

Show 90
9.July.2010

www.skepticzone.tv

1
00:00:16,480 --> 00:00:02,000
this is James Randi and you're listening

2
00:00:16,490 --> 00:00:24,060
Oh

3
00:00:30,490 --> 00:00:26,950
hello and welcome to the skeptic zone

4
00:00:32,229 --> 00:00:30,500
show number 94 the ninth of July 2010

5
00:00:35,200 --> 00:00:32,239
Richard Saunders here with you from

6
00:00:37,119 --> 00:00:35,210
beautiful downtown Las Vegas joining me

7
00:00:39,220 --> 00:00:37,129
for the intro at this very noisy

8
00:00:43,569 --> 00:00:39,230
Hawaiian restaurant is dr. a chief i

9
00:00:45,939 --> 00:00:43,579
Richard how are you well I'm I'm tam dao

10
00:00:48,280 --> 00:00:45,949
time I must say we've had a huge Taman

11
00:00:51,369 --> 00:00:48,290
it was just finished today it is today

12
00:00:55,149 --> 00:00:51,379
was the end of time it was after two and

13
00:00:57,100 --> 00:00:55,159

a half days three days of non-stop I

14

00:00:59,289 --> 00:00:57,110

don't know how many days Moscow I'm

15

00:01:02,740 --> 00:00:59,299

completely lost count and yeah I'm

16

00:01:04,210 --> 00:01:02,750

completely confused and dazed but you

17

00:01:06,340 --> 00:01:04,220

know it is called the amazing meeting

18

00:01:09,429 --> 00:01:06,350

and this is my first time yeah it was

19

00:01:11,649 --> 00:01:09,439

and people asked me what it was like and

20

00:01:13,030 --> 00:01:11,659

I said it's amazing and then didn't

21

00:01:15,429 --> 00:01:13,040

realize I was saying that but you know

22

00:01:17,770 --> 00:01:15,439

it it's amazing it is an incredible

23

00:01:20,140 --> 00:01:17,780

meeting it's amazing and it's so much

24

00:01:22,060 --> 00:01:20,150

more than just the lineup you know you

25

00:01:23,920 --> 00:01:22,070

can look at the lineup of speakers and

26

00:01:27,100 --> 00:01:23,930

think wow it's going to be great to see

27

00:01:28,690 --> 00:01:27,110

Phil Plait and Richard Dawkins and but

28

00:01:30,470 --> 00:01:28,700

it's so much more than that you know

29

00:01:33,260 --> 00:01:30,480

it's really about

30

00:01:35,290 --> 00:01:33,270

a whole group of skeptical colleagues

31

00:01:38,060 --> 00:01:35,300

getting together exchanging ideas

32

00:01:40,070 --> 00:01:38,070

talking to each other learning about

33

00:01:43,310 --> 00:01:40,080

what each other's up to and it's just

34

00:01:46,820 --> 00:01:43,320

it's it's an overwhelming isn't it one

35

00:01:49,640 --> 00:01:46,830

might say amazing one might not say that

36

00:01:53,000 --> 00:01:49,650

because that would be a cliché yeah but

37

00:01:55,130 --> 00:01:53,010

I I mean I didn't I thought I thought I

38

00:01:58,400 --> 00:01:55,140

knew what to expect when I came here on

39

00:02:02,420 --> 00:01:58,410

Tuesday but I had no idea as long as you

40

00:02:04,760 --> 00:02:02,430

didn't expect to sleep well I didn't

41

00:02:06,230 --> 00:02:04,770

just know I didn't get any sleep you can

42

00:02:08,900 --> 00:02:06,240

tell by the fact that i can't speak

43

00:02:10,430 --> 00:02:08,910

anymore i haven't had much sleep in fact

44

00:02:12,260 --> 00:02:10,440

not most people didn't really have much

45

00:02:13,700 --> 00:02:12,270

sleep you could tell that by today with

46

00:02:16,130 --> 00:02:13,710

ya everyone was walking around

47

00:02:18,170 --> 00:02:16,140

bleary-eyed and looking a little bit

48

00:02:21,410 --> 00:02:18,180

like they've been a mere whacked with a

49

00:02:23,240 --> 00:02:21,420

stick or something but yeah we had over

50

00:02:26,120 --> 00:02:23,250

there was a record number of attendees

51
00:02:27,680 --> 00:02:26,130
this year over 30 visits thirteen thirty

52
00:02:30,800 --> 00:02:27,690
percent increase on last year so yeah

53
00:02:33,410 --> 00:02:30,810
over 1300 as you know this year there's

54
00:02:35,150 --> 00:02:33,420
Tom London again the second one this is

55
00:02:37,550 --> 00:02:35,160
going to be Tam Australia the first one

56
00:02:39,800 --> 00:02:37,560
and there's one in Geneva or Zurich next

57
00:02:41,500 --> 00:02:39,810
year I think next year yeah so they're

58
00:02:44,449 --> 00:02:41,510
just spreading all over the globe and

59
00:02:46,880 --> 00:02:44,459
yeah I'm be no it was funny because you

60
00:02:48,650 --> 00:02:46,890
and I plan to get here two days early to

61
00:02:51,260 --> 00:02:48,660
try to recover to the time zone and just

62
00:02:54,500 --> 00:02:51,270
as we said naively chill out a little

63
00:02:56,690 --> 00:02:54,510

bit before tam started we we didn't have

64

00:02:58,580 --> 00:02:56,700

any time to do that did we I mean that

65

00:03:01,250 --> 00:02:58,590

the conference properly started on

66

00:03:04,010 --> 00:03:01,260

Thursday Tuesday afternoon there were

67

00:03:06,110 --> 00:03:04,020

people here Wednesday half the delegates

68

00:03:07,729 --> 00:03:06,120

were here so we hit the ground running

69

00:03:09,920 --> 00:03:07,739

as soon as we got into vegas and we

70

00:03:11,990 --> 00:03:09,930

haven't stopped until now and i think

71

00:03:13,580 --> 00:03:12,000

i'm going to collapse while you collapse

72

00:03:15,740 --> 00:03:13,590

doctor 'he will get on with the rest of

73

00:03:17,390 --> 00:03:15,750

the show this show it covers the first

74

00:03:19,760 --> 00:03:17,400

part of our trip here to the amazing

75

00:03:22,190 --> 00:03:19,770

meeting leaving sydney and put some

76

00:03:24,229 --> 00:03:22,200

pieces along the way and then will flash

77

00:03:26,490 --> 00:03:24,239

back to Sydney where we recorded a think

78

00:03:29,430 --> 00:03:26,500

tank with our good friend Maynard

79

00:03:30,840 --> 00:03:29,440

before we left and Kyle Easter just

80

00:03:32,280 --> 00:03:30,850

joined us to which was interesting yeah

81

00:03:35,450 --> 00:03:32,290

that was great Kylie was in town for

82

00:03:38,490 --> 00:03:35,460

another conference and we managed to

83

00:03:41,010 --> 00:03:38,500

rope her into doing a think tank from my

84

00:03:42,480 --> 00:03:41,020

front room that's yes that's coming up a

85

00:03:44,490 --> 00:03:42,490

bit later in the show but let's start

86

00:03:57,610 --> 00:03:44,500

off this episode of the skeptic zone

87

00:04:04,430 --> 00:04:00,500

and it's hello from Sydney Airport beats

88

00:04:06,800 --> 00:04:04,440

the the sixth of July I'm here having a

89

00:04:08,390 --> 00:04:06,810

quick sandwich with a racial Dunlop and

90

00:04:11,120 --> 00:04:08,400

Joe Benna mu as we wait for our flight

91

00:04:12,980 --> 00:04:11,130

and I must say it's we should rename

92

00:04:15,410 --> 00:04:12,990

this place the powerband Sydney Airport

93

00:04:17,930 --> 00:04:15,420

Rachel I've just tweeted that we've just

94

00:04:19,790 --> 00:04:17,940

seen in the space of two hours three

95

00:04:21,770 --> 00:04:19,800

people wearing power balance bracelets

96

00:04:23,990 --> 00:04:21,780

including the lady who checked us into

97

00:04:27,260 --> 00:04:24,000

delta yes which was really weird because

98

00:04:28,940 --> 00:04:27,270

she was very slow wasn't she she was

99

00:04:31,100 --> 00:04:28,950

lovely but a bit slow let me but she

100

00:04:33,170 --> 00:04:31,110

moved like she was in slow motion so

101
00:04:36,110 --> 00:04:33,180
maybe it has adjusted his chakra so much

102
00:04:39,110 --> 00:04:36,120
that she was I don't know I don't know

103
00:04:41,360 --> 00:04:39,120
another world or something anyway we're

104
00:04:43,340 --> 00:04:41,370
just having a quick bite and a cup of

105
00:04:45,650 --> 00:04:43,350
coffee and then we'll head over to the

106
00:04:47,060 --> 00:04:45,660
departure gate and we'll be off Joe

107
00:04:48,470 --> 00:04:47,070
you're looking forward to it I am very

108
00:04:50,720 --> 00:04:48,480
much so I just have to say about those

109
00:04:52,640 --> 00:04:50,730
tab bracelets the thing that gets me

110
00:04:53,720 --> 00:04:52,650
every time I see him and see him and see

111
00:04:58,250 --> 00:04:53,730
them is that they just look so

112
00:04:59,900 --> 00:04:58,260
incredibly cheap and tacky i'm sorry i'm

113
00:05:02,270 --> 00:04:59,910

nomming but they're not a good fashion

114

00:05:03,980 --> 00:05:02,280

statement I'll say that no they do they

115

00:05:05,720 --> 00:05:03,990

looked awful and you got one Richard

116

00:05:07,640 --> 00:05:05,730

from when you did your today tonight

117

00:05:08,840 --> 00:05:07,650

story which hasn't aired yet yeah and I

118

00:05:11,060 --> 00:05:08,850

looked at it and it looks like cheap

119

00:05:12,650 --> 00:05:11,070

touch it no yeah it is because they only

120

00:05:14,720 --> 00:05:12,660

cost about 3 cents to make anyway yeah

121

00:05:16,490 --> 00:05:14,730

but i mean i don't think i would

122

00:05:18,830 --> 00:05:16,500

consider that sixty five dollars well

123

00:05:20,750 --> 00:05:18,840

spent to tell you the truth absolutely

124

00:05:22,730 --> 00:05:20,760

not also made the observation just then

125

00:05:24,710 --> 00:05:22,740

that she was wondering what these people

126
00:05:27,050 --> 00:05:24,720
who we just saw at the coffee shop where

127
00:05:29,540 --> 00:05:27,060
at what are they doing for them right

128
00:05:31,130 --> 00:05:29,550
now because they're not lifting things

129
00:05:34,360 --> 00:05:31,140
are not flexing things they're not

130
00:05:36,890 --> 00:05:34,370
playing sport like an airport what

131
00:05:40,790 --> 00:05:36,900
anyway they're enhancing their

132
00:05:44,570 --> 00:05:40,800
well-being and zest and wellness yeah

133
00:05:46,129 --> 00:05:44,580
that means nothing Richard gibberish if

134
00:05:47,719 --> 00:05:46,139
you are

135
00:05:50,119 --> 00:05:47,729
visitor without a waiver who are

136
00:05:52,969 --> 00:05:50,129
nationals countries participating in the

137
00:05:56,959 --> 00:05:52,979
visa waiver program you'll need a green

138
00:06:02,059 --> 00:05:59,689

once again the US form is one per

139

00:06:04,819 --> 00:06:02,069

household that's the one we get degree

140

00:06:09,110 --> 00:06:04,829

now we might believe that back relax and

141

00:06:14,270 --> 00:06:11,780

we're on our way dr. AG we are we are

142

00:06:16,969 --> 00:06:14,280

I'm sitting here like a massive nerd

143

00:06:18,409 --> 00:06:16,979

watching the wing move around which we

144

00:06:20,719 --> 00:06:18,419

got a great view of the wing I must say

145

00:06:23,830 --> 00:06:20,729

right over the wing and when we started

146

00:06:26,360 --> 00:06:23,840

off the wing was kind of quiet Kahn best

147

00:06:27,740 --> 00:06:26,370

and now that we've actually got up and

148

00:06:28,820 --> 00:06:27,750

the pressure under the wing is greater

149

00:06:31,640 --> 00:06:28,830

than the pressure on top of the wing

150

00:06:33,560 --> 00:06:31,650

it's kind of sitting up now it is yeah

151
00:06:35,540 --> 00:06:33,570
yeah I could see curving up it's coming

152
00:06:37,909 --> 00:06:35,550
up and before it was quiet notably

153
00:06:41,090 --> 00:06:37,919
curving down well I just think

154
00:06:44,510 --> 00:06:41,100
engineering is awesome dude is science

155
00:06:47,900 --> 00:06:44,520
man another 30 we've got another 13

156
00:06:49,580 --> 00:06:47,910
hours to admire before we get to LA yeah

157
00:06:52,279 --> 00:06:49,590
in between that we've got noms though

158
00:06:54,860 --> 00:06:52,289
Richard was I just described to us yeah

159
00:07:02,450 --> 00:06:54,870
so I'm gonna be watching the wing for 13

160
00:07:05,180 --> 00:07:02,460
hours hehe ah welcome to wonderful Los

161
00:07:08,090 --> 00:07:05,190
Angeles dr. Richie hi dr. Richard Hawaii

162
00:07:11,210 --> 00:07:08,100
well what an interesting time we're

163
00:07:13,580 --> 00:07:11,220

actually at the moment at LAX in transit

164

00:07:17,690 --> 00:07:13,590

to go to Vegas and wasn't that a

165

00:07:20,360 --> 00:07:17,700

nightmare hi mojo how you can cast but

166

00:07:22,670 --> 00:07:20,370

otherwise fine I've never waited so long

167

00:07:25,240 --> 00:07:22,680

for my bags yeah that was amazing and

168

00:07:29,300 --> 00:07:25,250

the queue for the passport control was

169

00:07:30,950 --> 00:07:29,310

in laying slow yeah and we have and we

170

00:07:32,600 --> 00:07:30,960

did have to actually explain what the

171

00:07:35,210 --> 00:07:32,610

convention was that we were going to get

172

00:07:39,500 --> 00:07:35,220

rich and as your thoughts I said we

173

00:07:41,629 --> 00:07:39,510

hopefully even cycles i just said as

174

00:07:44,060 --> 00:07:41,639

educational sleeve derived you slept on

175

00:07:45,920 --> 00:07:44,070

the plane more than we did anyway ah

176

00:07:48,020 --> 00:07:45,930

that's right we hardly had any sleep I

177

00:07:50,390 --> 00:07:48,030

gotta say I got to say I'm delirious

178

00:07:52,219 --> 00:07:50,400

yeah Mike's but now we're standing in a

179

00:07:56,180 --> 00:07:52,229

little terminal of Delta here in LAX

180

00:07:59,240 --> 00:07:56,190

wind fly to UM Vegas yeah I mean we had

181

00:08:01,730 --> 00:07:59,250

a dream two hours in between flyers yeah

182

00:08:03,290 --> 00:08:01,740

we've just arrived with minutes to spare

183

00:08:05,510 --> 00:08:03,300

we thought that we'd have time for a

184

00:08:07,999 --> 00:08:05,520

coffee and a shower and

185

00:08:09,439 --> 00:08:08,009

walk around Joe's quite likely to become

186

00:08:11,629 --> 00:08:09,449

homicidal ooh she doesn't get a cup

187

00:08:13,400 --> 00:08:11,639

freezer we better let Joe go and get a

188

00:08:14,839 --> 00:08:13,410

coffee and give it a she-bear speaking

189

00:08:17,180 --> 00:08:14,849

of herself in third person I'd be

190

00:08:20,029 --> 00:08:17,190

concerned there's jet lag folks it's the

191

00:08:21,649 --> 00:08:20,039

wonderful thing of travel Joe quickly

192

00:08:25,960 --> 00:08:21,659

run and get a coffee and we'll wait for

193

00:08:28,550 --> 00:08:25,970

you here this is the first night at the

194

00:08:32,029 --> 00:08:28,560

i can't remember the name of this bar

195

00:08:36,709 --> 00:08:32,039

what's this bar called the bill maher

196

00:08:39,380 --> 00:08:36,719

lounge delmar lounge dr. H E and enjoy

197

00:08:42,589 --> 00:08:39,390

we're still awake after 30 hours I know

198

00:08:44,569 --> 00:08:42,599

is it mad actually which is just on the

199

00:08:48,050 --> 00:08:44,579

quiet yes Joe has gone a little bit mad

200

00:08:50,630 --> 00:08:48,060

has she yeah because look look at her

201
00:08:54,380 --> 00:08:50,640
eyes look at that yes we see Julie

202
00:08:56,060 --> 00:08:54,390
Fisher daughter Jojo what's up well I've

203
00:08:58,780 --> 00:08:56,070
been wearing the same clothes were

204
00:09:01,550 --> 00:08:58,790
coming up to about thirty two hours and

205
00:09:04,130 --> 00:09:01,560
I've just had a glass of scotch which

206
00:09:07,329 --> 00:09:04,140
was probably not a good idea and Delta's

207
00:09:11,750 --> 00:09:07,339
left my baggage in LA so I'm not happy

208
00:09:14,449 --> 00:09:11,760
that's about all i see that was such a

209
00:09:17,430 --> 00:09:14,459
nice toy he did now we're sir we're

210
00:09:20,520 --> 00:09:17,440
amazed didn't control

211
00:09:23,100 --> 00:09:20,530
brave does serene but we're amazed

212
00:09:26,280 --> 00:09:23,110
because of course it's too only Tuesday

213
00:09:28,080 --> 00:09:26,290

here and we're in the bar here and it's

214

00:09:31,470 --> 00:09:28,090

full of skeptics trucker agent it is

215

00:09:33,810 --> 00:09:31,480

there must be 20 yeah at least us

216

00:09:35,640 --> 00:09:33,820

skeptics already here yeah many of them

217

00:09:38,640 --> 00:09:35,650

locals actually although we've just met

218

00:09:40,850 --> 00:09:38,650

Neil from her yeah it's come all the way

219

00:09:44,160 --> 00:09:40,860

from her for Tammy it's very first time

220

00:09:47,790 --> 00:09:44,170

and there's been here from the UK yeah

221

00:09:50,430 --> 00:09:47,800

and most everybody else is us-based and

222

00:09:51,990 --> 00:09:50,440

they're here I know so early I'm really

223

00:09:54,360 --> 00:09:52,000

surprised thought we'd come here and

224

00:09:56,430 --> 00:09:54,370

we'd beat one or two people maybe early

225

00:09:58,590 --> 00:09:56,440

birds we did I mean based on our

226

00:10:00,090 --> 00:09:58,600

experiences last year at DragonCon where

227

00:10:02,160 --> 00:10:00,100

we turned up a couple of days early and

228

00:10:04,980 --> 00:10:02,170

there was nobody that's right that's

229

00:10:07,710 --> 00:10:04,990

right nothing at all so it's great that

230

00:10:09,780 --> 00:10:07,720

everyone's here already it's nice to see

231

00:10:12,120 --> 00:10:09,790

some old friends do some from past times

232

00:10:14,310 --> 00:10:12,130

and past meetings that sort of sitting

233

00:10:16,350 --> 00:10:14,320

all around the bar here it's fantastic

234

00:10:18,840 --> 00:10:16,360

I've got to say that Richard I do have

235

00:10:21,570 --> 00:10:18,850

one observation about this casino yeah

236

00:10:25,170 --> 00:10:21,580

where are the fish tanks and mountains

237

00:10:26,730 --> 00:10:25,180

that's right that's right yeah I I

238

00:10:29,130 --> 00:10:26,740

haven't we haven't you been I haven't

239

00:10:31,980 --> 00:10:29,140

been to the strip yet but the thing that

240

00:10:36,310 --> 00:10:31,990

we are most was most synonymous about

241

00:10:38,500 --> 00:10:36,320

casinos in Australia is the big

242

00:10:40,720 --> 00:10:38,510

you know garish vishnu yeah Gary she

243

00:10:43,900 --> 00:10:40,730

shrinks and also garish waterfalls or

244

00:10:45,610 --> 00:10:43,910

delays a life changing colors and about

245

00:10:47,800 --> 00:10:45,620

here it's kind of weird it's a bit

246

00:10:50,080 --> 00:10:47,810

strange but boy there is a lot here

