**LAB
TESTED PK**

FEATURING

CHERYLEE BLACK

1
00:00:11,759 --> 00:00:14,470
no

2
00:00:17,670 --> 00:00:16,390
that's from the netflix series stranger

3
00:00:20,150 --> 00:00:17,680
things and that's

4
00:00:21,269 --> 00:00:20,160
I of course a young girl who was raised

5
00:00:24,990 --> 00:00:21,279
from birth in an

6
00:00:27,990 --> 00:00:25,000
mk ultra lab in order to develop her

7
00:00:28,830 --> 00:00:28,000
psychokinetic powers where she can move

8
00:00:32,549 --> 00:00:28,840
things across

9
00:00:35,030 --> 00:00:32,559
room crush coke cans while they have

10
00:00:36,549 --> 00:00:35,040
electrodes attached to her brain to

11
00:00:38,389 --> 00:00:36,559
measure what's going on

12
00:00:39,670 --> 00:00:38,399
and uh you know of course a lot of that

13
00:00:44,150 --> 00:00:39,680

stuff is true

14

00:00:47,510 --> 00:00:44,160

and we have today with us

15

00:00:49,750 --> 00:00:47,520

gas our own I a woman who has been

16

00:00:52,709 --> 00:00:49,760

laboratory tested

17

00:00:55,029 --> 00:00:52,719

to do pk stuff sherrily is such an

18

00:00:56,389 --> 00:00:55,039

interesting person such a great person

19

00:00:58,709 --> 00:00:56,399

known her for a long time through the

20

00:01:00,470 --> 00:00:58,719

show made a lot of great contributions

21

00:01:01,029 --> 00:01:00,480

to the to the skeptical forum over the

22

00:01:02,869 --> 00:01:01,039

years

23

00:01:05,030 --> 00:01:02,879

and it was really cool to talk to her

24

00:01:08,070 --> 00:01:05,040

about all her experiences including

25

00:01:08,789 --> 00:01:08,080

multiple near-death experiences but in

26

00:01:13,350 --> 00:01:08,799

particular

27

00:01:16,870 --> 00:01:13,360

this laboratory work doing pk

28

00:01:19,190 --> 00:01:16,880

here's a couple clips in terms of

29

00:01:20,630 --> 00:01:19,200

how skillfully i could do the pk was

30

00:01:23,109 --> 00:01:20,640

completely dependent on

31

00:01:25,109 --> 00:01:23,119

practice so the more i did it the faster

32

00:01:26,630 --> 00:01:25,119

i could get the pin meal to work and

33

00:01:28,390 --> 00:01:26,640

and the more control i had over the

34

00:01:29,590 --> 00:01:28,400

pinwheel but whether or not that

35

00:01:33,670 --> 00:01:29,600

pinwheel would move

36

00:01:37,590 --> 00:01:33,680

had almost everything to do with my

37

00:01:40,469 --> 00:01:37,600

with my uh state of mind that day

38

00:01:41,990 --> 00:01:40,479

and it actually to get the experiment to

39

00:01:44,550 --> 00:01:42,000

work i had to be in a good mood

40

00:01:46,310 --> 00:01:44,560

it wasn't a negative mood whereas if i

41

00:01:47,749 --> 00:01:46,320

was a negative mood i would try and get

42

00:01:52,550 --> 00:01:47,759

that pinwheel to move and something

43

00:01:57,030 --> 00:01:54,069

you know i think these are all very

44

00:02:00,469 --> 00:01:57,040

personal journeys and maybe

45

00:02:03,510 --> 00:02:00,479

maybe the scientist doesn't need to see

46

00:02:05,429 --> 00:02:03,520

see the pk and maybe some do and

47

00:02:07,990 --> 00:02:05,439

i think you see it if you need to see it

48

00:02:09,510 --> 00:02:08,000

um i think it's just

49

00:02:11,430 --> 00:02:09,520

there's a lot more to us than we

50

00:02:13,270 --> 00:02:11,440

realized

51
00:02:14,550 --> 00:02:13,280
welcome to skeptica where we explore

52
00:02:16,390 --> 00:02:14,560
controversial science

53
00:02:17,830 --> 00:02:16,400
and spirituality with leading

54
00:02:19,670 --> 00:02:17,840
researchers thinkers

55
00:02:22,390 --> 00:02:19,680
and their critics i'm your host alex

56
00:02:24,390 --> 00:02:22,400
sacaris and today we welcome shirley

57
00:02:26,869 --> 00:02:24,400
black to skeptico

58
00:02:29,430 --> 00:02:26,879
shirley has a fascinating story she's

59
00:02:32,869 --> 00:02:29,440
had multiple near-death experiences

60
00:02:34,949 --> 00:02:32,879
too when she was quite young and

61
00:02:36,229 --> 00:02:34,959
perhaps because of the after effects of

62
00:02:39,670 --> 00:02:36,239
those experiences

63
00:02:42,229 --> 00:02:39,680

or perhaps just because

64

00:02:43,910 --> 00:02:42,239

it's the way her life was meant to be

65

00:02:46,470 --> 00:02:43,920

she then experienced

66

00:02:48,390 --> 00:02:46,480

kind of a series of strange things

67

00:02:50,229 --> 00:02:48,400

throughout her life

68

00:02:52,390 --> 00:02:50,239

including precognitive dreams

69

00:02:56,070 --> 00:02:52,400

poltergeist encounters

70

00:02:58,390 --> 00:02:56,080

and one thing that we are going to

71

00:02:59,750 --> 00:02:58,400

explore pretty extensively on this

72

00:03:02,550 --> 00:02:59,760

interview

73

00:03:04,309 --> 00:03:02,560

shirley experienced and developed the

74

00:03:07,910 --> 00:03:04,319

ability to kind of

75

00:03:08,949 --> 00:03:07,920

enter into this world of psychokinesis

76

00:03:12,149 --> 00:03:08,959

pk

77

00:03:15,509 --> 00:03:12,159

the look mom no hands i can move

78

00:03:18,550 --> 00:03:15,519

stuff with just my mind kind of thing

79

00:03:18,790 --> 00:03:18,560

and there's been uh there's always been

80

00:03:21,750 --> 00:03:18,800

an

81

00:03:22,630 --> 00:03:21,760

interest in this there's been a renewed

82

00:03:25,830 --> 00:03:22,640

interest in

83

00:03:28,949 --> 00:03:25,840

in this i think especially like the the

84

00:03:29,350 --> 00:03:28,959

netflix series stranger things kind of

85

00:03:31,750 --> 00:03:29,360

tuned

86

00:03:32,390 --> 00:03:31,760

people into that and there's also been

87

00:03:35,589 --> 00:03:32,400

numerous

88

00:03:39,190 --> 00:03:35,599

youtube videos you can find of course

89

00:03:40,710 --> 00:03:39,200

the problem with all that is pk is about

90

00:03:43,750 --> 00:03:40,720

the easiest dang

91

00:03:45,589 --> 00:03:43,760

thing to fake in a video than you

92

00:03:47,750 --> 00:03:45,599

that you could imagine right i mean you

93

00:03:49,830 --> 00:03:47,760

can kind of put anything down there and

94

00:03:51,509 --> 00:03:49,840

say look i'm moving it with my mind and

95

00:03:54,390 --> 00:03:51,519

you can make a fake video

96

00:03:55,429 --> 00:03:54,400

but the cool thing about shirley is she

97

00:03:58,869 --> 00:03:55,439

is someone

98

00:03:59,509 --> 00:03:58,879

who's actually allowed herself to be

99

00:04:02,949 --> 00:03:59,519

studied

100

00:04:05,990 --> 00:04:02,959

in some very very respectable

101
00:04:07,750 --> 00:04:06,000
top top parapsychology labs

102
00:04:09,589 --> 00:04:07,760
and she's come back from those

103
00:04:12,630 --> 00:04:09,599
experiences saying yeah they

104
00:04:15,750 --> 00:04:12,640
verified that this is real

105
00:04:17,430 --> 00:04:15,760
and i'm experiencing this because we

106
00:04:18,949 --> 00:04:17,440
don't really know i

107
00:04:21,189 --> 00:04:18,959
i hesitate with all the words here i

108
00:04:23,189 --> 00:04:21,199
hesitate to say i'm making this happen

109
00:04:25,990 --> 00:04:23,199
or anything because we just that's part

110
00:04:29,189 --> 00:04:26,000
of what we need to kind of pull apart

111
00:04:33,189 --> 00:04:29,199
shirley is also uh she's such a super

112
00:04:36,070 --> 00:04:33,199
cool friend of this show has been

113
00:04:36,710 --> 00:04:36,080

with me on this journey for a long time

114

00:04:38,629 --> 00:04:36,720

was

115

00:04:40,870 --> 00:04:38,639

really active in the forum for a while

116

00:04:41,990 --> 00:04:40,880

and not so much which is totally cool i

117

00:04:43,990 --> 00:04:42,000

totally

118

00:04:45,670 --> 00:04:44,000

think that's great people come people go

119

00:04:47,110 --> 00:04:45,680

it's just kind of like a

120

00:04:48,870 --> 00:04:47,120

moving party and that's the way it's

121

00:04:49,590 --> 00:04:48,880

supposed to be but it's really cool to

122

00:04:53,189 --> 00:04:49,600

connect

123

00:04:55,909 --> 00:04:53,199

with you here on this interview and uh

124

00:04:56,550 --> 00:04:55,919

it's great having you here thank you oh

125

00:04:59,590 --> 00:04:56,560

thanks for

126

00:05:04,150 --> 00:05:03,110

so to i kind of sketched some stuff out

127

00:05:07,590 --> 00:05:04,160

here but tell us

128

00:05:09,430 --> 00:05:07,600

more about about your

129

00:05:10,629 --> 00:05:09,440

your whole any part of that that you

130

00:05:13,590 --> 00:05:10,639

want to fill in

131

00:05:14,550 --> 00:05:13,600

from the nde to the pk to the

132

00:05:17,189 --> 00:05:14,560

poltergeist

133

00:05:18,629 --> 00:05:17,199

anything in between oh gee i mean

134

00:05:20,950 --> 00:05:18,639

there's a lot there

135

00:05:22,550 --> 00:05:20,960

you know i i think for anyone who wants

136

00:05:25,350 --> 00:05:22,560

to see the nde stuff

137

00:05:26,870 --> 00:05:25,360

there's a video that that um ions

138

00:05:29,990 --> 00:05:26,880

published that kind of has

139

00:05:31,990 --> 00:05:30,000

the three ndes there because it takes a

140

00:05:34,310 --> 00:05:32,000

long time to go through them all

141

00:05:35,749 --> 00:05:34,320

um you know one thing i find interesting

142

00:05:38,070 --> 00:05:35,759

you might want to talk about is

143

00:05:39,510 --> 00:05:38,080

an nde as a very young child i think

144

00:05:40,950 --> 00:05:39,520

you're like two years old or something i

145

00:05:42,550 --> 00:05:40,960

mean

146

00:05:44,469 --> 00:05:42,560

how does that that's different than what

147

00:05:46,710 --> 00:05:44,479

we normally hear how does that

148

00:05:47,670 --> 00:05:46,720

what is that experience like number one

149

00:05:49,990 --> 00:05:47,680

is it different

150

00:05:51,990 --> 00:05:50,000

when you're a young child like that in

151
00:05:53,270 --> 00:05:52,000
terms of what you experience in the in

152
00:05:56,629 --> 00:05:53,280
that extended realm

153
00:05:57,909 --> 00:05:56,639
and then how does that affect you

154
00:06:00,390 --> 00:05:57,919
you know what's your mission like

155
00:06:02,309 --> 00:06:00,400
differently when you come back

156
00:06:05,830 --> 00:06:02,319
i think when when you're that young

157
00:06:08,230 --> 00:06:05,840
first off you don't have anything

158
00:06:09,029 --> 00:06:08,240
tell you that this is weird like you

159
00:06:11,590 --> 00:06:09,039
know like

160
00:06:12,629 --> 00:06:11,600
it's just it's just okay this happened

161
00:06:15,029 --> 00:06:12,639
it you know there's

162
00:06:17,270 --> 00:06:15,039
there's nothing in your experience that

163
00:06:19,909 --> 00:06:17,280

tells you that maybe i should hide this

164

00:06:20,469 --> 00:06:19,919

or maybe there's something wrong with

165

00:06:22,950 --> 00:06:20,479

this

166

00:06:24,230 --> 00:06:22,960

it's just kind of part of who you are

167

00:06:25,990 --> 00:06:24,240

and

168

00:06:28,629 --> 00:06:26,000

when you talk about weird stuff when

169

00:06:30,870 --> 00:06:28,639

you're little everyone thinks it's cute

170

00:06:32,710 --> 00:06:30,880

you know it's just isn't she cute little

171

00:06:35,670 --> 00:06:32,720

girl and she's very

172

00:06:35,990 --> 00:06:35,680

you know she has this great imagination

173

00:06:39,510 --> 00:06:36,000

and

174

00:06:43,029 --> 00:06:39,520

really little um

175

00:06:45,430 --> 00:06:43,039

everybody thinks it's great um

176

00:06:48,390 --> 00:06:45,440

and i think that experience for me you

177

00:06:50,950 --> 00:06:48,400

know you know when i went through it

178

00:06:52,550 --> 00:06:50,960

i think the thing that that kind of is

179

00:06:54,790 --> 00:06:52,560

different about the really young

180

00:06:58,150 --> 00:06:54,800

experience from when i was older

181

00:06:59,350 --> 00:06:58,160

is that i was much more aware that there

182

00:07:01,029 --> 00:06:59,360

was like little me

183

00:07:02,629 --> 00:07:01,039

like little two-year-old

184

00:07:05,589 --> 00:07:02,639

two-and-a-half-year-old me

185

00:07:07,029 --> 00:07:05,599

and then there's this really bigger me

186

00:07:09,830 --> 00:07:07,039

that seemed to just know

187

00:07:10,390 --> 00:07:09,840

so much stuff that i didn't you know

188

00:07:12,710 --> 00:07:10,400

like that

189

00:07:13,430 --> 00:07:12,720

had this much bigger perspective and

190

00:07:16,629 --> 00:07:13,440

somehow i

191

00:07:17,749 --> 00:07:16,639

i was able to kind of live within having

192

00:07:20,550 --> 00:07:17,759

those two

193

00:07:22,629 --> 00:07:20,560

you know young me and whatever that

194

00:07:26,150 --> 00:07:22,639

other me was that seemed to know

195

00:07:28,469 --> 00:07:26,160

way more stuff um

196

00:07:29,990 --> 00:07:28,479

and it you know it didn't really seem to

197

00:07:31,430 --> 00:07:30,000

me like it wasn't supposed to be that

198

00:07:33,589 --> 00:07:31,440

way it was just like yeah that's just

199

00:07:35,990 --> 00:07:33,599

how things are

200

00:07:36,629 --> 00:07:36,000

yeah that's really cool that's a very

201
00:07:39,270 --> 00:07:36,639

interesting

202
00:07:40,070 --> 00:07:39,280

insight and then what about the the one

203
00:07:43,189 --> 00:07:40,080

when you were

204
00:07:44,710 --> 00:07:43,199

when you're older in your late 20s so is

205
00:07:46,469 --> 00:07:44,720

there is there like a continuity is

206
00:07:49,350 --> 00:07:46,479

there a connection is there like okay

207
00:07:50,550 --> 00:07:49,360

are we our next chapter or is it like

208
00:07:55,270 --> 00:07:50,560

oops here i am again

209
00:07:59,029 --> 00:07:55,280

accidentally kind of thing um

210
00:08:02,550 --> 00:07:59,039

i i think well you know i had

211
00:08:04,629 --> 00:08:02,560

a really scary one when i was was 10.

