***THE PLACEBO
EFFECT IS
CONSCIOUSNESS***

FEATURING

GREG MOFFITT

1
00:00:03,350 --> 00:00:02,149
greg we just wrapped up our interview

2
00:00:04,470 --> 00:00:03,360
and i thought we had an awesome

3
00:00:07,590 --> 00:00:04,480
conversation

4
00:00:08,470 --> 00:00:07,600
i wanted to share it with the skeptical

5
00:00:10,070 --> 00:00:08,480
audience

6
00:00:11,749 --> 00:00:10,080
we did part one and we're gonna do a

7
00:00:12,709 --> 00:00:11,759
part two and i'd love to share both

8
00:00:14,789 --> 00:00:12,719
parts with them

9
00:00:16,070 --> 00:00:14,799
so as way of an introduction because we

10
00:00:18,630 --> 00:00:16,080
didn't really

11
00:00:20,310 --> 00:00:18,640
plan on completely doing it that way as

12
00:00:22,150 --> 00:00:20,320
kind of a swap cast kind of thing

13
00:00:23,509 --> 00:00:22,160

can you let people know a little bit

14

00:00:25,910 --> 00:00:23,519

more about you know

15

00:00:27,830 --> 00:00:25,920

who is greg moffitt your background and

16

00:00:29,669 --> 00:00:27,840

what you do

17

00:00:31,269 --> 00:00:29,679

just to keep it brief alex if people go

18

00:00:33,110 --> 00:00:31,279

to legalize dash

19

00:00:34,389 --> 00:00:33,120

freedom.com you can spell legalize with

20

00:00:36,470 --> 00:00:34,399

an s or a zed

00:00:38,630 --> 00:00:36,480

they'll find a bio there and that's

22

00:00:41,270 --> 00:00:38,640

where i host most of my

23

current work uh podcast i've been doing

24

00:00:45,270 --> 00:00:43,920

since 2012's over 300 shows there

25

00:00:47,270 --> 00:00:45,280

inquiry into life

26
00:00:48,709 --> 00:00:47,280
the universe and everything if people

27
00:00:49,670 --> 00:00:48,719
are familiar with skeptico i think

28
00:00:51,510 --> 00:00:49,680
they'll find a lot

29
00:00:53,590 --> 00:00:51,520
to interest them there there's also a

30
00:00:57,990 --> 00:00:53,600
series of free articles

31
00:00:59,830 --> 00:00:58,000
and um yeah so legalize freedom.com with

32

much for joining us today on

36
00:01:12,070 --> 00:01:09,280
legalizedfreedom.com

37
00:01:13,350 --> 00:01:12,080
great to be here greg alex today we're

38
00:01:15,990 --> 00:01:13,360

going to talk about

39

00:01:16,950 --> 00:01:16,000

um your new book is going to be out

40

00:01:19,510 --> 00:01:16,960

shortly

41

00:01:20,390 --> 00:01:19,520

um it's entitled why evil matters how

42

00:01:22,870 --> 00:01:20,400

science

43

00:01:24,550 --> 00:01:22,880

and religion fumbled a big one before we

44

00:01:26,469 --> 00:01:24,560

dive into that just tell listeners a bit

45

00:01:28,550 --> 00:01:26,479

about yourself you are of course

46

00:01:30,630 --> 00:01:28,560

host of skeptical podcast which many

47

00:01:32,069 --> 00:01:30,640

listeners will already be familiar with

48

00:01:34,469 --> 00:01:32,079

and just a little bit perhaps about how

49

00:01:39,030 --> 00:01:34,479

the book came about

50

00:01:40,789 --> 00:01:39,040

really as just a product of me doing

51

00:01:43,429 --> 00:01:40,799

these interviews on skeptico

52

00:01:44,550 --> 00:01:43,439

and the skeptical thing is always i've

53

00:01:46,789 --> 00:01:44,560

been doing it for a long time

54

00:01:48,389 --> 00:01:46,799

long long time and it was really just a

55

00:01:50,870 --> 00:01:48,399

passion project for me like i always

56

00:01:54,069 --> 00:01:50,880

tell people it was kind of my

57

00:01:57,429 --> 00:01:54,079

trojan horse for getting a chance

58

00:01:59,830 --> 00:01:57,439

to talk to really smart people like you

59

00:02:01,030 --> 00:01:59,840

and like other people and i and i sense

60

00:02:03,990 --> 00:02:01,040

that same

61

00:02:06,149 --> 00:02:04,000

you know vibe in your work too is that

62

00:02:08,630 --> 00:02:06,159

you want to have the conversations

63

00:02:10,150 --> 00:02:08,640

and you can frame them up however you

64

00:02:11,589 --> 00:02:10,160

want you know you want to call it a

65

00:02:13,350 --> 00:02:11,599

podcast you want to call it

66

00:02:15,830 --> 00:02:13,360

a book a magazine article whatever you

67

00:02:19,190 --> 00:02:15,840

know you want to have the conversation

68

00:02:21,990 --> 00:02:19,200

and same with me so

69

00:02:23,670 --> 00:02:22,000

that's how it came about and then in

70

00:02:24,949 --> 00:02:23,680

particular this book is really just an

71

00:02:30,390 --> 00:02:24,959

extension

72

00:02:34,070 --> 00:02:31,990

why science is wrong about almost

73

00:02:37,350 --> 00:02:34,080

everything um

74

00:02:40,790 --> 00:02:37,360

and it's re that's really a book about

75

00:02:44,390 --> 00:02:40,800

consciousness and how if you

76

00:02:46,869 --> 00:02:44,400

fall for the scientific materialism

77

00:02:47,670 --> 00:02:46,879

you are meaningless you are nothing kind

78

00:02:50,869 --> 00:02:47,680

of

79

00:02:52,110 --> 00:02:50,879

meme then that is not only you know

80

00:02:55,190 --> 00:02:52,120

crippling

81

00:02:58,630 --> 00:02:55,200

philosophically and personally

82

00:03:01,110 --> 00:02:58,640

but it doesn't make for good science so

83

00:03:01,670 --> 00:03:01,120

this latest book kind of says if you

84

00:03:04,229 --> 00:03:01,680

take that

85

00:03:06,070 --> 00:03:04,239

into the what i call extended

86

00:03:07,910 --> 00:03:06,080

consciousness realm

87

00:03:09,350 --> 00:03:07,920

of you know near-death experience

88

00:03:11,910 --> 00:03:09,360

out-of-body travel

89

00:03:13,750 --> 00:03:11,920

dmt however you want to go aliens

90

00:03:17,350 --> 00:03:13,760

wherever you want to go with that

91

00:03:19,830 --> 00:03:17,360

if you take that into the extended realm

92

00:03:22,390 --> 00:03:19,840

then you're even more lost if you want

93

00:03:24,550 --> 00:03:22,400

to stick to this

94

00:03:26,229 --> 00:03:24,560

you know hold on to this really really

95

00:03:30,710 --> 00:03:26,239

literal materialist

96

00:03:33,750 --> 00:03:30,720

stupid stupid falsified idea

97

00:03:34,070 --> 00:03:33,760

and then the evil thing is just that i

98

00:03:37,190 --> 00:03:34,080

think

99

00:03:37,589 --> 00:03:37,200

evil might be our lens you know our kind

100

00:03:41,190 --> 00:03:37,599

of

101
00:03:44,869 --> 00:03:41,200
our entry point into waking us

102
00:03:46,630 --> 00:03:44,879
up out of how ridiculous that is and the

103
00:03:50,149 --> 00:03:46,640
consequences of

104
00:03:54,390 --> 00:03:50,159
the materialistic you are meaningless

105
00:03:57,509 --> 00:03:54,400
idea well as you alluded to

106
00:03:59,830 --> 00:03:57,519
a lot of your inquiry and a lot of the

107
00:04:00,949 --> 00:03:59,840
material you produce podcast in

108
00:04:02,229 --> 00:04:00,959
particular

109
00:04:04,070 --> 00:04:02,239
you're looking at you and your guests

110
00:04:07,110 --> 00:04:04,080
are looking at

111
00:04:09,350 --> 00:04:07,120
the reality through the the these

112
00:04:11,910 --> 00:04:09,360
overlapping lenses shall we say

113
00:04:13,830 --> 00:04:11,920

science religion philosophy that many

114

00:04:15,110 --> 00:04:13,840

people for a long time and still today

115

00:04:17,990 --> 00:04:15,120

regard as completely

116

00:04:18,469 --> 00:04:18,000

separate and mutually exclusive in many

117

00:04:20,629 --> 00:04:18,479

ways

118

00:04:22,150 --> 00:04:20,639

and of course that's a feeling in itself

119

00:04:24,390 --> 00:04:22,160

because they're kind of like three

120

00:04:28,230 --> 00:04:24,400

prongs of the same fork really

121

00:04:28,950 --> 00:04:28,240

uh in my mind um but you've come up

122

00:04:31,350 --> 00:04:28,960

against

123

00:04:32,469 --> 00:04:31,360

this the question of evil multiple times

124

00:04:34,790 --> 00:04:32,479

as i have

125

00:04:36,070 --> 00:04:34,800

um call it what you will you know evil's

126

00:04:37,110 --> 00:04:36,080

a name for something

127

00:04:38,790 --> 00:04:37,120

you know because we tend to think in

128

00:04:39,350 --> 00:04:38,800

terms of language we have to name things

129

00:04:42,629 --> 00:04:39,360

and

130

00:04:43,350 --> 00:04:42,639

preconceptions about what they think it

131

00:04:45,189 --> 00:04:43,360

is or what they

132

00:04:47,510 --> 00:04:45,199

think it is not whether it exists or not

133

00:04:50,390 --> 00:04:47,520

based just on everything that

134

00:04:51,909 --> 00:04:50,400

they've gathered um in their mind in

135

00:04:54,710 --> 00:04:51,919

their consciousness about evil

136

00:04:56,390 --> 00:04:54,720

up to this point but you said that evil

137

00:04:58,390 --> 00:04:56,400

could be a lens

138

00:04:59,909 --> 00:04:58,400

uh there a moment ago and i think i

139

00:05:00,950 --> 00:04:59,919

understand what you mean it's something

140

00:05:04,390 --> 00:05:00,960

that

141

00:05:08,230 --> 00:05:04,400

when you look into it is

142

00:05:10,390 --> 00:05:08,240

it's almost the other areas of inquiry

143

00:05:12,230 --> 00:05:10,400

in the three disciplines i mentioned

144

00:05:16,550 --> 00:05:12,240

they all have their

145

00:05:19,510 --> 00:05:16,560

their their limits it seems and

146

00:05:19,990 --> 00:05:19,520

but the question of evil seems to be one

147

00:05:23,189 --> 00:05:20,000

of those

148

00:05:25,670 --> 00:05:23,199

issues that's pushing us further

149

00:05:27,029 --> 00:05:25,680

to look at some of the some of the

150

00:05:27,270 --> 00:05:27,039

matters some of these overlaps to look

151

00:05:29,189 --> 00:05:27,280

as

152

00:05:30,790 --> 00:05:29,199

the whole idea of extended cautions

153

00:05:33,749 --> 00:05:30,800

consciousness for example

154

00:05:35,430 --> 00:05:33,759

uh that you speak so much about that

155

00:05:38,230 --> 00:05:35,440

actually could be

156

00:05:39,510 --> 00:05:38,240

um it could be the key to unlock this

157

00:05:43,029 --> 00:05:39,520

particular

158

00:05:44,150 --> 00:05:43,039

um mystery in itself and it's almost

159

00:05:45,749 --> 00:05:44,160

like

160

00:05:47,189 --> 00:05:45,759

these issues come along to prompt us

161

00:05:49,189 --> 00:05:47,199

it's almost like we're being prodded and

162

00:05:52,070 --> 00:05:49,199

pushed i've thought this many times

163

00:05:53,189 --> 00:05:52,080

to to understand more to keep going with

164

00:05:54,790 --> 00:05:53,199

our inquiry

165

00:05:56,950 --> 00:05:54,800

and when we're not looking in the right

166

00:05:58,710 --> 00:05:56,960

place that we get almost like a

167

00:06:00,390 --> 00:05:58,720

a school child getting a wrap over the

168

00:06:02,550 --> 00:06:00,400

knuckles you know with a ruler

169

00:06:04,469 --> 00:06:02,560

by a stern teacher you know like or

170

00:06:06,070 --> 00:06:04,479

maybe a torch is being shown in another

171

00:06:07,029 --> 00:06:06,080

corner and we're being enjoying to look

172

00:06:08,390 --> 00:06:07,039

over here

173

00:06:11,510 --> 00:06:08,400

so that's what i thought of when you

174

00:06:14,070 --> 00:06:11,520

said evil could be a lens

175

00:06:16,150 --> 00:06:14,080

yeah and i'd take that even further

176

00:06:18,469 --> 00:06:16,160

because i really like

177

00:06:20,070 --> 00:06:18,479

your point and your analogy about

178

00:06:21,189 --> 00:06:20,080

overlapping lenses

179

00:06:22,550 --> 00:06:21,199

and you know there's a really

180

00:06:24,390 --> 00:06:22,560

interesting point that you made there

181

00:06:27,430 --> 00:06:24,400

about we have the

182

00:06:29,189 --> 00:06:27,440

the trident of uh science religion and

183

00:06:32,230 --> 00:06:29,199

philosophy you know

184

00:06:34,309 --> 00:06:32,240

and you pointed out how hey how curious

185

00:06:37,029 --> 00:06:34,319

that is that they

186

00:06:38,309 --> 00:06:37,039

they want to stay separate and boy i

187

00:06:41,590 --> 00:06:38,319

mean that has been one of

188

00:06:45,189 --> 00:06:41,600

i guess my fundamental realizations

189

00:06:48,629 --> 00:06:45,199

findings in all this stuff is that

190

00:06:49,830 --> 00:06:48,639

that's preposterous and it's hard to

191

00:06:52,790 --> 00:06:49,840

believe that that

192

00:06:54,070 --> 00:06:52,800

isn't somewhat by design i mean there

193

00:06:55,909 --> 00:06:54,080

are only two questions

194

00:06:57,110 --> 00:06:55,919

who are we why are we here those are the

195

00:06:58,550 --> 00:06:57,120

only questions

196

00:07:00,469 --> 00:06:58,560

think about it in all three of those

197

00:07:01,350 --> 00:07:00,479

realms science who are we why are we

198

00:07:05,029 --> 00:07:01,360

here

199

00:07:07,430 --> 00:07:05,039

religion who are we

200

00:07:08,790 --> 00:07:07,440

why are we here why would you want to

201
00:07:09,749 --> 00:07:08,800
separate those why would you want to

202
00:07:12,390 --> 00:07:09,759
pretend this

203
00:07:13,350 --> 00:07:12,400
game you know when you get into religion

204
00:07:15,990 --> 00:07:13,360
that

205
00:07:16,870 --> 00:07:16,000
it's is it fundamentally intertwined

206
00:07:20,550 --> 00:07:16,880
with those

207
00:07:22,230 --> 00:07:20,560
science you know pulled themselves out

208
00:07:23,909 --> 00:07:22,240
and said hey we're going to rescue you

209
00:07:25,430 --> 00:07:23,919
from that crazy religion and all the

210
00:07:27,189 --> 00:07:25,440
rest that

211
00:07:28,469 --> 00:07:27,199
but the interesting thing about

212
00:07:29,270 --> 00:07:28,479
consciousness and the reason that you

213
00:07:31,189 --> 00:07:29,280

and i are both

214

00:07:32,790 --> 00:07:31,199

so interested in doing do a lot of shows

215

00:07:35,990 --> 00:07:32,800

on it and like your interview

216

00:07:37,510 --> 00:07:36,000

recently with bernardo castro his

217

00:07:40,710 --> 00:07:37,520

consciousness

218

00:07:43,350 --> 00:07:40,720

as you said is the wrap on the knuckles

219

00:07:45,350 --> 00:07:43,360

that pulls us back in and says wait a

220

00:07:47,189 --> 00:07:45,360

minute now

221

00:07:49,350 --> 00:07:47,199

everything you're kind of making here

222

00:07:52,790 --> 00:07:49,360

has some assumptions on it

223

00:07:54,869 --> 00:07:52,800

and ever since you left that old

224

00:07:56,230 --> 00:07:54,879

double slit experiment which i always

225

00:07:58,790 --> 00:07:56,240

like to tell people because like this is

226

00:08:01,029 --> 00:07:58,800

like such a great little entry point

227

00:08:02,869 --> 00:08:01,039

into some of this stuff double slit

228

00:08:04,469 --> 00:08:02,879

experiment double slit experiment we all

229

00:08:06,950 --> 00:08:04,479

know it

230

00:08:08,629 --> 00:08:06,960

you can stop calling it a double slit

231

00:08:11,270 --> 00:08:08,639

experiment

232

00:08:13,430 --> 00:08:11,280

the framing up of that as some type of a

233

00:08:16,869 --> 00:08:13,440

photon measurement experiment

234

00:08:19,670 --> 00:08:16,879

it's not it's a consciousness

235

00:08:21,589 --> 00:08:19,680

experiment that's what it is it's an

236

00:08:24,869 --> 00:08:21,599

experiment that says

237

00:08:25,270 --> 00:08:24,879

does consciousness exist is there such a

238

00:08:27,589 --> 00:08:25,280

thing

239

00:08:28,950 --> 00:08:27,599

