welcome to the skeptic zone the podcast

3  
00:00:25,120 --> 00:00:22,620

[Music]

4  
00:00:29,979 --> 00:00:25,130

yes it's the skeptics own podcast

5  
00:00:35,170 --> 00:00:29,989

episode number 525 for the 11th of the

6  
00:00:37,869 --> 00:00:35,180

11th 18 of course 100 years ago since as

7  
00:00:42,640 --> 00:00:37,879

they say the guns fell silent on the

8  
00:00:45,399 --> 00:00:42,650

Western Front but coming up this week on

9  
00:00:47,110 --> 00:00:45,409

the skeptics on podcast many things many

10  
00:00:49,630 --> 00:00:47,120

things were going to kick off with the

11  
00:00:52,420 --> 00:00:49,640

report from the paranormal and spiritual

12  
00:00:54,850 --> 00:00:52,430

Expo held just last weekend here at KU

13  
00:00:56,920 --> 00:00:54,860

Shula which is just outside of Sydney

14

00:00:58,960 --> 00:00:56,930

may not deny jumped into the sceptic

15

00:01:01,060 --> 00:00:58,970

zone 'mobile and traveled out there and

16

00:01:03,759 --> 00:01:01,070

I think you'll find this series of

17

00:01:05,079 --> 00:01:03,769

interviews very interesting now some of

18

00:01:06,820 --> 00:01:05,089

you may be familiar with the wonderful

19

00:01:09,760 --> 00:01:06,830

series by Michael Marshall called be

20

00:01:11,950 --> 00:01:09,770

reasonable where Marsh has on his show

21

00:01:14,649 --> 00:01:11,960

people who believe in this that or the

22

00:01:18,060 --> 00:01:14,659

other and his policy is to let them

23

00:01:20,710 --> 00:01:18,070

speak let them put their case and we

24

00:01:23,770 --> 00:01:20,720

with a more scientific and reasonable

25

00:01:25,570 --> 00:01:23,780

outlook we dare say can learn an awful

26

00:01:28,140 --> 00:01:25,580

lot well this is the attitude may not

27

00:01:32,440 --> 00:01:28,150

take so you'll hear people talking about

28

00:01:36,550 --> 00:01:32,450

things that in their minds are quite

29

00:01:39,640 --> 00:01:36,560

real UFOs and by that I mean obviously

30

00:01:41,910 --> 00:01:39,650

aliens coming to see us say hello things

31

00:01:46,350 --> 00:01:41,920

like the ghost-detecting equipment

32

00:01:51,030 --> 00:01:46,360

really does work has claimed and

33

00:01:54,490 --> 00:01:51,040

crystals have magical energies an

34

00:01:56,649 --> 00:01:54,500

insight into the mind of the believer

35

00:01:58,360 --> 00:01:56,659

coming up with main art at the top of

36

00:02:00,370 --> 00:01:58,370

the show following that it's my

37

00:02:02,770 --> 00:02:00,380

interview with Massimo Polidoro from

38

00:02:05,649 --> 00:02:02,780

Italy Massimo I've known Massimo for a

39

00:02:08,350 --> 00:02:05,659

long time he was many years ago an

40

00:02:10,449 --> 00:02:08,360

apprentice to James Randi and learning

41

00:02:12,160 --> 00:02:10,459

his craft of not only some magic but

42

00:02:15,070 --> 00:02:12,170

investigating the paranormal the

43

00:02:17,949 --> 00:02:15,080

supernatural and claims thereof I chat

44

00:02:21,100 --> 00:02:17,959

to Massimo about his latest video series

45

00:02:23,320 --> 00:02:21,110

youtube series stranger stories where

46

00:02:26,679 --> 00:02:23,330

each fortnight massimo will explain a

47

00:02:30,550 --> 00:02:26,689

psychic investigation or look at a new

48

00:02:32,470 --> 00:02:30,560

and interesting paranormal investigation

49

00:02:34,510 --> 00:02:32,480

things of this nature stranger stories

50

00:02:36,730 --> 00:02:34,520

00:02:42,700 --> 00:02:40,880  
back to skeptic on held a couple of

54  
00:02:45,460 --> 00:02:42,710  
weeks ago here in Sydney Australia where

55  
00:02:47,550 --> 00:02:45,470  
main our chats to mal vicars now some

56  
00:02:50,200 --> 00:02:47,560  
months ago on the sceptic zone mal

57  
00:02:54,130 --> 00:02:50,210  
Vickers put out a call for help

58  
00:02:55,750 --> 00:02:54,140

successful that was we also have the

62  
00:03:06,580 --> 00:03:02,870  
final part of maynard's interviews with

63  
00:03:08,710 --> 00:03:06,590

Yvette dawn from all the side baby now

64

00:03:11,979 --> 00:03:08,720

if it will be talking about William

65

00:03:14,140 --> 00:03:11,989

Shatner what a good idea always a good

66

00:03:17,620 --> 00:03:14,150

time to talk about William Shatner not

67

00:03:20,260 --> 00:03:17,630

getting sued and a possible new job and

68

00:03:22,000 --> 00:03:20,270

if that's not enough may not also talks

69

00:03:26,710 --> 00:03:22,010

to the wonderfully interesting

70

00:03:29,890 --> 00:03:26,720

astronomer Kirsten banks and the extra

71

00:03:32,470 --> 00:03:29,900

wonderful astronomer dr. Pamela gay and

72

00:03:34,180 --> 00:03:32,480

an extra big congratulations to Kirsten

73

00:03:37,090 --> 00:03:34,190

banks who I noticed just in the last

74

00:03:39,759 --> 00:03:37,100

week graduated in physics from the

75

00:03:41,170 --> 00:03:39,769

University of New South Wales I think

76  
00:03:43,420 --> 00:03:41,180  
you'll need a big cup of coffee to get

77  
00:03:45,370 --> 00:03:43,430  
through this week's show stay tuned at

78  
00:03:48,190 --> 00:03:45,380  
the info some more announcements from me

79  
00:03:51,009 --> 00:03:48,200  
but for now for now it's time for me to

80  
00:03:52,479 --> 00:03:51,019  
run downstairs look in the fridge and

81  
00:03:56,380 --> 00:03:52,489  
see if there's some leftovers from the

82  
00:04:01,390 --> 00:03:56,390  
other night where I made some chicken in

83  
00:04:03,610 --> 00:04:01,400  
a source of was a bit of teriyaki but a

84  
00:04:07,000 --> 00:04:03,620  
soy sauce a bit of hot English mustard

85  
00:04:08,789 --> 00:04:07,010  
and wasabi all mixed up not to be

86  
00:04:11,560 --> 00:04:08,799  
overpowering just to your flavor

87  
00:04:13,390 --> 00:04:11,570  
marinated the chicken in that put them

88  
00:04:15,400 --> 00:04:13,400

all together mmm I wonder if there's

89

00:04:17,960 --> 00:04:15,410

some leftovers well I check that out I

90

00:04:36,530 --> 00:04:17,970

hope you enjoy the skeptic zone

91

00:04:46,830 --> 00:04:42,860

[Music]

92

00:04:51,720 --> 00:04:46,840

that's some spooky tones there but right

93

00:04:53,780 --> 00:04:51,730

now I'm in the mmm it's a bit like you

94

00:04:56,310 --> 00:04:53,790

know how the scooby-doo they have the

95

00:04:58,410 --> 00:04:56,320

the ghost 'mobile what's the thing they

96

00:05:00,360 --> 00:04:58,420

have I can't remember listeners might

97

00:05:03,240 --> 00:05:00,370

remember well it's a half-decent van

98

00:05:06,150 --> 00:05:03,250

they get around in and the Mystery

99

00:05:08,430 --> 00:05:06,160

Machine we've got the nothing going

100

00:05:12,000 --> 00:05:08,440

nothing to see here machine we drive

101  
00:05:13,740 --> 00:05:12,010  
past and people go what it's the who are

102  
00:05:16,830 --> 00:05:13,750  
they of the who's who it's a who's who

103  
00:05:19,800 --> 00:05:16,840  
of who's that today we'll be going to

104  
00:05:21,300 --> 00:05:19,810  
the paranormal that exhibition that

105  
00:05:22,440 --> 00:05:21,310  
Richard has the correct name what is the

106  
00:05:25,700 --> 00:05:22,450  
correct name of where we're going

107  
00:05:27,930 --> 00:05:25,710  
paranormal and spiritual expert Casula

108  
00:05:29,550 --> 00:05:27,940  
right well author of this master in

109  
00:05:30,720 --> 00:05:29,560  
command on the far side of the world but

110  
00:05:33,540 --> 00:05:30,730  
we're going to where real people live

111  
00:05:35,280 --> 00:05:33,550  
now and it's we've been here a few times

112  
00:05:37,740 --> 00:05:35,290  
always good stuff happening there

113  
00:05:42,210 --> 00:05:37,750

there's a lot of ghost hunters there

114

00:05:44,750 --> 00:05:42,220

have been some western sydney UFO people

115

00:05:47,070 --> 00:05:44,760

perform but we're hoping to get that and

116

00:05:49,230 --> 00:05:47,080

blum when were you there last richard a

117

00:05:50,730 --> 00:05:49,240

year ago in fact here ago and the year

118

00:05:55,740 --> 00:05:50,740

before that in the year before that and

119

00:05:58,020 --> 00:05:55,750

the last time we picked up I picked up a

120

00:06:01,380 --> 00:05:58,030

little alien playing a guitar which

121

00:06:04,260 --> 00:06:01,390

might which my cat subsequently attacked

122

00:06:06,390 --> 00:06:04,270

but yes and you want to have a guess

123

00:06:08,760 --> 00:06:06,400

we're gonna try and try your psychic

124

00:06:10,260 --> 00:06:08,770

powers as to how many psychics will be

125

00:06:12,330 --> 00:06:10,270

doing a reading in the psychic room

126

00:06:14,250 --> 00:06:12,340

because you know people line up and they

127

00:06:15,810 --> 00:06:14,260

ask to see what's going on there's a

128

00:06:17,430 --> 00:06:15,820

whole bunch of them at tables how many

129

00:06:19,530 --> 00:06:17,440

this time you I have to take a guess at

130

00:06:22,629 --> 00:06:19,540

my psychic ability based on previous

131

00:06:24,700 --> 00:06:22,639

experience tells me about eight

132

00:06:27,040 --> 00:06:24,710

when I was there last time I had more

133

00:06:29,080 --> 00:06:27,050

than that and there's always been a lot

134

00:06:30,939 --> 00:06:29,090

of ghost hunters around up to this point

135

00:06:32,769 --> 00:06:30,949

and a lot of people would crystals which

136

00:06:34,149 --> 00:06:32,779

is great and it's always interesting

137

00:06:36,279 --> 00:06:34,159

you'll grab someone coming up to you

138

00:06:38,679 --> 00:06:36,289

with an interesting point of view and

139

00:06:41,019 --> 00:06:38,689

it's always just good to listen so we're

140

00:06:44,110 --> 00:06:41,029

just passing min I at the moment we're

141

00:06:46,029 --> 00:06:44,120

zooming down this motorway it's a nice

142

00:06:47,679 --> 00:06:46,039

day it's warm but yeah we're in the

143

00:06:49,839 --> 00:06:47,689

skeptic 'mobile which is cleverly

144

00:06:51,760 --> 00:06:49,849

disguised to look like an everyday car

145

00:06:53,830 --> 00:06:51,770

okay with a blast from the harmonica

146

00:06:55,450 --> 00:06:53,840

next time you hear us we will be in the

147

00:06:57,670 --> 00:06:55,460

car park at Casula

148

00:07:03,430 --> 00:06:57,680

and put at certain times a night that is

149

00:07:15,750 --> 00:07:14,200

I guess always a thing when you were

150

00:07:20,320 --> 00:07:15,760

coming through the car park at the

151

00:07:21,970 --> 00:07:20,330

Casilla Art Center it's certainly I've

152

00:07:24,130 --> 00:07:21,980

got a community garden going here that's

153

00:07:26,110 --> 00:07:24,140

a new one Richard I'm a scarecrow that's

154

00:07:27,640 --> 00:07:26,120

a bit spooky well it's a bit spooky and

155

00:07:30,640 --> 00:07:27,650

it's working I don't see any birds

156

00:07:33,040 --> 00:07:30,650

around yes that's for sure there's a few

157

00:07:35,320 --> 00:07:33,050

people looking around I can see the sort

158

00:07:37,490 --> 00:07:35,330

of ghost hunting people around this is

159

00:07:54,800 --> 00:07:37,500

gonna be an interesting one here

160

00:07:54,810 --> 00:08:03,029

[Applause]

