1  
00:00:09,730 --> 00:00:08,080  
welcome to skeptic oh where we explore

2  
00:00:12,160 --> 00:00:09,740  
controversial science and spirituality

3  
00:00:14,890 --> 00:00:12,170  
with leading researchers thinkers and

4  
00:00:17,050 --> 00:00:14,900  
their critics on this episode I have an

5  
00:00:19,510 --> 00:00:17,060  
interview coming up with dr. Courtney

6  
00:00:21,609 --> 00:00:19,520  
Brown a very well-known and important

7  
00:00:23,679 --> 00:00:21,619  
person inside the remote viewing

8  
00:00:25,569 --> 00:00:23,689  
community and I'm assuming you all know

9  
00:00:27,670 --> 00:00:25,579  
the basics of remote viewing that is

10  
00:00:30,310 --> 00:00:27,680  
this ability to be psychic in a way that

11  
00:00:33,310 --> 00:00:30,320  
the military first used for espionage

12  
00:00:35,470 --> 00:00:33,320  
purposes but now people claim to be able

13  
00:00:37,240 --> 00:00:35,480

to use for all sorts of reasons you can

14

00:00:39,490 --> 00:00:37,250

go in the past and see what really

15

00:00:42,340 --> 00:00:39,500

happened in the JFK assassination or or

16

00:00:44,470 --> 00:00:42,350

on 9/11 which are both projects by the

17

00:00:46,720 --> 00:00:44,480

way that dr. Courtney Brown has carried

18

00:00:49,450 --> 00:00:46,730

out as part of his Farsight Institute or

19

00:00:52,360 --> 00:00:49,460

as some claim you can even look into the

20

00:00:54,130 --> 00:00:52,370

future you can forecast Bitcoin another

21

00:00:56,709 --> 00:00:54,140

thing that dr. Courtney Brown has done

22

00:00:58,599 --> 00:00:56,719

so that's what remote viewing claims do

23

00:01:00,579 --> 00:00:58,609

there's many people who do it Courtney

24

00:01:02,560 --> 00:01:00,589

Brown is one person who's kind of broken

25

00:01:04,570 --> 00:01:02,570

off from the group of military remote

26  
00:01:05,860 --> 00:01:04,580  
viewers that did this for the government

27  
00:01:08,260 --> 00:01:05,870  
he started out with that training but

28  
00:01:10,780 --> 00:01:08,270  
kind of taken it to a whole other level

29  
00:01:13,719 --> 00:01:10,790  
and that's partly because his background

30  
00:01:15,999 --> 00:01:13,729  
as you'll see dr. Brown is also a very

31  
00:01:18,310 --> 00:01:16,009  
respected professor in the kind of

32  
00:01:21,069 --> 00:01:18,320  
mainstream academic way at Emory

33  
00:01:23,770 --> 00:01:21,079  
University where he really again is kind

34  
00:01:25,660 --> 00:01:23,780  
of pioneered some research into advanced

35  
00:01:28,480 --> 00:01:25,670  
nonlinear statistical and dynamic

36  
00:01:30,399 --> 00:01:28,490  
modeling I say that as if I know what it

37  
00:01:32,499 --> 00:01:30,409  
means but he's quite accomplished he's

38  
00:01:34,690 --> 00:01:32,509

an actor and local theatre there in

39

00:01:37,719 --> 00:01:34,700

Atlanta and really beyond Atlanta he's

40

00:01:41,740 --> 00:01:37,729

an illustrator and quite an interesting

41

00:01:44,499 --> 00:01:41,750

guy in a number of ways that I hope will

42

00:01:48,100 --> 00:01:44,509

break down in this upcoming interview

43

00:01:51,819 --> 00:01:48,110

but before we get there I thought I

44

00:01:54,880 --> 00:01:51,829

might offer a bit of a remote viewing

45

00:01:57,249 --> 00:01:54,890

primer or skeptic Oh style since I've

46

00:01:59,319 --> 00:01:57,259

been looking at this field for a long

47

00:02:01,300 --> 00:01:59,329

time and reporting on it on this show

48

00:02:03,520 --> 00:02:01,310

and really just trying to figure it out

49

00:02:05,740 --> 00:02:03,530

and reporting to you what I found I

50

00:02:09,219 --> 00:02:05,750

thought I might share some clips from

51  
00:02:11,950 --> 00:02:09,229  
previous episodes and try and tie those

52  
00:02:15,250 --> 00:02:11,960  
together in a way that might set the

53  
00:02:19,070 --> 00:02:15,260  
stage for some of the questions I have

54  
00:02:21,050 --> 00:02:19,080  
for Courtney so let me start here

55  
00:02:23,030 --> 00:02:21,060  
it's a clip from an interview I did a

56  
00:02:25,100 --> 00:02:23,040  
couple years back with Lloyd

57  
00:02:27,620 --> 00:02:25,110  
Auerbach it was quite an interesting guy

58  
00:02:30,200 --> 00:02:27,630  
on his own paranormal researcher author

59  
00:02:35,810 --> 00:02:30,210  
and in particular an author of a book

60  
00:02:37,910 --> 00:02:35,820  
titled ESP Wars east and west it is true

61  
00:02:40,100 --> 00:02:37,920  
that that we got involved in this partly

62  
00:02:42,430 --> 00:02:40,110  
because of fear that the Russians were

63  
00:02:45,170 --> 00:02:42,440

getting somewhere they had been spending

64

00:02:48,890 --> 00:02:45,180

effectively billions of dollars from the

65

00:02:51,380 --> 00:02:48,900

60s onward there's an indication that

66

00:02:53,810 --> 00:02:51,390

part of how they even got involved in

67

00:02:56,000 --> 00:02:53,820

this interestingly enough is because we

68

00:02:57,620 --> 00:02:56,010

released intelligence that we were doing

69

00:03:01,040 --> 00:02:57,630

testing with we were actually we're not

70

00:03:03,320 --> 00:03:01,050

doing in the early 60s that scared the

71

00:03:04,699 --> 00:03:03,330

Russians into spending money and going

72

00:03:07,280 --> 00:03:04,709

in that direction the idea being that

73

00:03:09,380 --> 00:03:07,290

this rumor that we would put out there

74

00:03:12,290 --> 00:03:09,390

to the Soviets would actually get them

75

00:03:14,060 --> 00:03:12,300

on a path of dead end they'd spend money

76  
00:03:15,680 --> 00:03:14,070  
and time and energy on something that

77  
00:03:17,660 --> 00:03:15,690  
was that according to our experts

78  
00:03:19,610 --> 00:03:17,670  
probably had no validation whatsoever

79  
00:03:21,710 --> 00:03:19,620  
and then we start hearing things from

80  
00:03:25,100 --> 00:03:21,720  
the Soviet Union apparently that they

81  
00:03:28,310 --> 00:03:25,110  
were having success so this is one part

82  
00:03:31,070 --> 00:03:28,320  
of the remote-viewing story that we can

83  
00:03:34,009 --> 00:03:31,080  
hang our hat on and that is that at the

84  
00:03:36,530 --> 00:03:34,019  
end of the day remote viewing is really

85  
00:03:39,050 --> 00:03:36,540  
just being psychic right I mean it's

86  
00:03:41,630 --> 00:03:39,060  
just doing the stuff that psychics do

87  
00:03:44,150 --> 00:03:41,640  
looking into the future maybe looking

88  
00:03:47,180 --> 00:03:44,160

into the past maybe looking at places

89

00:03:51,340 --> 00:03:47,190

and things that are non-local but that

90

00:03:54,530 --> 00:03:51,350

they have some ability to perceive so if

91

00:03:57,380 --> 00:03:54,540

remote viewing is really about a

92

00:03:59,949 --> 00:03:57,390

different way of being psychic then I

93

00:04:04,690 --> 00:03:59,959

think we can start to understand why

94

00:04:08,330 --> 00:04:04,700

government intelligence agencies CIA dia

95

00:04:11,360 --> 00:04:08,340

CIA's intelligence agencies why they

96

00:04:14,270 --> 00:04:11,370

might be interested in the ability to

97

00:04:17,570 --> 00:04:14,280

spy on somebody psychically

98

00:04:19,090 --> 00:04:17,580

I mean there's some awesome advantages

99

00:04:22,969 --> 00:04:19,100

to that which you can immediately

100

00:04:24,770 --> 00:04:22,979

understand right one is you're not going

101  
00:04:26,300 --> 00:04:24,780  
to risk being caught or at least you're

102  
00:04:28,310 --> 00:04:26,310  
not going to risk it as much there's all

103  
00:04:29,810 --> 00:04:28,320  
sorts of questions about whether you

104  
00:04:32,240 --> 00:04:29,820  
could tell if someone was trying to

105  
00:04:32,989 --> 00:04:32,250  
psychically spy on you but leaving that

106  
00:04:35,689 --> 00:04:32,999  
aside

107  
00:04:39,049 --> 00:04:35,699  
I mean it's completely clandestine

108  
00:04:42,829 --> 00:04:39,059  
spying and number two from a just

109  
00:04:44,689 --> 00:04:42,839  
logistics standpoint it's fantastic it's

110  
00:04:47,749 --> 00:04:44,699  
non-local it's instantaneous

111  
00:04:49,850 --> 00:04:47,759  
we can sit Joe mechanical down who

112  
00:04:51,499 --> 00:04:49,860  
happens to be psychic spy number zero

113  
00:04:51,799 --> 00:04:51,509

zero one but we'll get to that in a

114

00:04:55,459 --> 00:04:51,809  
minute

115

00:04:58,339 --> 00:04:55,469  
and we can say Joe go in your psychic

116

00:05:02,839 --> 00:04:58,349  
consciousness and view this submarine

117

00:05:05,899 --> 00:05:02,849  
base in Russia and tell us what's going

118

00:05:09,589 --> 00:05:05,909  
on there which he did and there's some

119

00:05:12,889 --> 00:05:09,599  
amazing drawings of what he was able to

120

00:05:14,629 --> 00:05:12,899  
psychically receive and give to the

121

00:05:18,049 --> 00:05:14,639  
handlers who were asking for that

122

00:05:21,109 --> 00:05:18,059  
information so that part of it is what

123

00:05:24,709 --> 00:05:21,119  
we generally understand as remote

124

00:05:28,819 --> 00:05:24,719  
viewing that is being psychic in a way

125

00:05:31,489 --> 00:05:28,829  
that these intelligence agencies wanted

126

00:05:35,059 --> 00:05:31,499

people to be psychic and a lot of that

127

00:05:38,479 --> 00:05:35,069

research is often connected to Stanford

128

00:05:41,329 --> 00:05:38,489

Research Institute SR I helped put off

129

00:05:43,549 --> 00:05:41,339

Russell Targ to the guys who are most

130

00:05:45,829 --> 00:05:43,559

often mentioned in connection with that

131

00:05:47,929 --> 00:05:45,839

research and by the way in case you

132

00:05:51,679 --> 00:05:47,939

don't know I mean these two guys are

133

00:05:54,769 --> 00:05:51,689

really really accomplished scientist in

134

00:05:57,469 --> 00:05:54,779

their own fields their world known and

135

00:05:59,449 --> 00:05:57,479

highly respected and then their careers

136

00:06:02,269 --> 00:05:59,459

kind of took this other direction as

137

00:06:04,189 --> 00:06:02,279

they got pulled into all these crazy

138

00:06:06,649 --> 00:06:04,199

projects with Stanford Research

139

00:06:08,419 --> 00:06:06,659

Institute which you know every time I

140

00:06:11,779 --> 00:06:08,429

say this stuff I kind of hesitate

141

00:06:14,479 --> 00:06:11,789

because I know like 1/10 of the story

142

00:06:16,879 --> 00:06:14,489

here and every time you talk to someone

143

00:06:21,009 --> 00:06:16,889

who was there and knows more about it

144

00:06:26,529 --> 00:06:21,019

they give you another side of the story

145

00:06:29,259 --> 00:06:26,539

for example we were at the SSRI

146

00:06:33,350 --> 00:06:29,269

cafeteria you know having having lunch

147

00:06:36,139 --> 00:06:33,360

and a big round table and Geller was

148

00:06:38,659 --> 00:06:36,149

across the table from me and you know

149

00:06:42,109 --> 00:06:38,669

suddenly says I want to do an experiment

150

00:06:43,459 --> 00:06:42,119

with you Jacque so this is a great story

151  
00:06:46,580 --> 00:06:43,469  
and you'll hear the whole thing in this

152  
00:06:48,350 --> 00:06:46,590  
interview but let me cut to the chase so

153  
00:06:50,930 --> 00:06:48,360  
Geller instructs Valais how to do this

154  
00:06:52,040 --> 00:06:50,940  
little experiment and it works so they

155  
00:06:54,320 --> 00:06:52,050  
take the next step

156  
00:06:56,030 --> 00:06:54,330  
they're right there in the SR ihcafe

157  
00:06:58,190 --> 00:06:56,040  
which kind of blows me away I mean

158  
00:07:01,010 --> 00:06:58,200  
they're sitting down having lunch and

159  
00:07:02,930 --> 00:07:01,020  
they go well what that we have some

160  
00:07:04,610 --> 00:07:02,940  
envelopes left over from the experiment

161  
00:07:07,370 --> 00:07:04,620  
we were just running let's use one of

162  
00:07:09,950 --> 00:07:07,380  
those see what happens I'm going to send

163  
00:07:13,070 --> 00:07:09,960

it in two things I'm going to send the

164

00:07:14,630 --> 00:07:13,080

whale change the century of fish I know

165

00:07:17,060 --> 00:07:14,640

a whale isn't the finish but you know

166

00:07:19,250 --> 00:07:17,070

I'm going I'm going to send the fish and

167

00:07:21,710 --> 00:07:19,260

I'm going to send the watershed that I

168

00:07:23,330 --> 00:07:21,720

see through the window Geller said all

169

00:07:25,850 --> 00:07:23,340

of a sudden he was all business

170

00:07:28,610 --> 00:07:25,860

he took his pencil and he drew something

171

00:07:30,350 --> 00:07:28,620

and he says look I'm going to draw it

172

00:07:32,420 --> 00:07:30,360

I'm getting but I'm not getting one

173

00:07:34,280 --> 00:07:32,430

thing I'm getting two things I'm getting

174

00:07:37,940 --> 00:07:34,290

the fish and then I'm getting a water

175

00:07:41,210 --> 00:07:37,950

jet so he drew the two things he didn't

176

00:07:44,420 --> 00:07:41,220

draw the target there was no way he

177

00:07:48,560 --> 00:07:44,430

could have known that I did not send him

178

00:07:52,850 --> 00:07:48,570

the target I sent him two things that I

179

00:07:54,890 --> 00:07:52,860

made up and that's what he got that's

180

00:07:58,580 --> 00:07:54,900

Jacques Vallee talking about his

181

00:08:01,580 --> 00:07:58,590

impromptu experiment with Uri Geller now

182

00:08:04,010 --> 00:08:01,590

hurry Geller is such another interesting

183

00:08:07,130 --> 00:08:04,020

figure that kind of is on the side of

184

00:08:09,620 --> 00:08:07,140

this but takes this story in another

185

00:08:12,410 --> 00:08:09,630

different direction that I thought would

186

00:08:15,290 --> 00:08:12,420

be interesting and we might even ask

187

00:08:18,680 --> 00:08:15,300

today's guest dr. Courtney brown to

188

00:08:20,330 --> 00:08:18,690

comment on some of this history but here

189

00:08:24,350 --> 00:08:20,340

goes here's the connection with

190

00:08:25,880 --> 00:08:24,360

irregular in episode 370 of skeptical

191

00:08:27,830 --> 00:08:25,890

you remember that we spoke with Gregg

192

00:08:30,920 --> 00:08:27,840

malossi who's making a documentary about

193

00:08:33,740 --> 00:08:30,930

aundrea Padraic who was loosely

194

00:08:36,050 --> 00:08:33,750

connected with the MK ULTRA program

195

00:08:38,180 --> 00:08:36,060

because he was a professor at

196

00:08:39,650 --> 00:08:38,190

Northwestern University at the time and

197

00:08:42,830 --> 00:08:39,660

they were doing all sorts of things and

198

00:08:46,370 --> 00:08:42,840

one of the things he was tasked with was

199

00:08:49,220 --> 00:08:46,380

to find psychics and he goes over to

200

00:08:52,730 --> 00:08:49,230

Israel and he finds this amazing psychic

201

00:08:55,100 --> 00:08:52,740

Uri Geller who is known to Israeli

202

00:08:57,890 --> 00:08:55,110

intelligence that is the Mossad but

203

00:08:59,180 --> 00:08:57,900

nonetheless finds Geller introduces him

204

00:09:00,380 --> 00:08:59,190

to the folks at Stanford Research

205

00:09:03,590 --> 00:09:00,390

Institute

206

00:09:05,960 --> 00:09:03,600

and then they're off doing this psychic

207

00:09:08,480 --> 00:09:05,970

stuff again remember they're tasked with

208

00:09:11,660 --> 00:09:08,490

psychic spying because it's kind of a

209

00:09:14,480 --> 00:09:11,670

good thing but now the connection here

210

00:09:17,210 --> 00:09:14,490

with MKULTRA and it's a loose connection

211

00:09:19,250 --> 00:09:17,220

folks I'm not trying to make it more

212

00:09:21,560 --> 00:09:19,260

than it is but I don't want to make it

213

00:09:24,770 --> 00:09:21,570

less than it is because there is this

214

00:09:29,360 --> 00:09:24,780

whole movement at this time to try and

215

00:09:33,170 --> 00:09:29,370

understand utilize operationalize dare I

216

00:09:36,320 --> 00:09:33,180

say weaponize extended consciousness and

217

00:09:37,640 --> 00:09:36,330

it's all part of that so dr. Russell

218

00:09:40,160 --> 00:09:37,650

Targ has said hey we weren't doing

219

00:09:42,020 --> 00:09:40,170

anything with MKULTRA and maybe he

220

00:09:44,330 --> 00:09:42,030

wasn't or maybe he wasn't knowingly

221

00:09:46,700 --> 00:09:44,340

doing it but I think we can find those

222

00:09:48,920 --> 00:09:46,710

connections there and I think that's

223

00:09:52,760 --> 00:09:48,930

interesting and the other thing about

224

00:09:55,070 --> 00:09:52,770

that story that's interesting is we all

225

00:09:58,010 --> 00:09:55,080

know Jacques Vallee we trust Jacque

226

00:10:01,640 --> 00:09:58,020

ballet he's a smart guy if he sat there

227

00:10:05,240 --> 00:10:01,650

in the cafeteria and irregular was able

228

00:10:08,330 --> 00:10:05,250

to do that then that means something and

229

00:10:09,860 --> 00:10:08,340

of course we already know that Erie

230

00:10:12,860 --> 00:10:09,870

Geller could do all this stuff because

231

00:10:15,950 --> 00:10:12,870

Targ and Puthoff tested them and it's

232

00:10:19,010 --> 00:10:15,960

not that hard to test somebody and if

233

00:10:20,570 --> 00:10:19,020

you go back and watch the videos that

234

00:10:24,110 --> 00:10:20,580

they've published and we did a show on

235

00:10:26,060 --> 00:10:24,120

of the tests they did you can see that

236

00:10:28,190 --> 00:10:26,070

number one the protocol for those tests

237

00:10:30,920 --> 00:10:28,200

is not that hard these scientists are

238

00:10:34,040 --> 00:10:30,930

more than capable of carrying out those

239

00:10:36,440 --> 00:10:34,050

tests so the only conclusion we can come

240

00:10:39,260 --> 00:10:36,450

to is that all this stuff was really

241

00:10:42,050 --> 00:10:39,270

happening at s RI during the 70s and the

242

00:10:44,590 --> 00:10:42,060

80s and the 90s which is again if you're

243

00:10:47,750 --> 00:10:44,600

just open minded and fair-minded is

244

00:10:50,270 --> 00:10:47,760

established fact at this point despite

245

00:10:52,190 --> 00:10:50,280

what you might read on Wikipedia but

246

00:10:55,670 --> 00:10:52,200

there's really another story to tell

247

00:10:59,210 --> 00:10:55,680

here and that story is best teed up by

248

00:11:01,400 --> 00:10:59,220

yet another skeptic Oh clip what happens

249

00:11:02,900 --> 00:11:01,410

is Wilbur Smith is running the Canadian

250

00:11:06,080 --> 00:11:02,910

government and then they call the Flying

251  
00:11:08,210 --> 00:11:06,090  
Saucer program so he's the top guy for

252  
00:11:10,040 --> 00:11:08,220  
the department transport he goes to the

253  
00:11:12,290 --> 00:11:10,050  
Americans and he goes through there and

254  
00:11:14,360 --> 00:11:12,300  
according to according to what Wilbur

255  
00:11:16,490 --> 00:11:14,370  
Smith got the file comes back and

256  
00:11:18,950 --> 00:11:16,500  
Smith writes his document and says we've

257  
00:11:20,870 --> 00:11:18,960  
talked to American officials and they

258  
00:11:22,940 --> 00:11:20,880  
have told us the following items flying

259  
00:11:25,010 --> 00:11:22,950  
saucers exist so most highly classified

260  
00:11:26,620 --> 00:11:25,020  
subject in United States rated two

261  
00:11:28,880 --> 00:11:26,630  
points higher than the hydrogen bomb

262  
00:11:30,170 --> 00:11:28,890  
it's of tremendous significance to the

263  
00:11:32,150 --> 00:11:30,180

Americans and there's a small group

264

00:11:33,890 --> 00:11:32,160

headed by dr. Vannevar Bush he's running

265

00:11:36,740 --> 00:11:33,900

the program and then this thing which I

266

00:11:38,420 --> 00:11:36,750

wouldn't realize until 2012 was the next

267

00:11:40,490 --> 00:11:38,430

line in a document says and we were also

268

00:11:42,019 --> 00:11:40,500

told by American officials that other

269

00:11:44,960 --> 00:11:42,029

things might be associated with the

270

00:11:47,510 --> 00:11:44,970

flying saucers such as mental phenomena

271

00:11:49,220 --> 00:11:47,520

now the key part to that is that now we

272

00:11:52,040 --> 00:11:49,230

sort of know aliens are telepathic

273

00:11:53,780 --> 00:11:52,050

do you have a contact these experiencers

274

00:11:55,640 --> 00:11:53,790

abductees all these people are talking

275

00:11:58,910 --> 00:11:55,650

about these aliens being telepathic but

276

00:12:00,410 --> 00:11:58,920

in 1950 the first abductees would not be

277

00:12:02,660 --> 00:12:00,420

known until Betty and Barney Hills came

278

00:12:04,700 --> 00:12:02,670

a book came out in the mid 1960s the

279

00:12:06,440 --> 00:12:04,710

first contactees who said you know

280

00:12:08,030 --> 00:12:06,450

they've got provides on flying saucers

281

00:12:10,190 --> 00:12:08,040

and stuff like would not appear until

282

00:12:11,510 --> 00:12:10,200

about a week after the detonation of the

283

00:12:14,090 --> 00:12:11,520

hydrogen bomb suddenly all these people

284

00:12:15,829 --> 00:12:14,100

appear but in 1950 there was nobody in

285

00:12:17,720 --> 00:12:15,839

the public who was saying I'm talking to

286

00:12:20,180 --> 00:12:17,730

aliens and aliens are telepathic then of

287

00:12:21,980 --> 00:12:20,190

course is UFO researcher grant Cameron

288

00:12:24,829 --> 00:12:21,990

who you may know if you've listened to

289

00:12:28,190 --> 00:12:24,839

this show for very long and he's talking

290

00:12:30,470 --> 00:12:28,200

about I think this very very important

291

00:12:32,960 --> 00:12:30,480

piece of history which is the Wilbert

292

00:12:35,960 --> 00:12:32,970

Smith memo and the one thing I would add

293

00:12:39,260 --> 00:12:35,970

to what grant just said is that if we

294

00:12:42,620 --> 00:12:39,270

look at the Wilbert Smith memo in light

295

00:12:46,190 --> 00:12:42,630

of this larger umbrella of MKULTRA and

296

00:12:48,800 --> 00:12:46,200

this interest in consciousness mind kind

297

00:12:51,380 --> 00:12:48,810

of stuff which also ties into the

298

00:12:54,230 --> 00:12:51,390

interest in remote viewing and Marie

299

00:12:57,110 --> 00:12:54,240

Geller kind of stuff and if you put that

300

00:12:59,900 --> 00:12:57,120