212
00:08:06,550 --> 00:08:04,639

like you know you're an absolute

213
00:08:08,710 --> 00:08:06,560

distressing nde

214

00:08:11,589 --> 00:08:08,720

and i think it was almost like when i

215

00:08:13,430 --> 00:08:11,599

had the nde when i was 29

216

00:08:15,029 --> 00:08:13,440

it was almost like to make that one the

217

00:08:17,749 --> 00:08:15,039

bad one better

218

00:08:19,510 --> 00:08:17,759

you know it was like it was kind of to

219

00:08:21,909 --> 00:08:19,520

explain that

220

00:08:22,950 --> 00:08:21,919

yeah you had that bad one but in some

221

00:08:24,629 --> 00:08:22,960

ways

222

00:08:26,070 --> 00:08:24,639

the bad one was kind of a course

223

00:08:27,670 --> 00:08:26,080

correction because like i had this

224

00:08:28,550 --> 00:08:27,680

really wonderful one when i was really

225

00:08:31,270 --> 00:08:28,560

young

226

00:08:32,949 --> 00:08:31,280

and i think that that one might have if

227

00:08:35,110 --> 00:08:32,959

i just kind of kept following the path

228

00:08:38,550 --> 00:08:35,120

it set me on

229

00:08:40,389 --> 00:08:38,560

i might not have ever had a normal life

230

00:08:43,430 --> 00:08:40,399

and i think the bad one kind of brought

231

00:08:45,990 --> 00:08:43,440

me back more into this world somehow

232

00:08:49,110 --> 00:08:46,000

and and then i had a very normal life in

233

00:08:51,190 --> 00:08:49,120

my 20s and i got married i had a job and

234

00:08:52,150 --> 00:08:51,200

you know did university and all that

235

00:08:54,790 --> 00:08:52,160

stuff

236

00:08:58,550 --> 00:08:54,800

and then at 29 i kind of got pushed more

237

00:09:00,550 --> 00:08:58,560

into the spiritual side of things again

238

00:09:02,949 --> 00:09:00,560

and and and i think it was that was the

239

00:09:06,870 --> 00:09:02,959

time for me to do that

240

00:09:10,070 --> 00:09:06,880

and then when does the other stuff

241

00:09:13,590 --> 00:09:10,080

kind of start factoring in and and

242

00:09:15,509 --> 00:09:13,600

i'm not sure i fully understand how you

243

00:09:18,389 --> 00:09:15,519

understand

244

00:09:20,310 --> 00:09:18,399

the other stuff so you know i i don't

245

00:09:23,269 --> 00:09:20,320

want to flavor it too much you know so

246

00:09:25,269 --> 00:09:23,279

just tell us what you think

247

00:09:26,389 --> 00:09:25,279

happens after that and in particular how

248

00:09:29,350 --> 00:09:26,399

it connects to

249

00:09:32,630 --> 00:09:29,360

the to the nde if it does connect i

250

00:09:35,350 --> 00:09:32,640

don't want to make any assumptions

251
00:09:36,150 --> 00:09:35,360
um well first off i will say i reserve

252
00:09:38,470 --> 00:09:36,160
the right to change

253
00:09:40,430 --> 00:09:38,480
my mind on any of this because i think

254
00:09:41,750 --> 00:09:40,440
throughout my life i'm just constantly

255
00:09:45,110 --> 00:09:41,760
reevaluating

256
00:09:45,990 --> 00:09:45,120
how i see it and i i just even though

257
00:09:48,150 --> 00:09:46,000
when you're kind of

258
00:09:49,190 --> 00:09:48,160
in that nd state and it seems like you

259
00:09:52,550 --> 00:09:49,200
just know

260
00:09:56,389 --> 00:09:52,560
everything um you come back here and

261
00:09:59,910 --> 00:09:56,399
you don't you know you maybe you did

262
00:10:02,069 --> 00:09:59,920
but you're back and you you kind of got

263
00:10:03,590 --> 00:10:02,079

a sense of what it was like to know

264

00:10:05,670 --> 00:10:03,600

everything and to kind of have

265

00:10:06,230 --> 00:10:05,680

everything settled but you're here and

266

00:10:08,069 --> 00:10:06,240

you don't

267

00:10:09,509 --> 00:10:08,079

and you still have to kind of work it

268

00:10:12,470 --> 00:10:09,519

out

269

00:10:14,230 --> 00:10:12,480

and and you're constantly re-figuring

270

00:10:16,470 --> 00:10:14,240

out how it goes

271

00:10:17,670 --> 00:10:16,480

so can we pause right there because i

272

00:10:20,389 --> 00:10:17,680

mean i think

273

00:10:21,829 --> 00:10:20,399

like i don't i've never had an nde you

274

00:10:23,269 --> 00:10:21,839

know like i tell people on the show i

275

00:10:26,069 --> 00:10:23,279

don't even know anyone

276

00:10:28,150 --> 00:10:26,079

personally in my family like my kids

277

00:10:30,710 --> 00:10:28,160

have never had to not father you know

278

00:10:31,990 --> 00:10:30,720

i don't know anyone like that but in to

279

00:10:34,230 --> 00:10:32,000

a certain extent i love

280

00:10:35,829 --> 00:10:34,240

studying it like i have kind of from a

281

00:10:37,350 --> 00:10:35,839

distance because what you're saying i

282

00:10:37,910 --> 00:10:37,360

just want to make that point over and

283

00:10:40,069 --> 00:10:37,920

over again

284

00:10:41,350 --> 00:10:40,079

and so many people have had an nde are

285

00:10:43,110 --> 00:10:41,360

so insistent

286

00:10:44,710 --> 00:10:43,120

that they have some privileged

287

00:10:46,630 --> 00:10:44,720

perspective on this thing

288

00:10:47,990 --> 00:10:46,640

and i'm like well maybe you do maybe you

289

00:10:49,590 --> 00:10:48,000

don't but i'm just following the data

290

00:10:50,710 --> 00:10:49,600

and i'm telling you the data does not

291

00:10:52,470 --> 00:10:50,720

support what you're saying

292

00:10:54,710 --> 00:10:52,480

i just interviewed someone a couple days

293

00:10:56,470 --> 00:10:54,720

ago lovely person trisha barker

294

00:10:58,150 --> 00:10:56,480

she runs the nde summit and she's

295

00:11:01,509 --> 00:10:58,160

interviewed all these indie ears

296

00:11:03,190 --> 00:11:01,519

and she's had an experience herself a

297

00:11:04,630 --> 00:11:03,200

very profound experience undoubtable

298

00:11:05,990 --> 00:11:04,640

experience in terms of

299

00:11:08,069 --> 00:11:06,000

she was flatlined she was in the

300

00:11:09,750 --> 00:11:08,079

hospital and all that but one of the

301
00:11:12,230 --> 00:11:09,760
things we talked about

302
00:11:13,590 --> 00:11:12,240
is the the kind of difference in me just

303
00:11:15,269 --> 00:11:13,600
stumbling into this inquiry to

304
00:11:16,230 --> 00:11:15,279
perpetuate doubt doubt is the most

305
00:11:19,590 --> 00:11:16,240
spiritual thing

306
00:11:22,710 --> 00:11:19,600
and the thing you know from indies

307
00:11:25,750 --> 00:11:22,720
is exactly what you said that there

308
00:11:26,710 --> 00:11:25,760
is this sense of all knowing and that

309
00:11:28,710 --> 00:11:26,720
what that but

310
00:11:30,069 --> 00:11:28,720
that goes away when you come back here

311
00:11:31,750 --> 00:11:30,079
and when you come back here we're all on

312
00:11:33,430 --> 00:11:31,760
the level playing ground of figuring

313
00:11:34,790 --> 00:11:33,440

this stuff out and constantly making

314

00:11:35,590 --> 00:11:34,800

mistakes and constantly course

315

00:11:38,389 --> 00:11:35,600

correcting

316

00:11:40,310 --> 00:11:38,399

and if you think otherwise then go sign

317

00:11:41,509 --> 00:11:40,320

yourself up for the latest cult the

318

00:11:43,750 --> 00:11:41,519

latest guru

319

00:11:45,750 --> 00:11:43,760

who will give you that certainty that

320

00:11:47,670 --> 00:11:45,760

you want because otherwise

321

00:11:51,590 --> 00:11:47,680

it does kind of peeve me when i hear

322

00:11:57,350 --> 00:11:55,110

this position of authority that just is

323

00:11:58,550 --> 00:11:57,360

not consistent with the logic of what

324

00:12:01,509 --> 00:11:58,560

they're saying so

325

00:12:03,430 --> 00:12:01,519

and i think that also factors into and i

326

00:12:06,870 --> 00:12:03,440

want to turn the mic back over to you

327

00:12:10,069 --> 00:12:06,880

but i have a sense that you have been so

328

00:12:13,509 --> 00:12:10,079

involved in the parapsychology community

329

00:12:14,710 --> 00:12:13,519

and the scientific community and in oh

330

00:12:16,870 --> 00:12:14,720

there's because there's this other thing

331

00:12:18,470 --> 00:12:16,880

going on i think where

332

00:12:19,990 --> 00:12:18,480

there's this strange kind of

333

00:12:22,150 --> 00:12:20,000

relationship between that research

334

00:12:24,150 --> 00:12:22,160

community and experiencers

335

00:12:25,990 --> 00:12:24,160

where they in some respects they don't

336

00:12:27,590 --> 00:12:26,000

give experiences they're due because

337

00:12:28,150 --> 00:12:27,600

experiences are the ones who've really

338

00:12:31,509 --> 00:12:28,160

been there

339

00:12:33,269 --> 00:12:31,519

and doing it but there is also this nice

340

00:12:34,150 --> 00:12:33,279

interchange when your experimenter says

341

00:12:36,790 --> 00:12:34,160

you know what

342

00:12:40,710 --> 00:12:36,800

i really want to participate with you

343

00:12:43,110 --> 00:12:40,720

and kind of understanding it from this

344

00:12:44,710 --> 00:12:43,120

rational scientific if you will kind of

345

00:12:45,509 --> 00:12:44,720

way and that's something that you've

346

00:12:48,310 --> 00:12:45,519

sought out

347

00:12:49,430 --> 00:12:48,320

so again i kind of totally stole the mic

348

00:12:51,670 --> 00:12:49,440

there so i'm going to give it back to

349

00:12:52,230 --> 00:12:51,680

you you can respond to any of that stuff

350

00:12:55,590 --> 00:12:52,240

negative

351

00:12:57,670 --> 00:12:55,600

part of it that that

352

00:12:59,509 --> 00:12:57,680

people kind of hold the end to ears up

353

00:13:02,629 --> 00:12:59,519

on these pedestals

354

00:13:04,710 --> 00:13:02,639

and they're encouraged to have a

355

00:13:06,150 --> 00:13:04,720

particular narrative and go along with

356

00:13:09,190 --> 00:13:06,160

that narrative

357

00:13:13,829 --> 00:13:09,200

and if you do it can be a

358

00:13:15,430 --> 00:13:13,839

great way to sell books um

359

00:13:17,350 --> 00:13:15,440

you know when you're the attention just

360

00:13:18,710 --> 00:13:17,360

get that positive nut and then just get

361

00:13:21,829 --> 00:13:18,720

positive attention you know

362

00:13:24,230 --> 00:13:21,839

yeah and you know like

363

00:13:26,310 --> 00:13:24,240

and if you say like you don't see a lot

364

00:13:28,150 --> 00:13:26,320

of near-death experiencers talking about

365

00:13:29,509 --> 00:13:28,160

negative near-death experiences at

366

00:13:34,629 --> 00:13:29,519

conferences

367

00:13:36,550 --> 00:13:34,639

nobody shows up for those lectures

368

00:13:38,230 --> 00:13:36,560

i mean that's not that's not what

369

00:13:42,550 --> 00:13:38,240

they're there for

370

00:13:45,189 --> 00:13:42,560

and so there's almost kind of

371

00:13:47,269 --> 00:13:45,199

kind of this double standard that if you

372

00:13:49,269 --> 00:13:47,279

have the right kind of experiences

373

00:13:50,550 --> 00:13:49,279

you'll get a lot of attention a lot of

374

00:13:52,470 --> 00:13:50,560

feedback and

375

00:13:53,590 --> 00:13:52,480

people will pay attention to you and

376

00:13:55,670 --> 00:13:53,600

they'll kind of

377

00:13:57,430 --> 00:13:55,680

bolster everything you say like it's

378

00:14:00,870 --> 00:13:57,440

just the most wonderful thing

379

00:14:01,590 --> 00:14:00,880

but if you talk about any of the bad

380

00:14:03,030 --> 00:14:01,600

parts

381

00:14:05,990 --> 00:14:03,040

even just about some people have

382

00:14:07,990 --> 00:14:06,000

wonderful ndes and then

383

00:14:09,350 --> 00:14:08,000

come back from it and their marriages

384

00:14:10,550 --> 00:14:09,360

fall apart because they're different

385

00:14:13,670 --> 00:14:10,560

people

386

00:14:15,430 --> 00:14:13,680

and like you don't although that's

387

00:14:18,870 --> 00:14:15,440

mentioned in the literature

388

00:14:20,550 --> 00:14:18,880

people don't really talk about that much

389

00:14:22,470 --> 00:14:20,560

you know and i can think of a number of

390

00:14:23,110 --> 00:14:22,480

very famous nd years whose marriages

391

00:14:27,990 --> 00:14:23,120

have

392

00:14:31,110 --> 00:14:28,000

right after their ndes

393

00:14:32,629 --> 00:14:31,120

evan alexander

394

00:14:34,389 --> 00:14:32,639

yeah nobody likes to look at that

395

00:14:36,230 --> 00:14:34,399

because he's going on and done all this

396

00:14:37,910 --> 00:14:36,240

great things with his wife and

397

00:14:39,110 --> 00:14:37,920

his his second wife would i don't have

398

00:14:40,389 --> 00:14:39,120

any i don't know any problem with that

399

00:14:41,430 --> 00:14:40,399

but you know the other part of that

400

00:14:43,670 --> 00:14:41,440

because some people do

401
00:14:44,949 --> 00:14:43,680
you know pmh water deserves a lot of

402
00:14:46,790 --> 00:14:44,959
credit because she is like one of the

403
00:14:49,750 --> 00:14:46,800
first ones say

404
00:14:50,550 --> 00:14:49,760
after effects integration problems

405
00:14:52,230 --> 00:14:50,560
they're all

406
00:14:54,310 --> 00:14:52,240
here and then the people are really

407
00:14:56,150 --> 00:14:54,320
tuned into kind of

408
00:14:57,910 --> 00:14:56,160
spiritually transformative experiences

409
00:14:59,750 --> 00:14:57,920
say wow that's been reported for the

410
00:15:00,550 --> 00:14:59,760
longest time somebody has a kundalini

411
00:15:03,350 --> 00:15:00,560
experience in

412
00:15:04,629 --> 00:15:03,360
india comes out of the blue the same

413
00:15:05,910 --> 00:15:04,639

thing they have this kind of crazy

414

00:15:07,670 --> 00:15:05,920

period they go to they

415

00:15:09,189 --> 00:15:07,680

ruin all these relationships and then

416

00:15:11,350 --> 00:15:09,199

they can do it you know the

417

00:15:13,750 --> 00:15:11,360

the so that's one aspect of it i'm glad

418

00:15:16,069 --> 00:15:13,760

you bring it up you know came up with my

419

00:15:17,750 --> 00:15:16,079

in my interview with trisha that that i

420

00:15:19,509 --> 00:15:17,760

guess you sparked it with the other

421

00:15:22,389 --> 00:15:19,519

thing you said about just your life

422

00:15:23,590 --> 00:15:22,399

kind of going on and not being perfect

423

00:15:25,110 --> 00:15:23,600

oh my god

424

00:15:26,870 --> 00:15:25,120

trisha barker comes back from her

425

00:15:27,189 --> 00:15:26,880

near-death experience and she's marching

426