247

00:10:52,450 --> 00:10:50,090

because they're the cinema the bowling

248

00:10:56,500 --> 00:10:52,460

alley the equestrian arena the swimming

249

00:10:58,030 --> 00:10:56,510

pool and many many many nomming

250

00:11:01,390 --> 00:10:58,040

opportunities many not many

251
00:11:02,950 --> 00:11:01,400
opportunities and but you don't want to

252
00:11:04,900 --> 00:11:02,960
want you don't want to leave the

253
00:11:07,150 --> 00:11:04,910
premises because it is currently about

254
00:11:09,910 --> 00:11:07,160
40 degrees Celsius and outside yeah you

255
00:11:11,320 --> 00:11:09,920
don't want the moment yeah but

256
00:11:13,570 --> 00:11:11,330
unfortunately but fortunately we have a

257
00:11:17,410 --> 00:11:13,580
pool we have a pool that we will should

258
00:11:18,790 --> 00:11:17,420
I will have to try that delightful

259
00:11:21,910 --> 00:11:18,800
laughs you can hear listeners is none

260
00:11:24,460 --> 00:11:21,920
other than Dale Roy hi Dale hello and

261
00:11:26,500 --> 00:11:24,470
it's travis hi Travis hey how's it going

262
00:11:28,930 --> 00:11:26,510
Rick oh it's really well throw that in

263
00:11:31,330 --> 00:11:28,940

front of me we're here in the great hall

264

00:11:33,550 --> 00:11:31,340

outside the grand ballroom where our

265

00:11:35,320 --> 00:11:33,560

tables are set up it's thursday morning

266

00:11:37,780 --> 00:11:35,330

is it still morning notes just gone

267

00:11:40,390 --> 00:11:37,790

afternoon it's the first sort of really

268

00:11:42,340 --> 00:11:40,400

official day of the amazing meeting yeah

269

00:11:44,230 --> 00:11:42,350

and already it's busy and things are

270

00:11:45,730 --> 00:11:44,240

happening yes since I think it's much

271

00:11:48,340 --> 00:11:45,740

busier this thursday than it was last

272

00:11:50,620 --> 00:11:48,350

year on thursday yeah yeah and we have

273

00:11:52,870 --> 00:11:50,630

our table set up with many other tables

274

00:11:54,430 --> 00:11:52,880

here outside this year instead of inside

275

00:11:56,920 --> 00:11:54,440

where all the speakers are but that's

276

00:11:58,960 --> 00:11:56,930

okay I can I can deal with that and our

277

00:12:01,150 --> 00:11:58,970

magazines from Australian skeptics and

278

00:12:03,490 --> 00:12:01,160

t-shirts from town Australia are selling

279

00:12:05,710 --> 00:12:03,500

really well people are having a great

280

00:12:08,650 --> 00:12:05,720

time picking those up and I like your

281

00:12:11,680 --> 00:12:08,660

shirt Travis my boy it's the new design

282

00:12:14,710 --> 00:12:11,690

skeptic zone shirt yes yes I did that

283

00:12:17,320 --> 00:12:14,720

for you it's a spoof on what's it called

284

00:12:19,930 --> 00:12:17,330

hungry jacks hungry jacks or Burger King

285

00:12:21,430 --> 00:12:19,940

what about yeah yeah so yeah no I did

286

00:12:24,280 --> 00:12:21,440

that up for you I gave feature you guys

287

00:12:25,540 --> 00:12:24,290

some some shirts and some buttons so and

288

00:12:28,360 --> 00:12:25,550

i'll send you the graphic and you can

289

00:12:29,860 --> 00:12:28,370

get them made up for yourself all the

290

00:12:31,750 --> 00:12:29,870

smart people without all the cool kids

291

00:12:35,050 --> 00:12:31,760

are wearing and that's what they say i

292

00:12:37,450 --> 00:12:35,060

even have one yeah there you go I was

293

00:12:41,260 --> 00:12:37,460

not wearing it today well it's been a

294

00:12:43,090 --> 00:12:41,270

hectic couple of days 4dr EG joanne and

295

00:12:47,260 --> 00:12:43,100

myself and Iran so give us your mouth

296

00:12:53,830 --> 00:12:47,270

and we're being busy and it's hardly

297

00:12:58,480 --> 00:12:53,840

even begun so on we go I just thought

298

00:13:00,100 --> 00:12:58,490

was something to do well wednesday no

299

00:13:03,850 --> 00:13:00,110

it's Thursday mostly that's how Jack

300

00:13:05,260 --> 00:13:03,860

lagged I am Thursday is moving on it's a

301
00:13:08,110 --> 00:13:05,270
bit quiet now in the in the great

302
00:13:10,800 --> 00:13:08,120
corridor outside the grand ballroom and

303
00:13:13,890 --> 00:13:10,810
kitty Mervyn has shown up hi kitty oh

304
00:13:16,900 --> 00:13:13,900
hello Richard it's nice to see you again

305
00:13:19,390 --> 00:13:16,910
now you surprised me last night with a

306
00:13:22,240 --> 00:13:19,400
wonderful hat that you needed for me yes

307
00:13:25,240 --> 00:13:22,250
I did I i enjoy knitting it's a fun

308
00:13:28,030 --> 00:13:25,250
hobby and i decided to do a knit hat

309
00:13:31,300 --> 00:13:28,040
with flying pigs are knit two of it to

310
00:13:33,340 --> 00:13:31,310
represent the j rough of course it was

311
00:13:35,829 --> 00:13:33,350
very clever natured you're wearing your

312
00:13:38,200 --> 00:13:35,839
power balance bracelet here i see um

313
00:13:41,740 --> 00:13:38,210

have you noticed any changes and how you

314

00:13:44,020 --> 00:13:41,750

feel yeah somehow I feel hungry when I'm

315

00:13:45,940 --> 00:13:44,030

wearing it I can't understand it can you

316

00:13:49,120 --> 00:13:45,950

can you consume more beer without

317

00:13:50,530 --> 00:13:49,130

getting you drunk oh yeah you have to

318

00:13:53,350 --> 00:13:50,540

take it off and then the alcohol if it's

319

00:13:55,510 --> 00:13:53,360

me hates me see oh okay because I'm

320

00:14:00,010 --> 00:13:55,520

letting you test it for me before I

321

00:14:03,340 --> 00:14:00,020

spend my \$65 and purchase my own but you

322

00:14:05,090 --> 00:14:03,350

know now Kitty you um come to us from

323

00:14:16,310 --> 00:14:05,100

the

324

00:14:17,560 --> 00:14:16,320

Travis and I make a very good team we

325

00:14:20,570 --> 00:14:17,570

did a wonderful haunted house

326

00:14:23,450 --> 00:14:20,580

investigation unfortunately the only

327

00:14:25,360 --> 00:14:23,460

ghosts we saw was Travis's nice who

328

00:14:30,440 --> 00:14:25,370

decided to come and play a trick on us

329

00:14:35,290 --> 00:14:30,450

but we caught her so and we've had a lot

330

00:14:39,980 --> 00:14:35,300

of fun and a lot of get togethers and

331

00:14:41,660 --> 00:14:39,990

I've gone to some wonderful alien UFO oh

332

00:14:44,150 --> 00:14:41,670

you gave me you gave me an alien sure

333

00:14:45,890 --> 00:14:44,160

last year I remember to you yes yes

334

00:14:48,410 --> 00:14:45,900

because New Hampshire is where Betty and

335

00:14:49,580 --> 00:14:48,420

Barney Hill were abducted by aliens so

336

00:14:52,010 --> 00:14:49,590

they're one of the first people to be

337

00:14:55,970 --> 00:14:52,020

abducted so it's something people are

338

00:14:57,590 --> 00:14:55,980

very interested in the state and we've

339

00:14:59,240 --> 00:14:57,600

met many many times over the years the

340

00:15:02,000 --> 00:14:59,250

first time I met you was on the amazing

341

00:15:04,100 --> 00:15:02,010

cruise to Alaska on memories from that

342

00:15:06,770 --> 00:15:04,110

fond memory from that and I've seen you

343

00:15:09,710 --> 00:15:06,780

I think at every temps in so yeah I five

344

00:15:13,310 --> 00:15:09,720

actually attended every United States

345

00:15:17,750 --> 00:15:13,320

town Wow including the first one wow so

346

00:15:19,910 --> 00:15:17,760

very proud of that and and I would say

347

00:15:23,240 --> 00:15:19,920

that the Alaska cruise I surprised you

348

00:15:25,820 --> 00:15:23,250

because you were doing origami and I did

349

00:15:28,880 --> 00:15:25,830

some origami for you you did and that

350

00:15:31,940 --> 00:15:28,890

was a surprise great to see you kidding

351

00:15:35,780 --> 00:15:31,950

yes great to see you too now I'm

352

00:15:37,580 --> 00:15:35,790

delighted the dan green hi dad oh hi I'm

353

00:15:39,130 --> 00:15:37,590

delighted dan green has come up to say

354

00:15:41,330 --> 00:15:39,140

hello to me and he's given me a

355

00:15:44,990 --> 00:15:41,340

fantastic set of cards they're like

356

00:15:47,090 --> 00:15:45,000

mystical Karen spirit animal cards

357

00:15:50,600 --> 00:15:47,100

worthy you shuffle them up and you get

358

00:15:52,280 --> 00:15:50,610

someone to choose the card that's drawn

359

00:15:54,890 --> 00:15:52,290

to them and they flip them over and

360

00:15:56,420 --> 00:15:54,900

they've got a choice of their spirit

361

00:15:58,220 --> 00:15:56,430

animal guide or something like that over

362

00:15:59,870 --> 00:15:58,230

your choice the animal chooses down the

363

00:16:01,460 --> 00:15:59,880

animal chooses them once they gather

364

00:16:03,980 --> 00:16:01,470

they're stuck with it and it could be

365

00:16:07,070 --> 00:16:03,990

the body louse for example or the

366

00:16:09,410 --> 00:16:07,080

tapeworm I see the vampire bat the naked

367

00:16:11,530 --> 00:16:09,420

mole rat the jumping spider the dung

368

00:16:15,400 --> 00:16:11,540

beetle these are all Noble know

369

00:16:17,379 --> 00:16:15,410

animals guide and direct people through

370

00:16:19,629 --> 00:16:17,389

the spirit world the blobfish and all

371

00:16:22,900 --> 00:16:19,639

the photographs a disgusting of these

372

00:16:24,699 --> 00:16:22,910

animals so dan green I sincerely I thank

373

00:16:27,280 --> 00:16:24,709

you for coming up saying hello and

374

00:16:37,990 --> 00:16:27,290

giving me these wonderful cards I was a

375

00:16:47,439 --> 00:16:38,000

wonderful way to start my Tam the

376

00:16:54,759 --> 00:16:50,829

first 2003 when I took the stage fort

377

00:16:57,549 --> 00:16:54,769

lauderdale florida and welcome to about

378

00:17:00,039 --> 00:16:57,559

250 people idea was to the opening night

379

00:17:03,729 --> 00:17:00,049

of the very first the amazing meeting

380

00:17:05,789 --> 00:17:03,739

and as fabulous as that and was few of

381

00:17:09,129 --> 00:17:05,799

us could have guessed that fear at the

382

00:17:16,579 --> 00:17:09,139

amazing 88 we would cross the threshold

383

00:17:16,589 --> 00:17:20,090

hey

384

00:17:24,600 --> 00:17:22,740

conference of skeptics and critical

385

00:17:30,210 --> 00:17:24,610

thinkers and it's going to get bigger

386

00:17:32,070 --> 00:17:30,220

scale this is just a start so I am

387

00:17:34,820 --> 00:17:32,080

delighted that girl here tonight we put

388

00:17:36,720 --> 00:17:34,830

together a very special event for you

389

00:17:38,279 --> 00:17:36,730

something that we really have to talk

390

00:17:40,379 --> 00:17:38,289

about and tell the rest of the folks

391

00:17:43,080 --> 00:17:40,389

about who are not coming in until

392

00:17:44,909 --> 00:17:43,090

tomorrow right now I am putting

393

00:17:47,730 --> 00:17:44,919

interview someone to you who is

394

00:17:51,840 --> 00:17:47,740

obviously more that very special resolve

395

00:17:53,279 --> 00:17:51,850

is really the reason we are here it

396

00:17:55,529 --> 00:17:53,289

doesn't need much on these introductions

397

00:17:57,480 --> 00:17:55,539

I'm not going to take what time to give

398

00:18:00,869 --> 00:17:57,490

you much of an introduction but let us

399

00:18:04,049 --> 00:18:00,879

all agree that the reason the amazing

400

00:18:06,509 --> 00:18:04,059

meeting eight is over a thousand strong

401
00:18:08,220 --> 00:18:06,519
the second year in a row the reason this

402
00:18:11,100 --> 00:18:08,230
is the most important biggest most

403
00:18:13,230 --> 00:18:11,110
successful skeptical rational critical

404
00:18:15,509 --> 00:18:13,240
thinking copper to the world the reason

405
00:18:18,480 --> 00:18:15,519
we are here is because of the world's

406
00:18:21,299 --> 00:18:18,490
number one skeptic and that is the

407
00:18:34,070 --> 00:18:21,309
amazing one itself my friend james randi

408
00:18:34,080 --> 00:18:57,240
I this group

409
00:19:12,280 --> 00:19:09,160
here in Las Vegas we're also going to be

410
00:19:14,650 --> 00:19:12,290
even better folks not only those three

411
00:19:16,930 --> 00:19:14,660
but we're also going to be in Zurich

412
00:19:19,300 --> 00:19:16,940
Switzerland i think i could get it

413
00:19:22,240 --> 00:19:19,310

through a lot this year item to paper

414

00:19:25,930 --> 00:19:22,250

going all go down to drop individuals

415

00:19:29,380 --> 00:19:25,940

make this possible starting today it is

416

00:19:31,540 --> 00:19:29,390

such a large present our people but i

417

00:19:35,220 --> 00:19:31,550

will do that because that will come

418

00:19:39,960 --> 00:19:35,230

during the next few days opportunity

419

00:19:46,029 --> 00:19:42,879

but I want to tell me this basically

420

00:19:48,999 --> 00:19:46,039

it's me folks to expanding and from me

421

00:19:51,610 --> 00:19:49,009

at this moment you are the people that

422

00:19:52,290 --> 00:19:51,620

are responsible for the success of the

423

00:19:55,890 --> 00:19:52,300

amazing

424

00:19:58,710 --> 00:19:55,900

you not the people behind the stage as

425

00:20:01,710 --> 00:19:58,720

much as you because you all contribute

426
00:20:02,560 --> 00:20:01,720
in your own way in the success of their

427
00:20:05,320 --> 00:20:02,570
vision

428
00:20:08,620 --> 00:20:05,330
I thank you for the botfly birth all the

429
00:20:30,969 --> 00:20:08,630
staff goes as well and the all items and

430
00:20:35,299 --> 00:20:33,320
yo guys i was talking to Richard

431
00:20:37,310 --> 00:20:35,309
solvency today all right he said if we

432
00:20:39,440 --> 00:20:37,320
record a trailer for our podcast

433
00:20:41,090 --> 00:20:39,450
skeptics with a que he'd play it on

434
00:20:42,680 --> 00:20:41,100
their on their show nice nice oven

435
00:20:44,269 --> 00:20:42,690
that's very generous it's pretty I'm not

436
00:20:45,799 --> 00:20:44,279
sure what we could do though I mean well

437
00:20:48,590 --> 00:20:45,809
suppose you tell people the shows about

438
00:20:50,509 --> 00:20:48,600

but it's basically this yeah but yeah

439

00:20:52,249 --> 00:20:50,519

but you know we talk about science and

440

00:20:53,599 --> 00:20:52,259

skepticism and things that's that's true

441

00:20:55,879 --> 00:20:53,609

as fuzzy you mentioned the website

442

00:20:58,249 --> 00:20:55,889

address not merseyside skeptics todo UK

443

00:20:59,570 --> 00:20:58,259

yeah yeah just like search was 19 oh and

444

00:21:03,289 --> 00:20:59,580

then we could end with like a big song

445

00:21:07,909 --> 00:21:03,299

like the skeptics with okay god no no no

446

00:21:19,190 --> 00:21:07,919

no don't don't do that join us now for

447

00:21:25,039 --> 00:21:23,240

video hello and welcome to the think

448

00:21:26,870 --> 00:21:25,049

tank back in Australia I know it's a bit

449

00:21:28,460 --> 00:21:26,880

odd i know we were just in las vegas but

450

00:21:30,080 --> 00:21:28,470

before we went to Las Vegas we're

451
00:21:32,360 --> 00:21:30,090
actually here in Rachel's front room

452
00:21:35,269 --> 00:21:32,370
doing a special thing tank hello Rachel

453
00:21:36,590 --> 00:21:35,279
hello Richard special reason why we're

454
00:21:39,440 --> 00:21:36,600
doing this think tank tonight isn't

455
00:21:41,629 --> 00:21:39,450
there there is indeed ah a couple of

456
00:21:43,009 --> 00:21:41,639
special reasons that's true yes we're

457
00:21:44,870 --> 00:21:43,019
very pleased to welcome back to the

458
00:21:46,580 --> 00:21:44,880
thing tango good friend may not home a

459
00:21:49,789 --> 00:21:46,590
no hello and I'd like to mention I have

460
00:21:51,769 --> 00:21:49,799
no scientific qualifications whatsoever

461
00:21:53,180 --> 00:21:51,779
so let's get that up front here that

462
00:21:56,350 --> 00:21:53,190
either you come out of my mouth is to be

463
00:22:00,200 --> 00:21:56,360

taken with in fact a tonne of salt and

464

00:22:03,590 --> 00:22:00,210

the other special reason and special

465

00:22:05,720 --> 00:22:03,600

reason is a for the very rare occasion

466

00:22:10,009 --> 00:22:05,730

we actually have highly searches in

467

00:22:11,570 --> 00:22:10,019

person in the think tank and I should

468

00:22:13,399 --> 00:22:11,580

have the provision that I'm a religious

469

00:22:15,590 --> 00:22:13,409

education teacher so you should take

470

00:22:17,659 --> 00:22:15,600

with even larger block of salt in the

471

00:22:19,009 --> 00:22:17,669

back could probably look at the Sodom

472

00:22:20,840 --> 00:22:19,019

and Gomorrah which one I think was Lot's

473

00:22:22,789 --> 00:22:20,850

wife is turned into a pillar of salt you

474

00:22:24,889 --> 00:22:22,799

know about about an entire Lot's wife of

475

00:22:26,720 --> 00:22:24,899

salt I would say yes that's a lot of

476

00:22:30,740 --> 00:22:26,730

salt that's a lot yes thank you very

477

00:22:33,500 --> 00:22:30,750

much for this car bad jack cheese

478

00:22:36,110 --> 00:22:33,510

colonies like you're not even much

479

00:22:38,029 --> 00:22:36,120

clicking as you know they're plastic

480

00:22:40,310 --> 00:22:38,039

glasses because the dr ratush place

481

00:22:43,070 --> 00:22:40,320

there was a a few glassing insolence and

482

00:22:45,769 --> 00:22:43,080

police will not live it up happy real

483

00:22:48,200 --> 00:22:45,779

glass in the house actually imagine so

484

00:22:51,230 --> 00:22:48,210

um yes of course why you're hearing this

485

00:22:52,909 --> 00:22:51,240

dr. hu9 the gang are enjoying a

486

00:22:54,919 --> 00:22:52,919

marvelous time in Las Vegas well I

487

00:22:57,470 --> 00:22:54,929

certainly hope we had dr. hu I'm sure he

488

00:23:00,230 --> 00:22:57,480

will be at this stage over yet to fly

489

00:23:03,080 --> 00:23:00,240

out and we're flying out in two days yes

490

00:23:04,669 --> 00:23:03,090

oh yeah we are Mississippi it doesn't

491

00:23:06,560 --> 00:23:04,679

make sense it doesn't make sense because

492

00:23:08,240 --> 00:23:06,570

it's an airing in a way it is and you