161

00:08:09,279 --> 00:08:06,249

side here in having our first coffee and

162

00:08:11,909 --> 00:08:09,289

muffin of the day Richard my nose it's

163

00:08:16,360 --> 00:08:11,919

the usual mix of people about 75% women

164

00:08:17,890 --> 00:08:16,370

yes and it seems to be quite crowded at

165

00:08:19,960 --> 00:08:17,900

the moment we're in the corner having

166

00:08:21,939 --> 00:08:19,970

our muffin before we get stuck into it

167

00:08:23,770 --> 00:08:21,949

opera hello no upstairs from what I can

168

00:08:24,879 --> 00:08:23,780

see in previous years has been it up

169

00:08:26,080 --> 00:08:24,889

step although there is bit of an

170

00:08:27,430 --> 00:08:26,090

upstairs happening we'll have to check

171

00:08:28,990 --> 00:08:27,440

that out later I'll have to investigate

172

00:08:30,399 --> 00:08:29,000

normally upstairs they've got tables

173

00:08:33,790 --> 00:08:30,409

some UFOs and things like that

174

00:08:34,899 --> 00:08:33,800

hmm I saw two young women racing in and

175

00:08:37,149 --> 00:08:34,909

they were very keen talking to each

176

00:08:38,079 --> 00:08:37,159

other about wanting a reading done so I

177

00:08:39,850 --> 00:08:38,089

mentioned they'll be heading straight

178

00:08:41,889 --> 00:08:39,860

for the Reading Room which we will be

179

00:08:45,180 --> 00:08:41,899

having a look at fairly shortly after

180

00:08:49,710 --> 00:08:48,840

we're just here upstairs and to our

181

00:08:51,689 --> 00:08:49,720

right

182

00:08:53,369 --> 00:08:51,699

there's the psychic reading room did you

183

00:08:54,150 --> 00:08:53,379

see how many psychics and they do even I

184

00:08:56,759 --> 00:08:54,160

didn't

185

00:08:59,069 --> 00:08:56,769

there's about what 1213 people waiting

186

00:09:01,199 --> 00:08:59,079

to go in hmm and I know from experience

187

00:09:02,579 --> 00:09:01,209

you shouldn't talk to people before they

188

00:09:03,990 --> 00:09:02,589

go in to have a psychic reading because

189

00:09:05,639 --> 00:09:04,000

they're often very serious and they're

190

00:09:07,019 --> 00:09:05,649

obviously looking for some sort of

191

00:09:08,369 --> 00:09:07,029

information and they aren't they don't

192

00:09:09,900 --> 00:09:08,379

really want to be spoken to about the

193

00:09:12,090 --> 00:09:09,910

whole thing yeah I can understand that I

194

00:09:14,129 --> 00:09:12,100

think if we walk past and we glanced in

195

00:09:15,509 --> 00:09:14,139

we might be able to see how many are in

196

00:09:18,640 --> 00:09:15,519

there okay let's see how well Richard

197

00:09:23,630 --> 00:09:21,290

there's actually two psychic reading

198

00:09:30,200 --> 00:09:23,640

rooms there and probably about fourteen

199

00:09:31,790 --> 00:09:30,210

psychics and Paula I see you looking at

200

00:09:33,590 --> 00:09:31,800

a rich is looking at a your Ouija board

201  
00:09:35,750 --> 00:09:33,600  
here which is a combination of the

202  
00:09:37,100 --> 00:09:35,760  
French and German words for yes yes yes

203  
00:09:39,230 --> 00:09:37,110  
yes we are

204  
00:09:41,660 --> 00:09:39,240  
and interesting enough when listening to

205  
00:09:43,250 --> 00:09:41,670  
the how to heretic podcast only this

206  
00:09:45,740 --> 00:09:43,260  
week they were talking about Ouija

207  
00:09:47,510 --> 00:09:45,750  
boards and they said that planchette is

208  
00:09:48,980 --> 00:09:47,520  
actually its own word it's not actually

209  
00:09:50,510 --> 00:09:48,990  
from anything this the only thing in the

210  
00:09:54,320 --> 00:09:50,520  
world called a planchette is the plant

211  
00:09:56,300 --> 00:09:54,330  
is a planchette which is French for cate

212  
00:09:58,100 --> 00:09:56,310  
blanchett isn't it I think you're right

213  
00:10:02,180 --> 00:09:58,110

it's rather a nice one it's got a

214

00:10:03,380 --> 00:10:02,190

feather on it it's rather nice yes whoa

215

00:10:05,450 --> 00:10:03,390

we're here and it looks like a bit of a

216

00:10:07,160 --> 00:10:05,460

gaming table but what do we got going on

217

00:10:09,080 --> 00:10:07,170

here sir oh yeah well from good guys

218

00:10:10,910 --> 00:10:09,090

Virender and we're just here to sell a

219

00:10:12,620 --> 00:10:10,920

bunch of games now what seems to be

220

00:10:14,780 --> 00:10:12,630

interesting to people today what are

221

00:10:17,270 --> 00:10:14,790

they looking for Dungeons & Dragons is

222

00:10:19,070 --> 00:10:17,280

the most popular wine at the moment when

223

00:10:23,120 --> 00:10:19,080

did that kick off is that a 70s things

224

00:10:25,610 --> 00:10:23,130

that predate that yeah 70s maybe 77 78

225

00:10:27,470 --> 00:10:25,620

something like that so a long time ago

226

00:10:28,970 --> 00:10:27,480

do we have anybody how many people play

227

00:10:31,220 --> 00:10:28,980

that worldwide on a weekly or monthly

228

00:10:33,260 --> 00:10:31,230

basis it's pretty it's sort of popular

229

00:10:34,760 --> 00:10:33,270

isn't it millions and it's coming back

230

00:10:37,520 --> 00:10:34,770

there's a show called stranger things on

231

00:10:40,640 --> 00:10:37,530

TV recently and the kids were playing

232

00:10:42,380 --> 00:10:40,650

the day and that seems to have yes

233

00:10:44,990 --> 00:10:42,390

Pirtle of other people to try and then

234

00:10:46,580 --> 00:10:45,000

yeah it's escalating so that's all right

235

00:10:47,960 --> 00:10:46,590

now tell us where can we find you online

236

00:10:51,410 --> 00:10:47,970

if everyone know more about your game

237

00:10:53,570 --> 00:10:51,420

stuff yep ww good Gamescom that are you

238

00:10:56,600 --> 00:10:53,580

back slash Miranda have a good day here

239

00:10:58,520 --> 00:10:56,610

thank you thank you well I'm just

240

00:11:00,380 --> 00:10:58,530

looking at a whole bunch of figurines as

241

00:11:02,300 --> 00:11:00,390

being made masked and all sorts of

242

00:11:02,990 --> 00:11:02,310

things and this is a guy who made it who

243

00:11:06,350 --> 00:11:03,000

we got here

244

00:11:10,010 --> 00:11:06,360

they've run into grant companies from

245

00:11:11,660 --> 00:11:10,020

cast from dungeon effects the only one

246

00:11:12,800 --> 00:11:11,670

make I work in the film industry so I do

247

00:11:15,350 --> 00:11:12,810

a lot of prop

248

00:11:17,510 --> 00:11:15,360

and that transferred a lot of stuff I

249

00:11:19,310 --> 00:11:17,520

did for my business my class my company

250

00:11:21,230 --> 00:11:19,320

now you've got a lot of good stuff here

251  
00:11:22,790 --> 00:11:21,240  
what's the most popular thing what's the

252  
00:11:25,670 --> 00:11:22,800  
thing people always seem to ask you to

253  
00:11:27,710 --> 00:11:25,680  
make are zombies oh really and then

254  
00:11:29,269 --> 00:11:27,720  
because of the Walking Dead TV show and

255  
00:11:34,670 --> 00:11:29,279  
where can we see you online where can we

256  
00:11:37,640 --> 00:11:34,680  
see your stuff online in FX comm thank

257  
00:11:38,990 --> 00:11:37,650  
you very much have a good day you does

258  
00:11:41,720 --> 00:11:39,000  
look pretty well doesn't Richard it's

259  
00:11:43,930 --> 00:11:41,730  
marvelous it really there's a lot of

260  
00:11:46,250 --> 00:11:43,940  
time and effort been put into these

261  
00:11:48,470 --> 00:11:46,260  
masks and they're not masks they're

262  
00:11:50,240 --> 00:11:48,480  
busts yeah they're like realistic

263  
00:11:52,579 --> 00:11:50,250

looking but that's is that a mask

264

00:11:54,350 --> 00:11:52,589

then both they're both that's amazing

265

00:11:55,850 --> 00:11:54,360

it's the real deal it is the real deal

266

00:11:59,390 --> 00:11:55,860

and there's even a clock with a sort of

267

00:12:02,000 --> 00:11:59,400

skull with a armour on it and you it's

268

00:12:04,030 --> 00:12:02,010

very good dr. Jekyll and mr. Hyde over

269

00:12:06,500 --> 00:12:04,040

here good stuff

270

00:12:08,780 --> 00:12:06,510

now as I wander around the paranormal

271

00:12:11,750 --> 00:12:08,790

Expo here at Casula there's one thing

272

00:12:14,900 --> 00:12:11,760

you skeptics can't deny it smells good

273

00:12:17,510 --> 00:12:14,910

we've got lavender we've got yelling

274

00:12:19,670 --> 00:12:17,520

yelling we've got all those things it

275

00:12:21,560 --> 00:12:19,680

smells really nice here and that's one

276

00:12:25,610 --> 00:12:21,570

thing the skeptics can't match good

277

00:12:26,960 --> 00:12:25,620

smells look I find myself chatting to

278

00:12:27,890 --> 00:12:26,970

someone I spoke to a few years ago

279

00:12:29,810 --> 00:12:27,900

remember you're telling me about a

280

00:12:31,430 --> 00:12:29,820

really interesting light you saw going

281

00:12:34,040 --> 00:12:31,440

along a valley in the Blue Mountains is

282

00:12:35,660 --> 00:12:34,050

that correct yes yeah and you described

283

00:12:39,050 --> 00:12:35,670

as very spiritual I do remember that

284

00:12:40,460 --> 00:12:39,060

conversation was quite moving yes and

285

00:12:42,770 --> 00:12:40,470

what now what group you from the

286

00:12:45,410 --> 00:12:42,780

listeners at home this is the UFO and

287

00:12:47,720 --> 00:12:45,420

Paranormal Research Society Australia

288

00:12:50,270 --> 00:12:47,730

and we're based in Campbelltown

289

00:12:53,410 --> 00:12:50,280

and I would recommend that people head

290

00:12:56,570 --> 00:12:53,420

along to your website which is UFO and

291

00:13:01,400 --> 00:12:56,580

paranormal research well actually it's

292

00:13:04,460 --> 00:13:01,410

short and if you just type in UFO PRSA

293

00:13:05,570 --> 00:13:04,470

you'll get our home page and the reason

294

00:13:07,220 --> 00:13:05,580

you should go there is because you have

295

00:13:08,780 --> 00:13:07,230

lots of really interesting overseas

296

00:13:10,430 --> 00:13:08,790

guests and local guests from time to

297

00:13:12,800 --> 00:13:10,440

time don't you that's correct we have

298

00:13:15,769 --> 00:13:12,810

national and international speakers

299

00:13:18,740 --> 00:13:15,779

telling us about their research we meet

300

00:13:20,630 --> 00:13:18,750

once a month second Wednesday of each

301  
00:13:21,910 --> 00:13:20,640  
month at the Campbeltown

302  
00:13:23,380 --> 00:13:21,920  
our

303  
00:13:24,700 --> 00:13:23,390  
can you tell us who's coming up in the

304  
00:13:26,740 --> 00:13:24,710  
coming months that people might have

305  
00:13:30,070 --> 00:13:26,750  
heard of that are coming along well in

306  
00:13:34,720 --> 00:13:30,080  
two weeks time on the 14th of November

307  
00:13:38,050 --> 00:13:34,730  
we have Rex Gilroy as a speaker Rex is

308  
00:13:41,530 --> 00:13:38,060  
equipped zoologist ufologist and author

309  
00:13:44,890 --> 00:13:41,540  
and he's launching his new book called

310  
00:13:46,090 --> 00:13:44,900  
UFO dreaming oh yes because he has a bit

311  
00:13:47,890 --> 00:13:46,100  
of a theory that there's some sort of

312  
00:13:49,930 --> 00:13:47,900  
base around where the Yowies are or

313  
00:13:53,140 --> 00:13:49,940

something's that his idea that's correct

314

00:13:55,180 --> 00:13:53,150

yeah okay and have you booked the the

315

00:13:56,560 --> 00:13:55,190

room for to go late because he really

316

00:14:02,050 --> 00:13:56,570

doesn't like to stop talking you could

317

00:14:03,670 --> 00:14:02,060

be there for quite some time that's Rex

318

00:14:05,020 --> 00:14:03,680

go Roy and tell me have you had any good

319

00:14:06,550 --> 00:14:05,030

sighting since I spoke to you about a

320

00:14:08,740 --> 00:14:06,560

year or two ago yeah I know you often

321

00:14:10,090 --> 00:14:08,750

watch the skies and watch the valleys is

322

00:14:11,800 --> 00:14:10,100

use anything interesting that is

323

00:14:14,050 --> 00:14:11,810

difficult to explain yeah there is

324

00:14:18,070 --> 00:14:14,060

actually for all your listeners who are

325

00:14:22,930 --> 00:14:18,080

local and there's an area in Port Kembla

326

00:14:26,170 --> 00:14:22,940

called Hill 60 and it's a lookout it

327

00:14:30,190 --> 00:14:26,180

looks out over the ocean and very

328

00:14:33,640 --> 00:14:30,200

recently a month or so ago there was a

329

00:14:37,060 --> 00:14:33,650

sighting there of a multiple sighting

330

00:14:40,860 --> 00:14:37,070

there were six witnesses to and what

331

00:14:44,980 --> 00:14:40,870

they described as a Batmobile type

332

00:14:47,370 --> 00:14:44,990

object it was jet in the water or in the

333

00:14:50,520 --> 00:14:47,380

sky where was it it actually came up

334

00:14:53,170 --> 00:14:50,530

from the water area we can't say exactly

335

00:14:56,260 --> 00:14:53,180

out of the water because they couldn't

336

00:14:58,030 --> 00:14:56,270

see over the side but it hovered in

337

00:15:01,480 --> 00:14:58,040

front of them for a couple of seconds

338

00:15:03,790 --> 00:15:01,490

red light pulsating underneath and then

339

00:15:06,580 --> 00:15:03,800

it swooped back to where it came from

340

00:15:11,740 --> 00:15:06,590

and this particular area the hill is

341

00:15:15,220 --> 00:15:11,750

riddled with tunnels and we put the EMI

342

00:15:17,800 --> 00:15:15,230

meter the electromagnetic interference

343

00:15:20,440 --> 00:15:17,810

meter all over the hill and these

344

00:15:22,510 --> 00:15:20,450

tunnels are supposed to be empty

345

00:15:26,250 --> 00:15:22,520

but there was

346

00:15:28,060 --> 00:15:26,260

heaps and heaps of spikes

347

00:15:30,040 --> 00:15:28,070

electromagnetic interference

348

00:15:32,440 --> 00:15:30,050

and there's not supposed to be anything

349

00:15:34,060 --> 00:15:32,450

electrical in the area I'm glad you

350

00:15:35,410 --> 00:15:34,070

mentioned this what do you think would

351

00:15:37,060 --> 00:15:35,420

with the ghost people they have their

352

00:15:39,579 --> 00:15:37,070

spirit boxes and they have various

353

00:15:40,840 --> 00:15:39,589

things that measure electronic what is

354

00:15:42,370 --> 00:15:40,850

there anything that's actually the most

355

00:15:44,470 --> 00:15:42,380

useful thing when you're looking for

356

00:15:46,060 --> 00:15:44,480

lights in the sky and vehicles that is

357

00:15:52,420 --> 00:15:46,070

there a technical object you can take

358

00:15:54,699 --> 00:15:52,430

with you well we have scanner which

359

00:15:57,400 --> 00:15:54,709

tells us when there are aircraft

360

00:16:03,100 --> 00:15:57,410

airplanes in the area which is very

361

00:16:05,920 --> 00:16:03,110

handy we have a laser pointer of course

362

00:16:08,370 --> 00:16:05,930

we don't point them at aircraft this is

363