00:15:30,870 --> 00:15:27,199

on

427

00:15:31,590 --> 00:15:30,880

that she's been told to do and a healer

428

00:15:33,990 --> 00:15:31,600

and a teacher

429

00:15:34,710 --> 00:15:34,000

she goes to south korea and is raped you

430

00:15:37,910 --> 00:15:34,720

know and

431

00:15:40,949 --> 00:15:37,920

it's traumatized extremely traumatized

432

00:15:42,310 --> 00:15:40,959

so where does that fit in you know we

433

00:15:44,389 --> 00:15:42,320

don't talk about that like

434

00:15:46,389 --> 00:15:44,399

your life is somehow you're going to

435

00:15:47,509 --> 00:15:46,399

come back from your nde and your life is

436

00:15:50,310 --> 00:15:47,519

somehow going to be

437

00:15:52,150 --> 00:15:50,320

plotted out to be quote unquote perfect

438

00:15:54,230 --> 00:15:52,160

again

439

00:15:55,670 --> 00:15:54,240

that's can be someone's that can be

440

00:15:58,069 --> 00:15:55,680

someone's opinion

441

00:16:00,230 --> 00:15:58,079

my reading of the data is not consistent

442

00:16:03,269 --> 00:16:00,240

with that view

443

00:16:06,389 --> 00:16:03,279

oh no i mean my life right out i

444

00:16:07,430 --> 00:16:06,399

i would say with my third nde the car

445

00:16:09,269 --> 00:16:07,440

accident

446

00:16:10,870 --> 00:16:09,279

right before it i would have said my

447

00:16:13,030 --> 00:16:10,880

life was perfect

448

00:16:15,110 --> 00:16:13,040

right before that car accident every i

449

00:16:18,389 --> 00:16:15,120

had a job i loved

450

00:16:21,269 --> 00:16:18,399

i mean i was working as a musician um

451
00:16:21,990 --> 00:16:21,279
and i was working as a landscape painter

452
00:16:25,910 --> 00:16:22,000
and it was a

453
00:16:29,110 --> 00:16:25,920
really wonderful i had a great marriage

454
00:16:30,629 --> 00:16:29,120
i i was so happy you have no idea it was

455
00:16:33,509 --> 00:16:30,639
just a wonderful life

456
00:16:34,949 --> 00:16:33,519
and then i had that accident and then my

457
00:16:37,430 --> 00:16:34,959
husband

458
00:16:38,470 --> 00:16:37,440
didn't recognize me i tried so hard to

459
00:16:40,389 --> 00:16:38,480
pretend

460
00:16:41,910 --> 00:16:40,399
that i was who i was before and i

461
00:16:44,550 --> 00:16:41,920
couldn't do it like i

462
00:16:46,150 --> 00:16:44,560
i really worked at it and i just

463
00:16:49,670 --> 00:16:46,160

couldn't do it

464

00:16:51,430 --> 00:16:49,680

and so yeah i went you know through

465

00:16:53,110 --> 00:16:51,440

well i was lucky that it ended with

466

00:16:54,310 --> 00:16:53,120

divorce because it almost ended with

467

00:16:58,230 --> 00:16:54,320

death

468

00:17:01,509 --> 00:16:58,240

um and you know it was

469

00:17:04,870 --> 00:17:01,519

a really traumatic um

470

00:17:07,510 --> 00:17:04,880

experience afterwards and yet it it was

471

00:17:10,949 --> 00:17:07,520

so weird because part of me was just

472

00:17:14,069 --> 00:17:10,959

so happy for that nde i mean it it was

473

00:17:17,510 --> 00:17:14,079

an amazing wonderful thing

474

00:17:21,750 --> 00:17:17,520

um but the cost of it was pretty high

475

00:17:23,029 --> 00:17:21,760

uh why do you think that was i mean tell

476

00:17:25,750 --> 00:17:23,039

us some of the

477

00:17:27,750 --> 00:17:25,760

some of the reasons that that came about

478

00:17:30,230 --> 00:17:27,760

why it was especially hard to

479

00:17:31,510 --> 00:17:30,240

uh to integrate all that back into your

480

00:17:34,630 --> 00:17:31,520

life

481

00:17:37,909 --> 00:17:34,640

well you know it

482

00:17:40,070 --> 00:17:37,919

well mostly it was it was

483

00:17:41,750 --> 00:17:40,080

i was trying really hard to be who i was

484

00:17:43,350 --> 00:17:41,760

before the nde and i couldn't

485

00:17:45,110 --> 00:17:43,360

i mean i couldn't on a lot of levels i

486

00:17:46,710 --> 00:17:45,120

didn't look the same i mean i still

487

00:17:47,590 --> 00:17:46,720

don't look the same but i mean i'm older

488

00:17:50,870 --> 00:17:47,600

now so

489

00:17:52,950 --> 00:17:50,880

that's forgivable but you know i my face

490

00:17:54,870 --> 00:17:52,960

was all cut up in the car accident i had

491

00:17:56,789 --> 00:17:54,880

to learn how to walk again

492

00:17:58,710 --> 00:17:56,799

i mean i had been an athletic woman i

493

00:18:01,909 --> 00:17:58,720

mean i was in the military

494

00:18:04,150 --> 00:18:01,919

you know i played the military band um

495

00:18:05,110 --> 00:18:04,160

and so you know i'd go out and train and

496

00:18:07,270 --> 00:18:05,120

do those

497

00:18:08,230 --> 00:18:07,280

annoying five mile runs that i hated but

498

00:18:09,830 --> 00:18:08,240

i did them

499

00:18:11,830 --> 00:18:09,840

you know and then suddenly i couldn't

500

00:18:14,230 --> 00:18:11,840

walk and

501
00:18:15,669 --> 00:18:14,240
i was a very attractive woman i mean as

502
00:18:17,830 --> 00:18:15,679
a professional musician

503
00:18:19,669 --> 00:18:17,840
i used to do a lot of pr work in the

504
00:18:21,990 --> 00:18:19,679
military because

505
00:18:24,230 --> 00:18:22,000
um you know i was young and cute and

506
00:18:27,270 --> 00:18:24,240
pretty and suddenly my face was

507
00:18:30,630 --> 00:18:27,280
totally ripped up by glass

508
00:18:31,830 --> 00:18:30,640
and like you know you know you never get

509
00:18:33,750 --> 00:18:31,840
that back you certainly

510
00:18:36,789 --> 00:18:33,760
certainly wasn't going to be on

511
00:18:40,710 --> 00:18:36,799
recruitment posters after that

512
00:18:42,630 --> 00:18:40,720
uh and so

513
00:18:44,310 --> 00:18:42,640

you know like i was very very different

514

00:18:47,110 --> 00:18:44,320

and then things that i'd always

515

00:18:49,350 --> 00:18:47,120

found were enough like i always knew i

516

00:18:52,549 --> 00:18:49,360

was an artist and musician like i just

517

00:18:55,669 --> 00:18:52,559

that's who i was and suddenly

518

00:18:56,710 --> 00:18:55,679

i was interested in math like really

519

00:18:59,110 --> 00:18:56,720

interested like

520

00:19:00,390 --> 00:18:59,120

i was getting excited about algorithms

521

00:19:03,669 --> 00:19:00,400

you know which is like

522

00:19:07,350 --> 00:19:03,679

completely sick he does that

523

00:19:09,350 --> 00:19:07,360

and you know and and i was

524

00:19:10,870 --> 00:19:09,360

kind of talking to you know i still when

525

00:19:11,270 --> 00:19:10,880

i was still married to my first husband

526

00:19:14,310 --> 00:19:11,280

i was

527

00:19:15,909 --> 00:19:14,320

kind of talking about well i kind of

528

00:19:17,430 --> 00:19:15,919

would like to go back to university and

529

00:19:20,950 --> 00:19:17,440

study science

530

00:19:23,190 --> 00:19:20,960

and i mean the look on his face

531

00:19:23,990 --> 00:19:23,200

it was like you're not you you are

532

00:19:27,590 --> 00:19:24,000

absolutely not

533

00:19:29,430 --> 00:19:27,600

you and he has to deal with the physical

534

00:19:30,710 --> 00:19:29,440

part he has to deal with the lifestyle

535

00:19:32,950 --> 00:19:30,720

change in terms of being

536

00:19:34,470 --> 00:19:32,960

active and this and that yeah and that

537

00:19:36,710 --> 00:19:34,480

physical part i mean

538

00:19:39,110 --> 00:19:36,720

we all want to pretend like we can just

539

00:19:42,470 --> 00:19:39,120

kind of you know brush that aside or be

540

00:19:45,190 --> 00:19:42,480

able to do that but it's so integrated

541

00:19:46,310 --> 00:19:45,200

into into marriage yeah and

542

00:19:48,950 --> 00:19:46,320

relationships

543

00:19:50,870 --> 00:19:48,960

oh my gosh culture culture because it's

544

00:19:52,630 --> 00:19:50,880

not only that it's like

545

00:19:54,710 --> 00:19:52,640

when i walk down the street next to you

546

00:19:58,230 --> 00:19:54,720

shirley you know i used to get this

547

00:19:58,950 --> 00:19:58,240

feedback from everyone else and now i

548

00:20:02,070 --> 00:19:58,960

get different

549

00:20:04,070 --> 00:20:02,080

feedback and i can't you know i mean

550

00:20:05,750 --> 00:20:04,080

it should shouldn't be that way but it

551
00:20:08,789 --> 00:20:05,760
is you know

552
00:20:12,230 --> 00:20:08,799
yep yeah no

553
00:20:15,190 --> 00:20:12,240
yeah so you know so it was a big deal

554
00:20:15,909 --> 00:20:15,200
and and he kept telling everybody that i

555
00:20:18,789 --> 00:20:15,919
wasn't me

556
00:20:20,950 --> 00:20:18,799
and everybody was telling him you are so

557
00:20:23,669 --> 00:20:20,960
lucky your wife was supposed like

558
00:20:24,149 --> 00:20:23,679
he was at it was such a bad accident he

559
00:20:27,590 --> 00:20:24,159
was

560
00:20:31,029 --> 00:20:27,600
coming to identify the body um

561
00:20:32,310 --> 00:20:31,039
you know and so like because the rcmp

562
00:20:34,470 --> 00:20:32,320
couldn't tell him if

563
00:20:36,070 --> 00:20:34,480

if i was gonna be alive when he got to

564

00:20:37,990 --> 00:20:36,080

the hospital

565

00:20:39,190 --> 00:20:38,000

so all these people are telling him

566

00:20:41,830 --> 00:20:39,200

you're so lucky

567

00:20:43,270 --> 00:20:41,840

she's still here she survived it you

568

00:20:45,669 --> 00:20:43,280

know isn't that great

569

00:20:47,430 --> 00:20:45,679

and in the meantime he's thinking i

570

00:20:49,430 --> 00:20:47,440

don't know what that is but she killed

571

00:20:53,110 --> 00:20:49,440

my wife

572

00:20:56,390 --> 00:20:53,120

you know i mean that's that's

573

00:20:58,310 --> 00:20:56,400

how bad it was so so yeah

574

00:21:00,630 --> 00:20:58,320

it was kind of like part of me really

575

00:21:03,750 --> 00:21:00,640

wanted to explore these new

576

00:21:06,710 --> 00:21:03,760

interests like in math and science

577

00:21:09,110 --> 00:21:06,720

and it wasn't that i could you know i

578

00:21:10,950 --> 00:21:09,120

could still play music i mean i was very

579

00:21:12,710 --> 00:21:10,960

very fortunate because there was a lot

580

00:21:13,350 --> 00:21:12,720

of things i couldn't do when i came back

581

00:21:15,430 --> 00:21:13,360

and yet

582

00:21:16,390 --> 00:21:15,440

i still could play music like i had

583

00:21:19,029 --> 00:21:16,400

broken fingers

584

00:21:20,390 --> 00:21:19,039

and i i was still going to band practice

585

00:21:23,270 --> 00:21:20,400

they were

586

00:21:24,630 --> 00:21:23,280

propping you know the drums up on on a

587

00:21:26,789 --> 00:21:24,640

chair for me so i

588

00:21:28,630 --> 00:21:26,799

because i couldn't you know wear a

589

00:21:31,270 --> 00:21:28,640

highland pipe band drum

590

00:21:31,830 --> 00:21:31,280

when i was on crutches and i was still

591

00:21:35,110 --> 00:21:31,840

playing

592

00:21:37,190 --> 00:21:35,120

i mean i healed so quickly i think the

593

00:21:41,350 --> 00:21:37,200

accident was in january

594

00:21:42,310 --> 00:21:41,360

and and i think the cast came off a few

595

00:21:45,909 --> 00:21:42,320

months later but

596

00:21:49,669 --> 00:21:45,919

that summer i was on parade mart like

597

00:21:52,789 --> 00:21:49,679

marching in parades playing grounds um

598

00:21:54,310 --> 00:21:52,799

like it was it was a almost a freakish

599

00:21:57,190 --> 00:21:54,320

recovery how quickly

600

00:21:59,110 --> 00:21:57,200

i came back what was the main what were

601
00:22:02,390 --> 00:21:59,120
the main um

602
00:22:05,830 --> 00:22:02,400
you know lessons if you will uh

603
00:22:09,430 --> 00:22:05,840
course changes mission changes

604
00:22:11,590 --> 00:22:09,440
advice from that third nde

605
00:22:13,270 --> 00:22:11,600
that kind of propelled you forward or

606
00:22:14,390 --> 00:22:13,280
were there were there those kind of

607
00:22:16,789 --> 00:22:14,400
things

608
00:22:18,149 --> 00:22:16,799
i was you know i think i was much more

609
00:22:21,190 --> 00:22:18,159
interested

610
00:22:23,190 --> 00:22:21,200
in being like a whole person like you

611
00:22:25,350 --> 00:22:23,200
know like the art was good but it wasn't

612
00:22:28,310 --> 00:22:25,360
enough it wasn't everything

613
00:22:30,070 --> 00:22:28,320

i just wanted to know so much stuff like

614

00:22:32,070 --> 00:22:30,080

you know and that was kind of just

615

00:22:33,590 --> 00:22:32,080

pre-internet internet was just kind of

616

00:22:35,750 --> 00:22:33,600

coming in but we were in isolated

617

00:22:38,630 --> 00:22:35,760

community we didn't even have cable tv

618

00:22:39,990 --> 00:22:38,640

you know so so internet wasn't something

619

00:22:43,830 --> 00:22:40,000

i had access to

620

00:22:45,350 --> 00:22:43,840

at that point but but it was just i

621

00:22:46,870 --> 00:22:45,360

wanted to know everything i wanted to

622

00:22:48,549 --> 00:22:46,880

know about math i wanted to know about

623

00:22:52,470 --> 00:22:48,559

science

624

00:22:53,909 --> 00:22:52,480

i just wanted to know stuff um

625

00:22:55,350 --> 00:22:53,919

i mean you know there's the light and

626
00:22:56,789 --> 00:22:55,360
love stuff that you know everyone talks

627
00:22:59,190 --> 00:22:56,799
about the light and love

628
00:23:00,630 --> 00:22:59,200
but there was also i was just so

629
00:23:03,830 --> 00:23:00,640
interested in knowledge

630
00:23:07,029 --> 00:23:03,840
like it was

631
00:23:09,110 --> 00:23:07,039
it it was like i was just craving it

632
00:23:10,470 --> 00:23:09,120
to know about everything around me and

633
00:23:12,630 --> 00:23:10,480
how it all worked

634
00:23:13,830 --> 00:23:12,640
well that's cool i mean i love that you

635
00:23:15,830 --> 00:23:13,840
say that you know because yeah we all

636
00:23:16,870 --> 00:23:15,840
want to go to what's the big spiritual

637
00:23:19,110 --> 00:23:16,880
message

638
00:23:21,029 --> 00:23:19,120

and you're saying you experienced that

639

00:23:22,950 --> 00:23:21,039

experientially but what it really pushed

640

00:23:24,950 --> 00:23:22,960

you towards is kind of

641

00:23:26,310 --> 00:23:24,960

this knowledge thing do you think that

642

00:23:29,590 --> 00:23:26,320

factored into the pk

643

00:23:33,350 --> 00:23:29,600

stuff i think the pk stuff

644

00:23:35,510 --> 00:23:33,360

had more to do with just

645

00:23:36,630 --> 00:23:35,520

