***RABIES,
DAMN RABIES***

561-MICHAEL-WALLACH

1
00:00:00,640 --> 00:00:04,870
on this episode of skeptico

2
00:00:10,629 --> 00:00:06,309
rabies

3
00:00:13,270 --> 00:00:10,639
a woman shouldn't have to be hit by a

4
00:00:16,790 --> 00:00:13,280
car to learn that she may have rabies

5
00:00:18,870 --> 00:00:16,800
but that is where we are in america and

6
00:00:21,990 --> 00:00:18,880
that does not sit right

7
00:00:25,509 --> 00:00:22,000
with me and that is why i am hosting a

8
00:00:28,230 --> 00:00:25,519
fun run race for the cure for rabies to

9
00:00:31,669 --> 00:00:28,240
raise awareness of the fact that there

10
00:00:34,229 --> 00:00:31,679
is a cure for rabies a disease that has

11
00:00:35,110 --> 00:00:34,239
been largely eradicated in the u.s

12
00:00:37,830 --> 00:00:35,120
but

13
00:00:40,150 --> 00:00:37,840

not very many people know that

14

00:00:42,069 --> 00:00:40,160

there is simply no proof that there is a

15

00:00:44,229 --> 00:00:42,079

virus called rabies

16

00:00:45,029 --> 00:00:44,239

that causes the dogs to go nuts there's

17

00:00:47,110 --> 00:00:45,039

just

18

00:00:48,869 --> 00:00:47,120

there is no scientific proof of that

19

00:00:50,709 --> 00:00:48,879

that's a story

20

00:00:52,869 --> 00:00:50,719

so of course that first clip was steve

21

00:00:55,510 --> 00:00:52,879

carell from the office but the second

22

00:00:57,670 --> 00:00:55,520

one was from today's guest michael

23

00:00:59,990 --> 00:00:57,680

wallach who joined me to talk about his

24

00:01:02,549 --> 00:01:00,000

new documentary series

25

00:01:05,429 --> 00:01:02,559

the viral delusion hope you enjoy the

26
00:01:09,510 --> 00:01:07,429
welcome to skeptico where we explore

27
00:01:11,590 --> 00:01:09,520
controversial science and spirituality

28
00:01:14,469 --> 00:01:11,600
with leading researchers thinkers and

29
00:01:16,789 --> 00:01:14,479
their critics i'm your host alex sacaris

30
00:01:20,870 --> 00:01:16,799
and today we're joined by documentary

31
00:01:22,710 --> 00:01:20,880
filmmaker and creator of the new series

32
00:01:24,390 --> 00:01:22,720
the viral delusion

33
00:01:28,070 --> 00:01:24,400
mike blick

34
00:01:28,950 --> 00:01:28,080
and joining us as well is mike stone who

35
00:01:30,550 --> 00:01:28,960
is

36
00:01:32,310 --> 00:01:30,560
kind of a

37
00:01:34,950 --> 00:01:32,320
interesting guy knowledgeable guy knew

38
00:01:37,990 --> 00:01:34,960

about the film and mike invited mike

39

00:01:39,590 --> 00:01:38,000

along to kind of add maybe some input on

40

00:01:42,550 --> 00:01:39,600

some of the more technical scientific

41

00:01:45,030 --> 00:01:42,560

parts but i have a feeling that

42

00:01:46,789 --> 00:01:45,040

mr wallock will be able to handle a lot

43

00:01:49,270 --> 00:01:46,799

of that himself so

44

00:01:50,550 --> 00:01:49,280

to both of you thanks so much for being

45

00:01:52,950 --> 00:01:50,560

here

46

00:01:54,550 --> 00:01:52,960

alex thanks for having us you know the

47

00:01:56,230 --> 00:01:54,560

part of the reason of making the of

48

00:01:58,870 --> 00:01:56,240

making this documentary series was to be

49

00:02:01,190 --> 00:01:58,880

able to have conversations like this and

50

00:02:03,830 --> 00:02:01,200

uh so i'm really thrilled to be on

51
00:02:06,550 --> 00:02:03,840
great well i just couldn't agree more

52
00:02:08,469 --> 00:02:06,560
and you know i wanted to

53
00:02:10,550 --> 00:02:08,479
maybe play a little clip from the

54
00:02:12,550 --> 00:02:10,560
documentary but i also want to read this

55
00:02:15,510 --> 00:02:12,560
part because i think this is really

56
00:02:18,229 --> 00:02:15,520
the the energy and the spirit that i'm

57
00:02:19,270 --> 00:02:18,239
totally in sync with you guys on and i

58
00:02:22,150 --> 00:02:19,280
think

59
00:02:23,430 --> 00:02:22,160
we have to always step back and realize

60
00:02:26,070 --> 00:02:23,440
just how

61
00:02:27,910 --> 00:02:26,080
powerful and unique what you're saying

62
00:02:30,150 --> 00:02:27,920
is here no matter where we go in this

63
00:02:32,150 --> 00:02:30,160

discussion because we might not always

64

00:02:33,509 --> 00:02:32,160

agree on everything but here's from your

65

00:02:35,990 --> 00:02:33,519

website

66

00:02:38,150 --> 00:02:36,000

as scary as our times are they're

67

00:02:40,949 --> 00:02:38,160

pregnant with possibility the

68

00:02:43,509 --> 00:02:40,959

possibility for a wider understanding of

69

00:02:45,750 --> 00:02:43,519

our health and our politics the

70

00:02:48,830 --> 00:02:45,760

possibility of working together to free

71

00:02:52,150 --> 00:02:48,840

ourselves from misguided medical

72

00:02:54,710 --> 00:02:52,160

authorities disastrous health protocols

73

00:02:57,589 --> 00:02:54,720

and the corruption in injustice that

74

00:03:00,149 --> 00:02:57,599

leads to poor access to healthy food

75

00:03:02,630 --> 00:03:00,159

limited access to fresh clean water

76
00:03:05,750 --> 00:03:02,640
dwindling opportunities to breathe fresh

77
00:03:06,790 --> 00:03:05,760
and the unstopped toxification of our

78
00:03:10,550 --> 00:03:06,800
planet

79
00:03:12,869 --> 00:03:10,560
the known cause of disease

80
00:03:15,750 --> 00:03:12,879
well-written powerful stuff

81
00:03:16,630 --> 00:03:15,760
it's maybe even the jumping off point

82
00:03:18,550 --> 00:03:16,640
for

83
00:03:19,990 --> 00:03:18,560
where you guys are coming from any

84
00:03:21,990 --> 00:03:20,000
comment on that

85
00:03:23,830 --> 00:03:22,000
no i mean you know if they're i'm really

86
00:03:25,830 --> 00:03:23,840
glad you pointed this out because if

87
00:03:27,830 --> 00:03:25,840
there was any takeaway

88
00:03:29,589 --> 00:03:27,840

you know that people could have uh on

89

00:03:31,110 --> 00:03:29,599

doing the doc series i would want it to

90

00:03:33,190 --> 00:03:31,120

be that paragraph

91

00:03:35,110 --> 00:03:33,200

that's that's exactly what what we're

92

00:03:37,830 --> 00:03:35,120

trying to focus on and even though we

93

00:03:39,509 --> 00:03:37,840

dive into some some really technical

94

00:03:40,229 --> 00:03:39,519

science uh

95

00:03:41,430 --> 00:03:40,239

and

96

00:03:44,869 --> 00:03:41,440

you know there's a learning curve for a

97

00:03:47,830 --> 00:03:44,879

lot of people uh looking at at the

98

00:03:49,750 --> 00:03:47,840

so-called science of virology at the end

99

00:03:51,830 --> 00:03:49,760

of the day it's really simple

100

00:03:54,070 --> 00:03:51,840

uh the takeaway is really simple and

101

00:03:56,390 --> 00:03:54,080

that is it's it's living in a clean

102

00:03:57,830 --> 00:03:56,400

environment it's eating good food it's

103

00:03:59,910 --> 00:03:57,840

drinking clean water it's breathing

104

00:04:01,589 --> 00:03:59,920

clean air that's where we get health

105

00:04:03,429 --> 00:04:01,599

from and

106

00:04:04,949 --> 00:04:03,439

when we're sick

107

00:04:07,350 --> 00:04:04,959

the question

108

00:04:09,670 --> 00:04:07,360

we should be asking is

109

00:04:12,390 --> 00:04:09,680

what's changed in that environment

110

00:04:14,149 --> 00:04:12,400

what new toxins are are around us

111

00:04:16,229 --> 00:04:14,159

what's been introduced into our food

112

00:04:18,469 --> 00:04:16,239

what's been introduced into our water

113

00:04:20,789 --> 00:04:18,479

and there's been a real you know

114

00:04:23,189 --> 00:04:20,799

concerted effort to distract us from

115

00:04:24,150 --> 00:04:23,199

that uh that virology has played a huge

116

00:04:25,749 --> 00:04:24,160

role in

117

00:04:26,950 --> 00:04:25,759

and so i think that's a great place to

118

00:04:31,590 --> 00:04:26,960

start

119

00:04:33,510 --> 00:04:31,600

background and then how you came to this

120

00:04:36,550 --> 00:04:33,520

particular project

121

00:04:38,390 --> 00:04:36,560

sure so i mean to go way back i used to

122

00:04:39,749 --> 00:04:38,400

work for the government i was an

123

00:04:40,790 --> 00:04:39,759

intelligence analyst for the state

124

00:04:43,270 --> 00:04:40,800

department

125

00:04:45,830 --> 00:04:43,280

and i found that uh essentially

126

00:04:48,150 --> 00:04:45,840

everything i was doing was being misused

127

00:04:51,749 --> 00:04:48,160

or used for nefarious purposes

128

00:04:52,950 --> 00:04:51,759

uh so it quit and uh i was really

129

00:04:56,390 --> 00:04:52,960

interested in storytelling and

130

00:04:59,030 --> 00:04:56,400

filmmaking so i got into uh i got into

131

00:05:00,469 --> 00:04:59,040

screenwriting and and i've done yeah

132

00:05:01,909 --> 00:05:00,479

i've worked sort of

133

00:05:04,230 --> 00:05:01,919

in and out of hollywood for like 10

134

00:05:06,790 --> 00:05:04,240

years now as a screenwriter but i would

135

00:05:09,670 --> 00:05:06,800

say from a medical perspective my

136

00:05:11,510 --> 00:05:09,680

journey really began uh when my wife

137

00:05:12,469 --> 00:05:11,520

became ill when she was about 30 years

138

00:05:14,790 --> 00:05:12,479

old

139

00:05:17,189 --> 00:05:14,800

and she suddenly developed these really

140

00:05:19,270 --> 00:05:17,199

strange growths on her knee

141

00:05:21,670 --> 00:05:19,280

uh her knees would just flare up and

142

00:05:23,430 --> 00:05:21,680

then go down flare up and go down

143

00:05:25,350 --> 00:05:23,440

and pretty soon she couldn't walk

144

00:05:26,790 --> 00:05:25,360

without a cane oh

145

00:05:28,870 --> 00:05:26,800

you know we lived in new york city at

146

00:05:31,350 --> 00:05:28,880

the time and we went to you know all the

147

00:05:33,350 --> 00:05:31,360

top rheumatologists in new york city and

148

00:05:34,790 --> 00:05:33,360

they all told her the same thing

149

00:05:37,749 --> 00:05:34,800

which is that they didn't know what was

150

00:05:39,350 --> 00:05:37,759

going on she had you know early onset

151
00:05:41,430 --> 00:05:39,360
arthritis

152
00:05:43,909 --> 00:05:41,440
and the best thing they could do for her

153
00:05:44,950 --> 00:05:43,919
was to give her a regular steroid

154
00:05:47,029 --> 00:05:44,960
treatment

155
00:05:48,469 --> 00:05:47,039
and that you know just told her buy a

156
00:05:50,790 --> 00:05:48,479
good cane because you're never going to

157
00:05:53,110 --> 00:05:50,800
be able to walk again

158
00:05:54,710 --> 00:05:53,120
and she was like you know she was 30.

