470 --> 00:58:35,180

company called biomagnetic underlay

1412

00:58:40,870 --> 00:58:38,480

products or biomagnetic which advertise

1413

00:58:42,249 --> 00:58:40,880

regularly on TV saying you know sleep on

1414

00:58:45,479 --> 00:58:42,259

our mattress with full of magnets

1415

00:58:48,009 --> 00:58:45,489

whatever whatever retraction an

1416

00:58:49,749 --> 00:58:48,019

advertisement for biomagnetic underlaid

1417

00:58:51,700 --> 00:58:49,759

products which we broadcast on

1418

00:58:53,589 --> 00:58:51,710

television should not have been

1419

00:58:56,380 --> 00:58:53,599

broadcast in the advertisement we

1420

00:58:59,470 --> 00:58:56,390

unlawfully made claims that the

1421

00:59:01,809 --> 00:58:59,480

advertised underlay products could in

1422

00:59:05,470 --> 00:59:01,819

could provide pain relief temporary

1423

00:59:08,109 --> 00:59:05,480

relief temporary temporarily relieve

1424

00:59:11,589 --> 00:59:08,119

aches and pains and relieve conditions

1425

00:59:14,650 --> 00:59:11,599

such as arthritis sciatica sciatica

1426  
00:59:17,680 --> 00:59:14,660  
thank you I forgot my glasses muscle

1427  
00:59:20,290 --> 00:59:17,690  
spasms sore muscles head pain and back

1428  
00:59:22,390 --> 00:59:20,300  
pain a complaint about the advertisement

1429  
00:59:24,760 --> 00:59:22,400  
was recently upheld by the complaints

1430  
00:59:26,650 --> 00:59:24,770  
resolution panel the evidence we

1431  
00:59:28,990 --> 00:59:26,660  
provided in response to the complaint

1432  
00:59:31,180 --> 00:59:29,000  
did not support the claims we made and

1433  
00:59:33,850 --> 00:59:31,190  
the panel found that the claims were

1434  
00:59:35,580 --> 00:59:33,860  
unlawful misleading and unverified and

1435  
00:59:38,560 --> 00:59:35,590  
breached the therapeutics goods

1436  
00:59:40,900 --> 00:59:38,570  
advertising code that the panel

1437  
00:59:43,270 --> 00:59:40,910  
therefore requested that biomagnetic

1438  
00:59:45,400 --> 00:59:43,280

proprietary limited published this

1439

00:59:48,090 --> 00:59:45,410

retraction the full text of the panel's

1440

00:59:54,160 --> 00:59:48,100

determination can be found at dub dub

1441

00:59:55,660 --> 00:59:54,170

wtg a/c RP comm w sierra / complaints

1442

00:59:57,700 --> 00:59:55,670

okay Richard why are you bothering

1443

01:00:00,240 --> 00:59:57,710

reading this out at all alright the

1444

01:00:03,310 --> 01:00:00,250

point is even though that they made this

1445

01:00:05,740 --> 01:00:03,320

judgement and send this off to the

1446

01:00:07,270 --> 01:00:05,750

company to put on their website the

1447

01:00:09,040 --> 01:00:07,280

company don't have to do a damn thing

1448

01:00:10,630 --> 01:00:09,050

about it no which seems a bit odd that

1449

01:00:12,340 --> 01:00:10,640

you'd bother having an apartment that

1450

01:00:13,630 --> 01:00:12,350

can't enforce its own laws I'm sure

1451

01:00:15,310 --> 01:00:13,640

there's lots of ones like that it's like

1452

01:00:16,630 --> 01:00:15,320

whenever your commercial radio makes a

1453

01:00:19,000 --> 01:00:16,640

mistake it's always bit of a slap on the

1454

01:00:20,740 --> 01:00:19,010

wrist we're at the ABC we have a whole

1455

01:00:22,600 --> 01:00:20,750

complaint thing and we track look if you

1456

01:00:24,400 --> 01:00:22,610

make a complaint the ABC man we were

1457

01:00:26,350 --> 01:00:24,410

really dragged through the mud yeah yeah

1458

01:00:27,850 --> 01:00:26,360

yeah you have to go in and you spend

1459

01:00:30,880 --> 01:00:27,860

several two hours with people in the

1460

01:00:32,470 --> 01:00:30,890

office Tess hours two hours in their

1461

01:00:33,940 --> 01:00:32,480

office if there's a problem I think it's

1462

01:00:36,190 --> 01:00:33,950

the first time the word terse has been

1463

01:00:38,050 --> 01:00:36,200

used on the thing thing yeah but but to

1464

01:00:40,630 --> 01:00:38,060

put it into a little bit of context what

1465

