

1
00:00:14,150 --> 00:00:12,740
you have to be able to when you're

2
00:00:15,890 --> 00:00:14,160
listening to a guy talk for two hours

3
00:00:18,529 --> 00:00:15,900
about the research you have to be able

4
00:00:20,900 --> 00:00:18,539
to say okay where was the research and

5
00:00:22,400 --> 00:00:20,910
where was the spin you put on it you

6
00:00:23,590 --> 00:00:22,410
know because you can look at the same

7
00:00:26,960 --> 00:00:23,600
data and come to different conclusions

8
00:00:29,269 --> 00:00:26,970
so it is important to separate data from

9
00:00:31,370 --> 00:00:29,279
conclusion not to go to off the rails on

10
00:00:33,319 --> 00:00:31,380
some of their interpretations and

11
00:00:36,560 --> 00:00:33,329
conclusions when the data doesn't

12
00:00:38,030 --> 00:00:36,570
necessarily get you there so that's kind

13
00:00:41,000 --> 00:00:38,040

of an important aspect of it the other

14

00:00:43,520 --> 00:00:41,010

thing is singular narratives

15

00:00:45,529 --> 00:00:43,530

I am very attracted to singular

16

00:00:47,720 --> 00:00:45,539

narratives the idea that I want to I

17

00:00:49,970 --> 00:00:47,730

want to figure out who is the capstone

18

00:00:51,650 --> 00:00:49,980

of the pyramid that's who it is and

19

00:00:53,420 --> 00:00:51,660

there and everything else is underneath

20

00:00:56,510 --> 00:00:53,430

them and I think that in the

21

00:00:58,639 --> 00:00:56,520

conspiratorial mind is something that a

22

00:01:02,150 --> 00:00:58,649

lot of people gravitate to it's is it

23

00:01:04,670 --> 00:01:02,160

the Jews is it the secret Nazis is it

24

00:01:07,700 --> 00:01:04,680

you know the Jesuits is it something on

25

00:01:10,100 --> 00:01:07,710

the spiritual plane is it Satan well

26

00:01:12,350 --> 00:01:10,110

maybe it's a lot of stuff maybe there's

27

00:01:14,690 --> 00:01:12,360

multiple power centers maybe there is a

28

00:01:16,940 --> 00:01:14,700

Jewish power center that controls

29

00:01:18,679 --> 00:01:16,950

aspects of banking and is trying to get

30

00:01:21,260 --> 00:01:18,689

to the top of the pyramid while there's

31

00:01:23,210 --> 00:01:21,270

also elements of Nazis from Project

32

00:01:25,850 --> 00:01:23,220

Paperclip that are now obviously most of

33

00:01:27,950 --> 00:01:25,860

the American government everybody I hope

34

00:01:30,260 --> 00:01:27,960

you liked the video if you want more