159
00:05:56,710 --> 00:05:54,720
you know we were young

160
00:05:58,629 --> 00:05:56,720
and uh she's beautiful and she's walking

161
00:06:00,150 --> 00:05:58,639
with a cake yeah i still have this image

162
00:06:01,510 --> 00:06:00,160
of her walking down sixth avenue with

163
00:06:03,990 --> 00:06:01,520

the cape

164

00:06:06,950 --> 00:06:04,000

and uh and then we heard this this uh

165

00:06:07,830 --> 00:06:06,960

this doctor on the radio who had quit uh

166

00:06:10,070 --> 00:06:07,840

he had

167

00:06:12,070 --> 00:06:10,080

uh been the chief pathologist in a major

168

00:06:14,790 --> 00:06:12,080

hospital in new york city and he had

169

00:06:16,390 --> 00:06:14,800

quit because uh he was so fed up with

170

00:06:18,710 --> 00:06:16,400

the uh

171

00:06:21,029 --> 00:06:18,720

the the standard of care uh the the

172

00:06:23,189 --> 00:06:21,039

regular pers you know prescribed

173

00:06:25,430 --> 00:06:23,199

treatments and he started his own little

174

00:06:27,749 --> 00:06:25,440

clinic and we went down there

175

00:06:28,870 --> 00:06:27,759

and just like let's give this guy a shot

176
00:06:29,990 --> 00:06:28,880
you know

177
00:06:32,550 --> 00:06:30,000
and uh

178
00:06:35,350 --> 00:06:32,560
and we walked in and he said are you an

179
00:06:37,510 --> 00:06:35,360
athlete and my wife was sort of laughed

180
00:06:39,749 --> 00:06:37,520
she's not an athlete and he said okay

181
00:06:41,110 --> 00:06:39,759
what is your bathroom looks like

182
00:06:43,029 --> 00:06:41,120
and uh

183
00:06:44,870 --> 00:06:43,039
and my wife says that's that's so weird

184
00:06:47,510 --> 00:06:44,880
i hate my bathroom sydney has the paint

185
00:06:49,990 --> 00:06:47,520
peeling on the walls she said yeah said

186
00:06:51,990 --> 00:06:50,000
okay you probably have a mold allergy

187
00:06:54,230 --> 00:06:52,000
you should get out of that apartment

188
00:06:56,390 --> 00:06:54,240

and you'll be you know you'll be fine

189

00:06:57,589 --> 00:06:56,400

we'll run some tests to see but you're

190

00:06:59,350 --> 00:06:57,599

you know that's probably what's going on

191

00:07:00,710 --> 00:06:59,360

and you'll be fine and we left the

192

00:07:02,629 --> 00:07:00,720

apartment

193

00:07:04,870 --> 00:07:02,639

and two weeks you know we were out of

194

00:07:05,749 --> 00:07:04,880

that apartment and it never bothered her

195

00:07:07,990 --> 00:07:05,759

again

196

00:07:08,790 --> 00:07:08,000

and that was 16 years ago

197

00:07:11,189 --> 00:07:08,800

so

198

00:07:13,189 --> 00:07:11,199

for you know over a year my wife

199

00:07:16,309 --> 00:07:13,199

couldn't walk she went to all the

200

00:07:18,550 --> 00:07:16,319

standard medical doctors you know nyu

201
00:07:19,990 --> 00:07:18,560
colombia all these sort of supposedly

202
00:07:22,469 --> 00:07:20,000
top-notch guys

203
00:07:23,909 --> 00:07:22,479
and they had no way of understanding

204
00:07:24,950 --> 00:07:23,919
what was going on

205
00:07:26,150 --> 00:07:24,960
uh

206
00:07:27,749 --> 00:07:26,160
whereas

207
00:07:29,990 --> 00:07:27,759
here was this doctor

208
00:07:32,390 --> 00:07:30,000
who had a wider perspective because he

209
00:07:33,749 --> 00:07:32,400
was looking at what's the environment

210
00:07:35,350 --> 00:07:33,759
that you're living in

211
00:07:36,550 --> 00:07:35,360
what what are the inputs from that

212
00:07:39,029 --> 00:07:36,560
environment

213
00:07:40,790 --> 00:07:39,039

and i still remember he sort of

214

00:07:42,870 --> 00:07:40,800

held our hands and he said let's he was

215

00:07:44,629 --> 00:07:42,880

kind of a funny guy he said listen you

216

00:07:46,070 --> 00:07:44,639

know all of the children that have died

217

00:07:47,029 --> 00:07:46,080

in iraq

218

00:07:49,749 --> 00:07:47,039

uh

219

00:07:50,950 --> 00:07:49,759

all of the al all the horrors that have

220

00:07:53,589 --> 00:07:50,960

happened there

221

00:07:56,230 --> 00:07:53,599

he said it pales in comparison to the

222

00:07:58,070 --> 00:07:56,240

medical scam just of lipitor just to

223

00:08:00,469 --> 00:07:58,080

this one cholesterol drug that he was

224

00:08:02,629 --> 00:08:00,479

talking about and he said be very wary

225

00:08:04,150 --> 00:08:02,639

of anything you read in the new enron

226

00:08:06,869 --> 00:08:04,160

journal of medicine

227

00:08:09,110 --> 00:08:06,879

because it's all fraud

228

00:08:11,990 --> 00:08:09,120

and so i was like wow you know like this

229

00:08:14,950 --> 00:08:12,000

is a this is fascinating i had no idea i

230

00:08:18,070 --> 00:08:14,960

had no clue but i saw the impact of this

231

00:08:19,749 --> 00:08:18,080

kind of thinking you know right away

232

00:08:21,749 --> 00:08:19,759

that's cool but you're dating yourself a

233

00:08:23,270 --> 00:08:21,759

little bit with the enron reference i

234

00:08:25,589 --> 00:08:23,280

totally get it

235

00:08:28,070 --> 00:08:25,599

most people that's like ancient history

236

00:08:29,270 --> 00:08:28,080

so mike you have this kind of expanded

237

00:08:31,350 --> 00:08:29,280

awareness

238

00:08:32,870 --> 00:08:31,360

about health about health

239

00:08:35,909 --> 00:08:32,880

scams

240

00:08:37,750 --> 00:08:35,919

on this kind of massive scale

241

00:08:40,790 --> 00:08:37,760

when does the the what we really want to

242

00:08:42,310 --> 00:08:40,800

drill into is the no virus thing

243

00:08:44,310 --> 00:08:42,320

so the

244

00:08:45,509 --> 00:08:44,320

plandemic happens

245

00:08:48,949 --> 00:08:45,519

and

246

00:08:50,070 --> 00:08:48,959

as it gains steam there's this offshoot

247

00:08:52,389 --> 00:08:50,080

of the

248

00:08:54,710 --> 00:08:52,399

terrain versus germ theory thing which

249

00:08:56,949 --> 00:08:54,720

has been brewing for a while which has

250

00:08:59,190 --> 00:08:56,959

some real legs to it when you dig into

251
00:09:01,910 --> 00:08:59,200
it you know we don't have to all be

252
00:09:03,670 --> 00:09:01,920
desanitizing our hands constantly and we

253
00:09:04,870 --> 00:09:03,680
kind of learned that 10 years ago that

254
00:09:06,790 --> 00:09:04,880
was the big thing you know you don't

255
00:09:09,430 --> 00:09:06,800
have to do that and that kind of brought

256
00:09:12,150 --> 00:09:09,440
forward this germ theory versus terrain

257
00:09:14,710 --> 00:09:12,160
theory and a new understanding of that

258
00:09:16,470 --> 00:09:14,720
when did this

259
00:09:20,310 --> 00:09:16,480
no virus thing

260
00:09:22,630 --> 00:09:20,320
pop up for you as it relates to covid

261
00:09:24,389 --> 00:09:22,640
so i had you know that story that led me

262
00:09:26,230 --> 00:09:24,399
to uh you know doing all sorts of

263
00:09:29,990 --> 00:09:26,240

medical research for years and years and

264

00:09:33,590 --> 00:09:30,000

years it's so even before covet happened

265

00:09:36,389 --> 00:09:33,600

i was aware that vaccination

266

00:09:38,790 --> 00:09:36,399

uh had not was not the

267

00:09:40,310 --> 00:09:38,800

reason why uh

268

00:09:43,350 --> 00:09:40,320

the the great diseases had been

269

00:09:45,350 --> 00:09:43,360

eradicated in the early 20th century i

270

00:09:47,670 --> 00:09:45,360

already knew that piece

271

00:09:50,470 --> 00:09:47,680

so i knew that vaccination is

272

00:09:53,509 --> 00:09:50,480

clearly and obviously not

273

00:09:54,310 --> 00:09:53,519

what solved the smallpox problem okay i

274

00:09:56,070 --> 00:09:54,320

knew

275

00:09:58,790 --> 00:09:56,080

that vaccination

276
00:09:59,829 --> 00:09:58,800
was not what had solved the polio

277
00:10:01,829 --> 00:09:59,839
problem

278
00:10:05,190 --> 00:10:01,839
and the same thing for you know many

279
00:10:07,670 --> 00:10:05,200
other diseases like pertussis and

280
00:10:09,910 --> 00:10:07,680
scurvy and and and

281
00:10:12,069 --> 00:10:09,920
there's a whole host of uh measles

282
00:10:14,150 --> 00:10:12,079
there's a whole host of diseases that

283
00:10:16,790 --> 00:10:14,160
you you certain you're hearing all the

284
00:10:18,870 --> 00:10:16,800
time oh yes well you know thankful

285
00:10:20,550 --> 00:10:18,880
thankfully vaccination came along and

286
00:10:22,630 --> 00:10:20,560
you know we don't have to worry about

287
00:10:24,790 --> 00:10:22,640
you know smallpox anymore but that's if

288
00:10:27,750 --> 00:10:24,800

you look at the historical record that's

289

00:10:29,269 --> 00:10:27,760

just not the case and and i i already

290

00:10:30,829 --> 00:10:29,279

knew that piece

291

00:10:33,670 --> 00:10:30,839

what i didn't

292

00:10:34,389 --> 00:10:33,680

know what i had never even been exposed

293

00:10:37,110 --> 00:10:34,399

to

294

00:10:40,389 --> 00:10:37,120

was the idea that these diseases

295

00:10:44,069 --> 00:10:40,399

weren't even viral diseases that that

296

00:10:45,750 --> 00:10:44,079

the the entire concept of a virus

297

00:10:48,550 --> 00:10:45,760

was a

298

00:10:51,190 --> 00:10:48,560

essentially not it's not supported by

299

00:10:53,190 --> 00:10:51,200

real science it's supported

300

00:10:55,590 --> 00:10:53,200

by pseudoscience by what looks like

301
00:10:57,430 --> 00:10:55,600
science to a casual observer but when

302
00:11:00,790 --> 00:10:57,440
you look at it closely doesn't meet the

303
00:11:02,550 --> 00:11:00,800
criteria of natural science and

304
00:11:05,190 --> 00:11:02,560
essentially it's a story it's a fiction

305
00:11:07,269 --> 00:11:05,200
that we're told so

306
00:11:10,069 --> 00:11:07,279
i first

307
00:11:11,269 --> 00:11:10,079
was exposed to that idea

308
00:11:16,230 --> 00:11:11,279
uh

309
00:11:17,430 --> 00:11:16,240
something about the rooster and the

310
00:11:19,910 --> 00:11:17,440
something

311
00:11:22,310 --> 00:11:19,920
and and and all of a sudden sort of half

312
00:11:24,470 --> 00:11:22,320
the story began to click

313
00:11:27,750 --> 00:11:24,480

and i said oh my god of course if

314

00:11:30,230 --> 00:11:27,760

they're not if these diseases aren't

315

00:11:31,590 --> 00:11:30,240

driven by a virus well then of course

316

00:11:33,750 --> 00:11:31,600

vaccination wouldn't have had anything

317

00:11:35,750 --> 00:11:33,760

to do with them and of course the other

318

00:11:36,790 --> 00:11:35,760

explanations that i was aware of made

319

00:11:37,829 --> 00:11:36,800

sense

320

00:11:40,069 --> 00:11:37,839

right

321

00:11:41,269 --> 00:11:40,079

and and then it began this whole journey

322

00:11:44,389 --> 00:11:41,279

of like well

323

00:11:45,350 --> 00:11:44,399

if that's true what about aids

324

00:11:49,190 --> 00:11:45,360

you know

325

00:11:51,750 --> 00:11:49,200

what about herpes what about some of

326

00:11:54,310 --> 00:11:51,760

these other you know diseases that we so

327

00:11:56,790 --> 00:11:54,320

commonly and so instinctively think are

328

00:11:58,389 --> 00:11:56,800

virally caused and so i had to go

329

00:12:00,150 --> 00:11:58,399

through a whole journey where i'm i'm

330

00:12:03,269 --> 00:12:00,160

sort of very stubborn like

331

00:12:04,790 --> 00:12:03,279

i i have to i have to sort of unwrap

332

00:12:05,590 --> 00:12:04,800

everything and try to get to the bottom

333

00:12:07,670 --> 00:12:05,600

of it

334

00:12:09,910 --> 00:12:07,680

and what i found time and time again was

335

00:12:11,670 --> 00:12:09,920

that there was an entire history that

336

00:12:14,310 --> 00:12:11,680

we're just not taught

337

00:12:16,949 --> 00:12:14,320

okay so here's where i think it gets

338

00:12:19,910 --> 00:12:16,959

interesting for you and i and it's the

339

00:12:22,949 --> 00:12:19,920

part i i want to focus on because i do

340

00:12:26,550 --> 00:12:22,959

want people to check out again the viral

341

00:12:27,990 --> 00:12:26,560

delusion film and the website

342

00:12:30,870 --> 00:12:28,000

but there's a certain headspace that

343

00:12:32,710 --> 00:12:30,880

we're getting into that is kind of

344

00:12:34,230 --> 00:12:32,720

interesting when we start parsing it out

345

00:12:35,990 --> 00:12:34,240

because like i said a lot of stuff

346

00:12:38,389 --> 00:12:36,000

you're saying right there i agree with i

347

00:12:40,310 --> 00:12:38,399

mean one the hiv aids thing we did a

348

00:12:42,470 --> 00:12:40,320

show on this a couple years ago you know

349

00:12:45,110 --> 00:12:42,480

the epidemiological data doesn't really

350

00:12:47,269 --> 00:12:45,120

support that in terms of support it

351

00:12:50,389 --> 00:12:47,279

supports the idea that we don't fully

352

00:12:52,870 --> 00:12:50,399

understand the connection between hiv

353

00:12:54,949 --> 00:12:52,880

and aids if there is such a connection

354

00:12:56,389 --> 00:12:54,959

and it's like the their own data that we

355

00:12:57,990 --> 00:12:56,399

collected from

356

00:13:00,069 --> 00:12:58,000

people in the military who are joining

357

00:13:02,710 --> 00:13:00,079

the military and we're getting

358

00:13:05,190 --> 00:13:02,720

astronomical amounts of testing positive

359

00:13:07,350 --> 00:13:05,200

for hiv and they're not aids and the

360

00:13:09,750 --> 00:13:07,360

demographics of those are really weird

361

00:13:11,990 --> 00:13:09,760

african-american women 20 times more

362

00:13:15,430 --> 00:13:12,000

likely you know this doesn't fit with

363

00:13:18,629 --> 00:13:15,440

what we're supposed to know about this

364

00:13:19,509 --> 00:13:18,639

viral cause disease of aids so there's a

365

00:13:24,230 --> 00:13:19,519

lot of

366

00:13:26,710 --> 00:13:24,240

kind of things to be explained but i

367

00:13:28,949 --> 00:13:26,720

want to kind of penetrate through

368

00:13:30,949 --> 00:13:28,959

a lot of the noise and the clutter in

369

00:13:34,790 --> 00:13:30,959

order to get to some of the core issues

370

00:13:37,430 --> 00:13:34,800

so i sent you this email about rabies

371

00:13:39,509 --> 00:13:37,440

because i think rabies in a lot of ways

372

00:13:42,550 --> 00:13:39,519

kind of cuts through it because now

373

00:13:45,030 --> 00:13:42,560

we're talking about something that isn't

374

00:13:47,110 --> 00:13:45,040