00:16:13,300 --> 00:16:08,380

to point out whether there any

364

00:16:18,760 --> 00:16:13,310

meteorites or satellites passing of

365

00:16:20,850 --> 00:16:18,770

course binoculars infrared cameras that

366

00:16:24,460 --> 00:16:20,860

can see in the dark

367

00:16:26,069 --> 00:16:24,470

I listen to a lot of UFO podcasts and

368

00:16:28,180 --> 00:16:26,079

lots of things all over the place

369

00:16:30,040 --> 00:16:28,190

conspiracist one of them the high side

370

00:16:31,380 --> 00:16:30,050

chat there's another one and I seem to

371

00:16:34,150 --> 00:16:31,390

notice lately there's been a lot more

372

00:16:35,380 --> 00:16:34,160

contact D people talking about things

373

00:16:36,790 --> 00:16:35,390

that that there seems to be a bit of a

374

00:16:38,949 --> 00:16:36,800

resurgence of the George Adamski

375

00:16:41,410 --> 00:16:38,959

contactee thing going on and I'm

376

00:16:44,230 --> 00:16:41,420

mistaken or do you think I think there's

377

00:16:47,440 --> 00:16:44,240

an awakening going on a lot of these

378

00:16:50,470 --> 00:16:47,450

contacts speak about being here for a

379

00:16:56,410 --> 00:16:50,480

purpose something that's going to happen

380

00:16:58,569 --> 00:16:56,420

on earth and they're here to help um do

381

00:17:00,250 --> 00:16:58,579

prescribe to the ultra terrestrial

382

00:17:02,940 --> 00:17:00,260

theory is that something you would go

383

00:17:05,919 --> 00:17:02,950

with on earth I describe that to me o

384

00:17:08,319 --> 00:17:05,929

deter s riyals I'm given to believe is

385

00:17:09,760 --> 00:17:08,329

beings that aren't from somewhere else

386

00:17:11,650 --> 00:17:09,770

they're just they've been here all the

387

00:17:13,850 --> 00:17:11,660

time we just haven't bumped into them

388

00:17:16,490 --> 00:17:13,860

very often yes definitely

389

00:17:18,549 --> 00:17:16,500

and we know that they've been here

390

00:17:21,829 --> 00:17:18,559

thousands of years there's lots of

391

00:17:25,900 --> 00:17:21,839

archaeological evidence of that all over

392

00:17:29,419 --> 00:17:25,910

the world and especially in Australia as

393

00:17:35,299 --> 00:17:29,429

Rex killed Roy and Stephen and Evan

394

00:17:39,230 --> 00:17:35,309

strong know that the Out of Africa like

395

00:17:42,710 --> 00:17:39,240

the origins is not out of Africa but out

396

00:17:48,260 --> 00:17:42,720

of Australia the Australian Aborigines

397

00:17:49,700 --> 00:17:48,270

are the first original humans and just a

398

00:17:51,080 --> 00:17:49,710

little of a hint for people out there

399

00:17:52,850 --> 00:17:51,090

that might be thinking of getting into

400

00:17:54,650 --> 00:17:52,860

watching the sky when is the best time

401  
00:17:56,900 --> 00:17:54,660  
to watch the sky for looking for unusual

402  
00:17:59,650 --> 00:17:56,910  
phenomenon and how should you do it how

403  
00:18:03,770 --> 00:17:59,660  
should you go about it the dark the moon

404  
00:18:06,020 --> 00:18:03,780  
definitely no full moon no full moon

405  
00:18:09,080 --> 00:18:06,030  
no the dark of the Moon and of course

406  
00:18:13,070 --> 00:18:09,090  
outside of the city where there's no

407  
00:18:15,350 --> 00:18:13,080  
night lights somewhere rural and some

408  
00:18:17,750 --> 00:18:15,360  
some of the skies in the rural areas

409  
00:18:21,789 --> 00:18:17,760  
absolutely beautiful you can look

410  
00:18:23,630 --> 00:18:21,799  
through five layers of stars in the sky

411  
00:18:25,400 --> 00:18:23,640  
because if you don't say anything you

412  
00:18:27,350 --> 00:18:25,410  
can just do some basic amateur astronomy

413  
00:18:31,159 --> 00:18:27,360

and enjoy yourself you can see all the

414

00:18:32,780 --> 00:18:31,169

meteorites falling stars satellites yeah

415

00:18:34,310 --> 00:18:32,790

thank you very much for your time I say

416

00:18:36,140 --> 00:18:34,320

there's some people lining up here and

417

00:18:37,400 --> 00:18:36,150

it's great to chat you once again what's

418

00:18:41,270 --> 00:18:37,410

the website where people can find out

419

00:18:45,310 --> 00:18:41,280

what you guys get up to it's WWWF a

420

00:18:49,070 --> 00:18:45,320

society dotnet dot a you or just type in

421

00:18:52,010 --> 00:18:49,080

UFO PRSA right it's love as you talk to

422

00:18:53,600 --> 00:18:52,020

you again but why thank you I might

423

00:18:54,980 --> 00:18:53,610

actually go look gone I think I've come

424

00:18:56,810 --> 00:18:54,990

to the right place here can I ask you

425

00:18:59,720 --> 00:18:56,820

about crystals is that your speciality

426

00:19:01,280 --> 00:18:59,730

at all or not yes I do know a little bit

427

00:19:02,330 --> 00:19:01,290

about crystals I know a little bit about

428

00:19:04,400 --> 00:19:02,340

everything

429

00:19:06,860 --> 00:19:04,410

I'm just running for the novice what's

430

00:19:09,950 --> 00:19:06,870

the best general-purpose crystal to get

431

00:19:12,650 --> 00:19:09,960

for just clear quartz and why is that

432

00:19:14,150 --> 00:19:12,660

because clear quartz can really become

433

00:19:18,049 --> 00:19:14,160

anything else

434

00:19:19,880 --> 00:19:18,059

it's an attractor it actually radiates

435

00:19:22,690 --> 00:19:19,890

out energy do you know that they

436

00:19:27,290 --> 00:19:22,700

actually use clear quartz in watches a

437

00:19:29,480 --> 00:19:27,300

there you go also use it in fuel

438

00:19:33,590 --> 00:19:29,490

injection systems I think - yes and

439

00:19:37,040 --> 00:19:33,600

there was a very well-known racecar

440

00:19:39,350 --> 00:19:37,050

driver whose deport yes crystal in his

441

00:19:41,330 --> 00:19:39,360

engines around on his engine yeah make

442

00:19:42,680 --> 00:19:41,340

it work better well that's kind of

443

00:19:44,360 --> 00:19:42,690

interesting so what is the one you

444

00:19:45,740 --> 00:19:44,370

shouldn't get as a starter or what's a

445

00:19:49,510 --> 00:19:45,750

bit of what's a bit of it what's a bit

446

00:19:53,450 --> 00:19:52,040

whatever you pick the right one and

447

00:19:59,740 --> 00:19:53,460

where can we find you online for what

448

00:20:04,590 --> 00:20:02,110

standby reporter Richard Saunders here

449

00:20:08,350 --> 00:20:06,970

there always impresses upon me whenever

450

00:20:10,570 --> 00:20:08,360

I come to a mind body wallet or a

451  
00:20:12,520 --> 00:20:10,580  
spiritual Expo or a paranormal Expo

452  
00:20:15,490 --> 00:20:12,530  
whatever they call them that's all right

453  
00:20:17,050 --> 00:20:15,500  
it and you drift past the tables and you

454  
00:20:18,640 --> 00:20:17,060  
see the people doing their things giving

455  
00:20:24,130 --> 00:20:18,650  
readings or selling their products or

456  
00:20:27,550 --> 00:20:24,140  
talking to people I'm reminded again of

457  
00:20:30,880 --> 00:20:27,560  
how sincere a lot of these people are

458  
00:20:32,860 --> 00:20:30,890  
and how useless it is really to bang on

459  
00:20:35,170 --> 00:20:32,870  
about how stupid these people are or

460  
00:20:38,170 --> 00:20:35,180  
they're fooling themselves or they all

461  
00:20:39,850 --> 00:20:38,180  
con artists or there it's just the wrong

462  
00:20:40,270 --> 00:20:39,860  
it's just the wrong attitude it gets us

463  
00:20:42,250 --> 00:20:40,280

nowhere

464

00:20:45,460 --> 00:20:42,260

a lot of these people for whatever

465

00:20:48,220 --> 00:20:45,470

reasons are sincere and probably very

466

00:20:49,690 --> 00:20:48,230

honest people it look and look rigid

467

00:20:51,220 --> 00:20:49,700

honestly love them have more fun than

468

00:20:57,610 --> 00:20:51,230

you - to be honest - really let's be

469

00:20:58,960 --> 00:20:57,620

honest this I'm surprised that you

470

00:21:01,120 --> 00:20:58,970

didn't pipe up there Richard when she

471

00:21:04,450 --> 00:21:01,130

mentioned the the Peter Brock engine

472

00:21:15,450 --> 00:21:04,460

Krystal what was why why would a good

473

00:21:19,330 --> 00:21:17,890

hello how are you can we have a chat for

474

00:21:23,410 --> 00:21:19,340

a moment I don't want to take away for

475

00:21:24,490 --> 00:21:23,420

himself with the the Oz heretic table

476  
00:21:26,350 --> 00:21:24,500  
here and I've got to say there's a lot

477  
00:21:28,140 --> 00:21:26,360  
of good stuff here and I thought ask

478  
00:21:30,850 --> 00:21:28,150  
straight away what's the rolls-royce of

479  
00:21:32,410 --> 00:21:30,860  
ghost-detecting devices at the moment in

480  
00:21:34,330 --> 00:21:32,420  
2018 what's the one that's kind of new

481  
00:21:35,080 --> 00:21:34,340  
and is kind of kicking the goals that is

482  
00:21:37,690 --> 00:21:35,090  
kind of new issue

483  
00:21:41,050 --> 00:21:37,700  
okay the newest bit of gear we've got is

484  
00:21:44,400 --> 00:21:41,060  
the sbox which is a radio wave scanner

485  
00:21:47,020 --> 00:21:44,410  
but you can record this as you're

486  
00:21:48,790 --> 00:21:47,030  
investigating and review immediately to

487  
00:21:50,350 --> 00:21:48,800  
see if you've caught anything right so

488  
00:21:52,060 --> 00:21:50,360

that's that's an improvement upon the

489

00:21:53,530 --> 00:21:52,070

original spirit box there and it because

490

00:21:55,210 --> 00:21:53,540

you can actually play it back later is

491

00:21:57,220 --> 00:21:55,220

that the advantage of it yeah that's

492

00:21:58,990 --> 00:21:57,230

what it does and so if you're on a line

493

00:22:00,419 --> 00:21:59,000

of questioning and you get something

494

00:22:02,909 --> 00:22:00,429

that's

495

00:22:04,740 --> 00:22:02,919

getting intelligent responses then you

496

00:22:06,360 --> 00:22:04,750

can go back listen and think oh I'm on a

497

00:22:08,549 --> 00:22:06,370

good line here I'll keep up with this

498

00:22:09,570 --> 00:22:08,559

questioning asset we get what do people

499

00:22:12,539 --> 00:22:09,580

seem to be interested in asking you

500

00:22:14,519 --> 00:22:12,549

about this time around well there's a

501  
00:22:16,680 --> 00:22:14,529  
lot of questions about all the different

502  
00:22:18,810 --> 00:22:16,690  
types of technology we're getting a lot

503  
00:22:20,549 --> 00:22:18,820  
of interest in there EMF meter's because

504  
00:22:23,610 --> 00:22:20,559  
there are so many different levels you

505  
00:22:26,120 --> 00:22:23,620  
can get a basic one mid-range and then

506  
00:22:29,490 --> 00:22:26,130  
you go for the deluxe which is the mill

507  
00:22:31,169 --> 00:22:29,500  
melt the mill meters and is EVP

508  
00:22:34,529 --> 00:22:31,179  
electronic voice phenomenon still as

509  
00:22:36,840 --> 00:22:34,539  
big as it was some people have to use it

510  
00:22:38,940 --> 00:22:36,850  
common sense though I'm very important

511  
00:22:40,560 --> 00:22:38,950  
to mark anything you hear at the time

512  
00:22:42,120 --> 00:22:40,570  
because when you go back and you play it

513  
00:22:45,450 --> 00:22:42,130

and you forget that somebody in the

514

00:22:48,360 --> 00:22:45,460

corner may have just farted going to

515

00:22:49,830 --> 00:22:48,370

burn and where can we see your stuff

516

00:22:51,750 --> 00:22:49,840

online and have a look at what your

517

00:22:54,990 --> 00:22:51,760

wares are and what you do with the gear

518

00:22:57,659 --> 00:22:55,000

you can find this at AHS parity comm and

519

00:22:59,070 --> 00:22:57,669

also on Facebook and it was

520

00:23:00,570 --> 00:22:59,080

recommendation for somewhere to go

521

00:23:02,190 --> 00:23:00,580

looking for ghosts well what's your

522

00:23:06,120 --> 00:23:02,200

favorite place to go looking for a bit

523

00:23:07,860 --> 00:23:06,130

of a EVP etc my favorite place is

524

00:23:09,120 --> 00:23:07,870

probably cue station followed by

525

00:23:12,389 --> 00:23:09,130

Maitland jail they're two of my

526

00:23:13,799 --> 00:23:12,399

favorites yeah it's a great spot that's

527

00:23:15,600 --> 00:23:13,809

where I first saw my first full

528

00:23:18,330 --> 00:23:15,610

apparition that I have no explanation

529

00:23:19,919 --> 00:23:18,340

for I opened the jail I closed the jail

530

00:23:22,560 --> 00:23:19,929

that night that person was not on our

531

00:23:24,480 --> 00:23:22,570

tour and could you describe what it

532

00:23:26,700 --> 00:23:24,490

looked like absolutely because they're

533

00:23:28,500 --> 00:23:26,710

only walking about 15 meters in front of

534

00:23:31,889 --> 00:23:28,510

me I thought it was a guest that had got

535

00:23:36,779 --> 00:23:31,899

lost and they had a black leather jacket

536

00:23:38,399 --> 00:23:36,789

on khaki pants balding patch on their

537

00:23:40,740 --> 00:23:38,409

head with a bit of a rat's tail down the

538

00:23:42,779 --> 00:23:40,750

back and I was about to yell out to them

539

00:23:43,919 --> 00:23:42,789

you need a torch it's too dangerous

540

00:23:45,600 --> 00:23:43,929

turned around to make sure people

541

00:23:48,240 --> 00:23:45,610

following me turned back and he was gone

542

00:23:50,430 --> 00:23:48,250

and I checked all the cells nearby well

543

00:23:52,560 --> 00:23:50,440

okay so how did a seasoned person like

544

00:23:55,980 --> 00:23:52,570

yourself react to that I got very

545

00:23:58,019 --> 00:23:55,990

excited I would have pooped myself

546

00:23:58,919 --> 00:23:58,029

personally but if someone like you that

547

00:24:00,570 --> 00:23:58,929

that's what you're there for

548

00:24:02,399 --> 00:24:00,580

no no that's what I'm there for that's

549

00:24:04,830 --> 00:24:02,409

sort of the holy grail of it all I'm

550

00:24:06,280 --> 00:24:04,840

very skeptic person myself and for me to

551

00:24:08,290 --> 00:24:06,290

see that with my own eyes

552

00:24:10,150 --> 00:24:08,300

know that that person was not within the

553

00:24:13,540 --> 00:24:10,160

walls let's see very good at scaling

554

00:24:15,550 --> 00:24:13,550

them yeah know that did my head in for a

555

00:24:16,930 --> 00:24:15,560

bit well I hope nothing like that

556

00:24:19,410 --> 00:24:16,940

happens today and it's great talking to

557

00:24:21,700 --> 00:24:19,420

you again nice to talk to you too oh

558

00:24:23,860 --> 00:24:21,710

well look we're here looking at a lot of

559

00:24:26,110 --> 00:24:23,870

equipment we've got cameras of course

560

00:24:27,700 --> 00:24:26,120

we've got the Haunted bear here could

561

00:24:31,270 --> 00:24:27,710

just explain what the Haunted bears all

562

00:24:34,990 --> 00:24:31,280

about so everybody was kind of designed

563

00:24:36,280 --> 00:24:35,000

as a sole investigator so you could put