in a further context of the present day

301

00:13:02,930 --> 00:12:59,910

disclosure movement where the New York

302

00:13:05,269 --> 00:13:02,940

Times is telling us yes UFOs are real

303

00:13:07,880 --> 00:13:05,279

here's the video that the Defense

304

00:13:10,910 --> 00:13:07,890

Department has released if we put it in

305

00:13:13,130 --> 00:13:10,920

that context it puts a little bit of a

306

00:13:15,769 --> 00:13:13,140

different spin on the Wilbert Smith may

307

00:13:18,500 --> 00:13:15,779

because any lingering doubts we may have

308

00:13:20,930 --> 00:13:18,510

had about the authenticity of that memo

309

00:13:23,900 --> 00:13:20,940

really have to be put aside I mean we

310

00:13:26,390 --> 00:13:23,910

are in a post disclosure world so how

311

00:13:29,840 --> 00:13:26,400

could we even imagine that that document

312

00:13:32,510 --> 00:13:29,850

isn't genuine so that'll fill in some of

313

00:13:35,660 --> 00:13:32,520

the background of remote viewing but it

314

00:13:37,840 --> 00:13:35,670

won't quite get us to the point that I

315

00:13:40,670 --> 00:13:37,850

want to get to in this upcoming

316

00:13:42,920 --> 00:13:40,680

interview with dr. Courtney brown

317

00:13:46,070 --> 00:13:42,930

because there's one other clip I want to

318

00:13:49,460 --> 00:13:46,080

play for you and it's the bridge to the

319

00:13:53,690 --> 00:13:49,470

larger questions about what remote

320

00:13:56,750 --> 00:13:53,700

viewing means here's the clip so when I

321

00:14:00,260 --> 00:13:56,760

started my interview what I came to find

322

00:14:03,530 --> 00:14:00,270

out was that they had opened a package

323

00:14:06,920 --> 00:14:03,540

that was inserted in my mighty 201 file

324

00:14:09,800 --> 00:14:06,930

my personnel file what had happened

325

00:14:13,220 --> 00:14:09,810

after my NDE is all of the all of these

326

00:14:16,780 --> 00:14:13,230

psychiatric reports and all of the final

327

00:14:20,870 --> 00:14:16,790

assessments as to what my experience was

328

00:14:24,890 --> 00:14:20,880

had been put into a permanently sealed

329

00:14:27,350 --> 00:14:24,900

file with a red stripe across it and it

330

00:14:29,180 --> 00:14:27,360

said not to be open except by commander

331

00:14:33,530 --> 00:14:29,190

of the Intelligence and Security Command

332

00:14:35,470 --> 00:14:33,540

and when they obtained my file what they

333

00:14:37,880 --> 00:14:35,480

did is that was the first thing that

334

00:14:39,890 --> 00:14:37,890

that lieutenant he was a lieutenant at

335

00:14:42,710 --> 00:14:39,900

the time lieutenant Atwater opened was

336

00:14:46,220 --> 00:14:42,720

that was that file and they were very

337

00:14:49,460 --> 00:14:46,230

pleased to find that I had had this this

338

00:14:53,140 --> 00:14:49,470

experience in 1970 because it meant that

339

00:14:59,150 --> 00:14:53,150

I was one of those special people that

340

00:15:02,840 --> 00:14:59,160

historically were able to probably do

341

00:15:05,600 --> 00:15:02,850

exactly what they were looking for this

342

00:15:08,180 --> 00:15:05,610

is an important story an important bit

343

00:15:11,180 --> 00:15:08,190

of history and it's so controversial

344

00:15:13,430 --> 00:15:11,190

that even Edie Mae who I interviewed on

345

00:15:15,650 --> 00:15:13,440

this show and was running the Stargate

346

00:15:19,430 --> 00:15:15,660

program when geomechanical was there

347

00:15:21,650 --> 00:15:19,440

couldn't really grok this if you go back

348

00:15:24,470 --> 00:15:21,660

and listen to that very contentious

349

00:15:26,060 --> 00:15:24,480

interview that I had with him he was in

350

00:15:29,690 --> 00:15:26,070

complete denial I mean he not only

351  
00:15:33,140 --> 00:15:29,700  
slammed Dean Radin and withdrew into

352  
00:15:35,960 --> 00:15:33,150  
this scientific materialism shell but he

353  
00:15:38,450 --> 00:15:35,970  
even found it very hard to accept the

354  
00:15:40,040 --> 00:15:38,460  
account of his colleague of Joe

355  
00:15:42,560 --> 00:15:40,050  
mechanical who said this

356  
00:15:46,070 --> 00:15:42,570  
exactly what happened and the reason is

357  
00:15:50,060 --> 00:15:46,080  
because Joe's story really bridges us

358  
00:15:52,790 --> 00:15:50,070  
from this geeky techie we do remote

359  
00:15:56,060 --> 00:15:52,800  
viewing cuz it technically does this in

360  
00:15:59,210 --> 00:15:56,070  
that to the challenges we have of saying

361  
00:16:01,850 --> 00:15:59,220  
anything intelligent about these

362  
00:16:04,220 --> 00:16:01,860  
extended consciousness realms let me

363  
00:16:08,509 --> 00:16:04,230

explain what I mean so Joe mechanical

364

00:16:10,490 --> 00:16:08,519

has the NDE and becomes psychic how many

365

00:16:12,650 --> 00:16:10,500

times have you heard that story if

366

00:16:14,960 --> 00:16:12,660

you've studied the near-death experience

367

00:16:17,540 --> 00:16:14,970

science literature at all you know

368

00:16:22,460 --> 00:16:17,550

you're much more likely to be psychic

369

00:16:26,150 --> 00:16:22,470

after an NDE than before your NDE well

370

00:16:29,360 --> 00:16:26,160

what's up with that if we dig deeper and

371

00:16:32,420 --> 00:16:29,370

try and understand the spirituality of

372

00:16:36,259 --> 00:16:32,430

the near-death experience and connect

373

00:16:38,990 --> 00:16:36,269

that to the military intelligence aspect

374

00:16:41,300 --> 00:16:39,000

we're left with the kind of questions

375

00:16:45,170 --> 00:16:41,310

that I guess I have for Cortney in terms

376

00:16:48,530 --> 00:16:45,180

of how are we to juggle these two worlds

377

00:16:50,510 --> 00:16:48,540

you know of the many amazing videos that

378

00:16:53,630 --> 00:16:50,520

dr. Courtney brown has published on his

379

00:16:56,150 --> 00:16:53,640

Farsight website one of the ones that

380

00:16:58,819 --> 00:16:56,160

really caught my attention and made me

381

00:17:01,490 --> 00:16:58,829

want to dive into this show was one that

382

00:17:03,769 --> 00:17:01,500

didn't have all the fireworks of remote

383

00:17:07,520 --> 00:17:03,779

viewing Mars or the Dark Side of the

384

00:17:10,340 --> 00:17:07,530

Moon or Jesus's life all targets that

385

00:17:12,590 --> 00:17:10,350

he's had and has provided some amazing

386

00:17:14,870 --> 00:17:12,600

information about through his remote

387

00:17:18,260 --> 00:17:14,880

viewing sessions but the one that really

388

00:17:20,809 --> 00:17:18,270

caught my attention was the one about

389

00:17:24,460 --> 00:17:20,819

the Yogi's like Yogananda and other

390

00:17:28,400 --> 00:17:24,470

Yogi's who offer us a glimpse past the

391

00:17:32,600 --> 00:17:28,410

illusion of this time-space reality or

392

00:17:36,650 --> 00:17:32,610

in and might offer a clue to what remote

393

00:17:38,480 --> 00:17:36,660

viewing is really all about so we're

394

00:17:41,180 --> 00:17:38,490

about to head off on quite an exciting

395

00:17:44,480 --> 00:17:41,190

journey here with dr. Courtney Brown and

396

00:17:47,690 --> 00:17:44,490

I hope you'll stay with me for it here

397

00:17:49,970 --> 00:17:47,700

on skeptic Oh dr. Courtney Brown thanks

398

00:17:52,340 --> 00:17:49,980

for joining me you know I did a lengthy

399

00:17:53,510 --> 00:17:52,350

introduction to this interview that

400

00:17:55,910 --> 00:17:53,520

people here before

401  
00:17:58,400 --> 00:17:55,920  
jump into this conversation so I don't

402  
00:18:00,590 --> 00:17:58,410  
need to go over all that again but I did

403  
00:18:03,190 --> 00:18:00,600  
want to thank you so much for joining me

404  
00:18:05,840 --> 00:18:03,200  
I think you're such an important figure

405  
00:18:08,450 --> 00:18:05,850  
inside this I guess I want to call it

406  
00:18:10,990 --> 00:18:08,460  
consciousness community your work is

407  
00:18:13,370 --> 00:18:11,000  
amazing I think you're especially

408  
00:18:15,650 --> 00:18:13,380  
important in light of everything that's

409  
00:18:16,970 --> 00:18:15,660  
going on today and I'm a little bit

410  
00:18:18,680 --> 00:18:16,980  
surprised when I set up this interview

411  
00:18:20,510 --> 00:18:18,690  
was a little bit surprised that hey

412  
00:18:23,240 --> 00:18:20,520  
everybody's got to be talking to this

413  
00:18:26,299 --> 00:18:23,250

guy about this stuff I mean we are in

414

00:18:28,100 --> 00:18:26,309

the middle of disclosure I mean the New

415

00:18:31,340 --> 00:18:28,110

York Times is coming out and saying oh

416

00:18:33,799 --> 00:18:31,350

yeah there really are UFO videos

417

00:18:38,660 --> 00:18:33,809

released by the Department of Defense

418

00:18:41,750 --> 00:18:38,670

and then you know the RV original guy

419

00:18:45,350 --> 00:18:41,760

dr. Hal put off is putting his name in

420

00:18:48,830 --> 00:18:45,360

there and saying yes this is all real at

421

00:18:50,930 --> 00:18:48,840

et Israel and UFOs are real and here you

422

00:18:54,470 --> 00:18:50,940

are sitting back dr. Courtney brown and

423

00:18:56,750 --> 00:18:54,480

this has kind of been your thing for the

424

00:18:58,910 --> 00:18:56,760

longest time you're well well-known

425

00:19:01,910 --> 00:18:58,920

inside the remote community as we just

426  
00:19:05,390 --> 00:19:01,920  
talked about but have you have you given

427  
00:19:08,240 --> 00:19:05,400  
much thought to where you are right now

428  
00:19:11,540 --> 00:19:08,250  
in terms of this stuff that seems to be

429  
00:19:13,940 --> 00:19:11,550  
coming around to what you've been

430  
00:19:16,540 --> 00:19:13,950  
talking about for so many years yeah it

431  
00:19:19,310 --> 00:19:16,550  
looks like it's a bit of a wave but

432  
00:19:22,910 --> 00:19:19,320  
we've seen these leaves happen before

433  
00:19:24,680 --> 00:19:22,920  
and you know you just have to it's like

434  
00:19:27,290 --> 00:19:24,690  
just don't believe it until you actually

435  
00:19:30,070 --> 00:19:27,300  
see it so some people are coming out and

436  
00:19:32,780 --> 00:19:30,080  
saying some things but in terms of a

437  
00:19:34,760 --> 00:19:32,790  
mass level of disclosure I don't think

438  
00:19:37,280 --> 00:19:34,770

that's going to happen right obey the

439

00:19:38,960 --> 00:19:37,290

reason is that the mass level of

440

00:19:41,090 --> 00:19:38,970

disclosure for governments actually say

441

00:19:43,220 --> 00:19:41,100

yeah this was going on they don't do

442

00:19:44,870 --> 00:19:43,230

that in this they get something big from

443

00:19:46,910 --> 00:19:44,880

it there has to be some reason for it

444

00:19:49,370 --> 00:19:46,920

they're not going to just unleash that

445

00:19:52,310 --> 00:19:49,380

on the public they'll keep it going as

446

00:19:54,650 --> 00:19:52,320

long as I can they have to get something

447

00:19:56,750 --> 00:19:54,660

back from it and right now there's

448

00:19:58,610 --> 00:19:56,760

nothing they're really gonna get back

449

00:20:01,760 --> 00:19:58,620

from it like if they give if they have a

450

00:20:03,080 --> 00:20:01,770

full disclosure you'd have to say okay

451

00:20:04,490 --> 00:20:03,090

well what did the government get for

452

00:20:05,990 --> 00:20:04,500

that not just our government but the

453

00:20:06,810 --> 00:20:06,000

Russian government and like they don't

454

00:20:09,899 --> 00:20:06,820

really get any

455

00:20:12,210 --> 00:20:09,909

for that the one thing you should erase

456

00:20:14,180 --> 00:20:12,220

from your line permanently is that

457

00:20:17,700 --> 00:20:14,190

they'll do it just to be good guys I

458

00:20:20,580 --> 00:20:17,710

mean that just won't happen so you're

459

00:20:21,960 --> 00:20:20,590

getting some people come out and but

460

00:20:24,930 --> 00:20:21,970

you're still not getting any articles

461

00:20:28,799 --> 00:20:24,940

about it in at the level that it needs

462

00:20:31,529 --> 00:20:28,809

to be talked about openly whether that

463

00:20:33,659 --> 00:20:31,539

happens in 2020 I don't know whether it

464

00:20:36,029 --> 00:20:33,669

happens two thousand twenty one twenty

465

00:20:38,850 --> 00:20:36,039

two twenty three twenty five I don't

466

00:20:43,549 --> 00:20:38,860

know but the process of making that

467

00:20:47,430 --> 00:20:43,559

happen is incremental so unless we keep

468

00:20:50,279 --> 00:20:47,440

just giving to stuff out that we do it

469

00:20:53,279 --> 00:20:50,289

won't ever happen so it's very important

470

00:20:55,350 --> 00:20:53,289

that you don't expect like a sudden wave

471

00:20:57,720 --> 00:20:55,360

like a sudden immediate there will be an

472

00:20:59,789 --> 00:20:57,730

incremental movement and what we do is

473

00:21:03,240 --> 00:20:59,799

part of that incremental movement

474

00:21:06,389 --> 00:21:03,250

there's a good part of it and with what

475

00:21:08,220 --> 00:21:06,399

you're seeing right now is something

476

00:21:10,200 --> 00:21:08,230

that's very valuable

477

00:21:13,610 --> 00:21:10,210

from that perspective of that

478

00:21:16,320 --> 00:21:13,620

incremental movement but it's not the

479

00:21:19,440 --> 00:21:16,330

it's not the biggie that you're actually

480

00:21:22,499 --> 00:21:19,450

thinking about okay you know let's talk

481

00:21:23,879 --> 00:21:22,509

about that a little bit and Courtney you

482

00:21:25,200 --> 00:21:23,889

know I have this little kind of game

483

00:21:26,909 --> 00:21:25,210

that I play because it kind of helps

484

00:21:28,259 --> 00:21:26,919

move the conversation along and frames

485

00:21:30,539 --> 00:21:28,269

it up for people a little bit

486

00:21:34,139 --> 00:21:30,549

I call it skeptical jeopardy where I

487

00:21:36,629 --> 00:21:34,149

have a bunch of categories and then you

488

00:21:39,869 --> 00:21:36,639

get to pick but okay since you kind of

489

00:21:42,840 --> 00:21:39,879

let us in there I'm going to take the

490

00:21:44,940 --> 00:21:42,850

honor of picking the first one and

491

00:21:47,730 --> 00:21:44,950

that's is I want to talk about our V

492

00:21:50,789 --> 00:21:47,740

history a little bit because I think

493

00:21:53,279 --> 00:21:50,799

that what you said is really important

494

00:21:55,289 --> 00:21:53,289

and really significant and I think we

495

00:21:57,240 --> 00:21:55,299

have to understand the past before we

496

00:21:59,100 --> 00:21:57,250

can understand the future and I think

497

00:22:02,460 --> 00:21:59,110

what you alluded to is part of

498

00:22:04,619 --> 00:22:02,470

understanding that past is they gonna do

499

00:22:08,430 --> 00:22:04,629

nothing unless it's in their interest

500

00:22:10,830 --> 00:22:08,440

and for one I guess I'm very skeptical

501  
00:22:12,749 --> 00:22:10,840  
about the current round of disclosure I

502  
00:22:13,740 --> 00:22:12,759  
guess let me deconstruct a couple of

503  
00:22:14,789 --> 00:22:13,750  
things you said cuz they were so

504  
00:22:16,560 --> 00:22:14,799  
important and there were so many things

505  
00:22:19,660 --> 00:22:16,570  
going off in my head and I have to kind

506  
00:22:21,610 --> 00:22:19,670  
of pull it all back one I want to

507  
00:22:24,970 --> 00:22:21,620  
push that a little bit further because I

508  
00:22:28,030 --> 00:22:24,980  
think we've seen an unprecedented level

509  
00:22:30,490 --> 00:22:28,040  
of disclosure never before new york

510  
00:22:34,660 --> 00:22:30,500  
times the way they pushed that story out

511  
00:22:37,840 --> 00:22:34,670  
there Fox News CBS News everybody coming

512  
00:22:39,940 --> 00:22:37,850  
out the Department of Defense guy Lou

513  
00:22:42,370 --> 00:22:39,950

Elizondo coming out and saying here are

514

00:22:46,510 --> 00:22:42,380

the videos people these are the videos

515

00:22:48,790 --> 00:22:46,520

we took on our Navy fighter pilots and

516

00:22:51,130 --> 00:22:48,800

they are real and UFOs are real we've

517

00:22:53,350 --> 00:22:51,140

never seen anything like that now the

518

00:22:54,940 --> 00:22:53,360

only way I think to interpret that is

519

00:22:57,250 --> 00:22:54,950

inside the framework you talked about

520

00:22:59,740 --> 00:22:57,260

which is the immediately step Bango hey

521

00:23:01,300 --> 00:22:59,750

what are they playin here what kind of

522

00:23:03,610 --> 00:23:01,310

game and the thing that keeps coming

523

00:23:05,620 --> 00:23:03,620

back to me from that is Defense

524

00:23:07,390 --> 00:23:05,630

Department Defense Department Defense

525

00:23:09,880 --> 00:23:07,400

Department Defense Department I mean if

526

00:23:10,990 --> 00:23:09,890

you look at this latest release that's

527

00:23:13,750 --> 00:23:11,000

all they talk about

528

00:23:15,940 --> 00:23:13,760

and that's very suspicious from these

529

00:23:18,670 --> 00:23:15,950

guys who have manipulated and controlled

530

00:23:22,150 --> 00:23:18,680

this information denied this information

531

00:23:26,020 --> 00:23:22,160

so one I want to kind of push back in

532

00:23:28,630 --> 00:23:26,030

that do you see this as I do as a unique

533

00:23:32,290 --> 00:23:28,640

wave among the waves this is kind of a

534

00:23:34,420 --> 00:23:32,300

unique wave and what might you I want

535

00:23:36,880 --> 00:23:34,430

you to speculate a little bit what do

536

00:23:40,780 --> 00:23:36,890

you think is the agenda are they trying

537

00:23:43,630 --> 00:23:40,790

to make a tea more friendly are they try

538

00:23:46,630 --> 00:23:43,640

to make RV remote viewing your field

539

00:23:48,280 --> 00:23:46,640

more friendly I mean again dr. Hale put

540

00:23:50,680 --> 00:23:48,290

off is right in the middle of this so

541

00:23:53,200 --> 00:23:50,690

we're riding along this tail is the idea

542

00:23:55,810 --> 00:23:53,210

that oh yeah we've been denying the

543

00:23:57,790 --> 00:23:55,820

remote viewing stuff over the years but

544

00:24:00,130 --> 00:23:57,800

there's no need to deny it anymore if

545

00:24:02,680 --> 00:24:00,140

this stuff is real you have any thoughts

546

00:24:05,650 --> 00:24:02,690

on on anything yeah it's an incremental

547

00:24:09,940 --> 00:24:05,660

movement it's it's not something that's

548

00:24:11,490 --> 00:24:09,950

coming out in a way that's got like the

549

00:24:13,450 --> 00:24:11,500

president's not making an announcement

550

00:24:14,950 --> 00:24:13,460

Congress isn't coming out with an

551  
00:24:16,900 --> 00:24:14,960  
announcement and the Defense Department

552  
00:24:19,900 --> 00:24:16,910  
is you have to understand the Defense

553  
00:24:21,430 --> 00:24:19,910  
Department works for the government so

554  
00:24:23,850 --> 00:24:21,440  
they can't do things that are totally

555  
00:24:27,040 --> 00:24:23,860  
autonomous they actually do a lot that's

556  
00:24:29,650 --> 00:24:27,050  
autonomous but they something like that

557  
00:24:30,760 --> 00:24:29,660  
they just can't come out with and you

558  
00:24:32,320 --> 00:24:30,770  
also have to understand that the

559  
00:24:33,550 --> 00:24:32,330  
government in terms of the elected

560  
00:24:36,790 --> 00:24:33,560  
officials are not

561  
00:24:40,680 --> 00:24:36,800  
very important and all of this so the

562  
00:24:44,020 --> 00:24:40,690  
elected officials they were there they

563  
00:24:47,440 --> 00:24:44,030

get elected or re-elected every four

564

00:24:49,960 --> 00:24:47,450

years for two years or six years but the

565

00:24:53,470 --> 00:24:49,970

real powers behind all of this are a

566

00:24:57,340 --> 00:24:53,480

financial interest that you don't see

567

00:25:00,340 --> 00:24:57,350

the you just don't see them and those

568

00:25:01,900 --> 00:25:00,350

people don't want the boat rocked and in

569

00:25:05,140 --> 00:25:01,910

terms of the Defense Department they're

570

00:25:07,510 --> 00:25:05,150

in a very delicate position because they

571

00:25:09,130 --> 00:25:07,520

know that politicians get voted out of

572

00:25:11,500 --> 00:25:09,140

office like the presidents get voted out

573

00:25:14,260 --> 00:25:11,510

of office they just cycle through so

574

00:25:14,860 --> 00:25:14,270

there's really no reason to tell the

575

00:25:20,290 --> 00:25:14,870

president

576

00:25:25,090 --> 00:25:20,300

difficult time getting real information

577

00:25:26,830 --> 00:25:25,100

about the UFO 18 phenomena and the

578

00:25:29,860 --> 00:25:26,840

defense department says why basically

579

00:25:34,930 --> 00:25:29,870

should we do that they they're gonna

580

00:25:37,930 --> 00:25:34,940

cycle out anyway and it may be that they

581

00:25:40,120 --> 00:25:37,940

do get a file that sort of tells them a

582

00:25:42,790 --> 00:25:40,130

bunch of stuff so that they the defense

583

00:25:45,790 --> 00:25:42,800

department can't be accused of you know

584

00:25:48,400 --> 00:25:45,800

keeping that information totally but do

585

00:25:50,050 --> 00:25:48,410

they get everything and so the Defense

586

00:25:53,080 --> 00:25:50,060

Department just can run out the clock

587

00:25:54,630 --> 00:25:53,090

with any politician and you don't really

588

00:25:57,070 --> 00:25:54,640

know if you can trust a politician

589

00:25:59,950 --> 00:25:57,080

they're just a political person that got

590

00:26:02,050 --> 00:25:59,960

a lot of votes and do they really have a

591

00:26:04,570 --> 00:26:02,060

security clearance do they really know

592

00:26:06,340 --> 00:26:04,580

how to do all the things and Defense

593

00:26:09,160 --> 00:26:06,350

Department people they're there for

594

00:26:11,680 --> 00:26:09,170

decades there those are career people

595

00:26:13,360 --> 00:26:11,690

and they say basically they're in a

596

00:26:16,480 --> 00:26:13,370

situation where they can where they can

597

00:26:17,610 --> 00:26:16,490

say if we wait a couple more years the

598

00:26:20,020 --> 00:26:17,620

guy's gone

599

00:26:21,550 --> 00:26:20,030