as an observer effect that we have to

240

00:08:31,749 --> 00:08:28,960

worry about

241

00:08:33,029 --> 00:08:31,759

and the answer is yes that is the wrap

242

00:08:37,269 --> 00:08:33,039

on the knuckles

243

00:08:40,310 --> 00:08:37,279

of science but what science had to do

244

00:08:42,389 --> 00:08:40,320

really to pretend they're to defend

245

00:08:43,509 --> 00:08:42,399

their turf and also maybe for some other

246

00:08:44,870 --> 00:08:43,519

reasons

247

00:08:46,870 --> 00:08:44,880

was they had to do the shut up and

248

00:08:48,310 --> 00:08:46,880

calculate thing

249

00:08:50,230 --> 00:08:48,320

they'll say well no no that's not real

250

00:08:52,150 --> 00:08:50,240

what it's about look come on let's just

251
00:08:53,990 --> 00:08:52,160
kind of work out these equations over

252
00:08:57,670 --> 00:08:54,000
here and see if we can build some

253
00:08:59,670 --> 00:08:57,680
iphones and stuff like that so

254
00:09:01,110 --> 00:08:59,680
that's that's kind of that that's that's

255
00:09:02,949 --> 00:09:01,120
where i'd go with your overlapping

256
00:09:05,430 --> 00:09:02,959
lenses which i think is

257
00:09:07,670 --> 00:09:05,440
a much bigger point than uh you know we

258
00:09:10,310 --> 00:09:07,680
could spend an hour talking about that

259
00:09:11,670 --> 00:09:10,320
well it's like the placebo effect uh we

260
00:09:13,030 --> 00:09:11,680
i'm reminded of that when you mentioned

261
00:09:14,630 --> 00:09:13,040
the double slit experiment it's like

262
00:09:16,150 --> 00:09:14,640
it's been given a name

263
00:09:18,389 --> 00:09:16,160

and therefore in science quite often

264

00:09:20,870 --> 00:09:18,399

does this even when

265

00:09:22,070 --> 00:09:20,880

it doesn't understand something it names

266

00:09:24,870 --> 00:09:22,080

it like dark

267

00:09:26,230 --> 00:09:24,880

matter dark energy okay we didn't know

268

00:09:28,230 --> 00:09:26,240

what all that stuff was

269

00:09:29,590 --> 00:09:28,240

it's dark matter well that doesn't mean

270

00:09:30,630 --> 00:09:29,600

that you know what it is you just call

271

00:09:32,630 --> 00:09:30,640

it something

272

00:09:34,470 --> 00:09:32,640

so the placebo effect is this is an

273

00:09:37,110 --> 00:09:34,480

amazing thing with incredible

274

00:09:39,750 --> 00:09:37,120

implications basically mind over body

275

00:09:41,110 --> 00:09:39,760

implications like the double slit

276

00:09:42,470 --> 00:09:41,120

experiment which by the way if listeners

277

00:09:43,269 --> 00:09:42,480

are not sure what that is it's a famous

278

00:09:44,550 --> 00:09:43,279

experiment

279

00:09:46,470 --> 00:09:44,560

in quantum physics which has been

280

00:09:48,790 --> 00:09:46,480

repeated again and again and again

281

00:09:50,870 --> 00:09:48,800

and tweaked and varied and the

282

00:09:53,350 --> 00:09:50,880

implications are vast

283

00:09:54,790 --> 00:09:53,360

but it's with quantum physics in general

284

00:09:57,110 --> 00:09:54,800

it's always been

285

00:09:58,150 --> 00:09:57,120

not always it has increasingly been

286

00:10:00,150 --> 00:09:58,160

changing but

287

00:10:01,430 --> 00:10:00,160

often it's not you know mainstream

288

00:10:03,509 --> 00:10:01,440

interpretations have been that

289

00:10:05,509 --> 00:10:03,519

well there are no implications and if

290

00:10:07,430 --> 00:10:05,519

there are it's purely in the realms of

291

00:10:09,030 --> 00:10:07,440

shut up and calculate as you say

292

00:10:11,110 --> 00:10:09,040

and for me the shut up and calculate

293

00:10:14,949 --> 00:10:11,120

thing is like

294

00:10:17,430 --> 00:10:14,959

would be i don't know like just chopping

295

00:10:18,230 --> 00:10:17,440

vegetables in a kitchen and never making

296

00:10:19,910 --> 00:10:18,240

any stew

297

00:10:21,190 --> 00:10:19,920

it's like just keep chopping vegetables

298

00:10:22,790 --> 00:10:21,200

but when are we gonna when we're gonna

299

00:10:24,870 --> 00:10:22,800

have something to show for this you know

300

00:10:27,590 --> 00:10:24,880

what are we doing this for

301
00:10:29,509 --> 00:10:27,600
and uh and of course they one of the

302
00:10:31,829 --> 00:10:29,519
reasons that a lot of people

303
00:10:33,829 --> 00:10:31,839
um well if they're satisfied with that

304
00:10:35,350 --> 00:10:33,839
is because of the byproducts of a lot of

305
00:10:36,389 --> 00:10:35,360
scientific inquiry you mentioned the

306
00:10:38,069 --> 00:10:36,399
iphones

307
00:10:39,350 --> 00:10:38,079
and just think since the scientific

308
00:10:40,710 --> 00:10:39,360
revolution and then the industrial

309
00:10:41,190 --> 00:10:40,720
revolution which was able to put a lot

310
00:10:43,030 --> 00:10:41,200
of that

311
00:10:44,389 --> 00:10:43,040
into practice on a wider scale just

312
00:10:47,190 --> 00:10:44,399
think of all the benefits you know

313
00:10:50,870 --> 00:10:47,200

material benefits for people's lives

314

00:10:53,670 --> 00:10:50,880

and you know health and welfare material

315

00:10:55,030 --> 00:10:53,680

benefits uh just our general standard of

316

00:10:56,230 --> 00:10:55,040

living has changed so much because of

317

00:10:57,750 --> 00:10:56,240

the benefits of science and

318

00:10:59,910 --> 00:10:57,760

industrialization

319

00:11:01,430 --> 00:10:59,920

but you mentioned the trident that was

320

00:11:04,710 --> 00:11:01,440

your your three is which i like because

321

00:11:06,230 --> 00:11:04,720

with like any trident you go back down

322

00:11:09,509 --> 00:11:06,240

the prongs and you get to the

323

00:11:11,269 --> 00:11:09,519

the handle which is one it's the three

324

00:11:12,230 --> 00:11:11,279

you know it's all one piece of metal if

325

00:11:13,590 --> 00:11:12,240

you know what i mean or whatever it's

326

00:11:17,590 --> 00:11:13,600

made of

327

00:11:21,190 --> 00:11:17,600

and um i think that the

328

00:11:24,150 --> 00:11:21,200

um the the the thing that you said about

329

00:11:24,630 --> 00:11:24,160

science rescuing us you know from this

330

00:11:27,990 --> 00:11:24,640

sort of

331

00:11:29,350 --> 00:11:28,000

religious you know paul of ignorance

332

00:11:30,790 --> 00:11:29,360

that is it's all been like about the

333

00:11:31,829 --> 00:11:30,800

pendulum swing i've made this analogy

334

00:11:34,870 --> 00:11:31,839

before

335

00:11:36,710 --> 00:11:34,880

is that it was a relief to be able to to

336

00:11:37,750 --> 00:11:36,720

have the scientific revolution the

337

00:11:39,430 --> 00:11:37,760

renaissance

338

00:11:41,509 --> 00:11:39,440

just to free up people's thinking and

339

00:11:44,710 --> 00:11:41,519

their consciousness and their lives

340

00:11:47,990 --> 00:11:44,720

from the sort of the drudgery of living

341

00:11:50,710 --> 00:11:48,000

under you know religious oppression

342

00:11:51,910 --> 00:11:50,720

but then we have a tendency i think as

343

00:11:55,110 --> 00:11:51,920

as a species

344

00:11:57,829 --> 00:11:55,120

to ritualistic behavior and

345

00:11:58,310 --> 00:11:57,839

and routine and and ways of seeing the

346

00:12:01,430 --> 00:11:58,320

world

347

00:12:02,230 --> 00:12:01,440

and going too far you know with one

348

00:12:03,990 --> 00:12:02,240

thing

349

00:12:05,269 --> 00:12:04,000

um the whole idea of the renaissance man

350

00:12:06,710 --> 00:12:05,279

was supposed to be you know scientists

351

00:12:08,790 --> 00:12:06,720

philosopher

352

00:12:10,949 --> 00:12:08,800

uh you know spiritual dimension as well

353

00:12:12,870 --> 00:12:10,959

but i think that kind of got lost so now

354

00:12:15,430 --> 00:12:12,880

we've been living in a scientific agent

355

00:12:17,590 --> 00:12:15,440

it's been all about that and anything to

356

00:12:19,670 --> 00:12:17,600

do with spirituality at best is seen as

357

00:12:21,829 --> 00:12:19,680

a very private matter

358

00:12:24,550 --> 00:12:21,839

um religions are just seen as like

359

00:12:28,069 --> 00:12:24,560

either just irrelevant or actually

360

00:12:30,150 --> 00:12:28,079

a source of ongoing problems and so when

361

00:12:34,230 --> 00:12:30,160

you perhaps try to

362

00:12:36,310 --> 00:12:34,240

to bring together some of these um

363

00:12:38,949 --> 00:12:36,320

disciplines then people are very

364

00:12:41,269 --> 00:12:38,959

resistant because you try and bring

365

00:12:42,710 --> 00:12:41,279

a spiritual dimension or some other word

366

00:12:44,710 --> 00:12:42,720

let's just say extended consciousness

367

00:12:46,550 --> 00:12:44,720

dimension into science

368

00:12:48,150 --> 00:12:46,560

people are worried about god getting in

369

00:12:48,550 --> 00:12:48,160

again by the back door oh hang on a

370

00:12:49,910 --> 00:12:48,560

minute

371

00:12:52,069 --> 00:12:49,920

this sounds a bit too religious for my

372

00:12:53,670 --> 00:12:52,079

liking i don't like it you know you know

373

00:12:54,790 --> 00:12:53,680

the universe popping out of nowhere from

374

00:12:57,030 --> 00:12:54,800

nothing and uh

375

00:12:59,030 --> 00:12:57,040

no i don't like the sound of this at all

376

00:13:01,190 --> 00:12:59,040

sounds like i used to hear in the

377

00:13:03,430 --> 00:13:01,200

in church when i was a kid with

378

00:13:06,150 --> 00:13:03,440

philosophy which is regarded as like

379

00:13:07,350 --> 00:13:06,160

um a pleasant sort of irrelevance you

380

00:13:09,269 --> 00:13:07,360

know if somebody says oh i'm a

381

00:13:11,110 --> 00:13:09,279

philosophy professor it's like oh that's

382

00:13:13,430 --> 00:13:11,120

nice you know uh why don't you try

383

00:13:14,790 --> 00:13:13,440

earning a living you know what i mean

384

00:13:16,790 --> 00:13:14,800

i've met people with that with that sort

385

00:13:20,710 --> 00:13:16,800

of attitude

386

00:13:21,190 --> 00:13:20,720

um well there was like there's like 10

387

00:13:23,670 --> 00:13:21,200

points

388

00:13:25,990 --> 00:13:23,680

i'd like to jump on but i gotta go back

389

00:13:28,069 --> 00:13:26,000

to all the way at the beginning because

390

00:13:31,030 --> 00:13:28,079

greg your point about placebo effect is

391

00:13:32,949 --> 00:13:31,040

so i i think profound

392

00:13:34,629 --> 00:13:32,959

i know for so many people and so many

393

00:13:36,550 --> 00:13:34,639

people that listen to my show

394

00:13:37,670 --> 00:13:36,560

and i'm sure yours too they get it on

395

00:13:39,990 --> 00:13:37,680

one level

396

00:13:41,269 --> 00:13:40,000

but i really think what you're saying is

397

00:13:45,269 --> 00:13:41,279

much much more

398

00:13:48,230 --> 00:13:45,279

powerful in practice than we realize

399

00:13:49,430 --> 00:13:48,240

the placebo effect just take notice for

400

00:13:51,509 --> 00:13:49,440

how it's used

401
00:13:53,030 --> 00:13:51,519
i'm just repeating exactly what you said

402
00:13:55,110 --> 00:13:53,040
it's like oh

403
00:13:56,870 --> 00:13:55,120
well the results didn't achieve anything

404
00:13:58,629 --> 00:13:56,880
greater than placebo effect

405
00:14:00,310 --> 00:13:58,639
or you know what we're finding in

406
00:14:02,470 --> 00:14:00,320
science now is there's a

407
00:14:05,269 --> 00:14:02,480
degradation towards the level of the

408
00:14:07,350 --> 00:14:05,279
placebo effect right

409
00:14:09,590 --> 00:14:07,360
so we're signing we're finding these

410
00:14:12,710 --> 00:14:09,600
major medical studies that

411
00:14:14,550 --> 00:14:12,720
show some miracle drug to be efficacious

412
00:14:16,949 --> 00:14:14,560
but the more we test it and the more we

413
00:14:20,389 --> 00:14:16,959

repeat the test it becomes

414

00:14:21,670 --> 00:14:20,399

closer and closer to a level of the

415

00:14:24,150 --> 00:14:21,680

placebo effect

416

00:14:25,350 --> 00:14:24,160

but your the brilliant point you make is

417

00:14:28,310 --> 00:14:25,360

that the whole

418

00:14:29,990 --> 00:14:28,320

game is the placebo effect what's

419

00:14:34,230 --> 00:14:30,000

staring us in the face

420

00:14:36,870 --> 00:14:34,240

is that we've totally uh misunderstood

421

00:14:38,790 --> 00:14:36,880

the relationship between mind and body

422

00:14:41,750 --> 00:14:38,800

which is really a relationship between

423

00:14:42,470 --> 00:14:41,760

consciousness and body right mind is

424

00:14:44,629 --> 00:14:42,480

consciousness

425

00:14:45,670 --> 00:14:44,639

because what they will tell you what is

426

00:14:48,629 --> 00:14:45,680

embedded in that

427

00:14:50,550 --> 00:14:48,639

even when they say mind is body with the

428

00:14:53,829 --> 00:14:50,560

fastball that they're trying to slip

429

00:14:56,030 --> 00:14:53,839

past you is that yeah it's your mind

430

00:14:57,590 --> 00:14:56,040

but that's still within the

431

00:15:02,389 --> 00:14:57,600

materialistic

432

00:15:06,230 --> 00:15:02,399

scientific framework of your brain

433

00:15:08,710 --> 00:15:06,240

but their own if you unravel

434

00:15:09,829 --> 00:15:08,720

logically philosophically let's just go

435

00:15:12,870 --> 00:15:09,839

with logically

436

00:15:15,509 --> 00:15:12,880

the placebo effect what they're doing

437

00:15:17,189 --> 00:15:15,519

is they're contra they're contradicting

438

00:15:19,430 --> 00:15:17,199

the mind equals brain

439

00:15:21,189 --> 00:15:19,440

you are 100 a product of your brain

440

00:15:21,990 --> 00:15:21,199

you're a biological robot meaningless

441

00:15:26,470 --> 00:15:22,000

universe

442

00:15:29,749 --> 00:15:26,480

it is an implied contradiction of that

443

00:15:31,350 --> 00:15:29,759

by using the term placebo effect but you

444

00:15:34,870 --> 00:15:31,360

are so right that

445

00:15:38,069 --> 00:15:34,880

once you label it it allows you to

446

00:15:39,749 --> 00:15:38,079

dismiss it step over it say don't you

447

00:15:41,670 --> 00:15:39,759

really just want this new iphone

448

00:15:42,949 --> 00:15:41,680

let's forget about who you are and why

449

00:15:44,470 --> 00:15:42,959

you're here for a minute

450

00:15:46,310 --> 00:15:44,480

don't you really just want another

451
00:15:48,230 --> 00:15:46,320
netflix streaming i'll

452
00:15:50,550 --> 00:15:48,240
up your bandwidth we'll get you more

453
00:15:54,069 --> 00:15:50,560
bandwidth you can go faster

454
00:15:55,430 --> 00:15:54,079
so no i i know if you have any more

455
00:15:57,509 --> 00:15:55,440
on that because i think it's such a

456
00:16:00,150 --> 00:15:57,519
powerful such a powerful point

457
00:16:01,430 --> 00:16:00,160
and it it does lead to this larger you

458
00:16:03,430 --> 00:16:01,440
know i don't want to dance around this

459
00:16:06,470 --> 00:16:03,440
because what i'm saying is that there

460
00:16:07,030 --> 00:16:06,480
is an underlying conspiracy and a lot of

461
00:16:08,550 --> 00:16:07,040
people

462
00:16:10,389 --> 00:16:08,560
don't like that term and they

463
00:16:12,230 --> 00:16:10,399

immediately get turned off you know i'm

464

00:16:15,269 --> 00:16:12,240

like oh my god here we go you know

465

00:16:17,670 --> 00:16:15,279

but it's like that is the

466

00:16:18,310 --> 00:16:17,680

that is the implication of this is that

