1
00:00:11,860 --> 00:00:10,480
even though Rockefeller is like you said

2
00:00:15,010 --> 00:00:11,870
the black sheep of the Rockefeller

3
00:00:17,740 --> 00:00:15,020
family he knows he's a rockefeller yeah

4
00:00:18,970 --> 00:00:17,750
yeah yeah and I'm going in - I'm going

5
00:00:20,230 --> 00:00:18,980
in the president's office I'm gonna go

6
00:00:22,510 --> 00:00:20,240
in the president's office and then I

7
00:00:25,120 --> 00:00:22,520
remember bud says he says I said to mr.

8
00:00:26,320 --> 00:00:25,130
Rockefeller said mr. Rockefeller I don't

9
00:00:27,670 --> 00:00:26,330
think it works like that I don't care

10
00:00:29,109 --> 00:00:27,680
I'm gonna I'm going in there and I'm

11
00:00:30,910 --> 00:00:29,119
gonna tell the president I'm gonna I'm

12
00:00:33,549 --> 00:00:30,920
gonna get this thing disclosed and so

13
00:00:35,439 --> 00:00:33,559

when Clinton wins he immediately makes

14

00:00:37,979 --> 00:00:35,449

his move and he because he's a

15

00:00:40,599 --> 00:00:37,989

rockefeller and because he's a big

16

00:00:42,340 --> 00:00:40,609

campaign contributor to the Democratic

17

00:00:44,139 --> 00:00:42,350

Party they've got to deal with this guy

18

00:00:45,759 --> 00:00:44,149

and this is where I get in this thing

19

00:00:47,950 --> 00:00:45,769

the president doesn't know Rockefeller

20

00:00:49,959 --> 00:00:47,960

never deals with the president ever he

21

00:00:52,059 --> 00:00:49,969

never gets to the president he gets cut

22

00:00:55,750 --> 00:00:52,069

off at the pass with this with the

23

00:00:57,910 --> 00:00:55,760

offices of the jack Gibbons who is his

24

00:01:00,579 --> 00:00:57,920

science adviser and whole dodgy just to

25

00:01:04,000 --> 00:01:00,589

clarify you're suggesting that that is a

26

00:01:06,190 --> 00:01:04,010

strategy for this idea of plausible

27

00:01:07,600 --> 00:01:06,200

deniability don't get too close to the

28

00:01:10,450 --> 00:01:07,610

president so the president in this case

29

00:01:13,060 --> 00:01:10,460

Clinton has a very intense interest in

30

00:01:15,880 --> 00:01:13,070

the topic but he knows that because he's

31

00:01:17,380 --> 00:01:15,890

schooled by people around him that will

32

00:01:19,330 --> 00:01:17,390

get you the information you need but you

33

00:01:21,010 --> 00:01:19,340

don't you need to have a little bit of a

34

00:01:23,289 --> 00:01:21,020

distance a little bit of plausible

35

00:01:25,599 --> 00:01:23,299

deniability with this guy so that's how

36

00:01:27,580 --> 00:01:25,609

this thing is then orchestrated and

37

00:01:28,719 --> 00:01:27,590

plays out so please continue there's a

38

00:01:31,120 --> 00:01:28,729

there's a scientist

39

00:01:34,929 --> 00:01:31,130

Ron Pandolfi who I often reference who

40

00:01:36,429 --> 00:01:34,939

was the top scientist and CIA and he was

41

00:01:39,310 --> 00:01:36,439

supposed to be the run the weird desk

42

00:01:41,109 --> 00:01:39,320

all the paranormal phenomena UFOs and

43

00:01:43,899 --> 00:01:41,119

which is interesting because in the in

44

00:01:44,950 --> 00:01:43,909

the CIA it's called phenomenology

45

00:01:46,779 --> 00:01:44,960

it's not called ufos called

46

00:01:48,700 --> 00:01:46,789

phenomenology which is what i say now

47

00:01:50,169 --> 00:01:48,710

it's all the same thing it's all

48

00:01:52,090 --> 00:01:50,179

connected if you know how it all fits

49

00:01:53,819 --> 00:01:52,100

together it's the same thing so he's the

50

00:01:56,980 --> 00:01:53,829

head of the phenomenology department in

51
00:01:59,590 --> 00:01:56,990
handling the UFO FILES and his words are

52
00:02:00,969 --> 00:01:59,600
the president can't be a player he

53
00:02:02,620 --> 00:02:00,979
basically and that's what it comes down

54
00:02:03,849 --> 00:02:02,630
to is that if the president has all

55
00:02:05,469 --> 00:02:03,859
information we don't need to be playing

56
00:02:06,880 --> 00:02:05,479
with answering questions people it's

57
00:02:09,040 --> 00:02:06,890
like Bill Clinton described it to

58
00:02:11,980 --> 00:02:09,050
Rockefeller when he was at the ranch he

59
00:02:14,050 --> 00:02:11,990
said this story is like the tar baby you

60
00:02:15,640 --> 00:02:14,060
touch the star baby or the tar baby you

61
00:02:17,170 --> 00:02:15,650
get stuck to it then you try to get away

62
00:02:19,070 --> 00:02:17,180
from it and all you do is get more

63
00:02:21,330 --> 00:02:19,080

tangled into it

64

00:02:23,400 --> 00:02:21,340

the only Hillary Clinton since thought

65

00:02:25,530 --> 00:02:23,410

to briefing and at that point she says

66

00:02:28,370 --> 00:02:25,540

to him in the next morning according to

67

00:02:31,229 --> 00:02:28,380

what Whitley Strieber reporter said

68

00:02:32,610 --> 00:02:31,239

Hillary says to him now we've listened