let me let me interject a question there

600

00:26:23,890 --> 00:26:21,560

because a great point I love to run out

601  
00:26:27,730 --> 00:26:23,900  
the clock thing great point but in this

602  
00:26:31,840 --> 00:26:27,740  
case we have what I always see in as an

603  
00:26:35,050 --> 00:26:31,850  
outsider is a political sigh

604  
00:26:38,020 --> 00:26:35,060  
to the UFO et thing you have John

605  
00:26:39,610 --> 00:26:38,030  
Podesta and the Clintons who were going

606  
00:26:41,200 --> 00:26:39,620  
to use the disclosure thing and they

607  
00:26:43,690 --> 00:26:41,210  
were open about that before the last

608  
00:26:45,820 --> 00:26:43,700  
election and then the thing the election

609  
00:26:46,960 --> 00:26:45,830  
turned out very surprisingly not in

610  
00:26:48,310 --> 00:26:46,970  
their favor and

611  
00:26:50,440 --> 00:26:48,320  
looks like now they've just gone ahead

612  
00:26:52,299 --> 00:26:50,450  
and rolled that out anyway right the

613  
00:26:54,810 --> 00:26:52,309

same people behind it the same players

614

00:26:58,149 --> 00:26:54,820

and now they just pushed it out and

615

00:27:01,000 --> 00:26:58,159

that's fine but it does look to me to be

616

00:27:03,399 --> 00:27:01,010

completely political you know anyone who

617

00:27:05,440 --> 00:27:03,409

doesn't ask hey how come everyone who's

618

00:27:09,669 --> 00:27:05,450

pushing this latest round of disclosure

619

00:27:11,320 --> 00:27:09,679

seems to be just from one political side

620

00:27:13,770 --> 00:27:11,330

you know not whether that's a good side

621

00:27:17,260 --> 00:27:13,780

or a bad side it's like two competing

622

00:27:21,340 --> 00:27:17,270

corporations if you will but they do

623

00:27:23,590 --> 00:27:21,350

seem to have some operatives inside the

624

00:27:25,060 --> 00:27:23,600

Defense Department or maybe I have that

625

00:27:27,520 --> 00:27:25,070

backwards like you're saying maybe the

626

00:27:29,860 --> 00:27:27,530

defense the Defense Department has them

627

00:27:32,890 --> 00:27:29,870

but there do seem to be other factions

628

00:27:34,539 --> 00:27:32,900

involved that are not wanting to

629

00:27:38,049 --> 00:27:34,549

disclose or wanting to disclose a

630

00:27:40,659 --> 00:27:38,059

different way or wanting to I don't know

631

00:27:42,130 --> 00:27:40,669

do something differently so again I

632

00:27:44,350 --> 00:27:42,140

guess I'm pushing that a little bit

633

00:27:46,360 --> 00:27:44,360

further what about the political aspect

634

00:27:47,409 --> 00:27:46,370

of the current round of disclosure what

635

00:27:51,340 --> 00:27:47,419

does that tell us about the relationship

636

00:27:53,620 --> 00:27:51,350

between the Defense Department and the

637

00:27:56,529 --> 00:27:53,630

higher-level secret government if you

638

00:27:59,919 --> 00:27:56,539

will and what's going on in the

639

00:28:02,320 --> 00:27:59,929

political scene well look at Podesta

640

00:28:05,500 --> 00:28:02,330

John Podesta for example he was in the

641

00:28:08,200 --> 00:28:05,510

administration for a long time when he

642

00:28:12,060 --> 00:28:08,210

was with Hillary Clinton trying to get

643

00:28:15,279 --> 00:28:12,070

reelected or her I'm sorry her elected

644

00:28:17,020 --> 00:28:15,289

he didn't have all the information all

645

00:28:19,060 --> 00:28:17,030

he promised was that he was going to try

646

00:28:21,880 --> 00:28:19,070

to push for it and to get some

647

00:28:24,490 --> 00:28:21,890

disclosure so even when he was in the

648

00:28:26,370 --> 00:28:24,500

White House as someone who was working

649

00:28:31,029 --> 00:28:26,380

under the president he didn't get it

650

00:28:33,190 --> 00:28:31,039

when Barry Goldwater former senator from

651  
00:28:35,860 --> 00:28:33,200  
Arizona and political and and

652  
00:28:38,710 --> 00:28:35,870  
presidential candidate who was very much

653  
00:28:41,080 --> 00:28:38,720  
in favor of the government of the

654  
00:28:44,980 --> 00:28:41,090  
military called up one of his friends

655  
00:28:46,390 --> 00:28:44,990  
general friends who had a long time with

656  
00:28:49,149 --> 00:28:46,400  
and say hey just give me the scoop

657  
00:28:51,730 --> 00:28:49,159  
what's going on he got this is his this

658  
00:28:52,390 --> 00:28:51,740  
is his good friend he got the Reuters

659  
00:28:54,580 --> 00:28:52,400  
shut down

660  
00:28:56,289 --> 00:28:54,590  
he said he ever had he said he said

661  
00:28:58,539 --> 00:28:56,299  
basically he said don't you ask about

662  
00:29:00,850 --> 00:28:58,549  
this again period or you're you're done

663  
00:29:02,650 --> 00:29:00,860

we're not talking ever I mean this

664

00:29:06,100 --> 00:29:02,660

a good friend of his just shut him out

665

00:29:08,710 --> 00:29:06,110

and said no so Bill Clinton has said

666

00:29:12,580 --> 00:29:08,720

that he tried to push but he didn't

667

00:29:16,150 --> 00:29:12,590

really get very far so on the other hand

668

00:29:19,840 --> 00:29:16,160

if you look at Russia for example so not

669

00:29:23,070 --> 00:29:19,850

President Putin Putin but his the the

670

00:29:27,730 --> 00:29:23,080

guy who was in between president Putin's

671

00:29:30,070 --> 00:29:27,740

right right in office I made Jeff he he

672

00:29:32,220 --> 00:29:30,080

was asked about it and he made some

673

00:29:34,539 --> 00:29:32,230

loose comments off the off-the-cuff

674

00:29:35,710 --> 00:29:34,549

saying no when you get to be president

675

00:29:38,980 --> 00:29:35,720

but they do is he giving you a folder

676

00:29:40,750 --> 00:29:38,990

and it talks about the easy stuff tells

677

00:29:42,730 --> 00:29:40,760

all about the stuff you know where they

678

00:29:44,110 --> 00:29:42,740

are and what they're doing and he didn't

679

00:29:46,810 --> 00:29:44,120

say much more than that but he mentioned

680

00:29:48,640 --> 00:29:46,820

there was a folder so that maybe just

681

00:29:50,740 --> 00:29:48,650

limited to Russia but maybe something

682

00:29:53,110 --> 00:29:50,750

similar that happens in United States so

683

00:29:55,720 --> 00:29:53,120

I mean the the presidents don't call me

684

00:29:58,419 --> 00:29:55,730

and tell me so I'm speculating but you

685

00:30:00,640 --> 00:29:58,429

know we don't have any overt evidence

686

00:30:03,070 --> 00:30:00,650

that the political people have much

687

00:30:05,230 --> 00:30:03,080

information about this so what you can

688

00:30:07,419 --> 00:30:05,240

say with the Defense Department is that

689

00:30:10,060 --> 00:30:07,429

I'm certain that there were some people

690

00:30:12,970 --> 00:30:10,070

in the Defense Department that really

691

00:30:14,890 --> 00:30:12,980

want to push this and push this closer

692

00:30:16,900 --> 00:30:14,900

further that they think it's in the in

693

00:30:19,090 --> 00:30:16,910

the planet's interest and there are

694

00:30:21,610 --> 00:30:19,100

others that say no why should we do it

695

00:30:24,640 --> 00:30:21,620

and I'm positive that the economic

696

00:30:25,690 --> 00:30:24,650

powers that we absolutely do not want it

697

00:30:27,700 --> 00:30:25,700

because they're not going to get

698

00:30:30,190 --> 00:30:27,710

anything for it they don't do anything

699

00:30:32,080 --> 00:30:30,200

they don't do anything have billions and

700

00:30:33,610 --> 00:30:32,090

billions and billions but they don't

701  
00:30:35,320 --> 00:30:33,620  
they don't do tenth they don't give me

702  
00:30:37,000 --> 00:30:35,330  
\$10 and that they get unless I get

703  
00:30:40,419 --> 00:30:37,010  
something from it there has to be a

704  
00:30:42,190 --> 00:30:40,429  
reason for it and I don't so I just

705  
00:30:46,299 --> 00:30:42,200  
don't see it so you're seeing some

706  
00:30:48,419 --> 00:30:46,309  
leakages coming out but it's not it's

707  
00:30:50,980 --> 00:30:48,429  
not going to turn out to be an immediate

708  
00:30:53,440 --> 00:30:50,990  
you know presidential announcements I

709  
00:30:54,850 --> 00:30:53,450  
think in my opinion so what we're doing

710  
00:30:58,060 --> 00:30:54,860  
at Farsight is actually absolutely

711  
00:30:59,830 --> 00:30:58,070  
crucial to that so we're not yet being

712  
00:31:02,169 --> 00:30:59,840  
talked about in the New York Times we're

713  
00:31:04,450 --> 00:31:02,179

not yet being talked about in CNN I've

714

00:31:06,820 --> 00:31:04,460

been interviewed on CNN a couple times

715

00:31:10,630 --> 00:31:06,830

but you know we're not being interviewed

716

00:31:12,250 --> 00:31:10,640

and talked about on those venues so the

717

00:31:13,840 --> 00:31:12,260

time is not right for that so what we're

718

00:31:16,390 --> 00:31:13,850

doing is we're doing all of our

719

00:31:18,669 --> 00:31:16,400

we have a huge list of projects that

720

00:31:20,409 --> 00:31:18,679

we've done that we completed and we have

721

00:31:22,060 --> 00:31:20,419

a continual string of projects we come

722

00:31:26,640 --> 00:31:22,070

out with at least one project a month

723

00:31:29,260 --> 00:31:26,650

and we come out with projects that are

724

00:31:30,669 --> 00:31:29,270

big projects some the ones who come out

725

00:31:32,520 --> 00:31:30,679

with every month and our project ended

726  
00:31:34,750 --> 00:31:32,530  
in a show we have called Time cross and

727  
00:31:36,970 --> 00:31:34,760  
the ones we come out with that are

728  
00:31:39,400 --> 00:31:36,980  
really big that we sell as movies we

729  
00:31:42,909 --> 00:31:39,410  
have those we come out we sell those on

730  
00:31:47,710 --> 00:31:42,919  
Vimeo so that's that's what we do and

731  
00:31:49,810 --> 00:31:47,720  
then the money that we get from selling

732  
00:31:53,020 --> 00:31:49,820  
our videos the YouTube money that we get

733  
00:31:55,570 --> 00:31:53,030  
is about a couple hundred dollars a

734  
00:31:59,409 --> 00:31:55,580  
month nothing nothing significant from

735  
00:32:01,840 --> 00:31:59,419  
the advertisers the money that we get

736  
00:32:03,279 --> 00:32:01,850  
from Vimeo is a couple thousand between

737  
00:32:05,440 --> 00:32:03,289  
two and five thousand dollars a month

738  
00:32:09,130 --> 00:32:05,450

depending on whether we have a big thing

739

00:32:11,710 --> 00:32:09,140

our payroll is twenty to thirty thousand

740

00:32:13,390 --> 00:32:11,720

dollars a month so you can sort of say

741

00:32:16,390 --> 00:32:13,400

where's the money coming from

742

00:32:18,909 --> 00:32:16,400

well we do forecasts we do forecasts

743

00:32:21,669 --> 00:32:18,919

that nobody sees economic forecasts and

744

00:32:23,710 --> 00:32:21,679

things like that and that's where I

745

00:32:25,480 --> 00:32:23,720

money goes as to our money comes to do

746

00:32:27,700 --> 00:32:25,490

things like that so we have to have a

747

00:32:29,770 --> 00:32:27,710

you know a different stream of income to

748

00:32:31,419 --> 00:32:29,780

be able to do this but because we have a

749

00:32:33,940 --> 00:32:31,429

different stream of income we can't put

750

00:32:37,890 --> 00:32:33,950

out these projects and so our long-term

751  
00:32:40,960 --> 00:32:37,900  
goal is to be able to make significant

752  
00:32:42,789 --> 00:32:40,970  
YouTube contributions and movie

753  
00:32:45,330 --> 00:32:42,799  
contributions not to get into the movie

754  
00:32:48,039 --> 00:32:45,340  
theaters but that are downloadable and

755  
00:32:50,289 --> 00:32:48,049  
they fill in the gap of everything

756  
00:32:52,560 --> 00:32:50,299  
because when this disclosure moment

757  
00:32:55,360 --> 00:32:52,570  
happens that you're talking about Alex

758  
00:32:57,940 --> 00:32:55,370  
that's when fara sites library is going

759  
00:32:59,919 --> 00:32:57,950  
to be incredibly important that's when

760  
00:33:01,720 --> 00:32:59,929  
the whole kit and caboodle will be

761  
00:33:03,490 --> 00:33:01,730  
that's when the world looks at us in

762  
00:33:06,730 --> 00:33:03,500  
real-time and says what the

763  
00:33:08,890 --> 00:33:06,740

blankety-blank and then they'll see it

764

00:33:11,649 --> 00:33:08,900

so that library has to be ready and that

765

00:33:13,630 --> 00:33:11,659

library is also ready for TV series and

766

00:33:15,580 --> 00:33:13,640

movies things like that of these

767

00:33:17,200 --> 00:33:15,590

projects so it's not like we promised

768

00:33:19,870 --> 00:33:17,210

these projects these are fully completed

769

00:33:21,880 --> 00:33:19,880

projects that can be filled out really

770

00:33:24,100 --> 00:33:21,890

quickly so that's what we're actually

771

00:33:26,169 --> 00:33:24,110

doing we're completing projects we're

772

00:33:27,300 --> 00:33:26,179

setting them up each one is worth the

773

00:33:29,730 --> 00:33:27,310

television series

774

00:33:33,210 --> 00:33:29,740

at least and some of them were worth

775

00:33:36,960 --> 00:33:33,220

movies and as long as we can keep

776

00:33:39,450 --> 00:33:36,970

affording to do them we're going to you

777

00:33:41,820 --> 00:33:39,460

know do them and so so we had two things

778

00:33:43,830 --> 00:33:41,830

going on at the same time we have

779

00:33:46,200 --> 00:33:43,840

economic stuff that's going on and then

780

00:33:47,700 --> 00:33:46,210

we have these movies going on and we

781

00:33:49,860 --> 00:33:47,710

have our pen two people that work with

782

00:33:51,750 --> 00:33:49,870

us our remote viewers this is their job

783

00:33:53,880 --> 00:33:51,760

this is full-time they work on it every

784

00:33:55,860 --> 00:33:53,890

day they come in they work they get it

785

00:33:57,300 --> 00:33:55,870

done so and they've been training with

786

00:34:00,630 --> 00:33:57,310

us and working with us and being

787

00:34:02,790 --> 00:34:00,640

professionals four or five years so and

788

00:34:05,040 --> 00:34:02,800

some of them are shorter times burns but

789

00:34:06,720 --> 00:34:05,050

some of them were really long and that's

790

00:34:08,340 --> 00:34:06,730

the only way this could be done so we

791

00:34:10,409 --> 00:34:08,350

knew that we had to pay people to do

792

00:34:12,419 --> 00:34:10,419

this that it couldn't be done on their

793

00:34:14,310 --> 00:34:12,429

own budget in their free time this

794

00:34:16,530 --> 00:34:14,320

couldn't be a hobby this had to be a

795

00:34:19,320 --> 00:34:16,540

full-time venture so we picked people

796

00:34:23,220 --> 00:34:19,330

that were good on camera

797

00:34:24,990 --> 00:34:23,230

usually models or or actors and we

798

00:34:27,690 --> 00:34:25,000

picked people that had really great

799

00:34:30,690 --> 00:34:27,700

presentational skills and then we paid

800

00:34:32,700 --> 00:34:30,700

them so the typical mode for training

801  
00:34:35,399 --> 00:34:32,710  
people is to have people that want to

802  
00:34:38,190 --> 00:34:35,409  
learn pay the instructor so we reverse

803  
00:34:40,740 --> 00:34:38,200  
that we pay the people and so now we

804  
00:34:43,770 --> 00:34:40,750  
have a whole set of people and we're

805  
00:34:45,570 --> 00:34:43,780  
expanding that to be able to scale that

806  
00:34:49,560 --> 00:34:45,580  
to our needs we have way more work than

807  
00:34:53,040 --> 00:34:49,570  
we can possibly do so we're having to

808  
00:34:56,250 --> 00:34:53,050  
expand and but that's that's what our

809  
00:34:57,570 --> 00:34:56,260  
role is building for that moment of

810  
00:34:59,940 --> 00:34:57,580  
great disclosure that you're talking

811  
00:35:01,590 --> 00:34:59,950  
about it look at it this way Alex you

812  
00:35:03,540 --> 00:35:01,600  
know this Facebook thing that's going on

813  
00:35:06,590 --> 00:35:03,550

that's got a million signatures saying

814

00:35:09,240 --> 00:35:06,600

they're going to storm area 51 in

815

00:35:11,610 --> 00:35:09,250

September well I don't think they're

816

00:35:14,370 --> 00:35:11,620

going to be able to storm area 51 to

817

00:35:16,710 --> 00:35:14,380

look for the extraterrestrials but that

818

00:35:20,460 --> 00:35:16,720

gives you an idea of how the public is

819

00:35:22,110 --> 00:35:20,470

getting antsy about this subject and so

820

00:35:24,090 --> 00:35:22,120

that was actually whether there's a

821

00:35:26,580 --> 00:35:24,100

group of people that actually try to get

822

00:35:28,770 --> 00:35:26,590

into area 51 or not the very fact that

823

00:35:31,620 --> 00:35:28,780

you have over a million people signing a

824

00:35:34,500 --> 00:35:31,630

petition on Facebook demanding to know

825

00:35:36,420 --> 00:35:34,510

what's in area 51 that's actually more

826

00:35:37,980 --> 00:35:36,430

important than government disclosure

827

00:35:40,770 --> 00:35:37,990

that's telling you that the public is

828

00:35:44,250 --> 00:35:40,780

actually getting antsy about it and

829

00:35:45,990 --> 00:35:44,260

when you have enough people demanding to

830

00:35:48,210 --> 00:35:46,000

know what's going on and they simply

831

00:35:49,710 --> 00:35:48,220

don't believe the authorities that they

832

00:35:52,020 --> 00:35:49,720

laugh at the authorities and then the

833

00:35:54,570 --> 00:35:52,030

authority start losing control that's

834

00:35:56,700 --> 00:35:54,580

when it will become something that that

835

00:35:58,170 --> 00:35:56,710

powers-that-be will get something from

836

00:35:59,940 --> 00:35:58,180

it they'll say okay now and now

837

00:36:02,340 --> 00:35:59,950

hopefully if we let it go we maintain

838

00:36:03,900 --> 00:36:02,350

control so that thing that's going on at

839

00:36:06,000 --> 00:36:03,910

Facebook is actually more important than

840

00:36:07,620 --> 00:36:06,010

anything else is going on whether

841

00:36:09,810 --> 00:36:07,630

there's actually people they show up on

842

00:36:11,250 --> 00:36:09,820

area 51 or not I don't think you're

843

00:36:14,910 --> 00:36:11,260

going to let those people into area 51

844

00:36:16,080 --> 00:36:14,920

of course but it is interesting that the

845

00:36:17,820 --> 00:36:16,090

movement I started I'm sort of

846

00:36:19,770 --> 00:36:17,830

interested this you know how many people

847

00:36:22,860 --> 00:36:19,780

sign this how many people signed to

848

00:36:24,870 --> 00:36:22,870

think or you know click on the thing

849

00:36:27,210 --> 00:36:24,880

right by the time September rolls around

850

00:36:28,920 --> 00:36:27,220

that's interesting you just touched on

851  
00:36:30,870 --> 00:36:28,930  
somebody the points that I don't want to

852  
00:36:35,220 --> 00:36:30,880  
touch on it and it's great that you did

853  
00:36:37,140 --> 00:36:35,230  
I really appreciate the openness to one

854  
00:36:39,000 --> 00:36:37,150  
thing let's jump into I'm gonna pick

855  
00:36:41,430 --> 00:36:39,010  
another category here because you just

856  
00:36:45,900 --> 00:36:41,440  
talked about it I called it the Farsight

857  
00:36:48,000 --> 00:36:45,910  
way and the idea is you have a certain

858  
00:36:50,880 --> 00:36:48,010  
way of doing things we have to first

859  
00:36:52,590 --> 00:36:50,890  
introduce the Farsight Institute and

860  
00:36:54,230 --> 00:36:52,600  
what it is and you just talked about

861  
00:36:56,130 --> 00:36:54,240  
that a little bit but you might want to

862  
00:36:57,900 --> 00:36:56,140  
backtrack a little bit and talk about

863  
00:37:01,020 --> 00:36:57,910

the structure and that this is a

864

00:37:03,270 --> 00:37:01,030

nonprofit organization but you also have

865

00:37:06,420 --> 00:37:03,280

a for-profit organization you've

866

00:37:07,980 --> 00:37:06,430

developed this thing called scientific

867

00:37:10,350 --> 00:37:07,990

remote viewing we have talked a little

868

00:37:15,360 --> 00:37:10,360

bit about the history of remote viewing

869

00:37:17,910 --> 00:37:15,370

and how this was a protocol developed by

870

00:37:19,770 --> 00:37:17,920

the military to be somewhat scientific

871

00:37:22,560 --> 00:37:19,780

so it could be repeatable and used for

872

00:37:25,770 --> 00:37:22,570

these espionage purposes you as a

873

00:37:28,320 --> 00:37:25,780

trained academic as a trained really

874

00:37:30,030 --> 00:37:28,330

science guy political science guy but a

875

00:37:32,730 --> 00:37:30,040

science guy and understand modeling and

876

00:37:35,790 --> 00:37:32,740

statistics so wait a minute the the best

877

00:37:38,100 --> 00:37:35,800

methods to be applied here should be

878

00:37:40,440 --> 00:37:38,110

like this and even in the way that you

879

00:37:43,590 --> 00:37:40,450

just described the way you do things

880

00:37:46,020 --> 00:37:43,600

there's so many aspects of that that are

881

00:37:47,820 --> 00:37:46,030

embedded in your explanation why you do

882

00:37:49,950 --> 00:37:47,830

things the way that you do how you

883

00:37:53,040 --> 00:37:49,960

select targets the protocol that you use

884

00:37:54,630 --> 00:37:53,050

the hour veers that you choose and you

885

00:37:57,089 --> 00:37:54,640

just brush over the fact that you

886

00:37:59,549 --> 00:37:57,099

sited early on did not early on actually

887

00:38:03,750 --> 00:37:59,559

kind of later in the game you decided

888

00:38:06,180 --> 00:38:03,760

hey I need to bring people in cold train

889

00:38:08,970 --> 00:38:06,190

him in my technique top to bottom and

890

00:38:12,150 --> 00:38:08,980

then I need to control all these aspects

891

00:38:15,089 --> 00:38:12,160

of the remote viewing session both for

892

00:38:17,069 --> 00:38:15,099

the quality and content of what the

893

00:38:22,710 --> 00:38:17,079

remote viewing session generates but

894

00:38:24,599 --> 00:38:22,720

also for the presentation on video and

895

00:38:27,509 --> 00:38:24,609

how I'm going to present these videos so

896

00:38:30,589 --> 00:38:27,519

you know we could spend hours and hours

897

00:38:33,150 --> 00:38:30,599

talking about the very impressive

898