493

00:23:09,830 --> 00:23:08,250

should see it like dr. Roach is packing

494

00:23:10,970 --> 00:23:09,840

here and the basket basically everyone

495

00:23:13,430 --> 00:23:10,980

from the skeptics owners getting that

496

00:23:14,930 --> 00:23:13,440

their clothing together and they are so

497

00:23:16,250 --> 00:23:14,940

together with their packing that they've

498

00:23:17,769 --> 00:23:16,260

got their socks and underwear marked

499

00:23:19,539 --> 00:23:17,779

Monday

500

00:23:21,039 --> 00:23:19,549

okay and so when they get to Las Vegas

501
00:23:22,680 --> 00:23:21,049
they can just open the zip lock bag and

502
00:23:24,759 --> 00:23:22,690
there's the undies and socks ready to go

503
00:23:28,389 --> 00:23:24,769
actually maybe you shouldn't joke about

504
00:23:31,779 --> 00:23:28,399
that because my mom bought me sucks then

505
00:23:33,669 --> 00:23:31,789
we'll match monday to friday look i got

506
00:23:35,109 --> 00:23:33,679
the same thing i just i wear them on the

507
00:23:37,119 --> 00:23:35,119
i wear them on the wrong day to

508
00:23:40,839 --> 00:23:37,129
deliberately confuse the emergency room

509
00:23:42,339 --> 00:23:40,849
operation in case in case hey this guy's

510
00:23:43,570 --> 00:23:42,349
got friday socks on but it's actually

511
00:23:45,219 --> 00:23:43,580
wednesday i don't know if we should

512
00:23:46,749 --> 00:23:45,229
treat in my eyes so then they check your

513
00:23:50,200 --> 00:23:46,759

underwear and says saturday they don't

514

00:23:52,599 --> 00:23:50,210

know what to do now apart from that we

515

00:23:54,609 --> 00:23:52,609

are having the skeptic zones favorite

516

00:23:59,379 --> 00:23:54,619

candy or lollies depending on all yer

517

00:24:01,659 --> 00:23:59,389

yes mastics now a lot of things to

518

00:24:05,349 --> 00:24:01,669

confuse Americans like the asian-pacific

519

00:24:10,989 --> 00:24:05,359

region and another one of those things

520

00:24:14,200 --> 00:24:10,999

is must expire dunham the famous skeptic

521

00:24:16,329 --> 00:24:14,210

and spur owner is a if you see one of

522

00:24:18,820 --> 00:24:16,339

the people expect these out um I don't

523

00:24:20,499 --> 00:24:18,830

think Brian cares for them hmm i don't

524

00:24:22,539 --> 00:24:20,509

think we found any American case and

525

00:24:24,459 --> 00:24:22,549

they try to be very polite so nice it is

526
00:24:26,349 --> 00:24:24,469
new come out out there that they try to

527
00:24:28,299 --> 00:24:26,359
be polite now the Americans and nuts

528
00:24:29,709 --> 00:24:28,309
about anything peanut of course it you

529
00:24:31,690 --> 00:24:29,719
really all your peanut bars and stuff

530
00:24:33,969 --> 00:24:31,700
and any of those peanut bars can be as

531
00:24:38,649 --> 00:24:33,979
strong as this mastic but just the

532
00:24:40,299 --> 00:24:38,659
flavor mmm that it's strange to us could

533
00:24:43,509 --> 00:24:40,309
we love it we're all here eating them at

534
00:24:45,279 --> 00:24:43,519
the burn I knew it down I was told by

535
00:24:50,019 --> 00:24:45,289
people that it tastes like perfume or

536
00:24:52,869 --> 00:24:50,029
cologne colonia or addy is ass how would

537
00:24:54,700 --> 00:24:52,879
I know all the question that was posed

538
00:24:56,049 --> 00:24:54,710

to them after they said that but I think

539

00:24:58,450 --> 00:24:56,059

it was because they were talking about

540

00:25:00,369 --> 00:24:58,460

just the harsh kind of musky flavor well

541

00:25:02,229 --> 00:25:00,379

well because because it's so such a

542

00:25:03,909 --> 00:25:02,239

chemicals and you must find out the the

543

00:25:05,469 --> 00:25:03,919

chemical number of that that it's its

544

00:25:08,529 --> 00:25:05,479

label it too because they could be some

545

00:25:09,820 --> 00:25:08,539

kiddies are allergic to that will run

546

00:25:11,560 --> 00:25:09,830

around like crazy on the red cordial

547

00:25:13,820 --> 00:25:11,570

thing or is that a word think that's

548

00:25:17,180 --> 00:25:13,830

amazing

549

00:25:19,100 --> 00:25:17,190

yes dr. barber Tricia has oh please tell

550

00:25:21,409 --> 00:25:19,110

us more Carla this is the UM the myth

551

00:25:23,630 --> 00:25:21,419

that if kids drink red cordial they go

552

00:25:25,789 --> 00:25:23,640

mad yeah yeah when I was last at

553

00:25:28,159 --> 00:25:25,799

DragonCon dr. Barbara Drescher who is

554

00:25:30,889 --> 00:25:28,169

someone people can hear it ter mate this

555

00:25:33,110 --> 00:25:30,899

year she in fact debunked it has been ya

556

00:25:35,210 --> 00:25:33,120

mythology the idea of too much sugar is

557

00:25:37,190 --> 00:25:35,220

going to make children overly hyper she

558

00:25:38,509 --> 00:25:37,200

did I thought it was the color no no

559

00:25:40,730 --> 00:25:38,519

apparently it's it's because you're

560

00:25:46,820 --> 00:25:40,740

never here at about green cordial that's

561

00:25:48,950 --> 00:25:46,830

a good cuz I try this at a party and we

562

00:25:50,960 --> 00:25:48,960

have we had a control group we had like

563

00:25:52,310 --> 00:25:50,970

the people look we let letting the car

564

00:25:56,389 --> 00:25:52,320

park the pit leather red cordial the

565

00:25:57,950 --> 00:25:56,399

people have the cocaine I'm not going on

566

00:25:59,360 --> 00:25:57,960

the show and the people with the cocaine

567

00:26:00,379 --> 00:25:59,370

ended up in the car park with the people

568

00:26:01,610 --> 00:26:00,389

who had me and the people the red

569

00:26:03,320 --> 00:26:01,620

Bordeaux just watched a bit of you know

570

00:26:05,810 --> 00:26:03,330

the ABC and went to sleep so and we

571

00:26:07,340 --> 00:26:05,820

completely just prove this although the

572

00:26:11,450 --> 00:26:07,350

control group was polluted by about

573

00:26:13,340 --> 00:26:11,460

ten-thirty well I like I like red

574

00:26:14,690 --> 00:26:13,350

cordial but it doesn't send me running

575

00:26:16,519 --> 00:26:14,700

around the block and doing all sorts of

576

00:26:18,560 --> 00:26:16,529

crazy things no it isn't me it isn't me

577

00:26:20,840 --> 00:26:18,570

that it that is the case I think my

578

00:26:23,419 --> 00:26:20,850

favorite reaction to the mass sticks

579

00:26:25,730 --> 00:26:23,429

will remain the dinner at dragoncon

580

00:26:27,560 --> 00:26:25,740

where we filmed poor old George Robin

581

00:26:29,720 --> 00:26:27,570

eating them and he just went into

582

00:26:33,320 --> 00:26:29,730

complete shock and said suddenly I'm in

583

00:26:35,570 --> 00:26:33,330

my grandfather's bathroom what he had an

584

00:26:37,190 --> 00:26:35,580

easier and he did he said silly I'm

585

00:26:40,100 --> 00:26:37,200

meeting the shaving cream that's a

586

00:26:41,960 --> 00:26:40,110

tasteless it's great fun any Australians

587

00:26:44,419 --> 00:26:41,970

going to the States for any reason at

588

00:26:47,360 --> 00:26:44,429

all go to the supermarket before you go

589

00:26:49,909 --> 00:26:47,370

grab a packet of must expand you'll have

590

00:26:51,379 --> 00:26:49,919

no end of fun saying to Americans here

591

00:26:53,000 --> 00:26:51,389

there's a special candy from Australia

592

00:26:55,370 --> 00:26:53,010

try it nice out here in the up Crompton

593

00:26:56,750 --> 00:26:55,380

and their face will go contort it and

594

00:26:58,700 --> 00:26:56,760

they'll either spit it out or they look

595

00:27:00,769 --> 00:26:58,710

at you like you're poisoning moments you

596

00:27:02,840 --> 00:27:00,779

know what I had to do I did it when I

597

00:27:05,509 --> 00:27:02,850

was in Italy and also when i was in

598

00:27:07,580 --> 00:27:05,519

florida and i had to have backups of tim

599

00:27:09,799 --> 00:27:07,590

tams to compensate for the people that

600

00:27:11,750 --> 00:27:09,809

suffered so much so they get really

601
00:27:13,129 --> 00:27:11,760
horrible excruciating looks on their

602
00:27:15,529 --> 00:27:13,139
face and then i'd have to make it all

603
00:27:17,570 --> 00:27:15,539
better with at in town i have sent some

604
00:27:19,519 --> 00:27:17,580
already so this is a warning to people

605
00:27:21,889 --> 00:27:19,529
who are attending the skeptically

606
00:27:25,250 --> 00:27:21,899
speaking beyond belief party which is

607
00:27:27,060 --> 00:27:25,260
held by desiree shell sweepy of skeptic

608
00:27:29,879 --> 00:27:27,070
ality Heidi Anderson

609
00:27:31,830 --> 00:27:29,889
and Barbra Drescher and oh yeah that's

610
00:27:34,019 --> 00:27:31,840
all of them I have sent them some musk

611
00:27:35,820 --> 00:27:34,029
sticks already so they are going to pass

612
00:27:37,499 --> 00:27:35,830
them out especially for the party that

613
00:27:39,570 --> 00:27:37,509

they're holding there so i hope you hope

614

00:27:43,820 --> 00:27:39,580

those wonderful women survived i'm sorry

615

00:27:47,580 --> 00:27:43,830

i hope you ok yeah you can get musk

616

00:27:50,789 --> 00:27:47,590

lifesavers oh yes yes thanks good one

617

00:27:53,220 --> 00:27:50,799

okay yeah I sent them let me see furry

618

00:27:54,480 --> 00:27:53,230

friends good choice with all the little

619

00:27:56,039 --> 00:27:54,490

animals so I hope you're enjoying the

620

00:27:59,850 --> 00:27:56,049

furry friends and I hope that makes up

621

00:28:01,649 --> 00:27:59,860

for the must excite you now let's talk

622

00:28:04,769 --> 00:28:01,659

about something slightly more serious

623

00:28:06,960 --> 00:28:04,779

and skeptical I guess Kylie you recently

624

00:28:08,490 --> 00:28:06,970

went along and you blogged it very well

625

00:28:10,019 --> 00:28:08,500

I must say with people commenting that

626

00:28:11,940 --> 00:28:10,029

your fingers must have been burning on

627

00:28:15,360 --> 00:28:11,950

the keys as you are doing it you were at

628

00:28:17,549 --> 00:28:15,370

a talk about vaccination which we

629

00:28:18,840 --> 00:28:17,559

promoted on skeptics own in birth can

630

00:28:21,509 --> 00:28:18,850

you tell us a little bit about that and

631

00:28:23,279 --> 00:28:21,519

some of the goings on okay this was held

632

00:28:26,100 --> 00:28:23,289

at the telethon institute for child

633

00:28:28,830 --> 00:28:26,110

health research it was not done in

634

00:28:31,139 --> 00:28:28,840

opposition to the avn it is a part of

635

00:28:32,909 --> 00:28:31,149

ongoing seminars I'd like to make that

636

00:28:35,369 --> 00:28:32,919

perfectly clear because I know that

637

00:28:36,960 --> 00:28:35,379

certain members of the avian on their

638

00:28:38,970 --> 00:28:36,970

facebook page and so forth have been

639

00:28:41,580 --> 00:28:38,980

saying oh this was attack against us no

640

00:28:43,769 --> 00:28:41,590

it's one of the sepal it's of interest

641

00:28:46,860 --> 00:28:43,779

of the community so this is something

642

00:28:48,930 --> 00:28:46,870

that they do Fiona Stanley and let me

643

00:28:51,779 --> 00:28:48,940

see dr. Peter Richmond Bruce Lee my land

644

00:28:54,539 --> 00:28:51,789

and Debra layman who are respectively

645

00:28:57,659 --> 00:28:54,549

involved in investigation of meningitis

646

00:28:59,669 --> 00:28:57,669

infectious diseases and Bruce Wayne

647

00:29:01,470 --> 00:28:59,679

Wayne was just a parent a parent who is

648

00:29:04,139 --> 00:29:01,480

doing awareness raising of meningitis

649

00:29:06,629 --> 00:29:04,149

and his daughter Ashley was severely

650

00:29:09,180 --> 00:29:06,639

affected by it as a child all of this

651
00:29:10,590 --> 00:29:09,190
was done to inform parents and have an

652
00:29:13,740 --> 00:29:10,600
opportunity to talk and get some

653
00:29:17,430 --> 00:29:13,750
information what really struck me about

654
00:29:19,049 --> 00:29:17,440
this was during the Q&A at the end Fiona

655
00:29:23,129 --> 00:29:19,059
Stanley oh there's something coming over

656
00:29:27,090 --> 00:29:23,139
the building is that gorgeous it's a bus

657
00:29:31,140 --> 00:29:29,279
it's really true thing is I'm out of

658
00:29:34,500 --> 00:29:31,150
knowing it's just like it's just like

659
00:29:35,940 --> 00:29:34,510
that movie bedknobs and bruise is if

660
00:29:38,070 --> 00:29:35,950
it's a lot bigger than a king size bed

661
00:29:39,390 --> 00:29:38,080
and you can see them so clearly out

662
00:29:41,520 --> 00:29:39,400
Rachel's window they're like they're

663
00:29:42,900 --> 00:29:41,530

just right there it's amazing I'm gonna

664

00:29:44,400 --> 00:29:42,910

have to try to get a photo of the

665

00:29:48,529 --> 00:29:44,410

recipient later cuz that was just a

666

00:29:51,120 --> 00:29:48,539

stunning genuine oh yes seriously there

667

00:29:54,390 --> 00:29:51,130

so I was like oh my god no George

668

00:29:56,039 --> 00:29:54,400

parachute even further very honestly

669

00:29:57,600 --> 00:29:56,049

they're so close that the pilot could

670

00:29:59,100 --> 00:29:57,610

actually wait till you anything Rachel

671

00:30:00,870 --> 00:29:59,110

I'm sorry about that people who

672

00:30:04,110 --> 00:30:00,880

obviously surprise me but yes it's a

673

00:30:06,000 --> 00:30:04,120

serious topic yeah um what really struck

674

00:30:07,620 --> 00:30:06,010

me about this was at the end of the

675

00:30:10,110 --> 00:30:07,630

lecture there was an opportunity for a

676

00:30:13,590 --> 00:30:10,120

QA and as you might expect there were

677

00:30:16,140 --> 00:30:13,600

members of of the audience parents

678

00:30:17,940 --> 00:30:16,150

concerned community members who wanted

679

00:30:20,130 --> 00:30:17,950

to put forward what their views were

680

00:30:21,539 --> 00:30:20,140

about vaccinations and there was one

681

00:30:22,830 --> 00:30:21,549

woman who read out of statement

682

00:30:25,350 --> 00:30:22,840

essentially about her child who

683

00:30:27,810 --> 00:30:25,360

experiences and it was it was this her

684

00:30:29,310 --> 00:30:27,820

own child her own charge and this is my

685

00:30:31,529 --> 00:30:29,320

child this went through these

686

00:30:33,120 --> 00:30:31,539

experiences as she wasn't there yet I I

687

00:30:34,850 --> 00:30:33,130

choose not to vaccinate my two other

688

00:30:37,919 --> 00:30:34,860

children and I feel like I've been

689

00:30:39,480 --> 00:30:37,929

disenfranchised by pediatricians by

690

00:30:42,000 --> 00:30:39,490

scientists I don't trust you anymore so

691

00:30:43,289 --> 00:30:42,010

forth and as I was sitting there typing

692

00:30:45,419 --> 00:30:43,299

away I thought this is interesting I

693

00:30:46,950 --> 00:30:45,429

want to know how how do you respond it's

694

00:30:48,810 --> 00:30:46,960

how do you do the sensitively not

695

00:30:50,789 --> 00:30:48,820

alienate the audience those who are the

696

00:30:52,890 --> 00:30:50,799

sidelines make them feel like all nasty

697

00:30:54,990 --> 00:30:52,900

scientists what she says is right or or

698

00:30:56,730 --> 00:30:55,000

even worse you know stupid parent how

699

00:31:01,590 --> 00:30:56,740

dare you know it's not about that and

700

00:31:04,049 --> 00:31:01,600

what dr. Peter Richmond and dr. Fiona

701
00:31:06,990 --> 00:31:04,059
Stanley did they said we do care deeply

702
00:31:09,870 --> 00:31:07,000
what we do is show evidence of risks of

703
00:31:11,940 --> 00:31:09,880
the vaccination versus the risk of the

704
00:31:15,630 --> 00:31:11,950
disease and we do this with huge amounts

705
00:31:17,430 --> 00:31:15,640
of compassion and we're not trying to be

706
00:31:21,600 --> 00:31:17,440
on sides we're trying to be on the side

707
00:31:23,490 --> 00:31:21,610
of the kids until we care about and in a

708
00:31:25,169 --> 00:31:23,500
way that really diffused the atmosphere

709
00:31:26,460 --> 00:31:25,179
because when the woman finished reading

710
00:31:28,409 --> 00:31:26,470
out a statement there are a few people

711
00:31:30,539 --> 00:31:28,419
try to applaud her oh yes sir

712
00:31:33,060 --> 00:31:30,549
yeah yeah she wouldn't you expect that

713
00:31:34,470 --> 00:31:33,070

you know the team and was the side

714

00:31:36,869 --> 00:31:34,480

effect of the vaccination a child

715

00:31:40,830 --> 00:31:36,879

experienced how serious weather um she

716

00:31:42,720 --> 00:31:40,840

it i have read an annotated in fact two

717

00:31:44,340 --> 00:31:42,730

books of Jenny McCarthy I've got through

718

00:31:46,259 --> 00:31:44,350

the entire book and written down every

719

00:31:47,729 --> 00:31:46,269

single claim agenda karthi and they'll

720

00:31:49,470 --> 00:31:47,739

very similar to the sort of things she

721

00:31:52,409 --> 00:31:49,480

getting Jenny McCarthy's books you know

722

00:31:55,979 --> 00:31:52,419

the child's life died in his eyes he had

723

00:31:58,680 --> 00:31:55,989

febrile convulsions experiences similar

724

00:32:01,499 --> 00:31:58,690

to autism and so forth but just be clear

725

00:32:03,330 --> 00:32:01,509

this was her personal account of what

726

00:32:06,869 --> 00:32:03,340

what she thought was an absolute of

727

00:32:08,849 --> 00:32:06,879

accident there was no no backup she's

728

00:32:10,979 --> 00:32:08,859

not suggest that it really was vaccines

729

00:32:12,869 --> 00:32:10,989

she had a very negative view of the

730

00:32:14,009 --> 00:32:12,879

pediatrician she said that nobody was

731

00:32:16,379 --> 00:32:14,019

giving the man says she didn't feel

732

00:32:18,029 --> 00:32:16,389

supported and essentially it was it was

733

00:32:20,759 --> 00:32:18,039

not that dissimilar to many stories that

734

00:32:23,099 --> 00:32:20,769

you might get online unknown what really

735

00:32:24,840 --> 00:32:23,109

happened absolutely okay well um what

736

00:32:26,340 --> 00:32:24,850

did intrigued me was i think it was dr.