467

00:16:21,670 --> 00:16:18,320

this isn't

468

00:16:25,629 --> 00:16:21,680

completely organic this languaging

469

00:16:26,790 --> 00:16:25,639

this messaging this misstepping

470

00:16:29,990 --> 00:16:26,800

misinformation

471

00:16:31,430 --> 00:16:30,000

oops always scientifically bungled it

472

00:16:34,949 --> 00:16:31,440

again

473

00:16:36,150 --> 00:16:34,959

that after a while it doesn't look like

474

00:16:39,910 --> 00:16:36,160

an accident

475

00:16:43,590 --> 00:16:39,920

and i think part of our you know our job

476

00:16:45,829 --> 00:16:43,600

you and i what we're doing is to

477

00:16:47,430 --> 00:16:45,839

probe that and try and pull that apart

478

00:16:48,310 --> 00:16:47,440

because sometimes it is an accident and

479

00:16:50,790 --> 00:16:48,320

sometimes

480

00:16:53,189 --> 00:16:50,800

you know scientists make mistakes

481

00:16:56,870 --> 00:16:53,199

sometimes philosophers make mistakes

482

00:16:59,910 --> 00:16:56,880

but sometimes there's another

483

00:17:02,069 --> 00:16:59,920

agenda that behind some of this stuff

484

00:17:03,749 --> 00:17:02,079

and we have to make sure that that we're

485

00:17:05,189 --> 00:17:03,759

exploring those possibilities

486

00:17:07,110 --> 00:17:05,199

because we've been taken down those

487

00:17:08,789 --> 00:17:07,120

paths so many times

488

00:17:11,189 --> 00:17:08,799

yes we definitely should explore some of

489

00:17:12,789 --> 00:17:11,199

those possibilities maybe you can

490

00:17:14,309 --> 00:17:12,799

start us off with that in a moment and

491

00:17:16,230 --> 00:17:14,319

that will take us

492

00:17:17,350 --> 00:17:16,240

um if you want to certainly into some of

493

00:17:19,510 --> 00:17:17,360

the material

494

00:17:21,429 --> 00:17:19,520

in your book that we mentioned but i did

495

00:17:23,189 --> 00:17:21,439

spend quite a long time

496

00:17:24,549 --> 00:17:23,199

i started reading about quantum

497

00:17:26,549 --> 00:17:24,559

implications

498

00:17:28,470 --> 00:17:26,559

back in the 1980s and i spent quite a

499

00:17:29,190 --> 00:17:28,480

few decades wondering what the major

500

00:17:32,630 --> 00:17:29,200

resistance

501
00:17:34,390 --> 00:17:32,640
was to if not acceptance of some of

502
00:17:35,830 --> 00:17:34,400
these implications but at least explore

503
00:17:37,669 --> 00:17:35,840
them at least look at it again i mean

504
00:17:40,230 --> 00:17:37,679
this right across the board

505
00:17:41,909 --> 00:17:40,240
from scientists engaged in this work

506
00:17:42,950 --> 00:17:41,919
through to lay people reading popular

507
00:17:45,190 --> 00:17:42,960
science books and

508
00:17:46,470 --> 00:17:45,200
initially as i mentioned it was maybe

509
00:17:48,470 --> 00:17:46,480
they're worried that it's some

510
00:17:49,830 --> 00:17:48,480
kind of religious connotations in all of

511
00:17:51,270 --> 00:17:49,840
this if we go down this route and

512
00:17:53,750 --> 00:17:51,280
explore these things

513
00:17:55,909 --> 00:17:53,760

then we're going to have um church

514

00:17:57,830 --> 00:17:55,919

people saying aha i told you so

515

00:17:59,750 --> 00:17:57,840

or whatever it happens to be though the

516

00:18:00,950 --> 00:17:59,760

consciousness is the mind of god

517

00:18:02,710 --> 00:18:00,960

but then i started to look for other

518

00:18:04,470 --> 00:18:02,720

reasons and i think oh well obviously

519

00:18:06,470 --> 00:18:04,480

some scientists are worried about loss

520

00:18:06,950 --> 00:18:06,480

of loss of prestige they built their

521

00:18:10,150 --> 00:18:06,960

whole

522

00:18:12,150 --> 00:18:10,160

careers around a certain world view

523

00:18:13,590 --> 00:18:12,160

maybe they made some did some pioneering

524

00:18:15,430 --> 00:18:13,600

research and that made it

525

00:18:16,630 --> 00:18:15,440

won a nobel prize and they just have to

526

00:18:18,070 --> 00:18:16,640

stick to this

527

00:18:20,710 --> 00:18:18,080

and that reminds me of the old adage

528

00:18:21,909 --> 00:18:20,720

about science progressing one funeral at

529

00:18:24,230 --> 00:18:21,919

a time but

530

00:18:25,510 --> 00:18:24,240

increasingly and i think this is what we

531

00:18:27,270 --> 00:18:25,520

definitely have in common

532

00:18:28,470 --> 00:18:27,280

i've started to think it must be more

533

00:18:29,990 --> 00:18:28,480

than that it can't be that

534

00:18:32,549 --> 00:18:30,000

straightforward

535

00:18:34,070 --> 00:18:32,559

um so perhaps you'd like to the point

536

00:18:34,870 --> 00:18:34,080

you made just before i started speaking

537

00:18:38,150 --> 00:18:34,880

maybe you could

538

00:18:41,190 --> 00:18:38,160

get started on some of your ideas there

539

00:18:44,470 --> 00:18:41,200

well one way to explore that topic

540

00:18:47,430 --> 00:18:44,480

is to look at three

541

00:18:49,430 --> 00:18:47,440

interviews that you've done recently and

542

00:18:50,630 --> 00:18:49,440

kind of dive into those a little bit for

543

00:18:53,510 --> 00:18:50,640

a little bit more because there's some

544

00:18:56,390 --> 00:18:53,520

great crossover between

545

00:18:57,110 --> 00:18:56,400

your work and mine and i think we'll

546

00:19:00,230 --> 00:18:57,120

wind up

547

00:19:02,230 --> 00:19:00,240

in the same place like first off i

548

00:19:03,430 --> 00:19:02,240

i i have just a ton of respect for

549

00:19:04,870 --> 00:19:03,440

bernardo castro

550

00:19:07,270 --> 00:19:04,880

i can't tell you how many times he's

551
00:19:07,750 --> 00:19:07,280
been on my show he's a super popular

552
00:19:09,430 --> 00:19:07,760
guest

553
00:19:12,150 --> 00:19:09,440
i consider him a friend i've met him

554
00:19:14,150 --> 00:19:12,160
personally he's a great guy

555
00:19:16,470 --> 00:19:14,160
go to his website right now and read his

556
00:19:19,990 --> 00:19:16,480
open birthday letter

557
00:19:20,310 --> 00:19:20,000
to bill gates congratulating bill gates

558
00:19:24,390 --> 00:19:20,320
on

559
00:19:27,909 --> 00:19:24,400
thing bill you've been a great

560
00:19:29,750 --> 00:19:27,919
a great gift to mankind the one thing i

561
00:19:32,470 --> 00:19:29,760
wish you'd look at

562
00:19:34,630 --> 00:19:32,480
nuclear power a little bit because i

563
00:19:36,710 --> 00:19:34,640

think we can get some good clean nuclear

564

00:19:41,510 --> 00:19:36,720

power and i think it can help

565

00:19:44,789 --> 00:19:41,520

our overall environmental situation

566

00:19:47,510 --> 00:19:44,799

bernardo bernardo

567

00:19:48,950 --> 00:19:47,520

where have you been buddy have you kind

568

00:19:51,990 --> 00:19:48,960

of looked into

569

00:19:55,430 --> 00:19:52,000

gatesy there in the corona thing and

570

00:19:56,549 --> 00:19:55,440

moderna and his all sorts of his other

571

00:19:58,390 --> 00:19:56,559

shady connections

572

00:20:00,630 --> 00:19:58,400

have you looked into his connections

573

00:20:01,190 --> 00:20:00,640

with epstein and the brownstoning

574

00:20:04,950 --> 00:20:01,200

project

575

00:20:07,430 --> 00:20:04,960

in his long time interest in that

576

00:20:08,789 --> 00:20:07,440

that goes that there's a lot of smoking

577

00:20:12,070 --> 00:20:08,799

gun stuff there

578

00:20:13,190 --> 00:20:12,080

so bernardo is super smart super

579

00:20:16,630 --> 00:20:13,200

intelligent

580

00:20:18,390 --> 00:20:16,640

but he's not a conspiratorial guy

581

00:20:20,149 --> 00:20:18,400

which on one hand we want to give

582

00:20:21,669 --> 00:20:20,159

somebody a badge for that and say oh

583

00:20:23,750 --> 00:20:21,679

gosh you get a shiny badge because

584

00:20:25,669 --> 00:20:23,760

you're not conspiratorial

585

00:20:27,350 --> 00:20:25,679

i'll look at it the other way i'll look

586

00:20:30,789 --> 00:20:27,360

at it and say

587

00:20:34,789 --> 00:20:30,799

if you're closing yourself off to that

588

00:20:36,470 --> 00:20:34,799

world view and driving diving deeply

589

00:20:41,270 --> 00:20:36,480

into that worldview

590

00:20:43,830 --> 00:20:41,280

then you're really going to be missing

591

00:20:44,310 --> 00:20:43,840

the picture in a lot of these situations

592

00:20:47,990 --> 00:20:44,320

not in

593

00:20:51,510 --> 00:20:48,000

all of them bernardo's work is still his

594

00:20:54,630 --> 00:20:51,520

phenomenally powerful work but he

595

00:20:56,390 --> 00:20:54,640

is going to be blindsided by people who

596

00:20:59,029 --> 00:20:56,400

are rigging the game

597

00:21:01,110 --> 00:20:59,039

and he doesn't realize it bill gates is

598

00:21:02,630 --> 00:21:01,120

a classic example

599

00:21:04,870 --> 00:21:02,640

but i'll give you two more and then i'll

600

00:21:07,510 --> 00:21:04,880

i'll kind of let you respond

601
00:21:09,669 --> 00:21:07,520
you did a show kind of a one-off

602
00:21:12,950 --> 00:21:09,679
one-person show

603
00:21:14,630 --> 00:21:12,960
on david ike and

604
00:21:16,230 --> 00:21:14,640
i thought there were so many interesting

605
00:21:19,510 --> 00:21:16,240
jumping off points for

606
00:21:19,750 --> 00:21:19,520
our dialogue here on that craig because

607
00:21:50,070 --> 00:21:19,760
i

608
00:21:52,070 --> 00:21:50,080
now let me tell you what he wrote on

609
00:21:53,510 --> 00:21:52,080
the relationship between consciousness

610
00:21:56,310 --> 00:21:53,520
and science

611
00:21:57,270 --> 00:21:56,320
it's brilliant it's the most succinct

612
00:22:00,950 --> 00:21:57,280
clear

613
00:22:04,950 --> 00:22:00,960

and a crisply written

614

00:22:07,430 --> 00:22:04,960

attack on how science as part of a

615

00:22:11,270 --> 00:22:07,440

social engineering control

616

00:22:13,909 --> 00:22:11,280

ex psyop would be against

617

00:22:14,950 --> 00:22:13,919

any kind of extended consciousness

618

00:22:16,950 --> 00:22:14,960

understanding

619

00:22:18,070 --> 00:22:16,960

right so you can go read that in the

620

00:22:21,750 --> 00:22:18,080

interview we did it's

621

00:22:22,630 --> 00:22:21,760

it's brilliant go read david ike this is

622

00:22:25,510 --> 00:22:22,640

like basic

623

00:22:27,590 --> 00:22:25,520

[h__h] but how many times have you sat

624

00:22:28,950 --> 00:22:27,600

through mind-numbing discussions where

625

00:22:31,990 --> 00:22:28,960

people don't do it

626

00:22:35,029 --> 00:22:32,000

that is david ike talking about god

627

00:22:35,430 --> 00:22:35,039

the god that what does he call it the

628

00:22:40,310 --> 00:22:35,440

god

629

00:22:42,870 --> 00:22:40,320

he said look it's all the same it's

630

00:22:44,630 --> 00:22:42,880

it's go to a christian and he says oh

631

00:22:46,149 --> 00:22:44,640

yeah i'll tell you about god i know all

632

00:22:48,630 --> 00:22:46,159

about him because

633

00:22:49,350 --> 00:22:48,640

i have this book because i go to this

634

00:22:51,350 --> 00:22:49,360

guy and he's

635

00:22:53,270 --> 00:22:51,360

dressed in all these robes and he allows

636

00:22:55,190 --> 00:22:53,280

me to talk to god he tells me what god

637

00:22:57,270 --> 00:22:55,200

is saying he tells me how to be

638

00:22:58,870 --> 00:22:57,280

and then he says and then i go to i go i

639

00:23:00,630 --> 00:22:58,880

go well that doesn't sound right so i go

640

00:23:01,909 --> 00:23:00,640

over to a muslim guy and you go what can

641

00:23:02,870 --> 00:23:01,919

you tell me about god he goes oh i can

642

00:23:04,549 --> 00:23:02,880

tell you everything

643

00:23:05,909 --> 00:23:04,559

i got a guy he stands up there in the

644

00:23:07,830 --> 00:23:05,919

front and he wears this robe and he

645

00:23:08,630 --> 00:23:07,840

tells me just exactly what god is all

646

00:23:10,230 --> 00:23:08,640

about

647

00:23:11,669 --> 00:23:10,240

okay so then i go over to a jewish guy

648

00:23:13,270 --> 00:23:11,679

and i go to synagogue and he goes

649

00:23:15,029 --> 00:23:13,280

oh no i'll tell you what it's all about

650

00:23:16,390 --> 00:23:15,039

here we have these books and then here

651
00:23:19,590 --> 00:23:16,400
we have these guys in robes

652
00:23:20,230 --> 00:23:19,600
and they go tell us go tell us what god

653
00:23:23,510 --> 00:23:20,240
says

654
00:23:26,390 --> 00:23:23,520
and then you can follow what they say

655
00:23:26,870 --> 00:23:26,400
this is again i mean i'm not saying it's

656
00:23:30,149 --> 00:23:26,880
like

657
00:23:30,630 --> 00:23:30,159
some brilliant insight but how much time

658
00:23:34,470 --> 00:23:30,640
do we

659
00:23:36,630 --> 00:23:34,480
spend placating people who have these

660
00:23:39,669 --> 00:23:36,640
protected religious beliefs

661
00:23:40,789 --> 00:23:39,679
that are clearly much more in sync with

662
00:23:44,149 --> 00:23:40,799
what we

663
00:23:44,950 --> 00:23:44,159

understand to be uh cultish activities

664

00:23:46,789 --> 00:23:44,960

and i'm

665

00:23:48,070 --> 00:23:46,799

we we don't know all the relationships

666

00:23:50,470 --> 00:23:48,080

between those but

667

00:23:52,149 --> 00:23:50,480

than anything else and yet we give them

668

00:23:53,750 --> 00:23:52,159

their little spot in the square in the

669

00:23:54,789 --> 00:23:53,760

public square and we say okay no go

670

00:23:57,029 --> 00:23:54,799

ahead and talk and

671

00:23:59,510 --> 00:23:57,039

and we won't ever really raise our voice

672

00:24:02,149 --> 00:23:59,520

about how absolutely ridiculous

673

00:24:03,430 --> 00:24:02,159

your cosmology is because we'll let us

674

00:24:05,430 --> 00:24:03,440

we'll let you talk

675

00:24:07,269 --> 00:24:05,440

and if you look at what david ike is

676

00:24:11,029 --> 00:24:07,279

really saying directly

677

00:24:14,549 --> 00:24:11,039

he's advocating disintermediation right

678

00:24:17,669 --> 00:24:14,559

he's saying yeah there's god go go

679

00:24:19,269 --> 00:24:17,679

go there you don't need a book you don't

680

00:24:22,149 --> 00:24:19,279

need an intermediary

681

00:24:24,549 --> 00:24:22,159

you don't need anything if there is this

682

00:24:28,310 --> 00:24:24,559

extended realm and if there is this

683

00:24:29,990 --> 00:24:28,320

god head there go there

684

00:24:31,430 --> 00:24:30,000

the other thing that i point out about

685

00:24:32,789 --> 00:24:31,440

david ike and the reason we're talking

686

00:24:33,510 --> 00:24:32,799

about i think we're talking about david

687

00:24:34,630 --> 00:24:33,520

ike

688

00:24:36,549 --> 00:24:34,640

is because this is someone who was

689

00:24:41,510 --> 00:24:36,559

banned he was

690

00:24:43,830 --> 00:24:41,520

wiped off of the electronic

691

00:24:44,789 --> 00:24:43,840

infrastructure that we live in banned

692

00:24:47,750 --> 00:24:44,799

from youtube

693

00:24:48,789 --> 00:24:47,760

banned from facebook banned from twitter

694

00:24:50,549 --> 00:24:48,799

banned

695

00:24:51,830 --> 00:24:50,559

greg if we were having this conversation

696

00:24:55,669 --> 00:24:51,840

five years ago

697

00:24:57,830 --> 00:24:55,679

we would not have even we would have

698

00:24:59,669 --> 00:24:57,840

never believed it if one of the other of

699