00:38:35,910 --> 00:38:33,160

protocol and scientific work that you've

899

00:38:38,910 --> 00:38:35,920

gone into devising this thing that

900

00:38:41,849 --> 00:38:38,920

people see it from the outward sense of

901

00:38:44,309 --> 00:38:41,859

oh that's Farsight Institute that's this

902

00:38:47,759 --> 00:38:44,319

guy here produces these Hollywood style

903

00:38:50,970 --> 00:38:47,769

productions of what they saw in the moon

904

00:38:53,400 --> 00:38:50,980

landing or what really happened when JFK

905

00:38:55,980 --> 00:38:53,410

was assassinated what really happened on

906

00:38:57,990 --> 00:38:55,990

9/11 and then they'll see this video as

907

00:39:00,329 --> 00:38:58,000

it plays out and they won't know all

908

00:39:02,670 --> 00:39:00,339

this stuff that's going on behind the

909

00:39:06,599 --> 00:39:02,680

scenes so if you will elaborate a little

910

00:39:08,490 --> 00:39:06,609

bit on what SRV is and more about the

911

00:39:09,660 --> 00:39:08,500

projects the protocols that I think

912

00:39:12,059 --> 00:39:09,670

people will find interesting

913

00:39:14,749 --> 00:39:12,069

yeah well the original stuff that came

914

00:39:17,460 --> 00:39:14,759

out of the military was called CRP

915

00:39:19,130 --> 00:39:17,470

controlled remote viewing and there were

916

00:39:23,150 --> 00:39:19,140

some people that had their own methods

917

00:39:26,009 --> 00:39:23,160

that weren't cr-v such as Joe mcmoneagle

918

00:39:28,349 --> 00:39:26,019

but crv was the one that was taught

919

00:39:30,599 --> 00:39:28,359

mostly to think for the military people

920

00:39:32,999 --> 00:39:30,609

and that was very interesting it was a

921

00:39:36,420 --> 00:39:33,009

it was an interesting process it was

922

00:39:38,640 --> 00:39:36,430

developed by Ingo Swann and the military

923

00:39:41,430 --> 00:39:38,650

people that exist today tend to be very

924

00:39:42,480 --> 00:39:41,440

loyal to that approach and that's fine

925

00:39:45,450 --> 00:39:42,490

that's good they're doing a great

926

00:39:47,579 --> 00:39:45,460

contribution and so on but that's not

927

00:39:50,849 --> 00:39:47,589

the way we work so we started with the

928

00:39:52,920 --> 00:39:50,859

CRV methods and we said well it's not

929

00:39:56,849 --> 00:39:52,930

doing everything we want to do and

930

00:39:58,470 --> 00:39:56,859

there's it's it's just not enough and we

931

00:40:00,319 --> 00:39:58,480

wanted it by Morgan Toby what do you

932

00:40:01,980 --> 00:40:00,329

mean when you say that it's not enough

933

00:40:06,359 --> 00:40:01,990

specifically what were some of the

934

00:40:07,540 --> 00:40:06,369

limitations with the CRV the remote

935

00:40:10,330 --> 00:40:07,550

viewing that was

936

00:40:12,460 --> 00:40:10,340

done at most notably at Stanford

937

00:40:14,050 --> 00:40:12,470

Research Institute and then was taken

938

00:40:15,820 --> 00:40:14,060

out of that and some people did it in

939

00:40:17,350 --> 00:40:15,830

the private sector but like you said

940

00:40:19,570 --> 00:40:17,360

everyone just kind of hey this is how we

941

00:40:22,000 --> 00:40:19,580

learned it this is how we teach it this

942

00:40:24,370 --> 00:40:22,010

is a protocol we follow some amazing

943

00:40:26,560 --> 00:40:24,380

results people can find on the Internet

944

00:40:30,250 --> 00:40:26,570

of people who are able to be psychic in

945

00:40:32,380 --> 00:40:30,260

this remote viewing way so what were the

946

00:40:34,990 --> 00:40:32,390

limitations that you saw that you sought

947

00:40:36,610 --> 00:40:35,000

to overcome I understand that the

948

00:40:38,230 --> 00:40:36,620

military people don't think that they

949

00:40:41,740 --> 00:40:38,240

have limitations so I'm just speaking

950

00:40:44,470 --> 00:40:41,750

for myself so the limitations that we

951  
00:40:47,020 --> 00:40:44,480  
had was ask and ye shall receive

952  
00:40:49,450 --> 00:40:47,030  
you know the biblical phrase well that

953  
00:40:50,920 --> 00:40:49,460  
applies to remote viewing as well the

954  
00:40:53,080 --> 00:40:50,930  
whole idea is you don't get anything

955  
00:40:55,090 --> 00:40:53,090  
unless you ask for it and that's called

956  
00:40:57,430 --> 00:40:55,100  
probing you have to actually put the pen

957  
00:40:59,430 --> 00:40:57,440  
in the paper and probe for something you

958  
00:41:02,950 --> 00:40:59,440  
have to know what you're asking for and

959  
00:41:04,330 --> 00:41:02,960  
you know the military the CRB process

960  
00:41:07,150 --> 00:41:04,340  
doesn't ask for much

961  
00:41:10,030 --> 00:41:07,160  
so you're probing an ideogram and you're

962  
00:41:11,740 --> 00:41:10,040  
sort of getting whatever you get but we

963  
00:41:13,750 --> 00:41:11,750

have rented a whole laundry list of

964

00:41:18,580 --> 00:41:13,760

stuff that we wanted the people to ask

965

00:41:20,650 --> 00:41:18,590

about and the the process also from my

966

00:41:22,930 --> 00:41:20,660

point of view was limited because it

967

00:41:26,440 --> 00:41:22,940

didn't include a mandatory phase of the

968

00:41:28,180 --> 00:41:26,450

meditation so when we do it we have a

969

00:41:30,460 --> 00:41:28,190

mandatory phase of meditation that

970

00:41:32,530 --> 00:41:30,470

starts first and then after the

971

00:41:34,120 --> 00:41:32,540

meditation the viewers rest until

972

00:41:36,430 --> 00:41:34,130

there's no more tiredness in the mouth

973

00:41:38,380 --> 00:41:36,440

and without speaking anything they then

974

00:41:40,740 --> 00:41:38,390

calmly walk over to their desks and

975

00:41:44,680 --> 00:41:40,750

start their session and they're deep

976  
00:41:47,260 --> 00:41:44,690  
that's how we do it and that was not a

977  
00:41:50,020 --> 00:41:47,270  
mandatory elements in the military stuff

978  
00:41:51,820 --> 00:41:50,030  
but let me interject something here

979  
00:41:54,280 --> 00:41:51,830  
because I don't want people to take

980  
00:41:55,690 --> 00:41:54,290  
things the wrong way talk about the

981  
00:41:57,190 --> 00:41:55,700  
probing thing because I know immediately

982  
00:41:59,170 --> 00:41:57,200  
for some people who are really

983  
00:42:00,760 --> 00:41:59,180  
knowledgeable and a lot of people

984  
00:42:03,250 --> 00:42:00,770  
listening to this show are they were

985  
00:42:05,860 --> 00:42:03,260  
hearing remote viewing probing and

986  
00:42:08,230 --> 00:42:05,870  
they're like oh he's revealing

987  
00:42:10,750 --> 00:42:08,240  
information about the target there's

988  
00:42:14,590 --> 00:42:10,760

information leakage going on and that

989

00:42:16,900 --> 00:42:14,600

explains these amazing results and I

990

00:42:17,290 --> 00:42:16,910

know that's not the case so what do you

991

00:42:19,320 --> 00:42:17,300

mean by that

992

00:42:21,570 --> 00:42:19,330

well we have an

993

00:42:24,300 --> 00:42:21,580

that we asked for so many things we have

994

00:42:26,730 --> 00:42:24,310

printed templates that they use on all

995

00:42:29,520 --> 00:42:26,740

of their sessions and it's the same

996

00:42:31,770 --> 00:42:29,530

templates for all of their targets so

997

00:42:33,570 --> 00:42:31,780

they have to go through an ideogram the

998

00:42:35,430 --> 00:42:33,580

target coordinates and then the ideogram

999

00:42:37,650 --> 00:42:35,440

and that's very similar to this here of

1000

00:42:40,620 --> 00:42:37,660

a process and then they have to do some

1001  
00:42:42,960 --> 00:42:40,630  
basic decoding of those nè grams and to

1002  
00:42:45,660 --> 00:42:42,970  
figure out if it's a hard saw semi-hard

1003  
00:42:48,480 --> 00:42:45,670  
semi soft butter mushy is a natural

1004  
00:42:51,720 --> 00:42:48,490  
man-made energetics movement things like

1005  
00:42:54,570 --> 00:42:51,730  
that artificial and then they they go

1006  
00:42:57,690 --> 00:42:54,580  
into whether it's static or dynamic or

1007  
00:42:59,520 --> 00:42:57,700  
whether it's complex or simple that good

1008  
00:43:01,740 --> 00:42:59,530  
now and let me just that again again

1009  
00:43:03,570 --> 00:43:01,750  
because I hate to kind of you're doing

1010  
00:43:05,160 --> 00:43:03,580  
such an awesome job of giving us the

1011  
00:43:06,540 --> 00:43:05,170  
kind of advanced thing but I want to

1012  
00:43:08,910 --> 00:43:06,550  
make sure we don't leave people in the

1013  
00:43:12,540 --> 00:43:08,920

dust let me just recap for it and see if

1014

00:43:15,690 --> 00:43:12,550

this is so people know when you design a

1015

00:43:17,370 --> 00:43:15,700

target your remote viewers people who

1016

00:43:20,940 --> 00:43:17,380

are viewing that target let's say it's

1017

00:43:23,670 --> 00:43:20,950

the 911 event they have no knowledge

1018

00:43:25,200 --> 00:43:23,680

whatsoever of the target that they're

1019

00:43:29,190 --> 00:43:25,210

viewing whether it's the life of Jesus

1020

00:43:32,070 --> 00:43:29,200

9/11 or some future target on Mars they

1021

00:43:34,680 --> 00:43:32,080

have no idea and then they they receive

1022

00:43:36,210 --> 00:43:34,690

a random number that they generate

1023

00:43:37,800 --> 00:43:36,220

themselves so they're totally in the

1024

00:43:40,260 --> 00:43:37,810

dark and they're independent they don't

1025

00:43:41,940 --> 00:43:40,270

talk with each other these remote

1026

00:43:44,370 --> 00:43:41,950

viewers come in and they do their

1027

00:43:45,750 --> 00:43:44,380

session and they don't know anyone else

1028

00:43:47,280 --> 00:43:45,760

who's remote viewing it they have no

1029

00:43:49,530 --> 00:43:47,290

idea what the target is and it's just

1030

00:43:50,850 --> 00:43:49,540

like I get ready setgo thing and then

1031

00:43:53,490 --> 00:43:50,860

the next thing that you're adding to it

1032

00:43:56,580 --> 00:43:53,500

is that rather than just say okay go on

1033

00:44:00,270 --> 00:43:56,590

that number you say go on that random

1034

00:44:02,430 --> 00:44:00,280

number that you took and now consider

1035

00:44:04,200 --> 00:44:02,440

these points and that's why some people

1036

00:44:06,690 --> 00:44:04,210

want to watch these videos it's

1037

00:44:09,390 --> 00:44:06,700

sometimes seem strange the way that they

1038

00:44:10,920 --> 00:44:09,400

talk they say I see in you know they're

1039

00:44:12,390 --> 00:44:10,930

talking about an explosion and then they

1040

00:44:14,700 --> 00:44:12,400

immediately you start talking in another

1041

00:44:16,260 --> 00:44:14,710

language you say I see an event that

1042

00:44:18,390 --> 00:44:16,270

causes this you know because they don't

1043

00:44:22,320 --> 00:44:18,400

want to it's the old cr-v thing they

1044

00:44:25,860 --> 00:44:22,330

don't want to attach any kind of overlay

1045

00:44:27,870 --> 00:44:25,870

on it so this is all such routine stuff

1046

00:44:29,970 --> 00:44:27,880

for you and people who really know

1047

00:44:31,910 --> 00:44:29,980

remote viewing but I want to make sure

1048

00:44:33,380 --> 00:44:31,920

people understand that you're

1049

00:44:37,430 --> 00:44:33,390

way past that and you're talking about

1050

00:44:39,650 --> 00:44:37,440

the differences in the Farsight way and

1051

00:44:41,060 --> 00:44:39,660

the way that you do it is that you know

1052

00:44:42,350 --> 00:44:41,070

you're kind of structuring it a little

1053

00:44:43,540 --> 00:44:42,360

bit more and you found that to be more

1054

00:44:45,440 --> 00:44:43,550

effective and then you added the

1055

00:44:47,360 --> 00:44:45,450

meditation part which is really

1056

00:44:48,980 --> 00:44:47,370

interesting too so sorry to interrupt I

1057

00:44:50,360 --> 00:44:48,990

just want to make sure people understand

1058

00:44:54,020 --> 00:44:50,370

technical some of these things the wrong

1059

00:44:55,880 --> 00:44:54,030

way you see um with remote viewing you

1060

00:44:58,640 --> 00:44:55,890

have to get the information out really

1061

00:45:00,530 --> 00:44:58,650

quickly like within three seconds or the

1062

00:45:02,270 --> 00:45:00,540

conscious mind will take over so you

1063

00:45:04,760 --> 00:45:02,280

have to have a constant flow of things

1064

00:45:07,640 --> 00:45:04,770

to do so the first thing is they draw a

1065

00:45:08,900 --> 00:45:07,650

they write these random numbers and the

1066

00:45:10,550 --> 00:45:08,910

random numbers don't mean anything

1067

00:45:12,830 --> 00:45:10,560

they're just a distraction to the

1068

00:45:14,590 --> 00:45:12,840

conscious mind so that immediately after

1069

00:45:17,210 --> 00:45:14,600

the random numbers are written a

1070

00:45:19,940 --> 00:45:17,220

spontaneous drawing can come out and

1071

00:45:22,670 --> 00:45:19,950

then they probe that spontaneous drawing

1072

00:45:23,900 --> 00:45:22,680

with their pen and in their program with

1073

00:45:24,230 --> 00:45:23,910

your pen they're feeling it with their

1074

00:45:26,720 --> 00:45:24,240

mind

1075

00:45:29,960 --> 00:45:26,730

figuring out what it is and when they do

1076

00:45:31,880 --> 00:45:29,970

that they have a list of things that

1077

00:45:35,840 --> 00:45:31,890

they know they have to feel it the field

1078

00:45:37,580 --> 00:45:35,850

would it you know to ask about asking

1079

00:45:39,770 --> 00:45:37,590

you shall proceed if you just probe it

1080

00:45:42,110 --> 00:45:39,780

you may get something it may not get

1081

00:45:44,570 --> 00:45:42,120

something but if you probe it and say is

1082

00:45:47,450 --> 00:45:44,580

it hard soft someone heard so myself is

1083

00:45:50,570 --> 00:45:47,460

it a structure and then wouldn't say it

1084

00:45:53,780 --> 00:45:50,580

went with cr-v the any grams are really

1085

00:45:56,060 --> 00:45:53,790

a very relatively small part of the

1086

00:45:57,560 --> 00:45:56,070

actual process but they're trying to do

1087

00:46:00,260 --> 00:45:57,570

with the ideograms as they're trying to

1088

00:46:03,020 --> 00:46:00,270

go through the ideograms until they have

1089

00:46:04,370 --> 00:46:03,030

some basic contact with the target so

1090

00:46:06,920 --> 00:46:04,380

that they can get to something called

1091

00:46:08,810 --> 00:46:06,930

stage four and once they're in stage

1092

00:46:09,860 --> 00:46:08,820

four that they're in a matrix and they

1093

00:46:12,860 --> 00:46:09,870

start going then they're sort of

1094

00:46:14,270 --> 00:46:12,870

released and they go after stuff well we

1095

00:46:16,760 --> 00:46:14,280

found that the ideograms are the most

1096

00:46:18,500 --> 00:46:16,770

important part of the entire session so

1097

00:46:21,740 --> 00:46:18,510

we don't want to go through them fast we

1098

00:46:25,130 --> 00:46:21,750

want to go through them a lot so we have

1099

00:46:26,870 --> 00:46:25,140

a five page single-spaced set of things

1100

00:46:28,490 --> 00:46:26,880

that they're supposed to ask about that

1101

00:46:30,050 --> 00:46:28,500

they go through every time you do a

1102

00:46:32,870 --> 00:46:30,060

session and every time they probe the

1103

00:46:34,430 --> 00:46:32,880

integrand they proba and they probe when

1104

00:46:36,170 --> 00:46:34,440

they ask is it they said to this and

1105

00:46:39,440 --> 00:46:36,180

they're all low-level pieces of

1106

00:46:42,200 --> 00:46:39,450

information so they're all it's nothing

1107

00:46:44,060 --> 00:46:42,210

like is it the Eiffel Tower no they're

1108

00:46:45,950 --> 00:46:44,070

all things like is it a hard base

1109

00:46:48,200 --> 00:46:45,960

surface or a wet base surface

1110

00:46:49,730 --> 00:46:48,210

is it made is respect your honor decent

1111

00:46:50,900 --> 00:46:49,740

metal is that hard what does it sound

1112

00:46:53,839 --> 00:46:50,910

like what are the sounds that are there

1113

00:46:55,490 --> 00:46:53,849

and they have a huge huge number of

1114

00:46:58,220 --> 00:46:55,500

federal five pages single-spaced of

1115

00:46:59,690 --> 00:46:58,230

stuff they're probing for and they go to

1116

00:47:02,900 --> 00:46:59,700

that integrand to do it and after that

1117

00:47:04,700 --> 00:47:02,910

they get a sketch unless I get something

1118

00:47:06,260 --> 00:47:04,710

called a flash sketch which is a flash a

1119

00:47:07,849 --> 00:47:06,270

sketch that when they close their eyes

1120

00:47:11,120 --> 00:47:07,859

they have a blackboard in front of them

1121

00:47:12,680 --> 00:47:11,130

boom there is an image that comes they

1122

00:47:14,839 --> 00:47:12,690

don't try to understand it they just put

1123

00:47:16,460 --> 00:47:14,849

it on the paper and then they probe that

1124

00:47:18,589 --> 00:47:16,470

sketch and try to fill in that sketch

1125

00:47:19,970 --> 00:47:18,599

then they probe for any activity and

1126  
00:47:22,940 --> 00:47:19,980  
then they probe and then they have any

1127  
00:47:25,040 --> 00:47:22,950  
tip any pictures of a vase sketches of a

1128  
00:47:28,220 --> 00:47:25,050  
pipe activity so that one integrand

1129  
00:47:30,799 --> 00:47:28,230  
leads to five pages of paper you know

1130  
00:47:33,770 --> 00:47:30,809  
with serine that 180-gram is over in a

1131  
00:47:35,329 --> 00:47:33,780  
page in one page so after me and then we

1132  
00:47:37,579 --> 00:47:35,339  
do that three times so you're talking

1133  
00:47:40,730 --> 00:47:37,589  
five pages of paper times three you got

1134  
00:47:43,640 --> 00:47:40,740  
fifteen pages plus a ton of sketches so

1135  
00:47:46,430 --> 00:47:43,650  
we don't even use that so-called matrix

1136  
00:47:47,809 --> 00:47:46,440  
for stage for what we do then is neo

1137  
00:47:50,210 --> 00:47:47,819  
five pages with detailed information

1138  
00:47:53,539 --> 00:47:50,220

tons of stages tons of the other

1139

00:47:56,690 --> 00:47:53,549

pictures and then we do a map procedure

1140

00:47:59,329 --> 00:47:56,700

where we have them go up some amount

1141

00:48:01,880 --> 00:47:59,339

that they do shows a thousand feet mm

1142

00:48:03,530 --> 00:48:01,890

see they go at the at the level of

1143

00:48:05,870 --> 00:48:03,540

whatever the UT gram was representing

1144

00:48:07,789 --> 00:48:05,880

and at the top of it so if the any crime

1145

00:48:09,710 --> 00:48:07,799

was representing a building the first

1146

00:48:11,569 --> 00:48:09,720

one would be right there at the building

1147

00:48:13,370 --> 00:48:11,579

then they go up to the top of the

1148

00:48:15,230 --> 00:48:13,380

building like a bird perched at the top

1149

00:48:17,420 --> 00:48:15,240

of the building and then they go say a

1150

00:48:19,250 --> 00:48:17,430

2,000 feet above it and look around and

1151  
00:48:21,170 --> 00:48:19,260  
with each one of those things are doing

1152  
00:48:22,880 --> 00:48:21,180  
pictures and they're probing and

1153  
00:48:24,950 --> 00:48:22,890  
figuring out what's going on then they

1154  
00:48:26,480 --> 00:48:24,960  
go down to the base surface and then

1155  
00:48:28,039 --> 00:48:26,490  
they go one mile in one direction one

1156  
00:48:29,990 --> 00:48:28,049  
mile in another direction one mile in

1157  
00:48:33,140 --> 00:48:30,000  
four different directions so they find

1158  
00:48:36,819 --> 00:48:33,150  
out what's around the thing and then

1159  
00:48:39,109 --> 00:48:36,829  
they do another set of sketches okay so

1160  
00:48:40,490 --> 00:48:39,119  
and all of these things are in the

1161  
00:48:41,900 --> 00:48:40,500  
template it's actually printed out

1162  
00:48:43,940 --> 00:48:41,910  
there's so many things they have to do

1163  
00:48:45,650 --> 00:48:43,950

you can't remember them all even if

1164

00:48:47,960 --> 00:48:45,660

you've done it a thousand times

1165

00:48:50,030 --> 00:48:47,970

so there's a templates asking you what

1166

00:48:52,039 --> 00:48:50,040

to do so senior uses blank pieces of

1167

00:48:54,950 --> 00:48:52,049

paper but with us we have so many things

1168

00:48:56,930 --> 00:48:54,960

ask and you shall receive we made sure

1169

00:48:59,780 --> 00:48:56,940

that they had all the things that they

1170

00:49:01,340 --> 00:48:59,790

needed to do printed on a piece of paper

1171

00:49:04,700 --> 00:49:01,350

so those are the big differences

1172

00:49:07,060 --> 00:49:04,710

meditation and we use templates and we

1173

00:49:10,040 --> 00:49:07,070

have them probe for specific items

1174

00:49:13,490 --> 00:49:10,050

throughout the entire session and the

1175

00:49:15,560 --> 00:49:13,500

process the template and the single page

1176

00:49:17,540 --> 00:49:15,570

five page list of things we're supposed

1177

00:49:18,590 --> 00:49:17,550

to look for those are the same for all

1178

00:49:20,840 --> 00:49:18,600

that their sessions on they're

1179

00:49:24,140 --> 00:49:20,850

describing physical targets so that's

1180

00:49:27,320 --> 00:49:24,150

terrific and for anyone who's really

1181

00:49:30,080 --> 00:49:27,330

into our V protocol I mean that's just a

1182

00:49:33,290 --> 00:49:30,090

treasure trove there and it's hard to

1183

00:49:35,150 --> 00:49:33,300

not understand why other than your

1184

00:49:37,640 --> 00:49:35,160

explanation is people just stick with

1185

00:49:39,590 --> 00:49:37,650

what they know why other people wouldn't

1186

00:49:41,870 --> 00:49:39,600

have moved in these directions because

1187

00:49:44,000 --> 00:49:41,880

it makes perfectly good sense and I

1188

00:49:47,270 --> 00:49:44,010

think when we talk about your results

1189

00:49:50,270 --> 00:49:47,280

you're gonna prove that your results are

1190

00:49:52,880 --> 00:49:50,280

pretty amazing using this expanded

1191

00:49:55,310 --> 00:49:52,890

protocol yeah but you know we decided

1192

00:49:57,530 --> 00:49:55,320

long ago that it's not worthwhile trying

1193

00:49:59,150 --> 00:49:57,540

to convince anybody of anything just let

1194

00:50:01,580 --> 00:49:59,160

people do whatever they want to do and

1195

00:50:03,350 --> 00:50:01,590