isn't it just in humans it's in animals

375

00:13:49,990 --> 00:13:47,120

i could have sent you uh something about

376

00:13:52,629 --> 00:13:50,000

uh viruses in tobacco plants too right

377

00:13:55,430 --> 00:13:52,639

because farmers have all this problem so

378

00:13:57,670 --> 00:13:55,440

again this kind of no virus thing starts

379

00:13:59,189 --> 00:13:57,680

looking a little bit weird when we say

380

00:14:01,670 --> 00:13:59,199

wait a minute you mean there's there's

381

00:14:03,350 --> 00:14:01,680

no such thing as rabid dogs so i sent

382

00:14:04,230 --> 00:14:03,360

you the email here's what you wrote me

383

00:14:05,509 --> 00:14:04,240

back

384

00:14:09,829 --> 00:14:05,519

people will get it

385

00:14:12,389 --> 00:14:09,839

hi alex yes there is no proof of any

386

00:14:14,629 --> 00:14:12,399

virally caused disease including rabies

387

00:14:18,230 --> 00:14:14,639

your story is a classic example of the

388

00:14:20,790 --> 00:14:18,240

tragic consequences of a misbelief in

389

00:14:22,470 --> 00:14:20,800

virally caused disease it happens sadly

390

00:14:24,389 --> 00:14:22,480

all the time and the tragedy of it

391

00:14:26,470 --> 00:14:24,399

becomes quite clear once you begin to

392

00:14:27,990 --> 00:14:26,480

understand what's going on of course i

393

00:14:30,629 --> 00:14:28,000

don't know all the details but most

394

00:14:33,030 --> 00:14:30,639

likely your dog picked up worms

395

00:14:34,949 --> 00:14:33,040

that went undiagnosed by the vet and

396

00:14:37,110 --> 00:14:34,959

then you say studies show that thirty to

397

00:14:39,030 --> 00:14:37,120

ninety percent of cases go unrecognized

398

00:14:40,949 --> 00:14:39,040

by vets and which of course can cause

399

00:14:43,030 --> 00:14:40,959

strange behavior and dog

400

00:14:45,750 --> 00:14:43,040

and then you say who then the vet

401
00:14:48,629 --> 00:14:45,760
believing the contagious rabies myth

402
00:14:51,269 --> 00:14:48,639
went on to conservatively suggest your

403
00:14:53,590 --> 00:14:51,279
dog be needlessly put down

404
00:14:54,310 --> 00:14:53,600
it's really sad

405
00:14:56,629 --> 00:14:54,320
so

406
00:14:59,030 --> 00:14:56,639
i'm like mike

407
00:15:02,150 --> 00:14:59,040
this is kind of a maybe you want to just

408
00:15:04,389 --> 00:15:02,160
kind of go over that a little bit i mean

409
00:15:06,310 --> 00:15:04,399
how do you square that with the history

410
00:15:07,430 --> 00:15:06,320
of rabies which has been around you know

411
00:15:09,350 --> 00:15:07,440
for like

412
00:15:10,949 --> 00:15:09,360
2 000 years

413
00:15:12,790 --> 00:15:10,959

middle ages you know we have all these

414

00:15:14,069 --> 00:15:12,800

pictures i'm pulling up on the screen of

415

00:15:15,350 --> 00:15:14,079

you know if you see a dog and it's

416

00:15:17,509 --> 00:15:15,360

foaming at the mouth and it's really

417

00:15:18,949 --> 00:15:17,519

angry don't go near that dog it'll bite

418

00:15:20,150 --> 00:15:18,959

you and you'll die

419

00:15:22,230 --> 00:15:20,160

i mean

420

00:15:23,910 --> 00:15:22,240

you're saying that there's no such thing

421

00:15:25,910 --> 00:15:23,920

as rabies

422

00:15:28,310 --> 00:15:25,920

i i just think a lot of people are going

423

00:15:30,389 --> 00:15:28,320

to kind of put a full

424

00:15:32,389 --> 00:15:30,399

pump the brakes now and say i was with

425

00:15:34,550 --> 00:15:32,399

you on a lot of the things you're saying

426

00:15:36,629 --> 00:15:34,560

germ theory versus terrain theory but

427

00:15:38,790 --> 00:15:36,639

now you're saying there's no virally

428

00:15:41,269 --> 00:15:38,800

caused diseases and even things that we

429

00:15:43,829 --> 00:15:41,279

commonly understand like rabies that

430

00:15:44,870 --> 00:15:43,839

isn't that isn't real i i think a lot of

431

00:15:46,150 --> 00:15:44,880

people are gonna have a hard time with

432

00:15:48,470 --> 00:15:46,160

that one

433

00:15:51,430 --> 00:15:48,480

so uh this is great i love this stuff

434

00:15:53,749 --> 00:15:51,440

okay so we have to separate out the

435

00:15:56,470 --> 00:15:53,759

symptom the symptoms

436

00:15:57,590 --> 00:15:56,480

from the story about what caused those

437

00:15:59,749 --> 00:15:57,600

symptoms

438

00:16:03,030 --> 00:15:59,759

okay so

439

00:16:06,870 --> 00:16:03,040

do we have this the have we seen

440

00:16:09,749 --> 00:16:06,880

you know ravenous dogs or you know full

441

00:16:11,189 --> 00:16:09,759

salivating dogs or angry dogs

442

00:16:13,030 --> 00:16:11,199

yeah obviously

443

00:16:15,110 --> 00:16:13,040

obviously we've seen that right we could

444

00:16:16,150 --> 00:16:15,120

call that rabies that's fine we could

445

00:16:18,310 --> 00:16:16,160

say

446

00:16:20,949 --> 00:16:18,320

you know there's been you know these

447

00:16:24,150 --> 00:16:20,959

kinds of dogs or dogs in this kind of

448

00:16:26,069 --> 00:16:24,160

situation for for thousands of years i'm

449

00:16:28,150 --> 00:16:26,079

sure there have i would never dispute

450

00:16:29,829 --> 00:16:28,160

that what what

451
00:16:34,069 --> 00:16:29,839
what

452
00:16:37,189 --> 00:16:34,079
in uh

453
00:16:38,550 --> 00:16:37,199
you know the mid 1800s then came along

454
00:16:43,269 --> 00:16:38,560
and said

455
00:16:44,870 --> 00:16:43,279
was that he uh could invent a vaccine

456
00:16:47,990 --> 00:16:44,880
to cure

457
00:16:50,629 --> 00:16:48,000
people who had been bitten by these dogs

458
00:16:52,949 --> 00:16:50,639
okay pasteur was a a

459
00:16:54,069 --> 00:16:52,959
a figure that you know we can talk about

460
00:16:55,590 --> 00:16:54,079
and

461
00:16:59,509 --> 00:16:55,600
he uh

462
00:17:01,590 --> 00:16:59,519
a very fraudulent figure i mean uh

463
00:17:04,549 --> 00:17:01,600

you know mike stone maybe maybe can jump

464

00:17:07,990 --> 00:17:04,559

in as well and talking about uh you know

465

00:17:11,029 --> 00:17:08,000

the depth of the fraud of pasteur but he

466

00:17:13,189 --> 00:17:11,039

essentially just so people know he uh

467

00:17:14,789 --> 00:17:13,199

he's a seminal figure in in you know the

468

00:17:16,710 --> 00:17:14,799

history of medicine

469

00:17:18,470 --> 00:17:16,720

and what people don't know is that he

470

00:17:20,390 --> 00:17:18,480

kept two sets of notebooks

471

00:17:22,789 --> 00:17:20,400

he kept a public set of notebooks and a

472

00:17:26,470 --> 00:17:22,799

private set of notebooks the private set

473

00:17:28,950 --> 00:17:26,480

of notebooks he left to his family

474

00:17:31,270 --> 00:17:28,960

in his will and it said do not ever show

475

00:17:33,510 --> 00:17:31,280

this to anyone outside of the family but

476
00:17:34,630 --> 00:17:33,520
uh one of his descendants decided that

477
00:17:35,510 --> 00:17:34,640
that was

478
00:17:38,630 --> 00:17:35,520
nuts

479
00:17:42,070 --> 00:17:38,640
and gave those notebooks over to a uh

480
00:17:44,789 --> 00:17:42,080
professor of history at uh at princeton

481
00:17:47,669 --> 00:17:44,799
who then wrote uh a sort of tell-all

482
00:17:50,230 --> 00:17:47,679
book about pasteur and and exposed many

483
00:17:51,909 --> 00:17:50,240
of these notes so like something that we

484
00:17:53,110 --> 00:17:51,919
know about the history of rabies and

485
00:17:55,750 --> 00:17:53,120
vaccination

486
00:17:56,549 --> 00:17:55,760
is that uh while he had claimed

487
00:18:08,789 --> 00:17:56,559
uh

488
00:18:10,310 --> 00:18:08,799

acknowledged to himself that he had no

489

00:18:12,789 --> 00:18:10,320

idea if that was true

490

00:18:16,390 --> 00:18:12,799

uh but he had sort of ginned up a fear

491

00:18:18,870 --> 00:18:16,400

about rabies uh in france at the time

492

00:18:20,789 --> 00:18:18,880

uh and then the big sales pitch came

493

00:18:23,029 --> 00:18:20,799

when a kid was bitten a nine-year-old

494

00:18:26,470 --> 00:18:23,039

kid was bitten by a dog nobody even

495

00:18:29,510 --> 00:18:26,480

alleged that this dog was had rabies but

496

00:18:32,950 --> 00:18:29,520

uh he uh there was a fear that it might

497

00:18:36,230 --> 00:18:32,960

have and so he gave his uh inoculations

498

00:18:38,789 --> 00:18:36,240

to this kid and the kid did not go crazy

499

00:18:40,390 --> 00:18:38,799

right the kid did not get raped

500

00:18:42,070 --> 00:18:40,400

what was not told was that there were

501
00:18:44,710 --> 00:18:42,080
two other people that were bitten by

502
00:18:47,510 --> 00:18:44,720
that dog including his dad

503
00:18:50,390 --> 00:18:47,520
uh who were not given the inoculations

504
00:18:51,990 --> 00:18:50,400
who also were perfectly fined afterwards

505
00:18:54,830 --> 00:18:52,000
and this is the this is kind of a

506
00:18:57,750 --> 00:18:54,840
classic example of the level of

507
00:18:59,510 --> 00:18:57,760
pseudoscience that we're

508
00:19:01,350 --> 00:18:59,520
constantly bombarded with where we're

509
00:19:04,549 --> 00:19:01,360
only told half the story and it looks

510
00:19:05,750 --> 00:19:04,559
like a great success so the question is

511
00:19:07,430 --> 00:19:05,760
not

512
00:19:10,549 --> 00:19:07,440
you know are there crazy doll are there

513
00:19:13,830 --> 00:19:10,559

dogs that go nuts the question is what

514

00:19:16,150 --> 00:19:13,840

is the actual cause of that and the the

515

00:19:18,070 --> 00:19:16,160

there is simply no proof that there is a

516

00:19:20,230 --> 00:19:18,080

virus called rabies

517

00:19:21,029 --> 00:19:20,240

that causes the dogs to go nuts there's

518

00:19:23,190 --> 00:19:21,039

just

519

00:19:24,549 --> 00:19:23,200

there is no scientific proof of that

520

00:19:26,710 --> 00:19:24,559

that's a story

521

00:19:28,549 --> 00:19:26,720

so i pulled up on the screen here a

522

00:19:30,950 --> 00:19:28,559

graph that shows

523

00:19:33,190 --> 00:19:30,960

the number of rabies cases both in

524

00:19:34,870 --> 00:19:33,200

humans and in

525

00:19:37,669 --> 00:19:34,880

domestic animals

526

00:19:41,510 --> 00:19:37,679

and what it shows is that like virtually

527

00:19:43,510 --> 00:19:41,520

now today there are uh no cases of

528

00:19:45,430 --> 00:19:43,520

rabies in domestic

529

00:19:46,950 --> 00:19:45,440

animals and dogs you know that just

530

00:19:49,190 --> 00:19:46,960

doesn't exist

531

00:19:51,029 --> 00:19:49,200

uh it used to be much more common and

532

00:19:54,070 --> 00:19:51,039

again so we're talking about

533

00:19:55,830 --> 00:19:54,080

like the the film the viral delusion is

534

00:19:59,590 --> 00:19:55,840

talking about as we said at the

535

00:20:01,990 --> 00:19:59,600

beginning this enormously

536

00:20:04,070 --> 00:20:02,000

freaking crazy

537

00:20:06,310 --> 00:20:04,080

health scam that we've lived through the

538

00:20:08,070 --> 00:20:06,320

last couple years so one of the things

539

00:20:09,750 --> 00:20:08,080

i'm trying to do with the rabies example

540

00:20:12,029 --> 00:20:09,760

is pull us out of that time frame

541

00:20:15,190 --> 00:20:12,039

because again rabies hundreds of years

542

00:20:17,430 --> 00:20:15,200

1947 is the time when we started mass

543

00:20:19,909 --> 00:20:17,440

vaccinating dogs

544

00:20:22,470 --> 00:20:19,919

and then as this graph shows there's

545

00:20:26,230 --> 00:20:22,480

just this huge drop-off in the number of

546

00:20:29,909 --> 00:20:26,240

cases of rabies from 1947 so then we

547

00:20:32,470 --> 00:20:29,919

have 48 49 60 63 you know this is like

548

00:20:33,590 --> 00:20:32,480

decades and decades whereas today we

549

00:20:36,230 --> 00:20:33,600

don't have it and then if you look at

550

00:20:37,990 --> 00:20:36,240

other countries like mexico this craft

551
00:20:40,149 --> 00:20:38,000
doesn't look like this because they have

552
00:20:41,909 --> 00:20:40,159
a lot more wild dogs

553
00:20:44,070 --> 00:20:41,919
dogs running in the streets a lot more

554
00:20:46,630 --> 00:20:44,080
dogs contracting rabies and a lot more

555
00:20:49,110 --> 00:20:46,640
people getting rabies when they are

556
00:20:50,789 --> 00:20:49,120
bitten by dogs if you go over in india

557
00:20:53,029 --> 00:20:50,799
it's the same only there they have this

558
00:20:55,510 --> 00:20:53,039
superstitious belief that if you get bit

559
00:20:57,669 --> 00:20:55,520
by a dog it's some kind of a spirit that

560
00:20:59,270 --> 00:20:57,679
the dog possesses you kind of think so

561
00:21:02,390 --> 00:20:59,280
again in the same way that we've looked

562
00:21:03,909 --> 00:21:02,400
at some of the data from covet and it's

563
00:21:06,390 --> 00:21:03,919

very revealing when you look at the

564

00:21:09,190 --> 00:21:06,400

differences in country by country we can

565

00:21:12,470 --> 00:21:09,200

apply the same thing here with rabies it

566

00:21:14,950 --> 00:21:12,480

doesn't at all conform to what you're

567

00:21:17,190 --> 00:21:14,960

saying what it says is it perfectly

568

00:21:21,350 --> 00:21:17,200

lines up with the conclusion that this

569

00:21:23,590 --> 00:21:21,360

is a viral disease that can kill animals

570

00:21:25,990 --> 00:21:23,600

and if people are infected it kills

571

00:21:28,549 --> 00:21:26,000

people and the other thing is that the

572

00:21:30,470 --> 00:21:28,559

treatment for rabies now fortunately if

573

00:21:32,710 --> 00:21:30,480

you're bit by a skunk walking through

574

00:21:33,430 --> 00:21:32,720

the woods and you think that skunk may

575

00:21:36,549 --> 00:21:33,440

have

576
00:21:38,149 --> 00:21:36,559
had rabies you can go in and there they

577
00:21:39,990 --> 00:21:38,159
will give you the treatment and you will

578
00:21:42,549 --> 00:21:40,000
never get rabies there's virtually a

579
00:21:44,549 --> 00:21:42,559
hundred percent success rate with that

580
00:21:46,310 --> 00:21:44,559
treatment and if you go in other parts

581
00:21:48,310 --> 00:21:46,320
of the world that's not the case there's

582
00:21:50,710 --> 00:21:48,320
still people dying

583
00:21:52,390 --> 00:21:50,720
of rabies and the reason i'm focusing so

584
00:21:54,630 --> 00:21:52,400
much on rabies

585
00:21:56,630 --> 00:21:54,640
