1
00:00:05,329 --> 00:00:01,610
one of the ways that I tend to think

2
00:00:09,320 --> 00:00:05,339
about power and for apology is you think

3
00:00:11,810 --> 00:00:09,330
about parapsychology it's a discipline

4
00:00:16,220 --> 00:00:11,820
that deals with phenomena that are not

5
00:00:19,250 --> 00:00:16,230
fully explained by the mainstream laws

6
00:00:20,240 --> 00:00:19,260
of rather mainstream explanatory models

7
00:00:22,160 --> 00:00:20,250
of psychology

8
00:00:24,439 --> 00:00:22,170
okay so we're dealing with things like

9
00:00:26,779 --> 00:00:24,449
you know telepathy and sighin things

10
00:00:29,419 --> 00:00:26,789
which mainstream materialist psychology

11
00:00:31,700 --> 00:00:29,429
says can't exist but then the data seems

12
00:00:34,220 --> 00:00:31,710
to suggest that it does so with

13
00:00:35,630 --> 00:00:34,230

anthropology what we're interested in or

14

00:00:37,940 --> 00:00:35,640

with parent apology rather what we're

15

00:00:40,819 --> 00:00:37,950

interested in is phenomena that the

16

00:00:43,970 --> 00:00:40,829

dominant models the dominant explanatory

17

00:00:48,139 --> 00:00:43,980

frameworks of anthropology are not able

18

00:00:49,630 --> 00:00:48,149

to fully explain so sorry the dominant

19

00:00:53,420 --> 00:00:49,640

models that we've got are things like

20

00:00:55,279 --> 00:00:53,430

social functionalism and biomedical

21

00:00:57,139 --> 00:00:55,289

reductionism and all of these kinds of

22

00:00:59,569 --> 00:00:57,149

things these are the like the cognitive

23

00:01:01,369 --> 00:00:59,579

approach again these are the dominant

24

00:01:03,290 --> 00:01:01,379

explanatory frameworks they're used in

25

00:01:06,080 --> 00:01:03,300

anthropology but then when we come to

26

00:01:09,649 --> 00:01:06,090

analyze things like spirit mediumship or

27

00:01:12,080 --> 00:01:09,659

different kinds of parenting of

28

00:01:14,090 --> 00:01:12,090

paranormal phenomena we find that those

29

00:01:16,280 --> 00:01:14,100

explanatory frameworks don't really work

30

00:01:17,870 --> 00:01:16,290

they don't match the data and they don't

31

00:01:20,780 --> 00:01:17,880

really tell us anything about what's

32

00:01:23,450 --> 00:01:20,790

going on so that's where I think parent

33

00:01:25,730 --> 00:01:23,460

apology is it's a it's a dealing with

34

00:01:27,469 --> 00:01:25,740

phenomena that anthropology mainstream