00:25:01,830 --> 00:24:59,679

us said oh yeah and then people will

700

00:25:04,149 --> 00:25:01,840

just be banned

701

00:25:07,029 --> 00:25:04,159

unilaterally banned across all these

702

00:25:09,909 --> 00:25:07,039

quote unquote independent platforms

703

00:25:10,390 --> 00:25:09,919

so david ike is banned and you know what

704

00:25:13,909 --> 00:25:10,400

david

705

00:25:14,789 --> 00:25:13,919

ike's message is in in this world that

706

00:25:17,669 --> 00:25:14,799

we live in

707

00:25:18,789 --> 00:25:17,679

with antifa and proud boys and black

708

00:25:21,830 --> 00:25:18,799

lives matter

709

00:25:24,230 --> 00:25:21,840

and guns in the street and riots

710

00:25:25,350 --> 00:25:24,240

david ike's messages no don't go for any

711

00:25:28,310 --> 00:25:25,360

of that it's about

712

00:25:29,510 --> 00:25:28,320

love it's about seeing that we're all

713

00:25:32,390 --> 00:25:29,520

connected

714

00:25:33,350 --> 00:25:32,400

it's about not cutting off your thumb to

715

00:25:36,390 --> 00:25:33,360

spite your

716

00:25:38,950 --> 00:25:36,400

your fingers that's his message

717

00:25:40,630 --> 00:25:38,960

that's his message it's all about love

718

00:25:43,190 --> 00:25:40,640

acceptance forgiveness

719

00:25:44,310 --> 00:25:43,200

and pursuit of the truth and this is

720

00:25:48,549 --> 00:25:44,320

what's banned

721

00:25:52,630 --> 00:25:48,559

say he got

722

00:25:55,269 --> 00:25:52,640

banned was because david sometimes is

723

00:25:59,350 --> 00:25:57,990

good with the sciency part and even

724

00:26:02,070 --> 00:25:59,360

though he saw

725

00:26:04,310 --> 00:26:02,080

the bigger picture of the pandemic for

726

00:26:07,990 --> 00:26:04,320

what it is a pandemic

727

00:26:11,350 --> 00:26:10,789

whirlpool of there is no virus kind of

728

00:26:13,190 --> 00:26:11,360

thing

729

00:26:14,630 --> 00:26:13,200

which is unfortunate because

730

00:26:16,870 --> 00:26:14,640

scientifically

731

00:26:19,029 --> 00:26:16,880

that's not a very sustainable position

732

00:26:21,350 --> 00:26:19,039

it's kind of a flat earthy

733

00:26:23,669 --> 00:26:21,360

kind of sciency kind of thing but he was

734

00:26:25,590 --> 00:26:23,679

listening to the wrong people and

735

00:26:27,350 --> 00:26:25,600

you know but i look at somebody like

736

00:26:30,390 --> 00:26:27,360

david ike and i say

737

00:26:32,549 --> 00:26:30,400

batting average hall of fame

738

00:26:33,590 --> 00:26:32,559

hall of fame batting average gets so

739

00:26:35,990 --> 00:26:33,600

much more stuff

740

00:26:37,590 --> 00:26:36,000

so much more right so much more sooner

741

00:26:41,269 --> 00:26:37,600

than anyone else

742

00:26:43,909 --> 00:26:41,279

that that we need to give him

743

00:26:44,950 --> 00:26:43,919

wiggle room for when he makes mistakes

744

00:26:46,710 --> 00:26:44,960

and not not

745

00:26:47,909 --> 00:26:46,720

forgive them and call him out like i did

746

00:26:49,350 --> 00:26:47,919

in the interview i said david i don't

747

00:26:52,230 --> 00:26:49,360

think you really mean that do you

748

00:26:52,950 --> 00:26:52,240

you know but at the same time we have to

749

00:26:55,990 --> 00:26:52,960

say

750

00:26:59,029 --> 00:26:56,000

no this is this is a

751
00:27:01,110 --> 00:26:59,039
major major important person

752
00:27:03,029 --> 00:27:01,120
and if we're going to ban someone let's

753
00:27:03,990 --> 00:27:03,039
ban frickin neil degrasse tyson for

754
00:27:05,510 --> 00:27:04,000
standing up there and saying

755
00:27:06,710 --> 00:27:05,520
consciousness is an illusion

756
00:27:08,870 --> 00:27:06,720
that's something somebody should be

757
00:27:11,190 --> 00:27:08,880
banned for hey you want to ban people

758
00:27:12,310 --> 00:27:11,200
i got a whole list of people we can ban

759
00:27:15,750 --> 00:27:12,320
but i don't want to ban

760
00:27:18,389 --> 00:27:15,760
anybody but that's i guess my

761
00:27:19,669 --> 00:27:18,399
my take on david ike and why i think

762
00:27:21,110 --> 00:27:19,679
he's so important

763
00:27:22,870 --> 00:27:21,120

and you know the other thing that i'll

764

00:27:28,389 --> 00:27:22,880

just throw and i'll shut up about it

765

00:27:32,870 --> 00:27:30,950

okay so we're we're in an after

766

00:27:35,430 --> 00:27:32,880

disclosure period here right folks

767

00:27:36,549 --> 00:27:35,440

i mean we are a.d after disclosure new

768

00:27:38,630 --> 00:27:36,559

york times

769

00:27:41,430 --> 00:27:38,640

every major news outlet now we've seen

770

00:27:44,789 --> 00:27:41,440

the videos finally they're admitting it

771

00:27:47,190 --> 00:27:44,799

so we're after disclosure some people

772

00:27:51,350 --> 00:27:47,200

haven't fully grocked that but we are

773

00:27:53,830 --> 00:27:51,360

and who's piloting those

774

00:27:55,750 --> 00:27:53,840

craft that are moving at unbelievable

775

00:27:57,750 --> 00:27:55,760

speeds at g-forces that are impossible

776

00:28:01,350 --> 00:27:57,760

for humans to survive

777

00:28:03,909 --> 00:28:01,360

the e.t is clearly in play here so now

778

00:28:05,590 --> 00:28:03,919

take like if you will the the the

779

00:28:08,789 --> 00:28:05,600

accounts of you know i had this

780

00:28:10,630 --> 00:28:08,799

woman on uh she's a professor from uh

781

00:28:12,549 --> 00:28:10,640

i think montana state university her

782

00:28:13,750 --> 00:28:12,559

name is artie six color clark and she

783

00:28:15,430 --> 00:28:13,760

has kind of an unusual name because

784

00:28:16,870 --> 00:28:15,440

she's native american

785

00:28:19,430 --> 00:28:16,880

and she went around and collected all

786

00:28:20,070 --> 00:28:19,440

these stories from native american

787

00:28:21,750 --> 00:28:20,080

people

788

00:28:23,110 --> 00:28:21,760

not only united states but central

789

00:28:25,110 --> 00:28:23,120

america south america

790

00:28:26,549 --> 00:28:25,120

whole thing collects their stories and

791

00:28:27,909 --> 00:28:26,559

she's an anthropologist right so she

792

00:28:30,230 --> 00:28:27,919

knows how to collect stories and do it

793

00:28:31,110 --> 00:28:30,240

does it in a scientific way you want to

794

00:28:33,510 --> 00:28:31,120

hear about

795

00:28:34,870 --> 00:28:33,520

shape-shifting all over the place you

796

00:28:37,830 --> 00:28:34,880

want to hear about aliens

797

00:28:40,230 --> 00:28:37,840

all star people all over the place you

798

00:28:43,510 --> 00:28:40,240

want to hear about reptilians

799

00:28:47,430 --> 00:28:43,520

all over the place you want to hear

800

00:28:50,549 --> 00:28:47,440

about shape shifting reptilians

801
00:28:53,029 --> 00:28:50,559
they're right there in her research

802
00:28:53,669 --> 00:28:53,039
so you can dismiss her research that's

803
00:28:55,909 --> 00:28:53,679
fine

804
00:28:57,750 --> 00:28:55,919
you can say she faked her research

805
00:28:59,350 --> 00:28:57,760
that's fine but you better go prove it

806
00:29:01,750 --> 00:28:59,360
she's a respected

807
00:29:03,830 --> 00:29:01,760
academic a respected anthropologist who

808
00:29:06,630 --> 00:29:03,840
seems to have done things correctly

809
00:29:08,549 --> 00:29:06,640
but don't just because you're going

810
00:29:12,310 --> 00:29:08,559
along with your buddies

811
00:29:14,870 --> 00:29:12,320
don't scoff at this stuff until you've

812
00:29:15,990 --> 00:29:14,880
looked at it or better yet go ahead and

813
00:29:18,710 --> 00:29:16,000

scoff at it just

814

00:29:20,549 --> 00:29:18,720

follow whatever people are trying to jam

815

00:29:22,149 --> 00:29:20,559

down your throat and tell you is the way

816

00:29:25,430 --> 00:29:22,159

to think

817

00:29:28,710 --> 00:29:26,789

well i was pretty interested to hear

818

00:29:30,070 --> 00:29:28,720

your perspective on ike there because i

819

00:29:33,510 --> 00:29:30,080

think we do agree

820

00:29:34,149 --> 00:29:33,520

um to a greater extent um just to

821

00:29:37,909 --> 00:29:34,159

backtrack

822

00:29:40,389 --> 00:29:37,919

slightly to uh bernardo

823

00:29:41,430 --> 00:29:40,399

i've never met him personally but i have

824

00:29:44,310 --> 00:29:41,440

found him to be

825

00:29:44,870 --> 00:29:44,320

in every other way exactly as you say i

826
00:29:49,350 --> 00:29:44,880
mean his

827
00:29:50,710 --> 00:29:49,360
his research is incredible he's building

828
00:29:52,389 --> 00:29:50,720
uh he's standing on the shoulders of

829
00:29:52,789 --> 00:29:52,399
giants as i'm sure he did met himself

830
00:29:54,389 --> 00:29:52,799
but

831
00:29:56,950 --> 00:29:54,399
i've never seen anyone bring it together

832
00:29:59,110 --> 00:29:56,960
in this way and what he did

833
00:30:00,950 --> 00:29:59,120
for his last not sorry last but one book

834
00:30:02,789 --> 00:30:00,960
the idea of the world

835
00:30:04,149 --> 00:30:02,799
which he published all the chapters

836
00:30:07,430 --> 00:30:04,159
separately

837
00:30:10,230 --> 00:30:07,440
in peer-reviewed journals uh you know by

838
00:30:11,590 --> 00:30:10,240

scientists they were all combed over and

839

00:30:14,870 --> 00:30:11,600

gone through

840

00:30:16,070 --> 00:30:14,880

uh every stone turned by um all sorts of

841

00:30:18,549 --> 00:30:16,080

different scientific

842

00:30:20,389 --> 00:30:18,559

uh bodies and publishing organizations

843

00:30:23,350 --> 00:30:20,399

all manner of academia

844

00:30:24,710 --> 00:30:23,360

approved for publication and once he had

845

00:30:26,630 --> 00:30:24,720

achieved that and all these were all

846

00:30:29,190 --> 00:30:26,640

separate publications

847

00:30:31,029 --> 00:30:29,200

he then brought them all together and

848

00:30:32,470 --> 00:30:31,039

put them in one book

849

00:30:34,470 --> 00:30:32,480

and basically was able to get a

850

00:30:35,269 --> 00:30:34,480

scientifically rigorously scientifically

851

00:30:38,789 --> 00:30:35,279

peer-reviewed

852

00:30:39,590 --> 00:30:38,799

book in kind of under the radar so to

853

00:30:42,470 --> 00:30:39,600

speak

854

00:30:43,750 --> 00:30:42,480

so it was very clever and then i've

855

00:30:44,950 --> 00:30:43,760

heard somebody say oh that was a bit

856

00:30:45,990 --> 00:30:44,960

underhand you know because they didn't

857

00:30:47,269 --> 00:30:46,000

know it was going to be brought what

858

00:30:48,870 --> 00:30:47,279

difference does it make

859

00:30:51,190 --> 00:30:48,880

each chapter has an idea and i mean you

860

00:30:53,190 --> 00:30:51,200

could take all the get all the different

861

00:30:54,710 --> 00:30:53,200

magazine articles uh photocopy them and

862

00:30:55,830 --> 00:30:54,720

then staple them together and it's the

863

00:30:57,269 --> 00:30:55,840

same thing

864

00:30:59,350 --> 00:30:57,279

you know that's all he's done so i think

865

00:31:01,909 --> 00:30:59,360

that was a brilliant move

866

00:31:02,470 --> 00:31:01,919

when and i'd urge people to check out

867

00:31:05,909 --> 00:31:02,480

your

868

00:31:07,430 --> 00:31:05,919

interviews with him i've done many over

869

00:31:10,070 --> 00:31:07,440

the years

870

00:31:10,789 --> 00:31:10,080

if you're interested in the idea of

871

00:31:12,230 --> 00:31:10,799

extended

872

00:31:14,230 --> 00:31:12,240

consciousness of consciousness

873

00:31:14,950 --> 00:31:14,240

consciousness being the underlying

874

00:31:18,230 --> 00:31:14,960

reality

875

00:31:19,029 --> 00:31:18,240

of the universe it basically it makes

876
00:31:22,310 --> 00:31:19,039
sense

877
00:31:23,750 --> 00:31:22,320
of so much of our experience and our

878
00:31:26,070 --> 00:31:23,760
reality and everything that we see

879
00:31:27,669 --> 00:31:26,080
around us with our senses and all the

880
00:31:29,509 --> 00:31:27,679
tools and measuring devices that we have

881
00:31:32,070 --> 00:31:29,519
that reach beyond our five senses

882
00:31:32,549 --> 00:31:32,080
all of this the data coming in that we

883
00:31:34,070 --> 00:31:32,559
don't

884
00:31:36,710 --> 00:31:34,080
understand and we can't quite put

885
00:31:38,710 --> 00:31:36,720
together his work brings so many things

886
00:31:42,149 --> 00:31:38,720
into a new light

887
00:31:43,190 --> 00:31:42,159
when i read his article about nuclear

888
00:31:45,669 --> 00:31:43,200

power and bill gates

889

00:31:46,950 --> 00:31:45,679

i like you i've not had a chance to

890

00:31:50,870 --> 00:31:46,960

speak to him about it

891

00:31:52,789 --> 00:31:50,880

um i was a little bit mystified at first

892

00:31:54,789 --> 00:31:52,799

because i kind of

893

00:31:56,870 --> 00:31:54,799

got the thing about nuclear power i'm

894

00:31:59,110 --> 00:31:56,880

not an advocate for it

895

00:32:00,789 --> 00:31:59,120

but i do i have listened to serious

896

00:32:02,710 --> 00:32:00,799

people who have said

897

00:32:04,789 --> 00:32:02,720

if we want to keep the lights on in

898

00:32:06,470 --> 00:32:04,799

industrial civilization in anything like

899

00:32:07,269 --> 00:32:06,480

the forum we currently have going

900

00:32:09,830 --> 00:32:07,279

forward

901
00:32:11,430 --> 00:32:09,840
that may be the only alternative even

902
00:32:13,990 --> 00:32:11,440
sure but greg the point really is

903
00:32:15,669 --> 00:32:14,000
is bill gates i mean oh yeah exactly

904
00:32:16,310 --> 00:32:15,679
which i was going to say the bill gates

905
00:32:20,789 --> 00:32:16,320
thing

906
00:32:22,070 --> 00:32:20,799
you see i take i i did take exception to

907
00:32:25,430 --> 00:32:22,080
what he was saying i said oh

908
00:32:27,110 --> 00:32:25,440
you can't just you know take bill gates

909
00:32:29,110 --> 00:32:27,120
as like one little dimension of his

910
00:32:30,549 --> 00:32:29,120
personality or look at bill gates bio on

911
00:32:32,549 --> 00:32:30,559
his own website and base

912
00:32:33,509 --> 00:32:32,559
say that that is bill gates so i agree

913
00:32:35,110 --> 00:32:33,519

you know that was the point of

914

00:32:36,310 --> 00:32:35,120

contention if there was anything in that

915

00:32:37,830 --> 00:32:36,320

that i'd like to

916

00:32:39,990 --> 00:32:37,840

to take up with bernardo it would be

917

00:32:41,029 --> 00:32:40,000

that i'd imagine his response would be i

918

00:32:42,389 --> 00:32:41,039

think you're right i don't think he's a

919

00:32:44,950 --> 00:32:42,399

conspiratorial

920

00:32:47,269 --> 00:32:44,960

kind of guy but i'd imagine his response

921

00:32:51,750 --> 00:32:47,279

would be something along the lines of

922

00:32:55,110 --> 00:32:51,760

yes but you know everybody's either

923

00:32:56,870 --> 00:32:55,120

attacking bill gates um or they're

924

00:32:58,549 --> 00:32:56,880

in bill gates camp and you don't hear

925

00:32:59,350 --> 00:32:58,559

them say anything other than agree with

926
00:33:01,029 --> 00:32:59,360
bill gates

927
00:33:02,549 --> 00:33:01,039
so he probably sees himself as some kind

928
00:33:04,630 --> 00:33:02,559
of impartial observer

929
00:33:05,669 --> 00:33:04,640
and he's like wouldn't it be good if

930
00:33:07,509 --> 00:33:05,679
bill gates

931
00:33:10,070 --> 00:33:07,519