is again i think it takes us

586
00:21:59,110 --> 00:21:56,640
to a different place especially since

587
00:22:01,110 --> 00:21:59,120
it's not even our species it's these

588
00:22:02,950 --> 00:22:01,120

other animals that we're familiar with

589

00:22:04,390 --> 00:22:02,960

but i don't know maybe this is not going

590

00:22:05,830 --> 00:22:04,400

to get through and penetrate the way

591

00:22:07,430 --> 00:22:05,840

that i want it to but those are the

592

00:22:09,270 --> 00:22:07,440

numbers i'm showing the graphic that's

593

00:22:11,350 --> 00:22:09,280

okay anyone wants to look at it

594

00:22:13,590 --> 00:22:11,360

that's great you know look i we didn't

595

00:22:14,390 --> 00:22:13,600

cover rabies in the documentary so you

596

00:22:15,909 --> 00:22:14,400

know

597

00:22:18,230 --> 00:22:15,919

i can't pull

598

00:22:20,470 --> 00:22:18,240

uh stats and figures out you know as

599

00:22:22,950 --> 00:22:20,480

quickly as i could or you know as easily

600

00:22:24,950 --> 00:22:22,960

as i could for for other diseases but

601
00:22:26,789 --> 00:22:24,960
i'll tell you what the standard practice

602
00:22:28,549 --> 00:22:26,799
is on this kind of thing which is

603
00:22:31,430 --> 00:22:28,559
certainly the case for polio and we can

604
00:22:33,909 --> 00:22:31,440
talk about that what what we see

605
00:22:36,470 --> 00:22:33,919
time and again from the medical

606
00:22:39,110 --> 00:22:36,480
statistical establishment

607
00:22:41,830 --> 00:22:39,120
is that it's uh it's sort of there's

608
00:22:42,950 --> 00:22:41,840
sort of a circular logic that's used

609
00:22:44,870 --> 00:22:42,960
where

610
00:22:47,190 --> 00:22:44,880
they'll ask

611
00:22:48,950 --> 00:22:47,200
was in you know and i'd have to look

612
00:22:50,950 --> 00:22:48,960
into this to verify that this is true

613
00:22:52,470 --> 00:22:50,960

but we've seen this time and again in

614

00:22:53,669 --> 00:22:52,480

other situations

615

00:22:57,669 --> 00:22:53,679

they'll ask

616

00:23:00,549 --> 00:22:57,679

was the dog vaccinated for rabies

617

00:23:03,990 --> 00:23:00,559

and if the answer is yes

618

00:23:07,029 --> 00:23:04,000

then they will cross out rabies as a

619

00:23:09,990 --> 00:23:07,039

potential sickness for the dog

620

00:23:11,990 --> 00:23:10,000

okay so what you see is it is is a is a

621

00:23:13,510 --> 00:23:12,000

change in definition

622

00:23:15,909 --> 00:23:13,520

but it doesn't

623

00:23:18,149 --> 00:23:15,919

necessarily correlate with reality so

624

00:23:19,510 --> 00:23:18,159

for instance in in india

625

00:23:21,270 --> 00:23:19,520

right and we

626

00:23:23,270 --> 00:23:21,280

you know this is a whole story on polio

627

00:23:24,470 --> 00:23:23,280

that we could that we could and should

628

00:23:26,470 --> 00:23:24,480

go into

629

00:23:28,470 --> 00:23:26,480

which is that you know polio really

630

00:23:30,870 --> 00:23:28,480

tracks with with

631

00:23:34,230 --> 00:23:30,880

with the use of organophosphates

632

00:23:37,190 --> 00:23:34,240

uh which are industrial chemicals and

633

00:23:39,430 --> 00:23:37,200

uh insecticides that are known to cause

634

00:23:40,470 --> 00:23:39,440

paralysis right so if you

635

00:23:43,510 --> 00:23:40,480

if you

636

00:23:44,950 --> 00:23:43,520

look at you know what is polio

637

00:23:47,830 --> 00:23:44,960

holyoke is

638

00:23:49,029 --> 00:23:47,840

paralysis if you look at india

639

00:23:51,269 --> 00:23:49,039

where there's

640

00:23:52,549 --> 00:23:51,279

there have been mass vaccination

641

00:23:54,630 --> 00:23:52,559

campaigns

642

00:23:56,789 --> 00:23:54,640

okay for polio

643

00:24:00,390 --> 00:23:56,799

you're seeing that the polio the rate of

644

00:24:02,470 --> 00:24:00,400

polio has gone you know down it's it's

645

00:24:04,789 --> 00:24:02,480

it's fallen off a cliff with these

646

00:24:07,669 --> 00:24:04,799

vaccination campaigns but at the same

647

00:24:11,269 --> 00:24:07,679

time we've seen a rise in something

648

00:24:14,310 --> 00:24:11,279

that's called acute flaccid paralysis

649

00:24:15,669 --> 00:24:14,320

which has the exact same symptoms as

650

00:24:16,870 --> 00:24:15,679

polio

651
00:24:18,710 --> 00:24:16,880
but

652
00:24:19,669 --> 00:24:18,720
you know it hasn't it has a different

653
00:24:21,110 --> 00:24:19,679
name

654
00:24:23,669 --> 00:24:21,120
so have

655
00:24:26,710 --> 00:24:23,679
has paralysis gone down

656
00:24:27,669 --> 00:24:26,720
no what's categorized as polio has gone

657
00:24:30,710 --> 00:24:27,679
down

658
00:24:32,710 --> 00:24:30,720
but have people gotten better no not at

659
00:24:33,830 --> 00:24:32,720
all so you know i'd have to look at that

660
00:24:35,350 --> 00:24:33,840
chart and i'd have to look at the

661
00:24:38,149 --> 00:24:35,360
history of the chart and understand

662
00:24:39,269 --> 00:24:38,159
where that came from what the statistics

663
00:24:41,669 --> 00:24:39,279

you know

664

00:24:43,029 --> 00:24:41,679

what terminology was used but i could

665

00:24:44,630 --> 00:24:43,039

read you you know i could read you some

666

00:24:46,149 --> 00:24:44,640

other things about rabies if you want to

667

00:24:48,310 --> 00:24:46,159

hear

668

00:24:50,710 --> 00:24:48,320

well but still i mean

669

00:24:52,789 --> 00:24:50,720

come on we all know rabies isn't a

670

00:24:54,870 --> 00:24:52,799

problem right now right there aren't

671

00:24:56,149 --> 00:24:54,880

rabid dogs we never see you'll never see

672

00:24:57,990 --> 00:24:56,159

a rabid dog

673

00:25:00,230 --> 00:24:58,000

because all dogs are forced

674

00:25:02,789 --> 00:25:00,240

they have forced vaccination for dogs we

675

00:25:05,430 --> 00:25:02,799

just got a new dog big old puppy they're

676

00:25:06,870 --> 00:25:05,440

vaccinated right and again this is just

677

00:25:09,269 --> 00:25:06,880

simple stuff but if you go down to

678

00:25:10,630 --> 00:25:09,279

mexico there's a lot of dogs who are not

679

00:25:12,390 --> 00:25:10,640

on the street they're not vaccinated and

680

00:25:15,430 --> 00:25:12,400

there's a lot more cases of rabies so

681

00:25:16,549 --> 00:25:15,440

the problem here that we get into

682

00:25:18,630 --> 00:25:16,559

is that

683

00:25:20,070 --> 00:25:18,640

like there's a lot of good stuff in the

684

00:25:21,590 --> 00:25:20,080

viral delusion

685

00:25:24,710 --> 00:25:21,600

but the idea

686

00:25:27,190 --> 00:25:24,720

that viruses never cause disease can

687

00:25:29,830 --> 00:25:27,200

never cause disease is a jump the shark

688

00:25:31,830 --> 00:25:29,840

moment it just isn't supported by any

689

00:25:33,510 --> 00:25:31,840

science the graphic that i brought up

690

00:25:37,669 --> 00:25:33,520

for you hold on the graphic that i

691

00:25:39,430 --> 00:25:37,679

showed to you was fr this starts in 1938

692

00:25:41,669 --> 00:25:39,440

right so we've been but we've been

693

00:25:43,510 --> 00:25:41,679

tracking rabies for hundreds of years

694

00:25:46,390 --> 00:25:43,520

but now you would have to like if you

695

00:25:48,630 --> 00:25:46,400

were to sell me on the idea that they

696

00:25:51,909 --> 00:25:48,640

did this pandemic thing over the last

697

00:25:53,669 --> 00:25:51,919

two years i'd be like hell yeah i see

698

00:25:54,789 --> 00:25:53,679

all the evidence i see how they planned

699

00:25:59,110 --> 00:25:54,799

it how they

700

00:26:01,350 --> 00:25:59,120

perpetuated phony science and they did

701
00:26:03,510 --> 00:26:01,360
all these crazy things with masks and

702
00:26:05,430 --> 00:26:03,520
quarantining and then the facts and all

703
00:26:07,430 --> 00:26:05,440
that stuff i'm with you

704
00:26:10,149 --> 00:26:07,440
but if you really want to sell me on the

705
00:26:11,750 --> 00:26:10,159
idea that like just in this graph since

706
00:26:13,669 --> 00:26:11,760
1938

707
00:26:16,230 --> 00:26:13,679
they've been doing they've been playing

708
00:26:18,789 --> 00:26:16,240
with the numbers for rabies and ant for

709
00:26:20,710 --> 00:26:18,799
in dogs why in the world would they do

710
00:26:23,510 --> 00:26:20,720
that and then secondly my own

711
00:26:25,669 --> 00:26:23,520
observation is there's no problem with

712
00:26:27,190 --> 00:26:25,679
rabies and dogs no one worries about

713
00:26:30,070 --> 00:26:27,200

that and they do in these other

714

00:26:31,669 --> 00:26:30,080

countries so i can just i'm staying on

715

00:26:34,710 --> 00:26:31,679

that one issue

716

00:26:36,390 --> 00:26:34,720

because otherwise i'm going to agree

717

00:26:38,710 --> 00:26:36,400

with 90

718

00:26:41,510 --> 00:26:38,720

of the stuff you guys are saying

719

00:26:44,710 --> 00:26:41,520

but underneath that is this kind of

720

00:26:47,269 --> 00:26:44,720

fundamental again jump the shark flat

721

00:26:50,070 --> 00:26:47,279

earth kind of thing that you have to of

722

00:26:53,269 --> 00:26:50,080

course viruses you can get a viral

723

00:26:55,269 --> 00:26:53,279

overload and it can cause disease and at

724

00:26:57,110 --> 00:26:55,279

the same time a lot of the things that

725

00:27:00,070 --> 00:26:57,120

you're saying about germ theory and

726

00:27:02,549 --> 00:27:00,080

terrain theory can be true as well both

727

00:27:05,110 --> 00:27:02,559

can co-exist i don't know why it has to

728

00:27:06,149 --> 00:27:05,120

be so absolute and i would add just this

729

00:27:08,149 --> 00:27:06,159

last little bit and then i'm going to

730

00:27:11,190 --> 00:27:08,159

turn over the mic again but what you're

731

00:27:13,669 --> 00:27:11,200

saying it's not like mike wallach is is

732

00:27:17,110 --> 00:27:13,679

cooking this stuff up on his own andrew

733

00:27:18,789 --> 00:27:17,120

kaufman who you know is all over the

734

00:27:21,110 --> 00:27:18,799

place in terms of being interviewed tom

735

00:27:23,510 --> 00:27:21,120

cowan who's been on this show is a very

736

00:27:26,950 --> 00:27:23,520

abrupt interview they would agree with

737

00:27:28,870 --> 00:27:26,960

you on the whole no viral diseases ever

738

00:27:31,830 --> 00:27:28,880

any kind it's all

739

00:27:34,470 --> 00:27:31,840

never happens kind of thing so

740

00:27:36,549 --> 00:27:34,480

jump the shark flat earth science i mean

741

00:27:38,149 --> 00:27:36,559

am i being too too hard is there a

742

00:27:40,230 --> 00:27:38,159

middle ground here does it have to be

743

00:27:42,549 --> 00:27:40,240

all or nothing

744

00:27:44,149 --> 00:27:42,559

i i i love it uh

745

00:27:46,470 --> 00:27:44,159

you know i remember when i first came

746

00:27:48,630 --> 00:27:46,480

out against masks and a friend of mine

747

00:27:50,070 --> 00:27:48,640

in in my town said okay but at the end

748

00:27:51,350 --> 00:27:50,080

of the day don't you

749

00:27:52,549 --> 00:27:51,360

really don't you think like what's

750

00:27:55,110 --> 00:27:52,559

really going on is you're just an

751
00:27:57,269 --> 00:27:55,120
[h__h] you know i was like no that's

752
00:27:59,029 --> 00:27:57,279
not what's really going on so and i

753
00:28:00,870 --> 00:27:59,039
don't

754
00:28:02,549 --> 00:28:00,880
we're talking about a really fundamental

755
00:28:03,909 --> 00:28:02,559
perspective that i think it's really

756
00:28:05,990 --> 00:28:03,919
important for people to understand so

757
00:28:08,149 --> 00:28:06,000
let me just read you a little quote here

758
00:28:10,310 --> 00:28:08,159
uh just pulled this up this morning

759
00:28:12,389 --> 00:28:10,320
dr charles dulles lecturer on the

760
00:28:13,669 --> 00:28:12,399
history of medicine at the university of

761
00:28:15,269 --> 00:28:13,679
pennsylvania

762
00:28:17,190 --> 00:28:15,279
who was appointed by the medical

763
00:28:19,750 --> 00:28:17,200

societies of the state to investigate

764

00:28:21,830 --> 00:28:19,760

rabies stated that he's inclined to the

765

00:28:24,310 --> 00:28:21,840

view that there is no such specific

766

00:28:26,710 --> 00:28:24,320

malady because after 16 years of

767

00:28:28,789 --> 00:28:26,720

investigation he had failed to find a

768

00:28:30,789 --> 00:28:28,799

single case on record that can be

769

00:28:33,110 --> 00:28:30,799

conclusively proved to have resulted

770

00:28:35,190 --> 00:28:33,120

from the bite of a dog or any other

771

00:28:36,149 --> 00:28:35,200

cause

772

00:28:39,990 --> 00:28:36,159

uh

773

00:28:42,710 --> 00:28:40,000

i will i could do this all day

774

00:28:45,350 --> 00:28:42,720

uh dr wilcox of new york investigated a

775

00:28:47,430 --> 00:28:45,360

rabies scare because of 11 alleged

776

00:28:50,070 --> 00:28:47,440

deaths from rabid dog bites upon

777

00:28:51,909 --> 00:28:50,080

complete investigation it was found that

778

00:28:53,269 --> 00:28:51,919

not one of those deaths was due to

779

00:28:54,950 --> 00:28:53,279

rabies

780

00:28:57,990 --> 00:28:54,960

with the publication of his report to

781

00:28:59,669 --> 00:28:58,000

the city council the rabies scare ended

782

00:29:01,430 --> 00:28:59,679

forth with

783

00:29:03,909 --> 00:29:01,440

uh

784

00:29:06,389 --> 00:29:03,919

dr elmer lee ended another rabies scare

785

00:29:08,230 --> 00:29:06,399

on staten island on autopsy the rapid

786

00:29:11,269 --> 00:29:08,240

dog was found to have died of thread

787

00:29:13,909 --> 00:29:11,279

worms and not rabies the worms were

788

00:29:15,669 --> 00:29:13,919

lodged in the heart of the animal a

789

00:29:18,789 --> 00:29:15,679

similar finding of worms ended the

790

00:29:20,950 --> 00:29:18,799

klondike rabies panic uh we can sort of

791

00:29:22,070 --> 00:29:20,960

go through this

792

00:29:24,870 --> 00:29:22,080

uh

793

00:29:26,710 --> 00:29:24,880

like dozens and dozens of these

794

00:29:27,909 --> 00:29:26,720

dr matthew woods another contemporary of

795

00:29:29,190 --> 00:29:27,919

pastor

796

00:29:30,230 --> 00:29:29,200

uh

797

00:29:32,149 --> 00:29:30,240

then a leading member of the

798

00:29:34,389 --> 00:29:32,159

philadelphia medical society wrote much

799

00:29:36,630 --> 00:29:34,399