trying to hide things and i i think it

646

00:23:38,070 --> 00:23:36,640

was how thing i

647

00:23:40,310 --> 00:23:38,080

think it was how a lot of my emotions

648

00:23:42,390 --> 00:23:40,320

were coming out because i was

649

00:23:44,070 --> 00:23:42,400

suppressing everything because i was

650

00:23:46,149 --> 00:23:44,080

you know i didn't want my parents to

651
00:23:48,070 --> 00:23:46,159
think i wasn't their kid anymore

652
00:23:49,430 --> 00:23:48,080
i you know i didn't want my friends to

653
00:23:52,710 --> 00:23:49,440
think i wasn't me

654
00:23:55,830 --> 00:23:52,720
and you know my my marriage

655
00:23:57,909 --> 00:23:55,840
ended so badly and that was actually the

656
00:23:58,630 --> 00:23:57,919
first time that the pk really started

657
00:24:01,909 --> 00:23:58,640
erupting

658
00:24:05,029 --> 00:24:01,919
was you know when things were really

659
00:24:05,830 --> 00:24:05,039
going south tell us a little bit about

660
00:24:09,350 --> 00:24:05,840
that

661
00:24:11,990 --> 00:24:09,360
yeah

662
00:24:14,149 --> 00:24:12,000
um i don't like to say too much about my

663
00:24:17,430 --> 00:24:14,159

my first husband passed away and

664

00:24:19,190 --> 00:24:17,440

and i think a lot of the issues that he

665

00:24:22,789 --> 00:24:19,200

was suffering with

666

00:24:25,029 --> 00:24:22,799

um you know he had i'm sure he had ptsd

667

00:24:25,909 --> 00:24:25,039

from his time in the military he had

668

00:24:28,710 --> 00:24:25,919

some really

669

00:24:30,149 --> 00:24:28,720

horrid experiences plus i just recently

670

00:24:33,750 --> 00:24:30,159

found out that they were giving

671

00:24:35,510 --> 00:24:33,760

them drugs when he was overseas

672

00:24:37,669 --> 00:24:35,520

i believe it was for malaria but

673

00:24:39,350 --> 00:24:37,679

apparently it also causes psychotic

674

00:24:44,070 --> 00:24:39,360

episodes that persist

675

00:24:46,710 --> 00:24:44,080

throughout later years in your life um

676

00:24:47,830 --> 00:24:46,720

so there was stuff going on with him

677

00:24:50,149 --> 00:24:47,840

that

678

00:24:51,430 --> 00:24:50,159

this you know he had a bad childhood

679

00:24:53,510 --> 00:24:51,440

upbringing he went to the military to

680

00:24:57,590 --> 00:24:53,520

get away from a bad family

681

00:24:59,750 --> 00:24:57,600

and which a lot of people do um and

682

00:25:00,870 --> 00:24:59,760

with everything going on i think he felt

683

00:25:02,789 --> 00:25:00,880

that he

684

00:25:04,310 --> 00:25:02,799

couldn't protect his wife and somehow i

685

00:25:08,710 --> 00:25:04,320

took away his wife and

686

00:25:13,110 --> 00:25:08,720

he came close to killing me one night

687

00:25:15,110 --> 00:25:13,120

and what happened was

688

00:25:17,029 --> 00:25:15,120

when he had his hands on me everything

689

00:25:18,950 --> 00:25:17,039

started coming live in our house

690

00:25:21,190 --> 00:25:18,960

like the kitchen doors started opening

691

00:25:23,669 --> 00:25:21,200

and closing the tv and radio

692

00:25:25,110 --> 00:25:23,679

started blaring lights were flickering

693

00:25:28,230 --> 00:25:25,120

on and off

694

00:25:30,230 --> 00:25:28,240

and i mean it was

695

00:25:31,750 --> 00:25:30,240

it was just everything came alive and he

696

00:25:34,630 --> 00:25:31,760

just ran out of the house

697

00:25:36,789 --> 00:25:34,640

and never came back and i crawled under

698

00:25:40,390 --> 00:25:36,799

the kitchen table and waited for it to

699

00:25:43,909 --> 00:25:40,400

to calm down with the cat you know

700

00:25:44,230 --> 00:25:43,919

um and that was like you know the first

701
00:25:47,029 --> 00:25:44,240

big

702
00:25:49,830 --> 00:25:47,039

decay and it was just and it probably

703
00:25:52,710 --> 00:25:49,840

saved my life

704
00:25:54,630 --> 00:25:52,720

and uh and i think that so as you

705
00:25:55,510 --> 00:25:54,640

process that now and as you think about

706
00:25:58,310 --> 00:25:55,520

it

707
00:25:58,630 --> 00:25:58,320

um you know that's really kind of one of

708
00:26:00,710 --> 00:25:58,640

the

709
00:26:02,710 --> 00:26:00,720

interesting things you know putting you

710
00:26:05,909 --> 00:26:02,720

into the microscope now so we can

711
00:26:08,149 --> 00:26:05,919

pull apart your most the most dramatic

712
00:26:09,990 --> 00:26:08,159

moment of your life let's analyze it and

713
00:26:13,110 --> 00:26:10,000

talk about it but

714

00:26:15,110 --> 00:26:13,120

you know it it is it is something to

715

00:26:18,230 --> 00:26:15,120

think about and i'm sure you have

716

00:26:21,269 --> 00:26:18,240

you know this extended realm pk

717

00:26:25,669 --> 00:26:21,279

poltergeist spirit guide

718

00:26:30,070 --> 00:26:25,679

i mean angels demons i mean

719

00:26:32,470 --> 00:26:30,080

what do you think happens when we

720

00:26:33,750 --> 00:26:32,480

encounter that extended realm and then

721

00:26:35,669 --> 00:26:33,760

you know if we're going to pull out this

722

00:26:39,830 --> 00:26:35,679

little slice we're going to call pk

723

00:26:41,990 --> 00:26:39,840

how does that fit into it

724

00:26:44,149 --> 00:26:42,000

you know it's hard to say it you know

725

00:26:47,029 --> 00:26:44,159

i'm i'm not quite sure

726

00:26:49,190 --> 00:26:47,039

how to approach that because because i

727

00:26:50,870 --> 00:26:49,200

think that you know pk

728

00:26:52,789 --> 00:26:50,880

and i and i you know like i knew bill

729

00:26:54,149 --> 00:26:52,799

rohl like william roll who sort of

730

00:26:57,430 --> 00:26:54,159

coined the phrase

731

00:27:00,070 --> 00:26:57,440

rspk um i knew bill um

732

00:27:02,950 --> 00:27:00,080

and you know he tied everything to

733

00:27:04,630 --> 00:27:02,960

emotion and i know the very first time

734

00:27:05,990 --> 00:27:04,640

i talked to him on the phone and he

735

00:27:09,830 --> 00:27:06,000

wanted to see if i was the real

736

00:27:11,830 --> 00:27:09,840

deal and he asked me a question i can't

737

00:27:14,070 --> 00:27:11,840

i can't exactly remember what it was i

738

00:27:16,070 --> 00:27:14,080

just know he asked me something that

739

00:27:17,590 --> 00:27:16,080

absolutely horrified me and seemed like

740

00:27:20,149 --> 00:27:17,600

the most

741

00:27:20,870 --> 00:27:20,159

insensitive and awful thing to ask

742

00:27:22,630 --> 00:27:20,880

somebody

743

00:27:24,710 --> 00:27:22,640

and as soon as he did that the phone

744

00:27:26,470 --> 00:27:24,720

line started screeching

745

00:27:28,470 --> 00:27:26,480

like you know over the phone line there

746

00:27:30,950 --> 00:27:28,480

was this awful static and

747

00:27:33,190 --> 00:27:30,960

and this horrible it sounded like an air

748

00:27:35,110 --> 00:27:33,200

raid siren or something going off

749

00:27:36,789 --> 00:27:35,120

and then he just changed the tactic is

750

00:27:38,470 --> 00:27:36,799

like okay we'll

751
00:27:40,230 --> 00:27:38,480
talk about something else now and i was

752
00:27:41,909 --> 00:27:40,240
like wait wait wait you can't just ask

753
00:27:42,710 --> 00:27:41,919
me something like that and then change

754
00:27:44,789 --> 00:27:42,720
the subject

755
00:27:46,230 --> 00:27:44,799
it's like no no no it's fine it's fine

756
00:27:48,070 --> 00:27:46,240
would you like to come to

757
00:27:50,789 --> 00:27:48,080
sudbury and do some research at

758
00:27:52,710 --> 00:27:50,799
persinger's lab

759
00:27:54,389 --> 00:27:52,720
and so i mean clearly he had asked me

760
00:27:56,630 --> 00:27:54,399
something like that

761
00:27:58,230 --> 00:27:56,640
to see if it would set me off i mean it

762
00:27:59,830 --> 00:27:58,240
wasn't that he really expected me to

763
00:28:01,909 --> 00:27:59,840

answer that question

764

00:28:03,029 --> 00:28:01,919

and apparently like he told me later

765

00:28:06,070 --> 00:28:03,039

that tina reich

766

00:28:07,909 --> 00:28:06,080

who he'd worked with um

767

00:28:09,669 --> 00:28:07,919

she used to have that effect if he upset

768

00:28:12,470 --> 00:28:09,679

her on the phone that they would get

769

00:28:14,470 --> 00:28:12,480

it was like the same noise well this is

770

00:28:15,190 --> 00:28:14,480

this is back to like the stranger things

771

00:28:17,029 --> 00:28:15,200

kind of thing

772

00:28:19,669 --> 00:28:17,039

you know the netflix stranger things

773

00:28:22,870 --> 00:28:19,679

show and you know those things

774

00:28:25,110 --> 00:28:22,880

are based on

775

00:28:26,549 --> 00:28:25,120

i don't want to say based on they're

776

00:28:28,870 --> 00:28:26,559

stretching reality they're

777

00:28:30,389 --> 00:28:28,880

trusting stretching truth but we've

778

00:28:31,669 --> 00:28:30,399

heard these stories repeated

779

00:28:33,350 --> 00:28:31,679

and you know that's why i guess i

780

00:28:33,990 --> 00:28:33,360

brought up the poltergeist thing because

781

00:28:39,029 --> 00:28:34,000

a lot of

782

00:28:41,669 --> 00:28:39,039

poltergeist researchers

783

00:28:44,070 --> 00:28:41,679

have connected it had said there's a

784

00:28:49,029 --> 00:28:44,080

strong correlation between

785

00:28:53,029 --> 00:28:49,039

uh girls in the ages of kind of 10 to 13

786

00:28:56,830 --> 00:28:53,039

uh who are kind of in a heightened sense

787

00:29:02,149 --> 00:29:00,070

processing and the appearance and

788

00:29:03,430 --> 00:29:02,159

interaction with poltergeist and they're

789

00:29:06,070 --> 00:29:03,440

not saying

790

00:29:08,789 --> 00:29:06,080

it's uh imagination going wild what they

791

00:29:12,230 --> 00:29:08,799

seem to be suggesting is that there's a

792

00:29:15,590 --> 00:29:12,240

a frequency of energy there that

793

00:29:19,190 --> 00:29:15,600

is attractive to or

794

00:29:22,310 --> 00:29:19,200

an entry point for some things that

795

00:29:24,549 --> 00:29:22,320

exist in these extended realms so

796

00:29:26,149 --> 00:29:24,559

i mean even if that doesn't connect with

797

00:29:28,870 --> 00:29:26,159

you because you weren't uh a

798

00:29:30,470 --> 00:29:28,880

a young girl in that way i i think there

799

00:29:34,070 --> 00:29:30,480

might be some

800

00:29:36,630 --> 00:29:34,080

connection between that kind of kind of

801
00:29:37,909 --> 00:29:36,640
heightened and changed ego state and

802
00:29:40,230 --> 00:29:37,919
that

803
00:29:41,909 --> 00:29:40,240
frequency connection thing d have you

804
00:29:43,430 --> 00:29:41,919
thought about that at all i mean i

805
00:29:45,510 --> 00:29:43,440
kind of think your story suggests that

806
00:29:46,549 --> 00:29:45,520
you have but have you gotten into it any

807
00:29:48,710 --> 00:29:46,559
further

808
00:29:49,750 --> 00:29:48,720
oh yeah no and i mean i had poltergeist

809
00:29:51,750 --> 00:29:49,760
activity

810
00:29:54,070 --> 00:29:51,760
for a short time when i was young at

811
00:29:59,590 --> 00:29:54,080
around that age when you get

812
00:30:07,669 --> 00:30:03,430
um you know so yeah and and

813
00:30:09,110 --> 00:30:07,679

certainly you know it came up when when

814

00:30:10,310 --> 00:30:09,120

i was going through my divorce from my

815

00:30:12,470 --> 00:30:10,320

first husband

816

00:30:14,149 --> 00:30:12,480

and it came up when i was in graduate

817

00:30:17,269 --> 00:30:14,159

school working on my doctorate

818

00:30:19,269 --> 00:30:17,279

and uh which i ended up walking away

819

00:30:22,950 --> 00:30:19,279

from because it just wasn't worth

820

00:30:24,630 --> 00:30:22,960

worth it in the end but um

821

00:30:26,470 --> 00:30:24,640

watch i didn't technically walk away

822

00:30:26,789 --> 00:30:26,480

technically i'm still a phd candidate in

823

00:30:28,230 --> 00:30:26,799

good

824

00:30:30,070 --> 00:30:28,240

standing i just don't have a thesis

825

00:30:33,190 --> 00:30:30,080

supervisor um

826

00:30:36,630 --> 00:30:33,200

but uh you know

827

00:30:39,669 --> 00:30:36,640

when i was having some

828

00:30:41,110 --> 00:30:39,679

really stressful issues at university

829

00:30:43,430 --> 00:30:41,120

that's when it was starting to

830

00:30:44,710 --> 00:30:43,440

happen again and it was happening in the

831

00:30:48,470 --> 00:30:44,720

laboratory

832

00:30:51,029 --> 00:30:48,480

and you know um one one nigerian student

833

00:30:53,029 --> 00:30:51,039

called me a witch

834

00:30:56,230 --> 00:30:53,039

you know because every time i got upset

835

00:30:58,070 --> 00:30:56,240

things were blowing up in the lab

836

00:31:00,149 --> 00:30:58,080

you know somebody somebody said that

837

00:31:02,549 --> 00:31:00,159

they should send me to walk by this one

838

00:31:04,070 --> 00:31:02,559

chemistry chemistry professor's lab that

839

00:31:08,149 --> 00:31:04,080

nobody liked to see if i could

840

00:31:10,950 --> 00:31:08,159

do bad things to his house by walking by

841

00:31:12,630 --> 00:31:10,960

you know so yeah it's it's absolutely

842

00:31:16,710 --> 00:31:12,640

connected to emotions

843

00:31:17,590 --> 00:31:16,720

um not always negative emotions i mean i

844

00:31:20,630 --> 00:31:17,600

did actually

845

00:31:24,070 --> 00:31:20,640

do some experiments myself where

846

00:31:28,230 --> 00:31:26,789

i basically set up a little pinwheel and

847

00:31:31,190 --> 00:31:28,240

i would practice getting it

848

00:31:31,990 --> 00:31:31,200

to move inside a jar every day and

849

00:31:35,830 --> 00:31:32,000

before i did

850

00:31:39,190 --> 00:31:35,840

it i would do a panus which i think is

851
00:31:40,950 --> 00:31:39,200
positive and negative effect um

852
00:31:42,630 --> 00:31:40,960
something rather it's a it's a standard

853
00:31:45,269 --> 00:31:42,640
psychological test

854
00:31:46,389 --> 00:31:45,279
that you can kind of fill it out and

855
00:31:49,509 --> 00:31:46,399
then

856
00:31:52,070 --> 00:31:49,519
you do some kind of um

857
00:31:53,830 --> 00:31:52,080
calculations with it afterwards and

858
00:31:55,430 --> 00:31:53,840
it'll tell you what kind of mood you

859
00:31:59,269 --> 00:31:55,440
were in

860
00:32:02,549 --> 00:31:59,279
and it's it's standard and

861
00:32:03,430 --> 00:32:02,559
jim carpenter who um he wrote first

862