564

00:24:38,650 --> 00:24:36,290

him in a room and he would do the

565

00:24:41,380 --> 00:24:38,660

investigating for you so he's armed

566

00:24:43,960 --> 00:24:41,390

absolutely riddled with senses so to

567

00:24:47,410 --> 00:24:43,970

pick up any temperature fluctuations

568

00:24:49,150 --> 00:24:47,420

he also records and so if anyone's

569

00:24:51,220 --> 00:24:49,160

speaking or anything he's going to

570

00:24:54,100 --> 00:24:51,230

capture that and he'll also ask

571

00:24:55,840 --> 00:24:54,110

questions so the creator of this bear

572

00:24:59,050 --> 00:24:55,850

actually got his little daughter to do

573

00:25:01,000 --> 00:24:59,060

the voice for it and it will also let

574

00:25:02,740 --> 00:25:01,010

you know if the temperature goes up or

575

00:25:05,860 --> 00:25:02,750

down so he will say a little something

576

00:25:06,760 --> 00:25:05,870

like oh it's getting cold in here that

577

00:25:08,740 --> 00:25:06,770

would kind of freak me out

578

00:25:09,970 --> 00:25:08,750

Illi don't know I don't think I could

579

00:25:12,010 --> 00:25:09,980

handle it you have to have a tough kid

580

00:25:14,790 --> 00:25:12,020

to have this arrogant really really do

581

00:25:17,590 --> 00:25:14,800

but we also hope it's kind of like

582

00:25:19,270 --> 00:25:17,600

attractive to the younger spirits if

583

00:25:22,330 --> 00:25:19,280

they're around like we've got a little

584

00:25:23,680 --> 00:25:22,340

girl here apparently she likes to be up

585

00:25:26,650 --> 00:25:23,690

on the corridor where we're doing our

586

00:25:29,650 --> 00:25:26,660

psychic readings up there too

587

00:25:32,140 --> 00:25:29,660

it's disgustingly hot down here and

588

00:25:34,720 --> 00:25:32,150

where can we see you on our website at

589

00:25:37,330 --> 00:25:34,730

happy ghost hunts calm you can always

590

00:25:39,400 --> 00:25:37,340

email us at info at Rp ghost hunts calm

591

00:25:40,210 --> 00:25:39,410

and we're also on Facebook Twitter and

592

00:25:43,120 --> 00:25:40,220

Instagram

593

00:25:44,680 --> 00:25:43,130

thank you very much have a good day it's

594

00:25:47,260 --> 00:25:44,690

a spooky looking bear isn't it sort of

595

00:25:49,450 --> 00:25:47,270

been oh yeah spooky Barrett I've had not

596

00:25:51,430 --> 00:25:49,460

a distance it's a stronger kid that than

597

00:25:52,450 --> 00:25:51,440

Meade would have to handle a cursor if I

598

00:25:54,550 --> 00:25:52,460

had a bear that was telling me it's

599

00:25:56,890 --> 00:25:54,560

getting cold I just I just knew how so I

600

00:25:58,060 --> 00:25:56,900

would move out but what do you been up

601  
00:25:59,440 --> 00:25:58,070  
to oh because who we got here

602  
00:26:01,240 --> 00:25:59,450  
I mean you've got Biff Darlington from

603  
00:26:04,150 --> 00:26:01,250  
access paranormal yeah and of course you

604  
00:26:05,860 --> 00:26:04,160  
you at the skeptic on I was I was and I

605  
00:26:07,180 --> 00:26:05,870  
had a fabulous top now say you were the

606  
00:26:09,820 --> 00:26:07,190  
skeptics good because sometimes you know

607  
00:26:11,730 --> 00:26:09,830  
they can be a bit funny actually great

608  
00:26:13,440 --> 00:26:11,740  
senses of humor yes of course

609  
00:26:16,320 --> 00:26:13,450  
you can get Pingdom into a boring

610  
00:26:19,350 --> 00:26:16,330  
conversation with a neckbeard I was

611  
00:26:21,210 --> 00:26:19,360  
avoiding that what do you reckon is the

612  
00:26:22,440 --> 00:26:21,220  
highlight here today you've seen a lot

613  
00:26:24,480 --> 00:26:22,450

of this stuff before what is going on

614

00:26:27,299 --> 00:26:24,490

today in your mind I think there's quite

615

00:26:29,250 --> 00:26:27,309

a lot of jars with mini miniatures sort

616

00:26:31,169 --> 00:26:29,260

of tables and and spooky sort of like

617

00:26:33,030 --> 00:26:31,179

dollhouse type stuff I think that seems

618

00:26:35,630 --> 00:26:33,040

to be a thing this year it's quite a few

619

00:26:38,580 --> 00:26:35,640

tips tools of that kind of stuff on so

620

00:26:40,710 --> 00:26:38,590

and if someone was wanting to see a

621

00:26:41,820 --> 00:26:40,720

psychic or medium how could you tell a

622

00:26:43,799 --> 00:26:41,830

good one from a bad one

623

00:26:44,610 --> 00:26:43,809

how can you well that's the thing I

624

00:26:46,380 --> 00:26:44,620

think you have to do your research

625

00:26:47,640 --> 00:26:46,390

before you turn up I would say yeah

626

00:26:49,230 --> 00:26:47,650

because I think there's about 14 up

627

00:26:51,540 --> 00:26:49,240

there and I'm going well they all look I

628

00:26:53,580 --> 00:26:51,550

think if they've got a name like Bevin

629

00:26:55,169 --> 00:26:53,590

or something like that they've got a bit

630

00:26:57,030 --> 00:26:55,179

of a spiritual name that's good but if

631

00:26:58,860 --> 00:26:57,040

their names Dave that's not a good thing

632

00:27:00,600 --> 00:26:58,870

it's like I'm going to have a reading

633

00:27:03,419 --> 00:27:00,610

with Dawn you know it doesn't quite have

634

00:27:05,940 --> 00:27:03,429

that magical feel does it no look have a

635

00:27:08,460 --> 00:27:05,950

good time here and I'm interested in I

636

00:27:10,470 --> 00:27:08,470

had a great chat with the western suburb

637

00:27:12,000 --> 00:27:10,480

UFO people that are down there oh yes I

638

00:27:13,230 --> 00:27:12,010

they come every year I think they are

639

00:27:15,210 --> 00:27:13,240

great and they've been talking about

640

00:27:17,880 --> 00:27:15,220

some sightings that have been seen off

641

00:27:19,950 --> 00:27:17,890

the coast of Port Kembla at Hill 60

642

00:27:21,450 --> 00:27:19,960

looking out to sea so there's one for

643

00:27:23,820 --> 00:27:21,460

people at home true and also apparently

644

00:27:26,880 --> 00:27:23,830

narrow beans a hot spot as well oh I do

645

00:27:29,430 --> 00:27:26,890

why no idea no idea I ask them what is

646

00:27:31,710 --> 00:27:29,440

the main bit of tech gear you take for

647

00:27:33,690 --> 00:27:31,720

UFO spotting and they said a scanner

648

00:27:35,160 --> 00:27:33,700

because you'll get civilian aircraft so

649

00:27:35,490 --> 00:27:35,170

if there's an aircraft you'll know about

650

00:27:37,140 --> 00:27:35,500

it

651  
00:27:39,299 --> 00:27:37,150  
there you go learn something new every

652  
00:27:40,980 --> 00:27:39,309  
day exactly well have a good time here

653  
00:27:45,540 --> 00:27:40,990  
and if you do see some Emily the Strange

654  
00:27:47,160 --> 00:27:45,550  
pyjamas let me know know the disembodied

655  
00:27:48,870 --> 00:27:47,170  
voice that's been telling everybody what

656  
00:27:52,110 --> 00:27:48,880  
to do where to go and just being all

657  
00:27:53,669 --> 00:27:52,120  
spooky belongs to hates banks and how

658  
00:27:55,780 --> 00:27:53,679  
many years are you done this is our

659  
00:27:57,940 --> 00:27:55,790  
seventh year now

660  
00:27:59,410 --> 00:27:57,950  
and why is it change I noticed some

661  
00:28:01,540 --> 00:27:59,420  
years you have more ghost hunters than

662  
00:28:04,210 --> 00:28:01,550  
others and some users more psychics and

663  
00:28:06,190 --> 00:28:04,220

others what seems to be the big to do in

664

00:28:07,990 --> 00:28:06,200

the paranormal world this year well it

665

00:28:09,520 --> 00:28:08,000

just seems to be first in best Rest

666

00:28:10,150 --> 00:28:09,530

where we're getting more and more

667

00:28:12,760 --> 00:28:10,160

popular

668

00:28:15,400 --> 00:28:12,770

so whoever books their stores first gets

669

00:28:20,740 --> 00:28:15,410

yeah okay do any sort of paranormal bent

670

00:28:22,750 --> 00:28:20,750

this year more than others really it's

671

00:28:25,570 --> 00:28:22,760

pretty much the same we do have the UFO

672

00:28:27,820 --> 00:28:25,580

guys doing a top today we haven't had

673

00:28:29,080 --> 00:28:27,830

them for quite a few years but we've got

674

00:28:30,820 --> 00:28:29,090

a few other interesting things like a

675

00:28:34,960 --> 00:28:30,830

stage hypnotist I can't wait to see him

676

00:28:36,670 --> 00:28:34,970

cool yeah we have Florence King doing

677

00:28:38,290 --> 00:28:36,680

the platform readings this year and we

678

00:28:41,650 --> 00:28:38,300

have an embalmer which I'm really

679

00:28:42,880 --> 00:28:41,660

excited about okay you want some consent

680

00:28:46,960 --> 00:28:42,890

going on that wouldn't hear really well

681

00:28:49,030 --> 00:28:46,970

that's an 18 and over I'm liking the

682

00:28:50,560 --> 00:28:49,040

sound of that already yeah so it's a

683

00:28:51,880 --> 00:28:50,570

Dana life and embalmer everything you've

684

00:28:53,740 --> 00:28:51,890

ever wanted to know about the embalming

685

00:28:55,900 --> 00:28:53,750

process and she's an amazing woman she

686

00:28:58,300 --> 00:28:55,910

actually does the disaster so she went

687

00:29:01,150 --> 00:28:58,310

to the Bali disaster and all of those

688

00:29:02,950 --> 00:29:01,160

yeah she's she's incredible yeah what do

689

00:29:04,930 --> 00:29:02,960

you think of that beer that lights up

690

00:29:06,310 --> 00:29:04,940

and talks to you and there's a change in

691

00:29:08,440 --> 00:29:06,320

temperature in the room that goes it's

692

00:29:11,110 --> 00:29:08,450

getting colder if I was a kid that they

693

00:29:14,890 --> 00:29:11,120

would freak me out it's great give me a

694

00:29:16,300 --> 00:29:14,900

kiss Gary yeah it's the boob ear keep a

695

00:29:17,890 --> 00:29:16,310

knife probably bared the blue buddy the

696

00:29:19,690 --> 00:29:17,900

blue buddy the the theory with the blue

697

00:29:21,310 --> 00:29:19,700

buddy is that apparently it is an impair

698

00:29:22,540 --> 00:29:21,320

anomaly investigator on its own so

699

00:29:24,640 --> 00:29:22,550

apparently if there's a change in

700

00:29:26,590 --> 00:29:24,650

temperature it will talk or if it feels

701  
00:29:27,850 --> 00:29:26,600  
that it's been touched it will do the

702  
00:29:30,310 --> 00:29:27,860  
haha that tickles

703  
00:29:32,620 --> 00:29:30,320  
so I don't have all that much faith in

704  
00:29:35,080 --> 00:29:32,630  
the blue buddy but you know people like

705  
00:29:37,870 --> 00:29:35,090  
that looks kind of cool yeah yeah okay

706  
00:29:41,080 --> 00:29:37,880  
have a good time here thanks guys would

707  
00:29:42,460 --> 00:29:41,090  
you you you are very you know when the

708  
00:29:44,050 --> 00:29:42,470  
temperature goes up you shouldn't fall

709  
00:29:44,990 --> 00:29:44,060  
apart quite quickly how warm do you

710  
00:29:50,360 --> 00:29:45,000  
think it is another

711  
00:29:54,740 --> 00:29:50,370  
well outside it must be in the 30 32 33

712  
00:29:57,320 --> 00:29:54,750  
I guess inside it's probably 27 but in

713  
00:29:58,909 --> 00:29:57,330

that other room it's a lovely agent the

714

00:30:01,610 --> 00:29:58,919

UFO room is the cool one and so you

715

00:30:04,789 --> 00:30:01,620

should be it's all over for another year

716

00:30:08,060 --> 00:30:04,799

we're walking back to the car now yeah

717

00:30:10,610 --> 00:30:08,070

now you are you enjoy it today I did it

718

00:30:14,299 --> 00:30:10,620

seemed a little one or two things less

719

00:30:16,880 --> 00:30:14,309

than normal but still a good a good

720

00:30:19,669 --> 00:30:16,890

sense and one thing I did notice today

721

00:30:21,710 --> 00:30:19,679

last time I was here two years ago there

722

00:30:23,960 --> 00:30:21,720

was guys that seemed to be like I'm

723

00:30:25,880 --> 00:30:23,970

willingly being dragged around by their

724

00:30:28,070 --> 00:30:25,890

girlfriend or wife and I didn't see much

725

00:30:31,190 --> 00:30:28,080

of that today no you're right you're

726

00:30:32,210 --> 00:30:31,200

right yeah but it's it was a good crowd

727

00:30:33,860 --> 00:30:32,220

good crowd there and we're in the

728

00:30:35,810 --> 00:30:33,870

carpark now in this world there are

729

00:30:38,149 --> 00:30:35,820

quite a lot of cars have 100 cars I

730

00:30:41,090 --> 00:30:38,159

don't yeah plenty people here and I'm

731

00:30:42,409 --> 00:30:41,100

really looking forward to because

732

00:30:44,090 --> 00:30:42,419

getting in that air conditioning in the

733

00:30:44,690 --> 00:30:44,100

car they're getting it wound up nice and

734

00:30:54,210 --> 00:30:44,700

high

735

00:30:59,020 --> 00:30:57,070

you know I gotta say Bigfoot's BS but

736

00:31:00,520 --> 00:30:59,030

the chupacabra is totally the result of

737

00:31:03,130 --> 00:31:00,530

top-secret government genetic

738

00:31:05,530 --> 00:31:03,140

experiments on a remote island taking

739

00:31:07,030 --> 00:31:05,540

medical advice from iguanas Paltrow like

740

00:31:09,490 --> 00:31:07,040

steaming your lady parts and putting

741

00:31:11,860 --> 00:31:09,500

Jade eggs all up in net is a great way

742

00:31:14,080 --> 00:31:11,870

to improve your health police from

743

00:31:16,720 --> 00:31:14,090

around the world regularly use psychics

744

00:31:19,360 --> 00:31:16,730

to solve crimes they just don't talk

745

00:31:21,910 --> 00:31:19,370

about it spontaneous human combustion is

746

00:31:23,800 --> 00:31:21,920

for sure a real thing I've read all

747

00:31:27,520 --> 00:31:23,810

about it on the internet and I worry

748

00:31:28,930 --> 00:31:27,530

someday it's going to happen to me we

749

00:31:31,360 --> 00:31:28,940

all have friends and family who believe

750

00:31:33,250 --> 00:31:31,370

these things and much more well if

751  
00:31:35,050 --> 00:31:33,260  
you're a rational thinker who is tired

752  
00:31:36,970 --> 00:31:35,060  
of arguing on social media and never

753  
00:31:37,480 --> 00:31:36,980  
getting anywhere we have a solution for

754  
00:31:39,520 --> 00:31:37,490

and joining me now all the way from

777

00:32:44,440 --> 00:32:41,609

Milan in Italy

778

00:32:48,069 --> 00:32:44,450

it's Massimo Polydor oh hello Massimo

779

00:32:53,449 --> 00:32:48,079

hello Richard hello should I say ciao

780

00:32:55,519 --> 00:32:53,459

yes wait now you and I have known each

781

00:32:57,529 --> 00:32:55,529

other for many years but we only get to

782

00:33:00,549 --> 00:32:57,539

see each other oh I don't know maybe

783

00:33:03,769 --> 00:33:00,559

once every 2 or 3 years if we're lucky

784

00:33:05,749 --> 00:33:03,779

yeah that's right usually at some great

785

00:33:08,899 --> 00:33:05,759

convention in the United States or maybe

786

00:33:11,810 --> 00:33:08,909

in Europe as well yeah it's strange

787

00:33:13,339 --> 00:33:11,820