on the subject of rabies

800

00:29:38,950 --> 00:29:36,640

uh he stated at the philadelphia dog

801
00:29:41,269 --> 00:29:38,960
pound where on average more than 6 000

802
00:29:42,710 --> 00:29:41,279
vagrant dogs are taken annually and

803
00:29:44,870 --> 00:29:42,720
where the catchers and keepers are

804
00:29:47,430 --> 00:29:44,880
frequently bitten while handling them

805
00:29:50,470 --> 00:29:47,440
not one case of rabies has ever occurred

806
00:29:53,590 --> 00:29:50,480
during its entire history of 25 years in

807
00:29:55,350 --> 00:29:53,600
which time more than 150 thousand dogs

808
00:29:57,269 --> 00:29:55,360
have been handled

809
00:30:00,870 --> 00:29:57,279
the records of the london hospital a few

810
00:30:03,669 --> 00:30:00,880
years ago showed two thousand uh 668

811
00:30:05,909 --> 00:30:03,679
persons bitten by angry dogs none of

812
00:30:08,549 --> 00:30:05,919
them developed rabies

813
00:30:11,269 --> 00:30:08,559

uh st george's hospital london records 4

814

00:30:12,470 --> 00:30:11,279

000 patients bitten by dogs supposed to

815

00:30:15,909 --> 00:30:12,480

have been mad

816

00:30:18,789 --> 00:30:15,919

and no cases of rabies

817

00:30:21,110 --> 00:30:18,799

uh it just you can sort of go on and on

818

00:30:22,549 --> 00:30:21,120

and on through the history i think

819

00:30:23,909 --> 00:30:22,559

there's this

820

00:30:25,190 --> 00:30:23,919

idea

821

00:30:28,149 --> 00:30:25,200

out there

822

00:30:29,830 --> 00:30:28,159

uh that that you know i think

823

00:30:31,269 --> 00:30:29,840

essentially was

824

00:30:33,350 --> 00:30:31,279

a scare

825

00:30:34,830 --> 00:30:33,360

that was put out by pasteur

826

00:30:39,269 --> 00:30:34,840

uh in the

827

00:30:41,510 --> 00:30:39,279

1850s i believe that you know if an uh

828

00:30:43,029 --> 00:30:41,520

an angry dog bit you

829

00:30:44,389 --> 00:30:43,039

you would go mad

830

00:30:46,710 --> 00:30:44,399

and you better

831

00:30:50,470 --> 00:30:46,720

get this vaccine this is a this this is

832

00:30:52,149 --> 00:30:50,480

a necessary treatment but there's just

833

00:30:54,230 --> 00:30:52,159

the science isn't there to support it

834

00:30:55,990 --> 00:30:54,240

the history doesn't support it you know

835

00:30:56,870 --> 00:30:56,000

you can look at other countries at the

836

00:30:58,870 --> 00:30:56,880

time

837

00:31:00,630 --> 00:30:58,880

that had no cases of rabies there were

838

00:31:02,310 --> 00:31:00,640

there were you know over and over and

839

00:31:06,310 --> 00:31:02,320

over again

840

00:31:09,029 --> 00:31:06,320

rabies was not an issue it was not uh uh

841

00:31:11,590 --> 00:31:09,039

people weren't concerned about this uh

842

00:31:14,710 --> 00:31:11,600

it was in the countries where pastor

843

00:31:18,070 --> 00:31:14,720

institutes developed that we saw the

844

00:31:20,070 --> 00:31:18,080

development of the fear of rabies

845

00:31:21,430 --> 00:31:20,080

let's see and and i'm just you know

846

00:31:22,310 --> 00:31:21,440

pulling this out of

847

00:31:24,149 --> 00:31:22,320

you know

848

00:31:25,909 --> 00:31:24,159

recent research here

849

00:31:27,430 --> 00:31:25,919

recent research give us the dates on

850

00:31:30,630 --> 00:31:27,440

some of those things that you're saying

851
00:31:33,750 --> 00:31:30,640
i believe this is from a book called the

852
00:31:36,230 --> 00:31:33,760
poison needle by eleanor mcbean

853
00:31:38,149 --> 00:31:36,240
which is a real classic so that's from

854
00:31:38,950 --> 00:31:38,159
like the 19

855
00:31:40,149 --> 00:31:38,960
uh

856
00:31:42,630 --> 00:31:40,159
i think that book was written in like

857
00:31:45,029 --> 00:31:42,640
the 1920s

858
00:31:47,029 --> 00:31:45,039
right so it's really not i mean do you

859
00:31:49,110 --> 00:31:47,039
think that's still the case do you think

860
00:31:50,870 --> 00:31:49,120
that's kind of up to date in terms of

861
00:31:52,789 --> 00:31:50,880
modern day science and

862
00:31:54,389 --> 00:31:52,799
if i brought i i think what i'm trying

863
00:31:56,750 --> 00:31:54,399

to do is you know you were said you were

864

00:31:59,990 --> 00:31:56,760

talking about

865

00:32:02,149 --> 00:32:00,000

pre-1940s fear of rabies and so you were

866

00:32:04,070 --> 00:32:02,159

saying oh there was this huge fear of

867

00:32:06,230 --> 00:32:04,080

rabies before the 1940s before the

868

00:32:07,590 --> 00:32:06,240

vaccination came along right but

869

00:32:09,509 --> 00:32:07,600

actually that's that's not the case

870

00:32:11,509 --> 00:32:09,519

there was a there was a fear but there

871

00:32:14,549 --> 00:32:11,519

wasn't a reality to that

872

00:32:16,710 --> 00:32:14,559

so i i invited mike to join us on the

873

00:32:18,470 --> 00:32:16,720

show today because he's done some really

874

00:32:20,630 --> 00:32:18,480

really wonderful research into the

875

00:32:21,669 --> 00:32:20,640

history of the science uh on these

876

00:32:24,470 --> 00:32:21,679

questions

877

00:32:27,990 --> 00:32:24,480

and uh has a blog called viral uh

878

00:32:29,350 --> 00:32:28,000

virology but it's for rolling

879

00:32:31,110 --> 00:32:29,360

i can never pronounce it right but it's

880

00:32:32,389 --> 00:32:31,120

got the word lie in there how do you say

881

00:32:34,389 --> 00:32:32,399

it mike

882

00:32:36,870 --> 00:32:34,399

uh i just say in virology but you can

883

00:32:38,630 --> 00:32:36,880

say viral lie g is what i've heard a lot

884

00:32:40,149 --> 00:32:38,640

of people say

885

00:32:41,669 --> 00:32:40,159

anyway he's done really really

886

00:32:43,750 --> 00:32:41,679

tremendous work going back through the

887

00:32:45,669 --> 00:32:43,760

history of the actual uh scientific

888

00:32:47,669 --> 00:32:45,679

papers and mike i don't know if you had

889

00:32:49,430 --> 00:32:47,679

any thoughts on you know

890

00:32:51,830 --> 00:32:49,440

rabies

891

00:32:53,669 --> 00:32:51,840

yeah i think the the first thing just

892

00:32:56,549 --> 00:32:53,679

going back to pasteur

893

00:32:57,590 --> 00:32:56,559

that i find interesting is that he

894

00:33:01,669 --> 00:32:57,600

never

895

00:33:03,190 --> 00:33:01,679

isolated anything when he was developing

896

00:33:06,310 --> 00:33:03,200

his vaccines

897

00:33:08,070 --> 00:33:06,320

so it goes back to the fact that there

898

00:33:09,669 --> 00:33:08,080

was no virus

899

00:33:11,190 --> 00:33:09,679

there was nothing there that he could

900

00:33:13,269 --> 00:33:11,200

physically see

901
00:33:14,950 --> 00:33:13,279
observe manipulate he couldn't adhere to

902
00:33:15,750 --> 00:33:14,960
the scientific method

903
00:33:18,230 --> 00:33:15,760
when

904
00:33:20,149 --> 00:33:18,240
uh creating his vaccinations so i know

905
00:33:22,070 --> 00:33:20,159
you already spoke michael about some of

906
00:33:24,549 --> 00:33:22,080
the fraud with pasture but he didn't

907
00:33:27,190 --> 00:33:24,559
even know if his vaccines were safe or

908
00:33:29,669 --> 00:33:27,200
if that what the efficacy of them were

909
00:33:31,669 --> 00:33:29,679
which he had actually hidden which a lot

910
00:33:33,990 --> 00:33:31,679
of his detractors at the time

911
00:33:35,590 --> 00:33:34,000
were very much against

912
00:33:39,350 --> 00:33:35,600
his

913
00:33:40,310 --> 00:33:39,360

and hiding it from everyone to be able

914

00:33:42,950 --> 00:33:40,320

to see

915

00:33:44,950 --> 00:33:42,960

and from being able to you know

916

00:33:47,110 --> 00:33:44,960

reproduce his work

917

00:33:49,509 --> 00:33:47,120

so there's an issue with just from the

918

00:33:51,269 --> 00:33:49,519

outset with rabies that they actually

919

00:33:53,669 --> 00:33:51,279

never had a virus to begin with they

920

00:33:56,070 --> 00:33:53,679

just had you know the effect and they're

921

00:33:58,389 --> 00:33:56,080

they're assuming the cause with the

922

00:34:00,470 --> 00:33:58,399

vaccine it was interesting with that

923

00:34:03,430 --> 00:34:00,480

historian that you spoke of who actually

924

00:34:06,710 --> 00:34:03,440

looked at past years notes he

925

00:34:09,190 --> 00:34:06,720

admitted that most cases when people

926
00:34:11,909 --> 00:34:09,200
were bitten by you know animals that

927
00:34:14,790 --> 00:34:11,919
were said to be clearly rabid

928
00:34:16,790 --> 00:34:14,800
they needed no treatment whatsoever

929
00:34:18,149 --> 00:34:16,800
they were fine without treatment and in

930
00:34:20,950 --> 00:34:18,159
many cases

931
00:34:22,710 --> 00:34:20,960
the the vaccine itself was making people

932
00:34:25,030 --> 00:34:22,720
sick there's actually studies that were

933
00:34:26,950 --> 00:34:25,040
done in the 50s i believe if i remember

934
00:34:29,829 --> 00:34:26,960
correctly i wrote about it where they

935
00:34:31,190 --> 00:34:29,839
went through a lot of uh different

936
00:34:32,470 --> 00:34:31,200
there was two different kind i can't

937
00:34:33,909 --> 00:34:32,480
remember the names of them but there was

938
00:34:36,389 --> 00:34:33,919

like neurological symptoms and

939

00:34:38,389 --> 00:34:36,399

non-neurological symptoms created just

940

00:34:40,230 --> 00:34:38,399

from the vaccines that were admitted to

941

00:34:43,669 --> 00:34:40,240

be a cause from that

942

00:34:46,310 --> 00:34:43,679

and not from rabies so it's a it was a

943

00:34:48,790 --> 00:34:46,320

case where the vaccine was actually

944

00:34:50,550 --> 00:34:48,800

causing the disease that it was supposed

945

00:34:52,470 --> 00:34:50,560

to prevent and that the people that were

946

00:34:55,030 --> 00:34:52,480

actually bitten by the animals the

947

00:34:56,869 --> 00:34:55,040

rabbit animals were not expressing any

948

00:34:58,630 --> 00:34:56,879

symptoms whatsoever they though those

949

00:35:01,109 --> 00:34:58,640

who did not receive treatment were just

950

00:35:02,790 --> 00:35:01,119

fine the ones who received the treatment

951
00:35:04,790 --> 00:35:02,800
we're actually developing the symptoms

952
00:35:06,470 --> 00:35:04,800
that were associated with rabies and

953
00:35:07,190 --> 00:35:06,480
actually succumbing to it

954
00:35:09,750 --> 00:35:07,200
yeah

955
00:35:10,550 --> 00:35:09,760
that mike that reminds that reminds me

956
00:35:12,550 --> 00:35:10,560
uh

957
00:35:15,670 --> 00:35:12,560
that that's right that that

958
00:35:18,470 --> 00:35:15,680
the pastor put a statistical

959
00:35:21,190 --> 00:35:18,480
sort of rule in place for his vaccines

960
00:35:25,349 --> 00:35:21,200
which was that if you die on the day you

961
00:35:26,950 --> 00:35:25,359
were vaccinated uh or uh within i think

962
00:35:29,750 --> 00:35:26,960
it was 20

963
00:35:31,510 --> 00:35:29,760

something like 20 or 25 days of being

964

00:35:35,829 --> 00:35:31,520

vaccinated

965

00:35:38,230 --> 00:35:35,839

then you would not count as it as a as

966

00:35:40,150 --> 00:35:38,240

having died from the vaccine

967

00:35:42,310 --> 00:35:40,160

you would you you would be it would be

968

00:35:43,670 --> 00:35:42,320

written down that you had died from

969

00:35:44,470 --> 00:35:43,680

rabies

970

00:35:46,550 --> 00:35:44,480

right

971

00:35:48,790 --> 00:35:46,560

even though you were fine until you were

972

00:35:51,190 --> 00:35:48,800

vaccinated right because we didn't have

973

00:35:54,790 --> 00:35:51,200

cases of people going you know nuts or

974

00:35:56,310 --> 00:35:54,800

whatever but they they would come in

975

00:35:59,990 --> 00:35:56,320

fearful

976
00:36:01,510 --> 00:36:00,000
become vaccinated they would die

977
00:36:03,750 --> 00:36:01,520
and then they would it would be

978
00:36:05,670 --> 00:36:03,760
after being vaccinated and then it would

979
00:36:08,230 --> 00:36:05,680
be written down that they had died from

980
00:36:10,950 --> 00:36:08,240
rabies not from the vaccine and and and

981
00:36:13,990 --> 00:36:10,960
pasteur admits that in his notes and

982
00:36:15,270 --> 00:36:14,000
this is covered by a professor

983
00:36:20,069 --> 00:36:15,280
uh

984
00:36:21,910 --> 00:36:20,079
you know you see the level of

985
00:36:23,910 --> 00:36:21,920
statistical fraud

986
00:36:25,589 --> 00:36:23,920
that that that goes on we saw the exact

987
00:36:27,750 --> 00:36:25,599
same thing with uh with the covet

988
00:36:31,349 --> 00:36:27,760

vaccinations right exact same fraud

989

00:36:33,030 --> 00:36:31,359

which is that if you know if if you uh

990

00:36:34,470 --> 00:36:33,040

for a while i think i they may have

991

00:36:36,950 --> 00:36:34,480

given it up at this point but you know

992

00:36:40,390 --> 00:36:36,960

for a while if you were injected with

993

00:36:43,750 --> 00:36:40,400

the vaccine and you uh tested positive

994

00:36:46,310 --> 00:36:43,760

uh using the pcr method for covid if it

995

00:36:48,470 --> 00:36:46,320

was within three weeks of the vaccine

996

00:36:49,510 --> 00:36:48,480

that it must be that it wasn't the

997

00:36:51,990 --> 00:36:49,520

vaccine

998

00:36:54,390 --> 00:36:52,000

you just didn't get it in time right

999

00:36:57,270 --> 00:36:54,400

that was the that was the game

1000

00:36:59,030 --> 00:36:57,280

uh right so i i think i i think i saw

1001
00:37:00,870 --> 00:36:59,040
that same thing and i think it's pretty

1002
00:37:02,069 --> 00:37:00,880
a reliable representation of what

1003
00:37:03,990 --> 00:37:02,079
happened and the other thing i think

1004
00:37:05,750 --> 00:37:04,000
that you're alluding to is the kind of

1005
00:37:07,430 --> 00:37:05,760
cause of death thing which has been

1006
00:37:09,829 --> 00:37:07,440
widely reported but

1007
00:37:11,589 --> 00:37:09,839
people can go check it out it's

1008
00:37:14,069 --> 00:37:11,599
verified over and over again with the

1009
00:37:16,710 --> 00:37:14,079
kovit thing is like if you get admitted

1010
00:37:18,950 --> 00:37:16,720
to the hospital with

1011
00:37:20,950 --> 00:37:18,960
i don't know a broken leg you know or

1012
00:37:22,790 --> 00:37:20,960
just came in with a car accident they're

1013
00:37:25,430 --> 00:37:22,800

going to do a pcr test on you and if you

1014