737

00:32:28,440 --> 00:32:26,350

Peter Richmond said that there has been

738

00:32:30,570 --> 00:32:28,450

new evidence of certain genetic

739

00:32:32,700 --> 00:32:30,580

tendencies towards reactions to some

740

00:32:35,999 --> 00:32:32,710

vaccines I'd have to suggest contacting

741

00:32:37,440 --> 00:32:36,009

yourself to to get the full picture but

742

00:32:39,060 --> 00:32:37,450

he suggested that maybe getting the

743

00:32:41,639 --> 00:32:39,070

child to see whether or not they might

744

00:32:43,049 --> 00:32:41,649

be that sort of influence upon from the

745

00:32:44,700 --> 00:32:43,059

child per you have that reaction but

746

00:32:47,129 --> 00:32:44,710

whether or not they were going to take

747

00:32:50,609 --> 00:32:47,139

anything on board I don't know because

748

00:32:52,259 --> 00:32:50,619

they seemed very very antagonistic but

749

00:32:54,599 --> 00:32:52,269

what impressed me was how dr. Fiona

750

00:32:57,539 --> 00:32:54,609

Stanley said we're not trying to make

751

00:32:59,489 --> 00:32:57,549

this into a pro or an 80 or push ideas

752

00:33:01,889 --> 00:32:59,499

or so forth we just want to make sure

753

00:33:03,090 --> 00:33:01,899

that you know what both sides are saying

754

00:33:04,950 --> 00:33:03,100

in terms that this is what the disease

755

00:33:07,259 --> 00:33:04,960

can do to you evidence of what the

756

00:33:09,389 --> 00:33:07,269

disease has done to people Bruce

757

00:33:11,369 --> 00:33:09,399

langland for example was really clear on

758

00:33:14,519 --> 00:33:11,379

the ongoing effects of child who has

759

00:33:16,499 --> 00:33:14,529

been disabled or brain damage from a

760

00:33:19,139 --> 00:33:16,509

disease in the long term meningitis

761

00:33:21,239 --> 00:33:19,149

dreadful stuff 21 years old and she

762

00:33:22,340 --> 00:33:21,249

cannot talk she cannot walk and the

763

00:33:26,070 --> 00:33:22,350

effect upon the family the community

764

00:33:28,169 --> 00:33:26,080

carers income and it does certainly hurt

765

00:33:31,169 --> 00:33:28,179

families so Carly can I ask you because

766

00:33:33,659 --> 00:33:31,179

you went to the avn seminar telethon

767

00:33:35,909 --> 00:33:33,669

institute can you give us some feel for

768

00:33:39,839 --> 00:33:35,919

the difference in how the audience

769

00:33:41,460 --> 00:33:39,849

responded or how if for example there

770

00:33:44,340 --> 00:33:41,470

weren't any questions at the avn summer

771

00:33:45,990 --> 00:33:44,350

well they were but i ended up but there

772

00:33:47,370 --> 00:33:46,000

weren't sitapur called questions where

773

00:33:50,220 --> 00:33:47,380

they are just what I'm trying to get at

774

00:33:52,200 --> 00:33:50,230

is yeah how did Meryl Dory respond to

775

00:33:55,590 --> 00:33:52,210

say someone saying but my child died

776

00:33:56,640 --> 00:33:55,600

from a communicable disease or how do

777

00:33:58,350 --> 00:33:56,650

you think she would have responded

778

00:34:00,690 --> 00:33:58,360

compared to what you saw at the telethon

779

00:34:02,820 --> 00:34:00,700

institute I do know that apparently the

780

00:34:04,770 --> 00:34:02,830

alien have recorded there's yeah I know

781

00:34:06,299 --> 00:34:04,780

they'd show that sort of thing I don't I

782

00:34:09,629 --> 00:34:06,309

can touch your shrink myself to listen

783

00:34:11,280 --> 00:34:09,639

to i would i'm willing to read so i'll

784

00:34:13,770 --> 00:34:11,290

give it a go yeah it's up there you can

785

00:34:15,930 --> 00:34:13,780

listen to it hmm well this is a woman

786

00:34:17,520 --> 00:34:15,940

who said that people didn't die from

787

00:34:19,740 --> 00:34:17,530

whooping cough back then they don't die

788

00:34:21,480 --> 00:34:19,750

from an hour yeah yeah judy judy

789

00:34:23,220 --> 00:34:21,490

willimon was apparently in the audience

790

00:34:24,780 --> 00:34:23,230

for the telethon institute lecture she

791

00:34:27,330 --> 00:34:24,790

was behind gentleman called Grendel's hi

792

00:34:29,760 --> 00:34:27,340

Grendel's and she was muttering

793

00:34:33,389 --> 00:34:29,770

throughout the whole time well in my

794

00:34:35,510 --> 00:34:33,399

opinion how might a Mel Dory speak to

795

00:34:38,070 --> 00:34:35,520

someone who's a skeptic she she probably

796

00:34:39,389 --> 00:34:38,080

you should tell them she would get care

797

00:34:41,270 --> 00:34:39,399

of them well no she's got two big

798

00:34:43,169 --> 00:34:41,280

security guards should get them tags out

799

00:34:45,000 --> 00:34:43,179

these could do they were quite a few

800

00:34:46,740 --> 00:34:45,010

burly guards at the avn apparently they

801
00:34:49,950 --> 00:34:46,750
were there for me and dan buzzer to make

802
00:34:54,329 --> 00:34:49,960
sure we didn't cause any well I'm not

803
00:34:55,649 --> 00:34:54,339
surprised Kylie I mean I want to marry I

804
00:34:58,170 --> 00:34:55,659
spent the whole time i head over my

805
00:34:59,910 --> 00:34:58,180
laptop 70 70 cavity deputy tap tappity

806
00:35:01,560 --> 00:34:59,920
tap so and you know what Meryl said

807
00:35:02,970 --> 00:35:01,570
about that right but if you guys have

808
00:35:04,170 --> 00:35:02,980
been bothered to listen instead of

809
00:35:05,370 --> 00:35:04,180
tweeting and blogging you might have

810
00:35:06,810 --> 00:35:05,380
learned something well that's funny

811
00:35:09,120 --> 00:35:06,820
because I ended up as you know

812
00:35:12,500 --> 00:35:09,130
transcribing eight pages of Judy woolum

813
00:35:15,900 --> 00:35:12,510

and speech pretty much verbatim so um

814

00:35:18,120 --> 00:35:15,910

yeah yeah and what plunge learn yeah

815

00:35:21,359 --> 00:35:18,130

what did I learn I learned after passing

816

00:35:23,580 --> 00:35:21,369

on to all of you that it's amazing how

817

00:35:26,040 --> 00:35:23,590

you can cherry-pick data isn't it

818

00:35:29,130 --> 00:35:26,050

using how you can post up links am Mel

819

00:35:32,310 --> 00:35:29,140

it's amazing how you can post up links

820

00:35:35,160 --> 00:35:32,320

on a powerpoint that don't actually go

821

00:35:37,050 --> 00:35:35,170

to anything really and look really

822

00:35:38,970 --> 00:35:37,060

impressive when you say and here's the

823

00:35:40,800 --> 00:35:38,980

supporting detour such and such and then

824

00:35:42,960 --> 00:35:40,810

post up a URL and then I have the

825

00:35:44,880 --> 00:35:42,970

wonderful Jack neo Tammy Scanlon on

826

00:35:46,230 --> 00:35:44,890

Twitter clicking on those things for me

827

00:35:47,820 --> 00:35:46,240

and merely tweeting me back going it

828

00:35:49,680 --> 00:35:47,830

doesn't go anyway can you check again I

829

00:35:50,670 --> 00:35:49,690

can't yet say it's the correct link this

830

00:35:52,620 --> 00:35:50,680

is the link that she is habitable

831

00:35:54,600 --> 00:35:52,630

interested it's a blank so they just

832

00:35:57,320 --> 00:35:54,610

expired or they were never there in the

833

00:35:59,580 --> 00:35:57,330

first place it's a 403 or 404 I

834

00:36:01,260 --> 00:35:59,590

suggested never was there in the first

835

00:36:03,930 --> 00:36:01,270

place or this woman doesn't have a time

836

00:36:06,510 --> 00:36:03,940

i can give you lessons I'm really good

837

00:36:08,910 --> 00:36:06,520

at it yeah I you could you could take

838

00:36:10,230 --> 00:36:08,920

that as a form of gish galloping I think

839

00:36:11,730 --> 00:36:10,240

there's another term for it when you

840

00:36:13,290 --> 00:36:11,740

when you do that you put up lots of

841

00:36:15,330 --> 00:36:13,300

links and references and say there's all

842

00:36:17,760 --> 00:36:15,340

this support and you don't that's all

843

00:36:21,270 --> 00:36:17,770

you do I just connected we just as the

844

00:36:23,310 --> 00:36:21,280

non ish gallopin you want to yes yeah

845

00:36:25,830 --> 00:36:23,320

and now I'm assumed from the way using

846

00:36:27,420 --> 00:36:25,840

it that it means trying to flood some up

847

00:36:30,660 --> 00:36:27,430

with so much information that they can't

848

00:36:32,970 --> 00:36:30,670

disprove it is that correct yes yes

849

00:36:35,760 --> 00:36:32,980

right okay well if you went to one of

850

00:36:37,470 --> 00:36:35,770

the great websites prison planet then

851
00:36:39,060 --> 00:36:37,480
they have all the all the stuff that's

852
00:36:40,590 --> 00:36:39,070
going on do you don't know about that

853
00:36:42,150 --> 00:36:40,600
they will have a hold of stakeholders

854
00:36:43,620 --> 00:36:42,160
and then if you follow them through that

855
00:36:45,330 --> 00:36:43,630
a lot of them actually don't go anywhere

856
00:36:47,310 --> 00:36:45,340
public us that expired or something like

857
00:36:49,620 --> 00:36:47,320
that but I still think if you if you if

858
00:36:51,900 --> 00:36:49,630
you want references that are really out

859
00:36:53,970 --> 00:36:51,910
there you have to go to the no agenda

860
00:36:55,590 --> 00:36:53,980
show that's the place i like it i love

861
00:36:57,480 --> 00:36:55,600
that i know you guys don't follow me on

862
00:36:59,790 --> 00:36:57,490
that one but they have their show notes

863
00:37:00,990 --> 00:36:59,800

every week we'll we'll have you going to

864

00:37:02,850 --> 00:37:01,000

what other people are thinking about

865

00:37:05,130 --> 00:37:02,860

non-scientific things and I think it's a

866

00:37:07,350 --> 00:37:05,140

great list of links Maynard you actually

867

00:37:10,110 --> 00:37:07,360

subscribe to me to no agenda and I did

868

00:37:12,720 --> 00:37:10,120

listen to okay so what do you think of

869

00:37:15,180 --> 00:37:12,730

the work of adam curry and johnson and

870

00:37:16,200 --> 00:37:15,190

angina and john seed of work in the

871

00:37:18,300 --> 00:37:16,210

morning what do you think of they were

872

00:37:20,010 --> 00:37:18,310

well i tried to listen to one of them

873

00:37:22,020 --> 00:37:20,020

and they each of them go for about two

874

00:37:23,670 --> 00:37:22,030

hours so i started off with one that

875

00:37:26,730 --> 00:37:23,680

you'd mentioned to me specifically and

876

00:37:28,500 --> 00:37:26,740

that was about the vaccine reactions

877

00:37:30,120 --> 00:37:28,510

that happened in australia a couple of

878

00:37:33,720 --> 00:37:30,130

months ago with young children getting

879

00:37:35,520 --> 00:37:33,730

sick and as soon as they said they'd

880

00:37:37,440 --> 00:37:35,530

received a donation for three thousand

881

00:37:40,290 --> 00:37:37,450

dollars because

882

00:37:42,690 --> 00:37:40,300

the guy who donated said they revealed

883

00:37:44,910 --> 00:37:42,700

that a child died from the flu vaccine I

884

00:37:46,650 --> 00:37:44,920

had to turn it off because you thought

885

00:37:49,859 --> 00:37:46,660

AHA that's so incorrect i'm not going to

886

00:37:51,780 --> 00:37:49,869

list any further yes because the

887

00:37:53,760 --> 00:37:51,790

coroner's inquest had shown that there

888

00:37:57,120 --> 00:37:53,770

was no link between the vaccine and the

889

00:37:59,550 --> 00:37:57,130

death and okay there might be still some

890

00:38:02,099 --> 00:37:59,560

debate about what actually caused it but

891

00:38:04,200 --> 00:38:02,109

i think it's really irresponsible to say

892

00:38:06,000 --> 00:38:04,210

we revealed that the vaccine caused the

893

00:38:08,220 --> 00:38:06,010

death but the guy also gave that

894

00:38:10,440 --> 00:38:08,230

donation was in Australia he was from

895

00:38:12,300 --> 00:38:10,450

Queensland yet another and the death

896

00:38:16,560 --> 00:38:12,310

happen in Queensland exactly yeah yeah

897

00:38:17,700 --> 00:38:16,570

um here's a local paper yes I mean yeah

898

00:38:19,440 --> 00:38:17,710

that's what I mean like what are you

899

00:38:22,829 --> 00:38:19,450

getting I'm getting at that even the

900

00:38:24,839 --> 00:38:22,839

like brian dunning says and i think like

901
00:38:26,790 --> 00:38:24,849
no agenda guys themselves would also say

902
00:38:28,620 --> 00:38:26,800
they shouldn't be your primary source of

903
00:38:30,569 --> 00:38:28,630
information that should be the start

904
00:38:32,819 --> 00:38:30,579
before you start looking at something so

905
00:38:36,000 --> 00:38:32,829
for example that's why I enjoy skip

906
00:38:37,200 --> 00:38:36,010
toyed and no agenda because I hear

907
00:38:39,540 --> 00:38:37,210
something that they'll generate going on

908
00:38:41,069 --> 00:38:39,550
has and sound and maybe sometimes I'll

909
00:38:43,140 --> 00:38:41,079
go oh yeah okay there is some evidence

910
00:38:45,450 --> 00:38:43,150
to back it up or sometimes ago no Adams

911
00:38:47,160 --> 00:38:45,460
and up and and I think that's where it

912
00:38:48,540 --> 00:38:47,170
should be and with Brian when brian says

913
00:38:49,920 --> 00:38:48,550

something about well look he did he's

914

00:38:52,319 --> 00:38:49,930

late escaped wind was all about things

915

00:38:53,730 --> 00:38:52,329

he got wrong yeah yeah yeah and he runs

916

00:38:56,010 --> 00:38:53,740

he even says don't listen to any guy on

917

00:38:57,510 --> 00:38:56,020

a podcast now yes I agree that it's

918

00:38:59,069 --> 00:38:57,520

irresponsible of them to make a

919

00:39:01,020 --> 00:38:59,079

statement like that that is incorrect

920

00:39:03,300 --> 00:39:01,030

and could make people not immunize their

921

00:39:06,240 --> 00:39:03,310

children but I'm not quite sure sure

922

00:39:09,240 --> 00:39:06,250

that they're that powerful no that's

923

00:39:10,890 --> 00:39:09,250

probably fair enough but I think I mean

924

00:39:12,809 --> 00:39:10,900