00:32:05,909 --> 00:32:03,440
sight

863
00:32:07,750 --> 00:32:05,919

that used to be the you know president

864

00:32:09,430 --> 00:32:07,760

of the parapsychological association he

865

00:32:11,110 --> 00:32:09,440

was the one that recommended it to me

866

00:32:13,269 --> 00:32:11,120

when i was first kind of thinking i'd

867

00:32:15,509 --> 00:32:13,279

like to set up some experiments

868

00:32:16,950 --> 00:32:15,519

just to see how my emotions are

869

00:32:19,269 --> 00:32:16,960

affecting this stuff

870

00:32:21,029 --> 00:32:19,279

and what i found from doing my own

871

00:32:22,950 --> 00:32:21,039

experiments and actually jim

872

00:32:25,590 --> 00:32:22,960

presented the work we co-authored a

873

00:32:27,509 --> 00:32:25,600

paper and and he presented it at

874

00:32:28,789 --> 00:32:27,519

the parapsychological association

875

00:32:32,710 --> 00:32:28,799

conference

876

00:32:34,549 --> 00:32:32,720

was um that emotions did factor into

877

00:32:38,630 --> 00:32:34,559

whether or not

878

00:32:41,669 --> 00:32:38,640

the that the you know the pk would occur

879

00:32:43,990 --> 00:32:41,679

although it actually in terms of

880

00:32:45,430 --> 00:32:44,000

how skillfully i could do the pk was

881

00:32:47,909 --> 00:32:45,440

completely dependent on

882

00:32:49,909 --> 00:32:47,919

practice so the more i did it the faster

883

00:32:51,430 --> 00:32:49,919

i could get the pin meal to work and

884

00:32:53,190 --> 00:32:51,440

and the more control i had over the

885

00:32:54,310 --> 00:32:53,200

pinwheel but whether or not that

886

00:32:58,470 --> 00:32:54,320

pinwheel would move

887

00:33:02,389 --> 00:32:58,480

had almost everything to do with my

888

00:33:05,269 --> 00:33:02,399

with my uh state of mind that day

889

00:33:06,789 --> 00:33:05,279

and it actually to get the experiment to

890

00:33:09,350 --> 00:33:06,799

work i had to be in a good mood

891

00:33:10,070 --> 00:33:09,360

it wasn't a negative mood whereas if i

892

00:33:11,750 --> 00:33:10,080

was a negative

893

00:33:13,269 --> 00:33:11,760

mood i would try and get that pinwheel

894

00:33:16,630 --> 00:33:13,279

to move and something across the room

895

00:33:22,070 --> 00:33:19,750

so it was kind of interesting that way

896

00:33:23,190 --> 00:33:22,080

so shirley tell us a little bit about

897

00:33:28,070 --> 00:33:23,200

the

898

00:33:29,830 --> 00:33:28,080

that you did because you just kind of

899

00:33:30,470 --> 00:33:29,840

touched it but kind of frame it up and

900

00:33:31,909 --> 00:33:30,480

then

901
00:33:33,750 --> 00:33:31,919
some of the other labs that you're

902
00:33:36,870 --> 00:33:33,760
invented invited to

903
00:33:38,310 --> 00:33:36,880
some of the work that was going on there

904
00:33:39,909 --> 00:33:38,320
i guess i gotta come back to the

905
00:33:41,590 --> 00:33:39,919
stranger things you know thing i mean

906
00:33:44,630 --> 00:33:41,600
there's some weird connections with

907
00:33:45,909 --> 00:33:44,640
uh mk ultra stuff either in its kind of

908
00:33:47,669 --> 00:33:45,919
direct form or

909
00:33:49,110 --> 00:33:47,679
you know a lot of that mk ultra stuff

910
00:33:51,669 --> 00:33:49,120
was

911
00:33:54,230 --> 00:33:51,679
hidden and disguised as oh you know it's

912
00:33:54,789 --> 00:33:54,240
just the researchers interested in this

913
00:33:56,149 --> 00:33:54,799

and yet

914

00:33:58,710 --> 00:33:56,159

they had some connections because this

915

00:34:02,310 --> 00:33:58,720

is obviously if

916

00:34:04,549 --> 00:34:02,320

if the governments of the free world

917

00:34:06,789 --> 00:34:04,559

like the united states and canada if

918

00:34:08,710 --> 00:34:06,799

they weren't interested in this

919

00:34:10,310 --> 00:34:08,720

they'd be asleep at the wheel in a way

920

00:34:11,990 --> 00:34:10,320

that we wouldn't like

921

00:34:13,349 --> 00:34:12,000

the fact that they were interested in is

922

00:34:14,869 --> 00:34:13,359

understandable the fact that they were

923

00:34:16,470 --> 00:34:14,879

trying to weaponize it and didn't care

924

00:34:18,149 --> 00:34:16,480

about destroying people's lives in the

925

00:34:19,510 --> 00:34:18,159

process is something we may not be

926
00:34:21,829 --> 00:34:19,520
totally comfortable with

927
00:34:23,190 --> 00:34:21,839
but this is in play in a way that anyone

928
00:34:25,669 --> 00:34:23,200
who doesn't understand this is

929
00:34:29,430 --> 00:34:25,679
definitely in play is just kind of

930
00:34:31,829 --> 00:34:29,440
not paying attention so fill us in on

931
00:34:33,190 --> 00:34:31,839
the how how you got involved with

932
00:34:34,710 --> 00:34:33,200
research and to what extent

933
00:34:37,030 --> 00:34:34,720
and where it went and where you think it

934
00:34:41,030 --> 00:34:37,040
might have gone that you didn't even

935
00:34:43,190 --> 00:34:41,040
see oh lord

936
00:34:45,190 --> 00:34:43,200
there's there's a lot there i mean i

937
00:34:48,310 --> 00:34:45,200
think

938
00:34:49,909 --> 00:34:48,320

you know originally when i was

939

00:34:52,310 --> 00:34:49,919

i actually you know when i was first

940

00:34:54,069 --> 00:34:52,320

very active in the skeptical forum

941

00:34:56,069 --> 00:34:54,079

uh it was because you were one of the

942

00:34:58,390 --> 00:34:56,079

few podcasters who were interviewing

943

00:35:02,230 --> 00:34:58,400

people like dean wright

944

00:35:04,150 --> 00:35:02,240

and uh and i was i was in university at

945

00:35:07,349 --> 00:35:04,160

the time and i was trying

946

00:35:10,069 --> 00:35:07,359

to find any kind of literature like

947

00:35:13,190 --> 00:35:10,079

scientific literature on this stuff

948

00:35:16,550 --> 00:35:13,200

and i wasn't finding it like

949

00:35:18,470 --> 00:35:16,560

you know like you really have to know

950

00:35:20,310 --> 00:35:18,480

where look like i would have not thought

951
00:35:22,710 --> 00:35:20,320
to look at um

952
00:35:24,470 --> 00:35:22,720
engineering journals like you know a

953
00:35:26,069 --> 00:35:24,480
triple e

954
00:35:28,150 --> 00:35:26,079
which is where a lot of the rem you know

955
00:35:30,230 --> 00:35:28,160
there's remote viewing stuff in nature

956
00:35:33,910 --> 00:35:30,240
and and

957
00:35:37,829 --> 00:35:33,920
it's ieee i think um yeah ieee

958
00:35:39,990 --> 00:35:37,839
yeah it's ieee sorry and you know which

959
00:35:41,030 --> 00:35:40,000
you know having studied earth sciences

960
00:35:42,790 --> 00:35:41,040
and geology like

961
00:35:44,230 --> 00:35:42,800
i use that journal all the time i

962
00:35:47,510 --> 00:35:44,240
wouldn't have known to look

963
00:35:50,870 --> 00:35:47,520

there for information on remote viewing

964

00:35:53,349 --> 00:35:50,880

um and so i

965

00:35:54,069 --> 00:35:53,359

i was like searching the internet and

966

00:35:56,230 --> 00:35:54,079

trying

967

00:35:58,950 --> 00:35:56,240

just to find whatever was available i

968

00:36:01,589 --> 00:35:58,960

mean i was going to the university and

969

00:36:03,270 --> 00:36:01,599

basically i used to give myself every

970

00:36:05,750 --> 00:36:03,280

friday afternoon i was going in

971

00:36:06,790 --> 00:36:05,760

in the campus university searching for

972

00:36:08,550 --> 00:36:06,800

information

973

00:36:10,870 --> 00:36:08,560

on this stuff and and i wasn't having a

974

00:36:13,270 --> 00:36:10,880

lot of luck until i found your podcast

975

00:36:14,150 --> 00:36:13,280

and then dean rayden once i found his

976
00:36:15,829 --> 00:36:14,160
stuff

977
00:36:17,990 --> 00:36:15,839
and there was actually a copy of

978
00:36:20,150 --> 00:36:18,000
conscious mind in the library

979
00:36:21,990 --> 00:36:20,160
which i wouldn't have known i found

980
00:36:23,750 --> 00:36:22,000
books by charlie tart in the library

981
00:36:25,829 --> 00:36:23,760
again wouldn't have known

982
00:36:28,230 --> 00:36:25,839
that that was where i should have been

983
00:36:29,589 --> 00:36:28,240
looking and and once i started making

984
00:36:32,390 --> 00:36:29,599
inroads into that

985
00:36:33,349 --> 00:36:32,400
and reading about everything then i

986
00:36:35,109 --> 00:36:33,359
found out about the

987
00:36:36,950 --> 00:36:35,119
you know the personal logical

988
00:36:38,790 --> 00:36:36,960

association which i joined as a student

989

00:36:40,950 --> 00:36:38,800

member and that's where i got connected

990

00:36:44,710 --> 00:36:40,960

to bill role

991

00:36:46,950 --> 00:36:44,720

and so you know i had

992

00:36:48,710 --> 00:36:46,960

a long well it seemed like a long

993

00:36:49,109 --> 00:36:48,720

correspondence i mean it really wasn't

994

00:36:51,589 --> 00:36:49,119

in the

995

00:36:53,190 --> 00:36:51,599

you know he didn't he didn't live many

996

00:36:56,630 --> 00:36:53,200

years after i first

997

00:36:59,670 --> 00:36:56,640

worked with him unfortunately um

998

00:37:01,510 --> 00:36:59,680

but you know he he had invited me out to

999

00:37:03,190 --> 00:37:01,520

laurentian university which

1000

00:37:04,630 --> 00:37:03,200

isn't actually that far from where i

1001
00:37:07,510 --> 00:37:04,640
live so

1002
00:37:07,990 --> 00:37:07,520
it's like a five-hour bus ride if the

1003
00:37:11,510 --> 00:37:08,000
bus goes

1004
00:37:15,750 --> 00:37:13,829
but but what was his relationship with

1005
00:37:18,710 --> 00:37:15,760
uh persinger was he were they

1006
00:37:20,550 --> 00:37:18,720
colleagues or did they know each other

1007
00:37:23,190 --> 00:37:20,560
they were such good friends

1008
00:37:24,710 --> 00:37:23,200
um i mean they didn't they you know

1009
00:37:27,829 --> 00:37:24,720
perseger was at laurentian

1010
00:37:28,870 --> 00:37:27,839
and bill was i think was it university

1011
00:37:32,470 --> 00:37:28,880
of west georgia

1012
00:37:35,430 --> 00:37:32,480
i think um but they had written

1013
00:37:35,990 --> 00:37:35,440

a lot of works together and seeing them

1014

00:37:39,270 --> 00:37:36,000

together

1015

00:37:40,390 --> 00:37:39,280

like they i mean they were such opposite

1016

00:37:44,069 --> 00:37:40,400

people

1017

00:37:45,349 --> 00:37:44,079

personer's very has a university

1018

00:37:46,390 --> 00:37:45,359

professor i probably would have called

1019

00:37:49,829 --> 00:37:46,400

him like a hard ass

1020

00:37:51,270 --> 00:37:49,839

you know you know i mean he was he was

1021

00:37:55,430 --> 00:37:51,280

very

1022

00:37:57,510 --> 00:37:55,440

much into the data and and

1023

00:37:59,910 --> 00:37:57,520

didn't have a lot of time for small talk

1024

00:38:04,150 --> 00:37:59,920

whereas bill was a people person

1025

00:38:05,829 --> 00:38:04,160

i mean you know you could see

1026

00:38:07,910 --> 00:38:05,839

why they kind of worked well together

1027

00:38:11,030 --> 00:38:07,920

because bill looked after all the nicest

1028

00:38:12,069 --> 00:38:11,040

niceties of life and prisoner got the

1029

00:38:14,069 --> 00:38:12,079

data

1030

00:38:15,990 --> 00:38:14,079

but when they were together they joked

1031

00:38:20,310 --> 00:38:16,000

and and

1032

00:38:22,790 --> 00:38:20,320

was just a really nice

1033

00:38:25,990 --> 00:38:22,800

relationship between the two of them and

1034

00:38:30,470 --> 00:38:28,069

uh those were actually a person in

1035

00:38:32,230 --> 00:38:30,480

particular a lot of parapsycho

1036

00:38:34,870 --> 00:38:32,240

parapsychologist told me oh stay away

1037

00:38:37,270 --> 00:38:34,880

from him like he's a bad guy and

1038

00:38:37,910 --> 00:38:37,280

you know and and he's often the one

1039

00:38:40,390 --> 00:38:37,920

that's

1040

00:38:41,750 --> 00:38:40,400

everyone says oh well you know he has a

1041

00:38:44,230 --> 00:38:41,760

history with

1042

00:38:44,790 --> 00:38:44,240

with the dark side of the government and

1043

00:38:47,270 --> 00:38:44,800

yet when

1044

00:38:48,470 --> 00:38:47,280

all these people telling me this all

1045

00:38:51,190 --> 00:38:48,480

came from the government

1046

00:38:51,990 --> 00:38:51,200

paul worked for the cia in various ways

1047

00:38:54,230 --> 00:38:52,000

like you know

1048

00:38:58,069 --> 00:38:54,240

like like nobody is innocent in this

1049

00:39:01,510 --> 00:39:00,150

and i think a lot of those peop no

1050

00:39:02,150 --> 00:39:01,520

that's that's hilarious i think that's

1051
00:39:05,030 --> 00:39:02,160
so true

1052
00:39:06,310 --> 00:39:05,040
and the other reality of it is a lot of

1053
00:39:07,510 --> 00:39:06,320
these people don't know

1054
00:39:10,310 --> 00:39:07,520
you know you don't know where your

1055
00:39:11,910 --> 00:39:10,320
funding came from necessarily

1056
00:39:13,990 --> 00:39:11,920
and in particular in these fields the

1057
00:39:14,550 --> 00:39:14,000
funding is so tiny you know i mean like

1058
00:39:16,790 --> 00:39:14,560
you might

1059
00:39:18,950 --> 00:39:16,800
bother to look in if you're getting

1060
00:39:20,390 --> 00:39:18,960
gazillions of dollars or even millions

1061
00:39:22,230 --> 00:39:20,400
of dollars but when you're just getting

1062
00:39:23,349 --> 00:39:22,240
a little bit to get you further along

1063
00:39:26,230 --> 00:39:23,359

you're just like hey

1064

00:39:28,069 --> 00:39:26,240

take it and move on and it isn't clear

1065

00:39:30,069 --> 00:39:28,079

you know where it's coming from i think

1066

00:39:33,030 --> 00:39:30,079

in a lot of cases well in person you're

1067

00:39:35,430 --> 00:39:33,040

funded most of his own work

1068

00:39:36,870 --> 00:39:35,440

like it's all just part of a process

1069

00:39:38,390 --> 00:39:36,880

it's like i get a little bit here or

1070

00:39:39,750 --> 00:39:38,400

there it's like yeah it's like

1071

00:39:41,990 --> 00:39:39,760

i still have to go out and get all of it

1072

00:39:45,270 --> 00:39:42,000

my get a lot of it myself right

1073

00:39:48,470 --> 00:39:45,280

well he i think there was one because

1074

00:39:50,950 --> 00:39:48,480

i i mean he was pretty open with me when

1075

00:39:52,550 --> 00:39:50,960

i asked because i asked

1076
00:39:55,670 --> 00:39:52,560
you know where the funding and things

1077
00:39:58,230 --> 00:39:55,680