00:37:28,150 --> 00:37:25,440

come up as positive and then you die

1015

00:37:30,870 --> 00:37:28,160

even if it's from complications from

1016

00:37:32,870 --> 00:37:30,880

a car accident or gunshot wound or

1017

00:37:34,710 --> 00:37:32,880

whatever we're going to chalk it up so

1018

00:37:37,589 --> 00:37:34,720

there's all these

1019

00:37:41,829 --> 00:37:37,599

all these verifiable

1020

00:37:44,069 --> 00:37:41,839

scammy scammy health care fraud global

1021

00:37:45,190 --> 00:37:44,079

bl basis kind of things that we can

1022

00:37:46,950 --> 00:37:45,200

point to

1023

00:37:48,950 --> 00:37:46,960

i don't want to

1024

00:37:50,710 --> 00:37:48,960

spend all our time on the rabies thing

1025

00:37:53,109 --> 00:37:50,720

but i do feel the need to wrestle it to

1026

00:37:55,990 --> 00:37:53,119

the ground because i just gotta think i

1027

00:37:58,710 --> 00:37:56,000

just gotta say i just am not at all

1028

00:38:00,230 --> 00:37:58,720

at all convinced by uh what you guys are

1029

00:38:03,349 --> 00:38:00,240

lying out there because

1030

00:38:05,510 --> 00:38:03,359

here's how i would sum it up if this

1031

00:38:07,430 --> 00:38:05,520

graph that i'm showing you

1032

00:38:09,349 --> 00:38:07,440

is accurate

1033

00:38:11,510 --> 00:38:09,359

then no everything you're saying is

1034

00:38:12,950 --> 00:38:11,520

false right because what this graph

1035

00:38:15,349 --> 00:38:12,960

shows people can't see it if they're

1036

00:38:17,589 --> 00:38:15,359

just listening is that there's

1037

00:38:21,430 --> 00:38:17,599

eight ten thousand cases of rabies a

1038

00:38:24,150 --> 00:38:21,440

year in uh in the 1940s

1039

00:38:26,630 --> 00:38:24,160

and today there's zero cases of rabies

1040

00:38:28,470 --> 00:38:26,640

among humans and domestic animals in the

1041

00:38:30,550 --> 00:38:28,480

united states and this graph is

1042

00:38:33,750 --> 00:38:30,560

different in mexico and it's different

1043

00:38:35,510 --> 00:38:33,760

in india so i wonder if we could at

1044

00:38:38,069 --> 00:38:35,520

least agree

1045

00:38:40,710 --> 00:38:38,079

that this graph if it is accurate like

1046

00:38:42,390 --> 00:38:40,720

i'm just throwing it at you so you can't

1047

00:38:43,910 --> 00:38:42,400

we would have to research it and stuff

1048

00:38:47,030 --> 00:38:43,920

but if these numbers are accurate it

1049

00:38:49,430 --> 00:38:47,040

would severely undermine your position

1050

00:38:50,950 --> 00:38:49,440

in terms of that there is no there is no

1051
00:38:53,349 --> 00:38:50,960
rabies because you're saying there is no

1052
00:38:56,230 --> 00:38:53,359
rabies rabies never kills dogs and if

1053
00:38:58,870 --> 00:38:56,240
you get by get bit by a rabid animal a

1054
00:39:00,550 --> 00:38:58,880
skunk or a fox or whatever there's no

1055
00:39:02,069 --> 00:39:00,560
problem you know don't go to the doctor

1056
00:39:04,310 --> 00:39:02,079
don't worry about getting that rabies

1057
00:39:07,190 --> 00:39:04,320
shot you'll be fine

1058
00:39:08,870 --> 00:39:07,200
alex you're slightly misinterpreting uh

1059
00:39:11,030 --> 00:39:08,880
what i'm saying and i think what what

1060
00:39:14,069 --> 00:39:11,040
mike is saying uh again

1061
00:39:15,990 --> 00:39:14,079
nobody's saying that there aren't

1062
00:39:17,829 --> 00:39:16,000
dogs with the symptoms that we call

1063
00:39:19,510 --> 00:39:17,839

rabies you can even call them dogs with

1064

00:39:22,470 --> 00:39:19,520

rabies okay

1065

00:39:23,990 --> 00:39:22,480

what uh what mike and i are arguing and

1066

00:39:24,950 --> 00:39:24,000

what the scientists are arguing in the

1067

00:39:27,190 --> 00:39:24,960

film

1068

00:39:29,750 --> 00:39:27,200

is that

1069

00:39:30,790 --> 00:39:29,760

is the story behind why those dogs are

1070

00:39:33,430 --> 00:39:30,800

sick

1071

00:39:35,589 --> 00:39:33,440

there's a story that that was invented

1072

00:39:40,550 --> 00:39:35,599

about

1073

00:39:43,589 --> 00:39:40,560

that says there's a little

1074

00:39:45,430 --> 00:39:43,599

viral particle a little a tiny little

1075

00:39:47,589 --> 00:39:45,440

particle little at first it was

1076

00:39:50,230 --> 00:39:47,599

conceived as a protein then it was

1077

00:39:51,510 --> 00:39:50,240

conceived as a little piece of dna and

1078

00:39:53,190 --> 00:39:51,520

hold on let me just sit let me just

1079

00:39:54,069 --> 00:39:53,200

interject so we don't get too far off

1080

00:39:56,470 --> 00:39:54,079

track

1081

00:39:58,550 --> 00:39:56,480

these numbers would support

1082

00:40:01,750 --> 00:39:58,560

that hypothesis because what they

1083

00:40:04,550 --> 00:40:01,760

followed here this procedure is exactly

1084

00:40:07,990 --> 00:40:04,560

following that path the science here was

1085

00:40:10,630 --> 00:40:08,000

to go and isolate that little thing and

1086

00:40:12,470 --> 00:40:10,640

then treat it the way that they have

1087

00:40:14,230 --> 00:40:12,480

said that they treated it and this is

1088

00:40:16,230 --> 00:40:14,240

the result that they got they they're

1089

00:40:17,829 --> 00:40:16,240

not treating it a different way there

1090

00:40:21,109 --> 00:40:17,839

isn't this global

1091

00:40:24,150 --> 00:40:21,119

kind of scam over the last 80 years in

1092

00:40:26,470 --> 00:40:24,160

terms of how to treat rabies

1093

00:40:28,309 --> 00:40:26,480

oh sure sure there is

1094

00:40:29,990 --> 00:40:28,319

sure there's definitely but it's

1095

00:40:31,589 --> 00:40:30,000

incredibly effective it's incredibly

1096

00:40:34,710 --> 00:40:31,599

effective i don't understand what you're

1097

00:40:36,870 --> 00:40:34,720

arguing if it is this effective your you

1098

00:40:38,790 --> 00:40:36,880

seem to be arguing that yeah it's been

1099

00:40:39,910 --> 00:40:38,800

super effective but it's not effective

1100

00:40:42,230 --> 00:40:39,920

because of

1101
00:40:44,550 --> 00:40:42,240
anything that they've said i mean that

1102
00:40:46,950 --> 00:40:44,560
doesn't square with just common sense

1103
00:40:48,870 --> 00:40:46,960
people would go no well i would tend to

1104
00:40:51,030 --> 00:40:48,880
believe that it's the science that

1105
00:40:53,030 --> 00:40:51,040
they've applied to it in this case that

1106
00:40:54,390 --> 00:40:53,040
doesn't mean that in every case and all

1107
00:40:57,030 --> 00:40:54,400
the ways that we're talking about but it

1108
00:40:58,870 --> 00:40:57,040
seems to be such an all or nothing thing

1109
00:41:00,710 --> 00:40:58,880
with you guys regarding viruses it's

1110
00:41:01,990 --> 00:41:00,720
just because it's just because the there

1111
00:41:03,829 --> 00:41:02,000
there's no

1112
00:41:05,990 --> 00:41:03,839
the you can repeat the point again and

1113
00:41:07,030 --> 00:41:06,000

again that the the science isn't there

1114

00:41:09,510 --> 00:41:07,040

but

1115

00:41:12,230 --> 00:41:09,520

i'll i'll put it this way let me take a

1116

00:41:14,550 --> 00:41:12,240

look at this chart the next time we talk

1117

00:41:16,790 --> 00:41:14,560

hopefully i will have some commentary on

1118

00:41:18,790 --> 00:41:16,800

it and what were the methods used to

1119

00:41:20,309 --> 00:41:18,800

come up with this chart and and then we

1120

00:41:21,990 --> 00:41:20,319

could talk you know in more detail

1121

00:41:24,550 --> 00:41:22,000

because i haven't seen this chart before

1122

00:41:26,950 --> 00:41:24,560

i'm happy to investigate it and see if i

1123

00:41:28,870 --> 00:41:26,960

can you know go back and look at it and

1124

00:41:31,670 --> 00:41:28,880

and and see how they you know where the

1125

00:41:33,270 --> 00:41:31,680

data uh came from on that you know

1126

00:41:34,950 --> 00:41:33,280

fair enough fair enough you guys have

1127

00:41:36,950 --> 00:41:34,960

been incredibly open and engaging i'm

1128

00:41:38,710 --> 00:41:36,960

sorry mike go ahead please yeah i'm just

1129

00:41:40,150 --> 00:41:38,720

gonna say it's hard to compare too like

1130

00:41:42,390 --> 00:41:40,160

if you're talking about america where

1131

00:41:44,790 --> 00:41:42,400

dogs are domesticated in houses and you

1132

00:41:46,790 --> 00:41:44,800

know living in cleaner environments and

1133

00:41:48,550 --> 00:41:46,800

conditions like that of course they're

1134

00:41:50,390 --> 00:41:48,560

not going to get as sick as dogs that

1135

00:41:51,430 --> 00:41:50,400

are out in the wild sometimes you know

1136

00:41:52,710 --> 00:41:51,440

you've got to look at the different

1137

00:41:55,030 --> 00:41:52,720

living conditions whether they're

1138

00:41:57,910 --> 00:41:55,040

exposed different environmental toxins

1139

00:42:00,550 --> 00:41:57,920

things along those lines in order to

1140

00:42:03,190 --> 00:42:00,560

uh look at the data and

1141

00:42:04,470 --> 00:42:03,200

see if there's a potential they're cause

1142

00:42:05,510 --> 00:42:04,480

the thing that we're getting at is

1143

00:42:08,069 --> 00:42:05,520

there's no

1144

00:42:10,390 --> 00:42:08,079

proof that there is this virus rabies

1145

00:42:12,390 --> 00:42:10,400

virus particle they never purified and

1146

00:42:14,550 --> 00:42:12,400

isolated the particle that was called

1147

00:42:16,790 --> 00:42:14,560

rabies and have shown

1148

00:42:18,470 --> 00:42:16,800

that by taking that purified isolated

1149

00:42:20,710 --> 00:42:18,480

particle they can cause rabies in

1150

00:42:22,870 --> 00:42:20,720

another animal there's also no proof

1151

00:42:24,390 --> 00:42:22,880

that if you get bit by a dog or an

1152

00:42:26,550 --> 00:42:24,400

animal that's rabbit that you're gonna

1153

00:42:27,750 --> 00:42:26,560

get that same disease that's just never

1154

00:42:29,910 --> 00:42:27,760

been the case

1155

00:42:31,829 --> 00:42:29,920

great well i tell you what again hats

1156

00:42:34,710 --> 00:42:31,839

off to you guys for totally fully

1157

00:42:37,670 --> 00:42:34,720

engaging with the topic i want to return

1158

00:42:39,750 --> 00:42:37,680

to the film and the film series because

1159

00:42:41,190 --> 00:42:39,760

people need to know what's out there

1160

00:42:42,950 --> 00:42:41,200

there's a ton of good information in

1161

00:42:45,270 --> 00:42:42,960

there and i want people to do it so i

1162

00:42:47,349 --> 00:42:45,280

want to play a clip from that i also

1163

00:42:48,710 --> 00:42:47,359

want to stress that your position here

1164

00:42:49,990 --> 00:42:48,720

the position that you guys are taking

1165

00:42:50,870 --> 00:42:50,000

are not like

1166

00:42:52,390 --> 00:42:50,880

some

1167

00:42:55,349 --> 00:42:52,400

it's not you

1168

00:42:58,150 --> 00:42:55,359

if i had andrew kaufman and tom collins

1169

00:42:59,430 --> 00:42:58,160

they would say the exact same thing that

1170

00:43:01,270 --> 00:42:59,440

you just said i don't think you're

1171

00:43:03,349 --> 00:43:01,280

misrepresenting

1172

00:43:05,349 --> 00:43:03,359

that point at all so i'll tell you what

1173

00:43:08,710 --> 00:43:05,359

let me play for folks

1174

00:43:11,829 --> 00:43:08,720

a clip from the viral delusion the

1175

00:43:15,030 --> 00:43:11,839

pseudoscience of sars co

1176
00:43:17,430 --> 00:43:15,040
and the madness of modern virology and

1177
00:43:18,710 --> 00:43:17,440
then we'll talk some more about it

1178
00:43:20,630 --> 00:43:18,720
sounds great

1179
00:43:21,589 --> 00:43:20,640
and that's when i just started saying

1180
00:43:22,870 --> 00:43:21,599
okay

1181
00:43:24,790 --> 00:43:22,880
let's figure out what's going on i'm

1182
00:43:27,190 --> 00:43:24,800
going to start at the very beginning

1183
00:43:29,589 --> 00:43:27,200
i'm going to look at the papers that

1184
00:43:31,910 --> 00:43:29,599
discover the virus and

1185
00:43:32,790 --> 00:43:31,920
you know take it wherever it leads me

1186
00:43:35,349 --> 00:43:32,800
and

1187
00:43:37,589 --> 00:43:35,359
i never expected to find

1188
00:43:38,870 --> 00:43:37,599

that those papers didn't actually show

1189

00:43:41,190 --> 00:43:38,880

any virus

1190

00:43:43,910 --> 00:43:41,200

in the studies and and then the most

1191

00:43:45,589 --> 00:43:43,920

important studies claiming

1192

00:43:47,750 --> 00:43:45,599

zazcroft ii

1193

00:43:49,829 --> 00:43:47,760

uh they haven't purified the particles

1194

00:43:51,990 --> 00:43:49,839

and without purification

1195

00:43:52,790 --> 00:43:52,000

and finally isolation

1196

00:43:57,510 --> 00:43:52,800

you

1197

00:43:59,589 --> 00:43:57,520

and the first thing i did i actually

1198

00:44:01,270 --> 00:43:59,599

went to look for uh

1199

00:44:08,550 --> 00:44:01,280

the

1200

00:44:11,030 --> 00:44:08,560

control

1201
00:44:13,030 --> 00:44:11,040
published under the name zoo and others

1202
00:44:15,829 --> 00:44:13,040
which was the first uh supposed

1203
00:44:17,910 --> 00:44:15,839
isolation of the sarsko ii

1204
00:44:20,870 --> 00:44:17,920
and of course immediately found uh

1205
00:44:22,390 --> 00:44:20,880
incredible discrepancies and

1206
00:44:24,150 --> 00:44:22,400
a methodology that

1207
00:44:26,630 --> 00:44:24,160
you know didn't isolate anything there

1208
00:44:28,870 --> 00:44:26,640
is no virus there the cdc admitted last

1209
00:44:31,430 --> 00:44:28,880
december they don't have any insurgency

1210
00:44:33,510 --> 00:44:31,440
to to compare with the pcr test to see

1211
00:44:35,910 --> 00:44:33,520
if that's what it's actually detecting

1212
00:44:36,790 --> 00:44:35,920
absolutely can tell you after a year of

1213
00:44:39,990 --> 00:44:36,800

looking

1214

00:44:43,190 --> 00:44:40,000

there has not been one case literature

1215

00:44:44,870 --> 00:44:43,200

where a virologist or a scientist took

1216

00:44:48,309 --> 00:44:44,880

somebody was sick

1217

00:44:50,870 --> 00:44:48,319

did the normal isolation procedures and

1218

00:44:52,790 --> 00:44:50,880

said here is this virus

1219

00:44:54,950 --> 00:44:52,800

the old thing is it's been a scam from

1220

00:44:56,710 --> 00:44:54,960

the beginning because this isn't about

1221

00:44:59,990 --> 00:44:56,720

the science