that could have just been an offhanded

925

00:39:15,359 --> 00:39:12,819

statement and because there were a lot

926
00:39:17,970 --> 00:39:15,369
of rumors going on around about about

927
00:39:19,290 --> 00:39:17,980
that issue but if they are putting

928
00:39:21,240 --> 00:39:19,300
themselves up as we look for the

929
00:39:23,190 --> 00:39:21,250
evidence and we seek the truth and they

930
00:39:25,620 --> 00:39:23,200
Bible now and they hit people in the

931
00:39:27,089 --> 00:39:25,630
mouth as you say if that's the first

932
00:39:28,500 --> 00:39:27,099
thing they're going to say then it's

933
00:39:32,640 --> 00:39:28,510
very hard for me to try to engage with

934
00:39:35,069 --> 00:39:32,650
anything else because I I don't dismiss

935
00:39:38,220 --> 00:39:35,079
every conspiracy theory I don't dismiss

936
00:39:40,050 --> 00:39:38,230
whoo without looking into it first so

937
00:39:42,000 --> 00:39:40,060
you know you and I have discussions a

938
00:39:43,319 --> 00:39:42,010

lot about you say to me well maybe I

939

00:39:44,700 --> 00:39:43,329

shouldn't talk about this with you

940

00:39:47,130 --> 00:39:44,710

because you might just go oh that's

941

00:39:49,319 --> 00:39:47,140

nonsense but I don't and we watched the

942

00:39:50,880 --> 00:39:49,329

West whole documentary together and I

943

00:39:52,469 --> 00:39:50,890

did have to stop it a few times and say

944

00:39:56,819 --> 00:39:52,479

hang on I don't think that's right

945

00:40:00,329 --> 00:39:56,829

others going out for drinks more for you

946

00:40:02,009 --> 00:40:00,339

may not but there is actually there is a

947

00:40:03,329 --> 00:40:02,019

couple of tests okay we're floating

948

00:40:04,949 --> 00:40:03,339

around here but there is some testable

949

00:40:06,839 --> 00:40:04,959

points of the West Hall documentary that

950

00:40:08,279 --> 00:40:06,849

are yet to be made remember the girl at

951
00:40:10,440 --> 00:40:08,289
drop taking away the ambulance was never

952
00:40:12,329 --> 00:40:10,450
seen before yes obviously they have a

953
00:40:13,890 --> 00:40:12,339
name of that girl yeah there might be

954
00:40:15,599 --> 00:40:13,900
some I think something might be some

955
00:40:17,339 --> 00:40:15,609
future follow up on the DVD to find out

956
00:40:18,630 --> 00:40:17,349
what happened that girl now okay do you

957
00:40:21,209 --> 00:40:18,640
want to just put that in context for our

958
00:40:23,099 --> 00:40:21,219
listeners who may not know about it okay

959
00:40:24,989 --> 00:40:23,109
just quickly go over it again through

960
00:40:26,400 --> 00:40:24,999
the talk was okay Australia's latest i

961
00:40:28,559 --> 00:40:26,410
think we did speak better on a big tank

962
00:40:29,849 --> 00:40:28,569
we need a few about month ago in okay

963
00:40:31,170 --> 00:40:29,859

look I'm sorry to float around this was

964

00:40:33,269 --> 00:40:31,180

talking about vaccinations a second ago

965

00:40:34,799 --> 00:40:33,279

no it serious oh yeah we're at player

966

00:40:36,959 --> 00:40:34,809

see how do we back up should we listen

967

00:40:38,549 --> 00:40:36,969

to both sides and what you do okay right

968

00:40:40,049 --> 00:40:38,559

no I agree with you should listen to

969

00:40:42,299 --> 00:40:40,059

both sides well mostly stopped me yeah

970

00:40:43,680 --> 00:40:42,309

ok now that West or 66 is a lot

971

00:40:46,319 --> 00:40:43,690

Australia's I think it's pretty much our

972

00:40:49,319 --> 00:40:46,329

largest documented UFO sighting ever

973

00:40:51,150 --> 00:40:49,329

basically something flew over still

974

00:40:55,620 --> 00:40:51,160

appeared to land behind some trees here

975

00:40:58,529 --> 00:40:55,630

we go here comes now you're caring to

976
00:41:00,089 --> 00:40:58,539
land on a runway that's a 747 to you and

977
00:41:02,039 --> 00:41:00,099
actually that reminds me in the whole

978
00:41:04,380 --> 00:41:02,049
documentary I don't remember anyone

979
00:41:07,410 --> 00:41:04,390
mentioning what the object sounded like

980
00:41:09,029 --> 00:41:07,420
yeah good point now it could have been

981
00:41:10,829 --> 00:41:09,039
flying silently there are methods of

982
00:41:12,779 --> 00:41:10,839
propulsion that I don't know about that

983
00:41:15,390 --> 00:41:12,789
could be silent that's possible but no

984
00:41:17,099 --> 00:41:15,400
one seemed to remember anything of an

985
00:41:19,680 --> 00:41:17,109
auditory nature it runs seems remember

986
00:41:21,779 --> 00:41:19,690
visual no you're right and there wasn't

987
00:41:23,489 --> 00:41:21,789
mentioned once or not that's just some

988
00:41:25,559 --> 00:41:23,499

other store then okay so all these kids

989

00:41:28,170 --> 00:41:25,569

saw this some teachers lawyers and and

990

00:41:29,849 --> 00:41:28,180

as a teacher that allegedly took a photo

991

00:41:31,880 --> 00:41:29,859

of what it was that Cameron with it was

992

00:41:35,339 --> 00:41:31,890

then taken away from the teacher by

993

00:41:37,049 --> 00:41:35,349

that's really low 40 yeah there was one

994

00:41:38,549 --> 00:41:37,059

man dressed in uniform the other one

995

00:41:39,359 --> 00:41:38,559

looked like a moment a policeman or

996

00:41:41,609 --> 00:41:39,369

something like that and actually took

997

00:41:43,799 --> 00:41:41,619

the camera as well as the film now all

998

00:41:46,049 --> 00:41:43,809

of these things are seem unusual there

999

00:41:47,549 --> 00:41:46,059

seem to be a lot of people look and

1000

00:41:49,289 --> 00:41:47,559

maybe it might be messaged area but also

1001
00:41:51,390 --> 00:41:49,299
spoke to people that have experienced

1002
00:41:53,339 --> 00:41:51,400
similar situations I don't want to name

1003
00:41:54,839 --> 00:41:53,349
the person at their school seeing

1004
00:41:56,099 --> 00:41:54,849
unusual things and they're pretty damn

1005
00:41:58,349 --> 00:41:56,109
convinced that they did see something

1006
00:41:59,660 --> 00:41:58,359
unusual themselves that hovered near

1007
00:42:01,490 --> 00:41:59,670
their school for about an hour

1008
00:42:03,349 --> 00:42:01,500
and they were able to visually confirm

1009
00:42:04,970 --> 00:42:03,359
that to themselves now looking at

1010
00:42:06,079 --> 00:42:04,980
yourself you know i'm not i'm talking

1011
00:42:07,910 --> 00:42:06,089
about someone else i know well enough

1012
00:42:09,319 --> 00:42:07,920
that has also seen something of that

1013
00:42:11,630 --> 00:42:09,329

kind of thing and we know the most

1014

00:42:13,579 --> 00:42:11,640

powerful experiences the ones that you

1015

00:42:14,660 --> 00:42:13,589

experience yourself that's right and and

1016

00:42:16,220 --> 00:42:14,670

I'm not going to doubt they had this

1017

00:42:17,630 --> 00:42:16,230

experience but you know then again

1018

00:42:20,120 --> 00:42:17,640

there's anything that knows I had that

1019

00:42:21,650 --> 00:42:20,130

experience so again as you are always

1020

00:42:23,240 --> 00:42:21,660

going on about this show and in the

1021

00:42:24,620 --> 00:42:23,250

skeptics guide to the universe and in

1022

00:42:26,809 --> 00:42:24,630

sceptile you want stuff that can be

1023

00:42:27,920 --> 00:42:26,819

tested and that can't be test okay but

1024

00:42:30,559 --> 00:42:27,930

can we just go back to what you said

1025

00:42:32,150 --> 00:42:30,569

initially about this point which was the

1026
00:42:34,069 --> 00:42:32,160
girl who was apparently social and the

1027
00:42:36,770 --> 00:42:34,079
ambulance no this this was one thing

1028
00:42:38,960 --> 00:42:36,780
that you and I discussed after the

1029
00:42:41,000 --> 00:42:38,970
Westall documentary because that would

1030
00:42:42,740 --> 00:42:41,010
be easy to test wouldn't it it would it

1031
00:42:44,480 --> 00:42:42,750
must be medical records they must be

1032
00:42:47,120 --> 00:42:44,490
ambulance record so there must be the

1033
00:42:49,730 --> 00:42:47,130
girl they didn't follow it up that

1034
00:42:51,020 --> 00:42:49,740
that's right yeah well that apparently

1035
00:42:53,240 --> 00:42:51,030
that girl was taken away in an ambulance

1036
00:42:54,589 --> 00:42:53,250
which again never seen a getting them

1037
00:42:56,359 --> 00:42:54,599
you will never came back to that school

1038
00:42:58,490 --> 00:42:56,369

now sure she could just move to another

1039

00:42:59,960 --> 00:42:58,500

school for another reason but again

1040

00:43:01,760 --> 00:42:59,970

there could be some sort of paper trail

1041

00:43:03,710 --> 00:43:01,770

there and it's only 1966 which

1042

00:43:05,480 --> 00:43:03,720

admittedly was a while ago but maybe I

1043

00:43:07,430 --> 00:43:05,490

head classmates would know what happened

1044

00:43:09,170 --> 00:43:07,440

to Mary know why cause mate said that

1045

00:43:10,549 --> 00:43:09,180

what happened to Mary and two couldn't

1046

00:43:12,020 --> 00:43:10,559

find out what happens when they named

1047

00:43:13,579 --> 00:43:12,030

her yet they've actually named it

1048

00:43:15,440 --> 00:43:13,589

actually named and they had a surname

1049

00:43:17,480 --> 00:43:15,450

and everything so this is why I'm

1050

00:43:19,220 --> 00:43:17,490

variants to find out here we have some

1051
00:43:21,380 --> 00:43:19,230
testable information did wash you

1052
00:43:22,700 --> 00:43:21,390
overcome just buy some hysteria did you

1053
00:43:25,130 --> 00:43:22,710
get close to the object and they had

1054
00:43:28,819 --> 00:43:25,140
some before she indeed taken away at all

1055
00:43:30,140 --> 00:43:28,829
or even that wasn't the ambulance dress

1056
00:43:32,480 --> 00:43:30,150
to look like an added that's what was

1057
00:43:34,910 --> 00:43:32,490
really an alien ship or door did to the

1058
00:43:36,829 --> 00:43:34,920
poor girl had a fit dying it wasn't

1059
00:43:39,349 --> 00:43:36,839
passed one of the kids because Oh kids

1060
00:43:40,640 --> 00:43:39,359
well yes I there's many things that

1061
00:43:42,049 --> 00:43:40,650
could have happened there but that is

1062
00:43:43,789 --> 00:43:42,059
the one thing at the end of documentary

1063
00:43:46,370 --> 00:43:43,799

go gee I'd like to whatever that girl

1064

00:43:47,390 --> 00:43:46,380

yeah and and you know and it ever say in

1065

00:43:48,920 --> 00:43:47,400

the documentary I would love to have a

1066

00:43:50,390 --> 00:43:48,930

piece of an alien spaceship they could

1067

00:43:52,579 --> 00:43:50,400

test but there's nothing here it's just

1068

00:43:53,870 --> 00:43:52,589

a lot of people talking about it now I

1069

00:43:55,069 --> 00:43:53,880

have heard that the problem with the

1070

00:43:56,930 --> 00:43:55,079

documentary is there's massive

1071

00:43:58,490 --> 00:43:56,940

confirmation bias and because an ad was

1072

00:44:01,220 --> 00:43:58,500

put in the local paper about if you're

1073

00:44:03,500 --> 00:44:01,230

at the Westall school at this time and

1074

00:44:05,420 --> 00:44:03,510

you saw something come along this

1075

00:44:07,220 --> 00:44:05,430

meeting we're having so if you were at

1076
00:44:08,140 --> 00:44:07,230
that school and you saw nothing maybe

1077
00:44:10,450 --> 00:44:08,150
you read

1078
00:44:12,789 --> 00:44:10,460
maybe wouldn't go the meeting you know

1079
00:44:14,769 --> 00:44:12,799
but you know there's a lot of layers to

1080
00:44:16,630 --> 00:44:14,779
it that I thought were interesting it

1081
00:44:18,910 --> 00:44:16,640
was worth making a documentary about the

1082
00:44:21,250 --> 00:44:18,920
actual documentary maker herself she has

1083
00:44:22,960 --> 00:44:21,260
come under a lot of fire for you know

1084
00:44:24,700 --> 00:44:22,970
making it a wound documentary and

1085
00:44:27,069 --> 00:44:24,710
everything and I don't know I just think

1086
00:44:29,200 --> 00:44:27,079
look she with what she had and which

1087
00:44:30,640 --> 00:44:29,210
wasn't a lot it was filled in with some

1088
00:44:33,010 --> 00:44:30,650

really good graphics that they did and

1089

00:44:34,750 --> 00:44:33,020

I'm glad it was made and look I'd like

1090

00:44:36,789 --> 00:44:34,760

to see more of it but I'd like to see

1091

00:44:38,049 --> 00:44:36,799

more of it with information and when

1092

00:44:40,150 --> 00:44:38,059

you're dealing with something that a lot

1093

00:44:42,010 --> 00:44:40,160

of people saw with no accompanying

1094

00:44:42,880 --> 00:44:42,020

evidence that can be tested I think she

1095

00:44:45,250 --> 00:44:42,890

did a pretty good job with the

1096

00:44:47,109 --> 00:44:45,260

documentary as it was I wonder if that's

1097

00:44:49,630 --> 00:44:47,119

going to make it to the network it was

1098

00:44:52,240 --> 00:44:49,640

on cable oh yes and it was funded by the

1099

00:44:55,240 --> 00:44:52,250

sci-fi channel NTV won both put money

1100

00:44:56,859 --> 00:44:55,250

into EV one TV one film Victoria put

1101

00:44:58,059 --> 00:44:56,869

money into us yes look that it was a

1102

00:45:00,460 --> 00:44:58,069

project that's been going on for about

1103

00:45:02,289 --> 00:45:00,470

five years and i would i would say the

1104

00:45:03,579 --> 00:45:02,299

filmmaker would lost a lot of money on

1105

00:45:05,049 --> 00:45:03,589

it because they would have been filming

1106

00:45:07,059 --> 00:45:05,059

bits and pieces of it and slowly

1107

00:45:09,630 --> 00:45:07,069

assembling it but there is one section

1108

00:45:11,529 --> 00:45:09,640

that i think a lot of skeptics would

1109

00:45:13,329 --> 00:45:11,539

definitely pick up there is two and

1110

00:45:15,010 --> 00:45:13,339

that's when one of the girls who was

1111

00:45:16,450 --> 00:45:15,020

regressing back to what she remember at

1112

00:45:18,849 --> 00:45:16,460

