

1  
00:00:08,310 --> 00:00:04,789  
clocker

2  
00:00:10,709 --> 00:00:08,320  
whatever happened to winding your watch

3  
00:00:12,070 --> 00:00:10,719  
didn't the clock work wind the battery a

4  
00:00:15,509 --> 00:00:12,080  
notch

5  
00:00:18,150 --> 00:00:15,519  
which way is clockwise on a digital dial

6  
00:00:19,990 --> 00:00:18,160  
and how far is the new fire for an old

7  
00:00:22,150 --> 00:00:20,000  
country mile

8  
00:00:24,950 --> 00:00:22,160  
what did the years do to four percent

9  
00:00:27,670 --> 00:00:24,960  
loans more percent ten percent here come

10  
00:00:29,029 --> 00:00:27,680  
the groans where was the sin in just

11  
00:00:31,830 --> 00:00:29,039  
buying a house

12  
00:00:33,350 --> 00:00:31,840  
now it's mortgage the kids the cat dog

13  
00:00:35,670 --> 00:00:33,360

and spouse

14

00:00:38,549 --> 00:00:35,680

where is the horse which once pulled the

15

00:00:40,310 --> 00:00:38,559

carts with milks clinking bottles and

16

00:00:42,709 --> 00:00:40,320

baker's hot tarts

17

00:00:46,150 --> 00:00:42,719

the clip-clop of hooves in response to

18

00:00:48,630 --> 00:00:46,160

his mate now bread comes in plastic

19

00:00:50,950 --> 00:00:48,640

with a throwaway date

20

00:00:52,150 --> 00:00:50,960

how come those buttons are covering the

21

00:00:54,549 --> 00:00:52,160

phones

22

00:00:57,670 --> 00:00:54,559

where is the handle and what makes those

23

00:00:59,349 --> 00:00:57,680

tones are you extending has become

24

00:01:03,029 --> 00:00:59,359

you're on hold

25

00:01:06,390 --> 00:01:03,039

i'd rather be asked instead of just told

26

00:01:08,469 --> 00:01:06,400

the happening lolly is a long lick away

27

00:01:10,870 --> 00:01:08,479

like tripping his suckers which lasted

28

00:01:12,870 --> 00:01:10,880

all day and tupny bangers hated

29

00:01:15,109 --> 00:01:12,880

letterboxes you know

30

00:01:16,230 --> 00:01:15,119

now i wish the junk mail would just up

31

00:01:18,390 --> 00:01:16,240

and blow

32

00:01:20,630 --> 00:01:18,400

i'm confused by the weights don't know

33

00:01:23,749 --> 00:01:20,640

what i weigh nor how tall i am in a

34

00:01:25,429 --> 00:01:23,759

metrical way or how far it is with a

35

00:01:28,710 --> 00:01:25,439

little shop stood

36

00:01:30,789 --> 00:01:28,720

the little shop's gone like

37

00:01:32,710 --> 00:01:30,799

knocking on wood

38

00:01:35,670 --> 00:01:32,720

we're going through changes and

39

00:01:37,830 --> 00:01:35,680

nothing's the same i'm moving the pieces

40

00:01:40,390 --> 00:01:37,840

without knowing the game

41

00:01:42,149 --> 00:01:40,400

i feel like a cheddar on a nouvelle

42

00:01:44,469 --> 00:01:42,159

cheese board