that's fine and to get people to do what

1196

00:50:06,080 --> 00:50:03,360

we wanted to do we found out that it was

1197

00:50:07,460 --> 00:50:06,090

impossible to try to persuade them so

1198

00:50:10,160 --> 00:50:07,470

that's why we went out and got people

1199

00:50:12,320 --> 00:50:10,170

raw and just said okay we're gonna teach

1200

00:50:14,060 --> 00:50:12,330

you how to do this exactly the way we

1201  
00:50:15,740 --> 00:50:14,070  
want you to do it and we're gonna pay

1202  
00:50:19,160 --> 00:50:15,750  
you let's talk a little bit about that

1203  
00:50:20,990 --> 00:50:19,170  
let's just kind of lay it out there your

1204  
00:50:22,460 --> 00:50:21,000  
current our viewers who are featured

1205  
00:50:24,770 --> 00:50:22,470  
most prominently in your most recent

1206  
00:50:26,630 --> 00:50:24,780  
videos one they're all African American

1207  
00:50:29,000 --> 00:50:26,640  
and people are like what's going on

1208  
00:50:33,920 --> 00:50:29,010  
there two of them are these young very

1209  
00:50:35,960 --> 00:50:33,930  
attractive looking women well they're

1210  
00:50:37,400 --> 00:50:35,970  
all very attractive and then you know

1211  
00:50:38,450 --> 00:50:37,410  
you probe a little bit further and it's

1212  
00:50:40,520 --> 00:50:38,460  
really interesting the one

1213  
00:50:43,250 --> 00:50:40,530

african-american guy happens your son

1214

00:50:45,080 --> 00:50:43,260

he's very good-looking but he's your son

1215

00:50:47,660 --> 00:50:45,090

and he lives in Thailand and the other

1216

00:50:49,430 --> 00:50:47,670

two I just love the story behind that I

1217

00:50:52,010 --> 00:50:49,440

mean it's not particularly politically

1218

00:50:54,590 --> 00:50:52,020

correct but it's like hey you know I'm

1219

00:50:55,970 --> 00:50:54,600

into acting I went and found out who are

1220

00:50:57,230 --> 00:50:55,980

good actors I thought they needed to

1221

00:50:58,700 --> 00:50:57,240

present I thought they needed to have

1222

00:51:01,280 --> 00:50:58,710

other skills I wanted to give

1223

00:51:02,780 --> 00:51:01,290

opportunities for particular groups

1224

00:51:04,610 --> 00:51:02,790

people african-americans less

1225

00:51:06,800 --> 00:51:04,620

opportunity and I had a selfish reason

1226  
00:51:08,180 --> 00:51:06,810  
in doing it isn't it because our culture

1227  
00:51:10,610 --> 00:51:08,190  
is built in this way that gives them

1228  
00:51:12,260 --> 00:51:10,620  
less opportunities I'm more likely to

1229  
00:51:13,880 --> 00:51:12,270  
retain them if I give them an

1230  
00:51:15,680 --> 00:51:13,890  
opportunity and if they develop these

1231  
00:51:18,740 --> 00:51:15,690  
skills in a way that I can utilize so

1232  
00:51:21,860 --> 00:51:18,750  
correct me if I'm wrong but I love that

1233  
00:51:24,890 --> 00:51:21,870  
explanation for why we see what we see

1234  
00:51:28,120 --> 00:51:24,900  
there well let me just say really

1235  
00:51:32,270 --> 00:51:28,130  
bluntly that race has absolutely zero

1236  
00:51:34,010 --> 00:51:32,280  
impact on what we do meaning my son's

1237  
00:51:36,260 --> 00:51:34,020  
out in Thailand right now trying to

1238  
00:51:39,020 --> 00:51:36,270

organize an Asian version of Farsight

1239

00:51:41,540 --> 00:51:39,030

and we're going to be going also out to

1240

00:51:45,470 --> 00:51:41,550

Africa to organise an African version or

1241

00:51:48,230 --> 00:51:45,480

say so race actually has as no bearing

1242

00:51:50,690 --> 00:51:48,240

whatsoever and everybody on Farsight

1243

00:51:53,360 --> 00:51:50,700

video is up until recently for white men

1244

00:51:55,490 --> 00:51:53,370

so there was you know no one ever

1245

00:51:59,960 --> 00:51:55,500

brought up the issue of race then sure

1246

00:52:02,480 --> 00:51:59,970

so what what does matter to us is youth

1247

00:52:04,940 --> 00:52:02,490

meaning we're trying to appeal to the

1248

00:52:09,530 --> 00:52:04,950

younger demographic that has really been

1249

00:52:11,210 --> 00:52:09,540

the last element in the society to be

1250

00:52:13,220 --> 00:52:11,220

focused on the rainbow connect

1251  
00:52:15,410 --> 00:52:13,230  
phenomenon so we need to you know the

1252  
00:52:16,910 --> 00:52:15,420  
young shall inherit the earth so it is

1253  
00:52:20,150 --> 00:52:16,920  
very important that we appeal to the

1254  
00:52:22,670 --> 00:52:20,160  
younger demographic and we also want to

1255  
00:52:25,340 --> 00:52:22,680  
work with people who are great on camera

1256  
00:52:27,500 --> 00:52:25,350  
so models are particularly good or

1257  
00:52:30,470 --> 00:52:27,510  
actors are particularly good for that

1258  
00:52:33,860 --> 00:52:30,480  
and then we want to find out which

1259  
00:52:36,080 --> 00:52:33,870  
people will stay with us and so race

1260  
00:52:39,380 --> 00:52:36,090  
doesn't have any impact at all on that

1261  
00:52:41,330 --> 00:52:39,390  
but I do ask what is the likelihood of

1262  
00:52:44,420 --> 00:52:41,340  
the person actually wanting to continue

1263  
00:52:46,070 --> 00:52:44,430

with us to do this because there's only

1264

00:52:48,140 --> 00:52:46,080

one real currency you can always earn

1265

00:52:51,440 --> 00:52:48,150

more money but there's only one real

1266

00:52:54,530 --> 00:52:51,450

currency that you can't earn back and

1267

00:52:56,660 --> 00:52:54,540

that's years so if you train somebody

1268

00:53:00,620 --> 00:52:56,670

for a year and then they go off their

1269

00:53:02,720 --> 00:53:00,630

business goal at school at law school or

1270

00:53:05,900 --> 00:53:02,730

go off the you know do crop circling or

1271

00:53:08,090 --> 00:53:05,910

whatever then you've lost that entire

1272

00:53:10,910 --> 00:53:08,100

year and it doesn't matter if money's

1273

00:53:12,560 --> 00:53:10,920

not the issue the issue is there's only

1274

00:53:15,500 --> 00:53:12,570

a certain number of years you have to

1275

00:53:18,140 --> 00:53:15,510

make a dent so you want to work with

1276  
00:53:20,000 --> 00:53:18,150  
people who are going to stay with you so

1277  
00:53:22,460 --> 00:53:20,010  
you want to have talented people so one

1278  
00:53:24,470 --> 00:53:22,470  
way interviewed these people that are

1279  
00:53:26,760 --> 00:53:24,480  
our current collection of remote viewers

1280  
00:53:28,920 --> 00:53:26,770  
race was never an issue

1281  
00:53:29,760 --> 00:53:28,930  
it was longevity how long are they going

1282  
00:53:31,680 --> 00:53:29,770  
to stay with us

1283  
00:53:33,300 --> 00:53:31,690  
whether they would be great on camera

1284  
00:53:35,010 --> 00:53:33,310  
presenting this type of thing we have to

1285  
00:53:37,080 --> 00:53:35,020  
teach them absolutely everything so it's

1286  
00:53:38,760 --> 00:53:37,090  
not just a remote viewing we teach them

1287  
00:53:40,920 --> 00:53:38,770  
all the presentational skills and

1288  
00:53:43,620 --> 00:53:40,930

everything and we are going to be going

1289

00:53:45,540 --> 00:53:43,630

into making short skits like movies but

1290

00:53:47,580 --> 00:53:45,550

like short ones that are like three

1291

00:53:49,500 --> 00:53:47,590

three to ten minutes long and then we're

1292

00:53:51,810 --> 00:53:49,510

going to go into longer series a half

1293

00:53:55,470 --> 00:53:51,820

hour that are blending sort of fiction

1294

00:53:59,310 --> 00:53:55,480

plots with real remote viewing content

1295

00:54:01,650 --> 00:53:59,320

so imagine Star Trek but not totally

1296

00:54:04,170 --> 00:54:01,660

fiction imagine Star Trek but have real

1297

00:54:05,910 --> 00:54:04,180

and have fiction so that it's more

1298

00:54:08,220 --> 00:54:05,920

entertaining to watch and it's real

1299

00:54:09,570 --> 00:54:08,230

acting going on but at the same time

1300

00:54:12,330 --> 00:54:09,580

you're always guessing is that the real

1301

00:54:15,000 --> 00:54:12,340

part is that is that the fiction part so

1302

00:54:18,030 --> 00:54:15,010

that's really the orientation that we

1303

00:54:21,810 --> 00:54:18,040

had I think that's terrific and when I

1304

00:54:25,109 --> 00:54:21,820

watch your videos I do feel like one

1305

00:54:27,060 --> 00:54:25,119

you've just advanced the bar so far

1306

00:54:29,490 --> 00:54:27,070

you're just to be congratulated you're

1307

00:54:31,680 --> 00:54:29,500

way out there in a league totally of

1308

00:54:34,620 --> 00:54:31,690

your own in terms of taking this

1309

00:54:36,330 --> 00:54:34,630

information taking this technique

1310

00:54:38,730 --> 00:54:36,340

whatever it is even though we don't

1311

00:54:41,550 --> 00:54:38,740

completely understand it and kind of

1312

00:54:44,130 --> 00:54:41,560

operationalizing it for the good for the

1313

00:54:47,760 --> 00:54:44,140

common good of everyone to learn stuff

1314

00:54:49,500 --> 00:54:47,770

rather than weaponizing it for evil you

1315

00:54:52,349 --> 00:54:49,510

know I mean not your that's where you're

1316

00:54:55,109 --> 00:54:52,359

at but I do feel sometimes a little bit

1317

00:54:57,330 --> 00:54:55,119

frustrated with once I get past the

1318

00:54:59,490 --> 00:54:57,340

reality of what you're doing that this

1319

00:55:01,890 --> 00:54:59,500

guy really is following these protocols

1320

00:55:05,550 --> 00:55:01,900

as you just described and he's compiling

1321

00:55:09,180 --> 00:55:05,560

this awesome amount of information that

1322

00:55:11,580 --> 00:55:09,190

we can't really dismiss any longer

1323

00:55:13,620 --> 00:55:11,590

I want to go exactly where you're going

1324

00:55:16,260 --> 00:55:13,630

which is like okay I get it it's real

1325

00:55:18,210 --> 00:55:16,270

Kourtney you're not faking it now show

1326  
00:55:21,510 --> 00:55:18,220  
it to me in a way that I can really just

1327  
00:55:24,450 --> 00:55:21,520  
kind of get it in a Netflix kind of

1328  
00:55:26,910 --> 00:55:24,460  
story kind of is it going Alex that's

1329  
00:55:30,750 --> 00:55:26,920  
exactly where we are going well that's

1330  
00:55:33,330 --> 00:55:30,760  
exciting man you know we are working on

1331  
00:55:35,040 --> 00:55:33,340  
that now we need a new facility we have

1332  
00:55:37,740 --> 00:55:35,050  
two places that we do our work right now

1333  
00:55:39,720 --> 00:55:37,750  
and we need a new facility that's a

1334  
00:55:40,620 --> 00:55:39,730  
little bit less considerably larger to

1335  
00:55:42,690 --> 00:55:40,630  
be able to house more

1336  
00:55:44,310 --> 00:55:42,700  
than one person at a time so if you look

1337  
00:55:46,470 --> 00:55:44,320  
at all of our videos you'll always see

1338  
00:55:49,350 --> 00:55:46,480

that there's only one person on camera

1339

00:55:52,590 --> 00:55:49,360

so we need to have a place that has more

1340

00:55:55,590 --> 00:55:52,600

than one person on camera and so working

1341

00:55:57,390 --> 00:55:55,600

on getting such a facility at you know

1342

00:55:59,760 --> 00:55:57,400

with that and then it has to have large

1343

00:56:02,790 --> 00:55:59,770

green screen capabilities as well so

1344

00:56:04,680 --> 00:56:02,800

we're working on that and that will come

1345

00:56:07,800 --> 00:56:04,690

about you'll also notice that we're

1346

00:56:09,750 --> 00:56:07,810

adding new things each time so in the

1347

00:56:14,490 --> 00:56:09,760

last time cross show you'll see that we

1348

00:56:16,320 --> 00:56:14,500

had some short 30-second videos with a

1349

00:56:18,660 --> 00:56:16,330

lot of stills blended together fancy

1350

00:56:21,210 --> 00:56:18,670

editing introducing the viewers so it

1351  
00:56:23,850 --> 00:56:21,220  
wasn't just pop there there there was a

1352  
00:56:26,520 --> 00:56:23,860  
30-second intro and so we're trying to

1353  
00:56:29,310 --> 00:56:26,530  
add things that bring sort of the

1354  
00:56:32,130 --> 00:56:29,320  
backgrounds of who they are to our shows

1355  
00:56:34,650 --> 00:56:32,140  
and then we're also we're going to be

1356  
00:56:36,780 --> 00:56:34,660  
doing personal vlogs that will show up

1357  
00:56:39,180 --> 00:56:36,790  
on our other YouTube channel our site

1358  
00:56:40,530 --> 00:56:39,190  
prime where the reviewers talk about

1359  
00:56:42,390 --> 00:56:40,540  
their lives and what they do outside of

1360  
00:56:45,300 --> 00:56:42,400  
our site and how that sort of blends

1361  
00:56:48,240 --> 00:56:45,310  
with what they do in Farsight so you

1362  
00:56:50,760 --> 00:56:48,250  
know that is a component of what we will

1363  
00:56:52,980 --> 00:56:50,770

do as well and then we will start doing

1364

00:56:55,460 --> 00:56:52,990

these skits of these Netflix type of

1365

00:56:59,010 --> 00:56:55,470

things that you're talking about and

1366

00:57:00,360 --> 00:56:59,020

that will bring in a much larger

1367

00:57:02,850 --> 00:57:00,370

audience because they're fun to watch

1368

00:57:05,910 --> 00:57:02,860

that everybody likes to watch video

1369

00:57:07,440 --> 00:57:05,920

presentations on a whiteboard some

1370

00:57:12,060 --> 00:57:07,450

people can sort of think of that is that

1371

00:57:15,030 --> 00:57:12,070

going to school and we have to vary what

1372

00:57:17,670 --> 00:57:15,040

we do in the largest possible sense in

1373

00:57:19,740 --> 00:57:17,680

order to gain the interest at people who

1374

00:57:21,900 --> 00:57:19,750

would like to see this content but it

1375

00:57:24,810 --> 00:57:21,910

has to be presented in a in a nice way

1376  
00:57:27,900 --> 00:57:24,820  
so basically we threw out the rules that

1377  
00:57:29,130 --> 00:57:27,910  
were originally developed for remote

1378  
00:57:33,150 --> 00:57:29,140  
viewing as it came out of the military

1379  
00:57:36,990 --> 00:57:33,160  
and we just invented the way we would

1380  
00:57:41,220 --> 00:57:37,000  
want to do this in real terms and you're

1381  
00:57:43,200 --> 00:57:41,230  
seeing is sort of maybe 1/5 of the way

1382  
00:57:47,550 --> 00:57:43,210  
through the terms of where we're

1383  
00:57:49,470 --> 00:57:47,560  
actually going and so that's sort of

1384  
00:57:51,750 --> 00:57:49,480  
exciting because you know now there's

1385  
00:57:53,790 --> 00:57:51,760  
more stuff planned but the people that

1386  
00:57:54,470 --> 00:57:53,800  
you know complain on our YouTube channel

1387  
00:57:56,210 --> 00:57:54,480  
occasionally

1388  
00:57:58,040 --> 00:57:56,220

doesn't happen very often but it tells

1389

00:58:00,710 --> 00:57:58,050

where they say we should go back to this

1390

00:58:01,190 --> 00:58:00,720

or go back to that that's not gonna

1391

00:58:03,020 --> 00:58:01,200

happen

1392

00:58:04,849 --> 00:58:03,030

we're not going back anywhere we're

1393

00:58:07,670 --> 00:58:04,859

marching forward doing new things having

1394

00:58:09,650 --> 00:58:07,680

interesting things to say and presenting

1395

00:58:12,740 --> 00:58:09,660

things and interestingly there's also a

1396

00:58:14,210 --> 00:58:12,750

fun factor we're not going to continue

1397

00:58:17,810 --> 00:58:14,220

doing this at all unless we're enjoying

1398

00:58:20,480 --> 00:58:17,820

ourselves so having fun making these

1399

00:58:22,480 --> 00:58:20,490

films is ghoshal we're not working for

1400

00:58:25,430 --> 00:58:22,490

anybody we're working for ourselves

1401

00:58:27,020 --> 00:58:25,440

remember we get our them from the

1402

00:58:29,780 --> 00:58:27,030

majority of our money from things that

1403

00:58:31,490 --> 00:58:29,790

you don't even see so we're not working

1404

00:58:32,930 --> 00:58:31,500

for anybody when we do these videos

1405

00:58:35,480 --> 00:58:32,940

we're working for ourselves and we want

1406

00:58:37,670 --> 00:58:35,490

to have fun when we do these things and

1407

00:58:38,900 --> 00:58:37,680

a lot of fun we want to have fun just

1408

00:58:41,329 --> 00:58:38,910

like as if we were in a Hollywood movie

1409

00:58:43,010 --> 00:58:41,339

so we were in a TV series on you know

1410

00:58:46,700 --> 00:58:43,020

some sci-fi channel or something like

1411

00:58:49,099 --> 00:58:46,710

that so that's where we're headed and we

1412

00:58:52,220 --> 00:58:49,109

work with people that are gonna be with

1413

00:58:54,740 --> 00:58:52,230

us long term because what we do with the

1414

00:58:57,109 --> 00:58:54,750

training for remote going alone basic

1415

00:58:59,329 --> 00:58:57,119

takes nine months in their ear all the

1416

00:59:00,770 --> 00:58:59,339

time working on that that's a lot of

1417

00:59:02,599 --> 00:59:00,780

investment and then you have to train on

1418

00:59:04,579 --> 00:59:02,609

presentational skills and then that goes

1419

00:59:06,650 --> 00:59:04,589

on for a long time as well it's a big

1420

00:59:08,540 --> 00:59:06,660

thing and then we have to start training

1421

00:59:10,730 --> 00:59:08,550

on acting we have to track training on

1422

00:59:11,990 --> 00:59:10,740

everything or even we're even teaching

1423

00:59:13,790 --> 00:59:12,000

every movie where some of our remote

1424

00:59:15,530 --> 00:59:13,800

viewers don't know how to swim and we

1425

00:59:17,660 --> 00:59:15,540

want to be able to do some video and

1426  
00:59:19,670 --> 00:59:17,670  
photo shoots when they're swimming and

1427  
00:59:23,599 --> 00:59:19,680  
so we've been training them on how to

1428  
00:59:25,720 --> 00:59:23,609  
swim I mean it goes you know is if if

1429  
00:59:28,670 --> 00:59:25,730  
it's fun we're going to try to do it and

1430  
00:59:30,530 --> 00:59:28,680  
it will have a a benefit for everybody

1431  
00:59:33,200 --> 00:59:30,540  
because the video product will be better

1432  
00:59:36,079 --> 00:59:33,210  
so rather than hire people for expensive

1433  
00:59:38,059 --> 00:59:36,089  
fees that can do everything and they'll

1434  
00:59:40,579 --> 00:59:38,069  
work with you for a day or two and then

1435  
00:59:42,079 --> 00:59:40,589  
ask for their money and then go we find

1436  
00:59:45,950 --> 00:59:42,089  
people that want to stay with us for a

1437  
00:59:47,390 --> 00:59:45,960  
long term and pay them and this is their

1438  
00:59:49,370 --> 00:59:47,400

job they don't get money from other

1439

00:59:52,069 --> 00:59:49,380

things that this is their primary means

1440

00:59:54,920 --> 00:59:52,079

of employment so we have to pay them

1441

00:59:57,890 --> 00:59:54,930

enough to stay and that's what we do and

1442

01:00:00,950 --> 00:59:57,900

if we're not happy when we're doing it

1443

01:00:02,900 --> 01:00:00,960

you would see bad stuff you just

1444

01:00:04,430 --> 01:00:02,910

wouldn't you'd see it on the video so if

1445

01:00:07,010 --> 01:00:04,440

you see the videos being magnetic

1446

01:00:07,820 --> 01:00:07,020

interesting and engaging that's because

1447

01:00:09,860 --> 01:00:07,830

they're having fun

1448

01:00:11,930 --> 01:00:09,870

when they're doing all of this awesome

1449

01:00:14,810 --> 01:00:11,940

Courtney where should we go next well

1450

01:00:17,030 --> 01:00:14,820

let's see how about targets that's a

1451

01:00:19,370 --> 01:00:17,040

good thing let's talk about targets then

1452

01:00:21,500 --> 01:00:19,380

this is mind blowing this is where

1453

01:00:24,530 --> 01:00:21,510

people usually start when they talk with

1454

01:00:26,690 --> 01:00:24,540

you because it's the flashy stuff that

1455

01:00:29,600 --> 01:00:26,700

blows people away hey you want to know

1456

01:00:32,750 --> 01:00:29,610

what happened on the secret Apollo moon

1457

01:00:35,350 --> 01:00:32,760

missions go watch a Farsight video you

1458

01:00:38,420 --> 01:00:35,360

want to see what happened to Moses after

1459

01:00:40,160 --> 01:00:38,430

Exodus go watch a Farsight video where

1460

01:00:42,170 --> 01:00:40,170

these remote viewers have travelled back

1461

01:00:44,420 --> 01:00:42,180

in time or forward in time and have told

1462

01:00:46,490 --> 01:00:44,430

you and are gonna tell you what would

1463

01:00:49,880 --> 01:00:46,500

happen so we talked a lot about the

1464

01:00:52,280 --> 01:00:49,890

protocol tell us about some of your

1465

01:00:54,200 --> 01:00:52,290

favorite targets some of the most

1466

01:00:57,470 --> 01:00:54,210

controversial targets that you've had

1467

01:00:58,970 --> 01:00:57,480

and anything else that you might think

1468

01:01:00,860 --> 01:00:58,980

about in terms of targets maybe other

1469

01:01:03,410 --> 01:01:00,870

recipes let me tell you first how

1470

01:01:05,270 --> 01:01:03,420

targets actually exist some people

1471

01:01:08,210 --> 01:01:05,280

thought in the beginning they thought it

1472

01:01:10,520 --> 01:01:08,220

existed because they wrote it on a piece

1473

01:01:13,250 --> 01:01:10,530

of paper or because the computer picked

1474

01:01:15,080 --> 01:01:13,260

it we did a ton of research to try to

1475

01:01:16,520 --> 01:01:15,090

figure out what causes and remove you

1476

01:01:18,920 --> 01:01:16,530

were to focus on one thing and not

1477

01:01:20,720 --> 01:01:18,930

something else and what we finally

1478

01:01:22,460 --> 01:01:20,730

figured out and which were certain with

1479

01:01:25,460 --> 01:01:22,470

this now there's no ambiguity about it

1480

01:01:28,160 --> 01:01:25,470

this we will go to our grave saying this

1481

01:01:30,290 --> 01:01:28,170

is it I don't care what anybody says the

1482

01:01:33,380 --> 01:01:30,300

remote killing target is dependent upon

1483

01:01:36,080 --> 01:01:33,390

the thoughts that the person has who is

1484

01:01:38,500 --> 01:01:36,090

analyzing the data for the first time so

1485

01:01:41,360 --> 01:01:38,510

let's say you do a session now and

1486

01:01:44,180 --> 01:01:41,370

somebody a week from now is looking at

1487

01:01:45,680 --> 01:01:44,190

that target and comparing your data to

1488

01:01:47,330 --> 01:01:45,690

it on a computer screen they're looking

1489

01:01:50,180 --> 01:01:47,340