the time she was they were doing of that

1113

00:45:21,099 --> 00:45:18,859

hypnotherapy that only regressive

1114

00:45:22,960 --> 00:45:21,109

hypnotherapy and and they filmed a bit

1115

00:45:25,150 --> 00:45:22,970

of that and that did make me one a

1116

00:45:27,760 --> 00:45:25,160

little bit because the hypnotherapist

1117

00:45:29,620 --> 00:45:27,770

send me leading her a little bit ya know

1118

00:45:32,529 --> 00:45:29,630

when she started talking about small

1119

00:45:34,210 --> 00:45:32,539

green alien type men and I'm no I don't

1120

00:45:35,769 --> 00:45:34,220

think she went that far but is I Greymon

1121

00:45:37,930 --> 00:45:35,779

but she did was talking about i can see

1122

00:45:40,809 --> 00:45:37,940

figures and i can see these kind of

1123

00:45:42,819 --> 00:45:40,819

great that said I I don't think that I

1124

00:45:46,359 --> 00:45:42,829

need to tell anybody how notoriously

1125

00:45:48,339 --> 00:45:46,369

unreliable and it's just dr. Christie

1126

00:45:50,349 --> 00:45:48,349

Wilson's writing on on that kind of

1127

00:45:52,480 --> 00:45:50,359

thing about reliability memory or and

1128

00:45:54,430 --> 00:45:52,490

certainly dr. Chris French who and this

1129

00:45:55,990 --> 00:45:54,440

hip no hypnosis can bring back old

1130

00:45:59,170 --> 00:45:56,000

memories and you can see them clarity I

1131

00:46:00,609 --> 00:45:59,180

know it doesn't look like that the the

1132

00:46:01,809 --> 00:46:00,619

thing that thing was good about the west

1133

00:46:03,819 --> 00:46:01,819

of document appears they did have a

1134

00:46:05,589 --> 00:46:03,829

uniforms probably but got banging on

1135

00:46:08,440 --> 00:46:05,599

about this so much but they did have a

1136

00:46:10,589 --> 00:46:08,450

uniform specialist of military uniforms

1137

00:46:12,490 --> 00:46:10,599

there in the documentary and they

1138

00:46:14,799 --> 00:46:12,500

presented to him a description that

1139

00:46:16,510 --> 00:46:14,809

seemed to be the many different sorts of

1140

00:46:18,039 --> 00:46:16,520

uniforms that the children appeared to

1141

00:46:20,349 --> 00:46:18,049

obscene over the couple of days in the

1142

00:46:20,680 --> 00:46:20,359

area and love them did didn't match a

1143

00:46:22,120 --> 00:46:20,690

stray

1144

00:46:24,790 --> 00:46:22,130

uniforms the time they appeared to match

1145

00:46:27,190 --> 00:46:24,800

American uniforms of the time but again

1146

00:46:29,260 --> 00:46:27,200

once they saw on TV over the last 40

1147

00:46:32,339 --> 00:46:29,270

years well I don't know I used to watch

1148

00:46:35,859 --> 00:46:32,349

a lot of i dream of jeannie and and

1149

00:46:38,140 --> 00:46:35,869

alone you know and the the uniforms that

1150

00:46:39,609 --> 00:46:38,150

de major Healey and Tony had on in that

1151
00:46:41,770 --> 00:46:39,619
probably match what the kids were seeing

1152
00:46:43,390 --> 00:46:41,780
as well but again it was that because

1153
00:46:44,740 --> 00:46:43,400
that was on TV at the time or was it

1154
00:46:47,710 --> 00:46:44,750
because I actually what they saw you

1155
00:46:50,319 --> 00:46:47,720
know I it's just the the I know one

1156
00:46:51,849 --> 00:46:50,329
person can be fooled as you say and 200

1157
00:46:54,579 --> 00:46:51,859
people can be a Glee and filled as well

1158
00:46:56,740 --> 00:46:54,589
and I it just makes me wonder which is

1159
00:46:58,660 --> 00:46:56,750
why I get back to the fact that i love

1160
00:47:00,280 --> 00:46:58,670
shows like no agenda and skip to it

1161
00:47:03,609 --> 00:47:00,290
equally because they're coming from

1162
00:47:05,050 --> 00:47:03,619
opposite directions and you've got to do

1163
00:47:07,270 --> 00:47:05,060

the work i think i don't think you know

1164

00:47:09,339 --> 00:47:07,280

i like the fact that skeptic podcasts

1165

00:47:11,050 --> 00:47:09,349

and podcasts in general make the person

1166

00:47:12,970 --> 00:47:11,060

think about it i mean like most radio

1167

00:47:15,339 --> 00:47:12,980

stations they trying I mean John Laws he

1168

00:47:16,839 --> 00:47:15,349

was always doing the thinking for you on

1169

00:47:19,569 --> 00:47:16,849

his show and I like I like the way these

1170

00:47:21,040 --> 00:47:19,579

podcasts like you know you know it's as

1171

00:47:22,720 --> 00:47:21,050

good as it's a starting place do you

1172

00:47:24,520 --> 00:47:22,730

think would no agenda do something like

1173

00:47:27,839 --> 00:47:24,530

skip do it would they devote an episode

1174

00:47:30,730 --> 00:47:27,849

to their errors that's a very good point

1175

00:47:33,569 --> 00:47:30,740

they are constantly reading emails about

1176

00:47:37,450 --> 00:47:33,579

people who think they're wrong hmm and

1177

00:47:39,760 --> 00:47:37,460

basically there it's more of a format

1178

00:47:41,710 --> 00:47:39,770

reviewing the news so like they'll go

1179

00:47:43,300 --> 00:47:41,720

through c-span I'll watch c-span so you

1180

00:47:45,430 --> 00:47:43,310

don't have to they will go through these

1181

00:47:46,750 --> 00:47:45,440

shows and look at them and give you

1182

00:47:48,280 --> 00:47:46,760

their take on them now a lot of his

1183

00:47:50,230 --> 00:47:48,290

American politics it is a little bit

1184

00:47:51,880 --> 00:47:50,240

confusing to us Australia's here and

1185

00:47:53,470 --> 00:47:51,890

that they've drilled down to a lot of

1186

00:47:54,849 --> 00:47:53,480

things but occasionally you'll gets a

1187

00:47:57,970 --> 00:47:54,859

bit you get big things and you get

1188

00:47:59,680 --> 00:47:57,980

crackpot stuff and you know like Adam

1189

00:48:01,240 --> 00:47:59,690

definitely thinks that there's an elite

1190

00:48:03,309 --> 00:48:01,250

that wants to take over the planet and

1191

00:48:05,829 --> 00:48:03,319

that's sooo nasty I don't think

1192

00:48:08,020 --> 00:48:05,839

necessarily Illuminati I think there's

1193

00:48:09,250 --> 00:48:08,030

an elite that want your stuff and the

1194

00:48:10,540 --> 00:48:09,260

way that they get your stuff is by

1195

00:48:12,069 --> 00:48:10,550

reducing the population every once

1196

00:48:14,140 --> 00:48:12,079

awhile and stuff like that now that is

1197

00:48:16,270 --> 00:48:14,150

really out there serious crackpot that

1198

00:48:18,160 --> 00:48:16,280

but that's the I think it fits into the

1199

00:48:20,170 --> 00:48:18,170

same theory as the world the New World

1200

00:48:22,030 --> 00:48:20,180

Order the Illuminati the Rockefellers

1201
00:48:24,339 --> 00:48:22,040
the Rothschilds the Georgia Guidestones

1202
00:48:26,500 --> 00:48:24,349
stuff doesn't it isn't it does not fit

1203
00:48:28,120 --> 00:48:26,510
into that same well it certainly fits in

1204
00:48:30,130 --> 00:48:28,130
the busy but the hose him down there's

1205
00:48:31,960 --> 00:48:30,140
John said Dvorak who buys into a little

1206
00:48:33,690 --> 00:48:31,970
bit of this but there's stuff you stop

1207
00:48:35,460 --> 00:48:33,700
set and the one thing that they

1208
00:48:36,870 --> 00:48:35,470
they've come up with recently is the

1209
00:48:39,450 --> 00:48:36,880
chemtrails thing now that's meant that's

1210
00:48:41,970 --> 00:48:39,460
been around for years and Adams on board

1211
00:48:43,200 --> 00:48:41,980
with this and an even jhansi dvorak's on

1212
00:48:45,150 --> 00:48:43,210
board with the earthquake machine little

1213
00:48:46,920 --> 00:48:45,160

bit because like like like I say the geo

1214

00:48:48,390 --> 00:48:46,930

political ramifications of an earthquake

1215

00:48:51,480 --> 00:48:48,400

machine would be pretty massive all

1216

00:48:53,280 --> 00:48:51,490

right we have the Italian size magis

1217

00:48:55,530 --> 00:48:53,290

you're currently being sued ugly thing

1218

00:48:57,330 --> 00:48:55,540

as well another case i must admit that's

1219

00:49:01,260 --> 00:48:57,340

a new one on me earthquake earthquake

1220

00:49:03,000 --> 00:49:01,270

machine because look no because if if I

1221

00:49:04,500 --> 00:49:03,010

don't the seismologist actually Croatian

1222

00:49:06,990 --> 00:49:04,510

was being sued for not being ultra

1223

00:49:08,610 --> 00:49:07,000

detected oh yes if the government or

1224

00:49:10,800 --> 00:49:08,620

group of people had the ability to cause

1225

00:49:13,200 --> 00:49:10,810

earthquakes wouldn't that be a great

1226

00:49:14,550 --> 00:49:13,210

weapon and the problem is earthquakes

1227

00:49:20,940 --> 00:49:14,560

happen naturally all the time anyways

1228

00:49:21,870 --> 00:49:20,950

yeah how could you tell yeah oh yeah and

1229

00:49:23,910 --> 00:49:21,880

that's something you can never test

1230

00:49:26,130 --> 00:49:23,920

either I think we should investigate jen

1231

00:49:28,470 --> 00:49:26,140

mccreight and her boob quite claims ah

1232

00:49:30,510 --> 00:49:28,480

actually though not she has been high

1233

00:49:33,420 --> 00:49:30,520

evidence of her she might have an

1234

00:49:34,920 --> 00:49:33,430

earthquake machine within her bizim well

1235

00:49:36,150 --> 00:49:34,930

well the two of you can ask your

1236

00:49:37,770 --> 00:49:36,160

teammate since I know that should be

1237

00:49:41,190 --> 00:49:37,780

doing a very short presentation on the

1238

00:49:42,930 --> 00:49:41,200

sunday about the ER I is a two or four

1239

00:49:47,820 --> 00:49:42,940

plan to say the impactor boobquake I'm

1240

00:49:48,870 --> 00:49:47,830

not too sure anyone here celebrate blue

1241

00:49:51,060 --> 00:49:48,880

cracked I when I was walking around the

1242

00:49:53,550 --> 00:49:51,070

house poppers all day didn't feel a

1243

00:49:55,530 --> 00:49:53,560

thing I think my not i'll leave you to

1244

00:49:57,150 --> 00:49:55,540

represent us in that kinda matter we

1245

00:49:59,250 --> 00:49:57,160

celebrate the richard nice celebrate a

1246

00:50:03,080 --> 00:49:59,260

big quake yeah we reach enjoy everyone

1247

00:50:05,040 --> 00:50:03,090

we know we went for a walk maybe finder

1248

00:50:08,640 --> 00:50:05,050

which is always dressing inappropriately

1249

00:50:09,900 --> 00:50:08,650

yeah it's just embarrassing i am on the

1250

00:50:11,760 --> 00:50:09,910

other side of the country people so

1251

00:50:13,050 --> 00:50:11,770

don't to see it mmm and also i always

1252

00:50:14,640 --> 00:50:13,060

ever get a visa to get into the US

1253

00:50:16,320 --> 00:50:14,650

that's one that at tam in las vegas too

1254

00:50:18,540 --> 00:50:16,330

by the way i think it's cuz i'm in

1255

00:50:20,190 --> 00:50:18,550

listen to no agenda oh you're kidding

1256

00:50:22,680 --> 00:50:20,200

right i want you to come accompanied by

1257

00:50:24,360 --> 00:50:22,690

a laser to America no I kalica doesn't

1258

00:50:25,980 --> 00:50:24,370

know cuz I caught it I had to get a visa

1259

00:50:27,900 --> 00:50:25,990

I like once I can't go there today I

1260

00:50:29,040 --> 00:50:27,910

wanted to know about that but I'm not

1261

00:50:30,720 --> 00:50:29,050

sure if it's like a big thing that

1262

00:50:37,110 --> 00:50:30,730

you're not going to no no it's not it

1263

00:50:39,690 --> 00:50:37,120

was really quiet sad little as dr. AG

1264

00:50:41,790 --> 00:50:39,700

has a special visa and get into the

1265

00:50:43,860 --> 00:50:41,800

states no why is that like why's that

1266

00:50:45,440 --> 00:50:43,870

because I've always been too shy to Mars

1267

00:50:47,329 --> 00:50:45,450

thinking or rachel's because I know

1268

00:50:48,530 --> 00:50:47,339

someone who's not allowed he got in

1269

00:50:50,150 --> 00:50:48,540

trouble for coming into Australia is

1270

00:50:51,800 --> 00:50:50,160

trying to sneak a whole pile of Chinese

1271

00:50:53,420 --> 00:50:51,810

fireworks and his luggage from Asia to

1272

00:50:54,800 --> 00:50:53,430

get to Australia and he got his handsome

1273

00:50:56,870 --> 00:50:54,810

acting he's got a little stamps on which

1274

00:50:59,030 --> 00:50:56,880

says watch this one he's a cheeky fellow

1275

00:51:01,880 --> 00:50:59,040

but I couldn't really imagine news china

1276

00:51:06,349 --> 00:51:01,890

so i got the rate she has a special visa

1277

00:51:10,450 --> 00:51:06,359

sound like these special olympics pana

1278

00:51:15,740 --> 00:51:13,910

because it is actually on watch list is

1279

00:51:18,050 --> 00:51:15,750

its special that's what I mean like I

1280

00:51:20,599 --> 00:51:18,060

mean to secret it's what she feels she's

1281

00:51:23,210 --> 00:51:20,609

bringing her passport / very aggressive

1282

00:51:24,740 --> 00:51:23,220

boy so here we go here we go that's

1283

00:51:26,720 --> 00:51:24,750

right you flipping through her well used

1284

00:51:28,370 --> 00:51:26,730

a hospital ID hide the number Sarasota

1285

00:51:30,680 --> 00:51:28,380

graford I don't get in trouble with you

1286

00:51:34,069 --> 00:51:30,690

oh you haven't do you have to unfold our

1287

00:51:36,380 --> 00:51:34,079

here we go maybe some light on it it's a

1288

00:51:38,540 --> 00:51:36,390

great likeness of dr. 18 now why dr. hu

1289

00:51:40,550 --> 00:51:38,550

do you have this special visa yeah and

1290

00:51:42,770 --> 00:51:40,560

the passport photo looks like you were

1291

00:51:45,859 --> 00:51:42,780

in everything but the girl in the early

1292

00:51:48,230 --> 00:51:45,869

eighteen spot was like two years ago

1293

00:51:55,040 --> 00:51:48,240

thank you very much I not hold it up

1294

00:51:57,829 --> 00:51:55,050

there we go good perfect I'll put that

1295

00:52:00,859 --> 00:51:57,839

on to the Flickr page yeah it sees a

1296

00:52:03,319 --> 00:52:00,869

rainy night al menos resemblance to dr.