01:00:44,350 --> 01:00:40,640

Richard is read out was a request from

1466

01:00:49,000 --> 01:00:44,360

the CRP to bioenergetic up you whatever

1467

01:00:52,090 --> 01:00:49,010

versus behavior I don't know but the

1468

01:00:53,740 --> 01:00:52,100

point is that thirty percent of people

1469

01:00:57,250 --> 01:00:53,750

that get issued with these retractions

1470

01:01:00,250 --> 01:00:57,260

do not comply and the TGA cannot enforce

1471

01:01:03,040 --> 01:01:00,260

that ruling so they will tell you that

1472

01:01:04,330 --> 01:01:03,050

you've made you know you've breached the

1473

01:01:06,850 --> 01:01:04,340

advertising code that you've breached

1474

01:01:08,740 --> 01:01:06,860

the ethical code and then say can you

1475

01:01:10,450 --> 01:01:08,750

please please please please pretty bad

1476

01:01:12,400 --> 01:01:10,460

they don't do it and if they don't do it

1477

01:01:14,020 --> 01:01:12,410

there are no consequences which we found

1478

01:01:17,050 --> 01:01:14,030

with a company called homeopathy plus

1479

01:01:19,000 --> 01:01:17,060

which we're told well requested put up a

1480

01:01:21,640 --> 01:01:19,010

retraction on the website saying no

1481

01:01:23,820 --> 01:01:21,650

poems do not stack up you can't do this

1482

01:01:25,920 --> 01:01:23,830

nice it no yeah and

1483

01:01:28,350 --> 01:01:25,930

and worse than that there was a story on

1484

01:01:30,570 --> 01:01:28,360

late line by Steve Canaan about this

1485

01:01:32,400 --> 01:01:30,580

particular problem and then the

1486

01:01:34,050 --> 01:01:32,410

following day the woman who runs that

1487

01:01:36,300 --> 01:01:34,060

website friend Sheffield jumped the

1488

01:01:38,430 --> 01:01:36,310

shark completely and wrote a whole post

1489

01:01:40,620 --> 01:01:38,440

about how homeopathy can cure cancer and

1490

01:01:44,310 --> 01:01:40,630

a needs and guess what's happened

1491

01:01:46,410 --> 01:01:44,320

nothing the TGA has done nothing the CRP

1492

01:01:48,000 --> 01:01:46,420

can do nothing and so now she has made

1493

01:01:49,320 --> 01:01:48,010

even more outrageous claims than what

1494

01:01:51,360 --> 01:01:49,330

she had before there was a complaint

1495

01:01:53,130 --> 01:01:51,370

[h\_\_h] the thing we can do on the skeptics

1496

01:01:55,560 --> 01:01:53,140

are at least is what I did and I read

1497

01:01:57,960 --> 01:01:55,570

out that thing so that the company

1498

01:02:01,440 --> 01:01:57,970

involved the biomagnetic was it

1499

01:02:03,630 --> 01:02:01,450

biomagnetic orphans well look what the

1500

01:02:05,670 --> 01:02:03,640

only good thing about that I can say is

1501

01:02:07,260 --> 01:02:05,680

that if you have foxtel one of their ads

1502

01:02:09,830 --> 01:02:07,270

is on instead of one of those ones about

1503

01:02:12,630 --> 01:02:09,840

you're gonna die soon as I get insurance

1504

01:02:14,640 --> 01:02:12,640

which which which if anyone has foxtel

1505

01:02:15,750 --> 01:02:14,650

and watches it get those ads get really

1506

01:02:17,370 --> 01:02:15,760

annoying because they're on about every

1507

01:02:19,500 --> 01:02:17,380

10 minutes and I repeat them so this is

1508

01:02:22,080 --> 01:02:19,510

a different add to an early death can I

1509

01:02:23,940 --> 01:02:22,090

just just for context may not Foxtel is

1510

01:02:26,280 --> 01:02:23,950

cable television that that's right at

1511

01:02:27,570 --> 01:02:26,290

our at our cable TV supply our platform

1512

01:02:29,640 --> 01:02:27,580

here in Australia which is a

1513

01:02:31,080 --> 01:02:29,650

murdoch-owned and carries just about

1514

01:02:32,640 --> 01:02:31,090

everything just about it and which and

1515

01:02:36,120 --> 01:02:32,650

discovery science is my favorite channel

1516

01:02:39,000 --> 01:02:36,130

anyway biomagnetic products that's the

1517

01:02:41,190 --> 01:02:39,010

that's the company have been requested

1518

01:02:42,990 --> 01:02:41,200