at the target and looking at your data

1490

01:01:52,640 --> 01:01:50,190

and so on that's what creates the target

1491

01:01:54,710 --> 01:01:52,650

there is a mental telepathic kind of a

1492

01:01:54,890 --> 01:01:54,720

retro causation come that's exactly

1493

01:01:57,290 --> 01:01:54,900

right

1494

01:01:59,240 --> 01:01:57,300

so you're there's a mental telepathic

1495

01:02:01,340 --> 01:01:59,250

link because the person that's looking

1496

01:02:02,870 --> 01:02:01,350

at this stuff that's the person that

1497

01:02:04,820 --> 01:02:02,880

you're doing the session for so the

1498

01:02:07,250 --> 01:02:04,830

intent is to satisfy the informational

1499

01:02:09,530 --> 01:02:07,260

needs of that person so that person is

1500

01:02:11,330 --> 01:02:09,540

looking at the target a picture of the

1501

01:02:13,250 --> 01:02:11,340

target that is the thing that creates

1502

01:02:15,440 --> 01:02:13,260

the focus that the remote viewer goes to

1503

01:02:18,020 --> 01:02:15,450

the morolto is trying to satisfy that

1504

01:02:21,590 --> 01:02:18,030

person it's informational needs and so

1505

01:02:23,810 --> 01:02:21,600

once you have that done it's like

1506

01:02:28,820 --> 01:02:23,820

a laser pointer that focuses at that one

1507

01:02:31,970 --> 01:02:28,830

thing so once we found out that we had

1508

01:02:33,920 --> 01:02:31,980

tremendous control over the accuracy of

1509

01:02:36,650 --> 01:02:33,930

the remote force once we realized how

1510

01:02:36,950 --> 01:02:36,660

important that was then we could control

1511

01:02:39,890 --> 01:02:36,960

it

1512

01:02:41,420 --> 01:02:39,900

we understood then that we could get

1513

01:02:43,880 --> 01:02:41,430

them to go to the right place at the

1514

01:02:47,360 --> 01:02:43,890

right time every time we do a remote

1515

01:02:49,220 --> 01:02:47,370

cleaning session the desk is cleared we

1516

01:02:51,590 --> 01:02:49,230

don't look at anything else we pick up

1517

01:02:53,270 --> 01:02:51,600

the data we first pick up the pieces of

1518

01:02:56,900 --> 01:02:53,280

paper but we first look at the target

1519

01:03:00,370 --> 01:02:56,910

and we look at the computer screen we

1520

01:03:02,840 --> 01:03:00,380

get the touchy-feely idea what it's like

1521

01:03:04,700 --> 01:03:02,850

you sort of get it into your mind and

1522

01:03:07,400 --> 01:03:04,710

when it's there and there's nothing else

1523

01:03:08,300 --> 01:03:07,410

then you look at the data and it works

1524

01:03:10,040 --> 01:03:08,310

like a charm

1525

01:03:12,740 --> 01:03:10,050

if the remote procedures are done

1526  
01:03:16,460 --> 01:03:12,750  
correctly they snap on to that target

1527  
01:03:18,380 --> 01:03:16,470  
like a rocket so once we did that we

1528  
01:03:20,810 --> 01:03:18,390  
said well we now have a great

1529  
01:03:23,450 --> 01:03:20,820  
flexibility to do these sessions

1530  
01:03:25,160 --> 01:03:23,460  
economically meaning we can go after a

1531  
01:03:29,360 --> 01:03:25,170  
lot of projects because our accuracy

1532  
01:03:31,190 --> 01:03:29,370  
rate increased and when the accuracy

1533  
01:03:33,560 --> 01:03:31,200  
rate increased we can have projects that

1534  
01:03:36,920 --> 01:03:33,570  
come out every month and then every few

1535  
01:03:40,460 --> 01:03:36,930  
months for big projects so we then went

1536  
01:03:44,180 --> 01:03:40,470  
into a lot of things now the some of the

1537  
01:03:45,800 --> 01:03:44,190  
projects were done early on with remote

1538  
01:03:46,550 --> 01:03:45,810

viewers that are that are now doing

1539

01:03:47,930 --> 01:03:46,560

other things

1540

01:03:51,140 --> 01:03:47,940

we're still all friends we all

1541

01:03:53,150 --> 01:03:51,150

communicate together and so on but some

1542

01:03:56,360 --> 01:03:53,160

of the early projects were done with -

1543

01:03:57,950 --> 01:03:56,370

myth out Britain and the gal Guyer and

1544

01:03:59,180 --> 01:03:57,960

they heard two of the best remote

1545

01:04:01,100 --> 01:03:59,190

viewers on the planet they're really

1546

01:04:03,290 --> 01:04:01,110

great they use different procedures they

1547

01:04:05,150 --> 01:04:03,300

do not use Farsight procedures but

1548

01:04:08,240 --> 01:04:05,160

they're the best in their class and the

1549

01:04:10,370 --> 01:04:08,250

procedures that they use and those are

1550

01:04:12,800 --> 01:04:10,380

the people who did the 911 and the JFK

1551

01:04:16,610 --> 01:04:12,810

ones and some of the other ones Phoenix

1552

01:04:20,350 --> 01:04:16,620

lights and Liam's anti appetite that so

1553

01:04:25,250 --> 01:04:20,360

when we did the 911 one for example and

1554

01:04:27,280 --> 01:04:25,260

even the JFK one I was a stupidest

1555

01:04:30,260 --> 01:04:27,290

person ever I designed the targets

1556

01:04:31,730 --> 01:04:30,270

written on a computer screen but they

1557

01:04:32,930 --> 01:04:31,740

were supposed to see what they were

1558

01:04:35,450 --> 01:04:32,940

supposed to write but they were supposed

1559

01:04:37,130 --> 01:04:35,460

to perceive and I actually went

1560

01:04:38,420 --> 01:04:37,140

again let me interject there explain

1561

01:04:40,520 --> 01:04:38,430

that a little bit because I don't want

1562

01:04:43,750 --> 01:04:40,530

people to get that I write a variation I

1563

01:04:46,490 --> 01:04:43,760

write a very explicit description

1564

01:04:48,950 --> 01:04:46,500

immediately this is designing the target

1565

01:04:51,080 --> 01:04:48,960

no one is going to see this oh no one

1566

01:04:53,330 --> 01:04:51,090

ever sees no one ever sees the target

1567

01:04:55,160 --> 01:04:53,340

until after all the sessions are done

1568

01:04:57,080 --> 01:04:55,170

they're given to they're given to me

1569

01:04:58,670 --> 01:04:57,090

they're scanned in the video sessions

1570

01:05:01,010 --> 01:04:58,680

are done there's no more remote going

1571

01:05:03,800 --> 01:05:01,020

work that needs to be done only then can

1572

01:05:06,890 --> 01:05:03,810

the remote viewers see the target now do

1573

01:05:08,480 --> 01:05:06,900

you do any you are meditator you really

1574

01:05:10,430 --> 01:05:08,490

have been into TM for the longest time

1575

01:05:12,590 --> 01:05:10,440

it's a big part of your daily practice

1576

01:05:16,760 --> 01:05:12,600

your mind hack consciousness hack is

1577

01:05:19,040 --> 01:05:16,770

that a part of what you go into when

1578

01:05:20,450 --> 01:05:19,050

you're designing the target visualizing

1579

01:05:23,180 --> 01:05:20,460

the target you have anything more to add

1580

01:05:25,910 --> 01:05:23,190

about the target creation process it is

1581

01:05:29,080 --> 01:05:25,920

it is true that I do the TM City program

1582

01:05:31,220 --> 01:05:29,090

the the viewers do a different a

1583

01:05:33,140 --> 01:05:31,230

somewhat similar but different form of

1584

01:05:35,750 --> 01:05:33,150

meditation of equal Farsight meditation

1585

01:05:41,030 --> 01:05:35,760

but every day I'm in meditation two and

1586

01:05:43,940 --> 01:05:41,040

a half hours basically and I'm almost in

1587

01:05:45,620 --> 01:05:43,950

that state all the time because you

1588

01:05:48,170 --> 01:05:45,630

spent two and a half hours every day in

1589

01:05:51,470 --> 01:05:48,180

that state it pretty much seeps into the

1590

01:05:53,930 --> 01:05:51,480

rest of the day as well and if I'm upset

1591

01:05:55,760 --> 01:05:53,940

for any reason I do not touch anything

1592

01:05:57,560 --> 01:05:55,770

dealing with remote even if there's any

1593

01:05:59,300 --> 01:05:57,570

distraction as if there's some house

1594

01:06:01,160 --> 01:05:59,310

repair that has to be done I don't do

1595

01:06:01,730 --> 01:06:01,170

anything because that would become part

1596

01:06:04,940 --> 01:06:01,740

of the target

1597

01:06:06,680 --> 01:06:04,950

so whatever the thoughts are I make sure

1598

01:06:08,240 --> 01:06:06,690

that they're only thoughts relating to

1599

01:06:09,530 --> 01:06:08,250

the target and then I write a

1600

01:06:11,450 --> 01:06:09,540

description of what they're supposed to

1601  
01:06:14,300 --> 01:06:11,460  
be perceiving it's very clear that's

1602  
01:06:17,810 --> 01:06:14,310  
very explicit for example it would be

1603  
01:06:20,660 --> 01:06:17,820  
the 911 stuff it would be the the 9/11

1604  
01:06:22,880 --> 01:06:20,670  
events for the Twin Towers that resulted

1605  
01:06:25,190 --> 01:06:22,890  
in the collapse of the Twin Towers and

1606  
01:06:28,010 --> 01:06:25,200  
so on and and it would be a very

1607  
01:06:29,990 --> 01:06:28,020  
explicit statement about the event the

1608  
01:06:32,030 --> 01:06:30,000  
time the events have happened and so on

1609  
01:06:34,070 --> 01:06:32,040  
and that's it but the remote viewers

1610  
01:06:35,780 --> 01:06:34,080  
don't know that they just know that it's

1611  
01:06:40,070 --> 01:06:35,790  
a project we started and there's a

1612  
01:06:43,220 --> 01:06:40,080  
target that's it so they do that and in

1613  
01:06:45,440 --> 01:06:43,230

fact that is Smith and tical Geyer when

1614

01:06:47,570 --> 01:06:45,450

they did the 9/11 stuff they had no

1615

01:06:49,880 --> 01:06:47,580

communication between themselves until

1616

01:06:52,130 --> 01:06:49,890

the very end and after all

1617

01:06:54,110 --> 01:06:52,140

sessions were in they were gonna have a

1618

01:06:56,900 --> 01:06:54,120

conference call between the two of them

1619

01:06:58,790 --> 01:06:56,910

to go over with the target was and it

1620

01:07:00,290 --> 01:06:58,800

was in the conference call after all the

1621

01:07:03,560 --> 01:07:00,300

sessions were done the video paper

1622

01:07:05,330 --> 01:07:03,570

everything they had the meeting and they

1623

01:07:07,790 --> 01:07:05,340

had an email then from me that they were

1624

01:07:10,790 --> 01:07:07,800

allowed to open that I sent right before

1625

01:07:14,000 --> 01:07:10,800

the conference and that was what it was

1626  
01:07:16,790 --> 01:07:14,010  
before the conference uh the gal Geyer

1627  
01:07:18,590 --> 01:07:16,800  
uh he told me he couldn't sleep for two

1628  
01:07:22,040 --> 01:07:18,600  
days he was sweating bullets because

1629  
01:07:24,020 --> 01:07:22,050  
like what if it wasn't the 911 so if he

1630  
01:07:26,240 --> 01:07:24,030  
said this is like crazy that's all I saw

1631  
01:07:27,680 --> 01:07:26,250  
he said if he was wrong and the target

1632  
01:07:29,480 --> 01:07:27,690  
was something else he had to quit

1633  
01:07:32,900 --> 01:07:29,490  
remote-viewing it was good

1634  
01:07:34,970 --> 01:07:32,910  
and apparently I was told that uh that

1635  
01:07:37,100 --> 01:07:34,980  
Smith had sweat beating up on his

1636  
01:07:39,620 --> 01:07:37,110  
forehead when they were getting ready to

1637  
01:07:42,050 --> 01:07:39,630  
open the email that told him to target

1638  
01:07:44,300 --> 01:07:42,060

meaning they didn't know and finally

1639

01:07:46,760 --> 01:07:44,310

when they saw the 9/11 events was the

1640

01:07:51,350 --> 01:07:46,770

9/11 events it was like apparently a

1641

01:07:52,730 --> 01:07:51,360

huge moment of release of relief when

1642

01:07:54,410 --> 01:07:52,740

they did it that's the true of all of

1643

01:07:56,030 --> 01:07:54,420

our stuff because no one really knows

1644

01:07:57,170 --> 01:07:56,040

that the target is so it's all done and

1645

01:07:58,850 --> 01:07:57,180

then you sort of wonder if you're gonna

1646

01:08:00,290 --> 01:07:58,860

if you're gonna have to quit promote

1647

01:08:03,440 --> 01:08:00,300

joining if they're all washed up or

1648

01:08:05,960 --> 01:08:03,450

whatever and so they did that no doubt

1649

01:08:07,610 --> 01:08:05,970

the 9/11 events and the JFK were one of

1650

01:08:10,430 --> 01:08:07,620

our premium projects that we sold on

1651  
01:08:12,620 --> 01:08:10,440  
Vimeo for a number of years but we've

1652  
01:08:14,120 --> 01:08:12,630  
gone to the point where we wanted some

1653  
01:08:16,790 --> 01:08:14,130  
of those things to be out just for the

1654  
01:08:19,520 --> 01:08:16,800  
historical reference so they had 9/11

1655  
01:08:21,260 --> 01:08:19,530  
events and the day of ke ones we finally

1656  
01:08:24,200 --> 01:08:21,270  
put out for free on YouTube for people

1657  
01:08:26,810 --> 01:08:24,210  
to watch we do not monetize them so we

1658  
01:08:28,370 --> 01:08:26,820  
are no money from that we stopped

1659  
01:08:32,030 --> 01:08:28,380  
earning money from it from the sale the

1660  
01:08:34,670 --> 01:08:32,040  
videos on Vimeo so but we thought I just

1661  
01:08:36,260 --> 01:08:34,680  
felt it was necessary for the public

1662  
01:08:38,900 --> 01:08:36,270  
record for the stuff to be out there for

1663  
01:08:41,990 --> 01:08:38,910

whatever or whatever reason just let it

1664

01:08:44,180 --> 01:08:42,000

be and but the other ones most of the

1665

01:08:46,490 --> 01:08:44,190

other ones we for our major projects we

1666

01:08:48,800 --> 01:08:46,500

have a lot of free projects but we also

1667

01:08:51,440 --> 01:08:48,810

have the premium projects and so a lot

1668

01:08:54,620 --> 01:08:51,450

of those like Warren heaven and Moses

1669

01:08:57,590 --> 01:08:54,630

beyond Exodus those are for sale on

1670

01:09:00,920 --> 01:08:57,600

Vimeo and they help when people buy

1671

01:09:03,370 --> 01:09:00,930

those ones that really helps us to make

1672

01:09:06,370 --> 01:09:03,380

the next one grief

1673

01:09:07,990 --> 01:09:06,380

okay where shall we go next well you

1674

01:09:10,419 --> 01:09:08,000

have ichi on your screen you want to do

1675

01:09:12,490 --> 01:09:10,429

that it's very sure you're the you're

1676

01:09:14,860 --> 01:09:12,500

the guy it's up to you it's up to you

1677

01:09:16,660 --> 01:09:14,870

I'm actually already covered money we

1678

01:09:19,749 --> 01:09:16,670

covered targets we covered the Farsight

1679

01:09:23,950 --> 01:09:19,759

laying a little bit of RB history so

1680

01:09:26,169 --> 01:09:23,960

Ichi is a good way to round it off ET

1681

01:09:28,720 --> 01:09:26,179

let's talk about when people think of

1682

01:09:30,189 --> 01:09:28,730

our site they often think of you know

1683

01:09:32,559 --> 01:09:30,199

extraterrestrial because we have done a

1684

01:09:36,280 --> 01:09:32,569

number of extraterrestrial related UFO

1685

01:09:38,349 --> 01:09:36,290

related projects and that's sort of fun

1686

01:09:40,809 --> 01:09:38,359

you know we're way beyond the point of

1687

01:09:43,930 --> 01:09:40,819

wondering whether UFOs and aliens exist

1688

01:09:47,140 --> 01:09:43,940

so since we've done so many targets so

1689

01:09:50,050 --> 01:09:47,150

many projects with easy UFO contact we

1690

01:09:51,340 --> 01:09:50,060

just we just know that they exist ten so

1691

01:09:52,479 --> 01:09:51,350

we just sort of said well let's find out

1692

01:09:55,120 --> 01:09:52,489

what they're doing what's the whole

1693

01:09:58,180 --> 01:09:55,130

story behind them now you know that in

1694

01:10:00,550 --> 01:09:58,190

itself is interesting again in light of

1695

01:10:02,950 --> 01:10:00,560

the current you want to call it a wave

1696

01:10:05,590 --> 01:10:02,960

of disclosure but inside the current way

1697

01:10:07,840 --> 01:10:05,600

their disclosure because you were out

1698

01:10:11,229 --> 01:10:07,850

there and everyone else is catching up

1699

01:10:15,189 --> 01:10:11,239

so before you know ten years ago twenty

1700

01:10:17,919 --> 01:10:15,199

years ago to talk about ET UFO as

1701

01:10:21,459 --> 01:10:17,929

directly as you did just like this is a

1702

01:10:23,020 --> 01:10:21,469

reality that we face every day through

1703

01:10:24,459 --> 01:10:23,030

the information we're getting back and

1704

01:10:28,360 --> 01:10:24,469

to talk about it so matter-of-factly

1705

01:10:31,660 --> 01:10:28,370

back then is astounding because to talk

1706

01:10:35,260 --> 01:10:31,670

about it now isn't as astounding it's

1707

01:10:37,660 --> 01:10:35,270

just much more mainstream so that's it

1708

01:10:38,979 --> 01:10:37,670

but I wonder really when I think of et

1709

01:10:41,020 --> 01:10:38,989

and I think about having the opportunity

1710

01:10:43,149 --> 01:10:41,030

to talk to you dr. Courtney brown I

1711

01:10:47,530 --> 01:10:43,159

jumped to the kind of level three

1712

01:10:49,629 --> 01:10:47,540

discussion which is what is et's role in

1713

01:10:52,180 --> 01:10:49,639

these extended consciousness realms what

1714

01:10:55,060 --> 01:10:52,190

have you found is there a cosmic

1715

01:10:56,379 --> 01:10:55,070

hierarchy ETS angels demons gods how

1716

01:10:58,930 --> 01:10:56,389

does all this stuff fit together is

1717

01:11:01,570 --> 01:10:58,940

there an agenda this is something you've

1718

01:11:03,280 --> 01:11:01,580

talked about off and on bits and pieces

1719

01:11:06,820 --> 01:11:03,290

but pull it all together are there

1720

01:11:11,640 --> 01:11:06,830

multiple agendas as many people have

1721

01:11:15,340 --> 01:11:11,650

speculated so beyond the reality of ET

1722

01:11:16,979 --> 01:11:15,350

what's the inside story of what's going

1723

01:11:19,190 --> 01:11:16,989

on in a very simple

1724

01:11:23,220 --> 01:11:19,200

it's the old biblical thing again as

1725

01:11:24,930 --> 01:11:23,230

above so belittle there are so many

1726

01:11:27,060 --> 01:11:24,940

groups and they do all their different

1727

01:11:29,820 --> 01:11:27,070

stuff it's they it's just like us down

1728

01:11:31,350 --> 01:11:29,830

here and they all had their special

1729

01:11:34,320 --> 01:11:31,360

interests or private interests they have

1730

01:11:36,209 --> 01:11:34,330

groups did the group together it's just

1731

01:11:40,860 --> 01:11:36,219

like we have United Nations I mean it's

1732

01:11:42,420 --> 01:11:40,870

it's they have as above so below and in

1733

01:11:44,790 --> 01:11:42,430

terms of confusion just like there's

1734

01:11:48,300 --> 01:11:44,800

confusion down below there's confusion

1735

01:11:50,700 --> 01:11:48,310

up above so if you want to know what the

1736

01:11:53,610 --> 01:11:50,710

ETS are like just look at the planet

1737

01:11:55,170 --> 01:11:53,620

Earth that's what they're like there's

1738

01:11:57,630 --> 01:11:55,180

all types of groups and all types of

1739

01:11:59,970 --> 01:11:57,640

things going on now they all have their

1740

01:12:01,620 --> 01:11:59,980

own special interests there are some

1741

01:12:04,020 --> 01:12:01,630

groups that want to just be altruistic

1742

01:12:06,090 --> 01:12:04,030

and help humanity and so on like that

1743

01:12:08,970 --> 01:12:06,100

other groups have their own special

1744

01:12:12,360 --> 01:12:08,980

interests for themselves and that

1745

01:12:14,670 --> 01:12:12,370

they're pursuing their own stuff so what

1746

01:12:16,590 --> 01:12:14,680

we found is that it's very difficult and

1747

01:12:18,870 --> 01:12:16,600

possible it's just not worth it to try

1748

01:12:22,920 --> 01:12:18,880

to convince everybody that there are 80

1749

01:12:26,910 --> 01:12:22,930

so what we found is that many groups

1750

01:12:28,340 --> 01:12:26,920

even in the paranormal community they

1751

01:12:30,390 --> 01:12:28,350

simply don't want to talk about

1752

01:12:34,800 --> 01:12:30,400

extraterrestrials way we talk about them

1753

01:12:37,380 --> 01:12:34,810

and they want instead to hedge their

1754

01:12:40,470 --> 01:12:37,390

discussions so that they sounds

1755

01:12:43,500 --> 01:12:40,480

scientific so that they sounds like

1756

01:12:46,470 --> 01:12:43,510

they're making very marginal statements

1757

01:12:49,020 --> 01:12:46,480

that are just a little bit off of what

1758

01:12:50,459 --> 01:12:49,030

mainstream science says so they surround

1759

01:12:52,110 --> 01:12:50,469

it with a lot of statistics they

1760

01:12:53,940 --> 01:12:52,120

surround it with a mind you I don't mind

1761

01:12:56,190 --> 01:12:53,950

statistics I teach statistics at the

1762

01:12:57,750 --> 01:12:56,200

University that's what I do for a living

1763

01:12:59,760 --> 01:12:57,760

it's a mathematical models that's what I

1764

01:13:02,370 --> 01:12:59,770

do for a living so I'm not opposed to

1765

01:13:04,140 --> 01:13:02,380

math or statistics but these there's a

1766

01:13:09,360 --> 01:13:04,150

lot of people in the paranormal field

1767

01:13:11,520 --> 01:13:09,370

who who fill their discussions with very

1768

01:13:15,270 --> 01:13:11,530

scientific sounding texts that almost

1769

01:13:20,150 --> 01:13:15,280

nobody reads and very large quantities

1770

01:13:24,150 --> 01:13:20,160

of numbers and the contributions are

1771

01:13:29,070 --> 01:13:24,160

marginal in my opinion so they are

1772

01:13:30,509 --> 01:13:29,080

afraid of talking about just UFOs 80s

1773

01:13:33,660 --> 01:13:30,519

extraterrestrials

1774

01:13:36,379 --> 01:13:33,670

you can see a paper the others that's

1775

01:13:41,609 --> 01:13:36,389

published in a journal that talks about

1776

01:13:44,430 --> 01:13:41,619

the study of a UFO photograph and they

1777

01:13:47,040 --> 01:13:44,440

look at the light as it was diffracted

1778

01:13:49,319 --> 01:13:47,050

and the different angles under certain

1779

01:13:51,839 --> 01:13:49,329

things examining of life could relate

1780

01:13:53,879 --> 01:13:51,849

means something this way or that way and

1781

01:13:56,700 --> 01:13:53,889

they look at the different lensing of

1782

01:13:58,620 --> 01:13:56,710

the light for heaven's sakes it's a it's

1783

01:14:00,209 --> 01:13:58,630

a it's a craft and like who's in the

1784

01:14:02,129 --> 01:14:00,219

craft and like where is it going and

1785

01:14:03,359 --> 01:14:02,139

what's happening and they're talking

1786