1297

00:52:05,420 --> 00:52:03,329

oh ok now why right where's this this

1298

00:52:07,700 --> 00:52:05,430

sticker that says no fireworks for you

1299

00:52:10,160 --> 00:52:07,710

naughty well no it's really close it's

1300

00:52:13,040 --> 00:52:10,170

it was a ridiculous story to tell you

1301

00:52:16,670 --> 00:52:13,050

the truth in 1997 i went to Niagara

1302

00:52:19,700 --> 00:52:16,680

Falls our lovely and the border between

1303

00:52:22,430 --> 00:52:19,710

New York State and Canada is the Niagara

1304

00:52:24,620 --> 00:52:22,440

River so when you walk across the river

1305

00:52:27,380 --> 00:52:24,630

you actually go through immigration into

1306

00:52:29,000 --> 00:52:27,390

Canada when I go to immigration they

1307

00:52:31,069 --> 00:52:29,010

said well you know in America would you

1308

00:52:32,270 --> 00:52:31,079

like to pay seven dollars so that you

1309

00:52:33,950 --> 00:52:32,280

can come and look at the falls from the

1310

00:52:37,160 --> 00:52:33,960

other side or would you like not to I

1311

00:52:39,500 --> 00:52:37,170

said near and i want to so they ticked a

1312

00:52:41,150 --> 00:52:39,510

little box on my immigration form that

1313

00:52:44,130 --> 00:52:41,160

said refused entry to the United States

1314

00:52:49,260 --> 00:52:46,230

huh and in fact it was you that was

1315

00:52:51,210 --> 00:52:49,270

refusing to go yeah and then I could

1316

00:52:54,210 --> 00:52:51,220

never ascertain whether that was on my

1317

00:52:55,500 --> 00:52:54,220

permanent record and after 2001 there

1318

00:52:58,140 --> 00:52:55,510

was no way that I was going to risk

1319

00:53:00,870 --> 00:52:58,150

turning up to LAX without a visa yeah

1320

00:53:03,660 --> 00:53:00,880

because if it said on my record has been

1321

00:53:06,320 --> 00:53:03,670

refused entry and didn't say why because

1322

00:53:08,490 --> 00:53:06,330

do have a seven dollars oh it could mean

1323

00:53:11,760 --> 00:53:08,500

Chinese fireworks occurred mean weapons

1324

00:53:14,160 --> 00:53:11,770

it could mean anything contraband copies

1325

00:53:16,800 --> 00:53:14,170

of Jenny McCarthy's latest video oh yeah

1326
00:53:18,300 --> 00:53:16,810
anything so and they said we can't tell

1327
00:53:19,770 --> 00:53:18,310
you if it's on your record you need to

1328
00:53:21,870 --> 00:53:19,780
apply for a Freedom of Information Act

1329
00:53:23,820 --> 00:53:21,880
to get that information whether we just

1330
00:53:24,960 --> 00:53:23,830
that cheapskate didn't play together or

1331
00:53:28,710 --> 00:53:24,970
get that would cost you one hundred

1332
00:53:30,450 --> 00:53:28,720
twenty dollars every month revenge you

1333
00:53:32,430 --> 00:53:30,460
had to go to the stage tuned in you when

1334
00:53:34,260 --> 00:53:32,440
you were not while I missed out on a

1335
00:53:35,940 --> 00:53:34,270
trip to the stones tickets I had to

1336
00:53:37,710 --> 00:53:35,950
cancel i would got invited to go to a

1337
00:53:40,050 --> 00:53:37,720
conference in california i had to cancel

1338
00:53:42,000 --> 00:53:40,060

that because i couldn't risk turning up

1339

00:53:45,450 --> 00:53:42,010

to LAX am I getting kicked out he's the

1340

00:53:47,880 --> 00:53:45,460

most expensive site scenes ever seven

1341

00:53:50,700 --> 00:53:47,890

dollars ending up costing you that much

1342

00:53:52,020 --> 00:53:50,710

but I had no idea that September 11

1343

00:53:54,030 --> 00:53:52,030

would happen and then you would

1344

00:53:55,410 --> 00:53:54,040

potentially become an issue because at

1345

00:53:57,570 --> 00:53:55,420

that time people were getting thrown out

1346

00:53:58,770 --> 00:53:57,580

of America for having eyeliner in their

1347

00:54:01,770 --> 00:53:58,780

carry-on luggage because it was

1348

00:54:04,380 --> 00:54:01,780

potentially a weapon so now i have a

1349

00:54:05,940 --> 00:54:04,390

special visa for five years and then I

1350

00:54:08,490 --> 00:54:05,950

have to keep applying and every time I

1351
00:54:15,830 --> 00:54:08,500
turn up at customs now they say why do

1352
00:54:19,920 --> 00:54:18,210
embarrassing for you should invoke the

1353
00:54:21,750 --> 00:54:19,930
use of the word special it's a special

1354
00:54:24,540 --> 00:54:21,760
visa haha and hopefully they'll

1355
00:54:26,610 --> 00:54:24,550
understand but it's just different from

1356
00:54:29,950 --> 00:54:26,620
the regular basil I am and travel with

1357
00:54:33,530 --> 00:54:29,960
Richard Saunders you have to commute

1358
00:54:34,849 --> 00:54:33,540
that's true that's true every time I've

1359
00:54:37,930 --> 00:54:34,859
gone to the state's I've gone in with

1360
00:54:42,320 --> 00:54:37,940
you yeah it's your fault not every time

1361
00:54:44,420 --> 00:54:42,330
I'll guess the next no yeah once oh no

1362
00:54:50,170 --> 00:54:44,430
no no that we left and we what I went to

1363
00:54:54,770 --> 00:54:52,370

I'd like to point out that any my

1364

00:54:56,900 --> 00:54:54,780

students are listening to the show that

1365

00:54:58,550 --> 00:54:56,910

was a joke dr. H is one of the most

1366

00:55:01,609 --> 00:54:58,560

responsible people i know even though

1367

00:55:02,900 --> 00:55:01,619

she's a cheapskate not really hope that

1368

00:55:04,760 --> 00:55:02,910

you pay to see Niagara Falls because

1369

00:55:06,500 --> 00:55:04,770

you're good girls aren't you that's

1370

00:55:07,220 --> 00:55:06,510

right and she's a religious teacher and

1371

00:55:10,250 --> 00:55:07,230

they would never do anything

1372

00:55:12,800 --> 00:55:10,260

inappropriate no no nobody ever suspects

1373

00:55:15,590 --> 00:55:12,810

me you join pentagrams all over the

1374

00:55:16,730 --> 00:55:15,600

place look to the plane I know now

1375

00:55:17,690 --> 00:55:16,740

actually because the requirements of

1376

00:55:19,130 --> 00:55:17,700

advanced what are you most looking

1377

00:55:23,150 --> 00:55:19,140

forward to that being in the great city

1378

00:55:27,190 --> 00:55:23,160

of Las Vegas oh well the convention I

1379

00:55:32,240 --> 00:55:27,200

nearly I gonna visit mrs. Sinatra my my

1380

00:55:34,790 --> 00:55:32,250

you got the wrong snatcher yes well now

1381

00:55:38,000 --> 00:55:34,800

did she is getting on in years now but

1382

00:55:39,950 --> 00:55:38,010

mrs. frank sinatra that is her name she

1383

00:55:42,740 --> 00:55:39,960

is in the las vegas phone book she's a

1384

00:55:45,440 --> 00:55:42,750

lovely lady um and I hope she's still

1385

00:55:48,710 --> 00:55:45,450

around her Frank himself uh no sorry

1386

00:55:50,090 --> 00:55:48,720

Fred Sinatra his his brother was Frank

1387

00:55:52,160 --> 00:55:50,100

Sinatra who hit his head on a tank

1388

00:55:53,690 --> 00:55:52,170

during the Korean War true story and

1389

00:55:56,270 --> 00:55:53,700

hasn't come out of his room a lot since

1390

00:55:59,150 --> 00:55:56,280

he hasn't been well and and fred is

1391

00:56:01,160 --> 00:55:59,160

sadly passed away but mrs. fred samara

1392

00:56:02,180 --> 00:56:01,170

is a lovely lady and if you give a ring

1393

00:56:03,650 --> 00:56:02,190

while you're there just make a local

1394

00:56:05,180 --> 00:56:03,660

call she'll be a live in the book there

1395

00:56:06,740 --> 00:56:05,190

and tell her that your friend at main

1396

00:56:08,780 --> 00:56:06,750

house and just halo too much sure about

1397

00:56:10,460 --> 00:56:08,790

that cuz you used to call her on the

1398

00:56:12,710 --> 00:56:10,470

breakfast I used to call her once a week

1399

00:56:14,390 --> 00:56:12,720

and should give advice about vegetarian

1400

00:56:17,300 --> 00:56:14,400

food which is a seventh-day adventist

1401
00:56:19,160 --> 00:56:17,310
and should also give me advice on what

1402
00:56:20,300 --> 00:56:19,170
else oh yeah you got to be there at but

1403
00:56:21,859 --> 00:56:20,310
you could go to be married apparently

1404
00:56:23,330 --> 00:56:21,869
you know might my age not to be married

1405
00:56:25,940 --> 00:56:23,340
it's a really bad thing for a man or a

1406
00:56:27,560 --> 00:56:25,950
woman yeah and that was all those years

1407
00:56:28,730 --> 00:56:27,570
ago she said that may not all those

1408
00:56:30,170 --> 00:56:28,740
years ago I never thought I'd never

1409
00:56:32,660 --> 00:56:30,180
sworn in to her now and say you're still

1410
00:56:36,170 --> 00:56:32,670
not he's still not marriage is and I and

1411
00:56:37,730 --> 00:56:36,180
look and has been Fred passed away and a

1412
00:56:39,020 --> 00:56:37,740
few years later sheets you took up for a

1413
00:56:42,440 --> 00:56:39,030

while with a

1414

00:56:47,570 --> 00:56:42,450

called Rocky and now rocky used to be a

1415

00:56:51,860 --> 00:56:47,580

limo driver for the mob and an ex-boxer

1416

00:56:54,140 --> 00:56:51,870

and she has a very strong New Jersey

1417

00:56:56,870 --> 00:56:54,150

accent and she's fantastic and and and

1418

00:56:58,220 --> 00:56:56,880

you know and I think Fred might have had

1419

00:56:59,660 --> 00:56:58,230

a bit of dealings with you know with the

1420

00:57:02,360 --> 00:56:59,670

more I guess everyone has a new jersey

1421

00:57:03,830 --> 00:57:02,370

by the sound it is a and she's a

1422

00:57:05,480 --> 00:57:03,840

colorful character now she's getting on

1423

00:57:06,740 --> 00:57:05,490

news now but when you're over there give

1424

00:57:08,060 --> 00:57:06,750

her a ring and also when you're NOS

1425

00:57:09,920 --> 00:57:08,070

phagors if you could bring back some of

1426

00:57:11,990 --> 00:57:09,930

those really colorful cards that like

1427

00:57:13,640 --> 00:57:12,000

the rather flamboyant women tend to

1428

00:57:16,700 --> 00:57:13,650

leave on the strip seal and boy and

1429

00:57:18,560 --> 00:57:16,710

women yeah because they're just so funny

1430

00:57:21,170 --> 00:57:18,570

and they have the same sort of thing in

1431

00:57:22,760 --> 00:57:21,180

London telephone boxes as well these are

1432

00:57:25,610 --> 00:57:22,770

the strange women who were born with

1433

00:57:27,890 --> 00:57:25,620

stars instead of nipple apparently so

1434

00:57:31,190 --> 00:57:27,900

yeah and they seem to make their living

1435

00:57:32,560 --> 00:57:31,200

from dancing dancing yes yeah and and

1436

00:57:35,450 --> 00:57:32,570

they just have such funny colorful

1437

00:57:36,830 --> 00:57:35,460

flamboyant a very fine point I remember

1438

00:57:39,140 --> 00:57:36,840

the first time I was in Vegas staying at

1439

00:57:41,270 --> 00:57:39,150

the Flamingo the amazing meeting they

1440

00:57:45,860 --> 00:57:41,280

were everywhere on the streets you'd

1441

00:57:47,660 --> 00:57:45,870

find these car women both Richard was

1442

00:57:49,850 --> 00:57:47,670

looking it was for research purposes and

1443

00:57:51,110 --> 00:57:49,860

research episode but I must say staying

1444

00:57:52,550 --> 00:57:51,120

at the south point where we're going to

1445

00:57:54,440 --> 00:57:52,560

be staying which is away from the strip

1446

00:57:56,150 --> 00:57:54,450

I didn't I didn't see any but wait if we

1447

00:57:58,250 --> 00:57:56,160

go to the strip which we will to check

1448

00:58:02,450 --> 00:57:58,260

out Caesars Palace and although all that

1449

00:58:04,520 --> 00:58:02,460

stuff oh yeah oh yeah no I would expect

1450

00:58:05,300 --> 00:58:04,530

it at every conference and you like

1451
00:58:06,580 --> 00:58:05,310
you'll be in the middle of it now

1452
00:58:09,470 --> 00:58:06,590
because we're doing this in advance

1453
00:58:11,990 --> 00:58:09,480
there's always some sort of de fuffill

1454
00:58:13,340 --> 00:58:12,000
confusion or something going on was an

1455
00:58:15,470 --> 00:58:13,350
issue that comes up that wasn't

1456
00:58:16,700 --> 00:58:15,480
previously considered will it be is

1457
00:58:18,050 --> 00:58:16,710
there something that's going to find out

1458
00:58:19,160 --> 00:58:18,060
at Lee but we can't consider that now

1459
00:58:20,780 --> 00:58:19,170
because we don't know what it is oh I

1460
00:58:21,920 --> 00:58:20,790
know but what was it what happened last

1461
00:58:23,330 --> 00:58:21,930
time what was it the last one was the

1462
00:58:25,430 --> 00:58:23,340
one that was an unexpected yeah awful

1463
00:58:27,020 --> 00:58:25,440

there was there was a photograph a

1464

00:58:31,880 --> 00:58:27,030

controversial photograph in fact I

1465

00:58:34,490 --> 00:58:31,890

richardsaunders asleep under a table for

1466

00:58:37,010 --> 00:58:34,500

being interviewing somebody the best it

1467

00:58:38,960 --> 00:58:37,020

is I can find it i'll make sure that it

1468

00:58:41,630 --> 00:58:38,970

gets highlighted on flickr for people to

1469

00:58:43,880 --> 00:58:41,640

have a look at it is a picture of the

1470

00:58:45,350 --> 00:58:43,890

SGU team and i believe they're

1471

00:58:46,589 --> 00:58:45,360

interviewing Brian Dunning and in the

1472

00:58:48,329 --> 00:58:46,599

background of the picture

1473

00:58:52,979 --> 00:58:48,339

which is sort of snoring you there it is

1474

00:58:54,690 --> 00:58:52,989

there was a 380 Wow beautiful that is

1475

00:58:58,259 --> 00:58:54,700

gorgeous so I say that again with it no

1476

00:59:01,289 --> 00:58:58,269

no no we don't buzz enough for the a380

1477

00:59:05,509 --> 00:59:01,299

is just flying over in a Sydney please

1478

00:59:08,910 --> 00:59:05,519

don't be on it released on the outside

1479

00:59:10,650 --> 00:59:08,920

aerodynamically unsafe hang on time in

1480

00:59:12,029 --> 00:59:10,660

fact I just want to document be this

1481

00:59:16,349 --> 00:59:12,039

afternoon about how they make the wing

1482

00:59:17,579 --> 00:59:16,359

for the a380 yeah it was it was the

1483

00:59:19,349 --> 00:59:17,589

obvious one of these I'm you know how

1484

00:59:20,789 --> 00:59:19,359

things made and it was just and they

1485

00:59:23,400 --> 00:59:20,799

just showed them making it the wing and

1486

00:59:26,729 --> 00:59:23,410

I was I was amazed that it was 24 hours

1487

00:59:28,229 --> 00:59:26,739

just to make the aluminium outside body

1488

00:59:29,910 --> 00:59:28,239

for the wing without putting anything in

1489

00:59:32,579 --> 00:59:29,920

it and then they had the guy whose job

1490

00:59:34,319 --> 00:59:32,589

it was and this is a true job to once

1491

00:59:36,779 --> 00:59:34,329

the wing is completely assembled he has

1492

00:59:39,150 --> 00:59:36,789

to walk backwards for two miles or our

1493

00:59:41,190 --> 00:59:39,160

control unit that controls the cart the

1494

00:59:42,930 --> 00:59:41,200

huge cart that carries the wing where

1495

00:59:44,609 --> 00:59:42,940

it's going to be taken so his job is to

1496

00:59:46,289 --> 00:59:44,619

walk backwards a ruler of our control

1497

00:59:47,789 --> 00:59:46,299

and look if I was interviewing in the

1498

00:59:50,880 --> 00:59:47,799

first question would have been okay how

1499

00:59:52,229 --> 00:59:50,890

many times you fall now because if

1500

00:59:53,640 --> 00:59:52,239

you've got a couple of million dollar

1501
00:59:55,259 --> 00:59:53,650
wing in front of you you're not really

1502
00:59:57,539 --> 00:59:55,269
going to look behind you just in case

1503
00:59:59,489 --> 00:59:57,549
you drive Ewing off this one into a tree

1504
01:00:02,099 --> 00:59:59,499
or something gonna be very careful but

1505
01:00:04,049 --> 01:00:02,109
that video here so just think both those

1506
01:00:06,779 --> 01:00:04,059
wings some guy had to walk back to get

1507
01:00:09,029 --> 01:00:06,789
on a truck things you land on the

1508
01:00:11,160 --> 01:00:09,039
skeptic phone Oh Miley has to just

1509
01:00:13,349 --> 01:00:11,170
finish a story and Allah knows it

1510
01:00:16,829 --> 01:00:13,359
Richard Richard I was asleep and he

1511
01:00:19,559 --> 01:00:16,839
embarrassed us all there yet my excuse

1512
01:00:22,620 --> 01:00:19,569
and as the traveler knows my excuses

1513
01:00:24,329 --> 01:00:22,630

invalid one I had jet lag but it was

1514

01:00:27,299 --> 01:00:24,339

horrible it was so beautiful the way

1515

01:00:28,469 --> 01:00:27,309

that was a photo of SGU in full

1516

01:00:30,620 --> 01:00:28,479

interview mode and then in the

1517

01:00:33,569 --> 01:00:30,630

background you just call this dribbling

1518

01:00:35,789 --> 01:00:33,579

dribbling head sort of falling over

1519

01:00:38,609 --> 01:00:35,799

Richard Saunders was was that the one

1520

01:00:39,930 --> 01:00:38,619

where Rebecca got married no that's

1521

01:00:41,729 --> 01:00:39,940

actually the year before where I fell

1522

01:00:42,989 --> 01:00:41,739

asleep with jet lag okay but you fell

1523

01:00:44,459 --> 01:00:42,999

asleep during our wedding as well in it

1524

01:00:46,749 --> 01:00:44,469

I pro I fall asleep all the time over

1525

01:00:48,950 --> 01:00:46,759

there cuz

1526

01:00:52,039 --> 01:00:48,960

what is that guy from Australia on them

1527

01:00:53,690 --> 01:00:52,049

only thinking he's so sleepy and i have

1528

01:00:56,289 --> 01:00:53,700

a photo of you asleep on matrice

1529

01:00:59,809 --> 01:00:56,299

shoulder at the dragoncon d dragon yes

1530

01:01:01,970 --> 01:00:59,819

as well oh yeah completely yeah yeah

1531

01:01:04,160 --> 01:01:01,980

you're really cute George her up that's

1532

01:01:07,390 --> 01:01:04,170

right yeah he's rubbing his face and

1533

01:01:09,470 --> 01:01:07,400

shine there ladies and gentlemen oh and

1534

01:01:10,519 --> 01:01:09,480

we have a big announcement to make it

1535

01:01:13,240 --> 01:01:10,529

because there's something been missing

1536

01:01:15,740 --> 01:01:13,250

from my life for many years now that

1537

01:01:18,109 --> 01:01:15,750

apparently you've found um I did an

1538

01:01:19,759 --> 01:01:18,119

interview with someone who I think

1539

01:01:21,259 --> 01:01:19,769

everybody listening would be interested

1540

01:01:22,460 --> 01:01:21,269

in I mean look it might not be a great

1541

01:01:23,269 --> 01:01:22,470

interview but they would certainly be

1542

01:01:26,839 --> 01:01:23,279

interested in the person I was talking

1543

01:01:28,609 --> 01:01:26,849

to I used to record bits of main art

1544

01:01:30,019 --> 01:01:28,619

show because main art show is very

1545

01:01:31,640 --> 01:01:30,029

important to me as a young teenager it

1546

01:01:33,680 --> 01:01:31,650

was pretty much the only decent

1547

01:01:35,480 --> 01:01:33,690

introduction to music and different

1548

01:01:37,970 --> 01:01:35,490

ideas across Australia they used to get

1549

01:01:39,470 --> 01:01:37,980

you and Richard Kingsmill show and a

1550

01:01:41,749 --> 01:01:39,480

variety of other people I was absolutely

1551

01:01:44,960 --> 01:01:41,759

devastated when the airplane came past

1552

01:01:47,359 --> 01:01:44,970

like a large juggernaut sweat my way

1553

01:01:50,839 --> 01:01:47,369

swift away the DJ so that I really

1554

01:01:52,940 --> 01:01:50,849

enjoyable and interesting if you have a

1555

01:01:54,529 --> 01:01:52,950