considered this this is a well you see a

932
00:33:11,269 --> 00:33:10,080
lot of people open letter to the

933
00:33:13,029 --> 00:33:11,279
american president you know

934
00:33:14,389 --> 00:33:13,039
open letter to vladimir putin or

935
00:33:16,950 --> 00:33:14,399
whatever it happens to be

936
00:33:17,909 --> 00:33:16,960
um yeah so did you ask bernardo about

937
00:33:19,830 --> 00:33:17,919
kovid because

938
00:33:21,190 --> 00:33:19,840

i kind of got into it a little bit with

939

00:33:24,789 --> 00:33:21,200

him

940

00:33:25,350 --> 00:33:24,799

it no it wasn't um where we were well i

941

00:33:27,750 --> 00:33:25,360

did

942

00:33:29,110 --> 00:33:27,760

in my last interview with him which was

943

00:33:30,950 --> 00:33:29,120

freedom from fear

944

00:33:32,310 --> 00:33:30,960

we touched on a roundabout way about

945

00:33:33,350 --> 00:33:32,320

what's um

946

00:33:35,590 --> 00:33:33,360

happening in the world but we know we

947

00:33:38,870 --> 00:33:35,600

did not talk about the specifics of

948

00:33:39,990 --> 00:33:38,880

the uh the pandemic you know origins how

949

00:33:42,070 --> 00:33:40,000

that's playing out

950

00:33:43,669 --> 00:33:42,080

right so he's playing it from what i can

951
00:33:48,470 --> 00:33:43,679
tell and tell me if i'm wrong

952
00:33:50,630 --> 00:33:48,480
he is taking the covid 19 thing

953
00:33:53,029 --> 00:33:50,640
straight on he i mean he's taking the

954
00:33:56,389 --> 00:33:53,039
direct dose of the

955
00:34:01,029 --> 00:33:56,399
mainstream at this point to me

956
00:34:04,789 --> 00:34:01,039
completely uh illegitimized

957
00:34:07,509 --> 00:34:04,799
kind of thing i mean there is so much

958
00:34:08,069 --> 00:34:07,519
they've completely jury rigged the

959
00:34:11,389 --> 00:34:08,079
science

960
00:34:14,470 --> 00:34:11,399
this is a global warming version

961
00:34:17,510 --> 00:34:14,480
7.5 or whatever and bernardo

962
00:34:20,149 --> 00:34:17,520
from what i see bernardo is not

963
00:34:21,909 --> 00:34:20,159

showing the ability to kind of climb out

964

00:34:23,589 --> 00:34:21,919

of that mess he is going to

965

00:34:26,310 --> 00:34:23,599

it seems like he's going to stay right

966

00:34:29,109 --> 00:34:26,320

down the path of

967

00:34:30,629 --> 00:34:29,119

if you're if you're writing a letter

968

00:34:31,990 --> 00:34:30,639

with bill gates

969

00:34:33,829 --> 00:34:32,000

open letter to bill gates and you're

970

00:34:35,829 --> 00:34:33,839

fawning all over them then

971

00:34:38,710 --> 00:34:35,839

you're lining up for the vaccine and

972

00:34:41,669 --> 00:34:38,720

saying stick me and you know we'll

973

00:34:42,389 --> 00:34:41,679

we'll have this kind of global you know

974

00:34:45,190 --> 00:34:42,399

medical

975

00:34:45,829 --> 00:34:45,200

kind of system that they're that they're

976
00:34:48,310 --> 00:34:45,839
going for

977
00:34:49,349 --> 00:34:48,320
because let's have a little discussion

978
00:34:51,109 --> 00:34:49,359
about this i don't want to get into the

979
00:34:51,430 --> 00:34:51,119
whole culvet thing because it's a waste

980
00:34:55,349 --> 00:34:51,440
of

981
00:34:59,670 --> 00:34:55,359
think is interesting and

982
00:35:03,589 --> 00:34:59,680
is relevant is how we come to understand

983
00:35:05,030 --> 00:35:03,599
science and spirituality and philosophy

984
00:35:07,190 --> 00:35:05,040
and all the things that we're talking

985
00:35:10,310 --> 00:35:07,200
about and i think in the case

986
00:35:13,670 --> 00:35:10,320
of uh bill gates um

987
00:35:16,790 --> 00:35:13,680
just like in the case of bill gates

988
00:35:19,270 --> 00:35:16,800

we don't need to read too much into what

989

00:35:22,230 --> 00:35:19,280

he's saying because he's saying directly

990

00:35:24,310 --> 00:35:22,240

you will all need to be vaccinated

991

00:35:25,349 --> 00:35:24,320

multiple times and we will need to be

992

00:35:26,630 --> 00:35:25,359

able to

993

00:35:28,390 --> 00:35:26,640

his big thing is we're going to have to

994

00:35:32,230 --> 00:35:28,400

be able to track who

995

00:35:34,630 --> 00:35:32,240

is and who isn't so that we can control

996

00:35:35,829 --> 00:35:34,640

that he wants the one world control of

997

00:35:38,310 --> 00:35:35,839

those medical things

998

00:35:39,670 --> 00:35:38,320

this is not some wild conspiracy this is

999

00:35:42,870 --> 00:35:39,680

just exactly what he says

1000

00:35:44,630 --> 00:35:42,880

and this is what he says i guess

1001
00:35:46,790 --> 00:35:44,640
bernardo's letter was about nuclear

1002
00:35:50,390 --> 00:35:46,800
power and you're not wrong

1003
00:35:51,750 --> 00:35:50,400
uh to express you know your take on the

1004
00:35:52,950 --> 00:35:51,760
weight yet but i guess his letter was

1005
00:35:57,030 --> 00:35:52,960
about nuclear power

1006
00:35:58,150 --> 00:35:57,040
and there's it's almost impossible at

1007
00:36:01,510 --> 00:35:58,160
any given time

1008
00:36:04,150 --> 00:36:01,520
to tell what most people think

1009
00:36:04,790 --> 00:36:04,160
about anything important because most

1010
00:36:06,870 --> 00:36:04,800
people

1011
00:36:08,710 --> 00:36:06,880
don't win depending on the context of

1012
00:36:11,750 --> 00:36:08,720
their when they're speaking

1013
00:36:12,069 --> 00:36:11,760

um expressing themselves will quite

1014

00:36:13,190 --> 00:36:12,079

often

1015

00:36:15,430 --> 00:36:13,200

say something other than what they

1016

00:36:16,310 --> 00:36:15,440

actually think this makes it very

1017

00:36:18,550 --> 00:36:16,320

complicated

1018

00:36:19,510 --> 00:36:18,560

um for example we just had a u.s

1019

00:36:21,270 --> 00:36:19,520

election it

1020

00:36:22,550 --> 00:36:21,280

made it very complicated for pollsters

1021

00:36:24,950 --> 00:36:22,560

to actually establish

1022

00:36:27,430 --> 00:36:24,960

what the picture was amongst the public

1023

00:36:27,990 --> 00:36:27,440

so i know energetic correct let me

1024

00:36:30,470 --> 00:36:28,000

introduce you

1025

00:36:32,390 --> 00:36:30,480

it's just that the evidence suggests

1026

00:36:35,430 --> 00:36:32,400

that that is not what happened

1027

00:36:37,750 --> 00:36:35,440

the evidence suggested is that they

1028

00:36:39,589 --> 00:36:37,760

intentionally allowed themselves to be

1029

00:36:41,990 --> 00:36:39,599

deceived by the polls

1030

00:36:43,190 --> 00:36:42,000

in the same way they were deceived by

1031

00:36:45,510 --> 00:36:43,200

the polls

1032

00:36:47,670 --> 00:36:45,520

four years ago and there's actually one

1033

00:36:52,230 --> 00:36:47,680

guy who got the polls right

1034

00:36:55,430 --> 00:36:52,240

consistently uh last round in 2016

1035

00:36:58,550 --> 00:36:55,440

and was pretty much spot on uh

1036

00:37:00,630 --> 00:36:58,560

this time as well a taffler group or i

1037

00:37:01,349 --> 00:37:00,640

forget the name of it but you can easily

1038

00:37:04,069 --> 00:37:01,359

find it

1039

00:37:05,750 --> 00:37:04,079

but i started i never followed it

1040

00:37:06,950 --> 00:37:05,760

because i'm not into politics i'm

1041

00:37:08,390 --> 00:37:06,960

apolitical

1042

00:37:09,990 --> 00:37:08,400

but i kind of followed it this year

1043

00:37:11,670 --> 00:37:10,000

because of the science angle was

1044

00:37:14,310 --> 00:37:11,680

interesting

1045

00:37:15,589 --> 00:37:14,320

and what he pointed out is he said their

1046

00:37:18,710 --> 00:37:15,599

methodology

1047

00:37:20,390 --> 00:37:18,720

is flawed and the i and he said

1048

00:37:21,670 --> 00:37:20,400

specifically how it's flawed

1049

00:37:23,430 --> 00:37:21,680

he said the idea that you're going to

1050

00:37:25,109 --> 00:37:23,440

call somebody up

1051
00:37:27,349 --> 00:37:25,119
and they're going to answer a series of

1052
00:37:29,030 --> 00:37:27,359
20 or 30 questions

1053
00:37:30,390 --> 00:37:29,040
and during which they're going to be

1054
00:37:33,190 --> 00:37:30,400
completely truthful

1055
00:37:34,710 --> 00:37:33,200
with you and and transparent and then

1056
00:37:36,630 --> 00:37:34,720
they're going to give you their answer

1057
00:37:39,430 --> 00:37:36,640
on who they're going to vote for

1058
00:37:41,430 --> 00:37:39,440
is a poor way to collect that data and

1059
00:37:42,150 --> 00:37:41,440
what he found is a much more effective

1060
00:37:45,190 --> 00:37:42,160
way

1061
00:37:47,030 --> 00:37:45,200
is to build in some degree of anonymity

1062
00:37:49,190 --> 00:37:47,040
he said if you create a very short text

1063
00:37:50,870 --> 00:37:49,200

with people you're much more likely to

1064

00:37:52,710 --> 00:37:50,880

get a more accurate answer

1065

00:37:54,390 --> 00:37:52,720

and he has other techniques and other

1066

00:37:55,829 --> 00:37:54,400

questions that he asks

1067

00:37:58,150 --> 00:37:55,839

around this you know what will your

1068

00:38:02,150 --> 00:37:58,160

neighbor vote for but the proof

1069

00:38:04,670 --> 00:38:02,160

as they say is in the pudding this guy

1070

00:38:06,310 --> 00:38:04,680

was much more accurate in predicting in

1071

00:38:09,349 --> 00:38:06,320

2016

1072

00:38:11,750 --> 00:38:09,359

much more accurate in predicting in the

1073

00:38:13,109 --> 00:38:11,760

midterm cycle in the united states in

1074

00:38:15,510 --> 00:38:13,119

2018

1075

00:38:16,870 --> 00:38:15,520

and much more accurate in predicting in

1076

00:38:20,310 --> 00:38:16,880

2020

1077

00:38:22,390 --> 00:38:20,320

he is in the business of doing polls

1078

00:38:23,510 --> 00:38:22,400

that is his financial that's his

1079

00:38:25,349 --> 00:38:23,520

livelihood

1080

00:38:26,630 --> 00:38:25,359

so he it's not like you know and then

1081

00:38:29,030 --> 00:38:26,640

people will get into this and they'll

1082

00:38:31,030 --> 00:38:29,040

get political global he's a republican

1083

00:38:32,230 --> 00:38:31,040

it doesn't matter what the what the heck

1084

00:38:33,910 --> 00:38:32,240

he is

1085

00:38:35,829 --> 00:38:33,920

he's either going to have people that

1086

00:38:37,270 --> 00:38:35,839

are going to pay him to do polls

1087

00:38:38,870 --> 00:38:37,280

or he's going to have people who are not

1088

00:38:41,349 --> 00:38:38,880

going to pay him to do polls

1089

00:38:42,710 --> 00:38:41,359

and the fact that he's more accurate in

1090

00:38:45,589 --> 00:38:42,720

his prediction

1091

00:38:45,990 --> 00:38:45,599

is all we should really care about but

1092

00:38:54,069 --> 00:38:46,000

what

1093

00:38:56,470 --> 00:38:54,079

cnn and nbc

1094

00:38:57,430 --> 00:38:56,480

and ap and all the rest of them they

1095

00:39:01,430 --> 00:38:57,440

weren't real

1096

00:39:03,750 --> 00:39:01,440

polls they were just an attempt to

1097

00:39:04,550 --> 00:39:03,760

influence the vote by offering an

1098

00:39:06,870 --> 00:39:04,560

opinion

1099

00:39:08,870 --> 00:39:06,880

otherwise they wouldn't so consistently

1100

00:39:12,790 --> 00:39:08,880

be so

1101
00:39:13,349 --> 00:39:12,800
unbelievably wrong oh yeah i mean i got

1102
00:39:15,750 --> 00:39:13,359
onto that

1103
00:39:17,510 --> 00:39:15,760
because i was talking about bernardo how

1104
00:39:21,030 --> 00:39:17,520
do we know what he really thinks

1105
00:39:23,190 --> 00:39:21,040
about the what's happening with covid

1106
00:39:24,630 --> 00:39:23,200
and so you as you've confirmed you know

1107
00:39:27,270 --> 00:39:24,640
most people in certain

1108
00:39:28,630 --> 00:39:27,280
contexts won't speak up about what they

1109
00:39:30,390 --> 00:39:28,640
really think and that does

1110
00:39:33,270 --> 00:39:30,400
i i think this is what you're driving

1111
00:39:36,870 --> 00:39:33,280
that doesn't leave the door open

1112
00:39:38,630 --> 00:39:36,880
um for people to be influenced by what

1113
00:39:40,230 --> 00:39:38,640

they think other people think

1114

00:39:42,069 --> 00:39:40,240

in the absence of other people saying

1115

00:39:42,550 --> 00:39:42,079

what they really think if you see what i

1116

00:39:44,230 --> 00:39:42,560

mean

1117

00:39:46,470 --> 00:39:44,240

so you're being told oh well everybody

1118

00:39:47,349 --> 00:39:46,480

thinks this everybody's going to vote

1119

00:39:49,510 --> 00:39:47,359

for them oh

1120

00:39:50,790 --> 00:39:49,520

you know the the pollsters have called

1121

00:39:52,470 --> 00:39:50,800

for so and so

1122

00:39:54,069 --> 00:39:52,480

or you know everybody knows that this

1123

00:39:55,270 --> 00:39:54,079

idea the scientific idea is being

1124

00:39:57,030 --> 00:39:55,280

debunked

1125

00:39:58,550 --> 00:39:57,040

um everybody knows that this idea of

1126
00:39:59,990 --> 00:39:58,560
lizard people is complete nonsense you

1127
00:40:00,950 --> 00:40:00,000
know it's been proved or whatever

1128
00:40:04,870 --> 00:40:00,960
happens to be

1129
00:40:06,550 --> 00:40:04,880
and people are influenced by that

1130
00:40:07,990 --> 00:40:06,560
and because if you you know again if

1131
00:40:09,589 --> 00:40:08,000
people don't want to just

1132
00:40:11,349 --> 00:40:09,599
they don't want to stick out amongst

1133
00:40:13,030 --> 00:40:11,359
their peers one of the reasons why they

1134
00:40:14,470 --> 00:40:13,040
don't say what they think and if you

1135
00:40:16,309 --> 00:40:14,480
believe that you're in a minority and

1136
00:40:19,430 --> 00:40:16,319
that's what people

1137
00:40:22,950 --> 00:40:19,440
are encouraged to feel in many

1138
00:40:25,829 --> 00:40:22,960

uh areas of of life is that

1139

00:40:27,589 --> 00:40:25,839

if what you think doesn't fit with the

1140

00:40:29,589 --> 00:40:27,599

the ruling paradigm

1141

00:40:34,790 --> 00:40:29,599

then you will be in a minority even if

1142

00:40:38,150 --> 00:40:36,630

right which is a major right which is

1143

00:40:40,790 --> 00:40:38,160

most people yeah yeah

1144

00:40:41,670 --> 00:40:40,800

but i mean back to you know bernardo and

1145

00:40:42,950 --> 00:40:41,680

i don't want to

1146

00:40:44,230 --> 00:40:42,960

certainly don't want to pick on bernard

1147

00:40:45,589 --> 00:40:44,240

because we're both saying we respect the

1148

00:40:47,910 --> 00:40:45,599

heck out of his work and

1149

00:40:49,510 --> 00:40:47,920

the brilliance of publishing all those

1150

00:40:51,349 --> 00:40:49,520

peer-reviewed papers which i think is

1151
00:40:52,550 --> 00:40:51,359
important some people want to crap on

1152
00:40:55,829 --> 00:40:52,560
peer review and go

1153
00:40:58,470 --> 00:40:55,839
oh yeah it's no go

1154
00:41:00,150 --> 00:40:58,480
it's it's better than the alternative

1155
00:41:01,109 --> 00:41:00,160
it's better than someone just spouting a

1156
00:41:03,829 --> 00:41:01,119
bunch of crap

1157
00:41:04,950 --> 00:41:03,839
that isn't reviewed by your peers and a

1158
00:41:06,230 --> 00:41:04,960
lot of times on these peer-reviewed

1159
00:41:11,190 --> 00:41:06,240
papers a lot of people don't

1160
00:41:14,230 --> 00:41:11,200
know the review part of the peer review

1161
00:41:15,990 --> 00:41:14,240
is published so you can see what someone

1162
00:41:18,710 --> 00:41:16,000
said and if someone is just

1163