01:14:04,950 --> 01:14:03,369

about the light this plane that would

1787

01:14:06,299 --> 01:14:04,960

and at the end of the article you don't

1788

01:14:08,850 --> 01:14:06,309

even realize that they're talking about

1789

01:14:11,069 --> 01:14:08,860

a spaceship well I stopped we could take

1790

01:14:13,739 --> 01:14:11,079

that one step further it right into the

1791

01:14:15,989 --> 01:14:13,749

et room you know and we've had a

1792

01:14:19,020 --> 01:14:15,999

discussion more frequently on this show

1793

01:14:21,779 --> 01:14:19,030

about the work of the Free Institute ray

1794

01:14:24,239 --> 01:14:21,789

Hernandez and that group who's gone out

1795

01:14:26,910 --> 01:14:24,249

did fortunately grit again I'm all for

1796

01:14:29,310 --> 01:14:26,920

statistics I'm all for the proper

1797

01:14:32,339 --> 01:14:29,320

application of the scientific method and

1798

01:14:35,310 --> 01:14:32,349

what Ray's group has done is the first

1799

01:14:37,859 --> 01:14:35,320

academic scientific study of ET contact

1800

01:14:41,489 --> 01:14:37,869

experience and what falls out of that

1801

01:14:43,979 --> 01:14:41,499

again is a lot of statistics 66 percent

1802

01:14:46,379 --> 01:14:43,989

of people found the et contact positive

1803

01:14:50,069 --> 01:14:46,389

healings this number of percent you know

1804

01:14:52,500 --> 01:14:50,079

that but the reason I bring it up is for

1805

01:14:55,979 --> 01:14:52,510

your point again I think we can even get

1806

01:14:58,319 --> 01:14:55,989

lost in those statistics he's done an

1807

01:15:01,649 --> 01:14:58,329

important job in moving us away from the

1808

01:15:03,870 --> 01:15:01,659

evil alien thing but what is the real

1809

01:15:06,270 --> 01:15:03,880

story behind the numbers and what I've

1810

01:15:08,489 --> 01:15:06,280

been interested in doing is juxtaposing

1811

01:15:10,970 --> 01:15:08,499

that with a similar set of numbers and

1812

01:15:13,919 --> 01:15:10,980

data we get back from the near-death

1813

01:15:16,169 --> 01:15:13,929

experience phenomenon and that's that

1814

01:15:19,080 --> 01:15:16,179

you know what are those what are those

1815

01:15:20,790 --> 01:15:19,090

numbers look like and yeah but all that

1816

01:15:22,589 --> 01:15:20,800

I want to roll that all into one big

1817

01:15:24,959 --> 01:15:22,599

question because the question I've been

1818

01:15:27,660 --> 01:15:24,969

asking people lately and it's kind of

1819

01:15:31,140 --> 01:15:27,670

tongue-in-cheek but not really is does

1820

01:15:34,859 --> 01:15:31,150

et have a near-death experience does et

1821

01:15:38,250 --> 01:15:34,869

how about life review and see the being

1822

01:15:42,089 --> 01:15:38,260

of God in the hierarchy of the supreme

1823

01:15:44,340 --> 01:15:42,099

consciousness as above so below is there

1824

01:15:47,100 --> 01:15:44,350

is there something is there a higher arc

1825

01:15:50,430 --> 01:15:47,110

chuckles structure beyond the planetary

1826  
01:15:53,520 --> 01:15:50,440  
kind of UN Council is there a spiritual

1827  
01:15:56,400 --> 01:15:53,530  
hierarchical structure to the world the

1828  
01:15:59,190 --> 01:15:56,410  
realm that et is in yeah well actually

1829  
01:16:01,650 --> 01:15:59,200  
I'm aware of that or uh actually is a

1830  
01:16:04,050 --> 01:16:01,660  
big book now that research that you just

1831  
01:16:06,470 --> 01:16:04,060  
referred to and that's a little

1832  
01:16:09,570 --> 01:16:06,480  
different because they're talking about

1833  
01:16:11,460 --> 01:16:09,580  
experience for people who have reported

1834  
01:16:13,290 --> 01:16:11,470  
that they have gone through an adult

1835  
01:16:15,630 --> 01:16:13,300  
abduction experience or a contact

1836  
01:16:18,360 --> 01:16:15,640  
experience in there and they're talking

1837  
01:16:21,810 --> 01:16:18,370  
about statistics related to how those

1838  
01:16:23,010 --> 01:16:21,820

people experience that and that's

1839

01:16:24,000 --> 01:16:23,020

different from what I was talking about

1840

01:16:26,340 --> 01:16:24,010

that's actually a very useful

1841

01:16:28,020 --> 01:16:26,350

application of statistics and I that

1842

01:16:30,450 --> 01:16:28,030

research is actually very interesting

1843

01:16:34,110 --> 01:16:30,460

but the other people that are doing

1844

01:16:36,060 --> 01:16:34,120

stuff on a you know sort of a Oh low

1845

01:16:38,040 --> 01:16:36,070

marginal level that's heavily couched in

1846

01:16:40,320 --> 01:16:38,050

a scientific language jargon and numbers

1847

01:16:43,620 --> 01:16:40,330

their stuff is very important and very

1848

01:16:48,990 --> 01:16:43,630

interesting but it's limited in its

1849

01:16:51,360 --> 01:16:49,000

scope and they are very hmm hate to say

1850

01:16:54,690 --> 01:16:51,370

it but it they're very much afraid and

1851  
01:16:58,140 --> 01:16:54,700  
in my view to to publish anything that's

1852  
01:17:01,590 --> 01:16:58,150  
really sort of further beyond that type

1853  
01:17:03,270 --> 01:17:01,600  
of framework that they work within for

1854  
01:17:04,530 --> 01:17:03,280  
fear that the mainstream that they'll be

1855  
01:17:06,420 --> 01:17:04,540  
giving up their chance for the

1856  
01:17:09,300 --> 01:17:06,430  
mainstream scientific community to

1857  
01:17:11,670 --> 01:17:09,310  
accept them so my view is that the

1858  
01:17:14,220 --> 01:17:11,680  
mainstream scientific community isn't

1859  
01:17:17,310 --> 01:17:14,230  
worth fighting for in the first place

1860  
01:17:19,320 --> 01:17:17,320  
and the mainstream scientific community

1861  
01:17:21,780 --> 01:17:19,330  
is not going to accept is not going to

1862  
01:17:23,580 --> 01:17:21,790  
accept them no matter how how they write

1863  
01:17:25,920 --> 01:17:23,590

their papers and matter how they couch

1864

01:17:28,350 --> 01:17:25,930

their their data in statistics sometimes

1865

01:17:31,080 --> 01:17:28,360

an article comes out Daryl BEM for

1866

01:17:33,420 --> 01:17:31,090

example has done some really amazing

1867

01:17:36,410 --> 01:17:33,430

stuff and he's got his articles

1868

01:17:38,700 --> 01:17:36,420

sometimes published in very mainstream

1869

01:17:40,950 --> 01:17:38,710

psychology journals which is very

1870

01:17:42,750 --> 01:17:40,960

surprising very interesting and he's

1871

01:17:45,060 --> 01:17:42,760

sort of an exception that he's got some

1872

01:17:47,610 --> 01:17:45,070

stuff that's really out there but it is

1873

01:17:49,260 --> 01:17:47,620

very interesting at the same time Dean

1874

01:17:51,750 --> 01:17:49,270

Radin has also done some really

1875

01:17:55,560 --> 01:17:51,760

interesting stuff it's got published in

1876

01:17:57,670 --> 01:17:55,570

good venues but the bulk of the stuff

1877

01:18:00,910 --> 01:17:57,680

that is out there as

1878

01:18:03,370 --> 01:18:00,920

very marginal scope it doesn't go beyond

1879

01:18:05,080 --> 01:18:03,380

the boundaries and so I'm not

1880

01:18:07,330 --> 01:18:05,090

criticizing it I'm really not

1881

01:18:08,920 --> 01:18:07,340

criticizing I'm really glad it's there

1882

01:18:11,830 --> 01:18:08,930

if it wasn't there if someone would have

1883

01:18:14,080 --> 01:18:11,840

to do it it's just that it's not what we

1884

01:18:15,700 --> 01:18:14,090

want to do we don't want to live within

1885

01:18:19,150 --> 01:18:15,710

those boundaries we want to find out the

1886

01:18:23,260 --> 01:18:19,160

larger questions so those people tend to

1887

01:18:24,760 --> 01:18:23,270

minimize our contribution although we do

1888

01:18:26,860 --> 01:18:24,770

not minimize their contribution it's

1889

01:18:29,710 --> 01:18:26,870

actually necessary to do it's just not

1890

01:18:31,360 --> 01:18:29,720

the way we want to do it if remote

1891

01:18:34,060 --> 01:18:31,370

viewing actually works for heaven's

1892

01:18:35,830 --> 01:18:34,070

sakes a people to learn it trained them

1893

01:18:37,240 --> 01:18:35,840

for years and years get them to be good

1894

01:18:39,970 --> 01:18:37,250

at it and then look to see what they

1895

01:18:43,630 --> 01:18:39,980

find out and then put the projects up

1896

01:18:45,670 --> 01:18:43,640

and then builds a video library with

1897

01:18:48,010 --> 01:18:45,680

those projects and then builds that as

1898

01:18:50,290 --> 01:18:48,020

you said that Netflix type things that

1899

01:18:52,180 --> 01:18:50,300

sort of bring it to life and let it just

1900

01:18:55,660 --> 01:18:52,190

change the consciousness of the planet

1901

01:18:58,960 --> 01:18:55,670

just by its existence so that has a role

1902

01:19:00,910 --> 01:18:58,970

to and what it is so it's it's not that

1903

01:19:04,210 --> 01:19:00,920

the people who couch their stuff in

1904

01:19:07,210 --> 01:19:04,220

limited scope but very scientific

1905

01:19:08,920 --> 01:19:07,220

wording is got a problem there they

1906

01:19:11,590 --> 01:19:08,930

don't have a problem they just have

1907

01:19:14,890 --> 01:19:11,600

borders around what they do and that's

1908

01:19:17,020 --> 01:19:14,900

okay that's that's good that well it's

1909

01:19:19,420 --> 01:19:17,030

it's not necessarily like okay and I

1910

01:19:20,770 --> 01:19:19,430

understand the distinction though it's

1911

01:19:23,380 --> 01:19:20,780

the way they want to make their

1912

01:19:25,990 --> 01:19:23,390

contribution it's just not good enough

1913

01:19:29,050 --> 01:19:26,000

for what the planet needs right now that

1914

01:19:31,750 --> 01:19:29,060

planet needs a wider spectrum of stuff

1915

01:19:34,780 --> 01:19:31,760

and so we have a different approach to

1916

01:19:37,360 --> 01:19:34,790

it and they have their own approach to

1917

01:19:39,280 --> 01:19:37,370

it in combination to work out it'll work

1918

01:19:41,020 --> 01:19:39,290

out fine well do you have a different

1919

01:19:43,360 --> 01:19:41,030

approach to it amen to that

1920

01:19:44,650 --> 01:19:43,370

and fantastic so glad as you just

1921

01:19:48,340 --> 01:19:44,660

summarized that you're out there doing

1922

01:19:50,800 --> 01:19:48,350

it we had our approach only and they

1923

01:19:53,350 --> 01:19:50,810

didn't exist that would be a problem

1924

01:19:55,870 --> 01:19:53,360

yeah they get what you're saying

1925

01:19:58,690 --> 01:19:55,880

but we have to factor into that the the

1926

01:20:01,030 --> 01:19:58,700

angle that not all of that is what we

1927

01:20:04,240 --> 01:20:01,040

see I mean some of those shenanigans

1928

01:20:07,630 --> 01:20:04,250

that materialistic consciousness is an

1929

01:20:09,460 --> 01:20:07,640

illusion oh this can't possibly be part

1930

01:20:10,990 --> 01:20:09,470

of that is a social engineering project

1931

01:20:13,090 --> 01:20:11,000

- right

1932

01:20:15,550 --> 01:20:13,100

cuz your whole history of remote viewing

1933

01:20:18,070 --> 01:20:15,560

suggests that or the history of remote

1934

01:20:20,080 --> 01:20:18,080

viewing suggests that hey people in the

1935

01:20:22,360 --> 01:20:20,090

government whatever that means

1936

01:20:25,090 --> 01:20:22,370

government they knew that these extended

1937

01:20:28,120 --> 01:20:25,100

consciousness realms existed 50 years

1938

01:20:30,580 --> 01:20:28,130

ago so they let academia kind of putter

1939

01:20:32,170 --> 01:20:30,590

along and spit out this nonsense is that

1940

01:20:34,690 --> 01:20:32,180

there's no such thing as consciousness

1941

01:20:37,720 --> 01:20:34,700

and don't look there and ESP is a joke

1942

01:20:39,520 --> 01:20:37,730

ha ha ha and you know anthea gents

1943

01:20:41,950 --> 01:20:39,530

that's not really happening all that so

1944

01:20:43,810 --> 01:20:41,960

they perpetuated that and we can say oh

1945

01:20:46,420 --> 01:20:43,820

well the gosh-darn they were just so

1946

01:20:48,850 --> 01:20:46,430

dumb and stupid or we can say that were

1947

01:20:51,820 --> 01:20:48,860

propped up to kind of tell a particular

1948

01:20:53,950 --> 01:20:51,830

story in the same way that disclosure 50

1949

01:20:55,870 --> 01:20:53,960

years ago was not what it is today and

1950

01:20:58,390 --> 01:20:55,880

it was a different message about Oh

1951

01:21:00,520 --> 01:20:58,400

anyone who says that is tinfoil hat ish

1952

01:21:03,160 --> 01:21:00,530

and stuff like that so when we see how

1953

01:21:04,840 --> 01:21:03,170

the message changes we can say oh gosh

1954

01:21:05,320 --> 01:21:04,850

were the ones out there who made it

1955

01:21:07,270 --> 01:21:05,330

happen

1956

01:21:09,160 --> 01:21:07,280

or we can say this is all part of a

1957

01:21:10,690 --> 01:21:09,170

social engineering project so what I was

1958

01:21:13,210 --> 01:21:10,700

really doing was jumping two steps

1959

01:21:15,340 --> 01:21:13,220

beyond that great so there's mainstream

1960

01:21:16,960 --> 01:21:15,350

epidemia and they let Daryl BEM get out

1961

01:21:19,090 --> 01:21:16,970

there and do a couple papers but we

1962

01:21:21,250 --> 01:21:19,100

reviewed that extensively on this show

1963

01:21:23,800 --> 01:21:21,260

and that the blowback from barrel bomb

1964

01:21:25,780 --> 01:21:23,810

was also you know something that most

1965

01:21:27,820 --> 01:21:25,790

people can't endure either so the

1966

01:21:30,430 --> 01:21:27,830

message is sent you don't really want to

1967

01:21:32,230 --> 01:21:30,440

go there if you're an academic but I do

1968

01:21:34,840 --> 01:21:32,240

have to kind of push back on one thing

1969

01:21:36,700 --> 01:21:34,850

is that Ray hernandez love good friend

1970

01:21:39,130 --> 01:21:36,710

of the show support image support his

1971

01:21:41,170 --> 01:21:39,140

work financially the best I can but he's

1972

01:21:43,210 --> 01:21:41,180

running into the same traps here when

1973

01:21:44,950 --> 01:21:43,220

you start publishing you know these

1974

01:21:48,220 --> 01:21:44,960

large surveys just like they've done an

1975

01:21:50,770 --> 01:21:48,230

NDE and say 66% of people say this about

1976

01:21:54,820 --> 01:21:50,780

contact experience therefore we can

1977

01:21:56,710 --> 01:21:54,830

conclude that it is this no I don't

1978

01:21:58,570 --> 01:21:56,720

agree I agree with what you said which

1979

01:22:01,240 --> 01:21:58,580

is as above so below we have to look at

1980

01:22:03,220 --> 01:22:01,250

this from a much more broader spiritual

1981

01:22:05,650 --> 01:22:03,230

perspective we have to look at the

1982

01:22:08,530 --> 01:22:05,660

Yogi's we have to one understand that we

1983

01:22:11,170 --> 01:22:08,540

don't understand anything outside of

1984

01:22:14,110 --> 01:22:11,180

this time-space reality and we're just

1985

01:22:16,600 --> 01:22:14,120

trying to probe around and admit the

1986

01:22:19,070 --> 01:22:16,610

limits of our knowledge so I think

1987

01:22:20,690 --> 01:22:19,080

there's a lot there the

1988

01:22:22,280 --> 01:22:20,700

it that we still need to learn I know

1989

01:22:24,050 --> 01:22:22,290

you don't disagree with that but I do

1990

01:22:25,970 --> 01:22:24,060

want to bring it back around if you want

1991

01:22:28,400 --> 01:22:25,980

to comment any that you could but I want

1992

01:22:32,810 --> 01:22:28,410

to bring it back to this question of the

1993

01:22:36,020 --> 01:22:32,820

larger spiritual aspect to this and not

1994

01:22:39,050 --> 01:22:36,030

as a spiritual kind of practitioner but

1995

01:22:42,590 --> 01:22:39,060

as a kind of spiritual scientist if you

1996

01:22:45,530 --> 01:22:42,600

will is there a spiritual hierarchy that

1997

01:22:47,840 --> 01:22:45,540

is outside of the materialistic

1998

01:22:49,580 --> 01:22:47,850

hierarchy so in this country we have a

1999

01:22:51,100 --> 01:22:49,590

hierarchy that we can all see and we

2000

01:22:53,300 --> 01:22:51,110

have an economic hierarchy and

2001  
01:22:55,100 --> 01:22:53,310  
billionaires and the one-percenters and

2002  
01:22:56,600 --> 01:22:55,110  
people love that but then when we move

2003  
01:22:57,950 --> 01:22:56,610  
over the spiritual realm we say well

2004  
01:22:59,590 --> 01:22:57,960  
that doesn't really even matter they're

2005  
01:23:02,960 --> 01:22:59,600  
playing a different game and whatever

2006  
01:23:05,630 --> 01:23:02,970  
spiritual truth there is isn't

2007  
01:23:07,010 --> 01:23:05,640  
interested in that game and their indie

2008  
01:23:09,530 --> 01:23:07,020  
ears when people have a near-death

2009  
01:23:11,360 --> 01:23:09,540  
experience then they're working up to

2010  
01:23:15,260 --> 01:23:11,370  
this other reality where all that stuff

2011  
01:23:20,080 --> 01:23:15,270  
doesn't matter so the question is where

2012  
01:23:23,780 --> 01:23:20,090  
is et on these materialistic

2013  
01:23:29,660 --> 01:23:23,790

consciousness hierarchy versus spiritual

2014

01:23:32,750 --> 01:23:29,670

yogic Jesus hierarchy well my personal

2015

01:23:34,580 --> 01:23:32,760

view on that after doing all the studies

2016

01:23:37,760 --> 01:23:34,590

that we've done and marching forward

2017

01:23:39,830 --> 01:23:37,770

into the future with new studies is that

2018

01:23:44,300 --> 01:23:39,840

there is no such thing as a spiritual

2019

01:23:46,250 --> 01:23:44,310

anything there's just life and there's

2020

01:23:50,270 --> 01:23:46,260

physics for why we can't see certain

2021

01:23:52,160 --> 01:23:50,280

life and why we can see other life but

2022

01:23:56,000 --> 01:23:52,170

since the remote viewing phenomenon

2023

01:23:59,390 --> 01:23:56,010

works and you can perceive across time

2024

01:24:03,580 --> 01:23:59,400

and space and with apparently no time or

2025

01:24:06,740 --> 01:24:03,590

limitations and distance obviously our

2026

01:24:09,680 --> 01:24:06,750

consciousness extends beyond the

2027

01:24:11,390 --> 01:24:09,690

physical body so one thing we're

2028

01:24:14,300 --> 01:24:11,400

absolutely certain about is that the

2029

01:24:17,260 --> 01:24:14,310

physical body is just a thing it's just

2030

01:24:21,140 --> 01:24:17,270

a physical thing it's like a car and

2031

01:24:23,420 --> 01:24:21,150

it's okay to buff it up but makeup on

2032

01:24:23,630 --> 01:24:23,430

it's okay to do whatever you want with

2033

01:24:26,060 --> 01:24:23,640

it

2034

01:24:28,130 --> 01:24:26,070

workout they look the muscles you're

2035

01:24:30,200 --> 01:24:28,140

just missing by the car it's like taking

2036

01:24:32,939 --> 01:24:30,210

your car and getting a new paint job so

2037

01:24:35,540 --> 01:24:32,949

it's just a thing and

2038

01:24:37,919 --> 01:24:35,550

you have to have that thing in order to

2039

01:24:40,020 --> 01:24:37,929

operate in this realm just like you have

2040

01:24:45,209 --> 01:24:40,030

to have a car in order to drive on the

2041

01:24:47,100 --> 01:24:45,219

road so when people die they opt out of

2042

01:24:49,350 --> 01:24:47,110

the body and then they are the way they

2043

01:24:51,209 --> 01:24:49,360

were before they had the body and they

2044

01:24:54,950 --> 01:24:51,219

see different things because of the

2045

01:24:59,070 --> 01:24:54,960

physics of the nature what it you know

2046

01:25:00,840 --> 01:24:59,080

that's at that side of things but they

2047

01:25:03,630 --> 01:25:00,850

say something like there is a spiritual

2048

01:25:06,419 --> 01:25:03,640

thing that's sort of putting a WOW

2049

01:25:09,689 --> 01:25:06,429

factor on just some aspect of life is

2050

01:25:11,790 --> 01:25:09,699

physics involved and why we have our

2051

01:25:12,930 --> 01:25:11,800

physical stuff and there's physics

2052

01:25:16,050 --> 01:25:12,940

involved and why we have our

2053

01:25:19,650 --> 01:25:16,060

non-physical stuff ETS have been an

2054

01:25:21,959 --> 01:25:19,660

ability to travel and blink in and out

2055

01:25:24,390 --> 01:25:21,969

of what we call our physical reality in

2056

01:25:26,189 --> 01:25:24,400

the sense of you see a ship it'll be

2057

01:25:28,290 --> 01:25:26,199

flying through the atmosphere and great

2058

01:25:29,910 --> 01:25:28,300

speed and then suddenly it's all

2059

01:25:31,740 --> 01:25:29,920

freighter and no one can see it blink is

2060

01:25:33,840 --> 01:25:31,750

gone and then it appears you know 20

2061

01:25:37,470 --> 01:25:33,850

miles down and it suddenly reappears

2062

01:25:39,540 --> 01:25:37,480

so what they do when they do that just

2063

01:25:41,580 --> 01:25:39,550

like you pop out of your body and you

2064

01:25:43,890 --> 01:25:41,590

can't see the physical person can't see

2065

01:25:47,340 --> 01:25:43,900

the you know the non-physical person

2066

01:25:48,660 --> 01:25:47,350

anymore they have technology that well I

2067

01:25:50,880 --> 01:25:48,670

don't want to get too much into the

2068

01:25:52,470 --> 01:25:50,890

physics but technology that sort of

2069

01:25:55,590 --> 01:25:52,480

changes the vibration of the ship

2070

01:25:57,030 --> 01:25:55,600

surrounds it with a quantum signature

2071

01:25:58,380 --> 01:25:57,040

that's a bit different from what it was

2072

01:26:00,180 --> 01:25:58,390

before and suddenly we can't see it

2073

01:26:01,919 --> 01:26:00,190

anymore and radar won't pick it up

2074

01:26:03,479 --> 01:26:01,929

anymore the physical reflections of

2075

01:26:03,840 --> 01:26:03,489

light doesn't happen so we can't see it

2076

01:26:06,570 --> 01:26:03,850

anymore

2077

01:26:10,919 --> 01:26:06,580

and they have technology that they can

2078

01:26:13,140 --> 01:26:10,929

still see us so when you talk about the

2079

01:26:15,540 --> 01:26:13,150

spiritual realm you're really just

2080

01:26:18,330 --> 01:26:15,550

talking about beings or people or

2081

01:26:21,150 --> 01:26:18,340

subjects or whatever and when you talk

2082

01:26:23,610 --> 01:26:21,160

about religions what you're talking

2083

01:26:27,360 --> 01:26:23,620