because I mean I can't remember honestly

788

00:33:15,019 --> 00:33:13,349

I can't remember the first time I met

789

00:33:17,959 --> 00:33:15,029

you it could have been at the amazing

790

00:33:19,879 --> 00:33:17,969

meeting or something like that and just

791

00:33:22,819 --> 00:33:19,889

to give our audience a little bit of

792

00:33:25,279 --> 00:33:22,829

background you have been involved in

793

00:33:32,060 --> 00:33:25,289

skepticism and magic now for many many

794

00:33:35,379 --> 00:33:32,070

years haven't you yes let's say yeah I

795

00:33:38,869 --> 00:33:35,389

was lucky enough to have Randi as my

796

00:33:41,180 --> 00:33:38,879

mentor when I was well 18 actually so I

797

00:33:43,009 --> 00:33:41,190

had a chance to go and in United States

798

00:33:45,889 --> 00:33:43,019

and study with him and learn from the

799

00:33:48,409 --> 00:33:45,899

master that's that's quite a privilege

800

00:33:50,810 --> 00:33:48,419

of course and you must have some amazing

801  
00:33:55,669 --> 00:33:50,820  
stories to tell from when you were

802  
00:33:59,409 --> 00:33:55,679  
alongside James Randi following

803  
00:34:02,569 --> 00:33:59,419  
everywhere investigating psychics and

804  
00:34:05,839 --> 00:34:02,579  
charlatans of every kind yeah there's

805  
00:34:07,519 --> 00:34:05,849  
quite a lot of stories there that this

806  
00:34:09,710 --> 00:34:07,529  
could be a whole new this should be a

807  
00:34:13,309 --> 00:34:09,720  
book actually following James Randi

808  
00:34:16,339 --> 00:34:13,319  
around I mean the times I've spent with

809  
00:34:19,039 --> 00:34:16,349  
him have been wonderfully interesting

810  
00:34:21,109 --> 00:34:19,049  
experiences in themselves now the reason

811  
00:34:24,470 --> 00:34:21,119  
I guess the main reason that I've

812  
00:34:26,269 --> 00:34:24,480  
contacted you for an interview and we

813  
00:34:29,599 --> 00:34:26,279

can talk about some of your adventures

814

00:34:32,180 --> 00:34:29,609

soon is that you've been on the internet

815

00:34:35,539 --> 00:34:32,190

now you've been on YouTube for a long

816

00:34:37,819 --> 00:34:35,549

time doing something called Massimo pala

817

00:34:41,240 --> 00:34:37,829

Doros mysteries but it's all been in

818

00:34:43,159 --> 00:34:41,250

Italian which is great which is fine

819

00:34:44,840 --> 00:34:43,169

I'm sure everybody who speaks Italian

820

00:34:46,190 --> 00:34:44,850

and many thousands and millions of

821

00:34:49,369 --> 00:34:46,200

people in this country suddenly speak of

822

00:34:51,740 --> 00:34:49,379

time but for the rest of the world for

823

00:34:53,590 --> 00:34:51,750

the English speakers especially you've

824

00:34:56,810 --> 00:34:53,600

just started a new series called

825

00:35:00,980 --> 00:34:56,820

strangest stories can you tell me what

826

00:35:04,130 --> 00:35:00,990

what inspired you to do that oh yes well

827

00:35:07,160 --> 00:35:04,140

this is something that I wanted to do

828

00:35:08,990 --> 00:35:07,170

for a long time and and finally I

829

00:35:13,040 --> 00:35:09,000

started doing it in Italian because it

830

00:35:15,410 --> 00:35:13,050

was of course much easier to do and to

831

00:35:18,710 --> 00:35:15,420

broadcast that foreign audience that

832

00:35:21,760 --> 00:35:18,720

already knows me here in Italy and the

833

00:35:24,740 --> 00:35:21,770

idea was to present investigations of

834

00:35:28,370 --> 00:35:24,750

unusual claims or mysteries classical

835

00:35:31,370 --> 00:35:28,380

you know this monster the Shroud of

836

00:35:34,490 --> 00:35:31,380

Turin pyrrha me it's a time travel

837

00:35:37,510 --> 00:35:34,500

whatever from a sceptical point of view

838

00:35:42,260 --> 00:35:37,520

let's say with a scientific approach

839

00:35:47,420 --> 00:35:42,270

which is also should not be seen as

840

00:35:51,230 --> 00:35:47,430

something dry or or too serious because

841

00:35:54,650 --> 00:35:51,240

it is not it's done in in fun but still

842

00:35:57,440 --> 00:35:54,660

with you know the the basis of the

843

00:36:00,500 --> 00:35:57,450

scientific method and but the fact is

844

00:36:08,450 --> 00:36:00,510

that as you said Italians almost

845

00:36:11,090 --> 00:36:08,460

everywhere audience so and I decided it

846

00:36:13,790 --> 00:36:11,100

was time to present this information as

847

00:36:17,120 --> 00:36:13,800

well in in English especially those that

848

00:36:20,420 --> 00:36:17,130

have been involved personally and and

849

00:36:22,730 --> 00:36:20,430

share it with the community not only of

850

00:36:24,170 --> 00:36:22,740

skeptics but also curious people because

851  
00:36:27,350 --> 00:36:24,180  
there are so many people around there

852  
00:36:30,680 --> 00:36:27,360  
out there that don't know about our work

853  
00:36:32,870 --> 00:36:30,690  
and and YouTube now is the one of the

854  
00:36:36,530 --> 00:36:32,880  
probably the best medium to reach

855  
00:36:38,950 --> 00:36:36,540  
younger audiences so I thought that this

856  
00:36:43,160 --> 00:36:38,960  
was worth working on it

857  
00:36:44,990 --> 00:36:43,170  
absolutely and I I'll what I'll do now

858  
00:36:47,090 --> 00:36:45,000  
actually Massimo what I'll do now is

859  
00:36:50,090 --> 00:36:47,100  
I'll play a short clip yeah I'm the very

860  
00:36:52,070 --> 00:36:50,100  
first episode you've put up of stranger

861  
00:36:54,470 --> 00:36:52,080  
stories now this beginning episode the

862  
00:36:54,880 --> 00:36:54,480  
first episode involves James Randi so

863  
00:36:58,630 --> 00:36:54,890

here's the

864

00:37:01,000 --> 00:36:58,640

clip in 1974 a man was unexpectedly

865

00:37:03,130 --> 00:37:01,010

challenged on live television to guess

866

00:37:05,620 --> 00:37:03,140

the content of a sealed envelope and

867

00:37:08,529 --> 00:37:05,630

then banned a solid stainless steel

868

00:37:11,559 --> 00:37:08,539

spoon incredibly he was able to do both

869

00:37:14,529 --> 00:37:11,569

his name no not your gala but James

870

00:37:16,809 --> 00:37:14,539

branded today at stranger stories we

871

00:37:19,870 --> 00:37:16,819

will see Randy perform that incredible

872

00:37:20,630 --> 00:37:19,880

feat and then we'll learn how he did it

873

00:37:28,840 --> 00:37:20,640

ready

874

00:37:28,850 --> 00:37:33,740

[Music]

875

00:37:38,280 --> 00:37:36,330

welcome my name is Massimo Paula Dora

876

00:37:40,470 --> 00:37:38,290

and for the most part of my life have

877

00:37:43,650 --> 00:37:40,480

been investigating phenomena that appear

878

00:37:45,960 --> 00:37:43,660

to be strange and mysterious but often

879

00:37:48,210 --> 00:37:45,970

things are not what they seem

880

00:37:50,280 --> 00:37:48,220

every two weeks we will investigate a

881

00:37:53,070 --> 00:37:50,290

new mystery that upon close examination

882

00:37:55,170 --> 00:37:53,080

may turn out to be somewhat different

883

00:37:57,270 --> 00:37:55,180

from what it appeared in the beginning

884

00:37:59,880 --> 00:37:57,280

if you are like me and you too want to

885

00:38:02,280 --> 00:37:59,890

learn how to discern fact from fiction I

886

00:38:04,860 --> 00:38:02,290

invite you to subscribe to my channel in

887

00:38:07,110 --> 00:38:04,870

order not to miss the next episodes so

888

00:38:10,310 --> 00:38:07,120

click on the red button and the little

889

00:38:12,900 --> 00:38:10,320

bell and then let's begin

890

00:38:14,370 --> 00:38:12,910

if that doesn't wait your appetite folks

891

00:38:16,950 --> 00:38:14,380

I don't know what will now I have seen

892

00:38:18,870 --> 00:38:16,960

that episode I've seen any episode

893

00:38:20,970 --> 00:38:18,880

Massimo and I'm not gonna give anything

894

00:38:22,800 --> 00:38:20,980

away for the audience because I really

895

00:38:25,530 --> 00:38:22,810

want the audience to see this for

896

00:38:28,890 --> 00:38:25,540

themselves but what I can say is it it

897

00:38:31,470 --> 00:38:28,900

does somewhat show behind the curtains

898

00:38:33,300 --> 00:38:31,480

of James Randi and does actually explain

899

00:38:37,470 --> 00:38:33,310

how he pulled off an absolutely

900

00:38:39,990 --> 00:38:37,480

astounding routine on television this

901  
00:38:41,790 --> 00:38:40,000  
is one of the the many adventures that

902  
00:38:44,010 --> 00:38:41,800  
brandy has and this is a really

903  
00:38:46,560 --> 00:38:44,020  
fantastic wonder when I read about it

904  
00:38:47,850 --> 00:38:46,570  
the first time I really was a kid this

905  
00:38:50,280 --> 00:38:47,860  
was the first thing that I asked him

906  
00:38:58,040 --> 00:38:50,290  
when I met him finally because it's like

907  
00:39:04,230 --> 00:39:01,410  
how could he do that it's impossible and

908  
00:39:08,160 --> 00:39:04,240  
yet it did and in this in this first

909  
00:39:11,480 --> 00:39:08,170  
video we we discover how Randy did this

910  
00:39:15,420 --> 00:39:11,490  
incredible feat and he tells him himself

911  
00:39:17,880 --> 00:39:15,430  
yes he is happy to explain the mystery

912  
00:39:20,160 --> 00:39:17,890  
behind what he did yes because you know

913  
00:39:22,110 --> 00:39:20,170

it's it's always important to to share

914

00:39:24,150 --> 00:39:22,120

this information is not claiming of

915

00:39:26,550 --> 00:39:24,160

course any psychic powers but he wants

916

00:39:29,820 --> 00:39:26,560

to do to understand how these things

917

00:39:33,510 --> 00:39:29,830

work they do not work by the book some

918

00:39:35,640 --> 00:39:33,520

people think that fake psychics take

919

00:39:38,100 --> 00:39:35,650

their tricks from magic books

920

00:39:40,410 --> 00:39:38,110

well sometimes maybe they do but more

921

00:39:42,390 --> 00:39:40,420

often not they just in

922

00:39:45,359 --> 00:39:42,400

something on the spot and then it's

923

00:39:47,910 --> 00:39:45,369

impossible to to trace it back to find

924

00:39:50,490 --> 00:39:47,920

how they did it so this is a very nice

925

00:39:53,069 --> 00:39:50,500

example I can tell the audience that

926

00:39:55,049 --> 00:39:53,079

when they watch it it doesn't both spoon

927

00:39:56,849 --> 00:39:55,059

bending which is a favorite of mine and

928

00:40:01,049 --> 00:39:56,859

I must have missed some oh that the

929

00:40:03,120 --> 00:40:01,059

particular and I love to watch it and I

930

00:40:05,339 --> 00:40:03,130

must say Messimer the production quality

931

00:40:08,160 --> 00:40:05,349

of the video quality in the audio and

932

00:40:10,289 --> 00:40:08,170

the music is really really good I do

933

00:40:13,259 --> 00:40:10,299

have a production company or how do you

934

00:40:14,819 --> 00:40:13,269

go about doing well well thank you thank

935

00:40:17,700 --> 00:40:14,829

you sing a compliment the production

936

00:40:21,240 --> 00:40:17,710

company is made of one this is the one

937

00:40:22,890 --> 00:40:21,250

speaking now well I'm very impressed

938

00:40:25,559 --> 00:40:22,900

because I think it's it's very

939

00:40:27,269 --> 00:40:25,569

professional and I think you must have

940

00:40:29,789 --> 00:40:27,279

been in the studio with the director or

941

00:40:31,769 --> 00:40:29,799

something like that because it's and so

942

00:40:34,650 --> 00:40:31,779

well done indeed of congratulations

943

00:40:37,289 --> 00:40:34,660

because you may remember I make videos

944

00:40:39,920 --> 00:40:37,299

myself so I can salutely certainly

945

00:40:43,200 --> 00:40:39,930

appreciate a good technique and just

946

00:40:45,569 --> 00:40:43,210

before just before we go Massimo can you

947

00:40:48,690 --> 00:40:45,579

tell me a little bit about cheek up the

948

00:40:50,759 --> 00:40:48,700

Italian skeptic organization absolutely

949

00:40:54,690 --> 00:40:50,769

well Chicopee was born like almost 30

950

00:40:56,130 --> 00:40:54,700

years ago and it's the Italian committee

951  
00:40:59,640 --> 00:40:56,140  
for the investigation of claims on

952  
00:41:02,160 --> 00:40:59,650  
pseudoscience it was started by very

953  
00:41:05,190 --> 00:41:02,170  
famous in here in Italy journalists

954  
00:41:07,109 --> 00:41:05,200  
science journals Pierrot Angela and he

955  
00:41:10,849 --> 00:41:07,119  
was able to bring in a Nobel Prize

956  
00:41:14,309 --> 00:41:10,859  
winners and famous people and famously

957  
00:41:17,849 --> 00:41:14,319  
scholars like Umberto Eco and and others

958  
00:41:21,599 --> 00:41:17,859  
and and so it started 30 years ago and

959  
00:41:25,740 --> 00:41:21,609  
today Chicopee is well established we we

960  
00:41:29,700 --> 00:41:25,750  
have about 20 chapters in every region

961  
00:41:32,819 --> 00:41:29,710  
of Italy we have a national festival

962  
00:41:37,259 --> 00:41:32,829  
that draws this this year it drew twelve

963  
00:41:39,059 --> 00:41:37,269

thousand people so we are very active

964

00:41:42,269 --> 00:41:39,069

and produce a lot of material or of

965

00:41:45,150 --> 00:41:42,279

information and we keep on do anything

966

00:41:48,029 --> 00:41:45,160

it's the good thing is that it's growing

967

00:41:49,980 --> 00:41:48,039

so it's it's always growing that's

968

00:41:51,690 --> 00:41:49,990

really great news folks I'll link to

969

00:41:54,180 --> 00:41:51,700

that organization in this week's show

970

00:41:56,580 --> 00:41:54,190

notes and I'll certainly link to stray

971

00:41:59,280 --> 00:41:56,590

972

00:42:01,470 --> 00:41:59,290

started just started with a Massimo

973

00:42:03,890 --> 00:42:01,480

Polydor oh it's it doesn't go to long

974

00:42:06,660 --> 00:42:03,900

which is about 10 minutes or so Massimo

975

00:42:09,600 --> 00:42:06,670

yeah well actually this Randy episode

976

00:42:12,150 --> 00:42:09,610

it's about 20 at 19 minutes oh all right

977

00:42:15,590 --> 00:42:12,160

okay it was it was it was so engaging it

978

00:42:21,270 --> 00:42:18,750

the Italian series it's about 10-15

979

00:42:24,600 --> 00:42:21,280

minutes we'll need it needed a longer

980

00:42:27,540 --> 00:42:24,610

explanation but this is coming every two

981

00:42:31,710 --> 00:42:27,550

987

00:42:46,080 --> 00:42:43,180

and folklore breaking things down and

1005  
00:43:45,970 --> 00:43:43,790  
picking things apart as we skeptics do

1006  
00:43:48,549 --> 00:43:45,980  
we bring a few different perspectives on

1007  
00:43:50,650 --> 00:43:48,559  
things Fletcher for example is a witty

00:43:53,020 --> 00:43:50,660  
cartoonist and Ben is a brilliant writer

1009  
00:43:54,730 --> 00:43:53,030

feeding troughs swearing the strange

1016

00:44:13,350 --> 00:44:17,490

[Music]