00:41:21,190 --> 00:41:18,720

going along and not doing deep analysis

1164

00:41:23,270 --> 00:41:21,200

you can go read that so i respect

1165

00:41:24,950 --> 00:41:23,280

in general the peer review process i

1166

00:41:27,750 --> 00:41:24,960

think it's a very important part

1167

00:41:29,030 --> 00:41:27,760

of the scientific process and i respect

1168

00:41:32,710 --> 00:41:29,040

uh

1169

00:41:34,069 --> 00:41:32,720

his rigor in that in that regard

1170

00:41:35,510 --> 00:41:34,079

what i'm pointing out and i'm making a

1171

00:41:37,109 --> 00:41:35,520

big deal out of it because i think it is

1172

00:41:38,470 --> 00:41:37,119

a huge deal

1173

00:41:40,630 --> 00:41:38,480

is that if if people don't get this

1174

00:41:42,309 --> 00:41:40,640

conspiratorial angle and bernardo

1175

00:41:43,750 --> 00:41:42,319

doesn't fundamentally he doesn't get it

1176

00:41:48,710 --> 00:41:43,760

he doesn't get it with

1177

00:41:49,990 --> 00:41:48,720

consciousness he really doesn't get it

1178

00:41:53,430 --> 00:41:50,000

he doesn't get

1179

00:41:57,430 --> 00:41:53,440

that um that the system is not

1180

00:41:59,589 --> 00:41:57,440

just willfully ignorant but it's gamed

1181

00:42:01,750 --> 00:41:59,599

it's gamed to look away from the

1182

00:42:05,030 --> 00:42:01,760

evidence for extended consciousness

1183

00:42:05,750 --> 00:42:05,040

it's game to look favorably on the

1184

00:42:08,710 --> 00:42:05,760

evidence

1185

00:42:09,750 --> 00:42:08,720

for scientific materialism and it's more

1186

00:42:11,990 --> 00:42:09,760

than one

1187

00:42:12,950 --> 00:42:12,000

funeral at a time it is one funeral at a

1188

00:42:15,030 --> 00:42:12,960

time but it's

1189

00:42:15,990 --> 00:42:15,040

more than one funeral at a time that's

1190

00:42:19,589 --> 00:42:16,000

my hypothesis

1191

00:42:20,550 --> 00:42:19,599

that is my opinion but bernardo is

1192

00:42:22,790 --> 00:42:20,560

having none of that

1193

00:42:23,910 --> 00:42:22,800

so that's okay he maybe he's right and

1194

00:42:27,510 --> 00:42:23,920

maybe i'm wrong

1195

00:42:29,829 --> 00:42:27,520

but to draw that out and say

1196

00:42:31,589 --> 00:42:29,839

which i am and i'm saying hey that's a

1197

00:42:32,630 --> 00:42:31,599

big part of this

1198

00:42:34,550 --> 00:42:32,640

getting to the bottom of the

1199

00:42:35,030 --> 00:42:34,560

conspiratorial thing is a big part of it

1200

00:42:37,190 --> 00:42:35,040

because it

1201
00:42:38,630 --> 00:42:37,200
always comes into play like we're just

1202
00:42:40,150 --> 00:42:38,640
talking about polling and i get you're

1203
00:42:42,150 --> 00:42:40,160
just using it as analogy

1204
00:42:44,230 --> 00:42:42,160
but my point about the polling was

1205
00:42:46,470 --> 00:42:44,240
there's a science behind that and if you

1206
00:42:49,829 --> 00:42:46,480
go look at the science what it reveals

1207
00:42:52,309 --> 00:42:49,839
is a conspiracy is that oh the poor guys

1208
00:42:56,069 --> 00:42:52,319
that abc news they got it wrong again

1209
00:42:59,270 --> 00:42:56,079
gosh darn it no no

1210
00:43:01,510 --> 00:42:59,280
they intentionally got it wrong

1211
00:43:02,870 --> 00:43:01,520
and they never acknowledged it and they

1212
00:43:06,230 --> 00:43:02,880
never admitted it

1213
00:43:09,430 --> 00:43:06,240

and they continue to produce falsified

1214

00:43:12,470 --> 00:43:09,440

data with a poor uh

1215

00:43:14,069 --> 00:43:12,480

protocol for getting it and here's a guy

1216

00:43:14,790 --> 00:43:14,079

who's saying i'm show you exactly where

1217

00:43:16,790 --> 00:43:14,800

you're pro

1218

00:43:18,470 --> 00:43:16,800

how it's wrong because my mind's always

1219

00:43:21,430 --> 00:43:18,480

right so

1220

00:43:21,829 --> 00:43:21,440

that is conspiratorial and if it's not

1221

00:43:24,950 --> 00:43:21,839

made

1222

00:43:26,230 --> 00:43:24,960

clear and explicit and talked about as a

1223

00:43:29,589 --> 00:43:26,240

conspiracy

1224

00:43:31,270 --> 00:43:29,599

then it takes on a different meaning it

1225

00:43:31,990 --> 00:43:31,280

takes on a well let's just read the la

1226

00:43:34,950 --> 00:43:32,000

he's

1227

00:43:36,630 --> 00:43:34,960

the bill gates letter is just about

1228

00:43:39,510 --> 00:43:36,640

nuclear power

1229

00:43:42,069 --> 00:43:39,520

you know i'll finish the rant here but i

1230

00:43:44,069 --> 00:43:42,079

just did an interview with uh

1231

00:43:45,589 --> 00:43:44,079

no i'll leave it at that because i go

1232

00:43:49,510 --> 00:43:45,599

all of it on all these side drills

1233

00:43:51,750 --> 00:43:49,520

i'll leave it at that well what you're

1234

00:43:54,390 --> 00:43:51,760

driving at partly there is what i kind

1235

00:43:55,670 --> 00:43:54,400

of want to get to um

1236

00:43:57,430 --> 00:43:55,680

with what i'm doing actually at the

1237

00:43:59,190 --> 00:43:57,440

moment because i think we find ourselves

1238

00:44:03,109 --> 00:43:59,200

at a similar juncture

1239

00:44:06,630 --> 00:44:03,119

um and that is if there

1240

00:44:07,190 --> 00:44:06,640

if it is gained if all of this is game

1241

00:44:10,470 --> 00:44:07,200

to what

1242

00:44:11,829 --> 00:44:10,480

then it's like what uh how can we see

1243

00:44:13,030 --> 00:44:11,839

that happening where should we look for

1244

00:44:13,750 --> 00:44:13,040

what are the indications of that

1245

00:44:16,790 --> 00:44:13,760

happening you know

1246

00:44:19,990 --> 00:44:16,800

what the telltale signs and

1247

00:44:23,109 --> 00:44:20,000

as always what for to

1248

00:44:23,829 --> 00:44:23,119

what end and i've um over the last few

1249

00:44:26,230 --> 00:44:23,839

years

1250

00:44:26,950 --> 00:44:26,240

i've done particularly good interviews

1251

00:44:28,390 --> 00:44:26,960

with uh

1252

00:44:29,750 --> 00:44:28,400

you may or may not be familiar with some

1253

00:44:30,790 --> 00:44:29,760

of these guys sorry if they're in your

1254

00:44:34,069 --> 00:44:30,800

archives and i've not

1255

00:44:39,190 --> 00:44:34,079

uh stumbled across them um paul levy

1256

00:44:43,270 --> 00:44:41,430

yeah a couple he's he's his book from

1257

00:44:44,710 --> 00:44:43,280

years ago was dispelling watico he has

1258

00:44:46,950 --> 00:44:44,720

published since then

1259

00:44:47,910 --> 00:44:46,960

um that's a night in sort of indigenous

1260

00:44:51,829 --> 00:44:47,920

people's

1261

00:44:54,470 --> 00:44:51,839

view of what you know of evil um

1262

00:44:55,910 --> 00:44:54,480

recently a couple great researchers uh

1263

00:44:58,790 --> 00:44:55,920

again u.s based

1264

00:45:01,349 --> 00:44:58,800

uh colin e davis and melissa murray uh

1265

00:45:04,710 --> 00:45:01,359

we've done great work on the shadow side

1266

00:45:08,390 --> 00:45:04,720

um of a few

1267

00:45:10,390 --> 00:45:08,400

of the species and on jungian psychology

1268

00:45:11,670 --> 00:45:10,400

and psychoanalysis and also a guy i

1269

00:45:13,510 --> 00:45:11,680

respect greatly

1270

00:45:14,710 --> 00:45:13,520

a guy called mark stavish and all these

1271

00:45:16,309 --> 00:45:14,720

people have been on with me recently

1272

00:45:17,750 --> 00:45:16,319

actually since

1273

00:45:19,349 --> 00:45:17,760

the outbreak of the pandemic because i

1274

00:45:20,950 --> 00:45:19,359

wanted to talk to them all about this

1275

00:45:21,349 --> 00:45:20,960

and what were the deeper layers behind

1276

00:45:24,390 --> 00:45:21,359

this

1277

00:45:26,550 --> 00:45:24,400

and we've been talking shadow

1278

00:45:28,069 --> 00:45:26,560

and we've because what i've been doing

1279

00:45:28,870 --> 00:45:28,079

is what i've said a moment ago i've been

1280

00:45:30,309 --> 00:45:28,880

trying to what

1281

00:45:31,829 --> 00:45:30,319

evidence are we looking for here what

1282

00:45:33,589 --> 00:45:31,839

there's other layers going on here if

1283

00:45:35,190 --> 00:45:33,599

we've got as far

1284

00:45:36,870 --> 00:45:35,200

as with bernardo's work we got to a

1285

00:45:38,230 --> 00:45:36,880

certain point and there's something else

1286

00:45:39,750 --> 00:45:38,240

going on if there's still

1287

00:45:41,270 --> 00:45:39,760

what's missing here what are we not

1288

00:45:42,470 --> 00:45:41,280

seeing then

1289

00:45:44,630 --> 00:45:42,480

what should we look for what are the

1290

00:45:46,390 --> 00:45:44,640

signs and then what

1291

00:45:49,910 --> 00:45:46,400

for can we just you know what what's

1292

00:45:54,470 --> 00:45:52,790

well you know and uh i might not have

1293

00:45:55,270 --> 00:45:54,480

interviewed paul levy i'm just familiar

1294

00:45:57,829 --> 00:45:55,280

with that

1295

00:45:58,870 --> 00:45:57,839

that book and i think i've i'd really

1296

00:46:02,069 --> 00:45:58,880

like to have mine so

1297

00:46:03,670 --> 00:46:02,079

have you interviewed him yeah twice when

1298

00:46:05,589 --> 00:46:03,680

to spelling what teco came out and then

1299

00:46:07,150 --> 00:46:05,599

more recently because

1300

00:46:08,710 --> 00:46:07,160

if you go to his website

1301
00:46:10,230 --> 00:46:08,720
awakeningthedream.com he's got a whole

1302
00:46:12,069 --> 00:46:10,240
series of articles just

1303
00:46:13,510 --> 00:46:12,079
coronavirus articles he's got a special

1304
00:46:16,790 --> 00:46:13,520
subsection and that's

1305
00:46:18,390 --> 00:46:16,800
all about the deep psychological levels

1306
00:46:20,710 --> 00:46:18,400
here you know he because he takes a sort

1307
00:46:23,910 --> 00:46:20,720
of a jungian

1308
00:46:26,150 --> 00:46:23,920
approach to this uh again paraphrasing

1309
00:46:27,990 --> 00:46:26,160
jung as i did in my interview with

1310
00:46:31,589 --> 00:46:28,000
bernardo actually uh

1311
00:46:33,589 --> 00:46:31,599
more or less that which is denied

1312
00:46:34,790 --> 00:46:33,599
within us you know within our

1313
00:46:38,230 --> 00:46:34,800

subconscious within the

1314

00:46:41,109 --> 00:46:38,240

psyche manifests itself in the world

1315

00:46:41,990 --> 00:46:41,119

as an event and that's the the those are

1316

00:46:43,829 --> 00:46:42,000

the dimensions of

1317

00:46:45,829 --> 00:46:43,839

what we're undergoing now that i'm most

1318

00:46:47,510 --> 00:46:45,839

interested in where is this coming from

1319

00:46:50,150 --> 00:46:47,520

what does it mean because it isn't

1320

00:46:51,109 --> 00:46:50,160

the literal reading of it you know 3d

1321

00:46:52,550 --> 00:46:51,119

world perspective

1322

00:46:54,390 --> 00:46:52,560

there's a virus some people are getting

1323

00:46:57,589 --> 00:46:54,400

sick and we're reacting to it

1324

00:46:59,030 --> 00:46:57,599

that's that's a sideshow well see here's

1325

00:47:03,190 --> 00:46:59,040

the interesting part of that and

1326

00:47:05,589 --> 00:47:03,200

and we'll maybe sidestep partially

1327

00:47:06,710 --> 00:47:05,599

the covid thing because we're all so

1328

00:47:09,510 --> 00:47:06,720

kind of

1329

00:47:11,430 --> 00:47:09,520

burned out on the cycles with it but you

1330

00:47:14,870 --> 00:47:11,440

know they said the same thing about

1331

00:47:18,870 --> 00:47:14,880

um global warming right

1332

00:47:22,630 --> 00:47:18,880

so same thing you know jungian

1333

00:47:24,630 --> 00:47:22,640

earth gaia revenge all that stuff

1334

00:47:26,069 --> 00:47:24,640

except science reveals that they're full

1335

00:47:28,630 --> 00:47:26,079

of [h__\h] right

1336

00:47:30,549 --> 00:47:28,640

there's no global warming we have one

1337

00:47:32,870 --> 00:47:30,559

measure for global warming

1338

00:47:35,589 --> 00:47:32,880

it's sea level that's the only measure

1339

00:47:38,150 --> 00:47:35,599

right that's the only measure that

1340

00:47:38,950 --> 00:47:38,160

that's the only measure that they ever

1341

00:47:40,710 --> 00:47:38,960

talked about

1342

00:47:42,069 --> 00:47:40,720

as being meaningful all these islands

1343

00:47:42,470 --> 00:47:42,079

are going to be flooded and stuff like

1344

00:47:45,030 --> 00:47:42,480

that

1345

00:47:45,670 --> 00:47:45,040

and then if you go and you know i think

1346

00:47:49,109 --> 00:47:45,680

the best

1347

00:47:52,390 --> 00:47:49,119

go-to person on this is probably

1348

00:47:53,109 --> 00:47:52,400

judith curry phd head of the climatology

1349

00:47:54,710 --> 00:47:53,119

department at

1350

00:47:55,829 --> 00:47:54,720

georgia tech university and i don't even

1351
00:47:57,589 --> 00:47:55,839
know where you come down on global

1352
00:48:00,230 --> 00:47:57,599
warming but

1353
00:48:01,910 --> 00:48:00,240
and she did this extensive kind of

1354
00:48:03,750 --> 00:48:01,920
peer-reviewed analysis

1355
00:48:06,150 --> 00:48:03,760
of sea level because sea level is the

1356
00:48:08,470 --> 00:48:06,160
issue the ice is in the glass

1357
00:48:10,150 --> 00:48:08,480
if the ice melts the level of the water

1358
00:48:12,549 --> 00:48:10,160
in the glass goes up

1359
00:48:13,750 --> 00:48:12,559
if you freeze it you put more than it

1360
00:48:17,030 --> 00:48:13,760
goes down

1361
00:48:20,470 --> 00:48:17,040
we can measure ice levels and water

1362
00:48:22,230 --> 00:48:20,480
sea level levels for tens of thousands

1363
00:48:23,750 --> 00:48:22,240

of years we just go to the ice core and

1364

00:48:25,589 --> 00:48:23,760

we can get all that data

1365

00:48:27,349 --> 00:48:25,599

they've gone up they've gone down

1366

00:48:28,710 --> 00:48:27,359

they've been higher they've been lower

1367

00:48:31,030 --> 00:48:28,720

they've been much lower but they've even

1368

00:48:33,829 --> 00:48:31,040

been higher up to six feet

1369

00:48:34,710 --> 00:48:33,839

but right around where you live and

1370

00:48:37,510 --> 00:48:34,720

where i live

1371

00:48:39,349 --> 00:48:37,520

you know they've measured sea levels for

1372

00:48:42,069 --> 00:48:39,359

hundreds of years

1373

00:48:43,270 --> 00:48:42,079

they essentially have not changed they

1374

00:48:45,510 --> 00:48:43,280

haven't changed

1375

00:48:47,349 --> 00:48:45,520

because there hasn't been any global

1376

00:48:49,109 --> 00:48:47,359

warming to speak of

1377

00:48:51,030 --> 00:48:49,119

tiny bit but nothing enough to make a

1378

00:48:52,950 --> 00:48:51,040

difference my point is

1379

00:48:54,230 --> 00:48:52,960

the science and a lot of people are

1380

00:48:54,870 --> 00:48:54,240

going to reject to that i know because

1381

00:48:58,230 --> 00:48:54,880

they get all

1382

00:49:01,750 --> 00:48:58,240

been out of shape the science suggests

1383

00:49:02,710 --> 00:49:01,760

that it's not on solid footing the idea

1384

00:49:05,990 --> 00:49:02,720

of

1385

00:49:09,589 --> 00:49:06,000

man-made global warming due to carbon

1386

00:49:13,270 --> 00:49:09,599

output and yet

1387

00:49:16,230 --> 00:49:13,280

paul levy and those types

1388

00:49:17,109 --> 00:49:16,240

were offering a jungian explanation for

1389

00:49:19,910 --> 00:49:17,119

it

1390

00:49:21,829 --> 00:49:19,920

so this is the this is the failing of

1391

00:49:22,870 --> 00:49:21,839