came from and uh

1078
00:40:00,230 --> 00:39:58,240
most uh you know he he had done some

1079
00:40:01,190 --> 00:40:00,240
project for the us navy it was a very

1080
00:40:04,550 --> 00:40:01,200
small thing he

1081
00:40:07,430 --> 00:40:04,560
he pointed out what that was

1082
00:40:07,910 --> 00:40:07,440
but the overwhelming majority of the

1083
00:40:10,470 --> 00:40:07,920
work

1084
00:40:13,030 --> 00:40:10,480
done at uh laurentian university he

1085
00:40:16,470 --> 00:40:13,040
funded out of pocket

1086
00:40:20,230 --> 00:40:18,230
you know that's i mean i guess some

1087
00:40:20,950 --> 00:40:20,240
people oh actually a lot of people paid

1088
00:40:23,349 --> 00:40:20,960

their own way

1089

00:40:24,470 --> 00:40:23,359

to go there to see his lab and be tested

1090

00:40:28,069 --> 00:40:24,480

in his lab

1091

00:40:29,910 --> 00:40:28,079

because yeah um

1092

00:40:31,349 --> 00:40:29,920

you know i remind people remind people

1093

00:40:34,550 --> 00:40:31,359

so we don't get too far into

1094

00:40:35,990 --> 00:40:34,560

inside baseball so break down the the

1095

00:40:38,069 --> 00:40:36,000

work that you did

1096

00:40:39,670 --> 00:40:38,079

in these different labs or just what you

1097

00:40:40,390 --> 00:40:39,680

knew about these labs and what they were

1098

00:40:42,790 --> 00:40:40,400

doing

1099

00:40:44,309 --> 00:40:42,800

and how it related to your experience

1100

00:40:45,910 --> 00:40:44,319

because this does kind of go back

1101

00:40:48,550 --> 00:40:45,920

to what i was saying before surely i

1102

00:40:51,349 --> 00:40:48,560

mean you know we can't really wrap our

1103

00:40:54,790 --> 00:40:51,359

heads around the fact that

1104

00:40:58,069 --> 00:40:54,800

like just to say your experience

1105

00:40:58,870 --> 00:40:58,079

your uh you are an experimenter is not

1106

00:41:01,589 --> 00:40:58,880

enough

1107

00:41:03,349 --> 00:41:01,599

it's kind of this strange situation

1108

00:41:04,630 --> 00:41:03,359

because when you're talking to these

1109

00:41:07,510 --> 00:41:04,640

researchers

1110

00:41:07,990 --> 00:41:07,520

you know so much freaking more than they

1111

00:41:11,349 --> 00:41:08,000

do

1112

00:41:13,510 --> 00:41:11,359

that it's like insane and yet

1113

00:41:15,349 --> 00:41:13,520

you have to kind of take this role of

1114

00:41:17,990 --> 00:41:15,359

yes what do you want me to do

1115

00:41:21,109 --> 00:41:18,000

now you know what do you mean so it is

1116

00:41:23,990 --> 00:41:21,119

kind of the strange situation

1117

00:41:25,589 --> 00:41:24,000

so if you could be a little more bold in

1118

00:41:26,870 --> 00:41:25,599

terms of what do you think these guys

1119

00:41:28,150 --> 00:41:26,880

and they're all guys

1120

00:41:29,430 --> 00:41:28,160

what do you think they were doing what

1121

00:41:30,870 --> 00:41:29,440

do you think they were doing right what

1122

00:41:33,670 --> 00:41:30,880

do you think they were doing

1123

00:41:34,230 --> 00:41:33,680

not so right where do you think all that

1124

00:41:37,430 --> 00:41:34,240

stuff is

1125

00:41:37,990 --> 00:41:37,440

has gone you know since you were i guess

1126

00:41:39,349 --> 00:41:38,000

you still

1127

00:41:40,630 --> 00:41:39,359

are kind of keeping your fingers on it

1128

00:41:42,069 --> 00:41:40,640

but where do you think all that stuff is

1129

00:41:44,870 --> 00:41:42,079

going and

1130

00:41:45,670 --> 00:41:44,880

all that wow okay that's a big question

1131

00:41:49,670 --> 00:41:45,680

um

1132

00:41:51,829 --> 00:41:49,680

i would say persinger's lab

1133

00:41:53,829 --> 00:41:51,839

they hooked me up to an eeg and they

1134

00:41:56,150 --> 00:41:53,839

were actually trying to prove

1135

00:41:57,910 --> 00:41:56,160

um or sorry you don't prove things in

1136

00:41:59,750 --> 00:41:57,920

science that's like a math and alcohol

1137

00:42:01,750 --> 00:41:59,760

thing sorry

1138

00:42:02,790 --> 00:42:01,760

um but they were trying to provide

1139

00:42:07,510 --> 00:42:02,800

evidence

1140

00:42:10,069 --> 00:42:07,520

um for a theory that bill roell had had

1141

00:42:11,190 --> 00:42:10,079

um part of which was that he he thought

1142

00:42:14,829 --> 00:42:11,200

that people who

1143

00:42:17,589 --> 00:42:14,839

were likely to have psychokinetic

1144

00:42:18,230 --> 00:42:17,599

experiences would likely be people who

1145

00:42:20,630 --> 00:42:18,240

are very

1146

00:42:23,030 --> 00:42:20,640

environmentally sensitive to

1147

00:42:25,030 --> 00:42:23,040

electromagnetic frequencies

1148

00:42:28,069 --> 00:42:25,040

so one of the experiments they did was

1149

00:42:31,349 --> 00:42:28,079

they put me into

1150

00:42:33,030 --> 00:42:31,359

like a faraday cage so a closed-up room

1151

00:42:34,550 --> 00:42:33,040

it looks like a bank falls

1152

00:42:36,550 --> 00:42:34,560

it's like a bank vault with shag

1153

00:42:38,790 --> 00:42:36,560

carpeting on the floor and

1154

00:42:40,790 --> 00:42:38,800

and and chairs from you know your

1155

00:42:44,069 --> 00:42:40,800

grandma's basement kind of thing

1156

00:42:46,230 --> 00:42:44,079

um but her person by the way is famous

1157

00:42:48,069 --> 00:42:46,240

for his faraday cage i mean there's like

1158

00:42:51,670 --> 00:42:48,079

uh yeah that's his thing

1159

00:42:54,470 --> 00:42:51,680

yeah yeah yeah so you know so you're in

1160

00:42:56,390 --> 00:42:54,480

in the in the faraday cage and um they

1161

00:42:58,309 --> 00:42:56,400

had this device in there

1162

00:43:00,309 --> 00:42:58,319

that once you're in the faraday cage

1163

00:43:00,790 --> 00:43:00,319

you're not affected by emf from outside

1164

00:43:03,109 --> 00:43:00,800

sources

1165

00:43:03,910 --> 00:43:03,119

so that's what a fair cage faraday cage

1166

00:43:05,910 --> 00:43:03,920

does

1167

00:43:07,589 --> 00:43:05,920

so but once you're in there they turn on

1168

00:43:11,430 --> 00:43:07,599

this device

1169

00:43:15,109 --> 00:43:11,440

that that emits a

1170

00:43:18,790 --> 00:43:15,119

specific amount of ems emacs or you make

1171

00:43:22,069 --> 00:43:18,800

electromagnetic energy

1172

00:43:24,710 --> 00:43:22,079

and they see what it does to you and

1173

00:43:26,390 --> 00:43:24,720

the the first time i did this experiment

1174

00:43:29,510 --> 00:43:26,400

they didn't tell me what

1175

00:43:31,270 --> 00:43:29,520

to expect and and all they did

1176

00:43:33,030 --> 00:43:31,280

all they said was yeah a lot of students

1177

00:43:34,710 --> 00:43:33,040

we do this on students all the time most

1178

00:43:37,190 --> 00:43:34,720

of them fall asleep in here

1179

00:43:38,230 --> 00:43:37,200

so i'm like okay fine we'll do this so

1180

00:43:41,430 --> 00:43:38,240

i'm sitting in there

1181

00:43:42,069 --> 00:43:41,440

and all of a sudden i was not feeling

1182

00:43:45,109 --> 00:43:42,079

well

1183

00:43:47,510 --> 00:43:45,119

and i was like you know i need this

1184

00:43:50,309 --> 00:43:47,520

needs to stop and apparently

1185

00:43:51,270 --> 00:43:50,319

um i was the most sensitive student they

1186

00:43:53,349 --> 00:43:51,280

ever had

1187

00:43:55,270 --> 00:43:53,359

to do this experiment and i had to throw

1188

00:43:57,910 --> 00:43:55,280

up

1189

00:43:58,870 --> 00:43:57,920

so it wasn't wasn't that fun for me like

1190

00:44:00,390 --> 00:43:58,880

that was

1191

00:44:02,150 --> 00:44:00,400

they weren't expecting me to have quite

1192

00:44:04,950 --> 00:44:02,160

such a violent reaction to it

1193

00:44:05,589 --> 00:44:04,960

and then the next time because i i went

1194

00:44:09,030 --> 00:44:05,599

back

1195

00:44:10,950 --> 00:44:09,040

about a year later i think and

1196

00:44:12,790 --> 00:44:10,960

did this again and they had rejigged it

1197

00:44:13,349 --> 00:44:12,800

to be much more sensitive so they said

1198

00:44:15,109 --> 00:44:13,359

okay

1199

00:44:17,190 --> 00:44:15,119

we're not going to blast you with this

1200

00:44:18,950 --> 00:44:17,200

frequency we're just going to approach

1201

00:44:20,069 --> 00:44:18,960

it and just let us know when you don't

1202

00:44:23,349 --> 00:44:20,079

feel good

1203

00:44:24,790 --> 00:44:23,359

and so what i found was like one of the

1204

00:44:25,510 --> 00:44:24,800

things that they found with me is that i

1205

00:44:28,230 --> 00:44:25,520

see lights

1206

00:44:30,069 --> 00:44:28,240

even in a dark room and i always have

1207

00:44:31,990 --> 00:44:30,079

and so

1208

00:44:34,069 --> 00:44:32,000

i was telling them what color the lights

1209

00:44:35,829 --> 00:44:34,079

were turning in this completely dark

1210

00:44:37,589 --> 00:44:35,839

room

1211

00:44:38,870 --> 00:44:37,599

at different times and they said it was

1212

00:44:41,910 --> 00:44:38,880

absolutely

1213

00:44:44,309 --> 00:44:41,920

um when they changed the frequency

1214

00:44:47,030 --> 00:44:44,319

that i i had the colors match the

1215

00:44:49,910 --> 00:44:47,040

frequency they were turning it to

1216

00:44:52,470 --> 00:44:49,920

and which they weren't expecting to find

1217

00:44:54,470 --> 00:44:52,480

that that i'm so tuned into the

1218

00:44:56,230 --> 00:44:54,480

the subtle changes in the

1219

00:44:56,790 --> 00:44:56,240

electromagnetics that i can tell them

1220

00:45:02,390 --> 00:44:56,800

what

1221

00:45:04,069 --> 00:45:02,400

and even there when they were really

1222

00:45:04,950 --> 00:45:04,079

careful i still ended up throwing up

1223

00:45:07,109 --> 00:45:04,960

afterwards

1224

00:45:08,710 --> 00:45:07,119

they they know exactly the frequency

1225

00:45:10,630 --> 00:45:08,720

that sets it off and they say that

1226
00:45:11,990 --> 00:45:10,640
that's the frequency that sets off the

1227
00:45:16,950 --> 00:45:12,000
pk too

1228
00:45:19,430 --> 00:45:16,960
so what what is your interpretation

1229
00:45:21,589 --> 00:45:19,440
of that result and what was their

1230
00:45:24,710 --> 00:45:21,599
interpretation of that result

1231
00:45:25,109 --> 00:45:24,720
um their interpretation well you can

1232
00:45:27,430 --> 00:45:25,119
read

1233
00:45:29,270 --> 00:45:27,440
i mean there's written up in a paper so

1234
00:45:30,710 --> 00:45:29,280
it don't don't take my word for it

1235
00:45:35,109 --> 00:45:30,720
people can go find the paper

1236
00:45:38,870 --> 00:45:35,119
it's i think role in role at al 2012

1237
00:45:42,870 --> 00:45:38,880
um journal of neuro case

1238
00:45:46,550 --> 00:45:42,880

i think yeah neuro case and but

1239

00:45:48,550 --> 00:45:46,560

their their interpretation was that yes

1240

00:45:51,829 --> 00:45:48,560

people who

1241

00:45:53,670 --> 00:45:51,839

have unusual experiences are sensitive

1242

00:45:57,270 --> 00:45:53,680

to particular

1243

00:46:00,390 --> 00:45:57,280

um frequencies and and

1244

00:46:03,829 --> 00:46:00,400

and i i would kind of agree with them

1245

00:46:07,030 --> 00:46:03,839

because i sure got sick um

1246

00:46:08,950 --> 00:46:07,040

and i think what i liked about that was

1247

00:46:12,230 --> 00:46:08,960

the fact that

1248

00:46:14,069 --> 00:46:12,240

the colors of lights i were seeing it

1249

00:46:15,829 --> 00:46:14,079

really it was kind of cool to find out

1250

00:46:17,670 --> 00:46:15,839

that it actually corresponds to

1251
00:46:19,829 --> 00:46:17,680
something that somebody can measure

1252
00:46:21,190 --> 00:46:19,839
outside of me that it's not just my

1253
00:46:22,630 --> 00:46:21,200
imagination

1254
00:46:24,790 --> 00:46:22,640
like i think that was the biggest

1255
00:46:26,390 --> 00:46:24,800
takeaway from going to persinger's lab

1256
00:46:27,670 --> 00:46:26,400
because i went there thinking

1257
00:46:30,230 --> 00:46:27,680
that they were going to prove there was

1258
00:46:32,870 --> 00:46:30,240
nothing to this like that was

1259
00:46:33,430 --> 00:46:32,880
at that time in my life i wanted a cure

1260
00:46:35,190 --> 00:46:33,440
for

1261
00:46:36,710 --> 00:46:35,200
what was going on with me i was studying

1262
00:46:38,230 --> 00:46:36,720
science and university

1263
00:46:40,309 --> 00:46:38,240

and i wanted a cure and i was going to

1264

00:46:41,990 --> 00:46:40,319

get fixed and they were just going to

1265

00:46:44,150 --> 00:46:42,000

tell me that i was just nuts

1266

00:46:46,150 --> 00:46:44,160

and that that was going to be the end of

1267

00:46:47,190 --> 00:46:46,160

it and i would go back and be a good

1268

00:46:49,589 --> 00:46:47,200

scientist and

1269

00:46:51,670 --> 00:46:49,599

not ever look at this stuff ever again

1270

00:46:55,510 --> 00:46:51,680

and of course that's not what happened

1271

00:46:56,470 --> 00:46:55,520

really so i gotta i gotta poke here a

1272

00:46:58,710 --> 00:46:56,480

little bit

1273

00:47:00,230 --> 00:46:58,720

i mean i can understand that at one

1274

00:47:01,910 --> 00:47:00,240

level you wanted that

1275

00:47:04,470 --> 00:47:01,920

but at another level you were an

1276

00:47:06,950 --> 00:47:04,480

experiencer of this larger reality

1277

00:47:09,190 --> 00:47:06,960

so you had to know that that wasn't

1278

00:47:16,230 --> 00:47:09,200

really

1279

00:47:21,430 --> 00:47:19,349

yeah but you know i was pretty stubborn

1280

00:47:23,510 --> 00:47:21,440

about it i was gonna fix it

1281

00:47:24,630 --> 00:47:23,520

i was being so stubborn and of course

1282

00:47:28,470 --> 00:47:24,640

that was making the

1283

00:47:29,510 --> 00:47:28,480

pk worse

1284

00:47:31,349 --> 00:47:29,520

like you know it was making the

1285

00:47:32,950 --> 00:47:31,359

poltergeist stuff worse because i was

1286

00:47:41,030 --> 00:47:32,960

getting so stubborn that i was gonna

1287

00:47:44,309 --> 00:47:43,750

and and that was that and it didn't

1288

00:47:47,670 --> 00:47:44,319

happen

1289

00:47:53,990 --> 00:47:47,680

it just they just kept showing oh

1290

00:47:57,109 --> 00:47:55,430

yeah we just had a little we just had a

1291

00:47:57,390 --> 00:47:57,119

little glitch there but we had a little

1292

00:48:01,109 --> 00:47:57,400

glitch

1293

00:48:04,069 --> 00:48:01,119

[Laughter]