1017

00:44:25,500 --> 00:44:22,690

here's Maynard spooky action at the

1018

00:44:30,370 --> 00:44:28,030

now Richard just come up and grab me mal

1019

00:44:32,740 --> 00:44:30,380

I got mal Vickers here and you said that

1020

00:44:34,570 --> 00:44:32,750

a few while ago you asked the skipping

1021

00:44:36,220 --> 00:44:34,580

zone listeners to come to your aid what

1022

00:44:38,590 --> 00:44:36,230

was going on mal tell us a story here

1023

00:44:41,320 --> 00:44:38,600

I've been doing some some research with

1024

00:44:42,910 --> 00:44:41,330

actually directed by Professor Ken

1025

00:44:46,420 --> 00:44:42,920

Harley or dr. Ken Harvey's more commonly

1026  
00:44:48,760 --> 00:44:46,430  
known and I I needed some IT help it was

1027  
00:44:50,650 --> 00:44:48,770  
the research was kind of beyond me there

1028  
00:44:54,430 --> 00:44:50,660  
was some there's actually thousands of

1029  
00:44:58,090 --> 00:44:54,440  
documents on a government website called

1030  
00:44:59,530 --> 00:44:58,100  
the complaints resolution panel and you

1031  
00:45:02,200 --> 00:44:59,540  
know they're kind of the documents were

1032  
00:45:04,990 --> 00:45:02,210  
tucked away they're PDFs and I needed to

1033  
00:45:07,240 --> 00:45:05,000  
look at these overall and do overall

1034  
00:45:11,020 --> 00:45:07,250  
searches on it so I needed to basically

1035  
00:45:13,480 --> 00:45:11,030  
describe the websites and automation

1036  
00:45:15,160 --> 00:45:13,490  
software to do all this specific thing

1037  
00:45:16,930 --> 00:45:15,170  
for yeah and and what's more the

1038  
00:45:20,230 --> 00:45:16,940

complaints resolution panels was going

1039

00:45:21,760 --> 00:45:20,240

to be abolished so we needed to get the

1040

00:45:23,200 --> 00:45:21,770

information quickly and there are no

1041

00:45:25,180 --> 00:45:23,210

assurances that all the information

1042

00:45:28,000 --> 00:45:25,190

wouldn't just disappear overnight when

1043

00:45:30,460 --> 00:45:28,010

when the panel was abolished so so yeah

1044

00:45:33,280 --> 00:45:30,470

ten of the most amazing IT guys came

1045

00:45:34,780 --> 00:45:33,290

forward and I only wanted one actually

1046

00:45:36,340 --> 00:45:34,790

it was looking for one panel just

1047

00:45:37,830 --> 00:45:36,350

through the Skip pick zone was it just

1048

00:45:41,590 --> 00:45:37,840

just for the sketti so and listenership

1049

00:45:43,390 --> 00:45:41,600

and actually I got such a big response I

1050

00:45:45,400 --> 00:45:43,400

had to put these guys together on an

1051

00:45:47,020 --> 00:45:45,410

email list to try and yeah so I could

1052

00:45:48,670 --> 00:45:47,030

tell them all yeah you know this is what

1053

00:45:52,540 --> 00:45:48,680

the projects about this is this is what

1054

00:45:55,000 --> 00:45:52,550

I need done and it was great they from

1055

00:45:57,340 --> 00:45:55,010

all over Australia mostly one guy in

1056

00:45:59,230 --> 00:45:57,350

Ireland came for and said yeah we can we

1057

00:46:00,790 --> 00:45:59,240

can scrape this website for you and as

1058

00:46:03,010 --> 00:46:00,800

the Americans might have said this was

1059

00:46:04,480 --> 00:46:03,020

dudes named Ben from all over the world

1060

00:46:06,610 --> 00:46:04,490

turned up there because I bet there's as

1061

00:46:08,380 --> 00:46:06,620

if some famous congressman and said oh

1062

00:46:10,780 --> 00:46:08,390

there's some dude named Ben who looks

1063

00:46:12,640 --> 00:46:10,790

after my emails and so now whenever IT

1064

00:46:14,470 --> 00:46:12,650

guy comes up I think I dude named Ben

1065

00:46:16,570 --> 00:46:14,480

there could be dudettes named Ben as

1066

00:46:18,190 --> 00:46:16,580

well and so how long did they take to do

1067

00:46:20,200 --> 00:46:18,200

it because time was of the essence time

1068

00:46:22,540 --> 00:46:20,210

was it so the all of these documents

1069

00:46:25,330 --> 00:46:22,550

were grabbed and copied almost

1070

00:46:30,150 --> 00:46:25,340

immediately by several of them actually

1071

00:46:32,470 --> 00:46:30,160

and a guy in particular Dylan Lewis

1072

00:46:34,270 --> 00:46:32,480

duplicated all these documents and put

1073

00:46:37,330 --> 00:46:34,280

the monies on his own website first so

1074

00:46:37,660 --> 00:46:37,340

they're all safe they were you know out

1075

00:46:40,000 --> 00:46:37,670

of

1076  
00:46:42,640 --> 00:46:40,010  
then the the health department's hands

1077  
00:46:45,160 --> 00:46:42,650  
they were you know in a safe place where

1078  
00:46:48,009 --> 00:46:45,170  
I could I could get the copies of them

1079  
00:46:49,660 --> 00:46:48,019  
if you like and then yeah sorry then

1080  
00:46:52,059 --> 00:46:49,670  
that then the real work started and they

1081  
00:46:53,380 --> 00:46:52,069  
actually grabbed all the information out

1082  
00:46:56,019 --> 00:46:53,390  
of these documents and put it in

1083  
00:46:57,910 --> 00:46:56,029  
searchable form actually in an enormous

1084  
00:46:59,500 --> 00:46:57,920  
spreadsheet actually so I could do my

1085  
00:47:01,390 --> 00:46:59,510  
analysis work which is still going on

1086  
00:47:03,099 --> 00:47:01,400  
but it's generating great results and

1087  
00:47:04,930 --> 00:47:03,109  
name some names for thanks or they wish

1088  
00:47:05,470 --> 00:47:04,940

to me remain anonymous they'd be like

1089

00:47:07,180 --> 00:47:05,480

good though

1090

00:47:09,539 --> 00:47:07,190

The Lone Ranger they've got that masked

1091

00:47:12,730 --> 00:47:09,549

on their writing Elena's instance I

1092

00:47:15,430 --> 00:47:12,740

Dylan Dylan Lewis and Matthew Bishop are

1093

00:47:19,660 --> 00:47:15,440

the two main ones who did Matthew there

1094

00:47:22,089 --> 00:47:19,670

you go really really helped both Ken and

1095

00:47:25,779 --> 00:47:22,099

I and you have really valuable

1096

00:47:28,509 --> 00:47:25,789

information so these are complaints

1097

00:47:30,339 --> 00:47:28,519

about products or about doctors and

1098

00:47:32,470 --> 00:47:30,349

doctors behavior or what are the health

1099

00:47:33,849 --> 00:47:32,480

complaints specifically about yeah

1100

00:47:36,130 --> 00:47:33,859

they're actually complaints about

1101

00:47:39,240 --> 00:47:36,140

advertising so right so it's very

1102

00:47:41,170 --> 00:47:39,250

specific the specific therapeutics Goods

1103

00:47:45,009 --> 00:47:41,180

advertising so the kind of products that

1104

00:47:45,759 --> 00:47:45,019

you see in the front of a pharmacy so

1105

00:47:47,890 --> 00:47:45,769

what's gonna

1106

00:47:49,450 --> 00:47:47,900

what's this process now now now that

1107

00:47:51,370 --> 00:47:49,460

change is there no process for

1108

00:47:56,109 --> 00:47:51,380

complaining now or is it double secret

1109

00:47:58,390 --> 00:47:56,119

special stuff the the process is the

1110

00:48:00,999 --> 00:47:58,400

complaints go to the Therapeutic Goods

1111

00:48:02,410 --> 00:48:01,009

Administration directly this power used

1112

00:48:05,400 --> 00:48:02,420

to be kind of independent and they were

1113

00:48:07,930 --> 00:48:05,410

just judging the complaint if you like

1114

00:48:10,089 --> 00:48:07,940

it was always the case if real

1115

00:48:13,630 --> 00:48:10,099

enforcement was needed the the issue

1116

00:48:14,769 --> 00:48:13,640

went to the TGA often they didn't deal

1117

00:48:17,650 --> 00:48:14,779

with it and they didn't deal with it

1118

00:48:20,349 --> 00:48:17,660

very well we want to thank the skeptic

1119

00:48:21,819 --> 00:48:20,359

zone IT listeners for jumping into the

1120

00:48:23,410 --> 00:48:21,829

breach there and is there any way

1121

00:48:24,579 --> 00:48:23,420

anywhere we can go online to have a look

1122

00:48:26,079 --> 00:48:24,589

at the work that's been done or is that

1123

00:48:29,410 --> 00:48:26,089

stuff you're doing privately it's

1124

00:48:31,319 --> 00:48:29,420

actually still ongoing so still still

1125

00:48:33,370 --> 00:48:31,329

essentially crunching the numbers and

1126

00:48:36,759 --> 00:48:33,380

you know looking at it in different ways

1127

00:48:38,349 --> 00:48:36,769

hope to be published fairly soon and yet

1128

00:48:39,819 --> 00:48:38,359

look I'll pass I'll pass the message on

1129

00:48:41,589 --> 00:48:39,829

when when there is something available

1130

00:48:42,940 --> 00:48:41,599

online that people can can look at great

1131

00:48:44,440 --> 00:48:42,950

Thank You Mel if you're ever needing

1132

00:48:45,789 --> 00:48:44,450

your help again come straight to the

1133

00:48:47,259 --> 00:48:45,799

skeptic zone don't talk to me talk to

1134

00:48:52,150 --> 00:48:47,269

Richard he's the guy who gets the stuff

1135

00:48:56,029 --> 00:48:54,410

someone who's scouting up the situation

1136

00:48:58,190 --> 00:48:56,039

today is the size

1137

00:48:59,509 --> 00:48:58,200

Evette d'entre mall and and correct

1138

00:49:00,799 --> 00:48:59,519

pronunciation on the side babe but I

1139

00:49:02,359 --> 00:49:00,809

don't think that was our concern and

1140

00:49:03,859 --> 00:49:02,369

thank you for having me here at at

1141

00:49:06,200 --> 00:49:03,869

Australian skeptics conference very

1142

00:49:09,559 --> 00:49:06,210

exciting I I say our only hope for

1143

00:49:12,650 --> 00:49:09,569

Humanity is we should elect Jeff

1144

00:49:15,620 --> 00:49:12,660

Goldblum be president I think him with

1145

00:49:17,420 --> 00:49:15,630

Nick Cage for his vice-president and

1146

00:49:19,069 --> 00:49:17,430

that I think will save us so I I don't

1147

00:49:21,589 --> 00:49:19,079

know why I have no idea what their

1148

00:49:23,480 --> 00:49:21,599

political stances are but I think that

1149

00:49:24,710 --> 00:49:23,490

William Shatner be in the cabinet I know

1150

00:49:25,069 --> 00:49:24,720

he's Canadian but where would you put

1151

00:49:30,440 --> 00:49:25,079

him

1152

00:49:34,370 --> 00:49:30,450

charge of the FCC because it might take

1153

00:49:36,470 --> 00:49:34,380

him he will take so long well the more

1154

00:49:38,950 --> 00:49:36,480

important the pronounce the pronouncement

1155

00:49:41,749 --> 00:49:38,960

the longer the pause I think we should

1156

00:49:45,319 --> 00:49:41,759

anyone breaks for lunch and that yeah he

1157

00:49:49,460 --> 00:49:45,329

will take so long to tell us his

1158

00:49:52,009 --> 00:49:49,470

pronounced mates like it's I'm just I I

1159

00:49:54,890 --> 00:49:52,019

think it charged the FCC he's he's so

1160

00:49:57,319 --> 00:49:54,900

old and cranky and mad at he blocked me

1161

00:49:58,819 --> 00:49:57,329

on Twitter now what did you point out

1162

00:50:02,690 --> 00:49:58,829

something you didn't he would've did one

1163

00:50:04,700 --> 00:50:02,700

point at I think he was he was of all

1164

00:50:07,640 --> 00:50:04,710

things he was being kind of cranky at

1165

00:50:10,069 --> 00:50:07,650

David Gorski and and Ill did Gorsky I

1166

00:50:12,259 --> 00:50:10,079

love his work and I was just like I

1167

00:50:16,249 --> 00:50:12,269

think oh yeah he found the page on

1168

00:50:18,890 --> 00:50:16,259

Gorsky from from truth wiki which is

1169

00:50:21,289 --> 00:50:18,900

just a bastion of scum murray and

1170

00:50:23,660 --> 00:50:21,299

horribleness and like i was i was like

1171

00:50:25,190 --> 00:50:23,670

how did you find i'm like yes it's on

1172

00:50:26,569 --> 00:50:25,200

the internet it doesn't mean it's true i

1173

00:50:28,309 --> 00:50:26,579

could put it out there that i forget

1174

00:50:30,079 --> 00:50:28,319

exactly what I wrote but like instantly

1175

00:50:31,730 --> 00:50:30,089

banned and like two months later I was

1176

00:50:34,579 --> 00:50:31,740

on the same flight as William Shatner

1177

00:50:35,870 --> 00:50:34,589

and I'm like hi not that not that I

1178

00:50:37,069 --> 00:50:35,880

think William Shatner remembers some

1179

00:50:40,009 --> 00:50:37,079

random idiot that he blocked on the

1180

00:50:42,349 --> 00:50:40,019

internet but I'm like oh nevermind I

1181

00:50:45,230 --> 00:50:42,359

guess I'll never get that autograph now

1182

00:50:48,200 --> 00:50:45,240

well he charges for them now - yeah what

1183

00:50:49,490 --> 00:50:48,210

is the side babe got to cover on youtube

1184

00:50:50,630 --> 00:50:49,500

and around the place that you haven't

1185

00:50:52,370 --> 00:50:50,640

covered oh you're running out of stuff

1186

00:50:54,349 --> 00:50:52,380

there is always gonna be something new

1187

00:50:56,450 --> 00:50:54,359

like like I said there's always you one

1188

00:50:58,849 --> 00:50:56,460

we should be looking out for i well

1189

00:51:00,140 --> 00:50:58,859

let's see right now I mean it's and this

1190

00:51:02,330 --> 00:51:00,150

is kind of unfortunate what's the main

1191

00:51:04,520 --> 00:51:02,340

place where I do my deep dives

1192

00:51:06,560 --> 00:51:04,530

there we have run out of money and

1193

00:51:09,350 --> 00:51:06,570

normally we all of my work has to go

1194

00:51:11,060 --> 00:51:09,360

through a lawyer and a fact-checker and

1195

00:51:13,100 --> 00:51:11,070

four editors we're really careful so we

1196

00:51:15,050 --> 00:51:13,110

don't get sued and I want to get away

1197

00:51:17,150 --> 00:51:15,060

from some of the stuff that I feel can

1198

00:51:19,730 --> 00:51:17,160

get me sued and that's and I mean it's

1199

00:51:21,830 --> 00:51:19,740

so difficult to bulletproof these

1200

00:51:23,450 --> 00:51:21,840

articles like and that's been one of the

1201  
00:51:25,310 --> 00:51:23,460  
harder things so I'm trying to move in a

1202  
00:51:26,630 --> 00:51:25,320  
direction where I still feel like I'm

1203  
00:51:29,090 --> 00:51:26,640  
debunking and still feel like I'm

1204  
00:51:31,040 --> 00:51:29,100  
teaching science without going app

1205  
00:51:32,630 --> 00:51:31,050  
without doing quote takedowns and as

1206  
00:51:33,800 --> 00:51:32,640  
much as those takedowns are so

1207  
00:51:35,930 --> 00:51:33,810  