philosophy and i know he's not strictly

1392

00:49:25,589 --> 00:49:22,880

a philosopher

1393

00:49:26,630 --> 00:49:25,599

but this is where where philosophy has

1394

00:49:30,150 --> 00:49:26,640

failed

1395

00:49:32,630 --> 00:49:30,160

they've been swamped by science

1396

00:49:33,589 --> 00:49:32,640

they can't process the science and they

1397

00:49:35,750 --> 00:49:33,599

know they can't

1398

00:49:37,589 --> 00:49:35,760

so they just throw up their hands and

1399

00:49:39,030 --> 00:49:37,599

they randomly take one position or

1400

00:49:42,390 --> 00:49:39,040

another on science

1401

00:49:46,630 --> 00:49:42,400

and then they build some kind of

1402

00:49:49,190 --> 00:49:46,640

understanding based on what is often

1403

00:49:50,630 --> 00:49:49,200

crappy science that is very opinionated

1404

00:49:54,069 --> 00:49:50,640

that's my take so

1405

00:49:56,549 --> 00:49:54,079

good what's your take well

1406

00:49:58,230 --> 00:49:56,559

on global warming clearly the climate

1407

00:49:59,829 --> 00:49:58,240

changes so i don't like to use the word

1408

00:50:02,710 --> 00:49:59,839

global warming in fact

1409

00:50:04,150 --> 00:50:02,720

lots of uh globalists didn't like people

1410

00:50:06,470 --> 00:50:04,160

using that after a while because

1411

00:50:07,829 --> 00:50:06,480

when the temperature took a dive then it

1412

00:50:09,349 --> 00:50:07,839

was an opportunity for people to say

1413

00:50:11,990 --> 00:50:09,359

what global warming

1414

00:50:13,910 --> 00:50:12,000

yes so the climate change is over long

1415

00:50:16,549 --> 00:50:13,920

periods of time we can see that you know

1416

00:50:17,109 --> 00:50:16,559

records of that all over the earth and

1417

00:50:20,309 --> 00:50:17,119

there

1418

00:50:22,230 --> 00:50:20,319

even we have in the era of modern humans

1419

00:50:24,470 --> 00:50:22,240

we know we have all the

1420

00:50:27,510 --> 00:50:24,480

the myths and legends and anecdotal

1421

00:50:30,470 --> 00:50:27,520

stories passed down to us about

1422

00:50:31,270 --> 00:50:30,480

um at the ice ages and you know global

1423

00:50:34,390 --> 00:50:31,280

flooding of the

1424

00:50:37,430 --> 00:50:34,400

the flood the deluge is a global myth

1425

00:50:40,790 --> 00:50:37,440

so it seems clear to me that uh that

1426
00:50:43,430 --> 00:50:40,800
everything points to the large changes

1427
00:50:43,829 --> 00:50:43,440
in climate and other geological factors

1428
00:50:47,430 --> 00:50:43,839
they

1429
00:50:49,670 --> 00:50:47,440
take place over long periods of time

1430
00:50:51,349 --> 00:50:49,680
large scale changes in the earth

1431
00:50:54,549 --> 00:50:51,359
generally don't take place

1432
00:50:56,870 --> 00:50:54,559
very quickly i think that human activity

1433
00:50:58,390 --> 00:50:56,880
can affect climate particularly locally

1434
00:50:59,990 --> 00:50:58,400
i think really definitely you can see

1435
00:51:01,510 --> 00:51:00,000
that when you go into uh if you go

1436
00:51:03,030 --> 00:51:01,520
i go from here and go into london you

1437
00:51:03,910 --> 00:51:03,040
know it's warmer straight away once we

1438
00:51:06,630 --> 00:51:03,920

get in

1439

00:51:07,750 --> 00:51:06,640

um and in terms of pollution as well i

1440

00:51:09,589 --> 00:51:07,760

think a lot of pollution

1441

00:51:10,950 --> 00:51:09,599

in one you see like in china for example

1442

00:51:11,910 --> 00:51:10,960

in concentrated area can definitely

1443

00:51:13,670 --> 00:51:11,920

affect the climate

1444

00:51:15,589 --> 00:51:13,680

but as far as the whole global picture

1445

00:51:16,630 --> 00:51:15,599

goes i i don't the way it's presented i

1446

00:51:19,750 --> 00:51:16,640

don't think

1447

00:51:21,589 --> 00:51:19,760

is um is the case uh

1448

00:51:23,349 --> 00:51:21,599

certainly as you say we'd be expecting

1449

00:51:24,790 --> 00:51:23,359

to see some more evidence for it now but

1450

00:51:25,990 --> 00:51:24,800

again that we could talk about that all

1451
00:51:28,390 --> 00:51:26,000
day

1452
00:51:29,390 --> 00:51:28,400
but as far as you'd point you made about

1453
00:51:31,190 --> 00:51:29,400
some other people offering

1454
00:51:34,309 --> 00:51:31,200
interpretations

1455
00:51:34,790 --> 00:51:34,319
of let's say great because you can you

1456
00:51:37,589 --> 00:51:34,800
remember

1457
00:51:38,870 --> 00:51:37,599
the run-up to 2012 there was going to be

1458
00:51:41,030 --> 00:51:38,880
this great

1459
00:51:42,710 --> 00:51:41,040
earth change this consciousness shift

1460
00:51:44,069 --> 00:51:42,720
that was going to happen and people were

1461
00:51:45,829 --> 00:51:44,079
offering all sorts of interpretations

1462
00:51:47,270 --> 00:51:45,839
about why it was going to happen

1463
00:51:48,790 --> 00:51:47,280

some of them were scientific some of

1464

00:51:50,390 --> 00:51:48,800

them were pseudo-scientific some of them

1465

00:51:51,829 --> 00:51:50,400

are philosophical some of them were

1466

00:51:53,430 --> 00:51:51,839

psychological

1467

00:51:55,109 --> 00:51:53,440

uh psycho-spiritual there's all these

1468

00:51:56,710 --> 00:51:55,119

people saying and this is the reason why

1469

00:51:57,270 --> 00:51:56,720

this shift is happening and then nothing

1470

00:52:00,630 --> 00:51:57,280

happened

1471

00:52:02,230 --> 00:52:00,640

apparently um so i think

1472

00:52:03,670 --> 00:52:02,240

that that's natural and if you have

1473

00:52:05,190 --> 00:52:03,680

someone who

1474

00:52:06,710 --> 00:52:05,200

and david i could certainly be counted

1475

00:52:08,390 --> 00:52:06,720

in this camp if you have someone who's

1476
00:52:10,390 --> 00:52:08,400
bringing their

1477
00:52:11,910 --> 00:52:10,400
perception to bear on the world around

1478
00:52:14,230 --> 00:52:11,920
them and trying to interpret it

1479
00:52:16,230 --> 00:52:14,240
and give a bit as they see a better

1480
00:52:18,549 --> 00:52:16,240
reading of what's going on than

1481
00:52:19,510 --> 00:52:18,559
we're mostly being offered of course

1482
00:52:21,030 --> 00:52:19,520
they will

1483
00:52:22,549 --> 00:52:21,040
because as you say not everyone's an

1484
00:52:23,190 --> 00:52:22,559
expert in everything and david's been

1485
00:52:26,230 --> 00:52:23,200
guilty of this

1486
00:52:28,309 --> 00:52:26,240
they will imply they will apply their

1487
00:52:29,270 --> 00:52:28,319
their template or their interpretation

1488
00:52:31,510 --> 00:52:29,280

to something that

1489

00:52:32,790 --> 00:52:31,520

turns out to be on a false basis if you

1490

00:52:35,510 --> 00:52:32,800

see what i mean

1491

00:52:36,950 --> 00:52:35,520

so not everyone who is interpreting

1492

00:52:39,829 --> 00:52:36,960

interpreting uh

1493

00:52:40,150 --> 00:52:39,839

global warming projections on a you know

1494

00:52:45,990 --> 00:52:40,160

a

1495

00:52:47,349 --> 00:52:46,000

got

1496

00:52:48,790 --> 00:52:47,359

that particular thing wrong or maybe

1497

00:52:50,549 --> 00:52:48,800

they're inhabit in the habit of

1498

00:52:51,750 --> 00:52:50,559

interpreting every single thing that

1499

00:52:54,870 --> 00:52:51,760

occurs

1500

00:52:56,710 --> 00:52:54,880

in their consciousness through that lens

1501
00:52:57,990 --> 00:52:56,720
including i've often found including

1502
00:53:01,670 --> 00:52:58,000
people that do it

1503
00:53:04,710 --> 00:53:01,680
on stuff that's incredibly

1504
00:53:06,630 --> 00:53:04,720
uh culturally specific you know like

1505
00:53:07,750 --> 00:53:06,640
here in the united states we have a

1506
00:53:11,030 --> 00:53:07,760
complete

1507
00:53:13,349 --> 00:53:11,040
you know uh egocentric kind of

1508
00:53:14,069 --> 00:53:13,359
a view of our country so something will

1509
00:53:15,829 --> 00:53:14,079
you know the whole

1510
00:53:17,349 --> 00:53:15,839
world right now is going through an

1511
00:53:19,829 --> 00:53:17,359
election crisis

1512
00:53:20,470 --> 00:53:19,839
no it's really just in the united states

1513
00:53:23,349 --> 00:53:20,480

folks

1514

00:53:25,109 --> 00:53:23,359

it's not the entire world there might be

1515

00:53:28,309 --> 00:53:25,119

larger implications

1516

00:53:30,150 --> 00:53:28,319

one could make but you know i mean

1517

00:53:32,630 --> 00:53:30,160

it just it's one of the annoying things

1518

00:53:34,870 --> 00:53:32,640

for me particularly because

1519

00:53:35,750 --> 00:53:34,880

you know back to the placebo effect kind

1520

00:53:37,589 --> 00:53:35,760

of thing

1521

00:53:39,030 --> 00:53:37,599

and and back to the conspiratorial

1522

00:53:42,390 --> 00:53:39,040

things these

1523

00:53:44,390 --> 00:53:42,400

things are being rigged into the system

1524

00:53:47,829 --> 00:53:44,400

and we're constantly being played

1525

00:53:52,230 --> 00:53:47,839

so i just pull up on the you know

1526
00:53:55,990 --> 00:53:52,240
deep psychology the jungian shadow side

1527
00:53:58,470 --> 00:53:56,000
of covid19 pump the brakes minute

1528
00:53:59,030 --> 00:53:58,480
let's figure out whether it was a virus

1529
00:54:02,230 --> 00:53:59,040
that was

1530
00:54:02,630 --> 00:54:02,240
engineered in a bio weapons lab in hunan

1531
00:54:05,190 --> 00:54:02,640
let's

1532
00:54:07,510 --> 00:54:05,200
establish whether that is true or not

1533
00:54:11,510 --> 00:54:07,520
that might have a bearing on

1534
00:54:13,030 --> 00:54:11,520
you know your whole thing about

1535
00:54:14,470 --> 00:54:13,040
deep psychology kind of thing you're

1536
00:54:15,750 --> 00:54:14,480
gonna have to work that into your into

1537
00:54:19,589 --> 00:54:15,760
your speech there so

1538
00:54:20,390 --> 00:54:19,599

give it a pause well i mean if if

1539

00:54:22,950 --> 00:54:20,400

consciousness

1540

00:54:23,990 --> 00:54:22,960

is the ground of being and everything's

1541

00:54:26,710 --> 00:54:24,000

within consciousness

1542

00:54:29,109 --> 00:54:26,720

then what who knows what form that could

1543

00:54:31,349 --> 00:54:29,119

take i don't see how that disallows

1544

00:54:33,109 --> 00:54:31,359

um an engineered virus in wuhan that's

1545

00:54:37,109 --> 00:54:33,119

such an event playing out

1546

00:54:38,950 --> 00:54:37,119

yeah but it doesn't it it is

1547

00:54:40,950 --> 00:54:38,960

you can't get there from here right i

1548

00:54:43,750 --> 00:54:40,960

mean if you're going to say

1549

00:54:46,789 --> 00:54:43,760

look you know i i interviewed uh did you

1550

00:54:49,430 --> 00:54:46,799

ever interview donald hoffman

1551
00:54:51,589 --> 00:54:49,440
no no the name rings available he he is

1552
00:54:52,390 --> 00:54:51,599
really a brilliant guy he's a caltech

1553
00:54:59,349 --> 00:54:52,400
physicist

1554
00:55:01,270 --> 00:54:59,359
and highly respected um and he's

1555
00:55:03,589 --> 00:55:01,280
somebody who kind of completely but

1556
00:55:05,670 --> 00:55:03,599
politely kind of destroys the scientific

1557
00:55:07,750 --> 00:55:05,680
materialism

1558
00:55:09,349 --> 00:55:07,760
and when he and i talked we had an

1559
00:55:10,710 --> 00:55:09,359
awesome moment

1560
00:55:12,390 --> 00:55:10,720
when we were talking then about

1561
00:55:13,750 --> 00:55:12,400
spirituality because he's really all

1562
00:55:15,030 --> 00:55:13,760
about science you know and he's all

1563
00:55:17,750 --> 00:55:15,040

about the numbers

1564

00:55:19,109 --> 00:55:17,760

and he said one day he was giving his

1565

00:55:21,589 --> 00:55:19,119

presentation to a

1566

00:55:22,549 --> 00:55:21,599

relatively large group and talking about

1567

00:55:24,870 --> 00:55:22,559

his

1568

00:55:26,549 --> 00:55:24,880

rigorous mathematical model for

1569

00:55:28,069 --> 00:55:26,559

consciousness

1570

00:55:30,870 --> 00:55:28,079

and again this is a this is

1571

00:55:34,549 --> 00:55:30,880

consciousness beyond materialism

1572

00:55:37,990 --> 00:55:34,559

and some guy set up and said yes but dr

1573

00:55:41,589 --> 00:55:38,000

hoffman the only language of

1574

00:55:44,870 --> 00:55:41,599

god is silence

1575

00:55:48,710 --> 00:55:44,880

everything else is ignorance

1576

00:55:52,470 --> 00:55:48,720

and he said okay he said okay

1577

00:55:53,109 --> 00:55:52,480

actually i like that he said i go into

1578

00:55:56,150 --> 00:55:53,119

silence

1579

00:55:59,190 --> 00:55:56,160

every day i'm into meditation and if

1580

00:55:59,670 --> 00:55:59,200

you were to stop there and not say

1581

00:56:02,870 --> 00:55:59,680

anything

1582

00:56:06,069 --> 00:56:02,880

else i could agree with you

1583

00:56:07,270 --> 00:56:06,079

he said but invariably people who say

1584

00:56:10,870 --> 00:56:07,280

those things

1585

00:56:13,109 --> 00:56:10,880

then have a thousand other things to say

1586

00:56:14,630 --> 00:56:13,119

and a thousand books to reference and

1587

00:56:16,549 --> 00:56:14,640

all their great sages

1588

00:56:17,750 --> 00:56:16,559

and they want to bring in all the quotes

1589

00:56:21,270 --> 00:56:17,760

and they want to do

1590

00:56:25,270 --> 00:56:21,280

anything other than be silent

1591

00:56:28,870 --> 00:56:25,280

he said so if we are going to speak

1592

00:56:29,670 --> 00:56:28,880

let's speak with precision now to dr

1593

00:56:33,589 --> 00:56:29,680

hoffman

1594

00:56:35,270 --> 00:56:33,599

that precision means mathematics

1595

00:56:38,230 --> 00:56:35,280

because he believes that mathematical

1596

00:56:39,670 --> 00:56:38,240

models are elegantly precise

1597

00:56:41,190 --> 00:56:39,680

and they are in some ways i don't think

1598

00:56:43,030 --> 00:56:41,200

they can capture everything but i get

1599

00:56:46,870 --> 00:56:43,040

his point

1600

00:56:48,710 --> 00:56:46,880

i want to say that to paul levy i want

1601
00:56:51,990 --> 00:56:48,720
to say that to so many of these

1602
00:56:55,349 --> 00:56:52,000
other jungian you know i'm

1603
00:56:57,910 --> 00:56:55,359
all about the imaginary uh no

1604
00:56:59,030 --> 00:56:57,920
being imaginative and creative in all

1605
00:57:00,870 --> 00:56:59,040
the possibilities

1606
00:57:03,030 --> 00:57:00,880
the limitless possibilities within all

1607
00:57:05,990 --> 00:57:03,040
the realms of consciousness

1608
00:57:07,510 --> 00:57:06,000
but i am going to ask for precision and

1609
00:57:09,430 --> 00:57:07,520
when you're wrong

1610
00:57:10,789 --> 00:57:09,440
you have to be held accountable so if

1611
00:57:14,230 --> 00:57:10,799
you go down the path

1612
00:57:17,270 --> 00:57:14,240
of global warming and that's gaia's

1613
00:57:17,829 --> 00:57:17,280

self-protection mechanism and it kicked

1614

00:57:23,030 --> 00:57:17,839

in

1615

00:57:25,829 --> 00:57:23,040

wrong

1616

00:57:27,109 --> 00:57:25,839

then you got to take it on the chin and

1617

00:57:27,829 --> 00:57:27,119

i'm not saying you craig because you

1618

00:57:29,349 --> 00:57:27,839

didn't do that

1619

00:57:31,270 --> 00:57:29,359

but i'm saying you got to take it on the

1620

00:57:33,349 --> 00:57:31,280

chin you can't keep spinning it

1621

00:57:34,309 --> 00:57:33,359

like maybe it's true maybe it's not same

1622

00:57:35,750 --> 00:57:34,319

thing with covet