about is stuff that's happened with

2084

01:26:30,360 --> 01:26:27,370

beings people subjects things that have

2085

01:26:33,600 --> 01:26:30,370

evolved into being religious constructs

2086

01:26:35,970 --> 01:26:33,610

that we have today but there's nothing

2087

01:26:39,360 --> 01:26:35,980

but people subjects and everything so

2088

01:26:41,850 --> 01:26:39,370

what you have is when you have Moses

2089

01:26:44,310 --> 01:26:41,860

beyond Exodus and amazing things seem to

2090

01:26:46,149 --> 01:26:44,320

happen well some group made those

2091

01:26:48,310 --> 01:26:46,159

amazing things happen and

2092

01:26:51,270 --> 01:26:48,320

had to compartmentalize it to make it

2093

01:26:53,979 --> 01:26:51,280

sort of understandable so God did it and

2094

01:26:56,259 --> 01:26:53,989

there's just beings out there and they

2095

01:26:57,520 --> 01:26:56,269

have stuff that they do and some of them

2096

01:26:59,229 --> 01:26:57,530

like to get involved with us and they

2097

01:27:00,850 --> 01:26:59,239

think if they tweak us this way or tweak

2098

01:27:02,439 --> 01:27:00,860

us that way the civilization will evolve

2099

01:27:05,409 --> 01:27:02,449

in a better way at this way or that way

2100

01:27:07,270 --> 01:27:05,419

and we put names on those beings and say

2101

01:27:10,629 --> 01:27:07,280

this is a god other so-and-so

2102

01:27:12,489 --> 01:27:10,639

so that's what there is hold on because

2103

01:27:14,350 --> 01:27:12,499

there's so much to process there and

2104

01:27:16,299 --> 01:27:14,360

this is right in my swing zone so I

2105

01:27:18,939 --> 01:27:16,309

guess the first question I'd ask is the

2106

01:27:21,850 --> 01:27:18,949

question I ask all skeptics and atheists

2107

01:27:23,859 --> 01:27:21,860

is that is there any meaning to any of

2108

01:27:28,479 --> 01:27:23,869

this is there any meaning to the

2109

01:27:32,049 --> 01:27:28,489

universe yeah one thing I've concluded

2110

01:27:34,540 --> 01:27:32,059

or certain is that there is a larger

2111

01:27:36,549 --> 01:27:34,550

being some people may want to call God

2112

01:27:39,370 --> 01:27:36,559

that there is something as larger being

2113

01:27:42,759 --> 01:27:39,380

you might want to call it a different

2114

01:27:45,759 --> 01:27:42,769

name some people call it a hole that is

2115

01:27:49,120 --> 01:27:45,769

meaning it's whatever it is it's

2116

01:27:51,399 --> 01:27:49,130

everything that exists and there is no

2117

01:27:54,699 --> 01:27:51,409

such thing as a god that's separate from

2118

01:27:56,319 --> 01:27:54,709

you but basically here is is everything

2119

01:27:59,140 --> 01:27:56,329

that's exists in the universe from a

2120

01:28:02,580 --> 01:27:59,150

rock to a computer monitor to a person

2121

01:28:04,659 --> 01:28:02,590

to an inchworm everything is alive

2122

01:28:07,319 --> 01:28:04,669

absolutely everything nothing that's not

2123

01:28:11,140 --> 01:28:07,329

alive it's all the same phenomenon of

2124

01:28:14,679 --> 01:28:11,150

waveforms that interact and these

2125

01:28:17,319 --> 01:28:14,689

waveforms produce amalgams of things

2126

01:28:19,089 --> 01:28:17,329

that sort of congeal together that we

2127

01:28:21,549 --> 01:28:19,099

see is people and subjects and things

2128

01:28:23,259 --> 01:28:21,559

okay there is a God is there a limit

2129

01:28:25,959 --> 01:28:23,269

explain I mean is there a moral

2130

01:28:29,439 --> 01:28:25,969

imperative is there a right and wrong we

2131

01:28:31,929 --> 01:28:29,449

don't know what we do know is that there

2132

01:28:33,729 --> 01:28:31,939

is nothing but energy in the universe

2133

01:28:35,199 --> 01:28:33,739

there's no such thing as matter and

2134

01:28:37,239 --> 01:28:35,209

there's probably no such thing as

2135

01:28:39,669 --> 01:28:37,249

distance that goes against mainstream

2136

01:28:43,899 --> 01:28:39,679

physics I know but physicists have never

2137

01:28:46,299 --> 01:28:43,909

ever ever ever found anything solid if

2138

01:28:48,159 --> 01:28:46,309

you look at your desk you say that solid

2139

01:28:50,199 --> 01:28:48,169

my body looks of it but it's not it's

2140

01:28:51,669 --> 01:28:50,209

just empty space and molecules you go

2141

01:28:54,009 --> 01:28:51,679

into the molecules there's empty space

2142

01:28:56,560 --> 01:28:54,019

and atoms you go into a atoms you get

2143

01:28:58,239 --> 01:28:56,570

empty space and subatomic particles you

2144

01:28:59,659 --> 01:28:58,249

go into the subatomic particles you get

2145

01:29:01,429 --> 01:28:59,669

empty space and it

2146

01:29:04,159 --> 01:29:01,439

down the rabbit hole they've never found

2147

01:29:06,500 --> 01:29:04,169

anything that's a solid thing they just

2148

01:29:08,750 --> 01:29:06,510

find energy and these particles and the

2149

01:29:10,339 --> 01:29:08,760

particles are energy manifestations they

2150

01:29:12,259 --> 01:29:10,349

come out of wave packets just the

2151

01:29:14,959 --> 01:29:12,269

complicated physics stuff there's

2152

01:29:19,250 --> 01:29:14,969

nothing in the entire universe except

2153

01:29:23,089 --> 01:29:19,260

energy  $E$  equals  $MC^2$  energy equals

2154

01:29:24,259 --> 01:29:23,099

a scalar multiple of mass a mass and

2155

01:29:26,389 --> 01:29:24,269

energy are the same they're just

2156

01:29:28,759 --> 01:29:26,399

different versions of the same thing so

2157

01:29:32,569 --> 01:29:28,769

what we have about the entire universe

2158

01:29:33,889 --> 01:29:32,579

is energy and that includes us and what

2159

01:29:36,439 --> 01:29:33,899

you might want to call our souls

2160

01:29:39,350 --> 01:29:36,449

there's nothing existing anywhere in our

2161

01:29:41,629 --> 01:29:39,360

universe that isn't energy and so what

2162

01:29:46,520 --> 01:29:41,639

happens is you can say well then if

2163

01:29:48,799 --> 01:29:46,530

energy is everything then we're thinking

2164

01:29:51,459 --> 01:29:48,809

and everything sort of coming out of

2165

01:29:54,739 --> 01:29:51,469

energy so it turns out that in fact

2166

01:29:58,370 --> 01:29:54,749

there is such a thing as a larger being

2167

01:30:02,000 --> 01:29:58,380

that's composed of all of this energy

2168

01:30:04,819 --> 01:30:02,010

and this larger being from the best we

2169

01:30:06,520 --> 01:30:04,829

can figure it out I'm speculating but

2170

01:30:10,339 --> 01:30:06,530

from the best that we can figure out

2171

01:30:14,779 --> 01:30:10,349

this larger being wanted to know what it

2172

01:30:16,219 --> 01:30:14,789

felt like to be us it it wanted to know

2173

01:30:17,870 --> 01:30:16,229

what it felt like to live almost an

2174

01:30:20,270 --> 01:30:17,880

infinite variety of different

2175

01:30:22,580 --> 01:30:20,280

experiences and so it broke itself up

2176

01:30:24,859 --> 01:30:22,590

into little pieces and the pieces

2177

01:30:26,389 --> 01:30:24,869

interact and they're called Alex and

2178

01:30:28,100 --> 01:30:26,399

Courtney and they're called other things

2179

01:30:30,439 --> 01:30:28,110

and they're called Hillary Clinton and

2180

01:30:33,500 --> 01:30:30,449

Donald Trump and and it goes on and on

2181

01:30:38,419 --> 01:30:33,510

and on and so these pieces interact

2182

01:30:40,699 --> 01:30:38,429

among themselves so is there a god well

2183

01:30:43,370 --> 01:30:40,709

there is a larger being that's alive

2184

01:30:45,109 --> 01:30:43,380

because we're alive is there a being

2185

01:30:47,689 --> 01:30:45,119

beyond the larger bang yeah it was if

2186

01:30:50,029 --> 01:30:47,699

you say Courtney is it possible to speak

2187

01:30:52,159 --> 01:30:50,039

to God I'd say absolutely I'm doing that

2188

01:30:53,750 --> 01:30:52,169

right now I'll exit you and you're

2189

01:30:56,709 --> 01:30:53,760

talking to me you were all part of that

2190

01:30:59,000 --> 01:30:56,719

larger thing and so everything that's

2191

01:31:00,919 --> 01:30:59,010

inanimate like a chair or something like

2192

01:31:03,500 --> 01:31:00,929

that is also part of that same energy

2193

01:31:06,500 --> 01:31:03,510

and on some level that we don't

2194

01:31:07,549 --> 01:31:06,510

understand everything somehow exists as

2195

01:31:10,189 --> 01:31:07,559

a living thing

2196

01:31:11,989 --> 01:31:10,199

and I don't know how a don't ask me to

2197

01:31:13,609 --> 01:31:11,999

explain the consciousness of a desk I

2198

01:31:16,339 --> 01:31:13,619

mean I don't know I don't understand

2199

01:31:19,010 --> 01:31:16,349

but it's all part of the same thing and

2200

01:31:20,780 --> 01:31:19,020

so what we have here is a larger being

2201

01:31:23,750 --> 01:31:20,790

that we can call all that is another

2202

01:31:26,180 --> 01:31:23,760

real question is what is the game plan

2203

01:31:27,919 --> 01:31:26,190

for this all that is that's one of the

2204

01:31:28,939 --> 01:31:27,929

questions but I want to keep I want to

2205

01:31:31,189 --> 01:31:28,949

keep bringing you back you're the

2206

01:31:33,589 --> 01:31:31,199

science guy you love science I love

2207

01:31:36,830 --> 01:31:33,599

science we just haven't been allowed to

2208

01:31:38,990 --> 01:31:36,840

probe science because they keep it

2209

01:31:43,129 --> 01:31:39,000

spinning on all this stupid stuff that

2210

01:31:45,709 --> 01:31:43,139

is pseudoscience so I take the over 200

2211

01:31:48,010 --> 01:31:45,719

peer-reviewed studies and then dear

2212

01:31:50,629 --> 01:31:48,020

death experience science as being

2213

01:31:53,839 --> 01:31:50,639

significant and important just like I

2214

01:31:55,939 --> 01:31:53,849

take the contact experience science and

2215

01:31:57,500 --> 01:31:55,949

the work that they've done is important

2216

01:32:00,109 --> 01:31:57,510

and I try and merge the true and

2217

01:32:02,830 --> 01:32:00,119

understand the two and I guess I just

2218

01:32:05,930 --> 01:32:02,840

can't step past all that near-death

2219

01:32:08,500 --> 01:32:05,940

experience science one because we

2220

01:32:10,669 --> 01:32:08,510

understand the physiology thereof

2221

01:32:12,140 --> 01:32:10,679

particularly people who've had a cardiac

2222

01:32:14,540 --> 01:32:12,150

arrest and then have a near-death

2223

01:32:16,310 --> 01:32:14,550

experience so their heart has stopped

2224

01:32:17,540 --> 01:32:16,320

which means that their brain is not

2225

01:32:19,490 --> 01:32:17,550

functioning in a way that would normally

2226

01:32:22,070 --> 01:32:19,500

produce kind of justice and yet they're

2227

01:32:24,379 --> 01:32:22,080

having these experiences in the extended

2228

01:32:26,300 --> 01:32:24,389

consciousness realm now for you you

2229

01:32:27,859 --> 01:32:26,310

might say no big deal we've probed the

2230

01:32:29,780 --> 01:32:27,869

extent to consciousness realms without

2231

01:32:32,629 --> 01:32:29,790

the brain without body we get that that

2232

01:32:34,550 --> 01:32:32,639

exists but I take that and say okay then

2233

01:32:36,979 --> 01:32:34,560

what do we understand about the content

2234

01:32:38,959 --> 01:32:36,989

of those experiences and what they're

2235

01:32:40,669 --> 01:32:38,969

telling us consistently over and over

2236

01:32:42,770 --> 01:32:40,679

again and I interviewed dr. Jeff long

2237

01:32:45,379 --> 01:32:42,780

radiation oncologists compiled the

2238

01:32:47,120 --> 01:32:45,389

largest database over 3,000 near-death

2239

01:32:48,620 --> 01:32:47,130

experiences for the New York Times

2240

01:32:50,540 --> 01:32:48,630

bestselling book and he says Alex

2241

01:32:52,430 --> 01:32:50,550

they're talking about God and he goes

2242

01:32:54,020 --> 01:32:52,440

this is underreported because people

2243

01:32:55,399 --> 01:32:54,030

don't want to deal with it or can't deal

2244

01:32:57,399 --> 01:32:55,409

with it or it doesn't fit into their

2245

01:32:59,930 --> 01:32:57,409

paradigm or like you said it's not

2246

01:33:01,879 --> 01:32:59,940

academically acceptable but this is the

2247

01:33:03,439 --> 01:33:01,889

overwhelming experience people have more

2248

01:33:04,790 --> 01:33:03,449

than saying the tunnel or more than

2249

01:33:06,979 --> 01:33:04,800

saying you know all these other things

2250

01:33:09,229 --> 01:33:06,989

it's God it's the experience of a higher

2251

01:33:11,209 --> 01:33:09,239

being that they understand and associate

2252

01:33:13,550 --> 01:33:11,219

and understand in this kind of I

2253

01:33:15,320 --> 01:33:13,560

understand everything way right so in

2254

01:33:16,609 --> 01:33:15,330

these realms then it's like boom

2255

01:33:18,530 --> 01:33:16,619

download of information I know

2256

01:33:20,330 --> 01:33:18,540

everything I know there's a god I know

2257

01:33:22,250 --> 01:33:20,340

there's a hierarchy of beings I know

2258

01:33:24,020 --> 01:33:22,260

there are great beings which you talk

2259

01:33:26,479 --> 01:33:24,030

about in some of your videos you know

2260

01:33:27,260 --> 01:33:26,489

great beings the Yogi's the Masters the

2261

01:33:29,600 --> 01:33:27,270

misty

2262

01:33:31,490 --> 01:33:29,610

the Christian mystics or whatever

2263

01:33:33,380 --> 01:33:31,500

religion mystics these are great beings

2264

01:33:35,960 --> 01:33:33,390

that seem to be on some kind of

2265

01:33:38,450 --> 01:33:35,970

spiritual hierarchy they always talk

2266

01:33:41,000 --> 01:33:38,460

about a moral imperative there is a

2267

01:33:43,400 --> 01:33:41,010

right and wrong you will judge yourself

2268

01:33:45,740 --> 01:33:43,410

based on your deeds and you will know as

2269

01:33:48,260 --> 01:33:45,750

you know down here you know what's right

2270

01:33:49,700 --> 01:33:48,270

and wrong and up there you will know

2271

01:33:51,530 --> 01:33:49,710

what's right and wrong and this is not a

2272

01:33:54,440 --> 01:33:51,540

religious kind of thing because there's

2273

01:33:55,220 --> 01:33:54,450

not some big mean God on a cloud who's

2274

01:33:57,500 --> 01:33:55,230

judging you

2275

01:34:00,590 --> 01:33:57,510

it is a soul journey you judging

2276

01:34:02,090 --> 01:34:00,600

yourself kind of stuff but this data to

2277

01:34:04,760 --> 01:34:02,100

me and I call it data because that's

2278

01:34:07,910 --> 01:34:04,770

what it is it seems to be an inescapable

2279

01:34:11,060 --> 01:34:07,920

part of what we're talking about so I

2280

01:34:13,910 --> 01:34:11,070

gotta push you there the blob of

2281

01:34:16,220 --> 01:34:13,920

consciousness thing it's all just life I

2282

01:34:18,200 --> 01:34:16,230

think we know more than that at this

2283

01:34:21,320 --> 01:34:18,210

point but I'm not sure you quite agree

2284

01:34:24,470 --> 01:34:21,330

with me well it's a good point to wrap

2285

01:34:26,570 --> 01:34:24,480

up the interview with because it tells

2286

01:34:29,120 --> 01:34:26,580

you where we don't know things so Alex

2287

01:34:31,340 --> 01:34:29,130

let me end the interview by saying we

2288

01:34:33,020 --> 01:34:31,350

don't know the answers today and that

2289

01:34:35,140 --> 01:34:33,030

there are other people that have their

2290

01:34:37,940 --> 01:34:35,150

views of what they think is going on and

2291

01:34:41,450 --> 01:34:37,950

they may be right and they may be wrong

2292

01:34:44,480 --> 01:34:41,460

but we're gonna plead on flooding along

2293

01:34:47,600 --> 01:34:44,490

with what we do at far say until we film

2294

01:34:50,270 --> 01:34:47,610

in as many of the blanks as possible but

2295

01:34:53,660 --> 01:34:50,280

the questions that you just asked are

2296

01:34:56,930 --> 01:34:53,670

the ultimate questions so in terms of my

2297

01:35:00,110 --> 01:34:56,940

own interest I'm sort of wondering why

2298

01:35:02,450 --> 01:35:00,120

this being that's all it is broke itself

2299

01:35:04,850 --> 01:35:02,460

up into pieces and like what is the game

2300

01:35:06,770 --> 01:35:04,860

plan what is the ultimate thing and I'm

2301

01:35:09,050 --> 01:35:06,780

interested if that being ever found

2302

01:35:11,420 --> 01:35:09,060

another being like itself and I'm

2303

01:35:13,460 --> 01:35:11,430

interested in knowing if it broke itself

2304

01:35:16,100 --> 01:35:13,470

up into pieces because it experienced

2305

01:35:18,100 --> 01:35:16,110

pain I mean we just don't know the

2306

01:35:20,210 --> 01:35:18,110

answers to these things and the answers

2307

01:35:21,950 --> 01:35:20,220

to the questions that you just raised

2308

01:35:23,000 --> 01:35:21,960

are just as interesting and that's why

2309

01:35:25,430 --> 01:35:23,010

it's so interesting to have so many

2310

01:35:27,940 --> 01:35:25,440

people raise these questions and write

2311

01:35:30,380 --> 01:35:27,950

these valuable books about this subject

2312

01:35:32,120 --> 01:35:30,390

we don't know and there's more that we

2313

01:35:34,640 --> 01:35:32,130

don't know than we do know

2314

01:35:37,430 --> 01:35:34,650

awesome well again folks our guest has

2315

01:35:39,950 --> 01:35:37,440

been dr. Courtney Brown you'll find his

2316

01:35:41,090 --> 01:35:39,960

just incredible work at the Farsight

2317

01:35:43,760 --> 01:35:41,100

Institute

2318

01:35:46,040 --> 01:35:43,770

please do watch his videos so many of

2319

01:35:48,710 --> 01:35:46,050

them are now available for free that he

2320

01:35:50,720 --> 01:35:48,720

used to sell by the ones that he sells

2321

01:35:52,340 --> 01:35:50,730

as well because as he said it's not the

2322

01:35:54,890 --> 01:35:52,350

major part of his income but it does

2323

01:35:57,260 --> 01:35:54,900

help if you're interested in the

2324

01:36:00,290 --> 01:35:57,270

protocol and science of this pick up his

2325

01:36:02,690 --> 01:36:00,300

book remote viewing the science and

2326

01:36:04,700 --> 01:36:02,700

theory of non-physical perception it'll

2327

01:36:07,730 --> 01:36:04,710

answer a lot of those kind of background

2328

01:36:10,400 --> 01:36:07,740

questions dr. Brown it has been an

2329

01:36:12,470 --> 01:36:10,410

absolute delight having you on and I

2330

01:36:14,330 --> 01:36:12,480

appreciate you willing to go for all

2331

01:36:16,700 --> 01:36:14,340

these different areas that we took you

2332

01:36:19,220 --> 01:36:16,710

in best of luck with all your work and

2333

01:36:20,870 --> 01:36:19,230

thanks again so much for joining me Alex

2334

01:36:23,360 --> 01:36:20,880

it's been a great pleasure is a very

2335

01:36:25,250 --> 01:36:23,370

interesting interview and I had fun I

2336

01:36:26,720 --> 01:36:25,260

had fun doing it one nice thing the

2337

01:36:30,230 --> 01:36:26,730

website for those who want to know is

2338

01:36:32,360 --> 01:36:30,240

far site if they are s IG HT dot org o

2339

01:36:35,030 --> 01:36:32,370

RG that likes it then great thanks so

2340

01:36:37,160 --> 01:36:35,040

much thanks again to Courtney Brown for

2341

01:36:39,380 --> 01:36:37,170

joining me today on skeptic oh I guess I

2342

01:36:42,230 --> 01:36:39,390

tee up one question from this interview

2343

01:36:45,590 --> 01:36:42,240

and it's really the only question do you

2344

01:36:48,020 --> 01:36:45,600

think remote viewing is real I mean all

2345

01:36:50,150 --> 01:36:48,030

the the best evidence we have suggests

2346

01:36:51,710 --> 01:36:50,160

that it is everywhere we've looked at it

2347

01:36:54,560 --> 01:36:51,720

and you can go look at the science

2348

01:36:57,260 --> 01:36:54,570

suggest that something is happening but

2349

01:37:00,950 --> 01:36:57,270

it's just hard to fully embrace that we

2350

01:37:02,480 --> 01:37:00,960

can really look into the past let alone

2351

01:37:04,730 --> 01:37:02,490

look into the future which is really

2352

01:37:05,540 --> 01:37:04,740

seems strange to me I think there's

2353

01:37:10,340 --> 01:37:05,550

something there

2354

01:37:11,960 --> 01:37:10,350

I'm just not always 100% sure of the

2355

01:37:13,790 --> 01:37:11,970

information we're getting back and the

2356

01:37:15,430 --> 01:37:13,800

filters that are being plot applied and

2357

01:37:18,920 --> 01:37:15,440

the overlays that are being applied not

2358

01:37:20,630 --> 01:37:18,930

consciously but just I just have my

2359

01:37:23,180 --> 01:37:20,640

questions how about you what do you

2360

01:37:25,340 --> 01:37:23,190

think love to hear your thoughts comment

2361

01:37:27,260 --> 01:37:25,350

here if you're on youtube jump over to

2362

01:37:29,810 --> 01:37:27,270

the skeptical form or I like to hang out

2363

01:37:31,670 --> 01:37:29,820

and talk to people but let me know your

2364

01:37:33,140 --> 01:37:31,680

thoughts let me know if you enjoyed the

2365

01:37:35,210 --> 01:37:33,150

show who you'd like to see on the show

2366

01:37:36,620 --> 01:37:35,220

be warned that I'll probably ask you to

2367

01:37:39,110 --> 01:37:36,630

invite that person on the show but that

2368

01:37:41,330 --> 01:37:39,120

notwithstanding please do connect

2369

01:37:43,310 --> 01:37:41,340

interact I always say that I I just love

2370

01:37:46,790 --> 01:37:43,320

to hear from people in here what'd you

2371

01:37:48,380 --> 01:37:46,800

think of this little skeptical journey

2372

01:37:51,280 --> 01:37:48,390

that I'm on be sure to check out the

2373

01:37:53,570 --> 01:37:51,290

website skeptic Oh calm I have over 400

2374

01:37:55,040 --> 01:37:53,580

interviews they're a lot more than in

2375

01:37:57,770 --> 01:37:55,050

then on YouTube I'm just

2376

01:38:00,109 --> 01:37:57,780

new to YouTube but I'd like to get more

2377

01:38:01,729 --> 01:38:00,119

involved with YouTube like to connect

2378

01:38:03,080 --> 01:38:01,739

with more people on YouTube so that's

2379

01:38:06,770 --> 01:38:03,090

definitely out there if you have any

2380

01:38:08,450 --> 01:38:06,780

suggestions or ideas do let me know many

2381

01:38:11,270 --> 01:38:08,460

interviews coming up stick around for