satisfying

1208  
00:51:37,670 --> 00:51:35,940  
they amid the amount of legal cost in

1209  
00:51:39,860 --> 00:51:37,680  
you to make sure you're gonna be okay at

1210  
00:51:41,630 --> 00:51:39,870  
the end of it yeah when we have to sit

1211  
00:51:44,150 --> 00:51:41,640  
down for like each of these articles

1212  
00:51:46,250 --> 00:51:44,160  
with our you know with with the websites

1213  
00:51:47,720 --> 00:51:46,260

lawyers for a couple of hours like I

1214

00:51:49,700 --> 00:51:47,730

don't even know how much that cost the

1215

00:51:51,650 --> 00:51:49,710

website to do but you know right now the

1216

00:51:53,000 --> 00:51:51,660

website it's a newish website and

1217

00:51:55,730 --> 00:51:53,010

they're going through there they go

1218

00:51:57,380 --> 00:51:55,740

through growing pains so you know I'm

1219

00:51:59,270 --> 00:51:57,390

glad that I solve a writing job but it's

1220

00:52:01,040 --> 00:51:59,280

also making me go you know I have to

1221

00:52:03,530 --> 00:52:01,050

reevaluate what I'm doing do I go and

1222

00:52:05,810 --> 00:52:03,540

find new and interesting science do I do

1223

00:52:07,790 --> 00:52:05,820

I look into emerging fields and say what

1224

00:52:11,120 --> 00:52:07,800

they're you know where they're at now I

1225

00:52:14,060 --> 00:52:11,130

have at the moment a an offer to do some

1226  
00:52:16,430 --> 00:52:14,070  
consulting at a cannabis research lab so

1227  
00:52:19,400 --> 00:52:16,440  
I might do like I know I have to look

1228  
00:52:20,960 --> 00:52:19,410  
into what the COI what is on that if

1229  
00:52:22,370 --> 00:52:20,970  
it's a conflict of interest to tell

1230  
00:52:25,160 --> 00:52:22,380  
people about the science if I'm getting

1231  
00:52:26,810 --> 00:52:25,170  
paid to research it and I'm trying try

1232  
00:52:29,150 --> 00:52:26,820  
to be very careful about conflict of

1233  
00:52:30,830 --> 00:52:29,160  
interest types type stuff fun because if

1234  
00:52:32,270 --> 00:52:30,840  
you think you would tell people and that

1235  
00:52:33,500 --> 00:52:32,280  
would at least they can then make up

1236  
00:52:35,000 --> 00:52:33,510  
their own mind but then again people

1237  
00:52:37,040 --> 00:52:35,010  
could wipe you out straightaway yeah

1238  
00:52:38,930 --> 00:52:37,050

there there are people who are you know

1239

00:52:41,390 --> 00:52:38,940

professional like academic researchers

1240

00:52:43,460 --> 00:52:41,400

who go and do sicom about it but it's a

1241

00:52:44,720 --> 00:52:43,470

guy if I were to write about that I

1242

00:52:46,580 --> 00:52:44,730

would write about it at my own website

1243

00:52:49,010 --> 00:52:46,590

not in any capacity where somebody else

1244

00:52:51,410 --> 00:52:49,020

pays me to to write so it's like that

1245

00:52:53,060 --> 00:52:51,420

way at least I'm keeping at least I'm

1246

00:52:54,770 --> 00:52:53,070

saying you know if you want to if you

1247

00:52:56,690 --> 00:52:54,780

want to quote pay me by coming and

1248

00:52:58,220 --> 00:52:56,700

looking at my website and me getting

1249

00:53:00,380 --> 00:52:58,230

some ad revenue from it I think that's

1250

00:53:02,870 --> 00:53:00,390

an okay place to put that but not and

1251  
00:53:05,540 --> 00:53:02,880  
you know put as a proviso I work in this

1252  
00:53:07,520 --> 00:53:05,550  
industry so it's you know please check

1253  
00:53:10,040 --> 00:53:07,530  
go ahead check all the links check all

1254  
00:53:12,230 --> 00:53:10,050  
the things that I've I've added for for

1255  
00:53:13,370 --> 00:53:12,240  
evidence on this like because I I still

1256  
00:53:15,440 --> 00:53:13,380  
think that it's you know there are so

1257  
00:53:16,130 --> 00:53:15,450  
many myths in the cannabis field like it

1258  
00:53:20,240 --> 00:53:16,140  
doesn't

1259  
00:53:21,800 --> 00:53:20,250  
medicines like you know it's if and I

1260  
00:53:24,020 --> 00:53:21,810  
love that there are some really strong

1261  
00:53:25,880 --> 00:53:24,030  
advocates for it but they do no help to

1262  
00:53:27,530 --> 00:53:25,890  
their case by trying to say that it

1263  
00:53:29,720 --> 00:53:27,540

cures everything because it does not

1264

00:53:30,980 --> 00:53:29,730

care everything it helps with a handful

1265

00:53:33,650 --> 00:53:30,990

of things and it's really really useful

1266

00:53:36,110 --> 00:53:33,660

for those and there's also no problem

1267

00:53:37,640 --> 00:53:36,120

with if adults want to get high like you

1268

00:53:39,200 --> 00:53:37,650

want it you want a drink that's not a

1269

00:53:42,200 --> 00:53:39,210

problem don't get behind the wheel same

1270

00:53:44,750 --> 00:53:42,210

thing with pot hey and where can we find

1271

00:53:46,430 --> 00:53:44,760

the sake of doing this stuff it's well

1272

00:53:48,710 --> 00:53:46,440

at my home of the cat on my lap but

1273

00:53:51,530 --> 00:53:48,720

since I can know it since I can't fit

1274

00:53:54,560 --> 00:53:51,540

you all in there I'm at facebook.com

1275

00:53:56,900 --> 00:53:54,570

slash SCI babe sigh babe calm and over

1276  
00:53:58,760 --> 00:53:56,910  
at Twitter and Instagram at DC babe and

1277  
00:54:00,650 --> 00:53:58,770  
if you want to find my writing I have a

1278  
00:54:05,690 --> 00:54:00,660  
lot of really fun stuff over at the

1279  
00:54:09,319 --> 00:54:08,210  
I'm just backstage now it's still the

1280  
00:54:10,640 --> 00:54:09,329  
first day we're just about to go into

1281  
00:54:12,289 --> 00:54:10,650  
the first lunch break we've got someone

1282  
00:54:15,049 --> 00:54:12,299  
who's coming up this afternoon with a

1283  
00:54:15,829 --> 00:54:15,059  
talk it's Kirsten banks oh yes we had a

1284  
00:54:17,630 --> 00:54:15,839  
chat with you last night

1285  
00:54:19,039 --> 00:54:17,640  
hello how late did the drinks go to go I

1286  
00:54:21,529 --> 00:54:19,049  
believe the drinks decided to get out

1287  
00:54:23,920 --> 00:54:21,539  
here earlier this morning I think well

1288  
00:54:28,249 --> 00:54:23,930

personally I didn't get home until one

1289

00:54:33,859 --> 00:54:28,259

kick going on I think we wrapped up

1290

00:54:35,120 --> 00:54:33,869

around the astronomy thing astronomer

1291

00:54:36,229 --> 00:54:35,130

thing astronomer thing there and you

1292

00:54:37,849 --> 00:54:36,239

were speaking each other's language to

1293

00:54:38,870 --> 00:54:37,859

decide the word bill juice come up in

1294

00:54:40,279 --> 00:54:38,880

the conversation which is one of the

1295

00:54:42,289 --> 00:54:40,289

biggest stars I believe that are around

1296

00:54:44,239 --> 00:54:42,299

surprisingly no it did not come up in

1297

00:54:47,150 --> 00:54:44,249

conversation but I'll tell you what it

1298

00:54:49,370 --> 00:54:47,160

comes up in my talk today relative

1299

00:54:50,690 --> 00:54:49,380

versus all the masses are you not quite

1300

00:54:53,450 --> 00:54:50,700

but you'll see because I was getting

1301

00:54:55,400 --> 00:54:53,460

close to it and you're saying you use

1302

00:54:56,870 --> 00:54:55,410

XSP today with dr. Kalfas every once in

1303

00:54:58,700 --> 00:54:56,880

a while dr. Carr will bring a guest with

1304

00:55:00,380 --> 00:54:58,710

him along on his Thursdays that he

1305

00:55:01,970 --> 00:55:00,390

spends talking to the BBC and a whole

1306

00:55:03,680 --> 00:55:01,980

bunch of science outlets around the

1307

00:55:05,029 --> 00:55:03,690

world what was your contribution when

1308

00:55:06,950 --> 00:55:05,039

you were there with dr. Cal for the day

1309

00:55:11,569 --> 00:55:06,960

when I was there dr. Carr for the day he

1310

00:55:14,809 --> 00:55:11,579

let me join in on his BBC Europe almost

1311

00:55:17,450 --> 00:55:14,819

worldwide extravaganza I was like oh

1312

00:55:19,549 --> 00:55:17,460

okay but luckily he told me after the

1313

00:55:20,809 --> 00:55:19,559

fact when I was joining in talking about

1314

00:55:26,839 --> 00:55:20,819

it saying that you were just live all

1315

00:55:28,700 --> 00:55:26,849

over Europe and you said they had to

1316

00:55:30,109 --> 00:55:28,710

correct him because dr. Califf doesn't

1317

00:55:31,940 --> 00:55:30,119

make too many mistakes but in the area

1318

00:55:33,829 --> 00:55:31,950

of astronomy he might have made one well

1319

00:55:36,950 --> 00:55:33,839

like he said this morning his physics

1320

00:55:38,809 --> 00:55:36,960

not quite that great but it's a number

1321

00:55:40,309 --> 00:55:38,819

the numbers are hard tremor sometimes it

1322

00:55:43,400 --> 00:55:40,319

was just the distance from the earth to

1323

00:55:46,819 --> 00:55:43,410

the Sun someone said 140 million it's

1324

00:55:49,220 --> 00:55:46,829

like it's 150 million kilometers I'm

1325

00:55:51,289 --> 00:55:49,230

sorry that would make a lot if you had

1326  
00:55:52,640 --> 00:55:51,299  
to walk it that's a very true yes what

1327  
00:55:54,499 --> 00:55:52,650  
do you like when calculating orbital

1328  
00:55:55,759 --> 00:55:54,509  
dynamics is that your kind of range to

1329  
00:55:58,279 --> 00:55:55,769  
that you do or is that a bit more for

1330  
00:56:01,099 --> 00:55:58,289  
someone in the mathematical realm well I

1331  
00:56:02,599 --> 00:56:01,109  
like creating computer programs just so

1332  
00:56:04,609 --> 00:56:02,609  
the day I created a solar system model

1333  
00:56:06,769 --> 00:56:04,619  
where you can plug in how big you want

1334  
00:56:08,359 --> 00:56:06,779  
your son to be and it will tell you how

1335  
00:56:10,330 --> 00:56:08,369  
big all the other planets are and how

1336  
00:56:12,760 --> 00:56:10,340  
far away they are from each other but

1337  
00:56:14,740 --> 00:56:12,770  
I love the the Oort cloud because that's

1338  
00:56:15,970 --> 00:56:14,750

where the aliens first turned up from if

1339

00:56:17,800 --> 00:56:15,980

you remember in the independence day

1340

00:56:19,360 --> 00:56:17,810

they first saw the spaceship when it

1341

00:56:21,910 --> 00:56:19,370

came out of the Oort cloud which makes

1342

00:56:23,740 --> 00:56:21,920

it sound like it's an actual cloud where

1343

00:56:25,180 --> 00:56:23,750

you could might see it in there it

1344

00:56:26,800 --> 00:56:25,190

doesn't it's not hidden by that stuff

1345

00:56:28,570 --> 00:56:26,810

because it's there's big gaps between

1346

00:56:29,620 --> 00:56:28,580

everything isn't it there's a lot of

1347

00:56:32,740 --> 00:56:29,630

space in the space that's why we call it

1348

00:56:35,230 --> 00:56:32,750

space yes the thing that amazed me cus I

1349

00:56:36,970 --> 00:56:35,240

thought okay we've got the Voyager one

1350

00:56:39,250 --> 00:56:36,980

or two just speeding away there I think

1351

00:56:41,350 --> 00:56:39,260

it's only a couple of light hours it's

1352

00:56:44,380 --> 00:56:41,360

not a light day away from Earth is it

1353

00:56:47,470 --> 00:56:44,390

it's pretty far I know it's traveling it

1354

00:56:48,940 --> 00:56:47,480

over 61,000 km/h which is incredible

1355

00:56:49,960 --> 00:56:48,950

yeah I can't remember but let's just

1356

00:56:51,190 --> 00:56:49,970

couldn't look it up tell me it's only a

1357

00:56:53,650 --> 00:56:51,200

couple of days and something in light

1358

00:56:54,940 --> 00:56:53,660

travels the ball really and it's in the

1359

00:56:56,170 --> 00:56:54,950

middle of nowhere and I thought well

1360

00:56:57,610 --> 00:56:56,180

haven't you switched it hasn't got a

1361

00:56:58,750 --> 00:56:57,620

readout going so doesn't bump into stuff

1362

00:57:01,600 --> 00:56:58,760

from there when there's nothing above

1363

00:57:04,090 --> 00:57:01,610

until I read it exactly you see those

1364

00:57:06,370 --> 00:57:04,100

sci-fi movies where the protagonist is

1365

00:57:08,170 --> 00:57:06,380

heroically dodging asteroids left right

1366

00:57:10,420 --> 00:57:08,180

and center but really they're not that

1367

00:57:11,290 --> 00:57:10,430

bad it's not that packed now if they

1368

00:57:12,760 --> 00:57:11,300

were that packed they'd be

1369

00:57:14,020 --> 00:57:12,770

gravitationally attract to each other

1370

00:57:15,730 --> 00:57:14,030

and they probably would be really close

1371

00:57:17,920 --> 00:57:15,740

together if they were that close it'd be

1372

00:57:19,930 --> 00:57:17,930

like a Saturn's ring around the entire

1373

00:57:21,850 --> 00:57:19,940

solar system mm-hmm I've been watching

1374

00:57:23,440 --> 00:57:21,860

em space space month on Discovery

1375

00:57:24,580 --> 00:57:23,450

Channel tube and I saw the history the

1376

00:57:26,230 --> 00:57:24,590

Saturn 5 rocket which is kind of

1377

00:57:27,490 --> 00:57:26,240

exciting and it reminded me that it's

1378

00:57:29,200 --> 00:57:27,500

more powerful than anything that made

1379

00:57:30,610 --> 00:57:29,210

sense which is a bit disappointing yes

1380

00:57:32,080 --> 00:57:30,620

so if we could get somewhere with a big

1381

00:57:33,910 --> 00:57:32,090

rocket that's even more powerful than

1382

00:57:36,640 --> 00:57:33,920

Saturn 5 where should we go if we have

1383

00:57:39,430 --> 00:57:36,650

that kind of power again I think we

1384

00:57:40,960 --> 00:57:39,440

should go everyone says Mars but we've

1385

00:57:42,250 --> 00:57:40,970

already sent things to Mars we're doing

1386

00:57:44,230 --> 00:57:42,260

a lot we've done a lot of exploration

1387

00:57:45,700 --> 00:57:44,240

there already I think we should go

1388

00:57:47,020 --> 00:57:45,710

somewhere like one in North Pole of

1389

00:57:48,580 --> 00:57:47,030

Neptune where they got that square

1390

00:57:50,650 --> 00:57:48,590

structure that I think's an alien thing

1391

00:57:53,320 --> 00:57:50,660

true I think we should go to one of

1392

00:57:54,370 --> 00:57:53,330

Jupiter's or Saturn's moons the one that

1393

00:57:56,560 --> 00:57:54,380

we haven't looked at as much as we

1394

00:57:59,020 --> 00:57:56,570

should I think there's one that's like

1395

00:58:00,790 --> 00:57:59,030

