

1
00:00:07,190 --> 00:00:04,470
[Applause]

2
00:00:09,270 --> 00:00:07,200
winter time

3
00:00:12,230 --> 00:00:09,280
in your travels did you notice that

4
00:00:14,310 --> 00:00:12,240
today was a bonsai day

5
00:00:17,510 --> 00:00:14,320
the last of autumn's colors being

6
00:00:20,870 --> 00:00:17,520
squeezed out of may and the sun taking

7
00:00:23,509 --> 00:00:20,880
off its overcoat for a last long look

8
00:00:25,109 --> 00:00:23,519
waiting to hang winter upon the prong of

9
00:00:28,310 --> 00:00:25,119
autumn's hook

10
00:00:30,470 --> 00:00:28,320
beautiful air and a sky the color of

11
00:00:32,470 --> 00:00:30,480
skies in your mind

12
00:00:34,069 --> 00:00:32,480
the hue you caught as a child and you

13
00:00:36,470 --> 00:00:34,079

can't leave behind

14
00:00:37,750 --> 00:00:36,480
blending brown where trees dropped some

15
00:00:39,510 --> 00:00:37,760
are on the ground

16
00:00:41,830 --> 00:00:39,520
and the birds are busy teaching the

17
00:00:45,190 --> 00:00:41,840
brood bunched around

18
00:00:47,590 --> 00:00:45,200
don't be fooled if autumn slyly slips

19
00:00:49,670 --> 00:00:47,600
into a summer dress it's last year's

20
00:00:51,270 --> 00:00:49,680
fashion just a flash in the pan there's

21
00:00:52,790 --> 00:00:51,280
a warm caress

22
00:00:55,029 --> 00:00:52,800
before the shawl

23
00:00:56,229 --> 00:00:55,039
shoulder sitting sifts out little bits

24
00:00:59,110 --> 00:00:56,239
of cold

25
00:01:01,750 --> 00:00:59,120
an autumn suddenly looks out of style

26

00:01:04,149 --> 00:01:01,760

and brown and old

27

00:01:06,390 --> 00:01:04,159

darkness comes on a palette of colors

28

00:01:09,350 --> 00:01:06,400

for long winter nights

29

00:01:11,670 --> 00:01:09,360

the cold tones of evening painting stark

30

00:01:14,390 --> 00:01:11,680

and starry sights

31

00:01:17,350 --> 00:01:14,400

before mist the fairy floss kiss

32

00:01:19,510 --> 00:01:17,360

descends its cold clamp