to put up this retraction easily please

1519

01:02:45,870 --> 01:02:43,000

please please and I'll bet you the next

1520

01:02:48,450 --> 01:02:45,880

hot dinner hu they don't comply could I

1521

01:02:50,880 --> 01:02:48,460

use this as a forum to put out a story

1522

01:02:53,160 --> 01:02:50,890

I'm looking for story lead now I've made

1523

01:02:54,990 --> 01:02:53,170

a few phone calls to the producers of

1524

01:02:57,000 --> 01:02:55,000

the Mythbusters program beyond here in

1525

01:02:58,620 --> 01:02:57,010

Australia and I know that those guys are

1526

01:03:00,270 --> 01:02:58,630

are skeptics as well that work on that

1527

01:03:02,250 --> 01:03:00,280

show and I would like to do an interview

1528

01:03:03,750 --> 01:03:02,260

with the editor whoever he or she is in

1529

01:03:05,670 --> 01:03:03,760

Australia that edits the program because

1530

01:03:07,620 --> 01:03:05,680

it's all shot in America that's editor

1531

01:03:09,570 --> 01:03:07,630

to here in Australia and I voiceover

1532

01:03:10,830 --> 01:03:09,580

guys in Sydney actually yes and look I

1533

01:03:12,240 --> 01:03:10,840

would really like to talk to the ADA to

1534

01:03:15,150 --> 01:03:12,250

accept that's a person does the heavy

1535

01:03:17,730 --> 01:03:15,160

lifting and makes that show as well as

1536

01:03:19,770 --> 01:03:17,740

good as it is and is a great yes so

1537

01:03:21,420 --> 01:03:19,780

please contact me at my website that i

1538

01:03:23,940 --> 01:03:21,430

mentioned earlier and i would really

1539

01:03:25,560 --> 01:03:23,950

like that and also i found out in any of

1540

01:03:28,110 --> 01:03:25,570

you admit that myth but that that wasn't

1541

01:03:29,550 --> 01:03:28,120

the original format of the show the show

1542

01:03:31,890 --> 01:03:29,560

was originally pitched that you'd have

1543

01:03:33,360 --> 01:03:31,900

that you'd have the two guys back at

1544

01:03:33,860 --> 01:03:33,370

base and there would be what they called

1545

01:04:52,010 --> 01:03:33,870

a

1546

01:04:53,330 --> 01:04:52,020

edge do you need me to go out on ABC

1547

01:04:54,950 --> 01:04:53,340

because I want everybody to hear about

1548

01:04:57,290 --> 01:04:54,960

this cuz you know I think editors are

1549

01:04:59,120 --> 01:04:57,300

the unsung heroes of imagine being sure

1550

01:05:00,950 --> 01:04:59,130

you'll get like a shot list and you'll

1551

01:05:02,510 --> 01:05:00,960

get some basic cuts from the producer

1552

01:05:03,830 --> 01:05:02,520

and everything but imagine getting all

1553

01:05:05,630 --> 01:05:03,840

the footage of that should see how many

1554

01:05:06,950 --> 01:05:05,640

cameras they weren't sure I mean that

1555

01:05:08,630 --> 01:05:06,960

you know there'll be a lot of effort

1556

01:05:10,160 --> 01:05:08,640

goes into that I mean it is it is a

1557

01:05:11,750 --> 01:05:10,170

budget show now and a lot of producers

1558

01:05:14,180 --> 01:05:11,760

work on it but doing the actual editing

1559

01:05:15,650 --> 01:05:14,190

would be I reckon most people editors

1560

01:05:16,940 --> 01:05:15,660

dream because you have so many great

1561

01:05:18,080 --> 01:05:16,950

shots to cut together I would someone

1562

01:05:20,030 --> 01:05:18,090

talk to the person who doesn't it's a

1563

01:05:21,620 --> 01:05:20,040

good show it's a great show everybody

1564

01:05:23,810 --> 01:05:21,630

involved as a good job because it's

1565

01:05:27,050 --> 01:05:23,820

entertaining and informative we might

1566

01:05:28,670 --> 01:05:27,060

say as we hope the think tank is and I

1567

01:05:30,020 --> 01:05:28,680

would like to thank our special guests

1568

01:05:31,610 --> 01:05:30,030

tonight may not thank you may know look

1569

01:05:32,930 --> 01:05:31,620

1570

01:05:34,970 --> 01:05:32,940

1573

01:05:40,370 --> 01:05:38,130

1574

01:05:42,319 --> 01:05:40,380

really like them I'm sure I think I why

1575

01:05:44,839 --> 01:05:42,329

I'd like to thank dr. Reggie thank you