1294

00:48:06,470 --> 00:48:04,079

stop it stop it okay that's enough of

1295

00:48:10,710 --> 00:48:06,480

those games

1296

00:48:13,990 --> 00:48:12,230

you know what i find kind of interesting

1297

00:48:17,510 --> 00:48:14,000

about that is

1298

00:48:20,710 --> 00:48:17,520

you're being so real about it and so

1299

00:48:24,150 --> 00:48:20,720

honest about it and

1300

00:48:25,910 --> 00:48:24,160

it mirrors in a way you know

1301

00:48:27,349 --> 00:48:25,920

persinger is known for being this

1302

00:48:29,910 --> 00:48:27,359

materialist so

1303

00:48:30,630 --> 00:48:29,920

he's encountering all this stuff and

1304

00:48:32,549 --> 00:48:30,640

well it's i

1305

00:48:34,470 --> 00:48:32,559

it depends on how you read him you know

1306

00:48:37,270 --> 00:48:34,480

but i mean he's essentially jamming it

1307

00:48:39,510 --> 00:48:37,280

back into you know well let's just

1308

00:48:41,430 --> 00:48:39,520

find a different frequency then or let's

1309

00:48:43,829 --> 00:48:41,440

just you know like

1310

00:48:45,349 --> 00:48:43,839

explain all this away and well i'm going

1311

00:48:48,790 --> 00:48:45,359

to publish it nitrify

1312

00:48:50,630 --> 00:48:48,800

you know kind of thing and it's like

1313

00:48:52,870 --> 00:48:50,640

i mean i i've that's been my kind of

1314

00:48:55,589 --> 00:48:52,880

thing for on this show

1315

00:48:57,270 --> 00:48:55,599

very i was very very very slow to come

1316

00:49:01,030 --> 00:48:57,280

to this realization but

1317

00:49:03,990 --> 00:49:01,040

once i did it i i see the kind of tragic

1318

00:49:05,270 --> 00:49:04,000

comedy of it all is that all these guys

1319

00:49:07,349 --> 00:49:05,280

at a higher level

1320

00:49:09,109 --> 00:49:07,359

understand the broader reality and

1321

00:49:10,309 --> 00:49:09,119

understand that this isn't the really

1322

00:49:12,470 --> 00:49:10,319

the game to try and

1323

00:49:15,349 --> 00:49:12,480

jam it back into materialism and yet

1324

00:49:17,510 --> 00:49:15,359

they let this stuff go on with just like

1325

00:49:19,030 --> 00:49:17,520

you know i can only imagine this is my

1326

00:49:22,549 --> 00:49:19,040

imagination is

1327

00:49:25,109 --> 00:49:22,559

whoever is at that higher level

1328

00:49:26,309 --> 00:49:25,119

is reading persinger's work and going

1329

00:49:28,309 --> 00:49:26,319

great okay

1330

00:49:30,069 --> 00:49:28,319

you know how can we weaponize it how can

1331

00:49:31,990 --> 00:49:30,079

we use it what does that mean

1332

00:49:33,990 --> 00:49:32,000

and then they're letting it just go on

1333

00:49:37,309 --> 00:49:34,000

well let them keep talking about it like

1334

00:49:40,470 --> 00:49:37,319

it's just all uh you know

1335

00:49:42,470 --> 00:49:40,480

materialistic biological robot and

1336

00:49:43,750 --> 00:49:42,480

this universe kind of world out there

1337

00:49:45,430 --> 00:49:43,760

you know

1338

00:49:47,589 --> 00:49:45,440

but it's interesting that you kind of

1339

00:49:48,390 --> 00:49:47,599

knew and you still didn't want to know

1340

00:49:50,710 --> 00:49:48,400

because it's

1341

00:49:51,910 --> 00:49:50,720

it's hard to know who the hell really

1342

00:49:54,390 --> 00:49:51,920

wants to

1343

00:49:55,109 --> 00:49:54,400

hold that reality i mean it's just kind

1344

00:49:58,470 --> 00:49:55,119

of

1345

00:49:59,109 --> 00:49:58,480

tough yeah because it's just a lot

1346

00:50:02,950 --> 00:49:59,119

easier

1347

00:50:04,390 --> 00:50:02,960

not to go there um and i mean

1348

00:50:06,309 --> 00:50:04,400

you know my current husband is a

1349

00:50:08,069 --> 00:50:06,319

scientist and

1350

00:50:11,030 --> 00:50:08,079

i tried to hide it from him for a long

1351

00:50:13,109 --> 00:50:11,040

time like you know

1352

00:50:15,030 --> 00:50:13,119

that the one really good thing about

1353

00:50:16,950 --> 00:50:15,040

going to questions your lab

1354

00:50:19,349 --> 00:50:16,960

is that you know person juror gave me

1355

00:50:21,190 --> 00:50:19,359

all these data sheets to bring home

1356

00:50:23,190 --> 00:50:21,200

and then i could just because i didn't

1357

00:50:24,630 --> 00:50:23,200

even i don't think i even really told my

1358

00:50:26,870 --> 00:50:24,640

husband exactly what

1359

00:50:29,349 --> 00:50:26,880

i was going to laurentian for he just

1360

00:50:31,510 --> 00:50:29,359

figured it was a geology thing because

1361

00:50:33,670 --> 00:50:31,520

you know i was in grad school and going

1362

00:50:34,150 --> 00:50:33,680

to another university that happens to be

1363

00:50:38,870 --> 00:50:34,160

where

1364

00:50:40,710 --> 00:50:38,880

you know big mining town so um

1365

00:50:42,790 --> 00:50:40,720

you know geologists heaven over there so

1366

00:50:45,349 --> 00:50:42,800

of course i'm going there like big deal

1367

00:50:47,349 --> 00:50:45,359

and that really wasn't what i was going

1368

00:50:50,470 --> 00:50:47,359

there for at all and i came home with

1369

00:50:53,510 --> 00:50:50,480

these data sheets um showing

1370

00:50:55,270 --> 00:50:53,520

you know the results from eegs we uh we

1371

00:50:56,150 --> 00:50:55,280

did some photo multiplier two

1372

00:50:58,390 --> 00:50:56,160

experiments

1373

00:51:00,150 --> 00:50:58,400

i mean you know various things that we

1374

00:51:02,950 --> 00:51:00,160

did and i showed him

1375

00:51:05,030 --> 00:51:02,960

the results and apparently how my brain

1376

00:51:09,750 --> 00:51:05,040

is kind of weird

1377

00:51:12,309 --> 00:51:09,760

which is another thing they found and um

1378

00:51:14,230 --> 00:51:12,319

that was the first kind of conversations

1379

00:51:16,069 --> 00:51:14,240

i had with my husband over it

1380

00:51:17,910 --> 00:51:16,079

i mean he always knew i was weird but he

1381

00:51:21,349 --> 00:51:17,920

always thought that was kind of a cute

1382

00:51:22,950 --> 00:51:21,359

cute thing anyway but i never really

1383

00:51:23,910 --> 00:51:22,960

told him that i had a near-death

1384

00:51:25,910 --> 00:51:23,920

experience

1385

00:51:28,470 --> 00:51:25,920

i mean i never most near-death

1386

00:51:31,750 --> 00:51:28,480

experiences don't tell their spouses

1387

00:51:32,950 --> 00:51:31,760

they just don't it's easier to tell a

1388

00:51:35,990 --> 00:51:32,960

complete stranger

1389

00:51:38,870 --> 00:51:36,000

you

1390

00:51:39,990 --> 00:51:38,880

for talking about it that's not a big

1391

00:51:42,390 --> 00:51:40,000

deal

1392

00:51:44,230 --> 00:51:42,400

you know but if your family rejects you

1393

00:51:47,349 --> 00:51:44,240

that's a big deal

1394

00:51:51,030 --> 00:51:47,359

um you know so that's why

1395

00:51:52,790 --> 00:51:51,040

you'll go to an ions conference and

1396

00:51:54,630 --> 00:51:52,800

everybody will be talking to each other

1397

00:51:56,230 --> 00:51:54,640

and every one of them will say yeah i

1398

00:51:57,750 --> 00:51:56,240

don't tell my family they don't know

1399

00:52:00,549 --> 00:51:57,760

anything about this

1400

00:52:01,030 --> 00:52:00,559

you know i told them one time and i

1401
00:52:04,150 --> 00:52:01,040
learned

1402
00:52:06,950 --> 00:52:04,160
you don't you just go there

1403
00:52:09,270 --> 00:52:06,960
yeah you know uh before uh time kind of

1404
00:52:12,309 --> 00:52:09,280
slips away from us too far i know people

1405
00:52:15,510 --> 00:52:12,319
are gonna be super interested in

1406
00:52:18,790 --> 00:52:15,520
the nuts and bolts of the pk stuff

1407
00:52:22,230 --> 00:52:18,800
um the little wheel thing

1408
00:52:25,030 --> 00:52:22,240
that you do and other people do

1409
00:52:26,470 --> 00:52:25,040
uh what are the limits of pk do you

1410
00:52:29,750 --> 00:52:26,480
suppose

1411
00:52:31,990 --> 00:52:29,760
um how do you go about developing

1412
00:52:33,430 --> 00:52:32,000
that was that something you should do or

1413
00:52:36,549 --> 00:52:33,440

should not do

1414

00:52:39,589 --> 00:52:36,559

all the kind of basic pk

1415

00:52:40,069 --> 00:52:39,599

fascination questions you know it's

1416

00:52:43,589 --> 00:52:40,079

funny

1417

00:52:47,109 --> 00:52:43,599

i i find that seeing someone else

1418

00:52:49,030 --> 00:52:47,119

do pk seems to be contagious

1419

00:52:50,470 --> 00:52:49,040

like when i went to the rhine research

1420

00:52:52,390 --> 00:52:50,480

um center

1421

00:52:53,750 --> 00:52:52,400

and i was doing you know spinning the

1422

00:52:56,710 --> 00:52:53,760

wheels

1423

00:52:57,589 --> 00:52:56,720

and like other people were doing it

1424

00:52:59,990 --> 00:52:57,599

there too

1425

00:53:02,470 --> 00:53:00,000

describe describe the setup describe the

1426

00:53:05,430 --> 00:53:02,480

setup for people the best that you can

1427

00:53:06,630 --> 00:53:05,440

the what what the setup for the lab test

1428

00:53:08,710 --> 00:53:06,640

is

1429

00:53:11,349 --> 00:53:08,720

um well there's a lot of different lab

1430

00:53:12,950 --> 00:53:11,359

tests actually um

1431

00:53:14,630 --> 00:53:12,960

because at the ryan they've got the

1432

00:53:16,710 --> 00:53:14,640

bioenergy lab which they did

1433

00:53:19,109 --> 00:53:16,720

similar experiments that laurentian did

1434

00:53:20,710 --> 00:53:19,119

in you know with a photo multiplier tube

1435

00:53:24,390 --> 00:53:20,720

so those experiments are

1436

00:53:25,990 --> 00:53:24,400

pretty good and i you know anyone can

1437

00:53:27,430 --> 00:53:26,000

can try those where you basically sit in

1438

00:53:28,150 --> 00:53:27,440

a dark room and you try and produce

1439

00:53:30,470 --> 00:53:28,160

light

1440

00:53:32,150 --> 00:53:30,480

and and then they see if there's spikes

1441

00:53:33,670 --> 00:53:32,160

if you're glowing in the dark or not

1442

00:53:35,109 --> 00:53:33,680

which apparently i glow in the dark my

1443

00:53:38,549 --> 00:53:35,119

husband likes to brag about that

1444

00:53:42,150 --> 00:53:38,559

it is why it flows in the dark um but

1445

00:53:45,829 --> 00:53:42,160

but um other things was i just

1446

00:53:49,109 --> 00:53:45,839

had a little jar and spun a pinwheel

1447

00:53:51,190 --> 00:53:49,119

inside a closed jar and you know it's

1448

00:53:53,030 --> 00:53:51,200

not a perfect experiment and

1449

00:53:55,510 --> 00:53:53,040

later on i started working with an ugly

1450

00:53:58,230 --> 00:53:55,520

wheel after dean raiden had suggested it

1451
00:54:01,030 --> 00:53:58,240
and put it inside a closed container as

1452
00:54:06,870 --> 00:54:04,390
but it was kind of interesting that that

1453
00:54:08,710 --> 00:54:06,880
what i find is that when people see it

1454
00:54:10,630 --> 00:54:08,720
often they can do it

1455
00:54:12,230 --> 00:54:10,640
although it'll kind of wear out like

1456
00:54:14,230 --> 00:54:12,240
there's almost this beginner's left way

1457
00:54:16,309 --> 00:54:14,240
it'll work for the first little bit

1458
00:54:19,030 --> 00:54:16,319
and then it's like they convince

1459
00:54:20,870 --> 00:54:19,040
themselves they can't do it anymore

1460
00:54:23,430 --> 00:54:20,880
but there's been other cases where there

1461
00:54:26,150 --> 00:54:23,440
was a fellow sean mcnamara

1462
00:54:28,390 --> 00:54:26,160
who watched the video that i had done

1463
00:54:29,829 --> 00:54:28,400

for ions and there i show a little clip

1464

00:54:30,870 --> 00:54:29,839

of me playing with the pinwheel in the

1465

00:54:34,069 --> 00:54:30,880

jar just to

1466

00:54:36,069 --> 00:54:34,079

to give an idea of it and he decided

1467

00:54:37,670 --> 00:54:36,079

that he could figure out how to do this

1468

00:54:39,190 --> 00:54:37,680

and he started doing it

1469

00:54:40,950 --> 00:54:39,200

and he actually teaches a course he

1470

00:54:43,750 --> 00:54:40,960

wrote a book like he he did all the

1471

00:54:46,870 --> 00:54:43,760

things i should have done and

1472

00:54:47,510 --> 00:54:46,880

but you know it's another a number of

1473

00:54:49,670 --> 00:54:47,520

people

1474

00:54:51,109 --> 00:54:49,680

have sent me emails saying that they

1475

00:54:51,589 --> 00:54:51,119

thought it was silly and then they tried

1476

00:55:06,390 --> 00:54:51,599

it

1477

00:55:08,069 --> 00:55:06,400

but one of the things i thought was

1478

00:55:10,150 --> 00:55:08,079

interesting was a couple of people who

1479

00:55:12,789 --> 00:55:10,160

had learned how to do this

1480

00:55:13,670 --> 00:55:12,799

um and i gotten involved with this

1481

00:55:15,750 --> 00:55:13,680

researcher

1482

00:55:17,510 --> 00:55:15,760

i'm not going to name him because i

1483

00:55:18,870 --> 00:55:17,520

don't i don't know that he wants to be

1484

00:55:23,109 --> 00:55:18,880

public about his

1485

00:55:25,990 --> 00:55:23,119

interest in this topic but uh

1486

00:55:26,710 --> 00:55:26,000

he had done done some some work where he

1487

00:55:30,230 --> 00:55:26,720

set up

1488

00:55:32,950 --> 00:55:30,240

this machine that he said would be um

1489

00:55:34,950 --> 00:55:32,960

a way to isolate the effects in kind of

1490

00:55:37,270 --> 00:55:34,960

a vacuum tube

1491

00:55:39,030 --> 00:55:37,280

and he did all these these things where

1492

00:55:42,710 --> 00:55:39,040

he put the pinwheel in this closed

1493

00:55:44,789 --> 00:55:42,720

thing and then he had two of the people

1494

00:55:46,630 --> 00:55:44,799

like shawn and another person in there

1495

00:55:48,710 --> 00:55:46,640

and every time they got

1496

00:55:51,510 --> 00:55:48,720

the pinwheel to move in this setup he

1497

00:55:53,829 --> 00:55:51,520

would blame it on

1498

00:55:54,950 --> 00:55:53,839

whatever like oh the the equipment was

1499

00:55:56,950 --> 00:55:54,960

malfunctioning

1500

00:55:59,750 --> 00:55:56,960

it's too hot in here it's too cold in

1501

00:56:01,829 --> 00:55:59,760

here like he had this laundry list

1502

00:56:03,430 --> 00:56:01,839

and the two people who actually gone to

1503

00:56:05,270 --> 00:56:03,440

his lab to do these things were very

1504

00:56:07,670 --> 00:56:05,280