bit of background she's describing the

1556

01:01:57,140 --> 01:01:54,539

the early triple j network across

1557

01:01:58,609 --> 01:01:57,150

Australia which was it is very hard to

1558

01:02:00,740 --> 01:01:58,619

compare to other networks

1559

01:02:04,700 --> 01:02:00,750

internationally it's not it's not like

1560

01:02:06,499 --> 01:02:04,710

Radio one even the BBC no it's more it's

1561

01:02:08,749 --> 01:02:06,509

not like a big college radio station now

1562

01:02:09,799 --> 01:02:08,759

it's better organized than that yeah it

1563

01:02:11,359 --> 01:02:09,809

is probably when I'm on the best

1564

01:02:12,769 --> 01:02:11,369

registrations at the universe's for sure

1565

01:02:15,200 --> 01:02:12,779

if introduced and get new stuff because

1566

01:02:19,430 --> 01:02:15,210

at that time and get this list now there

1567

01:02:21,230 --> 01:02:19,440

was no playlist I would turn up perhaps

1568

01:02:22,279 --> 01:02:21,240

during either towards the end I was here

1569

01:02:23,930 --> 01:02:22,289

they were introduced to playlist where

1570

01:02:26,720 --> 01:02:23,940

you had to play maybe two songs an hour

1571

01:02:29,299 --> 01:02:26,730

but for my 89 years I spent a triple j

1572

01:02:31,519 --> 01:02:29,309

there was no playlist so I would turn up

1573

01:02:32,900 --> 01:02:31,529

and basically what I brought in my boxer

1574

01:02:35,180 --> 01:02:32,910

I could find in the wonderful dribbled a

1575

01:02:36,920 --> 01:02:35,190

library I could play for three hours so

1576

01:02:41,089 --> 01:02:36,930

you could play Herb Alpert if you wanted

1577

01:02:42,650 --> 01:02:41,099

to and I did he does it looked at the

1578

01:02:44,480 --> 01:02:42,660

whipped cream album and of the lights

1579

01:02:46,730 --> 01:02:44,490

came up many times I mean basically you

1580

01:02:49,039 --> 01:02:46,740

know that it was during a time when when

1581

01:02:50,930 --> 01:02:49,049

when retro is in some way a little bit

1582

01:02:52,579 --> 01:02:50,940

news so we had move a dag Sam going so

1583

01:02:55,910 --> 01:02:52,589

yeah got my x morning on work on a bit

1584

01:02:57,289 --> 01:02:55,920

of Casey inside or ever or something

1585

01:03:00,680 --> 01:02:57,299

like that and I think it was probably

1586

01:03:02,150 --> 01:03:00,690

the only time i think in anywhere in the

1587

01:03:03,890 --> 01:03:02,160

history of this planet that you probably

1588

01:03:05,630 --> 01:03:03,900

would have heard the smiths next to

1589

01:03:07,039 --> 01:03:05,640

Carly mando absolutely I don't think you

1590

01:03:08,269 --> 01:03:07,049

would have paid and yeah and I was

1591

01:03:10,579 --> 01:03:08,279

probably under play that kind of thing

1592

01:03:11,930 --> 01:03:10,589

cuz you know again I think some radio

1593

01:03:13,640 --> 01:03:11,940

stations to play music should be like

1594

01:03:15,289 --> 01:03:13,650

podcasts it's where that you start

1595

01:03:16,670 --> 01:03:15,299

thinking about your music and stuff you

1596

01:03:17,870 --> 01:03:16,680

don't just blindly accept what they're

1597

01:03:19,370 --> 01:03:17,880

playing as being their stuff it just

1598

01:03:21,140 --> 01:03:19,380

makes you think about what you like a

1599

01:03:22,519 --> 01:03:21,150

bit more yeah it was it was fabulous but

1600

01:03:24,650 --> 01:03:22,529

this is the interview that this person

1601

01:03:26,390 --> 01:03:24,660

is this person I had on this morning at

1602

01:03:27,499 --> 01:03:26,400

very special and this reflected the kind

1603

01:03:29,960 --> 01:03:27,509

of range that you had because you did

1604

01:03:31,190 --> 01:03:29,970

have all sorts of people coming in and I

1605

01:03:33,049 --> 01:03:31,200

used to love the comedians and the

1606

01:03:35,150 --> 01:03:33,059

writers in particular and you had

1607

01:03:37,700 --> 01:03:35,160

douglas adams and one of the things I

1608

01:03:40,579 --> 01:03:37,710

used to do was record occasional shows

1609

01:03:41,870 --> 01:03:40,589

of yours I often like hit record just as

1610

01:03:43,099 --> 01:03:41,880

I was running off to school so I'd come

1611

01:03:44,839 --> 01:03:43,109

home and listen to the second half of

1612

01:03:46,609 --> 01:03:44,849

the interview or whatever so I wouldn't

1613

01:03:49,069 --> 01:03:46,619

miss the whole show and I've got on a

1614

01:03:50,660 --> 01:03:49,079

tape from 1990 i think was in april of

1615

01:03:53,329 --> 01:03:50,670

douglas adams have you got the whole

1616

01:03:55,160 --> 01:03:53,339

interview family if i do wow i believe i

1617

01:03:56,839 --> 01:03:55,170

do i'm going to find out and see look

1618

01:03:58,370 --> 01:03:56,849

and this interests me because i do have

1619

01:03:59,660 --> 01:03:58,380

this on reel-to-reel tape broadcast

1620

01:04:02,089 --> 01:03:59,670

quality somewhere but it's in my own

1621

01:04:03,859 --> 01:04:02,099

bedroom at my mom's place where every

1622

01:04:05,960 --> 01:04:03,869

other tape that I made believe you me i

1623

01:04:07,279 --> 01:04:05,970

keep i do not throw anything away under

1624

01:04:10,039 --> 01:04:07,289

the problem is it's all organized so i

1625

01:04:11,690 --> 01:04:10,049

can find it but yes douglas adams he was

1626

01:04:13,339 --> 01:04:11,700

making his last chance to see

1627

01:04:14,839 --> 01:04:13,349

documentary he missed rally at the time

1628

01:04:19,130 --> 01:04:14,849

which I believe stephen Fry's just

1629

01:04:21,620 --> 01:04:19,140

retraced his steps yeah yes and uh and I

1630

01:04:23,180 --> 01:04:21,630

could course I've with the book on hood

1631

01:04:25,039 --> 01:04:23,190

the radio showing everything but it's a

1632

01:04:26,749 --> 01:04:25,049

good example of doing an interview where

1633

01:04:28,970 --> 01:04:26,759

you don't over prepare for it but the

1634

01:04:30,950 --> 01:04:28,980

one thing i do remember very clearly was

1635

01:04:32,450 --> 01:04:30,960

that at that time or shortly before then

1636

01:04:35,569 --> 01:04:32,460

they've been a hitchhiker's guide to the

1637

01:04:36,710 --> 01:04:35,579

galaxy game released on a cd-rom now of

1638

01:04:38,900 --> 01:04:36,720

course i didn't have a computer back

1639

01:04:42,319 --> 01:04:38,910

then but it was got that but it was a

1640

01:04:44,539 --> 01:04:42,329

line command game i know that there was

1641

01:04:46,220 --> 01:04:44,549

no graphic user interface for it you

1642

01:04:48,259 --> 01:04:46,230

guys equate online you can find it on

1643

01:04:50,299 --> 01:04:48,269

the stone line and here's the one tip

1644

01:04:51,859 --> 01:04:50,309

that Douglas Adams gave me if you are

1645

01:04:55,099 --> 01:04:51,869

going to play that game if you want to

1646

01:04:56,870 --> 01:04:55,109

win it when before your house gets

1647

01:04:59,539 --> 01:04:56,880

demolished and you get taken away by the

1648

01:05:00,890 --> 01:04:59,549

Vogon and destructively before you leave

1649

01:05:03,440 --> 01:05:00,900

their house don't

1650

01:05:05,570 --> 01:05:03,450

forget to take the junk mail with you

1651

01:05:08,210 --> 01:05:05,580

now it's a very small item but if you

1652

01:05:10,910 --> 01:05:08,220

don't take that junk mail with you it is

1653

01:05:13,190 --> 01:05:10,920

used later in the game to distract some

1654

01:05:15,260 --> 01:05:13,200

poetry reading or there's some aliens

1655

01:05:16,670 --> 01:05:15,270

that it's used to distract the Vogons

1656

01:05:18,830 --> 01:05:16,680

later from reading their poetry to you

1657

01:05:20,300 --> 01:05:18,840

say and if you don't do that you can't

1658

01:05:22,280 --> 01:05:20,310

get to the next step in the game and in

1659

01:05:23,780 --> 01:05:22,290

fact in the same show I believe you said

1660

01:05:26,780 --> 01:05:23,790

that he tried to trick with another game

1661

01:05:29,150 --> 01:05:26,790

he was the creator of the plot for the

1662

01:05:30,920 --> 01:05:29,160

computer game labyrinth which is all

1663

01:05:33,770 --> 01:05:30,930

those Jim Henson and David Bowie fans

1664

01:05:35,090 --> 01:05:33,780

out there no it's fabulous film which

1665

01:05:37,610 --> 01:05:35,100

starred jennifer connelly when she was a

1666

01:05:40,160 --> 01:05:37,620

young lass in that he did exactly the

1667

01:05:41,750 --> 01:05:40,170

same thing where if you fail to take I

1668

01:05:44,960 --> 01:05:41,760

think it was the quarters of the coins

1669

01:05:46,850 --> 01:05:44,970

or no it was a plank of wood if you fail

1670

01:05:49,460 --> 01:05:46,860

to take a plank of wood from the very

1671

01:05:51,140 --> 01:05:49,470

beginning of the game you messed up the

1672

01:05:52,940 --> 01:05:51,150

rest of the game so he was a very cheeky

1673

01:05:54,230 --> 01:05:52,950

fellow depakote making sure you and the

1674

01:05:55,730 --> 01:05:54,240

only of the game I know he was attached

1675

01:05:57,830 --> 01:05:55,740

to and I know this because every time

1676

01:05:59,990 --> 01:05:57,840

you go to the Manning bar in Sydney to

1677

01:06:02,450 --> 01:06:00,000

see a band you'll see to the right side

1678

01:06:05,360 --> 01:06:02,460

of the stage an enormous 12-foot poster

1679

01:06:07,370 --> 01:06:05,370

of starship titanic yes that he in fact

1680

01:06:09,350 --> 01:06:07,380

at was involved with witness members of

1681

01:06:12,770 --> 01:06:09,360

monty python as well and it's got his

1682

01:06:15,620 --> 01:06:12,780

huge signature across it and it's bolted

1683

01:06:16,850 --> 01:06:15,630

down and it's under glass they know what

1684

01:06:18,980 --> 01:06:16,860

they know what uni students are like

1685

01:06:20,360 --> 01:06:18,990

it's not going anywhere but it's well

1686

01:06:22,250 --> 01:06:20,370

worth go and have a look at his shoes

1687

01:06:24,800 --> 01:06:22,260

signature and he's got the small he

1688

01:06:26,570 --> 01:06:24,810

actually signed a photo to me I said to

1689

01:06:30,980 --> 01:06:26,580

main and a very unusual way to wake up

1690

01:06:32,810 --> 01:06:30,990

and any time I'm feeling down I look at

1691

01:06:35,390 --> 01:06:32,820

that and to know that I'm a Douglas

1692

01:06:37,010 --> 01:06:35,400

Adams feel unusual even for micro second

1693

01:06:39,200 --> 01:06:37,020

means I've succeeded on this planet oh

1694

01:06:40,760 --> 01:06:39,210

it was it was a great interview and the

1695

01:06:42,530 --> 01:06:40,770

people who find in had questions from

1696

01:06:44,360 --> 01:06:42,540

all over and look and if I ever find

1697

01:06:46,910 --> 01:06:44,370

that I and if you can get that to me

1698

01:06:48,230 --> 01:06:46,920

that that will be transcribed next now

1699

01:06:50,720 --> 01:06:48,240

I've actually turn that into an audio

1700

01:06:53,670 --> 01:06:50,730

podcast and I'll sound incredibly young

1701

01:06:57,730 --> 01:06:56,799

Douglas will sound like he's just gotten

1702

01:07:00,520 --> 01:06:57,740

up and doesn't know what the hell he's

1703

01:07:02,289 --> 01:07:00,530

going off into and I do remember he

1704

01:07:03,670 --> 01:07:02,299

actually did request midnight oil that

1705

01:07:06,520 --> 01:07:03,680

was his a favorite Australian band at

1706

01:07:08,349 --> 01:07:06,530

the time yeah so there you go the

1707

01:07:09,849 --> 01:07:08,359

episode that's that's mine that's a

1708

01:07:11,260 --> 01:07:09,859

closed oval ever got to anyone with a

1709

01:07:14,079 --> 01:07:11,270

brain the size of a spaceship I think

1710

01:07:17,109 --> 01:07:14,089

purple compositions of a planet mmm

1711

01:07:18,609 --> 01:07:17,119

marvin the paranoid and yes so thank you

1712

01:07:20,260 --> 01:07:18,619

for being you could get that tape will

1713

01:07:21,849 --> 01:07:20,270

make sure like that and that's Maynard

1714

01:07:23,380 --> 01:07:21,859

condo you if you want to check out other

1715

01:07:24,460 --> 01:07:23,390

stuff like that or you just want to tell

1716

01:07:26,200 --> 01:07:24,470

me to stop listen to stuff like no

1717

01:07:28,120 --> 01:07:26,210

agenda but I won't because I have it I

1718

01:07:29,620 --> 01:07:28,130

know the truth is there I know that John

1719

01:07:33,099 --> 01:07:29,630

and Adam are going to save something I'm

1720

01:07:34,990 --> 01:07:33,109

not oh yes I just don't say before we

1721

01:07:36,370 --> 01:07:35,000

wrap it up Charlie I noticed that you

1722

01:07:38,920 --> 01:07:36,380

have a URL you'd like to give up their

1723

01:07:40,390 --> 01:07:38,930

way back earlier in this I mentioned the

1724

01:07:41,950 --> 01:07:40,400

telephone Institute for Child Health

1725

01:07:44,319 --> 01:07:41,960

Research and if you'd like to find out

1726

01:07:46,210 --> 01:07:44,329

more information about the lecture that

1727

01:07:50,319 --> 01:07:46,220

was given by dr. Fiona Stanley and the

1728

01:07:52,779 --> 01:07:50,329

other people involved head to WWE Health

1729

01:07:54,309 --> 01:07:52,789

Research Comte you and they have

1730

01:07:56,620 --> 01:07:54,319

information they pass it on to people

1731

01:07:59,109 --> 01:07:56,630

who really need to know it because I

1732

01:08:00,400 --> 01:07:59,119

know that there's a lot of people on the

1733

01:08:01,779 --> 01:08:00,410

on the edge on the verge they're

1734

01:08:03,910 --> 01:08:01,789

questioning they want to find out more

1735

01:08:05,980 --> 01:08:03,920

information and we can't just let the

1736

01:08:08,079 --> 01:08:05,990

avian run roughshod over everything

1737

01:08:10,150 --> 01:08:08,089

don't let me follow them on Twitter as

1738

01:08:11,440 --> 01:08:10,160

welcome you stay telethon institute yeah

1739

01:08:12,670 --> 01:08:11,450

they've been very kind and they said we

1740

01:08:15,339 --> 01:08:12,680

can use some of the audio from the

1741

01:08:16,990 --> 01:08:15,349

lecture that we went hopefully all right

1742

01:08:18,490 --> 01:08:17,000

well dr. H I think it's time that you

1743

01:08:20,289 --> 01:08:18,500

and I jump into our time machine and

1744

01:08:23,019 --> 01:08:20,299

head back to the future where we're at

1745

01:08:25,720 --> 01:08:23,029

Las Vegas yeah let's do that each of

1746

01:08:28,660 --> 01:08:25,730

minus 16 hours by the way yeah that's

1747

01:08:31,059 --> 01:08:28,670

not skinny to that my breakfast at the

1748

01:08:35,070 --> 01:08:31,069

same time in two different places we get

1749

01:08:37,870 --> 01:08:35,080

i get to Tuesday's next week and no no

1750

01:08:39,849 --> 01:08:37,880

wednesday the wake up some pierre that

1751

01:08:41,919 --> 01:08:39,859

is pretty crazy so but in the meantime

1752

01:08:43,240 --> 01:08:41,929

I'd certainly like to think may not for

1753

01:08:44,950 --> 01:08:43,250

coming along once again thank you me

1754

01:08:46,329 --> 01:08:44,960

it's my pleasure to be here and I think

1755

01:08:47,620 --> 01:08:46,339

you are both going to come back change

1756

01:08:50,480 --> 01:08:47,630

people but it cliff definitely few have

1757

01:08:53,180 --> 01:08:50,490

to share a room at Brian darling again

1758

01:08:55,340 --> 01:08:53,190

kind of the best oh I can do Hillary's

1759

01:08:58,640 --> 01:08:55,350

actually can I just say he tweeted today

1760

01:09:04,070 --> 01:08:58,650

oh maybe I should book my room for Tam

1761

01:09:06,650 --> 01:09:04,080

Vegas I saw that it starts unfinished

1762

01:09:08,450 --> 01:09:06,660

job I him sleep on her table yeah boy

1763

01:09:11,510 --> 01:09:08,460

casino he won't have any trouble getting

1764

01:09:13,880 --> 01:09:11,520

her back and I like is that the pizza

1765

01:09:15,800 --> 01:09:13,890

yeah oh wow that's good timing and I'd

1766

01:09:18,080 --> 01:09:15,810

like to thank kind of a picture

1767

01:09:20,420 --> 01:09:18,090

announcement and an underpaid minimum

1768

01:09:25,640 --> 01:09:20,430

wage person is the livings delivering

1769

01:09:27,410 --> 01:09:25,650

some suspect equipment why Rachel runs

1770

01:09:29,300 --> 01:09:27,420

out the door to answer the pizza answer

1771

01:09:31,640 --> 01:09:29,310

the pizza what's the question is the

1772

01:09:34,400 --> 01:09:31,650

question we say thank you too Kylie

1773

01:09:36,710 --> 01:09:34,410

Sturgis you're very welcome Ali your

1774

01:09:38,570 --> 01:09:36,720

podcast just to wrap things up is going

1775

01:09:41,180 --> 01:09:38,580

very well it's it's going extremely well

1776

01:09:43,310 --> 01:09:41,190

the tokens unity token skeptic at token

1777

01:09:45,080 --> 01:09:43,320

skeptical and now you're getting a lot

1778

01:09:47,870 --> 01:09:45,090

of listeners which is fabulous do to

1779

01:09:49,730 --> 01:09:47,880

find out about so here the pizzas

1780

01:09:52,760 --> 01:09:49,740

they've arrived on the townhouse so I

1781

01:09:56,990 --> 01:09:52,770

say cheers everybody and see you use a

1782

01:10:35,960 --> 01:09:57,000

clicking effective glasses this podcast

1783

01:10:39,410 --> 01:10:37,850

thank you for listening to the skeptic

1784

01:10:43,370 --> 01:10:39,420

zone we're still a mess nice Hawaiian

1785

01:10:45,530 --> 01:10:43,380

the restaurant after town and coming up

1786

01:10:47,780 --> 01:10:45,540

the next all over the next couple of

1787

01:10:50,690 --> 01:10:47,790

months dr. H eat lots of interviews I

1788

01:10:52,040 --> 01:10:50,700

got some fantastic stuff can i yeah this

1789

01:10:56,630 --> 01:10:52,050

is a preview of what we've got coming up

1790

01:10:57,920 --> 01:10:56,640

okay so i've got i got Simon sting I've

1791

01:11:00,520 --> 01:10:57,930

got half an hour with Simon seeing

1792

01:11:02,990 --> 01:11:00,530

telling us about the latest with the BCA

1793

01:11:05,420 --> 01:11:03,000

chiropractic fallout got a full plate

1794

01:11:08,650 --> 01:11:05,430

we've got Ben Radford talking about

1795

01:11:11,660 --> 01:11:08,660

chicka chicka coppers and other

1796

01:11:14,540 --> 01:11:11,670

cryptozoology I've got Bruce we're just

1797

01:11:17,720 --> 01:11:14,550

talking about the dowsing divining rods

1798

01:11:19,760 --> 01:11:17,730

in Afghanistan and Iraq banner checks

1799

01:11:23,990 --> 01:11:19,770

coming out a check with God captain

1800

01:11:26,870 --> 01:11:24,000

disillusion mr. Daisy yesterday t look

1801
01:11:29,510 --> 01:11:26,880
listeners it goes on I'm an odd so much

1802
01:11:31,040 --> 01:11:29,520
that way all right well I think will let

1803
01:11:34,010 --> 01:11:31,050
our listeners now relax and go to bed

1804
01:11:36,410 --> 01:11:34,020
and we'll catch up with you next week so

1805
01:11:38,270 --> 01:11:36,420
for now this is Richard Saunders and dr.

1806
01:11:42,840 --> 01:11:38,280
ray j signing off in from Las Vegas

1807
01:11:48,870 --> 01:11:44,850
you've been listening to the skeptic

1808
01:11:52,650 --> 01:11:48,880
zone visit her website at www.skeptics

1809
01:11:58,400 --> 01:11:52,660
on TV the comments contacts and extra

1810
01:11:58,410 --> 01:12:07,240
me