1222

00:45:01,270 --> 00:45:00,000

covert 19 sars code 2 is nothing to do

1223

00:45:03,030 --> 00:45:01,280

with science

1224

00:45:06,069 --> 00:45:03,040

otherwise it would have all been

1225

00:45:08,309 --> 00:45:06,079

debunked months ago

1226

00:45:10,390 --> 00:45:08,319

okay we'll stop it right there first of

1227

00:45:13,670 --> 00:45:10,400

all let's talk about

1228

00:45:16,309 --> 00:45:13,680

the film series in general very very

1229

00:45:18,069 --> 00:45:16,319

beautifully done professionally done

1230

00:45:20,230 --> 00:45:18,079

tell us a little bit about the process a

1231

00:45:21,190 --> 00:45:20,240

lot of interviews here must take a long

1232

00:45:23,430 --> 00:45:21,200

time

1233

00:45:25,270 --> 00:45:23,440

to compile all these

1234

00:45:26,550 --> 00:45:25,280

tell us about the filmmaking process a

1235

00:45:28,470 --> 00:45:26,560

little bit

1236

00:45:31,270 --> 00:45:28,480

oh sure so i had been i had been

1237

00:45:33,190 --> 00:45:31,280

screenwriting uh and working you know

1238

00:45:35,750 --> 00:45:33,200

with a with a foot in hollywood for the

1239

00:45:38,790 --> 00:45:35,760

past 10 years and i i

1240

00:45:41,430 --> 00:45:38,800

when i realized the depth of this story

1241

00:45:42,470 --> 00:45:41,440

i immediately thought this you know

1242

00:45:44,150 --> 00:45:42,480

there should be a movie about this

1243

00:45:46,390 --> 00:45:44,160

somebody needs to tell this story and

1244

00:45:47,430 --> 00:45:46,400

and uh it was pretty obvious that you

1245

00:45:50,710 --> 00:45:47,440

know i was going to be able to go to

1246

00:45:51,589 --> 00:45:50,720

netflix or amazon uh you know to get it

1247

00:45:56,309 --> 00:45:51,599

made

1248

00:45:57,910 --> 00:45:56,319

before uh so i'm a little shy uh in

1249

00:45:59,270 --> 00:45:57,920

terms of

1250

00:46:00,630 --> 00:45:59,280

you know picking up the phone and

1251
00:46:02,710 --> 00:46:00,640
calling people to say hey do you want to

1252
00:46:04,630 --> 00:46:02,720
be in my documentary because honestly i

1253
00:46:05,829 --> 00:46:04,640
had no idea if it was even going to work

1254
00:46:07,349 --> 00:46:05,839
you know if it was if we were going to

1255
00:46:10,470 --> 00:46:07,359
be able to tell the story well but what

1256
00:46:12,069 --> 00:46:10,480
i found was that the the

1257
00:46:13,910 --> 00:46:12,079
the doctors and the scientists that i

1258
00:46:16,230 --> 00:46:13,920
called you know for the most part

1259
00:46:19,589 --> 00:46:16,240
absolutely thrilled to be able to to

1260
00:46:23,030 --> 00:46:19,599
have a platform to speak out i did

1261
00:46:24,150 --> 00:46:23,040
speak to a couple of scientists who were

1262
00:46:26,630 --> 00:46:24,160
just so

1263
00:46:28,950 --> 00:46:26,640

really wonderful people who had been so

1264

00:46:31,030 --> 00:46:28,960

beaten down that they just felt it was

1265

00:46:33,990 --> 00:46:31,040

hopeless to even bother speaking out i

1266

00:46:36,069 --> 00:46:34,000

don't want to name names but some really

1267

00:46:39,190 --> 00:46:36,079

really top-notch people

1268

00:46:41,910 --> 00:46:39,200

who just felt like they didn't even want

1269

00:46:42,950 --> 00:46:41,920

to engage with society anymore because

1270

00:46:44,710 --> 00:46:42,960

that

1271

00:46:46,630 --> 00:46:44,720

they had been so burnt

1272

00:46:49,270 --> 00:46:46,640

uh when they had tried to speak out

1273

00:46:51,670 --> 00:46:49,280

about the aids situation really i mean

1274

00:46:54,390 --> 00:46:51,680

like a whole generation of absolutely

1275

00:46:57,510 --> 00:46:54,400

brilliant scientists who were destroyed

1276

00:47:00,790 --> 00:46:57,520

by fouchy and and his

1277

00:47:02,150 --> 00:47:00,800

machine uh that you know that said hiv

1278

00:47:04,390 --> 00:47:02,160

is the cause of aids and if you don't

1279

00:47:05,589 --> 00:47:04,400

agree shut shut up and and we will

1280

00:47:07,589 --> 00:47:05,599

destroy you

1281

00:47:09,430 --> 00:47:07,599

and and and so there were numerous

1282

00:47:11,510 --> 00:47:09,440

people from that world

1283

00:47:12,950 --> 00:47:11,520

who were just too depressed to talk to

1284

00:47:15,349 --> 00:47:12,960

me but there were still

1285

00:47:17,750 --> 00:47:15,359

a number of people from that world who

1286

00:47:19,670 --> 00:47:17,760

survived it emotionally and uh and

1287

00:47:22,150 --> 00:47:19,680

really it was like a it was a little bit

1288

00:47:23,910 --> 00:47:22,160

of a minefield really in terms of the

1289

00:47:26,150 --> 00:47:23,920

all of the different characters that had

1290

00:47:29,030 --> 00:47:26,160

lived through that war that scientific

1291

00:47:30,710 --> 00:47:29,040

war but but enough uh

1292

00:47:32,309 --> 00:47:30,720

you know there was a

1293

00:47:34,390 --> 00:47:32,319

there was still enough hope there among

1294

00:47:35,829 --> 00:47:34,400

us you know a certain crowd and

1295

00:47:37,829 --> 00:47:35,839

you know that was like to me that was

1296

00:47:39,190 --> 00:47:37,839

one of the most exciting things because

1297

00:47:40,950 --> 00:47:39,200

whereas i knew

1298

00:47:43,270 --> 00:47:40,960

you know i had known the polio story and

1299

00:47:45,430 --> 00:47:43,280

the smallpox story for a long time the

1300

00:47:46,390 --> 00:47:45,440

the secret history of aids was something

1301

00:47:48,870 --> 00:47:46,400

i had

1302

00:47:50,549 --> 00:47:48,880

you know very little knowledge about

1303

00:47:51,750 --> 00:47:50,559

and so you know i didn't know that you

1304

00:47:52,950 --> 00:47:51,760

know

1305

00:47:55,190 --> 00:47:52,960

really

1306

00:47:57,910 --> 00:47:55,200

a huge portion of the world's greatest

1307

00:47:59,270 --> 00:47:57,920

scientists were trying to speak out and

1308

00:48:02,710 --> 00:47:59,280

trying to say

1309

00:48:04,790 --> 00:48:02,720

this is not true this this is not it's

1310

00:48:06,549 --> 00:48:04,800

certainly not supported by

1311

00:48:08,710 --> 00:48:06,559

the scientific evidence to claim that

1312

00:48:11,349 --> 00:48:08,720

hiv is the cause of aids

1313

00:48:12,309 --> 00:48:11,359

and it's it's contradicted by the

1314

00:48:14,870 --> 00:48:12,319

evidence

1315

00:48:17,270 --> 00:48:14,880

so that to discover that there were all

1316

00:48:18,150 --> 00:48:17,280

these nobel prize winners and brilliant

1317

00:48:20,309 --> 00:48:18,160

people

1318

00:48:22,710 --> 00:48:20,319

uh brilliant scientists mathematicians

1319

00:48:24,630 --> 00:48:22,720

biochemists physicists electron

1320

00:48:26,270 --> 00:48:24,640

microscopists

1321

00:48:29,589 --> 00:48:26,280

uh physicians

1322

00:48:31,670 --> 00:48:29,599

gynecologists this huge array of of a

1323

00:48:33,910 --> 00:48:31,680

genius that that had tried to fight the

1324

00:48:36,150 --> 00:48:33,920

system and just you know fauci had

1325

00:48:38,150 --> 00:48:36,160

basically played media whack-a-mole with

1326

00:48:39,589 --> 00:48:38,160

them every time they popped up

1327

00:48:41,589 --> 00:48:39,599

um

1328

00:48:42,710 --> 00:48:41,599

that that was just like so inspiring but

1329

00:48:43,990 --> 00:48:42,720

you know like some of the people that i

1330

00:48:46,069 --> 00:48:44,000

interviewed just like

1331

00:48:47,910 --> 00:48:46,079

burst into tears after our interviews

1332

00:48:50,069 --> 00:48:47,920

because they hadn't had a chance to talk

1333

00:48:51,589 --> 00:48:50,079

about it for 20 years there were you

1334

00:48:54,150 --> 00:48:51,599

know it's it's

1335

00:48:57,589 --> 00:48:54,160

it it was a really moving experience to

1336

00:49:00,069 --> 00:48:57,599

discover that i was not the first person

1337

00:49:02,950 --> 00:49:00,079

to uh tell this story

1338

00:49:04,790 --> 00:49:02,960

and you know everybody that i spoke to

1339

00:49:07,430 --> 00:49:04,800

would have other people that they could

1340

00:49:10,470 --> 00:49:07,440

turn to you know who also

1341

00:49:13,829 --> 00:49:10,480

had fought this fight like jim west

1342

00:49:17,109 --> 00:49:13,839

who's a fantastic researcher who wrote a

1343

00:49:18,390 --> 00:49:17,119

very simple uh clearly elucidated book

1344

00:49:22,710 --> 00:49:18,400

on polio

1345

00:49:25,109 --> 00:49:22,720

called polio virology versus toxicity

1346

00:49:26,630 --> 00:49:25,119

and you know what he had discovered was

1347

00:49:28,549 --> 00:49:26,640

that there had been all these doctors

1348

00:49:30,470 --> 00:49:28,559

and scientists back in the 50s who had

1349

00:49:32,390 --> 00:49:30,480

been trying to speak out and in the 40s

1350

00:49:36,309 --> 00:49:32,400

that had been trying to speak out and

1351

00:49:37,990 --> 00:49:36,319

they too had been destroyed politically

1352

00:49:41,030 --> 00:49:38,000

their careers attacked you know when i

1353

00:49:43,270 --> 00:49:41,040

spoke to don lester and david parker

1354

00:49:44,549 --> 00:49:43,280

who wrote what really makes you ill you

1355

00:49:47,750 --> 00:49:44,559

know they pointed me to charles

1356

00:49:49,670 --> 00:49:47,760

creighton who was a british doctor

1357

00:49:51,030 --> 00:49:49,680

around the turn of the century

1358

00:49:53,750 --> 00:49:51,040

and uh

1359

00:49:55,510 --> 00:49:53,760

people had people had asked

1360

00:49:57,430 --> 00:49:55,520

creighton because he was such a

1361

00:49:59,510 --> 00:49:57,440

well-esteemed

1362

00:50:01,270 --> 00:49:59,520

british doctor to write the

1363

00:50:04,230 --> 00:50:01,280

encyclopedia entry

1364

00:50:06,150 --> 00:50:04,240
for smallpox vaccinations

1365

00:50:07,349 --> 00:50:06,160
and this is for the encyclopedia

1366

00:50:09,510 --> 00:50:07,359
britannica

1367

00:50:11,270 --> 00:50:09,520
he went about

1368

00:50:13,829 --> 00:50:11,280
looking at the history of smallpox

1369

00:50:16,549 --> 00:50:13,839
vaccinations looking at all the data

1370

00:50:19,670 --> 00:50:16,559
and to his shock and surprise realized

1371

00:50:22,549 --> 00:50:19,680
that they were a fraud that they had

1372

00:50:25,430 --> 00:50:22,559
absolutely no relationship with

1373

00:50:27,910 --> 00:50:25,440
the rise or decline of smallpox

1374

00:50:31,030 --> 00:50:27,920
and then he uh he wrote that

1375

00:50:34,230 --> 00:50:31,040
as his uh encyclopedia britannica

1376

00:50:36,790 --> 00:50:34,240

uh entry but uh it was then deleted and

1377

00:50:38,390 --> 00:50:36,800

he was then attacked so

1378

00:50:40,470 --> 00:50:38,400

there's like there's a really

1379

00:50:42,230 --> 00:50:40,480

extraordinary history you know whether

1380

00:50:45,109 --> 00:50:42,240

it's eleanor mcbean

1381

00:50:47,390 --> 00:50:45,119

uh back in the 1920s or whether it's

1382

00:50:49,910 --> 00:50:47,400

ethel hume i think she wrote in like

1383

00:50:51,349 --> 00:50:49,920

1910 or something like that talking

1384

00:50:55,190 --> 00:50:51,359

about uh

1385

00:50:57,349 --> 00:50:55,200

beshamp and his uh attempts to out uh

1386

00:50:58,790 --> 00:50:57,359

past store for pastors fraudulent

1387

00:51:01,349 --> 00:50:58,800

science there's like a

1388

00:51:03,910 --> 00:51:01,359

huge history of people who've been

1389

00:51:04,710 --> 00:51:03,920

trying to uh

1390

00:51:07,270 --> 00:51:04,720

to

1391

00:51:09,589 --> 00:51:07,280

get the word out among scientists among

1392

00:51:12,309 --> 00:51:09,599

doctors and just among you know ordinary

1393

00:51:14,790 --> 00:51:12,319

people like us that we are

1394

00:51:16,950 --> 00:51:14,800

have been sort of wrapped up

1395

00:51:19,190 --> 00:51:16,960

in a in a scam

1396

00:51:21,270 --> 00:51:19,200

for a very long time

1397

00:51:24,069 --> 00:51:21,280

so mike tell people real quickly about

1398

00:51:26,390 --> 00:51:24,079

the product itself like i said uh the

1399

00:51:28,230 --> 00:51:26,400

the first episode is still available for

1400

00:51:29,910 --> 00:51:28,240

free from the website and then the

1401

00:51:32,309 --> 00:51:29,920

additional episodes come bundled

1402

00:51:34,549 --> 00:51:32,319

together it's 12 bucks you get to watch

1403

00:51:36,069 --> 00:51:34,559

how many hours is it total

1404

00:51:38,309 --> 00:51:36,079

uh so the whole thing is seven and a

1405

00:51:40,630 --> 00:51:38,319

half hours total uh the first two and a

1406

00:51:41,829 --> 00:51:40,640

half hours are free and uh yeah we just

1407

00:51:43,270 --> 00:51:41,839

asked that if you you know if you

1408

00:51:44,549 --> 00:51:43,280

enjoyed the first two and a half hours

1409

00:51:46,710 --> 00:51:44,559

if you feel like you got something out

1410

00:51:49,430 --> 00:51:46,720

of that and you want to investigate the

1411

00:51:51,030 --> 00:51:49,440

history of it you know the rest is 11.99

1412

00:51:52,470 --> 00:51:51,040

in terms of the structure of it we look

1413

00:51:54,870 --> 00:51:52,480

really uh

1414

00:51:57,109 --> 00:51:54,880

really really really carefully at covid

1415

00:51:59,430 --> 00:51:57,119

uh in that first episode and then in the

1416

00:52:01,109 --> 00:51:59,440

second episode we go back and we look at

1417

00:52:03,109 --> 00:52:01,119

the history of virology

1418

00:52:05,510 --> 00:52:03,119

and the birth of virology which really

1419

00:52:06,790 --> 00:52:05,520

came about you know in the

1420

00:52:09,109 --> 00:52:06,800

you know the beginning of the 20th

1421

00:52:09,990 --> 00:52:09,119

century in the 1950s

1422

00:52:14,549 --> 00:52:10,000

uh

1423

00:52:15,589 --> 00:52:14,559

measles so we look really carefully at

1424

00:52:18,470 --> 00:52:15,599

polio

1425

00:52:22,069 --> 00:52:18,480

uh and then in the third episode we look

1426
00:52:23,670 --> 00:52:22,079
at we look at uh smallpox uh we look at

1427
00:52:25,670 --> 00:52:23,680
the spanish flu

1428
00:52:27,030 --> 00:52:25,680
and a really fun one we look at the

1429
00:52:31,510 --> 00:52:27,040
great plague

1430
00:52:34,870 --> 00:52:31,520
black death and then in

1431
00:52:37,270 --> 00:52:34,880
episode four uh we look at uh