discouraged because he basically made

1505

00:56:09,670 --> 00:56:07,680

them feel like they were complete frauds

1506

00:56:11,589 --> 00:56:09,680

because his equipment was it was just

1507

00:56:12,549 --> 00:56:11,599

equipment malfunctions there was no true

1508

00:56:14,789 --> 00:56:12,559

effects

1509

00:56:16,069 --> 00:56:14,799

so when he contacted me and asked me to

1510

00:56:17,829 --> 00:56:16,079

do it i said well

1511

00:56:19,589 --> 00:56:17,839

i'm not going to go to your lab we're

1512

00:56:21,190 --> 00:56:19,599

going to do this over skype

1513

00:56:23,270 --> 00:56:21,200

because i don't want to go to your lab

1514

00:56:24,870 --> 00:56:23,280

and and and my i mean first of all i get

1515

00:56:27,750 --> 00:56:24,880

air sick so i hate to fly

1516

00:56:29,510 --> 00:56:27,760

but i also figured like there's no point

1517

00:56:29,990 --> 00:56:29,520

me going there for you to say it's an

1518

00:56:33,430 --> 00:56:30,000

equipment

1519

00:56:34,549 --> 00:56:33,440

malfunction and so i said we'll just do

1520

00:56:38,230 --> 00:56:34,559

it over skype so

1521

00:56:41,829 --> 00:56:38,240

set it up and we'll see what happens

1522

00:56:45,349 --> 00:56:41,839

so we did this and several times

1523

00:56:46,950 --> 00:56:45,359

with me in canada and him in the states

1524

00:56:48,630 --> 00:56:46,960

so we're not even in the same country

1525

00:56:49,030 --> 00:56:48,640

we're not even on this you know the same

1526

00:56:51,990 --> 00:56:49,040

part

1527

00:56:54,630 --> 00:56:52,000

of the continent and the things started

1528

00:56:56,309 --> 00:56:54,640

moving like crazy in a few of the videos

1529

00:56:58,309 --> 00:56:56,319

and of course every time it's oh it's

1530

00:57:00,069 --> 00:56:58,319

equipment malfunction is this and that

1531

00:57:01,990 --> 00:57:00,079

so it's like yeah so no matter how

1532

00:57:03,670 --> 00:57:02,000

perfect some of the scientists set up

1533

00:57:05,589 --> 00:57:03,680

their experiments

1534

00:57:07,670 --> 00:57:05,599

when it moves they still say that so i'm

1535

00:57:09,430 --> 00:57:07,680

just as happy that i wasn't there for it

1536

00:57:10,870 --> 00:57:09,440

to be an equipment malfunction

1537

00:57:13,190 --> 00:57:10,880

because quite honestly he could have

1538

00:57:17,510 --> 00:57:13,200

also said it was fraud on my part

1539

00:57:20,549 --> 00:57:19,190

because i've had that happen too where

1540

00:57:22,069 --> 00:57:20,559

they say well if it moves then it's

1541

00:57:25,349 --> 00:57:22,079

fraud it's like well if i'm not in the

1542

00:57:27,670 --> 00:57:25,359

room it's not me doing the fraud

1543

00:57:28,950 --> 00:57:27,680

yeah in a way you kind of stumbled into

1544

00:57:32,230 --> 00:57:28,960

kind of the perfect

1545

00:57:33,030 --> 00:57:32,240

setup there so uh where are you going

1546

00:57:35,270 --> 00:57:33,040

with this

1547

00:57:36,789 --> 00:57:35,280

in the future and what are the personal

1548

00:57:38,789 --> 00:57:36,799

kind of

1549

00:57:40,069 --> 00:57:38,799

implications for you or where would you

1550

00:57:41,270 --> 00:57:40,079

like to go and

1551
00:57:42,270 --> 00:57:41,280
you know i'm glad that you did this

1552
00:57:43,510 --> 00:57:42,280
interview i think you were

1553
00:57:46,150 --> 00:57:43,520
understandably

1554
00:57:47,750 --> 00:57:46,160
for a long time kind of cautious and

1555
00:57:48,390 --> 00:57:47,760
even going out there and talking about

1556
00:57:51,190 --> 00:57:48,400
this stuff

1557
00:57:53,030 --> 00:57:51,200
because it can get kind of creepy where

1558
00:57:55,510 --> 00:57:53,040
do you want to go with this

1559
00:57:56,950 --> 00:57:55,520
um well i don't know i mean i've been to

1560
00:58:01,030 --> 00:57:56,960
quite a number of labs

1561
00:58:02,549 --> 00:58:01,040
um i have a number of people i know who

1562
00:58:04,549 --> 00:58:02,559
are working on

1563
00:58:05,829 --> 00:58:04,559

experiments that there's one fellow that

1564

00:58:07,750 --> 00:58:05,839

actually may come up with a good

1565

00:58:12,230 --> 00:58:07,760

experiment it's just

1566

00:58:14,230 --> 00:58:12,240

the technical um setup

1567

00:58:16,470 --> 00:58:14,240

he won't mind i if i say his name is ron

1568

00:58:18,470 --> 00:58:16,480

bryan he's at texas a m and they're

1569

00:58:20,549 --> 00:58:18,480

working on an experiment

1570

00:58:22,870 --> 00:58:20,559

where they're hoping someone can use pk

1571

00:58:25,109 --> 00:58:22,880

to switch the direction of the spin on a

1572

00:58:28,950 --> 00:58:25,119

magnesium ion

1573

00:58:30,870 --> 00:58:28,960

um which i know you're going to say yeah

1574

00:58:34,309 --> 00:58:30,880

there's all kinds of evil

1575

00:58:36,630 --> 00:58:34,319

evil uses for a thought switch

1576
00:58:38,549 --> 00:58:36,640
but he's hoping it'll be used in medical

1577
00:58:40,390 --> 00:58:38,559
technologies

1578
00:58:41,750 --> 00:58:40,400
but you're right i'm you know any

1579
00:58:43,109 --> 00:58:41,760
anything where there's a good use

1580
00:58:46,630 --> 00:58:43,119
there's bad news

1581
00:58:48,870 --> 00:58:46,640
um you know and and there are

1582
00:58:50,470 --> 00:58:48,880
and there are some good experiments out

1583
00:58:52,150 --> 00:58:50,480
there and i've been really fortunate

1584
00:58:53,829 --> 00:58:52,160
that people have

1585
00:58:55,349 --> 00:58:53,839
have you know brought me to their labs

1586
00:58:55,990 --> 00:58:55,359
and allowed me to participate in these

1587
00:58:59,190 --> 00:58:56,000
things but

1588
00:59:02,150 --> 00:58:59,200

generally what i found is that

1589

00:59:03,750 --> 00:59:02,160

they'll only go so far and it's like

1590

00:59:04,630 --> 00:59:03,760

when they get really good experiments

1591

00:59:06,390 --> 00:59:04,640

they back off

1592

00:59:07,990 --> 00:59:06,400

and and it's like oh we don't ever want

1593

00:59:11,270 --> 00:59:08,000

to look at this again and

1594

00:59:13,190 --> 00:59:11,280

and it's almost a universal reaction

1595

00:59:14,710 --> 00:59:13,200

and i don't know why that is it's like

1596

00:59:16,549 --> 00:59:14,720

the experimenter

1597

00:59:18,150 --> 00:59:16,559

that i just talked about where he was

1598

00:59:19,510 --> 00:59:18,160

really enthusiastic

1599

00:59:21,670 --> 00:59:19,520

that you know he was going to win the

1600

00:59:22,230 --> 00:59:21,680

nobel prize by proving this stuff was

1601
00:59:24,230 --> 00:59:22,240
real

1602
00:59:25,750 --> 00:59:24,240
he actually used that he actually said

1603
00:59:31,030 --> 00:59:25,760
that nobel prize

1604
00:59:32,789 --> 00:59:31,040
and yet when it came down to it

1605
00:59:34,630 --> 00:59:32,799
you know just from talking to him i knew

1606
00:59:36,630 --> 00:59:34,640
that no that's not where we're going and

1607
00:59:38,789 --> 00:59:36,640
that's why i'm not going to his lab i'm

1608
00:59:40,390 --> 00:59:38,799
going to do this over skype

1609
00:59:42,549 --> 00:59:40,400
and i'll get to see the little pinwheel

1610
00:59:43,910 --> 00:59:42,559
move and yay and he's going to say well

1611
00:59:47,510 --> 00:59:43,920
that's not

1612
00:59:49,510 --> 00:59:47,520
anything and that's okay that's his deal

1613
00:59:55,510 --> 00:59:49,520

but at least at least i'm cleared of any

1614

00:59:59,030 --> 00:59:57,750

finally finally shirley do you have any

1615

01:00:02,390 --> 00:59:59,040

uh thoughts

1616

01:00:05,349 --> 01:00:02,400

on how pk does fit

1617

01:00:06,309 --> 01:00:05,359

into this larger kind of you know my pet

1618

01:00:09,430 --> 01:00:06,319

phrase

1619

01:00:09,829 --> 01:00:09,440

extended consciousness realm you know

1620

01:00:12,710 --> 01:00:09,839

what

1621

01:00:15,109 --> 01:00:12,720

aspect of it are we looking at because

1622

01:00:18,230 --> 01:00:15,119

to me when you talk about that it's like

1623

01:00:21,349 --> 01:00:18,240

bravo for the scientists on one hand

1624

01:00:24,950 --> 01:00:21,359

on the other hand it's just so

1625

01:00:28,150 --> 01:00:24,960

impossibly corrupted and myoptic

1626
01:00:28,630 --> 01:00:28,160
and ridiculous that you know they're

1627
01:00:32,230 --> 01:00:28,640
just

1628
01:00:34,390 --> 01:00:32,240
looking they're looking in the dark

1629
01:00:36,230 --> 01:00:34,400
alley because there's a street lamp over

1630
01:00:38,150 --> 01:00:36,240
there and the keys are way

1631
01:00:39,910 --> 01:00:38,160
over in the field over here kind of

1632
01:00:42,950 --> 01:00:39,920
thing but that's okay

1633
01:00:45,589 --> 01:00:42,960
it's still somebody looking which is

1634
01:00:46,630 --> 01:00:45,599
more than we had before but any thoughts

1635
01:00:50,309 --> 01:00:46,640
for how

1636
01:00:51,829 --> 01:00:50,319
how pk does fit into the bigger picture

1637
01:00:53,670 --> 01:00:51,839
you know i think these are all very

1638
01:00:56,870 --> 01:00:53,680

personal journeys and

1639

01:01:00,789 --> 01:00:56,880

maybe maybe the scientist doesn't

1640

01:01:02,549 --> 01:01:00,799

need to see see the pk and maybe some do

1641

01:01:05,750 --> 01:01:02,559

and i think you see it if you need to

1642

01:01:07,270 --> 01:01:05,760

see it um i think it's just

1643

01:01:09,589 --> 01:01:07,280

there's a lot more to us than we

1644

01:01:11,190 --> 01:01:09,599

realized and that's

1645

01:01:13,270 --> 01:01:11,200

that's kind of what you got to keep

1646

01:01:14,710 --> 01:01:13,280

looking for and the fact that there's

1647

01:01:17,829 --> 01:01:14,720

these puzzles

1648

01:01:20,710 --> 01:01:17,839

i what do they call it a colon

1649

01:01:21,510 --> 01:01:20,720

you know where where the whole point of

1650

01:01:24,470 --> 01:01:21,520

the riddle

1651
01:01:25,430 --> 01:01:24,480
is just to keep you kind of keep you

1652
01:01:28,309 --> 01:01:25,440
thinking

1653
01:01:30,549 --> 01:01:28,319
keep you searching because maybe the

1654
01:01:33,270 --> 01:01:30,559
process is more important than

1655
01:01:35,190 --> 01:01:33,280
than you know where the the journey is

1656
01:01:38,309 --> 01:01:35,200
more important than the destination

1657
01:01:39,829 --> 01:01:38,319
kind of thing um

1658
01:01:41,910 --> 01:01:39,839
you know i used to take it really

1659
01:01:43,990 --> 01:01:41,920
personally the fact that so many of the

1660
01:01:45,750 --> 01:01:44,000
scientists i've worked with

1661
01:01:47,510 --> 01:01:45,760
kind of they see a good result and then

1662
01:01:49,030 --> 01:01:47,520
they back off and i don't hear from

1663
01:01:50,470 --> 01:01:49,040

them again and i used to take that

1664

01:01:51,990 --> 01:01:50,480

really personally now i just kind of

1665

01:01:55,589 --> 01:01:52,000

think well that's where they need to

1666

01:01:56,390 --> 01:01:55,599

be and you know if somebody comes up

1667

01:01:58,390 --> 01:01:56,400

with a good

1668

01:01:59,829 --> 01:01:58,400

proposal and it's interesting and i'd

1669

01:02:02,230 --> 01:01:59,839

like to work on it yeah

1670

01:02:03,589 --> 01:02:02,240

you know i'd i'd be up for that but if

1671

01:02:06,309 --> 01:02:03,599

not that's okay too

1672

01:02:07,670 --> 01:02:06,319

and you know we'll we'll see what

1673

01:02:10,069 --> 01:02:07,680

happens when it happens

1674

01:02:10,640 --> 01:02:10,079

i mean it's either that or i could maybe

1675

01:02:15,670 --> 01:02:10,650

start a cult

1676
01:02:23,029 --> 01:02:18,230
two options say you got two good options

1677
01:02:26,950 --> 01:02:24,870
well i mean that's kind of that's kind

1678
01:02:30,390 --> 01:02:26,960
of isn't that what you know in the years

1679
01:02:34,390 --> 01:02:30,400
often do i you know i i mean i was kind

1680
01:02:36,309 --> 01:02:34,400
of shocked by that part of the whole

1681
01:02:37,829 --> 01:02:36,319
the whole community that yeah culture

1682
01:02:40,470 --> 01:02:37,839
thing

1683
01:02:41,670 --> 01:02:40,480
yeah yeah yeah well tell you what it's

1684
01:02:44,710 --> 01:02:41,680
been absolutely

1685
01:02:46,950 --> 01:02:44,720
uh terrific i i really love

1686
01:02:48,230 --> 01:02:46,960
this and appreciate the conversation

1687
01:02:49,990 --> 01:02:48,240
we've had and i think we went to some

1688
01:02:52,710 --> 01:02:50,000

places that you know i don't hear people

1689

01:02:55,750 --> 01:02:52,720

talking too much about so it's really

1690

01:02:56,950 --> 01:02:55,760

really cool to have you on and i love

1691

01:02:58,549 --> 01:02:56,960

those

1692

01:03:00,549 --> 01:02:58,559

i love where we came to at the end i

1693

01:03:02,150 --> 01:03:00,559

think that's

1694

01:03:03,670 --> 01:03:02,160

you know what immediately strikes me as

1695

01:03:06,789 --> 01:03:03,680

how could it be any other way

1696

01:03:09,829 --> 01:03:06,799

than that

1697

01:03:11,349 --> 01:03:09,839

so awesome

1698

01:03:13,990 --> 01:03:11,359

just give it a month and you might

1699

01:03:18,309 --> 01:03:14,000

change your mind yet

1700

01:03:19,829 --> 01:03:18,319

probably a couple more episodes

1701

01:03:21,750 --> 01:03:19,839

thanks again to shirley black for

1702

01:03:24,789 --> 01:03:21,760

joining me today on skeptico

1703

01:03:25,270 --> 01:03:24,799

i guess the one question i'd have on

1704

01:03:28,950 --> 01:03:25,280

this

1705

01:03:33,589 --> 01:03:28,960

is what do you think are the limits

1706

01:03:36,950 --> 01:03:33,599

of pk and of course my standard

1707

01:03:41,029 --> 01:03:36,960

what does the reality of pk

1708

01:03:44,069 --> 01:03:41,039

say about the extended consciousness

1709

01:03:47,270 --> 01:03:44,079

realm ah nice little easy

1710

01:03:47,829 --> 01:03:47,280

questions let me know your thoughts on

1711

01:03:50,230 --> 01:03:47,839

that

1712

01:03:51,589 --> 01:03:50,240

and uh please stay with me lots of good

1713

01:03:54,309 --> 01:03:51,599

stuff coming

1714

01:03:55,029 --> 01:03:54,319

down the pike i hope you stick around

1715

01:03:57,270 --> 01:03:55,039

for it

1716

01:03:59,150 --> 01:03:57,280

but until next time take care and bye