1623

00:57:38,710 --> 00:57:35,760

if you want to stick your neck out there

1624

00:57:41,910 --> 00:57:38,720

and say that gaia produced

1625

00:57:44,230 --> 00:57:41,920

a virus that would you know do what it

1626
00:57:47,510 --> 00:57:44,240
has done to the population or whatever

1627
00:57:50,470 --> 00:57:47,520
that's fine but if we later find out

1628
00:57:51,589 --> 00:57:50,480
and prove that it's a pandemic then you

1629
00:57:54,309 --> 00:57:51,599
got to take one on the chin

1630
00:57:55,430 --> 00:57:54,319
you got to step aside and go i was wrong

1631
00:57:58,309 --> 00:57:55,440
you got a course correct

1632
00:57:59,670 --> 00:57:58,319
you got to own your thing again that's

1633
00:58:00,789 --> 00:57:59,680
not directly at you because you didn't

1634
00:58:02,789 --> 00:58:00,799
say any of that stuff but

1635
00:58:03,829 --> 00:58:02,799
i i'm being kind of provocative i know

1636
00:58:07,270 --> 00:58:03,839
i'm poking oh yeah i know

1637
00:58:10,390 --> 00:58:07,280
that that's fine if it was a pandemic

1638
00:58:11,670 --> 00:58:10,400

that still wouldn't mean ultimately uh

1639

00:58:14,150 --> 00:58:11,680

if you drill down deep

1640

00:58:14,950 --> 00:58:14,160

deep enough that it wasn't you know gaia

1641

00:58:17,589 --> 00:58:14,960

because

1642

00:58:19,190 --> 00:58:17,599

we get a guy as there was one right so

1643

00:58:22,950 --> 00:58:19,200

let's so my point is

1644

00:58:25,109 --> 00:58:22,960

take gaia out of it quit saying anything

1645

00:58:27,430 --> 00:58:25,119

about gaia because we can't say anything

1646

00:58:28,390 --> 00:58:27,440

meaningful about gaia we don't know what

1647

00:58:30,470 --> 00:58:28,400

that means

1648

00:58:31,910 --> 00:58:30,480

so take it out of the discussion when

1649

00:58:33,270 --> 00:58:31,920

you as soon as you say well it could be

1650

00:58:36,950 --> 00:58:33,280

or could not be then you can't say

1651
00:58:38,390 --> 00:58:36,960
anything about it so about precision

1652
00:58:41,109 --> 00:58:38,400
then what does that look like because

1653
00:58:44,710 --> 00:58:41,119
that sound that sounds just like science

1654
00:58:45,910 --> 00:58:44,720
um and doesn't leave room for

1655
00:58:48,630 --> 00:58:45,920
anything else because you know there's

1656
00:58:51,190 --> 00:58:48,640
that old adage again you either

1657
00:58:51,829 --> 00:58:51,200
know something or you don't know

1658
00:58:53,109 --> 00:58:51,839
something

1659
00:58:54,870 --> 00:58:53,119
you know there's no question about

1660
00:58:56,470 --> 00:58:54,880
belief and in which case

1661
00:58:58,069 --> 00:58:56,480
we we know nothing really and i know

1662
00:58:59,670 --> 00:58:58,079
that's that's not like that's a bit of a

1663
00:59:00,710 --> 00:58:59,680

cop-out as well but it's just something

1664

00:59:03,109 --> 00:59:00,720

to think about

1665

00:59:04,069 --> 00:59:03,119

so we say what does precision look like

1666

00:59:05,270 --> 00:59:04,079

in different disciplines

1667

00:59:07,349 --> 00:59:05,280

what was it you know we're talking about

1668

00:59:09,430 --> 00:59:07,359

science philosophy and religion and

1669

00:59:11,190 --> 00:59:09,440

different different modes of uh of

1670

00:59:15,270 --> 00:59:11,200

apprehending reality

1671

00:59:18,309 --> 00:59:15,280

so when you say precise um

1672

00:59:20,230 --> 00:59:18,319

you know does that look different in in

1673

00:59:22,069 --> 00:59:20,240

different contexts or is it always more

1674

00:59:24,309 --> 00:59:22,079

or less the same thing

1675

00:59:26,069 --> 00:59:24,319

i think that's an awesomely beautiful

1676

00:59:28,589 --> 00:59:26,079

question

1677

00:59:30,069 --> 00:59:28,599

to donald hoffman precision means

1678

00:59:33,190 --> 00:59:30,079

mathematics

1679

00:59:34,789 --> 00:59:33,200

he's clear about that it doesn't mean

1680

00:59:37,190 --> 00:59:34,799

that to me

1681

00:59:37,910 --> 00:59:37,200

i i i you know we had an interesting

1682

00:59:40,069 --> 00:59:37,920

chat

1683

00:59:41,349 --> 00:59:40,079

both before and after the interview with

1684

00:59:43,990 --> 00:59:41,359

don hoffman said

1685

00:59:48,390 --> 00:59:44,000

how precise is that song that brought

1686

00:59:50,710 --> 00:59:48,400

you to tears it's precise as hell man

1687

00:59:51,990 --> 00:59:50,720

it reached into your heart and brought

1688

00:59:53,829 --> 00:59:52,000

you to

1689

00:59:55,910 --> 00:59:53,839

the depths of your humanness that's

1690

00:59:57,109 --> 00:59:55,920

pretty freaking precise

1691

00:59:59,430 --> 00:59:57,119

doesn't have anything to do with

1692

01:00:01,109 --> 00:59:59,440

mathematics how precise is the

1693

01:00:05,670 --> 01:00:01,119

philosopher that points

1694

01:00:08,549 --> 01:00:05,680

out the logical impossibility

1695

01:00:10,309 --> 01:00:08,559

of nihilism that's pretty [h__\h]

1696

01:00:13,589 --> 01:00:10,319

precise to me

1697

01:00:15,030 --> 01:00:13,599

so the the point really is just

1698

01:00:17,030 --> 01:00:15,040

there's a lot of different ways to be

1699

01:00:20,630 --> 01:00:17,040

precise but there's

1700

01:00:23,670 --> 01:00:20,640

many many more ways to be imprecise and

1701
01:00:24,549 --> 01:00:23,680
that's what i'm kind of fighting against

1702
01:00:28,470 --> 01:00:24,559
let's let's

1703
01:00:32,150 --> 01:00:28,480
i'm all in it let's engage but let's

1704
01:00:34,069 --> 01:00:32,160
you know be willing to kind of

1705
01:00:35,670 --> 01:00:34,079
kind of go at it a little bit in order

1706
01:00:37,990 --> 01:00:35,680
to get to a little bit of

1707
01:00:39,670 --> 01:00:38,000
precision you know the catchphrase for

1708
01:00:43,670 --> 01:00:39,680
skeptico is

1709
01:00:46,549 --> 01:00:43,680
inquiry to perpetuate doubt

1710
01:00:49,750 --> 01:00:46,559
i think doubt is a very spiritual thing

1711
01:00:51,910 --> 01:00:49,760
i think doubt is what i constantly want

1712
01:00:53,270 --> 01:00:51,920
to move towards because in moving

1713
01:00:56,549 --> 01:00:53,280

towards doubt

1714

01:00:59,589 --> 01:00:56,559

i find myself settling in on things that

1715

01:01:01,430 --> 01:00:59,599

feel more like

1716

01:01:03,190 --> 01:01:01,440

something i would call truth and i know

1717

01:01:06,309 --> 01:01:03,200

there isn't really anything called truth

1718

01:01:10,309 --> 01:01:06,319

but it nudges me in that direction

1719

01:01:11,990 --> 01:01:10,319

and can you have precise doubt

1720

01:01:14,230 --> 01:01:12,000

uh in in all the ways we're talking

1721

01:01:17,910 --> 01:01:14,240

about here right i mean uh

1722

01:01:20,549 --> 01:01:17,920

uh hoffman can precise doubt

1723

01:01:22,069 --> 01:01:20,559

absolutely his math says your your

1724

01:01:23,510 --> 01:01:22,079

equation doesn't work

1725

01:01:25,190 --> 01:01:23,520

the left side doesn't equal the right

1726

01:01:28,230 --> 01:01:25,200

size i doubt it

1727

01:01:28,950 --> 01:01:28,240

right a mathematician doubts all the

1728

01:01:31,829 --> 01:01:28,960

time

1729

01:01:33,190 --> 01:01:31,839

a a a good philosopher will present a

1730

01:01:35,510 --> 01:01:33,200

logical argument

1731

01:01:37,829 --> 01:01:35,520

that is all about doubt we'll say i

1732

01:01:39,349 --> 01:01:37,839

doubt your conclusion because you're

1733

01:01:43,430 --> 01:01:39,359

what do they say the antecedent present

1734

01:01:50,710 --> 01:01:46,710

so precision isn't um like a

1735

01:01:52,309 --> 01:01:50,720

sort of doesn't demand certainty

1736

01:01:53,750 --> 01:01:52,319

because what is that what i was saying

1737

01:01:55,990 --> 01:01:53,760

earlier about knowing

1738

01:01:57,670 --> 01:01:56,000

not knowledge and belief the gap between

1739

01:01:59,190 --> 01:01:57,680

the two

1740

01:02:00,789 --> 01:01:59,200

because what can we be certain about

1741

01:02:01,829 --> 01:02:00,799

otherwise what if we can be certain

1742

01:02:04,950 --> 01:02:01,839

about things and what

1743

01:02:09,029 --> 01:02:04,960

are you and i doing yeah i think

1744

01:02:12,309 --> 01:02:11,589

i don't think it's our lot certainty

1745

01:02:15,430 --> 01:02:12,319

really

1746

01:02:18,870 --> 01:02:15,440

not a lot i like i well put

1747

01:02:20,390 --> 01:02:18,880

yes when when you know one of the things

1748

01:02:22,069 --> 01:02:20,400

one of the areas of science that's

1749

01:02:23,430 --> 01:02:22,079

driven me is the near-death experience

1750

01:02:24,950 --> 01:02:23,440

science and we both just interviewed

1751

01:02:26,150 --> 01:02:24,960

david ditchfield that's another one we

1752

01:02:28,549 --> 01:02:26,160

could talk about

1753

01:02:30,630 --> 01:02:28,559

what that what we took away from that

1754

01:02:32,309 --> 01:02:30,640

who had a near-death experience

1755

01:02:34,710 --> 01:02:32,319

goddess i always liked his story how he

1756

01:02:37,270 --> 01:02:34,720

got his jacket caught on the train

1757

01:02:39,270 --> 01:02:37,280

as he was kissing his girlfriend goodbye

1758

01:02:39,910 --> 01:02:39,280

it's like is that the ultimate fear that

1759

01:02:41,750 --> 01:02:39,920

we all

1760

01:02:43,109 --> 01:02:41,760

have you know being dragged under the

1761

01:02:45,910 --> 01:02:43,119

train but

1762

01:02:48,950 --> 01:02:45,920

the near-death experiencers and other

1763

01:02:51,109 --> 01:02:48,960

people in this extended realm

1764

01:02:52,309 --> 01:02:51,119

what i don't know about you greg but

1765

01:02:55,750 --> 01:02:52,319

what they have told me

1766

01:02:57,510 --> 01:02:55,760

is that is a state of no doubt but it's

1767

01:03:00,069 --> 01:02:57,520

completely different

1768

01:03:00,870 --> 01:03:00,079

than the space the headspace that we're

1769

01:03:02,950 --> 01:03:00,880

in here

1770

01:03:05,510 --> 01:03:02,960

and a lot of times when they come back

1771

01:03:08,870 --> 01:03:05,520

they then are in this fog again

1772

01:03:12,069 --> 01:03:08,880

where it doesn't quite sync up

1773

01:03:15,109 --> 01:03:12,079

but when they were there in the light

1774

01:03:17,430 --> 01:03:15,119

in the love they had no

1775

01:03:19,349 --> 01:03:17,440

doubt but and that's where i take what

1776

01:03:21,829 --> 01:03:19,359

you said it's not our lot

1777

01:03:23,109 --> 01:03:21,839

it's not our lot in this existence to

1778

01:03:25,589 --> 01:03:23,119

have no doubt

1779

01:03:27,029 --> 01:03:25,599

and be you know functioning at the

1780

01:03:30,549 --> 01:03:27,039

highest level functioning at the highest

1781

01:03:33,029 --> 01:03:30,559

level i think down here is having doubt

1782

01:03:33,829 --> 01:03:33,039

well i love that point you just made

1783

01:03:36,630 --> 01:03:33,839

having

1784

01:03:37,109 --> 01:03:36,640

that certainty experienced by people

1785

01:03:38,950 --> 01:03:37,119

like

1786

01:03:40,870 --> 01:03:38,960

david you know near death experiences or

1787

01:03:41,910 --> 01:03:40,880

as i might just call it a death

1788

01:03:45,510 --> 01:03:41,920

experience

1789

01:03:45,990 --> 01:03:45,520

and they if they come back to the place

1790

01:03:47,910 --> 01:03:46,000

we

1791

01:03:49,510 --> 01:03:47,920

find ourselves sharing at the minute

1792

01:03:51,349 --> 01:03:49,520

they bring some of that

1793

01:03:53,510 --> 01:03:51,359

certainty with them and then it begins

1794

01:03:54,870 --> 01:03:53,520

to become on the doubt creeps and again

1795

01:03:55,829 --> 01:03:54,880

becomes a bit uncertain but they still

1796

01:03:57,670 --> 01:03:55,839

have to do

1797

01:03:59,270 --> 01:03:57,680

the spark of that certainty and that's

1798

01:04:00,309 --> 01:03:59,280

what motivates people quite often to

1799

01:04:03,270 --> 01:04:00,319

change

1800

01:04:04,470 --> 01:04:03,280

how they engage with with this reality i

1801

01:04:06,230 --> 01:04:04,480

think given the point we've

1802

01:04:07,990 --> 01:04:06,240

talked ourselves to today it might be a

1803

01:04:09,510 --> 01:04:08,000

good point to break off

1804

01:04:12,150 --> 01:04:09,520

i really hope we can pick this up in the

1805

01:04:14,950 --> 01:04:12,160

near future not least of which because i

1806

01:04:15,670 --> 01:04:14,960

want to get into the concept and the

1807

01:04:18,150 --> 01:04:15,680

reality of

1808

01:04:19,190 --> 01:04:18,160

evil what your aforementioned book

1809

01:04:21,910 --> 01:04:19,200

brings together

1810

01:04:24,309 --> 01:04:21,920

through the the lens of many of your

1811

01:04:26,230 --> 01:04:24,319

guests i want to talk about

1812

01:04:27,910 --> 01:04:26,240

the system being gamed i want to talk

1813

01:04:29,510 --> 01:04:27,920

about things being rigged about being

1814

01:04:31,029 --> 01:04:29,520

skewed and twisted in certain

1815

01:04:32,549 --> 01:04:31,039

certain direction i want to talk about

1816

01:04:35,589 --> 01:04:32,559

our attention being

1817

01:04:37,349 --> 01:04:35,599

drawn away elsewhere look don't look at

1818

01:04:40,470 --> 01:04:37,359

that look over here i want to talk

1819

01:04:43,589 --> 01:04:40,480

about agendas so

1820

01:04:45,270 --> 01:04:43,599

um yeah if you're happy to leave it at

1821

01:04:48,150 --> 01:04:45,280

that for today i hope we can

1822

01:04:49,190 --> 01:04:48,160

pick it up again in the future um if you

1823

01:04:50,549 --> 01:04:49,200

are

1824

01:04:52,710 --> 01:04:50,559

give us have you got any closing

1825

01:04:55,029 --> 01:04:52,720

thoughts otherwise

1826
01:04:56,710 --> 01:04:55,039
tell listeners about your website where

1827
01:04:58,230 --> 01:04:56,720
they can get the book anything else they

1828
01:05:00,950 --> 01:04:58,240
need to know

1829
01:05:02,710 --> 01:05:00,960
well i definitely am super excited about

1830
01:05:03,270 --> 01:05:02,720
continuing the dialogue i like how you

1831
01:05:05,750 --> 01:05:03,280
teed up

1832
01:05:07,750 --> 01:05:05,760
part two so we'll kind of leave it there

1833
01:05:08,309 --> 01:05:07,760
me skeptical just have to spell it with

1834
01:05:10,470 --> 01:05:08,319
a ko

1835
01:05:12,549 --> 01:05:10,480
on the end and you'll find all my good

1836
01:05:16,309 --> 01:05:12,559
stuff thanks a lot for doing this

1837
01:05:18,870 --> 01:05:16,319
and i i really like uh where we came to

1838
01:05:20,710 --> 01:05:18,880

on a couple of places there and

1839

01:05:22,710 --> 01:05:20,720

i like that we don't have to agree but i

1840

01:05:24,870 --> 01:05:22,720

feel like we're moving towards a space

1841

01:05:28,150 --> 01:05:24,880

here that is really

1842

01:05:29,270 --> 01:05:28,160

under under uh explored in terms of

1843

01:05:31,190 --> 01:05:29,280

these kind of

1844

01:05:32,549 --> 01:05:31,200

dialogues so yeah let's definitely do it

1845

01:05:34,230 --> 01:05:32,559

again and i mean

1846

01:05:37,109 --> 01:05:34,240

this is something i'd love to put out on

1847

01:05:39,109 --> 01:05:37,119

skeptico 2. both part one and part two

1848

01:05:40,950 --> 01:05:39,119

of these uh of these dialogues if that's

1849

01:05:43,510 --> 01:05:40,960

okay with you