1432
00:52:38,150 --> 00:52:37,280
the history of aids and uh and then you

1433
00:52:40,630 --> 00:52:38,160
know

1434
00:52:42,710 --> 00:52:40,640
essentially so much of what is called

1435
00:52:43,670 --> 00:52:42,720
virology today is

1436
00:52:48,790 --> 00:52:43,680
uh

1437
00:52:51,349 --> 00:52:48,800
genomic sequencing so we took a really

1438
00:52:53,109 --> 00:52:51,359

close look at genomic sequencing in the

1439

00:52:55,349 --> 00:52:53,119

fifth episode

1440

00:52:57,910 --> 00:52:55,359

great i'll tell you what as a way to

1441

00:52:59,109 --> 00:52:57,920

kind of wrap this up why don't we return

1442

00:53:01,589 --> 00:52:59,119

to that

1443

00:53:04,710 --> 00:53:01,599

opening quote that i read

1444

00:53:06,870 --> 00:53:04,720

that uh i think we could all get behind

1445

00:53:09,349 --> 00:53:06,880

and and you're talking about

1446

00:53:11,670 --> 00:53:09,359

the possibility you're being a little

1447

00:53:13,349 --> 00:53:11,680

optimistic which we all need

1448

00:53:16,790 --> 00:53:13,359

with this topic

1449

00:53:20,230 --> 00:53:16,800

you know what is the possibility for

1450

00:53:23,430 --> 00:53:20,240

freeing ourselves from misguided medical

1451
00:53:26,870 --> 00:53:23,440
authorities disastrous health protocols

1452
00:53:29,349 --> 00:53:26,880
and the corruption and injustice of this

1453
00:53:31,990 --> 00:53:29,359
system what what is the what is the

1454
00:53:34,549 --> 00:53:32,000
possibility in what ways are you

1455
00:53:38,230 --> 00:53:34,559
not pollyanna but are you maybe

1456
00:53:40,150 --> 00:53:38,240
optimistic that things can change course

1457
00:53:41,510 --> 00:53:40,160
yeah i think there's a huge

1458
00:53:43,990 --> 00:53:41,520
there's there have been a lot of

1459
00:53:47,109 --> 00:53:44,000
positives to this obviously insanely

1460
00:53:49,670 --> 00:53:47,119
negative story and the big one is that

1461
00:53:51,750 --> 00:53:49,680
uh a lot of people have decided to look

1462
00:53:55,589 --> 00:53:51,760
into all these topics

1463
00:53:57,270 --> 00:53:55,599

and uh and and a lot of the illegitimate

1464

00:53:59,670 --> 00:53:57,280

trust that people had in the medical

1465

00:54:01,030 --> 00:53:59,680

establishment is no longer there

1466

00:54:02,549 --> 00:54:01,040

uh so

1467

00:54:04,549 --> 00:54:02,559

you know for the first time in a long

1468

00:54:07,829 --> 00:54:04,559

time i think there's a lot of people who

1469

00:54:10,390 --> 00:54:07,839

are uh willing to walk away

1470

00:54:13,190 --> 00:54:10,400

from that establishment they don't trust

1471

00:54:15,349 --> 00:54:13,200

their doctors anymore they recognize

1472

00:54:17,349 --> 00:54:15,359

that their doctors are not as well

1473

00:54:18,470 --> 00:54:17,359

educated on these issues as they thought

1474

00:54:21,829 --> 00:54:18,480

they were

1475

00:54:23,430 --> 00:54:21,839

they don't trust the cdc or the fda

1476

00:54:24,710 --> 00:54:23,440

or nih

1477

00:54:27,190 --> 00:54:24,720

and their pronouncements and

1478

00:54:29,829 --> 00:54:27,200

proclamations because they can see for

1479

00:54:31,990 --> 00:54:29,839

themselves that the models they use

1480

00:54:35,109 --> 00:54:32,000

don't turn out to be true that their

1481

00:54:36,630 --> 00:54:35,119

statements contradict each other

1482

00:54:40,950 --> 00:54:36,640

that

1483

00:54:44,069 --> 00:54:40,960

scare tactics and fear campaigns are the

1484

00:54:46,470 --> 00:54:44,079

bread and butter of these agencies so

1485

00:54:47,510 --> 00:54:46,480

for the first time in a long time we

1486

00:54:48,630 --> 00:54:47,520

have

1487

00:54:58,710 --> 00:54:48,640

a

1488

00:55:01,430 --> 00:54:58,720

right where

1489

00:55:03,750 --> 00:55:01,440

what's the vision for where we go

1490

00:55:06,309 --> 00:55:03,760

and you know

1491

00:55:08,950 --> 00:55:06,319

it's it's obviously this is that's a

1492

00:55:10,309 --> 00:55:08,960

conversation and i can't prescribe where

1493

00:55:11,190 --> 00:55:10,319

that vision is going to go for other

1494

00:55:13,109 --> 00:55:11,200

people

1495

00:55:15,670 --> 00:55:13,119

but what

1496

00:55:17,829 --> 00:55:15,680

to me would be a real tragedy would be

1497

00:55:21,349 --> 00:55:17,839

if people walked out of that system and

1498

00:55:22,390 --> 00:55:21,359

then rebuilt that very same system

1499

00:55:25,670 --> 00:55:22,400

of

1500

00:55:28,549 --> 00:55:25,680

you know pseudoscience and authorities

1501

00:55:29,510 --> 00:55:28,559

uh who who you know sit you know on top

1502

00:55:32,390 --> 00:55:29,520

of these

1503

00:55:34,870 --> 00:55:32,400

institutions and make proclamations that

1504

00:55:37,990 --> 00:55:34,880

that can't be verified and don't follow

1505

00:55:39,349 --> 00:55:38,000

uh actual science natural science so you

1506

00:55:42,630 --> 00:55:39,359

know my hope

1507

00:55:44,549 --> 00:55:42,640

is that we can uh

1508

00:55:45,589 --> 00:55:44,559

return to

1509

00:55:51,510 --> 00:55:45,599

a

1510

00:55:54,069 --> 00:55:51,520

know in the in

1511

00:55:56,870 --> 00:55:54,079

you know before world war ii

1512

00:55:59,270 --> 00:55:56,880

there were two branches of

1513

00:56:00,870 --> 00:55:59,280

medicine or medical science that were

1514

00:56:03,829 --> 00:56:00,880

growing very rapidly and those were

1515

00:56:06,390 --> 00:56:03,839

nutrition and toxicology that was the

1516

00:56:08,789 --> 00:56:06,400

study of you know our health in terms of

1517

00:56:11,270 --> 00:56:08,799

what we eat and our health in terms of

1518

00:56:13,829 --> 00:56:11,280

you know what pollutants uh are around

1519

00:56:16,230 --> 00:56:13,839

us from industrial society

1520

00:56:18,630 --> 00:56:16,240

and both of those were almost uh

1521

00:56:21,750 --> 00:56:18,640

completely wiped out by the growth of

1522

00:56:24,069 --> 00:56:21,760

virology in the 1950s because

1523

00:56:26,470 --> 00:56:24,079

in my opinion it was

1524

00:56:28,069 --> 00:56:26,480

far more modifiable

1525

00:56:30,710 --> 00:56:28,079

to scare people

1526

00:56:33,510 --> 00:56:30,720

about viruses and then to

1527

00:56:36,870 --> 00:56:33,520

provide them with pills and injections

1528

00:56:39,510 --> 00:56:36,880

uh than it was to look at health uh from

1529

00:56:41,750 --> 00:56:39,520

a nutritional point of view or from the

1530

00:56:44,230 --> 00:56:41,760

perspective of uh in what ways are we

1531

00:56:46,789 --> 00:56:44,240

being uh you know poisoned by what's

1532

00:56:48,710 --> 00:56:46,799

around us so i i hope that when we walk

1533

00:56:50,870 --> 00:56:48,720

out or as we walk out

1534

00:56:53,910 --> 00:56:50,880

we can rebuild these these really

1535

00:56:56,390 --> 00:56:53,920

foundational sciences and approaches

1536

00:56:58,150 --> 00:56:56,400

which are based on living you know

1537

00:56:59,270 --> 00:56:58,160

healthy health healthy lives in a

1538

00:57:02,230 --> 00:56:59,280

healthy world

1539

00:57:04,309 --> 00:57:02,240

great mike we we haven't

1540

00:57:07,030 --> 00:57:04,319

we haven't looped you in enough any

1541

00:57:09,430 --> 00:57:07,040

final thoughts as we wrap things up

1542

00:57:12,230 --> 00:57:09,440

no i i completely agree with michael you

1543

00:57:14,870 --> 00:57:12,240

know it's been a bad situation the last

1544

00:57:17,030 --> 00:57:14,880

few years but if there is a shining

1545

00:57:18,950 --> 00:57:17,040

light it's that people are becoming more

1546

00:57:19,990 --> 00:57:18,960

aware of the problems they're they're

1547

00:57:22,789 --> 00:57:20,000

seeing

1548

00:57:25,030 --> 00:57:22,799

that there are fundamental issues with

1549

00:57:27,270 --> 00:57:25,040

science that we are being presented with

1550

00:57:29,670 --> 00:57:27,280

and so i do see people challenging this

1551
00:57:31,510 --> 00:57:29,680
and questioning it and trying to you

1552
00:57:33,670 --> 00:57:31,520
know halt

1553
00:57:35,910 --> 00:57:33,680
the the path that we're on and steering

1554
00:57:38,069 --> 00:57:35,920
us in towards uh you know a path that

1555
00:57:39,990 --> 00:57:38,079
goes back towards you know real science

1556
00:57:43,109 --> 00:57:40,000
following the scientific method and

1557
00:57:45,430 --> 00:57:43,119
making sure what we are shown actually

1558
00:57:48,150 --> 00:57:45,440
has you know some value to it that

1559
00:57:50,069 --> 00:57:48,160
that's you know reproducible repeatable

1560
00:57:51,589 --> 00:57:50,079
that the information you know we're not

1561
00:57:53,190 --> 00:57:51,599
just going to accept information just

1562
00:57:55,270 --> 00:57:53,200
because someone with a white coat is

1563
00:57:57,190 --> 00:57:55,280

telling us that this is the truth people

1564

00:57:59,349 --> 00:57:57,200

are actually exploring it and searching

1565

00:58:01,670 --> 00:57:59,359

for the truth for themselves and you

1566

00:58:04,870 --> 00:58:01,680

know making sure that this is accurate

1567

00:58:06,069 --> 00:58:04,880

information so to me at least to i see

1568

00:58:08,230 --> 00:58:06,079

that in a positive direction there's a

1569

00:58:09,990 --> 00:58:08,240

lot more people in position of power or

1570

00:58:12,549 --> 00:58:10,000

authority that are coming out stepping

1571

00:58:13,589 --> 00:58:12,559

out like dr kaufman cowan you know the

1572

00:58:15,990 --> 00:58:13,599

baileys

1573

00:58:17,349 --> 00:58:16,000

they've been excellent dr scoglio you

1574

00:58:19,190 --> 00:58:17,359

know a lot of people michael interviewed

1575

00:58:20,789 --> 00:58:19,200

but i mean there's more and more popping

1576

00:58:22,549 --> 00:58:20,799

up every day that are questioning the

1577

00:58:24,710 --> 00:58:22,559

narrative right now and are sounding

1578

00:58:26,230 --> 00:58:24,720

alarm and i think you know

1579

00:58:27,750 --> 00:58:26,240

whether they agree with us on our

1580

00:58:29,670 --> 00:58:27,760

position or not at least people are

1581

00:58:32,630 --> 00:58:29,680

looking at it and

1582

00:58:35,030 --> 00:58:32,640

you know i think we have to return to a

1583

00:58:37,270 --> 00:58:35,040

place where we're our own experts not

1584

00:58:38,549 --> 00:58:37,280

just trusting people in the position of

1585

00:58:41,910 --> 00:58:38,559

authority

1586

00:58:43,190 --> 00:58:41,920

so i see progress in that sense

1587

00:58:46,630 --> 00:58:43,200

great the film that you're going to want

1588

00:58:48,150 --> 00:58:46,640

to check out again is the viral delusion

1589

00:58:51,349 --> 00:58:48,160

our guests have been

1590

00:58:53,190 --> 00:58:51,359

michael wallach the producer director of

1591

00:58:55,190 --> 00:58:53,200

really very well done film

1592

00:58:55,910 --> 00:58:55,200

and uh mike stone has been nice enough

1593

00:58:57,829 --> 00:58:55,920

to

1594

00:58:59,829 --> 00:58:57,839

jump in here and

1595

00:59:02,069 --> 00:58:59,839

bat around some ideas so thanks to both

1596

00:59:05,510 --> 00:59:02,079

of you for joining me

1597

00:59:06,950 --> 00:59:05,520

uh thank you alex thanks for having us

1598

00:59:09,109 --> 00:59:06,960

thanks again to michael wallock for

1599

00:59:11,030 --> 00:59:09,119

joining me today on skeptico and a

1600

00:59:13,190 --> 00:59:11,040

special thanks to john from the

1601
00:59:14,870 --> 00:59:13,200
skeptical forum for reaching out and

1602
00:59:17,109 --> 00:59:14,880
making this connection

1603
00:59:19,270 --> 00:59:17,119
i really enjoyed having the chance to

1604
00:59:22,230 --> 00:59:19,280
have a dialogue on this topic

1605
00:59:25,270 --> 00:59:22,240
you know i searched for a bio on mike

1606
00:59:26,950 --> 00:59:25,280
wallock before the show and kind of my

1607
00:59:29,109 --> 00:59:26,960
own lack of i should have looked for

1608
00:59:32,069 --> 00:59:29,119
michael wallock rather than mike wallock

1609
00:59:35,109 --> 00:59:32,079
at any rate i did find it afterwards and

1610
00:59:36,710 --> 00:59:35,119
i thought it was so so interesting that

1611
00:59:37,670 --> 00:59:36,720
i wanted to read it and add it to the

1612
00:59:40,710 --> 00:59:37,680
show

1613
00:59:42,390 --> 00:59:40,720

mike wallock is a graduate of cornell

1614

00:59:45,270 --> 00:59:42,400

who holds a master's degree in

1615

00:59:47,349 --> 00:59:45,280

international affairs from columbia he

1616

00:59:49,750 --> 00:59:47,359

went on to become a presidential

1617

00:59:52,309 --> 00:59:49,760

management fellow for the state

1618

00:59:54,870 --> 00:59:52,319

department where he was giving briefings

1619

00:59:57,270 --> 00:59:54,880

to president obama but

1620

01:00:00,150 --> 00:59:57,280

frustrated with the misuse of his work

1621

01:00:02,710 --> 01:00:00,160

he left the government to pursue his

1622

01:00:04,990 --> 01:00:02,720

dream of filmmaking

1623

01:00:07,270 --> 01:00:05,000

wallach's first script the bay an

1624

01:00:09,670 --> 01:00:07,280

ecological thriller by the way you might

1625

01:00:12,069 --> 01:00:09,680

want to watch the trailer on that one

1626

01:00:14,390 --> 01:00:12,079

particularly in light of kind of trying

1627

01:00:16,789 --> 01:00:14,400

to put all these pieces together anyways

1628

01:00:20,470 --> 01:00:16,799

that movie the bay was directed by

1629

01:00:23,109 --> 01:00:20,480

oscar-winning director barry levinson

1630

01:00:24,789 --> 01:00:23,119

who was also behind wag the dog good

1631

01:00:29,030 --> 01:00:24,799

morning vietnam

1632

01:00:30,950 --> 01:00:29,040

and some other just huge huge movies

1633

01:00:33,589 --> 01:00:30,960

so i thought that was very interesting

1634

01:00:36,870 --> 01:00:33,599

in terms of a background for this guy

1635

01:00:39,750 --> 01:00:36,880

who has this new documentary series

1636

01:00:43,030 --> 01:00:39,760

the viral delusion

1637

01:00:44,950 --> 01:00:43,040

what do you think about that

1638

01:00:46,710 --> 01:00:44,960

let me know

1639

01:00:48,150 --> 01:00:46,720

until next time

1640

01:00:50,490 --> 01:00:48,160

take care

1641

01:01:04,080 --> 01:00:50,500

bye for now