shaped as ravioli which would be making

1396

00:58:02,920 --> 00:58:00,800

that obvious I'm not rolling me it's

1397

00:58:06,940 --> 00:58:02,930

legit it's made of ravioli

1398

00:58:10,180 --> 00:58:06,950

oh not made out of huge Italian kitchen

1399

00:58:12,760 --> 00:58:10,190

just in Jupiter look like a boat I

1400

00:58:14,530 --> 00:58:12,770

passed it looks very holy well it looks

1401

00:58:17,050 --> 00:58:14,540

like a piece of ravioli like get a

1402

00:58:19,570 --> 00:58:17,060

little like bump in the middle and out a

1403

00:58:20,770 --> 00:58:19,580

little bit yes great now expecting any

1404

00:58:21,819 --> 00:58:20,780

trouble with this skeptical audience

1405

00:58:23,410 --> 00:58:21,829

because as you know this is

1406

00:58:24,759 --> 00:58:23,420

smarty bums out there to think anyone

1407

00:58:28,749 --> 00:58:24,769

during the Q&A at the end might go ah

1408

00:58:30,069 --> 00:58:28,759

excuse me I'm not sure we'll see if

1409

00:58:31,479 --> 00:58:30,079

you'll tend to be a little bit more

1410

00:58:33,309 --> 00:58:31,489

reserved when they're asking questions

1411

00:58:34,569 --> 00:58:33,319

about my field because they don't want

1412

00:58:37,029 --> 00:58:34,579

to you know say the wrong thing or

1413

00:58:38,229 --> 00:58:37,039

anything which is perfectly fine like

1414

00:58:39,579 --> 00:58:38,239

you said the wrong things like that's

1415

00:58:42,549 --> 00:58:39,589

what's the whole point we're having a

1416

00:58:43,839 --> 00:58:42,559

conversation to allude the fact that we

1417

00:58:46,239 --> 00:58:43,849

get away from saying the wrong thing

1418

00:58:48,609 --> 00:58:46,249

more often so we'll see how it goes

1419

00:58:50,259 --> 00:58:48,619

and just turn astronomer and you have a

1420

00:58:52,059 --> 00:58:50,269

really powerful telescope at home that

1421

00:58:53,559 --> 00:58:52,069

you use were you lucky enough to get one

1422

00:58:54,729 --> 00:58:53,569

as you grew up like a really big one

1423

00:58:57,579 --> 00:58:54,739

with a camera attached what do you got

1424

00:58:59,440 --> 00:58:57,589

at home nothing at the moment but but

1425

00:59:01,180 --> 00:58:59,450

I've gained some money from my 21st

1426

00:59:03,219 --> 00:59:01,190

birthday and I'm just about to buy

1427

00:59:04,690 --> 00:59:03,229

myself my first telescope what are you

1428

00:59:05,859 --> 00:59:04,700

gonna get I mean now what is it within

1429

00:59:07,299 --> 00:59:05,869

the range that you can get because

1430

00:59:09,009 --> 00:59:07,309

there's some powerful stuff and there's

1431

00:59:10,150 --> 00:59:09,019

also optical and digital magnification

1432

00:59:11,799 --> 00:59:10,160

which is very different as well yeah

1433

00:59:16,479 --> 00:59:11,809

yeah so what I'm looking at at the

1434

00:59:18,459 --> 00:59:16,489

moment is a celestron Wi-Fi one this is

1435

00:59:19,930 --> 00:59:18,469

about five inches wide so it could be

1436

00:59:21,400 --> 00:59:19,940

inside the house on the couch and then

1437

00:59:23,289 --> 00:59:21,410

you could just do it all automatically

1438

00:59:24,699 --> 00:59:23,299

that's cool just do it we get fine it's

1439

00:59:26,289 --> 00:59:24,709

great what do you like looking at the

1440

00:59:27,999 --> 00:59:26,299

most isn't the obvious stuff like Venus

1441

00:59:29,680 --> 00:59:28,009

and Jupiter because they're easy and big

1442

00:59:32,589 --> 00:59:29,690

defined or can we actually get great

1443

00:59:33,910 --> 00:59:32,599

stuff further away with the Wi-Fi ones

1444

00:59:35,709 --> 00:59:33,920

and ones that you can actually have a

1445

00:59:37,390 --> 00:59:35,719

program inside of you can tell it to go

1446

00:59:40,089 --> 00:59:37,400

wherever you want so you're not you're

1447

00:59:41,680 --> 00:59:40,099

not yeah you're visually searching

1448

00:59:44,079 --> 00:59:41,690

exactly you're not relying on what you

1449

00:59:45,969 --> 00:59:44,089

can actually physically see okay so yeah

1450

00:59:47,529 --> 00:59:45,979

well and good luck what's up and you

1451

00:59:49,390 --> 00:59:47,539

glad is that your address you were

1452

00:59:51,519 --> 00:59:49,400

talking on is that the indigenous print

1453

00:59:53,289 --> 00:59:51,529

dress this is indigenous print dress it

1454

00:59:56,469 --> 00:59:53,299

is I forget it would have been a lot of

1455

00:59:57,759 --> 00:59:56,479

blue used originally in that well I mean

1456

00:59:59,410 --> 00:59:57,769

because I just cuz I didn't have the

1457

01:00:02,199 --> 00:59:59,420

dyes for blue that's all been a hard one

1458

01:00:04,660 --> 01:00:02,209

yeah you usually paint with oka which is

1459

01:00:06,160 --> 01:00:04,670

like the the sandstone through paint

1460

01:00:07,809 --> 01:00:06,170

that you would make add some water with

1461

01:00:09,910 --> 01:00:07,819

it so usually you get like the Browns

1462

01:00:11,650 --> 01:00:09,920

and the yellow isn't probably could have

1463

01:00:13,390 --> 01:00:11,660

got a blue with some beetle or something

1464

01:00:15,519 --> 01:00:13,400

if you smash something at maybe but yeah

1465

01:00:18,849 --> 01:00:15,529

but it'd be rare rare indeed but this is

1466

01:00:20,709 --> 01:00:18,859

a tree of life dress where it's been

1467

01:00:21,999 --> 01:00:20,719

features the but how does it work so I

1468

01:00:22,239 --> 01:00:22,009

was ending life at the top of the ender

1469

01:00:23,739 --> 01:00:22,249

life

1470

01:00:25,959 --> 01:00:23,749

I'm not really sure where exactly it all

1471

01:00:28,989 --> 01:00:25,969

goes but it represents the trees that

1472

01:00:30,880 --> 01:00:28,999

were used for sacred burial sites mmm so

1473

01:00:34,060 --> 01:00:30,890

it's a very very sacred very important

1474

01:00:35,380 --> 01:00:34,070

sort of painting for our culture right

1475

01:00:36,910 --> 01:00:35,390

thank you very much and good luck out

1476

01:00:38,500 --> 01:00:36,920

there on the stage this afternoon thank

1477

01:00:43,060 --> 01:00:38,510

you I look forward to pumping up the

1478

01:00:44,290 --> 01:00:43,070

crowd dr. Pamela gay as a 21 year old

1479

01:00:45,730 --> 01:00:44,300

rookie up there on stage how do you

1480

01:00:48,550 --> 01:00:45,740

think Kirsten went to explaining

1481

01:00:51,400 --> 01:00:48,560

aboriginal or indigenous astronomy she

1482

01:00:53,560 --> 01:00:51,410

has a poise and a well-timed sense of

1483

01:00:57,040 --> 01:00:53,570

humor that I couldn't even dream up at

1484

01:00:59,800 --> 01:00:57,050

that age it's amazing 21 I couldn't have

1485

01:01:03,100 --> 01:00:59,810

done that now no I I'm 44 and I hope to

1486

01:01:05,110 --> 01:01:03,110

do that tomorrow it's it's amazing to

1487

01:01:07,930 --> 01:01:05,120

see young communicators coming up and

1488

01:01:11,140 --> 01:01:07,940

finding their their own way to talk

1489

01:01:15,100 --> 01:01:11,150

their own way to be themselves and it in

1490

01:01:17,290 --> 01:01:15,110

embrace who they are and with her she's

1491

01:01:20,020 --> 01:01:17,300

uniquely herself and all of us want to

1492

01:01:22,060 --> 01:01:20,030

listen to that and be part of that she's

1493

01:01:23,440 --> 01:01:22,070

an inspiration obviously from a number

1494

01:01:25,300 --> 01:01:23,450

of people that she's seen doing things

1495

01:01:28,000 --> 01:01:25,310

yeah maybe a bit of dr. Carla from his

1496

01:01:29,760 --> 01:01:28,010

pacing I you know I I'm just gonna go

1497

01:01:31,660 --> 01:01:29,770

with it's her and she's awesome

1498

01:01:33,370 --> 01:01:31,670

do you really I have to look for

1499

01:01:35,110 --> 01:01:33,380

inspiration Kirsten you're awesome

1500

01:01:36,520 --> 01:01:35,120

Thanks agreed well hang on did you get

1501  
01:01:38,200 --> 01:01:36,530  
the star on the planet right because I

1502  
01:01:39,700 --> 01:01:38,210  
was thinking because you do do that

1503  
01:01:41,530 --> 01:01:39,710  
every day did you get that which was the

1504  
01:01:43,180 --> 01:01:41,540  
star which was the planet no I got it

1505  
01:01:44,530 --> 01:01:43,190  
totally wrong but I knew which two they

1506  
01:01:45,490 --> 01:01:44,540  
were and I'm going to blame the southern

1507  
01:01:46,960 --> 01:01:45,500  
hemisphere for that

1508  
01:01:48,280 --> 01:01:46,970  
oh yeah so now you're here because you

1509  
01:01:49,720 --> 01:01:48,290  
get a different view of this that is

1510  
01:01:50,680 --> 01:01:49,730  
there anything in you love seeing here

1511  
01:01:54,100 --> 01:01:50,690  
that you can't see in the northern

1512  
01:01:55,540 --> 01:01:54,110  
hemisphere that our skies have got I so

1513  
01:01:57,670 --> 01:01:55,550

the large and small Magellanic Clouds

1514

01:01:59,770 --> 01:01:57,680

are always going to be sweet to me the

1515

01:02:02,410 --> 01:01:59,780

thing that really gets me is the

1516

01:02:04,150 --> 01:02:02,420

tarantula nebula through it like eight

1517

01:02:06,580 --> 01:02:04,160

inch telescope looks like you're looking

1518

01:02:08,410 --> 01:02:06,590

at the face of a tarantula Wow and and

1519

01:02:10,870 --> 01:02:08,420

you just can't see that in the North

1520

01:02:12,100 --> 01:02:10,880

okay that's great yeah it's high up in

1521

01:02:13,360 --> 01:02:12,110

the sea it doesn't mean much to me

1522

01:02:14,950 --> 01:02:13,370

because I'm not much of an astronomer

1523

01:02:16,300 --> 01:02:14,960

right up in the north there doesn't seem

1524

01:02:18,070 --> 01:02:16,310

that much different to me but it is it's

1525

01:02:20,260 --> 01:02:18,080

completely invisible it's completely

1526  
01:02:21,820 --> 01:02:20,270  
different and I mean one of my favorite

1527  
01:02:35,250 --> 01:02:21,830  
thing is just seeing Orion turn on his

1528  
01:02:35,260 --> 01:02:44,470  
[Music]

1529  
01:02:50,030 --> 01:02:46,849  
thank you for listening to the skeptic

1530  
01:02:52,849 --> 01:02:50,040  
zone now another way people listen to

1531  
01:02:55,579 --> 01:02:52,859  
the skeptic zone is via YouTube and all

1532  
01:02:57,589 --> 01:02:55,589  
the episodes what mostly I think I think

1533  
01:03:00,200 --> 01:02:57,599  
yeah probably 90% of the episodes of the

1534  
01:03:01,970 --> 01:03:00,210  
skeptic zone are on YouTube links in

1535  
01:03:03,980 --> 01:03:01,980  
this week's show notes or if you just go

1536  
01:03:06,070 --> 01:03:03,990  
to the skeptic zone TV and look up at

1537  
01:03:09,560 --> 01:03:06,080  
the top you'll see the youtube link and

1538  
01:03:10,040 --> 01:03:09,570

there's always a youtube link on the

1539

01:03:12,920 --> 01:03:10,050

page

1540

01:03:15,200 --> 01:03:12,930

anyway accompanying the episode that's

1541

01:03:17,329 --> 01:03:15,210

another way for you hopefully to enjoy

1542

01:03:19,849 --> 01:03:17,339

the skeptic zone thank you to those

1543

01:03:22,130 --> 01:03:19,859

people who continue to support the

1544

01:03:25,820 --> 01:03:22,140

skeptic zone with micro payments and

1545

01:03:27,650 --> 01:03:25,830

patreon I'm using a new system this week

1546

01:03:30,320 --> 01:03:27,660

to record their what you're hearing at

1547

01:03:32,329 --> 01:03:30,330

the moment and it's all due to the

1548

01:03:34,790 --> 01:03:32,339

generosity of those people who do chip

1549

01:03:36,920 --> 01:03:34,800

in contribute and all the rest of it

1550

01:03:39,920 --> 01:03:36,930

this means a lot to me and also to

1551  
01:03:42,710 --> 01:03:39,930  
Maynard Maynard comdataís you both of us

1552  
01:03:45,260 --> 01:03:42,720  
rely on your generosity to keep both our

1553  
01:03:47,270 --> 01:03:45,270  
podcasts ticking over and I think you

1554  
01:03:49,609 --> 01:03:47,280  
can tell by this week's episode how busy

1555  
01:03:51,710 --> 01:03:49,619  
and how productive mainardi is not only

1556  
01:03:54,050 --> 01:03:51,720  
doing reports for the skeptic zone but

1557  
01:03:56,990 --> 01:03:54,060  
then you'll go home and spend hours and

1558  
01:03:59,540 --> 01:03:57,000  
hours and days editing his own podcasts

1559  
01:04:02,120 --> 01:03:59,550  
at planet Maynard Maynard calm dot a you

1560  
01:04:04,460 --> 01:04:02,130  
check it out coming up on next week's

1561  
01:04:07,280 --> 01:04:04,470  
show more from skeptic on because

1562  
01:04:09,020 --> 01:04:07,290  
Maynard was so busy I think I think

1563  
01:04:10,579 --> 01:04:09,030

we've got an interview with a couple of

1564

01:04:12,890 --> 01:04:10,589

magicians lined up that should be

1565

01:04:14,480 --> 01:04:12,900

interesting also our reporter from the

1566

01:04:16,490 --> 01:04:14,490

Northern Territory a new reporter

1567

01:04:19,780 --> 01:04:16,500

Michelle Franklin I think she's got a

1568

01:04:23,570 --> 01:04:19,790

story concerning cane toads and other

1569

01:04:25,339 --> 01:04:23,580

creatures hmm but for this week

1570

01:04:30,440 --> 01:04:25,349

1589

01:05:32,860 --> 01:05:31,190

hi that was pretty exciting as you know

1590

01:05:34,840 --> 01:05:32,870

I was in an affair bit there boy it was

1591

01:05:36,580 --> 01:05:34,850

hot at two Sheila wasn't it very warm

1592

01:05:38,230 --> 01:05:36,590

there that was something quite spooky

1593

01:05:40,390 --> 01:05:38,240

about that paranormal convention because

1594

01:05:41,890 --> 01:05:40,400

it was so hot we were melting and it was

1595

01:05:43,990 --> 01:05:41,900

great hearing for everybody what they

1596

01:05:45,490 --> 01:05:44,000

believed why they believed and they

1597

01:05:47,590 --> 01:05:45,500

Darius reporting's and things that

1598

01:05:49,300 --> 01:05:47,600

seemed I found it fascinating it was it

1599

01:05:50,740 --> 01:05:49,310

was a good day it was a good day folks I

1600

01:05:52,780 --> 01:05:50,750

always recommend you get our paranormal

1601  
01:05:56,470 --> 01:05:52,790  
convention I've got the ten sided die

1602  
01:05:58,690 --> 01:05:56,480

1603  
01:06:01,060 --> 01:05:58,700

1605  
01:06:06,190 --> 01:06:02,690

1606  
01:06:08,050 --> 01:06:06,200
